

Title 23: Division of Medicaid

Part 214: Pharmacy Services

Chapter 1: General Pharmacy

Rule 1.3: Drugs Subject to Exclusion or Otherwise Restricted

- A. The Division of Medicaid does not cover pharmacy benefits for full benefit, dual eligible individuals who are entitled to receive Medicare benefits under Part A, B, or C, except for drugs in the Medicare excluded categories.
- B. Medicaid excluded or otherwise restricted drugs include, but are not limited to:
 1. Drugs when used for anorexia, weight loss, or weight gain,
 2. Drugs when used to promote fertility,
 3. Drugs when used for cosmetic purposes or hair growth,
 4. Over-the-counter (OTC) items listed on Medicaid's OTC formulary. OTC items are covered only if they are assigned an appropriate National Drug Code (NDC) on their label and are manufactured by a company that has signed a rebate agreement.
 5. Drugs when used for the symptomatic relief of cough and colds,
 6. Prescription vitamins and mineral products except for:
 - a) Prenatal vitamins,
 - b) Folic acid, and
 - c) Cyanocobalamin (vitamin B12) injections.
 7. Covered outpatient drugs which the manufacturer requires, as condition of sale, that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee,
 8. Those drugs designated less than effective by the Federal Drug Administration (FDA) as a result of the Drug Efficacy Study Implementation (DESI) program unless provided through expanded EPSDT services in Miss. Admin. Code Part 223, Chapter 1, Rule 1.7.
 9. Deleted eff. 01/01/2014,

10. Deleted eff. 01/01/2014,
11. Drugs used to treat erectile dysfunction,
12. Drugs that are investigational or approved drugs used for investigational purposes,
13. Drugs used for off-label indications which are not found in official compendia or generally accepted in peer reviewed literature,
14. Drugs dispensed after the expiration date,
15. Drugs classified as herbal and/or homeopathic products,
16. Moved to Part 214, Chapter 1, Rule 1.3.C,
17. Drugs produced by manufacturers that do not have signed rebate agreements with the federal government as required by OBRA'90 unless provided through expanded EPSDT services in Miss. Admin. Code Part 223, Chapter 1, Rule 7.1, and
18. Compounded prescriptions except for hyperalimentation. Medicaid defines compounded prescriptions as mixtures of two or more ingredients.

C. The Division of Medicaid does not reimburse for the cost of shipping or delivering drugs.
