***Rule 11.3 Emissions Statement.***

- A. The requirements of Rule 11.3.A-C of this regulation shall apply to all stationary sources of nitrogen oxides or volatile organic compounds which have the potential to emit more than 100 tons per calendar year of either pollutant and are located in area(s) designated by the U.S. Environmental Protection Agency as nonattainment for the ozone NAAQS.
- B. Owners and operators of stationary sources of nitrogen oxides or volatile organic compounds shall provide the Department with a statement, in such form as the Department may prescribe, for classes or categories of sources determined by the Department, showing the actual emissions of nitrogen oxides and volatile organic compounds from that source.
- C. The Emissions Statement shall be submitted to the Department by July 1 of every year and shall show the actual emissions of the previous calendar year.
