I. Overview

The list of accommodations shows the numeric codes to be entered in the designated areas on student answer documents, test booklets, or online system. **The accommodations that are allowable on each of the statewide tests vary.** A list of allowable and non-allowable accommodations for each test is located in this document.

The **General Accessibility Features** are allowable and may be used by all students on each of the statewide tests. These accessibility features do not have to be entered online or on the student's answer documents. .

All eligible students may utilize appropriate assessment accommodations when participating in the statewide assessments. Any accommodation utilized for the assessment of students must be:

- based on the learning needs of the individual student through decisions made and officially documented on the **IEP/504/Language Service (LS) Plan** prior to the test administration, or
- based on the student's **temporary physical disability**, and
- used during the student's **routine** classroom instruction, to include classroom assessment.

All English Learner students may utilize appropriate assessment accommodations when participating in the statewide assessments. Any accommodation utilized for the assessment of individual students must be:

- based upon the individual student's learning needs,
- based upon decisions made prior to the test administration, and
- used during the student's routine classroom instruction, to include classroom assessment.

The manual also contains other guides and resources, such as questions, recommendations, and checklists to guide you in determining appropriate accommodations.

II. Accommodation Request Form

Use this form for requesting accommodations that are not already documented as allowable (A98) or non-allowable (A99) in the current edition of the Mississippi Testing Accommodations Manual.

District Name: _____ District Code: _____
School Name: _____ School Code: _____
Name and Title of Requestor: _____

Accommodation(s) are requested for use on the following assessment(s): **(Check all that apply.)**

| | |
|-----------------------------------|---|
| Algebra I: MAP _____ | MST2: _____ |
| Biology I: _____ | MAP (G3-8): ELA _____ Math _____ |
| English II: MAP _____ SATP2 _____ | ELPT: _____ |
| U. S. History: _____ | MKAS ² : K-Readiness _____ 3 rd Gr. Reading _____ |

Student Name: _____ or Group Name: _____
(If a group, fill in the primary teacher's name for the group and attach a list of the students and grade levels.)

Grade: _____ Test Administration Date(s): _____, _____, _____, _____

A. Please list the accommodation number(s) requested. If #99, please explain in detail.

B. Why does the student need this (these) accommodation(s)? (Attach supporting evidence)

C. Does this student routinely receive this accommodation in classroom instruction?
_____ Yes _____ No

D. Is this student receiving support/services through Special Education or Section 504 of the Rehabilitation Act of 1973? _____ Yes (circle one: IDEA/IEP or Section 504 Plan) _____ No

If yes on D, attach a copy of the Present Levels of Academic Achievement and Functional Performance // Present Levels of Performance page(s) and the Statewide Test Accommodations // Supplementary Aids and Services page(s) from the student's Individualized Education Program (IEP) or Section 504 Plan.

District Test Coordinator's Signature: _____ Date: _____

Please submit this form and supporting evidence at least **four (4) weeks prior to the test date** for which it is requested to the Office of Student Assessment, P. O. Box 771, Jackson, Mississippi 39205.

MDE USE ONLY

_____ Approved

_____ Denied Signature: _____

Reason for Denial:

Form ARF (Rev. 07/2015)

III. Important Notes

In the Testing Accommodations Chart (p. 17), specific accommodations have a tag reading, “REFER TO NOTE”. The notes are listed below by number.

For all state assessments, a test administrator and a proctor must be present during the entire test administration for all students tested.

NOTE 1:

- A. ACT-Approved: The use of ACT-Approved accommodations must be requested from ACT via official request forms. These are determined by ACT in compliance with the Americans with Disabilities Act (ADA) and the Diagnostic and Statistical Manual of Mental Disorders, 4th or 5th Edition. ACT-Approved Accommodations that result in ACT scores are fully reportable to colleges, scholarship agencies, the NCAA and other entities in addition to being used for state testing purposes.
- B. Locally Approved: These are determined by the Testing Accommodations Coordinator (TAC) and the Testing Coordinator (TC) following specific ACT policy.
- C. Non-college Reportable: These are determined by the Testing Accommodations Coordinator (TAC) following state or district guidelines. The use of a State-Allowed accommodation, after its use has been officially denied by ACT as an ACT-Approved accommodation, will render the student’s score as not reportable to colleges, scholarship agencies, the NCAA and other entities; rather, they can only be used for state purposes.

NOTE 2: It should be noted that some accommodations used routinely in the classroom may not be allowable for statewide tests. The test results of students who use non-allowable accommodations are invalid and must be excluded from summary statistics. Any student with an invalid score is considered not tested. Allowable accommodations may change the method in which test items are presented and the method of the student’s response to test items but will not interfere with what the test purports to measure. An unallowable accommodation provides an unfair advantage to the student and interferes with what the test purports to measure.

NOTE 3: Approval must be granted by the Office of Student Assessment (OSA) **four (4) weeks prior** to the use of accommodations that are not included in this list. Please complete the Accommodation Request Form and submit it to OSA. It is the responsibility of the OSA to determine whether the use of such accommodation(s) will affect the validity of the assessment.

NOTE 4:

- A. Accommodations **23, 24** and **25** relate to administering the test over several sessions and **no longer require approval from the Office of Student Assessment**. However, the entire assessment must be completed within the testing window. If an extension that exceeds or goes beyond the day the test administration is scheduled, the procedure must be documented and on file with the District Test Coordinator. If the student is testing over

several days, he/she is not allowed to change responses to questions answered during the previous testing sessions or preview questions that will be administered in a future session.

- B. Timing codes are assigned by **ACT**.
- C. **LAS Links** and SATP2 are untimed assessments.
- D. For the **Kindergarten Readiness Assessment**, clicking [Resume Later] allows students to resume their test at a later time, starting on the same question number at which the test was paused but a different item. The STAR monitor password is required. Note: A different password can be set for each STAR class; be sure to enter the password for the class in which the student is testing. The test can be paused and resumed as many times as needed, but it can only be resumed within 8 days of when it was originally started. Closing the test window during a test will also allow a student to resume from where he or she left off, although this is not recommended.

If the student clicks [Stop Test] and the monitor password is entered, the test is over and the student will need to begin a new test. The incomplete test will not be scored.

For the **Kindergarten Readiness Assessment**, all students will have 90 seconds to answer each item. Extended time is currently unavailable for this assessment.

- E. For the **Third Grade Reading Summative Alternate Assessment**, students with disabilities (SWDs) and English learners (ELs) can click [Resume Later] to allow students to resume their test at a later time, starting on the same question number at which the test was paused but a different item. The STAR monitor password is required. Note: A different password can be set for each STAR class; be sure to enter the password for the class in which the student is testing. The test can be paused and resumed as many times as needed, but it can only be resumed within 8 days of when it was originally started. Closing the test window during a test will also allow a student to resume from where he or she left off, although this is not recommended.

If the student clicks [Stop Test] and the monitor password is entered, the test is over and the student will need to begin a new test. The incomplete test will not be scored.

- F. For the **Third Grade Reading Summative Alternate Assessment**, the General Education students, English learners, and students with disabilities will have a maximum of 270 seconds to answer each item.
- G. For the **Third Grade Reading Summative Alternate Assessment**, students with disabilities (SWDs) and English learners (ELs) can have a maximum of 20 minutes to answer each question; however, the test must be completed by 3:00 p.m. or the end of the student's school day, whichever occurs first. The extended time accommodation must be listed in the student's IEP or Section 504 Plan and specified for this assessment area.
- H. Students with a diagnosis of dyslexia who were evaluated by a licensed psychologist, psychometrist, or speech language pathologist (HB 1031, July 2012) can receive a maximum of 20 minutes to answer each question; however, the test must be completed by 3:00 p.m. or the end of the student's school day, whichever occurs first. Students must have a documented diagnosis of dyslexia on file in accordance with Miss. Code 37-173-1 et seq.

- I. On the MAP, MST2, and SATP2 tests, Accommodations 24 and 25 are available to English Learners.
- J. Third-Grade Reading Summative Assessment and the Alternate Assessment: Students with a diagnosis of dyslexia who were evaluated by a licensed psychologist, psychometrist, or speech language pathologist (HB 1031, July 2012) can receive extended time to complete the Mississippi state assessment. The test must be completed by 3:00 p.m. or the end of the student's school day, whichever occurs first. Students must have a documented diagnosis of dyslexia on file in accordance with Miss. Code 37-173-1 et seq.

NOTE 5:

- A. For the **Kindergarten Readiness Assessment**, all students can test at a specific time of day if necessary.
- B. For the **Third Grade Reading Summative and Alternate Assessment**, students with disabilities (SWDs) and English learners (ELs) can test at a specific time of day, if this accommodation (#22) is listed in the student's IEP or Section 504 Plan and specified for this assessment area.

NOTE 6: Paraphrasing is re-stating the text and does not include providing definitions or detailed explanations, using sign language, using a text scanner with voice synthesizer, or using other appropriate technology. Only directions may be paraphrased. Items, including sample questions, may not be paraphrased as part of a presentation accommodation.

NOTE 7:

- A. Accommodations **53**, **55**, and **58** relate to the presentation of test directions and test items (questions and answer choices) to students. In addition to reading, these accommodations may involve writing the material on a blackboard, using sign language, using a text scanner with voice synthesizer, or using other appropriate technology.
- B. For the English Language Proficiency Test, accommodations **55** and **58** are not allowed, as these accommodations interfere with what the test purports to measure.
- C. When preparing to administer the test(s) to students who are deaf or hard of hearing or to students who are blind or visually impaired, test administrators may review eligible test material (i.e., math, science, or history test books; scripted directions for reading tests; non-reading portions of language arts tests) prior to test administration. The review must be authorized by the District Test Coordinator and must take place in a controlled, secure environment. A signed Confidentiality Agreement is required and must be on file when test administrators preview test items prior to the test administration. Test administrators should be familiar with specific symbols or abbreviations particular to the content area being assessed.
- D. When working with a student who has limited English proficiency, consideration needs to be given as to whether the assessment should be explained to the student in his or her native language or other mode of communication unless it is clearly not feasible to do so.
- E. Students for whom American Sign Language (ASL) is the primary language may have

directions and/or items signed to them, except for the reading sections of MAP. Other allowable signing systems are Signing Exact English (SEE), Signed English (SE), Sign Supported English (SSE or CASE), or Contact Sign (i.e., Pidgin Sign English [PSE]). Sign languages from other countries (i.e., Auslan, BSL, LSF) or non-standard sign systems (i.e., home sign) are not permitted to be used.

- F. Guidance for the **Read-aloud Accommodations** on the MAP for students with an Individualized Education Program (IEP), Section 504 Plan, or Language Service Plan (LSP) who have this testing accommodation specified for this subject area:

ELA/English II

- A53 - For grades 3-8 and English II, the directions can be read to the students throughout the assessment.
- A55 and A58 – For grades 3-8 and English II, the directions and the questions and answer choices can be read aloud, but the reading passages cannot be read to the student. **Beginning with the 2016-2017 academic year, the read-aloud accommodation will be non-allowable for students in third grade. Reading the Writing Prompt is allowable.**

Math/Algebra I

- A53 - For grades 3-8 and Algebra I, the directions can be read to the students throughout the assessment.
- A55 and A58 – For grades 3-8 and Algebra I, the directions and the questions and answer choices can be read aloud to the student.

NOTE 8:

- A. The Scribe (Accommodation #70) must write exactly what the student says as dictated. The Scribe may not edit or alter the student’s dictation in any way. The student is responsible for all capitalization, punctuation, and spelling (must spell out each word). The student should review the draft composition and make any necessary edits, including edits to capital letters and punctuation. A Scribe may not assist the student during the editing process. The Scribe transfers verbatim the student’s responses to an answer document or online system.
- B. The dictation process and transfer of answers must occur under secure conditions with at least two persons present.
- C. For the **ACT**, the term “scribe” refers to the Test Supervisor.
- D. For the **Kindergarten Readiness Assessment**, students can dictate or gesture answers to a Scribe, and the Scribe will mark answers directly into online test system in the presence of the Test Administrator and Proctor.
- E. For the **Kindergarten Readiness Assessment**, students with disabilities (SWDs) and English learners (ELs) can dictate or gesture answers to a Scribe, and the Scribe will mark answers directly into the online test system in the presence of the Test Administrator. For children who receive homebound services or community-based services (e.g., children with disabilities attending Head Start or other childcare center), the Proctor may also serve as a Scribe, if one is needed.
- F. For the **Third Grade Reading Summative and Alternate Assessment**, , students with

disabilities (SWDs) can dictate or gesture answers to a Scribe, and the Scribe will mark answers directly into the online test system in the presence of the Test Administrator and Proctor. This accommodation (#70) must be listed in the student's IEP or Section 504 Plan and specified for this assessment area.

NOTE 9: Accommodation **47** relates to cueing. Cueing is assisting the student in focusing his/her attention. Cueing strategies include, but are not limited to, arrows, lines, space, contrasting colors, position or focal point, underlining, labeling, size, and shading. Cues may be used only in test directions and in test questions. Cues may not be used in the answer choices. Cues provided on answer booklets/documents must be erased before they are returned for scoring. Cues provided on test books do not have to be erased since test books are non-scorable documents.

- A. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 10:

- A. Accommodation **48** relates to the use of memory aids. A memory aid, fact chart, and/or resource sheet is something that helps a student remember how to find the answer; it should not give him/her the answer. This accommodation cannot interfere with what the test purports to measure. For example, if the test measures computation skills, a multiplication fact chart is a non-allowable accommodation since it gives the answer or a portion of the answer to the item assessing multiplication skills.
- B. The compilation of allowable and non-allowable materials is by no means exhaustive. Prior approval is not required for the memory aids, fact charts, and/or resource sheets labeled allowable. All other material requires prior approval from the Office of Student Assessment (OSA). You must complete the Accommodation Request Form. Submissions may be sent any time during the school year, but no later than four (4) weeks prior to the test administration for which the use of the memory aid is intended. The memory aids, fact charts, and/or resource sheets for state assessments must be limited to 1-3 pages per content area.
- C. Only a student who is visually-impaired may use the abacus to solve mathematics problems. No prior approval is required for use of the abacus by students with visual impairments.
- D. For the **ACT**, an abacus (as listed in **A48** and **A98**) must be requested as an accommodation from **ACT**.
- E. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 11: For accommodation **61**, calculators are allowable only in specified Calculator Sections for MAP Mathematics grades 6-8 and Algebra 1. Beginning with the 2011-2012 academic year,

- i. (SATP2 Algebra I) all formulas, applications, and/or programs (including, but not limited to, Zoom Math/Zoom Algebra) **must be disabled or removed** from the calculators to be used by students.
- ii. School districts must outline in their District Test Security Plan the

processes and/or procedures to be used to ensure that the calculators used by students during a state assessment administration for the tests listed above do not have any stored formulas, applications, and/or programs.

iii. Students may use personal calculators. However, the District Test Security Plan must address the processes and/or procedures to be used to ensure that personal calculators used by the students during a state assessment administration do not have any stored formulas, applications, and/or programs.

A. The calculator policy can be viewed at the following link:

[MDE Calculator Policy](#)

B. Calculators may be used on any **MS-CPAS2** test. The MDE's guidelines for calculator use on standardized assessments state that if using OSA approved graphing calculators, any formulas, applications, and / or programs must be cleared from the calculators before the assessment. Procedures for how to handle this issue should be outlined in the District Test Security Plan as this has been the policy since the 2011-2012 school year. Documentation related to specific calculators can be found at the MDE Website. The RCU recommends that districts not allow students to use the calculators built in to the operating systems on most computers as this is a test security issue.

C. Refer to the list of approved calculators as listed in the **ACT** materials and on the ACT website.

http://www.actstudent.org/faq/calculator.html?_ga=1.28160380.1154439628.141323420 7

D. The calculator policy can be viewed at the following link:

[MDE Calculator Policy](#)

E. Calculators may be used on any **MS-CPAS2** test. The MDE's guidelines for calculator use on standardized assessments state that if using OSA approved graphing calculators, any formulas, applications, and / or programs must be cleared from the calculators before the assessment. Procedures for how to handle this issue should be outlined in the District Test Security Plan as this has been the policy since the 2011-2012 school year. Documentation related to specific calculators can be found at the MDE Website. The RCU recommends that districts not allow students to use the calculators built in to the operating systems on most computers as this is a test security issue.

F. Refer to the list of approved calculators as listed in the **ACT** materials and on the ACT website.

http://www.actstudent.org/faq/calculator.html?_ga=1.28160380.1154439628.141323420 7

NOTE 12: Accommodation **73** – Tape record responses for later verbatim translation

i. Students must spell each word and note every punctuation mark as they dictate.

- ii. Please consider using a tape recorder for a student’s “draft.”
- iii. The tape can be played back to the student, who can stop and start the tape as necessary, spelling and punctuating the response more easily as dictation to the scribe takes place. The student must also note indentation or skipped lines during the dictation.
- iv. The taped version can also be edited by the student.
- v. The taped “draft” must not be written for the student to review until the dictation with spelling and punctuation has occurred. The student must also note indentation or skipped lines during the dictation.
- vi. The student may be given the dictated response to review and may make revisions at that point.
- vii. The dictation process must occur under secure conditions with at least two persons present.
- viii. The response must be transcribed to the appropriate document or computer platform, if available, with appropriate Prompt Number gridded or in a blank Final Response Insert Page with appropriate Prompt Number gridded and the MSIS number written on the front cover of the Final Response Insert Page.
- ix. If this method is used, the tape must be erased after the transcription has been completed.
- x. This process, if used, should be added as an addendum to the School Test Security Plan.
- xi. All persons (TA, Proctor, Scribe) involved in this process must sign Confidentiality Agreements.
- xii. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 13: Accommodation 76 - Communication Board is not allowable for the Third Grade Reading Summative Alternate Assessment.

NOTE 14: Accommodation 78 – Typewriter or word processor (without grammar/syntax checker and without word completion/prediction feature)

- i. All tools for spelling, grammar check, and syntax must be turned off. Additionally, the device (e.g., NEO) must have the extra features disabled (e.g., Google Docs, linked files, Write On! Lessons, etc.).
- ii. The student may not have access to the Internet.
- iii. Typed responses are not to be submitted to the vendor; these typed responses must be transcribed under secure conditions with at least two persons present.
- iv. The person transcribing must duplicate exactly what the student wrote, including exact spelling, punctuation, indentation, skipped lines, etc.
- v. The response must be transcribed to the appropriate document or computer platform, if available, with appropriate Prompt Number gridded or in a blank Final Response Insert Page with appropriate Prompt Number gridded and the MSIS number written on the front cover of the Final Response Insert Page.
- vi. The typed response must be erased from the assistive technology.

- vii. The typed response must include the student's name and MSIS number. The student's typed response is considered secure material and must be returned with all scorable testing material.
- viii. This process, if used, should be added as an addendum to the School Test Security Plan.
- ix. All persons (TA, Proctor, Scribe) involved in this process must sign Confidentiality Agreements.
- x. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

Note 15: Accommodation 79 – This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 156: Accommodation 81 – Electronic word-to-word translating dictionaries may be used with the audio/speaker function turned off. In addition, the test administrator must ensure that electronic dictionaries are not connected to the Internet or any additional software. Refer to the Suggested List of Bilingual Dictionaries for EL Students for word-to-word glossaries.

- A. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 17: The Braille test administrator may review Braille test material prior to test administration, but the review must be authorized by the District Test Coordinator and must take place in a controlled, secure environment.

IV. Questions to Guide Evaluation of Accommodation Use on State Assessments at the School Level

1. Are there policies in place to ensure ethical testing practices, the standardized administration of assessments, and that test security practices are followed before, during, and after testing?
2. Are there procedures in place to ensure test administration procedures are not compromised with the provision of accommodations?
3. Are students receiving accommodations as documented in their IEPs/504/LS Plans?
4. Are there procedures in place to ensure that test administrators adhere to directions for the implementation of accommodations?
5. How many students with IEPs/504/LS Plans are receiving accommodations?
6. What types of accommodations are provided and are some used more than others?
7. Are students provided accommodations tailored to their individualized needs or are all students receiving the same accommodations?
8. How well do students who receive accommodations perform on classroom tests, local assessments, and state assessments? If students are not meeting the expected level of performance, is it due to the students not having had access to the necessary instruction, not receiving the accommodation, or using accommodations that were not effective?

Student-level questions need to be considered by the IEP/504/LS Team to evaluate the use of accommodations. It is critical to continually evaluate the use of accommodations to ensure that the most appropriate and successful accommodations are being used.

Questions to Guide Evaluation of Accommodation Use on State Assessments at the Student Level

1. What accommodations are used by the student during instruction and on classroom assessments?
2. What are the results of classroom assignments and classroom tests when accommodations are used versus when accommodations are not used? If a student did not meet the expected level of performance, is it due to not having

access to the necessary instruction, not receiving the appropriate accommodations, or ineffective use of accommodations?

3. What accommodations are used by the student during state assessments?
4. What are the results of state assessments when accommodations are used? Does this performance mirror performance on classroom tests? If a student did not meet the expected level of performance, is it due to lack of access to the necessary instruction, not receiving the appropriate accommodations, or ineffective use of accommodations?
5. What is the student's perception of how well the accommodation worked?
6. Which accommodations seemed to be least effective or ineffective?
7. What combinations of accommodations seem to be effective?
8. What are the difficulties encountered in the use of accommodations?
9. What are the perceptions of teachers and others about how the accommodation appears to be working?

School-level questions should be addressed by a committee responsible for continuous improvement efforts. It is critical to stress that evaluation is not the responsibility of just one individual. The entire IEP/504/LS Team should contribute to the information gathering and decision-making processes.

V. Guidelines for Administering Specific Accommodations

This information must be used by the test administrator in providing these accommodations on state assessments. If questions arise regarding the use of accommodations or these guidelines, contact your STC (School Testing Coordinator).

Reading Accommodation

Test administrators providing a reading accommodation must ensure that all students understand what is expected of them when receiving a reading accommodation. However, test administrators cannot answer questions about specific test items. When reading test items aloud, test administrators must be careful not to inadvertently give clues that indicate the correct answer or help eliminate some answer choices. Test administrators should use even inflection so that the student does not receive any cues by the way the information is read. It is important for test administrators to read test items/questions, answer choices, and graphics (tables, charts, graphs, and illustrations) verbatim (word-for-word), exactly as written. Test administrators may not clarify, elaborate, or provide assistance to students. It is recommended that a proctor be used in the setting for a reading accommodation. At no time may a proctor provide a reading accommodation or a reading accommodation be recorded. The test administrator should understand the protocols for administering a specific assessment.

Sign Language or Native Language Interpreter

When using either a sign language or native language interpreter during the time oral instruction is given to the student, the interpreter may only interpret the directions for the student.

For students who are provided a sign language interpreter as a reading accommodation, the interpreter must sign verbatim the individual test items and answer choices. When signing the individual test items and answer choices the interpreter must not clarify, elaborate, paraphrase, or provide assistance with the meaning of words.

Marking Answers in Test Booklet

Students may mark multiple-choice and gridded answers in the test booklet instead of marking the answers on an answer document. Answers to open-ended responses must be written in the answer document or recorded online by a scribe (proctor or assistant). Two certified individuals must transcribe the answers verbatim to a regular test booklet or online system containing the student's demographic information.

Dictation to a Scribe (Proctor or Assistant)

Scribes may be provided for students with disabilities who are significantly impacted in the area of written expression or who have a physical disability that impedes their motor process or ability to write. Scribes should be impartial and must write exactly what the student dictates. Scribes should not affect the outcome of a test in any way. Scribes are not allowed to elaborate on what is being written. They cannot answer or explain anything to the student during testing and must be careful not to give hints of any type. The student must be allowed to review and edit what the scribe has written.

Extended Time

Students who are regularly given extended time on classroom activities, classroom assignments, and classroom tests may qualify for a specified amount of extended or additional time on selected state assessments. Extended or additional time varies depending on the particular state assessment. Decisions should be made on a case-by-case basis, keeping in mind all the accommodations being provided and the nature of the assessment. For example, if a read-aloud accommodation or scribe is being used, extended time may not be necessary.

Large Print

Students who regularly use large-print materials in the classroom may qualify for large-print materials on state assessments. The use of a large-print answer document for students testing with a large-print test booklet is required on selected state assessments. Two certified individuals must transcribe the answers verbatim to a regular test booklet or online system containing the student's demographic information.

Braille

Students who regularly use braille materials in the classroom qualify for braille materials on selected state assessments. Two certified individuals must transcribe the answers verbatim to a regular test booklet containing the student's demographic information.

Templates

Templates are used by students to aid in reading or writing. A template is not a graphic organizer. Templates are the size of an index card or larger with a "cut out" area to allow the student to see or write one word, multiple words, or a line of print at a time. The template may also be used on the answer document or online to aid the student in gridding one answer choice for each test question. The template is moved down the page or answer document as the student reads, writes, or works.

Administered by a Specific Teacher

There are situations where it is appropriate for the IEP/504 Committee to specify a teacher to serve as the student's test administrator. Care, however, should be given in selecting this accommodation. There are situations where it is impossible to provide this accommodation (e.g., when the decision for an individual administration by the student's special education teacher has been selected for five different students in the same teacher's classroom).

Assistive Technology/Communication Device

The use of Assistive Technology/Communication Device must be appropriate so that it does not invalidate a state assessment or supplant the skill that the state assessment is designed to measure. Extreme caution must be taken to ensure that when using any type of Assistive Technology/Communication Device the cognition is performed entirely by the student unless the device is allowed on a state assessment. (e.g., the use of a calculator). MDE Approval is required for all communication devices prior to the student taking a state assessment.

With Other Accommodations Needed Due to the Nature of the Disability or the Level of Language Proficiency

The accommodations checklists, although not exhaustive, have been provided to identify approved accommodations available to students for use on state assessments. In the event that an accommodation used during instruction and on classroom tests is requested for use on a state assessment, and the accommodation is not listed on the accommodations checklist, the accommodation may be requested by selecting the “With other accommodations needed due to the nature of the disability and the nature of the assessment”.

When this accommodation is selected, the DTC completes the “Form Requesting Testing Accommodations Needing MDE Approval”. The form is completed in its entirety and submitted by the STC to the MDE no later than four weeks prior to the assessment to be administered. Additional documentation (prior practice documentation in the IEP/504 Plan, proof of prior practice in the classroom on a regular basis, and proof of success of the accommodation) must be provided.

VI. Accommodations Chart for Online and Paper-Pencil Administrations

Mississippi Assessment Program (MAP) for Grades 3-8

Mississippi Assessment Program Alternate (MAP-A) Grades 3-8

Mississippi Science Test (MST2) Grades 5 and 8

Students with Current IEPs, 504 Plans, and/or Language Service Plans

| # | ACCOMMODATION | EL (<i>All Assessments; excludes ELPT</i>) | ELPT | ELA Reading | ELA Writing | Mathematics | Science |

VI. General Accessibility Features for ALL STUDENTS

| # | Feature | Allowable |
|-----|--|-----------|
| 1 | At the front of the room | Yes |
| 2 | Facing test administrator while directions are given | Yes |
| 3 | In a small group | Yes |
| 5 | In a familiar room | Yes |
| 6 | With a familiar teacher | Yes |
| 44 | Transparent color overlays | Yes |
| 46 | Templates to reduce visible print | Yes |
| 49 | Cue student to stay on task | Yes |
| 60 | Use of highlighter by student in test booklet | Yes |
| 98 | Other <u>allowable</u> accommodation | Yes |
| 100 | Use of a computer mouse | Yes |

VII. Do's and Don'ts When Selecting Accommodations

Accommodations should enable the students to participate more fully in instruction and assessments and to better demonstrate their knowledge and skills. They must be aligned with and be part of daily instruction; accommodations must not be introduced for the first time during the testing of a student.

| | |
|---|--|
| Do...make accommodation decisions based on individualized needs. | Don't...make accommodation decisions based on whatever is easiest to do (e.g., preferential seating). |
| Do...refer to state accommodation policies and understand implications of selections. | Don't...select every accommodation possible on a checklist simply to be "safe". |
| Do...get input about accommodations from teachers, parents, and students, and use it to make decisions at the IEP/504 planning meeting. | Don't...make decisions about instructional and state assessment accommodations alone. |
| Do...select instructional and state assessment accommodations based on specific individual needs in each content area. | Don't...assume certain accommodations, such as extra time, are appropriate for every student in every content area. |
| Do...provide opportunities for students to practice built in online accommodations throughout the year. | Don't...introduce an online accommodation to the student the day of the test. |
| Do...be familiar with the types of accommodations that can be used as both instructional and assessment accommodations. | Don't...assume that all instructional accommodations are appropriate for use on state assessments. |
| Do...evaluate accommodations used by the student. | Don't...assume the same accommodations remain appropriate year after year. |
| Do...be certain to document instructional and state assessment accommodation(s) in the IEP/504/LS Plan. | Don't...use an accommodation that has not been documented in the IEP/504/LS Plan. |
| Do...select accommodations that reduce the effect of the disability to access instruction and demonstrate learning. | Don't...select accommodations unrelated to documented student learning needs or those intended to give students an unfair advantage. |

VIII. List of Abbreviations and Acronyms

| | |

Allowable Memory Aid

Proofreading Checklist

Read each question below. Then check your paper. Correct any mistakes that you find. After you have corrected them, put a checkmark in the box next to the questions.

- 1. Did I spell all the words correctly?
- 2. Does each sentence state a complete thought?
- 3. Are there any run-on sentences or fragments?
- 4. Did I capitalize all proper nouns?
- 5. Did I end each sentence with the correct end mark?
- 6. Did I use commas, apostrophes, and quotation marks correctly?

Allowable Memory Aid

This is a very low tech example of a cut-out viewer. It helps some students focus on only a certain portion of the text at a time so as not to become overwhelmed by all the text on the page. It might require supervision to be sure that the student is looking at the correct text in the viewer.

This is a very low tech example of a cut-out viewer. It helps some students focus on only a certain portion of the text at a time so as not to become overwhelmed by all the text on the page. It might require supervision to be sure that the student is looking at the correct text in the viewer.

Accommodation 48

LANGUAGE ARTS - NON-ALLOWABLE

A **friendly letter** has five parts. They are the heading (1), greeting (2), body (3), closing (4), and signature (5). Match each number with the letter part below.

(1)
234 Mississippi Street
Anywhere, Mississippi 54545
Date, Year

(2)
Dear Sam,

(3)
I am so glad that you are moving to Mississippi. I think you will really like the fact that it does not get so cold in the winter. It does get cold, just not as cold as it gets in Denver.

Have you started packing yet? Be sure you bring all of your cards so we can trade. It will really be fun to have you living so close to my house. We can play every day!

Let me know what day you are supposed to get here. I can hardly wait!

(4)
Your friend,
(5)
Dimitri

| Words | Rules | Examples |
|---------------------------|---|--|
| bad badly | <i>Bad</i> is an adjective. It can be used after linking verbs like look and feel. <i>Badly</i> is an adverb. | This was a <u>bad</u> day. I feel <u>bad</u> . I play <u>badly</u> . |
| borrow lend | <i>Borrow</i> means "to take." <i>Lend</i> means "to give." | You may <u>borrow</u> my pen. I will <u>lend</u> it to you for the day. |
| can may | <i>Can</i> means "to be able to do something." <i>May</i> means "to be allowed or permitted." | Nellie <u>can</u> read quickly. <u>May</u> I borrow your book? |
| good well | <i>Good</i> is an adjective. <i>Well</i> is usually an adverb. It is an adjective only when it refers to health. | The weather looks <u>good</u> . She sings <u>well</u> . Do you feel <u>well</u> ? |
| in into | <i>In</i> means "located within." <i>Into</i> means "movement from the outside to the inside." | Your lunch is <u>in</u> that bag. He jumped <u>into</u> the pool. |
| its it's | <i>Its</i> is a possessive pronoun. <i>It's</i> is a contraction of <i>it is</i> . | The dog wagged <u>its</u> tail. It's <u>cold</u> today. |
| let leave | <i>Let</i> means "to permit or allow." <i>Leave</i> means "to go away from" or "to let remain in place." | Please <u>let</u> me go swimming. I will <u>leave</u> soon. Leave it on my desk. |
| lie lay | <i>Lie</i> means "to rest or recline." <i>Lay</i> means "to put or place something." | The dog <u>lies</u> in its bed. Please <u>lay</u> the books there. |
| sit set | <i>Sit</i> means "to rest in one place." <i>Set</i> means "to place or put." | Please <u>sit</u> in this chair. <u>Set</u> the vase on the table. |
| teach learn | <i>Teach</i> means "to give instruction." <i>Learn</i> means "to receive instruction." | He <u>teaches</u> us how to dance. I <u>learned</u> about history. |
| their there they're | <i>Their</i> is a possessive pronoun. <i>There</i> is an adverb. It may also begin a sentence. <i>They're</i> is a contraction of <i>they are</i> . | <u>Their</u> coats are on the bed. Is Carlos <u>there</u> ? <u>There</u> is my book. <u>They're</u> going to the store. |
| two to too | <i>Two</i> is a number. <i>To</i> means "in the direction of." <i>Too</i> means "more than enough" and "also." | I bought <u>two</u> shirts. A squirrel ran <u>to</u> the tree. May we go <u>too</u> ? |

NON-ALPHABETIC

| Symbol | Action |
|---------------|--|
| ^ | Insert a missing word, letter or punctuation mark. |
| / | Use a lower case letter. |
| = | Capitalize a lower case letter. |
| √ | Check spelling. |
| ¶ | Start a new paragraph. |

NON-ALLOWABLE

| Punctuation Mark: | When to use: | Example: |
|--------------------------|---|--|
| comma , | to separate items in a series | In our garden we planted corn, peas, beans, and carrots. |
| apostrophe ' | to show ownership | My teacher's book is red. |
| question mark ? | to show that a question is being asked | How far is it to Jackson? |
| exclamation point ! | to show a strong emotion | I won the prize! |
| hyphen - | to separate a word at the end of a line | Miles ran quickly down the trail. |
| colon : | to separate the hour from the minute | It is 12:45 p.m. |
| period . | at the end of a sentence | The state bird of Mississippi is the mockingbird. |

NON-AVAILABLE

Brainstorming

- Quickly generate a list of ideas to write about.

Prewriting

- Create a method for organizing your ideas such as a semantic web, an outline, or other graphic organizer.

Drafting

- Write your first copy.

Revising

- Rework your writing for ideas, style, voice, organization, and word choice.

Editing

- Fix any errors in punctuation, capitalization, or usage.

Polishing and Publishing

- Write a final draft that is free of errors. Share your writing with others.

1. Interrogative – Asks a question. Use a “?”

Would you share your cookies?

2. Declarative – Makes a Statement. Use a “.”

I will not share my cookies.

3. Imperative – Makes a command. Use a “.”

Share your cookies with me.

4. Exclamatory – Communicates strong emotion or surprise. Use an “!”

I cannot believe you ate 27 cookies!

NON-ALLOWABLE

= Is equal to

≈ Approximate

≤ Is smaller or equal to

≥ Is greater or equal to

NON-ALL AVAILABLE

FRACTIONS

$\frac{3}{5}$ - numerator

the number above the line in a fraction

5 - denominator

the number below the line in a fraction

OPERATIONS WITH FRACTIONS

To **add** or **subtract** different fractions, first obtain a common denominator:

$$\frac{1}{3} + \frac{2}{5} = \frac{5}{15} + \frac{6}{15} = \frac{11}{15}$$

To **multiply**, multiply the numerators and multiply the denominators:

$$\frac{1}{3} \times \frac{2}{5} = \frac{1 \times 2}{3 \times 5} = \frac{2}{15}$$

To **divide**, multiply the first with the reciprocal of the second fraction:

$$\frac{2}{3} \div \frac{1}{6} = \frac{2}{3} \times \frac{6}{1} = \frac{12}{3} = 4$$

FRACTIONS, DECIMALS, PERCENTS – common equivalents

$$1 = 1.0 = 100\%$$

$$\frac{1}{2} = 0.5 = 50\%$$

$$\frac{1}{3} = 0.\bar{3} = 33.\bar{3}\%$$

$$\frac{1}{4} = 0.25 = 25\%$$

$$\frac{1}{5} = 0.2 = 20\%$$

$$\frac{1}{6} = 0.1\bar{6} = 16.\bar{6}\%$$

$$\frac{1}{8} = 0.125 = 12.5\%$$

$$\frac{1}{9} = 0.\bar{1} = 11.\bar{1}\%$$

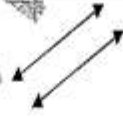

$$\frac{1}{10} = 0.1 = 10\%$$

$$\frac{1}{12} = 0.08\bar{3} = 8.\bar{3}\%$$

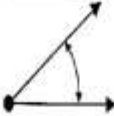

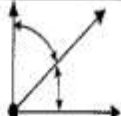

$$\frac{2}{3} = 0.\bar{6} = 66.\bar{6}\%$$

$$\frac{3}{4} = 0.75 = 75\%$$

PROPERTIES OF ADDITION AND MULTIPLICATION

Commutative property
of addition

$$a + b = b + a$$

Commutative property
of multiplication

$$ab = ba$$

Associative property
of addition

$$a + (b + c) = (a + b) + c$$

Associative property
of multiplication

$$a(bc) = (ab)c$$

Distributive property
of multiplication over addition

$$a(b + c) = ab + ac$$

Distributive property
of multiplication over subtraction

$$a(b - c) = ab - ac$$

DIVISIBILITY RULES

A whole number is divisible by...

| | | | |
|---|---|----|---|
| 2 | if the last digit is 0,2,4,6,8. | 6 | if the number is divisible by both 2 and 3. |
| 3 | if the sum of the digits is divisible by 3. | 9 | if the sum of the digits is divisible by 9. |
| 5 | if the last digit is 5 or 0. | 10 | if the last digit is 0. |

SYMBOLS

| | | | | | |
|---------------|-------------------|----------------|----------|---------------|--------------------------|
| Addition | + | Equal | = | Percent | % |
| Angle | \sphericalangle | Greater than | $>$ | Perpendicular | \perp |
| Arc | \frown | Less than | $<$ | Pi | π |
| Decimal point | . | Line segment | — | Ray | $\overrightarrow{\quad}$ |
| Degree | $^\circ$ | Multiplication | \times | Right Angle | \llcorner |
| Division | \div | Number | # | Set | { } |
| Dollar | \$ | Parallel | | Subtraction | - |

NUMBERS

| | | |
|--------------------------------|--|--|
| Prime Number: | A whole number which has only two factors, itself and 1. | Examples: 2, 3, 7, 11, 13, 17. |
| Common Factor: | A number that is a factor of two or more numbers. | Examples: 1, 2, and 4 are common factors of 12 and 16. |
| Greatest Common Factor: | The greatest number that is a factor of two or more numbers | Example: 4 is the greatest common factor of 12 and 16. |
| Least Common Multiple: | The smallest number that is a multiple of two or more numbers. | Example: 12 is the least common multiple of 2, 3, 4, and 6. |

METRIC SYSTEM

| | | |
|--------|-------------------|------------------------|
| Length | 1 centimeter (cm) | = 10 millimeters (mm) |
| | 1 decimeter (dm) | = 100 millimeters |
| | 1 decimeter | = 10 centimeters |
| | 1 meter (m) | = 1000 millimeters |
| | 1 meter | = 100 centimeters |
| | 1 meter | = 10 decimeters |
| | 1 decameter (dkm) | = 10 meters |
| | 1 kilometer (km) | = 1000 meters |
| | Liquid | 1 liter (L) |
| Weight | 1 gram (g) | = 1000 milligrams (mg) |
| | 1 kilogram (kg) | = 1000 grams |

ROMAN NUMERALS

| | | |
|---|---|------|
| I | = | 1 |
| V | = | 5 |
| X | = | 10 |
| L | = | 50 |
| C | = | 100 |
| D | = | 500 |
| M | = | 1000 |

NON-AVAILABLE

CONVERSIONS

| 10 | 100 | 3.162 | 1/4 | 1/16 | 1/2 |
| 11 | 121 | 3.317 | | | |
| 12 | 144 | 3.464 | | | |

PROBLEM SOLVING STEPS

| | | |
|---|-------------------------|---|
| 1 | UNDERSTAND & EXPLORE | First things first: find out what the real problem is. |
| 2 | GUESS & CHECK | Make a reasonable guess and check it out; try again if necessary. |
| 3 | SOLVE THE PROBLEM | Sort out all the information, draw a picture, graph or table, and write it out in math. Sometimes it may help to work backward! |
| 4 | CHECK YOUR ANSWER | Think logically... does your solution make sense? Try it out if you can. |

$$a(b+c) = ab + ac$$

$$(a+b)^2 = a^2 + 2ab + b^2$$

$$(a-b)^2 = a^2 - 2ab + b^2$$

$$a^2 - b^2 = (a+b)(a-b)$$

$$a^2 + 2ab + b^2 = (a+b)^2$$

$$a^3 + b^3 = (a+b)(a^2 - ab + b^2)$$

EXPANDING

$$(a+b)(c+d) = ac + ad + bc + bd$$

$$(a+b)^3 = a^3 + 3a^2b + 3ab^2 + b^3$$

$$(a-b)^3 = a^3 - 3a^2b + 3ab^2 - b^3$$

FACTORING

$$a^3 - ab = ab(a^2 - 1) = ab(a+1)(a-1)$$

$$a^2 - 2ab + b^2 = (a-b)^2$$

$$a^3 - b^3 = (a-b)(a^2 + ab + b^2)$$

QUADRATIC FORMULA

The solution for a quadratic equation

$$ax^2+bx+c=0$$

is given by the

quadratic formula:

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$

PROPERTIES OF EXPONENTS

If $a, b \in \mathbb{R}$, $a, b \geq 0$, and $p, q, r, s \in \mathbb{Q}$, then:

| | | |
|-------------------------------------|--|---|
| $1 \quad a^r a^s = a^{r+s}$ | $\left. \begin{array}{l} \\ \\ \end{array} \right\} \frac{a^p a^q}{a^r} = a^{p+q-r}$ | $5 \quad \left(\frac{a}{b}\right)^r = \frac{a^r}{b^r} \quad (b \neq 0)$ |
| $2 \quad \frac{a^r}{a^s} = a^{r-s}$ | | $6 \quad a^0 = 1 \quad (a \neq 0)$ |
| $3 \quad (a^r)^s = a^{rs}$ | $7 \quad a^{-r} = \frac{1}{a^r} \quad (a \neq 0)$ | |
| $4 \quad (ab)^r = a^r b^r$ | $8 \quad a^{\frac{r}{s}} = \sqrt[s]{a^r} \quad a^{\frac{1}{2}} = \sqrt{a} \quad a^{\frac{1}{3}} = \sqrt[3]{a}$ | |

PROPERTIES OF LOGARITHMS

| | |
|--|--|
| $\log(xy) = \log x + \log y$ | $\log\left(\frac{x}{y}\right) = \log x - \log y$ |
| $\log y^r = r \log x$ | |
| $\log x = n \leftrightarrow x = 10^n$ (common log) | $\pi \approx 3.14159265$ |
| $\log_a x = n \leftrightarrow x = a^n$ (log to the base a) | $e \approx 2.71828183$ |
| $\ln x = n \leftrightarrow x = e^n$ (natural log) | |

Mississippi Testing Accommodations Manual

Revised (~~October~~ February 20167)

Mississippi Statewide Assessment System

Office of Student Assessment

Mississippi Department of Education

Table of Contents

| | | |
|--------------|---|-----------|
| I. | Overview | 3 |
| II. | Accommodation Request Form | 4 |
| III. | Important Notes | 5 |
| IV. | Guidelines for Administering Specific Accommodations..... | 13 |
| V. | Accommodations Chart for Online and Paper-Pencil Administrations | 16 |
| VI. | General Education Assessment Accessibility Features for ALL STUDENTS | 29 |
| VII. | Do’s and Don’ts When Selecting Accommodations | 30 |
| VIII. | List of Abbreviations and Acronyms | 31 |

I. Overview

The list of accommodations shows the numeric codes to be entered in the designated areas on student answer documents, test booklets, or online system. **The accommodations that are allowable on each of the statewide tests vary.** A list of allowable and non-allowable accommodations for each test is located in this document.

The **General Accessibility Features** are allowable and may be used by all students on each of the statewide tests. These ~~accommodations~~ accessibility features do not have to be entered online or on the student's answer documents. .

All eligible students may utilize appropriate assessment accommodations when participating in the statewide assessments. Any accommodation utilized for the assessment of students must be:

- based on the learning needs of the individual student through decisions made and officially documented on the **IEP/504/Lanugage Service (LS) Plan** prior to the test administration, or
- based on the student's **temporary physical disability**, and
- used during the student's **routine** classroom instruction, to include classroom assessment.

All English Learner students may utilize appropriate assessment accommodations when participating in the statewide assessments. Any accommodation utilized for the assessment of individual students must be:

- based upon the individual student's learning needs,
- based upon decisions made prior to the test administration, and
- used during the student's routine classroom instruction, to include classroom assessment.

The manual also contains other guides and resources, such as questions, recommendations, and checklists to guide you in determining appropriate accommodations.

II. Accommodation Request Form

Use this form for requesting accommodations that are not already documented as allowable (A948) or non-allowable (A99) in the current edition of the Mississippi Testing Accommodations Manual.

District Name: _____ District Code: _____

School Name: _____ School Code: _____

Name and Title of Requestor: _____

Accommodation(s) are requested for use on the following assessment(s): **(Check all that apply.)**

| | |
|-----------------------------------|---|
| Algebra I: MAP _____ | MST2: _____ |
| Biology I: _____ | MAP (G3-8): ELA _____ Math _____ |
| English II: MAP _____ SATP2 _____ | ELPT: _____ |
| U. S. History: _____ | MKAS ² : K-Readiness _____ 3 rd Gr. Reading _____ |

Student Name: _____ or Group Name: _____

(If a group, fill in the primary teacher's name for the group and attach a list of the students and grade levels.)

Grade: _____ Test Administration Date(s): _____, _____, _____, _____

A. Please list the accommodation number(s) requested. If #99, please explain in detail.

B. Why does the student need this (these) accommodation(s)? (Attach supporting evidence)

C. Does this student routinely receive this accommodation in classroom instruction?

____ Yes ____ No

D. Is this student receiving support/services through Special Education or Section 504 of the Rehabilitation Act of 1973? ____ Yes (circle one: IDEA/IEP or Section 504 Plan) ____ No

If yes on D, attach a copy of the Present Levels of Academic Achievement and Functional Performance // Present Levels of Performance page(s) and the Statewide Test Accommodations // Supplementary Aids and Services page(s) from the student's Individualized Education Program (IEP) or Section 504 Plan.

District Test Coordinator's Signature: _____ Date: _____

Please submit this form and supporting evidence at least **four (4) weeks prior to the test date** for which it is requested to the Office of Student Assessment, Attn: ~~Dr. Albert Carter~~, P. O. Box 771, Jackson, Mississippi 39205, or e-mail to ~~acarter@mdek12.org~~.

MDE USE ONLY

____ Approved

____ Denied Signature: _____

Reason for Denial:

Form ARF (Rev. 07/2015)

III. Important Notes

In the Testing Accommodations Chart (p. 17), specific accommodations have a tag reading, “REFER TO NOTE—”. The notes are listed below by number.

For all state assessments, a test administrator and a proctor must be present during the entire test administration for all students tested.

NOTE 1:

- A. ACT-Approved: The use of ACT-Approved accommodations must be requested from ACT via official request forms. These are determined by ACT in compliance with the Americans with Disabilities Act (ADA) and the Diagnostic and Statistical Manual of Mental Disorders, 4th or 5th Edition. ACT-Approved Accommodations that result in ACT scores are fully reportable to colleges, scholarship agencies, the NCAA and other entities in addition to being used for state testing purposes.
- B. Locally Approved: These are determined by the Testing Accommodations Coordinator (TAC) and the Testing Coordinator (TC) following specific ACT policy.
- C. Non-college Reportable: These are determined by the Testing Accommodations Coordinator (TAC) following state or district guidelines. The use of a State-Allowed accommodation, after its use has been officially denied by ACT as an ACT-Approved accommodation, will render the student’s score as not reportable to colleges, scholarship agencies, the NCAA and other entities; rather, they can only be used for state purposes.

NOTE 2: It should be noted that some accommodations used routinely in the classroom may not be allowable for statewide tests. The test results of students who use non-allowable accommodations are invalid and must be excluded from summary statistics. Any student with an invalid score is considered not tested. Allowable accommodations may change the method in which test items are presented and the method of the student’s response to test items but will not interfere with what the test purports to measure. An unallowable accommodation provides an unfair advantage to the student and interferes with what the test purports to measure.

NOTE 3: Approval must be granted by the Office of Student Assessment (OSA) **four (4) weeks prior** to the use of accommodations that are not included in this list. Please complete the Accommodation Request Form and submit it to OSA. It is the responsibility of the OSA to determine whether the use of such accommodation(s) will affect the validity of the assessment.

NOTE 4:

- A. Accommodations **23, 24** and **25** relate to administering the test over several sessions and **no longer require approval from the Office of Student Assessment**. However, the entire assessment must be completed within the testing window. If an extension that exceeds or goes beyond the day the test administration is scheduled, the procedure must be documented and on file with the District Test Coordinator. If the student is testing over

several days, he/she is not allowed to change responses to questions answered during the previous testing sessions or preview questions that will be administered in a future session.

B. Timing codes are assigned by ACT.

C. **LAS Links** and SATP2 are untimed assessments.

D. For the **Kindergarten Readiness Assessment**, clicking [Resume Later] allows students to resume their test at a later time, starting on the same question number at which the test was paused but a different item. The STAR monitor password is required. Note: A different password can be set for each STAR class; be sure to enter the password for the class in which the student is testing. The test can be paused and resumed as many times as needed, but it can only be resumed within 8 days of when it was originally started. Closing the test window during a test will also allow a student to resume from where he or she left off, although this is not recommended.

If the student clicks [Stop Test] and the monitor password is entered, the test is over and the student will need to begin a new test. The incomplete test will not be scored.

For the **Kindergarten Readiness Assessment**, all students will have 90 seconds to answer each item. Extended time is currently unavailable for this assessment.

E. For the **Third Grade Reading Summative -Alternate Assessment, ~~MKAS2 Make-up~~**, students with disabilities (SWDs) and English learners (ELs) can click [Resume Later] to allow students to resume their test at a later time, starting on the same question number at which the test was paused but a different item. The STAR monitor password is required. Note: A different password can be set for each STAR class; be sure to enter the password for the class in which the student is testing. The test can be paused and resumed as many times as needed, but it can only be resumed within 8 days of when it was originally started. Closing the test window during a test will also allow a student to resume from where he or she left off, although this is not recommended.

If the student clicks [Stop Test] and the monitor password is entered, the test is over and the student will need to begin a new test. The incomplete test will not be scored.

F. For the **Third Grade Reading Summative -Alternate Assessment**, the General Education students, English learners, and students with disabilities will have a maximum of 270 seconds to answer each item.

~~F.~~

G. For the **Third Grade Reading Summative Alternate Assessment**, students with disabilities (SWDs) and English learners (ELs) can have a maximum of 20 minutes to answer each question; however, the test must be completed by 3:00 p.m. or the end of the student's school day, whichever occurs first. The extended time accommodation must be listed in the student's IEP or Section 504 Plan and specified for this assessment area.

H. Students with a diagnosis of dyslexia who were evaluated by a licensed psychologist, psychometrist, or speech language pathologist (HB 1031, July 2012) can receive a maximum of 20 minutes to answer each question; however, the test must be completed by 3:00 p.m. or the

end of the student's school day, whichever occurs first. Students must have a documented diagnosis of dyslexia on file in accordance with Miss. Code 37-173-1 et seq.

~~G.~~

I. On the MAP, MST2, and SATP2 tests, Accommodations 24 and 25 are available to English Learners.

~~H.J.~~ Third-Grade Reading Summative Assessment and the MKAS2—Make-up/Alternate Assessment: Students with a diagnosis of dyslexia who were evaluated by a licensed psychologist, psychometrist, or speech language pathologist (HB 1031, July 2012) can receive extended time to complete the Mississippi state assessment. The test must be completed by 3:00 p.m. or the end of the student's school day, whichever occurs first. Students must have a documented diagnosis of dyslexia on file in accordance with Miss. Code 37-173-1 et seq.

NOTE 5:

- A. For the **Kindergarten Readiness Assessment**, all students can test at a specific time of day if necessary.
- B. For the **Third Grade Reading Summative and Alternate Assessment**, students with disabilities (SWDs) and English learners (ELs) can test at a specific time of day, if this accommodation (#22) is listed in the student's IEP or Section 504 Plan and specified for this assessment area.

NOTE 6:

~~For the **Kindergarten Readiness Assessment**, if, in the Test Administrator's professional judgment, a student is unable to continue the assessment, the Test Administrator can stop the test. When the student is prepared to continue the test, the assessment must be resumed on the same day from the point at which it was stopped.~~

~~For the **Third Grade Reading Summative Assessment**, if, in the Test Administrator's professional judgment, a student with a disability (SWD) or an English learner (EL) is unable to continue the assessment, the Test Administrator can stop the test. When the student is prepared to continue the test, the assessment must be resumed on the same day from the point at which it was stopped.~~

NOTE 67: Paraphrasing is re-stating the text and does not include providing definitions or detailed explanations, using sign language, using a text scanner with voice synthesizer, or using other appropriate technology. Only directions may be paraphrased. Items, including sample questions, may not be paraphrased as part of a presentation accommodation.

NOTE 78:

- A. Accommodations **53**, **55**, and **58** relate to the presentation of test directions and test items (questions and answer choices) to students. In addition to reading, these accommodations may involve writing the material on a blackboard, using sign language, using a text scanner with voice synthesizer, or using other appropriate technology.
- B. For the English Language Proficiency Test, accommodations **55** and **58** are not allowed, as these accommodations interfere with what the test purports to measure.
- C. When preparing to administer the test(s) to students who are deaf or hard of hearing or to students who are blind or visually impaired, test administrators may review eligible test material (i.e., math, science, or history test books; scripted directions for reading tests; non-reading portions of language arts tests) prior to test administration. The review must be authorized by the District Test Coordinator and must take place in a controlled, secure environment. A signed Confidentiality Agreement is required and must be on file when test administrators preview test items prior to the test administration. Test administrators should be familiar with specific symbols or abbreviations particular to the content area being assessed.

- D. When working with a student who has limited English proficiency, consideration needs to be given as to whether the assessment should be explained to the student in his or her native language or other mode of communication unless it is clearly not feasible to do so.
- E. Students for whom American Sign Language (ASL) is the primary language may have directions and/or items signed to them, except for the reading sections of MAP. Other allowable signing systems are Signing Exact English (SEE), Signed English (SE), Sign Supported English (SSE or CASE), or Contact Sign (i.e., Pidgin Sign English [PSE]). Sign languages from other countries (i.e., Auslan, BSL, LSF) or non-standard sign systems (i.e., home sign) are not permitted to be used.
- ~~F. For the ACT, Accommodations 53, 55, and 58 **must be done individually and NOT as a group.**~~

FG. Guidance for the **Read-aloud Accommodations** on the MAP for students with an Individualized Education Program (IEP), Section 504 Plan, or Language Service Plan (LSP) who have this testing accommodation specified for this subject area:

ELA/English II

- A53 - For grades 3-8 and English II, the directions can be read to the students throughout the assessment.
- A55 and A58 – For grades 3-8 and English II, the directions and the questions and answer choices can be read aloud, but the reading passages cannot be read to the student. **Beginning with the 2016-2017 academic year, the read-aloud accommodation will be non-allowable for students in third grade. Reading the Writing Prompt is allowable.**

Math/Algebra I

- A53 - For grades 3-8 and Algebra I, the directions can be read to the students throughout the assessment.
- A55 and A58 – For grades 3-8 and Algebra I, the directions and the questions and answer choices can be read aloud to the student.

NOTE 89:

- A. The Scribe (Accommodation #70) must write exactly what the student says as dictated. The Scribe may not edit or alter the student’s dictation in any way. The student is responsible for all capitalization, punctuation, and spelling (must spell out each word). The student should review the draft composition and make any necessary edits, including edits to capital letters and punctuation. A Scribe may not assist the student during the editing process. The Scribe transfers verbatim the student’s responses to an answer document or online system.
- B. The dictation process and transfer of answers must occur under secure conditions with at least two persons present.
- C. For the ACT, the term “scribe” refers to the Test Supervisor.
- D. For the **Kindergarten Readiness Assessment**, students can dictate or gesture answers to a Scribe, and the Scribe will mark answers directly into online test system in the presence of the Test Administrator and Proctor.

- E. For the **Kindergarten Readiness Assessment**, students with disabilities (SWDs) and English learners (ELs) can dictate or gesture answers to a Scribe, and the Scribe will mark answers directly into the online test system in the presence of the Test Administrator. For children who receive homebound services or community-based services (e.g., children with disabilities attending Head Start or other childcare center), the Proctor may also serve as a Scribe, if one is needed.
- F. For the **Third Grade Reading Summative and Alternate Assessment, MKAS2**, students with disabilities (SWDs) can dictate or gesture answers to a Scribe, and the Scribe will mark answers directly into the online test system in the presence of the Test Administrator and Proctor. This accommodation (#70) must be listed in the student’s IEP or Section 504 Plan and specified for this assessment area.

NOTE 910: Accommodation **47** relates to cueing. Cueing is assisting the student in focusing his/her attention. Cueing strategies include, but are not limited to, arrows, lines, space, contrasting colors, position or focal point, underlining, labeling, size, and shading. Cues may be used only in test directions and in test questions. Cues may not be used in the answer choices. Cues provided on answer booklets/documents must be erased before they are returned for scoring. Cues provided on test books do not have to be erased since test books are non-scorable documents.

- A. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 140:

- A. Accommodation **48** relates to the use of memory aids. A memory aid, fact chart, and/or resource sheet is something that helps a student remember how to find the answer; it should not give him/her the answer. This accommodation cannot interfere with what the test purports to measure. For example, if the test measures computation skills, a multiplication fact chart is a non-allowable accommodation since it gives the answer or a portion of the answer to the item assessing multiplication skills.
- B. The compilation of allowable and non-allowable materials is by no means exhaustive. Prior approval is not required for the memory aids, fact charts, and/or resource sheets labeled allowable. All other material requires prior approval from the Office of Student Assessment (OSA). You must complete the Accommodation Request Form. Submissions may be sent any time during the school year, but no later than four (4) weeks prior to the test administration for which the use of the memory aid is intended. The memory aids, fact charts, and/or resource sheets for state assessments must be limited to 1-3 pages per content area.
- C. Only a student who is visually-impaired may use the abacus to solve mathematics problems. No prior approval is required for use of the abacus by students with visual impairments.
- D. For the **ACT**, an abacus (as listed in **A48** and **A98**) must be requested as an accommodation from ACT.
- ~~D-E.~~ This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 112: For accommodation **61**, calculators are allowable only in specified Calculator Sections for MAP Mathematics grades 6-8 and Algebra 1. Beginning with the 2011-2012 academic year,

- i. (SATP2 Algebra I) all formulas, applications, and/or programs (including, but not limited to, Zoom Math/Zoom Algebra) **must be disabled or removed** from the calculators to be used by students.
 - ii. School districts must outline in their District Test Security Plan the processes and/or procedures to be used to ensure that the calculators used by students during a state assessment administration for the tests listed above do not have any stored formulas, applications, and/or programs.
 - iii. Students may use personal calculators. However, the District Test Security Plan must address the processes and/or procedures to be used to ensure that personal calculators used by the students during a state assessment administration do not have any stored formulas, applications, and/or programs.
- A. The calculator policy can be viewed at the following link:
[MDE Calculator Policy](#)
 - B. Calculators may be used on any **MS-CPAS2** test. The MDE's guidelines for calculator use on standardized assessments state that if using OSA approved graphing calculators, any formulas, applications, and / or programs must be cleared from the calculators before the assessment. Procedures for how to handle this issue should be outlined in the District Test Security Plan as this has been the policy since the 2011-2012 school year. Documentation related to specific calculators can be found at the MDE Website. The RCU recommends that districts not allow students to use the calculators built in to the operating systems on most computers as this is a test security issue.
 - C. Refer to the list of approved calculators as listed in the **ACT** materials and on the ACT website.
http://www.actstudent.org/faq/calculator.html?_ga=1.28160380.1154439628.141323420 7
 - D. The calculator policy can be viewed at the following link:
[MDE Calculator Policy](#)
 - E. Calculators may be used on any **MS-CPAS2** test. The MDE's guidelines for calculator use on standardized assessments state that if using OSA approved graphing calculators, any formulas, applications, and / or programs must be cleared from the calculators before the assessment. Procedures for how to handle this issue should be outlined in the District Test Security Plan as this has been the policy since the 2011-2012 school year. Documentation related to specific calculators can be found at the MDE Website. The RCU recommends that districts not allow students to use the calculators built in to the operating systems on most computers as this is a test security issue.

F. Refer to the list of approved calculators as listed in the **ACT** materials and on the ACT website.

http://www.actstudent.org/faq/calculator.html?_ga=1.28160380.1154439628.141323420 7

NOTE 123: Accommodation **73** – Tape record responses for later verbatim translation

- i. Students must spell each word and note every punctuation mark as they dictate.
- ii. Please consider using a tape recorder for a student’s “draft.”
- iii. The tape can be played back to the student, who can stop and start the tape as necessary, spelling and punctuating the response more easily as dictation to the scribe takes place. The student must also note indentation or skipped lines during the dictation.
- iv. The taped version can also be edited by the student.
- v. The taped “draft” must not be written for the student to review until the dictation with spelling and punctuation has occurred. The student must also note indentation or skipped lines during the dictation.
- vi. The student may be given the dictated response to review and may make revisions at that point.
- vii. The dictation process must occur under secure conditions with at least two persons present.
- viii. The response must be transcribed to the appropriate document or computer platform, if available, with appropriate Prompt Number gridded or in a blank Final Response Insert Page with appropriate Prompt Number gridded and the MSIS number written on the front cover of the Final Response Insert Page.
- ix. If this method is used, the tape must be erased after the transcription has been completed.
- x. This process, if used, should be added as an addendum to the School Test Security Plan.
- xi. All persons (TA, Proctor, Scribe) involved in this process must sign Confidentiality Agreements.
- ~~xi~~. xii. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 13: Accommodation 76 - Communication Board is not allowable for the Third Grade Reading Summative Alternate Assessment.

NOTE 144: Accommodation 78 – Typewriter or word processor (without grammar/syntax checker and without word completion/prediction feature)

- i. All tools for spelling, grammar check, and syntax must be turned off. Additionally, the device (e.g., NEO) must have the extra features disabled (e.g., Google Docs, linked files, Write On! Lessons, etc.).
- ii. The student may not have access to the Internet.
- iii. Typed responses are not to be submitted to the vendor; these typed responses must be transcribed under secure conditions with at least two persons present.
- iv. The person transcribing must duplicate exactly what the student wrote, including exact spelling, punctuation, indentation, skipped lines, etc.
- v. The response must be transcribed to the appropriate document or computer platform, if available, with appropriate Prompt Number gridded or in a blank Final Response Insert Page with appropriate Prompt Number gridded and the MSIS number written on the front cover of the Final Response Insert Page.
- vi. The typed response must be erased from the assistive technology.
- vii. The typed response must include the student’s name and MSIS number. The student’s typed response is considered secure material and must be returned with all scorable testing material.
- viii. This process, if used, should be added as an addendum to the School Test Security Plan.
- ~~ix.~~ ~~ix.~~—All persons (TA, Proctor, Scribe) involved in this process must sign Confidentiality Agreements.
- ~~x.~~ This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

Note 15: Accommodation 79 – This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 156: Accommodation 81 – Electronic word-to-word translating dictionaries may be used with the audio/speaker function turned off. In addition, the test administrator must ensure that electronic dictionaries are not connected to the Internet or any additional software. Refer to the Suggested List of Bilingual Dictionaries for EL Students for word-to-word glossaries.

- a.A. This accommodation is not allowable on the Third Grade Reading Summative Alternate Assessment.

NOTE 167: The Braille test administrator may review Braille test material prior to test administration, but the review must be authorized by the District Test Coordinator and must take place in a controlled, secure environment.

IV. Questions to Guide Evaluation of Accommodation Use on State Assessments at the School Level

- 1.—
- 2.1. Are there policies in place to ensure ethical testing practices, the standardized administration of assessments, and that test security practices are followed before, during, and after testing?
- 3.2. Are there procedures in place to ensure test administration procedures are not compromised with the provision of accommodations?
- 4.3. Are students receiving accommodations as documented in their IEPs/504/LS Plans?
- 5.4. Are there procedures in place to ensure that test administrators adhere to directions for the implementation of accommodations?
- 6.5. How many students with IEPs/504/LS Plans are receiving accommodations?
- 7.6. What types of accommodations are provided and are some used more than others?
- 8.7. Are students provided accommodations tailored to their individualized needs or are all students receiving the same accommodations?
- 9.8. How well do students who receive accommodations perform on classroom tests, local assessments, and state assessments? If students are not meeting the expected level of performance, is it due to the students not having had access to the necessary instruction, not receiving the accommodation, or using accommodations that were not effective?

Student-level questions need to be considered by the IEP/504/LSEL Team to evaluate the use of accommodations. It is critical to continually evaluate the use of accommodations to ensure that the most appropriate and successful accommodations are being used.

Questions to Guide Evaluation of Accommodation Use on State Assessments at the Student Level

- 1.—
- 2.1. What accommodations are used by the student during instruction and on classroom assessments?
- 3.2. What are the results of classroom assignments and classroom tests when accommodations are used versus when accommodations are not used? If a student did not meet the expected level of performance, is it due to not having access to the necessary instruction, not receiving the appropriate accommodations, or ineffective use of accommodations?
- 4.3. What accommodations are used by the student during state assessments?
- 5.4. What are the results of state assessments when accommodations are used? Does this performance mirror performance on classroom tests? If a student did not meet the expected level of performance, is it due to lack of access to the necessary instruction, not receiving the appropriate accommodations, or ineffective use of accommodations?
- 6.5. What is the student's perception of how well the accommodation worked?
- 7.6. Which accommodations seemed to be least effective or ineffective?
- 8.7. What combinations of accommodations seem to be effective?
- 9.8. What are the difficulties encountered in the use of accommodations?
- 10.9. _____ What are the perceptions of teachers and others about how the accommodation appears to be working?

School-level questions should be addressed by a committee responsible for continuous improvement efforts. It is critical to stress that evaluation is not the responsibility of just one individual. The entire IEP/504/EL~~S~~ Team should contribute to the information gathering and decision-making processes.

V. Guidelines for Administering Specific Accommodations

This information must be used by the test administrator in providing these accommodations on state assessments. If questions arise regarding the use of accommodations or these guidelines, contact your STC (School Testing Coordinator).

Reading Accommodation

Test administrators providing a reading accommodation must ensure that all students understand what is expected of them when receiving a reading accommodation. However, test administrators cannot answer questions about specific test items. When reading test items aloud, test administrators must be careful not to inadvertently give clues that indicate the correct answer or help eliminate some answer choices. Test administrators should use even inflection so that the student does not receive any cues by the way the information is read. It is important for test administrators to read test items/questions, answer choices, and graphics (tables, charts, graphs, and illustrations) verbatim (word-for-word), exactly as written. Test administrators may not clarify, elaborate, or provide assistance to students. It is recommended that a proctor be used in the setting for a reading accommodation. At no time may a proctor provide a reading accommodation or a reading accommodation be recorded. The test administrator should understand the protocols for administering a specific assessment.

Sign Language or Native Language Interpreter

When using either a sign language or native language interpreter during the time oral instruction is given to the student, the interpreter may only interpret the directions for the student.

For students who are provided a sign language interpreter as a reading accommodation, the interpreter must sign verbatim the individual test items and answer choices. When signing the individual test items and answer choices the interpreter must not clarify, elaborate, paraphrase, or provide assistance with the meaning of words.

Marking Answers in Test Booklet

Students may mark multiple-choice and gridded answers in the test booklet instead of marking the answers on an answer document. Answers to open-ended responses must be written in the answer document or recorded online by a scribe (proctor or assistant). Two certified individuals must transcribe the answers verbatim to a regular test booklet or online system containing the student's demographic information.

Dictation to a Scribe (Proctor or Assistant)

Scribes may be provided for students with disabilities who are significantly impacted in the area of written expression or who have a physical disability that impedes their motor process or ability to write. Scribes should be impartial and must write exactly what the student dictates. Scribes should not affect the outcome of a test in any way. Scribes are not allowed to elaborate on what is being written. They cannot answer or explain anything to the student during testing and must be careful not to give hints of any type. The student must be allowed to review and edit what the scribe has written.

Extended Time

Students who are regularly given extended time on classroom activities, classroom assignments, and classroom tests may qualify for a specified amount of extended or additional time on selected state assessments. Extended or additional time varies depending on the particular state assessment. Decisions should be made on a case-by-case basis, keeping in mind all the accommodations being provided and the nature of the assessment. For example, if a read-aloud accommodation or scribe is being used, extended time may not be necessary.

Large Print

Students who regularly use large-print materials in the classroom may qualify for large-print materials on state assessments. The use of a large-print answer document for students testing with a large-print test booklet is required on selected state assessments. Two certified individuals must transcribe the answers verbatim to a regular test booklet or online system containing the student's demographic information.

Braille

Students who regularly use braille materials in the classroom qualify for braille materials on selected state assessments. Two certified individuals must transcribe the answers verbatim to a regular test booklet containing the student's demographic information.

Templates

Templates are used by students to aid in reading or writing. A template is not a graphic organizer. Templates are the size of an index card or larger with a "cut out" area to allow the student to see or write one word, multiple words, or a line of print at a time. The template may also be used on the answer document or online to aid the student in gridding one answer choice for each test question. The template is moved down the page or answer document as the student reads, writes, or works.

Administered by a Specific Teacher

There are situations where it is appropriate for the IEP/504 Committee to specify a teacher to serve as the student's test administrator. Care, however, should be given in selecting this accommodation. There are situations where it is impossible to provide this accommodation (e.g., when the decision for an individual administration by the student's special education teacher has been selected for five different students in the same teacher's classroom).

Assistive Technology/Communication Device

The use of Assistive Technology/Communication Device must be appropriate so that it does not invalidate a state assessment or supplant the skill that the state assessment is designed to measure. Extreme caution must be taken to ensure that when using any type of Assistive Technology/Communication Device the cognition is performed entirely by the student unless the device is allowed on a state assessment. (e.g., the use of a calculator). MDE Approval is required for all communication devices prior to the student taking a state assessment.

With Other Accommodations Needed Due to the Nature of the Disability or the Level of Language Proficiency

The accommodations checklists, although not exhaustive, have been provided to identify approved accommodations available to students for use on state assessments. In the event that an accommodation used during instruction and on classroom tests is requested for use on a state assessment, and the accommodation is not listed on the accommodations checklist, the accommodation may be requested by selecting the “With other accommodations needed due to the nature of the disability and the nature of the assessment”.

When this accommodation is selected, the DTC completes the “Form Requesting Testing Accommodations Needing MDE Approval”. The form is completed in its entirety and submitted by the STC to the MDE no later than four weeks prior to the assessment to be administered. Additional documentation (prior practice documentation in the IEP/504 Plan, proof of prior practice in the classroom on a regular basis, and proof of success of the accommodation) must be provided.

General Accessibility Features for ALL STUDENTS

| # | Feature | Allowable |
|-----|--|-----------|
| 1 | At the front of the room | Yes |
| 2 | Facing test administrator while directions are given | Yes |
| 3 | In a small group | Yes |
| 5 | In a familiar room | Yes |
| 6 | With a familiar teacher | Yes |
| 44 | Transparent color overlays | Yes |
| 46 | Templates to reduce visible print | Yes |
| 49 | Cue student to stay on task | Yes |
| 60 | Use of highlighter by student in test booklet | Yes |
| 98 | Other allowable accommodation | Yes |
| 100 | Use of a computer mouse | Yes |

VI. Do's and Don'ts When Selecting Accommodations

Accommodations should enable the students to participate more fully in instruction and assessments and to better demonstrate their knowledge and skills. They must be aligned with and be part of daily instruction; accommodations must not be introduced for the first time during the testing of a student.

| | |
|---|--|
| Do...make accommodation decisions based on individualized needs. | Don't...make accommodation decisions based on whatever is easiest to do (e.g., preferential seating). |
| Do...refer to state accommodation policies and understand implications of selections. | Don't...select every accommodation possible on a checklist simply to be "safe". |
| Do...get input about accommodations from teachers, parents, and students, and use it to make decisions at the IEP/504 planning meeting. | Don't...make decisions about instructional and state assessment accommodations alone. |
| Do...select instructional and state assessment accommodations based on specific individual needs in each content area. | Don't...assume certain accommodations, such as extra time, are appropriate for every student in every content area. |
| Do...provide opportunities for students to practice built in online accommodations throughout the year. | Don't...introduce an online accommodation to the student the day of the test. |
| Do...be familiar with the types of accommodations that can be used as both instructional and assessment accommodations. | Don't...assume that all instructional accommodations are appropriate for use on state assessments. |
| Do...evaluate accommodations used by the student. | Don't...assume the same accommodations remain appropriate year after year. |
| Do...be certain to document instructional and state assessment accommodation(s) in the IEP/504/ <u>LS</u> Plan. | Don't...use an accommodation that has not been documented in the IEP/504/ <u>LS</u> Plan. |
| Do...select accommodations that reduce the effect of the disability to access instruction and demonstrate learning. | Don't...select accommodations unrelated to documented student learning needs or those intended to give students an unfair advantage. |

Allowable Memory Aid

Proofreading Checklist

Read each question below. Then check your paper. Correct any mistakes that you find. After you have corrected them, put a checkmark in the box next to the questions.

- 1. Did I spell all the words correctly?
- 2. Does each sentence state a complete thought?
- 3. Are there any run-on sentences or fragments?
- 4. Did I capitalize all proper nouns?
- 5. Did I end each sentence with the correct end mark?
- 6. Did I use commas, apostrophes, and quotation marks correctly?

Allowable Memory Aid

This is a very low tech example of a cut-out viewer. It helps some students focus on only a certain portion of the text at a time so as not to become overwhelmed by all the text on the page. It might require supervision to be sure that the student is looking at the correct text in the viewer.

This is a very low tech example of a cut-out viewer. It helps some students focus on only a certain portion of the text at a time so as not to become overwhelmed by all the text on the page. It might require supervision to be sure that the student is looking at the correct text in the viewer.

LANGUAGE ARTS - NON-ALLOWABLE

A **friendly letter** has five parts. They are the heading (1), greeting (2), body (3), closing (4), and signature (5). Match each number with the letter part below.

(1)
234 Mississippi Street
Anywhere, Mississippi 54545
Date, Year

(2)
Dear Sam,

(3)
I am so glad that you are moving to Mississippi. I think you will really like the fact that it does not get so cold in the winter. It does get cold, just not as cold as it gets in Denver.

Have you started packing yet? Be sure you bring all of your cards so we can trade. It will really be fun to have you living so close to my house. We can play every day!

Let me know what day you are supposed to get here. I can hardly wait!

(4)
Your friend,
(5)
Dimitri

| Words | Rules | Examples |
|---------------------------|---|--|
| bad badly | <i>Bad</i> is an adjective. It can be used after linking verbs like look and feel. <i>Badly</i> is an adverb. | This was a <u>bad</u> day. I feel <u>bad</u> . I play <u>badly</u> . |
| borrow lend | <i>Borrow</i> means "to take." <i>Lend</i> means "to give." | You may <u>borrow</u> my pen. I will <u>lend</u> it to you for the day. |
| can may | <i>Can</i> means "to be able to do something." <i>May</i> means "to be allowed or permitted." | Nellie <u>can</u> read quickly. <u>May</u> I borrow your book? |
| good well | <i>Good</i> is an adjective. <i>Well</i> is usually an adverb. It is an adjective only when it refers to health. | The weather looks <u>good</u> . She sings <u>well</u> . Do you feel <u>well</u> ? |
| in into | <i>In</i> means "located within." <i>Into</i> means "movement from the outside to the inside." | Your lunch is <u>in</u> that bag. He jumped <u>into</u> the pool. |
| its it's | <i>Its</i> is a possessive pronoun. <i>It's</i> is a contraction of <i>it is</i> . | The dog wagged <u>its</u> tail. It's <u>cold</u> today. |
| let leave | <i>Let</i> means "to permit or allow." <i>Leave</i> means "to go away from" or "to let remain in place." | Please <u>let</u> me go swimming. I will <u>leave</u> soon. Leave it on my desk. |
| lie lay | <i>Lie</i> means "to rest or recline." <i>Lay</i> means "to put or place something." | The dog <u>lies</u> in its bed. Please <u>lay</u> the books there. |
| sit set | <i>Sit</i> means "to rest in one place." <i>Set</i> means "to place or put." | Please <u>sit</u> in this chair. <u>Set</u> the vase on the table. |
| teach learn | <i>Teach</i> means "to give instruction." <i>Learn</i> means "to receive instruction." | He <u>teaches</u> us how to dance. I <u>learned</u> about history. |
| their there they're | <i>Their</i> is a possessive pronoun. <i>There</i> is an adverb. It may also begin a sentence. <i>They're</i> is a contraction of <i>they are</i> . | <u>Their</u> coats are on the bed. Is Carlos <u>there</u> ? <u>There</u> is my book. <u>They're</u> going to the store. |
| two to too | <i>Two</i> is a number. <i>To</i> means "in the direction of." <i>Too</i> means "more than enough" and "also." | I bought <u>two</u> shirts. A squirrel ran <u>to</u> the tree. May we go <u>too</u> ? |

|  <p>j ge gi_ dge</p> |  <p>k c _ck</p> |  <p>s ce ci_</p> |

| Symbol | Action |
|---------------|--|
| ^ | Insert a missing word, letter or punctuation mark. |
| / | Use a lower case letter. |
| = | Capitalize a lower case letter. |
| √ | Check spelling. |
| ¶ | Start a new paragraph. |

NON-ALLOWABLE

| Punctuation Mark: | When to use: | Example: |
|--------------------------|---|--|
| comma , | to separate items in a series | In our garden we planted corn, peas, beans, and carrots. |
| apostrophe ' | to show ownership | My teacher's book is red. |
| question mark ? | to show that a question is being asked | How far is it to Jackson? |
| exclamation point ! | to show a strong emotion | I won the prize! |
| hyphen - | to separate a word at the end of a line | Miles ran quickly down the trail. |
| colon : | to separate the hour from the minute | It is 12:45 p.m. |
| period . | at the end of a sentence | The state bird of Mississippi is the mockingbird. |

Brainstorming

- Quickly generate a list of ideas to write about.

Prewriting

- Create a method for organizing your ideas such as a semantic web, an outline, or other graphic organizer.

Drafting

- Write your first copy.

Revising

- Rework your writing for ideas, style, voice, organization, and word choice.

Editing

- Fix any errors in punctuation, capitalization, or usage.

Polishing and Publishing

- Write a final draft that is free of errors. Share your writing with others.

1. Interrogative – Asks a question. Use a “?”

Would you share your cookies?

2. Declarative – Makes a Statement. Use a “.”

I will not share my cookies.

3. Imperative – Makes a command. Use a “.”

Share your cookies with me.

4. Exclamatory – Communicates strong emotion or surprise. Use an “!”

I cannot believe you ate 27 cookies!

NON-ALLOWABLE

***Example: Dolch Sight List
List 5**

| | | | |
|--------|-------|-------|--------|
| from | want | put | every |
| good | don't | too | pretty |
| any | how | got | jump |
| about | know | take | green |
| around | right | where | four |

* No sight word vocabulary, word walls, or content vocabulary should be displayed.

\leq Is smaller or equal to

\geq Is greater or equal to

NON-ALL AVAILABLE

FRACTIONS

$\frac{3}{5}$ - numerator

the number above the line in a fraction

5 - denominator

the number below the line in a fraction

OPERATIONS WITH FRACTIONS

To **add** or **subtract** different fractions, first obtain a common denominator:

$$\frac{1}{3} + \frac{2}{5} = \frac{5}{15} + \frac{6}{15} = \frac{11}{15}$$

To **multiply**, multiply the numerators and multiply the denominators:

$$\frac{1}{3} \times \frac{2}{5} = \frac{1 \times 2}{3 \times 5} = \frac{2}{15}$$

To **divide**, multiply the first with the reciprocal of the second fraction:

$$\frac{2}{3} \div \frac{1}{6} = \frac{2}{3} \times \frac{6}{1} = \frac{12}{3} = 4$$

FRACTIONS, DECIMALS, PERCENTS – common equivalents

$$1 = 1.0 = 100\%$$

$$\frac{1}{2} = 0.5 = 50\%$$

$$\frac{1}{3} = 0.\bar{3} = 33.\bar{3}\%$$

$$\frac{1}{4} = 0.25 = 25\%$$

$$\frac{1}{5} = 0.2 = 20\%$$

$$\frac{1}{6} = 0.1\bar{6} = 16.\bar{6}\%$$

$$\frac{1}{8} = 0.125 = 12.5\%$$

$$\frac{1}{9} = 0.\bar{1} = 11.\bar{1}\%$$

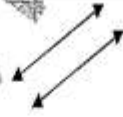

$$\frac{1}{10} = 0.1 = 10\%$$

$$\frac{1}{12} = 0.08\bar{3} = 8.\bar{3}\%$$

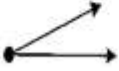

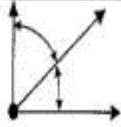

$$\frac{2}{3} = 0.\bar{6} = 66.\bar{6}\%$$

$$\frac{3}{4} = 0.75 = 75\%$$

PROPERTIES OF ADDITION AND MULTIPLICATION

Commutative property
of addition

$$a + b = b + a$$

Commutative property
of multiplication

$$ab = ba$$

Associative property
of addition

$$a + (b + c) = (a + b) + c$$

Associative property
of multiplication

$$a(bc) = (ab)c$$

Distributive property
of multiplication over addition

$$a(b + c) = ab + ac$$

Distributive property
of multiplication over subtraction

$$a(b - c) = ab - ac$$

DIVISIBILITY RULES

A whole number is divisible by...

| | | | |
|---|---|----|---|
| 2 | if the last digit is 0,2,4,6,8. | 6 | if the number is divisible by both 2 and 3. |
| 3 | if the sum of the digits is divisible by 3. | 9 | if the sum of the digits is divisible by 9. |
| 5 | if the last digit is 5 or 0. | 10 | if the last digit is 0. |

NUMBERS

| | | |
|--------------------------------|--|--|
| Prime Number: | A whole number which has only two factors, itself and 1. | Examples: 2, 3, 7, 11, 13, 17. |
| Common Factor: | A number that is a factor of two or more numbers. | Examples: 1, 2, and 4 are common factors of 12 and 16. |
| Greatest Common Factor: | The greatest number that is a factor of two or more numbers | Example: 4 is the greatest common factor of 12 and 16. |
| Least Common Multiple: | The smallest number that is a multiple of two or more numbers. | Example: 12 is the least common multiple of 2, 3, 4, and 6. |

PROBLEM SOLVING STEPS

| | | |
|---|-------------------------|---|
| 1 | UNDERSTAND & EXPLORE | First things first: find out what the real problem is. |
| 2 | GUESS & CHECK | Make a reasonable guess and check it out; try again if necessary. |
| 3 | SOLVE THE PROBLEM | Sort out all the information, draw a picture, graph or table, and write it out in math. Sometimes it may help to work backward! |
| 4 | CHECK YOUR ANSWER | Think logically... does your solution make sense? Try it out if you can. |

$$a(b+c) = ab + ac$$

$$(a+b)^2 = a^2 + 2ab + b^2$$

$$(a-b)^2 = a^2 - 2ab + b^2$$

$$a^2 - b^2 = (a+b)(a-b)$$

$$a^2 + 2ab + b^2 = (a+b)^2$$

$$a^3 + b^3 = (a+b)(a^2 - ab + b^2)$$

EXPANDING

$$(a+b)(c+d) = ac + ad + bc + bd$$

$$(a+b)^3 = a^3 + 3a^2b + 3ab^2 + b^3$$

$$(a-b)^3 = a^3 - 3a^2b + 3ab^2 - b^3$$

FACTORING

$$a^3 - ab = ab(a^2 - 1) = ab(a+1)(a-1)$$

$$a^2 - 2ab + b^2 = (a-b)^2$$

$$a^3 - b^3 = (a-b)(a^2 + ab + b^2)$$

QUADRATIC FORMULA

The solution for a quadratic equation

$$ax^2+bx+c=0$$

is given by the

quadratic formula:

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$

PROPERTIES OF EXPONENTS

If $a, b \in \mathbb{R}$, $a, b \geq 0$, and $p, q, r, s \in \mathbb{Q}$, then:

| | | | | |
|---|-----------------------------|---|--|---|
| 1 | $a^r a^s = a^{r+s}$ | $\left. \begin{array}{l} a^p a^q \\ a^r \end{array} \right\} = a^{p+q-r}$ | 5 | $\left(\frac{a}{b}\right)^r = \frac{a^r}{b^r} \quad (b \neq 0)$ |
| 2 | $\frac{a^r}{a^s} = a^{r-s}$ | | 6 | $a^0 = 1 \quad (a \neq 0)$ |
| 3 | $(a^r)^s = a^{rs}$ | 7 | $a^{-r} = \frac{1}{a^r} \quad (a \neq 0)$ | |
| 4 | $(ab)^r = a^r b^r$ | 8 | $a^{\frac{r}{s}} = \sqrt[s]{a^r} \quad a^{\frac{1}{2}} = \sqrt{a} \quad a^{\frac{1}{3}} = \sqrt[3]{a}$ | |

PROPERTIES OF LOGARITHMS

| | |
|--|--|
| $\log(xy) = \log x + \log y$ | $\log\left(\frac{x}{y}\right) = \log x - \log y$ |
| $\log y^r = r \log x$ | |
| $\log x = n \leftrightarrow x = 10^n$ (common log) | $\pi \approx 3.14159265$ |
| $\log_a x = n \leftrightarrow x = a^n$ (log to the base a) | $e \approx 2.71828183$ |
| $\ln x = n \leftrightarrow x = e^n$ (natural log) | |
