3. Whether the applicant requests that a Partial Allocation be granted in the event the Board is unable to grant a Notice of Allocation for the full amount of the Threshold Portion requested; and
4. Whether, if a Partial Allocation is made, the applicant wishes the Allocation Shortfall to be treated as a separate Application.

B. In addition, Applications filed on or after November 1, of each year shall be accompanied by either of the following (unless previously filed with the Board):

1. A certified copy of the transcript of the proceeding of the Governing Body authorizing the issuance of the Bonds; or

This statement shall cite by constitutional or statutory reference the provision of the Constitution of law of the State which authorizes the Bonds for the Project; and

(c) Either

- (ii) In the case of a public offering of Bonds, a letter from a lender, financial institution, underwriter or investment banker, addressed to the Board, the Borrower or the Issuer, stating that the lender, financial institution, underwriter or investment banker, as the case may be, has agreed to tender a

contract for the purchase of the Bonds.

C. The Board shall stamp or otherwise designate the date and time on which it receives each Application. The Application shall be considered approved, and shall be stamped approved when each of the items required under Subsection A or Subsections A and B above, as applicable, has been received in proper form by the Board. Any application which is not in proper form and which is determined not to be an Approved Application may be corrected and refiled at any time. Receipt shall be deemed to occur only on a Business Day.

D. Within three (3) days after the Board receives the Approved Application the Board shall:

1. Give its Notice of Allocation, approving the Allocation requested by such Application; or

2. Give its Notice of Allocation, approving less than the full amount requested by such Application, if the applicant has so requested a Partial Allocation in the event the Board is unable to approve the Allocation requested; in such event, if the applicant has requested that the Allocation Shortfall be treated as a separate Application, such Allocation Shortfall shall be treated as though it were a separate Application filed on the date and time on which the original Application was filed; or

3. Give notice to the Issuer that the Allocation requested by the Application has not been approved or denied because the Threshold Portion has been exhausted or is insufficient to make the requested allocation, and request written direction from the Issuer or the Borrower as to whether the Board should retain the Application for approval in the future or whether the Application should be withdrawn or otherwise. If the Threshold Portion is insufficient to make the requested Allocation and the applicant requests the Board to hold its Approved Application until the full amount of the requested Allocation can be granted, the Board shall not give Notices of Allocation from the Threshold Portion for Approved Applications filed later than such Approved Application unless the Board determines that it is unlikely that the full amount requested in such Approved Application will be available during the calendar year.

E. Notices of Allocation shall be given with respect to Approved Applications in the chronological order, by date and time, in which the Approved Applications were received by the Board (except as otherwise provided in this subsection), shall bear an effective date beginning on the date of issuance of the Notice of Allocation and shall bear an Expiration Date as follows:

1. Sixty (60) calendar days from the date of issuance, if issued on or after January 1, and on or before October 15.

2. December 15, if issued after October 15, and prior to December 9.

3. Seven (7) calendar days from the date of issuance, if issued on or after December 9, but in no event shall the Expiration Date be later than December 31.

F. If at any time none of the Threshold Portion remains available for Notices of Allocation, but additional amounts of the Threshold Portion become available later in the year because Confirmation of Issuance was not received by the Board on or

before the applicable Expiration Date for any Notice of Allocation, or because the Board has transferred any portion of the State's Ceiling to the Threshold Portion pursuant to Section 6 or Section 7 of this Order, the Board shall give a Notice of Allocation with respect to Approved Applications earlier received, including any Approved Applications which failed to receive a Notice of Allocation pursuant to Subsection D above or for which an Allocation Shortfall was treated as a separate Application. Such Notices of Allocation shall be given, to the extent that the Threshold Portion becomes available at such later time, with respect to Approved Applications in the chronological order, by date and time, in which they were received by the Board (except as otherwise provided in Section 5 D 3).

G. When Bonds covered by a Notice of Allocation have been issued, Confirmation of Issuance shall be filed with the Board on or before the Expiration Date.

H. If Confirmation of Issuance is not received by the Board on or before the applicable Expiration Date, the amount covered by the particular Notice of Allocation shall automatically be returned to, and added to, the Threshold Portion, and shall be available for use in other Notices of Allocation; provided, if Confirmation of Issuance is received after the applicable Expiration Date, the Board may, in its discretion and provided amounts are available for such Project, treat such Bonds as though Confirmation of Issuance had been received on or before the applicable Expiration Date.

I. If Confirmation of Issuance is not received by the Board on or before the applicable Expiration Date with respect to a Notice of Allocation, the Issuer may file additional Applications after the Expiration Date with respect to all or any part of the issue of Bonds covered by such Notice of Allocation, but such Applications shall be treated as filed on the next day after actually filed (and at the time of day such Application was filed) for purposes of determining which Applications shall receive a Notice of Allocation where the amount of Approved Applications on the actual day of filing exceeds the amount of the Threshold Portion available at that time for Notices of Allocation.

J. If, and to the extent that, amounts requested pursuant to Approved Applications from the Exempt Facility Portion exceed the Unused Amount of the Exempt Facility Portion, the Board may, at any time and from time to time between June 1, and October 31, of each year, transfer to the Exempt Facility Portion all or any part of the Unused Amount of the Threshold Portion in excess of the following percentages of the original Threshold Portion for that year:

<u>Month of Transfer</u>	<u>Percentage of original Threshold Portion</u>
June	50%
July	40%
August	30%
September	20%
October	10%

K. If, and to the extent that, amounts requested pursuant to Approved Applications from the Exempt Facility Portion exceed the Unused Amount of the Exempt Facility Portion, the Board may, at any time and from time to time on or after November 1, of each year, transfer all or any part of the Unused Amount of the Threshold Portion to the Exempt Facility Portion.

L. If, and to the extent that, amounts requested pursuant to Approved Applications from the Threshold Portion exceed the Unused Amount of the Threshold Portion, the Board may, at any time and from time to time between June 1, and October 31, of each year, transfer to the Threshold Portion all or any part of the Unused Amount of the Exempt Facility Portion in excess of the following percentages of the original Exempt Facility Portion for that year:

<u>Month of Transfer</u>	<u>Percentage of original Exempt Facility Portion</u>
June	50%
July	40%
August	30%
September	20%
October	10%

M. If, and to the extent that, amounts requested pursuant to Approved Applications from the Threshold Portion exceed the Unused Amount of the Threshold Portion, the Board may, at any time and from time to time on or after November 1, of each year, transfer all or any part of the Unused Amount of the Exempt Facility Portion to the Threshold Portion.

SECTION 6. The Exempt Facility Portion of the State's Ceiling is hereby established in an amount equal to twenty-five percent (25%) of the State's Ceiling after deducting the Student Loan Allocation for the year of calculation. Applications for Notices of Allocation from the Exempt Facility Portion shall be received and acted upon as follows:

A. All Applications shall be filed on a form promulgated from time to time by the Board. The Application form shall set forth: (i) the name and address of the Issuer and each Borrower; (ii) the dollar amount of the Exempt Facility Portion requested; (iii) whether the applicant requests that a Partial Allocation be granted in the event the Board is unable to grant a Notice of Allocation for the full amount of the Exempt Facility Portion requested.

B. In addition, Applications filed on or after November 1, of each year shall be accompanied by the following:

1. The items which are required to accompany Applications for Notices of Allocation from the Threshold Portion set forth in Section 5 B 1 or 5 B 2 of this Order, except that such items shall specify amounts as to the Exempt Facility Portion.

2. A written opinion of Bond Counsel, addressed to the Board, to the effect that the Bonds which are covered by the Application will, based upon the information available at that time to such Bond Counsel, qualify as Exempt Facility Bonds, when issued.

C. The Board shall stamp or otherwise designate the date and time on which it receives each Application. The Application shall be considered approved, and shall be stamped approved, when each of the items required under Subsection A and Subsection B above, as applicable, has been received in proper form by the Board. Any application which is not in proper form and which is determined not to be an Approved Application may be corrected and refiled at any time. Receipt shall be deemed to occur only on a Business Day.

D. Within three (3) Business Days after the Board receives the Approved Application the Board shall:

1. Give its Notice of Allocation, approving the Allocation requested by such Application; or

2. Give its Notice of Partial Allocation, approving less than the full amount of the Allocation requested by such Application, if the Applicant has so requested a Partial Allocation in the event the Board is unable to approve the Allocation requested. In such event, if the applicant has requested that the Allocation Shortfall be treated as a separate Application, such Allocation Shortfall shall be treated as though it were a separate Application filed on the date and time on which the original Application was filed; or

3. Give notice to the Issuer that the Allocation requested by the Application has not been approved because the Exempt Facility Portion has been exhausted, or is insufficient to make the requested Allocation, and request written direction from the Issuer or the Borrower as to whether the Board should retain the Application for approval in the future or whether the Application should be withdrawn or otherwise.

E. Such Notices of Allocation shall be given with respect to Approved Applications in the chronological order, by date and time, in which the Approved Applications were received by the Board, shall bear an effective date beginning on the date of issuance of the Notice of Allocation and shall bear an Expiration Date as follows:

1. Sixty (60) calendar days from the date of issuance, if issued on or after January 1, and on or before October 15.

2. December 15, if issued after October 15, and prior to December 9.

3. Seven (7) calendar days from the date of issuance, if issued on or after December 9, but in no event shall an Expiration Date be later than December 31.

F. If at any time none of the Exempt Facility Portion remains available for Notices of Allocation, but additional amounts of the Exempt Facility Portion become available later in the year because Confirmation of Issuance was not received by the Board on or before the applicable Expiration Date for any Notice of Allocation, or because the Board has transferred any Portion of the State's Ceiling to the Exempt Facility Portion pursuant to Section 5 or Section 7 of this Order, the Board shall give a Notice of Allocation with respect to Approved Applications earlier received, including any Approved Applications which failed to receive a Notice of Allocation pursuant to Subsection D above or for which an Allocation Shortfall was treated as a separate Application. Such Notices of Allocation shall be given to the extent that the Exempt Facility Portion becomes available at such later times, with respect to Approved Applications in the chronological order, by date and time, in which they were received by the Board.

G. When Bonds covered by a Notice of Allocation have been issued, Confirmation of Issuance shall be filed with the Board on or before the Expiration Date.

H. If Confirmation of Issuance is not received by the Board on or before the applicable Expiration Date, the amount covered by the particular Notice of Allocation shall automatically be returned to, and added to, the Exempt Facility Portion, and shall be available for use in other Notices of Allocation; provided, if Confirmation of Issuance is received after the applicable Expiration Date, the Board may, in its discretion and provided amounts are available for such Project, treat such Bonds as though Confirmation of Issuance had been received on or before the applicable Expiration Date.

I. If Confirmation of Issuance is not received by the Board on or before the applicable Expiration Date with respect to a Notice of Allocation, the Issuer may file additional Applications after the Expiration Date with respect to all or any part of the issue of Exempt Facility Bonds covered by such Notice of Allocation, but such Applications shall be treated as filed on the next day after actually filed (and at the time of day such Application was filed) for purposes of determining which Applications shall receive a Notice of Allocation where the amount of Approved Applications on the actual day of filing exceeds the amount of the Exempt Facility Portion available at that time for Notices of Allocation.

SECTION 7.A. The Student Loan Portion of the State's Ceiling is hereby established, and an allocation thereto is hereby made in an amount equal to Seventy-five Million Dollars (\$75,000,000) for 1984, and Thirty-five Million Dollars (\$35,000,000) for each year thereafter, plus any amounts allocated to the Student Loan Portion pursuant to Subsection B of this Section and any amounts transferred to the Student Loan Portion pursuant to the provisions of Section 8 or other applicable provisions of this Order.

B. Upon written request of the Board, the Issuer of Student Loan Bonds shall promptly provide a written certification to the Board as to the amount available in the Student Loan Allocation which the Issuer reasonably expects to utilize. Any amount of the Student Loan Allocation which the Issuer does not certify that it reasonably expects to utilize, and which another Issuer may utilize in accordance with the Legislation, may be transferred from time to time by the Board, in whole or in part, to the Threshold Portion or the Exempt Facility Portion. If such a transfer is made, an amount equal to that transferred shall be allocated from the State's Ceiling to the Student Loan Portion in the succeeding calendar year in addition to the Student Loan Allocation for that year as set forth above.

C. Student Loan Bonds may be issued at any time to the full extent of the amount available in the Student Loan Portion, but not in excess of such amount. Confirmation of Issuance of Student Loan Bonds shall be furnished to the Board by the Issuer within thirty (30) Business Days after the date of issuance, but in any event on or before the last Business Day of the year in which such Bonds were issued.

SECTION 8.A. In contemplation that regulations with respect to the use of carryforwards will be promulgated under the Code, the Board may promulgate such rules and procedures as may be necessary in order to implement the provisions of the Legislation and any regulations promulgated pursuant to the Legislation for carryforward projects. Bonds for carryforward projects may be issued during the three (3) calendar years (or, in the case of a project described in Subseciton 103(b)(4)(F) of the Code, six (6) calendar years) following the calendar year in which the carryforward arose.

B. If there is any unused amount remaining in the Student Loan Allocation at the close of business on the last Business Day of a year, and if the Issuer of Student Loan Bonds has previously filed with the Board one or more elections to treat one or more Student Loan Projects as carryforward projects, and have in the election specified the carryforward amount or amounts, the Board shall allocate such unused amounts to such Student Loan Project or Projects, and such Student Loan Project or Projects shall be treated as a carryforward project or projects in the specified carryforward amount under the Legislation.

C. If there is any Unused Amount remaining in either the Exempt Facility Portion or the Threshold Portion at the close of business on the last Business Day of a year, and if Issuers have previously filed with the Board elections to treat specific Exempt Facility Projects (including Priority Projects) or Student Loan Projects (excluding Student Loan Projects with respect to which the full carryforward amount specified in the election has been allocated pursuant to Subsection B above) as carryforward projects, and have in the election specified the carryforward amounts, the Board shall:

1. Allocate such Unused Amounts to such Exempt Facility Projects (including Priority Projects) and Student Loan Projects with respect to which Issuers have filed such elections, in order of priority as follows:

(a) First, to those Priority Projects which are reasonably expected to be financed with Bonds to be issued during the ensuing calendar year (proportionately in relation to the carryforward amounts specified in the elections if the Unused Amounts are less than the aggregate of the carryforward amounts specified in all such elections);

(b) Second, to those Exempt Facility Projects and Student Loan Projects which are reasonably expected to be financed with Bonds to be issued during the ensuing calendar year (proportionately in relation to the carryforward amounts specified in the elections if the remaining Unused Amounts are less than the aggregate of the carryforward amounts specified in all such elections);

(c) Third, to Priority Projects not described in paragraph (a) above (proportionately in relation to the carryforward amounts specified in the elections if the remaining Unused Amounts are less than the aggregate of the carryforward amounts specified in all such elections);

(d) Fourth, to Exempt Facility Projects and Student Loan Projects not described in paragraph (b) above (proportionately in relation to the carryforward amounts specified in the elections if the remaining Unused Amounts are less than the aggregate of the carryforward amounts specified in all such elections);

provided that the allocation to Student Loan Projects pursuant to Subparagraph (d) above shall not exceed Twenty Million Dollars (\$20,000,000); and

2. Allocate any remainder to Student Loan Projects, to the extent that evidence of elections with respect thereto shall be on file with the Board. After Unused Amounts are allocated to any Priority Project, any other Exempt Facility Project or any Student Loan Project, such projects shall be treated as carryforward projects under the Legislation.

D. Bonds issued to finance all or part of any project designated as a carryforward project shall be included within the carryforward amount for such carryforward project if:

1. A statement that such Bonds have been issued with a reference to the carryforward project is delivered to the Board within thirty (30) days of the issuance of such Bonds; and

2. Either

(a) Such Bonds are issued to finance a Student Loan Project as part of a carryforward amount allocated pursuant to Subsection B or Subsection C 2 above and Bonds in aggregate principal amount equal to or greater than all amounts allocated to Student Loan Projects pursuant to Subsection C 1 above shall have been issued, or

(b) Such Bonds are issued in aggregate principal amount sufficient to, together with all other obligations previously issued and included within such carryforward amount for such carryforward project, aggregate at least seventy-five percent (75%) of the carryforward amount with respect to such carryforward project, or

(c) The Board shall have certified such obligations as included within such carryforward amount.

E. In the event that any Issuer anticipates issuing obligations to be included within the carryforward amount for a particular project, unless such obligations will meet either the test set forth in Subparagraph D 2 (a) above or the test set forth in Subparagraph D 2 (b) above, the Issuer shall notify the Board of its intent to issue such Bonds, and advise the Board of reasons for the issuance of such Bonds in principal amount less than the carryforward amount. The Board shall be conclusively deemed to have certified that such obligations will be included in the carryforward amount for such carryforward project unless, within five (5) Business Days of receipt of such notice, it determines:

1. That the Issuer and, unless such Bonds are Student Loan Bonds, the Borrower, do not reasonably expect that Bonds will be issued to finance such carryforward project in aggregate principal amount equal to at least seventy-five percent (75%) of the carryforward amount specified for such carryforward project; and

2. That the Issuer and, unless the Bonds are Student Loan Bonds, the Borrower, did not reasonably expect, on the date on which Unused Amounts were allocated to such carryforward project, that Bonds would be issued to finance such carryforward project in an aggregate principal amount equal to at least seventy-five percent (75%) of the carryforward amount specified for such carryforward project.

F. In the event that Unused Amounts are allocated to a carryforward project pursuant to Subparagraph C 1 above, and Bonds are not issued to finance all or any part of a carryforward project within the period specified therefor, if the Board determines that the Issuer and, unless the Bonds are Student Loan Bonds, the Borrower, did not reasonably expect, on the date on which Unused Amounts were so allocated to such carryforward project, to issue Bonds to finance all or part of such carryforward project, the Board may, in its discretion and for such period of time as it shall determine to be appropriate, refuse:

1. To accept Applications for Projects with respect to which the Borrower designated in the election with respect to such carryforward project (or any Related Person to such Borrower) will be a Borrower; and

2. To allocate carryforward amounts to carryforward projects with respect to which such Borrower (or any Related person to such Borrower) will be a Borrower; and

3. In the case of Student Loan Bonds, to allocate carryforward amounts to Student Loan Projects pursuant to Subparagraph C 1 above.

SECTION 9. Since the Legislation requires the State to allocate a portion of the State's Ceiling for years after 1984, first to Priority Projects, the procedure therefor shall be as follows:

A. Any Issuer which claims to have a Priority Project shall furnish to the Board, not later than December 1, 1984, the following:

B. The effective date of any State legislation with respect to the State's Ceiling; or

C. The effective date of an amendment to the Legislation eliminating the State's Ceiling.

SECTION 14. This Order shall be construed, interpreted and enforced in accordance with the laws of the State. Each and every section and subsection of this Order is intended to be legal and enforceable, but if any section or subsection shall be finally determined by a court of competent jurisdiction not to be legal or enforceable, the remainder of this Order shall continue to be legal and enforceable.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.
