TO THE SECRETARY OF STATE OF THE STATE OF MISSISSIPPI

We, the undersigned citizens and qualified electors (registered voters) of the State of Mississippi, respectfully direct that this petition
and the proposed measure known as Initiative Measure No. 24, entitled:

“Should the Mississippi Constitution be amended to adopt legal standards
defining and protecting human life as provided in Initiative #24?”

a full, true and correct copy of which is printed or attached to this petition, be transmitted to the Legislature of the State of Mississippi at its next ensuing regular session, and we respectfully petition the Legislature to adopt the proposed measure; and each
of us for himself or herself says:

“I have personally signed this petition, I am a qualified elector (registered voter) of the State of Mississippi
in the city (or town), county, and congressional district written after my name, my residence address is correctly
stated and I have knowingly signed this petition only once.”

BALLETSUMMARY: Initiative #24 would amend the Mississippi
Constitution to require legal recognition that human life begins and is
protected at the moment of fertilization, and to forbid taking the life
of a person by aiding a suicide attempt or by depriving an unborn person
of life. “Person” would be defined (without regard for conditions such as
race, sex, age, health, function or dependency) to include all stages of
biological development from fertilization until natural death.

Dear God, today I choose life and ask for the forgiveness of my sin and the sin of my fathers, who
came before me, for allowing the blood of the innocent to be shed in America. God, I agree with
you in that all innocent human life must be respected and protected and to do otherwise is a crime.

BIBLE SOURCE: Leviticus 26:40-42 & Nehemiah 9:1-3; James 4:17

We hold these truths to be self-evident, that all persons are created equal, that they are endowed by
their Creator with certain inalienable Rights, that among these are the Right to Life, that is, the Right to
not have one’s life taken from them. Therefore, the government of the state of Mississippi shall recognize
and defend the God-given Right to Life of all persons equally in accordance with Section 14 of the State
Constitution of 1890. The word “person” shall apply to all human beings, regardless of race, color, creed,
religion, citizenship, ancestry, national origin, sex, age, health, function, or condition of dependency, at all
stages of biological development from fertilization until natural death.

No person shall deprive another person of life by assisting or aiding in their suicide. No person shall
deprive an unborn person of life; provided, however, that nothing in this amendment shall prohibit a law
allowing justification to be shown for only those medical procedures required to prevent
the death of either the pregnant woman or her unborn offspring as long as such law
requires every reasonable effort be made to preserve the life of each.

No designated funds are required to implement this amendment.

Section 14 of the State Constitution - Due Process Clause:
“No person shall be deprived of life, liberty, or property except by due process of law.”
PROTECTING ALL LIFE EQUALLY

Those most vulnerable in our society are under attack. Initiative 24 goes beyond Personhood for the Unborn to protect others vulnerable in our society including the Elderly, Handicapped, and Infirmed. Initiative 24 PROTECTS ALL LIFE EQUALLY and goes beyond words by forcing the State to enforce equal protection of all human life.

In 2005, Pro-Life Dave introduced in Mississippi the first ever State Human Life Amendment (aka Personhood Amendment) in U.S. History. Today this amendment still stands alone as:
* designed to protect all life equally.
* capable of surviving Federal Court challenges.
* capable of overturning Roe v. Wade which we believe will trigger an end to all abortion throughout the entire United States.

PROTECTS ALL LIFE EQUALLY

Q: I’ve seen the Mississippi Legislature and other states pass a ban on abortion. How is Initiative 24 different or even necessary?

Answer: All legislative activity you’ve seen on the news to outright ban abortion can easily be overturned by the Federal courts.

To understand the Federal Courts better let’s take a look at this question: Does a person have the right to make medical decisions for themself? The common sense answer is obviously yes. This is a fundamental right.

At present, all courts consider abortion a medical decision, so any legislative approach that is worded to heavily restrict or outlaw abortion will fail because the courts view it as ‘taking away’ a woman’s rights, a legal ‘negative’.

The only way to end abortion is through a constitutional amendment that legally recognizes unborn children as persons, a legal ‘positive’. This grants recognition of the human rights of unborn children and would automatically legally maneuver Federal courts into doing the same.

This approach frames the question properly:
Should we protect unborn children from being killed since they are human beings? The common sense answer is obviously yes. A baby’s Right to Life outweighs the mother’s fundamental right to make her own medical decisions, except when saving her own life.

WE NEED YOUR HELP

We need to raise 90,000 petition signatures of registered voters in Mississippi. This petition calls for a state-wide vote on Initiative 24 and lets the people decide if it should be a part of our constitution.
