- The Election Commissioners, or the officials in charge of the election, must then deliver the "Resolution Board" envelope to the judges on the resolution board.

Evaluation Standards

1. An over-vote for any office or measure results in an invalid vote for that entire office or measure and the voter is deemed to have voted for none. An under-vote for a particular office or measure will be valid but no vote will be counted more than once.
2. If a voter casts more than one vote for the same candidate, the first vote is valid and the other votes for that candidate are invalid.

DELBERT HOSEMANN
Secretary of State

Evaluation Standards

3. A write-in vote for a candidate will not be considered to be defective if the name is misspelled or identified by an abbreviation so long as the intent of the voter can be ascertained.
4. When a voter writes in the name of a candidate for President of the United States whose name is printed on the ballot, the failure by the voter to write in the name of a Vice President choice does not invalidate the vote for the slate of electors.

DELBERT HOSEMANN
Secretary of State

Evaluation Standards

5. For any ballot measure in which the words "for" or "against" are used, the Resolution Board shall count a vote where a voter marks the ballot by writing the words "for" or "against" so long as it is not written next to the space that is contrary to the preference.
6. For any ballot measure in which the words "yes" or "no" are used, the Resolution Board shall count a vote where a voter marks the ballot by writing the words "yes" or "no" so long as it is not written next to the space that is contrary to the preference.

DELBERT HOSEMANN
Secretary of State

OMR Ballot
Acceptable Marks

- In reviewing a ballot that a voter fails to fill in the circle, a Resolution Board shall count the vote if:
 1. The voter marks the circle with an (X) or checkmark and the lines intersect within or on the line of the circle by the ballot measure or candidate.
 2. The voter blackens the circle and the blackened portion extends beyond the boundaries of the circle.
 3. The voter marks the ballot with an (X) or checkmark and the lines that form the mark intersect adjacent to the ballot measure or the name of the candidate.

DELBERT HOSEMANN
Secretary of State

OMR Ballot
Acceptable Marks (cont.)

4. The voter underlines the ballot measure or the name of a candidate.
5. The voter draws a line from the circle to a ballot measure or the name of a candidate.
6. The voter draws a circle around the ballot measure or the name of the candidate.
7. The voter draws a circle around the circle adjacent to the ballot measure or the name of the candidate.

- OMR and automatic tabulating equipment shall be programmed, calibrated, adjusted and set up to reject ballot cards that appear to be damaged or defective.
- Any switch, lever or feature on OMR or automatic tabulating equipment that enables or permits the equipment to override the rejection of damaged or defective ballot cards so that such cards will not be reviewed by the resolution board, shall not be utilized.
