

*Report on Charitable Organizations
in Mississippi*

ERIC CLARK

STATE OF MISSISSIPPI

A Message from the Secretary of State

Dear Fellow Mississippians,

We have a nationally renowned reputation for our generosity here in Mississippi, often ranking number one in the nation when it comes to supporting charities. That's why we at the Secretary of State's Office think it's important to provide you with this, the 2005 edition of the *Report on Charitable Organizations in Mississippi*.

We want you to be able to make informed choices when you contribute to charitable organizations. And, we've worked with the charity community to give you a clear and accurate picture of our state's charitable organizations' financial activity for their most recent fiscal year.

The Council of Better Business Bureaus suggests that reasonable use of charitable funds requires that:

- ❑ At least sixty-five percent (65%) of total expenses is spent on program activities directly related to the organization's purposes; and
- ❑ Fundraising costs do not exceed thirty-five percent (35%) of related contributions.

An organization not meeting one or more of these percentage limitations should provide evidence to demonstrate that its use of funds is reasonable. Higher fundraising and administrative costs of a bingo charity or a newly created organization, donor restrictions on the use of funds, exceptional bequests, a stigma associated with a cause, and environmental or political events beyond an organization's control are among the factors which may result in costs that are reasonable, although they do not meet these percentage limitations.

Please call my office at (601) 359-1350 or (888) 236-6167 if you have any questions or comments about this report or any other charities issue. Thank you for your support of Mississippi's charities.

Sincerely,

A handwritten signature in black ink that reads "Eric Clark". The signature is written in a cursive, flowing style.

Introduction

STATUTORY AUTHORITY AND RESPONSIBILITIES

The Secretary of State has the statutory responsibility of protecting citizens by enforcing Mississippi's charitable solicitation laws. State law requires organizations intending to solicit charitable donations from Mississippi citizens to register with the Secretary of State. Solicitation includes any oral or written request, however communicated, whether directly or indirectly, for a contribution. Bona fide, duly constituted religious institutions are not required to register or file exemption forms with the Secretary of State's Office.

PURPOSE OF THE REPORT

In carrying out the responsibility of protecting citizens, the Secretary of State's Office requires all charities to submit certain financial information for review each year. This report provides a summary of the financial information on file with the Secretary of State as of June 30, 2005. Pursuant to state law, all charitable organizations' registration and financial documents are public record available to all citizens.

This report was prepared to inform the citizens of Mississippi about how their contributions and other funds are being used, and to assist them in making informed decisions when contributing to charitable organizations. This report is not intended as an endorsement or criticism of any particular organization. In addition, registration by a charitable organization with the Secretary of State does not constitute an endorsement or approval by the State of Mississippi.

This report includes the following sections:

Section I – Registered Charities in Mississippi

This section provides basic information on registered charities in Mississippi (excluding exempt charitable organizations). This section is divided into two sub-sections. The first sub-section provides certain financial information of each charity, and the second sub-section lists contact information including organizational name, address, and telephone number. A charitable organization's financial information may be excluded from this report for the following reasons:

- 1) The organization's registration lapsed and was not renewed prior to the annual expiration date; or
- 2) The organization sent in a registration or renewal without all of the required documents; therefore, registration is incomplete at the time of publication.

Section II – Registered Charities with Gaming Operations in Mississippi

This section provides basic information on charities having gaming operations (Bingo) in Mississippi (excluding exempt charitable organizations). This section is reported separately due to specific laws and regulations governing the charitable gaming aspects of these organizations. Divided into two sub-sections, the first includes certain financial information, as that reported elsewhere in this report, and the second provides contact information including organizational name, address, and telephone number. Financial information, provided by the Mississippi Gaming Commission, is also included for the gaming operations associated with the charity. Additional explanation of financial information for charities with gaming operations is included due to the special circumstances of their reporting. The charitable organization's financial information may be excluded from this report for the following reasons:

- 1) The organization's registration lapsed and was not renewed prior to the annual expiration date; or
- 2) The organization sent in a registration or renewal without all of the required documents; therefore, registration is incomplete at the time of publication.

Section III – Exempt Charities in Mississippi

This section provides basic information on charitable organizations that are exempt from state registration pursuant to Miss. Code Ann., § 79-11-505 (1972). This section lists for each organization its name, address, and telephone number. Exempt organizations, as enumerated by statute, are:

- (a) Accredited educational institutions;
- (b) Fraternal, patriotic, social, educational, alumni organizations, and historical societies who use only their memberships to solicit contributions;
- (c) Persons who are soliciting contributions for specified individuals in need, if the solicitations are made solely by persons who are unpaid;
- (d) Organizations which do not intend to solicit or receive and do not actually receive more than \$4,000 in contributions per year;
- (e) Organizations which receive allocations from registered united funds or community chests and receive less than \$4,000 from other sources;
- (f) All volunteer fire departments and rescue units which are chartered as nonprofit organizations by the State of Mississippi;
- (g) Any humane society which contracts with counties or municipalities for the care and keeping of strays; and
- (h) Any other organization which the Secretary of State by rule or order exempts from the registration requirements.

Donor Tips – Investigate Before You Give

The wisest giver is an informed giver. You give to a charity because you want to make a difference. And you want to make sure your hard-earned charitable contributions are spent in the most efficient, effective way possible. That is why the Secretary of State's Office recommends that you ask questions before you give.

Often, callers soliciting contributions are not volunteers, but rather professional fundraisers. These paid telemarketers are required to identify themselves under our charities law. In all cases, you should ask how much of every dollar raised goes to the charity.

Never be afraid to ask for information in writing. If asked, the professional charity telemarketer must immediately inform you of the percentage of money that actually goes to the charity. In addition, this information must be confirmed in writing by the telemarketer within fourteen (14) days of your request. You are entitled to the truth about where your money goes.

To make the most informed decisions regarding your charitable donations, follow these guidelines:

- ❑ **Know your charity.** Ask questions before giving and ask for answers in writing. Legitimate charities welcome your inquiries.
- ❑ **Avoid pressure tactics.** You do not have to give immediately; take time to evaluate the information provided by the group. Don't give in to "scare" tactics.
- ❑ **Watch for "same names."** Many charities have similar names. Some scam artists intentionally use names resembling those of respected groups. Make sure you know which group is really asking for your donation.
- ❑ **Be wary of telephone calls.** Get the name of the person calling and the exact name of the charity. Ask if the caller is a professional fundraiser, and, if so, how much of your donation actually goes to the charity.
- ❑ **Verify mail solicitations.** Be wary of mail including novelty items that you can keep "if you contribute." Federal law states that unless you ordered the item, you can keep it without contributing.
- ❑ **Always get receipts.** Especially for cash contributions, always get receipts. These are important for tax deductions and provide a tracking mechanism for donations.
- ❑ **Volunteer cautiously.** Remember, your family and friends trust you to know the organization. Make sure you do.

All charitable organizations are required to register with the Secretary of State's Office and renew yearly. Certain types of organizations are exempt from registration, but are nevertheless required to file a notice of exemption with the Secretary of State's Office. Bona fide, duly constituted religious institutions are not required to register or file exemption forms with the Secretary of State's Office. In addition, if an organization is a nonprofit corporation, it must file its formation document with the Filing Services Unit of the Business Services Division.

Call the Secretary of State's Office at (601) 359-1350 or (888) 236-6167 if you still have doubts - we will be happy to help.

Registered Charities in Mississippi

Column Key

Organization	Name of the registered charitable organization.
State	Location of the charity office.
Fiscal Year	The fiscal year for which the organization submitted financial information on file as of June 30, 2005. For example, a listing of <i>2004</i> means the financial information in the report corresponds to the organization's 2004 fiscal year information.
Total Revenue	Income from all sources received during the reported fiscal year. Total income does not necessarily equal total expenses. It is possible for a charitable organization to spend more or less than the total amount of income received within a single fiscal year.
Total Expenses	The amount of money a charity spent in the reported fiscal year. Total Expenses is the sum of four values: Fundraising Expenses, Administrative Expenses, Other Expenses, and Charitable Purpose Expenses.
Fundraising Expenses	The costs of raising funds from the public (e.g., costs of solicitations by mail, telephone, or person-to-person); the costs of items sold in the name of, or on behalf of, a charity; and the costs of special events.
Administrative Expenses	The costs of the charity's daily administration and management.
Other Expenses	Any costs which are not related to a charity's stated purpose, administration, or fundraising activities.
Charitable Purpose Expenses	Costs which are directly related to a charity's stated purpose or program service (e.g., public education programs, research, etc.).
Percentage of Expenses for Charitable Purposes	The amount of Charitable Purpose Expenses expressed as a ratio to Total Expenses.
Percentage of Expenses for Non-Charitable Purposes	The amount of Non-Charitable Purpose Expenses, which includes Fundraising Expenses, Administrative Expenses, and Other Expenses, expressed as a ratio to Total Expenses.

➤ *Please note that charities listed with zeros in all columns may be new or inactive charities. New charities are not required to submit financial information until after their first full fiscal year of operation.*

Dual Registration of Charitable Gaming Operations in Mississippi

The charitable organizations in this section are dually regulated in Mississippi. By law, the Mississippi Gaming Commission (MGC) issues licenses to charitable organizations conducting charitable gaming operations in Mississippi (Miss. Code Ann., § 97-33-50, et seq (1972)). As a part of this regulatory role, MGC receives fees from the licensee (Miss. Code Ann., § 97-33-107(b) and (c)(1972)) and provides for certain minimum and maximum prize amounts that are paid by these organizations (Miss. Code Ann., § 97-33-67 (2)(1972) and MGC Regulation S).

After prizes, MGC fees and authorized expenses are paid by the organization; by law, the remaining funds received must be paid to the charity itself for use in its charitable operations (MGC Regulation L, Section 12). These operations are then the subject of regulation by the Secretary of State (Miss. Code Ann., § 79-11-501, et seq (1972)), as are the operations of all non-exempt charitable organizations soliciting funds in Mississippi through gaming or other activities.

Charitable gaming entities are entitled to avail themselves of the same exemptions from registration with the Secretary of State (Miss. Code Ann., § 79-11-505 (1972)) as are other charities soliciting funds in this State. Exempt organizations, as enumerated by statute, are:

- (a) Accredited educational institutions;
- (b) Fraternal, patriotic, social, educational, alumni organizations, and historical societies who use only their memberships to solicit contributions;
- (c) Persons who are soliciting contributions for specified individuals in need, if the solicitations are made solely by persons who are unpaid;
- (d) Organizations which do not intend to solicit or receive and do not actually receive more than \$4,000 in contributions per year;
- (e) Organizations which receive allocations from registered united funds or community chests and receive less than \$4,000 from other sources;
- (f) All volunteer fire departments and rescue units which are chartered as nonprofit organizations by the State of Mississippi;
- (g) Any humane society which contracts with counties or municipalities for the care and keeping of strays; and,
- (h) Any other organization which the Secretary of State by rule or order exempts from the registration requirements.

In compliance with the Secretary of State's regulatory role, the following charitable gaming operations must file certain financial information detailing how the funds contributed to them are spent. As in the previous section, this report begins by showing total income from all sources, including gaming revenue. Next are listed the fundraising, administrative, and other expenses the charitable organizations report to the Secretary of State. Although the Secretary of State cannot mandate how expenses are reported, most gaming prizes, fees, and other gaming-related expenses are reported as fundraising expenses; most operating costs are reported as administrative expenses. Finally, these charitable gaming organizations report the total amount of money spent on charitable purposes. Again, gaming revenue and expenses are included in these figures for consistency.

This report also includes the name of the bingo hall associated with the charity as well as financial information regarding the bingo hall. The information on Total Receipts, Total Prizes Paid Out, Fees Paid to the Mississippi Gaming Commission, and Bingo Hall Administrative Expenses was provided by the Mississippi Gaming Commission. The net amount from bingo was calculated to demonstrate the net amount that may have been available to the charity. The Mississippi Gaming Commission can be contacted at 1-800-504-7529 or via its website at www.msgaming.com.

Registered Charities with Gaming Operations in Mississippi

Column Key

Organization	Name of the registered charitable organization.
State	Location of the charity office.
Fiscal Year	The fiscal year for which the organization submitted financial information on file as of June 30, 2005. For example, a listing of <i>2004</i> means the financial information in the report corresponds to the organization's 2004 fiscal year information.
Total Revenue	Income from all sources, which includes associated gaming revenue, received during the reported fiscal year. Total income does not necessarily equal total expenses. It is possible for a charitable organization to spend more or less than the total amount of income received within a single fiscal year.
Total Expenses	The amount of money a charity and its associated gaming operations spent in the reported fiscal year. Total Expenses is the sum of four values: Fundraising Expenses, Administrative Expenses, Other Expenses, and Charitable Purpose Expenses.
Fundraising Expenses	The costs of raising funds from the public (e.g., costs of solicitations by mail, telephone, or person-to-person); the costs of items sold in the name of, or on behalf of, a charity; and, the costs of special events. Also includes the costs of gaming operations, such as building rent, salaries, fees required to be paid to the Mississippi Gaming Commission, and prizes paid out.
Administrative Expenses	The costs of the charity's daily administration and management.
Other Expenses	Any costs which are not related to a charity's stated purpose, administration, or fundraising activities.
Charitable Purpose Expenses	Costs which are directly related to a charity's stated purpose or program service (e.g., public education programs, research, etc.).
➤ Bingo Hall Associated with the Charity	Name of the Bingo Hall associated with the charitable organization.
➤ Total Receipts from Bingo Hall	Income from all gaming activities received during the reported fiscal year of the associated charitable organization.

➤ *Information provided by the Mississippi Gaming Commission.*
