2010 Census Information

Taking part in the 2010 Census is one of the most important things you can do this year. From healthcare, to education, to jobs, to infrastructure, when your information is taken by a census worker, you are ensuring Mississippi receives its fair share of federal dollars.

If you did not receive a census form or have misplaced it, you can still be counted by calling this toll free number:

1 (866) 872-6868

Currently, approximately 67% of Mississippians have filled out their census forms, compared to 72% nationally. We want to make sure *every* Mississippian is counted. So please dial the toll free number above and make sure you are counted in the 2010 Census.

For more information, visit the 2010 Census Bureau website at www.census.gov. To see the participation rate in your city/county and how it compares to the current rate, [click here](#).
