Tom/Amy, do you have a marketing book or something along those lines for the Squared CDO (SQRD) we bought recently? If so, please pass it along to me. I want it mainly to determine what type of CDO it is so I can specifically classify it for our internal reporting. If you don't have a marketing book, please let me know what type of CDO it is, along with sending over any documentation you do have for it.

Thank you.
