

Title 19: Insurance

Part 5: Non-Auto Property & Casualty Insurance

Part 5 Chapter 1: (F&C 61-1) Notice To All Fire And Casualty Insurance Companies

Rule 1.01: Fire and Casualty Companies; Requirement to Notify Commissioner

WHEREAS, under date of July 15, 1960, the Commissioner of Insurance requested all fire and casualty insurance companies to notify their agents that failure by an agent to remit premiums due a company when such premiums had been collected from an insured would subject such agent to a hearing for revocation of license under the provisions of Section 5723-04, Mississippi Code of 1942, Recompiled.

WHEREAS, it is evident that the situation which prompted such notice has not improved but rather has become more acute, and as a result the insurance buying public is being subjected to cancellation of insurance by companies in an effort to reduce balances owed by delinquent agents.

IT IS THE POSITION OF THE DEPARTMENT that any fire or casualty insurance company operating in Mississippi which fails to report to the Department the name of any agent whose account is habitually in arrears in violation of his agency contract shall be considered as aiding and abetting a possible insolvency.

IT IS, THEREFORE, ORDERED that any fire or casualty insurance company failing to so report an agency delinquency as above outlined, and resorting to cancellation of outstanding policies written through said agency for the purpose of reducing the agency balance, shall be subject to a hearing to show cause why the license of said company should not be revoked.

SO ORDERED THIS 15th DAY OF JUNE, 1961.

Part 5 Chapter 2: (FR 68-1) Filing Regulations

Rule 2.01: General

- A. The Mississippi Insurance Commission meets regularly on the 3rd Friday of each month for the purpose of carrying out their duties in the regulation of rates, rules, and forms for fire, casualty and inland marine insurance. Filings to be considered should contain all information as outlined below, and should be received in the offices of the Commission at least 14 days prior to the Commission Meeting and should be addressed as follows:

Robert G. Gibson, Director
Mississippi Insurance Commission
P O Box 2306

Jackson, Mississippi 39205

B. In submitting fire, casualty, and/or inland marine forms and rate filings, all insurers and rating organizations shall use the following procedure and all filings must be accompanied by a letter of transmittal, said letter in duplicate and containing the following:

1. The company name and complete mailing address to which correspondence shall be sent.
2. Complete the Mississippi Worksheet for all rate filings.
3. A “Re” or “Caption” briefly describing the context of the material filed.
4. A complete description and explanation of the changes made by the filing. (The mere fact that a similar filing may have been previously approved for another insurer or rating organization will not suffice as an adequate explanation of a filing.)
5. A statement to identify the form or manual page to be replaced by the filing including previous approval and effective date.
6. A detailed discussion of the basis upon which the filing is supported. Filings which propose a change in a presently filed rate level should be supplemented by an exhibit or exhibits, where available, showing the company’s experience on a basis which supports the proposed change.
7. If statistical information is not available to fully support a filing, the company must give a complete explanation of the factors considered to justify the filing.
8. The proposed “rule of application” or “effective date” which would be used by the company if the filing were approved.
9. If a filing is identical with a filing made by a rating organization or independent filing company, it should be so indicated in the transmittal letter.
10. A statement signed by an authorized representative of the insurer who is familiar with the applicable laws and rules and regulations wherein it is certified that to the best of his knowledge, information and belief, the filings submitted are in compliance in all respects with the provisions of the insurance laws and rules and regulation of this state.

C. Forms Filings.

1. The filings of policy forms and endorsements made by a rating organization whose constitution, articles of association, by-laws or regulations grant control

over the forms to be used by its member and subscriber companies will be the filings of such companies; Provided, that each individual company shall also submit all basis policy forms or jackets to the Insurance Commission for approval.

2. Such filings of forms when made, and if not disapproved by The Mississippi Insurance Commission, will be adhered to by all members and subscribers of the rating organization making the filings, and any deviation by them from such accepted filings will be a violation.
3. Except as provided in (a) above, it will be the responsibility of each company so control its filings of forms as to promptly discontinue individual filings of those forms filed in their behalf by a rating organization, and to individually comply with the filing requirements for those forms not filed in their behalf by a rating organization.
4. A company newly taking membership or subscribership in a rating organization will be presumed to be issuing the forms of the rating organization from the effective date of membership or subscribership.
5. A company retiring from membership or subscribership in a rating organization will immediately on retirement meet filing requirements.
6. In order that forms and endorsements which follow the standard provisions filed by rating organizations can be readily recognized as a standard form, all such forms printed for use in Mississippi will bear a recognition designation corresponding to the designation given the standard form by the rating organization.

D. Rates – Classification, Fictitious Grouping.

1. No rate, rating plan or form for fire, inland marine, casualty or surety insurance covering risks in the state shall be unfairly discriminatory.
2. Insurers writing Mississippi risks shall not write fire, casualty, inland marine or surety coverages upon any firm corporation, individual or association of individuals at any preferred rate, coverage, or premium based on any fictitious grouping or classification of risks, and no insurer shall pay dividends or distribute profits to insureds belonging to any fictitious group or classification of risk, and no insureds belonging to any fictitious group or classification on a basis more favorable than would be the case if they were insured individually.
3. Any grouping of risks which is not in accord with the classification or grouping of risks recognized by an insurer's approved rate and policy form filings for individual risks and which does not possess the necessary homogeneous characteristics for group rating and classification, and has not been found to be in

compliance with the provisions of the Mississippi insurance code by the commissioner of insurance, shall be deemed to be a fictitious grouping.

E. Dividends, Participations.

All fire and casualty insurance contracts issued in Mississippi by a mutual insurer or reciprocal inter-insurance exchange and all participating fire and casualty insurance contracts issued in Mississippi by a capital stock insurer must contain a provision setting forth the fact that dividends may be paid on the policy:

Provided; however, that no capital stock insurer shall issue participating policies in Mississippi unless:

1. It has authority in its charter or articles of incorporation to issue participating policies, or
2. The supreme court of its state of domicile has held that a domestic capital stock insurer has inherent authority to issue participating policies, or
3. The attorney general or chief legal official of its state of domicile has ruled that a domestic capital stock insurer has inherent authority to issue participating policies.

F. Individual Risk Rating Plans.

1. Each such plan must be filed with the commission for approval and must specify the kind of insurance, or subdivision or combination thereof, to which the plan applies.
2. Each such plan must establish standards which bear a relationship to the variation in hazard and/or expense to be measured.
3. Any such plan must be applied to all eligible risks, and must be applied by company representatives responsible for underwriting the risk(s) involved.
4. Each company utilizing such plans must obtain all information necessary to determine the proper application of such plans to any particular risk. Such supporting information shall be retained by the company and made available to the commissioner upon his request.

G. For the purpose of this regulation “individual risk rating plans” means those plans embodying one or more of the following types of premium modification:

1. Risk Modification- the application of judgment debits and credits to the individual rates otherwise applicable, based on the individual’s risk’s variations in hazard;

2. Expense Modification- the variation of the premium for an individual risk that corresponds to the variation in the expenses of such risk from the provision for expenses applicable to the entire class of risk;
3. Experience Modification (Excluding Retrospective Rating Plans)- a variation in the premium for an individual risk that corresponds to that risk's variation in past loss experience from the provision for losses applicable to that entire class of risk.

3. Any such plan must be applied to all eligible risks, and must be applied by company representatives responsible for underwriting the risk(s) involved.
4. Each company utilizing such plans must obtain all information necessary to determine the proper application of such plans to any particular risk. Such supporting information shall be retained by the company and made available to the commission upon request.

B. Risks Declined in Normal Market.

When companies issuing casualty insurance in this state write a policy, the premium which results from the fact that the risk cannot contain such coverage in the normal market, the company should submit in duplicate a letter to the Mississippi Insurance Commission requesting approval and attach a signed statement from the insured using the following or wording of similar import:

1. I am unable to obtain (state kind) insurance at normal rates and hereby request the issuance of this policy at rates in excess of normal rates.
2. I have been unable to procure similar insurance at normal rates although my risk has been submitted to at least three (3) other insurance companies authorized to transact such business in Mississippi.

Rule 2.05: Reference Filing

For Casualty lines only, companies who are not members of a licensed rating organization may become "Reference Filers" in Mississippi. Forms to accomplish this will be submitted to licensed companies requesting same and contain the following language.

A. Reference Filing Procedure.

The Mississippi Insurance Commission has in effect a Reference Filing Agreement applicable to licensed casualty insurance companies who have no casualty rating bureau affiliation. The purpose of this system is to facilitate action on independent filings and eliminate the unnecessary duplications involved in filing complete bureau manuals with the exception pages for each company.

Any casualty company licensed to do business in Mississippi may make independent filings provided such company is not affiliated with a licensed rating bureau for those coverages.

It is the intent of this office to eliminate the necessity for filing manuals and revisions by soliciting your cooperation, which we believe will expedite the required action upon any filing made to this office.

This system will require the independent filer to notify this office that they are a manual subscriber to a particular rating bureau and will follow the standard manual and subsequent revisions as of the published effective date unless otherwise noted.

Any exception page must be filed as previously required in color and identifiable with the manual rule. Such pages should also be submitted in duplicate.

Rate deviations (variations from manual rates) must be supported as required by law.

This is not a mandatory requirement. If a company wishes to comply with this system, it must do so voluntarily. For that reason, we are attaching an agreement to be completed and returned to this office.

Full Company Name _____

REFERENCE FILING AGREEMENT

The undersigned is a purchaser of the manual service of the Bureau(s) checked below and agrees to accept, by reference, all filings and future revisions of all manuals filed by said Bureau and approved for use in the State of Mississippi. All changes are to become effective for the undersigned simultaneously with the Bureau filing. Nothing herein contained shall effect or abridge the right of the undersigned to file variations to any rates or rules contained in the Bureau manuals.

This agreement shall be effective as of the date it is approved by the Mississippi Insurance Commission and shall remain in full force until either withdrawn by the undersigned or ordered rescinded by the Mississippi Insurance Commission.

Coverage under any binder issued by the Plan Administrator shall be provided by the assigned carrier, subject to the provisions of this Plan, any applicable policy terms or conditions, and/or any applicable laws, rules, or regulations. The Plan Administrator will issue a binder to the employer, its representative, if any, the assigned carrier to which the Plan Administrator assigned the employer, and the appropriate state agency if required by law, subject to Plan rules, only when all of the following occur:
- The Plan Administrator is in receipt of complete and signed ACORD® 130 and 133 applications along with any additional information within the established time frame. The signature must be that of an officer, owner, or other designee with power of attorney.
 - The applicant is deemed eligible by the Plan Administrator.
 - The total initial or deposit premium has been received by the Plan Administrator within the established time frame.
- (2) The Plan Administrator uses a random, equitable assignment system to select the assigned carrier in accordance with Rule 4-A-9. Once coverage is bound, the assigned carrier will receive:
- A copy of the binder
 - The initial or deposit premium
 - The ACORD® 130 and 133 application
 - Copies of any provided election or rejection forms
 - Other forms submitted during the application review process
 - Any information to assist the assigned carrier in providing the proper coverage and correct rates (e.g., experience rating modification worksheet data, NCCI's Inspection and Classification Report, and change of ownership information (ERM-14), if applicable).
- Upon receipt of the assignment package, the assigned carrier will review the documents to ensure that all documentation needed to properly issue the policy is attached. Based on their separate review, the assigned carrier may request additional information and/or premium from the employer. All such requested information and/or premium must be received by the assigned carrier prior to issuing a policy.

RISK PLAN (PLAN)

EXHIBIT 1 (CONT'D)
BASIC MANUAL—2001 EDITION
STATE RULE EXCEPTIONS

Rule 4--WORKERS COMPENSATION INSURANCE PLAN RULES

The assigned carrier must issue the policy in accordance with Plan rules, state law, and the assigned carrier performance standards. Where these standards conflict with state law or regulation, the more stringent rule will apply.

j. Binder Information

The binder/verification page must be sent to the appropriate parties as required and must remain in effect until cancelled or until a policy has been issued in accordance with the carrier performance standards or state law. Coverage will not exist if a binder was not issued by the Plan Administrator.

k. Reassignment

An employer may submit to the Plan Administrator a written request for reassignment to a different assigned carrier, if available. The request for reassignment must be made in writing no less than thirty (30) days or more than sixty (60) days prior to the expiration of the current policy unless otherwise approved by the Plan Administrator or at the request of the regulatory authority.

The employer must provide the Plan Administrator with an acceptable reason(s) for the request along with the appropriate documentation.

Acceptable reasons for reassignment requests from an employer are:

- Documented items pertaining to assigned carrier service—timely issuance of statements, policies, and endorsements, or services not provided under the policy
- Documented refusal of or inability of an assigned carrier to supply a required type of coverage (i.e., longshore, coal mine, maritime, additional state exposures, etc.)
- Documented items pertaining to an assigned carrier's return of premium due to the insured, where there is no valid bona fide premium dispute
- Based on the assigned carrier's A.M. Best Rating or financial size category, if appropriate documentation is provided to and approved by the Plan Administrator
- Other substantial documented reasons are subject to approval in the discretion of the Plan Administrator

Any request for reassignment is subject to approval by the Plan Administrator. If the Plan Administrator approves the reassignment request, the employer must submit a new application along with the appropriate initial or deposit premium to the Plan Administrator and otherwise be eligible for continued coverage through the Plan in accordance with the Rule 4-A-3. All reassignments will be made on a random and equitable basis.

l. Producer Information:

(1) Producer Fee

The assigned carrier must pay a fee to the licensed agency on all new and renewal policies after the policy is issued. The carrier will pay the producer as written premium is collected. The carrier is required to process and mail fee payments within thirty (30) days from the date the policy is issued or thirty (30) days from the receipt of premium. The carrier may withhold payments until an accumulative total of \$25 per agency is reached. However, agencies will be paid their fees upon request regardless of the amount or if the withholding time period

exceeds six (6) months. The fee payment may also be applied to return fees that the agency may owe to the carrier from other assigned risk policies for that agency. No producer fee will be paid on premium not actually collected.

The producer fee paid by the assigned carrier will be in accordance with the Producer Fee Percentage Scales located in NCCI's *Assigned Risk Supplement to the Basic Manual*, and will be paid at the rate filed by the Plan Administrator with the state regulatory authority. It is the carrier's responsibility to determine whether or not the producer is properly licensed in the appropriate jurisdictions for payment of producer fees. If the producer listed on the application is not properly licensed, or if the employer designates a representative other than a licensed producer, the carrier will accept the assignment and the producer fee will not be paid. However, for all other purposes, the producer will be treated as the producer of record.

(2) Producer Changes

The employer may request a change to the licensed agency. Written notice must be provided to the assigned carrier, generally in the form of a "producer of record" letter. Such requests must be made prior to the date of renewal, or with the consent of the assigned carrier at another agreed upon time.

m. Additional Coverages

Additional coverages may be available to the employer through the assigned carrier. Refer to each state's *Workers Compensation Insurance Plan Supplement—Additional Coverages Under the WCIP* for those coverages available in each state.

n. Policy Term

The policy must be issued for a term of at least one (1) year, unless insurance for a shorter term has been requested. A short-term policy may be obtained only once within a twelve (12) month period unless agreed to by the assigned carrier.

4. Assigned Carrier**a. Responsibilities**

The assigned carrier is held accountable to the appropriate assigned carrier performance standards, state laws, regulations, and/or rules, market conduct requirements, or rating/advisory and/or statistical organization reporting requirements (where appropriate) for the following issues including, but not limited to:

(1) Policy Information Page

The Policy Information Page and all endorsements must be properly identified as a WCIP (Plan) or AR (Assigned Risk) policy (i.e., policy information submitted on hard copy must show the WCIP (Plan) or AR indicator and the binder number, where approved, by the policy number on the Information Page). This information must be submitted to the Plan Administrator or its designee within the time frame and the format established by the Plan Administrator.

BASIC MANUAL—2001 EDITION
STATE RULE EXCEPTIONS****Rule 4--WORKERS COMPENSATION INSURANCE PLAN RULES****(2) Forms and Rates**

All policies issued to employers to which this Plan applies must be written utilizing the classifications, forms (e.g., policy endorsements, ERM-14 forms, supplemental PEO arrangement forms, etc.), rates, and rating plans (including retrospective rating plans) approved by the regulatory authority and authorized for use in the residual market by the Plan Administrator.

(3) Cancellation of the Policy

If, after the issuance of a policy, the assigned carrier determines that an employer:

- Is not in good faith entitled to workers compensation insurance
- Has failed to comply with reasonable health, safety, audit, and/or loss prevention requirements
- Has violated any of the terms and conditions under which the insurance was issued
- Refuses to allow the assigned carrier or NCCI reasonable access to its facilities or its files and records for audit or inspection
- Refuses to disclose to the assigned carrier the full nature and scope of the employer's exposure

The assigned carrier will initiate cancellation (after providing an opportunity for cure) and inform the Plan Administrator and appropriate state organization of the reason for such cancellation. The policy should be cancelled in accordance with the cancellation provision of NCCI's *Basic Manual* Rule 3-A-3 and the Assigned Carrier Performance Standards located in NCCI's *Assigned Risk Supplement to the Basic Manual for Workers Compensation and Employers Liability Insurance*.

The assigned carrier must keep the Plan Administrator fully informed of any cancellation and of any reestablishment of eligibility or of compliance by the employer in accordance with Rule 4-A-4-a (7). Any employer whose coverage is cancelled must reestablish eligibility or must demonstrate entitlement to coverage under this Plan to the Plan Administrator before any further assignment can be made under this Plan.

(4) Effective Date of Policy

Policies must be issued, renewed, or reinstated without a lapse in coverage when premium, including an interim premium audit or installment payment, is received or contains a legible U.S. postmark **prior** to the policy effective date or cancellation date.

Refer to the following table for information regarding reinstatement provisions for cancelled and renewal policies:

If...	Then...
An item correcting a deficiency that resulted in cancellation is received on or within 60 days after the effective date of cancellation	The carrier will reinstate insurance with a lapse in coverage, issue a short-term policy, or take other underwriting action consistent with NCCI <i>Basic Manual</i> Rules, one time only during the original policy period. The lapse of coverage must clearly be stated on the reinstatement notice. A copy of the reinstatement notice must be sent to the Plan Administrator. In those instances where a proof of mailing cannot be clearly determined, timely receipt of the deficiency by the assigned carrier will be presumed if received within (5) five days of the expiration date of the policy. Receipt at the assigned carrier's designated lockbox is considered receipt by the assigned carrier. No lapse occurs if such item(s) are U.S. postmarked prior to the effective date of cancellation.
An item correcting a deficiency that resulted in cancellation is received more than sixty (60) days from the effective date of cancellation	If coverage is still required under the Plan, the employer must submit a new application to the Plan Administrator.
An item correcting a deficiency that resulted in cancellation is received on, within, or after sixty (60) days after the effective date of cancellation and the insured had received a previous policy reinstatement during the policy term	If coverage is still required under the Plan, the employer must submit a new application to the Plan Administrator.
Payment for a renewal policy is received on or within sixty (60) days after the renewal effective date	The policy will be issued with a revised new or different effective date (a "gap") in coverage. The determination of the revised effective date will be in accordance with Rule 4-A-3-d—Application Submission Table 1 and 2.
A finance company requests cancellation for non-payment of premium, and subsequently a request for reinstatement is received within sixty (60) days of the date of cancellation	A one-time reinstatement is allowed. However, the assigned carrier is not obligated to reinstate.

The carrier may impose additional requirements, if necessary, to effect the reinstatement.

Effective/reinstatement dates for lapses in coverage will be determined in the same manner as described in Rule 4-A-3-d.

(5) Renewal and Nonrenewal of Coverage

Any assigned carrier must send a renewal or nonrenewal notice of impending expiration of coverage to the insured, its representative, and the Plan Administrator at least:

- (a) Sixty (60) days in advance of expiration of insurance, or
- (b) The number of days required by state law, regulation, and/or rule if more stringent

Upon receipt of the required premium, the policy must be issued in accordance with the assigned carrier performance standards and a copy of such policy and all endorsements, properly identified as a WCIP (Plan) or AR (Assigned Risk) policy, must be reported to the Plan Administrator or its designee within the time frame and the format established by the Plan Administrator.

If the assigned carrier is unwilling to renew a policy, they must provide the employer with a reason(s) that is acceptable to the Plan Administrator. Acceptable reasons for nonrenewal are:

- Refusal of or inability of an assigned carrier to supply a required type of coverage (e.g., longshore, coal mine, maritime, additional state exposures, etc.)
- Other substantial and documented reasons subject to approval in the discretion of the Plan Administrator

(6) Cancellation for Voluntary Coverage

Notwithstanding Rule 4-A-4-a (9), any insurer that wishes to insure an employer as voluntary business may do so at any time. If such insurer is not the assigned carrier, the assigned carrier must cancel its policy pro rata and the assignment must automatically terminate as of the effective date of the voluntary insurer's policy.

(7) Notification of Undisputed Outstanding Premium and Other Noncompliance Issues

Outstanding premium or other monetary policy obligation information identified by the assigned carrier or its representative must be updated and reported to the Plan Administrator or its designee in accordance with the appropriate assigned carrier performance standards. Assigned carriers should immediately report all instances of noncompliance and subsequent compliance information to the Plan Administrator.

(8) Policyholder Services

Policyholders and their designated representative must be provided:

- Access to audit, loss prevention, and safety services
- Prompt, professional handling of claims, including investigation, resolution, and communication
- Fair and prompt responses to complaints and disputes
- Access to appropriate information regarding the classification of the business and the policy premium.

Assigned carriers are required to comply with the minimum level of performance standards as defined in the assigned carrier performance standards.

(9) Confidentiality of Information

The assigned carrier must keep in confidence and must not, except as directed by the insured or the producer of record, or as otherwise may be required by law or regulatory authority, disclose to any third party, or use for the benefit of itself or any third party, such detailed information as it may obtain by virtue of its position as the assigned carrier. Such information will be used solely for the evaluation, underwriting, and insuring of coverage under this Plan and not for any other purpose. The assigned carrier must not use any information it obtains in its capacity as the assigned carrier to request, encourage, or solicit employers it insures under this Plan to utilize the services of any specific insurance agent, agency, broker, insurer or group of insurers, including without limitation, direct writers affiliated with the assigned insurer, for purposes of providing voluntary workers compensation insurance or other lines of insurance to such employer.

5. Participation

All insurance companies licensed to write workers compensation and employers liability insurance under Chapter 3 of Title 71 of the Mississippi Code of 1972, as amended, are required to participate in this Plan through membership and participation in the Mississippi Workers' Compensation Assigned Risk Pool.

6. Plan Administrator

a. Designation

The Commissioner shall be responsible for the administration of this Plan but will contract with an organization to serve as Plan Administrator.

b. Duties and Responsibilities

The Plan Administrator will have the following duties and responsibilities in addition to any others set forth in this Plan:

- (1) Administering, managing, and enforcing the Plan subject to the provisions contained herein.
- (2) Determining the methodology and formula for making assignments to assigned carriers pursuant to Rule 4-A-9 and securing the necessary information in order to make the assignments
- (3) Developing and implementing assigned risk procedures and forms to the extent necessary to carry out the purpose of this Plan
- (4) Processing assigned risk applications pursuant to Rule 4-A-3
- (5) Administering the dispute resolution procedure as provided in Rule 4-A-10
- (6) Monitoring the performance and operation of the Plan and initiating amendments thereto as appropriate

7. Servicing Carriers

RISK PLAN (PLAN)

Rule 4--WORKERS COMPENSATION INSURANCE PLAN RULES

b. Selection of Servicing Carrier(s)

The Commissioner will select and appoint, and enter into a contract with, each servicing carrier that will receive assignments and provide coverage for eligible employers pursuant to this Plan.

c. Standards for Servicing Carrier Performance, Compensation, and Incentives

The Commissioner will establish procedures for measuring servicing carrier performance. The Commissioner will also establish the compensation for servicing carriers, which may take into consideration, among other things, provisions for:

- (1) Rewarding servicing carriers for positive action targeted at reducing losses and costs
- (2) Disincentives for inefficiencies and service below the minimum assigned carrier performance standards
- (3) Servicing carrier capacity

d. Monitoring and Enforcement

The Commissioner will monitor and review servicing carrier performance to maintain desired performance levels and will take appropriate remedial action where necessary. The Commissioner or his designee will have the right at all reasonable times during regular business hours, to audit and inspect the books and records of any servicing carrier with respect to any policies, claims, or related documents coming within the purview of this Plan or the Mississippi Workers' Compensation Assigned Risk Pool.

e. Disputes

The Commissioner will establish procedures and handle any disputes arising regarding a-d above.

8. Interstate Assignments

All assignments under this Plan shall be made on an intrastate basis. An employer desiring insurance for operations in states other than Mississippi must request coverage for such operations from the administrator of that state's Plan.

9. Assignment Formula Determination

a. Procedures

Assignments will be made in accordance with a mechanism established by the Plan Administrator that provides for the random and equitable distribution of employers under this Plan to assigned carriers. The Plan Administrator may override the random assignment process to ensure the availability of the requested Plan coverages for the employer.

b. Assignment Distribution

- (1) The percentage of Plan premium assigned to a servicing carrier is determined by the Commissioner.
- (2) When assigning an employer to an insurer, the assignment mechanism considers the employer's prior Plan coverage, special requirements (i.e., additional states or federal coverage) and premium size.
- (3) Any carrier authorized by the U.S. Department of Labor to provide coverage under the U.S. Longshore and Harbor Workers Compensation (USL&HW) Act and extension acts is

eligible to receive assignments requesting the same coverages in the assigned risk market. Carriers with USL&HW authorization will also be eligible for assignments requesting Maritime (Admiralty), Program I or II. Assignments requesting USL&HW, Maritime, and/or extension acts coverage will be made as determined by the Plan Administrator in accordance with the assignment methodology established by the Plan Administrator.

- (4) An assigned carrier that, in any state, has previously reported voluntary or assigned risk premium writing that is subject to the Federal Coal Mine Health and Safety Act or has previously accepted assignments in any state for operations that are subject to the Federal Coal Mine Health and Safety Act, will receive assignments requesting such coverage in accordance with the assignment methodology as established by the Plan Administrator.

c. Reassignment

An employer which has had prior assigned risk coverage will be reassigned to the original assigned carrier as long as the carrier can provide authorized coverages requested by the employer. Circumstances occasionally require the suspension of this criterion by the Plan Administrator.

d. Carrier Eligibility

The assignment system identifies those assigned carriers eligible to receive an assignment based on the requirements of the employer and the capabilities of carriers.

10. Dispute Resolution Procedure

a. Procedure

The dispute resolution procedure can be categorized as either Assigned Risk Employer/Producer-related disputes, Plan-related disputes, or Pool-related disputes.

b. Assigned Risk Employer/Producer Disputes

Any assigned risk policyholders and their producers affected by the actions of their assigned carrier or NCCI are provided with a process in which grievances can be reviewed, resolved, or heard by the mechanism that has been established and approved in the state for such grievances.

(1) Employer Disputes

The conditions outlined in Rule 4-A-2-f must be met in order for the employer to have a bona fide premium dispute. The Plan Administrator's intervention in disputes is generally limited to matters involving:

- Experience rating modification factors
- Application of rules contained in NCCI manuals
- Eligibility and assignment under the Workers Compensation Insurance Plan (WCIP)
- Classification assignment
- Assigned risk pricing programs

The Plan Administrator may intervene in disputes involving other matters arising under this Plan as determined by the Plan Administrator in its discretion.

(2) Producer Disputes

For disputes relating to the calculation and/or payment of producer fees and producer of record changes, the Plan Administrator (upon receipt of all necessary information regarding the dispute), will review the matter and provide a written decision within thirty (30) days.

c. Plan Disputes

Except as provided in b. or d. of this section 10., any person affected by the operation of the Plan who has a dispute with respect to any aspect of the Plan may seek a review of the matter by the Plan Administrator by setting forth in writing with particularity the nature of the dispute, the parties to the dispute, the relief sought and the basis thereof. The Plan Administrator may secure such additional information as it deems necessary to make a decision. The Plan Administrator will review the matter and provide a written decision within thirty (30) days after receipt of all information necessary to make the decision.

Any party affected by a decision of the Plan Administrator may seek to resolve the matter through binding arbitration, or in the alternative, may seek a review by the Commissioner by requesting such review in writing within thirty (30) days after the date of such decision.

In reviewing any such matter, the Commissioner shall follow the procedures set forth in Mississippi Regulation 88-101.XV Hearings. The Commissioner's decision shall be final, subject to appeal to the Chancery Court of the First Judicial District of Hinds County, Mississippi.

d. Pool Disputes

Any dispute arising with respect to the Governing Articles of the Mississippi Workers' Compensation Assigned Risk Pool, refer to Disputes and Appeals and the dispute resolution mechanism set forth under the Governing Articles of the Mississippi Workers' Compensation Assigned Risk Pool.

11. Self-Funded Plan

Insofar as practicable, rates for insurance provided through the Plan shall be established and maintained at a level that will permit the Plan to operate as a self-funded mechanism. In order to permit the actuarial determination of rates and rating plans appropriate for the business insured through the Plan, all assigned carriers are required to report their experience on business written under the Plan to NCCI in a format prescribed by NCCI. It is the responsibility of NCCI to monitor both rate adequacy and Plan results. NCCI will notify the Commissioner if excessive losses are indicated to enable the Commissioner to take corrective action.

12. Approval

I have reviewed the foregoing Plan and all matters incorporated therein and have determined that it is reasonable, complies with the laws and regulations of this state, and provides for the equitable apportionment of employers who are in good faith entitled to workers compensation insurance
