Chapter 02 Administrative Provisions

100 The Alcoholic Beverage Control Division is hereby empowered, authorized, and directed
to carry out fully the provisions of Miss. Code Ann. Title 67 and these regulations.

101 It is the intent of the Department that each and every one of these regulations, and parts thereof, are independent from the other; that each could stand alone; and to this end the provisions of these regulations, and parts thereof, are severable.

102 All records of any person holding a permit issued pursuant to Miss. Code Ann. Section 67-1-51 shall be open for examination at any time by the Department or its duly authorized agents.

103 (Reserved)

Chapter 03 Appeal Procedures

100 Pursuant to Miss. Code Ann. Section 67-1-72, certain decisions of the Department may be appealed. Any request for such appeal shall be made to the Board of Tax Appeals.

101 The following decisions of the Department may be appealed:
1. Denial of an application
2. Denial of a permit renewal
3. Revocation of a permit
4. Suspension of a permit
5. Denial of an applicant for approved manager
6. Denial of a request for qualified resort area status
7. Revocation of a qualified resort area status

102 The procedures for filing an appeal shall be:
1. The aggrieved person must submit a request for appeal in writing;
2. The request must be submitted to the Executive Director of the Board of Tax Appeals and a copy must be sent to the Department; and
3. The request must be made within fifteen (15) days of the date the person received notice from the Department.

103 If the aggrieved person fails to appeal within the fifteen (15) day period, the action of the Department shall take effect as set out in the notice.

104 The Department retains the authority to change its decision.

105 If the decision of the Department is due to an incomplete application, failure of the applicant to pay the annual privilege taxes and fees pursuant to Miss. Code Ann. Section 27-71-5 or failure of the applicant to post the required bond, then the decision of the Department does not constitute a denial and may not be appealed.

106 No permit shall be suspended or revoked until the permittee has been given reasonable notice of the reason for suspension or revocation. The permittee shall be given the opportunity to appeal the suspension or revocation to the Board of Tax Appeals.
The permittee may waive his rights to reasonable notice and/or the opportunity to a
hearing by agreeing to a suspension or revocation as offered by the Department.

If an applicant fails to timely request a hearing after notification of the request for
suspension or revocation, the applicant is considered to have had an opportunity for a
hearing.

If an application for renewal of a permit has been denied by the Department for any
reason other than incompleteness, failure to pay applicable privilege taxes and fees or
failure to post any required bond, the permittee may continue to operate under the permit
until the last of the following dates:
1. The date on which the permit expires;
2. The date on which the time period for filing an appeal of the denial to the Board of
   Tax Appeals expires;
3. The date of withdrawal of a timely filed appeal to the Board of Tax Appeals; or
4. The date on which the permittee receives the notice of the Board of Tax Appeals
   affirming the denial of the permit renewal.

If the Board of Tax Appeals reverses the Department’s decision to deny the renewal, the
Department shall renew the permit and issue the permit from its last expiration date.

The Department has the authority to appeal the decision of the Board of Tax Appeals to
chancery court pursuant to Miss. Code Ann. Section 67-1-39. If the court enters a final
decision and/or order reversing the decision of the Board and affirms the denial of
renewal of the permit, the permit shall be deemed denied and the permittee is not
authorized to sell alcoholic beverages under that permit after the date the court decision
becomes final and is not subject to any further appeal.

The Department has the authority to approve or deny applications for qualified resort
status as well as to revoke a current qualified resort status. Appeals for issues related to
qualified resort status may be made by the applicant or permit holder; the county or
municipality where the qualified resort status is located; or by any person objecting to the
qualified resort area.

The Department has the discretion to publish notice of its decision to revoke approval of
a qualified resort area in the same manner as provided in Title 35, Part II, Subpart 03,
Chapter 07 of the Mississippi Administrative Code as it relates to approval of a qualified
resort area. The fifteen (15) day period for appeals will begin on the date the notice is
first published. If an appeal is not filed within this fifteen (15) day period, the decision of
the Department is final.
Any county or municipality where a proposed qualified resort area is to be located or where a qualified resort area is currently located may appeal the decision of the Department to deny the request for approval or the revocation of the resort areas status. Such appeal shall be made to the Board of Tax Appeals and shall follow the procedures provided in Paragraph 101 of this Chapter.

(Reserved)

Any other person may also request a hearing before the Board of Tax Appeals related to:
1. Objections to an application for a qualified resort status;
2. Objections to the transfer of an existing permit; or
3. Objections to the issuance of any permit with the exception of a temporary retailer’s permit.

There will be no hearing in cases where the application is denied by the Department and the applicant does not appeal the Department’s decision or if the applicant withdraws the application; or if the county or municipality where the proposed qualified resort area is located does not appeal the Department’s decision.

If the Department denies the application, then the procedures found in this chapter for appeal of a denial of an application shall be in effect. The Department will advise the Executive Director and the applicant of any objection to the application and the Board of Tax Appeals shall schedule a hearing on the objection and a hearing on the appeal at the same time.

If the Department approves the application, then the Department will advise the applicant and the Executive Director of the request for a hearing on an objection to the application. The Board of Tax Appeals shall schedule a hearing on the objection.

The Department has the authority to approve the application if the person objecting to the application withdraws the request for hearing.

A request for a hearing on the objection must be filed with the Department within fifteen (15) days from the first date of publication of the notice of application pursuant to Miss. Code Ann. Section 67-1-53.

(Reserved)

Any person who has an interest in any alcoholic beverages or raw materials which the Department intends to dispose of under Miss. Code Ann. Section 67-1-18 shall be given a reasonable notice of the Department’s proposed disposal. Such person may request a hearing before the Board of Tax Appeals to establish a right or claim to the property.

Request for an appeal shall follow the same procedures set out in paragraph 101 of this Chapter.
If a request is not received within the fifteen (15) day period, then the Department may order the property to be disposed of pursuant to Miss. Code Ann. Section 67-1-18.

(Reserved)

Subpart 02 Enforcement

Chapter 01 Violations

Any person, firm, association, corporation, LLC, hotel, restaurant, or club defined in the Local Option law that shall violate any of the provisions of the law, or knowingly permit the violation of the law upon its premises, and as a result of the violation their permit is revoked, shall not be eligible to obtain any permit provided pursuant to Miss. Code Ann. Section 67-1-51 for a period of twelve (12) months after the date the revocation becomes final.

Unless otherwise provided by law, the Department may revoke or suspend any permit issued for a violation by the permittee or an agent or employee of the permittee of any provisions of the Local Option law or of any of the provisions of the regulations promulgated under it by the Department. In taking such action the Department may consider prior offenses committed by the permittee and/or its agents or employees within a period of two (2) years from the date of the most recent offense.

In addition to suspension or revocation of permits, the Department may impose fines not to exceed one thousand dollars ($1,000.00) upon any person, firm, association, corporation, LLC, hotel, restaurant, or club for violations of any of the provisions of the regulations promulgated by the Department under the Local Option law. Failure of a permittee to pay fines within a time designated by the Department will result in revocation of the permit. Failure of a manufacturer representative to pay fines may result in the suspension of the representative’s products from sale in the State.

(Reserved)

Chapter 02 Advertising and Promotions

No person, firm or corporation shall originate advertisements in dry counties of this State, pursuant to Miss. Code Ann. Sections 67-1-1, 67-1-13, 67-1-15 and 67-5-5, when such advertisement deals with an alcoholic beverage, including but not limited to advertisements by newspapers, radio, television, circular, dodger, word-by-mouth, signs, billboards, displays or any other advertising media.

All alcoholic beverage advertising, and any industry related promotions such as contests and sweepstakes should be submitted to the Chief of Enforcement for prior approval.

(Reserved)

Chapter 03 Permitted Premises Where Alcoholic Beverages are Sold
No person shall sell or offer for sale any alcoholic beverages within four hundred (400) feet of any church, school, kindergarten, or funeral home, provided, however, within an area in which both the premises and the church, school, kindergarten, or funeral home are zoned commercial or industrial such minimum distance shall not be less than one hundred (100) feet.

In instances in which a church, school, kindergarten or funeral home is located in a residential district and the place of sale of any alcoholic beverages shall be located in an adjacent commercial or industrial district, such minimum distance between the place of sale of the aforesaid alcoholic beverages and the church, school, kindergarten or funeral home shall be four hundred (400) feet.

The minimum distances, as provided in Miss. Code Ann. Section 67-1-51(3), shall be measured from the nearest point of the building housing the church, school, kindergarten or funeral home to the nearest point of the premises which consist of the floor planned area to be licensed. This distance shall be measured in a straight line, such as air line distance, rather than the usual route of pedestrian travel.

If a church, school, kindergarten or funeral home moves to a location within the stated distance requirements, any permit issued to a business prior to the move will remain lawful unless the location ceases operations for six (6) months. Transfer of a permit is not considered ceasing operations.

A church or funeral home may waive the distance restrictions in favor of allowing the issuance of a permit authorizing the sale of alcoholic beverages that would otherwise be prohibited under the minimum distance requirements. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the church or funeral home having the authority to execute such a waiver. The waiver shall be filed with and verified by the Department before becoming effective.

A door must be located at or near the front of every place of business selling packaged alcoholic beverages. The back door to such place of business or storage area must be kept locked at all times except when merchandise is being received. Exceptions will be made in cases of orders or ordinances of a governing authority forbidding the locking of a back door because of a fire hazard.

Surplus stock must be stored in the same building where the retail business is being conducted unless a waiver is obtained as provided in Paragraph 109 below. Nothing shall prohibit the owner or manager of such a place of business from erecting a partition between the retail and the storage area.

In the event that a permittee has multiple permits for a business establishment and there is controlled access to all areas of the establishment, the permittee may use a common storage facility located and identified on the floor plan area for all alcoholic beverages purchased. A permittee utilizing a common storage facility for a business establishment with multiple permits must submit a floor plan of the common storage facility that
designates where alcoholic beverages purchased under each permit will be stored. Co-mingling of the permitted inventories by the multiple permittee shall result in the suspension or revocation of the permits.

108 All sales of alcoholic beverages shall be made inside the permitted premises.

109 Under very limited circumstances, a permittee may request a waiver to authorize the storage of surplus alcoholic beverages in a location that is separate from the building where the retail business is being conducted. Any off-site storage exception or waiver request must be approved by the Division. A request for a waiver must meet the following requirements:

1. The off-site storage location must meet all distance requirements of Miss. Code Ann. Section 67-1-51 in the same manner as the retail premises as well as all local ordinances pertaining to zoning. Further, the proximity of the off-site storage location to the permittee’s retail premises shall be considered.

2. All entrances and any other access to the storage facility must remain secure and locked at all times, except when merchandise is being received or transferred to the retail location. A copy of the floor plan of the off-site location may be requested, as well as a copy of the permittee’s deed or lease to ensure that permittee can accomplish restricted access to the off-site location.

3. The exclusive use of the off-premises location must be storage of surplus alcoholic beverage inventory and items authorized for sale by Title 35, Part II, Subpart 2, Chapter 23 of the Mississippi Administrative Code. There shall be no other use of the off-site storage location.

4. A permittee utilizing an off-site storage location for a business establishment with multiple permits must submit a floor plan of the facility that designates where alcoholic beverages purchased under each permit will be stored at the off-premises location. Co-mingling of the permitted inventories by a multiple permittee shall result in the suspension or revocation of the permits.

5. The permittee must demonstrate a specific business necessity for the waiver request as it relates to the shelf/storage space and inventory cycles of the permittee’s retail premises.

110 In addition to the above, any other documentation from the permittee deemed relevant for consideration of a waiver may be requested to ensure compliance with all laws and regulations. Any waiver granted pursuant to this regulation may be subject to special conditions imposed by the Department. Any waiver for an off-site storage location may be revoked at any time. The permittee will be notified of the revocation in writing.

111 (Reserved)

Chapter 04 Hours and Days During Which Alcoholic Beverages May Be Sold by Hotels, Restaurants, Clubs, Package Stores and Caterers

100 On-premise permittees, clubs or caterers may make sales of alcoholic beverages at the permitted location between the hours of 10:00 a.m. and midnight, except that no sales or
deliveries of alcoholic beverages shall be made to any person on Sundays. It is further provided that on New Year’s Eve, on-premises permittees, clubs or caterers may be allowed to remain open until 1:00 a.m., January 1st. In the event that New Year’s Eve falls on Sunday, on-premises permittees, clubs or caterers may make sales of alcoholic beverages at the permitted location between the hours of 1:00 p.m. and 1:00 a.m. Provided, however, the governing body of any municipality may petition the Department to permit sales by on-premises permittees, clubs or caterers located within the municipality at other times, and also the hours of sale may, with the approval of the Department, be either shortened or extended. In the event that a municipality or county would prefer not to recognize the extension of hours on New Year’s Eve when the holiday falls on Sunday, the municipality or county shall notify the Chief of Enforcement, in writing, no later than September 1 of that year. The Board of Supervisors of any county may file such a petition with the Department for on-premises permittees, clubs or caterers located outside a municipality. All such petitions must be accompanied by a certified copy of the order of the municipal governing authority or the Board of Supervisors requesting such permission. Regardless of the date of request, any extension will not be effective until approved by the Department.

101 Resort areas are exempt from the above provisions requiring the sale of alcoholic beverages to be between the hours of 10:00 a.m. and midnight. However, the governing body of any municipality may petition the Department to designate the hours of sale of alcoholic beverages for resort area on-premises permittees or clubs located within the municipality. The Board of Supervisors of any county may also file such a petition for resort area on-premises permittees or clubs located outside a municipality. Upon receipt of the above mentioned petitions, or upon its own motion, the Department shall consider the same and set whatever hours of sale it deems appropriate for any particular resort area. All such petitions must be accompanied by a certified copy of the resolution of the municipal governing authority or the Board of Supervisors requesting such permission.

102 It shall be unlawful for any holder of a package retailer’s permit, for any employee or agent thereof, to sell, give away, deliver or barter any alcoholic beverages before 10:00 a.m. and after 10:00 p.m., or on any Sunday, or on Christmas Day.

103 (Reserved)

Chapter 05 Purchase and Sale of Distilled Alcoholic Beverages by On-Premises Permittees

100 All sales of alcoholic beverages by on-premises permitted places of business shall be made by the drink, EXCEPT bottles of distilled alcoholic beverages which may be sold as follows:

1. At such businesses being operated in connection with hotels and motels which may sell such beverages in bottles for delivery to and consumption in rooms of registered guests.
2. On-premises retailer clubs may sell exclusively to its members such beverages in bottles for delivery and consumption only upon the club’s permitted premises. Each bottle must clearly reflect the club member’s name that purchases the bottle.

101 All sales of alcoholic beverages by on-premises permittees shall be for consumption in the licensed premises only. The licensed premises shall consist of the area designated in the floor plan. In the event that a permittee has multiple permits for a business establishment and there is controlled access to all areas of the establishment, the permittee may submit an all inclusive floor plan of the entire enclosed area. The Department shall have the discretion to allow the consumption of alcoholic beverages throughout the permitted area regardless of where on the premises the beverages are purchased as long as the Department is satisfied that the permittee is the actual owner of the entire premises and that there is sufficient controlled access to the premises.

102 No on-premises permittee shall sell or allow consumption of alcoholic beverages inside the premises where the business is conducted, such as the lounge, bar or restaurant except during hours when alcoholic beverages may be legally sold, as set forth in Title 35, Part II, Subpart 02 Chapter 4 of the Mississippi Administrative Code. However, alcoholic beverages may be consumed during other hours at a permittee sponsored Christmas party for his employees or on Sunday after 1:00 p.m., in a privately leased banquet room of a permittee with prior written approval from the Department. An application, in writing, stating the date, beginning and ending time of the event, the number of employees (or persons, when applicable) anticipated to attend, and a copy of the lease agreement (when applicable) must be submitted to the Chief of Enforcement by the permittee two weeks prior to the Christmas party or lease agreement. Christmas parties are restricted to permittee, employees and their guest. No requests will be approved unless the permittee is in compliance with all rules and regulations of the Department.

103 No on-premises permittee shall allow alcoholic beverages to be brown-bagged by a consumer/customer on the premises where the business is conducted. However, this restriction does not apply to privately leased banquet rooms or privately leased hospitality suites. If a private banquet room or hospitality suite is leased to an individual and said individual desires to bring his own alcoholic beverages (brown-bagging), the permittee is strictly prohibited from providing or serving alcoholic beverage from their stock inside the lease area. On Sundays, when the Department specifically authorizes consumption as described above, a consumer may ONLY brown-bag alcoholic beverages previously obtained from a package retailer in the State. All alcoholic beverages remaining in a leased banquet room or hospitality suite after the expiration of the lease shall be destroyed by the permittee.

104 No on-premises permittee shall allow its patrons to remove any alcoholic beverages sold at its place of business, except that a patron may remove one bottle of wine from the licensed premises when:
1. The patron consumed a portion of the bottle of wine in the course of a meal purchased on the licensed premises;
2. The permittee securely reseals the bottle;
3. The bottle is placed in a bag that is secured in a way as to be visibly apparent when the bag is opened; and
4. A dated receipt for the purchase of the wine and meal is available.

On-premises permittees operating a hotel or motel that elect to place mini bars in the rooms of registered guests are held responsible for keeping the mini bars locked with the issuance of keys restricted to guests who present a valid identification card verifying that he or she is over 21 years of age.

No permittee may refill any alcoholic beverage container with an alcoholic beverage.

When a patron requests a specific brand of alcoholic beverage, no permittee may dispense an alternate brand of alcoholic beverage without first notifying the customer that the requested brand is not available.

(Reserved)

Chapter 06 Retailer’s Records

Retailers must keep records. It will be the duty of every retailer of alcoholic beverages to keep and preserve for a period of three (3) years adequate records of the gross proceeds of sales of the business. The retailer shall also keep itemized invoices for all merchandise purchased (and whether procured from local or other retail or wholesale outlets), all bank statements and cancelled checks, and all other books or accounts as may be necessary to determine the financial position of the business. All itemized purchase invoices and tickets shall bear the date of purchase, name of the seller and purchaser. Cash register tapes may not be used in lieu of itemized invoices for record purposes. In addition to the above records, restaurants shall keep records of gross sales in three (3) separate categories; food, beer and alcoholic beverages. Such records shall be adequate in substance to conform with generally accepted accounting practices and all records shall be written in the English language. All records shall be open for examination at any time by the Director, any authorized employee of the Department, or its duly authorized agent.

The records provided for in this regulation and applicable Federal regulations shall be kept at the retailer’s place of business or at the office of his attorney or accountant within this state. Failure to keep and allow examination of such records shall subject the permittee to immediate forfeiture of license.

Restaurants located within a Qualified Resort Area are exempt from the food sale requirement as provided by Miss. Code Ann. 67-1-5 but must maintain itemized records as any other restaurant permittee.

(Reserved)

4. Encourage or permit any person, for entertainment purposes, to touch, caress or fondle the breast, buttocks, anus, penis or genitals of their own, or those of any person, animal or inanimate object.

7. The showing of films, still pictures, electronic reproduction, or other visual reproductions depicting:
a. Acts, or simulated acts, or sexual intercourse, masturbation, sodomy, bestiality, oral copulation, flagellation, or any other sexual acts which are prohibited by law.

c. Scenes wherein a person displays the vulva, anus, penis or genitals or pubic area.
d. Scenes wherein artificial devices or inanimate objects are employed to depict, or drawings are employed to portray, any of the prohibited activities described above.

8. All disorderly or boisterous conduct or the use of profane or vulgar language; provided this regulation shall not apply to remarks made by entertainers/entertainment groups in the course of their performance unless otherwise prohibited by the laws of the State of Mississippi, and as long as:
   a. The performance takes place in a portion of the licensed premises which has a sign conspicuously posted at each entrance, advising the public choosing to enter the portion of the premises of the nature of the performance and that certain words or phrases used may be considered offensive or insulting by some persons, and
   b. That any use of profane language, addressed in paragraph (8) above, is not so amplified as to be clearly and distinctly audible in other areas of the licensed premises or beyond the premises.

9. On-premises permitted places of business may charge an admission fee, a cover or minimum charge, or an entertainment fee but shall not require the purchase of alcoholic beverages in order for a customer to enter or remain in such permitted place.

101 The permittee shall be responsible at all times for any and all of the aforesaid actions which may take place in any permitted establishment whether he or his manager is present at such times or not. The Department may revoke or suspend the license of any permittee for the violation of any of the provisions of this chapter. Any questions regarding the permissibility of activities or conduct governed by this regulation should be submitted, in writing, to the Chief of Enforcement.

102 Permittees shall be accountable for any criminal conduct which occurs or is suffered to occur on any part of the licensed premises. When the Department finds that such criminal conduct is allowed, caused, permitted, or suffered to occur by the permittee, the permit shall be subject to suspension or revocation. The Department may take into consideration the reports of other local law enforcement agencies and the District Attorney when reviewing a violation of this regulation.

103 (Reserved)

Chapter 08 Employment of Persons Under Age 21 Prohibited
No holder of a package retailer’s permit shall employ in the sale of alcoholic beverages or in the handling thereof (except to unload in sealed cartons, boxes, or similar shipping packages, which packages shall remain sealed at all times they are being handled) any person under the age of twenty-one (21) years old.

A person who is at least eighteen (18) years of age but under the age of twenty-one (21) years who waits on tables by taking orders for or delivering orders of alcoholic beverages shall not be deemed to unlawfully possess or furnish alcoholic beverages if such activities are in the scope of his employment by the holder of an on-premises retailer’s permit. The employer must keep record of the removal of minority for all employees as described above. This exception shall not authorize a person under the age of twenty-one (21) to tend bar or act in the capacity as a bartender. This regulation is not intended to prohibit a person under twenty-one (21) from working as an entertainer.

Chapter 09 Cooking Wines

All wines containing more than five percent (5%) alcohol by weight are considered an alcoholic beverage and shall be possessed, transported, sold, purchased, etc., in accordance with and under the provisions of the Local Option law, except salted wines which contain not in excess of twenty-one percent (21%) alcohol by volume and not less than 1.5 grams of salt per 100 cubic centimeters. Such wines are not considered capable of being consumed as a beverage by a human being and, therefore, are exempt from the provisions of the Local Option law.

Chapter 10 Restriction on Interest of Permittees and Division Employees

No officer, agent or employee assigned to the Division nor any permittee shall at any time hold stock in any business engaged in the manufacture, distillation, importation or rectifying of alcoholic beverages, nor shall such person, other than the holder of a permit, own any interest in any place of business licensed to sell alcoholic beverages.

Chapter 11 Manufacturer’s Representative

A manufacturer’s representative, who shall be the manufacturer’s control state manager or an executive officer of the company, shall be recognized by the Division only after proper application for registration has been made by the manufacturer and approved. In either case, the individual designated as a manufacturer’s representative and approved to do business with the Division must be a full time employee of the manufacturer.
The manufacturer’s registered representative may authorize persons to work for the manufacturer within this state; each of whom must be registered with the Division. As employees are added or replaced it will be the responsibility of the manufacturer to register or have deleted the names of such employees with the Division. Such employees may represent more than one manufacturer.

The manufacturer’s registered representative shall be held responsible for all activities, including the personal conduct, of all employees of the manufacturer in connection with the representation of their business in this state. Every employee or representative of a manufacturer shall observe state laws and the rules and regulations of the Division.

The registration of a manufacturer’s representative and his employees may be suspended and the manufacturer’s products may be delisted by the Division and/or a civil penalty not to exceed $1,000.00 may be imposed at the direction of the Department if it shall appear to the satisfaction of the Department that the law or the policies and/or regulations of the Division have been violated by the manufacturer, the manufacturer’s registered representative, or any employee of the manufacturer working in the state.

This regulation does not affect the manufacturer’s employment of legal counsel regularly engaged in the practice of law in matters concerning the application and interpretation of law. Further, this regulation does not apply to manufacturer’s representatives in instances where the Division solicits special orders only for its product inventory.

A distiller’s, distributor’s, rectifier’s, or importer’s representative or employee shall be recognized under the same conditions established in this regulation for a manufacturer’s representative.

Chapter 12 Gifts, Gratuities, and Inducements

Pursuant to Miss. Code Ann. Section 67-1-77(2), no holder of a manufacturer’s or wholesaler’s permit, or anyone connected with the business of such holder, or for any other distiller, wine manufacturer, brewer, rectifier, blender, or bottler shall make an offer of gifts, gratuities, or inducements of any kind whatsoever to any retailer in Mississippi when such gifts or gratuities are in any way connected with or associated with any phase of the purchase, sale, marketing, distribution or control of alcoholic beverages within the State of Mississippi, except as provided below.

The holder of a manufacturer’s or wholesaler’s permit, or any distiller, wine manufacturer, brewer, rectifier, blender, bottler, or anyone connected with such businesses, may furnish, subject to the same requirements and limitations of the Federal Tied House Regulations and Interpretations and not otherwise contrary to state law, the following: wine list, glassware, retailer equipment, inside signs, supplies, services, educational seminars, product displays, and advertising specialties to Mississippi alcoholic beverage retailers, not to exceed nominal value.
Educational seminars, trade shows or tasting events for licensed retailers sponsored by any employee or registered agent of any alcoholic beverage manufacturer, distiller or wholesaler, are permissible at licensed on-premise establishments, establishments holding any temporary permit, or at conventions sponsored by and on behalf of alcoholic beverage retailer associations. All alcoholic beverages consumed at such seminars, trade shows, or tastings, other than approved conventions, must be furnished exclusively by the on-premise permittee on his licensed premises. Manufacturer’s representatives may transport and provide alcoholic beverages for tasting and exhibition at any convention sponsored by an alcoholic retailer association convention as long as the alcoholic beverages were previously purchased from a licensed retailer in this state. Samples of new products that are not available through a licensed retailer must follow the procedures for samples found in Title 35, Part II, Subpart 2, Chapter 13 of the Mississippi Administrative Code. Consumption of alcoholic beverages at all seminars, trade shows and tasting events is limited to the hours of consumption set forth in Title 35, Part II, Subpart 2, Chapter 4 of the Mississippi Administrative Code.

Any educational seminar, trade show or tasting event given for the general public (where alcoholic beverages are sampled), regardless of who sponsors the program, is limited to licensed on-premise establishments, or an establishment holding a temporary permit, with the permittee exclusively furnishing the alcoholic beverages.

Any person sponsoring an alcoholic beverage seminar or trade show occurring at a location in a wet county not possessing any on premise alcoholic beverage permit or a temporary permit shall not distribute alcoholic beverages for tasting purposes or any other purpose.

Alcoholic beverage samples, coupons, rebates or other inducements, which require proof of purchase, to anyone are strictly prohibited. Nothing in this regulation is intended to prohibit the type of activity permitted by Title 35, Part II, Subpart 2, Chapter 13; and Subpart 4, Chapter 9 of the Mississippi Administrative Code.

Nominal value, as used in this chapter, shall be based on a per brand basis and shall mean the industry’s purchase price or a reasonable wholesale value not to exceed the dollar limitations placed on said or like items pursuant to the Federal Tied House Regulations and adjustments made by the Director of the Alcohol and Tobacco Tax and Trade Bureau.

Chapter 13 Samples of Alcoholic Beverages

A manufacturer’s representative and his employees, as described in Title 35, Part II, Subpart 2, Chapter 11 of the Mississippi Administrative Code may furnish one sample of a new product to any permitted retailer. This sample may be given to the permittee or to a manager on behalf of the permittee. Distribution of samples may occur only at the
permitted business and only after approval of the Department. Samples are to be used for
the promotion of that specific product and may not be used as a gift or an inducement to
purchase other products.

101 A sample of an alcoholic beverage is defined as an alcoholic beverage not previously
purchased by that permittee. The size limit per item of samples of alcoholic beverages
allowed is to be determined by federal guidelines and/or regulations.

102 Each bottle of product distributed as a sample must be clearly labeled with the word
“SAMPLE”.

103 Products used for samples must be delivered to the LDC Warehouse for distribution to
the manufacturer’s representative. The cases containing sample alcoholic beverages must
be marked or stamped on at least two (2) sides of the case in bold letters with the word
“SAMPLE” by the manufacturer prior to shipment. A separate bill of lading must
accompany each case of sample alcoholic beverages and the word “SAMPLE” must be
clearly marked on said bill of lading. Samples must be removed from the LDC Warehouse
within 10 working days of receipt. Failure of the manufacturer’s representative to remove samples from the LDC Warehouse upon the expiration of ten (10) days will result in destruction of said products. The Division will not be responsible
for any damages occurring while said products are stored in the LDC Warehouse.

103.1 The manufacturer’s representative is responsible for paying all freight costs, excise taxes,
mark-up, sales or use taxes, and any other costs assessed on sample products upon receipt
of that product from the LDC Warehouse. Distribution of any product on which taxes
have not been paid is strictly prohibited.

104 The manufacturer’s representative and his employees shall, on or before the fifteenth day
day of the month, file a report with the Enforcement Section detailing the distribution of
sample products for the preceding month. This report must also include the storage
location and amount, by brand, of all sample alcoholic beverages held by the
manufacturer’s representative or his employees pending distribution.

105 The willful failure to file such reports, the falsification of such reports, or the distribution
of product samples inconsistent with the law or with this regulation may result in the
suspension of the registration of a manufacturer’s representative and his employees. In
addition, the Department may delist the manufacturer’s products.

106 A manufacturer’s representative, or his employee, may transport sample alcoholic
beverages anywhere within the state provided that such person has obtained authorization
for transport from the Division. Such products must be stored outside the passenger
compartment of a motor vehicle or in an enclosed container.

107 Package retailers may not consume samples of alcoholic beverages on their licensed
premises.
107.1 On-premises retailers, their managers and their employees, may consume sample alcoholic beverages only during legal hours of sale and in an area removed from the general public. The manufacturer’s representative must be present during sampling.

107.2 An on-premises permittee may assemble other permittees, along with their licensed managers or employees, for purposes of sampling alcoholic beverages. Consumption of sample alcoholic beverages must take place during legal hours of sale and in an area removed from the general public. The manufacturer’s representative must be present during sampling. On-duty managers and employees are strictly prohibited from sampling alcoholic beverages.

108 No alcoholic beverage products distributed as samples may be sold, offered for sale, or distributed to any person by any permittee, manager, or employee of the permittee.

109 (Reserved)

Chapter 14 Distribution

100 No one except the holder of a permit or his authorized agent shall be allowed to purchase or request the shipment of alcoholic beverages by the Division.

101 (Reserved)

Chapter 15 Manufacturer (Rectifier)

100 No manufacturer’s (rectifier’s) permit shall be issued until satisfactory evidence is furnished that the applicant holds all permits or authorization required by the Federal Government.

101 Duplicate copies of monthly returns, transcripts, notices or other data, as required by the Federal Government, must be furnished to the Division not later than the 10th of each month. In addition, manufacturers (rectifiers) shall furnish the Division duplicate copies of the bills of lading covering all shipments of the products of the permittee.

102 All laws, rules and regulations of the Federal Government, or any subsequent modification thereof, applicable to the manufacture (rectification) of distilled spirits, wines, cordials, liquors, etc., are by reference hereby adopted and promulgated as the rules and regulations of the Division.

103 (Reserved)

Chapter 16 Qualifications for Agents

100 No person shall be employed as an agent of the Division unless he/she is of sound moral character and has reached the age of 21 years and meets the qualifications as set forth by the Mississippi State Personnel Board. The applicant must have a Bachelor’s degree
from an accredited four-year college or university in criminal justice, law enforcement, criminology, police science, police administration or a directly related field. Alternatively, the applicant must have a Bachelor’s degree from an accredited four-year college or university and possess a current State of Mississippi Law Enforcement Professional Certificate. Any agent of the Division is subject to assignment to any location within the State of Mississippi consistent with the mission needs of the agency for alcoholic beverage enforcement.

101 (Reserved)

Chapter 17 Mutilation of Shipping Labels

100 No permittee or employee of the permittee shall mutilate, destroy or remove shipping labels or other information stamped or otherwise affixed to any case of alcoholic beverages delivered to the permittee from the LDC Warehouse nor shall any permittee or employee of the permittee allow the purchaser of alcoholic beverages to remove the labels or information while on the permittee’s premises.

101 Any action described above will be considered a violation of the regulations and will result in fines, suspension or revocation.

102 (Reserved)

Chapter 18 Regulations Setting Forth the Requirements of Automatic and Electronic Liquor and Wine Dispensing Systems

100 The installation of automatic and electronic dispensing systems by on-premises permittees is authorized, provided that the following requirements are complied with:

1. Such equipment must avoid an in-series hook-up which would permit the contents to flow from bottle to bottle before reaching the dispensing spigot or nozzle. Multiple bottles of alcoholic beverages utilized to supply a single line or tube in an in-series hook-up must be of identical brand and content.

2. Such equipment must dispense from the original containers, as received from the Division. Once the contents flow from the original containers, as received from the Division, into any such equipment, said contents shall not flow from such equipment into any other containers other than those used by said establishment for sale by the drink.

3. The permittee shall maintain records that reflect the brands and quantities of alcoholic beverages used in such systems.

4. The premises, including any places of storage, where the alcoholic beverages are dispensed, shall be subject to inspection by the Division or law enforcement officers during all business hours for the purpose of inspection or for examination of any books and records required to be kept by on-premises permittees. Where any part of such installation is in a locked room or locked cabinet, permittees shall have a key to said room or cabinet available on the premises, and, upon request by any authorized representative of the Division or a law enforcement officer, such
permittees or any employee thereof shall open said storage rooms, cabinets, or other places for such inspection during regular business hours.

5. The filing of an application for the use or alteration of such systems is required. No system shall be placed in service until approval is received from the Division.

6. The use or alteration of such equipment without prior approval from the Division shall constitute good and sufficient cause for the suspension or revocation of the permit.

101 (Reserved)

Chapter 19 Permittees, Employees and/or Agents Shall Not Be Visibly Intoxicated or Under the Influence of Any Alcoholic Beverage, Beer or Light Wine on Permitted Premises; No Consumption for Package Retailers on Permitted Premises; Limited Consumption for On-Premise Permittees Under Specific Circumstances

100 Except as authorized under Title 35, Part II, Subpart 2, Chapter 13 of the Mississippi Administrative Code, no package retailer permittee, nor employee or agent of the permittee, will be permitted on the premises of the permitted place of business pursuant to Miss. Code Ann. Section 67-1-51 while consuming or while under the influence of an alcoholic beverage, beer or light wine.

101 No on-premise permittee, nor employee or agent thereof, will be permitted on the premises of the permitted place of business pursuant to Miss. Code Ann. Section 67-1-51 while intoxicated or visibly under the influence of an alcoholic beverage, beer or light wine. In addition, no on-premises permittee, nor employee or agent thereof who is on duty, will be permitted on the premises of the permitted place of business pursuant to Miss. Code Ann. Section 67-1-51 while consuming an alcoholic beverage, beer or light wine. On duty for purposes of this regulation shall mean visibly working or the absence of another approved manager who is visibly working and exercising control over the operation of the permitted place of business. Intoxicated for purposes of this regulation shall mean above the legal limit which is established by the Implied Consent Law found in Miss. Code Ann. Section 63-11-1 et seq.

102 The Department may revoke or suspend the license of any package or on-premise permittee for the violation of the provisions of this chapter. The failure of any permittee, or employee or agent thereof, to submit to an intoxilyzer or field sobriety test after being charged with being intoxicated, and having been requested to do so by agents of the Division or any other duly authorized law enforcement official of the State of Mississippi, will be deemed prima facie proof that the permittee, or his agent or employee, was intoxicated.

103 (Reserved)

Chapter 20 Sales of Alcoholic Beverages by Approved Package Retailers to Other Retailers
Pursuant to all Federal requirements and Miss. Code Ann. Section 67-1-41, permittees may purchase alcoholic beverages from a package retailer holding applicable Federal wholesale permits and who have been approved by the Department to make wholesale sales of alcoholic beverages. In order to buy at wholesale from a package retailer, an on premise retailer must present a permit identification card, which will be issued by the Division.

Any qualified package retailer may apply with the Department for approval to engage in wholesale transactions with permittees. The permittee must meet all federal permit requirements and must maintain all state permit qualifications as set forth in Miss. Code Ann. Section 67-1-57 in order to qualify for approval by the Department. The package retailer’s authorization to make wholesale sales may be suspended or revoked for any violation of the Local Option laws, or the rules and regulations.

Each package retailer authorized to sell at wholesale shall use invoices provided by the Division for sales to other permittees and shall maintain copies of said invoices for a period of three years. Each sales invoice must reflect all requested information at the time of delivery to the purchaser.

Purchases made from authorized package retailers must be completed between the hours of 10:00 a.m. and 10:00 p.m., Monday through Saturday, provided such sales are not otherwise prohibited. New permit holders must make their initial order of alcoholic beverages with the Alcoholic Beverage Control before making a purchase from an approved wholesaler.

An authorized wholesale package retailer may deliver product to permittees between the hours of 10:00 a.m. and 10:00 p.m., Monday through Saturday, provided such sales are not otherwise prohibited. Product must be delivered in a concealed cargo area of a vehicle or sufficiently covered so as to not be visible by the public.

Upon completion of the wholesale transaction or upon delivery of product to the purchaser, the seller must provide a copy of the sales invoice to the purchaser, and the invoice must remain with the seller or purchaser while transporting the purchased beverages to the purchaser’s permitted location. The purchaser’s copy of the sales invoice shall be maintained by the purchaser at his place of business for a period of three (3) years and, upon request, must be immediately provided to the Division or other law enforcement agency requesting same.

A package retailer authorized to make said wholesale sales shall forward a copy of the on premise sales invoices for a given month to the Division. This information must be postmarked or hand delivered by the 20th day of the month following the sale. Sales invoices reflecting wholesale sales made to other package retailers shall not be forwarded to the Division. The seller shall maintain a copy of all sales transactions (on premises and package retailers) for a period of three (3) years. Upon request of the Division or
other law enforcement agency, the retailer shall immediately produce said sales invoice to the requesting agency.

107 All purchases made by on premise permittees under this regulation shall be included in the calculation of the additional privilege fee levied pursuant to Miss. Code Ann. Section 27-71-5. For purposes of calculating the additional privilege fee, the price shall not be less than the price of the alcoholic beverages as listed in the Division’s price book in effect at the time of the sale.

108 Transaction reports submitted to the Division shall be in a standard reporting format unless prior approval for business generated forms is given. Permittees that hold a wholesale permit and make no sales during the preceding period must file a report indicating no sales for that period.

109 (Reserved)

Chapter 21 Governmental Affairs Representatives

100 A holder of a manufacturer’s or wholesaler’s permit may contract for the service of a representative in the area of governmental affairs on a part-time basis with a holder of an on premises retailer’s permit.

101 Notice must be provided to the Division by providing a copy of the employment contract entered into by the manufacturer or wholesaler and the representative. The contract shall include a description of services to be rendered by the governmental affairs representative, and shall include the salary to be paid as well as the duration of the employment.

102 The representative shall register with the Office of the Secretary of State, and shall provide the Division with proof of such registration by providing certified copies of all information submitted to the Secretary of State.

103 One (1) year from the date of entry into the contract for employment as a governmental affairs representative, the representative shall submit an annual report to the Division, using required forms.

104 (Reserved)

Chapter 22 Exchanges, Credits and Refunds

100 Permittees holding package retailer’s permits may allow a customer to return bottles of package liquor for exchange or refund as long as the liquor was, in fact, purchased from the permittee’s business, and as long as a receipt reflecting that the liquor was sold to the patron by the permittee is presented by the patron.

101 A permittee may not issue a refund or allow an exchange for liquor purchased from any other source.
Chapter 23 Sale of Soft Drinks, Ice, Juices, Mixers, and Other Items By Package Retailers

100 Package retailers may sell wine glasses, corkscrews, ice, soft drinks, juices, mixers, and other non-alcoholic beverages commonly used to mix with alcoholic beverages, for consumption off the premises.

101 Sales of ice must be limited to commercially bagged ice in original sealed and unopened bags containing five (5) or more pounds.

102 Soft drinks for purposes of this regulation are defined by Miss. Code Ann. Section 27-65-3 (1). Soft drinks include original commercially sealed and unopened containers. Fountain drinks are not considered soft drinks under this regulation.

103 Juices shall include fresh, frozen, or concentrated non-alcoholic beverages extracted from fruits and vegetables of all types packaged in original commercially sealed and unopened containers.

104 Mixers are non-alcoholic beverages in a liquid form commonly used to dilute or enhance an alcoholic drink or cocktail, packaged in original commercially sealed and unopened containers. All dry mixes are prohibited and shall not be sold by package retailers.

105 Wine glasses shall include glassware that is manufactured and marketed primarily for wine consumption as well as plastic stemware commonly used in drinking wine. Other types of plastic containers, styrofoam, and paper cups of all other types are not included and may not be sold or used for consumption on the premises. In addition, industry supplied consumer items may not be offered for sale by package retailers.

106 Sale of any items listed above shall in no way be used to promote, persuade, or influence the sale of alcoholic beverages. Therefore, the permittee cannot give as a gift or reduce the price of these items when the same is conditioned on the purchase of an alcoholic beverage.

107 Any questions regarding the permissibility of products intended for sale by package retailers governed by this regulation should be submitted, in writing, to the Chief of Enforcement.

108 (Reserved)

Chapter 24 Check Cashing

100 The holder of a package retailer’s permit is authorized to cash checks for their face value without a charging fee, or to cash checks from time to time as an incident to a retail sale
or independently of a retail sale for a fee, not exceeding the fees provided by Miss. Code Ann. Section 75-67-501. A violation of Miss. Code Ann. Section 75-67-501 et seq. by a package retailer shall also constitute a violation of this regulation.

101 (Reserved)

Subpart 3 Licensing

Chapter 01 Bonds

100 The Department may require any person engaged in the business of manufacturing or retailing alcoholic beverages to enter into a bond under Miss. Code Ann. Section 27-71-21. The amount of bond that may be required of the holder of any retailer's permit under Miss. Code Ann. Section 27-71-21 shall be five thousand dollars ($5,000.00). This bond shall be in such form as required by the Division.

101 New, revised, or different bonds may be required by the Division at any time for any carrier, manufacturer and/or distributor, and any holder of a retailer’s bond.

102 If a retailer who has been required to obtain a bond by the Department receives notice that his bond is to be cancelled during the permit year, the permittee must immediately provide notification in writing that the bond is being cancelled and must provide copies of any documentation received by the permittee from the bonding company. Furthermore, the permittee shall obtain another bond or deposit the equivalent amount of the bond required in cash or securities with the State Treasurer pursuant to Miss. Code Ann. Section 27-71-21 prior to the cancellation date of the original bond.

103 Failure to submit a valid bond when required to do so by the Department by the cancellation date will result in automatic suspension of sales until a valid bond is received. In addition, the Department may take punitive action against the permittee for failure to timely submit a bond.

104 (Reserved)

Chapter 02 Permit Limit

100 No person, either individually or as a member of a firm, partnership or association, or as a stockholder, officer or director in a corporation, shall own or control any interest whatsoever in more than one package retailer’s permit. No person shall act as a guarantor for, loan money to, or receive any compensation or payment from more than one package retailer’s permit. Furthermore, no spouse or relative of, nor any other person living in the same household as a person owning an interest in a package retailer’s permit shall own an interest whatsoever in any other package retailer’s permit.

101 No person, either individually or as member of a firm, partnership or association, or as a stockholder, officer or director in a corporation, shall be permitted to own an interest in
more than one package retailer’s permit while owning any interest in an on-premises retailer’s permit. This prohibition shall also apply to the spouse or relatives of, or any other persons living in the same household as the person who owns interest in an on-premise retailer’s permit. This chapter allows multiple ownership of on-premises retailer permits and allows any person holding an on-premises retailer permit to simultaneously own an interest in a single package retailer’s permit.

102 However, this chapter does not authorize a person to purchase or otherwise transfer alcoholic beverages from one permitted place of business to another. Any violation of the provisions of Miss. Code. Ann. Sections 67-1-41, 67-1-43 and 27-75-5 will be grounds for revocation of the permit or permits issued.

103 This chapter shall not be construed to deny renewal of any permit which may have been issued prior to the effective date of this regulation, nor shall this regulation be construed to prohibit rendering professional services for more than one package retailer.

104 (Reserved)

Chapter 03 Filing Fee

100 The $25.00 filing fee is to reimburse the Division for the costs associated with investigating the qualifications of an applicant for a permit, and is forfeited whether the Department grants the permit applied for or not.

101 (Reserved)

Chapter 04 Permittee Must Maintain Qualifications and Pay Taxes

100 The failure of a permittee to maintain the qualifications necessary for the issuance of a permit pursuant to Miss. Code Ann. Section 67-1-57, including the failure to pay any taxes due the State, may result in the revocation or suspension of a retailer’s alcoholic beverage permit.

101 (Reserved)

Chapter 05 Permit Transfer

100 No permit or any beneficial interest in a permit shall be transferred by any permittee to any other person or any other place except with the written consent of the Department.

101 Notice of the intended transfer of location or beneficial interest must be published for two consecutive issues in a newspaper having general circulation in the city or town in which the transfer applicant’s place of business is located. In instances where the business is not located within a city or town, publication should occur in a newspaper of general circulation in the county where the business is located. Proof of publication must be filed with the application to transfer location or interest.
This chapter shall not be construed to require publication of a mere change in trade name or the officers of a corporation where there is no change in the ownership. However, any such contemplated changes must be submitted to the Department for prior approval.

An applicant for transfer of ownership of a permit for which there exists an exemption from distance requirements as provided for in Miss. Code Ann. Section 67-1-51 (3) must submit an updated waiver from the funeral home or church.

All original applicants for permits and/or proposed recipients of beneficial interest in such permits must be not less than 21 years of age and may not have been convicted of a felony in any state or federal court. An individual who is an applicant for a package retailer’s permit must be a resident of the State of Mississippi. If the applicant is a partnership, each member of the partnership must be a resident of the state. If the applicant is a corporation or LLC, the designated manager must be a resident of the state.

Chapter 06 Death or Disability of a Permittee

In case of death or physical or mental disability of any permittee, the estate or guardianship of the permittee shall be allowed to operate the permitted business for a period not exceeding sixty (60) days after the death or disability. During the 60-day period, any member of the permittee’s immediate family may make application to the Department for the unexpired portion of the permit of the decedent to be assigned to him.

If such application is approved, the applicant shall be granted the right, without the payment of an additional permit fee, to operate the permitted place of business for the unexpired portion of the time of the original permit.

It shall also be permissible for the Executor of the Estate or guardian of the disabled permittee to sell the permittee’s alcoholic beverage inventory to another permitted place of business, with the written approval of the Division, following the procedure outlined in Title 35, Part II, Subpart 4, Chapter 1 of the Mississippi Administrative Code.

If the application is denied, the inventory of alcoholic beverages, with prior approval from the Division, may be sold to another permitted retailer. In the event that the inventory cannot be sold to another retailer, the Division may take possession of the remaining unopened inventory and refund the estate at the current wholesale price, less a charge for handling and transportation. The items returned will then be placed in the Division’s inventory.

However, no credit will be given for special orders, novelty items contained in dual packaged products, ceramic decanters, holiday packages or stale, damaged or delisted items. Such merchandise shall not be redeemed under any circumstances.
Chapter 07 Temporary and Qualified Resort Areas

Temporary Resort Area:

1. The Department is authorized to approve a certain area or locality outside the limits of an incorporated municipality as a temporary resort area if the particular location is in the process of being developed as a qualified resort area. Approval of this type of resort designation is contingent upon the applicant submitting the following:
   a. A resolution from the Board of Supervisors of the county where such proposed area is located. The resolution must specifically state that the Board is of the opinion that the area in question is in the process of being developed as a resort area. In addition, the resolution must set forth the basis for the Board’s conclusion.
   b. A map clearly marked to indicate the specific area under consideration.
   c. A list of steps taken or to be taken in developing the area as a qualified resort area.

106 The total revenue from sales shall equal the case cost, at wholesale, multiplied by the number of cases sold during the nine (9) month period. This formula is based on cases actually sold to permittees and not based on cases ordered. Cases which are ordered by permittees but not sold due to the fact that the product ordered is out of stock or for any other reason will not be considered in the application of the formula.
Furthermore, any special order item that meets or exceeds the nine (9) month sales revenue formula may, at the Department’s discretion, be placed in the Division’s Price List.

One-of-a-kind and holiday items are exempt from the quota requirements. No holiday item shall contain cash, coupons, rebates, or any items subject to spoilage.

Price changes will be considered four (4) times each year and will become effective on the following dates: February 1, May 1, August 1, and November 1. Such changes to be considered for February 1, must be filed with the Division by December 1; for May 1, by March 1; for August 1, by June 1; for November 1, by September 1.

Each bottle of native wine shall have clearly imprinted on the label the words Mississippi Native Wine.

Chapter 08  Procedure for Delisting or Deleting Alcoholic Beverages

Any items on the Division’s price list will be delisted for failure to meet the sales revenue formula as set out in Title 35, Part II, Subpart 4, Chapter 7 of the Mississippi Administrative Code; however, the Department may, in its discretion, continue to maintain an item in its price list that does not meet the minimum revenue standard. Furthermore, the Department reserves the right to delist any item for violation of any law or regulation or when, in its opinion, the best interest of the Division may be served.

The storage of items at the LDC Warehouse is strictly a voluntary act by its owner(s). The Department retains the right to regulate the location of all items placed in bailment. Manufacturers shall manage the inventory of items stored in the LDC Warehouse in compliance with the parameters as set forth by the Division. Manufacturers who do not comply with the guidelines as set forth, may, at the discretion of the Division, be stopped from listing new products and special purchase allowances. Failure of a company to stock a bailment item after the effective date of the price list may result in the delisting of the item.

Any bailment item voluntarily removed by the company, or delisted by the Department, shall be removed from the State at the direction of the Department. Delisted items must be removed from bailment within thirty (30) days from the date of delisting. Any item delisted will not be eligible for re-listing for a minimum of one (1) listing period. Delisted items may, subject to Department approval, be offered as a special order item pursuant to Title 35, Part II, Subpart 4, Chapter 5 of the Mississippi Administrative Code.

All products remaining after the thirty (30) day period shall become the property of the Division for disposition as it sees fit.
Chapter 09 Dual Packaging

The holder of a manufacturer’s or solicitor’s permit may submit to the Division certain unit packages consisting of a specialty or novelty item and an alcoholic beverage previously listed with the Division for sale in retailer package stores. Novelty items include, but are not limited to: T-shirts, sportswear, glassware, stoneware, flags, and banners. However, goods subject to spoilage will not be permitted. All products containing dual packaged items must have prior approval of the Division.

The unit packages shall be assembled prior to shipment to the LDC warehouse and shall be contained in sealed packages. Novelties may not be sold separately but must be sold as a unit in one original, unopened package. Dual package items will not be sold in split cases. The Division will not be responsible for damaged or defective dual packaged products other than alcoholic beverages.

Chapter 10 Bailment Procedures - Policies and Procedures of Mississippi Alcoholic Beverage Control Bailment Warehouse System

Mississippi uses the bailment system for operations of the LDC Warehouse. When bailment is used, there will be a bailment agreement between the Division and the vendor. Under the bailment system, ABC inventory is used first; when the ABC inventory is insufficient, the vendor’s inventory will be utilized.

All bailment alcoholic beverages received by the Division will be stored at the Liquor Distribution Center Warehouse. The Division will determine the location of all alcoholic beverages stored in the LDC Warehouse. The Division reserves the right to manage warehouse space allocation.

Vendors will own and control the stock that enters the LDC Warehouse. The Division will take physical inventory on a continuous cycle counting basis. Any irreconcilable discrepancies will be resolved as follows:
1. The Division will pay the vendor for the product in cases of physical shortage of the vendor’s product.
2. The Division will place any surplus into its own inventory in cases of physical overage of the vendor’s product.

Vendors may conduct their own physical inventory of stock held in bailment by arrangement with the Division at least 48 hours in advance. Vendors or their agents should bring discrepancies to the attention of the Division.
The Division will routinely authorize the product into the distribution center for restocking purposes.

The Division will require that vendors designate an agent who will be responsible for approving stock withdrawal. A Mississippi Bailment Warehouse Vendor’s Authorization Representative Form should be completed for each authorized agent. Vendors must update this document as needed.

The Division will notify the vendor’s agent during the last week of each month of their intention to purchase specified inventory belonging to the vendor based on anticipated needs for the following month. If the vendor does not respond within two (2) hours after receipt of the notification, the vendor will be deemed to have authorized the anticipated purchase. This report shows the maximum anticipated purchases. Actual purchases may differ due to the availability of the vendor’s product on the date the inventory was picked, the availability of new receipts into the LDC Warehouse, and the availability of ABC owned inventory which will be removed first.

Vendors shall comply with the inventory management guidelines as set for by the Division. Vendors who do not comply, may, at the discretion of the Division, be stopped from listing new products and/or offering special purchase allowances.

The receipt of bailment merchandise is according to the following terms and conditions.

1. Receiving into the bailment-warehousing systems will take place at the LDC Warehouse.
2. Product will not be unloaded if it is not shipped on pallets or slip-sheets. Pallets are the preferred method for delivery; therefore, there will be a charge for the use of slip-sheets.
3. Vendors are required to supply LDC Warehouse personnel with a Bill of Lading or Packing List at delivery which must include the control state code, the description and name of the product, and the quantity of the product being delivered to the LDC Warehouse.
4. The vendor will be responsible for obtaining the freight carrier.
5. The carrier is required to call the LDC Warehouse to obtain an unloading appointment time. The carrier must indicate the vendor when scheduling the appointment.
6. The Division will complete a Receiving Report form for each load delivered. The case quantity shown on the form will reflect any overage or shortage compared to the Bill of Lading or Packing List supplied by the carrier.
7. LDC Warehouse personnel will unload all products. Carrier drivers are required to witness the unloading. The driver and Division representative will sign the unloading report form and the Bill of Lading or Packing List.
8. If the Division discovers an error in the receiving process, the Division will complete an Inventory Correction form which will be attached to the original receiving report.
Because the Division may purchase damaged goods and subsequently establish a receivable with the vendor, the LDC Warehouse Operations Manager will be responsible for determining whether damaged goods are to be received into the bailment inventory. The Division will always attempt to resolve any problems in this area to the mutual satisfaction of the vendor and the Division.

The Division believes that it is advantageous to the vendor and the Division to accept merchandise with small amounts of damage which has occurred during the shipping process. At the discretion of the LDC Warehouse Operations Manager, goods with slight damage will be received into the Division inventory and placed in the repack area. The Division will purchase the damaged bottle(s) and file a claim against the vendor for recovery of the damaged bottle’s purchase price.

When the Division discovers substantial damage, the truck will be sealed and the vendor notified. The vendor or designated agent will be responsible for determining how the damaged goods are to be handled. The Division will assist the vendor in substantiating the degree of damage, but the vendor is responsible for filing a claim against the carrier. No goods from the damaged shipment will be received into the LDC Warehouse until the LDC Warehouse Operations Manager is satisfied with the vendor’s determination.

All products are owned by the vendor. It will be the responsibility of the vendor to file claims with the carrier to recover the cost of damages which occurred during the transportation of the alcoholic beverages.

Vendor’s agents may obtain a report from the NABCA showing the activity of their products.

Vendors may withdraw product from bailment; however, for the purposes of warehouse administration, all removals must be approved 24 hours in advance of removal and will occur during normal LDC Warehouse receiving hours. The vendor must provide in writing the item code, name, description, and quantity of the product being removed, as well as the motor carrier picking up the product from the LDC Warehouse and the product destination. The division will load the product onto the truck. The carrier’s driver will observe the loading. Both the Division representative and the driver must sign the Bill of Lading and a copy of the document will be provided to the vendor. The Division will adjust the bailment inventory records and will charge the vendor a handling fee to cover the cost of the requested withdrawal.

The Division will charge for certain services. Charges may include, but will not be limited to, the following services:
1. Labeling
2. Re-packing
3. Damage Re-packing
4. Reloading for shipping
5. Split case handling
6. Bailment fees
7. Unloading product received on slip-sheets

Vendors must comply with Federal laws, guidelines, and regulations.

Prior to using the LDC Warehouse, each vendor will be required to execute the bailment agreement and designate an agent.

The Division will not carry insurance on the vendor’s inventory in bailment nor be responsible for any loss. Vendor’s agents will be provided inventory reports to assist vendors in determining the value of their inventory. This report may be obtained from the NABCA.

Claims by vendor must be presented in writing to the Division within thirty (30) days after vendor’s claim arises.

The Division may submit to the vendor and/or the vendor’s agent, or may require the vendor or vendor’s agent to submit to the Division, other documents necessary to conduct its operations.

As a prerequisite to the issuance of any permit under this chapter, the applicant shall first obtain the required federal occupational stamp for the type of business for which the permit has been applied.

In addition, permit holders shall make available to the Department or its representatives all records required by the Federal Government, showing the volume of bulk and/or fortified wines imported for blending or fortifying purposes. The Department shall satisfy itself that the volume of the wines imported does not exceed the volume the permit holder would reasonably be expected to produce from grapes planted in his vineyard, taking into consideration that fifty-one percent (51%) of the wine must be produced from grapes, fruits, berries, honey or vegetables grown and produced in Mississippi.

102 Persons holding a Class 3 Native Wine Manufacturer’s (Producer’s) Permit issued pursuant to Miss. Code Ann. Section 67-1-51 shall be required to have the words Mississippi Native Wine clearly printed on the label of each bottle.

102 Permittee’s must provide to the department each month statements showing:
   1. All sales made to consumers at the native winery or in its vicinity;

103 Permittee’s who import bulk or fortified wines from without this state to be mixed with native wines shall not pay any excise tax on the imported wine.
Chapter 04 Retail Operations

100 A permit shall not be denied based solely on the fact that the proposed winery is located in a county which is considered dry under Miss. Code Ann. Section 67-1-1 et. seq.

101 A native winery may make sales to consumers at the location of the winery or in its general vicinity. The location of said sales must be pre-approved by the Department.

102 Sales made to consumers shall be for either on-premise or off-premise consumption.

103 Native wine retailers may make sales of native wines during the same hours as that allowed for package retailers. Provided, however, the governing body of any location may petition the Department to permit sales by native wine retailers located within their jurisdiction at other times. Upon receipt of a petition, or upon its own motion, the Department shall consider the same and set whatever hours of sale it deems appropriate. A certified copy of the resolution of the governing authority requesting permission must accompany all such petitions.

104 Native wineries shall not make direct sales to Mississippi alcoholic beverage permittees.

105 Native wines may be possessed and consumed throughout the State.

Chapter 02 Administrative Provisions

100 The Alcoholic Beverage Control Division is hereby empowered, authorized, and directed...
to carry out fully the provisions of Miss. Code Ann. Title 67 and these regulations.

101 It is the intent of the Department that each and every one of these regulations, and parts thereof, are independent from the other; that each could stand alone; and to this end the provisions of these regulations, and parts thereof, are severable.

102 All records of any person holding a permit issued pursuant to Miss. Code Ann. Section 67-1-51 shall be open for examination at any time by the Department or its duly authorized agents.

103 (Reserved)

Chapter 03 Appeal Procedures

100 Pursuant to Miss. Code Ann. Section 67-1-72, certain decisions of the Department may be appealed. Any request for such appeal shall be made to the Board of Tax Appeals.

101 The following decisions of the Department may be appealed:

1. Denial of an application
2. Denial of a permit renewal
3. Revocation of a permit
4. Suspension of a permit
5. Denial of an applicant for approved manager
6. Denial of a request for qualified resort area status
7. Revocation of a qualified resort area status

102 The procedures for filing an appeal shall be:

1. The aggrieved person must submit a request for appeal in writing;
2. The request must be submitted to the Executive Director of the Board of Tax Appeals and a copy must be sent to the Department; and
3. The request must be made within fifteen (15) days of the date the person received notice from the Department.

103 If the aggrieved person fails to appeal within the fifteen (15) day period, the action of the Department shall take effect as set out in the notice.

104 The Department retains the authority to change its decision.

105 If the decision of the Department is due to an incomplete application, failure of the applicant to pay the annual privilege taxes and fees pursuant to Miss. Code Ann. Section 27-71-5 or failure of the applicant to post the required bond, then the decision of the Department does not constitute a denial and may not be appealed.

106 No permit shall be suspended or revoked until the permittee has been given reasonable notice of the reason for suspension or revocation. The permittee shall be given the opportunity to appeal the suspension or revocation to the Board of Tax Appeals.
The permittee may waive his rights to reasonable notice and/or the opportunity to a hearing by agreeing to a suspension or revocation as offered by the Department.

If an applicant fails to timely request a hearing after notification of the request for suspension or revocation, the applicant is considered to have had an opportunity for a hearing.

If an application for renewal of a permit has been denied by the Department for any reason other than incompleteness, failure to pay applicable privilege taxes and fees or failure to post any required bond, the permittee may continue to operate under the permit until the last of the following dates:

1. The date on which the permit expires;
2. The date on which the time period for filing an appeal of the denial to the Board of Tax Appeals expires;
3. The date of withdrawal of a timely filed appeal to the Board of Tax Appeals; or
4. The date on which the permittee receives the notice of the Board of Tax Appeals affirming the denial of the permit renewal.

If the Board of Tax Appeals reverses the Department’s decision to deny the renewal, the Department shall renew the permit and issue the permit from its last expiration date.

The Department has the authority to appeal the decision of the Board of Tax Appeals to chancery court pursuant to Miss. Code Ann. Section 67-1-39. If the court enters a final decision and/or order reversing the decision of the Board and affirms the denial of renewal of the permit, the permit shall be deemed denied and the permittee is not authorized to sell alcoholic beverages under that permit after the date the court decision becomes final and is not subject to any further appeal.

The Department has the authority to approve or deny applications for qualified resort status as well as to revoke a current qualified resort status. Appeals for issues related to qualified resort status may be made by the applicant or permit holder; the county or municipality where the qualified resort status is located; or by any person objecting to the qualified resort area.

The Department has the discretion to publish notice of its decision to revoke approval of a qualified resort area in the same manner as provided in Title 35, Part II, Subpart 03, Chapter 07 of the Mississippi Administrative Code as it relates to approval of a qualified resort area. The fifteen (15) day period for appeals will begin on the date the notice is first published. If an appeal is not filed within this fifteen (15) day period, the decision of the Department is final.
Any county or municipality where a proposed qualified resort area is to be located or where a qualified resort area is currently located may appeal the decision of the Department to deny the request for approval or the revocation of the resort areas status. Such appeal shall be made to the Board of Tax Appeals and shall follow the procedures provided in Paragraph 101 of this Chapter.

(Reserved)

Any other person may also request a hearing before the Board of Tax Appeals related to:
1. Objections to an application for a qualified resort status;
2. Objections to the transfer of an existing permit; or
3. Objections to the issuance of any permit with the exception of a temporary retailer’s permit.

There will be no hearing in cases where the application is denied by the Department and the applicant does not appeal the Department’s decision or if the applicant withdraws the application; or if the county or municipality where the proposed qualified resort area is located does not appeal the Department’s decision.

If the Department denies the application, then the procedures found in this chapter for appeal of a denial of an application shall be in effect. The Department will advise the Executive Director and the applicant of any objection to the application and the Board of Tax Appeals shall schedule a hearing on the objection and a hearing on the appeal at the same time.

If the Department approves the application, then the Department will advise the applicant and the Executive Director of the request for a hearing on an objection to the application. The Board of Tax Appeals shall schedule a hearing on the objection.

The Department has the authority to approve the application if the person objecting to the application withdraws the request for hearing.

A request for a hearing on the objection must be filed with the Department within fifteen (15) days from the first date of publication of the notice of application pursuant to Miss. Code Ann. Section 67-1-53.

(Reserved)

Any person who has an interest in any alcoholic beverages or raw materials which the Department intends to dispose of under Miss. Code Ann. Section 67-1-18 shall be given a reasonable notice of the Department’s proposed disposal. Such person may request a hearing before the Board of Tax Appeals to establish a right or claim to the property.

Request for an appeal shall follow the same procedures set out in paragraph 101 of this Chapter.
If a request is not received within the fifteen (15) day period, then the Department may order the property to be disposed of pursuant to Miss. Code Ann. Section 67-1-18.

(Reserved)

Code Ann. Section 67-1-51, Mississippi Code of 1972, Re-compiled, for a period of twelve (12) months after the date of violation, unless such violation shall prohibit the person from receiving a permit the revocation becomes final.

Unless otherwise provided by law, the Department Commission may revoke or suspended any permits and/or ABC identification cards issued for a violation by the permittee or an agent or employee of the permittee of any provisions of the Local Option Alcoholic Beverage Control Law or of any of the provisions of the regulations promulgated under it by the Department, upon conviction before the Commission of the permittee of one (1) or more clerks, agents, and/or employees of a permittee of the laws, rules and regulations governing the sale of alcoholic beverages. In taking such action the Department Commission may consider prior offenses committed by the permittee and/or its agents or employees within a period of two (2) years from the date of the most recent offense.

In addition to suspension or revocation of permit and/or identification cards, the Department Commission may impose fines not to exceed one thousand dollars ($1,000.00) upon conviction by any person, firm, association, corporation, LLC, hotel, restaurant, or club for violations of any person by the Commission for the violation of any of the provisions of the regulations promulgated by the Department under the Local Option law, ABC rule or regulation. The Commission shall not impose said funds until the person is given an opportunity for a hearing. Failure of a permittee to pay fines within a time designated by the Commission will result in revocation of the permit. Failure of a manufacturer representative to pay fines will also result in the suspension of the representative’s products from sale in the State. Any person who fails to pay a fine imposed by the Commission shall be prohibited from working in a permitted establishment.

The Director of the Alcoholic Beverage Control Division is hereby empowered, authorized, and directed to carry out fully the provisions of this Regulations Chapter and Section 67-1-17, Miss. Code Ann. Section 67-1-17, Mississippi Code of 1972, Re-compiled.

103 For spirits, the total revenue from sales must be greater than $4,500 with sales of 25 or more cases during the nine (9) month period beginning May 1st and ending January 31st. The Division shall review the minimum dollar limit and case limit on an annual basis and make changes as circumstances dictate.

104 For wines, the total revenue from sales must be greater than $4,500 with sales of 25 or more cases during the nine (9) month period beginning May 1st and ending January 31st. The Division shall review the minimum dollar limit and case limit on an annual basis and make changes as circumstances dictate.

105 Unique products or classes of products may, at the discretion of the Division, be separated from the wine or spirit categories and given its own minimum revenue and case sales requirements as circumstances dictate. The total revenue from sales shall equal the case cost at wholesale, multiplied by the number of cases sold during the nine (9) month period.

106 The total revenue from sales shall equal the case cost at wholesale, multiplied by the number of cases sold during the nine (9) month period. The foregoing formula is based on cases actually sold to permittees and not based on cases ordered. Cases that are ordered by permittees, but not sold due to the fact that the product ordered is out of stock or for any other reason will not be considered in the application of the foregoing formula.

107 Furthermore, any special order item that meets or exceeds the nine (9) month case sales revenue formula may, at the Commission’s Department’s discretion, be placed in the ABC Division’s Price List.

108 “One-of-a-kind” and “Christmas” holiday items are exempt from the quota requirements. No “Christmas” holiday item shall contain cash, coupons, rebates, or any items subject to spoilage.
Price changes will be considered four (4) times each year and will become effective on the following dates: February 1, May 1, August 1, and November 1. Such changes to be considered for February 1, must be filed with the Alcoholic Beverage Control Division by December 1; for May 1, by March 1; for August 1, by June 1; for November 1, by September 1.

A Mississippi Alcoholic Beverage Control Stamp must be placed on each bottle or container of native wine produced. See Title 35 of the Mississippi Administrative Code, Part II, Subpart 5, Chapter 3. Each bottle of native wine shall have clearly imprinted on the label the words Mississippi Native Wine.

The Director of the Alcoholic Beverage Control Division is authorized to promulgate procedural details, including a pricing formula, to effectuate the purpose of this regulation and to defray additional cost.

Chapter 08 Procedure for Delisting or Deleting Alcoholic Beverages

Any items on the Alcoholic Beverage Control Division’s price list will be delisted for failure to meet the nine (9) month case sales revenue formula standard as set out in Title 35 of the Mississippi Administrative Code, Part II, Subpart 034, Chapter 7 of the Mississippi Administrative Code; however, the Commission Department may, in its discretion, continue to maintain an item in its price list provided the number of sales for the particular product constitutes ninety percent (90%) of the standard for that item, as stated in the nine (9) month case sales formula that does not meet the minimum revenue standard. Furthermore, the Commission Department reserves the right to delist any item as punishment for violation of any law or regulation or when, in its opinion, the best interest of the Alcoholic Beverage Control Division may be served.

The storage of items at the Liquor Distribution Center, LDC Warehouse, is strictly a voluntary act by its owner(s). The Commission Department retains the right, however, to regulate the location of all items placed in bailment. Manufacturers shall manage the inventory of items stored in the LDC Warehouse in compliance with the parameters as set forth by the Division. Manufacturers who do not comply with the guidelines as set forth, may, at the discretion of the Division, be stopped from listing new products and special purchase allowances. Failure of a company to either stock a bailment item within thirty (30) days after the effective date of the price list or failure of a company to maintain an adequate inventory, as designated by the Commission Department, may result in the delisting of the item.

Any bailment item voluntarily removed by the company, or delisted by the Commission Department, shall be removed from the State at the direction and under the control of the Commission Department. Delisted items must be removed from bailment within thirty (30) days from the date of delisting. Any item delisted will not be eligible...
for re-listing for a minimum of one (1) listing period. Delisted items may, subject to Commission Department approval, be offered as a special order item, pursuant to Title 35 of the Mississippi Administrative Code, Part II, Subpart 4 of the Mississippi Administrative Code.

103 All products remaining after the thirty (30) day period shall become the property of the Division for disposition as it sees fit.

1043 (Reserved)

Chapter 09 Dual Packaging

100 The holder of a manufacturer’s or wholesaler’s solicitor’s permit may submit to the Alcoholic Beverage Control Division certain unit packages consisting of a specialty or novelty item and an alcoholic beverage previously listed with the ABC Division for sale in retailer package stores. Novelty items include, but are not limited to: T-shirts, sportswear, glass wear, flags, and banners. However, goods subject to spoilage will not be permitted. All products containing dual packaged items must have prior approval of the Alcoholic Beverage Control Division.

101 The unit packages shall be assembled prior to shipment to the Alcoholic Beverage Control Division. The unit packages shall be assembled prior to shipment to the Alcoholic Beverage Control Division LDC Warehouse located in Gluckstadt, Mississippi, and shall be contained in sealed packages. Novelties may not be sold separately but must be sold as a unit in one original, unopened package. Dual package items will not be sold in split cases. The Alcoholic Beverage Control Division will not be responsible for damaged or defective dual packaged products other than alcoholic beverages.

102 (Reserved)

Chapter 10 Bailment Procedures - Policies and Procedures of Mississippi Alcoholic Beverage Control Bailment Warehouse System

100 Beginning April 29, 1991, the Tax Commission’s Alcoholic Beverage Control Division (ABC) will began bailment warehouse operations. Mississippi uses the bailment system for operations of the LDC Warehouse. A bailment warehouse is a warehousing method whereby alcoholic beverages owned by the vendor are stored in the Liquor Distribution Center (LDC) for subsequent shipment to retail permittees. NABCA shall hereinafter refer to the National Alcoholic Beverage Control Association. When bailment is used, there will be a bailment agreement between the Division and the vendor.

101 Under the bailment system, ABC inventory is used first; when the ABC inventory is insufficient, the vendor’s inventory will be utilized.

101 All bailment alcoholic beverages received by the Division will be stored at the Liquor Distribution Center Warehouse. The Division will determine the location of all alcoholic
beverages stored in the LDC Warehouse. The Division reserves the right to manage warehouse space allocation.

(Reserved)

200 Vendors will own and control the stock that enters the LDC Warehouse. The Division will take physical inventory on a continuous cycle counting basis. Any irreconcilable discrepancies will be resolved as follows:
   1. The Division will pay the vendor for the product in cases of physical shortage of the vendor's product.
   2. The Division will place any surplus into its own inventory in cases of physical overage of the vendor's product.

201 Vendors may conduct their own physical inventory of stock held in bailment by arrangement with the Division at least 48 hours in advance. Vendors or their agents should bring discrepancies to the attention of the Division.

202 The Division will routinely authorize the product into the distribution center for restocking purposes.

203 The Division will require that vendors designate an agent who will be responsible for approving stock withdrawal. A Mississippi Bailment Warehouse Vendor’s Authorization Representative Form should be completed for each authorized agent. Vendors must update this document as needed.

204 The Division will notify the vendor's agent during the last week of each month of their intention to purchase specified inventory belonging to the vendor based on anticipated needs for the following month. If the vendor does not respond within two (2) hours after receipt of the notification, the vendor will be deemed to have authorized the anticipated purchase. This report shows the maximum anticipated purchases. Actual purchases may differ due to the availability of the vendor’s product on the date the inventory was picked, the availability of new receipts into the LDC Warehouse, and the availability of ABC owned inventory which will be removed first.

205 Vendors shall comply with the inventory management guidelines as set for by the Division. Vendors who do not comply, may, at the discretion of the Division, be stopped from listing new products and/or offering special purchase allowances.

206 The receipt of bailment merchandise is according to the following terms and conditions.
   1. Receiving into the bailment-warehousing systems will take place at the LDC Warehouse.
   2. Product will not be unloaded if it is not shipped on pallets or slip-sheets. Pallets are the preferred method for delivery; therefore, there will be a charge for the use of slip-sheets.
   3. Vendors are required to supply LDC Warehouse personnel with a Bill of Lading or Packing List at delivery which must include the control state code, the
description and name of the product, and the quantity of the product being delivered to the LDC Warehouse.

4. The vendor will be responsible for obtaining the freight carrier.

5. The carrier is required to call the LDC Warehouse to obtain an unloading appointment time. The carrier must indicate the vendor when scheduling the appointment.

6. The Division will complete a Receiving Report form for each load delivered. The case quantity shown on the form will reflect any overage or shortage compared to the Bill of Lading or Packing List supplied by the carrier.

7. LDC Warehouse personnel will unload all products. Carrier drivers are required to witness the unloading. The driver and Division representative will sign the unloading report form and the Bill of Lading or Packing List.

8. If the Division discovers an error in the receiving process, the Division will complete an Inventory Correction form which will be attached to the original receiving report.

207 Because the Division may purchase damaged goods and subsequently establish a receivable with the vendor, the LDC Warehouse Operations Manager will be responsible for determining whether damaged goods are to be received into the bailment inventory. The Division will always attempt to resolve any problems in this area to the mutual satisfaction of the vendor and the Division.

208 The Division believes that it is advantageous to the vendor and the Division to accept merchandise with small amounts of damage which has occurred during the shipping process. At the discretion of the LDC Warehouse Operations Manager, goods with slight damage will be received into the Division inventory and placed in the repack area. The Division will purchase the damaged bottle(s) and file a claim against the vendor for recovery of the damaged bottle’s purchase price.

209 When the Division discovers substantial damage, the truck will be sealed and the vendor notified. The vendor or designated agent will be responsible for determining how the damaged goods are to be handled. The Division will assist the vendor in substantiating the degree of damage, but the vendor is responsible for filing a claim against the carrier. No goods from the damaged shipment will be received into the LDC Warehouse until the LDC Warehouse Operations Manager is satisfied with the vendor’s determination.

210 All products are owned by the vendor. It will be the responsibility of the vendor to file claims with the carrier to recover the cost of damages which occurred during the transportation of the alcoholic beverages.

211 Vendor’s agents may obtain a report from the NABCA showing the activity of their products.

212 (Reserved)
Vendors may withdraw product from bailment; however, for the purposes of warehouse administration, all removals must be approved 24 hours in advance of removal and will occur during normal LDC Warehouse receiving hours. The vendor must provide in writing the item code, name, description, and quantity of the product being removed, as well as the motor carrier picking up the product from the LDC Warehouse and the product destination. The division will load the product onto the truck. The carrier’s driver will observe the loading. Both the Division representative and the driver must sign the Bill of Lading and a copy of the document will be provided to the vendor. The Division will adjust the bailment inventory records and will charge the vendor a handling fee to cover the cost of the requested withdrawal.

(Reserved)

The Division will charge for certain services. Charges may include, but will not be limited to, the following services:

1. Labeling
2. Re-packing
3. Damage Re-packing
4. Reloading for shipping
5. Split case handling
6. Bailment fees
7. Unloading product received on slip-sheets

Vendors must comply with Federal laws, guidelines, and regulations.

Prior to using the LDC Warehouse, each vendor will be required to execute the bailment agreement and designate an agent.

The Division will not carry insurance on the vendor’s inventory in bailment nor be responsible for any loss. Vendor’s agents will be provided inventory reports to assist vendors in determining the value of their inventory. This report may be obtained from the NABCA.

Claims by vendor must be presented in writing to the Division within thirty (30) days after vendor’s claim arises.

The Division may submit to the vendor and/or the vendor’s agent, or may require the vendor or vendor’s agent to submit to the Division, other documents necessary to conduct its operations.

(Reserved)

1. Warehouse Location
All bailment alcoholic beverages received by the ABC will be stored at the Liquor Distribution Center located at 1286 Gluckstadt Road, Madison, Madison County, Mississippi. The mailing address is P.O. Box 540, Madison, Mississippi 39130-0540.
2. Designation of Product Location
The ABC will determine the location of all alcoholic beverages stored in its distribution center. The existing product locations will be maintained whenever possible, however, the ABC reserves the right to manage warehouse space allocation.

3. Stockownership and Bailment Replenishment
   a. Vendors will own and control the stock that enters the ABC Distribution Center (See APPENDIX E: inventory).

   b. The ABC will routinely authorize the product into the distribution center for restocking purposes.

   c. The ABC will require that vendors designate an agent, who will be responsible for approving stock withdrawal. APPENDIX A: MISSISSIPPI BAILMENT WAREHOUSE VENDOR'S AUTHORIZED REPRESENTATIVE. Vendors must update this document as needed.

   d. The ABC will notify the vendor's agent during the last week of each month of their intention to purchase specified inventory belonging to the vendor based on anticipated needs for the following month. If the vendor does not respond within 2 hours after receipt of notification, the vendor will be deemed to have authorized the anticipated purchase. This report shows the maximum anticipated purchases. Actual purchases may differ due to:

      i. Availability of the vendor's product on the date the inventory was picked;
      ii. Availability of new receipts into the distribution center;
      iii. The availability of any ABC owned inventory, which will be removed first;

   e. The receipt of bailment merchandise is according to the terms and conditions listed in APPENDIX C: "RECEIVING DOCKS, OVERAGE, STORAGE AND BREAKAGE".

   g. Vendor's agents may obtain weekly a computerized report showing the activity of their products from the NABCA.

4. ABC Purchases
   To provide for product availability for privately owned permittees, the ABC will advise vendors of the codes and quantities that will be needed during a particular time period as described in 3b and 3d.

   ABC often receives requests for an item that is not listed in its Price Book. ABC will attempt to satisfy these requests through the special order procedure established in Title 35 of the Mississippi Administrative Code, Part II, Subpart 3, Chapter 5.

   A number of alcoholic beverages will be subject to split-case sales. Items available in split case will be determined by ABC through established procedures. Vendors will be notified as detailed in 3e.

5. Withdrawal of Bailment Inventory by Vendor
   The vendor may withdraw alcoholic beverages from bailment for the following reasons:

      i. Redistribution to other areas. The vendor cannot redistribute the product to permittees in Mississippi.
      ii. If the product is unsaleable (APPENDIX D, 4).
      iii. If the product has been delisted (9 a,b).
b. The ABC must approve the removal of any product before it can be removed from the distribution center. Such approval must be approved 24 hours in advance of the removal and may occur during distribution center delivery hours (APPENDIX C.1.1).

c. The vendor must provide a motor carrier to be used when removing product from the distribution center.

d. ABC will load the product on to the truck. The carrier’s driver will observe the loading. Both the ABC representative and the driver must sign the Bill of Lading and a copy of the document will be provided to the vendor. ABC will adjust the bailment inventory records.

e. ABC will charge the vendor a handling fee to cover the costs of requested withdrawal.

6. ABC Charges
The ABC has historically charged for certain services. These charges will continue on the following items:

a. Labeling
b. Re-packing
c. Damage Re-packing
d. Reloading for shipping

7. Federal and Other Requirements
a. Vendors must comply with Federal guidelines and/or regulations.
b. Prior to using ABC’s distribution center, each vendor will be required to execute the bailment agreement and have designated an agent (3c).

8. Insuring the Inventory
a. The ABC will not carry insurance on the vendor’s inventory in bailment nor be responsible for any loss except as provided for in APPENDIX D: “INVENTORY OVERAGE, SHORTAGE OR DAMAGE OCCURRING WHILE VENDOR’S INVENTORY IS HELD IN BAILEMENT.”
b. Vendor’s agents will be provided inventory reports to assist vendors in determining the value of their inventory. This report may be obtained from the Purchasing Department.

9. Listing/Desisting Products
a. The ABC will continue listing/desisting procedures as detailed in Title 35 of the Mississippi Administrative Code, Part II, Subpart 03, Chapters 7 and 8. Following notification of desisting, the vendor will have 30 days to remove the product from the ABC Distribution Center. All products remaining after the 30-day period shall become the property of ABC for disposition as it sees fit.
b. Following notification of delisting, the vendor will have 30 days to remove the product from the ABC Distribution Center. All products remaining after the 30-day period shall become the property of ABC for disposition as it sees fit.

10. Claims by Vendor
Claims by vendor must be presented in writing to the ABC within 30 days after vendor’s claim arises.

11. Additional Documents
The ABC may submit to vendor and/or the vendor’s agent, or may require the vendor or vendor’s agent to submit to ABC, other documents necessary to conduct its operations.
BAILMENT AGREEMENT BETWEEN ALCOHOLIC BEVERAGE CONTROL AND

The Alcoholic Beverage Control Division, hereafter referred to as the ABC, headquartered at 1286 Gluckstadt Road, Madison, Mississippi 39110, and __________ ____________, hereafter referred to as the Vendor, headquartered at __________ ____________, entered into this agreement for the purpose of operating a bailment warehouse program. This agreement will be effective __________ ____________, and will remain in effect until cancelled in writing by the ABC or vendor with 30 days notice. A bailment warehouse program is defined as meaning the Vendor will own the stock in the ABC Liquor Distribution Center until it is withdrawn from bailment for shipment to the ABC permittees.

The ABC and the Vendor agree to the following:

1. The vendor agrees to place, without charge, approved items of alcoholic beverages into the ABC's distribution center at 1286 Gluckstadt Road, Madison, Mississippi, 39110. The items are to be shipped in accordance with the ABC’s shipping instructions and, when shipped, are to be cosigned to the vendor, or his representative or agent, in care of the ABC’s distribution center.

2. The ABC agrees to handle and store approved items furnished by the vendor for sale in Mississippi.

3. The vendor agrees that all price quotations for bailment stock will be delivered prices to the ABC's distribution center, including tax and duty on imported items.

4. THE ABC SHALL NOT BE LIABLE FOR ANY LOSS OR INJURY TO ALCOHOLIC BEVERAGES STORED HOWEVER CAUSED UNLESS SUCH LOSS OR INJURY RESULTED FROM FAILURE OF THE ABC TO EXERCISE SUCH CARE IN REGARD TO THE STORED ALCOHOLIC BEVERAGES AS A REASONABLY PRUDENT PERSON WOULD EXERCISE UNDER LIKE CIRCUMSTANCES AND THE ABC IS NOT LIABLE FOR DAMAGES WHICH COULD NOT HAVE BEEN AVOIDED BY SUCH CARE.

5. The ABC agrees it will purchase any bailment stock which disappears or is broken by ABC employees while stored in the ABC's distribution center.

6. Subject to the 48 hour notice provision in Appendix E, ABC agrees to allow the vendor to conduct physical counts of its bailment stock in the distribution center for its own purposes, and to make selected reports available to the vendor for accounting reconciliation purposes.

7. The ABC agrees to request from the vendor authorization to purchase and withdraw from bailment stock in advance, before the stock is pulled for shipment to its permittees. No response will be required unless permission to withdraw is denied.

8. The ABC agrees to issue payment vouchers and invoices at mid-month and month-end for withdrawals of the previous half-month. The ABC will pay for the products withdrawn directly from these documents; hence, no vendor invoices will be required.

9. The vendor agrees to secure any applicable state and/or federal basic permits and federal special occupational tax stamps that may be needed before any alcoholic beverages are shipped into the distribution center under the bailment program.
10. The vendor agrees that any bailment items deleted or unapproved items mis-shipped will be the responsibility of the vendor to remove from the ABC’s distribution center.

11. The vendor agrees to abide by the bailment policies and procedures established by the ABC, which are specifically incorporated into this agreement.

APPENDIX C:

RECEIVING DOCKS—OVERAGE, SHORTAGE AND BREAKAGE

1. Scheduling
   a. Receiving into the bailment warehousing system will take place at distribution center located at 1286 Gluckstadt Road, Madison, MS.
   b. Product will not be unloaded if it is not shipped on pallets or slip sheets.
   c. Vendors are required to supply ABC Distribution Center personnel with a Shippers Load Manifest at least seventy-two (72) hours in advance of shipment of quantities, by control state code of product being delivered to the ABC Distribution Center.
   d. The vendor will be responsible for obtaining the freight carrier.
   e. The carrier is required to call the Distribution Center to obtain an unloading appointment time. The carrier must indicate the vendor when scheduling the
appointment. Carriers should call at least three (3) working days in advance to arrange the unloading time.

f. Receiving hours will be 7:00 a.m. to 3:00 p.m. There will be no receiving on Saturdays, Sundays, or designated State holidays.

g. The ABC will consider claims for demurrage or detention charges which are incurred as a result of untimely unloading as long as the carrier adheres to the delivery schedule mutually established by the ABC Receiving Officer and the carrier.

2. Receiving

a. The ABC staff will complete a Receiving Report form for each load delivered. The case quantity shown on the form will reflect any overage or shortage compared to the manifest supplied by the carrier.

b. ABC Distribution Center personnel will unload all products. Carrier drivers are required to witness the unloading. The driver and ABC representative will sign the unloading report form and the Bill of Lading or Delivery Report.

c. If the ABC staff discovers an error in the receiving process, they will complete an Inventory Correction form which will be attached to the original receiving report.

3. Receiving Damaged Merchandise

a. Because the ABC may purchase damaged goods and subsequently establish a receivable with the vendor, the ABC Warehouse Operations Manager will be responsible for determining whether damaged goods are to be received into the bailment inventory. The staff will always attempt to resolve any problems in this area to the mutual satisfaction of the vendor and the ABC.

b. The ABC believes that it is advantageous to the vendor and the ABC to accept merchandise with small amounts of damage which has occurred during the shipping process. At the discretion of the ABC Warehouse Operations Manager, goods with slight damage will be received into the ABC inventory and placed in repack area. The ABC will purchase the damaged bottle(s) and file a claim against the vendor for recovery of the (damaged) bottle(s) purchase price.

c. When the ABC discovers substantial damage, the truck will be sealed and the vendor notified. The vendor or designated agent will be responsible for determining how the damaged goods are to be handled. The ABC staff will assist the vendor in substantiating the degree of damage, but the vendor is responsible for filing a claim against the carrier. No goods from the damaged shipment will be received into the distribution center until the ABC Warehouse Operations Manager is satisfied with the vendor’s determination.

d. All products are owned by the vendor. It will be the responsibility of the vendor to file claims with the carrier to recover the cost of damages which occurred during the transportation of the alcoholic beverages.

APPENDIX D:

INVENTORY OVERAGE, SHORTAGE OR DAMAGE OCCURRING WHILE VENDOR’S INVENTORY IS HELD IN BAILMENT
The ABC is responsible for the accuracy of documentation and the receiving and shipping process while the vendor’s goods are in bailment.

1. Shortage
   a. Shortage is defined as a physical quantity of a product which is less than the inventory records indicate.
   b. The ABC will pay vendors for most types of shortages occurring while the inventory is held in bailment.
   c. If the shortage is a result of a misshipment to a retail permittee, the ABC will retrieve the bottle(s) in error and adjust the vendor’s inventory accordingly.
   d. If the shortage is the result of undetected shrinkage of inventory, then the ABC accepts responsibility for the loss and will make the appropriate payment to the vendor.

2. Overage
   a. Overage is defined as a physical quantity of a product which is greater than the inventory records indicate.
   b. The ABC will place the overage in its own inventory.

3. Damages
   a. In this context, “damages” refers to improper or careless handling by distribution center personnel only. The ABC will not insure nor be responsible for the vendor’s product against fire, theft, water damage or any other cause or condition.
   b. The ABC accepts responsibility for holding the vendor’s goods in a safe and salable condition. The ABC Warehouse Operations Manager will notify vendors of improperly palletized, slip-sheeted or packaged products and, failing resolution, the merchandise may be placed in unsalable status.
   c. The ABC will purchase damaged bottle(s) as defined in the first sentence of 3a (above).

4. Unsalable Products
   Unsalable alcoholic beverage is defined as product that is not fit for human consumption. Unsalable alcoholic beverages located in the ABC Distribution Center will be disposed of in accordance with instructions provided by the vendor. Such disposition instructions must be provided by the vendor with 30 days after the vendor is notified of the unsalable alcoholic beverages. ABC may destroy the unsalable alcoholic beverages and invoice the vendor for handling charges if the vendor fails to provide disposition instructions. Because retail permittees will be credited by the ABC for unsalable alcoholic beverages which are returned, vendors are required to grant a credit to the ABC for that product. Under no circumstances will the ABC be deemed to purchase any unsalable alcoholic beverages provided out of bailment stock.

APPENDIX E:
INVENTORY
1. Physical Inventories
   a. The ABC will take physical inventory twice a year unless circumstances prohibit.
   b. Irreconcilable discrepancies will be resolved as follows:
      1. Physical shortage of the vendor’s product: the ABC will pay the vendor for the missing product.
2. Physical overage of the vendor’s product: the ABC will place the surplus into its own inventory.

3. Vendors may conduct their own physical inventories of stock held in bailment by arrangement with the Purchasing Agent at least 48 hours in advance.

— 2. Inventory Status
a. Vendors, or their agents, should bring discrepancies to the attention of the Purchasing Agent at (601) 856-1340.

Subpart 04 Administrative Procedures

Chapter 01 Administrative Procedure Before The Department of Revenue State Tax Commission on The Alcoholic Beverage Control Statutes

100 — All applications for permits shall be investigated under the direction of the Director of the Alcoholic Beverage Control Division of the State Tax Commission. If such investigation fails to reveal any reason why the permit should not be issued to the applicant, the aforesaid permit shall be issued by the Commission without further administrative procedure.

101 — If the investigation of the application reveals sufficient grounds, which, in the opinion of the Director of the Alcoholic Beverage Control Division of the State Tax Commission or the said Commission, would justify the refusal to issue the permit, the applicant should be so notified.

102 — If objection is filed to any applicant being issued a permit, investigation shall be conducted concerning the validity of such objection. If any person objects to any applicant being issued a permit and requests in writing that a hearing be granted thereon, the Commission, may in its discretion, grant a hearing before such applicant is awarded a permit. All of such hearings may be held either in the City of Jackson or at some other place in the State of Mississippi designated by order of the State Tax Commission.

103 — All hearings conducted by the State Tax Commission in regard to any phrase of the administration of the statutes dealing with the control of alcoholic beverages under its statutory control shall only be held after minimum notice of at least ten (10) days has been given to all interested parties of the time and place of such hearing. Such notice shall be given by registered or certified mail.

104 — All hearings shall be taken down either in shorthand or by tape recorder, or both, and any party aggrieved by the decision of the State Tax Commission shall have a period of thirty (30) days after the decision of the State Tax Commission within which to appeal therefrom. A copy of the decision of the State Tax Commission shall be sent by registered mail, return receipt requested, to each party applying for a permit or whose permit is sought to be cancelled and by regular mail to each party asking for a hearing thereon in writing, but the running of the time for appeal shall commence with the date of the aforesaid order and not from the date of its receipt by such interested parties.
Notice of appeal from any hearing shall be directed to the Chairman of the State Tax Commission.

All persons testifying before the Commission shall be first sworn to tell the truth by a person qualified to administer oaths under the Laws of this State.

The rules of evidence shall apply in all hearings before the Commission but may be relaxed by the Commission in unusual circumstances in order for the Commission to ascertain all facts in issue. Examination of witnesses shall be conducted for and on behalf of the State Tax Commission by an assistant attorney general or some person in the Legal Section of the Alcoholic Beverage Control Division of the State Tax Commission. When neither party to the hearing is represented by counsel, the aforesaid assistant attorney general or person in the Legal Section of the Alcoholic Beverage Control Division of the State Tax Commission shall examine all parties and witnesses for the purpose of fully developing the facts in the particular proceedings, but if any party is represented by counsel, the aforesaid attorneys for the State Tax Commission shall take the position opposed to such attorneys in said hearing for the purpose of bringing all matters connected therewith to the attention of the Commission.

Chapter 02  Appeal From Administrative Denial Of Permit, Resort Area Application, Manager Application, Or Employee ID Card

When the Commission, administratively, and without a hearing, denies a permit for sale of alcoholic beverages, or denies an application to designate a certain area as a qualified resort area, or denies a manager application, the denial of such application shall not become effective for a period of 15 days thereafter, during which time any interested person may request a full evidentiary hearing before the Commission. In the absence of such request, the initial administrative determination shall stand and the right of appeal shall be denied.

Hearings by the State Tax Commission, and any appeal therefore, shall be conducted pursuant to Title 35 of the Mississippi Administrative Code, Part II, Subpart 4, Chapter 1. Another application from an applicant who is aggrieved at any decision of the Commission shall not be reconsidered within a 12-month period.

Chapter 03  Postponements, Cancellations, And Continuances Of Hearings

Hearings may be postponed or cancelled by the Chairman of the State Tax Commission.

Persons requesting such postponement or cancellation are under a duty to contact the Chairman at the earliest possible time prior to the scheduled hearing.

2. The applicant is the true and actual owner of the native wine business for which a permit is desired; intends to carry on the business for himself and not as the agent of any other person; and intends to superintend in person the management of said business or will designate a manager to manage the business for him. Any such manager must be approved by the Commission and must possess all of the qualifications required of an applicant.

3. The place for which a native wine permit is desired is an appropriate one considering the character of the premises and the surrounding neighborhood.

4. The applicant is not indebted to the state for any taxes, fees or payment of penalties imposed by any law of the State of Mississippi or by any rule or regulation of the Commission.

5. The applicant is not in the habit of using alcoholic beverages to excess, is not physically or mentally incapacitated, and has the ability to read and write the English language.

6. The applicant will not sell or knowingly permit any agent, servant or employee to sell native wine in any manner contrary to law.

8. The premises for which the native wine permit is sought has not previously been operated, used or frequented for any purpose or in any manner that is lewd or immoral or offensive to public decency.

9. No criminal record of the applicant or any of the applicant’s employees exists, nor will the applicant knowingly hire an employee who has been convicted of a felony in any state or federal court.
10. In addition to the above and foregoing requirements, each applicant for a native wine permit, as provided in Section 67-1-51, Mississippi Code of 1972, shall meet all qualifications and requirements presently set forth in the Mississippi Local Option Alcoholic Beverage Control Laws, Rules and Regulations required for permits authorized by said Section 67-1-51.

Chapter 02—Permittees Must Comply With Federal Statutes

100. No person holding any permit issued under the provisions of this chapter shall engage in any business or activity authorized by such permit unless such person shall qualify so to do by complying with all statutes of the United States of America, and all regulations issued pursuant thereto, which are applicable or shall pertain to such business or activity, and shall continue to be so qualified at all times while engaging in such business or activity. As a prerequisite to the issuance of any permit under this chapter, the applicant shall first obtain the required federal occupational stamp for the type of business for which the permit has been approved by the Commission.

Chapter 03—Stamps

100. Persons holding a Class 3 Native Wine Manufacturer’s (Producer’s) Permit issued pursuant to Mississippi Code Annotated, Section 67-1-51, (1972), shall be required to affix a “Mississippi Native Wine Tax Stamp” to the neck or shoulder of each individual bottle or container of native wine produced, or in the alternative to have clearly imprinted on the label of each bottle the words “Mississippi Native Wine”. Such stamps shall be secured from the Alcoholic Beverage Control Division.

Chapter 04—Sanitary Codes

100. All native wines produced under permits issued under Section 67-1-51, Mississippi Code of 1972, shall be produced in accordance with the sanitary codes and production standards required by applicable federal statutes and regulations of the Bureau of Alcohol, Tobacco and Firearms and the Food and Drug Administration of the United States Government.

Chapter 05—Three Year Qualification Period

100. A holder of a Class 3 Native Wine Manufacturer’s Permit under Sections 67-1-51, Mississippi Code of 1972, shall be allowed to import such bulk and/or fortified wines
into this state for use in blending with native wines without payment of any state excise tax that would otherwise accrue thereon. However, with the exception of those permittees granted a three-year qualification period under Section 67-5-5 (a) (ii), Mississippi Code of 1972, in order to be classified as “native wine” under the provisions of the Mississippi Native Wine Law and the Local Option Alcoholic Beverage Control Law, at least fifty-one percent (51%) of the finished product by volume shall have been obtained from fermentation of grapes, fruits, berries, honey or vegetables grown and produced in Mississippi.

In addition, permit holders shall make available to the Commission or its representatives all records required by the Federal Government, showing the volume of bulk and/or fortified wines imported for blending or fortifying purposes. The Commission shall satisfy itself that the volume of the wines imported does not exceed the volume the permit holder would reasonably be expected to produce from grapes planted in his vineyard, taking into consideration that fifty-one percent (51%) of the wine must be produced from grapes, fruits, berries, honey or vegetables grown and produced in Mississippi.

Chapter 06—Hours Of Sale

Native wine retailers may make sales of native wines during the same hours as that allowed for package retailers. Provided, however, the governing body of any location may petition the State Tax Commission to permit sales by native wine retailers located within their jurisdiction at other times. Upon receipt of a petition, or upon their own motion, the Commission shall consider the same and set whatever hours of sale it deems appropriate. A certified copy of the resolution of the governing authority requesting such permission must accompany all such petitions.

All native wine sales made directly to consumers by a native wine retailer, pursuant to Mississippi Code, Annotated, Section 67-5-11 and 67-1-51 (c) must be conducted at an establishment on or near the immediate vicinity of the native winery. Any such establishment must be approved by the State Tax Commission.

Sales of native wines made to alcoholic beverage permittees shall be conducted at the native winery or at the retail establishment.

Native wines may be possessed and consumed throughout the State of Mississippi. Any person purchasing, possessing or consuming said wine must be at least 21 years of age or older and not otherwise prohibited by Mississippi Code, Annotated, Section 67-1-83 (1) and (2). Native wines must, at all times, be labeled or stamped in such a manner to clearly
identify the product as a Mississippi native wine.

Native wine retailers may make sales of native wines during the same hours as that allowed for package retailers. Provided, however, the governing body of any location may petition the Department to permit sales by native wine retailers located within their jurisdiction at other times. Upon receipt of a petition, or upon its own motion, the Department shall consider the same and set whatever hours of sale it deems appropriate. A certified copy of the resolution of the governing authority requesting permission must accompany all such petitions.
104  Native wineries shall not make direct sales to Mississippi alcoholic beverage permittees.

105  Native wines may be possessed and consumed throughout the State.
