Title 03 – Office of the Attorney General  
Part 1 - Division of Victim Compensation

Chapter 01 General Information and Definitions

100 Purpose

It is the intent of the Legislature to provide a method of compensating and assisting those persons who are innocent victims of criminal acts within the state and who suffer bodily injury or death and of assisting victims of crime through information referrals and advocacy outreach programs. To this end, it is the Legislature's intention to provide compensation for injuries suffered as a direct result of the criminal acts of other persons. It is the further intent of the Legislature that all agencies, departments, boards and commissions of the state and political subdivisions of the state shall cooperate with the Attorney General's Office in carrying out the provisions of this chapter. [Miss. Code Ann. § 99-41-3]

101 Legal Authority

The Office of the Attorney General is authorized to establish and enforce these rules and procedures by virtue of "The Mississippi Crime Victims' Compensation Act of 1991." [Miss. Code Ann. § 99-41-1, as amended]

The following administrative rules reflect the statutory changes pursuant to Senate Bill 2562 of the 2004 Regular Legislative Session, Senate Bill 2817 of the 2005 Regular Legislative Session, House Bill 1522 of the 2007 Regular Legislative Session, and Senate Bill 2709 of the 2008 Regular Legislative Session. The Division of Victim Compensation will administer claims made pursuant to the Mississippi Victims' Compensation Act in accordance with the rules and regulations.

102 Definitions: As used in these rules, the following definitions shall apply unless specifically stated otherwise.

1. "Claimant" as defined in § 99-41-5.
2. "Contribution or contributory conduct" means a voluntary action by the victim/claimant which, directly or indirectly, produced the victim/claimant's injury or death at the time of the crime which gave rise to the claim. This action may include, but is not limited to provocation, consent or incitement by the victim/claimant.
3. "Criminal justice proceedings" means any investigative or court proceedings of the case

upon which the claim is based. Such proceedings include: appointments with investigators, prosecuting attorney, and/or correction officials; court proceedings, such as grand jury, trial, plea hearings, sentencing hearings; parole board hearings and other post conviction hearings.

4. "Criminally injurious conduct" as defined in § 99-41-5.
5. "Director" means the Director for the Division of Victim Compensation.
6. "Division" means the Division of Victim Compensation.
7. "Family member" means the victim's spouse, parent, grandparent, stepparent, child, stepchild, grandchild, brother, sister, half brother, half sister or spouse's parent.
8. "Imminent Danger" means that factors exist that would cause a reasonable person in the victim's circumstances to fear immediate, impending or further harm by the offender.
9. "Mental health counseling and care" means problem solving and support services which address emotional issues that result from trauma of criminal victimization and have as a primary purpose the enhancement, protection and restoration of a person's sense of well being and social functioning after victimization.
10. "Personal injury" means actual bodily harm or psychological trauma as a direct result of a criminally injurious act. "Psychological trauma" means a substantial personal disorder of emotional processes, thought or cognition which impairs judgment, behavior or ability to cope with the ordinary demands of life. Injury of psychological trauma is also considered when a person witnesses a crime.
11. "Victim" means a person who suffers personal injury or death as a result of criminally injurious conduct. This definition may include a person who suffers personal injury or death as a result of criminally injurious conduct while going to the aid of another person or a duly sworn law enforcement officer, or while attempting to prevent a crime from occurring.
  - a. Aid must have been rendered in a reasonable and lawful manner;
  - b. Attempting to prevent a crime from occurring must have been done in a reasonable and lawful manner.

### 103 Program Description

1. The Victim Compensation Fund provides financial assistance to innocent victims of criminal acts who have suffered personal injury or death. Compensation may be awarded

for medical care, rehabilitation, counseling services for the victim and the victim's family member(s), funeral expenses, work loss for the victim or claimant and loss of economic support of dependents of deceased victims, relocation assistance for domestic violence victims, temporary housing assistance for domestic violence victims, court related transportation, execution travel, crime scene cleanup, and repair and replacement costs. Compensation Expenses which are paid by collateral sources, property loss or damage, pain and suffering, attorney fees, and expenses which are not directly related to the crime injuries are not eligible for compensation. Claimants must show they have suffered an economic loss as a result of the criminally injurious conduct in order to be eligible for compensation.

2. Awards payable to a victim/claimant, all other claimants and/or providers may not exceed Twenty Thousand Dollars (\$20,000.00) in the aggregate. Limitations include Fifteen Thousand Dollars (\$15,000.00) for medical costs; wage loss and economic loss of dependents payable up to Six Hundred Dollars (\$600.00) per week for a maximum of fifty-two (52) weeks; Three Thousand Five Hundred Dollars (\$3,500.00) for mental health counseling and care; Six Thousand Five Hundred Dollars (\$6,500.00) for funeral expenses and Eight Hundred Dollars (\$800.00) for funeral transportation; Two Thousand Dollars (\$2,000.00) for relocation assistance for domestic violence victims and Five Hundred Dollars (\$500.00) Dollars for temporary housing for domestic violence victims; One Thousand Dollars (\$1,000.00) for crime scene cleanup, One Thousand Dollars (\$1,000.00) for court related travel, and One Thousand Dollars (\$1,000.00) for property damage repair/replacement costs for exterior windows, doors, locks, or security devices of a residential dwelling. Other awards may be payable and are discussed further in the following chapters. In addition, other limitations do apply and are discussed further in the following chapters.

#### 104 Application Procedures

1. A claim for compensation must be filed on the application form prescribed by the Division of Victim Compensation and received by the Division no later than thirty six (36) months after the occurrence of the crime; except in child sexual abuse cases, the claim must be filed within thirty six (36) months after the crime was reported to law enforcement or the Department of Human Services, but in no event later than the child's twenty-first birthday.
2. For good cause, the director may extend the time period allowed for filing a claim for an additional period not to exceed (12) months. Good cause will be determined on a case-by-case basis.
3. An application postmarked within the prescribed time period shall be considered timely filed.

4. A victim/claimant must notify the Division of Victim Compensation of any changes to address or telephone numbers.
5. Upon receipt of a completed application, a thorough claim investigation is initiated to determine eligibility and compensation award. After processing an application, the Director will enter an Order of Determination. The Order shall report the following: findings of fact; decision of eligibility; amount (if any) of compensation to be awarded; payee of the compensation award; percentage share of the total of any compensation award; dollar amount each payee shall receive; and method of payment.

4. An individual who witnesses a crime and suffers psychological trauma.

## 202 Seventy-Two (72) Hour Reporting Requirement

1. Compensation shall be denied if the crime was not reported to a law enforcement officer within seventy-two (72) hours after its occurrence, or the victim/claimant must show good cause for failing to report within such time.
2. Victim/claimant is considered to have made a report to law enforcement when the victim/claimant has provided a true and accurate report of the incident, which shall include to the best of the victim/claimant's knowledge:
  - a. The nature of the crime;
  - b. The location of the crime;
  - c. The name, whereabouts and description of the suspect, if known; and,
  - d. The names of witnesses.
3. This requirement is not met if the victim/claimant provides only his/her name and the fact

that they were victimized.

4. Good cause will be determined on a case-by-case basis. Lack of knowledge about the Division of Victim Compensation is not an example of good cause. Determining good cause for not reporting within seventy-two (72) hours includes, but is not limited to, the following:
  - a. The victim's age;
  - b. The physical incapacity of a victim/claimant. If the crime was not reported within seventy-two (72) hours, it must have been reported within seventy-two (72) hours after the victim's release from the hospital; and/or,
  - c. The psychological state and any compelling health or safety reasons that would jeopardize the well-being of the victim/claimant.
5. The Division of Victim Compensation may waive the seventy-two (72) hour time period required if good cause is shown.

### 203 Participation In or Commission of a Crime

1. Compensation shall be denied if the injury or death was caused by the victim/claimant assisting, attempting or committing a criminal act at the time he/she became a victim.
2. In determining participation in or commission of a crime as it relates to § 203 (1), the Division of Victim Compensation may consider all relevant information and circumstances, including, but not limited to:
  - a. Whether the victim/claimant was convicted of a crime relating to the incident which gave rise to the claim;
  - b. Whether there is good cause to believe that the victim/claimant was participating in a criminal act relating to the crime which gave rise to the claim;
  - c. Whether there is good cause to believe that the victim/claimant engaged in an ongoing course of criminal conduct within a reasonable time of the date of the crime which gave rise to the claim;
  - d. Whether the victim/claimant was buying, selling or using illegal drugs at the time of the incident which gave rise to the claim;
  - e. Whether the victim/claimant was under the legal age and drinking alcohol at the time of the crime which gave rise to the claim; or,
  - f. Whether the victim/claimant was frequenting a place where drugs and/or alcohol are illegally bought, sold or consumed; where there is solicitation of prostitution; or where there is illegal gambling.
3. Compensation shall not be awarded to any claimant or victim who has two previous felony convictions.

4. Compensation may be denied or reduced to a victim or claimant who, at the time of the crime upon which the claim for compensation is based, was engaging in or attempting to engage in other unlawful activity unrelated to the crime upon which the claim for compensation is based. See Mississippi Code Annotated Section 99-41-17 (4). For the purpose of this rule, other unlawful activities include, but are not limited to the following:
  - a. Any unlawful act not covered by other Sections of Mississippi Code 99-41-17.
  - b. Misdemeanors, such as illegal drug use/possession, burglary, shoplifting, hitchhiking, trespassing, illegal gambling, and seat belt violation.
5. Additional criminal/delinquent activity exclusions apply and are found in Section 99-41-17 of the Mississippi Code.
6. When it is determined that the provisions of § 203 apply, the burden of proof shall be upon the victim/claimant to prove the eligibility of the claim.

#### 204 Unjust Benefits

1. Compensation shall be denied if the award will unjustly benefit the offender.
2. The Division of Victim Compensation may consider all relevant information and circumstances in determining if compensation would unjustly benefit the offender, including but not limited to:
  - a. Whether the victim/claimant has reported the crime and is cooperating with the criminal justice system in the investigation and the prosecution of the offender;
  - b. Whether the victim/claimant will prevent access by the offender to compensation paid to the victim/claimant; or,
  - c. Whether the award is essential to the well-being of the victim and other innocent and dependent family members.
3. A determination of "unjust benefit" will not be based solely on the following:
  - a. Victim/claimant's familial relationship to the offender;
  - b. Sharing of a residence by the victim/claimant and the offender; or,
  - c. Presence of the offender in the household at the time of the award.
4. The presence of the offender in the household is only one factor to be considered in determining unjust benefit, and a case-by-case determination will be made according to the facts of each situation.

#### 205 Motor Vehicle Incidences

1. Compensation shall be denied if the victim was injured as a result of the operation of a motor vehicle, boat or airplane unless:
  - a. The vehicle was used by the offender while under the influence of alcohol or drugs;
  - b. The vehicle was used by the offender as a weapon in a deliberate attempt to injure or cause the death of the victim;
  - c. The vehicle was used by the offender in a hit-and-run incident by leaving the scene of an accident as specified in Section 63-3-401 of the Mississippi Code; or
  - d. The vehicle was used by the offender to flee apprehension by law enforcement as specified in Sections 97-9-72 and 97-9-73 of the Mississippi Code.
  
2. When evaluating incidents involving motor vehicles, factors to consider include, but are not limited to:
  - a. If offender is apprehended, whether charges are filed against the offender;
  - b. Whether the victim/claimant is cited in the law enforcement report as the primary collision factor or proximate cause of the accident;
  - c. Whether charges are filed against the victim/claimant;
  - d. Whether there is a preponderance of evidence that the offender was driving while under the influence of alcohol and/or drugs (DUI); and,
  - e. Whether there is a preponderance of evidence that the vehicle was used by the offender as a weapon in the deliberate attempt to injure or cause the death of the victim.
  - f. Whether there is a preponderance of evidence that the vehicle was used by the offender in a hit-and-run accident; or
  - g. Whether there is a preponderance of evidence that the vehicle was used by the offender to flee apprehension by law enforcement.
  
3. Incidents involving the victim/claimant as a passenger of a DUI driver will be evaluated on a case-by-case basis.
  
4. A claim shall be denied for contributory conduct if the victim/claimant knew or reasonably should have known that the driver was DUI and nevertheless was a willing passenger.
  
5. Exceptions to § 205(4) above include:
  - a. Victim is a minor child or dependent child of the driver; or,
  - b. Evidence demonstrates the victim/claimant was an unwilling passenger.
  
6. Incidents involving victim/claimant who is DUI shall be denied if the victim/claimant:
  - a. Was driving with a blood alcohol content that is equal to or exceeds the legal limit for driving;
  - b. Was driving while under the influence of drugs; and,
  - c. The above, 6(a) or (b) are corroborated by law enforcement or medical evidence.
  - d. These conditions apply regardless of whether the victim/claimant's condition caused

the accident.

206 Victim or Claimant Provided False or Misleading Information to the Division

The claim shall be denied if the claimant and/or victim knowingly furnished any false or misleading information, or knowingly failed or omitted to disclose a material fact or circumstance with the intent to defraud the Division for compensation.

207 Cooperation with Law Enforcement and Prosecutors

1. Compensation may be denied, withdrawn or reduced upon a finding that the claimant and/or victim have not fully cooperated with law enforcement agencies and prosecuting attorneys.
2. Cooperation with law enforcement and prosecuting attorneys means the victim/claimant has cooperated with their reasonable requests of the investigation and prosecution of the incident.
3. Reasonable cooperation will be determined on a case-by-case basis taking into consideration the victim/claimant's age, physical condition and psychological state. Reasonable cooperation includes, but is not limited to the following:
  - a. The victim/claimant provided law enforcement with a true and accurate report of the crime;
  - b. Participation in the investigation of the crime to assist law enforcement in the identification of an offender as requested, including the review of photos and police line ups; and,
  - c. Participation in prosecuting procedures, including deposition and trial testimony as requested.
4. Consideration of relevant circumstances may be given in cases of domestic violence and sexual assault. The Division may waive this requirement if there is compelling health or safety reasons that would jeopardize the well being of the victim/claimant.

208 Contributory Conduct

1. Compensation shall be denied or reduced upon finding that the victim's/claimant's conduct contributed to the events that led to the crime.
2. Compensation shall be denied or reduced to the extent of the degree of responsibility for the cause of injury or death attributable to the victim's/claimant's actions and/or

involvement in the events that led to the crime. Compensation shall be denied or reduced if contributory conduct is determined.

3. Eligibility for compensation can be affected by a victim's/claimant's involvement in the events that led to the crime. The victim's/claimant's actions do not have to be illegal to be considered contributory conduct. Such actions must relate significantly to the occurrence that caused the victimization and be such that a reasonable or prudent individual would know that the actions could lead to their victimization.
4. Contributory conduct is a factor when the victim/claimant knowingly participated in conduct that:
  - a. Caused, resulted in, or reasonably could have led to the specific crime which caused the crime or death; or
  - b. Was itself clearly wrongful or illegal, thereby placing himself or herself in a position to be injured or to become a victim; or,
  - c. Clearly put himself or herself into a situation where the crime was a reasonably expected result and/or which a prudent individual would have avoided.
5. Contributory conduct to the offense is determined by the victim's/claimant's action or nature of the victim's/claimant's involvement in the events leading up to the crime. The following factors will serve as a guideline in determining the degree of contribution assessed:
  - a. If it appears the victim/claimant provoked, consented, incited or continued the escalation of the crime, a contribution factor shall be assessed;
  - b. If it appears the victim/claimant was provoked by the offender in a manner where bodily harm to the victim/claimant appeared unlikely, and the victim/claimant used poor judgment, a contribution factor shall be assessed;
  - c. If it appears the victim/claimant was injured as a result of poor judgment or as a result of his conduct not being that of a prudent person, a contribution factor shall be assessed;
  - d. If it appears the victim's/claimant's use of alcohol or drugs impeded his or her condition at the time of the crime in such a manner that their injuries were caused and/or greater because of alcohol or drug use, a contribution factor shall be assessed; and/or,
  - e. If it appears that the offender was provoked by the victim/claimant in a manner where bodily harm to the offender appears intentional or unquestionable, a contribution factor shall be assessed and the claim shall be denied.
6. The Division may consider all relevant information and circumstances, including, but not limited to:
  - a. Level of responsibility of the victim's/claimant's conduct;
  - b. Foreseeability of the consequences of such conduct;

- c. Ability to avoid the situation (victim's/claimant's failure to retreat or withdraw from a situation where an option to do so was readily available);
  - d. The degree of harm that occurred as a result of the crime based upon clear evidence that the victim/claimant was armed or acting in a provoking manner greater than or equal to that of the offender;
  - e. Whether the victim/claimant used fighting words, obscene or threatening gestures;
  - f. Whether there is a direct causal relationship between the victim's/claimant's actions and the crime; and/or,
  - g. § 208(4) and § 208(5).
7. When it is determined that the provisions of § 208 apply, the burden of proof shall be upon the victim/claimant to prove the eligibility of the claim.

## 209 Collateral Sources

1. Compensation otherwise payable to a victim/claimant shall be diminished to the extent that the economic loss is or will be recouped from other sources, including collateral sources.
2. In determining the amount of an award, compensation shall be reduced by any collateral sources benefits available to the victim and/or claimant.
3. Collateral sources include, but are not limited to, Aid to Families with Dependent Children, Social Security Benefits, Supplemental Security Income, disability insurance, life insurance, burial insurance, Medicare, Medicaid, health insurance, Workers' Compensation, Veteran Benefits, restitution, civil recovery, prosecution resources, homeowners/renters insurance, automobile insurance, the Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund, donations and benevolence from family, friends and/or community-at-large.
4. Assets which shall not constitute collateral sources include, but are not limited to, a home, a car, bank accounts, credit available through banks or other financial institutions, income from parent or guardian when the victim is a minor, any other assets owned by the victim, sick or vacation/annual leave accrued at work and employee bereavement pay.
5. Exceptions to § 209(3):
  - a. The first One Hundred Fifty Thousand Dollars (\$150,000.00) of life insurance is not calculated as a collateral source.
  - b. Life insurance is not calculated as a collateral source for mental health counseling and care expenses, bereavement wages, funeral travel, court related travel, execution travel, crime scene clean-up, or repair and replacement expenses.

6. Compensation otherwise payable to a claimant shall be denied or reduced to the extent that it is reasonable, if the claimant failed to fully pursue benefits under a collateral source or otherwise failed to provide requested information to a source of benefits that would have been available to the claimant and that would have reimbursed the claimant for all or a portion of an eligible expense.
7. The Victims of Crime Act (VOCA) defines compensation programs as payer of last resort. All federal benefit programs, including Medicaid, Veterans Administration, CHAMPUS and Indian Health Service, must provide benefits prior to compensation. (42 U. S. C. 10602, §1403 of VOCA.)
8. Counselors who are funded in whole or used as match funds for federal, state or local grant funds shall not be eligible for compensation payments.

## 210 Burden of Proof

1. There must be evidence to support that a crime occurred. It is not necessary that the offender be prosecuted or convicted to show that a crime occurred. Additionally, although a conviction is not required as conclusive evidence that a crime has been committed, the victim/claimant must fully cooperate with law enforcement agencies and prosecuting attorneys.
2. Victims/claimants filing applications have the burden of proving eligibility of the claim filed and all its elements and items of compensation. Burden of proof is met by a preponderance of credible evidence.
3. The Division may give substantial weight to conclusions of investigative law enforcement agencies and dispositions of criminal proceedings, including, but not limited to, pleas of guilt and jury verdicts, considered along with all other case information and evidence. The ultimate determination made on a claim application is the obligation of the Division uncontrolled by determinations of others.

### 600 Authority

The Division of Victim Compensation, Office of the Attorney General is authorized to pay for all medical forensic examinations done for the purpose of sexual assault evidence collection. Mississippi Code Annotated § 99-37-25 provides that the bill for the medical forensic examination and the preparation of the sexual assault evidence collection kit will be sent to the Division of Victim Compensation, Office of the Attorney General. No bill for the examination will be submitted to the victim, nor shall the medical facility hold the victim responsible for payment. No payments shall be made that exceed the amount of money in the Crime Victims' Compensation Fund. M.C.A. § 99-41-29.

### 601 Application

1. All bills submitted for payment should be accompanied by a copy of the State of Mississippi Crime Laboratory Sexual Assault Examination Form, and include a standard UB-04 form or other official itemized billing form. NOTE: For minor victims receiving a sexual assault medical forensic examination seventy-two hours or longer after the sexual assault, the authorized non-acute sexual assault exam form for minors >72 hours should be submitted.
2. Payment may be made whether or not the victim pursues prosecution. Though it is strongly encouraged that the victim reports the sexual assault to law enforcement, reporting the assault is the victim's decision. This does not apply to state mandated reporting requirements for minors, vulnerable adults, and certain violent crimes.
3. A request for payment for the sexual assault medical forensic examination must include the International Classification of Diseases (ICD-9) code V71.5 for examination of the victim of sexual assault, code E960.1 for a victim of rape, code V71.81 when there are no forensic findings for a sexual assault exam, code 995.53 when there are forensic findings for a sexual assault exam of a child, or code 995.83 when there are forensic findings for a sexual assault exam of an adult.

5. If the victim refuses to have all or portions of the sexual assault exam completed, notes to verify this should be included in the exam form.   6. Follow-up sexual assault medical forensic exams/related labs will be considered for payment when the victim is a minor; however, this expense will only be reimbursed the difference between the amount already paid out for the exam (and any other allowable expense) and the maximum payment amount (\$1,000) allowed. ## CHAPTER 07 – ADDRESS CONFIDENTIALITY PROGRAM

### 700 Program Description

The Address Confidentiality Program provides services to residents of Mississippi who are victims of domestic violence, sexual assault, or stalking. It is the intent of the Legislature to assist people attempting to escape from actual or threatened domestic violence, sexual assault or stalking by establishing a confidential address to prevent their assailants or probable assailants from finding the victim's location. The purpose of this program is to establish an exemption to the Mississippi Public Records Act of 1983 to enable public bodies to respond to requests for public records without disclosing the victim's location, to enable interagency cooperation with the Office of the Attorney General in providing address confidentiality for victims, and to enable public bodies to accept a program participant's use of an address designated by the Office of the Attorney General as a substitute mailing address. The Address Confidentiality Program helps victims keep their location confidential by providing them with a substitute address and a mail forwarding service for use when interacting with state and local agencies.

Title 03 – Office of the Attorney General  
Part 2 - Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund  
Policies and Procedures

100 Purpose

The Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund (herein referred to as “the Fund”) was created by the Mississippi Legislature to provide disability benefits to law enforcement officers and fire fighters injured in the line of duty. These benefits shall be payable for the period of time the covered individual is physically unable to perform the duties of his or her employment [not to exceed one (1) year of payments for any one (1) injury].

The Fund originated at the Mississippi Department of Public Safety and came under the purview of the Mississippi Attorney General’s Office on July 1, 2006, pursuant to Section 45-2-21, Mississippi Code Annotated (1972).

101 Definitions

1. “Law enforcement officer” means any lawfully sworn officer or employee of the state or any political subdivision of the state whose duties require the officer or employee to investigate, pursue, apprehend, arrest, transport or maintain custody of persons who are charged with, suspected of committing, or convicted of a crime.
2. “Fire fighter” means an individual who is trained for the prevention and control of loss of life and property from fire or other emergencies, who is assigned to fire-fighting activity, and is required to respond to alarms and perform emergency actions at the location of a fire, hazardous materials or other emergency incident.
3. “Covered individual” means a law enforcement officer or fire fighter (as defined above) while actively engaged in protecting the lives and property of the citizens of this state when employed by an employer as defined below. Employees of independent contractors are not included in this definition.
4. “Employer” means a state board, commission, department, division, bureau, or agency, or a county, municipality or other political subdivision of the state, which employs, appoints or otherwise engages the services of covered individuals.

## 102 Eligibility

Any actively employed law enforcement officer or fire fighter or reserve/auxiliary law enforcement officer or volunteer fire fighter, who is accidentally or intentionally injured in the line of duty as the direct result of a single incident, is eligible to receive benefits.

The individual must be employed by a state board, commission, department, division, bureau, or agency, or a county, municipality, or other political subdivision of the state. Employees of independent contractors are not eligible.

Effective January 1, 2011, reserve/auxiliary law enforcement officers and volunteer fire fighters are now eligible to receive benefits under the fund.

## 103 Exclusions

Chronic or repetitive injury is not covered.

Section 45-2-21, Mississippi Code Annotated (1972) states, “Compensation under this section shall not be awarded where a penal violation committed by the covered individual contributed to the disability or the injury was intentionally self-inflicted.”

## 104 Exemption From Creditors

“Payments made from the Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund are exempt from the claims and demands of creditors of the covered individual” per Section 45-2-21, Mississippi Code Annotated (1972).

## 105 Obtaining Program Information (Continued)

Phone: (601) 359-3810

Applications for benefits must be submitted to the Mississippi Attorney General's Office at the mailing address listed above.

## 106 Application/Approval Process

Upon receipt of the application, information on the application is reviewed/investigated to insure validity of the claim for benefits. If the application for benefits is approved [based on the criteria stipulated in these policies and procedures and Section 45-2-21 of the Mississippi Code Annotated (1972)], a letter is sent via certified mail to the applicant indicating the approval of benefits, the amount of benefits to be awarded, the number of payments to be awarded, and the method of payment.

If the application for benefits is denied, a letter is sent via certified mail to the applicant including the grounds for denial of the application.

Applicants who disagree with any decision made have the right to appeal within thirty (30) days of receipt of the letter approving or denying benefits. For further information on the appeals process, see section XV.

**Applications must be filed with the Mississippi Attorney General's Office within one (1) year of the date of injury.**

**Compensation shall not be awarded unless the incident of injury occurred on or after July 1, 2006.**

## 107 Benefit Payments

Once the application is approved for actively employed law enforcement officers and fire fighters, the Mississippi Attorney General's Office will make a monthly disability benefit payment equal to thirty-four percent (34%) of the covered individual's regular base salary at the time of injury. The benefit is payable for the period of time the covered individual is physically unable to perform the duties of his or her employment [not to exceed one (1) year of payments for any one (1) injury]. The physician's report (which is included in the application for benefits) will document the dates the applicant is unable to work and the anticipated return to work date.

## 107 Benefit Payments (Continued)

Once the application is approved for reserve/auxiliary law enforcement officers and volunteer fire fighters, the Mississippi Attorney General's Office will make a monthly disability benefit payment equal to thirty-four percent (34%) of the covered individual's regular base salary, at the time of injury, from their primary employment, not to exceed the Worker's Comp maximum benefit amount. The benefit is payable for the period of time the covered individual is physically unable to perform the duties of his or her employment [not to exceed one (1) year of payments for any one (1) injury]. The physician's report (which is included in the application for benefits) will document the dates the applicant is unable to work and the anticipated return to work date. The Director of Administration at the Mississippi Attorney General's Office has discretion to determine the primary employment of applicants and the amount of the regular base salary to be used in computing benefits.

Benefit payments will be mailed to the covered individual on the first working day of each calendar month. Benefit payments from the Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund are excluded from gross income and thus are not taxable.

#### 108 Workers' Compensation

If the covered individual receives workers' compensation benefits in addition to benefits from the Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund, then payments from the Fund will be **limited to the difference between workers compensation benefits and the amount of the covered individual's regular base salary.**

#### 109 Confidentiality of Records

It is unlawful, except for purposes directly connected with the administration of the fund, for any person to solicit, disclose, receive or make use of or authorize, knowingly permit, participate in or acquiesce in the use of any list, or names of, or information concerning persons applying for or receiving awards under this chapter without the written consent of the claimant or recipient. The records, papers, files and communications of the staff administering the fund must be regarded as confidential information and privileged and are subject to the Mississippi Public Records Act of 1983.

#### 110 Overpayment of Benefits

If a payment or overpayment of benefits is made due to clerical error, mistaken identity, or innocent misrepresentation by or on behalf of the covered individual, the covered individual is responsible for repayment of the benefits received.

### 111 False Information

The filing of a false application for benefits (i.e., fraudulent or false information is knowingly submitted and/or failure to disclose pertinent information) is unlawful. In addition to any criminal penalties, the Mississippi Attorney General's Office shall have a right to commence civil action for the recovery of benefits obtained by the covered individual upon filing a false application. In such cases, the defendant shall be responsible for the fees, court costs, and other expenses of litigation.

### 112 Reduction of Benefit Payments

Notwithstanding any other provisions herein, no benefit payments shall be made unless adequate funds are available in the Law Enforcement Officers and Fire Fighters Disability Benefits Trust Fund. The State shall not be liable for a written order to pay compensation, except to the extent that monies are available in the fund on the date the claim is approved. The Mississippi Attorney General's Office has the right to adjust benefit payments so that the total amount awarded does not exceed the amount of money on deposit in the fund. During the approved benefit period when such reduction is due to the unavailability of funds, covered individuals may not seek future reimbursements due to any reductions in benefit payments. The Mississippi Attorney General's Office may opt to suspend payments until sufficient funding is on deposit in the fund.

### 113 Employer Responsibilities

The covered individual's employer is responsible for completing the "Employment Information" section of the application for benefits. In addition, the employer is required to send written notice in the format prescribed by the Mississippi Attorney General's Office notifying the Fund Administrator the exact date the employee returned to work. This written notice must be submitted no later than ten (10) working days after the employee returns to work. See format for "Employee Return to Work Letter" at **EXHIBIT B**.

### 114 Appeals

If the claim is denied for any reason, the applicant has the right to appeal within thirty (30) days of receipt of the letter denying benefits. The appeal process consists of two steps: reconsideration and a contested hearing.

Reconsideration is intended to be an informal resolution of a claim. If the applicant disagrees

with the original determination, he or she may request reconsideration through the Director of Administration at the Mississippi Attorney General's Office.

If the applicant disagrees with the decision of reconsideration, he or she may request a contested hearing within fifteen (15) days of the decision of reconsideration before a committee. The committee consists of three (3) members appointed by the Attorney General. This hearing is informal; however, the applicant must appear in person at the hearing, and a record of the hearing is made. The decision made by the committee is the final decision of the Mississippi Attorney General's Office.

#### 115 Re-Certification of Benefits

If a covered individual returns to work based on his or her physician's recommendation in the application for benefits and it is later determined the employee is still unable to perform his or her duties, the covered individual may apply for a re-certification of benefits. The covered individual must have his or her employer and physician complete the Application for Re-Certification of Benefits to extend the period the covered individual is unable to work. This period should begin on the last date worked (note: this date will be different from the date on the initial application for benefits). See **EXHIBIT C**. This application must be submitted as described in Section VI.
