- Describe the need for the proposed action:
Required by State Law
- Describe the benefits which will likely accrue as the result of the proposed action:
Clarification is being given on the documentation that hospitals will be required to maintain under the new methodology.
- Describe the effect the proposed action will have on the public health, safety, and welfare:
Clarification is being given on the documentation that hospitals will be required to maintain under the new methodology which will provide correct payment for services rendered.
- Estimate the cost to the agency and to any other state or local government entities, of implementing and enforcing the proposed action, including the estimated amount of paperwork, and any anticipated effect on state or local revenues:
No noticeable increase or decrease in costs will result from this change; no known effect on state or local revenues.

5. Estimate the cost or economic benefit to all persons directly affected by the proposed action:
Same as #4; no noticeable increase or decrease in costs will result from this change; no known effect on state or local revenues.
6. Provide an analysis of the impact of the proposed rule on small business:
According to DOM's analysis, hospitals are not considered to fall under the definition of a small business, therefore this question does not apply.
 - a. Identify and estimate the number of small businesses subject to the proposed regulation:
 - b. Provide the projected reporting, recordkeeping, and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record:
 - c. State the probable effect on impacted small businesses:
 - d. Describe any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation including the following regulatory flexibility analysis:
 - i. The establishment of less stringent compliance or reporting requirements for small businesses;
 - ii. The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
 - iii. The consolidation or simplification of compliance or reporting requirements for small businesses;
 - iv. The establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and
 - v. The exemption of some or all small businesses from all or any part of the requirements contained in the proposed regulations:
7. Compare the costs and benefits of the proposed rule to the probable costs and benefits of not adopting the proposed rule or significantly amending an existing rule:
No noticeable increase or decrease in costs will result from this change.
8. Determine whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rule where reasonable alternative methods exist which are not precluded by law:
No other methods exist and this change was prescribed by State Law.
9. Describe reasonable alternative methods, where applicable, for achieving the purpose of the proposed action which were considered by the agency:
None.
10. State reasons for rejecting alternative methods that were described in #9 above:
None noted.
11. Provide a detailed statement of the data and methodology used in making estimates required by this subsection:
Hospitals have received payments under Medicare DRGs since the 1980s. Documentation required under a Medicaid APR-DRG methodology will be very similar to the Medicare requirements. No increase or decrease in costs are anticipated due to this change.
