

Part 2610 Chapter 2: CME Requirements

Rule 2.1 Basic Requirement. Every Mississippi licensee must earn or receive not less than forty (40) hours of Category 1 continuing medical education in a two-year cycle as a condition precedent to renewing his or her license for the next fiscal year. For every Mississippi licensee with an active DEA certificate, five hours must be related to the prescribing of medications with an emphasis on controlled substances. Excess hours may not be carried over to another two-year cycle. *For the purpose of this regulation, the two-year period begins July 1, 2000, and every two years thereafter.*

- A. Category 1 continuing medical education shall mean those programs of continuing medical education designated as Category 1 which are sponsored or conducted by those organizations approved by the Mississippi State Medical Association, American Medical Association or by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor or conduct Category 1 continuing medical education programs.
- B. Programs of continuing medical education designated as Category 1-A which are sponsored or conducted by organizations or entities accredited by the American Osteopathic Association to sponsor or conduct Category 1-A continuing medical education for osteopathic physicians.

Physicians receiving their initial license to practice medicine in Mississippi after June 30, or receiving their initial board certification by a specialty board recognized by the American Board of Medical Specialties or the American Osteopathic Association after June 30, are exempt from the minimum continuing medical education requirement for the two-year period following their receiving a license or board certification. The forty (40) hour continuing education certification will be due within the next two-year cycle.

- A. July 1, 2000 through June 30, 2002 (1st cycle)
- B. July 1, 2002 through June 30, 2004 (2nd cycle)
- C. July 1, 2004 through June 30, 2006 (3rd cycle)
- D. July 1, 2006 through June 30, 2008 (4th cycle)

For instance, a physician receiving an initial license August 3, 2001, will not have to complete forty (40) hours of CME until July 1, 2002, through June 30, 2004. All CME's must be acquired within the two-year cycle.

Rule 2.5 Record Keeping Requirement. Every licensee shall maintain records of attendance or certificates of completion demonstrating compliance with the minimum continuing medical education requirement. Documentation adequate to demonstrate compliance with the minimum continuing medical education requirements of this regulation shall consist of certificates of attendance, completion certificates, proof of registration, or similar documentation issued by the organization or entity sponsoring or conducting the continuing medical education program. These records must be maintained by the physician for a period of three (3) years following the year in which the continuing medical education credits were earned and are subject to examination by representatives of the State Board of Medical Licensure upon request. If a physician is on a hospital medical staff, it is recommended these certificates and hours be recorded with the primary hospital medical staff records.

With his or her annual renewal application, every licensee must certify the completion of the minimum continuing medical education requirement established under these rules. Failure to maintain records documenting that a physician has met the minimum continuing medical education requirement, and/or failure to provide such records upon request to the Mississippi State Board of Medical Licensure, is hereby declared to be unprofessional conduct and may constitute grounds, within the discretion of the Mississippi State Board of Medical Licensure, for the suspension of the physician's license to practice medicine.

The Board will randomly select physicians to ensure complete compliance with this requirement. If deficiencies are identified, licensee must complete deficiencies within six (6) months of date of notification. Failure to comply may result in the suspension of licensee's license.

Any physician practicing during the time of a suspended license shall be considered an illegal practitioner and shall be subject to penalties provided for violation of the Medical Practice Act, and for costs incurred in the enforcement of this regulation.
