Questions

- May a voter in inactive status be restored to active status?

- May a voter in active status be removed (purged) from the voter roll?

What is Voter Roll Maintenance?

DELBERT HOSEMANN
Secretary of State

Voter Roll Maintenance

- The process of amending inaccurate records, adding names of voters who are eligible to vote and have properly registered to vote, and purging ineligible individuals from the voter roll.

Amending Inaccurate Records

- Changing voter's name
 - After marriage
 - Legally changed name
- Updating new address information
 - Voter has moved within the county
- Assigning new polling location
 - After redistricting
- Any other reasons?

Adding Names to Voter Roll

- Election commissioners should **ONLY** add a name to the voter roll if the election commission finds that a voter is eligible to vote, has properly registered, and was illegally denied registration.
 - The election commission hears and resolves disputes concerning the denial of voter registration by the Circuit Clerk.
- Otherwise, this duty is primarily vested in the Circuit Clerk/Registrar.

DELBERT HOSEMANN
Secretary of State

What is Purging?

DELBERT HOSEMANN

Secretary of State

Purging

- Purging is the removal of a voter's name from the voter rolls.
- Election commissioners have the duty and responsibility of removing names of voters who have died, moved away, requested removal, or otherwise become disqualified as electors as provided by law.

DELBERT HOSEMANN
Secretary of State

Why is Purging Important?

Election Commissioners purge, revise, and maintain voter rolls to:

- Keep voters in the registration books and poll books of the precinct in which they are legally qualified to vote;
- Prevent illegal voting;
- Provide an accurate list of registered voters for jury selection;
- Assure registration and poll books never show more voters registered in a given county than are possible;
- Purging the voter registration books is required by State and Federal law.

Reasons for Purging a Voter

- Written request of the Voter
- Conviction of a Disenfranchising Crime
- Adjudication of Incompetence
- Death
- Removal from the Voting Jurisdiction

Voter Initiated Request

- If a voter formally requests to be removed from the voter roll (i.e. a written letter), this voter should be immediately removed from the voter roll.
- The request must be in writing AND signed by the voter.
- The NVRA places no restriction upon when a voter may be purged from the voter roll based upon a voter initiated request.

Conviction of a Disenfranchising Crime

- If a voter is convicted of a disenfranchising crime, he or she must be purged from the voter roll.
- A voter is disenfranchised only for a Mississippi state court conviction.
- The Circuit Clerk maintains a roll of individuals convicted of disenfranchising crimes in his or her county.
- AOC imports quarterly into SEMS.

DELBERT HOSEMANN

Secretary of State

Adjudication of Incompetence

- If a Chancery Court enters an order which adjudicates an individual as incompetent, that individual may be removed from the voter roll.
- An examination of the Chancery Court docket may reveal legal actions filed to determine, and which do determine by Court Order, incompetence.
- The NVRA places no restriction upon when a voter may be purged from the voter roll based on a Court's declaration (or adjudication) of incompetence.

Death

- If reliable information establishes the death of a voter, that voter may be purged from the voter roll.
- Several reliable sources of information are available, such as death certificates imported monthly into SEMS from the MS Dept. of Health and Vital Statistics, obituaries from newspapers, and Chancery Court estate records.
- The NVRA places no restriction upon when a voter may be purged from the voter roll based upon a voter's death.

Sources of Information

- The Election Commission uses all valid sources of information to assist in conducting voter roll maintenance.

DELBERT HOSEMANN
Secretary of State

Examples of Sources

- Roll of persons convicted of certain crimes
- Print media (newspaper, telephone book, etc.)
- Department of Health and Vital Statistics;
- Notice of registration from another county or state
- Returned mail (jury summons, voter registration card, etc.)

Examples of Sources (Cont.)

- Personal knowledge
- Family member of person in question
- Court order declaring voter incompetent
- Administrative Office of Courts
- Statewide Elections Management System (SEMS)
- Confirmation Card
- Others?

- If a voter confirms in writing he or she has moved to a residence outside of the county, he or she may be purged immediately from the voter roll.
- A copy of a voter's registration application in another county or state constitutes written confirmation of a voter's change in residence.
- The NVRA places no restriction upon when a voter may be purged from the voter roll based upon written confirmation of a voter's change of residence.

Confirmation Card Process

- In the absence of a written confirmation of a change of residence from the voter, the confirmation card process provides the only means by which to purge a voter from the voter roll based upon a change of residence to a new address outside of the county or the state.

Confirmation Card

- A confirmation card is a postage pre-paid notice sent to the mailing address associated with the voter's registration.
- The confirmation card is sent by forwardable mail, and should include a pre-addressed return card. It may be printed from SEMS.
- The return card allows the voter to confirm in writing whether or not his or her address had changed.

If the voter returns the Confirmation Card indicating that...

- ...his/her residence has not changed, no further action should be taken.
- ...his/her residence has moved within the same county, the address information should be corrected in SEMS and the voter sent a new voter registration card with the proper precinct location.
- ...his/her residence has moved outside the county, the voter may be immediately purged from the voter roll.

If the voter does not return the Confirmation Card...

- The voter MAY NOT be purged from the voter roll, but must remain inactive for TWO (2) federal general elections occurring after the sending of the confirmation card.
- No voter may be purged based upon the confirmation card process within 90 days of an election by reason of the NVRA.
