Title 30: Mississippi State Board of Public Accountancy

Part 1: Rules and Regulations of the Mississippi State Board of Public Accountancy

Foreword

The Board is charged with the duty of adopting and enforcing rules and regulations necessary to maintain the highest standard of proficiency in the practice of public accounting for the protection of the public interest. The Board's mission is to protect the public welfare of the citizens of the State of Mississippi, and therefore the State's commerce, through its oversight of certified public accountants and CPA firms. The State Board provides oversight of CPAs and CPA firms through its regulation, testing, certification, licensing, qualification and standards setting, monitoring and investigations as established by the Act and these regulations.

The Mississippi State Board of Public Accountancy adopts the *Rules and Regulations* under the authority of Title 73, Chapter 33 of the Mississippi Code of 1972, as amended. The purpose of the *Rules and Regulations* is to promote and protect the public interest, providing specific requirements necessary to properly administer the Mississippi accountancy statutes regulating certified public accountants.

The *Rules and Regulations* are binding upon every individual registering and holding a certificate as certified public accountant (CPA). Each CPA is charged with possessing knowledge and understanding of, and maintaining compliance with, the Mississippi accountancy statutes and the *Rules and Regulations*.

Title 30: Mississippi State Board of Public Accountancy

Part 1: Mississippi State Board of Public Accountancy Rules and Regulations

Part 1 Chapter 1: Restrictions on Use of the title Certified Public Accountant

Rule 1.1. Restrictions

Rule 1.1. The use of the title of certified public accountant (including any letters, abbreviations or words indicating such title) is restricted to persons who are licensed as referenced in §73-33-1 and have not had their licenses and/or registration of such license suspended, revoked, or canceled.

Rule 1.2. Violations

Rule 1.2.1 The use of certain titles or abbreviations by persons not licensed by the Board will be deemed violations of the Act. Such titles include “certified accountant”, “chartered accountant”, “enrolled accountant”, “licensed accountant”, “registered accountant”, “accredited accountant”, or any other title or designation likely to be confused with the title “certified public accountant”. Abbreviations include “CA”, “LA”, “RA”, “AA”, or similar abbreviation likely to be confused with the abbreviation “CPA”.

Rule 1.2.2 The issuance by non-licensees of a report or communication to management referencing AICPA (SSARS) Standards for compilations of financial statements is deemed to be a violation of the act.

Safe harbor language which may be used by non-licensees for such reports is as follows:

“I (we) have prepared the accompanying (financial statements) of (name of entity) as of (time period) for the (period) then ended. This presentation is limited to preparing in the form of financial statements information that is the representation of management (owners). I (we) do not express any opinion with respect to these financial statements.”

Mississippi Code 73-33-15 (1) (a) prohibits a non-licensee from issuing an audit or review report; accordingly, there is no non-licensee safe harbor language for such reports.

Part 1 Chapter 2: Licenses and Practice Privileges

Rule 2.1. Requirements

Rule 2.1.1. Individuals whose principal place of business is in Mississippi must hold a Mississippi CPA license. An applicant for an original license must be a resident of the State of Mississippi or have an office for the regular transaction of business in this state, be of good moral character, and satisfy the education, examination, experience requirements, continuing professional education (CPE) and professional ethics as described within these *Rules and Regulations*.

- (a) Residency shall be determined by the Board based on all of the facts and circumstances of each individual case. Factors normally considered by the Board in determining residency are as follows:
 - (1) Place of registration as a voter
 - (2) Vehicle registration and tags
 - (3) Filing of Mississippi State Resident Income Tax Returns
 - (4) Qualifying for Homestead Exemption in Mississippi and payment of real estate taxes to this state
 - (5) Graduation from a Mississippi university or college and successful completion of the CPA examination in Mississippi.

- (b) Having a place for the regular transaction of business encompasses more than having a “mailing address” or temporary office. The Board will determine, based on all the facts and circumstances of each individual case, whether a structure qualifies under this regulation. Factors normally considered by the Board in determining eligibility include the following:
 - (1) Relative permanence of location
 - (2) Business hours
 - (3) Presence of permanent staff
 - (4) Telephone listings and location
 - (5) Time spent in out-of-state activities.

- (c) Good Moral Character: In evaluating good moral character, the Board shall consider an applicant’s criminal record including but not limited to felony convictions or pleas; discipline before state, local or federal jurisdictions; and other documents and/or records determined appropriate in the circumstance.

Rule 2.1.2. When a candidate has passed the CPA examination in accordance with Rule 2.2., satisfied the education requirement of 150 collegiate semester hours, satisfied the experience requirements in accordance with Rule 2.1.3., and CPE in accordance with Rule 4.1. of these *Rules and Regulations*, he must make application for licensure with the State Board within three years from the date of successful completion of the CPA examination. If the candidate does not make application for licensure within the three year period, all previous CPA examination credits earned will expire, and all parts of the CPA examination must be retaken under the requirements of Rule 2.2. CPA examination. Applications for licensure shall be made on forms provided by the Board and accompanied by fees as prescribed by the Board. All certificates of licensure shall be valid only when signed by at least three members of the Board and when the Board's seal is affixed thereto. The issuance of the certificate of licensure does not automatically qualify one to practice public accounting in the State of Mississippi as defined in the act unless such license holder is associated with a CPA firm that has been issued a firm permit by the State Board.

Rule 2.1.3. The Board shall issue a license to applicants who have complied with all the Board's requirements, including education, examination, and experience.

(a) Experience Requirements: In satisfaction of experience requirements, the applicant must submit substantiating written statements, in such form as the Board shall require, from employers or others who have actual knowledge of such facts.

(1) Qualifying experience requirements as stated below shall be experience during the *three* years immediately preceding the date the application for the license is filed with the Board. If the candidate does not meet the experience requirement and make application for licensure within the three year period, all previous CPA examination credits earned will expire, and all parts of the CPA examination must be retaken under the requirements of Rule 2.2. CPA examination.

(2) Qualifying experience shall mean a minimum of 2,000 hours of experience gained by full or part-time employment under the supervision and direction of a CPA or the equivalent when considered by the Board in the aggregate.

(3) The practical experience of an applicant for licensure must be meaningful with respect to qualifying the applicant for the practice of public

accounting. An applicant shall show that he or she provided one or more kinds of services involving the use of accounting or auditing skills, including but not limited to the issuance of reports on financial statements, or one or more kinds of management advisory, financial advisory, or consulting services, or the preparation of tax returns or the furnishing of advice on tax matters, or the equivalent, all of which are under the direction of a CPA licensee, meeting requirements prescribed by the Board by rule.

- (4) The Board reserves the option of reviewing the work papers, reports, and time records for work submitted for credit as qualifying experience. The Board may require interviews with applicants.

Rule 2.1.4. Other Requirements

The Board reserves the right to require applicants for licensure to provide evidence of good moral character including, but not limited to, a Board initiated background and criminal check

The examination shall include the subject areas of accounting and auditing and related knowledge and skills as the Board may require. In accordance with Rule 2.1. of these *Rules and Regulations*, an applicant for a CPA license must pass the CPA examination in addition to other licensure requirements. Rule 2.2.7. Rescinded.

Rule 2.2.8. Rescinded.

Rule 2.2.9. Rescinded.

Rule 2.2.10. Examination Grades, Conditioning, Reexamination:

- (a) The Board shall notify CPA examination candidates in writing of examination results. The passing grade for each test is 75.
- (b) The Board may use the Uniform CPA Examination and advisory grading service and may rely solely upon grades assigned to that examination by the administering entity.
- (c) A candidate may take the required test sections individually and in any order. Credit for passing any test section shall be valid for that test section for thirty (30) months from the date the passing score for such test section is released by NASBA to the candidate or the Board, as the case may be, regardless of the number of test sections taken or having to attain a minimum score on any failed section(s).
 - (1) A candidate shall pass all required test sections within a rolling thirty (30) month period. The rolling thirty (30) month period begins on the date the first passing score(s) are released by NASBA to the candidate or the Board, as the case may be. The rolling thirty (30) month period concludes on the date the candidate sits for the final test section passed, regardless of when the score is released by NASBA for the final test section.
 - (2) A candidate who earns initial credit on one or more test section(s) of the CPA examination must sit for and complete the remaining required test section(s) of the examination by midnight local time at the Board's main office on the last day of the thirty (30) month period.

- (3) If all required test sections are not passed within this initial thirty (30) month period, credit for the first test section(s) passed shall expire and a new rolling thirty (30) month period shall begin on the date the second passing score(s) were released by NASBA to the candidate or the Board, as the case may be, and continue for thirty (30) months from that date. If all required test section(s) are not passed within this next rolling thirty (30) month period, credit for the second test section(s) passed shall expire and a new rolling thirty (30) month period will begin on the date the next test section passing score, if any, was released by NASBA to the candidate or the Board, as the case may be, and this cycle of thirty (30) month rolling periods and test section credit expirations will continue until all test sections are passed within one thirty (30) month rolling period. Notwithstanding the foregoing, if a candidate stops testing for a thirty (30) month period, then all credit for previously passed test sections will expire.
- (d) A candidate shall not retake a failed test section until the candidate has been notified of the score for the most recent attempt of that failed test section.
- (e) A candidate shall be deemed to have passed the examination if the candidate obtains credit for passing all required test sections in one rolling thirty (30) month period.
- (f) A candidate shall retain credit for any and all required test sections of the examination passed as a candidate of another state if such credit would have been given under then applicable requirements in this State.
- (g) Notwithstanding subsection (c), (d), and (e) of this rule, the period of time in which to pass all required test sections of the examination may be extended by the Board upon a showing of:
1. Individual hardship including, but not limited to, health; military service; a disruption at a local, regional, or national level impacting the candidate; or other circumstances beyond the candidate's control, or
 2. Recommendations of NASBA, AICPA, or other state regulatory authority for additional extensions of time.

Rule 2.2.11. Transfer of Credits from Other States: A candidate shall retain credit for any and all test sections of an examination passed in another state if such credit would have been given, under then applicable Mississippi requirements had the candidate taken the examination in this State. The applicant's grade or grades on test sections passed in such other states shall be determined and approved by the Board before transfer is

approved. A candidate who applies for a transfer of any credits from another state shall file an application acceptable to the Board and pay the required fee.

Rule 2.2.12. Cheating:

- (a) Cheating by a candidate in applying for, taking or subsequent to the examination will be deemed to invalidate any grade otherwise earned by a candidate on any test section of the examination, and may warrant summary expulsion from the test site and disqualification from taking the examination.
- (b) For purposes of this rule, the following actions or attempted activities, among others, may be considered cheating:
 - (1) Falsifying or misrepresenting educational credentials or other information required for admission to the examination;
 - (2) Communication between candidates inside or outside the test site or copying another candidate's answers while the examination is in progress;
 - (3) Communication with others inside or outside the test site while the examination is in progress;
 - (4) Substitution of another person to sit in the test site in the stead of a candidate;
 - (5) Reference to cheat sheets, textbooks or other material or electronic media (other than that provided to the candidate as part of the examination) inside or outside the test site while the examination is in progress.
 - (6) Violating the nondisclosure prohibitions of the examination or aiding or abetting another in doing so.
 - (7) Retaking or attempting to retake a test section by an individual holding a valid CPA certificate/license or by a candidate who has unexpired credit for having already passed the same test section, unless pursuant to Board order or unless the individual has been expressly authorized by the Board to participate in a "secret shopper" program.
- (c) In any case where it appears that cheating has occurred or is occurring, the Board or its representatives may either summarily expel the candidate involved from the examination or move the candidate to a position in the test center away from other examinees where the candidate can be watched more closely.
- (d) In any case where the Board believes that it has evidence that a candidate has cheated on the examination, including those cases where the candidate has been expelled from the examination, the Board shall conduct an investigation and may conduct a disciplinary hearing following the examination session for the purpose

of determining whether or not there was cheating, and if so what remedy should be applied. In such proceedings, the Board shall decide:

- (1) Whether the candidate shall be given credit for any portion of the examination completed in that session; and
 - (2) Whether the candidate shall be barred from taking the examination and if so, for what period of time.
- (e) In any case where the Board or its representative permits a candidate to continue taking the examination, it may, depending on the circumstances:
- (1) Admonish the candidate;
 - (2) Seat the candidate in a segregated location for the rest of the examination;
 - (3) Keep a record of the candidate's seat location and identifying information, and the names and identifying information of the candidates in close proximity of the candidate; and/or notify the National Candidate Database and the AICPA and/or the test center of the circumstances, so that candidate may be more closely monitored in future examination sections.
- (f) In any case in which a candidate is refused credit for any test section of an examination taken, disqualified from taking any test section, or barred from taking the examination in the future, the Board will provide to the Board of Accountancy of any other state to which the candidate may apply for the examination information as to the Board's findings and actions taken.

Rule 2.2.13. Security and Irregularities: Notwithstanding any other provisions under these rules, the Board may postpone scheduled examinations, the release of grades, or the issuance of certificates due to a breach of examination security; unauthorized acquisition or disclosure of the contents of an examination; suspected or actual negligence, errors, omissions, or irregularities in conducting an examination; or for any other reasonable cause or unforeseen circumstance.

Rule 2.2.14. Candidate's Request for Review. A candidate may request through the Board a review of his nonpassing examination papers by the advisory grading service of the AICPA. The review shall be conducted in accordance with the uniform procedures designed for such. The fees for the review shall be paid by the candidate.

Rule 2.2.15. Appeal. After the grades have been released and subsequent to a review of nonpassing examination papers a candidate may request through the Board an appeal of the examination grade. The appeal shall be conducted in accordance with the uniform procedures and in accordance with Board requirements. The fees for the appeal shall be paid by the candidate.

License holders in default will be mailed a ten day notice of such default by certified mail (to their last known address of record) prior to the cancellation of the certificate. A person who has lost his or her license for failure to register and/or pay registration fees may apply to the Board for reinstatement of the license in accordance with Rule 2.4. of these *Rules and Regulations*.

Rule 3.1.9. Disclaimer by non-qualified firms. CPE programs whether live or internet based programs must be conducted by persons whose background, training, education and experience qualify them as capable instructors, discussion leaders or lecturers on the subject matter of the particular programs. Instructors should be qualified both with respect to program content and teaching methods used. The instructor is a key ingredient in the learning process in any group program; therefore it is imperative that sponsors exercise great care in selecting qualified instructors for all group programs. Sponsors should evaluate the performance of instructors at the conclusion as described herein.

Rule 4.4.2 (a) Program sponsors must base learning activities on relevant learning objectives and outcomes that clearly articulate the knowledge, skills and abilities that can be achieved by participants in the learning activities.

These reviews must occur before the first presentation of these materials and again after each significant revision of the CPE programs.
- (f) Program sponsors must inform participants in advance of objectives, prerequisites, experience level, content, advance preparation, teaching methods, and recommended continuing professional education credit hours, as described in Rule 4.4.6. This should be accomplished through brochures or other announcements.

The term "education and/or experience" in the standard also implies that participants will be expected to complete any advance preparation. An essential step in encouraging advance preparation is timely distribution of program materials.

Rule 4.4.4. Program sponsors must retain adequate documentation for a minimum of five years after the date of the presentation or initial offering to support their compliance with these standards and their reports that may be required of participants. As a part of this documentation, a record of attendance shall be made and maintained. - (a) For purposes of CPE credit hours, 50 minutes of continuous participation in a program shall constitute one CPE credit hour. The shortest recognized program must consist of 10 minutes of continuous participation.
- (b) For continuous programs, conferences and conventions, when individual segments are less than 50 minutes, the sum of the segments will be considered equal to one total program. For example - five 30-minute presentations would equal 150 minutes and should be counted as three contact hours.
- (c) Only class hours, actual hours of attendance, or equivalent (and not student hours devoted to preparation) will be counted.
- (d) A participant who is not present for an entire program may claim credit only for the actual time he attended.

Rule 4.4.7. Program sponsors are responsible for compliance with all applicable standards and other CPE requirements. Any course or program offered or held out as a CPE program is subject to Board audit and monitoring to assure it meets these standards.

Part 1 Chapter 5: Quality Review/Peer Review

Rule 5.1. Purpose

The purpose of the Board’s compliance assurance program (CAP) is to monitor compliance with applicable accounting and auditing standards adopted by generally recognized standard-setting bodies, thus improving the quality of financial reporting assuring that the public can rely on the fairness of presentation of financial information by CPA firms. Such presentations would include those on which a practice unit issued or should have issued reports in accordance with professional standards, including audits, reviews, compilations, agreed upon procedures, forecasts, projections, other special reports or any accounting and auditing services defined for peer review purposes but would not include preparation of financial statements by a CPA firm on which no report is required, such as engagements defined in the AICPA Statement on Standards for Accounting and Review Services (SSARS) Number 21, Section 70. In the event a CPA firm does not comply with established professional standards, or a firm's professional work is so inadequate as to warrant disciplinary action, the Board shall take appropriate action to protect the public interest. This chapter shall not require any firm to become a member of any sponsoring organization.

Rule 5.8. Investigations

Nothing in this rule should be construed to prohibit the Board from initiating an investigation involving complaint(s) of alleged violations of statute or *Rules and Regulations* against a practice unit or CPA.

Part 1 Chapter 6: Rules of Professional Conduct

Rule 6.1. Preamble

Rule 6.1.1. The Mississippi State Board of Public Accountancy promulgates these *Rules of Professional Conduct* within the *Rules and Regulations* under the authority of Title 73, Chapter 33 of the Mississippi Code of 1972, as amended which directs the Board to adopt and enforce such rules and regulations “. . . as the Board considers necessary to maintain the highest standard of proficiency in the profession of certified public accounting and for the protection of the public interest.” The services usually and customarily performed by CPAs involve a high degree of skill, education, trust and experience which are professional in scope and nature. The use of professional designations carries an implication of possession of the competence associated with a profession. The public, in general, and the business community, in particular, rely on this professional competence by placing confidence in reports and other services of accountants. The public's reliance, in turn, imposes obligations on persons utilizing professional designation, both to their clients and to the public in general. These obligations include maintaining independence of thought and action, continuously improving professional skills, observing, where applicable, generally accepted accounting principles, generally accepted auditing standards, and other professional standards, promoting sound and informative financial reporting, holding the affairs of clients in confidence, upholding the standards of personal and professional conduct in all matters affecting fitness to the practice of accountancy.

Rule 6.1.2. The *Rules of Professional Conduct* are intended to have application to all professional services performed by licensees and/or firm permit holders (registrants) including but not limited to auditing, accounting, review and compilation services, tax preparation services, tax advisory services, management advisory services, financial advisory, investment planning, and consulting services.

Rule 6.1.3. The *Rules of Professional Conduct* are intended to apply as well to all registrants, whether or not engaged in the practice of public accounting, except where the wording indicates that the applicability is more limited. However, a registrant practicing outside the United States will not be subject to discipline for departing from any of the rules stated herein so long as his conduct is in accord with the rules of the organized accounting profession in the country in which he is practicing. However, where a registrant's name is associated with financial statements in such a manner as to imply that he is acting as an independent certified public accountant and under circumstances that would entitle the reader to assume that United States practices were followed, he must comply with the requirement of all applicable rules.

Rule 6.1.4. A CPA shall be held responsible for compliance with the *Rules of Professional Conduct* by all persons associated with him in the practice of public accounting who are either under his supervision or are his partners, shareholders, or members in the practice. A firm permit holder shall be responsible for assuring compliance with these rules by any of its officers, directors, shareholders, principals, partners, proprietors, employees or agents.

Rule 6.1.5. A registrant CPA or firm permit holder shall not permit others to carry out on his behalf, either with or without compensation, acts which, if carried out by the registrant would place him in violation of the rules of professional conduct.

Rule 6.1.6. These rules do not identify all acts that may be considered incompatible with the obligations and responsibilities imposed by professional status or discreditable or harmful even though not specifically mentioned or described in the rules. Any registrant may be censured, suspended or revoked by the Board for any unprofessional conduct or other sufficient cause whether or not the alleged misconduct is specifically enumerated or described in the following rules, provided proper notice and hearing is given said registrant.

Rule 6.1.7. In addition to all other requirements contained in these Rules of Professional Conduct, all licensees and firm permit holders shall conform in fact and in appearance to the AICPA Code of Professional Conduct. Any conflict between the Board Rules and the AICPA Code of Professional Conduct shall be resolved in favor of the more restrictive requirement, as determined by the Board.

Rule 6.2. Independence.

Rule 6.2.1. A CPA or firm of which he is partner, member, or shareholder shall not express an opinion or issue a review report on financial statements of a client unless he is and, if applicable, his firm are independent in fact and appearance with respect to such client. Examples of such impairment of independence include but are not limited to:

- (a) During the period of the professional engagement or at the time of expressing an opinion or issuing a review report, he or the CPA firm:
 - (1) had or was committed to acquire any direct or material indirect financial interest in the client; or
 - (2) had any joint closely held business investment with the client or any officer, director, partner, or principal stockholder thereof which was material in relation to the CPA or firm permit holder's net worth;
 - (3) had any loan to or from the client or any officer, director partner, or principal stockholder thereof. This latter proscription does not apply to the following loans from a financial institution when made under normal lending procedures, terms and requirements:
 - a. loans obtained by a CPA or the firm which are not material in relation to the net worth of such borrower;
 - b. home mortgages;
 - c. other secured loans, except loans guaranteed by a CPA's firm which are otherwise unsecured;
 - (4) was a trustee of any trust or executor or administrator of any estate that had or was committed to acquire any direct or material indirect financial interest in the client;
- (b) During the period covered by the financial statements, during the period of the professional engagement or at the time of expressing an opinion or issuing a review report, the CPA or the CPA firm:
 - (1) was connected with the client as a promoter, underwriter or voting trustee, a director or officer or in any capacity equivalent to that of a member of management of an employee;
 - (2) was a trustee of any trust or executor or administrator of any estate if such trust or estate had a direct or material indirect financial interest in the client; or was a trustee for any pension or profit-sharing trust of the client;

- (3) had a commitment from the client for a commission or contingent fee in violation of Rules 6.6. or 6.7.

Rule 6.2.2. In any instance in which a CPA's name and/or CPA firm's name is associated with financial statements, if he/it is not independent, such lack of independence shall be disclosed.

Rule 6.2.3. Independence will be presumed to be impaired if the CPA or firm permit holder performs audit services, other than for charitable organizations, for a fee that is less than the direct labor cost reasonably expected at the time the engagement was accepted to be incurred in performing such services. For this purpose direct labor costs means the total compensation of the person or persons expected to perform the service for the time they are expected to serve on the engagement plus all payroll expenses related to such compensation.

Rule 6.2.4. A CPA or firm permit holder's independence may be impaired by a close relative's association with a client. Close relatives are defined as spouses and dependent persons, whether or not related, and defined as dependent and non-dependent children, grandchildren, stepchildren, brothers, sisters, parents, grandparents, parents-in-law, and their respective spouses.

- (a) CPA and firm permit holders must consider whether the strength of personal and business relationships between the CPA or firm permit holder and the close relative would lead a reasonable person who is aware of all the facts to conclude that the situation poses an unacceptable threat to the certificate or registration holder's objectivity and appearance of independence. In reaching this conclusion, the CPA or firm permit holder should consider the specific association with the client.
- (b) A CPA or firm permit holder's independence will be presumed to be impaired with respect to a client if:
 - (1) during the period of the professional engagement or at the time of expressing an opinion, the CPA or firm permit holder participating in the engagement has knowledge of a close relative who has a material financial interest in the client;
 - (2) during the period covered by the financial statements, during the period of the professional engagement, or at the time of expressing an opinion:
 - a. the CPA or firm permit holder participating in the engagement has a close relative who could exercise significant influence over the operative, financial, or accounting policies of the client or is otherwise employed in a position in which the close relative's activities are normally an element of or subject to significant internal accounting controls;

- b. a proprietor, shareholder, or individual in a managerial position in a CPA or firm permit holder's office has a close relative who could exercise significant influence over the client's operating, financial, or accounting policies, if that proprietor, shareholder or individual participates in a significant portion of the engagement.

Rule 6.2.5. The examples of impaired independence described in rules above are not intended to be all-inclusive.

Rule 6.3. Integrity

Rule 6.3.1. The reliance of the public and the business community on sound financial reporting and advice on business affairs imposes on the accounting profession an obligation to maintain high standards of technical competence, morality, and integrity. To this end, a CPA and firm shall at all times maintain independence of thought and action, hold the affairs of clients in strict confidence, strive continuously to improve professional skills, observe generally accepted accounting principles and standards, promote sound and informative financial reporting, uphold the dignity and honor of the accounting profession, and maintain high standards of personal conduct.

Rule 6.3.2. A CPA shall not knowingly misrepresent facts, and/or subordinate his judgment to non-CPAs. In tax practice, a CPA may resolve doubt in favor of the CPA's client as long as there is reasonable support for the CPA's position.

Rule 6.4. Objectivity

Rule 6.4.1. When offering or rendering accounting or related financial, tax, management or investment or advice, a CPA or firm permit holder shall be objective and shall not place its own financial interests nor the financial interests of a third party ahead of the legitimate financial interests of a client or the public in any context in which a client or the public can reasonably expect objectivity from one using the CPA title.

Rule 6.4.2. If a CPA or firm permit holder uses the CPA title in any way to obtain or maintain a client relationship, the Board will presume the reasonable expectation of objectivity.

Rule 6.5.3. It shall be a violation of these rules for a CPA or firm permit holder to persist in contacting a prospective client when the prospective client has made known or the CPA or firm permit holder should have known the prospective client's desire not to be contacted. Any attempt to continue a contact, which the CPA or firm permit holder knows or should know is unwanted, is not permitted.

Rule 6.5.4. In the case of direct communications including mail, e-mail, fax internet or other communications, the CPA or firm permit holder shall retain a copy of the actual mailing along with a list or other description of persons to whom the communication was mailed or otherwise distributed. Such copy shall be retained by the CPA or firm permit holder for a period of at least 36 months from the date of the last transmission or use. This does not apply to persons when:

Part 1 Chapter 9: Administrative Procedures Rules

Rule 9.1. METHOD OF OPERATION

1. Scope. This rule is promulgated pursuant to Mississippi Code of 1972, Section 25-43-2.104 of the Administrative Procedures Law.
2. Description of the Mississippi State Board of Public Accountancy. Title 73, Chapter 33, of the Mississippi Code of 1972, gives the State Board the authority to adopt *Rules and Regulations* for the purpose of carrying out its provisions. Section 73-33-5(f) of the act assigns this duty of the Board:

To adopt and enforce such rules and regulations concerning certified public accountant examinee and licensee qualifications and practices and certified public accountant firm permits and practices as the board considers necessary to maintain the highest standard of proficiency in the profession of certified public accounting and for the protection of the public interest. The standards of practice by certified public accountants and certified public accountant firms shall include generally accepted auditing and accounting standards as recognized by the Mississippi State Board of Public Accountancy.

The purpose of the *Rules and Regulations* is to promote and protect the public interest by implementing the Mississippi accountancy statutes, to better define and more clearly specify portions thereof for the guidance of certified public accountants, certified public accountant firms, those persons who rely upon the services of certified public accountants,

and applicants for licensure as certified public accountants and permits as certified public accountant firms.

The public interest warrants the licensing and regulation of persons and firms who practice public accounting. A distinguishing mark of a certified public accountant is his or her acceptance of responsibility to the public. The reliance of the public, the government and the business community on sound financial reporting and advice on business affairs and the importance of these matters to the economic and social aspects of life impose particular obligations on certified public accountants. A person who practices public accounting is presumed to have accepted an obligation to uphold its principles, to work for increased knowledge and to abide by the Mississippi Public Accountancy Act, and regulations promulgated thereunder.

3. Where and How the Public may Obtain Information. The Board *Rules and Regulations*, as well as information regarding the Board meetings and regulatory requirements, may be obtained by visiting the Board's website at www.msarpa.ms.gov. Requests for declaratory opinions may be made pursuant to Part III of these administrative procedure rules. Otherwise, requests made pursuant to and in accordance with the Mississippi Public Records Act may be made by submitting written requests.

Within seven (7) working days of the Board's receipt of a public records request, the Board shall review same and determine whether the records sought are exempt or privileged by law and shall either: i) produce the records; ii) allow access to records; iii) if the request is unclear or does not sufficiently identify the record sought, request clarification from the requestor; or iv) deny access to or production of the records sought. If the Board is unable to produce a public record by the seventh working day after the request is received, the Board will provide the requester with a written explanation stating that the record requested will be produced or will specify the reason why the records cannot be produced within the seven-day period. Unless there is mutual agreement between the Board and the requester, the date for production of the requested record will be no later than fourteen (14) working days from the Board's receipt of the original public record request.

- (k) no clear answer is determinable;
- (l) the question presented by the request involves the application of a criminal statute or sets forth facts which may constitute a crime;
- (m) the answer to the question presented would require the disclosure of information which is privileged or otherwise protected by law from disclosure;
