The MCSAB will adhere to the timeline below for the 2022 renewal cycle. Any changes or clarifications to this timeline will be provided to renewal schools in writing.

RENEWAL DECISION-MAKING

For 2023 renewal decisions, the Mississippi Charter School Authorizer Board will use the 2021 Performance Frameworks together with reports based on the 2019 Performance Framework. The MCSAB will consider pre and post pandemic conditions, state and federal waivers, and the lack of student assessment data in making decisions to determine the school’s renewal recommendation, and, if renewed, the renewal term.

The Performance Frameworks include three domains: academic, financial, and organizational. The MCSAB will consider evidence from all three domains in making renewal decisions and will draw on the renewal application, the schools performance over time and other official data.

RENEWAL CRITERIA & TERM LENGTH

According to Miss. Code Ann. §37-28-33 (1), a charter **may** be renewed for successive five-year terms of duration and the authorizer **may** grant renewal with specific conditions for necessary improvements to a charter school and **may** lessen the renewal term based on the performance, demonstrated capacities and particular circumstances of each charter school. During each renewal cycle, the MCSAB will base the term length on evidence of the school’s performance over the term of the charter contract.

Academic Expectations	Financial Performance	Organizational Performance	Renewal Recommendation & Term Length for Consideration by the MCSAB
Meets or Exceeds Expectations	Meets Expectations	Meets Expectations	School May be Renewed for up to a Five Year Term
Approaches or Fails to Meet Expectations	Approaches or Fails to Meet Expectations	Approaches or Fails to Meet Expectations	School May be Renewed for a Lesser Term and/or School May Receive a Conditional Renewal
Fails to Meet Expectations	Fails to Meet Expectations	Fails to Meet Expectations	School May Receive a Non-Renewal Resulting in Closure

MCSAB will use professional judgment when applying the renewal criteria to ensure all schools are afforded an equitable opportunity to demonstrate their success over time.

This measure from the Academic Performance Framework evaluates the official letter grade assigned to all eligible public schools as calculated by MDE. Public Charter Schools may or may not receive a letter grade depending on their current grade configuration.

State Accountability School Grade	Metric Rating
A	Exceeds Expectations
B-C	Meets Expectations
D	Approaches Expectations
F	Fails to Meet Schools that receive an "F" rating in their final year of operation are Not Eligible for renewal

THE MISSISSIPPI CHARTER SCHOOL AUTHORIZER BOARD RENEWAL APPLICATION RUBRIC

The Mississippi Charter School Authorizer Board is tasked with approving, overseeing, and holding charter schools accountable for performance over time. One of its most important functions in fulfilling this purpose is to conduct a charter school renewal process once schools reach the end of their approved charter contract term. The MCSAB will consider Performance Framework ratings, timely document submissions, site visit reports, annual performance reports, and other relevant information in its decisions. For 2023 renewal decisions, The Mississippi Charter School Authorizer Board will use the 2021 Performance Frameworks together with reports based on the 2019 Performance Framework. The MCSAB will consider pre and post pandemic conditions, state and federal waivers, and the lack of student assessment data in making decisions to determine the school's renewal recommendation, and, if renewed, the renewal term.

The Performance Frameworks include three domains: academic, financial, and organizational. The MCSAB will consider evidence from all three domains in making renewal decisions and will draw on the renewal application, the schools performance over time and other official data.

This rubric is designed for use by the Mississippi Charter School Authorizer Board and External Evaluators to assess the unique characteristics of a charter school that align with their academic, financial, and organizational domains.

EVALUATION CRITERIA

Evaluators will use the following criteria to rate applicant responses to the renewal application by applying the following guidance:

Rating	Characteristics
Exceeds Expectations	The response reflects a thorough understanding of key issues. It addresses the topic with specific and accurate information that shows thorough preparation; presents a clear, realistic picture of how the school expects to operate; and inspires confidence in the applicant's capacity to carry out the plan effectively.
Meets Expectations	The response meets the criteria in many respects, but lacks detail and/or requires additional information in one or more areas.
Approaches Expectations	The response meets the criteria in some respects but has substantial gaps in a number of areas.
Falls To Meet Expectations	The response is wholly undeveloped or significantly incomplete; demonstrates lack of preparation; or otherwise raises substantial concerns about the viability of the plan or the applicant's ability to carry it out.

SUMMARY COMMENTS

Summary comments support your ratings and provide a clear understanding of your overall impression of that section including the most significant strengths and/or weaknesses evident in the application.
