

BACKGROUND:

Since launching the Tackle the Tape initiative in July of 2020, the Secretary of State's Office has seen tremendous success in regulation reform. To efficiently review all 118,000+ regulations in Mississippi's regulatory code, we have outlined a comprehensive strategic plan called 29 by 29. This review plan will serve as a roadmap within the Tackle the Tape initiative with an end goal of reviewing every regulation for all 29 occupational licensing boards and commissions by the year 2029.

PURPOSE:

Review the substance of existing regulations for each of Mississippi's 29 occupational licensing boards and commissions for compliance with state policy as provided in the Occupational Board Compliance Act of 2017

STATE POLICY:

"For occupational regulations promulgated by occupational licensing boards, it is the policy of the state of Mississippi to:

- a. Increase economic opportunities for all of its citizens by promoting competition and thereby encouraging innovation and job growth; and
- b. Use the least restrictive regulation necessary to protect consumers from present, significant, and substantiated harms that threaten public health and safety."
