RESIGNATION LETTER - REP. DEBRA HENDRICKS GIBBS

December 30, 2022

Speaker Philip Gunn
Mississippi State Capitol
400 High Street
Jackson, MS 39201

Dear Speaker Gunn,

In 2016 the citizens of House District 72 in the great State of Mississippi, honored me with the pleasure to continue my pursuit of advocacy by electing me as their state representative in the Mississippi Legislature. This opportunity allowed me to continue my passion and commitment to serve mankind from a legislative perspective. I have made the fulfillment of public service the extent of my life's work and professional career.

During my tenure as a member of the House of Representatives, I worked hard to improve the quality of life for all citizens of the State of Mississippi. I developed lasting relationships and gained valuable knowledge and experience. I have seen this State grow and prosper in many ways. I am proud to have been a part of this success. We have improved education, extended support to our Cities and Counties, created new jobs and expanded existing jobs, change the state flag, while protecting taxpayers dollars. I have also secured funding for various projects throughout District 72.

It has been my utmost pleasure and honor to serve the people of my community and State. I will always cherish the relationships and the progress made during my service. I have valued my tenure in the House of Representatives.

As you know, an opportunity presented itself for me to continue my public service in the judicial branch of government. With much counsel, thought, and prayer, I sought the position of Hinds County Circuit Judge, for the Seventh District, Post 2. I am grateful to have been elected. It is my hope to continue to make a profound and lasting impact upon others.

Please allow this letter to serve as my official resignation from my elected position as State Representative for House District 72, effective December 31, 2022.

In closing, I want to thank you for your leadership, service and support.

Respectfully,
/s/ Debra Hendricks Gibbs, Esq.

JOINT SESSION

The hour of 5:00 PM having arrived, which was set by **H. C. R. No. 31** for a Joint Session of the Legislature to hear a message from Governor Tate Reeves, the Joint Assembly convened on the South Steps of the Capitol and was called to order by Philip Gunn, Speaker of the House of Representatives.

Speaker Gunn introduced Bishop Sharma D. Lewis, Mississippi Area of the United Methodist Church, who led the Invocation.

Speaker Gunn yielded the gavel to Lt. Governor Delbert Hosemann, who presided over the Joint Assembly.

The National Anthem was performed by Chapel Hart.

A committee composed of Representatives Boyd A, Hulum and Weathersby and Senators Kirby, Moran and Turner-Ford escorted Governor Tate Reeves and First Lady Elee Reeves to the Speaker's stand.

Lt. Governor Hosemann acknowledged the State of Mississippi dignitaries and many guests.

2023 State of the State Address

Thank you, Lieutenant Governor Hosemann and Speaker Gunn.

To the members of the legislature and other elected officials here tonight, thank you. Thank you for your continued partnership and thank you for the tireless work you do on behalf of our great state and her people.

I also have to take a moment to thank my beautiful wife and Mississippi's outstanding First Lady, Elee. She's an incredible wife, an awesome mom, and a wonderful representative for our state. I'm amazed daily by your grace and your kindness, and I'm so thankful to have you in my life every single day.

Finally and most importantly, I have to thank the three million Mississippians who have helped our state usher in an unprecedented period of economic growth, educational achievement, and freedom.

2022 was perhaps the best year in Mississippi's history. Because, here in Mississippi and unlike in Washington, D.C., we still have the incredible capacity to work together and accomplish great things for our constituents.

The sense that our state is one big, small town binds us and it furthers a sense of optimism that we can still work together here and deliver results on behalf of our people.

The people of Mississippi are our state's strength. It is because of your hard work that our state is primed and ready to face the challenges of tomorrow.

It is because of your work ethic and your commitment to excellence that more and more companies are choosing to do business in Mississippi and that our state's brightest days lie in front of us.

It has been the privilege of a lifetime to serve as your governor over the last three years. I haven't taken it for granted for one second, and I promise you that I never will. It is truly an honor to wake up each and every day and get to work on your behalf, and I look forward to making even bigger things happen in this great state.

Now, over these years some days have been more challenging than others. But no matter what's thrown at Mississippi, I thank God each night that I have the chance to live, work, and serve alongside of you. There is no place I would have rather weathered tornadoes, floods, hurricanes, or a global pandemic than right here in Mississippi.

But Mississippi – and I think you'll agree too – means more than simply a place to batten down the hatches during natural disasters.

Mississippi is all of our home. Our state is filled with natural beauty and friendly people. I, like so many of y'all today, am grateful to be raised in this loving community.

I'm proud to be a Mississippian, and I'm proud of the life lessons I've learned from the people I've met along the way.

One of those people, is my hero – my dad. Now, I don't remember the first time I met him because I was only a few minutes old. But I do remember some of the lessons he taught me, especially when it comes to the value of hard work.

My father grew up in a two-room home with five brothers and five sisters in Bogue Chitto. He started a small business in the early 70's and spent many, many nights sweeping the dirt floors and praying for his next clients.

Like entrepreneurs across Mississippi, he spent his life growing that business. Only in America could the son of that man stand here today as the governor of this great state. It is the American Dream, and the lessons I learned from him have inspired everything that I've done.

I've tried my best to take those lessons with me over the years and incorporate them into everything that I do. I've leaned on them when times were good, and I've leaned on them when times were bad.

They've helped to keep me grounded and to remember what's really important in life. They've helped me govern, and they've helped me keep perspective.

Today, it's a cold-hard-fact that really, really good things are happening in Mississippi. And it's my honor to stand before you today and announce that the state of our state is stronger than ever.

Our state is strong because our people and my administration are laser focused on the issues that matter to Mississippians.

As you've heard me say before, the way we measure success is in the wages of our workers, the success of our students, and winning the war on our values.

Mississippi is hitting the target on all three of these fronts.

First, wages. Since 2019, we've raised per capita personal income in Mississippi by approximately \$7,000 or almost 18%. We are boosting the money that Mississippi families are bringing home – especially right now, as we combat rising inflation from wasteful spending in Washington, D.C.

This wasn't by accident. We were able to accomplish this momentous feat because we never wavered from the tried and true economic and fiscally conservative principles that have set up states for growth for generations. And we were able to accomplish this despite the left's best attempts to grow government.

Our conservative reforms and sound budget management have laid the foundation for this economic boom. It's the policies of yesterday that have paved the pathway to today's prosperity.

It's led us to a \$4 billion budget surplus. \$4 billion!

It's led to investing a historic amount in jobs training, and because of that we have the lowest unemployment rate in our state's history.

It resulted in a record \$6 billion in new capital investment in 2022, which is more than seven times the previous average of approximately \$900 million a year before I became governor.

And it helped us finalize the largest economic development project in Mississippi history – a \$2.5 billion capital investment that will create 1,000 new jobs with an average salary of almost \$100,000 a year.

But we had more than just one major economic deal. That grand slam was great, but there were dozens and dozens of projects impacting every corner of our state over the last year. The fact is that thanks to our singles and our doubles, Mississippi is starting to run up the scoreboard.

Last year we announced a \$2 million investment that will create 117 new upholstery jobs in New Albany.

We announced a \$79 million investment that will create 21 new operations jobs in Pelahatchie.

We announced a \$51 million investment that will create 41 new manufacturing jobs in Winona.

Canton, Philadelphia, Bay Springs, Columbus, Starkville, Southaven, Meridian, Calhoun, Waynesboro, Vicksburg, Olive Branch, and Corinth – just to name a few of the places that we announced investments this last year.

My friends, when it comes to setting up our people and state for more economic prosperity, we are, by every objective standard, getting the job done.

We are boosting salaries and we are expanding the tax base. And we are investing in the areas that will provide our state with the highest return – our people.

I want our state to go even further in supporting Mississippians. Our state is in the best fiscal shape we've ever been in, and our state is in the best financial shape in history and our residents deserve to get a bigger piece of the pie.

We can and should do more to put additional dollars into the pockets of Mississippians. We will do this, by eliminating our state's income tax once and for all.

We can do this and we can do this without raising other taxes. You've heard me say this before, but I'm going to keep saying it because it's that important: government doesn't have anything that it doesn't first take from somebody else.

I believe that Mississippians not politicians or the government know best how to spend their dollars. I also believe that those who have competitive advantages win.

We have a competitive advantage in our people. We need to add another competitive advantage with our tax code.

To build the best possible environment for entrepreneurs, to combat President Biden's runaway inflation, to compete with the likes of Florida, Tennessee and Texas, to continue making it easier for Mississippians to support their families, we must eliminate Mississippi's income tax.

That's why last year I was so proud to sign into law the largest tax cut in Mississippi history, which returned over half a billion dollars to Mississippians.

That's more dollars in your pocket, more dollars in your kids' college funds, more dollars put toward buying a home or retirement, and more dollars for you to spend on your priorities. Not politicians' pet projects.

I'm proud of what we accomplished. But I'm even more fired up to keep the tax cuts coming. You have my word that as long as I'm governor, I'm going to continue relentlessly fighting for permanent, long-term tax relief that lets you keep more of your own hard-earned money.

But Mississippi isn't just witnessing historic achievements in our state's economy. We're also seeing it in classrooms across our state.

A little over a week ago we announced – for the third time since I've been governor – that Mississippi's high school graduation rate hit an all-time high and continues to be better than the national average.

And like our state's economic growth, our education improvements didn't happen by accident. Our state's stellar report card didn't just appear out of thin air.

Mississippi insisted on getting kids back into school when other blue states stayed closed, and now we have the best education numbers in our state's history!

The year Philip Gunn and I first presided over a State of the State in 2012, Mississippi was dead last in fourth grade math. Now, we're above the national average at Number 23.

That means that over the last ten years since we passed education reform, Mississippi surpassed half the states in the nation.

We've gone from needs improvement to most improved.

We've led the nation in fourth grade reading and fourth grade math gains.

And students from all walks of life are finding more success in Mississippi. In 2003, Mississippi was among the worst performers when it came to test scores for African American students. Today we're fifth in the entire nation when it comes to fourth grade reading test scores for African American students. Fifth in the entire nation!

So, when some people say, "Mississippi is last in education," folks, they're just not telling you the truth.

I want to personally thank all the legislators that played a role in helping to pass those education reforms. I also want to thank all the involved parents and dedicated teachers across Mississippi. We couldn't have accomplished these goals without you.

Our state – unlike some others that have been in the news – recognizes that we have a duty to both. We should ensure that parents continue to play an active role in their kids' education, and we should ensure that teachers are paid what they deserve.

It is my firm belief that Mississippi has some of the best teachers in the nation, and their salaries should reflect that.

That's why I was proud to sign legislation giving Mississippi teachers the largest pay raise in state history. We elevated teacher salaries above not only the Southeastern average, but even above the national average!

Mississippi's teachers earned those raises, and I was proud to sign them into law.

But regardless of the technology or textbooks we put in front of our kids, nothing is more influential to a child's educational development than parents.

And when it comes to education, Mississippi should protect parents' voices and their right to be involved in the classroom. Because at the end of the day, the state doesn't run a child's life – parents do. We need more transparency in schools in this country. We need more choice. We need more freedom. That will be the best way to protect our children.

I've been shocked to see how some states have embraced the misguided practice of pushing parents out of the classroom, pushing parents out of their children's lives, and pushing parents out of the school board decision-making process.

Nobody, and I mean nobody, is more invested in the life and the future of a child than a parent. They shouldn't be labeled as domestic terrorists for simply asking questions or for attending a school board meeting. They should be celebrated for being invested in their child's education.

As a father myself, I want schools across Mississippi to complement the lessons parents are trying to teach at home, not reject them. That's exactly why I am calling on the legislature to pass a Parents' Bill of Rights this session.

Through the Parents' Bill of Rights, we will reaffirm that in Mississippi, it is the state who answers to parents and not vice versa.

This Parents' Bill of Rights would further cement that when it comes to the usage of names, pronouns, or health matters, schools will adhere to the will of parents. There is no room in our schools for policies that attempt to undercut parents and require the usage of pronouns or names that fail to correspond with reality.

I am proud to be governor, but the greatest pride in my life is being the dad of three wonderful girls. There are few things I love more than having the chance to cheer them on from the sidelines at their soccer or basketball games.

That's why I'm especially proud to have signed legislation that ensured, that in Mississippi, we're going to let boys play boys sports, and girls play girls sports. I didn't do this just for my daughters, I did this for all of Mississippi's daughters.

But we need to do even more to protect Mississippi's children. We have a duty to keep pushing back against those that are taking advantage of children and using them to advance their sick and twisted ideologies.

There was a time in America when saying to kids 'you can be whatever you want when you grow up' meant that one day they could become a teacher, police officer, or fire fighter. A professional athlete, a doctor, or even a lawyer. That if you push yourself, there is nothing you can't accomplish.

But today, there is a dangerous and radical movement that is now being pushed upon America's kids. It threatens the very nature of truth. Across the country, activists are advancing untested experiments and persuading kids that they can live as a girl if they're a boy, and that they can live as a boy if they're a girl. And they're telling them to pursue expensive, radical medical procedures to advance that lie.

These radical liberals are attempting to undermine objective, scientific truths. They're trying to undermine how we view gender and even manipulate English words and grammar rules. From their illogical pronouns to their attempts at pushing the word Latinx onto the Hispanic community – they don't care about the destruction they're causing or

whether they have the support of those they're trying to group or label. Rather, they're tyrannical in their approach to these issues and their unceasing attempts to have them adopted by society.

And let's be honest, America stands essentially alone in the truly outrageous position that we've staked out on this issue. While some in our country push surgical mutilation onto 11 year olds even here in Mississippi, even liberal darlings like Finland, Denmark, and Sweden don't allow these surgeries to be performed on kids who are under 18.

The fact is that we set age restrictions on driving a car and on getting a tattoo. We don't let 11 year olds enter an R-rated movie alone, yet some would have us believe that we should push permanent body-altering surgeries on them at such a young age.

Mississippi must continue to do everything in our power to counter those who want to push their experiments on our kids. Time is of the essence, and we don't have a second to waste. We must take every step to preserve the innocence of our children, especially against the cruel forces of modern progressivism which seek to use them as guinea pigs in their sick social experiments.

Let me be clear to those radical activists around the nation who want to do our kids harm.

Mississippi will not be trading compassion for compliance.

Our voices will not be silenced when it comes to science.

We will not be pressured into not asking questions.

And we will not give in to liberal intimidation when it comes to protecting our kids.

This is my promise to every Mississippian across our state.

There is also another way we are going to keep our kids safe, and it includes keeping their parents safe as well.

One of the most fundamental responsibilities of government is to ensure public safety and to uphold law and order.

I ran for governor to fix Mississippi's problems, not to hide them. That's why I've become increasingly concerned that, for three consecutive years now, homicides have numbered in the triple digits here in our capital city. We can and must do better.

The fact is, no matter how hard we try, there will always be evil in the world. There are those who lurk in the shadows seeking to hurt those around them. There are those who seek to inject drugs and crime into their communities, all so they can make a buck.

These actions undermine social cohesion and safety in our neighborhoods. They threaten the lives of our kids and the safety of our families.

To put it mildly, the crime situation in Jackson is unacceptable. Kids are getting killed in our streets and it's time we put a stop to it.

Now, some have suggested that the response should be to undercut, defund, and dismantle the police. I couldn't disagree more.

Many of us have family and friends who wear the badge. It's worth constantly reminding ourselves that these individuals are the thin blue line which helps hold communities together.

In Mississippi we choose to fund the police. We choose to back the blue. We choose to celebrate the brave men and women who put on the badge every day and run towards danger. That's exactly what Mississippi has done, and that's exactly what Mississippi will continue to do.

Last year, the Mississippi Department of Public Safety conducted two major surges of law enforcement personnel – one in Jackson and one along our Gulf Coast. We flexed law enforcement in the areas and helped to shut down criminal elements in the regions. And while those surges proved to be successful, we still have more work to do.

That's why this session, I'm calling on the legislature to make further investment into our Capitol Police by giving them the 150 officers and equipment they need to continue fulfilling their mission and continue pushing back on lawlessness in Jackson.

And let me say this as well, my administration will go after all crime within our jurisdiction. Regardless of the crime committed, regardless of who did it, regardless if it happened on the street or in an office building, my administration is and will continue to hold criminals accountable.

That's why my administration remains committed to delivering justice and recouping every dollar possible from those who stole from Mississippians through the theft of TANF dollars.

Again, I ran for governor to fix Mississippi's problems, not to hide them. Which brings me to my next area of focus – our state's healthcare system.

Mississippi is not immune to the struggles facing healthcare systems across the country. Together, we should keep working to improve Mississippians' access to quality healthcare, and together, we should keep working to ensure Mississippi's healthcare system meets the needs of our people.

It starts with leveling the playing field. Most people do not know that it is illegal to open a new health care facility that competes with other institutions. We are all frustrated and worried by the threats that some hospitals may close. The first step should be allowing new ones to open! By reforming Mississippi's Certificate of Need laws, we can root out anti-competitive behavior that blocks the formation of medical facilities and prevents the delivery of lifesaving healthcare to Mississippians.

We should continue to strengthen the pipeline of medical professionals by doubling and tripling down on our improved workforce development strategy, and we should pass legislation that levels the playing field for hospitals with expanded residency programs.

Because, at the end of the day, the real answers to our problems are not contained in the same old proposals that only serve to delay the inevitable at the expense of taxpayers. The real answer to our problems lies in innovation.

Technology is changing, and the way healthcare is delivered is changing. Our policies must adapt with the times and facilitate care that focuses not on institutions but on the patients we seek to support.

Throughout modern history we've witnessed innovation disrupt industries such as manufacturing, transportation, food, and entertainment. There was a time when people had to go to the theater to watch a movie. Today, they can watch them at home and on an airplane. On cable TV, Netflix, and every streaming service in between.

The fact of the matter is that technology and innovation lead to new opportunities. The same can be said of our healthcare system.

There was a time when if you needed medical services, you had to go to a large brick and mortar hospital – that was your only choice. But today, people are increasingly choosing

new healthcare distribution channels over your traditional hospital. Today, people are accessing healthcare through telemedicine providers, micro-hospitals, urgent care facilities, and expanded care opportunities with nurse practitioners, pharmacists, and others.

This legislative session, I urge the legislature to think outside the box when it comes to improving Mississippi's healthcare system. Don't simply cave under the pressure of Democrats and their allies in the media who are pushing for the expansion of Obamacare, welfare, and socialized medicine.

Instead, seek innovative free market solutions that disrupt traditional healthcare delivery models, increase competition, and lead to better health outcomes for Mississippians.

Do not settle for something that won't solve the problem because it could potentially and only temporarily remove the liberal media's target on your back.

You have my word that if you stand up to the left's push for endless government-run healthcare, I will stand with you.

For as dire as national politics sometimes seem, there's still a tremendous amount of hope in Mississippi.

There really are incredible things happening here. And I'm talking about far more than our state winning its second college baseball national championship in a row, as incredible as that was.

Last year, Mississippi led the nation to overturn *Roe v. Wade* – the greatest accomplishment in the conservative movement in my lifetime.

Long story short, more innocent children will now have the chance to be born.

There are future doctors who now have the chance to be born. There are future teachers that now have the chance to be born. There are future nurses, future linemen, and future truckers. There are future fathers and future mothers, friends and family, brothers and sisters. They all now have the chance at life.

And there may very well even be a life that was saved who, a few years from now, will stand up here and give his or her update on the State of our State. What a wonderful blessing that would be.

But the fact is that being pro-life is about more than just being anti-abortion. We don't just want to eliminate the taking of unborn children's lives, we want to make it easier for parents to raise children and for mothers to give birth to happy and healthy kids.

Now some have said that too many children will be added to Mississippi's population. I say what a wonderful problem to have. On this point I agree with Mother Teresa when she said, 'How can there be too many children? That is like saying there are too many flowers.'

But I also recognize we are called to do more and to support these new moms and new babies. And I want every element of our laws to reflect and facilitate this critical mission.

That's why I'm also calling on the legislature to establish a New Pro-Life Agenda that helps make Mississippi the easiest place in the nation to raise a family.

Together, we can prove the country wrong just like we did in education. Just like we led the nation in overturning *Roe*, we can lead the nation in supporting mothers and babies.

This session, Mississippi should establish a childcare tax credit and allow Mississippi families to write off childcare supplies on state tax returns.

We should increase our support for pregnancy resource centers and thus help to care for expectant and new mothers, especially those who are struggling with poverty or isolation.

We should expand childcare opportunities by cutting red tape. There's no reason that we should let government get in the way of parents accessing care for their children.

We should expand safe haven laws, so parents have every available opportunity to choose life.

We should reduce the existing adoption backlogs and make it easier and less expensive for parents to adopt kids into a loving forever home.

And we should update our child support laws so that fathers must support their children from the moment their life begins – at conception.

This is our New Pro-Life Agenda. As I've said before, it will not be easy, and it will not be free. But I know that together, we are going to get the job done and deliver the support Mississippi mothers and babies deserve.

My fellow Mississippians, it's been quite the year for our state. We've had moments of triumph and moments of anguish. But through it all, we've emerged stronger, together.

We know where Mississippi has been, and we know where Mississippi is going. Regardless of the unfair stereotypes placed upon our state and her people, we know good things are happening here.

Is our state perfect? Of course not. But besides heaven, no place is.

We know what's happening on the ground here. We know it because we are seeing it. Whether it's the record investment or all-time low unemployment, the all-time high graduation rate or standing up to the radical left's war on our values – Mississippi is winning, and our state is on the rise.

That's why I urge all of you here today to stand with me and call out the lies when they are thrown at all of us.

We can never give into the cynics who seek to tear down our great state.

We can never give into Joe Biden and the national Democrats who seek to force feed us an unhealthy dose of progressivism because they view Mississippians as Neanderthals.

And we can never give into those who want us to live in a perpetual state of self-condemnation.

My friends, I am proud to serve as Mississippi's 65th governor but I'm even prouder to call myself a Mississippian.

The eyes of our state are turned to the future, and that's why I will continue to reject those who would seek to divide and separate us. Instead, on behalf of all Mississippi, I am proud to pronounce once more that we are all Mississippians, committed to improving this home that we love.

We are blessed to live in a wonderful state. We are blessed to have wonderful neighbors. We are blessed by one common God who smiles down upon Mississippi.

I have no doubt that our future is brighter than ever before and that, together, we will continue to build this great state upwards.

God bless all of you. And may God continue to bless this great state that we all love, Mississippi.

Rep. Roberson called up:

H. B. No. 850: School ad valorem tax levy; authorize levying authority for certain districts to approve/disapprove request for certain increases.

AMENDMENT NO. 1 BY REPRESENTATIVE Wallace:

AMEND by striking Sections 1 and 2 of the bill and inserting in lieu thereof the following:
" SECTION 1. Section 37-57-104, Mississippi Code of 1972, is amended as follows:

37-57-104. (1) Each school board shall submit to the levying authority for the school district a certified copy of an order adopted by the school board requesting an ad

valorem tax effort in dollars for the support of the school district. The copy of the order shall be submitted by the school board when the copies of the school district's budget are filed with the levying authority pursuant to Section 37-61-9. Upon receipt of the school board's order requesting the ad valorem tax effort in dollars, the levying authority may, in its discretion, approve, in full or in part, the dollar amount requested and shall determine the millage rate necessary to generate funds equal to the dollar amount requested by the school board as approved by the levying authority. For the purpose of calculating this millage rate, any additional amount that is levied pursuant to Section 37-57-105(1) to cover anticipated delinquencies and costs of collection or any amount that may be levied for the payment of the principal and interest on school bonds or notes shall be excluded from the limitation of fifty-five (55) mills provided for in subsection (2) of this section.

(2) (a) Except as otherwise provided under paragraph (b) or (c) of this subsection, if the millage rate necessary to generate funds equal to the dollar amount requested by the school board and approved by the levying authority is greater than fifty-five (55) mills, and if this millage rate is higher than the millage then being levied pursuant to the school board's order requesting the ad valorem tax effort for the currently existing fiscal year, then the levying authority shall call a referendum on the question of exceeding, during the next fiscal year, the then existing millage rate being levied for school district purposes. The referendum shall be scheduled for not more than six (6) weeks after the date on which the levying authority receives the school board's order requesting the ad valorem tax effort.

When a referendum has been called, notice of the referendum shall be published at least five (5) days per week, unless the only newspaper published in the school district is published less than five (5) days per week, for at least three (3) consecutive weeks, in at least one (1) newspaper published in the school district. The notice shall be no less than one-fourth (1/4) page in size, and the type used shall be no smaller than eighteen (18) point and surrounded by a one-fourth-inch solid black border. The notice may not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The first publication of the notice shall be made not less than twenty-one (21) days before the date fixed for the referendum, and the last publication shall be made not more than seven (7) days before that date. If no newspaper is published in the school district, then the notice shall be published in a newspaper having a general circulation in the school district. The referendum shall be held, as far as is practicable, in the same manner as other referendums and elections are held in the county or municipality. At the referendum, all registered, qualified electors of the school district may vote. The ballots used at the referendum shall have printed thereon a brief statement of the amount and purpose of the increased tax levy and the words "FOR INCREASING THE MILLAGE LEVIED FOR SCHOOL DISTRICT PURPOSES FROM (MILLAGE RATE CURRENTLY LEVIED) MILLS TO (MILLAGE RATE REQUIRED UNDER SCHOOL BOARD'S ORDER) MILLS," and "AGAINST INCREASING THE MILLAGE LEVIED FOR SCHOOL DISTRICT PURPOSES FROM (MILLAGE RATE CURRENTLY LEVIED) MILLS TO (MILLAGE RATE REQUIRED UNDER SCHOOL BOARD'S ORDER) MILLS." The voter shall vote by placing a cross (X) or checkmark (✓) opposite his choice on the proposition.

If a majority of the registered, qualified electors of the school district who vote in the referendum vote in favor of the question, then the ad valorem tax effort in dollars requested by the school board and approved by the levying authority shall be approved. However, if a majority of the registered, qualified electors who vote in the referendum vote against the question, the millage rate levied by the levying authority shall not exceed the millage then being levied pursuant to the school board's order requesting the ad valorem tax effort for the then currently existing fiscal year.

Nothing in this subsection shall be construed to require any school district that is levying more than fifty-five (55) mills pursuant to Sections 37-57-1 and 37-57-105 to decrease its millage rate to fifty-five (55) mills or less. Further, nothing in this subsection shall be construed to require a referendum in a school district where the requested ad valorem tax effort in dollars requires a millage rate of greater than fifty-five (55) mills but the requested dollar amount does not require any increase in the then existing millage rate. Further, nothing in this subsection shall be construed to require a referendum in a school district where, because of a decrease in the assessed valuation of the district, a

millage rate of greater than fifty-five (55) mills is necessary to generate funds equal to the dollar amount generated by the ad valorem tax effort for the currently existing fiscal year.

(b) Provided, however, that if a levying authority is levying in excess of fifty-five (55) mills on July 1, 1997, the levying authority may levy an additional amount not exceeding three (3) mills in the aggregate for the period beginning July 1, 1997, and ending June 30, 2003, subject to the limitation on increased receipts from ad valorem taxes prescribed in Sections 37-57-105 and 37-57-107.

(c) If the levying authority for any school district lawfully has decreased the millage levied for school district purposes, but subsequently determines that there is a need to increase the millage rate due to a disaster in which the Governor has declared a disaster emergency or the President of the United States has declared an emergency or major disaster, then the levying authority may increase the millage levied for school district purposes up to an amount that does not exceed the millage rate in any one (1) of the immediately preceding ten (10) fiscal years without any referendum that otherwise would be required under this subsection.

(3) (a) If the millage rate necessary to generate funds equal to the dollar amount requested by the school board and approved by the levying authority is equal to fifty-five (55) mills or less, but the dollar amount requested by the school board and approved by the levying authority exceeds the next preceding fiscal year's ad valorem tax effort in dollars by more than four percent (4%), but not more than seven percent (7%) (as provided for under subsection (4) of this section), then the school board shall publish notice thereof at least five (5) days per week, unless the only newspaper published in the school district is published less than five (5) days per week, for at least three (3) consecutive weeks in a newspaper published in the school district. The notice shall be no less than one-fourth (1/4) page in size, and the type used shall be no smaller than eighteen (18) point and surrounded by a one-fourth-inch solid black border. The notice may not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The first publication shall be made not less than fifteen (15) days before the final adoption of the budget by the school board. If no newspaper is published in the school district, then the notice shall be published in a newspaper having a general circulation in the school district. If at any time before the adoption of the budget a petition signed by not less than twenty percent (20%) or fifteen hundred (1500), whichever is less, of the registered, qualified electors of the school district is filed with the school board requesting that a referendum be called on the question of exceeding the next preceding fiscal year's ad valorem tax effort in dollars by more than four percent (4%), then the school board shall adopt, not later than the next regular meeting, a resolution calling a referendum to be held within the school district upon the question. The referendum shall be called and held, and notice thereof shall be given, in the same manner provided for in subsection (2) of this section. The ballot shall contain the language "FOR THE SCHOOL TAX INCREASE OVER FOUR PERCENT (4%)" and "AGAINST THE SCHOOL TAX INCREASE OVER FOUR PERCENT (4%)." If a majority of the registered, qualified electors of the school district who vote in the referendum vote in favor of the question, then the increase requested by the school board and approved by the levying authority shall be approved. For the purposes of this subsection, the revenue sources excluded from the increase limitation under Section 37-57-107 also shall be excluded from the limitation described in this subsection in the same manner as they are excluded under Section 37-57-107. Provided, however, that any increases requested by the school board as a result of the required local contribution to the Mississippi Adequate Education Program, as certified to the local school district by the State Board of Education under Section 37-151-7(2), Mississippi Code of 1972, shall not be subject to the four percent (4%) and/or seven percent (7%) tax increase limitations provided in this section and shall not be subject to approval by the levying authority.

(b) In addition to the provisions of paragraph (a) of this subsection (3), in the case of a school district in conservatorship, if the millage rate necessary to generate funds equal to the dollar amount requested by the school board is equal to fifty-five (55) mills or less, but the dollar amount requested by the school board exceeds the next preceding fiscal year's ad valorem tax effort in dollars by not more than four percent (4%), the levying authority may approve or disapprove, in full or in part, the dollar amount requested by the school board. If any member of the levying authority is an

employee of the school district, such person shall recuse himself or herself from voting on the question of the dollar amount requested by the school board.

(4) If the millage rate necessary to generate funds equal to the dollar amount requested by the school board and approved by the levying authority is equal to fifty-five (55) mills or less, but the dollar amount requested by the school board and approved by the levying authority exceeds the seven percent (7%) increase limitation provided for in Section 37-57-107, the school board may exceed the seven percent (7%) increase limitation only after the school board * * * and the levying authority have determined the need for additional revenues and three-fifths (3/5) of the registered, qualified electors voting in a referendum called by the levying authority have voted in favor of the increase. The notice and manner of holding the referendum shall be as prescribed in subsection (2) of this section for a referendum on the question of increasing the millage rate in school districts levying more than fifty-five (55) mills for school district purposes.

(5) The aggregate receipts from ad valorem taxes levied for school district purposes pursuant to Sections 37-57-1 and 37-57-105, excluding collection fees, additional revenue from the ad valorem tax on any newly constructed properties or any existing properties added to the tax rolls or any properties previously exempt which were not assessed in the next preceding year, and amounts received by school districts from the School Ad Valorem Tax Reduction Fund pursuant to Section 37-61-35, shall be subject to the increase limitation under this section and Section 37-57-107.

(6) The school board shall pay to the levying authority all costs that are incurred by the levying authority in the calling and holding of any election under this section.

(7) The provisions of this section shall not be construed to affect in any manner the authority of school boards to levy millage for the following purposes:

(a) The issuance of bonds, notes and certificates of indebtedness, as authorized in Sections 37-59-1 through 37-59-45 and Sections 37-59-101 through 37-59-115;

(b) The lease of property for school purposes, as authorized under the Emergency School Leasing Authority Act of 1986 (Sections 37-7-351 through 37-7-359);

(c) The lease or lease-purchase of school buildings, as authorized under Section 37-7-301;

(d) The issuance of promissory notes in the event of a shortfall of ad valorem taxes and/or revenue from local sources, as authorized under Section 27-39-333; and

(e) The construction of school buildings outside the school district, as authorized under Section 37-7-401.

Any millage levied for the purposes specified in this subsection shall be excluded from the millage limitations established under this section.

SECTION 2. Section 37-57-105, Mississippi Code of 1972, is amended as follows:

37-57-105. (1) In addition to the taxes levied under Section 37-57-1, the levying authority for the school district, as defined in Section 37-57-1, upon receipt of a certified copy of an order adopted by the school board of the school district requesting an ad valorem tax effort in dollars for the support of the school district, * * * may, in its discretion, at the same time and in the same manner as other ad valorem taxes are levied, levy an annual ad valorem tax in the amount fixed in such order upon all of the taxable property of such school district, which shall not be less than the millage rate certified by the State Board of Education as the uniform minimum school district ad valorem tax levy for the support of the adequate education program in such school district under Section 37-57-1. Provided, however, that any school district levying less than the uniform minimum school district ad valorem tax levy on July 1, 1997, shall only be required to increase its local district maintenance levy in four (4) mill annual increments in order to attain such millage requirements. In making such levy, the levying authority shall levy an additional amount sufficient to cover anticipated delinquencies and costs of collection so that the net amount of money to be produced by such levy shall be equal to the amount which is requested by said school board and approved by the levying authority. The proceeds of such tax levy, excluding levies for the payment of the principal of and interest on school bonds or notes and excluding levies for costs of collection, shall be placed in

the school depository to the credit of the school district and shall be expended in the manner provided by law for the purpose of supplementing teachers' salaries, extending school terms, purchasing furniture, supplies and materials, and for all other lawful operating and incidental expenses of such school district, funds for which are not provided by adequate education program fund allotments.

The monies authorized to be received by school districts from the School Ad Valorem Tax Reduction Fund pursuant to Section 37-61-35 shall be included as ad valorem tax receipts. The levying authority for the school district, as defined in Section 37-57-1, shall reduce the ad valorem tax levy for such school district in an amount equal to the amount distributed to such school district from the School Ad Valorem Tax Reduction Fund each calendar year pursuant to said Section 37-61-35. Such reduction shall not be less than the millage rate necessary to generate a reduction in ad valorem tax receipts equal to the funds distributed to such school district from the School Ad Valorem Tax Reduction Fund pursuant to Section 37-61-35. Such reduction shall not be deemed to be a reduction in the aggregate amount of support from ad valorem taxation for purposes of Section 37-19-11. The millage levy certified by the State Board of Education as the uniform minimum ad valorem tax levy or the millage levy that would generate funds in an amount equal to a school district's district entitlement, as defined in Section 37-22-1(2)(e), shall be subject to the provisions of this paragraph.

In any county where there is located a nuclear generating power plant on which a tax is assessed under Section 27-35-309(3), such required levy and revenue produced thereby may be reduced by the levying authority in an amount in proportion to a reduction in the base revenue of any such county from the previous year. Such reduction shall be allowed only if the reduction in base revenue equals or exceeds five percent (5%). "Base revenue" shall mean the revenue received by the county from the ad valorem tax levy plus the revenue received by the county from the tax assessed under Section 27-35-309(3) and authorized to be used for any purposes for which a county is authorized by law to levy an ad valorem tax. For purposes of determining if the reduction equals or exceeds five percent (5%), a levy of millage equal to the prior year's millage shall be hypothetically applied to the current year's ad valorem tax base to determine the amount of revenue to be generated from the ad valorem tax levy. For the purposes of this section and Section 37-57-107, the portion of the base revenue used for the support of any school district shall be deemed to be the aggregate receipts from ad valorem taxes for the support of any school district. This paragraph shall apply to taxes levied for the 1987 fiscal year and for each fiscal year thereafter. If the Mississippi Supreme Court or another court finally adjudicates that the tax levied under Section 27-35-309(3) is unconstitutional, then this paragraph shall stand repealed.

(2) When the tax is levied upon the territory of any school district located in two (2) or more counties, the order of the school board, as approved by the levying authority of each of the counties involved, requesting the levying of such tax shall be certified to the levying authority of each of the counties involved, and each of the levying authorities shall levy the tax in the manner specified herein. The taxes so levied shall be collected by the tax collector of the levying authority involved and remitted by the tax collector to the school depository of the home county to the credit of the school district involved as provided above, except that taxes for collection fees may be retained by the levying authority for deposit into its general fund.

(3) The aggregate receipts from ad valorem taxes levied for school district purposes, excluding collection fees, pursuant to this section and Section 37-57-1 shall be subject to the increased limitation under Section 37-57-107; however, if the ad valorem tax effort in dollars requested by the school district for the fiscal year exceeds the next preceding fiscal year's ad valorem tax effort in dollars by more than four percent (4%) but not more than seven percent (7%), then the school board shall publish notice thereof once each week for at least three (3) consecutive weeks in a newspaper having general circulation in the school district involved, with the first publication thereof to be made not less than fifteen (15) days prior to the final adoption of the budget by the school board. If at any time prior to said adoption a petition signed by not less than twenty percent (20%) or fifteen hundred (1500), whichever is less, of the qualified electors of the school district involved shall be filed with the school board requesting that an election be called on the question of exceeding the next preceding fiscal year's ad valorem tax effort in dollars by

more than four percent (4%) but not more than seven percent (7%), then the school board shall, not later than the next regular meeting, adopt a resolution calling an election to be held within such school district upon such question. The election shall be called and held, and notice thereof shall be given, in the same manner for elections upon the questions of the issuance of the bonds of school districts, and the results thereof shall be certified to the school board. The ballot shall contain the language "For the School Tax Increase Over Four Percent (4%)" and "Against the School Tax Increase Over Four Percent (4%)." If a majority of the qualified electors of the school district who voted in such election shall vote in favor of the question, then the stated increase requested by the school board shall be approved. In addition, in the case of a school district in conservatorship, if the ad valorem tax effort in dollars requested by the school district for the fiscal year exceeds the next preceding fiscal year's ad valorem tax effort in dollars by not more than four percent (4%), the levying authority may approve or disapprove, in full or in part, the request for the ad valorem tax effort. If any member of such levying authority is an employee of the school district, that person shall recuse himself or herself from voting on the question of the request for ad valorem tax effort. For the purposes of this paragraph, the revenue sources excluded from the increased limitation under Section 37-57-107 shall also be excluded from the limitation described herein in the same manner as they are excluded under Section 37-57-107. For the purposes of this paragraph, the revenue sources excluded from the increased limitation under Section 37-57-107 shall also be excluded from the limitation described herein in the same manner as they are excluded under Section 37-57-107."

AMEND by inserting the following language after line 281:

SECTION 2. (1) There is established the 2023 Supplementary Rural Fire Truck Acquisition Assistance Program to be administered by the Department of Insurance for the purpose of assisting counties and municipalities in the acquisition of fire trucks. The 2023 Supplementary Rural Fire Truck Acquisition Assistance Program is in addition to the rural fire truck acquisition assistance program established in Section 17-23-1 or any other program by which counties and municipalities acquire fire trucks.

(2) There is created in the State Treasury a special fund to be designated as the "2023 Supplementary Rural Fire Truck Fund" which shall consist of funds appropriated or otherwise made available by the Legislature in any manner, and funds from any other source designated for deposit into such fund. Monies in the fund shall be used for the purpose of assisting counties and municipalities in the acquisition of fire trucks. Unexpended amounts remaining in the fund at the end of the fiscal year shall lapse into the State General Fund.

(3) (a) A county that meets the requirements provided herein may receive an amount of not more than One Hundred Thousand Dollars (\$100,000.00) per fire truck for the fiscal year beginning July 1, 2023, and ending July 1, 2024. Monies distributed under this section shall be expended only for the purchase of new fire trucks and such trucks must meet the National Fire Protection Association (NFPA) standards in the 1900 series.

(b) The board of supervisors of the county shall submit its request for the receipt of monies to the Department of Insurance. A committee composed of the Commissioner of Insurance, the State Fire Coordinator, the Director of the Rating Bureau and the Director of the State Fire Academy shall review the requests by the boards of supervisors and shall determine whether the county or municipality for which the board of supervisors has requested a truck meets the requirements of eligibility under this section.

(c) To be eligible to receive monies under this section:

(i) A county or municipality must pledge to set aside or dedicate each year as matching funds, for a period not to extend over ten (10) years, local funds in an amount equal to or not less than one-tenth (1/10) of the amount of monies for which it is requesting distribution from the 2023 Supplementary Rural Fire Truck Fund, which pledged monies may be derived from local ad valorem tax authorized by law or from any other funds available to the county or municipality, except for those funds received by municipalities or counties from the Municipal Fire Protection Fund or the County Volunteer Fire Department Fund, as defined in Sections 83-1-37 and 83-1-39.

(ii) A municipality must provide adequate documentation of its contract with the county that requires the municipality to provide fire protection in rural areas. The term "rural areas" means any area within the county located outside the boundaries of an incorporated municipality or any incorporated municipality with a population of two thousand five hundred (2,500) or less.

(iii) A county or a municipality, designated by the county, must have exhausted all rounds of applications for fire trucks available to it under Section 17-23-1.

(d) The Department of Insurance shall maintain an accurate record of all monies distributed to counties and municipalities and the number of fire trucks purchased and the cost for each fire truck, such records to be kept separate from other records of the Department of Insurance; notify counties and municipalities of the 2023 Supplementary Rural Fire Truck Acquisition Assistance Program and the requirements for them to become eligible to participate; adopt and promulgate such rules and regulations as may be necessary and desirable to implement the provisions of this section; and file with the Legislature a report detailing how monies made available under this section were distributed and spent in each county and municipality, the number of fire trucks purchased, the counties and municipalities making such purchases and the cost of each fire truck purchased.

AMENDMENT NO. 1 BY REPRESENTATIVE Bounds:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 77-3-601, Mississippi Code of 1972, is brought forward as follows: 77-3-601. As used in this article:

(a) "Telephonic sales call" means a call made by a telephone solicitor to a consumer for the purpose of soliciting a sale of any consumer goods or services, or for the purpose of soliciting an extension of credit for consumer goods or services, or for the purpose of obtaining information or an extension of credit for these purposes.

(b) "Consumer goods or services" means any real property or any tangible or intangible personal property which is normally used for personal, family or household purposes, including, without limitation, any property intended to be attached to or installed in any real property regardless of whether it is attached or installed, as well as cemetery lots and time-share estates, and any services related to the property.

(c) "Unsolicited telephonic sales call" means a telephonic sales call other than a call made:

(i) In response to an express request of the person called;

(ii) In connection with an existing debt or contract, payment or performance which has not been completed at the time of the call; or

(iii) To any person with whom the telephone solicitor has an established business relationship.

(d) "Consumer" means an actual or prospective purchaser, lessee or recipient of consumer goods or services.

(e) "Merchant" means a person who, directly or indirectly, offers or makes available to consumers any consumer goods or services.

(f) "Telephone solicitor" means any natural person, firm, organization, partnership, association, corporation, or a subsidiary or affiliate thereof, doing business in this state, who makes or causes to be made a telephonic sales call.

(g) "Doing business in this state" refers to businesses who conduct telephonic sales calls from a location in Mississippi or from other states or nations to consumers located in Mississippi.

(h) "Established business relationship" means a prior or existing relationship formed by a voluntary two-way communication between a person or entity and a consumer with or without an exchange of consideration, on the basis of an inquiry,

application, purchase or transaction by such person or entity, which relationship has not been previously terminated by either party.

SECTION 2. Section 77-3-603, Mississippi Code of 1972, is brought forward as follows: 77-3-603. Any telephone solicitor who makes an unsolicited telephonic sales call to a residential telephone number shall:

(a) Make calls between the hours of 8:00 a.m. and 9:00 p.m., Central Standard Time, Monday through Friday, and between the hours of 8:00 a.m. and 9:00 p.m. on Saturdays (no calls shall be made on Sundays);

(b) Identify himself or herself by his or her true first and last names and the business on whose behalf he or she is soliciting immediately upon making contact by telephone with the person who is the object of the telephone solicitation; and

Any telephone solicitor shall apply for a certificate of registration from the Office of the Attorney General as a condition for doing business in this state. The certificate of registration shall be in a form as prescribed by the Attorney General.

The application for a certificate of registration shall be accompanied by a surety bond in the penal sum of Seventy-five Thousand Dollars (\$75,000.00) with conditions and in a form prescribed by the Attorney General. The bond shall provide for the indemnification of any person suffering loss as the result of any fraud, misrepresentation or violation of Sections 77-3-601 through 77-3-619 by the principal. The term of the bond shall be continuous, but it shall be subject to cancellation by the surety in the manner described in this section. The surety may terminate the bond upon giving a sixty-day written notice to the principal and to the Attorney General, but the liability of the surety for acts of the principal and its agents shall continue during the sixty (60) days of cancellation notice. The notice does not absolve the surety from liability which accrues before the cancellation becomes final but which is discovered after that date and which may have arisen at any time during the term of the bond. Unless the bond is replaced by that of another surety before the expiration of the sixty (60) days' notice of cancellation, the certificate of registration shall be suspended. Any person required pursuant to this section to file a bond with an application for a certificate of registration may file, in lieu thereof, cash, a certificate of deposit, or government bonds in the amount of Seventy-five Thousand Dollars (\$75,000.00). Such deposit is subject to the same terms and conditions as are provided for in the surety bond required herein. Any interest or earnings on such deposits are payable to the depositor.

(f) Include in its terms any oral or written representations made by the telephone solicitor to the consumer in connection with the transaction.

(3) The provisions of this section do not apply to contractual sales regulated under other sections of the Mississippi statutes and to contractual sales of companies which provide telecommunication services and reach binding agreements by telephone for these services.

(4) A merchant who engages a telephone solicitor to make or cause to be made a telephonic sales call shall not make or submit any charge to the consumer's credit card

The civil penalty shall not exceed Ten Thousand Dollars (\$10,000.00) per violation and shall be deposited in the State General Fund, unallocated. This civil penalty may be recovered in any action brought under Sections 77-3-601 through 77-3-619 by the Attorney General. Alternatively, the Attorney General may terminate any investigation or action upon agreement by the person to pay a stipulated civil penalty. The Attorney General or the court may waive any civil penalty if the person has previously made full restitution or reimbursement or has paid actual damages to the consumers who have been injured by the violation.

SECTION 7. Section 77-3-613, Mississippi Code of 1972, is brought forward as follows: 77-3-613. In any civil proceeding alleging a violation of Sections 77-3-601 through 77-3-619, the burden of proving an exemption or an exemption from a definition is upon the person claiming it.

(1) In any civil litigation resulting from a transaction involving a violation of Sections 77-3-601 through 77-3-619, the prevailing party, after judgment in the trial court and exhaustion of all appeals, if any, shall receive his reasonable attorney's fees and costs from the nonprevailing party.

(4) Any award of attorney's fees or costs shall become a part of the judgment and subject to execution as the law allows.

(5) In any civil litigation initiated by the Attorney General, the court may award to the prevailing party reasonable attorney's fees and costs if the court finds that there was a complete absence of a justiciable issue of either law or fact raised by the losing party, or if the court finds bad faith on the part of the losing party.

SECTION 9. Section 77-3-617, Mississippi Code of 1972, is brought forward as follows: 77-3-617. The Attorney General shall by rule ensure that telecommunications companies inform their customers of the provisions of Sections 77-3-601 through 77-3-619. The notification may be made by:

(a) Annual inserts in the billing statements mailed to customers; and

77-3-701. This article shall be known and may be cited as the "Mississippi Telephone Solicitation Act."

SECTION 12. Section 77-3-703, Mississippi Code of 1972, is brought forward as follows:

77-3-703. (1) The use of the telephone to make all types of solicitations to consumers is pervasive. This article gives consumers a tool by which to object to telemarketing calls and text messages, as these communications can amount to a nuisance, an invasion of privacy, and can create a health and safety risk for certain consumers who maintain their phone service primarily for emergency medical situations.

(2) Any calls made for political purposes shall be governed by Section 23-15-875.

SECTION 13. Section 77-3-705, Mississippi Code of 1972, is brought forward as follows:

77-3-705. For the purposes of this article, the following words and terms shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Consumer" means a person or business that receives a telephone call or text message from a telephone solicitor.

(b) "Caller identification service" means a type of telephone service which permits a telephone subscriber to view the telephone number and name of the person or entity making an incoming telephone call or text message.

(c) "Telephone solicitor" means any person, firm, entity, organization, partnership, association, corporation, charitable entity, or a subsidiary or affiliate thereof, who engages in any type of telephone solicitation on his or her own behalf or through representatives, independent contractors, salespersons, agents, automated dialing systems, text messaging systems, or any other machines or other individuals or systems.

(d) "Telephone solicitation" means any voice or text message communication over the telephone line or cellular network of a consumer for the purpose of:

(i) Encouraging the purchase or rental of, or investment in, property;

(ii) Soliciting a sale of any consumer goods or services, or an extension of credit for consumer goods or services;

(iii) Soliciting any other item of value, pecuniary or otherwise, regardless of whether a sales presentation is made; or

(iv) Soliciting a charitable contribution of money or property.

(e) "Commission" means the Mississippi Public Service Commission.

(f) "Doing business in this state" refers to businesses which conduct telephone solicitations from any location to consumers located in this state.

(h) "Established business relationship" means a prior or existing relationship formed by a voluntary two-way communication between a person or entity and a consumer, with or without an exchange of consideration, on the basis of an inquiry, application, purchase or transaction by the consumer, which relationship is currently existing or was terminated within six (6) months of the telephone solicitation; however, the act of purchasing consumer goods or services under an extension of credit does not create an existing business relationship between the consumer and the entity extending credit to the consumer for such purchase. The term does not include the situation wherein the consumer has merely been subject to a telephone solicitation by or at the behest of the telephone solicitor within the six (6) months immediately preceding the contemplated telephone solicitation.

(i) "Charitable organization" means any person or entity holding itself out to be established for any benevolent, educational, philanthropic, humane, scientific, patriotic, social welfare or advocacy, public health, environmental or conservation, civic or other eleemosynary purpose or for the benefit of law enforcement personnel, firefighters, or any other persons who protect the public safety, or for any other purpose where a charitable appeal is the basis of the solicitation.

(j) "Sales presentation" means attempting to obtain something of value, pecuniary or otherwise, regardless of whether consideration is or is expected to be exchanged.

SECTION 14. Section 77-3-707, Mississippi Code of 1972, is brought forward as follows:

77-3-707. (1) Except as otherwise provided pursuant to Section 77-3-709 or 77-3-711, a telephone solicitor may not make or cause to be made any telephone solicitation to any consumer in this state unless the telephone solicitor has purchased the "no-calls" database from the commission or the entity under contract with the commission.

(2) Except as otherwise provided pursuant to Section 77-3-709 or 77-3-711, a telephone solicitor may not make or cause to be made any telephone solicitation to any consumer in this state who has given notice to the commission, or the entity under contract with the commission, of his or her objection to receiving telephone solicitations.

(3) The commission, or an entity under contract with the commission, shall establish and operate a "no-calls" database composed of a list of telephone numbers of consumers who have given notice of their objection to receiving telephone solicitations. The "no-calls" database may be operated by the commission or by another entity under contract with the commission.

(4) Each local exchange company and each competing local exchange carrier shall provide written notification on a semiannual basis to each of its consumers of the opportunity to provide notification to the commission, or the entity under contract with the commission, that the consumer objects to receiving telephone solicitations. The notification must be disseminated at the option of the carrier, by television, radio or newspaper advertisements, written correspondence, bill inserts or messages, a publication in the consumer information pages of the local telephone directory, or any other method not expressly prohibited by the commission.

(5) A telephone solicitor may not violate the Caller ID Anti-Spoofing Act in Section 77-3-801 et seq., and if in violation of such act, he shall also be in violation of this article. In addition to any remedies or penalties otherwise provided by law, such telephone solicitor shall be subject to any remedies or penalties available for a violation of this article. SECTION 15. Section 77-3-709, Mississippi Code of 1972, is brought forward as follows: 77-3-709. The commission, in its discretion, may allow telephone solicitors to make telephone solicitations without requiring them to purchase the "no-calls" database, and regardless of whether a telephone solicitation may be made to a consumer who has given notice of his objection to receiving such solicitations, provided that it adopts a written policy incorporating the following criteria:

(a) The telephone solicitor must demonstrate to the commission that its proposed telephone solicitation is reasonably related to an established business relationship as defined in Section 77-3-705(h), or is being made in response to an invitation or notice from a consumer which clearly signifies that he is open to a contact being initiated;

(b) The telephone solicitation is to be made by a person or entity for the purpose of soliciting a contribution or donation to a bona fide nonprofit corporation, regardless of whether consumer goods or services will be provided to the consumer in return for the contribution or donation; or

(c) The consumer will not be telephoned for a telephone solicitation as defined in Section 77-3-705(d), but he will be telephoned for a bona fide religious or charitable purpose, including an invitation to attend an event or a request for a contribution or donation.

In all cases, the telephone solicitor must demonstrate that it will not use an automated dialing system or a method that will block or otherwise circumvent the consumer's use of a caller identification service.

In making its determination of whether to allow a telephone solicitation to be made under the policy which will include the limitations set forth in this section, the commission shall exercise due care in investigating previous conduct of the telephone solicitor seeking such authority. The commission may deny any telephone solicitor the privilege of making telephone solicitations under this section, notwithstanding that any of the criteria set forth in this section have been met.

SECTION 16. Section 77-3-711, Mississippi Code of 1972, is brought forward as follows: 77-3-711. The provisions of this article shall not apply to:

(b) A person who is a licensee under Chapter 35, Title 73, Mississippi Code of 1972, who is a resident of the State of Mississippi, and whose telephone solicitation is for the sole purpose of selling, exchanging, purchasing, renting, listing for sale or rent or leasing real estate in connection with his real estate license and not in conjunction with any other offer.

(c) A motor vehicle dealer as that term is defined in Section 63-17-55, who is a resident of the State of Mississippi and who maintains a current motor vehicle dealer's license issued by the Mississippi Motor Vehicle Commission, whose telephone solicitation is for the sole purpose of selling, offering to sell, soliciting or advertising the sale of motor vehicles in connection with his motor vehicle dealer's license and not in conjunction with any other offer.

(d) An agent as that term is defined in Section 83-17-1 whose telephone solicitation is for the sole purpose of soliciting, consulting, advising, or adjusting in the business of insurance.

SECTION 18. Section 77-3-715, Mississippi Code of 1972, is brought forward as follows: 77-3-715. The commission may promulgate rules and regulations necessary to effectuate this article, including, but not limited to, the following:

(a) The methods by which consumers may give notice to the commission or its contractor of their objection to receive solicitations or revocation of the notice;

(b) The methods by which a notice of objection becomes effective and the effect of a change of telephone number on the notice;

(c) The methods by which objections and revocations are collected and added to the database;

(d) The methods by which a person or entity desiring to make telephone solicitations may obtain access to the database as required to avoid calling the telephone number of consumers included in the database;

(i) All other matters relating to the database that the commission deems necessary.

SECTION 19. Section 77-3-717, Mississippi Code of 1972, is brought forward as follows: 77-3-717. SECTION 23. Section 77-3-725, Mississippi Code of 1972, is brought forward as follows: 77-3-725. The commission may investigate alleged violations and initiate proceedings relative to a violation of this article or any rules and regulations promulgated pursuant to this article. Such proceedings include, without limitation, proceedings to issue a cease and desist order, and to issue an order imposing a civil penalty not to exceed Ten Thousand Dollars (\$10,000.00) for each violation. POINT OF ORDER

A written point of order was raised by Representative Scott as follows:

I do herein raise a Point of Order that the Strike All Amendment to House Bill No. 1020 violates House Rule 112.

House Rule 112 states No revenue bill, or any other bill providing for assessments of property for tax taxation, shall become law except by a vote of at least three-fifths of the members of each house present and voting.

The Strike All Amendment to House Bill No. 1020 has the following language.

SECTION 11. (1) (c) Lines 451 through 459. "On or before August 15, 2023, and each succeeding month thereafter, twelve percent (12%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19 (3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created 29-5-251.

Amends MS Code Section 27-65-75, starting August 15, 2023, 18.758% of the amount allocated and paid to the City of Jackson, shall be deposited into the CCID Project Fund created in Section 29-5-215, and the amount that would otherwise have been allocated and paid to the City of Jackson shall be reduced by such amount. The amount paid to Jackson of the 18.5%-18.758% of that amount would go to CCID (ex: December 2022 amount paid to Jackson 57,456,226-of that the amount to go to the CCID: 5460,738 (month); Jackson amount \$1,995,487 (estimated yearly deposit to CCID \$5,528,856). The 6% collections, of business activities within the corporate limits of the City of Jackson, deposited into the CCID Project Fund from business activities in the City of Jackson stops on July 15, 2023. On or before August 15, 2023, 9% of total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24 on business activities within the corporate limits of the City of Jackson shall be deposited into the CCID Project Fund. As of 2022 6% collected was \$10,212,987; raising to 9% would be estimated at \$15,319,481.

This pursuant to House Rule 112 amendment is not a diversion of funds but is an increase in taxes in the amount of 12% to the citizens of Jackson, Mississippi.

The Speaker ruled the point of order not well taken.

AMENDMENT NO. 1 BY REPRESENTATIVE Bennett:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) A public school may purchase a supply of opioid reversal agents approved by the United States Food and Drug Administration (FDA), from a wholesale distributor as defined in Section 41-29-115, or may enter into an arrangement with a wholesale distributor or entity who manufactures as defined in Section 41-29-105 for FDA-approved opioid reversal agents at fair-market, free or reduced prices for use in the event a student has an opioid overdose. The FDA-approved opioid reversal agent must be maintained in a secure location on the public school's premises. (2) The school district, its employees and agents and the physician who provides the standing protocol for school opioid reversal agents approved by the FDA are not liable for any injury arising from the use of the drug if it is administered by trained school personnel who follow the standing protocol and whose professional opinion is that the student is having an opioid overdose:

(a) Unless the trained school personnel's action is willful and wanton;

(b) Notwithstanding that the parents or guardians of the student to whom the FDA-approved opioid reversal agent is administered have not been provided notice or have not signed a statement acknowledging that the school district is not liable; and

(c) Regardless of whether authorization has been given by the student's parents or guardians or by the student's physician, physician's assistant or advanced practice registered nurse.

(3) Nothing in this chapter shall be construed *** to prohibit a *** business entity that is composed of one (1) or several registered professional engineers *** and duly

Employees of a *** business entity who are not registered as architects, *** engineers or landscape architects *** in a business entity between architects***, architects and engineers or architects and landscape architects, may only use business cards for that *** business entity if the employee's job title *** is clearly stated.

(4) In any business entity with ownership by a registered landscape architect, landscape architect and an architect or an engineer and an architect, as described in this section, a minimum of two-thirds (2/3) of the partners, joint owners, stockholders, directors, officers, members, managers and others, depending on the legal structure of the business entity, shall be registered architects or registered professional engineers and no more than one-third (1/3) of the individual or collective ownership interest of the business entity may be owned by the landscape architect or landscape architects, whichever is applicable.

A partner, stockholder, director, member, manager or officer who is an architect registered in this state shall exercise responsible control over the particular architectural services contracted for by the business entity and that architect's name and seal shall appear on all documents prepared by the business entity in its practice of architecture. (6) It is further specifically provided that each individual who renders professional services on behalf of a business entity that provides architectural services, landscape architectural services or engineering services in a business entity between architects, architects and engineers or architects and landscape architects, is personally liable for any negligent or wrongful act or omission in which the individual personally participates to the same extent as if the individual rendered the professional services as a sole practitioner. A partner, stockholder, or member of a business entity between architects, architects and engineers or architects and landscape architects, is not liable for the negligence, wrongful acts, misconduct, or omissions of other partners, stockholders, members, agents, or employees of the business entity unless the individual is at fault for failing to provide responsible control over them.

Rep. Lamar called up:

H. B. No. 968: Sales tax and use tax; revise provisions regarding computer software, computer software service and computer service.

A committee substitute was adopted.

Rep. Lamar moved that the committee substitute be tabled, which motion prevailed.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. It is the intent of the Legislature that nothing in this act shall be considered to make taxable any type of transaction or activity regarding the sale or use of computer software, computer software service or computer service if such transaction or activity was not taxable on January 1, 2023. The effect of this act is to codify the application of the law providing for the taxation of transactions or activities regarding the sale or use of computer software, computer software service or computer service that was in effect on January 1, 2023. If there is a dispute between a taxpayer and the Department of Revenue regarding the taxation of any transaction or activity regarding the sale or use of computer software, computer software service or computer service as a result of the amendments made in this act, the department, in any appeal and/or hearing under Section 27-77-1 et seq., Mississippi Code of 1972, shall have the burden of showing that the transaction or activity that is the subject of dispute was taxable on January 1, 2023. If the Department of Revenue fails to show that the transaction or activity was taxable on January 1, 2023, the transaction or activity shall not be taxable under the amendments made in this act and the taxpayer shall not be liable for tax thereon. For the purposes of this section, the terms "computer software", "computer software service" and "computer service" mean and have the same definitions as such terms have in Section 27-65-3, Mississippi Code of 1972.

SECTION 2. Section 27-65-3, Mississippi Code of 1972, is amended as follows:

27-65-3. The words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them herein.

(a) "Tax Commission" or "department" means the Department of Revenue of the State of Mississippi.

(b) "Commissioner" means the Commissioner of Revenue of the Department of Revenue.

(c) "Person" means and includes any individual, firm, copartnership, joint venture, association, corporation, promoter of a temporary event, estate, trust or other group or combination acting as a unit, and includes the plural as well as the singular in number. "Person" shall include husband or wife, or both, where joint benefits are derived from the operation of a business taxed hereunder. "Person" shall also include any state, county, municipal or other agency or association engaging in a business taxable under this chapter.

(d) "Tax year" or "taxable year" means either the calendar year or the taxpayer's fiscal year.

(e) "Taxpayer" means any person liable for or having paid any tax to the State of Mississippi under the provisions of this chapter. A taxpayer is required to obtain a sales tax permit under Section 27-65-27 before engaging in business in this state. If a taxpayer fails to obtain a sales tax permit before engaging in business in this state, the taxpayer shall pay the retail rate on all purchases of tangible personal property and/or services in this state, even if purchased for resale. Upon obtaining a sales tax permit, a previously unregistered taxpayer shall file sales tax returns for all tax periods during which he engaged in business in this state without a sales tax permit, and report and pay the sales tax accruing from his operation during this period and any applicable penalties and interest. On such return, the taxpayer may take a credit for any sales taxes paid during the period he operated without a sales tax permit on a purchase that would have constituted a wholesale sale if the taxpayer had a sales tax permit at the time of the purchase and if proper documentation exists to substantiate a wholesale sale. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in an audit for a period during which he operated without a sales tax permit may be determined based on the sales tax accruing from the taxpayer's operation for that period after the taking of this credit.

(f) "Sale" or "sales" includes the barter or exchange of property as well as the sale thereof for money or other consideration, and every closed transaction by which the title to taxable property passes shall constitute a taxable event.

"Sale" shall also include the passing of title to property for a consideration of coupons, trading stamps or by any other means when redemption is subsequent to the original sale by which the coupon, stamp or other obligation was created.

The situs of a sale for the purpose of distributing taxes to municipalities shall be the same as the location of the business from which the sale is made except that:

(i) Retail sales along a route from a vehicle or otherwise by a transient vendor shall take the situs of delivery to the customer.

(ii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is allowed as a credit against the sales tax liability of the retailer, shall be the same as the location of the business of the retailer receiving the credit.

(iii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is not allowed as a credit against the sales tax liability of the retailer, shall have a rural situs.

(iv) Income received from the renting or leasing of property used for transportation purposes between cities or counties shall have a rural situs.

(g) "Delivery charges" shall mean and include any expenses incurred by a seller in acquiring merchandise for sale in the regular course of business commonly known as "freight-in" or "transportation costs-in." "Delivery charges" also include any charges made by the seller for delivery of property sold to the purchaser.

(h) "Gross proceeds of sales" means the value proceeding or accruing from the full sale price of tangible personal property, including installation charges, without any

deduction for delivery charges, cost of property sold, other expenses or losses, or taxes of any kind except those expressly exempt by this chapter.

"Gross proceeds of sales" includes consideration received by the seller from third parties if:

(i) The seller actually received consideration from a party other than the purchaser and the consideration is directly related to a price reduction or discount on the sale;

(ii) The seller has an obligation to pass the price reduction or discount through to the purchaser;

(iii) The amount of the consideration attributable to the sale is fixed and determinable by the seller at the time of the sale of the item to the purchaser; and

(iv) One (1) of the following criteria is met:

1. The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;

2. The purchaser identified himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount (a "preferred customer" card that is available to any patron does not constitute membership in such a group); or

3. The price reduction or discount is identified as a third-party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.

Where a trade-in is taken as part payment on tangible personal property sold, "gross proceeds of sales" shall include only the difference received between the selling price of the tangible personal property and the amount allowed for a trade-in of property of the same kind. When the trade-in is subsequently sold, the selling price thereof shall be included in "gross proceeds of sales."

"Gross proceeds of sales" shall include the value of any goods, wares, merchandise or property purchased at wholesale or manufactured, and any mineral or natural resources produced, which are withdrawn or used from an established business or from the stock in trade for consumption or any other use in the business or by the owner. However, "gross proceeds of sales" does not include meals prepared by a restaurant and provided at no charge to employees of the restaurant or donated to a charitable organization that regularly provides food to the needy and the indigent and which has been granted exemption from the federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986.

"Gross proceeds of sales" shall not include bad check or draft service charges as provided for in Section 97-19-57.

"Gross proceeds of sales" does not include finance charges, carrying charges or any other addition to the selling price as a result of deferred payments by the purchaser.

(i) "Gross income" means the total charges for service or the total receipts (actual or accrued) derived from trades, business or commerce by reason of the investment of capital in the business engaged in, including the sale or rental of tangible personal property, compensation for labor and services performed, and including the receipts from the sales of property retained as toll, without any deduction for rebates, cost of property sold, cost of materials used, labor costs, interest paid, losses or any expense whatever.

"Gross income" shall also include the cost of property given as compensation when the property is consumed by a person performing a taxable service for the donor.

However, "gross income" or "gross proceeds of sales" shall not be construed to include the value of goods returned by customers when the total sale price is refunded either in cash or by credit, or cash discounts allowed and taken on sales. Cash discounts shall not include the value of trading stamps given with a sale of property.

(j) "Tangible personal property" means personal property perceptible to the human senses or by chemical analysis as opposed to real property or intangibles and shall include property sold on an installed basis which may become a part of real or

personal property. "Tangible personal property" shall also include computer software but shall not include electronically stored or maintained data.

(k) "Installation charges" shall mean and include the charge for the application of tangible personal property to real or personal property without regard to whether or not it becomes a part of the real property or retains its personal property classification. It shall include, but not be limited to, sales in place of roofing, tile, glass, carpets, drapes, fences, awnings, window air-conditioning units, gasoline pumps, window guards, floor coverings, carports, store fixtures, aluminum and plastic siding, tombstones and similar personal property.

(l) "Newspaper" means a periodical which:

(i) Is not published primarily for advertising purposes and has not contained more than seventy-five percent (75%) advertising in more than one-half (1/2) of its issues during any consecutive twelve-month period excluding separate advertising supplements inserted into but separately identifiable from any regular issue or issues;

(ii) Has been established and published continuously for at least twelve (12) months;

(iii) Is regularly issued at stated intervals no less frequently than once a week, bears a date of issue, and is numbered consecutively; provided, however, that publication on legal holidays of this state or of the United States and on Saturdays and Sundays shall not be required, and failure to publish not more than two (2) regular issues in any calendar year shall not exclude a periodical from this definition;

(iv) Is issued from a known office of publication, which shall be the principal public business office of the newspaper and need not be the place at which the periodical is printed and a newspaper shall be deemed to be "published" at the place where its known office of publication is located;

(v) Is formed of printed sheets; provided, however, that a periodical that is reproduced by the stencil, mimeograph or hectograph process shall not be considered to be a "newspaper"; and

(vi) Is originated and published for the dissemination of current news and intelligence of varied, broad and general public interest, announcements and notices, opinions as editorials on a regular or irregular basis, and advertising and miscellaneous reading matter.

The term "newspaper" shall include periodicals which are designed primarily for free circulation or for circulation at nominal rates as well as those which are designed for circulation at more than a nominal rate.

The term "newspaper" shall not include a publication or periodical which is published, sponsored by, is directly supported financially by, or is published to further the interests of, or is directed to, or has a circulation restricted, in whole or in part, to any particular sect, denomination, labor or fraternal organization or other special group or class or citizens.

For purposes of this paragraph, a periodical designed primarily for free circulation or circulation at nominal rates shall not be considered to be a newspaper unless such periodical has made an application for such status to the department in the manner prescribed by the department and has provided to the department documentation satisfactory to the department showing that such periodical meets the requirements of the definition of the term "newspaper." However, if such periodical has been determined to be a newspaper under action taken by the department on or before April 11, 1996, such periodical shall be considered to be a newspaper without the necessity of applying for such status. A determination by the Department of Revenue that a publication is a newspaper shall be limited to the application of this chapter and shall not establish that the publication is a newspaper for any other purpose.

(m) "MPC" or "Material Purchase Certificate" means a certificate for which a person that is liable for the tax levy under Section 27-65-21 can apply and obtain from the commissioner, and when issued, entitles the holder to purchase materials and services that are to become a component part of a structure to be erected or repaired with no tax due. Any person taxable under Section 27-65-21 who obtains an MPC for a project and purchases materials and services in this state that are to become a component part of a structure being erected or repaired in the project and at any time pays sales tax on these purchases may, after obtaining the MPC for the project, take a credit against his sales

taxes for the sales tax paid on these purchases if proper documentation exists to substantiate the payment of the sales tax on the purchase of component materials and services. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in the audit where this credit is taken may be determined based on the sales tax due after the taking of this credit.

(n) "Computer software" shall mean any program or routine, or any set of one or more programs or routines which are used or intended to cause one or more computers, pieces of computer-related peripheral equipment, automatic processing equipment, or any combination thereof, to perform a task or set of tasks. Computer software may be contained in or on tangible media and may be obtained on tangible media or downloaded to tangible media from the internet or other remote source. Computer software does not include any program or routine provided by a business to a customer to access account data free of charge or as part of a service charge for services that are otherwise non-taxable services, such as bank account service charges, or services charges for accessing a database.

(o) "Computer software service" shall mean computer software accessed remotely via the internet regardless of whether the software resides on a server located inside or outside of Mississippi.

(p) "Computer service" shall mean the technical design and programming of computer software and includes installing, configuring, debugging, modifying, testing, or troubleshooting computer hardware, networks, programs, or computer software.

SECTION 3. Section 27-65-23, Mississippi Code of 1972, is amended as follows: 27-65-23. If specific accounting is impracticable, a formula may be used with approval of the commissioner.

A lessor may deduct from the tax computed on the rental income from tangible personal property a credit for sales or use tax paid to this state at the time of purchase of the specific personal property being leased or rented until such credit has been exhausted.

Charges for custom processing and repairing services may be excluded from gross taxable income when the property on which the service was performed is delivered to the customer in another state either by common carrier or in the seller's equipment.

When a taxpayer performs unitary services covered by this section, which are performed both in intrastate and interstate commerce, the commissioner is hereby invested with authority to formulate in each particular case and to fix for such taxpayer in each instance formulae of apportionment which will apportion to this state, for taxation, that portion of the services which are performed within the State of Mississippi. In addition, upon the request of a taxpayer, the commissioner shall provide to the taxpayer a list of recognized formulae of apportionment for such services and the taxpayer may elect to use any such formulae instead of any formulae fixed by the commissioner. The taxpayer also may propose other formulae of apportionment, which the commissioner may approve or disapprove for use.

SECTION 4. Section 27-67-3, Mississippi Code of 1972, is amended as follows:

27-67-3. Whenever used in this article, the words, phrases and terms shall have the meaning ascribed to them as follows:

(a) "Tax Commission" or "department" means the Department of Revenue of the State of Mississippi.

(b) "Commissioner" means the Commissioner of Revenue of the Department of Revenue.

(c) "Person" means any individual, firm, partnership, joint venture, association, corporation, estate, trust, receiver, syndicate or any other group or combination acting as a unit and includes the plural as well as the singular in number. "Person" shall also include husband or wife, or both, where joint benefits are derived from the operation of a business taxed hereunder or where joint benefits are derived from the use of property taxed hereunder.

(d) "Taxpayer" means any person liable for the payment of any tax hereunder, or liable for the collection and payment of the tax.

(e) "Sale" or "purchase" means the exchange of properties for money or other consideration, and the barter of properties or products. Every closed transaction by which title to, or possession of, tangible personal property or specified digital products passes shall constitute a taxable event. A transaction whereby the possession of property or

products is transferred but the seller retains title as security for payment of the selling price shall be deemed a sale.

(f) "Purchase price" or "sales price" means the total amount for which tangible personal property or specified digital product is purchased or sold, valued in money, including installation and service charges, and freight charges to the point of use within this state, without any deduction for cost of property or products sold, expenses or losses, or taxes of any kind except those exempt by the sales tax law. "Purchase price" or "sales price" shall not include cash discounts allowed and taken or merchandise returned by customers when the total sales price is refunded either in cash or by credit, and shall not include amounts allowed for a trade-in of similar property or products. "Purchase price" or "sales price" does not include finance charges, carrying charges or any other addition to the selling price as a result of deferred payments by the purchaser.

(g) "Lease" or "rent" means any agreement entered into for a consideration that transfers possession or control of tangible personal property or specified digital products to a person for use within this state.

(h) "Value" means the estimated or assessed monetary worth of a thing or property. The value of property or products transferred into this state for sales promotion or advertising shall be an amount not less than the cost paid by the transferor or donor. The value of property or products which have been used in another state shall be determined by its cost less straight line depreciation provided that value shall never be less than twenty percent (20%) of the cost or other method acceptable to the commissioner. On property or products imported by the manufacturer thereof for rental or lease within this state, value shall be the manufactured cost of the property and freight to the place of use in Mississippi.

(i) "Tangible personal property" means personal property perceptible to the human senses or by chemical analysis, as opposed to real property or intangibles. "Tangible personal property" shall include printed, mimeographed, multigraphed matter, or material reproduced in any other manner, and books, catalogs, manuals, publications or similar documents covering the services of collecting, compiling or analyzing information of any kind or nature. However, reports representing the work of persons such as lawyers, accountants, engineers and similar professionals shall not be included. "Tangible personal property" shall also include tangible advertising or sales promotion materials such as, but not limited to, displays, brochures, signs, catalogs, price lists, point of sale advertising materials and technical manuals. Tangible personal property shall also include computer software * * *.

(j) "Person doing business in this state," "person maintaining a place of business within this state," or any similar term means any person having within this state an office, a distribution house, a salesroom or house, a warehouse, or any other place of business, or owning personal property located in this state used by another person, or installing personal property in this state. This definition also includes any person selling or taking orders for any tangible personal property, either personally, by mail or through an employee representative, salesman, commission agent, canvasser, solicitor or independent contractor or by any other means from within the state. "Person doing business in this state" also includes any marketplace facilitator, marketplace seller, or remote seller with sales that exceed Two Hundred Fifty Thousand Dollars (\$250,000.00) in any consecutive twelve-month period. A sale made through a marketplace facilitator is a sale of the marketplace facilitator and not the sale of a marketplace seller for purposes of determining whether a person exceeds Two Hundred Fifty Thousand Dollars (\$250,000.00) in sales.

Any person doing business under the terms of this article by reason of coming under any one or more of the qualifying provisions listed above shall be considered as doing business on all transactions involving sales to persons within this state.

(k) "Use" or "consumption" means the first use or intended use within this state of tangible personal property or specified digital product and shall include rental or loan by owners or use by lessees or other persons receiving benefits from use of the property or product. "Use" or "consumption" shall include the benefit realized or to be realized by persons importing or causing to be imported into this state tangible advertising or sales promotion materials.

(l) "Storage" means keeping tangible personal property or specified digital product in this state for subsequent use or consumption in this state.

(m) "Specified digital products" shall have the meaning ascribed to such term in Section 27-65-26.

(n) "Marketplace facilitator" means any person who facilitates a retail sale by a seller by:

(i) Listing or advertising for sale by the retailer in any forum, tangible personal property, services or digital goods that are subject to tax under this chapter; and

(ii) Either directly or indirectly through agreements or arrangements with third parties collecting payment from the customer and transmitting that payment to the retailer regardless of whether the marketplace provider receives compensation or other consideration in exchange for its service.

(o) "Marketplace seller" means a seller that makes sales through any physical or electronic marketplace owned, operated, or controlled by a marketplace facilitator, even if such seller would not have been required to collect and remit sales tax had the sale not been made through such marketplace.

(p) "Remote seller" means a person, other than a marketplace facilitator, that does not maintain a place of business in this state and that through a forum sells tangible personal property, taxable services or specified digital products, the sale or use of which is subject to the tax imposed by this chapter.

(q) "Computer software" shall have the meaning ascribed to such term in Section 27-65-3.

SECTION 5. A taxpayer, upon proof that he has paid a sales tax in another state on computer software, computer software service and/or computer service that is taxable under this chapter, shall be allowed a credit against the tax imposed under this chapter on such computer software, computer software service and/or computer service to the extent that the amount of the other tax is properly due and actually paid in the other state and to the extent that the rate of sales tax imposed by and paid in the other state does not exceed the rate of sales tax imposed under this chapter.

SECTION 6. (1) In the case of a bundled transaction including a taxable sale of computer software, computer software service and/or computer service and other taxable or nontaxable properties or services in which the price of the bundled transaction is attributable to properties or services that are taxable and nontaxable under this chapter, the portion of the price that is attributable to any nontaxable property or service shall be subject to the tax imposed under this chapter unless the seller can reasonably identify that portion from its books and records kept in the regular course of business. The seller shall allocate the price among the properties or services: (a) by reasonably identifying the portion of the price attributable to each of the properties and services from its books and records kept in the regular course of business or (b) based on a reasonable allocation methodology approved by the department. For the purposes of this section, "bundled transaction" means a transaction that consists of distinct and identifiable properties or services which are sold for a single nonitemized price but which are treated differently for tax purposes under this chapter.

(2) This section shall not create a right of action for a purchaser to require that the seller or the department, for purposes of determining the amount of tax applicable to a bundled transaction, allocate the price to the different portions of the transaction in order to minimize the amount of tax charged to the purchaser. A purchaser shall not be entitled to rely on the fact that a portion of the price is attributable to properties or services not subject to tax unless the seller elects, after receiving a written request from the purchaser in the form required by the seller, to provide verifiable data based upon the seller's books and records that are kept in the regular course of business that reasonably identifies the portion of the price attributable to the properties or services not subject to the tax under this chapter.

SECTION 7. A taxpayer using computer software, computer software service and/or computer service from both within and without Mississippi, may apportion the sales tax on the purchase of such computer software, computer software service and/or computer service according to the use of the computer software, computer software service and/or computer service in Mississippi compared to the total use in all states.

SECTION 8. (1) A taxpayer that paid sales tax to a vendor that collected and remitted such tax to the department may request a refund from the department for excess taxes collected by the vendor as provided in this section. A taxpayer may request a refund from the department under this section if:

(a) (i) The taxpayer requested a refund from the vendor on at least two (2) separate occasions and the vendor failed or declined to issue the refund; and

(ii) The vendor attests to the following under penalty of perjury on a form prescribed by the department:

1. The taxes were remitted to the department by the vendor, including the amount and the date remitted;

2. The vendor has not claimed and will not claim a refund of such taxes;

3. The vendor has not taken and will not take a credit for such taxes;

4. The vendor's sales tax account number; and

5. The local jurisdiction or jurisdictions for which any local sales tax included in the refund claim was collected and remitted; or

(b) (i) The taxpayer requested a refund from the vendor on at least two (2) separate occasions and the vendor failed or declined to issue the refund; and

(ii) The taxpayer reasonably attempted but was unable to obtain an attestation from the vendor as required under paragraph (a)(ii) of this subsection. For the purposes

of this subparagraph (ii), a taxpayer who contacts the vendor in writing at least twice requesting such an attestation is deemed to have made a reasonable attempt to obtain the vendor's attestation.

(2) In order for a taxpayer to request a refund from the department under this section, the amount of the refund to be requested must exceed Two Thousand Five Hundred Dollars (\$2,500.00).

SECTION 9. A taxpayer using computer software, computer software service and/or computer service from both within and without Mississippi, may apportion the use tax on the purchase of such computer software, computer software service and/or computer service according to the use of the computer software, computer software service and/or computer service in Mississippi compared to the total use in all states.

SECTION 10. (1) A taxpayer that paid use tax to a vendor that collected and remitted such tax to the department may request a refund from the department for excess taxes collected by the vendor as provided in this section. A taxpayer may request a refund from the department under this section if:

(a) (i) The taxpayer requested a refund from the vendor on at least two (2) separate occasions and the vendor failed or declined to issue the refund; and

(ii) The vendor attests to the following under penalty of perjury on a form prescribed by the department:

1. The taxes were remitted to the department by the vendor, including the amount and the date remitted;

2. The vendor has not claimed and will not claim a refund of such taxes;

3. The vendor has not taken and will not take a credit for such taxes; and

4. The vendor's use tax account number; or

(b) (i) The taxpayer requested a refund from the vendor on at least two (2) separate occasions and the vendor failed or declined to issue the refund; and

(ii) The taxpayer reasonably attempted but was unable to obtain an attestation from the vendor as required under paragraph (a)(ii) of this subsection. For the purposes

of this subparagraph (ii), a taxpayer who contacts the vendor in writing at least twice requesting such an attestation is deemed to have made a reasonable attempt to obtain the vendor's attestation.

(2) In order for a taxpayer to request a refund from the department under this section, the amount of the refund to be requested must exceed Two Thousand Five Hundred Dollars (\$2,500.00).

SECTION 11. Section 27-65-7, Mississippi Code of 1972, is brought forward as follows: 27-65-7. "Retailer" shall apply to a person making retail sales through vending machines, by maintaining a store, or operating as a transient vendor, or renting or leasing tangible personal property. Retailer also includes persons who facilitate the sale of services or tangible personal property that belongs to a third party.

"Retail sales" shall mean and include all sales of tangible personal property except those defined herein as wholesale and those made to a wholesaler, jobber, manufacturer or custom processor for resale or for further processing.

"Retail sale" shall include the value of any tangible personal property manufactured or purchased at wholesale which is withdrawn from the business or stock in trade and is used or consumed within this state in the business or by the owner or by any other person, whether or not in the regular course of business or trade.

"Retail sale" shall also include a sale invoiced to a retailer but delivered to another person who pays for the merchandise upon taking possession.

"Retail sale" shall also include a sale made or facilitated by a person regularly engaged in the sale or facilitation of sales of services or tangible personal property. "Retail sale" does not include a sale by a third-party food delivery service that delivers food from an unrelated restaurant to a customer, regardless of whether the customer orders and pays for the food through the delivery service or whether the delivery service adds fees or upcharges to the price of the food.

SECTION 12. Section 27-65-19, Mississippi Code of 1972, is brought forward as follows: 27-65-19. (1) (a) (i) Except as otherwise provided in this subsection, upon every person selling to consumers, electricity, current, power, potable water, steam, coal, natural gas, liquefied petroleum gas or other fuel, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross income of the business. (iv) For purposes of this paragraph (d):

1. "Telecommunications service" means the electronic transmission, conveyance or routing of voice, data, audio, video or any other information or signals to a point, or between points. The term "telecommunications service" includes such transmission, conveyance or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value added. The term "telecommunications service" shall not include:

c. "Directory assistance" means an ancillary service of providing telephone number information and/or address information.

d. "Vertical service" means an ancillary service that is offered in connection with one or more telecommunications services, which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including conference bridging services.

e. "Voice mail service" means an ancillary service that enables the customer to store, send or receive recorded messages. Voice mail service does not include any vertical services that the customer may be required to have in order to utilize the voice mail service.

3. The sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

a. A sale of mobile telecommunications services other than air-to-ground radiotelephone service and prepaid calling service is sourced to the customer's place of primary use as required by the Mobile Telecommunication Sourcing Act.

A. A home service provider shall be responsible for obtaining and maintaining the customer's place of primary use. The home service provider shall be entitled to rely on the applicable residential or business street address supplied by such customer, if the home service provider's reliance is in good faith; and the home service provider shall be held harmless from liability for any additional taxes based on a different determination of the place of primary use for taxes that are customarily passed on to the customer as a separate itemized charge. A home service provider shall be allowed to treat the address used for purposes of the tax levied by this chapter for any customer under a service contract in effect on August 1, 2002, as that customer's place of primary use for the remaining term of such service contract or agreement, excluding any extension or renewal of such service contract or agreement. Month-to-month services provided after the expiration of a contract shall be treated as an extension or renewal of such contract or agreement.

B. If the commissioner determines that the address used by a home service provider as a customer's place of primary use does not meet the definition of the term "place of primary use" as defined in subitem a. A. of this item 3, the commissioner shall give binding notice to the home service provider to change the place of primary use on a prospective basis from the date of notice of

determination; however, the customer shall have the opportunity, prior to such notice of determination, to demonstrate that such address satisfies the definition.

C. The department has the right to collect any taxes due directly from the home service provider's customer that has failed to provide an address that meets the definition of the term "place of primary use" which resulted in a failure of tax otherwise due being remitted.

b. A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either:

A. The seller's telecommunications system; or

B. Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. A sale of a prepaid calling service or prepaid wireless calling service shall be subject to the tax imposed by this paragraph if the sale takes place in this state. If the customer physically purchases a prepaid calling service or prepaid wireless calling service at the vendor's place of business, the sale is deemed to take place at the vendor's place of business. If the customer does not physically purchase the service at the vendor's place of business, the sale of a prepaid calling card or prepaid wireless calling card is deemed to take place at the first of the following locations that applies to the sale:

c. Service for segments of a channel between two (2) customer channel termination points located in different jurisdictions and which segments of a channel are separately charged is sourced fifty percent (50%) in each level of jurisdiction in which the customer channel termination points are located.

d. Service for segments of a channel located in more than one (1) jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termination points.

5. A sale of ancillary services is sourced to the customer's place of primary use.

(vi) For purposes of subparagraph (v) of this paragraph (d):

3. "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

4. "Customer" means the person or entity that contracts with the seller of telecommunications services. If the end user of telecommunications

services is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service. Customer does not include a reseller of telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider's licensed service area.

5. "Customer channel termination point" means the location where the customer either inputs or receives the communications.

9. "Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, the place of primary use must be within the licensed service area of the home service provider.

10. "Post-paid calling service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes a telecommunications service, except a prepaid wireless calling service that would be a prepaid calling service except it is not exclusively a telecommunications service.

11. "Prepaid calling service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

12. "Prepaid wireless calling service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other nontelecommunications services, including the download of digital products delivered electronically, content and ancillary service, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

13. "Private communication service" means a telecommunications service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations and any other associated services that are provided in connection with the use of such channel or channels.

14. "Service address" means:

a. The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

(vii) 1. For purposes of this subparagraph (vii), "bundled transaction" means a transaction that consists of distinct and identifiable properties or services which are sold for a single nonitemized price but which are treated differently for tax purposes.

2. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, or audio or video programming services taxed under this chapter in which the price of the bundled transaction is attributable to properties or services that are taxable and nontaxable, the portion of the price that is attributable to any nontaxable property or service shall be subject to the tax unless the provider can reasonably identify that portion from its books and records kept in the regular course of business.

3. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, audio or video programming services subject to tax under this chapter in which the price is attributable to properties or services that are subject to the tax but the tax revenue from the different properties or services are dedicated to different funds or purposes, the provider shall allocate the price among the properties or services:

a. By reasonably identifying the portion of the price attributable to each of the properties and services from its books and records kept in the regular course of business; or

b. Based on a reasonable allocation methodology approved by the department.

4. This subparagraph (vii) shall not create a right of action for a customer to require that the provider or the department, for purposes of determining the amount of tax applicable to a bundled transaction, allocate the price to the different portions of the transaction in order to minimize the amount of tax charged to the customer. A customer shall not be entitled to rely on the fact that a portion of the price is attributable to properties or services not subject to tax unless the provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the provider's books and records that are kept in the regular course of business that reasonably identifies the portion of the price attributable to the properties or services not subject to the tax.

(2) Persons making sales to consumers of electricity, current, power, natural gas, liquefied petroleum gas or other fuel for residential heating, lighting or other residential noncommercial or nonagricultural use or sales of potable water for residential, noncommercial or nonagricultural use shall indicate on each statement rendered to customers that such charges are exempt from sales taxes.

(3) There is hereby levied, assessed and shall be paid on transportation charges on shipments moving between points within this state when paid directly by the consumer, a tax equal to the rate applicable to the sale of the property being transported. Such tax shall be reported and paid directly to the Department of Revenue by the consumer.

SECTION 13. Section 27-65-93, Mississippi Code of 1972, is brought forward as follows: 27-65-93. (1) The commissioner shall, from time to time, promulgate rules and regulations, not inconsistent with the provisions of the sales tax law, for making returns and for the ascertainment, assessment and collection of the tax imposed by the sales tax law as he may deem necessary to enforce its provisions; and, upon request, he shall furnish any taxpayer with a copy of the rules and regulations.

(2) All forms, necessary for the enforcement of the sales tax law, shall be prescribed, printed and furnished by the commissioner.

(3) The commissioner may adopt rules and regulations providing for the issuance of permits to manufacturers, utilities, construction contractors, companies receiving bond financing through the Mississippi Business Finance Corporation or the Mississippi Development Authority, and other taxpayers as determined by the commissioner, and the commissioner shall adopt rules and regulations providing for the issuance of a permit to any qualified business or industry, which is certified as such by the Mississippi Development Authority pursuant to the Mississippi Flexible Tax Incentive Act and awarded any mFlex tax incentive amount for such qualified business's or industry's qualified economic development project, certified as such by the Mississippi Development Authority pursuant to the Mississippi Flexible Tax Incentive Act, to purchase tangible personal property taxed under Section 27-65-17, items taxed under Section 27-65-18,

items taxed under Section 27-65-19, services taxed under Section 27-65-23, items taxed under Section 27-65-24, and items taxed under Section 27-65-26 without the payment to the vendor of the tax imposed by the sales and use tax laws, and providing for persons to report and pay the tax directly to the commissioner in instances where the commissioner determines that these provisions will facilitate and expedite the collection of the tax at the proper rates which may be due on purchases by the permittee. Under the provisions of this chapter, the vendor is relieved of collecting and remitting the taxes specified hereunder and the person holding the permit shall become liable for such taxes instead of the seller. The full enforcement provisions of the sales tax law shall apply in the collection of the tax from the permittee.

SECTION 14. Section 27-67-5, Mississippi Code of 1972, is brought forward as follows: 27-67-5. There is hereby levied, assessed and shall be collected from every person a tax for the privilege of using, storing or consuming, within this state, any tangible personal property or specified digital product possession of which is acquired in any manner.

(a) The use tax hereby imposed and levied shall be collected at the same rates as imposed under Section 27-65-20, and Sections 27-65-17, 27-65-18, 27-65-19, 27-65-24, 27-65-25 and 27-65-26 computed on the purchase or sales price, or value, as defined in this article.

(b) It shall be the duty of the tax collectors of the several counties, or the commissioner, as the case may be, to collect, remit and account for the tax on the use of all vehicles licensed or registered by the State of Mississippi for the first time, except when the Mississippi use tax was collected by an authorized out-of-state dealer at the time of purchase, or when the use thereof was exempt by Section 27-67-7. The tax collector or the commissioner shall give to the person registering the vehicle a receipt in a form prescribed and furnished by the Department of Revenue for the amount of tax collected. The tax collector or commissioner is expressly prohibited from issuing a license tag to any applicant without collecting the tax levied by this article, unless positive proof is filed, together with the application for the license tag, that the Mississippi tax has been paid, or that the sale was exempt by Section 27-67-7.

Persons not engaging and continuing in business so as to be registered for payment of sales and/or use tax may pay use tax due on the first use of boats, airplanes, equipment or other tangible personal property and specified digital products to county tax collectors who are hereby authorized to accept such payments on behalf of the commissioner. Receipts for all such payments shall be given to taxpayers in a form prescribed and furnished by the Department of Revenue.

County tax collectors and the commissioner shall be liable for the tax they are required hereby to collect, and taxes which are in fact collected under authority of this section; and failure to properly collect or maintain proper records shall not relieve them of liability for payment to the commissioner. Deficiencies in collection or payment shall be assessed against the tax collector or commissioner in the same manner and subject to the same penalties and provisions for appeal as are deficiencies assessed against taxpayers.

A dealer authorized to collect and remit the tax to the Department of Revenue shall give to the purchaser a receipt for the payment of the tax, in a form prescribed and furnished by the commissioner, which shall serve as proof of payment to the tax collector of the county in which the license is to be issued.

Each tax collector of the several counties shall, on or before the twentieth day of each month, file a report with and pay to the commissioner all funds collected under the provisions of this article, less a commission of five percent (5%) which shall be retained by the tax collector as a commission for collecting such tax and be deposited in the county general fund. The report required to be filed shall cover all collections made during the calendar month next preceding the date on which the report is due and filed.

Any error in the report and remittance to the commissioner may be adjusted on a subsequent report. If the error was in the collection by the tax collector, it shall be adjusted through the tax collector with the taxpayer before credit is allowed by the commissioner.

All information relating to the collection of use tax by tax collectors and such records as the commissioner may require shall be preserved in the tax collector's office for a period of three (3) years for audit by the commissioner.

SECTION 15. Sections 5, 6, 7 and 8 of this act shall be codified as new sections in Chapter 65, Title 27, Mississippi Code of 1972. Sections 9 and 10 of this act shall be codified as new sections in Chapter 67, Title 27, Mississippi Code of 1972.

SECTION 16. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Rep. Lamar called up:

H. B. No. 1668: Income tax; revise certain provisions regarding pass-through entities.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-26, Mississippi Code of 1972, is amended as follows:

27-7-26. (1) (a) For calendar year 2022, and for each calendar year thereafter, any partnership, S corporation or similar pass-through entity may elect to be taxed as an electing pass-through entity and pay the tax imposed under this chapter at the entity level. For the purposes of this section, the term "electing pass-through entity" means a partnership, S corporation or similar pass-through entity that has made an election pursuant to this section.

(b) A partnership, S corporation or similar pass-through entity desiring to be taxed as an electing pass-through entity shall submit the appropriate form to the Department of Revenue at any time during the tax year or on or before the fifteenth day of the third month following the close of that taxable year for which the entity elects to be taxed as an electing pass-through entity. This election shall be binding for that taxable year and all taxable years thereafter and shall not be revoked unless the electing pass-through entity submits the appropriate form to the department at any time during a subsequent taxable year or on or before the fifteenth day of the third month following the close of that taxable year for which the entity elects to no longer be taxed as an electing pass-through entity. Both the election to become an electing pass-through entity and the revocation of that election shall be accomplished by a vote satisfying such threshold required for taking official action as may be specified within the entity's governing documents, within the time prescribed in this subsection. If the entity's governing documents do not contain any such provisions governing the approval of official actions, such election shall be accomplished by a vote by or written consent of the members of the governing body of the entity, if the entity shall have a governing body, as well as a vote by or written consent of the owners, members, partners or shareholders holding greater than fifty percent (50%) of the voting control of the entity, within the time prescribed in this subsection.

(c) Each owner, member, partner or shareholder of an electing pass-through entity shall report his or her pro rata or distributive share of the income of the electing pass-through entity * * * in computing such taxpayer's gross income tax liability. Each owner, member, partner or shareholder of an electing pass-through entity shall be allowed

a credit against the taxes imposed under this chapter in an amount equal to his or her pro rata or distributive share of tax paid by the electing pass-through entity with respect to the corresponding taxable year. Any additional income tax credits generated by the electing pass-through entity shall pass through to the owners, members, partners, or shareholders on a pro-rata basis and may be claimed on the returns of those taxpayers. In the event an owner's, member's, partner's or shareholder's aggregate credits shall exceed his or her income tax liability, such excess shall be carried forward as an overpayment or refunded at the election of such person. Any carryforward limitations applicable to credits generated by the electing pass-through entity, other than the credit provided by this section for income taxes paid by the electing pass-through entity, shall apply at the owner, member, partner, or shareholder level.

(2) The adjusted basis of the owners, members or partners of an electing pass-through entity in their ownership interests in the electing pass-through entity shall be calculated without regard to the election under this section.

SECTION 2. This act shall take effect and be in force from and after January 1, 2023, and shall be applicable to any income tax returns the original due date of which are on or after such date.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-7-26, MISSISSIPPI CODE OF 1972, WHICH ALLOWS PARTNERSHIPS, S CORPORATIONS OR SIMILAR PASS-THROUGH ENTITIES TO ELECT TO BE TAXED AS AN ELECTING PASS-THROUGH ENTITY FOR STATE INCOME TAX PURPOSES AND PAY INCOME TAX AT THE ENTITY LEVEL, TO REVISE THE MANNER BY WHICH A PARTNERSHIP, S CORPORATION OR SIMILAR PASS-THROUGH ENTITY MAY ELECT TO BE TAXED AS AN ELECTING PASS-THROUGH ENTITY; TO PROVIDE THAT EACH OWNER, MEMBER, PARTNER OR SHAREHOLDER OF AN ELECTING PASS-THROUGH ENTITY SHALL REPORT HIS OR HER PRO RATA OR DISTRIBUTIVE SHARE OF THE INCOME OF THE ELECTING PASS-THROUGH ENTITY IN COMPUTING SUCH TAXPAYER'S GROSS INCOME TAX LIABILITY; TO PROVIDE THAT ANY ADDITIONAL INCOME TAX CREDITS GENERATED BY AN ELECTING PASS-THROUGH ENTITY SHALL PASS THROUGH TO THE OWNERS, MEMBERS, PARTNERS, OR SHAREHOLDERS ON A PRO-RATA BASIS AND MAY BE CLAIMED ON THE RETURNS OF THOSE TAXPAYERS; TO PROVIDE THAT IF AN OWNER'S, MEMBER'S, PARTNER'S OR SHAREHOLDER'S AGGREGATE INCOME TAX CREDITS EXCEED HIS OR HER INCOME TAX LIABILITY, SUCH EXCESS SHALL BE CARRIED FORWARD AS AN OVERPAYMENT OR REFUNDED AT THE ELECTION OF SUCH PERSON; TO PROVIDE THAT ANY CARRYFORWARD LIMITATIONS APPLICABLE TO CREDITS GENERATED BY THE PASS-THROUGH ENTITY, OTHER THAN THE CREDIT PROVIDED BY THIS SECTION FOR INCOME TAXES PAID BY THE PASS-THROUGH ENTITY, SHALL APPLY AT THE OWNER, MEMBER, PARTNER, OR SHAREHOLDER LEVEL; AND FOR RELATED PURPOSES.

Rep. Lamar called up:

H. B. No. 1671: Tax credits; revise certain existing and authorize additional.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

AMEND by striking Section 4 of the bill and inserting in lieu thereof:

"SECTION *. Section 27-7-22.41, Mississippi Code of 1972, is brought forward as follows: 27-7-22.41. (1) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Department" means the Department of Revenue.

(b) "Eligible charitable organization" means an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is:

(i) Licensed by or under contract with the Mississippi Department of Child Protection Services and provides services for:

1. The prevention and diversion of children from custody with the Department of Child Protection Services,

2. The safety, care and well-being of children in custody with the Department of Child Protection Services, or

3. The express purpose of creating permanency for children through adoption; or

(ii) Certified by the department as an educational services charitable organization that is accredited by a regional accrediting organization and provides services to:

1. Children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model, or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services,

2. Children who have a chronic illness or physical, intellectual, developmental or emotional disability, or

3. Children eligible for free or reduced price meals programs under Section 37-11-7, or selected for participation in the Promise Neighborhoods Program sponsored by the U.S. Department of Education.

(2) (a) The tax credit authorized in this section shall be available only to a taxpayer who is a business enterprise engaged in commercial, industrial or professional activities and operating as a corporation, limited liability company, partnership or sole proprietorship. Except as otherwise provided in this section, a credit is allowed against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123, for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. From and after January 1, 2022, for a taxpayer that is not operating as a corporation, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the taxpayer during the taxable year to an eligible charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of

the taxpayer for the taxes imposed by such sections of law and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(b) A contribution to an eligible charitable organization for which a credit is claimed under this section does not qualify for and shall not be included in any credit that may be claimed under Section 27-7-22.39.

(c) A contribution for which a credit is claimed under this section may not be used as a deduction by the taxpayer for state income tax purposes.

(3) Taxpayers taking a credit authorized by this section shall provide the name of the eligible charitable organization and the amount of the contribution to the department on forms provided by the department.

(4) An eligible charitable organization shall provide the department with a written certification that it meets all criteria to be considered an eligible charitable organization. An eligible charitable organization must also provide the department with written documented proof of its license and/or written contract with the Mississippi Department of Child Protection Services. The organization shall also notify the department of any changes that may affect eligibility under this section.

(5) The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code;

(b) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions;

(c) A statement that the funds generated from the tax credit shall be used for educational resources, staff and expenditures and/or other purposes described in this section.

(d) Any other information that the department requires to administer this section.

(6) The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

(7) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document.

(8) (a) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(b) A taxpayer who applied for a tax credit under this section during calendar year 2020, but who was unable to be awarded the credit due to the limit on the aggregate amount of credits authorized for calendar year 2020, shall be given priority for tax credits authorized to be allocated to taxpayers under this section by Section 27-7-22.39.

(c) For the purposes of using a tax credit against ad valorem taxes assessed and levied on real property, a taxpayer shall present to the appropriate tax collector the tax credit documentation provided to the taxpayer by the Department of Revenue, and the tax collector shall apply the tax credit against such ad valorem taxes. The tax collector shall forward the tax credit documentation to the Department of Revenue along with the amount of the tax credit applied against ad valorem taxes, and the department shall disburse funds to the tax collector for the amount of the tax credit applied against ad valorem taxes. Such payments by the Department of Revenue shall be made from current tax collections.

(9) The aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Five Million Dollars (\$5,000,000.00), and not more than fifty percent (50%) of tax credits allocated during a calendar year may be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. However, for calendar year 2021, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Ten Million Dollars (\$10,000,000.00), for calendar year 2022, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Sixteen Million Dollars (\$16,000,000.00), and for calendar year 2023, and for each calendar year thereafter, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Eighteen Million Dollars (\$18,000,000.00). For calendar year 2021, and for each calendar year thereafter, fifty percent (50%) of the tax credits allocated during a calendar year shall be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(i) of this section and fifty percent (50%) of the tax credits allocated during a calendar year shall be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. For calendar year 2021, and for each calendar year thereafter, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(i) of this section, no more than twenty-five percent (25%) of such credits may be allocated for contributions to a single eligible charitable organization. Except as otherwise provided in this section, for calendar year 2021, and for each calendar year thereafter, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section, no more than four and one-half percent (4-1/2%) of such credits may be allocated for contributions to a single eligible charitable organization. "

S. B. No. 2335: Income tax credit; allow for employer making direct payments to entity for dependent care on behalf of employee.

AMENDMENT NO. 1 BY COMMITTEE: This amendment in effect, set out an entirely new bill.

ADOPTED

AMENDMENT NO. 1 TO STRIKE-ALL AMENDMENT NO. 1 BY REPRESENTATIVE McLean: This amendment in effect, set out an entirely new bill.

AMEND by striking Section 1 of the bill and inserting in lieu thereof the following:

"SECTION 1. Section 57-73-23, Mississippi Code of 1972, is amended as follows:

57-73-23. (1) A * * * seventy-five percent (75%) income tax credit shall be granted to any employer providing dependent care for employees during the employee's work hours, and to any employer who provides a child care stipend of at least six thousand dollars (\$6,000.00) to only be used for child care during the employee's work hours.

(2) In order for an employer who provides a child care stipend under this section to be eligible for the tax credit, the employer shall certify to the Mississippi Department of Revenue:

- (a) The names of the employees receiving the stipend; and
- (b) The amount of the stipend received by each of those employees; and
- (c) The names, addresses, and taxpayer identification numbers or social security numbers of the child care providers paid by the employees with the child care stipend; and
- (d) Such other information as may be required by the Department of Revenue to ensure that credits under this section are granted only to employers who provide stipends that are used by the employees only for child care.

(3) For an employer providing dependent care itself and for an employer contracting for dependent care for its employees during the employee's work hours, the credit is applied to the net cost of any contract executed by the employer for another entity to provide dependent care; or, if the employer elects to provide dependent care itself, to expenses of dependent care staff, learning and recreational materials and equipment, and the construction and maintenance of a facility; or if the employer elects to provide a child care stipend, the credit is applied to the amount of the stipend provided. Additional eligible expenses include net costs assumed by the employer which increase the quality, availability and affordability of dependent care in the community used by employees during the employee's work hours. This cost is net of any reimbursement. A deduction shall not be allowed for any expenses which serve as the basis for an income tax credit. The credits allowed under this section shall not be used by any business enterprise or corporation other than the business enterprise actually qualifying for the credits.

Credit may be carried forward for the five (5) successive years if the amount allowable as credit exceeds income tax liability in a tax year; however, thereafter, if the amount allowable as a credit exceeds the tax liability, the amount of excess shall not be refundable or carried forward to any other taxable year.

The facility must have an average daily enrollment for the taxable year of no less than six (6) children who are twelve (12) years of age or less and be licensed according to the regulations governing licensure of child care facilities in Mississippi; or must serve five (5) or fewer children and/or elderly adults in a family child care/elder care home approved by the Department of Health for participation in the United States Department of Agriculture child and adult nutrition program; or must serve children over twelve (12) years of age but less than eighteen (18) years of age in either a community-based facility or a facility at the employment site; or must serve adult relatives of employees in either a community-based elder care facility or a facility at the employment site; or must serve children or adult dependents having physical, emotional or mental disabilities in either a community-based facility or a facility at the employment site.

Employers will be certified as eligible for the tax credit by the * * * State Department of Health for programs serving children twelve (12) years of age or younger and for programs serving elderly adults and by the * * * Department of Revenue for programs serving other dependents older than twelve (12) years of age."

AMEND FURTHER by striking the title and inserting in lieu thereof the following:

"AN ACT TO AMEND SECTION 57-73-23, MISSISSIPPI CODE OF 1972, WHICH AUTHORIZES AN INCOME TAX CREDIT FOR EMPLOYERS PROVIDING DEPENDENT CARE FOR EMPLOYEES DURING WORK HOURS, TO INCREASE THE AMOUNT OF THE TAX CREDIT; TO AUTHORIZE AN INCOME TAX CREDIT FOR EMPLOYERS WHO PROVIDE A CHILD CARE STIPEND TO BE USED FOR CHILD CARE DURING EMPLOYEES' WORK HOURS; AND FOR RELATED PURPOSES."

I raise a Point of Order that Senate Bill 2523 violates House Rule 106, by amending section 97-17-43 by reference. House Rule 106 provides that no law shall be reviewed or amended by reference to its title only, but the sections shall be inserted: 97-17-41 and 97-17-43 are the statutes that provide the definition and penalties for various forms of larceny. Senate Bill 2523 provides that certain removal of pecans shall also be larceny, but the bill only makes reference to the larceny statutes. Both 97-17-41 and 97-17-43 should have been brought forward and inserted in the bill and amended.

Rep. Pigott called up the following bill which had been set aside pending speaker's ruling:

S. B. No. 2523: Pecan Harvesting Law; revise penalties for violating.

The Speaker ruled the point of order by Rep. Hines not well taken.

SPEAKER'S RULING
(Senate Bill No. 2523 - Amend by Reference)

The Gentleman from Washington, Representative Hines, raised a point of order that SB 2523 amends Sections 97-17-41 and 97-17-43 by reference.

The point of order is not well taken because the penalties for the crimes of larceny in SB 2523 are not being changed, but are referred to and clearly states "subject" to certain code sections listed in the bill.

Previous Speaker's rulings are clear that referring to code sections that set forth other crimes do not enlarge, modify, restrict or amend those laws and code sections. Referring to sections by using the phrase "subject to" incorporates the language without repeating the sections in their entirety.

Also, creating a new criminal offense in addition to any other criminal offense does not amend other criminal offense code sections by reference.

AMENDMENT NO. 1 TO STRIKE-ALL AMENDMENT NO. 1 BY REPRESENTATIVE Owen:

Amend on line 19 by striking "brough forward" and inserting in lieu thereof: "amended".

Further, amend on line 31 by inserting the following after the period:

Further, amend on line 52 by inserting after the word "who", the following:

", without the owner's permission, enters upon the private property of an owner of lands upon which pecan trees are growing for the purpose of removing pecans from the premises thereof, whether from the grounds or within any facility thereon where the pecans are stored, for his or her own financial benefit which causes financial detriment and other damages or hardships to the owner of the pecan trees,".

Further, amend on line 61 by inserting after the period, the following:

"Whether the felonious crime is prosecuted as petit larceny or grand larceny shall be determined by the amount of the pecan's fair market value at the time the theft of the pecans occurred."

Further, amend on line 63 by striking ", and shall stand repealed on June 30, 2023".

Further, amend by striking the title in its entirety, and inserting in lieu thereof:

SECTION 13. (1) There is established the Paramedics Recruitment and Retention Scholarship Grant Program ("the program"). The grant program shall be used by the Office of Workforce Development, with the Mississippi Department of Employment Security acting as the fiscal agent, for the purpose of providing funding for grants to cover the full cost of tuition, fees, books and any required uniforms for qualified applicants to attend an accredited paramedic program and to reimburse the cost of a qualified applicant's fee for the successful completion of the National Registry Paramedic cognitive and psychomotor examinations. The grant program shall be funded from monies appropriated by the Legislature for that purpose.

(2) For the purposes of Sections 11 through 15 of this act, a "paramedic" means a certified healthcare professional who specializes in providing emergency medical treatment to people who are injured or ill, typically in a setting outside of a hospital.

(3) The Office of Workforce Development shall prescribe the terms and conditions of grants awarded under the program. To qualify for a grant under this program, an applicant must:

- (c) Commit to locate in the State of Mississippi for a minimum of three (3) years;

and

(d) Meet any other conditions for receipt as prescribed by the Office of Workforce Development.

(4) The Office of Workforce Development may use a maximum of five percent (5%) of funds appropriated for the program for the administration of the program.

SECTION 14. The office shall enter into a grant contract agreement with each recipient of a grant under the program that incorporates the following obligations and conditions:

(a) The recipient of a grant shall commit to serving as a paramedic for three (3) continuous years in the State of Mississippi;

(b) If any recipient of a grant under the program does not engage in serving as a paramedic in accordance with the terms of Sections 11 through 15 of this act, the recipient shall be obligated to repay the grant amounts received, together with interest thereon at the maximum rate allowed by Mississippi law or the federal discount rate plus five percent (5%) per year, whichever is less, the interest to accrue from the date that each payment of funds was received by the recipient;

(c) No interest shall accrue and there shall be no obligation to repay the principal sums accrued during any one (1) period of time that the recipient involuntarily serves on active duty in the United States Armed Forces; and

(d) Repayment of the principal with interest shall be due and payable in full immediately on the occurrence of either of the following events:

SECTION 15. The Office of Workforce Development shall submit an annual report on the grant program to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the Chair of the House Workforce Development Committee and the Chair of the Senate Economic and Workforce Development Committee.
