22 APRIL 2021

TO THE MISSISSIPPI HOUSE OF REPRESENTATIVES

GOVERNOR'S PARTIAL VETO MESSAGE FOR HOUSE BILL 1413

I am returning House Bill 1413: "AN ACT MAKING AN APPROPRIATION FROM SPECIAL FUNDS IN THE STATE TREASURY FOR THE PURPOSE OF DEFRAYING THE EXPENSES OF THE MISSISSIPPI DEPARTMENT OF TRANSPORTATION, FOR THE FISCAL YEAR 2022; AND FOR RELATED PURPOSES" partly approved and partly not approved pursuant to Article IV, Section 73 of the Mississippi Constitution as an "exercise of the authority endowed the office of the Governor by the people of Mississippi in our Constitution." Governor Reeves v. Representative Gunn and Representative White, 307 So.3d 436, 439-442 (Miss. 2020).

I am vetoing Section 24(2) (Lines 311-315) providing a \$4,500,000 appropriation to assist in paying costs for right-of-way acquisition, utility relocation, design and construction necessary to 4-lane that portion of Mississippi Highway 12 from the City of Durant in Holmes County, Mississippi, to the City of Kosciusko in Attala County, Mississippi.

Article IV, Section 73 of the Mississippi Constitution states: "The Governor may veto parts of any appropriation bill, and approve parts of the same, and the portions approved shall be law." The removal of this separate, distinct and complete appropriation does not affect any other appropriations in House Bill 1413. See Reeves, 307 So.3d at 442.

SECTION 100. Section 99-19-71, Mississippi Code of 1972, is amended as follows:

99-19-71. (1) Any person who has been convicted of a misdemeanor that is not a traffic violation, and who is a first offender, may petition the justice, county, circuit or municipal court in which the conviction was had for an order to expunge any such conviction from all public records.

(2) (a) Except as otherwise provided in this subsection, a person who has been convicted of a felony and who has paid all criminal fines and costs of court imposed in the sentence of conviction may petition the court in which the conviction was had for an order to expunge one (1) conviction from all public records five (5) years after the successful completion of all terms and conditions of the sentence for the conviction upon a hearing as determined in the discretion of the court; however, a person is not eligible to expunge a felony classified as:

- (i) A crime of violence as provided in Section 97-3-2;
- (ii) Arson, first degree as provided in Sections 97-17-1 and 97-17-3;
- (iii) Trafficking in controlled substances as provided in Section 41-

29-139;

(iv) A third, fourth or subsequent offense DUI as provided in Section 63-11-30(2)(c) and (2)(d);

- (v) Felon in possession of a firearm as provided in Section 97-37-5;
- (vi) Failure to register as a sex offender as provided in Section 45-

33-33;

- (vii) Voyeurism as provided in Section 97-29-61;
- (viii) Witness intimidation as provided in Section 97-9-113;
- (ix) Abuse, neglect or exploitation of a vulnerable person as provided

in Section 43-47-19; or

- (x) Embezzlement as provided in Sections 97-11-25 and 97-23-19.

A person is eligible for only one (1) felony expunction under this paragraph. For the purposes of this section, the terms "one (1) conviction" and "one (1) felony expunction" mean and include all convictions that arose from a common nucleus of operative facts as determined in the discretion of the court.

(b) The petitioner shall give ten (10) days' written notice to the district attorney before any hearing on the petition. In all cases, the court wherein the petition is filed may grant the petition if the court determines, on the record or in writing, that the applicant is rehabilitated from the offense which is the subject of the petition. In those cases where the court denies the petition, the findings of the court in this respect shall be identified specifically and not generally.

(3) In addition to the rights conferred in subsections (1) and (2) of this section, any person who qualifies for and obtains a medical cannabis registry identification card may petition, without a delay, for the expungement or resentencing of a cannabis-related misdemeanor or felony conviction for which the offense is now legalized or punishable by a lesser penalty.

(** *4) Upon entering an order of expunction under this section, a nonpublic record thereof shall be retained by the Mississippi Criminal Information Center solely for the purpose of determining whether, in subsequent proceedings, the person is a first offender. The order of expunction shall not preclude a district attorney's office from retaining a nonpublic record thereof for law enforcement purposes only. The existence of an order of expunction shall not preclude an employer from asking a prospective employee if the

employee has had an order of expunction entered on his behalf. The effect of the expunction order shall be to restore the person, in the contemplation of the law, to the status he occupied before any arrest or indictment for which convicted. No person as to whom an expunction order has been entered shall be held thereafter under any provision of law to be guilty of perjury or to have otherwise given a false statement by reason of his failure to recite or acknowledge such arrest, indictment or conviction in response to any inquiry made of him for any purpose other than the purpose of determining, in any subsequent proceedings under this section, whether the person is a first offender. A person as to whom an order has been entered, upon request, shall be required to advise the court, in camera, of the previous conviction and expunction in any legal proceeding wherein the person has been called as a prospective juror. The court shall thereafter and before the selection of the jury advise the attorneys representing the parties of the previous conviction and expunction.

(* * *5) Upon petition therefor, a justice, county, circuit or municipal court shall expunge the record of any case in which an arrest was made, the person arrested was released and the case was dismissed or the charges were dropped or there was no disposition of such case, or the person was found not guilty at trial.

(* * *6) No public official is eligible for expunction under this section for any conviction related to his official duties.

H. B. No. 770: Mississippi Equal Pay for Equal Work Act; create.

AMENDMENT NO. 1 BY REPRESENTATIVE Cockerham: This amendment in effect, set out an entirely new bill.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The provisions of this act shall be known and may be cited as the "Mississippi Equal Pay for Equal Work Act".

SECTION 2. For the purposes of this act, the following words and phrases shall have the meanings as defined in this section unless the context clearly indicates otherwise:

(a) "Employee" means any individual who is employed to work forty (40) or more hours a week and who is employed by an employer, including individuals employed by the state or any of its political subdivisions or instrumentalities of subdivisions.

(b) "Employer" means any person who employs five (5) or more employees.

(c) "Wage" means and includes all compensation paid by an employer or his or her agent for the performance of service by an employee, including the cash value of all compensation paid in any medium other than cash.

(d) "Rate" with reference to wages means the basis of compensation for services by an employee for an employer and includes compensation based on time spent in the performance of such services, on the number of operations accomplished, or on the quality produced or handled.

(e) "Unpaid wages" means the difference between the wages actually paid to an employee and the wages required to be paid to an employee as provided in this act.

(f) "Skill" means and shall be measured by factors such as experience, ability, education and training that are required to perform a job.

(g) "Effort" means the amount of physical or mental exertion needed to perform a job.

(h) "Responsibility" means the degree of accountability required to perform the job.

(i) "Working Conditions" means and includes the following two (2) factors:

(i) The physical surroundings of a job including, but not limited to, temperature, fumes and ventilation; and

(ii) The hazards of the job.

SECTION 3. (1) No employer may pay an employee a wage at a rate less than the rate at which an employee of the opposite sex in the same establishment is paid for equal work on a job, the performance of which requires equal skill, education, effort and responsibility, and which is performed under similar working conditions, except where payment is made pursuant to differential based on:

(a) A seniority system;

(b) A merit system;

(c) A system which measures earnings by quantity or quality of production; or

(d) Any other factor other than sex. "Any other factor other than sex" shall include, but not be limited to, the following factors:

(i) The salary history or continuity of employment history demonstrated by the employee as compared to employees of the opposite sex in the same establishment;

(ii) The extent to which there was competition with other employers for the employee's services as compared to employees of the opposite sex in the same establishment; and

(iii) The extent to which the employee attempted to negotiate for higher wages as compared to employees of the opposite sex in the same establishment.

(2) (a) The provisions of this act may be enforced by private action in a civil suit in the circuit court in the county in Mississippi where the cause of action occurred.

(b) If an employer is found to have violated the provisions of subsection (1) of this section, the employee shall be awarded reasonable remedies, which may include attorney's fees, prejudgment interest, back pay, liquidated damages and one hundred percent (100%) of the difference of unpaid wages.

(3) An employer who is paying a wage differential in violation of this act shall not, in order to comply with this act, reduce the wage rate of any employee.

(4) No employer may discharge, discriminate or in any way retaliate against any employee by reason of any action taken by the employee to invoke or assist in any manner the enforcement of this act.

SECTION 4. (1) A civil action brought under this act may be commenced no later than two (2) years from the day the employee knew or should have known his or her employer was in violation of this act.

(2) If an employee brings a claim under the Equal Pay Act of 1963, a separate action may not be maintained under this act. If an employee brings a claim under this act, then later initiates a claim under the Equal Pay Act of 1963, the action brought under this act shall be dismissed with prejudice. An employee who seeks relief under this act must first waive any right to relief under the Equal Pay Act of 1963.

(3) For any action under this act, published precedents of the United States Supreme Court, the United States Court of Appeals for the Fifth Circuit and federal district courts embracing the circuit court in which any action under this act is pending, deciding cases under the Equal Pay Act of 1963, after which this act is patterned, shall be considered mandatory authority and shall be followed by the circuit court in which the action is pending, until there is a contrary ruling interpreting this act by the Mississippi Supreme Court or the Mississippi Court of Appeals.

SECTION 5. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO CREATE THE MISSISSIPPI EQUAL PAY ACT; TO PROVIDE DEFINITIONS FOR "EMPLOYEE", "EMPLOYER", "WAGE", "RATE", AND "UNPAID WAGES"; TO PROVIDE THAT NO EMPLOYER SHALL PAY AN EMPLOYEE A WAGE AT A RATE LESS THAN THE RATE AT WHICH AN EMPLOYEE OF THE OPPOSITE SEX IN THE SAME ESTABLISHMENT IS PAID FOR EQUAL WORK ON A JOB, THE PERFORMANCE OF WHICH REQUIRES EQUAL SKILL, EFFORT AND RESPONSIBILITY, AND WHICH IS PERFORMED UNDER SIMILAR WORKING CONDITIONS; TO PROVIDE REMEDIES; TO PROVIDE THE TIME IN WHICH A CIVIL ACTION MUST BE FILED; AND FOR RELATED PURPOSES.

INAUGURAL ADDRESS

Governor Tate Reeves addressed the Joint Session as follows:

2022 State of the State Address

Thank you, Lieutenant Governor Hosemann and Speaker Gunn.

To the members of the legislature and other elected officials – thank you. Thank you for your commitment to bettering our state. Thank you for your dedication to our people.

Together, we can do great things. I look forward to partnering with you this session to continue making Mississippi the best state in the nation to live, to work, and to raise a family.

I would also be remiss if I did not thank the person who enables me to stand here in the first place. Someone who always puts others before herself. Someone who is an amazing ambassador for our state – our great First Lady. Elee, thank you for everything you do for me and for Mississippi. I could not ask for a better partner and Mississippi could not ask for a better First Lady.

Mississippi has weathered great storms in the last two years. We have bent but we did not break. We dug deep and we stood tall. We got through it all because we decided to get through it all together.

That is why, after recession and pandemic and hurricanes and tornadoes, I can still stand before you tonight and declare, without reservation, and without qualification, that the state of our state is not only strong, but stronger than it has ever been.

I would like to start with what I consider to be the crowning achievement of Mississippi's ride through the pandemic and recession – our educators.

It is the most basic promise a state government makes to its people. We tell every young parent: we will be your partner in educating your child. Together, we will make sure that if they work hard, they will learn what they need to know.

It is a solemn promise and one that our state must fulfill – and it is a promise that I am determined to fulfill.

We all know that there are many who enjoy criticizing Mississippi. They trash our way of life, they trash our institutions, and they frequently deride our education.

And at times in our past, they might have been at least a little bit right about our educational system. But Mississippi's schools have made a major turnaround – in fact, a turnaround of historic proportions.

When you look at the data, it looks like a miracle. But it is not a miracle. It is the product of dedication of our teachers, a result of the intelligence of our people, and conservative, common-sense reforms enacted by many of us here today. And most importantly, it is achievement that was earned by Mississippi students.

Mississippi's students with disabilities have seen a graduation rate that has doubled over the last eight years. Overall, our graduation rate is now at an all-time high at 87.7 percent. That's, by the way, better than the national average. And while the graduation rate is at an all-time high, the dropout rate is at an all-time low of just 8.8 percent.

Our passing rate on Advanced Placement exams is also at an all-time high.

The number of students who completed career and technical courses has shot up by 36 percent since 2015.

Mississippi students are learning more, achieving more, and they are more prepared for a prosperous life.

You all know how fond I am of data. I love it. I swim in it. It's what I do for fun – and yes, I realize how uncool that makes me. In fact, just ask my teenage daughters if you have any doubt about how uncool I am.

But this is not merely data on a page. These numbers are real people. These are real lives that have been transformed – and family trajectories that have been forever altered.

The Mississippi kids who have out-performed previous generations in the classroom are going to make our state better as adults. We are talking about generational change in careers and horizons – and it is happening in every corner of Mississippi.

I attribute these educational gains to three important factors. First, the parents and guardians of our students. Without you investing in your children's educations, without you pushing them to be their very best, none of these gains would be possible.

It all starts and ends with parents. Mississippi schools and teachers answer to parents. They are paid for by you. They work for you.

It is shocking to me, that in some corners of this country, the basic right of parents to determine their child's education is ignored. We must strive to be better than that. We recognize that no classroom can replace a parent's care. Your voice should not just be heard, it should be sought. It should reign. All public servants answer to the people. In education, we answer to the parents and as long as I'm governor, we always will.

We've also seen these historic gains because of the conservative and effective education reforms we've implemented over the last decade.

Expect more and you will get more. That is a lesson Mississippi has had to learn.

The rigorous reading standards that we put in place have transformed lives and the data prove it.

Since those standards were created, we've experienced incredible gains in fourth grade reading. Just a few months ago The Economist noted, Mississippi's fourth graders rose 20 places – from 49th to 29th – on the National Assessment of Educational Progress (NAEP), and in 2019 we were the “only state in the nation to improve its scores.”

Now, I want to repeat that. In 2019, Mississippi was the only state in the nation to improve our scores. The only state. Out of 50, we were the very best at improving reading scores.

Students of all backgrounds are having academic success in Mississippi. According to 2019 NAEP results, our students living in poverty are outperforming their peers nationally. Black, white, and Hispanic students from low-income households achieved higher scores than the national average in all four NAEP subjects.

For decades we were at the bottom, but now we are not. It takes time to go from last to first. But Mississippi kids are on the move, and it is revitalizing our state's future.

Now, they say imitation is the sincerest form of flattery. Well, all of you should be flattered. Again, according to The Economist – and this is a direct quote – “Many states have noticed Mississippi's success and have passed similar legislation.”

When is the last time you heard that? From Pascagoula to Iuka and from Natchez to Tunica, every single person in Mississippi should be proud.

These education reforms and the gains they have wrought, is what happens when Republicans and Democrats come together. When we set aside our differences, and focus on what matters most, there is no limit to what Mississippians can achieve.

That is why I am asking the legislature to keep it up, and to invest in math coaches, just as we did for reading, to ensure that we continue to see improved results.

The final vital factor in our education gains is our teachers. Unlike other states throughout the pandemic, most of Mississippi's teachers stepped up. They did not cower in fear and refuse to come into the classroom. In fact, it was just the opposite. While other states resorted to Zoom for years on end, Mississippi's teachers took to the chalkboard. When teachers in other states said, “no we won't,” Mississippi's teachers said, “yes we will.”

They did not walk out, they stepped up. Now I want you to stand up for them. I would like for everyone to take just a moment and give our teachers the applause they deserve.

Thank you.

As the great Mississippian B.B. King once said, "The beautiful thing about learning is that no one can take it away from you."

Those who pushed long-term school closures would have taken that opportunity away from our children. In other states, students remained out of the classroom and locked away from their teachers and their peers.

But we chose to not let that happen. Teachers in Mississippi did not, and will not, back down amid this unprecedented educational battle between a virus and a child's right to learn.

That is why we must give our teachers the pay raise they deserve.

Y'all know that I am a conservative. Many of you are too. As conservatives, we believe in rewarding hard work and success. There is no doubt that Mississippi teachers fit that mold.

I'm confident that in this session, working together, we will get a significant teacher pay raise done. It is my number one priority. Credit goes to where credit is due and in COVID-19, Mississippi teachers deserve the credit.

There is one cloud on the horizon for our schools and it's one that we need to address.

Across the country, there is a looming threat in too many schools. It is propaganda that seeks to divide us. It's what's called critical race theory. It doesn't really matter what you call it. And I'm not interested in semantics. I'm interested in the integrity of our civic education. In too many schools in other states, they teach the lie that America is inherently racist. They teach students that by virtue of the color of your skin you are inherently a victim or oppressor. They teach this for a purpose.

It is designed to allow a small group of ideologues to pose as saviors—false heroes. It is arrogance and ambition, masquerading as education. When you are a victim by birth, only their generosity can save you. When you are an oppressor by birth, only your silent cooperation with their radical worldview can sanctify you.

There is no country on this earth without sin in its past. That is because there is no person on this earth without sin. Sin is inherent in the human condition. Injustice is still too present today. We must teach that truth. We must learn from our history.

But we can also proudly teach that America is the first nation in history to be born of ideals—not just blood and soil. We are not a nation created by a tribe, but a melting pot of people committed to common purpose.

We work to live up to those ideals every single day. Yes, sometimes, we fall short. But then we get up. We keep stretching towards that promise, enshrined in our founding documents: that all Americans are created equal with rights bestowed by their creator.

With the radical founding of America, we set the world on a course towards greater prosperity and freedom. Racism is not unique to America. Injustice is not unique to America. It is endemic in humanity because humanity is sinful. But the American notion

that God grants rights that no one can take away – that notion is still transforming the entire planet.

When we teach American children to fear one another because of their skin, we reverse the great trend towards achieving our American dream. The promise of America is replaced with a vicious lie: that you are doomed to failure or evil based on your race. We must stop this trend in its tracks, and we can do our part in Mississippi.

Today, I am calling on the State Board of Education to adopt the values that combat critical race theory in their educational efforts. To affirm that Mississippi's public educators will not indoctrinate students in ideology that insists this country, or this state, are inherently racist. We will not teach that your race determines your status as a victim or oppressor. No school district shall teach that one race is inherently superior or that an individual is unconsciously or inherently racist because of how they are born. No child will be divided or humiliated because of their race. We will strive for equality, and our education will support that aspiration.

This is an important common step we can take to ensure that Mississippi is committed to equality. Honesty about our past, and bold and optimistic determination about our future.

The legislature can bolster that effort by passing legislation to this effect. We will teach all of our history — good and bad. And that will lead to a brighter future. I know that our teachers can and will lead the way and I ask the legislature to set down that path.

These investments in our schools are not a pipe dream.

We can afford them. We can afford them in large part, because of our economic resilience.

Mississippi continues to be in the best fiscal shape and the best financial shape in its history. Mississippi ended the year a billion dollars over revenue estimates.

This was not an accident.

We kept our businesses open and helped ensure Mississippians could continue putting food on their table. And they kept working. Bravely and calmly and rationally, they put on their boots, they showed up for work, and our state is better for it.

We also refuse to incentivize the opposite. Mississippi was one of the first states to end the massive pandemic unemployment benefits, because we knew we needed to return to meaningful work. The results are clear:

In November, Mississippi's weekly unemployment claims reached their lowest point since 2018. That's because, in Mississippi, jobs are plentiful. In the four months after we announced the ending of the pandemic unemployment benefits, employers hired at a pace nearly 60 percent faster than before the announcement. In the month of June alone, Mississippi's businesses hired more than 72,000 workers. That's more than any other month in state history.

While we are proud of how we weathered the economic storm, survival is simply not enough.

We should never be satisfied until every Mississippian has access to the best jobs, skills, and upward mobility needed to better themselves and their families.

That's why one of my top priorities is to continue investing in our people. To continue investing in workforce and skills training Mississippians need to thrive in today's economy.

I said in my first address, upon taking this office, that at the end of my time as governor we will measure our success in the wages of our workers. We don't just want people to have any job. We want them to have a career. A family-supporting career that gives them not just a paycheck, but joy.

One of the things we should all be able to agree on, is that together, we passed one of the most consequential pieces of workforce development legislation in Mississippi's history. When we created Accelerate Mississippi, we set our state up to better prepare Mississippians for the jobs of the next 50 years, not the jobs of the last 50 years. Through that legislation, we were able to streamline our workforce development efforts to ensure we have a clear strategy – a strategy that will meet the needs of employers and fill the vacancies for jobs that offer above average wages.

To date, we have awarded over \$11.5 million in RESTORE Act funds towards high-value workforce development programs. Additionally, Accelerate has awarded almost \$12 million in grants to get more people into good careers.

Careers like commercial trucking, advanced manufacturing, welding, utility line working, and fiber. They pay well and they offer security.

Doing things the right way to build a skilled labor pool takes time. Companies realize this and so should we. Our work is just beginning. Months, and in some cases years, for people to acquire the skills they need to obtain these high-paying jobs.

The time is now to continue building the pipeline. In my most recent Executive Budget Recommendation I proposed allocating \$130 million in American Rescue Plan Act funds to support this effort. I believe that if we make this investment, Mississippi will develop that workforce of the future and set up our state for success for years to come.

We also know that for Mississippi to grow, we must attract more economic activity. We need to be bold. We need to attract the kind of work that creates wealth for all Mississippians.

First, we need to take care of the basics. We have a historic opportunity to invest in our core infrastructure – to take nearly \$2 billion of federal money and put it into real, transformative projects.

I want to echo and appreciate the sentiment from Lieutenant Governor Hosemann: We must stay focused on those investments that will have an impact not for one or two years, but for one or two generations. I whole-heartedly support his plan to put the bulk of that money into local infrastructure projects that can put those concerns behind us for years.

We also need to consider how to attract those companies and economic projects that transform communities—create generational wealth and lift families out of poverty.

This does not just happen one project at a time. It takes a bold vision that lasts forever. The heart of that vision is the elimination of the state's income tax.

By eliminating the income tax, we can put ourselves in a position to stand out. We can win those projects. We can throw out the welcome mat for the dreamers and the visionaries. We can have more money circulating in our economy. And it can lead to more wealth for all Mississippians.

I am begging Mississippi legislators to be bold. Give us another arrow in our quiver to attract more capital and to continue to transform our economy.

When someone in California or Illinois or even Louisiana decides to start their own business, let's make them consider doing it right here in Mississippi. Let's tell them that they are guaranteed to keep more of the first dollar of profit they earn if they come to our state.

The only way to make Mississippi a magnet for the entrepreneurs of our nation is to show them our unmatched culture – married to an unbeatable tax code.

I know that many of you have already demonstrated an appetite for such boldness, and I want to thank you. In the House, Republicans and Democrats voted overwhelmingly for their chamber's bipartisan tax plan, which would eliminate the income tax. Speaker Gunn and Chairman Lamar, thank you for your hard work and your commitment to this ongoing effort. If we can eliminate the income tax, we will achieve an historic victory for this state. We can become a place that money flows more freely, and all Mississippians will benefit.

Please do not let this moment pass without achieving something big. We can invest in our workers, water, and workforce. We can attract more wealth that can transform our economic potential. We can grow this great state to achieve what we all know we are capable of. That should be our ambition throughout this session.

We are governing in a time of plenty. Good decisions have brought us a great harvest.

If we do not lead boldly, when this time of great resources passes, I believe we will look back with regret. We have done the hard work to secure our fiscal situation. Now let us return that largesse to the people and unleash Mississippi's economy.

We know that our economic situation would not be so secure if it were not for our handling of the COVID-19 pandemic. We have lost many Mississippians to this virus. And we mourn their loss every day.

We also know we cannot lock ourselves away behind screens and live in fear. We choose to protect ourselves as we see fit. We choose to reject panic and embrace a life worth living.

And here in Mississippi, we realize that your life is a gift from God, and it is sacred. That comes straight from His word, which reads in Deuteronomy: "I call heaven and earth to witness against you today, that I have set before you life and death, blessing and curse. Therefore choose life, that you and your offspring may live, loving the Lord your God, obeying his voice and holding fast to him, for he is your life and length of days."

In this time of fear, there are many who have suffered from despair. They have wondered if their lives are worth keeping. I want to tell all of you—anyone who needs to hear it—that you are loved. You are valued. Your life has purpose and your life has meaning. Your state needs you. Even if you don't know it, your life is a blessing to others. We are glad that you are here, living and with us.

I pray for the same protection over those who are most vulnerable. Those who need our protection more than any other. Those innocent Mississippi children whose lives are precious. I pray every one of them can be regarded with the same basic respect. That most core human right: the right to life. The right of these children not to be killed before having the chance to be heard.

Mississippians are leading the charge to defend those children. Mississippi and the Supreme Court's landmark case is on a path to preserving millions of lives for generations to come. There is no excuse for America's abortion laws to be closer to the Chinese communists than the rest of the western world.

If we are successful before the Supreme Court, our work will not be done. We must acknowledge and champion the fact that being pro-life is about more than being anti-abortion. We should be doing everything in our power to make Mississippi the most family-oriented state in the country. We should be doing everything in our power to make Mississippi the safest and most supportive state in the country for mothers. And we should be doing everything in our power to promote a culture of life.

In the coming months, we will be promoting plans to further protect mothers in our state. To ensure that they don't just receive the basics—that they get the best possible care during their pregnancy.

We will work to make it even easier to adopt a Mississippi child into a forever home. We will go further than preventing abortion.

I have been proud to push for laws that restrict abortion and protect innocent life. But I do not pretend that those laws mean the work for life is done.

We will lead in the effort to be pro-life in every sense of the word. It is vitally important, and I will be asking all of our legislative allies to commit to that work together.

Another area where our collaboration is going to be key, is improving Mississippi's corrections system. Two years ago, as I took office, we were facing prison riots that resulted in serious violence.

To address the issues in the system, we needed a cultural reset. To ensure that we took control and took proper care of those who were serving time. To preserve the safety of our citizens, we needed to stem the rising tide of violence.

I am proud to say that culture overhaul is happening. The system is different than it was two years ago. We are making incredible progress. Under the leadership of Commissioner Cain, we are hiring more guards. We are combatting gang violence. We are turning the tide and we are taking control.

Time in prison often leads to despair. When you have a lack of hope, you don't just serve your time. You commit to a life of crime. And instead of returning to society, having taken your discipline, the cycle of violence continues. The inmate returns.

We can break that cycle, for hundreds of inmates, and that will lead us to a safer state. We are committed to offering hope of a better life. That begins with opportunity. Today, in state prisons, we are working hard to offer training and meaningful work. That can not only fill the days, it can set an offender up for a peaceful life on the outside.

Just last month, Commissioner Cain unveiled a mobile welding training center that will help train inmates for a career in welding, post-release. The mobile welding training center – which by the way was not paid for with taxpayer funds – can train 32 inmates at a time and will rotate between prisons every 90 days. At the end of the program, trainees who complete it will receive a certification that they can use to find a job.

But that's not the only program we're leveraging to train inmates. For example, the Automotive Service Excellence Certification, where inmates can learn to work on car motors and small engines. Or the National Center for Construction Education and Research Certification, which prepares enrollees in a variety of skills that will help translate to jobs in the construction industry. These programs work, and we need more of them.

Now, some of you may be asking yourself, why should we be offering these types of opportunities to those who have been convicted of a crime? Why should we allocate funds towards educational opportunities for those who are incarcerated? The answer is actually pretty straightforward – because it's a wise investment.

The proof is in the numbers. The average cost to house an inmate in 2020 was over \$50 a day. The cost for vocational training, depending on the program, is approximately \$2,000 a year. The question you may ask is, well is it worth it? The short answer is an emphatic yes.

Here's why. In 2020, the general recidivism rate in Mississippi was 37.4 percent. According to the Department of Corrections, initial data shows that under Commissioner Cain's leadership, the recidivism rate for those who have completed re-entry and vocational training is less than half that.

What does that mean for you? As a taxpayer, a \$2,000 investment can save you over \$18,000 a year. But most importantly, there will be fewer crimes, fewer victims, safer communities, and a skilled workforce that has a second chance at life.

If we want to break the cycle of recidivism, we must invest in a cycle of education and learning. That's why in my most recent Executive Budget Recommendation, I proposed allocating \$2 million for re-entry programs geared toward Mississippians who will be eligible for parole within six months. Additionally, I've proposed funding to expand the work release pilot program – that has already shown so much promise – to each of Mississippi's 82 counties.

I think and we can all agree that no matter how much we invest in training for those reentering society, there will always be a crime element present. It will never be completely eliminated.

That is tragically obvious today. In 2020, our capital city set a record of 130 murders. In 2021, it increased to over 150 murders. That is unacceptable. Let's put these numbers in perspective. In the city of Atlanta, there was a historic crime wave. People there are rushing to reform – electing new city leadership promising to combat the violence. They saw 158 murders in 2021. In Jackson, Mississippi, even though Atlanta is more than triple our size, we saw roughly the same number of murders in that year. The rate of killings in Jackson is three times worse than Chicago. It is worse than St. Louis, Baltimore, and Memphis. The violence scars families for generations. Our community is torn apart by senseless acts of mayhem. If our state is to thrive, we need a capital city of order. Governed by laws, not abandoned to daily violence. We all have an interest in stopping this deadly cycle.

We can do our part to go down a brighter road. Create a capital city that is vibrant, full of life, and safe. A capital city where residents don't have to fear for their safety. A capital city where parents can let their children run around in the yard without having to fear if they'll be home for dinner.

I believe that Jackson still exists. I have faith that we have what it takes to make Jackson a city that is a hub for business and capital investment. A city where jobs are plentiful, and opportunity is only limited by how hard you want to work.

Reasonable citizens must take back control from those who only wish harm to their neighbors. Their day is ending in Jackson. The men and women of local law enforcement will always be the first line of defense. The frontline officers who feel abandoned cannot be left to their own devices. That is why I have championed an expansion of the scope of our Capitol Police force. To support local law enforcement and to bring peace back to Jackson.

To our law enforcement officers who wake up every day, put on the badge, and risk their own personal safety to protect and serve us, thank you. As long as I'm governor, I will do everything I can to provide you with the tools and resources you need to keep us, and yourself, safe.

That's why I want to work with the legislature to get you the support you need. It's why I proposed doubling the size of our Capitol Police, so there will be more boots on the ground as you perform your shifts in the Capitol Complex Improvement District. I've said it before and I'll say it again, we have a lot of brave men and women in blue – there's just not enough of them. Doubling the size of our Capitol Police, is the first, most immediate action we can take within the State's jurisdiction. We have the ability to do it, and we must.

We also know that alone is not enough. Capturing violent criminals does nothing if our justice system puts them right back on the streets. I am eager to work with the legislature to develop resources for targeted prosecution and conviction of violent felons here. Catch and release has caused nothing but record crime and chaos. All of us can agree on that. We need to find those who are leading the efforts to flood our capital with illegal drugs and guns—and put them behind bars where they belong. We need to bring focused attention to those orchestrating these efforts. Not to catch more people speeding or loitering. But to arrest, charge, and eradicate the ringleaders who make life hell for the peaceful residents of Jackson.

After the day's shifts have ended, and our law enforcement officers head back to their families, that doesn't mean our support of the men and women in blue is over. It doesn't mean we should stop recognizing the sacrifices they make daily. It doesn't mean we should forget about their gallant actions over the last two years, or the expanded duties placed upon them because of the pandemic. It's one of the reasons why I authorized \$1,000 in one-time hazard pay for each sworn state law enforcement officer who actively served during the COVID-19 State of Emergency. Today, I call on the legislature to do the same for local law enforcement.

Over the last two years, some of our law enforcement officers made the ultimate sacrifice in their service to us. We have benefits in place for those who fell at the hands of violence or in other tragic circumstances in the line of duty. These officers fell victim to an enemy that couldn't even be seen – COVID-19. These officers will never again make it home to their families. There will be missed birthdays, graduations, weddings, birth of children, and more. And if they contracted the virus while serving and protecting, that should be counted as a line of duty death. That's why this session, we need to appropriate additional money towards the Law Enforcement Officers and Firefighters Death Benefits Trust Fund. Doing so will be a final act of gratitude to the men and women who gave it all to keep us safe.

To all our law enforcement officers, Mississippi will always back the blue. Again, thank you for everything you've done and thank you for everything you will do.

We have many great opportunities before us. We can look back on what we've survived. We can look back on the gains we've accomplished. And we can be proud of one another. We must also dedicate ourselves to more hard work. To tackle those challenges and seize chances for greatness. We can do amazing things together if we focus on doing what's right. And, if we have the fortitude to do what's right, boldly. I know that each of you can commit to that goal, and if so, we will serve our neighbors well.

Thank you. God bless you. And God bless the state of Mississippi.

At 4:55 PM on motion of Lt. Governor Delbert Hosemann, the Joint Session was dissolved.

It is the public policy of the State of Mississippi that no contract entered into by a cardholder, a medical cannabis establishment, or a medical cannabis establishment agent, or by a person who allows property to be used for activities that are authorized under this chapter, shall be unenforceable on the basis that activities related to cannabis are prohibited by federal law.

The MDOH shall approve or deny a petition within sixty (60) days of its submission.

(2) The approval or denial of any petition is a final decision of the MDOH. Any person aggrieved by a final decision may obtain judicial review thereof in accordance with Section 31 of this act.

SECTION 10. Acts not required and acts not prohibited. (1) Nothing in this chapter requires a government medical assistance program or private insurer to reimburse a person for costs associated with the medical use of medical cannabis.

The main point of entry of a medical cannabis establishment shall not be located within one thousand (1,000) feet of the nearest property boundary line of any school, church or child care facility. A medical cannabis establishment may receive a waiver to this distance restriction by receiving approval from the school, church or child care facility and by applying for a waiver with its respective licensing agency, provided that the main point of entry of the cannabis establishment is not located within five hundred (500) feet of the nearest property boundary line of any school, church or child care facility.

(4) A municipality or county may require a medical cannabis establishment to obtain a local license, permit or registration to operate, and may charge a reasonable fee for the local license, permit or registration, provided that this fee is consistent with fees charged to businesses that are not involved in the cannabis industry.

(5) No medical cannabis dispensary may be located within a one-thousand-five-hundred-foot radius from the main point of entry of the dispensary to the main point of entry of another medical cannabis dispensary. If the sole basis of denial by the licensing agency in refusing to issue the medical cannabis dispensary a license to operate is that the dispensary fails the distance requirement of this subsection (5), then the licensing agency may refund all or part of the license application fee in Section 18(5) of this act to the applicant.

SECTION 20. Requirements, prohibitions and penalties. (1) Medical cannabis establishments shall conduct a background check into the criminal history of every person seeking to become a principal officer, board member, agent, volunteer, or employee before the person begins working at or for the medical cannabis establishment.

- (d) Not believe that the amount of medical cannabis dispensed would cause the person to possess more than the allowable amount of medical cannabis.

(10) A medical cannabis establishment shall not sell more than the allowable amount of medical cannabis to a cardholder. A resident cardholder shall not obtain more than a total of six (6) MMCEUs of allowable medical cannabis in a week from a dispensary or a combination of dispensaries. Edible cannabis products, including food or drink products, that have been combined with usable cannabis or cannabis products shall be physically demarked and labeled with a clear determination of how much total THC is in a single-serving size and how much THC is in the entire package.

A medical cannabis product shall contain a notice of harm regarding the use of cannabis products. Edible cannabis products shall be homogenized to ensure uniform disbursement of cannabinoids throughout the product. All molded edible cannabis products shall be presented in the form of geometric shapes and shall not be molded to contain any images or characters designed or likely to appeal to minors, such as cartoons, toys, animals or children.

(12) A dispensary may not dispense more than the allowable amount of cannabis to a registered qualifying patient or a nonresident cardholder, directly or via a registered designated caregiver. Dispensaries shall ensure compliance with this limitation by maintaining internal, confidential records that include records specifying how much medical cannabis is being dispensed to the registered qualifying patient or nonresident cardholder and whether it was dispensed directly to a registered qualifying patient, nonresident cardholder or to the registered designated caregiver.

If the authority accepts one (1) of such bids, it shall be that which is the lowest and best. Through December 31, 2022, the provisions of this paragraph shall not apply to acquisitions of information technology equipment and services made by the Mississippi Department of Health and/or the Mississippi Department of Revenue for the purposes of implementing, administering and/or enforcing the provisions of the Mississippi Medical Cannabis Act.

(u) The authority shall increase federal participation in the cost of the State Data Center to the extent provided by law and its shared technology infrastructure through providing such shared services to agencies that receive federal funds. With regard to state institutions of higher learning and community colleges, the authority may provide shared services when mutually agreeable, following a determination by both the authority and the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, as the case may be, that the sharing of services is mutually beneficial.

(v) The authority, in its discretion, may require new or replacement agency business applications to be hosted at the State Data Center. With regard to state institutions of higher learning and community colleges, the authority and the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, as the case may be, may agree that institutions of higher learning or community colleges may utilize business applications that are hosted at the State Data Center, following a determination by both the authority and the applicable board that the hosting of those applications is mutually beneficial. In addition, the authority may establish partnerships to capitalize on the advanced technology resources of the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, following a determination by both the authority and the applicable board that such a partnership is mutually beneficial.

These funds shall only be utilized to pay the actual costs incurred by the Mississippi Department of Information Technology Services for providing these shared services to state agencies. Furthermore, state agencies shall work in full cooperation with the Board of the Mississippi Department of Information Technology Services to identify computer equipment or services to minimize

duplication, reduce costs, and improve the efficiency of providing common technology services across agency boundaries.

The governing authority of each county and municipality may create playgrounds and public parks, and for these purposes, each of such governing authorities shall possess the power, where requisite, of eminent domain and the right to apply public money thereto, and may issue bonds therefor as otherwise permitted by law.

(2) Local land use regulation ordinances involving the placement, screening, or height of amateur radio antenna structures must reasonably accommodate amateur communications and must constitute the minimum practicable regulation to accomplish local authorities' legitimate purposes of addressing health, safety, welfare and aesthetic considerations. Judgments as to the types of reasonable accommodation to be made and the minimum practicable regulation necessary to address these purposes will be determined by local governing authorities within the parameters of the law. This

legislation supports the amateur radio service in preparing for and providing emergency communications for the State of Mississippi and local emergency management agencies.

SECTION 37. Section 19-5-9, Mississippi Code of 1972, is brought forward as follows:

19-5-9. The construction codes published by a nationally recognized code group which sets minimum standards and has the proper provisions to maintain up-to-date amendments are adopted as minimum standard guides for building, plumbing, electrical, gas, sanitary, and other related codes in Mississippi. Any county within the State of Mississippi, in the discretion of the board of supervisors, may adopt building codes, plumbing codes, electrical codes, sanitary codes, or other related codes dealing with general public health, safety or welfare, or a combination of the same, within but not exceeding the provisions of the construction codes published by nationally recognized code groups, by order or resolution in the manner prescribed in this section, but those codes so adopted shall apply only to the unincorporated areas of the county. However, those codes shall not apply to the erection, maintenance, repair or extension of farm buildings or farm structures, except as may be required under the terms of the "Flood Disaster Protection Act of 1973," and shall apply to a master planned community as defined in Section 19-5-10 only to the extent allowed in Section 19-5-10. The provisions of this section shall not be construed to authorize the adoption of any code which applies to the installation, repair or maintenance of electric wires, pipelines, apparatus, equipment or devices by or for a utility rendering public utility services, required by it to be utilized in the rendition of its duly authorized service to the public. Before any such code shall be adopted, it shall be either printed or typewritten and shall be presented in pamphlet form to the board of supervisors at a regular meeting. The order or resolution adopting the code shall not set out the code in full, but shall merely identify the same. The vote or passage of the order or resolution shall be the same as on any other order or resolution. After its adoption, the code or codes shall be certified to by the president and clerk of the board of supervisors and shall be filed as a permanent record in the office of the clerk who shall not be required to transcribe and record the same in the minute book as other orders and resolutions.

If the board of supervisors of any county adopts or has adopted construction codes which do not have proper provisions to maintain up-to-date amendments, specifications in such codes for cements used in portland cement concrete shall be superseded by nationally recognized specifications referenced in any code adopted by the Mississippi Building Code Council.

All provisions of this section shall apply to amendments and revisions of the codes mentioned in this section. The provisions of this section shall be in addition and supplemental to any existing laws authorizing the adoption, amendment or revision of county orders, resolutions or codes.

Any code adopted under the provisions of this section shall not be in operation or force until sixty (60) days have elapsed from the adoption of same; however, any code adopted for the immediate preservation of the public health, safety and general welfare may be effective from and after its adoption by a unanimous vote of the members of the board. Within five (5) days after the adoption or passage of an order or resolution adopting that code or codes the clerk of the board of supervisors shall publish in a legal newspaper published in the county the full text of the order or resolution adopting and approving the code, and the publication shall be inserted at least three (3) times, and shall be completed within thirty (30) days after the passage of the order or resolution.

Any person or persons objecting to the code or codes may object in writing to the provisions of the code or codes within sixty (60) days after the passage of the order or resolution approving same, and if the board of supervisors adjudicates that ten percent (10%) or more of the qualified electors residing in the affected unincorporated areas of the county have objected in writing to the code or codes, then in such event the code shall be inoperative and not in effect unless adopted for the immediate preservation of the public health, safety and general welfare until approved by a special election called by the board of supervisors as other special elections are called and conducted by the election commissioners of the county as other special elections are conducted, the special election to be participated in by all the qualified electors of the county residing in the unincorporated areas of the county. If the voters approve the code or codes in the special

election it shall be in force and in operation thereafter until amended or modified as provided in this section. If the majority of the qualified electors voting in the special election vote against the code or codes, then, in such event, the code or codes shall be void and of no force and effect, and no other code or codes dealing with that subject shall be adopted under the provisions of this section until at least two (2) years thereafter.

After any such code shall take effect the board of supervisors is authorized to employ such directors and other personnel as the board, in its discretion, deems necessary and to expend general county funds or any other funds available to the board to fulfill the purposes of this section.

For the purpose of promoting health, safety, morals or the general welfare of the community, the governing authority of any municipality, and, with respect to the unincorporated part of any county, the governing authority of any county, in its discretion, is empowered to regulate the height, number of stories and size of building and other structures, the percentage of lot that may be occupied, the size of the yards, courts and other open spaces, the density or population, and the location and use of buildings, structures and land for trade, industry, residence or other purposes, but no permits shall be required except as may be required under the terms of the "Flood Disaster Protection Act of 1973" for the erection, maintenance, repair or extension of farm buildings or farm structures outside the corporate limits of municipalities.

The authority granted in this section is cumulative and supplemental to any other authority granted by law.

Notwithstanding any provision of this section to the contrary, any code adopted by a county before or after April 12, 2001, is subject to the provisions of Section 41-26-14(10).

Notwithstanding any provision of this section to the contrary, the Boards of Supervisors of Jackson, Harrison, Hancock, Stone and Pearl River Counties shall enforce the requirements imposed under Section 17-2-1 as provided in such section.

(3) Specific statutory provisions which govern agency proceedings and which are in conflict with any of the provisions of this chapter shall continue to be applied to all proceedings of any such agency to the extent of such conflict only.

(4) The provisions of this chapter shall not be construed to amend, repeal or supersede the provisions of any other law; and, to the extent that the provisions of any other law conflict or are inconsistent with the provisions of this chapter, the provisions of such other law shall govern and control.

(5) An agency may grant procedural rights to persons in addition to those conferred by this chapter so long as rights conferred upon other persons by any provision of law are not substantially prejudiced.

SECTION 39. Section 25-43-2.101, Mississippi Code of 1972, is brought forward as follows:

25-43-2.101. (1) Subject to the provisions of this chapter, the Secretary of State shall prescribe a uniform numbering system, form, style and transmitting format for all proposed and adopted rules caused to be published by him and, with prior approval of each respective agency involved, may edit rules for publication and codification without changing the meaning or effect of any rule.

(2) The Secretary of State shall cause an administrative bulletin to be published in a format and at such regular intervals as the Secretary of State shall prescribe by rule. Upon proper filing of proposed rules, the Secretary of State shall publish them in the administrative bulletin as expeditiously as possible. The administrative bulletin must contain:

(a) Notices of proposed rule adoption prepared so that the text of the proposed rule shows the text of any existing rule proposed to be changed and the change proposed;

(b) Any other notices and materials designated by law for publication therein; and

(c) An index to its contents by subject.

(3) The Secretary of State shall cause an administrative bulletin to be published in a format and at such regular intervals as the Secretary of State shall prescribe by rule. Upon proper filing of newly adopted rules, the Secretary of State shall publish them as expeditiously as possible. The administrative bulletin must contain:

(a) Newly filed adopted rules prepared so that the text shows the text of any existing rule being changed and the change being made;

(b) Any other notices and materials designated by law for publication therein; and

(c) An index to its contents by subject.

(4) The Secretary of State retains the authority to reject proposed and newly adopted rules not properly filed in accordance with the Secretary of State's rules prescribing the numbering system, form, style or transmitting format for such filings. The Secretary of State shall not be empowered to reject filings for reasons of the substance or content or any proposed or newly adopted rule. The Secretary of State shall notify the agency of its rejection of a proposed or newly adopted rule as expeditiously as possible and accompany such notification with a stated reason for the rejection. A rejected filing of a proposed or newly adopted rule does not constitute filing pursuant to Section 25-43-3.101 et seq. of this chapter.

(5) (a) The Secretary of State shall cause an administrative code to be compiled, indexed by subject and published in a format prescribed by the Secretary of State by rule. All of the effective rules of each agency must be published and indexed in that publication. The Secretary of State shall also cause supplements to the administrative code to be published in a format and at such regular intervals as the Secretary of State shall prescribe by rule.

(b) The Joint Legislative Committee on Compilation, Revision and Publication of Legislation is hereby authorized to contract with a reputable and competent publishing company on such terms and conditions and at such prices as may be deemed proper to digest, compile, annotate, index and publish the state agency rules and regulations.

(6) (a) Copyrights of the Mississippi Administrative Code, including, but not limited to, cross references, tables of cases, notes of decisions, tables of contents, indices, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations, shall be taken by and in the name of the publishers of said compilation. Such publishers shall thereafter promptly assign the same to the State of Mississippi and said copyright shall be owned by the state.

(b) Any information appearing on the same leaf with the text of any rule or regulation may be incidentally reproduced in connection with the reproduction of such rule or regulation, if such reproduction is for private use and not for resale.

(7) The Secretary of State may omit from the administrative bulletin or code any proposed or filed adopted rule, the publication in hard copy of which would be unduly cumbersome, expensive or otherwise inexpedient, if:

(a) Knowledge of the rule is likely to be important to only a small class of persons;

(b) On application to the issuing agency, the proposed or adopted rule in printed or processed form is made available at no more than its cost of reproduction; and

(c) The administrative bulletin or code contains a notice stating in detail the specific subject matter of the omitted proposed or adopted rule and how a copy of the omitted material may be obtained.

(8) The administrative bulletin and administrative code with supplements must be furnished to designated officials without charge and to all subscribers at a reasonable cost to be determined by the Secretary of State. Each agency shall also make available for public inspection and copying those portions of the administrative bulletin and administrative code containing all rules adopted or used by the agency in the discharge of its functions, and the index to those rules.

(3) The rule-making docket must list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by proper filing with the Secretary of State of a notice of proposed rule adoption, to the time it is terminated by the filing with the Secretary of State of a notice of termination or the rule becoming effective. For each pending rule-making proceeding, the docket must indicate:

An agency may mail the copy to the person and may charge the person a reasonable fee for such service, which fee may be in excess of the actual cost of providing the person with a mailed copy. Alternatively, the agency may provide the copy via the Internet or by transmitting it to the person by electronic means, including, but not limited to, facsimile transfer or e-mail at no charge to the person, if the person consents to this form of delivery.

SECTION 42. Section 25-43-3.104, Mississippi Code of 1972, is brought forward as follows:

25-43-3.104. (1) For at least twenty-five (25) days after proper filing with the Secretary of State of the notice of proposed rule adoption, an agency shall afford persons the opportunity to submit, in writing, argument, data and views on the proposed rule.

(2) (a) An agency, in its discretion, may schedule an oral proceeding on any proposed rule. However, an agency shall schedule an oral proceeding on a proposed

rule if, within twenty (20) days after the proper filing of the notice of proposed rule adoption, a written request for an oral proceeding is submitted by a political subdivision, an agency or ten (10) persons. At that proceeding, persons may present oral or written argument, data and views on the proposed rule.

(b) An oral proceeding on a proposed rule, if required, may not be held earlier than twenty (20) days after notice of its location and time is properly filed with the Secretary of State for publication in the administrative bulletin. Within three (3) days after its proper filing with the Secretary of State for publication in the administrative bulletin, the agency shall cause a copy of the notice of the location and time of the oral proceeding to be mailed to each person who has made a timely request to the agency to be placed on the mailing list maintained by the agency of persons who have requested notices of proposed rule adoptions.

(c) The agency, a member of the agency, or another presiding officer designated by the agency shall preside at a required oral proceeding on a proposed rule. Oral proceedings must be open to the public and may be recorded by stenographic or other means.

(d) An agency may issue rules for the conduct of oral rule-making proceedings or prepare reasonable guidelines or procedures for the conduct of any such proceedings. Those rules may include, but not be limited to, provisions calculated to prevent undue repetition in the oral proceedings.

SECTION 43. Section 25-43-3.105, Mississippi Code of 1972, is brought forward as follows:

25-43-3.105. (1) Prior to giving the notice required in Section 25-43-3.103, each agency proposing the adoption of a rule or significant amendment of an existing rule imposing a duty, responsibility or requirement on any person shall consider the economic impact the rule will have on the citizens of our state and the benefits the rule will cause to accrue to those citizens. For purposes of this section, a "significant amendment" means any amendment to a rule for which the total aggregate cost to all persons required to comply with that rule exceeds One Hundred Thousand Dollars (\$100,000.00).

(2) Each agency shall prepare a written report providing an economic impact statement for the adoption of a rule or significant amendment to an existing rule imposing a duty, responsibility or requirement on any person, except as provided in subsection (7) of this section. The economic impact statement shall include the following:

(a) A description of the need for and the benefits which will likely accrue as the result of the proposed action;

(b) An estimate of the cost to the agency, and to any other state or local government entities, of implementing and enforcing the proposed action, including the estimated amount of paperwork, and any anticipated effect on state or local revenues;

(c) An estimate of the cost or economic benefit to all persons directly affected by the proposed action;

(d) An analysis of the impact of the proposed rule on small business;

(e) A comparison of the costs and benefits of the proposed rule to the probable costs and benefits of not adopting the proposed rule or significantly amending an existing rule;

(f) A determination of whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rule where reasonable alternative methods exist which are not precluded by law;

(g) A description of reasonable alternative methods, where applicable, for achieving the purpose of the proposed action which were considered by the agency and a statement of reasons for rejecting those alternatives in favor of the proposed rule; and

(h) A detailed statement of the data and methodology used in making estimates required by this subsection.

(3) No rule or regulation shall be declared invalid based on a challenge to the economic impact statement for the rule unless the issue is raised in the agency proceeding. No person shall have standing to challenge a rule, based upon the economic impact statement or lack thereof, unless that person provided the agency with information sufficient to make the agency aware of specific concerns regarding the statement in an oral proceeding or in written comments regarding the rule. The grounds for invalidation

of an agency action, based upon the economic impact statement, are limited to the agency's failure to adhere to the procedure for preparation of the economic impact statement as provided in this section, or the agency's failure to consider information submitted to the agency regarding specific concerns about the statement, if that failure substantially impairs the fairness of the rule-making proceeding.

(4) A concise summary of the economic impact statement must be properly filed with the Secretary of State for publication in the administrative bulletin and the period during which persons may make written submissions on the proposed rule shall not expire until at least twenty (20) days after the date of such proper filing.

(5) The properly filed summary of the economic impact statement must also indicate where persons may obtain copies of the full text of the economic impact statement and where, when and how persons may present their views on the proposed rule and demand an oral proceeding on the proposed rule if one is not already provided.

(6) If the agency has made a good-faith effort to comply with the requirements of subsections (1) and (2) of this section, the rule may not be invalidated on the ground that the contents of the economic impact statement are insufficient or inaccurate.

(7) This section does not apply to the adoption of:

(a) Any rule which is required by the federal government pursuant to a state/federal program delegation agreement or contract;

(b) Any rule which is expressly required by state law; and

(c) A temporary rule adopted pursuant to Section 25-43-3.108.

SECTION 44. Section 25-43-3.106, Mississippi Code of 1972, is brought forward as follows:

25-43-3.106. (1) An agency may not adopt a rule until the period for making written submissions and oral presentations has expired.

(2) Following the proper filing with the Secretary of State of the notice of proposed rule adoption, an agency shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by proper filing with the Secretary of State of a notice to that effect for publication in the administrative bulletin.

(3) Before the adoption of a rule, an agency shall consider the written submissions, oral submissions or any memorandum summarizing oral submissions, and any economic impact statement, provided for by this Article III.

(4) Within the scope of its delegated authority, an agency may use its own experience, technical competence, specialized knowledge and judgment in the adoption of a rule.

SECTION 45. Section 25-43-3.107, Mississippi Code of 1972, is brought forward as follows:

25-43-3.107. (1) An agency shall not adopt a rule that differs from the rule proposed in the notice of proposed rule adoption on which the rule is based unless all of the following apply:

(a) The differences are within the scope of the matter announced in the notice of proposed rule adoption and are in character with the issues raised in that notice;

(b) The differences are a logical outgrowth of the contents of that notice of proposed rule adoption and the comments submitted in response thereto; and

(c) The notice of proposed rule adoption provided fair warning that the outcome of that rulemaking proceeding could be the rule in question.

(2) In determining whether the notice of proposed rule adoption provided fair warning that the outcome of that rulemaking proceeding could be the rule in question, an agency shall consider all of the following factors:

(a) The extent to which persons who will be affected by the rule should have understood that the rulemaking proceeding on which it is based could affect their interests;

(b) The extent to which the subject matter of the rule or issues determined by the rule are different from the subject matter or issues contained in the notice of proposed rule adoption; and

(c) The extent to which the effects of the rule differ from the effects of the proposed rule contained in the notice of proposed rule adoption.

SECTION 46. Section 25-43-3.108, Mississippi Code of 1972, is amended as follows:

25-43-3.108. If an agency finds that an imminent peril to the public health, safety or welfare requires adoption of a rule upon fewer than twenty-five (25) days' notice and states in writing its reasons for that finding, it may proceed without prior notice of hearing or upon any abbreviated notice and hearing that it finds practicable to adopt an emergency rule. The rule may be effective for a period of not longer than one hundred twenty (120) days, renewable once for a period not exceeding ninety (90) days, but the adoption of an identical rule under * * * this Article III is not precluded.

SECTION 47. Section 25-43-3.109, Mississippi Code of 1972, is brought forward as follows:

25-43-3.109. (1) Each rule adopted by an agency must contain the text of the rule and:

- (a) The date the agency adopted the rule;
- (b) An indication of any change between the text of the proposed rule contained in the published notice of proposed rule adoption and the text of the rule as finally adopted, with the reasons for any substantive change;
- (c) Any changes to the information contained in the notice of proposed rule adoption as required by subsection (1)(a), (b) or (c) of Section 25-43-3.103;
- (d) Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule; and
- (e) The effective date of the rule if other than that specified in Section 25-43-3.113(1).

(2) To the extent feasible, each rule should be written in clear and concise language understandable to persons who may be affected by it.

(3) An agency may incorporate, by reference in its rules and without publishing the incorporated matter in full, all or any part of a code, standard, rule or regulation that has been adopted by an agency of the United States or of this state, another state or by a nationally recognized organization or association, if incorporation of its text in agency rules would be unduly cumbersome, expensive or otherwise inexpedient. The reference in the agency rules must fully identify the incorporated matter with an appropriate citation. An agency may incorporate by reference such matter in its rules only if the agency, organization or association originally issuing that matter makes copies of it readily available to the public. The rules must state if copies of the incorporated matter are available from the agency issuing the rule or where copies of the incorporated matter are available from the agency of the United States, this state, another state or the organization or association originally issuing that matter.

(4) In preparing its rules pursuant to this Article III, each agency shall follow the uniform numbering system, form and style prescribed by the Secretary of State.

SECTION 48. Section 25-43-3.110, Mississippi Code of 1972, is brought forward as follows:

25-43-3.110. (1) An agency shall maintain an official rule-making record for each rule it (a) proposes or (b) adopts. The agency has the exclusive authority to prepare and exclusive authority to certify the record or any part thereof, including, but not limited to, any transcript of the proceedings, and the agency's certificate shall be accepted by the court and by any other agency. The record must be available for public inspection.

(2) The agency rule-making record must contain:

- (a) Copies of all notices of proposed rule-making or oral proceedings or other publications in the administrative bulletin with respect to the rule or the proceeding upon which the rule is based;
- (b) Copies of any portions of the agency's public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;
- (c) All written requests, submissions and comments received by the agency and all other written materials considered by the agency in connection with the formulation, proposal or adoption of the rule or the proceeding upon which the rule is based;
- (d) Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, any tape recording or stenographic record of those presentations, and any memorandum prepared by a

presiding official summarizing the contents of those presentations. The word "transcript" includes a written transcript, a printed transcript, an audible audiotape or videotape that is indexed and annotated so that it is readily accessible and any other means that the agency may have by rule provided for the reliable and accessible preservation of the proceeding;

(e) A copy of any economic impact statement prepared for the proceeding upon which the rule is based; and

(f) A copy of the rule and related information set out in Section 25-43-3.109 as filed in the Office of the Secretary of State.

(3) The agency shall have authority to engage such persons and acquire such equipment as may be reasonably necessary to record and preserve in any technically and practicably feasible manner all matters and all proceedings had at any rule-making proceeding.

(4) Upon judicial review, the record required by this section constitutes the official agency rule-making record with respect to a rule. Except as otherwise required by a provision of law, the agency rule-making record need not constitute the exclusive basis for agency action on that rule or for judicial review thereof.

SECTION 49. Section 25-43-3.113, Mississippi Code of 1972, is brought forward as follows:

25-43-3.113. (1) Except to the extent subsection (2) or (3) of this section provides otherwise, each rule adopted after July 1, 2005, becomes effective thirty (30) days after its proper filing in the Office of the Secretary of State.

(2) (a) A rule becomes effective on a date later than that established by subsection (1) of this section if a later date is required by another statute or specified in the rule.

(b) A rule may become effective immediately upon its filing or on any subsequent date earlier than that established by subsection (1) of this section if the agency establishes such an effective date and finds that:

(i) It is required by Constitution, statute or court order;

(ii) The rule only confers a benefit or removes a restriction on the public or some segment thereof;

(iii) The rule only delays the effective date of another rule that is not yet effective; or

(iv) The earlier effective date is necessary because of imminent peril to the public health, safety or welfare.

(c) The finding and a brief statement of the reasons therefor required by paragraph (b) of this subsection must be made a part of the rule. In any action contesting the effective date of a rule made effective under paragraph (b) of this subsection, the burden is on the agency to justify its finding.

(d) A temporary rule may become effective immediately upon its filing or on any subsequent date earlier than that established by subsection (1) of this section.

(e) Each agency shall make a reasonable effort to make known to persons who may be affected by it a rule made effective before any date established by subsection (1) of this section.

(3) This section does not relieve an agency from compliance with any provision of law requiring that some or all of its rules be approved by other designated officials or bodies before they become effective.

SECTION 50. Section 27-7-17, Mississippi Code of 1972, is amended as follows:

27-7-17. In computing taxable income, there shall be allowed as deductions:

(1) Business deductions.

(a) Business expenses. All the ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, including a reasonable allowance for salaries or other compensation for personal services actually rendered; nonreimbursable traveling expenses incident to current employment, including a reasonable amount expended for meals and lodging while away from home in the pursuit of a trade or business; and rentals or other payments required to be made as a condition of the continued use or possession, for purposes of the trade or business of property to which the taxpayer has not taken or is not taking title or in which he had no

equity. Expense incurred in connection with earning and distributing nontaxable income is not an allowable deduction. Limitations on entertainment expenses shall conform to the provisions of the Internal Revenue Code of 1986. There shall also be allowed a deduction for expenses as provided in Section 26 of this act.

(b) Interest. All interest paid or accrued during the taxable year on business indebtedness, except interest upon the indebtedness for the purchase of tax-free bonds, or any stocks, the dividends from which are nontaxable under the provisions of this article; provided, however, in the case of securities dealers, interest payments or accruals on loans, the proceeds of which are used to purchase tax-exempt securities, shall be deductible if income from otherwise tax-free securities is reported as income. Investment interest expense shall be limited to investment income. Interest expense incurred for the purchase of treasury stock, to pay dividends, or incurred as a result of an undercapitalized affiliated corporation may not be deducted unless an ordinary and necessary business purpose can be established to the satisfaction of the commissioner. For the purposes of this paragraph, the phrase "interest upon the indebtedness for the purchase of tax-free bonds" applies only to the indebtedness incurred for the purpose of directly purchasing tax-free bonds and does not apply to any other indebtedness incurred in the regular course of the taxpayer's business. Any corporation, association, organization or other entity taxable under Section 27-7-23(c) shall allocate interest expense as provided in Section 27-7-23(c)(3)(l).

(c) Taxes. Taxes paid or accrued within the taxable year, except state and federal income taxes, excise taxes based on or measured by net income, estate and inheritance taxes, gift taxes, cigar and cigarette taxes, gasoline taxes, and sales and use taxes unless incurred as an item of expense in a trade or business or in the production of taxable income. In the case of an individual, taxes permitted as an itemized deduction under the provisions of subsection (3)(a) of this section are to be claimed thereunder.

(d) Business losses.

(i) Losses sustained during the taxable year not compensated for by insurance or otherwise, if incurred in trade or business, or nonbusiness transactions entered into for profit.

(ii) Limitations on losses from passive activities and rental real estate shall conform to the provisions of the Internal Revenue Code of 1986.

(e) Bad debts. Losses from debts ascertained to be worthless and charged off during the taxable year, if sustained in the conduct of the regular trade or business of the taxpayer; provided, that such losses shall be allowed only when the taxpayer has reported as income, on the accrual basis, the amount of such debt or account.

(f) Depreciation. A reasonable allowance for exhaustion, wear and tear of property used in the trade or business, or rental property, and depreciation upon buildings based upon their reasonable value as of March 16, 1912, if acquired prior thereto, and upon cost if acquired subsequent to that date. In the case of new or used aircraft, equipment, engines, or other parts and tools used for aviation, allowance for bonus depreciation conforms with the federal bonus depreciation rates and reasonable allowance for depreciation under this section is no less than one hundred percent (100%).

(g) Depletion. In the case of mines, oil and gas wells, other natural deposits and timber, a reasonable allowance for depletion and for depreciation of improvements, based upon cost, including cost of development, not otherwise deducted, or fair market value as of March 16, 1912, if acquired prior to that date, such allowance to be made upon regulations prescribed by the commissioner, with the approval of the Governor.

(h) Contributions or gifts. Except as otherwise provided in paragraph (p) of this subsection or subsection (3)(a) of this section for individuals, contributions or gifts made by corporations within the taxable year to corporations, organizations, associations or institutions, including Community Chest funds, foundations and trusts created solely and exclusively for religious, charitable, scientific or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inure to the benefit of any private stockholder or individual. This deduction shall be allowed in an amount not to exceed twenty percent (20%) of the net income. Such contributions or gifts shall be allowable as deductions only if verified under rules and

regulations prescribed by the commissioner, with the approval of the Governor. Contributions made in any form other than cash shall be allowed as a deduction, subject to the limitations herein provided, in an amount equal to the actual market value of the contributions at the time the contribution is actually made and consummated.

(i) Reserve funds - insurance companies. In the case of insurance companies the net additions required by law to be made within the taxable year to reserve funds when such reserve funds are maintained for the purpose of liquidating policies at maturity.

(j) Annuity income. The sums, other than dividends, paid within the taxpayer year on policy or annuity contracts when such income has been included in gross income.

(k) Contributions to employee pension plans. Contributions made by an employer to a plan or a trust forming part of a pension plan, stock bonus plan, disability or death-benefit plan, or profit-sharing plan of such employer for the exclusive benefit of some or all of his, their, or its employees, or their beneficiaries, shall be deductible from his, their, or its income only to the extent that, and for the taxable year in which, the contribution is deductible for federal income tax purposes under the Internal Revenue Code of 1986 and any other provisions of similar purport in the Internal Revenue Laws of the United States, and the rules, regulations, rulings and determinations promulgated thereunder, provided that:

(i) The plan or trust be irrevocable.

(ii) The plan or trust constitute a part of a pension plan, stock bonus plan, disability or death-benefit plan, or profit-sharing plan for the exclusive benefit of some or all of the employer's employees and/or officers, or their beneficiaries, for the purpose of distributing the corpus and income of the plan or trust to such employees and/or officers, or their beneficiaries.

(iii) No part of the corpus or income of the plan or trust can be used for purposes other than for the exclusive benefit of employees and/or officers, or their beneficiaries.

Contributions to all plans or to all trusts of real or personal property (or real and personal property combined) or to insured plans created under a retirement plan for which provision has been made under the laws of the United States of America, making such contributions deductible from income for federal income tax purposes, shall be deductible only to the same extent under the Income Tax Laws of the State of Mississippi.

(l) Net operating loss carrybacks and carryovers. A net operating loss for any taxable year ending after December 31, 1993, and taxable years thereafter, shall be a net operating loss carryback to each of the three (3) taxable years preceding the taxable year of the loss. If the net operating loss for any taxable year is not exhausted by carrybacks to the three (3) taxable years preceding the taxable year of the loss, then there shall be a net operating loss carryover to each of the fifteen (15) taxable years following the taxable year of the loss beginning with any taxable year after December 31, 1991.

For any taxable year ending after December 31, 1997, the period for net operating loss carrybacks and net operating loss carryovers shall be the same as those established by the Internal Revenue Code and the rules, regulations, rulings and determinations promulgated thereunder as in effect at the taxable year end or on December 31, 2000, whichever is earlier.

A net operating loss for any taxable year ending after December 31, 2001, and taxable years thereafter, shall be a net operating loss carryback to each of the two (2) taxable years preceding the taxable year of the loss. If the net operating loss for any taxable year is not exhausted by carrybacks to the two (2) taxable years preceding the taxable year of the loss, then there shall be a net operating loss carryover to each of the twenty (20) taxable years following the taxable year of the loss beginning with any taxable year after the taxable year of the loss.

The term "net operating loss," for the purposes of this paragraph, shall be the excess of the deductions allowed over the gross income; provided, however, the following deductions shall not be allowed in computing same:

(i) No net operating loss deduction shall be allowed.

(ii) No personal exemption deduction shall be allowed.

(iii) Allowable deductions which are not attributable to taxpayer's trade or business shall be allowed only to the extent of the amount of gross income not derived from such trade or business.

Any taxpayer entitled to a carryback period as provided by this paragraph may elect to relinquish the entire carryback period with respect to a net operating loss for any taxable year ending after December 31, 1991. The election shall be made in the manner prescribed by the Department of Revenue and shall be made by the due date, including extensions of time, for filing the taxpayer's return for the taxable year of the net operating loss for which the election is to be in effect. The election, once made for any taxable year, shall be irrevocable for that taxable year.

(m) Amortization of pollution or environmental control facilities. Allowance of deduction. Every taxpayer, at his election, shall be entitled to a deduction for pollution or environmental control facilities to the same extent as that allowed under the Internal Revenue Code and the rules, regulations, rulings and determinations promulgated thereunder.

(n) Dividend distributions - real estate investment trusts. "Real estate investment trust" (hereinafter referred to as REIT) shall have the meaning ascribed to such term in Section 856 of the federal Internal Revenue Code of 1986, as amended. A REIT is allowed a dividend distributed deduction if the dividend distributions meet the requirements of Section 857 or are otherwise deductible under Section 858 or 860, federal Internal Revenue Code of 1986, as amended. In addition:

(i) A dividend distributed deduction shall only be allowed for dividends paid by a publicly traded REIT. A qualified REIT subsidiary shall be allowed a dividend distributed deduction if its owner is a publicly traded REIT.

(ii) Income generated from real estate contributed or sold to a REIT by a shareholder or related party shall not give rise to a dividend distributed deduction, unless the shareholder or related party would have received the dividend distributed deduction under this chapter.

(iii) A holding corporation receiving a dividend from a REIT shall not be allowed the deduction in Section 27-7-15(4)(t).

(iv) Any REIT not allowed the dividend distributed deduction in the federal Internal Revenue Code of 1986, as amended, shall not be allowed a dividend distributed deduction under this chapter.

The commissioner is authorized to promulgate rules and regulations consistent with the provisions in Section 269 of the federal Internal Revenue Code of 1986, as amended, so as to prevent the evasion or avoidance of state income tax.

(o) Contributions to college savings trust fund accounts. Contributions or payments to a Mississippi Affordable College Savings Program account are deductible as provided under Section 37-155-113. Payments made under a prepaid tuition contract entered into under the Mississippi Prepaid Affordable College Tuition Program are deductible as provided under Section 37-155-17.

(p) Contributions of human pharmaceutical products. To the extent that a "major supplier" as defined in Section 27-13-13(2)(d) contributes human pharmaceutical products in excess of Two Hundred Fifty Million Dollars (\$250,000,000.00) as determined under Section 170 of the Internal Revenue Code, the charitable contribution limitation associated with those donations shall follow the federal limitation but cannot result in the Mississippi net income being reduced below zero.

(q) Contributions to ABLE trust fund accounts. Contributions or payments to a Mississippi Achieving a Better Life Experience (ABLE) Program account are deductible as provided under Section 43-28-13.

(2) Restrictions on the deductibility of certain intangible expenses and interest expenses with a related member.

(a) As used in this subsection (2):

(i) "Intangible expenses and costs" include:

1. Expenses, losses and costs for, related to, or in connection directly or indirectly with the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange or any other disposition of intangible property to the extent such amounts are allowed as deductions or costs in determining taxable income under this chapter;

2. Expenses or losses related to or incurred in connection directly or indirectly with factoring transactions or discounting transactions;

3. Royalty, patent, technical and copyright fees;

4. Licensing fees; and

5. Other similar expenses and costs.

(ii) "Intangible property" means patents, patent applications, trade names, trademarks, service marks, copyrights and similar types of intangible assets.

(iii) "Interest expenses and cost" means amounts directly or indirectly allowed as deductions for purposes of determining taxable income under this chapter to the extent such interest expenses and costs are directly or indirectly for, related to, or in connection with the direct or indirect acquisition, maintenance, management, ownership, sale, exchange or disposition of intangible property.

(iv) "Related member" means an entity or person that, with respect to the taxpayer during all or any portion of the taxable year, is a related entity, a component member as defined in the Internal Revenue Code, or is an entity or a person to or from whom there is attribution of stock ownership in accordance with Section 1563(e) of the Internal Revenue Code.

(v) "Related entity" means:

1. A stockholder who is an individual or a member of the stockholder's family, as defined in regulations prescribed by the commissioner, if the stockholder and the members of the stockholder's family own, directly, indirectly, beneficially or constructively, in the aggregate, at least fifty percent (50%) of the value of the taxpayer's outstanding stock;

2. A stockholder, or a stockholder's partnership, limited liability company, estate, trust or corporation, if the stockholder and the stockholder's partnerships, limited liability companies, estates, trusts and corporations own, directly, indirectly, beneficially or constructively, in the aggregate, at least fifty percent (50%) of the value of the taxpayer's outstanding stock;

3. A corporation, or a party related to the corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation, if the taxpayer owns, directly, indirectly, beneficially or constructively, at least fifty percent (50%) of the value of the corporation's outstanding stock under regulation prescribed by the commissioner;

4. Any entity or person which would be a related member under this section if the taxpayer were considered a corporation for purposes of this section.

(b) In computing net income, a taxpayer shall add back otherwise deductible interest expenses and costs and intangible expenses and costs directly or indirectly paid, accrued to or incurred, in connection directly or indirectly with one or more direct or indirect transactions with one or more related members.

(c) The adjustments required by this subsection shall not apply to such portion of interest expenses and costs and intangible expenses and costs that the taxpayer can establish meets one (1) of the following:

(i) The related member directly or indirectly paid, accrued or incurred such portion to a person during the same income year who is not a related member; or

(ii) The transaction giving rise to the interest expenses and costs or intangible expenses and costs between the taxpayer and related member was done primarily for a valid business purpose other than the avoidance of taxes, and the related member is not primarily engaged in the acquisition, use, maintenance or management, ownership, sale, exchange or any other disposition of intangible property.

(d) Nothing in this subsection shall require a taxpayer to add to its net income more than once any amount of interest expenses and costs or intangible expenses and costs that the taxpayer pays, accrues or incurs to a related member.

(e) The commissioner may prescribe such regulations as necessary or appropriate to carry out the purposes of this subsection, including, but not limited to, clarifying definitions of terms, rules of stock attribution, factoring and discount transactions.

(3) Individual nonbusiness deductions.

(a) The amount allowable for individual nonbusiness itemized deductions for federal income tax purposes where the individual is eligible to elect, for the taxable year, to itemize deductions on his federal return except the following:

(i) The deduction for state income taxes paid or other taxes allowed for federal purposes in lieu of state income taxes paid;

(ii) The deduction for gaming losses from gaming establishments;

(iii) The deduction for taxes collected by licensed gaming establishments pursuant to Section 27-7-901;

(iv) The deduction for taxes collected by gaming establishments pursuant to Section 27-7-903.

(b) In lieu of the individual nonbusiness itemized deductions authorized in paragraph (a), for all purposes other than ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, an optional standard deduction of:

(ii) One Thousand Seven Hundred Dollars (\$1,700.00) through calendar year 1997, Two Thousand One Hundred Dollars (\$2,100.00) for the calendar year 1998 and Two Thousand Three Hundred Dollars (\$2,300.00) for each calendar year thereafter in the case of married individuals filing separate returns;

(iii) Three Thousand Four Hundred Dollars (\$3,400.00) in the case of a head of family; or

(iv) Two Thousand Three Hundred Dollars (\$2,300.00) in the case of an individual who is not married.

In the case of a husband and wife living together, having separate incomes, and filing combined returns, the standard deduction authorized may be divided in any manner they choose. In the case of separate returns by a husband and wife, the standard deduction shall not be allowed to either if the taxable income of one of the spouses is determined without regard to the standard deduction.

(c) A nonresident individual shall be allowed the same individual nonbusiness deductions as are authorized for resident individuals in paragraph (a) or (b) of this subsection; however, the nonresident individual is entitled only to that proportion of the individual nonbusiness deductions as his net income from sources within the State of Mississippi bears to his total or entire net income from all sources.

(4) Nothing in this section shall permit the same item to be deducted more than once, either in fact or in effect.

SECTION 51. Section 27-65-111, Mississippi Code of 1972, is amended as follows:

(B) The offender did not use violence or a weapon during the crime;

(C) The offense did not result in a death or serious bodily injury of a person not a party to the criminal enterprise; and

The court may also consider whether information and assistance were furnished to a law enforcement agency, or its designee, which, in the opinion of the trial judge, objectively should or would have aided in the arrest or prosecution of others who violate this subsection. The accused shall have adequate opportunity to develop and make a record of all information and assistance so furnished.

Any person who violates this section shall, with respect to such violation, be subject to a civil penalty payable to the State of Mississippi of not more than Twenty-five Thousand Dollars (\$25,000.00).

In addition to the civil penalty provided in the preceding paragraph, any person who knowingly or intentionally violates this section shall be guilty of a crime and upon conviction thereof may be confined for a period of not more than one (1) year or fined not more than One Thousand Dollars (\$1,000.00), or both.

This section does not apply to any of the actions that are lawful under the Mississippi Medical Cannabis Act and in compliance with rules and regulations adopted thereunder.

SECTION 61. Section 41-29-143, Mississippi Code of 1972, is amended as follows:

41-29-143. It is unlawful for any person knowingly or intentionally:

(1) To distribute as a registrant a controlled substance classified in Schedule I or II, as set out in Sections 41-29-113 and 41-29-115, except pursuant to an order form as required by Section 41-29-135;

(4) To make, distribute, or possess any punch, die, plate, stone, or other thing designed to print, imprint, or reproduce the trademark, trade name, or other identifying mark, imprint or device of another or any likeness of any of the foregoing upon any drug or container or labeling thereof so as to render the drug a counterfeit substance.

Any person who violates this section is guilty of a crime and upon conviction may be confined for not more than one (1) year or fined not more than One Thousand Dollars (\$1,000.00) or both. This section does not apply to any of the actions that are lawful under the Mississippi Medical Cannabis Act and in compliance with rules and regulations adopted thereunder.

SECTION 62. Section 43-21-301, Mississippi Code of 1972, is amended as follows:

43-21-301. (1) No court other than the youth court shall issue an arrest warrant or custody order for a child in a matter in which the youth court has exclusive original jurisdiction but shall refer the matter to the youth court.

(2) Except as otherwise provided, no child in a matter in which the youth court has exclusive original jurisdiction shall be taken into custody by a law enforcement officer, the Department of Human Services, the Department of Child Protection Services, or any other person unless the judge or his designee has issued a custody order to take the child into custody.

(3) The judge or his designee may require a law enforcement officer, the Department of Human Services, the Department of Child Protection Services, or any suitable person to take a child into custody for a period not longer than forty-eight (48) hours, excluding Saturdays, Sundays, and statutory state holidays.

(a) Custody orders under this subsection may be issued if it appears that there is probable cause to believe that:

(i) The child is within the jurisdiction of the court;

(ii) Custody is necessary because of any of the following reasons: the child is in danger of a significant risk of harm, any person would be in danger of a significant risk of harm by the child, to ensure the child's attendance in court at such time as required, or a parent, guardian or custodian is not available to provide for the care and supervision of the child; and

(iii) There is no reasonable alternative to custody.

A finding of probable cause under this subsection (3)(a) shall not be based solely upon a positive drug test of a newborn or parent for marijuana or solely upon the status of a parent as a cardholder under the Mississippi Medical Cannabis Act; however, a finding of probable cause may be based upon an evidence-based finding of harm to the child or a parent's inability to provide for the care and supervision of the child due to the

parent's use of marijuana. Probable cause for unlawful use of any controlled substance, except as otherwise provided in this subsection (3)(a) for marijuana, may be based: 1. upon a parent's positive drug test for unlawful use of a controlled substance only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody; and 2. upon a newborn's positive drug screen for a controlled substance that was used unlawfully only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody.

(b) Custody orders under this subsection shall be written. In emergency cases, a judge or his designee may issue an oral custody order, but the order shall be reduced to writing within forty-eight (48) hours of its issuance.

(c) Each youth court judge shall develop and make available to law enforcement a list of designees who are available after hours, on weekends and on holidays.

(4) The judge or his designee may order, orally or in writing, the immediate release of any child in the custody of any person or agency. Except as otherwise provided in subsection (3) of this section, custody orders as provided by this chapter and authorizations of temporary custody may be written or oral, but, if oral, reduced to writing within forty-eight (48) hours, excluding Saturdays, Sundays and statutory state holidays. The written order shall:

(a) Specify the name and address of the child, or, if unknown, designate him or her by any name or description by which he or she can be identified with reasonable certainty;

(b) Specify the age of the child, or, if unknown, that he or she is believed to be of an age subject to the jurisdiction of the youth court;

(c) Except in cases where the child is alleged to be a delinquent child or a child in need of supervision, state that the effect of the continuation of the child's residing within his or her own home would be contrary to the welfare of the child, that the placement of the child in foster care is in the best interests of the child, and unless the reasonable efforts requirement is bypassed under Section 43-21-603(7)(c), also state that (i) reasonable efforts have been made to maintain the child within his or her own home, but that the circumstances warrant his removal and there is no reasonable alternative to custody; or (ii) the circumstances are of such an emergency nature that no reasonable efforts have been made to maintain the child within his own home, and that there is no reasonable alternative to custody. If the court makes a finding in accordance with (ii) of this paragraph, the court shall order that reasonable efforts be made toward the reunification of the child with his or her family;

(d) State that the child shall be brought immediately before the youth court or be taken to a place designated by the order to be held pending review of the order;

(e) State the date issued and the youth court by which the order is issued; and

(f) Be signed by the judge or his designee with the title of his office.

(5) The taking of a child into custody shall not be considered an arrest except for evidentiary purposes.

(6) (a) No child who has been accused or adjudicated of any offense that would not be a crime if committed by an adult shall be placed in an adult jail or lockup. An accused status offender shall not be held in secure detention longer than twenty-four (24) hours prior to and twenty-four (24) hours after an initial court appearance, excluding Saturdays, Sundays and statutory state holidays, except under the following circumstances: a status offender may be held in secure detention for violating a valid court order pursuant to the criteria as established by the federal Juvenile Justice and Delinquency Prevention Act of 2002, and any subsequent amendments thereto, and out-of-state runaways may be detained pending return to their home state.

(b) No accused or adjudicated juvenile offender, except for an accused or adjudicated juvenile offender in cases where jurisdiction is waived to the adult criminal court, shall be detained or placed into custody of any adult jail or lockup for a period in excess of six (6) hours.

(c) If any county violates the provisions of paragraph (a) or (b) of this subsection, the state agency authorized to allocate federal funds received pursuant to the Juvenile Justice and Delinquency Prevention Act of 1974, 88 Stat. 2750 (codified in scattered Sections of 5, 18, 42 USCS), shall withhold the county's share of such funds.

(d) Any county that does not have a facility in which to detain its juvenile offenders in compliance with the provisions of paragraphs (a) and (b) of this subsection may enter into a contractual agreement to detain or place into custody the juvenile offenders of that county with any county or municipality that does have such a facility, or with the State of Mississippi, or with any private entity that maintains a juvenile correctional facility.

(e) Notwithstanding the provisions of paragraphs (a), (b), (c) and (d) of this subsection, all counties shall be allowed a one-year grace period from March 27, 1993, to comply with the provisions of this subsection.

SECTION 63. Section 43-21-303, Mississippi Code of 1972, is amended as follows:

43-21-303. (1) No child in a matter in which the youth court has original exclusive jurisdiction shall be taken into custody by any person without a custody order except that:

(a) A law enforcement officer may take a child in custody if:

(i) Grounds exist for the arrest of an adult in identical circumstances; and

(ii) Such law enforcement officer has probable cause to believe that custody is necessary as defined in Section 43-21-301; and

(iii) Such law enforcement officer can find no reasonable alternative to custody; or

(b) A law enforcement officer or an agent of the Department of Child Protection Services or the Department of Human Services may take a child into immediate custody if:

(i) There is probable cause to believe that the child is in immediate danger of personal harm; however, probable cause shall not be based solely upon a positive drug test of a newborn or parent for marijuana or solely upon the status of a parent as a cardholder under the Mississippi Medical Cannabis Act, but a finding of probable cause may be based upon an evidence-based finding of harm to the child or a parent's inability to provide for the care and supervision of the child due to the parent's use of marijuana. Probable cause for unlawful use of any controlled substance, except as otherwise provided in this subparagraph (i) for marijuana, may be based: 1. upon a parent's positive drug test for unlawful use of a controlled substance only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody; and 2. upon a newborn's positive drug screen for a controlled substance that was used unlawfully only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody; and

(ii) There is probable cause to believe that immediate custody is necessary as set forth in Section 43-21-301(3); and

(iii) There is no reasonable alternative to custody; and

(c) Any other person may take a child into custody if grounds exist for the arrest of an adult in identical circumstances. Such other person shall immediately surrender custody of the child to the proper law enforcement officer who shall thereupon continue custody only as provided in subsection (1)(a) of this section.

(2) When it is necessary to take a child into custody, the least restrictive custody should be selected.

(3) Unless the child is immediately released, the person taking the child into custody shall immediately notify the judge or his designee. A person taking a child into custody shall also make continuing reasonable efforts to notify the child's parent, guardian or custodian and invite the parent, guardian or custodian to be present during any questioning.

(4) A child taken into custody shall not be held in custody for a period longer than reasonably necessary, but not to exceed twenty-four (24) hours, and shall be

released to his parent, guardian or custodian unless the judge or his designee authorizes temporary custody.

SECTION 64. Section 45-9-101, Mississippi Code of 1972, is amended as follows:

45-9-101. (1) (a) Except as otherwise provided, the Department of Public Safety is authorized to issue licenses to carry stun guns, concealed pistols or revolvers to persons qualified as provided in this section. Such licenses shall be valid throughout the state for a period of five (5) years from the date of issuance, except as provided in subsection (25) of this section. Any person possessing a valid license issued pursuant to this section may carry a stun gun, concealed pistol or concealed revolver.

(b) The licensee must carry the license, together with valid identification, at all times in which the licensee is carrying a stun gun, concealed pistol or revolver and must display both the license and proper identification upon demand by a law enforcement officer. A violation of the provisions of this paragraph (b) shall constitute a noncriminal violation with a penalty of Twenty-five Dollars (\$25.00) and shall be enforceable by summons.

(2) The Department of Public Safety shall issue a license if the applicant:

However, this residency requirement may be waived if the applicant possesses a valid permit from another state, is a member of any active or reserve component branch of the United States of America Armed Forces stationed in Mississippi, is the spouse of a member of any active or reserve component branch of the United States of America Armed Forces stationed in Mississippi, or is a retired law enforcement officer establishing residency in the state;

It shall be presumed that an applicant chronically and habitually uses controlled substances to the extent that his faculties are impaired if the applicant has been voluntarily or involuntarily committed to a treatment facility for the abuse of a controlled substance or been found guilty of a crime under the provisions of the Uniform Controlled Substances Law or similar laws of any other state or the United States relating to controlled substances within a three-year period immediately preceding the date on which the application is submitted;

(f) Does not chronically and habitually use alcoholic beverages to the extent that his normal faculties are impaired. It shall be presumed that an applicant chronically and habitually uses alcoholic beverages to the extent that his normal faculties are impaired if the applicant has been voluntarily or involuntarily committed as an alcoholic to a treatment facility or has been convicted of two (2) or more offenses related to the use of alcohol under the laws of this state or similar laws of any other state or the United States within the three-year period immediately preceding the date on which the application is submitted;

(k) Is not a fugitive from justice; and

(3) The Department of Public Safety may deny a license if the applicant has been found guilty of one or more crimes of violence constituting a misdemeanor unless three (3) years have elapsed since probation or any other conditions set by the court have been fulfilled or expunction has occurred prior to the date on which the application is submitted, or may revoke a license if the licensee has been found guilty of one or more crimes of violence within the preceding three (3) years. The department shall, upon notification by a law enforcement agency or a court and subsequent written verification, suspend a license or the processing of an application for a license if the licensee or applicant is arrested or formally charged with a crime which would disqualify such person from having a license under this section, until final disposition of the case. The provisions of subsection (7) of this section shall apply to any suspension or revocation of a license pursuant to the provisions of this section.

(4) The application shall be completed, under oath, on a form promulgated by the Department of Public Safety and shall include only:

(a) The name, address, place and date of birth, race, sex and occupation of the applicant;

(d) A full set of fingerprints of the applicant administered by the Department of Public Safety; and

(e) A waiver authorizing the Department of Public Safety access to any records concerning commitments of the applicant to any of the treatment facilities or institutions referred to in subsection (2) of this section and permitting access to all the applicant's criminal records.

(6) (a) The Department of Public Safety, upon receipt of the items listed in subsection (5) of this section, shall forward the full set of fingerprints of the applicant to the appropriate agencies for state and federal processing.

(b) The Department of Public Safety shall forward a copy of the applicant's application to the sheriff of the applicant's county of residence and, if applicable, the police chief of the applicant's municipality of residence. The reporting shall be made within thirty (30) days after the date he receives the copy of the application. Upon receipt of a response from a sheriff or police chief, such sheriff or police chief shall be reimbursed at a rate set by the department.

(c) The Department of Public Safety shall, within forty-five (45) days after the date of receipt of the items listed in subsection (5) of this section:

(i) Issue the license;

(ii) Deny the application based solely on the ground that the applicant fails to qualify under the criteria listed in subsections (2) and (3) of this section. If the Department of Public Safety denies the application, it shall notify the applicant in writing, stating the ground for denial, and the denial shall be subject to the appeal process set forth in subsection (7); or

(iii) Notify the applicant that the department is unable to make a determination regarding the issuance or denial of a license within the forty-five-day period prescribed by this subsection, and provide an estimate of the amount of time the department will need to make the determination.

(d) In the event a legible set of fingerprints, as determined by the Department of Public Safety and the Federal Bureau of Investigation, cannot be obtained after a minimum of two (2) attempts, the Department of Public Safety shall determine eligibility based upon a name check by the Mississippi Highway Safety Patrol and a Federal Bureau of Investigation name check conducted by the Mississippi Highway Safety Patrol at the request of the Department of Public Safety.

(7) (a) If the Department of Public Safety denies the issuance of a license, or suspends or revokes a license, the party aggrieved may appeal such denial, suspension or revocation to the Commissioner of Public Safety, or his authorized agent, within thirty (30) days after the aggrieved party receives written notice of such denial, suspension or revocation. The Commissioner of Public Safety, or his duly authorized agent, shall rule upon such appeal within thirty (30) days after the appeal is filed and failure to rule within this thirty-day period shall constitute sustaining such denial, suspension or revocation. Such review shall be conducted pursuant to such reasonable rules and regulations as the Commissioner of Public Safety may adopt.

(b) If the revocation, suspension or denial of issuance is sustained by the Commissioner of Public Safety, or his duly authorized agent pursuant to paragraph (a) of this subsection, the aggrieved party may file within ten (10) days after the rendition of such decision a petition in the circuit or county court of his residence for review of such decision. A hearing for review shall be held and shall proceed before the court without a jury upon the record made at the hearing before the Commissioner of Public Safety or his duly authorized agent. No such party shall be allowed to carry a stun gun, concealed pistol or revolver pursuant to the provisions of this section while any such appeal is pending.

(8) The Department of Public Safety shall maintain an automated listing of license holders and such information shall be available online, upon request, at all times, to all law enforcement agencies through the Mississippi Crime Information Center. (11) A license issued under this section shall be revoked if the licensee becomes ineligible under the criteria set forth in subsection (2) of this section.

(12) (a) Except as provided in subsection (25) of this section, no less than ninety (90) days prior to the expiration date of the license, the Department of Public Safety shall mail to each licensee a written notice of the expiration and a renewal form prescribed by the department. The licensee must renew his license on or before the expiration date by filing with the department the renewal form, a notarized affidavit stating that the licensee remains qualified pursuant to the criteria specified in subsections (2) and (3) of this section, and a full set of fingerprints administered by the Department of Public Safety or the sheriff of the county of residence of the licensee. The first renewal may be processed by mail and the subsequent renewal must be made in person. (13) No license issued pursuant to this section shall authorize any person, except a law enforcement officer as defined in Section 45-6-3 with a distinct license authorized by the Department of Public Safety, to carry a stun gun, concealed pistol or revolver into any place of nuisance as defined in Section 95-3-1, Mississippi Code of 1972; any police, sheriff or highway patrol station; any detention facility, prison or jail; any courthouse; any courtroom, except that nothing in this section shall preclude a judge from carrying a concealed weapon or determining who will carry a concealed weapon in his courtroom; any polling place; any meeting place of the governing body of any governmental entity; any meeting of the Legislature or a committee thereof; any school, college or professional athletic event not related to firearms; any portion of an establishment, licensed to dispense alcoholic beverages for consumption on the premises, that is primarily devoted to dispensing alcoholic beverages; any portion of an establishment in which beer, light spirit product or light wine is consumed on the premises, that is primarily devoted to such purpose; any elementary or secondary school facility; any junior college, community college, college or university facility unless for the purpose of participating in any authorized firearms-related activity; inside the passenger terminal of any airport, except that no person shall be prohibited from carrying any legal firearm into the terminal if the firearm is encased for shipment, for purposes of checking such firearm as baggage to be lawfully transported on any aircraft; any church or other place of worship,

except as provided in Section 45-9-171; or any place where the carrying of firearms is prohibited by federal law. In addition to the places enumerated in this subsection, the carrying of a stun gun, concealed pistol or revolver may be disallowed in any place in the discretion of the person or entity exercising control over the physical location of such place by the placing of a written notice clearly readable at a distance of not less than ten (10) feet that the "carrying of a pistol or revolver is prohibited." No license issued pursuant to this section shall authorize the participants in a parade or demonstration for which a permit is required to carry a stun gun, concealed pistol or revolver.

(14) A law enforcement officer as defined in Section 45-6-3, chiefs of police, sheriffs and persons licensed as professional bondsmen pursuant to Chapter 39, Title 83, Mississippi Code of 1972, shall be exempt from the licensing requirements of this section.

(a) The Commissioner of Public Safety shall promulgate rules and regulations to provide licenses to law enforcement officers as defined in Section 45-6-3 who choose to obtain a license under the provisions of this section, which shall include a distinction that the officer is an "active duty" law enforcement officer and an endorsement that such officer is authorized to carry in the locations listed in subsection (13). A law enforcement officer shall provide the following information to receive the license described in this subsection: (i) a letter, with the official letterhead of the agency or department for which the officer is employed at the time of application and (ii) a letter with the official letterhead of the agency or department, which explains that such officer has completed a certified law enforcement training academy.

(b) The licensing requirements of this section do not apply to the carrying by any person of a stun gun, pistol or revolver, knife, or other deadly weapon that is not concealed as defined in Section 97-37-1.

(15) Any person who knowingly submits a false answer to any question on an application for a license issued pursuant to this section, or who knowingly submits a false document when applying for a license issued pursuant to this section, shall, upon conviction, be guilty of a misdemeanor and shall be punished as provided in Section 99-19-31, Mississippi Code of 1972.

(16) All fees collected by the Department of Public Safety pursuant to this section shall be deposited into a special fund hereby created in the State Treasury and shall be used for implementation and administration of this section. After the close of each fiscal year, the balance in this fund shall be certified to the Legislature and then may be used by the Department of Public Safety as directed by the Legislature.

(17) All funds received by a sheriff or police chief pursuant to the provisions of this section shall be deposited into the general fund of the county or municipality, as appropriate, and shall be budgeted to the sheriff's office or police department as appropriate.

(18) Nothing in this section shall be construed to require or allow the registration, documentation or providing of serial numbers with regard to any stun gun or firearm.

(19) Any person holding a valid unrevoked and unexpired license to carry stun guns, concealed pistols or revolvers issued in another state shall have such license recognized by this state to carry stun guns, concealed pistols or revolvers. The Department of Public Safety is authorized to enter into a reciprocal agreement with another state if that state requires a written agreement in order to recognize licenses to carry stun guns, concealed pistols or revolvers issued by this state.

(20) The provisions of this section shall be under the supervision of the Commissioner of Public Safety. The commissioner is authorized to promulgate reasonable rules and regulations to carry out the provisions of this section.

(21) For the purposes of this section, the term "stun gun" means a portable device or weapon from which an electric current, impulse, wave or beam may be directed, which current, impulse, wave or beam is designed to incapacitate temporarily, injure, momentarily stun, knock out, cause mental disorientation or paralyze.

(22) (a) From and after January 1, 2016, the Commissioner of Public Safety shall promulgate rules and regulations which provide that licenses authorized by this section for honorably retired law enforcement officers and honorably retired correctional officers from the Mississippi Department of Corrections shall (i) include the words "retired law enforcement officer" on the front of the license, and (ii) unless the licensee chooses

to have this license combined with a driver's license or identification card under subsection (25) of this section, that the license itself have a red background to distinguish it from other licenses issued under this section.

(b) An honorably retired law enforcement officer and honorably retired correctional officer shall provide the following information to receive the license described in this section: (i) a letter, with the official letterhead of the agency or department from which such officer is retiring, which explains that such officer is honorably retired, and (ii) a letter with the official letterhead of the agency or department, which explains that such officer has completed a certified law enforcement training academy.

(23) A disabled veteran who seeks to qualify for an exemption under this section shall be required to provide a veterans health services identification card issued by the United States Department of Veterans Affairs indicating a service-connected disability, which shall be sufficient proof of such service-connected disability.

However, the medical use of medical cannabis by a cardholder who is a registered qualifying patient which is lawful under the provisions of the Mississippi Medical Cannabis Act and in compliance with rules and regulations adopted thereunder shall not disqualify a person under this subsection (24) solely because the person is prohibited from possessing a firearm under 18 USCS Section 922(g)(3) due to such medical use of medical cannabis.

(25) An applicant for a license under this section shall have the option of, instead of being issued a separate card for the license, having the license appear as a notation on the individual's driver's license or identification card. If the applicant chooses this option, the license issued under this section shall have the same expiration date as the driver's license or identification card, and renewal shall take place at the same time and place as renewal of the driver's license or identification card. The Commissioner of Public Safety shall have the authority to promulgate rules and regulations which may be necessary to ensure the effectiveness of the concurrent application and renewal processes.

(a) Upon conviction of a violation of subsection (1) of this section, the trial judge shall sign in the place provided on the traffic ticket, citation or affidavit stating that the person arrested either employed an attorney or waived his right to an attorney after having been properly advised. If the person arrested employed an attorney, the name, address and telephone number of the attorney shall be written on the ticket, citation or affidavit. (8) Charging of subsequent offenses. (a) For the purposes of determining how to impose the sentence for a second, third, fourth or subsequent conviction under this section, the affidavit or indictment shall not be required to enumerate previous convictions. It shall only be necessary that the affidavit or indictment states the number of times that the defendant has been convicted and sentenced within the past five (5) years for a second or third offense, or without a time limitation for a fourth or subsequent offense, under this section to determine if an enhanced penalty shall be imposed. The amount of fine and imprisonment imposed in previous convictions shall not be considered in calculating offenses to determine a second, third, fourth or subsequent offense of this section.

(b) Before a defendant enters a plea of guilty to an offense under this section, law enforcement must submit certification to the prosecutor that the defendant's driving record, the confidential registry and National Crime Information Center record have been searched for all prior convictions, nonadjudications, pretrial diversions and arrests for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle. driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle. The offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle shall not be merged with an offense of violating subsection (1) of this section for the purposes of prosecution and sentencing. An offender who is convicted of a violation of this subsection shall be punished as follows:

(i) Who has successfully completed all terms and conditions of the sentence imposed for the conviction;

(ii) Who did not refuse to submit to a test of his blood or breath;

(b) A person is eligible for only one (1) expunction under this subsection, and the Department of Public Safety shall maintain a permanent confidential registry of all cases of expunction under this subsection for the sole purpose of determining a person's eligibility for expunction, for nonadjudication, or as a first offender under this section.

(c) The court in its order of expunction shall state in writing the justification for which the expunction was granted and forward the order to the Department of Public Safety within five (5) days of the entry of the order.

(14) Nonadjudication. (a) For the purposes of this chapter, "nonadjudication" means that the court withholds adjudication of guilt and sentencing, either at the conclusion of a trial on the merits or upon the entry of a plea of guilt by a defendant, and places the defendant in a nonadjudication program conditioned upon the successful completion of the requirements imposed by the court under this subsection.

(b) A person is eligible for nonadjudication of an offense under this Section 63-11-30 only one (1) time under any provision of a law that authorizes nonadjudication and only for an offender:

(i) Who has successfully completed all terms and conditions imposed by the court after placement of the defendant in a nonadjudication program;

(ii) Who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense;

(iii) Who has not previously been convicted of and does not have pending any former or subsequent charges under this section; and

(iv) Who has provided the court with justification as to why nonadjudication is appropriate.

(c) Nonadjudication may be initiated upon the filing of a petition for nonadjudication or at any stage of the proceedings in the discretion of the court; the court may withhold adjudication of guilt, defer sentencing, and upon the agreement of the offender to participate in a nonadjudication program, enter an order imposing requirements on the offender for a period of court supervision before the order of nonadjudication is entered. Failure to successfully complete a nonadjudication program subjects the person to adjudication of the charges against him and to imposition of all penalties previously withheld due to entrance into a nonadjudication program. The court shall immediately inform the commissioner of the conviction as required in Section 63-11-37.

(i) The court shall order the person to:

1. Pay the nonadjudication fee imposed under Section 63-11-31 if applicable;

2. Pay all fines, penalties and assessments that would have been imposed for conviction;

3. Attend and complete an alcohol safety education program as provided in Section 63-11-32 within six (6) months of the date of the order;

4. a. If the court determines that the person violated this section with respect to alcohol or intoxicating liquor, the person must install an ignition-interlock device on every motor vehicle operated by the person, obtain an interlock-restricted license, and maintain that license for one hundred twenty (120) days or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person must not operate any vehicle.

b. If the court determines that the person violated this section by operating a vehicle when under the influence of a substance other than alcohol that has impaired the person's ability to operate a motor vehicle, including any drug or controlled substance which is unlawful to possess under the Mississippi Controlled Substances Law, the person must submit to a one-hundred-twenty-day period of a nonadjudication program that includes court-ordered drug testing at the person's own expense not less often than every thirty (30) days, during which time the person may drive if compliant with the terms of the program, or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person will not operate any vehicle.

(ii) Other conditions that may be imposed by the court include, but are not limited to, alcohol or drug screening, or both, proof that the person has not committed any other traffic violations while under court supervision, proof of immobilization or impoundment of vehicles owned by the offender if required, and attendance at a victim-impact panel.

(d) The court may enter an order of nonadjudication only if the court finds, after a hearing or after ex parte examination of reliable documentation of compliance, that the offender has successfully completed all conditions imposed by law and previous orders of the court. The court shall retain jurisdiction over cases involving nonadjudication for a period of not more than two (2) years.

(e) (i) The clerk shall immediately forward a record of every person placed in a nonadjudication program and of every nonadjudication order to the

Department of Public Safety for inclusion in the permanent confidential registry of all cases that are nonadjudicated under this subsection (14).

(ii) Judges, clerks and prosecutors involved in the trial of implied consent violations and law enforcement officers involved in the issuance of citations for implied consent violations shall have secure online access to the confidential registry for the purpose of determining whether a person has previously been the subject of a nonadjudicated case and 1. is therefore ineligible for another nonadjudication; 2. is ineligible as a first offender for a violation of this section; or 3. is ineligible for expunction of a conviction of a violation of this section.

(iii) The Driver Services Bureau of the department shall have access to the confidential registry for the purpose of determining whether a person is eligible for a form of license not restricted to operating a vehicle equipped with an ignition-interlock device.

(iv) The Mississippi Alcohol Safety Education Program shall have secure online access to the confidential registry for research purposes only.

(15) The provisions of this section are fully applicable to any person who is under the influence of medical cannabis that is lawful under the Mississippi Medical Cannabis Act and in compliance with rules and regulations adopted thereunder which has impaired the person's ability to operate a motor vehicle.

SECTION 67. Section 71-3-7, Mississippi Code of 1972, is amended as follows:

71-3-7. (1) Compensation shall be payable for disability or death of an employee from injury or occupational disease arising out of and in the course of employment, without regard to fault as to the cause of the injury or occupational disease. An occupational disease shall be deemed to arise out of and in the course of employment when there is evidence that there is a direct causal connection between the work performed and the occupational disease. In all claims in which no benefits, including disability, death and medical benefits, have been paid, the claimant shall file medical records in support of his claim for benefits when filing a petition to controvert. If the claimant is unable to file the medical records in support of his claim for benefits at the time of filing the petition to controvert because of a limitation of time established by Section 71-3-35 or Section 71-3-53, the claimant shall file medical records in support of his claim within sixty (60) days after filing the petition to controvert.

(2) Where a preexisting physical handicap, disease, or lesion is shown by medical findings to be a material contributing factor in the results following injury, the compensation which, but for this subsection, would be payable shall be reduced by that proportion which such preexisting physical handicap, disease, or lesion contributed to the production of the results following the injury. The preexisting condition does not have to be occupationally disabling for this apportionment to apply.

(3) The following provisions shall apply to subsections (1) and (2) of this section:

(a) Apportionment shall not be applied until the claimant has reached maximum medical recovery.

(b) The employer or carrier does not have the power to determine the date of maximum medical recovery or percentage of apportionment. This must be done by the attorney-referee, subject to review by the commission as the ultimate finder of fact.

(c) After the date the claimant reaches maximum medical recovery, weekly compensation benefits and maximum recovery shall be reduced by that proportion which the preexisting physical handicap, disease, or lesion contributes to the results following injury.

(d) If maximum medical recovery has occurred before the hearing and order of the attorney-referee, credit for excess payments shall be allowed in future payments. Such allowances and method of accomplishment of the same shall be determined by the attorney-referee, subject to review by the commission. However, no actual repayment of such excess shall be made to the employer or carrier.

(4) No compensation shall be payable if the use of drugs illegally, or the use of a valid prescription medication(s) taken contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the

Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or intoxication due to the use of alcohol of the employee was the proximate cause of the injury, or if it was the willful intention of the employee to injure or kill himself or another.

(5) Every employer to whom this chapter applies shall be liable for and shall secure the payment to his employees of the compensation payable under its provisions.

(6) In the case of an employer who is a subcontractor, the contractor shall be liable for and shall secure the payment of such compensation to employees of the subcontractor, unless the subcontractor has secured such payment.

SECTION 68. Section 71-3-121, Mississippi Code of 1972, is amended as follows:

71-3-121. (1) In the event that an employee sustains an injury at work or asserts a work-related injury, the employer shall have the right to administer drug and alcohol testing or require that the employee submit himself to drug and alcohol testing. If the employee has a positive test indicating the presence, at the time of injury, of any drug illegally used or the use of a valid prescription medication(s) taken contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or eight one-hundredths percent (.08%) or more by weight volume of alcohol in the person's blood, it shall be presumed that the proximate cause of the injury was the use of a drug illegally, or the use of a valid prescription medication(s) taken contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or the intoxication due to the use of alcohol by the employee. If the employee refuses to submit himself to drug and alcohol testing immediately after the alleged work-related injury, then it shall be presumed that the employee was using a drug illegally, or was using a valid prescription medication(s) contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or was intoxicated due to the use of alcohol at the time of the accident and that the proximate cause of the injury was the use of a drug illegally, or the use of a valid prescription medication(s) taken contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or the intoxication due to the use of alcohol of the employee. The burden of proof will then be placed upon the employee to prove that the use of drugs illegally, or the use of a valid prescription medication(s) taken contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or intoxication due to the use of alcohol was not a contributing cause of the accident in order to defeat the defense of the employer provided under Section 71-3-7.

(2) The results of the drug and alcohol tests, employer-administered or otherwise, shall be considered admissible evidence solely on the issue of causation in the determination of the use of drugs illegally, or the use of a valid prescription medication(s) taken contrary to the prescriber's instructions and/or contrary to label warnings, or the use of medical cannabis in accordance with the Mississippi Medical Cannabis Act and rules and regulations adopted thereunder, or the intoxication due to the use of alcohol of an employee at the time of injury for workers' compensation purposes under Section 71-3-7.

(3) No cause of action for defamation of character, libel, slander or damage to reputation arises in favor of any person against an employer under the provisions of this section.

SECTION 69. Section 73-15-29, Mississippi Code of 1972, is amended as follows:

(a) Has committed fraud or deceit in securing or attempting to secure such license;

(b) Has been convicted of a felony, or a crime involving moral turpitude or has had accepted by a court a plea of nolo contendere to a felony or a crime involving moral turpitude (a certified copy of the judgment of the court of competent jurisdiction of such conviction or pleas shall be prima facie evidence of such conviction);

(i) Has a physical, mental or emotional condition that renders the licensee unable to perform nursing services or duties with reasonable skill and safety;

(j) Has engaged in any other conduct, whether of the same or of a different character from that specified in this article, that would constitute a crime as defined in Title 97 of the Mississippi Code of 1972, as now or hereafter amended, and that relates to such person's employment as a registered nurse or licensed practical nurse;

(k) Engages in conduct likely to deceive, defraud or harm the public;

(a) Denying application for a license or other authorization to practice nursing or practical nursing;

(b) Administering a reprimand;

The procedure for suspension of a license or privilege to practice for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license or privilege to practice suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license or privilege to practice suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this article, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

(4) If the public health, safety or welfare imperatively requires emergency action and the board incorporates a finding to that effect in an order, the board may order summary suspension of a license pending proceedings for revocation or other action. The certificate of licensure of any person can be revoked for violating any section of this chapter.

(b) The board shall conduct a criminal history records check on licensure applicants and on licensees whose licenses are subject to investigation.

(i) The applicant or licensee shall undergo a fingerprint-based criminal history records check of the Mississippi central criminal database and the Federal Bureau of Investigation criminal history database. (q) Failure to report to the board the relocation of his or her office in or out of the jurisdiction, or to furnish floor plans as required by regulation.

(r) Violation of any provision(s) of the Optometry Practice Act or the rules and regulations of the board or of an action, stipulation or agreement of the board.

(1) The Board of Pharmacy shall develop and implement a computerized program to track prescriptions for controlled substances and to report suspected abuse and misuse of controlled substances in compliance with the federal regulations promulgated under authority of the National All Schedules Prescription Electronic Reporting Act of 2005 and in compliance with the federal HIPAA law, under the following conditions:

(a) Submission or reporting of dispensing information shall be mandatory and required by the State Board of Pharmacy for any entity dispensing controlled substances in or into the State of Mississippi, except for the dispensing of controlled substance drugs by a veterinarian residing in the State of Mississippi.

(b) The prescriptions tracked shall be prescriptions for controlled substances listed in Schedule II, III, IV or V and specified noncontrolled substances identified by the State Board of Pharmacy that are dispensed to residents in the State of Mississippi by licensed pharmacies, nonresident pharmacies, institutions and dispensing practitioners, regardless of dispenser location.

(c) The Board of Pharmacy shall report any activity it reasonably suspects may be fraudulent or illegal to the appropriate law enforcement agency or occupational licensing board and provide them with the relevant information obtained for further investigation.

(d) The program shall provide information regarding the potential inappropriate use of controlled substances and the specified noncontrolled substances to practitioners, pharmacists-in-charge and appropriate state agencies in order to prevent the inappropriate or illegal use of these controlled substances. The specific purposes of the program shall be to: be proactive in safeguarding public health and safety; support the legitimate use of controlled substances; facilitate and encourage the identification, intervention with and treatment of individuals addicted to controlled substances and specified noncontrolled drugs; identify and prevent drug diversion; provide assistance to those state and federal law enforcement and regulatory agencies investigating cases of drug diversion or other misuse; and inform the public and health care professionals of the use and abuse trends related to controlled substance and specified noncontrolled drugs.

(e) (i) Access to collected data shall be confidential and not subject to the provisions of the federal Freedom of Information Act or the Mississippi Public Records Act. Upon request, the State Board of Pharmacy shall provide collected information to: pharmacists or practitioners who are properly registered with the State Board of Pharmacy and are authorized to prescribe or dispense controlled substances for the purpose of providing medical and pharmaceutical care for their patients; local, state and federal law enforcement officials engaged in the administration, investigation or enforcement of the laws governing illicit drug use; regulatory and licensing boards in this state; Division of Medicaid regarding Medicaid and Medicare Program recipients; judicial authorities under grand jury subpoena; an individual who requests the individual's own prescription monitoring information; and prescription monitoring programs in other states through mutual agreement adhering to State Board of Pharmacy policies.

(iii) The State Board of Pharmacy may also provide statistical data for research or educational purposes if the board determines the use of the data to be of significant benefit to public health and safety. The board maintains the right to refuse any request for PMP data.

(iv) A pharmacist licensed by the Mississippi Board of Pharmacy must be a registered user of the PMP. Failure of a pharmacist licensed by the Mississippi Board of Pharmacy to register as a user of the PMP is grounds for disciplinary action by the board.

(v) All licensed practitioners as defined under Section 73-21-73(ee) holding an active DEA number shall register as users of the PMP.

(f) The Prescription Monitoring Program through the Board of Pharmacy may:

(i) Establish the cost of administration, maintenance, and operation of the program and charge to like agencies a fee based on a formula to be determined by the board with collaboration and input from participating agencies; and

(ii) Assess charges for information and/or statistical data provided to agencies, institutions and individuals. The amounts of those fees shall be set by the Executive Director of the Board of Pharmacy based on the recommendation of the Director of the PMP.

All such fees collected shall be deposited into the special fund of the State Board of Pharmacy and used to support the operations of the PMP.

(g) A dispenser pharmacist or practitioner licensed to dispense controlled substances and specified noncontrolled substance drugs who knowingly fails to submit drug-monitoring information or knowingly submits incorrect dispensing information shall be subject to actions against the pharmacist's or practitioner's license, registrations or permit and/or an administrative penalty as provided in Sections 73-21-97 and 73-21-103. (2) In addition to receiving the dispensing information regarding controlled substances as provided in subsection (1) of this section, the State Board of Pharmacy shall receive and maintain in the Prescription Monitoring Program (a) the medical

cannabis dispensing information that medical cannabis dispensaries under the Mississippi Medical Cannabis Act are required to report to the PMP under Section 17 of this act, and (b) any other medical cannabis dispensing information that dispensaries are required to report to the PMP. The medical cannabis dispensing information reported by medical cannabis dispensaries under Section 17 of this act shall not be considered to be a prescription for the purposes of the Mississippi Pharmacy Practice Act or the Uniform Controlled Substances Law.

SECTION 72. Section 73-25-29, Mississippi Code of 1972, is amended as follows:

(g) For the 2016 taxable year and each taxable year thereafter, the tax credit of the taxpayer shall be the lesser of the amount of the ad valorem taxes described in subsection (1) paid or the amount of income taxes due the State of Mississippi that are attributable to such location.

(3) Any amount of ad valorem taxes paid by a taxpayer that is applied toward the tax credit allowed in this section may not be used as a deduction by the taxpayer for state income tax purposes. (4) The maximum credit that may be claimed by a taxpayer on any project shall be limited to One Million Dollars (\$1,000,000.00).

(5) The credit received under this section is subject to recapture if the property for which the tax credit was received is disposed of, or converted to, other than business use. Any exemption granted to a licensed "free port warehouse" pursuant to this section shall be effective as of the first calendar day of the taxable year in which the warehouse applied for the exemption by virtue of submitting the application for licensure, and shall remain in effect for such period of time as the respective governing authority

may prescribe. Such property shall not be deprived of exemption because while in a warehouse the property is bound, divided, broken in bulk, labeled, relabeled or repackaged. Any exemption from ad valorem taxes granted before January 1, 2012, is hereby ratified, approved and confirmed.

The exemption provided for in this section shall not be authorized for any personal property of a medical cannabis establishment as defined in the Mississippi Medical Cannabis Act. SECTION 79. Section 27-31-101, Mississippi Code of 1972, is amended as follows:

[Through June 30, 2022, this section shall read as follows:]

The date of completion of the new enterprise, from which the initial period of exemption shall begin, shall be the date on which operations of the new enterprise begin. The initial request for an exemption must be made in writing by June 1 of the year immediately following the year in which the date of completion of a new enterprise occurs. SECTION 80. Section 27-31-104, Mississippi Code of 1972, is amended as follows:

[Through June 30, 2022, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects by a qualified business (as such term is defined in Section 57-117-3) meeting minimum criteria established by the Mississippi Development Authority;

(iv) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iv), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(v) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district

located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3) of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount. (6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before the effective date of this act, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, 2022, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5, Mississippi Code of 1972) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iii), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(iv) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3) of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the

appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the annual debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before the effective date of this act, and consistent herewith, is hereby ratified, approved and confirmed.

(7) In lieu of the tax credits provided in subsections (2) through (6), any commercial or industrial property owner which remediates contaminated property in accordance with Sections 49-35-1 through 49-35-25, is allowed a job tax credit for taxes imposed by Section 27-7-5 equal to the amounts provided in subsection (2), (3) or (4) for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. This subsection shall be administered in the same manner as subsections (2), (3) and (4), except the landowner shall not be required to increase employment by the levels provided in subsections (2), (3) and (4) to be eligible for the tax credit.

(8) Tax credits for five (5) years for the taxes imposed by Section 27-7-5 shall be awarded for additional net new full-time jobs created by business enterprises qualified under subsections (2), (3), (4), (5), (6) and (7) of this section. Except as otherwise provided, the Tax Commission shall adjust the credit allowed in the event of employment fluctuations during the additional five (5) years of credit.

(9) (a) The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any business enterprise may not create new eligibility in any succeeding business entity, but any unused job tax credit may be transferred and continued by any transferee of the business enterprise. The Tax Commission shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(b) This subsection shall not apply in cases in which a business enterprise has ceased operation, laid off all its employees and is subsequently acquired by another unrelated business entity that continues operation of the enterprise in the same or a similar type of business. In such a case the succeeding business entity shall be eligible for the credit authorized by this section unless the cessation of operation of the business enterprise was for the purpose of obtaining new eligibility for the credit.

(10) Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) years from the close of the tax year in which the qualified jobs were established but the credit established by this section taken in any one (1) tax year must be limited to an amount not greater than fifty percent (50%) of the taxpayer's state income tax liability which is attributable to income derived from operations in the state for that year. If the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the business enterprise is unable to use the existing carryforward, the Chairman

of the State Tax Commission may extend the period that the credit may be carried forward for a period of time not to exceed two (2) years.

(11) No business enterprise for the transportation, handling, storage, processing or disposal of hazardous waste is eligible to receive the tax credits provided in this section.

(12) The credits allowed under this section shall not be used by any business enterprise or corporation other than the business enterprise actually qualifying for the credits.

(13) The tax credits provided for in this section shall be in addition to any tax credits described in Sections 57-51-13(b), 57-53-1(1)(a) and 57-54-9(b) and granted pursuant to official action by the Mississippi Development Authority prior to July 1, 1989, to any business enterprise determined prior to July 1, 1989, by the Mississippi Development Authority to be a qualified business as defined in Section 57-51-5(f) or Section 57-54-5(d) or a qualified company as described in Section 57-53-1, as the case may be; however, from and after July 1, 1989, tax credits shall be allowed only under either this section or Sections 57-51-13(b), 57-53-1(1)(a) and Section 57-54-9(b) for each net new full-time employee.

(14) As used in this section, the term "telecommunications enterprises" means entities engaged in the creation, display, management, storage, processing, transmission or distribution for compensation of images, text, voice, video or data by wire or by wireless means, or entities engaged in the construction, design, development, manufacture, maintenance or distribution for compensation of devices, products, software or structures used in the above activities. Companies organized to do business as commercial broadcast radio stations, television stations or news organizations primarily serving in-state markets shall not be included within the definition of the term "telecommunications enterprises."

[In cases involving business enterprises that apply for the job tax credit authorized by this section from and after January 1, 2005, this section shall read as follows:]

57-73-21. (1) Annually by December 31, using the most current data available from the University Research Center, Mississippi Department of Employment Security and the United States Department of Commerce, the Department of Revenue shall rank and designate the state's counties as provided in this section. The twenty-eight (28) counties in this state having a combination of the highest unemployment rate and lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Three areas. The twenty-seven (27) counties in the state with a combination of the next highest unemployment rate and next lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Two areas. The twenty-seven (27) counties in the state with a combination of the lowest unemployment rate and the highest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier One areas. Counties designated by the Department of Revenue qualify for the appropriate tax credit for jobs as provided in this section. The designation by the Department of Revenue is effective for the tax years of permanent business enterprises which begin after the date of designation. For companies which plan an expansion in their labor forces, the Department of Revenue shall prescribe certification procedures to ensure that the companies can claim credits in future years without regard to whether or not a particular county is removed from the list of Tier Three or Tier Two areas.

(2) Permanent business enterprises in counties designated by the Department of Revenue as Tier Three areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to ten percent (10%) of the payroll of the enterprise for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the minimum number of jobs required by this subsection; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Commissioner of Revenue may extend this time period for not more than two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-

time employees subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent business enterprises that increase employment by ten (10) or more in a Tier Three area are eligible for the credit. Credit is not allowed during any of the five (5) years if the net employment increase falls below ten (10). The Department of Revenue shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of ten (10). Medical cannabis establishments as defined in the Mississippi Medical Cannabis Act shall not be eligible for the tax credit authorized in this subsection (2).

(3) Permanent business enterprises in counties that have been designated by the Department of Revenue as Tier Two areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to five percent (5%) of the payroll of the enterprise for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the minimum number of jobs required by this subsection; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Commissioner of Revenue may extend this time period for not more than two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent business enterprises that increase employment by fifteen (15) or more in Tier Two areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below fifteen (15). The Department of Revenue shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of fifteen (15). Medical cannabis establishments as defined in the Mississippi Medical Cannabis Act shall not be eligible for the tax credit authorized in this subsection (3).

(4) Permanent business enterprises in counties designated by the Department of Revenue as Tier One areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to two and one-half percent (2.5%) of the payroll of the enterprise for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the minimum number of jobs required by this subsection; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Commissioner of Revenue may extend this time period for not more than two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent business enterprises that increase employment by twenty (20) or more in Tier One areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below twenty (20). The Department of Revenue shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of twenty (20). Medical cannabis establishments as defined in the Mississippi Medical Cannabis Act shall not be eligible for the tax credit authorized in this subsection (4).

(5) (a) In addition to the other credits authorized in this section, an additional Five Hundred Dollars (\$500.00) credit for each net new full-time employee or an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least one hundred twenty-five percent (125%) of the average annual wage of the state or an additional Two Thousand Dollars (\$2,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least two hundred percent (200%) of the average annual wage of the state, shall be allowed for any company establishing or transferring its national or regional headquarters from within or outside the State of Mississippi. A minimum of twenty (20) jobs must be created to qualify for the additional credit. The Department of Revenue shall establish criteria and prescribe procedures to determine if a company qualifies as a national or regional headquarters for purposes of receiving the credit

awarded in this paragraph (a). As used in this paragraph (a), the average annual wage of the state is the most recently published average annual wage as determined by the Mississippi Department of Employment Security. Medical cannabis establishments as defined in the Mississippi Medical Cannabis Act shall not be eligible for the tax credit authorized in this paragraph (a).

Relocation costs for which a credit may be awarded shall be determined by the Department of Revenue and shall include those nondepreciable expenses that are necessary to relocate headquarters employees to the national or regional headquarters, including, but not limited to, costs such as travel expenses for employees and members of their households to and from Mississippi in search of homes and moving expenses to relocate furnishings, household goods and personal property of the employees and members of their households. Medical cannabis establishments as defined in the Mississippi Medical Cannabis Act shall not be eligible for the tax credit authorized in this subsection (7).

(b) The tax credit authorized under this subsection shall be applied for the taxable year in which the relocation costs are paid. The maximum cumulative amount of tax credits that may be claimed by all taxpayers claiming a credit under this subsection in any one (1) state fiscal year shall not exceed One Million Dollars (\$1,000,000.00), exclusive of credits that might be carried forward from previous taxable years. A company may not receive a credit for the relocation of an employee more than one (1) time in a twelve-month period for that employee.

(c) The Department of Revenue shall establish criteria and prescribe procedures to determine if a company creates the required number of jobs and qualifies as a national or regional headquarters for purposes of receiving the credit awarded in this subsection. A company desiring to claim a credit under this subsection must submit an application for such credit with the Department of Revenue in a manner prescribed by the department.

(d) In order to participate in the provisions of this section, a company must certify to the Mississippi Department of Revenue that it complies with the equal pay provisions of the federal Equal Pay Act of 1963, the Americans with Disabilities Act of 1990 and the fair pay provisions of the Civil Rights Act of 1964.

The Department of Revenue shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(b) This subsection shall not apply in cases in which a business enterprise has ceased operation, laid off all its employees and is subsequently acquired by another unrelated business entity that continues operation of the enterprise in the same or a similar type of business. In such a case the succeeding business entity shall be eligible for the credit authorized by this section unless the cessation of operation of the business enterprise was for the purpose of obtaining new eligibility for the credit.

(11) Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) years from the close of the tax year in which the qualified jobs were established and/or headquarters relocation costs paid, as applicable, but the credit established by this section taken in any one (1) tax year must be limited to an amount not greater than fifty percent (50%) of the taxpayer's state income tax liability which is attributable to income derived from operations in the state for that year. If the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the business enterprise is unable to use the existing carryforward, the Commissioner of Revenue may extend the period that the credit may be carried forward for a period of time not to exceed two (2) years.

(vii) Loan proceeds shall not be used to pay off existing debt for loan consolidation purposes; to finance the acquisition, construction, improvement or operation of real property which is to be held primarily for sale or investment; to provide for, or free funds, for speculation in any kind of property; or as a loan to owners, partners or stockholders of the applicant which do not change ownership interest by the applicant. However, this does not apply to ordinary compensation for services rendered in the course of business.

(viii) The maximum amount that may be loaned to any one (1) borrower shall be Two Hundred Fifty Thousand Dollars (\$250,000.00).

(c) Notwithstanding any other provision of this subsection to the contrary, if federal funds are not available for commitments made by a planning and development district to provide assistance under any federal loan program administered by the planning and development district in coordination with the Appalachian Regional Commission or Economic Development Administration, or both, a planning and development district may use funds in its loan revolving fund, which have not been committed otherwise to provide assistance, for the purpose of providing temporary funding for such commitments. If a planning and development district uses uncommitted funds in its loan revolving fund to provide such temporary funding, the district shall use funds repaid to the district under the temporarily funded federal loan program to replenish the funds used to provide the temporary funding. Funds used by a planning and development district to provide temporary funding under this paragraph (c) must be repaid to the district's loan revolving fund no later than twelve (12) months after the date the district provides the temporary funding. A planning and development district may not use uncommitted funds in its loan revolving fund to provide temporary funding under this paragraph (c) on more than two (2) occasions during a calendar year. A planning and development district may provide temporary funding for multiple commitments on each such occasion. The maximum aggregate amount of uncommitted funds in a loan revolving fund that may be used for such purposes during a calendar year shall not exceed seventy percent (70%) of the uncommitted funds in the loan revolving fund on the date the district first provides temporary funding during the calendar year.

(d) If the Mississippi Development Authority determines that a planning and development district or qualified entity has provided loans to minority businesses in a manner inconsistent with the provisions of this subsection, then the amount of such loans so provided shall be withheld by the Mississippi Development Authority from any additional grant funds to which the planning and development district or qualified entity becomes entitled under this subsection. If the Mississippi Development Authority determines, after notifying such planning and development district or qualified entity twice in writing and providing such planning and development district or qualified entity a reasonable opportunity to comply, that a planning and development district or qualified entity has consistently failed to comply with this subsection, the Mississippi Development Authority may declare such planning and development district or qualified entity in default under this subsection and, upon receipt of notice thereof from the Mississippi Development Authority, such planning and development district or qualified entity shall immediately cease providing loans under this subsection, shall refund to the Mississippi Development Authority for distribution to other planning and development districts or qualified entities all funds held in its revolving loan fund and, if required by the Mississippi Development Authority, shall convey to the Mississippi Development Authority all administrative and management control of loans provided by it under this subsection.

subsection and, upon receipt of notice thereof from the Mississippi Development Authority, such planning and development district or qualified entity shall immediately cease providing loans under this subsection, shall refund to the Mississippi Development Authority for distribution to other planning and development districts or qualified entities all funds held in its revolving loan fund and, if required by the Mississippi Development Authority, shall convey to the Mississippi Development Authority all administrative and management control of loans provided by it under this subsection.

These funds will be used primarily for quick payment to farmers for vegetable and fruit crops processed and sold through vegetable processing plants associated with the Department of Agriculture and Commerce and the Mississippi State Extension Service.

(8) From and after July 1, 1996, the Mississippi Development Authority shall make available to the Mississippi Small Farm Development Center One Million Dollars (\$1,000,000.00) to be used by the center to assist small entrepreneurs as provided in Section 37-101-25, Mississippi Code of 1972. Section 20. Requirements, prohibitions and penalties. (1) Medical cannabis establishments shall conduct a background check into the criminal history of every person seeking to become a principal officer, board member, agent, volunteer, or employee before the person begins working at or for the medical cannabis establishment.

(2) A medical cannabis establishment may not employ any person who:

(a) Was convicted of a disqualifying felony offense; or

(b) Is under twenty-one (21) years of age.

(3) The operating documents of a medical cannabis establishment must include procedures for the oversight of the medical cannabis establishment and procedures to ensure accurate record keeping and adequate security measures.

(4) A medical cannabis establishment shall implement appropriate security measures designed to deter and prevent the theft of medical cannabis and unauthorized entrance into areas containing medical cannabis.

(5) All cultivation, harvesting, processing and packaging of medical cannabis must take place in an enclosed, locked and secure facility with a physical address provided to the MDOH during the licensing and registration process. The facility shall be equipped with locks or other security devices that permit access only by agents of the medical cannabis establishment, emergency personnel or adults who are twenty-one (21) years of age and older and who are accompanied by medical cannabis establishment agents.

(6) No medical cannabis establishment other than a cannabis processing facility or cannabis research facility may produce cannabis concentrates, cannabis extractions, or other cannabis products.

(7) A medical cannabis establishment may not share office space with or refer patients to a practitioner.

(8) Medical cannabis establishments are subject to inspection by the MDOR and MDOH during business hours.

(9) Before medical cannabis may be dispensed to a cardholder, a dispensary agent must:

(a) Require that the individual present a registry identification card;
(b) Make a diligent effort to verify that the registry identification card presented to the dispensary is valid;

(c) Make a diligent effort to verify that the person presenting the registry identification card is the person identified on the registry identification card presented to the dispensary agent using an independent, third-party age verification service which shall have at least a ninety-five percent (95%) accuracy rating according to national standards in order to be in compliance with the identification requirements of this section; and

(d) Not believe that the amount of medical cannabis dispensed would cause the person to possess more than the allowable amount of medical cannabis.

(10) A medical cannabis establishment shall not sell more than the allowable amount of medical cannabis to a cardholder. A resident cardholder shall not obtain more than a total of six (6) MMCEUs of allowable medical cannabis in a week from a dispensary or a combination of dispensaries. A resident cardholder shall not obtain more than a total of twenty-four (24) MMCEUs of allowable medical cannabis in thirty (30) days from a dispensary or a combination of dispensaries.

The possession limit for resident cardholders of the allowable amount of medical cannabis shall be a total of twenty-eight (28) MMCEUs. There shall not be a possession limit on nonconsumable medical cannabis, including, but not limited to, suppositories, ointments, soaps, and lotions or other topical agents.

Edible cannabis products, including food or drink products, that have been combined with usable cannabis or cannabis products shall be physically demarked and labeled with a clear determination of how much total THC is in a single-serving size and how much THC is in the entire package.

A medical cannabis product shall contain a notice of harm regarding the use of cannabis products. Edible cannabis products shall be homogenized to ensure uniform disbursement of cannabinoids throughout the product. All molded edible cannabis products shall be presented in the form of geometric shapes and shall not be molded to contain any images or characters designed or likely to appeal to minors, such as cartoons, toys, animals or children.

(12) A dispensary may not dispense more than the allowable amount of cannabis to a registered qualifying patient or a nonresident cardholder, directly or via a registered designated caregiver. Dispensaries shall ensure compliance with this limitation by maintaining internal, confidential records that include records specifying how much medical cannabis is being dispensed to the registered qualifying patient or nonresident cardholder and whether it was dispensed directly to a registered qualifying patient, nonresident cardholder or to the registered designated caregiver.

(13) A nonresident cardholder shall not obtain more than a total of six (6) MMCEUs of allowable medical cannabis in a week from a dispensary or a combination of dispensaries. A nonresident cardholder shall not obtain more than a total of twelve (12) MMCEUs of allowable cannabis from a dispensary or a combination of dispensaries in a fifteen-day period.

(14) A nonresident may apply to receive a nonresident registry identification card up to thirty (30) days before arriving in Mississippi. A nonresident registry identification card shall be valid for fifteen (15) days. After the expiration of the card, a nonresident may apply for a renewal of the card and may be granted another card which shall be valid for another fifteen-day period. A nonresident registry identification card shall only be valid, at a maximum, for two (2) separate periods of fifteen (15) days in a three-hundred-sixty-five-day period. The possession limit of the allowable amount of medical cannabis for nonresident cardholders shall be fourteen (14) MMCEUs.

(15) A medical cannabis dispensary agent or employee shall not issue a written certification. Employees and agents of a medical cannabis dispensary shall complete at least eight (8) hours of continuing education in medical cannabis as regulated by the MDOR in order to be certified to work at a medical cannabis dispensary. After the first year of employment, these employees shall complete five (5) hours of continuing education in medical cannabis annually to maintain this certification.

(16) Notwithstanding any other provision to the contrary, a patient with a debilitating medical condition who is between eighteen (18) years to twenty-five (25) years of age is not eligible for a medical cannabis registry identification card unless two (2) practitioners from separate medical practices have diagnosed the patient as having a debilitating medical condition after an in-person consultation. One (1) of these practitioners must be a physician or doctor of osteopathic medicine.

If one (1) of the recommending practitioners is not the patient's primary care practitioner, the recommending practitioner shall review the records of a diagnosing practitioner. The requirement that the two (2) practitioners be from separate medical practices does not apply if the patient is homebound or if the patient had a registry identification card before the age of eighteen (18).

(18) A medical cannabis establishment shall only purchase, grow, cultivate, and use cannabis that is grown and cultivated in this state. Any medical cannabis that is grown and cultivated in this state shall not be transported outside of this state.

(19) Employees of all medical cannabis establishments shall apply for a work permit with the MDOH and MDOR, as applicable, before beginning employment with any establishment. The licensing agency for the respective medical cannabis establishment may issue work permits to these individuals. These licensing agencies shall maintain a work registry of all applicants and work permits issued. The fee for a work permit shall be Twenty-five Dollars (\$25.00) and the permit shall be valid for five (5) years. Work permits shall be the property of the employee and shall not be transferable to other employees.

(20) For purposes of this subsection, "plant growth regulator cannabis" shall mean a cannabis plant whose growth and structure has been modified using plant growth hormones. A cannabis cultivation facility shall not cultivate and a cannabis dispensary shall not sell, transfer or provide for consumption plant growth regulator cannabis.

(21) A medical cannabis dispensary shall only make sales to cardholders inside the dispensary. A medical cannabis dispensary shall not sell or otherwise convey medical cannabis to a cardholder through the means of a drive-through, curbside delivery or other delivery outside the premises of the dispensary.

(22) Any and all contracts or agreements entered into by the MDOH and MDOR for information technology software, hardware, and/or services for the purpose of implementing and/or operating under the Mississippi Medical Cannabis Act shall include language reasonably limiting the ability of the vendor to escalate the ongoing cost of such software, hardware, and/or services during the term of the contract, including any amendments and/or extensions.

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

(f) Promulgate rules and regulations governing the solicitation and selection of contractual services personnel, including personal and professional services contracts for any form of consulting, policy analysis, public relations, marketing, public affairs, legislative advocacy services or any other contract that the board deems appropriate for oversight, with the exception of any personal service contracts entered into by any agency that employs only nonstate service employees as defined in Section 25-9-107(c), any personal service contracts entered into for computer or information technology-related services governed by the Mississippi Department of Information Technology Services, any personal service contracts entered into by the individual state institutions of higher learning, any personal service contracts entered into by the Mississippi Department of Transportation, any personal service contracts entered into by the Department of Human Services through June 30, 2019, which the Executive Director of the Department of Human Services determines would be useful in establishing and operating the Department of Child Protection Services, any personal service contracts entered into by the Department of Child Protection Services through June 30, 2019, any contracts for entertainers and/or performers at the Mississippi State Fairgrounds entered into by the Mississippi Fair Commission, any contracts entered into by the Department of Finance and Administration when procuring aircraft maintenance, parts, equipment and/or services, any contract entered into by the Department of Public Safety for service on specialized equipment and/or software required for the operation at such specialized equipment for use by the Office of Forensics Laboratories, and any contract for attorney, accountant, actuary auditor, architect, engineer, anatomical pathologist, utility rate expert services, and any personal service contracts approved by the Executive Director of the Department of Finance and Administration and entered into by the Coordinator of Mental Health Accessibility through June 30, 2022. Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars (\$75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping

and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. If the board does not respond to the department(s) within seven (7) calendar days after receiving the notice, the department(s) may enter the proposed personal or professional service contract. If the board responds to the department(s) within seven (7) calendar days, then the board has seven (7) calendar days from the date of its initial response to provide any additional recommendations. After the end of the second seven-day period, the department(s) may enter the proposed personal or professional service contract. The board is not authorized to disapprove any proposed personal or professional services contracts. This subsection shall stand repealed on July 1, 2022.

SECTION 2. Section 31-7-12, Mississippi Code of 1972, is brought forward as follows:

31-7-12. (1) Except in regard to purchases of unmarked vehicles made in accordance with purchasing regulations adopted by the Department of Finance and Administration pursuant to Section 31-7-9(2), all agencies shall purchase commodities at the state contract price from the approved source, unless approval is granted by the Department of Finance and Administration to solicit purchases outside the terms of the contracts. However, prices accepted by an agency shall be less than the prices set by the state contract. Prices accepted by an agency shall be obtained in compliance with paragraph (a), (b) or (c) of Section 31-7-13. It shall be the responsibility of the Department of Finance and Administration to ascertain that the resulting prices shall provide a cost effective alternative to the established state contract.

(2) Governing authorities may purchase commodities approved by the Department of Finance and Administration from the state contract vendor, or from any source offering the identical commodity, at a price not exceeding the state contract price established by the Department of Finance and Administration for such commodity, without obtaining or advertising for competitive bids. Governing authorities that do not exercise the option to purchase such commodities from the state contract vendor or from another source offering the identical commodity at a price not exceeding the state contract price established by the Department of Finance and Administration shall make such purchases pursuant to the

provisions of Section 31-7-13 without regard to state contract prices established by the Department of Finance and Administration, unless such purchases are authorized to be made under subsection (5) of this section.

(3) Nothing in this section shall prohibit governing authorities from purchasing, pursuant to subsection (2) of this section, commodities approved by the Department of Finance and Administration at a price not exceeding the state contract price established by the Department of Finance and Administration.

(4) The Department of Finance and Administration shall ensure that the prices of all commodities on the state contract are the lowest and best prices available from any source offering that commodity at the same level of quality or service, utilizing the reasonable standards established therefor by the Department of Finance and Administration. If the Department of Finance and Administration does not list an approved price for the particular item involved, purchase shall be made according to statutory bidding and licensing requirements. To encourage prudent purchasing practices, the Department of Finance and Administration shall be authorized and empowered to exempt certain commodities from the requirement that the lowest and best price be approved by order placed on its minutes.

(5) Any school district may purchase commodities from vendors with which any levying authority of the school district, as defined in Section 37-57-1, has contracted through competitive bidding procedures pursuant to Section 31-7-13 for purchases of the same commodities. Purchases authorized by this subsection may be made by a school district without obtaining or advertising for competitive bids, and such purchases shall be made at the same prices and under the same conditions as purchases of the same commodities are to be made by the levying authority of the school district under the contract with the vendor.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-104-7, MISSISSIPPI CODE OF 1972, TO REVISE THE MEMBERSHIP OF THE PUBLIC PROCUREMENT REVIEW BOARD; TO REMOVE THE EXECUTIVE DIRECTOR OF THE DEPARTMENT OF FINANCE AND ADMINISTRATION, SERVING AS AN EX OFFICIO AND NONVOTING MEMBER; TO PROVIDE THAT NO MEMBER SHALL BE ON THE PUBLIC PROCUREMENT REVIEW BOARD IF HE OR SHE HAS BEEN AN OFFICER OR EMPLOYEE OF THE STATE OF MISSISSIPPI WITHIN A YEAR OF SERVICE ON THE BOARD; TO BRING FORWARD SECTION 31-7-12, MISSISSIPPI CODE OF 1972, FOR THE PURPOSE OF POSSIBLE AMENDMENT; AND FOR RELATED PURPOSES.

Rep. Bounds called up the following bill which had been read the third time:

H. B. No. 1029: Mississippi Broadband Accessibility Act; create.

A committee substitute was adopted.

Rep. Bounds moved that the committee substitute be tabled, which motion prevailed.

AMENDMENT NO. 1 BY REPRESENTATIVE Bounds: This amendment in effect, set out an entirely new bill.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known and may be cited as the Mississippi Broadband Accessibility Act.

SECTION 2. The Legislature finds that the availability of high-speed broadband Internet access services in the unserved areas in the State of Mississippi is important for economic development, education, health care and emergency services in the state, and that the grants and other incentives set forth in this act will further those objectives by encouraging new investment in broadband infrastructure. Therefore, to expand and upgrade

broadband Internet across the state and to ensure the State of Mississippi maximizes the substantial amount of federal dollars available to the states, the Legislature establishes the Mississippi Broadband Commission. It will be the responsibility of the commission to secure and administer federal grants, promulgate rules and regulations for such grants, and determine the most efficient use of federal and state dollars to maximize the distribution of broadband throughout the State of Mississippi.

SECTION 3. For the purposes of this act, the following words shall have the following meanings unless the context clearly indicates otherwise:

(a) "Broadband Internet access service" means a mass-market retail service by wire or radio provided to customers in the State of Mississippi that provides the capability to transmit data to, and receive data from, all or substantially all Internet endpoints, including, but not limited to, any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up Internet access service.

(b) "Commission" means the Mississippi Broadband Commission created in Section 4 of this act.

SECTION 4. (1) There is created the Mississippi Broadband Commission. The commission shall be charged with coordinating all broadband expansion efforts on behalf of the state as well as administering all federal broadband expansion programs. The commission shall be funded through state appropriations and use any available federal funds for the administration of broadband grants and planning. The commission shall be composed of seven (7) members with three (3) members appointed by the Governor and four (4) members appointed by the Lieutenant Governor; however, two (2) of the members appointed by the Lieutenant Governor shall be upon recommendation of the Speaker of the House. The Governor shall appoint one (1) member who is a resident from each of the three (3) Supreme Court districts. The Lieutenant Governor shall make one (1) appointment who is a resident from each of the four (4) congressional districts, and the Speaker of the House's recommendations shall be from the Second Congressional District and Third Congressional District with the Lieutenant Governor's other two (2) appointees being residents of the First Congressional District and Fourth Congressional District.

(2) Of the initial appointees, the members' terms shall be staggered as follows: one (1) term appointed by the Governor to expire on December 31, 2023; one (1) term appointed by the Governor to expire on December 31, 2024; one (1) term to be appointed by the Governor to expire on December 31, 2025; one (1) term to be appointed by the Lieutenant Governor to expire on December 31, 2024; one (1) term to be appointed by the Lieutenant Governor upon the recommendation of the Speaker of the House to expire on December 31, 2024; one (1) term to be appointed by the Lieutenant Governor to expire on December 31, 2025; and one (1) term to be appointed by the Lieutenant Governor upon the recommendation of the Speaker of the House to expire on December 31, 2025. After the expiration of the initial terms, members of the board shall serve terms of five (5) years. No member shall serve more than two (2) consecutive terms. Members may be removed by the appointing public official for neglect of duty, misfeasance or nonfeasance in office. Upon the initial appointment of a majority of the commissioners, the Lieutenant Governor shall call the first meeting of the commission within thirty (30) calendar days, at which time the commission shall elect a chairman. Four (4) members of the commission shall constitute a quorum. The commission shall meet at such times as the chairman shall determine, and shall also meet upon call of three (3) or more of the commissioners. The commission shall annually elect a chairman from among its members. The commission shall keep accurate and complete records of all its meetings.

(3) Commissioners shall be entitled to per diem compensation pursuant to Section 25-3-69 paid by the commission and shall be reimbursed by the commission for necessary travel and other reasonable expenses incurred in the performance of their official duties. No commissioner shall be considered a public officer.

(4) The Department of Finance and Administration shall provide the commission with conference and office space for operations, initial staffing support and other ancillary costs needed by the commission. Such costs shall be funded through appropriations by the Legislature.

(5) The executive director of the commission shall be appointed by the commission and must hold at least a bachelor's degree and shall have a minimum of five (5) years' managerial experience with a thorough knowledge of the telecommunications/utility industry. The executive director shall possess experience in reviewing and administering grant and/or financial applications for the purpose of public projects. The salary of the executive director shall be set by the State Personnel Board and shall be comparable to salaries of those holding similar positions in other state and federal agencies and commensurate with the duties and responsibilities imposed on this official position which affects the broad interests of the State of Mississippi.

(6) The executive director shall have general charge of the operations, necessary staffing and administration of the office. It shall be the duty and responsibility of the executive director to supervise and manage the personnel and formulate written policies and procedures for the effective and efficient operation thereof. In addition, the executive director may:

(a) Enter into contracts for services of, but not limited to, legal, accounting and engineering; and

(b) Enter into agreements with other state agencies to coordinate and share services, to conduct joint projects, and to receive support and information.

(7) It shall be the duty and responsibility of the commission and through the executive director to:

(a) Receive, administer and oversee all federal and any applicable state grant programs with regard to broadband deployment in and for the State of Mississippi, including, but not limited to, Coronavirus Capitol Projects Fund established by Section 604 of the Social Security Act, as added by Section 9901 of the American Rescue Plan Act of 2021, and the Broadband Equity, Access and Deployment Program established by the Infrastructure Investment and Jobs Act;

(b) Administer and oversee all federal and any applicable state grant programs in accordance with the guidelines, guidance, rules, regulations and/or other criteria, as may be amended from time to time, by the appropriate federal or state agency responsible for said grant program;

(c) If necessary and in accordance with the Administrative Procedures Act develop rules and procedures for federal and any applicable state grant programs and for sub-grantees to receive funds from said grants;

(d) Coordinate all broadband expansion efforts on behalf of the state to ensure an effective and efficient use of broadband grants funds;

(e) To develop rules and procedures, in accordance with the Administrative Procedures Act, to implement a competitive statewide broadband grant program;

(f) Coordinate all information provided by broadband Internet access service providers. All information provided by a broadband Internet access service provider pursuant to this chapter shall be presumed to be confidential, proprietary, and subject to exemption from disclosure under state law and shall not be subject to disclosure except in the form of a map where information that could be used to determine provider-specific information about the network of the broadband Internet access services provider is not disclosed. Such provider-specific information shall not be released to any person without express permission of the submitting broadband Internet access service provider. In no instance shall a broadband Internet access service provider be required to provide any data beyond that which it is required to provide to the Federal Communications Commission pursuant to 47 USC Section 641 et seq.

SECTION 5. (1) There is created as a special fund in the State Treasury the Mississippi Broadband Accessibility Fund. The fund shall consist of any monies appropriated to the fund by the Legislature for broadband deployment, monies received from the federal government awarded to or allocated by the state for broadband deployment, and any other monies received from any other source, including transfers from other funds or accounts. All unexpended and unencumbered monies in the fund at the end of the fiscal year shall remain in the fund. Monies in the fund shall be invested by the State Treasurer in the same manner as monies in the State General Fund and interest earned on the investment of those monies shall be credited to the fund. The fund shall be audited annually by the State Auditor.

(2) The commission shall establish and administer the broadband accessibility grant program for the purpose of promoting the deployment and adoption of broadband Internet access services to unserved areas. By August 1, 2022, the commission shall adopt rules and procedures to administer the program and begin to accept applications for grants, and shall adopt such rules as may be necessary to meet the future needs of the grant program. An award of funds must be issued by a competitive grant process. The grant process shall be technology neutral and shall result in awards to applicants that are eligible broadband Internet access service providers proposing projects based on objective and efficient measures and procedures.

SECTION 6. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed from and after June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO CREATE THE MISSISSIPPI BROADBAND ACCESSIBILITY ACT; TO PROVIDE FOR LEGISLATIVE FINDINGS; TO PROVIDE DEFINITIONS; TO CREATE THE MISSISSIPPI BROADBAND COMMISSION; TO PROVIDE FOR THE APPOINTMENT AND TERMS OF THE COMMISSIONERS; TO PROVIDE FOR THE COMMISSION TO APPOINT AN EXECUTIVE DIRECTOR; TO PROVIDE FOR THE EXECUTIVE DIRECTOR'S POWERS AND DUTIES; TO CREATE THE MISSISSIPPI BROADBAND ACCESSIBILITY FUND; TO PROVIDE THAT THE COMMISSION SHALL ESTABLISH AND ADMINISTER THE BROADBAND ACCESSIBILITY GRANT PROGRAM; AND FOR RELATED PURPOSES.

If a person who has submitted a voter registration is flagged in the database as a potential noncitizen, the county registrar shall enter the person's information into the United States Citizenship and Immigration Service's Systematic Alien Verification for Entitlements (SAVE) or its successor database for further inquiry.

(2) If, after following the procedures provided in subsection (1) of this section, both the Department of Public Safety driver's license database and SAVE indicate that the person is a noncitizen, the registrar, or his or her designee, shall send a notice to the attempted

voter that he or she has been flagged as a noncitizen. Any attempted voter who receives the notice shall, within thirty (30) days of the receipt of such notice, provide proof of citizenship to the registrar or his or her designee. For purposes of this subsection (2), proof of citizenship includes, but is not limited to:

(d) Any document or method of proof of citizenship established by the federal Immigration Reform and Control Act of 1986, Public Law No. 99-603, compiled in 8 USCS Section 1101 et seq.

(3) If the attempted voter does not provide proof of citizenship within thirty (30) days of the receipt of the notification, the registrar, or his or her designee, where the person registered to vote shall purge the voter from the Statewide Elections Management System.

(4) In the event a person is unable to provide any of the documentation listed in subsection (2) to show proof of citizenship, the person may appeal to the election commissioners of the county in which he or she attempted to register and submit additional proof of citizenship in person or in writing. The election commissioners shall conduct a hearing and make a finding concerning the individual's citizenship status and shall forward a copy of their decision to the registrar, or his or her designee, of the county where the person resides as established in Section 23-15-61. (e) Provide security and protection of all information in the system and monitor the system to ensure that unauthorized access is not allowed;
