"(b) Any history curriculum adopted by a public institution of higher learning, community or junior college, public school district, public school or charter school, shall include, but not be limited to, the exposure of Mississippi students, through one or more history studies or curriculum instruction, to the historical significance and discriminatory practices of Governor James K. Vardaman as implied through a literary review of the entire context of his speech on the purpose of the Mississippi Constitutional Convention of 1890, as follows:

"The race question is one of the most serious problems which confront the civilization of the present century. The entire republic is interested in it; but the South, where the nigger lives in such large numbers, is of course more widely affected and therefore more materially and vitally interested. The election in Maryland, and the interest manifested by the people of the whole republic, bids me hope that a way may be discovered whereby destructive attrition will be avoided—for many years at least. The first thing to be done to bring about the beginning of the process which works matters to a satisfactory issue is to bring our statesmen, philanthropists, sociologists, conservative business men, and misinformed preachers to a sane consideration of the real, inbred, God-planted, and time fixed moral and mental qualities of the nigger.

In the solution of this problem we must recognize in the very outset what Thomas Jefferson recognized a hundred years ago and what Abraham Lincoln indorsed fifty years later, that the nigger cannot live in the same country with the white man on terms of social or political equality. It is one of the impossible things. One of the other of the races will rule. They will not mix. Another thing must be done—the truth must be told about these matters and the nigger given to understand just what is expected of him and what will be done for him. I am very much in favor of protecting the nigger in the pursuit of happiness and the full enjoyment of the products of his labor. I believe in being honest in all business

dealing with him as I believe in being candid in the discussion of his political and civil rights.

I am opposed to the nigger's voting, it matters not what his advertised moral and mental qualifications may be. I am just as much opposed to Booker Washington as I am to voting by the cocoanut-headed, chocolate colored typical little coon, Andy Dotson, who blacks my shoes every morning. Neither one is fit to perform the supreme functions of citizenship. Some people may say that that is prejudice. It may be. But it is a wise prejudice founded upon the experience of all the ages. Did you ever think what we are indebted to this prejudice for? It is to this prejudice we are indebted for the purity of the Anglo-Saxon race—the master race of the world. We are indebted to it for the literature of the English-speaking people, for all the great discoveries in science, for the incomparable original plan of the government under which we live—in a word, all the glories which crown and glorify the civilization of the twentieth century. But it matters little what I may think or others may say, that prejudice will live as long as the Anglo-Saxon race retains its virility, its genius for government, and its unconquerable will to rule. When it shall cease to exist, then, indeed, will the scepter of world-rulership pass to other hands, and the glorious achievements of the "heir of all the ages" shall crumble and fall, and over it all will drift the Sahara sands of oblivion. The absolute domination by the white race means race purity. It means order, good government, progress, and general prosperity both for the nigger and white man. But when the nigger is taken into partnership in the government of the country, demoralization, retrogression, and decay ensue—just as surely as the night follows the day.

I want to do what is best for both races. I am the nigger's best friend. But I am friendly to him as a nigger whom I expect to live, act, and die as a nigger. A great deal of money, more than \$250,000,000, has been spent since the years 1861-65 by the white people of the North and the South in a foolish endeavor to make more of the nigger than God Almighty every intended. How well these efforts have succeeded, this extract from an address by a Northern man attests. I want to call attention to the fact that these statistics are entirely free from the suspicion of "race prejudice," for they were collected by Professor Wilcox, of Cornell University, a native of Massachusetts, and Dr. Winston, president of the North Carolina Agricultural College. These are the conclusions.

1. The negro element is the most criminal in our population.
2. The negro is much more criminal as a free man than he was as a slave.
3. The negro is increasing in criminality with fearful rapidity being one-third more criminal in 1890 than 1880.
4. The negroes who can read and write are more criminal than the illiterate, which is true of no other element of our population.
5. The negro is nearly three times as criminal in the Northeast, where he has not been a slave for a hundred years, and three and a half times as criminal in the Northwest, where he has never been a slave, as in the South, where he was a slave until 1865.
6. The negro is three times as criminal as a native white, and once and a half as criminal as the foreign white, consisting in many cases of the scum of Europe.
7. More than seven-tenths of the negro criminals are under thirty years of age.

But Dr. Wilcox is not the only man who has demonstrated the fallacy of the contention of the superficial student who sees in the school-house and book learning the panacea for the ills which render the nigger unfit to perform any other function in the economy of the world than that of a servant or menial. Read this clipping from the New Orleans Times-Democrat:

"These conclusions are sustained by an article by Professor J. R. Stratton printed in the North American Review for June 1900. Professor Stratton points out that, according to the census of 1890, the minimum illiteracy of the negro is found in New England, where it is 21.7 per cent.; and the maximum illiteracy of the negro is to be found in the so-called 'black belt' of South Carolina, Mississippi, and Alabama, where it is 65.7 per cent. And yet the negro is four and a half times more criminal in New England, hundred for hundred of the population, than he is in the 'black belt.' You cannot deny or question the correctness of the conclusions reached by these gentlemen. They are irrefragable and stand a Gibraltar against the waves of ignorance, fanaticism, sectional hatred, and Rooseveltian stupidity. We squander money on their education and make criminals of what should be efficient laborers."

It is a grave question and should be handled with consummate skill. The services of the wise, fearless, and patriotic statesman are demanded. We must be just to the nigger, and we must at the same time be true to the white man and true to the civilization of the age. A long way toward the solution of this question would be effected by repealing the amendments to the Federal Constitution which gave the nigger the right to pollute politics. Congress should submit that question to the people, or rather to the States. A mistake was made and it should be corrected. It is urged by some men that it is "too early to discuss that matter." I do not think it is ever too early to tell the truth, correct a mistake, or explode a lie. The people of some of the Southern States have already in effect repealed those amendments. They have eliminated the nigger from politics, and I think and hope they will be able to keep him eliminated; but I prefer doing it in a different way. It would be infinitely better botch for the nigger and the white man if it could be done.

I do not know what will be done along the line we have been discussing by the Legislature of Mississippi. I should like to see Section 206 of the State constitution so amended as to put the public schools entirely in the hands of the Legislature. I am exceedingly desirous of improving the educational facilities of our rural white population. I want the white country boys and girls who are to rule Mississippi in the future equipped, in so far as the school can equip them, for the services, serious duties, and responsibilities which must soon devolve upon them. The hope of the republic, the Ark of the Covenant of American ideals, is in the keeping of the great common people, more especially those who live in the rural districts. In these days of sordid materialism and greed for gain, when the dollar has almost become the god, it is pleasant to contemplate the superb qualities of

"The old-fashioned people—The hale, hard-working people,
The kindly country people,
'At uncle used to know.'"

On motion of Rep. Scott, unanimous consent was granted to insert the following into the Journal:

Senate Bill 2113 places in jeopardy the autonomy that educators need to entice, stimulate and develop young minds through the basic curiosity of learning. The following examples are just some subject matters that would be at risk of being censored in the classroom with the adoption of Senate Bill 2113:

Example # 1:

Any history curriculum adopted by a public institution of higher learning, community or junior college, public school district, public school or charter school, shall include, but not be limited to, the exposure of Mississippi students, through one or more history studies or curriculum instruction, to the historical significance and the civic, social and political engagement and contributions of James Meredith, as the first African-American to integrate University; to stage the "Walk Against Fear" arch from Memphis to the Mississippi State Capitol in Jackson, which resulted in him being shot by Aubrey James Norvel; and the resumption and completion of the "Meredith Pilgrimage by Dr. Martin Luther King, Jr., and approximately twelve thousand additional protesters."

Example # 2:

Any history curriculum adopted by a public institution of higher learning, community or junior college, public school district, public school or charter school, shall include, but not be limited to, the exposure of Mississippi students, through one or more history studies or curriculum instruction, to the historical significance, legislative career, murder accusation and acquittal of E.H. Hurst."

Further, amend the title to conform.

Example # 3:

Any history curriculum adopted by a public institution of higher learning, community or junior college, public school district, public school or charter school, shall include, but not be limited to, the exposure of Mississippi students, through one or more history studies or curriculum instruction, to the historical significance and civic and social engagement of the Tougaloo Nine (Evelyn Pierce; Meredith Anding, Jr.; Joseph Jackson, Jr.; Albert Lassiter; Alfred Cook; Ethel Sawyer; Geraldine Edwards Hollis; Janice Jackson and James Sammy Bradford), who attempted to integrated the main branch of the Jackson Public Library.

Example # 4:

Any history curriculum adopted by a public institution of higher learning, community or junior college, public school district, public school or charter school, shall include, but not be limited to, the exposure of Mississippi students, through one or more history studies or curriculum instruction, to the historical significance of the entire context of the Mississippi Constitution of 1890 as originally adopted on November 1, 1890.

On motion of Rep. Karriem, unanimous consent was granted to insert the following into the Journal:

Why I Voted No On Senate Bill 2113 (CRT)Critical Race Theory

Senate Bill 2113, the Critical Race Theory Bill, is one of the most egregious pieces of legislation I have ever had to vote on during my tenure since being elected to the legislature. Critical race theory is an academic practice that examines how racism operates in US laws and society. It is not being taught in k-12 anywhere in the state. As he signed the bill into law, Mississippi's Republican governor, Tate Reeves, said the legislation would combat "indoctrination in our state." He argued, without citing evidence, that "children are dragged to the front of the classroom and are coerced to declare themselves as oppressors, taught that they should feel guilty because of the color of their skin, or that they are inherently a victim because of their race." The Mississippi Department of education has repeatedly stated that critical race theory is not taught in public schools. Reporting indicates it is taught in just one higher education class in the

entire state at the University of Mississippi School of Law. I believe, as do my fellow, Democratic colleagues in the house of representatives, argue the bill is a backlash against bipartisan efforts to remove the Confederate battle emblem from the state's flag, which occurred in 2020 after the resurgence of the Black Lives Matter movement. It's censorship in the classroom and fringes on home rule. This bill puts added pressure on school teachers and districts across the state. Like many other CRT bills around the country, the wording of Mississippi's legislation is short and vague. It prohibits public schools and universities from compelling "students to personally affirm, adopt or adhere ... that any sex, race, ethnicity, religion or national origin is inherently superior or inferior". It also blocks public educational institutions from making a "distinction or classification of students based on race." Despite not defining CRT directly, the bill stipulates that any school, college, or university that has violated these tenets could lose public funding. This legislation is a solution looking for a problem, and I dread to see what will happen to our education system in Mississippi in the future.

SUBSTITUTE AMENDMENT NO. 1 FOR AMENDMENT NO. 1 BY REPRESENTATIVE Boyd:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 25-41-7, Mississippi Code of 1972, is amended as follows:

25-41-7. (1) Any public body may enter into executive session for the transaction of public business; however, all meetings of any public body shall commence as an open meeting, and an affirmative vote of three-fifths (3/5) of all members present shall be required to declare an executive session.

(2) The procedure to be followed by any public body in declaring an executive session shall be as follows: Any member shall have the right to request by motion a closed determination upon the issue of whether or not to declare an executive session. The motion, by majority vote, shall require the meeting to be closed for a preliminary determination of the necessity for executive session. No other business shall be transacted until the discussion of the nature of the matter requiring executive session has been completed and a vote, as required in subsection (1) hereof, has been taken on the issue.

(3) An executive session shall be limited to matters allowed to be exempted from open meetings by subsection (4) of this section. The reason for holding an executive session shall be stated in an open meeting, and the reason so stated shall be recorded in the minutes of the meeting. Nothing in this section shall be construed to require that any meeting be closed to the public, nor shall any executive session be used to circumvent or to defeat the purposes of this chapter.

(4) A public body may hold an executive session pursuant to this section for one or more of the following reasons:

(a) Transaction of business and discussion of personnel matters relating to the job performance, character, professional competence, or physical or mental health of a person holding a specific position, or matters relating to the terms of any potential or current employment or services agreement with any physicians or other employees of public hospitals, including any discussion of any person applying for medical staff privileges or membership with a public hospital.

(b) Strategy sessions or negotiations with respect to prospective litigation, litigation or issuance of an appealable order when an open meeting would have a detrimental effect on the litigating position of the public body.

(c) Transaction of business and discussion regarding the report, development or course of action regarding security personnel, plans or devices.

(d) Investigative proceedings by any public body regarding allegations of misconduct or violation of law.

(e) Any body of the Legislature which is meeting on matters within the jurisdiction of that body.

(f) Cases of extraordinary emergency which would pose immediate or irrevocable harm or damage to persons or property, or both, within the jurisdiction of the public body.

(g) Transaction of business and discussion regarding the prospective purchase, sale or leasing of lands.

(h) Discussions between a school board and individual students who attend a school within the jurisdiction of the school board or the parents or teachers of the students regarding problems of the students or their parents or teachers.

(i) Transaction of business and discussion concerning the preparation of tests for admission to practice in recognized professions.

(j) Transaction of business and discussions or negotiations regarding the location, relocation or expansion of a business, medical service or an industry.

(k) Transaction of business and discussions regarding employment or job performance of a person in a specific position or termination of an employee holding a specific position. The exemption provided by this paragraph includes transaction of business and discussion in executive session by the board of trustees of a public hospital regarding any employee or medical staff member or applicant for medical staff privileges and any such individual's credentialing, health, performance, salary, raises or disciplinary action. The exemption provided by this paragraph includes the right to enter into executive session concerning a line item in a budget which might affect the termination of an employee or employees. All other budget items shall be considered in open meetings and final budgetary adoption shall not be taken in executive session.

(l) Discussions regarding material or data exempt from the Mississippi Public Records Act of 1983 pursuant to Section 25-11-121.

(m) Transaction of business and discussion regarding prospective strategic business decisions of public hospitals, including without limitation, decisions to open a new service line, implement capital improvements, or file applications for certificates of need or determinations of nonreviewability with the State Department of Health.

SUBSTITUTE AMENDMENT NO. 1 FOR AMENDMENT NO. 1 BY REPRESENTATIVE Scoggin:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-101-15, Mississippi Code of 1972, is amended as follows:

37-101-15. (a) The Board of Trustees of State Institutions of Higher Learning shall succeed to and continue to exercise control of all records, books, papers, equipment, and supplies, and all lands, buildings, and other real and personal property belonging to or assigned to the use and benefit of the board of trustees formerly supervising and controlling the institutions of higher learning named in Section 37-101-1. The board shall have and exercise control of the use, distribution and disbursement of all funds, appropriations and taxes, now and hereafter in possession, levied and collected, received, or appropriated for the use, benefit, support, and maintenance or capital outlay expenditures of the institutions of higher learning, including the authorization of employees to sign vouchers for the disbursement of funds for the various institutions, except where otherwise specifically provided by law.

(b) The board shall have general supervision of the affairs of all the institutions of higher learning, including the departments and the schools thereof. The board shall have the power in its discretion to determine who shall be privileged to enter, to remain in, or to graduate therefrom. The board shall have general supervision of the conduct of libraries and laboratories, the care of dormitories, buildings, and grounds; the business methods and arrangement of accounts and records; the organization of the administrative plan of each institution; and all other matters incident to the proper functioning of the institutions. The board shall have the authority to establish minimum standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the board may establish.

(c) The board shall exercise all the powers and prerogatives conferred upon it under the laws establishing and providing for the operation of the several institutions herein specified. The board shall adopt such bylaws and regulations from time to time as it deems expedient for the proper supervision and control of the several institutions of higher learning, insofar as such bylaws and regulations are not repugnant to the Constitution and laws, and not inconsistent with the object for which these institutions were established. The board shall have power and authority to prescribe rules and regulations for policing the campuses and all buildings of the respective institutions, to authorize the arrest of all persons violating on any campus any criminal law of the state, and to have such law violators turned over to the civil authorities.

(d) For all institutions specified herein, the board shall provide a uniform system of recording and of accounting approved by the State Department of Audit. The board shall annually prepare, or cause to be prepared, a budget for each institution of higher learning for the succeeding year which must be prepared and in readiness for at least thirty (30) days before the convening of the regular session of the Legislature. All relationships and negotiations between the State Legislature and its various committees and the institutions named herein shall be carried on through the board of trustees. No

official, employee or agent representing any of the separate institutions shall appear before the Legislature or any committee thereof except upon the written order of the board or upon the request of the Legislature or a committee thereof.

(e) For all institutions specified herein, the board shall prepare an annual report to the Legislature setting forth the disbursements of all monies appropriated to the respective institutions. Each report to the Legislature shall show how the money appropriated to the several institutions has been expended, beginning and ending with the fiscal years of the institutions, showing the name of each teacher, officer, and employee, and the salary paid each, and an itemized statement of each and every item of receipts and expenditures. Each report must be balanced, and must begin with the former balance. If any property belonging to the state or the institution is used for profit, the reports shall show the expense incurred in managing the property and the amount received therefrom. The reports shall also show a summary of the gross receipts and gross disbursements for each year and shall show the money on hand at the beginning of the fiscal period of the institution next preceding each session of the Legislature and the necessary amount of expense to be incurred from said date to January 1 following. The board shall keep the annual expenditures of each institution herein mentioned within the income derived from legislative appropriations and other sources, but in case of emergency arising from acts of providence, epidemics, fire or storm with the written approval of the Governor and by written consent of a majority of the senators and of the representatives it may exceed the income. The board shall require a surety bond in a surety company authorized to do business in this state of every employee who is the custodian of funds belonging to one or more of the institutions mentioned herein, which bond shall be in a sum to be fixed by the board in an amount that will properly safeguard the said funds, the premium for which shall be paid out of the funds appropriated for said institutions.

(f) The board shall have the power and authority to elect the heads of the various institutions of higher learning and to contract with all deans, professors, and other members of the teaching staff, and all administrative employees of said institutions for a term not exceeding four (4) years. The board shall have the power and authority to terminate any such contract at any time for malfeasance, inefficiency, or contumacious conduct, but never for political reasons. It shall be the policy of the board to permit the executive head of each institution to nominate for election by the board all subordinate employees of the institution over which he presides. It shall be the policy of the board to elect all officials for a definite tenure of service and to reelect during the period of satisfactory service. The board shall have the power to make any adjustments it thinks necessary between the various departments and schools of any institution or between the different institutions.

(g) The board shall keep complete minutes and records of all proceedings which shall be open for inspection by any citizen of the state.

(h) The board shall have the power to enter into an energy performance contract, energy services contract, on a shared-savings, lease or lease-purchase basis, for energy efficiency services and/or equipment as prescribed in Section 31-7-14.

(i) The Board of Trustees of State Institutions of Higher Learning, for and on behalf of Jackson State University, is hereby authorized to convey by donation or otherwise easements across portions of certain real estate located in the City of Jackson, Hinds County, Mississippi, for right-of-way required for the Metro Parkway Project.

(j) In connection with any international contract between the board or one (1) of the state's institutions of higher learning and any party outside of the United States, the board or institution that is the party to the international contract is hereby authorized and empowered to include in the contract a provision for the resolution by arbitration of any controversy between the parties to the contract relating to such contract or the failure or refusal to perform any part of the contract. Such provision shall be valid, enforceable and irrevocable without regard to the justiciable character of the controversy. Provided, however, that in the event either party to such contract initiates litigation against the other with respect to the contract, the arbitration provision shall be deemed waived unless asserted as a defense on or before the responding party is required to answer such litigation.

(k) The Board of Trustees of State Institutions of Higher Learning ("board"), on behalf of any institution under its jurisdiction, shall purchase and maintain business property insurance and business personal property insurance on all university-owned buildings and/or contents as required by federal law and regulations of the Federal Emergency Management Agency (FEMA) as is necessary for receiving public assistance or reimbursement for repair, reconstruction, replacement or other damage to those buildings and/or contents caused by the Hurricane Katrina Disaster of 2005 or subsequent disasters. The board is authorized to expend funds from any available source for the purpose of obtaining and maintaining that property insurance. The board is authorized to enter into agreements with the Department of Finance and Administration, local school districts, community/junior college districts, community hospitals and/or other state agencies to pool their liabilities to participate in a group business property and/or business personal property insurance program, subject to uniform rules and regulations as may be adopted by the Department of Finance and Administration.

(l) The Board of Trustees of State Institutions of Higher Learning, or its designee, may approve the payment or reimbursement of reasonable travel expenses incurred by candidates for open positions at the board's executive office or at any of the state institutions of higher learning, when the job candidate has incurred expenses in traveling to a job interview at the request of the board, the Commissioner of Higher Education or a state institution of higher learning administrator.

(m) (i) The Board of Trustees of State Institutions of Higher Learning is authorized to administer and approve contracts for the construction and maintenance of buildings and other facilities of the state institutions of higher learning, including related contracts for architectural and engineering services, which are paid for with self-generated funds.

(ii) Additionally, the board is authorized to oversee, administer and approve contracts for the construction and maintenance of buildings and other facilities of the state institutions of higher learning, including related contracts for architectural and engineering services, which are funded in whole or in part by general obligation bonds of the State of Mississippi at institutions designated annually by the board as being capable to procure and administer all such contracts. Prior to the disbursement of funds, an agreement for each project between the institution and the Department of Finance and Administration shall be executed. The approval and execution of the agreement shall not be withheld by either party unless the withholding party provides a written, detailed explanation of the basis for withholding to the other party. The agreement shall stipulate the responsibilities of each party, applicable procurement regulations, documentation and reporting requirements, conditions prior to, and schedule of, disbursement of general obligation bond funds to the institution and provisions concerning handling any remaining general obligation bonds at the completion of the project. Such agreement shall not include provisions that constitute additional qualifications or criteria that act to invalidate the designation of an institution as capable of procuring and administering such project. Inclusion of any such provisions may be appealed to the Public Procurement Review Board. This subparagraph (ii) shall stand repealed from and after July 1, * * * 2025.

SECTION 2. (1) This act shall be known and may be cited as the "Mississippi Association of Independent Colleges and Universities (MAICU) Infrastructure Grant Program Act of 2022."

(2) There is hereby established within the Mississippi Department of Finance and Administration, the Mississippi Association of Independent Colleges and Universities (MAICU) Infrastructure Grant Program under which independent colleges and universities may apply for reimbursable grants to make necessary investments in water, wastewater, stormwater, broadband and other eligible infrastructure projects to be funded by the Legislature utilizing Coronavirus State Fiscal Recovery Funds made available under the federal American Rescue Plan Act (ARPA). Such grants shall be made available to the following institutions: Belhaven University, Blue Mountain College, Millsaps College, Mississippi College, Rust College, Tougaloo College and William Carey University. Grant program funds shall be distributed to each listed institution based on the pro rata share of full-time equivalent students enrolled in the respective college or university. For purposes of this distribution, a full-time equivalent student shall be calculated as follows:

(a) One (1) full-time student shall be considered one (1) full-time equivalent student;

(c) One (1) online student shall be considered one-fourth (1/4) of a full-time equivalent student.

(3) For purposes of this act, unless the context requires otherwise, the following terms shall have the meanings ascribed herein:

(a) "MAICU Grant Program" shall mean the Mississippi Association of Independent Colleges and Universities (MAICU) Infrastructure Grant Program.

Rep. Lamar called up:

S. B. No. 3163: Income tax; authorize credit for certain expenditures for railroad reconstruction or replacement or new rail infrastructure.

AMENDMENT NO. 1 TO STRIKE-ALL AMENDMENT NO. 1 BY REPRESENTATIVE Reynolds:

AMEND by inserting the following after line 897 and renumbering the succeeding sections accordingly:

"SECTION 4. Section 27-31-104, Mississippi Code of 1972, as amended by Senate Bill No. 2095, 2022 Regular Session, is amended as follows:

[Through June 30, *** 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects by a qualified business (as such term is defined in Section 57-117-3) meeting minimum criteria established by the Mississippi Development Authority;

(iv) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iv), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(v) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3), or one-tenth (1/10) if the project is also a project as defined in Section 27-31-46, of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount or one-tenth (1/10) of that amount if the project is also a project as defined in Section 27-31-46. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project as defined in Section 27-31-46, one-tenth (1/10) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, * * * 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5, Mississippi Code of 1972) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iii), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(iv) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3), or one-tenth (1/10) if the project is also a project as defined in Section 27-31-46, of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the

appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount or one-tenth (1/10) of that amount if the project is also a project as defined in Section 27-31-46. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project as defined in Section 27-31-46, one-tenth (1/10) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the annual debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

SECTION 5. A project as defined in Section 27-31-46, for which initial construction begins on or after July 1, 2022, but not later than December 31, 2024, shall be allowed an exemption from ad valorem taxation as provided in this section. For such a project, one-half (1/2) of that true value of property of the project that is subject to a fee-in-lieu of ad valorem taxes pursuant to an agreement under Section 27-31-104 shall be exempt from ad valorem taxation for a period of ten (10) years from and after the date of the expiration of such fee-in-lieu of ad valorem taxes."

TO THE MISSISSIPPI HOUSE OF REPRESENTATIVES

GOVERNOR'S VETO MESSAGE FOR HOUSE BILL 980

I am returning House Bill 980: "AN ACT TO CREATE A NEW SECTION WITHIN ARTICLE 3, CHAPTER 29, TITLE 41, MISSISSIPPI CODE OF 1972, TO PROVIDE AN AUTOMATIC DEFENSE TO PROSECUTION FOR ANY CHARGE THAT IS BROUGHT WITHIN TWO YEARS OF A FEDERAL DECLASSIFICATION OF A CONTROLLED SUBSTANCE THAT IS THE SUBJECT OF THE OFFENSE; AND FOR RELATED PURPOSES."

House Bill 980 adopts a new section of the Mississippi Code to create an automatic defense and bar to criminal prosecution for any violation of Mississippi's controlled substances laws upon the Federal government declassifying the substance that is the subject of the criminal charge. Specifically, House Bill 980 provides in relevant part at lines 22-29: "If a charge is brought under [Mississippi's Uniform Controlled Substances Law] within two years from the date of declassification of a controlled substance. . . and that federally declassified controlled substance is the subject of the offense, there shall be an automatic defense to prosecution. The defense shall be raised sua sponte by the court or by any party to the proceeding and shall bar the prosecution of the charge." (emphasis added).

The State of Mississippi enjoys exclusive police powers to protect the health, welfare and safety of its citizens. In furtherance of its police powers, Mississippi has adopted a Uniform Controlled Substances Law that both regulates substances and provides criminal penalties for violations of such regulations. While Mississippi's five controlled substances schedules, codified at Miss. Code §§ 41-29-113 through 121, largely mirror the federal schedules, such schedules are not coextensive. Most notably, earlier this session the Mississippi Legislature passed and I signed into law Senate Bill 2095 creating a medical marijuana program that authorizes the use of medical marijuana and decriminalizes the

cultivation, processing and possession of medical marijuana despite the fact that marijuana remains a controlled substance under federal law and subject to criminal penalties. Additionally, this week I signed into law House Bill 232 that makes numerous additions to Mississippi's five controlled substances schedules, including scheduling twenty fentanyl-related substances. Such actions were consistent with Mississippi's exclusive police powers.

House Bill 980 imprudently abdicates to the federal government the police powers of the state to regulate substances and impose criminal penalties for violations of Mississippi Controlled Substances Act. In some Democrat-controlled states, there is a disturbing trend toward deregulating and decriminalizing such hard street drugs as cocaine, heroin and methamphetamine. While thankfully this trend has not yet spread to Congress, I am unwilling to gamble with the health, welfare and safety of Mississippians. If the past fifteen months have taught us anything, it is that we must jealously guard state's rights and powers and not cede any authority to the federal government.

In some instances, it may be appropriate to amend Mississippi's controlled substances schedules to mirror changes in the federal schedules, while also amending Mississippi's criminal laws to account for such changes. In other instances, it may be appropriate for Mississippi to decline to declassify a controlled substance and instead exercise its police powers to regulate it and impose criminal penalties for violation of such regulations. In either case, the decision of what substances should be regulated and what criminal penalties should be imposed for violations of such regulations should be made by the Mississippi Legislature on a case-by-case basis not the federal government. For these reasons, I am vetoing House Bill 980.

Respectfully submitted,

TATE REEVES
GOVERNOR

Clerk, Andrew Ketchings, read the Governor's veto message to the House for House Bill No. 980.

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. * * * However, * * * school districts are authorized, in their discretion, to negotiate the salary levels applicable to * * * licensed employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school

nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. * * *

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed school counselor shall submit documentation to the State Department of Education that the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board * * *. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. * * *

(v) Any licensed athletic trainer who has met the requirements and acquired Board Certification for the Athletic Trainer from the Board of Certification, Inc., and who is employed by a local school board or the State Board of Education as an athletic trainer and not as an administrator. The licensed athletic trainer shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed athletic trainer shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State

Department of Education to the local school district and shall be in addition to its * * * adequate education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one (1) individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding * * * licensed teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed

appropriate in designating successful student achievement shall be used in establishing MPBP criteria. * * *

(5) (a) * * * If funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION 2. Section 37-21-7, Mississippi Code of 1972, is amended as follows:

37-21-7. (1) This section shall be referred to as the "Mississippi Elementary Schools Assistant Teacher Program," the purpose of which shall be to provide an early childhood education program that assists in the instruction of basic skills. The State Board of Education is authorized, empowered and directed to implement a statewide system of assistant teachers in kindergarten classes and in the first, second and third grades. The assistant teacher shall assist pupils in actual instruction under the strict supervision of a licensed teacher.

(2) (a) Except as otherwise authorized under subsection (7), each school district shall employ the total number of assistant teachers funded under subsection (6) of this section. The superintendent of each district shall assign the assistant teachers to the kindergarten, first-, second- and third-grade classes in the district in a manner that will promote the maximum efficiency, as determined by the superintendent, in the instruction of skills such as verbal and linguistic skills, logical and mathematical skills, and social skills.

(b) If a licensed teacher to whom an assistant teacher has been assigned is required to be absent from the classroom, the assistant teacher may assume responsibility for the classroom in lieu of a substitute teacher. However, no assistant teacher shall assume sole responsibility of the classroom for more than three (3) consecutive school days. Further, in no event shall any assistant teacher be assigned to serve as a substitute teacher for any teacher other than the licensed teacher to whom that assistant teacher has been assigned.

(3) Assistant teachers shall have, at a minimum, a high school diploma or a High School Equivalency Diploma equivalent, and shall show demonstrable proficiency in reading and writing skills. The State Department of Education shall develop a testing procedure for assistant teacher applicants to be used in all school districts in the state.

(4) (a) In order to receive funding, each school district shall:

(i) Submit a plan on the implementation of a reading improvement program to the State Department of Education; and

(ii) Develop a plan of educational accountability and assessment of performance, including pretests and posttests, for reading in Grades 1 through 6.

(b) Additionally, each school district shall:

(i) Provide annually a mandatory preservice orientation session, using an existing in-school service day, for administrators and teachers on the effective use of assistant teachers as part of a team in the classroom setting and on the role of assistant teachers, with emphasis on program goals;

(ii) Hold periodic workshops for administrators and teachers on the effective use and supervision of assistant teachers;

(iii) Provide training annually on specific instructional skills for assistant teachers;

(iv) Annually evaluate their program in accordance with their educational accountability and assessment of performance plan; and
(v) Designate the necessary personnel to supervise and report on their program.

(5) The State Department of Education shall:

(a) Develop and assist in the implementation of a statewide uniform training module, subject to the availability of funds specifically appropriated therefor by the Legislature, which shall be used in all school districts for training administrators, teachers and assistant teachers. The module shall provide for the consolidated training of each assistant teacher and teacher to whom the assistant teacher is assigned, working together as a team, and shall require further periodic training for administrators, teachers and assistant teachers regarding the role of assistant teachers;

(b) Annually evaluate the program on the district and state level. Subject to the availability of funds specifically appropriated therefor by the Legislature, the department shall develop: (i) uniform evaluation reports, to be performed by the principal or assistant principal, to collect data for the annual overall program evaluation conducted by the department; or (ii) a program evaluation model that, at a minimum, addresses process evaluation; and

(c) Promulgate rules, regulations and such other standards deemed necessary to effectuate the purposes of this section. Noncompliance with the provisions of this section and any rules, regulations or standards adopted by the department may result in a violation of compulsory accreditation standards as established by the State Board of Education and the Commission on School Accreditation.

(6) In addition to other funds allotted under the Minimum Education or Adequate Education Program, each school district shall be allotted sufficient funding for the purpose of employing assistant teachers. No assistant teacher shall be paid less than the amount he or she received in the prior school year. No school district shall receive any funds under this section for any school year during which the aggregate amount of the local contribution to the salaries of assistant teachers by the district shall have been reduced below such amount for the previous year.

For assistant teachers, the minimum annual salary shall be as follows:

* * *

2022-2023 and Subsequent Years Minimum Salary \$17,000.00

In addition, for each one percent (1%) that the Sine Die General Fund Revenue Estimate Growth exceeds five percent (5%) in fiscal year 2006, as certified by the Legislative Budget Office to the State Board of Education and subject to the specific appropriation therefor by the Legislature, the State Board of Education shall revise the salary scale in the appropriate year to provide an additional one percent (1%) across-the-board increase in the base salaries for assistant teachers. The State Board of Education shall revise the salaries prescribed above for assistant teachers to conform to any adjustments made in prior fiscal years due to revenue growth over and above five percent (5%). The assistant teachers shall not be restricted to working only in the grades for which the funds were allotted, but may be assigned to other classes as provided in subsection (2)(a) of this section.

(7) (a) As an alternative to employing assistant teachers, any school district may use the allotment provided under subsection (6) of this section for the purpose of employing licensed teachers for kindergarten, first-, second- and third-grade classes; however, no school district shall be authorized to use the allotment for assistant teachers for the purpose of employing licensed teachers unless the district has established that the employment of licensed teachers using such funds will reduce the teacher:student ratio in the kindergarten, first-, second- and third-grade classes. All state funds for assistant teachers shall be applied to reducing teacher:student ratio in Grades K-3.

It is the intent of the Legislature that no school district shall dismiss any assistant teacher for the purpose of using the assistant teacher allotment to employ licensed teachers. School districts may rely only upon normal attrition to reduce the number of assistant teachers employed in that district.

(b) Districts meeting the highest levels of accreditation standards, as defined by the State Board of Education, shall be exempted from the provisions of subsection (4) of this section.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022, and the amendments to subparagraphs (ii), (iv) and (v) of Section 37-19-7(2)(a) in this act shall be retroactive to July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 37-19-7, MISSISSIPPI CODE OF 1972, FOR THE PURPOSE OF PROVIDING FOR AN INCREASE TO THE MINIMUM TEACHER SALARY SCALE; TO DELETE THE CAP ON THE NUMBER OF NATIONAL BOARD-CERTIFIED NURSES AND SPEECH-LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS EMPLOYED BY SCHOOL DISTRICTS WHO ARE ALLOWED TO RECEIVE THE SALARY SUPPLEMENT FOR NATIONAL BOARD CERTIFICATION; TO REQUIRE THE PAYMENT OF AN ANNUAL SALARY SUPPLEMENT TO STATE-LICENSED ATHLETIC TRAINERS EMPLOYED BY A SCHOOL DISTRICT WHO HAVE ACQUIRED NATIONAL BOARD CERTIFICATION; TO AMEND SECTION 37-21-7, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR AN INCREASE TO THE MINIMUM BASE SALARY FOR TEACHER ASSISTANTS; AND FOR RELATED PURPOSES.

On motion of Rep. Bennett, unanimous consent was granted to insert the following into the Journal:

At the beginning of the 2021 session, Speaker Phillip Gunn and House Education Chairman Richard Bennett requested to meet with House Education Vice Chairman Kent McCarty, Rep. Kevin Felsher, and Rep. Jansen Owen to discuss the creation of a transformational teacher pay raise plan. After the meeting, McCarty, Felsher, and Owen left the Capitol and went to Martin's restaurant for lunch.

It was there, at Martin's, where the blueprint for what would become the largest teacher pay raise in Mississippi's history would be drawn on a napkin. The initial plan was presented to Chairman Bennett who approved and arranged a meeting with Speaker Gunn. After approving the concept of the initial plan, a meeting with Chairman Bennett, Representatives McCarty, Felsher, Owen, and House Education Committee attorney Dwan Johnson, and Governor Tate Reeve's Education Policy Advisor Holly Spivey met to draft the plan.

After several hours of meeting, the Strategically Accelerating the Recruitment and Retention of Teachers (START) Act was named and drafted. Ultimately, there was

not enough time remaining in the session to introduce and advance such an expansive piece of legislation.

Speaker Gunn and Chairman Bennett committed to McCarty, Felsher, and Owen that the first major piece of legislation the House would pass would be the START Act. On 1/11/22 HB 530, the START Act, passed the Education Committee with no opposition and on 1/12/22 passed the House by a margin of 114-6. The bill was transmitted to the Senate on 1/13/22

Unfortunately, the senate would not take up HB 530 and would pass an inferior teacher pay raise bill. As the deadline for general legislation came, Chairman Bennett had a crucial decision to make. Decide to take up an inferior senate bill or press the issue and force the senate to take up the house plan. The decision was made to stay the course and force the senate to take the plan that was better for the teachers.

The senate passed HB 530 out of the Education Committee on 3/1/22 with a strike-all inserting the senate language. The next day, the Senate passed the amended version of HB 530 and sent it back to the house for concurrence or non-concurrence. The house declined to concur and invited conference.

Chairman Bennett named himself, Vice Chairman McCarty, and Rep. Felsher as conferees while the senate named Education Chairman Dennis DeBar, Finance Chairman W. Briggs Hopson, III, and Sen. Hob Bryan as their conferees.

After intense negotiations nearly failed, the senate called for one final conference meeting with less than 24 hours notice and demanded it be televised to the public. Chairman Bennett, having a previous commitment, tapped Rep. Owen to attend in his stead with McCarty and Felsher.

That morning, McCarty, Felsher, and Owen attended the meeting to the Senate's surprise. Owen brought donuts for the senators as a goodwill gesture. When the meeting began, Chairman DeBar explained the senate had executed a conference report which was a compromise between the house and senate plans, but in fact, the conference report was the house plan with just a few of the senate's plans components.

Rep. Felsher opened for the house explaining Chairman Bennett could not attend on such short notice and that the house was appreciative of the senate's efforts. Vice Chairman McCarty also thanked the senate and, upon reviewing the plan, informed the senate conferees that the house conferees in attendance were satisfied with the senate's report.

Vice Chairman McCarty, along with Rep. Felsher and Owen, recommended to Chairman Bennett and Speaker Gunn that the house accept the report and move HB 530 to the Governor. Leadership agreed and the report was signed and returned to the senate.

On 3/17/22 the senate passed HB 530 and on 3/22/22 the house passed HB 530 and sent it to the Governor. On 3/30/22 Governor Tate Reeves signed the START Act, thus, enacting the largest teacher pay raise in the history of the state of Mississippi.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 821: Nontransport emergency medical services; develop coordinated entity to provide statewide system for.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-59-3, Mississippi Code of 1972, is amended as follows:

41-59-3. As used in this chapter, unless the context otherwise requires, the term:

(a) "Ambulance" means any privately or publicly owned land or air vehicle that is especially designed, constructed, modified or equipped to be used, maintained and operated upon the streets, highways or airways of this state to assist persons who are sick, injured, wounded, or otherwise incapacitated or helpless;

(b) "Permit" means an authorization issued for an ambulance vehicle and/or a special use EMS vehicle as meeting the standards adopted under this chapter;

(c) "License" means an authorization to any person, firm, corporation, or governmental division or agency to provide ambulance services in the State of Mississippi;

(d) "Emergency medical technician" means an individual who possesses a valid emergency medical technician's certificate issued under the provisions of this chapter or who has a privilege to practice under the Emergency Medical Services Personnel Licensure Interstate Compact;

(e) "Certificate" means official acknowledgment that an individual has successfully completed (i) the recommended basic emergency medical technician training course referred to in this chapter which entitles that individual to perform the functions and duties of an emergency medical technician, or (ii) the recommended medical first responder training course referred to in this chapter which entitles that individual to perform the functions and duties of a medical first responder;

(f) "Board" means the State Board of Health;

(g) "Department" means the State Department of Health, Division of Emergency Medical Services;

(h) "Executive officer" means the Executive Officer of the State Board of Health, or his designated representative;

(i) "First responder" means a person who uses a limited amount of equipment to perform the initial assessment of and intervention with sick, wounded or otherwise incapacitated persons;

(j) "Medical first responder" means a person who uses a limited amount of equipment to perform the initial assessment of and intervention with sick, wounded or otherwise incapacitated persons who (i) is trained to assist other EMS personnel by successfully completing, and remaining current in refresher training in accordance with, an approved "First Responder: National Standard Curriculum" training

program, as developed and promulgated by the United States Department of Transportation; (ii) is nationally registered as a first responder by the National Registry of Emergency Medical Technicians; and (iii) is certified as a medical first responder by the State Department of Health, Division of Emergency Medical Services;

(k) "Invalid vehicle" means any privately or publicly owned land or air vehicle that is maintained, operated and used only to transport persons routinely who are convalescent or otherwise nonambulatory and do not require the service of an emergency medical technician while in transit;

(m) "Trauma care system" or "trauma system" means a formally organized arrangement of health care resources that has been designated by the department by which major trauma victims are triaged, transported to and treated at trauma care facilities;

(o) "Trauma registry" means a collection of data on patients who receive hospital care for certain types of injuries. Such data are primarily designed to ensure quality trauma care and outcomes in individual institutions and trauma systems, but have the secondary purpose of providing useful data for the surveillance of injury morbidity and mortality;

(p) "Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, psychiatric disturbances and/or symptoms of substance abuse, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part;

(q) "Emergency medical call" means a situation that is presumptively classified at time of dispatch to have a high index of probability that an emergency medical condition or other situation exists that requires medical intervention as soon as possible to reduce the seriousness of the situation, or when the exact circumstances are unknown, but the nature of the request is suggestive of a true emergency where a patient may be at risk;

(r) "Emergency response" means responding immediately at the basic life support or advanced life support level of service to an emergency medical call. An immediate response is one in which the ambulance supplier begins as quickly as possible to take the steps necessary to respond to the call;

NTEMS are typically rendered at the location of first contact with a patient, and do not include transportation and care during transit to a medical facility, NTEMS providers are "EMS personnel" as referenced in the provisions of Chapters 59 and 60, Title 41 upon meeting the training and certification requirements for emergency medical technicians.

SECTION 2. Section 41-59-35, Mississippi Code of 1972, is amended as follows:

41-59-35. (1) An emergency medical technician certificate so issued shall be valid for a period not exceeding two (2) years from the date of issuance and may be renewed upon payment of a renewal fee to be fixed by the board, which shall be paid to

the board, provided that the holder meets the qualifications set forth in this Chapter 59 and Chapter 60 and rules and regulations promulgated by the board. Any increase in the fee charged by the board under this subsection shall be in accordance with the provisions of Section 41-3-65.

(2) The board is authorized to suspend or revoke a certificate so issued at any time it is determined that the holder no longer meets the prescribed qualifications.

(3) It shall be unlawful for any person, corporation or association to, in any manner, represent himself, herself or itself as an Emergency Medical Technician-Basic, Emergency Medical Technician-Advanced, Emergency Medical Technician-Paramedic, Emergency Medical Technician-Paramedic Critical Care, or Emergency Medical Services Driver, or use in connection with his or its name the words or letters of EMT, emt, paramedic, critical care paramedic, or any other letters, words, abbreviations or insignia which would indicate or imply that he, she or it is an Emergency Medical Technician-Basic, Emergency Medical Technician-Advanced, Emergency Medical Technician-Paramedic, Emergency Medical Technician-Paramedic Critical Care, or Emergency Medical Services Driver, unless certified in accordance with Chapters 59 and 60 of this title and in accordance with the rules and regulations promulgated by the board; or a person who has a privilege to practice under the Emergency Medical Services Personnel Licensure Interstate Compact. It shall be unlawful to employ an uncertified Emergency Medical Technician-Basic, Emergency Medical Technician-Advanced, Emergency Medical Technician-Paramedic, or Emergency Medical Technician-Paramedic Critical Care to provide basic or advanced life-support services.

(4) The department may develop, in conjunction with the Mississippi Insurance Department, a coordinated entity to provide a statewide system of nontransport emergency medical services for emergency medical personnel governed by the Division of Emergency Medical Services that includes medical control protocols, a quality management system, charting platform and data reporting system.

(** *5) An EMT, EMT-A, EMR, or Paramedic may transport a police dog injured in the line of duty to a veterinary clinic, hospital emergency department or similar facility if there are no persons requiring medical attention or transport at that time. For the purposes of this subsection, "police dog" means a dog owned or used by a law enforcement department or agency in the course of the department or agency's work, including a search and rescue dog, service dog, accelerant detection canine, or other dog that is in use by a county, municipal, or state law enforcement agency.

(** *6) Any Emergency Medical Technician-Basic, Emergency Medical Technician-Advanced, Emergency Medical Technician-Paramedic, Emergency Medical Technician-Paramedic Critical Care, or Emergency Medical Services Driver who violates or fails to comply with these statutes or the rules and regulations promulgated by the board under these statutes shall be subject, after due notice and hearing, to an administrative fine not to exceed One Thousand Dollars (\$1,000.00).

SECTION 3. Section 21-1-49, Mississippi Code of 1972, is amended as follows:

21-1-49. (1) In the event any census taken under an act of Congress shall show that any municipality contains less than fifty (50) inhabitants, then such municipality shall be automatically abolished and all its rights and powers as a municipal corporation shall thereupon cease. In such cases it shall be the duty of the Secretary of State to make an appropriate notation on the records of such municipal corporation in his office showing that such municipal corporation has been abolished because of having less than fifty (50) inhabitants, and he shall forthwith send a notice to the municipal authorities advising them of such fact, and shall send a copy of the notice to the chancery clerk of the county in which such municipality is located. However, the failure of the Secretary of State to make such notation or to send such notice shall not prevent the abolition of such municipal corporation as is herein provided, but such abolition shall result automatically from the fact that the census shows that such municipal corporation has less than fifty (50) inhabitants.

(2) Any municipality having not less than fifty (50) inhabitants and having heretofore been abolished under the federal census of 1970 by operation of language formerly employed in this section providing for such abolition should a municipality contain less than ninety-two (92) inhabitants, is hereby restored to all rights and privileges as a

municipality after the most recent governing authority of the municipality gives notice to the Secretary of State that such municipality desires to be restored to all rights and privileges as a municipality.

(3) Any municipality having less than fifty (50) inhabitants and having heretofore been abolished under the federal census of 2020 in accordance with subsection (1) of this section, shall be temporarily restored of all rights and privileges as a municipality upon providing documentation to the Secretary of State that the municipality has submitted its intent to challenge the findings of the federal census of 2020 in accordance with the procedures of the United States Census Bureau, or any successor agency. Upon a finding by the United States Census Bureau, or any successor agency, that the municipality has fifty (50) or more inhabitants, the municipality will be restored to all rights and privileges as a municipality.

SECTION 4. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-59-3, MISSISSIPPI CODE OF 1972, TO DEFINE NONTRANSPORT EMERGENCY MEDICAL SERVICES; TO AMEND SECTION 41-59-35, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE STATE DEPARTMENT OF HEALTH AND MISSISSIPPI INSURANCE DEPARTMENT TO DEVELOP A COORDINATED ENTITY TO PROVIDE A STATEWIDE SYSTEM OF NONTRANSPORT EMERGENCY MEDICAL SERVICES; TO AMEND SECTION 21-1-49, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT IF ANY MUNICIPALITY HAS BEEN ABOLISHED BASED ON THE FINDINGS OF THE FEDERAL CENSUS OF 2020 THAT INDICATE A MUNICIPALITY HAS LESS THAN FIFTY INHABITANTS, SUCH MUNICIPALITY SHALL HAVE ALL ITS RIGHTS AND PRIVILEGES TEMPORARILY RESTORED AS A MUNICIPALITY UPON PROVIDING DOCUMENTATION TO THE SECRETARY OF STATE THAT THE MUNICIPALITY HAS SUBMITTED ITS INTENT TO CHALLENGE SUCH FINDINGS; TO PROVIDE THAT IF THE UNITED STATES CENSUS BUREAU LATER FINDS THAT A MUNICIPALITY HAS FIFTY OR MORE INHABITANTS, THEN ALL SUCH RIGHTS AND PRIVILEGES OF THE MUNICIPALITY WILL BE RESTORED; AND FOR RELATED PURPOSES.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known and may be cited as the "Mississippi Tax Freedom Act of 2022."

SECTION 2. Section 27-7-5, Mississippi Code of 1972, is amended as follows:

27-7-5. (1) (a) Except as otherwise provided in this section, there is hereby assessed and levied, to be collected and paid as hereinafter provided, for the calendar year 1983 and fiscal years ending during the calendar year 1983 and all taxable years thereafter, upon the entire net income of every resident individual, corporation, association, trust or estate, in excess of the credits provided, a tax at the following rates:

Time-Limited: 1

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2024 do not exceed Fiscal Year 2023 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2023 budget by the Mississippi Legislature. The Legislature shall determine the agency's personal services appropriation, which shall be published by the State Personnel Board. Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2023 do not exceed the data provided by the Legislative Budget Office. If the agency's Fiscal Year 2023 projected cost exceeds the annualized costs, no salary actions shall be processed by the State Personnel Board with the exception of new hires that are determined to be essential for the agency.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of funding Project SEC2 minimum salaries for all employees covered under the Colonel Guy Groff/Neville Kenning Variable Compensation Plan. It shall be the agency's responsibility to ensure that the funds are used to increase all employees' salaries up to the minimum level as determined by the State Personnel Board.

SECTION 3. It is the intention of the Legislature that the Pearl River Valley Water Supply District shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2022. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2024 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2023 budget request process.

SECTION 4. H. B. No. 1101: Trip optimizer system; provide moratorium on the application of to state agencies.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1101: Trip optimizer system; exempt youth services counselors from.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 25-3-41, Mississippi Code of 1972, is amended as follows:

25-3-41. (1) Subject to the provisions of subsection (10) of this section, when any officer or employee of the State of Mississippi, or any department, agency or institution thereof, after first being duly authorized, is required to travel in the performance of his official duties, the officer or employee shall receive as expenses for each mile actually and necessarily traveled, when the travel is done by a privately owned automobile or other privately owned motor vehicle, the mileage reimbursement rate allowable to federal employees for the use of a privately owned vehicle while on official travel.

(2) When any officer or employee of any county or municipality, or of any agency, board or commission thereof, after first being duly authorized, is required to travel in the performance of his official duties, the officer or employee shall receive as expenses Twenty Cents (20¢) for each mile actually and necessarily traveled, when the travel is done by a privately owned motor vehicle; provided, however, that the governing authorities of a county or municipality may, in their discretion, authorize an increase in the mileage reimbursement of officers and employees of the county or municipality, or of any agency, board or commission thereof, in an amount not to exceed the mileage reimbursement rate authorized for officers and employees of the State of Mississippi in subsection (1) of this section.

(3) Where two (2) or more officers or employees travel in one (1) privately owned motor vehicle, only one (1) travel expense allowance at the authorized rate per mile shall be allowed for any one (1) trip. When the travel is done by means of a public carrier or other means not involving a privately owned motor vehicle, then the officer or employee shall receive as travel expense the actual fare or other expenses incurred in such travel.

(4) In addition to the foregoing, a public officer or employee shall be reimbursed for other actual expenses such as meals, lodging and other necessary expenses incurred in the course of the travel, subject to limitations placed on meals for intrastate and interstate official travel by the Department of Finance and Administration, provided, that the Legislative Budget Office shall place any limitations for expenditures made on matters under the jurisdiction of the Legislature. The Department of Finance and Administration

shall set a maximum daily expenditure annually for such meals and shall notify officers and employees of changes to these allowances immediately upon approval of the changes. Travel by airline shall be at the tourist rate unless that space was unavailable. The officer or employee shall certify that tourist accommodations were not available if travel is performed in first class airline accommodations. Itemized expense accounts shall be submitted by those officers or employees in such number as the department, agency or institution may require; but in any case one (1) copy shall be furnished by state departments, agencies or institutions to the Department of Finance and Administration for preaudit or postaudit. The Department of Finance and Administration shall promulgate and adopt reasonable rules and regulations which it deems necessary and requisite to effectuate economies for all expenses authorized and paid pursuant to this section. Requisitions shall be made on the State Fiscal Officer who shall issue his warrant on the State Treasurer. Provided, however, that the provisions of this section shall not include agencies financed entirely by federal funds and audited by federal auditors.

(5) Any officer or employee of a county or municipality, or any department, board or commission thereof, who is required to travel in the performance of his official duties, may receive funds before the travel, in the discretion of the administrative head of the county or municipal department, board or commission involved, for the purpose of paying necessary expenses incurred during the travel. Upon return from the travel, the officer or employee shall provide receipts of transportation, lodging, meals, fees and any other expenses incurred during the travel. Any portion of the funds advanced which is not expended during the travel shall be returned by the officer or employee. The Department of Audit shall adopt rules and regulations regarding advance payment of travel expenses and submission of receipts to ensure proper control and strict accountability for those payments and expenses.

(6) No state or federal funds received from any source by any arm or agency of the state shall be expended in traveling outside of the continental limits of the United States until the governing body or head of the agency makes a finding and determination that the travel would be extremely beneficial to the state agency and obtains a written concurrence thereof from the Governor, or his designee, and the Department of Finance and Administration. However, employees of state institutions of higher learning may expend funds for travel outside of the continental limits of the United States upon a written finding by the president or head of the institution that the travel would be extremely beneficial to the institution.

(7) Where any officer or employee of the State of Mississippi, or any department, agency or institution thereof, or of any county or municipality, or of any agency, board or commission thereof, is authorized to receive travel reimbursement under any other provision of law, the reimbursement may be paid under the provisions of this section or the other section, but not under both.

(8) When the Governor, Lieutenant Governor or Speaker of the House of Representatives appoints a person to a board, commission or other position that requires confirmation by the Senate, the person may receive reimbursement for mileage and other actual expenses incurred in the performance of official duties before the appointment is confirmed by the Senate, as reimbursement for those expenses is authorized under this section.

(9) (a) The Department of Finance and Administration may contract with one or more commercial travel agencies, after receiving competitive bids or proposals therefor, for that travel agency or agencies to provide necessary travel services for state officers and employees. Municipal and county officers and municipal and county employees may also participate in the state travel agency contract and utilize these travel services for official municipal or county travel. However, the administrative head of each state institution of higher learning may, in his discretion, contract with a commercial travel agency to provide necessary travel services for all academic officials and staff of the university in lieu of participation in the state travel agency contract. Any such decision by a university to contract with a separate travel agency shall be approved by the Board of Trustees of State Institutions of Higher Learning and the Executive Director of the Department of Finance and Administration.

(b) Before executing a contract with one or more travel agencies, the Department of Finance and Administration shall advertise for competitive bids or

proposals once a week for two (2) consecutive weeks in a regular newspaper having a general circulation throughout the State of Mississippi. If the department determines that it should not contract with any of the bidders initially submitting proposals, the department may reject all those bids, advertise as provided in this paragraph and receive new proposals before executing the contract or contracts. The contract or contracts may be for a period not greater than three (3) years, with an option for the travel agency or agencies to renew the contract or contracts on a one-year basis on the same terms as the original contract or contracts, for a maximum of two (2) renewals. After the travel agency or agencies have renewed the contract twice or have declined to renew the contract for the maximum number of times, the Department of Finance and Administration shall advertise for bids in the manner required by this paragraph and execute a new contract or contracts.

(c) Whenever any state officer or employee travels in the performance of his official duties by airline or other public carrier, he may have his travel arrangements handled by that travel agency or agencies. The amount paid for airline transportation for any state officer or employee, whether the travel was arranged by that travel agency or agencies or was arranged otherwise, shall not exceed the amount specified in the state contract established by the Department of Finance and Administration, Office of Purchasing and Travel, unless prior approval is obtained from the office.

(10) (a) For purposes of this subsection, the term "state agency" means any agency that is subject to oversight by the Bureau of Fleet Management of the Department of Finance and Administration under Section 25-1-77.

(b) Each state agency shall use a trip optimizer type system developed and administered by the Department of Finance and Administration in computing the optimum method and cost for travel by state officers and employees using a motor vehicle where the travel will exceed one hundred (100) miles per day and the officer or employee is not driving a state-owned or state-leased vehicle that has been dedicated or assigned to the officer or employee.

(c) The provisions of this subsection shall be used to determine the most cost-effective method of travel by motor vehicles, whether those vehicles are owned by the state agency, leased by the state agency, or owned by the officer or employee, and shall be applicable for purposes of determining the maximum authorized amount of any travel reimbursement for officers and employees of those agencies related to vehicle usage.

(d) The maximum authorized amount of travel reimbursement related to motor vehicle usage shall be the lowest cost option as determined by the trip optimizer type system. All travel claims submitted for reimbursement shall include the results of the trip optimizer type system indicating the lowest cost option for travel by the state officer or employee.

(e) In providing a calculation of rates, the trip optimizer type system shall account for the distance that an officer or employee must travel to pick up a rental or state fleet vehicle, and shall account for the long-term rate discounts offered through the state purchasing contract for vehicle rentals.

(f) This subsection shall not apply to travel by state officials in motor vehicles driven by the official or in vehicles used for the transport of the official. The exemption in this paragraph (f) applies only to the state official and not to the staff or other employees of the state official. As used in this paragraph (f), "state official" means statewide elected officials and the elected members of the Public Service Commission.

(g) The provisions of this subsection shall not be applicable to any state agency for the period beginning on the effective date of this act through June 30, 2024.

SECTION 2. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 25-3-41, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR A MORATORIUM ON THE APPLICATION OF THE TRIP OPTIMIZER

H. B. No. 1408: Sheriffs' salaries; increase.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

(2) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Leflore County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). (a) The Mississippi Department of Corrections operates and maintains a restitution center within the county;

(h) The dispatchers of the enhanced E-911 system in place in Leflore County have been placed under the direction and control of the sheriff.

(3) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Rankin County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) The Mississippi Department of Corrections operates and maintains the Central Mississippi Correctional Facility within the county;

(b) The State Hospital is operated and maintained within the county at Whitfield;

(c) Hudspeth Regional Center, a facility maintained for the care and treatment of persons with an intellectual disability, is located within the county;

(h) The patrolling of the state properties located within the county has imposed additional duties on the sheriff; and

(i) The sheriff, in addition to providing security to the nearly one hundred thousand (100,000) residents of the county, has the duty to investigate, solve

and assist in the prosecution of any misdemeanor or felony committed upon any state property located in Rankin County.

(4) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Neshoba County shall pay an annual supplement to the sheriff of the county an amount equal to Ten Thousand Dollars (\$10,000.00).

(5) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Tunica County, in its discretion, may pay an annual supplement to the sheriff of the county an amount equal to Ten Thousand Dollars (\$10,000.00), payable beginning April 1, 1997.

(6) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Hinds County shall pay an annual supplement to the sheriff of the county in an amount equal to Fifteen Thousand Dollars (\$15,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) Hinds County has the greatest population of any county, two hundred fifty-four thousand four hundred forty-one (254,441) by the 1990 census, being almost one hundred thousand (100,000) more than the next most populous county;

(b) Hinds County is home to the State Capitol and the seat of all state government offices;

(c) Hinds County is the third largest county in geographic area, containing eight hundred seventy-five (875) square miles;

(d) Hinds County is comprised of two (2) judicial districts, each having a courthouse and county office buildings;

(e) There are four (4) resident circuit judges, four (4) resident chancery judges, and three (3) resident county judges in Hinds County, the most of any county, with the sheriff acting as chief executive officer and provider of bailiff services for all;

(f) The main offices for the clerk and most of the judges and magistrates for the United States District Court for the Southern District of Mississippi are located within the county;

(g) The state's only urban university, Jackson State University, is located within the county;

(h) The University of Mississippi Medical Center, combining the medical school, dental school, nursing school and hospital, is located within the county;

(i) Mississippi Veterans Memorial Stadium, the state's largest sports arena, is located within the county;

(j) The Mississippi State Fairgrounds, including the Coliseum and Trade Mart, are located within the county;

(k) Hinds County has the largest criminal population in the state, such that the Hinds County Sheriff's Department operates the largest county jail system in the state, housing almost one thousand (1,000) inmates in three (3) separate detention facilities;

(l) The Hinds County Sheriff's Department handles more mental and drug and alcohol commitment cases than any other sheriff's department in the state;

(m) The Mississippi Department of Corrections maintains a restitution center within the county;

(n) The Mississippi Department of Corrections regularly houses as many as one hundred (100) state convicts within the Hinds County jail system; and

(o) The Hinds County Sheriff's Department is regularly asked to provide security services not only at the Fairgrounds and Memorial Stadium, but also for events at the Mississippi Museum of Art and Jackson City Auditorium.

(7) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Wilkinson County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county because the Mississippi Department of Corrections contracts for the private incarceration of state inmates at a private correctional facility within the county.

(8) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Marshall County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county because the Mississippi Department of Corrections contracts for the private incarceration of state inmates at a private correctional facility within the county.

(9) In addition to the salary provided in subsection (1) of this section, the Board of Supervisors of Greene County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) The Mississippi Department of Corrections operates and maintains the South Mississippi Correctional Facility within the county;

(b) In 1996, additional facilities to house another one thousand four hundred sixteen (1,416) male offenders were constructed at the South Mississippi Correctional Facility within the county; and

(c) The patrolling of the state properties located within the county has imposed additional duties on the sheriff justifying additional compensation.

(10) In addition to the salary provided in subsection (1) of this section, the board of supervisors of any county, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The amount of the supplement shall be spread on the minutes of the board. The annual supplement authorized in this subsection shall not be in addition to the annual supplements authorized in subsections (2) through (9).

(11) In addition to the salary provided in subsection (1) and the supplements authorized in subsections (2) through (10), the board of supervisors of any county, in its discretion, may pay an annual supplement in an amount not to exceed Five Thousand Dollars (\$5,000.00) to the sheriff of any county in which a juvenile detention center is located. The amount of the supplement shall be spread on the minutes of the board.

(** *12) (a) The salaries provided in this section shall be payable monthly on the first day of each calendar month by chancery clerk's warrant drawn on the general fund of the county; however, the board of supervisors, by resolution duly adopted and entered on its minutes, may provide that such salaries shall be paid semimonthly on the first and fifteenth day of each month. If a pay date falls on a weekend or legal holiday, salary payments shall be made on the workday immediately preceding the weekend or legal holiday.

(b) At least Ten Dollars (\$10.00) from each fee collected and deposited into the county's general fund under the provisions of paragraphs (a), (c) and (g) of subsection (1) of Section 25-7-19 shall be used for the sheriffs' salaries authorized in Section 25-3-25; as such Ten Dollar (\$10.00) amount was authorized during the 2007 Regular Session in Chapter 331, Laws of 2007, for the purpose of providing additional monies to the counties for sheriffs' salaries.

(** *13) (a) All sheriffs, each year, shall attend twenty (20) hours of continuing education courses in law enforcement. Such courses shall be approved by the Mississippi Board on Law Enforcement Officers Standards and Training. Such education courses may be provided by an accredited law enforcement academy or by the Mississippi Sheriffs' Association.

(b) The Mississippi Board on Law Enforcement Officers Standards and Training shall reimburse each county for the expenses incurred by sheriffs and deputy sheriffs for attendance at any approved training programs as required by this subsection.

SECTION 2. This act shall take effect and be in force from and after October 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 25-3-25, MISSISSIPPI CODE OF 1972, TO INCREASE THE ANNUAL SALARIES OF THE COUNTY SHERIFFS; TO AUTHORIZE THE BOARD OF SUPERVISORS OF ANY COUNTY IN WHICH A JUVENILE

H. B. No. 607: "Parker's Law"; create crime of "fentanyl delivery resulting in death".

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 607: "Parker's Law"; create crime of "fentanyl delivery resulting in death".

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known and may be cited as "Parker's Law."

SECTION 2. (1) A person who delivers or causes the delivery of fentanyl with knowledge of the fentanyl commits the crime of "fentanyl delivery resulting in death" when as a result of the unlawful delivery of fentanyl in exchange for anything of value to another person, death to a person results from the proximate cause of injection, oral ingestion or inhalation of the fentanyl. Upon conviction for violating the provisions of this section, the person shall be sentenced to imprisonment no less than twenty (20) years to a term of life in the custody of the Mississippi Department of Corrections.

(2) For purposes of this act only, any person, who, in good faith, without malice and in the absence of evidence of an intent to defraud, seeks medical assistance for someone experiencing a fentanyl overdose shall not be charged or prosecuted for a violation of this section, if the evidence for the charge was gained as a result of the seeking of medical assistance.

(3) For purposes of this act:

(a) "Fentanyl" means fentanyl and any fentanyl-related substances, to include fentanyl analogs, as set forth in Article 3, Chapter 29 of Title 41 of the Mississippi Code of 1972.

(b) "In exchange for anything of value" does not apply to the act of sharing fentanyl when the sharing results in the proximate cause of a person's death under this section.

(4) The legislative intent for this bill is to assist in prosecuting any person who sells or otherwise profits from the sale of unlawful fentanyl, which causes the death of another person. It is not the intent of this Legislature for the provisions of this section to be used to prosecute a drug user or drug addict who has shared fentanyl with a friend or associate and the friend or associate dies as a result of the sharing.

(5) The provisions of this section shall not be construed to limit, restrict or otherwise prohibit an indictment or conviction for any other crime that may be related to a violation of this section.

(6) The Joint Legislative Committee on Performance Evaluation and Expenditure Review shall create an annual report of the number of persons convicted under the provisions of this act; and shall provide the report to the House and Senate Judiciary B committees by January 5, of each year.

(7) This section shall stand repealed from and after July 1, 2025.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO CREATE "PARKER'S LAW"; TO CREATE THE CRIME OF "FENTANYL DELIVERY RESULTING IN DEATH"; TO PROVIDE THE PENALTY FOR SUCH CRIME; TO PROVIDE AN EXCEPTION FOR THOSE WHO SEEK MEDICAL ATTENTION; TO DEFINE CERTAIN TERMS; AND FOR RELATED PURPOSES.

Rep. Bain called up the conference report on the following bill and moved that it be adopted:

H. B. No. 1479: Mississippi Department of Corrections Commissioner; revise authority to inflict the death penalty.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1479: Mississippi Department of Corrections Commissioner; revise authority to inflict the death penalty.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 99-19-51, Mississippi Code of 1972, is amended as follows:

99-19-51. (1) At the discretion of the Commissioner, the Deputy Commissioner for Finance and Administration and the Deputy Commissioner for Institutions of the Mississippi Department of Corrections, the manner of inflicting the punishment of death shall be by *** one of the following: (a) intravenous *** injection of a substance or substances in a lethal quantity into the body; (b) nitrogen hypoxia; (c) electrocution or (d) firing squad, until death is pronounced by the county coroner where the execution takes place or by a licensed physician according to accepted standards of medical practice. *** Upon receipt of the warrant of execution from the Mississippi Supreme Court, the Commissioner of Corrections shall, within seven (7) days, provide written notice to the condemned person of the manner of execution. It is the policy of the State of Mississippi that intravenous injection of a substance or substances in a lethal quantity into the body shall be the preferred method of execution.

(** *2) The Commissioner of Corrections has the authority and discretion to select and obtain the substances and the means necessary to carry out an execution, and may adopt and promulgate rules and regulations as the Commissioner deems necessary to administer and implement the provisions of this section.

(** *3) (a) The Commissioner of Corrections shall select an execution team to assist the State Executioner and his deputies. *** The execution team shall consist of those persons, *** including all medical personnel, who provide direct support for the administration of lethal chemicals *** , those individuals involved in assisting in the execution in any capacity *** and those personnel assigned to specific duties related to an execution.

(b) For the purposes of this section, "supplier of lethal injection chemicals" means a supplier or suppliers of lethal injection chemicals located within the State of Mississippi.

(c) The identities of the State Executioner and his deputies, all members of the execution team, a supplier of lethal injection chemicals, and *** those witnesses listed in Section 99-19-55(2) who attend as members of the victim's family or designated by the condemned *** person shall at all times remain confidential, and the information is exempt from disclosure under the provisions of the Mississippi Public Records Act of 1983.

(** *4) Notwithstanding any provision of law to the contrary, any portion of any record of any kind that could identify a person as being a current or former State Executioner, his or her deputies, a member of an execution team *** , a current or former supplier of lethal injection chemicals, or those witnesses listed in Section 99-19-55(2) who attend as members of the victim's family or designated by the condemned *** person, shall at all times be confidential, exempt, and protected from disclosure, but the remainder of the record shall not be protected unless otherwise provided by law. A court shall preserve the secrecy of all confidential and exempt information described in this section by reasonable means, which may include granting protective orders, holding in-camera hearings, sealing the records of the action, and ordering any person involved in the litigation not to disclose such information without prior court approval.

(** *5) Notwithstanding any provision of law to the contrary, if the State Executioner, his or her deputies, a member of the execution team or supplier of lethal injection chemicals is licensed by a board or department, the licensing board or department shall not censure, reprimand, suspend, revoke, or take any other disciplinary action against the person's license because the person participated in a lawful execution. Any person or institution assisting with or participating in carrying out an execution in accordance with this statute shall be presumed to be acting in good faith. Any person or institution acting in good faith in connection with carrying out an execution shall be immune from any liability, civil or criminal, that might otherwise be incurred or imposed. The State Executioner and his deputies, and all members of the execution team perform

their respective functions as official duties on behalf of the state or any agency of the state.

SECTION 2. Section 99-19-53, Mississippi Code of 1972, is amended as follows:

99-19-53. (1) The Governor shall appoint the State Executioner who shall serve at the pleasure of the Governor and until his successor shall have been duly appointed to replace him.

(2) The State Executioner, or his duly authorized representative, shall supervise and inflict the punishment of death as the same is hereby provided. All duties and necessary acts pertaining to the execution of a convict shall be performed by the Commissioner of Corrections except where such duties and actions are vested in the State Executioner. The State Executioner shall receive for his services in connection therewith compensation in the sum of Five Hundred Dollars (\$500.00) plus all actual and necessary expenses for each such execution, to be paid by the county where the crime was committed. The county of conviction shall likewise pay the fees of the attending physician or physicians in attendance. The State Executioner may appoint not more than two (2) deputies who shall be paid One Hundred Fifty Dollars (\$150.00) per execution and mileage as authorized by law, to be paid by the county where the crime was committed, to assist in the infliction of the punishment of death. The Executioner may appoint such other assistants as may be required; however, such assistants shall not be entitled to compensation or travel expenses. The State Executioner and his deputies may waive compensation, per diem or travel expenses.

(3) Any infliction of the punishment of death by administration of the required lethal substance or substances in the manner required by law shall not be construed to be the practice of medicine or nursing. Any pharmacist is authorized to dispense drugs to the State Executioner or the Commissioner of the Mississippi Department of Corrections without a prescription for the purpose of this chapter.

(4) The State Executioner shall be custodian of all equipment and supplies involved in the infliction of the death penalty. All expenses for the maintenance and protection of the property, together with operating expenses, which as a practical matter cannot be allocated to the county of conviction, shall be paid out of funds designated by law for that purpose or out of the general support fund of the Mississippi Department of Corrections.

(5) The State Executioner shall receive the per diem compensation authorized in Section 25-3-69 in addition to actual and necessary expenses, including mileage as authorized by law, for each day, not to exceed three (3) days each month, spent in maintaining the equipment and supplies involved in the infliction of the death penalty or preparing for an execution which does not occur. Such payments shall be paid out of funds designated by law for that purpose or out of the general support fund of the Mississippi Department of Corrections.

* * *

SECTION 3. Section 99-19-55, Mississippi Code of 1972, is amended as follows:

99-19-55. (1) Whenever any person shall be condemned to suffer death for any crime for which such person shall have been convicted in any court of any county of this state, such punishment shall be inflicted at 6:00 p.m. or as soon as possible thereafter within the next twenty-four (24) hours at an appropriate place designated by the Commissioner of the Mississippi Department of Corrections. * * * All male persons convicted of a capital offense wherein the death sentence has been imposed shall be immediately committed to the Department of Corrections and transported to the maximum security cell block * * *. All female persons convicted of a capital offense wherein the death sentence has been imposed shall be immediately committed to the Department of Corrections and housed in an appropriate facility designated by the Commissioner of the Mississippi Department of Corrections. Upon final affirmance of the conviction, the punishment shall be imposed in the manner provided by law. The State Executioner or his duly authorized deputy shall supervise and perform such execution.

(2) When a person is sentenced to suffer death in the manner provided by law, it shall be the duty of the clerk of the court to deliver forthwith to the Commissioner of Corrections a warrant for the execution of the condemned person. It shall be the duty of

the commissioner forthwith to notify the State Executioner of the date of the execution and it shall be the duty of the said State Executioner, or any person deputed by him in writing, in the event of his physical disability, as hereinafter provided, to be present at such execution, to perform the same, and have general supervision over said execution. In addition to the above designated persons, the Commissioner of Corrections shall secure the presence at such execution of the sheriff, or his deputy, of the county of conviction, at least one (1) but not more than two (2) physicians or the county coroner where the execution takes place, and bona fide members of the press, not to exceed eight (8) in number, and at the request of the condemned, such ministers of the gospel, not exceeding two (2), as said condemned person shall name. The Commissioner of Corrections shall also name to be present at the execution such * * * members of the execution team deemed by him or her to be necessary to insure proper security. No other persons shall be permitted to witness the execution, except the commissioner may permit the condemned person to designate two (2) * * * witnesses, if they so request and two (2) members of the victim's * * * family as witnesses, if they so request. Provided further, that the Governor may * * * designate two (2) additional persons of good and reputable character to witness an execution. No person shall be allowed to take photographs or other recordings of any type during the execution. The absence of the sheriff, or deputy, after due notice to attend, shall not delay the execution.

(3) * * * The Commissioner of Corrections, or his duly authorized representative, and the physician or physicians or county coroner who witnessed such execution shall prepare and sign officially a certificate setting forth the time and place thereof and that such * * * condemned person was then and there executed in conformity to the sentence of the court and the provisions of Sections 99-19-51 through 99-19-55, * * * which certificate shall be filed with the clerk of the court where the conviction of the criminal was had, and the clerk shall subjoin the certificate to the record of the conviction and sentence.

(4) The body of the person so executed shall be released immediately by the State Executioner, or his duly authorized representative, to the relatives of the dead person, or to such friends as may claim the body. The Commissioner of the Mississippi Department of Corrections shall have sole charge of burial in the event the body is not claimed as aforesaid, and his discretion in the premises shall be final. The Commissioner may donate the unclaimed body of an executed person to the University of Mississippi Medical Center for scientific purposes. The county of conviction shall bear the reasonable expense of burial in the event the body is not claimed by relatives or friends or donated to the University of Mississippi Medical Center.

SECTION 4. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 99-19-51, 99-19-53 AND 99-19-55, MISSISSIPPI CODE OF 1972, TO REVISE THE AUTHORITY OF THE COMMISSIONER OF THE MISSISSIPPI DEPARTMENT OF CORRECTIONS TO INFLICT THE DEATH PENALTY; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

A student-athlete shall provide the postsecondary educational institution with written notice at least seven (7) days prior to entering into a representation agreement with any individual for the purpose of exploring or securing compensation for use of the student-athlete's *** publicity rights.

Compensation for a student-athlete's * * * publicity rights may not be conditioned on athletic performance or attendance * * *.

(* * *13) No student-athlete shall enter into a name, image, and likeness agreement or receive compensation from a third-party licensee for the endorsement or promotion of gambling, sports betting, controlled substances, marijuana, tobacco or alcohol * * *, brand or products, alternative or electronic nicotine product or delivery system, performance-enhancing supplements, adult entertainment or any other product or service that is reasonably considered to be inconsistent with the values or mission of a postsecondary educational institution or that negatively impacts or reflects adversely on a postsecondary education institution or its athletic programs, including, without limitation, bringing about public disrepute, embarrassment, scandal, ridicule or otherwise negatively impacting the reputation or the moral or ethical standards of the postsecondary educational institution.

(* * *14) * * * An agreement for the use of * * * a student-athlete's * * * publicity rights which is formed while the student-athlete is participating in an intercollegiate sport at a postsecondary educational institution may not extend beyond the student-athlete's participation in the sport at the institution.

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2700: University construction projects; extend repealer on authority of IHL Board to administer.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-101-15, Mississippi Code of 1972, as amended by House Bill No. 475, 2022 Regular Session, is amended as follows:

37-101-15. (a) The Board of Trustees of State Institutions of Higher Learning shall succeed to and continue to exercise control of all records, books, papers, equipment, and supplies, and all lands, buildings, and other real and personal property belonging to or assigned to the use and benefit of the board of trustees formerly supervising and controlling the institutions of higher learning named in Section 37-101-1. The board shall have and exercise control of the use, distribution and disbursement of all funds, appropriations and taxes, now and hereafter in possession, levied and collected, received, or appropriated for the use, benefit, support, and maintenance or capital outlay expenditures of the institutions of higher learning, including the authorization of employees to sign vouchers for the disbursement of funds for the various institutions, except where otherwise specifically provided by law.

(b) The board shall have general supervision of the affairs of all the institutions of higher learning, including the departments and the schools thereof. The board shall have the power in its discretion to determine who shall be privileged to enter, to remain in, or to graduate therefrom. The board shall have general supervision of the conduct of libraries and laboratories, the care of dormitories, buildings, and grounds; the business methods and arrangement of accounts and records; the organization of the administrative plan of each institution; and all other matters incident to the proper functioning of the institutions. The board shall have the authority to establish minimum standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the board may establish.

(c) The board shall exercise all the powers and prerogatives conferred upon it under the laws establishing and providing for the operation of the several institutions herein specified. The board shall adopt such bylaws and regulations from time to time as it deems expedient for the proper supervision and control of the several institutions of higher learning, insofar as such bylaws and regulations are not repugnant to the Constitution and laws, and not inconsistent with the object for which these institutions were established. The board shall have power and authority to prescribe rules and regulations for policing the campuses and all buildings of the respective institutions, to authorize the arrest of all persons violating on any campus any criminal law of the state, and to have such law violators turned over to the civil authorities.

(d) For all institutions specified herein, the board shall provide a uniform system of recording and of accounting approved by the State Department of Audit. The board shall annually prepare, or cause to be prepared, a budget for each institution of higher learning for the succeeding year which must be prepared and in readiness for at least thirty (30) days before the convening of the regular session of the Legislature. All relationships and negotiations between the State Legislature and its various committees and the institutions named herein shall be carried on through the board of trustees. No official, employee or agent representing any of the separate institutions shall appear before the Legislature or any committee thereof except upon the written order of the board or upon the request of the Legislature or a committee thereof.

(e) For all institutions specified herein, the board shall prepare an annual report to the Legislature setting forth the disbursements of all monies appropriated to the respective institutions. Each report to the Legislature shall show how the money appropriated to the several institutions has been expended, beginning and ending with the fiscal years of the institutions, showing the name of each teacher, officer, and employee, and the salary paid each, and an itemized statement of each and every item of receipts and expenditures. Each report must be balanced, and must begin with the former balance. If any property belonging to the state or the institution is used for profit, the reports shall show the expense incurred in managing the property and the amount received therefrom. The reports shall also show a summary of the gross receipts and gross disbursements for each year and shall show the money on hand at the beginning of the fiscal period of the institution next preceding each session of the Legislature and the necessary amount of expense to be incurred from said date to January 1 following. The board shall keep the annual expenditures of each institution herein mentioned within the income derived from legislative appropriations and other sources, but in case of emergency arising from acts of providence, epidemics, fire or storm with the written approval of the Governor and by written consent of a majority of the senators and of the representatives it may exceed the income. The board shall require a surety bond in a surety company authorized to do business in this state of every employee who is the custodian of funds belonging to one or more of the institutions mentioned herein, which bond shall be in a sum to be fixed by the board in an amount that will properly safeguard the said funds, the premium for which shall be paid out of the funds appropriated for said institutions.

(f) The board shall have the power and authority to elect the heads of the various institutions of higher learning and to contract with all deans, professors, and other members of the teaching staff, and all administrative employees of said institutions for a term not exceeding four (4) years. The board shall have the power and authority to terminate any such contract at any time for malfeasance, inefficiency, or contumacious conduct, but never for political reasons. It shall be the policy of the board to permit the executive head of each institution to nominate for election by the board all subordinate employees of the institution over which he presides. It shall be the policy of the board to elect all officials for a definite tenure of service and to reelect during the period of satisfactory service. The board shall have the power to make any adjustments it thinks necessary between the various departments and schools of any institution or between the different institutions.

(g) The board shall keep complete minutes and records of all proceedings which shall be open for inspection by any citizen of the state.

(h) The board shall have the power to enter into an energy performance contract, energy services contract, on a shared-savings, lease or lease-purchase basis, for energy efficiency services and/or equipment as prescribed in Section 31-7-14.

(i) The Board of Trustees of State Institutions of Higher Learning, for and on behalf of Jackson State University, is hereby authorized to convey by donation or otherwise easements across portions of certain real estate located in the City of Jackson, Hinds County, Mississippi, for right-of-way required for the Metro Parkway Project.

(j) In connection with any international contract between the board or one (1) of the state's institutions of higher learning and any party outside of the United States, the board or institution that is the party to the international contract is hereby authorized and empowered to include in the contract a provision for the resolution by arbitration of any controversy between the parties to the contract relating to such contract or the failure or refusal to perform any part of the contract. Such provision shall be valid, enforceable and irrevocable without regard to the justiciable character of the controversy. Provided, however, that in the event either party to such contract initiates litigation against the other with respect to the contract, the arbitration provision shall be deemed waived unless asserted as a defense on or before the responding party is required to answer such litigation.

(k) The Board of Trustees of State Institutions of Higher Learning ("board"), on behalf of any institution under its jurisdiction, shall purchase and maintain business property insurance and business personal property insurance on all university-owned buildings and/or contents as required by federal law and regulations of the Federal

Emergency Management Agency (FEMA) as is necessary for receiving public assistance or reimbursement for repair, reconstruction, replacement or other damage to those buildings and/or contents caused by the Hurricane Katrina Disaster of 2005 or subsequent disasters. The board is authorized to expend funds from any available source for the purpose of obtaining and maintaining that property insurance. The board is authorized to enter into agreements with the Department of Finance and Administration, local school districts, community/junior college districts, community hospitals and/or other state agencies to pool their liabilities to participate in a group business property and/or business personal property insurance program, subject to uniform rules and regulations as may be adopted by the Department of Finance and Administration.

(l) The Board of Trustees of State Institutions of Higher Learning, or its designee, may approve the payment or reimbursement of reasonable travel expenses incurred by candidates for open positions at the board's executive office or at any of the state institutions of higher learning, when the job candidate has incurred expenses in traveling to a job interview at the request of the board, the Commissioner of Higher Education or a state institution of higher learning administrator.

(m) (i) The Board of Trustees of State Institutions of Higher Learning is authorized to administer and approve contracts for the construction and maintenance of buildings and other facilities of the state institutions of higher learning, including related contracts for architectural and engineering services, which are paid for with self-generated funds.

(ii) Additionally, the board is authorized to oversee, administer and approve contracts for the construction and maintenance of buildings and other facilities of the state institutions of higher learning, including related contracts for architectural and engineering services, which are funded in whole or in part by general obligation bonds of the State of Mississippi at institutions designated annually by the board as being capable to procure and administer all such contracts. Prior to the disbursement of funds, an agreement for each project between the institution and the Department of Finance and Administration shall be executed. The approval and execution of the agreement shall not be withheld by either party unless the withholding party provides a written, detailed explanation of the basis for withholding to the other party. The agreement shall stipulate the responsibilities of each party, applicable procurement regulations, documentation and reporting requirements, conditions prior to, and schedule of, disbursement of general obligation bond funds to the institution and provisions concerning handling any remaining general obligation bonds at the completion of the project. Such agreement shall not include provisions that constitute additional qualifications or criteria that act to invalidate the designation of an institution as capable of procuring and administering such project. Inclusion of any such provisions may be appealed to the Public Procurement Review Board. This subparagraph (ii) shall stand repealed from and after July 1, * * * 2025.

SECTION 2. (1) This act shall be known and may be cited as the "Mississippi Association of Independent Colleges and Universities (MAICU) Infrastructure Grant Program Act of 2022."

(2) There is hereby established within the Mississippi Department of Finance and Administration, the Mississippi Association of Independent Colleges and Universities (MAICU) Infrastructure Grant Program under which independent colleges and universities may apply for reimbursable grants to make necessary investments in water, wastewater, stormwater, broadband and other eligible infrastructure projects to be funded by the Legislature utilizing Coronavirus State Fiscal Recovery Funds made available under the federal American Rescue Plan Act (ARPA). For purposes of this distribution, a full-time equivalent student shall be calculated as follows:

(a) One (1) full-time student shall be considered one (1) full-time equivalent student;

(4) On or before July 1, 2022, the Mississippi Department of Finance and Administration shall promulgate rules and regulations necessary to administer the MAICU Grant Program prescribed under this act, including application procedures and deadlines.

Applicants shall certify to the Department of Finance and Administration that each expenditure of the funds awarded to them by the department under this act is in compliance with the ARPA guidelines, guidance, rules, regulations and/or other criteria, as may be amended from time to time, by the United States Department of the Treasury regarding the use of monies from the State Coronavirus State Fiscal Recovery Funds. Subsequent submissions will be due by the dates established by the department.

The Department of Finance and Administration shall then transfer the unobligated balance of Coronavirus State Fiscal Recovery Funds from the Coronavirus State Fiscal Recovery Fund to the State and School Employees' Life and Health Insurance Fund for an amount not to exceed the lesser of Ten Million Dollars (\$10,000,000.00) or the amount of allowable ARPA expenditures, by no later than December 31, 2024, or on the date of the fund obligation deadline provided by the federal government. The Department of Finance and Administration shall then transfer all remaining unobligated balances of Coronavirus State Fiscal Recovery Funds from the Coronavirus State Fiscal Recovery Fund to the Unemployment Compensation Fund up to the ARPA allowable amount, by no later than December 31, 2024, or on the date of the fund obligation deadline provided by the federal government; and

(d) The use of funds allocated under this program shall be subject to audit by the United States Department of the Treasury's Office of Inspector General and the Mississippi Office of the State Auditor. Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 9-1-43, Mississippi Code of 1972, is amended as follows:

9-1-43. (1) After making deductions for employer contributions paid by the chancery or circuit clerk to the Public Employees' Retirement System under Sections 25-11-106.1 and 25-11-123(f)(4), employee salaries and related salary expenses, and expenses allowed as deductions by Schedule C of the Internal Revenue Code, no office of the chancery clerk or circuit clerk of any county in the state shall receive fees as compensation for the chancery clerk's or circuit clerk's services in excess of * * * Ninety-nine Thousand Five Hundred Dollars (\$99,500.00). All such fees received by the office of chancery or circuit clerks that are in excess of the salary limitation shall be deposited by such clerk into the county general fund on or before April 15 for the preceding calendar year. If the chancery clerk or circuit clerk serves less than one (1) year, then he shall not receive as compensation any fees in excess of that portion of the salary limitation that can be attributed to his time in office on a pro rata basis. Upon leaving office, income earned by any clerk in his last full year of office but not received until after his last full year of office shall not be included in determining the salary limitation of the successor clerk. There shall be exempted from the provisions of this subsection any monies or commissions from private or governmental sources which: (a) are to be held by the chancery or circuit clerk in a trust or custodial capacity as prescribed in subsections (4) and (5); or (b) are received as compensation for services performed upon order of a court or board of supervisors which are not required of the chancery clerk or circuit clerk by statute.

(2) It shall be unlawful for any chancery clerk or circuit clerk to use fees in excess of * * * Ninety-nine Thousand Five Hundred Dollars (\$99,500.00), to pay the salaries or actual or necessary expenses of employees who are related to such clerk by blood or marriage within the first degree of kinship according to the civil law method of computing kinship as provided in Sections 1-3-71 and 1-3-73. However, the prohibition of this subsection shall not apply to any individual who was an employee of the clerk's office prior to the date his or her relative was elected as chancery or circuit clerk. The spouse and/or any children of the chancery clerk or circuit clerk employed in the office of the chancery clerk may be paid a salary; however, the combined annual salaries of the clerk, spouse and any child of the clerk may not exceed an amount equal to the salary limitation.

(3) The chancery clerk and the circuit clerk shall be liable on their official bond for the proper deposit and accounting of all monies received by his office. The State Auditor shall promulgate uniform accounting methods for the accounting of all sources of income by the offices of the chancery and circuit clerk.

(4) There is created in the county depository of each county a clearing account to be designated as the "chancery court clerk clearing account," into which shall be deposited: (a) all such monies as the clerk of the chancery court shall receive from any person complying with any writ of garnishment, attachment, execution or other like process authorized by law for the enforcement of child support, spousal support or any other judgment; (b) any portion of any fees required by law to be collected in civil cases which are to pay for the service of process or writs in another county; and (c) any other money as shall be deposited with the court which by its nature is not, at the time of its deposit, public monies, but which is to be held by the court in a trust or custodial capacity in a case or proceeding before the court. The clerk of the chancery court shall account for all monies deposited in and disbursed from such account and shall be authorized and

empowered to draw and issue checks on such account at such times, in such amounts and to such persons as shall be proper and in accordance with law.

The following monies paid to the chancery clerk shall be subject to the salary limitation prescribed under subsection (1): (a) all fees required by law to be collected for the filing, recording or abstracting of any bill, petition, pleading or decree in any civil case in chancery; (b) all fees collected for land recordings, charters, notary bonds, certification of decrees and copies of any documents; (c) all land redemption and mineral documentary stamp commissions; and (d) any other monies or commissions from private or governmental sources for statutory functions which are not to be held by the court in a trust capacity. Such fees as shall exceed the salary limitations shall be maintained in a bank account in the county depository and accounted for separately from those monies paid into the chancery court clerk clearing account.

(5) There is created in the county depository in each county a clearing account to be designated as the "circuit court clerk civil clearing account," into which shall be deposited: (a) all such monies and fees as the clerk of the circuit court shall receive from any person complying with any writ of garnishment, attachment, execution or any other like process authorized by law for the enforcement of a judgment; (b) any portion of any fees required by law or court order to be collected in civil cases; (c) all fees collected for the issuance of marriage licenses; and (d) any other money as shall be deposited with the court which by its nature is not, at the time of its deposit, public monies but which is to be held by the court in a trust or custodial capacity in a case or proceeding before the court.

There is created in the county depository in each county a clearing account to be designated as the "circuit court clerk criminal clearing account," into which shall be deposited: (a) all such monies as are received in criminal cases in the circuit court pursuant to any order requiring payment as restitution to the victims of criminal offenses; (b) any portion of any fees and fines required by law or court order to be collected in criminal cases; and (c) all cash bonds as shall be deposited with the court. The clerk of the circuit court shall account for all monies deposited in and disbursed from such account and shall be authorized and empowered to draw and issue checks on such account, at such times, in such amounts and to such persons as shall be proper and in accordance with law; however, such monies as are forfeited in criminal cases shall be paid by the clerk of the circuit court to the clerk of the board of supervisors for deposit in the general fund of the county.

The following monies paid to the circuit clerk shall be subject to the salary limitation prescribed under subsection (1): (a) all fees required by law to be collected for the filing, recording or abstracting of any bill, petition, pleading or decree in any civil action in circuit court; (b) copies of any documents; and (c) any other monies or commissions from private or governmental sources for statutory functions which are not to be held by the court in a trust capacity.

(6) The chancery clerk and the circuit clerk shall establish and maintain a cash journal for recording cash receipts from private or government sources for furnishing copies of any papers of record or on file, or for rendering services as a notary public, or other fees wherein the total fee for the transaction is Ten Dollars (\$10.00) or less. The cash journal entry shall include the date, amount and type of transaction, and the clerk shall not be required to issue a receipt to the person receiving such services. The State Auditor shall not take exception to the furnishing of copies or the rendering of services as a notary by any clerk free of charge.

In any county having two (2) judicial districts, whenever the chancery clerk serves as deputy to the circuit clerk in one (1) judicial district and the circuit clerk serves as deputy to the chancery clerk in the other judicial district, the chancery clerk may maintain a cash journal, separate from the cash journal maintained for chancery clerk receipts, for recording the cash receipts paid to him as deputy circuit clerk, and the circuit clerk may maintain a cash journal, separate from the cash journal maintained for circuit clerk receipts, for recording the cash receipts paid to him as deputy chancery clerk. The cash receipts collected by the chancery clerk in his capacity as deputy circuit clerk and the cash receipts collected by the circuit clerk in his capacity as deputy chancery clerk shall be subject to the salary limitation prescribed under subsection (1).

(7) Any clerk who knowingly shall fail to deposit funds or otherwise violate the provisions of this section shall be guilty of a misdemeanor in office and, upon conviction

thereof, shall be fined in an amount not to exceed double the amount that he failed to deposit, or imprisoned for not to exceed six (6) months in the county jail, or be punished by both such fine and imprisonment.

S. B. No. 2158: Mississippi Groundwater Protection Trust Fund; authorize payment of administrative costs.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2158: Mississippi Groundwater Protection Trust Fund; authorize payment of administrative costs.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 49-17-405, Mississippi Code of 1972, is amended as follows:

49-17-405. (1) There is hereby created the Mississippi Groundwater Protection Trust Fund, hereinafter referred to as the "fund" to be administered by the Executive Director of the Department of * * * Environmental Quality. The commission shall adopt regulations for administering this fund.

(2) The commission shall expend or utilize monies up to One Million Dollars (\$1,000,000.00) annually in the fund by an annual appropriation approved by the Legislature to supplement all reasonable direct and indirect costs associated with the development and administration of the Underground Storage Tank (UST) Program if the annual tank regulatory fee in Section 49-17-421 does not adequately cover the costs associated with Sections 49-17-401 through 49-17-435. All reasonable direct and indirect costs associated with development and administration of the UST Program, including, but not limited to, the reasonable costs of the following activities as they relate to the UST Program:

- (a) Preparing generally applicable regulations or guidance regarding the UST Program or its implementation or enforcement;
 - (b) Administering the UST Program, including the supporting and tracking of UST owners/operators and associated UST systems, compliance with UST regulations, the fund, UST-certified contractors, tank fees and related data entry;
 - (c) Implementing and enforcing the terms of the UST regulations;
- and
- (d) Investigation, assessment and rehabilitation of contamination sites with restoration or replacement of potable water supplies.

At no time shall an annual fund appropriation result in more than supplemental funding for the current annual cost of administering the UST Program.

(3) Whenever in the executive director's determination a release of motor fuels at an active site may pose a threat to the environment or the public health, safety or welfare, the department shall obligate monies available in the fund to provide for:

- (a) Investigation and assessment of contamination sites;
- (b) Restoration or replacement of potable water supplies;
- (c) Rehabilitation of contamination sites, which may consist of cleanup of affected soil, groundwater and inland surface waters, using cost-effective alternatives that are technologically feasible and reliable, and that provide adequate protection of the public health, safety and welfare and minimize environmental damage, in accordance with the site selection and clean-up criteria established by the commission, except that nothing herein shall be construed to authorize the commission to obligate funds for payment of costs which may be associated with, but are not integral to, site rehabilitation, such as the cost for retrofitting or replacing underground storage tanks.

(* * *4) Whenever the commission has expended funds from the fund created by Sections 49-17-401 through 49-17-433, the owner of the underground storage tank shall not be liable to the department for such costs if the owner was in substantial compliance on the date on which the discharge of the motor fuels which necessitates the cleanup was reported to the department. Otherwise owners are responsible for reimbursement and the reimbursed monies shall go back into the fund. In such circumstances the commission is authorized to take any necessary action to recover these monies from responsible owners.

(* * *5) Any provisions of this section and chapter regarding liability for the costs of cleanup, removal, remediation or abatement of any pollution, hazardous waste or solid waste shall be limited as provided in Section 49-17-42 and rules adopted thereto.

SECTION 2. Section 49-17-407, Mississippi Code of 1972, is amended as follows:

49-17-407. (1) (a) An environmental protection fee of Four-tenths of One Cent (4/10 of 1¢) per gallon is hereby levied upon any bonded distributor, as defined by Sections 49-17-401 through 49-17-433, who sells or delivers motor fuels to a retailer or user in this state.

(b) Every person, other than a bonded distributor, who shall purchase or acquire motor fuels within this state on which the environmental protection fee has not accrued, shall be liable for the environmental protection fee.

(c) The environmental protection fee shall be imposed only one (1) time on motor fuels sold in the state.

(d) The environmental protection fee shall be collected by the Department of Revenue and shall be designated separately from the excise taxes on fuels.

(e) Any person liable for the environmental protection fee shall be subject to the same requirements and penalties as distributors under the provisions of the Mississippi Special Fuel Tax Law.

(f) Any person liable for the environmental protection fee shall file a report and remit any fees due at the same time provided for filing reports under Section 27-55-523, on forms prescribed by the Department of Revenue.

(g) The Department of Revenue is hereby authorized and empowered to promulgate all rules and regulations necessary for the administration of the environmental protection fee.

(2) (a) On or before the fifteenth day of each month the environmental protection fees collected during the previous month shall be deposited into the Mississippi Groundwater Protection Trust Fund established in Section 49-17-405. When the unobligated balance in the fund reaches or exceeds Ten Million Dollars (\$10,000,000.00), the administrator of the fund shall notify in writing the Department of Revenue no later than the twenty-fifth day of the month to revise the distribution of the environmental protection fee and the Department of Revenue shall deposit the fee into the State Highway Fund. Such distribution shall become effective on the last day of the month succeeding the month in which such notice was given. All environmental protection fees accrued shall be reported and paid.

(b) When the fund balance is reduced below Six Million Dollars (\$6,000,000.00), the fee shall again be deposited into the Mississippi Groundwater Protection Trust Fund until such time as the fund shall reach or exceed Ten Million Dollars (\$10,000,000.00). The administrator of the fund shall notify, no later than the twenty-fifth day of the month, the Department of Revenue to deposit the environmental protection fee into the Mississippi Groundwater Protection Trust Fund and such distribution shall become effective on the first day of the second month succeeding the month in which the notice to deposit the fee into the fund was given.

(3) This fund shall be used for the purposes set forth in Sections 49-17-401 through 49-17-435 and for no other governmental purposes, nor shall any portion hereof ever be available to borrow from by any branch of government; it being the intent of the Legislature that this fund and its increments shall remain intact and inviolate. Any interest earned on monies in this fund shall remain in this fund.

(4) Monies held in the fund established under Sections 49-17-401 through 49-17-435 shall be used for supplemental funding of the Underground Storage Tank (UST) Program as described in Section 49-17-405 and only at an active site and shall be disbursed in accordance with the commission requirements and as follows:

(a) Payments shall be made to any third party who brings a third-party claim against any owner of an underground storage tank and the commission as trustee of the Mississippi Groundwater Protection Trust Fund and who obtains a final judgment in such action which is valid and enforceable in this state against such parties. Payment shall be paid to the third party upon filing by such party an application with the department attaching the original or a certified copy of the final judgment.

(b) Payments shall be made in reasonable amounts to approved response action contractors and other parties involved in the site study and cleanup. Payment shall be made to the party incurring the costs by filing of a sworn application with

the department indicating the fair and reasonable value of the costs of site rehabilitation, subject to the regulations and limitations as set by the department.

(5) Payments from the fund are limited as follows:

(a) For cleanup purposes, a maximum of One Million Five Hundred Thousand Dollars (\$1,500,000.00) may be disbursed from the fund for any one (1) site, per confirmed release occurrence.

(b) For third-party judgments, a maximum of One Million Dollars (\$1,000,000.00) may be disbursed from the fund for any one (1) site, per confirmed release occurrence.

(c) Nothing in Sections 49-17-401 through 49-17-435 shall establish or create any liability or responsibility on the part of the department or the State of Mississippi to pay any cleanup costs or third-party claims if the fund created herein is insufficient to do so.

(6) Monies held in the fund established under Sections 49-17-401 through 49-17-435 shall not be used for purchases of equipment needed to assist in cleanup operations.

(7) Nothing in Sections 49-17-401 through 49-17-435 shall serve to limit any recovery against an owner of an underground storage tank in excess of the fund payment limits established under this section.

(8) Substantial compliance shall in no way be construed to be an absolute defense to civil liability.

SECTION 3. Section 49-17-421, Mississippi Code of 1972, is amended as follows:

49-17-421. (1) After receiving the annual report and recommendation of the Underground Storage Tank (UST) Advisory Council, the commission may assess and collect an annual tank regulatory fee in an amount sufficient to administer Sections 49-17-401 through 49-17-435, but not to exceed Two Hundred Dollars (\$200.00) per tank. The fee, as set by the commission, shall be assessed per tank per year and shall be collected from the owner of each underground storage tank available for use in Mississippi on July 1, 1988, or brought into use or available for use after that date, as provided in the Mississippi Underground Storage Tank Act of 1988 (Sections 49-17-401 through 49-17-435). The fee assessed under this section is a debt due by the owner of each tank in use in Mississippi on July 1, 1988, or brought into use after that date.

(2) The commission shall establish the amount of the tank regulatory fee to cover the costs of the Underground Storage Tank Program. The fee for each state fiscal year shall be set by order of the commission, which shall include:

(a) A receipt of the report and recommendations of the UST Advisory Council, and

(b) A public notice to allow the public a period of at least thirty (30) days to provide comments regarding the underground storage tank fee report and recommendation, or to request a public hearing in accordance with Section 49-17-29(4)(a).

The department may conduct a public hearing on the tank regulatory fee when a significant level of public interest exists or when warranted by other factors. Notwithstanding the provisions of this subsection (2), the commission may proceed with entry of the order if the UST Advisory Council fails to submit its report in a timely manner.

The tank regulatory fee shall be due July 1 of each year, and if any part of the fee is not paid within thirty (30) days after the due date, a penalty of fifty percent (50%) of the amount due shall accrue at once and be added to the fee, unless the owner of the underground storage tank demonstrates to the commission that the failure to make timely payment was unavoidable due to financial hardship or otherwise beyond the control of the owner.

Monies collected under this section shall be deposited in a special fund which is created in the State Treasury. Unexpended amounts remaining in the special fund at the end of the fiscal year shall not lapse into the General Fund and any interest earned on amounts in the special fund shall be credited to the special fund by the Treasurer. The fund may receive monies from any available public or private source, including, but not limited to, the fund, collection of fees, interest, grants, taxes, public or private donations and judicial actions. Monies in this special fund shall be expended by annual

appropriation approved by the Legislature to administer Sections 49-17-401 through 49-17-435.

SECTION 4. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 49-17-405, 49-17-407 AND 49-17-421, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT WHEN UNDERGROUND STORAGE TANK FEES ARE INSUFFICIENT TO COVER ADMINISTRATIVE COSTS, THE COSTS ASSOCIATED WITH ADMINISTRATION OF THE MISSISSIPPI GROUNDWATER PROTECTION TRUST FUND AND RELATED PURPOSES SHALL BE PAID FROM THE FUND; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2263: Adult adoptions; authorize chancellor to waive procedural requirements.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 93-17-3, Mississippi Code of 1972, is amended as follows:

93-17-3. (1) Except as otherwise provided in this section, a court of this state has jurisdiction over a proceeding for the adoption or readoption of a minor commenced under this chapter if:

(a) Immediately before commencement of the proceeding, the minor lived in this state with a parent, a guardian, a prospective adoptive parent or another person acting as parent, for at least six (6) consecutive months, excluding periods of temporary absence, or, in the case of a minor under six (6) months of age, lived in this state from soon after birth with any of those individuals and there is available in this state substantial evidence concerning the minor's present or future care;

(b) Immediately before commencement of the proceeding, the prospective adoptive parent lived in this state for at least six (6) consecutive months, excluding periods of temporary absence, and there is available in this state substantial evidence concerning the minor's present or future care;

(c) The agency that placed the minor for adoption is licensed in this state and it is in the best interest of the minor that a court of this state assume jurisdiction because:

(i) The minor and the minor's parents, or the minor and the prospective adoptive parent, have a significant connection with this state; and

(ii) There is available in this state substantial evidence concerning the minor's present or future care;

(d) The minor and the prospective adoptive parent or parents are physically present in this state and the minor has been abandoned or it is necessary in an emergency to protect the minor because the minor has been subjected to or threatened with mistreatment or abuse or is otherwise neglected, and the prospective adoptive parent or parents, if not residing in Mississippi, have completed and provided the court with a satisfactory Interstate Compact for Placement of Children (ICPC) home study and accompanying forms;

(e) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a) through (d), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to hear a petition for adoption of the minor, and it is in the best interest of the minor that a court of this state assume jurisdiction; or

(f) The child has been adopted in a foreign country, the agency that placed the minor for adoption is licensed in this state, and it is in the best interest of the child to be readopted in a court of this state having jurisdiction.

(2) A court of this state may not exercise jurisdiction over a proceeding for adoption of a minor if, at the time the petition for adoption is filed, a proceeding concerning the custody or adoption of the minor is pending in a court of another state exercising jurisdiction substantially in conformity with the Uniform Child Custody Jurisdiction Act or this section unless the proceeding is stayed by the court of the other state.

(3) If a court of another state has issued a decree or order concerning the custody of a minor who may be the subject of a proceeding for adoption in this state, a court of this state may not exercise jurisdiction over a proceeding for adoption of the minor unless:

(a) The court of this state finds that the court of the state which issued the decree or order:

(i) Does not have continuing jurisdiction to modify the decree or order under jurisdictional prerequisites substantially in accordance with the Uniform Child Custody Jurisdiction Act or has declined to assume jurisdiction to modify the decree or order; or

(ii) Does not have jurisdiction over a proceeding for adoption substantially in conformity with subsection (1)(a) through (d) or has declined to assume jurisdiction over a proceeding for adoption; and

(b) The court of this state has jurisdiction over the proceeding.

(4) Any person may be adopted in accordance with the provisions of this chapter in term time or in vacation by an unmarried adult, by a married person whose

spouse joins in the petition, by a married person whose spouse does not join in the petition because such spouse does not cohabit or reside with the petitioning spouse, and in any circumstances determined by the court that the adoption is in the best interest of the child. Only the consenting adult will be a legal parent of the child. The adoption shall be by sworn petition filed in the chancery court of the county in which the adopting petitioner or petitioners reside or in which the child to be adopted resides or was born, or was found when it was abandoned or deserted, or in which the home is located to which the child has been surrendered by a person authorized to so do. The petition shall be accompanied by a doctor's or nurse practitioner's certificate showing the physical and mental condition of the child to be adopted and a sworn statement of all property, if any, owned by the child. In addition, the petition shall be accompanied by affidavits of the petitioner or petitioners stating the amount of the service fees charged by any adoption agencies or adoption facilitators used by the petitioner or petitioners and any other expenses paid by the petitioner or petitioners in the adoption process as of the time of filing the petition. If the doctor's or nurse practitioner's certificate indicates any abnormal mental or physical condition or defect, the condition or defect shall not, in the discretion of the chancellor, bar the adoption of the child if the adopting parent or parents file an affidavit stating full and complete knowledge of the condition or defect and stating a desire to adopt the child, notwithstanding the condition or defect. The court shall have the power to change the name of the child as a part of the adoption proceedings. The word "child" in this section shall be construed to refer to the person to be adopted, though an adult.

* * *

(* * *5) No person may be placed in the home of or adopted by the prospective adopting parties before a court-ordered or voluntary home study is satisfactorily completed by a licensed adoption agency, a licensed, experienced social worker approved by the chancery court, a court-appointed guardian ad litem that has knowledge or training in conducting home studies if so directed by the court, or by the Department of Human Services on the prospective adoptive parties if required by Section 93-17-11.

(* * *6) No person may be adopted by a person or persons who reside outside the State of Mississippi unless the provisions of the Interstate Compact for Placement of Children (Section 43-18-1 et seq.) have been complied with. In such cases Forms 100A, 100B (if applicable) and evidence of Interstate Compact for Placement of Children approval shall be added to the permanent adoption record file within one (1) month of the placement, and a minimum of two (2) post-placement reports conducted by a licensed child-placing agency shall be provided to the Mississippi Department of Child Protection Services Interstate Compact for Placement of Children office.

(* * *7) No person may be adopted unless the provisions of the Indian Child Welfare Act (ICWA) have been complied with, if applicable. When applicable, proof of compliance shall be included in the court adoption file prior to finalization of the adoption. If not applicable, a written statement or paragraph in the petition for adoption shall be included in the adoption petition stating that the provisions of ICWA do not apply before finalization.

(* * *8) The readoption of a child who has automatically acquired United States citizenship following an adoption in a foreign country and who possesses a Certificate of Citizenship in accordance with the Child Citizenship Act, CAA, Public Law 106-395, may be given full force and effect in a readoption proceeding conducted by a court of competent jurisdiction in this state by compliance with the Mississippi Registration of Foreign Adoptions Act, Article 9 of this chapter.

(9) For adult adoptees who consent to the adoption, a chancellor may waive any of the petition requirements and procedural requirements within subsections (4), (5), (6) and (7) of this section.

SECTION 2. For purposes of this act, the following words shall have the meanings ascribed herein unless the context otherwise requires:

(a) "Change of name petition" means a petition to change the legal name of an individual.

(b) "Offender" means any physically incarcerated person convicted of a crime or offense under the laws and ordinances of the state and its political subdivisions or the laws and regulations of the federal government.

SECTION 3. (1) (a) No offender shall have standing to file a change of name petition with the chancery court;

(b) No chancellor shall grant a change of name petition for an offender; and

(c) No chancery clerk shall file a change of name petition for an offender.

(2) A chancellor may change the name of an offender if:

(a) A district attorney files a change of name petition on behalf of an offender;

(b) A sheriff of a county in which a person is incarcerated files a change of name petition on behalf of an offender;

(c) The Commissioner of the Mississippi Department of Corrections, or his or her designee, files a change of name petition on behalf of an offender; or

(d) A Mississippi Department of Corrections Chaplain files a change of name petition on behalf of an offender.

SECTION 4. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 93-17-3, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE CHANCELLOR TO WAIVE PROCEDURAL REQUIREMENTS FOR ADULT ADOPTEES WHO CONSENT TO THE ADOPTION; TO CONFORM TO FEDERAL LAW BY DELETING THE PROHIBITION AGAINST COUPLES OF THE SAME GENDER ADOPTING; TO PROHIBIT PHYSICALLY INCARCERATED OFFENDERS FROM REQUESTING A NAME CHANGE; TO DEFINE TERMS; TO PROVIDE CERTAIN EXCEPTIONS; AND FOR RELATED PURPOSES.

(4) Notwithstanding any provision of law to the contrary, the commissioner shall appoint heads of offices, who shall serve at the pleasure of the commissioner. (5) The commissioner shall appoint, from within the Department of Public Safety, a statewide safety training officer who shall serve at the pleasure of the commissioner and whose duty it shall be to perform public training for both law enforcement and private persons throughout the state concerning proper emergency response to the mentally ill, terroristic threats or acts, domestic conflict, other conflict resolution, and such other matters as the commissioner may direct.

(6) The commissioner shall establish within the department the Mississippi Office of Homeland Security for the purpose of seeing that the laws are faithfully executed and for the purpose of investigating cyber-related crimes and suppressing crimes of violence and acts of intimidation and terror. The commissioner is hereby authorized to employ within the Office of Homeland Security a director, investigators and other qualified personnel as he may deem necessary to make investigation of cyber-related crimes, crimes of violence and acts of terrorism or intimidation, to aid in the arrest and prosecution of persons charged with such cyber-related crimes, crimes of violence, acts of terrorism or intimidation, or threats of violence and to perform other duties as necessary to accomplish these purposes. (b) The expert witness fee shall be set by the director, and the expert fee shall be a reasonable fee considering the prevailing rates of other comparably respected available experts. The fee under this paragraph (b) shall be made payable to the Office of the State Medical Examiner.

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2735: Freestanding emergency room; revise definition to include rural emergency hospital.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-75-1, Mississippi Code of 1972, is amended as follows:

41-75-1. For the purpose of this chapter:

(a) "Ambulatory surgical facility" means a publicly or privately owned institution that is primarily organized, constructed, renovated or otherwise established for the purpose of providing elective surgical treatment of "outpatients" whose recovery, under normal and routine circumstances, will not require "inpatient" care. The facility defined in this paragraph does not include the offices of private physicians or dentists, whether practicing individually or in groups, but does include organizations or facilities primarily engaged in that outpatient surgery, whether using the name "ambulatory surgical facility" or a similar or different name. That organization or facility, if in any manner considered to be operated or owned by a hospital or a hospital holding, leasing or management company, either for profit or not for profit, is required to comply with all licensing agency ambulatory surgical licensure standards governing a "hospital affiliated" facility as adopted under Section 41-9-1 et seq., provided that the organization or facility does not intend to seek federal certification as an ambulatory surgical facility as provided for at 42 CFR, Parts 405 and 416. If the organization or facility is to be operated or owned by a hospital or a hospital holding, leasing or management company and intends to seek federal certification as an ambulatory facility, then the facility is considered to be "freestanding" and must comply with all licensing agency ambulatory surgical licensure standards governing a "freestanding" facility.

If the organization or facility is to be owned or operated by an entity or person other than a hospital or hospital holding, leasing or management company, then the organization or facility must comply with all licensing agency ambulatory surgical facility standards governing a "freestanding" facility.

(b) "Hospital affiliated" ambulatory surgical facility means a separate and distinct organized unit of a hospital or a building owned, leased, rented or utilized by a hospital and located in the same county in which the hospital is located, for the primary purpose of performing ambulatory surgery procedures. The facility is not required to be separately licensed under this chapter and may operate under the hospital's license in compliance with all applicable requirements of Section 41-9-1 et seq.

(c) "Freestanding" ambulatory surgical facility means a separate and distinct facility or a separate and distinct organized unit of a hospital owned, leased, rented or utilized by a hospital or other persons for the primary purpose of performing ambulatory surgery procedures. The facility must be separately licensed as defined in this section and must comply with all licensing standards promulgated by the licensing agency under this chapter regarding a "freestanding" ambulatory surgical facility. Further, the facility must be a separate, identifiable entity and must be physically, administratively and financially independent and distinct from other operations of any other health facility, and shall maintain a separate organized medical and administrative staff. Furthermore, once licensed as a "freestanding" ambulatory surgical facility, the facility shall not become a component of any other health facility without securing a certificate of need to do that.

(d) "Ambulatory surgery" means surgical procedures that are more complex than office procedures performed under local anesthesia, but less complex than

major procedures requiring prolonged postoperative monitoring and hospital care to ensure safe recovery and desirable results. General anesthesia is used in most cases. The patient must arrive at the facility and expect to be discharged on the same day. Ambulatory surgery shall only be performed by physicians or dentists licensed to practice in the State of Mississippi.

(e) "Abortion" means the use or prescription of any instrument, medicine, drug or any other substances or device to terminate the pregnancy of a woman known to be pregnant with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth or to remove a dead fetus. Abortion procedures after the first trimester shall only be performed at a Level I abortion facility or an ambulatory surgical facility or hospital licensed to perform that service.

(f) "Abortion facility" means a facility operating substantially for the purpose of performing abortions and is a separate identifiable legal entity from any other health care facility. Abortions shall only be performed by physicians licensed to practice in the State of Mississippi. All physicians associated with the abortion facility must have admitting privileges at a local hospital and staff privileges to replace local hospital on-staff physicians. All physicians associated with an abortion facility must be board certified or eligible in obstetrics and gynecology, and a staff member trained in CPR shall always be present at the abortion facility when it is open. The term "abortion facility" includes physicians' offices that are used substantially for the purpose of performing abortions. An abortion facility operates substantially for the purpose of performing abortions if any of the following conditions are met:

(i) The abortion facility is a provider for performing ten (10) or more abortion procedures per calendar month during any month of a calendar year, or one hundred (100) or more in a calendar year.

(ii) The abortion facility, if operating less than twenty (20) days per calendar month, is a provider for performing ten (10) or more abortion procedures, or performing a number of abortion procedures that would be equivalent to ten (10) procedures per month, if the facility were operating twenty (20) or more days per calendar month, in any month of a calendar year.

(iii) The abortion facility holds itself out to the public as an abortion provider by advertising by any public means, such as newspaper, telephone directory, magazine or electronic media, that it performs abortions.

(iv) The facility applies to the licensing agency for licensure as an abortion facility.

(g) "Licensing agency" means the State Department of Health.

(h) "Operating" an abortion facility means that the facility is open for any period of time during a day and has on site at the facility or on call a physician licensed to practice in the State of Mississippi available to provide abortions.

An abortion facility may apply to be licensed as a Level I facility or a Level II facility by the licensing agency. Level II abortion facilities shall be required to meet minimum standards for abortion facilities as established by the licensing agency. Level I abortion facilities shall be required to meet minimum standards for abortion facilities and minimum standards for ambulatory surgical facilities as established by the licensing agency.

Any abortion facility that begins operation after June 30, 1996, shall not be located within one thousand five hundred (1,500) feet from the property on which any church, school or kindergarten is located. An abortion facility shall not be in violation of this paragraph if it is in compliance with this paragraph on the date it begins operation and the property on which a church, school or kindergarten is located within one thousand five hundred (1,500) feet from the facility.

(i) "Freestanding emergency room" is a facility open twenty-four (24) hours a day for the treatment of urgent and emergent medical conditions which is not located on a hospital campus. In order to be eligible for licensure under this chapter, the freestanding emergency room shall be located at least fifteen (15) miles from the nearest hospital-based emergency room in any rural community where the federal CMMS had previously designated a rural hospital as a critical access hospital and that designation has been revoked.

(j) "Post-acute residential brain injury rehabilitation facility" is a facility containing no more than twelve (12) beds providing medically directed long-term but nonacute rehabilitation to patients who have acquired brain injury. In order to be eligible for licensure under this chapter, the post-acute residential brain injury rehabilitation facility shall be located at least twenty-five (25) miles from the nearest acute care rehabilitation hospital and at least five (5) miles from the boundaries of any municipality having a population of ten thousand (10,000) or more, according to the most recent federal decennial census, at the time that facility is established.

(k) "Pilot freestanding emergency room" is a facility open twenty-four (24) hours a day for the treatment of urgent and emergent medical conditions that is not located on a hospital campus. In order to be eligible for licensure under this chapter, the pilot freestanding emergency room shall be located at least fifteen (15) miles from the nearest hospital-based emergency room in a county without emergency hospital care that is open twenty-four (24) hours a day.

SECTION 2. Section 41-75-13, Mississippi Code of 1972, is amended as follows:

41-75-13. (1) The licensing agency shall adopt, amend, promulgate and enforce rules, regulations and standards, including classifications, with respect to ambulatory surgical facilities and abortion facilities, freestanding emergency rooms and post-acute residential brain injury rehabilitation facilities licensed, or which may be licensed, to further the accomplishment of the purpose of this chapter in protecting and promoting the health, safety and welfare of the public by ensuring adequate care of individuals receiving services from such facilities. The licensing agency also shall adopt, amend, promulgate and enforce rules, regulations and standards with respect to the enforcement of the informed consent requirements of Sections 41-41-31 through 41-41-39 at abortion facilities. Such rules, regulations and standards for freestanding emergency rooms shall include a patient transfer policy under which the freestanding emergency room enters into an agreement with a general hospital for a protocol for patient transfers. Such rules, regulations and standards shall be adopted and promulgated by the licensing agency in accordance with the provisions of Section 25-43-1 et seq., and shall be recorded and indexed in a book to be maintained by the licensing agency in its main office in the State of Mississippi, entitled "Rules and Regulations for Operation of Ambulatory Surgical Facilities and Abortion Facilities, Freestanding Emergency Room Facilities and Post-Acute Residential Brain Injury Rehabilitation Facilities." The book shall be open and available to all ambulatory surgical facilities and abortion facilities, freestanding emergency rooms and post-acute residential brain injury rehabilitation facilities and the public during regular business hours.

(2) The licensing agency shall not issue licenses for more than five (5) pilot freestanding emergency rooms. The licensing agency shall adopt criteria for determining which applicants will have priority for receiving a license if there are more than five (5) applications for pilot freestanding emergency room licenses.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-75-1, MISSISSIPPI CODE OF 1972, TO CREATE A DEFINITION FOR PILOT FREESTANDING EMERGENCY ROOMS FOR THE PURPOSE OF LICENSURE; TO AMEND SECTION 41-75-13, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE STATE DEPARTMENT OF HEALTH SHALL NOT ISSUE LICENSES FOR MORE THAN FIVE PILOT FREESTANDING EMERGENCY ROOMS; AND FOR RELATED PURPOSES.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 39-5-145, Mississippi Code of 1972, is amended as follows:

39-5-145. (1) A special fund, to be designated the "Mississippi Community Heritage Preservation Grant Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. The fund shall consist of any monies designated for deposit therein from any source, including proceeds of any state general obligation bonds designated for deposit therein. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund and any interest earned or investment earnings on amounts in the fund shall be deposited into the fund. The expenditure of monies deposited into the fund shall be under the direction of the Department of Finance and Administration, based upon recommendations of the Board of Trustees of the Department of Archives and History, and such funds shall be paid by the State Treasurer upon warrants issued by the Department of Finance and Administration. Monies deposited into such fund shall be allocated and disbursed according to the provisions of this section. If any monies in the special fund are derived from proceeds of state general obligation bonds and are not used within four (4) years after the date such bond proceeds are deposited into the special fund, then the Department of Finance and Administration shall provide an accounting of such unused monies to the State Bond Commission.

(2) Monies deposited into the fund shall be allocated and disbursed as follows:

Where possible, expenditures from the fund shall be used to match federal grants or other grants that may be accessed by the Department of Archives and History, other state agencies, county governments or municipal governments, school districts or nonprofit organizations that have obtained Section 501(c)(3) tax-exempt status from the United States Internal Revenue Service. Any properties, except those described in paragraphs (b) and (d) of this subsection, receiving monies pursuant to this section must be designated as "Mississippi Landmark" properties prior to selection as projects for funding under the provisions of this section.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1691: Income tax; revise certain provisions relating pass-through entities.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) (a) For calendar year 2022, and for each calendar year thereafter, any partnership, S corporation or similar pass-through entity may elect to be taxed as an electing pass-through entity and pay the tax imposed under this chapter at the entity level. For the purposes of this section, the term "electing pass-through entity" means a partnership, S corporation or similar pass-through entity that has made an election pursuant to this section.

(b) A partnership, S corporation or similar pass-through entity desiring to be taxed as an electing pass-through entity shall submit the appropriate form to the Department of Revenue at any time during the tax year or on or before the fifteenth day of the third month following the close of that taxable year for which the entity elects to be taxed as an electing pass-through entity. This election shall be binding for that taxable year and all taxable years thereafter and shall not be revoked unless the electing pass-through entity submits the appropriate form to the department at any time during a subsequent taxable year or on or before the fifteenth day of the third month following the close of that taxable year for which the entity elects to no longer be taxed as an electing pass-through entity. Both the election to become an electing pass-through entity and the revocation of that election shall be accomplished by a vote by or written consent of the members of the governing body of the entity as well as a vote by or written consent of the

owners, members, partners or shareholders holding greater than fifty percent (50%) percent of the voting control of the entity, within the time prescribed in this subsection.

(c) Each owner, member, partner or shareholder of an electing pass-through entity shall report his or her pro rata or distributive share of the income of the electing pass-through entity but shall not be liable for the tax imposed under this chapter on such pro rata or distributive share of the income of the electing pass-through entity. Each owner, member, partner or shareholder of an electing pass-through entity shall be allowed a credit against the taxes imposed under this chapter in an amount equal to his or her pro rata or distributive share of tax paid by the electing pass-through entity with respect to the corresponding taxable year.

(2) The adjusted basis of the owners, members or partners of an electing pass-through entity in their ownership interests in the electing pass-through entity shall be calculated without regard to the election under this section.

SECTION 2. Section 27-7-25, Mississippi Code of 1972, is amended as follows:

27-7-25. (1) Individuals carrying on businesses in partnerships shall be liable for income tax only in their individual capacity, unless for federal purposes the partnership is taxable as a corporation. If so, then the partnership is also taxable as a corporation for state purposes and is subject to all of the corporate tax laws and regulations. The gross income of an individual partner shall be the gross income the partnership distributed on the same basis as net income or earnings may be distributed. If the preceding exception applies, then the partner will be treated as a shareholder in a corporation.

There shall be included in computing the net income of each partner his distributive share, whether distributed or not, of the net income of the partnership for the taxable year.

The net income of the partnership shall be computed in the same manner and on the same basis as provided for individuals, provided no personal exemption shall be granted and, provided further, that husband and wife partnerships shall not be recognized for the purpose of this article, unless it can be proven that husband and wife have each contributed capital out of their separate estates, and not by gift, from one to the other.

In the case of partnerships, each partner that would otherwise be required to include more than twelve (12) months of income in a single taxable year may elect to include such excess in income in one (1) year or ratably over a period of four (4) taxable years.

In the event the individual partners fail to report and pay the taxes imposed according to this section, then the partnership and the general partners shall be jointly and severally liable for said tax liability and shall be assessed accordingly. However, the partnership and/or general partner shall not be liable if the partnership withholds five percent (5%) of the net gain or profit of the partnership for the tax year and remits the same to the commissioner. Such amounts paid to the commissioner shall be deemed to be payments of estimated tax of the partners and shall be allocated pro rata to the partners' taxpayer accounts. The commissioner may allow, or require, block or composite filing by a partnership, or withholding on a nonresident partner.

Magnetic media reporting may be required in a manner to be determined by the commissioner.

Partnership returns shall be filed in such manner and at such time as prescribed by law.

(2) For a partnership that has made an election under Section 1 of this act to be taxed as an electing pass-through entity, the partnership shall pay income tax as provided for in Section 1 of this act.

SECTION 3. Section 27-8-7, Mississippi Code of 1972, is amended as follows:

27-8-7. (1) An S corporation shall not be subject to the tax imposed by Section 27-7-5; however, for an S corporation that has made an election under Section 1 of this act to be taxed as an electing pass-through entity, the S corporation shall be subject to and pay such tax as provided for in Section 1 of this act.

(2) For purposes of Section 27-7-15, each shareholder's pro rata share of the S corporation's income attributable to the state, and each resident shareholder's pro rata share of the S corporation's income not attributable to the state, shall be taken into account by the shareholder in the manner provided in Section 1366 of the Code.

(3) For purposes of determining the amounts taken into account by the shareholders of an S corporation under subsection (2) of this section, the amount of any tax imposed on the S corporation under the Code shall not reduce the S corporation's income attributable to the state and income not attributable to the state.

SECTION 4. Section 1 of this act shall be codified as a new section in Chapter 7, Title 27, Mississippi Code of 1972.

SECTION 5. This act shall take effect and be in force from and after January 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO ALLOW PARTNERSHIPS, S CORPORATIONS OR SIMILAR PASS-THROUGH ENTITIES TO ELECT TO BE TAXED AS AN ELECTING PASS-THROUGH ENTITIES FOR STATE INCOME TAX PURPOSES AND PAY INCOME TAX AT THE ENTITY LEVEL; TO PROVIDE THE MANNER BY WHICH A PARTNERSHIP, S CORPORATION OR SIMILAR PASS-THROUGH ENTITY MAY ELECT TO BE TAXED AS AN ELECTING PASS-THROUGH ENTITY; TO PROVIDE THAT EACH OWNER, MEMBER, PARTNER OR SHAREHOLDER OF AN ELECTING PASS-THROUGH ENTITY SHALL REPORT HIS OR HER PRO RATA OR DISTRIBUTIVE SHARE OF THE INCOME OF THE ELECTING PASS-THROUGH ENTITY BUT SHALL NOT BE LIABLE FOR INCOME TAX IMPOSED ON SUCH PRO RATA OR DISTRIBUTIVE SHARE; TO PROVIDE THAT EACH OWNER, MEMBER, PARTNER OR SHAREHOLDER OF AN ELECTING PASS-THROUGH ENTITY SHALL BE ALLOWED A CREDIT AGAINST INCOME TAXES IN AN AMOUNT EQUAL TO HIS OR HER PRO RATA OR DISTRIBUTIVE SHARE OF INCOME TAX PAID BY THE ELECTING PASS-THROUGH ENTITY WITH RESPECT TO THE CORRESPONDING TAXABLE YEAR; TO AMEND SECTIONS 27-7-25 AND 27-8-7, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PROVISIONS OF THIS ACT; AND FOR RELATED PURPOSES.

Such credit shall be allowed annually to each qualified business for a period not to exceed ten (10) years. If the amount allowable as a credit exceeds the tax imposed by this chapter, the amount of such excess shall not be refundable or carried forward to any other taxable year.

For the purpose of determining the credit allowed to a qualified business which is an existing trade or business having expanded its buildings and facilities, the number of net full-time employees shall be the difference between the average annual employment of such business before and after such expansion.

If the Mississippi Advanced Technology Initiative Act is repealed, any qualified business which had been granted a tax credit under this subsection prior to the date of such repeal shall be entitled to such tax credit until the period for which it was granted expires.

(3) For any qualified company, certified as such by the Mississippi Board of Economic Development under Section 57-53-1, there shall be allowed as a credit against the tax imposed by this chapter, an amount equal to One Thousand Dollars (\$1,000.00) per net full-time employee in this state, provided there is a minimum of seventy-five (75) net full-time employees, as determined by the average annual employment of the company in this state reported to the Employment Security Commission. Such credit shall be allowed annually to each qualified company for a period not to exceed ten (10) years. If the amount allowable as a credit exceeds the tax imposed by this chapter, the amount of such excess shall not be refundable or carried forward to any other taxable year.

For the purpose of determining the credit allowed to a qualified company which has expanded its existing buildings and facilities, the number of net full-time employees shall be the difference between the average annual employment of such company before and after such expansion.

(4) For any qualified business or industry which is certified as such by the Mississippi Board of Economic Development pursuant to the Mississippi Flexible Tax Incentive Act and awarded any mFlex tax incentive amount for such qualified business's or industry's qualified economic development project, there shall be allowed as a credit against the tax imposed by this chapter, an amount prescribed by, and subject to, the Mississippi Flexible Tax Incentive Act.

SECTION 19. From and after January 1, 2023, if the amount of any mFlex tax incentive or other incentive that a qualified business or other entity is eligible to receive under the Mississippi Flexible Tax Incentive Act is less than the amount of the mFlex tax incentive or other incentive that the qualified business or other entity would have been eligible to receive or to use if the mFlex tax incentive or other incentive had been calculated using any applicable income tax rates in Section 27-7-5, Mississippi Code of 1972, that were in effect before January 1, 2023, then the qualified business or other entity shall receive a grant from the Mississippi Development Authority equal to the difference between such two amounts.

SECTION 20. Section 57-62-9, Mississippi Code of 1972, is amended as follows:

[For businesses or industries that received or applied for incentive payments prior to July 1, 2005, this section shall read as follows:]

57-62-9. (1) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed the amount of money previously paid into the fund by the employer. A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) In order to qualify to receive such payments, the establishment applying shall be required to:

(a) Be engaged in a qualified business or industry;

(b) Provide an average salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for this requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must create and maintain a minimum of ten (10) full-time jobs in counties that have an average unemployment rate over the previous twelve-month period which is at least one hundred fifty percent (150%) of the most recently published state unemployment rate, as determined by the Mississippi Department of Employment Security or in Tier Three counties as determined under Section 57-73-21. In all other counties, the business or industry must create and maintain a minimum of twenty-five (25) full-time jobs. The criteria for this requirement shall be based on the designation of the county at the time of the application. The threshold established upon the application will remain constant for the duration of the project. The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) The MDA shall determine if the applicant is qualified to receive incentive payments. If the applicant is determined to be qualified by the MDA, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a period not to exceed ten (10) years and to estimate the amount of gross payroll for the period. If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified

business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this chapter shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

[For businesses or industries that received or applied for incentive payments from and after July 1, 2005, but prior to July 1, 2010, this section shall read as follows:]

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed:

(i) Ninety percent (90%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser;

(ii) Eighty percent (80%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) but less than one hundred seventy-five percent

(175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser; or

(iii) Seventy percent (70%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of less than one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment", as such term is used in this

chapter shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

[For businesses or industries that apply for incentive payments from and after July 1, 2010, this section shall read as follows:]

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during such period, excluding benefits which are not subject to Mississippi income taxes.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(c) A qualified business or industry as defined in Section 57-62-5(a)(iii) may elect the date upon which the ten-year period will begin and may elect to begin receiving incentive payments as early as the second quarter after that date. Incentive payments will be calculated on all jobs above the existing number of jobs as of the date the MDA determines that the applicant is qualified to receive incentive payments. In the event that the qualified business or industry falls below the number of existing jobs at the time of determination that the applicant is qualified to receive the incentive payment, the incentive payment shall cease until the qualified business or industry once again exceeds that number. If after forty-eight (48) months, the qualified business or industry has failed to create at least three thousand (3,000) new direct jobs, incentive payments shall cease and the qualified business or industry shall not be qualified to receive further incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry

created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) Except as otherwise provided for a qualified business or industry as defined in Section 57-62-5(a)(iii), the business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct an analysis to estimate the amount of gross payroll for the appropriate additional period. Incentive payments, cumulatively, shall not exceed ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during the additional period, excluding benefits which are not subject to Mississippi income taxes. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the minimum job and salary requirements. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment", as such term is used in this chapter shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

SECTION 21. Section 57-62-11, Mississippi Code of 1972, is amended as follows:

57-62-11. (1) There is created in the State Treasury a special fund to be known as the Mississippi Advantage Jobs Incentive Payment Fund, into which shall be deposited withholding tax revenue required to be deposited into such fund pursuant to Section 27-7-312 and any other monies designated for deposit therein. The money in the fund shall be used for the purpose of making the incentive payments and grants authorized under this chapter.

(2) The Mississippi Advantage Jobs Incentive Payment Fund shall be administered by the Department of Revenue, and monies in the fund, less three percent (3%) to be retained by the Department of Revenue to pay the reasonable and necessary expenses of the Department of Revenue in administering its duties under this chapter, shall be expended pursuant to the approved application. Amounts in the fund at the end of any fiscal year that are not necessary to make future incentive payments and grants shall be paid into the General Fund.

(3) The liability of the State of Mississippi to make the incentive payments and grants authorized under this chapter shall be limited to the balance contained in the fund.

SECTION 22. Section 57-99-1, Mississippi Code of 1972, is amended as follows:

"Qualified job" also shall include full-time employment in this state of employees who are employed by an entity other than the establishment that has qualified to receive an incentive payment such as employees who are leased to and managed by the qualified business or industry, if such employment did not exist in this state before the date of approval by the MDA of the application of the establishment; provided, however, that in order for a qualified business or industry to receive incentive payments for such employees, the actual employer of the employees must agree to such payments being made to the qualified business or industry.

(c) "Full-time employment" means a job of at least thirty-five (35) hours per week.

(d) "Rebate amount" means the amount of Mississippi income taxes withheld from employees in qualified jobs that is available for rebate to the qualified business or industry, provided that:

(i) Except as otherwise provided in this paragraph (d), the rebate amount shall be three and one-half percent (3-1/2%) of the wages and taxable benefits for qualified jobs; and

(ii) Except as otherwise provided in Section 57-99-3(5), in no event shall incentive payments exceed the actual Mississippi income taxes withheld from employees in qualified jobs that are available for rebate to the qualified business or industry.

(e) "MDA" means the Mississippi Development Authority.

(f) "MMEIA" means the Mississippi Major Economic Impact Authority.

SECTION 23. Section 57-99-3, Mississippi Code of 1972, is amended as follows:

57-99-3. (1) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in Sections 57-99-1 through 57-99-9 may receive quarterly incentive payments for a period not to exceed twenty-five (25) years from the Department of Revenue pursuant to the provisions of Sections 57-99-1 through 57-99-9 in an amount which shall be equal to the lesser of three and one-half percent (3-1/2%) of the wages and taxable benefits for qualified jobs or the actual amount of Mississippi income tax withheld by the employer for the qualified jobs. A qualified business or industry may elect the date upon which the incentive rebate period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments; however, in the case of a qualified business or industry described in Section 57-99-1(a)(ii), such date may not be later than seventy-two (72) months after the date the business or industry applied for incentive payments, or for a qualified business or industry described in Section 57-99-1(a)(iv), such date may not be later than the date that is sixty (60) months after the earlier of:

(a) The date the qualified business or industry applied for incentive payments; or

(b) The start of commercial production as defined in a definitive agreement between such qualified business or industry and the MDA.

(2) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(3) In order to qualify to receive such payments, the establishment applying shall be required to:

(a) Be engaged in a qualified business or industry; and

(b) The business or industry must create and maintain the minimum number of qualified jobs as set forth in Section 57-99-1. Establishments that are approved as a qualified business or industry under Sections 57-99-1 through 57-99-9 may not receive incentive payments under Section 57-62-1 et seq.

(4) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of Sections 57-99-1 through 57-99-9. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility.

(5) Notwithstanding any other provision of Sections 57-99-1 through 57-99-9 to the contrary, from and after January 1, 2023, if the amount of the incentive payments that a qualified business or industry is eligible to receive under Sections 57-99-1 through 57-99-9 is less than the amount that the incentive payments would have been if the payments had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment", as such term is used in Sections 57-99-1 through 57-99-9 shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

SECTION 24. Section 57-99-5, Mississippi Code of 1972, is amended as follows:

57-99-5. (1) There is created in the State Treasury a special fund to be known as the "MMEIA Withholding Rebate Fund," into which shall be deposited withholding tax revenue required to be deposited into such fund pursuant to Section 27-7-312 and any other monies designated for deposit therein. The money in the fund shall be used for the purpose of making the incentive payments and grants authorized under Sections 57-99-1 through 57-99-9.

(2) The liability of the State of Mississippi to make the incentive payments and grants authorized under Sections 57-99-1 through 57-99-9 shall be limited to the balance contained in the fund.

SECTION 25. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO CREATE THE "MISSISSIPPI FLEXIBLE TAX INCENTIVE ACT"; TO DEFINE TERMS; TO ESTABLISH REQUIREMENTS AND STANDARDS FOR APPLICATION TO THE MISSISSIPPI DEVELOPMENT AUTHORITY FOR CERTIFICATION AND AWARD OF THE MISSISSIPPI FLEXIBLE TAX INCENTIVE; TO ESTABLISH REQUIREMENTS AND STANDARDS FOR THE CERTIFICATION AND AWARD OF THE MISSISSIPPI FLEXIBLE TAX INCENTIVE BY THE MISSISSIPPI DEVELOPMENT AUTHORITY TO A QUALIFIED BUSINESS OR INDUSTRY FOR A QUALIFIED ECONOMIC DEVELOPMENT PROJECT; TO PRESCRIBE THE MEANS OF CALCULATING AND APPLYING SUCH INCENTIVE; TO PROHIBIT UTILIZATION OF CERTAIN OTHER INCENTIVES IN COMBINATION WITH THE MISSISSIPPI FLEXIBLE TAX INCENTIVE; TO ESTABLISH REQUIREMENTS AND STANDARDS FOR ANNUAL REPORTING BY A QUALIFIED BUSINESS OR INDUSTRY, MODIFICATIONS TO PRIOR INCENTIVE AWARDS BY THE MISSISSIPPI DEVELOPMENT AUTHORITY AND DEADLINES FOR THE UTILIZATION OF SUCH INCENTIVE; TO AUTHORIZE AUDITS BY THE MISSISSIPPI DEPARTMENT OF REVENUE AND SHARING OF CERTAIN INFORMATION ABOUT CERTAIN INCENTIVE AWARDEES BETWEEN STATE AGENCIES; TO CLARIFY THAT THE MISSISSIPPI DEVELOPMENT AUTHORITY IS GRANTED EXCLUSIVE JURISDICTION TO CERTIFY, AWARD AND MAKE ANY ADJUSTMENTS TO A MISSISSIPPI FLEXIBLE TAX INCENTIVE FOR A

Rep. Lamar called up the conference report on the following bill and moved that it be adopted:

S. B. No. 2770: Income tax; extend repealer on job tax credit for certain water transportation enterprises.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2770: Income tax; extend repealer on job tax credit for certain water transportation enterprises.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-22.40, Mississippi Code of 1972, is amended as follows:

27-7-22.40. (1) The following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates:

(a) "Water transportation enterprise" means an enterprise or establishment primarily engaged in providing inland water transportation of cargo on lakes, rivers and/or intracoastal waterways, except on the Great Lakes System.

(b) "Mississippi full-time job" means a job created in the State of Mississippi on or after January 1, 2019, and filled by a Mississippi resident who works at least thirty-five (35) hours per week.

(2) Subject to the provisions of this section, any water transportation enterprise is allowed a job tax credit for taxes imposed by this chapter equal to Two Thousand Dollars (\$2,000.00) annually for each Mississippi full-time job created for a period of five (5) years from the date the credit commences. A water transportation enterprise may not claim a tax credit for the reemployment of a person whose employment with the enterprise is terminated by the enterprise if the reemployment by the enterprise occurs within twelve (12) months from the date of the termination. The credit shall commence on the date selected by the enterprise. For the year in which the commencement date occurs, the credit will be determined based on the monthly average number of full-time employees employed by the water transportation enterprise in Mississippi full-time jobs subject to the

Mississippi income tax withholding. For each year thereafter, the number of Mississippi full-time jobs shall be determined by comparing the monthly average number of full-time employees employed at the water transportation enterprise in Mississippi full-time jobs subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. The Department of Revenue shall adjust the credit allowed each year for employment fluctuations.

(3) The credit that may be used each year shall be limited to an amount not greater than the total state income tax liability of the water transportation enterprise. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(4) * * * The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any water transportation enterprise may not create new eligibility in any succeeding business entity, but any unused job tax credit may be transferred and continued by any transferee of the water transportation enterprise. The Department of Revenue shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(5) The credits allowed under this section shall not be used by any business enterprise or corporation other than the water transportation enterprise actually qualifying for the credits.

(6) The maximum aggregate amount of tax credits that may be claimed by all taxpayers claiming a credit under this section in a taxable year shall not exceed Two Million Dollars (\$2,000,000.00).

(7) Any water transportation enterprise that is eligible for the credit authorized in this section before January 1, * * * 2026, shall be eligible for the credit authorized in this section, notwithstanding the repeal of this section, and shall be allowed to carry forward the credit after January 1, * * * 2026, as provided for in subsection (3) of this section.

(8) This section shall be repealed from and after January 1, * * * 2026.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-7-22.40, MISSISSIPPI CODE OF 1972, WHICH AUTHORIZES AN INCOME TAX JOB CREDIT FOR ENTERPRISES THAT ARE PRIMARILY ENGAGED IN PROVIDING INLAND WATER TRANSPORTATION OF CARGO ON LAKES, RIVERS AND INTRACOASTAL WATERWAYS FOR EACH FULL-TIME EMPLOYEE EMPLOYED BY THE ENTERPRISE IN A MISSISSIPPI FULL-TIME JOB, TO EXTEND THE REPEALER ON THE CREDIT; AND FOR RELATED PURPOSES.

S. B. No. 2223: Distinctive motor vehicle license tags; authorize for 2021 National Championship Bulldogs.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2223: Distinctive motor vehicle license tags; authorize for 2021 National Championship Bulldogs.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) Any owner of a motor vehicle who is a resident of this state, upon payment of the road and bridge privilege taxes, ad valorem taxes and registration fees as prescribed by law for private carriers of passengers, pickup trucks and other noncommercial motor vehicles, and upon payment of an additional fee in the amount provided in subsection (3) of this section, shall be issued a distinctive license tag for any motor vehicle registered in his name identifying such person as a supporter of the 2021 National Championship Bulldogs. The distinctive license tags so issued shall be of such color and design as the Department of Revenue, with the advice of the President of Mississippi State University or his designee, may prescribe and shall consist of such letters or numbers, or both, as may be necessary to distinguish each license tag. The President of Mississippi State University or his designee shall choose the first one hundred (100) tag numbers and provide them to the Department of Revenue.

(2) Application for the distinctive license tags authorized by this section shall be made to the county tax collector on forms prescribed by the Department of Revenue. The application and the additional fee imposed under subsection (3) of this section, less Two Dollars (\$2.00) thereof to be retained by the tax collector, shall be remitted to the Department of Revenue on a monthly basis as prescribed by the department. The portion of the additional fee retained by the tax collector shall be deposited into the county general fund.

(3) Any person applying for a distinctive license tag under this section shall pay an additional fee in the amount of Fifty Dollars (\$50.00) for each distinctive license tag applied for under this section, which shall be in addition to all other taxes and fees. The additional fee paid shall be for a period of time to run concurrently with the vehicle's established license tag year. The additional fee is due and payable at the time the original application is made for a distinctive license tag under this section and thereafter annually at the time of renewal registration as long as the owner retains the distinctive license tag.

If the owner does not wish to retain the distinctive license tag, he must surrender it to the local county tax collector.

(4) The Department of Revenue shall deposit all fees into the State Treasury on the day collected. At the end of each month, the Department of Revenue shall certify to the State Treasurer the total fees collected under this section from the issuance of the distinctive license tags issued under this section. The State Treasurer shall distribute such collections as follows:

(a) Forty-four Dollars (\$44.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be distributed to the Mississippi State University Foundation.

(b) One Dollar (\$1.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited into the Mississippi Burn Care Fund created pursuant to Section 7-9-70.

(c) Two Dollars (\$2.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited to the credit of the State Highway Fund to be expended solely for the repair, maintenance, construction or reconstruction of highways.

(d) One Dollar (\$1.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited to the credit of the special fund created in Section 27-19-44.2.

(5) A regular license tag must be properly displayed as required by law until replaced by a distinctive license tag under this section. The regular license tag must be surrendered to the tax collector upon issuance of the distinctive license tag under this section. The tax collector shall issue up to two (2) license decals for each distinctive license tag issued under this section, which will expire the same month and year as the regular license tag.

(6) In the case of loss or theft of a distinctive license tag issued under this section, the owner may make application and affidavit for a replacement distinctive license tag as provided by Section 27-19-37. The fee for a replacement distinctive license tag shall be Ten Dollars (\$10.00). The tax collector receiving such application and affidavit shall be entitled to retain and deposit into the county general fund five percent (5%) of the fee for such replacement license tag, and the remainder shall be distributed in the same manner as funds from the sale of regular distinctive license tags issued under this section.

SECTION 2. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

I voted for this resolution because Rep. Summers, of Hinds County, had been paired with me. Her district, House District 68, had been moved to downtown Jackson and Rankin County. The Chairman of the committee agreed to an amendment to unpair by her amendment - to change her precincts to tie her back into House District 68, which she has. The agreement was also that she and I would vote for the plan upon final passage, which I did. Otherwise, I would not have voted for the plan.

On motion of Rep. Brown (20th) unanimous consent was granted to insert the following into the Journal:

I voted No on Joint Resolution No. 1 because the committee did not provide street maps of the proposed districts before the vote. I could not vote on legislation before I had all the pertinent information.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 918: Alcoholic beverages; authorize issuance of food truck permit.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 67-1-51, Mississippi Code of 1972, is amended as follows:

67-1-51. (1) Permits which may be issued by the department shall be as follows:

(a) Manufacturer's permit. A manufacturer's permit shall permit the manufacture, importation in bulk, bottling and storage of alcoholic liquor and its distribution and sale to manufacturers holding permits under this chapter in this state and to persons outside the state who are authorized by law to purchase the same, and to sell as provided by this chapter.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or

redistillation and/or to operate a rectifying plant for the purifying, refining, mixing, blending, flavoring or reducing in proof of distilled spirits and alcohol.

Class 2. Wine manufacturer's permit, which shall authorize the holder thereof to manufacture, import in bulk, bottle and store wine or vinous liquor.

Class 3. Native wine producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native wines.

Class 4. Native spirit producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native spirits.

(b) Package retailer's permit. Except as otherwise provided in this paragraph and Section 67-1-52, a package retailer's permit shall authorize the holder thereof to operate a store exclusively for the sale at retail in original sealed and unopened packages of alcoholic beverages, including native wines and native spirits, not to be consumed on the premises where sold. Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) On-premises retailer's permit. Except as otherwise provided in subsection (5) of this section, an on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines and native spirits, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Additionally, as part of a carryout order, a permit holder may sell one (1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, small craft breweries, microbreweries, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

(d) Solicitor's permit. A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) Native wine retailer's permit. Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines and native spirits, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. A temporary one-day permit may be issued to bona fide nonprofit civic or charitable organizations authorizing the sale of alcoholic beverages, including native wine and native spirit, for consumption on the premises described in the temporary permit only. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for

personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (l) of this subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

(g) Caterer's permit. A caterer's permit shall permit the purchase of alcoholic beverages by a person engaging in business as a caterer and the resale of alcoholic beverages by such person in conjunction with such catering business. No person shall qualify as a caterer unless forty percent (40%) or more of the revenue derived from such catering business shall be from the serving of prepared food and not from the sale of alcoholic beverages and unless such person has obtained a permit for such business from the Department of Health. A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

(h) Research permit. A research permit shall authorize the holder thereof to operate a research facility for the professional research of alcoholic beverages. Such permit shall authorize the holder of the permit to import and purchase limited amounts of alcoholic beverages from the department or from importers, wineries and distillers of alcoholic beverages for professional research.

(i) Alcohol processing permit. An alcohol processing permit shall authorize the holder thereof to purchase, transport and possess alcoholic beverages for the exclusive use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient. An alcohol processing permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in the business of cooking, processing or manufacturing products which contain alcoholic beverages. The amounts of alcoholic beverages allowed under an alcohol processing permit shall be set by the department.

(j) Hospitality cart permit. A hospitality cart permit shall authorize the sale of alcoholic beverages from a mobile cart on a golf course that is the holder of an on-premises retailer's permit. The alcoholic beverages sold from the cart must be consumed within the boundaries of the golf course.

(k) Special service permit. A special service permit shall authorize the holder to sell commercially sealed alcoholic beverages to the operator of a commercial or private aircraft for en route consumption only by passengers. 25-15-15. (1) The board is authorized to determine the manner in which premiums and contributions by the state agencies, local school districts, colleges, universities, community/junior colleges and public libraries shall be collected to provide the self-insured health insurance program for employees as provided under this article. The state shall provide fifty percent (50%) of the cost of the above life insurance plan for all active full-time employees. The state shall provide one hundred percent (100%) of the cost of the health insurance plan for active full-time employees initially employed before January 1, 2006, except as otherwise provided in this section. For active full-time employees initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance, except as otherwise provided in this section, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. The board, if determined to be necessary, may assess active full-time employees a portion of the active employee premium in an amount not to exceed Twenty Dollars (\$20.00) per month, notwithstanding any language in this section to the contrary. All active full-time employees shall be given the opportunity to purchase coverage for their eligible dependents with the premiums for such dependent coverage, as well as the employee's fifty percent (50%) share for his life insurance coverage, to be deductible from the employee's salary by the agency, department or institution head, which deductions, together with the fifty percent (50%) share of such life insurance premiums of such employing agency, department or institution head from funds appropriated to or authorized to be expended by the employing agency, department or institution head, shall be deposited directly into a depository bank or special fund in the State Treasury, as determined by the board. These funds and

interest earned on these funds may be used for the disbursement of claims and shall be exempt from the appropriation process.

(2) The state shall provide annually, by line item in the Mississippi Library Commission appropriation bill, such funds to pay one hundred percent (100%) of the cost of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for full-time library staff members in each public library in Mississippi initially employed before January 1, 2006. For full-time library staff members initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. The commission shall allot to each public library a sufficient amount of those funds appropriated to pay the costs of insurance for eligible employees. Any funds so appropriated by line item which are not expended during the fiscal year for which such funds were appropriated shall be carried forward for the same purposes during the next succeeding fiscal year. If any premiums for the health insurance and/or late charges and interest penalties are not paid by a public library in a timely manner, as defined by the board, the Mississippi Library Commission, upon notice by the board, shall immediately withhold all subsequent disbursements of funds to that public library.

(3) The state shall annually provide one hundred percent (100%) of the cost of the health insurance plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for public school district employees who work no less than twenty (20) hours during each week and regular nonstudent school bus drivers, if such employees and school bus drivers were initially employed before January 1, 2006. For such employees and school bus drivers initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. Where federal funding is allowable to defray, in full or in part, the cost of participation in the program by district employees who work no less than twenty (20) hours during the week and regular nonstudent bus drivers, whose salaries are paid, in full or in part, by federal funds, the allowance under this section shall be reduced to the extent of such federal funding. Where the use of federal funds is allowable but not available, it is the intent of the Legislature that school districts contribute the cost of participation for such employees from local funds, except that parent fees for child nutrition programs shall not be increased to cover such cost.

(4) The state shall provide annually, by line item in the community/junior college appropriation bill, such funds to pay one hundred percent (100%) of the cost of the health insurance plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for community/junior college district employees initially employed before January 1, 2006, who work no less than twenty (20) hours during each week. For such employees initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan.

(5) When the use of federal funding is allowable to defray, in full or in part, the cost of participation in the insurance plan by community/junior college district employees who work no less than twenty (20) hours during each week, whose salaries are paid, in full or in part, by federal funds, the allowance under this section shall be reduced to the extent of the federal funding. Where the use of federal funds is allowable but not available, it is the intent of the Legislature that community/junior college districts contribute the cost of participation for such employees from local funds.

(6) Any community/junior college district may contribute to the cost of coverage for any district employee from local community/junior college district funds, and any public school district may contribute to the cost of coverage for any district employee from

nonminimum program funds. Any part of the cost of such coverage for participating employees of public school districts and public community/junior college districts that is not paid by the state shall be paid by the participating employees, which shall be deducted from the salaries of the employees in a manner determined by the board.

(7) Any funds appropriated for the cost of insurance by line item in the community/junior colleges appropriation bill which are not expended during the fiscal year for which such funds were appropriated shall be carried forward for the same purposes during the next succeeding fiscal year.

(8) The board may establish and enforce late charges and interest penalties or other penalties for the purpose of requiring the prompt payment of all premiums for life and health insurance permitted under this chapter. All funds in excess of the amount needed for disbursement of claims shall be deposited in a special fund in the State Treasury to be known as the State and School Employees Insurance Fund. The State Treasurer shall invest all funds in the State and School Employees Insurance Fund and all interest earned shall be credited to the State and School Employees Insurance Fund. Such funds shall be placed with one or more depositories of the state and invested on the first day such funds are available for investment in certificates of deposit, repurchase agreements or in United States Treasury bills or as otherwise authorized by law for the investment of Public Employees' Retirement System funds, as long as such investment is made from competitive offering and at the highest and best market rate obtainable consistent with any available investment alternatives; however, such investments shall not be made in shares of stock, common or preferred, or in any other investments which would mature more than one (1) year from the date of investment. The board shall have the authority to draw from this fund periodically such funds as are necessary to operate the self-insurance plan or to pay to the insurance carrier the cost of operation of this plan, it being the purpose to limit the amount of participation by the state to fifty percent (50%) of the cost of the life insurance program and not to limit the contracting for additional benefits where the cost will be paid in full by the employee. The state shall not share in the cost of coverage for retired employees.

(9) The board shall also provide for the creation of an Insurance Reserve Fund and funds therein shall be invested by the State Treasurer with all interest earned credited to the State and School Employees Insurance Fund.

(10) Any retired employee electing to purchase retired life and health insurance will have the full cost of such insurance deducted monthly from his State of Mississippi retirement plan check or direct billed for the cost of the premium if the retirement check is insufficient to pay for the premium. If the board determines actuarially that the premium paid by the participating retirees adversely affects the overall cost of the plan to the state, then the board may impose a premium surcharge, not to exceed fifteen percent (15%), upon such participating retired employees who are under the age for Medicare eligibility and who were initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who were initially employed on or after January 1, 2006, the board may impose a premium surcharge in an amount the board determines actuarially to cover the full cost of insurance.

(** *11) This section shall stand repealed on July 1, ** * 2026.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 25-15-15, MISSISSIPPI CODE OF 1972, TO REMOVE THE PROHIBITION ON THE HEALTH INSURANCE MANAGEMENT BOARD FOR IMPOSING A SURCHARGE BASED ON THE USE OR NONUSE OF TOBACCO-RELATED PRODUCTS, AND TO EXTEND THE REPEALER ON THE AUTHORITY OF THE BOARD TO COLLECT PREMIUM PAYMENTS FROM PARTICIPANTS IN THE PLAN; AND FOR RELATED PURPOSES.

(1) There is created the "Prison Industry Enhancement Program," through which the Department of Corrections may contract with the nonprofit corporation organized and formed under the "Mississippi Prison Industries Act of 1990" to employ offenders within the custody of the department or prison industries.

(2) Except as provided in Section 47-5-579, which is the provision authorizing a Work Initiative, the offenders must be under the supervision of the department at all

times while working. The offenders shall be paid, by the entity or entities, wages at a rate which is not less than that paid for similar work in the locality in which the work is performed. The wages may be subject to deductions which shall not, in the aggregate, exceed eighty percent (80%) of gross wages. The deductions shall be limited to the following:

- (a) To pay federal, state and local taxes;
- (b) To pay reasonable charges for room and board as determined by regulations issued by the Commissioner of Corrections;
- (c) To support the offender's family pursuant to state statute, court order or agreement by the offender; and
- (d) To pay contributions equaling not less than five percent (5%) but not more than twenty percent (20%) of the offender's gross wages into the Crime Victims' Compensation Fund as created in Section 99-41-29.

(** *3) Notwithstanding any other provision of the law to the contrary, the offenders shall not be qualified to receive any payments for unemployment compensation while incarcerated. However, the offenders shall not solely by their status as offenders be deprived of the right to participate in benefits made available by the federal or state government to other individuals on the basis of their employment, such as workers' compensation.

(** *4) Offenders who participate in the employment must do so voluntarily and must agree in advance to the specific deductions made from gross wages pursuant to this section and to all other financial arrangements or benefits resulting from participation in the employment.

(** *5) The Department of Corrections shall develop rules and regulations to meet the criteria established by the Bureau of Justice Assistance under the Prison Industry Enhancement Certification Program.

(6) This section shall stand repealed on July 1, 2024.

SECTION 7. This act shall take effect and be in force from and after July 1, 2022.

Rep. Horan called up the conference report on the following bill and moved that it be adopted:

H. B. No. 936: Hospice care services for terminally ill inmates; authorize MDOC to provide for those confined in facilities under MDOC jurisdiction.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 936: Hospice care services for terminally ill inmates; authorize MDOC to provide for those confined in facilities under MDOC jurisdiction.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The Department of Corrections is authorized to provide for hospice care services for inmates who are confined in facilities under the jurisdiction of the department and who are terminally ill as defined in Section 41-85-3. The department may have those hospice care services provided by properly qualified employees of the department or may contract for the providing of the hospice care services. If the department provides the hospice care services with department employees, the department is not required to have a license under the Mississippi Hospice Law.

SECTION 2. Section 41-85-5, Mississippi Code of 1972, is amended as follows:

41-85-5. (1) It is unlawful for a person to operate or maintain a hospice, use the title "hospice," or represent that the person provides a hospice program of care, without first obtaining a license therefor from the department.

(2) The license shall be displayed in a conspicuous place inside the hospice program office; shall be valid only in the possession of the person to which it is issued; shall not be subject to sale, assignment or other transfer, voluntary or involuntary; and shall not be valid for any hospice other than the hospice for which originally issued.

(3) Services provided by a hospital, nursing home or other health care facility or health care provider shall not be considered to constitute a hospice program of care unless such facility, provider or care giver establishes a freestanding or distinct hospice unit, staff, facility and services to provide hospice home care, homelike inpatient hospice care, or outpatient hospice care under the separate and distinct administrative authority of a hospice program.

(4) A license for a hospice program shall not be issued if the hospice is to be located in an area in violation of any local zoning ordinances or regulations.

(5) The Department of Corrections may provide hospice care services to inmates confined in facilities under the jurisdiction of the department as authorized under Section 1 of this act without a license issued under this chapter.

SECTION 3. Section 43-11-1, Mississippi Code of 1972, is amended as follows:

43-11-1. When used in this chapter, the following words shall have the following meaning:

(a) "Institutions for the aged or infirm" means a place either governmental or private that provides group living arrangements for four (4) or more persons who are unrelated to the operator and who are being provided food, shelter and personal care, whether any such place is organized or operated for profit or not. The term "institution for the aged or infirm" includes nursing homes, pediatric skilled nursing facilities, psychiatric residential treatment facilities, convalescent homes, homes for the aged * * *, adult foster care facilities * * * and special care facilities for paroled inmates, provided that these institutions fall within the scope of the definitions set forth above. The term "institution for the aged or infirm" does not include hospitals, clinics or mental institutions devoted primarily to providing medical service, and does not include any

private residence in which the owner of the residence is providing personal care services to disabled or homeless veterans under an agreement with, and in compliance with the standards prescribed by, the United States Department of Veterans Affairs, if the owner of the residence also provided personal care services to disabled or homeless veterans at any time during calendar year 2008.

(b) "Person" means any individual, firm, partnership, corporation, company, association or joint-stock association, or any licensee herein or the legal successor thereof.

(c) "Personal care" means assistance rendered by personnel of the home to aged or infirm residents in performing one or more of the activities of daily living, which includes, but is not limited to, the bathing, walking, excretory functions, feeding, personal grooming and dressing of such residents.

(d) "Psychiatric residential treatment facility" means any nonhospital establishment with permanent facilities which provides a twenty-four-hour program of care by qualified therapists, including, but not limited to, duly licensed mental health professionals, psychiatrists, psychologists, psychotherapists and licensed certified social workers, for emotionally disturbed children and adolescents referred to such facility by a court, local school district or by the Department of Human Services, who are not in an acute phase of illness requiring the services of a psychiatric hospital, and are in need of such restorative treatment services. For purposes of this paragraph, the term "emotionally disturbed" means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree, which adversely affects educational performance:

1. An inability to learn which cannot be explained by intellectual, sensory or health factors;
2. An inability to build or maintain satisfactory relationships with peers and teachers;
3. Inappropriate types of behavior or feelings under normal circumstances;
4. A general pervasive mood of unhappiness or depression; or
5. A tendency to develop physical symptoms or fears associated with personal or school problems. An establishment furnishing primarily domiciliary care is not within this definition.

(e) "Pediatric skilled nursing facility" means an institution or a distinct part of an institution that is primarily engaged in providing to inpatients skilled nursing care and related services for persons under twenty-one (21) years of age who require medical or nursing care or rehabilitation services for the rehabilitation of injured, disabled or sick persons.

(f) "Licensing agency" means the State Department of Health.

(g) "Medical records" mean, without restriction, those medical histories, records, reports, summaries, diagnoses and prognoses, records of treatment and medication ordered and given, notes, entries, x-rays and other written or graphic data prepared, kept, made or maintained in institutions for the aged or infirm that pertain to residency in, or services rendered to residents of, an institution for the aged or infirm.

(h) "Adult foster care facility" means a home setting for vulnerable adults in the community who are unable to live independently due to physical, emotional, developmental or mental impairments, or in need of emergency and continuing protective social services for purposes of preventing further abuse or neglect and for safeguarding and enhancing the welfare of the abused or neglected vulnerable adult. Adult foster care programs shall be designed to meet the needs of vulnerable adults with impairments through individual plans of care, which provide a variety of health, social and related support services in a protective setting, enabling participants to live in the community. Adult foster care programs may be (i) traditional, where the foster care provider lives in the residence and is the primary caregiver to clients in the home; (ii) corporate, where the foster care home is operated by a corporation with shift staff delivering services to clients; or (iii) shelter, where the foster care home accepts clients on an emergency short-term basis for up to thirty (30) days.

(i) "Special care facilities for paroled inmates" means long-term care and skilled nursing facilities licensed as special care facilities for medically frail paroled inmates, formed to ease the burden of prison overcrowding and provide compassionate release and medical parole initiatives while impacting economic outcomes for the Mississippi prison system. The facilities shall meet all Mississippi Department of Health and federal Center for Medicaid Services (CMS) requirements and shall be regulated by both agencies; provided, however, such regulations shall not be as restrictive as those required for personal care homes and other institutions devoted primarily to providing medical services. The facilities will offer physical, occupational and speech therapy, nursing services, wound care, a dedicated COVID services unit, individualized patient centered plans of care, social services, spiritual services, physical activities, transportation, medication, durable medical equipment, personalized meal plans by a licensed dietician and security services. There may be up to three (3) facilities located in each Supreme Court district, to be designated by the Chairman of the State Parole Board or his designee.

SECTION 4. Section 43-11-13, Mississippi Code of 1972, is amended as follows:

43-11-13. (1) The licensing agency shall adopt, amend, promulgate and enforce such rules, regulations and standards, including classifications, with respect to all institutions for the aged or infirm to be licensed under this chapter as may be designed to further the accomplishment of the purpose of this chapter in promoting adequate care of individuals in those institutions in the interest of public health, safety and welfare. Those rules, regulations and standards shall be adopted and promulgated by the licensing agency and shall be recorded and indexed in a book to be maintained by the licensing agency in its main office in the State of Mississippi, entitled "Rules, Regulations and Minimum Standards for Institutions for the Aged or Infirm" and the book shall be open and available to all institutions for the aged or infirm and the public generally at all reasonable times. Upon the adoption of those rules, regulations and standards, the licensing agency shall mail copies thereof to all those institutions in the state that have filed with the agency their names and addresses for this purpose, but the failure to mail the same or the failure of the institutions to receive the same shall in no way affect the validity thereof. The rules, regulations and standards may be amended by the licensing agency, from time to time, as necessary to promote the health, safety and welfare of persons living in those institutions.

(2) The licensee shall keep posted in a conspicuous place on the licensed premises all current rules, regulations and minimum standards applicable to fire protection measures as adopted by the licensing agency. The licensee shall furnish to the licensing agency at least once each six (6) months a certificate of approval and inspection by state or local fire authorities. Failure to comply with state laws and/or municipal ordinances and current rules, regulations and minimum standards as adopted by the licensing agency, relative to fire prevention measures, shall be prima facie evidence for revocation of license.

(3) The State Board of Health shall promulgate rules and regulations restricting the storage, quantity and classes of drugs allowed in personal care homes and adult foster care facilities. Residents requiring administration of Schedule II Narcotics as defined in the Uniform Controlled Substances Law may be admitted to a personal care home. Schedule drugs may only be allowed in a personal care home if they are administered or stored utilizing proper procedures under the direct supervision of a licensed physician or nurse.

(4) (a) Notwithstanding any determination by the licensing agency that skilled nursing services would be appropriate for a resident of a personal care home, that resident, the resident's guardian or the legally recognized responsible party for the resident may consent in writing for the resident to continue to reside in the personal care home, if approved in writing by a licensed physician. However, no personal care home shall allow more than two (2) residents, or ten percent (10%) of the total number of residents in the facility, whichever is greater, to remain in the personal care home under the provisions of this subsection (4). This consent shall be deemed to be appropriately informed consent as described in the regulations promulgated by the licensing agency. After that written consent has been obtained, the resident shall have the right to continue

to reside in the personal care home for as long as the resident meets the other conditions for residing in the personal care home. A copy of the written consent and the physician's approval shall be forwarded by the personal care home to the licensing agency.

(b) The State Board of Health shall promulgate rules and regulations restricting the handling of a resident's personal deposits by the director of a personal care home. Any funds given or provided for the purpose of supplying extra comforts, conveniences or services to any resident in any personal care home, and any funds otherwise received and held from, for or on behalf of any such resident, shall be deposited by the director or other proper officer of the personal care home to the credit of that resident in an account that shall be known as the Resident's Personal Deposit Fund. No more than one (1) month's charge for the care, support, maintenance and medical attention of the resident shall be applied from the account at any one time. After the death, discharge or transfer of any resident for whose benefit any such fund has been provided, any unexpended balance remaining in his personal deposit fund shall be applied for the payment of care, cost of support, maintenance and medical attention that is accrued. If any unexpended balance remains in that resident's personal deposit fund after complete reimbursement has been made for payment of care, support, maintenance and medical attention, and the director or other proper officer of the personal care home has been or shall be unable to locate the person or persons entitled to the unexpended balance, the director or other proper officer may, after the lapse of one (1) year from the date of that death, discharge or transfer, deposit the unexpended balance to the credit of the personal care home's operating fund.

(c) The State Board of Health shall promulgate rules and regulations requiring personal care homes to maintain records relating to health condition, medicine dispensed and administered, and any reaction to that medicine. The director of the personal care home shall be responsible for explaining the availability of those records to the family of the resident at any time upon reasonable request.

(5) The State Board of Health and the Mississippi Department of Corrections shall jointly issue rules and regulations for the operation of the special care facilities for paroled inmates.

(* * *6) (a) For the purposes of this subsection (* * *6):

(i) "Licensed entity" means a hospital, nursing home, personal care home, home health agency, hospice or adult foster care facility;

(ii) "Covered entity" means a licensed entity or a health care professional staffing agency;

(iii) "Employee" means any individual employed by a covered entity, and also includes any individual who by contract provides to the patients, residents or clients being served by the covered entity direct, hands-on, medical patient care in a patient's, resident's or client's room or in treatment or recovery rooms. The term "employee" does not include health care professional/vocational technical students performing clinical training in a licensed entity under contracts between their schools and the licensed entity, and does not include students at high schools located in Mississippi who observe the treatment and care of patients in a licensed entity as part of the requirements of an allied-health course taught in the high school, if:

1. The student is under the supervision of a licensed health care provider; and

2. The student has signed an affidavit that is on file at the student's school stating that he or she has not been convicted of or pleaded guilty or nolo contendere to a felony listed in paragraph (d) of this subsection (* * *6), or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea. Before any student may sign such an affidavit, the student's school shall provide information to the student explaining what a felony is and the nature of the felonies listed in paragraph (d) of this subsection (* * *6).

However, the health care professional/vocational technical academic program in which the student is enrolled may require the student to obtain criminal history record checks. In such incidences, paragraph (a)(iii)1 and 2 of this subsection (* * *6) does not preclude the licensing entity from processing submitted fingerprints of students from healthcare-related professional/vocational technical programs who, as part of their

program of study, conduct observations and provide clinical care and services in a covered entity.

(b) Under regulations promulgated by the State Board of Health, the licensing agency shall require to be performed a criminal history record check on (i) every new employee of a covered entity who provides direct patient care or services and who is employed on or after July 1, 2003, and (ii) every employee of a covered entity employed before July 1, 2003, who has a documented disciplinary action by his or her present employer. In addition, the licensing agency shall require the covered entity to perform a disciplinary check with the professional licensing agency of each employee, if any, to determine if any disciplinary action has been taken against the employee by that agency.

Except as otherwise provided in paragraph (c) of this subsection (** *6), no such employee hired on or after July 1, 2003, shall be permitted to provide direct patient care until the results of the criminal history record check have revealed no disqualifying record or the employee has been granted a waiver. In order to determine the employee applicant's suitability for employment, the applicant shall be fingerprinted. Fingerprints shall be submitted to the licensing agency from scanning, with the results processed through the Department of Public Safety's Criminal Information Center. The fingerprints shall then be forwarded by the Department of Public Safety to the Federal Bureau of Investigation for a national criminal history record check. The licensing agency shall notify the covered entity of the results of an employee applicant's criminal history record check. If the criminal history record check discloses a felony conviction, guilty plea or plea of nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23(h), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, or felonious abuse and/or battery of a vulnerable adult that has not been reversed on appeal or for which a pardon has not been granted, the employee applicant shall not be eligible to be employed by the covered entity.

(c) Any such new employee applicant may, however, be employed on a temporary basis pending the results of the criminal history record check, but any employment contract with the new employee shall be voidable if the new employee receives a disqualifying criminal history record check and no waiver is granted as provided in this subsection (** *6).
