SECTION 2. (1) As used in this section and Section 3 of this act, the term "department" means the Department of Finance and Administration - Office of Insurance.

(2) The department shall not disburse any funds appropriated under this act to any recipient without first: (a) making an individualized determination that the reimbursement sought is, in the department's independent judgment, for necessary expenditures eligible under Section 602 of the federal Social Security Act as added by Section 9901 of the federal American Rescue Plan Act of 2021 (ARPA) and its implementing guidelines, guidance, rules, regulations and/or other criteria, as may be amended or supplemented from time to time, by the United States Department of the Treasury; and (b) determining that the recipient has not received and will not receive reimbursement for the expense in question from any source of funds, including insurance

(11) Grant funds shall be used prospectively; however, grant funds may be used to reimburse expenses incurred before the enactment of this program if the costs are adequately documented and comply with applicable ARPA guidelines. An applicant must agree to obtain all necessary state and federal permits and follow all state bidding and contracting laws and fiscally sound practices in the administration of the funds.

(12) (a) Monies must be disbursed under this section in compliance with the guidelines, guidance, rules, regulations or other criteria, as may be amended from time to time, of the United States Department of the Treasury regarding the use of monies from the Coronavirus State Fiscal Recovery Fund, established by the American Rescue Plan of 2021.

(b) The use of funds allocated under this program shall be subject to audit by the United States Department of the Treasury's Office of Inspector General and the Mississippi Office of the State Auditor. (14) Grant funds shall be available under this act through December 31, 2026, or on the date of the fund expenditure deadline provided by the federal government, whichever occurs later. Each grant recipient shall certify for any project for which a grant is awarded that if the project is not completed by December 31, 2026, and the United States Congress does not enact an extension of the deadline on the availability of ARPA Funds, then the grant recipient will complete the project through other funds.

(15) The Mississippi Department of Environmental Quality may retain an amount not to exceed five percent (5%) of the total funds allocated to the program to defray administrative costs.

(16) The department shall be exempt from provisions of the Public Procurement Review Board for any requirements of personal or professional service contracts or the pre-approval of the solicitation for such contracts used in the execution of its responsibilities under this act. This subsection shall stand repealed on January 1, 2026.

After the expiration of the initial terms, all appointed members' terms shall be for a period of four (4) years from the expiration date of the previous term, and until such time as the member's successor is duly appointed and qualified.

(c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be appointed to the Public Procurement Review Board if the principal owns or controls a greater than five percent (5%) interest or has an ownership value of One Million Dollars (\$1,000,000.00) in the source's business, whichever is smaller. No member shall be an officer or employee of the State of Mississippi while serving as a voting member on the Public Procurement Review Board.

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(c) Adopt regulations governing any lease or rental agreement by any state agency or department, including any state agency financed entirely by federal funds, for space outside the buildings under the jurisdiction of the Department of Finance and Administration. These regulations shall require each agency requesting to lease such space to provide the following information that shall be published by the Department of Finance and Administration on its website: the agency to lease the space; the terms of the lease; the approximate square feet to be leased; the use for the space; a description of a suitable space; the general location desired for the leased space; the contact information for a person from the agency; the deadline date for the agency to have received a lease proposal; any other specific terms or conditions of the agency; and any other information deemed appropriate by the Division of Real Property Management of the Department of Finance and Administration or the Public Procurement Review Board. The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars (\$75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector

need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract

publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. If the board does not respond to the department(s) within seven (7) calendar days after receiving the notice, the department(s) may enter the proposed personal or professional service contract. If the board responds to the department(s) within seven (7) calendar days, then the board has seven (7) calendar days from the date of its initial response to provide any additional recommendations. After the end of the second seven-day period, the department(s) may enter the proposed personal or professional service contract. The board is not authorized to disapprove any proposed personal or professional services contracts. This subsection shall stand repealed on July 1, 2022.

SECTION 4. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2844: Alcoholic Beverage Control Division; authorize construction of new warehouse and contracting for operations.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Definitions. In addition to the definitions provided in Section 67-1-5, which apply to this article, the following terms as used in this article shall have the following meanings unless otherwise required by the context:

- (a) "Commissioner" means the Commissioner of Revenue.
- (b) "Construction contractor" means an entity contracting with the department to design and construct a warehouse under this article.
- (c) "Occasional improvements" means items of maintenance, repairs, upgrades or other improvements for the warehouse or its equipment that are not performed on a monthly basis.
- (d) "Regular maintenance" means monthly overhead expenses, including, but not limited to, utilities, cleaning services and lawn care.
- (e) "Shipping costs" means the cost to the department per case of alcoholic beverages delivered from the warehouse to the permittee's premises.
- (f) "State" means the State of Mississippi.
- (g) "Warehouse" or "new warehouse" means a liquor distribution warehouse constructed under this article.
- (h) "Warehouse operator" or "operator" means an entity contracting with the department to perform warehouse and distribution operations.
- (i) "Warehouse and distribution operations" or "operations" means services provided to or on behalf of the state for the management of the warehouse and the distribution of alcoholic beverages. "Warehouse and distribution operations" or "operations" may include shipping; however, nothing herein shall preclude the department from entering into separate contracts for operations and for shipping.

SECTION 2. Warehouse construction. (1) The Department of Finance and Administration, using the monies available in the ABC Warehouse Construction Fund created in Section 6(1) of this act and such other monies as the Legislature may make available, shall purchase land for and shall provide for the design and construction of a warehouse for the division in the most expedient and cost-effective manner practicable as determined by the Executive Director of the Department of Finance and Administration.

(2) The Department of Finance and Administration shall select a suitable site for the warehouse within fifty (50) miles of the new state capitol building. In selecting a site, the Department of Finance and Administration shall consider the feasibility of selecting state-owned land by comparing the cost of preparing the state-owned land for construction to the cost of acquiring other land and preparing such other land for construction.

(3) The contract for design and construction shall provide that the operator shall be consulted so that the warehouse may, so far as possible, suit the preferences of the operator in furtherance of effective operations. The contract shall also provide that the design shall aim to fill demand for the next twenty-five (25) years.

(4) A contract for warehouse construction shall not be entered into unless the construction contractor has demonstrated:

- (a) The qualifications, experience and management personnel necessary to carry out the terms of the contract;
- (b) The ability to comply with applicable federal and state laws; and
- (c) The ability to expedite the design and construction of facilities comparable to the warehouse.

SECTION 3. Warehouse and distribution operations. (1) The department shall contract for warehouse and distribution operations. The shipping contract in effect on July 1, 2022, shall remain in effect until the expiration of its term.

(2) The department shall pay regular maintenance expenses and shall reimburse the operator for services performed under the contract out of monies appropriated by the Legislature.

(3) The contract shall include the following terms:

(a) The department shall pay the operator cost-plus on these operations at a set dollar amount per case of alcoholic beverages sold. Otherwise, the contract shall not alter the current cash flow of operations;

(b) The operator shall be allotted a monthly spending limit for occasional improvements. The state may, at any time, review the operator's spending. The operator shall obtain prior state approval for any spending over the monthly limit set in the contract. The contract shall allow the operator to pay out of pocket, in which case the state will reimburse the operator on a monthly basis out of monies in the ABC Warehouse Improvements Fund created in Section 6(2) of this act;

(c) Shipping costs, where the contract encompasses shipping, shall be based on a set dollar amount per case of alcoholic beverages shipped from the warehouse to the permittee's premises;

(d) The department and the operator may provide for the operator's software to interface with the department's TAP system in a manner allowing for information sharing in furtherance of efficient operations while also protecting the security of the TAP system;

(e) The department shall develop quality and efficiency criteria for determining whether to renew a contract for warehouse and distribution operations;

(f) The obligation of the department to proceed under the contract is conditioned upon the appropriation of funds by the Legislature and the receipt of state or federal funds. If the funds anticipated for the continuing time fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds, or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the department, the department shall have the right, upon ten (10) working days' written notice to the operator, to terminate this agreement without damage, penalty, cost or other expenses to the department of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination;

(g) The state and the operator as parties to the contract and all terms of the contract shall be subject to and governed by the laws of the state at the time the contract is entered into, and any later amendments to such laws, through the duration of the contract; and

(h) The operator shall be required to comply with any duties, responsibilities, conditions or other provisions required by state law during the duration of the contract, regardless of whether such duties, responsibilities, conditions or other provisions were required by state law at the time the contract was entered into.

(4) The initial contract for operations shall terminate on the earlier of: (a) four (4) years from the date it commences; or (b) the last day of the use of the warehouse that is in service on July 1, 2022. The contract may be renewed for four (4) years, with another option to renew at the end of that four-year term. The department shall issue requests for proposals before entering any subsequent contract. Requests for proposals shall be required whenever a contract is not renewed, but no less frequently than every twelve (12) years.

(5) The contract shall provide that all employees needed for operations shall be employees of the operator.

(6) A contract for warehouse and distribution operations shall not be entered into unless the operator has demonstrated:

(a) The qualifications, experience and management personnel necessary to carry out the terms of the contract; and

(b) The ability to comply with applicable federal and state laws.

(7) A contract for operations shall not be entered into unless the following requirements are met:

(a) In addition to fire and casualty insurance, the operator provides at least Ten Million Dollars (\$10,000,000.00) of liability insurance. The liability insurance

shall be issued by an insurance company with a rating of at least an A- according to AM Best standards. In determining the adequacy of such insurance, the Department of Finance and Administration shall determine whether:

(i) The insurance is adequate to protect the state from any and all actions by a third party against the operator or the state as a result of the contract;
(ii) The insurance is adequate to protect the state against any and all claims arising as a result of any occurrence during the term of the contract;
(iii) The insurance is adequate to assure the operator's ability to fulfill its contract with the state in all respects, and to assure that the operator is not limited in this ability because of financial liability which results from judgments; and
(iv) The insurance is adequate to satisfy such other requirements specified by the independent risk management/actuarial firm.

(b) The sovereign immunity of the state shall not apply to the operator. Neither the operator nor the operator's insurer may plead the defense of sovereign immunity in any action arising out of the performance of the contract.

(c) The operator shall post a performance bond to assure the operator's faithful performance of the specifications and conditions of the contract. The bond is required throughout the term of the contract. The terms and conditions must be approved by the department and the Department of Finance and Administration, and such approval is a condition precedent to the contract taking effect.

(d) The operator shall defend any suit or claim brought against the state arising out of any act or omission in operations, and shall hold the state harmless from such claim or suit. The operator shall be solely responsible for the payment of any legal or other costs relative to any such claim or suit. The operator shall reimburse the state for any costs that it may incur as a result of such claim or suit immediately upon being submitted a statement therefor by the Attorney General.

Any suit brought or claim made arising out of any act or omission in operations shall be made or brought against the operator and not the state.

The Attorney General retains all rights and emoluments of his or her office which include direction and control over any litigation or claim involving the state.

SECTION 4. Resumption of control by state upon contract termination. A plan shall be developed and certified by the commissioner which demonstrates the method by which the state would resume control of the warehouse upon termination of the contract for operations. The plan shall be submitted for review and comment to the Governor, the Lieutenant Governor, the Speaker of the House, the Chairmen of the Senate Finance Committee and the House Ways and Means Committee, and the Joint Legislative Committee on Performance Evaluation and Expenditure Review.

SECTION 5. Contract compliance officer. (1) The commissioner shall designate an employee of the department as a contract compliance officer within the department who shall monitor the contract between the state and the operator for warehouse and distribution operations, and shall assure operator compliance with its performance work statement.

(2) The contract compliance officer shall be responsible for monitoring all aspects of the warehouse. The officer shall be provided an on-site work area, shall be on site on a daily basis, and shall have access to all areas of the warehouse and staff at all times. The operator shall provide any and all data, reports and other materials that the contract compliance officer determines are necessary to carry out monitoring responsibilities under this section.

(3) The contract compliance officer shall report at least annually, or as requested, to the Governor and the Legislature.

SECTION 6. Special funds. (1) A special fund, to be designated the "ABC Warehouse Construction Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Monies in this special fund shall be used to assist the Department of Finance and Administration in paying the costs associated with land acquisition for, and the design, construction, furnishing and equipping of, a new warehouse for its Alcoholic Beverage Control Division. In addition, monies in this special fund shall be used to pay the costs of relocating inventory to the new warehouse from the warehouse that is in service on July 1, 2022. Unexpended amounts remaining in the fund

at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund.

(2) A special fund, to be designated the "ABC Warehouse Improvements Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Monies in this special fund shall be used to assist the Department of Revenue in paying the costs associated with occasional improvements. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund.

SECTION 7. Revenue bonds. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) Monies deposited into the ABC Warehouse Construction Fund created in Section 6(1) of this act shall be disbursed, in the discretion of the Department of Finance and Administration, to assist the Department of Revenue in paying the costs associated with land acquisition for, and the design, construction, furnishing and equipping of, a new warehouse for its Alcoholic Beverage Control Division.

(b) Amounts deposited into the ABC Warehouse Construction Fund created in Section 6(1) of this act shall be disbursed to pay the costs of the projects described in paragraph (a) of this subsection. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(3) For the purpose of providing for the payment of the principal of and interest upon bonds issued under this section, there is created a special bond sinking fund in the State Treasury. The special bond sinking fund shall consist of such amounts as may be paid into such fund under this act, by appropriation or by other authorization by the Legislature. Except as otherwise provided in this section, monies in the special bond sinking fund shall be used to pay the debt service requirements of the bonds issued under this section. If the special bond sinking fund has a balance below the minimum amount specified in the resolution providing for the issuance of the bonds, or below one and one-half (1-1/2) times the amount needed to pay the annual debt obligations related to the bonds issued under this section, whichever is the lesser amount, the Commissioner of Revenue shall transfer the deficit amount to the bond sinking fund from revenue derived from the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11. Unexpended amounts remaining in the special bond sinking fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the special bond sinking fund shall be deposited into such sinking fund. If the special bond sinking fund has a balance in excess of the amount needed to pay the debt service and meet the obligations related to the bonds issued under this section, as determined in the resolution providing for the issuance of the bonds, the excess monies shall be transferred to the State General Fund.

(4) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of revenue bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the revenue bonds authorized by this subsection, the Department of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the

commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Fifty-five Million Dollars (\$55,000,000.00).

(b) Any investment earnings on amounts deposited into the ABC Warehouse Construction Fund created in Section 6(1) of this act shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(5) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(6) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds have been signed by the officials designated to sign the bonds who were in office at the time of such signing, but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(7) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(8) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(9) The bonds issued under the provisions of this section shall be revenue bonds of the state, the principal of and interest on which shall be payable solely from and

shall be secured by the special bond sinking fund created in subsection (3) of this section. The bonds shall never constitute an indebtedness of the state within the meaning of any state constitutional provision or statutory limitation, and shall never constitute or give rise to a pecuniary liability of the state, or a charge against its general credit or taxing powers, and such fact shall be plainly stated on the face of each such bond. The bonds shall not be considered when computing any limitation of indebtedness of the state. All bonds issued under the authority of this section and all interest coupons applicable thereto shall be construed to be negotiable instruments, despite the fact that they are payable solely from a specified source.

(10) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the ABC Warehouse Construction Fund created in Section 6(1) of this act. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(11) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(12) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(13) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(14) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(15) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(16) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(17) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants. The Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section. The State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(18) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 8. Section 27-71-11, Mississippi Code of 1972, is amended as follows:

27-71-11. (1) The * * * department shall from time to time by resolution request the State Bond Commission to provide sufficient funds required to maintain an adequate alcoholic beverage inventory. Said funds shall be provided under the provisions of Chapter 557, Laws of 1966.

(2) The * * * department shall add to the cost of all alcoholic beverages a markup of twenty-seven and one-half percent (27-1/2%), inclusive of the three percent (3%) markup imposed by Section 27-71-7(2).

(3) In addition to other excise taxes and markups imposed in this section and in Section 27-71-7, the department shall add to the cost of all alcoholic beverages shipped a charge of Twenty-five Cents (25¢) per case, to be deposited into the ABC Warehouse Improvements Fund created in Section 6(2) of this act. However, any unobligated amounts above Ten Million Dollars (\$10,000,000.00) remaining in the ABC Warehouse Improvements Fund at the end of a fiscal year shall be transferred to the State General Fund.

(4) Notwithstanding the contract for warehouse and distribution operations under Section 3 of this act, the department shall remain responsible for purchasing and selling alcoholic beverages. The * * * department shall sell alcoholic beverages at uniform prices throughout the state. Pricing for all alcoholic beverages shall be set by the addition of the markup and taxes to the price at which the beverages were purchased by the department.

(5) A permittee's order shall qualify for shipping when it includes the minimum number of cases of alcoholic beverages as set by the department. The department shall place qualifying orders in a queue for shipment in the order in which the orders are made. An order of fewer than the minimum number of cases, and special orders, shall be added to the permittee's next qualified shipment. The department shall give sufficient notice of any change in the minimum number of cases for shipping and shall allow the opportunity for comment.

(6) The department shall set a per-case shipping fee to be charged to permittees. The department shall adjust the fee to match, as closely as possible, the shipping costs as defined in Section 1 of this act. The shipping fee charged under this subsection shall be deposited to the credit of the ABC Shipping Fund created in Section 27-71-29.

(7) The department shall charge manufacturers a bailment fee of One Dollar (\$1.00) per case of alcoholic beverages stored in the warehouse, to be deposited to the credit of the bond sinking fund created in Section 7(3) of this act.

SECTION 9. Section 27-71-29, Mississippi Code of 1972, is amended as follows:

27-71-29. (1) All taxes levied by this article shall be paid to the Department of Revenue in cash or by personal check, cashier's check, bank exchange, post office money order or express money order and shall be deposited by the department in the State Treasury on the same day collected, but no remittances other than cash shall be a final discharge of liability for the tax herein imposed and levied unless and until it has been paid in cash to the department.

All taxes levied under Section 27-71-7(1) and received by the department under this article shall be paid into the General Fund, and the three percent (3%) levied under Section 27-71-7(2) and received by the department under this article shall be paid into the special fund in the State Treasury designated as the "Alcoholism Treatment and Rehabilitation Fund" as required by law. Any funds derived from the sale of alcoholic beverages in excess of inventory requirements shall be paid not less often than annually into the General Fund, except for a portion of the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11, as specified in subsection (2) of this section, and except for fees charged by the department for the defraying of costs associated with shipping alcoholic beverages. The revenue derived from these fees shall be deposited by the department into a special fund, hereby created in the State Treasury, which is designated the "ABC Shipping Fund." The monies in this special fund shall be earmarked for use by the department for any expenditure made to ship alcoholic beverages. Any net proceeds remaining in the special fund on August 1 of any fiscal year shall lapse into the General Fund. "Net proceeds" in this section means the total of all

fees collected by the department to defray the costs of shipping less the actual costs of shipping.

(2) If the special bond sinking fund created in Section 7(3) of this act has a balance below the minimum amount specified in the resolution providing for the issuance of the bonds, or below one and one-half (1-1/2) times the amount needed to pay the annual debt obligations related to the bonds issued under Section 7 of this act, whichever is the lesser amount, the Commissioner of Revenue shall transfer the deficit amount to the bond sinking fund from revenue derived from the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11.

SECTION 10. Section 27-65-5, Mississippi Code of 1972, is amended as follows:

27-65-5. "Wholesaler," "jobber" or "distributor" means a person doing a regularly organized wholesale or jobbing business, known to the trade as such, and selling to licensed retail dealers or other wholesalers for resale in the regular course of business. This classification has no bearing on rates of tax due under this chapter, each sale or part of sales being taxable or exempt depending upon the class in which it falls.

"Wholesale sales" shall apply to:

(1) A sale of tangible personal property taxable under *** Section 27-65-17 *** for resale in the regular line of business, when made in good faith to a retailer regularly selling or renting that property and when the dealer is licensed under Section 27-65-27 of this chapter if located in this state.

A sale of a service taxable under Section 27-65-23 for resale in the regular line of business, when made to a regular dealer in that service and when the dealer is licensed under Section 27-65-27 of this chapter if located in this state, or a charge for custom processing rendered upon merchandise for resale or rental by a dealer licensed under Section 27-65-27.

A sale of telecommunications services taxable under Section 27-65-19 for resale in the regular course of business, when made to a regular telecommunications provider of the service and the provider is the holder of a permit issued under Section 27-65-27 and is located in this state or is providing telecommunications services in this state.

A sale of specified digital product taxable under Section 27-65-26 for resale in the regular course of business, when made to a regular dealer of specified digital products and the dealer is the holder of a permit issued under Section 27-65-27 and is located in this state.

"Wholesale sale" shall not include a transaction whereby property is delivered to, and collection for the transaction is made from, a person that will consume the property rather than resell it even though the billing is to a retailer.

However, when a taxpayer sells merchandise and has paid a rate equal to the retail rate of tax on the purchase price to a wholesaler, the taxpayer may take credit for the tax paid to the wholesaler from the tax due on the sale of the merchandise specifically included in his return to the commissioner.

(2) A sale of tangible personal property (except sand or gravel when sold by the producer thereof) or service which is to become a component part of a structure or improvement erected, constructed, repaired, or made only when the sale is made to a contractor taxable under Section 27-65-21 of this chapter on the contract in which the component materials are to be used; and only when the contractor holds a material purchase certificate as required by Section 27-65-21 of this chapter.

(3) A sale of boxes, crates, cartons, cans, bottles and other packaging materials to a retailer or retail custom processor for use as a container to accompany goods or services sold by the retailer or custom processor where possession thereof will pass to the customer at the time of sale of the goods or services contained therein.

(4) The value of soft drinks and syrup withdrawn from the business by a manufacturer for sale at retail and food or drink withdrawn by a manufacturer or wholesaler to be sold through full service vending machines for human consumption.

The quantity of property or services sold or the price at which sold is immaterial in determining whether or not a sale is at wholesale. Sales may be classed as wholesale, or exempt, only if evidenced by proper and adequate records and invoices to substantiate the wholesale rate or exemption from the tax on each individual sale.

The substantiation of the wholesale sales must be by an invoice clearly indicating the date, the name and address of the vendor and vendee, the items sold and the price thereof. Such proof of wholesale sales shall be filed in chronological order and thus preserved for a period of three (3) years from the date of sale. These records shall be subject to inspection by the commissioner and his agents, at their discretion, for the verification of returns filed by either the wholesaler or his customers.

The substantiation of an exempt sale must be by an invoice containing the same information as required for the wholesale sales. This requirement shall apply equally to a retailer making wholesale or exempt sales.

Any failure to comply with all the above requirements shall subject the violator to the retail rate of tax on all such violations.

SECTION 11. Section 27-65-25, Mississippi Code of 1972, is amended as follows:

27-65-25. Upon every person engaging or continuing within this state in the business of selling alcoholic beverages at retail, the sales of which are legal under the provisions of Chapter 1 of Title 67, Mississippi Code of 1972, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross proceeds of the retail sales of the business. * * *

67-1-41. (1) The department is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the right to import and sell alcoholic beverages at wholesale within the state, and no person who is granted the right to sell, distribute or receive alcoholic beverages at retail shall purchase any alcoholic beverages from any source other than the department, except as authorized in subsections (4), (9) and (12) of this section. The department may establish warehouses, and the department may purchase alcoholic beverages in such quantities and from such sources as it may deem desirable and sell the alcoholic beverages to authorized permittees within the state including, at the discretion of the department, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this chapter.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this chapter, or as otherwise provided by law for native wines or native spirits.

(3) No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this chapter, or as otherwise provided by law for native wines or native spirits.

(4) The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be

completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(5) The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.

(7) The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine or native spirit retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.

(11) [Through June 30, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) [From and after July 1, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

(12) (a) An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department or its warehouse operator. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30)

days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.

Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion.

(d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations.

(e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense.

(13) If any provision of this chapter, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this chapter upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.

SECTION 16. Section 67-1-43, Mississippi Code of 1972, is amended as follows:

67-1-43. Any authorized retail distributor who shall purchase or receive * * * alcoholic beverages from any source except from the department or its warehouse operator, unless authorized by rules and regulations of the department promulgated under Section 67-1-41, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), nor more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail for not more than six (6) months. Any authorization of such person to sell intoxicating beverages may be revoked as provided by law.

SECTION 17. Section 67-1-51, Mississippi Code of 1972, as amended by House Bill No. 918, 2022 Regular Session, is amended as follows:

A manufacturer's permit shall permit the manufacture, importation in bulk, bottling and storage of alcoholic liquor and its distribution and sale to manufacturers holding permits under this chapter in this state and to persons outside the state who are authorized by law to purchase the same, and to sell as provided by this chapter.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or redistillation and/or to operate a rectifying plant for the purifying, refining, mixing, blending, flavoring or reducing in proof of distilled spirits and alcohol.

Class 2. Wine manufacturer's permit, which shall authorize the holder thereof to manufacture, import in bulk, bottle and store wine or vinous liquor.

Class 3. Native wine producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native wines.

Class 4. Native spirit producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native spirits.

(b) Package retailer's permit. Except as otherwise provided in this paragraph and Section 67-1-52, a package retailer's permit shall authorize the holder thereof to operate a store exclusively for the sale at retail in original sealed and unopened packages of alcoholic beverages, including native wines and native spirits, not to be consumed on the premises where sold. Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) On-premises retailer's permit. Except as otherwise provided in subsection (5) of this section, an on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines and native spirits, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Additionally, as part of a carryout order, a permit holder may sell one (1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, small craft breweries, microbreweries, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of

Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

(d) Solicitor's permit. A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) Native wine retailer's permit. Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines and native spirits, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. A temporary one-day permit may be issued to bona fide nonprofit civic or charitable organizations authorizing the sale of alcoholic beverages, including native wine and native spirit, for consumption on the premises described in the temporary permit only. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the

retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (l) of this subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

(g) Caterer's permit. A caterer's permit shall permit the purchase of alcoholic beverages by a person engaging in business as a caterer and the resale of alcoholic beverages by such person in conjunction with such catering business. No person shall qualify as a caterer unless forty percent (40%) or more of the revenue derived from such catering business shall be from the serving of prepared food and not from the sale of alcoholic beverages and unless such person has obtained a permit for such business from the Department of Health. A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

(h) Research permit. A research permit shall authorize the holder thereof to operate a research facility for the professional research of alcoholic beverages. Such permit shall authorize the holder of the permit to import and purchase limited amounts of alcoholic beverages from the department or from importers, wineries and distillers of alcoholic beverages for professional research.

(i) Alcohol processing permit. An alcohol processing permit shall authorize the holder thereof to purchase, transport and possess alcoholic beverages for the exclusive use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient. An alcohol processing permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in the business of cooking, processing or manufacturing products which contain alcoholic

beverages. The amounts of alcoholic beverages allowed under an alcohol processing permit shall be set by the department.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 451: Nonadmitted policy fee; delete repealer on.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 83-34-4, Mississippi Code of 1972, is amended as follows:

83-34-4. (1) Nonadmitted insurers shall not be assessable insurers of the association. All surplus lines insurance producers placing insurance through nonadmitted insurers shall collect from the insured and remit to the association a nonadmitted policy fee on all premiums for all insurance written by such surplus lines insurance producer for a policy from a nonadmitted insurer for any and all risks in this state, except that policies or portions thereof that cover residential earthquake risks or residential flood risks that are not written through the National Flood Insurance Program shall be exempt from the nonadmitted policy fee. By procuring or selling insurance on property in this state from a nonadmitted insurer, each surplus lines insurance producer placing insurance through a nonadmitted insurer agrees to be bound by the provisions of this chapter and to collect and remit the nonadmitted policy fee provided for herein.

(2) The nonadmitted policy fee shall be a percentage of the total policy premium but the nonadmitted policy fee shall not be considered premium and is not subject to

premium taxes or commissions. However, failure to pay the nonadmitted policy fee shall be treated the same as failure to pay premium. "Total policy premium" includes taxes and commissions.

(3) The nonadmitted policy fee percentage shall be three percent (3%).

(4) Within twenty (20) days of the end of the quarter, surplus lines insurance producers placing insurance through nonadmitted insurers shall remit directly to the association all nonadmitted policy fees collected in the preceding quarter. In addition to the nonadmitted policy fee provided for herein, surplus lines insurance producers placing insurance through nonadmitted insurers shall collect and remit excess deficit surcharges as provided by this chapter. Surplus lines insurance producers placing insurance through nonadmitted insurers may designate another surplus lines insurance producer that actually procured the insurance from the nonadmitted carrier to collect and remit the nonadmitted policy fees.

(5) Each insured in this state who directly procures or renews insurance with a nonadmitted insurer on properties, risks or exposures located or to be performed, in whole or in part, in this state, other than insurance procured through a surplus lines licensee, shall be subject to the nonadmitted policy fee which shall be paid by the insured according to the procedures provided for premium taxes in Section 83-21-17(5).

(6) Monies derived from the nonadmitted policy fee collected under this section shall not be considered public funds and may be used by the association, in addition to any uses provided for in Section 83-34-3(4), for education, public outreach, training of building officials and other programs targeted to reduce the number of policies within the association; however, beginning on July 1, 2018, and ending on June 30, 2019, before any fees are remitted to the association, One Million Five Hundred Thousand Dollars (\$1,500,000.00) shall be diverted and deposited into the Capital Expense Fund, and Four Million Five Hundred Thousand Dollars (\$4,500,000.00) shall be diverted and deposited into the Rural Fire Truck Fund or Supplementary Rural Fire Truck Fund. Further, beginning July 1, 2019, and ending on June 30, 2020, before any fees are remitted to the association, Three Million Five Hundred Thousand Dollars (\$3,500,000.00) shall be diverted and deposited into the Rural Fire Truck Fund or Supplementary Rural Fire Truck Fund. Further, beginning July 1, 2022, before any fees are remitted to the association but only if the association will receive at least sixty percent (60%) of the fees, Five Hundred Thousand Dollars (\$500,000.00) shall be diverted and deposited annually into the Mississippi First Responders Health and Safety Trust Fund created in Section 2 of this act. Further, beginning July 1, 2022, but only if the association will receive at least sixty percent (60%) of the fees and the Mississippi First Responders Health and Safety Trust Fund has received the diversion of Five Hundred Thousand Dollars (\$500,000.00), Three Million Five Hundred Thousand Dollars (\$3,500,000.00) shall be diverted and deposited annually into the Annual Fire Fund created in Section 3 of this act. Further, beginning July 1, 2022, after the association has received sixty percent (60%) of the fees and after all other diversions are made, fifty percent (50%) of any excess amount shall be remitted to the association and fifty percent (50%) of any excess amount shall be diverted and deposited annually into the Annual Fire Fund.

In the event the value of the association's Total Admitted Assets, as defined by the audited financial statement, is less than Two Hundred Fifty Million Dollars (\$250,000,000.00), the monies diverted and not remitted to the association under this subsection (6) during that fiscal year and subsequent fiscal years shall immediately be diverted to the association and shall not be considered public funds.

(7) * * * The association may use excess funds to purchase reinsurance in an amount that may exceed the total premiums collected from policyholders.

SECTION 2. There is created in the State Treasury a special fund to be designated as the "Mississippi First Responders Health and Safety Trust Fund" to be administered by the Commissioner of Insurance, upon appropriation by the Legislature, to assist the state, municipalities, counties and fire protection districts with providing benefits required by the Mississippi First Responders Health and Safety Act. The commissioner shall notify the Chairmen of the House and Senate Insurance Committees in advance of any distributions made from this fund. This fund shall consist of monies provided to it through the provisions of Section 83-34-4(6), and any monies which may be appropriated to it by the Legislature. Unexpended amounts remaining in the fund at the

end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund.

SECTION 3. There is created in the State Treasury a special fund to be designated as the "Annual Fire Fund" to be administered by the Commissioner of Insurance. Monies in the fund, upon appropriation by the Legislature, may be used by the commissioner only for the purpose of his or her discretion in requesting the State Fiscal Officer, and notifying the Legislative Budget Office of such, to transfer funds from this fund to the Rural Fire Truck Fund, the Supplementary Rural Fire Truck Fund, the Municipal Fire Protection Fund and/or the County Volunteer Fire Department Fund; however, the commissioner shall request the State Fiscal Officer to transfer at least One Million Five Hundred Thousand Dollars (\$1,500,000.00) annually to the Rural and Supplementary Rural Fire Truck Funds. This fund shall consist of monies provided to it through the provisions of Section 83-34-4(6), and any monies which may be appropriated to it by the Legislature. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund.

SECTION 4. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

establish under Department of Health.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the
following entitled BILL:

H. B. No. 1421: ARPA Rural Water Associations Infrastructure Grant Programs; establish
under Department of Health.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the
following:

SECTION 1. (1) The State Department of Health (department) shall establish
a grant program to be known as the ARPA Rural Water Associations Infrastructure Grant
Program (program) to assist rural water associations in the construction of eligible drinking
water infrastructure projects as provided in the Final Rule for the Coronavirus State and
Local Fiscal Recovery Funds as established by the federal American Rescue Plan Act
(ARPA).

(2) The program shall be funded from appropriations by the Legislature to the department from the Coronavirus State Fiscal Recovery Fund, and the department shall expend all such funds for the purposes provided in subsection (1) of this section. It is the intent of the Legislature that, in the first fiscal year after the effective date of this act, twenty percent (20%) of the funds appropriated to the department for the program be obligated to projects that have completed plans and specifications, acquired all necessary land and/or easements, and are ready to proceed to construction.

(3) The department shall obligate the funds by the deadline set by the rules and guidelines of the United States Department of the Treasury and will adhere to the Treasury's rules and guidelines for reporting and monitoring projects funded through ARPA.

(4) The department shall develop a system for use in ranking the grant applications received. The ranking system shall include the following factors, at a minimum: (a) the environmental impact of the proposed project; (b) the proposed project's ability to address noncompliance with state/federal requirements; (c) the extent to which the project promotes economic development; (d) the number of people served by the project (both new and existing users); (e) impacts of the proposed project on disadvantaged/ overburdened communities; (f) the grant applicant's prior efforts to secure funding to address the proposed project's objectives; (g) the grant applicant's proposed contribution of other funds or in-kind cost-sharing to the proposed project; (h) the grant applicant's long-term plans for the financial and physical operation and maintenance of the project; and (i) the grant applicant's capacity to initiate construction in a timely manner and complete the proposed project by the deadline specified by rules and guidelines of the United States Department of the Treasury for ARPA funds.

(5) An application for a grant under this section shall be submitted at such time, be in such form, and contain such information as the department prescribes.

(6) Upon the approval of an application for a grant under this section, the department shall enter into a project grant agreement with each grantee to establish the terms of the grant for the project, including the amount of the grant. The maximum amount of funds that may be provided to any rural water association from all grants under the program is Two Million Five Hundred Thousand Dollars (\$2,500,000.00).

(7) The department shall have all powers necessary to implement and administer the program. Of the funds appropriated to the department for the program, not more than five percent (5%) may be used by the department to cover the department's costs of administering the program.

(8) In carrying out its responsibilities under the program, for any contract under the purview of the Public Procurement Review Board (PPRB), the department shall be exempt from any requirement that the PPRB approve any personal or professional services contracts or pre-approve any solicitation of such contracts. This subsection shall stand repealed on July 1, 2026.

(9) The department shall submit an annual report regarding the program no later than December 31 of each year to the Lieutenant Governor, the Speaker of the House, and the Chairmen of the Senate and House Appropriations Committees.

SECTION 2. Section 27-104-7, Mississippi Code of 1972, as amended by Senate Bill No. 2818, 2022 Regular Session, is amended as follows:

(v) One (1) member appointed by the Lieutenant Governor to serve for a term ending on June 30, 2020.

After the expiration of the initial terms, all appointed members' terms shall be for a period of four (4) years from the expiration date of the previous term, and until such time as the member's successor is duly appointed and qualified.

(c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be appointed to the Public Procurement Review Board if the principal owns or controls a greater than five percent (5%) interest or has an ownership value of One Million Dollars (\$1,000,000.00) in the source's business, whichever is smaller. No member shall be an officer or employee of the State of Mississippi while serving as a voting member on the Public Procurement Review Board.

(d) Members of the Public Procurement Review Board shall be entitled to per diem as authorized by Section 25-3-69 and travel reimbursement as authorized by Section 25-3-41.

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(a) Approve all purchasing regulations governing the purchase or lease by any agency, as defined in Section 31-7-1, of commodities and equipment, except computer equipment acquired pursuant to Sections 25-53-1 through 25-53-29;

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

The provisions of this paragraph (b) shall not apply to such contracts involving buildings and other facilities of state institutions of higher learning which are self-administered as provided under this paragraph (b) or Section 37-101-15(m);

(c) Adopt regulations governing any lease or rental agreement by any state agency or department, including any state agency financed entirely by federal funds, for space outside the buildings under the jurisdiction of the Department of Finance and Administration. These regulations shall require each agency requesting to lease such space to provide the following information that shall be published by the Department of Finance and Administration on its website: the agency to lease the space; the terms of the lease; the approximate square feet to be leased; the use for the space; a description of a suitable space; the general location desired for the leased space; the contact information for a person from the agency; the deadline date for the agency to have received a lease proposal; any other specific terms or conditions of the agency; and any other information deemed appropriate by the Division of Real Property Management of

the Department of Finance and Administration or the Public Procurement Review Board. The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

(i) Black: having origins in any of the black racial groups of Africa;

(ii) Hispanic: of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin regardless of race;

(f) Promulgate rules and regulations governing the solicitation and selection of contractual services personnel, including personal and professional services contracts for any form of consulting, policy analysis, public relations, marketing, public affairs, legislative advocacy services or any other contract that the board deems appropriate for oversight, with the exception of any personal service contracts entered into by any agency that employs only nonstate service employees as defined in Section 25-9-107(c), any personal service contracts entered into for computer or information technology-related services governed by the Mississippi Department of Information Technology Services, any personal service contracts entered into by the individual state institutions of higher learning, any personal service contracts entered into by the Mississippi Department of Transportation, any personal service contracts entered into by the Department of Human Services through June 30, 2019, which the Executive Director of the Department of Human Services determines would be useful in establishing and operating the Department of Child Protection Services, any personal service contracts entered into by the Department of Child Protection Services through June 30, 2019, any contracts for entertainers and/or performers at the Mississippi State Fairgrounds entered into by the Mississippi Fair Commission, any contracts entered into by the Department of Finance and Administration when procuring aircraft maintenance, parts, equipment and/or services, any contract entered into by the Department of Public Safety for service on specialized equipment and/or software required for the operation at such specialized equipment for use by the Office of Forensics Laboratories, * * * any personal or professional service contract entered into by the Mississippi Department of Health and/or the Department of Revenue solely in connection with their respective responsibilities under the Mississippi Medical Cannabis Act from February 2, 2022, through June 30, 2023, any contract for attorney, accountant, actuary auditor, architect, engineer, anatomical pathologist, utility rate expert services, * * * any personal service contracts approved by the Executive Director of the Department of Finance and Administration and entered into by the Coordinator of Mental Health Accessibility through June 30, 2022, and

any personal or professional services contract entered into by the State Department of Health in carrying out its responsibilities under the ARPA Rural Water Associations Infrastructure Grant Program through June 30, 2026. Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars (\$75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set

out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. If the board does not respond to the department(s) within seven (7) calendar days after receiving the notice, the department(s) may enter the proposed personal or professional service contract. If the board responds to the department(s) within seven (7) calendar days, then the board has seven (7) calendar days from the date of its initial response to provide any additional recommendations. After the end of the second seven-day period, the department(s) may enter the proposed personal or professional service contract. The board is not authorized to disapprove any proposed

personal or professional services contracts. This subsection shall stand repealed on July 1, 2022.

SECTION 3. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

An accounting of actual costs incurred for which reimbursement is sought shall be maintained for the program. Reimbursement of reasonable actual and necessary costs for assistance shall not exceed three percent (3%) of the proceeds of bonds issued for such assistance. Reimbursements made under this subsection shall satisfy any applicable federal tax law requirements.

(3) The MDA shall establish a program to make grants to * * * a municipality to assist with maintaining and improving the viability of revitalization zones. The proceeds of a grant made to * * * a municipality under this section may be used for maintaining and/or improving the viability of a revitalization zone through means deemed appropriate by the governing authorities of * * * a municipality, including, but not limited to, making loans, grants and/or other forms of assistance to any person or public or private association or other entity for use for infrastructure projects, improvements to properties, signage and other purposes related to maintaining and/or improving the viability of the revitalization zone.

Each revitalization zone shall be of such size and form as to include all properties that, in the determination of the municipality and the MDA, constitute an integral part of the revitalization zone. If the MDA determines that the boundaries of the proposed revitalization zone exceed the area that is reasonably deemed to be integral to the revitalization zone, the MDA may reduce the boundaries of the proposed area. Upon the approval and selection of a municipal revitalization zone project, the MDA shall certify the revitalization zone.

(5) The MDA shall have all powers necessary to implement and administer the program established under this section, and the MDA shall promulgate rules and regulations, in accordance with the Mississippi Administrative Procedures Law, necessary for the implementation of this section.

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2822: "Mississippi Water Infrastructure Grant Program Act of 2022"; establish.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) This act shall be known and may be cited as the "Mississippi Municipality and County Water Infrastructure Grant Program Act of 2022."

(2) There is hereby established within the Mississippi Department of Environmental Quality the Mississippi Municipality and County Water Infrastructure (MCWI) Grant Program under which municipalities, counties and certain public utilities not regulated by the Public Service Commission may apply for reimbursable grants to make necessary investments in water, wastewater, and stormwater infrastructure to be funded by the Legislature utilizing Coronavirus State Fiscal Recovery Funds made available under the federal American Rescue Plan Act of 2021 (ARPA). Such grants shall be made available to municipalities and counties to be matched with the Coronavirus Local Fiscal Recovery Funds awarded or to be awarded to them under ARPA on a one-to-one matching basis. Coronavirus Local Fiscal Recovery Funds that a county transfers to a municipality or that a county or municipality transfers to a public utility not regulated by the Public Service Commission are eligible on a one-to-one matching basis. Municipalities that received less than One Million Dollars (\$1,000,000.00) in the total allocation of Coronavirus Local Fiscal Recovery Funds are eligible for a two-to-one match only on the Coronavirus Local Fiscal Recovery Funds awarded or to be awarded to them under ARPA. The total funds provided for all two-to-one matches shall not exceed Fifty Million Dollars (\$50,000,000.00). The dollar amount for professional fees that can be allocated as a part of a county's, municipality's or public utility's matching share is not to exceed four percent (4%) of the total project cost.

(6) The governing authority of a municipality, county or public utility that is not regulated by the Public Service Commission may submit an application for grant funds under this act if the applicant is an operator-member of Mississippi 811, Inc., as defined in Section 77-13-3. Applicants shall certify to the department that each expenditure of the funds awarded to them under this act is in compliance with ARPA guidelines, guidance, rules, regulations and other criteria, as may be amended from time to time, by the United States Department of the Treasury regarding the use of monies from the State Coronavirus State Fiscal Recovery Funds. Subsequent submissions will be due by the dates established by the department.

Projects that are included on the municipal or county engineer's approved list and provide applicable supporting documentation shall receive additional consideration awarded to the application. The ranking system shall include the following factors, at a minimum: (a)

The Department of Environmental Quality shall review the lists of recommended water infrastructure projects and issue its list of recommended projects to the Mississippi Department of Health for its advice. Grant agreements shall be executed between the recipient and the Mississippi Department of Environmental Quality. All final awards shall be determined at the discretion of the executive director of the department. Any funds awarded to the City of Jackson under this section shall be deposited in the Capital City Water/Sewer Projects Fund of the State Treasury. Funds shall be obligated to a grantee upon the execution of a grant agreement between the department and the approved applicant. Funds shall be made available to a grantee when the department obtains the necessary support for reimbursement. The department is authorized to conduct additional rounds of grants as needed; however, in the first round no more than forty percent (40%) of the total funds appropriated for each grant program may be awarded by the department, and the remaining funds may be awarded in the second or subsequent rounds which shall occur no later than six (6) months from the previous round. To ensure equitable treatment between the categories of projects, no less than twenty percent (20%) awarded under this section shall be allocated to each of the three (3) categories of drinking water projects, wastewater projects and stormwater projects. In second or subsequent rounds, any funds not requested may be allocated to any category.

(11) Grant funds shall be used prospectively; however, grant funds may be used to reimburse expenses incurred before the enactment of this program if the costs are adequately documented and comply with applicable ARPA guidelines. An applicant must agree to obtain all necessary state and federal permits and follow all state bidding and contracting laws and fiscally sound practices in the administration of the funds.

(12) (a) Monies must be disbursed under this section in compliance with the guidelines, guidance, rules, regulations or other criteria, as may be amended from time to time, of the United States Department of the Treasury regarding the use of monies from the Coronavirus State Fiscal Recovery Fund, established by the American Rescue Plan of 2021.

(b) The use of funds allocated under this program shall be subject to audit by the United States Department of the Treasury's Office of Inspector General and the Mississippi Office of the State Auditor. Each person receiving funds under these programs found to be fully or partially noncompliant with the requirements in this act shall return to the state all or a portion of the funds received.

(13) The department shall submit to the Lieutenant Governor, Speaker of the House, House and Senate Appropriations Chairmen, and the Legislative Budget Office

quarterly reports and annual reports that are due by the dates established in the Compliance and Reporting Guidance by the United States Department of Treasury. The reports shall contain the applications received, the score of the applications, the amount of grant funds awarded to each applicant, the amount of grant funds expended by each applicant, and status of each applicant's project.

(14) Grant funds shall be available under this act through December 31, 2026, or on the date of the fund expenditure deadline provided by the federal government, whichever occurs later. Each grant recipient shall certify for any project for which a grant is awarded that if the project is not completed by December 31, 2026, and the United States Congress does not enact an extension of the deadline on the availability of ARPA Funds, then the grant recipient will complete the project through other funds.

(15) The Mississippi Department of Environmental Quality may retain an amount not to exceed five percent (5%) of the total funds allocated to the program to defray administrative costs.

(16) The department shall be exempt from provisions of the Public Procurement Review Board for any requirements of personal or professional service contracts or the pre-approval of the solicitation for such contracts used in the execution of its responsibilities under this act. This subsection shall stand repealed on January 1, 2026.

(17) The provisions of this section shall stand repealed on January 1, 2027.

SECTION 2. A public utility as defined in Section 77-3-3(d)(iv) shall not deny or refuse services to any business entity solely on the basis that the entity is a licensee under the Mississippi Medical Cannabis Act.

SECTION 3. Section 27-104-7, Mississippi Code of 1972, as amended by Senate Bill No. 2818, 2022 Regular Session, and House Bill No. 1421, 2022 Regular Session, is amended as follows:

After the expiration of the initial terms, all appointed members' terms shall be for a period of four (4) years from the expiration date of the previous term, and until such time as the member's successor is duly appointed and qualified.

(c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be appointed to the Public Procurement Review Board if the principal owns or controls a greater than five percent (5%) interest or has an ownership value of One Million Dollars

(\$1,000,000.00) in the source's business, whichever is smaller. No member shall be an officer or employee of the State of Mississippi while serving as a voting member on the Public Procurement Review Board.

(d) Members of the Public Procurement Review Board shall be entitled to per diem as authorized by Section 25-3-69 and travel reimbursement as authorized by Section 25-3-41.

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

(c) Adopt regulations governing any lease or rental agreement by any state agency or department, including any state agency financed entirely by federal funds, for space outside the buildings under the jurisdiction of the Department of Finance and Administration. The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

(i) Black: having origins in any of the black racial groups of Africa;

(f) Promulgate rules and regulations governing the solicitation and selection of contractual services personnel, including personal and professional services contracts for any form of consulting, policy analysis, public relations, marketing, public affairs, legislative advocacy services or any other contract that the board deems appropriate for oversight, with the exception of any personal service contracts entered into by any agency that employs only nonstate service employees as defined in Section 25-9-107(c), any personal service contracts entered into for computer or information technology-related services governed by the Mississippi Department of Information Technology Services, any personal service contracts entered into by the individual state institutions of higher learning, any personal service contracts entered into by the Mississippi Department of Transportation, any personal service contracts entered into by the Department of Human Services through June 30, 2019, which the Executive Director of the Department of Human Services determines would be useful in establishing and operating the Department of Child Protection Services, any personal service contracts entered into by the Department of Child Protection Services through June 30, 2019, any contracts for entertainers and/or performers at the Mississippi State Fairgrounds entered into by the Mississippi Fair Commission, any contracts entered into by the Department of Finance and Administration when procuring aircraft maintenance, parts, equipment and/or services, any contract entered into by the Department of Public Safety for service on specialized equipment and/or software required for the operation at such specialized equipment for use by the Office of Forensics Laboratories, * * * any personal or professional service contract entered into by the Mississippi Department of Health and/or the Department of Revenue solely in connection with their respective responsibilities under the Mississippi Medical Cannabis Act from February 2, 2022, through June 30, 2023, any contract for attorney, accountant, actuary auditor, architect, engineer, anatomical pathologist, utility rate expert services, * * * any personal service contracts approved by the Executive Director of the Department of Finance and Administration and entered into by the Coordinator of Mental Health Accessibility through June 30, 2022, any personal or professional services contract entered into by the State Department of Health in carrying out its responsibilities under the ARPA Rural Water Associations Infrastructure Grant Program through June 30, 2026, and any personal or professional services contract entered into by the Mississippi Department of Environmental Quality in carrying out its responsibilities under the Mississippi Municipality and County Water Infrastructure Grant Program Act of 2022, through June 30, 2026. Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars (\$75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. **PART X
A. HOUSE RULES**

THE SPEAKER AND SPEAKER PRO TEMPORE

1. The Speaker, when elected, shall hold office for a term of four (4) years, or until the next regular session of the Legislature following an election for Governor and members of the Legislature, and shall take the chair on every legislative day precisely at the hour to which the House has adjourned at the last sitting, immediately call the members to order, cause the roll to be called finally, and, on the appearance of a quorum, cause the Journal of the proceedings of the last day's sitting to be read.

2. He shall preserve order and decorum, and, in case of disturbance or disorderly conduct in the galleries or in the lobby, may cause the same to be cleared, may speak to points of order in preference to other members, rising from his seat for that purpose.

3. He shall have general control, except as provided by rule or law, of the Hall of the House, and of the corridors and passages and the disposal of the unappropriated rooms in that part of the Capitol assigned to the use of the House, until further order.

4. He shall sign all acts, addresses, joint resolutions, writs, warrants and subpoenas of, or issued by order of, the House, and decide all questions of order, subject to an appeal by any member, on which appeal no member shall speak more than once unless by permission of the House. The Speaker may require points of order in writing and may take reasonable time to examine and study same before ruling thereon, during which period consideration of that particular subject matter may be suspended without prejudice and the House proceed to the next order of business.

5. He shall rise to put a question and shall put questions in this form: "All those in favor (of the question), say 'Aye'"; and after the affirmative voice is expressed, "All those opposed, say 'No'"; if he doubts, or if a count is required by at least one-tenth (1/10) of the members present, he shall call the roll in the manner prescribed in Rule 69 or take the vote using the electronic roll-call system in Rule 97.

6. He shall not be required to vote in ordinary legislative proceedings, except where his vote would be decisive, or where the House is engaged in voting by ballot; and in cases of a tie vote for, question shall be decided in the negative.

7. He shall have the right to name any member to perform the duties of the chair when the Speaker Pro Tempore shall be unable to do so, but such substitution shall not extend beyond one (1) legislative day; provided, however, that in the case of illness or unavoidable absence of both the Speaker and the Speaker Pro Tempore, he may make such appointment for a period not exceeding five (5) days, with the approval of the House at the time the same is made.

8. Upon the death of a member of the House, the Speaker or any member of the House designated by him shall incur such expenses as may be necessary for the purchase on behalf of the House a State Flag for use in connection with the funeral and burial of said member, which flag shall be presented to the family of said member.

9. No member or visitor shall visit in the Speaker's stand during the session of the House, except at the instance of the Speaker. The Speaker may call a member to preside when necessary or desirable to confer with a member or visitor.

**PART X
HOUSE RULES**

10. All committees, except the Rules Committee and the Management Committee, shall be appointed by the Speaker unless otherwise specially directed by the House.

10A. (1) There is created in the House of Representatives the Office of Speaker Pro Tempore of the Mississippi House of Representatives (hereinafter Speaker Pro Tempore).

(2) The Speaker Pro Tempore shall be elected on the same day and in the same manner and method as may be designated for the election of the Speaker of the House of Representatives.

(3) The Speaker Pro Tempore shall serve a term of four (4) years, which term as Speaker Pro Tempore shall expire concurrently with the term being served by the Speaker Pro Tempore as a member of the House of Representatives. There is no limit on the number of times that a member may serve as Speaker Pro Tempore.

Any vacancy occurring during an interim between legislative sessions shall be filled within the first five (5) calendar days of the next succeeding regular or special session. The person so elected shall serve only the remainder of the unexpired term.

(5) The Speaker Pro Tempore shall have the following powers, duties and responsibilities:

(a) To serve as Speaker of the House of Representatives during the absence, illness or disability of the Speaker, thereby assuming all powers, duties, responsibilities and privileges conferred upon the Speaker by the Constitution, statute, law or rule;

No other branch of the government, or a department or agency thereof, shall use any room, chamber, office or other area without specific written authorization from the Management Committee. The Management Committee is authorized to delegate its powers with regard to any such room, chamber, office or other area in connection with the maintenance, repairing, construction, reconstruction and refurbishing thereof in such a manner as it deems advisable;

The Management Committee shall also have the authority to fix the salaries of all personnel employed by the House of Representatives.

**PART X
HOUSE RULES**

(12) No employee of the House shall reveal to any person outside his or her department the contents or nature of any request for services made by any member of the House except with the written consent of the person making such request. A violation of this subsection by an employee shall be sufficient cause for his or her immediate dismissal.

(13) The funds necessary to carry out the provisions of this rule shall be paid from the funds appropriated to the House of Representatives Contingent Fund made by the Legislature for the purposes herein set out.

(14) At such time as there may be designated or created in the Senate of the State of Mississippi a committee with like duties and responsibilities of the House Management Committee, the House Management Committee is authorized to meet jointly with such corresponding Senate committee in order to more effectively carry out the provisions of this rule.

DUTIES OF THE CLERK

12. When a bill has passed, it shall be certified by the Clerk, who shall note thereon the day it passes.

13. He shall stand while reading papers to the House, he shall attest all writs, warrants and subpoenas issued by order of the House.

14. The Clerk of the House of Representatives shall keep a correct Journal of the proceedings of the House, and, on each day, shall read over the Journal of the preceding day to the House. He shall number, file and preserve in its proper order, each bill, resolution, memorial, or other paper introduced in the House, and carefully engross and enroll all bills, resolutions, memorials and other papers that may be ordered to be engrossed or enrolled; and shall promptly and faithfully discharge all the duties incident to the House, provide for control of employees of the House under Speaker, provide for pay of members, employees, and control pages and porters. (Statutory)

15. Pages shall be appointed to serve for one (1) week at a time each, under the control and direction of the Clerk of the House. Only persons over the age of thirteen (13) years shall be eligible to serve as pages.

16. The Sergeant at Arms of the House of Representatives shall have general supervision, under the direction of the Speaker of the House, in maintaining the decorum and security of the House. He shall attend the sittings of the House, preserve order, execute its commands and all processes issued by its authority or by a House committee's authority, and have control of the assistants to the Sergeant at Arms. He shall clear the House of all visitors one (1) hour before each session convenes and not allow visitors on the Floor of the House for ten (10) minutes after a session has recessed or adjourned. He shall see that the Hall of the House and the Committee Rooms and the Room of the Speaker of the House, the anterooms, lobbies and galleries thereof are secure during the sitting of the House, and that all necessary conveniences are supplied to the members, officers and committees.

17. Each assistant to the Sergeant at Arms of the House of Representatives shall be known as an Assistant Sergeant at Arms, and shall perform such duties as may be required of him by the Sergeant at Arms.

DECORUM AND DEBATE

18. When any member desires to speak, to make a motion, or deliver any matter to the House, he shall rise at his desk and respectfully address himself to "Mr. Speaker" and, on being recognized, may address the House from any place on the floor and shall confine himself to the question under debate and avoid personalities.

18A. Whenever a member is on the floor of the House while the House is in session, each male member of the House shall wear a coat and necktie, except when seated, and each female member of the House shall wear appropriate attire. No visitor or guest on the House floor shall be required to comply with this rule.

18B. Smoking shall not be permitted in any areas of the Capitol that are assigned to the House of Representatives and under the jurisdiction of the House Management Committee. As used in this rule, "smoking" means to inhale, exhale, burn, carry or otherwise possess any lighted cigarette, cigar, pipe or any other object or device of any form that contains lighted tobacco or any other smoking product. The Sergeant at Arms shall enforce the provisions of this rule.

18C. The regular floor proceedings of the House shall be telecast by high-speed wireless Internet transmission. Cameras used in making such telecasts may be allowed only to show a House member speaking at the podium and the Speaker or other officer presiding over the House while the House is convened. Reporters and technicians necessary to effectuate the telecasts may be admitted to the House chamber for this limited purpose; however, no camera, apparatus or procedure that would interfere with the proceedings of the House shall be used, and all telecasting shall be done from areas reserved or set aside for such activities by the Committee on Rules. No member or any other person shall use a phone, camera or other streaming device while in the House chamber to telecast, livestream or broadcast the regular floor proceedings of the House in any manner other than the telecast required by this rule, unless approved by the Committee on Rules.

19. No member shall call by name another member present in debate.

20. If any member, in speaking, or otherwise, transgresses the Rules of the House, the Speaker shall, or any member may on point of order ask the Speaker to call the transgressor to order; and the member called to order shall immediately sit down, unless permitted on motion of another member to explain, and the House if appealed to, shall decide on the case without debate. If the decision be in favor of the member called to order, he shall be at liberty to proceed; if against him and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may deem proper.

21. If a member is called to order for words spoken in debate, the member calling him to order shall indicate the words excepted to, and they shall be taken down in writing at the Clerk's desk and read aloud to the House; but he shall not be held to answer, nor be subject to the censure of the House therefor, if further debate on other business has intervened.

22. When two (2) or more members seek recognition at the same time, the Speaker shall name the member who is first to speak.

23. No member shall speak more than ten (10) minutes on any main question, or five (5) minutes on an amendment or any subsidiary question, without leave of the House, unless he or she is the mover, proposer, or introducer of the matter pending, in which

**PART X
HOUSE RULES**

case he or she shall be permitted to speak in reply, but not until every member choosing to speak has spoken. A member who has spoken once, but who has not consumed his or her whole time shall not be permitted to speak again on the same question until each member that desires to do so has spoken.

24. After the motion to lay on the table, those in opposition to the motion shall be allowed five (5) minutes for discussion.

25. While the Speaker is putting a question, or addressing the House, no member shall walk out of, or across or about the Hall or converse with another, nor when a member is speaking, pass between him and the Chair, or entertain private discourse. And during the session of the House, no member or other person shall remain at the Clerk's desk at any time. No member or others shall expectorate upon the floor of the House, and the Sergeant at Arms and doorkeepers are charged with the strict enforcement of this rule.

26. No member shall vote on any question in the result of which he is pecuniarily interested, nor in any other case where he was not present when the question was put.

27. Every member who shall be in the House when a question is put shall vote on one (1) side or the other unless the House shall, for special reasons, excuse him.

28. No member shall absent himself from the service of the House, unless he shall have leave, or be sick, or unable to attend. Fifteen (15) members shall be authorized to compel the attendance of absent members and order a call of the House.

ON MOTIONS, THEIR PRECEDENCE, ETC.

29. A motion to adjourn shall always be in order except when operating under the previous question, but a motion to adjourn being lost, shall not be renewed until some business has intervened.

30. Every motion made to the House and entertained by the Speaker shall be reduced to writing on the demand of any member, and may be entered on the Journal with the name of the member making the motion.

31. When a motion has been made, the Speaker shall state it or (if it be in writing) cause it to be read aloud by the Clerk before being debated, and it shall then be in possession of the House, but may be withdrawn by unanimous consent at any time before a decision or amendment.

32. No dilatory motion shall be entertained by the Speaker.

33. When a question is under debate, no motion shall be received but:

- (1) To adjourn
- (2) To lay on the table
- (3) For the previous question
- (4) To lay on the table subject to call
- (5) To postpone to a day certain
- (6) To refer
- (7) To amend
- (8) To postpone indefinitely

which several motions shall have precedence in the foregoing order; and no motion to postpone to a day certain, to commit, or to postpone indefinitely, being decided, shall be again allowed on the same day at the same stage of the question.

34. A motion to postpone a question beyond the time at which it can be considered is equivalent to complete disapproval and should be treated as a motion to postpone indefinitely.

The motion to postpone indefinitely is debatable and opens the main question to debate.

A majority vote of the members voting is required for the adoption of the motion to postpone indefinitely. The adoption of a motion to postpone indefinitely shall be treated as a vote on the final passage of a measure and shall be subject to reconsideration as such.

35. No motion or proposition on a subject different from that under consideration shall be admitted under color of an amendment; nor shall any amendment be adopted changing the original purpose of the bill.

36. The adoption of an amendment to a section shall not preclude further amendments to that section. If a measure is being considered section by section or item by item, only amendments to the section or item under consideration shall be made. The Speaker shall, in recognizing members for the purpose of moving the adoption of amendments, endeavor to cause all amendments to Section 1 to be considered first, then all those to Section 2 and so on. After all sections have been considered separately, the whole measure shall be open for amendment.

An amendment to strike all after the enacting or resolving clause or to strike out the enacting or resolving clause of a measure shall, if carried, be considered as equivalent to rejection of the measure by the House, and the vote thereon shall be taken by a roll-call vote. Amendments to an amendment shall be voted on before substitute is taken up. Only one (1) amendment to the amendment is in order at one time; but as rapidly as one is disposed of by rejection or adoption, another is in order as long as any member desires to offer one. A substitute amendment may be offered to an amendment. An amendment to the substitute may be offered. No other amendment can be offered since the third degree has been reached. The vote shall be taken in the following order: the amendment to the amendment shall first be voted on; then the amendment to the substitute; then the substitute amendment and if the substitute is adopted, then the original amendment shall be regarded as automatically tabled.

An amendment to a pending question requires only a majority vote for its adoption, even though the question may require a vote greater than a majority, for adoption.

It is in order for a House bill with Senate amendments to be referred to the proper committee or committees.

On all questions, whether in committee or in the House, the last amendment, the most distant day or hour and the largest sum shall be put first.

SUSPENSION OF RULES

37. No rule shall be suspended except by the concurrence of two-thirds (2/3) of the members present.

38. All motions to suspend the rules shall embrace fully the object for which they are to be suspended.

**PART X
HOUSE RULES**

39. A motion to suspend the rules shall be deemed a privileged motion, and shall take precedence of all other motions except the motion to adjourn, but it shall not be in order to make a motion to suspend the rules while the House is engaged in the consideration of other business.

40. On a motion to suspend the rules for reading a bill a third time, no debate shall be allowed unless the motion prevails.

41. An affirmative vote on a motion to suspend the rules for the purpose of taking up any particular bill, or resolution, shall not have the effect of precluding any motion or amendment in relation thereto which would have been in order if the bill or resolution had been brought before the House in the regular order.

42. A motion to suspend the rules for a particular purpose having been decided in the negative, it shall not be in order to renew the motion for the same purpose during the same day.

MOTION TO REFER

43. Bills, resolutions, petitions, memorials, reports, and other papers addressed to the House may be referred upon original reference at the pleasure of the House by suspension of the rules; provided, however, any bill, resolution, petition, memorial, report, or other paper being before the House after the original reference thereof may be referred to a standing or select committee by a majority vote of the members of the House present and voting.

44. The vote on a motion to refer to committee may not be reconsidered. A motion to recommit or commit to committee shall be considered a motion to refer.

45. Bills, resolutions, petitions, memorials, reports, and other papers addressed to the House may be presented by any member who shall state briefly to the House the contents thereof; and no such bill, resolution, petition, memorial, report or other paper addressed to the House shall be read in full to the House but shall be filed with the Clerk, attention called thereto, and referred to the proper committee, unless by a majority vote of those present in the House should desire the same read.

46. Any member upon recognition by the Speaker may object to the reading of any document before the House. After such objection, the question of reading shall be determined without debate by a majority vote of the members present, upon a brief statement of its substance by the Speaker.

47. When a bill, resolution, petition, memorial, report and other paper addressed to the House is offered, a motion made to refer any subject, and different committees are proposed, the question shall be taken in the following order:

A standing committee

A select committee

Committee of the Whole

When more than one (1) standing committee is proposed, the last proposed shall be the first voted upon as an amendment to strike out and insert.

48. Bills, resolutions, petitions, memorials, reports, and other papers addressed to the House shall, upon introduction, be referred by the Speaker to the committee having jurisdiction over the subject matter, and shall be considered by the House only after having been reported by such committee.

Provided, however, it shall be in order to consider a bill, resolution, petition, memorial, report, and other papers under the suspension of rules.

49. When a bill or concurrent resolution is originally referred to two (2) or more committees and favorably reported by them, the chairman of the first-named committee shall have the option of handling the bill or resolution on the floor.

Local and private bills may, in the discretion of the Speaker, be referred to two (2) or more committees, if, in the discretion of the Speaker, the nature and effect of said local and private bill shall require the consideration of another committee.

General bills written in such a way as to be local and private in nature shall be referred by the Speaker to the Committee on Local and Private Legislation and/or such other committee as permitted by the rules.

READING OF BILLS

50. After a bill has been read for the first time, if there is no objection, the rules shall be considered suspended and the bill placed on its second reading.

51. After a bill has been read the second time it shall be subject to amendment, but no discussion shall be allowed, or amendment adopted, until the bill shall have been referred to a committee with the proposed amendments thereto.

52. When a bill is up for final passage, and two (2) or more major amendments have been adopted, a motion to recommit shall be in order and have precedence over all other business. However, it shall be in order for the chairman of the first-named committee from which the bill was reported to the House or any member of the House designated by the chairman to make a motion to recommit without two (2) or more major amendments having been adopted.

53. Special order after the reading of the Journal of the preceding day shall be:

- (1) Senate messages.
- (2) Senate bills on the first and second reading and for the proper reference to the committees.
- (3) House bills on second reading.

REGULAR ORDER

54. The regular order shall be:

- (1) Report of select committees.
- (2) Report of standing committees in their order.
- (3) Introduction of bills and constitutional amendments.
- (4) Resolutions, petitions, memorials and other papers.
- (5) Introduction of guests and visitors.
- (6) Disposition of pending business on previous day, provided that nothing shall be considered under this section except propositions actually pending before the House at the time of adjournment on the previous day.
- (7) Consideration of conference reports.

When a conference report is called up, only three (3) courses are open: (a) agree, (b) disagree, or (c) recommit to the same or another conference committee with or without instructions. However, only two (2) motions for the three (3) courses are in order: (a) agree, or (b) recommit to the same or another conference committee with or without instructions. If both motions are offered, the motion to recommit shall take precedence.

**PART X
HOUSE RULES**

A conference report must be acted on as a whole and dealt with in its entirety.

A conference report may not be amended except by a concurrent resolution.

When conference results in disagreement, conferees reporting such disagreement in writing are thereby discharged and new conferees may be appointed.

(8) Consideration of bills for concurrence.

When Senate amendments to a House bill are before the body, they shall be either concurred in or not concurred in their entirety and not separately. The motion that the House do not concur in Senate amendments but invite conference shall take precedence over the motion that the House do concur. The concurrence in amendments adopted by the other house shall require for adoption the same vote as was required for the original passage of the measure and shall be on roll call duly entered and recorded in the Journal of the House. However, if the Senate amendments would make the House bill a revenue bill under the Joint Rules or the Mississippi Constitution if the amendments were engrossed into the bill, then the vote on concurrence in the Senate amendments shall require the same vote as required for the final passage of a revenue bill.

(9) Consideration of motions to reconsider.

(10) Consideration and passage of bills and resolutions on the general calendar.

(11) The Rules Committee may report at any time.

ORDER OF BUSINESS

55. The order of business shall not be changed except by two-thirds (2/3) vote of those present and voting, and all questions relating to the priority shall be decided without debate.

COMMITTEE OF THE WHOLE

56. In all cases in forming a Committee of the Whole, which shall be done by a two-thirds (2/3) vote of the members present and voting, the Speaker shall leave his chair and the Speaker Pro Tempore shall preside. If the Speaker Pro Tempore is absent or if the Speaker Pro Tempore moved to go into the Committee of the Whole, the Speaker shall appoint a chairman to preside, who shall, in case of disturbance or disorderly conduct in the gallery or lobby, have the power to cause the same to be cleared, but the member making the motion to go into Committee of the Whole shall not be called to the chair.

57. Upon a bill being referred to the Committee of the Whole, the same shall first be read through by the Clerk, unless the committee shall otherwise order, and then read and debated by sections, leaving the title to be last considered. After report, the bill shall again be subject to debate and amendment before the question of engrossing it be taken.

58. The only motions permitted in Committee of the Whole are: to limit debate; to propose amendments; to recommend; to recess committee subject to the call of the chairman; to reconsider, provided said motion to reconsider may be called up immediately or at any time during the time the House is resolved into the Committee of the Whole for the consideration of the matter before the committee; and to rise.

59. The rules of the procedure in the House shall be observed in the Committee of the Whole so far as they may be applicable and in all committees, provided standing and

select committees may exclude from their committee procedures those House Rules not compatible, in the opinion of said committee, with the proper function of said committee.

STANDING COMMITTEES

60. (1) The following shall be the standing committees of the House:

(a) Rules Committee, as provided for in Rule 11 of these rules;

(2) No member shall serve on both the Committee on Ways and Means and the Committee on Appropriations. Each member who is not a member of the Committee on Ways and Means or the Committee on Appropriations shall serve on at least four (4) committees listed in this rule.

**PART X
HOUSE RULES**

(3) The Committee on Appropriations and the Committee on Ways and Means each shall consist of thirty-three (33) members appointed by the Speaker, six (6) members from each congressional district as constituted on January 1, 2020, and nine (9) members from the state at large. Appointments from the congressional districts shall be made on the basis of seniority. For the purposes of this rule, "seniority" shall mean length of service, continuous or interrupted, in either the House of Representatives or the Senate. However, seniority among members having the same length of service shall be determined as follows: first, continuous, uninterrupted service in the House; second, continuous, uninterrupted service in the House and Senate; third, interrupted service in the House; and fourth, interrupted service in the House and Senate.

(4) In order for a member to be eligible for the rights accorded by this subsection (4), a member shall submit a list of his or her committee preferences, setting forth at least ten (10) committees in order of preference with the most preferred being first on the list, to the Clerk of the House by 5:00 p.m. on the third calendar day of the first legislative session immediately following the year in which the members of the Legislature are elected. With regard to committee appointments, the following shall be followed by the Speaker of the House in making such appointments:

(a) Each member of the House who has served in the House for less than four (4) years, whether such service be continuous or interrupted, and who is not appointed to be a member of the Committee on Appropriations or the Committee on Ways and Means shall, as a matter of right, be appointed to serve on at least two (2) of the first seven (7) committees on such list, not to include Appropriations and Ways and Means; and

(b) Each member of the House who has served in the House for four (4) years or more, whether such service be continuous or interrupted, and who is not appointed to be a member of the Committee on Appropriations or the Committee on Ways and Means shall, as a matter of right, be appointed to serve on at least three (3) of the first seven (7) committees on such list, not to include Appropriations and Ways and Means.

(5) In making committee appointments, the Speaker shall give consideration to the preferences as expressed by the members on their lists as provided in subsection (4) of this rule, and to the seniority, abilities, and geographic location of the members.

61. The first member named on a committee shall be its chairman and the second member named shall be its vice chairman, except that the Vice Chairman of the Management Committee shall be elected as provided in Rule 11A. However, no member who serves as chairman or vice chairman of a standing committee shall serve as chairman or vice chairman of another standing committee, except that the Chairman of the Ethics Committee, the Vice Chairman of the Rules Committee and the Vice Chairman of the Management Committee may be the chairman of another standing committee. There shall be no further rank on committees, the remaining members being listed thereon in alphabetical order. Each committee shall, after its organization, immediately determine by a majority vote what shall constitute a sufficient quorum for it to proceed to business, which quorum shall be not less than a majority of the committee, and shall report that action to the Clerk of the House.

62. Bills, resolutions and other measures, at the discretion of the Speaker, may be referred to Judiciary en banc, in which event the Judiciary A Committee and the Judiciary B Committee shall sit as one (1) committee and be presided over by the Chairman of Judiciary A.

63. The chairman of each House committee shall keep a record of meetings and attendance and shall make with his report each time a statement showing the hour his committee met and the hour it adjourned, together with the names of all the members of

the committee who were absent from the meeting, who had not been previously excused by him or by the Speaker to attend to other legislative duties.

ETHICS COMMITTEE

63A. As used in the context of this rule, the word "committee" shall mean the Committee on Ethics of the House of Representatives, and the phrase "majority of the committee" shall mean a majority of the members to which the committee is entitled.

The committee shall consist of eight (8) members, one (1) from each congressional district as constituted on January 1, 2020, one (1) member from the state at large appointed by the Speaker, and one (1) from each Supreme Court district, appointed by the Speaker. The Speaker shall appoint from the members a chairman, vice chairman and secretary for the committee.

The chairman shall notify all members of the committee at least twenty-four (24) hours in advance of the date, time and place of a meeting. Whenever the chairman shall refuse to call a meeting, a majority of the committee may vote to call a meeting by giving two (2) days' written notice to the Speaker of the House setting forth the time and place for such meeting. Such notice shall be posted in the office of the Clerk of the House, and if such meeting is called while the Legislature is in session the notice shall be read to the House. Thereafter, the meeting shall be held at the time and place specified in such notice.

The committee shall conduct its investigations, hearings and meetings relating to a specific investigation or a specific member, officer or employee of the House in closed session, and the fact that such investigation is being conducted or to be conducted, or that hearings or such meetings are being held or are to be held shall be confidential information, unless the person subject to investigation advises the committee in writing that he elects that such hearing shall be held publicly. In the event of such an election, the committee shall furnish such person a public hearing. All other meetings of the committee shall be open to the public.

The committee shall receive complaints from any citizen against members, officers and employees of the House alleging improper or unethical conduct. Any such complaint must be in writing signed by the person filing the complaint and acknowledged by a notary public, and must set forth in detail the conduct in question and the section of the Code of Ethics, other House Rule, written policy of the House adopted by the Management Committee, statute, or of the Constitution violated. The person against whom the complaint has been brought shall be notified in writing and given a copy of the complaint. Within fifteen (15) days after receipt of the complaint, such person may file a written answer thereto with the committee. Upon receipt of the answer, by vote of a majority of the committee, the committee shall either dismiss the complaint within ten (10) days or proceed with a formal investigation, to include hearings, not less than ten (10) days nor more than thirty (30) days after notice in writing to the person so charged that the committee is proceeding with a formal investigation. Personal service of such notice shall be made by the Sergeant at Arms of the House of Representatives and a return made thereon to the committee. Failure of the person charged to file an answer shall not be deemed to be an admission or create an inference or presumption that the complaint is true, and such failure to file an answer shall not prohibit a majority of the committee from either proceeding with a formal investigation or dismissing the complaint.

A majority of the committee may, on its own, initiate a preliminary investigation of any suspected violation of the Code of Ethics, other House Rule, written policy of the House adopted by the Management Committee, statute, or Constitution by a member, officer or employee of the House. If it is determined by a majority of the committee that a violation

**PART X
HOUSE RULES**

of a rule or law may have occurred, the person in question shall be notified in writing of the conduct in question and the section of the Code of Ethics, other House Rule, written policy of the House adopted by the Management Committee, statute or Constitution violated. Within fifteen (15) days, such person may file a written answer thereto. Upon receipt of the answer, by vote of a majority of the committee, the committee shall either dismiss the charges within ten (10) days or proceed with a formal investigation, to include hearings, not less than ten (10) days nor more than thirty (30) days after notice in writing to the person so charged that the committee is proceeding with a formal investigation. Personal service of such notice shall be made by the Sergeant at Arms of the House of Representatives and a return made thereon to the committee. Failure of the person charged to file an answer shall not be deemed to be an admission or create an inference or presumption that the charge is true, and such failure to file an answer shall not prohibit a majority of the committee from either proceeding with a formal investigation or dismissing the charge.

In the event that the committee desires to review the statement of economic interest or any other statement filed with the Mississippi Ethics Commission by any member, officer or employee of the House, the commission shall furnish a certified copy of the statement to the committee.

In the event that the committee shall elect to proceed with a formal investigation of the conduct of any member, officer or employee of the House, the committee may, in its discretion, employ independent counsel who shall not be employed by the House for any other purpose or in any other capacity during such investigation.

Such person shall be entitled to present evidence, cross-examine witnesses, face his accuser, and be represented by counsel.

The chairman may continue any hearing for reasonable cause, and upon the vote of a majority of the committee or upon the request of any person subject to investigation, the chairman shall issue subpoenas for the attendance and testimony of witnesses and the production of documentary evidence relating to any matter under formal investigation by the committee.

All testimony, documents, records, data, statements or information received by the committee in the course of any investigation shall be private and confidential, except in the case of public hearings or in a report to the House. The committee may release any confidential information, including a report thereon, regarding any member, officer or employee at the request of such member, officer or employee. No report shall be made to the House unless a majority of the committee has made a finding of unethical or improper conduct on the part of the person under investigation. No finding of unethical or improper conduct shall be valid unless signed by at least a majority of the committee. Any such report may include a minority report. No action shall be taken on any finding of improper or unethical conduct nor shall such finding or report containing such finding be made public sooner than seven (7) days after a copy of the finding is sent by certified mail to the member, officer or employee under investigation.

The committee may meet with a committee of the Senate to hold investigations or hearings involving employees of the two (2) houses jointly or employees of the Legislative Reference Bureau, the Joint Legislative Committee on Performance Evaluation and Expenditure Review, the Joint Legislative Budget Committee and any other joint committee created by the Legislature; provided, however, no action may be taken at a joint meeting unless it is approved by a majority of the committee.

In the event that a member of the committee shall be under investigation, such member shall be temporarily replaced on the committee in a like manner as the member's original appointment.

The committee, upon the written request of a member, officer or employee of the House, shall issue opinions in writing with regard to real or hypothetical situations pertaining to legislative ethics or decorum. When a request made under this paragraph has stated all the facts to govern the opinion and an opinion has been prepared and issued with reference to the request, there shall be no liability, civil or criminal, accruing to or against the person requesting the opinion who, in good faith, follows the direction of the opinion and acts in accordance with the opinion, unless a court of competent jurisdiction, after a full hearing, judicially declares that the opinion is manifestly wrong and without substantial support. No opinion shall be considered or issued if the opinion is requested after suit is filed, prosecution begun, or a complaint has been filed with the committee under this rule. All requests for opinions and all opinions issued under this paragraph shall be confidential and the committee shall not publicly disclose any opinion issued or the fact that an opinion has been requested or issued unless the person requesting the opinion gives his or her written permission to the committee. However, opinions of the committee, with such deletions and changes as are necessary to protect the identity of the person involved or seeking them, may be published and distributed to all the members of the House.

Any member of the committee breaching the confidentiality of materials and events as set forth in this rule shall, by a majority vote of the committee, be removed immediately from the committee and replaced by another member of the House in a like manner as the member's original appointment.

Any officer or employee of the House shall be subject to the same restriction of confidentiality as a member of the committee, and a breach of this restriction shall be grounds for dismissal of any officer or employee.

The committee may adopt rules of procedure for the orderly conduct of its affairs, investigations, hearings and meetings, which rules are not inconsistent with this rule.

The committee shall continue to exist and have authority and power to function after the sine die adjournment of the Legislature, and shall so continue until the expiration of the then current term of office of the members of the committee.

CODE OF ETHICS

63B. In addition to the other rules of the House of Representatives, and in supplement thereto, the following Code of Ethics is established as a standard of conduct for members.

(1) No member, officer or employee of the House shall:

(a) Accept employment or engage in any business or professional activity which will require him to disclose confidential information which he has gained by reason of his official position or authority;

(b) Improperly disclose confidential information acquired by him in the course of his official duties nor use such information to further his personal interests;

(c) Use or attempt to use his official position to secure unwarranted privileges or exemptions for himself or others;

(d) Use for private gain any information not available to the public at large and acquired by him solely by virtue of his position, and no information described in this subsection shall be disclosed by a member to others for purposes of their use for private gain.

**PART X
HOUSE RULES**

(2) Each member of the House shall file the statement of economic interest or any other statement required to be filed by the Mississippi Ethics Commission which shall be signed under oath as to the accuracy and completeness of the information set forth to the best knowledge of the person submitting such statement.

Required statements hereunder shall be filed with the Mississippi Ethics Commission with such information as is required by law. In the event of any substantial change occurring after the time required for filing as to matters covered in this section, a supplemental statement shall be filed within thirty (30) days thereafter reflecting such new information.

(3) Any member who shall undertake to represent or to intervene for any person for compensation before any state agency shall file a statement with the Ethics Committee within thirty (30) days after undertaking that representation. Such statement shall identify the person represented and the nature of the business involved; however, this provision shall not apply: (a) where such representation involves only the uncontested or routine actions of administrative officers or employees of the state in issuing or renewing a license, charter, certificate or similar document, and (b) where such representation is before the Mississippi Workers' Compensation Commission.

(4) In addition to the filings required herein, copies of the statements required to be filed under this rule shall be filed with the Secretary of State. Such statements shall be open to the general public and shall be filed at the same time as filings required hereinabove.

64. Appropriation and revenue bills shall, at regular sessions of the Legislature, have precedence over all other business and no such bill shall be passed during the last five (5) days of the session.

65. It shall be the duty of the Committee on Engrossed and Enrolled Bills to examine all engrossed and enrolled bills, correct all mistakes therein, and report the bills to the House and this report shall be in order at any time.

THE PREVIOUS QUESTION

66. There shall be a motion for the previous question, which being ordered by a majority of members voting, if a quorum be present, shall have the effect to cut off all debate and bring the House to a direct vote upon the immediate question, or questions, on which it has been asked and ordered, except that each side shall be allowed ten (10) minutes on the main question and five (5) minutes on any subsidiary question for debate, the affirmative closing the debate. The previous question may be asked and ordered upon a single motion, a series of motions allowable under the rules, or an amendment or amendments, or may be made to embrace all authorized motions or amendments and include the bill to its recommitment, passage or rejection. It shall be in order after the previous question shall have been ordered on its passage, for the Speaker to entertain and submit a motion without debate to recommit, with or without instruction, to a standing or select committee. Provided, however, a motion to reconsider the vote whereby an amendment has been adopted or rejected shall not be in order after the previous question has been ordered.

67. If the previous question is lost, the motion may not be renewed until a subsequent vote has been taken on any matter.

68. All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether an appeal or otherwise, without debate.

ON CALLS OF THE ROLL

69. Upon every roll call where the vote is not taken using the electronic roll-call system in Rule 97, the names of the members shall be called alphabetically by surname, except when two (2) or more have the same surname, in which case the name of the county shall be added; and if there are two (2) such members from the same county, the name and initials shall be called, and after the roll has been once called, the Clerk shall call in their alphabetical order the names of those not voting; and thereafter the Speaker shall not entertain a request to record a vote or announce a pair; and the yeas and nays on any question shall be entered on the Journal, at the request of one-tenth (1/10) of the members present; and the yeas and nays shall be entered on the Journal on the final passage of every bill.

ABSENCE OF QUORUM

70. In the absence of a quorum, fifteen (15) members, including the Speaker, if there is one, shall be authorized to compel the attendance of absent members, and in all calls of the House the doors shall be closed, the names of the members shall be called by the Clerk, and the absentees noted; and those for whom no sufficient excuse is made may, by order of a majority of those present, be sent for and arrested, wherever they may be found, by officers appointed by the Sergeant at Arms for that purpose, and their attendance secured and retained; and the House shall determine upon what condition they shall be discharged. Members who voluntarily appear shall, unless the House otherwise direct, be immediately admitted to the Hall of the House, and they shall report their names to the Clerk to be entered upon the Journal as present.

71. On the demand of any member, or at the suggestion of the Speaker, the names of members sufficient to make a quorum in the Hall of the House who do not vote shall be noted by the Clerk and recorded in the Journal, and reported to the Speaker with the names of the members voting and be counted and announced in determining the presence of a quorum to do business.

72. Whenever a quorum fails to vote on any question and a quorum is not present and objection is made for that cause, unless the House shall adjourn there shall be a call of the House, and the Sergeant at Arms shall forthwith proceed to bring absent members, and the yeas and nays on the pending question shall at the same time be considered as ordered.

The Clerk shall call the roll, and each member as he answers to his name may vote on the pending question, and, after the roll call is completed, each member arrested shall be brought by the Sergeant at Arms before the House, whereupon he shall be noted as present, discharged from arrest, and given an opportunity to vote and his vote shall be recorded. If those voting on the question and those who are present and decline to vote shall together make a majority of the House, the Speaker shall declare that a quorum is constituted, and the pending question shall be decided as the majority of those voting shall appear; and thereupon further proceedings under the call shall be considered as dispensed with. At any time after the roll call has been completed, the Speaker may entertain a motion to adjourn, if seconded by a majority of those present, to be ascertained by actual count by the Speaker; and if the House adjourns, all proceedings under this section shall be vacated.

**PART X
HOUSE RULES**

DIVISION OF QUESTION

73. On demand of any member, before the question is put, a question shall be divided if it include propositions so distinct in substance, that one being taken away, a substantive proposition shall remain.

74. (1) Questions of privilege shall be:

First, those affecting the rights of the House collectively, its safety, dignity and the integrity of its proceedings.

Second, the rights, reputation and conduct of members individually in their representative capacity only.

(2) No member shall speak more than ten (10) minutes on any question of privilege.

HOURS OF MEETING AND ADJOURNMENT

75. Two o'clock in the afternoon on each legislative day shall be the standing hour to which the House adjourns, unless otherwise ordered by a majority of the members present and voting.

76. The hour at which every motion to adjourn is made shall be entered on the Journal.

77. It shall be the duty of the Rules Committee to prescribe a schedule for regular meetings of standing committees.

78. Every bill or resolution, when favorably reported by the proper committee, shall be made available for viewing on the members' computers and shall be reproduced with sufficient copies so that copies thereof may be placed on the desk of every member who requests to have a copy, before any such bill or resolution is placed on final passage. No bill or resolution shall be considered by the House unless it is available for viewing on the members' computers and all members who request to have a copy of the bill or resolution have been furnished copies thereof, except by unanimous consent. When a bill or resolution is being considered by the House, all amendments offered have been disposed of, and two (2) or more major amendments have been adopted, any member may move that the bill be engrossed. If such motion is adopted by a majority of those present and voting, further consideration of such bill or resolution shall be suspended until the bill or resolution has been engrossed and the engrossed bill or resolution is available for viewing on the members' computers and all members present who request to have a copy have been furnished copies of the engrossed bill or resolution. When the engrossed bill or resolution is available for viewing on the members' computers and all members who request to have a copy have been furnished copies of the engrossed bill or resolution, the bill or resolution shall then become pending business of the House as soon as the main question then under consideration has been disposed of. The committee or any member proposing a substitute or an amendment which is, in effect, a substitute for an entire bill or resolution, shall provide the substitute or amendment to the Clerk to make it available for viewing on the members' computers and provide copies of the substitute or amendment to all members who request a copy before the same shall be voted on for consideration or adoption, except on suspension of the rules.

79. When a bill, memorial or resolution has been finally rejected in the House, it shall not again be introduced or considered during the same session without notice of three (3) days and leave of two-thirds (2/3) of the members present and voting, and a bill so offered

for reintroduction shall be regarded as the same, if it deals substantially with the same subject matter.

SPECIAL ORDER

80. Special orders of the day not disposed of on the day assigned, shall stand for every succeeding day, until disposed of.

81. (1) A motion to postpone to a day certain shall require a majority of those present and voting for its adoption, but a motion to postpone to a time certain shall be deemed, and treated as, a motion to set as a special order. (2) A motion to set a special order may be amended as to time. It is debatable only as to the question of setting the special order and does not open up the main question to debate. (3) A motion to set a special order shall require a two-thirds (2/3) vote of those members present and voting. (4) When special orders that have been made at different times come into conflict, the one that was first made takes precedence over all special orders made afterwards, although the latter were made for an earlier hour.

CALENDARS

82. Bills reported by committees shall be given a serial number by the Clerk and shall be placed on the calendar in the order in which reported by the committee and shall be called for consideration in that order. Bills on the calendar may only be called up by the chairman of the first-named committee from which the bill was reported to the House, or any member of the House designated by the chairman. When a bill is called for consideration in the order in which placed on the calendar and is not considered by the House, it shall go to the heel of the calendar, unless a majority of the members present allow the bill to retain its place on the calendar. Separate calendars shall be kept for the bills reported by the Committees on Ways and Means, Appropriations, Rules, and Local and Private Legislation.

83. Any committee or individual member of the House may apply to the Committee on Rules to set a time for the taking up, ahead of its regular place on the calendar, of any measure favorably reported by the committee to which the measure has been referred. The Committee on Rules may grant such request by a majority vote. The Committee on Rules may designate a day of each legislative week as a noncontroversial bill day. When such a day be designated, all bills appearing on the calendar shall be considered in their regular order provided, however, that should ten percent (10%) of the membership object to any measure on the noncontroversial calendar stating that it is of a controversial nature, that measure shall go to the heel of the General House Calendar.

84. The calendar shall be made up from day to day.

MINORITY REPORT

85. Bills adversely reported by the committees shall not be placed on the calendar at all unless accompanied by a minority report signed by one or more members who were present at the committee meeting at which the bill was reported. Minority reports must be filed within three (3) legislative days after the bill has been reported by the committee; a minority report shall be placed on the calendar at the heel of favorably reported bills and shall not be considered until all favorably reported bills are disposed of, except on a suspension of the rules on a two-thirds (2/3) vote of those elected to the House and on roll call, whereupon, the House may proceed immediately to the consideration thereof.

**PART X
HOUSE RULES**

86. Matters affecting the public interest and regarded as of immediate necessity may be advanced on the calendar by the Rules Committee, and such matters may also be advanced on the calendar by a vote of a majority of the members elected to the House of Representatives.

RULES

87. The permanent Rules of the House may not be changed or amended except by three (3) days' notice by a motion entered in writing and placed on the Journal and by a vote of three-fifths (3/5) of those present and voting, except that no rule shall be changed or amended unless at least a majority of the elected members of the House of Representatives vote for said change or amendment.

Provided, however, the rules, or a rule, may be amended or changed by a resolution referred to the Rules Committee, reported favorably, and adopted by a majority of the elected members of the House of Representatives, and such resolutions, once reported, shall not be amended except by a three-fifths (3/5) vote of the elected members of the House of Representatives.

A motion to reconsider the vote whereby a rule has been adopted or failed shall not be in order at any time.

88. The current Rules of the House of Representatives of the United States shall govern in all cases to which they are applicable and in which they are not inconsistent with the foregoing rules, the Joint Rules of the Senate and the House of Representatives, and the Constitution of the State of Mississippi.

89. No person shall be entitled to enter upon the Floor of the House except: Members, their spouses, former members of the Legislature, unless said former member is a registered lobbyist, officers and employees of the House; members, officers and employees of the Senate; members of the news media who have proper credentials issued by the Rules Committee; ministers invited by the Speaker or the Clerk; and such others as the Committee on Rules may designate.

Doors between the lobby and the cloak room, and the door between the lobby and the Hall of the House shall be kept closed. Visitors invited and personally accompanied by members are permitted in the lobby. The Speaker is charged with the enforcement of this rule, and it shall be the duty of any member, officer or employee of the House to inform the Speaker of any violation of this rule. This rule is applicable from one (1) hour before the House convenes each day until the House adjourns each day.

90. Privilege of reports from Committee on Rules, and limitations thereon.

It shall always be in order to call up for consideration a report from the Committee on Rules and, pending the consideration thereof, the Speaker may entertain one (1) motion that the House adjourn; but after the result is announced, he shall not entertain any other dilatory motion until the report has been fully disposed of.

91. No committee, except the Committee on Rules, shall sit during the sitting of the House, without special leave.

INTRODUCTION OF BILLS

92. Each member, who desires to introduce a bill shall place same in box in front of the Clerk's desk at any hour to suit his convenience, and the Clerk is instructed to take these out at each session when the order for introduction of bills and constitutional

amendments is reached, and read their titles, and after the expiration of not less than one (1) legislative day, the Speaker shall refer them to the proper committees; provided, however, that this shall not prevent the immediate references of said bills or constitutional amendments under a suspension of the rules.

93. All bills and resolutions must be typewritten or printed. Bills and resolutions must be introduced in original form (not carbon, photocopy or facsimile) and should be free from interlineations, corrections and strikeouts, whether with ink, pencil or typewriter. Amendments proposed by members or by committees must not be written into a bill or resolution until such amendments shall be adopted by the House.

94. In addition to any other time provided by law or by rule, members of the House may file bills or resolutions with the Clerk of the House at any time during the period between sessions of the Legislature. Such prefiled bills shall be numbered by the Clerk of the House and referred by the Speaker to the appropriate standing committee of the House for study. Such prefiled bills shall be introduced in the order filed on the first day of the next succeeding regular session of the Legislature, or special session if included within the Governor's call, and referred to committee in the regular order of business of the House.

WITHDRAW FROM COMMITTEE

95. (1) Except as otherwise provided in this rule, every House bill, resolution or measure referred to any committee, and not reported therefrom with a recommendation by the twenty-seventh day of a ninety-day session and by the sixty-second day of a one-hundred-twenty-five-day session, and every Senate bill, resolution or measure referred to any committee, and not reported therefrom by the fifty-fifth day of a ninety-day session and by the ninetieth day of a one-hundred-twenty-five-day session, may be withdrawn from the committee on a motion made in writing, which motion must be read by the Clerk immediately upon its introduction, setting forth the reasons why the bill should be withdrawn from the committee, by a vote of two-thirds (2/3) of the members present and voting. It may then be taken up and considered by the Committee of the Whole House in accordance with the procedure set forth in House Rule 56, or, by a two-thirds (2/3) vote of those present and voting it may be recommitted to a standing committee. During extraordinary or special sessions of the Legislature, any bill, including an appropriation or revenue bill, may be withdrawn from committee after three (3) days from the date of reference. A motion to withdraw a bill from a committee shall not be voted upon by the House on the day which the motion is made, except upon suspension of the rules by a two-thirds (2/3) vote of those present and voting.

(2) Any House appropriation bill or revenue bill referred to the House Appropriations Committee or the House Ways and Means Committee and not reported therefrom with a recommendation within ten (10) legislative days after referral may be withdrawn from the committee in accordance with the procedure set forth in subsection (1) of this rule if the motion for withdrawal is made by the fiftieth day of a ninety-day session and by the eighty-fifth day of a one-hundred-twenty-five-day session.

(3) Any Senate appropriation bill or revenue bill referred to the House Appropriations Committee or the House Ways and Means Committee and not reported therefrom with a recommendation within ten (10) legislative days after referral may be withdrawn from the committee in accordance with the procedure set forth in subsection (1) of this rule if the motion for withdrawal is made by the seventieth day of a ninety-day session and by the one-hundred-fifth day of a one-hundred-twenty-five-day session.

**PART X
HOUSE RULES**

(4) Any House resolution or House concurrent resolution that is referred after the twenty-ninth day of a ninety-day session or after the sixty-fourth day of a one-hundred-twenty-five-day session, and any Senate concurrent resolution that is referred to a House committee after the fifty-seventh day of a ninety-day session or after the ninety-second day of a one-hundred-twenty-five-day session, and not reported therefrom with a recommendation within ten (10) legislative days after referral may be withdrawn from the committee in accordance with the procedure set forth in subsection (1) of this rule.

(5) For the purposes of this rule, the term "revenue bill" shall include only those bills whose primary purpose is to increase or decrease taxes or to authorize the issuance of bonds or the borrowing of money. Bills which are primarily for regulatory purposes which have revenue provisions included shall not be considered as revenue bills for the purposes of this rule.

(6) If the Legislature shortens a ninety-day regular session or a one-hundred-twenty-five-day regular session by moving the deadlines for processing legislation that are set forth in Joint Rule 40 to dates earlier than the dates otherwise set for those sessions, the dates set forth in this subsection (6) shall apply to the motion for withdrawing a bill from committee. A general bill, resolution or measure that has not been reported from the committee to which it has been referred may be withdrawn from the committee after the second day before the deadline for the committee to report the bill, resolution or measure. An appropriation or revenue bill that has not been reported from the House Appropriations Committee or the House Ways and Means Committee, as the case may be, within ten (10) legislative days after referral, may be withdrawn from the applicable committee if the motion for withdrawal is made by the day before the deadline for original House floor action on the bill. A House resolution or House concurrent resolution that is referred after the deadline for committees to report House general bills, and any Senate concurrent resolution that is referred to a House committee after the deadline for House committees to report Senate general bills, and not reported therefrom with a recommendation within ten (10) legislative days after referral may be withdrawn from the committee in accordance with the procedure set forth in subsection (1) of this rule. All other provisions of this rule regarding the procedure to follow and the associated vote requirements for withdrawing bills from committee shall apply.

BILLS SHALL LIE ON TABLE ONE DAY

96. Every bill or resolution requiring the signature of the Governor, all resolutions proposing amendments to the Constitution, and all reports of committees except the report of the Committee on Rules, shall lie on the table one (1) day before being considered except by suspension of the rules.

ROLL CALLS

97. When taking the yeas and nays on any question to be voted upon, the electrical roll-call system may be used, and, when so used, shall have the same force and effect as a roll call taken as otherwise provided in the Rules of the House.

When the House is ready to vote upon any question requiring a roll call and the vote is to be taken by the electrical roll-call system, the Speaker shall announce:

"The question is on the passage of (designating the matter to be voted upon). All those in favor (of such question) vote 'Aye'; all those opposed vote 'No.' The House will now vote."

When sufficient time has been allowed the members to vote, the Speaker shall announce one or more times: "Have all voted?" And after a short pause, the Speaker shall direct the Clerk to lock the machine and record the vote.

The Clerk shall immediately start the vote-recording equipment and, when the vote is completely recorded, shall advise the Speaker of the result, and the Speaker shall announce the result to the House. The Clerk shall enter upon the Journal the result in the manner provided by the Rules of the House.

After the voting machine has been locked, but prior to the display of the tabulated vote on the electric voting board of the result of a roll call, any member may request to (1) change his or her vote, or (2) vote. After the vote has been tabulated and displayed on the electric voting board, a member with unanimous consent may change his or her vote on the measure, except that no such change of vote shall be permitted where such vote would alter the final vote on the measure.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be punished in such a manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he or she shall be barred from the Floor of the House for the remainder of the session and may be punished further in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

98. Neither the Speaker nor the House exercises jurisdiction over pairs, and the only cognizance of them taken by the rules is the provision for the announcement and publication.

99. No member shall be permitted to give an oral explanation of his vote but may reduce his explanation to writing in not more than one hundred (100) words, and upon filing with the Clerk, this explanation shall be spread on the Journal.

MOTION TO RECONSIDER

100. Any member voting on any measure, shall be privileged to enter a motion to reconsider the vote whereby the measure is disposed of, at any time within the period prescribed by the rules of this House.

101. A motion to reconsider having been properly made and entered in the Journal shall become the property of the House and may be called up only by the chairman of the first-named committee from which the measure was reported to the House, or any member of the House designated by the chairman.

When a measure requires more than a majority vote for passage, it may still be reconsidered by a majority vote.

102. When a bill is read the third time in regular order, and not under suspension of the rules, it shall be considered engrossed and the House on the next or any succeeding legislative day may proceed to a vote on its final passage in the same manner as if the rules had been suspended for its consideration.

PASSAGE OVER VETO

103. (1) Upon return of a bill without the approval of the Governor accompanied by the Governor's objections to the bill, the House shall proceed to reconsider the bill by

**PART X
HOUSE RULES**

either an immediate vote on the motion for passage, the Governor's veto notwithstanding, or by referral to the committee which originally recommended the bill. The manner of reconsideration shall be determined, upon proper motion, by majority vote of those present. If the bill is reconsidered by referral to the committee of origin, the committee shall report, with written recommendations, to the full House not more than three (3) legislative days from the referral of the bill in question; however, in the first year of a term, the committee shall report to the full House not more than three (3) legislative days from the date that the members of the committee are appointed. At the time of the report of such committee, only two (2) courses shall be open:

- (a) Allow Governor's veto to stand.
- (b) Override Governor's veto.

The motion for the first course is a motion to allow the Governor's veto to stand, and the motion for the second course is a motion for passage, the Governor's veto notwithstanding. Such a motion, while not mandatory, shall be in order at any time on the same legislative day that the report of the committee is made, but shall not be in order thereafter. However, if the committee does not report to the full House by the end of the third legislative day from the referral of the bill to committee, or by the end of the third legislative day from the date that the members of the committee are appointed in the first year of a term, then it shall be in order for any member of the House to make a motion for either of the two (2) courses on the fourth legislative day from referral or the appointment of the committee members, as the case may be, but not thereafter.

(2) Upon calling up a bill for reconsideration and passage, the Governor's veto notwithstanding, the question before the House is not of reconsideration but that of overriding the Governor's veto.

(3) A two-thirds (2/3) vote of those members present and voting, a quorum being present, is required to pass a bill over a Governor's veto.

(4) A motion to reconsider the vote by which a vetoed bill is passed or rejected is not in order.

104. The Rules Committee shall set aside space to accommodate representatives of the press, radio and television media wishing to report proceedings and such representatives shall be admitted to such area under such regulations as the Rules Committee may from time to time prescribe. The supervision of such portion of the floor shall be fixed in the Committee on Rules.

(a) The correspondents shall abide by such rules and regulations as may be adopted by the Rules Committee.

(b) The press table allotted to representatives of the news media shall be for their exclusive use and persons not holding correspondents' cards shall not be entitled to admission thereto.

OPEN MEETINGS

104A. All official meetings of any standing, interim or special committee of the House of Representatives, but not including conference committees, unless otherwise provided by this rule or the Constitution of the United States or the State of Mississippi, are declared to be public meetings and shall be open to the public at all times unless declared an executive session as provided herein. Any such House committee may enter into executive session for the transaction of public business; provided, however, all meetings

of any such committee shall commence as an open meeting, and an affirmative vote of a majority of all members present shall be required to declare an executive session. The procedure to be followed by such committee in declaring an executive session shall be as follows: Any member shall have the right to require a closed determination upon the issue of whether or not to declare an executive session. Such member, by motion, shall require the meeting to be closed for a preliminary determination of the necessity for executive session. No other business shall be transacted until the discussion of the nature of the matter requiring executive session has been completed and a vote taken on the issue. The total vote on the question of entering into an executive session shall be recorded and spread upon the minutes of such committee. Any such vote whereby executive session is declared shall be applicable only to that particular meeting.

Any such House committee may make and enforce reasonable rules and regulations for the conduct of persons attending its meetings.

Minutes shall be kept of all House committees, in open or executive session, and shall consist of a written record of attendance and final actions taken at such meetings. Such minutes shall be open to public inspection during regular business hours within a reasonable time after adjournment.

During a regular or special session of the Legislature, notice of meetings of all House committees, other than conference committees, shall be given by announcement on the loudspeaker during sessions of the House or by posting on a bulletin board provided for that purpose.

When not in session, the meeting times and places of all House committees shall be kept by the Clerk of the House of Representatives and shall be available at all times during regular working hours to the public and news media.

ELECTION CONTEST

104B. The procedure for handling the contest of the election, other than a primary election, of a member of the Mississippi House of Representatives shall be as follows:

(1) Anyone desiring to contest the election, other than a primary election, of a member returned as elected to the Mississippi House of Representatives shall file with the Clerk of the House of Representatives, within thirty (30) days after a regular general election or ten (10) days after a special election to fill a vacancy, a sworn petition stating particularly the grounds upon which the election is contested. A copy of the petition shall be served on the member whose election is being contested. Any allegations concerning the election, or any grounds for the contest contained in the petition, shall be stated and averred in the same manner in which circumstances constituting fraud are required to be stated with particularity when pleading special matters under the Mississippi Rules of Civil Procedure.

(2) Upon the timely filing of the petition, the Speaker of the House of Representatives shall appoint a special committee to resolve the election contest. Any special committee appointed by the Speaker under this subsection (2) shall be composed of the chairman, who shall be appointed from the state at large, and one (1) member of the House of Representatives from each congressional district as constituted on January 1, 2020. In making the committee appointments, the Speaker shall give consideration to the seniority, abilities and geographic location of the members. Within fifteen (15) days after the Speaker's appointment of the special committee, the committee shall meet to organize and review the petition.

**PART X
HOUSE RULES**

(3) (a) Either party to such an election contest may obtain discovery regarding any matter, not privileged, which is relevant to the particular grounds stated in the petition or any response thereto, and he may use any method of discovery that is authorized under the Mississippi Rules of Civil Procedure.

(b) Either party shall have the right of full examination of ballot boxes in accordance with Section 23-15-911, Mississippi Code of 1972.

(c) All forms of discovery shall be completed within twenty (20) days before the convening of a regular session on the Tuesday after the first Monday in January, except that in the case of a special election to fill a vacancy, discovery shall be completed within thirty (30) days after the special election.

(d) The special committee shall have exclusive jurisdiction over the determination of whether the filing of the petition and discovery related thereto have been timely made. If the filing of the petition or the discovery related thereto is not made timely, the election contest shall be void, and the contest and any rights related thereto shall expire by operation of law.

(4) On the first day of the regular session next occurring after the election being contested, the person who was certified by the appropriate election officials as the duly elected member of the Mississippi House of Representatives from the district in question shall be administered the oath of office by the Secretary of State as required by the Constitution, along with all other members present, and he shall not be requested to stand aside if he has been so certified. In the case of a special election contest, the oath shall be administered by the Speaker as in the case of administering the oath after any special election in which no contest has been filed. The seating and swearing in of a member who has been certified by the appropriate election officials before the special committee has concluded its deliberations shall be conditional and not permanent. The conditional seating and swearing in of the member shall vest in the member all the rights, privileges, and emoluments of the office, but without prejudice to the contest filed by the petitioner.

(5) The special committee appointed by the Speaker shall meet on the first day of the regular session next occurring after the election being contested, except that in the case of a special election to fill a vacancy, the special committee shall meet within five (5) days of the completion of discovery. The work of the special committee shall be a matter of the highest priority for the House, and any conflicts in scheduling meetings of the committee shall be resolved in favor of expediting the committee's work. The special committee shall have the power to investigate all facts concerning the election or qualifications of any member or petitioner, but shall not place itself in the position of investigating matters not alleged in the petition or any response thereto. It also shall have the power to issue subpoenas and compel the attendance of witnesses and the production of such documents or papers as may be required. The special committee shall have the authority to enforce any subpoena issued by the committee and to enforce compliance with the time limitations set forth in this rule, with the assistance of the State Attorney General or his designee.

(6) After the committee concludes its deliberations, it shall report a resolution recommending one (1) of the following courses of action to the House: (a) to seat permanently the House member who was certified and sworn in under subsection (4) of this rule, failure of which shall vacate the seat for the House district in question held by that person; (b) to seat permanently the petitioner in the election contest, passage of which will vacate the seat for that House district and the petitioner shall be sworn in for that seat; or (c) to declare the office of representative for that House district as vacant. The House shall consider the recommendation of the committee, and it shall adopt one

(1) of the courses of action specified in this subsection (6), which must be adopted by a majority vote of House members present and voting.

(7) For purposes of this rule, "day" means a calendar day and includes any legal holiday.

(8) Section 55, Mississippi Constitution of 1890, which requires a two-thirds (2/3) vote of the members present to expel a seated member, shall not apply to any votes taken with regard to an election contest of a member of the House of Representatives.

(9) If the House determines that the person conditionally sworn in under subsection (4) of this rule is not qualified as a member of the Mississippi House of Representatives, any vote cast in the interim shall stand and any compensation and expenses paid shall be retained by that person. If the petitioner prevails on the merits of his contest, he shall receive the regular compensation and expenses of a member of the House, retroactive to the beginning of the session, or in the case of a special election, retroactive to the date upon which the House member conditionally sworn in was seated.

(10) Under the inherent authority of the House to create procedures and rules for the governing of its internal affairs, if any provision of this rule conflicts with any provision of Sections 23-15-955 and 23-15-957, Mississippi Code of 1972, the provisions of this rule shall prevail.

CONSTITUTIONAL PROVISIONS

105. Neither house shall, without the consent of the other, adjourn for more than three (3) days, nor to any other place than that in which the two (2) houses shall be sitting. (Art. 4, Sec. 57, Constitution).

111. General appropriation bills shall contain only the appropriations to defray the ordinary expenses of the executive, legislative and judicial departments of the government; to pay interest on state bonds and to support the common schools. (Art. 4, Sec. 89, Constitution).

13. Each house shall transmit to the other all papers on which any bill or resolution may be founded.

14. Each house shall have the liberty of ordering the printing of bills, messages and reports, without the consent of the other.

15. Bills or resolutions transmitted to either the Senate or House by the other before the constitutional time has expired for entering a motion to reconsider may be recalled by message upon proper entering of a motion to reconsider.

16. Whenever any message, bill, resolution, report or document shall be ordered to be printed by the Senate or House, for use of both houses, it shall be the duty of the Secretary of the Senate or Clerk of the House, as the case may be, immediately to report the fact of the passage of that order to the other branch of the Legislature together with the number so ordered to be printed. Payment thereof shall be made from the contingent funds of each house in the proportion ordered by each house.

17. No new bill shall be introduced into either house during the last three (3) days of the session.

18. All general bills modifying, adding, deleting or repealing language, or a repealer on language, providing for the levying of taxes, borrowing of money, issuing bonds, notes, or other evidence of debt, providing for fees or imposing the issuance of licenses, of whatever kind by the state or any subdivisions thereof, or the exemption of property from state taxes or taxes of any subdivisions thereof, shall be considered as revenue bills, and no revenue bills, or conference committee report thereon, or concurrence in amendments adopted by the other house shall be passed or adopted by either the Senate or the House except by a vote of at least three-fifths (3/5) of the members of the Senate and House, respectively, present and voting.

19. Appropriation and revenue bills shall have precedence in each house, over all other business, and no such bill shall be passed during the last five (5) days of a regular session.

20. Every bill and concurrent resolution, the purpose or effect of which is to expend any state funds or enable the spending of any state funds or to increase or decrease the revenue of the state, either directly or indirectly, shall have attached to it at the time of its being reported by any committee of either house of the Legislature a brief explanatory statement or note which shall include a reliable estimate of the anticipated change in state expenditures or revenues under its provisions. These statements or notes shall be known as fiscal notes. They shall be attached to the original of each proposed bill or resolution but shall be separate therefrom, shall be clearly designated as a fiscal note, and shall not constitute a part of the law proposed by the bill or resolution.

The author of each bill or any committee considering same shall present a copy of the bill or resolution, with his or her request for a fiscal note, to either the Legislative Budget Office, the Department of Finance and Administration, the Department of Revenue, the State Auditor, the state agency with which the bill or resolution is concerned, the state agency having jurisdiction over the subject of the bill or resolution, the Joint Committee on Performance Evaluation and Expenditure Review, or the Legislative Reference Bureau. The fiscal note shall be prepared by the commission or agency and furnished to the author of the bill or committee considering same within seven (7) days after the request is made. If the author of, or committee considering, the bill disagrees with the findings of

**PART X
HOUSE RULES
JOINT RULES OF THE SENATE AND THE HOUSE**

the agency or agencies, then the author or committee may also attach and furnish a fiscal note, based upon his, her or its information, research, study and belief which shall then be incorporated in and become a part of the fiscal note. If the appropriate agency does not furnish a fiscal note, after seven (7) days' request, then the author or committee may furnish the fiscal note, based upon his, her or its information, research, study and belief. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the fiscal note with regard to the merit, or lack thereof, of the measure for which the note is prepared.

Whenever the author of any measure or the committee considering same is of the opinion that no fiscal note is necessary and the measure is considered by either house of the Legislature without a fiscal note, any member of either house may thereafter request a fiscal note be obtained, and in such case the matter shall be decided by majority vote of those present and voting in the house of which he or she is a member.

This rule shall not apply to general appropriation bills, conference reports and local and private bills.

20A. (1) For the purpose of this rule:

(a) "State support funds" means funds in the State General Fund and all state support special funds, which are funds in the Budget Contingency Fund, the Education Enhancement Fund, the Health Care Expendable Fund, the Tobacco Control Program Fund, and any other special funds that the Joint Legislative Budget Committee (JLBC) determines to be state support special funds.

(b) "House" means either house of the Legislature, unless it is clear from the context that it is referring to the House of Representatives.

(2) (a) When an amendment is offered to an appropriation bill on the floor of either house that would increase the amount of state support funds authorized for expenditure by the state agency, official or program being funded in that appropriation bill, the amendment must also include a reduction in the amount of state support funds for one (1) or more other state agencies, officials or programs by a total amount that equals the amount of the increase in the amendment.

(b) The other appropriation bill or bills in which the reductions are to be made do not have to be designated by bill number or line numbers in the amendment if they are described sufficiently enough to be identified, but the amounts by which they are to be reduced must be specific for each bill in which the reduction is to be made.

(c) The reductions required to be made by this rule must be made in an appropriation bill or bills that are still in the house or in an appropriation bill or bills from the other house that will be considered in the house later in the session. After a bill has passed in the house and been released to the other house, none of the reductions required by this rule may be made in that bill.

(3) If such an amendment is adopted, the amendment shall be considered to be an amendment to the other bill or bills in which the reductions are to be made as well as to the bill in which the increase is made. Therefore, no additional vote shall be required on the amendment making the reductions in the bill or bills when that bill or bills are under consideration by the house. The manner by which the reduction is made shall be a separate amendment to the bill that is designated as an amendment by the house, rather than an amendment by the Appropriations Committee or by an individual member.

HOUSE RULES
JOINT RULES OF THE SENATE AND THE HOUSE

2545

(4) (a) When a bill in which the reduction is to be made comes before the house for consideration, the reduction shall be made to the total sum of state support funds authorized to be expended in the bill before the bill is voted on by the house.

(b) If a bill in which the reduction is to be made has already been considered by the house, the reduction shall be made to the total sum of state support funds authorized to be expended in the bill before the bill is released to the other house.

(5) No appropriation bill that authorizes the expenditure of any state support funds for the next fiscal year may be released to the other house until all of the appropriation bills originating in the house or all of the appropriation bills originating in the other house, as the case may be, that authorize the expenditure of any state support funds for the next fiscal year have been passed by the house.

(6) If any statute or rule of either house of the Legislature conflicts with the provisions of this rule, the provisions of this rule shall supersede the conflicting statute or rule to the extent of the conflict.

CONFERENCE

21. When a bill or resolution is returned by either house to the other with amendments, and the house where the bill or resolution originated declined to concur in the amendments, a conference, by a majority vote of those present and voting, may be requested. Such action shall be transmitted by message in which shall be included the names of the conferees on the part of the requesting house. Upon receipt of such message, the other house may, in like manner, grant such conference notifying the requesting house by message and stating the names of the conferees.

22. A conference committee shall consist of three (3) members of the House and three (3) members of the Senate to be appointed by the Speaker of the House and the President of the Senate respectively.

23. Conference committees shall meet as soon as practicable and proceed to confer on the differences between the two (2) houses, seeking to resolve such differences. The conference committee shall report in writing. Such report shall be signed by a majority of the conference committee members appointed from the House and a majority of the conference committee members appointed from the Senate. The report shall be submitted to both houses, and six (6) copies of each report shall be prepared.

23A. (1) All official meetings of any conference committee on a bill or on a resolution proposing a constitutional amendment shall be open to the public at all times, unless declared an executive session in accordance with the provisions of Section 25-41-7, Mississippi Code of 1972.

(2) The chairman of each Senate and House committee to which such a measure is first referred shall designate one (1), two (2) or three (3) rooms in which official meetings of the conference committees pertaining to such measures shall be held. For the first session of a new term, the designation of the rooms shall be announced within three (3) legislative days after adoption of these joint rules. For all other sessions, the designation of the rooms shall be announced not later than the third legislative day of each session. Copies of a list of these rooms shall be available in the respective offices of the committee chairmen. This announcement shall constitute notice of the place of the official meetings of conference committees, and notice that the time of each meeting shall not be announced individually. If a conference committee meets in a location other than a

**PART X
HOUSE RULES
JOINT RULES OF THE SENATE AND THE HOUSE**

designated room, a written notice giving the location of the meeting shall be placed in a conspicuous place in one (1) of the designated rooms.

(3) Proper decorum during any official meeting of a conference committee requires that the committee's deliberation be directly related to the committee's primary purpose of resolving the differences between the two (2) houses that pertain to a specific measure. Therefore, the following shall not be allowed during any official meeting of a conference committee:

(a) The use of a cell phone by a conferee or other person in the room in which the conference committee meeting is being conducted;

(b) Any oral, written or electronic communication between a conferee and another person who is not a legislator or legislative staff member, except that a conferee may request that any person at the meeting meet with the conferee outside the room, and any conferee may request a person who is not a member of the conference committee, upon approval of a majority of the members of the committee present, to address the committee in the room.

(4) If any statute or rule of either house of the Legislature conflicts with the provisions of this rule, the provisions of this rule shall supersede the conflicting statute or rule to the extent of the conflict.

24. Only matters in disagreement between the two (2) houses are subject to consideration by conference committee. However, when one (1) house strikes out of a bill all after the enacting clause and inserts new text as an amendment thereto, the conferees may disregard the text of the original bill and of the amendment and may exercise wide discretion in the incorporation of germane new text.

25. When a conference report is considered by the house of origin and it contains an amendment by the other house which adds code sections not included in the bill as passed the house of origin, a point of order that the conference report is not in order shall be sustained and the bill shall be returned to conference.

When a conference report is considered and it contains code sections not included in the bill as passed the house of origin or in an amendment by the other house, a point of order that the conference report is not in order shall be sustained in either house and the bill shall be returned to conference.

26. In the event of the failure of either house to adopt the conference report, or to concur in amendments, the bill or resolution under such consideration shall be lost.

27. All conference reports, and concurrence in amendments adopted by the other house shall require for adoption the same vote as is required for the passage of the bill, resolution or measure under consideration, and shall be on roll call duly entered and recorded in the journal of the house voting thereon.

28. No bill making an appropriation from, or authorizing the expenditure of money from, any special fund in the State Treasury shall be passed except by the votes of a majority of all the members elected to each house of the Legislature.

29. A motion to reconsider the vote whereby a conference report is adopted or rejected is in order in either house from the time of such adoption or rejection in one (1) house until the end of the session of the next legislative day after notice of disposition by rejection, recommittal to the same conference committee or appointment of a new conference

committee by the other house. The provisions of this rule shall supersede any Senate or House rule which may be in conflict herewith.

ENROLLED BILLS

30. When a bill or resolution shall have passed both houses it shall be enrolled, and the Secretary of the Senate or the Clerk of the House of Representatives, as the case may be, shall certify on the margin of the enrolled bill the fact that it originated in his or her house. The enrolled bill may be examined by the Joint Committee on Enrolled Bills, and carefully compared by the committee with the engrossed bill and all typographical errors, if any, corrected; and the committee shall forthwith report in writing to each house, and the report shall be entered in the journals of both houses. The reports shall be signed by the chairman or acting chairman of the Enrolled Bills Committee on the part of each house.

31. After the Committee on Enrolled Bills has reported a bill or resolution duly enrolled, it shall be signed by the Speaker of the House of Representatives and by the President of the Senate during the legislative session in which the bill or resolution was passed.

32. After a bill shall have been signed by the Speaker of the House and the President of the Senate, it shall be presented by the Secretary of the Senate or Clerk of the House, as the case may be, to the Governor for his or her approval. The Secretary or Clerk shall report the day of presentation to the Governor, which time shall be carefully entered on the journals of each house.

33. All Senate and House concurrent resolutions and memorials, which are not to be presented to the Governor, shall be enrolled, signed and delivered to the Secretary of State.

JOINT COMMITTEES

34. The following joint committees shall be appointed:

(a) Committee on Executive Contingent Fund, to consist of five (5) senators and five (5) representatives.

(b) Committee on State Library, to consist of five (5) senators and five (5) representatives.

(c) Committee on Enrolled Bills, to consist of five (5) senators and five (5) representatives.

(d) Committee to Investigate State Offices or Departments, nine (9) on the part of the Senate and nine (9) on the part of the House; the committee shall meet and apportion the labor of such investigation amongst subcommittees and shall report the result of each investigation to the two (2) houses.

(e) A chairman and vice chairman for the Senate members on each of the above committees shall be appointed by the President of the Senate and a chairman and vice chairman for the House members on each committee shall be appointed by the Speaker. A chairman and vice chairman for each of the above committees shall be elected by the respective committees in joint session; however, both the chairman and the vice chairman shall not come from the same house.

35. When a message shall be sent from one (1) house to the other, such message shall be delivered to the Secretary of the Senate or the Clerk of the House, respectively, as the case may be. A receipt shall be signed for each message so delivered.

LIQUOR AND FIREARMS PROHIBITED

36. No spirituous or malt liquors, or wines, shall be offered for sale, exhibited, or kept within the Capitol building, or in any room connected therewith, or on the public grounds adjacent thereto. It shall be the duty of the Sergeant-at-Arms under the supervision of the respective presiding officers to enforce the foregoing provisions; and any officer, or employee of either house, who shall in any manner violate or connive at the violation of this rule, shall be dismissed from office and service.

37. No member of the Senate or the House or other person, except an official duly authorized by law, shall carry or have on his or her person, concealed in whole or in part, any firearm while in the Capitol, except upon permission granted by a majority vote of the Senate or the House. Any member of the Senate or the House or other person violating this rule shall be subject to such penalty as may be imposed by the Senate or the House, as the case may be, first taking jurisdiction thereof.

LOCAL AND PRIVATE LEGISLATION

38. In addition to observing the injunctions and prohibitions set out in the Constitution of the State of Mississippi, the Senate and the House Committees on Local and Private Legislation shall observe and adhere to the following additional rules and requirements in the consideration of local and private Senate and House bills:

(a) Require that local and private bills, originating in either the Senate or the House, and granting power to any governing authority to perform any official act shall be accompanied by an order or resolution setting out the reasons therefor, duly certified as being a part of the official minutes of that authority. In the event more than one (1) official authority is involved, such certified order or resolution shall be made for each of them.

(b) Require that any bill providing for the transfer of funds shall be accompanied by a certified order or resolution as provided in paragraph (a) of this rule. Such order or resolution shall state whether or not funds proposed to be transferred are pledged for the payment of any outstanding bonds or notes for which there is not already a sufficient surplus accumulated.

(c) Require that any such bills providing for the payment of any claims shall be accompanied by a certified order or resolution as provided in paragraph (a) of this rule, setting out the name of claimants, the nature, amount and reasons for justification of the claim and that with proper authority such claim would be paid.

(d) Require that there shall accompany any bill proposing the issuance of bonds, a certificate from the governing authorities stating that the issuance of such proposed bonds, when added to the present bonded indebtedness of such county, or subdivision thereof, municipality or district, will not exceed any limitation now imposed by law.

***Requests for general bills and constitutional amendments to be drafted must be made no later than 6:00 p.m. on the 9th/37th day. The Rules Committee of the House or Senate, as the case may be, may authorize any member of its respective house to make requests, for one or more general bills or constitutional amendments to be drafted, after the expiration of the deadline for making such drafting requests but before the deadline for introduction of bills and constitutional amendments, upon a determination by the Rules Committee that such drafting requests are in response to conditions of an emergency nature arising subsequent to the deadline for making requests for general bills and constitutional amendments to be drafted.

+Committee reports and conference reports that are subject to being filed on these deadlines must be filed with the Secretary/Clerk no later than 8:00 p.m.

#When the Speaker of the House and the Lieutenant Governor have jointly set a date and time to reconvene the Legislature as provided in this resolution, these deadlines shall be adjusted to later dates in seven-day periods which shall be counted in a manner to ensure that each of the deadlines occurs on the same day of the week as the original date for the deadline, with the first deadline occurring no more than fourteen (14) days from the date and time that the Legislature reconvenes.

Whenever the word "day" appears in this rule, it shall mean calendar day.

The above schedule shall not be deviated from except by the passage of a concurrent resolution adopted by a vote of two-thirds (2/3) of the membership of the House and Senate present and voting.

**PART X
HOUSE RULES
CONSTITUTIONAL PROVISIONS**

**C. CONSTITUTIONAL PROVISIONS
AFFECTING
THE LEGISLATURE AND LEGISLATION**

RULES OF PROCEDURE

Section 54. A majority of each house shall constitute a quorum to do business; but a less number may adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as each shall provide.

Section 55. Each house may determine rules of its own proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds (2/3) of the members present, expel a member; but no member, unless expelled for theft, bribery or corruption, shall be expelled the second time for the same offense. Both houses shall, from time to time, publish journals of their proceedings, except such parts as may, in their opinion, require secrecy; and the yeas and nays on any question shall be entered on the Journal, at the request of one-tenth (1/10) of the members present; and the yeas and nays shall be entered on the Journal on the final passage of every bill.

Section 56. The style of the laws of the State shall be: "Be it enacted by the Legislature of the State of Mississippi."

Section 57. Neither house shall, without the consent of the other, adjourn for more than three (3) days, nor to any other place than that in which the two (2) houses shall be sitting.

Section 58. The doors of each house, when in session, or in Committee of the Whole, shall be kept open, except in cases which may require secrecy; and each house may punish, by fine and imprisonment any person not a member, who shall be guilty of disrespect to the house by any disorderly or contemptuous behavior in its presence, or who shall in any way disturb its deliberations during the session; but such imprisonment shall not extend beyond the final adjournment of that session.

Section 59. Bills may originate in either house, and be amended or rejected in the other, and every bill shall be read by its title on three (3) different days in each house, unless two-thirds (2/3) of the house where the same is pending shall dispense with the rules; and every bill shall be read in full immediately before the vote on its final passage upon the demand of any member; and every bill, having passed both houses, shall be signed by the President of the Senate and the Speaker of the House of Representatives during the legislative session.

Section 60. No bill shall be so amended in its passage through either house as to change its original purpose; and no law shall be passed except by bill; but orders, votes, and resolutions of both houses, affecting the prerogatives and duties thereof, or relating to adjournment, to amendments to the Constitution, to the investigation of public officers, and the like, shall not require the signature of the Governor; and such resolutions, orders and votes may empower legislative committees to administer oaths, to send for persons and papers, and generally make legislative investigations effective.

Section 61. No law shall be revived or amended by reference to its title only, but the section or sections, as amended or revived, shall be inserted at length.

Section 62. No amendment to bills by one (1) house shall be concurred in by the other, except by a vote of the majority thereof, taken by yeas and nays and the names of those voting for and against recorded upon the journals; and reports of committees of conference shall in like manner be adopted in each house.

Section 63. No appropriation bill shall be passed by the Legislature which does not fix definitely the maximum sum thereby authorized to be drawn from the Treasury.

Section 64. No bill passed after the adoption of this Constitution to make appropriations of money out of the State Treasury shall continue in force more than two (2) months after the expiration of the fiscal year ending after the meeting of the Legislature at its next regular session; nor shall such bill be passed except by the votes of a majority of all members elected to each house of the Legislature.

Section 65. All votes on the final passage of any measure shall be subject to reconsideration for at least one (1) whole legislative day, and no motion to reconsider such vote shall be disposed of adversely on the day on which the original vote was taken, except on the last day of the session.

Section 66. No law granting a donation or gratuity in favor of any person or object shall be enacted except by the concurrence of two-thirds (2/3) of the members-elect of each branch of the Legislature, nor by any vote for a sectarian purpose or use.

Section 67. No new bill shall be introduced into either house of the Legislature during the last three (3) days of the session.

Section 68. Appropriation and revenue bills shall, at regular sessions of the Legislature, have precedence in both houses over all other business, and no such bills shall be passed during the last five (5) days of the session.

Section 69. General appropriation bills shall contain only the appropriations to defray the ordinary expenses of the executive, legislative and judicial departments of the government; to pay interest on state bonds and to support the common schools. All other appropriations shall be made by separate bills, each embracing but one (1) subject. Legislation shall not be engrafted on appropriation bills, but the same may prescribe the conditions on which the money may be drawn, and for what purposes paid.

Section 70. No revenue bill, or any bill providing for assessment of property for taxation, shall become a law except by a vote of at least three-fifths (3/5) of the members of each house present and voting.

Section 71. Every bill introduced into the Legislature shall have a title, and the title ought to indicate clearly the subject-matter or matters of the proposed legislation. Each committee to which a bill may be referred shall express, in writing, its judgment of the sufficiency of the title of the bill and this, too, whether recommendation be that the bill do pass or do not pass.

Section 72. Every bill which shall pass both houses shall be presented to the Governor of the state. If he shall approve, he shall sign it; but if he does not approve, he shall return it, with his objections, to the house in which it originated, which shall enter the objections at large upon its Journal, and proceed to reconsider it. If after such reconsideration, two-thirds (2/3) of that house shall agree to pass the bill, it shall be sent, with the objections, to the other house, by which, likewise, it shall be reconsidered; and if approved by two-thirds (2/3) of that house, it shall become a law; but in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the Journal of each house respectively. If any bill shall not be returned by the Governor within five (5) days (Sundays excepted) after it has been presented to him, it shall become law in like manner as if he had signed it, unless the Legislature, by adjournment, prevented its return, in which case such bill shall be a law unless the Governor shall veto it within fifteen (15) days (Sundays excepted) after it is presented to him, and such bill shall be returned to the Legislature, with his objections, within three (3) days after the beginning of the next session of the Legislature.

Section 73. The Governor may veto parts of any appropriation bill and approve parts of the same, and the portions approved shall be law.

**PART X
HOUSE RULES
CONSTITUTIONAL PROVISIONS**

Section 74. No bill shall become a law until it shall have been referred to a committee of each house and returned therefrom with a recommendation in writing.

Section 76. In all elections by the Legislature, members shall vote viva voce, and the votes shall be entered on the journals.

Section 77. The Governor shall issue writs of election to fill such vacancies as may occur in either house of the Legislature, and the persons thereupon chosen shall hold their seats for the unexpired term.

Section 253. The Legislature may, by a two-thirds (2/3) vote of both houses, of all members elected, restore the right of suffrage to any person disqualified by reason of crime; but the reasons therefor shall be spread upon the journals, and the vote shall be by yeas and nays.

INJUNCTIONS

Section 78. It shall be the duty of the Legislature to regulate by law the cases in which deductions shall be made from salaries of public officers for neglect of official duty, and the amount of said deductions.

Section 79. The Legislature shall provide by law for the sale of all delinquent tax lands. The courts shall apply the same liberal principles in favor of such titles as in sale by execution. The right of redemption from all sales of real estate, for the nonpayment of taxes or special assessments, of any and every character whatsoever, shall exist, on conditions to be prescribed by law, in favor of owners and persons interested in such real estate, for a period of not less than two (2) years.

Section 80. Provisions shall be made by general laws to prevent the abuse by cities, towns, and other municipal corporations of their powers of assessment, taxation, borrowing money, and contracting debts.
