The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for

date or dates named therein.

(8) The bonds issued under the provisions of this section are general
obligations of the State of Mississippi, and for the payment thereof the full faith and credit
of the State of Mississippi is irrevocably pledged. If the funds appropriated by the
Legislature are insufficient to pay the principal of and the interest on such bonds as they
become due, then the deficiency shall be paid by the State Treasurer from any funds in
the State Treasury not otherwise appropriated. All such bonds shall contain recitals on
their faces substantially covering the provisions of this subsection.

solely upon the order of the Department of Finance and Administration under such
restrictions, if any, as may be contained in the resolution providing for the issuance of the
bonds.

(10) The bonds authorized under this section may be issued without any other
proceedings or the happening of any other conditions or things other than those

manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code
of 1972, for the validation of county, municipal, school district and other bonds. The notice
to taxpayers required by such statutes shall be published in a newspaper published or
having a general circulation in the City of Jackson, Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any
of the interest coupons pertaining thereto may, either at law or in equity, by suit, action,

section, or under such resolution, and may enforce and compel performance of all duties
required by this section to be performed, in order to provide for the payment of bonds and
interest thereon.

(13) All bonds issued under the provisions of this section shall be legal
investments for trustees and other fiduciaries, and for savings banks, trust companies and
insurance companies organized under the laws of the State of Mississippi, and such
bonds shall be legal securities which may be deposited with and shall be received by all
public officers and bodies of this state and all municipalities and political subdivisions for
the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom

for the purposes herein provided, including the costs incident to the issuance and sale of
such bonds.

(16) The State Treasurer is authorized, without further process of law, to certify
to the Department of Finance and Administration the necessity for warrants, and the
Department of Finance and Administration is authorized and directed to issue such
warrants, in such amounts as may be necessary to pay when due the principal of,
premium, if any, and interest on, or the accreted value of, all bonds issued under this
section; and the State Treasurer shall forward the necessary amount to the designated
place or places of payment of such bonds in ample time to discharge such bonds, or the
interest thereon, on the due dates thereof.

(17) This section shall be deemed to be full and complete authority for the
exercise of the powers herein granted, but this section shall not be deemed to repeal or
to be in derogation of any existing law of this state.

SECTION 77. (1) As used in this section, the following words shall have the
meanings ascribed herein unless the context clearly requires otherwise:
(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 Pontotoc County - W.A. Grist Building Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(ii) Monies deposited into the fund shall be disbursed, in the discretion of the Department of Finance and Administration, to assist Pontotoc County, Mississippi, in paying costs associated with repair, renovation, furnishing and equipping of and upgrades and improvements to the W. A. Grist building.

(b) Amounts deposited into such special fund shall be disbursed to pay the costs of the projects described in paragraph (a) of this subsection. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(3) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the department shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office
on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(11) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this
section, or under such resolution, and may enforce and compel performance of all duties
required by this section to be performed, in order to provide for the payment of bonds and
interest thereon.

(13) All bonds issued under the provisions of this section shall be legal
investments for trustees and other fiduciaries, and for savings banks, trust companies and
insurance companies organized under the laws of the State of Mississippi, and such
bonds shall be legal securities which may be deposited with and shall be received by all
public officers and bodies of this state and all municipalities and political subdivisions for

for the purposes herein provided, including the costs incident to the issuance and sale of

Department of Finance and Administration is authorized and directed to issue such
warrants, in such amounts as may be necessary to pay when due the principal of,
premium, if any, and interest on, or the accreted value of, all bonds issued under this
section; and the State Treasurer shall forward the necessary amount to the designated
place or places of payment of such bonds in ample time to discharge such bonds, or the
interest thereon, on the due dates thereof.

exercise of the powers herein granted, but this section shall not be deemed to repeal or
to be in derogation of any existing law of this state.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 City of Hattiesburg Infrastructure Improvements Fund," is created within the State Treasury. If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

exercise of the powers herein granted, but this section shall not be deemed to repeal or
to be in derogation of any existing law of this state.

compounded semiannually, that is necessary to produce the approximate yield to maturity
shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 City of Kosciusko -

end of a fiscal year shall not lapse into the State General Fund, and any interest earned
or investment earnings on amounts in the fund shall be deposited into such fund.

(ii) Monies deposited into the fund shall be disbursed, in

completed in a timely fashion, any amounts remaining in such special fund shall be
applied to pay debt service on the bonds issued under this section, in accordance with
the proceedings authorizing the issuance of such bonds and as directed by the

subsection (2) of this section. Upon the adoption of a resolution by the Department of
Finance and Administration, declaring the necessity for the issuance of any part or all of
the general obligation bonds authorized by this subsection, the department shall deliver a
certified copy of its resolution or resolutions to the commission. Upon receipt of such
resolution, the commission, in its discretion, may act as issuing agent, prescribe the form
of the bonds, determine the appropriate method for sale of the bonds, advertise for and

If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special fund created in subsection (2) of this section. Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

SECTION 101. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the “2021 Long Beach School District Fund,” is created within the State Treasury. Upon receipt of such
resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. (13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(17) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

(a) “Accreted value” of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the “2021 Tate County Tate - Panola Fund,” is created within the State Treasury. Mississippi, in paying costs associated with resurfacing Tate - Panola Road in Tate County.

(b) Amounts deposited into such special fund shall be disbursed to pay the costs of the projects described in paragraph (a) of this subsection. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(3) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the department shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 Town of Carrollton Drainage Improvements Fund," is created within the State Treasury. (a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 Town of Duncan Community Park Fund," is created within the State Treasury. their faces substantially covering the provisions of this subsection.

resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(11) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. (12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(2) (a) (i) A special fund, to be designated as the "2021 Tallahatchie County Solid Waste Collection Transfer Station Fund," is created within the State Treasury. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(17) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 Jackson State University Stadium Fund," is created within the State Treasury. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Two Hundred Fifty Thousand Dollars ($250,000.00). No bonds shall be issued under this section after July 1, 2025.

Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special fund created in subsection (2) of this section. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.
(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any
of the interest coupons pertaining thereto may, either at law or in equity, by suit, action,
mandamus or other proceeding, protect and enforce any and all rights granted under this
section, or under such resolution, and may enforce and compel performance of all duties
required by this section to be performed, in order to provide for the payment of bonds and
interest thereon.

(13) All bonds issued under the provisions of this section shall be legal

(30) days after the aggrieved party receives written notice of such denial, suspension or
revocation. The Commissioner of Public Safety, or his duly authorized agent, shall rule
upon such appeal within thirty (30) days after the appeal is filed and failure to rule within
this thirty-day period shall constitute sustaining such denial, suspension or revocation.
Such review shall be conducted pursuant to such reasonable rules and regulations as the
Commissioner of Public Safety may adopt.

(b) If the revocation, suspension or denial of issuance is sustained
by the Commissioner of Public Safety, or his duly authorized agent pursuant to paragraph

thirty (30) days after having a license lost or destroyed, the licensee shall notify the
Department of Public Safety in writing of such change or loss. Failure to notify the
Department of Public Safety pursuant to the provisions of this subsection shall constitute
a noncriminal violation with a penalty of Twenty-five Dollars ($25.00) and shall be enforceable by a summons.

(10) In the event that a stun gun, concealed pistol or revolver license is lost or destroyed, the person to whom the license was issued shall comply with the provisions of subsection (9) of this section and may obtain a duplicate, or substitute thereof, upon payment of Fifteen Dollars ($15.00) to the Department of Public Safety, and furnishing a notarized statement to the department that such license has been lost or destroyed.

After the close of each fiscal year, the balance in this fund shall be certified to the Legislature and then may be used by the Department of Public Safety as directed by the Legislature.

(17) All funds received by a sheriff or police chief pursuant to the provisions of this section shall be deposited into the general fund of the county or municipality, as appropriate, and shall be budgeted to the sheriff's office or police department as appropriate.

(18) Nothing in this section shall be construed to require or allow the registration, documentation or providing of serial numbers with regard to any stun gun or firearm.

(19) Any person holding a valid unrevoked and unexpired license to carry stun guns, concealed pistols or revolvers issued in another state shall have such license recognized by this state to carry stun guns, concealed pistols or revolvers. The Department of Public Safety is authorized to enter into a reciprocal agreement with another state if that state requires a written agreement in order to recognize licenses to carry stun guns, concealed pistols or revolvers issued by this state.

(20) The provisions of this section shall be under the supervision of the Commissioner of Public Safety. The commissioner is authorized to promulgate reasonable rules and regulations to carry out the provisions of this section.

   With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairman of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or Appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

   Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and
Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service’s Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency's responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.

SECTION 4. It is the intention of the Legislature that the Department of Environmental Quality shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2023 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process.

SECTION 5. In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Each Marine Conservation Officer and Supervisor shall be furnished an allowance for uniforms not to exceed Six Hundred Dollars ($600.00) per annum.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency's responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.

SECTION 4. It is the intention of the Legislature that the Department of Marine Resources shall maintain complete accounting and personnel records related to the
expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. With the funds herein appropriated, it shall be the agency’s responsibility to make certain that funds required to be appropriated for “Personal Services” for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency’s Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairman of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairman of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 “Personal Services” when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change “Personal Services,” the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 “Personal Services” appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.
Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service’s Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency’s responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.

SECTION 4. In compliance with the “Mississippi Performance Budget and Strategic Planning Act of 1994,” it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. Of the funds appropriated in Sections 1 and 2, none shall be expended for personnel housing under the jurisdiction of the Department of Corrections unless the department shall collect a reasonable rent, after a finding of fact as to what is a reasonable rent, and/or the cost of utilities furnished to said housing. The Department of Corrections shall not pay for the installation or monthly service of any telephone installed in a staff residence under its jurisdiction.

It is further the intention of the Legislature that none of the funds provided herein shall be used to pay certain utilities for state-furnished housing for any employees. Such utilities shall include electricity, natural gas, butane, propane and cable services. Where actual cost cannot be determined, the agency shall be required to provide meters to be in compliance with legislative intent. Such state-furnished housing shall include single-family and multifamily residences but shall not include any dormitory residences. Allowances for such utilities shall be prohibited.

SECTION 6. Of the funds appropriated in Sections 1 and 2, and authorized for expenditure in Section 3, payment may be authorized for court-ordered attorney fees and any accrued interest subject to the approval of the Office of the Attorney General.

SECTION 7. None of the money herein appropriated shall be paid to any person who by the provision of Section 47-5-47, Mississippi Code of 1972, as amended, is prohibited from being an employee of the Mississippi Department of Corrections. The State Department of Finance and Administration shall at least annually make a report to the Joint Legislative Committee on Performance Evaluation and Expenditure Review and to the Attorney General stating the name of any person prohibited under the provisions of Section 47-5-47, Mississippi Code of 1972, as amended, from being an employee of the Mississippi Department of Corrections who has during the preceding year received any money herein appropriated. In the event that any such person prohibited as hereinabove provided from receiving funds herein appropriated should receive any of said funds, the Attorney General shall immediately commence action to recover the monies so paid to
said person and to enjoin the further employment of said person at the Mississippi Department of Corrections.

SECTION 8. It is the intent of the Legislature that all prisoners at Parchman shall work a minimum of eight (8) hours per day, excluding prisoners with a physical disability or those incarcerated in maximum security.

SECTION 9. It is the intention of the Legislature that the per diem rates paid to regional facilities shall not exceed Thirty-one Dollars ($31.00) per inmate. All regional facilities shall continue to receive the annual three percent (3%) increase in the per diem rate as authorized in Section 47-5-933, Mississippi Code of 1972, however, in no event shall any regional facility's per diem rate exceed Thirty-one Dollars ($31.00) per inmate.

SECTION 10. The department or its contracted medical provider will pay to a provider of a medical service for any and all incarcerated persons from a correctional or detention facility an amount based upon negotiated fees as agreed to by the medical care service providers and the department and/or its contracted medical provider. In the absence of a negotiable fee schedule, medical care service providers will be paid by the department or its contracted medical service provider an amount no greater than the reimbursement rate applicable based on the Mississippi Medicaid reimbursement rate. This limitation applies to all medical care services, durable and nondurable goods, prescription drugs and medications provided to any and all incarcerated persons outside of the correctional or detention facility. None of the monies appropriated herein may be used to pay for cosmetic medical procedures or any prisoner. Cosmetic medical procedure means any medical procedure performed in order to change an individual's appearance without significantly serving to prevent or treat illness or disease or to promote proper functioning of the body.

SECTION 11. It is the intention of the Legislature that the Commissioner of the Mississippi Department of Corrections shall have the authority to transfer cash from one special fund treasury fund to another special fund treasury fund under the control of the Department of Corrections. The purpose of this authority is to more efficiently use available cash reserves. It is further the intention of the Legislature that the Department of Corrections shall submit written justification for the transfer to the Legislative Budget Office and the Department of Finance and Administration on or before the fifteenth of the month prior to the effective date of the transfer.

SECTION 12. The Commissioner of the Mississippi Department of Corrections is hereby authorized to transfer spending authority between and within budgets, both positions and funds, in an amount not to exceed twenty-five percent (25%) of the authorized budgets in the aggregate. It is further the intention of the Legislature that the Department of Corrections shall submit written justification for the transfer to the Legislative Budget Office and the Department of Finance and Administration on or before the fifteenth of the month prior to the effective date of the transfer.

SECTION 13. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 14. It is the intention of the Legislature that all funds held by the Inmate Welfare Fund be placed in a treasury fund effective July 1, 2021. Of the amounts appropriated in Section 2, an amount not exceeding Six Million Dollars ($6,000,000.00) shall be available for expenditure in the Inmate Welfare Fund. Of these funds, Five Hundred Thousand Dollars ($500,000.00) shall be used to provide for transitional housing and post release reentry programs.

SECTION 15. It is the intention of the Legislature that the Mississippi Department of Corrections shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2023 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process.
SECTION 16. It is the intention of the Legislature for the Mississippi Department of Corrections to manage funds budgeted and allocated. In so doing, the commissioner of the department shall have the authority to amend, extend and/or renew the term of any lease agreement or any inmate housing agreement in connection with a correctional facility. Notwithstanding any statutory limits to the contrary, such amendment, extension and/or renewal may be for a length of time up to and including ten (10) years as is necessary for the continued operations of such facilities and implementation of the department's duties and responsibilities in accordance with Title 47 of the Mississippi Code of 1972, as amended.

SECTION 17. With the funds herein appropriated, it is the intent of the Legislature that upon vouchers submitted by the board of supervisors of any county housing offenders in county jails pending a probation or parole revocation hearing, the department shall pay the reimbursement costs as provided for in Section 47-5-901(3)(b), Mississippi Code of 1972, as amended by House Bill No. 585, 2014 Regular Session.

SECTION 18. With the funds herein appropriated, it is the intent of the Legislature, that for Fiscal Year 2022, the Department of Corrections shall reimburse municipalities, up to Twenty Dollars ($20.00) a day, for the cost incurred of housing inmates in any jail facility based on time served for the conviction of larceny, shoplifting, or related convictions where the value of the property taken is Five Hundred Dollars ($500.00) or more but is equal to or less than One Thousand Dollars ($1,000.00). A copy of the court abstract of record and the jail docket shall be provided to show the total number of days an individual was incarcerated in said jail facility. The reimbursement shall be payable back to the municipality upon receipt of required documentation and an invoice. Total reimbursements resulting from this section shall not exceed One Hundred Twenty-five Thousand Dollars ($125,000.00).

SECTION 19. Of the funds appropriated under the provisions of Section 2, funds may be expended to defray the costs of clothing for sworn nonuniform law enforcement officers in an amount not to exceed One Thousand Dollars ($1,000.00) annually per officer.

This appropriation is made for the purpose of providing the funds necessary for repairs and renovation of the physical facilities of the Mississippi Department of Corrections.

SECTION 22. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers, in the manner provided by law.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency's responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.

SECTION 4. The Commissioner of Public Safety may, on a case-by-case basis, within funds available, recommend that corrective salary adjustments be made to the compensation of employees of the Department of Public Safety where an inequity was created between employees of equivalent capacity by previous application of the agency appropriation acts. Any such corrective salary adjustment plan must have prior approval by the State Personnel Board. Such adjustments will not be retroactive.

Any funds in the Salary, Wages and Fringe Benefits major object of expenditure may be used to purchase accumulated compensatory time within funds available.

SECTION 5. It is the intention of the Legislature, in accordance with House Bill 974, 2021 Regular Session, the Department of Finance and Administration shall transfer Six Million Six Hundred Three-twenty Thousand Two Hundred Fifteen Dollars ($6,632,215.00), all employees, equipment, inventory and resources of the Capitol Police employed and used as law enforcement personnel to the Department of Public Safety on July 1, 2021. The
transfer of personnel shall be commensurate with the number and classification of positions allocated to that law enforcement. The transfer shall also include direct support, clerical, data processing and communications positions allocated to that law enforcement.  

SECTION 6. Contingent upon passage of Senate Bill 2956, 2021 Regular Session, it is the intention of the Legislature, that the Mississippi Department of Transportation shall transfer Sixteen Million Two Hundred Ten Thousand Five Hundred Forty-six Dollars ($16,210,546.00), all employees, equipment, inventory and resources of the Commercial Transportation Enforcement Division employed and used as law enforcement personnel to the Department of Public Safety on July 1, 2021.  The transfer of personnel shall be commensurate with the number and classification of positions allocated to that law enforcement. The transfer shall also include direct support, clerical, data processing and communications positions allocated to that law enforcement.  

SECTION 7. Of the funds appropriated in Section 1 and Section 2, funds are provided for the implementation of House Bill 974, 2021 Regular Session and Senate Bill 2956, 2021 Regular Session.  

SECTION 8. It is the intent of the Legislature that the local governments pay for part of the computer cost of the Mississippi Justice Information Center by maintaining their contribution to the Department of Public Safety.  

SECTION 9. It is the intention of the Legislature that the Department of Public Safety designate certain employees to aid the Office of Forensics Laboratories in the billing and collecting of all fees charged for services rendered by the Office of Forensics Laboratories.  

SECTION 10. No part of the funds appropriated herein shall be transferred to, expended by, or used, directly or indirectly, for the benefit of any public relations, publicity or publication activities of any other state agency, department or officer, nor shall any personnel paid with funds appropriated herein be transferred or assigned to any other state agency, department or officer for public relations, publicity, or publication activities of such office.  

SECTION 11. It is the intention of the Legislature that the Department of Public Safety shall not issue citations for violations of speed limits on a quota basis. No funds expended under this act shall be used for such quota-based citations for violations of speed limits.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service’s Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency's responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.
SECTION 4. Of the funds appropriated under the provisions of Sections 1 and 2, funds in the amount of Two Hundred Fifty Thousand Dollars ($250,000.00) are provided to defray the cost of providing care to indigent/low-income Mississippi veterans and the nonveteran surviving spouses of Mississippi veterans if the surviving spouse was a resident of a state veterans home at the time of the veteran's death and who, subsequent to the veteran's death, meets the indigent/low-income criteria established by the State Veterans Affairs Board, in the state veterans homes. It is the intention of the Legislature that the provision pertaining to use of indigent/low-income surviving spouses be retroactive for any such period, prior to the effective date of this act, that a current surviving spouse may have met the criteria. This section and its provisions shall be known and cited as the "Hilton R. 'Jack' Vance Act of 1997."

SECTION 5. The Veterans Affairs Board shall have continued authority for all action related to planning, development, construction, and outfitting of the North Mississippi Veterans' Memorial Cemetery.

SECTION 6. It is the intention of the Legislature that the Veterans Affairs Board shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under the provisions of this act and that such records shall be in the same format and level of details as maintained for Fiscal Year 2021. It is further the intention of the Legislature that the budget request for Fiscal Year 2023 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process.

SECTION 7. SECTION 8. It is the intention of the Legislature for the Veterans' Affairs Board to set the compensation of two (2) Nursing Services Director PINs and two (2) Nurse Administrator PINs based on the education and experience of the incumbent not to exceed the end salary as established by the State Personnel Board.

SECTION 9. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 10. The Veterans Affairs Board shall have the authority to escalate and expend increased federal funds obtained by virtue of Public Law 109-461 (38 CFR Part 51).

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 7. The money herein appropriated may be used for any expenses which the commission may legally incur. Provided, however, that no part of the money herein appropriated shall be used for the payment of attorney's fees, except upon recommendation of the Governor with the approval of the Attorney General, nor shall any of said funds be used either directly or indirectly for the purpose of paying any clerk, stenographer, assistant, deputy or other employee who may be related by blood or marriage within the third degree, computed by the rule of civil law, to the official employing or having the right of employment or selection thereof, except that when the relationship is by affinity and the person is dead through whom the relationship was established, this rule shall not apply. In the event of any such payment, then the official or person approving and making such payment shall be liable to return to the State of Mississippi and to pay into the State Treasury to the credit of the General Fund three (3) times any such amount so paid to be recovered at suit by the Attorney General.

SECTION 8. In compliance with the “Mississippi Performance Budget and Strategic Planning Act of 1994,” it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.

SECTION 1. With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be
processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions, and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service’s Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairman of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service’s Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.
Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency's responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.

SECTION 4. In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. Based on the funding authorized, this agency shall make every effort to attain the targeted performance measures provided below:

1. That the House recede from its Amendment No. 1.

2. That the Senate and House adopt the following amendment:

   Amend by striking all after the enacting clause and inserting in lieu thereof the following:

   SECTION 1. The following sum, or so much thereof as may be necessary, is hereby appropriated out of any money in the State General Fund not otherwise appropriated, for the support and maintenance of the Secretary of State for the fiscal year beginning July 1, 2021, and ending June 30, 2022

   AUTHORIZED POSITIONS:
   Permanent: Full Time 97
   Part Time 0
   Time-Limited: Full Time 13
   Part Time 0

   With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

   Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval
from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service’s Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

Funds have been appropriated herein for the purpose of implementation and funding Project SEC2 of the Colonel Guy Groff State Variable Compensation Plan beginning January 1, 2022, and ending June 30, 2022. It shall be the agency’s responsibility to make certain that each person, excluding executive directors, agency heads, and elected judges, shall receive no more than a 3% annual increase in salary which shall not exceed the market rate established by the State Personnel Board pursuant to the Colonel Guy Groff State Variable Compensation Plan for each classification.

SECTION 4. None of the funds appropriated by this act shall be expended for any purpose that is not actually required or necessary for performing any of the powers or duties of the Office of the Secretary of State that are authorized by the Mississippi Constitution of 1890, state or federal law, or rules or regulations that implement state or federal law.

SECTION 5. No part of the funds appropriated herein shall be used, either directly or indirectly, for the purpose of paying any clerk, stenographer, assistant, deputy, or other person who may be related by blood or marriage within the third degree, computed by the rules of the civil law, to the official employing or having the right of employment or selection thereof; and in the event of any such payment, then the official or person approving and making or receiving such payment shall be jointly and severally liable to return to the State of Mississippi and to pay into the State Treasury three (3) times any such amount so paid or received, to be recovered at suit of the Attorney General; provided that when the relationship is by affinity and the person through whom the relationship was established is dead, this provision shall not apply.

SECTION 6. Of the funds appropriated in Section 1, the Secretary of State may use funds appropriated for the purposes of defraying litigation expenses associated with the enforcement of the Mississippi Securities Act, the Regulation of Charitable Solicitations Act, and the administration of the Public Trust.

SECTION 7. In compliance with the “Mississippi Performance Budget and Strategic Planning Act of 1994,” it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. SECTION 6. It is the intention of the Legislature that the Governor's Office - Division of Medicaid shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2023 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process with the Children's Health Insurance Program (CHIP) being separated from the Medical Services Program and submitted as a separate program. Rep. Read called up the conference report on the following bill and moved that it be adopted:

H. B. No. 109: State budget; enact and revise various provisions relating to.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 109: Budget process; update various sections relating to.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-103-125, Mississippi Code of 1972, is amended as follows:

27-103-125. The proposed budget of each state agency shall show the amounts required for operating expenses separately from the amounts required for permanent improvements. The overall budget shall show, separately by each source, the estimated amount of general fund revenue and of special fund revenues of general fund agencies. The total proposed expenditures in Part 1 of the overall budget shall not exceed the amount of estimated revenues that will be available in the general and special funds for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand in the general and special funds at the close of the then current fiscal year. The total proposed expenditures from the State General Fund in Part 1 of the overall budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. * * * The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. The Legislative Budget Office may
recommend additional taxes or sources of revenue if in its judgment those additional funds
are necessary to adequately support the functions of the state government.

SECTION 2. Section 27-103-139, Mississippi Code of 1972, is amended as
follows:

27-103-139. On or before November 15 preceding each regular session of the
Legislature, except the first regular session of a new term of office, the Governor shall
submit to the members of the Legislature, the Legislative Budget Office or the members-
elect, as the case may be, and to the executive head of each state agency a balanced
budget for the succeeding fiscal year. The budget submitted shall be prepared in a format
that will include performance measurement data associated with the various programs
operated by each agency. The total proposed expenditures in the balanced budget shall
not exceed the amount of estimated revenues that will be available for appropriation or
use during the succeeding fiscal year, including any balances other than unencumbered
balances in general funds that will be on hand at the close of the then current fiscal year,
as determined by the revenue estimate jointly adopted by the Governor and the
Legislative Budget Committee. The total proposed expenditures from the State General
Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount
of general fund revenue estimate for the succeeding fiscal year. * * * The general fund
revenue estimate shall be the estimate jointly adopted by the Governor and the Joint
Legislative Budget Committee.

The revenues used in preparing the balanced budget shall be only those
revenues that will be available under the general laws of the state as they exist when the
balanced budget is prepared, and shall not include any proposed revenues that would
become available only after the enactment of new legislation. If the Governor has any
recommendations for additional proposed expenditures or proposed revenues that are
not included in his balanced budget, he shall submit those recommendations in a
supplement that is separate from his balanced budget, and whenever the Governor
recommends any such additional proposed expenditures, he also shall recommend
proposed revenues that are sufficient to fund the additional proposed expenditures,
providing specific details regarding the sources and the total amount of those proposed
revenues.

The Governor may employ a budget officer for the purpose of receiving
information from the State Fiscal Officer and preparing his recommendations on the
budget. If the Governor determines that information received from the State Fiscal Officer
is not sufficient to enable him to prepare his budget recommendations, he may request
an appropriation from the Legislature to provide additional staff within the Governor's
office for that purpose. At the first regular session after his election for Governor, the
Governor shall submit any budget recommendations plus the required revenue source
recommendations no later than January 31 of that year.

SECTION 3. Section 27-103-203, Mississippi Code of 1972, is amended as
follows:

27-103-203. (1) There is created in the State Treasury a special fund, separate
and apart from any other fund, to be designated the Working Cash-Stabilization Reserve
Fund.

(2) The Working Cash-Stabilization Reserve Fund shall not be considered as
a surplus or available funds when adopting a balanced budget as required by law. The
State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not
needed for the purposes provided for in this section in certificates of deposit, repurchase
agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-
103, as the State Treasurer may determine to yield the highest market rate available. If
the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million
Dollars ($5,000,000.00) of interest earned on those sums each fiscal year shall be
deposited into that fund until a total of Seventy Million Dollars ($70,000,000.00) has been
deposited into the fund. The interest, or the remaining interest if the Ayers Settlement
Fund is created, that is earned on those sums shall be deposited in the Working Cash-
Stabilization Reserve Fund until the balance of principal and interest in the fund reaches
ten percent (10%) of the total General Fund appropriations for the current fiscal year, and
all interest earned in excess of amounts necessary to maintain the ten percent (10%) fund
balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars ($15,000,000.00) and the amount of the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other special funds for such purposes as authorized by Section 31-17-101 et seq., shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars ($15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those purposes from General Fund revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars ($15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars ($55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars ($0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars ($40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars ($50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year * * *.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

(8) Any funds appropriated from the Working Cash-Stabilization Reserve Fund that are unexpended at the end of a fiscal year shall lapse into the Working Cash-Stabilization Reserve Fund.

SECTION 4. Section 27-103-211, Mississippi Code of 1972, is amended as follows:

27-103-211. The total sum appropriated by the Legislature from the State General Fund for any fiscal year shall not exceed ninety-eight percent (98%) of the general fund revenue estimate for that fiscal year developed by the Department of Revenue and the University Research Center and adopted by the Joint Legislative Budget Committee. The unencumbered balances in general funds that will be available and on
hand at the close of the fiscal year shall not include projected amounts required to be
deposited into the Working Cash-Stabilization Reserve Fund under Section 27-103-203. ** *

SECTION 5. Section 27-103-213, Mississippi Code of 1972, is amended as follows:

27-103-213. (1) The unencumbered cash balance in the General Fund in the
State Treasury at the close of each fiscal year shall be distributed to the Municipal
Revolving Fund, the Working Cash-Stabilization Reserve Fund and the Capital Expense
Fund in the manner provided in this section ** **.

(2) (a) At the end of each fiscal year, the Executive Director of the Department
of Finance and Administration and the State Treasurer shall determine the extent of the
unencumbered cash balance existing in the General Fund in the State Treasury.

(b) As used in this section, the term "unencumbered cash balance"
or "unencumbered General Fund cash balance" means the amount in the State General
Fund after deducting all appropriations and other expenditures. However, if the
Legislature has authorized additional or deficit appropriations or transfers from the State
General Fund for that fiscal year, those amounts shall be subtracted from the
unencumbered cash balance in the General Fund before determining the amount
available for distribution. The unencumbered General Fund cash balance shall not be
determined until after August 31 of each year, and it shall not be made until the State
Treasurer has received a certificate in writing from the Executive Director of the
Department of Finance and Administration, with notification to the Legislative Budget
Office, showing the amount of the unencumbered General Fund cash balance.

(3) If any unencumbered General Fund cash balance is available for
distribution under this section, the distribution of those funds shall be made by the
Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven
Hundred Fifty Thousand Dollars ($750,000.00); however, if the amount of the
unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand
Dollars ($750,000.00), then the total amount of the unencumbered General Fund cash
balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, fifty percent
(50%) of the amount of the unencumbered General Fund cash balance after the
distributions are made under paragraph (a), not to exceed ten percent (10%) of the
General Fund appropriations for the fiscal year that the unencumbered General Fund cash
balance represents. For the purposes of this paragraph (b), the appropriations for the
fiscal year shall be the total amount contained in the actual appropriation bills passed by
the Legislature.

(c) To the Capital Expense Fund, any remaining amount of the
unencumbered General Fund cash balance after the distributions are made under
paragraphs (a) and (b).

** **

SECTION 6. Section 27-103-303, Mississippi Code of 1972, is amended as
follows:

27-103-303. (1) There is created in the State Treasury a special fund, separate
and apart from any other fund, to be designated the Capital Expense Fund.

(2) The Capital Expense Fund shall not be considered as a surplus or available
funds when adopting a balanced budget as required by law. The State Treasurer shall
invest all sums in the Capital Expense Fund not needed for the purposes provided for in
this section in certificates of deposit, repurchase agreements and other securities as
authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may
determine to yield the highest market rate available. Interest earned on this fund shall be
deposited by the State Treasurer into the State General Fund.

(3) The Capital Expense Fund shall be used for capital expense needs, repair
and renovation of state-owned properties and specific expenditures authorized by the
Legislature. The Legislature shall designate those capital expense projects, repair
and renovation projects and other authorized projects in an appropriation act passed by the
Legislature, which shall direct the Director of the Department of Finance and
Administration to administer the projects.
(4) In addition to the purposes specified in subsection (3) of this section, the Capital Expense Fund shall be used to provide funds for emergency repairs on state-owned buildings upon requisition of the Executive Director of the Department of Finance and Administration. If the amount requisitioned is more than the amount available in the Capital Expense Fund or above the limitations set forth below in this subsection, then the executive director may escalate the budget of the bureau to use the amount that is available within the limitations for the emergency repairs and transfer that amount to the bureau for that purpose. The maximum amount that may be transferred from the Capital Expense Fund to the bureau for any single emergency shall be One Million Dollars ($1,000,000.00), and the maximum amount that may be transferred to the bureau for all emergencies during any fiscal year shall be Five Million Dollars ($5,000,000.00).

(5) Funds deposited in the Capital Expense Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Capital Expense Fund shall be made except by act of the Legislature making specific reference to the Capital Expense Fund as the source of those funds.

(6) Unexpended funds in the Capital Expense Fund at the end of a fiscal year shall not lapse into the State General Fund but shall remain in the fund for use under this section. Any funds appropriated from the Capital Expense Fund that are unexpended at the end of a fiscal year shall lapse into the Capital Expense Fund.

Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages.

(c) If substantially all of the property of the person with respect to whom the return is filed is in the hands of a trustee in bankruptcy or receiver, such return or returns for prior years of such person shall, upon written request, be open to inspection by or disclosure to such trustee or receiver, but only if the Commissioner of Revenue finds that such receiver or trustee, in his fiduciary capacity, has a material interest which will be affected by information contained therein.

(d) Any return to which this section applies shall, upon written request, also be open to inspection by or disclosure to the attorney-in-fact duly authorized in writing by any of the persons described in paragraph (a) of this subsection to inspect the return or receive the information on his behalf, subject to the conditions provided in paragraph (a).

(e) Return information with respect to any taxpayer may be open to inspection by or disclosure to any person authorized by this subsection to inspect any return of such taxpayer if the Commissioner of Revenue determines that such disclosure would not seriously impair state tax administration.

We, therefore, respectfully submit the following report and recommendation:

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-309, Mississippi Code of 1972, is amended as follows:

27-7-309. (1) (a) Except as otherwise provided in this subsection, every employer required to deduct and withhold from wages under this article shall, for each calendar quarter, on or before the fifteenth day of the month following the close of such calendar quarter, file a withholding return as prescribed by the commissioner and pay over to the commissioner the full amount required to be deducted and withheld from wages by such employer for the calendar quarter. Provided that the commissioner may, by regulation, provide that every such employer shall, on or before the fifteenth day of each month, pay over to the commissioner or a depository designated by the commissioner, the amount required to be deducted and withheld by such employer for the preceding month, if such amount is One Hundred Dollars ($100.00) or more. Returns and payments placed in the mail must be postmarked by the due date in order to be timely filed, except when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed.

* * *

( * * *b) The commissioner may promulgate rules and regulations to require or permit filing periods of any duration, in lieu of monthly or quarterly filing periods, for any taxpayer or group thereof.

(2) Notwithstanding any of the other provisions of this section, all transient employers and all employers engaged in any business which is seasonal shall make return and pay over to the commissioner, on a monthly basis, the full amounts required to be deducted and withheld from the wages by such employer for the calendar month. Such returns and payments to the commissioner by such employers shall be made on or before the fifteenth day of the month following the month for which such amounts were deducted and withheld from the wages of his employees. The commissioner shall have the authority to issue reasonable rules and regulations designating or classifying those transient and seasonal employers.

(3) If the commissioner, in any case, has justifiable reason to believe that the collection of funds required to be withheld by any employer as provided herein is in jeopardy, he may require the employer to file a return and pay such amount required to be withheld at any time.

(4) Every employer who fails to withhold or pay to the commissioner any sums required by this article to be withheld and paid, shall be personally and individually liable therefor, except as provided in Section 27-7-307; and any sum or sums withheld in accordance with the provisions of this article shall be deemed to be held in trust for the State of Mississippi and shall be recorded by the employer in a ledger account so as to clearly indicate the amount of tax withheld and that the amount is the property of the State of Mississippi.

(5) Once an employer has become liable to a quarterly return of withholding, he must continue to file a quarterly report, even though no tax has been withheld, until such time as he notifies the commissioner, in writing, that he no longer has employees or that he is no longer liable for such quarterly returns.

(6) Once an employer has become liable to a monthly return of withholding, he must continue to file a monthly report, even though no tax has been withheld until such time as he notifies the commissioner, in writing, that he no longer has employees or that he is no longer liable for such monthly returns.

(7) Magnetic media reporting may be required in a manner to be determined by the commissioner.

SECTION 2. Section 27-65-33, Mississippi Code of 1972, is amended as follows:

27-65-33. (1) (a) Except as otherwise provided in this section, the taxes levied by this chapter shall be due and payable on or before the twentieth day of the month next
succeeding the month in which the tax accrues, except as otherwise provided. Returns and payments placed in the mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. The taxpayer shall make a return showing the gross proceeds of sales or the gross income of the business, and any and all allowable deductions, or exempt sales, and compute the tax due for the period covered.

(b) As compensation for collecting sales and use taxes, complying fully with the applicable statutes, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

(i) The compensation or discount shall not apply to taxes levied under the provisions of Sections 27-65-19 and 27-65-21, or on charges for ginning cotton under Section 27-65-23.

(ii) The compensation or discount shall not apply to taxes collected by a county official or state agency.

(iii) The compensation or discount shall not exceed Fifty Dollars ($50.00) per month, or Six Hundred Dollars ($600.00) per calendar year, per business location on each state sales tax return, or on each use tax return.

(iv) The compensation or discount shall not apply to any wholesale tax, the rate of which is equal to or greater than the tax rate applicable to retail sales of the same property or service. The retailer of such items shall be entitled to the compensation based on the tax computed on retail sales before application of the credit for any tax paid to the wholesaler, jobber or other person.

(v) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

(c) As compensation for collecting any tax imposed under the authority of a local and private law of the State of Mississippi which is collected and paid to the Department of Revenue in the same or similar manner that state sales taxes are collected and paid, complying fully with such applicable law, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

(i) The compensation or discount shall not apply to taxes collected by a county official or state agency.

(ii) The compensation or discount shall not exceed Fifty Dollars ($50.00) per month, or Six Hundred Dollars ($600.00) per calendar year, per business location on each tax return.

(iii) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

* * *

( * * *2) All returns shall be sworn to by the taxpayer, if made by an individual, or by the president, vice president, secretary or treasurer of a corporation, or authorized agent, if made on behalf of a corporation. If made on behalf of a partnership, joint venture, association, trust, estate, or in any other group or combination acting as a unit, any individual delegated by such firm shall swear to the return on behalf of the taxpayer. The commissioner may prescribe methods by which the taxpayer may swear to his return.

( * * *3) The commissioner may promulgate rules and regulations to require or permit filing periods of any duration, in lieu of monthly filing periods, for any taxpayer or group thereof.

( * * *4) The commissioner may require the execution and filing by the taxpayer with the commissioner of a good and solvent bond with some surety company authorized to do business in Mississippi as surety thereon in an amount double the aggregate tax liability by such taxpayer for any previous three-month period within the last calendar year or estimated three (3) months' tax liability. The bond is to be conditioned for the prompt payment of such taxes as may be due for each such return.
(* * *5) The commissioner, for good cause, may grant such reasonable additional time within which to make any return required under the provisions of this chapter as he may deem proper, but the time for filing any return shall not be extended beyond the twentieth day of the month next succeeding the regular due date of the return without the imposition of interest at the rate of one-half of one percent (1/2 of 1%) per month or fractional part of a month from the time the return was due until the tax is paid.

(* * *6) For persistent, willful or recurring failure to make any return and pay the tax shown thereby to be due by the time specified, there shall be added to the amount of tax shown to be due ten percent (10%) damages, or interest at the rate of one-half of one percent (1/2 of 1%) per month, or both.

(* * *7) Any taxpayer may, upon making application therefor, obtain from the commissioner an extension of time for the payment of taxes due on credit sales until collections thereon have been made. When such extension is granted, the taxpayer shall thereafter include in each monthly or quarterly report all collections made during the preceding month or quarter, and shall pay the taxes due thereon at the time of filing such report. Such permission may be revoked or denied at the discretion of the commissioner when, in his opinion, a total sales basis will best reflect the taxable income or expedite examination of the taxpayer's records.

(* * *8) Any taxpayer reporting credit sales before collection thereof has been made may take credit on subsequent returns or reports for bad debts actually charged off, if such amounts charged off have previously been included in taxable gross income or taxable gross proceeds of sales, as the case may be, and the tax paid thereon. However, any amounts subsequently collected on accounts that have been charged off as bad debts shall be included in subsequent reports and the tax shall be paid thereon.

(* * *9) In cases where an extension of time has been granted by the commissioner for payment of taxes due on credit sales and the taxpayer thereafter discontinues the business, such taxpayer shall be required to file with the commissioner within ten (10) days, or such further time as the commissioner may direct, from the date of the discontinuance of such business, a special report showing the amounts of any credit sales which have not been included in determining the measure of the tax previously paid and any other information with reference to credit sales as the commissioner may require. The commissioner shall thereupon investigate the facts with reference to credit sales and the condition of the accounts, and shall determine, from the best evidence available, the value of all open accounts, notes or other evidence of debt arising from credit sales. The value of all notes, open accounts and other evidence of debt, as thus determined by the commissioner, shall be used in determining the amount of the tax which such taxpayer shall be liable. When the amount of the tax shall have been ascertained, the taxpayer shall be required to pay the same within ten (10) days or such further time as the commissioner may allow, notwithstanding the fact that such note or accounts may still remain uncollected.

SECTION 3. Section 27-67-17, Mississippi Code of 1972, is amended as follows:

27-67-17. (1) Except as otherwise provided in this section, the commissioner shall collect the tax imposed by this article, and every person subject to its provisions shall remit to the commissioner, on or before the twentieth day of each month, the amount of tax due by such person for the preceding calendar month. Returns and payments placed in the mail must be postmarked by the due date in order to be timely filed, except that when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. Every taxpayer shall file a return with his remittance, which return shall be prescribed by the commissioner and shall show for the calendar month preceding the tax payment date, the total sale or purchase price, or value of tangible personal property or specified digital products sold, used, stored or consumed by him for benefit received or service performed, and such other information as the commissioner may deem pertinent and necessary for determining the amount of tax due thereunder.

(2) The commissioner, in his discretion, may authorize in writing the filing of returns and the payment of tax on a quarterly basis by any person required or authorized to pay the tax imposed, such authority to be subject to revocation for good cause by the commissioner.
In instances where it is impractical to file returns and pay the tax monthly or quarterly, the commissioner may authorize the filing of semiannual or annual returns.

The commissioner, in his discretion, may authorize the computation of the tax on the basis of a formula in lieu of direct accounting of specific properties in instances where such method will expedite, simplify or provide a more equitable means of determining liability under this article. All formulas shall be subject to revocation for good cause by the commissioner.

SECTION 4. Section 27-65-75, Mississippi Code of 1972, is amended as follows:

27-65-75. On or before the fifteenth day of each month, the revenue collected under the provisions of this chapter during the preceding month shall be paid and distributed as follows:

(1) (a) On or before August 15, 1992, and each succeeding month thereafter through July 15, 1993, eighteen percent (18%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a municipal corporation shall be allocated for distribution to the municipality and paid to the municipal corporation. Except as otherwise provided in this paragraph (a), on or before August 15, 1993, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within a municipal corporation shall be allocated for distribution to the municipality and paid to the municipal corporation. However, in the event the State Auditor issues a certificate of noncompliance pursuant to Section 21-35-31, the Department of Revenue shall withhold ten percent (10%) of the allocations and payments to the municipality that would otherwise be payable to the municipality under this paragraph (a) until such time that the department receives written notice of the cancellation of a certificate of noncompliance from the State Auditor.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages.

Monies allocated for distribution and credited to a municipal corporation under this paragraph may be pledged as security for a loan if the distribution received by the municipal corporation is otherwise authorized or required by law to be pledged as security for such a loan.

In any county having a county seat that is not an incorporated municipality, the distribution provided under this subsection shall be made as though the county seat was an incorporated municipality; however, the distribution to the municipality shall be paid to the county treasury in which the municipality is located, and those funds shall be used for road, bridge and street construction or maintenance in the county.

(b) On or before August 15, 2006, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities on the campus of a state institution of higher learning or community or junior college whose campus is not located within the corporate limits of a municipality, shall be allocated for distribution to the state institution of higher learning or community or junior college and paid to the state institution of higher learning or community or junior college.

(c) On or before August 15, 2018, and each succeeding month thereafter until August 14, 2019, two percent (2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215. On or before August 15, 2019, and each succeeding month thereafter until August 14, 2020, four percent (4%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the
provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215. On or before August 15, 2020, and each succeeding month thereafter, six percent (6%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215.

(d) (i) On or before the fifteenth day of the month that the diversion authorized by this section begins, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a redevelopment project area developed under a redevelopment plan adopted under the Tax Increment Financing Act (Section 21-45-1 et seq.) shall be allocated for distribution to the county in which the project area is located if:

1. The county:

   a. Borders on the Mississippi Sound and the State of Alabama, or
   b. Is Harrison County, Mississippi, and the project area is within a radius of two (2) miles from the intersection of Interstate 10 and Menge Avenue;

2. The county has issued bonds under Section 21-45-9 to finance all or a portion of a redevelopment project in the redevelopment project area;

3. Any debt service for the indebtedness incurred is outstanding; and

4. A development with a value of Ten Million Dollars ($10,000,000.00) or more is, or will be, located in the redevelopment area.

(ii) Before any sales tax revenue may be allocated for distribution to a county under this paragraph, the county shall certify to the Department of Revenue that the requirements of this paragraph have been met, the amount of bonded indebtedness that has been incurred by the county for the redevelopment project and the expected date the indebtedness incurred by the county will be satisfied.

(iii) The diversion of sales tax revenue authorized by this paragraph shall begin the month following the month in which the Department of Revenue determines that the requirements of this paragraph have been met. The diversion shall end the month the indebtedness incurred by the county is satisfied. All revenue received by the county under this paragraph shall be deposited in the fund required to be created in the tax increment financing plan under Section 21-45-11 and be utilized solely to satisfy the indebtedness incurred by the county.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars ($1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The Department of Revenue shall require all distributors of gasoline and diesel fuel to report to the department monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The Department of Revenue shall have the authority to promulgate such rules and regulations as are necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the Department of Revenue may consider gallons of
gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term “fiscal year” means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, the proceeds derived from contractors’ taxes levied under Section 65-39-35, the proceeds from the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. The Mississippi Department of Transportation shall provide to the Department of Revenue such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii), Four Million Dollars ($4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii), Twenty-three and one-fourth percent (23-1/4%) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;
(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and
(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to the county for fiscal year 1994.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-5-105.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars ($1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. Those payments into that fund are to be made on the last day of each succeeding month hereafter.

(6) An amount each month beginning August 15, 1983, through November 15, 1986, as specified in Section 6, Chapter 542, Laws of 1983, shall be paid into the special fund known as the Correctional Facilities Construction Fund created in Section 6, Chapter 542, Laws of 1983.

Thereafter, the amounts diverted under this subsection (7) during the fiscal year in excess of Forty-two Million Dollars ($42,000,000.00) shall be deposited into the Education Enhancement Fund created under Section 37-61-33 for appropriation by the Legislature as other education needs and shall not be subject to the percentage appropriation requirements set forth in Section 37-61-33.

(8) On or before August 15, 1992, and each succeeding month thereafter, nine and seventy-three one-thousandths percent (9.073%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2), shall be deposited into the Education Enhancement Fund created under Section 37-61-33.

SECTION 1. Section 31-7-13.1, Mississippi Code of 1972, is amended as follows:

31-7-13.1. (1) The method of contracting for construction described in this section shall be known as the "* * * design-build method" of construction contracting. This method of construction contracting may be used * * * on residential buildings, residential mixed-use developments, parking garages and other prescriptive type facilities. The design-build method of construction contracting may only be used when the Department of Finance and Administration or a governing authority has determined that it satisfies the public interest better than traditional design-bid or when the Legislature has specifically required or authorized the use of this method in the legislation authorizing a project. At a minimum, the determination must include a detailed explanation of why using the * * * design-build method for a particular project satisfies the public need better than the traditional design-bid-build method based on the following criteria:

(a) The project provides a savings in time or cost over traditional methods; and

(b) The size and type of the project is suitable for design-build.

(2) For each proposed * * * design-build project, either a * * * fixed firm price or guaranteed maximum price contract must be adopted. * * * Before solicitation of * * * proposals, the agency or governing authority shall develop * * * a scope of work statement.
that provides prospective offerors with sufficient information regarding the requirements of the agency or governing authority. The scope of work statement must include, but is not limited to, the following information:

(a) Location and nature of proposed site(s) that include preliminary geotechnical information from borings as well as survey drawings that show topography, adjacent buildings and utilities;  
(b) Any mandatory requirements such as minimum number and types of spaces, any minimum or maximum building area(s) or height(s), applicable energy codes and/or efficiency targets, applicable zoning regulations and any aesthetic or character defining standards;  
(c) Any mandatory material and/or system performance requirements and/or specifications; and  
(d) General budget parameters, schedule or delivery requirements, relevant criteria for evaluation of proposals, and any other information necessary to enable the design-builders to submit proposals that meet the needs of the agency or governing authority.

(3) The agency or governing authority shall cause to be published once a week, for at least two (2) consecutive weeks in a regular newspaper published in the county in which the project is to be located, or a newspaper with statewide circulation, a notice inviting proposals for the design-build construction project. Cost as an evaluation factor shall be given the highest criteria weighting and at least thirty-five percent (35%) out of the one hundred percent (100%) total weight of all the other evaluation factors.

(6) If the agency or governing authority accepts a proposal other than the proposal with the lowest costs that was actually submitted, the agency or governing authority shall enter on its minutes detailed calculations and a narrative summary showing why the accepted proposal was determined to provide the best value, and the agency or governing authority shall state specifically on its minutes the justification for its award.

(7) All facilities that are governed by this section shall be designed and constructed to comply with standards equal to or exceeding the minimum building code

(8) * * * An agency or governing authority may not award a stipulated fee * * * to an offeror for preparation costs to submit a response to the request for proposals.

The provisions of this subsection (7) shall not apply to:

(a) Any architectural or engineering contract fully paid for by self-generated funds of any of the state institutions of higher learning;

(m) To enter into joint use or similar agreements with any department or agency of the United States of America or the State of Mississippi, including any military department of the United States of America or the State of Mississippi, with respect to the use and operation of, or services provided at, any airport or other property of the authority on the terms and conditions as the authority may deem appropriate, including provisions limiting the liability of the United States of America or the State of Mississippi for loss or damage to the authority if the authority determines that the limitation of liability is reasonable, necessary and appropriate under the circumstances.

(n) To enter into mutual aid agreements with counties and municipalities for reciprocal emergency aid and assistance in case of emergencies too extensive to be dealt with unassisted; to participate in the Statewide Mutual Aid Compact (SMAC) in accordance with Section 33-15-19.

SECTION 4. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $50,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Fifty Thousand Dollars ($50,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community/junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Fifty Thousand Dollars ($50,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such
authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or their designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or their designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $50,000.00.
   (i) Publication requirement.
   1. Purchases which involve an expenditure of more than Fifty Thousand Dollars ($50,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.
   2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design or construction of public facilities, including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning.
   3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Fifty Thousand Dollars ($50,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars ($25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be
purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act, on a unique internet web page accessible to the public. The Department of Finance and Administration shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration
or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars ($50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the
Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-
purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(h) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the
purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(l) Hospital purchase, lease-purchase and lease authorization.

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

(m) Exceptions from bidding requirements. Excepted from bid requirements are:

Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

Upon receipt of that certification the Department of Finance and Administration or the board of the governing authority, as the case may be, may, in writing, authorize the purchase, which authority shall be noted on the minutes of the body at the next regular meeting thereafter. In those situations, a governing authority is not required to obtain the approval of the Department of Finance and Administration. Additionally, as part of a carryout order, a permit holder may sell one (1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

(d) Solicitor's permit. A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) Native wine retailer's permit. Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed
beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines and native spirits, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (l) of this subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

The caterer must serve at least three (3) entrees. The permit may only be issued for venues that can accommodate two hundred (200) persons or more. The number of persons a venue may accommodate shall be determined by the local fire department and such determination shall be provided in writing and submitted along with all other documents required to be provided for an on-premises retailer's permit. The permittee must derive the majority of its revenue from event-related fees, including, but not limited to, admission fees or ticket sales for live entertainment in the building. "Event-related fees" do not include alcohol, beer or light wine sales or any fee which may be construed to cover the cost of alcohol, beer or light wine. A temporary theatre permit holder shall obtain all alcoholic beverages from package retailers located in the county in which the permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary theatre permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages.

The holder of a distillery retailer's permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse; however, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder shall pay to the department all taxes, fees and surcharges on the alcoholic beverages that are imposed upon the sale of alcoholic beverages shipped by the Alcoholic Beverage Control Division of the Department of Revenue. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the church or funeral home having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

67-1-41. (1) The department is hereby created a wholesale distributor and
seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It
is granted the right to import and sell alcoholic beverages at wholesale within the state,
and no person who is granted the right to sell, distribute or receive alcoholic beverages at
retail shall purchase any alcoholic beverages from any source other than the department
except as authorized in subsections (4), (9) and (12) of this section. The department may
establish warehouses, purchase alcoholic beverages in such quantities and from such
sources as it may deem desirable and sell the alcoholic beverages to authorized
permittees within the state including, at the discretion of the department, any retail
distributors operating within any military post or qualified resort areas within the
boundaries of the state, keeping a correct and accurate record of all such transactions
and exercising such control over the distribution of alcoholic beverages as seem right and
proper in keeping with the provisions or purposes of this chapter.
(2) No person for the purpose of sale shall manufacture, distill, brew, sell,
possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle,
rectify, blend, treat, mix or process any alcoholic beverage except in accordance with
authority granted under this chapter, or as otherwise provided by law for native wines or
native spirits.
(3) No alcoholic beverage intended for sale or resale shall be imported, shipped
or brought into this state for delivery to any person other than as provided in this chapter,
or as otherwise provided by law for native wines or native spirits.
(4) The department may promulgate rules and regulations which authorize on-
premises retailers to purchase limited amounts of alcoholic beverages from package
retailers and for package retailers to purchase limited amounts of alcoholic beverages
from other package retailers. The department shall develop and provide forms to be
completed by the on-premises retailers and the package retailers verifying the transaction.
The completed forms shall be forwarded to the department within a period of time
prescribed by the department.
(5) The department may promulgate rules which authorize the holder of a
package retailer's permit to permit individual retail purchasers of packages of alcoholic
beverages to return, for exchange, credit or refund, limited amounts of original sealed and
unopened packages of alcoholic beverages purchased by the individual from the package
retailer.
(6) The department shall maintain all forms to be completed by applicants
necessary for licensure by the department at all district offices of the department.
(7) The department may promulgate rules which authorize the manufacturer of
an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic
beverages or wines to the holders of package retailer's permits, on-premises retailer's
permits, native wine or native spirit retailer's permits and temporary retailer's permits who
have not previously purchased the brand of that manufacturer from the department. For
each holder of the designated permits, the manufacturer may furnish not more than five
hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3)
liters of any brand of wine.
(8) The department may promulgate rules disallowing open product sampling
of alcoholic beverages or wines by the holders of package retailer's permits and permitting
open product sampling of alcoholic beverages by the holders of on-premises retailer's
permits. Permitted sample products shall be plainly identified "sample" and the actual
sampling must occur in the presence of the manufacturer's representatives during the
legal operating hours of on-premises retailers.
(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.

(11) [Through June 30, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) [From and after July 1, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

(12) (a) An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30) days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.
Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion.

(d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations.

(e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars ($1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense.

(13) If any provision of this chapter, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this chapter upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.

SECTION 3. Section 67-5-11, Mississippi Code of 1972, is amended as follows:

67-5-11. (1) Within the State of Mississippi, every native winery is authorized to make sales to the department or to consumers at the location of the native winery or its immediate vicinity. Every native winery is authorized to make sales to any producer, manufacturer, wholesaler, retailer or consumer located outside of the State of Mississippi who are authorized by law to purchase the same.

(2) With respect to native wines or distilled spirits sold by the department to retailers under Section 67-1-41, the native winery or distillery retailer may hold those wines or spirits for onsite pickup instead of shipping them to the department warehouse, at the option of the retailer and pursuant to any rules promulgated by the department.
