CHARLES BUSBY, Chairman

At 2:05 PM, Rep. Roberson moved that the House stand in recess for the Joint Assembly at 2:30 PM, and also moved that the House would stand adjourned upon dissolution of the Joint Assembly until 2:00 PM on Wednesday, January 27, 2021.

JOINT SESSION

The hour of 2:30 PM having arrived, which was set by **H. C. R. No. 21** for a Joint Session of the Legislature to hear a message from Governor Tate Reeves, the Joint Assembly convened on the South Steps of the Capitol and was called to order by Speaker Gunn.

Speaker Gunn introduced Pastor Rontal Jenkins, Board Member of the Mississippi District United Pentecostal Church, who led the Invocation.

The National Anthem was played by Specialist Sarah Smith, with the 41st Army Band of the Mississippi National Guard.

Speaker Gunn yielded to Lt. Governor Delbert Hosemann, who presided over the Joint Assembly.

A committee composed of Representatives Karriem, Roberson and Robinson and Senators Jackson (32nd), Michel and Parks escorted Governor Tate Reeves and First Lady Elee Reeves to the Podium.

Lt. Governor Delbert Hosemann introduced the many guests and presented Governor Tate Reeves who addressed the Joint Assembly.

INAUGURAL ADDRESS

Governor Tate Reeves addressed the Joint Session as follows:

"Thank you, Lieutenant Governor Hosemann and Speaker Gunn.

To members of the legislature and other public servants who would normally be here, I wish that we could be together today. We all know that normal has not been in the cards in 2020 or 2021 so far. But I know that you will be able to thoughtfully carry out your work even despite the challenges before us. I'm grateful for your service and I'm even more grateful for your friendship.

I'm very proud to be joined by my beautiful wife, who has been the steady hand I've needed during this tumultuous year. Elee, thank you for being a friend, a great Mom to our daughters, and a true partner in this work.

Ladies and gentlemen, I am here to say that our state is unconquerable. We have taken every hit that can be thrown. We've been tested by every force of nature, disease, and human frailty. It is already a miracle that our state is still standing, but we are not simply standing. We are marching forward.

In this year of crisis and confusion, there has been a solid foundation. It is the Mississippi spirit that binds all of us together. This is not a state of people who have cowered in the face of adversity.

We've got grit, and pride, and faith. We know how to overcome our differences and work together. We know how to do hard things. We know how to treat one another.

As we saw on Easter Sunday, this is a state of people who won't let a tornado leave the ground before arriving with chainsaws to clear their neighbors' land. As we saw after Zeta, it is a state of people who won't let the waves of a hurricane rush back to the sea before ensuring their neighbor has food and warmth. We are a state of people who step up, time and again, and have exceeded all expectations this year.

Tennessee Williams was a world-renowned playwright, and a son of Lowndes County, Mississippi. He once wrote that "The violets in the mountains have broken the rocks." What he meant was that decency, kindness, empathy, and goodness always win, even when facing hardened opposition. That has happened here, in our state, in our time. We've seen courage and compassion beat the forces of chaos and destruction in Mississippi. The victory isn't final, but we can see it here every day.

That victory is visible in the long hours of nurses, teachers, and first responders. It is visible in the lives saved by ordinary heroes administering care--physical, emotional, and spiritual--on a daily basis in our state.

It is because of those people that Mississippi was able to move forward when the rest of the world came to a halt. In Mississippi, we never stopped working. We never shut down our farms and we never shut down our factories. What we did slow down for safety, we opened up as quickly and as widely as we possibly could.

We've been cautious, never panicked. We've been safe, but not stubborn. Life cannot be lived in perpetual idleness and isolation. We realized that, and we've adapted our plans throughout the year--responding swiftly when the spread was most severe and opening up whenever it is possible.

And that has made a tremendous difference. Despite the once in a century pandemic, Mississippi's economy actually grew year over year. Think about that. We were the third-best state in the country for job recovery. We had more tourism spending return than any other state in the country--we were number one!

That's not just because of an open economy. It's because Mississippians don't want welfare, they want to work. They recognize the pride and dignity that comes with it, and they've been eager to return when given the opportunity. It is also why, as we look forward, we cannot be content with where we are. We can never simply say "that's good enough."

I don't want to compete with the Mississippi of the last fifty years. I don't want to compete with Mississippi of the last decade. I don't want to compete with Mississippi of last year. I want to compete with the best--Florida, Georgia, Tennessee, Texas. Because I know we can compete, and I know we can win.

We can get in the ring with anybody, and we can leave with more jobs and higher wages. Mississippians can bring more skill and dedication to any project than anyone else, anywhere in the world. We work harder than anyone. Why shouldn't we get the best jobs, the best expansions, and best headquarters? I believe we can. And as Mississippi's own, the great Dizzy Dean, once said: "If you can do it, it ain't braggin'."

This is a time of global upheaval, uncertainty, and chaos. And it is in those times that fortunes are made. We need to make Mississippi's fortune today--this is the moment in our history to do it. We've chosen a new banner, we've improved our education, and we've shown the world that we're open for business. Now we need to go out and win high-paying jobs for the people of our state.

I believe that in order to fully capture the potential of this historic moment, we must think big. We need a bold move. This is the time for an action that will turn heads all across the country and get money and people flowing in. And I believe that move is the elimination of the income tax. It is a reward for our hard workers, and an incentive for others to invest here, to grow here, and to live here.

We can transform our economy. We can do it in a smart way, recognizing that it will take a few years to phase in. But we can change a generation of lives here, by attracting the jobs and wages we deserve. I am ready to work with legislators on this, and I know that there is an appetite for this type of boldness.

There are still many who say that we can't lower taxes because it puts new government spending at risk. And I understand that it is often good politics to act like something from the government is a gift. The far left has played that tune for generations.

But we have to be clear: the government does not have anything that it does not first take from a taxpayer. And the people of this state understand that. We have to respect the workers of Mississippi enough to recognize when we can show restraint and stop taking from them. Allow you to spend your money that you make, and it will grow our economy beyond belief.

I also believe we need to sharpen one particular tool to get our economy rolling--our state's workforce development. We don't need Mississippians to be stuck in low-paying jobs. We want them to embark on careers with good pay and freedom. The best way to accomplish that is to help lift young Mississippians up--give them access to training that puts them in a position to succeed.

The legislature made great progress in this effort last legislative session. I'm very grateful for their work. Now, I'm calling on the legislature to continue their wise investments in this mission. It is essential. It is how we will succeed. It is how we will lift people out of poverty and into proud work. I know they share that goal.

That mission really begins years sooner, with a solid education. Mississippi has made

incredible strides--number one in the nation in improvements. Now we need to, once again, set our sights even higher. This is not good enough, we can be better.

This year, in spite of tremendous pressure, we recognized that education is essential. It cannot be accomplished at scale without the incredible efforts of in-person educators. It seems obvious in hindsight, but there were tremendous headwinds. I know that we made the right decision to open our schools and allow our children and parents access to a true education.

We need to keep working. We need to keep fighting for every child to have access to the education that they deserve. We need to ensure that parents have the choice to save their child from a district that lets them down. And we need to reward our teachers for the exceptional, life-changing work that they do.

I support a teacher pay raise. I know the Senate has already passed the Lieutenant Governor's plan, and I know that the Speaker and the House have always been supportive of raises for teachers. I'll be eager to sign any raise that the legislature can send me. Our teachers have earned it. It's the right way to invest.

There's a lot more policy and politics to be hashed out in the coming year. Some of it is even important. But I know the people of Mississippi have heard a lot from me over the last year, so I want to keep this address on point. I want the people of Mississippi to know my focus for the weeks, months, and year ahead:

First, we need to crush this virus and get back to our way of life. The virus is still here, and it cannot be solved by ignoring it. We have to defeat it, because Mississippians are done. We're done burying loved ones who were lost to this virus. We're done with stressed hospitals. We're done with the fearful talk of lockdowns and shutdowns. We're ready for community again.

We all want schools to flourish with children learning and playing carefree. We want businesses thriving, with crowds of customers joined together. We want to let down the constant guard, and be joyful together. We want to be unafraid of fellowship with our friends and our neighbors.

It is one thing to eliminate government restrictions. Most of those went away last summer. It is another to be truly free from fear, and to have no more anxiety when we come together.

It will be a great day when we can gather in stadiums, churches, restaurants and bars--shoulder to shoulder--without the quiet fear of COVID. When you can celebrate with strangers after a touchdown, sing loudly at a concert not muffled by a mask, and just live life without fear. True comradery. That day is coming. It's coming sooner than we think. There is one more hurdle to that: the rapid distribution of the Coronavirus vaccine.

I reject the false narrative that is being pushed by some which says this is our new normal. That even after vaccination, we need to continue to hide away and live in perpetual isolation and fear. That's just wrong.

This is it. This is our moment. We can see the light at the end of the tunnel, and Mississippi is sprinting towards it. Last weekend, we celebrated 100,000 vaccines delivered. That took us about six weeks. We've done another 100,000 vaccinations since then, and as we speak we are likely delivering our 200,000th vaccine! That's because we refused to accept a slow pace--we went from the worst state in the country at the beginning of the process to operating at peak capacity.

I promise that we will smash every roadblock. We will get this done as safely and quickly as we possibly can, and allow people to protect themselves from the virus. It is my most immediate priority, and I assure you it has my full attention.

I also have a personal goal. It's one that I know I will fall short of, but I'm still aiming at it daily. It is to cultivate more empathy. It's been in short supply in this world for some time

now. That's been on display across our nation too. And too often that leads us to see one another as enemies. It leads to corrosion in trust. We as a people cannot allow cruelty to win. We must rise above. We must love our neighbors as ourselves. We'll always have spirited debate and disagreement. You can fight for what you believe in, while honoring the man or woman on the other side. Above all we have to understand that every Mississippian--every American--is on the same team. We all want to be treated with grace. And we're all made in the image of a perfect God. So, my goal is to act like it.

For me, that means looking out for those who need extra help. It means being honest with people--admitting what I don't know and working to be better. It means diligently working to make Mississippi an even more welcoming, prosperous state.

I'm incredibly lucky that I'm not in it alone. None of us are. We're surrounded by a legion of fellow Mississippians. People who care about you. People who want you to succeed, because they know we will all rise together. If we can just harness that, we can accomplish anything.

I know that our state has what it takes to be exceptional. And I know that with God's continued providence and our unconquerable spirit, together, we can get there.

May God bless you, and may God bless Mississippi."

At 2:58 PM on motion of Lt. Governor Delbert Hosemann, the Joint Session was dissolved.

REPORT OF COMMITTEE ON ENROLLED BILLS

Mr. Speaker: The Committee on Enrolled Bills has found correctly enrolled the following entitled measure and now presents it for your signature:

H. C. R. No. 21: State of the State address of the Governor; call joint session to hear.

STEPHEN A. HORNE, Chairman

Rep. Lamar called up:

H. B. No. 886: Law enforcement officers; exempt from concealed firearms permit fees and renewal fees.

AMENDMENT NO. 1 BY REPRESENTATIVE Owen:

AMEND on line 282 after the word "person" by
inserting the following:

", except a law enforcement officer as defined in Section 45-6-3 with a distinct license authorized by the Department of Public Safety, "

AMEND further on line 321 after the period by inserting the following:

"(a) The Commissioner of Public Safety shall promulgate rules and regulations to provide licenses to law enforcement officers as defined in Section 45-6-3 who choose to obtain a license under the provision of this section, which shall include a distinction that the officer is an "active duty" law enforcement officer and an endorsement that such officer is authorized to carry in the locations listed in subsection (13). A law enforcement officer shall provide the following information to receive the license described in this subsection: (i) a letter, with the official letterhead of the agency or department for which the officer is employed at the time of application and (ii) a letter with the official letterhead of the agency or department, which explains that such officer has completed a certified law enforcement training academy."

AMEND further on line 321 after the period and before the word "The" by inserting the following:

"(b)"

ADOPTED

Rep. Lamar called up:

H. B. No. 955: Abandoned mobile homes; establish a procedure to dispose of.

YEAS AND NAYS ON **H. B. No. 955.** On motion of Rep. Lamar the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed, title standing as stated by the following vote:

Yeas--Aguirre, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--119.

Nays--None.

Absent or those not voting--Anderson, B, Robinson, Weathersby. Total-3.

Necessary for passage--72

Rep. Lamar called up:

H. B. No. 997: Alcoholic beverages; remove DOR from being wholesale distributor, authorize issuance of wholesaler's permits.

AMENDMENT NO. 1 BY COMMITTEE:

AMEND by inserting the following language after line 242:

"(8) A wholesaler shall sell and deliver alcoholic beverages at uniform prices throughout the state; however, a wholesaler may provide volume or bulk price discounts provided that such discounts are made available to and provided to all retailers."

ADOPTED

AMENDMENT NO. 2 BY REPRESENTATIVE Lamar:

AMEND by inserting the following language after line 242:

"(9) No alcoholic beverages shall be delivered to a retailer other than alcoholic beverages that have been stored or warehoused for no less than forty-eight (48) hours at a premise in this state owned, rented or leased by a wholesaler.

(10) (a) No wholesaler may sell and no retailer may purchase alcoholic beverages except for cash or on terms requiring payment by the retailer in accordance with paragraph (b) of this subsection (10). A wholesaler who accepts a check or draft as payment from a retailer for the purchase of alcoholic beverages must deposit the check or draft in the bank for payment or present the check or draft for payment within five (5) business days after it is received.

(b) On purchases made from the first through the fifteenth day of a month, payment must be made on or before the twenty-fifth day of that month. On purchases

made on the sixteenth day through the last day of a month, payment must be made on or before the tenth day of the following month. An account is not delinquent if payment is received by the wholesaler not later than the fourth business day after the date payment is due under this paragraph (b).

(c) Each delivery of alcoholic beverages shall be accompanied by an invoice giving the date of purchase. If a retailer becomes delinquent in the payment of an account for alcoholic beverages, the wholesaler immediately shall report that fact in writing, including by electronic mail or facsimile transmission, to the commission. A wholesaler may not sell any alcoholic beverages to a retailer who is delinquent until the delinquent account is paid in full and cleared from the records of the commission, provided that sales to delinquent retailers can be made on a cash on delivery basis. An account becomes delinquent if it is not paid when it is required to be paid under paragraph (b) of this subsection (10).

(d) The commission may not accept the voluntary cancellation or suspension of a permit or allow a permit to be renewed or transferred if the permit holder is delinquent in the payment of an account for alcoholic beverages under this subsection (10). A person whose permit is canceled by the commission or whose permit has expired is not eligible to hold any other permit or license under this chapter until the person has cured any delinquency of the person under this section.

(e) It shall be unlawful for a wholesaler to accept a postdated check, a note or memorandum, or participate in a manner to assist a retailer in the violation of this subsection (10).

(f) Nothing in this subsection (10) shall require a wholesaler to make sales to a retailer on a credit basis. A wholesaler may at any time require that sales be made on a cash on delivery basis. "

ADOPTED

YEAS AND NAYS ON **H. B. No. 997**. On motion of Rep. Lamar the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Necessary for passage--59

Rep. Lamar called up:

H. B. No. 1197: Dual-phase design-build method of construction contracting; revise certain provisions of.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

AMEND by striking lines 542 through 562 and inserting in lieu thereof the following: "2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If *** an agency or governing authority determines that a reverse auction is not in the best interest of the *** agency or governing authority, then with respect to an agency, that determination must be approved by the Public Procurement Review Board, and with respect to a governing authority, that determination must be approved by the governing body of the governing authority. *** An agency shall submit a detailed explanation of why a reverse auction would not be in the best interest of the *** agency and present an alternative process to be approved by the Public Procurement Review Board. A governing authority shall make findings in its minutes of why a reverse auction would not be in the best interest of the governing authority. If as to an agency, the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, or if as to a governing authority, the governing board thereof authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design or construction of public facilities, including buildings, roads and bridges. As to an agency, the Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning."

AMEND further, the title on line 27 by striking "31-11-3, 61-3-15 AND 31-7-13," and inserting in lieu thereof "31-11-3 AND 61-3-15"

AMEND further, the title on line 28 by inserting the following after the semicolon: "TO AMEND SECTION 31-7-13, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PROVISIONS OF THIS ACT; TO REVISE THE REVERSE AUCTION METHOD FOR

RECEIVING BIDS TO DIFFERENTIATE BETWEEN AGENCIES AND GOVERNING AUTHORITIES; TO PROVIDE THAT IF AN AGENCY DETERMINES THAT A REVERSE AUCTION IS NOT IN THE BEST INTEREST OF THE AGENCY, THEN THAT DETERMINATION MUST BE APPROVED BY THE PUBLIC PROCUREMENT REVIEW BOARD; TO PROVIDE THAT IF A GOVERNING AUTHORITY DETERMINES THAT A REVERSE AUCTION IS NOT IN THE BEST INTEREST OF THE GOVERNING AUTHORITY, THEN THAT DETERMINATION MUST BE APPROVED BY THE GOVERNING BOARD OF THE GOVERNING AUTHORITY; TO PROVIDE THAT THE AGENCY AND GOVERNING AUTHORITY MUST SUBMIT AN EXPLANATION AS TO WHY A REVERSE AUCTION IS NOT IN THE BEST INTEREST OF THE AGENCY OR GOVERNING AUTHORITY;"

ADOPTED

Necessary for passage--58

Rep. Bain called up:

H. B. No. 122: Expungement; authorize up to three felony convictions to be expunged after 15 years.

A committee substitute was adopted.

AMENDMENT NO. 1 BY REPRESENTATIVE Owen:

AMEND on lines 50 through 61 by deleting all underlined language in its entirety and inserting in lieu thereof the following:

"A person may have up to two (2) felony convictions expunged if the person: (i) has successfully completed all terms and conditions of the sentences for the convictions for which he or she seeks to expunge, (ii) has paid all criminal fines and costs of the court imposed in the sentences for each conviction that he or she seeks to expunge, (iii) has not been convicted of any other felony not less than ten (10) years after the successful completion of all terms and conditions of the sentence for conviction, and (iv) does not seek to expunge a felony conviction that is excluded from expungement by paragraph (a) of this subsection (2). The terms "one (1) conviction" and "one (1) felony expunction" means the same as they are defined in subsection (2)(a) of this section.

(c) A person may have up to three (3) felony convictions expunged if the person: (i) has successfully completed all terms and conditions of the sentences for the convictions for which he or she seeks to expunge, (ii) has paid all criminal fines and costs of the court imposed in the sentences for each conviction that he or she seeks to expunge, (iii) has not been convicted of any other felony not less than fifteen (15) years after the successful completion of all terms and conditions of the sentence for conviction, and (iv) does not seek to expunge a felony conviction that is excluded from expungement by paragraph (a) of this subsection (2) or does not seek to expunge a felony conviction under Section 99-19-83. The terms "one (1) conviction" and "one (1) felony expunction" means the same as they are defined in subsection (2)(a) of this section."

AMEND further on line 62 by deleting "(**c)" and inserting in lieu thereof: "(***d)"

ADOPTED

YEAS AND NAYS ON **H. B. No. 122.** On motion of Rep. Bain the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the

provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Total--115.

Nays--None.

Absent or those not voting--Anderson, J, Arnold, Gibbs, D, Holloway, Robinson, Weathersby, Young. Total-7.

Necessary for passage--58

Rep. Bain called up:

H. B. No. 70: Autopsies; provide for confidentiality of photographs and video and audio recordings with exceptions.

AMENDMENT NO. 1 BY COMMITTEE:

AMEND by deleting lines 48 through 132 in its entirety and insert in lieu thereof, the following:

(5) (a) (i) For purposes of this subsection (5), the terms "medical examiner" and "custodian of record" means any district medical examiner or coroner as defined in Section 41-61-53, as well as any employee, deputy, or agent of a medical examiner or any other person who may obtain possession of a photograph or audio or video recording of an autopsy in the course of assisting a medical examiner in the performance of his or her official duties.

(ii) For purposes of this subsection "surviving relative" means and includes in the following order of priority, the spouse of the deceased, the surviving parents if there is no surviving spouse, an adult child of the deceased if there are no surviving parents or any surviving relative if all others named above are deceased.

(b) Except as otherwise provided in paragraph (c), a photograph, video or audio recording of an autopsy shall be confidential and may only be viewed, listened to or copied by a surviving relative as defined by this subsection (5) and only in the order provided in such definition. The surviving relative may designate an agent in writing to obtain such records.

The custodian of record, or his or her designee, may not permit any other person, except an agent designated in writing by the surviving relative with whom authority rests to view, listen, copy or obtain such without a court order.

(c) A photograph, video or audio recording of an autopsy may only be used in the following manner:

(i) A local governmental entity, or a state or federal agency, in furtherance of its official duties, pursuant to a written request, may view or copy a photograph or video recording or may listen to or copy an audio recording of an autopsy,

and unless otherwise required in the performance of their duties, the identity of the deceased shall remain confidential and exempt.

(ii) 1. The court, upon a showing of good cause, may issue an order authorizing any person to view or copy a photograph or video recording of an autopsy or to listen to or copy an audio recording of an autopsy and may prescribe any restrictions or stipulations that the court deems appropriate. In determining good cause, the court shall consider whether such disclosure is necessary for the public evaluation of governmental performance; the seriousness of the intrusion into the family's right to privacy and whether such disclosure is the least intrusive means available; and the availability of similar information in other public records, regardless of form.

2. A surviving relative shall be given reasonable notice of a petition filed with the court to view or copy a photograph or video recording of an autopsy or a petition to listen to or copy an audio recording, a copy of such petition, and reasonable notice of the opportunity to be present and heard at any hearing on the matter.

(iii) Any governmental or private participant of a meeting of a multidisciplinary child protection team created under Section 43-15-51 may use the autopsy information only as authorized by Section 43-15-51.

(iv) A governmental organization may share victim information with necessary persons to accomplish the job duties or to satisfy statutory or constitutional requirements of disclosure.

(v) A medical examiner or custodian of record may use information from an autopsy for medical or scientific teaching or training, teaching or training law enforcement personnel, teaching or training attorneys, conferring with medical or scientific experts in the field of forensic science or publication in a scientific or medical journal or textbook only if the medical examiner or custodian of record is in lawful possession of the information used, and has redacted and removed all identifying characteristics and information of the deceased, including, but not limited to, the address, name, case number, medical record number, social security information and any other uniquely identifying information about the deceased.

(d) (i) Any custodian of the record who willfully and knowingly violates the provisions of this subsection shall be guilty of a felony punishable by a fine of Ten Thousand Dollars (\$10,000.00), or imprisonment in the custody of the Department of Corrections for one (1) year, or both.

(ii) Any person who willfully and knowingly violates a court order issued pursuant to this section commits a felony punishable upon conviction by a fine of Ten Thousand Dollars (\$10,000.00), or imprisonment in the custody of the Department of Corrections for one (1) year, or both.

(e) A criminal or administrative proceeding shall be exempt from the restrictions of this subsection (5), provided, however, that this paragraph (e) shall not be construed to prohibit a court in a criminal or administrative proceeding upon good cause shown from restricting or otherwise controlling the disclosure of an autopsy, crime scene, or similar photograph or video or audio recordings in the manner prescribed herein.

(f) In all cases, the viewing, copying, listening to or other handling of a photograph or video or audio recording of an autopsy must be under the direct supervision of the custodian of record or his or her designee.

(g) Create a cause of action for damages against the state or any of its agencies, officials, employees or political subdivisions.

ADOPTED

AMENDMENT NO. 2 BY REPRESENTATIVE Calvert:

AMEND by inserting the following language after line 9 and renumbering the succeeding sections accordingly:

SECTION 1. This act shall be known and may be cited as "Christian's Law."

AMEND further the title on line 1 by inserting "TO CREATE CHRISTIAN'S LAW;" after the word "ACT".

ADOPTED

YEAS AND NAYS ON **H. B. No. 70**. On motion of Rep. Bain the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Rep. Bain called up:

H. B. No. 1140: First-degree murder; include unlawful distribution of controlled substances, when the distribution is proximate cause of death.

AMENDMENT NO. 1 BY COMMITTEE:

AMEND on line 35 after the word "done" and before the word "by" inserting the following:

"with deliberate design"

AMEND on line 639 after "2021" before the period by inserting the following:

"and shall stand repealed on June 30, 2021"

ADOPTED

AMENDMENT NO. 2 BY REPRESENTATIVE Bomgar:

AMEND on line 40 by inserting the following new language before the period:

", unless the person in good faith seeks medical assistance for the individual experiencing the overdose, transports the individual experiencing the overdose to a medical facility for care, or remains present to aid or assist in any way someone who is experiencing a drug overdose".

AMEND further by inserting the following after line 637 and renumbering the succeeding section:

SECTION 9. Confidential informants shall be at least 21 years of age, and notified of their right to contact an attorney, and all notifications shall happen at least twenty-four (24) hours before they agree to serve. Any deal, arrangement, or agreement must be detailed and in writing, and the constitutional right to contact an attorney shall not be abridged or undermined, and exercising this right shall incur no negative consequences on any deal, arrangement, or agreement regarding informant work. To protect the safety of the individuals involved, informants may make no more than one (1) sale, purchase, or transfer from any individual person.

AMEND TITLE on line 6 after the word "person" by inserting the following: "WITH CERTAIN EXCEPTIONS"

ADOPTED

YEAS AND NAYS ON **H. B. No. 1140**. On motion of Rep. Bain the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

AMEND on line 101 by striking the period and inserting in lieu thereof the following: ", and shall stand repealed on June 30, 2021."

ADOPTED

YEAS AND NAYS ON **H. B. No. 1076**. On motion of Rep. Lamar the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--120.

Nays--None.

Absent or those not voting--Paden, Weathersby. Total-2.

Necessary for passage--72

Rep. Lamar called up:

H. B. No. 1142: Construction; revise contractor's tax regarding certain, require permits in counties/municipalities with construction codes.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

AMEND on line 31 by inserting "installing, remodeling, renovating," after "erecting".

AMEND further on line 33 by inserting "roof," after "building".

AMEND further on line 46 by inserting the following after the period: " The tax levied under this section upon the construction of a new residential dwelling structure shall be due within sixty (60) days after the date a certificate of occupancy is issued for the structure. However, for the construction of a new residential dwelling structure where the structure is owned as part of land developed by the owner and is not constructed for use as a dwelling by the owner but for the purpose of the owner selling the land with the structure as part of the real property, the tax levied by this section shall be levied against the total sales price between the owner and purchaser, excluding the value of the land and any closing costs for the sale such as realtor fees and attorney fees paid for by the owner. Every contractor issued an MPC for the construction of a new residential structure must file a report with the Department by January 20 of each year to report any dwelling that was completed but not sold within the prior calendar year."

AMEND further on line 135 before the word "Any" and inserting in lieu thereof the following: "Except as otherwise provided in this paragraph (c),".

AMEND further on line 159 by inserting the following after the period: "The requirement for a bond or prepayment of tax under this paragraph (c), shall not apply to the construction of a new residential dwelling structure."

AMEND further on line 181 by striking "brought forward" and inserting in lieu thereof "amended".

AMEND further by inserting the following after line 296:

"(e) On or before August 15, 2021, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-21 from business activities for constructing, building, erecting, repairing or adding to any building, electrical system, air-conditioning system, heating system or any other improvement or structure which is used for or primarily in connection with a residence or dwelling place for human beings, shall be deposited into the special fund created in Section 3 of this act. For the purposes of this paragraph (e), such residences shall include homes, mobile homes, summer cottages, fishing and hunting camp buildings and similar buildings, but shall not include apartment buildings, condominiums, hotels, motels, hospitals, nursing or retirement homes, tourist cottages or other commercial establishments."

AMEND further by inserting the following after line 649 and renumbering the succeeding sections accordingly:

"SECTION 3. There is hereby created a special fund in the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. The fund shall consist of monies deposited therein under Section 27-65-75(1)(e) and monies from any other source designated for deposit into such fund. Monies in the fund shall be distributed by the Department of Revenue to municipalities based on the proportion that the amount of sales tax revenue collected under Section 27-65-17 in a municipality during the preceding fiscal year from sales by businesses with the North American Industry Classification System Code of 4441 bears to the total amount of sales tax revenue collected under Section 27-65-17 in all municipalities during the preceding fiscal year from sales by businesses with the North American Industry Classification System Code of 4441. The Department of Revenue shall distribute funds under this section on an annual basis with distributions being made in the month of January."

AMEND further the title on lines 7 through 10 by striking "TO BRING FORWARD SECTION 27-65-75, MISSISSIPPI CODE OF 1972, WHICH PROVIDES FOR THE DISTRIBUTION OF STATE SALES TAX REVENUE, FOR THE PURPOSES OF POSSIBLE AMENDMENT;" and inserting in lieu thereof the following: "TO AMEND SECTION 27-65-75, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT A PORTION OF STATE SALES TAX REVENUE DERIVED FROM THE CONTRACTOR'S TAX SHALL BE DEPOSITED INTO A SPECIAL FUND CREATED BY THIS ACT IN THE STATE TREASURY AND DISTRIBUTED TO MUNICIPALITIES;"

ADOPTED

YEAS AND NAYS ON **H. B. No. 1142**. On motion of Rep. Lamar the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Anderson, B, Anthony, Arnold, Bailey, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Burnett, Busby, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Darnell, Denton, Deweese, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williamson, Wright, Yancey, Yates, Zuber. Total--107.

Nays--Bomgar, Brown, C, Criswell, Hopkins, McLeod. Total--5.

Absent or those not voting--Aguirre, Anderson, J, Bain, Byrd, Currie, Eubanks, Read, Weathersby, Young. Total-9.

Present--Williams-Barnes. Total--1.

Necessary for passage--68

Rep. Lamar called up:

Absent or those not voting--Anderson, J, Weathersby, Young. Total-3.

Necessary for passage--60

Rep. Bell (21st) called up:

H. B. No. 1253: Construction management at risk method of project delivery; revise certain provisions related to.

A committee substitute was adopted.

AMENDMENT NO. 1 BY REPRESENTATIVE Bell (21st):

AMEND by striking Section 4 through Section 9 in their entirety and renumbering the succeeding sections.

SECTION 4. Section 37-15-38, Mississippi Code of 1972, is brought forward as follows: 37-15-38. (1) The following phrases have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) A dual enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

(b) A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving high school and college credit for postsecondary coursework.

(2) A local school board, the Board of Trustees of State Institutions of Higher Learning and the Mississippi Community College Board shall establish a dual enrollment system under which students in the school district who meet the prescribed criteria of this section may be enrolled in a postsecondary institution in Mississippi while they are still in school.

(3) Dual credit eligibility. Before credits earned by a qualified high school student from a community or junior college or state institution of higher learning may be transferred to the student's home school district, the student must be properly enrolled in a dual enrollment program.

(4) Admission criteria for dual enrollment in community and junior college or university programs. The Mississippi Community College Board and the Board of Trustees of State Institutions of Higher Learning may recommend to the State Board of Education admission criteria for dual enrollment programs under which high school students may enroll at a community or junior college or university while they are still attending high school and enrolled in high school courses. Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated dual enrollment admission requirements.

(5) Tuition and cost responsibility. Tuition and costs for university-level courses and community and junior college courses offered under a dual enrollment program may be paid for by the postsecondary institution, the local school district, the parents or legal guardians of the student, or by grants, foundations or other private or public sources. Payment for tuition and any other costs must be made directly to the credit-granting institution.

(6) Transportation responsibility. Any transportation required by a student to participate in the dual enrollment program is the responsibility of the parent, custodian or legal guardian of the student. Transportation costs may be paid from any available public or private sources, including the local school district.

(7) School district average daily attendance credit. When dually enrolled, the student may be counted, for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school.

(8) High school student transcript transfer requirements. Grades and college credits earned by a student admitted to a dual credit program must be recorded on the high school student record and on the college transcript at the university or community or junior college where the student attends classes. The transcript of the university or community or junior college coursework may be released to another institution or applied toward college graduation requirements.

(9) Determining factor of prerequisites for dual enrollment courses. Each university and community or junior college participating in a dual enrollment program shall determine course prerequisites. Course prerequisites shall be the same for dual enrolled students as for regularly enrolled students at that university or community or junior college.

(10) Process for determining articulation of curriculum between high school, university, and community and junior college courses. All dual credit courses must meet the standards established at the postsecondary level. Postsecondary level developmental courses may not be considered as meeting the requirements of the dual credit program. Dual credit memorandum of understandings must be established between each postsecondary institution and the school district implementing a dual credit program.

(11) [Deleted]

(12) Eligible courses for dual credit programs. Courses eligible for dual credit include, but are not necessarily limited to, foreign languages, advanced math courses, advanced science courses, performing arts, advanced business and technology, and career and technical courses. Distance Learning Collaborative Program courses approved under Section 37-67-1 shall be fully eligible for dual credit. All courses being considered for dual credit must receive unconditional approval from the superintendent of the local school district and the chief instructional officer at the participating community or junior college or university in order for college credit to be awarded. A university or community or junior college shall make the final decision on what courses are eligible for semester hour credits.

(13) High school Carnegie unit equivalency. One (1) three-hour university or community or junior college course is equal to one (1) high school Carnegie unit.

(14) Course alignment. The universities, community and junior colleges and the State Department of Education shall periodically review their respective policies and assess the place of dual credit courses within the context of their traditional offerings.

(15) Maximum dual credits allowed. It is the intent of the dual enrollment program to make it possible for every eligible student who desires to earn a semester's worth of

college credit in high school to do so. A qualified dually enrolled high school student must be allowed to earn an unlimited number of college or university credits for dual credit.

(16) Dual credit program allowances. A student may be granted credit delivered through the following means:

(a) Examination preparation taught at a high school by a qualified teacher. A student may receive credit at the secondary level after completion of an approved course and passing the standard examination, such as an Advanced Placement or International Baccalaureate course through which a high school student is allowed CLEP credit by making a three (3) or higher on the end-of-course examination.

(b) College or university courses taught at a high school or designated postsecondary site by a qualified teacher who is an employee of the school district and approved as an instructor by the collaborating college or university.

(c) College or university courses taught at a college, university or high school by an instructor employed by the college or university and approved by the collaborating school district.

(d) Online courses of any public university, community or junior college in Mississippi.

(17) Qualifications of dual credit instructors. A dual credit academic instructor must meet the requirements set forth by the regional accrediting association (Southern Association of College and Schools). University and community and junior college personnel have the sole authority in the selection of dual credit instructors.

A dual credit career and technical education instructor must meet the requirements set forth by the Mississippi Community College Board in the qualifications manual for postsecondary career and technical personnel.

(18) Guidance on local agreements. The Chief Academic Officer of the State Board of Trustees of State Institutions of Higher Learning and the Chief Instructional Officers of the Mississippi Community College Board and the State Department of Education, working collaboratively, shall develop a template to be used by the individual community and junior colleges and institutions of higher learning for consistent implementation of the dual enrollment program throughout the State of Mississippi.

(19) Mississippi Works Dual Enrollment-Dual Credit Option. A local school board and the local community colleges board shall establish a Mississippi Works Dual Enrollment-Dual Credit Option Program under which potential or recent student dropouts may dually enroll in their home school and a local community college in a dual credit program consisting of high school completion coursework and a community college credential, certificate or degree program. Students completing the dual enrollment-credit option may obtain their high school diploma while obtaining a community college credential, certificate or degree. The Mississippi Department of Employment Security shall assist students who have successfully completed the Mississippi Works Dual Enrollment-Dual Credit Option in securing a job upon the application of the student or the participating school or community college. The Mississippi Works Dual Enrollment-Dual Credit Option Program will be implemented statewide in the 2012-2013 school year and thereafter. The State Board of Education, local school board and the local community college board shall establish criteria for the Dual Enrollment-Dual Credit Program. Students enrolled in the program will not be eligible to participate in interscholastic sports or other extracurricular activities at the home school district. Tuition and costs for community college courses offered under the Dual Enrollment-Dual Credit Program shall not be charged to the student, parents or legal guardians. When dually enrolled, the student shall be counted for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school, as provided in Section 37-151-7(1)(a). Any transportation required by the student to participate in the Dual Enrollment-Dual Credit Program is the responsibility of the parent or legal guardian of the student, and transportation costs may be paid from any available public or private sources, including the local school district. Grades and college credits earned by a student admitted to this Dual Enrollment-Dual Credit Program shall be recorded on the high school student record and on the college transcript at the community college and high school where the student attends classes. The transcript of the community college coursework may be released to another institution or applied toward college graduation requirements. Any course that is required for subject area testing as a requirement for graduation from

a public school in Mississippi is eligible for dual credit, and courses eligible for dual credit shall also include career, technical and degree program courses. All courses eligible for dual credit shall be approved by the superintendent of the local school district and the chief instructional officer at the participating community college in order for college credit to be awarded. A community college shall make the final decision on what courses are eligible for semester hour credits and the local school superintendent, subject to approval by the Mississippi Department of Education, shall make the final decision on the transfer of college courses credited to the student's high school transcript.

SECTION 5. Section 37-16-17, Mississippi Code of 1972, is amended as follows:

37-16-17. (1) Purpose. (a) The purpose of this section is to create a quality option in Mississippi's high schools for students not wishing to pursue a baccalaureate degree, which shall consist of challenging academic courses and modern career-technical studies. The goal for students pursuing the career *** technical education pathways is to graduate from high school with a standard diploma and credit toward a community college certification in a career-technical field. These students also shall be encouraged to take the national assessment in the career-technical field in which they become certified.

(b) The State Board of Education shall develop and adopt course and curriculum requirements for career *** technical education pathways offered by local public school boards in accordance with this section. The Mississippi Community College Board and the State Board of Education jointly shall determine course and curriculum requirements for the career *** technical education pathways. The State Board of Education shall provide notice to all incoming middle school students and junior high students of the career technical education pathways offered by local school boards. Such notice shall include the career technical education pathways available, the course requirements of each pathways, how to enroll in the pathway and any other necessary information as determined by the State Board of Education.

(2) *** Career technical education pathway; description; curriculum. (a) A career *** technical education pathway shall provide a student with greater technical skill and a strong academic core and shall be offered to each high school student enrolled in a public school district. The career *** technical education pathway shall be linked to postsecondary options and shall prepare students to pursue either a degree or certification from a postsecondary institution, an industry-based training or certification, an apprenticeship, the military, or immediate entrance into a career field. The career *** technical education pathway shall be designed primarily for those students who are not college bound and shall provide them with alternatives to entrance into a four-year university or college after high school graduation.

(b) Students pursuing a career *** technical education pathway shall be afforded the opportunity to dually enroll in a community or technical college or to participate in a business internship or work-study program, when such opportunities are available and appropriate.

(c) Each public school district shall offer a career *** technical education pathway approved by the State Board of Education.

(d) Students in a career *** technical education pathway shall complete an academic core of courses and a career and technical sequence of courses.

(e) The *** twenty-four (24) course unit requirements for the career *** technical education pathway may include, but not be limited to, the following:

- (i) English I;
- (ii) English II;
- (iii) Technical writing;
- (iv) Computer programming;
- (v) Algebra I;
- (vi) Personal Finance;
- (vii) Business/construction mathematics;
- (viii) Computer science;
- (ix) Biology;
- (x) Earth and Space Science;
- (xi) U.S. History;
- (xii) Mississippi Studies/U.S. Government;

- (xiii) Health;
- (xiv) Physical Education;
- (xv) Soft skills, which include, but are not limited to, social graces, communication abilities, language skills, personal habits, cognitive or emotional empathy, time management, teamwork and leadership traits;
- (xvi) Career technical education pathway courses; and
- (xvii) Integrated technology.

Academic courses within the career * * * technical education pathway of the standard diploma shall provide the knowledge and skill necessary for proficiency on the state subject area tests.

(f) The courses provided in paragraph (e) of this subsection may be tailored to the individual needs of the school district as long as the amendments align with the basic course requirements of paragraph (e).

(3) Nothing in this section shall disallow the development of a dual enrollment program with a technical college so long as an individual school district, with approval from the State Department of Education, agrees to implement such a program in connection with a technical college and the agreement is also approved by the proprietary school's commission.

* * *

SECTION 6. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. It shall be the purpose and duty of the commission to make recommendations to the State Board of Education regarding standards for the certification and licensure and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of Mississippi.

(2) (a) The commission shall be composed of fifteen (15) qualified members. The membership of the commission shall be composed of the following members to be appointed, three (3) from each of the four (4) congressional districts, as such districts existed on January 1, 2011, in accordance with the population calculations determined by the 2010 federal decennial census, including: four (4) classroom teachers; three (3) school administrators; one (1) representative of schools of education of public institutions of higher learning located within the state to be recommended by the Board of Trustees of State Institutions of Higher Learning; one (1) representative from the schools of education of independent institutions of higher learning to be recommended by the Board of the Mississippi Association of Independent Colleges; one (1) representative from public community and junior colleges located within the state to be recommended by the Mississippi Community College Board; one (1) local school board member; and four (4) laypersons. Three (3) members of the commission, at the sole discretion of the State Board of Education, shall be appointed from the state at large.

(b) All appointments shall be made by the State Board of Education after consultation with the State Superintendent of Public Education. The first appointments by the State Board of Education shall be made as follows: five (5) members shall be appointed for a term of one (1) year; five (5) members shall be appointed for a term of two (2) years; and five (5) members shall be appointed for a term of three (3) years. Thereafter, all members shall be appointed for a term of four (4) years.

(3) The State Board of Education when making appointments shall designate a chairman. The commission shall meet at least once every two (2) months or more often if needed. Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) (a) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(b) An Office of Educator Misconduct Evaluations shall be established within the State Department of Education to assist the commission in responding to infractions

and violations, and in conducting hearings and enforcing the provisions of subsections (11), (12), (13), (14) and (15) of this section, and violations of the Mississippi Educator Code of Ethics.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(b) Recommend to the State Board of Education each year approval or disapproval of each educator preparation program in the state, subject to a process and schedule determined by the State Board of Education;

(c) Establish, subject to the approval of the State Board of Education, standards for initial teacher certification and licensure in all fields;

(d) Establish, subject to the approval of the State Board of Education, standards for the renewal of teacher licenses in all fields;

(e) Review and evaluate objective measures of teacher performance, such as test scores, which may form part of the licensure process, and to make recommendations for their use;

(f) Review all existing requirements for certification and licensure;

(g) Consult with groups whose work may be affected by the commission's decisions;

(h) Prepare reports from time to time on current practices and issues in the general area of teacher education and certification and licensure;

(i) Hold hearings concerning standards for teachers' and administrators' education and certification and licensure with approval of the State Board of Education;

(j) Hire expert consultants with approval of the State Board of Education;

(k) Set up ad hoc committees to advise on specific areas; and

(l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education.

(6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a

teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education; and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent);

or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) (i) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

* * *1. An ACT Score of twenty-one (21) (or SAT equivalent); or

* * *2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

* * *3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(ii) Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

* * *1. The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

* * *2. The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

* * *3. Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be

issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

* * *4. During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

* * *5. An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

* * *6. Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

* * *7. At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

* * *8. The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

(iii) Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

(iv) A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a * * * five-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person shall be required to have a high school diploma, an industry-recognized certification related to the subject area in which they are teaching and a minimum of five (5) years of relevant experience but shall not be required to hold an associate or bachelor's degree, provided that he or she possesses the minimum qualifications required for his or her profession, and may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. If a school board hires

a career technical education pathway instructor who does not have an industry certification in his or her area of expertise but does have the required experience, the school board shall spread their decision on the minutes at their next meeting and provide a detailed explanation for why they hired the instructor. Such instructor shall present the minutes of the school board to the State Department of Education when he or she applies for an expert citizen license. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. (a) The department shall grant a standard license to any individual who possesses a valid standard license from another state and meets minimum Mississippi license requirements or equivalent requirements as determined by the State Board of Education. The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

(b) The department shall grant a nonrenewable special license to any individual who possesses a credential which is less than a standard license or certification from another state. Such special license shall be valid for the current school year plus one (1) additional school year to expire on June 30 of the second year, not to exceed a total period of twenty-four (24) months, during which time the applicant shall be required to complete the requirements for a standard license in Mississippi.

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the

decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the

action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 7. Section 37-16-3, Mississippi Code of 1972, is amended as follows:

37-16-3. (1) The State Department of Education is directed to implement a program of statewide assessment testing which shall provide for the improvement of the operation and management of the public schools. The statewide program shall be timed, as far as possible, so as not to conflict with ongoing district assessment programs. As part of the program, the department shall:

(a) Establish, with the approval of the State Board of Education, minimum performance standards related to the goals for education contained in the state's plan including, but not limited to, basic skills in reading, writing and mathematics. The minimum performance standards shall be approved by April 1 in each year they are established.

(b) Conduct a uniform statewide testing program in grades deemed appropriate in the public schools, including charter schools, which shall provide for the administration of the ACT WorkKeys Assessment to any students electing to the assessment. Each individual school district shall determine whether the ACT WorkKeys Assessment is administered in the ninth, tenth or eleventh grade. The program may test skill areas, basic skills and high school course content.

(c) Monitor the results of the assessment program and, at any time the composite student performance of a school or basic program is found to be below the established minimum standards, notify the district superintendent or the governing board of the charter school, as the case may be, the school principal and the school advisory committee or other existing parent group of the situation within thirty (30) days of its determination. The department shall further provide technical assistance to a school district in the identification of the causes of this deficiency and shall recommend courses of action for its correction.

(d) Provide technical assistance to the school districts, when requested, in the development of student performance standards in addition to the established minimum statewide standards.

(e) Issue security procedure regulations providing for the security and integrity of the tests that are administered under the basic skills assessment program.

(f) In case of an allegation of a testing irregularity that prompts a need for an investigation by the Department of Education, the department may, in its discretion, take complete control of the statewide test administration in a school district or any part thereof, including, but not limited to, obtaining control of the test booklets and answer documents. In the case of any verified testing irregularity that jeopardized the security and integrity of the test(s), validity or the accuracy of the test results, the cost of the investigation and any other actual and necessary costs related to the investigation paid by the Department of Education shall be reimbursed by the local school district from funds other than federal funds, Mississippi Adequate Education Program funds, or any other state funds within six (6) months from the date of notice by the department to the school district to make reimbursement to the department.

(2) Uniform basic skills tests shall be completed by each student in the appropriate grade. These tests shall be administered in such a manner as to preserve the integrity and validity of the assessment. In the event of excused or unexcused student absences, make-up tests shall be given. The school superintendent of every school district in the state and the principal of each charter school shall annually certify to the State Department of Education that each student enrolled in the appropriate grade has completed the required basic skills assessment test for his or her grade in a valid test administration.

(3) Within five (5) days of completing the administration of a statewide test, the principal of the school where the test was administered shall certify under oath to the State Department of Education that the statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The principal's sworn certification shall be set forth on a form developed and approved by the Department of Education. If, following the administration of a statewide test, the principal has reason to believe that the test was not administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education, the principal shall submit a sworn certification to the Department of Education setting forth all information known or believed by the principal about all potential violations of the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The submission of false information or false certification to the Department of Education by any licensed educator may result in licensure disciplinary action pursuant to Section 37-3-2 and criminal prosecution pursuant to Section 37-16-4.

SECTION 8. Section 37-17-6, Mississippi Code of 1972, is amended as follows:

37-17-6. (1) The State Board of Education, acting through the Commission on School Accreditation, shall establish and implement a permanent performance-based accreditation system, and all noncharter public elementary and secondary schools shall be accredited under this system.

(2) No later than June 30, 1995, the State Board of Education, acting through the Commission on School Accreditation, shall require school districts to provide school classroom space that is air-conditioned as a minimum requirement for accreditation.

(3) (a) Beginning with the 1994-1995 school year, the State Board of Education, acting through the Commission on School Accreditation, shall require that school districts employ certified school librarians according to the following formula:

Number of Students	Number of Certified
Per School Library	School Librarians
0 - 499 Students	1/2 Full-time Equivalent

Certified Librarian	
500 or More Students	1 Full-time Certified

Librarian

(b) The State Board of Education, however, may increase the number of positions beyond the above requirements.

(c) The assignment of certified school librarians to the particular schools shall be at the discretion of the local school district. No individual shall be employed as a

certified school librarian without appropriate training and certification as a school librarian by the State Department of Education.

(d) School librarians in the district shall spend at least fifty percent (50%) of direct work time in a school library and shall devote no more than one-fourth (1/4) of the workday to administrative activities that are library related.

(e) Nothing in this subsection shall prohibit any school district from employing more certified school librarians than are provided for in this section.

(f) Any additional millage levied to fund school librarians required for accreditation under this subsection shall be included in the tax increase limitation set forth in Sections 37-57-105 and 37-57-107 and shall not be deemed a new program for purposes of the limitation.

(4) On or before December 31, 2002, the State Board of Education shall implement the performance-based accreditation system for school districts and for individual noncharter public schools which shall include the following:

(a) High expectations for students and high standards for all schools, with a focus on the basic curriculum;

(b) Strong accountability for results with appropriate local flexibility for local implementation;

(c) A process to implement accountability at both the school district level and the school level;

(d) Individual schools shall be held accountable for student growth and performance;

(e) Set annual performance standards for each of the schools of the state and measure the performance of each school against itself through the standard that has been set for it;

(f) A determination of which schools exceed their standards and a plan for providing recognition and rewards to those schools;

(g) A determination of which schools are failing to meet their standards and a determination of the appropriate role of the State Board of Education and the State Department of Education in providing assistance and initiating possible intervention. A failing district is a district that fails to meet both the absolute student achievement standards and the rate of annual growth expectation standards as set by the State Board of Education for two (2) consecutive years. The State Board of Education shall establish the level of benchmarks by which absolute student achievement and growth expectations shall be assessed. In setting the benchmarks for school districts, the State Board of Education may also take into account such factors as graduation rates, dropout rates, completion rates, the extent to which the school or district employs qualified teachers in every classroom, and any other factors deemed appropriate by the State Board of Education. The State Board of Education, acting through the State Department of Education, shall apply a simple "A," "B," "C," "D" and "F" designation to the current school and school district statewide accountability performance classification labels beginning with the State Accountability Results for the 2011-2012 school year and following, and in the school, district and state report cards required under state and federal law. Under the new designations, a school or school district that has earned a "Star" rating shall be designated an "A" school or school district; a school or school district that has earned a "High-Performing" rating shall be designated a "B" school or school district; a school or school district that has earned a "Successful" rating shall be designated a "C" school or school district; a school or school district that has earned an "Academic Watch" rating shall be designated a "D" school or school district; a school or school district that has earned a "Low-Performing," "At-Risk of Failing" or "Failing" rating shall be designated an "F" school or school district. Effective with the implementation of any new curriculum and assessment standards, the State Board of Education, acting through the State Department of Education, is further authorized and directed to change the school and school district accreditation rating system to a simple "A," "B," "C," "D," and "F" designation based on a combination of student achievement scores and student growth as measured by the statewide testing programs developed by the State Board of Education pursuant to Chapter 16, Title 37, Mississippi Code of 1972. In any statute or regulation containing the former accreditation designations, the new designations shall be applicable;

(h) Development of a comprehensive student assessment system to implement these requirements; and

(i) The State Board of Education may, based on a written request that contains specific reasons for requesting a waiver from the school districts affected by Hurricane Katrina of 2005, hold harmless school districts from assignment of district and school level accountability ratings for the 2005-2006 school year. The State Board of Education upon finding an extreme hardship in the school district may grant the request. It is the intent of the Legislature that all school districts maintain the highest possible academic standards and instructional programs in all schools as required by law and the State Board of Education.

(5) (a) Effective with the 2013-2014 school year, the State Department of Education, acting through the Mississippi Commission on School Accreditation, shall revise and implement a single "A" through "F" school and school district accountability system complying with applicable federal and state requirements in order to reach the following educational goals:

(i) To mobilize resources and supplies to ensure that all students exit third grade reading on grade level by 2015;

(ii) To reduce the student dropout rate to thirteen percent (13%) by 2015; and

(iii) To have sixty percent (60%) of students scoring proficient and advanced on the assessments of the Common Core State Standards by 2016 with incremental increases of three percent (3%) each year thereafter.

(b) The State Department of Education shall combine the state school and school district accountability system with the federal system in order to have a single system.

(c) The State Department of Education shall establish five (5) performance categories ("A," "B," "C," "D" and "F") for the accountability system based on the following criteria:

(i) Student Achievement: the percent of students proficient and advanced on the current state assessments;

(ii) Individual student growth: the percent of students making one (1) year's progress in one (1) year's time on the state assessment, with an emphasis on the progress of the lowest twenty-five percent (25%) of students in the school or district;

(iii) Four-year graduation rate: the percent of students graduating with a standard high school diploma in four (4) years, as defined by federal regulations;

(iv) Categories shall identify schools as Reward ("A" schools), Focus ("D" schools) and Priority ("F" schools). If at least five percent (5%) of schools in the state are not graded as "F" schools, the lowest five percent (5%) of school grade point designees will be identified as Priority schools. If at least ten percent (10%) of schools in the state are not graded as "D" schools, the lowest ten percent (10%) of school grade point designees will be identified as Focus schools;

(v) The State Department of Education shall discontinue the use of Star School, High-Performing, Successful, Academic Watch, Low-Performing, At-Risk of Failing and Failing school accountability designations;

(vi) The system shall include the federally compliant four-year graduation rate in school and school district accountability system calculations. Graduation rate will apply to high school and school district accountability ratings as a compensatory component. The system shall discontinue the use of the High School Completer Index (HSCI);

(vii) The school and school district accountability system shall incorporate a standards-based growth model, in order to support improvement of individual student learning;

(viii) The State Department of Education shall discontinue the use of the Quality Distribution Index (QDI);

(ix) The State Department of Education shall determine feeder patterns of schools that do not earn a school grade because the grades and subjects taught at the school do not have statewide standardized assessments needed to calculate a school grade. Upon determination of the feeder pattern, the department shall notify schools and school districts prior to the release of the school grades beginning in 2013.

Feeder schools will be assigned the accountability designation of the school to which they provide students;

(x) Standards for student, school and school district performance will be increased when student proficiency is at a seventy-five percent (75%) and/or when sixty-five percent (65%) of the schools and/or school districts are earning a grade of "B" or higher, in order to raise the standard on performance after targets are met * * *; and

(xi) The system shall include student performance on the administration of the ACT WorkKeys Assessment, which shall be weighted in the same percentage as the standard ACT Assessment as administered to students in Grade 11, for inclusion in the college and career readiness portion of the accountability rating system. The State Department of Education shall ensure equitable distribution of points under the accountability rating, in comparison to the ACT Assessment, for a Silver Status on the ACT WorkKeys Assessment. A student shall not be required to complete all of the courses within his or her career pathway for his or her performance on the ACT WorkKeys Assessment to be included in the system.

(6) Nothing in this section shall be deemed to require a nonpublic school that receives no local, state or federal funds for support to become accredited by the State Board of Education.

(7) The State Board of Education shall create an accreditation audit unit under the Commission on School Accreditation to determine whether schools are complying with accreditation standards.

(8) The State Board of Education shall be specifically authorized and empowered to withhold adequate education program fund allocations, whichever is applicable, to any public school district for failure to timely report student, school personnel and fiscal data necessary to meet state and/or federal requirements.

(9) [Deleted]

(10) The State Board of Education shall establish, for those school districts failing to meet accreditation standards, a program of development to be complied with in order to receive state funds, except as otherwise provided in subsection (15) of this section when the Governor has declared a state of emergency in a school district or as otherwise provided in Section 206, Mississippi Constitution of 1890. The state board, in establishing these standards, shall provide for notice to schools and sufficient time and aid to enable schools to attempt to meet these standards, unless procedures under subsection (15) of this section have been invoked.

(11) Beginning July 1, 1998, the State Board of Education shall be charged with the implementation of the program of development in each applicable school district as follows:

(a) Develop an impairment report for each district failing to meet accreditation standards in conjunction with school district officials;

(b) Notify any applicable school district failing to meet accreditation standards that it is on probation until corrective actions are taken or until the deficiencies have been removed. The local school district shall develop a corrective action plan to improve its deficiencies. For district academic deficiencies, the corrective action plan for each such school district shall be based upon a complete analysis of the following: student test data, student grades, student attendance reports, student dropout data, existence and other relevant data. The corrective action plan shall describe the specific measures to be taken by the particular school district and school to improve: (i) instruction; (ii) curriculum; (iii) professional development; (iv) personnel and classroom organization; (v) student incentives for performance; (vi) process deficiencies; and (vii) reporting to the local school board, parents and the community. The corrective action plan shall describe the specific individuals responsible for implementing each component of the recommendation and how each will be evaluated. All corrective action plans shall be provided to the State Board of Education as may be required. The decision of the State Board of Education establishing the probationary period of time shall be final;

(c) Offer, during the probationary period, technical assistance to the school district in making corrective actions. Beginning July 1, 1998, subject to the availability of funds, the State Department of Education shall provide technical and/or financial assistance to all such school districts in order to implement each measure identified in that district's corrective action plan through professional development and on-site

assistance. Each such school district shall apply for and utilize all available federal funding in order to support its corrective action plan in addition to state funds made available under this paragraph;

(d) Assign department personnel or contract, in its discretion, with the institutions of higher learning or other appropriate private entities with experience in the academic, finance and other operational functions of schools to assist school districts;

(e) Provide for publication of public notice at least one time during the probationary period, in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The publication shall include the following: declaration of school system's status as being on probation; all details relating to the impairment report; and other information as the State Board of Education deems appropriate. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

(12) (a) If the recommendations for corrective action are not taken by the local school district or if the deficiencies are not removed by the end of the probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. Additionally, if the local school district violates accreditation standards that have been determined by the policies and procedures of the State Board of Education to be a basis for withdrawal of school district's accreditation without a probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. After its consideration of the results of the hearing, the Commission on School Accreditation shall be authorized, with the approval of the State Board of Education, to withdraw the accreditation of a public school district, and issue a request to the Governor that a state of emergency be declared in that district.

(b) If the State Board of Education and the Commission on School Accreditation determine that an extreme emergency situation exists in a school district that jeopardizes the safety, security or educational interests of the children enrolled in the schools in that district and that emergency situation is believed to be related to a serious violation or violations of accreditation standards or state or federal law, or when a school district meets the State Board of Education's definition of a failing school district for two (2) consecutive full school years, or if more than fifty percent (50%) of the schools within the school district are designated as Schools At-Risk in any one (1) year, the State Board of Education may request the Governor to declare a state of emergency in that school district. For purposes of this paragraph, the declarations of a state of emergency shall not be limited to those instances when a school district's impairments are related to a lack of financial resources, but also shall include serious failure to meet minimum academic standards, as evidenced by a continued pattern of poor student performance.

(c) Whenever the Governor declares a state of emergency in a school district in response to a request made under paragraph (a) or (b) of this subsection, the State Board of Education may take one or more of the following actions:

(i) Declare a state of emergency, under which some or all of state funds can be escrowed except as otherwise provided in Section 206, Constitution of 1890, until the board determines corrective actions are being taken or the deficiencies have been removed, or that the needs of students warrant the release of funds. The funds may be released from escrow for any program which the board determines to have been restored to standard even though the state of emergency may not as yet be terminated for the district as a whole;

(ii) Override any decision of the local school board or superintendent of education, or both, concerning the management and operation of the school district, or initiate and make decisions concerning the management and operation of the school district;

(iii) Assign an interim superintendent, or in its discretion, contract with a private entity with experience in the academic, finance and other operational functions of schools and school districts, who will have those powers and duties prescribed in subsection (15) of this section;

(iv) Grant transfers to students who attend this school district so that they may attend other accredited schools or districts in a manner that is not in violation of state or federal law;

(v) For states of emergency declared under paragraph (a) only, if the accreditation deficiencies are related to the fact that the school district is too small, with too few resources, to meet the required standards and if another school district is willing to accept those students, abolish that district and assign that territory to another school district or districts. If the school district has proposed a voluntary consolidation with another school district or districts, then if the State Board of Education finds that it is in the best interest of the pupils of the district for the consolidation to proceed, the voluntary consolidation shall have priority over any such assignment of territory by the State Board of Education;

(vi) For states of emergency declared under paragraph (b) only, reduce local supplements paid to school district employees, including, but not limited to, instructional personnel, assistant teachers and extracurricular activities personnel, if the district's impairment is related to a lack of financial resources, but only to an extent that will result in the salaries being comparable to districts similarly situated, as determined by the State Board of Education;

(vii) For states of emergency declared under paragraph (b) only, the State Board of Education may take any action as prescribed in Section 37-17-13.

(d) At the time that satisfactory corrective action has been taken in a school district in which a state of emergency has been declared, the State Board of Education may request the Governor to declare that the state of emergency no longer exists in the district.

(e) The parent or legal guardian of a school-age child who is enrolled in a school district whose accreditation has been withdrawn by the Commission on School Accreditation and without approval of that school district may file a petition in writing to a school district accredited by the Commission on School Accreditation for a legal transfer. The school district accredited by the Commission on School Accreditation may grant the transfer according to the procedures of Section 37-15-31(1)(b). In the event the accreditation of the student's home district is restored after a transfer has been approved, the student may continue to attend the transferee school district. The per-pupil amount of the adequate education program allotment, including the collective "add-on program" costs for the student's home school district shall be transferred monthly to the school district accredited by the Commission on School Accreditation that has granted the transfer of the school-age child.

(f) Upon the declaration of a state of emergency for any school district in which the Governor has previously declared a state of emergency, the State Board of Education may either:

(i) Place the school district into district transformation, in which the school district shall remain until it has fulfilled all conditions related to district transformation. If the district was assigned an accreditation rating of "D" or "F" when placed into district transformation, the district shall be eligible to return to local control when the school district has attained a "C" rating or higher for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period;

(ii) Abolish the school district and administratively consolidate the school district with one or more existing school districts;

(iii) Reduce the size of the district and administratively consolidate parts of the district, as determined by the State Board of Education. However, no school district which is not in district transformation shall be required to accept additional territory over the objection of the district; or

(iv) Require the school district to develop and implement a district improvement plan with prescriptive guidance and support from the State Department of Education, with the goal of helping the district improve student achievement. Failure of the school board, superintendent and school district staff to implement the plan with fidelity and participate in the activities provided as support by the department shall result in the school district retaining its eligibility for district transformation.

(g) There is established a Mississippi Recovery School District within the State Department of Education under the supervision of a deputy superintendent appointed by the State Superintendent of Public Education, who is subject to the approval by the State Board of Education. The Mississippi Recovery School District shall provide leadership and oversight of all school districts that are subject to district transformation status, as defined in Chapters 17 and 18, Title 37, Mississippi Code of 1972, and shall have all the authority granted under these two (2) chapters. The Mississippi Department of Education, with the approval of the State Board of Education, shall develop policies for the operation and management of the Mississippi Recovery School District. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall be authorized to oversee the administration of the Mississippi Recovery School District, oversee the interim superintendent assigned by the State Board of Education to a local school district, hear appeals that would normally be filed by students, parents or employees and heard by a local school board, which hearings on appeal shall be conducted in a prompt and timely manner in the school district from which the appeal originated in order to ensure the ability of appellants, other parties and witnesses to appeal without undue burden of travel costs or loss of time from work, and perform other related duties as assigned by the State Superintendent of Public Education. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall determine, based on rigorous professional qualifications set by the State Board of Education, the appropriate individuals to be engaged to be interim superintendents and financial advisors, if applicable, of all school districts subject to district transformation status. After State Board of Education approval, these individuals shall be deemed independent contractors.

(13) Upon the declaration of a state of emergency in a school district under subsection (12) of this section, the Commission on School Accreditation shall be responsible for public notice at least once a week for at least three (3) consecutive weeks in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The size of the notice shall be no smaller than one-fourth (1/4) of a standard newspaper page and shall be printed in bold print. If an interim superintendent has been appointed for the school district, the notice shall begin as follows: "By authority of Section 37-17-6, Mississippi Code of 1972, as amended, adopted by the Mississippi Legislature during the 1991 Regular Session, this school district (name of school district) is hereby placed under the jurisdiction of the State Department of Education acting through its appointed interim superintendent (name of interim superintendent)."

The notice also shall include, in the discretion of the State Board of Education, any or all details relating to the school district's emergency status, including the declaration of a state of emergency in the school district and a description of the district's impairment deficiencies, conditions of any district transformation status and corrective actions recommended and being taken. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

Upon termination of the state of emergency in a school district, the Commission on School Accreditation shall cause notice to be published in the school district in the same manner provided in this section, to include any or all details relating to the corrective action taken in the school district that resulted in the termination of the state of emergency.

(14) The State Board of Education or the Commission on School Accreditation shall have the authority to require school districts to produce the necessary reports, correspondence, financial statements, and any other documents and information necessary to fulfill the requirements of this section.

Nothing in this section shall be construed to grant any individual, corporation, board or interim superintendent the authority to levy taxes except in accordance with presently existing statutory provisions.

(15) (a) Whenever the Governor declares a state of emergency in a school district in response to a request made under subsection (12) of this section, the State Board of Education, in its discretion, may assign an interim superintendent to the school district, or in its discretion, may contract with an appropriate private entity with experience in the academic, finance and other operational functions of schools and school districts, who will

be responsible for the administration, management and operation of the school district, including, but not limited to, the following activities:

(i) Approving or disapproving all financial obligations of the district, including, but not limited to, the employment, termination, nonrenewal and reassignment of all licensed and nonlicensed personnel, contractual agreements and purchase orders, and approving or disapproving all claim dockets and the issuance of checks; in approving or disapproving employment contracts of superintendents, assistant superintendents or principals, the interim superintendent shall not be required to comply with the time limitations prescribed in Sections 37-9-15 and 37-9-105;

(ii) Supervising the day-to-day activities of the district's staff, including reassigning the duties and responsibilities of personnel in a manner which, in the determination of the interim superintendent, will best suit the needs of the district;

(iii) Reviewing the district's total financial obligations and operations and making recommendations to the district for cost savings, including, but not limited to, reassigning the duties and responsibilities of staff;

(iv) Attending all meetings of the district's school board and administrative staff;

(v) Approving or disapproving all athletic, band and other extracurricular activities and any matters related to those activities;

(vi) Maintaining a detailed account of recommendations made to the district and actions taken in response to those recommendations;

(vii) Reporting periodically to the State Board of Education on the progress or lack of progress being made in the district to improve the district's impairments during the state of emergency; and

(viii) Appointing a parent advisory committee, comprised of parents of students in the school district that may make recommendations to the interim superintendent concerning the administration, management and operation of the school district.

The cost of the salary of the interim superintendent and any other actual and necessary costs related to district transformation status paid by the State Department of Education shall be reimbursed by the local school district from funds other than adequate education program funds. The department shall submit an itemized statement to the superintendent of the local school district for reimbursement purposes, and any unpaid balance may be withheld from the district's adequate education program funds.

At the time that the Governor, in accordance with the request of the State Board of Education, declares that the state of emergency no longer exists in a school district, the powers and responsibilities of the interim superintendent assigned to the district shall cease.

(b) In order to provide loans to school districts under a state of emergency or in district transformation status that have impairments related to a lack of financial resources, the School District Emergency Assistance Fund is created as a special fund in the State Treasury into which monies may be transferred or appropriated by the Legislature from any available public education funds. Funds in the School District Emergency Assistance Fund up to a maximum balance of Three Million Dollars (\$3,000,000.00) annually shall not lapse but shall be available for expenditure in subsequent years subject to approval of the State Board of Education. Any amount in the fund in excess of Three Million Dollars (\$3,000,000.00) at the end of the fiscal year shall lapse into the State General Fund or the Education Enhancement Fund, depending on the source of the fund.

The State Board of Education may loan monies from the School District Emergency Assistance Fund to a school district that is under a state of emergency or in district transformation status, in those amounts, as determined by the board, that are necessary to correct the district's impairments related to a lack of financial resources. The loans shall be evidenced by an agreement between the school district and the State Board of Education and shall be repayable in principal, without necessity of interest, to the School District Emergency Assistance Fund by the school district from any allowable funds that are available. The total amount loaned to the district shall be due and payable within five (5) years after the impairments related to a lack of financial resources are corrected. If a school district fails to make payments on the loan in accordance with the terms of the

agreement between the district and the State Board of Education, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may withhold that district's adequate education program funds in an amount and manner that will effectuate repayment consistent with the terms of the agreement; the funds withheld by the department shall be deposited into the School District Emergency Assistance Fund.

The State Board of Education shall develop a protocol that will outline the performance standards and requisite timeline deemed necessary for extreme emergency measures. If the State Board of Education determines that an extreme emergency exists, simultaneous with the powers exercised in this subsection, it shall take immediate action against all parties responsible for the affected school districts having been determined to be in an extreme emergency. The action shall include, but not be limited to, initiating civil actions to recover funds and criminal actions to account for criminal activity. Any funds recovered by the State Auditor or the State Board of Education from the surety bonds of school officials or from any civil action brought under this subsection shall be applied toward the repayment of any loan made to a school district hereunder.

(16) If a majority of the membership of the school board of any school district resigns from office, the State Board of Education shall be authorized to assign an interim superintendent, who shall be responsible for the administration, management and operation of the school district until the time as new board members are selected or the Governor declares a state of emergency in that school district under subsection (12), whichever occurs first. In that case, the State Board of Education, acting through the interim superintendent, shall have all powers which were held by the previously existing school board, and may take any action as prescribed in Section 37-17-13 and/or one or more of the actions authorized in this section.

(17) (a) If the Governor declares a state of emergency in a school district, the State Board of Education may take all such action pertaining to that school district as is authorized under subsection (12) or (15) of this section, including the appointment of an interim superintendent. The State Board of Education shall also have the authority to issue a written request with documentation to the Governor asking that the office of the superintendent of the school district be subject to recall. If the Governor declares that the office of the superintendent of the school district is subject to recall, the local school board or the county election commission, as the case may be, shall take the following action:

(i) If the office of superintendent is an elected office, in those years in which there is no general election, the name shall be submitted by the State Board of Education to the county election commission, and the county election commission shall submit the question at a special election to the voters eligible to vote for the office of superintendent within the county, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Shall County Superintendent of Education _____ (here the name of the superintendent shall be inserted) of the _____ (here the title of the school district shall be inserted) be retained in office? Yes _____ No _____"

If a majority of those voting on the question votes against retaining the superintendent in office, a vacancy shall exist which shall be filled in the manner provided by law; otherwise, the superintendent shall remain in office for the term of that office, and at the expiration of the term shall be eligible for qualification and election to another term or terms.

(ii) If the office of superintendent is an appointive office, the name of the superintendent shall be submitted by the president of the local school board at the next regular meeting of the school board for retention in office or dismissal from office. If a majority of the school board voting on the question vote against retaining the superintendent in office, a vacancy shall exist which shall be filled as provided by law, otherwise the superintendent shall remain in office for the duration of his employment contract.

(b) The State Board of Education may issue a written request with documentation to the Governor asking that the membership of the school board of the school district shall be subject to recall. Whenever the Governor declares that the membership of the school board is subject to recall, the county election commission or the local governing authorities, as the case may be, shall take the following action:

(i) If the members of the local school board are elected to office, in those years in which the specific member's office is not up for election, the name of the school board member shall be submitted by the State Board of Education to the county election commission, and the county election commission at a special election shall submit the question to the voters eligible to vote for the particular member's office within the county or school district, as the case may be, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Members of the _____ (here the title of the school district shall be inserted) School Board who are not up for election this year are subject to recall because of the school district's failure to meet critical accountability standards as defined in the letter of notification to the Governor from the State Board of Education. Shall the member of the school board representing this area, _____ (here the name of the school board member holding the office shall be inserted), be retained in office? Yes _____ No _____"

If a majority of those voting on the question vote against retaining the member of the school board in office, a vacancy in that board member's office shall exist, which shall be filled in the manner provided by law; otherwise, the school board member shall remain in office for the term of that office, and at the expiration of the term of office, the member shall be eligible for qualification and election to another term or terms of office. However, if a majority of the school board members are recalled in the special election, the Governor shall authorize the board of supervisors of the county in which the school district is situated to appoint members to fill the offices of the members recalled. The board of supervisors shall make those appointments in the manner provided by law for filling vacancies on the school board, and the appointed members shall serve until the office is filled at the next regular special election or general election.

(ii) If the local school board is an appointed school board, the name of all school board members shall be submitted as a collective board by the president of the municipal or county governing authority, as the case may be, at the next regular meeting of the governing authority for retention in office or dismissal from office. If a majority of the governing authority voting on the question vote against retaining the board in office, a vacancy shall exist in each school board member's office, which shall be filled as provided by law; otherwise, the members of the appointed school board shall remain in office for the duration of their term of appointment, and those members may be reappointed.

(iii) If the local school board is comprised of both elected and appointed members, the elected members shall be subject to recall in the manner provided in subparagraph (i) of this paragraph (b), and the appointed members shall be subject to recall in the manner provided in subparagraph (ii).

(18) Beginning with the school district audits conducted for the 1997-1998 fiscal year, the State Board of Education, acting through the Commission on School Accreditation, shall require each school district to comply with standards established by the State Department of Audit for the verification of fixed assets and the auditing of fixed assets records as a minimum requirement for accreditation.

(19) Before December 1, 1999, the State Board of Education shall recommend a program to the Education Committees of the House of Representatives and the Senate for identifying and rewarding public schools that improve or are high performing. The program shall be described by the board in a written report, which shall include criteria and a process through which improving schools and high-performing schools will be identified and rewarded.

The State Superintendent of Public Education and the State Board of Education also shall develop a comprehensive accountability plan to ensure that local school boards, superintendents, principals and teachers are held accountable for student achievement. A written report on the accountability plan shall be submitted to the Education Committees of both houses of the Legislature before December 1, 1999, with any necessary legislative recommendations.

(20) Before January 1, 2008, the State Board of Education shall evaluate and submit a recommendation to the Education Committees of the House of Representatives and the

Senate on inclusion of graduation rate and dropout rate in the school level accountability system.

(21) If a local school district is determined as failing and placed into district transformation status for reasons authorized by the provisions of this section, the interim superintendent appointed to the district shall, within forty-five (45) days after being appointed, present a detailed and structured corrective action plan to move the local school district out of district transformation status to the deputy superintendent. A copy of the interim superintendent's corrective action plan shall also be filed with the State Board of Education.

SECTION 9. Beginning with the 2021-2022 academic year, the State Board of Education, acting through the Commission on Teacher and Administrator Education, Certification and Licensure and Development, and in conjunction with the Board of Trustees of State Institutions of Higher Learning, shall require each educator preparation program in the state to include, as part of its curriculum, a Praxis Core Academic Skills for Educators examination and a Praxis II examination course of study, which shall serve as a preparatory review course with emphasis on the concepts and exam skills necessary for success on the exam, and reinforces students' knowledge through thought-provoking examples and Praxis exam questions. Upon completion of the course, students shall have mastered concepts as they are tested so that students can excel within the time constraints of the exam."

ADOPTED

YEAS AND NAYS ON **H. B. No. 1253**. On motion of Rep. Bell (21st) the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anthony, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Darnell, Denton, Deweese, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Holloway, Hood, Horan, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Wright, Yancey, Yates, Zuber. Total--106.

Nays--Arnold, Bomgar, Brown, C, Criswell, Eubanks, Hobgood-Wilkes, Hopkins, Horne, McCray, Williamson. Total--10.

Absent or those not voting--Anderson, J, Currie, Weathersby, Young. Total-4.

Present--Bailey, Crudup. Total--2.

Necessary for passage--58

Rep. Bell (21st) called up:

H. B. No. 536: Mississippi Department of Employment Security; revise various provisions regarding authority of.

A committee substitute was adopted.

AMENDMENT NO. 1 BY REPRESENTATIVE Bell (21st):

AMEND by striking Section 7 through Section 12 in their entirety and renumbering the succeeding sections.

SECTION 7. Section 37-15-38, Mississippi Code of 1972, is brought forward as follows:

37-15-38. (1) The following phrases have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) A dual enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

(b) A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving high school and college credit for postsecondary coursework.

(2) A local school board, the Board of Trustees of State Institutions of Higher Learning and the Mississippi Community College Board shall establish a dual enrollment system under which students in the school district who meet the prescribed criteria of this section may be enrolled in a postsecondary institution in Mississippi while they are still in school.

(3) Dual credit eligibility. Before credits earned by a qualified high school student from a community or junior college or state institution of higher learning may be transferred to the student's home school district, the student must be properly enrolled in a dual enrollment program.

(4) Admission criteria for dual enrollment in community and junior college or university programs. The Mississippi Community College Board and the Board of Trustees of State Institutions of Higher Learning may recommend to the State Board of Education admission criteria for dual enrollment programs under which high school students may enroll at a community or junior college or university while they are still attending high school and enrolled in high school courses. Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated dual enrollment admission requirements.

(5) Tuition and cost responsibility. Tuition and costs for university-level courses and community and junior college courses offered under a dual enrollment program may be paid for by the postsecondary institution, the local school district, the parents or legal guardians of the student, or by grants, foundations or other private or public sources. Payment for tuition and any other costs must be made directly to the credit-granting institution.

(6) Transportation responsibility. Any transportation required by a student to participate in the dual enrollment program is the responsibility of the parent, custodian or legal guardian of the student. Transportation costs may be paid from any available public or private sources, including the local school district.

(7) School district average daily attendance credit. When dually enrolled, the student may be counted, for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school.

(8) High school student transcript transfer requirements. Grades and college credits earned by a student admitted to a dual credit program must be recorded on the high school student record and on the college transcript at the university or community or junior college where the student attends classes. The transcript of the university or community or junior college coursework may be released to another institution or applied toward college graduation requirements.

(9) Determining factor of prerequisites for dual enrollment courses. Each university and community or junior college participating in a dual enrollment program shall determine course prerequisites. Course prerequisites shall be the same for dual enrolled students as for regularly enrolled students at that university or community or junior college.

(10) Process for determining articulation of curriculum between high school, university, and community and junior college courses. All dual credit courses must meet the standards established at the postsecondary level. Postsecondary level developmental courses may not be considered as meeting the requirements of the dual credit program. Dual credit memorandum of understandings must be established between each postsecondary institution and the school district implementing a dual credit program.

(11) [Deleted]

(12) Eligible courses for dual credit programs. Courses eligible for dual credit include, but are not necessarily limited to, foreign languages, advanced math courses, advanced science courses, performing arts, advanced business and technology, and career and technical courses. Distance Learning Collaborative Program courses approved under Section 37-67-1 shall be fully eligible for dual credit. All courses being considered for dual credit must receive unconditional approval from the superintendent of the local school

district and the chief instructional officer at the participating community or junior college or university in order for college credit to be awarded. A university or community or junior college shall make the final decision on what courses are eligible for semester hour credits.

(13) High school Carnegie unit equivalency. One (1) three-hour university or community or junior college course is equal to one (1) high school Carnegie unit.

(14) Course alignment. The universities, community and junior colleges and the State Department of Education shall periodically review their respective policies and assess the place of dual credit courses within the context of their traditional offerings.

(15) Maximum dual credits allowed. It is the intent of the dual enrollment program to make it possible for every eligible student who desires to earn a semester's worth of college credit in high school to do so. A qualified dually enrolled high school student must be allowed to earn an unlimited number of college or university credits for dual credit.

(16) Dual credit program allowances. A student may be granted credit delivered through the following means:

(a) Examination preparation taught at a high school by a qualified teacher. A student may receive credit at the secondary level after completion of an approved course and passing the standard examination, such as an Advanced Placement or International Baccalaureate course through which a high school student is allowed CLEP credit by making a three (3) or higher on the end-of-course examination.

(b) College or university courses taught at a high school or designated postsecondary site by a qualified teacher who is an employee of the school district and approved as an instructor by the collaborating college or university.

(c) College or university courses taught at a college, university or high school by an instructor employed by the college or university and approved by the collaborating school district.

(d) Online courses of any public university, community or junior college in Mississippi.

(17) Qualifications of dual credit instructors. A dual credit academic instructor must meet the requirements set forth by the regional accrediting association (Southern Association of College and Schools). University and community and junior college personnel have the sole authority in the selection of dual credit instructors.

A dual credit career and technical education instructor must meet the requirements set forth by the Mississippi Community College Board in the qualifications manual for postsecondary career and technical personnel.

(18) Guidance on local agreements. The Chief Academic Officer of the State Board of Trustees of State Institutions of Higher Learning and the Chief Instructional Officers of the Mississippi Community College Board and the State Department of Education, working collaboratively, shall develop a template to be used by the individual community and junior colleges and institutions of higher learning for consistent implementation of the dual enrollment program throughout the State of Mississippi.

(19) Mississippi Works Dual Enrollment-Dual Credit Option. A local school board and the local community colleges board shall establish a Mississippi Works Dual Enrollment-Dual Credit Option Program under which potential or recent student dropouts may dually enroll in their home school and a local community college in a dual credit program consisting of high school completion coursework and a community college credential, certificate or degree program. Students completing the dual enrollment-credit option may obtain their high school diploma while obtaining a community college credential, certificate or degree. The Mississippi Department of Employment Security shall assist students who have successfully completed the Mississippi Works Dual Enrollment-Dual Credit Option in securing a job upon the application of the student or the participating school or community college. The Mississippi Works Dual Enrollment-Dual Credit Option Program will be implemented statewide in the 2012-2013 school year and thereafter. The State Board of Education, local school board and the local community college board shall establish criteria for the Dual Enrollment-Dual Credit Program. Students enrolled in the program will not be eligible to participate in interscholastic sports or other extracurricular activities at the home school district. Tuition and costs for community college courses offered under the Dual Enrollment-Dual Credit Program shall not be charged to the student, parents or legal guardians. When dually enrolled, the student shall be counted

for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school, as provided in Section 37-151-7(1)(a). Any transportation required by the student to participate in the Dual Enrollment-Dual Credit Program is the responsibility of the parent or legal guardian of the student, and transportation costs may be paid from any available public or private sources, including the local school district. Grades and college credits earned by a student admitted to this Dual Enrollment-Dual Credit Program shall be recorded on the high school student record and on the college transcript at the community college and high school where the student attends classes. The transcript of the community college coursework may be released to another institution or applied toward college graduation requirements. Any course that is required for subject area testing as a requirement for graduation from a public school in Mississippi is eligible for dual credit, and courses eligible for dual credit shall also include career, technical and degree program courses. All courses eligible for dual credit shall be approved by the superintendent of the local school district and the chief instructional officer at the participating community college in order for college credit to be awarded. A community college shall make the final decision on what courses are eligible for semester hour credits and the local school superintendent, subject to approval by the Mississippi Department of Education, shall make the final decision on the transfer of college courses credited to the student's high school transcript.

SECTION 8. Section 37-16-17, Mississippi Code of 1972, is amended as follows:

37-16-17. (1) Purpose. (a) The purpose of this section is to create a quality option in Mississippi's high schools for students not wishing to pursue a baccalaureate degree, which shall consist of challenging academic courses and modern career-technical studies. The goal for students pursuing the career *** technical education pathways is to graduate from high school with a standard diploma and credit toward a community college certification in a career-technical field. These students also shall be encouraged to take the national assessment in the career-technical field in which they become certified.

(b) The State Board of Education shall develop and adopt course and curriculum requirements for career *** technical education pathways offered by local public school boards in accordance with this section. The Mississippi Community College Board and the State Board of Education jointly shall determine course and curriculum requirements for the career *** technical education pathways. The State Board of Education shall provide notice to all incoming middle school students and junior high students of the career technical education pathways offered by local school boards. Such notice shall include the career technical education pathways available, the course requirements of each pathways, how to enroll in the pathway and any other necessary information as determined by the State Board of Education.

(2) *** Career technical education pathway; description; curriculum. (a) A career *** technical education pathway shall provide a student with greater technical skill and a strong academic core and shall be offered to each high school student enrolled in a public school district. The career *** technical education pathway shall be linked to postsecondary options and shall prepare students to pursue either a degree or certification from a postsecondary institution, an industry-based training or certification, an apprenticeship, the military, or immediate entrance into a career field. The career *** technical education pathway shall be designed primarily for those students who are not college bound and shall provide them with alternatives to entrance into a four-year university or college after high school graduation.

(b) Students pursuing a career *** technical education pathway shall be afforded the opportunity to dually enroll in a community or technical college or to participate in a business internship or work-study program, when such opportunities are available and appropriate.

(c) Each public school district shall offer a career *** technical education pathway approved by the State Board of Education.

(d) Students in a career *** technical education pathway shall complete an academic core of courses and a career and technical sequence of courses.

(e) The *** twenty-four (24) course unit requirements for the career *** technical education pathway may include, but not be limited to, the following:

(i) English I;

- (ii) English II;
- (iii) Technical writing;
- (iv) Computer programming;
- (v) Algebra I;
- (vi) Personal Finance;
- (vii) Business/construction mathematics;
- (viii) Computer science;
- (ix) Biology;
- (x) Earth and Space Science;
- (xi) U.S. History;
- (xii) Mississippi Studies/U.S. Government;
- (xiii) Health;
- (xiv) Physical Education;
- (xv) Soft skills, which include, but are not limited to, social graces, communication abilities, language skills, personal habits, cognitive or emotional empathy, time management, teamwork and leadership traits;
- (xvi) Career technical education pathway courses; and
- (xvii) Integrated technology.

Academic courses within the career * * * technical education pathway of the standard diploma shall provide the knowledge and skill necessary for proficiency on the state subject area tests.

(f) The courses provided in paragraph (e) of this subsection may be tailored to the individual needs of the school district as long as the amendments align with the basic course requirements of paragraph (e).

(3) Nothing in this section shall disallow the development of a dual enrollment program with a technical college so long as an individual school district, with approval from the State Department of Education, agrees to implement such a program in connection with a technical college and the agreement is also approved by the proprietary school's commission.

* * *

SECTION 9. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. It shall be the purpose and duty of the commission to make recommendations to the State Board of Education regarding standards for the certification and licensure and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of Mississippi.

(2) (a) The commission shall be composed of fifteen (15) qualified members. The membership of the commission shall be composed of the following members to be appointed, three (3) from each of the four (4) congressional districts, as such districts existed on January 1, 2011, in accordance with the population calculations determined by the 2010 federal decennial census, including: four (4) classroom teachers; three (3) school administrators; one (1) representative of schools of education of public institutions of higher learning located within the state to be recommended by the Board of Trustees of State Institutions of Higher Learning; one (1) representative from the schools of education of independent institutions of higher learning to be recommended by the Board of the Mississippi Association of Independent Colleges; one (1) representative from public community and junior colleges located within the state to be recommended by the Mississippi Community College Board; one (1) local school board member; and four (4) laypersons. Three (3) members of the commission, at the sole discretion of the State Board of Education, shall be appointed from the state at large.

(b) All appointments shall be made by the State Board of Education after consultation with the State Superintendent of Public Education. The first appointments by the State Board of Education shall be made as follows: five (5) members shall be appointed for a term of one (1) year; five (5) members shall be appointed for a term of two (2) years; and five (5) members shall be appointed for a term of three (3) years. Thereafter, all members shall be appointed for a term of four (4) years.

(3) The State Board of Education when making appointments shall designate a chairman. The commission shall meet at least once every two (2) months or more often if needed.

Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) (a) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(b) An Office of Educator Misconduct Evaluations shall be established within the State Department of Education to assist the commission in responding to infractions and violations, and in conducting hearings and enforcing the provisions of subsections (11), (12), (13), (14) and (15) of this section, and violations of the Mississippi Educator Code of Ethics.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(b) Recommend to the State Board of Education each year approval or disapproval of each educator preparation program in the state, subject to a process and schedule determined by the State Board of Education;

(c) Establish, subject to the approval of the State Board of Education, standards for initial teacher certification and licensure in all fields;

(d) Establish, subject to the approval of the State Board of Education, standards for the renewal of teacher licenses in all fields;

(e) Review and evaluate objective measures of teacher performance, such as test scores, which may form part of the licensure process, and to make recommendations for their use;

(f) Review all existing requirements for certification and licensure;

(g) Consult with groups whose work may be affected by the commission's decisions;

(h) Prepare reports from time to time on current practices and issues in the general area of teacher education and certification and licensure;

(i) Hold hearings concerning standards for teachers' and administrators' education and certification and licensure with approval of the State Board of Education;

(j) Hire expert consultants with approval of the State Board of Education;

(k) Set up ad hoc committees to advise on specific areas; and

(l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education.

(6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4

through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education; and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent);

or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) (i) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

* * *1. An ACT Score of twenty-one (21) (or SAT equivalent); or

* * *2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

* * *3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(ii) Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

* * *1. The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

* * *2. The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

* * *3. Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

* * *4. During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

* * *5. An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

* * *6. Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

* * *7. At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

* * *8. The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

(iii) Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

(iv) A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a * * * five-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person shall be required to have a high school diploma, an industry-recognized certification related to the subject area in which they are teaching and a minimum of five (5) years of relevant experience but shall not be required to hold an associate or bachelor's degree, provided that he or she possesses the minimum qualifications required for his or her profession, and may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. If a school board hires a career technical education pathway instructor who does not have an industry certification in his or her area of expertise but does have the required experience, the school board shall spread their decision on the minutes at their next meeting and provide a detailed explanation for why they hired the instructor. Such instructor shall present the minutes of the school board to the State Department of Education when he or she applies for an expert citizen license. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. (a) The department shall grant a standard license to any individual who possesses a valid standard license from another state and meets minimum Mississippi license requirements or equivalent requirements as determined by the State Board of Education. The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

(b) The department shall grant a nonrenewable special license to any individual who possesses a credential which is less than a standard license or certification from another state. Such special license shall be valid for the current school year plus one (1) additional school year to expire on June 30 of the second year, not to exceed a total period of twenty-four (24) months, during which time the applicant shall be required to complete the requirements for a standard license in Mississippi.

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board

of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the

teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 10. Section 37-16-3, Mississippi Code of 1972, is amended as follows:

37-16-3. (1) The State Department of Education is directed to implement a program of statewide assessment testing which shall provide for the improvement of the operation and management of the public schools. The statewide program shall be timed, as far as possible, so as not to conflict with ongoing district assessment programs. As part of the program, the department shall:

(a) Establish, with the approval of the State Board of Education, minimum performance standards related to the goals for education contained in the state's plan including, but not limited to, basic skills in reading, writing and mathematics. The minimum performance standards shall be approved by April 1 in each year they are established.

(b) Conduct a uniform statewide testing program in grades deemed appropriate in the public schools, including charter schools, which shall provide for the administration of the ACT WorkKeys Assessment to any students electing to the assessment. Each individual school district shall determine whether the ACT WorkKeys Assessment is administered in the ninth, tenth or eleventh grade. The program may test skill areas, basic skills and high school course content.

(c) Monitor the results of the assessment program and, at any time the composite student performance of a school or basic program is found to be below the established minimum standards, notify the district superintendent or the governing board of the charter school, as the case may be, the school principal and the school advisory committee or other existing parent group of the situation within thirty (30) days of its determination. The department shall further provide technical assistance to a school district in the identification of the causes of this deficiency and shall recommend courses of action for its correction.

(d) Provide technical assistance to the school districts, when requested, in the development of student performance standards in addition to the established minimum statewide standards.

(e) Issue security procedure regulations providing for the security and integrity of the tests that are administered under the basic skills assessment program.

(f) In case of an allegation of a testing irregularity that prompts a need for an investigation by the Department of Education, the department may, in its discretion, take complete control of the statewide test administration in a school district or any part thereof, including, but not limited to, obtaining control of the test booklets and answer documents. In the case of any verified testing irregularity that jeopardized the security and integrity of the test(s), validity or the accuracy of the test results, the cost of the investigation and any other actual and necessary costs related to the investigation paid by the Department of Education shall be reimbursed by the local school district from funds other than federal funds, Mississippi Adequate Education Program funds, or any other state funds within six (6) months from the date of notice by the department to the school district to make reimbursement to the department.

(2) Uniform basic skills tests shall be completed by each student in the appropriate grade. These tests shall be administered in such a manner as to preserve the integrity and validity of the assessment. In the event of excused or unexcused student absences, make-up tests shall be given. The school superintendent of every school district in the state and the principal of each charter school shall annually certify to the State Department of Education that each student enrolled in the appropriate grade has completed the required basic skills assessment test for his or her grade in a valid test administration.

(3) Within five (5) days of completing the administration of a statewide test, the principal of the school where the test was administered shall certify under oath to the State Department of Education that the statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The principal's sworn certification shall be set forth on a form developed and approved by the Department of Education. If, following the administration of a statewide test, the principal has reason to believe that the test was not administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education, the principal shall submit a sworn certification to the Department of Education setting forth all information known or believed by the principal about all potential violations of the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The submission of false information or false certification to the Department of Education by any licensed educator may result in licensure disciplinary action pursuant to Section 37-3-2 and criminal prosecution pursuant to Section 37-16-4.

SECTION 11. Section 37-17-6, Mississippi Code of 1972, is amended as follows:

37-17-6. (1) The State Board of Education, acting through the Commission on School Accreditation, shall establish and implement a permanent performance-based accreditation system, and all noncharter public elementary and secondary schools shall be accredited under this system.

(2) No later than June 30, 1995, the State Board of Education, acting through the Commission on School Accreditation, shall require school districts to provide school classroom space that is air-conditioned as a minimum requirement for accreditation.

(3) (a) Beginning with the 1994-1995 school year, the State Board of Education, acting through the Commission on School Accreditation, shall require that school districts employ certified school librarians according to the following formula:

Number of Students	Number of Certified
Per School Library	School Librarians

0 - 499 Students 1/2 Full-time Equivalent

Certified Librarian
500 or More Students 1 Full-time Certified

Librarian

(b) The State Board of Education, however, may increase the number of positions beyond the above requirements.

(c) The assignment of certified school librarians to the particular schools shall be at the discretion of the local school district. No individual shall be employed as a certified school librarian without appropriate training and certification as a school librarian by the State Department of Education.

(d) School librarians in the district shall spend at least fifty percent (50%) of direct work time in a school library and shall devote no more than one-fourth (1/4) of the workday to administrative activities that are library related.

(e) Nothing in this subsection shall prohibit any school district from employing more certified school librarians than are provided for in this section.

(f) Any additional millage levied to fund school librarians required for accreditation under this subsection shall be included in the tax increase limitation set forth in Sections 37-57-105 and 37-57-107 and shall not be deemed a new program for purposes of the limitation.

(4) On or before December 31, 2002, the State Board of Education shall implement the performance-based accreditation system for school districts and for individual noncharter public schools which shall include the following:

(a) High expectations for students and high standards for all schools, with a focus on the basic curriculum;

(b) Strong accountability for results with appropriate local flexibility for local implementation;

(c) A process to implement accountability at both the school district level and the school level;

(d) Individual schools shall be held accountable for student growth and performance;

(e) Set annual performance standards for each of the schools of the state and measure the performance of each school against itself through the standard that has been set for it;

(f) A determination of which schools exceed their standards and a plan for providing recognition and rewards to those schools;

(g) A determination of which schools are failing to meet their standards and a determination of the appropriate role of the State Board of Education and the State Department of Education in providing assistance and initiating possible intervention. A failing district is a district that fails to meet both the absolute student achievement standards and the rate of annual growth expectation standards as set by the State Board of Education for two (2) consecutive years. The State Board of Education shall establish the level of benchmarks by which absolute student achievement and growth expectations shall be assessed. In setting the benchmarks for school districts, the State Board of Education may also take into account such factors as graduation rates, dropout rates, completion rates, the extent to which the school or district employs qualified teachers in every classroom, and any other factors deemed appropriate by the State Board of Education. The State Board of Education, acting through the State Department of Education, shall apply a simple "A," "B," "C," "D" and "F" designation to the current school and school district statewide accountability performance classification labels beginning with the State Accountability Results for the 2011-2012 school year and following, and in the school, district and state report cards required under state and federal law. Under the new designations, a school or school district that has earned a "Star" rating shall be designated an "A" school or school district; a school or school district that has earned a "High-Performing" rating shall be designated a "B" school or school district; a school or school district that has earned a "Successful" rating shall be designated a "C" school or school district; a school or school district that has earned an "Academic Watch" rating shall be designated a "D" school or school district; a school or school district that has

earned a "Low-Performing," "At-Risk of Failing" or "Failing" rating shall be designated an "F" school or school district. Effective with the implementation of any new curriculum and assessment standards, the State Board of Education, acting through the State Department of Education, is further authorized and directed to change the school and school district accreditation rating system to a simple "A," "B," "C," "D," and "F" designation based on a combination of student achievement scores and student growth as measured by the statewide testing programs developed by the State Board of Education pursuant to Chapter 16, Title 37, Mississippi Code of 1972. In any statute or regulation containing the former accreditation designations, the new designations shall be applicable;

(h) Development of a comprehensive student assessment system to implement these requirements; and

(i) The State Board of Education may, based on a written request that contains specific reasons for requesting a waiver from the school districts affected by Hurricane Katrina of 2005, hold harmless school districts from assignment of district and school level accountability ratings for the 2005-2006 school year. The State Board of Education upon finding an extreme hardship in the school district may grant the request. It is the intent of the Legislature that all school districts maintain the highest possible academic standards and instructional programs in all schools as required by law and the State Board of Education.

(5) (a) Effective with the 2013-2014 school year, the State Department of Education, acting through the Mississippi Commission on School Accreditation, shall revise and implement a single "A" through "F" school and school district accountability system complying with applicable federal and state requirements in order to reach the following educational goals:

(i) To mobilize resources and supplies to ensure that all students exit third grade reading on grade level by 2015;

(ii) To reduce the student dropout rate to thirteen percent (13%) by 2015; and

(iii) To have sixty percent (60%) of students scoring proficient and advanced on the assessments of the Common Core State Standards by 2016 with incremental increases of three percent (3%) each year thereafter.

(b) The State Department of Education shall combine the state school and school district accountability system with the federal system in order to have a single system.

(c) The State Department of Education shall establish five (5) performance categories ("A," "B," "C," "D" and "F") for the accountability system based on the following criteria:

(i) Student Achievement: the percent of students proficient and advanced on the current state assessments;

(ii) Individual student growth: the percent of students making one (1) year's progress in one (1) year's time on the state assessment, with an emphasis on the progress of the lowest twenty-five percent (25%) of students in the school or district;

(iii) Four-year graduation rate: the percent of students graduating with a standard high school diploma in four (4) years, as defined by federal regulations;

(iv) Categories shall identify schools as Reward ("A" schools), Focus ("D" schools) and Priority ("F" schools). If at least five percent (5%) of schools in the state are not graded as "F" schools, the lowest five percent (5%) of school grade point designees will be identified as Priority schools. If at least ten percent (10%) of schools in the state are not graded as "D" schools, the lowest ten percent (10%) of school grade point designees will be identified as Focus schools;

(v) The State Department of Education shall discontinue the use of Star School, High-Performing, Successful, Academic Watch, Low-Performing, At-Risk of Failing and Failing school accountability designations;

(vi) The system shall include the federally compliant four-year graduation rate in school and school district accountability system calculations. Graduation rate will apply to high school and school district accountability ratings as a compensatory component. The system shall discontinue the use of the High School Completer Index (HSCI);

(vii) The school and school district accountability system shall incorporate a standards-based growth model, in order to support improvement of individual student learning;

(viii) The State Department of Education shall discontinue the use of the Quality Distribution Index (QDI);

(ix) The State Department of Education shall determine feeder patterns of schools that do not earn a school grade because the grades and subjects taught at the school do not have statewide standardized assessments needed to calculate a school grade. Upon determination of the feeder pattern, the department shall notify schools and school districts prior to the release of the school grades beginning in 2013. Feeder schools will be assigned the accountability designation of the school to which they provide students;

(x) Standards for student, school and school district performance will be increased when student proficiency is at a seventy-five percent (75%) and/or when sixty-five percent (65%) of the schools and/or school districts are earning a grade of "B" or higher, in order to raise the standard on performance after targets are met * * *; and

(xi) The system shall include student performance on the administration of the ACT WorkKeys Assessment, which shall be weighted in the same percentage as the standard ACT Assessment as administered to students in Grade 11, for inclusion in the college and career readiness portion of the accountability rating system. The State Department of Education shall ensure equitable distribution of points under the accountability rating, in comparison to the ACT Assessment, for a Silver Status on the ACT WorkKeys Assessment. A student shall not be required to complete all of the courses within his or her career pathway for his or her performance on the ACT WorkKeys Assessment to be included in the system.

(6) Nothing in this section shall be deemed to require a nonpublic school that receives no local, state or federal funds for support to become accredited by the State Board of Education.

(7) The State Board of Education shall create an accreditation audit unit under the Commission on School Accreditation to determine whether schools are complying with accreditation standards.

(8) The State Board of Education shall be specifically authorized and empowered to withhold adequate education program fund allocations, whichever is applicable, to any public school district for failure to timely report student, school personnel and fiscal data necessary to meet state and/or federal requirements.

(9) [Deleted]

(10) The State Board of Education shall establish, for those school districts failing to meet accreditation standards, a program of development to be complied with in order to receive state funds, except as otherwise provided in subsection (15) of this section when the Governor has declared a state of emergency in a school district or as otherwise provided in Section 206, Mississippi Constitution of 1890. The state board, in establishing these standards, shall provide for notice to schools and sufficient time and aid to enable schools to attempt to meet these standards, unless procedures under subsection (15) of this section have been invoked.

(11) Beginning July 1, 1998, the State Board of Education shall be charged with the implementation of the program of development in each applicable school district as follows:

(a) Develop an impairment report for each district failing to meet accreditation standards in conjunction with school district officials;

(b) Notify any applicable school district failing to meet accreditation standards that it is on probation until corrective actions are taken or until the deficiencies have been removed. The local school district shall develop a corrective action plan to improve its deficiencies. For district academic deficiencies, the corrective action plan for each such school district shall be based upon a complete analysis of the following: student test data, student grades, student attendance reports, student dropout data, existence and other relevant data. The corrective action plan shall describe the specific measures to be taken by the particular school district and school to improve: (i) instruction; (ii) curriculum; (iii) professional development; (iv) personnel and classroom organization; (v) student incentives for performance; (vi) process deficiencies; and (vii) reporting to the local school

board, parents and the community. The corrective action plan shall describe the specific individuals responsible for implementing each component of the recommendation and how each will be evaluated. All corrective action plans shall be provided to the State Board of Education as may be required. The decision of the State Board of Education establishing the probationary period of time shall be final;

(c) Offer, during the probationary period, technical assistance to the school district in making corrective actions. Beginning July 1, 1998, subject to the availability of funds, the State Department of Education shall provide technical and/or financial assistance to all such school districts in order to implement each measure identified in that district's corrective action plan through professional development and on-site assistance. Each such school district shall apply for and utilize all available federal funding in order to support its corrective action plan in addition to state funds made available under this paragraph;

(d) Assign department personnel or contract, in its discretion, with the institutions of higher learning or other appropriate private entities with experience in the academic, finance and other operational functions of schools to assist school districts;

(e) Provide for publication of public notice at least one time during the probationary period, in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The publication shall include the following: declaration of school system's status as being on probation; all details relating to the impairment report; and other information as the State Board of Education deems appropriate. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

(12) (a) If the recommendations for corrective action are not taken by the local school district or if the deficiencies are not removed by the end of the probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. Additionally, if the local school district violates accreditation standards that have been determined by the policies and procedures of the State Board of Education to be a basis for withdrawal of school district's accreditation without a probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. After its consideration of the results of the hearing, the Commission on School Accreditation shall be authorized, with the approval of the State Board of Education, to withdraw the accreditation of a public school district, and issue a request to the Governor that a state of emergency be declared in that district.

(b) If the State Board of Education and the Commission on School Accreditation determine that an extreme emergency situation exists in a school district that jeopardizes the safety, security or educational interests of the children enrolled in the schools in that district and that emergency situation is believed to be related to a serious violation or violations of accreditation standards or state or federal law, or when a school district meets the State Board of Education's definition of a failing school district for two (2) consecutive full school years, or if more than fifty percent (50%) of the schools within the school district are designated as Schools At-Risk in any one (1) year, the State Board of Education may request the Governor to declare a state of emergency in that school district. For purposes of this paragraph, the declarations of a state of emergency shall not be limited to those instances when a school district's impairments are related to a lack of financial resources, but also shall include serious failure to meet minimum academic standards, as evidenced by a continued pattern of poor student performance.

(c) Whenever the Governor declares a state of emergency in a school district in response to a request made under paragraph (a) or (b) of this subsection, the State Board of Education may take one or more of the following actions:

(i) Declare a state of emergency, under which some or all of state funds can be escrowed except as otherwise provided in Section 206, Constitution of 1890, until the board determines corrective actions are being taken or the deficiencies have been removed, or that the needs of students warrant the release of funds. The funds may be released from escrow for any program which the board determines to have been

restored to standard even though the state of emergency may not as yet be terminated for the district as a whole;

(ii) Override any decision of the local school board or superintendent of education, or both, concerning the management and operation of the school district, or initiate and make decisions concerning the management and operation of the school district;

(iii) Assign an interim superintendent, or in its discretion, contract with a private entity with experience in the academic, finance and other operational functions of schools and school districts, who will have those powers and duties prescribed in subsection (15) of this section;

(iv) Grant transfers to students who attend this school district so that they may attend other accredited schools or districts in a manner that is not in violation of state or federal law;

(v) For states of emergency declared under paragraph (a) only, if the accreditation deficiencies are related to the fact that the school district is too small, with too few resources, to meet the required standards and if another school district is willing to accept those students, abolish that district and assign that territory to another school district or districts. If the school district has proposed a voluntary consolidation with another school district or districts, then if the State Board of Education finds that it is in the best interest of the pupils of the district for the consolidation to proceed, the voluntary consolidation shall have priority over any such assignment of territory by the State Board of Education;

(vi) For states of emergency declared under paragraph (b) only, reduce local supplements paid to school district employees, including, but not limited to, instructional personnel, assistant teachers and extracurricular activities personnel, if the district's impairment is related to a lack of financial resources, but only to an extent that will result in the salaries being comparable to districts similarly situated, as determined by the State Board of Education;

(vii) For states of emergency declared under paragraph (b) only, the State Board of Education may take any action as prescribed in Section 37-17-13.

(d) At the time that satisfactory corrective action has been taken in a school district in which a state of emergency has been declared, the State Board of Education may request the Governor to declare that the state of emergency no longer exists in the district.

(e) The parent or legal guardian of a school-age child who is enrolled in a school district whose accreditation has been withdrawn by the Commission on School Accreditation and without approval of that school district may file a petition in writing to a school district accredited by the Commission on School Accreditation for a legal transfer. The school district accredited by the Commission on School Accreditation may grant the transfer according to the procedures of Section 37-15-31(1)(b). In the event the accreditation of the student's home district is restored after a transfer has been approved, the student may continue to attend the transferee school district. The per-pupil amount of the adequate education program allotment, including the collective "add-on program" costs for the student's home school district shall be transferred monthly to the school district accredited by the Commission on School Accreditation that has granted the transfer of the school-age child.

(f) Upon the declaration of a state of emergency for any school district in which the Governor has previously declared a state of emergency, the State Board of Education may either:

(i) Place the school district into district transformation, in which the school district shall remain until it has fulfilled all conditions related to district transformation. If the district was assigned an accreditation rating of "D" or "F" when placed into district transformation, the district shall be eligible to return to local control when the school district has attained a "C" rating or higher for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period;

(ii) Abolish the school district and administratively consolidate the school district with one or more existing school districts;

(iii) Reduce the size of the district and administratively consolidate parts of the district, as determined by the State Board of Education. However, no school district which is not in district transformation shall be required to accept additional territory over the objection of the district; or

(iv) Require the school district to develop and implement a district improvement plan with prescriptive guidance and support from the State Department of Education, with the goal of helping the district improve student achievement. Failure of the school board, superintendent and school district staff to implement the plan with fidelity and participate in the activities provided as support by the department shall result in the school district retaining its eligibility for district transformation.

(g) There is established a Mississippi Recovery School District within the State Department of Education under the supervision of a deputy superintendent appointed by the State Superintendent of Public Education, who is subject to the approval by the State Board of Education. The Mississippi Recovery School District shall provide leadership and oversight of all school districts that are subject to district transformation status, as defined in Chapters 17 and 18, Title 37, Mississippi Code of 1972, and shall have all the authority granted under these two (2) chapters. The Mississippi Department of Education, with the approval of the State Board of Education, shall develop policies for the operation and management of the Mississippi Recovery School District. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall be authorized to oversee the administration of the Mississippi Recovery School District, oversee the interim superintendent assigned by the State Board of Education to a local school district, hear appeals that would normally be filed by students, parents or employees and heard by a local school board, which hearings on appeal shall be conducted in a prompt and timely manner in the school district from which the appeal originated in order to ensure the ability of appellants, other parties and witnesses to appeal without undue burden of travel costs or loss of time from work, and perform other related duties as assigned by the State Superintendent of Public Education. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall determine, based on rigorous professional qualifications set by the State Board of Education, the appropriate individuals to be engaged to be interim superintendents and financial advisors, if applicable, of all school districts subject to district transformation status. After State Board of Education approval, these individuals shall be deemed independent contractors.

(13) Upon the declaration of a state of emergency in a school district under subsection (12) of this section, the Commission on School Accreditation shall be responsible for public notice at least once a week for at least three (3) consecutive weeks in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The size of the notice shall be no smaller than one-fourth (1/4) of a standard newspaper page and shall be printed in bold print. If an interim superintendent has been appointed for the school district, the notice shall begin as follows: "By authority of Section 37-17-6, Mississippi Code of 1972, as amended, adopted by the Mississippi Legislature during the 1991 Regular Session, this school district (name of school district) is hereby placed under the jurisdiction of the State Department of Education acting through its appointed interim superintendent (name of interim superintendent)."

The notice also shall include, in the discretion of the State Board of Education, any or all details relating to the school district's emergency status, including the declaration of a state of emergency in the school district and a description of the district's impairment deficiencies, conditions of any district transformation status and corrective actions recommended and being taken. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

Upon termination of the state of emergency in a school district, the Commission on School Accreditation shall cause notice to be published in the school district in the same manner provided in this section, to include any or all details relating to the corrective action taken in the school district that resulted in the termination of the state of emergency.

(14) The State Board of Education or the Commission on School Accreditation shall have the authority to require school districts to produce the necessary reports, correspondence,

financial statements, and any other documents and information necessary to fulfill the requirements of this section.

Nothing in this section shall be construed to grant any individual, corporation, board or interim superintendent the authority to levy taxes except in accordance with presently existing statutory provisions.

(15) (a) Whenever the Governor declares a state of emergency in a school district in response to a request made under subsection (12) of this section, the State Board of Education, in its discretion, may assign an interim superintendent to the school district, or in its discretion, may contract with an appropriate private entity with experience in the academic, finance and other operational functions of schools and school districts, who will be responsible for the administration, management and operation of the school district, including, but not limited to, the following activities:

(i) Approving or disapproving all financial obligations of the district, including, but not limited to, the employment, termination, nonrenewal and reassignment of all licensed and nonlicensed personnel, contractual agreements and purchase orders, and approving or disapproving all claim dockets and the issuance of checks; in approving or disapproving employment contracts of superintendents, assistant superintendents or principals, the interim superintendent shall not be required to comply with the time limitations prescribed in Sections 37-9-15 and 37-9-105;

(ii) Supervising the day-to-day activities of the district's staff, including reassigning the duties and responsibilities of personnel in a manner which, in the determination of the interim superintendent, will best suit the needs of the district;

(iii) Reviewing the district's total financial obligations and operations and making recommendations to the district for cost savings, including, but not limited to, reassigning the duties and responsibilities of staff;

(iv) Attending all meetings of the district's school board and administrative staff;

(v) Approving or disapproving all athletic, band and other extracurricular activities and any matters related to those activities;

(vi) Maintaining a detailed account of recommendations made to the district and actions taken in response to those recommendations;

(vii) Reporting periodically to the State Board of Education on the progress or lack of progress being made in the district to improve the district's impairments during the state of emergency; and

(viii) Appointing a parent advisory committee, comprised of parents of students in the school district that may make recommendations to the interim superintendent concerning the administration, management and operation of the school district.

The cost of the salary of the interim superintendent and any other actual and necessary costs related to district transformation status paid by the State Department of Education shall be reimbursed by the local school district from funds other than adequate education program funds. The department shall submit an itemized statement to the superintendent of the local school district for reimbursement purposes, and any unpaid balance may be withheld from the district's adequate education program funds.

At the time that the Governor, in accordance with the request of the State Board of Education, declares that the state of emergency no longer exists in a school district, the powers and responsibilities of the interim superintendent assigned to the district shall cease.

(b) In order to provide loans to school districts under a state of emergency or in district transformation status that have impairments related to a lack of financial resources, the School District Emergency Assistance Fund is created as a special fund in the State Treasury into which monies may be transferred or appropriated by the Legislature from any available public education funds. Funds in the School District Emergency Assistance Fund up to a maximum balance of Three Million Dollars (\$3,000,000.00) annually shall not lapse but shall be available for expenditure in subsequent years subject to approval of the State Board of Education. Any amount in the fund in excess of Three Million Dollars (\$3,000,000.00) at the end of the fiscal year shall lapse into the State General Fund or the Education Enhancement Fund, depending on the source of the fund.

The State Board of Education may loan monies from the School District Emergency Assistance Fund to a school district that is under a state of emergency or in district transformation status, in those amounts, as determined by the board, that are necessary to correct the district's impairments related to a lack of financial resources. The loans shall be evidenced by an agreement between the school district and the State Board of Education and shall be repayable in principal, without necessity of interest, to the School District Emergency Assistance Fund by the school district from any allowable funds that are available. The total amount loaned to the district shall be due and payable within five (5) years after the impairments related to a lack of financial resources are corrected. If a school district fails to make payments on the loan in accordance with the terms of the agreement between the district and the State Board of Education, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may withhold that district's adequate education program funds in an amount and manner that will effectuate repayment consistent with the terms of the agreement; the funds withheld by the department shall be deposited into the School District Emergency Assistance Fund.

The State Board of Education shall develop a protocol that will outline the performance standards and requisite timeline deemed necessary for extreme emergency measures. If the State Board of Education determines that an extreme emergency exists, simultaneous with the powers exercised in this subsection, it shall take immediate action against all parties responsible for the affected school districts having been determined to be in an extreme emergency. The action shall include, but not be limited to, initiating civil actions to recover funds and criminal actions to account for criminal activity. Any funds recovered by the State Auditor or the State Board of Education from the surety bonds of school officials or from any civil action brought under this subsection shall be applied toward the repayment of any loan made to a school district hereunder.

(16) If a majority of the membership of the school board of any school district resigns from office, the State Board of Education shall be authorized to assign an interim superintendent, who shall be responsible for the administration, management and operation of the school district until the time as new board members are selected or the Governor declares a state of emergency in that school district under subsection (12), whichever occurs first. In that case, the State Board of Education, acting through the interim superintendent, shall have all powers which were held by the previously existing school board, and may take any action as prescribed in Section 37-17-13 and/or one or more of the actions authorized in this section.

(17) (a) If the Governor declares a state of emergency in a school district, the State Board of Education may take all such action pertaining to that school district as is authorized under subsection (12) or (15) of this section, including the appointment of an interim superintendent. The State Board of Education shall also have the authority to issue a written request with documentation to the Governor asking that the office of the superintendent of the school district be subject to recall. If the Governor declares that the office of the superintendent of the school district is subject to recall, the local school board or the county election commission, as the case may be, shall take the following action:

(i) If the office of superintendent is an elected office, in those years in which there is no general election, the name shall be submitted by the State Board of Education to the county election commission, and the county election commission shall submit the question at a special election to the voters eligible to vote for the office of superintendent within the county, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Shall County Superintendent of Education _____ (here the name of the superintendent shall be inserted) of the _____ (here the title of the school district shall be inserted) be retained in office? Yes _____ No _____"

If a majority of those voting on the question votes against retaining the superintendent in office, a vacancy shall exist which shall be filled in the manner provided by law; otherwise, the superintendent shall remain in office for the term of that office, and at the expiration of the term shall be eligible for qualification and election to another term or terms.

(ii) If the office of superintendent is an appointive office, the name of the superintendent shall be submitted by the president of the local school board at the

next regular meeting of the school board for retention in office or dismissal from office. If a majority of the school board voting on the question vote against retaining the superintendent in office, a vacancy shall exist which shall be filled as provided by law, otherwise the superintendent shall remain in office for the duration of his employment contract.

(b) The State Board of Education may issue a written request with documentation to the Governor asking that the membership of the school board of the school district shall be subject to recall. Whenever the Governor declares that the membership of the school board is subject to recall, the county election commission or the local governing authorities, as the case may be, shall take the following action:

(i) If the members of the local school board are elected to office, in those years in which the specific member's office is not up for election, the name of the school board member shall be submitted by the State Board of Education to the county election commission, and the county election commission at a special election shall submit the question to the voters eligible to vote for the particular member's office within the county or school district, as the case may be, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Members of the _____ (here the title of the school district shall be inserted) School Board who are not up for election this year are subject to recall because of the school district's failure to meet critical accountability standards as defined in the letter of notification to the Governor from the State Board of Education. Shall the member of the school board representing this area, _____ (here the name of the school board member holding the office shall be inserted), be retained in office? Yes _____ No _____"

If a majority of those voting on the question vote against retaining the member of the school board in office, a vacancy in that board member's office shall exist, which shall be filled in the manner provided by law; otherwise, the school board member shall remain in office for the term of that office, and at the expiration of the term of office, the member shall be eligible for qualification and election to another term or terms of office. However, if a majority of the school board members are recalled in the special election, the Governor shall authorize the board of supervisors of the county in which the school district is situated to appoint members to fill the offices of the members recalled. The board of supervisors shall make those appointments in the manner provided by law for filling vacancies on the school board, and the appointed members shall serve until the office is filled at the next regular special election or general election.

(ii) If the local school board is an appointed school board, the name of all school board members shall be submitted as a collective board by the president of the municipal or county governing authority, as the case may be, at the next regular meeting of the governing authority for retention in office or dismissal from office. If a majority of the governing authority voting on the question vote against retaining the board in office, a vacancy shall exist in each school board member's office, which shall be filled as provided by law; otherwise, the members of the appointed school board shall remain in office for the duration of their term of appointment, and those members may be reappointed.

(iii) If the local school board is comprised of both elected and appointed members, the elected members shall be subject to recall in the manner provided in subparagraph (i) of this paragraph (b), and the appointed members shall be subject to recall in the manner provided in subparagraph (ii).

(18) Beginning with the school district audits conducted for the 1997-1998 fiscal year, the State Board of Education, acting through the Commission on School Accreditation, shall require each school district to comply with standards established by the State Department of Audit for the verification of fixed assets and the auditing of fixed assets records as a minimum requirement for accreditation.

(19) Before December 1, 1999, the State Board of Education shall recommend a program to the Education Committees of the House of Representatives and the Senate for identifying and rewarding public schools that improve or are high performing. The program shall be described by the board in a written report, which shall include criteria

and a process through which improving schools and high-performing schools will be identified and rewarded.

The State Superintendent of Public Education and the State Board of Education also shall develop a comprehensive accountability plan to ensure that local school boards, superintendents, principals and teachers are held accountable for student achievement. A written report on the accountability plan shall be submitted to the Education Committees of both houses of the Legislature before December 1, 1999, with any necessary legislative recommendations.

(20) Before January 1, 2008, the State Board of Education shall evaluate and submit a recommendation to the Education Committees of the House of Representatives and the Senate on inclusion of graduation rate and dropout rate in the school level accountability system.

(21) If a local school district is determined as failing and placed into district transformation status for reasons authorized by the provisions of this section, the interim superintendent appointed to the district shall, within forty-five (45) days after being appointed, present a detailed and structured corrective action plan to move the local school district out of district transformation status to the deputy superintendent. A copy of the interim superintendent's corrective action plan shall also be filed with the State Board of Education.

SECTION 12. Beginning with the 2021-2022 academic year, the State Board of Education, acting through the Commission on Teacher and Administrator Education, Certification and Licensure and Development, and in conjunction with the Board of Trustees of State Institutions of Higher Learning, shall require each educator preparation program in the state to include, as part of its curriculum, a Praxis Core Academic Skills for Educators examination and a Praxis II examination course of study, which shall serve as a preparatory review course with emphasis on the concepts and exam skills necessary for success on the exam, and reinforces students' knowledge through thought-provoking examples and Praxis exam questions. Upon completion of the course, students shall have mastered concepts as they are tested so that students can excel within the time constraints of the exam."

ADOPTED

YEAS AND NAYS ON **H. B. No. 536**. On motion of Rep. Bell (21st) the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--115.

Nays--Bomgar, Criswell, Hopkins. Total--3.

Absent or those not voting--Brown, C, Eubanks, Weathersby. Total-3.

Present--Bailey. Total--1.

Necessary for passage--71

Rep. Kinkade called up:

H. B. No. 382: Chronic wasting disease; revise requirements for testing of white-tailed deer harvested within enclosures.

A committee substitute was adopted.

YEAS AND NAYS ON H. B. No. 382. On motion of Rep. Kinkade the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed, title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Burnett, Busby, Byrd, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Necessary for passage--59

Rep. McCarty called up:

H. B. No. 1047: Nationally certified licensed school employees; delete caps on nurses and speech pathologists and add athletic trainers for salary supplements.

AMENDMENT NO. 1 BY REPRESENTATIVES BENNETT AND MCCARTY:

AMEND after line 170 by inserting the following:

(vi) Any licensed professional receiving an annual salary supplement under subparagraphs (i), (ii), (iii), (iv) and (v) of this paragraph (a), for having earned national board certification from the respective certifying entity, must be employed by a public school district or any of the four (4) public special purpose schools created by statute and operating under the authority of the State Board of Education during the year in which the salary supplement is received. Such persons submitting documentation to the State Department of Education for salary supplement eligibility must be employed by a public school district or public special purpose school to provide services to students in the area of certification on a full-time basis. The following persons shall not be eligible to receive the annual salary supplement authorized under this subsection:

1. Anyone serving as an administrator of a public school district or public special purpose school;

2. Anyone who is employed by any state agency responsible for administering national board certification salary supplement programs; and

3. Anyone who is employed by a state agency under the authority of the State Personnel Board.

AMEND further on lines 98, 110, 123 and 161, by inserting after the word "administrator", the following:

"as further specified in subparagraph (vi) of this subsection (2)(a)".

AMEND further on lines 145 and 146 by striking "or is employed by a state agency under the State Personnel Board", and inserting, in lieu thereof, the following:

"as further specified in subparagraph (vi) of this subsection (2)(a)".

AMEND further the title on line 8, by inserting the following after the semicolon:

"TO PROVIDE FURTHER CLARIFICATION ON THE ELIGIBILITY OF LICENSED NATIONAL BOARD CERTIFIED PROFESSIONALS TO RECEIVE THE ANNUAL SALARY SUPPLEMENT WHILE EMPLOYED IN A PUBLIC SCHOOL DISTRICT OR PUBLIC SPECIAL PURPOSE SCHOOL;"

ADOPTED

YEAS AND NAYS ON **H. B. No. 1047**. On motion of Rep. McCarty the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Necessary for passage--58

Rep. Brown (20th) called up:

H. B. No. 949: Solid waste landfills; prohibit new landfill in county where 2 or more exist, unless referendum held.

AMENDMENT NO. 1 BY REPRESENTATIVE Barton:

AMEND by deleting lines 190 through 198 in their entirety and inserting in lieu thereof the following language:

"(13) (a) Notwithstanding any provision of this chapter, no solid waste management plan shall include any proposed new nonhazardous solid waste sanitary landfill if such new landfill is located within a county having two (2) or more existing permitted nonhazardous solid waste sanitary landfills that are actively receiving household waste unless a referendum election has been conducted and approved pursuant to Section 17-17-237. This subsection (13) shall not apply to the proposed expansion or replacement of any permitted landfill by the permit holder, and shall not apply to any rubbish disposal facilities, transfer stations, land application sites, composting facilities, solid waste processing facilities, chipping/mulching facilities, industrial/institutional/special waste landfills, industrial/institutional/special waste rubbish sites, waste tire processing facilities,

commercial waste tire collection sites, local government waste tire collection sites or generator waste tire collection sites, and none of those facilities, stations, landfills or sites shall be counted as a landfill within a county for the purpose of determining whether a referendum election is required to be conducted in the county as provided in this section.

(b) The Legislature finds that the residents of counties that already have at least two (2) existing permitted nonhazardous solid waste sanitary landfills that are actively receiving household waste have a greater interest in determining whether another such landfill will be located in their county than those in counties with fewer such landfills and therefore should have the right to have direct input on that determination through a referendum election as provided in this section."

AMEND FURTHER by deleting lines 229 through 237 in their entirety and inserting in lieu thereof the following language:

"(3) (a) Notwithstanding any provision of this chapter, no solid waste management plan shall include any proposed new nonhazardous solid waste sanitary landfill if such new landfill is located within a county having two (2) or more existing permitted nonhazardous solid waste sanitary landfills that are actively receiving household waste unless a referendum election has been conducted and approved pursuant to Section 17-17-237. This subsection (3) shall not apply to the proposed expansion or replacement of any permitted landfill by the permit holder, and shall not apply to any rubbish disposal facilities, transfer stations, land application sites, composting facilities, solid waste processing facilities, chipping/mulching facilities, industrial/institutional/special waste landfills, industrial/institutional/special waste rubbish sites, waste tire processing facilities, commercial waste tire collection sites, local government waste tire collection sites or generator waste tire collection sites, and none of those facilities, stations, landfills or sites shall be counted as a landfill within a county for the purpose of determining whether a referendum election is required to be conducted in the county as provided in this section.

(b) The Legislature finds that the residents of counties that already have at least two (2) existing permitted nonhazardous solid waste sanitary landfills that are actively receiving household waste have a greater interest in determining whether another such landfill will be located in their county than those in counties with fewer such landfills and therefore should have the right to have direct input on that determination through a referendum election as provided in this section."

AMEND FURTHER on lines 248 and 263 by inserting the following language after the word "landfills": "that are actively receiving household waste"

AMEND FURTHER on line 248 by changing the words "shall be" to "has been"

AMEND FURTHER on line 303 by changing the word "chapter" to "section"

AMEND FURTHER the title on lines 5 and 11 by inserting the following language after the word "LANDFILLS": "THAT ARE ACTIVELY RECEIVING HOUSEHOLD WASTE"

ADOPTED

Necessary for passage--59

Rep. Hood called up:

H. B. No. 1008: Medicaid; make technical amendments to services, manage care and assessment provisions.

A committee substitute was adopted.

AMENDMENT NO. 1 BY REPRESENTATIVE Hines:

AMEND by inserting the following new Section 15 after line 2633 and renumbering the succeeding section:

"SECTION 15. The Division of Medicaid shall conduct an assessment and evaluation of the need for new or expanded health care services and health care facilities throughout the state and the issuance of certificates of need as necessary to provide those services and facilities, and shall prepare and submit a report to the Chairmen of the House and Senate Public Health Committees and Medicaid Committees with its findings regarding those needs and its recommendations regarding how those needs should be addressed by the Legislature."

LOST

AMENDMENT NO. 2 BY REPRESENTATIVE Hines:

AMEND by adding following new paragraph (2) after line 1612 and renumbering the succeeding paragraphs and any references thereto:

"(2) Each health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this subsection (H) shall use a clear set of level of care guidelines in the determination of medical necessity and in all utilization management practices, including the prior authorization process, concurrent reviews, retrospective reviews and payments, that are consistent with widely accepted professional standards of care (including the Level of Care Utilization System [LOCUS], Child and Adolescent Level of Care Utilization System [CALOCUS] and the American Society of Addiction Medicine [ASAM], Child and Adolescent Service Intensity Instrument [CASSI]). Organizations participating in a managed care program or coordinated care program implemented by the division may not use any additional criteria that would result in denial of care that would be determined appropriate and, therefore, medically necessary by the following guidelines and principles. The standards of care must incorporate the following eight (8) principles:

(a) Effective treatment requires treatment of the individual's underlying condition and is not limited to alleviation of the individual's current symptoms;

(b) Effective treatment requires treatment of co-occurring mental health and substance use disorders and/or medical conditions in a coordinated manner

that considers the interactions of the disorders when determining the appropriate level of care;

(c) Patients should receive treatment for mental health and substance use disorders at the least intensive and restrictive level of care that is safe and effective;

(d) When there is ambiguity as to the appropriate level of care, the practitioner and insurer should err on the side of caution by placing the patient in a higher level of care that is currently available;

(e) Effective treatment of mental health and substance use disorders includes services needed to maintain functioning or prevent deterioration;

(f) The appropriate duration of treatment for mental health and substance use disorders is based on the individual needs of the patient; there is no specific limit on the duration of such treatment;

(g) The unique needs of children and adolescents must be taken into account when making decisions regarding the level of care involving their treatment for mental health or substance use disorders; and

(h) The determination of the appropriate level of care for patients with mental health or substance use disorders should be made on the basis of a multidimensional assessment that takes into account a wide variety of information about the patient."

LOST

YEAS AND NAYS ON **H. B. No. 1008**. On motion of Rep. Hood the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

The House met pursuant to adjournment, Speaker Gunn in the chair. Prayer by Rep. Tracey Rosebud.

Rep. Rosebud led the House in the Pledge of Allegiance to the United States Flag.

Present--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--121.

Absent or those not voting--Weathersby. Total-1.

Leave of absence was granted to Representative Weathersby.

A quorum was present.

On motion of Rep. Boyd, the reading of the journal of the previous day was dispensed with, and the same stood approved by unanimous consent.

On motion of Rep. Morgan and by unanimous consent, the reading of the introductions of the previous day was dispensed with, and the same stood approved.

INTRODUCTION OF BILLS

The following Bills were introduced by members whose names immediately precede the same and, under a suspension of the Rules, were read twice, as required by the Constitution, and referred to the committees, the names of which immediately follow the same:

H. B. No. 1361: (Representative Kinkade) Bonds; authorize issuance to assist Town of Byhalia with infrastructure improvements. Ways and Means.

H. B. No. 1362: (Representatives Johnson, Mims) Bonds; authorize issuance to assist Adams County with completion of the Belwood Levee. Ways and Means.

H. B. No. 1363: (Representatives Stamps, Clark, Arnold, Crawford, Denton, McCray, Miles, Rosebud, Thompson, Wright, Yancey, Young, Hopkins) Income tax; exempt all compensation of persons retired from military. Ways and Means.

H. R. No. 23: (Representatives Gibbs (72nd), Anderson (110th), Anthony, Bailey, Banks, Bell (65th), Blackmon, Brown (70th), Burnett, Clark, Clarke, Crudup, Denton, Faulkner, Foster, Gibbs (36th), Harness, Hines, Holloway, Hudson, Jackson, Johnson, Karriem, McCray, Mickens, Miles, Osborne, Paden, Porter, Reynolds, Rosebud, Scott, Stamps, Summers, Taylor, Thompson, Walker, Watson, Williams-Barnes, Yates, Young, Boyd) Ruth Antoninette Batton Campbell; commend her life upon her passing. Rules.

Representative Bain called up the motion to reconsider the vote whereby **H. B. No. 634:** (Firearms restriction; limit those by cities, counties and state agencies.) passed, and moved to table, which motion prevailed.

Representative Mims called up the motion to reconsider the vote whereby **H. B. No. 72:** (Dentists; provide immunity for providing charitable and emergency services.) passed, and moved to table, which motion prevailed.

Representative Huddleston called up the motion to reconsider the vote whereby **H. B. No. 1029:** (Income share agreements; authorize IHLs to enter into with eligible students.) passed, and moved to table, which motion prevailed.

Representative Busby called up the motion to reconsider the vote whereby **H. B. No. 424:** (Memorial highway; designate segment of MS Highway 44 in Marion County as the "T.L. Wallace Memorial Highway.") passed, and moved to reconsider for purposes of amendments, which motion prevailed.

AMENDMENT NO. 2 BY REPRESENTATIVE Anderson (122nd):

AMEND after line 12 by inserting the following new section and renumbering any succeeding sections:

"SECTION 2. (1) The segment of Mississippi Highway 603 located in Hancock County, Mississippi, beginning at its intersection with Mississippi Highway 43 and extending northerly to its intersection with Rocky-Hill Dedeaux Road is designated and shall be known as the "Lieutenant Deputy Michael Anthony Boutte, Sr., Memorial Highway."
(2) The Mississippi Department of Transportation shall erect and maintain appropriate signs along and approaching the segment of highway described in subsection (1) of this section."

AMEND TITLE to conform.

ADOPTED

AMENDMENT NO. 3 BY REPRESENTATIVE Goodin:

AMEND after line 12 by inserting the following new section and renumbering any succeeding sections:

"SECTION 4. Section 65-3-71.320, Mississippi Code of 1972, is amended as follows:
65-3-71.320. (1) The segment of Mississippi Highway 42 in Greene County, Mississippi, beginning at its southern intersection with Mississippi Highway 63 and extending one (1) mile west, is designated as the " * * * Deputy U.S. Marshal Jake Green and Greene County Deputy Lawrence Dunnam Memorial Highway, EOW April 1, 1921."
(2) The Mississippi Department of Transportation shall erect and maintain appropriate signs along and approaching the segment of highway described in subsection (1) of this section."

AMEND TITLE to conform.

ADOPTED

YEAS AND NAYS ON **H. B. No. 424**. On motion of Rep. Busby the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steversen, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--121.

Nays--None.

Absent or those not voting--Weathersby. Total-1.

Necessary for passage--60

Representative Beckett called up the motion to reconsider the vote whereby **H. B. No. 586**: (Statewide Elections Management System; compare to certain identification databases to ensure non-U.S. citizens are not registered to vote.) passed, and moved to table, which motion prevailed.

Representative Turner called up the motion to reconsider the vote whereby **H. B. No. 1077**: (Open account; revise definition and require account creditor to send demand to current address of account debtor through certain means.) passed, and moved to table, which motion prevailed.

Representative Bell (21st) called up the motion to reconsider the vote whereby **H. B. No. 1301**: (Career and technical education; revise curriculum, instructor license requirements and certain assessments.) passed, and moved to reconsider for purpose of an amendment, which motion prevailed.

AMENDMENT NO. 1 BY REPRESENTATIVE Bell (21st): This amendment in effect, set out an entirely new bill.

ADOPTED

YEAS AND NAYS ON **H. B. No. 1301**. On motion of Rep. Bell (21st) the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster,

Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Stevenson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Zuber. Total--118.

Nays--None.

Absent or those not voting--Anderson, J, Hobgood-Wilkes, Weathersby, Young.
Total-4.

Necessary for passage--60

Representative Bell (21st) called up the motion to reconsider the vote whereby **H. B. No. 1253**: (Construction management at risk method of project delivery; revise certain provisions related to.) passed, and moved to reconsider for purpose of an amendment, which motion prevailed.

AMENDMENT NO. 2 BY REPRESENTATIVE Bell (21st):

AMEND by striking Section 4 through Section 9 in their entirety and renumbering the succeeding sections.

" SECTION 4. Section 37-15-38, Mississippi Code of 1972, is brought forward as follows:

37-15-38. (1) The following phrases have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) A dual enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

(b) A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving high school and college credit for postsecondary coursework.

(2) A local school board, the Board of Trustees of State Institutions of Higher Learning and the Mississippi Community College Board shall establish a dual enrollment system under which students in the school district who meet the prescribed criteria of this section may be enrolled in a postsecondary institution in Mississippi while they are still in school.

(3) Dual credit eligibility. Before credits earned by a qualified high school student from a community or junior college or state institution of higher learning may be transferred to the student's home school district, the student must be properly enrolled in a dual enrollment program.

(4) Admission criteria for dual enrollment in community and junior college or university programs. The Mississippi Community College Board and the Board of Trustees of State Institutions of Higher Learning may recommend to the State Board of Education admission criteria for dual enrollment programs under which high school students may enroll at a community or junior college or university while they are still attending high school and enrolled in high school courses. Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated dual enrollment admission requirements.

(5) Tuition and cost responsibility. Tuition and costs for university-level courses and community and junior college courses offered under a dual enrollment program may be paid for by the postsecondary institution, the local school district, the parents or legal guardians of the student, or by grants, foundations or other private or public sources. Payment for tuition and any other costs must be made directly to the credit-granting institution.

(6) Transportation responsibility. Any transportation required by a student to participate in the dual enrollment program is the responsibility of the parent, custodian or legal guardian of the student. Transportation costs may be paid from any available public or private sources, including the local school district.

(7) School district average daily attendance credit. When dually enrolled, the student may be counted, for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school.

(8) High school student transcript transfer requirements. Grades and college credits earned by a student admitted to a dual credit program must be recorded on the high school student record and on the college transcript at the university or community or junior college where the student attends classes. The transcript of the university or community or junior college coursework may be released to another institution or applied toward college graduation requirements.

(9) Determining factor of prerequisites for dual enrollment courses. Each university and community or junior college participating in a dual enrollment program shall determine course prerequisites. Course prerequisites shall be the same for dual enrolled students as for regularly enrolled students at that university or community or junior college.

(10) Process for determining articulation of curriculum between high school, university, and community and junior college courses. All dual credit courses must meet the standards established at the postsecondary level. Postsecondary level developmental courses may not be considered as meeting the requirements of the dual credit program. Dual credit memorandum of understandings must be established between each postsecondary institution and the school district implementing a dual credit program.

(11) [Deleted]

(12) Eligible courses for dual credit programs. Courses eligible for dual credit include, but are not necessarily limited to, foreign languages, advanced math courses, advanced science courses, performing arts, advanced business and technology, and career and technical courses. Distance Learning Collaborative Program courses approved under Section 37-67-1 shall be fully eligible for dual credit. All courses being considered for dual credit must receive unconditional approval from the superintendent of the local school district and the chief instructional officer at the participating community or junior college or university in order for college credit to be awarded. A university or community or junior college shall make the final decision on what courses are eligible for semester hour credits.

(13) High school Carnegie unit equivalency. One (1) three-hour university or community or junior college course is equal to one (1) high school Carnegie unit.

(14) Course alignment. The universities, community and junior colleges and the State Department of Education shall periodically review their respective policies and assess the place of dual credit courses within the context of their traditional offerings.

(15) Maximum dual credits allowed. It is the intent of the dual enrollment program to make it possible for every eligible student who desires to earn a semester's worth of college credit in high school to do so. A qualified dually enrolled high school student must be allowed to earn an unlimited number of college or university credits for dual credit.

(16) Dual credit program allowances. A student may be granted credit delivered through the following means:

(a) Examination preparation taught at a high school by a qualified teacher. A student may receive credit at the secondary level after completion of an approved course and passing the standard examination, such as an Advanced Placement or International Baccalaureate course through which a high school student is allowed CLEP credit by making a three (3) or higher on the end-of-course examination.

(b) College or university courses taught at a high school or designated postsecondary site by a qualified teacher who is an employee of the school district and approved as an instructor by the collaborating college or university.

(c) College or university courses taught at a college, university or high school by an instructor employed by the college or university and approved by the collaborating school district.

(d) Online courses of any public university, community or junior college in Mississippi.

(17) Qualifications of dual credit instructors. A dual credit academic instructor must meet the requirements set forth by the regional accrediting association (Southern Association of College and Schools). University and community and junior college personnel have the sole authority in the selection of dual credit instructors.

A dual credit career and technical education instructor must meet the requirements set forth by the Mississippi Community College Board in the qualifications manual for postsecondary career and technical personnel.

(18) Guidance on local agreements. The Chief Academic Officer of the State Board of Trustees of State Institutions of Higher Learning and the Chief Instructional Officers of the Mississippi Community College Board and the State Department of Education, working collaboratively, shall develop a template to be used by the individual community and junior colleges and institutions of higher learning for consistent implementation of the dual enrollment program throughout the State of Mississippi.

(19) Mississippi Works Dual Enrollment-Dual Credit Option. A local school board and the local community colleges board shall establish a Mississippi Works Dual Enrollment-Dual Credit Option Program under which potential or recent student dropouts may dually enroll in their home school and a local community college in a dual credit program consisting of high school completion coursework and a community college credential, certificate or degree program. Students completing the dual enrollment-credit option may obtain their high school diploma while obtaining a community college credential, certificate or degree. The Mississippi Department of Employment Security shall assist students who have successfully completed the Mississippi Works Dual Enrollment-Dual Credit Option in securing a job upon the application of the student or the participating school or community college. The Mississippi Works Dual Enrollment-Dual Credit Option Program will be implemented statewide in the 2012-2013 school year and thereafter. The State Board of Education, local school board and the local community college board shall establish criteria for the Dual Enrollment-Dual Credit Program. Students enrolled in the program will not be eligible to participate in interscholastic sports or other extracurricular activities at the home school district. Tuition and costs for community college courses offered under the Dual Enrollment-Dual Credit Program shall not be charged to the student, parents or legal guardians. When dually enrolled, the student shall be counted for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school, as provided in Section 37-151-7(1)(a). Any transportation required by the student to participate in the Dual Enrollment-Dual Credit Program is the responsibility of the parent or legal guardian of the student, and transportation costs may be paid from any available public or private sources, including the local school district. Grades and college credits earned by a student admitted to this Dual Enrollment-Dual Credit Program shall be recorded on the high school student record and on the college transcript at the community college and high school where the student attends classes. The transcript of the community college coursework may be released to another institution or applied toward college graduation requirements. Any course that is required for subject area testing as a requirement for graduation from a public school in Mississippi is eligible for dual credit, and courses eligible for dual credit shall also include career, technical and degree program courses. All courses eligible for dual credit shall be approved by the superintendent of the local school district and the chief instructional officer at the participating community college in order for college credit to be awarded. A community college shall make the final decision on what courses are eligible for semester hour credits and the local school superintendent, subject to approval by the Mississippi Department of Education, shall make the final decision on the transfer of college courses credited to the student's high school transcript.

SECTION 5. Section 37-16-17, Mississippi Code of 1972, is amended as follows:

37-16-17. (1) Purpose. (a) The purpose of this section is to create a quality option in Mississippi's high schools for students not wishing to pursue a baccalaureate degree, which shall consist of challenging academic courses and modern career-technical studies. The goal for students pursuing the career * * * technical education pathways is to graduate from high school with a standard diploma and credit toward a community college certification in a career-technical field. These students also shall be encouraged to take the national assessment in the career-technical field in which they become certified.

(b) The State Board of Education shall develop and adopt course and curriculum requirements for career * * * technical education pathways offered by local public school boards in accordance with this section. The Mississippi Community College Board and the State Board of Education jointly shall determine course and curriculum requirements for the career * * * technical education pathways. The State Board of Education shall require school districts to provide notice to all incoming middle school students and junior high students of the career technical education pathways offered by local school boards. Such notice shall include the career technical education pathways

available, the course requirements of each pathways, how to enroll in the pathway and any other necessary information as determined by the State Board of Education.

(2) * * * Career technical education pathway; description; curriculum. (a) A career * * * technical education pathway shall provide a student with greater technical skill and a strong academic core and shall be offered to each high school student enrolled in a public school district. The career * * * technical education pathway shall be linked to postsecondary options and shall prepare students to pursue either a degree or certification from a postsecondary institution, an industry-based training or certification, an apprenticeship, the military, or immediate entrance into a career field. The career * * * technical education pathway shall be designed primarily for those students who are not college bound and shall provide them with alternatives to entrance into a four-year university or college after high school graduation.

(b) Students pursuing a career * * * technical education pathway shall be afforded the opportunity to dually enroll in a community or technical college or to participate in a business internship or work-study program, when such opportunities are available and appropriate.

(c) Each public school district shall offer a career * * * technical education pathway approved by the State Board of Education.

(d) Students in a career * * * technical education pathway shall complete an academic core of courses and a career and technical sequence of courses.

(e) Students pursuing a career technical education pathway must complete the * * * twenty-four (24) course unit requirements for * * * a regular high school diploma, which may include, but not be limited to * * * the following course content:

- * * *
- (i) English I;
- (ii) English II;
- (iii) Technical writing;
- (iv) Computer programming;
- (v) Algebra I;
- (vi) Personal Finance;
- (vii) Advanced technical mathematics;
- (viii) Computer science;
- (ix) Biology;
- (x) Earth and Space Science;
- (xi) U.S. History;
- (xii) Mississippi Studies/U.S. Government;
- (xiii) Health;
- (xiv) Physical Education;
- (xv) Soft skills, which include, but are not limited to, social graces, communication abilities, language skills, personal habits, cognitive or emotional empathy, time management, teamwork and leadership traits;
- (xvi) Career technical education pathway courses; and
- (xvii) Integrated technology.

Academic courses within the career * * * technical education pathway of the standard diploma shall provide the knowledge and skill necessary for proficiency on the state subject area tests.

(f) The courses provided in paragraph (e) of this subsection may be tailored to the individual needs of the school district as long as the amendments align with the basic course requirements of paragraph (e).

(3) Nothing in this section shall disallow the development of a dual enrollment program with a technical college so long as an individual school district, with approval from the State Department of Education, agrees to implement such a program in connection with a technical college and the agreement is also approved by the proprietary school's commission.

* * *

SECTION 6. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. It shall be the purpose and duty of the commission to make

recommendations to the State Board of Education regarding standards for the certification and licensure and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of Mississippi.

(2) (a) The commission shall be composed of fifteen (15) qualified members. The membership of the commission shall be composed of the following members to be appointed, three (3) from each of the four (4) congressional districts, as such districts existed on January 1, 2011, in accordance with the population calculations determined by the 2010 federal decennial census, including: four (4) classroom teachers; three (3) school administrators; one (1) representative of schools of education of public institutions of higher learning located within the state to be recommended by the Board of Trustees of State Institutions of Higher Learning; one (1) representative from the schools of education of independent institutions of higher learning to be recommended by the Board of the Mississippi Association of Independent Colleges; one (1) representative from public community and junior colleges located within the state to be recommended by the Mississippi Community College Board; one (1) local school board member; and four (4) laypersons. Three (3) members of the commission, at the sole discretion of the State Board of Education, shall be appointed from the state at large.

(b) All appointments shall be made by the State Board of Education after consultation with the State Superintendent of Public Education. The first appointments by the State Board of Education shall be made as follows: five (5) members shall be appointed for a term of one (1) year; five (5) members shall be appointed for a term of two (2) years; and five (5) members shall be appointed for a term of three (3) years. Thereafter, all members shall be appointed for a term of four (4) years.

(3) The State Board of Education when making appointments shall designate a chairman. The commission shall meet at least once every two (2) months or more often if needed. Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) (a) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(b) An Office of Educator Misconduct Evaluations shall be established within the State Department of Education to assist the commission in responding to infractions and violations, and in conducting hearings and enforcing the provisions of subsections (11), (12), (13), (14) and (15) of this section, and violations of the Mississippi Educator Code of Ethics.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(b) Recommend to the State Board of Education each year approval or disapproval of each educator preparation program in the state, subject to a process and schedule determined by the State Board of Education;

(c) Establish, subject to the approval of the State Board of Education, standards for initial teacher certification and licensure in all fields;

(d) Establish, subject to the approval of the State Board of Education, standards for the renewal of teacher licenses in all fields;

(e) Review and evaluate objective measures of teacher performance, such as test scores, which may form part of the licensure process, and to make recommendations for their use;

(f) Review all existing requirements for certification and licensure;

(g) Consult with groups whose work may be affected by the commission's decisions;

(h) Prepare reports from time to time on current practices and issues in the general area of teacher education and certification and licensure;

(i) Hold hearings concerning standards for teachers' and administrators' education and certification and licensure with approval of the State Board of Education;

- (j) Hire expert consultants with approval of the State Board of Education;
- (k) Set up ad hoc committees to advise on specific areas; and
- (l) Perform such other functions as may fall within their general charge and

which may be delegated to them by the State Board of Education.

(6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

- (i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

- (iv) Any other document required by the State Board of Education;

and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent);

or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) (i) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

- * * *1. An ACT Score of twenty-one (21) (or SAT

equivalent); or

* * *2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

* * *3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(ii) Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

* * *1. The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

* * *2. The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

* * *3. Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

* * *4. During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

* * *5. An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

* * *6. Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If

the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

***7. At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

***8. The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

(iii) Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

(iv) A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a *** five-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person shall be required to have a high school diploma, an industry-recognized certification related to the subject area in which they are teaching and a minimum of five (5) years of relevant experience but shall not be required to hold an associate or bachelor's degree, provided that he or she possesses the minimum qualifications required for his or her profession, and may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. If a school board hires a career technical education pathway instructor who does not have an industry certification in his or her area of expertise but does have the required experience, the school board shall spread their decision on the minutes at their next meeting and provide a detailed explanation for why they hired the instructor. Such instructor shall present the minutes of the school board to the State Department of Education when he or she applies for an expert citizen license. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. (a) The department shall grant a standard license to any individual who possesses a valid standard license from another state and meets minimum Mississippi license requirements or equivalent requirements as determined by the State Board of

Education. The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

(b) The department shall grant a nonrenewable special license to any individual who possesses a credential which is less than a standard license or certification from another state. Such special license shall be valid for the current school year plus one (1) additional school year to expire on June 30 of the second year, not to exceed a total period of twenty-four (24) months, during which time the applicant shall be required to complete the requirements for a standard license in Mississippi.

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this

disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the

necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended

for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 7. Section 37-16-3, Mississippi Code of 1972, is amended as follows:

37-16-3. (1) The State Department of Education is directed to implement a program of statewide assessment testing which shall provide for the improvement of the operation and management of the public schools. The statewide program shall be timed, as far as possible, so as not to conflict with ongoing district assessment programs. As part of the program, the department shall:

(a) Establish, with the approval of the State Board of Education, minimum performance standards related to the goals for education contained in the state's plan including, but not limited to, basic skills in reading, writing and mathematics. The minimum performance standards shall be approved by April 1 in each year they are established.

(b) Conduct a uniform statewide testing program in grades deemed appropriate in the public schools, including charter schools, which shall provide for the administration of the ACT WorkKeys Assessment to any students electing to take the assessment. Each individual school district shall determine whether the ACT WorkKeys Assessment is administered in the ninth, tenth or eleventh grade. The program may test skill areas, basic skills and high school course content.

(c) Monitor the results of the assessment program and, at any time the composite student performance of a school or basic program is found to be below the established minimum standards, notify the district superintendent or the governing board of the charter school, as the case may be, the school principal and the school advisory committee or other existing parent group of the situation within thirty (30) days of its determination. The department shall further provide technical assistance to a school district in the identification of the causes of this deficiency and shall recommend courses of action for its correction.

(d) Provide technical assistance to the school districts, when requested, in the development of student performance standards in addition to the established minimum statewide standards.

(e) Issue security procedure regulations providing for the security and integrity of the tests that are administered under the basic skills assessment program.

(f) In case of an allegation of a testing irregularity that prompts a need for an investigation by the Department of Education, the department may, in its discretion, take complete control of the statewide test administration in a school district or any part thereof, including, but not limited to, obtaining control of the test booklets and answer documents. In the case of any verified testing irregularity that jeopardized the security and integrity of the test(s), validity or the accuracy of the test results, the cost of the investigation and any other actual and necessary costs related to the investigation paid by the Department of Education shall be reimbursed by the local school district from funds other than federal funds, Mississippi Adequate Education Program funds, or any other state funds within six (6) months from the date of notice by the department to the school district to make reimbursement to the department.

(2) Uniform basic skills tests shall be completed by each student in the appropriate grade. These tests shall be administered in such a manner as to preserve the integrity and validity of the assessment. In the event of excused or unexcused student absences, make-up tests shall be given. The school superintendent of every school district in the state and the principal of each charter school shall annually certify to the State Department of Education that each student enrolled in the appropriate grade has completed the required basic skills assessment test for his or her grade in a valid test administration.

(3) Within five (5) days of completing the administration of a statewide test, the principal of the school where the test was administered shall certify under oath to the State Department of Education that the statewide test was administered in strict accordance

with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The principal's sworn certification shall be set forth on a form developed and approved by the Department of Education. If, following the administration of a statewide test, the principal has reason to believe that the test was not administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education, the principal shall submit a sworn certification to the Department of Education setting forth all information known or believed by the principal about all potential violations of the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The submission of false information or false certification to the Department of Education by any licensed educator may result in licensure disciplinary action pursuant to Section 37-3-2 and criminal prosecution pursuant to Section 37-16-4.

SECTION 8. Section 37-17-6, Mississippi Code of 1972, is amended as follows:

37-17-6. (1) The State Board of Education, acting through the Commission on School Accreditation, shall establish and implement a permanent performance-based accreditation system, and all noncharter public elementary and secondary schools shall be accredited under this system.

(2) No later than June 30, 1995, the State Board of Education, acting through the Commission on School Accreditation, shall require school districts to provide school classroom space that is air-conditioned as a minimum requirement for accreditation.

(3) (a) Beginning with the 1994-1995 school year, the State Board of Education, acting through the Commission on School Accreditation, shall require that school districts employ certified school librarians according to the following formula:

Number of Students	Number of Certified
Per School Library	School Librarians
0 - 499 Students	1/2 Full-time Equivalent

Certified Librarian
500 or More Students

1 Full-time Certified

Librarian

(b) The State Board of Education, however, may increase the number of positions beyond the above requirements.

(c) The assignment of certified school librarians to the particular schools shall be at the discretion of the local school district. No individual shall be employed as a certified school librarian without appropriate training and certification as a school librarian by the State Department of Education.

(d) School librarians in the district shall spend at least fifty percent (50%) of direct work time in a school library and shall devote no more than one-fourth (1/4) of the workday to administrative activities that are library related.

(e) Nothing in this subsection shall prohibit any school district from employing more certified school librarians than are provided for in this section.

(f) Any additional millage levied to fund school librarians required for accreditation under this subsection shall be included in the tax increase limitation set forth in Sections 37-57-105 and 37-57-107 and shall not be deemed a new program for purposes of the limitation.

(4) On or before December 31, 2002, the State Board of Education shall implement the performance-based accreditation system for school districts and for individual noncharter public schools which shall include the following:

(a) High expectations for students and high standards for all schools, with a focus on the basic curriculum;

(b) Strong accountability for results with appropriate local flexibility for local implementation;

(c) A process to implement accountability at both the school district level and the school level;

(d) Individual schools shall be held accountable for student growth and performance;

(e) Set annual performance standards for each of the schools of the state and measure the performance of each school against itself through the standard that has been set for it;

(f) A determination of which schools exceed their standards and a plan for providing recognition and rewards to those schools;

(g) A determination of which schools are failing to meet their standards and a determination of the appropriate role of the State Board of Education and the State Department of Education in providing assistance and initiating possible intervention. A failing district is a district that fails to meet both the absolute student achievement standards and the rate of annual growth expectation standards as set by the State Board of Education for two (2) consecutive years. The State Board of Education shall establish the level of benchmarks by which absolute student achievement and growth expectations shall be assessed. In setting the benchmarks for school districts, the State Board of Education may also take into account such factors as graduation rates, dropout rates, completion rates, the extent to which the school or district employs qualified teachers in every classroom, and any other factors deemed appropriate by the State Board of Education. The State Board of Education, acting through the State Department of Education, shall apply a simple "A," "B," "C," "D" and "F" designation to the current school and school district statewide accountability performance classification labels beginning with the State Accountability Results for the 2011-2012 school year and following, and in the school, district and state report cards required under state and federal law. Under the new designations, a school or school district that has earned a "Star" rating shall be designated an "A" school or school district; a school or school district that has earned a "High-Performing" rating shall be designated a "B" school or school district; a school or school district that has earned a "Successful" rating shall be designated a "C" school or school district; a school or school district that has earned an "Academic Watch" rating shall be designated a "D" school or school district; a school or school district that has earned a "Low-Performing," "At-Risk of Failing" or "Failing" rating shall be designated an "F" school or school district. Effective with the implementation of any new curriculum and assessment standards, the State Board of Education, acting through the State Department of Education, is further authorized and directed to change the school and school district accreditation rating system to a simple "A," "B," "C," "D," and "F" designation based on a combination of student achievement scores and student growth as measured by the statewide testing programs developed by the State Board of Education pursuant to Chapter 16, Title 37, Mississippi Code of 1972. In any statute or regulation containing the former accreditation designations, the new designations shall be applicable;

(h) Development of a comprehensive student assessment system to implement these requirements; and

(i) The State Board of Education may, based on a written request that contains specific reasons for requesting a waiver from the school districts affected by Hurricane Katrina of 2005, hold harmless school districts from assignment of district and school level accountability ratings for the 2005-2006 school year. The State Board of Education upon finding an extreme hardship in the school district may grant the request. It is the intent of the Legislature that all school districts maintain the highest possible academic standards and instructional programs in all schools as required by law and the State Board of Education.

(5) (a) Effective with the 2013-2014 school year, the State Department of Education, acting through the Mississippi Commission on School Accreditation, shall revise and implement a single "A" through "F" school and school district accountability system complying with applicable federal and state requirements in order to reach the following educational goals:

(i) To mobilize resources and supplies to ensure that all students exit third grade reading on grade level by 2015;

(ii) To reduce the student dropout rate to thirteen percent (13%) by 2015; and

(iii) To have sixty percent (60%) of students scoring proficient and advanced on the assessments of the Common Core State Standards by 2016 with incremental increases of three percent (3%) each year thereafter.

(b) The State Department of Education shall combine the state school and school district accountability system with the federal system in order to have a single system.

(c) The State Department of Education shall establish five (5) performance categories ("A," "B," "C," "D" and "F") for the accountability system based on the following criteria:

(i) Student Achievement: the percent of students proficient and advanced on the current state assessments;

(ii) Individual student growth: the percent of students making one (1) year's progress in one (1) year's time on the state assessment, with an emphasis on the progress of the lowest twenty-five percent (25%) of students in the school or district;

(iii) Four-year graduation rate: the percent of students graduating with a standard high school diploma in four (4) years, as defined by federal regulations;

(iv) Categories shall identify schools as Reward ("A" schools), Focus ("D" schools) and Priority ("F" schools). If at least five percent (5%) of schools in the state are not graded as "F" schools, the lowest five percent (5%) of school grade point designees will be identified as Priority schools. If at least ten percent (10%) of schools in the state are not graded as "D" schools, the lowest ten percent (10%) of school grade point designees will be identified as Focus schools;

(v) The State Department of Education shall discontinue the use of Star School, High-Performing, Successful, Academic Watch, Low-Performing, At-Risk of Failing and Failing school accountability designations;

(vi) The system shall include the federally compliant four-year graduation rate in school and school district accountability system calculations. Graduation rate will apply to high school and school district accountability ratings as a compensatory component. The system shall discontinue the use of the High School Completer Index (HSCI);

(vii) The school and school district accountability system shall incorporate a standards-based growth model, in order to support improvement of individual student learning;

(viii) The State Department of Education shall discontinue the use of the Quality Distribution Index (QDI);

(ix) The State Department of Education shall determine feeder patterns of schools that do not earn a school grade because the grades and subjects taught at the school do not have statewide standardized assessments needed to calculate a school grade. Upon determination of the feeder pattern, the department shall notify schools and school districts prior to the release of the school grades beginning in 2013. Feeder schools will be assigned the accountability designation of the school to which they provide students;

(x) Standards for student, school and school district performance will be increased when student proficiency is at a seventy-five percent (75%) and/or when sixty-five percent (65%) of the schools and/or school districts are earning a grade of "B" or higher, in order to raise the standard on performance after targets are met * * *; and

(xi) The system shall include student performance on the administration of the ACT WorkKeys Assessment, which shall be weighted in the same percentage as the standard ACT Assessment as administered to students in Grade 11, for inclusion in the college and career readiness portion of the accountability rating system. The State Department of Education shall ensure equitable distribution of points under the accountability rating, in comparison to the ACT Assessment, for a Silver Status on the ACT WorkKeys Assessment. A student shall not be required to complete all of the courses within his or her career pathway for his or her performance on the ACT WorkKeys Assessment to be included in the system.

(6) Nothing in this section shall be deemed to require a nonpublic school that receives no local, state or federal funds for support to become accredited by the State Board of Education.

(7) The State Board of Education shall create an accreditation audit unit under the Commission on School Accreditation to determine whether schools are complying with accreditation standards.

(8) The State Board of Education shall be specifically authorized and empowered to withhold adequate education program fund allocations, whichever is applicable, to any public school district for failure to timely report student, school personnel and fiscal data necessary to meet state and/or federal requirements.

(9) [Deleted]

(10) The State Board of Education shall establish, for those school districts failing to meet accreditation standards, a program of development to be complied with in order to receive state funds, except as otherwise provided in subsection (15) of this section when the Governor has declared a state of emergency in a school district or as otherwise provided in Section 206, Mississippi Constitution of 1890. The state board, in establishing these standards, shall provide for notice to schools and sufficient time and aid to enable schools to attempt to meet these standards, unless procedures under subsection (15) of this section have been invoked.

(11) Beginning July 1, 1998, the State Board of Education shall be charged with the implementation of the program of development in each applicable school district as follows:

(a) Develop an impairment report for each district failing to meet accreditation standards in conjunction with school district officials;

(b) Notify any applicable school district failing to meet accreditation standards that it is on probation until corrective actions are taken or until the deficiencies have been removed. The local school district shall develop a corrective action plan to improve its deficiencies. For district academic deficiencies, the corrective action plan for each such school district shall be based upon a complete analysis of the following: student test data, student grades, student attendance reports, student dropout data, existence and other relevant data. The corrective action plan shall describe the specific measures to be taken by the particular school district and school to improve: (i) instruction; (ii) curriculum; (iii) professional development; (iv) personnel and classroom organization; (v) student incentives for performance; (vi) process deficiencies; and (vii) reporting to the local school board, parents and the community. The corrective action plan shall describe the specific individuals responsible for implementing each component of the recommendation and how each will be evaluated. All corrective action plans shall be provided to the State Board of Education as may be required. The decision of the State Board of Education establishing the probationary period of time shall be final;

(c) Offer, during the probationary period, technical assistance to the school district in making corrective actions. Beginning July 1, 1998, subject to the availability of funds, the State Department of Education shall provide technical and/or financial assistance to all such school districts in order to implement each measure identified in that district's corrective action plan through professional development and on-site assistance. Each such school district shall apply for and utilize all available federal funding in order to support its corrective action plan in addition to state funds made available under this paragraph;

(d) Assign department personnel or contract, in its discretion, with the institutions of higher learning or other appropriate private entities with experience in the academic, finance and other operational functions of schools to assist school districts;

(e) Provide for publication of public notice at least one time during the probationary period, in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The publication shall include the following: declaration of school system's status as being on probation; all details relating to the impairment report; and other information as the State Board of Education deems appropriate. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

(12) (a) If the recommendations for corrective action are not taken by the local school district or if the deficiencies are not removed by the end of the probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. Additionally, if the local school district violates accreditation standards that have been determined by the policies and procedures of the State Board of Education to be a basis for withdrawal of school district's accreditation without a probationary period,

the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. After its consideration of the results of the hearing, the Commission on School Accreditation shall be authorized, with the approval of the State Board of Education, to withdraw the accreditation of a public school district, and issue a request to the Governor that a state of emergency be declared in that district.

(b) If the State Board of Education and the Commission on School Accreditation determine that an extreme emergency situation exists in a school district that jeopardizes the safety, security or educational interests of the children enrolled in the schools in that district and that emergency situation is believed to be related to a serious violation or violations of accreditation standards or state or federal law, or when a school district meets the State Board of Education's definition of a failing school district for two (2) consecutive full school years, or if more than fifty percent (50%) of the schools within the school district are designated as Schools At-Risk in any one (1) year, the State Board of Education may request the Governor to declare a state of emergency in that school district. For purposes of this paragraph, the declarations of a state of emergency shall not be limited to those instances when a school district's impairments are related to a lack of financial resources, but also shall include serious failure to meet minimum academic standards, as evidenced by a continued pattern of poor student performance.

(c) Whenever the Governor declares a state of emergency in a school district in response to a request made under paragraph (a) or (b) of this subsection, the State Board of Education may take one or more of the following actions:

(i) Declare a state of emergency, under which some or all of state funds can be escrowed except as otherwise provided in Section 206, Constitution of 1890, until the board determines corrective actions are being taken or the deficiencies have been removed, or that the needs of students warrant the release of funds. The funds may be released from escrow for any program which the board determines to have been restored to standard even though the state of emergency may not as yet be terminated for the district as a whole;

(ii) Override any decision of the local school board or superintendent of education, or both, concerning the management and operation of the school district, or initiate and make decisions concerning the management and operation of the school district;

(iii) Assign an interim superintendent, or in its discretion, contract with a private entity with experience in the academic, finance and other operational functions of schools and school districts, who will have those powers and duties prescribed in subsection (15) of this section;

(iv) Grant transfers to students who attend this school district so that they may attend other accredited schools or districts in a manner that is not in violation of state or federal law;

(v) For states of emergency declared under paragraph (a) only, if the accreditation deficiencies are related to the fact that the school district is too small, with too few resources, to meet the required standards and if another school district is willing to accept those students, abolish that district and assign that territory to another school district or districts. If the school district has proposed a voluntary consolidation with another school district or districts, then if the State Board of Education finds that it is in the best interest of the pupils of the district for the consolidation to proceed, the voluntary consolidation shall have priority over any such assignment of territory by the State Board of Education;

(vi) For states of emergency declared under paragraph (b) only, reduce local supplements paid to school district employees, including, but not limited to, instructional personnel, assistant teachers and extracurricular activities personnel, if the district's impairment is related to a lack of financial resources, but only to an extent that will result in the salaries being comparable to districts similarly situated, as determined by the State Board of Education;

(vii) For states of emergency declared under paragraph (b) only, the State Board of Education may take any action as prescribed in Section 37-17-13.

(d) At the time that satisfactory corrective action has been taken in a school district in which a state of emergency has been declared, the State Board of Education

may request the Governor to declare that the state of emergency no longer exists in the district.

(e) The parent or legal guardian of a school-age child who is enrolled in a school district whose accreditation has been withdrawn by the Commission on School Accreditation and without approval of that school district may file a petition in writing to a school district accredited by the Commission on School Accreditation for a legal transfer. The school district accredited by the Commission on School Accreditation may grant the transfer according to the procedures of Section 37-15-31(1)(b). In the event the accreditation of the student's home district is restored after a transfer has been approved, the student may continue to attend the transferee school district. The per-pupil amount of the adequate education program allotment, including the collective "add-on program" costs for the student's home school district shall be transferred monthly to the school district accredited by the Commission on School Accreditation that has granted the transfer of the school-age child.

(f) Upon the declaration of a state of emergency for any school district in which the Governor has previously declared a state of emergency, the State Board of Education may either:

(i) Place the school district into district transformation, in which the school district shall remain until it has fulfilled all conditions related to district transformation. If the district was assigned an accreditation rating of "D" or "F" when placed into district transformation, the district shall be eligible to return to local control when the school district has attained a "C" rating or higher for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period;

(ii) Abolish the school district and administratively consolidate the school district with one or more existing school districts;

(iii) Reduce the size of the district and administratively consolidate parts of the district, as determined by the State Board of Education. However, no school district which is not in district transformation shall be required to accept additional territory over the objection of the district; or

(iv) Require the school district to develop and implement a district improvement plan with prescriptive guidance and support from the State Department of Education, with the goal of helping the district improve student achievement. Failure of the school board, superintendent and school district staff to implement the plan with fidelity and participate in the activities provided as support by the department shall result in the school district retaining its eligibility for district transformation.

(g) There is established a Mississippi Recovery School District within the State Department of Education under the supervision of a deputy superintendent appointed by the State Superintendent of Public Education, who is subject to the approval by the State Board of Education. The Mississippi Recovery School District shall provide leadership and oversight of all school districts that are subject to district transformation status, as defined in Chapters 17 and 18, Title 37, Mississippi Code of 1972, and shall have all the authority granted under these two (2) chapters. The Mississippi Department of Education, with the approval of the State Board of Education, shall develop policies for the operation and management of the Mississippi Recovery School District. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall be authorized to oversee the administration of the Mississippi Recovery School District, oversee the interim superintendent assigned by the State Board of Education to a local school district, hear appeals that would normally be filed by students, parents or employees and heard by a local school board, which hearings on appeal shall be conducted in a prompt and timely manner in the school district from which the appeal originated in order to ensure the ability of appellants, other parties and witnesses to appeal without undue burden of travel costs or loss of time from work, and perform other related duties as assigned by the State Superintendent of Public Education. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall determine, based on rigorous professional qualifications set by the State Board of Education, the appropriate individuals to be engaged to be interim superintendents and financial advisors, if applicable, of all school districts subject to district transformation

status. After State Board of Education approval, these individuals shall be deemed independent contractors.

(13) Upon the declaration of a state of emergency in a school district under subsection (12) of this section, the Commission on School Accreditation shall be responsible for public notice at least once a week for at least three (3) consecutive weeks in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The size of the notice shall be no smaller than one-fourth (1/4) of a standard newspaper page and shall be printed in bold print. If an interim superintendent has been appointed for the school district, the notice shall begin as follows: "By authority of Section 37-17-6, Mississippi Code of 1972, as amended, adopted by the Mississippi Legislature during the 1991 Regular Session, this school district (name of school district) is hereby placed under the jurisdiction of the State Department of Education acting through its appointed interim superintendent (name of interim superintendent)."

The notice also shall include, in the discretion of the State Board of Education, any or all details relating to the school district's emergency status, including the declaration of a state of emergency in the school district and a description of the district's impairment deficiencies, conditions of any district transformation status and corrective actions recommended and being taken. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

Upon termination of the state of emergency in a school district, the Commission on School Accreditation shall cause notice to be published in the school district in the same manner provided in this section, to include any or all details relating to the corrective action taken in the school district that resulted in the termination of the state of emergency.

(14) The State Board of Education or the Commission on School Accreditation shall have the authority to require school districts to produce the necessary reports, correspondence, financial statements, and any other documents and information necessary to fulfill the requirements of this section.

Nothing in this section shall be construed to grant any individual, corporation, board or interim superintendent the authority to levy taxes except in accordance with presently existing statutory provisions.

(15) (a) Whenever the Governor declares a state of emergency in a school district in response to a request made under subsection (12) of this section, the State Board of Education, in its discretion, may assign an interim superintendent to the school district, or in its discretion, may contract with an appropriate private entity with experience in the academic, finance and other operational functions of schools and school districts, who will be responsible for the administration, management and operation of the school district, including, but not limited to, the following activities:

(i) Approving or disapproving all financial obligations of the district, including, but not limited to, the employment, termination, nonrenewal and reassignment of all licensed and nonlicensed personnel, contractual agreements and purchase orders, and approving or disapproving all claim dockets and the issuance of checks; in approving or disapproving employment contracts of superintendents, assistant superintendents or principals, the interim superintendent shall not be required to comply with the time limitations prescribed in Sections 37-9-15 and 37-9-105;

(ii) Supervising the day-to-day activities of the district's staff, including reassigning the duties and responsibilities of personnel in a manner which, in the determination of the interim superintendent, will best suit the needs of the district;

(iii) Reviewing the district's total financial obligations and operations and making recommendations to the district for cost savings, including, but not limited to, reassigning the duties and responsibilities of staff;

(iv) Attending all meetings of the district's school board and administrative staff;

(v) Approving or disapproving all athletic, band and other extracurricular activities and any matters related to those activities;

(vi) Maintaining a detailed account of recommendations made to the district and actions taken in response to those recommendations;

(vii) Reporting periodically to the State Board of Education on the progress or lack of progress being made in the district to improve the district's impairments during the state of emergency; and

(viii) Appointing a parent advisory committee, comprised of parents of students in the school district that may make recommendations to the interim superintendent concerning the administration, management and operation of the school district.

The cost of the salary of the interim superintendent and any other actual and necessary costs related to district transformation status paid by the State Department of Education shall be reimbursed by the local school district from funds other than adequate education program funds. The department shall submit an itemized statement to the superintendent of the local school district for reimbursement purposes, and any unpaid balance may be withheld from the district's adequate education program funds.

At the time that the Governor, in accordance with the request of the State Board of Education, declares that the state of emergency no longer exists in a school district, the powers and responsibilities of the interim superintendent assigned to the district shall cease.

(b) In order to provide loans to school districts under a state of emergency or in district transformation status that have impairments related to a lack of financial resources, the School District Emergency Assistance Fund is created as a special fund in the State Treasury into which monies may be transferred or appropriated by the Legislature from any available public education funds. Funds in the School District Emergency Assistance Fund up to a maximum balance of Three Million Dollars (\$3,000,000.00) annually shall not lapse but shall be available for expenditure in subsequent years subject to approval of the State Board of Education. Any amount in the fund in excess of Three Million Dollars (\$3,000,000.00) at the end of the fiscal year shall lapse into the State General Fund or the Education Enhancement Fund, depending on the source of the fund.

The State Board of Education may loan monies from the School District Emergency Assistance Fund to a school district that is under a state of emergency or in district transformation status, in those amounts, as determined by the board, that are necessary to correct the district's impairments related to a lack of financial resources. The loans shall be evidenced by an agreement between the school district and the State Board of Education and shall be repayable in principal, without necessity of interest, to the School District Emergency Assistance Fund by the school district from any allowable funds that are available. The total amount loaned to the district shall be due and payable within five (5) years after the impairments related to a lack of financial resources are corrected. If a school district fails to make payments on the loan in accordance with the terms of the agreement between the district and the State Board of Education, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may withhold that district's adequate education program funds in an amount and manner that will effectuate repayment consistent with the terms of the agreement; the funds withheld by the department shall be deposited into the School District Emergency Assistance Fund.

The State Board of Education shall develop a protocol that will outline the performance standards and requisite timeline deemed necessary for extreme emergency measures. If the State Board of Education determines that an extreme emergency exists, simultaneous with the powers exercised in this subsection, it shall take immediate action against all parties responsible for the affected school districts having been determined to be in an extreme emergency. The action shall include, but not be limited to, initiating civil actions to recover funds and criminal actions to account for criminal activity. Any funds recovered by the State Auditor or the State Board of Education from the surety bonds of school officials or from any civil action brought under this subsection shall be applied toward the repayment of any loan made to a school district hereunder.

(16) If a majority of the membership of the school board of any school district resigns from office, the State Board of Education shall be authorized to assign an interim superintendent, who shall be responsible for the administration, management and operation of the school district until the time as new board members are selected or the Governor declares a state of emergency in that school district under subsection (12),

whichever occurs first. In that case, the State Board of Education, acting through the interim superintendent, shall have all powers which were held by the previously existing school board, and may take any action as prescribed in Section 37-17-13 and/or one or more of the actions authorized in this section.

(17) (a) If the Governor declares a state of emergency in a school district, the State Board of Education may take all such action pertaining to that school district as is authorized under subsection (12) or (15) of this section, including the appointment of an interim superintendent. The State Board of Education shall also have the authority to issue a written request with documentation to the Governor asking that the office of the superintendent of the school district be subject to recall. If the Governor declares that the office of the superintendent of the school district is subject to recall, the local school board or the county election commission, as the case may be, shall take the following action:

(i) If the office of superintendent is an elected office, in those years in which there is no general election, the name shall be submitted by the State Board of Education to the county election commission, and the county election commission shall submit the question at a special election to the voters eligible to vote for the office of superintendent within the county, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Shall County Superintendent of Education _____ (here the name of the superintendent shall be inserted) of the _____ (here the title of the school district shall be inserted) be retained in office? Yes _____ No _____"

If a majority of those voting on the question votes against retaining the superintendent in office, a vacancy shall exist which shall be filled in the manner provided by law; otherwise, the superintendent shall remain in office for the term of that office, and at the expiration of the term shall be eligible for qualification and election to another term or terms.

(ii) If the office of superintendent is an appointive office, the name of the superintendent shall be submitted by the president of the local school board at the next regular meeting of the school board for retention in office or dismissal from office. If a majority of the school board voting on the question vote against retaining the superintendent in office, a vacancy shall exist which shall be filled as provided by law, otherwise the superintendent shall remain in office for the duration of his employment contract.

(b) The State Board of Education may issue a written request with documentation to the Governor asking that the membership of the school board of the school district shall be subject to recall. Whenever the Governor declares that the membership of the school board is subject to recall, the county election commission or the local governing authorities, as the case may be, shall take the following action:

(i) If the members of the local school board are elected to office, in those years in which the specific member's office is not up for election, the name of the school board member shall be submitted by the State Board of Education to the county election commission, and the county election commission at a special election shall submit the question to the voters eligible to vote for the particular member's office within the county or school district, as the case may be, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Members of the _____ (here the title of the school district shall be inserted) School Board who are not up for election this year are subject to recall because of the school district's failure to meet critical accountability standards as defined in the letter of notification to the Governor from the State Board of Education. Shall the member of the school board representing this area, _____ (here the name of the school board member holding the office shall be inserted), be retained in office? Yes _____ No _____"

If a majority of those voting on the question vote against retaining the member of the school board in office, a vacancy in that board member's office shall exist, which shall be filled in the manner provided by law; otherwise, the school board member shall remain in office for the term of that office, and at the expiration of the term of office, the member shall be eligible for qualification and election to another term or terms of office. However, if a majority of the school board members are recalled in the special election, the Governor

shall authorize the board of supervisors of the county in which the school district is situated to appoint members to fill the offices of the members recalled. The board of supervisors shall make those appointments in the manner provided by law for filling vacancies on the school board, and the appointed members shall serve until the office is filled at the next regular special election or general election.

(ii) If the local school board is an appointed school board, the name of all school board members shall be submitted as a collective board by the president of the municipal or county governing authority, as the case may be, at the next regular meeting of the governing authority for retention in office or dismissal from office. If a majority of the governing authority voting on the question vote against retaining the board in office, a vacancy shall exist in each school board member's office, which shall be filled as provided by law; otherwise, the members of the appointed school board shall remain in office for the duration of their term of appointment, and those members may be reappointed.

(iii) If the local school board is comprised of both elected and appointed members, the elected members shall be subject to recall in the manner provided in subparagraph (i) of this paragraph (b), and the appointed members shall be subject to recall in the manner provided in subparagraph (ii).

(18) Beginning with the school district audits conducted for the 1997-1998 fiscal year, the State Board of Education, acting through the Commission on School Accreditation, shall require each school district to comply with standards established by the State Department of Audit for the verification of fixed assets and the auditing of fixed assets records as a minimum requirement for accreditation.

(19) Before December 1, 1999, the State Board of Education shall recommend a program to the Education Committees of the House of Representatives and the Senate for identifying and rewarding public schools that improve or are high performing. The program shall be described by the board in a written report, which shall include criteria and a process through which improving schools and high-performing schools will be identified and rewarded.

The State Superintendent of Public Education and the State Board of Education also shall develop a comprehensive accountability plan to ensure that local school boards, superintendents, principals and teachers are held accountable for student achievement. A written report on the accountability plan shall be submitted to the Education Committees of both houses of the Legislature before December 1, 1999, with any necessary legislative recommendations.

(20) Before January 1, 2008, the State Board of Education shall evaluate and submit a recommendation to the Education Committees of the House of Representatives and the Senate on inclusion of graduation rate and dropout rate in the school level accountability system.

(21) If a local school district is determined as failing and placed into district transformation status for reasons authorized by the provisions of this section, the interim superintendent appointed to the district shall, within forty-five (45) days after being appointed, present a detailed and structured corrective action plan to move the local school district out of district transformation status to the deputy superintendent. A copy of the interim superintendent's corrective action plan shall also be filed with the State Board of Education.

SECTION 9. Beginning with the 2021-2022 academic year, the State Board of Education, acting through the Commission on Teacher and Administrator Education, Certification and Licensure and Development, and in conjunction with the Board of Trustees of State Institutions of Higher Learning, shall require each educator preparation program in the state to include, as part of its curriculum, a Praxis Core Academic Skills for Educators examination and a Praxis II examination course of study, which shall serve as a preparatory review course with emphasis on the concepts and exam skills necessary for success on the exam, and reinforces students' knowledge through thought-provoking examples and Praxis exam questions. Upon completion of the course, students shall have mastered concepts as they are tested so that students can excel within the time constraints of the exam."

ADOPTED

YEAS AND NAYS ON **H. B. No. 1253**. On motion of Rep. Bell (21st) the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Zuber. Total--114.

Nays--Bomgar, Criswell, Eubanks, Hopkins. Total--4.

Absent or those not voting--Anderson, J, Osborne, Weathersby, Young. Total-4.

Necessary for passage--60

Representative Bell (21st) called up the motion to reconsider the vote whereby **H. B. No. 536**: (Mississippi Department of Employment Security; revise various provisions regarding authority of.) passed, and moved to reconsider for purpose of an amendment, which motion prevailed.

AMENDMENT NO. 2 BY REPRESENTATIVE Bell (21st):

AMEND by striking Section 7 through Section 12 in their entirety and renumbering the succeeding sections.

" SECTION 7. Section 37-15-38, Mississippi Code of 1972, is brought forward as follows:

37-15-38. (1) The following phrases have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) A dual enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

(b) A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving high school and college credit for postsecondary coursework.

(2) A local school board, the Board of Trustees of State Institutions of Higher Learning and the Mississippi Community College Board shall establish a dual enrollment system under which students in the school district who meet the prescribed criteria of this section may be enrolled in a postsecondary institution in Mississippi while they are still in school.

(3) Dual credit eligibility. Before credits earned by a qualified high school student from a community or junior college or state institution of higher learning may be transferred to the student's home school district, the student must be properly enrolled in a dual enrollment program.

(4) Admission criteria for dual enrollment in community and junior college or university programs. The Mississippi Community College Board and the Board of Trustees of State Institutions of Higher Learning may recommend to the State Board of Education admission criteria for dual enrollment programs under which high school students may enroll at a community or junior college or university while they are still attending high school and enrolled in high school courses. Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated dual enrollment admission requirements.

(5) Tuition and cost responsibility. Tuition and costs for university-level courses and community and junior college courses offered under a dual enrollment program may be paid for by the postsecondary institution, the local school district, the parents or legal guardians of the student, or by grants, foundations or other private or public sources. Payment for tuition and any other costs must be made directly to the credit-granting institution.

(6) Transportation responsibility. Any transportation required by a student to participate in the dual enrollment program is the responsibility of the parent, custodian or legal guardian of the student. Transportation costs may be paid from any available public or private sources, including the local school district.

(7) School district average daily attendance credit. When dually enrolled, the student may be counted, for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school.

(8) High school student transcript transfer requirements. Grades and college credits earned by a student admitted to a dual credit program must be recorded on the high school student record and on the college transcript at the university or community or junior college where the student attends classes. The transcript of the university or community or junior college coursework may be released to another institution or applied toward college graduation requirements.

(9) Determining factor of prerequisites for dual enrollment courses. Each university and community or junior college participating in a dual enrollment program shall determine course prerequisites. Course prerequisites shall be the same for dual enrolled students as for regularly enrolled students at that university or community or junior college.

(10) Process for determining articulation of curriculum between high school, university, and community and junior college courses. All dual credit courses must meet the standards established at the postsecondary level. Postsecondary level developmental courses may not be considered as meeting the requirements of the dual credit program. Dual credit memorandum of understandings must be established between each postsecondary institution and the school district implementing a dual credit program.

(11) [Deleted]

(12) Eligible courses for dual credit programs. Courses eligible for dual credit include, but are not necessarily limited to, foreign languages, advanced math courses, advanced science courses, performing arts, advanced business and technology, and career and technical courses. Distance Learning Collaborative Program courses approved under Section 37-67-1 shall be fully eligible for dual credit. All courses being considered for dual credit must receive unconditional approval from the superintendent of the local school district and the chief instructional officer at the participating community or junior college or university in order for college credit to be awarded. A university or community or junior college shall make the final decision on what courses are eligible for semester hour credits.

(13) High school Carnegie unit equivalency. One (1) three-hour university or community or junior college course is equal to one (1) high school Carnegie unit.

(14) Course alignment. The universities, community and junior colleges and the State Department of Education shall periodically review their respective policies and assess the place of dual credit courses within the context of their traditional offerings.

(15) Maximum dual credits allowed. It is the intent of the dual enrollment program to make it possible for every eligible student who desires to earn a semester's worth of college credit in high school to do so. A qualified dually enrolled high school student must be allowed to earn an unlimited number of college or university credits for dual credit.

(16) Dual credit program allowances. A student may be granted credit delivered through the following means:

(a) Examination preparation taught at a high school by a qualified teacher. A student may receive credit at the secondary level after completion of an approved course and passing the standard examination, such as an Advanced Placement or International Baccalaureate course through which a high school student is allowed CLEP credit by making a three (3) or higher on the end-of-course examination.

(b) College or university courses taught at a high school or designated postsecondary site by a qualified teacher who is an employee of the school district and approved as an instructor by the collaborating college or university.

(c) College or university courses taught at a college, university or high school by an instructor employed by the college or university and approved by the collaborating school district.

(d) Online courses of any public university, community or junior college in Mississippi.

(17) Qualifications of dual credit instructors. A dual credit academic instructor must meet the requirements set forth by the regional accrediting association (Southern Association of College and Schools). University and community and junior college personnel have the sole authority in the selection of dual credit instructors.

A dual credit career and technical education instructor must meet the requirements set forth by the Mississippi Community College Board in the qualifications manual for postsecondary career and technical personnel.

(18) Guidance on local agreements. The Chief Academic Officer of the State Board of Trustees of State Institutions of Higher Learning and the Chief Instructional Officers of the Mississippi Community College Board and the State Department of Education, working collaboratively, shall develop a template to be used by the individual community and junior colleges and institutions of higher learning for consistent implementation of the dual enrollment program throughout the State of Mississippi.

(19) Mississippi Works Dual Enrollment-Dual Credit Option. A local school board and the local community colleges board shall establish a Mississippi Works Dual Enrollment-Dual Credit Option Program under which potential or recent student dropouts may dually enroll in their home school and a local community college in a dual credit program consisting of high school completion coursework and a community college credential, certificate or degree program. Students completing the dual enrollment-credit option may obtain their high school diploma while obtaining a community college credential, certificate or degree. The Mississippi Department of Employment Security shall assist students who have successfully completed the Mississippi Works Dual Enrollment-Dual Credit Option in securing a job upon the application of the student or the participating school or community college. The Mississippi Works Dual Enrollment-Dual Credit Option Program will be implemented statewide in the 2012-2013 school year and thereafter. The State Board of Education, local school board and the local community college board shall establish criteria for the Dual Enrollment-Dual Credit Program. Students enrolled in the program will not be eligible to participate in interscholastic sports or other extracurricular activities at the home school district. Tuition and costs for community college courses offered under the Dual Enrollment-Dual Credit Program shall not be charged to the student, parents or legal guardians. When dually enrolled, the student shall be counted for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school, as provided in Section 37-151-7(1)(a). Any transportation required by the student to participate in the Dual Enrollment-Dual Credit Program is the responsibility of the parent or legal guardian of the student, and transportation costs may be paid from any available public or private sources, including the local school district. Grades and college credits earned by a student admitted to this Dual Enrollment-Dual Credit Program shall be recorded on the high school student record and on the college transcript at the community college and high school where the student attends classes. The transcript of the community college coursework may be released to another institution or applied toward college graduation requirements. Any course that is required for subject area testing as a requirement for graduation from a public school in Mississippi is eligible for dual credit, and courses eligible for dual credit shall also include career, technical and degree program courses. All courses eligible for dual credit shall be approved by the superintendent of the local school district and the chief instructional officer at the participating community college in order for college credit to be awarded. A community college shall make the final decision on what courses are eligible for semester hour credits and the local school superintendent, subject to approval by the Mississippi Department of Education, shall make the final decision on the transfer of college courses credited to the student's high school transcript.

SECTION 8. Section 37-16-17, Mississippi Code of 1972, is amended as follows:

37-16-17. (1) Purpose. (a) The purpose of this section is to create a quality option in Mississippi's high schools for students not wishing to pursue a baccalaureate degree, which shall consist of challenging academic courses and modern career-technical studies.

The goal for students pursuing the career *** technical education pathways is to graduate from high school with a standard diploma and credit toward a community college certification in a career-technical field. These students also shall be encouraged to take the national assessment in the career-technical field in which they become certified.

(b) The State Board of Education shall develop and adopt course and curriculum requirements for career *** technical education pathways offered by local public school boards in accordance with this section. The Mississippi Community College Board and the State Board of Education jointly shall determine course and curriculum requirements for the career *** technical education pathways. The State Board of Education shall require school districts to provide notice to all incoming middle school students and junior high students of the career technical education pathways offered by local school boards. Such notice shall include the career technical education pathways available, the course requirements of each pathway, how to enroll in the pathway and any other necessary information as determined by the State Board of Education.

(2) *** Career technical education pathway; description; curriculum. (a) A career *** technical education pathway shall provide a student with greater technical skill and a strong academic core and shall be offered to each high school student enrolled in a public school district. The career *** technical education pathway shall be linked to postsecondary options and shall prepare students to pursue either a degree or certification from a postsecondary institution, an industry-based training or certification, an apprenticeship, the military, or immediate entrance into a career field. The career *** technical education pathway shall be designed primarily for those students who are not college bound and shall provide them with alternatives to entrance into a four-year university or college after high school graduation.

(b) Students pursuing a career *** technical education pathway shall be afforded the opportunity to dually enroll in a community or technical college or to participate in a business internship or work-study program, when such opportunities are available and appropriate.

(c) Each public school district shall offer a career *** technical education pathway approved by the State Board of Education.

(d) Students in a career *** technical education pathway shall complete an academic core of courses and a career and technical sequence of courses.

(e) Students pursuing a career technical education pathway must complete the *** twenty-four (24) course unit requirements for *** a regular high school diploma, which may include, but not be limited to *** the following course content:

- (i) English I;
- (ii) English II;
- (iii) Technical writing;
- (iv) Computer programming;
- (v) Algebra I;
- (vi) Personal Finance;
- (vii) Advanced technical mathematics;
- (viii) Computer science;
- (ix) Biology;
- (x) Earth and Space Science;
- (xi) U.S. History;
- (xii) Mississippi Studies/U.S. Government;
- (xiii) Health;
- (xiv) Physical Education;
- (xv) Soft skills, which include, but are not limited to, social graces, communication abilities, language skills, personal habits, cognitive or emotional empathy, time management, teamwork and leadership traits;
- (xvi) Career technical education pathway courses; and
- (xvii) Integrated technology.

Academic courses within the career *** technical education pathway of the standard diploma shall provide the knowledge and skill necessary for proficiency on the state subject area tests.

(f) The courses provided in paragraph (e) of this subsection may be tailored to the individual needs of the school district as long as the amendments align with the basic course requirements of paragraph (e).

(3) Nothing in this section shall disallow the development of a dual enrollment program with a technical college so long as an individual school district, with approval from the State Department of Education, agrees to implement such a program in connection with a technical college and the agreement is also approved by the proprietary school's commission.

* * *

SECTION 9. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. It shall be the purpose and duty of the commission to make recommendations to the State Board of Education regarding standards for the certification and licensure and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of Mississippi.

(2) (a) The commission shall be composed of fifteen (15) qualified members. The membership of the commission shall be composed of the following members to be appointed, three (3) from each of the four (4) congressional districts, as such districts existed on January 1, 2011, in accordance with the population calculations determined by the 2010 federal decennial census, including: four (4) classroom teachers; three (3) school administrators; one (1) representative of schools of education of public institutions of higher learning located within the state to be recommended by the Board of Trustees of State Institutions of Higher Learning; one (1) representative from the schools of education of independent institutions of higher learning to be recommended by the Board of the Mississippi Association of Independent Colleges; one (1) representative from public community and junior colleges located within the state to be recommended by the Mississippi Community College Board; one (1) local school board member; and four (4) laypersons. Three (3) members of the commission, at the sole discretion of the State Board of Education, shall be appointed from the state at large.

(b) All appointments shall be made by the State Board of Education after consultation with the State Superintendent of Public Education. The first appointments by the State Board of Education shall be made as follows: five (5) members shall be appointed for a term of one (1) year; five (5) members shall be appointed for a term of two (2) years; and five (5) members shall be appointed for a term of three (3) years. Thereafter, all members shall be appointed for a term of four (4) years.

(3) The State Board of Education when making appointments shall designate a chairman. The commission shall meet at least once every two (2) months or more often if needed. Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) (a) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(b) An Office of Educator Misconduct Evaluations shall be established within the State Department of Education to assist the commission in responding to infractions and violations, and in conducting hearings and enforcing the provisions of subsections (11), (12), (13), (14) and (15) of this section, and violations of the Mississippi Educator Code of Ethics.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(b) Recommend to the State Board of Education each year approval or disapproval of each educator preparation program in the state, subject to a process and schedule determined by the State Board of Education;

(c) Establish, subject to the approval of the State Board of Education, standards for initial teacher certification and licensure in all fields;

(d) Establish, subject to the approval of the State Board of Education, standards for the renewal of teacher licenses in all fields;

(e) Review and evaluate objective measures of teacher performance, such as test scores, which may form part of the licensure process, and to make recommendations for their use;

(f) Review all existing requirements for certification and licensure;

(g) Consult with groups whose work may be affected by the commission's decisions;

(h) Prepare reports from time to time on current practices and issues in the general area of teacher education and certification and licensure;

(i) Hold hearings concerning standards for teachers' and administrators' education and certification and licensure with approval of the State Board of Education;

(j) Hire expert consultants with approval of the State Board of Education;

(k) Set up ad hoc committees to advise on specific areas; and

(l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education.

(6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education;
and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent);

or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) (i) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

* * *1. An ACT Score of twenty-one (21) (or SAT equivalent); or

* * *2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

* * *3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(ii) Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

* * *1. The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

* * *2. The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

* * *3. Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

* * *4. During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school

district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

* * *5. An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

* * *6. Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

* * *7. At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

* * *8. The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

(iii) Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

(iv) A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a * * * five-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person shall be required to have a high school diploma, an industry-recognized certification related to the subject area in which they are teaching and a minimum of five (5) years of relevant experience but shall not be required to hold an associate or bachelor's degree, provided that he or she possesses the minimum qualifications required for his or her profession, and may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. If a school board hires a career technical education pathway instructor who does not have an industry certification in his or her area of expertise but does have the required experience, the school board shall spread their decision on the minutes at their next meeting and provide a detailed explanation for why they hired the instructor. Such instructor shall present the minutes of the school board to the State Department of Education when he or she applies for an expert citizen license. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in

accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for

administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. (a) The department shall grant a standard license to any individual who possesses a valid standard license from another state and meets minimum Mississippi license requirements or equivalent requirements as determined by the State Board of Education. The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

(b) The department shall grant a nonrenewable special license to any individual who possesses a credential which is less than a standard license or certification from another state. Such special license shall be valid for the current school year plus one (1) additional school year to expire on June 30 of the second year, not to exceed a total period of twenty-four (24) months, during which time the applicant shall be required to complete the requirements for a standard license in Mississippi.

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 10. Section 37-16-3, Mississippi Code of 1972, is amended as follows:

37-16-3. (1) The State Department of Education is directed to implement a program of statewide assessment testing which shall provide for the improvement of the operation and management of the public schools. The statewide program shall be timed, as far as possible, so as not to conflict with ongoing district assessment programs. As part of the program, the department shall:

(a) Establish, with the approval of the State Board of Education, minimum performance standards related to the goals for education contained in the state's plan including, but not limited to, basic skills in reading, writing and mathematics. The minimum performance standards shall be approved by April 1 in each year they are established.

(b) Conduct a uniform statewide testing program in grades deemed appropriate in the public schools, including charter schools, which shall provide for the administration of the ACT WorkKeys Assessment to any students electing to take the assessment. Each individual school district shall determine whether the ACT WorkKeys Assessment is administered in the ninth, tenth or eleventh grade. The program may test skill areas, basic skills and high school course content.

(c) Monitor the results of the assessment program and, at any time the composite student performance of a school or basic program is found to be below the established minimum standards, notify the district superintendent or the governing board of the charter school, as the case may be, the school principal and the school advisory committee or other existing parent group of the situation within thirty (30) days of its determination. The department shall further provide technical assistance to a school district in the identification of the causes of this deficiency and shall recommend courses of action for its correction.

(d) Provide technical assistance to the school districts, when requested, in the development of student performance standards in addition to the established minimum statewide standards.

(e) Issue security procedure regulations providing for the security and integrity of the tests that are administered under the basic skills assessment program.

(f) In case of an allegation of a testing irregularity that prompts a need for an investigation by the Department of Education, the department may, in its discretion, take complete control of the statewide test administration in a school district or any part thereof, including, but not limited to, obtaining control of the test booklets and answer documents. In the case of any verified testing irregularity that jeopardized the security and integrity of the test(s), validity or the accuracy of the test results, the cost of the investigation and any

other actual and necessary costs related to the investigation paid by the Department of Education shall be reimbursed by the local school district from funds other than federal funds, Mississippi Adequate Education Program funds, or any other state funds within six (6) months from the date of notice by the department to the school district to make reimbursement to the department.

(2) Uniform basic skills tests shall be completed by each student in the appropriate grade. These tests shall be administered in such a manner as to preserve the integrity and validity of the assessment. In the event of excused or unexcused student absences, make-up tests shall be given. The school superintendent of every school district in the state and the principal of each charter school shall annually certify to the State Department of Education that each student enrolled in the appropriate grade has completed the required basic skills assessment test for his or her grade in a valid test administration.

(3) Within five (5) days of completing the administration of a statewide test, the principal of the school where the test was administered shall certify under oath to the State Department of Education that the statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The principal's sworn certification shall be set forth on a form developed and approved by the Department of Education. If, following the administration of a statewide test, the principal has reason to believe that the test was not administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education, the principal shall submit a sworn certification to the Department of Education setting forth all information known or believed by the principal about all potential violations of the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The submission of false information or false certification to the Department of Education by any licensed educator may result in licensure disciplinary action pursuant to Section 37-3-2 and criminal prosecution pursuant to Section 37-16-4.

SECTION 11. Section 37-17-6, Mississippi Code of 1972, is amended as follows:

37-17-6. (1) The State Board of Education, acting through the Commission on School Accreditation, shall establish and implement a permanent performance-based accreditation system, and all noncharter public elementary and secondary schools shall be accredited under this system.

(2) No later than June 30, 1995, the State Board of Education, acting through the Commission on School Accreditation, shall require school districts to provide school classroom space that is air-conditioned as a minimum requirement for accreditation.

(3) (a) Beginning with the 1994-1995 school year, the State Board of Education, acting through the Commission on School Accreditation, shall require that school districts employ certified school librarians according to the following formula:

Number of Students	Number of Certified
Per School Library	School Librarians
0 - 499 Students	1/2 Full-time Equivalent

Certified Librarian	
500 or More Students	1 Full-time Certified

Librarian

(b) The State Board of Education, however, may increase the number of positions beyond the above requirements.

(c) The assignment of certified school librarians to the particular schools shall be at the discretion of the local school district. No individual shall be employed as a certified school librarian without appropriate training and certification as a school librarian by the State Department of Education.

(d) School librarians in the district shall spend at least fifty percent (50%) of direct work time in a school library and shall devote no more than one-fourth (1/4) of the workday to administrative activities that are library related.

(e) Nothing in this subsection shall prohibit any school district from employing more certified school librarians than are provided for in this section.

(f) Any additional millage levied to fund school librarians required for accreditation under this subsection shall be included in the tax increase limitation set forth

in Sections 37-57-105 and 37-57-107 and shall not be deemed a new program for purposes of the limitation.

(4) On or before December 31, 2002, the State Board of Education shall implement the performance-based accreditation system for school districts and for individual noncharter public schools which shall include the following:

(a) High expectations for students and high standards for all schools, with a focus on the basic curriculum;

(b) Strong accountability for results with appropriate local flexibility for local implementation;

(c) A process to implement accountability at both the school district level and the school level;

(d) Individual schools shall be held accountable for student growth and performance;

(e) Set annual performance standards for each of the schools of the state and measure the performance of each school against itself through the standard that has been set for it;

(f) A determination of which schools exceed their standards and a plan for providing recognition and rewards to those schools;

(g) A determination of which schools are failing to meet their standards and a determination of the appropriate role of the State Board of Education and the State Department of Education in providing assistance and initiating possible intervention. A failing district is a district that fails to meet both the absolute student achievement standards and the rate of annual growth expectation standards as set by the State Board of Education for two (2) consecutive years. The State Board of Education shall establish the level of benchmarks by which absolute student achievement and growth expectations shall be assessed. In setting the benchmarks for school districts, the State Board of Education may also take into account such factors as graduation rates, dropout rates, completion rates, the extent to which the school or district employs qualified teachers in every classroom, and any other factors deemed appropriate by the State Board of Education. The State Board of Education, acting through the State Department of Education, shall apply a simple "A," "B," "C," "D" and "F" designation to the current school and school district statewide accountability performance classification labels beginning with the State Accountability Results for the 2011-2012 school year and following, and in the school, district and state report cards required under state and federal law. Under the new designations, a school or school district that has earned a "Star" rating shall be designated an "A" school or school district; a school or school district that has earned a "High-Performing" rating shall be designated a "B" school or school district; a school or school district that has earned a "Successful" rating shall be designated a "C" school or school district; a school or school district that has earned an "Academic Watch" rating shall be designated a "D" school or school district; a school or school district that has earned a "Low-Performing," "At-Risk of Failing" or "Failing" rating shall be designated an "F" school or school district. Effective with the implementation of any new curriculum and assessment standards, the State Board of Education, acting through the State Department of Education, is further authorized and directed to change the school and school district accreditation rating system to a simple "A," "B," "C," "D," and "F" designation based on a combination of student achievement scores and student growth as measured by the statewide testing programs developed by the State Board of Education pursuant to Chapter 16, Title 37, Mississippi Code of 1972. In any statute or regulation containing the former accreditation designations, the new designations shall be applicable;

(h) Development of a comprehensive student assessment system to implement these requirements; and

(i) The State Board of Education may, based on a written request that contains specific reasons for requesting a waiver from the school districts affected by Hurricane Katrina of 2005, hold harmless school districts from assignment of district and school level accountability ratings for the 2005-2006 school year. The State Board of Education upon finding an extreme hardship in the school district may grant the request. It is the intent of the Legislature that all school districts maintain the highest possible academic standards and instructional programs in all schools as required by law and the State Board of Education.

(5) (a) Effective with the 2013-2014 school year, the State Department of Education, acting through the Mississippi Commission on School Accreditation, shall revise and implement a single "A" through "F" school and school district accountability system complying with applicable federal and state requirements in order to reach the following educational goals:

(i) To mobilize resources and supplies to ensure that all students exit third grade reading on grade level by 2015;

(ii) To reduce the student dropout rate to thirteen percent (13%) by 2015; and

(iii) To have sixty percent (60%) of students scoring proficient and advanced on the assessments of the Common Core State Standards by 2016 with incremental increases of three percent (3%) each year thereafter.

(b) The State Department of Education shall combine the state school and school district accountability system with the federal system in order to have a single system.

(c) The State Department of Education shall establish five (5) performance categories ("A," "B," "C," "D" and "F") for the accountability system based on the following criteria:

(i) Student Achievement: the percent of students proficient and advanced on the current state assessments;

(ii) Individual student growth: the percent of students making one (1) year's progress in one (1) year's time on the state assessment, with an emphasis on the progress of the lowest twenty-five percent (25%) of students in the school or district;

(iii) Four-year graduation rate: the percent of students graduating with a standard high school diploma in four (4) years, as defined by federal regulations;

(iv) Categories shall identify schools as Reward ("A" schools), Focus ("D" schools) and Priority ("F" schools). If at least five percent (5%) of schools in the state are not graded as "F" schools, the lowest five percent (5%) of school grade point designees will be identified as Priority schools. If at least ten percent (10%) of schools in the state are not graded as "D" schools, the lowest ten percent (10%) of school grade point designees will be identified as Focus schools;

(v) The State Department of Education shall discontinue the use of Star School, High-Performing, Successful, Academic Watch, Low-Performing, At-Risk of Failing and Failing school accountability designations;

(vi) The system shall include the federally compliant four-year graduation rate in school and school district accountability system calculations. Graduation rate will apply to high school and school district accountability ratings as a compensatory component. The system shall discontinue the use of the High School Completer Index (HSCI);

(vii) The school and school district accountability system shall incorporate a standards-based growth model, in order to support improvement of individual student learning;

(viii) The State Department of Education shall discontinue the use of the Quality Distribution Index (QDI);

(ix) The State Department of Education shall determine feeder patterns of schools that do not earn a school grade because the grades and subjects taught at the school do not have statewide standardized assessments needed to calculate a school grade. Upon determination of the feeder pattern, the department shall notify schools and school districts prior to the release of the school grades beginning in 2013. Feeder schools will be assigned the accountability designation of the school to which they provide students;

(x) Standards for student, school and school district performance will be increased when student proficiency is at a seventy-five percent (75%) and/or when sixty-five percent (65%) of the schools and/or school districts are earning a grade of "B" or higher, in order to raise the standard on performance after targets are met * * *; and

(xi) The system shall include student performance on the administration of the ACT WorkKeys Assessment, which shall be weighted in the same percentage as the standard ACT Assessment as administered to students in Grade 11, for inclusion in the college and career readiness portion of the accountability rating

system. The State Department of Education shall ensure equitable distribution of points under the accountability rating, in comparison to the ACT Assessment, for a Silver Status on the ACT WorkKeys Assessment. A student shall not be required to complete all of the courses within his or her career pathway for his or her performance on the ACT WorkKeys Assessment to be included in the system.

(6) Nothing in this section shall be deemed to require a nonpublic school that receives no local, state or federal funds for support to become accredited by the State Board of Education.

(7) The State Board of Education shall create an accreditation audit unit under the Commission on School Accreditation to determine whether schools are complying with accreditation standards.

(8) The State Board of Education shall be specifically authorized and empowered to withhold adequate education program fund allocations, whichever is applicable, to any public school district for failure to timely report student, school personnel and fiscal data necessary to meet state and/or federal requirements.

(9) [Deleted]

(10) The State Board of Education shall establish, for those school districts failing to meet accreditation standards, a program of development to be complied with in order to receive state funds, except as otherwise provided in subsection (15) of this section when the Governor has declared a state of emergency in a school district or as otherwise provided in Section 206, Mississippi Constitution of 1890. The state board, in establishing these standards, shall provide for notice to schools and sufficient time and aid to enable schools to attempt to meet these standards, unless procedures under subsection (15) of this section have been invoked.

(11) Beginning July 1, 1998, the State Board of Education shall be charged with the implementation of the program of development in each applicable school district as follows:

(a) Develop an impairment report for each district failing to meet accreditation standards in conjunction with school district officials;

(b) Notify any applicable school district failing to meet accreditation standards that it is on probation until corrective actions are taken or until the deficiencies have been removed. The local school district shall develop a corrective action plan to improve its deficiencies. For district academic deficiencies, the corrective action plan for each such school district shall be based upon a complete analysis of the following: student test data, student grades, student attendance reports, student dropout data, existence and other relevant data. The corrective action plan shall describe the specific measures to be taken by the particular school district and school to improve: (i) instruction; (ii) curriculum; (iii) professional development; (iv) personnel and classroom organization; (v) student incentives for performance; (vi) process deficiencies; and (vii) reporting to the local school board, parents and the community. The corrective action plan shall describe the specific individuals responsible for implementing each component of the recommendation and how each will be evaluated. All corrective action plans shall be provided to the State Board of Education as may be required. The decision of the State Board of Education establishing the probationary period of time shall be final;

(c) Offer, during the probationary period, technical assistance to the school district in making corrective actions. Beginning July 1, 1998, subject to the availability of funds, the State Department of Education shall provide technical and/or financial assistance to all such school districts in order to implement each measure identified in that district's corrective action plan through professional development and on-site assistance. Each such school district shall apply for and utilize all available federal funding in order to support its corrective action plan in addition to state funds made available under this paragraph;

(d) Assign department personnel or contract, in its discretion, with the institutions of higher learning or other appropriate private entities with experience in the academic, finance and other operational functions of schools to assist school districts;

(e) Provide for publication of public notice at least one time during the probationary period, in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The publication shall include the

following: declaration of school system's status as being on probation; all details relating to the impairment report; and other information as the State Board of Education deems appropriate. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

(12) (a) If the recommendations for corrective action are not taken by the local school district or if the deficiencies are not removed by the end of the probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. Additionally, if the local school district violates accreditation standards that have been determined by the policies and procedures of the State Board of Education to be a basis for withdrawal of school district's accreditation without a probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. After its consideration of the results of the hearing, the Commission on School Accreditation shall be authorized, with the approval of the State Board of Education, to withdraw the accreditation of a public school district, and issue a request to the Governor that a state of emergency be declared in that district.

(b) If the State Board of Education and the Commission on School Accreditation determine that an extreme emergency situation exists in a school district that jeopardizes the safety, security or educational interests of the children enrolled in the schools in that district and that emergency situation is believed to be related to a serious violation or violations of accreditation standards or state or federal law, or when a school district meets the State Board of Education's definition of a failing school district for two (2) consecutive full school years, or if more than fifty percent (50%) of the schools within the school district are designated as Schools At-Risk in any one (1) year, the State Board of Education may request the Governor to declare a state of emergency in that school district. For purposes of this paragraph, the declarations of a state of emergency shall not be limited to those instances when a school district's impairments are related to a lack of financial resources, but also shall include serious failure to meet minimum academic standards, as evidenced by a continued pattern of poor student performance.

(c) Whenever the Governor declares a state of emergency in a school district in response to a request made under paragraph (a) or (b) of this subsection, the State Board of Education may take one or more of the following actions:

(i) Declare a state of emergency, under which some or all of state funds can be escrowed except as otherwise provided in Section 206, Constitution of 1890, until the board determines corrective actions are being taken or the deficiencies have been removed, or that the needs of students warrant the release of funds. The funds may be released from escrow for any program which the board determines to have been restored to standard even though the state of emergency may not as yet be terminated for the district as a whole;

(ii) Override any decision of the local school board or superintendent of education, or both, concerning the management and operation of the school district, or initiate and make decisions concerning the management and operation of the school district;

(iii) Assign an interim superintendent, or in its discretion, contract with a private entity with experience in the academic, finance and other operational functions of schools and school districts, who will have those powers and duties prescribed in subsection (15) of this section;

(iv) Grant transfers to students who attend this school district so that they may attend other accredited schools or districts in a manner that is not in violation of state or federal law;

(v) For states of emergency declared under paragraph (a) only, if the accreditation deficiencies are related to the fact that the school district is too small, with too few resources, to meet the required standards and if another school district is willing to accept those students, abolish that district and assign that territory to another school district or districts. If the school district has proposed a voluntary consolidation with another school district or districts, then if the State Board of Education finds that it is in the best interest of the pupils of the district for the consolidation to proceed, the voluntary

consolidation shall have priority over any such assignment of territory by the State Board of Education;

(vi) For states of emergency declared under paragraph (b) only, reduce local supplements paid to school district employees, including, but not limited to, instructional personnel, assistant teachers and extracurricular activities personnel, if the district's impairment is related to a lack of financial resources, but only to an extent that will result in the salaries being comparable to districts similarly situated, as determined by the State Board of Education;

(vii) For states of emergency declared under paragraph (b) only, the State Board of Education may take any action as prescribed in Section 37-17-13.

(d) At the time that satisfactory corrective action has been taken in a school district in which a state of emergency has been declared, the State Board of Education may request the Governor to declare that the state of emergency no longer exists in the district.

(e) The parent or legal guardian of a school-age child who is enrolled in a school district whose accreditation has been withdrawn by the Commission on School Accreditation and without approval of that school district may file a petition in writing to a school district accredited by the Commission on School Accreditation for a legal transfer. The school district accredited by the Commission on School Accreditation may grant the transfer according to the procedures of Section 37-15-31(1)(b). In the event the accreditation of the student's home district is restored after a transfer has been approved, the student may continue to attend the transferee school district. The per-pupil amount of the adequate education program allotment, including the collective "add-on program" costs for the student's home school district shall be transferred monthly to the school district accredited by the Commission on School Accreditation that has granted the transfer of the school-age child.

(f) Upon the declaration of a state of emergency for any school district in which the Governor has previously declared a state of emergency, the State Board of Education may either:

(i) Place the school district into district transformation, in which the school district shall remain until it has fulfilled all conditions related to district transformation. If the district was assigned an accreditation rating of "D" or "F" when placed into district transformation, the district shall be eligible to return to local control when the school district has attained a "C" rating or higher for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period;

(ii) Abolish the school district and administratively consolidate the school district with one or more existing school districts;

(iii) Reduce the size of the district and administratively consolidate parts of the district, as determined by the State Board of Education. However, no school district which is not in district transformation shall be required to accept additional territory over the objection of the district; or

(iv) Require the school district to develop and implement a district improvement plan with prescriptive guidance and support from the State Department of Education, with the goal of helping the district improve student achievement. Failure of the school board, superintendent and school district staff to implement the plan with fidelity and participate in the activities provided as support by the department shall result in the school district retaining its eligibility for district transformation.

(g) There is established a Mississippi Recovery School District within the State Department of Education under the supervision of a deputy superintendent appointed by the State Superintendent of Public Education, who is subject to the approval by the State Board of Education. The Mississippi Recovery School District shall provide leadership and oversight of all school districts that are subject to district transformation status, as defined in Chapters 17 and 18, Title 37, Mississippi Code of 1972, and shall have all the authority granted under these two (2) chapters. The Mississippi Department of Education, with the approval of the State Board of Education, shall develop policies for the operation and management of the Mississippi Recovery School District. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall be authorized to oversee the administration of the Mississippi Recovery School District,

oversee the interim superintendent assigned by the State Board of Education to a local school district, hear appeals that would normally be filed by students, parents or employees and heard by a local school board, which hearings on appeal shall be conducted in a prompt and timely manner in the school district from which the appeal originated in order to ensure the ability of appellants, other parties and witnesses to appeal without undue burden of travel costs or loss of time from work, and perform other related duties as assigned by the State Superintendent of Public Education. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall determine, based on rigorous professional qualifications set by the State Board of Education, the appropriate individuals to be engaged to be interim superintendents and financial advisors, if applicable, of all school districts subject to district transformation status. After State Board of Education approval, these individuals shall be deemed independent contractors.

(13) Upon the declaration of a state of emergency in a school district under subsection (12) of this section, the Commission on School Accreditation shall be responsible for public notice at least once a week for at least three (3) consecutive weeks in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The size of the notice shall be no smaller than one-fourth (1/4) of a standard newspaper page and shall be printed in bold print. If an interim superintendent has been appointed for the school district, the notice shall begin as follows: "By authority of Section 37-17-6, Mississippi Code of 1972, as amended, adopted by the Mississippi Legislature during the 1991 Regular Session, this school district (name of school district) is hereby placed under the jurisdiction of the State Department of Education acting through its appointed interim superintendent (name of interim superintendent)."

The notice also shall include, in the discretion of the State Board of Education, any or all details relating to the school district's emergency status, including the declaration of a state of emergency in the school district and a description of the district's impairment deficiencies, conditions of any district transformation status and corrective actions recommended and being taken. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

Upon termination of the state of emergency in a school district, the Commission on School Accreditation shall cause notice to be published in the school district in the same manner provided in this section, to include any or all details relating to the corrective action taken in the school district that resulted in the termination of the state of emergency.

(14) The State Board of Education or the Commission on School Accreditation shall have the authority to require school districts to produce the necessary reports, correspondence, financial statements, and any other documents and information necessary to fulfill the requirements of this section.

Nothing in this section shall be construed to grant any individual, corporation, board or interim superintendent the authority to levy taxes except in accordance with presently existing statutory provisions.

(15) (a) Whenever the Governor declares a state of emergency in a school district in response to a request made under subsection (12) of this section, the State Board of Education, in its discretion, may assign an interim superintendent to the school district, or in its discretion, may contract with an appropriate private entity with experience in the academic, finance and other operational functions of schools and school districts, who will be responsible for the administration, management and operation of the school district, including, but not limited to, the following activities:

(i) Approving or disapproving all financial obligations of the district, including, but not limited to, the employment, termination, nonrenewal and reassignment of all licensed and nonlicensed personnel, contractual agreements and purchase orders, and approving or disapproving all claim dockets and the issuance of checks; in approving or disapproving employment contracts of superintendents, assistant superintendents or principals, the interim superintendent shall not be required to comply with the time limitations prescribed in Sections 37-9-15 and 37-9-105;

(ii) Supervising the day-to-day activities of the district's staff, including reassigning the duties and responsibilities of personnel in a manner which, in the determination of the interim superintendent, will best suit the needs of the district;

(iii) Reviewing the district's total financial obligations and operations and making recommendations to the district for cost savings, including, but not limited to, reassigning the duties and responsibilities of staff;

(iv) Attending all meetings of the district's school board and administrative staff;

(v) Approving or disapproving all athletic, band and other extracurricular activities and any matters related to those activities;

(vi) Maintaining a detailed account of recommendations made to the district and actions taken in response to those recommendations;

(vii) Reporting periodically to the State Board of Education on the progress or lack of progress being made in the district to improve the district's impairments during the state of emergency; and

(viii) Appointing a parent advisory committee, comprised of parents of students in the school district that may make recommendations to the interim superintendent concerning the administration, management and operation of the school district.

The cost of the salary of the interim superintendent and any other actual and necessary costs related to district transformation status paid by the State Department of Education shall be reimbursed by the local school district from funds other than adequate education program funds. The department shall submit an itemized statement to the superintendent of the local school district for reimbursement purposes, and any unpaid balance may be withheld from the district's adequate education program funds.

At the time that the Governor, in accordance with the request of the State Board of Education, declares that the state of emergency no longer exists in a school district, the powers and responsibilities of the interim superintendent assigned to the district shall cease.

(b) In order to provide loans to school districts under a state of emergency or in district transformation status that have impairments related to a lack of financial resources, the School District Emergency Assistance Fund is created as a special fund in the State Treasury into which monies may be transferred or appropriated by the Legislature from any available public education funds. Funds in the School District Emergency Assistance Fund up to a maximum balance of Three Million Dollars (\$3,000,000.00) annually shall not lapse but shall be available for expenditure in subsequent years subject to approval of the State Board of Education. Any amount in the fund in excess of Three Million Dollars (\$3,000,000.00) at the end of the fiscal year shall lapse into the State General Fund or the Education Enhancement Fund, depending on the source of the fund.

The State Board of Education may loan monies from the School District Emergency Assistance Fund to a school district that is under a state of emergency or in district transformation status, in those amounts, as determined by the board, that are necessary to correct the district's impairments related to a lack of financial resources. The loans shall be evidenced by an agreement between the school district and the State Board of Education and shall be repayable in principal, without necessity of interest, to the School District Emergency Assistance Fund by the school district from any allowable funds that are available. The total amount loaned to the district shall be due and payable within five (5) years after the impairments related to a lack of financial resources are corrected. If a school district fails to make payments on the loan in accordance with the terms of the agreement between the district and the State Board of Education, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may withhold that district's adequate education program funds in an amount and manner that will effectuate repayment consistent with the terms of the agreement; the funds withheld by the department shall be deposited into the School District Emergency Assistance Fund.

The State Board of Education shall develop a protocol that will outline the performance standards and requisite timeline deemed necessary for extreme emergency measures. If the State Board of Education determines that an extreme emergency exists, simultaneous with the powers exercised in this subsection, it shall take immediate action against all parties responsible for the affected school districts having been determined to be in an extreme emergency. The action shall include, but not be limited to, initiating civil actions

to recover funds and criminal actions to account for criminal activity. Any funds recovered by the State Auditor or the State Board of Education from the surety bonds of school officials or from any civil action brought under this subsection shall be applied toward the repayment of any loan made to a school district hereunder.

(16) If a majority of the membership of the school board of any school district resigns from office, the State Board of Education shall be authorized to assign an interim superintendent, who shall be responsible for the administration, management and operation of the school district until the time as new board members are selected or the Governor declares a state of emergency in that school district under subsection (12), whichever occurs first. In that case, the State Board of Education, acting through the interim superintendent, shall have all powers which were held by the previously existing school board, and may take any action as prescribed in Section 37-17-13 and/or one or more of the actions authorized in this section.

(17) (a) If the Governor declares a state of emergency in a school district, the State Board of Education may take all such action pertaining to that school district as is authorized under subsection (12) or (15) of this section, including the appointment of an interim superintendent. The State Board of Education shall also have the authority to issue a written request with documentation to the Governor asking that the office of the superintendent of the school district be subject to recall. If the Governor declares that the office of the superintendent of the school district is subject to recall, the local school board or the county election commission, as the case may be, shall take the following action:

(i) If the office of superintendent is an elected office, in those years in which there is no general election, the name shall be submitted by the State Board of Education to the county election commission, and the county election commission shall submit the question at a special election to the voters eligible to vote for the office of superintendent within the county, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Shall County Superintendent of Education _____ (here the name of the superintendent shall be inserted) of the _____ (here the title of the school district shall be inserted) be retained in office? Yes _____ No _____"

If a majority of those voting on the question votes against retaining the superintendent in office, a vacancy shall exist which shall be filled in the manner provided by law; otherwise, the superintendent shall remain in office for the term of that office, and at the expiration of the term shall be eligible for qualification and election to another term or terms.

(ii) If the office of superintendent is an appointive office, the name of the superintendent shall be submitted by the president of the local school board at the next regular meeting of the school board for retention in office or dismissal from office. If a majority of the school board voting on the question vote against retaining the superintendent in office, a vacancy shall exist which shall be filled as provided by law, otherwise the superintendent shall remain in office for the duration of his employment contract.

(b) The State Board of Education may issue a written request with documentation to the Governor asking that the membership of the school board of the school district shall be subject to recall. Whenever the Governor declares that the membership of the school board is subject to recall, the county election commission or the local governing authorities, as the case may be, shall take the following action:

(i) If the members of the local school board are elected to office, in those years in which the specific member's office is not up for election, the name of the school board member shall be submitted by the State Board of Education to the county election commission, and the county election commission at a special election shall submit the question to the voters eligible to vote for the particular member's office within the county or school district, as the case may be, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Members of the _____ (here the title of the school district shall be inserted) School Board who are not up for election this year are subject to recall because of the school district's failure to meet critical accountability standards as defined in the letter of notification to the Governor from the State Board of Education. Shall the member of the

school board representing this area, _____ (here the name of the school board member holding the office shall be inserted), be retained in office? Yes _____ No _____

If a majority of those voting on the question vote against retaining the member of the school board in office, a vacancy in that board member's office shall exist, which shall be filled in the manner provided by law; otherwise, the school board member shall remain in office for the term of that office, and at the expiration of the term of office, the member shall be eligible for qualification and election to another term or terms of office. However, if a majority of the school board members are recalled in the special election, the Governor shall authorize the board of supervisors of the county in which the school district is situated to appoint members to fill the offices of the members recalled. The board of supervisors shall make those appointments in the manner provided by law for filling vacancies on the school board, and the appointed members shall serve until the office is filled at the next regular special election or general election.

(ii) If the local school board is an appointed school board, the name of all school board members shall be submitted as a collective board by the president of the municipal or county governing authority, as the case may be, at the next regular meeting of the governing authority for retention in office or dismissal from office. If a majority of the governing authority voting on the question vote against retaining the board in office, a vacancy shall exist in each school board member's office, which shall be filled as provided by law; otherwise, the members of the appointed school board shall remain in office for the duration of their term of appointment, and those members may be reappointed.

(iii) If the local school board is comprised of both elected and appointed members, the elected members shall be subject to recall in the manner provided in subparagraph (i) of this paragraph (b), and the appointed members shall be subject to recall in the manner provided in subparagraph (ii).

(18) Beginning with the school district audits conducted for the 1997-1998 fiscal year, the State Board of Education, acting through the Commission on School Accreditation, shall require each school district to comply with standards established by the State Department of Audit for the verification of fixed assets and the auditing of fixed assets records as a minimum requirement for accreditation.

(19) Before December 1, 1999, the State Board of Education shall recommend a program to the Education Committees of the House of Representatives and the Senate for identifying and rewarding public schools that improve or are high performing. The program shall be described by the board in a written report, which shall include criteria and a process through which improving schools and high-performing schools will be identified and rewarded.

The State Superintendent of Public Education and the State Board of Education also shall develop a comprehensive accountability plan to ensure that local school boards, superintendents, principals and teachers are held accountable for student achievement. A written report on the accountability plan shall be submitted to the Education Committees of both houses of the Legislature before December 1, 1999, with any necessary legislative recommendations.

(20) Before January 1, 2008, the State Board of Education shall evaluate and submit a recommendation to the Education Committees of the House of Representatives and the Senate on inclusion of graduation rate and dropout rate in the school level accountability system.

(21) If a local school district is determined as failing and placed into district transformation status for reasons authorized by the provisions of this section, the interim superintendent appointed to the district shall, within forty-five (45) days after being appointed, present a detailed and structured corrective action plan to move the local school district out of district transformation status to the deputy superintendent. A copy of the interim superintendent's corrective action plan shall also be filed with the State Board of Education.

SECTION 12. Beginning with the 2021-2022 academic year, the State Board of Education, acting through the Commission on Teacher and Administrator Education, Certification and Licensure and Development, and in conjunction with the Board of Trustees of State Institutions of Higher Learning, shall require each educator preparation program in the state to include, as part of its curriculum, a Praxis Core Academic Skills

for Educators examination and a Praxis II examination course of study, which shall serve as a preparatory review course with emphasis on the concepts and exam skills necessary for success on the exam, and reinforces students' knowledge through thought-provoking examples and Praxis exam questions. Upon completion of the course, students shall have mastered concepts as they are tested so that students can excel within the time constraints of the exam."

ADOPTED

YEAS AND NAYS ON **H. B. No. 536**. On motion of Rep. Bell (21st) the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Burnett, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Stevenson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Zuber. Total--109.

Nays--Bomgar, Brown, C, Criswell, Hopkins. Total--4.

Absent or those not voting--Anderson, J, Bell, C, Busby, Eubanks, Goodin, Horne, Massengill, Weathersby, Young. Total-9.

Necessary for passage--68

Representative Lamar called up the motion to reconsider the vote whereby **H. B. No. 1142**: (Construction; revise contractor's tax regarding certain, require permits in counties/municipalities with construction codes.) passed, and moved to reconsider for purpose of an amendment, which motion prevailed.

AMENDMENT NO. 2 BY REPRESENTATIVE Lamar:

AMEND on line 21 by inserting the following after the period:

"The tax levied under this section upon the remodeling or renovation of a residential dwelling structure shall be due within sixty (60) days after the date the contractor receives final payment for the remodeling or renovation."

AMEND further on line 27 by striking the comma and on line 28 by inserting the following before the period:

"or to the remodeling or renovation of a residential dwelling structure".

AMEND title to conform.

Representative Hood called up the motion to reconsider the vote whereby **H. B. No. 1013**: (Medicaid; create Medicaid Commission to administer program and abolish Division of Medicaid.) passed, and moved to table, which motion prevailed.

Rep. Roberson called up the following bill which had been read the third time:

H. B. No. 1326: Compact for a Balanced Budget; revise delegate membership and extend sunset provision.

AMENDMENT NO. 1 BY REPRESENTATIVE Roberson:

AMEND by deleting Sections 1 and 2 and inserting in lieu thereof the following:
"SECTION 1. Section 3-7-1, Mississippi Code of 1972, is amended as follows:
3-7-1. The State of Mississippi enacts, adopts and agrees to be bound by the following Compact:
ARTICLE I
DECLARATION OF POLICY, PURPOSE AND INTENT
WHEREAS, every State enacting, adopting and agreeing to be bound by this Compact intends to ensure that their respective Legislature's use of the power to originate a Balanced Budget Amendment under Article V of the Constitution of the United States will be exercised conveniently and with reasonable certainty as to the consequences thereof. NOW, THEREFORE, in consideration of their expressed mutual promises and obligations, be it enacted by every State enacting, adopting and agreeing to be bound by this Compact, and resolved by each of their respective Legislatures, as the case may be, to exercise herewith all of their respective powers as set forth herein notwithstanding any law to the contrary.
ARTICLE II
DEFINITIONS
Section 1. "Compact" means this "Compact for a Balanced Budget."
Section 2. "Convention" means the convention for proposing amendments organized by this Compact under Article V of the Constitution of the United States and, where contextually appropriate to ensure the terms of this Compact are not evaded, any other similar gathering or body, which might be organized as a consequence of Congress receiving the application set out in this Compact and claim authority to propose or effectuate any amendment, alteration or revision to the Constitution of the United States. This term does not encompass a convention for proposing amendments under Article V of the Constitution of the United States that is organized independently of this Compact based on the separate and distinct application of any State.
Section 3. "State" means one of the several States of the United States. Where contextually appropriate, the term "State" shall be construed to include all of its branches, departments, agencies, political subdivisions, and officers and representatives acting in their official capacity.

Section 4. "Member State" means a State that has enacted, adopted and agreed to be bound to this Compact. For any State to qualify as a Member State with respect to any other State under this Compact, each such State must have enacted, adopted and agreed to be bound by substantively identical compact legislation.

Section 5. "Compact Notice Recipients" means the Archivist of the United States, the President of the United States, the President of the United States Senate, the Office of the Secretary of the United States Senate, the Speaker of the United States House of Representatives, the Office of the Clerk of the United States House of Representatives, the chief executive officer of each State, and the presiding officer(s) of each house of the Legislatures of the several States.

Section 6. Notice. All notices required by this Compact shall be by U.S. Certified Mail, return receipt requested, or an equivalent or superior form of notice, such as personal delivery documented by evidence of actual receipt.

Section 7. "Balanced Budget Amendment" means the following:

"Article ____

Section 1. Total outlays of the government of the United States shall not exceed total receipts of the government of the United States at any point in time unless the excess of outlays over receipts is financed exclusively by debt issued in strict conformity with this article.

Section 2. Outstanding debt shall not exceed authorized debt, which initially shall be an amount equal to one hundred five percent (105%) of the outstanding debt on the effective date of this article. Authorized debt shall not be increased above its aforesaid initial amount unless such increase is first approved by the legislatures of the several states as provided in Section 3.

Section 3. From time to time, Congress may increase authorized debt to an amount in excess of its initial amount set by Section 2 only if it first publicly refers to the legislatures of the several states an unconditional, single subject measure proposing the amount of such increase, in such form as provided by law, and the measure is thereafter publicly and unconditionally approved by a simple majority of the legislatures of the several states, in such form as provided respectively by state law; provided that no inducement requiring an expenditure or tax levy shall be demanded, offered or accepted as a quid pro quo for such approval. If such approval is not obtained within sixty (60) calendar days after referral then the measure shall be deemed disapproved and the authorized debt shall thereby remain unchanged.

Section 4. Whenever the outstanding debt exceeds ninety-eight percent (98%) of the debt limit set by Section 2, the President shall enforce said limit by publicly designating specific expenditures for impoundment in an amount sufficient to ensure outstanding debt shall not exceed the authorized debt. Said impoundment shall become effective thirty (30) days thereafter, unless Congress first designates an alternate impoundment of the same or greater amount by concurrent resolution, which shall become immediately effective. The failure of the President to designate or enforce the required impoundment is an impeachable misdemeanor. Any purported issuance or incurrence of any debt in excess of the debt limit set by Section 2 is void.

Section 5. No bill that provides for a new or increased general revenue tax shall become law unless approved by a two-thirds (2/3) roll call vote of the whole number of each House of Congress. However, this requirement shall not apply to any bill that provides for a new end user sales tax which would completely replace every existing income tax levied by the government of the United States; or for the reduction or elimination of an exemption, deduction, or credit allowed under an existing general revenue tax.

Section 6. For purposes of this article, "debt" means any obligation backed by the full faith and credit of the government of the United States; "outstanding debt" means all debt held in any account and by any entity at a given point in time; "authorized debt" means the maximum total amount of debt that may be lawfully issued and outstanding at any single point in time under this article; "total outlays of the government of the United States" means all expenditures of the government of the United States from any source; "total receipts of the government of the United States" means all tax receipts and other income of the government of the United States, excluding proceeds from its issuance or incurrence of debt or any type of liability; "impoundment" means a proposal not to spend

all or part of a sum of money appropriated by Congress; and "general revenue tax" means any income tax, sales tax, or value-added tax levied by the government of the United States excluding imposts and duties.

Section 7. This article is immediately operative upon ratification, self-enforcing, and Congress may enact conforming legislation to facilitate enforcement."

ARTICLE III

COMPACT MEMBERSHIP AND WITHDRAWAL

Section 1. This Compact governs each Member State to the fullest extent permitted by their respective constitutions, superseding and repealing any conflicting or contrary law.

Section 2. By becoming a Member State, each such State offers, promises and agrees to perform and comply strictly in accordance with the terms and conditions of this Compact, and has made such offer, promise and agreement in anticipation and consideration of, and in substantial reliance upon, such mutual and reciprocal performance and compliance by each other current and future Member State, if any. Accordingly, in addition to having the force of law in each Member State upon its respective effective date, this Compact and each of its Articles shall also be construed as contractually binding each Member State when: (a) at least one other State has likewise become a Member State by enacting substantively identical legislation adopting and agreeing to be bound by this Compact; and (b) notice of such State's Member State status is or has been seasonably received by the Compact Administrator, if any, or otherwise by the chief executive officer of each other Member State.

Section 3. For purposes of determining Member State status under this Compact, as long as all other provisions of the Compact remain identical and operative on the same terms, legislation enacting, adopting and agreeing to be bound by this Compact shall be deemed and regarded as "substantively identical" with respect to such other legislation enacted by another State notwithstanding: (a) any difference in Section 2 of Article IV with specific regard to the respectively enacting State's own method of appointing its member to the Commission; (b) any difference in Section 5 of Article IV with specific regard to the respectively enacting State's own obligation to fund the Commission; (c) any difference in Sections 1 and 2 of Article VI with specific regard to the number and identity of each delegate respectively appointed on behalf of the enacting State, provided that no more than three (3) delegates may attend and participate in the Convention on behalf of any State; or (d) any difference in Section 7 of Article X with specific regard to the respectively enacting State as to whether Section 1 of Article V of this Compact shall survive termination of the Compact, and thereafter become a continuing resolution of the Legislature of such State applying to Congress for the calling of a convention of the states under Article V of the Constitution of the United States, under such terms and limitations as may be specified by such State.

Section 4. When fewer than three-fourths (3/4) of the States are Member States, any Member State may withdraw from this Compact by enacting appropriate legislation, as determined by state law, and giving notice of such withdrawal to the Compact Administrator, if any, or otherwise to the chief executive officer of each other Member State. A withdrawal shall not affect the validity or applicability of the Compact with respect to remaining Member States, provided that there remain at least two (2) such States. However, once at least three-fourths (3/4) of the States are Member States, then no Member State may withdraw from the Compact prior to its termination absent unanimous consent of all Member States.

ARTICLE IV

COMPACT COMMISSION AND COMPACT ADMINISTRATOR

Section 1. Nature of the Compact Commission. The Compact Commission (Commission) is hereby established. It has the power and duty: (a) to appoint and oversee a Compact Administrator; (b) to encourage States to join the Compact and Congress to call the Convention in accordance with this Compact; (c) to coordinate the performance of obligations under the Compact; (d) to oversee the Convention's logistical operations as appropriate to ensure this Compact governs its proceedings; (e) to oversee the defense and enforcement of the Compact in appropriate legal venues; (f) to request funds and to disburse those funds to support the operations of the Commission, Compact Administrator, and Convention; and (g) to cooperate with any entity that shares a common interest with the Commission and engages in policy research, public interest litigation or

lobbying in support of the purposes of the Compact. The Commission shall only have such implied powers as are essential to carrying out these express powers and duties. It shall take no action that contravenes or is inconsistent with this Compact or any law of any State that is not superseded by this Compact. It may adopt and publish corresponding bylaws and policies.

Section 2. Commission Membership. The Commission initially consists of three (3) unpaid members. Each Member State may appoint one (1) member to the Commission through an appointment process to be determined by their respective chief executive officer until all positions on the Commission are filled. Positions shall be assigned to appointees in the order in which their respective appointing States became Member States. The bylaws of the Commission may expand its membership to include representatives of additional Member States and to allow for modest salaries and reimbursement of expenses if adequate funding exists.

Section 3. Commission Action. Each Commission member is entitled to one (1) vote. The Commission shall not act unless a majority of its appointed membership is present, and no action shall be binding unless approved by a majority of the Commission's appointed membership. The Commission shall meet at least once a year, and may meet more frequently.

Section 4. First Order of Business. The Commission shall at the earliest possible time elect from among its membership a Chairperson, determine a primary place of doing business, and appoint a Compact Administrator.

Section 5. Funding. The Commission and the Compact Administrator's activities shall be funded exclusively by each Member State, as determined by their respective state law, or by voluntary donations.

Section 6. Compact Administrator. The Compact Administrator has the power and duty: (a) to timely notify the States of the date, time and location of the Convention; (b) to organize and direct the logistical operations of the Convention; (c) to maintain an accurate list of all Member States, their appointed delegates, including contact information; and (d) to formulate, transmit, and maintain all official notices, records, and communications relating to this Compact. The Compact Administrator shall only have such implied powers as are essential to carrying out these express powers and duties; and shall take no action that contravenes or is inconsistent with this Compact or any law of any State that is not superseded by this Compact. The Compact Administrator serves at the pleasure of the Commission and must keep the Commission seasonably apprised of the performance or nonperformance of the terms and conditions of this Compact. Any notice sent by a Member State to the Compact Administrator concerning this Compact shall be adequate notice to each other Member State provided that a copy of said notice is seasonably delivered by the Compact Administrator to each other Member State's respective chief executive officer.

Section 7. Notice of Key Events. Upon the occurrence of each of the following described events, or otherwise as soon as possible, the Compact Administrator shall immediately send the following notices to all Compact Notice Recipients, together with certified conforming copies of the chaptered version of this Compact as maintained in the statutes of each Member State: (a) whenever any State becomes a Member State, notice of that fact shall be given; (b) once at least three-fourths (3/4) of the States are Member States, notice of that fact shall be given together with a statement declaring that the Legislatures of at least two-thirds (2/3) of the several States have applied for a convention for proposing amendments under Article V of the Constitution of the United States, petitioning Congress to call the Convention contemplated by this Compact, and further requesting cooperation in organizing the same in accordance with this Compact; (c) once Congress has called the Convention contemplated by this Compact, and whenever the date, time and location of the Convention has been determined, notice of that fact shall be given together with the date, time and location of the Convention and other essential logistical matters; (d) upon approval of the Balanced Budget Amendment by the Convention, notice of that fact shall be given together with the transmission of certified copies of such approved proposed amendment and a statement requesting Congress to refer the same for ratification by three-fourths (3/4) of the Legislatures of the several States under Article V of the Constitution of the United States (however, in no event shall any proposed amendment other than the Balanced Budget Amendment be transmitted); and (e) when

any Article of this Compact prospectively ratifying the Balanced Budget Amendment is effective in any Member State, notice of the same shall be given together with a statement declaring such ratification and further requesting cooperation in ensuring that the official record confirms and reflects the effective corresponding amendment to the Constitution of the United States. However, whenever any Member State enacts appropriate legislation, as determined by the laws of the respective state, withdrawing from this Compact, the Compact Administrator shall immediately send certified conforming copies of the chaptered version of such withdrawal legislation as maintained in the statutes of each such withdrawing Member State, solely to each chief executive officer of each remaining Member State, giving notice of such withdrawal.

Section 8. Cooperation. The Commission, Member States and Compact Administrator shall cooperate with each other and give each other mutual assistance in enforcing this Compact and shall give the chief law enforcement officer of each other Member State any information or documents that are reasonably necessary to facilitate the enforcement of this Compact.

Section 9. This Article does not take effect until there are at least two (2) Member States.

ARTICLE V

RESOLUTION APPLYING FOR CONVENTION

Section 1. Be it resolved, as provided for in Article V of the Constitution of the United States, the Legislature of each Member State herewith applies to Congress for the calling of a convention for proposing amendments limited to the subject matter of proposing for ratification the Balanced Budget Amendment.

Section 2. Congress is further petitioned to refer the Balanced Budget Amendment to the States for ratification by three-fourths (3/4) of their respective Legislatures.

Section 3. This Article does not take effect until at least three-fourths (3/4) of the several States are Member States.

ARTICLE VI

DELEGATE APPOINTMENT, LIMITATIONS AND INSTRUCTIONS

Section 1. Number of Delegates. * * * This Member State shall be entitled to three (3) delegates to represent its sovereign interests at the Convention.

Section 2. Identity of Delegates. * * * The Governor, Speaker of the House of Representatives, and President of the Senate of this Member State, who are in office at the time of the Convention, or their respective designee, as identified in a sworn affidavit executed by such officer, are each appointed in an individual capacity to represent this Member State at the Convention as its sole and exclusive delegates. A majority vote of this delegation shall serve to decide any issue at the Convention on behalf of this Member State.

Section 3. Replacement or Recall of Delegates. A delegate appointed hereunder may be replaced or recalled by the Legislature of his or her respective State at any time for good cause, such as criminal misconduct or the violation of this Compact. If replaced or recalled, any delegate previously appointed hereunder must immediately vacate the Convention and return to their respective State's capitol.

Section 4. Oath. The power and authority of a delegate under this Article may only be exercised after the Convention is first called by Congress in accordance with this Compact and such appointment is duly accepted by such appointee publicly taking the following oath or affirmation: "I do solemnly swear (or affirm) that I accept this appointment and will act strictly in accordance with the terms and conditions of the Compact for a Balanced Budget, the Constitution of the State I represent, and the Constitution of the United States. I understand that violating this oath (or affirmation) forfeits my appointment and may subject me to other penalties as provided by law."

Section 5. Term. The term of a delegate hereunder commences upon acceptance of appointment and terminates upon the permanent adjournment of the Convention, unless shortened by recall, replacement or forfeiture under this Article. Upon expiration of such term, any person formerly serving as a delegate must immediately withdraw from and cease participation at the Convention, if any is proceeding.

Section 6. Delegate Authority. The power and authority of any delegate appointed hereunder is strictly limited: (a) to introducing, debating, voting upon, proposing and enforcing the Convention Rules specified in this Compact, as needed to ensure those rules govern the Convention; and (b) to introducing, debating, voting upon, and rejecting

or proposing for ratification the Balanced Budget Amendment. All actions taken by any delegate in violation of this section are void ab initio.

Section 7. Delegate Authority. No delegate of any Member State may introduce, debate, vote upon, reject or propose for ratification any constitutional amendment at the Convention unless: (a) the Convention Rules specified in this Compact govern the Convention and their actions; and (b) the constitutional amendment is the Balanced Budget Amendment.

Section 8. Delegate Authority. The power and authority of any delegate at the Convention does not include any power or authority associated with any other public office held by the delegate. Any person appointed to serve as a delegate shall take a temporary leave of absence, or otherwise shall be deemed temporarily disabled, from any other public office held by the delegate while attending the Convention, and may not exercise any power or authority associated with any other public office held by the delegate, while attending the Convention. All actions taken by any delegate in violation of this section are void ab initio.

Section 9. Order of Business. Before introducing, debating, voting upon, rejecting or proposing for ratification any constitutional amendment at the Convention, each delegate of every Member State must first ensure the Convention Rules in this Compact govern the Convention and their actions. Every delegate and each Member State must immediately vacate the Convention and notify the Compact Administrator by the most effective and expeditious means if the Convention Rules in this Compact are not adopted to govern the Convention and their actions.

Section 10. Forfeiture of Appointment. If any Member State or delegate violates any provision of this Compact, then every delegate of that Member State immediately forfeits his or her appointment, and shall immediately cease participation at the Convention, vacate the Convention, and return to his or her respective State's capitol.

Section 11. Expenses. A delegate appointed hereunder is entitled to reimbursement of reasonable expenses for attending the Convention from his or her respective Member State. No delegate may accept any other form of remuneration or compensation for service under this Compact.

ARTICLE VII

CONVENTION RULES

Section 1. Nature of the Convention. The Convention shall be organized, construed and conducted as a body exclusively representing and constituted by the several States.

Section 2. Agenda of the Convention. The agenda of the Convention shall be entirely focused upon and exclusively limited to introducing, debating, voting upon, and rejecting or proposing for ratification the Balanced Budget Amendment under the Convention Rules specified in this Article and in accordance with the Compact. It shall not be in order for the Convention to consider any matter that is outside the scope of this agenda.

Section 3. Delegate Identity and Procedure. States shall be represented at the Convention through duly appointed delegates. The number, identity and authority of delegates assigned to each State shall be determined by this Compact in the case of Member States or, in the case of States that are not Member States, by their respective state laws. However, to prevent disruption of proceedings, no more than three (3) delegates may attend and participate in the Convention on behalf of any State. A certified chaptered conforming copy of this Compact, together with government-issued photographic proof of identification, shall suffice as credentials for delegates of Member States. Any commission for delegates of States that are not Member States shall be based on their respective state laws, but it shall furnish credentials that are at least as reliable as those required of Member States.

Section 4. Voting. Each State represented at the Convention shall have one (1) vote, exercised by the vote of that State's delegate in the case of States represented by one delegate, or, in the case of any State that is represented by more than one delegate, by the majority vote of that State's respective delegates.

Section 5. Quorum. A majority of the several States of the United States, each present through its respective delegate in the case of any State that is represented by one (1) delegate, or through a majority of its respective delegates, in the case of any State that is represented by more than one (1) delegate, shall constitute a quorum for the transaction of any business on behalf of the Convention.

Section 6. Action by the Convention. The Convention shall only act as a committee of the whole, chaired by the delegate representing the first State to have become a Member State, if that State is represented by one (1) delegate, or otherwise by the delegate chosen by the majority vote of that State's respective delegates. The transaction of any business on behalf of the Convention, including the designation of a Secretary, the adoption of parliamentary procedures and the rejection or proposal of any constitutional amendment, requires a quorum to be present and a majority affirmative vote of those States constituting the quorum.

Section 7. Emergency Suspension and Relocation of the Convention. In the event that the Chair of the Convention declares an emergency due to disorder or an imminent threat to public health and safety prior to the completion of the business on the Agenda, and a majority of the States present at the Convention do not object to such declaration, further Convention proceedings shall be temporarily suspended, and the Commission shall subsequently relocate or reschedule the Convention to resume proceedings in an orderly fashion in accordance with the terms and conditions of this Compact with prior notice given to the Compact Notice Recipients.

Section 8. Parliamentary Procedure. In adopting, applying and formulating parliamentary procedure, the Convention shall exclusively adopt, apply or appropriately adapt provisions of the most recent editions of Robert's Rules of Order and the American Institute of Parliamentarians Standard Code of Parliamentary Procedure. In adopting, applying or adapting parliamentary procedure, the Convention shall exclusively consider analogous precedent arising within the jurisdiction of the United States. Parliamentary procedures adopted, applied or adapted pursuant to this section shall not obstruct, override or otherwise conflict with this Compact.

Section 9. Transmittal. Upon approval of the Balanced Budget Amendment by the Convention to propose for ratification, the Chair of the Convention shall immediately transmit certified copies of such approved proposed amendment to the Compact Administrator and all Compact Notice Recipients, notifying them respectively of such approval and requesting Congress to refer the same for ratification by the States under Article V of the Constitution of the United States. However, in no event shall any proposed amendment other than the Balanced Budget Amendment be transmitted as aforesaid.

Section 10. Transparency. Records of the Convention, including the identities of all attendees and detailed minutes of all proceedings, shall be kept by the Chair of the Convention or Secretary designated by the Convention. All proceedings and records of the Convention shall be open to the public upon request subject to reasonable regulations adopted by the Convention that are closely tailored to preventing disruption of proceedings under this Article.

Section 11. Adjournment of the Convention. The Convention shall permanently adjourn upon the earlier of twenty-four (24) hours after commencing proceedings under this Article or the completion of the business on its Agenda.

ARTICLE VIII

PROHIBITION ON ULTRA VIRES CONVENTION

Section 1. Member States shall not participate in the Convention unless: (a) Congress first calls the Convention in accordance with this Compact; and (b) the Convention Rules of this Compact are adopted by the Convention as its first order of business.

Section 2. Any proposal or action of the Convention is void ab initio and issued by a body that is conducting itself in an unlawful and ultra vires fashion if that proposal or action: (a) violates or was approved in violation of the Convention Rules or the delegate instructions and limitations on delegate authority specified in this Compact; (b) purports to propose or effectuate a mode of ratification that is not specified in Article V of the Constitution of the United States; or (c) purports to propose or effectuate the formation of a new government. All Member States are prohibited from advancing or assisting in the advancement of any such proposal or action.

Section 3. Member States shall not ratify or otherwise approve any proposed amendment, alteration or revision to the Constitution of the United States, which originates from the Convention, other than the Balanced Budget Amendment.

ARTICLE IX

RESOLUTION PROSPECTIVELY RATIFYING THE BALANCED BUDGET AMENDMENT

Section 1. Each Member State, by and through its respective Legislature, hereby adopts and ratifies the Balanced Budget Amendment.

Section 2. This Article does not take effect until Congress effectively refers the Balanced Budget Amendment to the States for ratification by three-fourths (3/4) of the Legislatures of the several States under Article V of the Constitution of the United States.

ARTICLE X

CONSTRUCTION, ENFORCEMENT, VENUE, AND SEVERABILITY

Section 1. To the extent that the effectiveness of this Compact or any of its Articles or provisions requires the alteration of local legislative rules, drafting policies, or procedure to be effective, the enactment of legislation enacting, adopting and agreeing to be bound by this Compact shall be deemed to waive, repeal, supersede, or otherwise amend and conform all such rules, policies or procedures to allow for the effectiveness of this Compact to the fullest extent permitted by the constitution of any affected Member State.

Section 2. Date and Location of the Convention. Unless otherwise specified by Congress in its call, the Convention shall be held in Dallas, Texas and commence proceedings at 9:00 a.m. Central Standard Time on the sixth Wednesday after the latter of the effective date of Article V of this Compact or the enactment date of the Congressional resolution calling the Convention.

Section 3. In addition to all other powers and duties conferred by state law which are consistent with the terms and conditions of this Compact, the chief law enforcement officer of each Member State is empowered to defend the Compact from any legal challenge, as well as to seek civil mandatory and prohibitory injunctive relief to enforce this Compact; and shall take such action whenever the Compact is challenged or violated.

Section 4. The exclusive venue for all actions in any way arising under this Compact shall be in the United States District Court for the Northern District of Texas or the courts of the State of Texas within the jurisdictional boundaries of the foregoing district court. Each Member State shall submit to the jurisdiction of said courts with respect to such actions. However, upon written request by the chief law enforcement officer of any Member State, the Commission may elect to waive this provision for the purpose of ensuring an action proceeds in the venue that allows for the most convenient and effective enforcement or defense of this Compact. Any such waiver shall be limited to the particular action to which it is applied and not construed or relied upon as a general waiver of this provision. The waiver decisions of the Commission under this provision shall be final and binding on each Member State.

Section 5. The effective date of this Compact and any of its Articles is the latter of: (a) the date of any event rendering the same effective according to its respective terms and conditions; or (b) the earliest date otherwise permitted by law.

Section 6. Article VIII of this Compact is hereby deemed non-severable prior to termination of the Compact. However, if any other phrase, clause, sentence or provision of this Compact, or the applicability of any other phrase, clause, sentence or provision of this Compact to any government, agency, person or circumstance, is declared in a final judgment to be contrary to the Constitution of the United States, contrary to the state constitution of any Member State, or is otherwise held invalid by a court of competent jurisdiction, such phrase, clause, sentence or provision shall be severed and held for naught, and the validity of the remainder of this Compact and the applicability of the remainder of this Compact to any government, agency, person or circumstance shall not be affected. Furthermore, if this Compact is declared in a final judgment by a court of competent jurisdiction to be entirely contrary to the state constitution of any Member State or otherwise entirely invalid as to any Member State, such Member State shall be deemed to have withdrawn from the Compact, and the Compact shall remain in full force and effect as to any remaining Member State. Finally, if this Compact is declared in a final judgment by a court of competent jurisdiction to be wholly or substantially in violation of Article I, Section 10, of the Constitution of the United States, then it shall be construed and enforced solely as reciprocal legislation enacted by the affected Member State(s).

Section 7. Termination. This Compact shall terminate and be held for naught when the Compact is fully performed and the Constitution of the United States is amended by the Balanced Budget Amendment. However, notwithstanding anything to the contrary set forth in this Compact, in the event such amendment does not occur * * * on or before April 12, 2031, the Compact shall terminate as follows: (a) the Commission shall dissolve and

wind up its operations within ninety (90) days thereafter, with the Compact Administrator giving notice of such dissolution and the operative effect of this section to the Compact Notice Recipients; and (b) upon the completed dissolution of the Commission, this Compact shall be deemed terminated, repealed, void ab initio, and held for naught.

SECTION 2. This act shall take effect and be in force from and after passage."

ADOPTED

YEAS AND NAYS ON **H. B. No. 1326**. On motion of Rep. Roberson the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Arnold, Bain, Barnett, Barton, Beckett, Bell, D, Bennett, Bomgar, Bounds, Boyd, Brown, C, Busby, Byrd, Calvert, Carpenter, Crawford, Creekmore, Criswell, Currie, Darnell, Deweese, Eubanks, Eure, Evans, M, Felsher, Ford, J, Ford, K, Goodin, Guice, Hale, Haney, Hobgood-Wilkes, Hood, Hopkins, Horan, Horne, Huddleston, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McGee, McKnight, McLean, McLeod, Mims, Morgan, Mr. Speaker, Owen, Patterson, Pigott, Powell, Read, Roberson, Robinson, Rushing, Sanford, Scoggin, Shanks, Smith, Stevenson, Tubb, Tullos, Turner, Wallace, White, Williamson, Wright, Yancey, Zuber. Absent or those not voting--Weathersby, Young. Total-2.

Present--Clark. Total--1.

Necessary for passage--59

Rep. Horan called up:

H. B. No. 929: Reentry for offenders; bring forward certain sections relating to.

AMENDMENT NO. 1 BY REPRESENTATIVES FELSHER AND HORAN:

AMEND after line 442 by inserting the following language and renumbering the succeeding section:

" SECTION 23. (1) This act shall be known as the "Reentry Court Act of 2021."

(2) The Mississippi Department of Corrections shall establish a rehabilitation and workplace development program that can be completed in no more than three (3) years.

(3) The Senior Circuit Court Judge of the First, Seventh, and Fifteenth Circuit Court Districts may establish a pilot reentry division in the district. Any reentry division of the court and sentencing program shall work in conjunction with the Mississippi Department of Corrections and the Mississippi Intervention Court Commission to establish best practices for the court including standards for suitability. Any person placed in the reentry court shall be counted in determining funding allocations to the court from the Administrative Office of Courts.

(4) Participation in the workforce development sentencing program as authorized by the provisions of this section shall be subject to certain provisions. The court may recommend that a defendant convicted of one or more felony offenses in this state or any other state or federal court participate in the workforce development sentencing program if all of the following criteria are satisfied:

(a) The defendant meets the eligibility and suitability requirements for participation in the Offender Rehabilitation and Workforce Development Program;

(b) The court determines that it is in the best interest of the community and in the interest of justice that the defendant be sentenced to the Offender Rehabilitation and Workforce Development Program;

(c) The defendant is not sentenced to a term of incarceration which exceeds twenty (20) years;

(d) The defendant shall not have any prior felony convictions for any offenses defined as a sex offense in Section 45-33-23;

(e) The crime before the court shall not be a crime of violence as listed in Section 97-3-2, except house burglary under Section 97-17-23(1);

(f) The defendant cannot be sentenced in the present charge as a habitual offender pursuant to Section 99-19-81 or 99-19-83;

(g) Other criminal proceedings alleging commission of a crime of violence as listed in Section 97-3-2, except house burglary under Section 97-17-23(1), shall not be pending against the defendant; and

(h) The crime before the court shall not be a charge of any crime that resulted in the death of a person.

(5) Upon a determination that the defendant meets the eligibility and suitability criteria provided for in subsection (4) of this section, the court shall advise the defendant that he may be eligible for enrollment in the workforce development sentencing program.

(6) Prior to sentence, the court shall contact the Department of Corrections Reentry Services to determine if there is adequate capacity for enrollment or if bed space is available.

(7) In offering a defendant the opportunity to request the program, the court shall advise the defendant of the following:

(a) If the defendant is eligible to participate in the workforce development sentencing program, the defendant shall waive the right to a trial. The defendant shall enter a plea of guilty to the charge with the stipulation that the defendant shall be sentenced to custody of the Department of Corrections to participate in the Offender Rehabilitation and Workforce Development Program, and, after successful completion of that program, the court shall suspend the remainder of his or her sentence and place him or her on probation under the intensive supervision of the reentry division of court.

(b) The court may impose any conditions reasonably related to the rehabilitation of the defendant, including ordering the defendant to participate and complete a substance abuse treatment program.

(c) A defendant who is placed under the supervision of the reentry division of court may be ordered to pay the cost of any assessments, substance abuse tests, and treatment programs to which he or she is assigned and the cost of any additional supervision that may be required, to the extent of his financial resources, as determined by the reentry division of court as guided by Section 99-19-20.1(1).

(d) Notwithstanding any provision of law to the contrary, any offender sentenced under this section shall not be eligible for parole pursuant to Section 47-7-3, nor earn "good time" pursuant to Section 47-5-138, 47-5-138.1, 47-5-139 or 47-5-142 while in the program.

(8) The defendant shall agree to participation in the workforce development sentencing program.

(9) The judge shall consider the following factors in determining whether workforce development sentencing is in the interest of justice and of benefit to the defendant and the community:

(a) The nature of the crime charged and the circumstances surrounding the crime;

(b) Any special characteristics or circumstances of the defendant;

(c) Whether there is a probability that the defendant will cooperate with and benefit from the workforce development sentencing program;

(d) Whether the available workforce development sentencing program is appropriate to meet the needs of the defendant;

(e) The impact of the defendant's sentencing upon the community;

(f) Recommendations, if any, of the district attorney;

(g) Recommendations, if any, of the involved law enforcement agency;

(h) Recommendations, if any, of the victim;

(i) Provisions for and the likelihood of obtaining restitution from the defendant;

(j) Any mitigating circumstances; and

(k) Any other circumstances reasonably related to the defendant's case.

(10) If the judge determines that the defendant shall be enrolled in the workforce development sentencing program, the court shall accept the defendant's guilty plea and sentence the defendant to the custody of the Department of Corrections for a term of years subject to participation in the Offender Rehabilitation and Workforce Development Program under the terms and conditions of the workforce development sentencing program.

(11) If the judge determines that the defendant is not qualified for enrollment, the judge shall state for the record the reasons for that determination.

(12) If the defendant successfully completes the Offender Rehabilitation and Workforce Development Program and successfully completes all other requirements of the workforce development sentencing program, the court, notwithstanding any provision of Section 47-7-33 or 47-7-47 to the contrary, shall suspend the remainder of his sentence and place the person on probation for not more than three (3) years under the intensive supervision of the reentry division of court. If the defendant fails to complete the program, the court shall order the defendant to serve all or part of the remainder of the sentence. The Department of Corrections shall not grant any "good time credits" for the time served prior

to the resentencing nor shall the time in the program be used to calculate a parole eligibility date.

(13) If the defendant violates any condition of his reentry probation, the court may revoke the probation and order the defendant to serve all or part of the sentence previously imposed and suspended, unless the violation is a technical violation and then the court may impose a sentence of not more than ninety (90) days to be served at the Technical Violation Center. The term of the revocation for a technical violation shall begin on the date the court orders the revocation. Upon completion of the imposed sentence for the technical revocation, the defendant shall return to active supervised probation for a period equal to the remainder of the original period of probation subject to any additional conditions imposed by the court.

(14) This section shall stand repealed on July 1, 2024.

SECTION 24. The Joint Legislative Committee on Performance Evaluation and Expenditure Review shall conduct a review of all reentry court programs active after three (3) years and produce a report to the Legislature on their effectiveness by December 1, 2024. The PEER Committee may seek the assistance of the Administrative Office of Courts or any other criminal justice experts it deems necessary during its review."

AMEND further the title on line 3 by inserting the following language after the semicolon: "TO CREATE A PILOT REENTRY COURT; TO ESTABLISH A REHABILITATION AND WORKFORCE DEVELOPMENT PROGRAM AT THE MISSISSIPPI DEPARTMENT OF CORRECTIONS; TO AUTHORIZE THE JUDGE PRESIDING OVER THE PILOT REENTRY COURT AT THE TIME OF INITIAL SENTENCING OF ANY OFFENDER TO RECOMMEND THE OFFENDER BE PLACED IN THE REHABILITATION AND WORKFORCE DEVELOPMENT PROGRAM FOR A PERIOD OF NO MORE THAN THREE YEARS AFTER THE INITIAL SENTENCING; TO RECONSIDER THE SENTENCE AND PLACE THE OFFENDER ON POST-RELEASE SUPERVISION;"

ADOPTED

YEAS AND NAYS ON **H. B. No. 929**. On motion of Rep. Horan the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Zuber. Total--119.

Nays--None.

Absent or those not voting--Paden, Weathersby, Young. Total-3.

Necessary for passage--60

Rep. Rushing called up the following bill which had been read the third time:

H. B. No. 359: Municipally-owned utilities; may use accounting system accommodation for uncollectible customer indebtedness.

A committee substitute was adopted.

AMENDMENT NO. 1 BY REPRESENTATIVE Rushing:

AMEND on line 15 by inserting the following language before the word "created":

"within a municipality having a population of one hundred fifty thousand (150,000) or more that is"

AMEND further on line 17 by inserting the following language before the word "created":

"within a municipality having a population of one hundred fifty thousand (150,000) or more that is"

AMEND further on line 19 by inserting the following language before the word "whose":

"within a municipality having a population of one hundred fifty thousand (150,000) or more"

AMEND further by inserting the following language after line 59:

" (4) This section shall be repealed from and after July 1, 2022."

AMEND further by striking lines 60 through 134 in their entirety and by inserting in lieu thereof the following:

" SECTION 2. Section 31-19-27, Mississippi Code of 1972, is amended as follows:

[Until July 1, 2022, this section shall read as follows:]

31-19-27. A doubtful claim of the state, or of the county, city, town, village, or levee board is one for which judgment has been rendered and for the collection of which the ordinary process of law has been ineffectual; debts due by drainage districts or other taxing districts or sinking funds to counties under the Rehabilitation Act of 1928, being Chapter 88 * * *, Laws of 1928, and Chapter 16 of the Acts of the Special Session of 1931; those debts due counties by drainage districts, which the Reconstruction Finance Corporation has heretofore refused to refinance; those debts due a utility as authorized under Section 1 of this act; debts due for sixteenth section township school fund loans made to churches, where the board of supervisors finds that the value of the security given therefor is insufficient or inadequate to pay or satisfy the principal and interest of * * * the loan, and when the church repays the principal of * * * such loan; and debts due by counties and townships to drainage districts for drainage district assessments or taxes levied and assessed upon sixteenth section lands.

[From and after July 1, 2022, this section shall read as follows:]

31-19-27. A doubtful claim of the state, or of the county, city, town, village, or levee board is one for which judgment has been rendered and for the collection of which the ordinary process of law has been ineffectual; debts due by drainage districts or other taxing districts or sinking funds to counties under the Rehabilitation Act of 1928, being Chapter 88 * * *, Laws of 1928, and Chapter 16 of the Acts of the Special Session of 1931; those debts due counties by drainage districts, which the Reconstruction Finance Corporation has heretofore refused to refinance; debts due for sixteenth section township school fund loans made to churches, where the board of supervisors finds that the value of the security given therefor is insufficient or inadequate to pay or satisfy the principal and interest of said loan, and when the church repays the principal of said loan; and debts due by counties and townships to drainage districts for drainage district assessments or taxes levied and assessed upon sixteenth section lands.

SECTION 3. Section 31-19-29, Mississippi Code of 1972, is amended as follows:

[Until July 1, 2022, this section shall read as follows:]

31-19-29. The Governor, on the advice of the Attorney General or * * * the Commissioner of Revenue at the State Department of Revenue, may, upon application of the defendant or debtor proposing a compromise, settle and compromise any doubtful claim of the state, or of any county, city, town, or village, or of any levee board against such defendant or debtor, upon such terms as he may deem proper, the board of supervisors in the case of a county, and the municipal authorities in the case of a city, town or village, and the levee board in the case of a claim of a levee board, concurring therein. The Governor, upon application of a drainage district having obligations outstanding to a county under the provisions of Chapter 88, Laws of 1928, and Chapter 16, Laws of the Extraordinary Session of 1931, or obligations which the Reconstruction Finance Corporation has heretofore refused to refinance, may settle and compromise any claim, debt or obligation that * * * a drainage district may owe any county in the State of Mississippi for money

loaned * * * such district under the provisions of said Chapter 88, Laws of 1928, or any other claim, debt or obligation that said drainage district may owe the county which the Reconstruction Finance Corporation has heretofore refused to finance, if the board of supervisors of said county concurs in the application of the drainage district. A utility may compromise a debt owed for water and sewer service only as provided under Section 1 of this act. The Governor, upon application by the board of supervisors for any taxing districts of * * * a county or sinking funds of * * * such county under the control and supervision of * * * the board of supervisors having obligations outstanding and due to * * * such county under the provisions of Chapter 88, Laws of 1928, and Chapter 16, Laws of the Extraordinary Session of 1931, may settle and compromise any claim, debt, or obligation that * * * the taxing districts or sinking funds may owe * * * such county for money loaned * * * the taxing districts or sinking funds under the provisions of * * * Chapter 88, Laws of 1928; and provided that the Governor, on the advice of the Attorney General, and upon application of a church owing a sixteenth section township school fund loan, may settle and compromise such debt or obligation if the board of supervisors of the said county concurs in the application of the * * * church. The Governor may, on the advice of the Attorney General, in like manner compromise and settle a claim of a drainage district for unpaid assessments or taxes upon sixteenth section lands upon application of the board of supervisors wherein such sixteenth section is situated, if the commissioners of the drainage district concur therein.

[From and after July 1, 2022, this section shall read as follows:]

31-19-29. The Governor, on the advice of the Attorney General or * * * the Commissioner of Revenue at the State Department of Revenue, may, upon application of the defendant or debtor proposing a compromise, settle and compromise any doubtful claim of the state, or of any county, city, town, or village, or of any levee board against such defendant or debtor, upon such terms as he may deem proper, the board of supervisors in the case of a county, and the municipal authorities in the case of a city, town or village, and the levee board in the case of a claim of a levee board, concurring therein. The Governor, upon application of a drainage district having obligations outstanding to a county under the provisions of Chapter 88, Laws of 1928, and Chapter 16, Laws of the Extraordinary Session of 1931, or obligations which the Reconstruction Finance Corporation has heretofore refused to refinance, may settle and compromise any claim, debt or obligation that said drainage district may owe any county in the State of Mississippi for money loaned said district under the provisions of said Chapter 88, Laws of 1928, or any other claim, debt or obligation that said drainage district may owe the county which the Reconstruction Finance Corporation has heretofore refused to finance, if the board of supervisors of said county concurs in the application of the drainage district. The Governor, upon application by the board of supervisors for any taxing districts of said county or sinking funds of said county under the control and supervision of said board of supervisors having obligations outstanding and due to said county under the provisions of Chapter 88, Laws of 1928, and Chapter 16, Laws of the Extraordinary Session of 1931, may settle and compromise any claim, debt, or obligation that said taxing districts or sinking funds may owe said county for money loaned said taxing districts or sinking funds under the provisions of said Chapter 88, Laws of 1928; and provided that the Governor, on the advice of the Attorney General, and upon application of a church owing a sixteenth section township school fund loan, may settle and compromise such debt or obligation if the board of supervisors of the said county concurs in the application of the said church. The Governor may, on the advice of the Attorney General, in like manner compromise and settle a claim of a drainage district for unpaid assessments or taxes upon sixteenth section lands upon application of the board of supervisors wherein such sixteenth section is situated, if the commissioners of the drainage district concur therein.

SECTION 4. Section 21-27-27, Mississippi Code of 1972, is amended as follows:

[Until July 1, 2022, this section shall read as follows:]

21-27-27. Except as otherwise provided under Section 1 of this act, no free service shall be furnished by any such system, or combined system, to any private person, firm, corporation * * * or association. The municipality may, however, furnish such service, free of charge, to the municipality or any agency or department thereof, to any public school, or to any hospital or benevolent institution located within such municipality, including county, city, and community fairs.

[From and after July 1, 2022, this section shall read as follows:]

21-27-27. No free service shall be furnished by any such system, or combined system, to any private person, firm, corporation * * * or association. The municipality may, however, furnish such service, free of charge, to the municipality or any agency or department thereof, to any public school, or to any hospital or benevolent institution located within such municipality, including county, city, and community fairs."

AMEND further on line 135 by inserting the following language before the word "shall":
"located within a municipality having a population of one hundred fifty thousand (150,000) or more"

AMEND further on line 135 by inserting the following language before the word "The":
"(1)"

AMEND further by inserting the following language after line 157:

" (2) This section shall be repealed from and after July 1, 2022."

AMEND further on line 158 by inserting the following language before the word "A": "(1)"

AMEND further on line 158 by inserting the following language before the word "may":
"located within a municipality having a population of one hundred fifty thousand (150,000) or more"

AMEND further by inserting the following language after line 164:

" (2) This section shall be repealed from and after July 1, 2022."

AMEND further on line 165 by inserting the following language before the word "Notwithstanding": "(1)"

AMEND further on line 166 by inserting the following language before the word "may":
"located within a municipality having a population of one hundred fifty thousand (150,000) or more"

AMEND further by inserting the following language after line 172:

" (2) This section shall be repealed from and after July 1, 2022."

AMEND further the title on line 2 by inserting the following language after the word "ENTITIES":

"THAT ARE LOCATED WITHIN A MUNICIPALITY HAVING A POPULATION OF ONE HUNDRED FIFTY THOUSAND OR MORE"

AMEND further the title on line 8 by inserting the following language before the words "MUNICIPALLY-OWNED":

"SUCH"

ADOPTED

YEAS AND NAYS ON **H. B. No. 359**. On motion of Rep. Rushing the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Rep. Huddleston called up:

H. B. No. 1030: "Mississippi Intercollegiate Athletics Compensation Rights Act"; enact.

AMENDMENT NO. 1 BY COMMITTEE:

AMEND on line 305 by inserting the following after the period:

"For purposes of this section, the words "private cause of action or any claim for damages of any kind" means any claim or action brought by any person or current or former student-athlete who is not a party to a name, image and likeness agreement or contract with the postsecondary educational institution, athletic association, conference or other group or organization with authority over intercollegiate athletic programs. The words "private cause of action or any claim for damages of any kind" shall not be construed to include any claim or action by the student-athlete that is engaged in a name, image and likeness agreement for compensation."

ADOPTED

AMENDMENT NO. 2 BY REPRESENTATIVE Bounds:

AMEND on line 375 by inserting before the period, the following:
", and shall stand repealed on June 30, 2021."

ADOPTED

AMENDMENT NO. 3 BY REPRESENTATIVES ANDERSON (122ND), ARNOLD, BOYD, BROWN (20TH), CALVERT, CARPENTER, CREEKMORE IV, CURRIE, EUBANKS, FORD (73RD), HALE, HOBGOOD-WILKES, HOPKINS, LADNER, MCLEAN, MCLEOD, ROBINSON, RUSHING, SCOGGIN, SMITH, TURNER AND WILLIAMSON:
AUTHOR:CURRIE

AMEND after line 373 by inserting the following:

" SECTION 9. Sections 9 through 13 of this act shall be known and may be cited as the "Mississippi Fairness Act."

SECTION 10. Designation of athletic teams. (1) Interscholastic or intramural athletic teams or sports that are sponsored by a public primary or secondary school or any school that is a member of the Mississippi High School Activities Association or public institution of higher education or any higher education institution that is a member of the NCAA,

NAIA or NJCCA shall be expressly designated as one of the following based on biological sex:

- (a) "Males," "men" or "boys";
- (b) "Females," "women" or "girls"; or
- (c) "Coed" or "mixed."

(2) Athletic teams or sports designated for "females," "women" or "girls" shall not be open to students of the male sex.

(3) If disputed, a student may establish his or her sex by presenting a signed physician's statement which shall indicate the student's sex based solely upon:

- (a) The student's internal and external reproductive anatomy;
- (b) The student's normal endogenously produced levels of testosterone; and
- (c) An analysis of the student's genetic makeup.

SECTION 11. Protection for educational institutions. A government entity, any licensing or accrediting organization, or any athletic association or organization shall not entertain a complaint, open an investigation, or take any other adverse action against a primary or secondary school or institution of higher education for maintaining separate interscholastic or intramural athletic teams or sports for students of the female sex.

SECTION 12. Cause of action. (1) Any student who is deprived of an athletic opportunity or suffers any direct or indirect harm as a result of a violation of this act shall have a private cause of action for injunctive relief, damages and any other relief available under law against the primary or secondary school or institution of higher education.

(2) Any student who is subject to retaliation or other adverse action by a primary or secondary school, institution of higher education, or athletic association or organization as a result of reporting a violation of this act to an employee or representative of the school, institution or athletic association or organization, or to any state or federal agency with oversight of primary or secondary schools or institutions of higher education in the state shall have a private cause of action for injunctive relief, damages and any other relief available under law against the school, institution or athletic association or organization.

(3) Any primary or secondary school or institution of higher education that suffers any direct or indirect harm as a result of a violation of this act shall have a private cause of action for injunctive relief, damages and any other relief available under law against the government entity, licensing or accrediting organization, or athletic association or organization.

(4) All civil actions must be initiated within two (2) years after the harm occurred. Persons or organizations who prevail on a claim brought pursuant to this section shall be entitled to monetary damages, including for any psychological, emotional and physical harm suffered, reasonable attorneys' fees and costs, and any other appropriate relief. The causes of action pursuant to this section shall be in addition to any other civil or criminal proceeding authorized by the laws of this state or by federal law.

SECTION 13. Severability. Any provision of this act held to be invalid or unenforceable by its terms, or as applied to any person or circumstance, shall be construed so as to give it the maximum effect permitted by law, unless such holding shall be one of utter invalidity or unenforceability, in which event such provision shall be deemed severable herefrom and shall not affect the remainder hereof or the application of such provision to other persons not similarly situated or to other, dissimilar circumstances."

AMEND FURTHER by renumbering the succeeding section accordingly.

AMEND the title to conform.

POINT OF ORDER

A point of order was raised by Rep. Yates that Rule 35, offered for Amendment number 3, is not germane to House Bill 1030 as it does not relate to the fundamental purpose of the original bill.

At 11:39 PM on motion of Rep. Roberson the House recessed until 1:30 PM.

At 1:30 PM the House met pursuant to recess, Speaker Gunn in the Chair. A quorum was present

Rep. Guice called up:

H. B. No. 992: County port and harbor commission; provide that members hold appointment until successor appointed and installed.

YEAS AND NAYS ON **H. B. No. 992.** On motion of Rep. Guice the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed, title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Zuber. Total--117.

Nays--None.

Absent or those not voting--Anderson, J, Carpenter, Hobgood-Wilkes, Weathersby, Young. Total-5.

Necessary for passage--59

Rep. Rushing called up:

H. B. No. 842: Reverse auction; revise method of receiving bids through for agencies and governing authorities.

YEAS AND NAYS ON **H. B. No. 842.** On motion of Rep. Rushing the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed, title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Brown, B, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Scoggin, Scott, Smith, Stamps, Steverson, Straughter, Taylor, Thompson, Tubb, Tullos, Walker, Wallace, Watson, White, Williams-Barnes, Wright, Yancey, Yates, Young, Zuber. Total--109.

Nays--Arnold, Boyd, Brown, C, Currie, Darnell, Hopkins, Turner, Williamson. Total--8.

Absent or those not voting--Gibbs, D, Sanford, Shanks, Summers, Weathersby. Total-5.

Necessary for passage--59

Rep. Beckett called up:

H. B. No. 195: Municipalities; authorize those of certain size to conduct special elections at one polling place.

AMENDMENT NO. 1 BY REPRESENTATIVE Beckett:

AMEND on line 52 by striking the language after the period through the period on line 54.

ADOPTED

AMENDMENT NO. 2 BY REPRESENTATIVE Beckett:

AMEND after line 70 by inserting the following:

" SECTION 3. Section 23-15-300, Mississippi Code of 1972, is amended as follows:

23-15-300. (1) Any candidate for any municipal, county or county district office shall be a resident of the municipality, county, county district or other territory that he or she seeks to represent in such office for two (2) years immediately preceding the day of election. Notwithstanding the foregoing two-year residency requirement for holding a municipal office, a candidate seeking to represent a ward need only be a resident of the municipality for two (2) years prior to the day of the election, but he or she need only be a resident of the ward he or she seeks to represent at the time of qualification of office. The provisions of this section shall not apply to any municipality with less than one thousand (1,000) residents according to the latest federal decennial census.

(2) A candidate shall prove in his or her qualifying information that he or she meets the applicable residency requirement or provide absolute proof, subject to no contingencies, that he or she will meet the residency requirement on or before the date of the election at which the candidate could be elected to office. The appropriate election official or executive committee, whichever is applicable, with whom a candidate files qualifying information shall review and determine whether the candidate meets the applicable residency requirement according to the procedures in Section 23-15-299. The appropriate election commission shall review and determine whether a candidate required to file qualifying information with it meets the applicable residency requirement according to the procedures in Section 23-15-359.

(3) If the qualifications for an elected office include a specific residency requirement, the residency requirement in this section shall not apply.

(4) This section shall apply to elections held from and after January 1, 2020."

AMEND further by renumbering the succeeding section accordingly.

AMEND further the title to conform.

ADOPTED

YEAS AND NAYS ON H. B. No. 195. On motion of Rep. Beckett the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Arnold, Bailey, Bain, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McKnight, McLean, McLeod, Mickens, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson,

Total--118.

Nays--None.

Absent or those not voting--Cockerham, Hobgood-Wilkes, Jackson, Weathersby.
Total-4.

Necessary for passage--60

The House resumed consideration of the following:

H. B. No. 1030: "Mississippi Intercollegiate Athletics Compensation Rights Act"; enact.

Pending at the time was a withdrawn amendment, number 3, by Rep. Currie.

AMENDMENT NO. 4 BY REPRESENTATIVE Currie:

AMEND after line 265 by inserting the following new Section 5 and renumbering the succeeding sections:

"SECTION 5. (1) Notwithstanding any other provision of this act, no male student-athlete may earn compensation or contract for the use, image or likeness of the student-athlete as a female athlete or on an athletic team or sport designated for females.

(2) If a student-athlete's sex is disputed, the student-athlete may establish his or her sex by presenting a signed physician's statement which shall indicate the student-athlete's sex based solely upon:

(a) The student-athlete's internal and external reproductive anatomy;

(b) The student-athlete's normal endogenously produced levels of testosterone; and

(c) An analysis of the student-athlete's genetic makeup.

(3) Any postsecondary educational institution, athletic association or conference that suffers any direct or indirect harm as a result of a violation of this act by a student-athlete shall have a private cause of action for injunctive relief, damages and any other relief available under law.

(4) Any student-athlete who is deprived of any opportunity granted by any other section of this act or suffers any direct or indirect harm as a result of a violation of this section shall have a private cause of action for injunctive relief, damages and any other relief available under law.

(5) All civil actions must be initiated within two (2) years after the harm occurred. Persons or organizations who prevail on a claim brought pursuant to this section shall be entitled to monetary damages, including for any psychological, emotional and physical harm suffered, reasonable attorneys' fees and costs, and any other appropriate relief. The causes of action pursuant to this section shall be in addition to any other civil or criminal proceeding authorized by the laws of this state or by federal law."

AMEND Further on line 122 by deleting "Section 4" and inserting in lieu thereof the following:

"Sections 4 and 5"

AMEND Further by renumbering the succeeding sections accordingly.

AMEND title to conform.

ADOPTED

Rep. Bell (65th) moved to table, which motion lost.

The question recurred on H. B. No. 1030 which passed by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Arnold, Bailey, Bain, Barnett, Barton, Beckett, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Cockerham, Crawford, Creekmore, Criswell, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, M, Felsher, Ford, J, Ford, K, Goodin, Guice, Hale, Haney, Harness, Hobgood-Wilkes, Hood, Hopkins, Horne, Huddleston, Hudson, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McGee, McKnight, McLean, McLeod, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Patterson, Pigott, Powell, Read, Roberson, Robinson, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Taylor, Tubb, Tullos, Turner, Walker, Wallace, White, Williamson, Wright, Yancey, Young, Zuber. On motion of Rep. Read unanimous consent was granted for immediate release of the foregoing Appropriation bills.

Rep. Lamar called up:

H. B. No. 1439: Mississippi Tax Freedom Act of 2021; create.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

AMEND on line 1765 by inserting "through August 15, 2021" after "thereafter".

AMEND further on line 1769 by inserting "(1)(n) and" before "(2)".

AMEND further on line 1779 by inserting the following after the period:

"On or before September 15, 2021, and each succeeding month thereafter through August 15, 2024, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17 (1)(n) and (2), and three and fifty-two one hundredths percent (3.52%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-1(1)(n) shall be deposited into the School Ad Valorem Tax Reduction Fund created under Section 37-61-35 until such time that the total amount deposited into the fund during a fiscal year equals Forty-two Million Dollars (\$42,000,000.00). Thereafter, the amounts diverted under this subsection (7) during the fiscal year in excess of Forty-two Million Dollars (\$42,000,000.00) shall be deposited into the Education Enhancement Fund created under Section 37-61-33 for appropriation by the Legislature as other education needs and shall not be subject to the percentage appropriation requirements set forth in Section 37-61-33. On or before September 15, 2024, and each succeeding month thereafter through August 15, 2026, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(1)(n) and (2), and four percent (4%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-1(1)(n) shall be deposited into the School Ad Valorem Tax Reduction Fund created under Section 37-61-35 until such time that the total amount deposited into the fund during a fiscal year equals Forty-two Million Dollars (\$42,000,000.00). Thereafter, the amounts diverted under this subsection (7) during the fiscal year in excess of Forty-two Million Dollars (\$42,000,000.00) shall be deposited into the Education Enhancement Fund created under Section 37-61-33 for appropriation by the Legislature as other education needs and shall not be subject to the percentage appropriation requirements set forth in Section 37-61-33. On or before September 15, 2026, and each succeeding month thereafter, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(1)(n) and (2), and four and one-half percent (4.5%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-1(1)(n) shall be deposited into the School Ad Valorem Tax Reduction Fund created under Section 37-61-35 until such time that the total amount deposited into the fund during a fiscal year equals Forty-two Million Dollars (\$42,000,000.00). Thereafter, the amounts diverted under this subsection (7) during the fiscal year in excess of Forty-two Million Dollars (\$42,000,000.00) shall be deposited into the Education Enhancement Fund created under Section 37-61-33 for appropriation by the Legislature as other education needs and shall not be subject to the percentage appropriation requirements set forth in Section 37-61-33."

AMEND further on line 1781 by inserting "through August 15, 2021" after "thereafter".

AMEND further on line 1784 by inserting "(1)(n) and" before "(2)".

AMEND further on line 1786 by inserting the following after the period:

"On or before September 15, 2021, and each succeeding month thereafter through August 15, 2024, nine and seventy-three one-thousandths percent (9.073%) of the total sales tax revenue collected during the preceding month under the provisions of this

chapter, except that collected under the provisions of Section 27-65-17(1)(n) and (2) and fourteen and eleven one-hundredths percent (14.11%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-1(1)(n) shall be deposited into the Education Enhancement Fund created under Section 37-61-33. On or before September 15, 2024, and each succeeding month thereafter through August 15, 2026, nine and seventy-three one-thousandths percent (9.073%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(1)(n) and (2) and fifteen and nine tenths (15.9%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-1(1)(n) shall be deposited into the Education Enhancement Fund created under Section 37-61-33. On or before September 15, 2026, and each succeeding month thereafter, nine and seventy-three one-thousandths percent (9.073%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(1)(n) and (2) and eighteen one-tenths (18.1%) of the total sales tax revenue collected during the preceding month under the provisions of Section 27-65-1(1)(n) shall be deposited into the Education Enhancement Fund created under Section 37-61-33."

AMEND further on line 1994 by inserting ", 27-65-24" before the second "and".

AMEND further on line 2003 by inserting "27-65-24," after the first comma.

AMEND further on lines 2675 and 7248 by striking "59" and inserting in lieu thereof "61".

AMEND further by inserting the following after line 2682 and renumbering succeeding sections accordingly:

"SECTION *. Section 27-65-24, Mississippi Code of 1972, is amended as follows:

27-65-24. (1) There is levied, assessed and shall be collected a tax on the sale of manufacturing or processing machinery to be installed and/or used at a refinery in this state and on the performance of construction activities at or in regard to a refinery in this state. The tax is in the amount of:

(a) * * * Four percent (4%) on the gross proceeds of sales for manufacturing or processing machinery without any regard as to whether or not the machinery retains its identity as tangible personal property after installation; and

(b) Three and one-half percent (3-1/2%) of one hundred three and one-half percent (103-1/2%) of the total contract price or compensation paid for the performance of a construction activity.

(2) If the owner of the refinery holds a direct pay permit issued by the Department of Revenue under Section 27-65-93, the owner shall furnish the permit to the seller or person performing the construction activity unless the holder of the direct pay permit is given written instructions or written authority to do otherwise by the commissioner. After being furnished the direct pay permit, the seller or person performing the construction activity shall be relieved of the duty to collect the tax imposed under subsection (1) of this section and the owner of the refinery shall pay the tax in the manner required by rule and regulation promulgated by the commissioner. The commissioner may assign a distinctive number to the refinery and issue the distinctive number to the owner. The owner of the refinery may furnish the distinctive number to persons performing construction activities in order to allow such persons to purchase component materials and parts for use in the construction activity without the requirement of paying sales tax on the purchases.

(3) Any owner of a refinery who makes application for a distinctive number as provided for in subsection (2), shall be required to execute and file with the commissioner a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner, conditioned that all taxes which may accrue to the State of Mississippi under this chapter will be paid when due.

(4) As used in this section:

(a) "Refinery" means any facility that manufactures finished petroleum products from crude oil, unfinished oils, natural gas liquids, other hydrocarbons, or alcohol. The term "refinery" does not include terminals, bulk plants or other locations where finished products are blended.

(b) "Construction activity" means the performance of any activity involving and/or incidental to constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or dredging system, levee or levee system or any part thereof, railway, reservoir, dam, power plant, electrical system, air-conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, and other improvement or structure or any part thereof.

(c) "Total contract price or compensation received" means all compensation received for the performance of construction activities, including monies received for all charges related to the contract or construction activities, including, but not limited to, finance charges and late charges; however, where the total contract price of a project exceeds the sum of One Hundred Million Dollars (\$100,000,000.00) that portion of the compensation received in regard to the project that is attributable to design or engineering shall not be considered part of the total contract price or compensation received for construction activities from the project.

SECTION *. Section 27-70-5, Mississippi Code of 1972, is amended as follows:

27-70-5. (1) (a) In addition to the tax imposed under Section 27-69-13, and except as provided by subsection (2) of this section, there is imposed a tobacco equity tax in the amount of * * *) Three Nine One-Hundredths Cent(3.09¢) per cigarette on all cigarettes subject to the tax imposed under Section 27-69-13.

(b) On July 1 of each year, the tax prescribed by subsection (1) of this section shall increase by the greater of:

(i) Three percent (3%); or

(ii) The percentage increase in the most recent annual revised Consumer Price Index for all Urban Consumers, as published by the Federal Bureau of Labor Statistics of the United States Department of Labor.

(c) The revenue collected from the tax imposed by this section shall be deposited into the State General Fund.

(d) The cigarettes manufactured by any manufacturer which is a party to the tobacco settlement agreement shall be exempt from the imposition of the tobacco equity tax provided for herein.

(2) The tax imposed by this chapter does not apply to cigarettes that are sold, purchased or otherwise distributed in this state for sale outside of this state. A person may not transport or cause to be transported from this state such cigarettes for retail sale in another state without first affixing to the cigarettes the stamp required by the state in which the cigarettes are to be sold or by paying any other excise tax on the cigarettes imposed by the state in which the cigarettes are to be sold; however, a person shall not be required to affix a tax stamp of another state or pay the excise tax of another state prior to transporting the cigarettes out of this state if the other state prohibits that action or if the cigarettes are being sold to a wholesaler licensed by that state.

(3) The tax imposed by this chapter is in addition to any other privilege, license, fee, assessment or tax required or imposed by state law, including, but not limited to, the taxes levied by Section 27-69-13.

(4) The tax imposed by this chapter is imposed, levied and assessed on each distributor of cigarettes. The tax shall be due and payable on or before the fifteenth day of the month next succeeding the month in which the stamp is required to be affixed to the cigarettes under the Tobacco Tax Law. The distributor shall make a return showing the number of such cigarettes, the brand family, and the manufacturer. The return shall also include the quantity of cigarettes, by brand family, transported or caused to be transported outside of Mississippi in the preceding month as well as the name and address of the recipient of the cigarettes transported outside of Mississippi.

(5) The distributor is eligible for a credit if cigarettes for which the distributor had previously paid the tax under this chapter were returned to the distributor."

AMEND title to conform.

ADOPTED

YEAS AND NAYS ON **H. B. No. 1439**. On motion of Rep. Lamar the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Arnold, Bailey, Bain, Barnett, Barton, Beckett, Bell, D, Bennett, Bomgar, Bounds, Boyd, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Crawford, Creekmore, Criswell, Currie, Darnell, Deweese, Eubanks, Eure, Evans, M, Felsher, Ford, J, Ford, K, Gibbs, K, Goodin, Guice, Hale, Haney, Hobgood-Wilkes, Hood, Hopkins, Horan, Horne, Huddleston, Jackson, Johnson, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McGee, McKnight, McLean, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Owen, Patterson, Pigott, Powell, Read, Roberson, Robinson, Rushing, Sanford, Scoggin, Shanks, Smith, Steverson, Tubb, Tullos, Turner, Wallace, Weathersby, White, Williamson, Wright, Yancey, Yates, Zuber. AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

AMEND on line 40 by striking "10,780,000.00" and inserting in lieu thereof "10,800,000.00"

AMEND further on line 98 by striking "10,000,000.00" and inserting in lieu thereof "10,750,000.00"

AMEND further by inserting after line 101 the following:

" Preplanning and
construction, furnishing
and equipping of a new
science research facility...\$ 750,000.00
University of Southern Mississippi/Gulf
Coast Campuses.....\$ 5,800,000.00
Construction, furnishing
and equipping of
Executive Education
and Conference Center
and related facilities
on the Gulf Park
Campus.....\$ 4,800,000.00
Repair, renovation,
life safety, and
ADA code upgrades,
furnishing and equipping
of campus buildings
and facilities
at the Gulf Coast
Research Laboratory,
Halstead Campus.....\$ 1,000,000.00"

AMEND further by inserting the following after line 551 and renumbering the succeeding section accordingly:

"SECTION 3. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated as the "2021 State Agencies Capital Improvements Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(ii) Monies deposited into the fund shall be disbursed, in the discretion of the Department of Finance and Administration, to pay the costs of capital improvements, renovation and/or repair of existing facilities, furnishings and/or equipping facilities for public facilities as hereinafter described:

STATE AGENCIES.....\$ 73,750,000.00

Department of Corrections.....\$ 6,000,000.00

Planning, critical repair
and renovation of and code
and security upgrades and improvements
to department buildings,

facilities and infrastructure
 and facilities under
 the care and control
 of the department.....\$ 6,000,000.00

(b) (i) Amounts deposited into such special fund shall be disbursed to pay the costs of projects described in paragraph (a) of this subsection. If any monies in such special fund are not used within four (4) years after the date the proceeds of the bonds authorized under this section are deposited into the special fund, then the agency or institution of higher learning for which any unused monies are allocated under paragraph (a) of this subsection shall provide an accounting of such unused monies to the commission. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(ii) Monies in the special fund may be used to reimburse reasonable actual and necessary costs incurred by the Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, in administering or providing assistance directly related to a project described in paragraph (a) of this subsection. An accounting of actual costs incurred for which reimbursement is sought shall be maintained for each project by the Department of Finance and Administration, Bureau of Building, Grounds and Real Property Management. Reimbursement of reasonable actual and necessary costs for a project shall not exceed two percent (2%) of the proceeds of bonds issued for such project. Monies authorized for a particular project may not be used to reimburse administrative costs for unrelated projects.

(c) The Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, is expressly authorized and empowered to receive and expend any local or other source funds in connection with the expenditure of funds provided for in this subsection. The expenditure of monies deposited into the special fund shall be under the direction of the Department of Finance and Administration, and such funds shall be paid by the State Treasurer upon warrants issued by such department, which warrants shall be issued upon requisitions signed by the Executive Director of the Department of Finance and Administration, or his designee.

(d) Any amounts allocated to an agency that are in excess of that needed to complete the projects at such agency that are described in paragraph (a) of this subsection may be used for general repairs and renovations at the agency.

(3) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the Department of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Seventy-three Million Seven Hundred Fifty Thousand Dollars (\$73,750,000.00). No bonds shall be issued under this section after July 1, 2025.

(b) Any investment earnings on amounts deposited into the special funds created in subsection (2) of this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(4) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(5) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(6) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(7) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special fund created in subsection (2) of this section. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(10) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(11) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(15) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(16) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(17) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state."

ADOPTED

YEAS AND NAYS ON **H. B. No. 1415**. On motion of Rep. Lamar the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

MESSAGE FROM THE SENATE

Mr. Speaker: I am directed by the Senate to inform the House of Representatives that the Senate has PASSED AND TRANSMITS herewith the following WITH ACCOMPANYING AMENDMENT:

H. B. No. 949: Solid waste landfills; prohibit new landfill in county where 2 or more exist, unless referendum held.

Eugene S. Clarke, Secretary of the Senate

MESSAGE FROM THE SENATE

Mr. Speaker: I am directed by the Senate to inform the House of Representatives that the Senate has CONCURRED IN THE HOUSE AMENDMENT to the following:

S. B. No. 2879: Appropriations; additional appropriations for Institutions of Higher Learning (IHL).

Eugene S. Clarke, Secretary of the Senate

SENATE BILLS ON FIRST AND SECOND READING

The following Senate Bills, under suspension of the rules, were read twice, as required by the Constitution, and referred to the committees, the names of which immediately follow the titles of the said bills:

S. C. R. No. 528: Commend golf icon Randy Watkins upon his induction into the Mississippi Sports Hall of Fame. Rules.

S. C. R. No. 529: Congratulate Ole Miss Lineman Terrence Metcalf upon his induction into the 2021 Mississippi Sports Hall of Fame. Rules.

S. C. R. No. 530: Commend Ole Miss and ATP tennis standout Dave Randall upon his induction into the Mississippi Sports Hall of Fame. Rules.

S. C. R. No. 531: Encourage counties and municipalities to exchange land use and development information with military installations. Rules.

S. C. R. No. 532: Recognize March 4, 2021, as "HPV Cancer Awareness Day" in Mississippi. Rules.

INTRODUCTION OF BILLS

The following Bills were introduced by members whose names immediately precede the same and, under a suspension of the Rules, were read twice, as required by the Constitution, and referred to the committees, the names of which immediately follow the same:

H. B. No. 1479: (Representatives Mims, Porter) City of McComb; extend date of repeal on hotel/motel tourism tax. Local and Private Legislation.

H. B. No. 1480: (Representatives Massengill, Kinkade) Marshall County; expand boundaries of Marshall Utility Services Sewer District. Local and Private Legislation.

H. B. No. 1481: (Representative Thompson) Town of Shannon; authorize expansion of its gas distribution system. Local and Private Legislation.

H. B. No. 1482: (Representative Anthony) City of Indianola; extend repeal date on tourism commission and hotel, motel and restaurant tax. Local and Private Legislation.

H. B. No. 1483: (Representative Lamar) City of Senatobia; extend repeal date on hotel/motel tourism tax. Local and Private Legislation.

H. C. R. No. 40: (Representative Reynolds) Governor William Winter; commend life and legacy upon his passing. Rules.

H. C. R. No. 41: (Representative Reynolds) Taiwan; recognize the friendship and encourage further economic ties with the State of Mississippi. Rules.

H. C. R. No. 42: (Representatives Rushing, Bounds) Mississippi Electric Power Associations; commend for their tireless efforts to restore power after the winter storm in February 2021. Rules.

H. R. No. 36: (Representatives Haney, Williams-Barnes) Gulfport High School Lady Admirals Soccer Team; commend for winning back-to-back championships in the Class 6A Soccer State Championship. Rules.

H. R. No. 37: (Representatives Roberson, Taylor) Glo; commend company and its founders upon success and contributions to Starkville community and State of Mississippi. Rules.

REPORT OF COMMITTEE ON LOCAL AND PRIVATE LEGISLATION

Mr. President: The above-named committee, having had under consideration the following, favorably reports same for the reason that the relief sought cannot be obtained by invoking the jurisdiction of the courts and by reason the local nature cannot be reached by a general law:

H. B. No. 1437: Town of Byhalia; authorize transfer of certain funds for infrastructure improvements. Title Sufficient. Do Pass.

H. B. No. 1453: City of Booneville; extend date of repeal on city's hotel, motel and restaurant tax. Title Sufficient. Do Pass.

H. B. No. 1465: Town of Mize; authorize a tax on restaurants to promote tourism, parks and recreation. Title Sufficient. Do Pass.

H. B. No. 1466: Oxford Municipal Reserve and Trust Fund; make technical correction concerning certain internal reference within. Title Sufficient. Do Pass.

MANLY BARTON, Chairman

Rep. Read called up:

S. B. No. 2221: Mississippi Dementia Care Program; create pilot program for assistance to caregivers for those with Alzheimer's or Dementia.

AMENDMENT NO.1 TO AMENDMENT NO. 1 BY REPRESENTATIVE Mims:

AMEND on line 65 by inserting the following language after the period: "The State Department of Mental Health, the State Department of Health and the University of Mississippi Medical Center shall cooperate with and provide assistance to the Department of Human Services in the establishment and operation of the program and in seeking to obtain federal funds for the program."

AMEND FURTHER on line 155 by changing the word "March" to "February"

ADOPTED

ROB ROBERSON, Chairman

Rep. Read called up:

S. B. No. 2474: Department of Health; allow charges between agencies for services provided under the medical marijuana program.

AMENDMENT NO. 1 BY COMMITTEE: This amendment in effect, set out an entirely new bill.

No Action

POINT OF ORDER

A point of order was raised by Rep. Scott that SB 2474 has a fee and requires a three-fifths (3/5) vote. House Rule 18 states that any assessment of fees requires a three-fifths (3/5) vote. The bill clearly states that the Department of Health is giving authority to levy fees (Lines 30-40).

The bill was set aside pending a Speaker's Ruling.

Rep. Stevenson called up for consideration separately, and in order, the following bills and were read for the third time:

S. B. No. 2435: Alcoholic beverages; revise various provisions relating to distilleries.

S. B. No. 2437: Distinctive motor vehicle license tags; authorize for Wildlife Mississippi.

S. B. No. 2477: Mississippi Home Corporation; remove reverter on statute granting authority to issue negotiable bonds and notes.

S. B. No. 2507: Mississippi Development Authority; allow businesses located on tribal lands to be eligible for certain discretionary programs.

S. B. No. 2804: Alcoholic beverage; create delivery service permit.

S. B. No. 2806: Department of Revenue; bring forward code sections relating to ABC Division and authority to contract for services.

S. B. No. 2807: Alcoholic beverages; restore provision restricting areas in which manufacture, sale and distribution are authorized.

S. B. No. 2830: New Markets Tax Credit; extend MDA's ability to allocate by one year.

S. B. No. 2831: Historic structure income tax credit; cap per taxpayer and authorize sale or transfer.

S. B. No. 2832: Upholstered household furniture manufacturing job tax credit; extend repealer from 2022 to 2026.

S. B. No. 2839: SMART Business Act; create SMART Business Accelerate Initiative and distinguish from SMART Business Rebate.

S. B. No. 2843: Tax; phase out June 25 deadline for taxpayers with average liability of at least \$50,000 to remit 75% of June liability.

S. B. No. 2850: Certificate of title; allow application without usual documents for vehicles at least 30 years old on oath of ownership.

S. B. No. 2868: Qualified resort areas; include certain municipalities.

S. B. No. 2872: Alcoholic beverages; remove election requirement for designation of area in Rankin County as a qualified resort area.

S. B. No. 2874: Residential and commercial contractors; require sales tax permit from Department of Revenue for pulling building permit.

S. B. No. 2765: Mississippi Medical Cannabis Act; create.

Rep. Bain called up:

S. B. No. 2107: Firearms; prohibit local governments and state agencies from restricting possession.

AMENDMENT NO. 1 BY REPRESENTATIVES BAIN AND BARNETT: This amendment in effect, set out an entirely new bill.

ADOPTED

SENATE BILLS ON FIRST AND SECOND READING

The following Senate Bills, under suspension of the rules, were read twice, as required by the Constitution, and referred to the committees, the names of which immediately follow the titles of the said bills:

S. C. R. No. 506: Express intent of Legislature that daylight saving time shall be the year-round standard time in Mississippi. Rules.

INTRODUCTION OF BILLS

The following Bills were introduced by members whose names immediately precede the same and, under a suspension of the Rules, were read twice, as required by the Constitution, and referred to the committees, the names of which immediately follow the same:

H. B. No. 1497: (Representative Barton) Jackson County; direct contributions to Management and Operations for the Mary C. O'Keefe Cultural Center of Arts and Education. Local and Private Legislation.

H. B. No. 1498: (Representative Clark) Holmes County; authorize contributions to P.E.A.R.L.S. Mentoring for Girls, Inc. Local and Private Legislation.

H. B. No. 1499: (Representative Clark) Holmes County; authorize contributions to Fannie Lou Hamer Cancer Foundation. Local and Private Legislation.

H. B. No. 1500: (Representative Clark) Holmes County; authorize transfer of funds/property from defunct county economic development authority to county economic development district. Local and Private Legislation.

H. B. No. 1501: (Representative Kinkade) Marshall County; expand boundaries of Marshall Utility Services Sewer District. Local and Private Legislation.

H. B. No. 1502: (Representative Bennett) MS Coast Transportation Authority; authorize to bear the full cost of processing electronic payments. Local and Private Legislation.

H. B. No. 1503: (Representatives Clarke, Banks, Bell (65th), Brown (70th), Crudup, Foster, Gibbs (72nd), Stamps, Summers, Yates) City of Jackson; authorize contributions to Keep Jackson Beautiful, Inc. Local and Private Legislation.

H. B. No. 1504: (Representative Miles) City of Forest; authorize a tax on hotels/motels and restaurants to promote tourism, parks and recreation. Local and Private Legislation.

H. B. No. 1505: (Representative Jackson) Town of Sardis; extend repeal date on hotel, motel and restaurant tax. Local and Private Legislation.

H. B. No. 1506: (Representatives Denton, Harness, Ford (54th), Foster) Warren County; authorize contributions to various organizations. Local and Private Legislation.

H. B. No. 1507: (Representative Faulkner) Marshall County; expand boundaries of Marshall Utility Services Sewer District. Local and Private Legislation.

H. R. No. 40: (Representatives Hines, Williams-Barnes, Bell (65th), Johnson, Cockerham, Clark, Harness) Reverend Robert L. Cook; commend upon retirement as Deputy Executive Director for the Mississippi Department of Wildlife, Fisheries and Parks. Rules.

REPORT OF COMMITTEE ON LOCAL AND PRIVATE LEGISLATION

Mr. President: The above-named committee, having had under consideration the following, favorably reports same for the reason that the relief sought cannot be

obtained by invoking the jurisdiction of the courts and by reason the local nature cannot be reached by a general law:

H. B. No. 1479: City of McComb; extend date of repeal on hotel/motel tourism tax. Title Sufficient. Committee Substitute. Do Pass.

H. B. No. 1480: Marshall County; expand boundaries of Marshall Utility Services Sewer District. Title Sufficient. Do Pass.

H. B. No. 1481: Town of Shannon; authorize expansion of its gas distribution system. Title Sufficient. Do Pass.

H. B. No. 1482: City of Indianola; extend repeal date on tourism commission and hotel, motel and restaurant tax. Title Sufficient. Do Pass.

H. B. No. 1483: City of Senatobia; extend repeal date on hotel/motel tourism tax. Title Sufficient. Committee Substitute. Do Pass.

H. B. No. 1487: City of Vicksburg; authorize to execute certain agreement to make contributions to Vicksburg Warren Economic Development Foundation. Title Sufficient. Committee Substitute. Do Pass.

H. B. No. 1490: Coahoma County; authorize contributions to Tri-County Workforce Alliance. Title Sufficient. Do Pass.

H. B. No. 1491: Coahoma County; authorize contributions to the Family and Youth Opportunities, Inc. Title Sufficient. Committee Substitute. Do Pass.

H. B. No. 1493: Jackson County; revise duties of civil service commission for sheriff's department relating to certain personnel matters. Title Sufficient. Do Pass.

H. B. No. 1494: Walnut Grove; authorize Walnut Grove Correctional Authority to contract with the state to operate correctional facility. Title Sufficient. Do Pass.

H. B. No. 1495: Tallahatchie County; authorize leasing of certain water well to City of Charleston. Title Sufficient. Do Pass.

Necessary for passage--61

Rep. Busby called up:

S. B. No. 2481: Memorial highways; designate various segments.

AMENDMENT NO. 1 BY REPRESENTATIVE Busby:

AMEND after line 35 by inserting the following new sections and renumbering the succeeding section:

" SECTION 4. (1) The segment of Mississippi Highway 489 in Newton County, Mississippi, beginning at its intersection with Mills Road and extending one (1) mile north, is designated as the "Jason Boyd Memorial Highway."

(2) The Mississippi Department of Transportation shall erect and maintain appropriate signs along and approaching the segment of highway described in subsection (1) of this section.

SECTION 5. (1) The segment of U.S. Highway 82 in Leflore County, Mississippi, beginning at the western city limits of the City of Greenwood and extending one (1) mile west, is designated as the "Deputy Melvin P. 'Buster' Brown, Jr., Memorial Highway."

(2) The Mississippi Department of Transportation shall erect and maintain appropriate signs along and approaching the segment of highway described in subsection (1) of this section."

AMEND title as follows: "TO DESIGNATE A SEGMENT OF MISSISSIPPI HIGHWAY 489 IN NEWTON COUNTY, MISSISSIPPI, AS THE "JASON BOYD MEMORIAL HIGHWAY"; TO DESIGNATE A SEGMENT OF U.S. HIGHWAY 82 IN LEFLORE COUNTY, MISSISSIPPI, AS THE "DEPUTY MELVIN P. 'BUSTER' BROWN, JR., MEMORIAL HIGHWAY";

ADOPTED

H. C. R. No. 10: Arthur James Anderson, Sr.; commend the life, legacy and contributions upon his passing.

H. C. R. No. 11: Magee High School Football Team; commend upon winning MHSAA Class 3A State Championship.

H. C. R. No. 20: Former Representative Nolan Mettetal; mourn loss and commemorate laudable legislative career upon his passing.

H. C. R. No. 22: Barabbas Leasy; commend contributions throughout many years of service in education.

H. C. R. No. 25: Former Representative Nolan "Ray" R. Rogers; mourn loss and commemorate laudable legislative career upon his passing.

H. C. R. No. 27: Mississippi Highway Patrol Lt. Troy Morris; commend life and legacy upon his passing.

H. C. R. No. 30: 2020 MHSAA Mr. Football Award recipients; commend and congratulate.

H. C. R. No. 33: Ruby Kate Bowles; commend her life upon her passing.

H. C. R. No. 34: James "David" Alford, Sr.; commend life and legacy upon his passing.

STEPHEN A. HORNE, Chairman

Representative Lancaster moved that adjournment of the House be in memory of Gloria Rae Clay, Steven "Steve" Hill, and Donald "Don" Cook, which motion prevailed.

Representative McGee moved that adjournment of the House be in memory of Reverend Henry Winstead, which motion prevailed.

Representative Felsher moved that adjournment of the House be in memory of Mary Ann Wine, which motion prevailed.

Representative Sanford moved that adjournment of the House be in memory of Former Representative Denson Lott, which motion prevailed.

Representative Steverson moved that adjournment of the House be in memory of Sharon Gowdy Graves, which motion prevailed.

Representative Miles moved that adjournment of the House be in memory of Grady Carl Boozer, which motion prevailed.

Representative Porter moved that adjournment of the House be in memory of Sonny Dillion, and Emma Mangum, which motion prevailed.

Representative Mims moved that adjournment of the House be in memory of Lynn Troutman, which motion prevailed.

Representative Bain moved that adjournment of the House be in memory of David Dodd, which motion prevailed.

At 3:30 PM, on motion of Rep. Roberson the House adjourned until 10:00 AM, Wednesday, March 10, 2021.

ANDREW KETCHINGS, Clerk

FORTY-SEVENTH DAY, WEDNESDAY, MARCH 10, 2021

(SIXTY-FIFTH CALENDAR DAY)

The House met pursuant to adjournment, Speaker Gunn in the chair. Prayer by Rep. Jerry Turner.

Rep. Turner led the House in the Pledge of Allegiance to the United States Flag.

Present--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter,

Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, Weathersby, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber.
Total--122.

Absent or those not voting--None.

A quorum was present.

On motion of Rep. Weathersby, the reading of the journal of the previous day was dispensed with, and the same stood approved by unanimous consent.

On motion of Rep. Morgan and by unanimous consent, the reading of the introductions of the previous day was dispensed with, and the same stood approved.

MESSAGE FROM THE GOVERNOR
Wednesday, March 10, 2021

TO THE MISSISSIPPI HOUSE OF REPRESENTATIVES:

I am directed by the Governor to advise you that he has approved the following House Bills:

H. B. No. 73: Chiropractors; extend repealer on licensure law. Wednesday, March 10, 2021, 10:03 AM

H. B. No. 200: Remote patient monitoring services; delete requirement of 2 recent hospitalizations to qualify for. Wednesday, March 10, 2021, 10:04 AM

H. B. No. 208: Psychologists; extend repealer on licensure law and remove postdoctoral training requirements for licensure. Wednesday, March 10, 2021, 10:06 AM

H. B. No. 949: Solid waste landfills; prohibit new landfill in county where 2 or more exist, unless referendum held. Wednesday, March 10, 2021, 3:41 PM

Respectfully submitted,
Debbie Carney, Legislative Aide

MESSAGE FROM THE SENATE

Mr. Speaker: I am directed by the Senate to inform the House of Representatives that the Senate has PASSED AND TRANSMITS herewith the following:

H. B. No. 312: Central Market Board; abolish and transfer functions of to the Mississippi Department of Agriculture and Commerce.

Eugene S. Clarke, Secretary of the Senate

INTRODUCTION OF BILLS

The following Bills were introduced by members whose names immediately precede the same and, under a suspension of the Rules, were read twice, as required by the Constitution, and referred to the committees, the names of which immediately follow the same:

H. B. No. 1508: (Representative Creekmore IV) City of New Albany; authorize to lease fiber to Internet service providers for provision of broadband service. Local and Private Legislation.

H. B. No. 1509: (Representative Anderson (122nd)) Hancock County; extend the date of repeal on the Hancock County Tourism Development Bureau and hotel/motel tax. Local and Private Legislation.

H. B. No. 1510: (Representative Steverson) City of Baldwin; authorize to expand and operate natural gas distribution system to serve certain areas of Tippah County. Local and Private Legislation.

H. R. No. 41: (Representative Tubb) Mr. Joe and Mrs. Jane Tubb; commend and congratulate upon celebrating their 60th wedding anniversary. Rules.

H. R. No. 42: (Representative Miles) Joe C. Bradford; commend his life upon his passing. Rules.

Representative Bain called up the motion to reconsider the vote whereby **S. B. No. 2434:** (Capitol police; transfer to Department of Public Safety.) passed, and moved to table, which motion prevailed.

Representative Zuber called up the motion to reconsider the vote whereby **S. B. No. 2336:** (MS First Responders Health and Safety Act; delay effective date of.) passed, and moved to table, which motion prevailed.

Representative Horan called up the motion to reconsider the vote whereby **S. B. No. 2795:** ("Mississippi Earned Parole Eligibility Act"; enact.) passed, and moved to table, which motion prevailed.

Rep. Bain called up:

S. B. No. 2573: Department of Public Safety; implement uniform reporting standards for jail census data & create & maintain a centralized database.

On motion of Rep. Bain the foregoing bill was laid on the table subject to call.

Rep. Bounds called up the following bill which had been read the third time:

S. B. No. 2798: Broadband services; provide for the participation of rate-regulated electric utilities in the expansion of.

AMENDMENT NO.1 TO AMENDMENT NO. 1 BY REPRESENTATIVE Bounds:

AMEND after line 485 by inserting the following new sections and renumbering the succeeding section:

" SECTION 5. Section 5 through 8 of this act shall be known and may be cited as the Mississippi Broadband Accessibility Act.

SECTION 6. The Legislature finds that the availability of high-speed broadband services, with the preference of speeds of twenty-five (25) megabits per second of download speed and three (3) megabits per second of upload speed or greater, in unserved rural Mississippi is important for economic development, education, health care, and emergency services in Mississippi, and that grants and other incentives set forth in Sections 5 through 8 of this act will further those objectives by encouraging new investment in broadband infrastructure.

SECTION 7. For the purposes of Sections 5 through 8 of this act, the following words shall have the following meanings unless the context clearly indicates otherwise:

(a) "End user" means a residential, business, institutional, or government entity that uses broadband services for its own purposes and does not resell such broadband

services to other entities. An Internet service provider (ISP) and mobile wireless service provider are not an end-user for the purposes of Sections 5 through 8 of this act.

(b) "Middle mile project" means a broadband infrastructure project that does not provide broadband service to end-users or to end-user devices.

(c) "Minimum service threshold" means a connection to the Internet that provides capacity for transmission at an average speed per customer of at least twenty-five (25) megabits (Mbps) per second downstream and at least three (3) megabits (Mbps) per second upstream.

(d) "Rural area" means any area within this state not included within the boundaries of any incorporated city or town having a population in excess of twenty-five thousand (25,000) inhabitants, according to the latest federal decennial census.

(e) "Unserved area" means any rural area in which there is not at least one provider of terrestrial broadband service that is either: (i) offering a connection to the Internet meeting the minimum service threshold; or (ii) is required, under the terms of the Federal Universal Service Fund or other federal or state grant, to provide a connection to the Internet at speeds meeting the minimum service threshold by March 28, 2023.

SECTION 8. (1) The Director of Mississippi Public Utilities Staff shall establish and administer the broadband accessibility grant program for the purpose of promoting the deployment and adoption of broadband Internet access services to unserved areas. By August 1, 2021, the director shall adopt rules and policies to administer the program and begin to accept applications for grants, and shall adopt such rules as may be necessary to meet the future needs of the grant program.

(2) The program shall be administered pursuant to policies developed by the Public Utilities Staff in compliance with Sections 5 through 8 of this act. The policies shall provide for the awarding of grants to nongovernmental entities that are cooperatives, corporations, limited liability companies, partnerships, or other private business entities that provide broadband services. Nothing in Sections 5 through 8 of this act shall expand the authority under state law of any entity to provide broadband service.

(3) There is hereby created the Mississippi Broadband Accessibility Fund as a special fund in the State Treasury. The fund is subject to appropriations by the Legislature and gifts, grants, and other donations received by the Public Utilities Staff for the broadband accessibility grant program or fund. The Public Utilities Staff may not spend appropriations for the program for purposes other than those listed in this section. Any monies appropriated to the Public Utilities Staff for broadband grants that are unspent at the end of a fiscal year shall be carried over for use by the program in the next fiscal year. The Public Utilities Staff shall develop rules ensuring that expenses incurred to administer the program must not exceed the lesser of seven percent (7%) of the total amount appropriated for the program in any fiscal year or Seven Hundred Fifty Thousand Dollars (\$750,000.00). Monies in the fund shall be invested by the State Treasurer for the sole benefit of the fund.

(4) (a) Individual grants awarded by the Public Utilities Staff under this section may only be awarded for projects in unserved areas, and may not exceed the lesser of:

(i) Thirty-five percent (35%) of the project costs; or

(ii) One Million Five Hundred Thousand Dollars (\$1,500,000.00) for projects that will be capable of transmitting broadband signals at or above the minimum service threshold.

(b) The Public Utilities Staff shall ensure that not less than forty percent (40%) of funds appropriated for grants be utilized in unincorporated areas of the state.

(c) Subject to the limitations in this subsection (4), grants shall be awarded pursuant to the service criteria developed by the Public Utilities Staff, with priority given to projects that meet any of the following:

(i) Seek to leverage grant funds through private investment and extension of existing infrastructure;

(ii) Serve locations with demonstrated community support, including, but not limited to, documented support from local government;

(iii) Demonstrate the operator's technical and managerial capabilities to complete the project within two (2) years of the grant;

(iv) Demonstrate the applicants' necessary financial resources;

(v) Are most cost effective and technically efficient in that they propose to serve the highest number of unserved homes, businesses and community anchor points for the least cost and best level of service, emphasizing projects including the highest broadband speeds;

(vi) Provide material broadband enhancement to hospitals located in rural areas; and

(vii) Support local libraries in this state for the purpose of assisting the libraries in offering digital literacy training pursuant to state library and archive guidelines.

(d) For the purposes of awarding grants, the Public Utilities Staff shall take into consideration the average pole attachment rates that a grant applicant charges to an unaffiliated entity, provided that this paragraph (d) shall not apply to a public utility.

(e) In order to promote the deployment of grant funds in an inclusive manner that is consistent with the racial, gender, geographic, urban, rural, and economic diversity of the state, the Public Utilities Staff may give additional consideration to an applicant that provides documentation that it has been certified as a Disadvantaged Business Enterprise. For projects funded under Sections 5 through 8 of this act, the Public Utilities Staff shall encourage grant applicants to use vendors and subcontractors that have been certified as Disadvantaged Business Enterprises.

(5) For each fiscal year in which grant funds are available, the Public Utilities Staff shall accept applications within a 90-day grant window that it shall establish. Applications for eligible projects will be evaluated according to a scoring system developed by the Public Utilities Staff that incorporates the priorities listed in this section, with grant awards published within ninety (90) days after expiration of the filing window. Grant applications shall be published by the Public Utilities Staff on the Internet at the end of the filing window, and existing service providers shall have thirty (30) business days from the date of publication to file objections to the eligibility of a proposed project. The Public Utilities Staff shall address any objections within thirty (30) days of submission and shall make any appropriate changes to grant awards based on a finding of ineligibility resulting from such protest. Subject to such protest procedure, grants issued by the Public Utilities Staff shall be conditioned upon compliance with the terms of the grant but shall not otherwise be revocable. Providers' grants shall be paid within thirty (30) days upon the Public Utilities Staff receiving written certification of the completion of the project and evidence of compliance with the terms of the grant as prescribed by the Public Utilities Staff.

(6) Grants shall be conditioned on project completion within two (2) years of awarding of the grant. If a recipient fails to complete a project within the two-year deadline due to reasons other than delay caused by a government entity, the Public Utilities Staff may revoke the grant in its entirety and rededicate the funds to a new recipient.

(7) The Public Utilities Staff shall condition the release of any grant funds awarded under Sections 5 through 8 of this act on both of the following:

(a) The progressive completion, as measured on not more than a quarterly basis, of the approved project.

(b) Operational testing, when possible, to confirm the level of service proposed in the grant application. Such regulations shall not exceed in degree or differ in kind from testing and reporting requirements imposed on the grant recipient by the Federal Communications Commission, as adjusted for the service specifications in the Public Utilities Staff grant agreement.

(8) Notwithstanding any other provision of this section, eligible projects shall include any of the following:

(a) Projects to serve unserved areas in which the grant applicant is either or both: (i) an existing or future service provider which has or will receive support through federal universal service funding programs designed specifically to encourage broadband deployment in an area without broadband access; or (ii) an existing or future service provider which has or will receive other forms of federal or state financial support or assistance, such as a grant or loan from the United States Department of Agriculture; provided, however, that any award of state funds under this section, when combined with other forms of state or federal support or assistance dedicated to the project, other than interest-bearing loans, may not exceed sixty percent (60%) of the total project costs. Nothing in this section shall prohibit a grant applicant who has not previously received any

federal or state funds, grants or loans for broadband deployment from applying for and receiving grant funds under this section.

(b) Middle mile projects, where the applicant demonstrates that the project will connect other service providers eligible for grants under this section with broadband infrastructure further upstream in order to enable the providers to offer broadband service to end-users; provided that eligible projects under this paragraph (b) may include projects in an unserved area or a rural area that does not meet the definition of an unserved area but otherwise meets the requirements of this section, for which the grant applicant demonstrates, by specific evidence, the need for greater broadband speeds, capacity, or service which is not being offered by an existing service provider.

(c) Projects to provide broadband service to a specific hospital, public school, public safety, or economic development site in a rural area that does not meet the definition of an unserved area but otherwise meets the requirements of this section, for which the grant applicant demonstrates, by specific evidence, the need for greater broadband speeds, capacity, or service which is not being offered by an existing service provider.

(d) Grants issued under paragraphs (b) and (c) of this subsection (8) shall not exceed forty percent (40%) of the total funds appropriated for grants on an annual basis. AMEND further the title on line 19 by inserting after the semicolon the following:

"TO CREATE THE MISSISSIPPI BROADBAND ACCESSIBILITY ACT; TO PROVIDE LEGISLATIVE FINDINGS; TO PROVIDE DEFINITIONS FOR THE ACT; TO REQUIRE THE DIRECTOR OF MISSISSIPPI PUBLIC UTILITIES STAFF TO ESTABLISH AND ADMINISTER THE BROADBAND ACCESSIBILITY GRANT PROGRAM FOR THE PURPOSE OF PROMOTING THE DEPLOYMENT AND ADOPTION OF BROADBAND INTERNET ACCESS SERVICES TO UNSERVED AREAS; TO PROVIDE THAT THE PROGRAM SHALL BE ADMINISTERED PURSUANT TO POLICIES DEVELOPED BY THE PUBLIC UTILITIES STAFF, SUBJECT TO THE REQUIREMENTS OF THE ACT, WHICH SHALL PROVIDE FOR THE AWARDING OF GRANTS TO NONGOVERNMENTAL ENTITIES THAT ARE COOPERATIVES, CORPORATIONS, LIMITED LIABILITY COMPANIES, PARTNERSHIPS, OR OTHER PRIVATE BUSINESS ENTITIES THAT PROVIDE BROADBAND SERVICES;"

ADOPTED

AMENDMENT NO. 1 BY COMMITTEE: This amendment in effect, set out an entirely new bill.

ADOPTED

YEAS AND NAYS ON **S. B. No. 2798**. On motion of Rep. Bounds the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B. Anderson, J. Anthony, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C. Bell, D. Bennett, Blackmon, Bounds, Boyd, Brown, B. Burnett, Busby, Byrd, Calvert, Carpenter, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eure, Evans, B. Evans, M. Faulkner, Felsher, Ford, J. Ford, K. Foster, Gibbs, D. Gibbs, K. Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Shanks, Smith, Stamps, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, Weathersby, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--112.

Nays--Bomgar, Brown, C. Criswell, Eubanks, Hopkins, Owen. Total--6.

Absent or those not voting--Arnold, Clark, Scott, Steverson. Total-4.

Necessary for passage--60

Rep. Hood called up the following bill which had been read the third time:

S. B. No. 2799: Mississippi Medicaid Program; make technical amendments to reimbursements and administration.

AMENDMENT NO.1 TO AMENDMENT NO. 1 BY REPRESENTATIVE Currie:

AMEND on line 918 by inserting the following language after the period: "In addition to physicians, certified registered nurse practitioners, physician assistants and clinical nurse specialists are authorized to prescribe or order home health services and plans of care, sign home health plans of care, certify and recertify eligibility for home health services and conduct the required initial face-to-face visit with the recipient of the services."

ADOPTED

AMENDMENT NO. 2 TO AMENDMENT NO. 1 BY REPRESENTATIVE Hines:

AMEND by inserting the following new paragraph (3) after line 1623, and renumber or reletter the subsequent paragraphs and any references to those paragraphs:

"(3) Each health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall use a clear set of level of care guidelines in the determination of medical necessity and in all utilization management practices, including the prior authorization process, concurrent reviews, retrospective reviews and payments, that are consistent with widely accepted professional standards of care (including the Level of Care Utilization System [LOCUS], Child and Adolescent Level of Care Utilization System [CALOCUS] and the American Society of Addiction Medicine [ASAM], Child and Adolescent Service Intensity Instrument [CASSI]). Organizations participating in a managed care program or coordinated care program implemented by the division may not use any additional criteria that would result in denial of care that would be determined appropriate and, therefore, medically necessary under those level of care guidelines."

ADOPTED

AMENDMENT NO. 1 BY COMMITTEE: This amendment in effect, set out an entirely new bill.

ADOPTED

YEAS AND NAYS ON **S. B. No. 2799.** On motion of Rep. Hood the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Holloway, Hood, Horan, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray,

McGee, McKnight, McLean, McLeod, Mickens, Miles, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, Weathersby, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--116.

Nays--Bomgar, Criswell, Hopkins. Total--3.

Absent or those not voting--Horne, Mims. Total-2.

Present--Hobgood-Wilkes. Total--1.

Necessary for passage--60

Rep. Hood called up the following bill which had been read the third time:

S. B. No. 2552: Pretrial Intervention Program; prohibit eligibility for persons charged with public embezzlement over a certain amount.

AMENDMENT NO. 1 BY COMMITTEE: This amendment in effect, set out an entirely new bill.

ADOPTED

YEAS AND NAYS ON **S. B. No. 2552.** On motion of Rep. Hood the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Boyd, Brown, B, Brown, C, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Holloway, Hood, Hopkins, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Steverson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, Weathersby, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Present--Hobgood-Wilkes. Total--1.

Necessary for passage--60

On motion of Rep. Bain the House declined to concur in the Senate amendment to the following bills and invited conference:

H. B. No. 796: Habitual offender; revise penalties for.

H. B. No. 87: MDHS fraud investigators; provide they shall be law enforcement officers.

Representative Mims called up the motion to reconsider the vote whereby **S. B. No. 2746:** (Hudson's Law; require healthcare providers to provide information to parents who receive a postnatal diagnosis of down syndrome.) passed, and moved to reconsider for purposes of an amendment, which motion prevailed.

AMENDMENT NO.1 TO AMENDMENT NO. 1 BY REPRESENTATIVE Owen:

AMEND by deleting lines 5 through 8 in their entirety and inserting in lieu thereof the following:

""chromosomal disorder" means trisomy 13 (otherwise known as Patau syndrome); trisomy 18 (otherwise known as Edwards syndrome); or trisomy 21 (otherwise known as Down syndrome)."

AMEND FURTHER the title on lines 3 and 5 by deleting the words "DOWN SYNDROME" and inserting in lieu thereof the words "CHROMOSOMAL DISORDER"

ADOPTED

YEAS AND NAYS ON **S. B. No. 2746**. On motion of Rep. Mims the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Arnold, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bounds, Boyd, Brown, B, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Crudup, Currie, Darnell, Denton, Deweese, Eubanks, Eure, Evans, B, Evans, M, Faulkner, Felsher, Ford, J, Ford, K, Foster, Gibbs, D, Gibbs, K, Goodin, Guice, Hale, Haney, Harness, Hines, Hobgood-Wilkes, Holloway, Hood, Horan, Horne, Huddleston, Hudson, Jackson, Johnson, Karriem, Kinkade, Ladner, Lamar, Lancaster, Mangold, Massengill, McCarty, McCray, McGee, McKnight, McLean, McLeod, Mickens, Miles, Mims, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Pigott, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Rushing, Sanford, Scoggin, Scott, Shanks, Smith, Stamps, Stevenson, Straughter, Summers, Taylor, Thompson, Tubb, Tullos, Turner, Walker, Wallace, Watson, Weathersby, White, Williams-Barnes, Williamson, Wright, Yancey, Yates, Young, Zuber. Total--118.

Nays--Bomgar, Brown, C, Criswell, Hopkins. Total--4.

Absent or those not voting--None.

Necessary for passage--62

Representative Bain called up the motion to reconsider the vote whereby **S. B. No. 2270**: (Autopsies; provide for confidentiality of photographs and recordings of.) passed, and moved to table, which motion prevailed.

Rep. Lamar called up the following bill which had been read the third time:

S. B. No. 2765: Mississippi Medical Cannabis Act; create.

SUBSTITUTE AMENDMENT NO. 1 FOR AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The purpose of Sections 1 through 10 of this act is to ensure the availability of and safe access to medical marijuana for qualified persons with debilitating medical conditions.

SECTION 2. (1) Except as otherwise provided for in Sections 1 through 10 of this act, a qualified patient or caregiver shall not be subject to criminal or civil sanctions for the use of medical marijuana, obtained from a medical marijuana treatment center, for a debilitating medical condition.

(2) Except as otherwise provided for in Sections 1 through 10 of this act, a physician shall not be subject to criminal or civil sanctions solely for issuing a physician certification to a person diagnosed with a debilitating medical condition.

(3) Except as otherwise provided for in Sections 1 through 10 of this act, a medical marijuana treatment center and its officers, owners, operators, employees, contractors, and agents shall not be subject to criminal or civil sanctions for processing medical marijuana in compliance with regulations prescribed by the department.

SECTION 3. (1) Except as otherwise provided for in Sections 1 through 10 of this act, nothing in Sections 1 through 10 of this act shall:

(a) Affect or repeal laws relating to the use of marijuana that is not intended for use for a debilitating medical condition.

(b) Authorize the use of medical marijuana for anyone other than a qualified patient, and, where authorized by Sections 1 through 10 of this act, for caregivers and officers, owners, operators, employees, contractors, and agents of treatment centers.

(c) Permit a person to operate any motor vehicle, aircraft, train, or boat while consuming or impaired by medical marijuana.

(d) Require accommodation for the use of medical marijuana or require any on-site use of medical marijuana in any public or private correctional institution, detention facility, or place of education, or employment.

(e) Require any health insurance provider or any government agency or authority to reimburse any person for expenses related to the use of medical marijuana.

(f) Override any public laws, ordinances, regulations, or rules or any private rules, regulations, or provisions related to smoking in or on public or private places.

(g) Affect any existing drug testing laws, regulations, or rules.

(2) It is unlawful for any person to smoke medical marijuana in a public place. Any person who violates this subsection may, upon conviction, be punished by a fine of not more than One Hundred Dollars (\$100.00).

SECTION 4. For purposes of Sections 1 through 10 of this act, the following terms shall have the following meanings:

(a) "Caregiver" shall mean a person who is at least twenty-one (21) years of age, who complies with the regulations prescribed by the department, and who assists with a qualified patient's use of medical marijuana. The department may limit the number of qualified patients a caregiver may assist at any one (1) time. A qualified patient may have more than one (1) caregiver. A caregiver is prohibited from consuming medical marijuana provided for use by a qualified patient.

(b) "Criminal or civil sanctions" shall mean arrest; incarceration; prosecution; penalty; fine; sanction; the denial of any right, privilege, license, certification; and/or to be subject to disciplinary action by a licensing board or commission; and/or to be subject to seizure and/or forfeiture of assets pursuant to any Mississippi law, local ordinance, or board, commission, or agency regulation or rule.

(c) "Debilitating medical condition" shall mean cancer, epilepsy or other seizures, Parkinson's disease, Huntington's disease, muscular dystrophy, multiple sclerosis, cachexia, post-traumatic stress disorder, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, chronic or debilitating pain, amyotrophic lateral sclerosis, glaucoma, agitation of dementias, Crohn's disease, ulcerative colitis, sickle-cell anemia, autism with aggressive or self-injurious behaviors, pain refractory to appropriate opioid management, spinal cord disease or severe injury, intractable nausea, severe muscle spasticity, or another medical condition of the same kind or class to those herein enumerated and for which a physician believes the benefits of using medical marijuana would reasonably outweigh potential health risks.

(d) "Department" shall mean the Mississippi State Department of Health or its successor agency.

(e) "Medical marijuana" shall have the meanings given as of July 1, 2018, in Section 41-29-105(r) and/or Section 41-29-105(o), of the Mississippi Code of 1972, and which is used to treat the symptoms and/or effects of a debilitating medical condition as provided for in Sections 1 through 10 of this act.

(f) "Medical marijuana identification card" shall mean a document, prescribed by and issued by the department, which identifies a person as a qualified patient or caregiver or officer, owner, operator, employee, contractor, or agent of a medical marijuana treatment center.

(g) "Medical marijuana treatment center" shall mean an entity that is registered with and licensed and regulated by the department and that processes medical

marijuana, related supplies, and/or educational materials. A treatment center may engage in one or more of the activities involved in the processing of medical marijuana.

(h) "Physician" shall mean a person with a valid Doctor of Medicine or Doctor of Osteopathic Medicine degree and who holds an unrestricted license to practice medicine in the State of Mississippi by the Mississippi Board of Medical Licensure, or its successor agency.

(i) "Physician certification" shall mean a form approved by the department, signed and dated by a physician, certifying that a person suffers from a debilitating medical condition for which the use of medical marijuana may mitigate the symptoms and/or effects. The certification shall remain current for twelve (12) months, unless the physician specifies a shorter period of time, and shall be issued only after an in-person examination of the patient in Mississippi. A certification shall only be issued on behalf of a minor when the minor's parent or guardian is present and provides signed consent. Nothing herein shall require a physician to issue a certification.

(j) "Process" shall mean to acquire, administer, compound, convert, cultivate, deliver, develop, disburse, dispense, distribute, grow, harvest, manufacture, package, possess, prepare, process, produce, propagate, research, sell, test, transport, or transfer medical marijuana or any related products such as foods, tinctures, aerosols, oils, or ointments.

"Qualified patient" shall mean a person who has been diagnosed with a debilitating medical condition and who has been issued a physician certification.

(k) "Use" shall mean the acquisition, possession, preparation, use or use with an accessory, delivery, transfer, or administration of medical marijuana by a qualified patient or caregiver. For purposes of this paragraph, "accessory" shall have the meaning given in Section 41-29-105(v), Mississippi Code of 1972, as of July 1, 2018.

SECTION 5. (1) The department shall implement, administer, and enforce the provisions of Sections 1 through 10 of this act and shall issue reasonable rules and regulations, pursuant to the Mississippi Administrative Procedures Act, in the discharge of its responsibilities.

(2) The department shall prescribe reasonable rules and regulations pursuant to this section that shall include, but not be limited to, tracking and labelling of medical marijuana; qualifications for and safe and secure processing of medical marijuana by medical marijuana treatment centers; restrictions on advertising and marketing; issuance of medical marijuana identification cards; standards for testing facilities; use of medical marijuana in nursing homes, hospices, and assisted living facilities; reciprocal agreements with other states for patients registered in medical marijuana programs; qualifications of and limitations on caregivers and officers, owners, operators, employees, contractors, and agents of treatment centers; implementation and operation of a statewide data base system to support the utilization of identification cards; and penalties for violations of Sections 1 through 10 of this act.

(3) The rules and regulations shall not limit the number of licensed medical marijuana treatment centers nor set the price of medical marijuana.

(4) The rules and regulations shall require the department to issue an identification card or a license for a treatment center within a reasonable time following an application for a card or license.

(5) The department shall issue a qualified patient a medical marijuana identification card upon presentation of a physician certification. Such card shall be renewed, as applicable, upon presentation of a new physician certification, but in no case shall a card have an expiration term longer than twelve (12) months. A qualified patient is authorized to receive medical marijuana from a treatment center upon presentation of his or her identification card.

(6) The department and medical marijuana treatment centers shall protect the confidentiality of all qualified patients. All records containing the identity of qualified patients, caregivers, and physicians shall be confidential and exempt from disclosure under the Mississippi Public Records Act or any related statute, regulation, or rule pertaining to the public disclosure of records.

(7) The department may establish an advisory committee to assist the department in the promulgation of rules and regulations and the regulation and enforcement of the provisions of Sections 1 through 10 of this act.

(8) The department shall adopt final rules and regulations pursuant to Sections 1 through 10 of this act no later than July 1, 2021. The department shall begin issuing identification cards and treatment center licenses no later than August 15, 2021.

(9) The department is authorized to adopt and levy administrative fines to enforce the provisions of Sections 1 through 10 of this act. Payment of any fines shall be deposited in the special fund created by Section 6 of this act.

(10) The department is authorized to adopt and levy the following sanctions, singly or in combination, when it finds an applicant or licensee has committed any violation of Sections 1 through 10 of this act or department rules or regulations: revoke or suspend a license, censure a licensee, impose a fine in an amount not to exceed Five Thousand Dollars (\$5,000.00) for the first violation and an amount not to exceed Twenty-five Thousand Dollars (\$25,000.00) for each subsequent violation, place a licensee on a probationary status, require the licensee to file regular reports and submit to reasonable requirements and restrictions, revoke probationary status of a licensee and impose other authorized sanctions, and refuse to issue or renew a license, restrict a license, or accept a voluntary surrendering of a license. The department is authorized to deny, suspend or revoke a license in any case in which it finds that there has been a substantial failure to comply with the requirements of a licensee. The notice and hearing requirements and judicial review provisions contained in Section 43-11-11, Mississippi Code of 1972, as of July 1, 2018, shall apply to the denial, suspension, or revocation of a license.

SECTION 6. There is created in the State Treasury a special fund which shall consist of funds made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. The department shall administer the fund and make expenditures from the fund upon appropriation by the Legislature for costs or other services or programs associated with Sections 1 through 10 of this act. Fund balances shall not revert to the General Fund. The department shall have the authority to utilize these special funds to escalate personnel positions in the department where needed, as non-state-service, to administer and enforce the provisions of Sections 1 through 10 of this act.

SECTION 7. A medical marijuana identification card issued pursuant to Sections 1 through 10 of this act shall serve to identify a person as a qualified patient or caregiver or officer, owner, operator, employee, contractor, or agent of a medical marijuana treatment center and thus exempt such person from criminal or civil sanctions for the conduct authorized by Sections 1 through 10 of this act.

SECTION 8. (1) Medical marijuana treatment centers shall not provide to a qualified patient, during any one fourteen-day period, an amount of medical marijuana that exceeds two and five-tenths (2.5) ounces by weight. At no one time shall a qualified patient possess more than two and five-tenths (2.5) ounces of medical marijuana. The weight limitation herein shall not include any ingredients combined with medical marijuana to prepare edible products, topical products, ointments, oils, tinctures, or other products.

(2) Medical marijuana shall only be dispensed to a qualified patient or caregiver with a current medical marijuana identification card by a medical marijuana treatment center.

(3) All contracts under Sections 1 through 10 of this act and related to the operation of medical marijuana treatment centers shall be enforceable and rules applicable to other similar businesses by the Department of Revenue shall apply to medical marijuana treatment centers created pursuant to Sections 1 through 10 of this act.

(4) No medical marijuana treatment center shall be located within five hundred (500) feet of a pre-existing school, church, or licensed child care center.

(5) Except as otherwise provided in Sections 1 through 10 of this act, any zoning ordinances, regulations and/or provisions of a municipality or county shall be consistent with Sections 1 through 10 of this act and shall not impair the availability of and reasonable access to medical marijuana. Zoning provisions applicable to retail dispensaries shall be no more restrictive than those for a licensed retail pharmacy and zoning provisions applicable to other businesses that fall within the definition of medical marijuana treatment centers shall be no more restrictive than other comparably sized and staffed lawful commercial or industrial businesses.

SECTION 9. No later than two (2) years from the implementation of Sections 1 through 10 of this act, and every two (2) years thereafter, the department shall provide to the Legislature a comprehensive public report of the operation of Sections 1 through 10 of this act.

SECTION 10. The provisions of Sections 1 through 10 of this act are declared to be severable, and if any provision, word, phrase, or clause of Sections 1 through 10 of this act or the application thereof shall be held invalid, such invalidity shall not affect the validity of the remaining portions of Sections 1 through 10 of this act.

SECTION 11. Section 41-29-125, Mississippi Code of 1972, is amended as follows:

41-29-125. (1) The State Board of Pharmacy may promulgate rules and regulations relating to the registration and control of the manufacture, distribution and dispensing of controlled substances within this state and the distribution and dispensing of controlled substances into this state from an out-of-state location.

(a) Every person who manufactures, distributes or dispenses any controlled substance within this state or who distributes or dispenses any controlled substance into this state from an out-of-state location, or who proposes to engage in the manufacture, distribution or dispensing of any controlled substance within this state or the distribution or dispensing of any controlled substance into this state from an out-of-state location, must obtain a registration issued by the State Board of Pharmacy, the State Board of Medical Licensure, the State Board of Dental Examiners, the Mississippi Board of Nursing or the Mississippi Board of Veterinary Medicine, as appropriate, in accordance with its rules and the law of this state. Such registration shall be obtained annually or biennially, as specified by the issuing board, and a reasonable fee may be charged by the issuing board for such registration.

(b) Persons registered by the State Board of Pharmacy, with the consent of the United States Drug Enforcement Administration and the State Board of Medical Licensure, the State Board of Dental Examiners, the Mississippi Board of Nursing or the Mississippi Board of Veterinary Medicine to manufacture, distribute, dispense or conduct research with controlled substances may possess, manufacture, distribute, dispense or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this article.

(c) The following persons need not register and may lawfully possess controlled substances under this article:

(1) An agent or employee of any registered manufacturer, distributor or dispenser of any controlled substance if he is acting in the usual course of his business or employment;

(2) A common or contract carrier or warehouse, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) An ultimate user or a person in possession of any controlled substance pursuant to a valid prescription or in lawful possession of a Schedule V substance as defined in Section 41-29-121.

(d) The State Board of Pharmacy may waive by rule the requirement for registration of certain manufacturers, distributors or dispensers if it finds it consistent with the public health and safety.

(e) A separate registration is required at each principal place of business or professional practice where an applicant within the state manufactures, distributes or dispenses controlled substances and for each principal place of business or professional practice located out-of-state from which controlled substances are distributed or dispensed into the state.

(f) The State Board of Pharmacy, the Mississippi Bureau of Narcotics, the State Board of Medical Licensure, the State Board of Dental Examiners, the Mississippi Board of Nursing and the Mississippi Board of Veterinary Medicine may inspect the establishment of a registrant or applicant for registration in accordance with the regulations of these agencies as approved by the board.

(2) Whenever a pharmacy ships, mails or delivers any Schedule II controlled substance listed in Section 41-29-115 to a private residence in this state, the pharmacy shall arrange with the entity that will actually deliver the controlled substance to a recipient

in this state that the entity will: (a) deliver the controlled substance only to a person who is eighteen (18) years of age or older; and (b) obtain the signature of that person before delivering the controlled substance. The requirements of this subsection shall not apply to a pharmacy serving a nursing facility or to a pharmacy owned and/or operated by a hospital, nursing facility or clinic to which the general public does not have access to purchase pharmaceuticals on a retail basis.

(3) This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

SECTION 12. Section 41-29-127, Mississippi Code of 1972, is amended as follows:

41-29-127. (a) The State Board of Pharmacy shall register an applicant to manufacture or distribute controlled substances included in Sections 41-29-113 through 41-29-121 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the State Board of Pharmacy shall consider the following factors:

(1) Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

(2) Compliance with applicable state and local law;

(3) Any convictions of the applicant under any federal and state laws relating to any controlled substance;

(4) Past experience in the manufacture or distribution of controlled substances and the existence in the applicant's establishment of effective controls against diversion;

(5) Furnishing by the applicant of false or fraudulent material in any application filed under this article;

(6) Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(7) Any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II, as set out in Sections 41-29-113 and 41-29-115, other than those specified in the registration.

(c) Practitioners must be registered to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V, as set out in Sections 41-29-115 through 41-29-121, if they are authorized to dispense or conduct research under the law of this state. The State Board of Pharmacy need not require separate registration under this section for practitioners engaging in research with nonnarcotic controlled substances in the said Schedules II through V where the registrant is already registered therein in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances, as set out in Section 41-29-113, may conduct research with Schedule I substances within this state upon furnishing the State Board of Health evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration (excluding fees) entitles them to be registered under this article.

(e) This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

SECTION 13. Section 41-29-136, Mississippi Code of 1972, is amended as follows:

41-29-136. (1) "CBD solution" means a pharmaceutical preparation consisting of processed cannabis plant extract in oil or other suitable vehicle.

(2) (a) CBD solution prepared from (i) Cannabis plant extract that is provided by the National Center for Natural Products Research at the University of Mississippi under appropriate federal and state regulatory approvals, or (ii) Cannabis extract from

hemp produced pursuant to Sections 69-25-201 through 69-25-221, which is prepared and tested to meet compliance with regulatory specifications, may be dispensed by the Department of Pharmacy Services at the University of Mississippi Medical Center (UMMC Pharmacy) after mixing the extract with a suitable vehicle. The CBD solution may be prepared by the UMMC Pharmacy or by another pharmacy or laboratory in the state under appropriate federal and state regulatory approvals and registrations.

(b) The patient or the patient's parent, guardian or custodian must execute a hold-harmless agreement that releases from liability the state and any division, agency, institution or employee thereof involved in the research, cultivation, processing, formulating, dispensing, prescribing or administration of CBD solution obtained from entities authorized under this section to produce or possess cannabidiol for research under appropriate federal and state regulatory approvals and registrations.

(c) The National Center for Natural Products Research at the University of Mississippi and the Mississippi Agricultural and Forestry Experiment Station at Mississippi State University are the only entities authorized to produce cannabis plants for cannabidiol research.

(d) Research of CBD solution under this section must comply with the provisions of Section 41-29-125 regarding lawful possession of controlled substances, of Section 41-29-137 regarding record-keeping requirements relative to the dispensing, use or administration of controlled substances, and of Section 41-29-133 regarding inventory requirements, insofar as they are applicable. Authorized entities may enter into public-private partnerships to facilitate research.

(3) (a) In a prosecution for the unlawful possession of marijuana under the laws of this state, it is an affirmative and complete defense to prosecution that:

(i) The defendant suffered from a debilitating epileptic condition or related illness and the use or possession of CBD solution was pursuant to the order of a physician as authorized under this section; or

(ii) The defendant is the parent, guardian or custodian of an individual who suffered from a debilitating epileptic condition or related illness and the use or possession of CBD solution was pursuant to the order of a physician as authorized under this section.

(b) An agency of this state or a political subdivision thereof, including any law enforcement agency, may not initiate proceedings to remove a child from the home based solely upon the possession or use of CBD solution by the child or parent, guardian or custodian of the child as authorized under this section.

(c) An employee of the state or any division, agency, institution thereof involved in the research, cultivation, processing, formulation, dispensing, prescribing or administration of CBD solution shall not be subject to prosecution for unlawful possession, use, distribution or prescription of marijuana under the laws of this state for activities arising from or related to the use of CBD solution in the treatment of individuals diagnosed with a debilitating epileptic condition.

(4) This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

(5) This section shall be known as "Harper Grace's Law."

(** *6) This section shall stand repealed from and after July 1, 2021.

SECTION 14. Section 41-29-137, Mississippi Code of 1972, is amended as follows:

41-29-137. (a) (1) Except when dispensed directly by a practitioner, other than a pharmacy, to an ultimate user, no controlled substance in Schedule II, as set out in Section 41-29-115, may be dispensed without the written valid prescription of a practitioner. A practitioner shall keep a record of all controlled substances in Schedule I, II and III administered, dispensed or professionally used by him otherwise than by prescription.

(2) In emergency situations, as defined by rule of the State Board of Pharmacy, Schedule II drugs may be dispensed upon the oral valid prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of Section 41-29-133. No prescription for a

Schedule II substance may be refilled unless renewed by prescription issued by a licensed medical doctor.

(b) Except when dispensed directly by a practitioner, other than a pharmacy, to an ultimate user, a controlled substance included in Schedule III or IV, as set out in Sections 41-29-117 and 41-29-119, shall not be dispensed without a written or oral valid prescription of a practitioner. The prescription shall not be filled or refilled more than six (6) months after the date thereof or be refilled more than five (5) times, unless renewed by the practitioner.

(c) A controlled substance included in Schedule V, as set out in Section 41-29-121, shall not be distributed or dispensed other than for a medical purpose.

(d) An optometrist certified to prescribe and use therapeutic pharmaceutical agents under Sections 73-19-153 through 73-19-165 shall be authorized to prescribe oral analgesic controlled substances in Schedule IV or V, as pertains to treatment and management of eye disease by written prescription only.

(e) Administration by injection of any pharmaceutical product authorized in this section is expressly prohibited except when dispensed directly by a practitioner other than a pharmacy.

(f) (1) For the purposes of this article, Title 73, Chapter 21, and Title 73, Chapter 25, Mississippi Code of 1972, as it pertains to prescriptions for controlled substances, a "valid prescription" means a prescription that is issued for a legitimate medical purpose in the usual course of professional practice by:

(A) A practitioner who has conducted at least one (1) in-person medical evaluation of the patient, except as otherwise authorized by Section 41-29-137.1 through June 30, 2021; or

(B) A covering practitioner.

(2) (A) "In-person medical evaluation" means a medical evaluation that is conducted with the patient in the physical presence of the practitioner, without regard to whether portions of the evaluation are conducted by other health professionals.

(B) "Covering practitioner" means a practitioner who conducts a medical evaluation other than an in-person medical evaluation at the request of a practitioner who has conducted at least one (1) in-person medical evaluation of the patient or an evaluation of the patient through the practice of telemedicine within the previous twenty-four (24) months and who is temporarily unavailable to conduct the evaluation of the patient.

(3) A prescription for a controlled substance based solely on a consumer's completion of an online medical questionnaire is not a valid prescription.

(4) Nothing in this subsection (f) shall apply to:

(A) A prescription issued by a practitioner engaged in the practice of telemedicine as authorized under state or federal law; or

(B) The dispensing or selling of a controlled substance pursuant to practices as determined by the United States Attorney General by regulation.

(g) This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

SECTION 15. Section 41-29-139, Mississippi Code of 1972, is amended as follows:

41-29-139. (a) Transfer and possession with intent to transfer. Except as authorized by this article, it is unlawful for any person knowingly or intentionally:

(1) To sell, barter, transfer, manufacture, distribute, dispense or possess with intent to sell, barter, transfer, manufacture, distribute or dispense, a controlled substance; or

(2) To create, sell, barter, transfer, distribute, dispense or possess with intent to create, sell, barter, transfer, distribute or dispense, a counterfeit substance.

(b) Punishment for transfer and possession with intent to transfer. Except as otherwise provided in Section 41-29-142, any person who violates subsection (a) of this section shall be, if convicted, sentenced as follows:

(1) For controlled substances classified in Schedule I or II, as set out in Sections 41-29-113 and 41-29-115, other than marijuana or synthetic cannabinoids:

(A) If less than two (2) grams or ten (10) dosage units, by imprisonment for not more than eight (8) years or a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both.

(B) If two (2) or more grams or ten (10) or more dosage units, but less than ten (10) grams or twenty (20) dosage units, by imprisonment for not less than three (3) years nor more than twenty (20) years or a fine of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00), or both.

(C) If ten (10) or more grams or twenty (20) or more dosage units, but less than thirty (30) grams or forty (40) dosage units, by imprisonment for not less than five (5) years nor more than thirty (30) years or a fine of not more than Five Hundred Thousand Dollars (\$500,000.00), or both.

(2) (A) For marijuana:

1. If thirty (30) grams or less, by imprisonment for not more than three (3) years or a fine of not more than Three Thousand Dollars (\$3,000.00), or both;

2. If more than thirty (30) grams but less than two hundred fifty (250) grams, by imprisonment for not more than five (5) years or a fine of not more than Five Thousand Dollars (\$5,000.00), or both;

3. If two hundred fifty (250) or more grams but less than five hundred (500) grams, by imprisonment for not less than three (3) years nor more than ten (10) years or a fine of not more than Fifteen Thousand Dollars (\$15,000.00), or both;

4. If five hundred (500) or more grams but less than one (1) kilogram, by imprisonment for not less than five (5) years nor more than twenty (20) years or a fine of not more than Twenty Thousand Dollars (\$20,000.00), or both.

(B) For synthetic cannabinoids:

1. If ten (10) grams or less, by imprisonment for not more than three (3) years or a fine of not more than Three Thousand Dollars (\$3,000.00), or both;

2. If more than ten (10) grams but less than twenty (20) grams, by imprisonment for not more than five (5) years or a fine of not more than Five Thousand Dollars (\$5,000.00), or both;

3. If twenty (20) or more grams but less than forty (40) grams, by imprisonment for not less than three (3) years nor more than ten (10) years or a fine of not more than Fifteen Thousand Dollars (\$15,000.00), or both;

4. If forty (40) or more grams but less than two hundred (200) grams, by imprisonment for not less than five (5) years nor more than twenty (20) years or a fine of not more than Twenty Thousand Dollars (\$20,000.00), or both.

(3) For controlled substances classified in Schedules III and IV, as set out in Sections 41-29-117 and 41-29-119:

(A) If less than two (2) grams or ten (10) dosage units, by imprisonment for not more than five (5) years or a fine of not more than Five Thousand Dollars (\$5,000.00), or both;

(B) If two (2) or more grams or ten (10) or more dosage units, but less than ten (10) grams or twenty (20) dosage units, by imprisonment for not more than eight (8) years or a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both;

(C) If ten (10) or more grams or twenty (20) or more dosage units, but less than thirty (30) grams or forty (40) dosage units, by imprisonment for not more than fifteen (15) years or a fine of not more than One Hundred Thousand Dollars (\$100,000.00), or both;

(D) If thirty (30) or more grams or forty (40) or more dosage units, but less than five hundred (500) grams or two thousand five hundred (2,500) dosage units, by imprisonment for not more than twenty (20) years or a fine of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00), or both.

(4) For controlled substances classified in Schedule V, as set out in Section 41-29-121:

(A) If less than two (2) grams or ten (10) dosage units, by imprisonment for not more than one (1) year or a fine of not more than Five Thousand Dollars (\$5,000.00), or both;

(B) If two (2) or more grams or ten (10) or more dosage units, but less than ten (10) grams or twenty (20) dosage units, by imprisonment for not more than five (5) years or a fine of not more than Ten Thousand Dollars (\$10,000.00), or both;

(C) If ten (10) or more grams or twenty (20) or more dosage units, but less than thirty (30) grams or forty (40) dosage units, by imprisonment for not more than ten (10) years or a fine of not more than Twenty Thousand Dollars (\$20,000.00), or both;

(D) For thirty (30) or more grams or forty (40) or more dosage units, but less than five hundred (500) grams or two thousand five hundred (2,500) dosage units, by imprisonment for not more than fifteen (15) years or a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both.

(c) Simple possession. Except as otherwise provided under subsection (i) of this section for lawful purchases made in accordance with Sections 1 through 10 of this act, it is unlawful for any person knowingly or intentionally to possess any controlled substance unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of his professional practice, or except as otherwise authorized by this article. The penalties for any violation of this subsection (c) with respect to a controlled substance classified in Schedules I, II, III, IV or V, as set out in Section 41-29-113, 41-29-115, 41-29-117, 41-29-119 or 41-29-121, including marijuana or synthetic cannabinoids, shall be based on dosage unit as defined herein or the weight of the controlled substance as set forth herein as appropriate:

"Dosage unit (d.u.)" means a tablet or capsule, or in the case of a liquid solution, one (1) milliliter. In the case of lysergic acid diethylamide (LSD) the term, "dosage unit" means a stamp, square, dot, microdot, tablet or capsule of a controlled substance.

For any controlled substance that does not fall within the definition of the term "dosage unit," the penalties shall be based upon the weight of the controlled substance.

The weight set forth refers to the entire weight of any mixture or substance containing a detectable amount of the controlled substance.

If a mixture or substance contains more than one (1) controlled substance, the weight of the mixture or substance is assigned to the controlled substance that results in the greater punishment.

A person shall be charged and sentenced as follows for a violation of this subsection with respect to:

(1) A controlled substance classified in Schedule I or II, except marijuana and synthetic cannabinoids:

(A) If less than one-tenth (0.1) gram or two (2) dosage units, the violation is a misdemeanor and punishable by imprisonment for not more than one (1) year or a fine of not more than One Thousand Dollars (\$1,000.00), or both.

(B) If one-tenth (0.1) gram or more or two (2) or more dosage units, but less than two (2) grams or ten (10) dosage units, by imprisonment for not more than three (3) years or a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both.

(C) If two (2) or more grams or ten (10) or more dosage units, but less than ten (10) grams or twenty (20) dosage units, by imprisonment for not more than eight (8) years or a fine of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00), or both.

(D) If ten (10) or more grams or twenty (20) or more dosage units, but less than thirty (30) grams or forty (40) dosage units, by imprisonment for not less than three (3) years nor more than twenty (20) years or a fine of not more than Five Hundred Thousand Dollars (\$500,000.00), or both.

(2) (A) Marijuana and synthetic cannabinoids:

1. If thirty (30) grams or less of marijuana or ten (10) grams or less of synthetic cannabinoids, by a fine of not less than One Hundred Dollars (\$100.00) nor more than Two Hundred Fifty Dollars (\$250.00). The provisions of this paragraph (2)(A) may be enforceable by summons if the offender provides proof of

identity satisfactory to the arresting officer and gives written promise to appear in court satisfactory to the arresting officer, as directed by the summons. A second conviction under this section within two (2) years is a misdemeanor punishable by a fine of Two Hundred Fifty Dollars (\$250.00), not more than sixty (60) days in the county jail, and mandatory participation in a drug education program approved by the Division of Alcohol and Drug Abuse of the State Department of Mental Health, unless the court enters a written finding that a drug education program is inappropriate. A third or subsequent conviction under this paragraph (2)(A) within two (2) years is a misdemeanor punishable by a fine of not less than Two Hundred Fifty Dollars (\$250.00) nor more than One Thousand Dollars (\$1,000.00) and confinement for not more than six (6) months in the county jail.

Upon a first or second conviction under this paragraph (2)(A), the courts shall forward a report of the conviction to the Mississippi Bureau of Narcotics which shall make and maintain a private, nonpublic record for a period not to exceed two (2) years from the date of conviction. The private, nonpublic record shall be solely for the use of the courts in determining the penalties which attach upon conviction under this paragraph (2)(A) and shall not constitute a criminal record for the purpose of private or administrative inquiry and the record of each conviction shall be expunged at the end of the period of two (2) years following the date of such conviction;

2. Additionally, a person who is the operator of a motor vehicle, who possesses on his person or knowingly keeps or allows to be kept in a motor vehicle within the area of the vehicle normally occupied by the driver or passengers, more than one (1) gram, but not more than thirty (30) grams of marijuana or not more than ten (10) grams of synthetic cannabinoids is guilty of a misdemeanor and, upon conviction, may be fined not more than One Thousand Dollars (\$1,000.00) or confined for not more than ninety (90) days in the county jail, or both. For the purposes of this subsection, such area of the vehicle shall not include the trunk of the motor vehicle or the areas not normally occupied by the driver or passengers if the vehicle is not equipped with a trunk. A utility or glove compartment shall be deemed to be within the area occupied by the driver and passengers;

(B) Marijuana:

1. If more than thirty (30) grams but less than two hundred fifty (250) grams, by a fine of not more than One Thousand Dollars (\$1,000.00), or confinement in the county jail for not more than one (1) year, or both; or by a fine of not more than Three Thousand Dollars (\$3,000.00), or imprisonment in the custody of the Department of Corrections for not more than three (3) years, or both;

2. If two hundred fifty (250) or more grams but less than five hundred (500) grams, by imprisonment for not less than two (2) years nor more than eight (8) years or by a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both;

3. If five hundred (500) or more grams but less than one (1) kilogram, by imprisonment for not less than four (4) years nor more than sixteen (16) years or a fine of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00), or both;

4. If one (1) kilogram or more but less than five (5) kilograms, by imprisonment for not less than six (6) years nor more than twenty-four (24) years or a fine of not more than Five Hundred Thousand Dollars (\$500,000.00), or both;

5. If five (5) kilograms or more, by imprisonment for not less than ten (10) years nor more than thirty (30) years or a fine of not more than One Million Dollars (\$1,000,000.00), or both.

(C) Synthetic cannabinoids:

1. If more than ten (10) grams but less than twenty (20) grams, by a fine of not more than One Thousand Dollars (\$1,000.00), or confinement in the county jail for not more than one (1) year, or both; or by a fine of not more than Three Thousand Dollars (\$3,000.00), or imprisonment in the custody of the Department of Corrections for not more than three (3) years, or both;

2. If twenty (20) or more grams but less than forty (40) grams, by imprisonment for not less than two (2) years nor more than eight (8) years or by a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both;

3. If forty (40) or more grams but less than two hundred (200) grams, by imprisonment for not less than four (4) years nor more than sixteen (16) years or a fine of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00), or both;

4. If two hundred (200) or more grams, by imprisonment for not less than six (6) years nor more than twenty-four (24) years or a fine of not more than Five Hundred Thousand Dollars (\$500,000.00), or both.

(3) A controlled substance classified in Schedule III, IV or V as set out in Sections 41-29-117 through 41-29-121, upon conviction, may be punished as follows:

(A) If less than fifty (50) grams or less than one hundred (100) dosage units, the offense is a misdemeanor and punishable by not more than one (1) year or a fine of not more than One Thousand Dollars (\$1,000.00), or both.

(B) If fifty (50) or more grams or one hundred (100) or more dosage units, but less than one hundred fifty (150) grams or five hundred (500) dosage units, by imprisonment for not less than one (1) year nor more than four (4) years or a fine of not more than Ten Thousand Dollars (\$10,000.00), or both.

(C) If one hundred fifty (150) or more grams or five hundred (500) or more dosage units, but less than three hundred (300) grams or one thousand (1,000) dosage units, by imprisonment for not less than two (2) years nor more than eight (8) years or a fine of not more than Fifty Thousand Dollars (\$50,000.00), or both.

(D) If three hundred (300) or more grams or one thousand (1,000) or more dosage units, but less than five hundred (500) grams or two thousand five hundred (2,500) dosage units, by imprisonment for not less than four (4) years nor more than sixteen (16) years or a fine of not more than Two Hundred Fifty Thousand Dollars (\$250,000.00), or both.

(d) Paraphernalia. (1) Except as otherwise provided under subsection (i) of this section for lawful purchases made in accordance with Sections 1 through 10 of this act, it is unlawful for a person who is not authorized by the State Board of Medical Licensure, State Board of Pharmacy, or other lawful authority to use, or to possess with intent to use, paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of the Uniform Controlled Substances Law. Any person who violates this subsection (d)(1) is guilty of a misdemeanor and, upon conviction, may be confined in the county jail for not more than six (6) months, or fined not more than Five Hundred Dollars (\$500.00), or both; however, no person shall be charged with a violation of this subsection when such person is also charged with the possession of thirty (30) grams or less of marijuana under subsection (c)(2)(A) of this section.

(2) It is unlawful for any person to deliver, sell, possess with intent to deliver or sell, or manufacture with intent to deliver or sell, paraphernalia, knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of the Uniform Controlled Substances Law. Except as provided in subsection (d)(3), a person who violates this subsection (d)(2) is guilty of a misdemeanor and, upon conviction, may be confined in the county jail for not more than six (6) months, or fined not more than Five Hundred Dollars (\$500.00), or both.

(3) Any person eighteen (18) years of age or over who violates subsection (d)(2) of this section by delivering or selling paraphernalia to a person under eighteen (18) years of age who is at least three (3) years his junior is guilty of a misdemeanor and, upon conviction, may be confined in the county jail for not more than one (1) year, or fined not more than One Thousand Dollars (\$1,000.00), or both.

(4) It is unlawful for any person to place in any newspaper, magazine, handbill, or other publication any advertisement, knowing, or under circumstances where one reasonably should know, that the purpose of the advertisement, in whole or in part, is to promote the sale of objects designed or intended for use as paraphernalia. Any person who violates this subsection is guilty of a misdemeanor and, upon conviction, may be confined in the county jail for not more than six (6) months, or fined not more than Five Hundred Dollars (\$500.00), or both.

(e) It shall be unlawful for any physician practicing medicine in this state to prescribe, dispense or administer any amphetamine or amphetamine-like anorectics and/or central nervous system stimulants classified in Schedule II, pursuant to Section 41-29-115, for the exclusive treatment of obesity, weight control or weight loss. Any person who violates this subsection, upon conviction, is guilty of a misdemeanor and may be confined for a period not to exceed six (6) months, or fined not more than One Thousand Dollars (\$1,000.00), or both.

(f) Trafficking. (1) Any person trafficking in controlled substances shall be guilty of a felony and, upon conviction, shall be imprisoned for a term of not less than ten (10) years nor more than forty (40) years and shall be fined not less than Five Thousand Dollars (\$5,000.00) nor more than One Million Dollars (\$1,000,000.00). The ten-year mandatory sentence shall not be reduced or suspended. The person shall not be eligible for probation or parole, the provisions of Sections 41-29-149, 47-5-139, 47-7-3 and 47-7-33, to the contrary notwithstanding.

(2) "Trafficking in controlled substances" as used herein means:

(A) A violation of subsection (a) of this section involving thirty (30) or more grams or forty (40) or more dosage units of a Schedule I or II controlled substance except marijuana and synthetic cannabinoids;

(B) A violation of subsection (a) of this section involving five hundred (500) or more grams or two thousand five hundred (2,500) or more dosage units of a Schedule III, IV or V controlled substance;

(C) A violation of subsection (c) of this section involving thirty (30) or more grams or forty (40) or more dosage units of a Schedule I or II controlled substance except marijuana and synthetic cannabinoids;

(D) A violation of subsection (c) of this section involving five hundred (500) or more grams or two thousand five hundred (2,500) or more dosage units of a Schedule III, IV or V controlled substance; or

(E) A violation of subsection (a) of this section involving one (1) kilogram or more of marijuana or two hundred (200) grams or more of synthetic cannabinoids.

(g) Aggravated trafficking. Any person trafficking in Schedule I or II controlled substances, except marijuana and synthetic cannabinoids, of two hundred (200) grams or more shall be guilty of aggravated trafficking and, upon conviction, shall be sentenced to a term of not less than twenty-five (25) years nor more than life in prison and shall be fined not less than Five Thousand Dollars (\$5,000.00) nor more than One Million Dollars (\$1,000,000.00). The twenty-five-year sentence shall be a mandatory sentence and shall not be reduced or suspended. The person shall not be eligible for probation or parole, the provisions of Sections 41-29-149, 47-5-139, 47-7-3 and 47-7-33, to the contrary notwithstanding.

(h) Sentence mitigation. (1) Notwithstanding any provision of this section, a person who has been convicted of an offense under this section that requires the judge to impose a prison sentence which cannot be suspended or reduced and is ineligible for probation or parole may, at the discretion of the court, receive a sentence of imprisonment that is no less than twenty-five percent (25%) of the sentence prescribed by the applicable statute. In considering whether to apply the departure from the sentence prescribed, the court shall conclude that:

(A) The offender was not a leader of the criminal enterprise;

(B) The offender did not use violence or a weapon during the crime;

(C) The offense did not result in a death or serious bodily injury of a person not a party to the criminal enterprise; and

(D) The interests of justice are not served by the imposition of the prescribed mandatory sentence.

The court may also consider whether information and assistance were furnished to a law enforcement agency, or its designee, which, in the opinion of the trial judge, objectively should or would have aided in the arrest or prosecution of others who violate this subsection. The accused shall have adequate opportunity to develop and make a record of all information and assistance so furnished.

(2) If the court reduces the prescribed sentence pursuant to this subsection, it must specify on the record the circumstances warranting the departure.

(i) This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

SECTION 16. Section 41-29-141, Mississippi Code of 1972, is amended as follows:

41-29-141. It is unlawful for any person:

(1) Who is subject to Section 41-29-125 to distribute or dispense a controlled substance in violation of Section 41-29-137;

(2) Who is a registrant under Section 41-29-125 to manufacture a controlled substance not authorized by his registration, or to distribute or dispense a controlled substance not authorized by his registration to another registrant or other authorized person;

(3) To refuse or fail to make, keep or furnish any record, notification, order form, statement, invoice or information required under this article;

(4) To refuse a lawful entry into any premises for any inspection authorized by this article; or

(5) Knowingly to keep or maintain any store, shop, warehouse, dwelling, building, vehicle, boat, aircraft, or other structure or place, which is resorted to by persons using controlled substances in violation of this article for the purpose of using these substances, or which is used for keeping or selling them in violation of this article.

Any person who violates this section shall, with respect to such violation, be subject to a civil penalty payable to the State of Mississippi of not more than Twenty-five Thousand Dollars (\$25,000.00).

In addition to the civil penalty provided in the preceding paragraph, any person who knowingly or intentionally violates this section shall be guilty of a crime and upon conviction thereof may be confined for a period of not more than one (1) year or fined not more than One Thousand Dollars (\$1,000.00), or both.

This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

SECTION 17. Section 41-29-143, Mississippi Code of 1972, is amended as follows:

41-29-143. It is unlawful for any person knowingly or intentionally:

(1) To distribute as a registrant a controlled substance classified in Schedule I or II, as set out in Sections 41-29-113 and 41-29-115, except pursuant to an order form as required by Section 41-29-135;

(2) To use in the course of the manufacture or distribution of a controlled substance a registration number which is fictitious, revoked, suspended, or issued to another person * * *;

(3) To furnish false or fraudulent material information in, or omit any material information from, any application, report, or other document required to be kept or filed under this article, or any record required to be kept by this article; or

(4) To make, distribute, or possess any punch, die, plate, stone, or other thing designed to print, imprint, or reproduce the trademark, trade name, or other identifying mark, imprint or device of another or any likeness of any of the foregoing upon any drug or container or labeling thereof so as to render the drug a counterfeit substance.

Any person who violates this section is guilty of a crime and upon conviction may be confined for not more than one (1) year or fined not more than One Thousand Dollars (\$1,000.00) or both.

This section does not apply to any of the actions regarding the cultivation, manufacture, processing, sale, distribution, dispensing, purchase, possession, use and testing of medical marijuana that are lawful under Sections 1 through 10 of this act and in compliance with the implementing regulations adopted by the State Department of Health.

SECTION 18. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AUTHORIZE MEDICAL MARIJUANA FOR QUALIFIED PERSONS WITH DEBILITATING MEDICAL CONDITIONS; TO STATE THE PURPOSE OF THIS ACT; TO PROVIDE THAT CERTAIN ACTIONS RELATING TO MEDICAL MARIJUANA SHALL NOT BE SUBJECT TO CIVIL OR CRIMINAL SANCTIONS; TO PROVIDE THAT THIS ACT DOES NOT APPLY TO CERTAIN SITUATIONS AND ACTIVITIES; TO PROVIDE THAT IT IS UNLAWFUL TO SMOKE MEDICAL MARIJUANA IN A PUBLIC PLACE; TO DEFINE CERTAIN TERMS FOR THE PURPOSE OF THIS ACT; TO PROVIDE THAT THE STATE DEPARTMENT OF HEALTH SHALL ADMINISTER THE PROVISIONS OF THIS ACT; TO DIRECT THE DEPARTMENT TO PRESCRIBE RULES AND REGULATIONS ADDRESSING CERTAIN MATTERS RELATING TO MEDICAL MARIJUANA; TO PROVIDE THAT THE DEPARTMENT SHALL ISSUE IDENTIFICATION CARDS TO QUALIFIED PATIENTS UPON PRESENTATION OF A PHYSICIAN CERTIFICATION; TO PROVIDE THAT QUALIFIED PATIENTS ARE AUTHORIZED TO RECEIVE MEDICAL MARIJUANA FROM TREATMENT CENTERS UPON PRESENTATION OF THEIR IDENTIFICATION CARD; TO DIRECT THE DEPARTMENT TO ADOPT FINAL RULES AND REGULATIONS NOT LATER THAN JULY 1, 2021, AND BEGIN ISSUING IDENTIFICATION CARDS AND TREATMENT CENTER LICENSES NOT LATER THAN AUGUST 15, 2021; TO AUTHORIZE THE DEPARTMENT TO ADOPT AND LEVY ADMINISTRATIVE FINES TO ENFORCE THE PROVISIONS OF THIS ACT; TO CREATE A SPECIAL FUND IN THE STATE TREASURY, WHICH SHALL BE ADMINISTERED BY THE DEPARTMENT; TO PROVIDE THAT THE DEPARTMENT MAY MAKE EXPENDITURES FROM THE FUND UPON APPROPRIATION BY THE LEGISLATURE FOR COSTS OR OTHER SERVICES OR PROGRAMS ASSOCIATED WITH THIS ACT; TO PROVIDE THAT MEDICAL MARIJUANA TREATMENT CENTERS SHALL NOT PROVIDE TO A QUALIFIED PATIENT, DURING ANY ONE FOURTEEN-DAY PERIOD, AN AMOUNT OF MEDICAL MARIJUANA THAT EXCEEDS TWO AND FIVE-TENTHS OUNCES BY WEIGHT; TO PROVIDE THAT AT NO ONE TIME SHALL A QUALIFIED PATIENT POSSESS MORE THAN TWO AND FIVE-TENTHS OUNCES OF MEDICAL MARIJUANA; TO PROVIDE THAT MEDICAL MARIJUANA SHALL ONLY BE DISPENSED TO A QUALIFIED PATIENT OR CAREGIVER WITH A CURRENT MEDICAL MARIJUANA IDENTIFICATION CARD BY A MEDICAL MARIJUANA TREATMENT CENTER; TO PROVIDE THAT NO MEDICAL MARIJUANA TREATMENT CENTER SHALL BE LOCATED WITHIN FIVE HUNDRED FEET OF A PRE-EXISTING SCHOOL, CHURCH OR LICENSED CHILD CARE CENTER; TO PROVIDE THAT ANY ZONING ORDINANCES, REGULATIONS AND/OR PROVISIONS OF A MUNICIPALITY OR COUNTY SHALL BE CONSISTENT WITH THIS ACT AND SHALL NOT IMPAIR THE AVAILABILITY OF AND REASONABLE ACCESS TO MEDICAL MARIJUANA; TO PROVIDE THAT ZONING PROVISIONS APPLICABLE TO MEDICAL MARIJUANA RETAIL DISPENSARIES SHALL BE NO MORE RESTRICTIVE THAN THOSE FOR A LICENSED RETAIL PHARMACY, AND ZONING PROVISIONS APPLICABLE TO OTHER BUSINESSES THAT FALL WITHIN THE DEFINITION OF MEDICAL MARIJUANA TREATMENT CENTERS SHALL BE NO MORE RESTRICTIVE THAN OTHER COMPARABLY SIZED AND STAFFED LAWFUL COMMERCIAL OR INDUSTRIAL BUSINESSES; TO AMEND SECTIONS 41-29-125, 41-29-127, 41-29-136, 41-29-137, 41-29-139, 41-29-141 AND 41-29-143, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PRECEDING PROVISIONS; AND FOR RELATED PURPOSES.

No Action

A point of order was raised by REPRESENTATIVES BOMGAR AND JOHNSON that Section 6 of the Substitute Amendment to Amendment # 1 for Senate Bill 2765 amends Sections 25-9-101 through 25-9-155 of the state's personnel management laws by reference in violation of House Rule 106. Exemptions to current law contemplated by Section 6 would have to be itemized in existing law.

The bill was set aside pending a Speaker's Ruling.

Rep. Bain called up the following bill which had been laid on the table subject to call:

S. B. No. 2573: Department of Public Safety; implement uniform reporting standards for jail census data & create & maintain a centralized database.

AMENDMENT NO. 1 BY COMMITTEE:

AMEND on line 175 by inserting the following after "2021":
", and shall be repealed on June 30, 2021"

ADOPTED

AMENDMENT NO. 2 BY REPRESENTATIVE Horan:

AMEND by inserting the following language after 173 and by renumbering the succeeding section:

SECTION 5. (1) Whenever used in this section, the term: (a)
"Educational program" means a program of learning recognized by the State Board of Education, Department of Mental Health, Mississippi Department of Corrections, or the sheriff, administrator or director of the work release program.

(b) "Rehabilitative program" includes an alcohol and drug treatment program, mental health program, family counseling, community service or other community program approved by the court having jurisdiction over the offender.

(c) "Sheriff" means the sheriff of the jurisdiction where the person charged with the criminal offense was convicted and sentenced, provided that the sheriff may designate a deputy sheriff or jail administrator to assign offenders to work release programs under this section.

(d) "Mississippi Department of Corrections" means the Commissioner of Mississippi Department of Corrections, provided that the Commissioner or designated deputy commissioner may assign offenders to work release programs administered by Mississippi Prison Industries Corporation under this section.

(e) "Work release" means full-time or part-time employment or participation in suitable career and technical education programs.

(2) Any court having jurisdiction for the trial of a person charged with a felony offense, except those charges listed in Section 97-3-2 may, if the defendant is convicted and (i) sentenced to confinement in jail, state or regional correctional facility or (ii) being held in jail, state or regional correctional facility pending completion of a presentence report, and if it appears to the court that such offender is a suitable candidate for work release, and such offender volunteers, assign the offender to a work release program under the supervision of the Mississippi Department of Corrections, Mississippi Prison Industries Corporation, sheriff or a program designated by the court. The court further may authorize the offender to participate in educational or other rehabilitative programs designed to supplement his or her work release employment. The court shall be notified in writing by

the director or administrator of the program to which the offender is assigned of the offender's place of employment and the location of any educational or rehabilitative program in which the offender participates.

(3) Any person who has been sentenced to confinement in jail, a state or regional correctional facility or who has been convicted of a felony, except those charges listed in Section 97-3-2, but is confined in jail, a state or regional correctional facility, at the discretion of the Mississippi Department of Corrections and sheriff to a work release program under the supervision of the Mississippi Prison Industries Corporation or sheriff. The Mississippi Department of Corrections or sheriff may further authorize the offender to participate in educational or other rehabilitative programs as defined in this section designed to supplement his or her work release employment.

(4) The court that sentenced the offender shall be notified in writing by the Mississippi Department of Corrections or sheriff of any such assignment and of the offender's place of employment or other rehabilitative program. The court, in its discretion, may thereafter revoke the authority for such an offender to participate in a work release program.

(5) If an offender who has been assigned to such a program by the court is in violation of the rules of the program, the Mississippi Department of Corrections, sheriff or jail administrator may remove the offender from the work release program or the Mississippi Department of Corrections, either temporarily or for the duration of the offender's confinement. Upon removing an offender from the work release program, the sheriff or jail administrator shall notify in writing the court that sentenced the offender and indicate the specific violations that led to the decision.

(6) Any offender assigned to such a program by the court, Mississippi Department of Corrections, or sheriff who, without proper authority or just cause, leaves the area to which he or she has been assigned to work or attend educational or other rehabilitative programs, or leaves the vehicle or route of travel involved in his or her going to or returning from such place, will be guilty of escape as provided in Section 97-9-49. An offender who is found guilty under this section shall be ineligible for further participation in a work release program during his or her current term of confinement.

(7) Any wages earned pursuant to this section by an offender may, upon order of the court, be paid to the Mississippi Prison Industries Corporation, director or administrator of the program after standard payroll deductions required by law. In the alternative, the offender may, if so approved, maintain an account through Mississippi Prison Industries Corporation or a local financial institution provided the offender provides a physical accounting to the Mississippi Prison Industries Corporation or sheriff, administrator or the court which they were sentenced. Distribution of wages shall be made for the following purposes:

(a) To pay travel and other such expenses made necessary by his or her work release employment or participation in an educational or rehabilitative program;

(b) To pay support of dependents or to Mississippi Department of Human Services on behalf of dependents as may be ordered by a judge of competent jurisdiction; and

(c) To pay any fines, restitution or costs as ordered by the court to include any fines and fees associated with obtaining a valid driver's license upon release.

Any balance at the end of his or her sentence shall be paid to the offender upon his or her release.

AMEND the title on line 9 by adding the following language after the semicolon:

TO AUTHORIZE THE MISSISSIPPI DEPARTMENT OF CORRECTIONS, ANY COURT OR SHERIFF TO ASSIGN A NONVIOLENT CONVICTED OFFENDER TO A WORK RELEASE PROGRAM, IF THE OFFENDER IS CONFINED IN JAIL, STATE OR REGIONAL CORRECTIONAL FACILITY; TO PROVIDE THAT THE OFFENDER ASSIGNED TO THE PROGRAM SHALL BE UNDER THE SUPERVISION OF THE MISSISSIPPI DEPARTMENT OF CORRECTIONS, MISSISSIPPI PRISON INDUSTRIES CORPORATION, THE SHERIFF OR A PROGRAM DESIGNATED BY THE COURT; TO PROVIDE THAT THE OFFENDER MAY BE REMOVED FROM THE PROGRAM IF RULES ARE VIOLATED; TO PROVIDE THAT WAGES EARNED BY THE OFFENDER MAY, UPON ORDER OF THE COURT, BE PAID TO THE DIRECTOR OR ADMINISTRATOR OF THE PROGRAM AFTER STANDARD PAYROLL DEDUCTIONS ARE PAID; TO PROVIDE THAT THE OFFENDER, IF APPROVED, MAY MAINTAIN A

BANK ACCOUNT AS LONG AS A PHYSICAL ACCOUNTING IS PROVIDED TO THE MISSISSIPPI DEPARTMENT OF CORRECTIONS, SHERIFF, ADMINISTRATOR OR THE COURT; TO PROVIDE THAT THE OFFENDER'S WAGES MAY BE DISTRIBUTED TO PAY CERTAIN TRAVEL EXPENSES RELATED TO HIS OR HER EMPLOYMENT, TO PAY CHILD SUPPORT, FINES, RESTITUTION OR COSTS, INCLUDING FEES FOR OBTAINING A DRIVER'S LICENSE UPON RELEASE;

ADOPTED

YEAS AND NAYS ON **S. B. No. 2573**. On motion of Rep. Bain the rules were suspended, the bill considered engrossed, read the third time and, agreeable to the provisions of the Constitution, the yeas and nays were taken and the bill passed title standing as stated by the following vote:

Yeas--Aguirre, Anderson, B, Anderson, J, Anthony, Bailey, Bain, Banks, Barnett, Barton, Beckett, Bell, C, Bell, D, Bennett, Blackmon, Bomgar, Bounds, Brown, B, Burnett, Busby, Byrd, Calvert, Carpenter, Clark, Clarke, Cockerham, Crawford, Creekmore, Criswell, Crudup, Deweese, Eure, Evans, B, Evans, M, Faulkner, Ford, K, Foster, Gibbs, D, Gibbs, K, Guice, Hale, Haney, Harness, Hines, Holloway, Hood, Hopkins, Horan, Horne, Hudson, Jackson, Johnson, Karriem, Kinkade, Lamar, Massengill, McCarty, McKnight, McLean, Mickens, Miles, Morgan, Mr. Speaker, Newman, Oliver, Osborne, Owen, Paden, Patterson, Porter, Powell, Read, Reynolds, Roberson, Robinson, Rosebud, Sanford, Scott, Shanks, Steverson, Straughter, Summers, Taylor, Thompson, Walker, Wallace, Watson, White, Williams-Barnes, Wright, Yancey, Yates, Young. At 11:04 AM on motion of Rep. White the House recessed subject to call of the Chair.

At 11:08 AM the House met pursuant to recess, Speaker Gunn in the Chair. A quorum was present.

At 11:09 AM on motion of Rep. McKnight the House recessed subject to call of the Chair.

At 11:50 AM the House met pursuant to recess, Speaker Gunn in the Chair. A quorum was present.

Pending at the time was a Speaker's Ruling on a point of order by REPRESENTATIVES BOMGAR AND JOHNSON.

The Speaker ruled the point of order not well taken.

A point of order was raised by REPRESENTATIVES BOMGAR, CURRIE AND HARNESS that Section 2, paragraph 2, of the Substitute Amendment for Amendment # 1 of Senate Bill 2765, amends a number of provisions of state law by reference, specifically Section 73-27-13, regarding podiatrists, Section 73-57-31, regarding respiratory care practitioners, Section 37-3-2, regarding teachers, Section 73-53-13, regarding social workers, and Section 73-15-29, regarding nurses, all pertaining to the issuance of professional and occupational licenses by regulatory boards. These existing statutes specifically deny and/or revoke licenses based on the use of controlled substances.

Rep. Roberson called up the following entitled resolutions reported by the Rules Committee:

S. C. R. No. 502: Remember the legacy of former Governor William F. Winter and extend deepest sympathy of the Legislature on his passing.
