(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi

to provide funds for the grant program authorized in Section 2 of this act. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the department shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Six Million Dollars ($6,000,000.00); however, not more than Two Million Dollars ($2,000,000.00) of such bonds may be issued during any fiscal year.

(b) Any investment earnings on amounts deposited into the special fund created in Section 2 of this act shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(3) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(6) The commission shall act as the issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, to be selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special fund created in Section 2 of this act. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(9) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 4. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

The organization must spend at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits or low-income residents of this state and their households or to children who have a chronic illness or physical, intellectual, developmental or emotional disability who are residents of this state. A charitable

organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. Taxpayers choosing to make donations through an umbrella charitable organization that collects donations on behalf of member charities shall designate that the donation be directed to a member charitable organization that would qualify under this section on a stand-alone basis. Qualifying charitable organization does not include any entity that provides, pays for or provides coverage of abortions or that financially supports any other entity that provides, pays for or provides coverage of abortions.

(c) "Qualifying foster care charitable organization" means a qualifying charitable organization that each operating year provides services to at least one hundred (100) qualified individuals in this state and spends at least fifty percent (50%) of its budget on services to qualified individuals in this state. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying foster care charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. (b) From and after January 1, 2023, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the individual taxpayer during the taxable year to a qualifying charitable organization, other than a qualifying foster care charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this paragraph but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(3) (a) A separate credit is allowed against the taxes imposed by this chapter for voluntary cash contributions during the taxable year to a qualifying foster care charitable organization. A contribution to a qualifying foster care charitable organization does not qualify for, and shall not be included in, any credit amount under subsection (2) of this section. If the voluntary cash contribution by the taxpayer is to a qualifying foster care charitable organization, the credit shall not exceed:

(i) Through calendar year 2022, the lesser of Five Hundred Dollars ($500.00) or the amount of the contribution in any taxable year for a single individual or a head of household; and for calendar year 2023 and each calendar year thereafter, the lesser of One Thousand Five Hundred Dollars ($1,500.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(ii) Through calendar year 2022, the lesser of One Thousand Dollars ($1,000.00) or the amount of the contribution in any taxable year for a married couple filing a joint return; and for calendar year 2023 and each calendar year thereafter, the lesser of Three Thousand Dollars ($3,000.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(b) From and after January 1, 2023, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the individual taxpayer during the taxable year to a qualifying foster care charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this paragraph but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(4) Subsections (2) and (3) of this section provide separate credits against taxes imposed by this chapter depending on the recipients of the contributions. A taxpayer, including a married couple filing a joint return, in the same taxable year, may either or both:

(a) Contribute to a qualifying charitable organization, other than a qualifying foster care charitable organization, and claim a credit under subsection (2) of this section.

(b) Contribute to a qualifying foster care charitable organization and claim a credit under subsection (3) of this section.

(5) A husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half (1/2) of the tax credit that would have been allowed for a joint return.

(6) Except as otherwise provided in subsections (2) and (3) of this section, if the allowable tax credit exceeds the taxes otherwise due under this chapter on the claimant's income, or if there are no taxes due under this chapter, the taxpayer may carry forward the amount of the claim not used to offset the taxes under this chapter for not more than five (5) consecutive taxable years' income tax liability.

(7) The credit allowed by this section is in lieu of a deduction pursuant to Section 170 of the Internal Revenue Code and taken for state tax purposes.

(8) Taxpayers taking a credit authorized by this section shall provide the name of the qualifying charitable organization and the amount of the contribution to the department on forms provided by the department.

(9) A qualifying charitable organization shall provide the department with a written certification that it meets all criteria to be considered a qualifying charitable organization. The organization shall also notify the department of any changes that may affect the qualifications under this section.

(10) The charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code or verification that the organization is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901.

(b) Financial data indicating the organization's budget for the organization's prior operating year and the amount of that budget spent on services to residents of this state who either:

(i) Receive temporary assistance for needy families benefits;

(ii) Are low-income residents of this state;

(iii) Are children who have a chronic illness or physical, intellectual, developmental or emotional disability; or

(iv) Are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(c) A statement that the organization plans to continue spending at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits, who are low-income residents of this state, who are children who have a chronic illness or physical, intellectual, developmental or emotional disability or who are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements for a qualifying charitable organization or qualifying foster care charitable organization except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi shall submit a statement that it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and that one hundred percent (100%) of the voluntary cash contributions it receives from Mississippi taxpayers will be spent on services to qualified individuals in Mississippi.

(d) In the case of a foster care charitable organization, a statement that each operating year it provides services to at least one hundred (100) qualified individuals in this state.

(e) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions.

(f) Any other information that the department requires to administer this section.

(11) The department shall review each written certification and determine whether the organization meets all the criteria to be considered a qualifying charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of the qualifying charitable organizations.

(12) The aggregate amount of tax credits that may be awarded under this section in any calendar year shall not exceed Three Million Dollars ($3,000,000.00). However, for calendar year 2021, and for each calendar year thereafter, the aggregate amount of tax credits that may be awarded under this section in any calendar year shall not exceed One Million Dollars ($1,000,000.00). In addition, any tax credits not awarded under this section before June 1, 2020, may be allocated during calendar year 2020 under Section 27-7-22.41 for contributions by taxpayers to eligible charitable organizations described in Section 27-7-22.41(1)(b)(ii) as provided under such section, notwithstanding any limitation on the percentage of tax credits that may be allocated for such contributions.

(13) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-67-35, Mississippi Code of 1972, is amended as follows:

27-67-35. (1) (a) There is hereby created a special fund in the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. The fund shall consist of monies deposited therein under Section 27-67-31(e) and monies from any other source designated for deposit into such fund. Monies in the fund shall be expended by the department to provide funds to assist municipalities in this state in paying costs associated with:

(i) Repair, maintenance and/or reconstruction of roads, streets and bridges in municipalities * * *;

(ii) Repair, maintenance and/or other improvements to water infrastructure and sewer infrastructure, including storm water and drainage improvements * * *; and/or

(iii) As a pledge to pay all or a portion of debt service on debt issued by a municipality for the purposes provided in this subsection (1)(a).

These monies shall not be used for salaries, benefits or any form of compensation for employees, or for contract employees, administrative costs, debt service except as provided in this subsection (1)(a), personal property or equipment * * *, except for personal property or equipment to be used for the purposes allowed in subparagraphs (i) and (ii) of this subsection (1)(a), or for the construction or maintenance of public buildings or other structures that are not integral to the system of roads and bridges. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the fund.

(b) (i) Subject to the provisions of this paragraph (b) and Section 65-21-31, funds provided to municipalities under this subsection (1) shall be allocated and distributed to municipalities as follows:

1. Three Million Dollars ($3,000,000.00) shall be allocated to all municipalities in equal shares, and

2. The remainder of the funds allocated as follows:

a. One-half (1/2) shall be allocated to municipalities based on the proportion that the population of a municipality according to the most recent federal decennial census bears to the total population of all municipalities in the state according to the most recent federal decennial census, and

b. One-half (1/2) shall be allocated to municipalities based on the proportion that the amount of sales tax revenue distributed to a municipality during the preceding fiscal year under Section 27-65-75(1)(a) bears to the total amount of sales tax revenue distributed to all municipalities during the preceding fiscal year under Section 27-65-75(1)(a). The department shall distribute funds under this subsection (1) on a semiannual basis with distributions being made in the months of January and July.

(ii) In order to be eligible to receive the full amount of funds allocated for distribution to a municipality during a year under this subsection (1), the municipality must have expended an amount not less than the amount of base expenditures during the previous municipal fiscal year for the purposes described in paragraph (a) of this subsection (1). If a municipality fails to expend such required amount, then the amount of funds allocated for distribution to the municipality shall be reduced by the percentage by which the municipality failed to expend the amount of base expenditures. For the purposes of this subsection (1), "base expenditures" means the average annual expenditures made by a municipality for purposes described in paragraph (a) of this subsection (1) for the two-year period beginning October 1, 2020, and ending September 30, 2022. Expenditure of grant proceeds, loan proceeds, or the proceeds of bonds issued by a municipality for the purposes described in paragraph (a) of this subsection (1) shall not be considered when calculating the base period. Expenditures by a municipality for purposes described in paragraph (a) of this subsection (1) and for which the municipality may not use monies received from the department under this subsection (1), may be considered when calculating the amount of funds expected by the municipality during the previous municipal fiscal year, provided the expenditures are related to the purposes described in (i), (ii) and/or (iii) in paragraph (a) of this subsection (1). Beginning July 1, 2023, and each succeeding July 1 thereafter, the amount of the base expenditures shall be adjusted and compounded annually by increasing or decreasing such amount by a percentage amount that is equal to the lesser of one-half percent (0.5%) or to the United States inflation rate for the previous calendar year ending on December 31 as certified by the department and provided to the municipalities thereby within thirty (30) days of such certification. The United States inflation rate for a calendar year shall be the Consumer Price Index for the calendar year for urban consumers as calculated by the Bureau of Labor Statistics of the United States Department of Labor.

(c) The department and the Office of the State Auditor shall have all powers necessary to ensure the proper implementation of this subsection (1).

(2) (a) There is hereby created a special fund in the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. The fund shall consist of monies deposited therein under Section 27-67-31(f) and monies from any other source designated for deposit into such fund. Monies in the fund shall be expended by the department to provide funds to assist counties in this state in paying costs associated with (i) the repair, maintenance and/or reconstruction of roads, streets and bridges in counties, and/or (ii) as a pledge to pay all or a portion of debt service on debt issued by a county for the purposes provided in this subsection (2)(a). These monies shall not be used for salaries, benefits or any form of compensation for employees, or for contract employees, administrative costs, debt service except as provided in this subsection (2)(a), personal property or equipment * * * except for personal property or equipment to be used for the purposes

allowed in subparagraph (i) of this subsection (2)(a), or for the construction or maintenance of public buildings or other structures that are not integral to the system of roads and bridges. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the fund.

(b) (i) Subject to the provisions of this paragraph (b) and Section 65-21-31, funds provided to counties under this subsection (2) shall be allocated and distributed to counties in the following proportions:

1. One-third (1/3) shall be allocated to all counties in equal shares,

2. One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state, and

3. One-third (1/3) shall be allocated to counties based on the proportion that the rural population of a county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

The department shall distribute funds under this subsection (2) on a semiannual basis with distributions being made in the months of January and July. Rural road miles and rural road population in the counties shall be determined in the same manner as they are determined for the purposes of the distribution formula in Section 65-9-3.

(ii) From and after July 1, 2020, of the funds allocated for distribution to a county during a year under this subsection (2), the maximum amount of such funds that may be distributed to the county during that year shall not exceed the amount of county funds expended by the county during the previous county fiscal year for purposes described in paragraph (a) of this subsection (2). Expenditure of the proceeds of bonds issued by a county to pay costs associated with the repair, maintenance and/or reconstruction of roads, streets and bridges shall not be considered when determining the amount of county funds expended by the county during the previous county fiscal year. Expenditures by a county for purposes described in paragraph (a) of this subsection (2) and for which the county may not use monies received from the department under this subsection (2), may be considered when calculating the amount of county funds expended by the county during the previous county fiscal year, provided the expenditures are related to purposes described in (i) and/or (ii) in paragraph (a) of this subsection (2).

(c) The department and the Office of the State Auditor shall have all powers necessary to ensure the proper implementation of this subsection (2).

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-67-35, MISSISSIPPI CODE OF 1972, TO ALLOW MUNICIPALITIES TO USE MONIES FROM USE TAX REVENUE FOR PERSONAL PROPERTY OR EQUIPMENT TO BE USED FOR THE REPAIR, MAINTENANCE AND/OR RECONSTRUCTION OF ROADS, STREETS AND BRIDGES, OR TO BE USED FOR THE REPAIR, MAINTENANCE AND/OR OTHER IMPROVEMENTS TO WATER INFRASTRUCTURE AND SEWER INFRASTRUCTURE, INCLUDING STORM WATER AND DRAINAGE IMPROVEMENTS; TO ALLOW COUNTIES TO USE MONIES FROM USE TAX REVENUE FOR PERSONAL PROPERTY OR EQUIPMENT TO BE USED FOR THE REPAIR, MAINTENANCE AND/OR RECONSTRUCTION OF ROADS, STREETS AND BRIDGES; TO REVISE THE

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 67-1-81, Mississippi Code of 1972, is amended as follows:

67-1-81. (1) (a) Any permittee or other person who shall sell, furnish, dispose of, give, or cause to be sold, furnished, disposed of, or given, any alcoholic beverage to any person under the age of twenty-one (21) years shall be guilty of a misdemeanor and shall be punished by a fine of not less than Five Hundred Dollars ($500.00) nor more than One Thousand Dollars ($1,000.00) for a first offense. For a second or subsequent offense, such permittee or other person shall be punished by a fine of not less than One Thousand Dollars ($1,000.00) nor more than Two Thousand Dollars ($2,000.00), or by imprisonment for not more than one (1) year, or by both such fine and imprisonment in the discretion of the court.

(b) (i) If a permittee, or any employee of a permittee, violates paragraph (a) of this subsection (1), then, in addition to any other penalty provided for by law, the commissioner may impose the following penalties against the permittee on whose premises the alcoholic beverages were sold, given or furnished:

1. For the first offense on the licensed premises, suspension of the permit for not more than one (1) week.

2. For a second offense occurring on the licensed premises within a twelve-month period, suspension of the permit for not more than two (2) weeks. The commissioner also may require that the permittee have and use an independent,

third-party age-verification app on the licensed premises for the purpose of determining whether a person to whom alcoholic beverages are sold, furnished, given or caused to be sold on the licensed premises is twenty-one (21) years of age or older. The app used must have at least an eighty-five percent (85%) accuracy rating according to national standards. In the case of a permittee using such an age-verification app, it shall be a defense to an alleged violation of paragraph (a) of this subsection (1) if the permittee used the age-verification app prior to selling, furnishing, giving, or causing to be sold, furnished or given, any alcoholic beverages to a person and the app incorrectly indicated the person to be twenty-one (21) years of age or older.

3. For a third offense occurring on the licensed premises within a twelve-month period, suspension of the permit for not more than three (3) weeks or revocation of the permit.

4. For a fourth or subsequent offense occurring on the licensed premises within a twelve-month period, revocation of the permit.

A violation of paragraph (a) of this subsection (1) shall be sufficient to impose the administrative penalties and any other requirement authorized under this paragraph (b), and any expunction of conviction shall have no effect on any administrative penalty or other requirement imposed against a permittee under this paragraph (b).

(2) Any person under the age of twenty-one (21) years who purchases, receives, or has in his or her possession in any public place, any alcoholic beverages, shall be guilty of a misdemeanor and shall be punished by a fine of not less than Two Hundred Dollars ($200.00) nor more than Five Hundred Dollars ($500.00). Provided, that clearing or busing tables that have glasses or other containers that contain or did contain alcoholic beverages, or stocking, bagging or otherwise handling purchases of alcoholic beverages shall not be deemed possession of alcoholic beverages for the purposes of this section. Provided further, that a person who is at least eighteen (18) years of age but under the age of twenty-one (21) years who waits on tables by taking orders for or delivering orders of alcoholic beverages shall not be deemed to unlawfully possess or furnish alcoholic beverages if in the scope of his employment by the holder of an on-premises retailer's permit. This exception shall not authorize a person under the age of twenty-one (21) to tend bar or act in the capacity of bartender. Any person under the age of twenty-one (21) who knowingly makes a false statement to the effect that he or she is twenty-one (21) years old or older or presents any document that indicates he or she is twenty-one (21) years of age or older for the purpose of purchasing alcoholic beverages from any person engaged in the sale of alcoholic beverages shall be guilty of a misdemeanor and shall be punished by a fine of not less than Two Hundred Dollars ($200.00) nor more than Five Hundred Dollars ($500.00), and a sentence to not more than thirty (30) days' community service.

(3) The term "community service" as used in this section shall mean work, projects or services for the benefit of the community assigned, supervised and recorded by appropriate public officials.

(4) If a person under the age of twenty-one (21) years is convicted or enters a plea of guilty of purchasing, receiving or having in his or her possession in any public place any alcoholic beverages in violation of subsection (2) of this section, the trial judge, in lieu of the penalties otherwise provided under subsection (2) of this section, shall suspend the minor's driver's license by taking and keeping it in the custody of the court for a period of time not to exceed ninety (90) days. The judge so ordering the suspension shall enter upon his docket "DEFENDANT'S DRIVER'S LICENSE SUSPENDED FOR ____ DAYS IN LIEU OF CONVICTION" and such action by the trial judge shall not constitute a conviction. During the period that the minor's driver's license is suspended, the trial judge shall suspend the imposition of any fines or penalties that may be imposed under subsection (2) of this section and may place the minor on probation subject to such conditions as the judge deems appropriate. If the minor violates any of the conditions of

probation, then the trial judge shall return the driver's license to the minor and impose the fines, penalties or both, that he would have otherwise imposed, and such action shall constitute a conviction.

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

The provisions of this section shall not be construed to authorize the adoption of any code which applies to the installation, repair or maintenance of electric wires, pipelines, apparatus, equipment or devices by or for a utility rendering public utility services, required by it to be utilized in the rendition of its duly authorized service to the public. Before any such code shall be adopted, it shall be either printed or typewritten and shall be presented in pamphlet form to the board of supervisors at a regular meeting. The order or resolution adopting the code shall not set out the code in full, but shall merely identify the same. The vote or passage of the order or resolution shall be the same as on any other order or resolution. After its adoption, the code or codes shall be certified to by the president and clerk of the board of supervisors and shall be filed as a permanent record in the office of the clerk who shall not be required to transcribe and record the same in the minute book as other orders and resolutions.

Within five (5) days after the adoption or passage of an order or resolution adopting that code or codes the clerk of the board of supervisors shall publish in a legal newspaper published in the county the full text of the order or resolution adopting and approving the code, and the publication shall be inserted at least three (3) times, and shall be completed within thirty (30) days after the passage of the order or resolution.

(5) Any person or persons objecting to the code or codes may object in writing to the provisions of the code or codes within sixty (60) days after the passage of the order or resolution approving same, and if the board of supervisors adjudicates that ten percent (10%) or more of the qualified electors residing in the affected unincorporated areas of the county have objected in writing to the code or codes, then in such event the code shall be inoperative and not in effect unless adopted for the immediate preservation of the public health, safety and general welfare until approved by a special election called by the board of supervisors as other special elections are called and conducted by the election commissioners of the county as other special elections are conducted, the special election to be participated in by all the qualified electors of the county residing in the unincorporated areas of the county. If the voters approve the code or codes in the special election it shall be in force and in operation thereafter until amended or modified as provided in this section. If the majority of the qualified electors voting in the special election vote against the code or codes, then, in such event, the code or codes shall be void and of no force and effect, and no other code or codes dealing with that subject shall be adopted under the provisions of this section until at least two (2) years thereafter.

(6) After any such code shall take effect the board of supervisors is authorized to employ such directors and other personnel as the board, in its discretion, deems necessary and to expend general county funds or any other funds available to the board to fulfill the purposes of this section.

(7) For the purpose of promoting health, safety, morals or the general welfare of the community, the governing authority of any municipality, and, with respect to the unincorporated part of any county, the governing authority of any county, in its discretion, is empowered to regulate the height, number of stories and size of building and other structures, the percentage of lot that may be occupied, the size of the yards, courts and other open spaces, the density or population, and the location and use of buildings, structures and land for trade, industry, residence or other purposes, but no permits shall be required except as may be required under the terms of the "Flood Disaster Protection Act of 1973" for the erection, maintenance, repair or extension of farm buildings or farm structures outside the corporate limits of municipalities.

(8) The authority granted in this section is cumulative and supplemental to any other authority granted by law.

(9) Notwithstanding any provision of this section to the contrary, any code adopted by a county before or after April 12, 2001, is subject to the provisions of Section 41-26-14(10).

(10) Notwithstanding any provision of this section to the contrary, the Boards of Supervisors of Jackson, Harrison, Hancock, Stone and Pearl River Counties shall enforce the requirements imposed under Section 17-2-1 as provided in such section.

(11) Regardless of whether a county adopts or has adopted codes, as set forth in this section, each and every county in this state shall require permitting as a condition to construction within the unincorporated areas of the county, and such permits shall

Before any such code shall be adopted, it shall be either printed or typewritten, and it shall be presented in pamphlet form to the governing authority of the municipality at a regular meeting. The ordinance adopting the code shall not set out the code in full, but shall merely identify the same. The vote on passage of the ordinance shall be the same as on any other ordinances. After its adoption, the code shall be certified to by the mayor and clerk of the municipality, and shall be filed as a permanent record in the office of the clerk, who shall not be required to transcribe and record the same in the ordinance book as other ordinances. Notice is given that the city (or town or village) of _____, on the (give date of ordinance adopting code), adopted (state type of code and other information serving to identify the same) code.

(2) If the governing authority of any municipality adopts or has adopted construction codes which do not have proper provisions to maintain up-to-date amendments, specifications in such codes for cements used in portland cement concrete shall be superseded by nationally recognized specifications referenced in any code adopted by the Mississippi Building Code Council.

(3) All the provisions of this section shall apply to amendments and revisions of the code mentioned in this section. Any code adopted in accordance with this section shall not be in force for one (1) month after its passage, unless the municipal authorities in the ordinance authorize to the contrary. The provisions of this section shall be in addition and supplemental to any existing laws authorizing the adoption, amendment or revision of municipal ordinances or codes.

(4) Notwithstanding any provision of this section to the contrary, any code adopted by a municipality before or after April 12, 2001, is subject to the provisions of Section 41-26-14(10).

(5) Notwithstanding any provision of this section to the contrary, the governing authorities of each municipality in Jackson, Harrison, Hancock, Stone and Pearl River Counties shall enforce the requirements imposed under Section 17-2-1 as provided in such section.

(6) Regardless of whether the governing authority of any municipality adopts or has adopted construction codes, as set forth in this section, each and every governing authority of any municipality shall require permitting as a condition to construction within the municipality's jurisdiction, and any and all such permits shall contain on their faces,

in conspicuous print, (a) the contractor's material purchase certificate number to the extent one is furnished by the Department of Revenue pursuant to Section 27-65-21(* * *2) or the contractor's Taxpayer Identification Number as furnished by the Internal Revenue Service, and either a copy of such material purchase certificate furnished by the Department of Revenue pursuant to Section 27-65-21(* * *2), or a copy of the contractor's W-9, as the case may be, shall be required to be provided to the governing authority of such municipality as part of the contractor's application for such permit, prior to the issuance of such permit, and (b) the contractor's license or certificate of responsibility number as required by either Section 31-3-14 et seq., 51-5-1 et seq. or 73-59-1 et seq.

(7) The provisions of this section shall apply to all municipalities of this state, whether operating under the code charter, a special charter, commission form, or other form of government.

SECTION 6. This act shall take effect and be in force from and after July 1, 2024, and shall stand repealed on June 29, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) As used in this section, the following words and phrases shall have the meanings as defined in this subsection unless the context clearly requires otherwise:

(a) "Applicable percentage" means sixteen percent (16%) for each of the first through third credit allowance dates for purposes of the taxes imposed by Section 27-7-5 or the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(b) "CDFI fund" means the Community Development Financial Institutions fund of the United States Department of the Treasury.

(c) "Credit allowance date" means, with respect to any qualified equity investment: (i) the date on which the qualified equity investment is initially made; and (ii) each of the subsequent two (2) anniversary dates of the date the qualified equity investment was initially made.

(d) "MDA" means the Mississippi Development Authority.

(e) "Mississippi qualified community development entity" means a qualified community development entity that is or whose controlling entity is headquartered in the State of Mississippi.

(f) "Principal business operations" means the physical location where at least sixty percent (60%) of a qualified active low-income community business' employees work. An entity that has agreed to relocate employees or a Mississippi business that has agreed to hire employees using the proceeds of a qualified low-income community investment to establish principal business operations in Mississippi is deemed to have principal business operations in Mississippi if the entity satisfies the requirements of this paragraph within one hundred eighty (180) days of receiving the qualified low-income community investment or another date as agreed by the business and the MDA.

(g) "Purchase price" means the amount paid to the qualified community development entity for a qualified equity investment.

(h) "Qualified active low-income community business" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided such entity has its principal business operations within the state's geographical boundary. An entity is deemed a qualified active low-income community business for the duration of a qualified low-income community investment if the qualified community development entity reasonably expects, at the time it makes the qualified low-income community investment, that the entity will continue to satisfy the requirements for being a qualified active low-income community business throughout the entire period of the qualified low-income community investment.

(i) "Qualified community development entity" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided that:

(i) The entity, or an affiliate thereof, has previously entered into an allocation agreement with the CDFI fund with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended;

(ii) Such allocation agreement includes the State of Mississippi within the service area set forth in the allocation agreement; and

(iii) Except for Mississippi qualified community development entities, the entity, together with affiliates:

1. Has made qualified low-income community investments under Section 57-105-1 et seq. of at least Thirty Million Dollars ($30,000,000.00) in Mississippi qualified active low-income community businesses;

2. Has made at least One Hundred Million Dollars ($100,000,000) of investments in businesses located in Mississippi; or

3. Has received at least four (4) original tax credit certificates from the MDA.

(j) "Qualified equity investment" means an equity investment in a qualified community development entity, if the equity investment:

(i) Is acquired after the effective date of this act at its original issuance solely in exchange for cash, and if not so acquired, was a qualified equity investment in the hands of a prior holder;

(ii) Has at least eighty-five percent (85%) of its cash purchase price used by the qualified community development entity to make qualified low-income community investments in qualified active low-income community businesses that have their principal business operations in the State of Mississippi; and

(iii) Is:

1. Designated by the qualified community development entity as a qualified equity investment under this section; and

2. Is at least fifty percent (50%) designated by the qualified community development entity as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended.

(k) "Qualified low-income community investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided, however, that the maximum amount of qualified low-income community investments issued for a single qualified active low-income community business, on an aggregate basis with all of its affiliates, that may be included for purposes of complying with subsection (4)(d)(iii) of this section shall not exceed Ten Million Dollars ($10,000,000.00), in the aggregate, whether issued by one (1) or several qualified community development entities and exclusive of repaid or redeemed qualified low-income community investments in such business.

(2) A person or entity that holds a qualified equity investment on the credit allowance date shall be entitled to a credit applicable against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 during the taxable year that includes the credit allowance date. The amount of the credit shall be equal to the applicable percentage for such taxable year of the purchase price paid to the qualified community development entity for the qualified equity investment. The amount of the credit that may be utilized in any one (1) tax year shall be limited to an amount not greater than the total tax liability of the claimant for the taxes imposed by the above-referenced sections. The credit shall not be refundable or transferable. Any unused portion of the credit may be carried forward for seven (7) taxable years beyond the credit allowance date on which the credit was earned. The maximum aggregate amount of qualified equity investments that may be allocated by the MDA may not exceed an amount that would result in taxpayers claiming in any one (1) state fiscal year credits in excess of Twenty Million Dollars ($20,000,000.00), exclusive of credits that might be carried forward from previous taxable years; however, a maximum of Eighteen Million Dollars ($18,000,000.00) with respect to such allocations may be allocated as credits for taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123. Any person or entity claiming a credit under this section against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 shall not be required to pay any additional tax under Section 27-15-123 as a result of claiming such credit. The MDA shall allocate credits within this limit as provided for in subsection (4) of this section.

(3) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among its partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document. Such allocation shall be made each taxable year of such pass-through entity which contains a credit allowance date. An allocation or pass-through of a credit is not considered a sale for the purposes of this section or any other state law.

(4) (a) For three (3) consecutive fiscal years beginning July 1, 2024, qualified community development entities shall apply to the MDA for an award of credits and related qualified equity investment authority on a form provided by the MDA that includes:

(i) The name, address, and tax identification number of the applicant, and evidence of the applicant's certification as a qualified community development entity by the CDFI fund;

(ii) A copy of the allocation agreement executed by the applicant or its controlling entity, and the CDFI fund;

(iii) A certificate executed by an executive officer of the applicant attesting that the allocation agreement remains in effect and has not been revoked or canceled by the CDFI fund;

(iv) A description of the proposed amount, structure, and purchaser of the equity investment;

(v) The amount of qualified equity investment authority sought which collectively may not exceed the applicant or its controlling entity's available qualified equity investment authority under Section 45D of the Internal Revenue Code of 1986, as amended multiplied by two (2);

(vi) Evidence of the applicant or its controlling entity's available qualified equity investment authority under Section 45D of the Internal Revenue Code of 1986, as amended;

(vii) A nonrefundable application fee of One Thousand Dollars ($1,000.00);

(viii) Except for Mississippi qualified community development entities, evidence that the applicant, on a collective basis with its affiliates, satisfies at least one (1) of the requirements of subsection (1)(i)(iii) of this section for the definition of qualified community development entity; and

(ix) Other information as required by the MDA pursuant to paragraph (c) of this subsection.

(b) The MDA shall set a date to accept applications not less than thirty (30) days but not more than forty-five (45) days after the CDFI fund announces allocation awards under a notice of funding availability that was published in the Federal Register. In the event that the CDFI fund is unable to publish a notice of funding of allocation awards because of a lack of award authority under Section 45D of the Internal Revenue Code of 1986, as amended, with respect to the fiscal year beginning July 1, 2026, the MDA shall set a date for accepting applications and waive the requirement that a qualified community development entity designate at least fifty percent (50%) of qualified equity investment authority awarded as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended, provided that the MDA shall give a preference in the award of tax credits to qualified community development

entities that apply with remaining allocation under Section 45D of the Internal Revenue Code of 1986, as amended.

(c) The MDA shall award credits and the related qualified equity investment authority, subject to the limitations set forth in subsection (2) of this section, fifty percent (50%) to applicants that agree to utilize qualified equity investment authority for loan funds. The MDA may require additional information in the application to delineate between types of applications. Within forty-five (45) days with respect to a loan fund application and ninety (90) days for all other applications, the MDA shall grant or deny the application in full or in part. If the MDA denies any part of the application, the MDA shall inform the applicant of the grounds for the denial. If the applicant provides the information required by the MDA or otherwise completes its application within fifteen (15) days of the notice of denial, the application is deemed complete as of the original date of submission. If the applicant fails to provide the requested information or complete its application within the fifteen-day period, the applicant must submit a new application. If requests for either allocation are not fully subscribed, the MDA shall reallocate such remaining allocation to the other allocation pool. Once the MDA has allocated credits to a qualified community development entity, the corresponding qualified equity investment must be issued and, if applicable, fifty percent (50%) of such qualified equity investment must be designated under Section 45D of the Internal Revenue Code of 1986, as amended, not later than one hundred twenty (120) days from the date of such allocation. If the qualified equity investment is not issued and, if applicable, such designation under Section 45D of the Internal Revenue Code of 1986, as amended, is not made within such time period, the allocation shall be cancelled and returned to the MDA for reallocation. If the actual dollar amount of qualified equity investment is lower than the amount awarded by the MDA, the MDA shall adjust the tax credit allowed under this section and reissue awards to other applicants that did not receive the awards requested pro rata. Qualified community development entities shall provide the MDA evidence of qualified equity investments and designation under Section 45D of the Internal Revenue Code of 1986, as amended, if applicable, within one hundred thirty (130) days from the date of an allocation. An applicant certified an award under this paragraph may transfer all or a portion of its certified qualified equity investment authority to any affiliated qualified community development entity by sending written notice to the MDA endorsing the certificate.

(d) The Department of Revenue may recapture credits under this section if:

(i) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended;

(ii) The qualified community development entity redeems a qualified equity investment prior to the seventh anniversary of the issuance of the qualified equity investment; or

(iii) The qualified community development entity fails to invest at least eighty-five percent (85%) of the cash purchase price of the qualified equity investment in qualified low-income community investments within twelve (12) months of the issuance of the qualified equity investment and maintain that level of investment until the seventh anniversary of the initial credit allowance date for the qualified equity investment.

A qualified community development entity shall notify the Department of Revenue of any of the events set forth in this paragraph (d) within five (5) days of actual knowledge of such event.

(e) For purposes of paragraph (d)(iii) of this subsection, an investment is considered maintained by a qualified community development entity even if the

investment has been sold or repaid, provided that the qualified community development entity reinvests an amount equal to the capital returned to or recovered by the qualified community development entity from the original investment, exclusive of any profits realized, in another qualified low-income community investment in this state within twelve (12) months after the receipt of that capital. Periodic loan repayments received by a qualified community development entity from a qualified active low-income community business within a calendar year must be treated as maintained in qualified low-income community investments if a qualified community development entity reinvests the repayments in qualified low-income community investments by the end of the following calendar year.

(f) A qualified community development entity is not required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment is considered held by the qualified community development entity through the seventh anniversary of the qualified equity investment's issuance.

(g) The MDA shall provide notice to the qualified community development entity and the Department of Revenue of any proposed recapture of credits pursuant to this subsection. The notice must specify the conditions under which the deficiency resulting in the proposed recapture occurred and state that the credits will be recaptured within ninety (90) days unless the qualified community development entity complies with the conditions identified in the notice. If the entity does not comply with the conditions identified in the notice within the ninety-day period, the Department of Revenue shall provide the entity from whom the credit is to be recaptured with a final order of recapture. Any credit for which a final recapture order has been issued must be recaptured by the Department of Revenue from the entity who claimed the credit on a tax return. The qualified equity investment authority of the recaptured credits must be returned to the MDA and must first be awarded pro rata to applicants that have received awards of qualified equity investment authority and complied with this subsection. If credits are recaptured under this section, any remaining credit is forfeited.

(h) The MDA shall not make awards of credits and related qualified equity investment authority after July 1, 2027.

(5) Each qualified community development entity that receives qualified equity investments to make qualified low-income community investments in Mississippi must annually report to the MDA the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment.

(6) The MDA shall file an annual report on all qualified low-income community investments with the Governor, the Clerk of the House of Representatives, the Secretary of the Senate and the Secretary of State describing the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment. The annual report will be posted on the MDA Internet website.

(7) (a) The purpose of this subsection is to authorize the creation and establishment of public benefit corporations for financing arrangements regarding public property and facilities.

(b) As used in this subsection:

(i) "New Markets Tax Credit transaction" means any financing transaction which utilizes either this section or Section 45D of the Internal Revenue Code of 1986, as amended.

(ii) "Public benefit corporation" means a nonprofit corporation formed or designated by a public entity to carry out the purposes of this subsection.

(iii) "Public entity or public entities" includes utility districts, regional solid waste authorities, regional utility authorities, community hospitals, regional airport authorities, municipal airport authorities, community and junior colleges, educational building corporations established by or on behalf of the state institutions of higher learning, school districts, planning and development districts, county economic development districts, urban renewal agencies, any other regional or local economic development authority, agency or governmental entity, and any other regional or local industrial development authority, agency or governmental entity.

(iv) "Public property or facilities" means any property or facilities owned or leased by a public entity or public benefit corporation.

(c) Notwithstanding any other provision of law to the contrary, public entities are authorized pursuant to this subsection to create one or more public benefit corporations or designate an existing corporation as a public benefit corporation for the purpose of entering into financing agreements and engaging in New Markets Tax Credit transactions, which shall include, without limitation, arrangements to plan, acquire, renovate, construct, lease, sublease, manage, operate and/or improve new or existing public property or facilities located within the boundaries or service area of the public entity. Any financing arrangement authorized under this subsection shall further any purpose of the public entity and may include a term of up to fifty (50) years.

(d) Notwithstanding any other provision of law to the contrary and in order to facilitate the acquisition, renovation, construction, leasing, subleasing, management, operating and/or improvement of new or existing public property or facilities to further any purpose of a public entity, public entities are authorized to enter into financing arrangements in order to transfer public property or facilities to and/or from public benefit corporations, including, without limitation, sales, sale-leasebacks, leases and lease-leasebacks, provided such transfer is related to any New Markets Tax Credit transaction furthering any purpose of the public entity. Any such transfer under this paragraph (d) and the public property or facilities transferred in connection therewith shall be exempted from any limitation or requirements with respect to leasing, acquiring, and/or constructing public property or facilities.

(e) With respect to a New Markets Tax Credit transaction, public entities and public benefit corporations are authorized to enter into financing arrangements with any governmental, nonprofit or for-profit entity in order to leverage funds not otherwise available to public entities for the acquisition, construction and/or renovation of properties transferred to such public benefit corporations. The use of any funds loaned by or contributed by a public benefit corporation or borrowed by or otherwise made available to a public benefit corporation in such financing arrangement shall be dedicated solely to (i) the development of new properties or facilities and/or the renovation of existing properties or facilities or operation of properties or facilities, and/or (ii) the payment of costs and expenditures related to any such financing arrangements, including, but not limited to, funding any reserves required in connection therewith, the repayment of any indebtedness incurred in connection therewith, and the payment of fees and expenses incurred in connection with the closing, administration, accounting and/or compliance with respect to the New Markets Tax Credit transaction.

(f) A public benefit corporation created pursuant to this subsection shall not be a political subdivision of the state but shall be a nonprofit corporation organized and governed under the provisions of the laws of this state and shall be a special

purpose corporation established to facilitate New Markets Tax Credit transactions consistent with the requirements of this section.

(g) Neither this subsection nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the public entity or public benefit corporation might otherwise have under any laws of this state, and this subsection is cumulative to any such powers. This subsection does and shall be construed to provide a complete additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws.

(8) The MDA shall promulgate rules and regulations to implement the provisions of this section.

SECTION 2. Section 27-15-129, Mississippi Code of 1972, is amended as follows:

27-15-129. (1) The amount of premium tax payable pursuant to Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, shall be reduced from the amount otherwise fixed in such sections if the payer files a sworn statement with the required annual report showing as of the beginning of the reporting period that at least the following amounts of the total admitted assets of the payer were invested and maintained in qualifying Mississippi investments as hereinafter defined in subsection (2) of this section over the period covered by such report:

Percentage of Total Admitted Assets in Qualifying Mississippi Investments	Percentage of Premium Tax Payable
1%	99%
2%	98%
3%	97%
4%	96%
5%	95%
6%	94%
7%	93%
8%	92%
9%	91%
10%	80%
15%	70%
20%	60%
25%	50%

(2) For the purpose of this section, "a qualifying Mississippi investment" is hereby defined as follows:

(a) Certificates of deposit issued by any bank or savings and loan association domiciled in this state;

(b) Bonds of this state or bonds of municipal, school, road or levee districts, or other political subdivisions of this state;

(c) Loans evidenced by notes and secured by deeds of trust on property located in this state;

(d) Real property located in this state;

(e) Policy loans to residents of Mississippi, or other loans to residents of this state, or to corporations domiciled in this state;

(f) Common or preferred stock, bonds and other evidences of indebtedness of corporations domiciled in this state; and

(g) Cash on deposit in any bank or savings and loan association domiciled in this state.

"A qualifying Mississippi investment" shall not include any investment for which a credit is allocated under Section 57-105-1 * * *, Section 57-115-1 et seq., and/or Section 1 of this act.

(3) If the credits, or any part thereof, authorized by the preceding provisions of this section shall be held by a court of final jurisdiction to be unconstitutional and void for any reason or to make the annual premium taxes levied by Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, unlawfully discriminatory or otherwise invalid under the Fourteenth Amendment or the Commerce Clause of the Constitution of the United States or under any state or other federal constitutional provisions, it is hereby expressly declared that such fact shall in no way affect the validity of the annual premium taxes levied thereby, and that such provisions would have been enacted even though the Legislature had known this credit section would be held invalid.

(4) This section shall apply to taxes accruing and investments existing from and after July 1, 1985.

SECTION 3. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2)

competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The

provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this

subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. (i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other

authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall

certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. (k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

When in response to a proper advertisement therefor, no bid firm as to price is submitted to an electric utility for power transformers, distribution transformers, power breakers, reclosers or other articles containing a petroleum product, the electric utility may accept the lowest and best bid therefor although the price is not firm.

(q) Fuel management system bidding procedure. Any governing authority or agency of the state shall, before contracting for the services and products of a fuel management or fuel access system, enter into negotiations with not fewer than two (2) sellers of fuel management or fuel access systems for competitive written bids to provide the services and products for the systems. In the event that the governing authority or agency cannot locate two (2) sellers of such systems or cannot obtain bids from two (2) sellers of such systems, it shall show proof that it made a diligent, good-faith effort to locate and negotiate with two (2) sellers of such systems. Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Governing authorities and agencies shall be exempt from this process when contracting for the services and products of fuel management or fuel access systems under the terms of a state contract established by the Office of Purchasing and Travel.

(r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised for in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. Any request for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, legal responsibilities and other relevant factors as are determined by the governing authority or agency to be appropriate for inclusion; all factors determined relevant by the governing authority or agency or required by this paragraph (r) shall be duly included in the advertisement to

elicit proposals. After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(i) "Asian" means persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

(ii) "Black" means persons having origins in any black racial group of Africa.

(iii) "Hispanic" means persons of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race.

(iv) "Native American" means persons having origins in any of the original people of North America, including American Indians, Eskimos and Aleuts.

(t) Construction punch list restriction. The architect, engineer or other representative designated by the agency or governing authority that is contracting for public construction or renovation may prepare and submit to the contractor only one (1) preliminary punch list of items that do not meet the contract requirements at the time of substantial completion and one (1) final list immediately before final completion and final payment.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to

which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars ($1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

(x) Mississippi Regional Pre-Need Disaster Clean Up Act. (i) The Department of Finance and Administration shall enter into nine (9) contracts for the pre-need purchase of labor, services, work, materials, equipment, supplies or other personal property for disaster-related solid waste collection, disposal or monitoring. One (1) contract shall be entered into for each of the nine (9) Mississippi Emergency Management Association districts:

1. Coahoma, DeSoto, Grenada, Panola, Quitman, Tallahatchie, Tate, Tunica and Yalobusha Counties;

2. Alcorn, Benton, Itawamba, Lafayette, Lee, Marshall, Pontotoc, Prentiss, Tippah, Tishomingo and Union Counties;

8. Covington, Forrest, Greene, Jefferson Davis, Jones, Lamar, Marion, Perry and Wayne Counties; and

9. George, Hancock, Harrison, Jackson, Pearl River and Stone Counties.

Any such contract shall set forth the manner of awarding such a contract, the method of payment, and any other matter deemed necessary to carry out the purposes of the agreement. Such contract may be entered into only for a term of one (1) year, with an option for an additional one-year extension after the conclusion of the first year of the contract, and only after having solicited bids or proposals, as appropriate, which shall be publicly advertised by posting on a web page maintained by the Department of Finance and Administration through submission of such advertisement to the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority. The bid opening shall not occur until after the submission has been posted for at least ten (10) consecutive days. The state's share of expenditures for solid waste collection, disposal or monitoring under any contract shall be appropriated and paid in the manner set forth in the contract and in the same manner as for other solid waste collection, disposal, or monitoring expenses of the state. Any contract entered into under this paragraph shall not be subject to the provisions of Section 17-13-11.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established in subparagraph (i) of this paragraph.

Except as otherwise provided in Section 67-9-1 for the transportation of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, and in Sections 1 through 12 of this act for the sale and shipment of wine by the holder of a direct shipper's permit, if transportation requires passage through a county which has not authorized the sale of alcoholic beverages, such transportation shall be by a sealed

vehicle. Such seal shall remain unbroken until the vehicle shall reach the place of business operated by the permittee. The operator of any vehicle transporting alcoholic beverages shall have in his possession an invoice issued by the * * * department at the time of the wholesale sale covering the merchandise transported by the vehicle. The * * * department is authorized to issue regulations controlling the transportation of alcoholic beverages.

When the restrictions imposed by this section and by the regulation of the * * * department have not been violated, the person transporting alcoholic beverages through a county wherein the sale of alcoholic beverages is prohibited shall not be guilty of unlawful possession and such merchandise shall be immune from seizure.

SECTION 16. Section 27-71-29, Mississippi Code of 1972, is amended as follows:

All taxes levied under Section 27-71-7(1) and received by the department under this article shall be paid into the General Fund, and the three percent (3%) levied under Section 27-71-7(2) and received by the department under this article shall be paid into the special fund in the State Treasury designated as the "Alcoholism Treatment and Rehabilitation Fund" as required by law. The revenue derived from these fees shall be deposited by the department into a special fund, hereby created in the State Treasury, which is designated the "ABC Shipping Fund." The monies in this special fund shall be earmarked for use by the department for any expenditure made to ship alcoholic beverages. Any net proceeds remaining in the special fund on August 1 of any fiscal year shall lapse into the General Fund. "Net proceeds" in this section means the total of all fees collected by the department to defray the costs of shipping less the actual costs of shipping.

(2) If the special bond sinking fund created in Section 7(3) of Chapter 483, Laws of 2022 has a balance below the minimum amount specified in the resolution providing for the issuance of the bonds, or below one and one-half (1-1/2) times the amount needed to pay the annual debt obligations related to the bonds issued under Section 7 of Chapter 483, Laws of 2022, whichever is the lesser amount, the Commissioner of Revenue shall transfer the deficit amount to the bond sinking fund from revenue derived from the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11.

(3) All taxes levied under Section 27-71-7(3) and received by the department under this article shall be paid into the General Fund, except for an amount equivalent to the three percent (3%) levied under Section 27-71-7(2), which shall be paid into the special fund in the State Treasury designated as the "Mental Health Programs Fund" as required by law.

SECTION 17. Section 67-1-41, Mississippi Code of 1972, is amended as follows:

67-1-41. (1) The department is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the right to import and sell alcoholic beverages at wholesale within the state, and no person who is granted the right to sell, distribute or receive alcoholic beverages at retail

shall purchase any alcoholic beverages from any source other than the department, except as authorized in subsections (4), (9) and (12) of this section and Sections 1 through 12 of this act. The department may establish warehouses, and the department may purchase alcoholic beverages in such quantities and from such sources as it may deem desirable and sell the alcoholic beverages to authorized permittees within the state including, at the discretion of the department, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this article.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this article, or as otherwise provided by law for native wines or native spirits.

(3) No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this article, or as otherwise provided by law for native wines or native spirits.

(4) The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(5) The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.

(7) The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine or native spirit retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of

alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.

(11) [Through June 30, 2026] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) [From and after July 1, 2026] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

(12) (a) An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department or its warehouse operator. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30) days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.

Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion.

(d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations.

(e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars ($1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense.

(13) If any provision of this article, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this article upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.

SECTION 18. Section 67-1-45, Mississippi Code of 1972, is amended as follows:

67-1-45. No manufacturer, rectifier or distiller of alcoholic beverages shall sell or attempt to sell any such alcoholic beverages, except malt liquor, within the State of Mississippi, except to the department, or as provided in Section 67-1-41, or pursuant to Section 67-1-51. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. (t) "Heated tobacco products" means a product containing tobacco that produces an inhalable aerosol by (i) heating the tobacco without combustion of the tobacco or (ii) heat generated from a combustion source that only or primarily heats rather than burns the tobacco.

SECTION 2. Section 27-69-13, Mississippi Code of 1972, is amended as follows:

27-69-13. There is hereby imposed, levied and assessed, to be collected and paid as hereinafter provided in this chapter, an excise tax on each person or dealer in cigarettes, cigars, stogies, snuff, chewing tobacco, and smoking tobacco, or substitutes therefor, upon the sale, use, consumption, handling or distribution in the State of Mississippi, as follows:

(a) On cigarettes, the rate of tax shall be Three and Four-tenths Cents (3.4¢) on each cigarette sold with a maximum length of one hundred twenty (120) millimeters; any cigarette in excess of this length shall be taxed as if it were two (2) or more cigarettes. Provided, however, if the federal tax rate on cigarettes in effect on June 1, 1985, is reduced, then the rate as provided herein shall be increased by the amount of the federal tax reduction. Such tax increase shall take effect on the first day of the month following the effective date of such reduction in the federal tax rate. Heated tobacco products shall not be taxed as cigarettes under this paragraph (a); however, this exclusion shall not affect heated tobacco products for any purposes related to Section 27-70-1 et seq.

(b) On cigars, cheroots, stogies, snuff, chewing and smoking tobacco and all other tobacco products except cigarettes and heated tobacco products, the rate of tax shall be fifteen percent (15%) of the manufacturer's list price.

(c) On heated tobacco products, the rate of tax shall be one and twenty-five one-hundredths cents (1.25¢) on each disposable heated tobacco unit or stick sold to be used for consumption by insertion into a heated tobacco product heating system device.

No stamp evidencing the tax herein levied on cigarettes shall be of a denomination of less than One Cent (1¢), and whenever the tax computed at the rates herein prescribed on cigarettes shall be a specified amount, plus a fractional part of One Cent (1¢), the package shall be stamped for the next full cent; however, the additional face value of stamps purchased to comply with taxes imposed by this section after June 1, 1985, shall be subject to a four percent (4%) discount or compensation to dealers for their services rather than the eight percent (8%) discount or compensation allowed by Section 27-69-31.

Every wholesaler shall purchase stamps as provided in this chapter, and affix the same to all packages of cigarettes handled by him as herein provided.

The above tax is levied upon the sale, use, gift, possession or consumption of tobacco within the State of Mississippi, and the impact of the tax levied by this chapter is hereby declared to be on the vendee, user, consumer or possessor of tobacco in this state; and when said tax is paid by any other person, such payment shall be considered as an advance payment and shall thereafter be added to the price of the tobacco and recovered from the ultimate consumer or user.

SECTION 3. Section 27-69-27, Mississippi Code of 1972, is amended as follows:

27-69-27. The payment of the tax imposed by this chapter shall be evidenced by affixing stamps to each individual package of cigarettes usually sold to consumers, as distinguished from cartons or larger units which are composed of a number of individual packages.

Except as otherwise provided in this paragraph, the stamp shall be affixed within seventy-two (72) hours after the receipt of the cigarettes by the wholesaler, and within forty-eight (48) hours after receipt of the cigarettes by the retailer; provided, that in the case a dealer conducts a wholesale and retail business at one (1) place of business, stamps shall be affixed within forty-eight (48) hours after receipt of the cigarettes. However, the provisions of this paragraph shall not apply to tobacco at the point it is purchased at a sale under Section 27-69-56. The stamp must be so securely affixed as to require the continued application of water or of steam to remove it, or so that it cannot be otherwise removed without destruction or mutilation.

The excise tax imposed on cigars, smoking tobacco, chewing tobacco, snuff and all other tobacco products except cigarettes and heated tobacco products shall be computed by the application of the excise tax rate to the manufacturer's list price on all purchases of such tobacco. The excise tax shall be due and payable on or before the fifteenth day of the month next succeeding the month in which the tax accrues. The tax shall be filed with the commissioner on forms prescribed by the commissioner.

Provided, however, manufacturers or other wholesale distributors of tobacco, which are subject to the excise taxes imposed by Section 27-69-13 of this chapter for the privilege of selling or using such tobaccos within this state, who maintain "terminals" or warehouses in which such tobaccos are stored, and who sell only to licensed wholesale dealers within the state who are qualified to purchase and affix the stamps required, may maintain such "spot stocks," intended only for such sales, without affixing the stamps or filing returns and paying the tax.

Any person desiring to maintain such "terminal" or warehouse, shall make application to the commissioner and obtain a permit to maintain such stocks without affixing stamps thereto, for sale exclusively to out-of-state purchasers, or licensed wholesale dealers within this state, and the commissioner is hereby authorized to grant such permit upon the execution and filing with the commissioner, by the applicant, a bond with surety companies, authorized to do business in Mississippi, as surety thereon, and conditioned for the strict compliance by the applicant, with the following conditions under which said privilege may be granted.

The person maintaining such stock of untaxed tobacco shall supply to the commissioner monthly, or at such times as the commissioner may require, complete invoices of all tobaccos received, and shall also supply correct invoices of all tobaccos removed from such "terminal" or warehouse, said invoices to contain the correct name and address of all persons to whom such tobacco shall be delivered or consigned, whether within or without the State of Mississippi.

The penalty of such bond shall be determined by the commissioner, in an amount sufficient to protect the State of Mississippi from any loss of revenue which might occur by reason of the failure of principal to strictly adhere to the requirement that no tobacco would be sold from such stock within the State of Mississippi, except to licensed wholesale dealers.

SECTION 4. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the tobacco tax laws before the date on which this act becomes effective, whether such claims, assessments, appeals, suits or actions have been begun before the date on which this act becomes effective or are begun thereafter; and the provisions of the tobacco tax laws are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws.

SECTION 5. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-69-3, MISSISSIPPI CODE OF 1972, TO DEFINE THE TERM "HEATED TOBACCO PRODUCT" UNDER THE TOBACCO TAX LAW; TO AMEND SECTION 27-69-13, MISSISSIPPI CODE OF 1972, TO LEVY AN EXCISE TAX ON HEATED TOBACCO PRODUCTS UNDER THE TOBACCO TAX LAW; TO AMEND SECTION 27-69-27, MISSISSIPPI CODE OF 1972, IN CONFORMITY THERETO; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 819: Insurance; remove filing fee on auto cancellation or nonrenewal appeals and exempt life line applicants from prelicensing requirements.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 83-11-17, Mississippi Code of 1972, is amended as follows:

83-11-17. A named insured who wishes to contest the reason or reasons for a cancellation of a policy which has been in effect for sixty (60) days or more or failure by insurer to give proper notice of nonrenewal as provided hereunder shall, not less than seven (7) working days from the date of receipt of notice of cancellation or receipt of notice of nonrenewal, mail or deliver to the Commissioner of Insurance a written request for a hearing, which request shall state clearly the basis for the appeal * * *.

A cancellation or nonrenewal which is subject to the provisions of this article shall be deemed effective unless the Commissioner of Insurance determines otherwise in accordance with the provisions of this article.

SECTION 2. Section 83-11-19, Mississippi Code of 1972, is amended as follows:

83-11-19. Each insurer licensed to do in this state the kind of business which is subject to this article shall maintain on file with the commissioner the name and address of the person authorized to receive notices pursuant to this article on behalf of the insurer.

The commissioner or his designated representative who conducted the hearing shall, at the conclusion thereof or not later than two (2) days thereafter, issue his written findings to the parties. If he finds for the named insured, he shall * * * either order the insurer to rescind its notice of cancellation or, if the date cancellation is to be effective has

elapsed, order the policy reinstated or renewed. Such order shall operate retroactively only to cover a period not to exceed twenty (20) days from the date cancellation otherwise would have been effective, and prospectively from the date on which the order was issued; provided, however, that no policy shall be reinstated or renewed while the named insured is in arrears in payment of premiums on such policy. If the commissioner or his representative finds for the insurer, his written order shall so state * * *. Reinstatement of a policy under this section shall not operate in any way to extend the expiration, termination, or anniversary date provided in the policy. Renewal of a policy shall be for a term of one (1) year from the expiration date of the prior policy, and otherwise shall contain the same coverage, terms, and contractual provisions contained in said prior policy.

(d) A public adjuster's contract with the insured shall be revocable or cancelable by the insured without cause and without penalty or obligation for at least five (5) business days after the contract is executed by the insured. Nothing in this provision shall be construed to prevent an insured from pursuing any civil legal remedy to revoke or cancel the contract after the expiration of such cancellation period.

(e) No public adjuster may require that an insured authorize an insurer to issue a check only in the name of the public adjuster.

(f) No public adjuster shall be entitled to any payment, commission, fee or other thing of value of any insurance settlement or agreed settlement that was made between the insured and the insurance company before the public adjuster and the insured entered into a contract for services.

(g) If an insurance company extends a written settlement offer to the insured before the insured enters into a contract with a public adjuster for services, then a public adjuster may only be entitled to an amount that is no more than ten percent (10%) of the settlement amount that is in excess of the amount that was offered in writing to the insured prior to entering into the contract with the public adjuster.

(c) A public adjuster shall not knowingly make any oral or written material misrepresentations or statements to any insured or potential insured which are false and intended to injure any person engaged in the business of insurance.

(d) No public adjuster shall knowingly enter into a contract to adjust a residential property claim subsequent to a declaration of total loss by an insurer, unless the services to be provided by the public adjuster can reasonably be expected to result in the insured obtaining an insurance settlement, net of the public adjuster's compensation, in excess of the amount the insured would have obtained without the services of the public adjuster.

(e) A public adjuster shall advise each insured that the insured has the right to retain an attorney at law of his choice throughout the public adjuster's investigation and adjustment of the claim.

(f) If the claim is not settled by the public adjuster, the public adjuster shall advise the insured that the insured has the right to retain an attorney at law of his choice.

(g) No public adjuster shall contract for, agree to, or receive anything of value from any attorney at law or other person acting in concert with any attorney at law (i) for referring claims to the attorney, or (ii) in connection with any claim for which the public adjuster has performed or intends to perform services.

(h) No public adjuster shall split any attorney's fee with any attorney at law.

(i) A public adjuster shall not testify as an expert witness in any judicial or administrative proceeding while maintaining a pecuniary interest in the outcome of the proceeding, as otherwise permitted by Section 83-17-523(1)(a); provided, however, that a public adjuster may testify as an expert witness if pursuant to the terms of his contract his compensation is converted to a specified hourly rate, which rate (i) is subject to such limitations as may be prescribed by the commissioner, and (ii) is not subject to any contingencies. In the event of a conversion of the public adjuster's contract to an hourly rate agreement, the prior fee arrangement shall be inadmissible at trial.

(j) A public adjuster shall not participate, directly or indirectly, in the reconstruction, repair or restoration of damaged property that is the subject of a claim adjusted by the adjuster.

(k) A public adjuster shall not engage in any activities that may be reasonably construed as a conflict of interest, including, directly or indirectly, soliciting or accepting any remuneration of any kind or nature.

(l) A public adjuster shall not have a financial interest in any salvage, repair or any other business entity that obtains business in connection with any claim that the public adjuster has a contract to adjust.

SECTION 5. The Comprehensive Health Insurance Risk Pool Association shall have the authority to develop and fund an online portal that shall be available to all Mississippians to assist consumers in selection of a health plan. This program shall have the capacity to aggregate information regarding providers, drug coverage and pricing that would allow consumers to make informed decisions in selecting a health plan.

SECTION 6. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1350: Telephone solicitors; prohibit from making any solicitation regarding Medicare Advantage Plans.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 77-3-707, Mississippi Code of 1972, is amended as follows:

77-3-707. (1) Except as otherwise provided * * * under Sections 77-3-709 * * *, 77-3-711, or subsection (4) of this section, a telephone solicitor may not make or cause to be made any telephone solicitation to any consumer in this state unless the telephone solicitor has obtained the "no-calls" database directly from the Federal Trade Commission or other federal agency.

(2) Except as otherwise provided pursuant to Section 77-3-709 or 77-3-711, a telephone solicitor may not make or cause to be made any telephone solicitation to any consumer in this state who has given notice to the federal government, or given notice to the Public Service Commission prior to July 1, 2023, of his or her objection to receiving telephone solicitations.

(3) Each local exchange company and each competing local exchange carrier shall provide written notification on a semiannual basis to each of its consumers of the opportunity to provide notification to the Federal Trade Commission, or other entity as designed by federal law, that the consumer objects to receiving telephone solicitations. The notification must be disseminated at the option of the carrier, by television, radio or newspaper advertisements, written correspondence, bill inserts or messages, a publication in the consumer information pages of the local telephone directory, or any other method not expressly prohibited by the Attorney General.

(4) A telephone solicitor shall not make, or cause to be made, any telephone solicitation to any person in this state regarding any Medicare Advantage Plan. However,

if a person has first initiated a call with a company or an entity regarding a Medicare Advantage Plan, a telephone solicitor is not prohibited from then making, or causing to be made, a telephone solicitation regarding a Medicare Advantage Plan. This subsection (4) of this section shall not apply to the extent it is preempted under 42 USC Section 1395w-26(b)(3).

SECTION 2. Section 77-3-709, Mississippi Code of 1972, is amended as follows:

77-3-709. Except as otherwise provided in Section 77-3-707 (4), the Attorney General, in his or her discretion, may allow telephone solicitors to make telephone solicitations without requiring them to purchase the "no-calls" database, and regardless of whether a telephone solicitation may be made to a consumer who has given notice of his objection to receiving such solicitations, provided that it adopts a written policy incorporating the following criteria:

(a) The telephone solicitor must demonstrate to the Attorney General that its proposed telephone solicitation is reasonably related to an established business relationship as defined in Section 77-3-705(h), or is being made in response to an invitation or notice from a consumer which clearly signifies that he is open to a contact being initiated;

(b) The telephone solicitation is to be made by a person or entity for the purpose of soliciting a contribution or donation to a bona fide nonprofit corporation, regardless of whether consumer goods or services will be provided to the consumer in return for the contribution or donation; or

(c) The consumer will not be telephoned for a telephone solicitation as defined in Section 77-3-705(d), but he will be telephoned for a bona fide religious or charitable purpose, including an invitation to attend an event or a request for a contribution or donation.

In all cases, the telephone solicitor must demonstrate that it will not use an automated dialing system or a method that will block or otherwise circumvent the consumer's use of a caller identification service.

In making its determination of whether to allow a telephone solicitation to be made under the policy which will include the limitations set forth in this section, the Attorney General shall exercise due care in investigating previous conduct of the telephone solicitor seeking such authority. The Attorney General may deny any telephone solicitor the privilege of making telephone solicitations under this section, notwithstanding that any of the criteria set forth in this section have been met.

SECTION 3. Section 77-3-711, Mississippi Code of 1972, is amended as follows:

77-3-711. Except as otherwise provided in Section 77-3-707(4), the provisions of this article shall not apply to:

(a) A person soliciting:

(i) Who does not make the major sales presentation during the telephone solicitation;

(ii) Without the intent to complete or obtain provisional acceptance of a sale, a charitable contribution, or the payment of some other item of value, pecuniary or otherwise, during the telephone solicitation; or

(iii) Without the intent to complete, and who does not complete, the sales presentation during the telephone solicitation, but who completes the sales

presentation at a later face-to-face meeting between the person soliciting and the prospective purchaser or consumer.

(b) A person who is a licensee under Chapter 35, Title 73, Mississippi Code of 1972, who is a resident of the State of Mississippi, and whose telephone solicitation is for the sole purpose of selling, exchanging, purchasing, renting, listing for sale or rent or leasing real estate in connection with his real estate license and not in conjunction with any other offer.

(c) A motor vehicle dealer as that term is defined in Section 63-17-55, who is a resident of the State of Mississippi and who maintains a current motor vehicle dealer's license issued by the Mississippi Motor Vehicle Commission, whose telephone solicitation is for the sole purpose of selling, offering to sell, soliciting or advertising the sale of motor vehicles in connection with his motor vehicle dealer's license and not in conjunction with any other offer.

(d) An agent, as that term is defined in Section 83-17-1, whose telephone solicitation is for the sole purpose of soliciting, consulting, advising, or adjusting in the business of insurance; however, this exemption is not applicable to a person calling on behalf of any issuer, as that term is defined in Section 83-9-101, whose telephone solicitation is for the sole purpose of making a sales presentation or otherwise soliciting the purchase of a Medicare supplement policy or certificate. This paragraph (d) shall not apply to the extent it is preempted under 42 USC Section 1395w-26(b)(3).

(e) A broker-dealer, agent, or investment advisor registered under Chapter 71, Title 75, Mississippi Code of 1972, whose telephone solicitation is for the sole purpose of effecting or attempting to effect the purchase or sale of securities or has the purpose of providing or seeking to provide investment or financial advice.

(f) A person calling on behalf of a charitable organization which is registered under Chapter 11, Title 79, Mississippi Code of 1972, whose telephone solicitation is for the sole purpose of soliciting for the charitable organization and who receives no compensation for his activities on behalf of the organization.

(g) A person calling on behalf of a newspaper of general circulation, whose telephone solicitation is for the sole purpose of soliciting a subscription to the newspaper from, or soliciting the purchase of advertising by, the consumer.

(h) A person calling on behalf of any supervised financial institution or parent, subsidiary or affiliate thereof. As used in this section, "supervised financial institution" means any commercial bank, trust company, savings and loan association, mutual savings bank, credit union, industrial loan company, small loan company, consumer finance lender, commercial finance lender or insurer, provided that the institution has a physical office located in the State of Mississippi and is subject to supervision by an official or agency of the State of Mississippi or of the United States.

(i) A person calling on behalf of a funeral establishment licensed under Section 73-11-41, cemetery or monument dealer, if the sole purpose of the telephone solicitation relates to services provided by the funeral or death related establishments in the course of its ordinary business.

(j) Any telephone solicitor who solicits a consumer with whom he has an established business relationship.

SECTION 4. Section 77-3-723, Mississippi Code of 1972, is amended as follows:

77-3-723. (1) Any person or entity who makes an authorized telephone solicitation to a consumer in this state shall announce clearly, at the beginning of each call, his or her name, the company he or she represents and the purpose of the call. Such calls may

only be made between the hours of 8:00 a.m. and 8:00 p.m. Central Standard Time. No telephone solicitations may be made on a Sunday. For purposes of this provision, an "authorized telephone solicitation" means a solicitation that is made: (a) to a consumer who is not listed on the most current "no-calls" database; (b) by a telephone solicitor who has been authorized to make such solicitations under the provisions of Section 77-3-709; (c) by a telephone solicitor that is not prohibited from making, or causing to be made, such solicitations under Section 77-3-707 (4); or (* * *d) by a telephone solicitor who is exempt from this article under the provisions of Section 77-3-711.

(2) A person or entity who makes a telephone solicitation to a consumer in this state may not utilize knowingly any method that blocks or otherwise circumvents the consumer's use of a caller identification service, nor may the person or entity use an automated dialing system or any like system that uses a recorded voice message to communicate with the consumer unless the person or entity has an established business relationship with the consumer and uses the recorded voice message to inform the consumer about a new product or service.

SECTION 5. Section 77-3-603, Mississippi Code of 1972, is brought forward as follows:

77-3-603. Any telephone solicitor who makes an unsolicited telephonic sales call to a residential telephone number shall:

(a) Make calls between the hours of 8:00 a.m. and 9:00 p.m., Central Standard Time, Monday through Friday, and between the hours of 8:00 a.m. and 9:00 p.m. on Saturdays (no calls shall be made on Sundays);

(b) Identify himself or herself by his or her true first and last names and the business on whose behalf he or she is soliciting immediately upon making contact by telephone with the person who is the object of the telephone solicitation; and

(c) Discontinue the call immediately if at any time during the conversation the person being solicited expresses disinterest in continuing the call or sales presentation.

SECTION 6. Section 79-11-524, Mississippi Code of 1972, is brought forward as follows:

79-11-524. Senator Barnett offered the following report of the Conference Committee on **H. B. No. 844** and moved that the Report do be adopted:

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 844: State Parole Board; require to solicit recommendations from and provide notification to certain individuals before parole hearing.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 47-7-17, Mississippi Code of 1972, is amended as follows:

47-7-17. (1) Within one (1) year after his admission and at such intervals thereafter as it may determine, the board shall secure and consider all pertinent information regarding each offender, except any under sentence of death or otherwise ineligible for parole, including the circumstances of his offense, his previous social history, his previous criminal record, including any records of law enforcement agencies or of a youth court regarding that offender's juvenile criminal history, his conduct, employment and attitude while in the custody of the department, the case plan created to prepare the offender for parole, and the reports of such physical and mental examinations as have been made. The board shall furnish at least three (3) months' written notice to each such offender of the date on which he is eligible for parole.

(2) Except as provided in Section 47-7-18, the board shall require a parole-eligible offender to have a hearing as required in this chapter before the board and to be interviewed. The hearing shall be held no later than thirty (30) days prior to the month of eligibility. No application for parole of a person convicted of a capital offense shall be considered by the board unless and until notice of the filing of such application shall have been published at least once a week for two (2) weeks in a newspaper published in or having general circulation in the county in which the crime was committed. The board shall, within thirty (30) days prior to the scheduled hearing, also give notice of the filing of the application for parole to the victim of the offense for which the prisoner is incarcerated and being considered for parole or, in case the offense be homicide, a designee of the immediate family of the victim, provided the victim or designated family member has furnished in writing a current address to the board for such purpose. The victim or designated family member shall be provided an opportunity to be heard by the board before the board makes a decision regarding release on parole. The board shall consider whether any restitution ordered has been paid in full. Parole release shall, at the hearing, be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. An offender shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. When the board determines that the offender will need transitional housing upon release in order to improve the likelihood of the offender becoming a law-abiding citizen, the board may parole the offender with the condition that the inmate spends no more than six (6) months in a transitional reentry center. At least fifteen (15) days prior to the release of an offender on parole, the director of records of the department shall give the written notice which is required pursuant to Section 47-5-177. Every offender while on parole shall remain in the legal custody of the department from which he was released and shall be amenable to the orders of the board. Upon determination by the board that an offender is eligible for release by parole, notice shall also be given within at least fifteen (15) days before release, by the board to the victim of the offense or the victim's family member, as indicated above, regarding the date when the offender's release shall occur, provided a current address of the victim or the victim's family member has been furnished in writing to the board for such purpose.

(3) For any hearing where an offender has been convicted of a crime of violence, as set out under Section 97-3-2 or any offense set out under Section 47-7-3(1)(a) through (g), the board shall, within thirty (30) days prior to the scheduled hearing, solicit the written or oral recommendations of the Attorney General, the attorney who prosecuted the case, the judge who presided over the case, the chief of police of the municipality where the offender was convicted and the sheriff of the county where the offender was convicted.

(4) The board shall, within thirty (30) days prior to the scheduled hearing, also give written or electronic notice of the filing of the application for parole to the attorney who prosecuted the case, the judge who presided over the case, the chief of police of the municipality where the offender was convicted and the sheriff of the county where the offender was convicted.

(5) If the attorney who prosecuted the case or the judge who presided over the case is not living or serving, solicitation for recommendations under subsection (3) and

notice under subsection (4) shall be given to the district attorney and one of the judges of the court in which the offender was convicted.

(* * *6) Failure to provide notice to the victim or the victim's family member of the filing of the application for parole or of any decision made by the board regarding parole shall not

constitute grounds for vacating an otherwise lawful parole determination nor shall it create any right or liability, civilly or criminally, against the board or any member thereof.

(* * *7) A letter of protest against granting an offender parole shall not be treated as the conclusive and only reason for not granting parole.

(* * *8) The board may adopt such other rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of offenders for parole, the conduct of parole hearings, or conditions to be imposed upon parolees, including a condition that the parolee submit, as provided in Section 47-5-601 to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States. The board shall have the authority to adopt rules related to the placement of certain offenders on unsupervised parole and for the operation of transitional reentry centers. However, in no case shall an offender be placed on unsupervised parole before he has served a minimum of fifty percent (50%) of the period of supervised parole.

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 47-7-17, MISSISSIPPI CODE OF 1972, TO REQUIRE THE MISSISSIPPI STATE PAROLE BOARD TO SOLICIT RECOMMENDATIONS FROM CERTAIN INDIVIDUALS BEFORE A PAROLE HEARING WHENEVER SUCH HEARING IS FOR ANY OFFENDER WHO HAS BEEN CONVICTED OF CERTAIN CRIMES OF VIOLENCE; TO REQUIRE THE MISSISSIPPI STATE PAROLE BOARD TO NOTIFY CERTAIN INDIVIDUALS WITHIN A SET PERIOD OF TIME BEFORE A PAROLE HEARING; AND FOR RELATED PURPOSES.

The court may, in its discretion, require the District Attorney to respond to the petition.

(2) The State Parole Board shall, by rules and regulations, establish a method of determining a tentative parole hearing date for each eligible offender taken into the custody of the Department of Corrections. The tentative parole hearing date shall be determined within ninety (90) days after the department has assumed custody of the offender. (7) The Corrections and Criminal Justice Oversight Task Force established in Section 47-5-6 shall develop and submit recommendations to the Governor and to the Legislature annually on or before December 1st concerning issues relating to juvenile and habitual offender parole reform and to review and monitor the implementation of Chapter 479, Laws of 2021.

(8) The amendments contained in Chapter 479, Laws of 2021, shall apply retroactively from and after July 1, 1995.

(9) Notwithstanding provisions to the contrary in this section, a person who was sentenced before July 1, 2021, may be considered for parole if the person's sentence would have been parole eligible before July 1, 2021.

SECTION 3. Section 47-7-5, Mississippi Code of 1972, is amended as follows:

Each member of the board shall complete annual training developed based on guidance from the National Institute of Corrections, the Association of Paroling Authorities International, or the American Probation and Parole Association. Each first-time appointee of the board shall, within sixty (60) days of appointment, or as soon as practical, complete training for first-time Parole Board members developed in consideration of information from the National Institute of Corrections, the Association of Paroling Authorities International, or the American Probation and Parole Association.

(3) The board shall have exclusive responsibility for the granting of parole as provided by Sections 47-7-3 and 47-7-17 and shall have exclusive authority for revocation of the same. The board shall have exclusive responsibility for investigating clemency recommendations upon request of the Governor.

(5) The budget of the board shall be funded through a separate line item within the general appropriation bill for the support and maintenance of the department. Employees of the department which are employed by or assigned to the board shall work under the

guidance and supervision of the board. There shall be an executive secretary to the board who shall be responsible for all administrative and general accounting duties related to the board. The executive secretary shall keep and preserve all records and papers pertaining to the board.

(6) The board shall have no authority or responsibility for supervision of offenders granted a release for any reason, including, but not limited to, probation, parole or executive clemency or other offenders requiring the same through interstate compact agreements. The supervision shall be provided exclusively by the staff of the Division of Community Corrections of the department.

(7) (a) The Parole Board is authorized to select and place offenders in an electronic monitoring program under the conditions and criteria imposed by the Parole Board. The conditions, restrictions and requirements of Section 47-7-17 and Sections 47-5-1001 through 47-5-1015 shall apply to the Parole Board and any offender placed in an electronic monitoring program by the Parole Board.

(b) Any offender placed in an electronic monitoring program under this subsection shall pay the program fee provided in Section 47-5-1013. The program fees shall be deposited in the special fund created in Section 47-5-1007.

(c) The department shall have absolute immunity from liability for any injury resulting from a determination by the Parole Board that an offender be placed in an electronic monitoring program.

(8) (a) The Parole Board shall maintain a central registry of paroled inmates. The Parole Board shall place the following information on the registry: name, address, photograph, crime for which paroled, the date of the end of parole or flat-time date and other information deemed necessary. The Parole Board shall immediately remove information on a parolee at the end of his parole or flat-time date.

(b) When a person is placed on parole, the Parole Board shall inform the parolee of the duty to report to the parole officer any change in address ten (10) days before changing address.

(c) The Parole Board shall utilize an Internet website or other electronic means to release or publish the information.

(d) Records maintained on the registry shall be open to law enforcement agencies and the public and shall be available no later than July 1, 2003.

(9) An affirmative vote of at least four (4) members of the Parole Board shall be required to grant parole to an inmate convicted of capital murder or a sex crime.

(10) This section shall stand repealed on July 1, * * * 2027.

SECTION 4. Section 47-7-3.1, Mississippi Code of 1972, is brought forward as follows:

47-7-3.1. (1) In consultation with the Parole Board, the department shall develop a case plan for all parole-eligible inmates to guide an inmate's rehabilitation while in the department's custody and to reduce the likelihood of recidivism after release.

(2) The case plan shall include, but not be limited to:

(a) Programming and treatment requirements based on the results of a risk and needs assessment;

(b) Any programming or treatment requirements contained in the sentencing order; and

(c) General behavior requirements in accordance with the rules and policies of the department.

(3) With respect to parole-eligible inmates admitted to the department's custody on or after July 1, 2021, the department shall complete the case plan within ninety (90) days of admission. With respect to parole-eligible inmates admitted to the department's custody before July 1, 2021, the department shall complete the case plan by January 1, 2022.

(4) The department shall provide the inmate with a written copy of the case plan and the inmate's caseworker shall explain the conditions set forth in the case plan.

(a) Within ninety (90) days of admission, the caseworker shall notify the inmate of their parole eligibility date as calculated in accordance with Section 47-7-3(3);

(b) At the time a parole-eligible inmate receives the case plan, the department shall send the case plan to the Parole Board for approval.

(5) With respect to parole-eligible inmates admitted to the department's custody after July 1, 2021, the department shall ensure that the case plan is achievable prior to the inmate's parole eligibility date. With respect to parole-eligible inmates admitted to the department's custody before July 1, 2021, the department shall, to the extent possible, ensure that the case plan is achievable prior to the inmate's parole eligibility date or next parole hearing date, or date of release, whichever is sooner.

(6) The caseworker shall meet with the inmate every eight (8) weeks from the date the offender received the case plan to review the inmate's case plan progress.

(7) Every four (4) months the department shall electronically submit a progress report on each parole-eligible inmate's case plan to the Parole Board. The board may meet to review an inmate's case plan and may provide written input to the caseworker on the inmate's progress toward completion of the case plan.

(8) The Parole Board shall provide semiannually to the Oversight Task Force the number of parole hearings held, the number of prisoners released to parole without a hearing and the number of parolees released after a hearing.

(9) If the Department of Corrections fails to adequately provide opportunity and access for the completion of such case plans, the Department of Corrections shall, to the extent possible, contract with regional jail facilities that offer educational development and job-training programs to facilitate the fulfillment of the case plans of parole-eligible inmates.

SECTION 5. Section 47-7-3.2, Mississippi Code of 1972, is brought forward as follows:

47-7-3.2. (1) Notwithstanding Section 47-5-138, 47-5-139, 47-5-138.1 or 47-5-142, no person convicted of a criminal offense on or after July 1, 2014, shall be released by the department until he or she has served no less than the percentage of the sentence or sentences imposed by the court as set forth below:

(a) Twenty-five percent (25%) or ten (10) years, whichever is less, for a nonviolent crime;

(b) Fifty percent (50%) or twenty (20) years, whichever is less, for a crime of violence pursuant to Section 97-3-2, except for robbery with a deadly weapon as

defined in Section 97-3-79, drive-by shooting as defined in Section 97-3-109, or carjacking as defined in Section 97-3-117;

(c) Sixty percent (60%) or twenty-five (25) years, whichever is less, for robbery with a deadly weapon as defined in Section 97-3-79, drive-by shooting as defined in Section 97-3-109, or carjacking as defined in Section 97-3-117.

(2) This section shall not apply to:

(a) Offenders sentenced to life imprisonment;

(b) Offenders convicted as habitual offenders pursuant to Sections 99-19-81 through 99-19-87;

(c) Offenders serving a sentence for a sex offense; or

(d) Offenders serving a sentence for trafficking pursuant to Section 41-29-139(f).

SECTION 6. Section 47-7-15, Mississippi Code of 1972, is brought forward as follows:

47-7-15. The board shall adopt an official seal of which the courts shall take judicial notice. Decisions of the board shall be made by majority vote, except as provided in Section 47-7-5(9).

The board shall keep a record of its acts and shall notify each institution of its decisions relating to the persons who are or have been confined therein. At the close of each fiscal year the board shall submit to the Governor and to the Legislature a report with statistical and other data of its work.

SECTION 7. Section 47-7-17, Mississippi Code of 1972, is brought forward as follows:

47-7-17. (1) Within one (1) year after his admission and at such intervals thereafter as it may determine, the board shall secure and consider all pertinent information regarding each offender, except any under sentence of death or otherwise ineligible for parole, including the circumstances of his offense, his previous social history, his previous criminal record, including any records of law enforcement agencies or of a youth court regarding that offender's juvenile criminal history, his conduct, employment and attitude while in the custody of the department, the case plan created to prepare the offender for parole, and the reports of such physical and mental examinations as have been made. The board shall furnish at least three (3) months' written notice to each such offender of the date on which he is eligible for parole.

(2) Except as provided in Section 47-7-18, the board shall require a parole-eligible offender to have a hearing as required in this chapter before the board and to be interviewed. The hearing shall be held no later than thirty (30) days prior to the month of eligibility. No application for parole of a person convicted of a capital offense shall be considered by the board unless and until notice of the filing of such application shall have been published at least once a week for two (2) weeks in a newspaper published in or having general circulation in the county in which the crime was committed. The board shall, within thirty (30) days prior to the scheduled hearing, also give notice of the filing of the application for parole to the victim of the offense for which the prisoner is incarcerated and being considered for parole or, in case the offense be homicide, a designee of the immediate family of the victim, provided the victim or designated family member has furnished in writing a current address to the board for such purpose. The victim or designated family member shall be provided an opportunity to be heard by the board before the board makes a decision regarding release on parole. The board shall consider

whether any restitution ordered has been paid in full. Parole release shall, at the hearing, be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. An offender shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. When the board determines that the offender will need transitional housing upon release in order to improve the likelihood of the offender becoming a law-abiding citizen, the board may parole the offender with the condition that the inmate spends no more than six (6) months in a transitional reentry center. At least fifteen (15) days prior to the release of an offender on parole, the director of records of the department shall give the written notice which is required pursuant to Section 47-5-177. Every offender while on parole shall remain in the legal custody of the department from which he was released and shall be amenable to the orders of the board. Upon determination by the board that an offender is eligible for release by parole, notice shall also be given within at least fifteen (15) days before release, by the board to the victim of the offense or the victim's family member, as indicated above, regarding the date when the offender's release shall occur, provided a current address of the victim or the victim's family member has been furnished in writing to the board for such purpose.

(3) Failure to provide notice to the victim or the victim's family member of the filing of the application for parole or of any decision made by the board regarding parole shall not

constitute grounds for vacating an otherwise lawful parole determination nor shall it create any right or liability, civilly or criminally, against the board or any member thereof.

(4) A letter of protest against granting an offender parole shall not be treated as the conclusive and only reason for not granting parole.

(5) The board may adopt such other rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of offenders for parole, the conduct of parole hearings, or conditions to be imposed upon parolees, including a condition that the parolee submit, as provided in Section 47-5-601 to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States. The board shall have the authority to adopt rules related to the placement of certain offenders on unsupervised parole and for the operation of transitional reentry centers. However, in no case shall an offender be placed on unsupervised parole before he has served a minimum of fifty percent (50%) of the period of supervised parole.

SECTION 8. Section 47-7-18, Mississippi Code of 1972, is brought forward as follows:

47-7-18 (1) No inmate convicted of a sex offense as defined by Section 45-33-23(h), a crime of violence as defined by Section 97-3-2, or both, nor an inmate who is eligible for geriatric parole shall be released on parole without a hearing before the Parole Board as required by Section 47-7-17. All other inmates eligible for parole pursuant to Section 47-7-3 shall be released from incarceration to parole supervision on the inmate's parole eligibility date, without a hearing before the board, if:

(a) The inmate has met the requirements of the parole case plan established pursuant to Section 47-7-3.1;

(b) A victim of the offense has not requested the board conduct a hearing;

(c) The inmate has not received a serious or major violation report within the past six (6) months;

(d) The inmate has agreed to the conditions of supervision; and

(e) The inmate has a discharge plan approved by the board.

(2) At least thirty (30) days prior to an inmate's parole eligibility date, the department shall notify the board in writing of the inmate's compliance or noncompliance with the case plan. If an inmate fails to meet a requirement of the case plan, prior to the parole eligibility date, he or she shall have a hearing before the board to determine if completion of the case plan can occur while in the community.

(3) Any inmate for whom there is insufficient information for the department to determine compliance with the case plan shall have a hearing with the board.

(4) A hearing shall be held with the board if requested by the victim following notification of the inmate's parole release date pursuant to Section 47-7-17.

(5) A hearing shall be held by the board if a law enforcement official from the community to which the inmate will return contacts the board or the department and requests a hearing to consider information relevant to public safety risks posed by the inmate if paroled at the initial parole eligibility date. The law enforcement official shall submit an explanation documenting these concerns for the board to consider.

(6) If a parole hearing is held, the board may determine the inmate has sufficiently complied with the case plan or that the incomplete case plan is not the fault of the inmate and that granting parole is not incompatible with public safety, the board may then parole the inmate with appropriate conditions. If the board determines that the inmate has sufficiently complied with the case plan but the discharge plan indicates that the inmate does not have appropriate housing immediately upon release, the board may parole the inmate to a transitional reentry center with the condition that the inmate spends no more than six (6) months in the center. If the board determines that the inmate has not substantively complied with the requirement(s) of the case plan it may deny parole. If the board denies parole, the board may schedule a subsequent parole hearing and, if a new date is scheduled, the board shall identify the corrective action the inmate will need to take in order to be granted parole. Any inmate not released at the time of the inmate's initial parole date shall have a parole hearing at least every year.

SECTION 9. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(c) To establish and implement its state strategic plan;

(d) To develop a strategic plan for the development of services for persons with mental illness, persons with developmental disabilities and other clients of the public mental health system. Such strategic planning program shall require that the board, acting through the Strategic Planning and Best Practices Committee, perform the following functions respecting the delivery of services:

(i) Establish measures for determining the efficiency and effectiveness of the services specified in Section 41-4-1(2);

(ii) Conducting studies of community-based care in other jurisdictions to determine which services offered in these jurisdictions have the potential to provide the citizens of Mississippi with more effective and efficient community-based care;

For services other than those specified in Section 41-4-1(2), the committee shall recommend to the State Board of Mental Health a strategic plan that the board may adopt or modify;

(h) To collect reasonable fees for its services; however, if it is determined that a person receiving services is unable to pay the total fee, the department shall collect no more than the amount such person is able to pay;

(i) To certify, coordinate and establish minimum standards and establish minimum required services, as specified in Section 41-4-1(2), for regional mental health and intellectual disability commissions and other community service providers for community or regional programs and services in adult mental health, children and youth mental health, intellectual disabilities, alcoholism, drug misuse, developmental disabilities, compulsive gambling, addictive disorders and related programs throughout the state. If the department finds deficiencies in the plan of any regional commission or community service provider based on the minimum standards and minimum required services established for certification, the department shall give the regional commission or community service provider a six-month probationary period to bring its standards and services up to the established minimum standards and minimum required services. The regional commission or community service provider shall develop a sustainability business plan within thirty (30) days of being placed on probation, which shall be signed by all commissioners and shall include policies to address one or more of the following: the deficiencies in programmatic services, clinical service staff expectations, timely and appropriate billing, processes to obtain credentialing for staff, monthly reporting processes, third-party financial reporting and any other required

documentation as determined by the department. After the six-month probationary period, if the department determines that the regional commission or community service provider still does not meet the minimum standards and minimum required services established for certification, the department may remove the certification of the commission or provider and from and after July 1, 2011, the commission or provider shall be ineligible for state funds from Medicaid reimbursement or other funding sources for those services. However, the department shall not mandate a standard or service, or decertify a regional commission or community service provider for not meeting a standard or service, if the standard or service does not have funding appropriated by the Legislature or have a state, federal or local funding source identified by the department. No county shall be required to levy millage to provide a mandated standard or service above the minimum rate required by Section 41-19-39. After the six-month probationary period, the department may identify an appropriate community service provider to provide any core services in that county that are not provided by a community mental health center. However, the department shall not offer reimbursement or other accommodations to a community service provider of core services that were not offered to the decertified community mental health center for the same or similar services. (k) To implement best practices for all services specified in Section 41-4-1(2), and to establish and implement all other services delivered by the Department of Mental Health. To carry out this responsibility, the board shall require the department to establish a division responsible for developing best practices based on a comprehensive analysis of the mental health environment to determine what the best practices for each service are. In developing best practices, the board shall consider the cost and benefits associated with each practice with a goal of implementing only those practices that are cost-effective practices for service delivery. Such best practices shall be utilized by the board in establishing performance standards and evaluations of the community mental health centers' services required by paragraph (d) of this section;

(l) To assist community or regional programs consistent with the purposes of this chapter by making grants and contracts from available funds;

(q) To establish mental health holding centers for the purpose of providing short-term emergency mental health treatment, places for holding persons awaiting commitment proceedings or awaiting placement in a state mental health facility following commitment, and for diverting placement in a state mental health facility. These mental health holding facilities shall be readily accessible, available statewide, and be in compliance with emergency services' minimum standards. They shall be comprehensive and available to triage and make appropriate clinical disposition, including the capability to access inpatient services or less restrictive alternatives, as needed, as determined by medical staff. Such facility shall have medical, nursing and behavioral services available on a twenty-four-hour-a-day basis. The board may provide for all or part of the costs of establishing and operating the holding centers in each district from such funds as may be appropriated to the board for such use, and may participate in any plan or agreement with any public or private entity under which the entity will provide all or part of the costs of establishing and operating a holding center in any district;

Persons already professionally licensed by another state board or agency are not required to be certified/licensed under this section by the Department of Mental Health. The department shall not use professional titles in its certification/licensure process for which there is an independent licensing procedure. Such certification/licensure shall be valid only in the state mental health system, in programs funded and/or certified by the Department of Mental Health, and/or in programs certified/licensed by the State Department of Health that are operated by the state mental health system serving persons with mental illness, an intellectual disability, a developmental disability or addictions, and shall not be transferable;

Based upon a recommendation of the executive director, the board shall have the authority to name/rename any facility operated under the auspices of the Department of Mental Health for the sole purpose of deleting such terminology;

(x) To ensure an effective case management system directed at persons who have been discharged from state and private psychiatric hospitals to ensure their continued well-being in the community;

(y) To develop formal service delivery standards designed to measure the quality of services delivered to community clients, as well as the timeliness of services to

Unexpended amounts remaining in the trust fund at the end of a fiscal year shall not lapse into the State General Fund, and any earnings on amounts in the trust fund shall be deposited to the credit of the trust fund. The administration of Boswell Regional Center

The least restrictive setting could be an institution, hospital or community setting, based upon the needs of the affected person or their parent or legal guardian;

After the six-month probationary period, if the department determines that the county or its provider still does not meet the minimum standards and minimum required services, the department may remove the certification of the county or provider and require the county to contract with another county having a certified facility to hold those persons for that period of time pending transportation and admission to a state treatment facility. Any cost incurred by a county receiving an involuntarily committed person from a county with a decertified holding facility shall be reimbursed by the home county to the receiving county; and

Thereafter, their successors shall be elected for terms of six (6) years. All elections shall be held in accordance with rules and regulations adopted by the board to govern those elections and the board shall be the sole judge of all questions arising incident to or connected with the elections.

(i) Any person eligible to vote for the election of a member of the board of trustees and who meets the qualifications for the office may seek election to the office and serve if elected. For purposes of determining eligibility to seek office as a member of the board of trustees, the required creditable service in "the system" shall include each system administered by the board of trustees in which the person is a member.

The members described above and serving on the board on June 30, 1989, shall continue to serve on the board until the expiration of their terms.

(3) If a vacancy occurs in the office of a trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled. However, if the unexpired term is six (6) months or less, an election shall be held to fill the office vacated for the next succeeding full term of office, and the person so elected to fill the next full term shall be appointed by the board to fill the remainder of the unexpired term. Whenever any member who is elected to a position to represent a class of members ceases to be a member of that class, that board member is no longer eligible for membership on the board. The position shall be declared vacant, and the unexpired term shall be filled in the same manner as the office was previously filled.

(4) Each trustee shall, within ten (10) days after his or her appointment or election, take an oath of office as provided by law and, in addition, shall take an oath that he or she will diligently and honestly administer the affairs of the board, and that he or she will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to Articles 1 and 3. The oath shall be signed by the member making it, certified by the officer before whom it is taken, and immediately filed in the office of the Secretary of State.

(5) Each trustee shall be entitled to one (1) vote. Six (6) members shall constitute a quorum at any meeting of the board, and a majority of those present shall be necessary for a decision.

(6) Subject to the limitations of Articles 1 and 3, the board shall establish rules and regulations for the administration of the system created by those articles and for the transaction of its business, and to give force and effect to the provisions of those articles wherever necessary to carry out the intent and purposes of the Legislature. The cited articles are remedial law and shall be liberally construed to accomplish their purposes.

(7) Notwithstanding any other law to the contrary, in the event of a natural disaster or other occurrence that results in the failure of the retirement system's computer system or a significant disruption of the normal activities of the retirement system, the executive director of the board, or his or her deputy, shall be authorized to contract with another entity, governmental or private, during the period of the failure or disruption, for services, commodities, work space and supplies as necessary to carry out the administration of all systems and programs administered by the board. The board shall be authorized to pay the reasonable cost of those services, commodities, work space and supplies. At the meeting of the board next following the execution of a contract authorized under this subsection, documentation of the contract, including a description of the services, commodities, work space or supplies, the price thereof and the nature of the disaster or occurrence, shall be presented to the board and placed on the minutes of the board. Because of their emergency nature, purchases made under this subsection shall not be required to comply with the provisions of Section 31-7-13 or any other law governing public purchases.

(8) The computer equipment and software owned by the Public Employees' Retirement System are assets of the Trust Fund by virtue of the Constitution, Section 272-A and acquisition and operation thereof shall be under the jurisdiction of the Public Employees' Retirement System.

(9) The board shall elect a chairman and shall by a majority vote of all of its members appoint a secretary whose title shall be executive director, who shall serve * * * for a term of four (4) years, with the advice and consent of the Senate, and consistent with the provisions of Section 7-1-35, Mississippi Code of 1972. The executive director shall not be a member of the board of trustees, * * * be entitled to membership in the system, and * * * act as secretary of the board. The board of trustees shall employ such actuarial, clerical and other employees as are required to transact the business of the system, and shall fix the compensation of all employees, subject to the rules and regulations of the State Personnel Board.

(10) Each member of the board shall receive as compensation for his or her services Three Hundred Dollars ($300.00) per month. All members of the board shall be reimbursed for their necessary traveling expenses, which shall be paid in accordance with the requirements of Section 25-3-41 or other applicable statutes with respect to traveling expenses of state officials and employees on official business. All members of the board shall be entitled to be members of the system and shall be entitled to creditable service for all time served as a member of the board, except for the retired members, who shall not be entitled to be a member of the system and who shall be eligible to receive the retirement allowance and compensation for services from the system while serving as a member of the board. Members of the board who are employed in state service (as defined in Section 25-11-103) shall not be required to take annual leave from their state service employment while performing his or her official duties as a member of the board.

(11) All expenses of the board incurred in the administration of Articles 1 and 3 shall be paid from such funds as may be appropriated by the Legislature for that purpose or from administrative fees collected from political subdivisions or juristic entities of the state. Each political subdivision of the state and each instrumentality of the state or of a

political subdivision or subdivisions that submit a plan for approval by the board as provided in Section 25-11-11 shall reimburse the board, for coverage into the administrative expense fund, its pro rata share of the total expense of administering Articles 1 and 3 as provided by regulations of the board.

(12) The Lieutenant Governor may designate two (2) Senators and the Speaker of the House of Representatives may designate two (2) Representatives to attend any meeting of the Board of Trustees of the Public Employees' Retirement System. The appointing authorities may designate alternate members from their respective houses to serve when the regular designees are unable to attend the meetings of the board. The legislative designees shall have no jurisdiction or vote on any matter within the jurisdiction of the board. For attending meetings of the board, the legislators shall receive per diem and expenses, which shall be paid from the contingent expense funds of their respective houses in the same amounts as provided for committee meetings when the Legislature is not in session; however, no per diem and expenses for attending meetings of the board will be paid while the Legislature is in session. No per diem and expenses will be paid except for attending meetings of the board without prior approval of the proper committee in their respective houses.

The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. 5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published

the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(q) To appoint and employ an executive director to a term of four (4) years, with the advice and consent of the Senate, and consistent with the provisions of Section 7-1-35, Mississippi Code of 1972.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts. Nothing in this section shall impair or limit the authority of the State Treasurer to enter into any personal or professional services contracts involving the management of trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Through December 31, 2024, the provisions of this section related to rental agreements or leasing of real property for the purpose of conducting agency business shall not apply to the Office of Workforce Development created in Section 37-153-7.

(g) In the event a county or municipality entitled to appoint a director or directors to the district shall not do so within twenty (20) days from the date of the order of the chancery court creating the district, the chancery court or the chancellor in vacation shall forthwith exercise the right of said county or municipality in appointing a director or directors.

51-27-1. (1) The Governor, on behalf of this state, is hereby authorized to execute a Compact in substantially the following form with the State of Alabama; and the Legislature hereby signifies in advance its approval and ratification of such Compact, which Compact is as follows:

TOMBIGBEE-TENNESSEE WATERWAY DEVELOPMENT COMPACT

Article I. The purpose of this Compact is to promote the development of a navigable waterway connecting the Tennessee and Tombigbee Rivers by way of the east fork of the Tombigbee River and Mackeys and Yellow Creeks so as to provide a nine-foot navigable channel from the junction of the Tombigbee and Warrior Rivers at Demopolis in the State of Alabama to the junction of Yellow Creek with the Tennessee River at Pickwick Pool in the State of Mississippi, and to establish a joint interstate authority to assist in these efforts.

Article II. This Compact shall become effective immediately as to the states ratifying it whenever the States of Alabama and Mississippi have ratified it and Congress has given consent thereto. Any state not mentioned in this article which is contiguous with any member state may become a party to this Compact, subject to approval by the Legislature of each of the member states.

Article III. The states which are parties to this Compact (hereinafter referred to as "party states") do hereby establish and create a joint agency which shall be known as the Tennessee-Tombigbee Waterway Development Authority (hereinafter referred to as the "authority"). The membership of such authority shall consist of the Governor of each party state and five (5) other citizens of each party state, to be appointed by the Governor thereof. Each appointive member of the authority shall be a citizen of that state who is interested in the promotion and development of waterways and water transportation. The appointive members of the authority shall serve for terms of four (4) years each. Vacancies on the authority shall be filled by appointment by the Governor for the unexpired portion of the term. The members of the authority shall not be compensated, but each shall be entitled to actual expenses incurred in attending meetings, or incurred otherwise in the performance of his duties as a member of the authority. The members of the authority shall hold regular quarterly meetings and such special meetings as its business may require. They shall choose annually a chairman and vice chairman from among their members, and the chairmanship shall rotate each year among the party states in order of their acceptance of this Compact. The secretary of the authority (hereinafter provided for)

shall notify each member in writing of all meetings of the authority in such a manner and under such rules and regulations as the authority may prescribe. The authority shall adopt rules and regulations for the transaction of its business; and the secretary shall keep a record of all its business and shall furnish a copy thereof to each member of the authority. It shall be the duty of the authority, in general, to promote, encourage * * * and coordinate the efforts of the party states to secure the development of the Tennessee-Tombigbee Waterway. Toward this end, the authority shall have power to hold hearings; to conduct studies and surveys of all problems, benefits * * * and other matters associated with the development of the Tennessee-Tombigbee Waterway, and to make reports thereon; to acquire, by gift or otherwise, and hold and dispose of such money and property as may be provided for the proper performance of their function; to cooperate with other public or private groups, whether local, state, regional * * * or national, having an interest in waterways development; to formulate and execute plans and policies for emphasizing the purpose of this Compact before the Congress of the United States and other appropriate officers and agencies of the United States; and to exercise such other powers as may be appropriate to enable it to accomplish its functions and duties in connection with the development of the Tennessee-Tombigbee Waterway and to carry out the purposes of this Compact.

The Tennessee-Tombigbee Waterway Development Authority, created by former Section 51-27-1, is continued and reconstituted as follows: Effective January 1, 2028, the appointed members of the board designated from Mississippi shall be appointed by the Governor to terms of office of four (4) years, with the advise and consent of the Senate, provided that one-half (1/2) of such members shall be appointed in 2028 to a term ending December 31, 2031, and one-half (1/2) of such members shall be appointed in 2030 to a term ending December 31, 2033. Appointments made at the beginning of the four-year cycle shall be made to fill any member's term which actually expires that year and any member's term which expires next until the majority of the membership of the board or commission is reached. Appointments made at the beginning of the third year of the four-year cycle shall be made for the remainder of the membership positions irrespective of the time of their prior appointment. Any question regarding the order of appointments shall be determined by the Secretary of State in accordance with the specific statute. All appointment procedures, vacancy provisions, interim appointment provisions and removal provisions specifically provided for in Section 7-1-35, Mississippi Code of 1972, shall be fully applicable to appointments to the Tennessee-Tombigbee Waterway Development Authority.

Article IV. The authority shall appoint a secretary, who shall be a person familiar with the nature, procedures, and significance of inland waterways development and the informational, educational, and publicity methods of stimulating general interest in such developments, and who shall be the compact administrator. His term of office shall be at the pleasure of the authority and he shall receive such compensation as the authority shall prescribe. He shall maintain custody of the authority's books, records, and papers, which he shall keep at the office of the authority, and he shall perform all functions and duties, and exercise all powers and authorities, that may be delegated to him by the authority.

Article V. Each party state agrees that, when authorized by its legislature, it will from time to time make available and pay over to the authority such funds as may be required for the establishment and operation of the authority. The contribution of each party state shall be in the proportion that its population bears to the total population of the states which are parties hereto, as shown by the most recent official report of the United States Bureau of the Census, or upon such other basis as may be agreed upon.

Article VI. Nothing in this Compact shall be construed so as to conflict with any existing statute, or to limit the powers of any party state, or to repeal or prevent legislation, or to authorize or permit curtailment or diminution of any other waterway project, or to affect any existing or future cooperative arrangement or relationship between any federal agency and a party state.

Article VII. This Compact shall continue in force and remain binding upon each party state until the Legislature or Governor of each or either state takes action to withdraw therefrom; provided that such withdrawal shall not become effective until six (6) months after the date of the action taken by the Legislature or Governor. Notice of such action shall be given to the other party state or states by the Secretary of State of the party state which takes such action.

(2) There is hereby granted to the Governor, to the members of the authority for Mississippi, and to the Compact administrator all the powers provided for in said Compact and in this section. MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1135: Election day disputes; require list of judges selected to hear to be provided to certain officials.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 23-15-913, Mississippi Code of 1972, is amended as follows:

23-15-913. (1) The judges listed and selected to hear election disputes, as provided in Section 23-15-951, shall be available on election day to immediately hear and resolve any election day disputes. The name of any judge selected to hear election day disputes shall be provided to the Secretary of State by the Chief Justice of the Mississippi Supreme Court at the time the appointment is made, unless the Secretary of State is a party to the election day dispute to which that special circuit judge is appointed.

(2) The rules for filing pleadings shall be relaxed to carry out the purposes of this section. The judges selected shall perform no other judicial duties on election day. If an election day dispute occurs, the circuit clerk shall only docket the dispute to the judge designated by the Supreme Court to hear the case in that county. All election day disputes arising in one county shall go to the same judge in that county unless the judge is absent

or unavailable. When such election day dispute is filed, the circuit clerk shall immediately notify by phone, email or personally, the Chief Justice of the Supreme Court, or in his or her absence or disability, some other Justice of the Supreme Court, who shall forthwith notify the assigned special judge from the list of judges who were preselected to hear election day disputes, to proceed to the county in which the dispute has been filed to hear and determine the complaint. The circuit clerk shall cause a copy of such petition to be served upon the contestee, which shall serve as notice to such contestee. In the list provided, the Supreme Court shall * * * specify which judges shall be available to hear disputes in * * * each county in which the disputes occur, but no judge shall hear disputes in the district or county in which he or she was elected nor shall any judge hear any dispute in which any potential conflict may arise. Each judge shall be fair and impartial and shall be assigned on that basis.

(3) The listed and selected judges provided by the Chief Justice of the Mississippi Supreme Court shall have sole jurisdiction to hear election day disputes. Election disputes can only be filed in a circuit court with proper jurisdiction and heard by one (1) of the judges selected by the Chief Justice of the Mississippi Supreme Court.

SECTION 2. Section 23-15-951, Mississippi Code of 1972, is amended as follows:

23-15-951. Except as otherwise provided by Section 23-15-955 or 23-15-961, a person desiring to contest the election of another person returned as elected to any office within any county, may, within twenty (20) days after the election, file a petition in the office of the clerk of the circuit court of the county, setting forth the grounds upon which the election is contested. When such a petition is filed, the circuit clerk shall immediately notify, by registered letter, telegraph, telephone, or personally the Chief Justice of the Supreme Court or in his or her absence, or disability, some other Justice of the Supreme Court, who shall forthwith designate and notify a circuit judge or chancellor of a district other than that which embraces the district, subdistrict, county or any of the counties, involved in the contest or complaint, to proceed to the county in which the contest or complaint has been filed to hear and determine the contest or complaint. The circuit clerk shall also cause a copy of such petition to be served upon the contestee, which shall serve as notice to such contestee.

The Supreme Court shall compile a list of judges throughout the state to hear such disputes before an election. The name of any judge selected to hear election day disputes shall be provided to the Secretary of State by the Chief Justice of the Supreme Court at the time the appointment is made, unless the Secretary of State is a party to the election day dispute to which the special circuit judge is appointed. It shall be the official duty of the designated circuit judge or chancellor to proceed to discharge the duty of hearing the contest at the earliest possible date. The date of the contest shall be fixed by the judge or chancellor, and the judge or chancellor shall provide reasonable notice to the contestant and the contestee of the date and time fixed for the contest. The judge or chancellor shall cause the contestant and contestee to be served in a reasonable manner. When the contestee is served, such contestee shall promptly file his or her answer, and cross-complaint, if the contestee has a cross-complaint.

The court shall, at the first term, cause an issue to be made up and tried by a jury, and the verdict of the jury shall find the person having the greatest number of legal votes at the election. If the jury shall find against the person returned elected, the clerk shall issue a certificate thereof; and the person in whose favor the jury shall find shall be commissioned by the Governor, and shall qualify and enter upon the duties of his or her office. Each party shall be allowed ten (10) peremptory challenges, and new trials shall be granted and costs awarded as in other cases. In case the election of district attorney or other state district election be contested, the petition may be filed in any county of the district or in any county of an adjoining district within twenty (20) days after the election, and like proceedings shall be had thereon as in the case of county officers, and the person found to be entitled to the office shall qualify as required by law and enter upon the duties of his or her office.

A person desiring to contest the election of another person returned as elected to any seat in the Mississippi Legislature shall comply with the provisions of Section 23-15-955. A person desiring to contest the qualifications of a candidate for nomination in a political party primary election shall comply with the provisions of Section 23-15-961.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 23-15-913, MISSISSIPPI CODE OF 1972, TO SPECIFY WHICH JUDGES HAVE JURISDICTION TO HEAR ELECTION DISPUTES ON ELECTION DAY; TO AMEND SECTION 23-15-951, MISSISSIPPI CODE OF 1972, TO REQUIRE THAT ELECTION DAY DISPUTES BE HEARD BY JUDGES WHO HAVE BEEN SELECTED BY THE CHIEF JUSTICE OF THE SUPREME COURT TO HEAR SAID DISPUTES; AND FOR RELATED PURPOSES.

(b) If a public body is unable to produce a public record by the seventh working day after the request is made, the public body must provide a written explanation to the person making the request stating that the record requested will be produced and specifying with particularity why the records cannot be produced within the seven-day period. Unless there is mutual agreement of the parties, * * * in no event shall the date for the public body's production of the requested records be any later than fourteen (14) working days from the receipt by the public body of the original request. * * *

(2) If any public record contains material which is not exempted under this chapter, the public agency shall redact the exempted material and make the nonexempted material available for examination. Such public agency shall be entitled to charge a reasonable fee for the redaction of any exempted material, not to exceed the agency's actual cost.

(3) Denial by a public body of a request for access to or copies of public records under this chapter shall be in writing and shall contain a statement of the specific exemption relied upon by the public body for the denial. Each public body shall maintain a file of all denials of requests for public records. This file shall be made available for inspection or copying, or both, during regular office hours to any person upon written request.

(4) Where any public body is preparing or conducting a competitive procurement, the time limitations contained in this section shall be tolled until the public body determines it will not issue the procurement, cancels the procurement or issues a notice naming its intended awardee.

(5) This section shall stand repealed on July 1, 2028.

SECTION 3. Section 25-61-9, Mississippi Code of 1972, is brought forward as follows:

25-61-9. (1) (a) Records furnished to public bodies by third parties which contain trade secrets or confidential commercial or financial information shall not be subject to inspection, examination, copying or reproduction under this chapter until notice to third parties has been given, but the records shall be released no later than twenty-one (21) days from the date the third parties are given notice by the public body unless the third parties have filed in chancery court a petition seeking a protective order on or before the expiration of the twenty-one-day time period. Any party seeking the protective order shall give notice to the party requesting the information in accordance with the Mississippi Rules of Civil Procedure.

(b) If a court determines that a person or entity has made duplicative requests for public records that are the subject of a protective order under paragraph (a) of this subsection, the court shall order the requesting person or entity to reimburse the third party's costs and attorney's fees for seeking additional protective orders for the same or substantially similar requests for public records.

(2) If any public record which is held to be exempt from disclosure pursuant to this chapter contains material which is not exempt pursuant to this chapter, the public body shall separate the exempt material and make the nonexempt material available for examination or copying, or both, as provided for in this chapter.

(3) Trade secrets and confidential commercial and financial information of a proprietary nature developed by a college, university or public hospital under contract with a firm, business, partnership, association, corporation, individual or other like entity shall not be subject to inspection, examination, copying or reproduction under this chapter.

(4) Misappropriation of a trade secret shall be governed by the provisions of the Mississippi Uniform Trade Secrets Act, Sections 75-26-1 through 75-26-19.

As used in this subsection, "sensitive" means only those portions of data processing software, including the specifications and documentation, used to:

(a) Collect, process, store, and retrieve information which is exempt under this chapter.

(b) Control and direct access authorizations and security measures for automated systems.

(c) Collect, process, store, and retrieve information, disclosure of which would require a significant intrusion into the business of the public body.

Any party seeking a protective order for a procurement contract awarded by state agencies shall give notice to and provide the reasons for the protective order to the party requesting the information in accordance with the Mississippi Rules of Civil Procedure. The notice and reasons for the protective order must be posted on the Mississippi procurement portal for a minimum of seven (7) days before filing the petition seeking the protective order in chancery court. Any party seeking a protective order in violation of this subsection may be barred by a state agency from submitting bids, proposals or qualifications for procurement for a period not to exceed five (5) years.

SECTION 4. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with

the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars ($25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be

If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars ($50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from

the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to

this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such

industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Term contracts for a period exceeding twenty-four (24) months shall also be subject to ratification or cancellation by governing authority boards taking office subsequent to the governing authority board entering the contract.

(ii) Bid proposals and contracts may include price adjustment clauses with relation to the cost to the contractor based upon a nationally published industry-wide or nationally published and recognized cost index. The cost index used in a price adjustment clause shall be determined by the Department of Finance and Administration for the state agencies and by the governing board for governing authorities. The bid proposal and contract documents utilizing a price adjustment clause shall contain the basis and method of adjusting unit prices for the change in the cost of such commodities, equipment and public construction.

(o) Purchase law violation prohibition and vendor penalty. No contract or purchase as herein authorized shall be made for the purpose of circumventing the provisions of this section requiring competitive bids, nor shall it be lawful for any person or concern to submit individual invoices for amounts within those authorized for a contract or purchase where the actual value of the contract or commodity purchased exceeds the authorized amount and the invoices therefor are split so as to appear to be authorized as purchases for which competitive bids are not required. Submission of such invoices shall constitute a misdemeanor punishable by a fine of not less than Five Hundred Dollars ($500.00) nor more than One Thousand Dollars ($1,000.00), or by imprisonment for thirty (30) days in the county jail, or both such fine and imprisonment. In addition, the claim or claims submitted shall be forfeited.

(p) Electrical utility petroleum-based equipment purchase procedure. When in response to a proper advertisement therefor, no bid firm as to price is submitted to an electric utility for power transformers, distribution transformers, power breakers, reclosers or other articles containing a petroleum product, the electric utility may accept the lowest and best bid therefor although the price is not firm.

(q) Fuel management system bidding procedure. Any governing authority or agency of the state shall, before contracting for the services and products of a fuel management or fuel access system, enter into negotiations with not fewer than two (2) sellers of fuel management or fuel access systems for competitive written bids to provide the services and products for the systems. In the event that the governing authority or agency cannot locate two (2) sellers of such systems or cannot obtain bids from two (2) sellers of such systems, it shall show proof that it made a diligent, good-faith effort to locate and negotiate with two (2) sellers of such systems. Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Governing authorities and agencies shall be exempt from this process when contracting for the services and products of fuel management or fuel access systems under the terms of a state contract established by the Office of Purchasing and Travel.

(r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised for in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. Any request for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, legal responsibilities and other relevant factors as are determined by the governing authority or agency to be appropriate for inclusion; all factors determined relevant by the governing authority or agency or required by this paragraph (r) shall be duly included in the advertisement to elicit proposals. After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority

of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(i) "Asian" means persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

(ii) "Black" means persons having origins in any black racial group of Africa.

(iii) "Hispanic" means persons of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race.

(iv) "Native American" means persons having origins in any of the original people of North America, including American Indians, Eskimos and Aleuts.

(t) Construction punch list restriction. The architect, engineer or other representative designated by the agency or governing authority that is contracting for public construction or renovation may prepare and submit to the contractor only one (1) preliminary punch list of items that do not meet the contract requirements at the time of substantial completion and one (1) final list immediately before final completion and final payment.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars ($1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

(x) Mississippi Regional Pre-Need Disaster Clean Up Act. (i) The Department of Finance and Administration shall enter into nine (9) contracts for the pre-need purchase of labor, services, work, materials, equipment, supplies or other personal property for disaster-related solid waste collection, disposal or monitoring. One (1) contract shall be entered into for each of the nine (9) Mississippi Emergency Management Association districts:

1. Coahoma, DeSoto, Grenada, Panola, Quitman, Tallahatchie, Tate, Tunica and Yalobusha Counties;

2. Alcorn, Benton, Itawamba, Lafayette, Lee, Marshall, Pontotoc, Prentiss, Tippah, Tishomingo and Union Counties;

3. Attala, Bolivar, Carroll, Holmes, Humphreys, Leflore, Montgomery, Sunflower and Washington Counties;

8. Covington, Forrest, Greene, Jefferson Davis, Jones, Lamar, Marion, Perry and Wayne Counties; and

9. George, Hancock, Harrison, Jackson, Pearl River and Stone Counties.

Any such contract shall set forth the manner of awarding such a contract, the method of payment, and any other matter deemed necessary to carry out the purposes of the agreement. Such contract may be entered into only for a term of one (1) year, with an option for an additional one-year extension after the conclusion of the first year of the contract, and only after having solicited bids or proposals, as appropriate, which shall be publicly advertised by posting on a web page maintained by the Department of Finance and Administration through submission of such advertisement to the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority. The bid opening shall not occur until after the submission has been posted for at least ten (10) consecutive days. The state's share of expenditures for solid waste collection, disposal or monitoring under any contract shall be appropriated and paid in the manner set forth in the contract and in the same manner as for other solid waste collection, disposal, or monitoring expenses of the state. Any contract entered into under this paragraph shall not be subject to the provisions of Section 17-13-11.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established in subparagraph (i) of this paragraph.

After the expiration of the initial terms, all appointed members' terms shall be for a period of four (4) years from the expiration date of the previous term, and until such time as the member's successor is duly appointed and qualified.

(c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be appointed to the Public Procurement Review Board if the principal owns or controls a greater than five percent (5%) interest or has an ownership value of One Million Dollars ($1,000,000.00) in the source's business, whichever is smaller. No member shall be an officer or employee of the State of Mississippi while serving as a voting member on the Public Procurement Review Board.

(d) Members of the Public Procurement Review Board shall be entitled to per diem as authorized by Section 25-3-69 and travel reimbursement as authorized by Section 25-3-41.

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(a) Approve all purchasing regulations governing the purchase or lease by any agency, as defined in Section 31-7-1, of commodities and equipment, except computer equipment acquired pursuant to Sections 25-53-1 through 25-53-29;

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

The provisions of this paragraph (b) shall not apply to such contracts involving buildings and other facilities of state institutions of higher learning which are self-administered as provided under this paragraph (b) or Section 37-101-15(m);

(c) Adopt regulations governing any lease or rental agreement by any state agency or department, including any state agency financed entirely by federal funds, for space outside the buildings under the jurisdiction of the Department of Finance and Administration. These regulations shall require each agency requesting to lease such space to provide the following information that shall be published by the Department of Finance and Administration on its website: the agency to lease the space; the terms of the lease; the approximate square feet to be leased; the use for the space; a description of a suitable space; the general location desired for the leased space; the contact information for a person from the agency; the deadline date for the agency to have received a lease proposal; any other specific terms or conditions of the agency; and any other information deemed appropriate by the Division of Real Property Management of the Department of Finance and Administration or the Public Procurement Review Board. The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

(i) Black: having origins in any of the black racial groups of Africa;

(ii) Hispanic: of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin regardless of race;

services personnel, including personal and professional services contracts for any form of consulting, policy analysis, public relations, marketing, public affairs, legislative advocacy services or any other contract that the board deems appropriate for oversight, with the exception of:

15. Any personal or professional services contract entered into by an agency for the design, operation or maintenance of museum exhibits. An agency making a purchase under this exemption shall publicly advertise a Request for Qualifications but shall be otherwise exempt. Any contracts arising from the use of this exemption must be approved by the Public Procurement Review Board prior to execution by the agency.

Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act.

(ii) From and after July 1, 2024, the Public Procurement Review Board shall promulgate rules and regulations that require the Department of Finance and Administration to conduct personal and professional services solicitations as provided in subparagraph (i) of this paragraph for those services in excess of Seventy-five Thousand Dollars ($75,000.00) for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority, with assistance to be provided from these entities. Any powers that have been conferred upon agencies in order to comply with the provisions of this section for personal and professional services solicitations shall be conferred upon the Department of Finance and Administration to conduct personal and professional services solicitations for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority for those services in excess of Seventy-five Thousand Dollars ($75,000.00). The Department of Finance and Administration shall make any submissions that are required to be made by other agencies to the Public Procurement Review Board for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority.

The provisions of this subparagraph (ii) shall stand repealed on June 30, 2027;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars ($75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the

procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1)

source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts. Nothing in this section shall impair or limit the authority of the State Treasurer to enter into any personal or professional services contracts involving the management of trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Through December 31, 2024, the provisions of this section related to rental agreements or leasing of real property for the purpose of conducting agency business shall not apply to the Office of Workforce Development created in Section 37-153-7.

SECTION 6. Section 31-7-401, Mississippi Code of 1972, is amended as follows:

31-7-401. Except as otherwise provided by law, the provisions of Sections 31-7-401 through 31-7-423 shall apply to every procurement of commodities, supplies, equipment, construction, technology, personal and professional services other than those in Section 27-104-7(2)(f) and (8), state agency employee benefits, supplemental insurance and cafeteria plans, that are solicited by any state agency by a request for proposals or request for qualifications, except any personal or professional services contract entered into by an agency for the design, operation or maintenance of museum exhibits, purchases made by an agency related to the fabrication, construction, installation

or refurbishing of museum exhibits. The following provisions are intended to ensure that the best practices for soliciting requests for proposals or requests for qualifications are implemented. Any agency that is required to receive approval by the Public Procurement Review Board before entering into a personal or professional services contract as provided in subsection (2)(g) of Section 27-104-7 shall implement the best practices specified in Sections 31-7-401 through 31-7-423. The Public Procurement Review Board shall promulgate any necessary rules and regulations to administer the provisions of Sections 31-7-401 through 31-7-423.

SECTION 7. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AMENDMENT NO. 1:

AMEND by inserting the following language after line 90 and renumbering the succeeding section accordingly:

SECTION 3. Section 25-11-123, Mississippi Code of 1972, is amended as follows:

25-11-123. All of the assets of the system shall be credited according to the purpose for which they are held to one (1) of four (4) reserves; namely, the annuity savings account, the annuity reserve, the employer's accumulation account, and the expense account.

(a) Annuity savings account. In the annuity savings account shall be accumulated the contributions made by members to provide for their annuities, including interest thereon which shall be posted monthly. Credits to and charges against the annuity savings account shall be made as follows:

(1) Beginning July 1, 2010, the employer shall cause to be deducted from the salary of each member on each and every payroll of the employer for each and every payroll period nine percent (9%) of earned compensation as defined in Section 25-11-103. Future contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation; however, any member earning at a rate less than Sixteen Dollars and

Sixty-seven Cents ($16.67) per month, or Two Hundred Dollars ($200.00) per year, shall contribute not less than One Dollar ($1.00) per month, or Twelve Dollars ($12.00) per year.

(2) The deductions provided in paragraph (1) of this subsection shall be made notwithstanding that the minimum compensation provided by law for any member is reduced by the deduction. Every member shall be deemed to consent and agree to the deductions made and provided for in paragraph (1) of this subsection and shall receipt for his full salary or compensation, and payment of salary or compensation less the deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the person during the period covered by the payment, except as to the benefits provided under Articles 1 and 3. The board shall provide by rules for the methods of collection of contributions from members and the employer. The board shall have full authority to require the production of evidence necessary to verify the correctness of amounts contributed.

(b) Annuity reserve. The annuity reserve shall be the account representing the actuarial value of all annuities in force, and to it shall be charged all annuities and all benefits in lieu of annuities, payable as provided in this article. If a beneficiary retired on account of disability is restored to active service with a compensation not less than his average final compensation at the time of his last retirement, the remainder of his contributions shall be transferred from the annuity reserve to the annuity savings account and credited to his individual account therein, and the balance of his annuity reserve shall be transferred to the employer's accumulation account.

(c) Employer's accumulation account. The employer's accumulation account shall represent the accumulation of all reserves for the payment of all retirement allowances and other benefits payable from contributions made by the employer, and against this account shall be charged all retirement allowances and other benefits on account of members. Credits to and charges against the employer's accumulation account shall be made as follows:

(1) On account of each member there shall be paid monthly into the employer's accumulation account by the employers for the preceding fiscal year an amount equal to a certain percentage of the total earned compensation, as defined in Section 25-11-103, of each member. * * * From and after the effective date of this act, the increase in the employer's contribution rate scheduled to take effect on July 1, 2024, is rescinded and shall not take effect.

(2) For the public good, any recommendation by the board to adjust the employer contributions shall be accompanied by at least two (2) assessments from actuaries who are independent from each other and the retirement plan. The actuaries shall analyze the economic impact of any such recommendation to the system and state, including, but not limited to, information showing the fiscal impact to every agency and arm of the state, including, but not limited to, state agencies, cities, counties and school districts. The actuarial assessments, with any such recommendation to adjust the employer contributions, shall be submitted to the Lieutenant Governor, Speaker of the House, Chairman of the Senate Appropriations Committee and Chairman of the House Appropriations Committee.

(3) The board shall have the authority to make recommendations regarding additional funding sources for the retirement plan, including employer contribution increases, based on the assets and liabilities of the retirement plan, and the analyses required by paragraph (2) of this subsection (c). The Legislature shall have the sole authority to implement any such recommendations.

(4) This section shall not be construed to provide authority to reduce or eliminate any earned benefits to be provided by the state to persons drawing a retirement allowance or to members of the system as of the effective date of this act.

(* * *5) On the basis of regular interest and of such mortality and other tables as are adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making that valuation, shall determine the uniform and constant percentage of the earnable compensation of each member which, if contributed by the employer on the basis of compensation of the member throughout his entire period of membership service, would be sufficient to provide for the payment of any retirement allowance payable on his account for that service. The percentage rate so determined shall be known as the "normal contribution rate." After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the percentage rate of the salary of all members obtained by deducting from the total liabilities on account of membership service the amount in the employer's accumulation account, and dividing the remainder by one percent (1%) of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees and regular interest. The normal rate of contributions shall be determined by the actuary after each valuation.

(* * *6) The total amount payable in each year to the employer's accumulation account shall not be less than the sum of the percentage rate known as the "normal contribution rate" and the "accrued liability contribution rate" of the total compensation earnable by all members during the preceding year, provided that the payment by the employer shall be sufficient, when combined with the amounts in the account, to provide the allowances and other benefits chargeable to this account during the year then current.

(* * *7) The accrued liability contribution shall be discontinued as soon as the accumulated balance in the employer's accumulation account shall equal the present value, computed on the basis of the normal contribution rate then in force, or the prospective normal contributions to be received on account of all persons who are at that time members.

(* * *8) All allowances and benefits in lieu thereof, with the exception of those payable on account of members who receive no prior service credit, payable from contributions of the employer, shall be paid from the employer's accumulation account.

(* * *9) Upon the retirement of a member, an amount equal to his retirement allowance shall be transferred from the employer's accumulation account to the annuity reserve.

(* * *10) The employer's accumulation account shall be credited with any assets authorized by law to be credited to the account.

(d) Expense account. The expense account shall be the account to which the expenses of the administration of the system shall be charged, exclusive of amounts payable as retirement allowances and as other benefits provided herein. The Legislature shall make annual appropriations in amounts sufficient to administer the system, which shall be credited to this account. There shall be transferred to the State Treasury from this account, not less than once per month, an amount sufficient for payment of the estimated expenses of the system for the succeeding thirty (30) days. Any interest earned on the expense account shall accrue to the benefit of the system. However, notwithstanding the provisions of Sections 25-11-15(10) and 25-11-105(f)(v)5, all expenses of the administration of the system shall be paid from the interest earnings, provided the interest earnings are in excess of the actuarial interest assumption as determined by the board, and provided the present cost of the administrative expense fee of two percent (2%) of the contributions reported by the political subdivisions and instrumentalities shall be reduced to one percent (1%) from and after July 1, 1983, through June 30, 1984, and shall be eliminated thereafter.

(e) Collection of contributions. The employer shall cause to be deducted on each and every payroll of a member for each and every payroll period, beginning subsequent to January 31, 1953, the contributions payable by the member as provided in Articles 1 and 3.

The employer shall make deductions from salaries of employees as provided in Articles 1 and 3 and shall transmit monthly, or at such time as the board of trustees designates, the amount specified to be deducted to the Executive Director of the Public Employees' Retirement System. The executive director, after making a record of all those receipts, shall deposit such amounts as provided by law.

(f) (1) Upon the basis of each actuarial valuation provided herein, the board of trustees shall biennially determine the normal contribution rate and the accrued liability contribution rate as provided in this section. The sum of these two (2) rates shall be known as the "employer's contribution rate." The percentage rate of those contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation.

(2) The amount payable by the employer on account of normal and accrued liability contributions shall be determined by applying the employer's contribution rate to the amount of compensation earned by employees who are members of the system. Monthly, or at such time as the board of trustees designates, each department or agency shall compute the amount of the employer's contribution payable, with respect to the salaries of its employees who are members of the system, and shall cause that amount to be paid to the board of trustees from the personal service allotment of the amount appropriated for the operation of the department or agency, or from funds otherwise available to the agency, for the payment of salaries to its employees.

(3) Except as otherwise provided in Section 25-11-106:

(i) Constables shall pay employer and employee contributions on their net fee income as well as the employee contributions on all direct treasury or county payroll income.

(ii) The county shall be responsible for the employer contribution on all direct treasury or county payroll income of constables.

(4) Except as otherwise provided in Section 25-11-106.1, chancery and circuit clerks shall be responsible for both the employer and employee share of contributions on the proportionate share of net income attributable to fees, as well as the employee share of net income attributable to direct treasury or county payroll income, and the employing county shall be responsible for the employer contributions on the net income attributable to direct treasury or county payroll income.

(5) Once each year, under procedures established by the system, each employer shall submit to the Public Employees' Retirement System a copy of their report to Social Security of all employees' earnings.

(6) The board shall provide by rules for the methods of collection of contributions of employers and members. The amounts determined due by an agency to the various funds as specified in Articles 1 and 3 are made obligations of the agency to the board and shall be paid as provided herein. Failure to deduct those contributions shall not relieve the employee and employer from liability thereof. Delinquent employee contributions and any accrued interest shall be the obligation of the employee and delinquent employer contributions and any accrued interest shall be the obligation of the employer. The employer may, in its discretion, elect to pay any or all of the interest on delinquent employee contributions. From and after July 1, 1996, under rules and regulations established by the board, all employers are authorized and shall transfer all

funds due to the Public Employees' Retirement System electronically and shall transmit any wage or other reports by computerized reporting systems.

AMEND further the title online 14 by inserting the following language after the semicolon:

TO AMEND SECTIONS 25-11-123, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE INCREASE IN THE EMPLOYER'S CONTRIBUTION RATE THAT IS SCHEDULED TO TAKE EFFECT ON JULY 1, 2024, IS RESCINDED AND SHALL NOT TAKE EFFECT; TO REQUIRE THAT ANY RECOMMENDATION BY THE BOARD TO ADJUST EMPLOYER CONTRIBUTIONS BE ACCOMPANIED BY AT LEAST TWO INDEPENDENT ACTUARIAL ASSESSMENTS; TO ALLOW THE BOARD TO MAKE RECOMMENDATIONS REGARDING ADDITIONAL FUNDING SOURCES FOR THE RETIREMENT PLAN, INCLUDING EMPLOYER CONTRIBUTION INCREASES, BASED ON THE PLAN'S ASSETS AND LIABILITIES, AND THE REQUIRED ACTUARIAL ASSESSMENTS; TO RESERVE TO THE LEGISLATURE THE AUTHORITY TO IMPLEMENT SUCH RECOMMENDATIONS; TO SPECIFY THAT THE SECTION SHALL NOT BE CONSTRUED TO PROVIDE AUTHORITY TO REDUCE OR ELIMINATE ANY EARNED BENEFITS PROVIDED BY THE STATE TO CURRENT RETIREES OR CURRENT MEMBERS OF THE RETIREMENT SYSTEM;

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars ($75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars ($25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or

provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In

addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high-speed internet access shall be exempt from the requirement of this subparagraph (v) until such time that high-speed internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars ($50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department

of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of

equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value

if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. (c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act.

(ii) From and after July 1, 2024, the Public Procurement Review Board shall promulgate rules and regulations that require the Department of Finance and Administration to conduct personal and professional services solicitations as provided in subparagraph (i) of this paragraph for those services in excess of Seventy-five Thousand Dollars ($75,000.00) for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority, with assistance to be provided from these entities. (i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the

Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts. Nothing in this section shall impair or limit the authority of the State Treasurer to enter into any personal or professional services contracts involving the management of trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Through December 31, * * * 2026, the provisions of this section related to rental agreements or leasing of real property for the purpose of conducting agency business shall not apply to the Office of Workforce Development created in Section 37-153-7.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 37-153-7 AND 27-104-7, MISSISSIPPI CODE OF 1972, TO EXTEND THE EXPIRATION DATE ON THE EXEMPTION FOR THE OFFICE OF WORKFORCE DEVELOPMENT FROM THE REQUIREMENTS OF THE PUBLIC PROCUREMENT REVIEW BOARD WHICH RELATE TO RENTAL AGREEMENTS AND THE LEASING OF REAL PROPERTY FOR PURPOSES OF CONDUCTING AGENCY BUSINESS; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2424: Absentee ballots; voters can cure ballots declared defective due to signature issues.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 23-15-639, Mississippi Code of 1972, is amended as follows:

23-15-639. (1) The examination and counting of all absentee ballots shall be conducted as follows:

(a) At the opening of the regular balloting and at the opening of the polls, the resolution board established under Section 23-15-523 and trained in the process of canvassing absentee ballots shall first take the envelopes containing the absentee ballots of such electors from the secure location at the circuit clerk's office, and the name, address and precinct inscribed on each envelope shall be announced by the election managers.

(b) The signature on the application shall then be compared with the signature on the back of the envelope. If it corresponds and the affidavit, if one is required, is sufficient and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall then be opened and the ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(c) When a voter's absentee ballot is rejected because the signatures on the application and the envelope do not correspond, the registrar shall notify the voter within one (1) business day of the voter's absentee ballot having been tentatively rejected because the signature on the application does not correspond with the signature on the envelope. The notice shall inform the voter about the process of curing the deficiency and that if the voter does not cure the signatures by 12:00 p.m. on the fifth business day after the election, then the voter's ballot shall be rejected. Notice to the voter shall be made using the contact information that the voter provided on his or her absentee ballot application. The absentee cure form shall be transmitted to the voter via email or facsimile; however, if neither are available, then the form shall be transmitted by first-class mail to the voter. The form of the notice and the absentee cure form shall be provided for in rules and regulations prescribed by the Secretary of State.

(* * *d) Having observed and found the ballot to be regular as far as can be observed from its official endorsement, the resolution board shall deposit it in the ballot box with the other ballots before counting any ballots and enter the voter's name in the receipt book provided for that purpose. All absentee ballots received prior to 7:00 p.m. the day before the election shall be counted in the registrar's office by the resolution board when the polls close and then added to the votes cast in each precinct. All absentee ballots received after 7:00 p.m. the day before the election but not later than the fifth business day after the election shall be processed by the resolution board.

(2) The resolution board shall also take such action as may be prescribed by the Secretary of State to ensure compliance with the identification requirements of Section 23-15-563.

(3) The resolution board shall process the absentee ballots using the procedure provided in subsection (1) of this section.

SECTION 2. Section 23-15-641, Mississippi Code of 1972, is amended as follows:

23-15-641. (1) For all absentee votes received by mail, if an affidavit or the certificate of the officer before whom the affidavit is taken is required and such affidavit or certificate is found to be insufficient, or if it is found that the signatures do not correspond and the voter has not cured his or her ballot as provided in Section 23-15-639, or that the applicant is not a duly qualified elector in the precinct, or otherwise qualified to vote, or that the ballot envelope is open or has been opened and resealed, or the voter is not eligible to vote absentee, the previously cast vote shall not be allowed. Without opening the voter's envelope the resolution board shall mark across its face "REJECTED", with the reason therefor.

(2) For all absentee votes received by mail, if the ballot envelope contains more than one (1) ballot of any kind, the ballot shall not be counted but shall be marked "REJECTED", with the reason therefor, and the registrar shall promptly notify the voter of such rejection. The voter's envelopes and affidavits, and the voter's envelope with its contents unopened, when such vote is rejected, shall be retained and preserved in the same manner as other ballots at the election. Such votes may be challenged in the same manner and for the same reasons that any other vote cast in such election may be challenged.

(3) If an affidavit is required and the officials find that the affidavit is insufficient, or if the officials find that the absentee voter is otherwise disqualified to vote, the envelope shall not be opened and a commissioner or executive committee member shall write across the face of the envelope "REJECTED" giving the reason therefor, and the registrar shall promptly notify the voter of such rejection.

(4) The ballots marked "REJECTED" shall be placed in a separate envelope in the secure ballot transfer case and delivered to the officials in charge of conducting the election at the central tabulation point of the county.

(5) All electors voting absentee shall be provided with written information to inform the person how to ascertain whether his or her ballot was counted and, if rejected, the reason therefor.

SECTION 3. Section 23-15-627, Mississippi Code of 1972, is amended as follows:

23-15-627. Any elector described in Section 23-15-713 may request an absentee ballot application and vote in person at the office of the registrar in the county in which he or she resides. The registrar shall be responsible for furnishing an absentee ballot application form to any elector authorized to receive an absentee ballot. Except as otherwise provided in Section 23-15-625, absentee ballot applications shall be furnished to a person only upon the oral or written request of the elector who seeks to vote by absentee ballot; however, the parent, child, spouse, sibling, legal guardian, those empowered with a power of attorney for that elector's affairs or agent of the elector, who is designated in writing and witnessed by a resident of this state who shall write his or her physical address on such designation, may orally request an absentee ballot application on behalf of the elector. The written designation shall be valid for one (1) year after the date of the designation. An absentee ballot application must have the seal of the circuit or municipal clerk affixed to it and be initialed by the registrar or his or her deputy in order to be used to obtain an absentee ballot. A reproduction of an absentee ballot application shall not be valid unless it is a reproduction provided by the office of the registrar of the jurisdiction in which the election is being held and which contains the seal and initials required by this section. Such application shall be substantially in the following form:

S. B. No. 3164: Appropriation; additional to DFA-Bureau of Buildings, ARPA funds.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

SECTION 1. $ 56,500,000.00.

This additional appropriation under this section is for the purpose of completing capital projects at any state-owned buildings or grounds that are allowable under Section 9901 of the American Rescue Plan Act of 2021 (ARPA) or any guidance or regulation issued by the United States Department of the Treasury in conformity therewith.

SECTION 2. "Capital projects" for the purpose of this act shall mean the following:

(a) Eligible projects under the Environmental Protection Agency's Clean Water State Revolving Fund (CWSRF) or Drinking Water State Revolving Fund (DWSRF), lead remediation, and stormwater infrastructure;

SECTION 4. None of the funds appropriated under this act shall be used to pay employee premium payments.

SECTION 5. (1) As used in this section and Section 6 of this act, the term "department" means the Department of Finance and Administration Bureau of Building, Grounds and Real Property Management.

(2) The department shall not disburse any funds appropriated under this act to any recipient without first: (a) making an individualized determination that the expenditure sought is, in the department's independent judgment, for necessary expenditures eligible under Section 602 of the federal Social Security Act as added by Section 9901 of the federal American Rescue Plan Act of 2021 (ARPA) and its implementing guidelines, guidance, rules, regulations and/or other criteria, as may be amended or supplemented from time to time, by the United States Department of the Treasury; and (b) determining that the recipient has not received and will not receive reimbursement for the expense in question from any source of funds, including insurance proceeds, other than those funds provided under Section 602 of the federal Social Security Act as added by Section 9901 of ARPA. (2) If the Office of Inspector General of the United States Department of the Treasury, or the Office of Inspector General of any other federal agency having oversight over the use of monies from the Coronavirus State Fiscal Recovery Fund established by ARPA (a) determines that the department or recipient has expended or otherwise used any of the funds appropriated to the department under this act for any purpose that is not in compliance with the guidelines, guidance, rules, regulations and/or other criteria, as may be amended from time to time, of the United States Department of the Treasury regarding the use of monies from the Coronavirus State Fiscal Recovery Fund established by ARPA; and (b) the State of Mississippi is required to repay the federal government for any of those funds that the Office of the Inspector General determined were expended or otherwise used improperly by the department or recipient, then the department or recipient that expended or otherwise used those funds improperly shall be required to pay the amount of those funds to the State of Mississippi for repayment to the federal government.

SECTION 7. The department shall submit to the Joint Legislative Budget Committee by October 1 of each year an annual report. The reports shall contain a

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 776: Alcoholic beverages; revise definition of "qualified resort area" under the Local Option Alcoholic Beverage Control Law.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 67-1-7, Mississippi Code of 1972, is amended as follows:

67-1-7. (1) Except as otherwise provided in Section 67-9-1 for the transportation and possession of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, and subject to all of the provisions and restrictions contained in this article, the manufacture, sale, distribution, and transportation of alcoholic beverages shall be lawful, subject to the restrictions hereinafter imposed, in those counties and municipalities of this state in which, at a local option election called and held for that purpose under the provisions of this article, a majority of the qualified electors voting in such election shall vote in favor thereof.

Beginning on April 16, 2021, except as otherwise provided in Section 67-1-51 for holders of a caterer's permit, the manufacture, sale and distribution of alcoholic beverages shall not be permissible or lawful in counties except in (a) incorporated municipalities located within such counties, (b) qualified resort areas within such counties approved as such by the department, or (c) clubs within such counties, whether within a municipality or not. However, any permits issued by the department between July 1, 2020, and April 15, 2021, for the manufacture, sale and distribution of alcoholic beverages, whether or not issued to permittees in such municipalities, qualified resort areas or clubs, shall be eligible for renewal on or after April 16, 2021.

The manufacture, sale, distribution and possession of native wines or native spirits shall be lawful in any location within any such county except those locations where the manufacture, sale or distribution is prohibited by law other than this section or by regulations of the department. However, notwithstanding this provision, municipalities that have voted in favor of coming out from under the dry law may enforce such proper rules and regulations for fixing zones and territories to promote public health, morals, and safety, as they may by ordinance provide. The board of supervisors of any county that has voted in favor of coming out from under the dry law may make such rules and regulations as to territory outside of municipalities as are herein provided for municipalities.

Notwithstanding the provisions of any other law, municipalities may enforce such proper location of package retailer stores within the municipality by application of a properly adopted zoning ordinance.

(2) Notwithstanding the foregoing, within any state park or any state park facility that has been declared a qualified resort area by the department, and within any qualified resort area as defined under Section 67-1-5(o)(iii), an on-premises retailer's permit may be issued for the qualified resort area, and the permittee may lawfully sell alcoholic beverages for consumption on his licensed premises regardless of whether or not the county or municipality in which the qualified resort area is located has voted in favor of coming out from under the dry law, and it shall be lawful to receive, store, sell, possess and consume alcoholic beverages on the licensed premises, and to sell, distribute and transport alcoholic beverages to the licensed premises. Moreover, the governing authorities of a municipality in which a qualified resort area defined under Section 67-1-5(o)(iii)5, 7, 21 or 46 is located, the Pearl River Valley Water Supply District Board which governs the qualified resort area defined under Section 67-1-5(o)(iii)8.a.A, the board of supervisors of the county in which the qualified resort area defined under Section 67-1-5(o)(iii)8.a.B and C is located, and the board of supervisors of the county in which the qualified resort area defined under Section 67-1-5(o)(iii)44 is located, may, by ordinance or resolution, provide that package retailer's permits may be issued in the applicable qualified resort area, and that it shall be lawful to receive, store, sell, possess and distribute alcoholic beverages in accordance with such package retailer's permits.

SECTION 2. Section 67-1-37, Mississippi Code of 1972, as amended by House Bill No. 1525, 2024 Regular Session, is amended as follows:

67-1-37. The Department of Revenue, under its duties and powers with respect to the Alcoholic Beverage Control Division therein, shall have the following powers, functions and duties:

(a) To issue or refuse to issue any permit provided for by this article, or to extend the permit or remit in whole or any part of the permit monies when the permit cannot be used due to a natural disaster or act of God.

(b) To revoke, suspend or cancel, for violation of or noncompliance with the provisions of this article, or the law governing the production and sale of native wines or native spirits, or any lawful rules and regulations of the department issued hereunder, or for other sufficient cause, any permit issued by it under the provisions of this article. The department shall also be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this article, the provisions of Section 93-11-157 or Section 93-11-163, as the case may be, shall control.

(c) To prescribe forms of permits and applications for permits and of all reports which it deems necessary in administering this article.

(d) To fix standards, not in conflict with those prescribed by any law of this state or of the United States, to secure the use of proper ingredients and methods of manufacture of alcoholic beverages.

(e) To issue rules regulating the advertising of alcoholic beverages in the state in any class of media and permitting advertising of the retail price of alcoholic beverages.

(f) To issue reasonable rules and regulations, not inconsistent with the federal laws or regulations, requiring informative labeling of all alcoholic beverages offered for sale within this state and providing for the standards of fill and shapes of retail

containers of alcoholic beverages; however, such containers shall not contain less than fifty (50) milliliters by liquid measure.

(g) Subject to the provisions of subsection (3) of Section 67-1-51, to issue rules and regulations governing the issuance of retail permits for premises located near or around schools, colleges, universities, churches and other public institutions, and specifying the distances therefrom within which no such permit shall be issued. The Alcoholic Beverage Control Division shall not issue a package retailer's or on-premises retailer's permit for the sale or consumption of alcoholic beverages in or on the campus of any public school. The Alcoholic Beverage Control Division shall not issue a package retailer's permit for the sale of alcoholic beverages in or on the campus of any community or junior college, college or university.

(h) To adopt and promulgate, repeal and amend, such rules, regulations, standards, requirements and orders, not inconsistent with this article or any law of this state or of the United States, as it deems necessary to control the manufacture, importation, transportation, distribution, delivery and sale of alcoholic liquor, whether intended for beverage or nonbeverage use in a manner not inconsistent with the provisions of this article or any other statute, including the native wine and native spirit laws.

(i) To call upon other administrative departments of the state, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it may deem necessary in the performance of its duties.

(j) To prepare and submit to the Governor during the month of January of each year a detailed report of its official acts during the preceding fiscal year ending June 30, including such recommendations as it may see fit to make, and to transmit a like report to each member of the Legislature of this state upon the convening thereof at its next regular session.

(k) To inspect, or cause to be inspected, any premises where alcoholic liquors intended for sale are manufactured, stored, distributed or sold, and to examine or cause to be examined all books and records pertaining to the business conducted therein.

(l) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him to the Legislature of this state such amendments to this article, if any, as it may think desirable.

(m) To designate hours and days when alcoholic beverages may be sold in different localities in the state which permit such sale.

(n) To assign employees to posts of duty at locations where they will be most beneficial for the control of alcoholic beverages and to take any other action concerning persons employed under this article as authorized by law and taken in accordance with the rules, regulations and procedures of the State Personnel Board.

(o) To enforce the provisions made unlawful by Chapter 3, Title 67 and Section 97-5-49.

(p) To delegate its authority under this article to the Alcoholic Beverage Control Division, its director or any other officer or employee of the department that it deems appropriate.

(q) To prescribe and charge a fee to defray the costs of shipping alcoholic beverages, provided that such fee is determined in a manner provided by the department

by rules and/or regulations adopted in accordance with the Mississippi Administrative Procedures Law.

The Alcoholic Beverage Control Division shall not issue any permit which would conflict with any zoning ordinance legally adopted by the governing authorities of any municipality or rule or regulation of any board of supervisors of any county as set forth in Section 67-1-7(1).

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 67-1-7, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT MUNICIPALITIES THAT HAVE VOTED IN FAVOR OF COMING OUT FROM UNDER THE DRY LAW MAY ENFORCE SUCH PROPER RULES AND REGULATIONS FOR FIXING ZONES AND TERRITORIES TO PROMOTE PUBLIC HEALTH, MORALS, AND SAFETY, AS THEY MAY BY ORDINANCE PROVIDE; TO PROVIDE THAT THE BOARD OF SUPERVISORS OF ANY COUNTY THAT HAS VOTED IN FAVOR OF COMING OUT FROM UNDER THE DRY LAW MAY MAKE SIMILAR RULES AND REGULATIONS AS TO TERRITORY OUTSIDE OF MUNICIPALITIES; TO PROVIDE THAT MUNICIPALITIES MAY ENFORCE SUCH PROPER LOCATION OF PACKAGE RETAILER STORES WITHIN THE MUNICIPALITY BY APPLICATION OF A PROPERLY ADOPTED ZONING ORDINANCE; TO AMEND SECTION 67-1-37, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE ALCOHOLIC BEVERAGE CONTROL DIVISION OF THE DEPARTMENT OF REVENUE SHALL NOT ISSUE ANY PERMIT WHICH WOULD CONFLICT WITH ANY ZONING ORDINANCE LEGALLY ADOPTED BY THE GOVERNING AUTHORITIES OF ANY MUNICIPALITY OR RULE OR REGULATION OF ANY BOARD OF SUPERVISORS OF ANY COUNTY AS SET FORTH IN SECTION 67-1-7; AND FOR RELATED PURPOSES.

SECTION 7. Section 41-3-16, Mississippi Code of 1972, is reenacted as follows:

41-3-16. (1) (a) There is established a local governments and rural water systems improvements revolving loan and grant program to be administered by the State Department of Health, referred to in this section as "department," for the purpose of assisting counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, in making improvements to their water systems, including construction of new water systems or expansion or repair of existing water systems. Loan and grant proceeds may be used by the recipient for planning, professional services, acquisition of interests in land, acquisition of personal property, construction, construction-related services, maintenance, and any other reasonable use which the board, in its discretion, may allow. For purposes of this section, "water systems" has the same meaning as the term "public water system" under Section 41-26-3.

(b) (i) There is created a board to be known as the "Local Governments and Rural Water Systems Improvements Board," referred to in this section as "board," to be composed of the following nine (9) members: the State Health Officer, or his designee, who shall serve as chairman of the board; the Executive Director of the Mississippi Development Authority, or his designee; the Executive Director of the Department of Environmental Quality, or his designee; the Executive Director of the Department of Finance and Administration, or his designee; the Executive Director of the Mississippi Association of Supervisors, or his designee; the Executive Director of the Mississippi Municipal League, or his designee; the Executive Director of the American Council of Engineering Companies of Mississippi, or his designee; the State Director of the United States Department of Agriculture, Rural Development, or his designee; and a manager of a rural water system.

The Governor shall appoint a manager of a rural water system from a list of candidates provided by the Executive Director of the Mississippi Rural Water Association. The Executive Director of the Mississippi Rural Water Association shall provide the Governor a list of candidates which shall contain a minimum of three (3) candidates for each appointment.

(ii) Nonappointed members of the board may designate another representative of their agency or association to serve as an alternate.

(iii) The gubernatorial appointee shall serve a term concurrent with the term of the Governor and until a successor is appointed and qualified. No member, officer or employee of the Board of Directors of the Mississippi Rural Water Association shall be eligible for appointment.

(c) The department, if requested by the board, shall furnish the board with facilities and staff as needed to administer this section. The department may contract, upon approval by the board, for those facilities and staff needed to administer this section, including routine management, as it deems necessary. The board may advertise for or solicit proposals from public or private sources, or both, for administration of this section or any services required for administration of this section or any portion thereof. It is the intent of the Legislature that the board endeavor to ensure that the costs of administration of this section are as low as possible in order to provide the water consumers of Mississippi safe drinking water at affordable prices.

(d) Members of the board may not receive any salary, compensation or per diem for the performance of their duties under this section.

(2) (a) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Improvements Revolving Loan Fund," referred to in this section as "revolving fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The revolving fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the revolving fund shall be

credited with all repayments of principal and interest derived from loans made from the revolving fund. Except as otherwise provided in this section, the monies in the revolving fund may be expended only in amounts appropriated by the Legislature, and the different amounts specifically provided for the loan program and the grant program shall be so designated. Except as otherwise provided in this section, monies in the fund may only be expended for the grant program from the amount designated for such program. The revolving fund shall be maintained in perpetuity for the purposes established in this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Unexpended amounts remaining in the revolving fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the revolving fund shall be deposited to the credit of the fund. Monies in the revolving fund may not be used or expended for any purpose except as authorized under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any monies in the fund may be used to match any federal funds that are available for the same or related purposes for which funds are used and expended under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any federal funds shall be used and expended only in accordance with federal laws, rules and regulations governing the expenditure of those funds. No person shall use any monies from the revolving fund for the acquisition of real property or any interest in real property unless that property is integral to the project funded under this section and the purchase is made from a willing seller. No county, incorporated municipality or district shall acquire any real property or any interest in any real property for a project funded through the revolving fund by condemnation. The board's application of Sections 43-37-1 through 43-37-13 shall be no more stringent or extensive in scope, coverage and effect than federal property acquisition laws and regulations.

(b) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Emergency Loan Fund," hereinafter referred to as "emergency fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The emergency fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the emergency fund shall be credited with all repayments of principal and interest derived from loans made from the emergency fund. Except as otherwise provided in this section, the monies in the emergency fund may be expended only in amounts appropriated by the Legislature. The emergency fund shall be maintained in perpetuity for the purposes established in this section and Section 6 of Chapter 521, Laws of 1995. Unexpended amounts remaining in the emergency fund at the end of a fiscal year shall not lapse into the State General Fund. Any interest earned on amounts in the emergency fund shall be deposited to the credit of the fund. Monies in the emergency fund may not be used or expended for any purpose except as authorized under this section and Section 6 of Chapter 521, Laws of 1995.

(c) The board created in subsection (1) shall establish loan and grant programs by which loans and grants may be made available to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, to assist those counties, incorporated municipalities, districts or water organizations in making water systems improvements, including the construction of new water systems or expansion or repair of existing water systems. Any entity eligible under this section may receive either a loan or a grant, or both. No grant awarded under the program established in this section may be made using funds from the loan program. Grants may be awarded only when the Legislature specifically appropriates funds for that particular purpose. The interest rate on those loans may vary from time to time and from loan to loan, and will be at or below market interest rates as determined by the board. The board shall act as quickly as is practicable and prudent in deciding on any loan request that it receives. Loans from the revolving fund or emergency fund may be made to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, as set forth in a loan agreement in amounts not to exceed one hundred percent (100%) of eligible project costs as established by the board. The board may require county, municipal, district or other water organization participation or funding from other

sources, or otherwise limit the percentage of costs covered by loans from the revolving fund or the emergency fund. The board may establish a maximum amount for any loan from the revolving fund or emergency fund in order to provide for broad and equitable participation in the programs.

(d) A county that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, as may be required to meet the repayment schedule contained in the loan agreement. An incorporated municipality that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75, as may be required to meet the repayment schedule contained in the loan agreement. All recipients of such loans shall establish a dedicated source of revenue for repayment of the loan. Before any county or incorporated municipality shall receive any loan, it shall have executed with the Department of Revenue and the board a loan agreement evidencing that loan. The loan agreement shall not be construed to prohibit any recipient from prepaying any part or all of the funds received. The repayment schedule in each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, the annual total of which shall not exceed the annual total for any other year of the loan by more than fifteen percent (15%). Except as otherwise provided in subsection (4) of this section, the loan agreement shall provide for the repayment of all funds received from the revolving fund within not more than fifteen (15) years or a term as otherwise allowed by the federal Safe Drinking Water Act, and all funds received from the emergency fund within not more than five (5) years from the date of project completion, and any repayment shall commence not later than one (1) year after project completion. The Department of Revenue shall withhold semiannually from counties and monthly from incorporated municipalities from the amount to be remitted to the county or municipality, a sum equal to the next repayment as provided in the loan agreement.

(e) Any county, incorporated municipality, district or other water organization desiring to construct a project approved by the board which receives a loan from the state for that purpose but which is not eligible to pledge for repayment under the provisions of paragraph (d) of this subsection shall repay that loan by making payments each month to the State Treasurer through the Department of Finance and Administration for and on behalf of the board according to Section 7-7-15, to be credited to either the revolving fund or the emergency fund, whichever is appropriate, in lieu of pledging homestead exemption annual tax loss reimbursement or sales tax revenue distribution.

Loan repayments shall be according to a repayment schedule contained in each loan agreement as provided in paragraph (d) of this subsection.

(f) Any district created pursuant to Sections 19-5-151 through 19-5-207 that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the revenues received by that district pursuant to Sections 19-5-151 through 19-5-207, as may be required to meet the repayment schedule contained in the loan agreement.

(g) The State Auditor, upon request of the board, shall audit the receipts and expenditures of a county, an incorporated municipality, district or other water organization whose loan repayments appear to be in arrears, and if the Auditor finds that the county, incorporated municipality, district or other water organization is in arrears in those repayments, the Auditor shall immediately notify the chairman of the board who may take any action as may be necessary to enforce the terms of the loan agreement, including liquidation and enforcement of the security given for repayment of the loan, and the Executive Director of the Department of Finance and Administration who shall withhold all future payments to the county of homestead exemption annual tax loss reimbursements under Section 27-33-77 and all sums allocated to the county or the incorporated

municipality under Section 27-65-75 until such time as the county or the incorporated municipality is again current in its loan repayments as certified by the board.

(h) Except as otherwise provided in this section, all monies deposited in the revolving fund or the emergency fund, including loan repayments and interest earned on those repayments, shall be used only for providing loans or other financial assistance to water systems as the board deems appropriate. In addition, any amounts in the revolving fund or the emergency fund may be used to defray the reasonable costs of administering the revolving fund or the emergency fund and conducting activities under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, subject to any limitations established in the federal Safe Drinking Water Act, as amended and subject to annual appropriation by the Legislature. The department is authorized, upon approval by the board, to use amounts available to it from the revolving fund or the emergency fund to contract for those facilities and staff needed to administer and provide routine management for the funds and loan program. However, notwithstanding any other provision of law to the contrary, all or any portion of repayments of principal and interest derived from the fund uses described in this section may be designated or pledged for repayment of a loan as provided for in Section 31-25-28 in connection with a loan from the Mississippi Development Bank.

(3) In administering this section and Sections 6 through 20 of Chapter 521, Laws of 1995, the board created in subsection (1) of this section shall have the following powers and duties:

(a) To supervise the use of all funds made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for local governments and rural water systems improvements;

(b) To promulgate rules and regulations, to make variances and exceptions thereto, and to establish procedures in accordance with this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for the implementation of the local governments and rural water systems improvements revolving loan program;

(c) To require, at the board's discretion, any loan or grant recipient to impose a per connection fee or surcharge or amended water rate schedule or tariff on each customer or any class of customers, benefiting from an improvement financed by a loan or grant made under this section, for repayment of any loan funds provided under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. The board may require any loan or grant recipient to undergo a water system viability analysis and may require a loan or grant recipient to implement any result of the viability analysis. If the loan recipient fails to implement any result of a viability analysis as required by the board, the board may impose a monetary penalty or increase the interest rate on the loan, or both. If the grant recipient fails to implement any result of a viability analysis as required by the board, the board may impose a monetary penalty on the grant;

(d) To review and certify all projects for which funds are authorized to be made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for local governments and rural water systems improvements;

(e) To requisition monies in the Local Governments and Rural Water Systems Improvements Revolving Loan Fund and the Local Governments and Rural Water Systems Emergency Loan Fund and distribute those monies on a project-by-project basis in accordance with this section;

(f) To ensure that the funds made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, to a county, an incorporated municipality, a district or a water organization that has been granted tax-exempt status under either federal or state law provide for a distribution of projects and funds among the entities under a priority system established by the board;

(g) To maintain in accordance with generally accepted government accounting standards an accurate record of all monies in the revolving fund and the emergency fund made available to counties, incorporated municipalities, districts or other water organizations under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, and the costs for each project;

(h) To establish policies, procedures and requirements concerning viability and financial capability to repay loans that may be used in approving loans available under this section, including a requirement that all loan recipients have a rate structure which will be sufficient to cover the costs of operation, maintenance, major equipment replacement and repayment of any loans made under this section; and

(i) To file annually with the Legislature a report detailing how monies in the Local Governments and Rural Water Systems Improvements Revolving Loan Fund and the Local Governments and Rural Water Systems Emergency Loan Fund were spent during the preceding fiscal year in each county, incorporated municipality, district or other water organization, the number of projects approved and constructed, and the cost of each project.

For efficient and effective administration of the loan program, revolving fund and emergency fund, the board may authorize the department or the State Health Officer to carry out any or all of the powers and duties enumerated above.

(4) The board may, on a case-by-case basis and to the extent allowed by federal law, renegotiate the payment of principal and interest on loans made under this section to the six (6) most southern counties of the state covered by the Presidential Declaration of Major Disaster for the State of Mississippi (FEMA-1604-DR) dated August 29, 2005, and to incorporated municipalities, districts or other water organizations located in such counties; however, the interest on the loans shall not be forgiven for a period of more than twenty-four (24) months and the maturity of the loans shall not be extended for a period of more than forty-eight (48) months.

SECTION 8. Section 41-3-17, Mississippi Code of 1972, is reenacted as follows:

41-3-17. The State Board of Health is authorized to make and publish all reasonable rules and regulations necessary to enable it to discharge its duties and powers and to carry out the purposes and objectives of its creation. It is further authorized to make reasonable sanitary rules and regulations, to be enforced in the several counties by the county health officer under the supervision and control of the State Board of Health. The State Board of Health shall not make or enforce any rule or regulation that prohibits consumers from providing their own containers for the purpose of purchasing or accepting water from any vending machine or device which filters or treats water that has already been tested and determined to meet or exceed the minimum health protection standards prescribed for drinking water under the Mississippi Safe Drinking Water Law, if that vending machine or device meets or exceeds United States Environmental Protection Agency or national automatic merchandising standards.

SECTION 9. Section 41-3-18, Mississippi Code of 1972, is reenacted as follows:

41-3-18. (1) The board shall assess fees in the following amounts and for the following purposes:

(a) Food establishment annual permit fee, based on the assessment factors of the establishment as follows:

Assessment Category 2..... 100.00

Assessment Category 3..... 150.00

Assessment Category 4..... 200.00

(b) Private water supply approval fee.....$ 10.00

The board may develop such reasonable standards, rules and regulations to clearly define each assessment category. Assessment categories shall be based upon the factors to the public health implications of the category and type of food preparation being utilized by the food establishment, utilizing the model Food Code of 1995, or as may be amended by the federal Food and Drug Administration.

Any increase in the fees charged by the board under this subsection shall be in accordance with the provisions of Section 41-3-65.

(2) The fee authorized under subsection (1)(a) of this section shall not be assessed for:

(a) Food establishments operated by public schools, public junior and community colleges, or state agencies or institutions, including, without limitation, the state institutions of higher learning and the State Penitentiary; and

(b) Persons who make infrequent casual sales of honey and who pack or sell less than five hundred (500) gallons of honey per year, and those persons shall not be inspected by the State Department of Health unless requested by the producer.

41-3-19. It is the duty of the State Board of Health to make a report, in writing, to the Governor, on or before the first day of December next preceding each session, not an extraordinary session of the Legislature, upon the sanitary condition, prospect, and needs of the state, setting forth the action of said board, of its officers and agents, the names thereof, and all its expenditures since the last preceding report, and such other matters as it may deem proper for the promotion of health or the prevention of disease. The report shall be laid before the Legislature by the Governor at its ensuing term.

SECTION 11. Section 41-3-20, Mississippi Code of 1972, is amended as follows:

41-3-20. SECTION 12. This act shall take effect and be in force from and after its passage.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1088: Circuit courts; authorize jurisdiction for persons with criminal charges who may need civil commitment procedures.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-21-63, Mississippi Code of 1972, is amended as follows:

41-21-63. (1) No person, other than persons charged with crime, shall be committed to a public treatment facility except under the provisions of Sections 41-21-61 through 41-21-107 or 43-21-611 or 43-21-315. However, nothing herein shall be construed to repeal, alter or otherwise affect the provisions of Section 35-5-31 or to affect or prevent the commitment of persons to the Veterans Administration or other agency of the United States under the provisions of and in the manner specified in those sections.

(2) (a) The chancery court, or the chancellor in vacation, shall have jurisdiction under Sections 41-21-61 through 41-21-107 except over persons with unresolved felony charges unless paragraph (b) of this subsection applies.

(b) If a circuit court with jurisdiction over unresolved felony charges enters an order concluding that * * * a person is incompetent to stand trial and is not restorable to competency in the foreseeable future, the * * * circuit court shall retain jurisdiction and shall proceed with civil commitment procedures in the same manner as described in Sections 41-21-61 through 41-21-107. The order of the circuit court finding that the person is incompetent to stand trial and is not restorable to competency in the foreseeable future shall be in lieu of the affidavit for commitment provided for in Section 41-21-65. * * * Additionally, if the finding of the circuit court is based on the report and/or testimony of a physician or psychologist that has examined the person, the provisions of Section 41-21-67 for psychiatric examinations shall not apply.

(3) The circuit court shall also have jurisdiction under Sections 99-13-7, 99-13-9 and 99-13-11.

(4) Before the release of a person referred for civil commitment under this section and committed under Sections 41-21-61 through 41-21-107, the Department of Mental Health must notify the district attorney of the county where the offense was committed. The district attorney must notify the crime victim or a family member who has requested notification under Section 99-43-35 and the sheriffs of both the county where the offense was committed and the county of the committed person's destination.

SECTION 2. Section 99-13-9, Mississippi Code of 1972, is amended as follows:

99-13-9. When any person is indicted for an offense and acquitted on the ground of having an intellectual disability, the jury rendering the verdict shall state in the verdict that ground and whether the accused constitutes a danger to life or property and to the peace and safety of the community. If the jury certifies that the person with an intellectual

disability is dangerous to the peace and safety of the community or to himself or herself, the circuit court shall * * * proceed with the person according to the law provided in the case of persons with an intellectual disability, the person with an intellectual disability himself being remanded to custody to await the further action of the * * * circuit court.

SECTION 3. Section 41-21-65, Mississippi Code of 1972, is amended as follows:

41-21-65. (1) It is the intention of the Legislature that the filing of an affidavit under this section be a simple, inexpensive, uniform, and streamlined process for the purpose of facilitating and expediting the care of individuals in need of treatment.

(2) The Uniform Civil Commitment Affidavit developed by the Department of Mental Health under this section must be provided by the clerk of the chancery court to any party or affiant seeking a civil commitment under this section, and must be utilized in all counties to commence civil commitment proceedings under this section. The affidavit must be made available to the public on the website of the Mississippi Department of Mental Health.

(3) The Department of Mental Health, in consultation with the Mississippi Chancery Clerks Association, the Mississippi Conference of Chancery Court Judges and the Mississippi Association of Community Mental Health Centers, must develop a written guide setting out the steps in the commitment process no later than January 1, 2020. The guide shall be designated as the "Uniform Civil Commitment Guide" and must include, but not be limited to, the following:

(a) Steps in the civil commitment process from affidavit to commitment, written in easily understandable layman's terms;

(b) A schedule of fees and assessments that will be charged to commence a commitment proceeding under this section;

(c) Eligibility requirements and instructions for filing a pauper's affidavit; and

(d) A statement on the front cover of the guide advising that persons wishing to pursue a civil commitment under this section are not required to retain an attorney for any portion of the commitment process.

(4) Immediately upon availability, but no later than January 1, 2020, the Uniform Civil Commitment Guide must be provided by the clerk of the chancery court to any party or affiant seeking a civil commitment under this section and also must be made available to the public on the website of the Mississippi Department of Mental Health.

(5) If any person is alleged to be in need of treatment, any relative of the person, or any interested person, may make affidavit of that fact and shall file the Uniform Civil Commitment Affidavit with the clerk of the chancery court of the county in which the person alleged to be in need of treatment resides, but the chancellor or duly appointed special master may, in his or her discretion, hear the matter in the county in which the person may be found or the circuit judge may hear such matter as provided in Section 41-21-63. The affidavit shall set forth the name and address of the proposed patient's nearest relatives and whether the proposed patient resides or has visitation rights with any minor children, if known, and the reasons for the affidavit. The affidavit must contain factual descriptions of the proposed patient's recent behavior, including a description of the behavior, where it occurred, and over what period of time it occurred, if known. Each factual allegation may be supported by observations of witnesses named in the affidavit. The Department of Mental Health, in consultation with the Mississippi Chancery Clerks' Association, shall develop a simple, one-page affidavit form for the use of affiants as provided in this section. The affidavit also must state whether the affiant has consulted with a Community Mental Health Center or a physician to determine whether the alleged acts by the proposed respondent warrant civil commitment in lieu of other less-restrictive treatment options. No

chancery clerk shall require an affiant to retain an attorney for the filing of an affidavit under this section.

(6) The chancery clerk may charge a total filing fee for all services equal to the amount set out in Section 25-7-9(o), and the appropriate state and county assessments as required by law which include, but are not limited to, assessments for the Judicial Operation Fund (Section 25-7-9(3)(b)); the Electronic Court System Fund (Section 25-7-9(3)(a)); the Civil Legal Assistance Fund (Section 25-7-9(1)(k)); the Court Education and Training Fund (Section 37-26-3); State Court Constituent's Fund (Section 37-26-9(4)); and reasonable court reporter's fee. Costs incidental to the court proceedings as set forth in Section 41-21-79 may not be included in the assessments permitted by this subsection. The total of the fees and assessments permitted by this subsection may not exceed One Hundred Fifty Dollars ($150.00).

(7) The prohibition against charging the affiant other fees, expenses, or costs shall not preclude the imposition of monetary criminal penalties under Section 41-21-107 or any other criminal statute, or the imposition by the chancellor of monetary penalties for contempt if the affiant is found to have filed an intentionally false affidavit or filed the affidavit in bad faith for a malicious purpose.

(8) Nothing in this section shall be construed so as to conflict with Section 41-21-63.

(9) The Department of Mental Health shall provide annual training to chancery and circuit court clerks to inform them about statutory procedures for civil commitments.

SECTION 4. Section 41-21-67, Mississippi Code of 1972, is amended as follows:

41-21-67. (1) Whenever the affidavit provided for in Section 41-21-65 is filed with the chancery clerk, the clerk, upon direction of the chancellor of the court, shall issue a writ directed to the sheriff of the proper county to take into custody the person alleged to be in need of treatment and to take the person for pre-evaluation screening and treatment by the appropriate community mental health center established under Section 41-19-31. Except as otherwise provided in Section 41-21-63, the community mental health center will be designated as the first point of entry for pre-evaluation screening and treatment. If the community mental health center is unavailable, any reputable licensed physician, psychologist, nurse practitioner or physician assistant, as allowed in the discretion of the court, may conduct the pre-evaluation screening and examination as set forth in Section 41-21-69. The order may provide where the person shall be held before being taken for pre-evaluation screening and treatment. However, when the affidavit fails to set forth factual allegations and witnesses sufficient to support the need for treatment, the chancellor shall refuse to direct issuance of the writ. Reapplication may be made to the chancellor. If a pauper's affidavit is filed by an affiant who is a guardian or conservator of a person in need of treatment, the court shall determine if either the affiant or the person in need of treatment is a pauper and if * * * the affiant or the person in need of treatment is determined to be a pauper, the county of the residence of the respondent shall bear the costs of commitment, unless funds for those purposes are made available by the state.

In any county in which a Crisis Intervention Team has been established under the provisions of Sections 41-21-131 through 41-21-143, the clerk, upon the direction of the chancellor, may require that the person be referred to the Crisis Intervention Team for appropriate psychiatric or other medical services before the issuance of the writ.

(2) Upon issuance of the writ, the chancellor shall immediately appoint and summon two (2) reputable, licensed physicians or one (1) reputable, licensed physician and either one (1) psychologist, nurse practitioner or physician assistant to conduct a physical and mental examination of the person at a place to be designated by the clerk or chancellor and to report their findings to the clerk or chancellor. However, any nurse practitioner or physician assistant conducting the examination shall be independent from,

and not under the supervision of, the other physician conducting the examination. A nurse practitioner or psychiatric nurse practitioner conducting an examination under this chapter must be functioning within a collaborative or consultative relationship with a physician as required under Section 73-15-20(3). In all counties in which there is a county health officer, the county health officer, if available, may be one (1) of the physicians so appointed. If a licensed physician is not available to conduct the physical and mental examination within forty-eight (48) hours of the issuance of the writ, the court, in its discretion and upon good cause shown, may permit the examination to be conducted by the following: (a) two (2) nurse practitioners, one (1) of whom must be a psychiatric nurse practitioner; or (b) one (1) psychiatric nurse practitioner and one (1) psychologist or physician assistant. Neither of the physicians nor the psychologist, nurse practitioner or physician assistant selected shall be related to that person in any way, nor have any direct or indirect interest in the estate of that person nor shall any full-time staff of residential treatment facilities operated directly by the State Department of Mental Health serve as examiner.

(3) The clerk shall ascertain whether the respondent is represented by an attorney, and if it is determined that the respondent does not have an attorney, the clerk shall immediately notify the chancellor of that fact. If the chancellor determines that the respondent for any reason does not have the services of an attorney, the chancellor shall immediately appoint an attorney for the respondent at the time the examiners are appointed.

(4) If the chancellor determines that there is probable cause to believe that the respondent is mentally ill and that there is no reasonable alternative to detention, the chancellor may order that the respondent be retained as an emergency patient at any licensed medical facility for evaluation by a physician, nurse practitioner or physician assistant and that a peace officer transport the respondent to the specified facility. If the community mental health center serving the county has partnered with Crisis Intervention Teams under the provisions of Sections 41-21-131 through 41-21-143, the order may specify that the licensed medical facility be a designated single point of entry within the county or within an adjacent county served by the community mental health center. If the person evaluating the respondent finds that the respondent is mentally ill and in need of treatment, the chancellor may order that the respondent be retained at the licensed medical facility or any other available suitable location as the court may so designate pending an admission hearing. If necessary, the chancellor may order a peace officer or other person to transport the respondent to that facility or suitable location. Any respondent so retained may be given such treatment as is indicated by standard medical practice. However, the respondent shall not be held in a hospital operated directly by the State Department of Mental Health, and shall not be held in jail unless the court finds that there is no reasonable alternative.

(5) (a) Whenever a licensed psychologist, nurse practitioner or physician assistant who is certified to complete examinations for the purpose of commitment or a licensed physician has reason to believe that a person poses an immediate substantial likelihood of physical harm to himself or others or is gravely disabled and unable to care for himself by virtue of mental illness, as defined in Section 41-21-61(e), then the physician, psychologist, nurse practitioner or physician assistant may hold the person or may admit the person to and treat the person in a licensed medical facility, without a civil order or warrant for a period not to exceed seventy-two (72) hours. However, if the seventy-two-hour period begins or ends when the chancery clerk's office is closed, or within three (3) hours of closing, and the chancery clerk's office will be continuously closed for a time that exceeds seventy-two (72) hours, then the seventy-two-hour period is extended until the end of the next business day that the chancery clerk's office is open. The person may be held and treated as an emergency patient at any licensed medical facility, available regional mental health facility, or crisis intervention center. The physician or psychologist, nurse practitioner or physician assistant who holds the person shall certify in writing the reasons for the need for holding.

If a person is being held and treated in a licensed medical facility, and that person decides to continue treatment by voluntarily signing consent for admission and treatment, the seventy-two-hour hold may be discontinued without filing an affidavit for commitment. Any respondent so held may be given such treatment as indicated by standard medical practice. Persons acting in good faith in connection with the detention and reporting of a person believed to be mentally ill shall incur no liability, civil or criminal, for those acts.

(b) Whenever an individual is held for purposes of receiving treatment as prescribed under paragraph (a) of this subsection, and it is communicated to the mental health professional holding the individual that the individual resides or has visitation rights with a minor child, and if the individual is considered to be a danger to the minor child, the mental health professional shall notify the Department of Child Protection Services prior to discharge if the threat of harm continues to exist, as is required under Section 43-21-353.

This paragraph (b) shall be known and may be cited as the "Andrew Lloyd Law."

SECTION 5. Section 41-21-71, Mississippi Code of 1972, is amended as follows:

41-21-71. If, as a result of the examination, the appointed examiners certify that the person is not in need of treatment, the chancellor * * *, clerk or circuit judge as applicable shall dismiss the affidavit without the need for a further hearing. * * * Except as otherwise provided in Section 41-21-63, the chancellor or chancery clerk finds, based upon the appointed examiners' certificates and any other relevant evidence, that the respondent is in need of treatment and the certificates are filed with the chancery clerk within forty-eight (48) hours after the order for examination, or extension of that time as provided in Section 41-21-69, the clerk shall immediately set the matter for a hearing. The hearing shall be set within seven (7) days of the filing of the certificates unless an extension is requested by the respondent's attorney. In no event shall the hearing be more than ten (10) days after the filing of the certificates.

SECTION 6. Section 41-21-73, Mississippi Code of 1972, is amended as follows:

41-21-73. (1) Except as otherwise provided in Section 41-21-63, the hearing shall be conducted before the chancellor. However, the hearing may be held at the location where the respondent is being held. Within a reasonable period of time before the hearing, notice of same shall be provided the respondent and his attorney, which shall include: (a) notice of the date, time and place of the hearing; (b) a clear statement of the purpose of the hearing; (c) the possible consequences or outcome of the hearing; (d) the facts that have been alleged in support of the need for commitment; (e) the names, addresses and telephone numbers of the examiner(s); and (f) other witnesses expected to testify.

(2) The respondent must be present at the hearing unless the chancellor determines that the respondent is unable to attend and makes that determination and the reasons therefor part of the record. At the time of the hearing, the respondent shall not be so under the influence or suffering from the effects of drugs, medication or other treatment so as to be hampered in participating in the proceedings. The court, at the time of the hearing, shall be presented a record of all drugs, medication or other treatment that the respondent has received pending the hearing, unless the court determines that such a record would be impractical and documents the reasons for that determination.

(3) The respondent shall have the right to offer evidence, to be confronted with the witnesses against him and to cross-examine them and shall have the privilege against self-incrimination. The rules of evidence applicable in other judicial proceedings in this state shall be followed.

(4) If the court finds by clear and convincing evidence that the proposed patient is a person with mental illness or a person with an intellectual disability and, if after careful

consideration of reasonable alternative dispositions, including, but not limited to, dismissal of the proceedings, the court finds that there is no suitable alternative to judicial commitment, the court shall commit the patient for treatment in the least restrictive treatment facility that can meet the patient's treatment needs. Treatment before admission to a state-operated facility shall be located as closely as possible to the patient's county of residence and the county of residence shall be responsible for that cost. Admissions to state-operated facilities shall be in compliance with the catchment areas established by the State Department of Mental Health. A nonresident of the state may be committed for treatment or confinement in the county where the person was found.

Alternatives to commitment to inpatient care may include, but shall not be limited to: voluntary or court-ordered outpatient commitment for treatment with specific reference to a treatment regimen, day treatment in a hospital, night treatment in a hospital, placement in the custody of a friend or relative, or the provision of home health services.

For persons committed as having mental illness or having an intellectual disability, the initial commitment shall not exceed three (3) months.

(5) No person shall be committed to a treatment facility whose primary problems are the physical disabilities associated with old age or birth defects of infancy.

(6) The court shall state the findings of fact and conclusions of law that constitute the basis for the order of commitment. The findings shall include a listing of less restrictive alternatives considered by the court and the reasons that each was found not suitable.

(7) A stenographic transcription shall be recorded by a stenographer or electronic recording device and retained by the court.

(8) Notwithstanding any other provision of law to the contrary, neither the State Board of Mental Health or its members, nor the State Department of Mental Health or its related facilities, nor any employee of the State Department of Mental Health or its related facilities, unless related to the respondent by blood or marriage, shall be assigned or adjudicated custody, guardianship, or conservatorship of the respondent.

(9) The county where a person in need of treatment is found is authorized to charge the county of the person's residence for the costs incurred while the person is confined in the county where such person was found.

SECTION 7. Section 41-21-83, Mississippi Code of 1972, is amended as follows:

41-21-83. Except as otherwise provided in Section 41-21-63, if a hearing is requested as provided in Section 41-21-74, 41-21-81 or 41-21-99, the court shall not make a determination of the need for continued commitment unless a hearing is held and the court finds by clear and convincing evidence that (a) the person continues to have mental illness or have an intellectual disability; and (b) involuntary commitment is necessary for the protection of the patient or others; and (c) there is no alternative to involuntary commitment. Hearings held under this section shall be held in the chancery court of the county where the facility is located; however, if the patient is confined at the Mississippi State Hospital at Whitfield, Mississippi, the hearing shall be conducted by the Chancery Court of the First Judicial District of Hinds County, Mississippi.

The hearing shall be held within fourteen (14) days after receipt by the court of the request for a hearing. The court may continue the hearing for good cause shown. The clerk shall ascertain whether the patient is represented by counsel, and, if the patient is not represented, shall notify the chancellor who shall appoint counsel for him if the chancellor determines that the patient for any reason does not have the services of an attorney; however, the patient may waive the appointment of counsel subject to the approval of the court. Notice of the time and place of the hearing shall be served at least seventy-two (72) hours before the time of the hearing upon the patient, his attorney, the

director, and the person requesting the hearing, if other than the patient, and any witnesses requested by the patient or his attorney, or any witnesses the court may deem necessary or desirable.

The patient must be present at the hearing unless the chancellor determines that the patient is unable to attend and makes that determination and the reasons therefor part of the record.

The court shall put its findings and the reasons supporting its findings in writing and shall have copies delivered to the patient, his attorney, and the director of the treatment facility. An appeal from the final commitment order by either party may be had on the terms prescribed for appeals in civil cases; however, such appeal shall be without supersedeas. The record on appeal shall include the transcript of the commitment hearing.

SECTION 8. Section 47-7-47, Mississippi Code of 1972, is amended as follows:

47-7-47. (1) The judge of any circuit court may place an offender on a program of earned probation, in an intensive supervision program or any intervention court authorized by law after a period of confinement as set out herein and the judge may seek the advice of the commissioner and shall direct that the defendant be under the supervision of the department.

(2) (a) Any circuit court or county court may, upon its own motion, acting upon the advice and consent of the commissioner not earlier than thirty (30) days nor later than * * * three (3) years after the defendant has been delivered to the custody of the department, * * * incarcerated by order of the court or otherwise sentenced, modify, alter or suspend the further execution of the sentence and place the defendant on earned probation, in an intensive supervision program or any intervention court authorized by law except when a death sentence or life imprisonment is the maximum penalty which may be imposed or if the defendant has been confined two (2) or more times for the conviction of a felony on a previous occasion in any court or courts of the United States and of any state or territories thereof or has been convicted of a felony involving the use of a deadly weapon.

(b) The authority granted in this subsection shall be exercised by the judge who imposed sentence on the defendant, or his successor.

(c) The time limit imposed by paragraph (a) of this subsection is not applicable to those defendants sentenced to the custody of the department prior to April 14, 1977. Persons who are convicted of crimes that carry mandatory sentences shall not be eligible for earned probation.

(3) When any circuit or county court places an offender on earned probation, the court shall give notice to the Mississippi Department of Corrections within fifteen (15) days of the court's decision to place the offender on earned probation. Notice shall be delivered to the central office of the Mississippi Department of Corrections and to the regional office of the department which will be providing supervision to the offender on earned probation.

(4) If the court places any person on probation or earned probation, the court may order the person, as a condition of probation, to a period of confinement and treatment at a private or public agency or institution, either within or without the state, which treats emotional, mental or drug-related problems. Any person who, as a condition of probation, is confined for treatment at an out-of-state facility shall be supervised pursuant to Section 47-7-71, and any person confined at a private agency shall not be confined at public expense. Time served in any such agency or institution may be counted as time required to meet the criteria of subsection (2)(a).

SECTION 4. Section 23-15-639, Mississippi Code of 1972, is amended as follows:

23-15-639. (1) The examination and counting of all absentee ballots shall be conducted as follows:

(a) At the opening of the regular balloting and at the opening of the polls, the resolution board established under Section 23-15-523 and trained in the process of canvassing absentee ballots shall first take the envelopes containing the absentee ballots of such electors from the secure location at the * * * registrar's office, and the name, address and precinct inscribed on each envelope shall be announced by the * * * resolution board.

(b) (i) For absentee ballots that were received by mail, the signature on the application shall then be compared with the signature in the box on the back of the envelope. If it corresponds and the affidavit, if one is required, is sufficient and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall then be opened and the ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(ii) For absentee ballots that were cast in person in the registrar's office, the resolution board shall confirm that the voter completed the application on the front of the envelope and signed the elector's certificate in the box on the back of the envelope. If it is signed and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall be opened and the absentee ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(c) When a voter's absentee ballot is rejected because the signatures on the application and in the box on the envelope do not correspond, the registrar shall notify the voter within one (1) business day of the election that the voter's absentee ballot has been tentatively rejected because the signature on the application does not correspond with the signature in the box on the envelope. The notice shall inform the voter about the process of curing the deficiency and that if the voter does not cure the signatures by 12:00 p.m. on the fifth business day after the election, then the voter's ballot shall be rejected. Notice to the voter shall be made using the contact information that the voter provided on his or her absentee ballot application. The absentee cure form shall be transmitted to the

voter via email or facsimile; however, if neither are available, then the form shall be transmitted by first-class mail to the voter. The form of the notice and the absentee cure form shall be provided for in rules and regulations prescribed by the Secretary of State.

(* * *d) Having observed and found the ballot to be regular as far as can be observed from its official endorsement, the resolution board shall deposit it in the ballot box with the other ballots before counting any ballots and enter the voter's name in the receipt book provided for that purpose. All absentee ballots received prior to 7:00 p.m. the day * * * of the election shall be counted in the registrar's office by the resolution board when the polls close and then added to the votes cast in each precinct. * * *

(2) The resolution board shall also take such action as may be prescribed by the Secretary of State to ensure compliance with the identification requirements of Section 23-15-563.

(3) The resolution board shall process the absentee ballots using the procedure provided in subsection (1) of this section.

SECTION 5. Section 23-15-641, Mississippi Code of 1972, is amended as follows:

23-15-641. (1) For all absentee votes received by mail, if an affidavit or the certificate of the officer before whom the affidavit is taken is required and such affidavit or certificate is found to be insufficient, or if it is found that the signatures do not correspond and the voter has not cured his or her ballot as provided in Section 23-15-639, or that the applicant is not a duly qualified elector in the precinct, or otherwise qualified to vote, or that the ballot envelope is open or has been opened and resealed, * * * the previously cast vote shall not be allowed. Without opening the voter's envelope the resolution board shall mark across its face "REJECTED", with the reason therefor.

(2) For all absentee votes received by mail, if the ballot envelope contains more than one (1) ballot of any kind, the ballot shall not be counted but shall be marked "REJECTED", with the reason therefor, and the registrar shall promptly notify the voter of such rejection. The voter's envelopes and affidavits, and the voter's envelope with its contents unopened, when such vote is rejected, shall be retained and preserved in the same manner as other ballots at the election. Such votes may be challenged in the same manner and for the same reasons that any other vote cast in such election may be challenged.

(3) If an affidavit is required and the officials find that the affidavit is insufficient, or if the officials find that the absentee voter is otherwise disqualified to vote, the envelope shall not be opened and * * * the resolution board shall write across the face of the envelope "REJECTED" giving the reason therefor, and the registrar shall promptly notify the voter of such rejection.

(4) The ballots marked "REJECTED" shall be placed in a separate envelope in the secure ballot transfer case and delivered to the officials in charge of conducting the election at the central tabulation point of the county.

(5) All electors voting absentee shall be provided with written information to inform the person how to ascertain whether his or her ballot was counted and, if rejected, the reason therefor.

(6) A signature mismatch shall not be grounds for rejecting an absentee ballot that was cast in the registrar's office.

The registrar shall send to such absent voter a proper absentee voter ballot within twenty-four (24) hours, or as soon thereafter as the ballots are available, containing the names of all candidates who qualify or the proposition to be voted on in such election, and with such ballot there shall be sent an official envelope containing upon it in printed form the recitals and data hereinafter required.

SECTION 8. Section 23-15-625, Mississippi Code of 1972, is amended as follows:

23-15-625. (1) The registrar shall be responsible for providing applications for absentee voting as provided in this section. At least sixty (60) days before any election in which absentee voting is provided for by law, the registrar shall provide a sufficient number of applications. In the event a special election is called and set at a date which makes it impractical or impossible to prepare applications for absent elector's ballot sixty (60) days before the election, the registrar shall provide applications as soon as practicable after the election is called. The registrar shall fill in the date of the particular election on the application for which the application will be used. For voters appearing in person to cast an absentee vote, the application and elector certificate shall be printed on the absentee ballot envelope as provided in Section 1 of this act.

(2) The registrar shall be authorized to disburse applications for absentee ballots to any qualified elector within the county where he or she serves. As used in this subsection, "family member" means a spouse, parent, grandparent, sibling, adult child, grandchild or legal guardian.

(4) The registrar in the county wherein a voter is qualified to vote upon receiving by mail the envelope containing the absentee ballots shall keep an accurate list of all persons preparing such ballots. The list shall be kept in a conspicuous place accessible to the public near the entrance to the registrar's office. The registrar shall also furnish to each precinct manager a list of the names of all persons in each respective precinct voting absentee by mail and in person to be posted in a conspicuous place at the polling place for public notice. The application on file with the registrar and the envelopes containing the ballots that voters mailed to the registrar shall be kept by the registrar in his or her office in a secure location. At the time such boxes are delivered to the election commissioners or managers, the registrar shall also turn over a list of all such persons who have voted and whose mailed ballots are in the registrar's office.

(6) The registrar shall process all applications for absentee ballots by using the Statewide Election Management System. The registrar shall account for all absentee ballots delivered to and received by mail as well as those who voted absentee in person from qualified voters by processing such ballots using the Statewide Election Management System.

The registrar shall be responsible for furnishing an absentee ballot application form to any elector authorized to receive an absentee ballot. Such form shall be printed on the absentee ballot envelope as provided in Section 1 of this act. Except as otherwise provided in Section 23-15-625, absentee ballot applications shall be furnished to a person only upon the oral or written request of the elector who seeks to vote by absentee ballot; however, the parent, child, spouse, sibling, legal guardian, those empowered with a power of attorney for that elector's affairs or agent of the elector, who is designated in writing and witnessed by a resident of this state who shall write his or her physical address on such designation, may orally request an absentee ballot application on behalf of the elector. The written designation shall be valid for one (1) year after the date of the designation. An absentee ballot application must have the seal of the circuit or municipal clerk affixed to it and be initialed by the registrar or his or her deputy in order to be used to obtain an absentee ballot. A reproduction of an absentee ballot application shall not be valid unless it is a reproduction provided by the office of the registrar of the jurisdiction in which the election is being held and which contains the seal and initials required by this section.

SECTION 10. Section 23-15-631, Mississippi Code of 1972, is amended as follows:

23-15-631. (1) The registrar shall enclose with each ballot mailed to an absent elector separate printed instructions furnished by the registrar containing the following:

(a) All absentee voters, excepting those with temporary or permanent physical disabilities or those who are sixty-five (65) years of age or older, who mark their ballots in the county of the residence shall use the registrar of that county as the witness. The absentee voter shall come to the office of the registrar and neither the registrar nor his or her deputy shall be required to go out of the registrar's office to serve as an attesting witness.

(b) Upon receipt of the enclosed ballot, you will not mark the ballot except in view or sight of the attesting witness. In the sight or view of the attesting witness, mark the ballot according to instructions.

(c) After marking the ballot, fill out and sign the "ELECTOR'S CERTIFICATE" in the box on the back of the envelope so that the signature is across the flap of the envelope to ensure the integrity of the ballot. All absent electors shall have the attesting witness sign the "ATTESTING WITNESS CERTIFICATE" in the box across the flap on the back of the envelope. Place the necessary postage on the envelope and deposit it in the post office or some government receptacle provided for the deposit of mail so that the absent elector's ballot will be * * * received no later than 7:00 p.m. on the day of the election. The ballot may only be transmitted by the United States Postal Service or other common carriers, including, but not limited to, United Parcel Service or FedEx Corporation.

Any notary public, United States postmaster, assistant United States postmaster, United States postal supervisor, clerk in charge of a contract postal station, or other officer having authority to administer an oath or take an acknowledgment may be an attesting witness; provided, however, that in the case of an absent elector who is temporarily or permanently physically disabled, the attesting witness may be any person eighteen (18) years of age or older and such person is not required to have the authority to administer an oath. If a postmaster, assistant postmaster, postal supervisor, or clerk in charge of a contract postal station acts as an attesting witness, his or her signature in a box on the elector's certificate must be authenticated by the cancellation stamp of their respective post offices. If an officer having authority to administer an oath or take an * * * acknowledgment acts as attesting witness, his or her signature in a box on the elector's certificate, together with his or her title and address, but no seal, shall be required. Any affidavits made by an absent elector who is in the Armed Forces may be executed before a commissioned officer, warrant officer, or noncommissioned officer not lower in grade than sergeant rating or any person authorized to administer oaths.

(d) When the application accompanies the ballot it shall not be returned in the same envelope as the ballot but shall be returned in a separate pre-addressed envelope provided by the registrar.

(e) A candidate for public office, or the spouse, parent or child of a candidate for public office, may not be an attesting witness for any absentee ballot upon which the candidate's name appears, unless the voter is related within the first degree to the candidate or the spouse, parent or child of the candidate.

(f) Any voter casting an absentee ballot who declares that he or she requires assistance to vote by reason of blindness, temporary or permanent physical disability or inability to read or write, shall be entitled to receive assistance in the marking of his or her absentee ballot and in completing the affidavit on the absentee ballot envelope. The voter may be given assistance by anyone of the voter's choice other than a candidate whose name appears on the absentee ballot being marked, the spouse, parent or child of a candidate whose name appears on the absentee ballot being marked or the voter's employer, an agent of that employer or a union representative; however, a candidate whose name is on the ballot or the spouse, parent or child of such candidate may provide assistance upon request to any voter who is related within the first degree. In order to ensure the integrity of the ballot, any person who provides assistance to an absentee voter shall be required to sign and complete the "Certificate of Person Providing Voter Assistance" on the absentee ballot envelope.

(2) The foregoing instructions required to be provided by the registrar to the elector shall also constitute the substantive law pertaining to the handling of absentee ballots by the elector and registrar.

(3) The Secretary of State shall prepare instructions on how absent voters may comply with the identification requirements of Section 23-15-563.

If no candidate receives a majority vote at the election, then the two (2) candidates who receive the highest number of votes shall have their names placed on the ballot for the second primary election to be held * * * four (4) weeks later. The candidate who receives the most votes in the second primary

election shall be the party nominee. However, if no candidate receives a majority vote at the first primary, and there is a tie in the election of those receiving the next highest vote, then those candidates receiving the next highest vote and the candidate receiving the highest vote shall have their names placed on the ballot for the second primary election to be held * * * four (4) weeks later, and whoever receives the most votes cast in the second primary election shall be the party nominee.

SECTION 2. Section 23-15-193, Mississippi Code of 1972, is amended as follows:

23-15-193. (1) At the election in 2023, and every four (4) years thereafter, there shall be elected a Governor, Lieutenant Governor, Secretary of State, Auditor of Public Accounts, State Treasurer, Attorney General, three (3) public service commissioners, three (3) Mississippi Transportation Commissioners, Commissioner of Insurance, Commissioner of Agriculture and Commerce, Senators and members of the House of Representatives in the Legislature, district attorneys for the several districts, clerks of the circuit and chancery courts of the several counties, as well as sheriffs, coroners, assessors, surveyors and members of the boards of supervisors, justice court judges and constables, and all other officers to be elected by the people at the general state election. All such officers shall hold their offices for a term of four (4) years, and until their successors are elected and qualified. The state officers shall be elected in the manner prescribed in Section 140 of the Constitution.

(2) The state officers * * * who receive a majority of votes cast for the office at the general election shall be elected. If no candidate receives a majority number of votes cast at the election, then the two (2) candidates who receive the highest number of votes cast shall have their names placed on the ballot for the runoff election to be held * * * four (4) weeks later. The candidate who receives a majority of the votes cast in the runoff election shall be elected. However, if no candidate receives a majority vote cast at the election, and there is a tie in the election of those receiving the next highest vote, then those candidates receiving the next highest vote and the candidate receiving the highest number of votes cast shall have their names placed on the ballot for the runoff election to be held * * * four (4) weeks later, and whoever receives the majority of votes cast in the runoff election shall be elected. If it appears that two (2) or more candidates for state office have an equal number of votes after the runoff election, the interested candidates shall appear before the Chief Justice of the Mississippi Supreme Court within two (2) days after the canvass and the tie shall be determined by a toss of a coin or by lot fairly and publicly drawn, and a certificate of election shall be given accordingly.
