(2) The * * * administrator shall accept applications from eligible recipients, prioritize their applications and submit a list of suggested recipients to the Legislature no later than December of each year. Applicants which did not receive an award the prior year shall receive priority for a grant the following year. * * * The Legislature shall review the submitted list and determine the projects for which to award grants to eligible recipients through the * * * Department of Finance and Administration in an appropriation bill. The * * * administrator will consider projects in relation to the following criteria:

(iii) The plans and specifications for any project requiring a preservation easement shall be developed in accordance with the "Secretary of the Interior's Standards for the Treatment of Historic Properties."

(b) Any project involving a property that the Mississippi Department of Archives and History has determined to be non-historic will not require an easement.

(7) Grantees must adhere to Mississippi state procedures and guidelines relating to the implementation and financing of the approved project. Grantees must also submit any and all audit and financial statements as required by the State of Mississippi.

(8) Nothing in this section shall preclude the subsequent transfer or assignment by a state agency or other owner or holder of any property interest acquired pursuant to this section to the State of Mississippi, the county, city, town or municipality in which the land is located, for the purpose of further preserving, improving or maintaining the downtown property. (10) The * * * Department of Finance and Administration shall administer the fund and establish guidelines for the expenditure of grant funds and reports relating to the expenditure of grant funds. The department * * * shall provide the administrator with no more than two percent (2%) of the amount of funds deposited into the Mississippi Main Street Revitalization Grant Fund for administrative expenses in carrying out its duties under this section.

Such a correction may be made at any time after the Attorney General's Certificate of Review with regard to the initiative measure has been issued * * * and before the ballot for the initiative measure is printed. The provisions of this section do not authorize the Secretary of State to make any change other than a nonsubstantive correction in the section number reference or designation of the proposed * * * initiative measure.

The statement shall give a true and impartial statement of the purpose of the initiative measure. Neither the statement nor the summary may intentionally be an argument, nor likely to create prejudice, either for or against the measure. Such concise statement shall constitute the ballot title. The State Board of Election Commissioners shall convene within thirty (30) calendar days from receipt of the ballot title and summary from the Attorney General. The board shall review the submitted ballot title and summary and provide recommendations for the Attorney General. The board's recommendations shall be

When practicable, the question posed by the ballot title shall be written in such a way that an affirmative answer to such question and an affirmative vote on the measure would result in a change in then-current law, and a negative answer to the question and a negative vote on the measure would result in no change to then current law.

(3) The ballot summary shall be followed by a fiscal analysis, not to exceed fifty (50) words, indicating the amount, source of revenue and reallocation of funding potentially required by the initiative measure, as provided by the Legislative Budget Office.

(i) Receive compensation or receive any other incentive, monetary or otherwise, to select a particular towing and recovery service from the list;

(2) Have authorization to nonconsensually tow a commercial motor vehicle. Authorization shall be found if:

(a) A law enforcement officer requests a police-initiated tow and requests that a towing and recovery service from the tow list provide towing.

(b) The towing and recovery service has received permission to tow the commercial motor vehicle within twenty-four (24) hours immediately preceding the towing, from the owner of the private property.

A towing service shall not tow a commercial motor vehicle from private property without the owner or operator of the private property giving the tower service written permission consistent with requirements under Section 85-7-251.

(c) In order for the towing and recovery service to conduct a nonconsensual tow, the private property owner must have posted signage visible and facing the driver at each entryway into the property stating that vehicles parked on the property without authorization or inappropriately or illegally parked are subject to being towed. The sign must also contain the international towing symbol no smaller than four (4) inches by four (4) inches and be permanently mounted in a position that is no lower than five (5) feet and no higher than eight (8) feet.

(3) The towing and recovery service shall not assess a drop fee to release the commercial motor vehicle after the vehicle is hooked up to the tow truck but before the vehicle is removed from the private property.

SECTION 8. A towing and recovery service shall not use vehicle immobilization devices except under the direction of law enforcement.

SECTION 9. This act shall take effect and be in force from and after July 1, 2024, and shall stand repealed on June 30, 2024.

Senator Hopson called up the following entitled bill:

H. B. No. 1705: Budget process; bring forward certain sections relating to and provide for transfers of funds.

Senator Hopson offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-103-125, Mississippi Code of 1972, is brought forward as follows:

27-103-125. The proposed budget of each state agency shall show the amounts required for operating expenses separately from the amounts required for permanent improvements. The overall budget shall show, separately by each source, the estimated amount of general fund revenue and of special fund revenues of general fund agencies. The total proposed expenditures in Part 1 of the overall budget shall not exceed the amount of estimated revenues that will be available in the general and special funds for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand in the general and special funds at the close of the then current fiscal year. The total proposed expenditures from the State General Fund in Part 1 of the overall budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. The Legislative Budget Office may recommend additional taxes or sources of revenue if in its judgment those additional funds are necessary to adequately support the functions of the state government.

SECTION 2. Section 27-103-139, Mississippi Code of 1972, is brought forward as follows:

27-103-139. On or before November 15 preceding each regular session of the Legislature, except the first regular session of a new term of office, the Governor shall submit to the members of the Legislature, the Legislative Budget Office or the members-elect, as the case may be, and to the executive head of each state agency a balanced budget for the succeeding fiscal year. The budget submitted shall be prepared

in a format that will include performance measurement data associated with the various programs operated by each agency. The total proposed expenditures in the balanced budget shall not exceed the amount of estimated revenues that will be available for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand at the close of the then current fiscal year, as determined by the revenue estimate jointly adopted by the Governor and the Legislative Budget Committee. The total proposed expenditures from the State General Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee.

The revenues used in preparing the balanced budget shall be only those revenues that will be available under the general laws of the state as they exist when the balanced budget is prepared, and shall not include any proposed revenues that would become available only after the enactment of new legislation. If the Governor has any recommendations for additional proposed expenditures or proposed revenues that are not included in his balanced budget, he shall submit those recommendations in a supplement that is separate from his balanced budget, and whenever the Governor recommends any such additional proposed expenditures, he also shall recommend proposed revenues that are sufficient to fund the additional proposed expenditures, providing specific details regarding the sources and the total amount of those proposed revenues.

The Governor may employ a budget officer for the purpose of receiving information from the State Fiscal Officer and preparing his recommendations on the budget. If the Governor determines that information received from the State Fiscal Officer is not sufficient to enable him to prepare his budget recommendations, he may request an appropriation from the Legislature to provide additional staff within the Governor's office for that purpose. At the first regular session after his election for Governor, the Governor shall submit any budget recommendations plus the required revenue source recommendations no later than January 31 of that year.

SECTION 3. Section 27-103-203, Mississippi Code of 1972, is brought forward as follows:

27-103-203. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Working Cash-Stabilization Reserve Fund.

(2) The Working Cash-Stabilization Reserve Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. If the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million Dollars ($5,000,000.00) of interest earned on those sums each fiscal year shall be deposited into that fund until a total of Seventy Million Dollars ($70,000,000.00) has been deposited into the fund. The interest, or the remaining interest if the Ayers Settlement Fund is created, that is earned on those sums shall be deposited in the Working Cash-Stabilization Reserve Fund until the balance of principal and interest in the fund reaches ten percent (10%) of the total General Fund appropriations for the current fiscal year, and all interest earned in excess of amounts necessary to maintain the ten percent (10%) fund balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars ($15,000,000.00) and the amount of the interest and income earned on the

principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other special funds for such purposes as authorized by Section 31-17-101 et seq., shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars ($15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those purposes from General Fund revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars ($15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars ($55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars ($0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars ($40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars ($50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

(8) Any funds appropriated from the Working Cash-Stabilization Reserve Fund that are unexpended at the end of a fiscal year shall lapse into the Working Cash-Stabilization Reserve Fund.

SECTION 4. Section 27-103-211, Mississippi Code of 1972, is brought forward as follows:

27-103-211. The total sum appropriated by the Legislature from the State General Fund for any fiscal year shall not exceed ninety-eight percent (98%) of the general fund

revenue estimate for that fiscal year developed by the Department of Revenue and the University Research Center and adopted by the Joint Legislative Budget Committee. The unencumbered balances in general funds that will be available and on hand at the close of the fiscal year shall not include projected amounts required to be deposited into the Working Cash-Stabilization Reserve Fund under Section 27-103-203.

SECTION 5. Section 27-103-213, Mississippi Code of 1972, is brought forward as follows:

27-103-213. (1) The unencumbered cash balance in the General Fund in the State Treasury at the close of each fiscal year shall be distributed to the Municipal Revolving Fund, the Working Cash-Stabilization Reserve Fund and the Capital Expense Fund in the manner provided in this section.

(2) (a) At the end of each fiscal year, the Executive Director of the Department of Finance and Administration and the State Treasurer shall determine the extent of the unencumbered cash balance existing in the General Fund in the State Treasury.

(b) As used in this section, the term "unencumbered cash balance" or "unencumbered General Fund cash balance" means the amount in the State General Fund after deducting all appropriations and other expenditures. However, if the Legislature has authorized additional or deficit appropriations or transfers from the State General Fund for that fiscal year, those amounts shall be subtracted from the unencumbered cash balance in the General Fund before determining the amount available for distribution. The unencumbered General Fund cash balance shall not be determined until after August 31 of each year, and it shall not be made until the State Treasurer has received a certificate in writing from the Executive Director of the Department of Finance and Administration, with notification to the Legislative Budget Office, showing the amount of the unencumbered General Fund cash balance.

(3) If any unencumbered General Fund cash balance is available for distribution under this section, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars ($750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars ($750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, fifty percent (50%) of the amount of the unencumbered General Fund cash balance after the distributions are made under paragraph (a), not to exceed ten percent (10%) of the General Fund appropriations for the fiscal year that the unencumbered General Fund cash balance represents. For the purposes of this paragraph (b), the appropriations for the fiscal year shall be the total amount contained in the actual appropriation bills passed by the Legislature.

(c) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a) and (b).

SECTION 6. Section 27-103-303, Mississippi Code of 1972, is brought forward as follows:

27-103-303. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Capital Expense Fund.

(2) The Capital Expense Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Capital Expense Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. Interest earned on this fund shall be deposited by the State Treasurer into the State General Fund.

(3) The Capital Expense Fund shall be used for capital expense needs, repair and renovation of state-owned properties and specific expenditures authorized by the Legislature. The Legislature shall designate those capital expense projects, repair and renovation projects and other authorized projects in an appropriation act passed by the Legislature, which shall direct the Director of the Department of Finance and Administration to administer the projects.

(4) In addition to the purposes specified in subsection (3) of this section, the Capital Expense Fund shall be used to provide funds for emergency repairs on state-owned buildingsupon requisition of the Executive Director of the Department of Finance and Administration. Whenever the executive director determines that funds are immediately needed for emergency repairs on state-owned buildings, he or she shall requisition the funds needed from the Capital Expense Fund, which shall be subject to the limitations set forth in this subsection. At the same time he or she makes the requisition, the executive director shall notify the Lieutenant Governor, the Speaker of the House of Representatives, the respective Chairmen of the Senate Appropriations Committee, the Senate Finance Committee, the House Appropriations Committee and the House Ways and Means Committee and the Legislative Budget Office of his or her determination of the need for the funds, the amount that he or she has requisitioned and where the funds will be used. If the amount requisitioned is available in the Capital Expense Fund, is not allocated for any specific projects as authorized in subsection (3) of this section and is within the limitations set forth below in this subsection, then the executive director may escalate the budget of the Bureau of Building, Grounds and Real Property Management to use the full amount of the requisitioned funds for the emergency repairs and transfer that amount to the bureau for that purpose. If the amount requisitioned is more than the amount available in the Capital Expense Fund or above the limitations set forth below in this subsection, then the executive director may escalate the budget of the bureau to use the amount that is available within the limitations for the emergency repairs and transfer that amount to the bureau for that purpose. The maximum amount that may be transferred from the Capital Expense Fund to the bureau for any single emergency shall be One Million Dollars ($1,000,000.00), and the maximum amount that may be transferred to the bureau for all emergencies during any fiscal year shall be Five Million Dollars ($5,000,000.00).

(5) Funds deposited in the Capital Expense Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Capital Expense Fund shall be made except by act of the Legislature making specific reference to the Capital Expense Fund as the source of those funds.

(6) Unexpended funds in the Capital Expense Fund at the end of a fiscal year shall not lapse into the State General Fund but shall remain in the fund for use under this section. Any funds appropriated from the Capital Expense Fund that are unexpended at the end of a fiscal year shall lapse into the Capital Expense Fund.

SECTION 7. During fiscal year 2025, the State Treasurer, in conjunction with the State Fiscal Officer, shall transfer to the Capital Expense Fund the amounts listed below from each of the following named funds:

FUND	FUND NUMBER	AMOUNT

General Fund	2999000000	$1.00
Treasurer's Office

SECTION 8. This act shall take effect and be in force from and after July 1, 2024, and shall stand repealed on June 29, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 77-3-21, Mississippi Code of 1972, is amended as follows:

77-3-21. The commission may, after a hearing had upon due notice, make such findings as may be supported by proof as to whether any utility holding a certificate under the provisions of this article is rendering reasonably adequate service in any area covered by such utility's certificate. In the event the commission finds that such utility is not rendering reasonably adequate service the commission may enter an order specifying in what particulars such utility has failed to render reasonably adequate service and order that such failure be corrected within a reasonable time, such time to be fixed in such order. If the utility so ordered to correct such a failure fails to comply with such order of the commission and the commission finds that cancellation of its certificate would be in the best interest of the consuming public served by the holder of the certificate, its certificate for the area affected may be revoked and cancelled by the commission.

Prior to any municipality exercising the power of eminent domain as provided in Section 77-3-17, the commission shall determine that the certificate of public convenience and necessity granted to the utility pursuant to Section 77-3-13 for the service area wherein such facilities are located, shall be cancelled as provided in this section. Nothing in this paragraph shall be construed to include service for water and sewage.

Notwithstanding Section 77-3-1(1), the commission shall have jurisdiction to investigate whether any municipality that holds a certificate to provide service greater than one (1) mile outside its municipal boundaries is providing reasonably adequate service. Following a hearing and upon making such a finding, the commission shall have full authority to enter any order authorized under this section, including canceling the certificate for the area that extends beyond the municipalities' boundaries.

SECTION 2. Section 77-3-22, Mississippi Code of 1972, is amended as follows:

77-3-22. Notwithstanding Section 77-3-1(1), if the commission determines that any privately owned water and/or sewer system, or any municipally owned or operated electric utility providing service greater than one (1) mile outside its municipal boundaries and within its jurisdiction is unable or unwilling to adequately serve its customers or has been actually or effectively abandoned by its owner, or that its management is grossly inefficient, irresponsible or unresponsive to the needs of its customers, the commission or its designated representative may petition the Chancery Court of the First Judicial District of Hinds County or the chancery court of any county wherein the public utility does business for an order attaching the assets of the privately owned water and/or sewer system or municipally owned or operated electric utility and placing such * * * system under the sole control and responsibility of a receiver. If the court determines that the petition is proper in all respects and finds, after a hearing thereon, the allegations contained in the petition are true, it shall order that the * * * system be placed in receivership. The court, in its discretion and in consideration of the recommendation of the commission or its designated representative, may appoint a receiver who shall be a responsible individual, partnership, corporation or political subdivision knowledgeable in water * * *, sewer or electric service affairs and who shall maintain control and responsibility for the operation and management of the affairs of such * * * system. The receiver shall operate the * * * system so as to preserve the assets of the * * * system and to serve the best interests of its customers. The receiver shall be compensated from the assets of the * * * system in an amount to be determined by the court.

Control of and responsibility for the * * * system shall remain in the receiver until the court determines that it is in the best interests of the customers that the * * * system be returned to the owner, transferred to another owner or assumed by another * * * operator, system or public service corporation. If the court, after hearing, determines that control of and responsibility for the affairs of the * * * system should not be returned to the legal owner thereof, the receiver may proceed to liquidate the assets of such * * * system in the manner provided by law.

In any court-initiated receivership for a municipally owned or operated electric utility providing service greater than one (1) mile outside its municipal boundaries, the receiver shall assume the responsibilities and obligations of the municipality with regard to any existing wholesale power contract.

Mississippi laws and Mississippi Rules of Civil Procedure generally applicable to receivership shall govern receiverships created under this section.

This section is in addition to the provisions of Section 77-3-21.

SECTION 3. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 77-3-21, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE COMMISSION TO CANCEL A MUNICIPALITY'S CERTIFICATE TO PROVIDE SERVICE GREATER THAN ONE MILE OUTSIDE ITS CORPORATE BOUNDARIES UPON A FINDING THAT THE MUNICIPALITY DID NOT PROVIDE REASONABLY ADEQUATE SERVICE; TO AMEND SECTION 77-3-22, MISSISSIPPI CODE OF 1972, TO INCLUDE MUNICIPALLY OWNED OR OPERATED ELECTRIC UTILITIES PROVIDING SERVICE GREATER THAN ONE MILE OUTSIDE OF MUNICIPAL BOUNDARIES; AND FOR RELATED PURPOSES.

27-103-125. The proposed budget of each state agency shall show the amounts required for operating expenses separately from the amounts required for permanent improvements. The overall budget shall show, separately by each source, the estimated amount of general fund revenue and of special fund revenues of general fund agencies. The total proposed expenditures in Part 1 of the overall budget shall not exceed the amount of estimated revenues that will be available in the general and special funds for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand in the general and special funds at the close of the then current fiscal year. The total proposed expenditures from the State General Fund in Part 1 of the overall budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. The Legislative Budget Office may recommend additional taxes or sources of revenue if in its judgment those additional funds are necessary to adequately support the functions of the state government.

SECTION 2. Section 27-103-139, Mississippi Code of 1972, is brought forward as follows:

27-103-139. On or before November 15 preceding each regular session of the Legislature, except the first regular session of a new term of office, the Governor shall submit to the members of the Legislature, the Legislative Budget Office or the members-elect, as the case may be, and to the executive head of each state agency a balanced budget for the succeeding fiscal year. The budget submitted shall be prepared in a format that will include performance measurement data associated with the various programs operated by each agency. The total proposed expenditures in the balanced budget shall not exceed the amount of estimated revenues that will be available for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand at the close of the then current fiscal year, as determined by the revenue estimate jointly adopted by the Governor and the Legislative Budget Committee. The total proposed expenditures from the State General Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund

revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee.

The revenues used in preparing the balanced budget shall be only those revenues that will be available under the general laws of the state as they exist when the balanced budget is prepared, and shall not include any proposed revenues that would become available only after the enactment of new legislation. If the Governor has any recommendations for additional proposed expenditures or proposed revenues that are not included in his balanced budget, he shall submit those recommendations in a supplement that is separate from his balanced budget, and whenever the Governor recommends any such additional proposed expenditures, he also shall recommend proposed revenues that are sufficient to fund the additional proposed expenditures, providing specific details regarding the sources and the total amount of those proposed revenues.

The Governor may employ a budget officer for the purpose of receiving information from the State Fiscal Officer and preparing his recommendations on the budget. If the Governor determines that information received from the State Fiscal Officer is not sufficient to enable him to prepare his budget recommendations, he may request an appropriation from the Legislature to provide additional staff within the Governor's office for that purpose. At the first regular session after his election for Governor, the Governor shall submit any budget recommendations plus the required revenue source recommendations no later than January 31 of that year.

SECTION 3. Section 27-103-203, Mississippi Code of 1972, is brought forward as follows:

27-103-203. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Working Cash-Stabilization Reserve Fund.

(2) The Working Cash-Stabilization Reserve Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. If the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million Dollars ($5,000,000.00) of interest earned on those sums each fiscal year shall be deposited into that fund until a total of Seventy Million Dollars ($70,000,000.00) has been deposited into the fund. The interest, or the remaining interest if the Ayers Settlement Fund is created, that is earned on those sums shall be deposited in the Working Cash-Stabilization Reserve Fund until the balance of principal and interest in the fund reaches ten percent (10%) of the total General Fund appropriations for the current fiscal year, and all interest earned in excess of amounts necessary to maintain the ten percent (10%) fund balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars ($15,000,000.00) and the amount of the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other special funds for such purposes as authorized by Section 31-17-101 et seq., shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars ($15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those purposes from General Fund

revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars ($15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars ($55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars ($0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars ($40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars ($50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

(8) Any funds appropriated from the Working Cash-Stabilization Reserve Fund that are unexpended at the end of a fiscal year shall lapse into the Working Cash-Stabilization Reserve Fund.

SECTION 4. Section 27-103-211, Mississippi Code of 1972, is brought forward as follows:

27-103-211. The total sum appropriated by the Legislature from the State General Fund for any fiscal year shall not exceed ninety-eight percent (98%) of the general fund revenue estimate for that fiscal year developed by the Department of Revenue and the University Research Center and adopted by the Joint Legislative Budget Committee. The unencumbered balances in general funds that will be available and on hand at the close of the fiscal year shall not include projected amounts required to be deposited into the Working Cash-Stabilization Reserve Fund under Section 27-103-203.

SECTION 5. Section 27-103-213, Mississippi Code of 1972, is brought forward as follows:

27-103-213. (1) The unencumbered cash balance in the General Fund in the State Treasury at the close of each fiscal year shall be distributed to the Municipal Revolving Fund, the Working Cash-Stabilization Reserve Fund and the Capital Expense Fund in the manner provided in this section.

(2) (a) At the end of each fiscal year, the Executive Director of the Department of Finance and Administration and the State Treasurer shall determine the extent of the unencumbered cash balance existing in the General Fund in the State Treasury.

(b) As used in this section, the term "unencumbered cash balance" or "unencumbered General Fund cash balance" means the amount in the State General Fund after deducting all appropriations and other expenditures. However, if the Legislature has authorized additional or deficit appropriations or transfers from the State General Fund for that fiscal year, those amounts shall be subtracted from the unencumbered cash balance in the General Fund before determining the amount available for distribution. The unencumbered General Fund cash balance shall not be determined until after August 31 of each year, and it shall not be made until the State Treasurer has received a certificate in writing from the Executive Director of the Department of Finance and Administration, with notification to the Legislative Budget Office, showing the amount of the unencumbered General Fund cash balance.

(3) If any unencumbered General Fund cash balance is available for distribution under this section, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars ($750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars ($750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, fifty percent (50%) of the amount of the unencumbered General Fund cash balance after the distributions are made under paragraph (a), not to exceed ten percent (10%) of the General Fund appropriations for the fiscal year that the unencumbered General Fund cash balance represents. For the purposes of this paragraph (b), the appropriations for the fiscal year shall be the total amount contained in the actual appropriation bills passed by the Legislature.

(c) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a) and (b).

SECTION 6. Section 27-103-303, Mississippi Code of 1972, is brought forward as follows:

27-103-303. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Capital Expense Fund.

The State Treasurer shall invest all sums in the Capital Expense Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. Interest earned on this fund shall be deposited by the State Treasurer into the State General Fund.

(3) The Capital Expense Fund shall be used for capital expense needs, repair and renovation of state-owned properties and specific expenditures authorized by the

Legislature. The Legislature shall designate those capital expense projects, repair and renovation projects and other authorized projects in an appropriation act passed by the Legislature, which shall direct the Director of the Department of Finance and Administration to administer the projects.

(4) In addition to the purposes specified in subsection (3) of this section, the Capital Expense Fund shall be used to provide funds for emergency repairs on state-owned buildingsupon requisition of the Executive Director of the Department of Finance and Administration. If the amount requisitioned is available in the Capital Expense Fund, is not allocated for any specific projects as authorized in subsection (3) of this section and is within the limitations set forth below in this subsection, then the executive director may escalate the budget of the Bureau of Building, Grounds and Real Property Management to use the full amount of the requisitioned funds for the emergency repairs and transfer that amount to the bureau for that purpose. If the amount requisitioned is more than the amount available in the Capital Expense Fund or above the limitations set forth below in this subsection, then the executive director may escalate the budget of the bureau to use the amount that is available within the limitations for the emergency repairs and transfer that amount to the bureau for that purpose. The maximum amount that may be transferred from the Capital Expense Fund to the bureau for any single emergency shall be One Million Dollars ($1,000,000.00), and the maximum amount that may be transferred to the bureau for all emergencies during any fiscal year shall be Five Million Dollars ($5,000,000.00).

(5) Funds deposited in the Capital Expense Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Capital Expense Fund shall be made except by act of the Legislature making specific reference to the Capital Expense Fund as the source of those funds.

(6) Unexpended funds in the Capital Expense Fund at the end of a fiscal year shall not lapse into the State General Fund but shall remain in the fund for use under this section. SECTION 1. (1) The Office of the Governor, Division of Medicaid, shall enter into negotiations with the Centers for Medicare and Medicaid Services (CMS) to obtain a waiver for applicable provisions of the Medicaid laws and regulations under Section 1115 of the Social Security Act to create a plan to allow Medicaid coverage in Mississippi for individuals described in this act, which contains the following provisions:

(a) Coverage group. Individuals eligible for coverage under this section shall be persons who are not less than nineteen (19) years of age but less than sixty-five (65) years of age, who currently reside in households that have an income of less than one hundred percent (100%) of federal poverty level, who are:

(i) Employed for at least one-hundred and twenty (120) hours per month in a position for which health insurance is not paid for by the employer;

(ii) Enrolled as a full-time student in secondary or post-secondary education;

(iii) Enrolled full-time in a workforce training program;

(iv) Enrolled for at least six (6) credit hours, or its equivalent, as a student in secondary education, post-secondary education, or a workforce training program and is employed for at least sixty (60) hours per month in a position for which health insurance is not paid for by the employer;

(v) The parent or guardian and the primary caregiver of a child under six (6) years of age;

(vi) A person who is physically, mentally or intellectually unable to meet the requirements of subparagraphs (i) through (iv) of this paragraph (a) as documented by a medical professional;

(vii) The primary caregiver for a disabled child, spouse or parent, provided that such disabled person qualifies for Medicaid coverage in accordance with the federal Social Security Act.

(b) Beneficiary enrollment. Any individual otherwise eligible for coverage under this section who has health insurance coverage through his or her employer or through private health insurance and who voluntarily disenrolls from that health insurance coverage shall not be in the coverage group until twelve (12) months after the ending date of that coverage. The coverage group shall not include non-United States citizens who are ineligible for Medicaid benefits. The division shall verify eligibility of each beneficiary in this coverage group no less than on a quarterly basis. The division may consider seasonal or part-time employees who are cumulatively employed for an average of one-hundred and twenty (120) hours per month over a twelve-month period as satisfying the work requirements of subsection (1)(a)(i) of this section.

The division shall provide qualified providers with such forms as are necessary for an individual in the coverage group to make application for Medicaid and information on how to assist such individuals in completing and filing such forms. The division shall make those application forms and the application process itself as simple as possible. In addition to the efforts of the division, the Department of Health shall administer a public awareness program regarding the coverage and eligibility offered in accordance with this act. Such program shall promote public awareness of the coverage offered in accordance

with this act to ensure that all eligible citizens of the State of Mississippi are aware of and have the opportunity to apply for eligibility.

(c) Delivery systems. All individuals in the coverage group shall be enrolled in and their services shall be provided by the managed care organizations (MCOs), coordinated care organizations (CCOs), provider-sponsored health plans (PSHPs) and other such organizations paid for services to the Medicaid population on a capitated basis by the division as described in Section 43-13-117(H).

(d) Benefit packages. Individuals enrolled under this act who are not less than nineteen (19) years of age but less than sixty five (65) years of age shall be provided essential health services as determined by the division, which shall, at a minimum, include ambulatory patient services, emergency services, hospitalization, prescription drugs, rehabilitative services, laboratory services, primary care services, preventive and wellness services and chronic disease management.

(e) Funding of the plan. (i) The Section 1115 waiver described in this section shall describe the funding for this act, which shall be a combination of state matching funds and federal matching funds in the proportions specified under the federal Affordable Care Act at the time of the effective date of this act. (ii) The state matching funds shall include contributions from MCOs, CCOs, PSHPs and other such organizations paid for services to the Medicaid population on a capitated basis by the division as described in Section 43-13-117(H) in the form of an assessment as provided in Section 2 of this act. The state matching funds shall also include contributions from hospitals that are generated through an assessment on hospitals as described in Section 43-13-145 and deposited into the Medical Care Fund created in Section 43-13-143.

(iii) The division is also authorized to accept any voluntary contributions donated to the division to be used as state matching funds for the purpose of this act, including, but not limited to, contributions from businesses and other entities. Notwithstanding any provision of this paragraph (e), state matching funds for the purposes of this act may be appropriated by the Legislature from any other sources.

(f) Timing. Within one hundred twenty (120) days of the effective date of this act, the division shall apply for a waiver of the applicable provisions of the Medicaid laws and regulations under Section 1115 of the Social Security Act to create a plan to allow Medicaid coverage in Mississippi in accordance with this act, which shall include a work requirement that requires beneficiaries to be employed for at least one hundred twenty (120) hours per month or for such beneficiary to be otherwise eligible within paragraph (a) of this subsection. The division shall provide a copy of such application to the Governor, Lieutenant Governor, Speaker of the House of Representatives, and the Chairmen of the Senate and House Medicaid Committees on the same day that the division officially applies to CMS for such waiver.

(2) The division shall begin enrolling eligible individuals into the coverage group established in this section within thirty (30) days of the effective date of CMS approving the division's waiver under this section.

(3) This section shall stand repealed on January 31, 2029.

(4) This section shall be subject to Section 3 of this act.

SECTION 2. (1) Notwithstanding any other provision of law, upon each managed care organization, coordinated care organization, provider sponsored health plan or other organization paid for services to the Medicaid population on a capitated basis by the Division of Medicaid as described in Section 43-13-117(H), there is levied an assessment of three percent (3%) on the total paid capitation. All assessments under this section shall be assessed and collected by the division on the 15th of each month and shall be deposited into the Medical Care Fund created by Section 43-13-143. Any amount generated by the assessment that is in excess of the amount needed to cover the state matching funds may be used to enhance provider reimbursement for those services that are most utilized by the coverage group as determined by the division. This section shall be effective in the first month that a capitated payment is provided to a managed care organization, coordinated care organization, provider sponsored health plan or other organization paid for services to the Medicaid population on a capitated basis by the division as described in Section 43-13-117(H) for coverage of individuals eligible under Section 1 of this act and Section 43-13-115. The Division of Medicaid is directed to apply for any applicable federal waiver to accomplish the purposes of this section.

(2) This section shall stand repealed on January 31, 2029.

(3) This section shall be subject to Section 3 of this act.

SECTION 3. (1) This section, section 1, section 2 and subsection (29) of Section 43-13-115 shall stand repealed on the date of any of the following:

(a) On such date that the Centers for Medicare and Medicaid Services (CMS) reject the division's work requirement waiver request provided for in Section 1 of this act;

(b) On such date that the Centers for Medicare and Medicaid Services (CMS) reject the assessment provided for in Section 2 of this act;

(c) On such date that the Centers for Medicare and Medicaid Services (CMS) withdraws approval of, cancels or constructively terminates any waiver that was previously issued to the division as a condition of the requirements of this act;

(d) On such date that a court of competent jurisdiction nullifies the work requirement provided for in Section 1 of this act; or

(e) On such date that a court of competent jurisdiction nullifies the assessment provided for in Section 2 of this act.

(2) If the division receives a waiver in accordance with Section 1 and 2 of this act, but the act is later repealed through any of the events or actions listed in subsection (1) of this section, then the division shall have thirty (30) days to cease coverage of eligible individuals under this act and to provide notice to such individuals of the termination of coverage.

SECTION 8. Section 43-13-113, Mississippi Code of 1972, is brought forward as follows:

43-13-113. (1) The State Treasurer shall receive on behalf of the state, and execute all instruments incidental thereto, federal and other funds to be used for financing the medical assistance plan or program adopted pursuant to this article, and place all such funds in a special account to the credit of the Governor's Office-Division of Medicaid, which funds shall be expended by the division for the purposes and under the provisions of this article, and shall be paid out by the State Treasurer as funds appropriated to carry out the provisions of this article are paid out by him.

The division shall issue all checks or electronic transfers for administrative expenses, and for medical assistance under the provisions of this article. All such checks or electronic transfers shall be drawn upon funds made available to the division by the State Auditor, upon requisition of the director. It is the purpose of this section to provide that the State Auditor shall transfer, in lump sums, amounts to the division for disbursement under the regulations which shall be made by the director with the approval of the Governor; however, the division, or its fiscal agent in behalf of the division, shall be authorized in maintaining separate accounts with a Mississippi bank to handle claim payments, refund recoveries and related Medicaid program financial transactions, to

aggressively manage the float in these accounts while awaiting clearance of checks or electronic transfers and/or other disposition so as to accrue maximum interest advantage of the funds in the account, and to retain all earned interest on these funds to be applied to match federal funds for Medicaid program operations.

(2) The division is authorized to obtain a line of credit through the State Treasurer from the Working Cash-Stabilization Fund or any other special source funds maintained in the State Treasury in an amount not exceeding One Hundred Fifty Million Dollars ($150,000,000.00) to fund shortfalls which, from time to time, may occur due to decreases in state matching fund cash flow. The length of indebtedness under this provision shall not carry past the end of the quarter following the loan origination. Loan proceeds shall be received by the State Treasurer and shall be placed in a Medicaid designated special fund account. Loan proceeds shall be expended only for health care services provided under the Medicaid program. The division may pledge as security for such interim financing future funds that will be received by the division. Any such loans shall be repaid from the first available funds received by the division in the manner of and subject to the same terms provided in this section.

In the event the State Treasurer makes a determination that special source funds are not sufficient to cover a line of credit for the Division of Medicaid, the division is authorized to obtain a line of credit, in an amount not exceeding One Hundred Fifty Million Dollars ($150,000,000.00), from a commercial lender or a consortium of lenders. The length of indebtedness under this provision shall not carry past the end of the quarter following the loan origination. The division shall obtain a minimum of two (2) written quotes that shall be presented to the State Fiscal Officer and State Treasurer, who shall jointly select a lender. Loan proceeds shall be received by the State Treasurer and shall be placed in a Medicaid designated special fund account. Loan proceeds shall be expended only for health care services provided under the Medicaid program. The division may pledge as security for such interim financing future funds that will be received by the division. Any such loans shall be repaid from the first available funds received by the division in the manner of and subject to the same terms provided in this section.

(3) Disbursement of funds to providers shall be made as follows:

(a) All providers must submit all claims to the Division of Medicaid's fiscal agent no later than twelve (12) months from the date of service.

(b) The Division of Medicaid's fiscal agent must pay ninety percent (90%) of all clean claims within thirty (30) days of the date of receipt.

(c) The Division of Medicaid's fiscal agent must pay ninety-nine percent (99%) of all clean claims within ninety (90) days of the date of receipt.

(d) The Division of Medicaid's fiscal agent must pay all other claims within twelve (12) months of the date of receipt.

(e) If a claim is neither paid nor denied for valid and proper reasons by the end of the time periods as specified above, the Division of Medicaid's fiscal agent must pay the provider interest on the claim at the rate of one and one-half percent (1-1/2%) per month on the amount of such claim until it is finally settled or adjudicated.

(4) The date of receipt is the date the fiscal agent receives the claim as indicated by its date stamp on the claim or, for those claims filed electronically, the date of receipt is the date of transmission.

(5) The date of payment is the date of the check or, for those claims paid by electronic funds transfer, the date of the transfer.

(6) The above specified time limitations do not apply in the following circumstances:

(a) Retroactive adjustments paid to providers reimbursed under a retrospective payment system;

(b) If a claim for payment under Medicare has been filed in a timely manner, the fiscal agent may pay a Medicaid claim relating to the same services within six (6) months after it, or the provider, receives notice of the disposition of the Medicare claim;

(c) Claims from providers under investigation for fraud or abuse; and

(d) The Division of Medicaid and/or its fiscal agent may make payments at any time in accordance with a court order, to carry out hearing decisions or corrective actions taken to resolve a dispute, or to extend the benefits of a hearing decision, corrective action, or court order to others in the same situation as those directly affected by it.

(7) [Repealed.]

(8) If sufficient funds are appropriated therefor by the Legislature, the Division of Medicaid may contract with the Mississippi Dental Association, or an approved designee, to develop and operate a Donated Dental Services (DDS) program through which volunteer dentists will treat needy disabled, aged and medically-compromised individuals who are non-Medicaid eligible recipients.

SECTION 9. Section 43-13-116, Mississippi Code of 1972, is brought forward as follows:

43-13-116. (1) It shall be the duty of the Division of Medicaid to fully implement and carry out the administrative functions of determining the eligibility of those persons who qualify for medical assistance under Section 43-13-115.

(2) In determining Medicaid eligibility, the Division of Medicaid is authorized to enter into an agreement with the Secretary of the Department of Health and Human Services for the purpose of securing the transfer of eligibility information from the Social Security Administration on those individuals receiving supplemental security income benefits under the federal Social Security Act and any other information necessary in determining Medicaid eligibility. The Division of Medicaid is further empowered to enter into contractual arrangements with its fiscal agent or with the State Department of Human Services in securing electronic data processing support as may be necessary.

(3) Administrative hearings shall be available to any applicant who requests it because his or her claim of eligibility for services is denied or is not acted upon with reasonable promptness or by any recipient who requests it because he or she believes the agency has erroneously taken action to deny, reduce, or terminate benefits. The agency need not grant a hearing if the sole issue is a federal or state law requiring an automatic change adversely affecting some or all recipients. Eligibility determinations that are made by other agencies and certified to the Division of Medicaid pursuant to Section 43-13-115 are not subject to the administrative hearing procedures of the Division of Medicaid but are subject to the administrative hearing procedures of the agency that determined eligibility.

(a) A request may be made either for a local regional office hearing or a state office hearing when the local regional office has made the initial decision that the claimant seeks to appeal or when the regional office has not acted with reasonable promptness in making a decision on a claim for eligibility or services. The only exception to requesting a local hearing is when the issue under appeal involves either (i) a disability

or blindness denial, or termination, or (ii) a level of care denial or termination for a disabled child living at home. An appeal involving disability, blindness or level of care must be handled as a state level hearing. The decision from the local hearing may be appealed to the state office for a state hearing. A decision to deny, reduce or terminate benefits that is initially made at the state office may be appealed by requesting a state hearing.

(b) A request for a hearing, either state or local, must be made in writing by the claimant or claimant's legal representative. "Legal representative" includes the claimant's authorized representative, an attorney retained by the claimant or claimant's family to represent the claimant, a paralegal representative with a legal aid services, a parent of a minor child if the claimant is a child, a legal guardian or conservator or an individual with power of attorney for the claimant. The claimant may also be represented by anyone that he or she so designates but must give the designation to the Medicaid regional office or state office in writing, if the person is not the legal representative, legal guardian, or authorized representative.

(c) The claimant may make a request for a hearing in person at the regional office but an oral request must be put into written form. Regional office staff will determine from the claimant if a local or state hearing is requested and assist the claimant in completing and signing the appropriate form. Regional office staff may forward a state hearing request to the appropriate division in the state office or the claimant may mail the form to the address listed on the form. The claimant may make a written request for a hearing by letter. A simple statement requesting a hearing that is signed by the claimant or legal representative is sufficient; however, if possible, the claimant should state the reason for the request. The letter may be mailed to the regional office or it may be mailed to the state office. If the letter does not specify the type of hearing desired, local or state, Medicaid staff will attempt to contact the claimant to determine the level of hearing desired. If contact cannot be made within three (3) days of receipt of the request, the request will be assumed to be for a local hearing and scheduled accordingly. A hearing will not be scheduled until either a letter or the appropriate form is received by the regional or state office.

(d) When both members of a couple wish to appeal an action or inaction by the agency that affects both applications or cases similarly and arose from the same issue, one or both may file the request for hearing, both may present evidence at the hearing, and the agency's decision will be applicable to both. If both file a request for hearing, two (2) hearings will be registered but they will be conducted on the same day and in the same place, either consecutively or jointly, as the couple wishes. If they so desire, only one of the couple need attend the hearing.

(e) The procedure for administrative hearings shall be as follows:

(i) The claimant has thirty (30) days from the date the agency mails the appropriate notice to the claimant of its decision regarding eligibility, services, or benefits to request either a state or local hearing. This time period may be extended if the claimant can show good cause for not filing within thirty (30) days. Good cause includes, but may not be limited to, illness, failure to receive the notice, being out of state, or some other reasonable explanation. If good cause can be shown, a late request may be accepted provided the facts in the case remain the same. If a claimant's circumstances have changed or if good cause for filing a request beyond thirty (30) days is not shown, a hearing request will not be accepted. If the claimant wishes to have eligibility reconsidered, he or she may reapply.

(ii) If a claimant or representative requests a hearing in writing during the advance notice period before benefits are reduced or terminated, benefits must be continued or reinstated to the benefit level in effect before the effective date of the adverse action. Benefits will continue at the original level until the final hearing decision is rendered. Any hearing requested after the advance notice period will not be accepted as a timely request in order for continuation of benefits to apply.

(iii) Upon receipt of a written request for a hearing, the request will be acknowledged in writing within twenty (20) days and a hearing scheduled. The claimant or representative will be given at least five (5) days' advance notice of the hearing date. The local and/or state level hearings will be held by telephone unless, at the hearing officer's discretion, it is determined that an in-person hearing is necessary. If a local hearing is requested, the regional office will notify the claimant or representative in writing of the time of the local hearing. If a state hearing is requested, the state office will notify the claimant or representative in writing of the time of the state hearing. If an in-person hearing is necessary, local hearings will be held at the regional office and state hearings will be held at the state office unless other arrangements are necessitated by the claimant's inability to travel.

(iv) All persons attending a hearing will attend for the purpose of giving information on behalf of the claimant or rendering the claimant assistance in some other way, or for the purpose of representing the Division of Medicaid.

(v) A state or local hearing request may be withdrawn at any time before the scheduled hearing, or after the hearing is held but before a decision is rendered. The withdrawal must be in writing and signed by the claimant or representative. A hearing request will be considered abandoned if the claimant or representative fails to appear at a scheduled hearing without good cause. If no one appears for a hearing, the appropriate office will notify the claimant in writing that the hearing is dismissed unless good cause is shown for not attending. The proposed agency action will be taken on the case following failure to appear for a hearing if the action has not already been effected.

(vi) The claimant or his representative has the following rights in connection with a local or state hearing:

(A) The right to examine at a reasonable time before the date of the hearing and during the hearing the content of the claimant's case record;

(B) The right to have legal representation at the hearing and to bring witnesses;

(C) The right to produce documentary evidence and establish all facts and circumstances concerning eligibility, services, or benefits;

(D) The right to present an argument without undue interference;

(E) The right to question or refute any testimony or evidence including an opportunity to confront and cross-examine adverse witnesses.

(vii) When a request for a local hearing is received by the regional office or if the regional office is notified by the state office that a local hearing has been requested, the Medicaid specialist supervisor in the regional office will review the case record, reexamine the action taken on the case, and determine if policy and procedures have been followed. If any adjustments or corrections should be made, the Medicaid specialist supervisor will ensure that corrective action is taken. If the request for hearing was timely made such that continuation of benefits applies, the Medicaid specialist supervisor will ensure that benefits continue at the level before the proposed adverse action that is the subject of the appeal. The Medicaid specialist supervisor will also ensure that all needed information, verification, and evidence is in the case record for the hearing.

(viii) When a state hearing is requested that appeals the action or inaction of a regional office, the regional office will prepare copies of the case record and forward it to the appropriate division in the state office no later than five (5) days after receipt of the request for a state hearing. The original case record will remain in the

regional office. Either the original case record in the regional office or the copy forwarded to the state office will be available for inspection by the claimant or claimant's representative a reasonable time before the date of the hearing.

(ix) The Medicaid specialist supervisor will serve as the hearing officer for a local hearing unless the Medicaid specialist supervisor actually participated in the eligibility, benefits, or services decision under appeal, in which case the Medicaid specialist supervisor must appoint a Medicaid specialist in the regional office who did not actually participate in the decision under appeal to serve as hearing officer. The local hearing will be an informal proceeding in which the claimant or representative may present new or additional information, may question the action taken on the client's case, and will hear an explanation from agency staff as to the regulations and requirements that were applied to claimant's case in making the decision.

(x) After the hearing, the hearing officer will prepare a written summary of the hearing procedure and file it with the case record. The hearing officer will consider the facts presented at the local hearing in reaching a decision. The claimant will be notified of the local hearing decision on the appropriate form that will state clearly the reason for the decision, the policy that governs the decision, the claimant's right to appeal the decision to the state office, and, if the original adverse action is upheld, the new effective date of the reduction or termination of benefits or services if continuation of benefits applied during the hearing process. The new effective date of the reduction or termination of benefits or services must be at the end of the fifteen-day advance notice period from the mailing date of the notice of hearing decision. The notice to claimant will be made part of the case record.

(xi) The claimant has the right to appeal a local hearing decision by requesting a state hearing in writing within fifteen (15) days of the mailing date of the notice of local hearing decision. The state hearing request should be made to the regional office. If benefits have been continued pending the local hearing process, then benefits will continue throughout the fifteen-day advance notice period for an adverse local hearing decision. If a state hearing is timely requested within the fifteen-day period, then benefits will continue pending the state hearing process. State hearings requested after the fifteen-day local hearing advance notice period will not be accepted unless the initial thirty-day period for filing a hearing request has not expired because the local hearing was held early, in which case a state hearing request will be accepted as timely within the number of days remaining of the unexpired initial thirty-day period in addition to the fifteen-day time period. Continuation of benefits during the state hearing process, however, will only apply if the state hearing request is received within the fifteen-day advance notice period.

(xii) When a request for a state hearing is received in the regional office, the request will be made part of the case record and the regional office will prepare the case record and forward it to the appropriate division in the state office within five (5) days of receipt of the state hearing request. A request for a state hearing received in the state office will be forwarded to the regional office for inclusion in the case record and the regional office will prepare the case record and forward it to the appropriate division in the state office within five (5) days of receipt of the state hearing request.

(xiii) Upon receipt of the hearing record, an impartial hearing officer will be assigned to hear the case either by the Executive Director of the Division of Medicaid or his or her designee. Hearing officers will be individuals with appropriate expertise employed by the division and who have not been involved in any way with the action or decision on appeal in the case. The hearing officer will review the case record and if the review shows that an error was made in the action of the agency or in the interpretation of policy, or that a change of policy has been made, the hearing officer will discuss these matters with the appropriate agency personnel and request that an appropriate adjustment be made. Appropriate agency personnel will discuss the matter with the claimant and if the claimant is agreeable to the adjustment of the claim, then

agency personnel will request in writing dismissal of the hearing and the reason therefor, to be placed in the case record. If the hearing is to go forward, it shall be scheduled by the hearing officer in the manner set forth in subparagraph (iii) of this paragraph (e).

(xiv) In conducting the hearing, the state hearing officer will inform those present of the following:

(A) That the hearing will be recorded on tape and that a transcript of the proceedings will be typed for the record;

(B) The action taken by the agency which prompted the appeal;

(C) An explanation of the claimant's rights during the hearing as outlined in subparagraph (vi) of this paragraph (e);

(D) That the purpose of the hearing is for the claimant to express dissatisfaction and present additional information or evidence;

(E) That the case record is available for review by the claimant or representative during the hearing;

(F) That the final hearing decision will be rendered by the Executive Director of the Division of Medicaid on the basis of facts presented at the hearing and the case record and that the claimant will be notified by letter of the final decision.

(xv) During the hearing, the claimant and/or representative will be allowed an opportunity to make a full statement concerning the appeal and will be assisted, if necessary, in disclosing all information on which the claim is based. All persons representing the claimant and those representing the Division of Medicaid will have the opportunity to state all facts pertinent to the appeal. The hearing officer may recess or continue the hearing for a reasonable time should additional information or facts be required or if some change in the claimant's circumstances occurs during the hearing process which impacts the appeal. When all information has been presented, the hearing officer will close the hearing and stop the recorder.

(xvi) Immediately following the hearing the hearing tape will be transcribed and a copy of the transcription forwarded to the regional office for filing in the case record. As soon as possible, the hearing officer shall review the evidence and record of the proceedings, testimony, exhibits, and other supporting documents, prepare a written summary of the facts as the hearing officer finds them, and prepare a written recommendation of action to be taken by the agency, citing appropriate policy and regulations that govern the recommendation. The decision cannot be based on any material, oral or written, not available to the claimant before or during the hearing. The hearing officer's recommendation will become part of the case record which will be submitted to the Executive Director of the Division of Medicaid for further review and decision.

(xvii) The Executive Director of the Division of Medicaid, upon review of the recommendation, proceedings and the record, may sustain the recommendation of the hearing officer, reject the same, or remand the matter to the hearing officer to take additional testimony and evidence, in which case, the hearing officer thereafter shall submit to the executive director a new recommendation. The executive director shall

prepare a written decision summarizing the facts and identifying policies and regulations that support the decision, which shall be mailed to the claimant and the representative, with a copy to the regional office if appropriate, as soon as possible after submission of a recommendation by the hearing officer. The decision notice will specify any action to be taken by the agency, specify any revised eligibility dates or, if continuation of benefits applies, will notify the claimant of the new effective date of reduction or termination of benefits or services, which will be fifteen (15) days from the mailing date of the notice of decision. The decision rendered by the Executive Director of the Division of Medicaid is final and binding. The claimant is entitled to seek judicial review in a court of proper jurisdiction.

(xviii) The Division of Medicaid must take final administrative action on a hearing, whether state or local, within ninety (90) days from the date of the initial request for a hearing.

(xix) A group hearing may be held for a number of claimants under the following circumstances:

(A) The Division of Medicaid may consolidate the cases and conduct a single group hearing when the only issue involved is one (1) of a single law or agency policy;

(B) The claimants may request a group hearing when there is one (1) issue of agency policy common to all of them.

In all group hearings, whether initiated by the Division of Medicaid or by the claimants, the policies governing fair hearings must be followed. Each claimant in a group hearing must be permitted to present his or her own case and be represented by his or her own representative, or to withdraw from the group hearing and have his or her appeal heard individually. As in individual hearings, the hearing will be conducted only on the issue being appealed, and each claimant will be expected to keep individual testimony within a reasonable time frame as a matter of consideration to the other claimants involved.

(xx) Any specific matter necessitating an administrative hearing not otherwise provided under this article or agency policy shall be afforded under the hearing procedures as outlined above. If the specific time frames of such a unique matter relating to requesting, granting, and concluding of the hearing is contrary to the time frames as set out in the hearing procedures above, the specific time frames will govern over the time frames as set out within these procedures.

(4) The Executive Director of the Division of Medicaid, with the approval of the Governor, shall be authorized to employ eligibility, technical, clerical and supportive staff as may be required in carrying out and fully implementing the determination of Medicaid eligibility, including conducting quality control reviews and the investigation of the improper receipt of medical assistance. Staffing needs will be set forth in the annual appropriation act for the division. Additional office space as needed in performing eligibility, quality control and investigative functions shall be obtained by the division.

SECTION 10. Section 43-13-117, Mississippi Code of 1972, is brought forward as follows:

In addition, the Medicare thirty-five-mile rule will apply to those hospital clinics not located inside the hospital that are constructed after July 1, 2009. Where the same services are reimbursed as clinic services, the division may revise the rate or methodology of outpatient reimbursement to maintain consistency, efficiency, economy and quality of care.

(c) The division is authorized to implement an Ambulatory Payment Classification (APC) methodology for outpatient hospital services. The division shall give rural hospitals that have fifty (50) or fewer licensed beds the option to not be reimbursed for outpatient hospital services using the APC methodology, but reimbursement for outpatient hospital services provided by those hospitals shall be based on one hundred one percent (101%) of the rate established under Medicare for outpatient hospital services. Those hospitals choosing to not be reimbursed under the APC methodology shall remain under cost-based reimbursement for a two-year period.

(c) From and after July 1, 1997, all state-owned nursing facilities shall be reimbursed on a full reasonable cost basis.

(d) On or after January 1, 2015, the division shall update the case-mix payment system resource utilization grouper and classifications and fair rental reimbursement system. Any such case-mix add-on payment shall be supported by a determination of additional cost. The division shall apply for necessary federal waivers to assure that additional services providing alternatives to nursing facility care are made available to applicants for nursing facility care.

(5) Periodic screening and diagnostic services for individuals under age twenty-one (21) years as are needed to identify physical and mental defects and to provide health care treatment and other measures designed to correct or ameliorate defects and physical and mental illness and conditions discovered by the screening services, regardless of whether these services are included in the state plan. The division may include in its periodic screening and diagnostic program those discretionary services authorized under the federal regulations adopted to implement Title XIX of the federal Social Security Act, as amended. The division, in obtaining physical therapy services, occupational therapy services, and services for individuals with speech, hearing and language disorders, may enter into a cooperative agreement with the State Department of Education for the provision of those services to handicapped students by public school districts using state funds that are provided from the appropriation to the Department of Education to obtain federal matching funds through the division. (b) [Repealed]

(9) Prescription drugs and other covered drugs and services as determined by the division.

The division shall establish a mandatory preferred drug list. Drugs not on the mandatory preferred drug list shall be made available by utilizing prior authorization procedures established by the division.

The division may seek to establish relationships with other states in order to lower acquisition costs of prescription drugs to include single-source and innovator multiple-source drugs or generic drugs. In addition, if allowed by federal law or regulation, the division may seek to establish relationships with and negotiate with other countries to facilitate the acquisition of prescription drugs to include single-source and innovator multiple-source drugs or generic drugs, if that will lower the acquisition costs of those prescription drugs.

The division may allow for a combination of prescriptions for single-source and innovator multiple-source drugs and generic drugs to meet the needs of the beneficiaries.

Notwithstanding any law or regulation, information obtained or maintained by the division regarding the prescription drug program, including trade secrets and manufacturer or labeler pricing, is confidential and not subject to disclosure except to other state agencies.

The dispensing fee for each new or refill prescription, including nonlegend or over-the-counter drugs covered by the division, shall be not less than Three Dollars and Ninety-one Cents ($3.91), as determined by the division.

The division shall not reimburse for single-source or innovator multiple-source drugs if there are equally effective generic equivalents available and if the generic equivalents are the least expensive.

The division shall increase the amount of the reimbursement rate for restorative dental services for each of the fiscal years 2023, 2024 and 2025 by five percent (5%) above the amount of the reimbursement rate for the previous fiscal year. It is the intent of the Legislature that the reimbursement rate revision for preventative dental services will be an incentive to increase the number of dentists who actively provide Medicaid services. This dental services reimbursement rate revision shall be known as the "James Russell Dumas Medicaid Dental Services Incentive Program."

The Medical Care Advisory Committee, assisted by the Division of Medicaid, shall annually determine the effect of this incentive by evaluating the number of dentists who are Medicaid providers, the number who and the degree to which they are actively billing Medicaid, the geographic trends of where dentists are offering what types of Medicaid services and other statistics pertinent to the goals of this legislative intent. This data shall annually be presented to the Chair of the Senate Medicaid Committee and the Chair of the House Medicaid Committee.

The division shall include dental services as a necessary component of overall health services provided to children who are eligible for services.

The Division of Medicaid may require durable medical equipment providers to obtain a surety bond in the amount and to the specifications as established by the Balanced Budget Act of 1997. A maximum dollar amount of reimbursement for noninvasive ventilators or ventilation treatments properly ordered and being used in an appropriate care setting shall not be set by any health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section. Reimbursement by these organizations to durable medical equipment suppliers for home use of noninvasive and invasive ventilators shall be on a continuous monthly payment basis for the duration of medical need throughout a patient's valid prescription period.

(18) (a) Notwithstanding any other provision of this section to the contrary, as provided in the Medicaid state plan amendment or amendments as defined in Section 43-13-145(10), the division shall make additional reimbursement to hospitals that serve a disproportionate share of low-income patients and that meet the federal requirements for those payments as provided in Section 1923 of the federal Social Security Act and any applicable regulations. It is the intent of the Legislature that the division shall draw down all available federal funds allotted to the state for disproportionate share hospitals. However, from and after January 1, 1999, public hospitals participating in the Medicaid disproportionate share program may be required to participate in an intergovernmental transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations.

(b) (i) 1. The division may establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, or an allowable delivery system or provider payment

initiative authorized under 42 CFR 438.6(c), for hospitals, nursing facilities and physicians employed or contracted by hospitals.

2. The division shall establish a Medicaid Supplemental Payment Program, as permitted by the federal Social Security Act and a comparable allowable delivery system or provider payment initiative authorized under 42 CFR 438.6(c), for emergency ambulance transportation providers in accordance with this subsection (A)(18)(b).

(ii) The division shall assess each hospital, nursing facility, and emergency ambulance transportation provider for the sole purpose of financing the state portion of the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b). The hospital assessment shall be as provided in Section 43-13-145(4)(a), and the nursing facility and the emergency ambulance transportation assessments, if established, shall be based on Medicaid utilization or other appropriate method, as determined by the division, consistent with federal regulations. The assessments will remain in effect as long as the state participates in the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b). In addition to the hospital assessment provided in Section 43-13-145(4)(a), hospitals with physicians participating in the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b) shall be required to participate in an intergovernmental transfer or assessment, as determined by the division, for the purpose of financing the state portion of the physician UPL payments or other payment(s) authorized under this subsection (A)(18)(b).

(iv) Notwithstanding any other provision of this article to the contrary, effective upon implementation of the Mississippi Hospital Access Program (MHAP) provided in subparagraph (c)(i) below, the hospital portion of the inpatient Upper Payment Limits Program shall transition into and be replaced by the MHAP program. However, the division is authorized to develop and implement an alternative fee-for-service Upper Payment Limits model in accordance with federal laws and regulations if necessary to preserve supplemental funding. Further, the division, in consultation with the hospital industry shall develop alternative models for distribution of medical claims and supplemental payments for inpatient and outpatient hospital services, and such models may include, but shall not be limited to the following: increasing rates for inpatient and outpatient services; creating a low-income utilization pool of funds to reimburse hospitals for the costs of uncompensated care, charity care and bad debts as permitted and approved pursuant to federal regulations and the Centers for Medicare and Medicaid Services; supplemental payments based upon Medicaid utilization, quality, service lines and/or costs of providing such services to Medicaid beneficiaries and to uninsured patients. The goals of such payment models shall be to ensure access to inpatient and outpatient care and to maximize any federal funds that are available to reimburse hospitals for services provided. Any such documents required to achieve the goals described in this paragraph shall be submitted to the Centers for Medicare and Medicaid Services, with a proposed effective date of July 1, 2019, to the extent possible, but in no event shall the effective date of such payment models be later than July 1, 2020. The Chairmen of the Senate and House Medicaid Committees shall be provided a copy of the proposed payment model(s) prior to submission. Effective July 1, 2018, and until

such time as any payment model(s) as described above become effective, the division, in consultation with the hospital industry, is authorized to implement a transitional program for inpatient and outpatient payments and/or supplemental payments (including, but not limited to, MHAP and directed payments), to redistribute available supplemental funds among hospital providers, provided that when compared to a hospital's prior year supplemental payments, supplemental payments made pursuant to any such transitional program shall not result in a decrease of more than five percent (5%) and shall not increase by more than the amount needed to maximize the distribution of the available funds.

(v) 1. To preserve and improve access to ambulance transportation provider services, the division shall seek CMS approval to make ambulance service access payments as set forth in this subsection (A)(18)(b) for all covered emergency ambulance services rendered on or after July 1, 2022, and shall make such ambulance service access payments for all covered services rendered on or after the effective date of CMS approval.

2. The division shall calculate the ambulance service access payment amount as the balance of the portion of the Medical Care Fund related to ambulance transportation service provider assessments plus any federal matching funds earned on the balance, up to, but not to exceed, the upper payment limit gap for all emergency ambulance service providers.

3. a. Except for ambulance services exempt from the assessment provided in this paragraph (18)(b), all ambulance transportation service providers shall be eligible for ambulance service access payments each state fiscal year as set forth in this paragraph (18)(b).

b. In addition to any other funds paid to ambulance transportation service providers for emergency medical services provided to Medicaid beneficiaries, each eligible ambulance transportation service provider shall receive ambulance service access payments each state fiscal year equal to the ambulance transportation service provider's upper payment limit gap. Subject to approval by the Centers for Medicare and Medicaid Services, ambulance service access payments shall be made no less than on a quarterly basis.

c. As used in this paragraph (18)(b)(v), the term "upper payment limit gap" means the difference between the total amount that the ambulance transportation service provider received from Medicaid and the average amount that the ambulance transportation service provider would have received from commercial insurers for those services reimbursed by Medicaid.

(ii) Subject to approval by the Centers for Medicare and Medicaid Services (CMS), the MHAP shall provide increased inpatient capitation (PMPM) payments to managed care entities contracting with the division pursuant to subsection (H) of this section to support availability of hospital services or such other payments permissible under federal law necessary to accomplish the intent of this subsection.

(iii) The intent of this subparagraph (c) is that effective for all inpatient hospital Medicaid services during state fiscal year 2016, and so long as this provision shall remain in effect hereafter, the division shall to the fullest extent feasible replace the additional reimbursement for hospital inpatient services under the inpatient Medicare Upper Payment Limits (UPL) Program with additional reimbursement under the MHAP and other payment programs for inpatient and/or outpatient payments which may be developed under the authority of this paragraph.

(iv) The division shall assess each hospital as provided in Section 43-13-145(4)(a) for the purpose of financing the state portion of the MHAP, supplemental payments and such other purposes as specified in Section 43-13-145. The committee or committees may make written recommendations to the division for changes to be made to a proposed rate change.

(5) If both chairmen notify the division in writing within seven (7) calendar days after receipt of the notice from the division that they do not object to the proposed rate change and will not be holding a meeting to review the proposed rate change, the proposed rate change will take effect on the original date as scheduled by the division or on such other date as specified by the division.

(6) (a) If there are any objections to a proposed rate change or any part thereof from either or both of the chairmen or the committees, the division may withdraw the proposed rate change, make any of the recommended changes to the proposed rate change, or not make any changes to the proposed rate change.

(b) If the division does not make any changes to the proposed rate change, it shall notify the chairmen of that fact in writing, and the proposed rate change shall take effect on the original date as scheduled by the division or on such other date as specified by the division.

(c) If the division makes any changes to the proposed rate change, the division shall notify the chairmen of its actions in writing, and the revised proposed rate change shall take effect on the date as specified by the division.

(7) Nothing in this subsection (D) shall be construed as giving the chairmen or the committees any authority to veto, nullify or revise any rate change proposed by the division. The authority of the chairmen or the committees under this subsection shall be limited to reviewing, making objections to and making recommendations for changes to rate changes proposed by the division.

(E) Notwithstanding any provision of this article, no new groups or categories of recipients and new types of care and services may be added without enabling legislation from the Mississippi Legislature, except that the division may authorize those changes without enabling legislation when the addition of recipients or services is ordered by a court of proper authority.

(F) The executive director shall keep the Governor advised on a timely basis of the funds available for expenditure and the projected expenditures. Notwithstanding any other provisions of this article, if current or projected expenditures of the division are reasonably anticipated to exceed the amount of funds appropriated to the division for any fiscal year, the Governor, after consultation with the executive director, shall take all appropriate measures to reduce costs, which may include, but are not limited to:

(1) Reducing or discontinuing any or all services that are deemed to be optional under Title XIX of the Social Security Act;

(2) Reducing reimbursement rates for any or all service types;

(3) Imposing additional assessments on health care providers; or

(4) Any additional cost-containment measures deemed appropriate by the Governor.

To the extent allowed under federal law, any reduction to services or reimbursement rates under this subsection (F) shall be accompanied by a reduction, to the fullest allowable amount, to the profit margin and administrative fee portions of capitated payments to organizations described in paragraph (1) of subsection (H).

Beginning in fiscal year 2010 and in fiscal years thereafter, when Medicaid expenditures are projected to exceed funds available for the fiscal year, the division shall submit the expected shortfall information to the PEER Committee not later than December 1 of the year in which the shortfall is projected to occur. PEER shall review the computations of the division and report its findings to the Legislative Budget Office not later than January 7 in any year.

(G) Notwithstanding any other provision of this article, it shall be the duty of each provider participating in the Medicaid program to keep and maintain books, documents and other records as prescribed by the Division of Medicaid in accordance with federal laws and regulations.

(H) (1) Notwithstanding any other provision of this article, the division is authorized to implement (a) a managed care program, (b) a coordinated care program, (c) a coordinated care organization program, (d) a health maintenance organization program, (e) a patient-centered medical home program, (f) an accountable care organization program, (g) provider-sponsored health plan, or (h) any combination of the above programs. As a condition for the approval of any program under this subsection (H)(1), the division shall require that no managed care program, coordinated care program, coordinated care organization program, health maintenance organization program, or provider-sponsored health plan may:

(a) Pay providers at a rate that is less than the Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement rate;

(b) Override the medical decisions of hospital physicians or staff regarding patients admitted to a hospital for an emergency medical condition as defined by 42 US Code Section 1395dd. This restriction (b) does not prohibit the retrospective review of the appropriateness of the determination that an emergency medical condition exists by chart review or coding algorithm, nor does it prohibit prior authorization for nonemergency hospital admissions;

(c) Pay providers at a rate that is less than the normal Medicaid reimbursement rate. It is the intent of the Legislature that all managed care entities described in this subsection (H), in collaboration with the division, develop and implement innovative payment models that incentivize improvements in health care quality, outcomes, or value, as determined by the division. Participation in the provider network of any managed care, coordinated care, provider-sponsored health plan, or similar contractor shall not be conditioned on the provider's agreement to accept such alternative payment models;

(d) Implement a prior authorization and utilization review program for medical services, transportation services and prescription drugs that is more stringent than the prior authorization processes used by the division in its administration of the Medicaid program. Not later than December 2, 2021, the contractors that are receiving capitated payments under a managed care delivery system established under this subsection (H) shall submit a report to the Chairmen of the House and Senate Medicaid Committees on the status of the prior authorization and utilization review program for medical services, transportation services and prescription drugs that is required to be implemented under this subparagraph (d);

(e) [Deleted]

(f) Implement a preferred drug list that is more stringent than the mandatory preferred drug list established by the division under subsection (A)(9) of this section;

(g) Implement a policy which denies beneficiaries with hemophilia access to the federally funded hemophilia treatment centers as part of the Medicaid Managed Care network of providers.

Each health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall use a clear set of level of care guidelines in the determination of medical necessity and in all utilization management practices, including the prior authorization process, concurrent reviews, retrospective reviews and payments, that are consistent with widely accepted professional standards of care. Organizations participating in a managed care program or coordinated care program implemented by the division may not use any additional criteria that would result in denial of care that would be determined appropriate and, therefore, medically necessary under those levels of care guidelines.

(2) Notwithstanding any provision of this section, the recipients eligible for enrollment into a Medicaid Managed Care Program authorized under this subsection (H) may include only those categories of recipients eligible for participation in the Medicaid Managed Care Program as of January 1, 2021, the Children's Health Insurance Program (CHIP), and the CMS-approved Section 1115 demonstration waivers in operation as of January 1, 2021. No expansion of Medicaid Managed Care Program contracts may be implemented by the division without enabling legislation from the Mississippi Legislature.

(3) (a) Any contractors receiving capitated payments under a managed care delivery system established in this section shall provide to the Legislature and the division statistical data to be shared with provider groups in order to improve patient access, appropriate utilization, cost savings and health outcomes not later than October 1 of each year. Additionally, each contractor shall disclose to the Chairmen of the Senate

and House Medicaid Committees the administrative expenses costs for the prior calendar year, and the number of full-equivalent employees located in the State of Mississippi dedicated to the Medicaid and CHIP lines of business as of June 30 of the current year.

(b) The division and the contractors participating in the managed care program, a coordinated care program or a provider-sponsored health plan shall be subject to annual program reviews or audits performed by the Office of the State Auditor, the PEER Committee, the Department of Insurance and/or independent third parties.

(c) Those reviews shall include, but not be limited to, at least two (2) of the following items:

(i) The financial benefit to the State of Mississippi of the managed care program,

(ii) The difference between the premiums paid to the managed care contractors and the payments made by those contractors to health care providers,

(iii) Compliance with performance measures required under the contracts,

(iv) Administrative expense allocation methodologies,

(v) Whether nonprovider payments assigned as medical expenses are appropriate,

(vi) Capitated arrangements with related party subcontractors,

(vii) Reasonableness of corporate allocations,

(viii) Value-added benefits and the extent to which they are used,

(ix) The effectiveness of subcontractor oversight, including subcontractor review,

(x) Whether health care outcomes have been improved, and

(xi) The most common claim denial codes to determine the reasons for the denials.

The audit reports shall be considered public documents and shall be posted in their entirety on the division's website.

(4) All health maintenance organizations, coordinated care organizations, provider-sponsored health plans, or other organizations paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall reimburse all providers in those organizations at rates no lower than those provided under this section for beneficiaries who are not participating in those programs.

(5) No health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall require its providers or beneficiaries to use any pharmacy that ships, mails or delivers prescription drugs or legend drugs or devices.

(6) (a) Not later than December 1, 2021, the contractors who are receiving capitated payments under a managed care delivery system established under this subsection (H) shall develop and implement a uniform credentialing process for providers. Under that uniform credentialing process, a provider who meets the criteria for credentialing will be credentialed with all of those contractors and no such provider will have to be separately credentialed by any individual contractor in order to receive reimbursement from the contractor. Not later than December 2, 2021, those contractors shall submit a report to the Chairmen of the House and Senate Medicaid Committees on the status of the uniform credentialing process for providers that is required under this subparagraph (a).

(b) If those contractors have not implemented a uniform credentialing process as described in subparagraph (a) by December 1, 2021, the division shall develop and implement, not later than July 1, 2022, a single, consolidated credentialing process by which all providers will be credentialed. Under the division's single, consolidated credentialing process, no such contractor shall require its providers to be separately credentialed by the contractor in order to receive reimbursement from the contractor, but those contractors shall recognize the credentialing of the providers by the division's credentialing process.

(c) The division shall require a uniform provider credentialing application that shall be used in the credentialing process that is established under subparagraph (a) or (b). If the contractor or division, as applicable, has not approved or denied the provider credentialing application within sixty (60) days of receipt of the completed application that includes all required information necessary for credentialing, then the contractor or division, upon receipt of a written request from the applicant and within five (5) business days of its receipt, shall issue a temporary provider credential/enrollment to the applicant if the applicant has a valid Mississippi professional or occupational license to provide the health care services to which the credential/enrollment would apply. The contractor or the division shall not issue a temporary credential/enrollment if the applicant has reported on the application a history of medical or other professional or occupational malpractice claims, a history of substance abuse or mental health issues, a criminal record, or a history of medical or other licensing board, state or federal disciplinary action, including any suspension from participation in a federal or state program. The temporary credential/enrollment shall be effective upon issuance and shall remain in effect until the provider's credentialing/enrollment application is approved or denied by the contractor or division. The contractor or division shall render a final decision regarding credentialing/enrollment of the provider within sixty (60) days from the date that the temporary provider credential/enrollment is issued to the applicant.

(d) If the contractor or division does not render a final decision regarding credentialing/enrollment of the provider within the time required in subparagraph (c), the provider shall be deemed to be credentialed by and enrolled with all of the contractors and eligible to receive reimbursement from the contractors.

(7) (a) Each contractor that is receiving capitated payments under a managed care delivery system established under this subsection (H) shall provide to each provider for whom the contractor has denied the coverage of a procedure that was ordered or requested by the provider for or on behalf of a patient, a letter that provides a detailed

explanation of the reasons for the denial of coverage of the procedure and the name and the credentials of the person who denied the coverage. The letter shall be sent to the provider in electronic format.

(b) After a contractor that is receiving capitated payments under a managed care delivery system established under this subsection (H) has denied coverage for a claim submitted by a provider, the contractor shall issue to the provider within sixty (60) days a final ruling of denial of the claim that allows the provider to have a state fair hearing and/or agency appeal with the division. If a contractor does not issue a final ruling of denial within sixty (60) days as required by this subparagraph (b), the provider's claim shall be deemed to be automatically approved and the contractor shall pay the amount of the claim to the provider.

(c) After a contractor has issued a final ruling of denial of a claim submitted by a provider, the division shall conduct a state fair hearing and/or agency appeal on the matter of the disputed claim between the contractor and the provider within sixty (60) days, and shall render a decision on the matter within thirty (30) days after the date of the hearing and/or appeal.

(8) It is the intention of the Legislature that the division evaluate the feasibility of using a single vendor to administer pharmacy benefits provided under a managed care delivery system established under this subsection (H). Providers of pharmacy benefits shall cooperate with the division in any transition to a carve-out of pharmacy benefits under managed care.

(9) The division shall evaluate the feasibility of using a single vendor to administer dental benefits provided under a managed care delivery system established in this subsection (H). Providers of dental benefits shall cooperate with the division in any transition to a carve-out of dental benefits under managed care.

(10) It is the intent of the Legislature that any contractor receiving capitated payments under a managed care delivery system established in this section shall implement innovative programs to improve the health and well-being of members diagnosed with prediabetes and diabetes.

(11) It is the intent of the Legislature that any contractors receiving capitated payments under a managed care delivery system established under this subsection (H) shall work with providers of Medicaid services to improve the utilization of long-acting reversible contraceptives (LARCs). Not later than December 1, 2021, any contractors receiving capitated payments under a managed care delivery system established under this subsection (H) shall provide to the Chairmen of the House and Senate Medicaid Committees and House and Senate Public Health Committees a report of LARC utilization for State Fiscal Years 2018 through 2020 as well as any programs, initiatives, or efforts made by the contractors and providers to increase LARC utilization. This report shall be updated annually to include information for subsequent state fiscal years.

(12) The division is authorized to make not more than one (1) emergency extension of the contracts that are in effect on July 1, 2021, with contractors who are receiving capitated payments under a managed care delivery system established under this subsection (H), as provided in this paragraph (12). The maximum period of any such extension shall be one (1) year, and under any such extensions, the contractors shall be subject to all of the provisions of this subsection (H). The extended contracts shall be revised to incorporate any provisions of this subsection (H).

(I) [Deleted]

(J) There shall be no cuts in inpatient and outpatient hospital payments, or allowable days or volumes, as long as the hospital assessment provided in Section 43-13-145 is in effect. This subsection (J) shall not apply to decreases in payments that are a result of: reduced hospital admissions, audits or payments under the APR-DRG or APC models, or a managed care program or similar model described in subsection (H) of this section.

(K) In the negotiation and execution of such contracts involving services performed by actuarial firms, the Executive Director of the Division of Medicaid may negotiate a limitation on liability to the state of prospective contractors.

(L) The Division of Medicaid shall reimburse for services provided to eligible Medicaid beneficiaries by a licensed birthing center in a method and manner to be determined by the division in accordance with federal laws and federal regulations. The division shall seek any necessary waivers, make any required amendments to its State Plan or revise any contracts authorized under subsection (H) of this section as necessary to provide the services authorized under this subsection. As used in this subsection, the term "birthing centers" shall have the meaning as defined in Section 41-77-1(a), which is a publicly or privately owned facility, place or institution constructed, renovated, leased or otherwise established where nonemergency births are planned to occur away from the mother's usual residence following a documented period of prenatal care for a normal uncomplicated pregnancy which has been determined to be low risk through a formal risk-scoring examination.

(M) This section shall stand repealed on July 1, 2024.

SECTION 11. Section 43-13-121, Mississippi Code of 1972, is brought forward as follows:

43-13-121. (1) The division shall administer the Medicaid program under the provisions of this article, and may do the following:

(a) Adopt and promulgate reasonable rules, regulations and standards, with approval of the Governor, and in accordance with the Administrative Procedures Law, Section 25-43-1.101 et seq.:

(i) Establishing methods and procedures as may be necessary for the proper and efficient administration of this article;

(ii) Providing Medicaid to all qualified recipients under the provisions of this article as the division may determine and within the limits of appropriated funds;

(iii) Establishing reasonable fees, charges and rates for medical services and drugs; in doing so, the division shall fix all of those fees, charges and rates at the minimum levels absolutely necessary to provide the medical assistance authorized by this article, and shall not change any of those fees, charges or rates except as may be authorized in Section 43-13-117;

(iv) Providing for fair and impartial hearings;

(v) Providing safeguards for preserving the confidentiality of records; and

(vi) For detecting and processing fraudulent practices and abuses of the program;

(b) Receive and expend state, federal and other funds in accordance with court judgments or settlements and agreements between the State of Mississippi and the federal government, the rules and regulations promulgated by the division, with the approval of the Governor, and within the limitations and restrictions of this article and within the limits of funds available for that purpose;

(c) Subject to the limits imposed by this article and subject to the provisions of subsection (8) of this section, to submit a Medicaid plan to the United States Department of Health and Human Services for approval under the provisions of the federal Social Security Act, to act for the state in making negotiations relative to the

submission and approval of that plan, to make such arrangements, not inconsistent with the law, as may be required by or under federal law to obtain and retain that approval and to secure for the state the benefits of the provisions of that law.

No agreements, specifically including the general plan for the operation of the Medicaid program in this state, shall be made by and between the division and the United States Department of Health and Human Services unless the Attorney General of the State of Mississippi has reviewed the agreements, specifically including the operational plan, and has certified in writing to the Governor and to the executive director of the division that the agreements, including the plan of operation, have been drawn strictly in accordance with the terms and requirements of this article;

(d) In accordance with the purposes and intent of this article and in compliance with its provisions, provide for aged persons otherwise eligible for the benefits provided under Title XVIII of the federal Social Security Act by expenditure of funds available for those purposes;

(e) To make reports to the United States Department of Health and Human Services as from time to time may be required by that federal department and to the Mississippi Legislature as provided in this section;

(f) Define and determine the scope, duration and amount of Medicaid that may be provided in accordance with this article and establish priorities therefor in conformity with this article;

(g) Cooperate and contract with other state agencies for the purpose of coordinating Medicaid provided under this article and eliminating duplication and inefficiency in the Medicaid program;

(h) Adopt and use an official seal of the division;

(i) Sue in its own name on behalf of the State of Mississippi and employ legal counsel on a contingency basis with the approval of the Attorney General;

(j) To recover any and all payments incorrectly made by the division to a recipient or provider from the recipient or provider receiving the payments. The division shall be authorized to collect any overpayments to providers sixty (60) days after the conclusion of any administrative appeal unless the matter is appealed to a court of proper jurisdiction and bond is posted. Any appeal filed after July 1, 2015, shall be to the Chancery Court of the First Judicial District of Hinds County, Mississippi, within sixty (60) days after the date that the division has notified the provider by certified mail sent to the proper address of the provider on file with the division and the provider has signed for the certified mail notice, or sixty (60) days after the date of the final decision if the provider does not sign for the certified mail notice. To recover those payments, the division may use the following methods, in addition to any other methods available to the division:

(i) The division shall report to the Department of Revenue the name of any current or former Medicaid recipient who has received medical services rendered during a period of established Medicaid ineligibility and who has not reimbursed the division for the related medical service payment(s). The Department of Revenue shall withhold from the state tax refund of the individual, and pay to the division, the amount of the payment(s) for medical services rendered to the ineligible individual that have not been reimbursed to the division for the related medical service payment(s).

(ii) The division shall report to the Department of Revenue the name of any Medicaid provider to whom payments were incorrectly made that the division has not been able to recover by other methods available to the division. The Department of Revenue shall withhold from the state tax refund of the provider, and pay to the division, the amount of the payments that were incorrectly made to the provider that have not been recovered by other available methods;

(k) To recover any and all payments by the division fraudulently obtained by a recipient or provider. Additionally, if recovery of any payments fraudulently obtained by a recipient or provider is made in any court, then, upon motion of the Governor, the judge of the court may award twice the payments recovered as damages;

(l) Have full, complete and plenary power and authority to conduct such investigations as it may deem necessary and requisite of alleged or suspected violations or abuses of the provisions of this article or of the regulations adopted under this article, including, but not limited to, fraudulent or unlawful act or deed by applicants for Medicaid

or other benefits, or payments made to any person, firm or corporation under the terms, conditions and authority of this article, to suspend or disqualify any provider of services, applicant or recipient for gross abuse, fraudulent or unlawful acts for such periods, including permanently, and under such conditions as the division deems proper and just, including the imposition of a legal rate of interest on the amount improperly or incorrectly paid. Recipients who are found to have misused or abused Medicaid benefits may be locked into one (1) physician and/or one (1) pharmacy of the recipient's choice for a reasonable amount of time in order to educate and promote appropriate use of medical services, in accordance with federal regulations. If an administrative hearing becomes necessary, the division may, if the provider does not succeed in his or her defense, tax the costs of the administrative hearing, including the costs of the court reporter or stenographer and transcript, to the provider. The convictions of a recipient or a provider in a state or federal court for abuse, fraudulent or unlawful acts under this chapter shall constitute an automatic disqualification of the recipient or automatic disqualification of the provider from participation under the Medicaid program.

A conviction, for the purposes of this chapter, shall include a judgment entered on a plea of nolo contendere or a nonadjudicated guilty plea and shall have the same force as a judgment entered pursuant to a guilty plea or a conviction following trial. A certified copy of the judgment of the court of competent jurisdiction of the conviction shall constitute prima facie evidence of the conviction for disqualification purposes;

(m) Establish and provide such methods of administration as may be necessary for the proper and efficient operation of the Medicaid program, fully utilizing computer equipment as may be necessary to oversee and control all current expenditures for purposes of this article, and to closely monitor and supervise all recipient payments and vendors rendering services under this article. Notwithstanding any other provision of state law, the division is authorized to enter into a ten-year contract(s) with a vendor(s) to provide services described in this paragraph (m). Notwithstanding any provision of law to the contrary, the division is authorized to extend its Medicaid Management Information System, including all related components and services, and Decision Support System, including all related components and services, contracts in effect on June 30, 2020, for a period not to exceed two (2) years without complying with state procurement regulations;

(n) To cooperate and contract with the federal government for the purpose of providing Medicaid to Vietnamese and Cambodian refugees, under the provisions of Public Law 94-23 and Public Law 94-24, including any amendments to those laws, only to the extent that the Medicaid assistance and the administrative cost related thereto are one hundred percent (100%) reimbursable by the federal government. For the purposes of Section 43-13-117, persons receiving Medicaid under Public Law 94-23 and Public Law 94-24, including any amendments to those laws, shall not be considered a new group or category of recipient; and

(o) The division shall impose penalties upon Medicaid only, Title XIX participating long-term care facilities found to be in noncompliance with division and certification standards in accordance with federal and state regulations, including interest at the same rate calculated by the United States Department of Health and Human Services and/or the Centers for Medicare and Medicaid Services (CMS) under federal regulations.

(2) The division also shall exercise such additional powers and perform such other duties as may be conferred upon the division by act of the Legislature.

(3) The division, and the State Department of Health as the agency for licensure of health care facilities and certification and inspection for the Medicaid and/or Medicare programs, shall contract for or otherwise provide for the consolidation of on-site inspections of health care facilities that are necessitated by the respective programs and functions of the division and the department.

(4) The division and its hearing officers shall have power to preserve and enforce order during hearings; to issue subpoenas for, to administer oaths to and to compel the attendance and testimony of witnesses, or the production of books, papers, documents and other evidence, or the taking of depositions before any designated individual competent to administer oaths; to examine witnesses; and to do all things conformable to law that may be necessary to enable them effectively to discharge the duties of their

office. In compelling the attendance and testimony of witnesses, or the production of books, papers, documents and other evidence, or the taking of depositions, as authorized by this section, the division or its hearing officers may designate an individual employed by the division or some other suitable person to execute and return that process, whose action in executing and returning that process shall be as lawful as if done by the sheriff or some other proper officer authorized to execute and return process in the county where the witness may reside. In carrying out the investigatory powers under the provisions of this article, the executive director or other designated person or persons may examine, obtain, copy or reproduce the books, papers, documents, medical charts, prescriptions and other records relating to medical care and services furnished by the provider to a recipient or designated recipients of Medicaid services under investigation. In the absence of the voluntary submission of the books, papers, documents, medical charts, prescriptions and other records, the Governor, the executive director, or other designated person may issue and serve subpoenas instantly upon the provider, his or her agent, servant or employee for the production of the books, papers, documents, medical charts, prescriptions or other records during an audit or investigation of the provider. If any provider or his or her agent, servant or employee refuses to produce the records after being duly subpoenaed, the executive director may certify those facts and institute contempt proceedings in the manner, time and place as authorized by law for administrative proceedings. As an additional remedy, the division may recover all amounts paid to the provider covering the period of the audit or investigation, inclusive of a legal rate of interest and a reasonable attorney's fee and costs of court if suit becomes necessary. Division staff shall have immediate access to the provider's physical location, facilities, records, documents, books, and any other records relating to medical care and services rendered to recipients during regular business hours.

(5) If any person in proceedings before the division disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the hearing, or neglects to produce, after having been ordered to do so, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take the oath as a witness, or after having taken the oath refuses to be examined according to law, the executive director shall certify the facts to any court having jurisdiction in the place in which it is sitting, and the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and if the evidence so warrants, punish that person in the same manner and to the same extent as for a contempt committed before the court, or commit that person upon the same condition as if the doing of the forbidden act had occurred with reference to the process of, or in the presence of, the court.

(6) In suspending or terminating any provider from participation in the Medicaid program, the division shall preclude the provider from submitting claims for payment, either personally or through any clinic, group, corporation or other association to the division or its fiscal agents for any services or supplies provided under the Medicaid program except for those services or supplies provided before the suspension or termination. No clinic, group, corporation or other association that is a provider of services shall submit claims for payment to the division or its fiscal agents for any services or supplies provided by a person within that organization who has been suspended or terminated from participation in the Medicaid program except for those services or supplies provided before the suspension or termination. When this provision is violated by a provider of services that is a clinic, group, corporation or other association, the division may suspend or terminate that organization from participation. Suspension may be applied by the division to all known affiliates of a provider, provided that each decision to include an affiliate is made on a case-by-case basis after giving due regard to all relevant facts and circumstances. The violation, failure or inadequacy of performance may be imputed to a person with whom the provider is affiliated where that conduct was accomplished within the course of his or her official duty or was effectuated by him or her with the knowledge or approval of that person.

(7) The division may deny or revoke enrollment in the Medicaid program to a provider if any of the following are found to be applicable to the provider, his or her

agent, a managing employee or any person having an ownership interest equal to five percent (5%) or greater in the provider:

(a) Failure to truthfully or fully disclose any and all information required, or the concealment of any and all information required, on a claim, a provider application or a provider agreement, or the making of a false or misleading statement to the division relative to the Medicaid program.

(b) Previous or current exclusion, suspension, termination from or the involuntary withdrawing from participation in the Medicaid program, any other state's Medicaid program, Medicare or any other public or private health or health insurance program. If the division ascertains that a provider has been convicted of a felony under federal or state law for an offense that the division determines is detrimental to the best interest of the program or of Medicaid beneficiaries, the division may refuse to enter into an agreement with that provider, or may terminate or refuse to renew an existing agreement.

(c) Conviction under federal or state law of a criminal offense relating to the delivery of any goods, services or supplies, including the performance of management or administrative services relating to the delivery of the goods, services or supplies, under the Medicaid program, any other state's Medicaid program, Medicare or any other public or private health or health insurance program.

(d) Conviction under federal or state law of a criminal offense relating to the neglect or abuse of a patient in connection with the delivery of any goods, services or supplies.

(e) Conviction under federal or state law of a criminal offense relating to the unlawful manufacture, distribution, prescription or dispensing of a controlled substance.

(f) Conviction under federal or state law of a criminal offense relating to fraud, theft, embezzlement, breach of fiduciary responsibility or other financial misconduct.

(g) Conviction under federal or state law of a criminal offense punishable by imprisonment of a year or more that involves moral turpitude, or acts against the elderly, children or infirm.

(h) Conviction under federal or state law of a criminal offense in connection with the interference or obstruction of any investigation into any criminal offense listed in paragraphs (c) through (i) of this subsection.

(i) Sanction for a violation of federal or state laws or rules relative to the Medicaid program, any other state's Medicaid program, Medicare or any other public health care or health insurance program.

(j) Revocation of license or certification.

(k) Failure to pay recovery properly assessed or pursuant to an approved repayment schedule under the Medicaid program.

(l) Failure to meet any condition of enrollment.

(8) (a) As used in this subsection (8), the following terms shall be defined as provided in this paragraph, except as otherwise provided in this subsection:

(i) "Committees" means the Medicaid Committees of the House of Representatives and the Senate, and "committee" means either one of those committees.

(ii) "State Plan" means the agreement between the State of Mississippi and the federal government regarding the nature and scope of Mississippi's Medicaid Program.

(iii) "State Plan Amendment" means a change to the State Plan, which must be approved by the Centers for Medicare and Medicaid Services (CMS) before its implementation.

(b) Whenever the Division of Medicaid proposes a State Plan Amendment, the division shall give notice to the chairmen of the committees at least thirty (30) calendar days before the proposed State Plan Amendment is filed with CMS. The division shall furnish the chairmen with a concise summary of each proposed State Plan Amendment along with the notice, and shall furnish the chairmen with a copy of any proposed State Plan Amendment upon request. The division also shall provide a

summary and copy of any proposed State Plan Amendment to any other member of the Legislature upon request.

(c) If the chairman of either committee or both chairmen jointly object to the proposed State Plan Amendment or any part thereof, the chairman or chairmen shall notify the division and provide the reasons for their objection in writing not later than seven (7) calendar days after receipt of the notice from the division. The chairman or chairmen may make written recommendations to the division for changes to be made to a proposed State Plan Amendment.

(d) (i) The chairman of either committee or both chairmen jointly may hold a committee meeting to review a proposed State Plan Amendment. If either chairman or both chairmen decide to hold a meeting, they shall notify the division of their intention in writing within seven (7) calendar days after receipt of the notice from the division, and shall set the date and time for the meeting in their notice to the division, which shall not be later than fourteen (14) calendar days after receipt of the notice from the division.

(ii) After the committee meeting, the committee or committees may object to the proposed State Plan Amendment or any part thereof. The committee or committees shall notify the division and the reasons for their objection in writing not later than seven (7) calendar days after the meeting. The committee or committees may make written recommendations to the division for changes to be made to a proposed State Plan Amendment.

(e) If both chairmen notify the division in writing within seven (7) calendar days after receipt of the notice from the division that they do not object to the proposed State Plan Amendment and will not be holding a meeting to review the proposed State Plan Amendment, the division may proceed to file the proposed State Plan Amendment with CMS.

(f) (i) If there are any objections to a proposed rate change or any part thereof from either or both of the chairmen or the committees, the division may withdraw the proposed State Plan Amendment, make any of the recommended changes to the proposed State Plan Amendment, or not make any changes to the proposed State Plan Amendment.

(ii) If the division does not make any changes to the proposed State Plan Amendment, it shall notify the chairmen of that fact in writing, and may proceed to file the State Plan Amendment with CMS.

(iii) If the division makes any changes to the proposed State Plan Amendment, the division shall notify the chairmen of its actions in writing, and may proceed to file the State Plan Amendment with CMS.

(g) Nothing in this subsection (8) shall be construed as giving the chairmen or the committees any authority to veto, nullify or revise any State Plan Amendment proposed by the division. The authority of the chairmen or the committees under this subsection shall be limited to reviewing, making objections to and making recommendations for changes to State Plan Amendments proposed by the division.

(i) If the division does not make any changes to the proposed State Plan Amendment, it shall notify the chairmen of that fact in writing, and may proceed to file the proposed State Plan Amendment with CMS.

(ii) If the division makes any changes to the proposed State Plan Amendment, the division shall notify the chairmen of the changes in writing, and may proceed to file the proposed State Plan Amendment with CMS.

(h) Nothing in this subsection (8) shall be construed as giving the chairmen of the committees any authority to veto, nullify or revise any State Plan Amendment proposed by the division. The authority of the chairmen of the committees under this subsection shall be limited to reviewing, making objections to and making recommendations for suggested changes to State Plan Amendments proposed by the division.

SECTION 12. Section 43-13-122, Mississippi Code of 1972, is brought forward as follows:

43-13-122. (1) The division is authorized to apply to the Center for Medicare and Medicaid Services of the United States Department of Health and Human Services for waivers and research and demonstration grants.

(2) The division is further authorized to accept and expend any grants, donations or contributions from any public or private organization together with any additional federal matching funds that may accrue and, including, but not limited to, one hundred percent (100%) federal grant funds or funds from any governmental entity or instrumentality thereof in furthering the purposes and objectives of the Mississippi Medicaid program, provided that such receipts and expenditures are reported and otherwise handled in accordance with the General Fund Stabilization Act. The Department of Finance and Administration is authorized to transfer monies to the division from special funds in the State Treasury in amounts not exceeding the amounts authorized in the appropriation to the division.

SECTION 13. Section 43-13-123, Mississippi Code of 1972, is brought forward as follows:

43-13-123. The determination of the method of providing payment of claims under this article shall be made by the division, with approval of the Governor, which methods may be:

(a) By contract with insurance companies licensed to do business in the State of Mississippi or with nonprofit hospital service corporations, medical or dental service corporations, authorized to do business in Mississippi to underwrite on an insured premium approach, such medical assistance benefits as may be available, and any carrier selected under the provisions of this article is expressly authorized and empowered to undertake the performance of the requirements of that contract.

(b) By contract with an insurance company licensed to do business in the State of Mississippi or with nonprofit hospital service, medical or dental service organizations, or other organizations including data processing companies, authorized to do business in Mississippi to act as fiscal agent.

The division shall obtain services to be provided under either of the above-described provisions in accordance with the Personal Service Contract Review Board Procurement Regulations.

The authorization of the foregoing methods shall not preclude other methods of providing payment of claims through direct operation of the program by the state or its agencies.

SECTION 14. Section 43-13-126, Mississippi Code of 1972, is brought forward as follows:

43-13-126. As a condition of doing business in the state, health insurers, including self-insured plans, group health plans (as defined in Section 607(1) of the Employee Retirement Income Security Act of 1974), service benefit plans, managed care organizations, pharmacy benefit managers, or other parties that are by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service, are required to:

(a) Provide, with respect to individuals who are eligible for, or are provided, medical assistance under the state plan, upon the request of the Division of Medicaid, information to determine during what period the individual or their spouses or their dependents may be (or may have been) covered by a health insurer and the nature of the coverage that is or was provided by the health insurer (including the name, address and identifying number of the plan) in a manner prescribed by the Secretary of the Department of Health and Human Services;

(b) Accept the Division of Medicaid's right of recovery and the assignment to the division of any right of an individual or other entity to payment from the party for an item or service for which payment has been made under the state plan;

(c) Respond to any inquiry by the Division of Medicaid regarding a claim for payment for any health care item or service that is submitted not later than three (3) years after the date of the provision of that health care item or service; and

(d) Agree not to deny a claim submitted by the Division of Medicaid solely on the basis of the date of submission of the claim, the type or format of the claim form, or a failure to present proper documentation at the point of sale that is the basis of the claim, if:

(i) The claim is submitted by the division within the three-year period beginning on the date on which the item or service was furnished; and

(ii) Any action by the division to enforce its rights with respect to the claim is begun within six (6) years of the division's submission of the claim.

SECTION 15. Section 43-13-133, Mississippi Code of 1972, is brought forward as follows:

43-13-133. It is the intent of the Legislature that all federal matching funds for medical assistance under Titles V, XVIII and XIX of the federal Social Security Act paid into any state health agency after the passage of this article shall be used exclusively to defray the cost of medical assistance expended under the terms of this article.

SECTION 16. Section 43-13-143, Mississippi Code of 1972, is brought forward as follows:

43-13-143. There is created in the State Treasury a special fund to be known as the "Medical Care Fund," which shall be comprised of monies transferred by public or private health care providers, governing bodies of counties, municipalities, public or community hospitals and other political subdivisions of the state, individuals, corporations, associations and any other entities for the purpose of providing health care services. Any transfer made to the fund shall be paid to the State Treasurer for deposit into the fund, and all such transfers shall be considered as unconditional transfers to the fund. The monies in the Medical Care Fund shall be expended only for health care services, and may be expended only upon appropriation of the Legislature. All transfers of monies to the Division of Medicaid by health care providers and by governing bodies of counties, municipalities, public or community hospitals and other political subdivisions of the state shall be deposited into the fund. Unexpended monies remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on monies in the fund shall be deposited to the credit of the fund.

SECTION 17. Section 43-13-145, Mississippi Code of 1972, is brought forward as follows:

43-13-145. (1) (a) Upon each nursing facility licensed by the State of Mississippi, there is levied an assessment in an amount set by the division, equal to the maximum rate allowed by federal law or regulation, for each licensed and occupied bed of the facility.

(b) A nursing facility is exempt from the assessment levied under this subsection if the facility is operated under the direction and control of:

(i) The United States Veterans Administration or other agency or department of the United States government; or

(ii) The State Veterans Affairs Board.

(2) (a) Upon each intermediate care facility for individuals with intellectual disabilities licensed by the State of Mississippi, there is levied an assessment in an amount set by the division, equal to the maximum rate allowed by federal law or regulation, for each licensed and occupied bed of the facility.

(b) An intermediate care facility for individuals with intellectual disabilities is exempt from the assessment levied under this subsection if the facility is operated under the direction and control of:

(i) The United States Veterans Administration or other agency or department of the United States government;

(ii) The State Veterans Affairs Board; or

(iii) The University of Mississippi Medical Center.

(3) (a) Upon each psychiatric residential treatment facility licensed by the State of Mississippi, there is levied an assessment in an amount set by the division, equal to the maximum rate allowed by federal law or regulation, for each licensed and occupied bed of the facility.

(b) A psychiatric residential treatment facility is exempt from the assessment levied under this subsection if the facility is operated under the direction and control of:

(i) The United States Veterans Administration or other agency or department of the United States government;

(ii) The University of Mississippi Medical Center; or

(iii) A state agency or a state facility that either provides its own state match through intergovernmental transfer or certification of funds to the division.

(4) Hospital assessment.

(a) (i) Subject to and upon fulfillment of the requirements and conditions of paragraph (f) below, and notwithstanding any other provisions of this section, an annual assessment on each hospital licensed in the state is imposed on each non-Medicare hospital inpatient day as defined below at a rate that is determined by dividing the sum prescribed in this subparagraph (i), plus the nonfederal share necessary to maximize the Disproportionate Share Hospital (DSH) and Medicare Upper Payment Limits (UPL) Program payments and hospital access payments and such other supplemental payments as may be developed pursuant to Section 43-13-117(A)(18), by the total number of non-Medicare hospital inpatient days as defined below for all licensed Mississippi hospitals, except as provided in paragraph (d) below. If the state-matching funds percentage for the Mississippi Medicaid program is sixteen percent (16%) or less, the sum used in the formula under this subparagraph (i) shall be Seventy-four Million Dollars ($74,000,000.00). If the state-matching funds percentage for the Mississippi Medicaid program is twenty-four percent (24%) or higher, the sum used in the formula under this subparagraph (i) shall be One Hundred Four Million Dollars ($104,000,000.00). If the state-matching funds percentage for the Mississippi Medicaid program is between sixteen percent (16%) and twenty-four percent (24%), the sum used in the formula under this subparagraph (i) shall be a pro rata amount determined as follows: the current state-matching funds percentage rate minus sixteen percent (16%) divided by eight percent (8%) multiplied by Thirty Million Dollars ($30,000,000.00) and add that amount to Seventy-four Million Dollars ($74,000,000.00). However, no assessment in a quarter under this subparagraph (i) may exceed the assessment in the previous quarter by more than Three Million Seven Hundred Fifty Thousand Dollars ($3,750,000.00) (which would be Fifteen Million Dollars ($15,000,000.00) on an annualized basis). The division shall publish the state-matching funds percentage rate applicable to the Mississippi Medicaid program on the tenth day of the first month of each quarter and the assessment determined under the formula prescribed above shall be applicable in the quarter following any adjustment in that state-matching funds percentage rate. The division shall notify each hospital licensed in the state as to any projected increases or decreases in the assessment determined under this subparagraph (i). However, if the Centers for Medicare and Medicaid Services (CMS) does not approve the provision in Section 43-13-117(39) requiring the division to reimburse crossover claims for inpatient hospital services and crossover claims covered under Medicare Part B for dually eligible beneficiaries in the same manner that was in effect on January 1, 2008, the sum that otherwise would have been used in the formula under this subparagraph (i) shall be reduced by Seven Million Dollars ($7,000,000.00).

(ii) In addition to the assessment provided under subparagraph (i), an additional annual assessment on each hospital licensed in the state is imposed on each non-Medicare hospital inpatient day as defined below at a rate that is determined by dividing twenty-five percent (25%) of any provider reductions in the Medicaid program as authorized in Section 43-13-117(F) for that fiscal year up to the following maximum amount, plus the nonfederal share necessary to maximize the Disproportionate Share Hospital (DSH) and inpatient Medicare Upper Payment Limits (UPL) Program payments and inpatient hospital access payments, by the total number of non-Medicare hospital inpatient days as defined below for all licensed Mississippi hospitals: in fiscal year 2010, the maximum amount shall be Twenty-four Million Dollars ($24,000,000.00); in fiscal year 2011, the maximum amount shall be Thirty-two Million Dollars ($32,000,000.00); and in fiscal year 2012 and thereafter, the maximum amount shall be Forty Million Dollars ($40,000,000.00). Any such deficit in the Medicaid program shall be reviewed by the PEER Committee as provided in Section 43-13-117(F).

(iii) In addition to the assessments provided in subparagraphs (i) and (ii), an additional annual assessment on each hospital licensed in the state is imposed pursuant to the provisions of Section 43-13-117(F) if the cost-containment measures described therein have been implemented and there are insufficient funds in the Health Care Trust Fund to reconcile any remaining deficit in any fiscal year. If the Governor institutes any other additional cost-containment measures on any program or programs authorized under the Medicaid program pursuant to Section 43-13-117(F), hospitals shall be responsible for twenty-five percent (25%) of any such additional

imposed provider cuts, which shall be in the form of an additional assessment not to exceed the twenty-five percent (25%) of provider expenditure reductions. Such additional assessment shall be imposed on each non-Medicare hospital inpatient day in the same manner as assessments are imposed under subparagraphs (i) and (ii).

(b) Definitions.

(i) [Deleted]

(ii) For purposes of this subsection (4):

1. "Non-Medicare hospital inpatient day" means total hospital inpatient days including subcomponent days less Medicare inpatient days including subcomponent days from the hospital's most recent Medicare cost report for the second calendar year preceding the beginning of the state fiscal year, on file with CMS per the CMS HCRIS database, or cost report submitted to the Division if the HCRIS database is not available to the division, as of June 1 of each year.

a. Total hospital inpatient days shall be the sum of Worksheet S-3, Part 1, column 8 row 14, column 8 row 16, and column 8 row 17, excluding column 8 rows 5 and 6.

b. Hospital Medicare inpatient days shall be the sum of Worksheet S-3, Part 1, column 6 row 14, column 6 row 16.00, and column 6 row 17, excluding column 6 rows 5 and 6.

c. Inpatient days shall not include residential treatment or long-term care days.

2. "Subcomponent inpatient day" means the number of days of care charged to a beneficiary for inpatient hospital rehabilitation and psychiatric care services in units of full days. A day begins at midnight and ends twenty-four (24) hours later. A part of a day, including the day of admission and day on which a patient returns from leave of absence, counts as a full day. However, the day of discharge, death, or a day on which a patient begins a leave of absence is not counted as a day unless discharge or death occur on the day of admission. If admission and discharge or death occur on the same day, the day is considered a day of admission and counts as one (1) subcomponent inpatient day.

(c) The assessment provided in this subsection is intended to satisfy and not be in addition to the assessment and intergovernmental transfers provided in Section 43-13-117(A)(18). Nothing in this section shall be construed to authorize any state agency, division or department, or county, municipality or other local governmental unit to license for revenue, levy or impose any other tax, fee or assessment upon hospitals in this state not authorized by a specific statute.

(d) Hospitals operated by the United States Department of Veterans Affairs and state-operated facilities that provide only inpatient and outpatient psychiatric services shall not be subject to the hospital assessment provided in this subsection.

(e) Multihospital systems, closure, merger, change of ownership and new hospitals.

(i) If a hospital conducts, operates or maintains more than one (1) hospital licensed by the State Department of Health, the provider shall pay the hospital assessment for each hospital separately.

(ii) Notwithstanding any other provision in this section, if a hospital subject to this assessment operates or conducts business only for a portion of a fiscal year, the assessment for the state fiscal year shall be adjusted by multiplying the assessment by a fraction, the numerator of which is the number of days in the year during which the hospital operates, and the denominator of which is three hundred sixty-five (365). Immediately upon ceasing to operate, the hospital shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(iii) The division shall determine the tax for new hospitals and hospitals that undergo a change of ownership in accordance with this section, using the best available information, as determined by the division.

(f) Applicability.

The hospital assessment imposed by this subsection shall not take effect and/or shall cease to be imposed if:

(i) The assessment is determined to be an impermissible tax under Title XIX of the Social Security Act; or

(ii) CMS revokes its approval of the division's 2009 Medicaid State Plan Amendment for the methodology for DSH payments to hospitals under Section 43-13-117(A)(18).

(5) Each health care facility that is subject to the provisions of this section shall keep and preserve such suitable books and records as may be necessary to determine the amount of assessment for which it is liable under this section. The books and records shall be kept and preserved for a period of not less than five (5) years, during which time those books and records shall be open for examination during business hours by the division, the Department of Revenue, the Office of the Attorney General and the State Department of Health.

(6) [Deleted]

(7) All assessments collected under this section shall be deposited in the Medical Care Fund created by Section 43-13-143.

(8) The assessment levied under this section shall be in addition to any other assessments, taxes or fees levied by law, and the assessment shall constitute a debt due the State of Mississippi from the time the assessment is due until it is paid.

(9) (a) If a health care facility that is liable for payment of an assessment levied by the division does not pay the assessment when it is due, the division shall give written notice to the health care facility demanding payment of the assessment within ten (10) days from the date of delivery of the notice. If the health care facility fails or refuses to pay the assessment after receiving the notice and demand from the division, the division shall withhold from any Medicaid reimbursement payments that are due to the health care facility the amount of the unpaid assessment and a penalty of ten percent (10%) of the amount of the assessment, plus the legal rate of interest until the assessment is paid in full. If the health care facility does not participate in the Medicaid program, the division shall turn over to the Office of the Attorney General the collection of the unpaid assessment by civil action. In any such civil action, the Office of the Attorney General shall collect the amount of the unpaid assessment and a penalty of ten percent (10%) of the amount of the assessment, plus the legal rate of interest until the assessment is paid in full.

(b) As an additional or alternative method for collecting unpaid assessments levied by the division, if a health care facility fails or refuses to pay the assessment after receiving notice and demand from the division, the division may file a notice of a tax lien with the chancery clerk of the county in which the health care facility is located, for the amount of the unpaid assessment and a penalty of ten percent (10%) of the amount of the assessment, plus the legal rate of interest until the assessment is paid in full. Immediately upon receipt of notice of the tax lien for the assessment, the chancery clerk shall forward the notice to the circuit clerk who shall enter the notice of the tax lien as a judgment upon the judgment roll and show in the appropriate columns the name of the health care facility as judgment debtor, the name of the division as judgment creditor, the amount of the unpaid assessment, and the date and time of enrollment. The judgment shall be valid as against mortgagees, pledgees, entrusters, purchasers, judgment creditors and other persons from the time of filing with the clerk. The amount of the judgment shall be a debt due the State of Mississippi and remain a lien upon the tangible property of the health care facility until the judgment is satisfied. The judgment shall be the equivalent of any enrolled judgment of a court of record and shall serve as authority for the issuance of writs of execution, writs of attachment or other remedial writs.

(10) (a) To further the provisions of Section 43-13-117(A)(18), the Division of Medicaid shall submit to the Centers for Medicare and Medicaid Services (CMS) any documents regarding the hospital assessment established under subsection (4) of this section. In addition to defining the assessment established in subsection (4) of this section if necessary, the documents shall describe any supplement payment programs and/or payment methodologies as authorized in Section 43-13-117(A)(18) if necessary.

(b) All hospitals satisfying the minimum federal DSH eligibility requirements (Section 1923(d) of the Social Security Act) may, subject to OBRA 1993 payment limitations, receive a DSH payment. This DSH payment shall expend the balance of the federal DSH allotment and associated state share not utilized in DSH payments to state-owned institutions for treatment of mental diseases. The payment to

each hospital shall be calculated by applying a uniform percentage to the uninsured costs of each eligible hospital, excluding state-owned institutions for treatment of mental diseases; however, that percentage for a state-owned teaching hospital located in Hinds County shall be multiplied by a factor of two (2).

(11) The division shall implement DSH and supplemental payment calculation methodologies that result in the maximization of available federal funds.

(12) The DSH payments shall be paid on or before December 31, March 31, and June 30 of each fiscal year, in increments of one-third (1/3) of the total calculated DSH amounts. Supplemental payments developed pursuant to Section 43-13-117(A)(18) shall be paid monthly.

(13) Payment.

(a) The hospital assessment as described in subsection (4) for the nonfederal share necessary to maximize the Medicare Upper Payments Limits (UPL) Program payments and hospital access payments and such other supplemental payments as may be developed pursuant to Section 43-3-117(A)(18) shall be assessed and collected monthly no later than the fifteenth calendar day of each month.

(b) The hospital assessment as described in subsection (4) for the nonfederal share necessary to maximize the Disproportionate Share Hospital (DSH) payments shall be assessed and collected on December 15, March 15 and June 15.

(c) The annual hospital assessment and any additional hospital assessment as described in subsection (4) shall be assessed and collected on September 15 and on the 15th of each month from December through June.

(14) If for any reason any part of the plan for annual DSH and supplemental payment programs to hospitals provided under subsection (10) of this section and/or developed pursuant to Section 43-13-117(A)(18) is not approved by CMS, the remainder of the plan shall remain in full force and effect.

(15) Nothing in this section shall prevent the Division of Medicaid from facilitating participation in Medicaid supplemental hospital payment programs by a hospital located in a county contiguous to the State of Mississippi that is also authorized by federal law to submit intergovernmental transfers (IGTs) to the State of Mississippi to fund the state share of the hospital's supplemental and/or MHAP payments.

(16) This section shall stand repealed on July 1, 2024.

SECTION 18. Section 27-15-103, Mississippi Code of 1972, is brought forward as follows:

27-15-103. (1) Except as otherwise provided in Section 83-61-11, in addition to the license tax now or hereafter provided by law, which tax shall be paid when the company enters or is admitted to do business in this state, there is hereby levied and imposed upon all foreign insurance companies and associations, including life insurance companies and associations, health, accident and industrial insurance companies and associations, fire and casualty insurance companies and associations, and all other foreign insurance companies and associations of every kind and description, an additional annual license or privilege tax of three percent (3%) of the gross amount of premium receipts received from, and on insurance policies and contracts written in, or covering risks located in this state, except for premiums received on policies issued to fund a deferred compensation plan qualified under Section 457 of the Federal Tax Code for federal tax exemption. In determining said amount of premiums, there shall be deducted therefrom premiums received for reinsurance from companies authorized to do business in this state, cash dividends paid under policy contracts in this state, and premiums returned to policyholders and cancellations on accounts of policies not taken, and, in the case of mutual insurance companies (including interinsurance and reciprocal exchanges, but not including mutual life, accident, health or industrial insurance companies) any refund made or credited to the policyholder other than for losses. The term "premium" as used herein shall also include policy fees, membership fees, and all other fees collected by the companies. No credit or deduction from gross premium receipts shall be allowed for any commission, fee or compensation paid to any agent, solicitor or representative. Provided, however, that any foreign insurance carrier selected to furnish service to the State of Mississippi under the State Employees Life and Health Insurance Plan shall not be required to pay the annual license or privilege tax on the premiums collected for coverage under the said plan.

(2) In the event that the Mississippi Supreme Court or another court finally adjudicates that any tax levied prior to July 1, 1985, under the provisions of this section was collected unconstitutionally and that a liability for a credit or refund for such collection has accrued, then the rate of tax set forth above shall be increased to four percent (4%) for a period of six (6) years beginning July 1 following such adjudication.

(3) The taxes herein levied and imposed for the calendar year 1982 and all calendar years thereafter shall be reduced by the net amount of income tax paid to this state for the preceding calendar year, provided, in no event may the credit be taken more than once. The credit herein authorized shall, in no event, be greater than the premium tax due under this section; it being the purpose and intent of this paragraph that whichever of the annual insurance premium tax or the income tax is greater in amount shall be paid.

SECTION 19. Section 27-15-109, Mississippi Code of 1972, is brought forward as follows:

27-15-109. (1) Except as otherwise provided in Section 83-61-11, there is hereby levied and imposed upon each domestic company doing business in this state an annual tax of three percent (3%) of the gross amount of premiums collected by such domestic company on insurance policies and contracts written in, or covering risks located in this state, except for premiums received on policies issued to fund a retirement, thrift or deferred compensation plan qualified under Section 401, Section 403 or Section 457 of the Federal Tax Code for federal tax exemption. Provided, however, that a domestic insurance company against which is levied additional premium tax under retaliatory laws of other states in which it does business, as a result of the tax increase provided by Sections 27-15-103 through 27-15-117, may deduct the total of such additional retaliatory tax from the state income tax due by it to the State of Mississippi. The insurance carriers selected to furnish service to the State of Mississippi, under the State Employees Life and Health Insurance Plan, shall not be required to pay the premium tax levied against insurance companies under this section on the premiums collected for coverage under the state employees plan.

(2) Except as expressly provided by subsection (1) of this section, all of the provisions of Sections 27-15-103 through 27-15-117 shall be applicable to such domestic insurance companies. However, the statement filed with the State Tax Commission by domestic insurance companies as provided in Section 27-15-107 shall include therein a sworn statement of all additional retaliatory premium taxes paid by them to other states as a result of the increase in premium taxes imposed by Sections 27-15-103 through 27-15-117, itemized by states to which paid.

(3) In the event that the Mississippi Supreme Court or another court finally adjudicates that any tax levied prior to July 1, 1985, under the provisions of this section was collected unconstitutionally and that a liability for a credit or refund for such collection has accrued, then the rate of tax set forth above shall be increased to four percent (4%) for a period of six (6) years beginning July 1 following such adjudication.

SECTION 20. Section 27-15-115, Mississippi Code of 1972, is brought forward as follows:

27-15-115. In addition to all other taxes authorized by law, insurance companies shall pay the license and privilege taxes imposed by Sections 27-15-81 and 27-15-83, the taxes imposed by Sections 27-15-103 through 27-15-117, ad valorem taxes on real estate and tangible personal property, state income tax, sales tax levied on a vendor with a requirement of adding it to the sales price and use tax levied on the cost of tangible personal property purchased outside this state for use within this state.

SECTION 21. Section 27-15-129, Mississippi Code of 1972, is brought forward as follows:

27-15-129. (1) The amount of premium tax payable pursuant to Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, shall be reduced from the amount otherwise fixed in such sections if the payer files a sworn statement with the required annual report showing as of the beginning of the reporting period that at least the following amounts of the total admitted assets of the payer were invested and maintained in qualifying Mississippi investments as hereinafter defined in subsection (2) of this section over the period covered by such report:

Percentage of Total Admitted	Percentage of Premium

Assets in Qualifying Mississippi Investments	Tax Payable
1%	99%
2%	98%
3%	97%
4%	96%
5%	95%
6%	94%
7%	93%
8%	92%
9%	91%
10%	80%
15%	70%
20%	60%
25%	50%

(2) For the purpose of this section, "a qualifying Mississippi investment" is hereby defined as follows:

(a) Certificates of deposit issued by any bank or savings and loan association domiciled in this state;

(b) Bonds of this state or bonds of municipal, school, road or levee districts, or other political subdivisions of this state;

(c) Loans evidenced by notes and secured by deeds of trust on property located in this state;

(d) Real property located in this state;

(e) Policy loans to residents of Mississippi, or other loans to residents of this state, or to corporations domiciled in this state;

(f) Common or preferred stock, bonds and other evidences of indebtedness of corporations domiciled in this state; and

(g) Cash on deposit in any bank or savings and loan association domiciled in this state.

"A qualifying Mississippi investment" shall not include any investment for which a credit is allocated under Section 57-105-1 and/or Section 57-115-1 et seq.

(3) If the credits, or any part thereof, authorized by the preceding provisions of this section shall be held by a court of final jurisdiction to be unconstitutional and void for any reason or to make the annual premium taxes levied by Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, unlawfully discriminatory or otherwise invalid under the Fourteenth Amendment or the Commerce Clause of the Constitution of the United States or under any state or other federal constitutional provisions, it is hereby expressly declared that such fact shall in no way affect the validity of the annual premium taxes levied thereby, and that such provisions would have been enacted even though the Legislature had known this credit section would be held invalid.

(4) This section shall apply to taxes accruing and investments existing from and after July 1, 1985.

SECTION 22. This act shall take effect and be in force from and after passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Reimbursement by these organizations to durable medical equipment suppliers for home use of noninvasive and invasive ventilators shall be on a continuous monthly payment basis for the duration of medical need throughout a patient's valid prescription period.

(18) (a) Notwithstanding any other provision of this section to the contrary, as provided in the Medicaid state plan amendment or amendments as defined in Section 43-13-145(10), the division shall make additional reimbursement to hospitals that serve a disproportionate share of low-income patients and that meet the federal requirements for those payments as provided in Section 1923 of the federal Social Security Act and any applicable regulations. It is the intent of the Legislature that the division shall draw down all available federal funds allotted to the state for disproportionate share hospitals. However, from and after January 1, 1999, public hospitals participating in the Medicaid disproportionate share program may be required to participate in an intergovernmental

transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations.

(b) (i) 1. The division may establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, or an allowable delivery system or provider payment initiative authorized under 42 CFR 438.6(c), for hospitals, nursing facilities and physicians employed or contracted by hospitals.

2. The division shall establish a Medicaid Supplemental Payment Program, as permitted by the federal Social Security Act and a comparable allowable delivery system or provider payment initiative authorized under 42 CFR 438.6(c), for emergency ambulance transportation providers in accordance with this subsection (A)(18)(b).

(ii) The division shall assess each hospital, nursing facility, and emergency ambulance transportation provider for the sole purpose of financing the state portion of the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b). The hospital assessment shall be as provided in Section 43-13-145(4)(a), and the nursing facility and the emergency ambulance transportation assessments, if established, shall be based on Medicaid utilization or other appropriate method, as determined by the division, consistent with federal regulations. The assessments will remain in effect as long as the state participates in the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b). In addition to the hospital assessment provided in Section 43-13-145(4)(a), hospitals with physicians participating in the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b) shall be required to participate in an intergovernmental transfer or assessment, as determined by the division, for the purpose of financing the state portion of the physician UPL payments or other payment(s) authorized under this subsection (A)(18)(b).

(iii) Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and the provisions of this subsection (A)(18)(b), the division shall make additional reimbursement to hospitals, nursing facilities, and emergency ambulance transportation providers for the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b), and, if the program is established for physicians, shall make additional reimbursement for physicians, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, provided the assessment in this subsection (A)(18)(b) is in effect.

(iv) Notwithstanding any other provision of this article to the contrary, effective upon implementation of the Mississippi Hospital Access Program (MHAP) provided in subparagraph (c)(i) below, the hospital portion of the inpatient Upper Payment Limits Program shall transition into and be replaced by the MHAP program. However, the division is authorized to develop and implement an alternative fee-for-service Upper Payment Limits model in accordance with federal laws and regulations if necessary to preserve supplemental funding. Further, the division, in consultation with the hospital industry shall develop alternative models for distribution of medical claims and supplemental payments for inpatient and outpatient hospital services, and such models may include, but shall not be limited to the following: increasing rates for inpatient and outpatient services; creating a low-income utilization pool of funds to reimburse hospitals for the costs of uncompensated care, charity care and bad debts as permitted and approved pursuant to federal regulations and the Centers for Medicare and Medicaid Services; supplemental payments based upon Medicaid utilization, quality, service lines and/or costs of providing such services to Medicaid beneficiaries and to uninsured patients. The goals of such payment models shall be to ensure access to inpatient and outpatient care and to maximize any federal funds that are available to reimburse hospitals for services provided. Any such documents required to achieve the goals described in this paragraph shall be submitted to the Centers for Medicare and

Medicaid Services, with a proposed effective date of July 1, 2019, to the extent possible, but in no event shall the effective date of such payment models be later than July 1, 2020. The Chairmen of the Senate and House Medicaid Committees shall be provided a copy of the proposed payment model(s) prior to submission. Effective July 1, 2018, and until such time as any payment model(s) as described above become effective, the division, in consultation with the hospital industry, is authorized to implement a transitional program for inpatient and outpatient payments and/or supplemental payments (including, but not limited to, MHAP and directed payments), to redistribute available supplemental funds among hospital providers, provided that when compared to a hospital's prior year supplemental payments, supplemental payments made pursuant to any such transitional program shall not result in a decrease of more than five percent (5%) and shall not increase by more than the amount needed to maximize the distribution of the available funds.

(v) 1. To preserve and improve access to ambulance transportation provider services, the division shall seek CMS approval to make ambulance service access payments as set forth in this subsection (A)(18)(b) for all covered emergency ambulance services rendered on or after July 1, 2022, and shall make such ambulance service access payments for all covered services rendered on or after the effective date of CMS approval.

2. The division shall calculate the ambulance service access payment amount as the balance of the portion of the Medical Care Fund related to ambulance transportation service provider assessments plus any federal matching funds earned on the balance, up to, but not to exceed, the upper payment limit gap for all emergency ambulance service providers.

3. a. Except for ambulance services exempt from the assessment provided in this paragraph (18)(b), all ambulance transportation service providers shall be eligible for ambulance service access payments each state fiscal year as set forth in this paragraph (18)(b).

b. In addition to any other funds paid to ambulance transportation service providers for emergency medical services provided to Medicaid beneficiaries, each eligible ambulance transportation service provider shall receive ambulance service access payments each state fiscal year equal to the ambulance transportation service provider's upper payment limit gap. Subject to approval by the Centers for Medicare and Medicaid Services, ambulance service access payments shall be made no less than on a quarterly basis.

c. As used in this paragraph (18)(b)(v), the term "upper payment limit gap" means the difference between the total amount that the ambulance transportation service provider received from Medicaid and the average amount that the ambulance transportation service provider would have received from commercial insurers for those services reimbursed by Medicaid.

4. An ambulance service access payment shall not be used to offset any other payment by the division for emergency or nonemergency services to Medicaid beneficiaries.

(c) (i) Not later than December l, 2015, the division shall, subject to approval by the Centers for Medicare and Medicaid Services (CMS), establish, implement and operate a Mississippi Hospital Access Program (MHAP) for the purpose of protecting patient access to hospital care through hospital inpatient reimbursement programs provided in this section designed to maintain total hospital reimbursement for inpatient services rendered by in-state hospitals and the out-of-state hospital that is authorized by federal law to submit intergovernmental transfers (IGTs) to the State of Mississippi and is classified as Level I trauma center located in a county contiguous to the state line at the maximum levels permissible under applicable federal statutes and regulations, at which

time the current inpatient Medicare Upper Payment Limits (UPL) Program for hospital inpatient services shall transition to the MHAP.

(ii) Subject to approval by the Centers for Medicare and Medicaid Services (CMS), the MHAP shall provide increased inpatient capitation (PMPM) payments to managed care entities contracting with the division pursuant to subsection (H) of this section to support availability of hospital services or such other payments permissible under federal law necessary to accomplish the intent of this subsection.

(iii) The intent of this subparagraph (c) is that effective for all inpatient hospital Medicaid services during state fiscal year 2016, and so long as this provision shall remain in effect hereafter, the division shall to the fullest extent feasible replace the additional reimbursement for hospital inpatient services under the inpatient Medicare Upper Payment Limits (UPL) Program with additional reimbursement under the MHAP and other payment programs for inpatient and/or outpatient payments which may be developed under the authority of this paragraph.

(iv) The division shall assess each hospital as provided in Section 43-13-145(4)(a) for the purpose of financing the state portion of the MHAP, supplemental payments and such other purposes as specified in Section 43-13-145. The assessment will remain in effect as long as the MHAP and supplemental payments are in effect.

PEER shall review the computations of the division and report its findings to the Legislative Budget Office not later than January 7 in any year.

(G) Notwithstanding any other provision of this article, it shall be the duty of each provider participating in the Medicaid program to keep and maintain books, documents and other records as prescribed by the Division of Medicaid in accordance with federal laws and regulations.

(H) (1) Notwithstanding any other provision of this article, the division is authorized to implement (a) a managed care program, (b) a coordinated care program, (c) a coordinated care organization program, (d) a health maintenance organization program, (e) a patient-centered medical home program, (f) an accountable care organization program, (g) provider-sponsored health plan, or (h) any combination of the above programs. As a condition for the approval of any program under this subsection (H)(1), the division shall require that no managed care program, coordinated care program, coordinated care organization program, health maintenance organization program, or provider-sponsored health plan may:

(a) Pay providers at a rate that is less than the Medicaid All Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement rate;

(b) Override the medical decisions of hospital physicians or staff regarding patients admitted to a hospital for an emergency medical condition as defined by 42 US Code Section 1395dd. This restriction (b) does not prohibit the retrospective review of the appropriateness of the determination that an emergency medical condition exists by chart review or coding algorithm, nor does it prohibit prior authorization for nonemergency hospital admissions;

(c) Pay providers at a rate that is less than the normal Medicaid reimbursement rate. It is the intent of the Legislature that all managed care entities described in this subsection (H), in collaboration with the division, develop and implement innovative payment models that incentivize improvements in health care quality, outcomes, or value, as determined by the division. Participation in the provider network of any managed care, coordinated care, provider-sponsored health plan, or similar contractor shall not be conditioned on the provider's agreement to accept such alternative payment models;

(d) Implement a prior authorization and utilization review program for medical services, transportation services and prescription drugs that is more stringent than the prior authorization processes used by the division in its administration of the Medicaid program. Not later than December 2, 2021, the contractors that are receiving capitated payments under a managed care delivery system established under this subsection (H) shall submit a report to the Chairmen of the House and Senate Medicaid Committees on the status of the prior authorization and utilization review program for medical services, transportation services and prescription drugs that is required to be implemented under this subparagraph (d);

(e) [Deleted]

(f) Implement a preferred drug list that is more stringent than the mandatory preferred drug list established by the division under subsection (A)(9) of this section;

(g) Implement a policy which denies beneficiaries with hemophilia access to the federally funded hemophilia treatment centers as part of the Medicaid Managed Care network of providers.

Each health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall use a clear set of level of care guidelines in the determination of medical necessity and in all utilization management

practices, including the prior authorization process, concurrent reviews, retrospective reviews and payments, that are consistent with widely accepted professional standards of care. Organizations participating in a managed care program or coordinated care program implemented by the division may not use any additional criteria that would result in denial of care that would be determined appropriate and, therefore, medically necessary under those levels of care guidelines.

(2) Notwithstanding any provision of this section, the recipients eligible for enrollment into a Medicaid Managed Care Program authorized under this subsection (H) may include only those categories of recipients eligible for participation in the Medicaid Managed Care Program as of January 1, 2021, the Children's Health Insurance Program (CHIP), and the CMS-approved Section 1115 demonstration waivers in operation as of January 1, 2021. No expansion of Medicaid Managed Care Program contracts may be implemented by the division without enabling legislation from the Mississippi Legislature.

(3) (a) Any contractors receiving capitated payments under a managed care delivery system established in this section shall provide to the Legislature and the division statistical data to be shared with provider groups in order to improve patient access, appropriate utilization, cost savings and health outcomes not later than October 1 of each year. Additionally, each contractor shall disclose to the Chairmen of the Senate and House Medicaid Committees the administrative expenses costs for the prior calendar year, and the number of full-equivalent employees located in the State of Mississippi dedicated to the Medicaid and CHIP lines of business as of June 30 of the current year.

(b) The division and the contractors participating in the managed care program, a coordinated care program or a provider-sponsored health plan shall be subject to annual program reviews or audits performed by the Office of the State Auditor, the PEER Committee, the Department of Insurance and/or independent third parties.

(c) Those reviews shall include, but not be limited to, at least two (2) of the following items:

(i) The financial benefit to the State of Mississippi of the managed care program,

(ii) The difference between the premiums paid to the managed care contractors and the payments made by those contractors to health care providers,

(iii) Compliance with performance measures required under the contracts,

(iv) Administrative expense allocation methodologies,

(v) Whether nonprovider payments assigned as medical expenses are appropriate,

(vi) Capitated arrangements with related party subcontractors,

(vii) Reasonableness of corporate allocations,

(viii) Value-added benefits and the extent to which they are used,

(ix) The effectiveness of subcontractor oversight, including subcontractor review,

(x) Whether health care outcomes have been improved, and

(xi) The most common claim denial codes to determine the reasons for the denials.

The audit reports shall be considered public documents and shall be posted in their entirety on the division's website.

(4) All health maintenance organizations, coordinated care organizations, provider-sponsored health plans, or other organizations paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall reimburse all providers in those organizations at rates no lower than those provided under this section for beneficiaries who are not participating in those programs.

(5) No health maintenance organization, coordinated care organization, provider-sponsored health plan, or other organization paid for services on a capitated basis by the division under any managed care program or coordinated care program implemented by the division under this section shall require its providers or beneficiaries to use any pharmacy that ships, mails or delivers prescription drugs or legend drugs or devices.

(6) (a) Not later than December 1, 2021, the contractors who are receiving capitated payments under a managed care delivery system established under this subsection (H) shall develop and implement a uniform credentialing process for providers. Under that uniform credentialing process, a provider who meets the criteria for credentialing will be credentialed with all of those contractors and no such provider will have to be separately credentialed by any individual contractor in order to receive reimbursement from the contractor. Not later than December 2, 2021, those contractors shall submit a report to the Chairmen of the House and Senate Medicaid Committees on the status of the uniform credentialing process for providers that is required under this subparagraph (a).

(b) If those contractors have not implemented a uniform credentialing process as described in subparagraph (a) by December 1, 2021, the division shall develop and implement, not later than July 1, 2022, a single, consolidated credentialing process by which all providers will be credentialed. Under the division's single, consolidated credentialing process, no such contractor shall require its providers to be separately credentialed by the contractor in order to receive reimbursement from the contractor, but those contractors shall recognize the credentialing of the providers by the division's credentialing process.

(c) The division shall require a uniform provider credentialing application that shall be used in the credentialing process that is established under subparagraph (a) or (b). If the contractor or division, as applicable, has not approved or denied the provider credentialing application within sixty (60) days of receipt of the completed application that includes all required information necessary for credentialing, then the contractor or division, upon receipt of a written request from the applicant and within five (5) business days of its receipt, shall issue a temporary provider credential/enrollment to the applicant if the applicant has a valid Mississippi professional or occupational license to provide the health care services to which the credential/enrollment would apply. The contractor or the division shall not issue a temporary credential/enrollment if the applicant has reported on the application a history of medical or other professional or occupational malpractice claims, a history of substance abuse or mental health issues, a criminal record, or a history of medical or other licensing board, state or federal disciplinary action, including any suspension from participation in a federal or state program. The temporary credential/enrollment shall be effective upon issuance and shall remain in effect until the provider's credentialing/enrollment application is approved or denied by the contractor or division. The contractor or division shall render a final decision regarding credentialing/enrollment of the provider within sixty (60) days from the date that the temporary provider credential/enrollment is issued to the applicant.

(d) If the contractor or division does not render a final decision regarding credentialing/enrollment of the provider within the time required in subparagraph (c), the provider shall be deemed to be credentialed by and enrolled with all of the contractors and eligible to receive reimbursement from the contractors.

(7) (a) Each contractor that is receiving capitated payments under a managed care delivery system established under this subsection (H) shall provide to each provider for whom the contractor has denied the coverage of a procedure that was ordered or requested by the provider for or on behalf of a patient, a letter that provides a detailed explanation of the reasons for the denial of coverage of the procedure and the name and the credentials of the person who denied the coverage. The letter shall be sent to the provider in electronic format.

(b) After a contractor that is receiving capitated payments under a managed care delivery system established under this subsection (H) has denied coverage for a claim submitted by a provider, the contractor shall issue to the provider within sixty (60) days a final ruling of denial of the claim that allows the provider to have a state fair hearing and/or agency appeal with the division. If a contractor does not issue a final ruling of denial within sixty (60) days as required by this subparagraph (b), the provider's claim shall be deemed to be automatically approved and the contractor shall pay the amount of the claim to the provider.

(c) After a contractor has issued a final ruling of denial of a claim submitted by a provider, the division shall conduct a state fair hearing and/or agency appeal on the matter of the disputed claim between the contractor and the provider within sixty (60) days, and shall render a decision on the matter within thirty (30) days after the date of the hearing and/or appeal.

(8) It is the intention of the Legislature that the division evaluate the feasibility of using a single vendor to administer pharmacy benefits provided under a managed care delivery system established under this subsection (H). Providers of pharmacy benefits shall cooperate with the division in any transition to a carve-out of pharmacy benefits under managed care.

(9) The division shall evaluate the feasibility of using a single vendor to administer dental benefits provided under a managed care delivery system established in this subsection (H). Providers of dental benefits shall cooperate with the division in any transition to a carve-out of dental benefits under managed care.

(10) It is the intent of the Legislature that any contractor receiving capitated payments under a managed care delivery system established in this section shall implement innovative programs to improve the health and well-being of members diagnosed with prediabetes and diabetes.

(11) It is the intent of the Legislature that any contractors receiving capitated payments under a managed care delivery system established under this subsection (H) shall work with providers of Medicaid services to improve the utilization of long-acting reversible contraceptives (LARCs). Not later than December 1, 2021, any contractors receiving capitated payments under a managed care delivery system established under this subsection (H) shall provide to the Chairmen of the House and Senate Medicaid Committees and House and Senate Public Health Committees a report of LARC utilization for State Fiscal Years 2018 through 2020 as well as any programs, initiatives, or efforts made by the contractors and providers to increase LARC utilization. This report shall be updated annually to include information for subsequent state fiscal years.

(12) The division is authorized to make not more than one (1) emergency extension of the contracts that are in effect on July 1, 2021, with contractors who are receiving capitated payments under a managed care delivery system established under

this subsection (H), as provided in this paragraph (12). The maximum period of any such extension shall be one (1) year, and under any such extensions, the contractors shall be subject to all of the provisions of this subsection (H). The extended contracts shall be revised to incorporate any provisions of this subsection (H).

(I) [Deleted]

(J) There shall be no cuts in inpatient and outpatient hospital payments, or allowable days or volumes, as long as the hospital assessment provided in Section 43-13-145 is in effect. This subsection (J) shall not apply to decreases in payments that are a result of: reduced hospital admissions, audits or payments under the APR-DRG or APC models, or a managed care program or similar model described in subsection (H) of this section.

(K) In the negotiation and execution of such contracts involving services performed by actuarial firms, the Executive Director of the Division of Medicaid may negotiate a limitation on liability to the state of prospective contractors.

(L) The Division of Medicaid shall reimburse for services provided to eligible Medicaid beneficiaries by a licensed birthing center in a method and manner to be determined by the division in accordance with federal laws and federal regulations. The division shall seek any necessary waivers, make any required amendments to its State Plan or revise any contracts authorized under subsection (H) of this section as necessary to provide the services authorized under this subsection. As used in this subsection, the term "birthing centers" shall have the meaning as defined in Section 41-77-1(a), which is a publicly or privately owned facility, place or institution constructed, renovated, leased or otherwise established where nonemergency births are planned to occur away from the mother's usual residence following a documented period of prenatal care for a normal uncomplicated pregnancy which has been determined to be low risk through a formal risk-scoring examination.

INTRODUCTION OF SENATE BILLS AND RESOLUTIONS:

The measures introduced were read under a suspension of the rules, referred to committees, and are listed after adjournment on this date.

Senator Wiggins requested that the following history of Jimmy Buffett be placed in the journal. Without objection, the request was granted.

The Ripple Effect

Words are woefully inadequate to encapsulate the grief and sorrow, memories and other emotions when Cousin Jimmy departed this temporal plane for another shore. One ponders how to memorialize him in a non-intrusive, compassionate manner while respecting and considering his memory, family, friends and the numerous admirers and fans. Exploring the foundation of our existence should pacify these concerns and be somewhat illuminating. One cannot appreciate the journey without knowing from where it began.

Death and grief stroll hand in hand. Grief for him and what he will miss in this world. There is also grief for oneself for the myriad of reasons that we loved him and what we will miss. Then, perhaps, guilt for the selfish nature of one's personal grief as well as survivor's guilt. Invariably emotions turn to thoughts of mortality-of the loved one and our fleeting time on this shore. Thoughts about the existence and the origin of the universe and of man. There are no unquestioned answers concerning the creation of the universe and of man. These questions are eternal, infinite and primal in tone. No answer is wrong. Every answer is simply incomplete. John Prine sang: "Just give me one extra season so I can figure out the other 4. "The origin of the universe and of man consist of cryptic clues devoid of certainty.

The lineal origin of the Gulf Coast Buffett's can be traced to one event when a young man jumped from the second-floor window of his parent's home on Rockdale Ave. in Sydney, N.S. in 1906. The young man wanted to join others on the harbor front who had assembled as rescue crews to search for his brother, John, later Captain John Buffett, a crewmember of a schooner, Basil M. Geldert. It was reported missing while hauling whale bone to their native Newfoundland. The family had migrated from Rose Blanche, NF 3 years earlier and Catherine Skinner Buffett, young Jim Buffett's mother, refused to allow him to join the search.

His act of disobedience created the splash that formed the ripples that carried the Buffett's to Pascagoula. Jim's leap was a leap of faith in the truest sense. It was a gargantuan risk with an unlikely positive outcome. His progeny was formed from the ripples created by the jump. Uncle JD, Jim and Hilda's eldest child and Jimmy, Laurie and Lucy's father, was asked about his father's jump, he said: "I'm glad he jumped." This ripple effect is still vibrating along enveloping anything it breaches.

James Skinner Buffett became Captain James Delaney Buffett, a Master Mariner, eventually obtaining licenses in sail, steam and motorized vessels. He lived an adventurous life. He harvested seals and whales in the Arctic and in Antarctica. He circumnavigated the globe. He commanded several ships in the Pacific theater during WWII carrying troops to battle and repairing airplanes. Admiral Halsey flew him back to Brookley Field so he could drive to Pascagoula and lay eyes on his first grandchild, Baxter, and immediately return to the Pacific. He transported displaced persons from Europe after the war. He returned to the Arctic when they installed the NORAD system.

He was born in Rose Blanche, NF. His birth year is a mystery. His gravestone reads November 9, 1887. His naturalization documents state November 9, 1893. The discrepancy may be explained by having to give the appearance of being older to ship out from Sydney in 1906. A sailing ship captain would prefer hiring a 19-year-old young man over a 13 -year- old boy. The 1893 date also parallels what he told his grandchildren when he shared tales of his seafaring adventures. He was well respected by all and loved, respected and admired by his kids, grandkids and family.

It has been reported that he had 2 siblings: Captain John Skinner Buffett and Mabel Buffett Stratton. Mabel's daughter, Olive, pointed to the grave of a young girl in the same cemetery where her grandparents were buried as that of another child of theirs. She said that she died from a heat stroke while gathering blueberries. She was described as a beautiful child with flaxen hair the color of wheat and eyes as blue as the bluest sky.

When Jim arrived at the harbor front after the jump, word spread that the Basil M. Geldert had been wrecked on Sable Island: Graveyard of the Atlantic and the crew was safe. Apparently, this island has a multitude of shifting sand bars and is buffeted by frequent fierce storms. For centuries, many ships had been wrecked upon their shores. Rather than return home and certain punishment for the jump, he signed on a whaling ship as a cabin boy. He did not return to NS for over 60 years.

By April 1912, he sailed into Pascagoula and roomed at a boarding house on Front St. on the Pascagoula River. It was run by Hilda Norma Seymour and her mother, Condelaura Elizabeth Flechas Seymour. A mutual attraction developed. Hilda commented that Jim had a penchant for books and always had his nose buried in one. She put a personalized bookmark in one of his books in which she expressed her feelings for the young sailor. Their courtship started. He continued to return to the boarding house over the years on his voyages to Pascagoula as his ship was transporting lumber from there to the West Indies. On April 12, 1918, they eloped and were married in Gulfport, Ms. They set up house in Pascagoula and had 4 children: James (JD) Delaney, Jr.: Patricia (Patsy) Condelaura; Catherine (Aunt Kat) Marie; and William (Uncle Bill) Norman.

The Buffett's have a plethora of people named Delaney. From where did they come? On his naturalization papers, Captain James Skinner Buffett took Delaney as his middle name and dropped his mother's maiden name, Skinner, which was given at birth. When asked about this, he said that he had stayed with a family named Delaney in Philadelphia that took him in as family. The patriarch of the Delaney family was a man that he held in high regard and greatly admired so he took this name for his own. Now there are no less than seven Delaney's from the Gulf Coast clan of Buffett's.

On November 25, 1920, Uncle J.D. was turning 2 when Captain Buffett, Hilda and JD sailed into Havana Harbor. Captain Buffett messaged the ships moored in the harbor by flags that it was his son's birthday. Upon arrival, all the ships in the harbor were flying their flags acknowledging J.D.'s birthday. Mom had made a sailor suit for JD. After disembarking and arriving on shore in Havana, los ninos were amazed by the little sailor and continued to paw at his unique suit. Customs papers reflect that they sailed from Havana on January 4th and arrived in Jacksonville, FL on January 6", 1921. Patsy, their eldest daughter, was born on August 3,

1921. It appears that she was conceived on the voyage or while they were docked in Havana Harbor.

Later when Patsy was 4 and JD 6, they, along with their mother, their father and the ship's crew, sailed from the British West Indies to New York City. They ran into a Hurricane and Patsy was almost swept from the deck into the boiling seas as she attempted to retrieve a red ball that JD had thrown to her that made its way onto the deck. The first Mate, Danny Maloney, grabbed her from the deck and returned her to the safety of the family quarters seconds before she was cast into the vicious Atlantic Ocean. After sailing out of the hurricane, their ship was becalmed when the hurricane sucked away all the wind.

They were down to the last of their provisions which were salt tack (a hard biscuit used for sustenance and called hardtack) and coffee. Their ship eventually limped into NY Harbor. There was a photo and article reporting their arrival in a New York newspaper of Hilda in her mink coat holding onto JD and Patsy's hands. When asked if she was going to sail with her husband anymore, she said:" I'm gonna' get dem on dat train and nevuh gonna leave Pascagoula, again."

All of us Grandchildren referred to the Captain as Foo Foo and to Hilda as Mom. The source for his affectionate nickname has been recounted many times. When Foo Foo returned home from a voyage, he customarily whistled a greeting to let the family he had arrived. He had an unusual means of whistling wherein he curled his tongue. Baxter was a toddler. He could not whistle but could mimic the sound of his whistle by saying Foo Foo. The name stuck. All the grandkids followed suit; hence, the captain became Foo Foo.

It was a family tradition to meet his ships in New Orleans and go to Tujaque's Restaurant to celebrate. This is where Catherine first introduced him to Jack Rappaport, whom she later married. They both worked for ABC theaters in New Orleans. Jack was involved in promoting 3D movies. They later settled in Canton, Oh. To this day, Foo Foo is toasted when the family visits this esteemed New Orleans restaurant.

Patsy met a handsome boilermaker named Roy Baxter Lumpkin, while she worked at a retail business in Pascagoula. The son of an Alabama sharecropper, he and his 6 surviving brothers learned to weld and became boilermakers. They were married by Father P.J. Carey on 11/23/40. He and his brothers worked at Ingalls Shipyard. They eventually joined the war effort building Liberty ships. They made their home in Pascagoula, eventually moving a Navy House from Brookley field to a lot next door to Mom and Foo on Parsley Ave. They had 3 children: Roy Baxter, Jr.; Patricia Norma: and Mark Delaney.

Uncle JD married Mary Lorraine Peets, a beautiful and intelligent lady from Gulfport. They eventually moved to Mobile when their oldest child, James William, was about 2 years old. They settled in a home on Sunset Dr. which is near the present-day University Blvd. just off Airport Blvd. They had 2 more children: Loraine Marie and Lucy Anne. Their children and Patsy and Roy's children were almost matched by age: Jimmy and Baxter, Laurie and Patricia, and Lucy and Mark and Richard.

Billy married Mary Jo Butler. They had a son: Richard Delaney born on 10/23/56. He and Mary Jo divorced in 1958. He remarried Dorothy Joyce Vincent Farrior on 4/13/69 at the home of Polly and Jerry Lee in Pascagoula. They eventually settled in Gautier. Uncle Bill was a fun-loving renegade. He began a career as a merchant mariner when he got out of the Navy after WWII. He and a crewmate from Pascagoula, Tom Kelley, were crewing for Western Geophysical in Venezuela. After arriving in Venezuela, they commandeered a burro which they rode into a cantina. Federales were summoned after the burro kicked the bar over. They took the swords from the Federales who attempted to intervene. Billy claimed they spanked the soldiers with their swords. He pronounced the w in swords in his distinct brogue. When they arrived back in Pascagoula, they borrowed a police motorcycle and rode it into the Merchant and Marine Bank so Tom could ask one of the tellers, Mary Blake, out on a date. They made quite an impression. Mary and Tom eventually were married.

Eventually Foo Foo stopped making global adventures to be closer to home. He took a position captaining a menhaden fleet from their Moss Point, MS dock and doing yard work in Mom's backyard. He usually left on Sundays and returned on Friday. He would be picked up from the docks and sometimes take the family to the Evangeline Restaurant. This was a treat as it was the days when we could not eat meat on Fridays. When Mom made seafood gumbo or when we went to a seafood restaurant, we were spared from eating fish sticks or cheese sandwiches which were common Friday faire. He liked their stuffed crabs and crab fingers. It was while saving a ship from a fire on the dock of the plant that his left index finger became entangled within the bow line rope. He lost that finger. As part of his rehab, he squeezed a red rubber ball like the one Patricia was trying to retrieve when a hurricane tried to sweep her away.

Foo Foo did not believe in organized religion, but he believed in God. He often said that when you are on a ship encompassed in the darkness and surrounded by the massiveness of the ocean and the eternal depth and complexity of celestial beings, how can one not believe in God? He regarded the infinitesimal nature of the universe as a manifestation of God.

Mom *was* a devout Catholic. We went to Church with her for most Holy Days of Obligation, before school for the 6 AM mass, and on Sundays. They provided Richard a Catholic education at OLV through high school graduation. She made sure that the public-school grandkids went to Catechism on Saturdays. One time, she took some of us to the early weekday mass. She

had a friend that Jimmy referred to as Flossie Funeral who attended early mass frequently. Flossie had a bit of a hearing issue. They were whispering a bit loudly during mass and the priest shushed team. After mass, he was out front greeting the meager crowd. When Mom was next to him, she grabbed his hand and pulled his ear close to her mouth and said: “Don't do dat to me agin’. I been here before you got here and I'll here aftah’ you run off.” We never saw him again.

Mom also took her grandchildren to play bingo at the American Legion when they stayed with her on Saturday nights. She would also entertain them at cake walks sponsored by the Parish and by taking them to the Beach Park in Pascagoula. The family went, on occasion, to Marsh Lake behind the Old Spanish Fort to swim. One time, there was a heated conversation between Lucy and Mark about the mechanics of floating on one's back. They came to the agreement that it had to do with the displacement of water because Foo Foo had told them that is how ships float.

On Mom Buffett's side of the family, the Seymour's were original settlers on the Upper Gulf Coast.

Some came from Quebec, some from France and some were Native Canadians. Others came from Spain, Cuba, Germany, Prussia or the Canary Islands. Foo Foo used to tell us that we had a Native Canadian princess as an ancestor. We thought it was one of his yarns. It was only recently discovered that it was true. The Seymour's descended from Jean-Baptist Dit Graveline, a French explorer from Quebec that accompanied Pierre LeMoyne Suer D'lberville on the original expedition to colonize Louisiana when they arrived at present day Ocean Springs on the ship Renommee on January 6, 1700. He was one of the first settlers of Old Mobile arriving in 1702. He had a child with a Native Canadian woman named Suzanne. Suzanne's father was a Chief from Quebec, and she was a princess. Jean-Baptist was the first settler of Pascagoula, one of the first settlers of Louisiana, the Captain of the Pascagoula militia and one of the first settlers of Mobile. He died in Belle Fontaine in January 1762. Suzanne gave birth to their son, Jean-Baptist de Baudreau, on Massacre, later Dauphin, Island around 1715. He married her in 1727 to legitimize their son. Their son was very influential among the native tribes of the region as he spoke their languages and was an imposing figure. He was also influential among the Spanish and traded with them to the chagrin of the French. He posed a threat to the French government that controlled Louisiana because of his relations with tribes and nations with which the French were hostile. After a few skirmishes, trading with the Spanish in Pensacola, imprisonments and escaping to Cuba with his lover, where he was captured and returned to New Orleans. On June 7, 1757, he was executed on the breaking wheel, where his body was ravaged, mutilated, and thrown into the Mississippi River in front of what is now Jackson Square. There is a marker on the moonwalk commemorating him and portraying the unjust and inhumane treatment of him by the French authorities. He is one of few to be executed in the Americas in this manner.

On her mother's side, her grandfather was Captain Joseph J. Flechas, a sailor born in Spain. Her Flechas cousins had a shipyard in North Pascagoula. Her grandmother, Condelaura Villar Seymour traces her roots to Spain via Baldwin County, Al and Spanish held Pensacola. On her father's side, her grandfather was Moses Seymour and he had French, French Canadian and Native Canadian roots back to Jean Baptist dit Graveline and his son. Her family is also mentioned in the story of the casquette girls who ventured to the New Wor(d from France and landed on Mississippi Coast when it was the capitol of French Louisiana. They were to marry the settlers and help populate the area. This was researched by Randall Ladner and published in the Brides of Baleine, the name of the ship on which they were transported. Her paternal grandmother was Adolphine Bellman Seymour. She is from one of the original and most enduring families of Ocean Springs.

Hilda was the oldest of 7 children (1897-1989). Mildred Seymour Pelham (Aunt Coo) (1899-1961). She and Uncle Walter had the house in GautJer that Jimmy portrayed in “Life is Just a Tire Swing.” Lois Seymour Tew, 1901-1965, lived in Mobile. Hulbert (Bub) Seymour, 1903-1971 and Norman (Tut) Seymour, 1904-1977 were welterweight boxers dubbed The Fighting 5eymour’s. They fought from 1923-1931 along the Gulf Coast, New Orleans, Jackson, MS and up to St. Louis, Mo. Tut had an overall record of 25-34-12. Bub's record from the same period was 21-29-9. Blanche (1907-2000) lived in Tampa and was married to Uncle Harry Spavin. Bernard (1910-1978) was a merchant seaman who married Aunt Ophelia. They lived in Mobile and had 3 daughters and one son; Carol; Dottie; Condelaura (Condie); and Bernie.

The Buffett's home on Parsley Ave. was the center for birthdays, anniversaries, Sunday lunches, seafood boils, family reunions, and Mom's Gumbo. Foo Foo and Mom adopted Uncle Billy's son, Richard Delaney Buffett, when Mom was 62. Richard would be starting school soon and he needed a legal guardian to attend to these matters and Billy was usually at sea as a merchant seaman. They sent him to OLV where he graduated high school. Richard often commented that he had 2 Mamas: Mom and Aunt Patsy. For this, he is still thankful. It was a ripe time for celebrating when Foo Foo and Billy were home at the same time. The Mobile Buffett's would usually drive from Mobile for most Sunday dinner, celebrations, and when Mom made gumbo. They said they could smell it driving down the driveway. When Foo Foo answered the phone, which was a rarity, he would answer: “Buffett's summer home. Some are in and some are out.” Some still use that refrain to this very day.

Mom and Foo occasionally went out on Saturday nights for a drink. One night, they were at a bar near downtown and the docks. Someone threw lit fireworks that blew up in the bar. We were eating at their house the next day when Billy came. He was laughing and told a story about how he scared a bunch of people at a bar by throwing lit fireworks. Foo Foo sternly looked at him and said: “Your Mother and I were sitting there.” Billy was a big imposing man. But Foo Foo's words made him retract like a conch into its shell. Suddenly, he appeared very small, silent and embarrassed. Nothing else was said. He had made his point. Foo Foo had that type of command over us all.

Jimmy used to stay with Mom and Foo Foo in the summers. He would tell us about being in the Sea Scouts. We only had Boy Scouts in Pascagoula and were jealous. He and Baxter went to a Catholic Camp, Camp Graveline, near Belle Fontaine where Jean Baptist dit Graveline lived and died. That is where “Baxter went home and left me by myself.” Jimmy was an altar boy in Mobile until he was 17. Mom implored us on more than one occasion:” You ought'a be more like Jimmy. He gonna’ be a priest, ya know.” And we knew he would. He liked to gather all the kids in the neighborhood for mass. He held it in front of the huge Camellia bushes in Mom's front yard next to the ship's bell affixed by the front door. He conducted the entire mass. When it was time for communion, he placed white Camellia petals on our tongues as a substitute for the communion wafers. We would spit them out and he would brandish a red whiffle ball bat from under Foo Foo's robe that he wore as his priestly chasuble. He would proclaim that he was Father Whippin’ and that we would be punished for refusing communion. He would chase us down and whip us with that bat. Everybody loved playing Father Whippin’ and wanted to know when he was coming back or when we could play it again.

We all knew he would be a success. We thought he would be a successful priest, Bishop or maybe even a Cardinal. We just missed the singer-songwriter, pilot, sailor, surfer, bestselling author, friend of presidents, environmentalist, philanthropist and business mogul parts. His heart was as big as Foo Foo's. He was a natural leader full of charm and wit. He was respected as far back as the days of Parsley. He treated everyone with respect and was very creative, always doing something fun -from Father Whippin’, to building wooden aircraft carriers to being Jean Lafitte and playing Battle of New Orleans in that bayou in the woods. He and Baxter were closer in age, good friends and engaged in shenanigans on that bayou and beyond. It did not seem that the Camellia bush altar was very far from the first time we saw him on national TV on the Andy Williams Show. Soon other late-night appearances followed.

Foo Foo passed away on January 2, 1970. To say it was a knockout blow to the family is an understatement. We still grieve him. We still miss him. As Jimmy said: “and though I cried, I was so proud to love a man so rare. “It was the first family death the grandchildren had ever encountered and the end of our collective innocence. On that fateful day, Richard went out of the back porch into the backyard near the Mimosa tree. He immediately saw Foo Foo on the ground lying in the grass. He had been raking and burning leaves in his fire spot in the back near the woods and north of the bayou that ran to the M5 Sound. Richard said he thought Foo Foo was pranking him by mimicking a native American listening for the sound of vibrations from the ground. Then he saw where he had tossed his pitchfork towards the door to get their attention. Richard ran to his Aunt Patsy's to alert her. In his frantic state, he had the presence of mind to not get Mom *as* he knew the scene could be too much for her.

Now we face another ripple effect. Jimmy's ripple was a tsunami as it washed over so many. Jimmy will long be remembered, regaled and romanticized by the world. He touched many.

His family has many fond memories. He will always be loved and missed. His reach circumnavigated the world just as Foo Foo sailed it. In these intervening days, it has been hard to focus and difficult to conceptualize that he has gone. We find comfort in our memories; are proud of the heritage we shared and acknowledge how hard they strived to forge a life for us on the Gulf Coast. Finally, let us keep love, peace and hope in our hearts as we are but a continuum of the ripple effect created those who came before us.

One love, y'all.

H. B. No. 310: Application for privilege license tag for vehicles; increase from seven to thirty working days.

Senator Harkins offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 63-21-69, Mississippi Code of 1972, is amended as follows:

63-21-69. When a vehicle subject to titling under this chapter is acquired from a dealer or another person by sale or otherwise, the new owner of the vehicle shall have * * * thirty (30) full working days, exclusive of the date of delivery, within which to make application for the required privilege license tag.

No privilege license tag shall be issued by any tax collector or the State Tax Commission if the vehicle is subject to titling under this chapter unless the vehicle owner makes an application therefor and shall thereupon tender his application for certificate of title with the application for a privilege license. If, however, the vehicle owner already has a certificate of title, then the original certificate or, if his original certificate be in the hands of a lienholder, then his duplicate certificate or other official document as prescribed by the State Tax Commission shall be tendered to the tax collector or the State Tax Commission. The tax collector or the State Tax Commission, as the case may be, shall thereupon enter the number of the application or certificate on the privilege license application and on the privilege license receipt.

The provisions and requirements of this section implement the provisions and requirements of Section 27-19-59 and Section 27-19-61. Nothing contained in this section or in this chapter shall in any way amend or supersede any of the existing statutes of this state or any of the provisions or requirements of such statutes with respect to the registration of vehicles and making applications for privilege licenses for vehicles. However, the State Tax Commission shall by suitable rules and regulations provide for the implementation of the requirements of this section and this chapter with the requirements of existing statutes with respect to the registration of vehicles and with respect to obtaining privilege licenses therefor.

SECTION 2. Section 27-19-63, Mississippi Code of 1972, is amended as follows:

27-19-63. (1) Except as otherwise provided in this section, the privilege license tax levied by the provisions of this article shall be paid annually during the anniversary month of the acquisition of the vehicle. The privilege license tax levied shall be based on a period of twelve (12) months, even though the actual time from the acquisition of the vehicle to the end of the anniversary month of the next succeeding year may be more than twelve (12) months. Any person subject to the provisions of this article shall have an additional fifteen (15) days from the end of the anniversary month in which to purchase the tag and/or decals and to pay the privilege license tax without being in violation of this section. Any person owning a vehicle subject to taxation under the provisions of this article who fails or refuses to pay such tax and obtain the privilege license required within the prescribed period of time shall be guilty of violating the provisions of this article, and shall be liable for the amount of such tax plus a penalty as provided for in this section. If the person owning a vehicle subject to taxation under the provisions of this article does

not operate such vehicle on the highways of this state from the date of acquisition or, if previously registered, from the end of the anniversary month of his tag and decals to the date on which he makes application for the privilege license, he shall pay such license tax for a period of twelve (12) months beginning with the first day of the month in which he applies for such privilege license. The owner shall submit an affidavit with his application attesting to the fact that his vehicle was not operated on the highways of this state from the date of acquisition or, if previously registered, from the end of the anniversary month of his tag and decals to the date on which he makes application for the privilege license.

(2) Except as may be otherwise provided in subsection (3) of this section, the privilege license tax levied by the provision of this article on operators of motor vehicles in excess of ten thousand (10,000) pounds, gross vehicle weight, apportioned vehicles, rental and commercial trailers and buses shall be due annually during the anniversary month which shall be established by the Commissioner of Revenue; however, there shall be an additional fifteen (15) days from the end of the anniversary month in which to file an application with the department and pay the privilege license tax. The annual license tag and/or decals issued by the department for the license tax year shall be valid for a period of time to be determined by the chairman but not to exceed fifteen (15) months following the anniversary month; provided, however, this does not extend the time for filing the application with the department and the payment of the license tax. Any person who fails or refuses to pay such tax and obtain the privilege license required when due shall be guilty of violating the provision of this article and shall be liable for the entire amount of such tax from the date the liability was incurred, plus penalty as provided for in this section.

(3) The privilege license tax levied by the provisions of this article on operators of a motor vehicle that is in a corporate fleet or an individual fleet registered under Section 27-19-66 or a trailer in a fleet registered under Section 27-19-66.1 shall be due annually during the anniversary month which shall be established by the Commissioner of Revenue for corporate fleets and trailer fleets, and by the county tax collectors for individual fleets; however, there shall be an additional fifteen (15) days from the end of the anniversary month in which to file an application with the department or the county tax collector, as the case may be, and to purchase the tag or renew the registration of such motor vehicle and pay the privilege license tax. The department or the county tax collector, as the case may be, shall issue a tag or renew the annual registration of such motor vehicle for the license tax year only after all ad valorem taxes and privilege taxes due on such motor vehicle have been paid. Any person who fails or refuses to pay the privilege tax and obtain the privilege license required when due shall be guilty of violating the provisions of this article and shall be liable for the entire amount of such tax from the date the liability was incurred, plus penalty as provided for in this section.

(4) Penalties shall be assessed on the privilege license tax at the rate of five percent (5%) for the first fifteen (15) days of delinquency, or part thereof, and five percent (5%) for each additional thirty-day period of delinquency, or part thereof, not to exceed a maximum penalty of twenty-five percent (25%); however, a penalty of Two Hundred Fifty Dollars ($250.00), in addition to the maximum penalty for delinquency, shall be assessed against any person who is liable for the motor vehicle privilege license tax but who (a) displays an out-of-state license tag on the motor vehicle; or (b) displays a license tag or privilege license decal on the motor vehicle which was issued for another vehicle. The department, for good reason shown, may waive all or any part of the penalties imposed. No private passenger vehicle registered under this chapter shall have displayed on the front of such vehicle, or elsewhere, the official license tag of another state, whether or not such license tag has expired. Law enforcement officers of this state may remove from private passenger vehicles any out-of-state license tags so displayed.

(5) The requirement that the privilege tax be paid during the anniversary month of each year shall not apply in the following cases:

(a) When a motor vehicle is acquired, the owner or operator of the vehicle purchased shall have * * * thirty (30) full working days, exclusive of the date of delivery,

after the vehicle has been delivered to him, within which to make the application for the required privilege license, otherwise such person shall be liable for penalty as provided for in this section. Provided, however, that when any person shall acquire a vehicle as herein provided, and it shall be necessary that such vehicle be remodeled, changed or altered by such person before same is suitable for the purposes for which it was acquired, then such person shall have seven (7) full working days, exclusive of the day of the completion of such remodeling, change or alteration, after the completion thereof, or thirty (30) full working days, exclusive of the date of delivery, after the vehicle has been delivered to him, whichever is greater, within which to make application for the required privilege license; provided, that if such person fails to make application within such period, such person shall be liable for penalty as provided for in this section.

"Delivery" as used herein shall be construed to mean receipt of such vehicle by the purchaser thereof at his residence or place of business, and, in the event the vehicle is purchased at any place other than in the county of residence or place of business of such person, he shall be entitled to forty-eight (48) hours within which to transport such vehicle to the county of his residence or place of business. At all times during such transportation, the owner or operator of such vehicle shall have in his possession a true bill of sale, giving the description of the vehicle, the name and address of the dealer from whom purchased, the name and address of the owner or operator, and the date on which the vehicle was acquired. For failure to have such bill of sale in his possession during the entire time during which the vehicle is being transported, the owner or operator shall be liable for the annual privilege tax plus penalty as provided for in this section.

(b) Where a person has paid the current privilege license tax required by the laws of another state and applies for a privilege license in this state within thirty (30) days, no penalty shall be assessed; however, any person who fails to comply herewith shall be liable for the full annual tax, plus penalty as provided for in this section.

(6) Any nonresident of the State of Mississippi who has paid the current privilege license required by the laws of another state upon a private carrier of passengers, and thereafter becomes a resident of the State of Mississippi, or brings such vehicle into the State of Mississippi for use in connection with his business in this state, or who is gainfully employed in this state shall be entitled to operate such vehicle without obtaining a privilege license in this state for a period of not more than thirty (30) days.

"Resident" for the purpose of registration and operation of motor vehicles shall include, but not be limited to, the following:

(a) Any person, except a tourist or out-of-town student, who owns, leases or rents a place within the state and occupies same as a place of residence.

(b) Any person who engages in a trade, profession or occupation in this state or who accepts employment in other than seasonal agricultural work.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 1. (1) For the purposes of this section, the following terms shall have the meanings ascribed by this section unless another meaning is plainly indicated:

(a) "Claimant agency" means the Mississippi Department of Human Services.

(b) "Debtor" means any individual, corporation or partnership owing money or having a delinquent account with the claimant agency, which obligation has not been adjudicated satisfied by court order, set aside by court order or discharged in bankruptcy.

(c) "Debt" means any sum due and owing the claimant agency for any overpayment under the Supplemental Nutrition Assistance Program, the Temporary Assistance to Needy Families Program and the Child Care and Development Fund Program.

(d) "Refund" means the Mississippi income tax refund which the department determines to be due any individual taxpayer, corporation or partnership.

(2) The collection remedy authorized by this section is in addition to and is not substitution for any other remedy available by law.

(3) (a) The claimant agency may submit debts in excess of One Hundred Twenty-five Dollars ($125.00) owed to it to the department for collection through setoff, under the procedure established by this section, except in cases where the validity of the debt is legitimately in dispute, an alternate means of collection is pending and believed to be adequate, or such collection would result in a loss of federal funds or federal assistance.

(b) Upon the request of the claimant agency, the department shall set off any refund against the sum certified by the claimant agency as provided in this section.

(4) (a) Within the time frame specified by the department, the claimant agency seeking to collect a debt through setoff shall supply the information necessary to identify each debtor whose refund is sought to be set off and certify the amount of debt owed by each such debtor.

(b) (i) If a debtor identified by the claimant agency is determined by the department to be entitled to a refund of at least Twenty-five Dollars ($25.00), the department shall transfer an amount equal to the refund owed, not to exceed the amount of the claimed debt certified, to the claimant agency. The department shall send the excess amount to the debtor within a reasonable time after such excess is determined.

(ii) At the time of the transfer of funds to the claimant agency under this paragraph (b), the department shall notify the taxpayer or taxpayers whose refund is sought to be set off that the transfer has been made. Such notice shall clearly set forth the name of the debtor, the manner in which the debt arose, the amount of the claimed debt, the transfer of funds to the claimant agency pursuant to this paragraph (b) and the intention to set off the refund against the debt, the amount of the refund in excess of the claimed debt, the taxpayer's opportunity to give written notice to contest the setoff within thirty (30) days of the date of mailing of the notice, the name and mailing address of the claimant agency to which the application for such a hearing must be sent, and the fact that the failure to apply for such a hearing, in writing, within the thirty-day period will be deemed a waiver of the opportunity to contest the setoff. In the case of a joint return or a joint refund, the notice shall also state the name of the taxpayer named in the return, if any, against whom no debt is claimed, the fact that a debt is not claimed against such taxpayer, the fact that such taxpayer is entitled to receive a refund if it is due him or her regardless of the debt asserted against his or her spouse, and that, in order to obtain a refund due him or her, such taxpayer must apply in writing for a hearing with the claimant agency named in the notice within thirty (30) days of the date of the mailing of the notice. The failure of a taxpayer to apply in writing for a hearing within such time will constitute waiver of the opportunity to contest the setoff.

(c) The claimant agency shall pay the department a fee, not to exceed Seventeen Dollars ($17.00), in each case in which a tax refund is identified as being available for setoff by the department. Such fee shall be deposited by the department into a special fund hereby created in the State Treasury, out of which the Legislature shall appropriate monies to defray expenses of the department in employing personnel to administer the provisions of this section.

(5) (a) When the claimant agency receives a protest or an application in writing from a taxpayer within thirty (30) days of the notice issued by the department, the claimant agency shall set a date to hear the protest and give notice to the taxpayer through the United States Postal Service or electronic digital transfer of the date so set. The time and place of such hearing shall be designated in such notice, and the date set shall be not less than fifteen (15) days from the date of such notice. If, at the hearing, the sum asserted as due and owing is found not to be correct, an adjustment to the claim may be made. The claimant agency shall give notice to the debtor of its final determination as provided in paragraph (c) of this subsection.

(b) No issues shall be reconsidered at the hearing which have been previously litigated.

(c) If any debtor is dissatisfied with the final determination made at the hearing by the claimant agency, he or she may appeal the final determination to the circuit court of the county in which the main office of the claimant agency is located by filing notice of appeal, within thirty (30) days of the date the notice of final determination was given by the claimant agency, with the administrative head of the claimant agency and with the clerk of the circuit court of the county in which the appeal shall be taken.

(6) Upon final determination of the amount of the debt due and owing by means of hearing or by the taxpayer's default through failure to submit a timely request for review, the claimant agency shall irreversibly recoup the amount of the debt due and owing and shall credit such amount to the debtor's obligation.

(7) (a) Pursuant to Section 27-7-83, the department may provide to a claimant agency all information necessary to accomplish and effectuate the intent of this section.

(b) The information obtained by the claimant agency from the department in accordance with the provisions of this section shall retain its confidentiality and shall only be used by the claimant agency in the pursuit of its debt collection duties and practices. Any employee or prior employee of the claimant agency who unlawfully discloses any such information for any other purpose, except as specifically authorized by law, shall be subject to the same penalties specified by law for unauthorized confidential information by an agent or employee of the department.

SECTION 2. Section 27-7-83, Mississippi Code of 1972, is amended as follows:

(b) If an individual described in paragraph (a) is legally incompetent, the applicable return shall, upon written request, be open to inspection by or disclosure to the committee, trustee or guardian of his estate.

(c) If substantially all of the property of the person with respect to whom the return is filed is in the hands of a trustee in bankruptcy or receiver, such return or returns for prior years of such person shall, upon written request, be open to inspection by or disclosure to such trustee or receiver, but only if the Commissioner of Revenue finds that such receiver or trustee, in his fiduciary capacity, has a material interest which will be affected by information contained therein.

(d) Any return to which this section applies shall, upon written request, also be open to inspection by or disclosure to the attorney-in-fact duly authorized in writing by any of the persons described in paragraph (a) of this subsection to inspect the return or receive the information on his behalf, subject to the conditions provided in paragraph (a).

(e) Return information with respect to any taxpayer may be open to inspection by or disclosure to any person authorized by this subsection to inspect any return of such taxpayer if the Commissioner of Revenue determines that such disclosure would not seriously impair state tax administration.

(4) The State Auditor and the employees of his office shall have the right to examine only such tax returns as are necessary for auditing the Department of Revenue and auditing benefits administered under the United States Department of Health and Human Services and the United States Department of Agriculture. There is created in the State Treasury a special fund to be designated as the "ARPA - MDOT Maintenance Project Fund," which shall consist of funds made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund. The Department of Transportation may escalate its budget upon receiving Coronavirus State Fiscal Recovery Fund and expend such funds in accordance with rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

The Department of Transportation shall determine if a project is eligible based upon Section 602 of the federal Social Security Act as added by Section 9901 of the federal American Rescue Plan Act of 2021 (ARPA) and its implementing guidelines, guidance, rules, regulations and/or other criteria, as may be amended or supplemented from time to time, by the United States Department of the Treasury, including, but not limited to, Federal Register Volume 88, Issue 181, September 20, 2023, which allows for Surface Transportation projects.

The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(a) Approve all purchasing regulations governing the purchase or lease by any agency, as defined in Section 31-7-1, of commodities and equipment, except computer equipment acquired pursuant to Sections 25-53-1 through 25-53-29;

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act.

(ii) From and after July 1, 2024, the Public Procurement Review Board shall promulgate rules and regulations that require the Department of Finance and Administration to conduct personal and professional services solicitations as provided in subparagraph (i) of this paragraph for those services in excess of Seventy-five Thousand Dollars ($75,000.00) for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority, with assistance to be provided from these entities. Any powers that have been conferred upon agencies in order to comply with the provisions of this section for personal and professional services solicitations shall be conferred upon the Department of Finance and Administration to conduct personal and professional services solicitations for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority for those services in excess of Seventy-five Thousand Dollars ($75,000.00). The Department of Finance and Administration shall make any submissions that are required to be made by other agencies to the Public Procurement Review Board for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority.

The provisions of this subparagraph (ii) shall stand repealed on June 30, 2027;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars ($75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;

2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;

3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;

4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and

5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from

the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal

relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts. Nothing in this section shall impair or limit the authority of the State Treasurer to enter into any personal or professional services contracts involving the management of trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Through December 31, * * * 2025, the provisions of this section related to rental agreements or leasing of real property for the purpose of conducting agency business shall not apply to the Office of Workforce Development created in Section 37-153-7.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

This definition shall include, but not be limited to, private, church, parochial and home instruction programs.

(a) When a compulsory-school-age child is physically, mentally or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation.

However, in the event the child has been enrolled in a public school within fifteen (15) calendar days after the first day of the school year as required in subsection (6), the parent or custodian may, at a later date, enroll the child in a legitimate nonpublic school or legitimate home instruction program and send the certificate of enrollment to the school attendance officer and be in compliance with this subsection.

For the purposes of this subsection, a legitimate nonpublic school or legitimate home instruction program shall be those not operated or instituted for the purpose of avoiding or circumventing the compulsory attendance law.

(4) An "unlawful absence" is an absence for an entire school day or during part of a school day by a compulsory-school-age child, which absence is not due to a valid excuse for temporary nonattendance. For purposes of reporting absenteeism under subsection (6) of this section, if a compulsory-school-age child has an absence that is more than thirty-seven percent (37%) of the instructional day, as fixed by the school board for the school at which the compulsory-school-age child is enrolled, the child must be considered absent the entire school day. Days missed from school due to disciplinary suspension shall not be considered an "excused" absence under this section. This subsection shall not apply to children enrolled in a nonpublic school.

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory-school-age child enrolled in a noncharter public school, provided satisfactory evidence of the excuse is provided to the superintendent of the school district, or his designee:

(a) An absence is excused when the absence results from the compulsory-school-age child's attendance at an authorized school activity with the prior approval of the superintendent of the school district, or his designee. These activities may include field trips, athletic contests, student conventions, musical festivals and any similar activity.

(b) An absence is excused when the absence results from illness or injury which prevents the compulsory-school-age child from being physically able to attend school.

(c) An absence is excused when isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.

(d) An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family members of a compulsory-school-age child shall include children, spouse, grandparents, parents, brothers and sisters, including stepbrothers and stepsisters.

(e) An absence is excused when it results from a medical or dental appointment of a compulsory-school-age child.

(f) An absence is excused when it results from the attendance of a compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action or under subpoena as a witness.

(g) An absence may be excused if the religion to which the compulsory-school-age child or the child's parents adheres, requires or suggests the observance of a religious event. The approval of the absence is within the discretion of the superintendent of the school district, or his designee, but approval should be granted unless the religion's observance is of such duration as to interfere with the education of the child.

(h) An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that the purpose of the absence is to take advantage of a valid educational opportunity such as travel, including vacations or other family travel. Approval of the absence must be gained from the superintendent of the school district, or his designee, before the absence, but the approval shall not be unreasonably withheld.

(i) An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that conditions are sufficient to warrant the compulsory-school-age child's nonattendance. However, no absences shall be excused by the school district superintendent, or his designee, when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law.

(j) An absence is excused when it results from the attendance of a compulsory-school-age child participating in official organized events sponsored by the 4-H or Future Farmers of America (FFA). The excuse for the 4-H or FFA event must be provided in writing to the appropriate school superintendent by the Extension Agent or High School Agricultural Instructor/FFA Advisor.

(k) An absence is excused when it results from the compulsory-school-age child officially being employed to serve as a page at the State Capitol for the Mississippi House of Representatives or Senate.

(5) Any parent, guardian or custodian of a compulsory-school-age child subject to this section who refuses or willfully fails to perform any of the duties imposed upon him or her under this section or who intentionally falsifies any information required to be contained in a certificate of enrollment, shall be guilty of contributing to the neglect of a child and, upon conviction, shall be punished in accordance with Section 97-5-39.

Upon prosecution of a parent, guardian or custodian of a compulsory-school-age child for violation of this section, the presentation of evidence by the prosecutor that shows that the child has not been enrolled in school within eighteen (18) calendar days after the first day of the school year of the public school which the child is eligible to attend, or that the child has accumulated twelve (12) unlawful absences during the school year at the public school in which the child has been enrolled, shall establish a prima facie case that the child's parent, guardian or custodian is responsible for the absences and has refused or willfully failed to perform the duties imposed upon him or her under this section. However, no proceedings under this section shall be brought against a parent, guardian or custodian of a compulsory-school-age child unless the school attendance officer has contacted promptly the home of the child and has provided written notice to the parent, guardian or custodian of the requirement for the child's enrollment or attendance.

(6) If a compulsory-school-age child has not been enrolled in a school within fifteen (15) calendar days after the first day of the school year of the school which the child is eligible to attend or the child has accumulated five (5) unlawful absences during the school year of the public school in which the child is enrolled, the school district superintendent, or his designee, shall report, within two (2) school days or within five (5) calendar days, whichever is less, the absences to the school attendance officer. The State Department of Education shall prescribe a uniform method for schools to utilize in reporting the unlawful absences to the school attendance officer. The superintendent, or his designee,

also shall report any student suspensions or student expulsions to the school attendance officer when they occur.

(7) When a school attendance officer has made all attempts to secure enrollment and/or attendance of a compulsory-school-age child and is unable to effect the enrollment and/or attendance, the attendance officer shall file a petition with the youth court under Section 43-21-451 or shall file a petition in a court of competent jurisdiction as it pertains to parent or child. Sheriffs, deputy sheriffs and municipal law enforcement officers shall be fully authorized to investigate all cases of nonattendance and unlawful absences by compulsory-school-age children, and shall be authorized to file a petition with the youth court under Section 43-21-451 or file a petition or information in the court of competent jurisdiction as it pertains to parent or child for violation of this section. The youth court shall expedite a hearing to make an appropriate adjudication and a disposition to ensure compliance with the Compulsory School Attendance Law, and may order the child to enroll or re-enroll in school. The superintendent of the school district to which the child is ordered may assign, in his discretion, the child to the alternative school program of the school established pursuant to Section 37-13-92.

(8) The State Board of Education shall adopt rules and regulations for the purpose of reprimanding any school superintendents who fail to timely report unexcused absences under the provisions of this section.

(9) Notwithstanding any provision or implication herein to the contrary, it is not the intention of this section to impair the primary right and the obligation of the parent or parents, or person or persons in loco parentis to a child, to choose the proper education and training for such child, and nothing in this section shall ever be construed to grant, by implication or otherwise, to the State of Mississippi, any of its officers, agencies or subdivisions any right or authority to control, manage, supervise or make any suggestion as to the control, management or supervision of any private or parochial school or institution for the education or training of children, of any kind whatsoever that is not a public school according to the laws of this state; and this section shall never be construed so as to grant, by implication or otherwise, any right or authority to any state agency or other entity to control, manage, supervise, provide for or affect the operation, management, program, curriculum, admissions policy or discipline of any such school or home instruction program.

in any day or for any patient in the nursing facility. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the nursing facility if the ownership of the nursing facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify any of the beds in the nursing facility for participation in the Medicaid program. If the nursing facility violates the terms of the written agreement by admitting or keeping in the nursing facility on a regular or continuing basis any patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the nursing facility, at the time that the department determines, after a hearing complying with due process, that the nursing facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (n), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (n) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(o) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Leake County, provided that the

recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (o), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (o) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(p) The department may issue a certificate of need for the construction of a municipally owned nursing facility within the Town of Belmont in Tishomingo County, not to exceed sixty (60) beds, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (p), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as reported in the current State Health Plan is waived for the purposes of this paragraph. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance

of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(q) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next four (4) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each county in the state having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, in the manner provided in this paragraph (q). The total number of nursing facility beds that may be authorized by any certificate of need authorized under this paragraph (q) shall not exceed sixty (60) beds.

(ii) Subject to the provisions of subparagraph (v), during each of the next four (4) fiscal years, the department shall issue six (6) certificates of need for new nursing facility beds, as follows: During fiscal years 2000, 2001 and 2002, one (1) certificate of need shall be issued for new nursing facility beds in the county in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan that has the highest need in the district for those beds; and two (2) certificates of need shall be issued for new nursing facility beds in the two (2) counties from the state at large that have the highest need in the state for those beds, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. During fiscal year 2003, one (1) certificate of need shall be issued for new nursing facility beds in any county having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, that has not received a certificate of need under this paragraph (q) during the three (3) previous fiscal years. During fiscal year 2000, in addition to the six (6) certificates of need authorized in this subparagraph, the department also shall issue a certificate of need for new nursing facility beds in Amite County and a certificate of need for new nursing facility beds in Carroll County.

(iii) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in each Long-Term Care Planning District during each fiscal year shall first be available for nursing facility beds in the county in the district having the highest need for those beds, as shown in the fiscal year 1999 State Health Plan. If there are no applications for a certificate of need for nursing facility beds in the county having the highest need for those beds by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties in the district in descending order of the need for those beds, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county in the district.

(iv) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in the two (2) counties from the state at large during each fiscal year shall first be available for nursing facility beds in the two (2) counties that have the highest need in the state for those beds, as shown in the fiscal year 1999 State Health Plan, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. If there are no applications for a certificate of need for nursing facility beds in either of the two (2) counties having the highest need for those beds on a statewide basis by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties from the state at large in descending order of the need for those beds on a statewide basis, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county from the state at large.

(v) If a certificate of need is authorized to be issued under this paragraph (q) for nursing facility beds in a county on the basis of the need in the Long-Term Care Planning District during any fiscal year of the four-year period, a certificate of need shall not also be available under this paragraph (q) for additional

nursing facility beds in that county on the basis of the need in the state at large, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in the state at large for that fiscal year. After a certificate of need has been issued under this paragraph (q) for nursing facility beds in a county during any fiscal year of the four-year period, a certificate of need shall not be available again under this paragraph (q) for additional nursing facility beds in that county during the four-year period, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in succeeding fiscal years.

(vi) If more than one (1) application is made for a certificate of need for nursing home facility beds available under this paragraph (q), in Yalobusha, Newton or Tallahatchie County, and one (1) of the applicants is a county-owned hospital located in the county where the nursing facility beds are available, the department shall give priority to the county-owned hospital in granting the certificate of need if the following conditions are met:

1. The county-owned hospital fully meets all applicable criteria and standards required to obtain a certificate of need for the nursing facility beds; and

2. The county-owned hospital's qualifications for the certificate of need, as shown in its application and as determined by the department, are at least equal to the qualifications of the other applicants for the certificate of need.

(r) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next two (2) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan, to provide care exclusively to patients with Alzheimer's disease.

(ii) Not more than twenty (20) beds may be authorized by any certificate of need issued under this paragraph (r), and not more than a total of sixty (60) beds may be authorized in any Long-Term Care Planning District by all certificates of need issued under this paragraph (r). However, the total number of beds that may be authorized by all certificates of need issued under this paragraph (r) during any fiscal year shall not exceed one hundred twenty (120) beds, and the total number of beds that may be authorized in any Long-Term Care Planning District during any fiscal year shall not exceed forty (40) beds. Of the certificates of need that are issued for each Long-Term Care Planning District during the next two (2) fiscal years, at least one (1) shall be issued for beds in the northern part of the district, at least one (1) shall be issued for beds in the central part of the district, and at least one (1) shall be issued for beds in the southern part of the district.

(iii) The State Department of Health, in consultation with the Department of Mental Health and the Division of Medicaid, shall develop and prescribe the staffing levels, space requirements and other standards and requirements that must be met with regard to the nursing facility beds authorized under this paragraph (r) to provide care exclusively to patients with Alzheimer's disease.

(s) The State Department of Health may issue a certificate of need to a nonprofit skilled nursing facility using the Green House model of skilled nursing care and located in Yazoo City, Yazoo County, Mississippi, for the construction, expansion or conversion of not more than nineteen (19) nursing facility beds. For purposes of this paragraph (s), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this paragraph (s).

(t) The State Department of Health shall issue certificates of need to the owner of a nursing facility in operation at the time of Hurricane Katrina in Hancock County that was not operational on December 31, 2005, because of damage sustained from Hurricane Katrina to authorize the following: (i) the construction of a new nursing facility in Harrison County; (ii) the relocation of forty-nine (49) nursing facility beds from the Hancock County facility to the new Harrison County facility; (iii) the establishment of not more than twenty (20) non-Medicaid nursing facility beds at the Hancock County facility; and (iv) the establishment of not more than twenty (20) non-Medicaid beds at the new Harrison County facility. The certificates of need that authorize the non-Medicaid nursing facility beds under subparagraphs (iii) and (iv) of this paragraph (t) shall be subject to the following conditions: The owner of the Hancock County facility and the new Harrison County facility must agree in writing that no more than fifty (50) of the beds at the Hancock County facility and no more than forty-nine (49) of the beds at the Harrison County facility will be certified for participation in the Medicaid program, and that no claim will be submitted for Medicaid reimbursement for more than fifty (50) patients in the Hancock County facility in any month, or for more than forty-nine (49) patients in the Harrison County facility in any month, or for any patient in either facility who is in a bed that is not Medicaid-certified. This written agreement by the owner of the nursing facilities shall be a condition of the issuance of the certificates of need under this paragraph (t), and the agreement shall be fully binding on any later owner or owners of either facility if the ownership of either facility is transferred at any time after the certificates of need are issued. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifty (50) of the beds at the Hancock County facility or more than forty-nine (49) of the beds at the Harrison County facility for participation in the Medicaid program. If the Hancock County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifty (50) patients who are participating in the Medicaid program, or if the Harrison County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than forty-nine (49) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility that is in violation of the agreement, at the time that the department determines, after a hearing complying with due process, that the facility has violated the agreement.

(u) The State Department of Health shall issue a certificate of need to a nonprofit venture for the establishment, construction and operation of a skilled nursing facility of not more than sixty (60) beds to provide skilled nursing care for ventilator dependent or otherwise medically dependent pediatric patients who require medical and nursing care or rehabilitation services to be located in a county in which an academic medical center and a children's hospital are located, and for any construction and for the acquisition of equipment related to those beds. The facility shall be authorized to keep such ventilator dependent or otherwise medically dependent pediatric patients beyond age twenty-one (21) in accordance with regulations of the State Board of Health. For purposes of this paragraph (u), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived, and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. The beds authorized by this paragraph shall be counted as pediatric skilled nursing facility beds for health planning purposes under Section 41-7-171 et seq. There shall be no prohibition of or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized by this paragraph.

(3) The State Department of Health may grant approval for and issue certificates of need to any person proposing the new construction of, addition to, conversion of beds of or expansion of any health care facility defined in subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h). The total number of beds which may be authorized by such certificates of need shall not exceed three hundred thirty-four (334) beds for the entire state.

This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program for the use of any patients other than those who are participating only in the Medicaid program of another state. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than thirty (30) patients who are participating in the Mississippi Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifteen (15) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing

As a condition of issuance of the certificate of need under this paragraph, the facility shall give priority in admissions to the child/adolescent psychiatric residential treatment facility beds authorized under this paragraph to patients who otherwise would require out-of-state placement. The Division of Medicaid, in conjunction with the Department of Human Services, shall furnish the facility a list of all out-of-state patients on a quarterly basis. Furthermore, notice shall also be provided to the parent, custodial parent or guardian of each out-of-state patient notifying them of the priority status granted by this paragraph. Upon receiving 2020 census data, the department may amend the State Health Plan regarding child/adolescent psychiatric and child/adolescent chemical dependency beds to reflect the need based on new census data.

There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this subsection (8).

(10) Health care facilities owned and/or operated by the state or its agencies are exempt from the restraints in this section against issuance of a certificate of need if such addition or expansion consists of repairing or renovation necessary to comply with the state licensure law. This exception shall not apply to the new construction of any building by such state facility. This exception shall not apply to any health care facilities owned and/or operated by counties, municipalities, districts, unincorporated areas, other defined persons, or any combination thereof.

(c) The exemption from Certificate of Need Law provided under this subsection (13) is valid for only five (5) years from the date of the Governor's or the President's proclamation. If actual construction has not begun within that five-year period, the exemption provided under this subsection is inapplicable; and

(d) The Division of Health Facilities Licensure and Certification of the State Department of Health shall provide the same oversight for the repair or the rebuilding of the damaged health care facility that it provides to all health care facility construction projects in the state.

For the purposes of this subsection (13), "significant damage" to a health care facility means damage to the health care facility requiring an expenditure of at least One Million Dollars ($1,000,000.00).

For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(17) The State Department of Health shall issue a certificate of need for the construction of an acute care hospital in Kemper County, not to exceed twenty-five (25) beds, which shall be named the "John C. (19) [Repealed]

(20) Nothing in this section or in any other provision of Section 41-7-171 et seq. shall prevent any nursing facility from designating an appropriate number of existing beds in the facility as beds for providing care exclusively to patients with Alzheimer's disease.

43-18-1. The Governor, on behalf of this state, is * * * authorized to execute a compact in substantially the following form with all other jurisdictions legally joining therein; and the Legislature * * * signifies in advance its approval and ratification of such compact, which compact is as follows:

INTERSTATE COMPACT ON THE PLACEMENT OF CHILDREN

ARTICLE I.

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis on which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II.

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for * * * persons with mental illness or persons with an intellectual disability or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III.

(a) No sending agency shall send, bring or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV.

The sending, bringing or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

ARTICLE V.

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

ARTICLE VI.

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII.

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII.

This compact shall not apply to:

(a) The sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or nonagency guardian in the receiving state.

(b) Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between * * * those states which has the force of law.

ARTICLE IX.

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and, with the consent of Congress, the government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X.

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase,

clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Any entity eligible under this section may receive either a loan or a grant, or both. No grant awarded under the program established in this section may be made using funds from the loan program. An incorporated municipality that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75, as may be required to meet the repayment schedule contained in the loan agreement. All recipients of such loans shall establish a dedicated source of revenue for repayment of the loan. Before any county or incorporated municipality shall receive any loan, it shall have executed with the Department of Revenue and the board a loan agreement evidencing that loan. The loan agreement shall not be construed to prohibit any recipient from prepaying any part or all of the funds received. The repayment schedule in each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, the annual total of which shall not exceed the annual total for any other year of the loan by more than fifteen percent (15%). Except as otherwise provided in subsection (4) of this section, the loan agreement shall provide for the repayment of all funds received from the revolving fund within not more than fifteen (15) years or a term as otherwise allowed by the federal Safe Drinking Water Act, and all funds received from the emergency fund within not more than five (5) years from the date of project completion, and any repayment shall commence not later than one (1) year after project completion. The Department of Revenue shall withhold semiannually from counties and monthly from incorporated municipalities from the amount to be remitted to the county or municipality, a sum equal to the next repayment as provided in the loan agreement.

(e) Any county, incorporated municipality, district or other water organization desiring to construct a project approved by the board which receives a loan from the state for that purpose but which is not eligible to pledge for repayment under the provisions of paragraph (d) of this subsection shall repay that loan by making payments each month to the State Treasurer through the Department of Finance and Administration for and on behalf of the board according to Section 7-7-15, to be credited to either the revolving fund or the emergency fund, whichever is appropriate, in lieu of pledging homestead exemption annual tax loss reimbursement or sales tax revenue distribution.

(f) Any district created pursuant to Sections 19-5-151 through 19-5-207 that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the revenues received by that district pursuant to Sections 19-5-151 through 19-5-207, as may be required to meet the repayment schedule contained in the loan agreement.

(g) The State Auditor, upon request of the board, shall audit the receipts and expenditures of a county, an incorporated municipality, district or other water organization whose loan repayments appear to be in arrears, and if the Auditor finds that the county, incorporated municipality, district or other water organization is in arrears in those repayments, the Auditor shall immediately notify the chairman of the board who may take

any action as may be necessary to enforce the terms of the loan agreement, including liquidation and enforcement of the security given for repayment of the loan, and the Executive Director of the Department of Finance and Administration who shall withhold all future payments to the county of homestead exemption annual tax loss reimbursements under Section 27-33-77 and all sums allocated to the county or the incorporated municipality under Section 27-65-75 until such time as the county or the incorporated municipality is again current in its loan repayments as certified by the board.

(h) Except as otherwise provided in this section, all monies deposited in the revolving fund or the emergency fund, including loan repayments and interest earned on those repayments, shall be used only for providing loans or other financial assistance to water systems as the board deems appropriate. In addition, any amounts in the revolving fund or the emergency fund may be used to defray the reasonable costs of administering the revolving fund or the emergency fund and conducting activities under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, subject to any limitations established in the federal Safe Drinking Water Act, as amended and subject to annual appropriation by the Legislature. The department is authorized, upon approval by the board, to use amounts available to it from the revolving fund or the emergency fund to contract for those facilities and staff needed to administer and provide routine management for the funds and loan program. However, notwithstanding any other provision of law to the contrary, all or any portion of repayments of principal and interest derived from the fund uses described in this section may be designated or pledged for repayment of a loan as provided for in Section 31-25-28 in connection with a loan from the Mississippi Development Bank.

(3) In administering this section and Sections 6 through 20 of Chapter 521, Laws of 1995, the board created in subsection (1) of this section shall have the following powers and duties:

(a) To supervise the use of all funds made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for local governments and rural water systems improvements;

The board may require any loan or grant recipient to undergo a water system viability analysis and may require a loan or grant recipient to implement any result of the viability analysis. If the loan recipient fails to implement any result of a viability analysis as required by the board, the board may impose a monetary penalty or increase the interest rate on the loan, or both. If the grant recipient fails to implement any result of a viability analysis as required by the board, the board may impose a monetary penalty on the grant;

(d) To review and certify all projects for which funds are authorized to be made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for local governments and rural water systems improvements;

For efficient and effective administration of the loan program, revolving fund and emergency fund, the board may authorize the department or the State Health Officer to carry out any or all of the powers and duties enumerated above.

(4) The board may, on a case-by-case basis and to the extent allowed by federal law, renegotiate the payment of principal and interest on loans made under this section to the six (6) most southern counties of the state covered by the Presidential Declaration of Major Disaster for the State of Mississippi (FEMA-1604-DR) dated August 29, 2005, and to incorporated municipalities, districts or other water organizations located in such counties; however, the interest on the loans shall not be forgiven for a period of more than twenty-four (24) months and the maturity of the loans shall not be extended for a period of more than forty-eight (48) months.

After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify any of the beds in the nursing facility for participation in the Medicaid program. If the nursing facility violates the terms of the written agreement by admitting or keeping in the nursing facility

on a regular or continuing basis any patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the nursing facility, at the time that the department determines, after a hearing complying with due process, that the nursing facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (n), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (n) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(o) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Leake County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (o),

and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (o) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (p), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as reported in the current State Health Plan is waived for the purposes of this paragraph. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(q) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next four (4) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each county in the state having a need for fifty (50) or more additional nursing facility

beds, as shown in the fiscal year 1999 State Health Plan, in the manner provided in this paragraph (q). The total number of nursing facility beds that may be authorized by any certificate of need authorized under this paragraph (q) shall not exceed sixty (60) beds.

(ii) Subject to the provisions of subparagraph (v), during each of the next four (4) fiscal years, the department shall issue six (6) certificates of need for new nursing facility beds, as follows: During fiscal years 2000, 2001 and 2002, one (1) certificate of need shall be issued for new nursing facility beds in the county in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan that has the highest need in the district for those beds; and two (2) certificates of need shall be issued for new nursing facility beds in the two (2) counties from the state at large that have the highest need in the state for those beds, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. During fiscal year 2003, one (1) certificate of need shall be issued for new nursing facility beds in any county having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, that has not received a certificate of need under this paragraph (q) during the three (3) previous fiscal years. During fiscal year 2000, in addition to the six (6) certificates of need authorized in this subparagraph, the department also shall issue a certificate of need for new nursing facility beds in Amite County and a certificate of need for new nursing facility beds in Carroll County.

(iii) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in each Long-Term Care Planning District during each fiscal year shall first be available for nursing facility beds in the county in the district having the highest need for those beds, as shown in the fiscal year 1999 State Health Plan. If there are no applications for a certificate of need for nursing facility beds in the county having the highest need for those beds by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties in the district in descending order of the need for those beds, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county in the district.

(iv) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in the two (2) counties from the state at large during each fiscal year shall first be available for nursing facility beds in the two (2) counties that have the highest need in the state for those beds, as shown in the fiscal year 1999 State Health Plan, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. If there are no applications for a certificate of need for nursing facility beds in either of the two (2) counties having the highest need for those beds on a statewide basis by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties from the state at large in descending order of the need for those beds on a statewide basis, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county from the state at large.

(v) If a certificate of need is authorized to be issued under this paragraph (q) for nursing facility beds in a county on the basis of the need in the Long-Term Care Planning District during any fiscal year of the four-year period, a certificate of need shall not also be available under this paragraph (q) for additional nursing facility beds in that county on the basis of the need in the state at large, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in the state at large for that fiscal year. After a certificate of need has been issued under this paragraph (q) for nursing facility beds in a county during any fiscal year of the four-year period, a certificate of need shall not be available again under this paragraph (q) for additional nursing facility beds in that county during the four-year period, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in succeeding fiscal years.

(vi) If more than one (1) application is made for a certificate of need for nursing home facility beds available under this paragraph (q), in Yalobusha, Newton or Tallahatchie County, and one (1) of the applicants is a county-owned hospital located in the county where the nursing facility beds are available, the department shall give priority to the county-owned hospital in granting the certificate of need if the following conditions are met:

1. The county-owned hospital fully meets all applicable criteria and standards required to obtain a certificate of need for the nursing facility beds; and

2. The county-owned hospital's qualifications for the certificate of need, as shown in its application and as determined by the department, are at least equal to the qualifications of the other applicants for the certificate of need.

(r) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next two (2) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan, to provide care exclusively to patients with Alzheimer's disease.

(ii) Not more than twenty (20) beds may be authorized by any certificate of need issued under this paragraph (r), and not more than a total of sixty (60) beds may be authorized in any Long-Term Care Planning District by all certificates of need issued under this paragraph (r). (iii) The State Department of Health, in consultation with the Department of Mental Health and the Division of Medicaid, shall develop and prescribe the staffing levels, space requirements and other standards and requirements that must be met with regard to the nursing facility beds authorized under this paragraph (r) to provide care exclusively to patients with Alzheimer's disease.

(s) The State Department of Health may issue a certificate of need to a nonprofit skilled nursing facility using the Green House model of skilled nursing care and located in Yazoo City, Yazoo County, Mississippi, for the construction, expansion or conversion of not more than nineteen (19) nursing facility beds. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this paragraph (s).

This written agreement by the owner of the nursing facilities shall be a condition of the issuance of the certificates of need under this paragraph (t), and the agreement shall be fully binding on any later owner or owners of either facility if the ownership of either facility is transferred at any time after the certificates of need are issued. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifty (50) of the beds at the Hancock County facility or more than forty-nine (49) of the beds at the Harrison County facility for participation in the Medicaid program. If the Hancock County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifty (50) patients who are participating in the Medicaid program, or if the Harrison County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than forty-nine (49) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility that is in violation of the agreement, at the time that the department determines, after a hearing complying with due process, that the facility has violated the agreement.

This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital if the ownership of the hospital is transferred at any time after the issuance of the certificate of need. Agreement that the adult psychiatric beds will not be certified for participation in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subparagraph (v), and if such hospital at any time after the issuance of the certificate of need, regardless of the ownership of the hospital, has any of such adult psychiatric beds certified for participation in the Medicaid program or admits or keeps any Medicaid patients in such adult psychiatric beds, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital at the time that the department determines, after a hearing complying with due process, that the hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph and in the written agreement by the recipient of the certificate of need.

This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the long-term care hospital, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the long-term care hospital will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subsection (6), and if such long-term care hospital at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the long-term care hospital, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subsection and in the written agreement by the recipient of the certificate of need. Any hospital meeting all federal requirements for participation in the swing-bed program which receives such certificate of need shall render services provided under the swing-bed concept to any patient eligible for Medicare (Title XVIII of the Social Security Act) who is certified by a physician to be in need of such services, and no such hospital shall permit any patient who is eligible for both Medicaid and Medicare or eligible only for Medicaid to stay in the swing beds of the hospital for more than thirty (30) days per admission unless the hospital receives prior approval for such patient from the Division of Medicaid, Office of the Governor. Any hospital having more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal

regulations for participation in the swing-bed program which receives such certificate of need shall develop a procedure to ensure that before a patient is allowed to stay in the swing beds of the hospital, there are no vacant nursing home beds available for that patient located within a fifty-mile radius of the hospital. When any such hospital has a patient staying in the swing beds of the hospital and the hospital receives notice from a nursing home located within such radius that there is a vacant bed available for that patient, the hospital shall transfer the patient to the nursing home within a reasonable time after receipt of the notice. Any hospital which is subject to the requirements of the two (2) preceding sentences of this subsection may be suspended from participation in the swing-bed program for a reasonable period of time by the State Department of Health if the department, after a hearing complying with due process, determines that the hospital has failed to comply with any of those requirements.

(10) Health care facilities owned and/or operated by the state or its agencies are exempt from the restraints in this section against issuance of a certificate of need if such addition or expansion consists of repairing or renovation necessary to comply with the state licensure law. This exception shall not apply to the new construction of any building by such state facility. This exception shall not apply to any health care facilities owned and/or operated by counties, municipalities, districts, unincorporated areas, other defined persons, or any combination thereof.

(11) The new construction, renovation or expansion of or addition to any health care facility defined in subparagraph (ii) (psychiatric hospital) * * * and subparagraph (iv) (skilled nursing facility) * * * of Section 41-7-173(h) which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, and the addition of new beds or the conversion of beds from one category to another in any such defined health care facility which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(a) The repair or the rebuilding of any such damaged health care facility must be within one (1) mile of the pre-disaster location of the campus of the damaged health care facility, except that any temporary post-disaster health care facility operating location may be within five (5) miles of the pre-disaster location of the damaged health care facility;

(b) The repair or the rebuilding of the damaged health care facility (i) does not increase or change the complement of its bed capacity that it had before the Governor's or the President's proclamation, (ii) does not increase or change its levels and types of health care services that it provided before the Governor's or the President's proclamation, and (iii) does not rebuild in a different county; however, this paragraph does not restrict or prevent a health care facility from decreasing its bed capacity that it had before the Governor's or the President's proclamation, or from decreasing the levels of or decreasing or eliminating the types of health care services that it provided before the Governor's or the President's proclamation, when the damaged health care facility is repaired or rebuilt;

(c) The exemption from Certificate of Need Law provided under this subsection (13) is valid for only five (5) years from the date of the Governor's or the President's proclamation. If actual construction has not begun within that five-year period, the exemption provided under this subsection is inapplicable; and

(d) The Division of Health Facilities Licensure and Certification of the State Department of Health shall provide the same oversight for the repair or the rebuilding of the damaged health care facility that it provides to all health care facility construction projects in the state.

(15) The State Department of Health may authorize the transfer of hospital beds, not to exceed sixty (60) beds, from the North Panola Community Hospital to the South Panola Community Hospital. The authorization for the transfer of those beds shall be exempt from the certificate of need review process.

For purposes of this

subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(17) The State Department of Health shall issue a certificate of need for the construction of an acute care hospital in Kemper County, not to exceed twenty-five (25) beds, which shall be named the "John C. (18) The planning, design, construction, renovation, addition, furnishing and equipping of a clinical research unit at any health care facility defined in Section 41-7-173(h) that is under the direction and control of the University of Mississippi Medical Center and located in Jackson, Mississippi, and the addition of new beds or the conversion of beds from one (1) category to another in any such clinical research unit, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(19) [Repealed]

(20) Nothing in this section or in any other provision of Section 41-7-171 et seq. shall prevent any nursing facility from designating an appropriate number of existing beds in the facility as beds for providing care exclusively to patients with Alzheimer's disease.

(21) Nothing in this section or any other provision of Section 41-7-171 et seq. shall prevent any health care facility from the new construction, renovation, conversion or expansion of new beds in the facility designated as intensive care units, negative pressure rooms, or isolation rooms pursuant to the provisions of Sections 41-14-1 through 41-14-11, or Section 41-14-31. 41-7-193. (1) No person may enter into any financing arrangement or commitment for financing a new institutional health service or any other project requiring a certificate of need unless such certificate has been granted for such purpose. A certificate of need shall not be granted or issued to any person for any proposal, cause or reason, unless the proposal has been reviewed for consistency with the specifications and the criteria established by the State Department of Health and substantially complies with the * * * projected need and with the applicable criteria and standards presented in the state health plan in effect at the time the application for the proposal was submitted.

(2) The department shall disapprove any application for a certificate of need:

(a) That does not substantially comply with the projected need or with applicable criteria and standards presented in the state health plan;

(b) That fails to confirm that the applicant will provide a reasonable amount of indigent care, or if the applicant's admission policies deny or discourage access to care by indigent patients; or

(c) If such approval would have a significant adverse effect on the ability of an existing facility or service to provide indigent care.

(3) (a) The department may use a variety of statistical methodologies, including, but not limited to, market share analysis or patient origin data to determine substantial compliance with projected need and with applicable criteria and standards in the state health plan.

(b) For the purpose of subsection (2) of this section, a reasonable amount of indigent care is an amount that is comparable to the amount of such care offered by other providers of the requested service within the same, or proximate, geographic area. SECTION 4. Section 41-77-1, Mississippi Code of 1972, is amended as follows:

41-77-1. For purposes of this chapter:

(a) "Birthing center" * * * means a publicly or privately owned facility, place or institution constructed, renovated, leased or otherwise established where nonemergency births are planned to occur away from the mother's usual residence following a documented period of prenatal care for a normal uncomplicated pregnancy which has been determined to be low risk through a formal risk scoring examination. Care provided in a birthing center shall be provided by a licensed physician, or certified nurse midwife, and a registered nurse. Services provided in a birthing center shall be limited in the following manner: (i) surgical services shall be limited to those normally performed during uncomplicated childbirth, such as episiotomy and repair, and shall not include operative obstetrics or caesarean sections; (ii) labor shall not be inhibited, stimulated or augmented with chemical agents during the first or second stage of labor; (iii) systemic analgesia may be administered and local anesthesia for pudental block and episiotomy repair may be performed. General and conductive anesthesia shall not be administered at birthing centers; (iv) patients shall not remain in the facility in excess of twenty-four (24) hours.

Hospitals are excluded from the definition of a "birthing center" unless they choose to and are qualified to designate a portion or part of the hospital as a birthing center, and nothing herein shall be construed as referring to the usual service provided the pregnant female in the obstetric-gynecology service of an acute care hospital. Such facility or center, as heretofore stated, shall include the offices of physicians in private practice alone or in groups of two (2) or more; and such facility or center rendering service to pregnant female persons, as stated heretofore and by the rules and regulations promulgated by the licensing agency in furtherance thereof, shall be deemed to be a "birthing center" whether

using a similar or different name. Such center or facility if in any manner is deemed to be or considered to be operated or owned by a hospital or a hospital holding leasing or management company, for profit or not for profit, is required to comply with all birthing center standards governing a "hospital affiliated" birthing center as adopted by the licensing authority.

(b) "Hospital affiliated" birthing center * * * means a separate and distinct unit of a hospital or a building owned, leased, rented or utilized by a hospital and located in the same county as the hospital for the purpose of providing the service of a "birthing center." Such center or facility is not required to be licensed separately, and may operate under the license issued to the hospital if it is in compliance with Section 41-9-1 et seq., where applicable, and the rules and regulations promulgated by the licensing agency in furtherance thereof.

(c) "Freestanding" birthing center * * * means a separate and distinct facility or center or a separate and distinct organized unit of a hospital or other * * * entity for the purpose of performing the service of a "birthing center." Such facility or center must be separately licensed and must comply with all licensing standards promulgated by the licensing agency by virtue of this chapter. Further, such facility or center must be a separate, identifiable entity and must be physically, administratively and financially independent from other operations of any hospital or other health care facility or service and shall maintain a separate and required staff, including administrative staff. * * *

(d) "Licensing agency" * * * means the State Department of Health.

SECTION 5. Section 41-77-5, Mississippi Code of 1972, is amended as follows:

41-77-5. No person * * * or other entity, acting severally or jointly with any other person or entity, shall establish, conduct or maintain a "birthing center" in this state without a license under this chapter.

SECTION 6. Section 41-77-21, Mississippi Code of 1972, is amended as follows:

41-77-21. Any applicant or licensee aggrieved by the decision of the licensing agency after a hearing may, within thirty (30) days after the mailing or serving of notice of the decision as provided in Section 43-11-11, * * * file a notice of appeal to the Chancery Court of the First Judicial District of Hinds County or in the chancery court of the county in which the institution is located or proposed to be located. * * * Thereupon, the licensing agency shall * * * certify and file with the court a copy of the record and decision, including the transcript of the hearings in which the decision is based. No new or additional evidence shall be introduced in court; the case shall be determined upon the record certified to the court. The court may sustain or dismiss the appeal, modify or vacate the order complained of in whole or in part, as the case may be; but in case the order is wholly or partly vacated, the court may also, in its discretion, remand the matter to the licensing agency for such further proceedings, not inconsistent with the court's order, as, in the opinion of the court, justice may require. The order may not be vacated or set aside, either in whole or in part, except for errors of law, unless the court finds that the order of the licensing agency is not supported by substantial evidence, is contrary to the manifest weight of the evidence, is in excess of the statutory authority or jurisdiction of the licensing agency, or violates any vested constitutional rights of any party involved in the appeal. Pending final disposition of the matter, the status quo of the applicant or licensee shall be preserved, except as the court otherwise orders in the public interest. Rules with respect to court costs in other cases in chancery shall apply equally to cases hereunder. Appeals in accordance with law may be had to the Supreme Court of the State of Mississippi from any final judgment of the chancery court.

SECTION 7. Section 41-77-23, Mississippi Code of 1972, is amended as follows:

41-77-23. Any person or persons or other entity or entities establishing, managing or operating a "birthing center" or conducting the business of a "birthing center" without the required license, or which otherwise violate any of the provisions of this chapter * * * or the rules, regulations or standards promulgated in furtherance of any law in which the * * * licensing agency has authority therefor, shall be subject to the following penalties and sanctions of Section 41-7-209 * * *:

(a) Revocation of the license of the birthing center or a designated section, component or service thereof; or

(b) Nonlicensure of a specific or designated service offered by the birthing center.

In addition, any violation of any provision of this chapter or any rules or regulations promulgated in furtherance thereof by intent, fraud, deceit, unlawful design, willful and/or deliberate misrepresentation, or by careless, negligent or incautious disregard for such statutes or rules and regulations, either by persons acting individually or in concert with others, shall constitute a misdemeanor and shall be punishable by a fine not to exceed One Thousand Dollars ($1,000.00) for each such offense. Each day of continuing violation shall be considered a separate offense. Senator Bryan called up the following entitled bill:

H. B. No. 1640: Mental Health; revise procedures for screening, evaluation and commitments for those with issues of.

Senator Bryan offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-21-67, Mississippi Code of 1972, is amended as follows:

41-21-67. (1) (a) Prior to filing an affidavit for commitment of an individual, the relative or interested person shall be directed to the community mental health center in the county of financial responsibility or the county where the proposed patient is present for conduct of preliminary investigation to determine the need to file an affidavit for involuntary commitment. If the community mental health center is unavailable, any reputable licensed physician, psychologist, nurse practitioner or physician assistant, as allowed in the discretion of the court, may conduct the pre-affidavit screening and examination as set forth in Section 41-21-69. The pre-affidavit screening shall be completed within twenty-four (24) hours of the community mental health center being notified or before noon of the next day that the chancery clerk's office is in fact open, whichever is later. The community mental health center shall appoint a screener to conduct an investigation. The prospective petitioner may not be the pre-affidavit screener. The investigation must include:

(i) An interview with the proposed patient and other individuals who appear to have knowledge of the condition of the proposed patient, if practicable. In-person interviews with the proposed patient are preferred. If the proposed patient is not interviewed, specific reasons must be documented;

(ii) Identification and investigation of specific alleged conduct that is the basis for application;

(iii) Identification, exploration, and listing of the specific reasons for rejecting or recommending alternatives to involuntary commitment; and

(iv) In the case of a commitment based on mental illness, information relevant to treatment.

(b) In conducting the investigation required by this subsection, the screener shall have access to all relevant medical records of proposed patients currently in treatment facilities, state-operated treatment programs, or community-based treatment programs. Data collected pursuant to this clause shall be considered private data on individuals. The pre-affidavit screening report is not admissible as evidence in court except by agreement of counsel or as permitted by the rules of court and is not admissible in any court proceedings unrelated to the commitment proceedings.

(c) The notice must inform the proposed patient that if an affidavit for involuntary commitment is filed, the patient has certain rights, including the right to a court-appointed attorney, the right to attend hearings, and the right to oppose the proceeding and to present and contest evidence.

(d) When the pre-affidavit screener recommends commitment, a written report shall be sent to the chancery clerk for the county in which the petition is to be filed. The statement of facts contained in the written report must meet the requirements of Section 41-21-65(5), specifically certifying that a less restrictive alternative treatment was considered and specifying why treatment less restrictive than involuntary commitment is not appropriate.

(e) The pre-affidavit screener shall refuse to support the filing of an affidavit if the investigation does not disclose evidence sufficient to support commitment. Notice of the pre-affidavit screener's decision shall be provided to the court.

(f) If the interested person wishes to proceed with a petition contrary to the recommendation of the pre-affidavit screener, application may be made directly to the chancellor, who shall determine whether or not to proceed with the petition. Notice of the chancellor's determination shall be provided to the interested party.

(* * *2) * * * After a pre-affidavit screener has attempted to complete an in-person screening, if a person is actively violent or refuses to participate in the pre-affidavit screening and the screening cannot be completed, then upon recommendation of the community mental health center, the affidavit may be filed and a writ issued for a sheriff to intervene. After completing the pre-affidavit screening required by subsection (1) of this section, receiving the written report from the pre-affidavit screener, and upon filing of an affidavit of commitment, the clerk, upon direction of the chancellor of the court, shall issue a writ directed to the sheriff of the proper county to take into custody the person alleged to be in need of treatment and to take the person for pre-evaluation screening and treatment by the appropriate community mental health center established under Section 41-19-31. The community mental health center will be designated as the first point of entry for * * * pre-affidavit screening and treatment. * * * The * * * writ may provide where the person shall be held before being taken for * * * examination and treatment, which shall include any licensed medical facility or crisis stabilization unit. * * * Reapplication may be made to the chancellor. If a pauper's affidavit is filed by an affiant who is a guardian or conservator of a person in need of treatment, the court shall determine if either the affiant or the person in need of treatment is a pauper and if * * * the affiant or the person in need of treatment is determined to be a pauper, the county of the residence of the respondent shall bear the costs of commitment, unless funds for those purposes are made available by the state.

In any county in which a Crisis Intervention Team has been established under the provisions of Sections 41-21-131 through 41-21-143, the clerk, upon the direction of the

chancellor, may require that the person be referred to the Crisis Intervention Team for appropriate psychiatric or other medical services before the issuance of the writ.

(* * *3) Upon * * * receiving the pre-affidavit screening and filing of an affidavit of commitment, the chancellor shall immediately appoint and summon two (2) reputable, licensed physicians or one (1) reputable, licensed physician and either one (1) psychologist, nurse practitioner or physician assistant to conduct a physical and mental examination of the person at a place to be designated by the clerk or chancellor and to report their findings to the clerk or chancellor. However, if the pre-affidavit screening recommends against commitment, the chancellor may refuse to appoint two (2) physicians to conduct a physical and mental examination. However, any nurse practitioner or physician assistant conducting the examination shall be independent from, and not under the supervision of, the other physician conducting the examination. A nurse practitioner or psychiatric nurse practitioner conducting an examination under this chapter must be functioning within a collaborative or consultative relationship with a physician as required under Section 73-15-20(3). In all counties in which there is a county health officer, the county health officer, if available, may be one (1) of the physicians so appointed. If a licensed physician is not available to conduct the physical and mental examination within forty-eight (48) hours of the * * * pre-affidavit screening, the court, in its discretion and upon good cause shown, may permit the examination to be conducted by the following: (a) two (2) nurse practitioners, one (1) of whom must be a psychiatric nurse practitioner; or (b) one (1) psychiatric nurse practitioner and one (1) psychologist or physician assistant. Neither of the physicians nor the psychologist, nurse practitioner or physician assistant selected shall be related to that person in any way, nor have any direct or indirect interest in the estate of that person nor shall any full-time staff of residential treatment facilities operated directly by the State Department of Mental Health serve as examiner.

(* * *4) The clerk shall ascertain whether the respondent is represented by an attorney, and if it is determined that the respondent does not have an attorney, the clerk shall immediately notify the chancellor of that fact. If the chancellor determines that the respondent for any reason does not have the services of an attorney, the chancellor shall immediately appoint an attorney for the respondent at the time the examiners are appointed.

(* * *5) (a) If the chancellor determines that there is probable cause to believe that the respondent * * * has a mental illness and that there is no reasonable alternative to detention, the chancellor may order that the respondent be retained as an emergency patient at any licensed medical facility, crisis stabilization unit, or any other available suitable location for evaluation by a physician, nurse practitioner or physician assistant and that a peace officer transport the respondent to the specified facility, unit or location. If the community mental health center serving the county has partnered with Crisis Intervention Teams under the provisions of Sections 41-21-131 through 41-21-143, the order may specify that the licensed medical facility be a designated single point of entry within the county or within an adjacent county served by the community mental health center. If the person evaluating the respondent finds that the respondent * * * has a mental illness and in need of treatment, the chancellor may order that the respondent be retained at the licensed medical facility, crisis stabilization unit, or any other available suitable location as the court may so designate pending an admission hearing. If necessary, the chancellor may order a peace officer or other person to transport the respondent to that facility, or unit or suitable location. Any respondent so retained may be given such treatment as is indicated by standard medical practice. However, the respondent shall not be held in a hospital operated directly by the State Department of Mental Health * * *.

(b) A jail or other detention center may not be used for custody unless the community mental health center has explored and exhausted the availability of other appropriate facilities, such as the crisis stabilization unit, the local hospital and any Department of Mental Health certified location; the chancellor specifically authorizes it;

and the respondent is actively violent. The county of residence of any such person shall pay the cost of such interim treatment. The community mental health center shall provide documentation of the person's violent behavior and that no other appropriate facilities are available to the chancellor. Under these circumstances, no person may remain in a jail for longer than twenty-four (24) hours unless the community mental health center requests an additional twenty-four (24) hours from the chancellor. The community mental health center shall provide treatment during this timeframe pending placement at an appropriate facility. No peace officer or any other person shall place criminal charges against a person who has a mental illness and is in need of treatment pursuant to this chapter solely or primarily because the person has a mental illness or because of the unavailability of a state hospital bed.

For the purposes of this subsection (5), "actively violent" means that the behavior presents an immediate and serious danger to the safety of the individual or another, the individual has inflicted or attempted to inflict serious bodily harm on another, or has acted in such a way as to create a substantial risk of serious bodily harm to another, or has engaged in extreme destruction of property; and that there is a reasonable probability that this conduct will be repeated.

The provisions of this paragraph (b) shall not be construed to include jails that are designated as holding facilities under the requirement provided by Section 41-21-77.

(* * *6) (a) Whenever a licensed psychologist, nurse practitioner or physician assistant who is certified to complete examinations for the purpose of commitment or a licensed physician has reason to believe that a person poses an immediate substantial likelihood of physical harm to himself or others or is gravely disabled and unable to care for himself by virtue of mental illness, as defined in Section 41-21-61(e), then the physician, psychologist, nurse practitioner or physician assistant may hold the person or may admit the person to and treat the person in a licensed medical facility, without a civil order or warrant for a period not to exceed seventy-two (72) hours. However, if the seventy-two-hour period begins or ends when the chancery clerk's office is closed, or within three (3) hours of closing, and the chancery clerk's office will be continuously closed for a time that exceeds seventy-two (72) hours, then the seventy-two-hour period is extended until the end of the next business day that the chancery clerk's office is open. The person may be held and treated as an emergency patient at any licensed medical facility, available regional mental health facility, or crisis * * * stabilization unit. The physician or psychologist, nurse practitioner or physician assistant who holds the person shall certify in writing the reasons for the need for holding.

If a person is being held and treated in a licensed medical facility, and that person decides to continue treatment by voluntarily signing consent for admission and treatment, the seventy-two-hour hold may be discontinued without filing an affidavit for commitment. Any respondent so held may be given such treatment as indicated by standard medical practice. Persons acting in good faith in connection with the detention and reporting of a person believed to * * * have a mental illness shall incur no liability, civil or criminal, for those acts.

(b) Whenever an individual is held for purposes of receiving treatment as prescribed under paragraph (a) of this subsection, and it is communicated to the mental health professional holding the individual that the individual resides or has visitation rights with a minor child, and if the individual is considered to be a danger to the minor child, the mental health professional shall notify the Department of Child Protection Services prior to discharge if the threat of harm continues to exist, as is required under Section 43-21-353.

This paragraph (b) shall be known and may be cited as the "Andrew Lloyd Law."

SECTION 2. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-21-67, MISSISSIPPI CODE OF 1972, TO REQUIRE COMMUNITY MENTAL HEALTH CENTERS TO CONDUCT A PRELIMINARY INVESTIGATION BEFORE AN AFFIDAVIT FOR COMMITMENT IS FILED; TO PROHIBIT A JAIL OR OTHER DETENTION CENTER FROM BEING USED FOR CUSTODY UNLESS THE COMMUNITY MENTAL HEALTH CENTER HAS EXPLORED AND EXHAUSTED THE AVAILABILITY OF OTHER APPROPRIATE FACILITIES, SUCH AS THE CRISIS STABILIZATION UNIT, THE LOCAL HOSPITAL AND ANY DEPARTMENT OF MENTAL HEALTH CERTIFIED LOCATION UNLESS THE CHANCELLOR SPECIFICALLY AUTHORIZES IT AND THE RESPONDENT IS ACTIVELY VIOLENT; AND FOR RELATED PURPOSES.

27-103-204.1. Through the end of fiscal year 2028, the State Treasurer may borrow funds from the Working Cash-Stabilization Reserve Fund created in Section 27-103-203 to offset any temporary cash flow deficiencies in the GF Obligations Fund (Fund No. 22951000000). The amount borrowed from the Working Cash-Stabilization Reserve Fund under this section shall not exceed Two Hundred Fifty Million Dollars ($250,000,000.00) during any month. The State Treasurer may escalate his or her budget and expend the amount of any funds borrowed from the Working Cash-Stabilization Reserve Fund under this section in accordance with rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds. The State Treasurer shall reimburse the Working Cash-Stabilization Reserve Fund from the GF Obligations Fund for all sums borrowed for such temporary cash flow deficiency purposes within twenty (20) working days after the funds were borrowed. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of such funds.

SECTION 12. Section 37-21-51, Mississippi Code of 1972, is amended as follows:

37-21-51. (1) As used in this section:

(a) "Preschool or prekindergarten children" means any children who have not entered kindergarten but will have obtained four (4) years of age on or before September 1 of a school year.

(b) An "early learning collaborative" is a district or countywide council that writes and submits an application to participate in the voluntary prekindergarten

program. An early learning collaborative is comprised, at a minimum, of a public school district and/or a local Head Start affiliate if in existence, private or parochial schools, or one or more licensed child care centers. Agencies or other organizations that work with young children and their families may also participate in the collaborative to provide resources and coordination even if those agencies or organizations are not prekindergarten providers.

(c) A "prekindergarten provider" is a public, private or parochial school, licensed child care center or Head Start center that serves prekindergarten children and participates in the voluntary prekindergarten program.

(d) A "lead partner" is a public school district or other nonprofit entity with the instructional expertise and operational capacity to manage the early learning collaborative's prekindergarten program as described in the collaborative's approved application for funds. The lead partner serves as the fiscal agent for the collaborative and shall disburse awarded funds in accordance with the collaborative's approved application. The lead partner must facilitate a professional learning community for the teachers in the prekindergarten program and lead the collaborative. The lead partner ensures that the collaborative adopts and implements curriculum and assessments that align with the comprehensive early learning standards. The public school district shall be the lead partner if no other qualifying lead partner is selected.

(e) "Comprehensive early learning standards" are standards adopted by the State Board of Education that address the highest level of fundamental domains of early learning to include, but not be limited to, physical well-being and motor development, social/emotional development, approaches toward learning, language development and cognition and general knowledge. The comprehensive early learning standards shall also include standards for emergent literacy skills, including oral communication, knowledge of print and letters, phonological and phonemic awareness, and vocabulary and comprehension development.

(f) An "evidence-based curriculum" is an age-appropriate curriculum that demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on:

(i) Strong evidence from at least one (1) well-designed and well-implemented experimental study;

(ii) Moderate evidence from at least one (1) well-designed and well-implemented quasi-experimental study; or

(iii) Promising evidence from at least one (1) well-designed and well-implemented correlational study with statistical controls for selection bias.

(2) To ensure that all children have access to quality early childhood education and development services, the Legislature finds and declares the following:

(a) Parents have the primary duty to educate their young preschool children;

(b) The State of Mississippi can assist and educate parents in their role as the primary caregivers and educators of young preschool children;

(c) There is a need to explore innovative approaches and strategies for aiding parents and families in the education and development of young preschool children; and

(d) There exists a patchwork of prekindergarten entities but no coordination of services and there needs to be a coordination of these services.

(3) (a) This subsection shall be known and may be cited as the "Early Learning Collaborative Act of 2013."

(b) Effective with the 2013-2014 school year, the Mississippi State Department of Education shall establish a voluntary prekindergarten program, which shall be a collaboration among the entities providing prekindergarten programs including Head Start, licensed child care facilities and licensed public, parochial and private school prekindergarten programs. This program shall be implemented no later than the 2014-2015 school year. Enrollment in the prekindergarten program shall be coordinated with the Head Start agencies in the local areas and shall not be permitted to cause a reduction in children served by the Head Start program. Under this program, eligible entities may submit an application for funds to (i) defray the cost of additional and/or more qualified teaching staff, appropriate educational materials and equipment and to

improve the quality of educational experiences offered to four-year-old children in early care and education programs, and/or to (ii) extend developmentally appropriate education services at such programs currently serving four-year-old children to include practices of high quality instruction, and to (iii) administer, implement, monitor and evaluate the programs, and to (iv) defray the cost of professional development and age-appropriate child assessment.

(c) Subject to the availability of funds appropriated therefor, the State Department of Education shall administer the implementation, monitoring and evaluation of the voluntary prekindergarten program, including awards and the application process.

(i) The department shall establish a rigorous and transparent application process for the awarding of funds. Lead partners shall submit the applications on behalf of their early learning collaborative.

(ii) The department will establish monitoring policies and procedures that, at a minimum, will include at least one (1) site visit a year.

(iii) The department will provide technical assistance to collaboratives and their providers to improve the quality of prekindergarten programs. Technical assistance may include classroom-embedded support for teachers and assistant teachers.

(iv) The department will evaluate the effectiveness of each early childhood collaborative and each prekindergarten provider. If the State Department of Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall adopt a minimum rate of readiness that each prekindergarten provider must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program must submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

(d) Prekindergarten program funds shall be awarded to early childhood collaboratives whose proposed programs meet the program criteria. The criteria shall include:

(i) Voluntary enrollment of children;

(ii) Collaboration among prekindergarten providers and other early childhood programs through the establishment of an early learning collaborative;

(iii) Qualifications of master teachers, teachers and assistants, which must conform to guidelines in Section 37-21-3;

(iv) At least fifteen (15) hours of annual professional development for program instructional staff, including professional development in early literacy, and individualized professional development plans for all teachers and teaching assistants supplemented by classroom-embedded support on an as-needed basis;

(v) The use of state-adopted comprehensive early learning standards;

(vi) The use of a curriculum based on strong evidence as defined in subsection (1)(f)(i) of this section and aligned with the comprehensive early learning standards;

(vii) The use of a curriculum based on moderate evidence as defined in subsection (1)(f)(ii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum is available;

(viii) The use of a curriculum based on promising evidence as defined in subsection (1)(f)(iii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum or moderate-evidence curriculum is available;

(ix) The use of age-appropriate assessments aligned to the comprehensive early learning standards;

(x) Teacher/child ratios of one (1) adult for every ten (10) children with a maximum of twenty (20) children per classroom and a minimum of five (5) children per classroom;

(xi) The provision of at least one (1) meal meeting state and federal nutrition guidelines for young children;

(xii) Plans to screen and/or refer children for vision, hearing and other health issues;

(xiii) Family engagement opportunities;

(xiv) Plans to serve children with disabilities as indicated under IDEA;

(xv) The number of instructional hours to be provided, which shall equal no less than five hundred forty (540) instructional hours per school year for half-day programs and one thousand eighty (1,080) instructional hours per school year for full-day programs; and

(xvi) A budget detailing the use of funds for allowed expenses.

Participating child care centers shall: (a) meet state child care facility licensure requirements unless exempted under Section 43-20-5, Mississippi Code of 1972, and (b) select and utilize a nationally recognized assessment tool, approved by the State Department of Education, designed to document classroom quality, which must be in place not later than July 1, 2016, as certified by the State Department of Education.

Within the prekindergarten program, a prekindergarten provider must comply with the antidiscrimination requirements applicable to public schools. A prekindergarten provider may not discriminate against a parent or child, including the refusal to admit a child for enrollment in the prekindergarten program, in violation of these antidiscrimination requirements. However, a prekindergarten provider may refuse to admit a child based on the provider's standard eligibility guidelines, provided that these guidelines do not violate the antidiscrimination requirements. Consistent with the Legislature's recognition of the primacy of a parent's role in the education of a preschool-age child and the related recognition of the state in assisting and educating parents in that role, if the State Department of Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall recognize each child's unique pattern of development when adopting a minimum rate of readiness that prekindergarten providers must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program may submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

The State Department of Education may add program criteria not inconsistent with these requirements and shall develop policies and procedures to implement and enforce these criteria.

(e) The State Department of Education shall ensure that early learning collaboratives provide each parent enrolling a child in the voluntary prekindergarten program with a profile of every prekindergarten provider participating in the collaborative's geographic catchment area. The State Department of Education shall prescribe the information to be included in each profile as well as the format of the profiles. At a minimum, the profiles must include the prekindergarten provider's services, curriculum, instructor credentials and instructor-to-student ratio.

(f) A teacher, assistant teacher or other employee whose salary and fringe benefits are paid from state funds under this act shall only be classified as a state or local school district employee eligible for state health insurance benefits or membership in the Public Employees' Retirement System, if the person's employer is already an agency or instrumentality of the state, such as a school district, and the employee would be eligible for such benefits in the normal course of business.

(g) Funding shall be provided for this program beginning with the 2014 fiscal year subject to appropriation by the Legislature as provided in paragraph (h) of this subsection. The department shall make an annual report to the Legislature and the Governor regarding program operations and outcomes. Every three (3) years, with the first report due July 1, 2023, the department shall provide to the Legislature and the Governor a rigorous evaluation of program effectiveness using longitudinal data to measure short-term and long-term effects, including both achievement and nonachievement effects. After each three-year report, the PEER Committee shall review the three-year report and the intervening annual reports and submit an independent summary of its findings prior to the next legislative session.

(h) (i) The Legislature shall appropriate funds to implement the Early Education Collaborative Act of 2013 on a phased-in basis as follows:

1. The first phase shall be based on an annual state appropriation of not more than Eight Million Dollars ($8,000,000.00) and shall serve approximately three thousand five hundred (3,500) children through five (5) to eight (8) early learning collaboratives and their prekindergarten providers;

2. The second phase shall be based on an annual state appropriation of not more than Sixteen Million Dollars ($16,000,000.00) and shall serve approximately seven thousand (7,000) children through ten (10) to fifteen (15) early learning collaboratives and their prekindergarten providers;

3. The third phase shall be based on an annual state appropriation of not more than Thirty-three Million Nine Hundred Fifty Thousand Dollars ($33,950,000.00) and shall serve approximately fifteen thousand (15,000) children through twenty (20) to twenty-five (25) early learning collaboratives and their prekindergarten providers.

(ii) Future phases shall be based on interest in the program and the effectiveness of the program as determined by the school readiness of participants. Each phase shall last for at least three (3) years but no more than five (5) years. The State Department of Education shall determine when to move to a new phase of the program, within the timeline provided herein.

(iii) Funding shall be provided to early learning collaboratives on the basis of a minimum of Two Thousand Five Hundred Dollars ($2,500.00) per student in a full-day program per student in a full-day program and a minimum of One Thousand Two Hundred Fifty Dollars ($1,250.00) per student in a half-day program proposed in the collaborative's approved application. Once an early learning collaborative's plan is approved and funded, the collaborative and/or its prekindergarten providers shall receive funds on an ongoing basis unless the collaborative and/or its prekindergarten providers no longer meet the criteria to participate in the program.

(iv) Early learning collaboratives shall match state funds on a 1:1 basis. Local matching funds may include local tax dollars, federal dollars as allowed, parent tuition, philanthropic contributions, or in-kind donations of facilities, equipment and services required as part of the program such as food service or health screenings.

(v) The State Department of Education shall reserve no more than five percent (5%) of the appropriation in any year for administrative costs. * * *

(vi) In the initial phase of implementation, the State Department of Education shall award state funds under the Early Learning Collaborative Act of 2013 based on a community's capacity, commitment and need. To determine capacity, commitment and need, the State Department of Education shall require evidence of existing strong local collaborations of early education stakeholders. Such evidence shall include, but not be limited to, collaborations resulting from any of the following:

1. Participation in Excel By 5;

2. Participation in Supporting Partnerships to Assure Ready Kids (SPARK);

3. Participation in the Gilmore Early Learning Initiative (GELI); or

4. Participation in the Mississippi Building Blocks.

In determining community need, the department shall consider low academic achievement within the public school districts participating in an applicant early learning collaborative and the number and percentage of children without quality prekindergarten options.

(vii) All authority granted to the State Department of Education to establish program rules is subject to the public processes established in the provisions of the Mississippi Administrative Procedures Law, including, but not limited to, filing notice of the proposed rules, public hearings and any economic impact statement with the Office of the Secretary of State before presenting such information to the State Board of Education for final approval.

SECTION 13. Section 37-61-33, Mississippi Code of 1972, is amended as follows:

37-61-33. (1) There is created within the State Treasury a special fund to be designated the "Education Enhancement Fund" into which shall be deposited all the revenues collected pursuant to Sections 27-65-75(7) and (8) and 27-67-31(a) and (b).

(2) Of the amount deposited into the Education Enhancement Fund, Sixteen Million Dollars ($16,000,000.00) shall be appropriated each fiscal year to the State Department of Education to be distributed to all school districts. Such money shall be distributed to all school districts in the proportion that the average daily attendance of each school district bears to the average daily attendance of all school districts within the state for the following purposes:

(a) Purchasing, erecting, repairing, equipping, remodeling and enlarging school buildings and related facilities, including gymnasiums, auditoriums, lunchrooms, vocational training buildings, libraries, teachers' homes, school barns, transportation vehicles (which shall include new and used transportation vehicles) and garages for transportation vehicles, and purchasing land therefor;

(b) Establishing and equipping school athletic fields and necessary facilities connected therewith, and purchasing land therefor;

(c) Providing necessary water, light, heating, air-conditioning and sewerage facilities for school buildings, and purchasing land therefor;

(d) As a pledge to pay all or a portion of the debt service on debt issued by the school district under Sections 37-59-1 through 37-59-45, 37-59-101 through 37-59-115, 37-7-351 through 37-7-359, 37-41-89 through 37-41-99, 37-7-301, 37-7-302 and 37-41-81, or debt issued by boards of supervisors for agricultural high schools pursuant to Section 37-27-65, if such pledge is accomplished pursuant to a written contract or resolution approved and spread upon the minutes of an official meeting of the district's school board or board of supervisors. The annual grant to such district in any subsequent year during the term of the resolution or contract shall not be reduced below an amount equal to the district's grant amount for the year in which the contract or resolution was adopted. The intent of this provision is to allow school districts to irrevocably pledge a certain, constant stream of revenue as security for long-term obligations issued under the code sections enumerated in this paragraph or as otherwise allowed by law. It is the intent of the Legislature that the provisions of this paragraph shall be cumulative and supplemental to any existing funding programs or other authority conferred upon school districts or school boards. Debt of a district secured by a pledge of sales tax revenue pursuant to this paragraph shall not be subject to any debt limitation contained in the foregoing enumerated code sections.

(3) The remainder of the money deposited into the Education Enhancement Fund shall be appropriated as follows:

(a) To the State Department of Education as follows:

(i) Sixteen and sixty-one one-hundredths percent (16.61%) to the cost of the adequate education program determined under Section 37-151-7; of the funds generated by the percentage set forth in this section for the support of the adequate education program, one and one hundred seventy-eight one-thousandths percent (1.178%) of the funds shall be appropriated to be used by the State Department of Education for the purchase of textbooks to be loaned under Sections 37-43-1 through 37-43-59 to approved nonpublic schools, as described in Section 37-43-1. The funds to be distributed to each nonpublic school shall be in the proportion that the average daily attendance of each nonpublic school bears to the total average daily attendance of all nonpublic schools;

(ii) Seven and ninety-seven one-hundredths percent (7.97%) to assist the funding of transportation operations and maintenance pursuant to Section 37-19-23; and

(iii) Nine and sixty-one one-hundredths percent (9.61%) for including computers and computer software, to be distributed to all eligible teachers within the state through the use of procurement cards or a digital solution capable of tracking, paying and reporting purchases. Classroom supply funds shall not be expended for administrative purposes. On a date to be determined by the State Department of Education, but not later than July 1 of each year, local school districts shall determine and submit to the State Department of Education the number of teachers eligible to receive an allocation for the current year. For purposes of this

subparagraph, "teacher" means any employee of the school board of a school district, or the Mississippi School for the Arts, the Mississippi School for Math and Science, the Mississippi School for the Blind, the Mississippi School for the Deaf or public charter school, who is required by law to obtain a teacher's license from the State Department of Education and who is assigned to an instructional area of work as defined by the department, and shall include any full- or part-time gifted or special education teacher. It is the intent of the Legislature that all classroom teachers shall utilize these funds in a manner that addresses individual classroom needs and supports the overall goals of the school regarding supplies, instructional materials, equipment, computers or computer software under the provisions of this subparagraph, including the type, quantity and quality of such supplies, materials and equipment. Classroom supply funds allocated under this subparagraph shall supplement, not replace, other local and state funds available for the same purposes. The State Board of Education shall develop and promulgate rules and regulations for the administration of this subparagraph consistent with the above criteria, with particular emphasis on allowing the individual teachers to expend funds as they deem appropriate. The local school board shall require each school to issue credentials for a digital solution selected by or procurement cards provided by the Department of Finance and Administration under the provisions of Section 31-7-9(1)(c) for the use of teachers and necessary support personnel in making instructional supply fund expenditures under this section, consistent with the regulations of the Mississippi Department of Finance and Administration pursuant to Section 31-7-9. Such credentials or procurement cards shall be provided by the State Department of Education to local school districts on a date determined by the State Department of Education, but not later than August 1 of each year. Local school districts shall issue such credentials or procurement cards to classroom teachers at the beginning of the school year, but no later than August 1 of each year, and shall be issued in equal amounts per teacher determined by the total number of qualifying personnel and the current state appropriation for classroom supplies with the Education Enhancement Fund. After initial cards are issued under the timeline prescribed by this section, the State Department of Education may issue cards to districts for any classroom teacher hired after July 1 under a timeline prescribed by the State Department of Education. Such credentials or cards will expire on a predetermined date at the end of each school year, but not before April 1 of each year * * *;

(b) Twenty-two and nine one-hundredths percent (22.09%) to the Board of Trustees of State Institutions of Higher Learning for the purpose of supporting institutions of higher learning; and

(c) Fourteen and forty-one one-hundredths percent (14.41%) to the Mississippi Community College Board for the purpose of providing support to community and junior colleges.

(4) The amount remaining in the Education Enhancement Fund after funds are distributed as provided in subsections (2) and (3) of this section shall be appropriated for other educational needs.

(5) None of the funds appropriated pursuant to subsection (3)(a) of this section shall be used to reduce the state's General Fund appropriation for the categories listed in an amount below the following amounts:

(a) For subsection (3)(a)(ii) of this section, Thirty-six Million Seven Hundred Thousand Dollars ($36,700,000.00);

(b) For the aggregate of minimum program allotments in the 1997 fiscal year, formerly provided for in Chapter 19, Title 37, Mississippi Code of 1972, as amended, excluding those funds for transportation as provided for in paragraph (a) of this subsection.

(6) Any funds appropriated from the Education Enhancement Fund that are unexpended at the end of a fiscal year shall lapse into the Education Enhancement Fund * * *.

SECTION 14. Section 49-39-7, Mississippi Code of 1972, is amended as follows:

49-39-7. (1) (a) There is created in the State Treasury a special fund to be designated the "Mississippi Outdoor Stewardship Trust Fund." The special fund shall consist of monies appropriated by the Legislature. Monies shall be accounted for in such a manner to be termed unobligated funds or obligated funds. Unexpended

amounts remaining in the special fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the special fund shall be deposited to the credit of the special fund; however, any unobligated monies in excess of Twenty Million Dollars ($20,000,000.00), excluding federal funds, remaining in the special fund at the end of a fiscal year that have not been appropriated shall lapse into the State General Fund. Monies in the special fund may be used upon selection by the board. The board and the Department of Finance and Administration may use not more than two percent (2%) of monies in the special fund to defray the board's expenses in carrying out its duties under this chapter.

(b) Subject to the provisions of this chapter, monies in the special fund may be used and expended by the board to provide funds for grants to counties, municipalities, state agencies and nongovernmental entities for:

(i) Improvement of state park outdoor recreation features and trails;

(ii) Acquisition and improvement of parks and trails by counties and municipalities, if such parks and trails lie within the jurisdiction of such counties and municipalities;

(iii) Restoration or enhancement projects to create or improve access to public waters and lands for public outdoor recreation, conservation education, or the safe use and enjoyment of permanently protected conservation land;

(iv) Restoration or enhancement on privately owned working agricultural lands and forests that support conservation of soil, water, habitat of fish and wildlife resources;

2. Adjoins or is in close proximity to state or federal wildlife management areas or state parks, or would provide better public access to such areas;

3. Is identified in a wildlife action plan developed by a state agency;

4. Constitutes riparian lands, and its acquisition is for the purpose of protecting any drinking water supply; or

5. Surrounds a military base or military installation.

Acquisition of land under this subparagraph (vi) may not be made through the exercise of any power of eminent domain or any condemnation proceeding.

(c) Unless otherwise authorized by the board, a county, municipality, state agency or nongovernmental entity receiving funds for a project under this section must expend the funds for the project within two (2) years after receipt of the funds in order to be eligible to apply for additional funds for the project under this section. If a county, municipality, state agency or nongovernmental entity receiving funds for a project does not expend the funds within two (2) years after receipt of the funds, then the county, municipality, state agency or nongovernmental entity must provide an accounting of such unused funds and the reason for failure to expend the funds. If the board determines that the project will not be completed in a timely manner, the county, municipality, state agency or nongovernmental entity must then return any unexpended funds.

(d) Monies in the special fund may not be used, expended or transferred for any other purpose other than authorized in this chapter.

(e) Any state agency receiving funds from the Mississippi Outdoor Stewardship Trust Fund under this section may escalate its budget and expend such funds in accordance with rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

(2) (a) The board shall accept applications from counties, municipalities, state agencies and nongovernmental entities for project proposals eligible for funding under

this section. The board shall evaluate the proposals received in accordance with this chapter.

(b) A county, municipality, state agency or nongovernmental entity desiring assistance under this section must submit a complete application to the board. The application must include a description of the purpose for which assistance is requested, the type and amount of assistance requested and any other information required by the board.

(c) The board shall require annual independent audits of all expenditures from the special fund and present those findings to the Governor, Lieutenant Governor, Speaker of the House, Chairs of the Senate and House Appropriations Committees, Chairs of the Senate Finance and House Ways and Means Committees and Chairs of the Senate and House Wildlife, Fisheries and Parks Committees.

(d) To be eligible for funding, any nongovernmental entity applicant must submit its most recent audit, disclose any audit deficiencies in the previous five (5) years, submit its certificate of good standing from the Mississippi Secretary of State, and submit a current list of its board members for purposes of conflicts of interest.

(e) For funds to be spent on private land, the applicant must show demonstrably that the project will benefit the public.

(f) Projects that acquire property shall not be considered for approval until after July 1, 2024.

(3) The board, at its first meeting of each calendar year, shall prepare a list of priorities and criteria to guide the selection of projects. The board shall give increased priority to projects:

(a) Supporting the public recreation and conservation efforts of state agencies, counties and municipalities;

(b) Leveraging or matching other nonfederal or federal funds available for similar purposes;

If federal funds or guidelines become available and are certified by the Executive Director of the Department of Finance and Administration or the Executive Director of the Mississippi Outdoor Stewardship Fund, the board shall be authorized to expend funds from the Mississippi Outdoor Stewardship Trust Fund and shall notify the Lieutenant Governor, Speaker of the House, Chairs of the Senate and House Appropriations Committees, Chairs of the Senate Finance and House Ways and Means Committees, Chairs of the Senate and House Wildlife, Fisheries and Parks Committees, and Legislative Budget Office of such expenditures prior to their distribution to certain projects approved by the board.

SECTION 15. Upon the effective day of this act, the State Treasurer, in conjunction with the State Fiscal Officer, shall transfer the amounts listed below from and to the following named funds:

(a) Five Million Dollars ($5,000,000.00) from the Capital Expense (Fund No. 6499C00000) to the Forestry Facility Grant Program Fund created by Section 57-1-783, Mississippi Code of 1972 (Fund No. 66142100000).

Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids

The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time

that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. (d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be

permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the

total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. (r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised for in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. Any request for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, legal responsibilities and other relevant factors as are determined by the governing authority or agency to be appropriate for inclusion; all factors determined relevant by the governing authority or agency or required by this paragraph (r) shall be duly included in the advertisement to elicit proposals. After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems

none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(i) "Asian" means persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

(ii) "Black" means persons having origins in any black racial group of Africa.

(iii) "Hispanic" means persons of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars ($1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

(x) Mississippi Regional Pre-Need Disaster Clean Up Act. (i) The Department of Finance and Administration shall enter into nine (9) contracts for the pre-need purchase of labor, services, work, materials, equipment, supplies or other personal property for disaster-related solid waste collection, disposal or monitoring. One

(1) contract shall be entered into for each of the nine (9) Mississippi Emergency Management Association districts:

8. Covington, Forrest, Greene, Jefferson Davis, Jones, Lamar, Marion, Perry and Wayne Counties; and

9. George, Hancock, Harrison, Jackson, Pearl River and Stone Counties.

Any such contract shall set forth the manner of awarding such a contract, the method of payment, and any other matter deemed necessary to carry out the purposes of the agreement. Such contract may be entered into only for a term of one (1) year, with an option for an additional one-year extension after the conclusion of the first year of the contract, and only after having solicited bids or proposals, as appropriate, which shall be publicly advertised by posting on a web page maintained by the Department of Finance and Administration through submission of such advertisement to the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority. The bid opening shall not occur until after the submission has been posted for at least ten (10) consecutive days. The state's share of expenditures for solid waste collection, disposal or monitoring under any contract shall be appropriated and paid in the manner set forth in the contract and in the same manner as for other solid waste collection, disposal, or monitoring expenses of the state. Any contract entered into under this paragraph shall not be subject to the provisions of Section 17-13-11.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. (8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special funds created in subsection (2) of this section. (13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.
