We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1229: Equal Opportunity for Students with Special Needs Act; extend repealer on educational scholarship accounts (ESA).

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-181-5, Mississippi Code of 1972, is amended as follows:

37-181-5. (1) An eligible student shall qualify to participate in the ESA program if the parent or guardian signs an agreement promising:

(a) To provide an organized, appropriate educational program with measurable annual goals to their participating student and to provide an education for the participating student in at least the subjects of reading, grammar, mathematics, social studies and science;

(b) To document their participating student's disability at intervals and in a manner required under subsection (8) of this section;

(c) Not to enroll their participating student in a public school and to acknowledge as part of the agreement that the eligible school has provided clear notice to the parent or guardian that the participating student has no individual entitlement to a free appropriate public education (FAPE) from their home school district, including special education and related services, for as long as the student is participating in the ESA program;

(d) Not to file for their participating student a certificate of enrollment indicating participation in a home instruction program under Section 37-13-91, Mississippi Code of 1972; and

(e) Not to participate in the Mississippi Dyslexia Therapy Scholarship for Students with Dyslexia Program or the Mississippi Speech-Language Therapy Scholarship for Students with Speech-Language Impairments Program while participating in the ESA program.

(2) Parents or guardians shall use the funds deposited in a participating student's ESA for any of the following qualifying expenses, which shall be incurred within the awarded ESA school year, to educate the student using any of the below methods or combination of methods that meet the requirement in subsection (1)(a) of this section:

(a) Tuition and/or academic fees at an eligible school;

(b) Textbooks related to academic coursework;

(c) Payment to a tutor, as defined in Section 37-181-3(h);

(d) Payment for purchase of curriculum, including any supplemental materials required by the curriculum;

(e) Fees for nationally standardized norm-referenced achievement tests, including alternate assessments; and fees for Advanced Placement examinations or similar courses and any examinations related to college or university admission;

(f) Educational services or therapies from a licensed or certified practitioner or provider, including licensed or certified paraprofessionals or educational aides;

(g) Tuition and fees related to dual enrollment at a postsecondary institution;

Once a student is no longer participating in the ESA program, computer hardware and software and other technological devices purchased with ESA funds shall be donated to a public school or public library. Qualifying expenses for computer hardware and software include only those expenses incurred within the awarded ESA school year.

(3) To qualify to participate in the program, the parent or guardian of an eligible student shall also certify to the department that they have been accepted into an eligible school qualified to provide services for the participating student's disability or special education needs, or provide services addressing a participating student's IEP, as required under this act.

(* * *4) Neither a participating student, nor anyone on the student's behalf, may receive cash or cash-equivalent items, such as gift cards or store credit, from any refunds or rebates from any provider of services or products in the ESA program. Any refunds or rebates shall be credited directly to the participating student's ESA. The funds in an ESA may only be used for education-related purposes as defined in this chapter.

(* * *5) (a) Eligible schools, postsecondary institutions and educational service providers that serve participating students shall provide the parent or guardian who submitted the ESA program application with an original itemized receipt, including the service provider's name and address, for all qualifying expenses. The parent or guardian who submitted the ESA application shall provide the original itemized receipt to the department.

(b) In lieu of providing the parent or guardian who submitted the ESA program application with an original itemized receipt, the eligible schools, postsecondary institutions and educational service providers may provide to the department an original itemized receipt approved and signed off on by the parent or guardian who submitted the ESA application, including the service provider's name and address, for all qualifying expenses.

(* * *6) Payment for educational services through an ESA shall not preclude parents or guardians from paying for educational services using non-ESA funds.

(* * *7) For purposes of continuity of educational attainment, students who enroll in the ESA program shall remain eligible to receive quarterly ESA payments until the participating student returns to a public school, completes high school, completes the school year in which the student reaches the age of twenty-one (21), or does not have eligibility verified by a parent or guardian as required under subsection (8) of this section, whichever occurs first.

(* * *8) Any funds remaining in a student's Education Scholarship Account upon completion of high school shall be returned to the state's General Fund.

(* * *9) Every three (3) years after initial enrollment in the ESA program, a parent or guardian of a participating student, except a student diagnosed as being a person with a permanent disability, shall document that the student continues to be identified by the school district, a federal or state government agency, or a licensed physician or psychometrist as a child with a disability, as defined by the federal Individuals with Disabilities Education Act (20 USCS Section 1401(3)).

(* * *10) An eligible student shall be allowed to return to his home school district at any time after enrolling in the ESA program, in compliance with regulations adopted by the department providing for the least disruptive process for doing so. Upon the participating student's return to his or her home school district, the student's Education Scholarship Account shall be closed and any remaining funds shall be distributed to the student's home school district at the end of the awarded ESA school year.

SECTION 2. Section 37-181-7, Mississippi Code of 1972, as amended by House Bill No. 4130, 2024 Regular Session, is amended as follows:

37-181-7. (1) * * * New enrollment in the ESA program created in this chapter shall be limited to five hundred (500) additional students each year * * *. Subject to appropriation from the General Fund, each student's ESA shall be funded at Six Thousand Five Hundred Dollars ($6,500.00) for school year 2015-2016. For each subsequent year, this amount shall increase or decrease by the same proportion as the * * * student base amount under Section * * * 37-151-203 is increased or decreased.

(2) Subject to appropriation, eligible students shall be approved for participation in the ESA program as follows:

(a) * * * Students shall be approved on a first-come, first-served basis, with applications being reviewed on a rolling basis;

(b) After participation reaches fifty percent (50%) of the annual enrollment limits in subsection (1) of this section, the department shall set annual application deadlines for the remaining number of available ESAs and begin to maintain a waiting list of eligible students. The waitlist shall only include eligible students who have certified to the department that they have been accepted into an eligible school qualified to provide services for the participating student's disability or special education needs, or provide services addressing a participating student's IEP. The waitlist will be maintained in the chronological order in which applications are received. The department shall award ESA program applications in chronological order according to the waitlist; and

(c) Participating students who remain eligible for the ESA program are automatically approved for participation for the following year and are not subject to the random selection process.

(3) No funds for an ESA may be expended from the * * * total funding formula funds provided in this act, nor shall any school district be required to provide funding for an ESA.

SECTION 3. Section 37-181-9, Mississippi Code of 1972, is amended as follows:

37-181-9. (1) The department shall create a standard form that parents or guardians of students submit to establish their student's eligibility for an Education Scholarship Account. The department shall ensure that the application is readily available to interested families through various sources, including the department's website and the copy of procedural safeguards annually given to parents or guardians. To be considered, an application must include certification that the student has been accepted into an eligible school qualified to provide services for the student's disability or special education needs, or provide services addressing a participating student's IEP.

(2) The department shall provide parents or guardians of participating students with a written explanation of the allowable uses of Education Scholarship Accounts, the responsibilities of parents and the duties of the department. This information shall also be made available on the department's website.

(3) The department shall annually notify all students with an IEP of the existence of the ESA program and shall ensure that lower-income families are made aware of their potential eligibility.

(4) The department may deduct an amount up to a limit of six percent (6%) from appropriations used to fund Education Scholarship Accounts to cover the costs of overseeing the funds and administering the ESA program.

(5) (a) The department shall make a determination of eligibility, and shall approve the application, within twenty-one (21) business days of receiving an application for participation in the ESA program, subject to the provisions of Section 37-181-3(b).

(b) The department shall provide for a procedure that children with a ruling of hearing impairment or children suspected of a hearing loss shall receive a comprehensive educational assessment which may include the areas of cognitive development, language/speech, audiological and academic achievement from the state-funded Mississippi Assistance Center for Hearing Loss. Children with a ruling of visual impairment or children suspected of a visual impairment shall receive a comprehensive low vision evaluation from the state-funded Low Vision Clinic.

(6) The home school district shall provide the parent or guardian of a participating student with a complete copy of the student's school records, while complying with the Family Educational Rights and Privacy Act of 1974 (20 USCS Section 1232(g)). The record shall be provided no later than thirty (30) days after a parent signs an agreement to participate in the ESA program.

SECTION 4. Section 37-181-13, Mississippi Code of 1972, is amended as follows:

37-181-13. (1) The Joint Legislative Committee on Performance Evaluation and Expenditure Review (PEER) shall prepare a biannual report, beginning in 2018 and every two (2) years thereafter, assessing efficacy of Education Scholarship Accounts, to include the sufficiency of funding, and recommending any suggested changes in state law or policy necessary to improve the ESA program.

(2) The report shall assess:

(a) The degree to which eligible schools are meeting the needs of participating students as defined by the participating students' IEPs;

(b) The level of participating students' satisfaction with the ESA program;

(c) The level of parental or guardian satisfaction with the ESA program;

(d) Participating students' performance, both pre-assessment and post-assessment, on the eligible school's current assessment used to demonstrate academic progress, a nationally standardized norm-referenced achievement test, or a current state board-approved screener, as required in Section 37-181-15(f);

(e) Participating students' performance on Advanced Placement examinations or similar courses and any examinations related to college or university admission; provided that eligible schools must report participating students' performance on Advance Placement examinations and any examinations related to college or university admission;

(f) The four-year high school graduation rates and college acceptance rates of participating students; provided that eligible schools must report participating students' high school graduation rates and, if known, college acceptance rates;

(g) The percentage of funds used for each qualifying expense identified in Section 37-181-5(2); and

(h) The fiscal impact to the state and home school districts of the ESA program, which must consider both the impact on revenue and the impact on expenses. Furthermore, the fiscal savings associated with students departing public schools must be explicitly quantified, even if the public school losing the student(s) does not reduce its spending accordingly.

(3) The report shall:

(a) Apply appropriate analytical and behavioral science methodologies to ensure public confidence in the study; and

(b) Protect the identity of participating students and schools by, among other things, keeping anonymous all disaggregated data.

* * *

(* * *4) PEER shall provide the Legislature with a final copy of the report of the ESA program before December 31 each year the report is due. At the same time, the study shall also be placed in a prominent location on the PEER website.

(* * *5) PEER must make its data and methodology available for public review while complying with the requirements of the Family Educational Rights and Privacy Act (20 USCS Section 1232(g)).

SECTION 5. Section 37-181-15, Mississippi Code of 1972, is amended as follows:

(c) Comply with all health and safety laws or codes that apply to nonpublic schools;

(d) Hold a valid occupancy permit if required by their municipality;

(e) Have no public record of fraud or malfeasance;

(f) Require participating students to take a pre-assessment at the beginning of the school year and a post-assessment at the end of the school year. The eligible school shall have the option to select their current assessment used to demonstrate academic progress, a nationally standardized norm-referenced achievement test, or a current state board-approved screener;

(g) Notify a parent or guardian applying for the ESA program that the parent or guardian waives the right of the participating student to an individual entitlement to a free and appropriate public education (FAPE) from their home school district, including special education and related services, for as long as the student is participating in the ESA program;

(h) Conduct criminal background checks on employees and:

(i) Exclude from employment any person not permitted by state law to work in a nonpublic school; and

(i) An eligible school shall certify to the department upon enrollment of a participating student that the eligible school shall provide services for the participating student's disability or special education needs, or shall provide services addressing a participating student's IEP. Such certification must be received by the department before the ESA is reimbursed to an eligible student.

(2) Failure to comply with these requirements shall deem the eligible school ineligible to participate in the ESA program the following year.

SECTION 6. Section 37-181-17, Mississippi Code of 1972, is amended as follows:

37-181-17. (1) An eligible nonpublic school is autonomous and not an agent of the state or federal government and therefore:

(b) The creation of the Education Scholarship Account program does not expand the regulatory authority of the state, its officers, or any school district to impose any additional regulation of nonpublic schools, postsecondary institutions or educational service providers beyond those necessary to enforce the requirements of the ESA program; and

(c) Eligible schools, postsecondary institutions and educational service providers shall be given the maximum freedom to provide for the educational needs of their students without governmental control. No eligible school, postsecondary institution or educational service provider shall be required to alter its creed, practices, admission policies or curriculum in order to accept participating students.

(2) Eligible schools, or the parent or guardian who submitted the ESA application, must submit student performance data to the State Department of Education at the end of the school year, including the individual results of the pre-assessment and post-assessment required in Section 37-181-15(f). The department shall develop a uniformed reporting format for eligible schools to use when submitting assessment results.

(3) In any legal proceeding challenging the application of this chapter to an eligible school, postsecondary institution or educational service provider the state bears the burden of establishing that the law is necessary and does not impose any undue burden on the eligible school, postsecondary institution or educational service provider.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2022: Juvenile offenders; provide alternative sentencing and parole options.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 97-3-21, Mississippi Code of 1972, is amended as follows:

97-3-21. (1) Except as otherwise provided for a juvenile offender in subsection (2) of this section, every person who * * * is:

(a) Convicted of first-degree murder shall be sentenced by the court to imprisonment for life in the custody of the Department of Corrections.

(* * *b) * * * Convicted of second-degree murder shall be imprisoned for life in the custody of the Department of Corrections if the punishment is so fixed by the jury in its verdict after a separate sentencing proceeding. If the jury fails to agree on fixing the penalty at imprisonment for life, the court shall fix the penalty at not less than twenty (20) nor more than forty (40) years in the custody of the Department of Corrections.

(* * *c) * * * Convicted of capital murder shall be sentenced (* * *i) to death;(* * *ii) to imprisonment for life in the State Penitentiary without parole; or (* * *iii) to imprisonment for life in the State Penitentiary with eligibility for parole as provided in Section 47-7-3(1)(* * *c)(iii).

(2) (a) For the purposes of this section, "juvenile offender" means a person who had not reached the age of eighteen (18) years at the time of the commission of the offense.

(b) A juvenile offender who is convicted of first-degree murder after July 1, 2024, may be sentenced to life imprisonment in the custody of the Department of Corrections if the punishment is so fixed by the jury. If the jury fails to fix the penalty at life imprisonment, the court shall fix the penalty at not less than twenty (20) nor more than forty (40) years in the custody of the Department of Corrections.

(c) A juvenile offender who is convicted of capital murder after July 1, 2024, may be sentenced to life imprisonment in the custody of the Department of Corrections or life imprisonment without eligibility for parole in the custody of the Department of Corrections if the punishment is so fixed by the jury. If the jury fails to fix the penalty at life imprisonment or life imprisonment without parole, the court shall fix the penalty at not less than twenty-five (25) nor more than fifty (50) years in the custody of the Department of Corrections.

(d) For a juvenile offender who was convicted of first-degree murder or capital murder prior to July 1, 2024, and who is entitled to a hearing under this subsection, the judge who presided over the trial, or a judge appointed by the senior circuit judge, if the presiding judge is unavailable, shall fix the penalty.

SECTION 2. Section 99-19-101, Mississippi Code of 1972, is amended as follows:

99-19-101. (1) Upon conviction or adjudication of guilt of a defendant of capital murder or other capital offense, the court shall conduct a separate sentencing proceeding to determine whether the defendant should be sentenced to death, life imprisonment without eligibility for parole, or life imprisonment; however, a sentence of death cannot be imposed if the defendant was not at least eighteen (18) years of age at the time of the commission of the offense. The proceeding shall be conducted by the trial judge before the trial jury as soon as practicable. If, through impossibility or inability, the trial jury is unable to reconvene for a hearing on the issue of penalty, having determined the guilt of the accused, the trial judge may summon a jury to determine the issue of the imposition of the penalty. If the trial jury has been waived, or if the defendant pleaded guilty, the sentencing proceeding shall be conducted before a jury impaneled for that purpose or may be conducted before the trial judge sitting without a jury if both the State of Mississippi and the defendant agree thereto in writing. In the proceeding, evidence may be presented as to any matter that the court deems relevant to sentence, and shall include matters relating to any of the aggravating or mitigating circumstances. However, this subsection shall not be construed to authorize the introduction of any evidence secured in violation of the Constitution of the United States or of the State of Mississippi. The state and the defendant and the defendant's counsel shall be permitted to present arguments for or against the sentence of death.

(2) After hearing all the evidence, the jury shall deliberate on the following matters:

(a) Whether sufficient factors exist as enumerated in subsection (7) of this section;

(b) Whether sufficient aggravating circumstances exist as enumerated in subsection (5) of this section;

(c) Whether sufficient mitigating circumstances exist as enumerated in subsection (6) of this section, which outweigh the aggravating circumstances found to exist; and

(d) Based on these considerations, whether the defendant should be sentenced to life imprisonment, life imprisonment without eligibility for parole, or death.

(3) For the jury to impose a sentence of death, it must unanimously find in writing the following:

(a) That sufficient factors exist as enumerated in subsection (7) of this section;

(b) That sufficient aggravating circumstances exist as enumerated in subsection (5) of this section; * * *

(c) That there are insufficient mitigating circumstances, as enumerated in subsection (6), to outweigh the aggravating circumstances * * *; and

(d) That the defendant was eighteen (18) years of age or older at the time of the commission of the offense.

In each case in which the jury imposes the death sentence, the determination of the jury shall be supported by specific written findings of fact based upon the circumstances in subsections (5) and (6) of this section and upon the records of the trial and the sentencing proceedings. If, after the trial of the penalty phase, the jury does not make the findings requiring the death sentence or life imprisonment without eligibility for

parole, or is unable to reach a decision, the court shall impose a sentence of life imprisonment.

(4) The judgment of conviction and sentence of death shall be subject to automatic review by the Supreme Court of Mississippi within sixty (60) days after certification by the sentencing court of the entire record, unless the time is extended for an additional period by the Supreme Court for good cause shown. The review by the Supreme Court shall have priority over all other cases and shall be heard in accordance with rules promulgated by the Supreme Court.

(5) Aggravating circumstances shall be limited to the following:

(a) The capital offense was committed by a person under sentence of imprisonment.

(b) The defendant was previously convicted of another capital offense or of a felony involving the use or threat of violence to the person.

(c) The defendant knowingly created a great risk of death to many persons.

(d) The capital offense was committed while the defendant was engaged, or was an accomplice, in the commission of, or an attempt to commit, or flight after committing or attempting to commit, any robbery, rape, arson, burglary, kidnapping, aircraft piracy, sexual battery, unnatural intercourse with any child under the age of twelve (12), or nonconsensual unnatural intercourse with mankind, or felonious abuse or battery of a child in violation of subsection (2) of Section 97-5-39, or the unlawful use or detonation of a bomb or explosive device.

(e) The capital offense was committed for the purpose of avoiding or preventing a lawful arrest or effecting an escape from custody.

(f) The capital offense was committed for pecuniary gain.

(g) The capital offense was committed to disrupt or hinder the lawful exercise of any governmental function or the enforcement of laws.

(h) The capital offense was committed to influence the policy of a governmental entity by intimidation or coercion, or to affect the conduct of a governmental entity by mass destruction or assassination.

(i) The capital offense was especially heinous, atrocious or cruel.

(j) The capital offense was committed to intimidate or coerce a civilian population.

(6) Mitigating circumstances shall be the following:

(a) The defendant has no significant history of prior criminal activity.

(b) The offense was committed while the defendant was under the influence of extreme mental or emotional disturbance.

(c) The victim was a participant in the defendant's conduct or consented to the act.

(d) The defendant was an accomplice in the capital offense committed by another person and his participation was relatively minor.

(e) The defendant acted under extreme duress or under the substantial domination of another person.

(f) The capacity of the defendant to appreciate the criminality of his conduct or to conform his conduct to the requirements of law was substantially impaired.

(g) The age of the defendant at the time of the crime.

(7) In order to return and impose a sentence of death the jury must make a written finding of one or more of the following:

(a) The defendant actually killed;

(b) The defendant attempted to kill;

(c) The defendant intended that a killing take place;

(d) The defendant contemplated that lethal force would be employed.

(8) For the purposes of this section, to "intimidate" or "coerce" do not include peaceful picketing, boycotts or other nonviolent action.

(9) This section shall not apply to a juvenile offender who was not at least eighteen (18) years of age at the time of the commission of the offense. A juvenile offender convicted of capital murder shall be sentenced pursuant to Section 97-3-21(2).

SECTION 3. The amendments made to Section 97-3-21 by this act shall operate prospectively from July 1, 2024.

SECTION 4. Section 25-31-21, Mississippi Code of 1972, is amended as follows:

25-31-21. (1) If, at the time of impaneling the grand jury in any circuit court, the district attorney be absent or unable to perform his duties or, if after impaneling of the grand jury, the district attorney be absent or unable to perform his duties or be disqualified, the court shall forthwith appoint some attorney at law to act for the state in the place of the district attorney during his absence or inability or disqualification, and the person appointed shall have the power to discharge all the duties of the office during the absence or inability or disqualification of the district attorney, and shall receive a reasonable compensation for his services, to be allowed by the court and certified to the auditor, who shall issue his warrant therefor. Such allowance shall be deducted from the salary of the district attorney, and shall not exceed the amount of the salary of the district attorney for the number of days allotted by law for the term of the court at which such appointees shall act.

(2) The provisions of this section shall not be construed to include and shall not be applicable if a district attorney recuses himself from a case or has a conflict of interest with a case, without regard to whether the case has been presented to the grand jury before such recusal or whether the case had not yet been presented to the grand jury.

(3) When the appointed attorney is required to travel beyond the limits of the judicial district in which he or she is normally employed, all reasonable expenses incurred in prosecuting the case shall be borne by the judicial district of the district attorney being assisted in the discharge of his or her duties, if not already compensated by the state.

SECTION 5. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 97-3-21 AND 99-19-101, MISSISSIPPI CODE OF 1972, TO PROVIDE ALTERNATIVE SENTENCING OPTIONS FOR JUVENILE OFFENDERS IN COMPLIANCE WITH UNITED STATES SUPREME COURT HOLDINGS IN THE CASES OF MILLER V. (b) There shall be a rebuttable presumption that the decedent did not consent to the use of the decedent's genetic material in the assisted reproductive technology if the decedent was divorced or legally separated at the time of the decedent's death from the person who wishes to use the decedent's genetic material in the assisted reproductive technology.

If she * * * has children and there also * * * are descendants of other children who have died before the mother, the descendants shall inherit the share to which the parent would have been entitled if living, as coheirs with the surviving children. If she * * * has no children or descendants of them, then the husband shall inherit all of her property.

(2) The provisions of Section 1 of this act are applicable in determining whether a child of a decedent is living at the time of the decedent's death.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 49-15-17, Mississippi Code of 1972, is amended as follows:

49-15-17. (1) (a) All monies received or obtained by the department under the provisions of this chapter shall be paid over by the department to the State Treasurer and shall be deposited into the fund known as the "Seafood Fund." All revenues collected through the department, to include, but not limited to, commercial saltwater licenses and taxes, permits, fines and penalties, and confiscated catches, shall be deposited into the

department operating account (Seafood Fund) and expended for the operation of the department, as authorized by the Legislature.

(b) There is established a special account to be known as the "Artificial Reef Program Account" within the Seafood Fund. Any funds received from any public or private source for the purpose of promoting, constructing, monitoring or maintaining artificial reefs in the marine waters of the state or in federal waters adjacent to the marine waters of the state shall be credited to the account. Any unexpended funds remaining in the account at the end of the fiscal year shall not lapse into the Seafood Fund, but shall remain in the account. The department may expend any funds in the account, subject to appropriation by the Legislature, to accomplish the purpose of the account.

(c) There is established a special account to be known as the "Coastal Preserve Account" within the Seafood Fund. Any funds received from any public or private source for the purpose of management, improvement and acquisition of coastal preserves in the state and money required to be deposited pursuant to Sections 27-19-56.10 and 27-19-56.27, shall be credited to the account. Any unexpended funds remaining in the account at the end of the fiscal year shall not lapse into the Seafood Fund, but shall remain in the account. The department may expend any funds in the account, subject to appropriation by the Legislature, for the management, improvement and acquisition of coastal preserves.

(d) There is established a special account to be known as the "Mississippi Seafood Marketing Program Account" within the Seafood Fund. Monies required to be deposited into the account under Section 27-19-56.27 and any funds received from any public or private source for the purpose of promoting the Mississippi seafood industry must be credited to the account. Any unexpended funds remaining in the account at the end of the fiscal year do not lapse into the Seafood Fund, but remain in the account. The department may expend any funds in the account, subject to appropriation by the Legislature, to accomplish the purposes of this account, including, but not limited to, providing funds for cobia stock enhancement programs.

(e) There is established a special account to be known as the "Oyster Production Preserve Account" within the Seafood Fund. Monies required to be deposited from oyster leasing and licensing payments under Section * * * 49-15-27, sack fees, * * * and any funds received from any public or private source for the purpose of oyster production and propagation in this state, which includes plantings of oysters and cultch materials, shall be credited to the account. Any unexpended funds remaining in the account at the end of the fiscal year shall not lapse into the Seafood Fund, but shall remain in the account. The department may expend any funds in the account, subject to specific appropriation by the Legislature, for the management, improvement and acquisition of permittable property for oyster production and propagation in the state, which includes plantings of oysters and cultch materials. The Department of Marine Resources shall develop an annual report to the Legislature which describes the annual expenditures from this fund for the purpose of furthering oyster production and propagation in this state to be included in the department's annual budget request to the Legislative Budget Office and to be transmitted to the Chairmen of the Senate and House Committees on Ports and Marine Resources.

(2) The fund shall be treated as a special trust fund and interest earned on the principal shall be credited to the fund.

(3) The department shall keep accurate reports of monies handled as a part of the permanent records of the department, and the State Treasurer shall furnish the department such forms as may be needed, and the department shall account for such forms in reports to the Treasurer.

SECTION 2. Section 49-15-27, Mississippi Code of 1972, is amended as follows:

49-15-27. The department is hereby granted full and complete authority to lease the bottoms within its jurisdiction upon the following terms and conditions:

(1) All areas within the department's jurisdiction, not designated state-owned reefs by this chapter, including natural reefs and all areas not within the boundaries of riparian property owners may be leased by the department.

(2) All individual lessees shall be residents of the State of Mississippi, or if a firm or corporation, such firm or corporation shall be organized under the laws of the State of Mississippi and owned by a resident of the State of Mississippi.

(3) No individual, corporation, partnership or association may lease less than one (1) acre nor more than two thousand five hundred (2,500) acres total; however, in the case of an individual there shall be counted towards such limitation any lands leased by a corporation, partnership or association in which such individual owns ten percent (10%) or less interest and, in the case of a corporation, partnership or association, there shall be counted toward such limitation any lands leased by an individual stockholder, partner or associate thereof who owns ten percent (10%) or less interest in such corporation, partnership or association.

(4) Individuals, firms or corporations desiring to lease bottoms shall make application to the department in writing, describing the area to be leased. Applications must include a plat showing the proposed lease area and description of cultch material type and amount to be deployed on the leased area.

(5) (a) Any person who qualifies and who desires to lease a part of the bottom or bed of any of the waters of this state as provided in this section shall present to the department a written application, and pay an application fee in the amount of Fifty Dollars ($50.00). This application shall contain the name and address of the applicant and a reasonably definite description of the location and amount of land covered by water desired by the applicant. * * * The department shall * * * establish a system to determine qualifications of applicants. The department shall prioritize applications based on the following criteria, each of which shall be weighted equally:

(i) Experience in oyster reef development;

(ii) Experience in oyster cultivation and harvesting;

(iii) Whether lease applicant is registered with the U.S. Food & Drug Administration Interstate Certified Shellfish Shippers List for Mississippi, and the length of time the applicant has been registered;

(iv) Amount of acreage to be leased; and

(v) Evidence of applicant's financial ability to perform cultivation and propagation requirements.

The department shall then order an examination to determine whether the water bottoms applied for are leasable * * *.

(b) If the applicant is found to be qualified and the area is found to be leasable, the department shall * * * determine the acreage upon which the rent shall be fixed and enter into a lease with the applicant * * *, who shall pay the prorated annual rent in advance for the remainder of the calendar year. If the applicant is not eligible for a lease, the department shall issue a written notice declining the application with specific reasons for same * * *.

(c) The department has the authority to lease an area to an applicant who has no experience in oyster cultivation as long as the applicant can demonstrate their

financial stability and the area applied for has not been requested by another applicant with demonstrated experience.

(d) The department has the authority to reconfigure the lease areas from that requested by the applicant in the manner that promotes maximum utilization of the state's resources. In the event the area requested by the applicant has to be reconfigured, the applicant has the right to refuse the reconfigured area and withdraw their application and receive a refund of their application fee.

* * *

(* * *e) The department shall require that the bottoms of water areas to be leased be as definable as possible, taking into consideration such factors as the shape of the body of water, permitted areas, and the condition of the bottom as to hardness or softness which would render it desirable or undesirable for the purpose of oyster cultivation.

* * *

(* * *f) A lease applicant may withdraw a lease application and receive a full refund from the department of all application fees, by submitting a written request for withdrawal to the department within ninety (90) days after the department * * * received the application.

(6) Such leases shall be for an initial term of fifteen (15) years, with the lessee having the right of first renewal of the lease for an additional fifteen (15) years, and continue to renew at fifteen-year intervals, at the same ground rental rate so long as lessee actively cultivates and gathers oysters, and complies with the provisions of this chapter. No lease may be transferred without approval by the department of the transfer.

(7) The terms of every lease issued hereunder shall ensure the maximum cultivation and propagation of oysters. Throughout the term of every lease issued hereunder, each lessee shall add cultch and make other necessary efforts to ensure the maximum cultivation and propagation of oysters. The department shall promulgate regulations to set forth guidelines for lessees to follow to ensure the maximum cultivation and propagation of oysters under the lease. The lessee shall submit a written report with supporting documentation to the department of efforts to cultivate and propagate oysters for the previous year. If the department finds a lessee is not making efforts to cultivate and propagate oysters, and the lessee fails to take remedial steps to address same, such lease shall be subject to termination as provided for hereunder.

(8) The department shall fix a ground rental rate at Three Dollars ($3.00) per acre per year. The annual rental payments shall be due by December 31 for the next calendar year.

(9) Any lessee who pays the rent on or after the first day of January shall pay the rent due plus an additional ten percent (10%) penalty. The failure of the lessee to pay the rent punctually on or before the first of each March, ipso facto and without demand or putting in default, terminates and cancels the lease and forfeits to the department all the works, improvements, betterments, and oysters on the leased water bottom. The department may at once enter on the water bottom and take possession thereof. Such water bottom shall then be open for lease in accordance with subsections (5) through (8) of this section. Ten (10) days thereafter the department shall enter the termination, cancellation, and forfeiture on its books and give public notice thereof by publication in one (1) local paper in the county where the formerly leased water bottoms are located. On or before the first day of each February, the department shall issue a written notice of delinquency by certified mail to each lessee who has not yet paid the rent. The department shall also publish notice of such delinquency on its website.

(10) The department shall keep an accurate chart of the areas within its jurisdiction and shall mark on such chart those areas which are under lease. All leases shall be marked by appropriate poles, stakes or buoys of such material as will not injure watercraft, at the expense of the leaseholder. The department shall keep an accurate book, designated "Mississippi Oyster Farms" which shall contain copies of all leases. The department shall maintain a map of designated state-owned, leased areas, and areas available for lease on the department's website. If any lease be cancelled or expire, such fact shall be noted on the face of such lease. Lessees shall be "oyster farmers" for the purposes of any grants, aid, subsidies or other assistance from the federal government or other governmental or private agencies.

(11) All funds derived from leasing shall be paid into the Seafood Fund under Section 49-15-17, for use by the department to further oyster production in this state, which includes plantings of oysters and cultch materials.

(12) All leases made by the department under the authority of this section shall be subject to the paramount right of the state and any of its political subdivisions authorized by law, to promote and develop ports, harbors, channels, industrial or recreational projects, and all such leases shall contain a provision that in the event such authorized public body shall require the area so leased or any part thereof for such public purposes, that the lease shall be terminated on reasonable notice fixed by the department in such lease. On the termination of any lease, the lessees shall have the right to remove any oysters within the leased area within such time as may be fixed by the department and in accordance with such reasonable rules and regulations as the department may adopt.

Any person convicted of taking oysters from leased land or from waters that are not of a safe sanitary quality without a permit as provided in Section 49-15-37 shall, on the first offense, forfeit all equipment used, exclusive of any boat or boats; and be fined not to exceed Two Thousand Dollars ($2,000.00) or sentenced not to exceed one (1) year in the county jail, or both. Subsequent convictions shall be punishable by forfeiture of all equipment, including any boat or boats; and a fine not to exceed Five Thousand Dollars ($5,000.00) or not to exceed two (2) years in prison, or both such fine and imprisonment.

The department is enjoined to cooperate with the Jackson County Port Authority, the Harrison County Development Commission, the municipal port commission and other port and harbor agencies, so that oyster beds shall not be planted in close proximity to navigable channels. The department or lessee shall have no right of action as against any such public body for damages accruing to any natural reef or leased reef by any necessary improvement of such channel in the interest of shipping, commerce, navigation or other purpose authorized by law.

(13) A lessee has the exclusive use of the water bottoms leased and all oysters and cultch grown or placed thereon. However, this exclusive right is subordinate to the rights and responsibilities of the state, any political subdivision of the state, the United States, or any agency or agent thereof, to take action in furtherance of coastal protection, conservation or restoration.

(14) In order to protect the health and safety of the residents of the State of Mississippi, the terms and conditions relating to the leasing of bottoms provided in this section shall be fully applicable to any lease executed by the Mississippi Department of Marine Resources prior to April 17, 2023, and the department shall revise any lease issued prior to April 17, 2023, as necessary in order to comply with the provisions of this section.

SECTION 3. Section 49-15-37, Mississippi Code of 1972, is amended as follows:

49-15-37. The department may employ boats, crews and laborers to cultivate the state-owned reefs of the state, and dredge the oysters in the Mississippi Sound from places where they are too thick, and spread them on reefs where they are too thin, and

carry shells from the factories and spread them in places where the oyster beds can be improved and enlarged. The department may open state-owned reefs to the public for harvest. The department may purchase other materials as may be equally suitable for the propagation of oysters. The department in cultivating the reefs, transplanting and spreading oysters and shells and other suitable materials, may expend any funds available for that purpose, as provided by Section 49-15-17(1)(e). In taking seed oysters, care shall be used to not injure or destroy the merchantable oysters on the reefs from which they are taken. The seed oysters shall be tonged from the "conner" or seed reefs, unless it is practicable and safe to dredge those oysters. The department may establish new bedding grounds at those places within the boundaries of the state as it may determine, on advice of the director, or on advice of technical governmental experts, or competent aquatic biologists. On existing state-owned reefs in which oysters exist and in waters not of a safe sanitary quality as determined by the department, the department shall prohibit any person, firm or corporation from taking oysters from those areas. The department shall from time to time remove the oysters from the areas and relay or replant them in an approved area for a period of time under Section 49-15-36 before they may be harvested. Any funds received from the sale of the oysters shall be used in a like manner as those funds received under Section * * * 49-15-17(1)(e).

The department may issue permits to persons to remove oysters by dredging or otherwise from water bottoms which are not of a safe sanitary quality for oysters for human consumption. These areas may be designated as seed grounds, and permits to persons shall be issued only for the purpose of transplanting oysters to privately leased Mississippi territorial waters. The department may permit the transplanting of these seed oysters by a duly authorized public agency.

The department may, upon determining the water bottom from which oysters are to be removed is not of a safe, sanitary quality for oyster production for human consumption and has been unsafe for a period of at least one (1) year immediately preceding certification, and upon complying with the following requirements, permit the dredging of oysters from restricted public areas and relaying the oysters to private leased grounds in the State of Mississippi:

(a) Permittee must hold valid lease of oyster bedding grounds in the State of Mississippi;

(b) Permittee must be bonded in compliance with the permit system established by the department;

(c) Permittee must fulfill all permit requirements as established by the department;

(d) Permittee shall not move oysters from one restricted area to another restricted area;

(e) Permittee shall move oysters only to an area leased by the department; and

(f) Permittee shall not move oysters from the restricted area without the presence of an employee of the department at all times, from the dredging of the oysters from the restricted areas to their deposit on private leased grounds or to an onshore, molluscan depuration facility.

Harvesting of oysters shall be permitted only during daylight hours and with the most efficient gear possible consistent with conservation requirements of not damaging the reefs. This shall include permission to use two (2) dredges per boat on restricted areas and on private leased grounds.

Any person obtaining a permit to remove oysters from seed grounds shall post a penal bond of One Hundred Dollars ($100.00) per leased acre with the department to be forfeited upon any violation of this section. The bond may be approved by the director of the department if the director finds the bond to be secured by sufficient property or sureties.

The department shall regulate the amount and time of taking of oysters from seed areas and shall supervise the removal, planting and harvesting of oysters from the areas. The time set for the taking of oysters from restricted seed areas for relaying or replanting and the time set for the taking of oysters from private leased grounds shall be separated by not less than a period of time determined under Section 49-15-36 during which neither activity may be allowed.

SECTION 4. Section 49-15-38, Mississippi Code of 1972, is amended as follows:

49-15-38. (1) (a) Unless otherwise permitted by the department, no oysters shall be taken from state-owned reefs unless culled, and all oysters less than three (3) inches from end to end, and all dead shells, shall be replaced, scattered and broadcast immediately on the reefs from which they are taken. It is unlawful for any captain or person in charge of any vessel, or any canner, packer, commission man, dealer or other person to purchase, sell or to have in that person's possession or under that person's control any oysters off the state-owned reefs or private bedding grounds not culled according to this section, or any oysters under the legal size. A ten percent (10%) tolerance shall be allowed in relation to any culling.

(b) The department may authorize the culling of oysters of a lesser measure. That authorization shall be in response to special circumstances or extreme natural conditions affecting the habitat, including, but not limited to, flooding. The department may establish checkpoints in any area within its jurisdiction to conduct inspections, collect fees and issue tags in the enforcement of this chapter and regulations adopted by the commission.

(2) The department shall acquire and replant shells, seed oysters and other materials, when funding is available, for the purpose of growing oysters.

(3) Any person, firm or corporation failing or refusing to pay the shell retention fee required under Section 49-15-46 to the department when called for by the department, is guilty of a misdemeanor and, upon conviction, shall be fined not more than One Hundred Dollars ($100.00) for each * * * sack of shells for which they fail or refuse to tender the shell retention fee. In addition to the fine, the violator shall pay the reasonable value of the oyster shells and shall be ineligible to be licensed for any activity set forth in this chapter for a period of two (2) years from the date of conviction.

(4) The planting of oyster shells as provided under this chapter shall be under the direction and supervision of the executive director of the department.

SECTION 5. Section 49-15-46, Mississippi Code of 1972, is amended as follows:

49-15-46. (1) Each vessel used to catch, take, carry or transport oysters from the reefs of the State of Mississippi, or engaged in transporting any oysters in any of the waters within the territorial jurisdiction of the State of Mississippi, for commercial use, shall annually, before beginning operations, be licensed by the department and pay the following license fee:

(a) Fifty Dollars ($50.00) on each in-state vessel or boat used for tonging oysters or gathering oysters by hand;

(b) One Hundred Dollars ($100.00) on each in-state vessel or boat used for dredging oysters;

(c) One Hundred Dollars ($100.00) on each out-of-state vessel or boat used for tonging oysters or gathering oysters by hand, or the license fee charged by the out-of-state licensing entity to Mississippi vessels or boats for tonging or gathering oysters, whichever is greater; or

(d) Two Hundred Dollars ($200.00) on each out-of-state vessel or boat used for dredging oysters, or the license fee charged by the out-of-state licensing entity to Mississippi vessels or boats for dredging oysters, whichever is greater.

(2) Each molluscan shellfish aquaculture operation shall annually, before beginning operations, be licensed by the department and pay the following license fee:

(a) Fifty Dollars ($50.00) on each resident molluscan shellfish aquaculture operation; or

(b) One Hundred Dollars ($100.00) on each nonresident molluscan shellfish aquaculture operation.

(3) The department may authorize the transfer of a vessel license to a different vessel provided that the owner of both vessels is the same titled owner.

(4) All oysters harvested in the State of Mississippi shall be tagged. Tags shall be issued by the department and shall bear the catcher's name, the date and origin of the catch, the shell stock dealer's name and permit number. The department shall number all tags issued and shall maintain a record of those tags. The department, in its discretion, may adopt any regulations regarding the tagging of oysters and other shellfish.

(5) Each person catching or taking oysters from the waters of the State of Mississippi for personal use shall obtain a permit from the department and pay an annual recreational oyster permit fee of Ten Dollars ($10.00). Oysters caught under a recreational permit shall not be offered for sale. The limits on the allowable catch of oysters for recreational purposes shall be three (3) sacks per week. The department shall issue tags of a distinguishing color to designate recreationally harvested oysters, which shall be tagged on the same day of harvest in the manner prescribed in subsection (4) of this section for commercially harvested oysters or by regulation of the department.

(6) The department shall assess and collect a shell retention fee for the shells taken from waters within the territorial jurisdiction of the State of Mississippi as follows:

(a) Commercial and recreational harvesters - Fifteen Cents (15¢) per sack paid to the department on the day of harvest;

(b) Initial oyster processor, dealer or factory first purchasing the oysters - Fifteen Cents (15¢) per sack paid to the department no later than the tenth day of the month following the purchase, on forms submitted by the department;

(c) Commercial harvesters transporting their catch out of the state - Fifty Cents (50¢) per sack paid to the department on the day of harvest, in addition to the fees paid in paragraph (a) of this subsection; and

(d) Commercial harvesters not selling their oysters to a Mississippi dealer - Fifteen Cents (15¢) per sack paid to the department on the day of harvest, in addition to fees paid in paragraph (a) of this subsection.

Funds received from the shell retention fee shall be paid into * * * the Oyster Production Preserve Account within the Seafood Fund pursuant to Section 49-15-17(1)(e) for use by the department to further oyster production in this state, which includes plantings of oysters and/or cultch materials.

(7) During open seasons, oysters may be taken only by hands, tongs and dredges.

(8) Vessels licensed under Section 49-15-46 may keep in whole, for personal consumption up to thirty-six (36) blue crabs (portunidae family), per day. This exemption for personal consumption does not apply to fish or crabs that are otherwise illegal to possess or catch.

SECTION 6. Section 49-15-47, Mississippi Code of 1972, is amended as follows:

49-15-47. (1) It is unlawful for any person, firm or corporation to discharge solid or human waste from any vessel while the vessel is used to harvest or transport oysters in the marine waters of the state.

The approved marine sanitation device (MSD), portable toilet or other sewage disposal receptacle shall:

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1163: Community and junior colleges; authorize to contract or enter into interlocal agreements with local governing authorities for first responders services.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 21-25-23, Mississippi Code of 1972, is amended as follows:

21-25-23. The governing authorities of any municipality are hereby authorized, when petitioned so to do by the Board of Trustees of State Institutions of Higher Learning or the board of trustees of a community or junior college district, to create, by ordinance, a fire district encompassing the area adjoining such municipality on which a part or all of a State Institution of Higher Learning or a community college is located, after the creation of which such governing authorities and the Board of Trustees of State Institutions of Higher Learning or the board of trustees of the affected community or junior college district shall have full power to contract for laying of water mains and any other pipes or connections to the water mains to be used in said fire district, and for the establishment and maintenance of fire service therein. However, no such governing authority shall have the power either to promulgate or enforce any charge, rule or regulation upon said district without first having received the ratification and consent of the Board of Trustees of State Institutions of Higher Learning or the board of trustees of the affected community or junior college district as reflected by the minutes of said trustees.

SECTION 2. Section 37-29-231, Mississippi Code of 1972, is amended as follows:

37-29-231. (1) The provisions of Sections 37-103-1 through 37-103-29 relating to the legal residence of and tuition to be charged any student applying for admission to state educational institutions shall be applicable to the boards of trustees of each junior college district in the state and to the administrative authorities of each such junior college governed by said board.

(2) (a) The board of trustees of each community or junior college is authorized, in its discretion and as deemed necessary, to enter into contract with a municipality as authorized under Section 21-25-23, or into an interlocal agreement with the county governing authority of the county wherein the community or junior college is located if situated outside of the incorporated limits of any city or municipality therein, to provide fire protection and first responder services to the main campus of the community or junior college for which the contract or interlocal agreement was entered. In addition to fire protection services, first responder services shall also include law enforcement services and emergency medical transportation services.

(b) Upon entering such contract or interlocal agreement, the board of trustees of the community or junior college receiving services under the contract or interlocal agreement may assess each student a fee not to exceed Five Dollars ($5.00), each semester to offset the cost associated with the services provided, which shall be allocated by the board of trustees to the local governing authority providing first responder services. This paragraph (b) shall stand repealed on July 1, 2027.

SECTION 3. Section 37-29-141, Mississippi Code of 1972, is amended as follows:

37-29-141. (1) The board of trustees of any junior college district is expressly authorized and empowered to make a thorough study and evaluation of the costs of operation of the junior college district, and said board shall recommend a fair and acceptable tax rate for district general support and maintenance from each of the member counties.

The board of trustees of any junior college district as constituted as of July 1, 1964, shall have the authority to recommend the tax levy necessary for a newly contributing county to have representation on the board of trustees of said junior college.

From and after October 1, 1989, no county shall levy less than (a) one (1) mill for the support, and (b) one (1) mill for the enlargement, improvement and repair of the junior college within the district of which the county is a member. From and after October 1, 1990, the board of trustees of any junior college district may, by a sixty percent (60%) affirmative vote of the members of such board, recommend an additional one (1) mill which may be used for the support or for the enlargement, improvement and repair of the junior college within the district of which the county is a member. If a county is levying more than the minimum levy required herein for one category but less than the minimum levy required for the other, then the excess millage under the one may be applied towards making up the deficiency which exists in the other. If a county contributes to two (2) junior college districts, the combined levy for both districts shall not be less than the minimums required herein.

Any county having any school district located therein with a current operating deficit of Two Hundred Thousand Dollars ($200,000.00) or more on July 1, 1989, shall not be required to levy the minimum millage required under this subsection (1) until such time as the said operating deficit is eliminated, or for a period of three (3) fiscal years, whichever is less. Provided, however, that no such county shall levy a smaller tax millage for capital improvements and general support of a junior college district than was levied for the previous year.

No county shall levy a smaller tax millage for capital improvements and general support of a junior college district than was levied for the previous year, unless requested to make such reduction by the board of trustees of the district. When a county has a

general reassessment of property to increase the county ad valorem tax assessments, such county may reduce the millage for general support and capital improvements, provided that its aggregate budget for junior college purposes is not lower than was paid the previous year.

In lieu of taxation, the board of trustees may fix the amount of enrollee tuition in an amount commensurate with the per capita cost of operating the district, which may also include any fees assessed by the board upon each student enrolled under the authority of Section 37-29-231 for the purpose of offsetting the cost of first responder services provided to the main campus of the community college by the local governing authority in accordance with the provisions of the contract entered into under the authority of Section 21-25-23 or the interlocal agreement entered into under the authority of Section 37-29-231.

(2) Taxes for the support, enlargement, improvement and repairs of junior colleges shall be levied annually against all of the property of each county and of each municipal separate school district, including added territory, which has established or may hereafter establish, or which has joined or may hereafter join, in the establishment or support of a junior college. In no case shall such levy exceed three (3) mills for support and three (3) mills for enlargement, improvement and repairs for each junior college within the district of which the county or municipal separate school district may be a component.

(3) The levy for support for any year in any given county or separate school district is that presently prevailing therein unless a change is recommended to the tax levying authorities by the board of trustees or by a vote of the people ascertained in an election called for that purpose by the tax levying authorities subsequent to the petition therefor signed by twenty percent (20%) of the qualified electors.

(4) Notwithstanding any provision of this section to the contrary, the minimum millage required under subsection (1) shall not be levied by the board of supervisors of any county within a junior college district until the board of trustees of the district adopts annually, an order, by a sixty percent (60%) affirmative vote of the members of the board, that such minimum millage shall be levied by each county within the district.

SECTION 4. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 21-25-23, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE BOARDS OF TRUSTEES OF COMMUNITY AND JUNIOR COLLEGE TO ENTER INTO CONTRACT WITH A MUNICIPALITY FOR THE PROVISION OF FIRE PROTECTION SERVICES; TO AMEND SECTION 37-29-231, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE BOARDS OF TRUSTEES OF COMMUNITY AND JUNIOR COLLEGE, IN ITS DISCRETION, TO ENTER INTO AN INTERLOCAL AGREEMENT WITH THE COUNTY GOVERNING AUTHORITY WHERE THE COMMUNITY OR JUNIOR COLLEGE IS LOCATED, TO PROVIDE FIRE PROTECTION AND FIRST RESPONDER SERVICES TO THE MAIN CAMPUS OF THE COMMUNITY OR JUNIOR COLLEGE; TO PROVIDE THE BOARD OF TRUSTEES OF THE COMMUNITY OR JUNIOR COLLEGE THE DISCRETION TO OFFSET THE COST OF THE SERVICES BY ASSESSING A STUDENT FEE EACH SEMESTER; TO AMEND SECTION 37-29-141, MISSISSIPPI CODE OF 1972, IN CONFORMITY THERETO; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2753: SAFER Act; enact.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The following shall be codified as Section 29-18-1, Mississippi Code of 1972:

29-18-1. This act shall be known and may be cited as "Securing Areas for Females Effectively and Responsibly Act" or the "SAFER Act."

SECTION 2. The following shall be codified as Section 29-18-3, Mississippi Code of 1972:

29-18-3. Legislative findings; intermediate scrutiny. The Legislature finds that:

(a) Females and males should be provided areas, including restrooms, changing facilities and single-sex educational housing spaces, for their exclusive use, respective to their sex, in order to maintain privacy and safety.

(b) There are important governmental reasons to distinguish between the sexes with respect to spaces where biology, safety, and/or privacy are implicated. As such, policies and laws that distinguish between the sexes are subject to intermediate constitutional scrutiny, which forbids unfair discrimination against similarly situated males and females but allows the law to distinguish between the sexes where such distinctions are substantially related to important governmental objectives.

(c) These findings reflect the intent of the Legislature to fulfill important governmental interests of protecting students' dignity, health, safety, welfare, and privacy rights by enacting this neutral policy which simply treats equally those of the same and opposite biological sex "determined solely by a birth," without regard to the fluidity of how someone acts or feels.

SECTION 3. The following shall be codified as Section 29-18-5, Mississippi Code of 1972:

29-18-5. Chapter definitions. For purposes of this act, the following terms shall have the meanings ascribed herein:

63-11-23. (1) Administrative license suspension for test refusal. The Commissioner of Public Safety, or his authorized agent, shall review the sworn report by a law enforcement officer as provided in Section 63-11-21.

(a) If upon review the Commissioner of Public Safety, or his authorized agent, finds (i) that the law enforcement officer had reasonable grounds and probable cause to believe the person had been operating a motor vehicle upon the public highways, public roads * * * or streets of this state while under the influence of intoxicating liquor or any other substance that may impair a person's mental or physical ability; (ii) that the person refused to submit to the chemical test of the person's breath, blood or urine upon request of the officer; and (iii) that the person was informed that his license and driving privileges would be suspended or denied if he refused to submit to the chemical test of his breath, blood or urine, then the Commissioner of Public Safety, or his authorized agent, shall give notice to the licensee that his license or permit to drive, or any nonresident operating privilege, shall be suspended thirty (30) days after the date of the notice for a period of ninety (90) days if the person has not previously been convicted of or nonadjudicated for a violation of Section 63-11-30, or, for a period of one (1) year if the person was previously convicted or nonadjudicated under Section 63-11-30. If the commissioner or his authorized agent determines that the license or permit should not be suspended, he shall return the license or permit to the licensee.

(b) The notice of suspension shall be in writing and conform to Section 63-1-52.

(c) A person may continue to drive on either an interlock-restricted license or under a drug-testing program if so ordered by a court in the course of a criminal proceeding for a violation of Section 63-11-30.

(2) Extension or suspension of privilege to drive; request for trial. (a) If the chemical testing of a person's breath indicates the blood alcohol concentration was eight one-hundredths percent (.08%) or more for persons who are above the legal age to purchase alcoholic beverages under state law, or two one-hundredths percent (.02%) or more for persons who are below the legal age to purchase alcoholic beverages under state law, based upon grams of alcohol per one hundred (100) milliliters of blood or grams of alcohol per two hundred ten (210) liters of breath as shown by a chemical analysis of the person's blood, breath, or urine, the arresting officer shall seize the license and give the driver a receipt for his license on forms prescribed by the Commissioner of Public Safety and shall promptly forward the license together with a sworn report to the Commissioner of Public Safety. If the court finds that it is not the fault of the defendant or his counsel, then the court shall order the defendant's privileges to operate a motor vehicle to be extended until the defendant is convicted upon final order of the court.

(c) If a receipt or permit to drive issued under this subsection expires without a trial having been requested as provided in this subsection, then the Commissioner of Public Safety, or his authorized agent, shall suspend the license or permit to drive or any nonresident operating privilege for the applicable period of time as provided in subsection (1) of this section.

(b) A holder of a commercial driver's license who is convicted of operating a commercial motor vehicle with an alcohol concentration of eight one-hundredths percent (.08%) or more shall be guilty of a felony and shall be committed to the custody of the Department of Corrections for not less than two (2) years and not more than ten (10) years.

(c) The court shall order an ignition-interlock restriction on the offender's privilege to drive as a condition of probation or post-release supervision not to exceed five (5) years unless a longer restriction is required under other law. The ignition-interlock restriction shall not be applied to commercial license privileges until the driver serves the full disqualification period required by Section 63-1-216.

(6) DUI citations. (a) Upon conviction of a violation of subsection (1) of this section, the trial judge shall sign in the place provided on the traffic ticket, citation or affidavit stating that the person arrested either employed an attorney or waived his right to an attorney after having been properly advised. If the person arrested employed an attorney, the name, address and telephone number of the attorney shall be written on the ticket, citation or affidavit. The court clerk must immediately send a copy of the traffic ticket, citation or affidavit, and any other pertinent documents concerning the conviction or other order of the court, to the Department of Public Safety as provided in Section 63-11-37.

(b) A copy of the traffic ticket, citation or affidavit and any other pertinent documents, having been attested as true and correct by the Commissioner of Public Safety, or his designee, shall be sufficient proof of the conviction for purposes of determining the enhanced penalty for any subsequent convictions of violations of subsection (1) of this section. The Department of Public Safety shall maintain a central database for verification of prior offenses and convictions.

(7) Out-of-state prior convictions. Convictions in another state, territory or possession of the United States, or under the law of a federally recognized Native American tribe, of violations for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle occurring within five (5) years before an offense shall be counted for the purposes of determining if a violation of subsection (1) of this section is a second, third, fourth or subsequent offense and the penalty that shall be imposed upon conviction for a violation of subsection (1) of this section.

(8) Charging of subsequent offenses. (a) For the purposes of determining how to impose the sentence for a second, third, fourth or subsequent conviction under this section, the affidavit or indictment shall not be required to enumerate previous convictions. It shall only be necessary that the affidavit or indictment states the number of times that the defendant has been convicted and sentenced within the past five (5) years for a second or third offense, or without a time limitation for a fourth or subsequent offense, under this section to determine if an enhanced penalty shall be imposed. The amount of fine and imprisonment imposed in previous convictions shall not be considered in calculating offenses to determine a second, third, fourth or subsequent offense of this section.

(b) Before a defendant enters a plea of guilty to an offense under this section, law enforcement must submit certification to the prosecutor that the defendant's driving record, the confidential registry and National Crime Information Center record have been searched for all prior convictions, nonadjudications, pretrial diversions and arrests for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle. The results of the search must be included in the certification.

(9) License eligibility for underage offenders. A person who is under the legal age to obtain a license to operate a motor vehicle at the time of the offense and who is

convicted under this section shall not be eligible to receive a driver's license until the person reaches the age of eighteen (18) years.

(10) License suspensions and restrictions to run consecutively. Suspension or restriction of driving privileges for any person convicted of or nonadjudicated for violations of subsection (1) of this section shall run consecutively to and not concurrently with any other administrative license suspension.

(11) Ignition interlock. If the court orders installation and use of an ignition-interlock device as provided in Section 63-11-31 for every vehicle operated by a person convicted or nonadjudicated under this section, each device shall be installed, maintained and removed as provided in Section 63-11-31.

(12) DUI child endangerment. A person over the age of twenty-one (21) who violates subsection (1) of this section while transporting in a motor vehicle a child under the age of sixteen (16) years is guilty of the separate offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle. The offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle shall not be merged with an offense of violating subsection (1) of this section for the purposes of prosecution and sentencing. An offender who is convicted of a violation of this subsection shall be punished as follows:

(a) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a first conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than One Thousand Dollars ($1,000.00) or shall be imprisoned for not more than twelve (12) months, or both;

(b) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a second conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than One Thousand Dollars ($1,000.00) nor more than Five Thousand Dollars ($5,000.00) or shall be imprisoned for one (1) year, or both;

(c) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a third or subsequent conviction shall be guilty of a felony and, upon conviction, shall be fined not less than Ten Thousand Dollars ($10,000.00) or shall be imprisoned for not less than one (1) year nor more than five (5) years, or both; and

(d) A person who commits a violation of this subsection which results in the serious injury or death of a child, without regard to whether the offense was a first, second, third or subsequent offense, shall be guilty of a felony and, upon conviction, shall be punished by a fine of not less than Ten Thousand Dollars ($10,000.00) and shall be imprisoned for not less than five (5) years nor more than twenty-five (25) years.

(13) Expunction. (a) Any person convicted under subsection (2) or (3) of this section of a first offense of driving under the influence and who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense may petition the circuit court of the county in which the conviction was had for an order to expunge the record of the conviction at least five (5) years after successful completion of all terms and conditions of the sentence imposed for the conviction. Expunction under this subsection will only be available to a person:

(i) Who has successfully completed all terms and conditions of the sentence imposed for the conviction;

(ii) Who did not refuse to submit to a test of his blood or breath;

(iii) Whose blood alcohol concentration tested below sixteen one-hundredths percent (.16%) if test results are available;

(iv) Who has not been convicted of and does not have pending any other offense of driving under the influence;

(v) Who has provided the court with justification as to why the conviction should be expunged; and

(vi) Who has not previously had a nonadjudication or expunction of a violation of this section.

(b) A person is eligible for only one (1) expunction under this subsection, and the Department of Public Safety shall maintain a permanent confidential registry of all cases of expunction under this subsection for the sole purpose of determining a person's eligibility for expunction, for nonadjudication, or as a first offender under this section.

(c) The court in its order of expunction shall state in writing the justification for which the expunction was granted and forward the order to the Department of Public Safety within five (5) days of the entry of the order.

(14) Nonadjudication. (a) For the purposes of this chapter, "nonadjudication" means that the court withholds adjudication of guilt and sentencing, either at the conclusion of a trial on the merits or upon the entry of a plea of guilt by a defendant, and places the defendant in a nonadjudication program conditioned upon the successful completion of the requirements imposed by the court under this subsection.

(b) A person is eligible for nonadjudication of an offense under this Section 63-11-30 only one (1) time under any provision of a law that authorizes nonadjudication and only for an offender:

(i) Who has successfully completed all terms and conditions imposed by the court after placement of the defendant in a nonadjudication program;

(ii) Who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense;

(iii) Who has not previously been convicted of and does not have pending any former or subsequent charges under this section; and

(iv) Who has provided the court with justification as to why nonadjudication is appropriate.

(c) Nonadjudication may be initiated upon the filing of a petition for nonadjudication or at any stage of the proceedings in the discretion of the court; the court may withhold adjudication of guilt, defer sentencing, and upon the agreement of the offender to participate in a nonadjudication program, enter an order imposing requirements on the offender for a period of court supervision before the order of nonadjudication is entered. Failure to successfully complete a nonadjudication program subjects the person to adjudication of the charges against him and to imposition of all penalties previously withheld due to entrance into a nonadjudication program. The court shall immediately inform the commissioner of the conviction as required in Section 63-11-37.

(i) The court shall order the person to:

1. Pay the nonadjudication fee imposed under Section 63-11-31 if applicable;

2. Pay all fines, penalties and assessments that would have been imposed for conviction;

3. Attend and complete an alcohol safety education program as provided in Section 63-11-32 within six (6) months of the date of the order;

4. a. If the court determines that the person violated this section with respect to alcohol or intoxicating liquor, the person must install an ignition-interlock device on every motor vehicle operated by the person, obtain an interlock-restricted license, and maintain that license for one hundred twenty (120) days or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person must not operate any vehicle.

b. If the court determines that the person violated this section by operating a vehicle when under the influence of a substance other than alcohol that has impaired the person's ability to operate a motor vehicle, including any drug or controlled substance which is unlawful to possess under the Mississippi Controlled Substances Law, the person must submit to a one-hundred-twenty-day period of a nonadjudication program that includes court-ordered drug testing at the person's own expense not less often than every thirty (30) days, during which time the person may drive if compliant with the terms of the program, or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person will not operate any vehicle.

(ii) Other conditions that may be imposed by the court include, but are not limited to, alcohol or drug screening, or both, proof that the person has not committed any other traffic violations while under court supervision, proof of immobilization or impoundment of vehicles owned by the offender if required, and attendance at a victim-impact panel.

(d) The court may enter an order of nonadjudication only if the court finds, after a hearing or after ex parte examination of reliable documentation of compliance, that the offender has successfully completed all conditions imposed by law and previous orders of the court. The court shall retain jurisdiction over cases involving nonadjudication for a period of not more than two (2) years.

(e) (i) The clerk shall immediately forward a record of every person placed in a nonadjudication program and of every nonadjudication order to the Department of Public Safety for inclusion in the permanent confidential registry of all cases that are nonadjudicated under this subsection (14).

(ii) Judges, clerks and prosecutors involved in the trial of implied consent violations and law enforcement officers involved in the issuance of citations for implied consent violations shall have secure online access to the confidential registry for the purpose of determining whether a person has previously been the subject of a nonadjudicated case and 1. is therefore ineligible for another nonadjudication; 2. is ineligible as a first offender for a violation of this section; or 3. is ineligible for expunction of a conviction of a violation of this section.

(iii) The Driver Services Bureau of the department shall have access to the confidential registry for the purpose of determining whether a person is eligible for a form of license not restricted to operating a vehicle equipped with an ignition-interlock device.

(iv) The Mississippi Alcohol Safety Education Program shall have secure online access to the confidential registry for research purposes only.

(15) The provisions of this section are fully applicable to any person who is under the influence of medical cannabis that is lawful under the Mississippi Medical Cannabis Act and in compliance with rules and regulations adopted thereunder which has impaired the person's ability to operate a motor vehicle.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 63-11-23 AND 63-11-30, MISSISSIPPI CODE OF 1972, TO PROVIDE A TIMELINE FOR THE 120-DAY SUSPENSION FOR DUI VIOLATIONS TO PROVIDE AN AGGRAVATED DUI PENALTY FOR PERSONS WHO ARE UNDER THE LEGAL AGE FOR PURCHASING ALCOHOLIC BEVERAGES; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1253: Post-conviction collateral relief; require certain petitioners to obtain Supreme Court permission before filing in trial court.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 99-39-7, Mississippi Code of 1972, is amended as follows:

99-39-7. (1) The motion under this article shall be filed as an original civil action in the trial court, except in cases in which:

(a) The petitioner's conviction and sentence have been appealed to the Supreme Court of Mississippi and there affirmed or the appeal dismissed;

(b) The denial of a previous post-conviction motion filed by the petitioner has been appealed to the Supreme Court of Mississippi and there affirmed or the appeal dismissed; or

(c) More than three (3) years after the time for taking an appeal from the judgment or conviction have elapsed.

(2) Where the conviction and sentence have been affirmed on appeal or the appeal has been dismissed, where the denial of a previous post-conviction motion filed by the petitioner has been appealed to the Supreme Court of Mississippi and there affirmed or the appeal dismissed, or where more than three (3) years after the time for taking an appeal from the judgment or conviction have elapsed, the motion under this article shall not be filed in the trial court until the motion shall have first been presented to a quorum of the Justices of the Supreme Court of Mississippi, convened for * * * that purpose either in termtime or in vacation, and an order granted allowing the filing of such motion in the trial court. The procedure governing applications to the Supreme Court for leave to file a motion under this article shall be as provided in Section 99-39-27.

SECTION 2. Section 21-23-8, Mississippi Code of 1972, is amended as follows:

21-23-8. (1) (a) The purpose of bail is to guarantee appearance and a bail bond shall not be forfeited for any other reason.

(b) (i) If a defendant in any criminal case, proceeding or matter fails to appear for any proceeding as ordered by the municipal court, then the court shall order the bail forfeited and a judgment nisi and a bench warrant issued at the time of nonappearance. The clerk of the municipal court shall notify the surety of the forfeiture by writ of scire facias, with a copy of the judgment nisi and bench warrant attached thereto, within ten (10) working days of such order of judgment nisi either by personal service or by certified mail. Failure * * * to provide the required notice within ten (10) working days shall constitute prima facie evidence that the order * * * shall be set aside, and the clerk shall present a set-aside order on behalf of the surety to the court. All felony warrants issued by a court for nonappearance shall be put on the National Crime Information Center (NCIC) index with no restrictions until the defendant is returned to custody.

(ii) 1. The judgment nisi shall be returnable for ninety (90) days from the date of issuance. If during that period the defendant appears before the municipal court, or is arrested and surrendered, then the judgment nisi shall be set aside. If the

surety produces the defendant or provides to the municipal court reasonable mitigating circumstances upon such showing, then the forfeiture shall not be made final. If the forfeiture is made final, a copy of the final judgment shall be served on the surety within ten (10) working days by either personal service or certified mail.

2. Reasonable mitigating circumstances shall be that the defendant is incarcerated in another jurisdiction; that the defendant is hospitalized under a doctor's care; that the defendant is in a recognized drug rehabilitation program; that the defendant has been placed in a witness protection program, in which case it shall be the duty of any agency placing the defendant into a witness protection program to notify the municipal court and the municipal court to notify the surety; or any other reason justifiable to the municipal court.

(2) (a) If a final judgment is entered against a surety licensed by the Department of Insurance and has not been set aside after ninety (90) days, or later if such time is extended by the municipal court issuing the judgment nisi, then the municipal court shall order the department to revoke the authority of the surety to write bail bonds. The Commissioner of Insurance shall, upon notice of the municipal court, notify the surety within five (5) working days of receipt of the order of revocation. If after * * * twenty (20) working days of the notification the revocation order has not been set aside by the municipal court, then the commissioner shall revoke the authority of the surety and all agents of the surety and shall notify the sheriff of every county of such revocation.

(b) Before the revocation authorized in paragraph (a) of this subsection, the surety may submit proof to the department that the defendant has been surrendered to the appropriate authorities or that the bond has been paid directly to the court or other proper authorities, such proof to include, but not be limited to:

(i) A receipt of payment to the bond;

(ii) A surrender certificate; or

(iii) A notice of surrender from the proper authorities, including foreign jurisdictions.

(3) If within eighteen (18) months of the date of the final forfeiture the defendant appears for municipal court, is arrested or surrendered to the municipal court, or if the defendant is found to be incarcerated in another jurisdiction and a hold order placed on the defendant, then the amount of bail, less reasonable extradition cost, excluding attorney fees, shall be refunded by the municipal court upon application by the surety.

(4) (a) The municipal judge shall set the amount of bail for persons charged with offenses in municipal court and may approve the bond or recognizance therefor.

(b) The court shall not set the financial conditions of bail solely for the purpose of detaining the defendant. When bail is set, it is presumed that the amount of bail is both necessary to reasonably assure the safety of a victim, witness or the general public and to guarantee the appearance of a defendant as required by the court. The amount of bail is also presumed to be attainable by the defendant. The presumption that bail is attainable by the defendant may be rebutted by the defendant who may file a motion to reduce or set aside the bail requirement with the court due to lack of financial means, which shall also consider the availability of a third-party support system to obtain the defendant's release. The court shall rule on any such motion within forty-eight (48) hours of the filing.

(c) If the defendant or his counsel asserts that the defendant is indigent and cannot afford the amount of bail, the municipal judge shall make a determination of whether the defendant can be released on recognizance, based on the standards enumerated in the Mississippi Rules of Criminal Procedure and any other factors

considered relevant by the municipal judge. No misdemeanor defendant shall be incarcerated solely because the defendant cannot afford to post bail; nor shall a misdemeanor defendant be released solely because the defendant cannot afford bail. It is the duty of the municipal judge to ensure that release of the defendant does not jeopardize the community.

(d) The accused may waive an appearance before the judge and execute an appearance bond in an amount determined by the court from the bond guidelines set out in the Mississippi Rules of Criminal Procedure and agree to appear at a specified time and place.

(e) If the municipal judge is unavailable and has not provided a bail schedule or otherwise provided for the setting of bail, it is lawful for any officer or officers designated by order of the municipal judge to take bond, cash, property or recognizance, with or without sureties, in the amount of the minimum bail specified in the bond guidelines set out in the Mississippi Rules of Criminal Procedure, payable to the municipality and conditioned for the appearance of the person on the return day and time of the writ before the court to which the warrant is returnable, or in cases of arrest without a warrant, on the day and time set by the court or officer for arraignment, and there remain from day to day and term to term until discharged.

(f) In circumstances involving an offense against any of the following: (i) a current or former spouse of the accused or child of that person; (ii) a person living as a spouse or who formerly lived as a spouse with the accused or a child of that person; (iii) a parent, grandparent, child, grandchild or someone similarly situated to the accused; (iv) a person who has a current or former dating relationship with the accused; or (v) a person with whom the accused has had a biological or legally adopted child, the municipal judge shall check, or cause to be made a check of the status of the person for whom recognizance or bond is taken before ordering bail in the Mississippi Protection Order Registry authorized under Section 93-21-25, and the existence of a domestic abuse protection order against the accused shall be considered when determining appropriate bail.

(g) All bonds shall be promptly returned to the court, together with any cash deposited, and be filed and proceeded on by the court in a case of forfeiture. The chief of the municipal police or a police officer or officers designated by order of the municipal judge may approve bonds or recognizances.

(h) All bonds and recognizances in municipal court where the municipal court shall have the jurisdiction to hear and determine the case may be made payable to the municipality and shall have the effect to bind the principal and any sureties on the bond or recognizance until they shall be discharged by due course of law without renewal.

SECTION 3. Section 83-39-7, Mississippi Code of 1972, is amended as follows:

83-39-7. (1) (a) Each applicant for a professional bail agent license who acts as personal surety shall be required to post a qualification bond in the amount of Thirty Thousand Dollars ($30,000.00).

(b) The Insurance Department shall submit a report to the Senate and House of Representatives Committees on Accountability, Efficiency and Transparency that details the amount of all bonds or undertakings that each bail bondsman has written in this state on which the bail bondsman is absolutely or conditionally liable since the Bail Bond Database was established by the department. The report shall be submitted on or before December 1, 2017. The report shall also include the number of bail bondsmen who have failed to comply with the database reporting requirements, if any, the technical issues that may have occurred since the database was established and any suggested legislation to ensure each bail bondsman's continued compliance with the database reporting requirements.

(2) The qualification bond shall be made by depositing with the commissioner the aforesaid amount of bonds of the United States, the State of Mississippi or any agency or subdivision thereof, or a certificate of deposit issued by an institution whose deposits are insured by the Federal Deposit Insurance Corporation and made payable jointly to the owner and the Department of Insurance, or shall be written by an insurer as defined in this chapter, shall meet the specifications as may be required and defined in this chapter, and shall meet such specifications as may be required and approved by the department. The bond shall be conditioned upon the full and prompt payment of any bail bond issued by such professional bail agent into the court ordering the bond forfeited. The bond shall be to the people of the State of Mississippi in favor of any court of this state, whether municipal, justice, county, circuit, Supreme or other court.

(3) (a) If any bond issued by a professional bail agent is declared forfeited and judgment entered thereon by a court of proper jurisdiction as authorized in Section 99-5-25, and the amount of the bond is not paid within ninety (90) days, that court shall order the department to declare the qualification bond of the professional bail agent to be forfeited and the license revoked. If the bond was not forfeited correctly under Section 99-5-25, it shall be returned to the court as uncollectible. The department shall then order the surety on the qualification bond to deposit with the court an amount equal to the amount of the bond issued by the professional bail agent and declared forfeited by the court, or the amount of the qualification bond, whichever is the smaller amount. The department shall, after a hearing held upon not less than * * * twenty (20) days' written notice, suspend the license of the professional bail agent until such time as another qualification bond in the required amount is posted with the department. The revocation of the license of the professional bail agent shall also serve to revoke the license of each soliciting bail agent and bail enforcement agent employed or used by such professional bail agent. In the event of a final judgment of forfeiture of any bail bond written under the provisions of this chapter, the amount of money so forfeited by the final judgment of the proper court, less all accrued court costs and excluding any interest charges or attorney's fees, shall be refunded to the bail agent or his insurance company upon proper showing to the court as to which is entitled to same, provided the defendant in such cases is returned to the sheriff of the county to which the original bail bond was returnable within eighteen (18) months of the date of such final judgment, or proof made of incarceration of the defendant in another jurisdiction, and that a "Hold Order" has been placed upon the defendant for return of the defendant to the sheriff upon release from the other jurisdiction, the return to the sheriff to be the responsibility of the professional bail agent, then the bond forfeiture shall be stayed and remission made upon petition to the court, in the amount found in the court's discretion to be just and proper. A bail agent licensed under this chapter shall have a right to apply for and obtain from the proper court an extension of time delaying a final judgment of forfeiture if such bail agent can satisfactorily establish to the court wherein such forfeiture is pending that the defendant named in the bail bond is lawfully in custody outside of the State of Mississippi.

(b) Before the revocation authorized in paragraph (a) of this subsection, the surety may submit proof to the department that the defendant has been surrendered to the appropriate authorities or that the bond has been paid directly to the court or other proper authorities, such proof to include, but not be limited to:

(i) A receipt of payment to the bond;

(ii) A surrender certificate; or

(iii) A notice of surrender from the proper authorities, including foreign jurisdictions.

(4) The qualification bond may be released by the department to the professional bail personal surety agent upon an order to release the qualification bond issued by a court of competent jurisdiction, or upon written request to the department by the

professional bail personal surety agent no earlier than five (5) years after the expiration date of his last license.

SECTION 4. Section 99-5-25, Mississippi Code of 1972, is amended as follows:

99-5-25. (1) (a) The purpose of bail is to guarantee appearance and a bail bond shall not be forfeited for any other reason.

(b) If a defendant in any criminal case, proceeding or matter fails to appear for any proceeding as ordered by the court, then the court shall order the bail forfeited and a judgment nisi and a bench warrant issued at the time of nonappearance. The clerk of the court shall notify the surety of the forfeiture by writ of scire facias, with a copy of the judgment nisi and bench warrant attached thereto, within ten (10) working days of such order of judgment nisi either by personal service or by certified mail. Failure * * * to provide the required notice within ten (10) working days shall constitute prima facie evidence that the order * * * shall be set aside, and the clerk shall present a set-aside order on behalf of the surety to the court. * * * All felony warrants issued by a court for nonappearance shall be put on the National Crime Information Center (NCIC) index with no restrictions until the defendant is returned to custody.

(c) The judgment nisi shall be returnable for ninety (90) days from the date of issuance. If during such period the defendant appears before the court, or is arrested and surrendered, then the judgment nisi shall be set aside and a copy of the judgment that is set aside shall be served on the surety by personal service or certified mail. If the surety produces the defendant or provides to the court reasonable mitigating circumstances upon such showing, then the forfeiture shall not be made final. If the forfeiture is made final, a copy of the final judgment shall be served on the surety within ten (10) working days by either personal service or certified mail. Reasonable mitigating circumstances shall be that the defendant is incarcerated in another jurisdiction, that the defendant is hospitalized under a doctor's care, that the defendant is in a recognized drug rehabilitation program, that the defendant has been placed in a witness protection program and it shall be the duty of any such agency placing such defendant into a witness protection program to notify the court and the court to notify the surety, or any other reason justifiable to the court.

(d) Execution upon the final judgment shall be automatically stayed for ninety (90) days from the date of entry of the final judgment. If, at any time before execution of the final judgment, the defendant appears in court either voluntarily or in custody after surrender or arrest, the court shall on its own motion direct that the forfeiture be set aside and the bond exonerated as of the date the defendant first appeared in court.

(2) (a) If a final judgment is entered against a surety licensed by the Department of Insurance and has not been set aside after ninety (90) days, or later if such time is extended by the court issuing the judgment nisi, then the court shall order the department to revoke the authority of the surety to write bail bonds. The commissioner shall, upon notice of the court, notify the surety within five (5) working days of receipt of revocation. If after * * * twenty (20) working days of such notification the revocation order has not been set aside by the court, then the commissioner shall revoke the authority of the surety and all agents of the surety and shall notify the sheriff of every county of such revocation.

(b) Before the revocation authorized in paragraph (a) of this subsection, the surety may submit proof to the department that the defendant has been surrendered to the appropriate authorities or that the bond has been paid directly to the court or other proper authorities, such proof to include, but not be limited to:

(i) A receipt of payment to the bond;

(ii) A surrender certificate; or

(iii) A notice of surrender from the proper authorities, including foreign jurisdictions.

(3) If within eighteen (18) months of the date of the final forfeiture the defendant appears for court, is arrested or surrendered to the court, or if the defendant is found to be incarcerated in another jurisdiction and a hold order placed on the defendant, then the amount of bail, less reasonable extradition cost, excluding attorney fees, shall be refunded by the court upon application by the surety.

SECTION 5. Section 99-39-5, Mississippi Code of 1972, is amended as follows:

99-39-5. (1) Any person sentenced by a court of record of the State of Mississippi, including a person currently incarcerated, civilly committed, on parole or probation or subject to sex offender registration for the period of the registration or for the first five (5) years of the registration, whichever is the shorter period, may file a motion to vacate, set aside or correct the judgment or sentence, a motion to request forensic DNA testing of biological evidence, or a motion for an out-of-time appeal if the person claims:

(a) That the conviction or the sentence was imposed in violation of the Constitution of the United States or the Constitution or laws of Mississippi;

(b) That the trial court was without jurisdiction to impose sentence;

(c) That the statute under which the conviction and/or sentence was obtained is unconstitutional;

(d) That the sentence exceeds the maximum authorized by law;

(e) That there exists evidence of material facts, not previously presented and heard, that requires vacation of the conviction or sentence in the interest of justice;

(f) That there exists biological evidence secured in relation to the investigation or prosecution attendant to the petitioner's conviction not tested, or, if previously tested, that can be subjected to additional DNA testing, that would provide a reasonable likelihood of more probative results, and that testing would demonstrate by reasonable probability that the petitioner would not have been convicted or would have received a lesser sentence if favorable results had been obtained through such forensic DNA testing at the time of the original prosecution * * *;

(g) That his plea was made involuntarily;

(h) That his sentence has expired; his probation, parole or conditional release unlawfully revoked; or he is otherwise unlawfully held in custody;

Excepted from this three-year statute of limitations are those cases in which the petitioner can demonstrate either:

(a) (i) That there has been an intervening decision of the Supreme Court of either the State of Mississippi or the United States which would have actually adversely affected the outcome of his or her conviction or sentence, and any motion filed under this subparagraph shall be made within three (3) years of issuance of the mandate in the intervening case;

(ii) * * * That he or she has evidence, not reasonably discoverable at the time of trial, which is of such nature that it would be practically conclusive that had such been introduced at trial it would have caused a different result in the conviction or sentence, and any motion filed under this subparagraph shall be made within three (3) years from the date on which the basis for the exception could have been discovered through the exercise of due diligence; or

(* * *b) That, even if the petitioner * * * pleaded guilty or nolo contendere, or confessed or admitted to a crime, there exists biological evidence not tested, or, if previously tested, that can be subjected to additional DNA testing that would provide a reasonable likelihood of more probative results, and that testing would demonstrate by reasonable probability that the petitioner would not have been convicted or would have received a lesser sentence if favorable results had been obtained through such forensic DNA testing at the time of the original prosecution * * *;

(* * *c) * * * That the petitioner claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked * * *;

(* * *d) Likewise excepted are filings for post-conviction relief in capital cases which shall be made within one (1) year after conviction * * *;

(e) That the petition claims that his conviction or sentence violates his or her (1) right against double jeopardy; (2) right to be free from an illegal sentence; (3) right to due process at sentencing; and (4) right not to be subject to ex post facto laws.

(3) This motion is not a substitute for, nor does it affect, any remedy incident to the proceeding in the trial court, or direct review of the conviction or sentence.

(4) Proceedings under this article shall be subject to the provisions of Section 99-19-42.

(5) The ineffectiveness or incompetence of counsel during state collateral post-conviction proceedings shall not be a ground for relief in a proceeding arising under this article.

(* * *6) For the purposes of this article:

(a) "Biological evidence" means the contents of a sexual assault examination kit and any item that contains blood, semen, hair, saliva, skin tissue, fingernail scrapings, bone, bodily fluids or other identifiable biological material that was collected as part of the criminal investigation or may reasonably be used to incriminate or exculpate any person for the offense. This definition applies whether that material is catalogued separately, such as on a slide, swab or in a test tube, or is present on other evidence, including, but not limited to, clothing, ligatures, bedding or other household material, drinking cups, cigarettes or other items * * *.

(b) "DNA" means deoxyribonucleic acid.

SECTION 6. Section 99-39-27, Mississippi Code of 1972, is amended as follows:

99-39-27. (1) The application for leave to proceed in the trial court filed with the Supreme Court under Section 99-39-7 shall name the State of Mississippi as the respondent.

(2) The application shall contain the original and two (2) executed copies of the motion proposed to be filed in the trial court together with such other supporting pleadings and documentation as the Supreme Court by rule may require.

(3) The prisoner shall serve an executed copy of the application upon the Attorney General simultaneously with the filing of the application with the court.

(4) The original motion, together with all files, records, transcripts and correspondence relating to the judgment under attack, shall promptly be examined by the court.

(5) Unless it appears from the face of the application, motion, exhibits and the prior record that the claims presented by those documents are not procedurally barred under Section 99-39-21 and that they further present a substantial showing of the denial of a state or federal right, the court shall by appropriate order deny the application. The court may, in its discretion, require the Attorney General upon sufficient notice to respond to the application.

(6) The court, upon satisfaction of the standards set forth in this article, is empowered to grant the application.

(7) In granting the application the court, in its discretion, may:

(a) Where sufficient facts exist from the face of the application, motion, exhibits, the prior record and the state's response, together with any exhibits submitted with those documents, or upon stipulation of the parties, grant or deny any or all relief requested in the attached motion.

(b) Allow the filing of the motion in the trial court for further proceedings under Sections 99-39-13 through 99-39-23.

(8) No application or relief shall be granted without the Attorney General being given at least five (5) days to respond.

(9) The dismissal or denial of an application under this section is a final judgment and shall be a bar to a second or successive application under this article. Excepted from this prohibition is an application filed under Section 99-19-57(2), raising the issue of the offender's supervening mental illness before the execution of a sentence of death. A dismissal or denial of an application relating to mental illness under Section 99-19-57(2) shall be res judicata on the issue and shall likewise bar any second or successive applications on the issue. Likewise excepted from this prohibition are those cases in which the prisoner can demonstrate either that there has been an intervening decision of the Supreme Court of either the State of Mississippi or the United States that would have actually adversely affected the outcome of his conviction or sentence * * *, and any motion filed under this exception shall be made within three (3) years of issuance of the mandate in the intervening case. Likewise excepted from this prohibition are those cases in which the prisoner can demonstrate that he has evidence, not reasonably discoverable at the time of trial, that is of such nature that it would be practically conclusive that, if it had been introduced at trial, it would have caused a different result in the conviction or sentence, and any motion filed under this exception shall be made within three (3) years from the date on which the basis for the exception could have been discovered through the exercise of due diligence. Likewise exempted are those cases in which the prisoner claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked. Likewise excepted from this prohibition are those cases in which the prisoner can demonstrate that his or her conviction or sentence violates his or her (a) right against double jeopardy; (b) right to be free from an illegal sentence; (c) right to due process at sentencing; and (d) right not to be subject to ex post facto laws.

(10) Proceedings under this section shall be subject to the provisions of Section 99-19-42.

(11) Post-conviction proceedings in which the defendant is under sentence of death shall be governed by rules established by the Supreme Court as well as the provisions of this section.

(12) The ineffectiveness or incompetence of counsel during state collateral post-conviction proceedings shall not be an exception for relief under this section.

SECTION 7. Section 99-39-23, Mississippi Code of 1972, is amended as follows:

99-39-23. (1) If an evidentiary hearing is required, the judge may appoint counsel for a petitioner who qualifies for the appointment of counsel under Section 99-15-15.

(2) The hearing shall be conducted as promptly as practicable, having regard for the need of counsel for both parties for adequate time for investigation and preparation.

(3) The parties shall be entitled to subpoena witnesses and compel their attendance, including, but not being limited to, subpoenas duces tecum.

(4) The court may receive proof by affidavits, depositions, oral testimony or other evidence and may order the petitioner brought before it for the hearing.

(5) If the court finds in favor of the petitioner, it shall enter an appropriate order with respect to the conviction or sentence under attack, and any supplementary orders as to rearraignment, retrial, custody, bail, discharge, correction of sentence or other matters that may be necessary and proper. The court shall make specific findings of fact, and state expressly its conclusions of law, relating to each issue presented.

(6) The order as provided in subsection (5) of this section or any order dismissing the petitioner's motion or otherwise denying relief under this article is a final judgment and shall be conclusive until reversed. It shall be a bar to a second or successive motion under this article. Excepted from this prohibition is a motion filed under Section 99-19-57(2), raising the issue of the convict's supervening mental illness before the execution of a sentence of death. A dismissal or denial of a motion relating to mental illness under Section 99-19-57(2) shall be res judicata on the issue and shall likewise bar any second or successive motions on the issue. Likewise excepted from this prohibition are those cases in which the petitioner, within the time period under Section 99-39-5(2) can demonstrate either that there has been an intervening decision of the Supreme Court of either the State of Mississippi or the United States which would have actually adversely affected the outcome of his conviction or sentence or that he has evidence, not reasonably discoverable at the time of trial, which is of such nature that it would be practically conclusive that, if it had been introduced at trial, it would have caused a different result in the conviction or sentence. Likewise excepted are those cases in which the petitioner, within the time period under Section 99-39-5(2) claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked. Likewise excepted are those cases in which the petitioner has filed a prior petition and has requested DNA testing under this article, provided the petitioner asserts new or different grounds for relief related to DNA testing not previously presented or the availability of more advanced DNA technology. Likewise excepted from this prohibition are those cases in which the prisoner can demonstrate that his or her conviction or sentence violates his or her (a) right against double jeopardy; (b) right to be free from an illegal sentence; (c) right to due process at sentencing; and (d) right not to be subject to ex post facto laws.

(7) No relief shall be granted under this article unless the petitioner proves by a preponderance of the evidence that he is entitled to the relief.

(8) Proceedings under this section shall be subject to the provisions of Section 99-19-42.

(9) In cases resulting in a sentence of death and upon a determination of indigence, appointment of post-conviction counsel shall be made by the Office of Capital Post-Conviction Counsel upon order entered by the Supreme Court promptly upon announcement of the decision on direct appeal affirming the sentence of death. The order shall direct the trial court to immediately determine indigence and whether the inmate will accept counsel.

(10) The ineffectiveness or incompetence of counsel during State collateral post-conviction proceedings shall not be an exception for relief under this section.

SECTION 8. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 99-39-7, MISSISSIPPI CODE OF 1972, TO REQUIRE A PERSON SEEKING TO FILE A MOTION FOR POST-CONVICTION COLLATERAL RELIEF TO OBTAIN PERMISSION FROM THE MISSISSIPPI SUPREME COURT BEFORE FILING THE MOTION IN TRIAL COURT IF A DENIAL OF A PREVIOUS POST-CONVICTION MOTION HAS BEEN AFFIRMED ON APPEAL OR MORE THAN THREE YEARS HAVE ELAPSED AFTER THE TIME FOR TAKING AN APPEAL FROM A JUDGMENT OR CONVICTION; TO AMEND SECTIONS 21-23-8, 83-39-7 AND 99-5-25, MISSISSIPPI CODE OF 1972, TO REQUIRE COURT CLERKS TO ACCEPT SET-ASIDE ORDERS ON BEHALF OF A SURETY WHERE THE SURETY WAS NOT PROVIDED WITH NOTICE OF THE DEFENDANT'S FAILURE TO APPEAR IN A CRIMINAL COURT PROCEEDING; TO REQUIRE ALL FELONY WARRANTS ISSUED BY A COURT FOR NONAPPEARANCE PLACED ON THE NATIONAL CRIME INFORMATION CENTER INDEX WITH NO RESTRICTIONS UNTIL THE DEFENDANT IS RETURNED TO CUSTODY; TO EXTEND THE NUMBER OF DAYS BETWEEN THE NOTIFICATION OF REVOCATION OF LICENSE TO A SURETY BY THE DEPARTMENT OF INSURANCE AND THE DAY THE REVOCATION WILL BECOME EFFECTIVE; TO AUTHORIZE A SURETY TO SUBMIT PROOF TO THE DEPARTMENT OF INSURANCE THAT THE DEFENDANT HAS BEEN SURRENDERED TO THE APPROPRIATE AUTHORITIES OR THAT THE BOND HAS BEEN PAID DIRECTLY TO THE COURT OR OTHER PROPER AUTHORITIES BEFORE REVOCATION OF THE SURETY'S LICENSE; AND FOR RELATED PURPOSES.

A portion of the elector's signature extending outside of the box shall not be grounds for rejecting that elector's ballot.

SECTION 4. Section 23-15-639, Mississippi Code of 1972, is amended as follows:

23-15-639. (1) The examination and counting of all absentee ballots shall be conducted as follows:

address and precinct inscribed on each envelope shall be announced by the * * * resolution board.

(b) (i) For absentee ballots that were received by mail, the signature on the application shall then be compared with the signature in the box on the back of the envelope. If it corresponds and the affidavit, if one is required, is sufficient and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall then be opened and the ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(ii) For absentee ballots that were cast in person in the registrar's office, the resolution board shall confirm that the voter completed the application on the front of the envelope and signed the elector's certificate in the box on the back of the envelope. If it is signed and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall be opened and the absentee ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(c) Having observed and found the ballot to be regular as far as can be observed from its official endorsement, the resolution board shall deposit it in the ballot box with the other ballots before counting any ballots and enter the voter's name in the receipt book provided for that purpose. All absentee ballots received prior to 7:00 p.m. the day before the election shall be counted in the registrar's office by the resolution board when the polls close and then added to the votes cast in each precinct. All absentee ballots received after 7:00 p.m. the day before the election but not later than the fifth business day after the election shall be processed by the resolution board.

(2) The resolution board shall also take such action as may be prescribed by the Secretary of State to ensure compliance with the identification requirements of Section 23-15-563.

(3) The resolution board shall process the absentee ballots using the procedure provided in subsection (1) of this section.

SECTION 5. Section 23-15-641, Mississippi Code of 1972, is amended as follows:

Without opening the voter's envelope the resolution board shall mark across its face "REJECTED", with the reason therefor.

(2) For all absentee votes received by mail, if the ballot envelope contains more than one (1) ballot of any kind, the ballot shall not be counted but shall be marked "REJECTED", with the reason therefor, and the registrar shall promptly notify the voter of such rejection. The voter's envelopes and affidavits, and the voter's envelope with its contents unopened, when such vote is rejected, shall be retained and preserved in the same manner as other ballots at the election. Such votes may be challenged in the same manner and for the same reasons that any other vote cast in such election may be challenged.

(3) If an affidavit is required and the officials find that the affidavit is insufficient, or if the officials find that the absentee voter is otherwise disqualified to vote, the envelope shall not be opened and * * * the resolution board shall write across the face of the

envelope "REJECTED" giving the reason therefor, and the registrar shall promptly notify the voter of such rejection.

(4) The ballots marked "REJECTED" shall be placed in a separate envelope in the secure ballot transfer case and delivered to the officials in charge of conducting the election at the central tabulation point of the county.

(5) All electors voting absentee shall be provided with written information to inform the person how to ascertain whether his or her ballot was counted and, if rejected, the reason therefor.

(6) A signature mismatch shall not be grounds for rejecting an absentee ballot that was cast in the registrar's office. A portion of the elector's signature extending outside of the box shall not be grounds for rejecting that elector's ballot.

SECTION 6. Section 23-15-715, Mississippi Code of 1972, is amended as follows:

In the event a special election is called and set at a date which makes it impractical or impossible to prepare applications for absent elector's ballot sixty (60) days before the election, the registrar shall provide applications as soon as practicable after the election is called. The registrar shall fill in the date of the particular election on the application for which the application will be used. For voters appearing in person to cast an absentee vote, the application and elector certificate shall be printed on the absentee ballot envelope as provided in Section 1 of this act.

(2) The registrar shall be authorized to disburse applications for absentee ballots to any qualified elector within the county where he or she serves. Any person who presents to the registrar an oral or written request for an absentee ballot application for a voter entitled to vote absentee by mail, other than the elector who seeks to vote by absentee ballot, shall, in the presence of the registrar, sign the application and print on the application his or her name and address and the name of the elector for whom the application is being requested in the place provided for on the application for that purpose. However, if for any reason such person is unable to write the information required, then the registrar shall write the information on a printed form which has been prescribed by the Secretary of State. The form shall provide a place for such person to place his or her mark after the form has been filled out by the registrar.

(3) It shall be unlawful for any person to solicit absentee ballot applications or absentee ballots for persons staying in any skilled nursing facility as defined in Section 41-7-173 unless the person soliciting the absentee ballot applications or absentee ballots is:

(a) A family member of the person staying in the skilled nursing facility; or

(b) A person designated by the person for whom the absentee ballot application or absentee ballot is sought, the registrar or the deputy registrar.

As used in this subsection, "family member" means a spouse, parent, grandparent, sibling, adult child, grandchild or legal guardian.

(4) The registrar in the county wherein a voter is qualified to vote upon receiving by mail the envelope containing the absentee ballots shall keep an accurate list of all persons preparing such ballots. The list shall be kept in a conspicuous place accessible to the public near the entrance to the registrar's office. The registrar shall also furnish to each precinct manager a list of the names of all persons in each respective precinct voting absentee by mail and in person to be posted in a conspicuous place at the polling place for public notice. The application on file with the registrar and the envelopes containing the ballots that voters mailed to the registrar shall be kept by the registrar in his or her office in a secure location. At the time such boxes are delivered to the election commissioners or managers, the registrar shall also turn over a list of all such persons who have voted and whose mailed ballots are in the registrar's office.

(5) The registrar shall also be authorized to mail one (1) application to any qualified elector of the county, who is eligible to vote by absentee ballot, for use in a particular election.

(6) The registrar shall process all applications for absentee ballots by using the Statewide Election Management System. The registrar shall account for all absentee ballots delivered to and received by mail as well as those who voted absentee in person from qualified voters by processing such ballots using the Statewide Election Management System.

SECTION 9. Section 23-15-627, Mississippi Code of 1972, is amended as follows:

23-15-627. (1) Any elector described in Section 23-15-713 may request an absentee ballot application and vote in person at the office of the registrar in the county in which he or she resides. The registrar shall be responsible for furnishing an absentee ballot application form to any elector authorized to receive an absentee ballot. Such form shall be printed on the absentee ballot envelope as provided in Section 1 of this act. Except as otherwise provided in Section 23-15-625, absentee ballot applications shall be furnished to a person only upon the oral or written request of the elector who seeks to vote by absentee ballot; however, the parent, child, spouse, sibling, legal guardian, those empowered with a power of attorney for that elector's affairs or agent of the elector, who is designated in writing and witnessed by a resident of this state who shall write his or her

physical address on such designation, may orally request an absentee ballot application on behalf of the elector. The written designation shall be valid for one (1) year after the date of the designation. An absentee ballot application must have the seal of the circuit or municipal clerk affixed to it and be initialed by the registrar or his or her deputy in order to be used to obtain an absentee ballot. A reproduction of an absentee ballot application shall not be valid unless it is a reproduction provided by the office of the registrar of the jurisdiction in which the election is being held and which contains the seal and initials required by this section.

(2) Such application shall be substantially in the following form for applications mailed to absentee electors:

SECTION 10. Section 23-15-631, Mississippi Code of 1972, is amended as follows:

23-15-631. (1) The registrar shall enclose with each ballot mailed to an absent elector separate printed instructions furnished by the registrar containing the following:

(a) All absentee voters, excepting those with temporary or permanent physical disabilities or those who are sixty-five (65) years of age or older, who mark their ballots in the county of the residence shall use the registrar of that county as the witness. The absentee voter shall come to the office of the registrar and neither the registrar nor his or her deputy shall be required to go out of the registrar's office to serve as an attesting witness.

(b) Upon receipt of the enclosed ballot, you will not mark the ballot except in view or sight of the attesting witness. In the sight or view of the attesting witness, mark the ballot according to instructions.

(c) After marking the ballot, fill out and sign the "ELECTOR'S CERTIFICATE" in the box on the back of the envelope so that the signature is across the flap of the envelope to ensure the integrity of the ballot. All absent electors shall have the attesting witness sign the "ATTESTING WITNESS CERTIFICATE" in the box across the flap on the back of the envelope. A portion of the elector's signature extending outside of the box shall not be grounds for rejecting that elector's ballot. Place the necessary postage on the envelope and deposit it in the post office or some government receptacle provided for the deposit of mail so that the absent elector's ballot will be postmarked on or before the date of the election and received by the registrar no more than five (5)

business days after the election. The ballot may only be transmitted by the United States Postal Service or other common carriers, including, but not limited to, United Parcel Service or FedEx Corporation.

Any notary public, United States postmaster, assistant United States postmaster, United States postal supervisor, clerk in charge of a contract postal station, or other officer having authority to administer an oath or take an acknowledgment may be an attesting witness; provided, however, that in the case of an absent elector who is temporarily or permanently physically disabled, the attesting witness may be any person eighteen (18) years of age or older and such person is not required to have the authority to administer an oath. If a postmaster, assistant postmaster, postal supervisor, or clerk in charge of a contract postal station acts as an attesting witness, his or her signature in a box on the elector's certificate must be authenticated by the cancellation stamp of their respective post offices. If an officer having authority to administer an oath or take an * * * acknowledgment acts as attesting witness, his or her signature in a box on the elector's certificate, together with his or her title and address, but no seal, shall be required. A portion of the elector's signature extending outside of the box shall not be grounds for rejecting that elector's ballot. Any affidavits made by an absent elector who is in the Armed Forces may be executed before a commissioned officer, warrant officer, or noncommissioned officer not lower in grade than sergeant rating or any person authorized to administer oaths.

(d) When the application accompanies the ballot it shall not be returned in the same envelope as the ballot but shall be returned in a separate pre-addressed envelope provided by the registrar.

(e) A candidate for public office, or the spouse, parent or child of a candidate for public office, may not be an attesting witness for any absentee ballot upon which the candidate's name appears, unless the voter is related within the first degree to the candidate or the spouse, parent or child of the candidate.

(f) Any voter casting an absentee ballot who declares that he or she requires assistance to vote by reason of blindness, temporary or permanent physical disability or inability to read or write, shall be entitled to receive assistance in the marking of his or her absentee ballot and in completing the affidavit on the absentee ballot envelope. The voter may be given assistance by anyone of the voter's choice other than a candidate whose name appears on the absentee ballot being marked, the spouse, parent or child of a candidate whose name appears on the absentee ballot being marked or the voter's employer, an agent of that employer or a union representative; however, a candidate whose name is on the ballot or the spouse, parent or child of such candidate may provide assistance upon request to any voter who is related within the first degree. In order to ensure the integrity of the ballot, any person who provides assistance to an absentee voter shall be required to sign and complete the "Certificate of Person Providing Voter Assistance" on the absentee ballot envelope.

(2) The foregoing instructions required to be provided by the registrar to the elector shall also constitute the substantive law pertaining to the handling of absentee ballots by the elector and registrar.

(3) The Secretary of State shall prepare instructions on how absent voters may comply with the identification requirements of Section 23-15-563.

SECTION 11. Section 23-15-713, Mississippi Code of 1972, is amended as follows:

(b) Any qualified elector who is required to be away from his or her place of residence on any election day due to his or her employment as an employee of a member of the Mississippi congressional delegation and the spouse and dependents of such person if he or she shall be residing with such absentee voter away from the county of the spouse's voting residence.

(c) Any qualified elector who is away from his or her county of residence on election day for any reason.

(d) Any person who has a temporary or permanent physical disability and who, because of such disability, is unable to vote in person without substantial hardship to himself, herself or others, or whose attendance at the voting place could reasonably cause danger to himself, herself or others. * * *

(e) The parent, spouse or dependent of a person with a temporary or permanent physical disability who is hospitalized outside of his or her county of residence or more than fifty (50) miles distant from his or her residence, if the parent, spouse or dependent will be with such person on election day. * * *

(f) Any person who is sixty-five (65) years of age or older.

(g) Any member of the Mississippi congressional delegation absent from Mississippi on election day, and the spouse and dependents of such member of the congressional delegation.

(h) Any qualified elector who will be unable to vote in person because he or she is required to be at work on election day during the times * * * when the polls will be open or any qualified elector who will be required to be on-call on election day during the times when the polls will be open.

(i) Any qualified elector who is incarcerated in prison or jail in the county where he or she is registered to vote and has not been convicted of a disenfranchising crime.

SECTION 12. Section 23-15-637, Mississippi Code of 1972, is amended as follows:

23-15-637. (1) (a) Absentee ballots and applications received by mail, except for fax or electronically transmitted ballots as otherwise provided by Section 23-15-699 for UOCAVA ballots, or common carrier, such as United Parcel Service or FedEx Corporation, must be postmarked on or before the date of the election and received by the registrar no more than five (5) business days after the election; any received after such time shall be handled as provided in Section 23-15-647 and shall not be counted.

(b) All ballots cast by the absent elector appearing in person in the office of the registrar shall be cast with an absentee paper ballot and deposited into a sealed ballot box by the voter, not later than 12:00 noon * * * on the Saturday immediately preceding elections held on Tuesday, the Thursday immediately preceding elections held on Saturday, or the second day immediately preceding the date of elections held on other days. At the close of business each day at the office of the registrar, the ballot box used shall be sealed and not unsealed until the beginning of the next business day, and the

seal number shall be recorded with the number of ballots cast which shall be stored in a secure location in the registrar's office.

(2) The registrar shall deposit all absentee ballots which have been timely cast and received by mail in a secured and sealed box in a designated location in the registrar's office upon receipt. The registrar shall not send any absentee ballots to the precinct polling locations.

(3) The Secretary of State shall promulgate rules and regulations necessary to ensure that when a qualified elector who is qualified to vote absentee votes by absentee ballot, either by mail or in person with a regular paper ballot, that person's absentee vote is final and he or she may not vote at the polling place on election day. Notwithstanding any other provisions of law to the contrary, the Secretary of State shall promulgate rules and regulations necessary to ensure that absentee ballots shall remain in the registrar's office for counting and not be taken to the precincts on election day.

SECTION 13. Section 23-15-721, Mississippi Code of 1972, is amended as follows:

23-15-721. (1) Absentee ballots requested under the provisions of Section 23-15-715 for electors temporarily residing outside the county of residence shall be mailed to the elector's address outside of the county in which he or she is registered, and such electors shall appear before any official authorized to administer oaths or other official authorized to witness absentee balloting as provided in this article. The elector shall exhibit to such official his or her absentee ballot unmarked and thereupon proceed in secret to fill in the ballot. After the elector has properly marked the ballot and properly folded it, he or she shall deposit it in the envelope furnished to him or her. After the elector has sealed the envelope he or she shall deliver it to the official before whom he or she is appearing and shall subscribe and swear to the elector's certificate provided for in Section 23-15-635, which affidavit shall be printed on the back of the envelope as provided for in Section 23-15-635 containing the elector's ballot.

(2) (a) Amounts transferred into such special fund pursuant to Section 1 of this act shall be disbursed to pay the costs of projects described in subsection (1) of this section. If any monies in such special fund are not used within four (4) years after the date funds are transferred under Section 1 of this act into the special fund, then the institution of higher learning for which any unused monies are allocated under subsection (1) of this section shall provide an accounting of such unused monies to the Department of Finance and Administration.

(b) Monies in the special fund may be used to reimburse reasonable actual and necessary costs incurred by the Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, in administering or providing assistance directly related to a project described in subsection (1) of this section. An accounting of actual costs incurred for which reimbursement is sought shall be maintained for each project by the Department of Finance and Administration, Bureau of Building, Grounds and Real Property Management. Reimbursement of reasonable actual and necessary costs for a project shall not exceed two percent (2%) of the monies in the special fund used for such project. Monies authorized for a particular project may not be used to reimburse administrative costs for unrelated projects.

(3) The Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, is expressly authorized and empowered to receive and expend any local or other source funds in connection with the expenditure of funds provided for in this section. The expenditure of monies deposited into the special fund shall be under the direction of the Department of Finance and Administration, and such funds shall be paid by the State Treasurer upon warrants issued by such department, which warrants shall be issued upon requisitions signed by the Executive Director of the Department of Finance and Administration, or his or her designee.

(4) Any amounts allocated to an institution of higher learning that are in excess of that needed to complete the projects at such institution of higher learning that are described in subsection (1) of this section may be used for general repairs and renovations at the institution of higher learning.

SECTION 3. Section 27-104-373, Mississippi Code of 1972, is amended as follows:

27-104-373. (1) A special fund, to be designated as the "2023 Local Improvements Projects Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Monies in the fund shall be disbursed by the Department of Finance and Administration as provided in Section 28 of this act. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(2) Contracts or purchases for projects funded with monies disbursed from the 2023 Local Improvements Projects Fund under Section 28 of Chapter 549, 2023 Regular Session, as amended by Section 1 of this act, that involve expenditures that are

more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, must be made from the lowest and best bidder without publishing or posting advertisements for bids after obtaining at least two (2) competitive written bids. Any such contracts or purchases that involve expenditures that are more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, must be made from the lowest and best bidder after advertising for competitive bids and obtaining at least three (3) competitive written bids. "Competitive" means that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. This provision of this subsection shall supersede any other provision of law to the contrary.

SECTION 4. Section 65-1-185, Mississippi Code of 1972, is amended as follows:

Monies deposited into the fund shall be used by the * * * Mississippi Department of Transportation, upon appropriation by the Legislature, to assist * * * in paying the costs associated with infrastructure improvements on Interstate 55 from Church Road to Goodman Road in Desoto County, Mississippi. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund.

SECTION 5. Section 65-1-187, Mississippi Code of 1972, is amended as follows:

65-1-187. There is created in the State Treasury a special fund to be designated as the "2023 Lafayette County Infrastructure Improvements Fund," which shall consist of funds made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Monies deposited into the fund shall be used by the * * * Mississippi Department of Transportation, upon appropriation by the Legislature, to assist * * * in paying the costs associated with infrastructure improvements on Highway 7 from Highway 9 to 0.2 miles North of Highway 6 in Lafayette County, Mississippi. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund.

SECTION 6. Section 65-1-189, Mississippi Code of 1972, is amended as follows:

Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund.

SECTION 7. Section 31-7-13, Mississippi Code of 1972, as amended by House Bill No. 297 and Senate Bill No. 2486, 2024 Regular Session, is amended as follows:

[Until July 1, 2024, this section shall read as follows:]

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise

requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be

used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars ($75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. * * * The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. * * * Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page * * * until the project is completed * * *.

4. Agencies and governing authorities using federal funds for the procurement of any good or service, including exempt personal and professional services, must comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards - Subpart D - Post Federal Award Requirements Procurement Standards, in accordance with 2 CFR 200.317 through 2 CFR 200.327.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be

issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars ($50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was

determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the

Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such

performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Governing authorities and agencies shall be exempt from this process when contracting for the services and products of fuel management or fuel access systems under the terms of a state contract established by the Office of Purchasing and Travel.

(r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised for in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. (v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars ($1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Such contract may be entered into only for a term of one (1) year, with an option for an additional one-year extension after the conclusion of the first year of the contract, and only after having solicited bids or proposals, as appropriate, which shall be publicly advertised by posting on a web page maintained by the Department of Finance and Administration through submission of such advertisement to the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority. The bid opening shall not occur until after the submission has been posted for at least ten (10) consecutive days. The state's share of expenditures for solid waste collection, disposal or monitoring under any contract shall be appropriated and paid in the manner set forth in the contract and in the same manner as for other solid waste collection, disposal, or monitoring expenses of the state. Any contract entered into under this paragraph shall not be subject to the provisions of Section 17-13-11.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established in subparagraph (i) of this paragraph.

All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of

other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars ($75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. * * * The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. (i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back

provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better

serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the

purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

(q) Fuel management system bidding procedure. Any governing authority or agency of the state shall, before contracting for the services and products of a fuel management or fuel access system, enter into negotiations with not fewer than two (2) sellers of fuel management or fuel access systems for competitive written bids to provide the services and products for the systems. In the event that the governing authority or agency cannot locate two (2) sellers of such systems or cannot obtain bids from two (2) sellers of such systems, it shall show proof that it made a diligent, good-faith effort to locate and negotiate with two (2) sellers of such systems. Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as

management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Governing authorities and agencies shall be exempt from this process when contracting for the services and products of fuel management or fuel access systems under the terms of a state contract established by the Office of Purchasing and Travel.

(r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised for in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. Any request for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, legal responsibilities and other relevant factors as are determined by the governing authority or agency to be appropriate for inclusion; all factors determined relevant by the governing authority or agency or required by this paragraph (r) shall be duly included in the advertisement to elicit proposals. After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(i) "Asian" means persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

(ii) "Black" means persons having origins in any black racial group of Africa.

(iii) "Hispanic" means persons of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race.

(iv) "Native American" means persons having origins in any of the original people of North America, including American Indians, Eskimos and Aleuts.

(t) Construction punch list restriction. The architect, engineer or other representative designated by the agency or governing authority that is contracting for public construction or renovation may prepare and submit to the contractor only one (1) preliminary punch list of items that do not meet the contract requirements at the time of substantial completion and one (1) final list immediately before final completion and final payment.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars ($1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

(x) Mississippi Regional Pre-Need Disaster Clean Up Act. (i) * * * The Department of Finance and Administration shall develop and implement a process that creates a preferred vendor list for both disaster debris removal and monitoring.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established in subparagraph (i) of this paragraph.

SECTION 8. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 8. Section 83-1-191, Mississippi Code of 1972, is amended as follows:

83-1-191. (1) There is established within the Department of Insurance a Comprehensive Hurricane Damage Mitigation Program. This section does not create an entitlement for property owners or obligate the state in any way to fund the inspection or retrofitting of residential property or commercial property in this state. Implementation of this program is subject to the availability of funds that may be appropriated by the Legislature for this purpose. The program may develop and implement a comprehensive and coordinated approach for hurricane damage mitigation that may include the following:

(a) Cost-benefit study on wind hazard mitigation construction measures. The performance of a cost-benefit study to establish the most appropriate wind hazard mitigation construction measures for both new construction and the retrofitting of existing construction for both residential and commercial facilities within the wind-borne debris regions of Mississippi as defined by the International Building Code. The recommended wind construction techniques shall be based on both the newly adopted Mississippi building code sections for wind load design and the wind-borne debris region. The list of construction measures to be considered for evaluation in the cost-benefit study shall be based on scientifically established and sound, but common, construction techniques that go above and beyond the basic recommendations in the adopted building codes. This allows residents to utilize multiple options that will further reduce risk and loss and still be awarded for their endeavors with appropriate wind insurance discounts. It is recommended that existing accepted scientific studies that validate the wind hazard construction techniques benefits and effects be taken into consideration when establishing the list of construction techniques that homeowners and business owners can employ. This will ensure that only established construction measures that have been

studied and modeled as successful mitigation measures will be considered to reduce the chance of including risky or unsound data that will cost both the property owner and state unnecessary losses. The cost-benefit study shall be based on actual construction cost data collected for several types of residential construction and commercial construction materials, building techniques and designs that are common to the region. The study shall provide as much information as possible that will enhance the data and options provided to the public, so that homeowners and business owners can make informed and educated decisions as to their level of involvement. Based on the construction data, modeling shall be performed on a variety of residential and commercial designs, so that a broad enough representative spectrum of data can be obtained. The data from the study will be utilized in a report to establish tables reflecting actuarially appropriate levels of wind insurance discounts (in percentages) for each mitigation construction technique/combination of techniques. This report will be utilized as a guide for the Department of Insurance and the insurance industry for developing actuarially appropriate discounts, credits or other rate differentials, or appropriate reductions in deductibles, for properties on which fixtures or construction techniques demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. Additional data that will enhance the program, such as studies to reflect property value increases for retrofitting or building to the established wind hazard mitigation construction techniques and cost comparison data collected to establish the value of this program against the investment required to include the mitigation measures, also may be provided.

(b) Wind certification and hurricane mitigation inspections.

(i) Home-retrofit inspections of site-built, residential property, including single-family, two-family, three-family or four-family residential units, and a set of representative commercial facilities may be offered to determine what mitigation measures are needed and what improvements to existing residential properties are needed to reduce the property's vulnerability to hurricane damage. A state program may be established within the Department of Insurance to provide homeowners and business owners wind certification and hurricane mitigation inspections. The inspections provided to homeowners and business owners, at a minimum, must include:

1. A home inspection and report that summarizes the results and identifies corrective actions a homeowner may take to mitigate hurricane damage.

2. A range of cost estimates regarding the mitigation features.

3. Insurer-specific information regarding premium discounts correlated to recommended mitigation features identified by the inspection.

4. A hurricane resistance rating scale specifying the home's current as well as projected wind resistance capabilities.

This data may be provided by trained and certified inspectors in standardized reporting formats and forms to ensure all data collected during inspections is equivalent in style and content that allows construction data, estimates and discount information to be easily assimilated into a database. Data pertaining to the number of inspections and inspection reports may be stored in a state database for evaluation of the program's success and review of state goals in reducing wind hazard loss in the state.

(ii) To qualify for selection by the department as a provider of wind certification and hurricane mitigation inspections services, the entity shall, at a minimum, and on a form and in the manner prescribed by the commissioner:

1. Use wind certification and hurricane mitigation inspectors who:

a. Have prior experience in residential and/or commercial construction or inspection and have received specialized training in hurricane mitigation procedures through the state certified program. In order to qualify for training in the inspection process, the individual should be either a licensed building code official, a licensed contractor or inspector in the State of Mississippi, or a civil engineer.

b. Have undergone drug testing and background checks.

c. Have been certified through a state mandated training program, in a manner satisfactory to the department, to conduct the inspections.

d. Have not been convicted of a felony crime of violence or of a sexual offense; have not received a first-time offender pardon or nonadjudication order for a felony crime of violence or of a sexual offense; or have not entered a plea of guilty or nolo contendere to a felony charge of violence or of a sexual offense.

e. Submit a statement authorizing the Commissioner of Insurance to order fingerprint analysis or any other analysis or documents deemed necessary by the commissioner for the purpose of verifying the criminal history of the individual. The commissioner shall have the authority to conduct criminal history verification on a local, state or national level, and shall have the authority to require the individual to pay for the costs of such criminal history verification.

2. Provide a quality assurance program including a reinspection component.

3. Have data collection equipment and computer systems, so that data can be submitted electronically to the state's database of inspection reports, insurance certificates, and other industry information related to this program. It is mandatory that all inspectors provide original copies to the property owner of any inspection reports, estimates, etc., pertaining to the inspection and keep a copy of all inspection materials on hand for state audits.

(c) Financial grants to retrofit properties. Financial grants may be used to encourage single-family, site-built, owner-occupied, residential property owners or commercial property owners to retrofit their properties to make them less vulnerable to hurricane damage. No financial grant made under this section shall exceed Ten Thousand Dollars ($10,000.00) per recipient.

(d) Education and consumer awareness. Multimedia public education, awareness and advertising efforts designed to specifically address mitigation techniques may be employed, as well as a component to support ongoing consumer resources and referral services. In addition, all insurance companies shall provide notification to their clients regarding the availability of this program, participation details, and directions to the state website promoting the program, along with appropriate contact phone numbers to the state agency administrating the program. The notification to the clients must be sent by the insurance company within thirty (30) days after filing their insurance discount schedules with the Department of Insurance.

(e) Advisory council. There is created an advisory council to provide advice and assistance to the program administrator with regard to his or her administration of the program. The advisory council shall consist of:

(i) An agent, selected by the Independent Insurance Agents of Mississippi.

(ii) Two (2) representatives of residential property insurers, selected by the Department of Insurance.

(iii) One (1) representative of homebuilders, selected by the Home Builders Association of Mississippi.

(iv) The Chairman of the House Insurance Committee, or his designee.

(v) The Chairman of the Senate Insurance Committee, or his designee.

(vi) The Executive Director of the Mississippi Windstorm Underwriting Association, or his designee.

(vii) The Director of the Mississippi Emergency Management Agency, or his designee.

Members appointed under subparagraphs (i) and (ii) shall serve at the pleasure of the Department of Insurance. All other members shall serve as voting ex officio members. Members of the advisory council who are not legislators, state officials or state employees shall be compensated at the per diem rate authorized by Section 25-3-69, and shall be reimbursed in accordance with Section 25-3-41, for mileage and actual expenses incurred in the performance of their duties. Legislative members of the advisory council shall be paid from the contingent expense funds of their respective houses in the same manner as provided for committee meetings when the Legislature is not in session; however, no per diem or expense for attending meetings of the advisory council may be paid while the Legislature is in session. No advisory council member may incur per diem, travel or other expenses unless previously authorized by vote, at a meeting of the council, which action shall be recorded in the official minutes of the meeting. Nonlegislative members shall be paid from any funds made available to the advisory council for that purpose.

(f) Rules and regulations. The Department of Insurance may adopt rules and regulations governing the Comprehensive Hurricane Damage Mitigation Program. The department also may adopt rules and regulations establishing priorities for grants provided under this section based on objective criteria that gives priority to reducing the state's probable maximum loss from hurricanes. However, pursuant to this overall goal, the department may further establish priorities based on the insured value of the dwelling, whether or not the dwelling is insured by the Mississippi Windstorm Underwriting Association and whether or not the area under consideration has sufficient resources and the ability to perform the retrofitting required.

(2) Nothing in this section shall prohibit the Department of Insurance from entering into an agreement with any other appropriate state agency to assist with or perform any of the duties set forth hereunder.

(3) The Department of Insurance shall issue a request for proposals to contract with a third party for the administration of the Comprehensive Hurricane Damage Mitigation Program. The contract for the third-party administrator shall be funded from monies in the Comprehensive Hurricane Damage Mitigation Program Fund created in subsection (4) of this section, and that amount shall not exceed one percent (1%) of the funds appropriated to the Department of Insurance for the program. If the third-party administrator selected through the request for proposals is replaced or is otherwise changed, the Department of Insurance shall notify the Chairs of the House and Senate Appropriations and Insurance Committees.

(4) There is created a special fund in the State Treasury to be known as the Comprehensive Hurricane Damage Mitigation Program Fund. The fund shall consist of any monies from any source that are designated or made available for deposit into the fund. The Department of Insurance may apply for any federal or private grants to provide additional funds for the special fund. Monies in the fund shall be expended by the Department of Insurance, upon appropriation by the Legislature, for the purposes as provided in this section. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(* * *5) This section shall stand repealed from and after July 1, 2025.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1354: Alcoholic Beverage Control Division warehouse; increase amount of revenue bonds authorized for and bailment fee authorized for paying debt service on bonds.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 7, Chapter 483, Laws of 2022, is amended as follows:

Section 7. Revenue bonds. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) Monies deposited into the ABC Warehouse Construction Fund created in Section 6(1) of this act shall be disbursed, in the discretion of the Department of Finance and Administration, to assist in paying the costs associated with land acquisition for, and the purchase, design, construction, furnishing and/or equipping of, a new warehouse for the Department of Revenue's Alcoholic Beverage Control Division.

(b) Amounts deposited into the ABC Warehouse Construction Fund created in Section 6(1) of this act shall be disbursed to pay the costs of the projects described in paragraph (a) of this subsection. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(3) For the purpose of providing for the payment of the principal of and interest upon bonds issued under this section, there is created a special bond sinking fund in the State Treasury. The special bond sinking fund shall consist of such amounts as may be paid into such fund under this act, by appropriation or by other authorization by the Legislature. Except as otherwise provided in this section, monies in the special bond sinking fund shall be used to pay the debt service requirements of the bonds issued under this section. If the special bond sinking fund has a balance below the minimum amount specified in the resolution providing for the issuance of the bonds, or below one and one-half (1-1/2) times the amount needed to pay the annual debt obligations related to the bonds issued under this section, whichever is the lesser amount, the Commissioner of Revenue shall transfer the deficit amount to the bond sinking fund from revenue derived from the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11. Unexpended amounts remaining in the special bond sinking fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the special bond sinking fund shall be deposited into such sinking fund. If the special bond sinking fund has a balance in excess of the amount

needed to pay the debt service and meet the obligations related to the bonds issued under this section, as determined in the resolution providing for the issuance of the bonds, the excess monies shall be transferred to the State General Fund.

(4) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of revenue bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the revenue bonds authorized by this subsection, the Department of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed * * * Ninety-five Million Dollars ($95,000,000.00).

(b) Any investment earnings on amounts deposited into the ABC Warehouse Construction Fund created in Section 6(1) of this act shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(5) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(6) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds have been signed by the officials designated to sign the bonds who were in office at the time of such signing, but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(7) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(8) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance

and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(9) The bonds issued under the provisions of this section shall be revenue bonds of the state, the principal of and interest on which shall be payable solely from and shall be secured by the special bond sinking fund created in subsection (3) of this section. The bonds shall never constitute an indebtedness of the state within the meaning of any state constitutional provision or statutory limitation, and shall never constitute or give rise to a pecuniary liability of the state, or a charge against its general credit or taxing powers, and such fact shall be plainly stated on the face of each such bond. The bonds shall not be considered when computing any limitation of indebtedness of the state. All bonds issued under the authority of this section and all interest coupons applicable thereto shall be construed to be negotiable instruments, despite the fact that they are payable solely from a specified source.

(10) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the ABC Warehouse Construction Fund created in Section 6(1) of this act. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(11) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(12) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(13) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(14) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(15) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(16) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(17) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants. The Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section. The State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(18) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 2. Section 27-71-11, Mississippi Code of 1972, is amended as follows:

27-71-11. (1) The department shall from time to time by resolution request the State Bond Commission to provide sufficient funds required to maintain an adequate alcoholic beverage inventory. Said funds shall be provided under the provisions of Chapter 557, Laws of 1966.

(2) The department shall add to the cost of all alcoholic beverages a markup of twenty-seven and one-half percent (27-1/2%), inclusive of the three percent (3%) markup imposed by Section 27-71-7(2).

(3) In addition to other excise taxes and markups imposed in this section and in Section 27-71-7, the department shall add to the cost of all alcoholic beverages shipped a charge of Twenty-five Cents (25¢) per case, to be deposited into the ABC Warehouse Improvements Fund created in Section 67-1-211(2). However, any unobligated amounts above Ten Million Dollars ($10,000,000.00) remaining in the ABC Warehouse Improvements Fund at the end of a fiscal year shall be transferred to the State General Fund.

(4) Notwithstanding the contract for warehouse and distribution operations under Section 67-1-205, the department shall remain responsible for purchasing and selling alcoholic beverages. The department shall sell alcoholic beverages at uniform prices throughout the state. Pricing for all alcoholic beverages shall be set by the addition of the markup and taxes to the price at which the beverages were purchased by the department.

(5) A permittee's order shall qualify for shipping when it includes the minimum number of cases of alcoholic beverages as set by the department. The department shall place qualifying orders in a queue for shipment in the order in which the orders are made. An order of fewer than the minimum number of cases, and special orders, shall be added to the permittee's next qualified shipment. The department shall give sufficient notice of any change in the minimum number of cases for shipping and shall allow the opportunity for comment.

(6) The department shall set a per-case shipping fee to be charged to permittees. The department shall adjust the fee to match, as closely as possible, the shipping costs as defined in Section 67-1-201. The shipping fee charged under this subsection shall be deposited to the credit of the ABC Shipping Fund created in Section 27-71-29.

(7) The department shall charge manufacturers a bailment fee of * * * One Dollar and Fifty Cents ($1.50) per case of alcoholic beverages stored in the warehouse, to be deposited to the credit of the bond sinking fund created in Section 7(3) of Chapter 483, Laws of 2022.

67-1-203. (1) The Department of Finance and Administration, using the monies available in the ABC Warehouse Construction Fund created in Section 67-1-211(1) and such other monies as the Legislature may make available, shall purchase land for and shall provide for the design and construction of a warehouse for the division in the most expedient and cost-effective manner practicable as determined by the Executive Director of the Department of Finance and Administration.

(2) The Department of Finance and Administration shall select a suitable site for the warehouse within fifty (50) miles of the new state capitol building. In selecting a site, the Department of Finance and Administration shall consider the feasibility of selecting state-owned land by comparing the cost of preparing the state-owned land for construction to the cost of acquiring other land and preparing such other land for construction.

(3) The contract for design and construction shall provide that the operator shall be consulted so that the warehouse may, so far as possible, suit the preferences of the operator in furtherance of effective operations. The contract shall also provide that the design shall aim to fill demand for the next twenty-five (25) years.

(4) A contract for warehouse construction shall not be entered into unless the construction contractor has demonstrated:

(a) The qualifications, experience and management personnel necessary to carry out the terms of the contract;

(3) The contract shall include the following terms:

(a) The department shall pay the operator cost-plus on these operations at a set dollar amount per case of alcoholic beverages sold. Otherwise, the contract shall not alter the current cash flow of operations;

(b) The operator shall be allotted a monthly spending limit for occasional improvements. The state may, at any time, review the operator's spending. The operator shall obtain prior state approval for any spending over the monthly limit set in the contract. The contract shall allow the operator to pay out of pocket, in which case the state will reimburse the operator on a monthly basis out of monies in the ABC Warehouse Improvements Fund created in Section 67-1-211(2);

(c) Shipping costs, where the contract encompasses shipping, shall be based on a set dollar amount per case of alcoholic beverages shipped from the warehouse to the permittee's premises;

(d) The department and the operator may provide for the operator's software to interface with the department's TAP system in a manner allowing for information sharing in furtherance of efficient operations while also protecting the security of the TAP system;

(e) The department shall develop quality and efficiency criteria for determining whether to renew a contract for warehouse and distribution operations;

(f) The obligation of the department to proceed under the contract is conditioned upon the appropriation of funds by the Legislature and the receipt of state or federal funds. If the funds anticipated for the continuing time fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds, or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the department, the department shall have the right, upon ten (10) working days' written notice to the operator, to terminate this agreement without damage, penalty, cost or other expenses to the department of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination;

(g) The state and the operator as parties to the contract and all terms of the contract shall be subject to and governed by the laws of the state at the time the contract is entered into, and any later amendments to such laws, through the duration of the contract; and

(h) The operator shall be required to comply with any duties, responsibilities, conditions or other provisions required by state law during the duration of the contract, regardless of whether such duties, responsibilities, conditions or other provisions were required by state law at the time the contract was entered into.

(4) The initial contract for operations shall terminate on the earlier of: (a) four (4) years from the date it commences; or (b) the last day of the use of the warehouse that is in service on July 1, 2022. The contract may be renewed for four (4) years, with another option to renew at the end of that four-year term. The department shall issue requests for proposals before entering any subsequent contract. Requests for proposals shall be required whenever a contract is not renewed, but no less frequently than every twelve (12) years.

(5) The contract shall provide that all employees needed for operations shall be employees of the operator.

(6) A contract for warehouse and distribution operations shall not be entered into unless the operator has demonstrated:

(a) The qualifications, experience and management personnel necessary to carry out the terms of the contract; and

(b) The ability to comply with applicable federal and state laws.

(7) A contract for operations shall not be entered into unless the following requirements are met:

(a) In addition to fire and casualty insurance, the operator provides at least Ten Million Dollars ($10,000,000.00) of liability insurance. The liability insurance shall be issued by an insurance company with a rating of at least an A- according to AM Best standards. In determining the adequacy of such insurance, the Department of Finance and Administration shall determine whether:

(i) The insurance is adequate to protect the state from any and all actions by a third party against the operator or the state as a result of the contract;

(ii) The insurance is adequate to protect the state against any and all claims arising as a result of any occurrence during the term of the contract;

(iii) The insurance is adequate to assure the operator's ability to fulfill its contract with the state in all respects, and to assure that the operator is not limited in this ability because of financial liability which results from judgments; and

(iv) The insurance is adequate to satisfy such other requirements specified by the independent risk management/actuarial firm.

(b) The sovereign immunity of the state shall not apply to the operator. Neither the operator nor the operator's insurer may plead the defense of sovereign immunity in any action arising out of the performance of the contract.

(c) The operator shall post a performance bond to assure the operator's faithful performance of the specifications and conditions of the contract. The bond is required throughout the term of the contract. The terms and conditions must be approved by the department and the Department of Finance and Administration, and such approval is a condition precedent to the contract taking effect.

(d) The operator shall defend any suit or claim brought against the state arising out of any act or omission in operations, and shall hold the state harmless from such claim or suit. The operator shall be solely responsible for the payment of any legal or other costs relative to any such claim or suit. The operator shall reimburse the state for any costs that it may incur as a result of such claim or suit immediately upon being submitted a statement therefor by the Attorney General.

Any suit brought or claim made arising out of any act or omission in operations shall be made or brought against the operator and not the state.

The Attorney General retains all rights and emoluments of his or her office which include direction and control over any litigation or claim involving the state.

SECTION 5. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 7, CHAPTER 483, LAWS OF 2022, TO INCREASE THE AMOUNT OF STATE REVENUE BONDS THAT MAY BE ISSUED TO PROVIDE FUNDS FOR THE ABC WAREHOUSE CONSTRUCTION FUND TO ASSIST IN PAYING

THE COSTS ASSOCIATED WITH LAND ACQUISITION FOR, AND THE DESIGN, CONSTRUCTION, FURNISHING AND EQUIPPING OF A NEW WAREHOUSE FOR THE DEPARTMENT OF REVENUE'S ALCOHOLIC BEVERAGE CONTROL DIVISION; TO AMEND SECTION 27-71-11, MISSISSIPPI CODE OF 1972, TO INCREASE THE AMOUNT OF THE BAILMENT FEE CHARGED BY THE DEPARTMENT OF REVENUE ON CASES OF STORED ALCOHOLIC BEVERAGES FOR THE PURPOSE OF PROVIDING FUNDS FOR THE PAYMENT OF THE DEBT SERVICE ON SUCH BONDS; TO AMEND SECTION 67-1-203, TO PROVIDE THAT THE DEPARTMENT OF FINANCE AND ADMINISTRATION SHALL SELECT A SUITABLE SITE, WITHIN 50 MILES OF THE NEW STATE CAPITOL BUILDING, FOR THE CONSTRUCTION OF A NEW WAREHOUSE FOR THE DEPARTMENT OF REVENUE'S ALCOHOLIC BEVERAGE CONTROL DIVISION, AND THAT A CONTRACT FOR WAREHOUSE CONSTRUCTION SHALL BE ENTERED INTO NOT LATER THAN OCTOBER 1, 2024; TO BRING FORWARD SECTION 67-1-205, MISSISSIPPI CODE OF 1972, FOR THE PURPOSE OF POSSIBLE AMENDMENT; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 3070: Income tax and insurance premium tax; authorize a credit for certain investments in qualified community development entities.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) As used in this section, the following words and phrases shall have the meanings as defined in this subsection unless the context clearly requires otherwise:

(a) "Applicable percentage" means eight percent (8%) for each of the first through third credit allowance dates for purposes of the taxes imposed by Section 27-7-5 or the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(b) "CDFI fund" means the Community Development Financial Institutions fund of the United States Department of the Treasury.

(c) "Credit allowance date" means, with respect to any qualified equity investment: (i) the date on which the qualified equity investment is initially made; and (ii) each of the subsequent two (2) anniversary dates of the date the qualified equity investment was initially made.

(d) "MDA" means the Mississippi Development Authority.

(e) "Mississippi qualified community development entity" means a qualified community development entity that is or whose controlling entity is headquartered in the State of Mississippi.

(f) "Principal business operations" means the physical location of an entity where at least sixty percent (60%) of a qualified active low-income community business's employees work. An entity that has agreed to relocate employees or a Mississippi business that has agreed to hire employees using the proceeds of a qualified low-income community investment to establish principal business operations in Mississippi is deemed to have principal business operations in Mississippi if the entity satisfies the requirements of this paragraph within one hundred eighty (180) days of receiving the qualified low-income community investment or another date as agreed by the business and the MDA.

(g) "Purchase price" means the amount paid to the qualified community development entity for a qualified equity investment.

(h) "Qualified active low-income community business" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided such entity has its principal business operations within the state's geographical boundary. An entity is deemed a qualified active low-income community business for the duration of a qualified low-income community investment if the qualified community development entity reasonably expects, at the time it makes the qualified low-income community investment, that the entity will continue to satisfy the requirements for being a qualified active low-income community business throughout the entire period of the qualified low-income community investment.

(i) "Qualified community development entity" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided that the entity:

(i) Has previously entered into an allocation agreement with the CDFI fund with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended;

(ii) Includes the State of Mississippi within the service area set forth in the allocation agreement; and

(iii) Except for Mississippi qualified community development entities, has invested, together with affiliates, at least Thirty Million Dollars ($30,000,000.00) in Mississippi qualified active low-income community businesses or other Mississippi investments or has received at least four (4) tax credit certificates from the MDA.

(j) "Qualified equity investment" means an equity investment in a qualified community development entity, if the equity investment:

(i) Is acquired after the effective date of this act at its original issuance solely in exchange for cash, and if not so acquired, was a qualified equity investment in the hands of a prior holder;

(ii) Has at least eighty-five percent (85%) of its cash purchase price used by the qualified community development entity to make qualified low-income community investments in qualified active low-income community businesses that have their principal business operations in the State of Mississippi; and

(iii) Is:

1. Designated by the qualified community development entity as a qualified equity investment under this section; and

2. At least fifty percent (50%) designated by the qualified community development entity as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended.

(k) "Qualified low-income community investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided, however, that the maximum amount of qualified low-income community investments issued for a single qualified active low-income community business, on an aggregate basis with all of its affiliates, that may be included for purposes of complying with subsection (4)(d)(iii) of this section shall not exceed Ten Million Dollars ($10,000,000.00), in the aggregate, whether issued by one (1) or several qualified community development entities and exclusive of repaid or redeemed qualified low-income community investments.

(2) A taxpayer that holds a qualified equity investment on the credit allowance date shall be entitled to a credit applicable against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 during the taxable year that includes the credit allowance date. The amount of the credit shall be equal to the applicable percentage of the purchase price paid to the qualified community development entity for the qualified equity investment. The amount of the credit that may be utilized in any one (1) tax year shall be limited to an amount not greater than the total tax liability of the taxpayer for the taxes imposed by the above-referenced sections. The credit shall not be refundable or transferable. Any unused portion of the credit may be carried forward for seven (7) taxable years beyond the credit allowance date on which the credit was earned. The maximum aggregate amount of qualified equity investments that may be allocated by the MDA may not exceed an amount that would result in taxpayers claiming in any one (1) state fiscal year credits in excess of Fifteen Million Dollars ($15,000,000.00), exclusive of credits that might be carried forward from previous taxable years; however, a maximum of Five Million Dollars ($5,000,000.00) with respect to such allocations may be allocated as credits for taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123. Any taxpayer claiming

a credit under this section against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 shall not be required to pay any additional tax under Section 27-15-123 as a result of claiming such credit. The MDA shall allocate credits within this limit as provided for in subsection (4) of this section.

(3) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document. Such allocation shall be made each taxable year of such pass-through entity which contains a credit allowance date. A pass-through of a credit is not considered a sale for the purposes of this section or any other state law.

(4) (a) For three (3) consecutive fiscal years beginning July 1, 2024, qualified community development entities shall apply to the MDA for an award of credits and related qualified equity investment authority on a form provided by the MDA that includes:

(i) The name, address, and tax identification number of the applicant, and evidence of the applicant's certification as a qualified community development entity by the CDFI fund;

(ii) A copy of the allocation agreement executed by the applicant or its controlling entity, and the CDFI fund;

(iii) A certificate executed by an executive officer of the applicant attesting that the allocation agreement remains in effect and has not been revoked or canceled by the CDFI fund;

(iv) A description of the proposed amount, structure, and purchaser of the equity investment;

(v) The amount of qualified equity investment authority sought which collectively may not exceed the applicant or its controlling entity's available qualified equity investment authority under Section 45D of the Internal Revenue Code of 1986, as amended, multiplied by two (2);

(vi) Evidence of the applicant or its controlling entity's available qualified equity investment authority under Section 45D of the Internal Revenue Code of 1986, as amended;

(vii) A nonrefundable application fee of One Thousand Dollars ($1,000.00);

(viii) Except for Mississippi qualified community development entities, evidence that the applicant, on a collective basis with its affiliates, has invested at least Thirty Million Dollars ($30,000,000.00) in Mississippi qualified active low-income community businesses or other Mississippi investments or received at least four (4) tax credit certificates from the MDA; and

(ix) Other information as required by the MDA pursuant to paragraph (c) of this subsection.

(b) The MDA shall set a date to accept applications not less than thirty (30) days but not more than forty-five (45) days after the CDFI fund announces allocation awards under a notice of funding availability that was published in the Federal Register. In the event that the CDFI fund is unable to publish a notice of funding of allocation awards because of a lack of award authority under Section 45D of the Internal Revenue Code of 1986, as amended, with respect to the fiscal year beginning July 1, 2026, the MDA shall waive the requirement that a qualified community development entity designate at least

fifty percent (50%) of qualified equity investment authority awarded as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended, provided that the MDA shall give a preference in the award of tax credits to qualified community development entities that apply with remaining allocation under Section 45D of the Internal Revenue Code of 1986, as amended.

(c) The MDA shall award credits and the related qualified equity investment authority, subject to the limitations set forth in subsection (2) of this section, not less than twenty-five percent (25%) to applicants that agree to utilize qualified equity investment authority for loan funds. The MDA may require additional information in the application to delineate between types of applications. Within thirty (30) days with respect to a loan fund application and ninety (90) days for all other applications, the MDA shall grant or deny the application in full or in part. If the MDA denies any part of the application, the MDA shall inform the applicant of the grounds for the denial. If the applicant provides the information required by the MDA or otherwise completes its application within fifteen (15) days of the notice of denial, the application is deemed complete as of the original date of submission. If the applicant fails to provide the requested information or complete its application within the fifteen-day period, the applicant must submit a new application. If requests for either allocation are not fully subscribed, the MDA shall reallocate such remaining allocation to the other allocation pool. Once the MDA has allocated credits to a qualified community development entity, the corresponding qualified equity investment must be issued and, if applicable, fifty percent (50%) of such qualified equity investment must be designated under Section 45D of the Internal Revenue Code of 1986, as amended, not later than one hundred twenty (120) days from the date of such allocation. If the qualified equity investment is not issued and, if applicable, such designation under Section 45D of the Internal Revenue Code of 1986, as amended, is not made within such time period, the allocation shall be cancelled and returned to the MDA for reallocation. If the actual dollar amount of qualified equity investment is lower than the amount awarded by the MDA, the MDA shall adjust the tax credit allowed under this section and reissue awards to other applicants that did not receive the awards requested pro rata. Qualified community development entities shall provide the MDA evidence of qualified equity investments and designation under Section 45D of the Internal Revenue Code of 1986, as amended, if applicable, within one hundred thirty (130) days from the date of an allocation. An applicant certified an award under this paragraph may transfer all or a portion of its certified qualified equity investment authority to any affiliated qualified community development entity by sending written notice to the MDA endorsing the certificate.

(d) The Department of Revenue may recapture credits under this section if:

(i) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended;

(ii) The qualified community development entity redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of the qualified equity investment; or

(iii) The qualified community development entity fails to invest at least eighty-five percent (85%) of the cash purchase price of the qualified equity investment in qualified low-income community investments within twelve (12) months of the issuance of the qualified equity investment and maintain that level of investment until the last credit allowance date for the qualified equity investment.

A qualified community development entity shall notify the Department of Revenue of any of the events set forth in this paragraph (d) within five (5) days of actual knowledge of such event.

(e) For purposes of paragraph (d)(iii) of this subsection, an investment is considered maintained by a qualified community development entity even if the

investment has been sold or repaid, provided that the qualified community development entity reinvests an amount equal to the capital returned to or recovered by the qualified community development entity from the original investment, exclusive of any profits realized, in another qualified low-income community investment in this state within twelve (12) months after the receipt of that capital. Periodic loan repayments received by a qualified community development entity from a qualified active low-income community business within a calendar year must be treated as maintained in qualified low-income community investments if a qualified community development entity reinvests the repayments in qualified low-income community investments by the end of the following calendar year.

(f) A qualified community development entity is not required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment is considered held by the qualified community development entity through the seventh anniversary of the qualified equity investment's issuance.

(g) The MDA shall provide notice to the qualified community development entity and the Department of Revenue of any proposed recapture of credits pursuant to this subsection. The notice must specify the conditions under which the deficiency resulting in the proposed recapture occurred and state that the credits will be recaptured within ninety (90) days unless the qualified community development entity complies with the conditions identified in the notice. If the entity does not comply with the conditions identified in the notice within the ninety-day period, the Department of Revenue shall provide the entity from whom the credit is to be recaptured with a final order of recapture. Any credit for which a final recapture order has been issued must be recaptured by the Department of Revenue from the entity that claimed the credit on a tax return. The qualified equity investment authority of the recaptured credits must be returned to the MDA and must first be awarded pro rata to applicants that have received awards of qualified equity investment authority and complied with this subsection. If credits are recaptured under this section, any remaining credit is forfeited.

(h) The MDA shall not make awards of credits and related qualified equity investment authority after July 1, 2027.

(5) Each qualified community development entity that receives qualified equity investments to make qualified low-income community investments in Mississippi must annually report to the MDA the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment.

(6) The MDA shall file an annual report on all qualified low-income community investments with the Governor, the Clerk of the House of Representatives, the Secretary of the Senate and the Secretary of State describing the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment. The annual report will be posted on the MDA internet website.

(7) (a) The purpose of this subsection is to authorize the creation and establishment of public benefit corporations for financing arrangements regarding public property and facilities.

(b) As used in this subsection:

(i) "New Markets Tax Credit transaction" means any financing transaction which utilizes either this section or Section 45D of the Internal Revenue Code of 1986, as amended.

(ii) "Public benefit corporation" means a nonprofit corporation formed or designated by a public entity to carry out the purposes of this subsection.

(iii) "Public entity or public entities" includes utility districts, regional solid waste authorities, regional utility authorities, community hospitals, regional airport authorities, municipal airport authorities, community and junior colleges, educational building corporations established by or on behalf of the state institutions of higher learning, school districts, planning and development districts, county economic development districts, urban renewal agencies, any other regional or local economic development authority, agency or governmental entity, and any other regional or local industrial development authority, agency or governmental entity.

(iv) "Public property or facilities" means any property or facilities owned or leased by a public entity or public benefit corporation.

(c) Notwithstanding any other provision of law to the contrary, public entities are authorized pursuant to this subsection to create one or more public benefit corporations or designate an existing corporation as a public benefit corporation for the purpose of entering into financing agreements and engaging in New Markets Tax Credit transactions, which shall include, without limitation, arrangements to plan, acquire, renovate, construct, lease, sublease, manage, operate and/or improve new or existing public property or facilities located within the boundaries or service area of the public entity. Any financing arrangement authorized under this subsection shall further any purpose of the public entity and may include a term of up to fifty (50) years.

(d) Notwithstanding any other provision of law to the contrary and in order to facilitate the acquisition, renovation, construction, leasing, subleasing, management, operating and/or improvement of new or existing public property or facilities to further any purpose of a public entity, public entities are authorized to enter into financing arrangements in order to transfer public property or facilities to and/or from public benefit corporations, including, without limitation, sales, sale-leasebacks, leases and lease-leasebacks, provided such transfer is related to any New Markets Tax Credit transaction furthering any purpose of the public entity. Any such transfer under this paragraph (d) and the public property or facilities transferred in connection therewith shall be exempted from any limitation or requirements with respect to leasing, acquiring, and/or constructing public property or facilities.

(e) With respect to a New Markets Tax Credit transaction, public entities and public benefit corporations are authorized to enter into financing arrangements with any governmental, nonprofit or for-profit entity in order to leverage funds not otherwise available to public entities for the acquisition, construction and/or renovation of properties transferred to such public benefit corporations. The use of any funds loaned by or contributed by a public benefit corporation or borrowed by or otherwise made available to a public benefit corporation in such financing arrangement shall be dedicated solely to (i) the development of new properties or facilities and/or the renovation of existing properties or facilities or operation of properties or facilities, and/or (ii) the payment of costs and expenditures related to any such financing arrangements, including, but not limited to, funding any reserves required in connection therewith, the repayment of any indebtedness incurred in connection therewith, and the payment of fees and expenses incurred in connection with the closing, administration, accounting and/or compliance with respect to the New Markets Tax Credit transaction.

(f) A public benefit corporation created pursuant to this subsection shall not be a political subdivision of the state but shall be a nonprofit corporation organized and governed under the provisions of the laws of this state and shall be a special purpose

corporation established to facilitate New Markets Tax Credit transactions consistent with the requirements of this section.

(g) Neither this subsection nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the public entity or public benefit corporation might otherwise have under any laws of this state, and this subsection is cumulative to any such powers. This subsection does and shall be construed to provide a complete additional and alternative method for doing the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws.

(8) The MDA shall promulgate rules and regulations to implement the provisions of this section.

(g) Cash on deposit in any bank or savings and loan association domiciled in this state.

"A qualifying Mississippi investment" shall not include any investment for which a credit is allocated under Section 57-105-1 * * *, Section 57-115-1 et seq., and/or Section 1 of this act.

(3) If the credits, or any part thereof, authorized by the preceding provisions of this section shall be held by a court of final jurisdiction to be unconstitutional and void for any reason or to make the annual premium taxes levied by Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, unlawfully discriminatory or otherwise invalid under the Fourteenth Amendment or the Commerce Clause of the Constitution of the United States or under any state or other federal constitutional provisions, it is hereby expressly declared that such fact shall in no way affect the validity of the annual premium taxes levied thereby, and that such provisions would have been enacted even though the Legislature had known this credit section would be held invalid.

(4) This section shall apply to taxes accruing and investments existing from and after July 1, 1985.

SECTION 3. Section 31-7-13, Mississippi Code of 1972, as amended by House Bill No. 297, 2024 Regular Session, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over $5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less.

(b) Bidding procedure for purchases over $5,000.00 but not over $75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars ($5,000.00) but not more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its

purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars ($75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars ($5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over $75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars ($75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2

shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars ($75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars ($25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars ($25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not

exceed Fifty Thousand Dollars ($50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars ($10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department

of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(l) Hospital purchase, lease-purchase and lease authorization.

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

(m) Exceptions from bidding requirements. Excepted from bid requirements are:

(i) Purchasing agreements approved by department. Purchasing agreements, contracts and maximum price regulations executed or approved by the Department of Finance and Administration.

(ii) Outside equipment repairs. Repairs to equipment, when such repairs are made by repair facilities in the private sector; however, engines, transmissions, rear axles and/or other such components shall not be included in this exemption when replaced as a complete unit instead of being repaired and the need for such total component replacement is known before disassembly of the component; however, invoices identifying the equipment, specific repairs made, parts identified by number and name, supplies used in such repairs, and the number of hours of labor and costs therefor shall be required for the payment for such repairs.

(iii) In-house equipment repairs. Purchases of parts for repairs to equipment, when such repairs are made by personnel of the agency or governing authority; however, entire assemblies, such as engines or transmissions, shall not be included in this exemption when the entire assembly is being replaced instead of being repaired.

(iv) Raw gravel or dirt. Raw unprocessed deposits of gravel or fill dirt which are to be removed and transported by the purchaser.

(v) Governmental equipment auctions. Motor vehicles or other equipment purchased from a federal agency or authority, another governing authority or state agency of the State of Mississippi, or any governing authority or state agency of another state at a public auction held for the purpose of disposing of such vehicles or other equipment. Any purchase by a governing authority under the exemption authorized by this subparagraph (v) shall require advance authorization spread upon the minutes of the governing authority to include the listing of the item or items authorized to be purchased and the maximum bid authorized to be paid for each item or items.

(vi) Intergovernmental sales and transfers. Purchases, sales, transfers or trades by governing authorities or state agencies when such purchases, sales, transfers or trades are made by a private treaty agreement or through means of negotiation, from any federal agency or authority, another governing authority or state agency of the State of Mississippi, or any state agency or governing authority of another state. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

(vii) Perishable supplies or food. Perishable supplies or food purchased for use in connection with hospitals, the school lunch programs, homemaking programs and for the feeding of county or municipal prisoners.

(viii) Single-source items. Noncompetitive items available from one (1) source only. In connection with the purchase of noncompetitive items only available from one (1) source, a certification of the conditions and circumstances requiring the purchase shall be filed by the agency with the Department of Finance and Administration and by the governing authority with the board of the governing authority. Upon receipt of that certification the Department of Finance and Administration or the board of the governing authority, as the case may be, may, in writing, authorize the purchase, which authority shall be noted on the minutes of the body at the next regular meeting thereafter. In those situations, a governing authority is not required to obtain the approval of the Department of Finance and Administration. Following the purchase, the executive head of the state agency, or his designees, shall file with the Department of Finance and Administration, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the source from whom it was purchased.

(ix) Waste disposal facility construction contracts. Construction of incinerators and other facilities for disposal of solid wastes in which products either generated therein, such as steam, or recovered therefrom, such as materials for recycling, are to be sold or otherwise disposed of; however, in constructing such facilities, a governing authority or agency shall publicly issue requests for proposals, advertised for in the same manner as provided herein for seeking bids for public construction projects,

concerning the design, construction, ownership, operation and/or maintenance of such facilities, wherein such requests for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, environmental compatibility, legal responsibilities and such other matters as are determined by the governing authority or agency to be appropriate for inclusion; and after responses to the request for proposals have been duly received, the governing authority or agency may select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter contracts with one or more of the persons or firms submitting proposals.

(x) Hospital group purchase contracts. Supplies, commodities and equipment purchased by hospitals through group purchase programs pursuant to Section 31-7-38.

(xi) Information technology products. Purchases of information technology products made by governing authorities under the provisions of purchase schedules, or contracts executed or approved by the Mississippi Department of Information Technology Services and designated for use by governing authorities.

(xv) Unmarked vehicles. Purchases of unmarked vehicles when such purchases are made in accordance with purchasing regulations adopted by the Department of Finance and Administration pursuant to Section 31-7-9(2).

(xvi) Election ballots. Purchases of ballots printed pursuant to Section 23-15-351.

Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars ($1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established under the preferred vendor list in subparagraph (i) of

this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established under the preferred vendor list in subparagraph (i) of this paragraph.

19-5-21. The service area may be comprised of unincorporated or incorporated areas of the county or both; however, no property shall be subject to this levy unless that property is within an area served by a county's garbage or rubbish collection or disposal system.

(b) The board of supervisors of any county wherein Mississippi Highways 35 and 16 intersect and having a land area of five hundred eighty-six (586) square miles may levy, in its discretion, for the purposes of establishing, operating and maintaining a garbage or rubbish collection or disposal system, an ad valorem tax not to exceed six (6) mills on all taxable property within the area served by the system as set out in paragraph (a) of this subsection.

(c) The board of supervisors of any county bordering on the Mississippi River and traversed by U.S. Highway 61, and which is intersected by Mississippi Highway 4, having a population of eleven thousand eight hundred fifty-four (11,854) according to the 1970 federal census, and having an assessed valuation of Fourteen Million Eight Hundred Seventy-two Thousand One Hundred Forty-four Dollars ($14,872,144.00) in 1970, may levy, in its discretion, for the purposes of establishing, operating and maintaining a garbage or rubbish collection or disposal system, an ad valorem tax not to exceed six (6) mills on all taxable property within the area served by the system as set out in paragraph (a) of this subsection.

(d) The board of supervisors of any county either (i) having a population in excess of * * * two hundred thousand (200,000), according to the * * * 2020 federal decennial census, and in which * * * Mississippi Highway 18 and Interstate Highway 20 intersect, or (ii) bordering the Gulf of Mexico and the State of Alabama, may levy, in its discretion, for the purposes of establishing, operating and maintaining a garbage or rubbish collection or disposal system, an ad valorem tax not to exceed seven (7) mills on all taxable property within the area served by the system as set out in paragraph (a) of this subsection.

(e) The proceeds derived from any additional millage levied pursuant to paragraphs (a) through (d) of this subsection in excess of two (2) mills shall be excluded from the ten percent (10%) increase limitation under Section 27-39-321 for the first year of such additional levy and shall be included within such limitation in any year thereafter. The proceeds from any millage levied pursuant to paragraph (g) shall be excluded from the ten percent (10%) increase limitation under Section 27-39-321 for the first year of the levy and shall be included within the limitation in any year thereafter.

(f) The rate of the ad valorem tax levied under this section shall be shown as a line item on the notice of ad valorem taxes on taxable property owed by the taxpayer.

(g) In lieu of the ad valorem tax authorized in paragraphs (a), (b), (c) and (d) of this subsection, the fees authorized in subsection (2) of this subsection and in Section 19-5-17 or any combination thereof, the board of supervisors may levy an ad valorem tax not to exceed six (6) mills to defray the cost of establishing and operating the

system provided for in Section 19-5-17 on all taxable property within the area served by the system as provided in paragraph (a) of this subsection.

Any board of supervisors levying the ad valorem tax authorized in this paragraph (g) is prohibited from assessing or collecting fees for the services provided under the system.

(2) In addition to the ad valorem taxes authorized in paragraphs (a), (b) and (c) of subsection (1) or in lieu of any other method authorized to defray the cost of establishing and operating the system provided for in Section 19-5-17, the board of supervisors of any county with a garbage or rubbish collection or disposal system may assess and collect fees to defray the costs of the services. The board of supervisors may assess and collect the fees from each single family residential generator of garbage or rubbish. The board of supervisors also may assess and collect the fees from each industrial, commercial and multifamily residential generator of garbage or rubbish for any time period that the generator has not contracted for the collection of garbage and rubbish that is ultimately disposed of at a permitted or authorized nonhazardous solid waste management facility. The fees assessed and collected under this subsection may not exceed, when added to the proceeds derived from any ad valorem tax imposed under this section and any special funds authorized under subsection (7), the actual costs estimated to be incurred by the county in operating the county garbage and rubbish collection and disposal system. In addition to such fees, an additional amount not to exceed up to One Dollar ($1.00) or ten percent (10%) per month, whichever is greater, on the current monthly bill may be assessed and collected on the balance of any delinquent monthly fees.

(3) (a) Before the adoption of any order to increase the ad valorem tax assessment or fees authorized by this section, the board of supervisors shall publish a notice advertising their intent to adopt an order to increase the ad valorem tax assessment or fees authorized by this section. The notice shall specify the purpose of the proposed increase, the proposed percentage increase and the proposed percentage increase in total revenues for garbage or rubbish collection or disposal services or shall contain a copy of the resolution by the board stating their intent to increase the ad valorem tax assessment or fees. The notice shall be in print no less than the size of eighteen (18) point and shall be surrounded by a one-fourth (1/4) inch black border. The notice shall not be placed in the legal section notice of the newspaper. There shall be no language in the notice stating or implying a mandate from the Legislature.

(b) In addition to the requirement for publication of notice, the board of supervisors shall notify each person furnished garbage or rubbish collection or disposal service of any increase in the ad valorem tax assessment or fees. In the case of an increase of the ad valorem tax assessment, a notice shall be conspicuously placed on or attached to the first ad valorem tax bill on which the increased assessment is effective. In the case of an increase in fees, a notice shall be conspicuously placed on or attached to the first bill for fees on which the increased fees or charges are assessed. There shall be no language in any notice stating or implying a mandate from the Legislature.

(4) The board of supervisors of each county shall adopt an order determining whether or not to grant exemptions, either full or partial, from the fees for certain classes of generators of garbage or rubbish. If a board of supervisors grants any exemption, it shall do so in accordance with policies and procedures, duly adopted and entered on its minutes, that clearly define those classes of generators to whom the exemptions are applicable. The order granting exemptions shall be interpreted consistently by the board when determining whether to grant or withhold requested exemptions.

(5) (a) The board of supervisors in any county with a garbage or rubbish collection or disposal system only for residents in unincorporated areas may adopt an order authorizing any single family generator to elect not to use the county garbage or rubbish

collection or disposal system. If the board of supervisors adopts an order, the head of any single family residential generator may elect not to use the county garbage or rubbish collection or disposal service by filing with the chancery clerk the form provided for in this subsection before December 1 of each year. The board of supervisors shall develop a form that shall be available in the office of the chancery clerk for the head of household to elect not to use the service and to accept full responsibility for the disposal of his garbage or rubbish in accordance with state and federal laws and regulations. The board of supervisors, following consultation with the Department of Environmental Quality, shall develop and the chancery clerk shall provide a form to each person electing not to use the service describing penalties under state and federal law and regulations for improper or unauthorized management of garbage. Notice that the election may be made not to use the county service by filing the form with the chancery clerk's office shall be published in a newspaper published or having general circulation in the county for no less than three (3) consecutive weeks, with the first publication being made no sooner than five (5) weeks before the first day of December. The notice shall state that any single family residential generator may elect not to use the county garbage or rubbish collection or disposal service by the completion and filing of the form for that purpose with the chancery clerk's office before December 1 of that year. The notice shall also include a statement that any single family residential generator who does not timely file the form shall be assessed any fees levied to cover the cost of the county garbage or rubbish collection or disposal service. The chancery clerk shall maintain a list showing the name and address of each person who has filed a notice of intent not to use the county garbage or rubbish collection or disposal service.

(b) If the homestead property of a person lies partially within the unincorporated service area of a county and partially within the incorporated service area of a municipality and both the municipality and the county provide garbage collection and disposal service to that person, then the person may elect to use either garbage collection and disposal service. The person shall notify the clerk of the governing authority of the local government whose garbage collection and disposal service he elects not to use of his decision not to use such services by certified mail, return receipt requested. The person shall not be liable for any fees or charges from the service he elects not to use.

(b) Revenues resulting from the assessment of any fees for garbage or rubbish collection or disposal; or

(c) Any combination thereof.

(7) In addition to the fees or ad valorem millage authorized under this section, a board of supervisors may use monies from any special funds of the county that are not otherwise required by law to be dedicated for use for a particular purpose in order to defray the costs of the county garbage or rubbish collection or disposal system.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1988: Children's Promise Act; increase amount of tax credits that may be allocated under, bring forward various tax credit sections of law.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-22.41, Mississippi Code of 1972, is amended as follows:

27-7-22.41. (1) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Department" means the Department of Revenue.

(b) "Eligible charitable organization" means an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is:

(i) Licensed by or under contract with the Mississippi Department of Child Protection Services and provides services for:

1. The prevention and diversion of children from custody with the Department of Child Protection Services,

2. The safety, care and well-being of children in custody with the Department of Child Protection Services, or

3. The express purpose of creating permanency for children through adoption; or

(ii) Certified by the department as an educational services charitable organization that is accredited by a regional accrediting organization and provides services to:

1. Children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model, or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services,

2. Children who have a chronic illness or physical, intellectual, developmental or emotional disability, or

3. Children eligible for free or reduced price meals programs under Section 37-11-7, or selected for participation in the Promise Neighborhoods Program sponsored by the U.S. Department of Education.

(2) (a) The tax credit authorized in this section shall be available only to a taxpayer who is a business enterprise engaged in commercial, industrial or professional activities and operating as a corporation, limited liability company, partnership or sole proprietorship. Except as otherwise provided in this section, a credit is allowed against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123, for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. From and after January 1, 2022, for a taxpayer that is not operating as a corporation, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the taxpayer during the taxable year to an eligible charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by such sections of law and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Subject to such limitation on the amount of credit that a taxpayer may utilize in a taxable year, a taxpayer who is allocated a tax credit under this subsection during a calendar year may utilize the credit against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 for the immediately preceding taxable year, provided that the taxpayer has not already filed an annual return for such taxes. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(b) A contribution to an eligible charitable organization for which a credit is claimed under this section does not qualify for and shall not be included in any credit that may be claimed under Section 27-7-22.39.

(c) A contribution for which a credit is claimed under this section may not be used as a deduction by the taxpayer for state income tax purposes.

(3) Taxpayers taking a credit authorized by this section shall provide the name of the eligible charitable organization and the amount of the contribution to the department on forms provided by the department.

(4) An eligible charitable organization shall provide the department with a written certification that it meets all criteria to be considered an eligible charitable organization. An eligible charitable organization must also provide the department with written documented proof of its license and/or written contract with the Mississippi Department of Child Protection Services. The organization shall also notify the department of any changes that may affect eligibility under this section.

(5) The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code;

(b) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions;

(c) A statement that the funds generated from the tax credit shall be used for educational resources, staff and expenditures and/or other purposes described in this section.

(d) Any other information that the department requires to administer this section.

(6) The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

(7) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document.

(8) (a) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(b) A taxpayer who applied for a tax credit under this section during calendar year 2020, but who was unable to be awarded the credit due to the limit on the aggregate amount of credits authorized for calendar year 2020, shall be given priority for tax credits authorized to be allocated to taxpayers under this section by Section 27-7-22.39.

(c) For the purposes of using a tax credit against ad valorem taxes assessed and levied on real property, a taxpayer shall present to the appropriate tax collector the tax credit documentation provided to the taxpayer by the Department of Revenue, and the tax collector shall apply the tax credit against such ad valorem taxes. The tax collector shall forward the tax credit documentation to the Department of Revenue along with the amount of the tax credit applied against ad valorem taxes, and the department shall disburse funds to the tax collector for the amount of the tax credit applied against ad valorem taxes. Such payments by the Department of Revenue shall be made from current tax collections.

(9) The aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Five Million Dollars ($5,000,000.00), and not more than fifty percent (50%) of tax credits allocated during a calendar year may be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. However, for calendar year 2021, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Ten Million Dollars ($10,000,000.00), for calendar year 2022, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Sixteen Million Dollars ($16,000,000.00), * * * for calendar year 2023, and for each calendar year thereafter through calendar year 2024, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Eighteen Million Dollars ($18,000,000.00) and for calendar year 2025, and for each calendar year thereafter, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Twenty-four Million Dollars ($24,000,000.00). For calendar year 2021, and for each calendar year thereafter, fifty percent (50%) of the tax credits allocated during a calendar year shall be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(i) of this section and fifty percent (50%) of the tax credits allocated during a calendar year shall be allocated for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section. For calendar year 2021, and for each calendar year thereafter, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(i) of this section, no more than twenty-five percent (25%) of such credits may be allocated for contributions to a single eligible charitable organization. Except as otherwise provided in this section, for calendar year 2021, and for each calendar year thereafter through calendar year 2024, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section, no more than four and one-half percent (4-1/2%) of such credits may be allocated for contributions to a single eligible charitable organization. For calendar year 2025, and for each calendar year thereafter, for credits allocated during a calendar year for contributions to eligible charitable organizations described in subsection (1)(b)(ii) of this section, no more than three and one-half percent (3-1/2%) of such credits may be allocated for contributions to a single eligible charitable organization.

SECTION 2. This act shall take effect and be in force from and after January 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-7-22.41, MISSISSIPPI CODE OF 1972, WHICH PROVIDES AN INCOME TAX CREDIT, INSURANCE PREMIUM TAX CREDIT AND AD VALOREM TAX CREDIT FOR CONTRIBUTIONS MADE BY CERTAIN TAXPAYERS TO CERTAIN ELIGIBLE CHARITABLE ORGANIZATIONS, TO INCREASE THE MAXIMUM AGGREGATE AMOUNT OF TAX CREDITS THAT MAY BE ALLOCATED BY THE DEPARTMENT OF REVENUE UNDER THIS SECTION DURING A CALENDAR YEAR; TO PROVIDE THAT A TAXPAYER WHO IS ALLOCATED A TAX CREDIT DURING A

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1983: Bonds; authorize issuance for various purposes.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bonds means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The Mississippi Development Authority, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for the program authorized in Section 57-1-16. Upon the adoption of a resolution by the Mississippi Development Authority declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the Mississippi Development Authority shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Twenty Million Dollars ($20,000,000.00). No bonds authorized under this section shall be issued after July 1, 2028.

(b) The proceeds of bonds issued pursuant to this section shall be deposited into the ACE Fund created pursuant to Section 57-1-16. Any investment earnings on bonds issued pursuant to this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(3) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue,

be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(6) The commission shall act as the issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission shall sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If the bonds are to be sold on sealed bids at public sale, notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the ACE Fund created

in Section 57-1-16. The proceeds of such bonds shall be disbursed solely upon the order of the Mississippi Development Authority under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(9) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this section shall be used solely for the purposes therein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers therein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

Section 25. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bonds means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The Mississippi Development Authority, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for the program authorized in Section 57-1-221. Upon the adoption of a resolution by the Mississippi Development Authority, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the Mississippi Development Authority shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed * * * Five Hundred Fourteen Million Dollars ($514,000,000.00). No bonds authorized under this section shall be issued after July 1, 2025.

(b) The proceeds of bonds issued pursuant to this section shall be deposited into the Mississippi Industry Incentive Financing Revolving Fund created pursuant to Section 57-1-221. Any investment earnings on bonds issued pursuant to this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(3) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers.

Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the Mississippi Industry Incentive Financing Revolving Fund created in Section 57-1-221. The proceeds of such bonds shall be disbursed solely upon the order of the Mississippi Development Authority under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this section shall be used solely for the purposes therein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers therein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

(b) (i) Amounts deposited into such special fund shall be disbursed to pay the costs of projects described in paragraph (a) of this subsection. If any monies in such special fund are not used within four (4) years after the date the proceeds of the bonds authorized under this section are deposited into the special fund, then the institution of higher learning for which any unused monies are allocated under paragraph (a) of this subsection shall provide an accounting of such unused monies to the commission. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(ii) Monies in the special fund may be used to reimburse reasonable actual and necessary costs incurred by the Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, in administering or providing assistance directly related to a project described in paragraph (a) of this subsection. An accounting of actual costs incurred for which reimbursement is sought shall be maintained for each project by the Department of Finance and Administration, Bureau of Building, Grounds and Real Property Management. Reimbursement of reasonable actual and necessary costs for a project shall not exceed two percent (2%) of the proceeds of bonds issued for such project. Monies authorized for a particular project may not be used to reimburse administrative costs for unrelated projects.

(c) The Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, is expressly authorized and empowered to receive and expend any local or other source funds in connection with the expenditure of funds provided for in this subsection. The expenditure of monies deposited into the special fund shall be under the direction of the Department of Finance and Administration, and such funds shall be paid by the State Treasurer upon warrants issued by such department, which warrants shall be issued upon requisitions signed by the Executive Director of the Department of Finance and Administration, or his designee.

(d) Any amounts allocated to an institution of higher learning that are in excess of that needed to complete the projects at such institution of higher learning that are described in paragraph (a) of this subsection may be used for general repairs and renovations at the institution of higher learning.

(3) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the Department

of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Eighty-six Million Three Hundred Seventy-five Thousand Dollars ($86,375,000.00). No bonds shall be issued under this section after July 1, 2025.

(b) Any investment earnings on amounts deposited into the special fund created in subsection (2) of this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(4) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(5) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(6) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(7) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special funds created in subsection (2) of this section. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(10) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(11) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(15) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(16) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(17) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

(d) If the county receives a loan under this section, the county shall pledge for repayment of the loan any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, and any revenue generated for the county by a project funded by a loan made pursuant to this act. The loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, as set forth in the loan agreement. The loan agreement shall provide for the repayment of all funds received within not more than twenty (20) years from the date of issuance.

(e) Loan payments of the county shall be deposited into the bond sinking fund created in subsection (4) of this section.

(f) If the loan payments of the county appear to be in arrears, the State Auditor, upon request of the Mississippi Development Authority, shall audit the receipts and expenditures of the county, and if he finds that the county is in arrears in such payments, he shall immediately notify the Executive Director of the Department of Finance and Administration who shall withhold all future payments to the county of homestead exemption reimbursements under Section 27-33-77 until such time as the county is again current in its loan payments as certified by the Mississippi Development Authority.

(g) Evidences of indebtedness which are issued pursuant to this act shall not be deemed indebtedness of the county within the meaning specified in Section 19-9-5.

(3) In administering the provisions of this act, the Mississippi Development Authority shall have the following powers and duties:

The bond sinking fund shall consist of monies deposited into the fund by the county for repayment of loans issued under this act, and such other amounts as may be paid into the bond sinking fund by appropriation or other authorization by the Legislature. Unexpended amounts remaining in the bond sinking fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the bond sinking fund shall be deposited into the bond sinking fund.

(b) At any time when the funds required to pay the principal of and interest on the bonds issued under this act are more than the amounts available in the bond sinking fund, the Legislature shall appropriate the balance of the amount necessary to pay the principal of and interest on the bonds issued under this act from the State General Fund.

(c) The total amount of all payments deposited into the bond sinking fund until the maturity date of the bonds authorized under this act shall be in an amount sufficient to retire the bonds.

(5) (a) The Mississippi Development Authority, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. The total amount of bonds issued under this act shall not exceed * * * Forty-seven Million Dollars ($47,000,000.00); however, not more than Twenty Million Dollars ($20,000,000.00) of such bonds may be issued during any fiscal year. In addition, such reduction of the amount of bonds authorized to be issued under this section shall not apply to the Twenty Million Dollars ($20,000,000.00) of additional bonds authorized to be issued under this section as amended by Section 1, Chapter 372, Laws of 2022.

(b) Any investment earnings on amounts deposited into the special fund created in subsection (2) of this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of the bonds.

(6) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. The bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as determined by resolution of the commission.

The interest coupons, if any, to be attached to the bonds may be executed by the facsimile signatures of those

Whenever any such bonds have been signed by the officials designated to sign the bonds who were in office at the time of the signing but who may have ceased to be those officers before the sale and delivery of the bonds, or who may not have been in office on the date that the bonds may bear, the signatures of those officers upon the bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing the bonds had remained in office until their delivery to the purchaser, or had been in office on the date the bonds may bear. However, notwithstanding anything in this act to the contrary, the bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(8) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(9) The commission shall act as the issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in the issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of the bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of the bonds. The commission may sell the bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on the bonds so issued shall be payable semiannually or annually.

The principal of and the interest on the bonds shall be payable primarily from the bond sinking fund created in subsection (4) of this section in the manner provided in that subsection. If the funds available in the bond sinking fund and any funds appropriated by the Legislature for those purposes are insufficient to pay the principal of and the interest on the bonds as they become due, then the amount of the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All those bonds shall contain recitals on their faces substantially covering the provisions of this section.

(11) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special fund created in subsection (2) of this section. The proceeds of the bonds shall be disbursed solely upon the order of the Mississippi Development Authority under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(12) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things that are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(13) The bonds authorized under this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the

validation of county, municipal, school district and other bonds. The notice to taxpayers required by those statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(14) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining to those bonds may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under the resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest on the bonds.

(15) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and the bonds shall be legal securities that may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(16) Bonds issued under the provisions of this section and income from the bonds shall be exempt from all taxation in the State of Mississippi.

(17) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(18) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the department is authorized and directed to issue those warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of those bonds in ample time to discharge the bonds, or the interest on the bonds, on the due dates thereof.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for the Mississippi Community Heritage Preservation Grant Fund created pursuant to Section 39-5-145, Mississippi Code of 1972. Upon the adoption of a resolution by the Department of Finance and Administration declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the Department of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. (c) "Commission" means the State Bond Commission.

(2) (a) (i) A special fund, to be designated the "2024 Gulf Coast Passenger Rail Restoration Match Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. (ii) Monies deposited into the fund shall be disbursed, in the discretion of the Department of Finance and Administration, to pay the State of Mississippi's share of matching funds for any Consolidated Rail Infrastructure and Safety Improvements (CRISI) grant for the payment of costs associated with improvements to track, siding, switches, interlocking, yards, grade crossings and other capital improvements and related administrative and contingency costs necessary to restore passenger rail service along the Mississippi Gulf Coast in Mississippi in Hancock, Harrison and Jackson Counties.

(b) Amounts deposited into such special fund shall be disbursed to pay the costs of the projects described in paragraph (a) of this subsection. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(3) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the department shall deliver a certified copy of its resolution or resolutions to the commission. (8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special fund created in subsection (2) of this section. TO THE MISSISSIPPI SENATE:

GOVERNOR'S VETO MESSAGE FOR SENATE BILL 2180

I am returning Senate Bill 2180: "AN ACT TO AMEND SECTION 45-1-19, MISSISSIPPI CODE OF 1972, TO REQUIRE THE DEPARTMENT TO ENFORCE ANY CITY ORDINANCE; TO DELETE THE PROVISION OF LAW THAT REQUIRES PRIOR WRITTEN APPROVAL FROM THE CHIEF OF THE CAPITOL POLICE OR THE COMMISSIONER OF THE DEPARTMENT OF PUBLIC SAFETY FOR EVENTS WHICH WILL TAKE PLACE ON ANY STREET OR SIDEWALK IMMEDIATELY ADJACENT TO ANY BUILDING OR PROPERTY OWNED OR OCCUPIED BY ANY OFFICIAL, AGENCY, BOARD, COMMISSION, OFFICE OR OTHER ENTITY OF THE STATE OF MISSISSIPPI, OR WHICH CAN REASONABLY BE EXPECTED TO BLOCK, IMPEDE OR OTHERWISE HINDER INGRESS THERETO AND/OR EGRESS THEREFROM; TO AMEND SECTION 9-12-1, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR THE COMPENSATION OF CCID INFERIOR COURT JUDGES; AND FOR RELATED PURPOSES."

Senate Bill 2180 seeks to expand the jurisdiction of the Capitol Police to make arrests for any violation of the City of Jackson's ordinances which occur within the boundaries of the City of Jackson. Further, Senate Bill 2180 seeks to expand the jurisdiction of the Capitol Complex Improvement District ("CCID") inferior court to include any violations of the City of Jackson's ordinances or municipal code that occur in whole or in part within the boundaries of the CCID.

The City of Jackson has enacted hundreds and hundreds of pages of ordinances encompassing a wide variety of subjects that have absolutely nothing to do with public safety, including ordinances addressing pets, livestock and wild animals; cemetery conditions; solid waste; advertising and signs; and maintaining the area around houses and businesses. By way of just one example, the City of Jackson has enacted an ordinance making it unlawful for the owner of real property within the City to allow weeds, tall grass, rubbish, bushes or any other unsightly, objectionable or unsanitary matter whatsoever to accumulate or remain on their property. Expanding the jurisdiction of the Capitol Police and the CCID inferior court to such matters would distract them from the purpose for which they were created by the Legislature, to attempt to restore law and order in the City of Jackson through the enforcement of state criminal laws.

The Mississippi Department of Public Safety ("Department") has estimated that it will take a minimum of 200 sworn law enforcement officers to adequately and effectively patrol and enforce state criminal laws in the expanded CCID area set to go into effect in

July. Further, the Department has estimated it will take approximately 250 sworn law enforcement officers to adequately and effectively patrol and enforce state criminal laws in the further expanded CCID area established by House Bill 1487 (2024 Legislative Session) set to take effect on July 1, 2025. Despite the Department's budget request to the Legislature for funding to hire adequate officers to patrol the future expanded CCID areas, the Legislature has only funded 187 officers for state fiscal year 2025 (July 1, 2024-June 30, 2025).

The City of Jackson is beginning to realize the benefits of Capitol Police's enforcement of state criminal laws, and it would be unwise to expand the duties of Capitol Police to code enforcement at this time. Capitol Police have proven time and time again to be up to the task of restoring public safety within the CCID, and when provided adequate funding and resources by the Legislature, I am certain they will be able to protect public safety in an expanded CCID area. However, diverting the already thin resources of Capitol Police to code/ordinance enforcement would be incongruent with increasing public safety in the City of Jackson. Municipal ordinances and codes are enacted by the City of Jackson and should be enforced exclusively by the City when they do not touch on matters of public safety.

Further, it should be noted that the provision of Senate Bill 2180 authorizing and funding the employment of two full-time and one part-time CCID inferior court judges (and support staff) is also contained in Section 24 of House Bill 1820 (2024 Legislative Session), which will become law.

In sum, it would be imprudent at this time to expand the limited resources of Capitol Police and the CCID inferior court beyond the enforcement of state laws aimed at protecting public safety. Thus, I am compelled to veto Senate Bill 2180.

Respectfully submitted,

TATE REEVES
GOVERNOR

A History of Actions on All Legislative
Matters Considered by the Senate

Titles of all Senate bills in this part of the index are condensed and appear in numerical order, showing the authors and committees to which they were referred. Senate bills with more than two authors will reflect only the first recorded author. Senate bill numbers begin at 2001, so as to prevent duplication of House Bill numbers.

Titles of all House bills which reached the Senate are condensed and appear in numerical order in this part of the index, showing the committees to which they were referred.

Following these titles are abbreviations indicating actions on the bills, followed by figures showing the pages in the Journal where such actions will be found. Explanations of these abbreviations are shown below. The chapter in the General Laws or in the Local and Private Laws, as the case may be, is shown for each bill that became law. The General Laws and the Local and Private Laws are published in separate volumes.

SENATE RULES

PRESIDENT

1. The Lieutenant Governor shall be the President of the Senate. The President shall take the Chair at the hour to which the Senate shall have adjourned, shall call the Senate to order, and on the appearance of a quorum, shall proceed with the regular order of business.

2. The President shall preserve order and decorum, may speak to points of order in preference to other members, and shall decide all questions of order. The President's decision thereon shall be subject to an appeal to the Senate as provided in Rule 112 and may be denied or sustained by a majority of those present and voting.

3. The President shall rise to put a question but may state it sitting, and the President shall put the question in this form: "As many as are in favor (as the question may be) say 'Aye'," and, after the affirmative voice is had: "As many as opposed, say 'No'." If the President doubts or a division is called for, the Senate shall divide, and those in the affirmative shall rise first; then those in the negative. Count of division votes shall be made by the Secretary and announced by the President.

4. The President shall call some Senator to the Chair when the Senate goes into Committee of the Whole. The President shall have the right also during sessions of the Senate to name a Senator to perform the duties of the Chair, but such substitution shall not extend beyond adjournment of that legislative day. When both the Lieutenant Governor and the President Pro Tempore shall be absent, the Senate may call any Senator to preside from day to day during such absences.

5. (Omitted)

6. (Omitted)

7. The President shall appoint the membership of committees as provided in Rule 36 and Rule 37.

8. The President shall sign all bills, resolutions or measures; and all writs, warrants and subpoenas issued by the Senate shall be signed by the President and attested by the Secretary.

PRESIDENT PRO TEMPORE

9. There shall be elected a President Pro Tempore in the manner provided in Section 5 1 15, Mississippi Code of 1972. The President Pro Tempore shall not be eligible for appointment as chairman of any standing Senate committee, with the exception of the Rules Committee.

10. In the election of the President Pro Tempore, the candidate receiving the lowest number of votes shall be dropped after the first ballot and on each succeeding ballot until one (1) candidate receives a majority of all votes cast, and the vote shall be by viva voce vote on roll call of the members. The President Pro Tempore may be removed from office at any time by a vote of at least three-fourths (3/4) of the members of the Senate present and voting.

11. In the absence of the President, or at the President's request, the President Pro Tempore shall act in the President's stead, assuming the duties and responsibilities herein granted to the President.

SECRETARY

12. The Secretary of the Senate shall keep a correct Journal of the proceedings of the Senate as provided by law. The Secretary shall be elected by the Senate and shall serve during the term of the Senate by which the Secretary was elected. The Secretary may be removed from office at any time by a vote of at least three fourths (3/4) of the members of the Senate present and voting.

13. The Secretary shall insert in an appendix to the Journal the Rules of the Senate and the Joint Rules of the two (2) branches, and the constitutional provisions governing the powers and procedures of the Legislature.

14. The Secretary shall retain all bills, resolutions or other papers in reference to which any Senator has a right to move a reconsideration until the right to reconsideration has expired. This rule shall not apply when unanimous consent of the Senate shall be given to the Secretary to immediately transmit any such bill or resolution to the House of Representatives. However, the constitutional rights of Senators to enter motions to reconsider shall not be abridged.

15. In the event a bill or resolution is transmitted immediately to the House by unanimous consent and a proper motion to reconsider is later entered, it shall be the duty of the Secretary to recall by message such bill or resolution from the House, whereupon such bill or resolution shall take its proper place on the Calendar.

16. The Secretary shall keep a separate and distinct Journal of the proceedings of the Senate when in executive session.

17. The Secretary, with the approval of the Senate Rules Committee, shall provide for the appointment of Pages, whose salaries shall be fixed by the Rules Committee. Not more than six (6) pages shall serve throughout the session as Senior Pages, and one (1) of these six (6) shall be designated as Head Page by the Secretary. Nominations of Pages by members of the Senate shall be submitted to the Secretary as soon as possible so that they may be properly scheduled. Pages shall be not less than fourteen (14) years of age.

18. (Omitted)

ASSISTANT SECRETARY

19. There may be an Assistant Secretary, and an additional Assistant Secretary when needed, appointed by the Senate Rules Committee. The duties of the Assistant Secretary shall be comparable to those of the Secretary.

SERGEANT AT ARMS

20. The duties of the Sergeant at Arms shall be those enumerated in Section 5 1 35, Mississippi Code of 1972, and such other related duties as may be assigned by the Senate Rules Committee or the Senate. The Sergeant at Arms shall be elected by the Senate and shall serve during the term of the Senate by which the Sergeant at Arms was elected. The Sergeant at Arms may be removed from office at any time by a vote of at least three fourths (3/4) of the members of the Senate present and voting.

QUORUMS

22. A quorum of the Senate shall consist of not less than twenty seven (27) Senators.

23. A quorum of any standing committee, subcommittee or special committee shall consist of not less than a majority thereof.

24. Upon the appearance of lack of a quorum, the President or any Senator may demand a call of the Senate, but no such call shall be in order after the voting on any question has begun nor while any Senator is speaking. It shall be the duty of the Sergeant at Arms to search for absentee members and notify them of such call. By majority vote of Senators present and voting the Senate may direct the Sergeant at Arms to compel the attendance of absent Senators.

ORDER OF BUSINESS

25. The order of business shall be:

(13) At midnight on a deadline day, the Senate clock shall determine the end of that calendar day regardless of whether the Senate is then operating under the previous question. Any measure pending before the Senate on a deadline upon which the final vote has not been both taken and announced shall automatically fail, and no announcement to the contrary may be made by the Chair. If the Senate clock is not in working order, the Presiding Officer shall keep the time.

26. When the order of unfinished business is reached, the unfinished business in which the Senate was engaged at the time of last adjournment shall have precedence in the consideration of bills and resolutions, except as to special orders which shall have precedence.

27. The order of business for any day may be changed by a two thirds (2/3) vote of the Senators present and voting; but when the Senate shall have passed from one (1) order to another, no action shall be had on those passed except by a two thirds (2/3) vote of the members present and voting.

27A. No Senator shall be allowed to interrupt the business for purposes of introducing guests. At appropriate times during the transacting of business, the presiding officer shall announce an opportunity for the Senators to recognize and introduce their guests.

The Sergeant at Arms shall clear the Senate of all other visitors, with the exception of members of the news media with proper credentials issued by the Rules Committee, thirty (30) minutes before each session convenes and shall not allow other visitors on the floor of the Senate for ten (10) minutes after the session has recessed.

RULES SUSPENSION AND ADOPTION

29. The rules of the Senate may be suspended upon motion by an affirmative vote of two thirds (2/3) of the Senators present and voting, except where prohibited by the Constitution.

30. Temporary rules of the Senate may be adopted by resolution on a majority vote of the Senators present and voting, and such temporary rules may be designated by reference to the rules of a certain previous session. Permanent rules may be adopted by majority vote, and any subsequent changes therein or amendments thereto shall require one (1) day's notice thereof by resolution entered in the Journal and adoption by a vote of two thirds (2/3) of the Senators present and voting.

DECORUM

31. If any Senator, in speaking or otherwise, transgresses the rules of the Senate, the presiding officer shall, or any Senator may, call him to order; and when a Senator shall be called to order by the presiding officer or a Senator, the Senator shall sit down and shall not proceed without leave of the presiding officer or by a majority vote of the Senate.

32. No Senator shall absent himself from the Senate without leave. In case a less number than a quorum of the Senate shall convene, a majority of such number is empowered to direct the Sergeant at Arms or authorize any other person or persons to compel the attendance of absent Senators, and at the expense of the absent Senators, respectively, unless such excuse for nonattendance shall be made as the Senate by majority vote, when a quorum shall have convened, deems sufficient, in which case the expense shall be paid out of the Senate Contingent Fund.

33. Leave of absence may be granted to any Senator at his own request or at the request of another Senator.

34. No Senator shall entertain private discourse while the President is putting a question or addressing the Senate. Senators shall not be permitted to interrupt another while such other is speaking except by rising to call to order or as provided in Rule 69.

35B. Smoking shall not be permitted in the Senate Chamber, the Senate Gallery or in any office of the New Capitol Building under the jurisdiction of the Senate at any time. As used in this rule, "smoking" means to inhale, exhale, burn, carry or otherwise possess any lighted cigarette, cigar, pipe or any other object or device of any form that contains lighted tobacco or any other smoking product. The Sergeant at Arms shall enforce the provisions of this Rule 35B.

35C. No person except for members of the news media with proper credentials issued by the Rules Committee may be admitted to the press table on the floor of the Senate for the purpose of transcribing the debates and proceedings of the Senate. No person except for news media with proper credentials issued by the Rules Committee shall take any photograph or transcribe debates and proceedings of the Senate in the Senate Gallery while the Senate is in session. During floor proceedings, cameras used in making such webcasts may only be allowed to show the Senator speaking at the podium and the Presiding Officer. Reporters and technicians to effectuate such webcasts may be admitted to the chamber and committee rooms for this purpose, but no camera, apparatus or procedure shall be used which will interfere with the usual procedure of the Senate, and all such webcasting shall be done from areas reserved or set aside for such activities by the Committee on Rules.

FUNCTION OF COMMITTEES

37. Standing, select and conference committees shall be appointed by the President.

38. The first member named on a committee shall be its chairman and the second member named shall be its vice chairman, unless it is specifically provided that they shall be elected. There shall be no further rank on the committees, the remaining members being listed thereon in alphabetical order. In the event of a vacancy in the chairmanship or vice chairmanship, or membership, the vacancies shall be filled by appointment by the President.

39. Each committee shall, after its organization, immediately determine by a majority vote what number shall constitute a sufficient quorum for it to proceed to business, which quorum shall not be less than the majority required by Rule 23, and shall report that action, together with the name of the secretary of the committee, to the Secretary of the Senate.

40. Committee chairmen and secretaries will be held responsible for the return of all bills, resolutions, papers and committee books taken from the Secretary of the Senate's office to the respective committee meetings.

41. A committee of the Senate shall report on the sufficiency of the titles of all bills and resolutions before their being put on final passage; and it shall be in order, before the passage of every bill or resolution, to move to commit or recommit for report upon the sufficiency of the title. Titles shall indicate clearly the subject matter of the proposed legislation.

42. When motions are made for reference of the same subject to a select committee and a standing committee, the motion for reference to a standing committee shall be first put.

43. The following named committees shall have preference at any time on matters herein stated, viz: the Committee on Rules, on rules, joint rules and order of business; the Committee on Enrolled Bills, on enrolled bills, except they shall not have precedence over appropriations and revenue bills (see Const. Sec. 68); conference

committees may report at any time, except they shall not have precedence over appropriations and revenue bills.

44. The chairman of the various standing committees shall announce or lay on the desk of the Secretary, to be read previous to adjournment each day, notice of the time and place of meeting of such committees, and all members of such committees shall be required to attend all such meetings, unless previously excused by the chairman. A quorum must be present when any bill, resolution or measure is reported by such committees. The names of those members present and of those absent must show in the record kept by the committee secretary at each meeting of a committee. The Secretary of the Senate shall post the time of committee meetings on the Legislature's website.

45. A committee's request to be discharged from further consideration of a subject, with or without recommendations that it be referred to another committee, shall be immediately considered.

46. No committee, except the Committee on Rules, shall absent itself from the Senate Chamber while the Senate is in session, except by unanimous consent of the Senate.

47. No committee shall be allowed to occupy the Senate Chamber without an affirmative vote of a majority of the Senators present and voting, except the Committee on Rules.

47A. (Omitted)

CONFERENCE COMMITTEES

48. A conference committee on the part of the Senate shall consist of three (3) Senators, unless otherwise ordered by majority vote of the Senate, and they shall be appointed as provided in Rule 37.

49. A motion to instruct conferees is not in order until their conference report has failed of adoption.

50. When a bill is sent to conference, only matters in disagreement between the Houses are subject to consideration by the conference committee. However, when one (1) House strikes out of a bill all after the enacting clause and inserts new germane text as an amendment thereto, the conferees may disregard the text of the original bill and the amendment and exercise wide discretion in the incorporation of germane text and may even report a new bill on the germane subject matter of the original bill.

51. No report from a conference committee or other joint committee shall be acted upon in the Senate unless subscribed to by a majority of the members of the Senate acting on the committee. No matter reported on the recommendation of a joint committee or conference committee of the two (2) Houses shall be in order for consideration by the Senate if it shall appear that the members of such joint committee on the part of the Senate, if in attendance on the Legislature, shall not have been notified, and for that reason not present, when the matter was acted on by the committee.

52. Conference reports may not be (a) tabled, (b) referred to a committee, or (c) amended.

53. Mere changes in phraseology, without material alteration of the subject matter, are not sufficient to render a conference report subject to point of order that the conferees exceeded their authority.

54. It is legislatively recognized that it is the function of a conference committee to submit a compromise of the difference between the Houses, which might be acceptable to both, and liberal interpretation looking to that end is indicated.

55. When a conference report is called up, only three (3) courses are open: (a) adopt, (b) not adopt, or (c) recommit to the same or another conference committee, provided adoption of the report has not occurred in the House.

56. Should a point of order prevail against consideration of a conference committee report, the bill returns to the status it had before being sent to conference.

57. When conference results in disagreement, conferees reporting such disagreement are thereby discharged, and new conferees may be appointed.

COMMITTEE OF THE WHOLE

58. Upon a motion supported by a vote of two thirds (2/3) of those Senators present and voting, the Senate may resolve itself into a Committee of the Whole to consider a bill, concurrent resolution or measure; and if the Committee of the Whole reports such bill, concurrent resolution or measure favorably, it may be taken up immediately by a suspension of the rules; otherwise, it takes its place on the Calendar along with other favorably reported bills, concurrent resolutions and measures.

59. Motions for forming a Committee of the Whole for the immediate consideration of any Senate bill or resolution at the time of their introduction, or of House bills or resolutions at the time of their receipt from the House, except bills of local and private nature, should be made before such bills or resolutions are referred to standing committees, as provided by Rule 75.

60. In forming a Committee of the Whole, the President shall call some Senator to preside, and rules governing the Committee of the Whole shall be the rules of the Senate so far as they may be made applicable.

61. A Committee of the Whole may, during any session thereof, consider more than one bill or resolution; no additional bills or resolutions may be so considered unless the Senate has by a two thirds (2/3) vote previously agreed thereto.

SPECIAL COMMITTEES

62. Special committees shall in all cases report to the Senate a state of facts and their opinion or recommendation on the subject matter referred to them. Such reports may on motion be incorporated in the Journal.

63. No Senator offering a motion or resolution for the appointment of a special committee shall be appointed chairman of such committee.

MINORITY REPORTS

64. Bills and resolutions unfavorably reported by committees shall not be placed on the Calendar at all unless accompanied by a Minority Report signed by one or more members who were present at the committee meeting at which the bill or resolution was reported. Minority Reports must be filed within three (3) legislative days after the bill or resolution has been reported by the committee. Minority reported bills and resolutions shall be placed on the Calendar at the heel of favorably reported bills and resolutions and shall not be considered until all favorably reported bills and resolutions are disposed of, except by a vote of two thirds (2/3) of the Senators present and voting.

RULES COMMITTEE

65. (1) There shall be a standing Committee on Rules which shall consist of the President (who shall be a nonvoting member), the President Pro Tempore, and four (4) Senators, each having served at least four (4) years in the Senate, one (1) from each Congressional District of the State as constituted on January 1, 2004, to be selected by the Senators from their respective congressional districts by caucus. The voting precinct of the Senator representing such district shall determine the congressional district caucus in which the Senator shall participate and for which the Senator may hold membership on the Rules Committee. The President Pro Tempore shall serve as chairman of the committee; the vice chairman shall be appointed by the President Pro Tempore from among the Senators on the committee.

(2) The Rules Committee shall, in addition to the functions of a standing committee and any other responsibilities assigned by the Senate, perform the following duties:

(a) Conduct the business affairs of the Senate;

(b) Pursuant to authority granted in Section 29 5 2, Mississippi Code of 1972, assign such space in the Capitol or in such other buildings or parts thereof as may be reserved for the Senate and have complete control, authority and jurisdiction over such rooms, chambers, offices and other areas. Any assignment of space shall be subject to change by the Rules Committee. No other branch of the government, or a department or agency thereof, shall use any such room, chamber, office or other area without specific written authorization from the Rules Committee. The Rules Committee may delegate its powers with regard to any such room, chamber, office or other area in connection with the use, maintenance, repairing, construction, reconstruction and refurbishing thereof in such a manner as it deems advisable;

(c) Assign staff for interim and special committees;

(d) Assign staff for standing committees;

(e) Continually assess ways and means to improve the organization, procedures, facilities and working conditions of the Senate;

(f) Except as otherwise provided in subsection (5) for the staffing of the office of the President and the office of the President Pro Tempore, the Rules Committee shall have the authority to employ all personnel necessary to execute the duties and responsibilities of the Senate. Unless otherwise specifically provided, the Rules Committee shall have full and exclusive authority over the employees of the Senate. All such employees shall serve at the pleasure of the Rules Committee. Complaints with respect to any misconduct, inefficiency or omission by the Secretary, the Sergeant-at-Arms or employees of the Senate shall be heard by the Rules Committee, which may discharge the employees therefor and may recommend to the full Senate the discharge of the Secretary and the Sergeant at Arms;

(g) Fix the salaries of the Senate officials and employees;

(h) Assign news, radio and television reporters wishing to take down or broadcast the debates and proceedings of the Senate, places in the Senate so as not to interfere with the convenience of the Senate;

(i) Authorize the reimbursement of Senators and Senate officials and employees who are required to travel in the performance of their official duties. The Rules Committee may establish regulations governing such travel which include the prior approval of such travel by the Rules Committee. Senators attending out of state

conventions or conferences at state expense shall make a report to the Senate, including the purpose, work and recommendations resulting from the out of state meeting attended. If more than one (1) Senator attends such convention or conference, one report may be made as the report of the delegation; and

(j) Upon request of the chairman of any standing or select committee of the Senate, authorize expenses, to include per diem, mileage, meals and lodging, to be paid for members attending the meeting of any such committee or subcommittee thereof during the period in which the Legislature is not in session. The Rules Committee may adopt rules and regulations concerning time, places and number of meetings that may be held for which members will be compensated, such rules and regulations to require prior approval of meetings in order for members to be compensated.

(3) The committee may designate the Secretary of the Senate to be responsible for the day to day administration of the duties assigned to the committee and for implementing the policies of the committee adopted pursuant to this rule.

(4) The committee shall function on a year round basis; and, when the Legislature is not in session, members of the committee shall be compensated as provided in Section 25 3 69, Mississippi Code of 1972, for each day spent in actual discharge of their duties and shall receive the expense allowance and mileage reimbursement provided in Section 5 1 47, Mississippi Code of 1972. No committee member may incur per diem, travel or expense allowance unless authorized by vote at a meeting of the committee, which action shall be recorded in the official minutes of the committee. The Rules Committee shall meet at such times as are necessary for the proper exercise of its functions and may adopt rules and regulations, not inconsistent with the rules of the Senate, as it deems necessary for the efficient operation of the committee. Action by a majority vote of the Rules Committee shall be conclusive on any matter properly within the jurisdiction of the committee.

(5) (a) In providing for the staffing of the President's office, the Rules Committee shall fill up to eight (8) positions when requested by the President, and the persons employed for such positions shall be hired with the approval of the President. The President shall recommend the compensation to be paid to the President's staff, and the Rules Committee may pay the compensation so established.

(b) In providing for the staffing of the President Pro Tempore's office, the Rules Committee shall fill one (1) staff position as requested by the President Pro Tempore, and the person employed for such position shall be hired with the approval of the President Pro Tempore. The President Pro Tempore shall recommend the compensation to be paid to the person so employed, and the Rules Committee may pay the compensation so established.

(c) Persons employed under this subsection to staff the President's office shall serve at the will and pleasure of the President; persons employed to staff the President Pro Tempore's office shall serve at the will and pleasure of the President Pro Tempore.

(6) In providing for the staffing of committees, the Rules Committee shall have the responsibility for determining the necessity of any staff positions requested by the chairman of a committee.

(7) The Rules Committee shall cooperate with the House Management Committee in maintaining a Joint Legislative Printing Office and a reference library which shall contain, but shall not be limited to, study reports and information gathered by the departments and the various committees of the Legislature so as to provide a continuity of information from year to year.

(8) The Rules Committee shall have the responsibility for the proper operation of the Senate Legislative Services Office.

(9) The Rules Committee shall have jurisdiction over any questions concerning improper or unethical conduct by members of the Senate.

(10) The funds necessary to carry out the provisions of this rule shall be paid from the Senate Contingent Fund.

(11) The Rules Committee may meet jointly with the House Management Committee when necessary to more effectively carry out the provisions of this rule.

SPECIAL ORDERS

66. A bill, resolution or measure may be made a Special Order for a day and hour certain by a majority vote of Senators present and voting. Upon the arrival of such time, the President shall lay before the Senate the bill, resolution or measure under Special Order, and the Senate shall proceed to its consideration on third reading until it has been temporarily or permanently disposed of.

67. Should the consideration as a Special Order of a bill or resolution not be completed by the time set for Special Order of another bill or resolution, the consideration of the first Special Order shall continue until disposition is made, even though it may run over the time set for the second Special Order, or into the succeeding day. In such event another day and hour certain may be set for consideration of the displaced bill or resolution, or it may be regarded as unfinished business of the succeeding legislative day, at the option of the chairman of the committee reporting the bill or resolution. Such option, however, shall be announced by the chairman during the legislative day for which the Special Order was originally set, with the approval of a majority vote of those Senators present and voting.

SPEAKING

68. When any member of the Senate desires to speak or present any matter to the Senate, the Senator shall rise and respectfully address himself or herself to "Mr./Madam President" and, upon being recognized, shall speak only to the question under debate and avoid personalities.

69. Senators shall not be interrupted, when addressing the Senate, by other Senators, except when a Senator seeking information may address the presiding officer, who shall endeavor to secure the consent of the Senator speaking to the offered interruption. The presiding officer shall declare Senators violating this rule out of order.

70. If any Senator be called to order by another for words spoken, the exceptional words shall immediately be taken down in writing by the Secretary so that the presiding officer may be better able to judge the matter.

71. No Senator shall speak more than twice to the same question, except as elsewhere provided, except by majority vote of those Senators present and voting, nor more than once until every Senator wishing to speak shall have spoken, and no longer than twenty (20) minutes to the main question. When a subsidiary question is under debate, the time limit shall be five (5) minutes. When the time of a Senator is extended, it must be for a specific time.

72. No Senator shall, before resuming his or her seat after speaking to a question, make a motion cutting off or limiting debate.

BILLS AND RESOLUTIONS

73. All bills and resolutions must be typewritten, double spaced on white paper. Titles must be typewritten single spaced and in capital letters. Bills or resolutions must be introduced in original form (not carbon or photocopied) and shall be free from interlineations, corrections and strikeouts, whether with ink, pencil or typewriter. The enacting clause, typed immediately preceding Section 1 of a bill, shall contain the following words in capital letters: "BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI." No additional enacting words shall be used. The Secretary may decline to accept for introduction a bill or resolution not conforming hereto.

74. Senators may introduce bills and concurrent resolutions and Senate resolutions by placing them in the box at the Secretary's desk at any time, or they may send them to the Secretary's desk when the order for introduction is reached. All bills, concurrent resolutions and Senate resolutions placed in the box or sent to the Secretary's desk will be considered as being introduced on the legislative day following the day on which they were placed in the box except for (a) legislative days where the motion has been adopted to dispense with the reading of the titles of bills and concurrent resolutions, (b) bills and constitutional amendments placed in the box on the day of the deadline for introduction of general bills and constitutional amendments, and (c) appropriation and revenue bills placed in the box on the day before the deadline for original floor action on appropriation and revenue bills originating in the Senate; bills and constitutional amendments described in items (a), (b) and (c) of this sentence will be considered as being introduced on the day on which they are placed in the box. The deadlines referred to in this paragraph shall be those established in the Joint Rules of the Senate and the House, and the determination of what is a revenue bill for purposes of this paragraph shall be as prescribed in the Joint Rules of the Senate and the House.

In addition to any other time provided by law or by rule, members of the Senate may file bills or resolutions with the Secretary of the Senate at any time during the period between sessions of the Legislature. Such prefiled bills shall be numbered by the Secretary of the Senate and referred by the President to the appropriate standing committee of the Senate for study. Such prefiled bills shall be introduced in the order filed on the first day of the next succeeding regular session of the Legislature, or extraordinary session if included within the Governor's call, and referred to committee in the regular order of business of the Senate. No bills may be prefiled in any year of a general election until after a member of the Senate has been finally elected in the November general election.

75. Upon introduction of Senate bills, the Secretary shall read the titles thereof and then give the bills to the President for his study and reference to proper committees. The President may retain such bills in his possession until the opening of the second succeeding legislative day's session when the President shall return such bills to the Secretary with the committee references noted thereon. Whereupon, the Secretary shall give such bills serial numbers, and, at the proper time in the Order of Business, the Secretary shall read the numbers, titles and committee references, and have the titles reproduced for distribution. House bills received with messages from the House shall be treated likewise regarding references to committees and reading of titles by the Secretary. Provided, however, that the President may, at his option, refer Senate bills immediately upon their introduction and House bills immediately upon their receipt from the House. Provided, further, that a motion is in order for the immediate consideration in Committee of the Whole of any bill or resolution, except bills of Local and Private nature, before such bill or resolution is referred to a standing committee.

76. Every bill and concurrent resolution and all reports of committees, except the report of the Committee of the Whole, shall lie on the table one day before being considered by the Senate.

77. General bills and resolutions shall be called up for consideration in numerical order as revealed by item numbers on the Calendar. When a bill or resolution is reached on the Calendar and it is not then considered, it shall go to the heel of the Calendar unless by a vote of a majority of the Senators present and voting it retains its place on the Calendar. Appropriation bills and resolutions reported by the Appropriations Committee and revenue bills and resolutions reported by the Finance Committee or other committees shall be subject to Section 68 of the Constitution. Bills and resolutions reported by the Rules Committee shall have precedence above all others, except appropriations and revenue bills and resolutions.

78. No bill, concurrent resolution or measure (except Senate resolutions which may be called up for consideration any time by suspension of the rules) shall be considered or voted upon by the Senate unless the same shall have been referred to a committee, considered and reported by a majority of a quorum of the committee to which it was referred, subject to the provisions of Rule 64.

79. It is the duty of the chairman or vice chairman of a committee to call up bills and resolutions on the floor or to designate another member of the Senate so to do.

80. Complete titles of bills and resolutions shall be used upon introductions, but abbreviated titles may be used elsewhere.

81. When a bill or concurrent resolution is originally referred to two (2) committees and favorably reported by both, the chairman of the first named committee shall have the option of handling the bill or resolution on the floor.

82. When a bill or resolution is called up for final passage, the Senator introducing such measure, if present, shall have the right to open and close the debate. In the event there are several authors of a bill or resolution, they shall agree among themselves which shall open and close the debate and shall so notify the chairman of the committee.

83. When a bill or resolution is being considered by the Senate, it shall be read throughout by the Secretary and then may be again read and debated by clauses, paragraphs or sections, leaving the title to be considered last.

84. It shall always be in order, before the final passage of a bill or resolution, to move its recommitment.

85. When a bill or measure has been referred to the Finance Committee or Appropriations Committee, which deals with another major subject as well as finance or appropriations, the committee may, in its discretion, recommend that it be sent to the related committee for study and recommendation. Such bill shall be reported in the usual manner by the related committee within five (5) legislative days, whereupon the Secretary shall return the bill to the Finance Committee or Appropriations Committee with the report. The final report of the Finance Committee or Appropriations Committee shall govern the status of the bill or resolution.

86. All motions contemplating legislation shall be founded upon bills or concurrent resolutions; and committees, to which may be referred messages from the Governor, reports of the state officers, boards, commissions and others authorized to report to the Legislature, including petitions for legislation, may report by bill, resolution or written recommendation such legislation as may be germane to the subject matter referred to them.

87. No bill, resolution, concurrent resolution or measure having been referred to a committee shall be taken from such committee, or the committee be discharged from the consideration thereof, other than by a motion signed by a majority of all Senators

elected; except that during the last six (6) days of a session, a majority of the Senators present and voting may call a bill, resolution or concurrent resolution from a committee by a signed motion.

88. All bills, concurrent resolutions or measures originating in the House and passed by that body and sent to the Senate for consideration shall pursue the same course and shall be subject to the same rules as though such bills, concurrent resolutions or measures had originated in the Senate.

89. Any bill, resolution, concurrent resolution or measure recalled from a committee by the method provided in Rule 87 shall be referred to another standing committee, unless the Senate votes to form a Committee of the Whole for the purpose of considering the same.

90. No law shall be repealed by reference to its chapter, bill number or code number only, but there shall be included in its title and in a section within the bill a brief statement of the nature of the law sought to be repealed.

91. In the event of the loss or misplacement of a bill or resolution, the Secretary is authorized to prepare an exact copy thereof which, upon his certification that such bill or resolution is a true and correct copy of the original, shall be considered as though it were the original bill or resolution.

SENATE RESOLUTIONS

92. Senate resolutions may be considered without having been referred to or reported by a committee, except as provided in Rule 30. However, such resolutions may be referred to a committee by majority vote of Senators present and voting, or the President may refer them on the President's own initiative.

93. All resolutions authorizing committees of the Senate to travel or employ stenographers or other assistants, and all such resolutions involving special investigations or expense by committees of the Senate shall be referred, without debate, to the Committee on Rules.

CALENDAR

94. The Secretary each day shall prepare a Calendar of all matters in order for consideration. Such Calendar shall be placed on the desk of each Senator prior to the hour of convening. Any Senator may request a copy of any or all bills or resolutions shown on the Calendar, in which case such copy or copies shall be placed on the Senator's desk as soon as possible. Titles of bills and resolutions shall clearly indicate the subject matter thereof, but such titles may be abbreviated. General bills and resolutions favorably reported by committees shall be given an item number in sequence and placed on the Calendar from day to day in order as they are reported and placed under the head of "General Calendar." Bills and resolutions favorably reported by committees on Finance, on Appropriations, on Rules and on Local and Private Legislation; and bills and resolutions subject to secondary considerations, shall be shown separately under appropriate headings, with item numbers in sequence.

The Rules Committee is hereby authorized to create a "Noncontroversial Calendar" for the consideration of noncontroversial bills, resolutions or measures. Senate bills, resolutions or measures shall be placed on the Noncontroversial Calendar upon the written request of the chairman of the committee reporting the measure, the primary author, and by a majority vote of the Rules Committee; House bills, resolutions or measures shall be placed upon the Noncontroversial Calendar on the request of the chairman of the committee reporting the measure and by a majority vote of the Rules Committee. A bill, resolution or measure shall be removed from the Noncontroversial

Calendar upon the demand of six (6) or more Senators made in open session. Any such demand shall require the bill or resolution to be placed at the heel of the General Calendar.

95. Bills, resolutions, measures or motions reported by committees, and reports of special committees, shall be placed on the Calendar in the regular order of the next day after that on which they were made to the Senate or received from the House, as the case may be.

96. No matter which has been duly placed on the Calendar shall be discharged therefrom or considered out of its regular course except by a two thirds (2/3) vote of the Senate, subject to the provisions of Section 68 of the Constitution. However, matters affecting the public interest and regarded as of immediate necessity may be advanced on the Calendar by the Committee on Rules.

MOTIONS

97. Order of Precedence:

(1) To adjourn.
(2) To lay on the table.
(3) To lay on the table subject to call, when five (5) minutes' debate shall be allowed the Senator making the motion and five (5) minutes' debate shall be allowed the Senator having the measure in charge, unless the Senator(s) shall yield the floor to another Senator.
(4) For the previous question.
(5) To limit debate.
(6) To close debate at a specific time.
(7) To postpone to a day certain.
(8) To recommit.
(9) To re refer.
(10) To amend.
(11) To postpone indefinitely.

These motions shall have precedence in the above order; and any such motion being made and being decided adversely shall not again be entertained on the same day at the same stage of the question.

98. A motion to postpone indefinitely opens to debate the merits of the proposition.

99. Any motion shall be reduced to writing if the President so directs or a Senator or the Secretary so requests.

100. When a motion is made, it shall be stated by the President or, being in writing, it shall be read aloud by the Secretary.

101. After a motion is stated by the President or read by the Secretary, it shall be deemed to be in the possession of the Senate, and it may be withdrawn only by a majority vote of Senators present and voting at any time before decision or amendment.

102. No motion is in order while a point of order is pending unless the President shall announce a delay in the ruling, and then only matters not affected by a ruling on such pending point of order may be considered.

103. When a question is under debate, the President shall entertain no motion which does not relate to the question except a motion to adjourn or some other motion which has precedence by express rules of the Senate or because it is privileged in its nature.

103A. After a motion to lay a bill on the table subject to call or a motion to table has been adopted, only a member authorized to call up the bill under Rule 79 shall have the right to move to call the bill from the table.

AMENDMENTS

104. Amendments shall be in order after the third reading of a bill or resolution requiring three (3) readings, but no amendment, except committee amendments, shall be considered as pending unless the author of such amendment shall have secured recognition by the President for the purpose of offering such amendment and moving its adoption. Such amendment shall then be sent to the Secretary's desk, and disposition of it shall be made before any additional amendments shall be placed on the Secretary's desk or received by him.

105. Amendments to an amendment shall be voted on before a substitute is taken up. Only one (1) amendment to the amendment is in order at one time; but as rapidly as one (1) is disposed of by rejection or adoption, another is in order as long as any member desires to offer one (1). A substitute amendment may be offered to an amendment. An amendment to the substitute may be offered. No other amendment can be offered since the third degree has been reached. The vote shall be taken in the following order: The amendment to the amendment shall first be voted on; then the amendment to the substitute; then the substitute amendment; and, if the substitute is adopted, then the original amendment shall be regarded as automatically tabled.

106. An amendment to a bill or resolution may be adopted by a majority vote, notwithstanding it requires more than a majority vote to pass the bill or resolution sought to be amended.

107. When a bill is reported with committee amendments, such committee amendments shall have precedence for consideration over amendments presented from the floor.

108. Amendments proposed by members or by committees must not be written into a bill or resolution until such amendments shall be adopted and the bill finally passed by the Senate, and then only under the direction of the Secretary.

109. Amendments to a Senate bill, resolution or measure which have been adopted by the House and sent back to the Senate for concurrence shall be considered as "unfinished business" of the next day after that on which they were received, unless a majority of the Senators present and voting order that such amendments be considered immediately. House amendments to Senate bills or resolutions shall be either concurred in or not concurred in their entirety and not separately.

PREVIOUS QUESTION

110. There may be a motion for the previous question, which shall not be debatable and which may be ordered upon any bill or resolution or section thereof, amendment, motion or question which is debatable, any of which shall be considered as the main question for the purpose of applying the previous question. All incidental questions of order arising after a motion for the previous question has been applied and before the vote on the main question has been taken shall be decided, whether on appeal or otherwise, without debate.

111. When the previous question has been ordered, each side shall have five (5) minutes for debate, the affirmative speaking first; provided that after the previous question shall have been ordered, the only motion in order shall be one (1) motion to recommit or re refer, which motion shall not be debatable.

111A. When the motion to limit debate has been ordered, each side shall have five (5) minutes for debate on each subsidiary or main question, the affirmative speaking first.

POINTS OF ORDER

112. Every point of order shall be decided by the presiding officer. Any decision of the presiding officer on a point of order shall be subject to an appeal to the Senate without debate, unless the presiding officer, in his discretion and for his information, requests debate and/or a brief on any point of order. The presiding officer may require points of order in writing and may take reasonable time to examine and study same before ruling thereon, during which period consideration of that particular subject matter shall be suspended without prejudice and the Senate shall proceed to the next order of business.

VOTING

113. The presiding officer shall declare all votes. When a question not requiring the yeas and nays is put, the sense of the Senate shall be taken by the voice of the Senators, and the President shall first announce the vote as it appears to the President by sound.

114. The yeas and nays shall be taken on the final passage of every bill, concurrent resolution, conference report and House amendments to Senate bills. The President of the Senate may order a yea and nay or division vote on any subsidiary question.

115. Upon every roll call the names of the members shall be called alphabetically by surname, except when two (2) or more have the same surname, in which case the number of the district shall be added; and if there be two (2) such members from the same district, the name or initials shall be called. After the roll has been once called, the Secretary shall call, in their alphabetical order, the names of those not voting, and thereafter the President shall not entertain a request to record a vote, except that any Senator whose vote was recorded may change his vote before the result is announced by the President.

116. The sense of the Senate shall be taken by yeas and nays on any question whenever six (6) of the Senators present demand, and, if the call for yeas and nays be not sustained, any Senator may have his vote recorded if the Senator so desires. Any Senator may have the privilege of explaining his vote, which explanation containing not more than one hundred (100) words shall be written and handed to the Secretary before the approval of the Journal of the day such vote was taken, and such explanation shall be spread upon the Journal.

117. A Senator who by reason of absence from the Senate Chamber fails to vote on any yea and nay call may, during the next succeeding legislative day of his presence, file with the Secretary, for insertion in the Journal, a brief written statement stating how the Senator would have voted thereon. Anticipating an absence, any Senator may file such statement with the Secretary in advance of the yea and nay vote for insertion in the Journal at the proper time.

118. Any Senator may request a division vote. The President shall call for those in the affirmative to rise first, then those in the negative. The counts shall be made by the Secretary. If the absence of a quorum is indicated, the Secretary shall make a quorum count; and, if a quorum is present, the vote shall stand as announced by the President.

119. Immediately following the second call of the yeas and nays but before the Presiding Officer announces the result of the vote, Senators may announce pairs, which pairs shall be entered in the Journal, and Senators whose votes have been recorded may change their votes. Any Senator announcing a pair must have previously secured the permission of the Senator with whom he or she is pairing.

120. No Senator shall be allowed to approach the desk of the Secretary to ascertain the vote cast on any question or measure before such vote has been announced.

121. No Senator shall have the Journal amended so as to have the record of his vote changed; however, a Senator may change his vote before the result of a roll call is announced.

122. In the event of a tie vote, by call of the yeas and nays or by division, on any main or subsidiary matter, the President, if presiding at the time such tie vote occurs, shall cast the deciding vote.

123. When a member of the Senate is presiding and a tie vote occurs on any proposition, the decision shall be in the negative.

124. No Senator shall be permitted to act in committee or to vote on a question in which his private interest, distinct from the public interest, is immediately concerned.

125. Unless a certain minimum of votes of Senators is specified in these rules on any vote taken, a majority of those present and voting shall prevail.

RECONSIDERATION

126. When a question has once carried in the affirmative or negative it shall be in order for any Senator to enter a motion for the reconsideration thereof. The motion to reconsider a vote on a proposition having been once agreed to and the vote again having been taken, a second motion to reconsider may not be made unless the nature of the proposition has been changed by amendment.

127. No motion to reconsider a vote shall be entertained unless it be properly entered on the same day on which such vote was taken or on the next succeeding legislative day on which a quorum is present. No motion to reconsider shall be withdrawn without unanimous consent. This rule shall not prevent reconsideration of a vote on a subsidiary, incidental or dependent matter at any time when the main question to which it relates is under consideration; and a motion to reconsider a vote on any subsidiary, incidental or dependent question shall not remove the main question under consideration from before the Senate, but such incidental question shall be considered at the time the motion is made.

On a motion to table a motion to reconsider or on a motion that the Senate do not reconsider or on a motion that the Senate do reconsider, or any substitute for any such motion, five (5) minutes total time shall be allowed the Senators speaking for the affirmative side and five (5) minutes total time shall be allowed the Senators speaking for the negative side of the question, such time herein allowed to be allotted between Senators speaking on each side of the question. This rule shall also apply to any motion or substitute motion of similar import to the above motions.

When a motion to table a motion to reconsider fails, or when a motion "do not reconsider" fails, the item stays on the Motion to Reconsider Calendar.

When a motion to reconsider fails, the question is no longer before the Senate and no further action by the Senate is in order.

128. There shall be no reconsideration of the vote on the question of adjourning or recessing; laying on the table subject to call; laying on the table or taking from the table; recommitting; re referring; limiting debate; or on the previous question. When a motion for reconsideration has been decided, that decision shall not be reconsidered.

129. A motion to reconsider having been properly made and entered in the Journal shall become the property of the Senate and may be called up by any member of the Senate.

VETOES

129A. After a veto message is read, two (2) motions are in order in the following precedence:

(a) To refer the reconsideration of the bill to a committee; and

(b) To pass the bill, the Governor's veto notwithstanding.

PERSONAL PRIVILEGE

130. Matters of privilege affecting the rights, safety, dignity and integrity of the Senate, and matters of personal privilege affecting the rights, reputation and conduct of individual members of the Senate, in their senatorial capacities only, shall have precedence over all other matters or motions, except motions to adjourn or recess. It is not in order to speak to a question of personal privilege after the previous question has been ordered.

PARLIAMENTARY AUTHORITIES

131. On all questions of order or parliamentary practice not covered by and not in conflict with these rules, the rules of Cannon's Practice in the National House of Representatives and Hind's Precedents shall be the authority.

READING OF DOCUMENTS

132. When the reading of a document other than a bill or resolution is proposed or called for and the same is objected to by any Senator, it shall be determined by a majority vote of the Senators present and voting, without debate.

EXECUTIVE SESSIONS

133. The Senate shall conduct all business in open session, except that the Senate may resolve itself into executive session by majority vote of the Senators elected. Upon entering executive session, the Senate shall be cleared of all persons except Senators and officials thereof. Executive sessions should, whenever practicable, be held immediately prior to recess or adjournment of open sessions.

NOMINATIONS

134. When nominations from the Governor shall be received by the Senate, the Secretary of the Senate shall read the message from the Governor to the Senate, and nominations shall be referred to the appropriate committee by the President unless the Senate by a two thirds (2/3) vote of the Senators present and voting orders otherwise. The committee considering such nomination may, upon a vote of a majority of the committee, consider the nomination in open committee meeting or hearing. Upon receiving the report of the committee to which the nomination was referred, the Senate

shall proceed to consider the nomination in open session, unless executive session is invoked as provided in Rule 133.

135. When a nomination or any other matter is confirmed, consented to or rejected, any Senator may move for a reconsideration. Such motion to reconsider confirmation or rejection of any name submitted to the Senate for any position or office, or any other matter, may be made on the legislative day in which the vote is taken or on the next legislative day thereafter, and not later.

136. The Governor shall not be officially notified by the Secretary of the confirmation, consent to or rejection by the Senate of any nomination or other matter until the expiration of the time limit for entering a motion to reconsider, unless otherwise ordered by the Senate, subject to Section 65 of the Constitution.

137. All executive matters submitted by the Governor which were not considered, as well as those on which actions were taken and were under pending motions to reconsider, shall fail at the time of sine die adjournment and the Secretary shall so notify the Governor thereof.

Senators elected to consecutive terms shall have first choice of seats. Upon selection of seats, they shall be properly marked to indicate that the seats have been so selected. JOINT RULES OF THE SENATE AND THE HOUSE
JOINT CONVENTION

1. The Senate and the House may meet in joint convention by concurrent resolution duly adopted by both houses. Such resolution shall state the day, hour and location of such joint convention and the order of business for which it is called.

2. All joint conventions of the two (2) houses shall be in the hall of the House of Representatives, unless another location is specified in the concurrent resolution, and in elections the members shall vote viva voce, and in all cases a majority of the votes of those present and voting shall be requisite to constitute an election.

Only senators and members of the House of Representatives shall be permitted on the floor of the House during joint meetings except for the newspaper, radio, and television reporters and necessary Senate and House personnel and others as may be directed by the President of the Senate and Speaker of the House of Representatives respectively. During joint meetings, preference to gallery seats shall be given to elected state officials and families of the legislators.

3. When the two (2) houses have met in joint convention, the Speaker of the House shall call the joint convention to order and shall then turn the gavel over to the President of the Senate who shall preside, and all questions of order shall be decided by the latter, subject to an appeal to the joint convention as one (1) body. In the absence of the President of the Senate, the Speaker shall preside and perform all the duties herein provided for.

4. A call of either house may be had in joint convention by majority vote of the House for which the call is desired.

5. In a joint convention a member shall not speak longer than five (5) minutes. Any extension of time shall be specific.

6. A motion to adjourn, or to postpone the business of a joint convention shall be decided on a majority vote of those present and voting, acting as one (1) body. Upon demand of one tenth (1/10) of the combined membership, the yeas and nays shall be taken on any matter under consideration by the joint convention, and such yeas and nays shall be entered upon the journals of both houses.

7. Upon questions arising during a joint convention, requiring the separate decision of either or both houses, the decision of the House shall be first made, then the decision of the Senate. A question for call of either house shall not come within the scope of this rule.

8. On all questions of order or parliamentary procedure not in conflict with these joint rules, the rules of the House of Representatives of the State of Mississippi, insofar as applicable, shall be the authority.

BILLS AND RESOLUTIONS

9. The style of all laws shall be: "BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:" which shall be typed immediately preceding Section 1 of a bill. No other enacting word, such as "Be it further enacted," shall be used in any bill.

9A. (1) In a bill or other measure proposing an amendment to a code section or other provision of law, or in a resolution proposing an amendment to a constitutional provision, a change to an existing code section, other provision of law or constitutional provision shall be indicated as follows:

(a) New language that is being added shall be underlined.

(b) Existing language that is being deleted shall be denoted by the insertion of three (3) asterisk symbols; however, the text of the deleted language shall be available on the official website of the Mississippi State Legislature, by means of displaying all of the deleted language within a document pursuant to the selection of that display option by the user.

(2) The provisions of this rule shall not apply to handwritten amendments that are proposed or adopted by members while the bill, measure or resolution is under consideration by either house.

10. While bills, resolutions and messages are on their passage between the two (2) houses, they shall be under the signature of the Secretary or Clerk, respectively, as the case may be.

11. When a bill or resolution which shall have passed one (1) house has been postponed to a day so distant that it will not be taken up again at the current session, indefinitely postponed, or rejected, by a vote of the other house, information thereof shall be given by message immediately to the house in which the same shall have passed.

12. When a bill or resolution, which has passed one (1) house is rejected in the other, by a vote of that house, it shall not again be introduced during the same session, except on three (3) days' notice and on two thirds (2/3) vote of members present and voting in the house in which it was rejected.

13. Each house shall transmit to the other all papers on which any bill or resolution may be founded.

14. Each house shall have the liberty of ordering the printing of bills, messages and reports, without the consent of the other.

15. Bills or resolutions transmitted to either the Senate or House by the other before the constitutional time has expired for entering a motion to reconsider may be recalled by message upon proper entering of a motion to reconsider.

16. Whenever any message, bill, resolution, report or document shall be ordered to be printed by the Senate or House, for use of both houses, it shall be the duty of the Secretary of the Senate or Clerk of the House, as the case may be, immediately to report the fact of the passage of that order to the other branch of the Legislature together with the number so ordered to be printed. Payment thereof shall be made from the contingent funds of each house in the proportion ordered by each house.

17. No new bill shall be introduced into either house during the last three (3) days of the session.

18. All general bills modifying, adding, deleting or repealing language, or a repealer on language, providing for the levying of taxes, borrowing of money, issuing bonds, notes, or other evidence of debt, providing for fees or imposing the issuance of licenses, of whatever kind by the state or any subdivisions thereof, or the exemption of property from state taxes or taxes of any subdivisions thereof, shall be considered as revenue bills, and no revenue bills, or conference committee report thereon, or concurrence in amendments adopted by the other house shall be passed or adopted by either the Senate or the House except by a vote of at least three fifths (3/5) of the members of the Senate and House, respectively, present and voting.

19. Appropriation and revenue bills shall have precedence in each house, over all other business, and no such bill shall be passed during the last five (5) days of a regular session.

20. Every bill and concurrent resolution, the purpose or effect of which is to expend any state funds or enable the spending of any state funds or to increase or decrease the revenue of the state, either directly or indirectly, shall have attached to it at the time of its being reported by any committee of either house of the Legislature a brief explanatory statement or note which shall include a reliable estimate of the anticipated change in state expenditures or revenues under its provisions. These statements or notes shall be known as fiscal notes. They shall be attached to the original of each proposed bill or resolution but shall be separate therefrom, shall be clearly designated as a fiscal note, and shall not constitute a part of the law proposed by the bill or resolution.

The author of each bill or any committee considering same shall present a copy of the bill or resolution, with his or her request for a fiscal note, to either the Legislative Budget Office, the Department of Finance and Administration, the Department of Revenue, the State Auditor, the state agency with which the bill or resolution is concerned, the state agency having jurisdiction over the subject of the bill or resolution, the Joint Committee on Performance Evaluation and Expenditure Review, or the Legislative Reference Bureau. The fiscal note shall be prepared by the commission or agency and furnished to the author of the bill or committee considering same within seven (7) days after the request is made. If the author of, or committee considering, the bill disagrees with the findings of the agency or agencies, then the author or committee

may also attach and furnish a fiscal note, based upon his, her or its information, research, study and belief which shall then be incorporated in and become a part of the fiscal note. If the appropriate agency does not furnish a fiscal note, after seven (7) days' request, then the author or committee may furnish the fiscal note, based upon his, her or its information, research, study and belief. If, after careful investigation, it is determined that no dollar estimate is possible, the note shall contain a statement to that effect, setting forth the reasons why no dollar estimate can be given. No comment or opinion shall be included in the fiscal note with regard to the merit, or lack thereof, of the measure for which the note is prepared.

Whenever the author of any measure or the committee considering same is of the opinion that no fiscal note is necessary and the measure is considered by either house of the Legislature without a fiscal note, any member of either house may thereafter request a fiscal note be obtained, and in such case the matter shall be decided by majority vote of those present and voting in the house of which he or she is a member.

This rule shall not apply to general appropriation bills, conference reports and local and private bills.

20A. (1) For the purpose of this rule:

(a) "State support funds" means funds in the State General Fund and all state support special funds, which are funds in the Budget Contingency Fund, the Education Enhancement Fund, the Health Care Expendable Fund, the Tobacco Control Program Fund, and any other special funds that the Joint Legislative Budget Committee (JLBC) determines to be state support special funds.

(b) "House" means either house of the Legislature, unless it is clear from the context that it is referring to the House of Representatives.

(2) (a) When an amendment is offered to an appropriation bill on the floor of either house that would increase the amount of state support funds authorized for expenditure by the state agency, official or program being funded in that appropriation bill, the amendment must also include a reduction in the amount of state support funds for one (1) or more other state agencies, officials or programs by a total amount that equals the amount of the increase in the amendment.

(b) The other appropriation bill or bills in which the reductions are to be made do not have to be designated by bill number or line numbers in the amendment if they are described sufficiently enough to be identified, but the amounts by which they are to be reduced must be specific for each bill in which the reduction is to be made.

(c) The reductions required to be made by this rule must be made in an appropriation bill or bills that are still in the house or in an appropriation bill or bills from the other house that will be considered in the house later in the session. After a bill has passed in the house and been released to the other house, none of the reductions required by this rule may be made in that bill.

(3) If such an amendment is adopted, the amendment shall be considered to be an amendment to the other bill or bills in which the reductions are to be made as well as to the bill in which the increase is made. Therefore, no additional vote shall be required on the amendment making the reductions in the bill or bills when that bill or bills are under consideration by the house. The manner by which the reduction is made shall be a separate amendment to the bill that is designated as an amendment by the house, rather than an amendment by the Appropriations Committee or by an individual member.

(4) (a) When a bill in which the reduction is to be made comes before the house for consideration, the reduction shall be made to the total sum of state support funds authorized to be expended in the bill before the bill is voted on by the house.

(b) If a bill in which the reduction is to be made has already been considered by the house, the reduction shall be made to the total sum of state support funds authorized to be expended in the bill before the bill is released to the other house.

(5) No appropriation bill that authorizes the expenditure of any state support funds for the next fiscal year may be released to the other house until all of the appropriation bills originating in the house or all of the appropriation bills originating in the other house, as the case may be, that authorize the expenditure of any state support funds for the next fiscal year have been passed by the house.

(6) If any statute or rule of either house of the Legislature conflicts with the provisions of this rule, the provisions of this rule shall supersede the conflicting statute or rule to the extent of the conflict.

CONFERENCE

21. When a bill or resolution is returned by either house to the other with amendments, and the house where the bill or resolution originated declined to concur in the amendments, a conference, by a majority vote of those present and voting, may be requested. Such action shall be transmitted by message in which shall be included the names of the conferees on the part of the requesting house. Upon receipt of such message, the other house may, in like manner, grant such conference notifying the requesting house by message and stating the names of the conferees.

22. A conference committee shall consist of three (3) members of the House and three (3) members of the Senate to be appointed by the Speaker of the House and the President of the Senate respectively.

23. Conference committees shall meet as soon as practicable and proceed to confer on the differences between the two (2) houses, seeking to resolve such differences. The conference committee shall report in writing. Such report shall be signed by a majority of the conference committee members appointed from the House and a majority of the conference committee members appointed from the Senate. The report shall be submitted to both houses, and six (6) copies of each report shall be prepared.

23A. (1) All official meetings of any conference committee on a bill or on a resolution proposing a constitutional amendment shall be open to the public at all times, unless declared an executive session in accordance with the provisions of Section 25-41-7, Mississippi Code of 1972.

(2) The chairman of each Senate and House committee to which such a measure is first referred shall designate one (1), two (2) or three (3) rooms in which official meetings of the conference committees pertaining to such measures shall be held. For the first session of a new term, the designation of the rooms shall be announced within three (3) legislative days after adoption of these joint rules. For all other sessions, the designation of the rooms shall be announced not later than the third legislative day of each session. Copies of a list of these rooms shall be available in the respective offices of the committee chairmen. This announcement shall constitute notice of the place of the official meetings of conference committees, and notice that the time of each meeting shall not be announced individually. If a conference committee meets in a location other than a designated room, a written notice giving the location of the meeting shall be placed in a conspicuous place in one (1) of the designated rooms.

(3) Proper decorum during any official meeting of a conference committee requires that the committee's deliberation be directly related to the committee's primary purpose of resolving the differences between the two (2) houses that pertain to a specific measure. Therefore, the following shall not be allowed during any official meeting of a conference committee:

(a) The use of a cell phone by a conferee or other person in the room in which the conference committee meeting is being conducted;

(b) Any oral, written or electronic communication between a conferee and another person who is not a legislator or legislative staff member, except that a conferee may request that any person at the meeting meet with the conferee outside the room, and any conferee may request a person who is not a member of the conference committee, upon approval of a majority of the members of the committee present, to address the committee in the room.

(4) If any statute or rule of either house of the Legislature conflicts with the provisions of this rule, the provisions of this rule shall supersede the conflicting statute or rule to the extent of the conflict.

24. Only matters in disagreement between the two (2) houses are subject to consideration by conference committee. However, when one (1) house strikes out of a bill all after the enacting clause and inserts new text as an amendment thereto, the

conferees may disregard the text of the original bill and of the amendment and may exercise wide discretion in the incorporation of germane new text.

25. When a conference report is considered by the house of origin and it contains an amendment by the other house which adds code sections not included in the bill as passed the house of origin, a point of order that the conference report is not in order shall be sustained and the bill shall be returned to conference.

When a conference report is considered and it contains code sections not included in the bill as passed the house of origin or in an amendment by the other house, a point of order that the conference report is not in order shall be sustained in either house and the bill shall be returned to conference.

26. In the event of the failure of either house to adopt the conference report, or to concur in amendments, the bill or resolution under such consideration shall be lost.

27. All conference reports, and concurrence in amendments adopted by the other house shall require for adoption the same vote as is required for the passage of the bill, resolution or measure under consideration, and shall be on roll call duly entered and recorded in the journal of the house voting thereon.

28. No bill making an appropriation from, or authorizing the expenditure of money from, any special fund in the State Treasury shall be passed except by the votes of a majority of all the members elected to each house of the Legislature.

29. A motion to reconsider the vote whereby a conference report is adopted or rejected is in order in either house from the time of such adoption or rejection in one (1) house until the end of the session of the next legislative day after notice of disposition by rejection, recommittal to the same conference committee or appointment of a new conference committee by the other house. The provisions of this rule shall supersede any Senate or House rule which may be in conflict herewith.

ENROLLED BILLS

30. When a bill or resolution shall have passed both houses it shall be enrolled, and the Secretary of the Senate or the Clerk of the House of Representatives, as the case may be, shall certify on the margin of the enrolled bill the fact that it originated in his or her house. The enrolled bill may be examined by the Joint Committee on Enrolled Bills, and carefully compared by the committee with the engrossed bill and all typographical errors, if any, corrected; and the committee shall forthwith report in writing to each house, and the report shall be entered in the journals of both houses. The reports shall be signed by the chairman or acting chairman of the Enrolled Bills Committee on the part of each house.

31. After the Committee on Enrolled Bills has reported a bill or resolution duly enrolled, it shall be signed by the Speaker of the House of Representatives and by the President of the Senate during the legislative session in which the bill or resolution was passed.

32. The Secretary or Clerk shall report the day of presentation to the Governor, which time shall be carefully entered on the journals of each house.

TIMETABLE 40

CONSTITUTIONAL PROVISIONS
AFFECTING
THE LEGISLATURE AND LEGISLATION

RULES OF PROCEDURE

Section 54. A majority of each house shall constitute a quorum to do business; but a less number may adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as each shall provide.

Section 55. Each house may determine rules of its own proceedings, punish its members for disorderly behavior, and, with the concurrence of two thirds (2/3) of the members present, expel a member; but no member, unless expelled for theft, bribery or corruption, shall be expelled the second time for the same offense. Both houses shall, from time to time, publish journals of their proceedings, except such parts as may, in their opinion, require secrecy; and the yeas and nays on any question shall be entered on the Journal, at the request of one tenth (1/10) of the members present; and the yeas and nays shall be entered on the Journal on the final passage of every bill.

Section 56. The style of the laws of the State shall be: "Be it enacted by the Legislature of the State of Mississippi."

Section 57. Neither house shall, without the consent of the other, adjourn for more than three (3) days, nor to any other place than that in which the two (2) houses shall be sitting.

Section 58. The doors of each house, when in session, or in Committee of the Whole, shall be kept open, except in cases which may require secrecy; and each house may punish, by fine and imprisonment any person not a member, who shall be guilty of disrespect to the house by any disorderly or contemptuous behavior in its presence, or who shall in any way disturb its deliberations during the session; but such imprisonment shall not extend beyond the final adjournment of that session.

Section 59. Bills may originate in either house, and be amended or rejected in the other, and every bill shall be read by its title on three (3) different days in each house, unless two thirds (2/3) of the house where the same is pending shall dispense

with the rules; and every bill shall be read in full immediately before the vote on its final passage upon the demand of any member; and every bill, having passed both houses, shall be signed by the President of the Senate and the Speaker of the House of Representatives during the legislative session.

Section 60. No bill shall be so amended in its passage through either house as to change its original purpose; and no law shall be passed except by bill; but orders, votes, and resolutions of both houses, affecting the prerogatives and duties thereof, or relating to adjournment, to amendments to the Constitution, to the investigation of public officers, and the like, shall not require the signature of the Governor; and such resolutions, orders and votes may empower legislative committees to administer oaths, to send for persons and papers, and generally make legislative investigations effective.

Section 61. No law shall be revived or amended by reference to its title only, but the section or sections, as amended or revived, shall be inserted at length.

Section 62. No amendment to bills by one (1) house shall be concurred in by the other, except by a vote of the majority thereof, taken by yeas and nays and the names of those voting for and against recorded upon the journals; and reports of committees of conference shall in like manner be adopted in each house.

Section 63. No appropriation bill shall be passed by the Legislature which does not fix definitely the maximum sum thereby authorized to be drawn from the Treasury.

Section 64. No bill passed after the adoption of this Constitution to make appropriations of money out of the State Treasury shall continue in force more than two (2) months after the expiration of the fiscal year ending after the meeting of the Legislature at its next regular session; nor shall such bill be passed except by the votes of a majority of all members elected to each house of the Legislature.

Section 65. All votes on the final passage of any measure shall be subject to reconsideration for at least one (1) whole legislative day, and no motion to reconsider such vote shall be disposed of adversely on the day on which the original vote was taken, except on the last day of the session.

Section 66. No law granting a donation or gratuity in favor of any person or object shall be enacted except by the concurrence of two thirds (2/3) of the members elect of each branch of the Legislature, nor by any vote for a sectarian purpose or use.

Section 67. No new bill shall be introduced into either house of the Legislature during the last three (3) days of the session.

Section 68. Appropriation and revenue bills shall, at regular sessions of the Legislature, have precedence in both houses over all other business, and no such bills shall be passed during the last five (5) days of the session.

Section 69. General appropriation bills shall contain only the appropriations to defray the ordinary expenses of the executive, legislative and judicial departments of the government; to pay interest on state bonds and to support the common schools. All other appropriations shall be made by separate bills, each embracing but one (1) subject. Legislation shall not be engrafted on appropriation bills, but the same may prescribe the conditions on which the money may be drawn, and for what purposes paid.

Section 70. No revenue bill, or any bill providing for assessment of property for taxation, shall become a law except by a vote of at least three fifths (3/5) of the members of each house present and voting.

Section 71. Every bill introduced into the Legislature shall have a title, and the title ought to indicate clearly the subject-matter or matters of the proposed legislation. Each committee to which a bill may be referred shall express, in writing, its judgment of the sufficiency of the title of the bill and this, too, whether recommendation be that the bill do pass or do not pass.

Section 72. Every bill which shall pass both houses shall be presented to the Governor of the state. If he shall approve, he shall sign it; but if he does not approve, he shall return it, with his objections, to the house in which it originated, which shall enter the objections at large upon its Journal, and proceed to reconsider it. If after such reconsideration, two thirds (2/3) of that house shall agree to pass the bill, it shall be sent, with the objections, to the other house, by which, likewise, it shall be reconsidered; and if approved by two thirds (2/3) of that house, it shall become a law; but in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the Journal of each house respectively. If any bill shall not be returned by the Governor within five (5) days (Sundays excepted) after it has been presented to him, it shall become law in like manner as if he had signed it, unless the Legislature, by adjournment, prevented its return, in which case such bill shall be a law unless the Governor shall veto it within fifteen (15) days (Sundays excepted) after it is presented to him, and such bill shall be returned to the Legislature, with his objections, within three (3) days after the beginning of the next session of the Legislature.

Section 73. The Governor may veto parts of any appropriation bill and approve parts of the same, and the portions approved shall be law.

Section 74. No bill shall become a law until it shall have been referred to a committee of each house and returned therefrom with a recommendation in writing.

Section 75. No law of a general nature, unless therein otherwise provided, shall be enforced until sixty (60) days after its passage.

Section 76. In all elections by the Legislature, members shall vote viva voce, and the votes shall be entered on the journals.

Section 77. The Governor shall issue writs of election to fill such vacancies as may occur in either house of the Legislature, and the persons thereupon chosen shall hold their seats for the unexpired term.

Section 129. The Lieutenant Governor shall, by virtue of his office, be President of the Senate. In Committee of the Whole he may debate all questions, and where there is an equal division in the Senate, or on a joint vote of both houses, he shall give the casting vote.

Section 139. The Legislature may empower the Governor to remove and appoint officers, in any county or counties or municipal corporations, under such regulations as may be prescribed by law.

Section 253. The Legislature may, by a two thirds (2/3) vote of both houses, of all members elected, restore the right of suffrage to any person disqualified by reason of crime; but the reasons therefor shall be spread upon the journals, and the vote shall be by yeas and nays.

INJUNCTIONS

Section 78. It shall be the duty of the Legislature to regulate by law the cases in which deductions shall be made from salaries of public officers for neglect of official duty, and the amount of said deductions.

Section 79. The Legislature shall provide by law for the sale of all delinquent tax lands. The courts shall apply the same liberal principles in favor of such titles as in sale by execution. The right of redemption from all sales of real estate, for the nonpayment of taxes or special assessments, of any and every character whatsoever, shall exist, on conditions to be prescribed by law, in favor of owners and persons interested in such real estate, for a period of not less than two (2) years.

Section 80. Provisions shall be made by general laws to prevent the abuse by cities, towns, and other municipal corporations of their powers of assessment, taxation, borrowing money, and contracting debts.

Section 81. The Legislature shall never authorize the permanent obstruction of any of the navigable waters of the state, but may provide for the removal of such obstructions as now exist, whenever the public welfare demands. This section shall not prevent the construction, under proper authority, of drawbridges for railroads, or other roads nor the construction of booms and chutes for logs, nor the construction, operation and maintenance of facilities incident to the exploration, production or transportation of oil, gas or other minerals, nor the construction, operation and maintenance of bridges and causeways in such manner as not to prevent the safe passage of vessels or logs under regulations to be provided by law.

Section 82. The Legislature shall fix the amount of the penalty of all official bonds, and may, as far as practicable, provide that the whole or a part of the security required for the faithful discharge of official duty shall be made by some guaranty company or companies.

Section 83. The Legislature shall enact laws to secure the safety of persons from fires in hotels, theatres, and other public places of resort.

Section 84. The Legislature shall enact laws to limit, restrict, or prevent the acquiring and holding of land in the state by nonresident aliens, and may limit or restrict the acquiring or holding of lands by corporations.

Section 85. The Legislature shall provide by general law for the working of public roads by contract or by county prisoners, or both. Such law may be put in operation only by a vote of the board of supervisors in those counties where it may be desirable.

Section 86. It shall be the duty of the Legislature to provide by law for the treatment and care of the insane; and the Legislature may provide for the care of the indigent sick in hospitals in the state.

LOCAL LEGISLATION

Section 87. No special or local law shall be enacted for the benefit of individuals or corporations, in cases which are or can be provided for by the general law, or where the relief sought can be given by any court of this state; nor shall the operation of any general law be suspended by the Legislature for the benefit of any individual or private corporation or association, and in all cases where a general law can be made applicable, and would be advantageous, no special law shall be enacted.

Section 88. The Legislature shall pass general laws, under which local and private interests shall be provided for and protected, and under which cities and towns may be chartered and their charters amended, and under which corporations may be created, organized, and their acts of incorporation altered; and all such laws shall be subject to repeal or amendment.

Section 89. There shall be appointed in each house of the Legislature a standing committee on Local and Private Legislation; the House committee to consist of seven (7) representatives and the Senate committee of five (5) senators. No local or private bill shall be passed by either house until it shall have been referred to said committee thereof and shall have been reported back with a recommendation in writing that it do pass, stating affirmatively the reasons therefor, and why the end to be accomplished should not be reached by general law, or by a proceeding in court; or if the recommendation of the committee be that the bill do not pass, then it shall not pass the house to which it is so reported unless it be voted for by a majority of all the members elected thereto. If a bill is passed in conformity to the requirements hereof, other than such as prohibited in the next section, the courts shall not, because of its local, special or private nature refuse to enforce it.

Section 90. The Legislature shall not pass local, private or special laws in any of the following enumerated cases, but such matters shall be provided for only by general laws, viz:

(a) Granting divorces;
(b) Changing the names of persons, places or corporations;
(c) Providing for change of venue in civil and criminal cases;
(d) Regulating the rate of interest on money;
(e) Concerning the settlement or administration of any estate, or the sale or mortgage of any property, of any infant, or of a person of unsound mind, or of any deceased person;
(f) The removal of the disability of infancy;
(g) Granting to any person, corporation or association the right to have any ferry, bridge, road or fish trap;
(h) Exemption of property from taxation or from levy or sale;
(i) Providing for the adoption or legitimation of children;
(j) Changing the law of descent and distribution;
(k) Exempting any person from jury, road or other civil duty (and no person shall be exempted therefrom by force of any local or private law);
(l) Laying out, opening, altering and working roads and highways;
(m) Vacating any road or highway, town plat, alley or public grounds;
(n) Selecting, drawing, summoning, or empaneling grand or petit juries;
(o) Creating, increasing or decreasing the fees, salary or emoluments of any public officer;
(p) Providing for the management or support of any private or common school, incorporating the same or granting such school any privileges;
(q) Relating to stock laws, water courses and fences;
(r) Conferring the power to exercise the right of eminent domain, or granting to any person, corporation, or association the right to lay down railroad tracks or street car tracks in any other manner than that prescribed by general law;
(s) Regulating the practice in courts of justice;
(t) Providing for the creation of districts for the election of justices of the peace and constables; and
(u) Granting any lands under control of the state to any person or corporation.

CONSTITUTIONAL PROHIBITIONS

Section 91. The Legislature shall not enact any law for one or more counties, not applicable to all the counties in the state, increasing the uniform charge for the registration of deeds, or regulating costs and charges and fees of officers.

Section 92. The Legislature shall not authorize payment to any person of the salary of a deceased officer beyond the date of his death.

Section 93. The Legislature shall not retire any officer on pay, or part pay, or make any grant to such retiring officer.

Section 94. The Legislature shall never create by law any distinction between the rights of men and women to acquire, own, enjoy and dispose of property of all kinds, or their power to contract in reference thereto. Married women are hereby fully emancipated from all disability on account of coverture. But this shall not prevent the Legislature from regulating contracts between husband and wife; nor shall the Legislature be prevented from regulating the sale of homesteads.

Section 95. Lands belonging to, or under the control of the state, shall never be donated directly or indirectly, to private corporations or individuals, or to railroad companies. Nor shall such land be sold to corporations or associations for a less price than that for which it is subject to sale to individuals. This, however, shall not prevent the Legislature from granting a right of way, not exceeding one hundred (100) feet in width, as a mere easement to railroads across state lands, and the Legislature shall never dispose of the land covered by said right of way so long as such easement exists.

Section 96. The Legislature shall never grant extra compensation, fees or allowances to any public officer, agent, servant or contractor, after service rendered or contract made, nor authorize payment, or part payment of any claim, under any contract not authorized by law; but appropriations may be made for expenditures in repelling invasion, preventing or suppressing insurrections.

Section 97. The Legislature shall have no power to revive any remedy which may have become barred by lapse of time, or by any statute of limitation of this state.

Section 99. The Legislature shall not elect any other than its own officers and State Librarian.

Section 100. No obligation or liability of any person, association or corporation held or owned by this state, or levee board, or any county, city or town thereof, shall ever be remitted, released or postponed, or in any way diminished by the Legislature, nor shall such liability or obligation be extinguished except by payment thereof into the proper treasury; nor shall such liability or obligation be exchanged or transferred except upon payment of its face value; but this shall not be construed to prevent the Legislature from providing by general law for compromise of doubtful claims.
