In all cases, the court wherein the petition is filed may grant the petition if the court determines, on the record or in writing, that the applicant is rehabilitated from the offense which is the subject of the petition. In those cases where the court denies the petition, the findings of the court in this respect shall be identified specifically and not generally.

(3) Upon entering an order of expunction under this section, a nonpublic record thereof shall be retained by the Mississippi Criminal Information Center solely for the purpose of determining whether, in subsequent proceedings, the person is a first offender. The order of expunction shall not preclude a district attorney's office from retaining a nonpublic record thereof for law enforcement purposes only. The existence of an order of expunction shall not preclude an employer from asking a prospective employee if the employee has had an order of expunction entered on his behalf. The effect of the expunction order shall be to restore the person, in the contemplation of the law including those laws regulating qualified electors, to the status he occupied before any arrest or indictment for which convicted. No person as to whom an expunction order has been entered shall be held thereafter under any provision of law to be guilty of perjury or to have otherwise given a false statement by reason of his failure to recite or acknowledge such arrest, indictment or conviction in response to any inquiry made of him for any purpose other than the purpose of determining, in any subsequent proceedings under this section, whether the person is a first offender. A person as to whom an order has been entered, upon request, shall be required to advise the court, in camera, of the previous conviction and expunction in any legal proceeding wherein the person has been called as a prospective juror. The court shall thereafter and before the selection of the jury advise the attorneys representing the parties of the previous conviction and expunction.

(4) Upon petition therefor, a justice, county, circuit or municipal court shall expunge the record of any case in which an arrest was made, the person arrested was released and the case was dismissed or the charges were dropped or there was no disposition of such case, or the person was found not guilty at trial.

(5) No public official is eligible for expunction under this section for any conviction related to his official duties.

SECTION 6. Section 23-15-11, Mississippi Code of 1972, is amended as follows:

23-15-11. Every inhabitant of this state, except persons adjudicated to be non compos mentis, who is a citizen of the United States of America, eighteen (18) years old and upwards, who has resided in this state for thirty (30) days and for thirty (30) days in the county in which he or she seeks to vote, and for thirty (30) days in the incorporated municipality in which he or she seeks to vote, and who has been duly registered as an elector under Section 23-15-33, and who has \* \* \* not been convicted of vote fraud or of any crime listed in Section 241, Mississippi Constitution of 1890, shall be a qualified elector in and for the county, municipality and voting precinct of his or her residence, and shall be entitled to vote at any election upon compliance with Section 23-15-563. Any person whose conviction for a disenfranchising crime has been expunged, who has not been convicted of any other disenfranchising crime and who meets all other requirements to become a qualified elector in this section shall be a qualified elector in and for the county, municipality and voting precinct of his or her residence, and shall be entitled to vote at any election upon compliance with Section 23-15-563. If the thirtieth day to register before an election falls on a Sunday or legal holiday, the registration applications submitted on the business day immediately following the Sunday or legal holiday shall be accepted and entered in the Statewide Elections Management System for the purpose of enabling voters to vote in the next election. Any person who will be eighteen (18) years of age or older on or before the date of the general election and who is duly registered to vote not less than thirty (30) days before the primary election associated with the general election, may vote in the primary election even though the person has not reached his or her eighteenth birthday at the time that the person seeks to vote at the primary election. No others than those specified in this section shall be entitled, or shall be allowed, to vote at any election.

SECTION 7. Section 23-15-151, Mississippi Code of 1972, is amended as follows:

23-15-151. The circuit clerk of each county is authorized and directed to prepare and keep in his or her office a full and complete list, in alphabetical order, of persons convicted of voter fraud or of any crime listed in Section 241, Mississippi Constitution of 1890. A certified copy of any enrollment by one clerk to another will be sufficient authority for the enrollment of the name, or names, in another county. A list of such persons convicted of voter fraud, any crime listed in Section 241, Mississippi Constitution of 1890, or any crime interpreted as disenfranchising in later Attorney General opinions, shall also be entered into the Statewide Elections Management System on a quarterly basis. Voters who have been convicted in a Mississippi state court of any disenfranchising crime are not qualified electors as defined by Section 23-15-11 and shall be purged or otherwise removed by the county registrar or county election commissioners from the Statewide Elections Management System. Any person whose conviction for a disenfranchising crime has been expunged, who has not been convicted of any other disenfranchising crime and who meets all other requirements in Section 23-15-11 as a qualified elector shall be considered a qualified elector. Upon the request of such person and proof of expungement, the county registrar or county election commissioner shall enter the person's name into the Statewide Elections Management System.

SECTION 8. Section 23-15-19, Mississippi Code of 1972, is amended as follows:

23-15-19. (1) Any person who has been convicted of vote fraud or any crime listed in Section 241, Mississippi Constitution of 1890, such crimes defined as "disenfranchising," shall not be registered, or if registered the name of the person shall be removed from the Statewide Elections Management System by the registrar or the election commissioners of the county of his or her residence. Whenever any person shall be convicted in the circuit court of his or her county of a disenfranchising crime, the county registrar shall thereupon remove his or her name from the Statewide Elections Management System; and whenever any person shall be convicted of a disenfranchising crime in any other court of any county, the presiding judge of the court shall, on demand, certify the fact in writing to the registrar of the county in which the voter resides, who shall

thereupon remove the name of the person from the Statewide Elections Management System and retain the certificate as a record of his or her office.

(2) Any person whose conviction for a disenfranchising crime has been expunged, who has not been convicted of any other disenfranchising crime and who meets all other requirements in Section 23-15-11 as a qualified elector shall be considered a qualified elector. Upon the request of such person and proof of expungement, the county registrar or county election commissioner shall enter the person's name into the Statewide Elections Management System.

SECTION 9. Section 23-15-125, Mississippi Code of 1972, is amended as follows:

23-15-125. The pollbook of each voting precinct shall designate the voting precinct for which it is to be used, and shall be ruled in appropriate columns, with printed or written headings, as follows: date of registration; voter registration number; name of electors; date of birth; and a number of blank columns for the dates of elections. All qualified applicants who register with the registrar shall be entered in the Statewide Elections Management System. Only the names of those qualified applicants who register within thirty (30) days before an election shall appear on the pollbooks of the election; however, if the thirtieth day to register before an election falls on a Sunday or legal holiday, the registration applications submitted on the business day immediately following the legal holiday shall be accepted and entered in the Statewide Elections Management System for the purpose of enabling voters to vote in the next election. When county election commissioners determine that any elector is disqualified from voting, by reason of death, conviction of a disenfranchising crime, removal from the jurisdiction, or other legal cause, that fact shall be noted in the Statewide Elections Management System and the voter's name shall be removed from the Statewide Elections Management System, the state's voter roll and the county's pollbooks. Upon the request of any person whose conviction for a disenfranchising crime has been expunged, who has not been convicted of any other disenfranchising crime and who meets all other requirements to become a qualified elector in Section 23-15-11, the county registrar or county election commissioner shall enter the person's name in the Statewide Elections Management System, the state's voter roll and the county's pollbooks. Nothing in this section shall preclude the use of electronic pollbooks.

SECTION 10. Section 23-15-153, Mississippi Code of 1972, is amended as follows:

23-15-153. (1) At least during the following times, the election commissioners shall meet at the office of the registrar or the office of the election commissioners to carefully revise the county voter roll as electronically maintained by the Statewide Elections Management System and remove from the roll the names of all voters who have requested to be purged from the voter roll, died, received an adjudication of non compos mentis, been convicted of a disenfranchising crime and had his or her right to vote suspended, or otherwise become disqualified as electors for any cause, and shall register the names of all persons who have duly applied to be registered but have been illegally denied registration:

The term does not include policies or plans providing coverage for specified disease or other limited benefit coverage.

(c) "Health insurer" means any health insurance company, nonprofit hospital and medical service corporation, health maintenance organization, preferred provider organization, managed care organization, pharmacy benefit manager, and, to the extent permitted under federal law, any administrator of an insured, self-insured or publicly funded health care benefit plan offered by public and private entities, and other parties that are by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service.

(d) "Telemedicine" means the delivery of health care services such as diagnosis, consultation, or treatment through the use of \* \* \* HIPAA-compliant telecommunication systems, including information, electronic and communication technologies, remote patient monitoring services and store-and-forward telemedicine services. Telemedicine, other than remote patient monitoring services and store-and-forward telemedicine services, must be "real-time" audio visual capable. The Commissioner of Insurance may adopt rules and regulations addressing when "real-time" audio interactions without visual are allowable, which must be medically appropriate for the corresponding health care services being delivered.

(2) All health insurance and employee benefit plans in this state must provide coverage for telemedicine services to the same extent that the services would be covered if they were provided through in-person consultation. All health insurance and employee benefit plans in this state must reimburse providers who are out-of-network for telemedicine services under the same reimbursement policies applicable to other out-of-network providers of healthcare services.

(3) A health insurance or employee benefit plan may charge a deductible, co-payment, or coinsurance for a health care service provided through telemedicine so

long as it does not exceed the deductible, co-payment, or coinsurance applicable to an in-person consultation.

\* \* \*

( \* \* \*4) Nothing in this section shall be construed to prohibit a health insurance or employee benefit plan from providing coverage for only those services that are medically necessary, subject to the terms and conditions of the covered person's policy.

( \* \* \*5) In a claim for the services provided, the appropriate procedure code for the covered services shall be included with the appropriate modifier indicating interactive communication was used. Health insurance and employee benefit plans shall reimburse providers for telemedicine services using the proper medical codes.

( \* \* \*6) The originating site is eligible to receive a facility fee, but facility fees are not payable to the distant site. Health insurance and employee benefit plans shall not limit coverage to provider-to-provider consultations only. Patients in a patient-to-provider consultation shall not be entitled to receive a facility fee.

(7) Nothing in this section shall be interpreted to create new standards of care for health care services delivered through the use of telemedicine.

(8) The Commissioner of Insurance may adopt rules and regulations for the administration of this chapter.

(9) This section shall stand repealed from and after July 1, 2025.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed from and after June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 83-9-351, MISSISSIPPI CODE OF 1972, TO REVISE THE DEFINITION OF "TELEMEDICINE" AS USED IN THE STATUTE REQUIRING HEALTH INSURANCE PLANS TO PROVIDE COVERAGE FOR TELEMEDICINE SERVICES; TO REQUIRE HEALTH INSURANCE AND EMPLOYEE BENEFIT PLANS TO REIMBURSE PROVIDERS FOR TELEMEDICINE SERVICES USING THE PROPER MEDICAL CODES; AND FOR RELATED PURPOSES.

Senator Moran called up the following House Amendment to **S. B. No. 2076** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 49-27-71, Mississippi Code of 1972, is amended as follows:

49-27-71. (1) Definitions. As used in the section, the following words and phrases have the following meanings unless the context clearly indicates otherwise:

\* \* \*

(a) "Abandoned vessel" means a vessel left unattended for four (4) or more weeks after a hurricane, tropical storm, or other natural event resulting in a declaration of emergency by the Governor, or, in the absence of a hurricane, tropical storm, or other natural event resulting in a declaration of emergency by the Governor, any of the following:

(i) A vessel left unattended that is moored, anchored, or otherwise in the waters of the state or on public property for a period of more than ten (10) days.

(ii) A vessel that is moored, anchored, or otherwise on or attached to private property for a period of more than ten (10) days without the consent of the owner or lessee of the property or of the public trust tidelands.

Upon notification from the owner of the vessel outlining the circumstances following a hurricane, tropical storm, or other natural event, the department may grant an exception to the time frames indicated above.

(b) "Department" means the Mississippi Department of Marine Resources.

(c) "Derelict vessel" means a vessel in the waters of the State of Mississippi that satisfies any of the following:

(i) Is aground without the ability to extricate itself absent mechanical assistance;

(ii) Is sunk or otherwise resting on the bottom of the waterway;

(iii) Is abandoned;

(iv) Is wrecked, junked, or in a substantially dismantled condition upon any waters of this state:

1. A vessel is "wrecked" if it is sunken or sinking; or remaining after a marine casualty, including, but not limited to, a boating accident, extreme weather, or fire.

2. A vessel is "junked" if it has been substantially stripped of vessel components, if vessel components have substantially degraded or been destroyed, or if the vessel has been discarded by the owner or operator. Attaching an outboard motor to a vessel that is otherwise junked will not cause the vessel to no longer be junked if such motor is not an effective means of propulsion.

3. A vessel is "substantially dismantled" if at least two (2) of the three (3) following vessel systems or components are missing, compromised, incomplete, inoperable, or broken:

- (A) The steering system;
- (B) The propulsion system; or
- (C) The exterior hull integrity.

Attaching an outboard motor to a vessel that is otherwise substantially dismantled will not cause the vessel to no longer be substantially dismantled if such motor is not an effective means of propulsion;

(v) Docked, grounded, or beached upon the property of another without the consent of the owner of the property;

(vi) Is obstructing a waterway or within one hundred (100) yards of the boundaries of any state, county or municipal port;

(vii) Is endangering life or property;

(viii) Has broken loose or is in danger of breaking loose from its anchor, mooring, or ties; or

(iv) A vessel that is otherwise not seaworthy.

(d) "Documented vessel" means a vessel documented under 46 USC, Chapter 121.

(e) "Effective means of propulsion" means a vessel, other than a barge, that is equipped with:

(i) A functioning motor, controls, and steering system; or

(ii) Rigging and sails that are present and in good working order, and a functioning steering system.

A vessel does not have an effective means of propulsion for safe navigation within seventy-two (72) hours after the vessel owner or operator received telephonic notice, in-person notice recorded on an agency-approved body camera, or written notice, which may be provided by facsimile, electronic mail, or other electronic means, stating such from a representative of the department, and the vessel owner or operator is unable to provide a receipt, proof of purchase, or other documentation of having ordered necessary parts for vessel repair. The department may adopt regulations to implement this paragraph.

(f) "Floating building or structure" means a floating entity, with or without accommodations built thereon, which is not primarily used as a means of transportation on water but which serves purposes or provides services typically associated with a structure or other improvement to real property. The term includes, but is not limited to, an entity used as a residence, place of business or office with public access; a hotel or motel; a restaurant or lounge; a clubhouse; a meeting facility; a storage or parking facility; or a mining platform, dredge, dragline, or similar facility or entity represented as such. Incidental movement upon water or resting partially or entirely on the bottom does not, in and of itself, preclude an entity from classification as a floating structure.

(g) "Gross negligence" means conduct so reckless or wanting in care that it constitutes a conscious disregard or indifference to the safety of the property to such conduct.

(h) "Moored" means a vessel that is anchored or affixed in some other way to the public trust tidelands, to leased tidelands, to private land, or within the riparian zone of a private or public landowner or leaseholder.

(i) "Registered" means a vessel documented under Section 59-21-5, Mississippi Code of 1972.

(j) "Unseaworthy" means a vessel that is not fit or safe for any normal perils of the sea or has no effective means of propulsion is included.

(k) "Vessel" means every description of watercraft, other than a seaplane, capable of being used as a means of transportation on the water. For the purposes of this section, vessels powered only by hand, foot, oars or paddles, are included. For the purposes of this section, floatable buildings and structure, whether or not they are used for navigation, are included.

(l) "Waters of the state" means any waters located within Harrison, Hancock and Jackson Counties under the jurisdiction of the Mississippi Department of Marine Resources as established pursuant to Section 49-15-23, Mississippi Code of 1972.

(m) "Willful misconduct" means conduct evidencing carelessness or negligence of such a degree or recurrence as to manifest culpability, wrongful intent, or evil design or to show an intentional and substantial disregard of the interests of the vessel owner.

(2) Jurisdiction. (a) In the waters of Harrison, Hancock and Jackson Counties, a person \* \* \*, firm, corporation or other entity may not leave derelict or at risk of being derelict, any vessel on the coastal wetlands, marine waters, or on public or privately owned lands without the owner's permission.

(b) The Department of Marine Resources has the authority to remove derelict vessels, whether located on private or public property.

(c) Vessels located in ports and harbors are subject to the provisions outlined in Title 50, Mississippi Code of 1972, Ports, Harbors, Landings and Watercraft.

(d) This section does not apply to vessels located in marinas, garages, or repair shops for repairs, improvements, or other work with knowledge of the owner and for which the costs for such services have been unpaid.

(e) Vessels deemed to be derelict pursuant to this chapter are exempt from the salvage provisions in Section 89-17-1 et seq., Mississippi Code of 1972.

(3) Penalties. Violations of this act will be subject to the penalties as provided in Section 49-15-63.

( \* \* \*4) Standing. \* \* \* A party with standing may initiate the derelict vessel procedures in this section. For purpose of this section, the following parties have standing:

(a) The owner of the property where the vessel came to rest or to which the vessel was made fast;

(b) Any harbormaster, police department, municipality or agent of the state that agrees to accept or process a derelict vessel; or

(c) Any professional marine salvager when the salvager is engaged by a person with standing.

(5) Landowner permission may be revoked at any time. The landowner must provide the department sufficient proof that the vessel owner has been notified of the revocation of landowner's permission or proof that the landowner cannot locate the owner of the vessel.

When a vessel is moored upon public trust tidelands that is not otherwise leased to another party, for a period of thirty (30) days or longer, permission must be granted by the Secretary of State's office.

( \*\*6) Notice. Any party with standing, or his or her representative, may initiate the notice process by filing an application with the department to remove the derelict vessel \*\*. Upon receipt and review of the application, \*\* the department may initiate the following notice process:

(a) A department officer \*\* is authorized to board any vessel that has been reported to the department as being derelict or at-risk of being derelict to determine the condition of the vessel and in an attempt to establish ownership of the vessel.

(b) A department officer shall post notice, which must comply with the following requirements:

(i) Be posted on the vessel in a prominent location, visible to an approaching person;

(ii) Require the vessel owner to submit a plan for removal to the department within seven (7) days of the notice; and

( \*\*iii) \*\* Include a space for the owner of the vessel to respond.

(c) If the registered owner responds with a signature in the space or otherwise provides a written response to the department requesting an extension of time, then the registered owner will have an additional five (5) days to \*\* submit the plan for removal.

(d) \*\* The department will notify the respondent of the approval or denial of the removal plan within seven (7) business days.

(e) If the respondent fails to comply with the approved removal plan and fails to submit a satisfactory reason as to why the vessel cannot be moved as planned, the department may present the removal plan and evidence of the owner's noncompliance to the chancery court.

(f) Upon presentation of the required evidence, the chancery court will issue an order allowing the department or its representative to remove the vessel from its current location and make whatever disposition is deemed appropriate, including, but not limited to, immediate disposal, storage pending disposal, use for official purposes, transfer to another state agency or other disposition.

(g) If the vessel is located in an area of coastal wetlands where emergent vegetation is present or where the vessel is embedded in the ground, a wetlands permit may be required prior to removal.

(h) Any party who acts in good faith and without malicious intent in the processing, storing or moving any derelict vessel pursuant to this section is immune from liability for damages to the vessel.

(7) Determining ownership. (a) Upon receipt of an application for the removal of a derelict vessel where no removal plan has been submitted by the owner, the department

must attempt to contact the registered owner of the vessel and any lien holders of record by other available means.

(b) The department must inquire of the Mississippi Department of Wildlife, Fisheries and Parks (MDWFP) as to the status of the vessel in regard to the Mississippi Boating Law of 1960, Section 59-21-1 et seq. or the United States Coast Guard as to the status of the vessel in regard to documentation under 46 USC, Chapter 121.

(c) The inquiry must provide the description of the vessel, including the vessel registration number.

(d) The MDWFP is required to provide the requested information to the department within two (2) business days.

(e) The registered owner of a vessel must comply with Section 59-21-21 to change ownership. In the event a vessel owner fails to notify the MDWFP of a transfer of ownership and supply the new owner's contact information, the owner of the vessel according to MDWFP records is presumed to be the person to whom the vessel is registered.

(f) If there is no registered owner found, the department must make publication on the department's website and in a newspaper with general circulation for three (3) weeks, describing the vessel and the location.

( \*\* \*8) Derelict vessel removal. (a) After the initial notice period described in subsection ( \*\* \*6) has lapsed \*\* \* and the department can show proof of inquiries to ascertain the vessel ownership under subsection (7) of this section, the department may obtain an order from the chancery court for the derelict vessel to be removed from its current location.

(b) \*\* \* The chancery court order may grant the department to make whatever disposition is deemed appropriate, including, but not limited to, immediate disposal of the vessel, storage pending disposal, use for official purposes, transfer to another state agency or other disposition.

(c) \*\* \* If the vessel is located in an area of coastal wetlands where emergent vegetation is present or where the vessel is embedded in the ground, a wetlands permit may be required prior to removal.

(d) Any person who acts in good faith and without malicious intent in the processing, \*\* \* storing or \*\* \* moving of any derelict vessel pursuant to this section is immune from civil liability for damage to the vessel.

( \*\* \*9) Emergency removal. Any derelict vessel that is obstructing a waterway, is within any designated navigation channel or within one hundred (100) yards of the boundaries of any state, county or municipal port may be declared a hazard to navigation and subject to immediate relocation, removal \*\* \* disposal, or other disposition by the department or other party with standing.

(a) Any derelict vessel that is leaking any hazardous substances, chemicals or fuels will be reported to the Mississippi Department of Environmental Quality (MDEQ) and may be declared an environmental hazard and subject to immediate relocation, removal \*\* \* disposal \*\* \* or other disposition by MDEQ, the department or other party with standing.

(b) The \*\* \* registered owner of a vessel removed in accordance with this subsection \*\* \* (9) is liable for the costs associated with the relocation, removal, salvage \*\* \* storage or disposal of the vessel and any damages to the flora and fauna within the affected area.

(c) Any funds derived from salvage or sale of a vessel pursuant to this section will be used to offset the costs to the department associated with the removal, salvage, storage or disposal of the vessel.

(d) Any funds derived from damages to the flora and fauna will be deposited into the Coastal Resource Management Fund.

\*\*\* (e) Any party who relocates or removes a vessel under this section is not liable for damages resulting from relocation or removal unless the damage results from gross negligence or willful misconduct.

(\*\*\*10) Cost recovery. (a) \*\*\* The department may seek full cost recovery from the registered owner of the derelict vessel for any expense incurred as a result of, or incidental to, removing the vessel. The registered owner of the vessel is liable for the costs of removal, storage, disposal, and restoration of affected lands \*\*\*, attorneys' fees and all court costs \*\*\*.

(b) The owner of the vessel is also liable for a fine of Five Hundred Dollars (\$500.00) per day. \*\*\* The fines for emergency removal of vessels under subsection (9) of this section may be imposed by the Executive Director of the Department of Marine Resources upon the recommendation of the Advisory Commission on Marine Resources, under Section 49-15-401 et seq. The fines for removal of all other vessels may be imposed by the chancery court.

(c) Expenses incurred, including, but not limited to, fines, court costs, vessel removal, storage, disposal, restoration of affected lands, and attorneys' fees for derelict vessels will be imposed by the chancery court as outlined in subsection (11) of this section.

(d) If the registered owner should fail to pay fines imposed by the department in accordance with paragraph (b) of this subsection, an enforcement action will be filed with the chancery court which may result in the court issuing an order, including, but not limited to, the collection of fines, court costs, and/or any legal avenue the court finds appropriate to collect such funds.

(e) All proceeds from any activity related to the disposition of a vessel under this chapter will go into the Derelict Vessel Fund, a special fund within the Seafood Fund. However, any fines imposed for the damage to coastal wetlands will be placed in the Coastal Resource Management Fund.

(\*\*\*11) Court process. (a) The chancery court of the county in which the vessel is located has jurisdiction over all matters concerning derelict vessels under this section, including injunctions and demands for damages. If the vessel is allowed to float and/or is otherwise moved to another county after notice has been provided under subsection (6) of this section, the county in which the vessel was first provided notice shall have continuing jurisdiction.

(b) If there is no response to the publication attempts under subsection (7)(e) of this section, the chancery court will issue an order to the department allowing the department to take possession of the vessel and make such use or disposition of the vessel as deemed appropriate under the circumstances. If the department determines that the vessel may be used for official purposes or otherwise sold, the MDWFP will issue a vessel registration number or a hull identification number to the department after proof of publication has been submitted.

(\*\*\*c) The chancery court may, in its discretion, order damages up to Five Hundred Dollars (\$500.00) per day for every day the vessel was left abandoned or derelict, beginning on the day \*\*\* notice was posted on the vessel. \*\*\*

( \*\* \*d) If the department or a party with standing desires to require the registered owner to remove the vessel, then he or she may apply to the chancery court for a writ of mandatory injunction ordering the registered owner to remove the vessel. The chancery court must allow a reasonable time for removal and restoration of the affected lands. The chancery court may order further damages not to exceed Five Hundred Dollars (\$500.00) per day for each day that the violation exists beyond the date set by the court in an injunction for the removal of the vessel and restoration of the affected lands.

( \*\* \*e) Any court-ordered reimbursed costs or damages in excess of the actual costs of removal and restoration must be deposited in a special fund in the State Treasury known as the "Derelict Vessel Fund" administered by the department. Any funds deposited in the fund must be used to cover the administrative costs and removal costs incurred by the department for the removal of vessels. Any remaining funds must be used to cover the costs of removing additional derelict vessels. However, any fines imposed for the damage to coastal wetlands will be placed in the Coastal Resource Management Fund.

( \*\* \*12) Department authorities. (a) The department is authorized to enter into contracts with individuals, firms and corporations, or agreements with other state agencies for the removal and/or temporary storage of vessels prior to removal. The salvage value, if any, of the vessel may be used to offset the costs of the removal of the vessel and the restoration of the affected area. The department may enter into noncompetitive contracts or agreements with any state or federal entity for the removal of vessels.

(b) The \*\* \* department may \*\* \* enter into interstate or intrastate \*\* \* agreements toward this end, and may seek and utilize aid from all federal, state, and local sources in this endeavor.

(c) The Department of Marine Resources shall adopt rules and regulations necessary and appropriate to carry out this section.

(d) The department may promulgate regulations to establish a derelict vessel prevention program to address vessels at risk of becoming derelict. Such program may, but is not required to, include:

(i) Removal, relocation, and destruction of vessels declared a public nuisance due to the lack of proper marine sanitation, derelict or at risk of becoming derelict, or lost or abandoned.

(ii) Creation of a vessel turn-in program allowing the owner of a vessel determined by the department to be at risk of becoming derelict, to turn the vessel and vessel title over to the department to be destroyed without penalty.

(iii) Providing for removal and destruction or other disposition of an abandoned vessel for which an owner cannot be identified or the owner of which is deceased and no heir is interested in acquiring the vessel.

(iv) Purchase of anchor line, anchors, and other equipment necessary for securing vessels at risk of becoming derelict.

(v) Creating or acquiring moorings designated for securing vessels at risk of becoming derelict.

( \*\* \*e) The State of Mississippi, the Commission on Marine Resources, the department, and their employees and representatives shall not be liable for any damages resulting from the removal, towing, storage, sale or disposal of any vessel \*\* \* that is derelict or hazardous under this section.

(f) The department or any party with standing does not incur liability for any resulting damage to the vessel or any damage the vessel may cause to any property or person during the time frame between posting notice and vessel removal. If any damages occur during the period of time between notice and removal of the vessel, the registered vessel owner, according to MDWFP records, is presumed liable for all damages.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

[In cases involving business enterprises that received or applied for the job tax credit authorized by this section prior to January 1, 2005, this section shall read as follows:]

57-73-21. (1) Annually by December 31, using the most current data available from the University Research Center, Mississippi Department of Employment Security and the United States Department of Commerce, the State Tax Commission shall rank and designate the state's counties as provided in this section. The twenty-eight (28) counties in this state having a combination of the highest unemployment rate and lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Three areas. The twenty-seven (27) counties in the state with a combination of the next highest unemployment rate and next lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Two areas. The twenty-seven (27) counties in the state with a combination of the lowest unemployment rate and the highest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier One areas. Counties designated by the Tax Commission qualify for the appropriate tax credit for jobs as provided in subsections (2), (3) and (4) of this section. The designation by the Tax Commission is effective for the tax years of permanent business enterprises which begin after the date of designation. For companies which plan an expansion in their labor forces, the Tax Commission shall prescribe certification procedures to ensure that the companies can claim credits in future years without regard to whether or not a particular county is removed from the list of Tier Three or Tier Two areas.

(2) Permanent business enterprises primarily engaged in manufacturing, processing, warehousing, distribution, wholesaling and research and development, or

permanent business enterprises designated by rule and regulation of the Mississippi Development Authority as air transportation and maintenance facilities, final destination or resort hotels having a minimum of one hundred fifty (150) guest rooms, recreational facilities that impact tourism, movie industry studios, telecommunications enterprises, data or information processing enterprises or computer software development enterprises or any technology intensive facility or enterprise, in counties designated by the Tax Commission as Tier Three areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to Two Thousand Dollars (\$2,000.00) annually for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent businesses that increase employment by ten (10) or more in a Tier Three area are eligible for the credit. Credit is not allowed during any of the five (5) years if the net employment increase falls below ten (10). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of ten (10).

(3) Permanent business enterprises primarily engaged in manufacturing, processing, warehousing, distribution, wholesaling and research and development, or permanent business enterprises designated by rule and regulation of the Mississippi Development Authority as air transportation and maintenance facilities, final destination or resort hotels having a minimum of one hundred fifty (150) guest rooms, recreational facilities that impact tourism, movie industry studios, telecommunications enterprises, data or information processing enterprises or computer software development enterprises or any technology intensive facility or enterprise, in counties that have been designated by the Tax Commission as Tier Two areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to One Thousand Dollars (\$1,000.00) annually for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent businesses that increase employment by fifteen (15) or more in Tier Two areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below fifteen (15). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of fifteen (15).

(4) Permanent business enterprises primarily engaged in manufacturing, processing, warehousing, distribution, wholesaling and research and development, or permanent business enterprises designated by rule and regulation of the Mississippi Development Authority as air transportation and maintenance facilities, final destination or resort hotels having a minimum of one hundred fifty (150) guest rooms, recreational facilities that impact tourism, movie industry studios, telecommunications enterprises, data or information processing enterprises or computer software development enterprises or any technology intensive facility or enterprise, in counties designated by the Tax Commission as Tier One areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to Five Hundred Dollars (\$500.00) annually for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the

disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more than two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent businesses that increase employment by twenty (20) or more in Tier One areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below twenty (20). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of twenty (20).

(5) In addition to the credits authorized in subsections (2), (3) and (4), an additional Five Hundred Dollars (\$500.00) credit for each net new full-time employee or an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least one hundred twenty-five percent (125%) of the average annual wage of the state or an additional Two Thousand Dollars (\$2,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least two hundred percent (200%) of the average annual wage of the state, shall be allowed for any company establishing or transferring its national or regional headquarters from within or outside the State of Mississippi. A minimum of thirty-five (35) jobs must be created to qualify for the additional credit. The State Tax Commission shall establish criteria and prescribe procedures to determine if a company qualifies as a national or regional headquarters for purposes of receiving the credit awarded in this subsection. As used in this subsection, the average annual wage of the state is the most recently published average annual wage as determined by the Mississippi Department of Employment Security.

(6) In addition to the credits authorized in subsections (2), (3), (4) and (5), any job requiring research and development skills (chemist, engineer, etc.) shall qualify for an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee.

(7) In lieu of the tax credits provided in subsections (2) through (6), any commercial or industrial property owner which remediates contaminated property in accordance with Sections 49-35-1 through 49-35-25, is allowed a job tax credit for taxes imposed by Section 27-7-5 equal to the amounts provided in subsection (2), (3) or (4) for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. This subsection shall be administered in the same manner as subsections (2), (3) and (4), except the landowner shall not be required to increase employment by the levels provided in subsections (2), (3) and (4) to be eligible for the tax credit.

(8) Tax credits for five (5) years for the taxes imposed by Section 27-7-5 shall be awarded for additional net new full-time jobs created by business enterprises qualified under subsections (2), (3), (4), (5), (6) and (7) of this section. Except as otherwise provided, the Tax Commission shall adjust the credit allowed in the event of employment fluctuations during the additional five (5) years of credit.

(9) (a) The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any business enterprise may not create new eligibility in any succeeding business entity, but any unused job tax credit may be transferred and continued by any transferee of the business enterprise. The Tax Commission shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(b) This subsection shall not apply in cases in which a business enterprise has ceased operation, laid off all its employees and is subsequently acquired by another unrelated business entity that continues operation of the enterprise in the same or a similar type of business. In such a case the succeeding business entity shall be eligible for the credit authorized by this section unless the cessation of operation of the business enterprise was for the purpose of obtaining new eligibility for the credit.

(10) Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) years from the close of the tax year in which the qualified jobs were established but the credit established by this section taken in any one (1) tax year must be limited to an amount not greater than fifty percent (50%) of the taxpayer's state income tax liability which is attributable to income derived from operations in the state for that year. If the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the business enterprise is unable to use the existing carryforward, the Chairman of the State Tax Commission may extend the period that the credit may be carried forward for a period of time not to exceed two (2) years.

(11) No business enterprise for the transportation, handling, storage, processing or disposal of hazardous waste is eligible to receive the tax credits provided in this section.

(12) The credits allowed under this section shall not be used by any business enterprise or corporation other than the business enterprise actually qualifying for the credits.

(13) The tax credits provided for in this section shall be in addition to any tax credits described in Sections 57-51-13(b), 57-53-1(1)(a) and 57-54-9(b) and granted pursuant to official action by the Mississippi Development Authority prior to July 1, 1989, to any business enterprise determined prior to July 1, 1989, by the Mississippi Development Authority to be a qualified business as defined in Section 57-51-5(f) or Section 57-54-5(d) or a qualified company as described in Section 57-53-1, as the case may be; however, from and after July 1, 1989, tax credits shall be allowed only under either this section or Sections 57-51-13(b), 57-53-1(1)(a) and Section 57-54-9(b) for each net new full-time employee.

(14) As used in this section, the term "telecommunications enterprises" means entities engaged in the creation, display, management, storage, processing, transmission or distribution for compensation of images, text, voice, video or data by wire or by wireless means, or entities engaged in the construction, design, development, manufacture, maintenance or distribution for compensation of devices, products, software or structures used in the above activities. Companies organized to do business as commercial broadcast radio stations, television stations or news organizations primarily serving in-state markets shall not be included within the definition of the term "telecommunications enterprises."

[In cases involving business enterprises that apply for the job tax credit authorized by this section from and after January 1, 2005, this section shall read as follows:]

(7) (a) In addition to the other credits authorized in this section, any company that transfers or relocates its national or regional headquarters to the State of Mississippi from outside the State of Mississippi may receive a tax credit in an amount equal to the actual relocation costs paid by the company. A minimum of twenty (20) jobs must be created in order to qualify for the additional credit authorized under this subsection. Relocation costs

(10) (a) The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any business enterprise may not

The Department of Revenue shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(b) This subsection shall not apply in cases in which a business enterprise has ceased operation, laid off all its employees and is subsequently acquired by another unrelated business entity that continues operation of the enterprise in the same or a similar type of business. In such a case the succeeding business entity shall be eligible for the credit authorized by this section unless the cessation of operation of the business enterprise was for the purpose of obtaining new eligibility for the credit.

(11) Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) years from the close of the tax year in which the qualified jobs were established and/or headquarters relocation costs paid, as applicable, but the credit established by this section taken in any one (1) tax year must be limited to an amount not greater than fifty percent (50%) of the taxpayer's state income tax liability which is attributable to income derived from operations in the state for that year. (12) No business enterprise for the transportation, handling, storage, processing or disposal of hazardous waste is eligible to receive the tax credits provided in this section.

SECTION 1. Section 57-75-15, Mississippi Code of 1972, is amended as follows:

[Through June 30, \* \* \* 2025, this section shall read as follows:]

57-75-15. (1) Upon notification to the authority by the enterprise that the state has been finally selected as the site for the project, the State Bond Commission shall have the power and is hereby authorized and directed, upon receipt of a declaration from the authority as hereinafter provided, to borrow money and issue general obligation bonds of the state in one or more series for the purposes herein set out. Upon such notification, the authority may thereafter, from time to time, declare the necessity for the issuance of general obligation bonds as authorized by this section and forward such declaration to the State Bond Commission, provided that before such notification, the authority may enter into agreements with the United States government, private companies and others that will commit the authority to direct the State Bond Commission to issue bonds for eligible undertakings set out in subsection (4) of this section, conditioned on the siting of the project in the state.

(2) Upon receipt of any such declaration from the authority, the State Bond Commission shall verify that the state has been selected as the site of the project and shall act as the issuing agent for the series of bonds directed to be issued in such declaration pursuant to authority granted in this section.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 31-7-13, Mississippi Code of 1972, as amended by Senate Bill No. 2806 and Senate Bill No. 2818, 2022 Regular Session, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \*\*\* \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars

(\$5,000.00) but not more than \* \* \* Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community/junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under \* \* \* Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \* \* \* \$75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than \* \* \* Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design \* \* \*, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges \* \* \*. The Public Procurement Review Board must approve

any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of \* \* \* Seventy-five Thousand Dollars (\$75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may

not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope as

indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department

of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(l) Hospital purchase, lease-purchase and lease authorization.

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

In addition, the claim or claims submitted shall be forfeited.

(p) Electrical utility petroleum-based equipment purchase procedure. When in response to a proper advertisement therefor, no bid firm as to price is submitted to an electric utility for power transformers, distribution transformers, power breakers, reclosers or other articles containing a petroleum product, the electric utility may accept the lowest and best bid therefor although the price is not firm.

(q) Fuel management system bidding procedure. Any governing authority or agency of the state shall, before contracting for the services and products of a fuel management or fuel access system, enter into negotiations with not fewer than two (2) sellers of fuel management or fuel access systems for competitive written bids to provide the services and products for the systems. In the event that the governing authority or agency cannot locate two (2) sellers of such systems or cannot obtain bids from two (2) sellers of such systems, it shall show proof that it made a diligent, good-faith effort to locate and negotiate with two (2) sellers of such systems. Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Governing authorities and agencies shall be exempt from this process when contracting for the services and products of fuel management or fuel access systems under the terms of a state contract established by the Office of Purchasing and Travel.

(r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than \* \* \* Seventy-five Thousand Dollars (\$75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised for in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. Any request for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, legal responsibilities and other relevant factors as are determined by the governing authority or agency to be appropriate for inclusion; all factors determined relevant by the governing authority or agency or required by this paragraph (r) shall be duly included in the advertisement to elicit proposals. After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated

annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(iv) "Native American" means persons having origins in any of the original people of North America, including American Indians, Eskimos and Aleuts.

(t) Construction punch list restriction. The architect, engineer or other representative designated by the agency or governing authority that is contracting for public construction or renovation may prepare and submit to the contractor only one (1) preliminary punch list of items that do not meet the contract requirements at the time of substantial completion and one (1) final list immediately before final completion and final payment.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars (\$1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

However, in the event the State Auditor issues a certificate of noncompliance pursuant to Section 21-35-31, the Department of Revenue shall withhold ten percent (10%) of the allocations and payments to the municipality that would otherwise be payable to the municipality under this paragraph (a) until such time that the department receives written notice of the cancellation of a certificate of noncompliance from the State Auditor.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages.

Monies allocated for distribution and credited to a municipal corporation under this paragraph may be pledged as security for a loan if the distribution received by the municipal corporation is otherwise authorized or required by law to be pledged as security for such a loan.

In any county having a county seat that is not an incorporated municipality, the distribution provided under this subsection shall be made as though the county seat was an incorporated municipality; however, the distribution to the municipality shall be paid to the county treasury in which the municipality is located, and those funds shall be used for road, bridge and street construction or maintenance in the county.

(b) On or before August 15, 2006, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during

the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities on the campus of a state institution of higher learning or community or junior college whose campus is not located within the corporate limits of a municipality, shall be allocated for distribution to the state institution of higher learning or community or junior college and paid to the state institution of higher learning or community or junior college.

(c) On or before August 15, 2018, and each succeeding month thereafter until August 14, 2019, two percent (2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215. On or before August 15, 2019, and each succeeding month thereafter until August 14, 2020, four percent (4%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215. On or before August 15, 2020, and each succeeding month thereafter, six percent (6%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215.

(d) (i) On or before the fifteenth day of the month that the diversion authorized by this section begins, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a redevelopment project area developed under a redevelopment plan adopted under the Tax Increment Financing Act (Section 21-45-1 et seq.) shall be allocated for distribution to the county in which the project area is located if:

b. Is Harrison County, Mississippi, and the project area is within a radius of two (2) miles from the intersection of Interstate 10 and Menge Avenue;

2. The county has issued bonds under Section 21-45-9 to finance all or a portion of a redevelopment project in the redevelopment project area;

3. Any debt service for the indebtedness incurred is outstanding; and

4. A development with a value of Ten Million Dollars (\$10,000,000.00) or more is, or will be, located in the redevelopment area.

(ii) Before any sales tax revenue may be allocated for distribution to a county under this paragraph, the county shall certify to the Department of Revenue that the requirements of this paragraph have been met, the amount of bonded indebtedness that has been incurred by the county for the redevelopment project and the expected date the indebtedness incurred by the county will be satisfied.

(iii) The diversion of sales tax revenue authorized by this paragraph shall begin the month following the month in which the Department of Revenue determines that the requirements of this paragraph have been met. The diversion shall end the month the indebtedness incurred by the county is satisfied. All revenue received by the county under this paragraph shall be deposited in the fund required to be created in the tax increment financing plan under Section 21-45-11 and be utilized solely to satisfy the indebtedness incurred by the county.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars (\$1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The Department of Revenue shall require all distributors of gasoline and diesel fuel to report to the department monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The Department of Revenue shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the Department of Revenue may consider gallons of gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. The Mississippi Department of Transportation shall provide to the Department of Revenue such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23-1/4%) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;

(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and

(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to the county for fiscal year 1994.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-65-75.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars (\$1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. Those payments into that fund are to be made on the last day of each succeeding month hereafter.

(6) An amount each month beginning August 15, 1983, through November 15, 1986, as specified in Section 6, Chapter 542, Laws of 1983, shall be paid into the special fund known as the Correctional Facilities Construction Fund created in Section 6, Chapter 542, Laws of 1983.

(7) On or before August 15, 1992, and each succeeding month thereafter through July 15, 2000, two and two hundred sixty-six one-thousandths percent (2.266%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Section 27-65-17(2), shall be deposited by the department into the School Ad Valorem Tax Reduction Fund created under Section 37-61-35. (8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, \* \* \* 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5, Mississippi Code of 1972) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iii), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(iv) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital

investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3), or one-tenth (1/10) if the project is also a project as defined in Section 27-31-46, of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount or one-tenth (1/10) of that amount if the project is also a project as defined in Section 27-31-46. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project as defined in Section 27-31-46, one-tenth (1/10) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the annual debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

A project as defined in Section 27-31-46, for which initial construction begins on or after July 1, 2022, but not later than December 31, 2024, shall be allowed an exemption from ad valorem taxation as provided in this section. For such a project, one-half (1/2) of that true value of property of the project that is subject to a fee-in-lieu of ad valorem taxes pursuant to an agreement under Section 27-31-104 shall be exempt from ad valorem taxation for a period of ten (10) years from and after the date of the expiration of such fee-in-lieu of ad valorem taxes.

(a) If the corporation issues any bonds in connection with an economic development project, the term of the financing agreement shall not be less than the last maturity of the bonds issued with respect to the economic development project, except that the financing agreement may terminate upon the earlier redemption of all of the bonds issued with respect to the economic development project and may grant to the approved company an option to purchase the economic development project from the corporation upon the termination of the financing agreement for such consideration and under such terms and conditions the corporation may approve. Nothing in this paragraph shall limit the extension of the term of a financing agreement if there is a refunding of the correlative bonds or otherwise.

(b) If the corporation issues any bonds in connection with an economic development project, the financing agreement shall specify that the annual obligations of the approved company under Sections 57-10-401 through 57-10-445 shall equal in each year at least the annual debt service for that year on the bonds issued with respect to the economic development project; and the approved company shall pay such obligation of the financing agreement to the trustee for bonds issued for the benefit of the approved company, at such time and in such amounts sufficient to amortize such bonds.

(ii) If during any fiscal year of the financing agreement the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of the fiscal year of the financing agreement.

Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) The provisions of this section shall apply to every section of this act that relates to the issuance of bonds unless otherwise provided in this act.

(2) As used in this act, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "State" means the State of Mississippi.

(b) "Commission" means the State Bond Commission.

(3) The principal of and interest on the bonds authorized under this act shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this act shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this act have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this act, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(6) The commission shall act as issuing agent for the bonds authorized under this act, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this act from the proceeds derived from the sale of such bonds. The commission may sell such

bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this act, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this act are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(8) Upon the issuance and sale of bonds under the provisions of this act, the commission shall transfer the proceeds of any such sale or sales to the special fund created in subsection (1) of the applicable section of this act. The proceeds of such bonds shall be disbursed from the special fund under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(9) The bonds authorized under this act may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this act. Any resolution providing for the issuance of bonds under the provisions of this act shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this act may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this act or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this act, or under such resolution, and may enforce and compel performance of all duties required by this act to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this act shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this act and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this act shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this act; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof. As used in this section, the "accreted value" of any bond means, as of any date of computation, an amount equal to the sum of (a) the stated initial value of such bond, plus (b) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(16) This act shall be deemed to be full and complete authority for the exercise of the powers granted in this act that relate to the issuance of bonds, but this act shall not be deemed to repeal or to be in derogation of any existing law of this state that relates to the issuance of bonds.

SECTION 2. (1) (a) (i) A special fund, to be designated as the "2022 IHL Capital Improvements Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(ii) Monies deposited into the fund shall be disbursed, in the discretion of the Department of Finance and Administration, with the approval of the Board of Trustees of State Institutions of Higher Learning on those projects related to the universities under its management and control to pay the costs of capital improvements, renovation and/or repair of existing facilities, furnishings and/or equipping facilities for public facilities as hereinafter described:

(b) (i) Amounts deposited into such special fund shall be disbursed to pay the costs of projects described in paragraph (a) of this subsection. If any monies in such special fund are not used within four (4) years after the date the proceeds of the bonds authorized under this section are deposited into the special fund, then the agency for which any unused monies are allocated under paragraph (a) of this subsection shall provide an accounting of such unused monies to the commission. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(ii) Monies in the special fund may be used to reimburse reasonable actual and necessary costs incurred by the Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, in administering or providing assistance directly related to a project described in paragraph (a) of this subsection. An accounting of actual costs incurred for which reimbursement is sought shall be maintained for each project by the Department of Finance and Administration, Bureau of Building, Grounds and Real Property Management. Reimbursement of reasonable actual and necessary costs for a project shall not exceed two percent (2%) of the proceeds of bonds issued for such project. Monies authorized for a particular project may not be used to reimburse administrative costs for unrelated projects.

(c) The Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, is expressly authorized and empowered to receive and expend any local or other source funds in connection with the expenditure of funds provided for in this subsection. The expenditure of monies deposited into the special fund shall be under the direction of the Department of Finance and Administration, and such funds shall be paid by the State Treasurer upon warrants issued by such department, which warrants shall be issued upon requisitions signed by the Executive Director of the Department of Finance and Administration, or his designee.

(d) Any amounts allocated to an agency that are in excess of that needed to complete the projects at such agency that are described in paragraph (a) of this subsection may be used for general repairs and renovations at the agency. In addition, any amounts allocated to an agency for the projects at such agency that are described in paragraph (a) of this subsection shall be reduced by the amount of any other funds authorized by the Legislature during the 2022 Regular Session specifically for such purposes.

(2) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (1) of this section. Upon the adoption of a resolution by the Department of Finance and Administration, declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the department shall deliver a

certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission is authorized to proceed under the provisions of Section 1(6) of this act. The total amount of bonds issued under this section shall not exceed Eighty Million Dollars (\$80,000,000.00); however, the total amount of bonds that may be issued under this section shall be reduced by the amount of any other funds authorized by the Legislature during the 2022 Regular Session specifically for the purposes described in subsection (1) of this section. No bonds shall be issued under this section after July 1, 2026.

(b) Any investment earnings on amounts deposited into the special fund created in subsection (1) of this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(3) The provisions of Section 1 of this act shall apply to the issuance of bonds authorized under this section.

SECTION 5. (1) (a) (i) A special fund, to be designated as the "2022 Department of Finance and Administration Statewide Repair and Renovation Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(ii) Monies deposited into the fund shall be disbursed, in the discretion of the Department of Finance and Administration, to pay the costs of site and infrastructure improvements, general repairs and renovations, weatherization, roofing, environmental mitigation, mechanical, electrical and structural repairs required for state-owned facilities, universities and community and junior colleges, repairs, renovations and improvements necessary for compliance with the Americans with Disabilities Act or other codes, purchase and installation of necessary furniture and equipment, and continuation and completion of previously authorized projects.

(b) Amounts deposited into such special fund shall be disbursed to pay the costs of the projects described in paragraph (a) of this subsection. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(c) The Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, is expressly authorized and empowered to receive and expend any local or other source funds in connection with the expenditure of funds provided for in this subsection. The expenditure of monies deposited into the special fund shall be under the direction of the Department of Finance and Administration, and such funds shall be paid by the State Treasurer upon warrants issued by such department, which warrants shall be issued upon requisitions signed by the Executive Director of the Department of Finance and Administration, or his designee.

(2) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in subsection (1) of this section. The total amount of bonds issued under this section shall not exceed Five Million Dollars (\$5,000,000.00); however, the total amount of bonds that may be issued under this section shall be reduced by the amount of any other funds authorized by the Legislature during the 2022 Regular Session specifically for the purposes described in subsection (1) of this section. No bonds shall be issued under this section after July 1, 2026.

(b) Any investment earnings on amounts deposited into the special fund created in subsection (1) of this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(b) (i) Amounts deposited into such special fund shall be disbursed to pay the costs of projects described in paragraph (a) of this subsection. If any monies in such special fund are not used within four (4) years after the date the proceeds of the bonds authorized under this section are deposited into the special fund, then the institution of higher learning for which any unused monies are allocated under paragraph (a) of this subsection shall provide an accounting of such unused monies to the commission. Promptly after the commission has certified, by resolution duly adopted, that the projects described in paragraph (a) of this subsection shall have been completed, abandoned, or cannot be completed in a timely fashion, any amounts remaining in such special fund shall be applied to pay debt service on the bonds issued under this section, in accordance with the proceedings authorizing the issuance of such bonds and as directed by the commission.

(ii) Monies in the special fund may be used to reimburse reasonable actual and necessary costs incurred by the Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, in administering or providing assistance directly related to a project described in paragraph (a) of this subsection. An accounting of actual costs incurred for which reimbursement is sought shall be maintained for each project by the Department of Finance and Administration, Bureau of Building, Grounds and Real Property Management. Reimbursement of reasonable actual and necessary costs for a project shall not exceed two percent (2%) of the proceeds of bonds issued for such project. Monies authorized for a particular project may not be used to reimburse administrative costs for unrelated projects.

(c) The Department of Finance and Administration, acting through the Bureau of Building, Grounds and Real Property Management, is expressly authorized and empowered to receive and expend any local or other source funds in connection with the expenditure of funds provided for in this subsection. The expenditure of monies deposited into the special fund shall be under the direction of the Department of Finance and Administration, and such funds shall be paid by the State Treasurer upon warrants issued by such department, which warrants shall be issued upon requisitions signed by the Executive Director of the Department of Finance and Administration, or his designee.

(d) Any amounts allocated to an institution of higher learning that are in excess of that needed to complete the projects at such institution of higher learning that are described in paragraph (a) of this subsection may be used for general repairs and renovations at the institution of higher learning.

(3) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for all costs incurred or to be incurred for the purposes described in

subsection (2) of this section. Upon the adoption of a resolution by the Department of Finance and Administration declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the Department of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Eighty-six Million Three Hundred Seventy-five Thousand Dollars (\$86,375,000.00). No bonds shall be issued under this section after July 1, 2025.

(b) Any investment earnings on amounts deposited into the special fund created in subsection (2) of this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(4) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this subsection. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(5) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(6) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(7) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the special funds created in subsection (2) of this section. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(10) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(11) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(15) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(16) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(17) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

The State Bond Commission shall sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If the bonds are sold on sealed bids at public sale, notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, to be selected by the State Bond Commission.

The State Bond Commission, when issuing any bonds under the authority of Sections 6 through 20 of this act, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

The proceeds of such bonds shall be disbursed solely upon the order of the board created in Section 1 of this act under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

Section 17. All bonds issued under the provisions of Sections 6 through 20 of this act shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

Section 18. Bonds issued under the provisions of Sections 6 through 20 of this act and income therefrom shall be exempt from all taxation in the State of Mississippi.

Section 19. The proceeds of the bonds issued under the provisions of Sections 6 through 20 of this act shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

Section 20. Sections 6 through 20 of this act shall be deemed to be full and complete authority for the exercise of the powers granted, but Sections 6 through 20 of this act shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 8. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bonds means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The commission, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for the Mississippi Community Heritage Preservation Grant Fund created pursuant to Section 39-5-145, Mississippi Code of 1972. Upon the adoption of a resolution by the Department of Finance and Administration declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the Department of Finance and Administration shall deliver a certified copy of its resolution or resolutions to the commission. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Five Million Dollars (\$5,000,000.00). No bonds authorized under this section shall be issued after July 1, 2026.

(b) The proceeds of bonds issued pursuant to this section shall be deposited into the Mississippi Community Heritage Preservation Grant Fund created pursuant to Section 39-5-145, Mississippi Code of 1972. Any investment earnings on bonds issued pursuant to this section shall be used to pay debt service on bonds issued under this section, in accordance with the proceedings authorizing issuance of such bonds.

(3) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this section. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(6) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate sale of the bonds, issue and sell the

bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this section.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the Mississippi Community Heritage Preservation Grant Fund created in Section 39-5-145, and the proceeds of such bonds shall be disbursed for the purposes provided in Section 39-5-145, Mississippi Code of 1972.

(9) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers

and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this section shall be used solely for the purposes therein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers therein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

Upon the adoption of a resolution by the Commission on Environmental Quality declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this subsection, the Commission on Environmental Quality shall deliver a certified copy of its resolution or resolutions to the commission; however, the Commission on Environmental Quality shall declare the necessity for the issuance of bonds only in the amount necessary to match projected federal funds available through the following federal fiscal year from the annual Clean Water State Revolving Fund (CWSRF) appropriations and from the supplemental Infrastructure Investment and Jobs Act (IIJA) appropriations. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

All interest accruing on such bonds so issued shall be payable semiannually or annually.

If the bonds are to be sold on sealed bids at public sale, notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the

date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. Interest and investment earnings on money in the Water Pollution Control Revolving Fund shall be utilized to pay the principal and interest on such bonds as they become due. If the interest and investment earnings of the fund and any funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this section.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the Water Pollution Control Revolving Fund created in Section 49-17-85, Mississippi Code of 1972. After the transfer of the proceeds of any such sale or sales to the Water Pollution Control Revolving Fund, any investment earnings or interest earned on the proceeds of such bonds shall be deposited to the credit of the Water Pollution Control Revolving Fund and shall be used only for the purposes provided in Section 49-17-85, Mississippi Code of 1972. The proceeds of such bonds shall be disbursed solely upon the order of the Commission on Environmental Quality under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(9) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Chapter 13, Title 31, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this section shall be used solely for the purposes therein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers therein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 11. Section 49-17-85, Mississippi Code of 1972, is amended as follows:

49-17-85. (1) There is established in the State Treasury a fund to be known as the "Water Pollution Control Revolving Fund," which shall be administered by the commission acting through the department. Notwithstanding loan amount limitations set forth in Section 49-17-61, the commission may require local participation or funding from other sources, or otherwise limit the percentage of costs covered by loans from the revolving fund. (5) The commission shall establish a hardship grants program for rural communities, which shall commence after July 1, 1997, to assist severely economically disadvantaged small rural political subdivisions in the construction of water pollution control projects. The commission may receive and administer state or federal funds, or both, appropriated for the operation of this grants program and may take all actions necessary to implement the program in accordance with the federal hardship grants

program. The hardship grants program shall operate in conjunction with the revolving loan program administered under this section.

(7) Except as otherwise provided in this section, the revolving fund may be used only:

(a) To make loans on the condition that:

(ii) Periodic principal and interest payments will commence when required by the commission but not later than one (1) year after project completion and all loans will be fully amortized when required by the commission but not later than the maximum time allowed by federal law after project completion;

(iii) The recipient of a loan will establish a dedicated source of revenue for repayment of loans;

(b) To buy or refinance the debt obligation of political subdivisions at or below market rates, where the debt obligations were incurred after March 7, 1985, and where the projects were constructed in compliance with applicable federal and state regulations;

(c) To guarantee, or purchase insurance for, obligations of political subdivisions where the action would improve credit market access or reduce interest rates;

(d) To provide loan guarantees for similar revolving funds established by municipalities or intermunicipal agencies;

(e) To earn interest on fund accounts;

(f) To establish nonpoint source pollution control management programs;

(g) To establish estuary conservation and management programs;

(h) For the reasonable costs of administering the revolving fund and conducting activities under this act, subject to the limitations established in Section 603(d)(7) of Title VI of the federal Clean Water Act, as amended, and subject to annual appropriation by the Legislature;

(10) Any portion of an mFlex tax incentive awarded to the qualified business or industry by the authority for its qualified economic development project pursuant to Sections 1 through 10 of this act that has not been applied, on or before the tenth annual anniversary of the project certificate date, as a credit by such qualified business or industry, or by one or more affiliates thereof eligible to utilize such credit, to offset state taxes otherwise payable, shall expire.

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. \* \* \* However, \* \* \* school districts are authorized, in their discretion, to negotiate the salary levels applicable to \* \* \* licensed employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. \* \* \*

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed school counselor shall submit documentation to the State Department of Education that the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school

year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board \* \* \*. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. \* \* \*

(v) Any licensed athletic trainer who has met the requirements and acquired Board Certification for the Athletic Trainer from the Board of Certification, Inc., and who is employed by a local school board or the State Board of Education as an athletic trainer and not as an administrator. The licensed athletic trainer shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed athletic trainer shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its \* \* \* adequate education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying

certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one (1) individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding \* \* \* licensed teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of

each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed appropriate in designating successful student achievement shall be used in establishing MPBP criteria. \* \* \*

(5) (a) \* \* \* If funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION 2. Section 37-21-7, Mississippi Code of 1972, is amended as follows:

37-21-7. (1) This section shall be referred to as the "Mississippi Elementary Schools Assistant Teacher Program," the purpose of which shall be to provide an early childhood education program that assists in the instruction of basic skills. The State Board of Education is authorized, empowered and directed to implement a statewide system of assistant teachers in kindergarten classes and in the first, second and third grades. The assistant teacher shall assist pupils in actual instruction under the strict supervision of a licensed teacher.

(2) (a) Except as otherwise authorized under subsection (7), each school district shall employ the total number of assistant teachers funded under subsection (6) of this section. The superintendent of each district shall assign the assistant teachers to the kindergarten, first-, second- and third-grade classes in the district in a manner that will promote the maximum efficiency, as determined by the superintendent, in the instruction

of skills such as verbal and linguistic skills, logical and mathematical skills, and social skills.

(b) If a licensed teacher to whom an assistant teacher has been assigned is required to be absent from the classroom, the assistant teacher may assume responsibility for the classroom in lieu of a substitute teacher. However, no assistant teacher shall assume sole responsibility of the classroom for more than three (3) consecutive school days. Further, in no event shall any assistant teacher be assigned to serve as a substitute teacher for any teacher other than the licensed teacher to whom that assistant teacher has been assigned.

(3) Assistant teachers shall have, at a minimum, a high school diploma or a High School Equivalency Diploma equivalent, and shall show demonstrable proficiency in reading and writing skills. The State Department of Education shall develop a testing procedure for assistant teacher applicants to be used in all school districts in the state.

(4) (a) In order to receive funding, each school district shall:

(i) Submit a plan on the implementation of a reading improvement program to the State Department of Education; and

(ii) Develop a plan of educational accountability and assessment of performance, including pretests and posttests, for reading in Grades 1 through 6.

(b) Additionally, each school district shall:

(i) Provide annually a mandatory preservice orientation session, using an existing in-school service day, for administrators and teachers on the effective use of assistant teachers as part of a team in the classroom setting and on the role of assistant teachers, with emphasis on program goals;

(ii) Hold periodic workshops for administrators and teachers on the effective use and supervision of assistant teachers;

(iii) Provide training annually on specific instructional skills for assistant teachers;

(iv) Annually evaluate their program in accordance with their educational accountability and assessment of performance plan; and

(v) Designate the necessary personnel to supervise and report on their program.

(5) The State Department of Education shall:

(a) Develop and assist in the implementation of a statewide uniform training module, subject to the availability of funds specifically appropriated therefor by the Legislature, which shall be used in all school districts for training administrators, teachers and assistant teachers. The module shall provide for the consolidated training of each assistant teacher and teacher to whom the assistant teacher is assigned, working together as a team, and shall require further periodic training for administrators, teachers and assistant teachers regarding the role of assistant teachers;

(b) Annually evaluate the program on the district and state level. Subject to the availability of funds specifically appropriated therefor by the Legislature, the department shall develop: (i) uniform evaluation reports, to be performed by the principal or assistant principal, to collect data for the annual overall program evaluation conducted by the department; or (ii) a program evaluation model that, at a minimum, addresses process evaluation; and

(c) Promulgate rules, regulations and such other standards deemed necessary to effectuate the purposes of this section. Noncompliance with the provisions of this section and any rules, regulations or standards adopted by the department may result in a violation of compulsory accreditation standards as established by the State Board of Education and the Commission on School Accreditation.

(6) In addition to other funds allotted under the Minimum Education or Adequate Education Program, each school district shall be allotted sufficient funding for the purpose of employing assistant teachers. No assistant teacher shall be paid less than the amount he or she received in the prior school year. No school district shall receive any funds under this section for any school year during which the aggregate amount of the local contribution to the salaries of assistant teachers by the district shall have been reduced below such amount for the previous year.

For assistant teachers, the minimum annual salary shall be as follows:

\* \* \*

2022-2023 and Subsequent Years Minimum Salary..... \$17,000.00

In addition, for each one percent (1%) that the Sine Die General Fund Revenue Estimate Growth exceeds five percent (5%) in fiscal year 2006, as certified by the Legislative Budget Office to the State Board of Education and subject to the specific appropriation therefor by the Legislature, the State Board of Education shall revise the salary scale in the appropriate year to provide an additional one percent (1%) across-the-board increase in the base salaries for assistant teachers. The State Board of Education shall revise the salaries prescribed above for assistant teachers to conform to any adjustments made in prior fiscal years due to revenue growth over and above five percent (5%). The assistant teachers shall not be restricted to working only in the grades for which the funds were allotted, but may be assigned to other classes as provided in subsection (2)(a) of this section.

(7) (a) As an alternative to employing assistant teachers, any school district may use the allotment provided under subsection (6) of this section for the purpose of employing licensed teachers for kindergarten, first-, second- and third-grade classes; however, no school district shall be authorized to use the allotment for assistant teachers for the purpose of employing licensed teachers unless the district has established that the employment of licensed teachers using such funds will reduce the teacher:student ratio in the kindergarten, first-, second- and third-grade classes. All state funds for assistant teachers shall be applied to reducing teacher:student ratio in Grades K-3.

It is the intent of the Legislature that no school district shall dismiss any assistant teacher for the purpose of using the assistant teacher allotment to employ licensed teachers. School districts may rely only upon normal attrition to reduce the number of assistant teachers employed in that district.

(b) Districts meeting the highest levels of accreditation standards, as defined by the State Board of Education, shall be exempted from the provisions of subsection (4) of this section.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022, and the amendments to subparagraphs (ii), (iv) and (v) of Section 37-19-7(2)(a) in this act shall be retroactive to July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 37-19-7, MISSISSIPPI CODE OF 1972, FOR THE PURPOSE OF PROVIDING FOR AN INCREASE TO THE MINIMUM TEACHER SALARY SCALE; TO DELETE THE CAP ON THE NUMBER OF NATIONAL BOARD-CERTIFIED NURSES AND SPEECH-LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS EMPLOYED BY SCHOOL DISTRICTS WHO ARE ALLOWED TO RECEIVE THE SALARY SUPPLEMENT FOR NATIONAL BOARD CERTIFICATION; TO REQUIRE THE PAYMENT OF AN ANNUAL SALARY SUPPLEMENT TO STATE-LICENSED ATHLETIC TRAINERS EMPLOYED BY A SCHOOL DISTRICT WHO HAVE ACQUIRED NATIONAL BOARD CERTIFICATION; TO AMEND SECTION 37-21-7, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR AN INCREASE TO THE MINIMUM BASE SALARY FOR TEACHER ASSISTANTS; AND FOR RELATED PURPOSES.

Senator Michel called up the following House Amendment to **S. B. No. 2669** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-15-205, Mississippi Code of 1972, is amended as follows:

27-15-205. Upon the receipt of the application herein required, and payment of the amount shown thereby to be due for the privilege to be exercised, the officer to whom the application is made shall determine if the application is in proper form, and if the correct amount be tendered, and may require the applicant to furnish such other and further information as in his opinion is necessary to ascertain the correct amount of tax due. When the correct amount of the tax has been so ascertained, the officer shall issue to the applicant taxpayer a privilege license according to such application, and shall date the same as of the first day of the month of its issuance, except that licenses issued by the Commissioner of Insurance will be effective as of the date the license is issued. The officer issuing the license shall countersign the same when issued by him, and he shall enter the same in the register prescribed by law therefor. The license issued by collectors as herein provided shall be executed in duplicate, the original shall be delivered to the licensee by the officer, and the duplicate shall be attached to the application therefor, and preserved by the officer as a public record.

If, however, such officer, shall, before issuing the license, or at any time thereafter, have reason to believe that the statements of the business contained in the application are incorrect or false in any material particular, the officer shall duly notify the applicant wherein the supposed discrepancy lies, and he is hereby empowered to require the applicant to render such other information as will enable him to determine the proper tax due. After making such determination of the proper tax due, if the license has not been issued, the officer shall forthwith proceed to collect the amount of tax due; and if the license shall have been issued under the original application, he shall collect the difference between the sum shown to be properly due, and the sum paid with the original application, and shall issue an additional license therefor which shall expire at the same time as the original. If the additional tax is paid within sixty (60) days after the determination by the office of the proper amount due, no penalty shall be applied. If the taxpayer shall willfully fail or refuse to furnish the information requested by such officer, he shall be liable for damages as in other cases of payment of an insufficient privilege tax, and may be proceeded against civilly or criminally as otherwise provided herein, and shall suffer the penalties provided herein therefor.

The license issued pursuant to this section shall be good, usable, and valid for one (1) year after the date thereof, or for such other period as is fixed by law for the privilege, which period shall be so designated in the license. Except as provided in Title 83, Mississippi Code of 1972, for licenses issued by the Commissioner of Insurance, all statewide licenses shall be issued for a period no longer than one (1) year.

The officer issuing the license shall be authorized to suspend any license issued to any person pursuant to this section for being out of compliance with an order for support, as defined in 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or Section 93-11-163, as the case may be, shall control.

SECTION 2. Section 27-15-223, Mississippi Code of 1972, is amended as follows:

27-15-223. It shall be the duty of the officer collecting the taxes to prepare and have printed the proper privilege tax license blanks necessary to carry into effect the laws relating to privilege taxes and there shall be printed on each license at the bottom thereof, the words: "This license shall not make lawful any act or thing declared to be unlawful by the State of Mississippi." Except as provided in Title 83, Mississippi Code of 1972, for

licenses issued by the Commissioner of Insurance, all such privilege tax license blanks shall be printed in the form prescribed by the officer collecting the tax and shall be imprinted with the fiscal year for which the blanks are to be issued, and shall be numbered consecutively beginning with number one (1) of each fiscal year; and shall be made in duplicate, the original and duplicate to bear the same serial number and be alike in all respects, except that they be marked "original," "duplicate," and be of different colors.

SECTION 3. Section 83-5-71, Mississippi Code of 1972, is amended as follows:

83-5-71. \* \* \* (1) Notwithstanding any other provision of law, this section establishes the exclusive authority with respect to the duration of a privilege license or certificate of authority for an insurer subject to this chapter and licensed or holding a certificate of authority, or both, to transact business in this state under this Title 83.

(2) An insurer must make an initial application in a form prescribed by the commissioner and, upon being granted approval to transact business in this state, a license or certificate of authority, or both, shall be issued and remain in effect until suspended, revoked, surrendered or forfeited.

(3) Before being issued an initial license or certificate of authority, an insurer must pay the required privilege tax fee required by Section 27-15-83, along with other required fees, and must continue to pay the aforementioned fees on an annual basis on or before March 1 of each year in order to keep the license or certificate of authority in good standing.

(4) Amendments to a license or certificate of authority will require payment by the insurer of the applicable fees.

(5) Insurers who were issued a license or certificate of authority, or both, before the effective date of this law will receive an amended license or certificate of authority, or both.

SECTION 4. Section 83-17-25, Mississippi Code of 1972, is amended as follows:

83-17-25. No certificate of authority shall be issued to any agent who has not previously obtained from the commissioner a privilege license to act as an insurance agent; provided that agents or organizers of fraternal orders shall not be required to have such privilege license.

\* \* \*

The privilege license of an individual to act as an insurance producer, limited lines producer, limited lines credit insurance producer, supervising general agent or managing general agent shall continue from the date of issuance of original licenses or from the expiration date for existing licenses until the last day of the month of the licensee's birthday in the second year following issuance or renewal of the license, with a minimum term of thirteen (13) months.

The privilege license of a business entity to act as insurance producer, limited lines producer, limited lines credit insurance producer, supervising general agent or managing general agent shall continue from the date of issuance until May 31 in the second year following issuance or renewal of the license, with a minimum term of thirteen (13) months.

SECTION 5. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed from and after June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 27-15-205, 27-15-223, 83-5-71 AND 83-17-25, MISSISSIPPI CODE OF 1972, TO MAKE THE TERM OF CERTAIN LICENSES AND CERTIFICATES ISSUED BY THE COMMISSIONER OF INSURANCE PERPETUAL UNTIL SUCH TIME AS THE COMMISSIONER OF INSURANCE REVOKES THE LICENSE OR CERTIFICATE, OR THE LICENSE OR CERTIFICATE IS FORFEITED BY THE LICENSEE OR CERTIFICATE HOLDER; AND FOR RELATED PURPOSES.

The State Fire Academy shall be under the supervision and direction of the Executive Director of the State Fire Academy. State Fire Academy training programs for fire personnel shall be conducted at the academy with seminars to be conducted in other sections of the state as and when the State Fire Academy Advisory Board considers it necessary and advisable.

The Commissioner of Insurance may establish and charge reasonable fees for the training programs and other services provided by the academy. A record of all funds received pursuant to this paragraph shall be maintained as is required for other monies pursuant to Section 45-11-5.

The Executive Director of the State Fire Academy is authorized and empowered to purchase, operate and maintain mobile firefighting equipment as he may find necessary and proper for the operation of the academy subject to approval of the Commissioner of Insurance. The equipment may be utilized wherever training sessions may be held at the discretion of the State Fire Academy Advisory Board.

(2) The Commissioner of Insurance shall be authorized to undertake appropriate action to accomplish and fulfill the purposes of the State Fire Academy, including the hiring of instructors and personnel, the lease and purchase of appropriate training equipment and to lease, purchase or construct suitable premises and quarters for conducting annual school and seminars, as the State Fire Academy Advisory Board may deem necessary and required for such purposes. Any contract entered into under and by virtue of the provisions of this section shall first be submitted to and approved by the Public Procurement Review Board, and construction pursuant to the contract shall be under the supervision of the Governor's Office of General Services.

(4) The State Fire Academy is hereby officially designated as the agency of this state to conduct training for fire personnel on a statewide basis in which members of all duly constituted fire departments may participate. This subsection shall not be construed to affect the authority of any fire department to conduct training for its own personnel.

(5) Each state agency, private agency or federal agency which provides training for the fire service shall coordinate such efforts with the State Fire Academy to prevent duplication of cost and to \* \* \* ensure standardization of training.

(6) The State Fire Academy shall present an appropriate certificate signifying the successful completion of its prescribed courses.

(7) National firefighter standards approved by the Mississippi Fire Personnel Minimum Standards and Certification Board shall be used as the basis for classroom instruction at the fire academy.

(8) The Commissioner of Insurance, Executive Director of the State Fire Academy, and the Mississippi Fire Personnel Minimum Standards and Certification Board shall coordinate all state programs related to fire department operations.

The division shall be staffed by a Fire Services Development Coordinator, appointed by the executive director of the academy from his current staff and by such other personnel as deemed by the Commissioner of Insurance. The division shall work with municipal and county fire coordinators to ensure effective implementation of guidelines established pursuant to subsection (9) of this section and shall serve in an advisory capacity for all aspects of fire service improvement. The Fire Service Coordinator shall annually notify the Department of Finance and Administration of those municipalities and counties which are not eligible to receive a portion of fire protection fund distributions because of failure to comply with requirements imposed in Sections 83-1-37 and 83-1-39 as a prerequisite to receipt of such funds.

(11) There is created in the State Treasury a separate account to be known as the "State Fire Academy Construction Fund." The State Treasurer shall transfer on July 1, 1997, the sum of Six Hundred Seventy-five Thousand Dollars (\$675,000.00) and on July 1, 1998, the sum of Six Hundred Seventy-five Thousand Dollars (\$675,000.00) from the State Fire Academy Fund 3502 into the separate account created in this subsection. The State Fire Academy shall be limited to a total of one hundred twenty (120) students per year for \* \* \* Emergency Medical Technician-Basic and Emergency Medical Technician-Advanced training; however, no limitation shall apply to the number of Emergency Medical Responder students. Senator Michel called up the following House Amendment to **S. B. No. 2336** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 25-15-15, Mississippi Code of 1972, is amended as follows:

25-15-15. (1) The board is authorized to determine the manner in which premiums and contributions by the state agencies, local school districts, colleges, universities, community/junior colleges and public libraries shall be collected to provide the self-insured health insurance program for employees as provided under this article. The state shall provide fifty percent (50%) of the cost of the above life insurance plan for all active full-time employees. The state shall provide one hundred percent (100%) of the cost of the health insurance plan for active full-time employees initially employed before January 1, 2006, except as otherwise provided in this section. For active full-time employees initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance, except as otherwise provided in this section, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. The board, if determined to be necessary, may assess active full-time employees a portion of the active employee premium in an amount not to exceed Twenty Dollars (\$20.00) per month, notwithstanding any language in this section to the contrary. All active full-time employees shall be given the opportunity to purchase coverage for their eligible dependents with the premiums for such dependent coverage, as well as the employee's fifty percent (50%) share for his life insurance coverage, to be deductible from the employee's salary by the agency, department or institution head, which deductions, together with the fifty percent (50%) share of such life insurance premiums of such employing agency, department or institution head from funds appropriated to or authorized to be expended by the employing agency, department or institution head, shall be deposited directly into a depository bank or special fund in the State Treasury, as determined by the board. These funds and interest earned on these funds may be used for the disbursement of claims and shall be exempt from the appropriation process.

(2) The state shall provide annually, by line item in the Mississippi Library Commission appropriation bill, such funds to pay one hundred percent (100%) of the cost of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for full-time library staff members in each public library in Mississippi initially employed before January 1, 2006. For full-time library staff members initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. The commission shall allot to each public library a sufficient amount of those funds appropriated to pay the costs of insurance for eligible employees. Any funds so appropriated by line item which are not expended during the fiscal year for which such funds were appropriated shall be carried forward for the same purposes during the next succeeding fiscal year. If any premiums for the health insurance and/or late charges and interest penalties are not paid by a public library in a timely manner, as defined by the board, the Mississippi Library Commission, upon notice by the board, shall immediately withhold all subsequent disbursements of funds to that public library.

(3) The state shall annually provide one hundred percent (100%) of the cost of the health insurance plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for public school district employees who work no less than twenty (20) hours during each week and regular nonstudent school bus drivers, if such employees and school bus drivers were initially employed before January 1, 2006. For such employees and school bus drivers initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. Where federal funding is allowable to defray, in full or in part, the cost of participation in the program by district employees who work no less than twenty (20) hours during the week and regular nonstudent bus drivers, whose salaries are paid, in full or in part, by federal funds, the allowance under this section shall be reduced to the extent of such federal funding. Where the use of federal funds is allowable but not available, it is the intent of the Legislature that school districts contribute the cost of participation for such employees from local funds, except that parent fees for child nutrition programs shall not be increased to cover such cost.

(4) The state shall provide annually, by line item in the community/junior college appropriation bill, such funds to pay one hundred percent (100%) of the cost of the health insurance plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for community/junior college district employees initially employed before January 1, 2006, who work no less than twenty (20) hours during each week. For such employees initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan.

(5) When the use of federal funding is allowable to defray, in full or in part, the cost of participation in the insurance plan by community/junior college district employees who work no less than twenty (20) hours during each week, whose salaries are paid, in full or in part, by federal funds, the allowance under this section shall be reduced to the extent of the federal funding. Where the use of federal funds is allowable but not available, it is the intent of the Legislature that community/junior college districts contribute the cost of participation for such employees from local funds.

(6) Any community/junior college district may contribute to the cost of coverage for any district employee from local community/junior college district funds, and any public school district may contribute to the cost of coverage for any district employee from nonminimum program funds. Any part of the cost of such coverage for participating employees of public school districts and public community/junior college districts that is not paid by the state shall be paid by the participating employees, which shall be deducted from the salaries of the employees in a manner determined by the board.

(7) Any funds appropriated for the cost of insurance by line item in the community/junior colleges appropriation bill which are not expended during the fiscal year for which such funds were appropriated shall be carried forward for the same purposes during the next succeeding fiscal year.

(8) The board may establish and enforce late charges and interest penalties or other penalties for the purpose of requiring the prompt payment of all premiums for life and health insurance permitted under this chapter. All funds in excess of the amount needed for disbursement of claims shall be deposited in a special fund in the State Treasury to be known as the State and School Employees Insurance Fund. The State Treasurer shall invest all funds in the State and School Employees Insurance Fund and all interest earned shall be credited to the State and School Employees Insurance Fund. Such funds shall be placed with one or more depositories of the state and invested on the first day such funds are available for investment in certificates of deposit, repurchase agreements or in United States Treasury bills or as otherwise authorized by law for the investment of Public Employees' Retirement System funds, as long as such investment is made from competitive offering and at the highest and best market rate obtainable consistent with any available investment alternatives; however, such investments shall not be made in shares of stock, common or preferred, or in any other investments which would mature more than one (1) year from the date of investment. The board shall have the authority to draw from this fund periodically such funds as are necessary to operate the self-insurance plan or to pay to the insurance carrier the cost of operation of this plan, it being the purpose to limit the amount of participation by the state to fifty percent (50%) of the cost of the life insurance program and not to limit the contracting for additional benefits where the cost will be paid in full by the employee. The state shall not share in the cost of coverage for retired employees.

(9) The board shall also provide for the creation of an Insurance Reserve Fund and funds therein shall be invested by the State Treasurer with all interest earned credited to the State and School Employees Insurance Fund.

(10) Any retired employee electing to purchase retired life and health insurance will have the full cost of such insurance deducted monthly from his State of Mississippi retirement plan check or direct billed for the cost of the premium if the retirement check is insufficient to pay for the premium. If the board determines actuarially that the premium paid by the participating retirees adversely affects the overall cost of the plan to the state, then the board may impose a premium surcharge, not to exceed fifteen percent (15%), upon such participating retired employees who are under the age for Medicare eligibility and who were initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who were initially employed on or after January 1, 2006, the board may impose a premium surcharge in an amount the board determines actuarially to cover the full cost of insurance.

(11) The board may not impose a premium surcharge or any other premium differential upon any class of participant of the plan based on the use or nonuse of tobacco-related products.

(12) This section shall stand repealed on July 1, \* \* \* 2026.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed from and after June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 25-15-15, MISSISSIPPI CODE OF 1972, TO EXTEND THE AUTOMATIC REPEALER ON THE AUTHORITY OF THE STATE AND SCHOOL EMPLOYEES HEALTH INSURANCE MANAGEMENT BOARD TO MAKE PREMIUM PAYMENTS INTO THE STATE PLAN; AND FOR RELATED PURPOSES.

The time of such exemption shall be for a period not to exceed a total of ten (10) years which shall begin on the date of completion of the new enterprise for which the exemption is granted; however, boards of supervisors and municipal authorities, in lieu of granting the exemption for one (1) period of ten (10) years, may grant the exemption in a period of less than ten (10) years. (2) Any board of supervisors or municipal authority which has granted an exemption for a period of less than ten (10) years may grant subsequent periods of

exemption to run consecutively with the initial exemption period, or a subsequently granted exemption period, but in no case shall the total of the exemption periods granted for a new enterprise exceed ten (10) years. Any consecutive period of exemption shall be granted by entry of an order by the board or the authority granting the consecutive exemption on its minutes, reflecting the granting of the consecutive exemption period and the dates upon which such consecutive exemption period begins and expires. The entry of this order granting the consecutive period of exemption shall be made before the expiration of the exemption period immediately preceding the consecutive exemption period being granted.

If an exemption is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise enumerated in paragraph (a) of this subsection (3), the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt without any action being required to be taken by such owner, lessor or sublessor.

(4) Any exemption from ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, \* \* \* 2025, this section shall read as follows:]

27-31-101. (1) County boards of supervisors and municipal authorities are hereby authorized and empowered, in their discretion, to grant exemptions from ad valorem taxation, except state ad valorem taxation; however, such governing authorities shall not exempt ad valorem taxes for school district purposes on tangible property used in, or necessary to, the operation of the manufacturers and other new enterprises enumerated by classes in this section, except to the extent authorized in Sections 27-31-104 and 27-31-105(2), nor shall they exempt from ad valorem taxes the products of the manufacturers or other new enterprises or automobiles and trucks belonging to the manufacturers or other new enterprises operating on and over the highways of the State of Mississippi. The time of such exemption shall be for a period not to exceed a total of ten (10) years which shall begin on the date of completion of the new enterprise for which the exemption is granted; however, boards of supervisors and municipal authorities, in lieu of granting the exemption for one (1) period of ten (10) years, may grant the exemption in a period of less than ten (10) years. When the initial exemption period granted is less than ten (10) years, the boards of supervisors and municipal authorities may grant a subsequent consecutive period or periods to follow the initial period of exemption, provided that the total of all periods of exemption shall not exceed ten (10) years. The date of completion of the new enterprise, from which the initial period of exemption shall begin, shall be the date on which operations of the new enterprise begin. The initial request for an exemption must be made in writing by June 1 of the year immediately following the year in which the date of completion of a new enterprise occurs. If the initial request for the exemption is not timely made, the board of supervisors or municipal authorities may grant a subsequent request for the exemption and, in such case, the exemption shall begin on the anniversary date of completion of the enterprise in the year in which the request is made and may be for a period of time extending not more than ten (10) years from the date of completion of the new enterprise. Any subsequent request for the exemption must be made in writing by June 1 of the year in which it is granted.

(2) Any board of supervisors or municipal authority which has granted an exemption for a period of less than ten (10) years may grant subsequent periods of exemption to run consecutively with the initial exemption period, or a subsequently granted exemption period, but in no case shall the total of the exemption periods granted for a new enterprise exceed ten (10) years. Any consecutive period of exemption shall be granted by entry of an order by the board or the authority granting the consecutive exemption on its minutes, reflecting the granting of the consecutive exemption period and the dates upon which such consecutive exemption period begins and expires. The entry of this order granting the consecutive period of exemption shall be made before the expiration of the exemption period immediately preceding the consecutive exemption period being granted.

SECTION 8. Section 27-31-104, Mississippi Code of 1972, as amended by Senate Bill No. 2095, 2022 Regular Session, is amended as follows:

[Through June 30, \* \* \* 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects by a qualified business (as such term is defined in Section 57-117-3) meeting minimum criteria established by the Mississippi Development Authority;

(iv) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iv), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(v) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county

board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third ( $1/3$ ), or one-tenth ( $1/10$ ) if the project is also a project as defined in Section 27-31-46, of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third ( $1/3$ ) of that amount or one-tenth ( $1/10$ ) of that amount if the project is also a project as defined in Section 27-31-46. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third ( $1/3$ ) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project as defined in Section 27-31-46, one-tenth ( $1/10$ ) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that

is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, \* \* \* 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount or one-tenth (1/10) of that amount if the project is also a project as defined in Section 27-31-46. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project as defined in Section 27-31-46, one-tenth (1/10) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(3) At a minimum, the program shall include the following components, and may include additional components that are contained within the Best Practices for Comprehensive Tobacco Control Programs of the federal Centers for Disease Control and Prevention, as periodically amended, and that based on scientific data and research have been shown to be effective at accomplishing the purposes of this section:

(b) Evidence-based curricula and programs implemented in schools to educate youth about tobacco, fentanyl and drug abuse and to discourage their use of tobacco products, fentanyl and abuse of drugs, including, but not limited to, programs that involve youth, educate youth about the health hazards from the use of tobacco products, fentanyl and/or the abuse of drugs, help youth develop skills to refuse tobacco products, and demonstrate to youth how to stop using tobacco products;

(f) A surveillance and evaluation system that monitors program accountability and results, produces publicly available reports that review how monies expended for the program are spent, and includes an evaluation of the program's effectiveness in reducing and preventing the use of tobacco products, fentanyl and the abuse of drugs, and annual recommendations for improvements to enhance the program's effectiveness.

(4) All programs or activities funded by the State Department of Health through the tobacco, fentanyl and drug abuse education, prevention and cessation program, whether part of a component described in subsection (2) or an additional component, must be consistent with the Best Practices for Comprehensive Tobacco Control Programs of the federal Centers for Disease Control and Prevention, as periodically amended, and all resources and guidelines established by the federal Centers for Disease Control and Prevention to reduce and prevent fentanyl use and drug abuse by youth, as periodically

amended, all funds received by any person or entity under any such program or activity must be expended for purposes that are consistent with those Best Practices and guidelines. ## AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-75-1, Mississippi Code of 1972, is amended as follows:

41-75-1. For the purpose of this chapter:

(a) "Ambulatory surgical facility" means a publicly or privately owned institution that is primarily organized, constructed, renovated or otherwise established for the purpose of providing elective surgical treatment of "outpatients" whose recovery, under normal and routine circumstances, will not require "inpatient" care. The facility defined in this paragraph does not include the offices of private physicians or dentists, whether practicing individually or in groups, but does include organizations or facilities primarily engaged in that outpatient surgery, whether using the name "ambulatory surgical facility" or a similar or different name. That organization or facility, if in any manner considered to be operated or owned by a hospital or a hospital holding, leasing or management company, either for profit or not for profit, is required to comply with all licensing agency ambulatory surgical licensure standards governing a "hospital affiliated" facility as adopted under Section 41-9-1 et seq., provided that the organization or facility does not intend to seek federal certification as an ambulatory surgical facility as provided for at 42 CFR, Parts 405 and 416. If the organization or facility is to be operated or owned by a hospital or a hospital holding, leasing or management company and intends to seek federal certification as an ambulatory facility, then the facility is considered to be "freestanding" and must comply with all licensing agency ambulatory surgical licensure standards governing a "freestanding" facility.

If the organization or facility is to be owned or operated by an entity or person other than a hospital or hospital holding, leasing or management company, then the organization or facility must comply with all licensing agency ambulatory surgical facility standards governing a "freestanding" facility.

(b) "Hospital affiliated" ambulatory surgical facility means a separate and distinct organized unit of a hospital or a building owned, leased, rented or utilized by a hospital and located in the same county in which the hospital is located, for the primary purpose of performing ambulatory surgery procedures. The facility is not required to be separately licensed under this chapter and may operate under the hospital's license in compliance with all applicable requirements of Section 41-9-1 et seq.

(c) "Freestanding" ambulatory surgical facility means a separate and distinct facility or a separate and distinct organized unit of a hospital owned, leased, rented or utilized by a hospital or other persons for the primary purpose of performing ambulatory surgery procedures. The facility must be separately licensed as defined in this section and must comply with all licensing standards promulgated by the licensing agency under this chapter regarding a "freestanding" ambulatory surgical facility. Further, the facility must be a separate, identifiable entity and must be physically, administratively and financially independent and distinct from other operations of any other health facility, and shall maintain a separate organized medical and administrative staff. Furthermore, once licensed as a "freestanding" ambulatory surgical facility, the facility shall not become a component of any other health facility without securing a certificate of need to do that.

(d) "Ambulatory surgery" means surgical procedures that are more complex than office procedures performed under local anesthesia, but less complex than major procedures requiring prolonged postoperative monitoring and hospital care to ensure safe recovery and desirable results. General anesthesia is used in most cases. The patient must arrive at the facility and expect to be discharged on the same day. Ambulatory

surgery shall only be performed by physicians or dentists licensed to practice in the State of Mississippi.

(e) "Abortion" means the use or prescription of any instrument, medicine, drug or any other substances or device to terminate the pregnancy of a woman known to be pregnant with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth or to remove a dead fetus. Abortion procedures after the first trimester shall only be performed at a Level I abortion facility or an ambulatory surgical facility or hospital licensed to perform that service.

(f) "Abortion facility" means a facility operating substantially for the purpose of performing abortions and is a separate identifiable legal entity from any other health care facility. Abortions shall only be performed by physicians licensed to practice in the State of Mississippi. All physicians associated with the abortion facility must have admitting privileges at a local hospital and staff privileges to replace local hospital on-staff physicians. All physicians associated with an abortion facility must be board certified or eligible in obstetrics and gynecology, and a staff member trained in CPR shall always be present at the abortion facility when it is open. The term "abortion facility" includes physicians' offices that are used substantially for the purpose of performing abortions. An abortion facility operates substantially for the purpose of performing abortions if any of the following conditions are met:

(i) The abortion facility is a provider for performing ten (10) or more abortion procedures per calendar month during any month of a calendar year, or one hundred (100) or more in a calendar year.

(ii) The abortion facility, if operating less than twenty (20) days per calendar month, is a provider for performing ten (10) or more abortion procedures, or performing a number of abortion procedures that would be equivalent to ten (10) procedures per month, if the facility were operating twenty (20) or more days per calendar month, in any month of a calendar year.

(iii) The abortion facility holds itself out to the public as an abortion provider by advertising by any public means, such as newspaper, telephone directory, magazine or electronic media, that it performs abortions.

(iv) The facility applies to the licensing agency for licensure as an abortion facility.

(g) "Licensing agency" means the State Department of Health.

(h) "Operating" an abortion facility means that the facility is open for any period of time during a day and has on site at the facility or on call a physician licensed to practice in the State of Mississippi available to provide abortions.

An abortion facility may apply to be licensed as a Level I facility or a Level II facility by the licensing agency. Level II abortion facilities shall be required to meet minimum standards for abortion facilities as established by the licensing agency. Level I abortion facilities shall be required to meet minimum standards for abortion facilities and minimum standards for ambulatory surgical facilities as established by the licensing agency.

Any abortion facility that begins operation after June 30, 1996, shall not be located within one thousand five hundred (1,500) feet from the property on which any church, school or kindergarten is located. An abortion facility shall not be in violation of this paragraph if it is in compliance with this paragraph on the date it begins operation and the property on which a church, school or kindergarten is located within one thousand five hundred (1,500) feet from the facility.

(i) "Freestanding emergency room" is a facility open twenty-four (24) hours a day for the treatment of urgent and emergent medical conditions which is not located on a hospital campus. In order to be eligible for licensure under this chapter, the freestanding emergency room shall be located at least fifteen (15) miles from the nearest hospital-based emergency room in any rural community where the federal CMMS had previously designated a rural hospital as a critical access hospital and that designation has been revoked.

(j) "Post-acute residential brain injury rehabilitation facility" is a facility containing no more than twelve (12) beds providing medically directed long-term but nonacute rehabilitation to patients who have acquired brain injury. In order to be eligible for licensure under this chapter, the post-acute residential brain injury rehabilitation facility shall be located at least twenty-five (25) miles from the nearest acute care rehabilitation hospital and at least five (5) miles from the boundaries of any municipality having a population of ten thousand (10,000) or more, according to the most recent federal decennial census, at the time that facility is established.

(k) "Pilot freestanding emergency room" is a facility open twenty-four (24) hours a day for the treatment of urgent and emergent medical conditions that is not located on a hospital campus. In order to be eligible for licensure under this chapter, the pilot freestanding emergency room shall be located at least fifteen (15) miles from the nearest hospital-based emergency room in a county without emergency hospital care that is open twenty-four (24) hours a day.

SECTION 2. Section 41-75-13, Mississippi Code of 1972, is amended as follows:

41-75-13. (1) The licensing agency shall adopt, amend, promulgate and enforce rules, regulations and standards, including classifications, with respect to ambulatory surgical facilities and abortion facilities, freestanding emergency rooms and post-acute residential brain injury rehabilitation facilities licensed, or which may be licensed, to further the accomplishment of the purpose of this chapter in protecting and promoting the health, safety and welfare of the public by ensuring adequate care of individuals receiving services from such facilities. The licensing agency also shall adopt, amend, promulgate and enforce rules, regulations and standards with respect to the enforcement of the informed consent requirements of Sections 41-41-31 through 41-41-39 at abortion facilities. Such rules, regulations and standards for freestanding emergency rooms shall include a patient transfer policy under which the freestanding emergency room enters into an agreement with a general hospital for a protocol for patient transfers. Such rules, regulations and standards shall be adopted and promulgated by the licensing agency in accordance with the provisions of Section 25-43-1 et seq., and shall be recorded and indexed in a book to be maintained by the licensing agency in its main office in the State of Mississippi, entitled "Rules and Regulations for Operation of Ambulatory Surgical Facilities and Abortion Facilities, Freestanding Emergency Room Facilities and Post-Acute Residential Brain Injury Rehabilitation Facilities." The book shall be open and available to all ambulatory surgical facilities and abortion facilities, freestanding emergency rooms and post-acute residential brain injury rehabilitation facilities and the public during regular business hours.

(2) The licensing agency shall not issue licenses for more than five (5) pilot freestanding emergency rooms. The licensing agency shall adopt criteria for determining which applicants will have priority for receiving a license if there are more than five (5) applications for pilot freestanding emergency room licenses.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-75-1, MISSISSIPPI CODE OF 1972, TO CREATE A DEFINITION FOR PILOT FREESTANDING EMERGENCY ROOMS FOR THE PURPOSE OF LICENSURE; TO AMEND SECTION 41-75-13, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE STATE DEPARTMENT OF HEALTH SHALL NOT ISSUE LICENSES FOR MORE THAN FIVE PILOT FREESTANDING EMERGENCY ROOMS; AND FOR RELATED PURPOSES.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 21-27-77, Mississippi Code of 1972, is amended as follows:

21-27-77. (1) A municipality having a population of one hundred fifty thousand (150,000) as of the most recent decennial census or more may institute a program to address certain disputed or delinquent water and sewer customer accounts. The municipality must adopt rules and procedures to implement the program if instituted. Such rules may consider the customer's ability to pay the full amount of the disputed or delinquent claim. In order for the program to take effect, the mayor of the municipality, the Municipal Director of Public Works, and Executive Director of \* \* \* the Mississippi Public Utilities Staff shall mutually approve such rules and procedures by July 1, 2021. The rules and procedures shall include, but not be limited to, an itemized summary of the amount and number of all accounts judged to be disputed or delinquent. The municipality's authority to compromise doubtful claims is limited to the following cases:

(a) (i) Instances of error on the part of the municipality such as equipment failure, process failure or billing failure;

(ii) Instances of error on the part of the municipality due to unforeseen circumstance such as damage, extreme weather-related event, declared disaster or emergency, or mandatory evacuation, but only to the extent the customer did not receive the benefit of the water or sewer service; and

(b) Instances where the customer's ability to pay or the amount of the customer's overdue balance for water and sewer service can be reasonably adjudged to be uncollectible, in which case the municipality may utilize an installment payment agreement to allow the customer additional time to pay a prescribed portion of the outstanding balance, and as part of the installment payment plan, to offer the utilization by the municipality of accounting procedures to move the remaining balance as an uncollectible debt to a special municipal accounting category of uncollectible or inactive accounts as outlined in the program rules if the customer fulfills all terms of the installment plan. The prescribed portion must require some payment by the customer. The program must provide that the accounting adjustments under this paragraph (b) do not result in forgiveness of uncollectible debts.

(2) The municipality may set program parameters to take into account the principle of collateral estoppel as to its own prior service, billing or collection actions.

(3) Any utility that participates in the program shall provide by January 1, 2022, to the Governor, Lieutenant Governor, Speaker of the House of Representatives, and Mississippi Public Utilities Staff a report that details the utility's revenue collection, the number of accounts that have been adjudged uncollectable, the number of accounts that are participating in the installment payment plans, the number of accounts that are overdue, and the effect of the program on the utility's revenue collection. Such report

shall also include the utility's plan to address any remaining disputed or delinquent claims that have not been resolved, to provide fair and accurate bills to all of its customers, and to reduce equipment failure, process failure, and billing failures in the future.

(4) For the purpose of this section, the Executive Director of the Mississippi Public Utilities Staff may enter into professional services contracts to ensure the success of the program. The municipally owned utility shall reimburse the Mississippi Public Utilities Staff for such contracts, not to exceed Two Hundred Thousand Dollars (\$200,000.00) over the duration of the program.

(5) This section shall stand repealed on July 1, \*\*\* 2023.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 21-27-77, MISSISSIPPI CODE OF 1972, TO EXTEND THE AUTOMATIC REPEALER ON THE SECTION ALLOWING CERTAIN MUNICIPALITIES TO ADOPT RULES AND PROCEDURES FOR ACCOUNTING SYSTEM ACCOMMODATION OF CERTAIN UNCOLLECTIBLE INDEBTEDNESS OWED BY A CUSTOMER FOR WATER AND SEWER SERVICES; AND FOR RELATED PURPOSES.

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-59-3, Mississippi Code of 1972, is amended as follows:

41-59-3. As used in this chapter, unless the context otherwise requires, the term:

(a) "Ambulance" means any privately or publicly owned land or air vehicle that is especially designed, constructed, modified or equipped to be used, maintained and operated upon the streets, highways or airways of this state to assist persons who are sick, injured, wounded, or otherwise incapacitated or helpless;

(c) "License" means an authorization to any person, firm, corporation, or governmental division or agency to provide ambulance services in the State of Mississippi;

(d) "Emergency medical technician" means an individual who possesses a valid emergency medical technician's certificate issued under the provisions of this chapter or who has a privilege to practice under the Emergency Medical Services Personnel Licensure Interstate Compact;

(e) "Certificate" means official acknowledgment that an individual has successfully completed (i) the recommended basic emergency medical technician training course referred to in this chapter which entitles that individual to perform the functions and duties of an emergency medical technician, or (ii) the recommended medical first responder training course referred to in this chapter which entitles that individual to perform the functions and duties of a medical first responder;

(f) "Board" means the State Board of Health;

(g) "Department" means the State Department of Health, Division of Emergency Medical Services;

(h) "Executive officer" means the Executive Officer of the State Board of Health, or his designated representative;

(i) "First responder" means a person who uses a limited amount of equipment to perform the initial assessment of and intervention with sick, wounded or otherwise incapacitated persons;

(j) "Medical first responder" means a person who uses a limited amount of equipment to perform the initial assessment of and intervention with sick, wounded or otherwise incapacitated persons who (i) is trained to assist other EMS personnel by successfully completing, and remaining current in refresher training in accordance with, an approved "First Responder: National Standard Curriculum" training program, as developed and promulgated by the United States Department of Transportation; (ii) is nationally registered as a first responder by the National Registry of Emergency Medical Technicians; and (iii) is certified as a medical first responder by the State Department of Health, Division of Emergency Medical Services;

(q) "Emergency medical call" means a situation that is presumptively classified at time of dispatch to have a high index of probability that an emergency medical condition or other situation exists that requires medical intervention as soon as possible to reduce the seriousness of the situation, or when the exact circumstances are unknown, but the nature of the request is suggestive of a true emergency where a patient may be at risk;

(1) An emergency medical technician certificate so issued shall be valid for a period not exceeding two (2) years from the date of issuance and may be renewed upon payment of a renewal fee to be fixed by the board, which shall be paid to the board, provided that the holder meets the qualifications set forth in this Chapter 59 and Chapter 60 and rules and regulations promulgated by the board. Any increase in the fee charged by the board under this subsection shall be in accordance with the provisions of Section 41-3-65.

(2) The board is authorized to suspend or revoke a certificate so issued at any time it is determined that the holder no longer meets the prescribed qualifications.

(3) It shall be unlawful for any person, corporation or association to, in any manner, represent himself, herself or itself as an Emergency Medical Technician-Basic, Emergency Medical Technician-Advanced, Emergency Medical Technician-Paramedic, Emergency Medical Technician-Paramedic Critical Care, or Emergency Medical Services Driver, or use in connection with his or its name the words or letters of EMT, emt, paramedic, critical care paramedic, or any other letters, words, abbreviations or insignia which would indicate or imply that he, she or it is an Emergency Medical Technician-Basic, Emergency Medical Technician-Advanced, Emergency Medical Technician-Paramedic, Emergency Medical Technician-Paramedic Critical Care, or Emergency Medical Services

Driver, unless certified in accordance with Chapters 59 and 60 of this title and in accordance with the rules and regulations promulgated by the board; or a person who has a privilege to practice under the Emergency Medical Services Personnel Licensure Interstate Compact. 21-1-49. (1) In the event any census taken under an act of Congress shall show that any municipality contains less than fifty (50) inhabitants, then such municipality shall be automatically abolished and all its rights and powers as a municipal corporation shall thereupon cease. In such cases it shall be the duty of the Secretary of State to make an appropriate notation on the records of such municipal corporation in his office showing that such municipal corporation has been abolished because of having less than fifty (50) inhabitants, and he shall forthwith send a notice to the municipal authorities advising them of such fact, and shall send a copy of the notice to the chancery clerk of the county in which such municipality is located. However, the failure of the Secretary of State to make such notation or to send such notice shall not prevent the abolition of such municipal corporation as is herein provided, but such abolition shall result automatically from the fact that the census shows that such municipal corporation has less than fifty (50) inhabitants.

(2) Any municipality having not less than fifty (50) inhabitants and having heretofore been abolished under the federal census of 1970 by operation of language formerly employed in this section providing for such abolition should a municipality contain less than ninety-two (92) inhabitants, is hereby restored to all rights and privileges as a municipality after the most recent governing authority of the municipality gives notice to the Secretary of State that such municipality desires to be restored to all rights and privileges as a municipality.

(3) Any municipality having less than fifty (50) inhabitants and having heretofore been abolished under the federal census of 2020 in accordance with subsection (1) of this section, shall be temporarily restored of all rights and privileges as a municipality upon providing documentation to the Secretary of State that the municipality has submitted its intent to challenge the findings of the federal census of 2020 in accordance with the procedures of the United States Census Bureau, or any successor agency. Upon a

finding by the United States Census Bureau, or any successor agency, that the municipality has fifty (50) or more inhabitants, the municipality will be restored to all rights and privileges as a municipality.

SECTION 4. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-59-3, MISSISSIPPI CODE OF 1972, TO DEFINE NONTRANSPORT EMERGENCY MEDICAL SERVICES; TO AMEND SECTION 41-59-35, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE STATE DEPARTMENT OF HEALTH AND MISSISSIPPI INSURANCE DEPARTMENT TO DEVELOP A COORDINATED ENTITY TO PROVIDE A STATEWIDE SYSTEM OF NONTRANSPORT EMERGENCY MEDICAL SERVICES; TO AMEND SECTION 21-1-49, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT IF ANY MUNICIPALITY HAS BEEN ABOLISHED BASED ON THE FINDINGS OF THE FEDERAL CENSUS OF 2020 THAT INDICATE A MUNICIPALITY HAS LESS THAN FIFTY INHABITANTS, SUCH MUNICIPALITY SHALL HAVE ALL ITS RIGHTS AND PRIVILEGES TEMPORARILY RESTORED AS A MUNICIPALITY UPON PROVIDING DOCUMENTATION TO THE SECRETARY OF STATE THAT THE MUNICIPALITY HAS SUBMITTED ITS INTENT TO CHALLENGE SUCH FINDINGS; TO PROVIDE THAT IF THE UNITED STATES CENSUS BUREAU LATER FINDS THAT A MUNICIPALITY HAS FIFTY OR MORE INHABITANTS, THEN ALL SUCH RIGHTS AND PRIVILEGES OF THE MUNICIPALITY WILL BE RESTORED; AND FOR RELATED PURPOSES.

SECTION 2. (1) For the purpose of providing funds to promote tourism in the city, including, but not limited to, staffing, leasing, purchasing, building, constructing, improving and renovating facilities for tourism, providing public safety to promote tourism, and funding advertising and marketing campaigns to promote and enhance tourism, the governing authorities are authorized, in their discretion, to levy, assess and collect from every person or entity operating a hotel or motel, in addition to all other taxes currently being levied, assessed and collected, a tax not to exceed three percent (3%) of the gross proceeds of sales of room rentals for each such hotel or motel.

(2) Persons or entities liable for the tax shall add the amount of the tax to the sales price and shall collect the amount of the tax due by them from the person receiving the services at the time of payment.

SECTION 3. (1) Before levying the tax, the governing authorities shall adopt a resolution declaring their intention to hold an election on the question of whether to levy the tax, setting forth the amount of the tax to be imposed, the effective date of the tax and the date of the election. Notice of such intention and election shall be published once each week for three (3) consecutive weeks in a newspaper published or having a general circulation in the city, with the first publication of the notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the election and the last publication to be made not more than seven (7) days before the election. (2) The proceeds of the tax, less three percent (3%) which shall be retained by the Department of Revenue to cover the cost of collection, shall be paid to the city on or before the fifteenth day of the month following the month in which it was collected.

(3) The proceeds of the tax shall not be considered by the city as general fund revenues but shall be set aside and earmarked by the city in a special account to be dedicated solely for the purpose of promoting tourism in the city.

(4) The records reflecting the receipts and expenditures of the revenue from the tax shall be audited annually by an independent certified public accountant, and the accountant shall make a written report of his audit to the governing authorities. The audit shall be made and completed as soon as practicable after the close of the fiscal year, and expenses of the audit may be paid from the funds derived from the tax authorized in this act.

(d) To exercise activities related to promoting tourism in the city, including, but not limited to, contracting with other entities, preparing marketing and advertising campaigns and marketing and staging events to promote tourism in the city.

SECTION 6. The city may pledge revenues derived from the tax authorized in this act as security to repay any indebtedness of the city which the city may otherwise be authorized to incur under the laws of the state that is consistent with the purposes of this act.

SECTION 7. Subject to the provisions of this act, and provided there is no indebtedness or obligation outstanding under this act, the governing authorities are authorized to discontinue the tax levied under this act by adopting a resolution to that effect. The discontinuance of the tax shall be effective beginning on the first day of the month designated in the resolution, and the tax levy shall not apply to sales made on or after that date. A certified copy of the resolution discontinuing the tax shall be delivered to the Department of Revenue at least seven (7) days before the date set in the resolution for the discontinuance of the tax.

The tax shall not be levied upon or collected from gross proceeds of nontaxable rooms or room rentals for day meetings that do not serve as overnight sleeping accommodations. Such tax shall be in addition to all other taxes now imposed.

(b) For the purpose of constructing, financing and operating a sports park, the governing authorities are authorized to levy upon every person, firm or corporation operating a hotel or motel in the city, an additional tax, in an amount not to exceed one percent (1%) of the gross proceeds of sales from room rentals of hotels and motels in the city, including charges for telephone, laundry and other similar charges. The tax shall not be levied upon or collected from gross proceeds of nontaxable rooms or room rentals for day meetings that do not serve as overnight sleeping accommodations. (2) (a) The governing authorities also are authorized to impose upon persons doing business within the city other than the tax imposed on hotel and motel rooms under subsection (1) of this section, a tax at a rate of not to exceed one percent (1%) on the gross receipts of restaurants and bars from retail sales of prepared food, beer and/or alcoholic beverages; however, the tax shall not apply to restaurants/bars whose gross proceeds of sales or gross income is less than One Hundred Thousand Dollars (\$100,000.00) per calendar year based upon sales or income for the preceding calendar year. For the purposes of calculating gross proceeds of sales or gross income, the sales or income of all establishments owned, operated or controlled by the same person, persons or corporations shall be aggregated.

(b) For the purpose of constructing, financing and operating a sports park, the governing authorities are authorized to impose upon persons doing business within the city an additional tax at a rate of not to exceed one percent (1%) on the gross receipts of restaurants and bars from retail sales of prepared food, beer and/or alcoholic beverages; however, the tax shall not apply to restaurants/bars whose gross proceeds of sales or gross income is less than One Hundred Thousand Dollars (\$100,000.00) per calendar year based upon sales or income for the preceding calendar year. For the purposes of calculating gross proceeds of sales or gross income, the sales or income of all establishments owned, operated or controlled by the same person, persons or corporations shall be aggregated. The tax shall be in addition to all other taxes now imposed.

(3) (a) Before a tax authorized by this act may be imposed, the governing authority of the City of Grenada, Mississippi, shall adopt a resolution declaring its intention to levy the tax and establishing the amount of the tax levy and the date on which this tax initially shall be levied and collected. This date shall be the first day of a month but shall not be sooner than the first day of the second month following the date of adoption of the resolution. Notice of the proposed tax levy shall be published once each week for at least three (3) consecutive weeks in a newspaper having a general circulation in the city. The

first publication of such notice shall be made not less than twenty-one (21) days prior to the date fixed in the resolution on which the governing authority proposes to levy such tax, and the last publication of such notice shall be made not more than seven (7) days prior to such date. If, within the time of giving notice, twenty percent (20%) or fifteen hundred (1500), whichever is less, of the qualified electors of the city file a written petition against the levy of such tax, then such tax shall not be levied unless authorized by a majority of the qualified electors of such city voting at an election called and held for that purpose. Prior to the effective date of the tax levy approved as herein provided, the governing authority shall furnish to the Chairman of the Department of Revenue a certified copy of the resolution evidencing such tax levy. This paragraph shall not apply to the tax authorized to be levied under subsections (1)(b) and (2)(b) of this section.

(b) If the tax levied under subsections (1)(a) and (2)(a) of this section was imposed without a vote of the electorate, the governing authorities shall, within sixty (60) days after the effective date of House Bill No. 1425, 2015 Regular Session, by resolution spread upon its minutes, declare the intention of the governing authorities to continue imposing the tax and describe the tax levy including the tax rate, annual revenue collections and the purposes for which the proceeds are used. The resolution shall be published once a week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the municipality, with the first publication to be made within fourteen (14) days after the governing authorities adopt the resolution declaring their intention to continue the tax. If, on or before the date specified in the resolution for filing a written protest, which date shall be not less than forty-five (45) days and not more than sixty (60) days after the governing authorities adopt the resolution, twenty percent (20%) or one thousand five hundred (1,500), whichever is less, of the qualified electors of the municipality file a written protest against the imposition of the tax, then an election upon the levy and assessment of the tax shall be called and held as in the manner provided for in paragraph (a) of this subsection, with the election to be conducted at the next special election day as such is defined by Section 23-15-833, Mississippi Code of 1972, occurring more than sixty (60) days after the date specified in the resolution for filing a written protest. If the requisite number of qualified electors vote against the imposition of the tax, the tax shall cease to be imposed on the first day of the month following certification of the election results by the election commissioners of the municipality to the governing authorities. The governing authorities shall notify the Department of Revenue of the date of the discontinuance of the tax and shall publish sufficient notice thereof in a newspaper published or having a general circulation in the municipality. If no protest is filed, then the governing authorities shall state that fact in their minutes and may continue the levy and assessment of the tax.

This paragraph (b) shall not apply if the revenue from the tax authorized by this chapter has been contractually pledged for the payment of debt incurred prior to the effective date of House Bill No. 1425, 2015 Regular Session, until such time as the debt is satisfied. Once the debt has been satisfied, the governing authorities, shall within sixty (60) days, adopt a resolution declaring the intention of the governing authorities to continue the tax which shall initiate the procedure described in paragraph (a) of this section.

(c) Before the additional tax authorized under subsections (1)(b) and (2)(b) of this section may be imposed, the governing authorities shall adopt a resolution declaring their intention to levy the tax, setting forth the amount of the tax to be imposed, the date upon which the tax shall become effective and calling for an election to be held on the question. The date of the election shall be fixed in the resolution. Notice of such intention and the election shall be published once each week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the city, with the first publication of the notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the election and the last publication to be made not more than seven (7) days before the election. At the election, all qualified electors of the city may vote, and the ballots used in the election shall have printed thereon a brief statement of the amount and purposes of the proposed tax levy and the words "FOR THE

TAX" and, on a separate line, "AGAINST THE TAX" and the voters shall vote by placing a cross (X) or check (□) opposite their choice on the proposition. When the results of the election shall have been canvassed and certified, the city may levy the additional tax if sixty percent (60%) of the qualified electors who vote in the election vote in favor of the tax. At least thirty (30) days before the effective date of the additional tax, the governing authorities shall furnish to the Department of Revenue a certified copy of the resolution evidencing the tax.

(4) Persons, firms or corporations liable for the tax imposed herein shall add the amount of tax to the sales price of room rentals and, in addition thereto, shall collect, insofar as practicable, the amount of the tax due from the person receiving the services at the time of payment therefor.

(5) Such tax shall be collected by and paid to the Department of Revenue on a form prescribed by the Department of Revenue, in the same manner that state sales taxes are computed, collected and paid; and the full enforcement provisions and all other provisions of Chapter 65, Title 27, Mississippi Code of 1972, shall apply as necessary to the implementation and administration of this act.

(6) The proceeds of such tax, less three percent (3%) to be retained by the Department of Revenue to defray the costs of collection, shall be paid to the governing authority of the City of Grenada, Mississippi, on or before the fifteenth day of the month following the month in which collected.

(7) (a) The proceeds of the tax levied under subsections (1)(a) and (2)(a) shall not be considered by the city as general fund revenues but shall be dedicated to and used by the commission solely for the purpose of carrying out programs and activities designed to attract tourists to the city and surrounding area. Fifty percent (50%) of the tax or revenue shall be placed in an interest-bearing tourism escrow fund for the construction, financing and operation of a convention center or any other use that may promote tourism as determined by the City of Grenada. The convention center shall be carefully planned and constructed with the cooperation of the governing authorities and the commission.

(b) The proceeds of the tax levied under subsections (1)(b) and (2)(b) of this section shall not be considered by the city as general fund revenues but shall be dedicated to and used by the city solely for the purpose of constructing, financing and operating a sports park.

(8) Before the expenditure of funds herein prescribed, a budget reflecting the anticipated receipts and expenditures shall be approved by the governing authorities. The first budget of receipts and expenditures shall cover the period beginning with the effective date of the taxes and ending with the end of the city's fiscal year, and, thereafter, the budget shall be on the same fiscal basis as the budget of the city.

Section 4. The books of the commission shall be audited annually by an independent certified public accountant, and the accountant shall make a written report of his audit to the commission who shall thereupon submit a copy of such report to the governing authorities. Such audit shall be made and completed as soon as practicable after the close of the fiscal year, and copies of the report of such audit shall be filed with the city clerk within fifteen (15) days after receipt thereof by the commission.

Section 5. Sections 1 through 4 of this act shall stand repealed on September 30, \* \* \* 2023.

SECTION 2. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator McMahan called up the following entitled bill:

**H. B. No. 1757:** Harrison County; clarify hotel/motel tax for Coast Coliseum and Convention Center shall solely be applied to overnight room rentals.

Senator McMahan offered the following AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Sections 1 through 12 of Chapter 1012, Local and Private Laws of 2004, are amended as follows:

Section 1. For the purposes of Sections 1 through 12 of this act:

(a) "Board of supervisors" means the Board of Supervisors of Harrison County, Mississippi.

(b) "County" means Harrison County, Mississippi.

(c) "Hotel" or "motel" means and includes any establishment engaged in the business of furnishing or providing more than ten (10) rooms intended or designed for dwelling, lodging or sleeping purposes that at any one time will accommodate transient guests on a daily or weekly basis and that are known to the trade as such.

Section 2. (1) Before the issuance of bonds provided for in Section 6 of this act, the board of supervisors shall levy, assess and collect from every person, firm, corporation or other entity operating hotels or motels in the county, a tax, in addition to all other taxes or assessments now imposed, which shall be equal to two percent (2%) of the gross proceeds from room rentals of all hotels or motels in the county. However, such tax shall solely apply to overnight room rentals of hotels and motels within the county and shall not apply to any ancillary revenues derived from hotel or motel patrons including, but not limited to, resort fees, meeting rooms, pool passes and food and beverage sales.

(2) Persons, firms, corporations or other entities liable for the tax imposed by subsection (1) of this section shall add the amount of such tax to the room rental and in addition thereto shall collect, insofar as practicable, the amount of the tax due from the person renting the room at the time of payment therefor.

Section 3. (1) Before any tax authorized under Sections 1 through 12 of this act may be imposed, the governing authorities shall adopt a resolution declaring its intention to levy the taxes, setting forth the amount of such tax to be imposed, the date upon which such taxes shall become effective and calling for a referendum to be held on the question. The date of the referendum shall be the first Tuesday after the first Monday in November 2004. Notice of such intention shall be published once each week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the county, with the first publication of such notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the referendum and the last publication to be made not more than seven (7) days before the referendum. At the referendum, all qualified electors of the county may vote, and the ballots used in such referendum shall have printed thereon a brief statement of the amount and purposes of the proposed tax levy and the words "FOR THE HOTEL-MOTEL TAX TO FUND THE IMPROVEMENT AND EXPANSION OF THE MISSISSIPPI COAST COLISEUM AND CONVENTION CENTER" and, on a separate line, "AGAINST THE HOTEL-MOTEL TAX TO FUND THE IMPROVEMENT AND EXPANSION OF THE MISSISSIPPI COAST COLISEUM AND CONVENTION CENTER", and the voters shall vote by placing a cross (X) or check (✓) opposite their choice on the proposition. When the results of any such referendum shall have been canvassed by the election commission and certified, the county may levy the taxes beginning on the first day of the second month following the referendum, only if at least sixty percent (60%) of the qualified electors who vote in the election vote in favor of the tax. No public funds shall be used for the purpose of promoting the adoption of the referendum and no employee of the county or any city located in the county, other than elected public officials, may promote the referendum during business hours.

(2) If a referendum has been held under the provisions of subsection (1) of this section, and the authority of the county to impose the convention center taxes has been denied by the electors of the county, a subsequent referendum on the issue may be held on the first Tuesday after the first Monday in November 2006. If a second referendum is held, and the authority to impose the convention center taxes has been denied again by the electors of the county, no further referendum may be held.

Section 4. (1) On or before the fifteenth day of the month prior to the imposition of the tax authorized in Section 2 of this act, the board of supervisors shall give written notification to the \* \* \* Commissioner of Revenue of the date on which the tax will become effective.

(2) The tax shall be collected by and paid to the \* \* \* Department of Revenue in the same manner as state sales taxes are computed, collected and paid, and full enforcement provisions and all other provisions of Chapter 65, Title 27, Mississippi Code of 1972, shall apply as necessary to the implementation of Sections 1 through 12 of this act.

(3) Except as otherwise provided in Section 27-3-58, the revenue from the special tax collected under the provisions of this section during the preceding month shall be paid to the county on or before the fifteenth day of each month.

(4) The proceeds of such taxes shall be placed into a separate fund apart from the county general fund and any other funds of the county, and shall be expended by the county as provided in Section 10(1) of this act.

(5) The tax imposed by Sections 1 through 12 of this act shall stand repealed on the first day of the month immediately succeeding the date the payment of the principal of, redemption premium, if any, and interest on the bonds issued pursuant to Sections 1 through 12 of this act have been paid in full. Any revenue from the tax remaining after the payment of the principal of, redemption premium, if any, and interest on the bonds issued pursuant to Sections 1 through 12 of this act have been paid in full shall be transferred to the county general fund.

Section 5. The proceeds of the bonds issued pursuant to Sections 1 through 12 of this act shall be utilized:

(a) For the purpose of defraying the cost of constructing, repairing, equipping, remodeling, enlarging, expanding or improving the Mississippi Coast Coliseum and Convention Center; and

(b) To retire bonds issued by the county after May 1, 1995, but prior to the effective date of this act, to defray the cost of expanding the Mississippi Coast Coliseum and Convention Center.

Section 6. The board of supervisors is authorized and empowered, in its discretion, to issue general obligation bonds of the county in the aggregate principal amount not to exceed Sixty-eight Million Dollars (\$68,000,000.00) for the purposes provided for in Section 5 of this act. As used in Sections 1 through 12 of this act, "bonds" shall be deemed to mean and include bonds, refunding bonds, notes or certificates of participation. The full faith and credit of the county shall be irrevocably pledged for the payment of the principal of and interest on the bonds.

Section 7. Bonds authorized by Sections 1 through 12 of this act, other than refunding bonds, shall be issued pursuant to Sections 19-9-1 through 19-9-31 or as may be otherwise provided by law; however, no election shall be held under the provisions of Sections 19-9-1 through 19-9-31, upon the question of the issuance of bonds authorized under Sections 1 through 12 of this act.

Section 8. Bonds issued pursuant to Sections 1 through 12 of this act shall not be deemed indebtedness within the meaning of Section 19-9-5. Bonds issued pursuant to Sections 1 through 12 of this act shall be submitted by validation under Sections 31-13-1 through 31-13-11.

Section 9. Bonds issued under Sections 1 through 12 of this act may be refunded at any time and from time to time by the county pursuant to an authorizing resolution of the board of supervisors, directing issuance of refunding bonds in accordance with the "Mississippi Bond Refinancing Act" (Section 31-27-1 et seq., Mississippi Code of 1972).

Section 10. (1) The avails of the tax provided for in Sections 1 through 12 of this act shall be used solely for the payment of the principal of, redemption premium, if any, and interest on the bonds, and for the payment of expenses of issuance thereof or reserve funds therefor.

(2) To the extent the proceeds of the tax provided for in Sections 1 through 12 of this act and any other amounts which may, from time to time, be available for the payment of the principal of, redemption premium, if any, and interest on the bonds, including any available revenues of the project, are not sufficient for such purpose, the board of supervisors shall levy a special ad valorem tax upon all of the taxable property within the county which shall be sufficient, together with other money available for such purpose, to provide for the payment of the principal of, redemption premium, if any, and interest on such bonds according to the terms thereof.

Section 11. Sections 1 through 12 of this act shall be liberally construed for the purposes herein set out, the power hereby granted shall be deemed to be full and complete authority for the issuance of bonds under Sections 1 through 12 of this act and shall be construed as additional, cumulative and supplemental to any power granted to the county by any general or local and private act of the Legislature.

Section 12. The provisions of Sections 1 through 12 of this act shall be repealed in the event that two (2) referenda on the question of imposing convention center taxes have been denied by the electors of the county. If this event occurs, the Circuit Clerk of Harrison County shall notify the Chairmen of the Local and Private Committees of the House of Representatives and Senate of the Mississippi State Legislature.

SECTION 2. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 1 THROUGH 12 OF CHAPTER 1012, LOCAL AND PRIVATE LAWS OF 2004, TO CLARIFY THAT THE 2% TAX LEVIED ON ROOM RENTALS OF HOTELS AND MOTELS IN HARRISON COUNTY, MISSISSIPPI, WHICH SUPPORTS THE IMPROVEMENT AND EXPANSION OF THE MISSISSIPPI COAST COLISEUM AND CONVENTION CENTER, SHALL SOLELY APPLY TO OVERNIGHT ROOM RENTALS OF THE HOTELS AND MOTELS AND SHALL NOT APPLY TO ANY ANCILLARY REVENUES DERIVED FROM HOTEL OR MOTEL PATRONS; AND FOR RELATED PURPOSES.

SECTION 4. (1) The City of Clinton, the City of Raymond, and the Town of Bolton are authorized to file a joint petition, which may be joined in by any public agency and/or public utility lying wholly or partly within the authority's area, for the organization of the Clinton/Raymond/Bolton Wastewater Authority in this state under the provisions of this act in the manner hereafter provided; and when so organized, such

Clinton/Raymond/Bolton Wastewater Authority shall be a political subdivision of the State of Mississippi, and a body politic and corporate, and shall have the powers granted to the Clinton/Raymond/Bolton Wastewater Authority under this act.

(2) A petition for the organization of a wastewater authority shall be filed in the Chancery Court of Hinds County, which petition shall show the proposed wastewater authority's area, the proposed member municipalities and/or public agencies and/or public utilities and the necessity and desirability of the proposed wastewater authority and shall be signed by duly authorized elected public officials of the municipalities within the proposed wastewater authority's area joining in filing the petition and the authorized officers of any other public agency and/or public utility joining in the petition. Upon the filing of the petition, the chancery clerk shall promptly give written notice of the same to a chancellor of the chancery court who shall enter an order setting a date not less than thirty (30) days from the date of the order for a hearing on the organization of such wastewater authority. Any public agency not a petitioner and any public and/or private utility within the proposed authority's area shall be served with process as a party defendant to the petition. The chancery clerk shall cause a notice of such hearing addressed to the taxpayers and qualified electors of the proposed wastewater authority's area and all other persons interested to be published once a week for at least three (3) successive weeks in a newspaper or newspapers published in Hinds County having a general circulation within the proposed wastewater authority's area, which notice shall state the date, place and time of such hearing, that a petition has been filed to organize a wastewater authority under the provisions of this act, describe the proposed wastewater authority's area, and command that all such persons appear before the chancery court or the chancellor in vacation on the date and hour of the hearing to show cause, if any they can, why the proposed wastewater authority should not be organized and established as set forth in the petition. The first publication shall be at least twenty-one (21) days before the date of such hearing and the last publication shall be not more than seven (7) days before the date of such hearing.

(3) The chancery clerk may hear the petition at any term thereof, or the chancellor of the court may fix a time to hear such petition at any time in vacation, and may determine all matters pertaining thereto, may adjourn the hearing from time to time, and may continue the case for want of sufficient notice or other good cause. If the petition shall prove defective in any manner, the petitioners, upon motion, shall be permitted to amend the same. At such hearing, or a day to which the same may be continued, the chancellor shall take evidence and all interested persons objecting to the creation of such wastewater authority may appear and contest the same. If the chancellor shall find that a sound plan exists for the creation of a wastewater authority to accomplish the purposes set forth in this act and the same would meet a public necessity, he or she shall render a decree creating such wastewater authority under the provisions of this act, specifying in the decree the wastewater authority's area to be served thereby, which may be less than the area set out in the petition. The chancellor shall not include within the area of a proposed wastewater authority any area lying within the corporate limits of a municipality unless such municipality shall have either joined in the petition or filed a written consent to such inclusion adopted by its governing body. If the chancellor finds that the proposed wastewater authority should not be organized, then he or she shall dismiss the proceedings.

SECTION 5. (1) When so organized, the authority shall have the power to sue and be sued, provided that the authority shall not be liable and shall be immune from suit at law or in equity on account of any wrongful or tortious act or omission, including libel, slander or defamation, by it, or any such act or omission by any employee of the authority, subject to and in accordance with the provisions of Sections 11-46-1 through 11-46-19, Mississippi Code of 1972.

(2) If at any time any public agency or public utility within the authority's area shall elect to become a member agency of the authority by a majority vote of the governing body of such public agency or public utility, such public agency or public utility may be

admitted as a member agency of the authority, upon the approval by a three-fifths (3/5) affirmative vote of the total membership of the board of directors of the authority.

SECTION 6. All powers of the authority shall be exercised by a board of directors to be selected and composed as follows: The governing body of each member agency shall appoint one (1) person to serve on the board of directors for each thirty percent (30%) or less of the flow that member's flow represents of the total flow of the authority as determined on December 31 of the preceding year, each such director to serve at the pleasure of the respective governing body. At the time any additional public agency or public utility is added as a member of the authority and appoints one (1) person to serve on the board of directors, the member which has fifty-one percent (51%) or more of the total flow of the authority as determined on December 31 of the preceding year, shall before the next board meeting also appoint an additional person to serve on the board of directors.

The board of directors of the authority shall annually elect from its number a president and vice president of the authority and such other officers as, in the judgment of the board, are

necessary. The president shall be the chief executive officer of the authority and the presiding officer of the board, and shall have the same right to vote as any other director. The vice president shall perform all duties and exercise all powers conferred by this act upon the president when the president is absent or fails or declines to act, except the president's right to vote. The board shall also appoint a secretary and a treasurer who may or may not be members of the board, and it may combine those officers. The treasurer shall give bond in the sum of not less than Fifty Thousand Dollars (\$50,000.00) as set by the board of directors, and each director may be required to give bond in the sum of not less than Ten Thousand Dollars (\$10,000.00), with sureties qualified to do business in this state, and the premiums on the bonds shall be an expense of the authority. Each such bond shall be payable to the State of Mississippi; the condition of each such bond shall be that the treasurer or director will faithfully perform all duties of his or her office and account for all money or other assets which shall come into his or her custody as treasurer or director of the authority.

All business of the authority shall be transacted by a three-fifths (3/5) affirmative vote of the total membership of the board of directors. The quorum for any meeting of the board of directors shall be three-fifths (3/5) of the total membership of the board of directors. Upon admission of a new member agency, the authority and the new member agency are each authorized to enter into agreements with the other setting out the responsibilities and obligations of both the authority and the member agency and setting forth the terms and conditions of the business to be conducted between them.

SECTION 7. The authority is authorized and empowered to acquire, construct, improve, enlarge, extend, repair, operate and maintain one or more systems and to make contracts with any person in furtherance thereof; and to make contracts with any public agency or public utility, under the terms of which the authority will collect, transport, treat and/or dispose of wastewater. The authority may also enter into contracts with any person to design and construct any system, and thereafter purchase, lease or sell, by installments over such terms as may be deemed desirable, or otherwise, any such system. The authority is also authorized to enter into operating agreements with any person, for such terms and upon such conditions as may be deemed desirable, for the operation of any facilities or systems; and the authority may lease to or from any person, for such term and upon such conditions as may be deemed desirable, any facilities or systems. Any such contract may contain provisions requiring any public agency or public utility or other person to regulate the quality and strength of waste to be handled by the system and may also provide that the authority shall have the right to use any streets, alleys and public ways and places within the jurisdiction of a public agency or public utility during the term of the contract. Any provision of this act to the contrary notwithstanding, the authority shall not become the owner of any existing system unless all municipalities or other public

agencies or public utilities currently utilizing such system or any portion thereof are offered access to such system.

SECTION 8. The authority, through its board of directors, in addition to any and all powers now or hereafter granted to it, is hereby empowered:

(a) To develop and maintain long-range planning for the collection, transportation, treatment and/or disposal of wastewater and for pollution abatement.

(b) To adopt and issue a certificate of convenience and necessity to use the power of eminent domain, including the right of immediate possession, in the acquisition of real property. Upon the adoption of a certificate of convenience and necessity, which shall state the description of the real property needed to be acquired by eminent domain, the authority shall transmit a copy of the certificate to the governing authorities of any public agency with the power of eminent domain or any other entity with the power of eminent domain. The public agency or other entity may initiate proceedings under the provisions of Chapter 27, Title 11, Mississippi Code of 1972, on behalf of the authority to carry out the purposes set forth in the certificate. The eminent domain proceeding thereby initiated shall be conducted according to and governed by the provisions of Chapter 27, Title 11, Mississippi Code of 1972.

(c) To acquire and to own, maintain, use, operate and convey or otherwise dispose of any and all property of any kind, real, personal or mixed, or any interest therein within or without the boundaries of its designated area necessary or convenient to the exercise of the purposes of its powers with respect to the collection, transference, transportation, treatment and/or disposal of wastewater, unless any of the foregoing is otherwise prohibited under the State Constitution or this act. The amount and character of interest in land, other property, and

easements thus to be acquired shall be determined by the board of directors, and their determination shall be conclusive and shall not be subject to attack in the absence of manifold abuse of discretion or fraud on the part of such board in making such determination. However, (i) in acquiring lands, the authority shall not acquire minerals or royalties; provided that sand and gravel shall not be considered as minerals within the meaning of this section; and (ii) no person or persons owning the drilling rights or the right to share in production shall be prevented from exploring, developing or producing oil or gas with necessary right-of-way for ingress and egress, pipelines and other means of transporting interests on any land or interest thereon of the authority held or used for the purposes of this act; but any such activities shall be under such reasonable regulations by the board of directors as will adequately protect the systems of the authority contemplated by this act.

(d) To provide for the necessary relocation or rerouting of roads and highways, railroad, telephone and telegraph lines and properties, electric power lines, gas pipe lines and related facilities, or to require the anchoring or other protection of any of these, provided due compensation is first paid to the owners thereof or agreement is had with such owners regarding the payment of the cost of such relocation, and to acquire easements or rights-of-way for such relocation or rerouting and to convey the same to the owners of the property being relocated or rerouted in connection with the purpose of this act.

(e) Unless otherwise prohibited under the State Constitution, state law or this act, to enter into contracts with any public agency or public utility, including, but not limited to, contracts authorized under this act, in furtherance of any of the purposes authorized by this act upon such consideration as the board of directors and such public agency or public utility may agree. Any such contract may extend over any period of time, notwithstanding any provision or rule of law to the contrary, may be upon such terms as the parties thereto shall agree, and may provide that it shall continue in effect until bonds specified therein, refunding bonds issued in lieu of such bonds, and all other obligations

specified therein are paid or terminated. Any such contract shall be binding upon the parties thereto according to its terms.

(f) To make and enforce, and from time to time amend and repeal, bylaws and rules and regulations for the management of its business and affairs and for the construction, use, maintenance and operation of any systems under its management and control and any other of its properties.

(g) To employ staff and other personnel, including attorneys, engineers and consultants. The board of directors may, in its discretion, employ a general manager having the authority to employ and fire employees of the authority.

(h) To accept and utilize grants and other funds from any source for systems.

(i) To establish and maintain rates and charges for the use of the services of such systems, and from time to time to adjust such rates, to the end that the revenues therefrom will be sufficient at all times to pay the expenses of operating and maintaining such systems and all of the authority's obligations under any contract or bond resolution with respect thereto.

(j) To adopt rules and regulations necessary to carry out the implementation of the systems in the authority's area and to assure the payment by each participating public agency or public utility of its proportionate share of system costs.

(k) To refuse to receive wastewater from any public agency or subdivision thereof or public utility that does not comply with the provisions of the authority's rules and regulations applicable to the particular area within which such public agency or subdivision thereof or public utility is located. (l) To accept or reject industrial wastewater for treatment and to require the pretreatment of same when in the opinion of the authority such pretreatment is necessary.

(m) To adopt all necessary and reasonable rules and regulations to require and/or carry out and effectuate any systems in the authority's area, as contractually authorized.

(n) So long as any indebtedness on any system of the authority remains outstanding, to require a public agency or public utility or other person that all wastewater within the authority's area be disposed of through the authority's system, to the extent that the same may be available, but no public agency or public utility shall be precluded from constructing, operating and maintaining its own sewerage system after the current indebtedness owing on the system as of the effective date of this act is paid in full.

SECTION 9. (1) Any public agency or public utility may, pursuant to a duly adopted resolution of the governing authority of such public agency or public utility, enter into contracts with the authority under the terms of which the authority will collect, transport, treat and/or dispose of wastewater. Any public agency or public utility may also enter into contracts with the authority for the authority to purchase or sell, by installments over such terms as may be deemed desirable, or otherwise, any systems. Any public agency or public utility is also authorized to enter into operating agreements with the authority, for such terms and upon such conditions as may be deemed desirable, for the operation of systems by the authority or by any person contracting with the authority to operate such systems; and any public agency or public utility may lease to or from the authority, for such term and upon such conditions as may be deemed desirable, any systems. Any such contract may contain provisions requiring any public agency or public utility to regulate the quality and strength of wastewater to be handled by the system and may also provide that the authority shall have the right to use any streets, alleys and public ways and places within the jurisdiction of a public agency during the term of the contract for any of its systems. Such contracts may obligate the public agency or public utility to make

payments to the authority or to a trustee in amounts which shall be sufficient to enable the authority to defray the expenses of administering, operating and maintaining its systems, to pay interest and principal (whether at maturity upon redemption or otherwise) on bonds of the authority issued pursuant to this act and to fund reserves for debt service, for operation and maintenance and for renewals and replacements, and to fulfill the requirements of any rate covenant with respect to debt service coverage contained in any resolution, trust indenture or other security agreement relating to the bonds of the authority issued pursuant to this act. Any public agency or public utility shall have the power to enter into such contracts with the authority as in the discretion of the governing authorities thereof would be in the best interest of such public agency or public utility. Such contracts may include a pledge of the full faith and credit of such public agency and/or public utility and/or the avails of any special assessments made by such public agency and/or public utility against property receiving benefits, as now or hereafter provided by law. Any such contract may provide for the sale or lease to or use of by the authority of any system or any part thereof of the public agency and/or public utility; may provide that such authority shall operate any system or any part thereof of the public agency and/or public utility; may provide that any public agency and/or public utility shall have the right to continued use and/or priority use of any of its system or any part thereof during the useful life thereof upon payment of reasonable charges therefor; may contain provisions to assure equitable treatment of public agencies and/or public utilities who contract with the authority pursuant to this act; and may contain such other provisions and requirements as the parties thereto may determine to be appropriate or necessary. Such contracts may extend over any period of time, notwithstanding any provisions of law to the contrary, and may extend beyond the life of the system or any part thereof or the term of any bonds sold with respect to such facilities or improvements thereto.

(2) The obligations of a public agency and/or public utility arising under the terms of any contract referred to in this act, whether or not payable solely from a pledge of revenues, shall not be included within the indebtedness limitations of the public agency and/or public utility for purposes of any constitutional or statutory limitation or provision. To the extent provided in such contract and to the extent such obligations of the public agency and/or public utility are payable wholly or in part from the revenues and other monies derived by the public agency and/or public utility from the operation of its system or any part thereof, such obligations shall be treated as expenses of operating such system.

(3) Contracts referred to in this section may also provide for payments in the form of contributions to defray the cost of any purpose set forth in the contracts and as advances for the system or any part thereof subject to repayment by the authority. A public agency and/or public utility may make such contributions or advances from its general fund or surplus fund or from special assessments or from any monies legally available therefor.

(4) Payments made or to be made to the authority by a public agency pursuant to a contract for a system or any part thereof shall not be subject to approval or review by the Mississippi Public Service Commission.

(5) Subject to the terms of a contract or contracts referred to in this act, the authority is hereby authorized to do and perform any and all acts or things necessary, convenient or desirable to carry out the purposes of such contracts, including the fixing, charging, collecting, maintaining and revising of rates, fees and other charges for the services rendered by any system operated or maintained by the authority, whether or not such system is owned by the authority.

(6) No provision of this act shall be construed to prohibit any public agency and/or public utility, otherwise permitted by law to issue bonds, from issuing bonds in the manner provided by law for the construction, renovation, repair or development of a system or any part thereof owned or operated by such public agency and/or public utility.

SECTION 10. Whenever a public agency and/or public utility shall have executed a contract pursuant to this act and the payments thereunder are to be made either wholly or partly from the revenues of a system, of a public agency and/or public utility or any part thereof or a combination of such systems, the duty is hereby imposed on the public agency and/or public utility to establish and maintain and from time to time to adjust the rates charged by the public agency and/or public utility for the services of such system or systems, such that the revenues therefrom together with any taxes and special assessments levied in support thereof will be sufficient at all times to pay: (a) the expense of operating and maintaining such system or systems, including all of the public agency's and/or public utility's obligations to the authority, its successors or

assigns under such contract; and (b) all of the public agency's and/or public utility's obligations under and in connection with revenue bonds theretofore issued, or which may be issued thereafter and secured by the revenues of such system or systems. Any such contract may require the use of consulting engineers and financial experts to advise the public agency and/or public utility whether and when such rates are to be adjusted.

SECTION 11. (1) The authority shall have the power and is hereby authorized, from time to time, to borrow money and to issue revenue bonds in such principal amounts as the authority may determine to be necessary to provide sufficient funds for achieving one or more of the purposes of this act, including, without limiting the generality of the foregoing, to defray all the costs of the project, the cost of the acquisition, construction, improvement, repair or extension of a system, or any part thereof, whether or not such facilities are owned by the authority, to pay interest on bonds of the authority issued

pursuant to this act, to establish reserves to secure such bonds and payment of the interest thereon, expenses incident to the issuance of such bonds and to the implementation of the authority's system, and all other expenditures of the authority incident to or necessary or convenient to carry out the purposes of this act.

(2) Before issuing bonds (other than interim notes or refunding bonds as provided in this act) hereunder, the board of directors of the authority shall first hold a public hearing with due notice of the time, date and place of the hearing published in a newspaper of general circulation in the authority's area. The board of directors shall adopt a resolution declaring its intention to issue such bonds and stating the maximum principal amount of bonds proposed to be issued, a general generic description of the proposed improvements and the proposed location thereof, and the date, time and place at which the board of directors proposes to take further action with respect to the issuance of such bonds. The board of directors shall then cause the resolution of intent to be published once a week for at least three (3) consecutive weeks in at least one (1) newspaper having a general circulation within the authority's area. The first publication of such resolution shall be made not less than twenty-one (21) days before the date fixed in such resolution to direct the issuance of the bonds and the last publication shall be made not more than seven (7) days before such date.

(3) Following the public hearing, bonds of the authority may be issued pursuant to this act payable from and secured by a pledge of all or any part of the revenues under one or more contracts entered into pursuant to this act between the authority and one or more of its member public agencies and from all or any part of the revenues derived from the operation of any designated system or any part or parts thereof and any other monies legally available and designated therefor, as may be determined by the authority, subject only to any agreement with the purchasers of the bonds. Such bonds may be further secured by a trust indenture between the authority and a corporate trustee, which may be any trust company or bank having powers of a trust company without or within the State of Mississippi.

(4) Bonds of the authority issued pursuant to this act shall be authorized by a resolution or resolutions adopted by a three-fifths (3/5) affirmative vote of the total membership of the board of directors of the authority. Such bonds may be issued in

series, and each series of such bonds shall bear such date or dates, mature at such time or times, bear interest at such rate or rates (not exceeding the maximum rate set out in Section 75-17-103, Mississippi Code of 1972, as amended), be in such denomination or denominations, be in such form, carry such conversion privileges, have such rank or priority, be executed in such manner and by such officers, be payable from such sources in such medium of payment at such place or places within or without the State of Mississippi, and be subject to such terms of redemption prior to maturity, all as may be provided by resolution or resolutions of the board of directors.

(5) Bonds of the authority issued pursuant to this act may be sold at such price or prices, at public or private sale, in such manner and at such times as may be determined by the authority to be in the public interest, and the authority may pay all expenses, premiums, fees and commissions which it may deem necessary and advantageous in connection with the issuance and sale thereof.

(6) Any pledge of earnings, revenues or other monies made by the authority shall be valid and binding from the time the pledge is made. The earnings, revenues or other monies so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against such authority irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

(7) Neither the members of the board of directors nor any person executing the bonds shall be personally liable on the bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

(8) Proceeds from the sale of bonds of the authority may be invested, pending their use, in such securities as may be specified in the resolution authorizing the issuance of the bonds or the trust indenture securing them, and the earnings on such investments applied as provided in such resolution or trust indenture.

(9) Whenever any bonds shall have been signed by the officer(s) designated by the resolution of the board of directors to sign the bonds who were in office at the time of such signing but who may have ceased to be such officer(s) prior to the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the manual or facsimile signatures of such officer(s) upon such bonds shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially executing such bonds had remained in office until the delivery of the same to the purchaser or had been in office on the date such bonds may bear.

(10) (a) Payments of members made under contracts with the authority for the purpose of paying premium, if any, principal and interest on specific bonds issued by the authority under this section shall be used solely for the purpose of paying premium, if any, principal and interest on those specific bonds and for no other purpose. Such payments shall be deposited in a segregated bank account and the holders of the specific bonds to which the payments relate shall have an exclusive first priority lien on such payments and funds deposited in such account. Such payments shall not be subject to lien or attachment by any creditor of the authority and shall not be considered to be revenues of the authority available for payment of operation and maintenance costs or any other obligation of the authority.

(b) Members are prohibited from entering into contracts with the authority that impair the ability of the authority to repay Water Pollution Control Revolving Loans made by the Mississippi Department of Environmental Quality to the authority as provided in Section 49-17-87(3), Mississippi Code of 1972.

SECTION 12. The authority may by resolution adopted by its board of directors issue refunding bonds for the purpose of paying any of its bonds at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at such time prior to the maturity or redemption of the refunded bonds as the board of directors deems to be in the public interest, without public hearing on the question of the issuance thereof. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded, and such reserves for debt service or other capital or current expenses from the proceeds of such refunding bonds as may be required by the resolution, trust indenture or other security instruments. The issue of refunding bonds, the maturities and other details thereof, the security therefor, the rights of the holders and the rights, duties and obligations of the authority in respect of the same shall be governed by the provisions of this act relating to the issue of bonds other than refunding bonds insofar as the same may be applicable. Any such refunding may be effected, whether the obligations to be refunded shall have then matured or shall thereafter mature, either by the exchange of the refunding bonds for the obligations to be refunded thereby with the consent of the holders of the obligations so to be refunded, or by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations proposed to be refunded thereby, and regardless of whether the obligations proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

SECTION 13. All bonds (other than refunding bonds, interim notes and certificates of indebtedness, which may be validated) issued pursuant to this act shall be validated as now provided by law in Sections 31-13-1 through 31-13-11, Mississippi Code of 1972, as amended from time to time; notice of such validation proceedings shall be addressed to the citizens of the respective member public agencies (a) which have contracted with the authority pursuant to this act, and (b) whose contracts and the payments to be made by the public agencies thereunder constitute security for the bonds of the authority proposed to be issued, and that such notice shall be published at least once in a newspaper having a general circulation within the authority's area of service. Such validation proceedings shall be instituted in the Chancery Court of Hinds County. The validity of the bonds so validated and of the contracts and payments to be made by the public agencies thereunder constituting security for the bonds shall be forever conclusive against the authority and the public agencies which are parties to such contracts; and the validity of such bonds and such contracts and the payments to be made thereunder shall never be called in question in any court in this state.

SECTION 14. Bonds issued under the provisions of this act shall not be deemed to constitute, within the meaning of any constitutional or statutory limitation, an indebtedness of the authority or any member agency thereof. Such bonds shall not be secured by a pledge of the full faith and credit of the State of Mississippi, the authority or any member agency thereof, but shall be payable solely from the revenues or assets of the authority pledged therefor. Each bond issued under this act shall contain on the face thereof a statement to the effect that the authority shall not be obligated to pay the same nor the interest thereon except from the revenues or assets pledged therefor.

SECTION 15. The authority shall have power in connection with the issuance of its bonds to:

- (a) Covenant as to the use of any or all of its property, real or personal.
- (b) Redeem the bonds, to covenant for their redemption and to provide the terms and conditions thereof.
- (c) Covenant to charge rates, fees and charges sufficient to meet operating and maintenance expenses, renewals and replacements, principal and debt service on bonds, creation and maintenance of any reserves or other funds required by a bond

resolution, trust indenture or other security instrument and to provide for any margins or coverages over and above debt service on the bonds deemed desirable for the marketability of the bonds.

(d) Covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity, as to the terms and conditions upon which such declaration and its consequences may be waived and as to the consequences of default and the remedies of the registered owners of the bonds.

(e) Covenant as to the mortgage or pledge of or the grant of a security interest in any real or personal property and all or any part of the revenues from any designated system or any part thereof or any revenue-producing contract or contracts made by the authority with any person to secure the payment of bonds, subject to such agreements with the registered owners of bonds as may then exist.

(f) Covenant as to the custody, collection, securing, investment and payment of any revenues, assets, monies, funds or property with respect to which the authority may have any rights or interest.

(g) Covenant as to the purposes to which the proceeds from the sale of any bonds then or thereafter to be issued may be applied, and the pledge of such proceeds to secure the payment of the bonds.

(h) Covenant as to the limitations on the issuance of any additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds.

(i) Covenant as to the rank or priority of any bonds with respect to any lien or security.

(j) Covenant as to the procedure by which the terms of any contract with or for the benefit of the registered owners of bonds may be amended or abrogated, the amount of bonds the registered owners of which must consent thereto, and the manner in which such consent may be given.

(k) Covenant as to the custody of any of its properties or investments, the safekeeping thereof, the insurance to be carried thereon, and the use and disposition of insurance proceeds.

(l) Covenant as to the vesting in a trustee or trustees, within or outside the State of Mississippi, of such properties, rights, powers and duties in trust as the authority may determine.

(m) Covenant as to the appointing and providing for the duties and obligations of a paying agent or paying agents or other fiduciaries within or outside the State of Mississippi.

(n) Make all other covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or in the absolute discretion of the authority tend to make the bonds more marketable, notwithstanding that such covenants, acts or things may not be enumerated herein; it being the intention hereof to give the authority power to do all things in the issuance of bonds and in the provisions for security thereof which are not inconsistent with the Constitution of the state.

(o) Execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of covenants or duties, which may contain

such covenants and provisions, as any purchaser of the bonds of the authority may reasonably require.

SECTION 16. The authority may, in any authorizing resolution of the board of directors, trust indenture or other security instrument relating to its bonds, provide for the appointment of a trustee who shall have such powers as are provided therein to represent the registered owners of any issue of bonds in the enforcement or protection of their rights under any such resolution, trust indenture or security instrument. The authority may also provide in such resolution, trust indenture or other security instrument that the trustee, or in the event that the trustee so appointed shall fail or decline to so protect and enforce such registered owners' rights then such percentage of registered owners as shall be set forth in, and subject to the provisions of, such resolution, trust indenture or other security instrument, may petition the court of proper jurisdiction for the appointment of a receiver of the revenues of the system which are pledged to the payment of the principal of and interest on the bonds of such registered owners. Such receiver may exercise any power as may be granted in any such resolution, trust indenture or security instrument to enter upon and take possession of, acquire, construct or reconstruct or operate and maintain such system, fix charges for services of the system and enforce collection thereof, and receive all revenues derived from such system or facilities and perform the public duties and carry out the contracts and obligations of the authority in the same manner as the authority itself might do, all under the direction of such court.

SECTION 17. (1) The exercise of the powers granted by this act will be in all respects for the benefit of the people of the State of Mississippi, for their well-being and prosperity and for the improvement of their social and economic conditions, and the authority shall not be required to pay any tax or assessment on any property owned by the authority under the provisions of this act or upon the income therefrom; nor shall any authority be required to pay any recording fee or transfer tax of any kind on account of instruments recorded by it or on its behalf.

(2) Any bonds issued by the authority under the provisions of this act, their transfer and the income therefrom shall at all times be free from taxation by the State of Mississippi or any local unit or political subdivision or other instrumentality of the State of Mississippi, excepting inheritance and gift taxes.

SECTION 18. All bonds issued under the provisions of this act shall be legal investments for trustees, other fiduciaries, savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi; and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of the State of Mississippi and all municipalities and other political subdivisions thereof for the purpose of securing the deposit of public funds.

SECTION 19. The State of Mississippi hereby covenants with the registered owners of any bonds of the authority that so long as the bonds are outstanding and unpaid the State of Mississippi will not limit or alter the rights and powers of the authority under this act to conduct the activities referred to herein in any way pertinent to the interests of the bondholders, including, without limitation, the authority's right to charge and collect rates, fees and charges and to fulfill the terms of any covenants made with the registered owners of the bonds, or in any other way impair the rights and remedies of the registered owners of the bonds, unless provision for full payment of such bonds, by escrow or otherwise, has been made pursuant to the terms of the bonds or the resolution, trust indenture or security interest securing the bonds.

SECTION 20. The provisions of this act are cumulative of other statutes now or hereafter enacted relating to the issuance of bonds and systems; and to the design, construction, acquisition or approval of facilities for such purposes, and any public agency may exercise all presently held powers in the furtherance of this act.

SECTION 21. If any clause, sentence, paragraph, section or part of the provisions of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof directly involved in the controversy in which such judgment shall have been rendered.

SECTION 22. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 1. As used in this act, the following terms have the meanings ascribed to them in this section unless the context clearly indicates otherwise:

(a) "City" means the City of Clinton, Mississippi.

(b) "Governing authorities" means the governing authorities of the City of Clinton, Mississippi.

(c) "Prepared food" means food prepared on the premises of a restaurant.

(d) "Restaurant" means all places within the corporate limits of the city where prepared food and beverages are sold for consumption, whether such food is consumed on the premises or not. The term "restaurant" does not include any school; hospital; convalescent or nursing home; and restaurant-like facility operated by or in connection with a school, hospital, medical clinic, convalescent or nursing home providing food for students, patients, visitors or their families.

SECTION 2. (1) For the purpose of providing funds to promote tourism and parks and recreation within the city, the governing authorities of the City of Clinton, Mississippi, in their discretion, may levy, assess and collect a tax from persons, firms or corporations specified in this subsection, a tax, which shall be in addition to all other taxes or assessments imposed. The tax shall be imposed upon every person, firm or corporation operating a restaurant in the City of Clinton, Mississippi, where prepared food and drink is sold to the public, at a rate not to exceed two percent (2%) of the gross proceeds of the sales of such restaurant or business.

(2) Persons, firms, corporations or other entities liable for the tax imposed under subsection (1) of this section shall add the amount of the tax to the sales price of the food and beverages and shall collect, insofar as practicable, the amount of the tax due from the person purchasing the food or beverages at the time of payment therefor.

SECTION 3. Before any tax authorized under this act may be imposed, the governing authorities shall adopt a resolution declaring their intention to levy the tax, setting forth the amount of the tax to be imposed, the date upon which the tax shall become effective and calling for an election to be held on the question. The date of the election shall be fixed in the resolution. Notice of the intention and the election shall be published once each week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the city, with the first publication of the notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the election and the last publication to be made not more than seven (7) days before the election. At the election, all qualified electors of the city may vote, and the ballots used in the election shall have printed thereon a brief statement of the amount and purposes of the proposed tax levy and the words "FOR THE TAX" and, on a separate line, "AGAINST THE TAX" and the voters shall vote by placing a cross (X) or check (☐) opposite their choice on the proposition. When the results of the election shall have been canvassed and certified, the city may levy the tax if sixty percent (60%) of the qualified electors who vote in the election vote in favor of the tax. At least thirty (30) days before the effective date of the tax, the governing authorities shall furnish to the Department of Revenue a certified copy of the resolution evidencing the tax.

SECTION 4. (1) On or before the fifteenth day of the month preceding the date on which the city will begin to levy the tax authorized under Section 2 of this act, the governing authorities shall give written notification to the Commissioner of Revenue of the date on which the tax will become effective.

(2) The tax must be collected by and paid to the Department of Revenue in the same manner that state sales taxes are computed, collected and paid, and the full enforcement provisions and all other provisions of Chapter 65, Title 27, Mississippi Code of 1972, will apply as necessary for the implementation of this act.

(3) Except for any amount retained by the Department of Revenue under Section 27-3-58, Mississippi Code of 1972, the revenue from the special tax collected under this act must be paid to the city on or before the fifteenth day of the month following the month in which collected.

(4) Accounting for receipts and expenditures of the revenue from the tax shall be made separately from the accounting of receipts and expenditures of the general fund and any other funds of the city. The records reflecting the receipts and expenditures of the revenue from the tax shall be audited annually by an independent certified public accountant, and the accountant shall make a written report of his or her audit to the governing authorities. The audit shall be made and completed as soon as practicable after the close of the fiscal year, and expenses of the audit shall be paid from the funds derived pursuant to this act.

(5) The proceeds of the tax may not be considered by the city as general fund revenues but must be placed into a special fund apart from the city general fund and any other funds and expended by the city strictly for the purposes prescribed under Section 2 of this act.

SECTION 5. This act shall be repealed from and after July 1, 2026.

SECTION 6. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:
