(a) "Department" means the Mississippi Department of Wildlife, Fisheries and Parks.

(b) "Commission" means the Mississippi Commission on Wildlife, Fisheries and Parks.

(d) "Division" means the department's Division of Parks and Recreation.

(e) "Executive Director of Parks and Recreation" means the chief officer of the division.

SECTION 2. Section 49-4-6, Mississippi Code of 1972, is amended as follows:

49-4-6. (1) There is hereby created the Mississippi Department of Wildlife, Fisheries and Parks, whose principal office shall be located in Jackson, Mississippi.

(2) (a) The department shall be headed by an executive director who shall be appointed by the Governor with the advice and consent of the Senate. The commission shall submit to the Governor three (3) qualified nominees for the position of executive director. The Governor shall appoint the executive director from the list of qualified nominees submitted \* \* \*. The executive director may serve a term of four (4) years and shall be eligible for reappointment at the end of each term. A reappointment by the Governor shall be subject to the advice and consent of the Senate. No person appointed by the Governor to serve as executive director shall be eligible to take office unless his name shall have been submitted to the Senate for its advice and consent at least thirty (30) days prior to the scheduled adjournment of the regular session of the Legislature being held in the calendar year in which the term of the office of the incumbent executive director shall expire; however, if for any reason an appointment is not given the advice and consent of the Senate prior to the adjournment of such regular session, the Governor may submit an appointment to the Senate for its advice and consent at any time during a regular or extraordinary session of the Legislature.

(b) When a vacancy occurs by the death, removal or resignation of the incumbent, the incumbent's replacement shall be appointed by the Governor, with the advice and consent of the Senate, to serve for the remainder of the unexpired term, but the appointment shall not be subject to the time constraints in paragraph (a) of this subsection. Upon expiration of the remainder of the term, the executive director shall be eligible for reappointment by the Governor, with the advice and consent of the Senate, for a four-year term as provided in paragraph (a) of this subsection.

(c) The executive director may assign those powers and duties as deemed appropriate to carry out the department's lawful functions, except those falling under the responsibility of the division, which may be assigned by the Executive Director of Parks and Recreation. Upon recommendation by the Governor to the commission, the executive director may be removed from office only by both a majority vote of the membership of the commission and the Governor's approval of the removal. To remove the executive director the commission must determine on sound evidence that there is good cause for removal such as willful dereliction in carrying out the duties of executive director, obvious malfeasance in his actions as executive director or conviction of any criminal act. After the determination is made by the commission that the executive director should be removed from office, the commission shall notify the Governor of its determination and the Governor must approve that determination before the executive director is actually removed from office.

(4) The executive director shall have the authority to organize the department as deemed appropriate to carry out the responsibilities of the department, but the Executive Director of Parks and Recreation shall have independent authority to organize the division.

The organizational charts of the department shall be presented annually with the budget request of the Governor for review by the Legislature.

(5) The executive director shall develop and implement a merit promotion system for all sworn law enforcement officers. Promotion to higher rank shall be based on an individual's merit and length of service. The executive director shall implement the merit promotion system before July 1, 1995.

(6) The Division of Parks and Recreation is created within the department. The division is exclusively vested with the department's powers and duties with respect to state parks.

(7) The division shall be headed by the Executive Director of Parks and Recreation, who shall be appointed by the Governor with the advice and consent of the Senate in the same manner provided in this section for the executive director of the department. The Executive Director of Parks and Recreation shall have authority over the division independent of the authority of the department's executive director.

SECTION 15. Section 55-3-47, Mississippi Code of 1972, is amended as follows:

55-3-47. (1) In order to carry out its management responsibilities over all state park lands which are now or which may hereafter come under its jurisdiction, the Mississippi Department of Wildlife, Fisheries and Parks is hereby authorized to lease, and to grant easements and rights-of-way over and across, any part of such state park lands. Such leases, easements and rights-of-way may be granted for such consideration, and upon such terms and conditions, as the department may deem to be in the best interest of the state, consistent with the use of said lands for recreational purposes, and subject to the following limitations: The department shall lease such lands for a term not exceeding twenty-five (25) years and shall grant in the original lease contract a nonnegotiable option to renew such lease for an additional term not to exceed twenty-five (25) years. Both the original lease contract and the option to renew such lease shall be transferable contracts. Further, the department shall not lease such lands for purposes which are incompatible with recreational use and may place such terms, limitations, restrictions and conditions in such leases as are deemed necessary to ensure the proper utilization of such lands. Any easement for a utility line shall be granted for that period of time which the department deems to be in the best interest of a state park.

(2) The department is further authorized to enter into such agreements as may be required, upon such terms as may be found to be in the best interest of the state, in

settlement of disputes or litigation regarding the title to or boundaries of any state park lands within the jurisdiction of the department, provided such settlement agreements shall be negotiated and drafted with the advice, counsel and assistance of the Attorney General and shall be approved by the Department of Finance and Administration.

(3) In case any of the real estate within any state park under the jurisdiction of the department shall cease to be used or useful for state park purposes, or becomes the subject of boundary or title disputes or litigation, the department may sell and convey the same, with the approval of the Department of Finance and Administration, upon such terms as the Department of Finance and Administration may elect and may, in addition, exchange the same, with the approval of the department, for real estate belonging to any other political subdivision or state, county or local governmental agency or department. The department is authorized to sell and convey or otherwise transfer any state park or historical site as described in subsection (2) of Section 55-3-33. Before any such sale or transfer, except as may occur in settlement of title or boundary disputes or litigation, the department shall publish notice of its intention to sell the park land by public sale to the highest and best bidder at least once each week for three (3) consecutive weeks in at least one (1) public newspaper of general circulation in the county where such land is located and also in at least one (1) newspaper of general circulation throughout the state. Prior to any such sale, the department shall obtain at least two (2) separate and independent appraisals of the land to be sold and may not accept any bid lower than the average of all appraisals made. The department may reject any and all bids. The owner or any co-owner of record next preceding the state in title to any lands sold hereunder by public bid, excluding any entity which may have exercised the power of eminent domain to assist the state in acquiring said lands, shall have the opportunity to reacquire such lands by matching the successful bid therefor. If the owner or any co-owner of record next preceding the state in title, or the heirs or estate of such owner or co-owner, acquires said lands, then the department shall not reserve unto the state any minerals owned by the state underlying the conveyed lands. However, if anyone other than such owner or co-owner, or his heirs or estate, acquires said lands, then the department shall reserve unto the state one-half (1/2) of the minerals owned by the state underlying the conveyed lands, except for lands sold in settlement of title or boundary disputes or litigation, in which case the department may, in its discretion, reserve said minerals. Appraisal fees shall be shared equally by the department and purchaser.

(4) In exercising the authority granted in this section, the department may act by and through \* \* \* the Executive Director of Parks and Recreation in the execution of any document or instrument prepared hereunder. Any lease, deed or settlement agreement executed under the provisions of this section shall bear the seal and attest of the Secretary of State, with whom said instrument or document shall be filed and recorded in addition to any other recording requirements of state law.

This section shall not apply to sixteenth section school lands or lieu lands included within any state park, except as may be necessary or appropriate for the department to ratify or confirm any action taken by the agency or department having jurisdiction over such school or lieu lands.

All revenues collected by the department by virtue of any transaction consummated under the provisions of this section shall be deposited in the Mississippi Park Fund created by Section 55-3-41, from which funds shall be expended only as authorized by the legislative appropriations process.

(5) This section shall not apply to the donation and conveyance of the Nanih Waiya State Park to the Mississippi Band of Choctaw Indians.

SECTION 16. Section 55-3-49, Mississippi Code of 1972, is amended as follows:

55-3-49. The department, through \* \* \* the Executive Director of Parks and Recreation, shall inaugurate a positive program of preventive maintenance for all parks under its jurisdiction.

SECTION 17. Section 55-3-53, Mississippi Code of 1972, is amended as follows:

55-3-53. (1) The Mississippi Department of Wildlife, Fisheries and Parks is hereby authorized and empowered to sell and dispose of timber, trees, deadwood and stumps standing, growing and being upon the lands of state parks. Such timber shall be sold and disposed of under the direction and specifications of the Department of Wildlife, Fisheries and Parks in accordance with sound and efficient principles of selective cutting, forestry management and conservation.

Before any such timber, trees, deadwood and stumps shall be sold, the Department of Wildlife, Fisheries and Parks shall select and mark the trees to be cut and disposed of. No trees or timber shall be marked for cutting when the cutting thereof would destroy or mar the scenic views from the tourist observation points in said park. The purchaser shall pay double price on sale basis for all trees, timber or stumps cut that had not been marked for removing by the Department of Wildlife, Fisheries and Parks.

Before any such timber, trees, deadwood or stumps standing, growing or being upon such land shall be sold, the department shall advertise its intention so to do by publication in a newspaper published or having general circulation in the county or counties where parks are located, such notice to be published at least once a week for three (3) consecutive weeks preceding the sale and by posting one (1) notice in the courthouse in such county. The notice shall specify that such bids shall be filed with the superintendent of the state park involved, who shall transmit same to the Department of Wildlife, Fisheries and Parks for rejection or approval. Said department shall accept the bid of the highest and best bidder for cash, but shall have the right to reject any and all of such bids.

Provided, however, in the case of damage by fire, windstorm, insects or other natural causes which would require immediate sale of the timber, because the time involved for advertisement as prescribed herein would allow decay, rot or destruction substantially decreasing the purchase price to be received had not such delay occurred, the advertisement provisions of this section shall not apply. The \* \* \* Executive Director of Parks and Recreation, upon a written recommendation from the county forester of the county wherein said state park is located, shall determine when immediate sale of the timber is required. General information collected by the aforesaid independent, third-party auditor shall only be released or published in aggregate amounts which do not identify or allow identification of numbers of subscribers of revenues attributable to an individual service provider.

SECTION 5. The Attorney General shall provide legal services for the authority.

SECTION 6. (1) The state hereby authorizes each county to levy an emergency communications service charge in an amount not to exceed One Dollar (\$1.00) per residential telephone subscriber line per month, Four Dollars (\$4.00) per Voice over Internet Protocol subscriber account per month, Four Dollars (\$4.00) per commercial telephone subscriber line per month for exchange telephone service, Four Dollars (\$4.00) per CMRS connection per month, and Four Dollars (\$4.00) for a prepaid wireless telecommunications service purchased in a retail transaction.

(2) (a) No such emergency communications service charge shall be imposed upon more than two hundred (200) exchange access facilities or Voice over Internet Protocol lines per location. Trunks or service lines used to supply service to CMRS providers shall not have an emergency communications service charge levied against them.

(b) In computing the amount due under this subsection, the number of emergency communications service charges a consumer shall be assessed shall not exceed the number of simultaneous outbound calls that can be made from voice channels that the service supplier has activated and enabled. For service that provides to multiple locations shared simultaneous outbound voice channel capacity configured to and capable of accessing a PSAP in different states, the monthly emergency communications service charge shall be assessed only for the portion of such shared voice channel capacity in Mississippi as identified by the service provider's books and records. In determining the portion of the shared capacity in the state, a service provider may rely on, among other factors, a customer's certification of its allocation of capacity in Mississippi, which may be based on each end-user location, the total number of end users, and the number of end users at each end-user location.

(3) For purposes of applying the emergency communication service charge (a) when a service provider delivers service to the same person, business or organization the voice channel capacity to make more than one (1) simultaneous outbound call from an exchange access facility, then each such separate simultaneous outbound call voice channel capacity, regardless of technology, shall constitute a separate service; and (b) when the same person, business, or organization has several wireless telephones, each CMRS connection shall constitute a separate service. A broadband connection used for telephone service shall not constitute a separate voice channel capacity subscription for purposes of the emergency communication service charge.

(4) Each service provider shall act as a collection agent for the emergency communications service charge and shall, as part of the provider's normal monthly billing process, collect the emergency communications service charges levied upon providers and customers pursuant to subsection (1) of this section and shall, not later than thirty (30) days after the end of the calendar month in which such emergency communications service charges are collected, remit to the Department of Revenue the emergency communications service charges so collected. A return, in such form as the Department of Revenue and the service supplier agree upon, shall be filed with the Department of Revenue, to include aggregate emergency communications service charges collected and reported to the Department of Revenue on a county or ECD basis as determined by the authority using a zip code, plus four (4) designations, as required by the federal Uniform Sourcing Act, and a remittance of the amount of service charge collected payable to the Emergency Communications Service Charge Fund.

(5) Each service provider shall be entitled to deduct and retain from the emergency communications service charges collected by such provider during each calendar month an amount not to exceed one percent (1%) of the gross aggregate amount of such collections as reimbursement for the costs incurred by such provider in collecting, handling and processing such emergency communications service charges.

(6) Each service provider shall list the emergency communications service charge as a separate entry on each bill, which includes an emergency communications service charge.

(7) The service supplier shall maintain records of the amount of service charge collected for a period of at least two (2) years from date of collection. The authority shall receive an annual audit of the service supplier's books and records with respect to the collection and remittance of the service charge.

(8) The service charge shall be the liability of the consumer and not the service provider. The service provider shall have no obligation to take any legal action to enforce the collection of any emergency communications service charge; however, the service provider shall annually provide the authority, upon request by the authority, with a list of the amount uncollected, together with the names and addresses of those service users who carry a balance that can be determined by the service provider to be nonpayment of such service charge. Good-faith compliance by the service provider with this provision shall constitute a complete defense to any legal action or claim which may result from the service provider's determination of nonpayment and/or the identification of service users in connection therewith.

(9) Each service provider shall register with the authority and the Department of Revenue and shall provide the following information upon registration:

- (a) The company name of the provider;
- (b) The marketing name of the provider;
- (c) The publicly traded name of the provider;

(d) The physical address of the company headquarters and of the main office located in the State of Mississippi; and

(e) The names and addresses of the providers' board of directors/owners.

Each service provider shall notify the authority of any change in the information prescribed in paragraphs (a) through (e) of this subsection (9). The authority may impose an administrative fine in an amount not to exceed Ten Thousand Dollars (\$10,000.00) on any provider which fails to comply with the provisions of this subsection.

(10) (a) For prepaid wireless communications service, the emergency communications service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the emergency communications service charge shall be either separately stated on an invoice, receipt or other similar document that is provided to the consumer by the seller, or otherwise disclosed to the consumer.

(b) The prepaid wireless emergency service charge is the liability of the consumer and not of the seller or of any service provider, except that the seller shall be liable to remit all prepaid wireless emergency service charges that the seller collects from consumers as provided in subsection (1) of this section, including all such charges that the seller is deemed to have collected where the amount of the charge has not been separately stated on an invoice, receipt or other similar document provided to the consumer by the seller.

(c) Prepaid wireless emergency communications service charges collected by sellers shall be remitted to the Department of Revenue at the times and in the manner provided by Title 27, Chapter 65, Mississippi Code of 1972, with respect to sales and use taxes. The Department of Revenue shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply to Title 27, Chapter 65, Mississippi Code of 1972.

(d) The audit and appeal procedures applicable to Title 27, Chapter 65, Mississippi Code of 1972, shall apply to prepaid wireless emergency communications service charges.

(e) The Department of Revenue shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use tax purposes under Title 27, Chapter 65, Mississippi Code of 1972.

(f) A seller shall be permitted to deduct and retain two percent (2%) of prepaid wireless emergency service charges that are collected by the seller from consumers.

(11) The amount of the emergency communications service charge that is collected by a service providers or seller from a consumer, shall not be considered revenue for any purpose and, therefore, shall not be included in the base for measuring any tax, fee, surcharge or other charge that is imposed by this state, any political subdivision of this state or any intergovernmental agency.

(12) No service provider or seller of prepaid wireless communications service shall be liable for damages to any person resulting from or incurred in connection with accessing or attempting to access emergency services.

(13) No service provider shall be liable for damages to any person or entity resulting from or incurred in connection with the service provider's provision of assistance

to any investigative or law enforcement officer of the United States, this or any other state, or any political subdivision of this or any other state, in connection with any investigation or other law enforcement activity by such law enforcement officer that the provider believes in good faith to be lawful.

(14) Partial payments made by a customer shall be applied first to the amount the customer owes to the service provider or seller or seller of prepaid wireless telecommunication service.

(15) The emergency communications service charge provided in Section 6 of this act and the service charge provided in Section 19-5-357 to fund the training of public safety telecommunicators shall be the only charges assessed to service providers and customers of service providers relating to emergency communications services.

SECTION 7. (1) The Department of Revenue shall pay all remitted emergency communications service charges over to the authority, or as otherwise directed by the authority through contract or a memorandum of understanding, within thirty (30) days of receipt, for use by the authority in accordance with the purposes permitted by this act, after deducting an amount, not to exceed one percent (1%) of collected charges that shall be retained by the department to reimburse its direct costs of administering the collection and remittance of emergency communication service charges.

(2) In order to provide additional funding for the district, the board of commissioners may receive federal, state, county or municipal funds, as well as funds from private sources, and may expend such funds for the purposes of Section 19-5-301 et seq.

SECTION 8. Wireless emergency telephone service shall not be used for personal use and shall be used solely for the use of communications by the public. Any person who knowingly uses or attempts to use wireless emergency telephone service for a purpose other than obtaining public safety assistance, or who knowingly uses or attempts to use wireless emergency telephone service in an effort to avoid any emergency communications charges, is guilty of a misdemeanor and shall be subject to a fine of not more than Five Hundred Dollars (\$500.00) or imprisonment of not more than thirty (30) days in the county jail, or both such fine and imprisonment. If the value of the emergency communications charge or service obtained in a manner prohibited by this section exceeds One Hundred Dollars (\$100.00), the offense may be prosecuted as a felony and punishable by a fine of not more than Five Thousand Dollars (\$5,000.00) and imprisonment of not more than three (3) years, or both such fine and imprisonment.

(b) The director, with the approval of the Governor, may employ such technical, clerical, stenographic and other personnel, to be compensated as provided in any appropriation that may be made for such purpose, and may make such expenditures within the appropriation therefor, or from other funds made available to him for purposes of emergency management, as may be necessary to carry out the purposes of this article.

(c) The director and other personnel of the emergency management agency shall be provided with appropriate office space, furniture, equipment, supplies, stationery and printing in the same manner as provided for other state agencies.

(d) The director, subject to the direction and control of the Governor, shall be the executive head of the emergency management agency and shall be responsible to the Governor for carrying out the program for emergency management of this state. He shall coordinate the activities of all organizations for emergency management within the state, and shall maintain liaison with and cooperate with emergency management agencies and organizations of other states and of the federal government, and shall have such additional authority, duties, and responsibilities authorized by this article as may be prescribed by the Governor.

SECTION 11. Section 33-15-14, Mississippi Code of 1972, is amended as follows:

33-15-14. (1) The agency is responsible for maintaining a comprehensive statewide program of emergency management. The agency is responsible for coordination with efforts of the federal government with other departments and agencies of state government, with county and municipal governments and school boards and with private agencies that have a role in emergency management.

(2) In performing its duties under this article, the agency shall:

(a) Work with the Governor, or his representative, in preparing a State Comprehensive Emergency Management Plan of this state, which shall be integrated into and coordinated with the emergency management plans of the federal government and of other states to the fullest possible extent, and to coordinate the preparation of plans and programs for emergency management by the political subdivisions of the state, such local plans to be integrated into and coordinated with the emergency plan and program of this state. The plan must contain provisions to ensure that the state is prepared for emergencies and minor, major and catastrophic disasters, and the agency shall work closely with local governments and agencies and organizations with emergency management responsibilities in preparing and maintaining the plan. The State Comprehensive Emergency Management Plan will be operations oriented and:

(i) Include an evacuation component that includes specific regional and interregional planning provisions and promotes intergovernmental coordination of evacuation activities. This component must, at a minimum: ensure coordination pertaining to evacuees crossing county lines; set forth procedures for directing people caught on evacuation routes to safe shelter; and establish policies and strategies for emergency medical evacuations.

(ii) Include a shelter component that includes specific regional and interregional planning provisions and promotes coordination of shelter activities between the public, private and nonprofit sectors. This component must, at a minimum: contain strategies to ensure the availability of adequate public shelter space in each region of the state; establish strategies for refuge-of-last-resort programs; provide strategies to assist local emergency management efforts to ensure that adequate staffing plans exist for all shelters, including medical and security personnel; provide for a post-disaster communications system for public shelters; establish model shelter guidelines for operations, registration, inventory, power generation capability, information management and staffing; and set forth policy guidance for sheltering people with special needs.

(iii) Include a post-disaster response and recovery component that includes specific regional and interregional planning provisions and promotes intergovernmental coordination of post-disaster response and recovery activities. This component must provide for post-disaster response and recovery strategies according to whether a disaster is minor, major or catastrophic. The post-disaster response and recovery component must, at a minimum: establish the structure of the state's

post-disaster response and recovery organization; establish procedures for activating the state's plan; set forth policies used to guide post-disaster response and recovery activities; describe the chain of command during the post-disaster response and recovery period; describe initial and continuous post-disaster response and recovery actions; identify the roles and responsibilities of each involved agency and organization; provide for a comprehensive communications plan; establish procedures for monitoring mutual aid agreements; provide for rapid impact assessment teams; ensure the availability of an effective statewide urban search and rescue program coordinated with the fire services; ensure the existence of a comprehensive statewide medical care and relief plan administered by the State Department of Health; and establish systems for coordinating volunteers and accepting and distributing donated funds and goods.

(iv) Include additional provisions addressing aspects of preparedness, response and recovery, as determined necessary by the agency.

(v) Address the need for coordinated and expeditious deployment of state resources, including the Mississippi National Guard. In the case of an imminent major disaster, procedures should address predeployment of the Mississippi National Guard, and, in the case of an imminent catastrophic disaster, procedures should address predeployment of the Mississippi National Guard and the United States Armed Forces. This subparagraph (v) does not authorize the agency to call out and deploy the Mississippi National Guard, which authority and determination rests solely with the Governor.

(vi) Establish a system of communications and warning to ensure that the state's population and emergency management agencies are warned of developing emergency situations and can communicate emergency response decisions.

(vii) Establish guidelines and schedules for annual exercises that evaluate the ability of the state and its political subdivisions to respond to minor, major and catastrophic disasters and support local emergency management agencies. Such exercises shall be coordinated with local governments and, to the extent possible, the federal government.

(viii) 1. Assign lead and support responsibilities to state agencies and personnel for emergency support functions and other support activities.

2. The agency shall prepare an interim post-disaster response and recovery component that substantially complies with the provisions of this paragraph (a). Each state agency assigned lead responsibility for an emergency support function by the State Comprehensive Emergency Management Plan shall also prepare a detailed operational plan needed to implement its responsibilities. The complete State Comprehensive Emergency Management Plan shall be submitted to the Governor no later than January 1, 1996, and on January 1 of every even-numbered year thereafter.

(b) Adopt standards and requirements for county emergency management plans. The standards and requirements must ensure that county plans are coordinated and consistent with the State Comprehensive Emergency Management Plan. If a municipality elects to establish an emergency management program, it must adopt a city emergency management plan that complies with all standards and requirements applicable to county emergency management plans.

(c) Assist political subdivisions in preparing and maintaining emergency management plans.

(d) Review periodically political subdivision emergency management plans for consistency with the State Comprehensive Emergency Management Plan and standards and requirements adopted under this section.

(e) Make recommendations to the Legislature, building code organizations and political subdivisions for zoning, building and other land use controls, safety measures for securing mobile homes or other nonpermanent or semipermanent structures; and other preparedness, prevention and mitigation measures designed to eliminate emergencies or reduce their impact.

(f) In accordance with the State Comprehensive Emergency Management Plan and program for emergency management, ascertain the requirements of the state, its political subdivisions and the Mississippi Band of Choctaw Indians for equipment and supplies of all kinds in the event of an emergency; plan for and either procure supplies, medicines, materials and equipment or enter into memoranda of agreement or open purchase orders that will ensure their availability; and use and employ from time to time any of the property, services and resources within the state in accordance with this article.

(g) Anticipate trends and promote innovations that will enhance the emergency management system.

(h) Prepare and distribute to appropriate state and local officials catalogs of federal, state and private assistance programs.

(p) Report biennially to the Governor and the President of the Senate, and the Speaker of the House of Representatives, no later than January 1 of every odd-numbered year, the status of the emergency management capabilities of the state and its political subdivisions.

(q) In accordance with Section 25-43-1 et seq., create, implement, administer, promulgate, amend and rescind rules, programs and plans needed to carry out the provisions of this article with due consideration for, and in cooperating with, the plans and programs of the federal government.

Whenever possible no rule, regulation or any proposed amendment to such rules and regulations shall be finally adopted or enforced until copies of the proposed rules and regulations have been furnished to all interested parties for their comment and suggestions.

(k) The authority shall establish rules and regulations which shall provide for the submission of all contracts proposed to be executed by the executive director for computer equipment or services to the authority for approval before final execution, and the authority may provide that such contracts involving the expenditure of less than such specified amount as may be established by the authority may be finally executed by the executive director without first obtaining such approval by the authority.

(l) The authority is authorized to purchase, lease, or rent computer equipment or services and to operate that equipment and use those services in providing services to one or more state agencies when in its opinion such operation will provide maximum efficiency and economy in the functions of any such agency or agencies.

(m) Upon the request of the governing body of a political subdivision or instrumentality, the authority shall assist the political subdivision or instrumentality in its development of plans for the efficient acquisition and utilization of computer equipment and services. An appropriate fee shall be charged the political subdivision by the authority for such assistance.

(n) The authority shall adopt rules and regulations governing the protest procedures to be followed by any actual or prospective bidder, offerer or contractor who is aggrieved in connection with the solicitation or award of a contract for the acquisition of computer equipment or services. Such rules and regulations shall prescribe the manner, time and procedure for making protests and may provide that a protest not timely filed shall be summarily denied. The authority may require the protesting party, at the time of filing the protest, to post a bond, payable to the state, in an amount that the authority determines sufficient to cover any expense or loss incurred by the state, the authority or any state agency as a result of the protest if the protest subsequently is determined by a court of competent jurisdiction to have been filed without any substantial basis or reasonable expectation to believe that the protest was meritorious; however, in no event may the amount of the bond required exceed a reasonable estimate of the total project cost. The authority, in its discretion, also may prohibit any prospective bidder, offerer or contractor who is a party to any litigation involving any such contract with the state, the authority or any agency of the state to participate in any other such bid, offer or contract, or to be awarded any such contract, during the pendency of the litigation.

(o) The authority shall make a report in writing to the Legislature each year in the month of January. Such report shall contain a full and detailed account of the work of the authority for the preceding year as specified in Section 25-53-29(3).

All acquisitions of computer equipment and services involving the expenditure of funds in excess of the dollar amount established in Section 31-7-13(c), or rentals or leases in excess of the dollar amount established in Section 31-7-13(c) for the term of the contract, shall be based upon competitive and open specifications, and contracts therefor shall be entered into only after advertisements for bids are published in one or more daily newspapers having a general circulation in the state not less than fourteen (14) days prior to receiving sealed bids therefor. The authority may reserve the right to reject any or all bids, and if all bids are rejected, the authority may negotiate a contract within the limitations of the specifications so long as the terms of any such negotiated contract are equal to or better than the comparable terms submitted by the lowest and best bidder,

and so long as the total cost to the State of Mississippi does not exceed the lowest bid. If the authority accepts one (1) of such bids, it shall be that which is the lowest and best. Through \* \* \* June 30, 2023, the provisions of this paragraph shall not apply to acquisitions of information technology equipment and services made by the Mississippi Department of Health and/or the Mississippi Department of Revenue for the purposes of implementing, administering and/or enforcing the provisions of the Mississippi Medical Cannabis Act.

(p) When applicable, the authority may procure equipment, systems and related services in accordance with the law or regulations, or both, which govern the Bureau of Purchasing of the Office of General Services or which govern the Mississippi Department of Information Technology Services procurement of telecommunications equipment, software and services.

(q) The authority is authorized to purchase, lease, or rent information technology and services for the purpose of establishing pilot projects to investigate emerging technologies. These acquisitions shall be limited to new technologies and shall be limited to an amount set by annual appropriation of the Legislature. These acquisitions shall be exempt from the advertising and bidding requirement.

(r) All fees collected by the Mississippi Department of Information Technology Services shall be deposited into the Mississippi Department of Information Technology Services Revolving Fund unless otherwise specified by the Legislature.

(s) The authority shall work closely with the council to bring about effective coordination of policies, standards and procedures relating to procurement of remote sensing and geographic information systems (GIS) resources. In addition, the authority is responsible for development, operation and maintenance of a delivery system infrastructure for geographic information systems data. The authority shall provide a warehouse for Mississippi's geographic information systems data.

(t) The authority shall manage one or more State Data Centers to provide information technology services on a cost-sharing basis. In determining the appropriate services to be provided through the State Data Center, the authority should consider those services that:

(i) Result in savings to the state as a whole;

(ii) Improve and enhance the security and reliability of the state's information and business systems; and

(iii) Optimize the efficient use of the state's information technology assets, including, but not limited to, promoting partnerships with the state institutions of higher learning and community colleges to capitalize on advanced information technology resources.

(u) The authority shall increase federal participation in the cost of the State Data Center to the extent provided by law and its shared technology infrastructure through providing such shared services to agencies that receive federal funds. With regard to state institutions of higher learning and community colleges, the authority may provide shared services when mutually agreeable, following a determination by both the authority and the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, as the case may be, that the sharing of services is mutually beneficial.

(v) The authority, in its discretion, may require new or replacement agency business applications to be hosted at the State Data Center. With regard to state institutions of higher learning and community colleges, the authority and the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College

Board, as the case may be, may agree that institutions of higher learning or community colleges may utilize business applications that are hosted at the State Data Center, following a determination by both the authority and the applicable board that the hosting of those applications is mutually beneficial. In addition, the authority may establish partnerships to capitalize on the advanced technology resources of the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, following a determination by both the authority and the applicable board that such a partnership is mutually beneficial.

(w) The authority shall provide a periodic update regarding reform-based information technology initiatives to the Chairmen of the House and Senate Accountability, Efficiency and Transparency Committees.

From and after July 1, 2018, the expenses of this agency shall be defrayed by appropriation from the State General Fund. In addition, in order to receive the maximum use and benefit from information technology and services, expenses for the provision of statewide shared services that facilitate cost-effective information processing and telecommunication solutions shall be defrayed by pass-through funding and shall be deposited into the Mississippi Department of Information Technology Services Revolving Fund unless otherwise specified by the Legislature. These funds shall only be utilized to pay the actual costs incurred by the Mississippi Department of Information Technology Services for providing these shared services to state agencies. Furthermore, state agencies shall work in full cooperation with the Board of the Mississippi Department of Information Technology Services to identify computer equipment or services to minimize duplication, reduce costs, and improve the efficiency of providing common technology services across agency boundaries.

After the expiration of the initial terms, all appointed members' terms shall be for a period of four (4) years from the expiration date of the previous term, and until such time as the member's successor is duly appointed and qualified.

(c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be appointed to the Public Procurement Review Board if the principal owns or controls a greater than five percent (5%) interest or has an ownership value of One Million Dollars (\$1,000,000.00) in the source's business, whichever is smaller. No member shall be an officer or employee of the State of Mississippi while serving as a voting member on the Public Procurement Review Board.

(d) Members of the Public Procurement Review Board shall be entitled to per diem as authorized by Section 25-3-69 and travel reimbursement as authorized by Section 25-3-41.

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(a) Approve all purchasing regulations governing the purchase or lease by any agency, as defined in Section 31-7-1, of commodities and equipment, except computer equipment acquired pursuant to Sections 25-53-1 through 25-53-29;

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

The provisions of this paragraph (b) shall not apply to such contracts involving buildings and other facilities of state institutions of higher learning which are self-administered as provided under this paragraph (b) or Section 37-101-15(m);

(c) Adopt regulations governing any lease or rental agreement by any state agency or department, including any state agency financed entirely by federal funds, for space outside the buildings under the jurisdiction of the Department of Finance and Administration. These regulations shall require each agency requesting to lease such space to provide the following information that shall be published by the Department of Finance and Administration on its website: the agency to lease the space; the terms of the lease; the approximate square feet to be leased; the use for the space; a description of a suitable space; the general location desired for the leased space; the contact information for a person from the agency; the deadline date for the agency to have

received a lease proposal; any other specific terms or conditions of the agency; and any other information deemed appropriate by the Division of Real Property Management of the Department of Finance and Administration or the Public Procurement Review Board. The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

(i) Black: having origins in any of the black racial groups of Africa;

(ii) Hispanic: of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin regardless of race;

(iii) Asian-American: having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands;

(v) Female;

(e) In consultation with and approval by the Chairs of the Senate and House Public Property Committees, approve leases, for a term not to exceed eighteen (18) months, entered into by state agencies for the purpose of providing parking arrangements for state employees who work in the Woolfolk Building, the Carroll Gartin Justice Building or the Walter Sillers Office Building;

(f) Promulgate rules and regulations governing the solicitation and selection of contractual services personnel, including personal and professional services contracts for any form of consulting, policy analysis, public relations, marketing, public affairs, legislative advocacy services or any other contract that the board deems appropriate for oversight, with the exception of any personal service contracts entered into by any agency that employs only nonstate service employees as defined in Section 25-9-107(c), any personal service contracts entered into for computer or information technology-related services governed by the Mississippi Department of Information Technology Services, any personal service contracts entered into by the individual state institutions of higher learning, any personal service contracts entered into by the Mississippi Department of Transportation, any personal service contracts entered into by the Department of Human Services through June 30, 2019, which the Executive Director of the Department of Human Services determines would be useful in establishing and operating the Department of Child Protection Services, any personal service contracts entered into by the Department of Child Protection Services through June 30, 2019, any contracts for entertainers and/or performers at the Mississippi State Fairgrounds entered into by the Mississippi Fair Commission, any contracts entered into by the Department of Finance and Administration when procuring aircraft maintenance, parts, equipment and/or services, any contract entered into by the Department of Public Safety for service on

specialized equipment and/or software required for the operation at such specialized equipment for use by the Office of Forensics Laboratories, any personal or professional service contract entered into by the Mississippi Department of Health and/or the Department of Revenue solely in connection with their respective responsibilities under the Mississippi Medical Cannabis Act from February 2, 2022, through June 30, 2023, and any contract for attorney, accountant, actuary auditor, architect, engineer, anatomical pathologist, utility rate expert services, and any personal service contracts approved by the Executive Director of the Department of Finance and Administration and entered into by the Coordinator of Mental Health Accessibility through June 30, 2022. Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars (\$75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into

contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;
2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;
3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;
4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and
5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue

Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. If the board does not respond to the department(s) within seven (7) calendar days after receiving the notice, the department(s) may enter the proposed personal or professional service contract. If the board responds to the department(s) within seven (7) calendar days, then the board has seven (7) calendar days from the date of its initial response to provide any additional recommendations. After the end of the second seven-day period, the department(s) may enter the proposed personal or professional service contract. The board is not authorized to disapprove any proposed personal or professional services contracts. This subsection shall stand repealed on July 1, 2022.

SECTION 6. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$50,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Fifty Thousand Dollars (\$50,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing

or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community/junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Fifty Thousand Dollars (\$50,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$50,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Fifty Thousand Dollars (\$50,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design or construction of public facilities, including buildings, roads and bridges and term contracts as provided in paragraph (n) of this section. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Fifty Thousand Dollars (\$50,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued

within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back

provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this

section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for

the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an

emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(l) Hospital purchase, lease-purchase and lease authorization.

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(i) "Asian" means persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

(ii) "Black" means persons having origins in any black racial group of Africa.

(iii) "Hispanic" means persons of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race.

(iv) "Native American" means persons having origins in any of the original people of North America, including American Indians, Eskimos and Aleuts.

(t) Construction punch list restriction. The architect, engineer or other representative designated by the agency or governing authority that is contracting for public construction or renovation may prepare and submit to the contractor only one (1) preliminary punch list of items that do not meet the contract requirements at the time of substantial completion and one (1) final list immediately before final completion and final payment.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars (\$1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

SECTION 7. Section 45-27-7, Mississippi Code of 1972, is amended as follows:

45-27-7. (1) The Mississippi Justice Information Center shall:

(a) Develop, operate and maintain an information system which will support the collection, storage, retrieval and dissemination of all data described in this chapter, consistent with those principles of scope, security and responsiveness prescribed by this chapter.

(b) Cooperate with all criminal justice agencies within the state in providing those forms, procedures, standards and related training assistance necessary for the uniform operation of the statewide center.

(c) Offer assistance and, when practicable, instruction to all local law enforcement agencies in establishing efficient local records systems.

(d) Make available, upon request, to all local and state criminal justice agencies, to all federal criminal justice agencies and to criminal justice agencies in other states any information in the files of the center which will aid such agencies in the performance of their official duties. For this purpose the center shall operate on a

twenty-four-hour basis, seven (7) days a week. Such information, when authorized by the director of the center, may also be made available to any other agency of this state or any political subdivision thereof and to any federal agency, upon assurance by the agency concerned that the information is to be used for official purposes only in the prevention or detection of crime or the apprehension of criminal offenders.

(e) Cooperate with other agencies of this state, the crime information agencies of other states, and the national crime information center systems of the Federal Bureau of Investigation in developing and conducting an interstate, national and international system of criminal identification and records.

(f) Make available, upon request, to nongovernmental entities or employers certain information for noncriminal justice purposes as specified in Section 45-27-12.

(g) Institute necessary measures in the design, implementation and continued operation of the justice information system to ensure the privacy and security of the system. Such measures shall include establishing complete control over use of and access to the system and restricting its integral resources and facilities and those either possessed or procured and controlled by criminal justice agencies. Such security measures must meet standards developed by the center as well as those set by the nationally operated systems for interstate sharing of information.

(h) Provide data processing for files listing motor vehicle drivers' license numbers, motor vehicle registration numbers, wanted and stolen motor vehicles, outstanding warrants, identifiable stolen property and such other files as may be of general assistance to law enforcement agencies; provided, however, that the purchase, lease, rental or acquisition in any manner of "computer equipment or services," as defined in Section 25-53-3, Mississippi Code of 1972, shall be subject to the approval of the Mississippi Information Technology Services.

(i) Maintain a field coordination and support unit which shall have all the power conferred by law upon any peace officer of this state.

(2) The department, including the investigative division or the center, may:

(a) Obtain and store fingerprints, descriptions, photographs and any other pertinent identifying data from crime scenes and on persons who:

(i) Have been or are hereafter arrested or taken into custody in this state:

1. For an offense which is a felony;
2. For an offense which is a misdemeanor;
3. As a fugitive from justice; or

(ii) Are or become habitual offenders; or

(iii) Are currently or become confined to any prison, penitentiary or other penal institution; or

(iv) Are unidentified human corpses found in the state; or

(v) Have submitted fingerprints for conducting criminal history record checks.

(b) Compare all fingerprint and other identifying data received with that already on file and determine whether or not a criminal record is found for such person,

and at once inform the requesting agency or arresting officer of those facts that may be disseminated consistent with applicable security and privacy laws and regulations. A record shall be maintained for a minimum of one (1) year of the dissemination of each individual criminal history, including at least the date and recipient of such information.

(c) Establish procedures to respond to those individuals who file requests to review their own records, pursuant to Sections 45-27-11 and 45-27-12, and to cooperate in the correction of the central center records and those of contributing agencies when their accuracy has been successfully challenged either through the related contributing agencies or by court order issued on behalf of an individual.

(d) Retain in the system the fingerprints of all law enforcement officers and part-time law enforcement officers, as those terms are defined in Section 45-6-3, any fingerprints sent by the Mississippi State Department of Health, and of all applicants to law enforcement agencies.

(3) There shall be a presumption that a copy of any document submitted to the center in accordance with the provisions of Section 45-27-9 that has been processed as set forth in this chapter and subsequently certified and provided by the center to a law enforcement agency or a court shall be admissible in any proceeding without further authentication unless a person objecting to that admissibility has successfully challenged the document under the provisions of Section 45-27-11.

SECTION 8. Section 45-27-12, Mississippi Code of 1972, is amended as follows:

45-27-12. (1) State conviction information and arrest information which is contained in the center's database or the nonexistence of such information in the center's database shall be made available for the following noncriminal justice purposes:

(a) To any local, state or federal governmental agency that requests the information for the enforcement of a local, state or federal law;

(b) To any individual, nongovernmental entity or any employer authorized either by the subject of record in writing or by state or federal law to receive such information; and

(c) To any federal agency or central repository in another state requesting the information for purposes authorized by law.

(2) Information disseminated for noncriminal justice purposes as specified in this section shall be used only for the purpose for which it was made available and may not be re-disseminated.

(3) No agency or individual shall confirm the existence or nonexistence of criminal history record information to any person or organization that would not be eligible to receive the information pursuant to this section.

(4) Upon request for a check pursuant to this section, the nongovernmental entity or employer must provide proper identification and authorization information from the subject of the record to be checked and adhere to policies established by the center for such record checks.

(5) Any individual or his attorney who is the subject of the record to be checked, upon positive verification of the individual's identity, may request to review the disseminated information and shall follow the procedure set forth in Section 45-27-11. If the individual wishes to correct the record as it appears in the center's system, the person shall follow the procedure set forth in Section 45-27-11. The right of a person to review the person's criminal history record information shall not be used by a prospective

employer or others as a means to circumvent procedures or fees for accessing records for noncriminal justice purposes.

(6) The center may impose procedures, including the submission of fingerprints, fees or restrictions, as are reasonably necessary to assure the record's security, to verify the identities of those who seek to inspect them, and to maintain an orderly and efficient mechanism for access. All fees shall be assessed and deposited in accordance with the provisions of Section 45-27-8.

(7) The center shall (a) retain, separate from other division records, personal information, including any fingerprints, sent to it by the Mississippi Department of Health; and (b) notify the Department of Health upon receiving notice that an individual for whom personal information has been retained is the subject of: (i) a warrant for arrest; (ii) an arrest; (iii) a conviction, including a plea in abeyance; or (iv) a pending diversion agreement.

(8) The center is authorized to implement the Rap-Back criminal history records check system and the Department of Health is authorized to implement and to utilize the state/federal Rap-Back criminal history system as a method of ongoing monitoring of individuals providing such care to Mississippi's vulnerable population in "covered" entities including prospective designated caregivers and entities named in the Mississippi Medical Cannabis Act and to apply for and provide matching funds in order for Mississippi to receive federal grants to make necessary upgrades to the department's data systems to accommodate Rap-Back capabilities.

( \*\* \*9) Local agencies may release their own agency records according to their own policies.

( \*\* \*10) Release of the above-described information for noncriminal justice purposes shall be made only by the center, under the limitations of this section, and such compiled records will not be released or disclosed for noncriminal justice purposes by other agencies in the state.

SECTION 9. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. \* \* \* However, \* \* \* school districts are authorized, in their discretion, to negotiate the salary levels applicable to \* \* \* licensed employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. \* \* \*

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed school counselor shall submit documentation to the State Department of Education that the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school

year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board or is employed by a state agency under the State Personnel Board. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. \* \* \*

(v) Any licensed athletic trainer who has met the requirements and acquired Board Certification for the Athletic Trainer from the Board of Certification, Inc., and who is employed by a local school board or the State Board of Education as an athletic trainer and not as an administrator. The licensed athletic trainer shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed athletic trainer shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. The total number of licensed athletic trainers eligible for a salary supplement under this subparagraph (v) may not exceed twenty (20).

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its \* \* \* adequate education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this

subsection to any one (1) individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding \* \* \* licensed teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed

appropriate in designating successful student achievement shall be used in establishing MPBP criteria. \* \* \*

(5) (a) \* \* \* If funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 37-19-7, MISSISSIPPI CODE OF 1972, TO REVISE THE MINIMUM TEACHER SALARY SCALE BY INCREASING THE MINIMUM SALARY FOR THE 2022-2023 SCHOOL YEAR; TO SET THE MINIMUM TEACHER SALARY FOR THE 2023-2024 SCHOOL YEAR AND SUBSEQUENT SCHOOL YEARS; TO DELETE THE CAP ON THE NUMBER OF NATIONAL BOARD-CERTIFIED NURSES AND SPEECH-LANGUAGE PATHOLOGISTS AND AUDIOLOGISTS EMPLOYED BY SCHOOLS DISTRICTS WHO ARE ALLOWED TO RECEIVE THE SALARY SUPPLEMENT FOR NATIONAL BOARD CERTIFICATION; TO REQUIRE THE PAYMENT OF AN ANNUAL SALARY SUPPLEMENT TO STATE-LICENSED ATHLETIC TRAINERS EMPLOYED BY A SCHOOL DISTRICT WHO HAVE ACQUIRED NATIONAL BOARD CERTIFICATION; AND FOR RELATED PURPOSES.

(d) (i) On or before the fifteenth day of the month that the diversion authorized by this section begins, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) and 27-65-21, on business activities within a redevelopment project area developed under a redevelopment plan adopted under the Tax Increment Financing Act (Section 21-45-1 et seq.) shall be allocated for distribution to the county in which the project area is located if:

1. The county:

a. Borders on the Mississippi Sound and the State of Alabama, or

b. Is Harrison County, Mississippi, and the project area is within a radius of two (2) miles from the intersection of Interstate 10 and Menge Avenue;

2. The county has issued bonds under Section 21-45-9 to finance all or a portion of a redevelopment project in the redevelopment project area;

3. Any debt service for the indebtedness incurred is outstanding; and

4. A development with a value of Ten Million Dollars (\$10,000,000.00) or more is, or will be, located in the redevelopment area.

(ii) Before any sales tax revenue may be allocated for distribution to a county under this paragraph, the county shall certify to the Department of Revenue that the requirements of this paragraph have been met, the amount of bonded indebtedness that has been incurred by the county for the redevelopment project and the expected date the indebtedness incurred by the county will be satisfied.

(iii) The diversion of sales tax revenue authorized by this paragraph shall begin the month following the month in which the Department of Revenue determines that the requirements of this paragraph have been met. The diversion shall end the month the indebtedness incurred by the county is satisfied. All revenue received by the county under this paragraph shall be deposited in the fund required to be created in the tax increment financing plan under Section 21-45-11 and be utilized solely to satisfy the indebtedness incurred by the county.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars (\$1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The Department of Revenue shall require all distributors of gasoline and diesel fuel to report to the department monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The Department of Revenue shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the Department of Revenue may consider gallons of gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. The Mississippi Department of Transportation shall provide to the Department of Revenue such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23-1/4%) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;

(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and

(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to the county for fiscal year 1994.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-65-75.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars (\$1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. Senator McMahan called up the following entitled bill:

**H. B. No. 1408:** Sheriffs' salaries; increase.

Senator McMahan offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 25-3-25, Mississippi Code of 1972, is amended as follows:

25-3-25. (1) Except as otherwise provided in subsections (2) through (9), the salaries of sheriffs of the various counties are fixed as full compensation for their services.

The annual salary for each sheriff shall be based upon the total population of his county according to the latest federal decennial census in the following categories and for the following amounts; however, no sheriff shall be paid less than the salary authorized under this section to be paid the sheriff based upon the population of the county according to the most recent federal decennial census:

(a) For counties with a total population of more than one hundred thousand (100,000), a salary of \* \* \* One Hundred Five Thousand Dollars (\$105,000.00).

(b) For counties with a total population of more than \* \* \* forty-four thousand (44,000) and not more than one hundred thousand (100,000), a salary of \* \* \* Ninety-six Thousand Dollars (\$96,000.00).

(c) For counties with a total population of more than \* \* \* thirty thousand (30,000) and not more than \* \* \* forty-four thousand (44,000), a salary of \* \* \* Ninety-one Thousand Dollars (\$91,000.00).

(d) For counties with a total population of more than \* \* \* twelve thousand five hundred (12,500) and not more than \* \* \* thirty thousand (30,000), a salary of \* \* \* Eighty-six Thousand Dollars (\$86,000.00).

(e) For counties with a total population of not more than \* \* \* twelve thousand five hundred (12,500), a salary of \* \* \* Eighty-one Thousand Dollars (\$81,000.00).

(2) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Leflore County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) The Mississippi Department of Corrections operates and maintains a restitution center within the county;

(b) The Mississippi Department of Corrections operates and maintains a community work center within the county;

(c) There is a resident circuit court judge in the county whose office is located at the Leflore County Courthouse;

(d) There is a resident chancery court judge in the county whose office is located at the Leflore County Courthouse;

(e) The Magistrate for the Fourth Circuit Court District is located in the county and maintains his office at the Leflore County Courthouse;

(f) The Region VI Mental Health-Mental Retardation Center, which serves a multicounty area, calls upon the sheriff to provide security for out-of-town mental patients, as well as patients from within the county;

(g) The increased activity of the Child Support Division of the Department of Human Services in enforcing in the courts parental obligations has imposed additional duties on the sheriff; and

(h) The dispatchers of the enhanced E-911 system in place in Leflore County have been placed under the direction and control of the sheriff.

(3) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Rankin County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) The Mississippi Department of Corrections operates and maintains the Central Mississippi Correctional Facility within the county;

(b) The State Hospital is operated and maintained within the county at Whitfield;

(c) Hudspeth Regional Center, a facility maintained for the care and treatment of persons with an intellectual disability, is located within the county;

(d) The Mississippi Law Enforcement Officers Training Academy is operated and maintained within the county;

(e) The State Fire Academy is operated and maintained within the county;

(f) The Pearl River Valley Water Supply District, ordinarily known as the "Reservoir District," is located within the county;

(g) The Jackson-Medgar Wiley Evers International Airport is located within the county;

(h) The patrolling of the state properties located within the county has imposed additional duties on the sheriff; and

(i) The sheriff, in addition to providing security to the nearly one hundred thousand (100,000) residents of the county, has the duty to investigate, solve and assist in the prosecution of any misdemeanor or felony committed upon any state property located in Rankin County.

(4) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Neshoba County shall pay an annual supplement to the sheriff of the county an amount equal to Ten Thousand Dollars (\$10,000.00).

(5) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Tunica County, in its discretion, may pay an annual supplement to the sheriff of the county an amount equal to Ten Thousand Dollars (\$10,000.00), payable beginning April 1, 1997.

(6) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Hinds County shall pay an annual supplement to the sheriff of the county in an amount equal to Fifteen Thousand Dollars (\$15,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) Hinds County has the greatest population of any county, two hundred fifty-four thousand four hundred forty-one (254,441) by the 1990 census, being almost one hundred thousand (100,000) more than the next most populous county;

(b) Hinds County is home to the State Capitol and the seat of all state government offices;

(c) Hinds County is the third largest county in geographic area, containing eight hundred seventy-five (875) square miles;

(d) Hinds County is comprised of two (2) judicial districts, each having a courthouse and county office buildings;

(e) There are four (4) resident circuit judges, four (4) resident chancery judges, and three (3) resident county judges in Hinds County, the most of any county, with the sheriff acting as chief executive officer and provider of bailiff services for all;

(f) The main offices for the clerk and most of the judges and magistrates for the United States District Court for the Southern District of Mississippi are located within the county;

(g) The state's only urban university, Jackson State University, is located within the county;

(h) The University of Mississippi Medical Center, combining the medical school, dental school, nursing school and hospital, is located within the county;

(i) Mississippi Veterans Memorial Stadium, the state's largest sports arena, is located within the county;

(j) The Mississippi State Fairgrounds, including the Coliseum and Trade Mart, are located within the county;

(k) Hinds County has the largest criminal population in the state, such that the Hinds County Sheriff's Department operates the largest county jail system in the state, housing almost one thousand (1,000) inmates in three (3) separate detention facilities;

(l) The Hinds County Sheriff's Department handles more mental and drug and alcohol commitment cases than any other sheriff's department in the state;

(m) The Mississippi Department of Corrections maintains a restitution center within the county;

(n) The Mississippi Department of Corrections regularly houses as many as one hundred (100) state convicts within the Hinds County jail system; and

(o) The Hinds County Sheriff's Department is regularly asked to provide security services not only at the Fairgrounds and Memorial Stadium, but also for events at the Mississippi Museum of Art and Jackson City Auditorium.

(7) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Wilkinson County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county because the Mississippi Department of Corrections contracts for the private incarceration of state inmates at a private correctional facility within the county.

(8) In addition to the salary provided for in subsection (1) of this section, the Board of Supervisors of Marshall County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county because the Mississippi Department of Corrections contracts for the private incarceration of state inmates at a private correctional facility within the county.

(9) In addition to the salary provided in subsection (1) of this section, the Board of Supervisors of Greene County, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The Legislature finds and declares that the annual supplement authorized by this subsection is justified in such county for the following reasons:

(a) The Mississippi Department of Corrections operates and maintains the South Mississippi Correctional Facility within the county;

(b) In 1996, additional facilities to house another one thousand four hundred sixteen (1,416) male offenders were constructed at the South Mississippi Correctional Facility within the county; and

(c) The patrolling of the state properties located within the county has imposed additional duties on the sheriff justifying additional compensation.

(10) In addition to the salary provided in subsection (1) of this section, the board of supervisors of any county, in its discretion, may pay an annual supplement to the sheriff of the county in an amount not to exceed Ten Thousand Dollars (\$10,000.00). The amount of the supplement shall be spread on the minutes of the board. The annual supplement authorized in this subsection shall not be in addition to the annual supplements authorized in subsections (2) through (9).

(11) In addition to the salary provided in subsection (1) and the supplements authorized in subsections (2) through (10), the board of supervisors of any county, in its discretion, may pay an annual supplement in an amount not to exceed Ten Thousand Dollars (\$10,000.00) to the sheriff of any county in which a juvenile detention center is located. The amount of the supplement shall be spread on the minutes of the board.

( \*\* \*12) (a) The salaries provided in this section shall be payable monthly on the first day of each calendar month by chancery clerk's warrant drawn on the general fund of the county; however, the board of supervisors, by resolution duly adopted and entered on its minutes, may provide that such salaries shall be paid semimonthly on the first and fifteenth day of each month. If a pay date falls on a weekend or legal holiday, salary payments shall be made on the workday immediately preceding the weekend or legal holiday.

(b) At least Ten Dollars (\$10.00) from each fee collected and deposited into the county's general fund under the provisions of paragraphs (a), (c) and (g) of subsection (1) of Section 25-7-19 shall be used for the sheriffs' salaries authorized in Section 25-3-25; as such Ten Dollar (\$10.00) amount was authorized during the 2007 Regular Session in Chapter 331, Laws of 2007, for the purpose of providing additional monies to the counties for sheriffs' salaries.

( \*\* \*13) (a) All sheriffs, each year, shall attend twenty (20) hours of continuing education courses in law enforcement. Such courses shall be approved by the Mississippi Board on Law Enforcement Officers Standards and Training. Such education courses may be provided by an accredited law enforcement academy or by the Mississippi Sheriffs' Association.

(b) The Mississippi Board on Law Enforcement Officers Standards and Training shall reimburse each county for the expenses incurred by sheriffs and deputy sheriffs for attendance at any approved training programs as required by this subsection.

SECTION 2. This act shall take effect and be in force from and after October 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 25-3-25, MISSISSIPPI CODE OF 1972, TO INCREASE THE ANNUAL SALARIES OF THE COUNTY SHERIFFS; TO AUTHORIZE THE BOARD OF SUPERVISORS TO PAY AN ANNUAL SUPPLEMENT TO THE SHERIFF OF ANY COUNTY IN WHICH A JUVENILE DETENTION CENTER IS LOCATED; AND FOR RELATED PURPOSES.

Senator Michel called up the following entitled bill:

**H. B. No. 155:** State Health Plan; delete prohibition on covering hearing aids.

Senator Michel offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 25-15-7, Mississippi Code of 1972, is amended as follows:

25-15-7. Such health insurance shall not include expense incurred by or on account of an individual prior to July 1, 1972, as to him; dental care and treatment, except dental surgery and appliances to the extent necessary for the correction of damage caused by accidental injury while covered by the plan, or as a direct result of disease covered by the plan; eyeglasses, hearing aids for individuals over the age of twenty-one (21) years, and examinations for the prescription or fitting thereof; cosmetic surgery or treatment, except to the extent necessary for correction of damage by accidental injury while covered by the plan or as a direct result of disease covered by the plan; services received in a hospital owned or operated by the United States government for which no charge is made; services received for injury or sickness due to war or any act of war, whether declared or undeclared, which war or act of war shall have occurred after July 1, 1972; expense for which the individual is not required to make payment; expenses to the extent of benefits provided under any employer group plan other than this plan, in which the state participates in the cost thereof; and such other expenses as may be excluded by regulations of the board.

SECTION 2. Section 25-15-15, Mississippi Code of 1972, is amended as follows:

25-15-15. (1) The board is authorized to determine the manner in which premiums and contributions by the state agencies, local school districts, colleges, universities, community/junior colleges and public libraries shall be collected to provide the self-insured health insurance program for employees as provided under this article. The state shall provide fifty percent (50%) of the cost of the above life insurance plan for all active full-time employees. The state shall provide one hundred percent (100%) of the cost of the health insurance plan for active full-time employees initially employed before January 1, 2006, except as otherwise provided in this section. For active full-time employees initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance, except as otherwise provided in this section, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. The board, if determined to be necessary, may assess active full-time employees a portion of the active employee premium in an amount not to exceed Twenty Dollars (\$20.00) per month, notwithstanding any language in this section to the contrary. All active full-time employees shall be given the opportunity to purchase coverage for their eligible dependents with the premiums for such dependent coverage, as well as the employee's fifty percent (50%) share for his life insurance coverage, to be deductible from the employee's salary by the agency, department or institution head, which deductions, together with the fifty percent (50%) share of such life insurance premiums of such employing agency, department or institution head from funds appropriated to or authorized to be expended by the employing agency, department or institution head, shall be deposited directly into a depository bank or special fund in the State Treasury, as determined by the board. These funds and interest earned on these funds may be used for the disbursement of claims and shall be exempt from the appropriation process.

(2) The state shall provide annually, by line item in the Mississippi Library Commission appropriation bill, such funds to pay one hundred percent (100%) of the cost of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for full-time library staff members in each public library in Mississippi initially employed before January 1, 2006. For full-time library staff members initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the

employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. The commission shall allot to each public library a sufficient amount of those funds appropriated to pay the costs of insurance for eligible employees. Any funds so appropriated by line item which are not expended during the fiscal year for which such funds were appropriated shall be carried forward for the same purposes during the next succeeding fiscal year. If any premiums for the health insurance and/or late charges and interest penalties are not paid by a public library in a timely manner, as defined by the board, the Mississippi Library Commission, upon notice by the board, shall immediately withhold all subsequent disbursements of funds to that public library.

(3) The state shall annually provide one hundred percent (100%) of the cost of the health insurance plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for public school district employees who work no less than twenty (20) hours during each week and regular nonstudent school bus drivers, if such employees and school bus drivers were initially employed before January 1, 2006. For such employees and school bus drivers initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan. Where federal funding is allowable to defray, in full or in part, the cost of participation in the program by district employees who work no less than twenty (20) hours during the week and regular nonstudent bus drivers, whose salaries are paid, in full or in part, by federal funds, the allowance under this section shall be reduced to the extent of such federal funding. Where the use of federal funds is allowable but not available, it is the intent of the Legislature that school districts contribute the cost of participation for such employees from local funds, except that parent fees for child nutrition programs shall not be increased to cover such cost.

(4) The state shall provide annually, by line item in the community/junior college appropriation bill, such funds to pay one hundred percent (100%) of the cost of the health insurance plan, or any lesser percentage of the cost that is not assessed to the employees by the board, for community/junior college district employees initially employed before January 1, 2006, who work no less than twenty (20) hours during each week. For such employees initially employed on or after January 1, 2006, the state shall provide one hundred percent (100%) of the cost of a basic level of health insurance under the State and School Employees Health Insurance Plan, or any lesser percentage of the cost that is not assessed to the employees by the board, and the employees may pay additional amounts to purchase additional benefits or levels of coverage offered under the plan.

(5) When the use of federal funding is allowable to defray, in full or in part, the cost of participation in the insurance plan by community/junior college district employees who work no less than twenty (20) hours during each week, whose salaries are paid, in full or in part, by federal funds, the allowance under this section shall be reduced to the extent of the federal funding. Where the use of federal funds is allowable but not available, it is the intent of the Legislature that community/junior college districts contribute the cost of participation for such employees from local funds.

(6) Any community/junior college district may contribute to the cost of coverage for any district employee from local community/junior college district funds, and any public school district may contribute to the cost of coverage for any district employee from nonminimum program funds. Any part of the cost of such coverage for participating employees of public school districts and public community/junior college districts that is not paid by the state shall be paid by the participating employees, which shall be deducted from the salaries of the employees in a manner determined by the board.

(7) Any funds appropriated for the cost of insurance by line item in the community/junior colleges appropriation bill which are not expended during the fiscal year

for which such funds were appropriated shall be carried forward for the same purposes during the next succeeding fiscal year.

(8) The board may establish and enforce late charges and interest penalties or other penalties for the purpose of requiring the prompt payment of all premiums for life and health insurance permitted under this chapter. All funds in excess of the amount needed for disbursement of claims shall be deposited in a special fund in the State Treasury to be known as the State and School Employees Insurance Fund. The State Treasurer shall invest all funds in the State and School Employees Insurance Fund and all interest earned shall be credited to the State and School Employees Insurance Fund. Such funds shall be placed with one or more depositories of the state and invested on the first day such funds are available for investment in certificates of deposit, repurchase agreements or in United States Treasury bills or as otherwise authorized by law for the investment of Public Employees' Retirement System funds, as long as such investment is made from competitive offering and at the highest and best market rate obtainable consistent with any available investment alternatives; however, such investments shall not be made in shares of stock, common or preferred, or in any other investments which would mature more than one (1) year from the date of investment. The board shall have the authority to draw from this fund periodically such funds as are necessary to operate the self-insurance plan or to pay to the insurance carrier the cost of operation of this plan, it being the purpose to limit the amount of participation by the state to fifty percent (50%) of the cost of the life insurance program and not to limit the contracting for additional benefits where the cost will be paid in full by the employee. The state shall not share in the cost of coverage for retired employees.

(9) The board shall also provide for the creation of an Insurance Reserve Fund and funds therein shall be invested by the State Treasurer with all interest earned credited to the State and School Employees Insurance Fund.

(10) Any retired employee electing to purchase retired life and health insurance will have the full cost of such insurance deducted monthly from his State of Mississippi retirement plan check or direct billed for the cost of the premium if the retirement check is insufficient to pay for the premium. If the board determines actuarially that the premium paid by the participating retirees adversely affects the overall cost of the plan to the state, then the board may impose a premium surcharge, not to exceed fifteen percent (15%), upon such participating retired employees who are under the age for Medicare eligibility and who were initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who were initially employed on or after January 1, 2006, the board may impose a premium surcharge in an amount the board determines actuarially to cover the full cost of insurance.

\* \* \*

(\* \* \*11) This section shall stand repealed on July 1, \* \* \* 2026.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 25-15-7, MISSISSIPPI CODE OF 1972, TO PROHIBIT COVERAGE UNDER THE STATE HEALTH INSURANCE PLAN OF HEARING AIDS FOR INDIVIDUALS OVER THE AGE OF 21 YEARS; TO AMEND SECTION 25-15-15, MISSISSIPPI CODE OF 1972, TO REMOVE THE PROHIBITION ON THE HEALTH INSURANCE MANAGEMENT BOARD FOR IMPOSING A SURCHARGE BASED ON THE USE OR NONUSE OF TOBACCO-RELATED PRODUCTS, AND TO EXTEND THE REPEALER ON THE AUTHORITY OF THE

- (e) To employ on a full-time or part-time basis a qualified staff attorney and such other staff as it may deem necessary to carry out the purposes of this act and to contract with one or more reputable insurance consulting firms as may be necessary;
- (f) To assess premiums prescribed in this act to be paid by grain producers participating in the Mississippi Grain Indemnity Fund and to collect and deposit such assessments;
- (g) To make investments of the available funds in the Mississippi Grain Indemnity Fund as authorized by law;
- (h) To submit the board's budget request for the initial year of operation and for the appropriation of such State General Funds as may be required for the commencement of its activities and to make compensation payments to claimants for financial loss up to a maximum amount of Five Million Dollars (\$5,000,000.00) in the aggregate as more specifically provided in this act;
- (i) To subrogate all rights of the claimant, who shall assign all rights, title and interest in any judgment to the board. The board shall have subrogation rights against a third party for amounts paid out of the fund or out of any plan of reinsurance;
- (j) To initiate any action it may deem necessary to compel the grain dealer or warehouseman against whom an awarded claim arose to repay the Mississippi Grain Indemnity Fund;
- (k) To initiate any action it may deem necessary to compel the claimant whose claim arose due to a failure to participate in any legal proceeding in relation to that claim; and
- (l) To do all things necessary to carry out the intent and purpose of this act.

(5) The board may contract with the Mississippi Department of Insurance to administer and enforce the provisions of this act and the department may be reimbursed for necessary expense from the three percent (3%) monies set aside under Section 5(5) of this act.

SECTION 5. (1) There is hereby created in the State Treasury a special fund to be known as the "Mississippi Grain Indemnity Fund." All assessments that the Mississippi Grain Indemnity Board receives and collects under the provisions of subsection (2), all funds received from the proceeds of surety bonds executed by grain warehousemen and grain dealers pursuant to law and any funds appropriated by the Legislature for the operation of this act shall be deposited in the fund. All monies in the fund may be expended by the board for any and all purposes for which the board is authorized to expend funds under the provisions of this act. All interest earned from the investment of monies in the fund shall be credited to the fund. Monies remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund.

(2) There shall be levied upon every grain producer in the State of Mississippi who does not opt out of participation in writing as provided in subsection (3) of this section an assessment of two tenths of one percent (.02%) of market price per bushel on all grain to be collected at the site of first purchase. The board shall provide for the collection of the assessment for the purpose of financing or contributing to the financing of the Mississippi Grain Indemnity Fund. The monies in the Mississippi Grain Indemnity Fund shall not be available for any purpose other than for the payment of claims and for the administration of this act. These funds may be invested and reinvested at the discretion of the State Treasurer in any investment of public funds authorized by law, and the interest from these investments shall be deposited to the credit of the fund and shall be available for the same purposes as all other money deposited in the fund. In order to avoid or lessen the possibility and amount of assessments reinstated or increased as authorized by this act, the Mississippi Commissioner of Insurance shall approve rates for policies of reinsurance issued by the board at least adequate to fund annual reinsurance above a self-insured retention of Twenty Million Dollars (\$20,000,000) that combined with any readily available reserves of the board, is sufficient to cover at least the probable maximum losses from a grain warehouseman or grain dealer failure expected to occur as predicted by a model or method approved by the Commissioner of Insurance for the properties covered by the board at the time the reinsurance was negotiated. The commissioner may approve rates in excess of the minimums required by this section as consistent with his duties and the insurance laws of the State of Mississippi.

(3) Any qualified grain producer or grain producer organization may make application to the board requesting nonparticipation in the Mississippi Grain Indemnity program and an exemption from the assessment of the amount specified in subsection (2) of this section. Said application for exemption shall be executed by all applicants on a voluntary basis on or before March 1 of each year on forms prescribed by the board.

(4) Until such time as the balance in the Mississippi Grain Indemnity Fund is equal to or exceeds Twenty Million Dollars (\$20,000,000.00), the board shall reimburse grain producers for financial loss from the State General Fund in an amount not to exceed Five Million Dollars (\$5,000,000.00) in the aggregate subject to appropriation therefor by the Legislature, as specifically provided in Section 6 of this act. When the balance in the fund is equal to or exceeds Twenty Million Dollars (\$20,000,000.00), there shall be no guarantee for reimbursement for such financial loss from the State General Fund.

(5) The assessment authorized under this section shall continue on grain producers until the Mississippi Grain Indemnity Fund is more than Twenty Million Dollars (\$20,000,000.00). If and when the fund is more than Twenty Million Dollars (\$20,000,000.00), the board shall temporarily suspend the assessment and may in its discretion refund assessments paid in excess of that amount. In the event the amount in the fund shall subsequently drop below the Twenty Million Dollar (\$20,000,000.00) threshold, the board may reinstitute the assessment, however the assessment shall not exceed the assessment rate established by subsection (2) of this section. The assessments by the board pursuant to this section are in addition to any other fees or assessments required by law. When the fund is equal to or exceeds Twenty Million Dollars (\$20,000,000.00), the board shall reimburse the State General Fund from the Mississippi Grain Indemnity Fund for any appropriations made by the Legislature to the board for the commencement of operation of the program and reimbursement for financial loss.

(6) The board is authorized to set aside an amount not to exceed three percent (3%) of the year-end balance of the fund for necessary expenses relating to the administration of the fund.

(7) In the event of the bankruptcy of a grain warehouseman or grain dealer subject to a claim under this act, the fund shall be subrogated to the rights of any grain producer or the person possessing the warehouse receipt who has received payment from the Mississippi Grain Indemnity Fund, to the extent of such payment.

SECTION 6. Any grain producer or person possessing warehouse receipts covering grain owned or stored by the warehouseman or grain dealer may make a claim to the Mississippi Grain Indemnity Board for compensation for any financial loss due to a failure of such grain warehouseman or grain dealer. For purposes of this section, "failure" means an inability to financially satisfy a claimant in accordance with applicable statute or regulation or contract within the time limits provided therein. Market losses shall not be deemed to be a failure of such grain warehouseman or grain dealer. The grain producer or person possessing warehouse receipts shall have ninety (90) days from the failure to make the claim to the board. Within thirty (30) days of the board's approval of a valid claim, the board shall, in accordance with this section, compensate from the Mississippi Grain Indemnity Fund any claimant who has incurred a financial loss due to a failure of a grain warehouseman or grain dealer. Any claimant who has incurred a financial loss due to the failure of a grain warehouseman and who has surrendered a warehouse receipt for payment or holds a warehouse receipt and cannot receive value shall be compensated for one hundred percent (100%) of the claim. To the extent that there is an insufficient balance in the Mississippi Grain Indemnity Fund to compensate all claims at any date during the fiscal year, the board is authorized to adjust the maximum amount per claimant proportionately in order for each claimant to receive an equal pro rata share at the time of a failure of a grain warehouseman or grain dealer. Until such time as the Mississippi Grain Indemnity Fund has a balance equal to or in excess of Twenty Million Dollars (\$20,000,000.00), the board shall make compensation to claimants under this section from the State General Fund up to a maximum amount of Five Million Dollars (\$5,000,000.00) in the aggregate, pursuant to specific appropriation therefor by the Legislature.

SECTION 7. The Mississippi Grain Indemnity Fund Board is authorized to promulgate rules and regulations in accordance with the Mississippi Administrative Procedures Act as may be necessary to effectively and efficiently administer and enforce this act.

SECTION 8. Section 75-44-1, Mississippi Code of 1972, is amended as follows:

( \*\* f) "Grain warehouse" shall mean any structure or combination of structures operated together, including the machinery and equipment used in connection therewith, in or by means or which grain is unloaded, elevated, stored, loaded for shipment, dried, cleaned, weighed, treated, conditioned or otherwise handled from producers of grain.

\*\*\*

(g) "Inspector" shall mean a person authorized by the \*\*\* grain handler to weigh, inspect, grade and/or certificate the weight and grade of grain stored or to be stored in a grain warehouse.

(i) "Surety bond" shall mean a guarantee issued by a surety agency on behalf of a client, requiring the agency to pay a sum of money to a third party in the event the client fails to fulfill obligations required under this chapter.

SECTION 11. Section 75-44-7, Mississippi Code of 1972, is amended as follows:

75-44-7. The commissioner shall carry out and enforce the provisions of this \*\*\* act and is hereby empowered to promulgate rules and regulations to carry out necessary inspections and to appoint and fix the duties of his personnel and provide such equipment as may be necessary to assist him in enforcing the provisions thereof.

SECTION 12. Section 75-44-9, Mississippi Code of 1972, is amended as follows:

75-44-9. (1) No person shall (a) operate a grain warehouse with over five hundred thousand (500,000) bushels of licensed capacity; or (b) issue a warehouse receipt for such grain warehouse; or (c) operate as a grain handler selling, transferring or storing over five hundred thousand (500,000) bushels or more annually, without first having obtained a license \*\*\* under the provisions of the United States Warehouse Act, as amended.

(2) No person shall (a) operate a grain warehouse with over fifty thousand (50,000) and less than five hundred thousand (500,000) bushels of licensed capacity; or (b) issue a warehouse receipt for such grain warehouse; or (c) operate as a grain handler selling, transferring or storing over fifty thousand (50,000) and less than five hundred thousand (500,000) bushels annually, without first having obtained either a license under the provisions of the United States Warehouse Act, as amended, or a grain handler license from the Mississippi Department of Agriculture and Commerce under the provisions of this act.

(3) Any person who (a) operates a grain warehouse with less than fifty thousand (50,000) bushels of licensed capacity; or (b) issues a warehouse receipt for such grain warehouse; or (c) operates as a grain handler selling, transferring or storing less than fifty thousand (50,000) bushels annually, shall not be required to have a license issued by the

United States Warehouse Act or by the Mississippi Department of Agriculture and Commerce under this act.

SECTION 13. Section 75-44-11, Mississippi Code of 1972, is amended as follows:

75-44-11. (1) Applications for combined grain handler licenses under this \* \* \* act are to be made on forms prescribed by the commissioner for each separate warehouse and grain handler's place of business, or, if an applicant owns more than one (1) warehouse or grain handler's place of business at any one (1) location, which does not exceed eight (8) miles in distance, then all the warehouses and grain handler offices at that location may be included in one (1) application. Every application is to be accompanied by an application fee of \* \* \* Five Hundred Dollars (\$500.00) and a certified financial statement in a form prescribed by the commissioner and such further information as the commissioner may by regulation require.

(2) Grain handler licenses shall be nontransferable.

SECTION 14. Section 75-44-13, Mississippi Code of 1972, is amended as follows:

75-44-13. Prior to the issuance of a license, every applicant shall pay an annual license fee based upon the capacity of the warehouse, such fee to be determined by the commissioner, but not to exceed \* \* \* Two Hundred Fifty Dollars (\$250.00).

SECTION 15. Section 75-44-15, Mississippi Code of 1972, is amended as follows:

75-44-15. If a grain \* \* \* handler desires to renew his license for an additional year, application for such renewal shall be made on a form prescribed by the commissioner. At least sixty (60) days prior to the expiration of each license, the commissioner shall notify each grain \* \* \* handler of the date of such expiration and furnish such grain \* \* \* handler with the renewal form.

SECTION 16. Section 75-44-17, Mississippi Code of 1972, is amended as follows:

75-44-17. Before a license to \* \* \* operate as a grain handler is granted under Section 75-44-23, the grain \* \* \* handler shall file with the commissioner a copy of his schedule of charges for storage and other services. If the grain \* \* \* handler desires to make any change in the schedule of charges during the license period, he shall file with the commissioner a statement in writing showing the change at least thirty (30) days prior to its effective date. Each grain \* \* \* handler shall keep conspicuously posted the schedule of charges for storage and other services as so filed, and shall strictly adhere to these charges.

SECTION 17. Section 75-44-19, Mississippi Code of 1972, is amended as follows:

75-44-19. Immediately upon receipt of his license or of any modification or extension thereof, the grain \* \* \* handler shall post same and thereafter keep it posted until suspended or terminated in a conspicuous place in the office of the grain warehouse or place of business to which such license applies where receipts issued by such grain \* \* \* handler are delivered to depositors.

SECTION 18. Section 75-44-21, Mississippi Code of 1972, is amended as follows:

75-44-21. (1) Each grain \* \* \* handler shall have and maintain above all exemptions and liabilities, total net assets available for the payment of any indebtedness arising from the conduct of the grain warehouse or grain handler's place of business in an amount equal to at least Twenty Cents (20¢) multiplied by the maximum number of bushels of grain for which the grain \* \* \* handler is licensed, provided that no person may be licensed as a grain \* \* \* handler under the regulations \* \* \* under this act unless he has available net assets of at least Twenty Thousand Dollars (\$20,000.00); and provided

further, that any deficiency in net assets required above the minimum of Twenty Thousand Dollars (\$20,000.00) may, at the discretion of the commissioner, be supplied by a commensurate increase in the amount of the grain \*\*\* handler's bond furnished pursuant to Sections 75-44-29, 75-44-31, 75-44-33 and 75-44-35. In determining total available net assets, credit may be given for insurable assets such as buildings, machinery, equipment and merchandise inventory only to the extent of the current market value of such assets and only to the extent that such assets are protected by insurance against loss or damage. Such insurance shall be in the form of lawful policies issued by one or more insurance companies authorized to do business and subject to service of process in suits brought in this state, and which provide that no cancellation shall be effective unless thirty (30) days' advance notice of such cancellation is given to the commissioner.

(2) If a grain \*\*\* handler is licensed or is applying for license to operate two (2) or more grain warehouses or grain handler's places of business, the maximum total number of bushels which all such facilities will accommodate when stored in the manner customary to the warehouses, or sold/transferred at the grain handler's place of business, as determined by the commissioner, shall be considered in determining whether the grain \*\*\* handler meets the available net assets requirement of subsection (1) of this section.

(3) For the purposes of subsections (1) and (2) of this section only, capital stock as such shall not be considered a liability.

SECTION 19. Section 75-44-23, Mississippi Code of 1972, is amended as follows:

75-44-23. (1) Upon satisfaction of Sections 75-44-9 through 75-44-21, and 75-44-29 through 75-44-33, and any applicable regulations by an applicant, the commissioner shall issue a license to operate a grain warehouse.

(2) If after proper application, the commissioner denies any person, partnership, association or corporation a license to operate a grain warehouse, the commissioner shall transmit immediately to said applicant by certified mail an order so providing which shall state the reasons for said denial. In the event the applicant is dissatisfied at the decision of the commissioner, the applicant may request a hearing within ninety (90) days with the commissioner to appear and defend its compliance with all appropriate regulations and/or give evidence that all deficiencies have been corrected. If after said hearing, the commissioner denies applicant a license, the commissioner shall transmit immediately to applicant by certified mail an order so providing which shall state the reasons for said denial. In the event the applicant is dissatisfied at the decision of the commissioner after the hearing, the applicant may appeal to the chancery court of the county where the grain warehouse or grain handler's place of business is located within thirty (30) days of the date of said order in accordance with the provisions of subsection (2) of Section 75-44-25.

SECTION 20. Section 75-44-25, Mississippi Code of 1972, is amended as follows:

75-44-25. (1) If a grain \*\*\* handler is convicted of any crime involving fraud or deceit or if the commissioner determines that any grain \*\*\* handler has violated any of the provisions of this chapter, or any of the rules and regulations adopted by the commissioner pursuant to this chapter, the commissioner may, at his discretion, suspend, cancel or revoke the license of such grain \*\*\* handler.

(2) All proceedings for the suspension, cancellation or revocation of licenses shall be before the commissioner, and the proceedings shall be in accordance with rules and regulations which shall be adopted by the commissioner. No license shall be cancelled or revoked except after a hearing before the commissioner upon reasonable notice to the licensee and an opportunity to appear and defend. The commissioner may temporarily suspend the license of a licensee for good and reasonable cause before notice or hearing and the licensee shall be entitled to a hearing on such temporary suspension without undue delay. Whenever the commissioner shall suspend, cancel or revoke any license

he shall prepare an order so providing which shall state the reason or reasons for such suspension, cancellation or revocation. Said order shall be sent, by certified mail, by the commissioner to the licensee at the address of the grain warehouse licensed. Within thirty (30) days after the mailing of said order, the licensee, if dissatisfied with the order of the commissioner, may appeal to the chancery court of the county where the grain warehouse is located by filing a written notice of appeal alleging the pertinent facts upon which such appeal is grounded. At the time of the filing of the appeal, the appellant shall give a bond for costs conditioned upon his prosecution of the appeal without delay and payment of all costs assessed against him. Appeal may be with supersedeas and shall be subject to the provisions of Section 11-51-31.

(3) In case a license issued to a grain \* \* \* handler expires or is suspended, revoked or cancelled by the commissioner or his designated representative, such license shall be immediately returned to the commissioner and the grain \* \* \* handler shall forthwith comply with the provisions of Section 75-44-67.

SECTION 21. Section 75-44-27, Mississippi Code of 1972, is amended as follows:

75-44-27. Upon satisfactory proof of the loss or destruction of a license issued to a grain \* \* \* handler, a duplicate thereof, or a new license, may be issued under the same number.

SECTION 22. Section 75-44-29, Mississippi Code of 1972, is amended as follows:

75-44-29. (1) Before any person is granted a license pursuant to Section 75-44-23 such person shall give a bond to the commissioner executed by the grain \* \* \* handler as principal and by a corporate surety licensed to do business in this state as a surety in the amount prescribed in Section 75-44-31. The bond shall be in favor of the \* \* \* Mississippi Grain Indemnity Board established in this act for the benefit of all persons interested, their legal representatives, attorneys or assigns, conditioned upon the faithful compliance by the grain \* \* \* handler with the provisions of this chapter and the rules and regulations of the State Department of Agriculture and Commerce applicable thereto. The aggregate liability of the surety to all depositors or storers or purchasers of grain shall not exceed the sum of such bond. The bond may be cancelled at any time by the surety by giving written notice to the Commissioner of Agriculture and Commerce of its intention to cancel the bond and all liability thereunder shall terminate thirty-five (35) days after the mailing of such notice except that such notice shall not affect any claims arising under the bond, whether presented or not, before the effective date of the cancellation notice.

(2) In lieu of the bond required in subsection (1) of this section an applicant for a license may be a self-insurer by posting with the commissioner any of the following:

- (a) Cash;
- (b) Certificates of deposit from any bank or banking corporation insured by the Federal Deposit Insurance Corporation;
- (c) Irrevocable letters of credit from any bank or banking corporation insured by the Federal Deposit Insurance Corporation;
- (d) Federal Treasury Bills; or
- (e) Notes, securities or bonds secured by the federal government or the State of Mississippi.

Self-insurers shall post an amount equivalent to the amount of the bond required in Section 75-44-31.

SECTION 23. Section 75-44-31, Mississippi Code of 1972, is amended as follows:

75-44-31. (1) The amount of surety bond to be furnished for each grain warehouse shall be fixed at a rate of Twenty-five Cents (25¢) per bushel for the first \*\*\* five hundred thousand (500,000) bushels of licensed capacity; \*\*\* provided that in no case shall the amount of the bond be less than \*\*\* Twenty-five Thousand Dollars (\$25,000.00) or more than \*\*\* One Hundred Twenty-five Thousand Dollars (\$125,000.00), except as prescribed in subsection (3) or (4) of this section. The licensed capacity shall be equal to the maximum number of bushels of grain that the grain warehouse can accommodate for storage or the amount sold or transferred by the licensee acting as a grain handler. In no event shall the liability of the surety accumulate for each successive license period during which this bond is in force, but shall be limited in the aggregate to the bond amount or changed by appropriate rider or endorsement.

(2) A grain \*\*\* handler who is licensed or is applying for licenses to operate two (2) or more grain warehouses or places of grain-handling business may give a single surety bond meeting the requirements of this chapter to cover all such grain warehouses or businesses within the state. In such cases all grain warehouses or grain-handling businesses to be covered by the surety bond shall be deemed to be one (1) warehouse or place of business for purposes of determining the amount of bond required under subsection (1) of this section.

(3) In case of a deficiency in the net assets required by Section 75-44-21, there shall be added to the amount of the surety bond, determined in accordance with subsection (1) of this section, an amount equal to such deficiency. In any other case in which the commissioner finds that conditions exist which warrant requiring additional bond, there shall be added to the amount of bond such further amount as is determined to be reasonable by the commissioner.

(4) The commissioner may, when he questions a grain handler's ability to pay producers for grain purchased, require a grain handler to post an additional surety bond in a dollar amount deemed appropriate by the commissioner. Failure to post such additional surety bond or certificate of deposit or irrevocable letter of credit, constitutes grounds for suspension or revocation of a license issued under this act.

SECTION 24. Section 75-44-33, Mississippi Code of 1972, is amended as follows:

75-44-33. If an application is made for an amendment to a license and no bond previously filed by the grain \*\*\* handler under Sections 75-44-29 and 75-44-31 covers obligations arising during the period covered by such amendment, the grain \*\*\* handler shall file with the commissioner an additional bond in such amount as may be determined by the commissioner.

SECTION 25. Section 75-44-35, Mississippi Code of 1972, is amended as follows:

75-44-35. (1) It shall be the duty of the grain \*\*\* handler to deliver grain to the holder of a warehouse receipt within ten (10) days of the demand for the redemption of such receipt. In the event the grain \*\*\* handler fails to deliver grain to the holder of a warehouse receipt within ten (10) days of the demand, the holder of the warehouse receipt may make demand of the surety for payment under the bond. The surety has the responsibility to pay within fifteen (15) days following receipt by the surety of the notice of the demand for redemption. Any holder of a warehouse receipt issued by a grain \*\*\* handler who has made demand for redemption of such receipt, which demand was, without lawful excuse, not satisfied within ten (10) days, shall notify the commissioner in writing and shall have the right to bring action against the grain \*\*\* handler and the surety on the grain \*\*\* handler's bond for payment of the market value of the grain represented by such warehouse receipt, such market value to be determined as of the date of the demand, plus legal interest accrued from the date of the demand. In the event the grain \*\*\* handler is a self-insurer as provided in Section 75-44-29 the holder of a warehouse receipt shall have the right to bring action against the grain \*\*\* handler to the

extent of the amount posted in lieu of the bond. The commissioner shall pay to the holder of the warehouse receipt, to the extent of the bond posted, any judgment obtained by the holder of a warehouse receipt against a self-insurer. The commissioner may also pay to the holder of a warehouse receipt the amount of the market value of the grain provided that the grain \*\*\* handler agrees to such payment; provided, however, the license of the grain \*\*\* handler shall be suspended upon such payment until such time as the \*\*\* handler posts a bond as provided in this chapter or posts with the commissioner a sum equivalent to that paid by the commissioner on behalf of such \*\*\* grain handler.

(2) In all actions in which judgment is rendered against any surety company under the provisions of this section, if it appears from evidence that the surety company has \*\*\* willfully and without just cause refused to pay the loss upon demand, the court in rendering judgment shall allow the plaintiff the amount of the plaintiff's expenses, including court costs and attorney's fees, to be recovered and collected as part of the costs. The amount of any payment of costs and attorney's fees under this subsection will not reduce the surety's remaining liability on its bond.

(3) If a grain handler should fail or refuse to make payment to a producer for grain purchased when such payment is requested by the producer and the request is made within thirty (30) days of the date of sale or the date of delivery of such grain to the handler, whichever is later, or other period of time specified by contractual arrangement, the producer shall notify the commissioner in writing of such failure or refusal within the period of thirty (30) days thereafter. The commissioner upon receiving such notice shall take whatever action is necessary to investigate the claim and report the findings to the producer within ten (10) days. Grain handler liability under priced-later contracts, open-priced contracts, deferred price contracts, or similar agreements shall accrue under the bond in effect at the date of default as determined by the commissioner.

SECTION 26. Section 75-44-37, Mississippi Code of 1972, is amended as follows:

75-44-37. (1) Every grain \*\*\* handler shall at all times keep the grain stored in the grain warehouse insured by an insurance company authorized to do business in this state. The grain is to be insured for its full-market value against loss by fire, inherent explosion, lightning and windstorm, and failure to do so shall make the grain \*\*\* handler liable for the same. All such policies shall provide that no cancellations shall be effective unless thirty (30) days' prior notice is given the commissioner.

(2) If fire, inherent explosion, lightning or windstorm shall destroy or damage all or part of the grain stored in any grain warehouse, the grain \*\*\* handler shall, upon demand by the holder of any warehouse receipt for such grain, and upon being presented with the warehouse receipt, make settlement for the fair-market value after deducting the warehouse charges.

SECTION 27. Section 75-44-39, Mississippi Code of 1972, is amended as follows:

75-44-39. Every grain \*\*\* handler shall receive for storage or shipment, so far as the available capacity for storage of the grain warehouse shall permit, all grain tendered to him in the usual course of business; provided, however, a grain warehouse owned and operated as a cooperative may decline to accept grain tendered by a nonmember if such cooperative reasonably believes that its available capacity will be required to serve the members of the cooperative. All such grain is to be inspected, weighed and graded by an inspector except that:

(a) The depositor and the grain \*\*\* handler may agree upon a sample taken from the lot of grain to be offered for storage as being a true and representative sample.

(b) The depositor and the grain \*\*\* handler may agree upon the grade of the grain offered for storage and a warehouse receipt may be issued on the agreed grade.

SECTION 28. Section 75-44-41, Mississippi Code of 1972, is amended as follows:

75-44-41. Every grain \*\*\* handler shall keep in a place of safety complete, separate and correct records and accounts pertaining to the grain warehouse including, but not limited to, records and accounts of \*\*\* the number of bushels of grain received therein and withdrawn therefrom, all unissued receipts and tickets in its possession, copies of all receipts and tickets issued by it, and the receipts and tickets returned to and cancelled by it. Such records shall be retained by the grain \*\*\* handler for a period of five (5) years.

SECTION 29. Section 75-44-43, Mississippi Code of 1972, is amended as follows:

75-44-43. (1) Every grain warehouse shall be examined by the commissioner each year. The cost of such examination shall be included in the annual license fee. The commissioner, at his discretion, may make additional examinations of any grain warehouse at any time. If any discrepancy is found as a result of additional examination, the cost of such examination is to be paid by the grain \*\*\* handler.

(2) Every grain warehouse shall at least annually send to the commissioner a copy of its financial statement prepared by an accountant licensed by the State of Mississippi and sworn to by the accountant and grain \*\*\* handler.

(3) The commissioner \*\*\* shall also require an unqualified audit by an accountant licensed by the State of Mississippi as a requirement for licensing \*\*\* to be submitted annually directly to the commissioner. SECTION 33. Section 75-44-51, Mississippi Code of 1972, is amended as follows:

75-44-51. The commissioner shall require that at least one (1) actual or skeleton copy of all receipts shall be made and all copies shall have clearly and conspicuously printed or stamped thereon the words "Copy-Not Negotiable."

75-44-55. If a grain \*\*\* handler delivers only a part of a lot of grain for which he has issued a negotiable receipt under this chapter, he shall take up and cancel such receipt and issue a new receipt in accordance with the provisions of Sections 75-44-49 through 75-44-65 for the undelivered portion of grain.

SECTION 36. Section 75-44-57, Mississippi Code of 1972, is amended as follows:

75-44-61. The commissioner shall require that no warehouse receipt shall be issued except upon actual delivery of grain into storage in the warehouse from which it purports to be issued, nor shall any receipt be issued for a greater quantity of grain than was contained in the lot or parcel \*\*\* or received for storage, nor shall more than one (1) receipt be issued for the same lot of grain, except in cases where a receipt for a part of a lot is desired, and then the aggregate receipts for a particular lot shall cover that lot and no more.

SECTION 39. Section 75-44-63, Mississippi Code of 1972, is amended as follows:

75-44-63. A grain \*\*\* handler may make a valid sale or pledge of any warehouse receipts issued for grain of which the \*\*\* handler is the owner, either solely or jointly or in common with others, and the recital of ownership in the receipt shall constitute notice of the right to sell or pledge the same and of the title or specific lien of the transferee or pledgee upon the \*\*\* grain handler's grain represented by the receipts.

SECTION 40. Section 75-44-65, Mississippi Code of 1972, is amended as follows:

75-44-65. (1) If grain is offered for storage in any licensed grain warehouse and the grain \*\*\* handler does not have storage space to handle the same, the grain \*\*\* handler, with the written consent of the owner, may accept grain for shipment to another grain warehouse where storage is available.

(2) The receipt to cover grain to be transported to and stored in another grain warehouse shall embody within its written or printed terms, in addition to the requirements of Section 75-44-49, the name and location of the grain warehouse to which the grain will be shipped for storage.

75-44-67. Any \*\*\* grain handler operating a grain warehouse who desires to discontinue such operation at the expiration of his license or whose license is suspended, revoked or cancelled by the commissioner or his designated representative shall notify the commissioner and all holders of warehouse receipts and all parties storing grain in the grain warehouse, if known, or if not known, by advertising in the newspaper or newspapers of largest general circulation in the community in which the grain warehouse is located once per week for three (3) consecutive weeks, at least thirty (30) days prior to the date of expiration of his license, of his intention to discontinue the grain warehouse business, and the owners of the grain shall remove, or cause to be removed, their grain from such grain warehouse before the expiration of the license.

75-44-71. (1) Any person who issues a warehouse receipt for grain without holding a valid grain \*\*\* handler license or who commits any willful violation of any provision of this chapter, shall be guilty of a felony, and upon conviction thereof, punishable by a fine of not more than \*\*\* Fifty Thousand Dollars (\$50,000.00) and/or imprisonment for not more than five (5) years.

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. \* \* \* However, \* \* \* school districts are authorized, in their discretion, to negotiate the salary levels applicable to \* \* \* licensed employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. \* \* \*

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding \*\*\* licensed teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be

limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed appropriate in designating successful student achievement shall be used in establishing MPBP criteria. \* \* \*

(5) (a) \* \* \* If funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION \*. Section 37-21-7, Mississippi Code of 1972, is amended as follows:

37-21-7. (1) This section shall be referred to as the "Mississippi Elementary Schools Assistant Teacher Program," the purpose of which shall be to provide an early childhood education program that assists in the instruction of basic skills. The State Board of Education is authorized, empowered and directed to implement a statewide system of assistant teachers in kindergarten classes and in the first, second and third grades. The assistant teacher shall assist pupils in actual instruction under the strict supervision of a licensed teacher.

(2) (a) Except as otherwise authorized under subsection (7), each school district shall employ the total number of assistant teachers funded under subsection (6) of this section. The superintendent of each district shall assign the assistant teachers to the kindergarten, first-, second- and third-grade classes in the district in a manner that will promote the maximum efficiency, as determined by the superintendent, in the instruction of skills such as verbal and linguistic skills, logical and mathematical skills, and social skills.

(b) If a licensed teacher to whom an assistant teacher has been assigned is required to be absent from the classroom, the assistant teacher may assume responsibility for the classroom in lieu of a substitute teacher. However, no assistant

teacher shall assume sole responsibility of the classroom for more than three (3) consecutive school days. Further, in no event shall any assistant teacher be assigned to serve as a substitute teacher for any teacher other than the licensed teacher to whom that assistant teacher has been assigned.

(3) Assistant teachers shall have, at a minimum, a high school diploma or a High School Equivalency Diploma equivalent, and shall show demonstrable proficiency in reading and writing skills. The State Department of Education shall develop a testing procedure for assistant teacher applicants to be used in all school districts in the state.

(4) (a) In order to receive funding, each school district shall:

(i) Submit a plan on the implementation of a reading improvement program to the State Department of Education; and

(ii) Develop a plan of educational accountability and assessment of performance, including pretests and posttests, for reading in Grades 1 through 6.

(b) Additionally, each school district shall:

(i) Provide annually a mandatory preservice orientation session, using an existing in-school service day, for administrators and teachers on the effective use of assistant teachers as part of a team in the classroom setting and on the role of assistant teachers, with emphasis on program goals;

(ii) Hold periodic workshops for administrators and teachers on the effective use and supervision of assistant teachers;

(iii) Provide training annually on specific instructional skills for assistant teachers;

(iv) Annually evaluate their program in accordance with their educational accountability and assessment of performance plan; and

(v) Designate the necessary personnel to supervise and report on their program.

(5) The State Department of Education shall:

(a) Develop and assist in the implementation of a statewide uniform training module, subject to the availability of funds specifically appropriated therefor by the

Legislature, which shall be used in all school districts for training administrators, teachers and assistant teachers. The module shall provide for the consolidated training of each assistant teacher and teacher to whom the assistant teacher is assigned, working together as a team, and shall require further periodic training for administrators, teachers and assistant teachers regarding the role of assistant teachers;

(b) Annually evaluate the program on the district and state level. Subject to the availability of funds specifically appropriated therefor by the Legislature, the department shall develop: (i) uniform evaluation reports, to be performed by the principal or assistant principal, to collect data for the annual overall program evaluation conducted by the department; or (ii) a program evaluation model that, at a minimum, addresses process evaluation; and

(c) Promulgate rules, regulations and such other standards deemed necessary to effectuate the purposes of this section. Noncompliance with the provisions of this section and any rules, regulations or standards adopted by the department may result in a violation of compulsory accreditation standards as established by the State Board of Education and the Commission on School Accreditation.

(6) In addition to other funds allotted under the Minimum Education or Adequate Education Program, each school district shall be allotted sufficient funding for the purpose of employing assistant teachers. No assistant teacher shall be paid less than the amount he or she received in the prior school year. No school district shall receive any funds under this section for any school year during which the aggregate amount of the local contribution to the salaries of assistant teachers by the district shall have been reduced below such amount for the previous year.

For assistant teachers, the minimum annual salary shall be as follows:

***2022-2023 Minimum Salary .....	\$ *** 16,000.00
2023-2024 Minimum Salary .....	\$17,000.00

In addition, for each one percent (1%) that the Sine Die General Fund Revenue Estimate Growth exceeds five percent (5%) in fiscal year 2006, as certified by the Legislative Budget Office to the State Board of Education and subject to the specific appropriation therefor by the Legislature, the State Board of Education shall revise the salary scale in the appropriate year to provide an additional one percent (1%) across-the-board increase in the base salaries for assistant teachers. The State Board of Education shall revise the salaries prescribed above for assistant teachers to conform to any adjustments made in prior fiscal years due to revenue growth over and above five percent (5%). The assistant teachers shall not be restricted to working only in the grades for which the funds were allotted, but may be assigned to other classes as provided in subsection (2)(a) of this section.

(7) (a) As an alternative to employing assistant teachers, any school district may use the allotment provided under subsection (6) of this section for the purpose of employing licensed teachers for kindergarten, first-, second- and third-grade classes; however, no school district shall be authorized to use the allotment for assistant teachers for the purpose of employing licensed teachers unless the district has established that the employment of licensed teachers using such funds will reduce the teacher:student ratio in the kindergarten, first-, second- and third-grade classes. All state funds for assistant teachers shall be applied to reducing teacher:student ratio in Grades K-3.

It is the intent of the Legislature that no school district shall dismiss any assistant teacher for the purpose of using the assistant teacher allotment to employ licensed teachers. School districts may rely only upon normal attrition to reduce the number of assistant teachers employed in that district.

(b) Districts meeting the highest levels of accreditation standards, as defined by the State Board of Education, shall be exempted from the provisions of subsection (4) of this section.

SECTION 2. This act shall take effect and be in force from and after July 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(7) The governing authorities of a municipality, county, rural water association or utility authority may submit an application for grant funds under this act. Applicants shall certify to the department that each expenditure of the funds awarded to them under this act is in compliance with ARPA guidelines, guidance, rules, regulations and/or other criteria, as may be amended from time to time, by the United States Department of the Treasury regarding the use of monies from the State Coronavirus State Fiscal Recovery Funds. Subsequent submissions will be due by the dates established by the department.

(8) An application for a grant under this act shall be submitted at such time, be in such form, and contain such information as the department prescribes. Each application for grant funds shall include the following at a minimum: applicant contact information; project description and type of project; project map; estimate of population served by the projects; disadvantaged community criteria (population, median household income, unemployment, current water/sewer rates); estimated project cost; list of available match funds and documentation of commitment; estimated project schedule and readiness to proceed; engineering services agreement; engineering reports; and information about status of obtaining any required permits.

(9) The department shall develop a system for use in ranking the grant applications received. Projects that are included on the municipal or county engineer's approved list and provide applicable supporting documentation shall receive additional consideration awarded to the application. The ranking system shall include the following factors, at a minimum: the environmental impact of the proposed project; the proposed project's ability to address noncompliance with state/federal requirements; the extent to which the project promotes economic development; the number of people served by the project (both new and existing users); impacts of the proposed project on disadvantaged/overburdened communities; the grant applicant's prior efforts to secure funding to address the proposed project's objectives; the grant applicant's proposed contribution of other funds or in-kind cost-sharing to the proposed project; the grant applicant's long-term plans for the financial and physical operation and maintenance of the project; the grant applicant's capacity to initiate construction in a timely manner and complete the proposed project by the deadline specified by the United States Department of Treasury rules for ARPA funds; and any other factors as determined by the department.

(10) The grant program shall include a specific emphasis on addressing the needs of an economically disadvantaged community, including providing safe, reliable drinking water in areas that lack infrastructure, providing sewage treatment capacity in unsewered areas and providing regional development of infrastructure to serve multiple communities.

(11) Applications shall be reviewed and scored as they are received. The Mississippi Department of Environmental Quality shall certify that each project submitted is a "necessary investment" in water, wastewater, or stormwater infrastructure as defined in the American Rescue Plan Act and all applicable guidance issued by the United States Department of the Treasury. The Department of Environmental Quality shall review the lists of recommended water, wastewater, or stormwater infrastructure projects and issue its list of recommended projects to the Mississippi Department of Health for its advice. Grant agreements shall be executed between the recipient and the Mississippi Department of Environmental Quality. All final awards shall be determined at the discretion of the executive director of the department. Funds shall be obligated to a grantee upon the execution of a grant agreement between the department and the approved applicant. Funds shall be made available to a grantee when the department obtains the necessary support for reimbursement. The department is authorized to conduct additional rounds of grants as needed; however, in the first round no more than forty percent (40%) of the total funds appropriated for each grant program may be

awarded by the department, and the remaining funds may be awarded in the second or subsequent rounds which shall occur no later than six (6) months from the previous round.

(12) Grant requirements shall be used prospectively and grants shall not be available to cover the costs of debt incurred before the enactment of this program. The applicant shall agree to obtain all necessary state and federal permits, follow all state bidding and contracting laws and fiscally sound practices in the administration of the funds.

(13) (a) There is hereby created in the State Treasury two (2) special funds to be known as (a) the "Mississippi Municipal-County Water Infrastructure (MCWI) Grant Program Fund," and (b) the "Mississippi Rural Water Infrastructure (RWI) Grant Program Fund," which shall consist of funds appropriated by the Legislature from federal American Rescue Plan (ARPA) monies or other available federal grant funds for the purposes of awarding grants under this act to be disbursed by the Mississippi Department of Environmental Quality.

(b) All monies disbursed from the funds created in this act shall be in compliance with the guidelines, guidance, rules, regulations or other criteria, as may be amended from time to time, of the United States Department of the Treasury regarding the use of monies from the Coronavirus State Fiscal Recovery Fund, established by the American Rescue Plan of 2021. Unexpended amounts remaining in the funds at the end of the fiscal year shall not lapse into the Coronavirus State Fiscal Recovery Fund or the State General Fund, and any investment earnings or interest earned on amounts in the funds shall remain in the respective grant program funds.

(c) If there are unobligated Coronavirus State Fiscal Recovery Fund monies remaining in the funds created in this act, on the later of December 17, 2024, or fourteen (14) days prior to the fund obligation deadline provided by the federal government, the Department of Finance and Administration shall transfer these unobligated balances to the Coronavirus State Fiscal Recovery Fund. The Department of Finance and Administration shall then transfer the unobligated balance of Coronavirus State Fiscal Recovery Funds from the Coronavirus State Fiscal Recovery Fund to the State and School Employees' Life and Health Insurance Fund for an amount not to exceed the lesser of Sixty Million Dollars (\$60,000,000.00) or the amount of allowable ARPA expenditures, by no later than December 31, 2024, or on the date of the fund obligation deadline provided by the federal government. The Department of Finance and Administration shall then transfer all remaining unobligated balances of Coronavirus State Fiscal Recovery Funds from the Coronavirus State Fiscal Recovery Fund to the Unemployment Compensation Fund up to the ARPA allowable amount, by no later than December 31, 2024, or on the date of the fund obligation deadline provided by the federal government.

(d) The use of funds allocated under this program shall be subject to audit by the United States Department of the Treasury's Office of Inspector General and the Mississippi Office of the State Auditor. Each person receiving funds under these programs found to be fully or partially noncompliant with the requirements in this act shall return to the state all or a portion of the funds received.

(14) It is the intent of the Legislature that, in the first fiscal year after the effective date of this act, forty percent (40%) of the funds appropriated to the (MCWI) Grant Program Fund and the (RWI) Grant Program Fund be obligated to projects that have completed plans and specifications, acquired all necessary land and/or easements, and are ready to proceed to construction.

(15) The department shall submit to the Lieutenant Governor, Speaker of the House, House and Senate Appropriations Chairmen, and the Legislative Budget Office quarterly reports and annual reports that are due by the dates established in the Compliance and Reporting Guidance by the United States Department of Treasury. The reports shall contain the applications received, the score of the applications, the amount

of grant funds awarded to each applicant, the amount of grant funds expended by each applicant, and status of each applicant's project.

(16) Grant funds shall be available under this act through December 31, 2026, or on the date of the fund expenditure deadline provided by the federal government, whichever occurs later. Each grant recipient shall certify for any project that a grant is awarded that in the event the project is not completed by December 31, 2026, and the United States Congress does not enact an extension of the deadline on the availability of ARPA Funds, then the grant recipient will complete the project through any other funds available.

(17) The Mississippi Department of Environmental Quality may retain an amount not to exceed two percent (2%) of the total funds allocated to the program to defray administrative costs.

(18) The department shall be exempt from provisions of the Public Procurement Review Board for any requirements of personal or professional service contracts or the pre-approval of the solicitation for such contracts used in the execution of its responsibilities under this act.

(19) The provisions of this section shall stand repealed on July 1, 2026.

SECTION 2. Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) The COVID-19 public health emergency has had a significant negative impact on Mississippi's tourism industry. American Rescue Plan Act funds are specifically targeted toward assisting in the recovery of the tourism and hospitality sectors. (b) All monies disbursed from the COVID-19 Destination Marketing Organization Grant Program Fund shall be in compliance with the guidelines, guidance, rules, regulations or other criteria, as may be amended from time to time, of the United States Department of the Treasury regarding the use of monies received by or on behalf

of the State of Mississippi through the Coronavirus State Fiscal Recovery Fund established by the American Rescue Plan Act of 2021 (Public Law No. 117-2). Unexpended amounts of any monies remaining in the funds at the end of a fiscal year shall not lapse into the Coronavirus State Fiscal Recovery Fund or the State General Fund, and any investment earnings or interest earned on amounts in the program fund shall be deposited to the credit of COVID-19 Destination Marketing Organization Grant Program Fund.

(c) If there are unobligated Coronavirus State Fiscal Recovery Fund monies remaining in the fund, on the later of December 17, 2024, or fourteen (14) days prior to the fund obligation deadline provided by the federal government, the Department of Finance and Administration shall transfer these unobligated balances to the Coronavirus State Fiscal Recovery Fund. The Department of Finance and Administration shall then transfer the unobligated balance of Coronavirus State Fiscal Recovery Funds from the Coronavirus State Fiscal Recovery Fund to the State and School Employees' Life and Health Insurance Fund for an amount not to exceed the lesser of Sixty Million Dollars (\$60,000,000.00) or the amount of allowable ARPA expenditures, by no later than December 31, 2024, or on the date of the fund obligation deadline provided by the federal government. The Department of Finance and Administration shall then transfer all remaining unobligated balances of Coronavirus State Fiscal Recovery Funds from the Coronavirus State Fiscal Recovery Fund to the Unemployment Compensation Fund up to the ARPA allowable amount, by no later than December 31, 2024, or on the date of the fund obligation deadline provided by the federal government.

(5) The use of funds allocated under this program shall be subject to audit by the United States Department of the Treasury's Office of Inspector General and the Mississippi Office of the State Auditor. Each person receiving funds under this program found to be fully or partially noncompliant with the requirements in this section shall return to the state all or a portion of the funds received.

(6) (a) The Mississippi Department of Finance and Administration shall determine, in conjunction with the destination marketing organizations, the allocations of monies provided each year for three (3) years as follows:

Such destination marketing organizations shall provide semiannual reports on expenditures and economic impacts of their marketing activities to the Department of Finance and Administration, the Governor, the Lieutenant Governor, the Speaker of the House of Representatives and the Department of Audit.

(d) Subject to applicable purchasing laws, destination marketing organizations will give preference, when available and practical, to Mississippi-based companies for any new contracts entered into for marketing activities.

(7) The Department of Finance and Administration and the Department of Audit shall have all powers necessary for the implementation of this section.

(8) None of the funds provided in this section shall be used for administrative expenses to create and administer the program.

(9) If the Office of Inspector General of the United States Department of the Treasury, or the Office of Inspector General of any other federal agency having oversight over the use of monies from the Coronavirus State and Local Fiscal Recovery Funds established by the American Rescue Plan Act, determines that (a) the Department of Finance and Administration or recipient has expended or otherwise used any of the funds appropriated to the Department of Finance and Administration under this section for any purpose that is not in compliance with the guidelines, guidance, rules, regulations and/or other criteria, as may be amended from time to time, by the United States Department of the Treasury regarding the use of monies from the Coronavirus State and Local Fiscal Recovery Funds established by the American Rescue Plan Act, and (b) the State of Mississippi is required to repay the federal government for any of those funds that the Office of the Inspector General determined were expended or otherwise used improperly by the Department of Finance and Administration or recipient, then the Department of Finance and Administration or recipient, as the case may be, that expended or otherwise used those funds improperly shall be required to pay the amount of those funds to the State of Mississippi for repayment to the federal government.

(b) The lease shall be for a term of five (5) years, and the lessee shall have the first right to renew the lease for an additional five (5) years. Before such renewal, the Department of Marine Resources may adjust the acreage and price of the lease to reflect the total number of acres of oyster production.

When that testing indicates the oysters on the closed reef are suitable for consumption, the reef shall be opened for the taking of oysters as soon as notice of that opening may be made to interested parties. The authority to open or close oyster reefs under this chapter shall be solely within the discretion of the \* \* \* department. The Gulf Coast Research Laboratory or other certified laboratory shall cooperate with the department and shall conduct necessary tests to determine the condition of oyster reefs at the request of the department. The department may limit the sale of oysters for human consumption \* \* \*.

(4) (a) The \* \* \* department may issue special permits for the purpose of catching oysters outside the open season or in areas not normally open to harvest to those nonprofit organizations that are tax exempt under Section 501(c) of the United States Internal Revenue Code and which have on file with the Department of Revenue a tax exemption letter issued by the United States Internal Revenue Service.

(b) The \*\*\* department shall promulgate rules and regulations governing the taking of oysters by the nonprofit organization and shall issue such regulations to all organizations upon request and at the issuance of the special permit.

(5) The \*\*\* department shall establish a reasonable period of time for depuration of oysters replanted from restricted waters. That period of time shall be consistent with the maintenance of the public health and may vary from time to time and from one reef to another in accordance with environmental conditions.

SECTION 1. Section 63-11-23, Mississippi Code of 1972, is amended as follows:

63-11-23. (1) Administrative license suspension for test refusal. The Commissioner of Public Safety, or his authorized agent, shall review the sworn report by a law enforcement officer as provided in Section 63-11-21.

(a) If upon review the Commissioner of Public Safety, or his authorized agent, finds (i) that the law enforcement officer had reasonable grounds and probable cause to believe the person had been operating a motor vehicle upon the public highways, public roads \* \* \* or streets of this state while under the influence of intoxicating liquor or any other substance that may impair a person's mental or physical ability; (ii) that the person refused to submit to the chemical test of the person's breath, blood or urine upon request of the officer; and (iii) that the person was informed that his license and driving privileges would be suspended or denied if he refused to submit to the chemical test of his breath, blood or urine, then the Commissioner of Public Safety, or his authorized agent, shall give notice to the licensee that his license or permit to drive, or any nonresident operating privilege, shall be suspended thirty (30) days after the date of the notice for a period of ninety (90) days if the person has not previously been convicted of or nonadjudicated for a violation of Section 63-11-30, or, for a period of one (1) year if the person was previously convicted or nonadjudicated under Section 63-11-30. If the commissioner or his authorized agent determines that the license or permit should not be suspended, he shall return the license or permit to the licensee.

(b) The notice of suspension shall be in writing and conform to Section 63-1-52.

(c) A person may continue to drive on either an interlock-restricted license or under a drug-testing program if so ordered by a court in the course of a criminal proceeding for a violation of Section 63-11-30.

(2) Extension or suspension of privilege to drive; request for trial. (a) If the chemical testing of a person's breath indicates the blood alcohol concentration was eight one-hundredths percent (.08%) or more for persons who are above the legal age to purchase alcoholic beverages under state law, or two one-hundredths percent (.02%) or more for persons who are below the legal age to purchase alcoholic beverages under state law, based upon grams of alcohol per one hundred (100) milliliters of blood or grams of alcohol per two hundred ten (210) liters of breath as shown by a chemical analysis of the person's blood, breath, or urine, the arresting officer shall seize the license and give the driver a receipt for his license on forms prescribed by the Commissioner of Public Safety and shall promptly forward the license together with a sworn report to the Commissioner of Public Safety. The receipt given a person shall be valid as a permit to operate a motor vehicle for thirty (30) days in order that the defendant may be processed through the court having original jurisdiction and a final disposition had.

(b) If the defendant requests a trial within thirty (30) days and trial is not commenced within thirty (30) days, then the court shall determine if the delay in the trial is the fault of the defendant or his counsel. If the court finds that it is not the fault of the defendant or his counsel, then the court shall order the defendant's privileges to operate a motor vehicle to be extended until the defendant is convicted upon final order of the court.

(c) If a receipt or permit to drive issued under this subsection expires without a trial having been requested as provided in this subsection, then the Commissioner of Public Safety, or his authorized agent, shall suspend the license or permit to drive or any nonresident operating privilege for the applicable period of time as provided in subsection (1) of this section.

(3) Offenders driving without a license. If the person is a resident without a license or permit to operate a motor vehicle in this state, the Commissioner of Public Safety, or his authorized agent, shall deny to the person the issuance of a license or permit for a period of one (1) year beginning thirty (30) days after the date of notice of the suspension.

(4) Appeal. It shall be the duty of the municipal prosecuting attorney, county prosecuting attorney, an attorney employed under the provisions of Section 19-3-49, or if there is not a prosecuting attorney for the municipality or county, the duty of the district attorney to represent the state in any hearing on a de novo appeal held under the provisions of Section 63-11-25, Section 63-11-37 or Section 63-11-30.

(5) Suspension subsequent to conviction. Unless the person obtains an interlock-restricted license or the court orders the person to exercise the privilege to operate a motor vehicle only under an interlock-restricted license or while participating in a court-ordered drug-testing program, thirty (30) days after receipt of the court abstract documenting a person's conviction under Section 63-11-30, the Department of Public Safety shall suspend the driver's license and privileges of the person to operate a motor vehicle as follows:

(a) When sentenced under Section 63-11-30(2):

(i) For a first offense: one hundred twenty (120) days;

(ii) For a second offense: one (1) year;

(iii) For a third offense: for the full period of the person's sentence; upon release from incarceration, the person will be eligible for only an interlock-restricted license for three (3) years;

(iv) For a fourth or subsequent offense: for the full period of the person's sentence; upon release from incarceration, the person will be eligible for only an interlock-restricted license for ten (10) years and will further be subject to court-ordered

drug testing if the original offense involved operating a motor vehicle under the influence of a drug other than alcohol.

(b) When sentenced under Section 63-11-30(3) (Zero Tolerance for Minors):

(i) For a first offense: one hundred twenty (120) days;

(ii) For a second offense: one (1) year;

(iii) For a third offense occurring within five (5) years, suspend or deny the driving privilege for two (2) years or until the person reaches the age of twenty-one (21), whichever is longer.

(6) Suspensions. (a) Notices of suspension given under this section shall be in writing and conform to Section 63-1-52.

(b) Suspensions under this and any other chapter shall run consecutively and not concurrently.

(c) The first day of any one-hundred-twenty-day period shall begin to run on the date the judge signs an order for suspension.

(7) License reinstatement. A person is eligible for an unrestricted license when the person has completed an alcohol safety education program as provided in Section 63-11-32, has satisfied all other conditions of law and of the person's sentence or nonadjudication, and is not otherwise barred from obtaining an unrestricted license.

SECTION 2. Section 63-11-30, Mississippi Code of 1972, is amended as follows:

63-11-30. (1) It is unlawful for a person to drive or otherwise operate a vehicle within this state if the person:

(c) Is under the influence of any drug or controlled substance, the possession of which is unlawful under the Mississippi Controlled Substances Law; or

(d) Has an alcohol concentration in the person's blood, based upon grams of alcohol per one hundred (100) milliliters of blood, or grams of alcohol per two hundred ten (210) liters of breath, as shown by a chemical analysis of the person's breath, blood or urine administered as authorized by this chapter, of:

(i) Eight one-hundredths percent (.08%) or more for a person who is above the legal age to purchase alcoholic beverages under state law;

The court may substitute attendance at a victim impact panel instead of forty-eight (48) hours in jail.

(ii) Suspension of commercial driving privileges is governed by Section 63-1-216.

(iii) A qualifying first offense may be nonadjudicated by the court under subsection (14) of this section. The holder of a commercial driver's license or a commercial learning permit at the time of the offense is ineligible for nonadjudication.

(iv) Eligibility for an interlock-restricted license is governed by Section 63-11-31 and suspension of regular driving privileges is governed by Section 63-11-23.

(ii) Suspension of commercial driving privileges is governed by Section 63-1-216.

(iii) Eligibility for an interlock-restricted license is governed by Section 63-11-31 and suspension of regular driving privileges is governed by Section 63-11-23.

(c) Third offense DUI. (i) For a third conviction of a person for violating subsection (1) of this section, the offenses being committed within a period of five (5) years, the person shall be guilty of a felony and fined not less than Two Thousand Dollars (\$2,000.00) nor more than Five Thousand Dollars (\$5,000.00), and shall serve not less than one (1) year nor more than five (5) years in the custody of the Department of Corrections. For any offense that does not result in serious injury or death to any person, the sentence of incarceration may be served in the county jail rather than in the State Penitentiary at the discretion of the circuit court judge. The minimum penalties shall not be suspended or reduced by the court and no prosecutor shall offer any suspension or sentence reduction as part of a plea bargain.

(ii) The suspension of commercial driving privileges is governed by Section 63-1-216.

(iii) The suspension of regular driving privileges is governed by Section 63-11-23.

(d) Fourth and subsequent offense DUI. (i) For any fourth or subsequent conviction of a violation of subsection (1) of this section, without regard to the time period within which the violations occurred, the person shall be guilty of a felony and fined not less than Three Thousand Dollars (\$3,000.00) nor more than Ten Thousand Dollars (\$10,000.00), and shall serve not less than two (2) years nor more than ten (10) years in the custody of the Department of Corrections.

(iii) A person convicted of a fourth or subsequent offense is ineligible to exercise the privilege to operate a motor vehicle that is not equipped with an ignition-interlock device for ten (10) years.

(e) Any person convicted of a second or subsequent violation of subsection (1) of this section shall receive an in-depth diagnostic assessment, and if as a result of the assessment is determined to be in need of treatment for alcohol or drug abuse, the person must successfully complete treatment at a program site certified by the Department of Mental Health. Each person who receives a diagnostic assessment shall pay a fee representing the cost of the assessment. Each person who participates in a treatment program shall pay a fee representing the cost of treatment.

(f) The use of ignition-interlock devices is governed by Section 63-11-31.

(3) Zero Tolerance for Minors. (a) This subsection shall be known and may be cited as Zero Tolerance for Minors. The provisions of this subsection shall apply only when a person under the age of twenty-one (21) years has a blood alcohol concentration of two one-hundredths percent (.02%) or more, but lower than eight one-hundredths percent (.08%). If the person's blood alcohol concentration is eight one-hundredths percent (.08%) or more, the provisions of subsection (2) shall apply.

(b) (i) A person under the age of twenty-one (21) is eligible for nonadjudication of a qualifying first offense by the court pursuant to subsection (14) of this section.

(ii) Upon conviction of any person under the age of twenty-one (21) years for the first offense of violating subsection (1) of this section where chemical tests provided for under Section 63-11-5 were given, or where chemical test results are not available, the person shall be fined Two Hundred Fifty Dollars (\$250.00); the court shall order the person to attend and complete an alcohol safety education program as provided in Section 63-11-32 within six (6) months. The court may also require attendance at a victim impact panel.

(c) A person under the age of twenty-one (21) years who is convicted of a second violation of subsection (1) of this section, the offenses being committed within a period of five (5) years, shall be fined not more than Five Hundred Dollars (\$500.00).

(e) License suspension is governed by Section 63-11-23 and ignition interlock is governed by Section 63-11-31.

(f) Any person under the age of twenty-one (21) years convicted of a third or subsequent violation of subsection (1) of this section must complete treatment of an alcohol or drug abuse program at a site certified by the Department of Mental Health.

(4) DUI test refusal. In addition to the other penalties provided in this section, every person refusing a law enforcement officer's request to submit to a chemical test of the person's breath as provided in this chapter, or who was unconscious at the time of a chemical test and refused to consent to the introduction of the results of the test in any prosecution, shall suffer an additional administrative suspension of driving privileges as set forth in Section 63-11-23.

(5) Aggravated DUI. (a) Every person who operates any motor vehicle in violation of the provisions of subsection (1) of this section and who in a negligent manner causes the death of another or mutilates, disfigures, permanently disables or destroys the tongue, eye, lip, nose or any other limb, organ or member of another shall, upon conviction, be guilty of a separate felony for each victim who suffers death, mutilation, disfigurement or other injury and shall be committed to the custody of the State Department of Corrections for a period of time of not less than five (5) years and not to exceed twenty-five (25) years for each death, mutilation, disfigurement or other injury, and the imprisonment for the second or each subsequent conviction, in the discretion of the court, shall commence either at the termination of the imprisonment for the preceding conviction or run concurrently with the preceding conviction. Any person charged with causing the death of another as described in this subsection shall be required to post bail before being released after arrest.

(b) A holder of a commercial driver's license who is convicted of operating a commercial motor vehicle with an alcohol concentration of eight one- \* \* \*hundredths percent (.08%) or more shall be guilty of a felony and shall be committed to the custody of the Department of Corrections for not less than two (2) years and not more than ten (10) years.

(c) The court shall order an ignition-interlock restriction on the offender's privilege to drive as a condition of probation or post-release supervision not to exceed five (5) years unless a longer restriction is required under other law. The ignition-interlock restriction shall not be applied to commercial license privileges until the driver serves the full disqualification period required by Section 63-1-216.

(6) DUI citations. (a) Upon conviction of a violation of subsection (1) of this section, the trial judge shall sign in the place provided on the traffic ticket, citation or affidavit stating that the person arrested either employed an attorney or waived his right to an attorney after having been properly advised. If the person arrested employed an attorney, the name, address and telephone number of the attorney shall be written on the ticket, citation or affidavit. The court clerk must immediately send a copy of the traffic ticket, citation or affidavit, and any other pertinent documents concerning the conviction or other order of the court, to the Department of Public Safety as provided in Section 63-11-37.

(b) A copy of the traffic ticket, citation or affidavit and any other pertinent documents, having been attested as true and correct by the Commissioner of Public Safety, or his designee, shall be sufficient proof of the conviction for purposes of determining the enhanced penalty for any subsequent convictions of violations of subsection (1) of this section. The Department of Public Safety shall maintain a central database for verification of prior offenses and convictions.

(7) Out-of-state prior convictions. Convictions in another state, territory or possession of the United States, or under the law of a federally recognized Native American tribe, of violations for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle occurring within five (5) years before an offense shall be counted for the purposes of determining if a violation of subsection (1) of this section is a second, third, fourth or subsequent offense and the penalty that shall be imposed upon conviction for a violation of subsection (1) of this section.

(8) Charging of subsequent offenses. (a) For the purposes of determining how to impose the sentence for a second, third, fourth or subsequent conviction under this section, the affidavit or indictment shall not be required to enumerate previous convictions. It shall only be necessary that the affidavit or indictment states the number of times that the defendant has been convicted and sentenced within the past five (5) years for a second or third offense, or without a time limitation for a fourth or subsequent offense, under this section to determine if an enhanced penalty shall be imposed. The amount of

fine and imprisonment imposed in previous convictions shall not be considered in calculating offenses to determine a second, third, fourth or subsequent offense of this section.

(b) Before a defendant enters a plea of guilty to an offense under this section, law enforcement must submit certification to the prosecutor that the defendant's driving record, the confidential registry and National Crime Information Center record have been searched for all prior convictions, nonadjudications, pretrial diversions and arrests for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle. The results of the search must be included in the certification.

(9) License eligibility for underage offenders. A person who is under the legal age to obtain a license to operate a motor vehicle at the time of the offense and who is convicted under this section shall not be eligible to receive a driver's license until the person reaches the age of eighteen (18) years.

(10) License suspensions and restrictions to run consecutively. Suspension or restriction of driving privileges for any person convicted of or nonadjudicated for violations of subsection (1) of this section shall run consecutively to and not concurrently with any other administrative license suspension.

(11) Ignition interlock. If the court orders installation and use of an ignition-interlock device as provided in Section 63-11-31 for every vehicle operated by a person convicted or nonadjudicated under this section, each device shall be installed, maintained and removed as provided in Section 63-11-31.

(12) DUI child endangerment. A person over the age of twenty-one (21) who violates subsection (1) of this section while transporting in a motor vehicle a child under the age of sixteen (16) years is guilty of the separate offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle. The offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle shall not be merged with an offense of violating subsection (1) of this section for the purposes of prosecution and sentencing. An offender who is convicted of a violation of this subsection shall be punished as follows:

(a) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a first conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than One Thousand Dollars (\$1,000.00) or shall be imprisoned for not more than twelve (12) months, or both;

(b) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a second conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than One Thousand Dollars (\$1,000.00) nor more than Five Thousand Dollars (\$5,000.00) or shall be imprisoned for one (1) year, or both;

(c) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a third or subsequent conviction shall be guilty of a felony and, upon conviction, shall be fined not less than Ten Thousand Dollars (\$10,000.00) or shall be imprisoned for not less than one (1) year nor more than five (5) years, or both; and

(d) A person who commits a violation of this subsection which results in the serious injury or death of a child, without regard to whether the offense was a first, second, third or subsequent offense, shall be guilty of a felony and, upon conviction, shall be punished by a fine of not less than Ten Thousand Dollars (\$10,000.00) and shall be imprisoned for not less than five (5) years nor more than twenty-five (25) years.

(13) Expunction. (a) Any person convicted under subsection (2) or (3) of this section of a first offense of driving under the influence and who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense may petition the circuit court of the county in which the conviction was had for an order to expunge the record of the conviction at least five (5) years after successful completion of all terms and conditions of the sentence imposed for the conviction. Expunction under this subsection will only be available to a person:

(i) Who has successfully completed all terms and conditions of the sentence imposed for the conviction;

(ii) Who did not refuse to submit to a test of his blood or breath;

(iii) Whose blood alcohol concentration tested below sixteen one-hundredths percent (.16%) if test results are available;

(iv) Who has not been convicted of and does not have pending any other offense of driving under the influence;

(v) Who has provided the court with justification as to why the conviction should be expunged; and

(vi) Who has not previously had a nonadjudication or expunction of a violation of this section.

(b) A person is eligible for only one (1) expunction under this subsection, and the Department of Public Safety shall maintain a permanent confidential registry of all cases of expunction under this subsection for the sole purpose of determining a person's eligibility for expunction, for nonadjudication, or as a first offender under this section.

(c) The court in its order of expunction shall state in writing the justification for which the expunction was granted and forward the order to the Department of Public Safety within five (5) days of the entry of the order.

(14) Nonadjudication. (a) For the purposes of this chapter, "nonadjudication" means that the court withholds adjudication of guilt and sentencing, either at the conclusion of a trial on the merits or upon the entry of a plea of guilt by a defendant, and places the defendant in a nonadjudication program conditioned upon the successful completion of the requirements imposed by the court under this subsection.

(b) A person is eligible for nonadjudication of an offense under this Section 63-11-30 only one (1) time under any provision of a law that authorizes nonadjudication and only for an offender:

(i) Who has successfully completed all terms and conditions imposed by the court after placement of the defendant in a nonadjudication program;

(ii) Who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense;

(iii) Who has not previously been convicted of and does not have pending any former or subsequent charges under this section; and

(iv) Who has provided the court with justification as to why nonadjudication is appropriate.

(c) Nonadjudication may be initiated upon the filing of a petition for nonadjudication or at any stage of the proceedings in the discretion of the court; the court may withhold adjudication of guilt, defer sentencing, and upon the agreement of the offender to participate in a nonadjudication program, enter an order imposing requirements on the offender for a period of court supervision before the order of nonadjudication is entered. Failure to successfully complete a nonadjudication program subjects the person to adjudication of the charges against him and to imposition of all penalties previously withheld due to entrance into a nonadjudication program. The court shall immediately inform the commissioner of the conviction as required in Section 63-11-37.

(i) The court shall order the person to:

1. Pay the nonadjudication fee imposed under Section 63-11-31 if applicable;

2. Pay all fines, penalties and assessments that would have been imposed for conviction;

3. Attend and complete an alcohol safety education program as provided in Section 63-11-32 within six (6) months of the date of the order;

4. a. If the court determines that the person violated this section with respect to alcohol or intoxicating liquor, the person must install an ignition-interlock device on every motor vehicle operated by the person, obtain an interlock-restricted license, and maintain that license for one hundred twenty (120) days or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person must not operate any vehicle. For purposes of this item 4, the first day of the one-hundred-twenty-day period shall begin the date the judge signs an order to maintain such license or suspend such license.

b. If the court determines that the person violated this section by operating a vehicle when under the influence of a substance other than alcohol that has impaired the person's ability to operate a motor vehicle, including any drug or controlled substance which is unlawful to possess under the Mississippi Controlled Substances Law, the person must submit to a one-hundred-twenty-day period of a nonadjudication program that includes court-ordered drug testing at the person's own expense not less often than every thirty (30) days, during which time the person may drive if compliant with the terms of the program, or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person will not operate any vehicle.

(ii) Other conditions that may be imposed by the court include, but are not limited to, alcohol or drug screening, or both, proof that the person has not committed any other traffic violations while under court supervision, proof of immobilization or impoundment of vehicles owned by the offender if required, and attendance at a victim-impact panel.

(d) The court may enter an order of nonadjudication only if the court finds, after a hearing or after ex parte examination of reliable documentation of compliance, that the offender has successfully completed all conditions imposed by law and previous orders of the court. The court shall retain jurisdiction over cases involving nonadjudication for a period of not more than two (2) years.

(e) (i) The clerk shall immediately forward a record of every person placed in a nonadjudication program and of every nonadjudication order to the Department of Public Safety for inclusion in the permanent confidential registry of all cases that are nonadjudicated under this subsection (14).

(ii) Judges, clerks and prosecutors involved in the trial of implied consent violations and law enforcement officers involved in the issuance of citations for implied consent violations shall have secure online access to the confidential registry for the purpose of determining whether a person has previously been the subject of a nonadjudicated case and 1. is therefore ineligible for another nonadjudication; 2. is ineligible as a first offender for a violation of this section; or 3. is ineligible for expunction of a conviction of a violation of this section.

(iii) The Driver Services Bureau of the department shall have access to the confidential registry for the purpose of determining whether a person is eligible for a form of license not restricted to operating a vehicle equipped with an ignition-interlock device.

(iv) The Mississippi Alcohol Safety Education Program shall have secure online access to the confidential registry for research purposes only.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 63-11-23 AND 63-11-30, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE 120-DAY SUSPENSION FOR DUI VIOLATIONS BEGINS ON THE DATE THE JUDGE SIGNS THE ORDER FOR SUSPENSION; AND FOR RELATED PURPOSES.

Senator Sparks offered the following SUBSTITUTE FOR COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 63-11-23, Mississippi Code of 1972, is amended as follows:

63-11-23. (1) Administrative license suspension for test refusal. The Commissioner of Public Safety, or his authorized agent, shall review the sworn report by a law enforcement officer as provided in Section 63-11-21.

(a) If upon review the Commissioner of Public Safety, or his authorized agent, finds (i) that the law enforcement officer had reasonable grounds and probable cause to believe the person had been operating a motor vehicle upon the public highways, public roads \* \* \* or streets of this state while under the influence of intoxicating liquor or any other substance that may impair a person's mental or physical ability; (ii) that the person refused to submit to the chemical test of the person's breath, blood or urine upon request of the officer; and (iii) that the person was informed that his license and driving privileges would be suspended or denied if he refused to submit to the chemical test of his breath, blood or urine, then the Commissioner of Public Safety, or his authorized agent, shall give notice to the licensee that his license or permit to drive, or any nonresident operating privilege, shall be suspended thirty (30) days after the date of the notice for a period of ninety (90) days if the person has not previously been convicted of or nonadjudicated for a violation of Section 63-11-30, or, for a period of one (1) year if the person was previously convicted or nonadjudicated under Section 63-11-30. If the commissioner or his authorized agent determines that the license or permit should not be suspended, he shall return the license or permit to the licensee.

(b) The notice of suspension shall be in writing and conform to Section 63-1-52.

(c) A person may continue to drive on either an interlock-restricted license or under a drug-testing program if so ordered by a court in the course of a criminal proceeding for a violation of Section 63-11-30.

(2) Extension or suspension of privilege to drive; request for trial. (a) If the chemical testing of a person's breath indicates the blood alcohol concentration was eight one-hundredths percent (.08%) or more for persons who are above the legal age to purchase alcoholic beverages under state law, or two one-hundredths percent (.02%) or more for persons who are below the legal age to purchase alcoholic beverages under state law, based upon grams of alcohol per one hundred (100) milliliters of blood or grams of alcohol per two hundred ten (210) liters of breath as shown by a chemical analysis of the person's blood, breath, or urine, the arresting officer shall seize the license and give the driver a receipt for his license on forms prescribed by the Commissioner of Public Safety and shall promptly forward the license together with a sworn report to the Commissioner of Public Safety. The receipt given a person shall be valid as a permit to operate a motor vehicle for thirty (30) days in order that the defendant may be processed through the court having original jurisdiction and a final disposition had.

(b) If the defendant requests a trial within thirty (30) days and trial is not commenced within thirty (30) days, then the court shall determine if the delay in the trial is the fault of the defendant or his counsel. If the court finds that it is not the fault of the defendant or his counsel, then the court shall order the defendant's privileges to operate a motor vehicle to be extended until the defendant is convicted upon final order of the court.

(c) If a receipt or permit to drive issued under this subsection expires without a trial having been requested as provided in this subsection, then the Commissioner of Public Safety, or his authorized agent, shall suspend the license or permit to drive or any nonresident operating privilege for the applicable period of time as provided in subsection (1) of this section.

(3) Offenders driving without a license. If the person is a resident without a license or permit to operate a motor vehicle in this state, the Commissioner of Public Safety, or his authorized agent, shall deny to the person the issuance of a license or permit for a period of one (1) year beginning thirty (30) days after the date of notice of the suspension.

(4) Appeal. It shall be the duty of the municipal prosecuting attorney, county prosecuting attorney, an attorney employed under the provisions of Section 19-3-49, or if there is not a prosecuting attorney for the municipality or county, the duty of the district attorney to represent the state in any hearing on a de novo appeal held under the provisions of Section 63-11-25, Section 63-11-37 or Section 63-11-30.

(5) Suspension subsequent to conviction. Unless the person obtains an interlock-restricted license or the court orders the person to exercise the privilege to operate a motor vehicle only under an interlock-restricted license or while participating in a court-ordered drug-testing program, thirty (30) days after receipt of the court abstract documenting a person's conviction under Section 63-11-30, the Department of Public Safety shall suspend the driver's license and privileges of the person to operate a motor vehicle as follows:

(6) Suspensions. (a) Notices of suspension given under this section shall be in writing and conform to Section 63-1-52.

(b) Suspensions under this and any other chapter shall run consecutively and not concurrently.

(c) The first day of any one-hundred-twenty-day suspension shall begin to run:

(i) On the date ordered by the judge, and such date shall not be less than thirty (30) days from the judge's execution of the court order; or

(ii) On the date determined by the Department of Public Safety where the court order is silent as to a beginning date.

SECTION 2. Section 63-11-30, Mississippi Code of 1972, as amended by Senate Bill No. 2095, 2022 Regular Session, is amended as follows:

(iii) Eligibility for an interlock-restricted license is governed by Section 63-11-31 and suspension of regular driving privileges is governed by Section 63-11-23.

(c) Third offense DUI. (i) For a third conviction of a person for violating subsection (1) of this section, the offenses being committed within a period of five (5) years, the person shall be guilty of a felony and fined not less than Two Thousand Dollars (\$2,000.00) nor more than Five Thousand Dollars (\$5,000.00), and shall serve not less than one (1) year nor more than five (5) years in the custody of the Department of Corrections. For any offense that does not result in serious injury or death to any person, the sentence of incarceration may be served in the county jail rather than in the State Penitentiary at the discretion of the circuit court judge. (e) Any person convicted of a second or subsequent violation of subsection (1) of this section shall receive an in-depth diagnostic assessment, and if as a result of the assessment is determined to be in need of treatment for alcohol or drug abuse, the person must successfully complete treatment at a program site certified by the Department of Mental Health. Each person who receives a diagnostic assessment shall pay a fee representing the cost of the assessment. Each person who participates in a treatment program shall pay a fee representing the cost of treatment.

(f) The use of ignition-interlock devices is governed by Section 63-11-31.

(3) Zero Tolerance for Minors. (a) This subsection shall be known and may be cited as Zero Tolerance for Minors. The provisions of this subsection shall apply only when a person under the age of twenty-one (21) years has a blood alcohol concentration of two one-hundredths percent (.02%) or more, but lower than eight one-hundredths percent (.08%). If the person's blood alcohol concentration is eight one-hundredths percent (.08%) or more, the provisions of subsection (2) shall apply.

(b) (i) A person under the age of twenty-one (21) is eligible for nonadjudication of a qualifying first offense by the court pursuant to subsection (14) of this section.

The court may also require attendance at a victim impact panel.

(c) A person under the age of twenty-one (21) years who is convicted of a second violation of subsection (1) of this section, the offenses being committed within a period of five (5) years, shall be fined not more than Five Hundred Dollars (\$500.00).

(e) License suspension is governed by Section 63-11-23 and ignition interlock is governed by Section 63-11-31.

(f) Any person under the age of twenty-one (21) years convicted of a third or subsequent violation of subsection (1) of this section must complete treatment of an alcohol or drug abuse program at a site certified by the Department of Mental Health.

(4) DUI test refusal. In addition to the other penalties provided in this section, every person refusing a law enforcement officer's request to submit to a chemical test of the person's breath as provided in this chapter, or who was unconscious at the time of a chemical test and refused to consent to the introduction of the results of the test in any prosecution, shall suffer an additional administrative suspension of driving privileges as set forth in Section 63-11-23.

(5) Aggravated DUI. (a) Every person who operates any motor vehicle in violation of the provisions of subsection (1) of this section and who in a negligent manner causes the death of another or mutilates, disfigures, permanently disables or destroys the tongue, eye, lip, nose or any other limb, organ or member of another shall, upon conviction, be guilty of a separate felony for each victim who suffers death, mutilation, disfigurement or other injury and shall be committed to the custody of the State Department of Corrections for a period of time of not less than five (5) years and not to exceed twenty-five (25) years for each death, mutilation, disfigurement or other injury, and the imprisonment for the second or each subsequent conviction, in the discretion of the court, shall commence either at the termination of the imprisonment for the preceding conviction or run concurrently with the preceding conviction. Any person charged with causing the death of another as described in this subsection shall be required to post bail before being released after arrest.

(b) A holder of a commercial driver's license who is convicted of operating a commercial motor vehicle with an alcohol concentration of eight one-\*\*\*hundredths percent (.08%) or more shall be guilty of a felony and shall be committed to the custody of the Department of Corrections for not less than two (2) years and not more than ten (10) years.

(c) The court shall order an ignition-interlock restriction on the offender's privilege to drive as a condition of probation or post-release supervision not to exceed five (5) years unless a longer restriction is required under other law. The ignition-interlock restriction shall not be applied to commercial license privileges until the driver serves the full disqualification period required by Section 63-1-216.

(6) DUI citations. (a) Upon conviction of a violation of subsection (1) of this section, the trial judge shall sign in the place provided on the traffic ticket, citation or affidavit stating that the person arrested either employed an attorney or waived his right to an attorney after having been properly advised. If the person arrested employed an attorney, the name, address and telephone number of the attorney shall be written on the ticket, citation or affidavit. The court clerk must immediately send a copy of the traffic ticket, citation or affidavit, and any other pertinent documents concerning the conviction or other order of the court, to the Department of Public Safety as provided in Section 63-11-37.

(b) A copy of the traffic ticket, citation or affidavit and any other pertinent documents, having been attested as true and correct by the Commissioner of Public Safety, or his designee, shall be sufficient proof of the conviction for purposes of determining the enhanced penalty for any subsequent convictions of violations of subsection (1) of this section. The Department of Public Safety shall maintain a central database for verification of prior offenses and convictions.

(7) Out-of-state prior convictions. Convictions in another state, territory or possession of the United States, or under the law of a federally recognized Native

American tribe, of violations for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle occurring within five (5) years before an offense shall be counted for the purposes of determining if a violation of subsection (1) of this section is a second, third, fourth or subsequent offense and the penalty that shall be imposed upon conviction for a violation of subsection (1) of this section.

(8) Charging of subsequent offenses. (a) For the purposes of determining how to impose the sentence for a second, third, fourth or subsequent conviction under this section, the affidavit or indictment shall not be required to enumerate previous convictions. It shall only be necessary that the affidavit or indictment states the number of times that the defendant has been convicted and sentenced within the past five (5) years for a second or third offense, or without a time limitation for a fourth or subsequent offense, under this section to determine if an enhanced penalty shall be imposed. The amount of fine and imprisonment imposed in previous convictions shall not be considered in calculating offenses to determine a second, third, fourth or subsequent offense of this section.

(b) Before a defendant enters a plea of guilty to an offense under this section, law enforcement must submit certification to the prosecutor that the defendant's driving record, the confidential registry and National Crime Information Center record have been searched for all prior convictions, nonadjudications, pretrial diversions and arrests for driving or operating a vehicle while under the influence of an intoxicating liquor or while under the influence of any other substance that has impaired the person's ability to operate a motor vehicle. The results of the search must be included in the certification.

(9) License eligibility for underage offenders. A person who is under the legal age to obtain a license to operate a motor vehicle at the time of the offense and who is convicted under this section shall not be eligible to receive a driver's license until the person reaches the age of eighteen (18) years.

(10) License suspensions and restrictions to run consecutively. Suspension or restriction of driving privileges for any person convicted of or nonadjudicated for violations of subsection (1) of this section shall run consecutively to and not concurrently with any other administrative license suspension.

(11) Ignition interlock. If the court orders installation and use of an ignition-interlock device as provided in Section 63-11-31 for every vehicle operated by a person convicted or nonadjudicated under this section, each device shall be installed, maintained and removed as provided in Section 63-11-31.

(12) DUI child endangerment. A person over the age of twenty-one (21) who violates subsection (1) of this section while transporting in a motor vehicle a child under the age of sixteen (16) years is guilty of the separate offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle. The offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle shall not be merged with an offense of violating subsection (1) of this section for the purposes of prosecution and sentencing. An offender who is convicted of a violation of this subsection shall be punished as follows:

(a) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a first conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than One Thousand Dollars (\$1,000.00) or shall be imprisoned for not more than twelve (12) months, or both;

(b) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a second conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than One Thousand

Dollars (\$1,000.00) nor more than Five Thousand Dollars (\$5,000.00) or shall be imprisoned for one (1) year, or both;

(c) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a third or subsequent conviction shall be guilty of a felony and, upon conviction, shall be fined not less than Ten Thousand Dollars (\$10,000.00) or shall be imprisoned for not less than one (1) year nor more than five (5) years, or both; and

(d) A person who commits a violation of this subsection which results in the serious injury or death of a child, without regard to whether the offense was a first, second, third or subsequent offense, shall be guilty of a felony and, upon conviction, shall be punished by a fine of not less than Ten Thousand Dollars (\$10,000.00) and shall be imprisoned for not less than five (5) years nor more than twenty-five (25) years.

(13) Expunction. (a) Any person convicted under subsection (2) or (3) of this section of a first offense of driving under the influence and who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense may petition the circuit court of the county in which the conviction was had for an order to expunge the record of the conviction at least five (5) years after successful completion of all terms and conditions of the sentence imposed for the conviction. Expunction under this subsection will only be available to a person:

(i) Who has successfully completed all terms and conditions of the sentence imposed for the conviction;

(ii) Who did not refuse to submit to a test of his blood or breath;

(iii) Whose blood alcohol concentration tested below sixteen one-hundredths percent (.16%) if test results are available;

(iv) Who has not been convicted of and does not have pending any other offense of driving under the influence;

(v) Who has provided the court with justification as to why the conviction should be expunged; and

(vi) Who has not previously had a nonadjudication or expunction of a violation of this section.

(b) A person is eligible for only one (1) expunction under this subsection, and the Department of Public Safety shall maintain a permanent confidential registry of all cases of expunction under this subsection for the sole purpose of determining a person's eligibility for expunction, for nonadjudication, or as a first offender under this section.

(c) The court in its order of expunction shall state in writing the justification for which the expunction was granted and forward the order to the Department of Public Safety within five (5) days of the entry of the order.

(14) Nonadjudication. (a) For the purposes of this chapter, "nonadjudication" means that the court withholds adjudication of guilt and sentencing, either at the conclusion of a trial on the merits or upon the entry of a plea of guilt by a defendant, and places the defendant in a nonadjudication program conditioned upon the successful completion of the requirements imposed by the court under this subsection.

(b) A person is eligible for nonadjudication of an offense under this Section 63-11-30 only one (1) time under any provision of a law that authorizes nonadjudication and only for an offender:

(i) Who has successfully completed all terms and conditions imposed by the court after placement of the defendant in a nonadjudication program;

(ii) Who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense;

(iii) Who has not previously been convicted of and does not have pending any former or subsequent charges under this section; and

(iv) Who has provided the court with justification as to why nonadjudication is appropriate.

(c) Nonadjudication may be initiated upon the filing of a petition for nonadjudication or at any stage of the proceedings in the discretion of the court; the court may withhold adjudication of guilt, defer sentencing, and upon the agreement of the offender to participate in a nonadjudication program, enter an order imposing requirements on the offender for a period of court supervision before the order of nonadjudication is entered. Failure to successfully complete a nonadjudication program subjects the person to adjudication of the charges against him and to imposition of all penalties previously withheld due to entrance into a nonadjudication program. The court shall immediately inform the commissioner of the conviction as required in Section 63-11-37.

(i) The court shall order the person to:

1. Pay the nonadjudication fee imposed under Section 63-11-31 if applicable;

2. Pay all fines, penalties and assessments that would have been imposed for conviction;

3. Attend and complete an alcohol safety education program as provided in Section 63-11-32 within six (6) months of the date of the order;

4. a. If the court determines that the person violated this section with respect to alcohol or intoxicating liquor, the person must install an ignition-interlock device on every motor vehicle operated by the person, obtain an interlock-restricted license, and maintain that license for one hundred twenty (120) days or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person must not operate any vehicle. For purposes of this item 4, the first day of the one-hundred-twenty-day suspension shall begin to run:

A. On the date ordered by the judge, and such date shall not be less than thirty (30) days from the judge's execution of the court order; or

B. On the date determined by the Department of Public Safety where the court order is silent as to a beginning date.

b. If the court determines that the person violated this section by operating a vehicle when under the influence of a substance other than alcohol that has impaired the person's ability to operate a motor vehicle, including any drug or controlled substance which is unlawful to possess under the Mississippi Controlled Substances Law, the person must submit to a one-hundred-twenty-day period of a nonadjudication program that includes court-ordered drug testing at the person's own expense not less often than every thirty (30) days, during which time the person may drive if compliant with the terms of the program, or suffer a one-hundred-twenty-day suspension

of the person's regular driver's license, during which time the person will not operate any vehicle.

(ii) Other conditions that may be imposed by the court include, but are not limited to, alcohol or drug screening, or both, proof that the person has not committed any other traffic violations while under court supervision, proof of immobilization or impoundment of vehicles owned by the offender if required, and attendance at a victim-impact panel.

(d) The court may enter an order of nonadjudication only if the court finds, after a hearing or after ex parte examination of reliable documentation of compliance, that the offender has successfully completed all conditions imposed by law and previous orders of the court. The court shall retain jurisdiction over cases involving nonadjudication for a period of not more than two (2) years.

(e) (i) The clerk shall immediately forward a record of every person placed in a nonadjudication program and of every nonadjudication order to the Department of Public Safety for inclusion in the permanent confidential registry of all cases that are nonadjudicated under this subsection (14).

(ii) Judges, clerks and prosecutors involved in the trial of implied consent violations and law enforcement officers involved in the issuance of citations for implied consent violations shall have secure online access to the confidential registry for the purpose of determining whether a person has previously been the subject of a nonadjudicated case and 1. is therefore ineligible for another nonadjudication; 2. is ineligible as a first offender for a violation of this section; or 3. is ineligible for expunction of a conviction of a violation of this section.

(iii) The Driver Services Bureau of the department shall have access to the confidential registry for the purpose of determining whether a person is eligible for a form of license not restricted to operating a vehicle equipped with an ignition-interlock device.

(iv) The Mississippi Alcohol Safety Education Program shall have secure online access to the confidential registry for research purposes only.

(15) The provisions of this section are fully applicable to any person who is under the influence of medical cannabis that is lawful under the Mississippi Medical Cannabis Act and in compliance with rules and regulations adopted thereunder which has impaired the person's ability to operate a motor vehicle.

SECTION 3. This act shall take effect and be in force from and after July 1, 2022.

SECTION 2. (1) Subject to appropriation by the Legislature, the Office of Workforce Development shall pilot a career coaching program to support middle schools and high schools as students are exposed, prepared and connected to career avenues within and beyond the classroom setting. Through strong partnerships with economic and business leaders, paired with viable relationships with school districts, the career coaches shall target the alignment of students' strengths with intentional academic and work-based learning in pursuit of meaningful professional employment.

(2) Subject to appropriation by the Legislature, the Office of Workforce Development, working through the Department of Employment Security as fiscal agent, shall establish rules and regulations to operate the career coaching program, which may include granting funds to eligible recipients such as state agencies, regional workforce entities and other nonprofits, to hire coaches. The Office of Workforce Development shall establish criteria for coaches and shall work with partner organizations to identify candidates and measure outcomes.

SECTION 3. The Mississippi Department of Education shall work in conjunction with the Mississippi Community College Board to ensure alignment of career technical education courses across the public school system and community college system. If a community college chooses not to participate in the dual credit program or does not have certain courses available for participating students, eligible high school students may enroll in dual credit courses and attend such courses at the campus of another participating community college within the state.

SECTION 4. The State Workforce Investment Board, by and through the Office of Workforce Development, shall create, in consultation with the Mississippi Department of Education, the Mississippi Community College Board, the Mississippi State University Research and Curriculum Unit and other appropriate business and industry stakeholders, a single list of nationally recognized industry certifications for use in the Mississippi statewide accountability system, in diploma endorsement requirements and for reimbursement under Section 37-153-15.

SECTION 5. Section 37-153-15, Mississippi Code of 1972, is amended as follows:

37-153-15. (1) As used in this chapter:

(a) The words "industry certification" mean a \* \* \* process through which students are assessed by an independent, third-party certifying entity using predetermined standards for knowledge, skills and competencies, resulting in the award of a credential that is nationally recognized and must be at least one (1) of the following:

(ii) Linked to an occupation that is included in the State Department of Employment Security's occupations in high-demand list; or

(iii) Linked to an occupation that is identified as emerging.

(b) The words "qualifying industry certification" mean an industry certification that is linked to an occupation with wages of at least seventy percent (70%) of the \* \* \* median state income unless the industry certification is stackable to another postsecondary or professional credential which is linked to an occupation which meets the wage criterion.

(2) The State Workforce Investment Board shall provide the State Board of Education annually with a list of qualifying industry certifications. If the occupations identified in the list are not substantially the same as those occupations identified in the prior year, the State Board of Education shall provide reasonable notice of the changes to school districts.

(3) Beginning in fiscal year 2019-2020 and subject to available funding, the Department of Education shall pay a career and technical education incentive grant to the public school for each student enrolled in the public school who earns a qualifying industry certification. The amount per student for the career and technical education incentive grant shall be Six Hundred Dollars (\$600.00). If the statewide sum of the career and technical education incentive grants awarded pursuant to this section exceeds the amount of available funds appropriated for the grants, the grants per student shall be reduced proportionately to cover all eligible grants under this section. Any costs accrued during one (1) fiscal year may be claimed and reimbursed in the following fiscal year.

(4) The grants may be used for qualifying industry certification examination fees, professional development for teachers in career and technical education programs under this section, student instructional support for programs that lead to qualifying industry certifications, or to increase access to qualifying industry certifications. Any grants awarded under this section may not be used to supplant funds provided for the basic operation of the career and technical education programs.

(5) On or before \* \* \* October 1 of each year, the Department of Education, working in collaboration with the Office of Workforce Development and any other entities as necessary, shall submit a report to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the Chairmen of the House and Senate Education Committees, the Chairman of the House Workforce Development Committee and the Chairman of the Senate \* \* \* Economic and Workforce Development Committee on the following:

(d) The amount of career and technical education incentive grants awarded per student.

(e) Aggregated demographic data on the students who earned a qualifying industry certification, including the qualifying industry certifications earned by rural and urban students.

SECTION 6. (1) The Office of Workforce Development shall work in partnership with the Mississippi Department of Education and the Mississippi Community College Board to complete a program inventory and return on investment analysis of workforce programs and career technical education programs in both the K-12 and community college system, with the expectation that results will be used in conjunction with labor market analysis information and other relevant data to adjust program offerings to best meet the future needs of Mississippi business and industry and to provide high-demand, high-skill and high-wage pathways.

(2) The Office of Workforce Development, in collaboration with the Mississippi Community College Board, the Mississippi Department of Education and the Mississippi

State University Research and Curriculum Unit, shall develop cross-sector partnerships among K-12 education, employers and industry, and postsecondary education to meet at least quarterly or more often as the industry needs require to complete the following objectives:

(c) K-12 and community college career technical education programs feature experiential learning opportunities such as internships, externships, apprenticeships or other work-based learning opportunities.

(d) K-12 career technical education programs are linked to postsecondary courses and credential programs and provide a seamless transition to a postsecondary credential.

(e) The state shall annually publish and promote a list of K-12 and community college industry-recognized certifications relevant to specific career technical education pathways and linked to high-demand, high-skill and high-wage pathways.

(f) K-12 and community college career technical education programs shall be annually reviewed to ensure that offerings do not lead to dead-end pathways and to develop new offerings to meet industry needs and strengthen existing offerings.

(g) K-12 and community college career technical education programs shall be reviewed annually to ensure student participation and success rates, including career technical education concentrators and students earning industry-recognized credentials. This review shall also include an examination of student participation and success by demographics to ensure equitable access and completion by all students.

(h) Best practices in cross-sector partnerships are developed and shared across the state.

(e) Nothing in this subsection shall prohibit any school district from employing more certified school librarians than are provided for in this section.

(f) Any additional millage levied to fund school librarians required for accreditation under this subsection shall be included in the tax increase limitation set forth in Sections 37-57-105 and 37-57-107 and shall not be deemed a new program for purposes of the limitation.

(4) On or before December 31, 2002, the State Board of Education shall implement the performance-based accreditation system for school districts and for individual noncharter public schools which shall include the following:

(a) High expectations for students and high standards for all schools, with a focus on the basic curriculum;

(b) Strong accountability for results with appropriate local flexibility for local implementation;

(c) A process to implement accountability at both the school district level and the school level;

(d) Individual schools shall be held accountable for student growth and performance;

(e) Set annual performance standards for each of the schools of the state and measure the performance of each school against itself through the standard that has been set for it;

(f) A determination of which schools exceed their standards and a plan for providing recognition and rewards to those schools;

(g) A determination of which schools are failing to meet their standards and a determination of the appropriate role of the State Board of Education and the State Department of Education in providing assistance and initiating possible intervention. A failing district is a district that fails to meet both the absolute student achievement standards and the rate of annual growth expectation standards as set by the State Board of Education for two (2) consecutive years. The State Board of Education shall establish the level of benchmarks by which absolute student achievement and growth expectations shall be assessed. In setting the benchmarks for school districts, the State Board of Education may also take into account such factors as graduation rates, dropout rates,

completion rates, the extent to which the school or district employs qualified teachers in every classroom, and any other factors deemed appropriate by the State Board of Education. The State Board of Education, acting through the State Department of Education, shall apply a simple "A," "B," "C," "D" and "F" designation to the current school and school district statewide accountability performance classification labels beginning with the State Accountability Results for the 2011-2012 school year and following, and in the school, district and state report cards required under state and federal law. Under the new designations, a school or school district that has earned a "Star" rating shall be designated an "A" school or school district; a school or school district that has earned a "High-Performing" rating shall be designated a "B" school or school district; a school or school district that has earned a "Successful" rating shall be designated a "C" school or school district; a school or school district that has earned an "Academic Watch" rating shall be designated a "D" school or school district; a school or school district that has earned a "Low-Performing," "At-Risk of Failing" or "Failing" rating shall be designated an "F" school or school district. Effective with the implementation of any new curriculum and assessment standards, the State Board of Education, acting through the State Department of Education, is further authorized and directed to change the school and school district accreditation rating system to a simple "A," "B," "C," "D," and "F" designation based on a combination of student achievement scores and student growth as measured by the statewide testing programs developed by the State Board of Education pursuant to Chapter 16, Title 37, Mississippi Code of 1972. In any statute or regulation containing the former accreditation designations, the new designations shall be applicable;

(h) Development of a comprehensive student assessment system to implement these requirements; and

(i) The State Board of Education may, based on a written request that contains specific reasons for requesting a waiver from the school districts affected by Hurricane Katrina of 2005, hold harmless school districts from assignment of district and school level accountability ratings for the 2005-2006 school year. The State Board of Education upon finding an extreme hardship in the school district may grant the request. It is the intent of the Legislature that all school districts maintain the highest possible academic standards and instructional programs in all schools as required by law and the State Board of Education.

(5) (a) Effective with the 2013-2014 school year, the State Department of Education, acting through the Mississippi Commission on School Accreditation, shall revise and implement a single "A" through "F" school and school district accountability system complying with applicable federal and state requirements in order to reach the following educational goals:

(i) To mobilize resources and supplies to ensure that all students exit third grade reading on grade level by 2015;

(ii) To reduce the student dropout rate to thirteen percent (13%) by 2015; and

(iii) To have sixty percent (60%) of students scoring proficient and advanced on the assessments of the Common Core State Standards by 2016 with incremental increases of three percent (3%) each year thereafter.

(b) The State Department of Education shall combine the state school and school district accountability system with the federal system in order to have a single system.

(c) The State Department of Education shall establish five (5) performance categories ("A," "B," "C," "D" and "F") for the accountability system based on the following criteria:

(i) Student Achievement: the percent of students proficient and advanced on the current state assessments;

(ii) Individual student growth: the percent of students making one (1) year's progress in one (1) year's time on the state assessment, with an emphasis on the progress of the lowest twenty-five percent (25%) of students in the school or district;

(iii) Four-year graduation rate: the percent of students graduating with a standard high school diploma in four (4) years, as defined by federal regulations;

(iv) Categories shall identify schools as Reward ("A" schools), Focus ("D" schools) and Priority ("F" schools). If at least five percent (5%) of schools in the state are not graded as "F" schools, the lowest five percent (5%) of school grade point designees will be identified as Priority schools. If at least ten percent (10%) of schools in the state are not graded as "D" schools, the lowest ten percent (10%) of school grade point designees will be identified as Focus schools;

(v) The State Department of Education shall discontinue the use of Star School, High-Performing, Successful, Academic Watch, Low-Performing, At-Risk of Failing and Failing school accountability designations;

(vi) The system shall include the federally compliant four-year graduation rate in school and school district accountability system calculations. Graduation rate will apply to high school and school district accountability ratings as a compensatory component. The system shall discontinue the use of the High School Completer Index (HSCI);

(vii) The school and school district accountability system shall incorporate a standards-based growth model, in order to support improvement of individual student learning;

(viii) The State Department of Education shall discontinue the use of the Quality Distribution Index (QDI);

(ix) The State Department of Education shall determine feeder patterns of schools that do not earn a school grade because the grades and subjects taught at the school do not have statewide standardized assessments needed to calculate a school grade. Upon determination of the feeder pattern, the department shall notify schools and school districts prior to the release of the school grades beginning in 2013. Feeder schools will be assigned the accountability designation of the school to which they provide students;

(x) Standards for student, school and school district performance will be increased when student proficiency is at a seventy-five percent (75%) and/or when sixty-five percent (65%) of the schools and/or school districts are earning a grade of "B" or higher, in order to raise the standard on performance after targets are met \* \* \*;

(xi) The system shall include student performance on the administration of a career-readiness assessment, such as, but not limited to, the ACT WorkKeys Assessment, deemed appropriate by the Mississippi Department of Education working in coordination with the Office of Workforce Development.

(6) Nothing in this section shall be deemed to require a nonpublic school that receives no local, state or federal funds for support to become accredited by the State Board of Education.

(7) The State Board of Education shall create an accreditation audit unit under the Commission on School Accreditation to determine whether schools are complying with accreditation standards.

(8) The State Board of Education shall be specifically authorized and empowered to withhold adequate education program fund allocations, whichever is applicable, to any public school district for failure to timely report student, school personnel and fiscal data necessary to meet state and/or federal requirements.

(9) [Deleted]

(10) The State Board of Education shall establish, for those school districts failing to meet accreditation standards, a program of development to be complied with in order to receive state funds, except as otherwise provided in subsection (15) of this section when the Governor has declared a state of emergency in a school district or as otherwise provided in Section 206, Mississippi Constitution of 1890. The state board, in establishing these standards, shall provide for notice to schools and sufficient time and aid to enable schools to attempt to meet these standards, unless procedures under subsection (15) of this section have been invoked.

(11) Beginning July 1, 1998, the State Board of Education shall be charged with the implementation of the program of development in each applicable school district as follows:

(a) Develop an impairment report for each district failing to meet accreditation standards in conjunction with school district officials;

(b) Notify any applicable school district failing to meet accreditation standards that it is on probation until corrective actions are taken or until the deficiencies have been removed. The local school district shall develop a corrective action plan to improve its deficiencies. For district academic deficiencies, the corrective action plan for each such school district shall be based upon a complete analysis of the following: student test data, student grades, student attendance reports, student dropout data, existence and other relevant data. The corrective action plan shall describe the specific measures to be taken by the particular school district and school to improve: (i) instruction; (ii) curriculum; (iii) professional development; (iv) personnel and classroom organization; (v) student incentives for performance; (vi) process deficiencies; and (vii) reporting to the local school board, parents and the community. The corrective action plan shall describe the specific individuals responsible for implementing each component of the recommendation and how each will be evaluated. All corrective action plans shall be provided to the State Board of Education as may be required. The decision of the State Board of Education establishing the probationary period of time shall be final;

(c) Offer, during the probationary period, technical assistance to the school district in making corrective actions. Beginning July 1, 1998, subject to the availability of funds, the State Department of Education shall provide technical and/or financial assistance to all such school districts in order to implement each measure identified in that district's corrective action plan through professional development and on-site assistance. Each such school district shall apply for and utilize all available federal funding in order to support its corrective action plan in addition to state funds made available under this paragraph;

(d) Assign department personnel or contract, in its discretion, with the institutions of higher learning or other appropriate private entities with experience in the academic, finance and other operational functions of schools to assist school districts;

(e) Provide for publication of public notice at least one time during the probationary period, in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The publication shall include the following: declaration of school system's status as being on probation; all details relating to the impairment report; and other information as the State Board of Education deems

appropriate. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

(12) (a) If the recommendations for corrective action are not taken by the local school district or if the deficiencies are not removed by the end of the probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. Additionally, if the local school district violates accreditation standards that have been determined by the policies and procedures of the State Board of Education to be a basis for withdrawal of school district's accreditation without a probationary period, the Commission on School Accreditation shall conduct a hearing to allow the affected school district to present evidence or other reasons why its accreditation should not be withdrawn. After its consideration of the results of the hearing, the Commission on School Accreditation shall be authorized, with the approval of the State Board of Education, to withdraw the accreditation of a public school district, and issue a request to the Governor that a state of emergency be declared in that district.

(b) If the State Board of Education and the Commission on School Accreditation determine that an extreme emergency situation exists in a school district that jeopardizes the safety, security or educational interests of the children enrolled in the schools in that district and that emergency situation is believed to be related to a serious violation or violations of accreditation standards or state or federal law, or when a school district meets the State Board of Education's definition of a failing school district for two (2) consecutive full school years, or if more than fifty percent (50%) of the schools within the school district are designated as Schools At-Risk in any one (1) year, the State Board of Education may request the Governor to declare a state of emergency in that school district. For purposes of this paragraph, the declarations of a state of emergency shall not be limited to those instances when a school district's impairments are related to a lack of financial resources, but also shall include serious failure to meet minimum academic standards, as evidenced by a continued pattern of poor student performance.

(c) Whenever the Governor declares a state of emergency in a school district in response to a request made under paragraph (a) or (b) of this subsection, the State Board of Education may take one or more of the following actions:

(i) Declare a state of emergency, under which some or all of state funds can be escrowed except as otherwise provided in Section 206, Constitution of 1890, until the board determines corrective actions are being taken or the deficiencies have been removed, or that the needs of students warrant the release of funds. The funds may be released from escrow for any program which the board determines to have been restored to standard even though the state of emergency may not as yet be terminated for the district as a whole;

(ii) Override any decision of the local school board or superintendent of education, or both, concerning the management and operation of the school district, or initiate and make decisions concerning the management and operation of the school district;

(iii) Assign an interim superintendent, or in its discretion, contract with a private entity with experience in the academic, finance and other operational functions of schools and school districts, who will have those powers and duties prescribed in subsection (15) of this section;

(iv) Grant transfers to students who attend this school district so that they may attend other accredited schools or districts in a manner that is not in violation of state or federal law;

(v) For states of emergency declared under paragraph (a) only, if the accreditation deficiencies are related to the fact that the school district is too small, with

too few resources, to meet the required standards and if another school district is willing to accept those students, abolish that district and assign that territory to another school district or districts. If the school district has proposed a voluntary consolidation with another school district or districts, then if the State Board of Education finds that it is in the best interest of the pupils of the district for the consolidation to proceed, the voluntary consolidation shall have priority over any such assignment of territory by the State Board of Education;

(vi) For states of emergency declared under paragraph (b) only, reduce local supplements paid to school district employees, including, but not limited to, instructional personnel, assistant teachers and extracurricular activities personnel, if the district's impairment is related to a lack of financial resources, but only to an extent that will result in the salaries being comparable to districts similarly situated, as determined by the State Board of Education;

(vii) For states of emergency declared under paragraph (b) only, the State Board of Education may take any action as prescribed in Section 37-17-13.

(d) At the time that satisfactory corrective action has been taken in a school district in which a state of emergency has been declared, the State Board of Education may request the Governor to declare that the state of emergency no longer exists in the district.

(e) The parent or legal guardian of a school-age child who is enrolled in a school district whose accreditation has been withdrawn by the Commission on School Accreditation and without approval of that school district may file a petition in writing to a school district accredited by the Commission on School Accreditation for a legal transfer. The school district accredited by the Commission on School Accreditation may grant the transfer according to the procedures of Section 37-15-31(1)(b). In the event the accreditation of the student's home district is restored after a transfer has been approved, the student may continue to attend the transferee school district. The per-pupil amount of the adequate education program allotment, including the collective "add-on program" costs for the student's home school district shall be transferred monthly to the school district accredited by the Commission on School Accreditation that has granted the transfer of the school-age child.

(f) Upon the declaration of a state of emergency for any school district in which the Governor has previously declared a state of emergency, the State Board of Education may either:

(i) Place the school district into district transformation, in which the school district shall remain until it has fulfilled all conditions related to district transformation. If the district was assigned an accreditation rating of "D" or "F" when placed into district transformation, the district shall be eligible to return to local control when the school district has attained a "C" rating or higher for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period;

(ii) Abolish the school district and administratively consolidate the school district with one or more existing school districts;

(iii) Reduce the size of the district and administratively consolidate parts of the district, as determined by the State Board of Education. However, no school district which is not in district transformation shall be required to accept additional territory over the objection of the district; or

(iv) Require the school district to develop and implement a district improvement plan with prescriptive guidance and support from the State Department of Education, with the goal of helping the district improve student achievement. Failure of

the school board, superintendent and school district staff to implement the plan with fidelity and participate in the activities provided as support by the department shall result in the school district retaining its eligibility for district transformation.

(g) There is established a Mississippi Recovery School District within the State Department of Education under the supervision of a deputy superintendent appointed by the State Superintendent of Public Education, who is subject to the approval by the State Board of Education. The Mississippi Recovery School District shall provide leadership and oversight of all school districts that are subject to district transformation status, as defined in Chapters 17 and 18, Title 37, Mississippi Code of 1972, and shall have all the authority granted under these two (2) chapters. The Mississippi Department of Education, with the approval of the State Board of Education, shall develop policies for the operation and management of the Mississippi Recovery School District. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall be authorized to oversee the administration of the Mississippi Recovery School District, oversee the interim superintendent assigned by the State Board of Education to a local school district, hear appeals that would normally be filed by students, parents or employees and heard by a local school board, which hearings on appeal shall be conducted in a prompt and timely manner in the school district from which the appeal originated in order to ensure the ability of appellants, other parties and witnesses to appeal without undue burden of travel costs or loss of time from work, and perform other related duties as assigned by the State Superintendent of Public Education. The deputy state superintendent is responsible for the Mississippi Recovery School District and shall determine, based on rigorous professional qualifications set by the State Board of Education, the appropriate individuals to be engaged to be interim superintendents and financial advisors, if applicable, of all school districts subject to district transformation status. After State Board of Education approval, these individuals shall be deemed independent contractors.

(13) Upon the declaration of a state of emergency in a school district under subsection (12) of this section, the Commission on School Accreditation shall be responsible for public notice at least once a week for at least three (3) consecutive weeks in a newspaper published within the jurisdiction of the school district failing to meet accreditation standards, or if no newspaper is published therein, then in a newspaper having a general circulation therein. The size of the notice shall be no smaller than one-fourth (1/4) of a standard newspaper page and shall be printed in bold print. If an interim superintendent has been appointed for the school district, the notice shall begin as follows: "By authority of Section 37-17-6, Mississippi Code of 1972, as amended, adopted by the Mississippi Legislature during the 1991 Regular Session, this school district (name of school district) is hereby placed under the jurisdiction of the State Department of Education acting through its appointed interim superintendent (name of interim superintendent)."

The notice also shall include, in the discretion of the State Board of Education, any or all details relating to the school district's emergency status, including the declaration of a state of emergency in the school district and a description of the district's impairment deficiencies, conditions of any district transformation status and corrective actions recommended and being taken. Public notices issued under this section shall be subject to Section 13-3-31 and not contrary to other laws regarding newspaper publication.

Upon termination of the state of emergency in a school district, the Commission on School Accreditation shall cause notice to be published in the school district in the same manner provided in this section, to include any or all details relating to the corrective action taken in the school district that resulted in the termination of the state of emergency.

(14) The State Board of Education or the Commission on School Accreditation shall have the authority to require school districts to produce the necessary reports, correspondence, financial statements, and any other documents and information necessary to fulfill the requirements of this section.

Nothing in this section shall be construed to grant any individual, corporation, board or interim superintendent the authority to levy taxes except in accordance with presently existing statutory provisions.

(15) (a) Whenever the Governor declares a state of emergency in a school district in response to a request made under subsection (12) of this section, the State Board of Education, in its discretion, may assign an interim superintendent to the school district, or in its discretion, may contract with an appropriate private entity with experience in the academic, finance and other operational functions of schools and school districts, who will be responsible for the administration, management and operation of the school district, including, but not limited to, the following activities:

(i) Approving or disapproving all financial obligations of the district, including, but not limited to, the employment, termination, nonrenewal and reassignment of all licensed and nonlicensed personnel, contractual agreements and purchase orders, and approving or disapproving all claim dockets and the issuance of checks; in approving or disapproving employment contracts of superintendents, assistant superintendents or principals, the interim superintendent shall not be required to comply with the time limitations prescribed in Sections 37-9-15 and 37-9-105;

(ii) Supervising the day-to-day activities of the district's staff, including reassigning the duties and responsibilities of personnel in a manner which, in the determination of the interim superintendent, will best suit the needs of the district;

(iii) Reviewing the district's total financial obligations and operations and making recommendations to the district for cost savings, including, but not limited to, reassigning the duties and responsibilities of staff;

(iv) Attending all meetings of the district's school board and administrative staff;

(v) Approving or disapproving all athletic, band and other extracurricular activities and any matters related to those activities;

(vi) Maintaining a detailed account of recommendations made to the district and actions taken in response to those recommendations;

(vii) Reporting periodically to the State Board of Education on the progress or lack of progress being made in the district to improve the district's impairments during the state of emergency; and

(viii) Appointing a parent advisory committee, comprised of parents of students in the school district that may make recommendations to the interim superintendent concerning the administration, management and operation of the school district.

The cost of the salary of the interim superintendent and any other actual and necessary costs related to district transformation status paid by the State Department of Education shall be reimbursed by the local school district from funds other than adequate education program funds. The department shall submit an itemized statement to the superintendent of the local school district for reimbursement purposes, and any unpaid balance may be withheld from the district's adequate education program funds.

At the time that the Governor, in accordance with the request of the State Board of Education, declares that the state of emergency no longer exists in a school district, the powers and responsibilities of the interim superintendent assigned to the district shall cease.

(b) In order to provide loans to school districts under a state of emergency or in district transformation status that have impairments related to a lack of financial resources, the School District Emergency Assistance Fund is created as a special fund in the State Treasury into which monies may be transferred or appropriated by the Legislature from any available public education funds. Funds in the School District Emergency Assistance Fund up to a maximum balance of Three Million Dollars (\$3,000,000.00) annually shall not lapse but shall be available for expenditure in subsequent years subject to approval of the State Board of Education. Any amount in the fund in excess of Three Million Dollars (\$3,000,000.00) at the end of the fiscal year shall lapse into the State General Fund or the Education Enhancement Fund, depending on the source of the fund.

The State Board of Education may loan monies from the School District Emergency Assistance Fund to a school district that is under a state of emergency or in district transformation status, in those amounts, as determined by the board, that are necessary to correct the district's impairments related to a lack of financial resources. The loans shall be evidenced by an agreement between the school district and the State Board of Education and shall be repayable in principal, without necessity of interest, to the School District Emergency Assistance Fund by the school district from any allowable funds that are available. The total amount loaned to the district shall be due and payable within five (5) years after the impairments related to a lack of financial resources are corrected. If a school district fails to make payments on the loan in accordance with the terms of the agreement between the district and the State Board of Education, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may withhold that district's adequate education program funds in an amount and manner that will effectuate repayment consistent with the terms of the agreement; the funds withheld by the department shall be deposited into the School District Emergency Assistance Fund.

The State Board of Education shall develop a protocol that will outline the performance standards and requisite timeline deemed necessary for extreme emergency measures. If the State Board of Education determines that an extreme emergency exists, simultaneous with the powers exercised in this subsection, it shall take immediate action against all parties responsible for the affected school districts having been determined to be in an extreme emergency. The action shall include, but not be limited to, initiating civil actions to recover funds and criminal actions to account for criminal activity. Any funds recovered by the State Auditor or the State Board of Education from the surety bonds of school officials or from any civil action brought under this subsection shall be applied toward the repayment of any loan made to a school district hereunder.

(16) If a majority of the membership of the school board of any school district resigns from office, the State Board of Education shall be authorized to assign an interim superintendent, who shall be responsible for the administration, management and operation of the school district until the time as new board members are selected or the Governor declares a state of emergency in that school district under subsection (12), whichever occurs first. In that case, the State Board of Education, acting through the interim superintendent, shall have all powers which were held by the previously existing school board, and may take any action as prescribed in Section 37-17-13 and/or one or more of the actions authorized in this section.

(17) (a) If the Governor declares a state of emergency in a school district, the State Board of Education may take all such action pertaining to that school district as is authorized under subsection (12) or (15) of this section, including the appointment of an interim superintendent. The State Board of Education shall also have the authority to issue a written request with documentation to the Governor asking that the office of the superintendent of the school district be subject to recall. If the Governor declares that the office of the superintendent of the school district is subject to recall, the local school board or the county election commission, as the case may be, shall take the following action:

(i) If the office of superintendent is an elected office, in those years in which there is no general election, the name shall be submitted by the State Board of Education to the county election commission, and the county election commission shall submit the question at a special election to the voters eligible to vote for the office of superintendent within the county, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Shall County Superintendent of Education \_\_\_\_\_ (here the name of the superintendent shall be inserted) of the \_\_\_\_\_ (here the title of the school district shall be inserted) be retained in office? Yes \_\_\_\_\_ No \_\_\_\_\_"

If a majority of those voting on the question votes against retaining the superintendent in office, a vacancy shall exist which shall be filled in the manner provided by law; otherwise, the superintendent shall remain in office for the term of that office, and at the expiration of the term shall be eligible for qualification and election to another term or terms.

(ii) If the office of superintendent is an appointive office, the name of the superintendent shall be submitted by the president of the local school board at the next regular meeting of the school board for retention in office or dismissal from office. If a majority of the school board voting on the question vote against retaining the superintendent in office, a vacancy shall exist which shall be filled as provided by law, otherwise the superintendent shall remain in office for the duration of his employment contract.

(b) The State Board of Education may issue a written request with documentation to the Governor asking that the membership of the school board of the school district shall be subject to recall. Whenever the Governor declares that the membership of the school board is subject to recall, the county election commission or the local governing authorities, as the case may be, shall take the following action:

(i) If the members of the local school board are elected to office, in those years in which the specific member's office is not up for election, the name of the school board member shall be submitted by the State Board of Education to the county election commission, and the county election commission at a special election shall submit the question to the voters eligible to vote for the particular member's office within the county or school district, as the case may be, and the special election shall be held within sixty (60) days from notification by the State Board of Education. The ballot shall read substantially as follows:

"Members of the \_\_\_\_\_ (here the title of the school district shall be inserted) School Board who are not up for election this year are subject to recall because of the school district's failure to meet critical accountability standards as defined in the letter of notification to the Governor from the State Board of Education. Shall the member of the school board representing this area, \_\_\_\_\_ (here the name of the school board member holding the office shall be inserted), be retained in office? Yes \_\_\_\_\_ No \_\_\_\_\_"

If a majority of those voting on the question vote against retaining the member of the school board in office, a vacancy in that board member's office shall exist, which shall be filled in the manner provided by law; otherwise, the school board member shall remain in office for the term of that office, and at the expiration of the term of office, the member shall be eligible for qualification and election to another term or terms of office. However, if a majority of the school board members are recalled in the special election, the Governor shall authorize the board of supervisors of the county in which the school district is situated to appoint members to fill the offices of the members recalled. The board of supervisors

shall make those appointments in the manner provided by law for filling vacancies on the school board, and the appointed members shall serve until the office is filled at the next regular special election or general election.

(ii) If the local school board is an appointed school board, the name of all school board members shall be submitted as a collective board by the president of the municipal or county governing authority, as the case may be, at the next regular meeting of the governing authority for retention in office or dismissal from office. If a majority of the governing authority voting on the question vote against retaining the board in office, a vacancy shall exist in each school board member's office, which shall be filled as provided by law; otherwise, the members of the appointed school board shall remain in office for the duration of their term of appointment, and those members may be reappointed.

(iii) If the local school board is comprised of both elected and appointed members, the elected members shall be subject to recall in the manner provided in subparagraph (i) of this paragraph (b), and the appointed members shall be subject to recall in the manner provided in subparagraph (ii).

(18) Beginning with the school district audits conducted for the 1997-1998 fiscal year, the State Board of Education, acting through the Commission on School Accreditation, shall require each school district to comply with standards established by the State Department of Audit for the verification of fixed assets and the auditing of fixed assets records as a minimum requirement for accreditation.

(19) Before December 1, 1999, the State Board of Education shall recommend a program to the Education Committees of the House of Representatives and the Senate for identifying and rewarding public schools that improve or are high performing. The program shall be described by the board in a written report, which shall include criteria and a process through which improving schools and high-performing schools will be identified and rewarded.

The State Superintendent of Public Education and the State Board of Education also shall develop a comprehensive accountability plan to ensure that local school boards, superintendents, principals and teachers are held accountable for student achievement. A written report on the accountability plan shall be submitted to the Education Committees of both houses of the Legislature before December 1, 1999, with any necessary legislative recommendations.

(20) Before January 1, 2008, the State Board of Education shall evaluate and submit a recommendation to the Education Committees of the House of Representatives and the Senate on inclusion of graduation rate and dropout rate in the school level accountability system.

(21) If a local school district is determined as failing and placed into district transformation status for reasons authorized by the provisions of this section, the interim superintendent appointed to the district shall, within forty-five (45) days after being appointed, present a detailed and structured corrective action plan to move the local school district out of district transformation status to the deputy superintendent. A copy of the interim superintendent's corrective action plan shall also be filed with the State Board of Education.

SECTION 8. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. It shall be the purpose and duty of the commission to make recommendations to the State Board of Education regarding standards for the certification

and licensure and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of Mississippi.

(2) (a) The commission shall be composed of fifteen (15) qualified members. Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) (a) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(b) An Office of Educator Misconduct Evaluations shall be established within the State Department of Education to assist the commission in responding to infractions and violations, and in conducting hearings and enforcing the provisions of subsections (11), (12), (13), (14) and (15) of this section, and violations of the Mississippi Educator Code of Ethics.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(i) Hold hearings concerning standards for teachers' and administrators' education and certification and licensure with approval of the State Board of Education;

(j) Hire expert consultants with approval of the State Board of Education;

(k) Set up ad hoc committees to advise on specific areas; \* \* \*

(l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education \* \* \*; and

(m) Establish standards, subject to the approval of the State Board of Education, for supplemental endorsements, provided that the standards allow teachers as many options as possible to receive a supplemental endorsement, including, but not limited to, the option of taking additional coursework or earning at least the minimum qualifying score or higher on the required licensure subject assessment relevant to the endorsement area for which the licensure is sought. The subject assessment option shall not apply to certain subject areas, including, but not limited to, Early/Primary Education PreK-3, Elementary Education, or Special Education, except by special approval by the State Board of Education.

(6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a

major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education;  
and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent); or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) (i) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

\* \* \*1. An ACT Score of twenty-one (21) (or SAT equivalent);

or

\* \* \*2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

\* \* \*3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(ii) Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

\* \* \*1. The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not

be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

\* \* \*2. The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

\* \* \*3. Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

\* \* \*4. During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

\* \* \*5. An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

\* \* \*6. Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

\* \* \*7. At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

\* \* \*8. The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard

License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

(iii) Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

(iv) A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a \* \* \* five-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person shall be required to have a high school diploma, an industry-recognized certification related to the subject area in which they are teaching and a minimum of five (5) years of relevant experience but shall not be required to hold an associate or bachelor's degree, provided that he or she possesses the minimum qualifications required for his or her profession, and may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. If a school board hires a career technical education pathway instructor who does not have an industry certification in his or her area of expertise but does have the required experience, the school board shall spread their decision on the minutes at their next meeting and provide a detailed explanation for why they hired the instructor. Such instructor shall present the minutes of the school board to the State Department of Education when he or she applies for an expert citizen license. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of

transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. The department shall grant a standard five-year license to any individual who possesses a valid standard license from another state, or another country or political subdivision thereof, within a period of twenty-one (21) days from the date of a completed application. The issuance of a license by reciprocity to a military-trained applicant, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree. For all license types with a current valid expiration date of June 30, 2021, the State Department of Education shall grant a one-year extension to June 30, 2022. Beginning July 1, 2022, and thereafter, applicants for licensure renewal shall meet all requirements in effect on the date that the complete application is received by the State Department of Education.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at

the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

(20) The Department of Education shall grant and renew all licenses and certifications of teachers and administrators within twenty-one (21) days from the date of a completed application if the applicant has otherwise met all established requirements for the license or certification.

SECTION 9. Section 37-16-3, Mississippi Code of 1972, is amended as follows:

37-16-3. (1) The State Department of Education is directed to implement a program of statewide assessment testing which shall provide for the improvement of the operation and management of the public schools. The statewide program shall be timed,

as far as possible, so as not to conflict with ongoing district assessment programs. As part of the program, the department shall:

(a) Establish, with the approval of the State Board of Education, minimum performance standards related to the goals for education contained in the state's plan including, but not limited to, basic skills in reading, writing and mathematics. The minimum performance standards shall be approved by April 1 in each year they are established.

(b) Conduct a uniform statewide testing program in grades deemed appropriate in the public schools, including charter schools, which shall include the administration of a career-readiness assessment, such as, but not limited to, the ACT WorkKeys Assessment, deemed appropriate by the Mississippi Department of Education working in coordination with the Office of Workforce Development, to any students electing to take the assessment. Each individual school district shall determine whether the assessment is administered in the tenth, eleventh or twelfth grade. The program may test skill areas, basic skills and high school course content.

(c) Monitor the results of the assessment program and, at any time the composite student performance of a school or basic program is found to be below the established minimum standards, notify the district superintendent or the governing board of the charter school, as the case may be, the school principal and the school advisory committee or other existing parent group of the situation within thirty (30) days of its determination. The department shall further provide technical assistance to a school district in the identification of the causes of this deficiency and shall recommend courses of action for its correction.

(d) Provide technical assistance to the school districts, when requested, in the development of student performance standards in addition to the established minimum statewide standards.

In the case of any verified testing irregularity that jeopardized the security and integrity of the test(s), validity or the accuracy of the test results, the cost of the investigation and any other actual and necessary costs related to the investigation paid by the Department of Education shall be reimbursed by the local school district from funds other than federal funds, Mississippi Adequate Education Program funds, or any other state funds within six (6) months from the date of notice by the department to the school district to make reimbursement to the department.

The principal's sworn certification shall be set forth on a form developed and approved by the Department of Education. If, following the

administration of a statewide test, the principal has reason to believe that the test was not administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education, the principal shall submit a sworn certification to the Department of Education setting forth all information known or believed by the principal about all potential violations of the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The submission of false information or false certification to the Department of Education by any licensed educator may result in licensure disciplinary action pursuant to Section 37-3-2 and criminal prosecution pursuant to Section 37-16-4.

The career \*\*\* technical education pathway shall \*\*\* provide \*\*\* students with alternatives to entrance into a four-year university or college after high school graduation.

(b) Students pursuing a career \*\*\* technical education pathway shall be afforded the opportunity to dually enroll in a community or technical college or to participate in a business internship or work-study program, when such opportunities are available and appropriate.

(c) Each public school district shall offer a career \*\*\* technical education pathway approved by the State Board of Education.

(d) Students in a career \*\*\* technical education pathway shall complete an academic core of courses and a career and technical sequence of courses.

(f) The courses provided in paragraph (e) of this subsection may be tailored to the individual needs of the school district as long as the amendments align with the basic course requirements of paragraph (e).

(3) Nothing in this section shall disallow the development of a dual enrollment program with a technical college so long as an individual school district, with approval from the State Department of Education, agrees to implement such a program in connection with a technical college and the agreement is also approved by the proprietary school's commission.

83-34-4. (1) Nonadmitted insurers shall not be assessable insurers of the association. All surplus lines insurance producers placing insurance through nonadmitted

insurers shall collect from the insured and remit to the association a nonadmitted policy fee on all premiums for all insurance written by such surplus lines insurance producer for a policy from a nonadmitted insurer for any and all risks in this state, except that policies or portions thereof that cover residential earthquake risks or residential flood risks that are not written through the National Flood Insurance Program shall be exempt from the nonadmitted policy fee. By procuring or selling insurance on property in this state from a nonadmitted insurer, each surplus lines insurance producer placing insurance through a nonadmitted insurer agrees to be bound by the provisions of this chapter and to collect and remit the nonadmitted policy fee provided for herein.

Surplus lines insurance producers placing insurance through nonadmitted insurers may designate another surplus lines insurance producer that actually procured the insurance from the nonadmitted carrier to collect and remit the nonadmitted policy fees.

(5) Each insured in this state who directly procures or renews insurance with a nonadmitted insurer on properties, risks or exposures located or to be performed, in whole or in part, in this state, other than insurance procured through a surplus lines licensee, shall be subject to the nonadmitted policy fee which shall be paid by the insured according to the procedures provided for premium taxes in Section 83-21-17(5).

(6) Monies derived from the nonadmitted policy fee collected under this section may be used by the association, in addition to any uses provided for in Section 83-34-3(4), for education, public outreach, training of building officials and other programs targeted to reduce the number of policies within the association; however, beginning on July 1, \* \* \* 2022, and annually thereafter, the monies shall be distributed in the following manner:

(a) Eight Million Dollars (\$8,000,000.00) shall be remitted to the association and shall not be considered public funds; and

(b) The remainder shall be remitted to the State General Fund.

(7) The association is authorized to use excess funds to purchase reinsurance in an amount that may exceed the total premiums collected from policyholders.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The Department of Corrections is authorized to provide for hospice care services for inmates who are confined in facilities under the jurisdiction of the department and who are terminally ill as defined in Section 41-85-3. The department may have those hospice care services provided by properly qualified employees of the department or may contract for the providing of the hospice care services. If the department provides the hospice care services with department employees, the department is not required to have a license under the Mississippi Hospice Law.

SECTION 2. Section 41-85-5, Mississippi Code of 1972, is amended as follows:

41-85-5. (1) It is unlawful for a person to operate or maintain a hospice, use the title "hospice," or represent that the person provides a hospice program of care, without first obtaining a license therefor from the department.

(2) The license shall be displayed in a conspicuous place inside the hospice program office; shall be valid only in the possession of the person to which it is issued; shall not be subject to sale, assignment or other transfer, voluntary or involuntary; and shall not be valid for any hospice other than the hospice for which originally issued.

(3) Services provided by a hospital, nursing home or other health care facility or health care provider shall not be considered to constitute a hospice program of care unless such facility, provider or care giver establishes a freestanding or distinct hospice unit, staff, facility and services to provide hospice home care, homelike inpatient hospice care, or outpatient hospice care under the separate and distinct administrative authority of a hospice program.

(4) A license for a hospice program shall not be issued if the hospice is to be located in an area in violation of any local zoning ordinances or regulations.

(5) The Department of Corrections may provide hospice care services to inmates confined in facilities under the jurisdiction of the department as authorized under Section 1 of this act without a license issued under this chapter.

SECTION 3. Section 43-11-1, Mississippi Code of 1972, is amended as follows:

43-11-1. When used in this chapter, the following words shall have the following meaning:

(a) "Institutions for the aged or infirm" means a place either governmental or private that provides group living arrangements for four (4) or more persons who are unrelated to the operator and who are being provided food, shelter and personal care, whether any such place is organized or operated for profit or not. The term "institution for the aged or infirm" includes nursing homes, pediatric skilled nursing facilities, psychiatric residential treatment facilities, convalescent homes, homes for the aged \* \* \*, adult foster

care facilities \* \* \* and special care facilities for paroled inmates, provided that these institutions fall within the scope of the definitions set forth above. The term "institution for the aged or infirm" does not include hospitals, clinics or mental institutions devoted primarily to providing medical service, and does not include any private residence in which the owner of the residence is providing personal care services to disabled or homeless veterans under an agreement with, and in compliance with the standards prescribed by, the United States Department of Veterans Affairs, if the owner of the residence also provided personal care services to disabled or homeless veterans at any time during calendar year 2008.

(b) "Person" means any individual, firm, partnership, corporation, company, association or joint-stock association, or any licensee herein or the legal successor thereof.

(c) "Personal care" means assistance rendered by personnel of the home to aged or infirm residents in performing one or more of the activities of daily living, which includes, but is not limited to, the bathing, walking, excretory functions, feeding, personal grooming and dressing of such residents.

(d) "Psychiatric residential treatment facility" means any nonhospital establishment with permanent facilities which provides a twenty-four-hour program of care by qualified therapists, including, but not limited to, duly licensed mental health professionals, psychiatrists, psychologists, psychotherapists and licensed certified social workers, for emotionally disturbed children and adolescents referred to such facility by a court, local school district or by the Department of Human Services, who are not in an acute phase of illness requiring the services of a psychiatric hospital, and are in need of such restorative treatment services. For purposes of this paragraph, the term "emotionally disturbed" means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree, which adversely affects educational performance:

1. An inability to learn which cannot be explained by intellectual, sensory or health factors;
2. An inability to build or maintain satisfactory relationships with peers and teachers;
3. Inappropriate types of behavior or feelings under normal circumstances;
4. A general pervasive mood of unhappiness or depression; or
5. A tendency to develop physical symptoms or fears associated with personal or school problems. An establishment furnishing primarily domiciliary care is not within this definition.

(e) "Pediatric skilled nursing facility" means an institution or a distinct part of an institution that is primarily engaged in providing to inpatients skilled nursing care and related services for persons under twenty-one (21) years of age who require medical or nursing care or rehabilitation services for the rehabilitation of injured, disabled or sick persons.

(f) "Licensing agency" means the State Department of Health.

(g) "Medical records" mean, without restriction, those medical histories, records, reports, summaries, diagnoses and prognoses, records of treatment and medication ordered and given, notes, entries, x-rays and other written or graphic data prepared, kept, made or maintained in institutions for the aged or infirm that pertain to residency in, or services rendered to residents of, an institution for the aged or infirm.

(h) "Adult foster care facility" means a home setting for vulnerable adults in the community who are unable to live independently due to physical, emotional, developmental or mental impairments, or in need of emergency and continuing protective social services for purposes of preventing further abuse or neglect and for safeguarding and enhancing the welfare of the abused or neglected vulnerable adult. Adult foster care programs shall be designed to meet the needs of vulnerable adults with impairments through individual plans of care, which provide a variety of health, social and related support services in a protective setting, enabling participants to live in the community. Adult foster care programs may be (i) traditional, where the foster care provider lives in the residence and is the primary caregiver to clients in the home; (ii) corporate, where the foster care home is operated by a corporation with shift staff delivering services to clients; or (iii) shelter, where the foster care home accepts clients on an emergency short-term basis for up to thirty (30) days.

(i) "Special care facilities for paroled inmates" means long-term care and skilled nursing facilities licensed as special care facilities for medically frail paroled inmates, formed to ease the burden of prison overcrowding and provide compassionate release and medical parole initiatives while impacting economic outcomes for the Mississippi Prison System. The facilities shall meet all Mississippi Department of Health and federal Center for Medicaid Services (CMS) requirements and shall be regulated by both agencies; provided, however, such regulations shall not be as restrictive as those required for personal care homes and other institutions devoted primarily to providing medical services. The facilities will offer physical, occupational and speech therapy, nursing services, wound care, a dedicated COVID services unit, individualized patient centered plans of care, social services, spiritual services, physical activities, transportation, medication, durable medical equipment, personalized meal plans by a licensed dietician and security services. There may be up to three (3) facilities located in each Supreme Court district, to be designated by the Chairman of the State Parole Board or his designee.

SECTION 4. Section 43-11-13, Mississippi Code of 1972, is amended as follows:

43-11-13. (1) The licensing agency shall adopt, amend, promulgate and enforce such rules, regulations and standards, including classifications, with respect to all institutions for the aged or infirm to be licensed under this chapter as may be designed to further the accomplishment of the purpose of this chapter in promoting adequate care of individuals in those institutions in the interest of public health, safety and welfare. Those rules, regulations and standards shall be adopted and promulgated by the licensing agency and shall be recorded and indexed in a book to be maintained by the licensing agency in its main office in the State of Mississippi, entitled "Rules, Regulations and Minimum Standards for Institutions for the Aged or Infirm" and the book shall be open and available to all institutions for the aged or infirm and the public generally at all reasonable times. Upon the adoption of those rules, regulations and standards, the licensing agency shall mail copies thereof to all those institutions in the state that have filed with the agency their names and addresses for this purpose, but the failure to mail the same or the failure of the institutions to receive the same shall in no way affect the validity thereof. The rules, regulations and standards may be amended by the licensing agency, from time to time, as necessary to promote the health, safety and welfare of persons living in those institutions.

(2) The licensee shall keep posted in a conspicuous place on the licensed premises all current rules, regulations and minimum standards applicable to fire protection measures as adopted by the licensing agency. The licensee shall furnish to the licensing agency at least once each six (6) months a certificate of approval and inspection by state or local fire authorities. Failure to comply with state laws and/or municipal ordinances and current rules, regulations and minimum standards as adopted by the licensing agency, relative to fire prevention measures, shall be prima facie evidence for revocation of license.

(3) The State Board of Health shall promulgate rules and regulations restricting the storage, quantity and classes of drugs allowed in personal care homes and adult foster care facilities. Residents requiring administration of Schedule II Narcotics as defined in the Uniform Controlled Substances Law may be admitted to a personal care home. Schedule drugs may only be allowed in a personal care home if they are administered or stored utilizing proper procedures under the direct supervision of a licensed physician or nurse.

(4) (a) Notwithstanding any determination by the licensing agency that skilled nursing services would be appropriate for a resident of a personal care home, that resident, the resident's guardian or the legally recognized responsible party for the resident may consent in writing for the resident to continue to reside in the personal care home, if approved in writing by a licensed physician. However, no personal care home shall allow more than two (2) residents, or ten percent (10%) of the total number of residents in the facility, whichever is greater, to remain in the personal care home under the provisions of this subsection (4). This consent shall be deemed to be appropriately informed consent as described in the regulations promulgated by the licensing agency. After that written consent has been obtained, the resident shall have the right to continue to reside in the personal care home for as long as the resident meets the other conditions for residing in the personal care home. A copy of the written consent and the physician's approval shall be forwarded by the personal care home to the licensing agency.

(b) The State Board of Health shall promulgate rules and regulations restricting the handling of a resident's personal deposits by the director of a personal care home. Any funds given or provided for the purpose of supplying extra comforts, conveniences or services to any resident in any personal care home, and any funds otherwise received and held from, for or on behalf of any such resident, shall be deposited by the director or other proper officer of the personal care home to the credit of that resident in an account that shall be known as the Resident's Personal Deposit Fund. No more than one (1) month's charge for the care, support, maintenance and medical attention of the resident shall be applied from the account at any one time. After the death, discharge or transfer of any resident for whose benefit any such fund has been provided, any unexpended balance remaining in his personal deposit fund shall be applied for the payment of care, cost of support, maintenance and medical attention that is accrued. If any unexpended balance remains in that resident's personal deposit fund after complete reimbursement has been made for payment of care, support, maintenance and medical attention, and the director or other proper officer of the personal care home has been or shall be unable to locate the person or persons entitled to the unexpended balance, the director or other proper officer may, after the lapse of one (1) year from the date of that death, discharge or transfer, deposit the unexpended balance to the credit of the personal care home's operating fund.

(c) The State Board of Health shall promulgate rules and regulations requiring personal care homes to maintain records relating to health condition, medicine dispensed and administered, and any reaction to that medicine. The director of the personal care home shall be responsible for explaining the availability of those records to the family of the resident at any time upon reasonable request.

(5) The State Board of Health and the Mississippi Department of Corrections shall jointly issue rules and regulations for the operation of the special care facilities for paroled inmates.

( \*\* \*6) (a) For the purposes of this subsection ( \*\* \*6):

(i) "Licensed entity" means a hospital, nursing home, personal care home, home health agency, hospice or adult foster care facility;

(ii) "Covered entity" means a licensed entity or a health care professional staffing agency;

(iii) "Employee" means any individual employed by a covered entity, and also includes any individual who by contract provides to the patients, residents or clients being served by the covered entity direct, hands-on, medical patient care in a patient's, resident's or client's room or in treatment or recovery rooms. The term "employee" does not include health care professional/vocational technical students performing clinical training in a licensed entity under contracts between their schools and the licensed entity, and does not include students at high schools located in Mississippi who observe the treatment and care of patients in a licensed entity as part of the requirements of an allied-health course taught in the high school, if:

1. The student is under the supervision of a licensed health care provider; and

2. The student has signed an affidavit that is on file at the student's school stating that he or she has not been convicted of or pleaded guilty or nolo contendere to a felony listed in paragraph (d) of this subsection ( \* \* \*6), or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea. Before any student may sign such an affidavit, the student's school shall provide information to the student explaining what a felony is and the nature of the felonies listed in paragraph (d) of this subsection ( \* \* \*6).

However, the health care professional/vocational technical academic program in which the student is enrolled may require the student to obtain criminal history record checks. In such incidences, paragraph (a)(iii)1 and 2 of this subsection ( \* \* \*6) does not preclude the licensing entity from processing submitted fingerprints of students from healthcare-related professional/vocational technical programs who, as part of their program of study, conduct observations and provide clinical care and services in a covered entity.

(b) Under regulations promulgated by the State Board of Health, the licensing agency shall require to be performed a criminal history record check on (i) every new employee of a covered entity who provides direct patient care or services and who is employed on or after July 1, 2003, and (ii) every employee of a covered entity employed before July 1, 2003, who has a documented disciplinary action by his or her present employer. In addition, the licensing agency shall require the covered entity to perform a disciplinary check with the professional licensing agency of each employee, if any, to determine if any disciplinary action has been taken against the employee by that agency.

Except as otherwise provided in paragraph (c) of this subsection ( \* \* \*6), no such employee hired on or after July 1, 2003, shall be permitted to provide direct patient care until the results of the criminal history record check have revealed no disqualifying record or the employee has been granted a waiver. In order to determine the employee applicant's suitability for employment, the applicant shall be fingerprinted. Fingerprints shall be submitted to the licensing agency from scanning, with the results processed through the Department of Public Safety's Criminal Information Center. The fingerprints shall then be forwarded by the Department of Public Safety to the Federal Bureau of Investigation for a national criminal history record check. The licensing agency shall notify the covered entity of the results of an employee applicant's criminal history record check. If the criminal history record check discloses a felony conviction, guilty plea or plea of nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23(h), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, or felonious abuse and/or battery of a vulnerable adult that has not been reversed on appeal or for which a pardon has not been granted, the employee applicant shall not be eligible to be employed by the covered entity.

(c) Any such new employee applicant may, however, be employed on a temporary basis pending the results of the criminal history record check, but any employment contract with the new employee shall be voidable if the new employee receives a disqualifying criminal history record check and no waiver is granted as provided in this subsection ( \*\* \*6).

(d) Under regulations promulgated by the State Board of Health, the licensing agency shall require every employee of a covered entity employed before July 1, 2003, to sign an affidavit stating that he or she has not been convicted of or pleaded guilty or nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, any sex offense listed in Section 45-33-23(h), child abuse, arson, grand larceny, burglary, gratification of lust, aggravated assault, or felonious abuse and/or battery of a vulnerable adult, or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea. No such employee of a covered entity hired before July 1, 2003, shall be permitted to provide direct patient care until the employee has signed the affidavit required by this paragraph (d). All such existing employees of covered entities must sign the affidavit required by this paragraph (d) within six (6) months of the final adoption of the regulations promulgated by the State Board of Health. If a person signs the affidavit required by this paragraph (d), and it is later determined that the person actually had been convicted of or pleaded guilty or nolo contendere to any of the offenses listed in this paragraph (d) and the conviction or plea has not been reversed on appeal or a pardon has not been granted for the conviction or plea, the person is guilty of perjury. If the offense that the person was convicted of or pleaded guilty or nolo contendere to was a violent offense, the person, upon a conviction of perjury under this paragraph, shall be punished as provided in Section 97-9-61. If the offense that the person was convicted of or pleaded guilty or nolo contendere to was a nonviolent offense, the person, upon a conviction of perjury under this paragraph, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00), or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment.

(e) The covered entity may, in its discretion, allow any employee who is unable to sign the affidavit required by paragraph (d) of this subsection ( \*\* \*6) or any employee applicant aggrieved by an employment decision under this subsection ( \*\* \*6) to appear before the covered entity's hiring officer, or his or her designee, to show mitigating circumstances that may exist and allow the employee or employee applicant to be employed by the covered entity. The covered entity, upon report and recommendation of the hiring officer, may grant waivers for those mitigating circumstances, which shall include, but not be limited to: (i) age at which the crime was committed; (ii) circumstances surrounding the crime; (iii) length of time since the conviction and criminal history since the conviction; (iv) work history; (v) current employment and character references; and (vi) other evidence demonstrating the ability of the individual to perform the employment responsibilities competently and that the individual does not pose a threat to the health or safety of the patients of the covered entity.

(f) The licensing agency may charge the covered entity submitting the fingerprints a fee not to exceed Fifty Dollars (\$50.00), which covered entity may, in its discretion, charge the same fee, or a portion thereof, to the employee applicant. Any increase in the fee charged by the licensing agency under this paragraph shall be in accordance with the provisions of Section 41-3-65. Any costs incurred by a covered entity implementing this subsection ( \*\* \*6) shall be reimbursed as an allowable cost under Section 43-13-116.

(g) If the results of an employee applicant's criminal history record check reveals no disqualifying event, then the covered entity shall, within two (2) weeks of the notification of no disqualifying event, provide the employee applicant with a notarized letter signed by the chief executive officer of the covered entity, or his or her authorized designee, confirming the employee applicant's suitability for employment based on his or her criminal history record check. An employee applicant may use that letter for a period

of two (2) years from the date of the letter to seek employment with any covered entity without the necessity of an additional criminal history record check. Any covered entity presented with the letter may rely on the letter with respect to an employee applicant's criminal background and is not required for a period of two (2) years from the date of the letter to conduct or have conducted a criminal history record check as required in this subsection ( \* \* \*6).

(h) The licensing agency, the covered entity, and their agents, officers, employees, attorneys and representatives, shall be presumed to be acting in good faith for any employment decision or action taken under this subsection ( \* \* \*6). The presumption of good faith may be overcome by a preponderance of the evidence in any civil action. No licensing agency, covered entity, nor their agents, officers, employees, attorneys and representatives shall be held liable in any employment decision or action based in whole or in part on compliance with or attempts to comply with the requirements of this subsection ( \* \* \*6).

(i) The licensing agency shall promulgate regulations to implement this subsection ( \* \* \*6).

(j) The provisions of this subsection ( \* \* \*6) shall not apply to:

(i) Applicants and employees of the University of Mississippi Medical Center for whom criminal history record checks and fingerprinting are obtained in accordance with Section 37-115-41; or

(ii) Health care professional/vocational technical students for whom criminal history record checks and fingerprinting are obtained in accordance with Section 37-29-232.

( \* \* \*7) The State Board of Health shall promulgate rules, regulations and standards regarding the operation of adult foster care facilities.

SECTION 5. Section 47-5-28, Mississippi Code of 1972, is amended as follows:

47-5-28. The commissioner shall have the following powers and duties:

(a) To implement and administer laws and policy relating to corrections and coordinate the efforts of the department with those of the federal government and other state departments and agencies, county governments, municipal governments, and private agencies concerned with providing offender services;

(b) To establish standards, in cooperation with other state agencies having responsibility as provided by law, provide technical assistance, and exercise the requisite supervision as it relates to correctional programs over all state-supported adult correctional facilities and community-based programs;

(c) To promulgate and publish such rules, regulations and policies of the department as are needed for the efficient government and maintenance of all facilities and programs in accord insofar as possible with currently accepted standards of adult offender care and treatment;

(d) To provide the Parole Board with suitable and sufficient office space and support resources and staff necessary to \* \* \* conduct Parole Board business under the guidance of the Chairman of the Parole Board;

(e) To contract for transitional reentry center beds that will be used as noncorrections housing for offenders released from the department on parole, probation or post-release supervision but do not have appropriate housing available upon release. At least one hundred (100) but no more than eight hundred (800) transitional reentry

center beds contracted by the department and chosen by the Parole Board shall be available for the Parole Board to place parolees without appropriate housing;

(f) To designate deputy commissioners while performing their officially assigned duties relating to the custody, control, transportation, recapture or arrest of any offender within the jurisdiction of the department or any offender of any jail, penitentiary, public workhouse or overnight lockup of the state or any political subdivision thereof not within the jurisdiction of the department, to the status of peace officers anywhere in the state in any matter relating to the custody, control, transportation or recapture of such offender, and shall have the status of law enforcement officers and peace officers as contemplated by Sections 45-6-3, 97-3-7 and 97-3-19.

For the purpose of administration and enforcement of this chapter, deputy commissioners of the Mississippi Department of Corrections, who are certified by the Mississippi Board on Law Enforcement Officer Standards and Training, have the powers of a law enforcement officer of this state. Such powers shall include to make arrests and to serve and execute search warrants and other valid legal process anywhere within the State of Mississippi while performing their officially assigned duties relating to the custody, control, transportation, recapture or arrest of any offender within the jurisdiction of the department or any offender of any jail, penitentiary, public workhouse or overnight lockup of the state or any political subdivision thereof not within the jurisdiction of the department in any matter relating to the custody, control, transportation or recapture of such offender \* \* \*;

(g) To make an annual report to the Governor and the Legislature reflecting the activities of the department and make recommendations for improvement of the services to be performed by the department;

(h) To cooperate fully with periodic independent internal investigations of the department and to file the report with the Governor and the Legislature;

(i) To make personnel actions for a period of one (1) year beginning July 1, 2016, that are exempt from State Personnel Board rules, regulations and procedures in order to give the commissioner flexibility in making an orderly, effective and timely reorganization and realignment of the department; \* \* \*

(j) To contract with licensed special care facilities for paroled inmates to provide authorized medical services and support services for medically frail inmates who have been paroled and committed to the custody of such facility; and

(\* \* \*k) To perform such other duties necessary to effectively and efficiently carry out the purposes of the department as may be directed by the Governor.

SECTION 6. Section 47-7-4, Mississippi Code of 1972, is amended as follows:

47-7-4. (1) The commissioner and the medical director of the department may place an offender who has served not less than one (1) year of his or her sentence, except an offender convicted of a sex crime, on conditional medical release. However, a nonviolent offender who is bedridden may be placed on conditional medical release regardless of the time served on his or her sentence. Upon the release of a nonviolent offender who is bedridden, the state shall not be responsible or liable for any medical costs that may be incurred if such costs are acquired after the offender is no longer incarcerated due to his or her placement on conditional medical release. The commissioner shall not place an offender on conditional medical release unless the medical director of the department certifies to the commissioner that (a) the offender is suffering from a significant permanent physical medical condition with no possibility of recovery; (b) that his or her further incarceration will serve no rehabilitative purposes; and (c) that the state would incur unreasonable expenses as a result of his or her continued incarceration. Any offender placed on conditional medical release shall be supervised by

the Division of Community Corrections of the department for the remainder of his or her sentence. An offender's conditional medical release may be revoked and the offender returned and placed in actual custody of the department if the offender violates an order or condition of his or her conditional medical release. An offender who is no longer bedridden shall be returned and placed in the actual custody of the department.

(2) (a) The State Parole Board may grant a medical parole and referral to licensed special care facilities for paroled inmates for an inmate determined to be "medically frail" as defined in this subsection.

(b) For purposes of this subsection (2), the term "medically frail" means an individual who is a minimal threat to society as a result of his or her medical condition, whose ability to perform activities of daily living is significantly impaired, and who may have limited mobility as the result of one or more of the following conditions from which the individual is not expected to recover:

(i) A disabling mental disorder, including dementia, Alzheimer's or a similar degenerative brain disorder;

(ii) A serious and complex medical condition; or

(iii) A physical disability.

(2) (c) The following conditions apply to a parole granted under this subsection (2):

(i) An inmate who has been sentenced to capital punishment is not eligible;

(ii) An inmate who has been convicted as a criminal sex offender is not eligible;

(iii) An inmate does not pose a public safety risk as determined by the State Parole Board;

(iv) If the prisoner is incapacitated, an individual legally entitled to agree to the inmate's placement agrees to the inmate's placement in a licensed special care facility for paroled inmates or in a medical facility where medical care and treatment are determined to be appropriate for the parolee by the State Parole Board;

(v) An inmate shall agree to the release of his or her medical records that are directly relevant to the condition or conditions rendering the inmate medically frail to the prosecutor of the county from which the inmate was committed before the State Parole Board determines whether or not to grant parole under this subsection;

(vi) If the inmate is granted parole under this subsection (2), the inmate shall agree to the quarterly release of his or her medical records that are directly relevant to the condition or conditions rendering the inmate medically frail at the request of the prosecutor of the county from which the inmate was committed;

(vii) The parolee shall adhere to the terms of his or her parole for the length of his or her parole term, and the parole shall be for a term not less than the time necessary to reach the prisoner's earliest release date;

(viii) A parolee who violates the terms of his or her parole or is determined not to be eligible for parole under this subsection (2) may be transferred to a setting more appropriate for the medical needs of the parolee;

(ix) The Department of Corrections or the State Parole Board shall not retain authority over the medical treatment plan for the inmate granted parole under this subsection (2);

(x) The department and the State Parole Board shall ensure that the placement and terms and conditions of parole granted under this subsection (2) do not violate any other state or federal regulations;

(xi) A medical facility utilized by the department to facilitate parole under this subsection (2) shall be operated in a manner that ensures the safety of the residents of the facility.

(d) The Mississippi Department of Corrections may enter into contracts to facilitate the placement of paroled inmates under this subsection (2). The Mississippi Department of Corrections shall appoint a specialist in the appropriate field of medicine, who is not employed by the department, to evaluate the condition of the inmate considered for parole under this subsection (2) and to report on that condition to the department and the State Parole Board. The State Parole Board shall determine whether the inmate is medically frail in consultation with the Mississippi Department of Health.

SECTION 7. The following shall be codified as Section 43-13-117.6, Mississippi Code of 1972:

43-13-117.6. (1) The Division of Medicaid may apply to the federal Center for Medicaid Services (CMS) for necessary waivers to provide federal funding under the Medicaid program for providing reimbursement for authorized services to medically frail inmates who qualify for nursing home-level care and who the state deems are not public safety risks, provided through a Special Care Facility for Paroled Inmates licensed by the State Department of Health under contract with the Mississippi Department of Corrections, as specifically authorized under this act.

(2) The program for paroled inmates shall be funded from monies that are appropriated or otherwise made available to the division specifically to cover the cost of the paroled inmate program and shall not be a part of the division's regular appropriation for the operation of the federal-state Medicaid program. This program shall be a separate program within the Division of Medicaid as the administering agent.

SECTION 8. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed from and after June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-85-5, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE DEPARTMENT OF CORRECTIONS TO PROVIDE FOR HOSPICE CARE SERVICES FOR INMATES WHO ARE CONFINED IN FACILITIES UNDER THE JURISDICTION OF THE DEPARTMENT AND WHO ARE TERMINALLY ILL; TO AUTHORIZE THE DEPARTMENT TO HAVE THOSE HOSPICE CARE SERVICES PROVIDED BY PROPERLY QUALIFIED EMPLOYEES OF THE DEPARTMENT OR TO CONTRACT FOR THE PROVISION OF THE HOSPICE CARE SERVICES; TO PROVIDE THAT IF THE DEPARTMENT PROVIDES THE HOSPICE CARE SERVICES WITH DEPARTMENT EMPLOYEES, THE DEPARTMENT IS NOT REQUIRED TO HAVE A LICENSE UNDER THE MISSISSIPPI HOSPICE LAW; TO AMEND SECTION 41-85-5, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PRECEDING PROVISIONS; TO AMEND SECTIONS 43-11-1 AND 43-11-13, MISSISSIPPI CODE OF 1972, TO DEFINE THE TERM "SPECIAL CARE FACILITIES FOR PAROLED INMATES" AND PRESCRIBE CONDITIONS FOR LICENSURE BY THE STATE DEPARTMENT OF HEALTH; TO AMEND SECTIONS 47-5-28 AND 47-7-4, MISSISSIPPI CODE OF 1972, TO

AUTHORIZE THE MISSISSIPPI DEPARTMENT OF CORRECTIONS TO ESTABLISH A PROGRAM TO GRANT MEDICAL PAROLE TO SUCH SPECIAL CARE FACILITIES FOR MEDICALLY FRAIL INMATES AND TO ESTABLISH ELIGIBILITY REQUIREMENTS FOR SUCH PAROLE; TO CODIFY SECTION 43-13-117.6, MISSISSIPPI CODE OF 1972, TO AUTHORIZE AND DIRECT THE DIVISION OF MEDICAID TO APPLY FOR NECESSARY WAIVERS FOR MEDICAID REIMBURSEMENT FOR SERVICES PROVIDED AT SUCH SPECIAL CARE FACILITIES FOR PAROLED INMATES; AND FOR RELATED PURPOSES.

Senator McMahan called up the following entitled bill:

**S. B. No. 3001:** City of Bay Saint Louis; authorize election for 3% tax on hotels and motels to promote tourism.

Senator McMahan offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. As used in this act:

(a) "Governing authorities" means the Mayor and Board of Aldermen of the City of Bay Saint Louis, Mississippi.

(b) "City" means the City of Bay Saint Louis, Mississippi.

(c) "Hotel" or "motel" means any establishment engaged in the business of furnishing or providing rooms intended or designed for dwelling, lodging or sleeping purposes to transient guests. The term "hotel" or "motel" does not include any hospital, convalescent or nursing home or sanitarium, or any hotel-like facility operated by or in connection with a hospital or medical clinic providing rooms exclusively for patients and their families.

SECTION 2. (1) For the purpose of providing funds to promote tourism and parks and recreation, the governing authorities are authorized, in their discretion, to levy and collect from the following persons a tax, which shall be in addition to all of the taxes and assessments imposed. The tax shall be imposed on every person, firm or corporation operating a hotel or motel in the city, at a rate not to exceed three percent (3%) of the gross proceeds of room rentals for each such hotel or motel.

(2) Persons, firms, corporations or other entities liable for the tax imposed under subsection (1) of this section shall add the amount of the tax to the sales price of the food and beverages and shall collect, insofar as practicable, the amount of the tax due from the person purchasing the food or beverages at the time of payment therefor.

SECTION 3. Before any tax authorized under this act may be imposed, the governing authorities shall adopt a resolution declaring their intention to levy the tax, setting forth the amount of the tax to be imposed, the date upon which the tax shall become effective and calling for an election to be held on the question. The date of the election shall be fixed in the resolution. Notice of the intention and the election shall be published once each week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the city, with the first publication of the notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the election and the last publication to be made not more than seven (7) days before the election. At the election, all qualified electors of the city may vote, and the ballots used in the election shall have printed thereon a brief statement of the amount and purposes of the proposed tax levy and the words "FOR THE TAX" and, on a separate line, "AGAINST THE TAX" and the voters shall vote by placing a cross (X) or check () opposite their choice on the proposition. When the results of the election shall have been canvassed and certified, the city may levy the tax if sixty percent (60%) of the qualified electors who vote in the election vote in favor of the tax. At least thirty (30) days before the effective date of the tax, the governing authorities shall furnish to the Department of Revenue a certified copy of the resolution evidencing the tax.

SECTION 4. (1) On or before the fifteenth day of the month preceding the date on which the city will begin to levy the tax authorized under Section 2 of this act, the governing authorities shall give written notification to the Commissioner of Revenue of the date on which the tax will become effective.

(2) The tax must be collected by and paid to the Department of Revenue in the same manner that state sales taxes are computed, collected and paid, and the full enforcement provisions and all other provisions of Title 27, Chapter 65, Mississippi Code of 1972, will apply as necessary for the implementation of this act.

(3) Except for any amount retained by the Department of Revenue under Section 27-3-58, Mississippi Code of 1972, the revenue from the special tax collected under this act must be paid to the city on or before the fifteenth day of the month following the month in which collected.

(4) Accounting for receipts and expenditures of the revenue from the tax shall be made separately from the accounting of receipts and expenditures of the general fund and any other funds of the city. The records reflecting the receipts and expenditures of the revenue from the tax shall be audited annually by an independent certified public accountant, and the accountant shall make a written report of his audit to the board of supervisors. The audit shall be made and completed as soon as practicable after the close of the fiscal year, and expenses of the audit shall be paid from the funds derived pursuant to this act.

(5) The proceeds of the tax may not be considered by the city as general fund revenues but must be placed into a special fund apart from the city general fund and any other funds and expended by the city strictly for the purposes prescribed under Section 2 of this act.

SECTION 5. This act shall be repealed from and after July 1, 2026.

SECTION 6. This act shall take effect and be in force from and after July 1, 2022, and shall stand repealed on June 30, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AUTHORIZE THE GOVERNING AUTHORITIES OF THE CITY OF BAY SAINT LOUIS, MISSISSIPPI, TO LEVY A TAX UPON THE GROSS SALES OF HOTELS AND MOTELS DERIVED FROM ROOM RENTALS FOR THE PURPOSE OF PROVIDING FUNDS FOR THE PROMOTION OF TOURISM AND PARKS AND RECREATION; AND FOR RELATED PURPOSES.

Senator Polk moved that the rules be suspended to move to calendar item 127, **H. C. R. No. 39**, and the motion prevailed.

Senator Polk called up the following entitled resolution:

**H. C. R. No. 39:** Constitution; amend to provide that people have the right to propose new statutes and to amend or repeal existing statutes.

Senator Polk offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the resolving clause and inserting in lieu thereof the following:

That the following amendments to the Mississippi Constitution of 1890 are proposed to the qualified electors of the state:

I.

Amend Section 33, Mississippi Constitution of 1890, to read as follows:

"Section 33. (1) The legislative power of this state shall be vested in a Legislature which shall consist of a Senate and a House of Representatives, but the people reserve to themselves the right to exercise the legislative power of the state to propose new laws and to amend or repeal existing laws by initiative, and to approve or reject the same in an election independent of the Legislature, in the manner prescribed in and subject to the provisions of this section.

(2) The initiative process shall not be used:

(a) To propose amendments to the Mississippi Constitution of 1890;

(b) To propose any new law or amend or repeal any existing law relating to the Mississippi Public Employees' Retirement System;

(c) To propose any new law, or amend or repeal any existing law, on any subject or matter that any section of this constitution prohibits the Legislature from enacting; or

(d) To propose any new law or amend or repeal any existing law that appropriates funds from the State Treasury. (3) As used in this section, the term "initiative measure" or "measure" means a document proposing a new law or amending or repealing an existing law that is the functional equivalent of a bill that is introduced in the Legislature.

(4) An initiative measure shall only propose new laws or amend or repeal existing laws pertaining and relating to the same subject or subject matter.

(5) The sponsor of an initiative measure shall identify in the text of the measure the amount and source of revenue required to implement the measure. If the provisions of an initiative measure would cause a substantial cost to the state or require the substantial expenditure of state funds, as determined according to law by the Legislative Budget Office or any successor agency, the sponsor also shall provide in the text of the measure for the specific funding source or mechanism to pay the cost of the provisions of the measure so that the measure will not result in a reduction in state funds available for expenditure by the Legislature. If an initiative measure requires (a) a reduction in any source of government revenue that would cause the amount of state funds available for expenditure by the Legislature to be less than the amount of state funds appropriated for the most recent fiscal year, or (b) requires a reallocation of funding from currently funded programs, the sponsor shall identify in the text of the measure the program or programs whose funding must be reduced or eliminated to implement the measure. Compliance with the requirements of this subsection shall not be a violation of the subject matter requirements of subsection (4) of this section.

(6) The Chief Legislative Budget Officer shall prepare a fiscal analysis of each initiative measure, and a summary of each fiscal analysis shall appear on the ballot.

(7) An initiative measure authorized under this section may be proposed by a petition signed over a twelve-month period by qualified electors equal in number to at least twelve percent (12%) of the votes for all candidates for Governor in the last gubernatorial election. The signatures of the qualified electors from any congressional district shall not exceed the total number of signatures required to qualify an initiative measure for placement on the ballot divided by the number of congressional districts in existence on the day that the petition is filed. If an initiative petition contains signatures from a single congressional district that exceed the total number of required signatures, the excess number of signatures from that congressional district shall not be considered by the Secretary of State in determining whether the initiative measure qualifies for placement on the ballot.

(8) The style of all initiative measures shall be: "Be it enacted by the people of the State of Mississippi."

(9) The sufficiency of petitions shall be decided in the first instance by the Secretary of State, subject to review by the Supreme Court of the state, which shall have original and exclusive jurisdiction over all such cases.

(10) If an initiative measure is certified by the Secretary of State not less than ninety (90) days before a statewide general election, the Secretary of State shall place the initiative measure on the ballot for that statewide general election. If an initiative measure is certified by the Secretary of State less than ninety (90) days before a statewide general election, the Secretary of State shall place the initiative measure on the ballot for the next statewide general election occurring after the upcoming statewide general election.

(11) No more than five (5) initiative measures may be submitted to the voters on a single ballot, and the first five (5) initiative measures submitted to the Secretary of State with sufficient petitions shall be the measures that are submitted to the voters.

(12) In order to be approved, an initiative measure must receive a majority of the votes cast thereon and not less than forty percent (40%) of the total votes cast at the election at which the initiative measure was submitted; however, an initiative measure that would be considered as a revenue bill under the Joint Rules of the Legislature in existence on the day that the initiative petition is filed must receive sixty percent (60%) of the votes cast thereon and not less than forty percent (40%) of the total votes cast at the election at which the initiative measure was submitted.

(13) Initiative measures approved by the people shall not require the signature of the Governor to become law and shall not be subject to the veto power of the Governor.

(14) If conflicting initiative measures are approved at the same election, the initiative measure receiving the highest number of affirmative votes shall prevail and become law.

(15) An initiative measure approved by the people shall take effect thirty (30) days from the date of the official declaration of the vote by the Secretary of State, unless the measure provides otherwise.

(16) An initiative measure approved by the people shall be subject to the same process for codification in the same manner as provided by law for the codification of laws enacted by the Legislature.

(17) If an initiative measure does not receive the required number of votes to be approved by the people as provided in subsection (12) of this section, an initiative measure that proposes the same, or substantially the same, provisions as those in the initiative measure that failed shall not be submitted to the electors for at least two (2) years after the date of the election on the initiative measure that failed.

(18) An initiative measure approved by the people shall not be amended by the Legislature to make a substantive change to the text in the measure, or repealed by the Legislature, for a period of two (2) years after the initiative measure takes effect. However, the Legislature may amend or repeal an initiative measure less than two (2) years after the measure takes effect if the Legislature determines the existence of an emergency affecting the public peace, health, safety or financial solvency of the state that necessitates the amendment or repeal of the initiative measure, which emergency must be stated in the legislation, and such amendment or repeal shall require a vote of two-thirds (2/3) of each house present and voting.

(19) The Secretary of State shall implement and maintain a secure electronic database accessible by the public through the Secretary of State's website that provides the capability of search and retrieval of all signatories and circulators of initiative petitions. The searchable database shall provide the ability for a member of the public to securely search for his or her own name to determine if he or she has been listed as a signatory, to search by the name of any circulator, and to retrieve the text of the petition that was signed and/or circulated. The sponsor of an initiative measure shall provide the Secretary of State with the names of the signatories and circulators on a regular basis as provided by law. The Legislature shall provide the circumstances and manner in which a name may be removed from a petition and the database.

(20) The Legislature shall enact laws to require the disclosure of contributions and expenditures for the passage or defeat of any initiative measure as well as any other disclosures related to the initiative process as provided by law.

(21) The Legislature shall provide by law the manner in which initiative petitions shall be circulated, presented and certified. To prevent signature fraud and to maintain the integrity of the initiative process, the state has a compelling interest in ensuring that no person shall circulate an initiative petition or obtain signatures on an initiative petition unless the person is a resident of this state at the time of circulation. For the purposes of

this subsection, the term "resident" means a person who is domiciled in Mississippi as evidenced by an intent to maintain a principal dwelling place in Mississippi indefinitely and to return to Mississippi if temporarily absent, coupled with an act or acts consistent with that intent. Every person who circulates an initiative petition shall print and sign his or her name on each page of an initiative petition, or on a separate page attached to each page, certifying that he or she was a resident of this state at the time of circulating the petition. The Secretary of State shall refuse to accept for filing any page of an initiative petition upon which the signatures appearing thereon were obtained by a person who was not a resident of this state at the time of circulating the petition, and an initiative measure shall not be placed on the ballot if the Secretary of State determines that without such signatures the petition clearly bears an insufficient number of signatures.

(22) The Legislature may enact laws to carry out the provisions of this section, but such laws shall in no way restrict or impair the provisions of this section or the exercise of the rights reserved to the people in this section.

II.

Amend Section 56, Mississippi Constitution of 1890, to read as follows:

"Section 56. The style of the laws of the state that are enacted by the Legislature shall be: "Be it enacted by the Legislature of the State of Mississippi."

III.

Amend Section 61, Mississippi Constitution of 1890, to read as follows:

"Section 61. No law enacted by the Legislature or by initiative of the people shall be revived or amended by reference to its title only, but the section or sections, as amended or revived, shall be inserted at length."

IV.

Amend Section 72, Mississippi Constitution of 1890, to read as follows:

"Section 72. Every Bill which shall pass both Houses shall be presented to the Governor of the state. If he approve, he shall sign it; but if he does not approve, he shall return it, with his objections, to the House in which it originated, which shall enter the objections at large upon its Journal, and proceed to reconsider it. If after such reconsideration two-thirds (2/3) of that House shall agree to pass the Bill, it shall be sent, with the objections, to the other House, by which, likewise, it shall be reconsidered; and if approved by two-thirds (2/3) of that House, it shall become a law; but in all such cases the votes of both Houses shall be determined by yeas and nays, and the names of the persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the Governor within five (5) days (Sundays excepted) after it has been presented to him, it shall become a law in like manner as if he had signed it, unless the Legislature, by adjournment, prevented its return, in which case such Bill shall be a law unless the Governor shall veto it within fifteen (15) days (Sundays excepted) after it is presented to him, and such Bill shall be returned to the Legislature, with his objections, within three (3) days after the beginning of the next session of the Legislature. The provisions of this section are not applicable to initiative measures approved by the people."

V.

Amend Section 273, Mississippi Constitution of 1890, to read as follows:

"Section 273. \* \* \* Whenever two-thirds (2/3) of each house of the Legislature, which two-thirds (2/3) shall consist of not less than a majority of the members elected to

each house, shall deem any change, alteration or amendment necessary to this Constitution, such proposed amendment, change or alteration shall be read and passed by two-thirds (2/3) vote of each house, as herein provided; public notice shall then be given by the Secretary of State at least thirty (30) days preceding an election, at which the qualified electors shall vote directly for or against such change, alteration or amendment, and if more than one (1) amendment shall be submitted at one (1) time, they shall be submitted in such manner and form that the people may vote for or against each amendment separately; and, notwithstanding the division of the Constitution into sections, the Legislature may provide in its resolution for one or more amendments pertaining and relating to the same subject or subject matter, and may provide for one or more amendments to an article of the Constitution pertaining and relating to the same subject or subject matter, which may be included in and voted on as one (1) amendment; and if it shall appear that a majority of the qualified electors voting directly for or against the same shall have voted for the proposed change, alteration or amendment, then it shall be inserted as a part of the Constitution by proclamation of the Secretary of State certifying that it received the majority vote required by the Constitution; and the resolution may fix the date and direct the calling of elections for the purposes hereof."

\* \* \*

BE IT FURTHER RESOLVED, That this resolution, and the proposed amendments contained herein, shall be repealed and have no effect from and after March 1, 2022.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

The fund shall be maintained for such period as determined by the State Bond Commission for the sole purpose of making additional loans as authorized by Section 57-75-11(hh). (6) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(7) The commission shall act as issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If such bonds are sold by sealed bids at public sale, notice of the sale shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(8) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due,

then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this subsection.

(9) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the ABC Warehouse Construction Fund created in Section 6(1) of this act. The proceeds of such bonds shall be disbursed solely upon the order of the Department of Finance and Administration under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(10) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(11) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(12) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(13) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(14) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(15) The proceeds of the bonds issued under this section shall be used solely for the purposes herein provided, including the costs incident to the issuance and sale of such bonds.

(16) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants. The Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section. The State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(17) This section shall be deemed to be full and complete authority for the exercise of the powers herein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

SECTION 8. Section 27-71-11, Mississippi Code of 1972, is amended as follows:

27-71-11. (1) The \* \* \* department shall from time to time by resolution request the State Bond Commission to provide sufficient funds required to maintain an adequate alcoholic beverage inventory. Said funds shall be provided under the provisions of Chapter 557, Laws of 1966.

(2) The \* \* \* department or its warehouse operator shall add to the cost of all alcoholic beverages a markup of twenty-seven and one-half percent (27-1/2%), inclusive of the three percent (3%) markup imposed by Section 27-71-7(2).

(3) In addition to other excise taxes and markups imposed in this section and in Section 27-71-7, the department or its warehouse operator shall add to the cost of all alcoholic beverages shipped a charge of Twenty-five Cents (25¢) per case, to be deposited into the ABC Warehouse Improvements Fund created in Section 6(2) of this act. However, if the amount in the ABC Warehouse Improvements Fund reaches Five Million Dollars (\$5,000,000.00) before July 1, 2027, this charge shall be suspended until July 1, 2027. If the amount in the ABC Warehouse Improvements Fund reaches Ten Million Dollars (\$10,000,000.00) between July 1, 2027, and July 1, 2030, this charge shall be suspended until July 1, 2030. If the amount in the ABC Warehouse Improvements Fund reaches Fifteen Million Dollars (\$15,000,000.00) between July 1, 2030, and July 1, 2032, this charge shall be suspended until July 1, 2032. The charge shall be permanently discontinued on or after July 1, 2032, in the month in which the amount in the ABC Warehouse Improvements Fund reaches Twenty-five Million Dollars (\$25,000,000.00).

(4) The \* \* \* department or its warehouse operator shall sell alcoholic beverages at uniform prices throughout the state.

SECTION 9. Section 27-71-29, Mississippi Code of 1972, is amended as follows:

27-71-29. All taxes levied by this article shall be paid to the department \* \* \* in cash or by personal check, cashier's check, bank exchange, post office money order or express money order and shall be deposited by the department in the State Treasury on the same day collected, but no remittances other than cash shall be a final discharge of

liability for the tax herein imposed and levied unless and until it has been paid in cash to the department.

All taxes levied under Section 27-71-7(1) and received by the department under this article shall be paid into the General Fund, and the three percent (3%) levied under Section 27-71-7(2) and received by the department under this article shall be paid into the special fund in the State Treasury designated as the "Alcoholism Treatment and Rehabilitation Fund" as required by law. Any funds derived from the sale of alcoholic beverages in excess of inventory requirements shall be paid not less often than annually into the General Fund, except for fees charged by the department or its warehouse operator for the defraying of costs associated with shipping alcoholic beverages. The revenue derived from these fees shall be deposited by the department into a special fund, hereby created in the State Treasury, which is designated the "ABC Shipping Fund." The monies in this special fund shall be earmarked for use by the department or its warehouse operator for any expenditure made to ship alcoholic beverages. Any net proceeds remaining in the special fund on August 1 of any fiscal year shall not lapse into the General Fund. "Net proceeds" in this section means the total of all fees collected by the department or its warehouse operator to defray the costs of shipping less the actual costs of shipping.

SECTION 10. Section 27-65-5, Mississippi Code of 1972, is amended as follows:

27-65-5. "Wholesaler," "jobber" or "distributor" means a person doing a regularly organized wholesale or jobbing business, known to the trade as such, and selling to licensed retail dealers or other wholesalers for resale in the regular course of business. This classification has no bearing on rates of tax due under this chapter, each sale or part of sales being taxable or exempt depending upon the class in which it falls.

"Wholesale sales" shall apply to:

(1) A sale of tangible personal property taxable under \* \* \* Section 27-65-17 \* \* \* for resale in the regular line of business, when made in good faith to a retailer regularly selling or renting that property and when the dealer is licensed under Section 27-65-27 of this chapter if located in this state.

A sale of a service taxable under Section 27-65-23 for resale in the regular line of business, when made to a regular dealer in that service and when the dealer is licensed under Section 27-65-27 of this chapter if located in this state, or a charge for custom processing rendered upon merchandise for resale or rental by a dealer licensed under Section 27-65-27.

A sale of telecommunications services taxable under Section 27-65-19 for resale in the regular course of business, when made to a regular telecommunications provider of the service and the provider is the holder of a permit issued under Section 27-65-27 and is located in this state or is providing telecommunications services in this state.

A sale of specified digital product taxable under Section 27-65-26 for resale in the regular course of business, when made to a regular dealer of specified digital products and the dealer is the holder of a permit issued under Section 27-65-27 and is located in this state.

"Wholesale sale" shall not include a transaction whereby property is delivered to, and collection for the transaction is made from, a person that will consume the property rather than resell it even though the billing is to a retailer.

However, when a taxpayer sells merchandise and has paid a rate equal to the retail rate of tax on the purchase price to a wholesaler, the taxpayer may take credit for the tax paid to the wholesaler from the tax due on the sale of the merchandise specifically included in his return to the commissioner.

(2) A sale of tangible personal property (except sand or gravel when sold by the producer thereof) or service which is to become a component part of a structure or improvement erected, constructed, repaired, or made only when the sale is made to a contractor taxable under Section 27-65-21 of this chapter on the contract in which the component materials are to be used; and only when the contractor holds a material purchase certificate as required by Section 27-65-21 of this chapter.

(3) A sale of boxes, crates, cartons, cans, bottles and other packaging materials to a retailer or retail custom processor for use as a container to accompany goods or services sold by the retailer or custom processor where possession thereof will pass to the customer at the time of sale of the goods or services contained therein.

(4) The value of soft drinks and syrup withdrawn from the business by a manufacturer for sale at retail and food or drink withdrawn by a manufacturer or wholesaler to be sold through full service vending machines for human consumption.

The quantity of property or services sold or the price at which sold is immaterial in determining whether or not a sale is at wholesale. Sales may be classed as wholesale, or exempt, only if evidenced by proper and adequate records and invoices to substantiate the wholesale rate or exemption from the tax on each individual sale.

The substantiation of the wholesale sales must be by an invoice clearly indicating the date, the name and address of the vendor and vendee, the items sold and the price thereof. Such proof of wholesale sales shall be filed in chronological order and thus preserved for a period of three (3) years from the date of sale. These records shall be subject to inspection by the commissioner and his agents, at their discretion, for the verification of returns filed by either the wholesaler or his customers.

The substantiation of an exempt sale must be by an invoice containing the same information as required for the wholesale sales. This requirement shall apply equally to a retailer making wholesale or exempt sales.

Any failure to comply with all the above requirements shall subject the violator to the retail rate of tax on all such violations.

SECTION 11. Section 27-65-25, Mississippi Code of 1972, is amended as follows:

27-65-25. Upon every person engaging or continuing within this state in the business of selling alcoholic beverages at retail, the sales of which are legal under the provisions of Chapter 1 of Title 67, Mississippi Code of 1972, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross proceeds of the retail sales of the business. \* \* \*

SECTION 12. Section 7-7-211, Mississippi Code of 1972, is amended as follows:

7-7-211. The department shall have the power and it shall be its duty:

(a) To identify and define for all public offices of the state and its subdivisions generally accepted accounting principles or other accounting principles as promulgated by nationally recognized professional organizations and to consult with the State Fiscal Officer in the prescription and implementation of accounting rules and regulations;

(b) To provide best practices, for all public offices of regional and local subdivisions of the state, systems of accounting, budgeting and reporting financial facts relating to said offices in conformity with legal requirements and with generally accepted accounting principles or other accounting principles as promulgated by nationally recognized professional organizations; to assist such subdivisions in need of assistance in the installation of such systems; to revise such systems when deemed necessary, and to report to the Legislature at periodic times the extent to which each office is maintaining such systems, along with such recommendations to the Legislature for improvement as seem desirable;

(c) To study and analyze existing managerial policies, methods, procedures, duties and services of the various state departments and institutions upon written request of the Governor, the Legislature or any committee or other body empowered by the Legislature to make such request to determine whether and where operations can be eliminated, combined, simplified and improved;

(d) To postaudit each year and, when deemed necessary, preaudit and investigate the financial affairs of the departments, institutions, boards, commissions, or other agencies of state government, as part of the publication of a comprehensive annual financial report for the State of Mississippi, or as deemed necessary by the State Auditor. In complying with the requirements of this paragraph, the department shall have the authority to conduct all necessary audit procedures on an interim and year-end basis;

(e) To postaudit and, when deemed necessary, preaudit and investigate separately the financial affairs of (i) the offices, boards and commissions of county

governments and any departments and institutions thereof and therein; (ii) public school districts, departments of education and junior college districts; and (iii) any other local offices or agencies which share revenues derived from taxes or fees imposed by the State Legislature or receive grants from revenues collected by governmental divisions of the state; the cost of such audits, investigations or other services to be paid as follows: Such part shall be paid by the state from appropriations made by the Legislature for the operation of the State Department of Audit as may exceed the sum of Thirty-five Dollars (\$35.00) per man-hour for the services of each staff person engaged in performing the audit or other service plus the actual cost of any independent specialist firm contracted by the State Auditor to assist in the performance of the audit, which sum shall be paid by the county, district, department, institution or other agency audited out of its general fund or any other available funds from which such payment is not prohibited by law. Costs paid for independent specialists or firms contracted by the State Auditor shall be paid by the audited entity through the State Auditor to the specialist or firm conducting the postaudit.

Each school district in the state shall have its financial records audited annually, at the end of each fiscal year, either by the State Auditor or by a certified public accountant approved by the State Auditor. Beginning with the audits of fiscal year 2010 activity, no certified public accountant shall be selected to perform the annual audit of a school district who has audited that district for three (3) or more consecutive years previously. Certified public accountants shall be selected in a manner determined by the State Auditor. The school district shall have the responsibility to pay for the audit, including the review by the State Auditor of audits performed by certified public accountants;

(f) To postaudit and, when deemed necessary, preaudit and investigate the financial affairs of the levee boards; agencies created by the Legislature or by executive order of the Governor; profit or nonprofit business entities administering programs financed by funds flowing through the State Treasury or through any of the agencies of the state, or its subdivisions; and all other public bodies supported by funds derived in part or wholly from public funds, except municipalities which annually submit an audit prepared by a qualified certified public accountant using methods and procedures prescribed by the department;

(g) To make written demand, when necessary, for the recovery of any amounts representing public funds improperly withheld, misappropriated and/or otherwise illegally expended by an officer, employee or administrative body of any state, county or other public office, and/or for the recovery of the value of any public property disposed of in an unlawful manner by a public officer, employee or administrative body, such demands to be made (i) upon the person or persons liable for such amounts and upon the surety on official bond thereof, and/or (ii) upon any individual, partnership, corporation or association to whom the illegal expenditure was made or with whom the unlawful disposition of public property was made, if such individual, partnership, corporation or association knew or had reason to know through the exercising of reasonable diligence that the expenditure was illegal or the disposition unlawful. Such demand shall be premised on competent evidence, which shall include at least one (1) of the following: (i) sworn statements, (ii) written documentation, (iii) physical evidence, or (iv) reports and findings of government or other law enforcement agencies. Other provisions notwithstanding, a demand letter issued pursuant to this paragraph shall remain confidential by the State Auditor until the individual against whom the demand letter is being filed has been served with a copy of such demand letter. If, however, such individual cannot be notified within fifteen (15) days using reasonable means and due diligence, such notification shall be made to the individual's bonding company, if he or she is bonded. Each such demand shall be paid into the proper treasury of the state, county or other public body through the office of the department in the amount demanded within thirty (30)

days from the date thereof, together with interest thereon in the sum of one percent (1%) per month from the date such amount or amounts were improperly withheld, misappropriated and/or otherwise illegally expended. In the event, however, such person or persons or such surety shall refuse, neglect or otherwise fail to pay the amount demanded and the interest due thereon within the allotted thirty (30) days, the State Auditor shall have the authority and it shall be his duty to institute suit, and the Attorney General shall prosecute the same in any court of the state to the end that there shall be recovered the total of such amounts from the person or persons and surety on official bond named therein; and the amounts so recovered shall be paid into the proper treasury of the state, county or other public body through the State Auditor. In any case where written demand is issued to a surety on the official bond of such person or persons and the surety refuses, neglects or otherwise fails within one hundred twenty (120) days to either pay the amount demanded and the interest due thereon or to give the State Auditor a written response with specific reasons for nonpayment, then the surety shall be subject to a civil penalty in an amount of twelve percent (12%) of the bond, not to exceed Ten Thousand Dollars (\$10,000.00), to be deposited into the State General Fund;

(h) To investigate any alleged or suspected violation of the laws of the state by any officer or employee of the state, county or other public office in the purchase, sale or the use of any supplies, services, equipment or other property belonging thereto; and in such investigation to do any and all things necessary to procure evidence sufficient either to prove or disprove the existence of such alleged or suspected violations. The \* \* \* Division of Investigation of the State Department of Audit may investigate, for the purpose of prosecution, any suspected criminal violation of the provisions of this chapter. For the purpose of administration and enforcement of this chapter, the enforcement employees of the \* \* \* Division of Investigation of the State Department of Audit have the powers of a law enforcement officer of this state, and shall be empowered to make arrests and to serve and execute search warrants and other valid legal process anywhere within the State of Mississippi. All enforcement employees of the \* \* \* Division of Investigation of the State Department of Audit hired on or after July 1, 1993, shall be required to complete the Law Enforcement Officers Training Program and shall meet the standards of the program;

(i) To issue subpoenas, with the approval of, and returnable to, a judge of a chancery or circuit court, in termtime or in vacation, to examine the records, documents or other evidence of persons, firms, corporations or any other entities insofar as such records, documents or other evidence relate to dealings with any state, county or other public entity. The circuit or chancery judge must serve the county in which the records, documents or other evidence is located; or where all or part of the transaction or transactions occurred which are the subject of the subpoena;

(j) In any instances in which the State Auditor is or shall be authorized or required to examine or audit, whether preaudit or postaudit, any books, ledgers, accounts or other records of the affairs of any public hospital owned or owned and operated by one or more political subdivisions or parts thereof or any combination thereof, or any school district, including activity funds thereof, it shall be sufficient compliance therewith, in the discretion of the State Auditor, that such examination or audit be made from the report of any audit or other examination certified by a certified public accountant and prepared by or under the supervision of such certified public accountant. Such audits shall be made in accordance with generally accepted standards of auditing, with the use of an audit program prepared by the State Auditor, and final reports of such audits shall conform to the format prescribed by the State Auditor. All files, working papers, notes, correspondence and all other data compiled during the course of the audit shall be available, without cost, to the State Auditor for examination and abstracting during the

normal business hours of any business day. The expense of such certified reports shall be borne by the respective hospital, or any available school district funds other than minimum program funds, subject to examination or audit. The State Auditor shall not be bound by such certified reports and may, in his or their discretion, conduct such examination or audit from the books, ledgers, accounts or other records involved as may be appropriate and authorized by law;

(k) The State Auditor shall have the authority to contract with qualified public accounting firms to perform selected audits required in paragraphs (d), (e), (f) and (j) of this section, if funds are made available for such contracts by the Legislature, or if funds are available from the governmental entity covered by paragraphs (d), (e), (f) and (j). Such audits shall be made in accordance with generally accepted standards of auditing. All files, working papers, notes, correspondence and all other data compiled during the course of the audit shall be available, without cost, to the State Auditor for examination and abstracting during the normal business hours of any business day;

(l) The State Auditor shall have the authority to establish training courses and programs for the personnel of the various state and local governmental entities under the jurisdiction of the Office of the State Auditor. The training courses and programs shall include, but not be limited to, topics on internal control of funds, property and equipment control and inventory, governmental accounting and financial reporting, and internal auditing. The State Auditor is authorized to charge a fee from the participants of these courses and programs, which fee shall be deposited into the Department of Audit Special Fund. State and local governmental entities are authorized to pay such fee and any travel expenses out of their general funds or any other available funds from which such payment is not prohibited by law;

(m) Upon written request by the Governor or any member of the State Legislature, the State Auditor may audit any state funds and/or state and federal funds received by any nonprofit corporation incorporated under the laws of this state;

(n) To conduct performance audits of personal or professional service contracts by state agencies on a random sampling basis, or upon request of the State Personal Service Contract Review Board under Section 25-9-120(3);

(o) At the discretion of the State Auditor, the Auditor may conduct risk assessments, as well as performance and compliance audits based on Generally Accepted Government Auditing Standards (GAGAS) of any state-funded economic development program authorized under Title 57, Mississippi Code of 1972. After risk assessments or program audits, the State Auditor may conduct audits of those projects deemed high-risk, specifically as they identify any potential wrongdoing or noncompliance based on objectives of the economic development program. The Auditor is granted authority to gather, audit and review data and information from the Mississippi Development Authority or any of its agents, the Department of Revenue or its warehouse operator, and when necessary under this paragraph, the recipient business or businesses or any other private, public or nonprofit entity with information relevant to the audit project. The maximum amount the State Auditor may bill the oversight agency under this paragraph in any fiscal year is One Hundred Thousand Dollars (\$100,000.00), based on reasonable and necessary expenses;

(p) To review and approve any independent auditor selected by the Mississippi Lottery Corporation in accordance with Section 27-115-89, to conduct an annual audit of the corporation; and

(q) To conduct audits or investigations of the Mississippi Lottery Corporation if in the opinion of the State Auditor conditions justify such audits or investigations.

SECTION 13. Section 27-71-7, Mississippi Code of 1972, is amended as follows:

27-71-7. (1) There is hereby levied and assessed an excise tax upon each case of alcoholic beverages sold by the department or its warehouse operator to be collected from each retail licensee at the time of sale in accordance with the following schedule:

- (a) Distilled spirits .....\$2.50 per gallon
- (b) Sparkling wine and champagne.....\$1.00 per gallon
- (c) Other wines, including  
native wines .....\$ .35 per gallon

(2) (a) In addition to the tax levied by subsection (1) of this section, and in addition to any other markup collected, the Alcoholic Beverage Control Division shall collect a markup of three percent (3%) on all alcoholic beverages, as defined in Section 67-1-5, Mississippi Code of 1972, which are sold by the \* \* \* department or its warehouse operator. The proceeds of the markup shall be collected by the \* \* \* department or its warehouse operator from each purchaser at the time of purchase.

(b) Until June 30, 1987, the revenue derived from this three percent (3%) markup shall be deposited by the division in the State Treasury to the credit of the "Alcoholism Treatment and Rehabilitation Fund," a special fund which is hereby created in the State Treasury, and shall be used by the Division of Alcohol and Drug Abuse of the State Department of Mental Health and public or private centers or organizations solely for funding of treatment and rehabilitation programs for alcoholics and alcohol abusers which are sponsored by the division or public or private centers or organizations in such amounts as the Legislature may appropriate to the division for use by the division or public or private centers or organizations for such programs. Any tax revenue in the fund which is not encumbered at the end of the fiscal year shall lapse to the General Fund. It is the intent of the Legislature that the State Department of Mental Health shall continue to seek funds from other sources and shall use the funds appropriated for the purposes of this section and Section 27-71-29 to match all federal funds which may be available for alcoholism treatment and rehabilitation.

From and after July 1, 1987, the revenue derived from this three percent (3%) markup shall be deposited by the division in the State Treasury to the credit of the "Mental Health Programs Fund," a special fund which is hereby created in the State Treasury and shall be used by the State Department of Mental Health for the service programs of the department. Any revenue in the "Alcoholism Treatment and Rehabilitation Fund" which is not encumbered at the end of Fiscal Year 1987 shall be deposited to the credit of the "Mental Health Programs Fund."

SECTION 14. Section 27-71-9, Mississippi Code of 1972, is amended as follows:

27-71-9. The \* \* \* department may promulgate regulations authorizing persons holding on-premises retailer's permits for common carriers, as provided herein, to file periodic reports and pay a tax based upon the value of alcoholic beverages sold while in this state, in lieu of purchasing all such alcoholic beverages from the \* \* \* department or its warehouse operator. Such tax shall not be less than an amount equivalent to the

gross profit plus all taxes that would have been derived from the sale of a like quantity of alcoholic beverages by the \* \* \* department or its warehouse operator.

SECTION 15. Section 27-71-13, Mississippi Code of 1972, is amended as follows:

27-71-13. The \* \* \* department or its warehouse operator shall purchase directly from the manufacturer, except under the following conditions:

(a) Foreign brands which are not readily obtainable directly from the manufacturer.

(b) When the \* \* \* department or its warehouse operator can conclusively prove that unusual or extraordinary circumstances exist and the required or desired brands can be purchased at substantially lower prices from wholesalers or brokerage firms.

In all instances involving purchases, other than directly from the manufacturer, the \* \* \* department or its warehouse operator shall maintain full and complete records clearly reflecting the justification for such purchases. Said records shall include invoices, price lists, comparative prices, bills of lading and a certificate of justification signed by the director of the \* \* \* division or the appropriate authority of the department's warehouse operator, as to the conditions requiring the purchase or purchases. All such records shall be retained for a period of three (3) years.

SECTION 16. Section 27-71-15, Mississippi Code of 1972, is amended as follows:

27-71-15. Except as otherwise provided in Section 67-9-1 for the transportation of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, if transportation requires passage through a county which has not authorized the sale of alcoholic beverages, such transportation shall be by a sealed vehicle. Such seal shall remain unbroken until the vehicle shall reach the place of business operated by the permittee. The operator of any vehicle transporting alcoholic beverages shall have in his possession an invoice issued by the \* \* \* department or its warehouse operator at the time of the wholesale sale covering the merchandise transported by the vehicle. The \* \* \* department is authorized to issue regulations controlling the transportation of alcoholic beverages.

When the restrictions imposed by this section and by the regulation of the \* \* \* department have not been violated, the person transporting alcoholic beverages through a county wherein the sale of alcoholic beverages is prohibited shall not be guilty of unlawful possession and such merchandise shall be immune from seizure.

SECTION 17. Section 27-71-17, Mississippi Code of 1972, is amended as follows:

27-71-17. It shall be unlawful for any person to counterfeit or reuse any label prescribed by the \* \* \* department and used to identify alcoholic beverages sold at wholesale by the \* \* \* department or its warehouse operator and, upon conviction, the person shall be punished by a fine of not more than Five Thousand Dollars (\$5,000.00), or by imprisonment in the State Penitentiary for not less than one (1) year, nor more than ten (10) years, or both.

(4) The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(5) The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.

(7) The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine or native spirit retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department or its warehouse operator. For each holder of the designated permits, the

manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department or its warehouse operator. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or its warehouse operator, or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.

(11) [Through June 30, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) [From and after July 1, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

(12) (a) An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department or its warehouse operator. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30) days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or

corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.

Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion.

(d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations.

(e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense.

(13) If any provision of this chapter, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this chapter upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.

SECTION 23. Section 67-1-43, Mississippi Code of 1972, is amended as follows:

67-1-43. Any authorized retail distributor who shall purchase or receive \* \* \* alcoholic beverages from any source except from the department or its warehouse operator, unless authorized by rules and regulations of the department promulgated under Section 67-1-41, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), nor more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail for not more than six (6) months. Any authorization of such person to sell intoxicating beverages may be revoked as provided by law.

SECTION 24. Section 67-1-45, Mississippi Code of 1972, is amended as follows:

67-1-45. No manufacturer, rectifier or distiller of alcoholic beverages shall sell or attempt to sell any such alcoholic beverages, except malt liquor, within the State of

Mississippi, except to the department or its warehouse operator, or as provided in Section 67-1-41, or pursuant to Section 67-1-51. A producer of native wine or native spirit may sell native wines or native spirits, respectively, to the department or its warehouse operator, or to consumers at the location of the native winery or native distillery or its immediate vicinity.

Any violation of this section by any manufacturer, rectifier or distiller shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), and not more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail not to exceed six (6) months.

SECTION 25. Section 67-1-49, Mississippi Code of 1972, is amended as follows:

67-1-49. All distillers or distributors having contracts with the \* \* \* department or its warehouse operator for the sale of alcoholic beverages to \* \* \* the department or its warehouse operator, shall, on or before February 1st of each year, file a statement, under oath, with the \* \* \* department and with the Secretary of State, listing the names and addresses of each person, firm or corporation in Mississippi to whom or which said distiller or distributor shall have paid or agreed to pay any fee, retainer, salary, or remuneration, during the preceding year, together with a statement of the purpose for such payment. Failure to file such statement shall constitute grounds for the \* \* \* department to suspend the right of the distiller or distributor to sell to \* \* \* the department or its warehouse operator until such time as said statement shall be filed.

SECTION 26. Section 67-1-51, Mississippi Code of 1972, is amended as follows:

67-1-51. (1) Permits which may be issued by the department shall be as follows:

(a) Manufacturer's permit. A manufacturer's permit shall permit the manufacture, importation in bulk, bottling and storage of alcoholic liquor and its distribution and sale to manufacturers holding permits under this chapter in this state and to persons outside the state who are authorized by law to purchase the same, and to sell as provided by this chapter.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or redistillation and/or to operate a rectifying plant for the purifying, refining, mixing, blending, flavoring or reducing in proof of distilled spirits and alcohol.

Class 2. Wine manufacturer's permit, which shall authorize the holder thereof to manufacture, import in bulk, bottle and store wine or vinous liquor.

Class 3. Native wine producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native wines.

Class 4. Native spirit producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native spirits.

(b) Package retailer's permit. Except as otherwise provided in this paragraph and Section 67-1-52, a package retailer's permit shall authorize the holder thereof to operate a store exclusively for the sale at retail in original sealed and unopened packages of alcoholic beverages, including native wines and native spirits, not to be consumed on the premises where sold. Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations.

Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) On-premises retailer's permit. Except as otherwise provided in subsection (5) of this section, an on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines and native spirits, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Additionally, as part of a carryout order, a permit holder may sell one (1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, small craft breweries, microbreweries, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

(d) Solicitor's permit. A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) Native wine retailer's permit. Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and

resale of alcoholic beverages, including native wines and native spirits, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. A temporary one-day permit may be issued to bona fide nonprofit civic or charitable organizations authorizing the sale of alcoholic beverages, including native wine and native spirit, for consumption on the premises described in the temporary permit only. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or its warehouse operator or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (l) of this subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code

of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

(g) Caterer's permit. A caterer's permit shall permit the purchase of alcoholic beverages by a person engaging in business as a caterer and the resale of alcoholic beverages by such person in conjunction with such catering business. No person shall qualify as a caterer unless forty percent (40%) or more of the revenue derived from such catering business shall be from the serving of prepared food and not from the sale of alcoholic beverages and unless such person has obtained a permit for such business from the Department of Health. A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

(h) Research permit. A research permit shall authorize the holder thereof to operate a research facility for the professional research of alcoholic beverages. Such permit shall authorize the holder of the permit to import and purchase limited amounts of alcoholic beverages from the department or from importers, wineries and distillers of alcoholic beverages for professional research.

(i) Alcohol processing permit. An alcohol processing permit shall authorize the holder thereof to purchase, transport and possess alcoholic beverages for the exclusive use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient. An alcohol processing permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in the business of cooking, processing or manufacturing products which contain alcoholic beverages. The amounts of alcoholic beverages allowed under an alcohol processing permit shall be set by the department.

A special service permit shall be issued only to a fixed-base operator who contracts with an airport facility to provide fueling and other associated services to commercial and private aircraft.

(l) Merchant permit. Except as otherwise provided in subsection (5) of this section, a merchant permit shall be issued only to the owner of a spa facility, an art studio or gallery, or a cooking school, and shall authorize the holder to serve complimentary by the glass wine only, including native wine, at the holder's spa facility, art studio or gallery, or cooking school. A merchant permit holder shall obtain all wine from the holder of a package retailer's permit.

The permit shall authorize the holder to sell alcoholic beverages for the limited purpose of raising funds for the organization during a live or silent auction that is conducted by the organization and that meets the following requirements: (i) the auction is conducted in an area of the state where the sale of alcoholic beverages is authorized; (ii) if the auction is conducted on the premises of an on-premises retailer's permit holder, then the alcoholic beverages to be auctioned must be stored separately from the alcoholic beverages sold, stored or served on the premises, must be removed from the premises immediately following the auction, and may not be consumed on the premises; (iii) the permit holder may not conduct more than two (2) auctions during a calendar year; (iv) the permit holder may not pay a commission or promotional fee to any person to arrange or conduct the auction.

(n) Event venue retailer's permit. An event venue retailer's permit shall authorize the holder thereof to purchase and resell alcoholic beverages, including native wines and native spirits, for consumption on the premises during legal hours during events held on the licensed premises if food is being served at the event by a caterer who is not affiliated with or related to the permittee. The caterer must serve at least three (3) entrees. The permit may only be issued for venues that can accommodate two hundred (200) persons or more. The number of persons a venue may accommodate shall be determined by the local fire department and such determination shall be provided in writing and submitted along with all other documents required to be provided for an on-premises retailer's permit. The permittee must derive the majority of its revenue from event-related fees, including, but not limited to, admission fees or ticket sales for live entertainment in the building. "Event-related fees" do not include alcohol, beer or light wine sales or any fee which may be construed to cover the cost of alcohol, beer or light wine. This determination shall be made on a per event basis. An event may not last longer than two (2) consecutive days per week.

(o) Temporary theatre permit. A temporary theatre permit, not to exceed five (5) days, may be issued to a charitable nonprofit organization that is exempt from taxation under Section 501(c)(3) or (4) of the Internal Revenue Code and owns or operates a theatre facility that features plays and other theatrical performances and productions. Except as otherwise provided in subsection (5) of this section, the permit shall authorize the holder to sell alcoholic beverages, including native wines and native spirits, to patrons of the theatre during performances and productions at the theatre facility for consumption during such performances and productions on the premises of the facility described in the permit. A temporary theatre permit holder shall obtain all alcoholic beverages from package retailers located in the county in which the permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary theatre permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages.

(p) Charter ship operator's permit. Subject to the provisions of this paragraph (p), a charter ship operator's permit shall authorize the holder thereof and its employees to serve, monitor, store and otherwise control the serving and availability of alcoholic beverages to customers of the permit holder during private charters under contract provided by the permit holder. A charter ship operator's permit shall authorize

such action by the permit holder and its employees only as to alcoholic beverages brought onto the permit holder's ship by customers of the permit holder as part of such a private charter. All such alcoholic beverages must be removed from the charter ship at the conclusion of each private charter. A charter ship operator's permit shall not authorize the permit holder to sell, charge for or otherwise supply alcoholic beverages to customers, except as authorized in this paragraph (p). The holder may only sell product manufactured by the manufacturer at the distillery described in the permit. However, when selling to consumers for on-premises consumption, a holder of a distillery retailer's permit may add other beverages, alcoholic or not, so long as the total volume of other beverage components containing alcohol does not exceed twenty percent (20%). Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the distillery retailer is located.

The holder shall not sell at retail more than ten percent (10%) of the alcoholic beverages produced annually at its distillery. The holder shall not make retail sales of more than two and twenty-five one-hundredths (2.25) liters, in the aggregate, of the alcoholic beverages produced at its distillery to any one (1) individual for consumption off the premises of the distillery within a twenty-four-hour period. The hours of sale shall be the same as those hours for package retailers under this chapter. The holder of a distillery retailer's permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse; however, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder shall pay to the department all taxes, fees and surcharges on the alcoholic beverages that are imposed upon the sale of alcoholic beverages shipped by the \* \* \* department or its warehouse operator. In addition to alcoholic beverages, the holder of a distillery retailer's permit may sell at retail promotional products from the same retail location, including shirts, hats, glasses, and other promotional products customarily sold by alcoholic beverage manufacturers.

(r) Festival Wine Permit. Any wine manufacturer or native wine producer permitted by Mississippi or any other state is eligible to obtain a Festival Wine Permit. This permit authorizes the entity to transport product manufactured by it to festivals held within the State of Mississippi and sell sealed, unopened bottles to festival participants. The holder of this permit may provide samples at no charge to participants. "Festival" means any event at which three (3) or more vendors are present at a location for the sale or distribution of goods. The holder of a Festival Wine Permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse. However, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder of this permit shall pay to the department all taxes, fees and surcharges on the alcoholic beverages sold at such festivals that are imposed upon the sale of alcoholic beverages shipped by the Alcoholic Beverage Control Division of the Department of Revenue. Additionally, the entity shall file all applicable reports and returns as prescribed by the department. This permit is issued per festival and provides authority to sell for two (2) consecutive days during the hours authorized for on-premises permittees' sales in that county or city. The holder of the permit shall be required to maintain all requirements set by Local Option Law for the service and sale of alcoholic beverages. This permit

may be issued to entities participating in festivals at which a Class 1 temporary permit is in effect.

This paragraph (r) shall stand repealed from and after July 1, 2023.

When selling to consumers for on-premises consumption, a holder of a native spirit retailer's permit may add to the native spirit alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native spirit retailer is located.

(u) Delivery service permit. Any individual, limited liability company, corporation or partnership registered to do business in this state is eligible to obtain a delivery service permit. Subject to the provisions of Section 67-1-51.1, this permit authorizes the permittee, or its employee or an independent contractor acting on its behalf, to deliver alcoholic beverages, beer, light wine and light spirit product from a licensed retailer to a person in this state who is at least twenty-one (21) years of age for the individual's use and not for resale. Nothing in this paragraph shall limit the extension of the term of a financing agreement if there is a refunding of the correlative bonds or otherwise.

(b) If the corporation issues any bonds in connection with an economic development project, the financing agreement shall specify that the annual obligations of the approved company under Sections 57-10-401 through 57-10-445 shall equal in each year at least the annual debt service for that year on the bonds issued with respect to the economic development project; and the approved company shall pay such obligation of the financing agreement to the trustee for bonds issued for the benefit of the approved company, at such time and in such amounts sufficient to amortize such bonds.

(ii) If during any fiscal year of the financing agreement the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of the fiscal year of the financing agreement.

57-10-445. Nothing contained in Sections 57-10-401 through 57-10-445 is to be construed as a restriction or limitation upon any powers which the corporation might otherwise have under any other law of the state. Insofar as the provisions of Sections 57-10-401 through 57-10-445 are inconsistent with the provisions of any other law, the provisions of Sections 57-10-401 through 57-10-445 shall be controlling, and the powers conferred by Sections 57-10-401 through 57-10-445 shall be regarded as supplemental and additional to powers conferred by any other laws. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument or the security therefor, except as provided in Sections 57-10-401 through 57-10-445.

The provisions of Sections 57-10-401 through 57-10-445 shall be liberally construed to accomplish the purposes of Sections 57-10-401 through 57-10-445.

The powers granted and the duties imposed in Sections 57-10-401 through 57-10-445 shall be construed to be independent and severable. If any one or more sections, subsections, sentences or parts of any of Sections 57-10-401 through 57-10-445 shall be adjudged unconstitutional or invalid, such adjudication shall not affect, impair or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provisions so held unconstitutional or invalid.

SECTION 24. Section 57-10-447, Mississippi Code of 1972, is brought forward as follows:

57-10-447. No elected or appointed official shall derive any pecuniary benefit, directly or indirectly, as a result of such elected or appointed official's duties under Sections 57-10-401 through 57-10-445. Any member of the Legislature, any elected or appointed official, any member of the immediate family of a member of the Legislature, or any partner or associate of such a member of the Legislature or elected or appointed official, shall not derive any income from the issuance of any bonds under Sections 57-10-401 through 57-10-445, contrary to the provisions of Section 109, Mississippi

Constitution of 1890, or Article 3, Chapter 4, Title 25, Mississippi Code of 1972. The provisions of this section shall not apply to any person performing clerical or administrative functions, which are other than legal services provided by an attorney, that are associated with the issuance of any bonds under Sections 57-10-401 through 57-10-445, such as the printing of bonds or other materials. Any person convicted of a violation of this section shall be punished by imprisonment for not less than one (1) year and not more than five (5) years and a fine of not less than Two Thousand Five Hundred Dollars (\$2,500.00) and not more than Ten Thousand Dollars (\$10,000.00).

SECTION 25. Section 27-7-22.3, Mississippi Code of 1972, is brought forward as follows:

[In cases involving an economic development project for which the Mississippi Business Finance Corporation has issued bonds for the purpose of financing the approved costs of such project prior to July 1, 1994, this section shall read as follows:]

27-7-22.3. (1) For taxpayers who are required to pay a job assessment fee as provided in Section 57-10-413, there shall be allowed as a credit against the taxes imposed by this chapter, an amount equal to the amount of the job assessment fee imposed upon such taxpayer pursuant to Section 57-10-413. If the amount allowable as a credit exceeds the tax imposed by this article and Section 27-7-22.3, the amount of such excess shall not be refundable or carried forward to any other taxable year.

(2) For any approved company as defined in Section 57-10-401, there shall be allowed against the taxes imposed by this chapter on the income of the approved company generated by or arising out of the economic development project (as defined in Section 57-10-401), a credit in an amount not to exceed the total debt service paid under a financing agreement entered into under Section 57-10-409. The tax credit allowed in this subsection shall not exceed the amount of taxes due the State of Mississippi.

[In cases involving an economic development project for which the Mississippi Business Finance Corporation has not issued bonds for the purpose of financing the approved costs of such project prior to July 1, 1994, but has issued bonds for such project prior to July 1, 1997, or in cases involving an economic development project which has been induced by a resolution of the Board of Directors of the Mississippi Business Finance Corporation that has been filed with the State Tax Commission prior to July 1, 1997, this section shall read as follows:]

If the amount allowable as a credit exceeds the tax imposed by this article and Section 27-7-22.3, the amount of such excess shall not be refundable or carried forward to any other taxable year.

(2) For any approved company as defined in Section 57-10-401, there shall be allowed against the taxes imposed by this chapter on the income of the approved company generated by or arising out of the economic development project (as defined in Section 57-10-401), a credit in an amount not to exceed the total debt service paid under a financing agreement entered into under Section 57-10-409. The tax credit allowed in this subsection shall not exceed the amount of taxes due the State of Mississippi. The amount of income of the approved company generated by or arising out of the economic development project shall be determined by a formula adopted by the Mississippi Business Finance Corporation.

[In cases involving an economic development project for which the Mississippi Business Finance Corporation has not issued bonds for the purpose of financing the approved costs of such project prior to July 1, 1997, or in cases involving an economic development project which has not been induced by a resolution of the Board of Directors

of the Mississippi Business Finance Corporation that has been filed with the State Tax Commission prior to July 1, 1997, this section shall read as follows:]

27-7-22.3. For any approved company as defined in Section 57-10-401, there shall be allowed against the taxes imposed by this chapter on the income of the approved company generated by or arising out of the economic development project (as defined in Section 57-10-401), a credit in an amount not to exceed the total debt service paid under a financing agreement entered into under Section 57-10-409; provided, however, that the tax credit allowed in this subsection shall not exceed eighty percent (80%) of the amount of taxes due the State of Mississippi prior to the application of the credit. To the extent that financing agreement annual payments exceed the amount of the credit authorized pursuant to this section in any taxable year, such excess payment may be recouped from excess credits in succeeding years not to exceed three (3) years following the date upon which the credit was earned. The amount of income of the approved company generated by or arising out of the economic development project shall be determined by a formula adopted by the Mississippi Business Finance Corporation.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known as the "Mississippi Insurance E-Commerce Model Act."

SECTION 2. The purpose of this act is to provide consumers more choice, convenience and flexibility in managing their insurance.

SECTION 3. As used in this act, the following definitions apply:

(a) "Delivered by electronic means" means either of the following:

(i) Delivery to an electronic mail address at which a party has consented to receive notices or documents; or

(ii) Posting on an electronic network or site accessible via the Internet, mobile application, computer, mobile device, tablet, or any other electronic device, together with separate notice of the posting provided by electronic mail to the address at which the party has consented to receive notice or by any other delivery method that has been consented to by the party. The separate notice of the posting shall contain the internet address at which the documents are posted. For purposes of this subsection, delivery shall be effective upon the latter of the posting or the actual delivery of the separate notice of the posting.

(b) "Party" means any recipient of any notice or document required as part of an insurance transaction, including, but not limited to, an applicant, an insured, a policyholder, or an annuity contract holder.

SECTION 4. (1) Subject to the requirements of this section, any notice to a party or any other document required by law in an insurance transaction or that is to serve as evidence of insurance coverage may be delivered, stored, and presented by electronic means if the electronic means meet the requirements of applicable state technology law.

(2) Delivery of a notice or document in accordance with this section shall be considered equivalent to and have the same effect as any delivery method required by

law, including delivery by first class mail, first class mail with postage prepaid, certified mail, certificate of mail, or certificate of mailing.

(3) A notice or document may be delivered by electronic means by an insurer to a party pursuant to this section if all of the following apply:

(a) The party has affirmatively consented electronically, or confirmed consent electronically, in a manner that reasonably demonstrates that the party can access information in the electronic form that will be used for notices or documents delivered by electronic means to which the party has given consent, and the party has not withdrawn the consent.

(b) The party, before giving consent, is provided with a clear and conspicuous statement informing the party of all of the following:

(i) The hardware and software requirements for access to and retention of a notice or document delivered by electronic means.

(ii) The types of notices and documents to which the party's consent would apply.

(iii) The right of the party to withdraw consent to have a notice or document delivered by electronic means, at any time, and any conditions or consequences imposed in the event consent is withdrawn.

(iv) The procedures a party must follow to withdraw consent, which can be no more burdensome than providing consent, to have a notice or document delivered by electronic means and to update the party's electronic mail address.

(v) The right of a party to have any notice or document delivered, upon request, in paper form.

(4) An insurer shall take all measures reasonably calculated to ensure that delivery by electronic means pursuant to this section results in receipt of the notice or document by the party.

SECTION 5. After the consent of a party is given, in the event a change in the hardware or software requirements needed to access or retain a notice or document to be delivered by electronic means creates a material risk that the party will not be able to access or retain the notice or document to which the consent applies, the insurer shall not deliver a notice or document to the party by electronic means unless the insurer complies with Section 4 of this act and provides the party with a statement that describes all of the following:

(a) The revised hardware and software requirements for access to and retention of a notice or document delivered by electronic means.

(b) The right of the party to withdraw consent without the imposition of any condition or consequence that was not disclosed at the time of initial consent.

SECTION 6. (1) The provisions of this section shall not be construed to affect requirements related to content or timing of any notice or document required by any other provision of law.

(2) If a provision of this title or other applicable law requiring a notice or document to be provided to a party expressly requires confirmation of receipt of the notice or document, the notice or document may be delivered by electronic means only if the method used provides for confirmation of receipt by the recipient.

(3) This act shall not apply to a notice or document delivered by an insurer in an electronic form before the effective date of this act to a party who, before that date, has consented to receive the notice or document in an electronic form otherwise allowed by law.

SECTION 7. The legal effectiveness, validity or enforceability of any contract or policy of insurance executed by a party shall not be denied solely because of the failure of the insurer to obtain electronic consent or confirmation of consent of the party in accordance with the provisions of this act if the notice or document is delivered in paper form.

SECTION 8. (1) A withdrawal of consent by a party shall not affect the legal effectiveness, validity or enforceability of a notice or document delivered by electronic means to the party before the withdrawal of consent is effective.

(2) A withdrawal of consent by a party shall be effective within a reasonable period of time after receipt of the withdrawal by the insurer.

(3) Failure by an insurer to comply with any provision of Sections 4 or 5 of this act may be treated, at the election of the party, as a withdrawal of consent for purposes of this act.

SECTION 9. If the consent of a party to receive certain notices or documents in an electronic form is on file with an insurer before the effective date of this act, and an insurer intends to deliver additional notices or documents to the party in an electronic form pursuant to this act, then prior to delivering the additional notices or documents electronically, the insurer shall comply with the provisions of Section 4 of this act and shall provide the party with a statement that describes both of the following:

(a) The notices or documents that shall be delivered by electronic means that were not previously delivered electronically.

(b) The party's right to withdraw consent to have notices or documents delivered by electronic means, without the imposition of any condition or consequence that was not disclosed at the time of initial consent.

SECTION 10. An insurer shall deliver a notice or document by any other delivery method permitted by law other than electronic means if either of the following occurs:

(a) The insurer attempts to deliver the notice or document by electronic means and has a reasonable basis for believing that the notice or document has not been received by the party.

(b) The insurer becomes aware that the electronic mail address provided by the party is no longer valid. The insured's consent to electronic delivery shall not preclude the insurer from delivering a notice or document by any other delivery method permitted by law.

SECTION 11. An insurance producer shall not be subject to civil liability for any harm or injury that occurs because of a party's election to receive any notice or document by electronic means or by an insurer's failure to deliver or a party's failure to receive a notice or document by electronic means.

SECTION 12. (1) An insurance policy and an endorsement that does not contain personally identifiable information may be mailed, delivered, or, if the insurer obtains separate, specific consent, posted on the insurer's website. If the insurer elects to post an insurance policy and an endorsement on the insurer's website in lieu of mailing or delivering the policy and endorsement to the insured, the insurer shall comply with the following conditions:

- (a) The policy and an endorsement must be accessible to the owner or insured and producer of record and remain that way while the policy is in force;
- (b) After the expiration of the policy, the insurer shall either:
- (i) Make the expired policy and endorsement available upon request, for a period of five (5) years; or
  - (ii) If the insurer continues to make the expired policy or endorsement available on its website, keep the insured's user ID active for a period of five (5) years;
- (c) The policy and endorsement must be posted in a manner that enables the insured and producer of record to print and save the policy and endorsement using a program or application that is widely available on the Internet and free to use;
- (d) The insurer shall provide the following information in, or simultaneous with, each declaration page provided at the time of issuance of the initial policy and any renewals of the policy:
- (i) A description of the exact policy and endorsement form purchased by the insured;
  - (ii) A description of the insured's right to receive, upon request and without charge, an electronic and/or a paper copy of the policy and endorsement; and
  - (iii) The Internet address at which the policy and endorsement are posted;
- (e) The insurer, upon an insured's request and once without charge following receipt of the initial copy, shall mail a paper copy of the policy and endorsement to the insured; and
- (f) The insurer shall provide notice, either electronically or in writing at the insured's option, of any change to the forms or endorsement; the insured's right to obtain, upon request and once without charge following receipt of the initial copy, a paper copy of the forms or endorsement; and the Internet address at which the forms or endorsement are posted.

(2) This section does not affect the timing or content of any disclosure or document required to be provided or made available to any insured under applicable law.

SECTION 13. All claims brought by insureds, workers' compensation claimants, or third parties against an insurer shall be paid by check or draft of the insurer or, if offered by the insurer and the claimant consents, electronic transfer of funds to the order of the claimant to whom payment of the claim is due pursuant to the policy provisions, or her/his attorney, or upon direction of the claimant to one specified. However, when the employer has advanced the claims payment to the claimant, the check or draft shall be paid jointly to the claimant and the employer; or, if consented by all parties, the electronic payment shall be paid to the trust account. The check or draft shall be paid jointly until the amount of the advanced claims payment has been recovered by the employer. The electronic payment shall be held in trust until the amount of the advanced claims payment has been recovered by the employer.

SECTION 14. The Commissioner of Insurance may adopt rules to implement the provisions of this act.

SECTION 15. This act shall take effect and be in force from and after July 1, 2022.

SECTION 2. Section 37-97-103, Mississippi Code of 1972, is amended as follows:

37-97-103. (1) As used in this article, the following terms shall have the following meanings unless the context clearly indicates otherwise:

For the purposes of this article, "compensation" shall not mean or include the following:

athletic association or conference of which the postsecondary educational institution is a member; or

(iv) The payment of wages and benefits to a student-athlete for work actually performed \*\*\* for services unrelated to a student-athlete's publicity rights or other intellectual or intangible property rights of a student-athlete under federal or state law.

(b) "Image" means a picture of the student-athlete.

(h) "Postsecondary educational institution" means a public university or community college or private university or college.

SECTION 3. Section 37-97-105, Mississippi Code of 1972, is amended as follows:

37-97-105. (1) Except as provided in Section 37-97-107, a student-athlete may:

37-97-107. (1) Except as provided for under this article, a postsecondary educational institution shall not uphold any contract, rule, regulation, standard or other requirement that prevents a student-athlete of that institution from earning compensation \*\*\* for the use of the student's \*\*\* publicity rights. Any such contract, rule, regulation standard or other requirement shall be void and unenforceable against the postsecondary educational institution or the student-athlete. Compensation from the use of a student-athlete's \*\*\* publicity rights may not affect the student-athlete's scholarship eligibility, grant-in-aid or other financial aid, awards or benefits, or the student-athlete's intercollegiate athletic eligibility. Nothing in this article is intended to alter any state and federal laws or regulations regarding the award of financial aid at postsecondary educational institutions.

(2) Except as provided for in this article, an athletic association, conference or other group or organization with authority over intercollegiate athletic programs, including, but not limited to, the National Collegiate Athletic Association (NCAA) and the National Junior College Athletic Association (NJCAA), shall not prevent, or otherwise enforce a contract, rule, regulation, standard or other requirement that prevents, a student-athlete of a postsecondary educational institution from earning compensation as a result of the use of the student-athlete's \*\*\* publicity rights.

(3) To protect the integrity of its educational mission and intercollegiate athletics program, a postsecondary educational institution may impose reasonable limitations on the dates and time that a student-athlete may participate in endorsement, promotional, social media or other activities related to the license or use of the student-athlete's \*\*\* publicity rights. Nothing in this article shall restrict a postsecondary educational institution from exercising its sole discretion to control the authorized use of its marks or logos or to determine a student-athlete's apparel, gear or other wearables during an intercollegiate athletics competition or institution-sponsored event. A student-athlete may not receive or enter into a contract for compensation for the use of his or her \*\*\* publicity rights in a way that also uses any registered or licensed marks, logos, verbiage or designs of a postsecondary institution, unless the institution has provided the student-athlete with written permission to do so prior to \*\*\* entering into the agreement or receipt of compensation. If permission is granted, the postsecondary educational institution, by agreement of all parties, may be compensated for the use in a manner consistent with market rates. A postsecondary educational institution may also prohibit a student-athlete from wearing any item of clothing, shoes, or other gear or wearables with the name, logo or insignia of any entity during an intercollegiate athletics competition or institution-sponsored event.

(4) An athletic association, conference or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association and the National Junior College Athletic Association, shall not enforce

(5) A postsecondary educational institution may facilitate opportunities for student-athletes to engage with third-parties interested in entering into name, image, and likeness agreements, and may communicate with third-parties interested in providing name, image, and likeness agreements to student-athletes. A postsecondary educational institution, athletic association, conference or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association and the National Junior College Athletic Association, shall not \* \* \*:

(a) Enter into, or offer to enter into, a name, image and likeness agreement with a \* \* \* student-athlete; or

(6) A postsecondary educational institution, athletic association, conference or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association and the National Junior College Athletic Association shall not prevent a student-athlete from obtaining professional representation in relation to \* \* \* publicity rights, or to secure a name, image and likeness agreement, including, but not limited to, representation provided by athlete agents or legal representation provided by attorneys. A student-athlete shall provide the postsecondary educational institution with written notice at least seven (7) days prior to entering into a representation agreement with any individual for the purpose of exploring or securing compensation for use of the student-athlete's \* \* \* publicity rights.

(7) Professional representation obtained by student-athletes must be from persons registered as athlete agents as provided in Section 73-42-1 et seq. of the Uniform Athlete Agent Act. Attorneys who provide legal representation to student-athletes must be licensed to practice law in the State of Mississippi and in good standing with The Mississippi Bar.

(8) Athlete agents representing student-athletes shall comply with the Uniform Athlete Agents Act, Section 73-42-1 et seq., Mississippi Code of 1972, and the federal Sports Agent Responsibility and Trust Act in 15 USC Sections 7801-7807 in their relationships with student-athletes.

(9) A grant-in-aid, including cost of attendance, and other permissible financial aid, awards or benefits from the postsecondary educational institution in which a student-athlete is enrolled shall not be revoked, reduced, nor the terms and conditions altered, as a result of a student-athlete earning compensation or obtaining professional or legal representation pursuant to this article.

(10) Before any \* \* \* agreement for compensation for the use of a student-athlete's \* \* \* publicity rights is \* \* \* entered into, and before any compensation is provided to the student-athlete in advance of \* \* \* an agreement, the student-athlete shall disclose the \* \* \* agreement to a designated official of the postsecondary educational institution in which the student-athlete is enrolled in a manner prescribed by the institution.

(11) A third-party \* \* \* may not enter into, or offer to enter into, a name, image and likeness agreement with a student-athlete or otherwise compensate a student-athlete for the use of the student-athlete's \* \* \* publicity rights if a provision of the name, image and likeness agreement or the use of the student-athlete's \* \* \* publicity rights conflicts with a provision of a contract, rule, regulation, standard or other requirement of the

postsecondary educational institution unless such contract or use is expressly approved in writing by the postsecondary educational institution.

(12) No postsecondary educational institution, booster \*\*\* or third-party \*\*\* shall provide a \*\*\* student-athlete compensation or enter into a name, image and likeness agreement as an inducement for the student-athlete to attend or enroll in a specific institution or group of institutions. Compensation for a student-athlete's \*\*\* publicity rights may not be conditioned on athletic performance \*\*\*.

\*\*\*

(\*\*\*13) No student-athlete shall enter into a name, image, and likeness agreement or receive compensation from a third-party licensee for the endorsement or promotion of gambling, sports betting, controlled substances, marijuana, tobacco or alcohol \*\*\* brand or products, alternative or electronic nicotine product or delivery system, performance-enhancing supplements, adult entertainment or any other product or service that is reasonably considered to be inconsistent with the values or mission of a postsecondary educational institution or that negatively impacts or reflects adversely on a postsecondary education institution or its athletic programs, including, without limitation, bringing about public disrepute, embarrassment, scandal, ridicule or otherwise negatively impacting the reputation or the moral or ethical standards of the postsecondary educational institution.

(15) A contract for the use of \*\*\* a student-athlete's \*\*\* publicity rights which is formed while the student-athlete is participating in an intercollegiate sport at a postsecondary educational institution may not extend beyond the student-athlete's participation in the sport at the institution.

(16) Nothing in this article shall be interpreted to modify any requirements or obligations imposed under Title IX of the Education Amendments of 1972 (20 USC 1681 et seq.).

SECTION 5. Section 37-97-109, Mississippi Code of 1972, is brought forward as follows:
