The measures introduced were read under a suspension of the rules, referred to committees, and are listed after adjournment on this date.

Senator Hopson called up the following entitled bill:

H. B. No. 603: State budget; bring forward sections relating to.

Senator Hopson offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-103-125, Mississippi Code of 1972, is brought forward as follows:

27-103-125. The proposed budget of each state agency shall show the amounts required for operating expenses separately from the amounts required for permanent improvements. The overall budget shall show, separately by each source, the estimated amount of general fund revenue and of special fund revenues of general fund agencies. The total proposed expenditures in Part 1 of the overall budget shall not exceed the amount of estimated revenues that will be available in the general and special funds for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand in the general and special funds at the close of the then current fiscal year. The total proposed expenditures from the State General Fund in Part 1 of the overall budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. The Legislative Budget Office may recommend additional taxes or sources of revenue if in its judgment those additional funds are necessary to adequately support the functions of the state government.

SECTION 2. Section 27-103-139, Mississippi Code of 1972, is brought forward as follows:

27-103-139. On or before November 15 preceding each regular session of the Legislature, except the first regular session of a new term of office, the Governor shall submit to the members of the Legislature, the Legislative Budget Office or the members-elect, as the case may be, and to the executive head of each state agency a balanced budget for the succeeding fiscal year. The budget submitted shall be prepared in a format that will include performance measurement data associated with the various programs operated by each agency. The total proposed expenditures in the balanced budget shall not exceed the amount of estimated revenues that will be available for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand at the close of the then current fiscal year, as determined by the revenue estimate jointly adopted by the Governor and the Legislative Budget Committee. The total proposed expenditures from the State

General Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee.

The revenues used in preparing the balanced budget shall be only those revenues that will be available under the general laws of the state as they exist when the balanced budget is prepared, and shall not include any proposed revenues that would become available only after the enactment of new legislation. If the Governor has any recommendations for additional proposed expenditures or proposed revenues that are not included in his balanced budget, he shall submit those recommendations in a supplement that is separate from his balanced budget, and whenever the Governor recommends any such additional proposed expenditures, he also shall recommend proposed revenues that are sufficient to fund the additional proposed expenditures, providing specific details regarding the sources and the total amount of those proposed revenues.

The Governor may employ a budget officer for the purpose of receiving information from the State Fiscal Officer and preparing his recommendations on the budget. If the Governor determines that information received from the State Fiscal Officer is not sufficient to enable him to prepare his budget recommendations, he may request an appropriation from the Legislature to provide additional staff within the Governor's office for that purpose. At the first regular session after his election for Governor, the Governor shall submit any budget recommendations plus the required revenue source recommendations no later than January 31 of that year.

SECTION 3. Section 27-103-203, Mississippi Code of 1972, is brought forward as follows:

27-103-203. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Working Cash-Stabilization Reserve Fund.

(2) The Working Cash-Stabilization Reserve Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. If the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million Dollars (\$5,000,000.00) of interest earned on those sums each fiscal year shall be deposited into that fund until a total of Seventy Million Dollars (\$70,000,000.00) has been deposited into the fund. The interest, or the remaining interest if the Ayers Settlement Fund is created, that is earned on those sums shall be deposited in the Working Cash-Stabilization Reserve Fund until the balance of principal and interest in the fund reaches ten percent (10%) of the total General Fund appropriations for the current fiscal year, and all interest earned in excess of amounts necessary to maintain the ten percent (10%) fund balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars (\$15,000,000.00) and the amount of the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other

special funds for such purposes as authorized by Section 31-17-101 et seq., shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars (\$15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those purposes from General Fund revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars (\$15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars (\$55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars (\$0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars (\$40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars (\$50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

(8) Any funds appropriated from the Working Cash-Stabilization Reserve Fund that are unexpended at the end of a fiscal year shall lapse into the Working Cash-Stabilization Reserve Fund.

SECTION 4. Section 27-103-211, Mississippi Code of 1972, is brought forward as follows:

27-103-211. The total sum appropriated by the Legislature from the State General Fund for any fiscal year shall not exceed ninety-eight percent (98%) of the general fund revenue estimate for that fiscal year developed by the Department of Revenue and the

University Research Center and adopted by the Joint Legislative Budget Committee. The unencumbered balances in general funds that will be available and on hand at the close of the fiscal year shall not include projected amounts required to be deposited into the Working Cash-Stabilization Reserve Fund under Section 27-103-203.

SECTION 5. Section 27-103-213, Mississippi Code of 1972, is brought forward as follows:

27-103-213. (1) The unencumbered cash balance in the General Fund in the State Treasury at the close of each fiscal year shall be distributed to the Municipal Revolving Fund, the Working Cash-Stabilization Reserve Fund and the Capital Expense Fund in the manner provided in this section.

(2) (a) At the end of each fiscal year, the Executive Director of the Department of Finance and Administration and the State Treasurer shall determine the extent of the unencumbered cash balance existing in the General Fund in the State Treasury.

(b) As used in this section, the term "unencumbered cash balance" or "unencumbered General Fund cash balance" means the amount in the State General Fund after deducting all appropriations and other expenditures. However, if the Legislature has authorized additional or deficit appropriations or transfers from the State General Fund for that fiscal year, those amounts shall be subtracted from the unencumbered cash balance in the General Fund before determining the amount available for distribution. The unencumbered General Fund cash balance shall not be determined until after August 31 of each year, and it shall not be made until the State Treasurer has received a certificate in writing from the Executive Director of the Department of Finance and Administration, with notification to the Legislative Budget Office, showing the amount of the unencumbered General Fund cash balance.

(3) If any unencumbered General Fund cash balance is available for distribution under this section, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars (\$750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars (\$750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, fifty percent (50%) of the amount of the unencumbered General Fund cash balance after the distributions are made under paragraph (a), not to exceed ten percent (10%) of the General Fund appropriations for the fiscal year that the unencumbered General Fund cash balance represents. For the purposes of this paragraph (b), the appropriations for the fiscal year shall be the total amount contained in the actual appropriation bills passed by the Legislature.

(c) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a) and (b).

SECTION 6. Section 27-103-303, Mississippi Code of 1972, is brought forward as follows:

27-103-303. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Capital Expense Fund.

(2) The Capital Expense Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Capital Expense Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. Interest earned on this fund shall be deposited by the State Treasurer into the State General Fund.

(3) The Capital Expense Fund shall be used for capital expense needs, repair and renovation of state-owned properties and specific expenditures authorized by the Legislature. The Legislature shall designate those capital expense projects, repair and renovation projects and other authorized projects in an appropriation act passed by the Legislature, which shall direct the Director of the Department of Finance and Administration to administer the projects.

(4) In addition to the purposes specified in subsection (3) of this section, the Capital Expense Fund shall be used to provide funds for emergency repairs on state-owned buildings upon requisition of the Executive Director of the Department of Finance and Administration. Whenever the executive director determines that funds are immediately needed for emergency repairs on state-owned buildings, he or she shall requisition the funds needed from the Capital Expense Fund, which shall be subject to the limitations set forth in this subsection. At the same time he or she makes the requisition, the executive director shall notify the Lieutenant Governor, the Speaker of the House of Representatives, the respective Chairmen of the Senate Appropriations Committee, the Senate Finance Committee, the House Appropriations Committee and the House Ways and Means Committee and the Legislative Budget Office of his or her determination of the need for the funds, the amount that he or she has requisitioned and where the funds will be used. If the amount requisitioned is available in the Capital Expense Fund, is not allocated for any specific projects as authorized in subsection (3) of this section and is within the limitations set forth below in this subsection, then the executive director may escalate the budget of the Bureau of Building, Grounds and Real Property Management to use the full amount of the requisitioned funds for the emergency repairs and transfer that amount to the bureau for that purpose. If the amount requisitioned is more than the amount available in the Capital Expense Fund or above the limitations set forth below in this subsection, then the executive director may escalate the budget of the bureau to use the amount that is available within the limitations for the emergency repairs and transfer that amount to the bureau for that purpose. The maximum amount that may be transferred from the Capital Expense Fund to the bureau for any single emergency shall be One Million Dollars (\$1,000,000.00), and the maximum amount that may be transferred to the bureau for all emergencies during any fiscal year shall be Five Million Dollars (\$5,000,000.00).

(5) Funds deposited in the Capital Expense Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Capital Expense Fund shall be made except by act of the Legislature making specific reference to the Capital Expense Fund as the source of those funds.

(6) Unexpended funds in the Capital Expense Fund at the end of a fiscal year shall not lapse into the State General Fund but shall remain in the fund for use under this section. Any funds appropriated from the Capital Expense Fund that are unexpended at the end of a fiscal year shall lapse into the Capital Expense Fund.

SECTION 7. During fiscal year 2024, the State Fiscal Officer shall transfer to the General Fund out of the following enumerated funds, the amounts listed below from each fund:

FUND	FUND NUMBER	AMOUNT
Capital Expense Fund	6499C00000	\$1.00
Budget Contingency Fund	6117700000	\$1.00
TOTAL		\$2.00

SECTION 8. This act shall take effect and be in force from and after July 1, 2023, and shall stand repealed on June 30, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO BRING FORWARD SECTION 27-103-125, MISSISSIPPI CODE OF 1972, WHICH RELATES TO THE BUDGET PROCESS, FOR PURPOSES OF POSSIBLE AMENDMENT; TO BRING FORWARD SECTION 27-103-139, MISSISSIPPI CODE OF 1972, WHICH RELATES TO THE BUDGET PROCESS, FOR PURPOSES OF POSSIBLE AMENDMENT; TO BRING FORWARD SECTION 27-103-203, MISSISSIPPI CODE OF 1972, WHICH RELATES TO THE BUDGET PROCESS, FOR PURPOSES OF POSSIBLE AMENDMENT; TO BRING FORWARD SECTION 27-103-211, MISSISSIPPI CODE OF 1972, WHICH RELATES TO THE BUDGET PROCESS, FOR PURPOSES OF POSSIBLE AMENDMENT; TO BRING FORWARD SECTION 27-103-213, MISSISSIPPI CODE OF 1972, WHICH RELATES TO THE BUDGET PROCESS, FOR PURPOSES OF POSSIBLE AMENDMENT; TO BRING FORWARD SECTION 27-103-303, MISSISSIPPI CODE OF 1972, WHICH RELATES TO THE BUDGET PROCESS, FOR PURPOSES OF POSSIBLE AMENDMENT; TO DIRECT THE STATE FISCAL OFFICER TO MAKE CERTAIN TRANSFERS DURING FISCAL YEAR 2024 FROM THE CAPITAL EXPENSE FUND; AND FOR RELATED PURPOSES.

Any funds awarded to the City of Jackson under this section shall be deposited in the Capital City Water/Sewer Projects Fund of the State Treasury. Funds shall be obligated to a grantee upon the execution of a grant agreement between the department and the approved applicant. Funds shall be made available to a grantee when the department obtains the necessary support for reimbursement. The department is authorized to conduct additional rounds of grants as needed; however, in the first round no more than forty percent (40%) of the total funds appropriated for each grant program may be awarded by the department, and the remaining funds may be awarded in the second or subsequent rounds which shall occur no later than six (6) months from the previous round. (13) The department shall submit to the Lieutenant Governor, Speaker of the House, House and Senate Appropriations Chairmen, and the Legislative Budget Office quarterly reports and annual reports that are due by the dates established in the Compliance and Reporting Guidance by the United States Department of Treasury. (b) Except as otherwise provided in this section, the MDA shall require that binding commitments be entered into requiring that:

(i) The minimum requirements of this section and such other requirements as the MDA considers proper shall be met; and

(ii) If such requirements are not met, all or a portion of the funds provided by this section as determined by the MDA shall be repaid.

(c) Upon receipt of the application from a business enterprise or local government for a grant or loan under this section, the MDA shall determine whether the enterprise meets the definition of an approved business enterprise and determine whether to provide the assistance requested in the form of a grant or a loan.

(d) Except as otherwise provided in subsection (2)(a) of this section, the MDA shall have sole discretion in providing grants or loans under this section. The terms of a grant or loan provided under this section and the manner of repayment of any loan shall be within the discretion of the MDA. Repayments of loans made under this section shall be deposited to the credit of the Mississippi Industry Incentive Financing Revolving Fund until the uncommitted balance in the fund reaches Fifty Million Dollars (\$50,000,000.00). Once the uncommitted balance in the fund reaches Fifty Million Dollars (\$50,000,000.00), repayments of loans under this section shall be deposited to the credit of Fund No. 3951 in the State Treasury to pay debt service on bonds until such time as the uncommitted balance in the fund falls below Fifty Million Dollars (\$50,000,000.00).

(e) The MDA shall notify the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee of the approval of any grant or loan application thirty (30) days prior to the disbursement of any monies for the loan or grant from the Mississippi Industry Incentive Financing Revolving Fund. (5) (a) Contracts, by local governments, including, but not limited to, design and construction contracts, for the acquisition, purchase, construction or installation of a project shall be exempt from the provisions of Section 31-7-13 if:

(i) The MDA finds and records such finding on its minutes, that because of availability or the particular nature of a project, it would not be in the public interest or would less effectively achieve the purposes of this section to enter into such contracts on the basis of Section 31-7-13; and

(ii) The approved business enterprise that is involved in the project concurs in such finding.

(b) When the requirements of paragraph (a) of this subsection are met:

(i) The requirements of Section 31-7-13 shall not apply to such contracts; and

(ii) The contracts may be entered into on the basis of negotiation.

(6) It is the policy of the MDA and the MDA is authorized to accommodate and support any enterprise that receives a loan under this section for a project defined in Section 17-25-23 that wishes to have a program of diversity in contracting, and/or that wishes to do business with or cause its prime contractor to do business with Mississippi companies, including those companies that are small business concerns owned and controlled by socially and economically disadvantaged individuals. The term "socially and economically disadvantaged individuals" shall have the meaning ascribed to such term under Section 8(d) of the Small Business Act (15 USCS 637(d)) and relevant subcontracting regulations promulgated pursuant thereto; except that women shall be presumed to be socially and economically disadvantaged individuals for the purposes of this subsection.

(7) The MDA shall promulgate rules and regulations, in accordance with the Mississippi Administrative Procedures Law, for the implementation of this section.

SECTION 9. Section 57-1-601, Mississippi Code of 1972, is amended as follows:

57-1-601. (1) For the purposes of this section, the following words shall have the following meanings ascribed in this section, unless the context clearly otherwise requires:

(a) "MDA" means the Mississippi Development Authority.

(b) "Municipality" means any municipality with a population of less than fifteen thousand (15,000) according to the latest federal decennial census at the time the municipality submits an application to the MDA under this section.

(c) "Revitalization zone" means an area in the municipality officially designated by ordinance or resolution of the governing authorities of the municipality as a revitalization zone and approved and certified by the MDA as meeting the requirements of this section.

(2) (a) There is created in the State Treasury a special fund to be designated as the "Mississippi Main Street Investment Grant Fund" which shall consist of funds from any source designated for deposit into the fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund. Monies in the fund shall be used by the MDA for the purposes authorized in subsection (3) of this section.

(b) Monies in the fund which are derived from the proceeds of general obligation bonds or provided by the Legislature may be used to reimburse reasonable actual and necessary costs incurred by the MDA in providing grants under this section through the use of proceeds of such general obligation bonds. An accounting of actual costs incurred for which reimbursement is sought shall be maintained for the program. Reimbursement of reasonable actual and necessary costs for assistance shall not exceed three percent (3%) of the proceeds of bonds issued for such assistance or the monies provided by the Legislature. Reimbursements made under this subsection shall satisfy any applicable federal tax law requirements.

(3) The MDA shall establish a program to make grants to a municipality to assist with maintaining and improving the viability of revitalization zones. The proceeds of a grant made to a municipality under this section may be used for maintaining and/or

improving the viability of a revitalization zone through means deemed appropriate by the governing authorities of a municipality, including, but not limited to, making loans, grants and/or other forms of assistance to any person or public or private association or other entity for use for infrastructure projects, improvements to properties, signage and other purposes related to maintaining and/or improving the viability of the revitalization zone.

(4) (a) If a municipality desires a grant under this section, the municipality shall submit an application to the MDA seeking (i) approval and certification of the proposed revitalization zone and (ii) a grant for the purposes authorized in this section. The application shall include, at a minimum:

1. The name of the proposed revitalization zone, together with the words, "revitalization zone";

4. A master plan for the revitalization zone that has been approved by sixty percent (60%) of the property owners within the zone at the time the municipality submits the application; and
5. Any other information required by the MDA. The

governing authorities of a municipality may designate the boundaries of a proposed revitalization zone by adoption of an ordinance or resolution that is spread upon its minutes and describes the boundaries of the zone.

(b) The MDA shall review the application to confirm that the revitalization zone meets the requirements of this section. A revitalization zone may embrace two (2) or more separate parcels of real property, and such property may be publicly and/or privately owned. Each revitalization zone shall be of such size and form as to include all properties that, in the determination of the municipality and the MDA, constitute an integral part of the revitalization zone. If the MDA determines that the boundaries of the proposed revitalization zone exceed the area that is reasonably deemed to be integral to the revitalization zone, the MDA may reduce the boundaries of the proposed area. Upon the approval and selection of a municipal revitalization zone project, the MDA shall certify the revitalization zone.

(5) The MDA shall have all powers necessary to implement and administer the program established under this section, and the MDA shall promulgate rules and regulations, in accordance with the Mississippi Administrative Procedures Law, necessary for the implementation of this section.

Senator Branning called up the following House Amendment to **S. B. No. 2559** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-19-81, Mississippi Code of 1972, is amended as follows:

27-19-81. (1) No vehicle shall be registered by the Department of Revenue or by a tax collector, and no license tag whatsoever shall be issued therefor, where the gross weight of such vehicle exceeds the limits provided by law. In the event of an emergency requiring the hauling of a greater gross weight than permitted by law, the owner or operator of such vehicle shall obtain an excess weight authorization from the Mississippi Department of Transportation or local authority having jurisdiction of the particular road, street or highway before operating such vehicle on the highways of this state to haul such a gross weight over a route to be designated by the aforesaid department. It shall then

be necessary for the owner or operator of the vehicle to obtain a permit from the Transportation Department, which shall be issued by the department under the same provisions as are provided for the issuance of trip permits under Section 27-19-79, but which permit shall likewise be obtained prior to the operation of such vehicle on the highways. No persons or agencies other than the Mississippi Department of Transportation shall have authority to issue the permits provided for in this section. The fee to be charged for such permits shall be computed in the same manner provided in Section 27-19-79 for each one thousand (1,000) pounds, or fractional part thereof, of gross weight above the licensed capacity of the vehicle, up to the maximum legal weights provided by this article on the roads to be traveled.

This subsection shall apply, but not be limited to, any tractor, road roller or road machinery used solely and specifically in road building or other highway construction or maintenance work.

For each one thousand (1,000) pounds, or fractional part thereof, in excess of the weight authorized by Sections 63-5-29 and 63-5-33 for any such vehicle or in excess of the limits set by the Transportation Department for specified roads and bridges, the fee shall be Five Cents (5¢) per one thousand (1,000) pounds, or fractional part thereof, for each mile traveled upon the highways of the state, except that the fee for manufactured housing modular units, residential or commercial, shall be Two Cents (2¢) per one thousand (1,000) pounds, or fractional part thereof, for each mile traveled upon the highways of the state. Provided, however, no permit shall be issued for a fee of less than Ten Dollars (\$10.00).

The Transportation Department may provide for an annual permit which will allow preapproved vehicles and loads to travel predesignated routes with self-issued permits. Under such self-issuance authority, the owner of the vehicle shall complete the permit in a format designated by the department, electronically transmit a copy to the department prior to the move, and ensure that a copy is in the possession of the operator. Vehicles having a gross weight exceeding the limits provided by law that have a nondivisible gross vehicle weight of ninety-five thousand (95,000) pounds or less, which are otherwise legal, shall not be restricted as to the hours of the day such vehicles may be operated on predesignated routes. The department shall bill the vehicle owner according to the provisions of the preceding paragraph. The department is authorized to modify predesignated routes at any time for cause, such as highway construction or hazardous highway conditions. The annual fee for the self-issuance permit authority obtained pursuant to this paragraph shall be Five Hundred Dollars (\$500.00) per owner, regardless of the number of vehicles which he will operate pursuant to such permit, in addition to any other fees required by this section. Any vehicle and load being operated pursuant to this paragraph for which the operator does not have the permit or a copy thereof in his possession, or for which a copy of the permit was not electronically transmitted to the department, shall be deemed not to have a permit and shall be penalized accordingly.

It shall not be necessary for the owner or operator of a vehicle to obtain a permit pursuant to this subsection if such owner or operator has obtained for his vehicle an annual special permit for vehicles transporting heavy equipment pursuant to Section 63-5-52.

(2) Before operating a vehicle where the size of the load being hauled is in excess of that permitted by law, the owner or operator of such vehicle shall obtain excess size authorization from the Transportation Department or proper local authority and an excess size permit from the Transportation Department. Such excess size permit shall be issued by the Mississippi Department of Transportation under the same provisions as are provided for the issuance of trip permits under Section 27-19-79, and it shall be obtained prior to the operation of such vehicle on the highways. The fee to be charged for such excess size permit shall be Ten Dollars (\$10.00) per trip. Such permits may be issued for an extended period of time and must coincide with the expiration date and other provisions of the carrier's permit or authorization issued by the Transportation Department or local

authority. The fee for such extended permits shall be based upon an annual fee of One Hundred Dollars (\$100.00) per carrier. No permit shall be issued under this subsection if the issuance of the permit would violate federal law or would cause the State of Mississippi to lose federal aid funds. This subsection shall not apply to any tractor, road roller or road machinery used solely and specifically in road building or other highway construction or maintenance work or to any machinery or equipment operated on the highways or transported thereon in the course of normal farming activities, including cotton module transporters.

(3) The Executive Director of the Mississippi Department of Transportation may authorize certain carriers of property to issue overweight and/or oversize permits for vehicles owned or operated by such carriers, provided such carriers have blanket authorization from the Transportation Commission and also meet other requirements established by the Transportation Commission.

(4) The owner or operator of a vehicle hauling sand, gravel, woodchips, wood shavings, sawdust, fill dirt, agricultural products, bulk feed, wood pellets or unprocessed forestry products may apply to the Mississippi Department of Transportation for a harvest permit for the purpose of authorizing any such vehicles to operate on the highways in this state (other than the federal interstate system or those highways designated by the Mississippi Department of Transportation as not capable of carrying more than fifty-seven thousand six hundred fifty (57,650) pounds at the maximum gross weight specified in Section 63-5-33). Harvest permits may be issued and are valid to permit any such vehicle to be operated on a highway in this state that has been designated by the Mississippi Department of Transportation as not capable of carrying more than fifty-seven thousand six hundred fifty (57,650) pounds only if such vehicle operates in compliance with the provisions of Section 63-5-29(3)(b). A fee of Twenty-five Dollars (\$25.00) shall be charged for each permit issued. The permit shall be in the form of a decal which shall be affixed to each permitted vehicle on the upper left corner of the windshield on the driver's side. Each permit shall expire one (1) year from its date of issue. The fees collected under this subsection shall be deposited into a special fund that is created in the State Treasury. Monies in the fund shall be allocated and distributed quarterly, beginning September 30, 1994, to each of the counties of the state on an equal basis. Monies distributed to the counties under this subsection shall be deposited in each county's road and bridge fund and may be expended, upon approval of the board of supervisors, for any purpose for which county road and bridge fund monies lawfully may be expended. This subsection (4) shall stand repealed from and after July 1, * * * 2025.

(5) Any owner or operator who has met the requirements set by the Mississippi Transportation Commission may defer payment of permits issued by the department until the end of the current month. If full payment is not received by the twentieth of the following month, there may be added as damages to the total amount of the delinquency or deficiency the following percentages: ten percent (10%) for the first offense; fifteen percent (15%) for the second offense; and twenty-five percent (25%) for the third and any subsequent offense. Upon the third offense, the department may suspend the privilege to defer payment. The balance due shall become payable upon notice and demand by the department.

(6) The permit fee monies collected under this section, except as provided for in subsection (4) of this section, shall be deposited into the State Highway Fund for the construction, maintenance and reconstruction of highways and roads of the State of Mississippi or the payment of interest and principal on bonds authorized by the Legislature for construction and reconstruction of highways.

(7) The department may waive the permits, taxes and fees set forth in this section whenever a motor vehicle is operated upon the public highways in this state in response to an emergency, a major disaster or the threat of a major disaster.

(8) The Mississippi Department of Transportation and any other law enforcement agency authorized to perform escort of a vehicle designated as a superload vehicle pursuant to regulations of the Mississippi Department of Transportation may charge a reasonable fee to perform the escort of superload vehicles. The fee charged for escort will be collected by the agency performing the escort.

SECTION 2. This act shall take effect and be in force from and after June 30, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-19-81, MISSISSIPPI CODE OF 1972, TO EXTEND THE REPEAL DATE ON THE PROVISION OF LAW THAT REGULATES HARVEST PERMIT AUTHORIZATION AND FEES FOR A PERIOD OF TWO YEARS; AND FOR RELATED PURPOSES.

Senator McCaughn called up the following entitled bill:

H. B. No. 787: Mississippi Board of Registration for Foresters; bring forward all code sections and authorize to suspend license of licensee for failure to satisfy judgement.

Senator McCaughn offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 73-36-33, Mississippi Code of 1972, is amended as follows:

73-36-33. (1) The board shall have the power, after notice and hearing, to suspend or revoke the license of any registrant who (a) is found guilty by the board of fraud or gross negligence in the practice of professional forestry; (b) fails to comply with board rules and regulations; (c) is found guilty by the board of unprofessional or unethical conduct; or (d) has had his license suspended or revoked for cause in another jurisdiction.

(2) Any person may prefer charges of fraud or gross negligence in connection with any forestry practice against any registrant. Such charges shall be in writing, shall be sworn to by the person making them, and shall be filed with the secretary of the board. All charges shall be heard by the board pursuant to its rules and regulations without undue delay.

(3) Any applicant whose license is suspended or revoked by the board may apply for a review of the proceedings with reference to such suspension or revocation by appealing to the Chancery Court of the First Judicial District of Hinds County, Mississippi, provided a notice of appeal is filed by such applicant with the clerk of said court within sixty (60) days from entry of an order by the board suspending or revoking his license, provided said applicant files with said notice of appeal a bond to be approved by the court assuring the prompt payment of any and all costs of said appeal, said amount to be fixed by the court. Upon the filing of such notice of appeal and posting of such bond, the clerk of the said court shall notify the secretary of the board thereof and the record of the proceedings involved shall be prepared by the secretary and forwarded to the court within a period of sixty (60) days from such notice by the clerk. The court shall thereupon review the proceedings on the record presented and may hear such additional testimony as to the court may appear material and dispose of the appeal in termtime or in vacation, and

the court may sustain or dismiss the appeal, or modify or vacate the order complained of, but in case the order is modified or vacated, the court may also, in its discretion, remand the matter to the board for such further proceedings not inconsistent with the court's order as, in the opinion of the court, justice may require. The decision of the chancery court may be appealed as other cases to the Supreme Court.

(4) The board is authorized to secure, by contract, the services of an investigator when deemed necessary by the board to properly consider any charge then before it. The board may, at its discretion, establish a program of routine inspections.

(5) In addition to the reasons specified in subsection (1) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153, or for failure of the licensee to satisfy a judgment against such licensee, and/or the company or business for which the licensee provided services, provided that such judgement was rendered in connection to the practice of forestry. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 19-7-3, Mississippi Code of 1972, is amended as follows:

19-7-3. (1) In case any of the real estate belonging to the county shall cease to be used for county purposes, the board of supervisors may sell, convey or lease the same on such terms as the board may elect and may, in addition, exchange the same for real estate belonging to any other political subdivision located within the county. In case of a sale on a credit, the county shall have a lien on the same for the purchase money, as against all persons, until paid and may enforce the lien as in such cases provided by law. The deed of conveyance in such cases shall be executed in the name of the county by the president of the board of supervisors, pursuant to an order of the board entered on its minutes.

(2) (a) Before any lease, deed or conveyance is executed, the board shall publish at least once each week for three (3) consecutive weeks, in a public newspaper of the county in which the land is located, or if no newspaper be published in said county then in a newspaper having general circulation therein, the intention to lease or sell, as the case may be, the county-owned land and to accept sealed competitive bids for the leasing or sale. The board shall thereafter accept bids for the lease or sale * * *. The board, at its option, may reject all bids or accept the highest and best bid received in response to the advertisement, or the board may hold an auction among those who submitted bids in response to the advertisement. If the board elects to hold an auction, no bidder shall be granted any preference. The opening bid at the auction shall be the highest bid received in response to the advertisement.

(b) The board of supervisors of any county may contract for the professional services of a Mississippi-licensed real estate broker to assist in the marketing and sale or lease of the property for a reasonable commission, consistent with or lower than the market rate, for services rendered to be paid from the sale or lease proceeds.

(3) (a) During the final year of an existing lease of any real estate belonging to the county, the board shall notify the holder of the existing lease if the board intends to re-lease the property after advertising for bids or holding an auction in the same manner as provided in subsection (2) of this section. If the board receives an acceptable bid in response to the advertisement and elects not to hold an auction among those submitting bids, then the holder of the existing lease may submit a second bid in an amount not less than five percent (5%) of the highest acceptable bid received if the holder of the existing lease: (i) submitted a bid in response to the advertisement; and (ii) constructed or made improvements on the leasehold premises after receiving approval of the board during the term of the existing lease.

(b) If the holder of the existing lease elects to submit a second bid, the board shall hold an auction among those who submitted bids in response to the advertisement. The opening bid at the auction shall be the second bid of the holder of the existing lease. However, no leaseholder may submit a second bid if: (i) any rent, taxes or other payment required under the lease are past due; or (ii) the holder of the lease is otherwise in default of any term or provision of the lease and such default has not been corrected or cured to the satisfaction of the board after more than thirty (30) days' notice to the leaseholder of the default.

(c) If an auction is held, the auction may be conducted at the meeting at which bids are opened or at a subsequent regular or special meeting. The board shall announce the time and place of the auction at the meeting at which bids are opened, and no further notice of the auction is required.

(** *4) Whenever the board of supervisors shall find and determine, by resolution duly and lawfully adopted and spread upon its minutes (a) that any county-owned property is no longer needed for county or related purposes and is not to be used in the operation of the county, (b) that the sale of the property in the manner otherwise provided by law is not necessary or desirable for the financial welfare of the county, and (c) that the use of the county property for the purpose for which it is to be sold, conveyed or leased will promote and foster the development and improvement of the community in which it is located and the civic, social, educational, cultural, moral, economic or industrial welfare thereof, the board of supervisors of such county shall be authorized and empowered, in its discretion, to sell, convey, lease, or otherwise dispose of same for any of the purposes set forth herein.

(** *5) (a) In addition to such authority as is otherwise granted under this section, the board of supervisors, in its discretion, may sell, lease, or otherwise convey property to any person or legal entity without public notice, without having to advertise for and accept competitive bids and without appraisal, with or without consideration, and on such terms and conditions as the parties may agree if the board of supervisors finds and determines, by resolution duly and lawfully adopted and spread upon its official minutes:

(i) That the subject property is real property acquired by the county:

1. By reason of a tax sale;
2. Because the property was abandoned or blighted; or
3. In a proceeding to satisfy a county lien against the property;

(ii) That the subject property is blighted and is located in a blighted area;

(iii) That the subject property is not needed for governmental or related purposes and is not to be used in the operation of the county;

(iv) That the sale of the property in the manner otherwise provided by law is not necessary or desirable for the financial welfare of the county; and

(v) That the use of the property for the purpose for which it is to be conveyed will promote and foster the development and improvement of the community in which it is located or the civic, social, educational, cultural, moral, economic or industrial welfare thereof; the purpose for which the property is conveyed shall be stated.

(b) All costs associated with a conveyance under this subsection shall be paid by the person or entity to whom the conveyance is made.

(c) Any deed or instrument of conveyance executed pursuant to the authority granted under this subsection shall contain a clause of reverter providing that title to the property will revert to the county if the person or entity to whom the property is conveyed does not fulfill the purpose for which the property was conveyed and satisfy all conditions imposed on the conveyance within two (2) years of the date of the conveyance.

(d) In any such deed or instrument of conveyance, the county shall retain all mineral rights that it owns, together with the right of ingress and egress to remove same.

(** *6) Nothing contained in this section shall be construed to prohibit, restrict or to prescribe conditions with regard to the authority granted under Section 17-25-3 or Section 57-75-37.

SECTION 2. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Branning called up the following entitled bill:

H. B. No. 1477: Harvest permits; extend repealer on authority of MDOT to issue.

Senator Branning offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-19-81, Mississippi Code of 1972, is amended as follows:

27-19-81. (1) No vehicle shall be registered by the Department of Revenue or by a tax collector, and no license tag whatsoever shall be issued therefor, where the gross weight of such vehicle exceeds the limits provided by law. In the event of an emergency requiring the hauling of a greater gross weight than permitted by law, the owner or operator of such vehicle shall obtain an excess weight authorization from the Mississippi Department of Transportation or local authority having jurisdiction of the particular road, street or highway before operating such vehicle on the highways of this state to haul such a gross weight over a route to be designated by the aforesaid department. It shall then be necessary for the owner or operator of the vehicle to obtain a permit from the Transportation Department, which shall be issued by the department under the same provisions as are provided for the issuance of trip permits under Section 27-19-79, but which permit shall likewise be obtained prior to the operation of such vehicle on the highways. No persons or agencies other than the Mississippi Department of Transportation shall have authority to issue the permits provided for in this section. The fee to be charged for such permits shall be computed in the same manner provided in Section 27-19-79 for each one thousand (1,000) pounds, or fractional part thereof, of gross weight above the licensed capacity of the vehicle, up to the maximum legal weights provided by this article on the roads to be traveled.

This subsection shall apply, but not be limited to, any tractor, road roller or road machinery used solely and specifically in road building or other highway construction or maintenance work.

For each one thousand (1,000) pounds, or fractional part thereof, in excess of the weight authorized by Sections 63-5-29 and 63-5-33 for any such vehicle or in excess of the limits set by the Transportation Department for specified roads and bridges, the fee shall be Five Cents (5¢) per one thousand (1,000) pounds, or fractional part thereof, for each mile traveled upon the highways of the state, except that the fee for manufactured housing modular units, residential or commercial, shall be Two Cents (2¢) per one thousand (1,000) pounds, or fractional part thereof, for each mile traveled upon the highways of the state. Provided, however, no permit shall be issued for a fee of less than Ten Dollars (\$10.00).

The Transportation Department may provide for an annual permit which will allow preapproved vehicles and loads to travel predesignated routes with self-issued permits. Under such self-issuance authority, the owner of the vehicle shall complete the permit in a format designated by the department, electronically transmit a copy to the department prior to the move, and ensure that a copy is in the possession of the operator. Vehicles having a gross weight exceeding the limits provided by law that have a nondivisible gross vehicle weight of ninety-five thousand (95,000) pounds or less, which are otherwise legal, shall not be restricted as to the hours of the day such vehicles may be operated on predesignated routes. The department shall bill the vehicle owner according to the provisions of the preceding paragraph. The department is authorized to modify predesignated routes at any time for cause, such as highway construction or hazardous highway conditions. The annual fee for the self-issuance permit authority obtained pursuant to this paragraph shall be Five Hundred Dollars (\$500.00) per owner, regardless of the number of vehicles which he will operate pursuant to such permit, in addition to any other fees required by this section. Any vehicle and load being operated pursuant to this paragraph for which the operator does not have the permit or a copy thereof in his possession, or for which a copy of the permit was not electronically transmitted to the department, shall be deemed not to have a permit and shall be penalized accordingly.

It shall not be necessary for the owner or operator of a vehicle to obtain a permit pursuant to this subsection if such owner or operator has obtained for his vehicle an annual special permit for vehicles transporting heavy equipment pursuant to Section 63-5-52.

(2) Before operating a vehicle where the size of the load being hauled is in excess of that permitted by law, the owner or operator of such vehicle shall obtain excess size authorization from the Transportation Department or proper local authority and an excess size permit from the Transportation Department. Such excess size permit shall be issued by the Mississippi Department of Transportation under the same provisions as are provided for the issuance of trip permits under Section 27-19-79, and it shall be obtained prior to the operation of such vehicle on the highways. The fee to be charged for such excess size permit shall be Ten Dollars (\$10.00) per trip. Such permits may be issued for an extended period of time and must coincide with the expiration date and other provisions of the carrier's permit or authorization issued by the Transportation Department or local authority. The fee for such extended permits shall be based upon an annual fee of One Hundred Dollars (\$100.00) per carrier. No permit shall be issued under this subsection if the issuance of the permit would violate federal law or would cause the State of Mississippi to lose federal aid funds. This subsection shall not apply to any tractor, road roller or road machinery used solely and specifically in road building or other highway construction or maintenance work or to any machinery or equipment operated on the highways or transported thereon in the course of normal farming activities, including cotton module transporters.

(3) The Executive Director of the Mississippi Department of Transportation may authorize certain carriers of property to issue overweight and/or oversize permits for vehicles owned or operated by such carriers, provided such carriers have blanket authorization from the Transportation Commission and also meet other requirements established by the Transportation Commission.

(4) The owner or operator of a vehicle hauling sand, gravel, woodchips, wood shavings, sawdust, fill dirt, agricultural products, bulk feed, wood pellets or unprocessed forestry products may apply to the Mississippi Department of Transportation for a harvest permit for the purpose of authorizing any such vehicles to operate on the highways in this state (other than the federal interstate system or those highways designated by the Mississippi Department of Transportation as not capable of carrying more than fifty-seven thousand six hundred fifty (57,650) pounds at the maximum gross weight specified in Section 63-5-33). Harvest permits may be issued and are valid to permit any such vehicle to be operated on a highway in this state that has been designated by the Mississippi Department of Transportation as not capable of carrying more than fifty-seven thousand

six hundred fifty (57,650) pounds only if such vehicle operates in compliance with the provisions of Section 63-5-29(3)(b). A fee of Twenty-five Dollars (\$25.00) shall be charged for each permit issued. The permit shall be in the form of a decal which shall be affixed to each permitted vehicle on the upper left corner of the windshield on the driver's side. Each permit shall expire one (1) year from its date of issue. The fees collected under this subsection shall be deposited into a special fund that is created in the State Treasury. Monies in the fund shall be allocated and distributed quarterly, beginning September 30, 1994, to each of the counties of the state on an equal basis. Monies distributed to the counties under this subsection shall be deposited in each county's road and bridge fund and may be expended, upon approval of the board of supervisors, for any purpose for which county road and bridge fund monies lawfully may be expended. * * *

(5) Any owner or operator who has met the requirements set by the Mississippi Transportation Commission may defer payment of permits issued by the department until the end of the current month. If full payment is not received by the twentieth of the following month, there may be added as damages to the total amount of the delinquency or deficiency the following percentages: ten percent (10%) for the first offense; fifteen percent (15%) for the second offense; and twenty-five percent (25%) for the third and any subsequent offense. Upon the third offense, the department may suspend the privilege to defer payment. The balance due shall become payable upon notice and demand by the department.

(6) The permit fee monies collected under this section, except as provided for in subsection (4) of this section, shall be deposited into the State Highway Fund for the construction, maintenance and reconstruction of highways and roads of the State of Mississippi or the payment of interest and principal on bonds authorized by the Legislature for construction and reconstruction of highways.

(7) The department may waive the permits, taxes and fees set forth in this section whenever a motor vehicle is operated upon the public highways in this state in response to an emergency, a major disaster or the threat of a major disaster.

(8) The Mississippi Department of Transportation and any other law enforcement agency authorized to perform escort of a vehicle designated as a superload vehicle pursuant to regulations of the Mississippi Department of Transportation may charge a reasonable fee to perform the escort of superload vehicles. The fee charged for escort will be collected by the agency performing the escort.

SECTION 2. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-19-81, MISSISSIPPI CODE OF 1972, TO DELETE THE REPEALER ON THE PROVISION OF LAW THAT AUTHORIZES THE MISSISSIPPI DEPARTMENT OF TRANSPORTATION TO ISSUE HARVEST PERMITS TO OWNERS AND OPERATORS OF VEHICLES HAULING CERTAIN PRODUCTS; AND FOR RELATED PURPOSES.

(1) Court reporters for circuit, county and chancery courts may be paid an annual salary payable by the Administrative Office of Courts not to exceed Forty-nine Thousand Five Hundred Dollars (\$49,500.00) for court reporters with five (5) years' experience or less; not to exceed Fifty-eight Thousand Five Hundred Dollars (\$58,500.00)

for court reporters who have more than five (5) years' experience but less than ten (10) years; and not to exceed Sixty-four Thousand Dollars (\$64,000,00) for court reporters who have ten (10) years or more experience. No amount of the increase in the maximum salary authorized by this section shall be paid from the State General Fund. The board of supervisors of any county is authorized to pay its court reporters the applicable amount of the maximum salary authorized by this section. In addition, any court reporter performing the duties of a court administrator in the same judicial district in which the person is employed as a court reporter may be paid additional compensation for performing the court administrator duties. The annual amount of the additional compensation shall be set by vote of the judges and chancellors for whom the court administrator duties are performed, with consideration given to the number of hours per month devoted by the court reporter to performing the duties of a court administrator. The additional compensation shall be submitted to the Administrative Office of Courts for approval.

(2) The several counties in each respective court district shall transfer from the general funds of those county treasuries to the Administrative Office of Courts a proportionate amount to be paid toward the annual compensation of the court reporter, including any additional compensation paid for the performance of court administrator duties. The amount to be paid by each county shall be determined by the number of weeks in which court is held in each county in proportion to the total number of weeks court is held in the district. For purposes of this section, the term "compensation" means the gross salary plus all amounts paid for benefits, or otherwise, as a result of employment or as required by employment, but does not include transcript fees otherwise authorized to be paid by or through the counties. However, only salary earned for services rendered shall be reported and credited for retirement purposes. Amounts paid for transcript fees, benefits or otherwise, including reimbursement for travel expenses, shall not be reported or credited for retirement purposes.

For example, if there are thirty-eight (38) scheduled court weeks in a particular district, a county in which court is scheduled five (5) weeks out of the year would have to pay five-thirty-eighths (5/38) of the total annual compensation.

(3) The salary and any additional compensation for the performance of court administrator duties shall be paid in twelve (12) installments on the last working day of each month after it has been duly authorized by the appointing judge or chancellor and an order duly placed on the minutes of the court. Each county shall transfer to the Administrative Office of Courts one-twelfth (1/12) of the amount required to be paid pursuant to subsection (2) of this section by the twentieth day of each month for the salary that is to be paid on the last working day of the month. The Administrative Office of Courts shall pay to the court reporter the total amount of salary due for that month. Any county may pay, in the discretion of the board of supervisors, by the twentieth day of January of any year, the amount due for a full twelve (12) months.

(4) From and after October 1, 1996, all circuit, county and chancery court reporters will be employees of the Administrative Office of Courts.

(5) No circuit, county or chancery court reporter shall be entitled to any compensation for any special or extended term of court after passage of this section.

(6) No * * * circuit, county or chancery court reporter shall practice law in the court within which he or she is the court reporter.

(7) For all travel required in the performance of official duties, the circuit, county or chancery court reporter shall be paid mileage by the county in which the duties were performed at the same rate as provided for state employees in Section 25-3-41. The court reporter shall file in the office of the clerk of the court which he serves a certificate of mileage expense incurred during that term and payment of such expense to the court reporter shall be paid on allowance by the judge of such court.

SECTION 19. In counties in which a county court existed on December 31, 2022, the clerk of the youth court shall be the circuit clerk of the county. In counties in which a county court did not exist on December 31, 2022, the clerk of the youth court shall be the chancery clerk of the county. The clerk of the county court shall otherwise be the clerk of the circuit court.

When the budget of the youth court or youth court judge is approved by the board of supervisors *** , then the youth court or youth court judge may employ such persons as provided in the budget from time to time.

The board of supervisors of any county in which there is located a youth court *** are each authorized to reimburse the youth court judges and other youth court employees or personnel for reasonable travel and expenses incurred in the performance of their duties and in attending educational meetings offering professional training to such persons as budgeted.

SECTION 22. Section 43-21-125, Mississippi Code of 1972, is amended as follows:

43-21-125. (1) There shall be a Mississippi Council of Youth Court Judges which shall be the official organization of the judges having youth court jurisdiction in this state. The membership of the council shall consist of all the county court judges *** in the State of Mississippi.

(2) The Mississippi Council of Youth Court Judges is authorized to adopt and, from time to time, amend such rules, regulations or bylaws as it considers necessary to the conduct of its affairs.

(5) The council is authorized to receive and expend any funds which may become available from the federal government to carry out any of the purposes of this chapter, and to this end the council may meet any federal requirements not contrary to state law which may be conditions precedent to receiving such federal funds.

(6) The council may cooperate with the federal government in a program for training personnel employed or preparing for employment by the youth court and may receive and expend funds from federal or state sources or from private donations for such purposes. The council may contract with public or nonprofit institutions of higher learning for the training of such personnel, may conduct short-term training courses of its own, may hire experts on a temporary basis for such purpose and may cooperate with the department of youth services or other state departments or agencies in personnel training programs.

If the county court already has an intake officer or other staff person responsible for entering all cases of the Division of Youth Services, truancy matters and the Division of Family and Children's Services into MYCIDS, the senior county court judge may certify that such a person is already on staff. In such a case, the senior county court judge shall have discretion to direct the expenditure of those funds in hiring other support staff to carry on the business of the court.

Any person appealing a judgment of a justice court or a municipal court under this section shall post bond for court costs relating to such appeal. In all cases, the telephone solicitor must demonstrate that it will not use an automated dialing system or a method that will block or otherwise circumvent the consumer's use of a caller identification service.

In making its determination of whether to allow a telephone solicitation to be made under the policy which will include the limitations set forth in this section, the *** Attorney General shall exercise due care in investigating previous conduct of the telephone solicitor seeking such authority. SECTION 2. Section 75-24-5, Mississippi Code of 1972, is amended as follows:

75-24-5. (1) Unfair methods of competition affecting commerce and unfair or deceptive trade practices in or affecting commerce are prohibited. Action may be brought under Section 75-24-5(1) only under the provisions of Section 75-24-9.

(2) Without limiting the scope of subsection (1) of this section, the following unfair methods of competition and unfair or deceptive trade practices or acts in the conduct of any trade or commerce are hereby prohibited:

(a) Passing off goods or services as those of another;

(b) Misrepresentation of the source, sponsorship, approval, or certification of goods or services;

(c) Misrepresentation of affiliation, connection, or association with, or certification by another;

(d) Misrepresentation of designations of geographic origin in connection with goods or services;

(e) Representing that goods or services have sponsorship, approval, characteristics, ingredients, uses, benefits, or quantities that they do not have or that a person has a sponsorship, approval, status, affiliation, or connection that he does not have;

(f) Representing that goods are original or new if they are reconditioned, reclaimed, used, or secondhand;

(g) Representing that goods or services are of a particular standard, quality, or grade, or that goods are of a particular style or model, if they are of another;

(h) Disparaging the goods, services, or business of another by false or misleading representation of fact;

(l) Advertising by or on behalf of any licensed or regulated health care professional which does not specifically describe the license or qualifications of the licensed or regulated health care professional;

For purposes of determining premiums, an insurer shall consider such persons as having maintained continuous coverage. The provisions of this paragraph (m) shall apply only to such instances when the insured does not drive the vehicle during the period of cancellation or suspension of his policy * * *; and

(n) Violating the provisions of Section 75-24-8.

27-67-5. There is hereby levied, assessed and shall be collected from every person a tax for the privilege of using, storing or consuming, within this state, any tangible personal property or specified digital product possession of which is acquired in any manner.

(a) The use tax hereby imposed and levied shall be collected at the same rates as imposed under Section 27-65-20, and Sections 27-65-17, 27-65-18, 27-65-19,

27-65-24, 27-65-25 and 27-65-26 computed on the purchase or sales price, or value, as defined in this article.

(b) It shall be the duty of the tax collectors of the several counties, or the commissioner, as the case may be, to collect, remit and account for the tax on the use of all vehicles licensed or registered by the State of Mississippi for the first time, except when the Mississippi use tax was collected by an authorized out-of-state dealer at the time of purchase, or when the use thereof was exempt by Section 27-67-7. The tax collector or the commissioner shall give to the person registering the vehicle a receipt in a form prescribed and furnished by the Department of Revenue for the amount of tax collected.

The tax collector or the commissioner is expressly prohibited from issuing a license tag to any applicant without collecting the tax levied by this article, unless positive proof is filed, together with the application for the license tag, that the Mississippi tax has been paid, or that the sale was exempt by Section 27-67-7.

Persons not engaging and continuing in business so as to be registered for payment of sales and/or use tax may pay use tax due on the first use of boats, airplanes, equipment or other tangible personal property and specified digital products to county tax collectors who are hereby authorized to accept such payments on behalf of the commissioner. Receipts for all such payments shall be given to taxpayers in a form prescribed and furnished by the Department of Revenue.

County tax collectors and the commissioner shall be liable for the tax they are required hereby to collect, and taxes which are in fact collected under authority of this section; and failure to properly collect or maintain proper records shall not relieve them of liability for payment to the commissioner. Deficiencies in collection or payment shall be assessed against the tax collector or the commissioner in the same manner and subject to the same penalties and provisions for appeal as are deficiencies assessed against taxpayers.

A dealer authorized to collect and remit the tax to the Department of Revenue shall give to the purchaser a receipt for the payment of the tax, in a form prescribed and furnished by the commissioner, which shall serve as proof of payment to the tax collector of the county in which the license is to be issued.

Each tax collector of the several counties shall, on or before the twentieth day of each month, file a report with and pay to the commissioner all funds collected under the provisions of this article, less a commission of five percent (5%) which shall be retained by the tax collector as a commission for collecting such tax and be deposited in the county general fund. The report required to be filed shall cover all collections made during the calendar month next preceding the date on which the report is due and filed.

Any error in the report and remittance to the commissioner may be adjusted on a subsequent report. If the error was in the collection by the tax collector, it shall be adjusted through the tax collector with the taxpayer before credit is allowed by the commissioner.

All information relating to the collection of use tax by tax collectors and such records as the commissioner may require shall be preserved in the tax collector's office for a period of three (3) years for audit by the commissioner.

SECTION 2. Section 27-67-7, Mississippi Code of 1972, is amended as follows:

27-67-7. The tax levied by this article shall not be collected in the following instances:

(a) On the use, storage or consumption of any tangible personal property or specified digital products if the sale thereof has already been included in the measure of this tax or the tax imposed by Section 27-65-20 or Section 27-65-17, 27-65-19,

27-65-25 or 27-65-26, or has already been included in the measure of a sales tax imposed by another state in which the property or products were sold or use tax imposed by some other state in which the property was used. If the rate of sales or use tax paid another state by the person using the property or products in Mississippi is not equal to or greater than the rate imposed by this article, then the user or purchaser shall apply the difference in these rates to the purchase price or value of the property or products and pay to the commissioner the amount of tax thus computed. Persons using business property or products in this state which has been used by them in other states shall be entitled to a credit for sales and/or use tax paid to other states equal to the aggregate of all such state rates multiplied by the value of the property or products at the time of importation into this state. Persons using business property or products in this state which were acquired from another person who used it in other states shall be entitled to a credit equal to the applicable rate in the state of last prior use multiplied by the value of the property or products at the time of importation into this state. However, credit for use tax paid to another state shall not apply on the purchase price of tangible personal property or specified digital products that have been only stored or warehoused in the other state and the first use of the property or products occurs in Mississippi. Provided further, that credit for sales or use tax paid to another state shall not apply on the purchase price or value of automobiles, trucks, truck-tractors, semitrailers, trailers, boats, travel trailers, motorcycles and all-terrain cycles imported and first used in Mississippi.

Credit for sales or use tax paid to another state as provided in this paragraph (a) shall be evidenced by an invoice clearly and correctly showing the amount of the tax as a separate item, and no credit shall be allowed otherwise.

(b) On the use, storage or consumption of tangible personal property or specified digital products to the extent that sales of similar property or products in Mississippi are either excluded or specifically exempt from sales tax or are taxed at the wholesale rate.

This exemption shall be confined to the use of property or products the sale of which is an itemized exemption in the Mississippi Sales Tax Law, or to use by persons who are listed in the Mississippi Sales Tax Law as being exempt from sales tax.

(c) On the use, storage or consumption of tangible personal property or specified digital products brought into this state by a nonresident for his or her use or enjoyment while temporarily within the state, but not including tangible personal property or specified digital products brought in for use in connection with a business activity. This exemption shall not apply to property or products which remain situated in this state for the repeated use, storage or consumption by out-of-state visitors, or which is acquired by visitors and first used in this state.

(d) On the use of a motor vehicle for which a registration is required by the motor vehicle law, when such motor vehicle was purchased by a natural person for his personal or family use while such person was a bona fide resident of another state and who thereafter became a resident of this state, but not to include a motor vehicle which is transferred by the owner for commercial use or for use by another person within this state.

(e) On the use of personal and household effects by a natural person acquired while the person was a bona fide resident of another state, and who thereafter became a resident of this state.

(f) On the use or rental of motion picture film, video-audio tapes, phonograph records or specified digital products for exhibition either by a person paying Mississippi sales tax on gross income from admissions for the exhibitions or by a person operating a television or radio broadcasting station.

(g) On any vehicle purchased in another state for use outside of this state by a Mississippi citizen serving in the Armed Forces and stationed in another state who elects to license the vehicle in Mississippi.

(h) On the cost or value and on the use, storage and consumption of rail rolling stock and component parts thereof.

(i) On the use, storage or consumption of literature, video tapes, photographic slides or specified digital products used by religious institutions for the propagation of their creeds or for carrying on their customary nonprofit religious activities, and on the use of any tangible personal property or specified digital products purchased and first used in another state by religious institutions for the propagation of their creeds or for carrying on their customary nonprofit religious activities. "Religious institution," for the purpose of this exemption, means any religious institution granted an exemption under 26 USCS Section 501(c)(3). Any exemption under this paragraph obtained by fraud, misstatement or misrepresentation shall be cancelled by the * * * department, and the person committing the fraud, misstatement or misrepresentation shall be liable for prosecution for fraud on the assessment, and, on conviction, shall be fined not less than One Thousand Dollars (\$1,000.00), or punished by imprisonment in the State Penitentiary for a term not to exceed five (5) years, or both, within the discretion of the court.

(j) The tax on the cost or value of farm machinery used in the harvesting of agricultural products shall be limited to the ratio of use within this state to the life of the property.

(k) [Repealed]

(l) On the use of machinery and equipment; special tooling such as dies, molds, jigs and similar items treated as special tooling for federal income tax purposes; or repair parts therefor or replacements thereof; or repair services thereon; by a taxpayer other than the manufacturer when the manufacturer still holds title to the items and the items are purchased by the manufacturer as a part of a project as defined in Section 57-75-5(f)(iv)1, Section 57-75-5(f)(xxi) or Section 57-75-5(f)(xxii).

(m) On the use, storage or consumption of utilities purchased by a manufacturer described in Section 27-65-101(x).

(n) On the use, storage or consumption of utilities purchased by an enterprise described in Section 27-65-101(cc).

(o) On the use, storage or consumption of jet aircraft engines that are temporarily located within the State of Mississippi and are brought into the state for research and/or testing purposes at a jet aircraft engine research and testing facility.

SECTION 3. Section 27-67-11, Mississippi Code of 1972, is amended as follows:

27-67-11. (1) Every person maintaining a place of business, or doing business, in this state, shall collect the tax imposed by this article from the purchaser and remit the tax to the commissioner as hereinafter provided. Failure to collect the tax from the purchaser shall not relieve the seller of liability for payment of the tax.

(2) This section does not affect or impair the:

(a) Obligation of a purchaser in this state to remit use tax on any applicable transaction in which the seller does not collect and remit sales or use tax;

(b) Obligation of a seller, when the seller is transacting business in the state and tax is collected on the transaction, to remit all state and local taxes on any applicable transaction in which the seller provides goods or furnishes services within the state * * *;

(c) Ability of a state entity to immediately collect the taxes described in this section.

(3) The department shall audit a marketplace facilitator solely for sales made by marketplace sellers and facilitated by the marketplace facilitator. The department shall not audit marketplace sellers for sales facilitated by a marketplace facilitator except to the extent the marketplace facilitator seeks relief from liability under subsection (5) of this section.

(4) A marketplace facilitator that collects and remits the taxes imposed by this chapter shall collect taxes on sales through its marketplace based upon the address where the tangible personal property or specified digital products taxable under this chapter are shipped or delivered; provided, however, that taxes on services sold through its marketplace shall be collected as otherwise provided.

(5) A marketplace facilitator is relieved of liability under this section for failure to collect and remit the correct amount of tax under this section to the extent that the failure was due to incorrect or insufficient information given to the marketplace facilitator by the marketplace seller, provided that the marketplace facilitator can demonstrate it made a reasonable effort to obtain correct and sufficient information from the marketplace seller. This subsection does not apply if the marketplace facilitator and the marketplace seller are related.

(6) Nothing herein shall prohibit the marketplace facilitator and the marketplace seller from contractually agreeing to have the marketplace seller collect and remit all applicable taxes and fees where the marketplace seller:

(a) Has annual United States gross sales over One Billion Dollars (\$1,000,000,000.00), including the gross sales of any related entities, and in the case of franchised entities, including the combined sales of all franchisees of a single franchisor;

(b) Provides evidence to the marketplace facilitator that it is registered under Section 27-65-27 or Section 27-67-9 in this state; and

(c) Notifies the department in a manner prescribed by the department that the marketplace seller will collect and remit all applicable taxes on its sales through the marketplace and is liable for failure to collect or remit applicable taxes on its sales.

(7) Any person selling tangible personal property or specified digital products that does not maintain a place of business in this state may be authorized by the commissioner to collect the tax from customers in Mississippi who are liable for its payment, and such person shall remit the tax to the commissioner in the same manner and subject to the same requirements as a person maintaining a place of business or doing business within this state. Such authority may be cancelled at any time when, in the judgment of the commissioner, the tax can be collected more effectively from the purchaser in this state. When the tax has been collected from the purchaser, the seller shall be liable for payment of the tax to the commissioner.

(8) Every person required or authorized to collect the tax shall add to the sales price of tangible personal property, services or specified digital products the amount of the tax imposed on purchaser for the use, storage, or consumption thereof, and, when so added, the tax shall be a debt from the purchaser to the seller until paid, and shall be collectible at law in the same manner as other debts. It shall be unlawful for any person to advertise, hold out, or state to the public or to any customer that the tax herein imposed will be assumed or absorbed by the seller or that any part thereof will be refunded. Said tax shall be stated separately from the sales price on the sales invoice and shown separately on the seller's records. The purchaser shall pay the tax to the seller as trustee for and on account of the state.

SECTION 4. Section 27-65-3, Mississippi Code of 1972, is brought forward as follows:

27-65-3. The words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them herein.

(a) "Tax Commission" or "department" means the Department of Revenue of the State of Mississippi.

(b) "Commissioner" means the Commissioner of Revenue of the Department of Revenue.

(c) "Person" means and includes any individual, firm, copartnership, joint venture, association, corporation, promoter of a temporary event, estate, trust or other group or combination acting as a unit, and includes the plural as well as the singular in number. "Person" shall include husband or wife, or both, where joint benefits are derived from the operation of a business taxed hereunder. "Person" shall also include any state, county, municipal or other agency or association engaging in a business taxable under this chapter.

(d) "Tax year" or "taxable year" means either the calendar year or the taxpayer's fiscal year.

(e) "Taxpayer" means any person liable for or having paid any tax to the State of Mississippi under the provisions of this chapter. A taxpayer is required to obtain a sales tax permit under Section 27-65-27 before engaging in business in this state. If a taxpayer fails to obtain a sales tax permit before engaging in business in this state, the taxpayer shall pay the retail rate on all purchases of tangible personal property and/or services in this state, even if purchased for resale. Upon obtaining a sales tax permit, a previously unregistered taxpayer shall file sales tax returns for all tax periods during which he engaged in business in this state without a sales tax permit, and report and pay the sales tax accruing from his operation during this period and any applicable penalties and interest. On such return, the taxpayer may take a credit for any sales taxes paid during the period he operated without a sales tax permit on a purchase that would have constituted a wholesale sale if the taxpayer had a sales tax permit at the time of the purchase and if proper documentation exists to substantiate a wholesale sale. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in an audit for a period during which he operated without a sales tax permit may be determined based on the sales tax accruing from the taxpayer's operation for that period after the taking of this credit.

(f) "Sale" or "sales" includes the barter or exchange of property as well as the sale thereof for money or other consideration, and every closed transaction by which the title to taxable property passes shall constitute a taxable event.

"Sale" shall also include the passing of title to property for a consideration of coupons, trading stamps or by any other means when redemption is subsequent to the original sale by which the coupon, stamp or other obligation was created.

The situs of a sale for the purpose of distributing taxes to municipalities shall be the same as the location of the business from which the sale is made except that:

(i) Retail sales along a route from a vehicle or otherwise by a transient vendor shall take the situs of delivery to the customer.

(ii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is allowed as a credit against the sales tax liability

of the retailer, shall be the same as the location of the business of the retailer receiving the credit.

(iii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is not allowed as a credit against the sales tax liability of the retailer, shall have a rural situs.

(iv) Income received from the renting or leasing of property used for transportation purposes between cities or counties shall have a rural situs.

(g) "Delivery charges" shall mean and include any expenses incurred by a seller in acquiring merchandise for sale in the regular course of business commonly known as "freight-in" or "transportation costs-in." "Delivery charges" also include any charges made by the seller for delivery of property sold to the purchaser.

(h) "Gross proceeds of sales" means the value proceeding or accruing from the full sale price of tangible personal property, including installation charges, without any deduction for delivery charges, cost of property sold, other expenses or losses, or taxes of any kind except those expressly exempt by this chapter.

"Gross proceeds of sales" includes consideration received by the seller from third parties if:

(i) The seller actually received consideration from a party other than the purchaser and the consideration is directly related to a price reduction or discount on the sale;

(ii) The seller has an obligation to pass the price reduction or discount through to the purchaser;

(iii) The amount of the consideration attributable to the sale is fixed and determinable by the seller at the time of the sale of the item to the purchaser; and

(iv) One (1) of the following criteria is met:

1. The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;

2. The purchaser identified himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount (a "preferred customer" card that is available to any patron does not constitute membership in such a group); or

3. The price reduction or discount is identified as a third-party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.

Where a trade-in is taken as part payment on tangible personal property sold, "gross proceeds of sales" shall include only the difference received between the selling price of the tangible personal property and the amount allowed for a trade-in of property of the same kind. When the trade-in is subsequently sold, the selling price thereof shall be included in "gross proceeds of sales."

"Gross proceeds of sales" shall include the value of any goods, wares, merchandise or property purchased at wholesale or manufactured, and any mineral or natural resources produced, which are withdrawn or used from an established business

or from the stock in trade for consumption or any other use in the business or by the owner. However, "gross proceeds of sales" does not include meals prepared by a restaurant and provided at no charge to employees of the restaurant or donated to a charitable organization that regularly provides food to the needy and the indigent and which has been granted exemption from the federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986.

"Gross proceeds of sales" shall not include bad check or draft service charges as provided for in Section 97-19-57.

"Gross proceeds of sales" does not include finance charges, carrying charges or any other addition to the selling price as a result of deferred payments by the purchaser.

(i) "Gross income" means the total charges for service or the total receipts (actual or accrued) derived from trades, business or commerce by reason of the investment of capital in the business engaged in, including the sale or rental of tangible personal property, compensation for labor and services performed, and including the receipts from the sales of property retained as toll, without any deduction for rebates, cost of property sold, cost of materials used, labor costs, interest paid, losses or any expense whatever.

"Gross income" shall also include the cost of property given as compensation when the property is consumed by a person performing a taxable service for the donor.

However, "gross income" or "gross proceeds of sales" shall not be construed to include the value of goods returned by customers when the total sale price is refunded either in cash or by credit, or cash discounts allowed and taken on sales. Cash discounts shall not include the value of trading stamps given with a sale of property.

(j) "Tangible personal property" means personal property perceptible to the human senses or by chemical analysis as opposed to real property or intangibles and shall include property sold on an installed basis which may become a part of real or personal property.

(k) "Installation charges" shall mean and include the charge for the application of tangible personal property to real or personal property without regard to whether or not it becomes a part of the real property or retains its personal property classification. It shall include, but not be limited to, sales in place of roofing, tile, glass, carpets, drapes, fences, awnings, window air-conditioning units, gasoline pumps, window guards, floor coverings, carports, store fixtures, aluminum and plastic siding, tombstones and similar personal property.

(l) "Newspaper" means a periodical which:

(i) Is not published primarily for advertising purposes and has not contained more than seventy-five percent (75%) advertising in more than one-half (1/2) of its issues during any consecutive twelve-month period excluding separate advertising supplements inserted into but separately identifiable from any regular issue or issues;

(ii) Has been established and published continuously for at least twelve (12) months;

(iii) Is regularly issued at stated intervals no less frequently than once a week, bears a date of issue, and is numbered consecutively; provided, however, that publication on legal holidays of this state or of the United States and on Saturdays and Sundays shall not be required, and failure to publish not more than two (2) regular issues in any calendar year shall not exclude a periodical from this definition;

(iv) Is issued from a known office of publication, which shall be the principal public business office of the newspaper and need not be the place at which the periodical is printed and a newspaper shall be deemed to be "published" at the place where its known office of publication is located;

(v) Is formed of printed sheets; provided, however, that a periodical that is reproduced by the stencil, mimeograph or hectograph process shall not be considered to be a "newspaper"; and

(vi) Is originated and published for the dissemination of current news and intelligence of varied, broad and general public interest, announcements and notices, opinions as editorials on a regular or irregular basis, and advertising and miscellaneous reading matter.

The term "newspaper" shall include periodicals which are designed primarily for free circulation or for circulation at nominal rates as well as those which are designed for circulation at more than a nominal rate.

The term "newspaper" shall not include a publication or periodical which is published, sponsored by, is directly supported financially by, or is published to further the interests of, or is directed to, or has a circulation restricted, in whole or in part, to any particular sect, denomination, labor or fraternal organization or other special group or class or citizens.

For purposes of this paragraph, a periodical designed primarily for free circulation or circulation at nominal rates shall not be considered to be a newspaper unless such periodical has made an application for such status to the department in the manner prescribed by the department and has provided to the department documentation satisfactory to the department showing that such periodical meets the requirements of the definition of the term "newspaper." However, if such periodical has been determined to be a newspaper under action taken by the department on or before April 11, 1996, such periodical shall be considered to be a newspaper without the necessity of applying for such status. A determination by the Department of Revenue that a publication is a newspaper shall be limited to the application of this chapter and shall not establish that the publication is a newspaper for any other purpose.

(m) "MPC" or "Material Purchase Certificate" means a certificate for which a person that is liable for the tax levy under Section 27-65-21 can apply and obtain from the commissioner, and when issued, entitles the holder to purchase materials and services that are to become a component part of a structure to be erected or repaired with no tax due. Any person taxable under Section 27-65-21 who obtains an MPC for a project and purchases materials and services in this state that are to become a component part of a structure being erected or repaired in the project and at any time pays sales tax on these purchases may, after obtaining the MPC for the project, take a credit against his sales taxes for the sales tax paid on these purchases if proper documentation exists to substantiate the payment of the sales tax on the purchase of component materials and services. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in the audit where this credit is taken may be determined based on the sales tax due after the taking of this credit.

SECTION 5. Section 27-65-7, Mississippi Code of 1972, is brought forward as follows:

27-65-7. "Retailer" shall apply to a person making retail sales through vending machines, by maintaining a store, or operating as a transient vendor, or renting or leasing tangible personal property. Retailer also includes persons who facilitate the sale of services or tangible personal property that belongs to a third party.

"Retail sales" shall mean and include all sales of tangible personal property except those defined herein as wholesale and those made to a wholesaler, jobber, manufacturer or custom processor for resale or for further processing.

"Retail sale" shall include the value of any tangible personal property manufactured or purchased at wholesale which is withdrawn from the business or stock in trade and is used or consumed within this state in the business or by the owner or by any other person, whether or not in the regular course of business or trade.

"Retail sale" shall also include a sale invoiced to a retailer but delivered to another person who pays for the merchandise upon taking possession.

"Retail sale" shall also include a sale made or facilitated by a person regularly engaged in the sale or facilitation of sales of services or tangible personal property. "Retail sale" does not include a sale by a third-party food delivery service that delivers food from an unrelated restaurant to a customer, regardless of whether the customer orders and pays for the food through the delivery service or whether the delivery service adds fees or upcharges to the price of the food.

SECTION 6. Section 27-65-9, Mississippi Code of 1972, is brought forward as follows:

27-65-9. (1) "Business" shall mean and include all activities or acts engaged in (personal or corporate), for benefit or advantage, either direct or indirect, and not exempting subactivities in connection therewith. Each of such subactivities shall be considered business engaged in, taxable in the class in which it falls.

(2) "Business" shall include activities engaged in by exempt organizations or political entities in competition with privately owned business subject to the provisions of this chapter; however, the term "business" shall not include the following activities:

(a) Sales of prepaid student meal plans by public or private universities, colleges and community or junior colleges;

(b) Sales of prepared meals by any public or private school to students in kindergarten through Grade 12; and

(c) Retail sales of prepared meals when:

(i) Sold on the campus of a public or private university, college or community or junior college in this state to a student enrolled at such university, college or community or junior college; and

(ii) Payment for the sale is made through the use of a prepaid declining balance account or similar instrument or account issued to such student by the university, college or community or junior college that may be used only to purchase prepared meals.

(3) "Business" shall include the activity or activities of a person in this state performing a service under contract or agreement with another person when the service performed is taxable under the provisions of this chapter.

(5) "Doing business" shall include any person represented in this state by salesmen taking or soliciting orders to be filled from points outside this state for

subsequent delivery of the merchandise in equipment owned or leased by the seller to customers located in this state.

(6) "Doing business" shall include any person selling or facilitating the sale of services or tangible personal property.

SECTION 7. Section 27-65-17, Mississippi Code of 1972, is brought forward as follows:

27-65-17. (1) (a) Except as otherwise provided in this section, upon every person engaging or continuing within this state in the business of selling any tangible personal property whatsoever there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross proceeds of the retail sales of the business.

(b) Retail sales of farm tractors and parts and labor used to maintain and/or repair such tractors shall be taxed at the rate of one and one-half percent (1-1/2%) when made to farmers for agricultural purposes.

(c) (i) Retail sales of farm implements sold to farmers and used directly in the production of poultry, ratite, domesticated fish as defined in Section 69-7-501, livestock, livestock products, agricultural crops or ornamental plant crops or used for other agricultural purposes, and parts and labor used to maintain and/or repair such implements, shall be taxed at the rate of one and one-half percent (1-1/2%) when used on the farm.

1. Self-propelled, or

2. Mounted so that it is permanently attached to other equipment which is self-propelled or attached to other equipment drawn by a vehicle which is self-propelled.

In order to be eligible for the rate of tax provided for in this subparagraph (ii), such sales must be made to a professional logger. For the purposes of this subparagraph (ii), a "professional logger" is a person, corporation, limited liability company or other entity, or an agent thereof, who possesses a professional logger's permit issued by the Department of Revenue and who presents the permit to the seller at the time of purchase. The department shall establish an application process for a professional logger's permit to be issued, which shall include a requirement that the applicant submit a copy of documentation verifying that the applicant is certified according to Sustainable Forestry Initiative guidelines. Upon a determination that an applicant is a professional logger, the department shall issue the applicant a numbered professional logger's permit.

(d) Except as otherwise provided in subsection (3) of this section, retail sales of aircraft, automobiles, trucks, truck-tractors, semitrailers and manufactured or mobile homes shall be taxed at the rate of three percent (3%).

(e) Sales of manufacturing machinery or manufacturing machine parts when made to a manufacturer or custom processor for plant use only when the machinery and machine parts will be used exclusively and directly within this state in manufacturing a commodity for sale, rental or in processing for a fee shall be taxed at the rate of one and one-half percent (1-1/2%).

(f) Sales of machinery and machine parts when made to a technology intensive enterprise for plant use only when the machinery and machine parts will be used exclusively and directly within this state for industrial purposes, including, but not limited

to, manufacturing or research and development activities, shall be taxed at the rate of one and one-half percent (1-1/2%). In order to be considered a technology intensive enterprise for purposes of this paragraph:

(i) The enterprise shall meet minimum criteria established by the Mississippi Development Authority;

(vi) The enterprise must provide a basic health care plan to all employees at the facility.

A medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, shall not be considered to be a technology intensive enterprise for the purposes of this paragraph (f).

(g) Sales of materials for use in track and track structures to a railroad whose rates are fixed by the Interstate Commerce Commission or the Mississippi Public Service Commission shall be taxed at the rate of three percent (3%).

(h) Sales of tangible personal property to electric power associations for use in the ordinary and necessary operation of their generating or distribution systems shall be taxed at the rate of one percent (1%).

c. "Directory assistance" means an ancillary service of providing telephone number information and/or address information.

d. "Vertical service" means an ancillary service that is offered in connection with one or more telecommunications services, which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including conference bridging services.

e. "Voice mail service" means an ancillary service that enables the customer to store, send or receive recorded messages. Voice mail service does not include any vertical services that the customer may be required to have in order to utilize the voice mail service.

b. Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

2. Except for the defined telecommunications services in item 3 of this subparagraph, a sale of telecommunications services sold on a basis other than a call-by-call basis, is sourced to the customer's place of primary use.

3. The sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

a. A sale of mobile telecommunications services other than air-to-ground radiotelephone service and prepaid calling service is sourced to the customer's place of primary use as required by the Mobile Telecommunication Sourcing Act.

A. A home service provider shall be responsible for obtaining and maintaining the customer's place of primary use. The home service provider shall be entitled to rely on the applicable residential or business street address supplied by such customer, if the home service provider's reliance is in good faith; and the home service provider shall be held harmless from liability for any additional taxes based on a different determination of the place of primary use for taxes that are customarily passed on to the customer as a separate itemized charge. A home service provider shall be allowed to treat the address used for purposes of the tax levied by this chapter for any customer under a service contract in effect on August 1, 2002, as that customer's place of primary use for the remaining term of such service contract or agreement, excluding any extension or renewal of such service contract or agreement. Month-to-month services provided after the expiration of a contract shall be treated as an extension or renewal of such contract or agreement.

B. If the commissioner determines that the address used by a home service provider as a customer's place of primary use does not meet the definition of the term "place of primary use" as defined in subitem a.A. of this item 3, the commissioner shall give binding notice to the home service provider to change the place of primary use on a prospective basis from the date of notice of determination; however, the customer shall have the opportunity, prior to such notice of determination, to demonstrate that such address satisfies the definition.

C. The department has the right to collect any taxes due directly from the home service provider's customer that has failed to provide an address that meets the definition of the term "place of primary use" which resulted in a failure of tax otherwise due being remitted.

b. A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either:

A. The seller's telecommunications system; or

B. Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. A sale of a prepaid calling service or prepaid wireless calling service shall be subject to the tax imposed by this paragraph if the sale takes place in this state. If the customer physically purchases a prepaid calling service or prepaid wireless calling service at the vendor's place of business, the sale is deemed to take place at the vendor's place of business. If the customer does not physically purchase the service at the vendor's place of business, the sale of a prepaid calling card or prepaid

wireless calling card is deemed to take place at the first of the following locations that applies to the sale:

b. Service where all customer termination points are located entirely within one (1) jurisdiction or levels of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located.

c. Service for segments of a channel between two (2) customer channel termination points located in different jurisdictions and which segments of a channel are separately charged is sourced fifty percent (50%) in each level of jurisdiction in which the customer channel termination points are located.

3. "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

4. "Customer" means the person or entity that contracts with the seller of telecommunications services. If the end user of telecommunications services is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service. Customer does not include a reseller of telecommunications service or for mobile telecommunications service of a serving carrier

under an agreement to serve the customer outside the home service provider's licensed service area.

5. "Customer channel termination point" means the location where the customer either inputs or receives the communications.

6. "End user" means the person who utilizes the telecommunications service. In the case of an entity, "end user" means the individual who utilizes the service on behalf of the entity.

7. "Home service provider" has the meaning ascribed to such term in Section 124(5) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

8. "Mobile telecommunications service" has the meaning ascribed to such term in Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

9. "Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, the place of primary use must be within the licensed service area of the home service provider.

10. "Post-paid calling service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes a telecommunications service, except a prepaid wireless calling service that would be a prepaid calling service except it is not exclusively a telecommunications service.

11. "Prepaid calling service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

12. "Prepaid wireless calling service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other nontelecommunications services, including the download of digital products delivered electronically, content and ancillary service, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

13. "Private communication service" means a telecommunications service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations and any other associated services that are provided in connection with the use of such channel or channels.

14. "Service address" means:

a. The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

b. If the location in subitem a of this item 14 is not known, the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. If the location in subitems a and b of this item 14 are not known, the location of the customer's place of primary use.

(vii) 1. For purposes of this subparagraph (vii), "bundled transaction" means a transaction that consists of distinct and identifiable properties or services which are sold for a single nonitemized price but which are treated differently for tax purposes.

2. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, or audio or video programming services taxed under this chapter in which the price of the bundled transaction is attributable to properties or services that are taxable and nontaxable, the portion of the price that is attributable to any nontaxable property or service shall be subject to the tax unless the provider can reasonably identify that portion from its books and records kept in the regular course of business.

3. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, audio or video programming services subject to tax under this chapter in which the price is attributable to properties or services that are subject to the tax but the tax revenue from the different properties or services are dedicated to different funds or purposes, the provider shall allocate the price among the properties or services:

a. By reasonably identifying the portion of the price attributable to each of the properties and services from its books and records kept in the regular course of business; or

b. Based on a reasonable allocation methodology approved by the department.

4. This subparagraph (vii) shall not create a right of action for a customer to require that the provider or the department, for purposes of determining the amount of tax applicable to a bundled transaction, allocate the price to the different portions of the transaction in order to minimize the amount of tax charged to the customer. A customer shall not be entitled to rely on the fact that a portion of the price is attributable to properties or services not subject to tax unless the provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the provider's books and records that are kept in the regular course of business that reasonably identifies the portion of the price attributable to the properties or services not subject to the tax.

(2) Persons making sales to consumers of electricity, current, power, natural gas, liquefied petroleum gas or other fuel for residential heating, lighting or other residential noncommercial or nonagricultural use or sales of potable water for residential, noncommercial or nonagricultural use shall indicate on each statement rendered to customers that such charges are exempt from sales taxes.

(3) There is hereby levied, assessed and shall be paid on transportation charges on shipments moving between points within this state when paid directly by the consumer, a tax equal to the rate applicable to the sale of the property being transported. Such tax shall be reported and paid directly to the Department of Revenue by the consumer.

(2) A health insurance issuer shall make any current prior authorization requirements and restrictions, including the written clinical review criteria, readily accessible and conspicuously posted on its website to enrollees, health care professionals and health care providers. Content published by a third party and licensed for use by a health insurance issuer may be made available through the health insurance issuer's secure, password-protected website so long as the access requirements of the website do not unreasonably restrict access. Requirements shall be described in detail, written in easily understandable language, and readily available to the health care professional and health care provider at the point of care. The website shall indicate for each service subject to prior authorization:

(a) When prior authorization became required for policies issued or health benefit plan documents delivered in Mississippi, including the effective date or dates and the termination date or dates, if applicable, in Mississippi;

(d) Be evidence-based;

(e) Be sufficiently flexible to allow deviations from norms when justified on a case-by-case basis; and

(4) A health insurance issuer shall not deny a claim for failure to obtain prior authorization if the prior authorization requirement was not in effect on the date of service on the claim.

(5) A health insurance issuer shall not deem as incidental or deny supplies or health care services that are routinely used as part of a health care service when:

(a) An associated health care service has received prior authorization; or

(b) Prior authorization for the health care service is not required.

(6) If a health insurance issuer intends either to implement a new prior authorization requirement or restriction or amend an existing requirement or restriction,

the health insurance issuer shall provide contracted health care professionals and contracted health care providers of enrollees written notice of the new or amended requirement or amendment no less than sixty (60) days before the requirement or restriction is implemented. The written notice may be provided in an electronic format, including email or facsimile, if the health care professional or health care provider has agreed in advance to receive notices electronically. The health insurance issuer shall ensure that the new or amended requirement is not implemented unless the health insurance issuer's website has been updated to reflect the new or amended requirement or restriction.

(7) Health insurers using prior authorization shall make statistics available regarding prior authorization approvals and denials on their website in a readily accessible format. The statistics must be updated annually and include all of the following information:

SECTION 6. Standardized electronic prior authorizations. (1) If any health insurance issuer requires prior authorization of a health care service, the insurer or its designee utilization review organization shall, by January 1, 2024, make available a standardized electronic prior authorization request transaction process using an Internet webpage, Internet webpage portal, or similar electronic, Internet, and web-based system.

(2) Not later than January 1, 2026, all health care professionals and health care providers shall be required to use the standardized electronic prior authorization request transaction process made available as required by subsection (1) of this section.

SECTION 7. Prior authorizations in nonurgent circumstances. If a health insurance issuer requires prior authorization of a health care service, the health insurance issuer must make an approval or adverse determination and notify the enrollee, the enrollee's health care professional, and the enrollee's health care provider of the approval or adverse determination as required by applicable law, but no later than two (2) working days after obtaining all necessary information to make the approval or adverse determination. As used in this section, "necessary information" includes the results of any face-to-face clinical evaluation, second opinion or other clinical information that is directly applicable to the requested service that may be required.

SECTION 8. Prior authorizations in urgent circumstances. (1) If requested by a treating health care provider or health care professional for an enrollee, a health insurance issuer must render an approval or adverse determination concerning urgent health care services and notify the enrollee, the enrollee's health care professional and the enrollee's health care provider of that approval or adverse determination as required by law, but not

later than twenty-four (24) hours after receiving all information needed to complete the review of the requested health care services.

(2) To facilitate the rendering of a prior authorization determination in conformance with this section, a health insurance issuer must establish a mechanism to ensure health care professionals have access to appropriately trained and licensed clinical personnel who have access to physicians for consultation, designated by the plan to make such determinations for prior authorization concerning urgent care services.

SECTION 9. Personnel qualified to make adverse determinations. (1) A health insurance issuer must ensure that all adverse determinations are made by a physician when the request is by a physician or a representative of a physician. The physician must:

(a) Possess a current and valid nonrestricted license in any United States jurisdiction; and

(b) Have experience treating and managing patients with the medical condition or disease for which the health care service is being requested.

(2) Notwithstanding the foregoing, the health insurance issuer must also comply with Section 41-83-31 requiring concurrence in the adverse determination by a physician certified by the board(s) of the American Board of Medical Specialists or the American Board of Osteopathy within the relevant specialty.

SECTION 10. Notifications for adverse determinations. If a health insurance issuer makes an adverse determination, the health insurance issuer shall include the following in the notification to the enrollee, the enrollee's health care professional, and the enrollee's health care provider:

provider and any medical literature provided to the health insurance issuer by the health care professional or health care provider.

(2) Notwithstanding the foregoing, a licensed health care professional who satisfies the requirements in this section may review appeal requests submitted by a health care professional licensed in the same profession.

SECTION 12. Insurer review of prior authorization requirements. A health insurance issuer shall periodically review its prior authorization requirements and consider removal of prior authorization requirements:

(a) Where a medication or procedure prescribed is customary and properly indicated or is a treatment for the clinical indication as supported by peer-reviewed medical publications; or

(b) For patients currently managed with an established treatment regimen.

SECTION 13. Revocation of prior authorizations. (1) A health insurance issuer may not revoke or further limit, condition or restrict a previously issued prior authorization approval while it remains valid under this act.

(2) Notwithstanding any other provision of law, if a claim is properly coded and submitted timely to a health insurance issuer, the health insurance issuer shall make payment according to the terms of coverage on claims for health care services for which prior authorization was required and approval received before the rendering of health care services, unless one (1) of the following occurs:

(a) It is timely determined that the enrollee's health care professional or health care provider knowingly and without exercising prudent clinical judgment provided health care services that required prior authorization from the health insurance issuer or its contracted private review agent without first obtaining prior authorization for those health care services;

(b) It is timely determined that the health care services claimed were not performed;

(c) It is timely determined that the health care services rendered were contrary to the instructions of the health insurance issuer or its contracted private review agent or delegated reviewer if contact was made between those parties before the service being rendered;

(d) It is timely determined that the enrollee receiving such health care services was not an enrollee of the health care plan; or

(e) The approval was based upon a material misrepresentation by the enrollee, health care professional, or health care provider; as used in this paragraph, "material" means a fact or situation that is not merely technical in nature and results or could result in a substantial change in the situation.

(3) Nothing in this section shall preclude a private review agent or a health insurance issuer from performing post-service reviews of health care claims for purposes of payment integrity or for the prevention of fraud, waste, or abuse.

SECTION 14. Length of approvals. (1) A prior authorization approval shall be valid for the lesser of six (6) months after the date the health care professional or health care provider receives the prior authorization approval or the length of treatment as determined by the patient's health care professional or the renewal of the policy or plan, and the approval period shall be effective regardless of any changes, including any changes in dosage for a prescription drug prescribed by the health care professional. All

dosage increases must be based on established evidentiary standards, and nothing in this section shall prohibit a health insurance issuer from having safety edits in place. This section shall not apply to the prescription of benzodiazepines or Schedule II narcotic drugs, such as opioids.

(2) Nothing in this section shall require a policy or plan to cover any care, treatment, or services for any health condition that the terms of coverage otherwise completely exclude from the policy's or plan's covered benefits without regard for whether the care, treatment or services are medically necessary.

SECTION 15. Approvals for chronic conditions. (1) If a health insurance issuer requires a prior authorization for a recurring health care service or maintenance medication for the treatment of a chronic or long-term condition, the approval shall remain valid for the lesser of twelve (12) months from the date the health care professional or health care provider receives the prior authorization approval or the length of the treatment as determined by the patient's health care professional. This section shall not apply to the prescription of benzodiazepines or Schedule II narcotic drugs, such as opioids.

(2) Nothing in this section shall require a policy or plan to cover any care, treatment or services for any health condition that the terms of coverage otherwise completely exclude from the policy's or plan's covered benefits without regard for whether the care, treatment, or services are medically necessary.

SECTION 16. Continuity of prior approvals. (1) On receipt of information documenting a prior authorization approval from the enrollee or from the enrollee's health care professional or health care provider, a health insurance issuer shall honor a prior authorization granted to an enrollee from a previous health insurance issuer for at least the initial ninety (90) days of an enrollee's coverage under a new health plan, subject to the terms of the member's coverage agreement.

(2) During the time period described in subsection (1) of this section, a health insurance issuer may perform its own review to grant a prior authorization approval subject to the terms of the member's coverage agreement.

(3) If there is a change in coverage of or approval criteria for a previously authorized health care service, the change in coverage or approval criteria does not affect an enrollee who received prior authorization approval before the effective date of the change for the remainder of the enrollee's plan year.

(4) Except to the extent required by medical exceptions processes for prescription drugs, nothing in this section shall require a policy or plan to cover any care, treatment or services for any health condition that the terms of coverage otherwise completely exclude from the policy's or plan's covered benefits without regard for whether the care, treatment or services are medically necessary.

SECTION 17. Effect of insurer's failure to comply. A failure by a health insurance issuer to comply with the deadlines and other requirements specified in this act shall result in any health care services subject to review to be automatically deemed authorized by the health insurance issuer or its contracted private review agent.

SECTION 18. Enforcement and administration. (1) In addition to the enforcement powers granted to it by law to enforce the provisions of this act, the department is granted specific authority to issue a cease-and-desist order or require a private review agent or health insurance issuer to submit a plan of correction for violations of this act, or both. Subject to regulations promulgated by the department under the provisions of the Mississippi Administrative Procedure Law, the department may impose upon a private review agent, health benefit plan or health insurance issuer an administrative fine not to exceed Ten Thousand Dollars (\$10,000.00) per violation for failure to submit a requested plan of correction, failure to comply with its plan of correction, or repeated violations of

this act. All fines collected by the department under this section shall be deposited into the State General Fund. The department may also exercise all authority granted to it under Section 41-83-13 to deny or revoke a certificate of a private review agent for a violation of this act.

(2) Any person or his or her treating physician who believes that his or her health insurance issuer or health benefit plan is in violation of the provisions of this act may file a complaint with the department. The department shall review all complaints received and investigate all complaints that it deems to state a potential violation. The department shall fairly, efficiently and timely review and investigate complaints. Health insurance issuers, health benefit plans and private review agents found to be in violation of this act shall be penalized in accordance with this section.

(3) The department shall have the authority to promulgate rules and regulations under the Mississippi Administrative Procedures Law to govern the administration of this act.

SECTION 19. Reports to the department. (1) By June 1, 2024, and each June 1 after that date, a health insurance issuer shall report to the department, on a form issued by the department, the following aggregated trend data related to the insurer's practices and experience for the prior plan year for health care services submitted for payment:

(2) All reports required by this section shall be considered public records under the Mississippi Public Records Act of 1983 and the department shall make all reports freely available to requestors and post all reports to its public website without redactions.

SECTION 20. False requests for prior authorization. If a health insurance issuer has reason to believe that a health care professional or health care provider has knowingly and willingly submitted false or fraudulent requests for prior authorization to the health insurance issuer, the issuer shall notify and provide that information to the Commissioner of Insurance. After receipt of such notification and information, the commissioner shall have an administrative hearing on the matter to resolve the issue.

SECTION 21. Section 41-83-31, Mississippi Code of 1972, is amended as follows:

(a) No determination adverse to a patient or to any affected health care provider shall be made on any question relating to the necessity or justification for any form of hospital, medical or other health care services without prior evaluation and concurrence in the adverse determination by a physician licensed to practice in * * * any United States jurisdiction and certified by the board(s) of the American Board of Medical Specialists or the American Board of Osteopathy within the relevant specialty. The physician who made the adverse determination shall discuss the reasons for any adverse determination with the affected health care provider, if the provider so requests. The physician shall comply with this request within * * * seven (7) calendar days of being notified of a request. Adverse determination by a physician shall not be grounds for any disciplinary action against the physician by the State Board of Medical Licensure.

(b) Any determination regarding hospital, medical or other health care services rendered or to be rendered to a patient which may result in a denial of third-party reimbursement or a denial of precertification for that service shall include the evaluation, findings and concurrence of a physician trained in the relevant specialty or subspecialty and certified by the board(s) of the American Board of Medical Specialists or the American Board of Osteopathy within the relevant specialty, if requested by the patient's physician, to make a final determination that care rendered or to be rendered was, is, or may be medically inappropriate.

(c) The requirement in this section that the physician who makes the evaluation and concurrence in the adverse determination must be licensed to practice in Mississippi shall not apply to the Comprehensive Health Insurance Risk Pool Association or its policyholders and shall not apply to any utilization review company which reviews fewer than ten (10) persons residing in the State of Mississippi.

The central register shall include, but not be limited to, the following information: the name and identifying information of the individual reported, the county department of human services responsible for the investigation of each such report, the names, affiliations and purposes of any person requesting or receiving information which the executive director believes might be helpful in the furtherance of the purposes of this chapter, the name, address, birth date, social security number of the perpetrator of abuse, neglect and/or exploitation, and the type of abuse, neglect and/or exploitation of which there was substantial evidence upon investigation of the report. The central register shall inform the person making reports required under this section of his or her right to request statements from the department as to what action is being taken, if any.

Each person, business, organization or other entity, whether public or private, operated for profit, operated for nonprofit or a voluntary unit of government not responsible for law enforcement providing care, supervision or treatment of vulnerable persons shall

(f) A guardian ad litem, guardian or conservator authorized by a court to act as a representative for a vulnerable person in need of protective services who is the subject of a report.

Notwithstanding the provisions of paragraph (b) of this subsection, the department may not disclose a report of the abandonment, exploitation, abuse, neglect or self-neglect of a vulnerable person to the vulnerable person's guardian, attorney-in-fact, surrogate decision maker, or caregiver who is a perpetrator or alleged perpetrator of the abandonment, exploitation, abuse or neglect of the vulnerable person.

Any person given access to the names or other information identifying the subject of the report, except the subject of the report, shall not divulge or make public such identifying information unless he is a district attorney or other law enforcement official and the purpose is to initiate court action. Any person who willfully permits the release of any data or information obtained pursuant to this section to persons or agencies not permitted to such access by this section shall be guilty of a misdemeanor.

(8) Upon reasonable cause to believe that a caretaker or other person has abused, neglected or exploited a vulnerable person, the department shall promptly notify the district attorney of the county in which the vulnerable person is located and the Office of the Attorney General, except as provided in Section 43-47-37(2).

SECTION 2. Section 37-151-7, Mississippi Code of 1972, is brought forward as follows:

37-151-7. The annual allocation to each school district for the operation of the adequate education program shall be determined as follows:

(1) Computation of the basic amount to be included for current operation in the adequate education program. The following procedure shall be followed in determining the annual allocation to each school district:

(a) Determination of average daily attendance. Effective with fiscal year 2011, the State Department of Education shall determine the percentage change from the prior year of each year of each school district's average of months two (2) and three (3) average daily attendance (ADA) for the three (3) immediately preceding school years of the year for which funds are being appropriated. For any school district that experiences a positive growth in the average of months two (2) and three (3) ADA each year of the three (3) years, the average percentage growth over the three-year period shall be

multiplied times the school district's average of months two (2) and three (3) ADA for the year immediately preceding the year for which MAEP funds are being appropriated. The resulting amount shall be added to the school district's average of months two (2) and three (3) ADA for the year immediately preceding the year for which MAEP funds are being appropriated to arrive at the ADA to be used in determining a school district's MAEP allocation. Otherwise, months two (2) and three (3) ADA for the year immediately preceding the year for which MAEP funds are being appropriated will be used in determining a school district's MAEP allocation. In any fiscal year prior to 2010 in which the MAEP formula is not fully funded, for those districts that do not demonstrate a three-year positive growth in months two (2) and three (3) ADA, months one (1) through nine (9) ADA of the second preceding year for which funds are being appropriated or months two (2) and three (3) ADA of the preceding year for which funds are being appropriated, whichever is greater, shall be used to calculate the district's MAEP allocation. The district's average daily attendance shall be computed and currently maintained in accordance with regulations promulgated by the State Board of Education. The district's average daily attendance shall include any student enrolled in a Dual Enrollment-Dual Credit Program as defined and provided in Section 37-15-38(19). The State Department of Education shall make payments for Dual Enrollment-Dual Credit Programs to the home school in which the student is enrolled, in accordance with regulations promulgated by the State Board of Education. The community college providing services to students in a Dual Enrollment-Dual Credit Program shall require payment from the home school district for services provided to such students at a rate of one hundred percent (100%) of ADA. All MAEP/state funding shall cease upon completion of high school graduation requirements.

(b) Determination of base student cost. Effective with fiscal year 2011 and every fourth fiscal year thereafter, the State Board of Education, on or before August 1, with adjusted estimate no later than January 2, shall submit to the Legislative Budget Office and the Governor a proposed base student cost adequate to provide the following cost components of educating a pupil in a successful school district: (i) instructional cost; (ii) administrative cost; (iii) operation and maintenance of plant; and (iv) ancillary support cost. For purposes of these calculations, the Department of Education shall utilize financial data from the second preceding year of the year for which funds are being appropriated.

For the instructional cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of a number of teachers per one thousand (1,000) students that is between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average of teachers per one thousand (1,000) students. The instructional cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA into the instructional expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 1110-1199 Objects 100-999, Functions

1210, 1220, 2150-2159 Objects 210 and 215;

Fund 1130 All Functions, Object Code 210 and 215;

Fund 2001 Functions 1110-1199 Objects 100-999;

Fund 2070 Functions 1110-1199 Objects 100-999;

Fund 2420 Functions 1110-1199 Objects 100-999;

Prior to the calculation of the instructional cost component, there shall be subtracted from the above expenditures any revenue received for Chickasaw Cession payments, Master Teacher Certification payments and the district's portion of state revenue received from the MAEP at-risk allocation.

For the administrative cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of an administrative staff to nonadministrative staff between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average administrative staff to nonadministrative staff. The administrative cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA of the selected districts into the administrative expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 2300-2599, Functions 2800-2899,

For the plant and maintenance cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of plant and maintenance expenditures per one hundred thousand (100,000) square feet of building space and a ratio of maintenance workers per one hundred thousand (100,000) square feet of building space that are both between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average. The plant and maintenance cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA of the selected districts into the plant and maintenance expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

and Objects 800-999.

For the ancillary support cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of a number of librarians, media specialists, guidance counselors and psychologists per one thousand (1,000) students that is between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average of librarians, media specialists, guidance counselors and psychologists per one thousand (1,000) students. The ancillary cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA into the ancillary expenditures instructional expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 2110-2129, Objects 100-999;

Fund 1120 Functions 2140-2149, Objects 100-999;

Fund 2001 Functions 2220-2229, Objects 100-999.

The total base cost for each year shall be the sum of the instructional cost component, administrative cost component, plant and maintenance cost component and ancillary support cost component, and any estimated adjustments for additional state requirements as determined by the State Board of Education. Provided, however, that the base student cost in fiscal year 1998 shall be Two Thousand Six Hundred Sixty-four Dollars (\$2,664.00).

For each of the fiscal years between the recalculation of the base student cost under the provisions of this paragraph (b), the base student cost shall be increased by an amount equal to forty percent (40%) of the base student cost for the previous fiscal year, multiplied by the latest annual rate of inflation for the State of Mississippi as determined by the State Economist, plus any adjustments for additional state requirements such as, but not limited to, teacher pay raises and health insurance premium increases.

(c) Determination of the basic adequate education program cost. The basic amount for current operation to be included in the Mississippi Adequate Education Program for each school district shall be computed as follows:

Multiply the average daily attendance of the district by the base student cost as established by the Legislature, which yields the total base program cost for each school district.

(d) Adjustment to the base student cost for at-risk pupils. The amount to be included for at-risk pupil programs for each school district shall be computed as follows: Multiply the base student cost for the appropriate fiscal year as determined under paragraph (b) by five percent (5%), and multiply that product by the number of pupils participating in the federal free school lunch program in such school district, which yields the total adjustment for at-risk pupil programs for such school district.

(e) Add-on program cost. The amount to be allocated to school districts in addition to the adequate education program cost for add-on programs for each school district shall be computed as follows:

(i) Transportation cost shall be the amount allocated to such school district for the operational support of the district transportation system from state funds.

(ii) Vocational or technical education program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(iii) Special education program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(iv) Gifted education program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(v) Alternative school program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(vi) Extended school year programs shall be the amount allocated to school districts for those programs authorized by law which extend beyond the normal school year.

(vii) University-based programs shall be the amount allocated to school districts for those university-based programs for handicapped children as defined and provided for in Section 37-23-131 et seq., Mississippi Code of 1972.

(viii) Bus driver training programs shall be the amount provided for those driver training programs as provided for in Section 37-41-1, Mississippi Code of 1972.

The sum of the items listed above (i) transportation, (ii) vocational or technical education, (iii) special education, (iv) gifted education, (v) alternative school, (vi) extended school year, (vii) university-based, and (viii) bus driver training shall yield the add-on cost for each school district.

(f) Total projected adequate education program cost. The total Mississippi Adequate Education Program cost shall be the sum of the total basic adequate education program cost (paragraph (c)), and the adjustment to the base student cost for at-risk pupils (paragraph (d)) for each school district. In any year in which the MAEP is not fully funded, the Legislature shall direct the Department of Education in the K-12 appropriation bill as to how to allocate MAEP funds to school districts for that year.

(g) The State Auditor shall annually verify the State Board of Education's estimated calculations for the Mississippi Adequate Education Program that are submitted each year to the Legislative Budget Office on August 1 and the final calculation that is submitted on January 2.

(2) Computation of the required local revenue in support of the adequate education program. The amount that each district shall provide toward the cost of the adequate education program shall be calculated as follows:

(a) The State Department of Education shall certify to each school district that twenty-eight (28) mills, less the estimated amount of the yield of the School Ad Valorem Tax Reduction Fund grants as determined by the State Department of Education, is the millage rate required to provide the district required local effort for that year, or twenty-seven percent (27%) of the basic adequate education program cost for such school district as determined under paragraph (c), whichever is a lesser amount. In the case of an agricultural high school, the millage requirement shall be set at a level which generates an equitable amount per pupil to be determined by the State Board of Education. The local contribution amount for school districts in which there is located one or more charter schools will be calculated using the following methodology: using the adequate education program twenty-eight (28) mill value, or the twenty-seven percent (27%) cap amount (whichever is less) for each school district in which a charter school is located, an average per pupil amount will be calculated. This average per pupil amount will be multiplied times the number of students attending the charter school in that school district. The sum becomes the charter school's local contribution to the adequate education program.

(b) The State Department of Education shall determine the following from the annual assessment information submitted to the department by the tax assessors of the various counties: (i) the total assessed valuation of nonexempt property for school purposes in each school district; (ii) assessed value of exempt property owned by homeowners aged sixty-five (65) or older or disabled as defined in Section 27-33-67(2), Mississippi Code of 1972; (iii) the school district's tax loss from exemptions provided to applicants under the age of sixty-five (65) and not disabled as defined in Section 27-33-67(1), Mississippi Code of 1972; and (iv) the school district's homestead reimbursement revenues.

(c) The amount of the total adequate education program funding which shall be contributed by each school district shall be the sum of the ad valorem receipts generated by the millage required under this subsection plus the following local revenue sources for the appropriate fiscal year which are or may be available for current expenditure by the school district:

One hundred percent (100%) of Grand Gulf income as prescribed in Section 27-35-309.

One hundred percent (100%) of any fees in lieu of taxes as prescribed in Section 27-31-104.

(3) Computation of the required state effort in support of the adequate education program.

(a) The required state effort in support of the adequate education program shall be determined by subtracting the sum of the required local tax effort as set forth in subsection (2)(a) of this section and the other local revenue sources as set forth in subsection (2)(c) of this section in an amount not to exceed twenty-seven percent (27%) of the total projected adequate education program cost as set forth in subsection (1)(f) of this section from the total projected adequate education program cost as set forth in subsection (1)(f) of this section.

(b) Provided, however, that in fiscal year 2015, any increase in the said state contribution to any district calculated under this section shall be not less than six percent (6%) in excess of the amount received by said district from state funds for fiscal year 2002; in fiscal year 2016, any increase in the said state contribution to any district calculated under this section shall be not less than four percent (4%) in excess of the amount received by said district from state funds for fiscal year 2002; in fiscal year 2017, any increase in the said state contribution to any district calculated under this section shall be not less than two percent (2%) in excess of the amount received by said district from state funds for fiscal year 2002; and in fiscal year 2018 and thereafter, any increase in the said state contribution to any district calculated under this section shall be zero percent (0%). For purposes of this paragraph (b), state funds shall include minimum program funds less the add-on programs, State Uniform Millage Assistance Grant Funds, Education Enhancement Funds appropriated for Uniform Millage Assistance Grants and state textbook allocations, and State General Funds allocated for textbooks.

(c) If the school board of any school district shall determine that it is not economically feasible or practicable to operate any school within the district for the full one hundred eighty (180) days required for a school term of a scholastic year as required in Section 37-13-63, Mississippi Code of 1972, due to an enemy attack, a man-made, technological or natural disaster in which the Governor has declared a disaster emergency under the laws of this state or the President of the United States has declared an emergency or major disaster to exist in this state, said school board may notify the State Department of Education of such disaster and submit a plan for altering the school term. If the State Board of Education finds such disaster to be the cause of the school not operating for the contemplated school term and that such school was in a school district covered by the Governor's or President's disaster declaration, it may permit said school board to operate the schools in its district for less than one hundred eighty (180) days and, in such case, the State Department of Education shall not reduce the state contributions to the adequate education program allotment for such district, because of the failure to operate said schools for one hundred eighty (180) days.

(4) The Interim School District Capital Expenditure Fund is hereby established in the State Treasury which shall be used to distribute any funds specifically appropriated by the Legislature to such fund to school districts entitled to increased allocations of state funds under the adequate education program funding formula prescribed in Sections

37-151-3 through 37-151-7, Mississippi Code of 1972, until such time as the said adequate education program is fully funded by the Legislature. The following percentages of the total state cost of increased allocations of funds under the adequate education program funding formula shall be appropriated by the Legislature into the Interim School District Capital Expenditure Fund to be distributed to all school districts under the formula: Nine and two-tenths percent (9.2%) shall be appropriated in fiscal year 1998, twenty percent (20%) shall be appropriated in fiscal year 1999, forty percent (40%) shall be appropriated in fiscal year 2000, sixty percent (60%) shall be appropriated in fiscal year 2001, eighty percent (80%) shall be appropriated in fiscal year 2002, and one hundred percent (100%) shall be appropriated in fiscal year 2003 into the State Adequate Education Program Fund. Until July 1, 2002, such money shall be used by school districts for the following purposes:

(a) Purchasing, erecting, repairing, equipping, remodeling and enlarging school buildings and related facilities, including gymnasiums, auditoriums, lunchrooms, vocational training buildings, libraries, school barns and garages for transportation vehicles, school athletic fields and necessary facilities connected therewith, and purchasing land therefor. Any such capital improvement project by a school district shall be approved by the State Board of Education, and based on an approved long-range plan. The State Board of Education shall promulgate minimum requirements for the approval of school district capital expenditure plans.

(b) Providing necessary water, light, heating, air-conditioning, and sewerage facilities for school buildings, and purchasing land therefor.

(c) Paying debt service on existing capital improvement debt of the district or refinancing outstanding debt of a district if such refinancing will result in an interest cost savings to the district.

(d) From and after October 1, 1997, through June 30, 1998, pursuant to a school district capital expenditure plan approved by the State Department of Education, a school district may pledge such funds until July 1, 2002, plus funds provided for in paragraph (e) of this subsection (4) that are not otherwise permanently pledged under such paragraph (e) to pay all or a portion of the debt service on debt issued by the school district under Sections 37-59-1 through 37-59-45, 37-59-101 through 37-59-115, 37-7-351 through 37-7-359, 37-41-89 through 37-41-99, 37-7-301, 37-7-302 and 37-41-81, Mississippi Code of 1972, or debt issued by boards of supervisors for agricultural high schools pursuant to Section 37-27-65, Mississippi Code of 1972, or lease-purchase contracts entered into pursuant to Section 31-7-13, Mississippi Code of 1972, or to retire or refinance outstanding debt of a district, if such pledge is accomplished pursuant to a written contract or resolution approved and spread upon the minutes of an official meeting of the district's school board or board of supervisors. It is the intent of this provision to allow school districts to irrevocably pledge their Interim School District Capital Expenditure Fund allotments as a constant stream of revenue to secure a debt issued under the foregoing code sections. To allow school districts to make such an irrevocable pledge, the state shall take all action necessary to ensure that the amount of a district's Interim School District Capital Expenditure Fund allotments shall not be reduced below the amount certified by the department or the district's total allotment under the Interim Capital Expenditure Fund if fully funded, so long as such debt remains outstanding.

(e) [Repealed]

(f) [Repealed]

(g) The State Board of Education may authorize the school district to expend not more than twenty percent (20%) of its annual allotment of such funds or Twenty Thousand Dollars (\$20,000.00), whichever is greater, for technology needs of the school district, including computers, software, telecommunications, cable television, interactive video, film, low-power television, satellite communications, microwave

communications, technology-based equipment installation and maintenance, and the training of staff in the use of such technology-based instruction. Any such technology expenditure shall be reflected in the local district technology plan approved by the State Board of Education under Section 37-151-17, Mississippi Code of 1972.

(h) To the extent a school district has not utilized twenty percent (20%) of its annual allotment for technology purposes under paragraph (g), a school district may expend not more than twenty percent (20%) of its annual allotment or Twenty Thousand Dollars (\$20,000.00), whichever is greater, for instructional purposes. The State Board of Education may authorize a school district to expend more than said twenty percent (20%) of its annual allotment for instructional purposes if it determines that such expenditures are needed for accreditation purposes.

(i) The State Department of Education or the State Board of Education may require that any project commenced under this section with an estimated project cost of not less than Five Million Dollars (\$5,000,000.00) shall be done only pursuant to program management of the process with respect to design and construction. Any individuals, partnerships, companies or other entities acting as a program manager on behalf of a local school district and performing program management services for projects covered under this subsection shall be approved by the State Department of Education.

Any interest accruing on any unexpended balance in the Interim School District Capital Expenditure Fund shall be invested by the State Treasurer and placed to the credit of each school district participating in such fund in its proportionate share.

The provisions of this subsection (4) shall be cumulative and supplemental to any existing funding programs or other authority conferred upon school districts or school boards.

(5) The State Department of Education shall make payments to charter schools for each student in average daily attendance at the charter school equal to the state share of the adequate education program payments for each student in average daily attendance at the school district in which the public charter school is located. In calculating the local contribution for purposes of determining the state share of the adequate education program payments, the department shall deduct the pro rata local contribution of the school district in which the student resides as determined in subsection (2)(a) of this section.

SECTION 3. Section 37-151-85, Mississippi Code of 1972, is brought forward as follows:

37-151-85. (1) The amount to be allotted by the State Board of Education for transportation shall be determined as follows:

The State Department of Education shall calculate the cost of transportation in school districts by ascertaining the average cost per pupil in average daily attendance of transported pupils in school districts classified in different density groups as determined by the State Department of Education. Based on these calculations, the State Department of Education shall develop a scale for determining the allowable cost per pupil in different density groups, which scale shall provide greatest allowance per pupil transported in school districts with lowest densities and smallest allowance per pupil in school districts with highest densities. The total allowance in the adequate education program for transported children for any school district for the current year shall be the average daily attendance of the transported children for the nine (9) months of the prior year, multiplied by the allowance per transported pupil as provided herein. However, the State Department of Education is hereby authorized and empowered to make proper adjustments in allotments, under rules and regulations of the State Board of Education, in cases where major changes in the number of children in average daily attendance transported occur from one (1) year to another as a result of changes or alterations in the

boundaries of school districts, a change in or relocation of attendance centers, or for other reasons which would result in major decrease or increase in the number of children in average daily attendance transported during the current school year as compared with the preceding year. Moreover, the State Board of Education is hereby authorized and empowered to make such payments to all districts and/or university-based programs as deemed necessary in connection with transporting exceptional children as defined in Section 37-23-3. The State Board of Education shall establish and implement all necessary rules and regulations to allot transportation payments to university-based programs. In developing density classifications under the provisions hereof, the State Department of Education may give consideration to the length of the route, the sparsity of the population, the lack of adequate roads, highways and bridges, and the presence of large streams or other geographic obstacles. In addition to funds allotted under the above provisions, funds shall be allotted to each school district that transports students from their assigned school or attendance center to classes in an approved vocational-technical center at a rate per mile not to exceed the average statewide cost per mile of school bus transportation during the preceding year exclusive of bus replacement. All such transportation must have prior approval by the State Department of Education.

(2) The average daily attendance of transported children shall be reported by the school district in which such children attend school. If children living in a school district are transported at the expense of such school district to another school district, the average daily attendance of such transported children shall be deducted by the State Department of Education from the aggregate average daily attendance of transported children in the school district in which they attend school and shall be added to the aggregate average daily attendance of transported children of the school district from which they come for the purpose of calculating transportation allotments. However, such deduction shall not be made for the purpose of calculating adequate education program pupil-based funding.

(3) The State Department of Education shall include in the allowance for transportation for each school district an amount for the replacement of school buses or the purchase of new buses, which amount shall be calculated upon the estimated useful life of all school buses being used for the transportation of children in such school district, whether such buses be publicly or privately owned.

(4) The school boards of all districts operating school bus transportation are authorized and directed to establish a salary schedule for school bus drivers. No school district shall be entitled to receive the funds herein allotted for transportation unless it pays each of its nonstudent adult school bus drivers paid from such transportation allotments a minimum of One Hundred Ninety Dollars (\$190.00) per month. In addition, local school boards may compensate school bus drivers, to include temporary or substitute bus drivers, for actual expenses incurred when acquiring an initial commercial license or any renewal of a commercial license in order to drive a school bus. In addition, local school boards may compensate school bus drivers, to include temporary or substitute bus drivers, for expenses, not to exceed One Hundred Dollars (\$100.00), when acquiring an initial medical exam or any renewal of a medical exam, in order to qualify for a commercial driver's license.

(5) The State Board of Education shall be authorized and empowered to use such part of the funds appropriated for transportation in the adequate education fund as may be necessary to finance driver training courses as provided for in Section 37-41-1, Mississippi Code of 1972.

(6) The State Board of Education, acting through the Department of Education, may compensate school bus drivers, to include temporary or substitute bus drivers, who are providing driving services to the various state operated schools, such as the Mississippi School for the Deaf, the Mississippi School for the Blind, the Mississippi School of the Arts, the Mississippi School for Math and Science and any other similar state operated schools, for actual expenses incurred when acquiring an initial commercial

license or any renewal of a commercial license in order to drive a school bus, to include the expense, not to exceed One Hundred Dollars (\$100.00), of acquiring an initial medical exam or any renewal of a medical exam in order to qualify for a commercial driver's license.

SECTION 4. Section 37-151-97, Mississippi Code of 1972, is brought forward as follows:

The State Department of Education shall develop an annual reporting process to inform the Legislature, local district personnel and the general public as to the ongoing and future plans for the state's educational programs. The annual reporting process will include those vital statistics that are commonly reported by schools and districts and that can provide clear demographic, strategic and educational information to constituencies such as, but not limited to, the following information:

- (a) Student enrollment, attendance, drop-out and graduation;
- (b) Overall student and district achievement;
- (c) Budget, administrative costs and other pertinent fiscal information,

including:

(iii) The number of school districts, schoolteachers employed, school administrators employed, pupils taught and the attendance record of pupils therein;

(iv) County and district levies for each school district and agricultural high school;

(v) The condition of vocational education, a list of schools to which federal and state aid has been given, and a detailed statement of the expenditures of federal funds and the state funds that may be provided, and the ranking of subjects taught as compared with the state's needs.

- (d) Other as directed by the State Board of Education.

Further, the reporting process will include an annual report developed specifically to relate the mission and goals of the State Board of Education, state superintendent and departments. This document will become the method through which the strategic planning and management process of the department is articulated to the public. It will explain and inform the public of the major initiatives of the department and clearly identify rationale for program development and/or elimination. The report will establish benchmarks, future plans and discuss the effectiveness of educational programs.

In addition to the information specified herein, the State Board of Education shall have full and plenary authority and power to require the furnishing of such further, additional and supplementary information as it may deem necessary for the purpose of determining the cost of the adequate education program in such school district for the succeeding fiscal year, the amount of the adequate education program funds to be allotted to each school district for the succeeding fiscal year, and for any other purpose authorized by law or deemed necessary by said State Board of Education.

It shall be the duty of the State Department of Education to prescribe the forms for the reports provided for in this section.

SECTION 5. Section 37-151-103, Mississippi Code of 1972, is brought forward as follows:

37-151-103. (1) Funds due each school district and charter school under the terms of this chapter from the Adequate Education Program Fund shall be paid in the following manner: Two (2) business days prior to the last working day of each month there shall be paid to each school district and charter school, by electronic funds transfer, one-twelfth (1/12) of the funds to which the district or charter school is entitled from funds appropriated for the Adequate Education Program Fund. However, in December those payments shall be made on December 15th or the next business day after that date. All school districts shall process a single monthly or a bimonthly payroll for employees, in the discretion of the local school board, with electronic settlement of payroll checks secured through direct deposit of net pay for all school district employees. In addition, the State Department of Education may pay school districts and charter schools from the common school fund and the Adequate Education Program Fund on a date earlier than provided for by this section if it is determined that it is in the best interest of school districts and charter schools to do so.

Provided, however, that if the cash balance in the State General Fund is not adequate on the due date to pay the amounts due to all school districts and charter schools in the state as determined by the State Superintendent of Education, the State Fiscal Officer shall not transfer said funds payable to any school district or districts or charter schools until money is available to pay the amount due to all districts and charter schools.

(2) Notwithstanding any provision of this chapter or any other law requiring the number of children in average daily attendance or the average daily attendance of transported children to be determined on the basis of the preceding year, the State Board of Education is hereby authorized and empowered to make proper adjustments in allotments in cases where major changes in the number of children in average daily attendance or the average daily attendance of transported children occurs from one year to another as a result of changes or alterations in the boundaries of school districts, the sending of children from one county or district to another upon a contract basis, the termination or discontinuance of a contract for the sending of children from one county or district to another, a change in or relocation of attendance centers, or for any other reason which would result in a major decrease or increase in the number of children in average daily attendance or the average daily attendance of transported children during the current school year as compared with the preceding year.

(3) In the event of an inordinately large number of absentees in any school district or charter school as a result of epidemic, natural disaster, or any concerted activity discouraging school attendance, then in such event school attendance for the purposes of determining average daily attendance under the adequate education program shall be based upon the average daily attendance for the preceding school year for such school district or charter school.

(4) The State Department of Education shall hold school districts harmless for each school district's average daily attendance calculation for the 2020-2021 scholastic year. For purposes of determining average daily attendance for the 2020-2021 scholastic year, the State Department of Education shall use each school district's average daily attendance for the 2019-2020 scholastic year if it is greater than the school's average daily attendance for the 2020-2021 scholastic year.

SECTION 6. Section 37-13-91, Mississippi Code of 1972, is brought forward as follows:

(c) When a compulsory-school-age child is being educated in a legitimate home instruction program.

The parent, guardian or custodian of a compulsory-school-age child described in this subsection, or the parent, guardian or custodian of a compulsory-school-age child attending any charter school or nonpublic school, or the appropriate school official for any or all children attending a charter school or nonpublic school shall complete a "certificate of enrollment" in order to facilitate the administration of this section.

The form of the certificate of enrollment shall be prepared by the Office of Compulsory School Attendance Enforcement of the State Department of Education and shall be designed to obtain the following information only:

(i) The name, address, telephone number and date of birth of the compulsory-school-age child;

(ii) The name, address and telephone number of the parent, guardian or custodian of the compulsory-school-age child;

(iii) A simple description of the type of education the compulsory-school-age child is receiving and, if the child is enrolled in a nonpublic school, the name and address of the school; and

(iv) The signature of the parent, guardian or custodian of the compulsory-school-age child or, for any or all compulsory-school-age child or children attending a charter school or nonpublic school, the signature of the appropriate school official and the date signed.

The certificate of enrollment shall be returned to the school attendance officer where the child resides on or before September 15 of each year. Any parent, guardian or custodian found by the school attendance officer to be in noncompliance with this section shall comply, after written notice of the noncompliance by the school attendance officer, with this subsection within ten (10) days after the notice or be in violation of this section. However, in the event the child has been enrolled in a public school within fifteen (15) calendar days after the first day of the school year as required in subsection (6), the parent or custodian may, at a later date, enroll the child in a legitimate nonpublic school or legitimate home instruction program and send the certificate of enrollment to the school attendance officer and be in compliance with this subsection.

For the purposes of this subsection, a legitimate nonpublic school or legitimate home instruction program shall be those not operated or instituted for the purpose of avoiding or circumventing the compulsory attendance law.

(4) An "unlawful absence" is an absence for an entire school day or during part of a school day by a compulsory-school-age child, which absence is not due to a valid

excuse for temporary nonattendance. For purposes of reporting absenteeism under subsection (6) of this section, if a compulsory-school-age child has an absence that is more than thirty-seven percent (37%) of the instructional day, as fixed by the school board for the school at which the compulsory-school-age child is enrolled, the child must be considered absent the entire school day. Days missed from school due to disciplinary suspension shall not be considered an "excused" absence under this section. This subsection shall not apply to children enrolled in a nonpublic school.

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory-school-age child enrolled in a noncharter public school, provided satisfactory evidence of the excuse is provided to the superintendent of the school district, or his designee:

(a) An absence is excused when the absence results from the compulsory-school-age child's attendance at an authorized school activity with the prior approval of the superintendent of the school district, or his designee. These activities may include field trips, athletic contests, student conventions, musical festivals and any similar activity.

(b) An absence is excused when the absence results from illness or injury which prevents the compulsory-school-age child from being physically able to attend school.

(c) An absence is excused when isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.

(d) An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family members of a compulsory-school-age child shall include children, spouse, grandparents, parents, brothers and sisters, including stepbrothers and stepsisters.

(e) An absence is excused when it results from a medical or dental appointment of a compulsory-school-age child.

(f) An absence is excused when it results from the attendance of a compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action or under subpoena as a witness.

(g) An absence may be excused if the religion to which the compulsory-school-age child or the child's parents adheres, requires or suggests the observance of a religious event. The approval of the absence is within the discretion of the superintendent of the school district, or his designee, but approval should be granted unless the religion's observance is of such duration as to interfere with the education of the child.

(h) An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that the purpose of the absence is to take advantage of a valid educational opportunity such as travel, including vacations or other family travel. Approval of the absence must be gained from the superintendent of the school district, or his designee, before the absence, but the approval shall not be unreasonably withheld.

(i) An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that conditions are sufficient to warrant the compulsory-school-age child's nonattendance. However, no absences shall be excused by the school district superintendent, or his designee, when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law.

(j) An absence is excused when it results from the attendance of a compulsory-school-age child participating in official organized events sponsored by the 4-H or Future Farmers of America (FFA). The excuse for the 4-H or FFA event must be provided in writing to the appropriate school superintendent by the Extension Agent or High School Agricultural Instructor/FFA Advisor.

(k) An absence is excused when it results from the compulsory-school-age child officially being employed to serve as a page at the State Capitol for the Mississippi House of Representatives or Senate.

(5) Any parent, guardian or custodian of a compulsory-school-age child subject to this section who refuses or willfully fails to perform any of the duties imposed upon him or her under this section or who intentionally falsifies any information required to be contained in a certificate of enrollment, shall be guilty of contributing to the neglect of a child and, upon conviction, shall be punished in accordance with Section 97-5-39.

Upon prosecution of a parent, guardian or custodian of a compulsory-school-age child for violation of this section, the presentation of evidence by the prosecutor that shows that the child has not been enrolled in school within eighteen (18) calendar days after the first day of the school year of the public school which the child is eligible to attend, or that the child has accumulated twelve (12) unlawful absences during the school year at the public school in which the child has been enrolled, shall establish a prima facie case that the child's parent, guardian or custodian is responsible for the absences and has refused or willfully failed to perform the duties imposed upon him or her under this section. However, no proceedings under this section shall be brought against a parent, guardian or custodian of a compulsory-school-age child unless the school attendance officer has contacted promptly the home of the child and has provided written notice to the parent, guardian or custodian of the requirement for the child's enrollment or attendance.

(6) If a compulsory-school-age child has not been enrolled in a school within fifteen (15) calendar days after the first day of the school year of the school which the child is eligible to attend or the child has accumulated five (5) unlawful absences during the school year of the public school in which the child is enrolled, the school district superintendent, or his designee, shall report, within two (2) school days or within five (5) calendar days, whichever is less, the absences to the school attendance officer. The State Department of Education shall prescribe a uniform method for schools to utilize in reporting the unlawful absences to the school attendance officer. The superintendent, or his designee, also shall report any student suspensions or student expulsions to the school attendance officer when they occur.

(7) When a school attendance officer has made all attempts to secure enrollment and/or attendance of a compulsory-school-age child and is unable to effect the enrollment and/or attendance, the attendance officer shall file a petition with the youth court under Section 43-21-451 or shall file a petition in a court of competent jurisdiction as it pertains to parent or child. Sheriffs, deputy sheriffs and municipal law enforcement officers shall be fully authorized to investigate all cases of nonattendance and unlawful absences by compulsory-school-age children, and shall be authorized to file a petition with the youth court under Section 43-21-451 or file a petition or information in the court of competent jurisdiction as it pertains to parent or child for violation of this section. The youth court shall expedite a hearing to make an appropriate adjudication and a disposition to ensure compliance with the Compulsory School Attendance Law, and may order the child to enroll or re-enroll in school. The superintendent of the school district to which the child is ordered may assign, in his discretion, the child to the alternative school program of the school established pursuant to Section 37-13-92.

(8) The State Board of Education shall adopt rules and regulations for the purpose of reprimanding any school superintendents who fail to timely report unexcused absences under the provisions of this section.

(9) Notwithstanding any provision or implication herein to the contrary, it is not the intention of this section to impair the primary right and the obligation of the parent or parents, or person or persons in loco parentis to a child, to choose the proper education and training for such child, and nothing in this section shall ever be construed to grant, by implication or otherwise, to the State of Mississippi, any of its officers, agencies or subdivisions any right or authority to control, manage, supervise or make any suggestion as to the control, management or supervision of any private or parochial school or institution for the education or training of children, of any kind whatsoever that is not a public school according to the laws of this state; and this section shall never be construed so as to grant, by implication or otherwise, any right or authority to any state agency or other entity to control, manage, supervise, provide for or affect the operation, management, program, curriculum, admissions policy or discipline of any such school or home instruction program.

SECTION 7. This act shall take effect and be in force from and after July 1, 2023, and shall stand repealed on June 30, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO BRING FORWARD SECTIONS 37-151-5, 37-151-7, 37-151-85, 37-151-97, 37-151-103 AND 37-13-91, MISSISSIPPI CODE OF 1972, WHICH ARE CERTAIN PROVISIONS RELATED TO THE MISSISSIPPI ADEQUATE EDUCATION PROGRAM, FOR THE PURPOSE OF POSSIBLE AMENDMENT; AND FOR RELATED PURPOSES.

Senator DeBar offered the following SUBSTITUTE FOR COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-151-7, Mississippi Code of 1972, is amended as follows:

37-151-7. The annual allocation to each school district for the operation of the adequate education program shall be determined as follows:

(1) Computation of the basic amount to be included for current operation in the adequate education program. The following procedure shall be followed in determining the annual allocation to each school district:

(a) Determination of average daily attendance. Effective with fiscal year 2011, the State Department of Education shall determine the percentage change from the prior year of each year of each school district's average of months two (2) and three (3) average daily attendance (ADA) for the three (3) immediately preceding school years of the year for which funds are being appropriated. For any school district that experiences a positive growth in the average of months two (2) and three (3) ADA each year of the three (3) years, the average percentage growth over the three-year period shall be multiplied times the school district's average of months two (2) and three (3) ADA for the year immediately preceding the year for which MAEP funds are being appropriated. The resulting amount shall be added to the school district's average of months two (2) and three (3) ADA for the year immediately preceding the year for which MAEP funds are being appropriated to arrive at the ADA to be used in determining a school district's MAEP allocation. Otherwise, months two (2) and three (3) ADA for the year immediately

preceding the year for which MAEP funds are being appropriated will be used in determining a school district's MAEP allocation. In any fiscal year prior to 2010 in which the MAEP formula is not fully funded, for those districts that do not demonstrate a three-year positive growth in months two (2) and three (3) ADA, months one (1) through nine (9) ADA of the second preceding year for which funds are being appropriated or months two (2) and three (3) ADA of the preceding year for which funds are being appropriated, whichever is greater, shall be used to calculate the district's MAEP allocation. The district's average daily attendance shall be computed and currently maintained in accordance with regulations promulgated by the State Board of Education. The district's average daily attendance shall include any student enrolled in a Dual Enrollment-Dual Credit Program as defined and provided in Section 37-15-38(19). The State Department of Education shall make payments for Dual Enrollment-Dual Credit Programs to the home school in which the student is enrolled, in accordance with regulations promulgated by the State Board of Education. The community college providing services to students in a Dual Enrollment-Dual Credit Program shall require payment from the home school district for services provided to such students at a rate of one hundred percent (100%) of ADA. All MAEP/state funding shall cease upon completion of high school graduation requirements.

(b) Determination of base student cost. Effective with fiscal year 2011 and every fourth fiscal year thereafter, the State Board of Education, on or before August 1, with adjusted estimate no later than January 2, shall submit to the Legislative Budget Office and the Governor a proposed base student cost adequate to provide the following cost components of educating a pupil in a successful school district: (i) instructional cost; (ii) administrative cost; (iii) operation and maintenance of plant; and (iv) ancillary support cost. For purposes of these calculations, the Department of Education shall utilize financial data from the second preceding year of the year for which funds are being appropriated.

For the instructional cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of a number of teachers per one thousand (1,000) students that is between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average of teachers per one thousand (1,000) students. The instructional cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA into the instructional expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 1110-1199 Objects 100-999, Functions

1210, 1220, 2150-2159 Objects 210 and 215;

Fund 1130 All Functions, Object Code 210 and 215;

Fund 2001 Functions 1110-1199 Objects 100-999;

Fund 2070 Functions 1110-1199 Objects 100-999;

Fund 2420 Functions 1110-1199 Objects 100-999;

Fund 2711 All Functions, Object Code 210 and 215.

Prior to the calculation of the instructional cost component, there shall be subtracted from the above expenditures any revenue received for Chickasaw Cession payments, Master Teacher Certification payments and the district's portion of state revenue received from the MAEP at-risk allocation.

For the administrative cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of an administrative staff to nonadministrative staff between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average administrative staff to nonadministrative staff. The administrative cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA of the selected districts into the administrative expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 2300-2599, Functions 2800-2899,

Objects 100-999;

Fund 2711 Functions 2300-2599, Functions 2800-2899,

Objects 100-999.

For the plant and maintenance cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of plant and maintenance expenditures per one hundred thousand (100,000) square feet of building space and a ratio of maintenance workers per one hundred thousand (100,000) square feet of building space that are both between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average. The plant and maintenance cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA of the selected districts into the plant and maintenance expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 2600-2699, Objects 100-699

and Objects 800-999;

Fund 2711 Functions 2600-2699, Objects 100-699

and Objects 800-999;

Fund 2430 Functions 2600-2699, Objects 100-699

and Objects 800-999.

For the ancillary support cost component, the Department of Education shall select districts that have been identified as instructionally successful and have a ratio of a number of librarians, media specialists, guidance counselors and psychologists per one thousand (1,000) students that is between one (1) standard deviation above the mean and two (2) standard deviations below the mean of the statewide average of librarians, media specialists, guidance counselors and psychologists per one thousand (1,000) students. The ancillary cost component shall be calculated by dividing the latest available months one (1) through nine (9) ADA into the ancillary expenditures instructional expenditures of these selected districts. For the purpose of this calculation, the Department of Education shall use the following funds, functions and objects:

Fund 1120 Functions 2110-2129, Objects 100-999;

Fund 1120 Functions 2140-2149, Objects 100-999;

Fund 1120 Functions 2220-2229, Objects 100-999;

Fund 2001 Functions 2100-2129, Objects 100-999;

Fund 2001 Functions 2140-2149, Objects 100-999;

Fund 2001 Functions 2220-2229, Objects 100-999.

The total base cost for each year shall be the sum of the instructional cost component, administrative cost component, plant and maintenance cost component and ancillary support cost component, and any estimated adjustments for additional state requirements as determined by the State Board of Education. Provided, however, that the base student cost in fiscal year 1998 shall be Two Thousand Six Hundred Sixty-four Dollars (\$2,664.00).

For each of the fiscal years between the recalculation of the base student cost under the provisions of this paragraph (b), the base student cost shall be increased by an amount equal to * * * twenty-five percent (25%) of the base student cost for the previous fiscal year, multiplied by the * * * twenty-year average annual rate of inflation rounded up to the nearest tenth of a percent for the State of Mississippi as determined by the State Economist, plus any adjustments for additional state requirements such as, but not limited to, teacher pay raises and health insurance premium increases.

(c) Determination of the basic adequate education program cost. The basic amount for current operation to be included in the Mississippi Adequate Education Program for each school district shall be computed as follows:

Multiply the average daily attendance of the district by the base student cost as established by the Legislature, which yields the total base program cost for each school district.

(d) Adjustment to the base student cost for at-risk pupils. The amount to be included for at-risk pupil programs for each school district shall be computed as follows: Multiply the base student cost for the appropriate fiscal year as determined under paragraph (b) by five percent (5%), and multiply that product by the number of pupils participating in the federal free school lunch program in such school district, which yields the total adjustment for at-risk pupil programs for such school district.

(e) Add-on program cost. The amount to be allocated to school districts in addition to the adequate education program cost for add-on programs for each school district shall be computed as follows:

(i) Transportation cost shall be the amount allocated to such school district for the operational support of the district transportation system from state funds.

(ii) Vocational or technical education program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(iii) Special education program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(iv) Gifted education program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(v) Alternative school program cost shall be the amount allocated to such school district from state funds for the operational support of such programs.

(vi) Extended school year programs shall be the amount allocated to school districts for those programs authorized by law which extend beyond the normal school year.

(vii) University-based programs shall be the amount allocated to school districts for those university-based programs for handicapped children as defined and provided for in Section 37-23-131 et seq., Mississippi Code of 1972.

(viii) Bus driver training programs shall be the amount provided for those driver training programs as provided for in Section 37-41-1, Mississippi Code of 1972.

The sum of the items listed above (i) transportation, (ii) vocational or technical education, (iii) special education, (iv) gifted education, (v) alternative school, (vi) extended school year, (vii) university-based, and (viii) bus driver training shall yield the add-on cost for each school district.

(f) Total projected adequate education program cost. The total Mississippi Adequate Education Program cost shall be the sum of the total basic adequate education program cost (paragraph (c)), and the adjustment to the base student cost for at-risk pupils (paragraph (d)) for each school district. In any year in which the MAEP is not fully funded, the Legislature shall direct the Department of Education in the K-12 appropriation bill as to how to allocate MAEP funds to school districts for that year.

(g) The State Auditor shall annually verify the State Board of Education's estimated calculations for the Mississippi Adequate Education Program that are submitted each year to the Legislative Budget Office on August 1 and the final calculation that is submitted on January 2.

(2) Computation of the required local revenue in support of the adequate education program. The amount that each district shall provide toward the cost of the adequate education program shall be calculated as follows:

(a) The State Department of Education shall certify to each school district that twenty-eight (28) mills, less the estimated amount of the yield of the School Ad Valorem Tax Reduction Fund grants as determined by the State Department of Education, is the millage rate required to provide the district required local effort for that year, or * * * twenty-nine and one-half percent (29.5%) of the basic adequate education program cost for such school district as determined under paragraph (c), whichever is a lesser amount. In the case of an agricultural high school, the millage requirement shall be set at a level which generates an equitable amount per pupil to be determined by the State Board of Education. The local contribution amount for school districts in which there is located one or more charter schools will be calculated using the following methodology: using the adequate education program twenty-eight (28) mill value, or the * * * twenty-nine and one-half percent (29.5%) cap amount (whichever is less) for each school district in which a charter school is located, an average per pupil amount will be calculated. This average per pupil amount will be multiplied times the number of students attending the charter school in that school district. The sum becomes the charter school's local contribution to the adequate education program.

(b) The State Department of Education shall determine the following from the annual assessment information submitted to the department by the tax assessors of the various counties: (i) the total assessed valuation of nonexempt property for school purposes in each school district; (ii) assessed value of exempt property owned by homeowners aged sixty-five (65) or older or disabled as defined in Section 27-33-67(2), Mississippi Code of 1972; (iii) the school district's tax loss from exemptions provided to applicants under the age of sixty-five (65) and not disabled as defined in Section 27-33-67(1), Mississippi Code of 1972; and (iv) the school district's homestead reimbursement revenues.

(c) The amount of the total adequate education program funding which shall be contributed by each school district shall be the sum of the ad valorem receipts generated by the millage required under this subsection plus the following local revenue

sources for the appropriate fiscal year which are or may be available for current expenditure by the school district:

One hundred percent (100%) of Grand Gulf income as prescribed in Section 27-35-309.

One hundred percent (100%) of any fees in lieu of taxes as prescribed in Section 27-31-104.

(3) Computation of the required state effort in support of the adequate education program.

(a) The required state effort in support of the adequate education program shall be determined by subtracting the sum of the required local tax effort as set forth in subsection (2)(a) of this section and the other local revenue sources as set forth in subsection (2)(c) of this section in an amount not to exceed * * * twenty-nine and one-half percent (29.5%) of the total projected adequate education program cost as set forth in subsection (1)(f) of this section from the total projected adequate education program cost as set forth in subsection (1)(f) of this section.

(b) Provided, however, that in fiscal year 2015, any increase in the said state contribution to any district calculated under this section shall be not less than six percent (6%) in excess of the amount received by said district from state funds for fiscal year 2002; in fiscal year 2016, any increase in the said state contribution to any district calculated under this section shall be not less than four percent (4%) in excess of the amount received by said district from state funds for fiscal year 2002; in fiscal year 2017, any increase in the said state contribution to any district calculated under this section shall be not less than two percent (2%) in excess of the amount received by said district from state funds for fiscal year 2002; and in fiscal year 2018 and thereafter, any increase in the said state contribution to any district calculated under this section shall be zero percent (0%). For purposes of this paragraph (b), state funds shall include minimum program funds less the add-on programs, State Uniform Millage Assistance Grant Funds, Education Enhancement Funds appropriated for Uniform Millage Assistance Grants and state textbook allocations, and State General Funds allocated for textbooks.

(c) If the school board of any school district shall determine that it is not economically feasible or practicable to operate any school within the district for the full one hundred eighty (180) days required for a school term of a scholastic year as required in Section 37-13-63, Mississippi Code of 1972, due to an enemy attack, a man-made, technological or natural disaster in which the Governor has declared a disaster emergency under the laws of this state or the President of the United States has declared an emergency or major disaster to exist in this state, said school board may notify the State Department of Education of such disaster and submit a plan for altering the school term. If the State Board of Education finds such disaster to be the cause of the school not operating for the contemplated school term and that such school was in a school district covered by the Governor's or President's disaster declaration, it may permit said school board to operate the schools in its district for less than one hundred eighty (180) days and, in such case, the State Department of Education shall not reduce the state contributions to the adequate education program allotment for such district, because of the failure to operate said schools for one hundred eighty (180) days.

(d) Provided, however, that in fiscal year 2024, subject to appropriations, no school district shall receive less than a district received in fiscal year 2023 in said state contribution, including the amount provided for the fiscal year 2023 teacher and assistant teacher pay raise separate from the adequate education program.

(4) The Interim School District Capital Expenditure Fund is hereby established in the State Treasury which shall be used to distribute any funds specifically appropriated by the Legislature to such fund to school districts entitled to increased allocations of state

funds under the adequate education program funding formula prescribed in Sections 37-151-3 through 37-151-7, Mississippi Code of 1972, until such time as the said adequate education program is fully funded by the Legislature. The following percentages of the total state cost of increased allocations of funds under the adequate education program funding formula shall be appropriated by the Legislature into the Interim School District Capital Expenditure Fund to be distributed to all school districts under the formula: Nine and two-tenths percent (9.2%) shall be appropriated in fiscal year 1998, twenty percent (20%) shall be appropriated in fiscal year 1999, forty percent (40%) shall be appropriated in fiscal year 2000, sixty percent (60%) shall be appropriated in fiscal year 2001, eighty percent (80%) shall be appropriated in fiscal year 2002, and one hundred percent (100%) shall be appropriated in fiscal year 2003 into the State Adequate Education Program Fund. Until July 1, 2002, such money shall be used by school districts for the following purposes:

(a) Purchasing, erecting, repairing, equipping, remodeling and enlarging school buildings and related facilities, including gymnasiums, auditoriums, lunchrooms, vocational training buildings, libraries, school barns and garages for transportation vehicles, school athletic fields and necessary facilities connected therewith, and purchasing land therefor. Any such capital improvement project by a school district shall be approved by the State Board of Education, and based on an approved long-range plan. The State Board of Education shall promulgate minimum requirements for the approval of school district capital expenditure plans.

(b) Providing necessary water, light, heating, air-conditioning, and sewerage facilities for school buildings, and purchasing land therefor.

(c) Paying debt service on existing capital improvement debt of the district or refinancing outstanding debt of a district if such refinancing will result in an interest cost savings to the district.

(d) From and after October 1, 1997, through June 30, 1998, pursuant to a school district capital expenditure plan approved by the State Department of Education, a school district may pledge such funds until July 1, 2002, plus funds provided for in paragraph (e) of this subsection (4) that are not otherwise permanently pledged under such paragraph (e) to pay all or a portion of the debt service on debt issued by the school district under Sections 37-59-1 through 37-59-45, 37-59-101 through 37-59-115, 37-7-351 through 37-7-359, 37-41-89 through 37-41-99, 37-7-301, 37-7-302 and 37-41-81, Mississippi Code of 1972, or debt issued by boards of supervisors for agricultural high schools pursuant to Section 37-27-65, Mississippi Code of 1972, or lease-purchase contracts entered into pursuant to Section 31-7-13, Mississippi Code of 1972, or to retire or refinance outstanding debt of a district, if such pledge is accomplished pursuant to a written contract or resolution approved and spread upon the minutes of an official meeting of the district's school board or board of supervisors. It is the intent of this provision to allow school districts to irrevocably pledge their Interim School District Capital Expenditure Fund allotments as a constant stream of revenue to secure a debt issued under the foregoing code sections. To allow school districts to make such an irrevocable pledge, the state shall take all action necessary to ensure that the amount of a district's Interim School District Capital Expenditure Fund allotments shall not be reduced below the amount certified by the department or the district's total allotment under the Interim Capital Expenditure Fund if fully funded, so long as such debt remains outstanding.

(e) [Repealed]

(f) [Repealed]

(g) The State Board of Education may authorize the school district to expend not more than twenty percent (20%) of its annual allotment of such funds or Twenty Thousand Dollars (\$20,000.00), whichever is greater, for technology needs of the school district, including computers, software, telecommunications, cable television,

interactive video, film, low-power television, satellite communications, microwave communications, technology-based equipment installation and maintenance, and the training of staff in the use of such technology-based instruction. Any such technology expenditure shall be reflected in the local district technology plan approved by the State Board of Education under Section 37-151-17, Mississippi Code of 1972.

(h) To the extent a school district has not utilized twenty percent (20%) of its annual allotment for technology purposes under paragraph (g), a school district may expend not more than twenty percent (20%) of its annual allotment or Twenty Thousand Dollars (\$20,000.00), whichever is greater, for instructional purposes. The State Board of Education may authorize a school district to expend more than said twenty percent (20%) of its annual allotment for instructional purposes if it determines that such expenditures are needed for accreditation purposes.

(i) The State Department of Education or the State Board of Education may require that any project commenced under this section with an estimated project cost of not less than Five Million Dollars (\$5,000,000.00) shall be done only pursuant to program management of the process with respect to design and construction. Any individuals, partnerships, companies or other entities acting as a program manager on behalf of a local school district and performing program management services for projects covered under this subsection shall be approved by the State Department of Education.

Any interest accruing on any unexpended balance in the Interim School District Capital Expenditure Fund shall be invested by the State Treasurer and placed to the credit of each school district participating in such fund in its proportionate share.

The provisions of this subsection (4) shall be cumulative and supplemental to any existing funding programs or other authority conferred upon school districts or school boards.

(5) The State Department of Education shall make payments to charter schools for each student in average daily attendance at the charter school equal to the state share of the adequate education program payments for each student in average daily attendance at the school district in which the public charter school is located. In calculating the local contribution for purposes of determining the state share of the adequate education program payments, the department shall deduct the pro rata local contribution of the school district in which the student resides as determined in subsection (2)(a) of this section.

SECTION 2. Section 37-57-1, Mississippi Code of 1972, is amended as follows:

37-57-1. (1) (a) The boards of supervisors of the counties shall levy and collect all taxes for and on behalf of all school districts which were within the county school system or designated as special municipal separate school districts prior to July 1, 1986. Such taxes shall be collected by the county tax collector at the same time and in the same manner as county taxes are collected by him, and the same penalties for delinquency shall be applicable.

The governing authorities of the municipalities shall levy and collect all taxes for and on behalf of all school districts which were designated as municipal separate school districts prior to July 1, 1986. Such taxes shall be collected by the municipal tax collector at the same time and in the same manner as municipal taxes are collected by him, and the same penalties for delinquency shall be applicable.

Except as otherwise provided in Section 19-9-171, the county or municipal tax collector, as the case may be, shall pay such tax collections, except for taxes collected for the payment of the principal of and interest on school bonds or notes and except for taxes collected to defray collection costs, into the school depository and report to the

school board of the appropriate school district at the same time and in the same manner as the tax collector makes his payments and reports of other taxes collected by him.

Provided, however, the State Board of Education shall determine the appropriate levying authority for any school district created or reorganized after July 1, 1987.

(b) For the purposes of this chapter and any other laws pertaining to taxes levied or bonds or notes issued for and on behalf of school districts, the term "levying authority" means the board of supervisors of the county or the governing authorities of the municipality, whichever levies taxes for and on behalf of the particular school district as provided in paragraphs (a) and (b) of this subsection.

(2) The levying authority for the school district shall, at the same time and in the same manner as other taxes are levied by the levying authority, levy a tax of not less than twenty-eight (28) mills for the then current fiscal year, less the estimated amount of the yield of the School Ad Valorem Tax Reduction Fund grant to the school district as determined by the State Department of Education or * * * twenty-nine and one-half percent (29.5%) of the basic adequate education program cost for such school district, whichever is a lesser amount, upon all of the taxable property of the school district, as required under Section 37-151-7(2)(a). However, in no case shall the minimum local ad valorem tax effort for any school district be equal to an amount that would require a millage rate exceeding fifty-five (55) mills in that school district. Provided, however, that if a levying authority is levying in excess of fifty-five (55) mills on July 1, 1997, the levying authority may levy an additional amount not exceeding three (3) mills in the aggregate for the period beginning July 1, 1997, and ending June 30, 2003, subject to the limitation on increased receipts from ad valorem taxes prescribed in Sections 37-57-105 and 37-57-107. Nothing in this subsection shall be construed to require any school district that is levying more than fifty-five (55) mills pursuant to Sections 37-57-1 and 37-57-105 to decrease its millage rate to fifty-five (55) mills or less. In making such levy, the levying authority shall levy an additional amount sufficient to cover anticipated delinquencies and costs of collection so that the net amount of money to be produced by such levy shall be equal to the amount which the school district is required to contribute as its said minimum local ad valorem tax effort. The tax so levied shall be collected by the tax collector at the same time and in the same manner as other ad valorem taxes are collected by him. The amount of taxes so collected as a result of such levy shall be paid into the district maintenance fund of the school district by the tax collector at the same time and in the same manner as reports and payments of other ad valorem taxes are made by said tax collector, except that the amount collected to defray costs of collection may be paid into the county general fund. The levying authority shall have the power and authority to direct and cause warrants to be issued against such fund for the purpose of refunding any amount of taxes erroneously or illegally paid into such fund where such refund has been approved in the manner provided by law.

SECTION 3. This act shall take effect and be in force from and after July 1, 2023, and shall stand repealed on June 30, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(ii) Gross proceeds of sales or gross income of restaurants derived from the sale of food and beverages;

(iii) Gross proceeds of sales or gross income of hotels and motels derived from the sale of hotel rooms and motel rooms for lodging purposes;

(iv) Retail sales of food for human consumption not purchased with food stamps issued by the United States Department of Agriculture, or other federal agency, but which would be exempt under Section 27-65-111(o) from the taxes imposed by this chapter if the food items were purchased with food stamps;

(v) Gross income of businesses engaging or continuing in the business of TV cable systems, subscription TV services, and other similar activities, including, but not limited to, cable Internet services;

(vi) Wholesale sales of food and drink for human consumption sold to full service vending machine operators; and

(vii) Wholesale sales of light wine, light spirit product, beer and alcoholic beverages.

(3) (a) Before any tax authorized under this section may be imposed, the governing authorities of the municipality shall adopt a resolution declaring its intention to levy the tax, setting forth the amount of the tax to be imposed, the purposes for which the revenue collected pursuant to the tax levy may be used and expended, the date upon which the tax shall become effective, the date upon which the tax shall be repealed, and calling for an election to be held on the question. The date of the election shall be set in the resolution. Notice of the election shall be published once each week for at least three (3) consecutive weeks in a newspaper published or having a general circulation in the municipality, with the first publication of the notice to be made not less than twenty-one (21) days before the date fixed in the resolution for the election and the last publication to be made not more than seven (7) days before the election. At the election, all qualified electors of the municipality may vote. The ballots used at the election shall have printed thereon a brief description of the sales tax, the amount of the sales tax levy, a description of the purposes for which the tax revenue may be used and expended and the words "FOR THE LOCAL SALES TAX" and "AGAINST THE LOCAL SALES TAX" and the voter shall vote by placing a cross (X) or check mark (✓) opposite his choice on the proposition. When the results of the election have been canvassed by the election commissioners of the municipality and certified by them to the governing authorities, it shall be the duty of such governing authorities to determine and adjudicate whether at least three-fifths (3/5) of the qualified electors who voted in the election voted in favor of the tax. If at least three-fifths (3/5) of the qualified electors who voted in the election voted in favor of the tax, the governing authorities shall adopt a resolution declaring the levy and collection of the tax provided in this section and shall set the first day of the second month following the date of such adoption as the effective date of the tax levy. A certified copy of this resolution, together with the result of the election, shall be furnished to the Department of Revenue not less than thirty (30) days before the effective date of the levy.

(b) A municipality shall not hold more than two (2) elections under this subsection.

(4) The revenue collected pursuant to the tax levy imposed under this section may be expended to pay the cost of road and street repair, reconstruction and resurfacing projects based on traffic patterns, need and usage, and to pay the costs of water, sewer and drainage projects in accordance with a master plan adopted by the * * * commission established pursuant to subsection (7).

(5) (a) The special sales tax authorized by this section shall be collected by the Department of Revenue, shall be accounted for separately from the amount of sales tax collected for the state in the municipality and shall be paid to the municipality. The Department of Revenue may retain one percent (1%) of the proceeds of such tax for the purpose of defraying the costs incurred by the department in the collection of the tax. Payments to the municipality shall be made by the Department of Revenue on or before the fifteenth day of the month following the month in which the tax was collected. However, if a municipality fails to comply with the audit, reporting and/or report filing requirements of paragraph (b) of this subsection and does not remedy such noncompliance within thirty (30) days after receiving written notice of noncompliance, the Department of Revenue shall withhold payments otherwise payable to the municipality under this paragraph (a) until the department receives written notice that the municipality has complied with such requirements.

(b) The proceeds of the special sales tax shall be placed into a special municipal fund apart from the municipal general fund and any other funds of the municipality, and shall be expended by the municipality solely for the purposes authorized in subsection (4) of this section. The records reflecting the receipts and expenditures of the revenue from the special sales tax shall be provided in detail to the members of the commission monthly, to include the name of the vendor and the project, and the dates and amounts received and paid, and shall also be audited annually by an independent certified public accountant. The accountant shall make a report of his findings to the

governing authorities of the municipality and file a copy of his report with the Secretary of the Senate and the Clerk of the House of Representatives and the commission members. The audit shall be made and completed as soon as practical after the close of the fiscal year of the municipality, and expenses of the audit shall be paid from the funds derived by the municipality pursuant to this section.

(c) Any expenditure from the special municipal fund defined in paragraph (b) above that was not for a project approved by the commission, or was in excess of the amount approved by the commission, shall be reimbursed by the city to the special fund.

(* * *d) All provisions of the Mississippi Sales Tax Law applicable to filing of returns, discounts to the taxpayer, remittances to the Department of Revenue, enforced collection, rights of taxpayers, recovery of improper taxes, refunds of overpaid taxes or other provisions of law providing for imposition and collection of the state sales tax shall apply to the special sales tax authorized by this section, except where there is a conflict, in which case the provisions of this section shall control. Any damages, penalties or interest collected for the nonpayment of taxes imposed under this section, or for noncompliance with the provisions of this section, shall be paid to the municipality on the same basis and in the same manner as the tax proceeds. Any overpayment of tax for any reason that has been disbursed to a municipality or any payment of the tax to a municipality in error may be adjusted by the Department of Revenue on any subsequent payment to the municipality pursuant to the provisions of the Mississippi Sales Tax Law. The Department of Revenue may, from time to time, make such rules and regulations not inconsistent with this section as may be deemed necessary to carry out the provisions of this section, and such rules and regulations shall have the full force and effect of law.

(6) If a municipality expands its corporate boundaries, the governing authorities of the municipality may not impose the special sales tax in the annexed area unless the tax is approved at an election conducted, as far as is practicable, in the manner provided in subsection (3) of this section, except that only qualified electors in the annexed area may vote in the election.

(7) (a) Any municipality that levies the special sales tax authorized under this section shall establish a commission as provided for in this section. Expenditures of revenue from the special sales tax authorized by this section shall be in accordance with a master plan adopted by the commission pursuant to this subsection.

(b) The commission shall be composed of ten (10) voting members who shall be known as commissioners appointed as follows:

(i) Four (4) members representing the business community in the municipality appointed by the local chamber of commerce for initial terms of one (1), two (2), four (4) and five (5) years respectively. The members appointed pursuant to this paragraph shall be persons who represent businesses located within the city limits of the municipality.

(ii) Three (3) members shall be appointed at large by the mayor of the municipality, with the advice and consent of the legislative body of the municipality, for initial terms of two (2), three (3) and four (4) years respectively. All appointments made by the mayor pursuant to this paragraph shall be residents of the municipality.

(iii) One (1) member shall be appointed at large by the Governor for an initial term of four (4) years. All appointments made by the Governor pursuant to this paragraph shall be residents of the municipality.

(iv) One (1) member shall be appointed at large by the Lieutenant Governor for an initial term of four (4) years. All appointments made by the Lieutenant Governor pursuant to this paragraph shall be residents of the municipality.

(v) One (1) member shall be appointed at large by the Speaker of the House of Representatives for a term of four (4) years. All appointments made by the Speaker of the House of Representatives pursuant to this paragraph shall be residents of the municipality.

(c) The terms of all appointments made subsequent to the initial appointment shall be made for five (5) years. Any vacancy which may occur shall be filled in the same manner as the original appointment and shall be made for the unexpired term. * * *

(d) The mayor of the municipality shall designate a chairman of the commission from among the membership of the commission. The vice chairman and secretary shall be elected by the commission from among the membership of the commission for a term of two (2) years. The vice chairman and secretary may be reelected, and the chairman may be reappointed.

(e) The commissioners shall serve without compensation.

(f) Any commissioner shall be disqualified and shall be removed from office for either of the following reasons:

(i) Conviction of a felony in any state court or in federal court; or

(ii) Failure to attend three (3) consecutive meetings without just cause.

If a commissioner is removed for any of the above reasons, the vacancy shall be filled in the manner prescribed in this section and shall be made for the unexpired term.

(g) A quorum shall consist of six (6) voting members of the commission. The commission shall adopt such rules and regulations as may govern the time and place for holding meetings, regular and special.

(h) The commission shall, with input from the municipality, establish a master plan for road and street repair, reconstruction and resurfacing projects based on traffic patterns, need and usage, and for water, sewer and drainage projects. Expenditures of the revenue from the tax authorized to be imposed pursuant to this section shall be made at the discretion of the governing authorities of the municipality if the expenditures comply with the master plan. The commission shall monitor the compliance of the municipality with the master plan.

(8) The governing authorities of any municipality that levies the special sales tax authorized under this section are authorized to incur debt, including bonds, notes or other evidences of indebtedness, for the purpose of paying the costs of road and street repair, reconstruction and resurfacing projects based on traffic patterns, need and usage, and to pay the costs of water, sewer and drainage projects in accordance with a master plan adopted by the commission established pursuant to subsection (7) of this section. Any bonds or notes issued to pay such costs may be secured by the proceeds of the special sales tax levied pursuant to this section or may be general obligations of the municipality and shall satisfy the requirements for the issuance of debt provided by Sections 21-33-313 through 21-33-323.

(9) This section shall stand repealed from and after July 1, 2035.

SECTION 2. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AMENDMENT NO. 2:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The Commissioner of Insurance may adopt rules and regulations to examine and address any inequalities or irregularities regarding provider reimbursement rates paid by an insurer, subcontractor, third-party administrator or other payor regarding covered services received by covered persons in this state. Such rules and regulations shall allow an insurer to show evidence as to why any inequality or irregularity may be justified. Failure to comply with rules and regulations adopted by the Commissioner under this section may result in a fine not to exceed Ten Thousand Dollars (\$10,000.00) per violation. This section shall stand repealed on July 1, 2027.

SECTION 2. Section 83-9-5, Mississippi Code of 1972, is amended as follows:

83-9-5. (1) Required provisions. Except as provided in subsection (3) of this section, each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this subsection in the words in which the same appear in this section. However, the insurer may, at its option, substitute for one or more of such

provisions, corresponding provisions of different wording approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this subsection or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

As used in this section, the term "insurer" means a health maintenance organization, an insurance company or any other entity responsible for the payment of benefits under a policy or contract of accident and sickness insurance; however, the term "insurer" shall not mean a liquidator, rehabilitator, conservator or receiver or third-party administrator of any health maintenance organization, insurance company or other entity responsible for the payment of benefits which is in liquidation, rehabilitation or conservation proceedings, nor shall it mean any responsible guaranty association. Further, no cause of action shall accrue against a liquidator, rehabilitator, conservator or receiver or third-party administrator of any health maintenance organization, insurance company or other entity responsible for the payment of benefits which is in liquidation, rehabilitation or conservation proceedings or any responsible guaranty association under paragraph (h)3 of this subsection or any policy provision in accordance therewith.

(a) A provision as follows:

Entire contract; changes: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

(b) A provision as follows:

Time limit on certain defenses:

1. After two (2) years from the date of issue of this policy, no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period.

(The foregoing policy provision shall not be so construed as to effect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period, nor to limit the application of subsection (2)(a) and (2)(b) of this section in the event of misstatement with respect to age or occupation.)

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (1) until at least age fifty (50) or, (2) in the case of a policy issued after age forty-four (44), for at least five (5) years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurer's option) under the caption "INCONTESTABLE":

After this policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements in the application.)

2. No claim for loss incurred or disability (as defined in the policy) commencing after two (2) years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(c) A provision as follows:

Grace period:

A grace period of seven (7) days for weekly premium policies, ten (10) days for monthly premium policies and thirty-one (31) days for all other policies will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

(A policy which contains a cancellation provision may add, at the end of the above provision, "subject to the right of the insurer to cancel in accordance with the cancellation provision hereof.")

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision, "unless not less than five (5) days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.")

(d) A provision as follows:

Reinstatement:

If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy. However, if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten (10) days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty (60) days prior to the date of reinstatement. (The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty (50) or, (2) in the case of a policy issued after age forty-four (44), for at least five (5) years from its date of issue.)

(e) A provision as follows:

Notice of claim:

Written notice of claim must be given to the insurer within thirty (30) days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at _____ (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

(In a policy providing a loss of time benefit which may be payable for at least two (2) years, an insurer may, at its option, insert the following between the first and second sentences of the above provision: "Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two (2) years, he shall, at least once in every six (6) months after having given

notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six (6) months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability, in whole or in part, by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six (6) months preceding the date on which such notice is actually given.")

(f) A provision as follows:

Claim forms:

The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen (15) days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

(g) A provision as follows:

Proofs of loss:

Written proof of loss must be furnished to the insurer at its said office, in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss, within ninety (90) days after the termination of the period for which the insurer is liable, and in case of claim for any other loss, within ninety (90) days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate or reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one (1) year from the time proof is otherwise required.

(h) A provision as follows:

Time of payment of claims:

1. All benefits payable under this policy for any loss, other than loss for which this policy provides any periodic payment, will be paid within twenty-five (25) days after receipt of due written proof of such loss in the form of a clean claim where claims are submitted electronically, and will be paid within thirty-five (35) days after receipt of due written proof of such loss in the form of clean claim where claims are submitted in paper format. Benefits due under the policies and claims are overdue if not paid within twenty-five (25) days or thirty-five (35) days, whichever is applicable, after the insurer receives a clean claim containing necessary medical information and other information essential for the insurer to administer preexisting condition, coordination of benefits and subrogation provisions. A "clean claim" means a claim received by an insurer for adjudication and which requires no further information, adjustment or alteration by the provider of the services or the insured in order to be processed and paid by the insurer. A claim is clean if it has no defect or impropriety, including any lack of substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment from being made on the claim under this provision. A clean claim includes resubmitted claims with previously identified deficiencies corrected. Upon request, the insurer shall provide to the insured or the provider submitting a claim a written list of the information required and the documentation required for the insurer to deem a claim to be clean, and the insurer shall then be bound to such list. Errors, such as system errors, attributable to the insurer, do not change the clean claim status.

A clean claim does not include any of the following:

- a. A duplicate claim, which means an original claim and its duplicate when the duplicate is filed within thirty (30) days of the original claim;
- b. Claims which are submitted fraudulently or that are based upon material misrepresentations;
- c. Claims that require information essential for the insurer to administer preexisting condition, coordination of benefits or subrogation provisions; or
- d. Claims submitted by a provider more than thirty (30) days after the date of completion of service; if the provider does not submit the claim on behalf of the insured, then a claim is not clean when submitted more than thirty (30) days after the date of billing by the provider to the insured.

Not later than twenty-five (25) days after the date the insurer actually receives an electronic claim, the insurer shall pay the appropriate benefit in full, or any portion of the claim that is clean, and notify the provider (where the claim is owed to the provider) or the insured (where the claim is owed to the insured) of the reasons why the claim or portion thereof is not clean and will not be paid and what substantiating documentation and information is required to adjudicate the claim as clean. Not later than thirty-five (35) days after the date the insurer actually receives a paper claim, the insurer shall pay the appropriate benefit in full, or any portion of the claim that is clean, and notify the provider (where the claim is owed to the provider) or the insured (where the claim is owed to the insured) of the reasons why the claim or portion thereof is not clean and will not be paid and what substantiating documentation and information is required to adjudicate the claim as clean. Any claim or portion thereof resubmitted with the supporting documentation and information requested by the insurer shall be paid within twenty (20) days after receipt.

For purposes of this provision, the term "pay" means that the insurer shall either send cash or a cash equivalent by United States mail, or send cash or a cash equivalent by other means such as electronic transfer, in full satisfaction of the appropriate benefit due the provider (where the claim is owed to the provider) or the insured (where the claim is owed to the insured). To calculate the extent to which any benefits are overdue, payment shall be treated as made on the date a draft or other valid instrument was placed in the United States mail to the last known address of the provider (where the claim is owed to the provider) or the insured (where the claim is owed to the insured) in a properly addressed, postpaid envelope, or, if not so posted, or not sent by United States mail, on the date of delivery of payment to the provider or insured.

2. Subject to due written proof of loss, all accrued benefits for loss for which this policy provides periodic payment will be paid _____ (insert period for payment which must not be less frequently than monthly), and any balance remaining unpaid upon the termination of liability will be paid within thirty (30) days after receipt of due written proof.

3. If the claim is not denied for valid and proper reasons by the end of the applicable time period prescribed in this provision, the insurer must pay the provider (where the claim is owed to the provider) or the insured (where the claim is owed to the insured) interest on accrued benefits at the rate of three percent (3%) per month accruing from the day after payment was due on the amount of the benefits that remain unpaid until the claim is finally settled or adjudicated. Whenever interest due pursuant to this provision is less than One Dollar (\$1.00), such amount shall be credited to the account of the person or entity to whom such amount is owed. The provisions of this subparagraph 3 shall not apply to any claims or benefits owed under Medicare Advantage plans or Medicare Advantage Prescription Drug plans.

4. In the event the insurer fails to pay benefits when due, the person entitled to such benefits may bring action to recover such benefits, any interest which may

accrue as provided in subparagraph 3 of this paragraph (h) and any other damages as may be allowable by law. If it is determined in such action that the insurer acted in bad faith as evidenced by a repeated or deliberate pattern of failing to pay benefits and/or claims when due, the person entitled to such benefits (health care provider or insured) shall be entitled to recover damages in an amount up to three (3) times the amount of the benefits that remain unpaid until the claim is finally settled or adjudicated.

(i) A provision as follows:

Payment of claims:

Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured. When payments of benefits are made to an insured directly for medical care or services rendered by a health care provider, the health care provider shall be notified of such payment. The notification requirement shall not apply to a fixed-indemnity policy, a limited benefit health insurance policy, medical payment coverage or personal injury protection coverage in a motor vehicle policy, coverage issued as a supplement to liability insurance or workers' compensation. If the insured provides the insurer with written direction that all or a portion of any indemnities or benefits provided by the policy be paid to a licensed health care provider rendering hospital, nursing, medical or surgical services, then the insurer shall pay directly the licensed health care provider rendering such services. That payment shall be considered payment in full to the provider, who may not bill or collect from the insured any amount above that payment, other than the deductible, coinsurance, copayment or other charges for equipment or services requested by the insured that are noncovered benefits. Any dispute between a provider and the insured arising under these provisions regarding assignment of benefits and billing may be resolved by the Commissioner of Insurance. The Commissioner of Insurance shall adopt any rules and regulations necessary to enforce these provisions regarding assignment of benefits and billing.

(The following provision may be included with the foregoing provision at the option of the insurer: "If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding \$_____ (insert an amount which must not exceed One Thousand Dollars (\$1,000.00)), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.")

(j) A provision as follows:

Physical examinations:

The insurer at his own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder.

(k) A provision as follows:

Legal actions:

No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty (60) days after written proof of loss has been furnished in accordance

with the requirements of this policy. No such action shall be brought after the expiration of three (3) years after the time written proof of loss is required to be furnished.

(l) A provision as follows:

Change of beneficiary:

Unless the insured makes an irrevocable designation of beneficiary, the right to change the beneficiary is reserved to the insured, and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy, or to any change of beneficiary or beneficiaries, or to any other changes in this policy.

(The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.)

(2) Other provisions. Except as provided in subsection (3) of this section, no such policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the same appear in this section. However, the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the commissioner which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this subsection or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(a) A provision as follows:

Change of occupation:

If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the most recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable, or prior to date of proof of change in occupation, with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation.

(b) A provision as follows:

Misstatement of age:

If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age.

(c) A provision as follows:

Relation of earnings to issuance:

If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his average monthly earnings for the period of two (2) years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two (2) years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of Two Hundred Dollars (\$200.00) or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time.

(The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty (50) or, (2) in the case of a policy issued after age forty-four (44), for at least five (5) years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulations by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the commissioner, or any combination of such coverages. In the absence of such definition, such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations.)

(d) A provision as follows:

Unpaid premium:

Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.

(e) A provision as follows:

Cancellation:

The insurer may cancel this policy at any time by written notice delivered to the insured, or mailed to his last address as shown by the records of the insurer, stating when, not less than five (5) days thereafter, such cancellation shall be effective; and after the policy has been continued beyond its original term, the insured may cancel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation.

(f) A provision as follows:

Conformity with state statutes:

Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes.

(g) A provision as follows:

Illegal occupation:

The insurer shall not be liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.

(h) A provision as follows:

Intoxicants and narcotics:

The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.

(3) Inapplicable or inconsistent provisions. If any provision of this section is, in whole or in part, inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

(4) Order of certain policy provisions. The provisions which are the subject of subsections (1) and (2) of this section, or any corresponding provisions which are used in lieu thereof in accordance with such subsections, shall be printed in the consecutive order of the provisions in such subsections or, at the option of the insurer, any such provision may appear as a unit in any part of the policy, with other provisions to which it may be logically related, provided the resulting policy shall not be, in whole or in part, unintelligible, uncertain, ambiguous, abstruse or likely to mislead a person to whom the policy is offered, delivered or issued.

(5) Third-party ownership. The word "insured," as used in Sections 83-9-1 through 83-9-21, Mississippi Code of 1972, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured, or from being entitled under such a policy to any indemnities, benefits and rights provided therein.

(6) Requirements of other jurisdictions.

(a) Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this state, may contain any provision which is not less favorable to the insured or the beneficiary than the provisions of Sections 83-9-1 through 83-9-21, Mississippi Code of 1972, and which is prescribed or required by the law of the state under which the insurer is organized.

(b) Any policy of a domestic insurer may, when issued for delivery in any other state or country, contain any provision permitted or required by the laws of such other state or country.

(7) Filing procedure. The commissioner may make such reasonable rules and regulations concerning the procedure for the filing or submission of policies subject to the cited sections as are necessary, proper or advisable to the administration of said sections. This provision shall not abridge any other authority granted the commissioner by law.

(8) Administrative penalties.

(a) If the commissioner finds that an insurer, during any calendar year, has paid at least eighty-five percent (85%), but less than ninety-five percent (95%), of all clean claims received from all providers during that year in accordance with the provisions of subsection (1)(h) of this section, the commissioner may levy an aggregate penalty in an amount not to exceed Ten Thousand Dollars (\$10,000.00). If the commissioner finds that an insurer, during any calendar year, has paid at least fifty percent (50%), but less than eighty-five percent (85%), of all clean claims received from all providers during that year in accordance with the provisions of subsection (1)(h) of this section, the commissioner may levy an aggregate penalty in an amount of not less than Ten Thousand Dollars (\$10,000.00) nor more than One Hundred Thousand Dollars (\$100,000.00). If the commissioner finds that an insurer, during any calendar year, has paid less than fifty percent (50%) of all clean claims received from all providers during that year in accordance with the provisions of subsection (1)(h) of this section, the commissioner may levy an aggregate penalty in an amount not less than One Hundred Thousand Dollars (\$100,000.00) nor more than Two Hundred Thousand Dollars (\$200,000.00). In determining the amount of any fine, the commissioner shall take into account whether the failure to achieve the standards in subsection (1)(h) of this section were due to circumstances beyond the control of the insurer. The insurer may request an administrative hearing to contest the assessment of any administrative penalty imposed by the commissioner pursuant to this subsection within thirty (30) days after receipt of the notice of assessment.

(b) Examinations to determine compliance with subsection (1)(h) of this section may be conducted by the commissioner or any of his examiners. The commissioner may contract with qualified impartial outside sources to assist in examinations to determine compliance. The expenses of any such examinations shall be paid by the insurer examined.

(c) Nothing in the provisions of subsection (1)(h) of this section shall require an insurer to pay claims that are not covered under the terms of a contract or policy of accident and sickness insurance.

(d) An insurer and a provider may enter into an express written agreement containing timely claim payment provisions which differ from, but are at least as stringent as, the provisions set forth under subsection (1)(h) of this section, and in such case, the provisions of the written agreement shall govern the timely payment of claims by the insurer to the provider. If the express written agreement is silent as to any interest penalty where claims are not paid in accordance with the agreement, the interest penalty provision of subsection (1)(h)3 of this section shall apply.

(e) The commissioner may adopt rules and regulations necessary to ensure compliance with this * * * section.

SECTION 3. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AUTHORIZE THE COMMISSIONER OF INSURANCE TO ADOPT RULES AND REGULATIONS TO EXAMINE AND ADDRESS ANY INEQUALITIES REGARDING PROVIDER REIMBURSEMENT RATES PAID BY AN INSURER, SUBCONTRACTOR, OTHER PAYOR OR BY THIRD-PARTY ADMINISTRATORS; TO PROVIDE THAT FAILURE TO COMPLY WITH RULES AND REGULATIONS ADOPTED BY THE COMMISSIONER MAY RESULT IN A FINE NOT TO EXCEED \$10,000.00 PER VIOLATION; TO ADD A FOUR-YEAR REPEALER TO THE SECTION; TO AMEND

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-31-46.1, Mississippi Code of 1972, is amended as follows:

27-31-46.1. A project that is eligible for an ad valorem tax exemption under Section 27-31-46, and for which initial construction begins on or after July 1, 2022, but not later than December 31, * * * 2027, may be allowed an exemption from ad valorem taxation as provided in this section. For such a project, one-half (1/2) of the true value of property of the project that is subject to a fee-in-lieu of ad valorem taxes pursuant to an agreement under Section 27-31-104 may be exempted by a county board of supervisors and/or municipal governing authorities from ad valorem taxation for a period of ten (10) years from and after the date of the expiration of such fee-in-lieu of ad valorem taxes. Any exemption from ad valorem taxation allowed under this section must be authorized by a county board of supervisors and/or municipal governing authorities before July 1, * * * 2026.

SECTION 2. Section 27-31-104, Mississippi Code of 1972, is amended as follows:

[Through June 30, 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects by a qualified business (as such term is defined in Section 57-117-3) meeting minimum criteria established by the Mississippi Development Authority;

(iv) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iv), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(v) A private company (as such term is defined in Section 57-61-5) or entity defined in Section 77-3-3(d)(i) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3), or one-tenth (1/10) if the project is also a project eligible for an ad valorem tax exemption under Section 27-31-46 and a fee-in-lieu agreement is entered into before July 1, * * * 2026, of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing

authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount or one-tenth (1/10) of that amount if the project is also a project eligible for an ad valorem tax exemption under Section 27-31-46 and a fee-in-lieu agreement is entered into before July 1, * * * 2026. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project eligible for an ad valorem tax exemption under Section 27-31-46 and a fee-in-lieu agreement is entered into before July 1, * * * 2026, one-tenth (1/10) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, 2025, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5, Mississippi Code of 1972) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iii), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(iv) A private company (as such term is defined in Section 57-61-5) or entity defined in Section 77-3-3(d)(i) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

County boards of supervisors and municipal authorities may not enter into an agreement with an enterprise that is a medical cannabis establishment, as defined in the Mississippi Medical Cannabis Act, granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3), or one-tenth (1/10) if the project is also a project eligible for an ad valorem tax exemption under Section 27-31-46 and a fee-in-lieu agreement is entered into before July 1, *** 2026, of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount or one-tenth (1/10) of that amount if the project is also a project eligible for an ad valorem tax exemption under Section 27-31-46 and a fee-in-lieu agreement is entered into before July 1, *** 2026. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or (a) one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu or (b) if the project is also a project eligible for an ad valorem tax exemption under Section 27-31-46 and a fee-in-lieu agreement is entered into before July 1, *** 2026, one-tenth (1/10) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the annual debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before March 28, 2019, and consistent herewith, is hereby ratified, approved and confirmed.

SECTION 3. This act shall take effect and be in force from and after July 1, 2023.

The Department of Employment Security shall thereupon requisition from the Unemployment Trust Fund all monies therein standing to its credit, and shall deposit such monies, together with any other monies in the Unemployment Compensation Fund, as a special fund in any banks or public depositories in this state in which general funds of the state may be deposited.

If within such six-month period no such other federal legislation is enacted or the Legislature of this state has not otherwise prescribed, the Department of Employment Security shall, under regulations prescribed by it, refund, without interest, to each employer by whom contributions have been paid his pro rata share of the total contributions paid under this chapter. Any interest or earnings of the fund shall be available to the Department of Employment Security to pay for the costs of making such refunds. SECTION 12. Section 71-5-19, Mississippi Code of 1972, is reenacted as follows:

71-5-19. (1) Whoever makes a false statement or representation knowing it to be false, or knowingly fails to disclose a material fact, to obtain or increase any benefit or other payment under this chapter or under an employment security law of any other state, of the federal government or of a foreign government, either for himself or for any other person, shall be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00), or by imprisonment for not longer than thirty (30) days, or by both such fine and imprisonment; and each such false statement or representation or failure to disclose a material fact shall constitute a separate offense.

(2) Any employing unit, any officer or agent of an employing unit or any other person who makes a false statement or representation knowing it to be false, or who knowingly fails to disclose a material fact, to prevent or reduce the payment of benefits to any individual entitled thereto, or to avoid becoming or remaining subject hereto, or to avoid or reduce any contribution or other payment required from any employing unit under this chapter, or who willfully fails or refuses to make any such contribution or other payment, or to furnish any reports required hereunder or to produce or permit the inspection or copying of records as required hereunder, shall be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than One Thousand Dollars (\$1,000.00), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment; and each such false statement, or representation, or failure to disclose a material fact, and each day of such failure or refusal shall constitute a separate offense. In lieu of such fine and imprisonment, the employing unit or representative, or both employing unit and representative, if such representative is an employing unit in this state and is found to be a party to such violation, shall not be eligible for a contributions rate of less than five and four-tenths percent (5.4%) for the tax year in which such violation is discovered by the department and for the next two (2) succeeding tax years.

(3) Any person who shall willfully violate any provision of this chapter or any other rule or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of this chapter and for which a penalty is neither prescribed herein nor provided by any other applicable statute, shall be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than One Thousand Dollars (\$1,000.00), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment; and each day such violation continues shall be deemed to be a separate offense. In lieu of such fine and imprisonment, the employing unit or representative, or both employing unit and representative, if such representative is an employing unit in this state and is found to be a party to such violation, shall not be eligible for a contributions rate of less than five and four-tenths percent (5.4%) for the tax year in which the violation is discovered by the department and for the next two (2) succeeding tax years.

(4) (a) An overpayment of benefits occurs when a person receives benefits under this chapter:

(i) While any conditions for the receipt of benefits imposed by this chapter were not fulfilled in his case;

(ii) While he was disqualified from receiving benefits; or

(iii) When such person receives benefits and is later found to be disqualified or ineligible for any reason, including, but not limited to, a redetermination or reversal by the department or the courts of a previous decision to award such person benefits.

(b) Any person receiving an overpayment shall, in the discretion of the department, be liable to have such sum deducted from any future benefits payable to him under this chapter and shall be liable to repay to the department for the Unemployment Compensation Fund a sum equal to the overpayment amount so received by him; and such sum shall be collectible in the manner provided in Sections 71-5-363 through 71-5-383 for the collection of past-due contributions. In addition to Sections 71-5-363 through 71-5-383, the following shall apply to cases involving damages for overpaid unemployment benefits which have been obtained and/or received through fraud as defined by department regulations and laws governing the department. By definition, fraud can include failure to report earnings while filing for unemployment benefits. In the event of fraud, a penalty of twenty percent (20%) of the amount of the overpayment shall be assessed. Three-fourths (3/4) of that twenty percent (20%) penalty shall be deposited into the unemployment trust fund and shall be used only for the purpose of payment of unemployment benefits. The remainder of that twenty percent (20%) penalty shall be deposited into the Special Employment Security Administrative Fund. Interest on the overpayment balance shall accrue at a rate of one percent (1%) per month on the unpaid balance until repaid and shall be deposited into the Special Employment Security Administration Fund. All interest, penalties and damages deposited into the Special Employment Security Administration Fund shall be used by the department for administration of the Mississippi Department of Employment Security.

(c) Any such judgment against such person for collection of such overpayment shall be in the form of a seven-year renewable lien. Unless action be brought thereon prior to expiration of the lien, the department must refile the notice of the lien prior to its expiration at the end of seven (7) years. There shall be no limit upon the number of times the department may refile notices of liens for collection of overpayments.

(d) All warrants issued by the department for the collection of any unemployment tax or for an overpayment of benefits imposed by statute and collected by the department shall be used to levy on salaries, compensation or other monies due the delinquent employer or claimant. No such warrant shall be issued until after the

delinquent employer or claimant has exhausted all appeal rights associated with the debt. The warrants shall be served by mail or by delivery by an agent of the department on the person or entity responsible or liable for the payment of the monies due the delinquent employer or claimant. Once served, the employer or other person owing compensation due the delinquent employer or claimant shall pay the monies over to the department in complete or partial satisfaction of the liability. An answer shall be made within thirty (30) days after service of the warrant in the form and manner determined satisfactory by the department. Failure to pay the money over to the department as required by this section shall result in the served party being personally liable for the full amount of the monies owed and the levy and collection process may be issued against the party in the same manner as other debts owed to the department. Except as otherwise provided by this section, the answer, the amount payable under the warrant and the obligation of the payor to continue payment shall be governed by the garnishment laws of this state but shall be payable to the department.

(5) The department, by agreement with another state or the United States, as provided under Section 303(g) of the Social Security Act, may recover any overpayment of benefits paid to any individual under the laws of this state or of another state or under an unemployment benefit program of the United States. Any overpayments subject to this subsection may be deducted from any future benefits payable to the individual under the laws of this state or of another state or under an unemployment program of the United States.

SECTION 13. Section 71-5-101, Mississippi Code of 1972, is reenacted as follows:

71-5-101. There is established the Mississippi Department of Employment Security, Office of the Governor. The Department of Employment Security shall be the Mississippi Employment Security Commission and shall retain all powers and duties as granted to the Mississippi Employment Security Commission. Wherever the term "Employment Security Commission" appears in any law, the same shall mean the Mississippi Department of Employment Security, Office of the Governor. The Executive Director of the Department of Employment Security may assign to the appropriate offices such powers and duties deemed appropriate to carry out the lawful functions of the department.

SECTION 14. Section 71-5-107, Mississippi Code of 1972, is reenacted as follows:

71-5-107. The department shall administer this chapter through a full-time salaried executive director, to be appointed by the Governor, with the advice and consent of the Senate. He shall be responsible for the administration of this chapter under authority delegated to him by the Governor.

SECTION 15. Section 71-5-109, Mississippi Code of 1972, is reenacted as follows:

71-5-109. There is created a Board of Review consisting of three (3) members to be appointed by the executive director. The executive director shall designate one (1) member of the Board of Review as chairman. Each member shall be paid a salary or per diem at a rate to be determined by the executive director, and such expenses as may be allowed by the executive director. All salaries, per diem and expenses of the Board of Review shall be paid from the Employment Security Administration Fund.

SECTION 16. Section 71-5-111, Mississippi Code of 1972, is reenacted as follows:

71-5-111. There is created in the State Treasury a special fund to be known as the Employment Security Administration Fund. All monies which are deposited or paid into this fund are appropriated and made available to the department. All monies in this fund shall be expended solely for the purpose of defraying the cost of administration of this chapter, and for no other purpose whatsoever. The fund shall consist of all monies appropriated by this state and all monies received from the United States of America, or

any agency thereof, or from any other source for such purpose. Notwithstanding any provision of this section, all monies requisitioned and deposited in this fund pursuant to Section 71-5-457 shall remain part of the Employment Security Administration Fund and shall be used only in accordance with the conditions specified in that section. All monies in this fund shall be deposited, administered and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Employment Security Administration Fund under this chapter.

SECTION 17. Section 71-5-112, Mississippi Code of 1972, is reenacted as follows:

71-5-112. All funds received by the Mississippi Department of Employment Security shall clear through the State Treasury as provided and required by Sections 71-5-111 and 71-5-453. All expenditures from the administration fund of the department authorized by Section 71-5-111 shall be expended only pursuant to appropriation approved by the Legislature and as provided by law.

SECTION 18. Section 71-5-113, Mississippi Code of 1972, is reenacted as follows:

71-5-113. All monies received from the Social Security Board or its successors for the administration of this chapter shall be expended solely for the purposes and in the amounts found necessary by the Social Security Board or its successors for the proper and efficient administration of this chapter.

It shall be the duty of the department to take appropriate action with respect to the replacement, within a reasonable time, of any monies received from the Social Security Board, or its successors, for the administration of this chapter, and monies used to match grants pursuant to the provisions of the Wagner-Peyser Act, which the board, or its successors, find, because of any action or contingency, have been lost or have been expended for purposes other than, or in amounts in excess of those found necessary by the Social Security Board, or its successors, for the proper administration of this chapter. Funds which have been expended by the department or its agents in accordance with the budget approved by the Social Security Board, or its successors, or in accordance with the general standards and limitations promulgated by the Social Security Board, or its successors, prior to such expenditure (where proposed expenditures have not been specifically disapproved by the Social Security Board, or its successors), shall not be deemed to require replacement. To effectuate the purposes of this paragraph, it shall be the duty of the department to take such action to safeguard the expenditure of the funds referred to herein as it deems necessary. In the event of a loss of such funds or an improper expenditure thereof as herein defined, it shall be the duty of the department to notify the Governor of any such loss or improper expenditure and submit to him a request for an appropriation in the amount thereof. The Governor shall transmit to the next regular session of the Legislature following such notification, the department's request for an appropriation in an amount necessary to replace funds which have been lost or improperly expended as defined above. Such request of the department for an appropriation shall not be subject to the provisions of Sections 27-103-101 through 27-103-139. The Legislature recognizes its obligation to replace such funds as may be necessary and shall make necessary appropriations in accordance with such requests.

SECTION 19. Section 71-5-114, Mississippi Code of 1972, is reenacted as follows:

71-5-114. There is created in the State Treasury a special fund, to be known as the "Special Employment Security Administration Fund," into which shall be deposited or transferred all interest, penalties and damages collected on and after July 1, 1982, pursuant to Sections 71-5-363 through 71-5-379 and all interest and penalties required to be deposited into the fund pursuant to Section 71-5-19(4)(b). Interest, penalties and damages collected on delinquent payments deposited during any calendar quarter in the clearing account in the Unemployment Trust Fund shall, as soon as practicable after the

close of such calendar quarter, be transferred to the Special Employment Security Administration Fund. All monies in this fund shall be deposited, administered and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Special Employment Security Administration Fund under this chapter. Those monies may be expended for any programs for which the department has administrative responsibility but shall not be expended or made available for expenditure in any manner which would permit their substitution for (or permit a corresponding reduction in) federal funds which would, in the absence of those monies, be available to finance expenditures for the administration of the state unemployment compensation and employment service laws or any other laws directing the administration of any programs for which the department has the administrative responsibility. Nothing in this section shall prevent those monies in this fund from being used as a revolving fund to cover expenditures necessary and proper under the law for which federal funds have been duly requested but not yet received, subject to the charging of such expenditures against such funds when necessary. The monies in this fund may be used by the department for the payment of costs of administration of the employment security laws of this state which are found not to be or not to have been properly and validly chargeable against funds obtained from federal sources. All monies in this Special Employment Security Administration Fund shall be continuously available to the department for expenditure in accordance with the provisions of this chapter, and shall not lapse at any time. The monies in this fund are specifically made available to replace, as contemplated by Section 71-5-113, expenditures from the Employment Security Administration Fund established by Section 71-5-111, which have been found, because of any action or contingency, to have been lost or improperly expended.

The department, whenever it is of the opinion that the money in the Special Employment Security Administration Fund is more than ample to pay for all foreseeable needs for which such special fund is set up, may, by written order, order the transfer therefrom to the Unemployment Compensation Fund of such amount of money in the Special Employment Security Administration Fund as it deems proper, and the same shall thereupon be immediately transferred to the Unemployment Compensation Fund.

SECTION 20. Section 71-5-115, Mississippi Code of 1972, is reenacted as follows:

71-5-115. It shall be the duty of the executive director to administer this chapter; and the executive director shall have the power and authority to adopt, amend or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as he deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this chapter, which the executive director shall prescribe. The executive director shall determine the department's own organization and methods of procedure in accordance with the provisions of this chapter, and shall have an official seal which shall be judicially noticed. Not later than the first day of February in each year, the executive director shall submit to the Governor a report covering the administration and operation of this chapter during the preceding fiscal year and shall make such recommendations for amendments to this chapter as the executive director deems proper. Whenever the executive director believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, he shall promptly so inform the Governor and the Legislature, and make recommendations with respect thereto.

SECTION 21. Section 71-5-117, Mississippi Code of 1972, is reenacted as follows:

71-5-117. General rules may be adopted, amended or rescinded by the executive director only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten (10) days after filing with the Secretary of State and publication in one or more newspapers of general circulation in

this state. Regulations may be adopted, amended or rescinded by the executive director and shall become effective in the manner and at the time prescribed by the executive director.

SECTION 22. Section 71-5-119, Mississippi Code of 1972, is reenacted as follows:

71-5-119. The department shall cause to be available for distribution to the public the text of this chapter, its regulations and general rules, its reports to the Governor, and any other material it deems relevant and suitable, and shall furnish the same to any person upon application therefor.

SECTION 23. Section 71-5-121, Mississippi Code of 1972, is reenacted as follows:

71-5-121. Subject to other provisions of this chapter, the executive director is authorized to appoint, fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts and other persons as may be necessary in the performance of department duties; however, all personnel who were former members of the Armed Forces of the United States of America shall be given credit regardless of rate, rank or commission. All positions shall be filled by persons selected and appointed on a nonpartisan merit basis, in accordance with Section 25-9-101 et seq., that provides for a state service personnel system. The executive director shall not employ any person who is an officer or committee member of any political party organization. The executive director may delegate to any such person so appointed such power and authority as he deems reasonable and proper for the effective administration of this chapter, and may in his discretion bond any person handling monies or signing checks hereunder. The veteran status of an individual shall be considered and preference given in accordance with the provisions of the State Personnel Board.

The department and its employees are exempt from Sections 25-15-101 and 25-15-103.

The department may use federal granted funds to provide such group health, life, accident and hospitalization insurance for its employees as may be agreed upon by the department and the federal granting authorities.

The department shall adopt a "layoff formula" to be used wherever it is determined that, because of reduced workload, budget reductions or in order to effect a more economical operation, a reduction in force shall occur in any group.

In establishing this formula, the department shall give effect to the principle of seniority and shall provide that seniority points may be added for disabled veterans and veterans, with due regard to the efficiency of the service. Any such layoff formula shall be implemented according to the policies, rules and regulations of the State Personnel Board.

SECTION 24. Section 71-5-123, Mississippi Code of 1972, is reenacted as follows:

71-5-123. The executive director shall retain all powers and duties as granted to the state advisory council appointed by the former Employment Security Commission. The executive director may appoint local advisory councils, composed in each case of an equal number of employer representatives and employee representatives who may fairly be regarded as representative because of their vocation, employment or affiliations, and of such members representing the general public as the executive director may designate. Such councils shall aid the department in formulating policies and discussing problems related to the administration of this chapter and in assuring impartiality and freedom from political influence in the solution of such problems. Members of the advisory councils shall receive a per diem in accordance with Section 25-3-69 for attendance upon meetings of the council, and shall be reimbursed for actual and necessary traveling expenses. The

per diem and expenses herein authorized shall be paid from the Employment Security Administration Fund.

SECTION 25. Section 71-5-125, Mississippi Code of 1972, is reenacted as follows:

71-5-125. The department shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of vocational training, retraining and vocational guidance; to investigate, recommend, advise and assist in the establishment and operation, by municipalities, counties, school districts and the state, of reserves for public works to be used in times of business depression and unemployment; to promote the reemployment of unemployed workers throughout the state in every other way that may be feasible; and to these ends to carry on and publish the results of investigation and research studies.

SECTION 26. Section 71-5-127, Mississippi Code of 1972, is reenacted as follows:

71-5-127. (1) Any information or records concerning an individual or employing unit obtained by the department pursuant to the administration of this chapter or any other federally funded programs for which the department has responsibility shall be private and confidential, except as otherwise provided in this article or by regulation. Information or records may be released by the department when the release is required by the federal government in connection with, or as a condition of funding for, a program being administered by the department.

(2) Each employing unit shall keep true and accurate work records, containing such information as the department may prescribe. Such records shall be open to inspection and be subject to being copied by the department or its authorized representatives at any reasonable time and as often as may be necessary. The department, Board of Review and any referee may require from any employing unit any sworn or unsworn reports with respect to persons employed by it which they or any of them deem necessary for the effective administration of this chapter. Information, statements, transcriptions of proceedings, transcriptions of recordings, electronic recordings, letters, memoranda, and other documents and reports thus obtained or obtained from any individual pursuant to the administration of this chapter shall, except to the extent necessary for the proper administration of this chapter, be held confidential and shall not be published or be opened to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the individual's or employing unit's identity.

(3) Any claimant or his legal representative at a hearing before an appeal tribunal or the Board of Review shall be supplied with information from such records to the extent necessary for the proper presentation of his claim in any proceeding pursuant to this chapter.

(4) Any employee or member of the Board of Review or any employee of the department who violates any provisions of this section shall be fined not less than Twenty Dollars (\$20.00) nor more than Two Hundred Dollars (\$200.00), or imprisoned for not longer than ninety (90) days, or both.

(5) The department may make the state's records relating to the administration of this chapter available to the Railroad Retirement Board, and may furnish the Railroad Retirement Board, at the expense of such board, such copies thereof as the Railroad Retirement Board deems necessary for its purposes. The department may afford reasonable cooperation with every agency of the United States charged with the administration of any unemployment insurance law.

SECTION 27. Section 71-5-129, Mississippi Code of 1972, is reenacted as follows:

71-5-129. Records hereinafter designated, which are found by the department to be useless, may be disposed of in accordance with approved records control schedules.

(a) Records which have been preserved by it for not less than three (3) years:

- (1) Initial claims for benefits,
- (2) Continued claims for benefits,
- (3) Correspondence and master index cards in connection with such claims for benefits, and
- (4) Individual wage slips filed by employers subject to the provisions of the Unemployment Compensation Law.

(b) Records which have been preserved by it for not less than six (6) months after becoming inactive:

- (1) Work applications,
- (2) Cross-index cards for work applications,
- (3) Test records,
- (4) Employer records,
- (5) Work orders,
- (6) Clearance records,
- (7) Counseling records,
- (8) Farm placement records, and
- (9) Correspondence relating to all such records.

Nothing herein contained shall be construed as authorizing the destruction or disposal of basic fiscal records reflecting the financial operations of the department and no records may be destroyed without the approval of the Director of the Department of Archives and History.

SECTION 28. Section 71-5-131, Mississippi Code of 1972, is reenacted as follows:

71-5-131. All letters, reports, communications, or any other matters, either oral or written, from the employer or employee to each other or to the department or any of its agents, representatives or employees, which shall have been written, sent, delivered or made in connection with the requirements and administration of this chapter shall be absolutely privileged and shall not be made the subject matter or basis of any suit for slander or libel in any court of the State of Mississippi unless the same be false in fact and maliciously written, sent, delivered or made for the purpose of causing a denial of benefits under this chapter.

SECTION 29. Section 71-5-133, Mississippi Code of 1972, is reenacted as follows:

71-5-133. In any case where an employing unit or any officer, member or agent thereof, or any other person having possession of the records thereof, shall fail or refuse upon demand by the department or its duly appointed agents to produce or permit the examination or copying of any book, paper, account, record or other data pertaining to

payrolls or employment or ownership of interests or stock in any employing unit, or bearing upon the correctness of any report, or for the purpose of making a report as required by this chapter where none has been made, then and in that event the department or its duly authorized agents may, by the issuance of a subpoena, require the attendance of such employing unit or any officer, member or agent thereof, or any other person having possession of the records thereof, and take testimony with respect to any such matter and may require any such person to produce any books or records specified in such subpoena. The department or its authorized agents at any such hearing shall have power to administer oaths to any such person or persons. When any person called as a witness by a subpoena signed by the department or its agents and served upon him by the sheriff of a county of which such person is a resident, or wherein is located the principal office of such employing unit or wherein such records are located or kept, shall fail to obey such subpoena to appear before the department or its authorized agent, or shall refuse to testify or to answer any questions or to produce any book, record, paper or other data when required to do so, such failure or refusal shall be reported to the Attorney General, who shall thereupon institute proceedings by the filing of a petition in the name of the State of Mississippi, on the relation of the department, in the circuit court or other court of competent jurisdiction of the county where such witness resides, or wherein such records are located or kept, to compel the obedience of such witness. Such petition shall set forth the facts and circumstances of the demand for and refusal or failure to permit the examination or copying of such records, or the failure or refusal of such witness to testify in answer to such subpoena or to produce the records so required by such subpoena. Such court, upon the filing and docketing of such petition, shall thereupon promptly issue an order to the defendants named in the petition to produce forthwith in such court, or at a place in such county designated in such order for the examination or copying by the department or its duly appointed agents, the records, books or documents so described, and to testify concerning matters described in such petition. Unless such defendants to such petition shall appear in the court upon a day specified in such order, which day shall be not more than ten (10) days after the date of issuance of such order, and offer, under oath, good and sufficient reasons why such examination or copying should not be permitted, or why such subpoena should not be obeyed, such court shall thereupon deliver to the department or its agents, for examination or copying, the records, books and documents so described in the petition and so produced in such court, and shall order the defendants to appear in answer to the subpoena of the department or its agents, and to testify concerning matters inquired about by the department. Any employing unit or any officer, member or agent thereof, or any other person having possession of the records thereof, who shall willfully disobey such order of the court after the same shall have been served upon him shall be guilty of indirect contempt of such court from which such order shall have issued, and may be adjudged in contempt of the court and punished therefor as provided by law.

SECTION 30. Section 71-5-135, Mississippi Code of 1972, is reenacted as follows:

71-5-135. If any employing unit fails to make any report required by this chapter, the department or its authorized agents shall give notice to such employing unit to make and file such report within fifteen (15) days from the date of such notice. If such employing unit, by its proper members, officers or agents, shall fail or refuse to make and file such reports within such time, then and in that event such report shall be made by the department or its authorized agents from the best information available, and the amount of contributions due shall be computed thereon; and such report shall be prima facie correct for the purposes of this chapter.

SECTION 31. Section 71-5-137, Mississippi Code of 1972, is reenacted as follows:

71-5-137. In the discharge of the duties imposed by this chapter, the department, any referee, the members of the Board of Review, and any duly authorized representative of any of them shall have power to administer oaths and affirmations, to take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records deemed

necessary as evidence in connection with a disputed claim or the administration of this chapter.

SECTION 32. Section 71-5-139, Mississippi Code of 1972, is reenacted as follows:

71-5-139. In case of contumacy or refusal to obey a subpoena issued to any person, any court in this state within the jurisdiction of which the inquiry is carried on, or within the jurisdiction of which the person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the department, the Board of Review, any referee, or any duly authorized representative of any of them, shall have jurisdiction to issue to such person an order requiring such person to appear before the department, the Board of Review, any referee, or any duly authorized representative of any of them, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question. Any failure to obey such order of the court may be punished by the court as a contempt thereof. Any person who shall, without just cause, fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda and other records if it is in his power so to do, in obedience to a subpoena of the department, the Board of Review, any referee, or any duly authorized representative of any of them, shall be punished by a fine of not more than Two Hundred Dollars (\$200.00), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment; and each day such violation continues shall be deemed to be a separate offense.

SECTION 33. Section 71-5-141, Mississippi Code of 1972, is reenacted as follows:

71-5-141. No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda and other records before the department, the Board of Review, any referee, or any duly authorized representative of any of them, or in obedience to the subpoena of any of them in any cause or proceeding before the department, the Board of Review or an appeal tribunal, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

SECTION 34. Section 71-5-143, Mississippi Code of 1972, is reenacted as follows:

71-5-143. In the administration of this chapter, the department shall cooperate, to the fullest extent consistent with the provisions of this chapter, with the Social Security Board created by the Social Security Act, approved August 14, 1935, as amended; shall make such reports in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the reasonable, valid and lawful regulations prescribed by the Social Security Board pursuant to and under the authority of the Social Security Act, governing the expenditures of such sums as may be allotted and paid to this state under Title III of the Social Security Act, as amended, for the purpose of assisting in the administration of this chapter.

Upon request therefor, the department shall furnish to any agency of the United States charged with the administration of public works, or assistance through public employment, the name, address, ordinary occupation and employment status of each recipient of benefits, and such recipient's rights to further benefits under this chapter.

SECTION 35. Section 71-5-201, Mississippi Code of 1972, is reenacted as follows:

71-5-201. The Mississippi State Employment Service is established in the Mississippi Department of Employment Security, Office of the Governor. The department, in the conduct of such service, shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this article and for the purpose of performing such functions as are within the purview of the act of Congress entitled "An act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system, and for other purposes" (29 USCS Section 49 et seq.). Any existing free public employment offices maintained by the state but not heretofore under the jurisdiction of the department shall be transferred to the jurisdiction of the department, and upon such transfer all duties and powers conferred upon any other department, agency or officers of this state relating to the establishment, maintenance and operation of free public employment offices shall be vested in the department. The Mississippi State Employment Service shall be administered by the department, which is charged with the duty to cooperate with any official or agency of the United States having powers or duties under the provisions of the act of Congress, as amended, and to do and perform all things necessary to secure to this state the benefits of that act of Congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of that act of Congress, as amended, are accepted by this state, in conformity with 29 USCS Section 49c, and this state will observe and comply with the requirements thereof. The department is designated and constituted the agency of this state for the purposes of that act. The department may cooperate with or enter into agreements with the Railroad Retirement Board or veteran's organization with respect to the establishment, maintenance and use of free employment service facilities.

SECTION 36. Section 71-5-357, Mississippi Code of 1972, is reenacted as follows:

71-5-357. Benefits paid to employees of nonprofit organizations shall be financed in accordance with the provisions of this section. For the purpose of this section, a nonprofit organization is an organization (or group of organizations) described in Section 501(c)(3) of the Internal Revenue Code of 1954 which is exempt from income tax under Section 501(a) of such code (26 USCS Section 501).

(a) Any nonprofit organization which, under Section 71-5-11, subsection H(3), is or becomes subject to this chapter shall pay contributions under the provisions of Sections 71-5-351 through 71-5-355 unless it elects, in accordance with this paragraph, to pay to the department for the unemployment fund an amount equal to the amount of regular benefits and one-half (1/2) of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment which begin during the effective period of such election.

(i) Any nonprofit organization which becomes subject to this chapter may elect to become liable for payments in lieu of contributions for a period of not less than twelve (12) months, beginning with the date on which such subjectivity begins, by filing a written notice of its election with the department not later than thirty (30) days immediately following the date of the determination of such subjectivity.

(ii) Any nonprofit organization which makes an election in accordance with subparagraph (i) of this paragraph will continue to be liable for payments in lieu of contributions unless it files with the department a written termination notice not later than thirty (30) days prior to the beginning of the tax year for which such termination shall first be effective.

(iii) Any nonprofit organization which has been paying contributions under this chapter may change to a reimbursable basis by filing with the department, not later than thirty (30) days prior to the beginning of any tax year, a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next tax year.

(iv) The department may for good cause extend the period within which a notice of election or a notice of termination must be filed, and may permit an election to be retroactive.

(v) The department, in accordance with such regulations as it may prescribe, shall notify each nonprofit organization of any determination which it may make of its status as an employer, of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to reconsideration, appeal and review in accordance with the provisions of Sections 71-5-351 through 71-5-355.

(b) Payments in lieu of contributions shall be made in accordance with the provisions of subparagraph (i) of this paragraph.

(i) At the end of each calendar quarter, or at the end of any other period as determined by the department, the department shall bill each nonprofit organization (or group of such organizations) which has elected to make payments in lieu of contributions, for an amount equal to the full amount of regular benefits plus one-half (1/2) of the amount of extended benefits paid during such quarter or other prescribed period that is attributable to service in the employ of such organization.

(ii) Payment of any bill rendered under subparagraph (i) of this paragraph shall be made not later than forty-five (45) days after such bill was delivered to the nonprofit organization, unless there has been an application for review and redetermination in accordance with subparagraph (v) of this paragraph.

1. All of the enforcement procedures for the collection of delinquent contributions contained in Sections 71-5-363 through 71-5-383 shall be applicable in all respects for the collection of delinquent payments due by nonprofit organizations who have elected to become liable for payments in lieu of contributions.

2. If any nonprofit organization is delinquent in making payments in lieu of contributions, the department may terminate such organization's election to make payments in lieu of contributions as of the beginning of the next tax year, and such termination shall be effective for the balance of such tax year.

(iii) Payments made by any nonprofit organization under the provisions of this paragraph shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(iv) Payments due by employers who elect to reimburse the fund in lieu of contributions as provided in this paragraph may not be noncharged under any condition. The reimbursement must be on a dollar-for-dollar basis (One Dollar (\$1.00) reimbursement for each dollar paid in benefits) in every case, so that the trust fund shall be reimbursed in full, such reimbursement to include, but not be limited to, benefits or payments erroneously or incorrectly paid, or paid as a result of a determination of eligibility which is subsequently reversed, or paid as a result of claimant fraud. However, political subdivisions who are reimbursing employers may elect to pay to the fund an amount equal to five-tenths percent (.5%) through December 31, 2010, and shall pay twenty-five one-hundredths percent (.25%) thereafter of the taxable wages paid during the calendar year with respect to employment, and those employers who so elect shall be relieved of liability for reimbursement of benefits paid under the same conditions that benefits are not charged to the experience-rating record of a contributing employer as provided in Section 71-5-355(2)(b)(ii) other than Clause 5 thereof. Benefits paid in such circumstances for which reimbursing employers are relieved of liability for reimbursement shall not be considered attributable to service in the employment of such reimbursing employer.

(v) The amount due specified in any bill from the department shall be conclusive on the organization unless, not later than fifteen (15) days after the bill was

delivered to it, the organization files an application for redetermination by the department, setting forth the grounds for such application or appeal. The department shall promptly review and reconsider the amount due specified in the bill and shall thereafter issue a redetermination in any case in which such application for redetermination has been filed. Any such redetermination shall be conclusive on the organization unless, not later than fifteen (15) days after the redetermination was delivered to it, the organization files an appeal to the Circuit Court of the First Judicial District of Hinds County, Mississippi, in accordance with the provisions of law with respect to review of civil causes by certiorari.

(vi) Past-due payments of amounts in lieu of contributions shall be subject to the same interest and penalties that, pursuant to Section 71-5-363, apply to past-due contributions.

(c) Each employer that is liable for payments in lieu of contributions shall pay to the department for the fund the amount of regular benefits plus the amount of one-half (1/2) of extended benefits paid are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one (1) employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of subparagraph (i) or subparagraph (ii) of this paragraph.

(i) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payment in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his base period employers.

(ii) If benefits paid to an individual are based on wages paid by two (2) or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his base period employers.

(d) In the discretion of the department, any nonprofit organization that elects to become liable for payments in lieu of contributions shall be required to execute and file with the department a surety bond approved by the department, or it may elect instead to deposit with the department money or securities. The amount of such bond or deposit shall be determined in accordance with the provisions of this paragraph.

(i) The amount of the bond or deposit required by paragraph (d) shall be equal to two and seven-tenths percent (2.7%) thereafter to December 31, 2010, and one and thirty-five one-hundredths percent (1.35%) thereafter, of the organization's taxable wages paid for employment as defined in Section 71-5-11, subsection 1(4), for the four (4) calendar quarters immediately preceding the effective date of the election, the renewal date in the case of a bond, or the biennial anniversary of the effective date of election in the case of a deposit of money or securities, whichever date shall be most recent and applicable. If the nonprofit organization did not pay wages in each of such four (4) calendar quarters, the amount of the bond or deposit shall be as determined by the department.

(ii) Any bond deposited under paragraph (d) shall be in force for a period of not less than two (2) tax years and shall be renewed with the approval of the department at such times as the department may prescribe, but not less frequently than at intervals of two (2) years as long as the organization continues to be liable for payments in lieu of contributions. The department shall require adjustments to be made in a

previously filed bond as it deems appropriate. If the bond is to be increased, the adjusted bond shall be filed by the organization within thirty (30) days of the date notice of the required adjustment was delivered to it. Failure by any organization covered by such bond to pay the full amount of payments in lieu of contributions when due, together with any applicable interest and penalties provided in paragraph (b)(v) of this section, shall render the surety liable on the bond to the extent of the bond, as though the surety was such organization.

(iii) Any deposit of money or securities in accordance with paragraph (d) shall be retained by the department in an escrow account until liability under the election is terminated, at which time it shall be returned to the organization, less any deductions as hereinafter provided. The department may deduct from the money deposited under paragraph (d) by a nonprofit organization, or sell the securities it has so deposited, to the extent necessary to satisfy any due and unpaid payments in lieu of contributions and any applicable interest and penalties provided for in paragraph (b)(v) of this section. The department shall require the organization, within thirty (30) days following any deduction from a money deposit or sale of deposited securities under the provisions hereof, to deposit sufficient additional money or securities to make whole the organization's deposit at the prior level. Any cash remaining from the sale of such securities shall be a part of the organization's escrow account. The department may, at any time, review the adequacy of the deposit made by any organization. If, as a result of such review, it determines that an adjustment is necessary, it shall require the organization to make additional deposit within thirty (30) days of notice of its determination or shall return to it such portion of the deposit as it no longer considers necessary, whichever action is appropriate. Disposition of income from securities held in escrow shall be governed by the applicable provisions of the state law.

(iv) If any nonprofit organization fails to file a bond or make a deposit, or to file a bond in an increased amount, or to increase or make whole the amount of a previously made deposit as provided under this subparagraph, the department may terminate such organization's election to make payments in lieu of contributions, and such termination shall continue for not less than the four (4) consecutive calendar-quarter periods beginning with the quarter in which such termination becomes effective; however, the department may extend for good cause the applicable filing, deposit or adjustment period by not more than thirty (30) days.

(v) Group account shall be established according to regulations prescribed by the department.

(e) Any employer which elects to make payments in lieu of contributions into the Unemployment Compensation Fund as provided in this paragraph shall not be liable to make such payments with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services as defined in Section 71-5-511(e) to the extent that the Unemployment Compensation Fund is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566.

SECTION 37. Section 71-5-359, Mississippi Code of 1972, is reenacted and amended as follows:

71-5-359. (1) The Department of Finance and Administration shall, in the manner provided in subsection (* * *2) of this section, pay, upon notice issued by the department, to the department for the Unemployment Compensation Fund an amount equal to the regular benefits and one-half (1/2) of the extended benefits paid that are attributable to service in the employ of a state agency. The amount required to be reimbursed by a certain agency shall be billed to the Department of Finance and Administration and shall be paid from the Employment Compensation Revolving Fund pursuant to subsection (* * *2) of this section not later than thirty (30) days after such bill was sent, unless there has been an application for review and redetermination in accordance with Section 71-5-357(b)(v).

* * *

(** *2) Each agency of state government shall deposit monthly for a period of twenty-four (24) months an amount equal to one-twelfth of one percent (1/12 of 1%) of the first Six Thousand Dollars (\$6,000.00) paid to each employee thereof during the next preceding year into the Employment Compensation Revolving Fund that is created in the State Treasury. The Department of Finance and Administration shall determine the percentage to be applied to the amount of covered wages paid in order to maintain a balance in the revolving fund of not less than the amount determined by an actuary through an annual actuarial evaluation. The State Treasurer shall invest all funds in the Employment Compensation Revolving Fund and all interest earned shall be credited to the Employment Compensation Revolving Fund.

The reimbursement of benefits paid by the Mississippi Department of Employment Security shall be paid by the Department of Finance and Administration from the Employment Compensation Revolving Fund upon notice from the department; and the Department of Finance and Administration shall issue warrants or may contract for the performance of the duties prescribed by * * * subsection (2) of this section, and other duties necessarily related thereto.

(** *3) Any political subdivision of this state shall pay to the department for the unemployment compensation fund an amount equal to the regular benefits and the extended benefits paid that are attributable to service in the employ of such political subdivision unless it elects to make contributions to the unemployment fund as provided in subsection (** *8) of this section. The amount required to be reimbursed shall be billed and shall be paid as provided in Section 71-5-357, with respect to similar payments for nonprofit organizations.

(** *4) Each political subdivision, unless it elects to make contributions to the unemployment compensation fund as provided in subsection (** *8) of this section, shall establish a revolving fund and deposit an amount equal to two percent (2%) of the first Six Thousand Dollars (\$6,000.00) paid to each employee thereof during the next preceding year. However, the department shall by regulation establish a procedure to allow reimbursing political subdivisions to elect to maintain the balance in the revolving fund as required under this subsection or to annually execute a surety bond to be approved by the department in an amount not less than two percent (2%) of the covered wages paid during the next preceding year.

(** *5) In the event any political subdivision becomes delinquent in payments due under this chapter, upon due notice, and upon certification of the delinquency by the department to the Department of Finance and Administration, the Department of Revenue, the Department of Environmental Quality and the Department of Insurance, or any of them, or any other agencies of the State of Mississippi that may be indebted to such delinquent political subdivision, such agencies shall direct the issuance of warrants which in the aggregate shall be the amount of such delinquency payable to the department and drawn upon any funds in the State Treasury which may be available to such political subdivision in satisfaction of any such delinquency. This remedy shall be in addition to any other collection remedies in this chapter or otherwise provided by law.

(** *6) Payments made by any political subdivision under the provisions of this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(** *7) Any governmental entity shall not be liable to make payments to the unemployment fund with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services as defined in Section 71-5-511, subsection (e), to the extent that the Unemployment Compensation Fund is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566.

(**8) Any political subdivision of this state may elect to make contributions to the unemployment fund instead of making reimbursement for benefits paid as provided in subsections (**3) and (**4) of this section. A political subdivision which makes this election shall so notify the department, not later than three (3) months after it is officially organized or is otherwise established, and shall be subject to the provisions of Section 71-5-351, with regard to the payment of contributions. A political subdivision which makes this election shall pay contributions equal to two percent (2%) of taxable wages through calendar year 2010, and one percent (1%) of taxable wages thereafter paid by it during each calendar quarter it is subject to this chapter. The department shall by regulation establish a procedure to allow political subdivisions the option periodically to elect either the reimbursement or the contribution method of financing unemployment compensation coverage.

SECTION 38. Section 71-5-451, Mississippi Code of 1972, is reenacted as follows:

71-5-451. There is established as a special fund, separate and apart from all public monies or funds of this state, an Unemployment Compensation Fund, which shall be administered by the department exclusively for:

- (a) All contributions collected under this chapter;
- (b) Interest earned upon any monies in the fund;
- (c) Any property or securities acquired through the use of monies belonging to the fund;
- (d) All earnings of such property or securities;
- (e) All monies credited to this state's account in the Unemployment Trust Fund pursuant to the Social Security Act, 42 USCS, Section 1104; and
- (f) By way of reimbursement in accordance with Section 204 of the Federal-State Extended Unemployment Compensation Act of 1970 (84 Stat. 711). All monies in the fund shall be mingled and undivided.

SECTION 39. Section 71-5-457, Mississippi Code of 1972, is reenacted as follows:

71-5-457. (1) Except as otherwise provided in subsection (5), money credited to the account of this state in the Unemployment Trust Fund by the Secretary of the Treasury of the United States of America pursuant to the Social Security Act, 42 USCS Section 1103, may be requisitioned and used for the payment of expenses incurred for the administration of this law pursuant to a specific appropriation by the Legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

- (a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;
- (b) Limits the period within which such money may be obligated to a period ending not more than two (2) years after the date of the enactment of the appropriation law; and
- (c) Limits the amount which may be obligated during a twelve-month period beginning on July 1 and ending on the next June 30 to an amount which does not exceed the amount by which:

(i) The aggregate of the amounts credited to the account of this state pursuant to the Social Security Act, 42 USCS Section 1103, during the same twelve-month period and the thirty-four (34) preceding twelve-month periods exceeds.

(ii) The aggregate of the amounts obligated pursuant to this section and charged against the amounts credited to the account of this state during such thirty-five (35) twelve-month periods.

For the purposes of this section, amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth preceding such period.

(2) Money credited to the account of this state pursuant to the Social Security Act, 42 USCS Section 1103, may not be withdrawn or used except for the payment of benefits and for the payment of expenses for the administration of this law and of public employment offices pursuant to this section.

(3) Money appropriated as provided herein for the payment of expenses of administration shall be requisitioned as needed for the payment of obligations incurred under such appropriation and, upon requisition, shall be deposited in the Employment Security Administration Fund, from which such payments shall be made. Money so deposited shall, until expended, remain a part of the Unemployment Compensation Fund and, if it will not be expended, shall be returned promptly to the account of this state in the Unemployment Trust Fund.

(4) The thirty-five-year limitation provided in this section is no longer in force, effective October 1, 1991.

(5) Notwithstanding subsection (1), monies credited with respect to federal fiscal years 1999, 2000 and 2001 shall be used by the department solely for the administration of the unemployment compensation program.

SECTION 40. Section 71-5-511, Mississippi Code of 1972, is reenacted as follows:

71-5-511. An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

(a) (i) He has registered for work at and thereafter has continued to report to the department in accordance with such regulations as the department may prescribe; except that the department may, by regulation, waive or alter either or both of the requirements of this subparagraph as to such types of cases or situations with respect to which it finds that compliance with such requirements would be oppressive or would be inconsistent with the purposes of this chapter; and

(ii) He participates in reemployment services, such as job search assistance services, if, in accordance with a profiling system established by the department, it has been determined that he is likely to exhaust regular benefits and needs reemployment services, unless the department determines that:

1. The individual has completed such services; or

2. There is justifiable cause for the claimant's failure to participate in such services.

(b) He has made a claim for benefits in accordance with the provisions of Section 71-5-515 and in accordance with such regulations as the department may prescribe thereunder.

(c) He is able to work, available for work and actively seeking work.

(d) He has been unemployed for a waiting period of one (1) week. No week shall be counted as a week of unemployment for the purposes of this paragraph:

(i) Unless it occurs within the benefit year which includes the week with respect to which he claims payment of benefits;

(ii) If benefits have been paid with respect thereto;

(iii) Unless the individual was eligible for benefits with respect thereto, as provided in Sections 71-5-511 and 71-5-513, except for the requirements of this paragraph.

(e) For weeks beginning on or before July 1, 1982, he has, during his base period, been paid wages for insured work equal to not less than thirty-six (36) times his weekly benefit amount; he has been paid wages for insured work during at least two (2) quarters of his base period; and he has, during that quarter of his base period in which his total wages were highest, been paid wages for insured work equal to not less than sixteen (16) times the minimum weekly benefit amount. For benefit years beginning after July 1, 1982, he has, during his base period, been paid wages for insured work equal to not less than forty (40) times his weekly benefit amount; he has been paid wages for insured work during at least two (2) quarters of his base period, and he has, during that quarter of his base period in which his total wages were highest, been paid wages for insured work equal to not less than twenty-six (26) times the minimum weekly benefit amount. For purposes of this paragraph, wages shall be counted as "wages for insured work" for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employing unit by which such wages were paid has satisfied the conditions of Section 71-5-11, subsection H, or Section 71-5-361, subsection (3), with respect to becoming an employer.

(f) No individual may receive benefits in a benefit year unless, subsequent to the beginning of the next preceding benefit year during which he received benefits, he performed service in "employment" as defined in Section 71-5-11, subsection I, and earned remuneration for such service in an amount equal to not less than eight (8) times his weekly benefit amount applicable to his next preceding benefit year.

(g) Benefits based on service in employment defined in Section 71-5-11, subsection I(3) and I(4), and Section 71-5-361, subsection (4) shall be payable in the same amount, on the same terms, and subject to the same conditions as compensation payable on the basis of other service subject to this chapter, except that benefits based on service in an instructional, research or principal administrative capacity in an institution of higher learning (as defined in Section 71-5-11, subsection N) with respect to service performed prior to January 1, 1978, shall not be paid to an individual for any week of unemployment which begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or contracts to perform services in any such capacity for any institution or institutions of higher learning for both such academic years or both such terms.

(h) Benefits based on service in employment defined in Section 71-5-11, subsection I(3) and I(4), shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this chapter, except that:

(i) With respect to service performed in an instructional, research or principal administrative capacity for an educational institution, benefits shall not be paid

based on such services for any week of unemployment commencing during the period between two (2) successive academic years, or during a similar period between two (2) regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual, if such individual performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms, and provided that paragraph (g) of this section shall apply with respect to such services prior to January 1, 1978. In no event shall benefits be paid unless the individual employee was terminated by the employer.

(ii) With respect to services performed in any other capacity for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two (2) successive academic years or terms, if such individual performs such services in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms, except that if compensation is denied to any individual under this subparagraph and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of this clause. In no event shall benefits be paid unless the individual employee was terminated by the employer.

(iii) With respect to services described in subparagraphs (i) and (ii) of this paragraph (h), benefits shall not be payable on the basis of services in any such capacities to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the first of such academic years or terms, or in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(iv) With respect to any services described in subparagraphs (i) and (ii) of this paragraph (h), benefits shall not be payable on the basis of services in any such capacities as specified in subparagraphs (i), (ii) and (iii) of this paragraph (h) to any individual who performed such services in an educational institution while in the employ of an educational service agency. For purposes of this paragraph, the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(v) With respect to services to which Sections 71-5-357 and 71-5-359 apply, if such services are provided to or on behalf of an educational institution, benefits shall not be payable under the same circumstances and subject to the same terms and conditions as described in subparagraphs (i), (ii), (iii) and (iv) of this paragraph (h).

(i) Subsequent to December 31, 1977, benefits shall not be paid to any individual on the basis of any services substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sports seasons (or similar periods) if such individual performs such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(j) (i) Subsequent to December 31, 1977, benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was

lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act).

(ii) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(iii) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made, except upon a preponderance of the evidence.

(k) An individual shall be deemed prima facie unavailable for work, and therefore ineligible to receive benefits, during any period which, with respect to his employment status, is found by the department to be a holiday or vacation period.

(l) A temporary employee of a temporary help firm is considered to have left the employee's last work voluntarily without good cause connected with the work if the temporary employee does not contact the temporary help firm for reassignment on completion of an assignment. A temporary employee is not considered to have left work voluntarily without good cause connected with the work under this paragraph unless the temporary employee has been advised in writing:

(i) That the temporary employee is obligated to contact the temporary help firm on completion of assignments; and

(ii) That unemployment benefits may be denied if the temporary employee fails to do so.

SECTION 41. Section 71-5-513, Mississippi Code of 1972, is reenacted as follows:

71-5-513. A. An individual shall be disqualified for benefits:

(1) (a) For the week, or fraction thereof, which immediately follows the day on which he left work voluntarily without good cause, if so found by the department, and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case; however, marital, filial and domestic circumstances and obligations shall not be deemed good cause within the meaning of this subsection. Pregnancy shall not be deemed to be a marital, filial or domestic circumstance for the purpose of this subsection.

(b) For the week, or fraction thereof, which immediately follows the day on which he was discharged for misconduct connected with his work, if so found by the department, and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case.

(c) The burden of proof of good cause for leaving work shall be on the claimant, and the burden of proof of misconduct shall be on the employer.

(2) For the week, or fraction thereof, with respect to which he willfully makes a false statement, a false representation of fact, or willfully fails to disclose a material fact for the purpose of obtaining or increasing benefits under the provisions of this law, if so found by the department, and such individual's maximum benefit allowance shall be reduced by the amount of benefits so paid to him during any such week of disqualification; and additional disqualification shall be imposed for a period not exceeding fifty-two (52)

weeks, the length of such period of disqualification and the time when such period begins to be determined by the department, in its discretion, according to the circumstances in each case.

(3) If the department finds that he has failed, without good cause, either to apply for available suitable work when so directed by the employment office or the department, to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the department, such disqualification shall continue for the week in which such failure occurred and for not more than the twelve (12) weeks which immediately follow such week, as determined by the department according to the circumstances in each case.

(a) In determining whether or not any work is suitable for an individual, the department shall consider among other factors the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence; however, offered employment paying the minimum wage or higher, if such minimum or higher wage is that prevailing for his customary occupation or similar work in the locality, shall be deemed to be suitable employment after benefits have been paid to the individual for a period of eight (8) weeks.

(b) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(i) If the position offered is vacant due directly to a strike, lockout or other labor dispute;

(ii) If the wages, hours or other conditions of the work offered are substantially unfavorable or unreasonable to the individual's work. The department shall have the sole discretion to determine whether or not there has been an unfavorable or unreasonable condition placed on the individual's work. Moreover, the department may consider, but shall not be limited to a consideration of, whether or not the unfavorable condition was applied by the employer to all workers in the same or similar class or merely to this individual;

(iii) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization;

(iv) If unsatisfactory or hazardous working conditions exist that could result in a danger to the physical or mental well-being of the worker. In any such determination the department shall consider, but shall not be limited to a consideration of, the following: the safety measures used or the lack thereof and the condition of equipment or lack of proper equipment. No work shall be considered hazardous if the working conditions surrounding a worker's employment are the same or substantially the same as the working conditions generally prevailing among workers performing the same or similar work for other employers engaged in the same or similar type of activity.

(c) Pursuant to Section 303(1) of the Social Security Act (42 USCS 503), the department may conduct drug tests of applicants for unemployment compensation for the unlawful use of controlled substances as a condition for receiving such compensation, if such applicant:

(i) Was terminated from employment with the claimant's most recent employer, as defined by Mississippi law, because of the unlawful use of controlled substances; or

(ii) Is an individual for whom suitable work, as defined by Mississippi law, is only available in an occupation (as determined under regulations issued by the U.S. Secretary of Labor) that requires drug testing.

The department may deny unemployment compensation to any applicant based on the result of a drug test conducted by the department in accordance with this subsection. A positive drug test result shall be deemed by the department to be a failure to accept suitable work, and shall subject the applicant to the disqualification provisions set forth in this subsection A(3). During the disqualification period imposed by the department under this subsection, the individual may provide information to end the disqualification period early by submitting acceptable proof to the department of a negative test result from a testing facility approved by the department.

(iii) Pursuant to the provisions set forth in this subsection A(3)(c), the department shall have the authority to institute a random drug testing program for all individuals who meet the requirements set forth in this section. Moreover, the department shall have the authority to create the necessary regulations, policies rules, guidelines and procedures to implement such a program.

Any term or provision set forth in this subsection A(3)(c) that otherwise conflicts with federal or state law shall be disregarded but shall not, in any way, affect the remaining provisions.

(4) For any week with respect to which the department finds that his total unemployment is due to a stoppage of work which exists because of a labor dispute at a factory, establishment or other premises at which he is or was last employed; however, this subsection shall not apply if it is shown to the satisfaction of the department:

(a) He is unemployed due to a stoppage of work occasioned by an unjustified lockout, if such lockout was not occasioned or brought about by such individual acting alone or with other workers in concert; or

(b) He is not participating in or directly interested in the labor dispute which caused the stoppage of work; and

(c) He does not belong to a grade or class of workers of which, immediately before the commencement of stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or directly interested in the dispute.

If in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment or other premises.

(5) For any week with respect to which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States. However, if the appropriate agency of such other state or of the United States finally determines that he is not entitled to such unemployment compensation benefits, this disqualification shall not apply. Nothing in this subsection contained shall be construed to include within its terms any law of the United States providing unemployment compensation or allowances for honorably discharged members of the Armed Forces.

(6) For any week with respect to which he is receiving or has received remuneration in the form of payments under any governmental or private retirement or pension plan, system or policy which a base-period employer is maintaining or contributing to or has maintained or contributed to on behalf of the individual; however, if

the amount payable with respect to any week is less than the benefits which would otherwise be due under Section 71-5-501, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. However, on or after the first Sunday immediately following July 1, 2001, no social security payments, to which the employee has made contributions, shall be deducted from unemployment benefits paid for any period of unemployment beginning on or after the first Sunday following July 1, 2001. This one hundred percent (100%) exclusion shall not apply to any other governmental or private retirement or pension plan, system or policy. If benefits payable under this section, after being reduced by the amount of such remuneration, are not a multiple of One Dollar (\$1.00), they shall be adjusted to the next lower multiple of One Dollar (\$1.00).

(7) For any week with respect to which he is receiving or has received remuneration in the form of a back pay award, or other compensation allocable to any week, whether by settlement or otherwise. Any benefits previously paid for weeks of unemployment with respect to which back pay awards, or other such compensation, are made shall constitute an overpayment and such amounts shall be deducted from the award by the employer prior to payment to the employee, and shall be transmitted promptly to the department by the employer for application against the overpayment and credit to the claimant's maximum benefit amount and prompt deposit into the fund; however, the removal of any charges made against the employer as a result of such previously paid benefits shall be applied to the calendar year and the calendar quarter in which the overpayment is transmitted to the department, and no attempt shall be made to relate such a credit to the period to which the award applies. Any amount of overpayment so deducted by the employer and not transmitted to the department shall be subject to the same procedures for collection as is provided for contributions by Sections 71-5-363 through 71-5-381. Any amount of overpayment not deducted by the employer shall be established as an overpayment against the claimant and collected as provided above. It is the purpose of this paragraph to assure equity in the situations to which it applies, and it shall be construed accordingly.

B. Notwithstanding any other provision in this chapter, no otherwise eligible individual shall be denied benefits for any week because he is in training with the approval of the department; nor shall such individual be denied benefits with respect to any week in which he is in training with the approval of the department by reason of the application of provisions in Section 71-5-511, subsection (c), relating to availability for work, or the provisions of subsection A(3) of this section, relating to failure to apply for, or a refusal to accept, suitable work.

C. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week because he or she is in training approved under Section 236(a)(1) of the Trade Act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any such week in training of provisions in this law (or any applicable federal unemployment compensation law), relating to availability for work, active search for work or refusal to accept work.

For purposes of this section, the term "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment (as defined for purposes of the Trade Act of 1974), and wages for such work at not less than eighty percent (80%) of the individual's average weekly wage as determined for the purposes of the Trade Act of 1974.

D. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week in which they are engaged in the Self-Employment Assistance Program established in Section 71-5-545 by reason of the application of Section 71-5-511(c), relating to availability for work, or the provisions of subsection A(3) of this section, relating to failure to apply for, or a refusal to accept, suitable work.

E. Any individual who is receiving benefits may participate in an approved training program under the Mississippi Employment Security Law to gain skills that may lead to employment while continuing to receive benefits. Authorization for participation of a recipient of unemployment benefits in such a program must be granted by the department and continuation of participation must be certified weekly by the participant recipient. While participating in such program approved by the department, availability and work search requirements will be waived. No individual will be allowed to participate in this program for more than twelve (12) weeks in any benefit year. Such participation shall not be considered employment for any purposes and shall not accrue benefits or wage credits. Participation in this training program shall meet the definition set forth in the U.S. Fair Labor Standards Act.

SECTION 42. Section 71-5-517, Mississippi Code of 1972, is reenacted as follows:

71-5-517. Upon the taking of a claim by the department, an initial determination thereon shall be made promptly and shall include a determination with respect to whether or not benefits are payable, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration of benefits. In any case in which the payment or denial of benefits will be determined by the provisions of subsection A(4) of Section 71-5-513, the examiner shall promptly transmit all the evidence with respect to that subsection to the department, which, on the basis of evidence so submitted and such additional evidence as it may require, shall make an initial determination with respect thereto. An initial determination may for good cause be reconsidered. The claimant, his most recent employing unit and all employers whose experience-rating record would be charged with benefits pursuant to such determination shall be promptly notified of such initial determination or any amended initial determination and the reason therefor. Benefits shall be denied or, if the claimant is otherwise eligible, promptly paid in accordance with the initial determination or amended initial determination. The jurisdiction of the department over benefit claims which have not been appealed shall be continuous. The claimant or any party to the initial determination or amended initial determination may file an appeal from such initial determination or amended initial determination within fourteen (14) days after notification thereof, or after the date such notification was sent to his last known address.

Notwithstanding any other provision of this section, benefits shall be paid promptly in accordance with a determination or redetermination, or the decision of an appeal tribunal, the Board of Review or a reviewing court upon the issuance of such determination, redetermination or decision in favor of the claimant (regardless of the pendency of the period to apply for reconsideration, file an appeal, or petition for judicial review, as the case may be, or the pendency of any such application, filing or petition), unless and until such determination, redetermination or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied in accordance with such modifying or reversing redetermination or decision. Any benefits finally determined to have been erroneously paid may be set up as an overpayment to the claimant and must be liquidated before any future benefits can be paid to the claimant. If, subsequent to such initial determination or amended initial determination, benefits with respect to any week for which a claim has been filed are denied for reasons other than matters included in the initial determination or amended initial determination, the claimant shall be promptly notified of the denial and the reason therefor and may appeal therefrom in accordance with the procedure herein described for appeals from initial determination or amended initial determination.

SECTION 43. Section 71-5-519, Mississippi Code of 1972, is reenacted as follows:

71-5-519. Unless such appeal is withdrawn, an appeal tribunal appointed by the executive director, after affording the parties reasonable opportunity for fair hearing, shall affirm, modify or reverse the findings of fact and initial determination or amended initial determination. The parties shall be duly notified of such tribunal's decision, together with

its reasons therefor, which shall be deemed to be the final decision of the executive director unless, within fourteen (14) days after the date of notification of such decision, further appeal is initiated pursuant to Section 71-5-523.

SECTION 44. Section 71-5-523, Mississippi Code of 1972, is reenacted as follows:

71-5-523. The Board of Review may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The Board of Review shall permit such further appeal by any of the parties to a decision of an appeal tribunal which is not unanimous, and by the examiner whose decision has been overruled or modified by an appeal tribunal. The Board of Review may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceedings so removed to the Board of Review shall be heard by a quorum thereof in accordance with the requirements of Section 71-5-519 and within fifteen (15) days after notice of appeal has been received by the executive director. No notice of appeal shall be deemed to be received by the executive director, within the meaning of this section, until all prior appeals pending before the Board of Review have been heard. The Board of Review shall, within four (4) days after its decision, so notify the parties to any proceeding of its findings and decision.

SECTION 45. Section 71-5-525, Mississippi Code of 1972, is reenacted as follows:

71-5-525. The manner in which appealed claims shall be presented and the conduct of hearings and appeals shall be in accordance with regulations prescribed by the Board of Review for determining the rights of the parties, whether or not such regulations conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with an appealed claim. The department's entire file relative to the appealed claim shall be a part of such record and shall be considered as evidence. All testimony at any hearing upon an appealed claim shall be recorded, but need not be transcribed unless the claim is further appealed.

SECTION 46. Section 71-5-529, Mississippi Code of 1972, is reenacted as follows:

71-5-529. Any decision of the Board of Review, in the absence of an appeal therefrom as herein provided, shall become final ten (10) days after the date of notification; and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his administrative remedies as provided by this chapter. The department shall be deemed to be a party to any judicial action involving any such decision, and may be represented in any such judicial action by any qualified attorney employed by the department and designated by it for that purpose or, at the department's request, by the Attorney General.

SECTION 47. Section 71-5-531, Mississippi Code of 1972, is reenacted as follows:

71-5-531. Within ten (10) days after the decision of the Board of Review has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action, in the circuit court of the county in which the plaintiff resides, against the department for the review of such decision, in which action any other party to the proceeding before the Board of Review shall be made a defendant. In cases wherein the plaintiff is not a resident of the State of Mississippi, such action may be filed in the circuit court of the county in which the employer resides, the county in which the cause of action arose, or in the county of employment. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon the department or upon such person as the department may designate, and such service shall be deemed completed service on all parties; but there shall be left with the party so served as many copies of the petition as there are defendants, and the

department shall forthwith mail one (1) such copy to each such defendant. With its answer, the department shall certify and file with said court all documents and papers and a transcript of all testimony taken in the matter, together with the Board of Review's findings of fact and decision therein. The department may also, in its discretion, certify to such court questions of law involved in any decision. In any judicial proceedings under this section, the findings of the Board of Review as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law. Such actions, and the questions so certified, shall be heard in a summary manner and shall be given precedence over all other civil cases. An appeal may be taken from the decision of the circuit court of the county in which the plaintiff resides to the Supreme Court of Mississippi, in the same manner, but not inconsistent with the provisions of this chapter, as is provided in civil cases. It shall not be necessary, in any judicial proceeding under this section, to enter exceptions to the rulings of the Board of Review, and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the Board of Review shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas or stay unless the Board of Review shall so order.

SECTION 48. Section 71-5-541, Mississippi Code of 1972, is reenacted as follows:

71-5-541. A. (1) In the administration of this chapter, the department shall cooperate with the Department of Labor to the fullest extent consistent with the provisions of this chapter and shall take such action, through the adoption of appropriate rules, regulations, administrative methods and standards, as may be necessary to secure to this state and its citizens all advantages available under the provisions of the Social Security Act that relate to unemployment compensation, the Federal Unemployment Tax Act, the Wagner-Peyser Act and the Federal-State Extended Unemployment Compensation Act of 1970, all as amended.

(2) In the administration of the provisions of this section, which are enacted to conform with the requirements of the Federal-State Extended Unemployment Compensation Act of 1970, as amended, the department shall take such actions as may be necessary:

(a) To ensure that the provisions are so interpreted and applied as to meet the requirements of such federal act as interpreted by the United States Department of Labor; and

(b) To secure to this state the full reimbursement of the federal share of extended benefits paid under this chapter that are reimbursable under the federal act; and also

(c) To limit the amount of extended benefits paid as may be necessary so that the reimbursement of the federal share of extended benefits paid shall remain at one-half (1/2) of the total extended benefits paid.

B. As used in this section, unless the context clearly requires otherwise:

(1) "Extended benefit period" means a period which:

(a) Begins with the third week after a week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later:

(i) The third week after the first week for which there is a state "off" indicator; or

(ii) The thirteenth consecutive week of such period.

No extended benefit period may begin by reason of a state "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) For weeks beginning after September 25, 1982, there is a "state 'on' indicator" for a week if the rate of insured unemployment under this chapter for the period consisting of such week and the immediately preceding twelve (12) weeks:

(a) Equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding period of thirteen (13) weeks ending in each of the preceding two (2) calendar years; and

(b) Equaled or exceeded five percent (5%).

The determination of whether there has been a state "on" or "off" indicator beginning or ending any extended benefit period shall be made under this subsection as if (i) paragraph (2) did not contain subparagraph (a) thereof, and (ii) the figure "5" contained in subparagraph (b) thereof were "6"; except that, notwithstanding any such provision of this subsection, any week for which there would otherwise be a "state 'on' indicator" shall continue to be such week and shall not be determined to be a week for which there is a "state 'off' indicator."

(3) There is a "state 'off' indicator" for a week if, for the period consisting of such week and the immediately preceding twelve (12) weeks, either subparagraph (a) or (b) of paragraph (2) was not satisfied.

(4) "Rate of insured unemployment," for purposes of paragraphs (2) and (3) of this subsection, means the percentage derived by dividing:

(a) The average number of continued weeks claimed for regular state compensation in this state for weeks of unemployment with respect to the most recent period of thirteen (13) consecutive weeks, as determined by the department on the basis of its reports to the United States Secretary of Labor; by

(b) The average monthly employment covered under this chapter for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such period of thirteen (13) weeks.

(5) "Regular benefits" means benefits payable to an individual under this chapter or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 USCS Section 8501-8525) other than extended benefits.

(6) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 USCS Section 8501-8525) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

(7) "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(8) "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this chapter or any other state law (including dependents'

allowances and benefits payable to federal civilian employees and ex-servicemen under 5 USCS Section 8501-8525) in his current benefit year that includes such week.

For the purposes of this subparagraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wages that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) Has no, or insufficient, wages on the basis of which he could establish a new benefit year that would include such week, his benefit year having expired prior to such week; and

(c) (i) Has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965, and such other federal laws as are specified in regulations issued by the United States Secretary of Labor; and

(ii) Has not received and is not seeking unemployment benefits under the Unemployment Compensation Law of the Virgin Islands or of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law, he is considered an exhaustee; however, the reference in this subsection to the Virgin Islands shall be inapplicable effective on the day on which the United States Secretary of Labor approves under Section 3304(a) of the Internal Revenue Code of 1954, an unemployment compensation law submitted to the Secretary by the Virgin Islands for approval.

(9) "State law" means the unemployment insurance law of any state, approved by the United States Secretary of Labor under Section 3304 of the Internal Revenue Code of 1954 (26 USCS Section 3304).

C. Except when the result would be inconsistent with the other provisions of this section, as provided in the regulations of the department, the provisions of this chapter which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

D. An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the department finds that with respect to such week:

(1) He is an "exhaustee" as defined in subsection B(8) of this section.

(2) He has satisfied the requirements of this chapter for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(3) For a week beginning after September 25, 1982, he has, during his base period, been paid wages for insured work equal to not less than forty (40) times his weekly benefit amount; he has been paid wages for insured work during at least two (2) quarters of his base period, and he has, during that quarter of his base period in which his total wages were highest, been paid wages for insured work equal to not less than twenty-six (26) times the minimum weekly benefit amount.

E. The weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be an amount equal to the weekly benefit amount payable to him during his applicable benefit year; however, benefits paid to individuals during eligibility periods beginning before October 1, 1983, shall be computed to the next higher multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00); and benefits paid to individuals during eligibility periods beginning on or after October 1,

1983, shall be computed to the next lower multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00). In no event shall the weekly extended benefit amount payable to an individual be more than two (2) times the amount of the reimbursement of the federal share of extended benefits paid.

F. (1) The total extended benefit amount payable to any eligible individual with respect to his applicable benefit year shall be the least of the following amounts:

(a) Fifty percent (50%) of the total amount of regular benefits which were payable to him under this chapter in his applicable benefit year; however, benefits paid to individuals during eligibility periods beginning before October 1, 1983, shall be computed to the next higher multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00), and benefits paid to individuals during eligibility periods beginning on or after October 1, 1983, shall be computed to the next lower multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00); or

(b) Thirteen (13) times his weekly benefit amount which was payable to him under this chapter for a week of total unemployment in the applicable benefit year.

(2) The total extended benefits otherwise payable to an individual who is filing an interstate claim under the interstate benefit payment plan shall not exceed two (2) weeks whenever an extended benefit period is not in effect for such week in the state where the claim is filed.

(3) In no event shall the total extended benefit amount payable to any eligible individual with respect to his applicable benefit year be more than two (2) times the amount of the reimbursement of the federal share of extended benefits paid.

G. (1) Whenever an extended benefit period is to become effective in this state as a result of a state "on" indicator, or an extended benefit period is to be terminated in this state as a result of state "off" indicators, the department shall make an appropriate public announcement.

(2) Computations required by the provisions of subsection B(4) shall be made by the department, in accordance with regulations prescribed by the United States Secretary of Labor.

H. Extended benefits paid under the provisions of this section which are not reimbursable from federal funds shall be charged to the experience-rating record of base period employers.

I. (1) Notwithstanding the provisions of subsections C and D of this section, an individual shall be disqualified for receipt of extended benefits if the department finds that during any week of his eligibility period:

(a) He has failed either to apply for or to accept an offer of suitable work (as defined under paragraph (3)) to which he was referred by the department; or

(b) He has failed to furnish tangible evidence that he has actively engaged in a systematic and sustained effort to find work, unless such individual is not actively engaged in seeking work because such individual is:

(i) Before any court of the United States or any state pursuant to a lawfully issued summons to appear for jury duty;

(ii) Hospitalized for treatment of an emergency or a life-threatening condition.

The entitlement to benefits of any individual who is determined not to be actively engaged in seeking work in any week for the foregoing reasons shall be decided pursuant to the able and available requirements in Section 71-5-511 without regard to the disqualification provisions otherwise applicable under Section 71-5-541. The conditions prescribed in clauses (i) and (ii) of this subparagraph (b) must be applied in the same manner to individuals filing claims for regular benefits.

(2) Such disqualification shall begin with the week in which such failure occurred and shall continue until he has been employed in each of eight (8) subsequent weeks (whether or not consecutive) and has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly extended benefit amount.

(3) For the purpose of subparagraph (a) of paragraph (1) the term "suitable work" means any work which is within the individual's capabilities to perform, if:

(a) The gross average weekly remuneration payable for the work exceeds the sum of the individual's weekly extended benefit amount plus the amount, if any, of supplemental unemployment benefits (as defined in Section 501(c)(17)(D) of the Internal Revenue Code of 1954) payable to such individual for such week;

(b) The wages payable for the work equal the higher of the minimum wages provided by Section 6(a)(1) of the Fair Labor Standards Act of 1938 (without regard to any exemption), or the state or local minimum wage; and

(c) The position was offered to the individual in writing or was listed with the state employment service; and

(d) Such work otherwise meets the definition of "suitable work" for regular benefits contained in Section 71-5-513A(4) to the extent that such criteria of suitability are not inconsistent with the provisions of this paragraph (3); and

(e) The individual cannot furnish satisfactory evidence to the department that his prospects for obtaining work in his customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual shall be made in accordance with the definition of suitable work contained in Section 71-5-513A(4) without regard to the definition specified by this paragraph (3).

(4) Notwithstanding any provisions of subsection I to the contrary, no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions set forth herein under Section 71-5-513A(4).

(5) The employment service shall refer any claimant entitled to extended benefits under this section to any suitable work which meets the criteria prescribed in paragraph (3).

(7) The provisions of paragraphs I(1) through (6) of this section shall not apply to claims for weeks of unemployment beginning after March 6, 1993, and before January 1, 1995, and during that period the provisions of this chapter applicable to claims for regular compensation shall apply.

J. Notwithstanding any other provisions of this chapter, if the benefit year of any individual ends within an extended benefit period, the remaining balance of extended benefits that such individual would, but for this section, be entitled to receive in that extended benefit period, with respect to weeks of unemployment beginning after the end of the benefit year, shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances within that benefit year, multiplied by the individual's weekly benefit amount for extended benefits.

43-17-5. (1) The amount of Temporary Assistance for Needy Families (TANF) benefits which may be granted for any dependent child and a needy caretaker relative shall be determined by the county department with due regard to the resources and necessary expenditures of the family and the conditions existing in each case, and in accordance with the rules and regulations made by the Department of Human Services which shall not be less than the Standard of Need in effect for 1988, and shall be sufficient when added to all other income (except that any income specified in the federal Social Security Act, as amended, may be disregarded) and support available to the child to provide such child with a reasonable subsistence compatible with decency and health. The first family member in the dependent child's budget may receive an amount not to

exceed Two Hundred Dollars (\$200.00) per month; the second family member in the dependent child's budget may receive an amount not to exceed Thirty-six Dollars (\$36.00) per month; and each additional family member in the dependent child's budget an amount not to exceed Twenty-four Dollars (\$24.00) per month. The maximum for any individual family member in the dependent child's budget may be exceeded for foster or medical care or in cases of children with an intellectual disability or a physical disability. TANF benefits granted shall be specifically limited only (a) to children existing or conceived at the time the caretaker relative initially applies and qualifies for such assistance, unless this limitation is specifically waived by the department, or (b) to a child born following a twelve-consecutive-month period of discontinued benefits by the caretaker relative.

(2) TANF benefits in Mississippi shall be provided to the recipient family by an online electronic benefits transfer system.

(3) The Department of Human Services shall deny TANF benefits to the following categories of individuals, except for individuals and families specifically exempt or excluded for good cause as allowed by federal statute or regulation:

(a) Families without a minor child residing with the custodial parent or other adult caretaker relative of the child;

(b) Families which include an adult who has received TANF assistance for sixty (60) months after the commencement of the Mississippi TANF program, whether or not such period of time is consecutive;

(c) Families not assigning to the state any rights a family member may have, on behalf of the family member or of any other person for whom the family member has applied for or is receiving such assistance, to support from any other person, as required by law;

(d) Families who fail to cooperate in establishing paternity or obtaining child support, as required by law;

(e) Any individual who has not attained eighteen (18) years of age, is not married to the head of household, has a minor child at least twelve (12) weeks of age in his or her care, and has not successfully completed a high school education or its equivalent, if such individual does not participate in educational activities directed toward the attainment of a high school diploma or its equivalent, or an alternative educational or training program approved by the department;

(f) Any individual who has not attained eighteen (18) years of age, is not married, has a minor child in his or her care, and does not reside in a place or residence maintained by a parent, legal guardian or other adult relative or the individual as such parent's, guardian's or adult relative's own home;

(g) Any minor child who has been, or is expected by a parent or other caretaker relative of the child to be, absent from the home for a period of more than thirty (30) days;

(h) Any individual who is a parent or other caretaker relative of a minor child who fails to notify the department of the absence of the minor child from the home for the thirty-day period specified in paragraph (g), by the end of the five-day period that begins with the date that it becomes clear to the individual that the minor child will be absent for the thirty-day period;

(i) Any individual who fails to comply with the provisions of the Employability Development Plan signed by the individual which prescribe those activities designed to help the individual become and remain employed, or to participate satisfactorily in the assigned work activity, as authorized under subsection (6)(c) and (d), or who does not

engage in applicant job search activities within the thirty-day period for TANF application approval after receiving the advice and consultation of eligibility workers and/or caseworkers of the department providing a detailed description of available job search venues in the individual's county of residence or the surrounding counties;

(j) A parent or caretaker relative who has not engaged in an allowable work activity once the department determines the parent or caretaker relative is ready to engage in work, or once the parent or caretaker relative has received TANF assistance under the program for twenty-four (24) months, whether or not consecutive, whichever is earlier;

(k) Any individual who is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the jurisdiction from which the individual flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or who is violating a condition of probation or parole imposed under federal or state law;

(l) Aliens who are not qualified under federal law;

(m) For a period of ten (10) years following conviction, individuals convicted in federal or state court of having made a fraudulent statement or representation with respect to the individual's place of residence in order to receive TANF, food stamps or Supplemental Security Income (SSI) assistance under Title XVI or Title XIX simultaneously from two (2) or more states;

(n) Individuals who are recipients of federal Supplemental Security Income (SSI) assistance; and

(o) Individuals who are eighteen (18) years of age or older who are not in compliance with the drug testing and substance use disorder treatment requirements of Section 43-17-6.

(4) (a) Any person who is otherwise eligible for TANF benefits, including custodial and noncustodial parents, shall be required to attend school and meet the monthly attendance requirement as provided in this subsection if all of the following apply:

(i) The person is under age twenty (20);

(ii) The person has not graduated from a public or private high school or obtained a High School Equivalency Diploma equivalent;

(iii) The person is physically able to attend school and is not excused from attending school; and

(iv) If the person is a parent or caretaker relative with whom a dependent child is living, child care is available for the child.

The monthly attendance requirement under this subsection shall be attendance at the school in which the person is enrolled for each day during a month that the school conducts classes in which the person is enrolled, with not more than two (2) absences during the month for reasons other than the reasons listed in paragraph (e)(iv) of this subsection. Persons who fail to meet participation requirements in this subsection shall be subject to sanctions as provided in paragraph (f) of this subsection.

(b) As used in this subsection, "school" means any one (1) of the following:

(i) A school as defined in Section 37-13-91(2);

(ii) A vocational, technical and adult education program; or

(iii) A course of study meeting the standards established by the State Department of Education for the granting of a declaration of equivalency of high school graduation.

(c) If any compulsory-school-age child, as defined in Section 37-13-91(2), to which TANF eligibility requirements apply is not in compliance with the compulsory school attendance requirements of Section 37-13-91(6), the superintendent of schools of the school district in which the child is enrolled or eligible to attend shall notify the county department of human services of the child's noncompliance. The Department of Human Services shall review school attendance information as provided under this paragraph at all initial eligibility determinations and upon subsequent report of unsatisfactory attendance.

(d) The signature of a person on an application for TANF benefits constitutes permission for the release of school attendance records for that person or for any child residing with that person. The department shall request information from the child's school district about the child's attendance in the school district's most recently completed semester of attendance. If information about the child's previous school attendance is not available or cannot be verified, the department shall require the child to meet the monthly attendance requirement for one (1) semester or until the information is obtained. The department shall use the attendance information provided by a school district to verify attendance for a child. The department shall review with the parent or caretaker relative a child's claim that he or she has a good cause for not attending school.

A school district shall provide information to the department about the attendance of a child who is enrolled in a public school in the district within five (5) working days of the receipt of a written request for that information from the department. The school district shall define how many hours of attendance count as a full day and shall provide that information, upon request, to the department. In reporting attendance, the school district may add partial days' absence together to constitute a full day's absence.

If a school district fails to provide to the department the information about the school attendance of any child within fifteen (15) working days after a written request, the department shall notify the Department of Audit within three (3) working days of the school district's failure to comply with that requirement. The Department of Audit shall begin audit proceedings within five (5) working days of notification by the Department of Human Services to determine the school district's compliance with the requirements of this subsection (4). If the Department of Audit finds that the school district is not in compliance with the requirements of this subsection, the school district shall be penalized as follows: The Department of Audit shall notify the State Department of Education of the school district's noncompliance, and the Department of Education shall reduce the calculation of the school district's average daily attendance (ADA) that is used to determine the allocation of Mississippi Adequate Education Program funds by the number of children for which the district has failed to provide to the Department of Human Services the required information about the school attendance of those children. The reduction in the calculation of the school district's ADA under this paragraph shall be effective for a period of one (1) year.

(e) A child who is required to attend school to meet the requirements under this subsection shall comply except when there is good cause, which shall be demonstrated by any of the following circumstances:

(i) The minor parent is the caretaker of a child less than twelve (12) weeks old; or

(ii) The department determines that child care services are necessary for the minor parent to attend school and there is no child care available; or

(iii) The child is prohibited by the school district from attending school and an expulsion is pending. This exemption no longer applies once the teenager has been expelled; however, a teenager who has been expelled and is making satisfactory progress towards obtaining a High School Equivalency Diploma equivalent shall be eligible for TANF benefits; or

(iv) The child failed to attend school for one or more of the following reasons:

1. Illness, injury or incapacity of the child or the minor parent's child;
2. Court-required appearances or temporary incarceration;
3. Medical or dental appointments for the child or minor parent's child;
4. Death of a close relative;
5. Observance of a religious holiday;
6. Family emergency;
7. Breakdown in transportation;
8. Suspension; or
9. Any other circumstance beyond the control of the child, as defined in regulations of the department.

(f) Upon determination that a child has failed without good cause to attend school as required, the department shall provide written notice to the parent or caretaker relative (whoever is the primary recipient of the TANF benefits) that specifies:

(i) That the family will be sanctioned in the next possible payment month because the child who is required to attend school has failed to meet the attendance requirement of this subsection;

(ii) The beginning date of the sanction, and the child to whom the sanction applies;

(iii) The right of the child's parents or caretaker relative (whoever is the primary recipient of the TANF benefits) to request a fair hearing under this subsection.

The child's parent or caretaker relative (whoever is the primary recipient of the TANF benefits) may request a fair hearing on the department's determination that the child has not been attending school. If the child's parents or caretaker relative does not request a fair hearing under this subsection, or if, after a fair hearing has been held, the hearing officer finds that the child without good cause has failed to meet the monthly attendance requirement, the department shall discontinue or deny TANF benefits to the child thirteen (13) years old, or older, in the next possible payment month. The department shall discontinue or deny twenty-five percent (25%) of the family grant when a child six (6) through twelve (12) years of age without good cause has failed to meet the monthly attendance requirement. Both the child and family sanction may apply when children in both age groups fail to meet the attendance requirement without good cause. A sanction applied under this subsection shall be effective for one (1) month for each month that the child failed to meet the monthly attendance requirement. In the case of a dropout, the sanction shall remain in force until the parent or caretaker relative provides written proof from the school district that the child has reenrolled and met the monthly attendance

requirement for one (1) calendar month. Any month in which school is in session for at least ten (10) days during the month may be used to meet the attendance requirement under this subsection. This includes attendance at summer school. The sanction shall be removed the next possible payment month.

(5) All parents or caretaker relatives shall have their dependent children receive vaccinations and booster vaccinations against those diseases specified by the State Health Officer under Section 41-23-37 in accordance with the vaccination and booster vaccination schedule prescribed by the State Health Officer for children of that age, in order for the parents or caretaker relatives to be eligible or remain eligible to receive TANF benefits. Proof of having received such vaccinations and booster vaccinations shall be given by presenting the certificates of vaccination issued by any health care provider licensed to administer vaccinations, and submitted on forms specified by the State Board of Health. If the parents without good cause do not have their dependent children receive the vaccinations and booster vaccinations as required by this subsection and they fail to comply after thirty (30) days' notice, the department shall sanction the family's TANF benefits by twenty-five percent (25%) for the next payment month and each subsequent payment month until the requirements of this subsection are met.

(6) (a) If the parent or caretaker relative applying for TANF assistance is work eligible, as determined by the Department of Human Services, the person shall be required to engage in an allowable work activity once the department determines the parent or caretaker relative is determined work eligible, or once the parent or caretaker relative has received TANF assistance under the program for twenty-four (24) months, whether or not consecutive, whichever is earlier. No TANF benefits shall be given to any person to whom this section applies who fails without good cause to comply with the Employability Development Plan prepared by the department for the person, or who has refused to accept a referral or offer of employment, training or education in which he or she is able to engage, subject to the penalties prescribed in paragraph (e) of this subsection. A person shall be deemed to have refused to accept a referral or offer of employment, training or education if he or she:

(i) Willfully fails to report for an interview with respect to employment when requested to do so by the department; or

(ii) Willfully fails to report to the department the result of a referral to employment; or

(iii) Willfully fails to report for allowable work activities as prescribed in paragraphs (c) and (d) of this subsection.

(b) The Department of Human Services shall operate a statewide work program for TANF recipients to provide work activities and supportive services to enable families to become self-sufficient and improve their competitive position in the workforce in accordance with the requirements of the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193), as amended, and the regulations promulgated thereunder, and the Deficit Reduction Act of 2005 (Public Law 109-171), as amended. Within sixty (60) days after the initial application for TANF benefits, the TANF recipient must participate in a job search skills training workshop or a job readiness program, which shall include resume writing, job search skills, employability skills and, if available at no charge, the General Aptitude Test Battery or its equivalent. All adults who are not specifically exempt shall be referred by the department for allowable work activities. An adult may be exempt from the mandatory work activity requirement for the following reasons:

(i) Incapacity;

(ii) Temporary illness or injury, verified by physician's certificate;

(iii) Is in the third trimester of pregnancy, and there are complications verified by the certificate of a physician, nurse practitioner, physician assistant, or any other licensed health care professional practicing under a protocol with a licensed physician;

(iv) Caretaker of a child under twelve (12) months, for not more than twelve (12) months of the sixty-month maximum benefit period;

(v) Caretaker of an ill or incapacitated person, as verified by physician's certificate;

(vi) Age, if over sixty (60) or under eighteen (18) years of age;

(vii) Receiving treatment for substance abuse, if the person is in compliance with the substance abuse treatment plan;

(viii) In a two-parent family, the caretaker of a severely disabled child, as verified by a physician's certificate; or

(ix) History of having been a victim of domestic violence, which has been reported as required by state law and is substantiated by police reports or court records, and being at risk of further domestic violence, shall be exempt for a period as deemed necessary by the department but not to exceed a total of twelve (12) months, which need not be consecutive, in the sixty-month maximum benefit period. For the purposes of this subparagraph (ix), "domestic violence" means that an individual has been subjected to:

1. Physical acts that resulted in, or threatened to result in, physical injury to the individual;

2. Sexual abuse;

3. Sexual activity involving a dependent child;

4. Being forced as the caretaker relative of a dependent child to engage in nonconsensual sexual acts or activities;

5. Threats of, or attempts at, physical or sexual abuse;

6. Mental abuse; or

7. Neglect or deprivation of medical care.

(c) For all families, all adults who are not specifically exempt shall be required to participate in work activities for at least the minimum average number of hours per week specified by federal law or regulation, not fewer than twenty (20) hours per week (thirty-five (35) hours per week for two-parent families) of which are attributable to the following allowable work activities:

(i) Unsubsidized employment;

(ii) Subsidized private employment;

(iii) Subsidized public employment;

(iv) Work experience (including work associated with the refurbishing of publicly assisted housing), if sufficient private employment is not available;

(v) On-the-job training;

(vi) Job search and job readiness assistance consistent with federal TANF regulations;

(vii) Community service programs;

(viii) Vocational educational training (not to exceed twelve (12) months with respect to any individual);

(ix) The provision of child care services to an individual who is participating in a community service program;

(x) Satisfactory attendance at high school or in a course of study leading to a high school equivalency certificate, for heads of household under age twenty (20) who have not completed high school or received such certificate;

(xi) Education directly related to employment, for heads of household under age twenty (20) who have not completed high school or received such equivalency certificate.

(d) The following are allowable work activities which may be attributable to hours in excess of the minimum specified in paragraph (c) of this subsection:

(i) Job skills training directly related to employment;

(ii) Education directly related to employment for individuals who have not completed high school or received a high school equivalency certificate;

(iii) Satisfactory attendance at high school or in a course of study leading to a high school equivalency, for individuals who have not completed high school or received such equivalency certificate;

(iv) Job search and job readiness assistance consistent with federal TANF regulations.

(e) If any adult or caretaker relative refuses to participate in allowable work activity as required under this subsection (6), the following full family TANF benefit penalty will apply, subject to due process to include notification, conciliation and a hearing if requested by the recipient:

(i) For the first violation, the department shall terminate the TANF assistance otherwise payable to the family for a two-month period or until the person has complied with the required work activity, whichever is longer;

(ii) For the second violation, the department shall terminate the TANF assistance otherwise payable to the family for a six-month period or until the person has complied with the required work activity, whichever is longer;

(iii) For the third violation, the department shall terminate the TANF assistance otherwise payable to the family for a twelve-month period or until the person has complied with the required work activity, whichever is longer;

(iv) For the fourth violation, the person shall be permanently disqualified.

For a two-parent family, unless prohibited by state or federal law, Medicaid assistance shall be terminated only for the person whose failure to participate in allowable work activity caused the family's TANF assistance to be sanctioned under this paragraph (e), unless an individual is pregnant, but shall not be terminated for any other person in

the family who is meeting that person's applicable work requirement or who is not required to work. Minor children shall continue to be eligible for Medicaid benefits regardless of the disqualification of their parent or caretaker relative for TANF assistance under this subsection (6), unless prohibited by state or federal law.

(f) Any person enrolled in a two-year or four-year college program who meets the eligibility requirements to receive TANF benefits, and who is meeting the applicable work requirements and all other applicable requirements of the TANF program, shall continue to be eligible for TANF benefits while enrolled in the college program for as long as the person meets the requirements of the TANF program, unless prohibited by federal law.

(g) No adult in a work activity required under this subsection (6) shall be employed or assigned (i) when any other individual is on layoff from the same or any substantially equivalent job within six (6) months before the date of the TANF recipient's employment or assignment; or (ii) if the employer has terminated the employment of any regular employee or otherwise caused an involuntary reduction of its workforce in order to fill the vacancy so created with an adult receiving TANF assistance. The Mississippi Department of Employment Security, established under Section 71-5-101, shall appoint one or more impartial hearing officers to hear and decide claims by employees of violations of this paragraph (g). The hearing officer shall hear all the evidence with respect to any claim made hereunder and such additional evidence as he may require and shall make a determination and the reason therefor. The claimant shall be promptly notified of the decision of the hearing officer and the reason therefor. Within ten (10) days after the decision of the hearing officer has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action, in the circuit court of the county in which the claimant resides, against the department for the review of such decision, in which action any other party to the proceeding before the hearing officer shall be made a defendant. Any such appeal shall be on the record which shall be certified to the court by the department in the manner provided in Section 71-5-531, and the jurisdiction of the court shall be confined to questions of law which shall render its decision as provided in that section.

(7) The Department of Human Services may provide child care for eligible participants who require such care so that they may accept employment or remain employed. The department may also provide child care for those participating in the TANF program when it is determined that they are satisfactorily involved in education, training or other allowable work activities. The department may contract with Head Start agencies to provide child care services to TANF recipients. The department may also arrange for child care by use of contract or vouchers, provide vouchers in advance to a caretaker relative, reimburse a child care provider, or use any other arrangement deemed appropriate by the department, and may establish different reimbursement rates for child care services depending on the category of the facility or home. Any center-based or group home child care facility under this subsection shall be licensed by the State Department of Health pursuant to law. When child care is being provided in the child's own home, in the home of a relative of the child, or in any other unlicensed setting, the provision of such child care may be monitored on a random basis by the Department of Human Services or the State Department of Health. Transitional child care assistance may be continued if it is necessary for parents to maintain employment once support has ended, unless prohibited under state or federal law. Transitional child care assistance may be provided for up to twenty-four (24) months after the last month during which the family was eligible for TANF assistance, if federal funds are available for such child care assistance.

(8) The Department of Human Services may provide transportation or provide reasonable reimbursement for transportation expenses that are necessary for individuals to be able to participate in allowable work activity under the TANF program.

(9) Medicaid assistance shall be provided to a family of TANF program participants for up to twenty-four (24) consecutive calendar months following the month in which the participating family would be ineligible for TANF benefits because of increased income, expiration of earned income disregards, or increased hours of employment of the caretaker relative; however, Medicaid assistance for more than twelve (12) months may be provided only if a federal waiver is obtained to provide such assistance for more than twelve (12) months and federal and state funds are available to provide such assistance.

(10) The department shall require applicants for and recipients of public assistance from the department to sign a personal responsibility contract that will require the applicant or recipient to acknowledge his or her responsibilities to the state.

(11) The department shall enter into an agreement with the State Personnel Board and other state agencies that will allow those TANF participants who qualify for vacant jobs within state agencies to be placed in state jobs. State agencies participating in the TANF work program shall receive any and all benefits received by employers in the private sector for hiring TANF recipients. This subsection (11) shall be effective only if the state obtains any necessary federal waiver or approval and if federal funds are available therefor. Not later than September 1, 2021, the department shall prepare a report, which shall be provided to the Chairmen of the House and Senate Public Health Committees and to any other member of the Legislature upon request, on the history, status, outcomes and effectiveness of the agreements required under this subsection.

(12) Any unspent TANF funds remaining from the prior fiscal year may be expended for any TANF allowable activities.

(13) The Mississippi Department of Human Services shall provide TANF applicants information and referral to programs that provide information about birth control, prenatal health care, abstinence education, marriage education, family preservation and fatherhood. In order to carry out the responsibilities imposed under Sections 43-19-31 through 43-19-53, the Child Support Unit may secure, by administrative subpoena from the customer records of public utilities and cable television companies, the names and addresses of individuals and the names and addresses of employers of such individuals that would enable the location of parents or alleged parents who have a duty to provide support and maintenance for their children. The Child Support Unit may also administratively subpoena any and all financial information, including account numbers, names and social security numbers of record for assets, accounts, and account balances from any individual, financial institution, business or other entity, public or private, needed to establish, modify or enforce a support order. No entity complying with an administrative subpoena to supply the requested information of whatever nature shall be liable in any civil action or proceeding on account of such compliance. Full faith and credit shall be given to all uniform administrative subpoenas issued by other state child support units. The recipient of an administrative subpoena shall supply the Child Support Unit, other state and federal IV-D agencies, its attorneys,

investigators, probation officers, county or district attorneys in this state, all information relative to the location, employment, employment-related benefits including, but not limited to, availability of medical insurance, income and property of such parents and alleged parents and with all information on hand relative to the location and prosecution of any person who has, by means of a false statement or misrepresentation or by impersonation or other fraudulent device, obtained Temporary Assistance for Needy Families (TANF) to which he or she was not entitled, notwithstanding any provision of law making such information confidential. The Mississippi Department of Information Technology Services and any other agency in this state using the facilities of the Mississippi Department of Information Technology Services are directed to permit the Child Support Unit access to their files, inclusive of those maintained for other state agencies, for the purpose of locating absent and nonsupporting parents and alleged parents, except to the extent that any such access would violate any valid federal statute or regulation issued pursuant thereto. The Child Support Unit, other state and federal IV-D agencies, its attorneys, investigators, probation officers, or county or district attorneys, shall use such information only for the purpose of investigating or enforcing the support liability of such absent parents or alleged parents or for the prosecution of other persons mentioned herein. Neither the Child Support Unit nor those authorities shall use the information, or disclose it, for any other purpose. All records maintained pursuant to the provisions of Sections 43-19-31 through 43-19-53 shall be confidential and shall be available only to the Child Support Unit, other state and federal IV-D agencies, the attorneys, investigators and other staff employed or under contract under Sections 43-19-31 through 43-19-53, district or county attorneys, probation departments, child support units in other states, and courts having jurisdiction in paternity, support or abandonment proceedings. The Child Support Unit may release to the public the name, photo, last-known address, arrearage amount and other necessary information of a parent who has a judgment against him for child support and is currently in arrears in the payment of this support. Such release may be included in a "Most Wanted List" or other media in order to solicit assistance.

(2) The Child Support Unit shall have the authority to secure information from the records of the Mississippi Department of Employment Security that may be necessary to locate absent and nonsupporting parents and alleged parents under the provisions of Sections 43-19-31 through 43-19-53. Upon request of the Child Support Unit, all departments, boards, bureaus and agencies of the state shall provide to the Child Support Unit verification of employment or payment and the address and social security number of any person designated as an absent or nonsupporting parent or alleged parent. In addition, upon request of the Child Support Unit, the Mississippi Department of Employment Security, or any private employer or payor of any income to a person designated as an absent or nonsupporting parent or alleged parent, shall provide to the Child Support Unit verification of employment or payment and the address and social security number of the person so designated. Full faith and credit shall be given to such notices issued by child support units in other states. All such records and information shall be confidential and shall not be used for any purposes other than those specified by Sections 43-19-31 through 43-19-53. The violation of the provisions of this subsection shall be unlawful and any person convicted of violating the provisions of this subsection shall be guilty of a misdemeanor and shall pay a fine of not more than Two Hundred Dollars (\$200.00).

(3) Federal and state IV-D agencies shall have access to the state parent locator service and any system used by the Child Support Unit to locate an individual for purposes relating to motor vehicles or law enforcement. No employer or other source of income who complies with this section shall be liable in any civil action or proceeding brought by the obligor or obligee on account of such compliance.

(5) In cases in which an employer fails to report information, as required by this section, an administratively levied civil penalty in an amount not to exceed Five Hundred Dollars (\$500.00) shall apply if the failure is the result of a conspiracy between the employer and employee to not supply the required report or to supply a false or incomplete report. SECTION 55. Section 57-62-9, Mississippi Code of 1972, is reenacted as follows:

[For businesses or industries that received or applied for incentive payments prior to July 1, 2005, this section shall read as follows:]

57-62-9. (1) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of

Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed the amount of money previously paid into the fund by the employer. A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) In order to qualify to receive such payments, the establishment applying shall be required to:

(a) Be engaged in a qualified business or industry;

(b) Provide an average salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for this requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must create and maintain a minimum of ten (10) full-time jobs in counties that have an average unemployment rate over the previous twelve-month period which is at least one hundred fifty percent (150%) of the most recently published state unemployment rate, as determined by the Mississippi Department of Employment Security or in Tier Three counties as determined under Section 57-73-21. In all other counties, the business or industry must create and maintain a minimum of twenty-five (25) full-time jobs. The criteria for this requirement shall be based on the designation of the county at the time of the application. The threshold established upon the application will remain constant for the duration of the project. The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) The MDA shall determine if the applicant is qualified to receive incentive payments. If the applicant is determined to be qualified by the MDA, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a period not to exceed ten (10) years and to estimate the amount of gross payroll for the period. If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business

or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this chapter, shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

[For businesses or industries that received or applied for incentive payments from and after July 1, 2005, but prior to July 1, 2010, this section shall read as follows:]

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed:

(i) Ninety percent (90%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser;

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)¹ may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)¹ may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)¹ and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be

based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this chapter, shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

[For businesses or industries that apply for incentive payments from and after July 1, 2010, this section shall read as follows:]

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during such period, excluding benefits which are not subject to Mississippi income taxes.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(c) A qualified business or industry as defined in Section 57-62-5(a)(iii) may elect the date upon which the ten-year period will begin and may elect to begin receiving incentive payments as early as the second quarter after that date. Incentive payments will be calculated on all jobs above the existing number of jobs as of the date the MDA determines that the applicant is qualified to receive incentive payments. In the event that the qualified business or industry falls below the number of existing jobs at the time of determination that the applicant is qualified to receive the incentive payment, the incentive payment shall cease until the qualified business or industry once again exceeds that number. If after forty-eight (48) months, the qualified business or industry has failed to create at least three thousand (3,000) new direct jobs, incentive payments shall cease and the qualified business or industry shall not be qualified to receive further incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)¹ and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) Except as otherwise provided for a qualified business or industry as defined in Section 57-62-5(a)(iii), the business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct an analysis to estimate the amount of gross payroll for the appropriate additional period. Incentive payments, cumulatively, shall not exceed ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during the additional period, excluding benefits which are not subject to Mississippi income taxes. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the minimum job and salary requirements. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this chapter, shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

71-5-355. (1) As used in this section, the following words and phrases shall have the following meanings, unless the context clearly requires otherwise:

(a) "Tax year" means any period beginning on January 1 and ending on December 31 of a year.

(b) "Computation date" means June 30 of any calendar year immediately preceding the tax year during which the particular contribution rates are effective.

(c) "Effective date" means January 1 of the tax year.

(d) Except as hereinafter provided, "payroll" means the total of all wages paid for employment by an employer as defined in Section 71-5-11, subsection H, plus the total of all remuneration paid by such employer excluded from the definition of wages by Section 71-5-351. For the computation of modified rates, "payroll" means the total of all wages paid for employment by an employer as defined in Section 71-5-11, subsection H.

(e) For the computation of modified rates, "eligible employer" means an employer whose experience-rating record has been chargeable with benefits throughout the thirty-six (36) consecutive calendar-month period ending on the computation date, except that any employer who has not been subject to the Mississippi Employment Security Law for a period of time sufficient to meet the thirty-six (36) consecutive

calendar-month requirement shall be an eligible employer if his or her experience-rating record has been chargeable throughout not less than the twelve (12) consecutive calendar-month period ending on the computation date. No employer shall be considered eligible for a contribution rate less than five and four-tenths percent (5.4%) with respect to any tax year, who has failed to file any two (2) quarterly reports within the qualifying period by September 30 following the computation date. No employer or employing unit shall be eligible for a contribution rate of less than five and four-tenths percent (5.4%) for the tax year in which the employing unit is found by the department to be in violation of Section 71-5-19(2) or (3) and for the next two (2) succeeding tax years. No representative of such employing unit who was a party to a violation as described in Section 71-5-19(2) or (3), if such representative was or is an employing unit in this state, shall be eligible for a contribution rate of less than five and four-tenths percent (5.4%) for the tax year in which such violation was detected by the department and for the next two (2) succeeding tax years.

(f) With respect to any tax year, "reserve ratio" means the ratio which the total amount available for the payment of benefits in the Unemployment Compensation Fund, excluding any amount which has been credited to the account of this state under Section 903 of the Social Security Act, as amended, and which has been appropriated for the expenses of administration pursuant to Section 71-5-457 whether or not withdrawn from such account, on October 31 (close of business) of each calendar year bears to the aggregate of the taxable payrolls of all employers for the twelve (12) calendar months ending on June 30 next preceding.

(g) "Modified rates" means the rates of employer unemployment insurance contributions determined under the provisions of this chapter and the rates of newly subject employers, as provided in Section 71-5-353.

(h) For the computation of modified rates, "qualifying period" means a period of not less than the thirty-six (36) consecutive calendar months ending on the computation date throughout which an employer's experience-rating record has been chargeable with benefits; except that with respect to any eligible employer who has not been subject to this article for a period of time sufficient to meet the thirty-six (36) consecutive calendar-month requirement, "qualifying period" means the period ending on the computation date throughout which his or her experience-rating record has been chargeable with benefits, but in no event less than the twelve (12) consecutive calendar-month period ending on the computation date throughout which his or her experience-rating record has been so chargeable.

(i) The "exposure criterion" (EC) is defined as the cash balance of the Unemployment Compensation Fund which is available for the payment of benefits as of November 16 of each calendar year or the next working day if November 16 falls on a holiday or a weekend, divided by the total wages, exclusive of wages paid by all state agencies, all political subdivisions, reimbursable nonprofit corporations, and tax-exempt public service employment, for the twelve-month period ending June 30 immediately preceding such date. The EC shall be computed to four (4) decimal places and rounded up if any fraction remains. Notwithstanding any other provision contained herein, the date for determining the cash balance of the Unemployment Compensation Fund which is available for the payment of benefits for the calendar years 2020 and 2021 shall be December 31.

(j) The "cost rate criterion" (CRC) is defined as follows: Beginning with January 1974, the benefits paid for the twelve-month period ending December 1974 are summed and divided by the total wages for the twelve-month period ending on June 30, 1975. Similar ratios are computed by subtracting the earliest month's benefit payments and adding the benefits of the next month in the sequence and dividing each sum of twelve (12) months' benefits by the total wages for the twelve-month period ending on the June 30 which is nearest to the final month of the period used to compute the numerator. If December is the final month of the period used to compute the numerator, then the

twelve-month period ending the following June 30 will be used for the denominator. Benefits and total wages used in the computation of the cost rate criterion shall exclude all benefits and total wages applicable to state agencies, political subdivisions, reimbursable nonprofit corporations, and tax-exempt PSE employment.

The CRC shall be computed as the average for the highest monthly value of the cost rate criterion computations during each of the economic cycles since the calendar year 1974 as defined by the National Bureau of Economic Research. The CRC shall be computed to four (4) decimal places and any remainder shall be rounded up.

The CRC shall be adjusted only through annual computations and additions of future economic cycles.

(k) "Size of fund index" (SOFI) is defined as the ratio of the exposure criterion (EC) to the cost rate criterion (CRC). The target size of fund index will be fixed at 1.0. If the insured unemployment rate (IUR) exceeds a four and five-tenths percent (4.5%) average for the most recent completed July to June period, the target SOFI will be .8 and will remain at that level until the computed SOFI (the average exposure criterion of the current year and the preceding year divided by the average cost rate criterion) equals 1.0 or the average IUR falls to four and five-tenths percent (4.5%) or less for any period July to June. However, if the IUR falls below two and five-tenths percent (2.5%) for any period July to June the target SOFI shall be 1.2 until such time as the computed SOFI is equal to or greater than 1.0 or the IUR is equal to or greater than two and five-tenths percent (2.5%), at which point the target SOFI shall return to 1.0.

(l) No employer's unemployment contribution general experience rate plus individual unemployment experience rate shall exceed five and four-tenths percent (5.4%). Accrual rules shall apply for purposes of computing contribution rates including associated functions.

(m) The term "general experience rate" has the same meaning as the minimum tax rate.

(2) Modified rates:

(a) For any tax year, when the reserve ratio on the preceding November 16, in the case of any tax year, equals or exceeds three percent (3%), the modified rates, as hereinafter prescribed, shall be in effect. In computation of this reserve ratio, any remainder shall be rounded down.

(b) Modified rates shall be determined for the tax year for each eligible employer on the basis of his or her experience-rating record in the following manner:

(i) The department shall maintain an experience-rating record for each employer. Nothing in this chapter shall be construed to grant any employer or individuals performing services for him or her any prior claim or rights to the amounts paid by the employer into the fund.

(ii) Benefits paid to an eligible individual shall be charged against the experience-rating record of his or her base period employers in the proportion to which the wages paid by each base period employer bears to the total wages paid to the individual by all the base period employers, provided that benefits shall not be charged to an employer's experience-rating record if the department finds that the individual:

1. Voluntarily left the employ of such employer without good cause attributable to the employer or to accept other work;

2. Was discharged by such employer for misconduct connected with his or her work;

3. Refused an offer of suitable work by such employer without good cause, and the department further finds that such benefits are based on wages for employment for such employer prior to such voluntary leaving, discharge or refusal of suitable work, as the case may be;

4. Had base period wages which included wages for previously uncovered services as defined in Section 71-5-511(e) to the extent that the Unemployment Compensation Fund is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566;

5. Extended benefits paid under the provisions of Section 71-5-541 which are not reimbursable from federal funds shall be charged to the experience-rating record of base period employers;

6. Is still working for such employer on a regular part-time basis under the same employment conditions as hired. Provided, however, that benefits shall be charged against an employer if an eligible individual is paid benefits who is still working for such employer on a part-time "as-needed" basis;

7. Was hired to replace a United States serviceman or servicewoman called into active duty and was laid off upon the return to work by that serviceman or servicewoman, unless such employer is a state agency or other political subdivision or instrumentality of the state;

8. Was paid benefits during any week while in training with the approval of the department, under the provisions of Section 71-5-513B, or for any week while in training approved under Section 236(a)(1) of the Trade Act of 1974, under the provisions of Section 71-5-513C;

9. Is not required to serve the one-week waiting period as described in Section 71-5-505(2). In that event, only the benefits paid in lieu of the waiting period week may be noncharged; or

10. Was paid benefits as a result of a fraudulent claim, provided notification was made to the Mississippi Department of Employment Security in writing or by email by the employer, within ten (10) days of the mailing of the notice of claim filed to the employer's last-known address.

(iii) Notwithstanding any other provision contained herein, an employer shall not be noncharged when the department finds that the employer or the employer's agent of record was at fault for failing to respond timely or adequately to the request of the department for information relating to an unemployment claim that was subsequently determined to be improperly paid, unless the employer or the employer's agent of record shows good cause for having failed to respond timely or adequately to the request of the department for information. For purposes of this subparagraph "good cause" means an event that prevents the employer or employer's agent of record from timely responding, and includes a natural disaster, emergency or similar event, or an illness on the part of the employer, the employer's agent of record, or their staff charged with responding to such inquiries when there is no other individual who has the knowledge or ability to respond. Any agency error that resulted in a delay in, or the failure to deliver notice to, the employer or the employer's agent of record shall also be considered good cause for purposes of this subparagraph.

(iv) The department shall compute a benefit ratio for each eligible employer, which shall be the quotient obtained by dividing the total benefits charged to his or her experience-rating record during the period his or her experience-rating record has been chargeable, but not less than the twelve (12) consecutive calendar-month period nor more than the thirty-six (36) consecutive calendar-month period ending on the

computation date, by his or her total taxable payroll for the same period on which all unemployment insurance contributions due have been paid on or before the September 30 immediately following the computation date. Such benefit ratio shall be computed to the tenth of a percent (.1%), rounding any remainder to the next higher tenth.

(v) 1. The unemployment insurance contribution rate for each eligible employer shall be the sum of two (2) rates: his or her individual experience rate in the range from zero percent (0%) to five and four-tenths percent (5.4%), plus a general experience rate. In no event shall the resulting unemployment insurance rate be in excess of five and four-tenths percent (5.4%), however, it is the intent of this section to provide the ability for employers to have a tax rate, the general experience rate plus the individual experience rate, of up to five and four-tenths percent (5.4%).

2. The employer's individual experience rate shall be equal to his or her benefit ratio as computed under paragraph (b)(iv) of this subsection (2).

3. The general experience rate shall be determined in the following manner: The department shall determine annually, for the thirty-six (36) consecutive calendar-month period ending on the computation date, the amount of benefits which were not charged to the record of any employer and of benefits which were ineffectively charged to the employer's experience-rating record. For the purposes of this item 3, the term "ineffectively charged benefits" shall include:

a. The total of the amounts of benefits charged to the experience-rating records of all eligible employers which caused their benefit ratios to exceed five and four-tenths percent (5.4%);

b. The total of the amounts of benefits charged to the experience-rating records of all ineligible employers which would cause their benefit ratios to exceed five and four-tenths percent (5.4%) if they were eligible employers; and

c. The total of the amounts of benefits charged or chargeable to the experience-rating record of any employer who has discontinued his or her business or whose coverage has been terminated within such period; provided, that solely for the purposes of determining the amounts of ineffectively charged benefits as herein defined, a "benefit ratio" shall be computed for each ineligible employer, which shall be the quotient obtained by dividing the total benefits charged to his or her experience-rating record throughout the period ending on the computation date, during which his or her experience-rating record has been chargeable with benefits, by his or her total taxable payroll for the same period on which all unemployment insurance contributions due have been paid on or before the September 30 immediately following the computation date; and provided further, that such benefit ratio shall be computed to the tenth of one percent (.1%) and any remainder shall be rounded to the next higher tenth.

The ratio of the sum of these amounts (subsection (2)(b)(v)3a, b and c) to the taxable wages paid during the same period divided by all eligible employers whose benefit ratio did not exceed five and four-tenths percent (5.4%), computed to the next higher tenth of one percent (.1%), shall be the general experience rate; however, the general experience rate for rate year 2014 shall be two tenths of one percent (.2%) and to that will be added the employer's individual experience rate for the total unemployment insurance rate.

4. a. Except as otherwise provided in this item 4, the general experience rate shall be adjusted by use of the size of fund index factor. This factor may be positive or negative, and shall be determined as follows: From the target SOFI, as defined in subsection (1)(k) of this section, subtract the simple average of the current and preceding years' exposure criteria divided by the cost rate criterion, as defined in subsection (1)(j) of this section. The result is then multiplied by the product of the CRC,

as defined in subsection (1)(j) of this section, and total wages for the twelve-month period ending June 30 divided by the taxable wages for the twelve-month period ending June 30. This is the percentage positive or negative added to the general experience rate. The sum of the general experience rate and the trust fund adjustment factor shall be multiplied by fifty percent (50%) and this product shall be computed to one (1) decimal place, and rounded to the next higher tenth.

b. Notwithstanding the minimum rate provisions as set forth in subsection (1)(l) of this section, the general experience rate of all employers shall be reduced by seven one-hundredths of one percent (.07%) for calendar year 2013 only.

5. The general experience rate shall be zero percent (0%) unless the general experience ratio for any tax year as computed and adjusted on the basis of the trust fund adjustment factor and reduced by fifty percent (50%) is an amount equal to or greater than two-tenths of one percent (.2%), then the general experience rate shall be the computed general experience ratio and adjusted on the basis of the trust fund adjustment factor and reduced by fifty percent (50%); however, in no case shall the sum of the general experience plus the individual experience unemployment insurance rate exceed five and four-tenths percent (5.4%). For rate years subsequent to 2014, Mississippi Workforce Enhancement Training contribution rate, and/or State Workforce Investment contribution rate, and/or Mississippi Works contribution rate, when in effect, shall be added to the unemployment contribution rate, regardless of whether the addition of this contribution rate causes the total contribution rate for the employer to exceed five and four-tenths percent (5.4%).

6. The department shall include in its annual rate notice to employers a brief explanation of the elements of the general experience rate, and shall include in its regular publications an annual analysis of benefits not charged to the record of any employer, and of the benefit experience of employers by industry group whose benefit ratio exceeds four percent (4%), and of any other factors which may affect the size of the general experience rate.

7. Notwithstanding any other provision contained herein, the general experience rate for calendar year 2021 shall be zero percent (0%). Charges attributed to each employer's individual experience rate for the period March 8, 2020, through June 30, 2020, will not impact the employer's individual experience rate calculations for purposes of calculating the total unemployment insurance rate for 2021 and the two (2) subsequent tax rate years. Moreover, charges attributed to each employer's individual experience rate for the period July 1, 2020, through December 31, 2020, will not impact the employer's individual experience rate calculations for purposes of calculating the total unemployment insurance rate for 2022 and the two (2) subsequent tax rate years. Furthermore, noncharges as defined hereinabove caused by the COVID-19 pandemic will not be used for the purposes of calculating the general experience rate.

(vi) When any employing unit in any manner succeeds to or acquires the organization, trade, business or substantially all the assets thereof of an employer, excepting any assets retained by such employer incident to the liquidation of his or her obligations, whether or not such acquiring employing unit was an employer within the meaning of Section 71-5-11, subsection H, prior to such acquisition, and continues such organization, trade or business, the experience-rating and payroll records of the predecessor employer shall be transferred as of the date of acquisition to the successor employer for the purpose of rate determination.

(vii) When any employing unit succeeds to or acquires a distinct and severable portion of an organization, trade or business, the experience-rating and payroll records of such portion, if separately identifiable, shall be transferred to the successor upon:

1. The mutual consent of the predecessor and the successor;
2. Approval of the department;
3. Continued operation of the transferred portion by the successor after transfer; and
4. The execution and the filing with the department by the predecessor employer of a waiver relinquishing all rights to have the experience-rating and payroll records of the transferred portion used for the purpose of determining modified rates of contribution for such predecessor.

(viii) If the successor was an employer subject to this chapter prior to the date of acquisition, it shall continue to pay unemployment insurance contributions at the rate applicable to it from the date the acquisition occurred until the end of the then current tax year. If the successor was not an employer prior to the date of acquisition, it shall pay unemployment insurance contributions at the rate applicable to the predecessor or, if more than one (1) predecessor and the same rate is applicable to both, the rate applicable to the predecessor or predecessors, from the date the acquisition occurred until the end of the then current tax year. If the successor was not an employer prior to the date the acquisition occurred and simultaneously acquires the businesses of two (2) or more employers to whom different rates of unemployment insurance contributions are applicable, it shall pay unemployment insurance contributions from the date of the acquisition until the end of the current tax year at a rate computed on the basis of the combined experience-rating and payroll records of the predecessors as of the computation date for such tax year. In all cases the rate of unemployment insurance contributions applicable to such successor for each succeeding tax year shall be computed on the basis of the combined experience-rating and payroll records of the successor and the predecessor or predecessors.

(ix) The department shall notify each employer quarterly of the benefits paid and charged to his or her experience-rating record; and such notification, in the absence of an application for redetermination filed within thirty (30) days after the date of such notice, shall be final, conclusive and binding upon the employer for all purposes. A redetermination, made after notice and opportunity for a fair hearing, by a hearing officer designated by the department who shall consider and decide these and related applications and protests; and the finding of fact in connection therewith may be introduced into any subsequent administrative or judicial proceedings involving the determination of the rate of unemployment insurance contributions of any employer for any tax year, and shall be entitled to the same finality as is provided in this subsection with respect to the findings of fact in proceedings to redetermine the contribution rate of an employer.

(x) The department shall notify each employer of his or her rate of contribution as determined for any tax year as soon as reasonably possible after September 1 of the preceding year. Such determination shall be final, conclusive and binding upon such employer unless, within thirty (30) days after the date of such notice to his or her last-known address, the employer files with the department an application for review and redetermination of his or her contribution rate, setting forth his or her reasons therefor. If the department grants such review, the employer shall be promptly notified thereof and shall be afforded an opportunity for a fair hearing by a hearing officer designated by the department who shall consider and decide these and related applications and protests; but no employer shall be allowed, in any proceeding involving his or her rate of unemployment insurance contributions or contribution liability, to contest the chargeability to his or her account of any benefits paid in accordance with a determination, redetermination or decision pursuant to Sections 71-5-515 through 71-5-533 except upon the ground that the services on the basis of which such benefits were found to be chargeable did not constitute services performed in employment for him or her, and then only in the event that he or she was not a party to such determination,

redetermination, decision or to any other proceedings provided in this chapter in which the character of such services was determined. The employer shall be promptly notified of the denial of this application or of the redetermination, both of which shall become final unless, within ten (10) days after the date of notice thereof, there shall be an appeal to the department itself. Any such appeal shall be on the record before said designated hearing officer, and the decision of said department shall become final unless, within thirty (30) days after the date of notice thereof to the employer's last-known address, there shall be an appeal to the Circuit Court of the First Judicial District of Hinds County, Mississippi, in accordance with the provisions of law with respect to review of civil causes by certiorari.

(3) Notwithstanding any other provision of law, the following shall apply regarding assignment of rates and transfers of experience:

(a) (i) If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management or control of the two (2) employers, then the unemployment experience attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. The rates of both employers shall be recalculated and made effective on January 1 of the year following the year the transfer occurred.

(ii) If, following a transfer of experience under subparagraph (i) of this paragraph (a), the department determines that a substantial purpose of the transfer of trade or business was to obtain a reduced liability of unemployment insurance contributions, then the experience-rating accounts of the employers involved shall be combined into a single account and a single rate assigned to such account.

(b) Whenever a person who is not an employer or an employing unit under this chapter at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business shall not be transferred to such person if the department finds that such person acquired the business solely or primarily for the purpose of obtaining a lower rate of unemployment insurance contributions. Instead, such person shall be assigned the new employer rate under Section 71-5-353, unless assignment of the new employer rate results in an increase of less than two percent (2%), in which case such person would be assigned the new employer rate plus an additional two percent (2%) penalty for the rate year. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of unemployment insurance contributions, the department shall use objective factors which may include the cost of acquiring the business, whether the person continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

(c) (i) If a person knowingly violates or attempts to violate paragraph (a) or (b) of this subsection or any other provision of this chapter related to determining the assignment of a contribution rate, or if a person knowingly advises another person in a way that results in a violation of such provision, the person shall be subject to the following penalties:

1. If the person is an employer, then such employer shall be assigned the highest rate assignable under this chapter for the rate year during which such violation or attempted violation occurred and the three (3) rate years immediately following this rate year. However, if the person's business is already at such highest rate for any year, or if the amount of increase in the person's rate would be less than two percent (2%) for such year, then the person's tax rate shall be increased by two percent (2%) for such year. The penalty rate will apply to the successor business as well as the related entity from which the employees were transferred in an effort to obtain a lower rate of unemployment insurance contributions.

2. If the person is not an employer, such person shall be subject to a civil money penalty of not more than Five Thousand Dollars (\$5,000.00). Each such transaction for which advice was given and each occurrence or reoccurrence after notification being given by the department shall be a separate offense and punishable by a separate penalty. Any such fine shall be deposited in the penalty and interest account established under Section 71-5-114.

(ii) For purposes of this paragraph (c), the term "knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

(iii) For purposes of this paragraph (c), the term "violates or attempts to violate" includes, but is not limited to, intent to evade, misrepresentation or willful nondisclosure.

(iv) In addition to the penalty imposed by subparagraph (i) of this paragraph (c), any violation of this subsection may be punishable by a fine of not more than Ten Thousand Dollars (\$10,000.00) or by imprisonment for not more than five (5) years, or by both such fine and imprisonment. This subsection shall prohibit prosecution under any other criminal statute of this state.

(d) The department shall establish procedures to identify the transfer or acquisition of a business for purposes of this subsection.

(e) For purposes of this subsection:

(i) "Person" has the meaning given such term by Section 7701(a)(1) of the Internal Revenue Code of 1986; and

(ii) "Employing unit" has the meaning as set forth in Section 71-5-11.

(f) This subsection shall be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor.

SECTION 63. The following shall be codified as Section 71-5-146, Mississippi Code of 1972:

71-5-146. (1) In order to increase fraud prevention and data integrity, the department shall have the authority to fingerprint and conduct a background investigation on every employee, contractor and subcontractor who:

(a) Has access to Federal Tax Information (FTI); or

(b) Is otherwise required by state or federal law or regulations to undergo a background investigation.

(2) The department shall have the authority to enact policies and procedures that allow designated department employees:

(a) To access and review state and federal criminal history records;

(b) To fingerprint individuals identified in subsection (1) of this section;

(c) To forward the fingerprints to the Federal Bureau of Investigation for a fingerprint-based national criminal history record check for the purpose of establishing and ensuring that background investigation requirements for all agency employees, contractors and subcontractors that have access to FTI are consistent with the Internal

Revenue Service's background investigation requirements for access to FTI, including, but not limited to, IRS Publication 1075; and

(d) To develop additional background policies and procedures as required by state or federal law or regulations.

SECTION 64. Section 61 of this act shall take effect and be in force from and after January 1, 2023, and the remainder of this act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Caughman called up the following entitled bill:

H. B. No. 1110: Second Amendment Financial Privacy Act; create.

Senator Caughman offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known and may be cited as the "Second Amendment Financial Privacy Act."

SECTION 2. The Legislature finds that:

(a) The Second Amendment to the United States Constitution guarantees the people the right to keep and bear arms;

(b) Article III, Section 12, Mississippi Constitution of 1890, provides that "The right of every citizen to keep and bear arms in defense of his home, person, or property, or in aid of the civil power when thereto legally summoned, shall not be called in question, but the Legislature may regulate or forbid carrying concealed weapons";

(c) In September 2022, the International Organization for Standardization (ISO), based in Switzerland, approved a new merchant category code for firearm and ammunition merchants;

(d) In the letter to payment card networks, federal lawmakers stated that the new Merchant Category Code for firearms retailers would be ". . .the first step towards facilitating the collection of valuable financial data that could help law enforcement in

countering the financing of terrorism efforts", expressing a clear government expectation that networks will utilize the new Merchant Category Code to conduct mass surveillance of constitutionally protected firearms and ammunition purchases in cooperation with law enforcement;

(e) This potential for cooperative surveillance and tracking of lawful firearms and ammunition purchases will have a significant chilling effect on citizens wishing to exercise their federal and state constitutional rights to keep and bear arms in Mississippi;

(f) While federal law requires some financial institutions to report transactions that are highly indicative of money laundering or other unlawful activities, there is no federal or state law authorizing financial institutions to surveil and track lawful activities by customers in cooperation with law enforcement;

(g) The creation or maintenance of records of purchases of firearms or ammunition or the tracking of sales made by a retailer of firearms or ammunition by a nongovernmental entity, including a financial institution, without a substantial and historical business need or a requirement imposed by law, may frustrate the right to keep and bear arms and violate the reasonable privacy rights of lawful purchasers of firearms or ammunition; and

(h) Based on the above stated findings, it is the intent of the Legislature to prohibit the misuse of payment card processing systems to surveil, report, or otherwise discourage constitutionally protected firearm and ammunition purchases within the State of Mississippi.

SECTION 3. As used in this act, the following words shall have the meanings as defined in this section, unless the context clearly indicates otherwise:

(a) "Customer" means any resident of Mississippi engaged in a payment card transaction that a financial institution facilitates or processes.

(b) "Disclosure" or "disclose" means the transfer, publication, or distribution of protected financial information to another person or entity for any purpose other than: (i) to process or facilitate a payment card transaction; or (ii) to take any actions related to dispute processing, fraud management, or protecting transaction integrity from concerns related to illegal activities, breach or cyber risks.

(c) "Financial institution" means an entity involved in facilitating or processing a payment card transaction, including, but not limited to, a bank, an acquirer, payment card network, or payment card issuer.

(d) "Financial record" means a record held by a financial institution related to a payment card transaction that the financial institution has processed or facilitated.

(e) "Firearms retailer" means any person or entity physically located in the State of Mississippi engaged in the lawful business of selling or trading firearms or ammunition to be used in firearms.

(f) "Firearms code" means the Merchant Category Code 5723 approved in September 2022 by the International Organization for Standardization for firearms retailers.

(g) "Government entity" means any county or municipality, or state board, commission, agency, bureau, department, or any other political subdivision of the state.

(h) "Protected financial information" means any record of a sale, purchase, return, or refund involving a payment card that is retrieved, characterized, generated, labeled, sorted, or grouped based on the assignment of a firearms code.

SECTION 4. (1) Except for those records kept during the regular course of a criminal investigation and prosecution or as otherwise required by law, a state governmental agency or local government, special district, or other political subdivision or official, agent, or employee of the state or other governmental entity or any other person, public or private, other than the owner or owner's representative, may not knowingly and willfully keep or cause to be kept any list, record, or registry of privately owned firearms or any list, record, or registry of the owners of those firearms.

(2) A financial institution or its agent may not require the usage of the firearms code in a way that distinguishes a firearms retailer physically located in the State of Mississippi from general merchandise retailers or sporting goods retailers.

(3) A financial institution may not discriminate against a firearms retailer by declining a lawful payment card transaction based solely on the assignment or nonassignment of a firearms code; provided that a financial entity may decline or otherwise refuse to process the transaction on the basis of the firearms code only if necessary to comply with this section or if requested by the customer due to card security controls, fraud controls, or merchant category exclusions offered by a financial entity for the purpose of expenditure control or corporate card control.

(4) Except as otherwise required by law or regulation, a financial institution may not disclose a financial record, including a firearms code that was collected in violation of this act, unless the disclosure of such financial record or firearms code was based on a good-faith conclusion that the entity's action was required by applicable law or regulation.

(5) Nothing in this section shall limit the ability of a financial institution to negotiate with responsible parties or otherwise impair the financial institution's actions related to dispute processing, fraud management, protecting transaction integrity from concerns related to illegal activities, breach or cyber risks.

SECTION 5. (1) The Attorney General may investigate alleged violations of this act and, upon finding a violation, shall provide written notice to any individual or entity, public or private, believed to be in violation of this act. Written notice to any commercial entity shall be made to the entity's registered agent pursuant to Section 79-35-13. Upon receipt of such written notice from the Attorney General, the entity shall have thirty (30) calendar days to cease any violation of this act.

(2) Either a firearms retailer physically located in Mississippi whose business was the subject of an alleged violation of this act or a customer who transacted at a firearms retailer physically located in Mississippi whose business was the subject of an alleged violation of this act, may petition the Attorney General to investigate the alleged violation in accordance with subsection (1) of this section.

(3) (a) If an individual or entity is found to be in violation of this act and fails to cease the violating activity after the expiration of thirty (30) calendar days from the receipt of written notice by the Attorney General's office, the Attorney General may pursue an injunction against any individual or entity, public or private, alleged to be in violation of this act. The Attorney General may pursue an injunction pursuant to this subsection in chancery court in the judicial district where the alleged violation occurred against the individual or entity in alleged violation of this act.

(b) If a court finds that an individual or entity continues to be in violation of this act after thirty (30) calendar days from receiving written notice from the Attorney General in accordance with subsection (1) of this section, then the court shall enjoin the individual or entity from continuing the activity found to be in violation of this act.

(c) If an individual or entity knowingly and willfully fails to comply with an injunction as provided in paragraph (b) of this subsection within thirty (30) days after being

served with the injunction, then the Attorney General, upon petition to the court, may recover on behalf of the state a civil penalty in a sum not to exceed Ten Thousand Dollars (\$10,000.00) per violation of an injunction issued pursuant to paragraph (b) of this subsection, committed after the expiration of the period of thirty (30) days after the entity was served with the injunction. In assessing such a penalty, the court shall consider factors, including the financial resources of the violator and the harm or risk of harm to the Second Amendment rights resulting from the violation. The Attorney General may also recover, in addition to the civil penalty pursuant to this subsection, investigative costs and a reasonable attorney's fee. Any order assessing a penalty for violation of this act pursuant to this paragraph shall be stayed pending appeal of the order.

(d) The remedies set forth in this act shall be the exclusive remedies for violation of this act.

(e) It shall be a defense to a proceeding initiated pursuant to this act that such firearms code was required to be used based on a good-faith conclusion that the entity's disclosure or action was required by applicable law or regulation.

SECTION 6. This act shall take effect and be in force from and after January 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator McCaughn offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 69-37-17, Mississippi Code of 1972, is amended as follows:

69-37-17. (1) At the request of the corporation, the bureau shall authorize a statewide referendum among all Mississippi cotton growers on the question of whether an assessment, not to exceed One Dollar (\$1.00) per acre, shall be levied upon all cotton producers to offset, in whole or in part, the cost of maintaining the corporation, conducting referenda, and/or conducting a program to collect data and information on boll weevil populations and control costs. Any assessments levied for data-collecting programs as a result of the referendum shall be in addition to assessments being collected to support any other boll weevil management programs in the state.

(2) At the request of the corporation, the bureau shall authorize a statewide referendum among all Mississippi cotton growers on the question of whether an assessment, not to exceed Twelve Dollars (\$12.00) per acre, shall be levied upon all cotton growers to offset, in whole or in part, the cost of managing boll weevil suppression, pre-eradication, eradication, or post-eradication programs authorized by this chapter or by any other law of this state. The programs shall be designed on a statewide basis.

(3) The assessment levied under this chapter shall be based upon the level of boll weevil infestation and the anticipated cost of conducting the proposed program, as determined by available scientific data, and the number of acres of cotton planted in the specified management zone. The maximum amount of the assessment, the period of time for which it shall be levied, how it shall be levied, and when it shall be paid shall be determined by the bureau and the board and established by regulations according to this

section. The maximum amount of the assessment, the period of time for which it will be levied, and when the payment is due shall appear on all ballots for the referenda authorized by subsections (1) and (2) of this section.

(4) All cotton growers having membership in a local cotton growers association shall be entitled to vote in any referendum authorized by subsections (1) and (2) of this section, and the bureau, after consultation with the corporation, shall determine any questions of eligibility to vote. A cotton grower must be growing cotton within this state and be a member of a local cotton growers association in order to be eligible to vote in elections and referenda concerning boll weevil management practices.

(5) Each eligible cotton grower shall be mailed a ballot upon which to cast a vote for or against the boll weevil suppression, pre-eradication, eradication or post-eradication program.

(6) Passage of a referendum under subsection (1) or (2) of this section shall require that at least twenty percent (20%) of the registered cotton growers vote in the referendum and that a majority of those voting statewide approve the referendum.

(7) (a) The assessments collected by the department under this chapter shall be promptly remitted to the State Treasury on behalf of the corporation in the special fund established in paragraph (b) of this subsection to be held in trust for the use and benefit of the corporation in administering the designated boll weevil management program through the suppression, pre-eradication, eradication or post-eradication of boll weevils.

(b) There is created within the State Treasury a special fund to be designated the "Mississippi Boll Weevil Management Corporation Trust Fund" into which shall be deposited all the revenues collected by the department for assessments levied under the provisions of this section. Monies in the fund shall be disbursed upon warrants issued by the State Fiscal Officer upon requisitions signed by the corporation's board. Monies in the fund shall remain inviolate and any unexpended amounts remaining in the fund at the end of the fiscal year, and any interest earned thereon, shall be divested to the corporation.

(8) (a) The corporation shall provide to the department an annual audit of its accounts performed by a certified public accountant.

(b) * * * The corporation shall provide the annual audit no later than November 15 for the preceding calendar year.

* * *

(9) The assessments collected by the department under this chapter shall not be considered as "state" funds.

(10) Upon completion or termination of a program, any unused funds shall be transferred to and deposited in the Boll Weevil Management Fund created under Section 69-37-39, for the purpose of being used if there is a future occurrence of a boll weevil outbreak in the state.

SECTION 2. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 69-37-17, MISSISSIPPI CODE OF 1972, TO DELETE THE REPEALER ON THE PROVISION OF LAW THAT REQUIRES THE MISSISSIPPI BOLL WEEVIL MANAGEMENT CORPORATION TO SUBMIT THE

ANNUAL AUDIT OF ITS ACCOUNTS TO THE MISSISSIPPI DEPARTMENT OF AGRICULTURE AND COMMERCE NO LATER THAN NOVEMBER 15; AND FOR RELATED PURPOSES.

SECTION 2. Section 75-55-37, Mississippi Code of 1972, is amended as follows:

75-55-37. (1) The commissioner or his duly appointed representatives shall have the right to request an inspection of any pump, truck, or other equipment, and if upon such inspection any such pump, truck, or other equipment is found to be inaccurate to the extent that a test thereof shows a deficiency of more than twenty-five (25) cubic inches on a five (5) gallon measurement, or if the right to inspect any such pump, truck, or other equipment is refused or denied the commissioner, or his duly authorized representatives, he or they shall have the right to immediately close and lock said pump and other equipment or to seal same with the commissioner's seal. If such pump, truck, or other equipment is found to be inaccurate but the deficiency is twenty-five (25) cubic inches or less on a five (5) gallon measurement, then the commissioner or his representative shall give the owner or

operator thereof forty-eight (48) hours within which to correct such inaccuracy and if such person fails or refuses to correct same within said period then the commissioner or his representative shall have the right to lock and seal such pump or other equipment in the same manner as provided above.

It shall be prima facie presumed upon any refusal to allow the right to inspect that the pump, truck, or other equipment sought to be inspected is inaccurate to the extent set forth above, or is operating in violation of this chapter. When any such pump or other equipment is locked or sealed, it may not be unlocked or the seal thereon broken except in the presence of a mechanic or other person called for the purpose of repairing the inaccuracy in the machinery of such pump or other equipment, and such inaccuracy shall be immediately thereafter repaired, and the pump or other equipment properly regulated. The commissioner may, in his discretion, require an affidavit from the mechanic repairing such pump or other equipment, or any other proof which he may deem advisable to the effect that said pump was unlocked or the seal thereon broken in the presence of such mechanic, and that the inaccuracies therein were thereupon completely repaired or regulated.

When a state or factory seal is broken on the measuring adjustment device on a retail pump, it shall be the duty of the station operator to notify the commissioner by United States mail, within twenty-four (24) hours, after the breaking of said seal. After the commissioner has received written notice as herein provided and he or his agent has resealed the measuring adjustment device on the pump or pumps at this station, it shall be unlawful for the owner or operator of the station or any of his employees to break a state or factory seal on the measuring adjustment device on any pump at the station during the ensuing ninety (90) days without the prior approval of the commissioner or his agent.

The State of Mississippi shall have a lien on all pumps, trucks, and other equipment used by any distributor, or other person, in the operation of his business for any tax or penalty due the State of Mississippi because of any violation of this chapter. Such lien shall be paramount to any and all private liens and all the provisions set out in Chapter 7, Title 85, Mississippi Code of 1972, shall be applicable herein for the purpose of securing the enforcement of said lien, and particularly the right to secure the issuance of a writ of summons and seizure and proceedings had and done after the issuance of said writ shall be applicable. Provided, however, that the commissioner shall not be required to give any bond in any such case.

Any person or officer, agent or employee thereof who shall violate any provision of this chapter shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine not exceeding One Hundred Dollars (\$100.00) for the first offense and not less than One Hundred Dollars (\$100.00) nor more than Two Hundred Dollars (\$200.00) for each subsequent offense or imprisonment in the county jail for a period not to exceed ninety (90) days or both.

(2) If a person who, by himself, by his agent, or as the servant or agent of another person commits a violation of this chapter, the commissioner or his designee may impose any, all or a combination of the following penalties:

(a) A stop sale order for any engine fuel, nonengine fuel, automotive lubricant or any other petroleum product not in compliance with this chapter. A remand of the stop sale order may be issued if the engine fuel, nonengine fuel, automotive lubricant or petroleum product is brought into full compliance with this chapter. The stop sale order may be appealed to the commissioner or his designee within twenty (20) days from the receipt of the order.

(b) A warning letter for violations of this chapter.

(c) A civil penalty of not more than Three Thousand Dollars (\$3,000.00) per violation. A person may request an administrative hearing within thirty (30) days of receipt

of the notice of the penalty. The commissioner or his designee shall conduct a hearing after giving reasonable notice to the person. The decision may be appealed to the Circuit Court of the First Judicial District of Hinds County.

(3) If the person has exhausted his administrative appeals, he shall pay the civil penalty within thirty (30) days after the effective date of the final decision. If the person fails to pay the penalty, the commissioner may bring a civil action in any court of competent jurisdiction to recover the penalty.

(4) The commissioner is authorized to suspend, revoke and/or permanently deny a registration under the Petroleum Products Inspection Law of Mississippi to any person, firm, corporation or other organization determined to be guilty of two (2) or more violations per location, per year, of the Petroleum Products Inspection Law of Mississippi and the rules and regulations in force pursuant thereto.

(5) In lieu of, or in addition to, the penalties provided above, the commissioner and the State Chemist shall have the power to institute and maintain in the name of the state any and all proceedings necessary or appropriate to enforce the provisions of the Petroleum Products Inspection Law of Mississippi and the rules and regulations in force pursuant thereto, in the appropriate circuit, chancery, county or justice court in which venue may lie. The commissioner and the State Chemist may obtain mandatory or prohibitory injunctive relief, whether temporary or permanent, and it shall not be necessary for the state to post a bond or prove that no adequate remedy is available at law.

(6) All penalties assessed by the commissioner under this section shall be deposited in the State General Fund.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-13-171, Mississippi Code of 1972, is amended as follows:

37-13-171. (1) The local school board of every public school district shall adopt a policy to implement abstinence-only or abstinence-plus education or sexual risk avoidance education into its curriculum * * *, which instruction in those subjects shall be implemented not later than the start of the * * * 2023-2024 school year or the local school board shall adopt the program which has been developed by the Mississippi Department of Human Services and the Mississippi Department of Health. The State Department of Education shall approve each district's curriculum for sex-related education and shall establish a protocol to be used by districts to provide continuity in teaching the approved curriculum in a manner that is age, grade and developmentally appropriate.

(2) Abstinence-only education shall remain the state standard for any sex-related education taught in the public schools. For purposes of this section, abstinence-only education includes any type of instruction or program which, at an appropriate age and grade:

(a) Teaches the social, psychological and health gains to be realized by abstaining from sexual activity, and the likely negative psychological and physical effects of not abstaining;

(b) Teaches the harmful consequences to the child, the child's parents and society that bearing children out of * * * marriage is likely to produce, including the health, educational, financial and other difficulties the child and his or her parents are likely to face, as well as the inappropriateness of the social and economic burden placed on others;

(c) Teaches that unwanted sexual advances are irresponsible and teaches how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances;

(d) Teaches that abstinence from sexual activity before marriage, and fidelity within marriage, is the only certain way to avoid out-of-***marriage pregnancy, sexually transmitted diseases and related health problems. The instruction or program may include a discussion on condoms or contraceptives, but only if that discussion includes a factual presentation of the risks and failure rates of those contraceptives. In no case shall the instruction or program include any demonstration of how condoms or other contraceptives are applied;

(e) Teaches the current state law related to sexual conduct, including forcible rape, statutory rape, paternity establishment, child support and homosexual activity; and

(f) Teaches that a mutually faithful, monogamous relationship in the context of marriage is the only appropriate setting for sexual intercourse.

(3) A program or instruction on sex-related education need not include every component listed in subsection (2) of this section for abstinence-only education. However, no program or instruction under an abstinence-only curriculum may include anything that contradicts the excluded components. For purposes of this section, abstinence-plus education includes every component listed under subsection (2) of this section that is age and grade appropriate, in addition to any other programmatic or instructional component approved by the department, which shall not include instruction and demonstrations on the application and use of condoms. Abstinence-plus education may discuss other contraceptives, the nature, causes and effects of sexually transmitted diseases, or the prevention of sexually transmitted diseases, including HIV/AIDS, along with a factual presentation of the risks and failure rates.

(4) Any course containing sex-related education offered in the public schools shall include instruction in either abstinence-only or abstinence-plus education.

(5) Local school districts, in their discretion, may host programs designed to teach parents how to discuss abstinence with their children.

(6) There shall be no effort in either an abstinence-only or an abstinence-plus curriculum to teach that abortion can be used to prevent the birth of a baby.

(7) At all times when sex-related education is discussed or taught, boys and girls shall be separated according to gender into different classrooms, sex-related education instruction may not be conducted when boys and girls are in the company of any students of the opposite gender.

(8) This section shall stand repealed on July 1, *** 2026.

SECTION 2. This act shall take effect and be in force from and after July 1, 2023, and shall stand repealed on June 30, 2023.

41-99-5. (1) Any Mississippi qualified health center desiring to participate in the program shall make application for a service grant to the department in a form satisfactory to the department. The department shall receive service grant proposals from Mississippi qualified health centers. All proposals shall be submitted in accordance with the provisions of grant procedures, criteria and standards developed and made public by the department.

(2) The department shall use the funds provided by subsection (6)(a) of this section to make care grants until July 1, 2024, to Mississippi qualified health centers upon proposals made under subsection (1) of this section. Care grants that are awarded to Mississippi qualified health centers shall only be used by those centers to:

(a) Increase access to preventative and primary care services by uninsured or medically indigent patients that are served by those centers; and

(b) Create new services or augment existing services provided to uninsured or medically indigent patients, including, but not limited to, primary care medical and preventive services, dental services, optometric services, in-house laboratory services, diagnostic services, pharmacy services, nutritional services and social services.

(3) The department shall use the funds provided by subsection (6)(b) of this section to make physician grants until July 1, 2024, to Mississippi qualified health centers upon proposals made under subsection (1) of this section. A physician grant awarded to a Mississippi qualified health center shall only be used by that center to provide a one-time salary supplement to a primary care physician being recruited under the program.

(4) Service grants received by Mississippi qualified health centers under this chapter shall not be used:

(a) To supplant federal funds traditionally received by those centers, but shall be used to supplement them;

(b) For land or real estate investments;

(c) To finance or satisfy any existing debt; or

(d) Unless the health center specifically complies with the definition of a Mississippi qualified health center contained in Section 41-99-1.

(5) The department shall develop regulations, procedures and application forms to govern how service grants will be awarded, shall develop a plan to ensure that care grants are equitably distributed among all Mississippi qualified health centers and that physician grants are distributed to the Mississippi qualified health centers where there is the most need, and shall develop an audit process to assure that grant monies are used to provide and expend care to the uninsured and medically indigent.

(6) The department shall establish a fund for the purpose of providing service grants to Mississippi qualified health centers in accordance with this chapter and the following terms and conditions:

(a) The * * * amount of care grants issued under this chapter shall be not less than Four Million Dollars (\$4,000,000.00) per state fiscal year, awarded as follows:

(i) No Mississippi qualified health center shall receive care grants under this program in excess of * * * ten percent (10%) of available funds per calendar year; and

(ii) Each Mississippi qualified health center receiving a care grant shall provide an annual report to the department that details the number of additional uninsured and medically indigent patients that are cared for and the types of services that are provided;

(b) The total amount of physician grants issued under this chapter during any fiscal year shall not be more than the amount appropriated to the department for that purpose, awarded as follows:

(i) Per fiscal year, a Mississippi qualified health center shall receive only one (1) physician grant under the program, which shall not exceed the amount specified in the appropriation bill for the department;

(ii) For the Mississippi qualified health center to be eligible for a physician grant, a primary care physician shall agree to work, full time, for the Mississippi qualified health center for at least three (3) consecutive years from the date of an executed employment contract;

(iii) A Mississippi qualified health center shall use a physician grant to supplement a physician's salary within the first one hundred twenty (120) days of employment;

(iv) If a physician grant is disbursed to a Mississippi qualified health center and the hiring of the primary care physician does not materialize, the Mississippi qualified health center shall repay the entire physician grant award to the department;

(v) If a primary care physician abandons his or her employment at the Mississippi qualified health center before he or she has worked there for three (3) years, the primary care physician shall repay to the department a pro rata share of the physician grant based on the number of unserved months during the three-year period. Under this subparagraph (v), the department shall have a cause of action against the primary care physician to recover grant monies; and

(vi) Each Mississippi qualified health center receiving a physician care grant shall provide an annual report to the department that details the following:

1. The number of patients treated by the new primary care physician; and

2. The general types of medical services rendered by the new primary care physician; and

(c) On or before January 15 of each year, the department shall provide the reports required by this subsection to the Chair and Vice Chair of the Senate Public Health and Welfare Committee, to the Chair and Vice Chair of the House Public Health and Human Services Committee, to the Lieutenant Governor and to the Speaker of the House.

(7) The department shall establish an advisory council to review and make recommendations to the department on the awarding of any grants to Mississippi qualified health centers. Those recommendations by the advisory council shall not be binding upon the department, but when a recommendation by the advisory council is not followed by the department, the department shall place in its minutes reasons for not accepting the advisory council's recommendation, and provide for an appeals process. All approved service grants shall be awarded within thirty (30) days of approval by the department.

(8) The composition of the advisory council shall be the following:

(a) Two (2) employees of the department, one (1) of whom must have experience in reviewing and writing grant proposals;

(b) Two (2) executive employees of Mississippi qualified health centers, one (1) of whom must be a chief financial officer;

(c) Two (2) health care providers who are affiliated with a Mississippi qualified health center, one (1) of whom must be a physician; and

(d) One (1) health care provider who is not affiliated with a Mississippi qualified health center or the department but has training and experience in primary care.

(9) The department may use a portion of any grant monies received under this chapter to administer the program and to pay reasonable expenses incurred by the advisory council; however, in no case shall more than one and one-half percent (1-1/2%) or Sixty Thousand Dollars (\$60,000.00) annually, whichever is greater, be used for program expenses.

(10) No assistance shall be provided to a Mississippi qualified health center under this chapter unless the Mississippi qualified health center certifies to the department that it will not discriminate against any employee or against any applicant for employment because of race, religion, color, national origin, sex or age.

SECTION 2. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-99-5, MISSISSIPPI CODE OF 1972, TO CLARIFY THAT THE AMOUNT SPECIFIED FOR CARE GRANTS UNDER THE MISSISSIPPI QUALIFIED HEALTH CENTER GRANT PROGRAM IS THE MINIMUM AMOUNT OF GRANTS TO BE ISSUED; TO PROVIDE THAT NO QUALIFIED HEALTH CENTER SHALL RECEIVE CARE GRANTS UNDER THIS PROGRAM IN EXCESS OF 10% OF AVAILABLE FUNDS PER CALENDAR YEAR; AND FOR RELATED PURPOSES.

H. B. No. 1318: Baby drop-off and safe haven; revise provisions that regulate.

Senator Wiggins offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The following shall be codified as Section 43-15-200, Mississippi Code of 1972:

43-15-200. The purpose of this article is to provide a mechanism whereby any parent may relinquish the care of an infant to the state in safety, anonymity, and without fear of prosecution. This article shall be known as and may be cited as the "Mississippi Safe Haven Law".

SECTION 2. The following shall be codified as Section 43-15-200.1, Mississippi Code of 1972:

43-15-200.1. As used in this article, the following terms have the meaning herein ascribed unless the context clearly requires otherwise:

(a) "Department" means the Department of Child Protection Services.

(b) "Emergency medical services provider" shall mean a licensed hospital, as defined in Section 41-9-3, which operates an emergency department or fire station or mobile ambulance staffed with full-time firefighters or emergency medical technicians or paramedics. "Emergency medical services provider" does not include the offices, clinics, surgeries or treatment facilities of private physicians or dentists. "Emergency medical services provider" does not include any individual licensed healthcare provider, including physicians, dentists, nurses, physician assistants or other health professionals under this article unless such individual voluntarily assumes responsibility for the custody of the child.

(c) "Infant" means a child not previously subjected to abuse or neglect, who is not more than thirty (30) days old as determined within a reasonable degree of medical certainty by an examining physician.

(d) "Newborn safety device" means a device:

(i) Designed to permit a parent to anonymously place an infant in the device with the intent to leave the infant for an emergency medical services provider to remove the infant from the device and take custody of the infant;

(ii) Installed in a conspicuous location with an adequate dual alarm system connected to the physical location where the device is installed. The dual alarm system must be:

1. Tested at least once per week to ensure the alarm system is in working order; and

2. Visually checked at least twice per day to ensure the alarm system is in working order; and

(iii) Approved by and located inside a participating emergency medical services provider that is:

1. Licensed or otherwise legally operating in this state; and

2. Staffed continuously on a twenty-four-hour basis, seven (7) days a week and three hundred sixty-five (365) days a year.

(e) "Relinquish" or "relinquishment" means the action of a parent in leaving an infant on the premises of an emergency medical services provider, with a facility employee or member of the professional medical community at the facility, or in a newborn safety device, without expressing an intention to return for the infant.

SECTION 3. Section 43-15-201, Mississippi Code of 1972, is amended as follows:

43-15-201. (1) (a) An emergency medical services provider, without a court order, shall take possession of a child who is * * * thirty (30) days old or younger if the child is voluntarily delivered to the provider by the child's parent and the parent did not express an intent to return for the child.

(b) If an infant's parent is unable to give up custody of the infant as otherwise described in this article due to extenuating circumstances, the infant's parent may request that an emergency medical services provider take custody of the infant by:

(i) Dialing the 911 emergency call number; and

(ii) Staying with the infant until an emergency medical services provider arrives to take custody of the infant.

(c) The emergency medical dispatch agency or the emergency medical services provider shall inform the infant's parent of the ability to remain anonymous as described in this section.

(2) The parent who surrenders the baby shall not be required to provide any information pertaining to his or her identity, nor shall the emergency medical services provider inquire as to same. If the identity of the parent is known to the emergency medical services provider, the emergency medical services provider shall keep the identity confidential.

(3) The emergency medical services provider must ask the parent relinquishing the infant to identify any other parent of the infant other than the parent leaving the infant with the emergency medical services provider. The emergency medical services provider also must attempt to obtain from the parent information concerning the infant's background and medical history as specified on a form provided by the department. This information must include, but is not limited to, information concerning the use of a

controlled substance by the infant's mother during the pregnancy or since the birth of the child, provided that information regarding the use of a controlled substance by the infant's mother is not admissible as evidence of the unlawful use of a controlled substance in any criminal court proceeding. The emergency medical services provider must give the parent a copy of the form and a prepaid envelope for mailing the form to the department if the parent does not wish to provide the information to the provider.

(4) An emergency medical services provider who takes possession of an infant under this section shall perform any act necessary to protect the physical health or safety of the infant. A physician shall promptly conduct a comprehensive medical screening to determine:

- (a) If the infant suffered fetal exposure to alcohol or drugs;
- (b) If the infant appears to have been abused or neglected; and
- (c) The infant's estimated date of birth, if not previously known.

(5) If an infant is relinquished to an emergency medical services provider other than a hospital, the staff of the facility shall immediately transfer the infant to a hospital.

(** *6) A ** * mother presenting herself to a hospital through the emergency room or otherwise, who is subsequently admitted for purposes of labor and delivery, does not give up the legal protections or anonymity guaranteed under this section. If the mother clearly expresses a desire to voluntarily surrender custody of the newborn after birth, the emergency medical services provider can take possession of the child, without further action by the mother, as if the child had been presented to the emergency medical services provider in the same manner outlined above in subsection (1) of this section.

(a) If the mother expresses a desire to remain anonymous, identifying information may be obtained for purposes of securing payment of labor and delivery costs only. If the birth mother is a minor, the hospital may use the identifying information to secure payment through Medicaid, but shall not notify the minor's parent or guardian without the minor's consent.

(b) The identity of the birth mother shall not be placed on the birth certificate or disclosed to the Department of Human Services.

(** *7) There is a presumption that by relinquishing a child in accordance with this section, the parent consents to the termination of his or her parental rights with respect to the child. ** *.

** *

SECTION 4. Section 43-15-203, Mississippi Code of 1972, is amended as follows:

43-15-203. (1) ** * When an emergency medical services provider takes possession of a child pursuant to Section 43-15-201, the provider shall immediately notify the department ** * that the provider has taken possession of the child.

(2) The department shall ** * take legal custody of the ** * infant immediately on receipt of notice pursuant to subsection (1). The department shall take physical custody of the infant as soon as practicable but not later than twenty-four (24) hours after receiving notice that the infant is ready to be discharged from the hospital.

(3) The department shall be responsible for all medical and other costs associated with the child and shall reimburse the hospital for any costs incurred ** *.

(4) Immediately after assuming legal custody of the infant, the department shall report the child to appropriate state and local law enforcement agencies as a potential missing child.

(5) A law enforcement agency that receives a report under this section shall investigate whether the child is reported as missing.

(6) Within forty eight (48) hours after taking legal custody of the infant, the department shall publish notice, in a newspaper of general circulation in the area where the emergency medical services provider that initially took the infant is located, and send a news release to broadcast and print media in the area. The notice and the news release must state the circumstances under which the infant was left at the provider, a description of the infant, and the date, time, and place of the hearing to be held. The notice and the news release must also state that any person wishing to assert parental rights in regard to the infant must do so at the hearing. If the parent who relinquished the infant identified anyone else as being a parent of the infant, the notice must be sent by certified mail to the last known address of the person identified as a parent at least two (2) weeks prior to the hearing date.

SECTION 5. The following shall be codified as Section 43-15-204, Mississippi Code of 1972:

43-15-204. When an infant is relinquished under this article, there is a rebuttable presumption that the youth court case shall proceed under Section 43-21-603(7).

SECTION 6. Section 43-21-201, Mississippi Code of 1972, is amended as follows:

43-21-201. (1) (a) Each party shall have the right to be represented by counsel at all stages of the proceedings, including, but not limited to, detention, shelter, adjudicatory and disposition hearings and parole or probation revocation proceedings.

(b) In delinquency matters the court shall appoint legal defense counsel who is not also a guardian ad litem for the same child. If the party is a child, the child shall be represented by counsel at all critical stages: detention, adjudicatory and disposition hearings; parole or probation revocation proceedings; and post-disposition matters. If indigent, the child shall have the right to have counsel appointed for him by the youth court.

(c) A child who is alleged to have been abused or neglected shall be deemed to be a party to the proceedings under this chapter. The child shall be represented by an attorney at all stages of any proceedings held pursuant to this chapter. The court shall appoint an attorney for any child who is unrepresented. The guardian ad litem may serve a dual role as long as no conflict of interest is present. If a conflict of interest arises, the guardian ad litem shall inform the Youth Court of the conflict and the Youth Court shall retain the guardian ad litem to represent the best interest of the child and appoint an attorney to represent the child's preferences as required by Uniform Rule of Youth Court Practice 13(f).

(2) When a party first appears before the youth court, the judge shall ascertain whether he is represented by counsel and, if not, inform him of his rights, including his right to counsel. If the court determines that a parent or guardian who is a party in an abuse, neglect or termination of parental rights proceeding is indigent, the youth court judge may appoint counsel to represent the indigent parent or guardian in the proceeding.

(3) An attorney appointed to represent a * * * child shall be required to complete annual juvenile justice training that is approved by the Mississippi Office of State Public Defender and the Mississippi Commission on Continuing Legal Education. An attorney appointed to represent a parent or guardian in an abuse, neglect or termination of parental rights proceeding shall be required to complete annual training that is approved by the

Office of State Public Defender and the Mississippi Commission on Continuing Legal Education. The Mississippi Office of State Public Defender and the Mississippi Commission on Continuing Legal Education shall determine the amount of juvenile justice training and continuing education required to fulfill the requirements of this subsection. The State Public Defender shall maintain a roll of attorneys who have complied with the training requirements and shall enforce the provisions of this subsection. Should an attorney fail to complete the annual training requirement or fail to attend the required training within six (6) months of being appointed to a youth court case, the attorney shall be disqualified to serve and the youth court shall immediately terminate the representation and appoint another attorney. Attorneys appointed by a youth court to five (5) or fewer cases a year are exempt from the requirements of this subsection.

(4) The child's attorney shall owe the same duties of undivided loyalty, confidentiality and competent representation to the child or minor as is due an adult client pursuant to the Mississippi Rules of Professional Conduct.

(5) An attorney shall enter his appearance on behalf of a party in the proceeding by filing a written notice of appearance with the youth court, by filing a pleading, notice or motion signed by counsel or by appearing in open court and advising the youth court that he is representing a party. After counsel has entered his appearance, he shall be served with copies of all subsequent pleadings, motions and notices required to be served on the party he represents. An attorney who has entered his appearance shall not be permitted to withdraw from the case until a timely appeal, if any, has been decided, except by leave of the court then exercising jurisdiction of the cause after notice of his intended withdrawal is served by him on the party he represents.

(6) Each designee appointed by a youth court judge shall be subject to the Code of Judicial Conduct and shall govern himself or herself accordingly.

(7) The Department of Child Protection Services shall be a necessary party at all stages of the proceedings involving a child for whom the department has custody, including, but not limited to, shelter, adjudicatory, disposition, permanency and termination-of-parental-rights hearings.

SECTION 7. Section 43-21-501, Mississippi Code of 1972, is amended as follows:

43-21-501. When a petition has been filed and the date of hearing has been set by the youth court, the judge or his designee shall order the clerk of the youth court to issue a summons to the following to appear personally at such hearing:

- (a) The child named in the petition;
- (b) The person or persons who have custody or control of the child;
- (c) The parent or guardian of the child if such parent or guardian does not have custody of the child; * * *
- (d) The Department of Child Protection Services; and
- (* * *e) Any other person whom the court deems necessary.

SECTION 8. Section 43-21-701, Mississippi Code of 1972, is amended as follows:

43-21-701. (1) There is hereby established the Mississippi Commission on a Uniform Youth Court System and Procedures. The commission shall consist of the following * * * twenty-one (21) members:

Vacancies on the commission shall be filled in the manner of the original appointment. Members shall be eligible for reappointment provided that upon such reappointment they meet the qualifications required of a new appointee.

(3) The commission may elect any officers from among its membership as it deems necessary for the efficient discharge of the commission's duties.

(6) The commission may select and employ a research director who shall perform the duties which the commission directs, which duties shall include the hiring of such other employees for the commission as the commission may approve. The research director and all other employees of the commission shall be in the state service and their salaries shall be established by the commission subject to approval by the State Personnel Board. Employees of the commission shall be reimbursed for the expenses necessarily incurred in the performance of their official duties in the same manner as other state employees. The commission may also employ any consultants it deems necessary, including consultants to compile any demographic data needed to accomplish the duties of the commission.

(7) The Governor's Office of Federal-State Programs shall support the Commission on a Uniform Youth Court System and shall act as agent for any funds made available to the commission for its use. In order to expedite the implementation of the Commission on a Uniform Youth Court System, any funds available to the Governor's Office of Federal-State Programs for the * * * 2023-2024 fiscal year may be expended for the purpose of defraying the expenses of the commission created herein.

(8) The commission may contract for suitable office space in accordance with the provisions of Section 29-5-2, Mississippi Code of 1972. In addition, the commission may utilize, with their consent, the services, equipment, personnel, information and resources of other state agencies; and may accept voluntary and uncompensated services, contract with individuals, public and private agencies, and request information, reports and data from any agency of the state, or any of its political subdivisions, to the extent authorized by law.

(9) In order to conduct and carry out its purposes, duties and related activities as provided for in this section and Section 43-21-703, the commission is authorized to apply for and accept gifts, grants, subsidies and other funds from persons, corporations, foundations, the United States government or other entities, provided that the receipt of such gifts, grants, subsidies and funds shall be reported and otherwise accounted for in the manner provided by law.

SECTION 9. Section 43-21-703, Mississippi Code of 1972, is amended as follows:

43-21-703. (1) The commission shall study the youth court system in Mississippi, and prepare a report including any proposed changes in the youth court system and/or its procedures. It shall submit the report to the Legislature, on or before October 1, * * * 2024, along with a report detailing any legislation which may be needed to implement the plan. In preparing the report, the commission shall evaluate the existing juvenile services in the state and may recommend changes in the organizational concepts, institutions, laws and resources.

(2) In formulating its report, the commission shall take into consideration the following:

(a) Whether a uniform statewide youth court system would be desirable;

(b) How best the service needs of the state could be met in relation to the taxing and resource capacity of various multi-county districts now existing or proposed;

(c) Whether counties in a given service area or district may develop district shelters, detention centers and diagnostic centers to serve a multi-county area; and

(d) What proposals or alternatives would update or modernize the system to provide staffing for all counties and citizens.

(3) The commission, in addition to recommending the plan described in this section, shall serve as a clearinghouse and information center for the collection, preparation, analysis and dissemination of information on the youth court system in Mississippi and shall conduct ongoing research relating to the improvement of the youth court system. Pursuant to its duties under this subsection, the commission may request the regular submission to it of such reports, information and statistics by the courts, judges, prosecuting attorneys and agencies of this state which the commission deems necessary for the development of its reports.

SECTION 10. Section 93-15-107, Mississippi Code of 1972, is amended as follows:

93-15-107. (1) (a) Involuntary termination of parental rights proceedings are commenced upon the filing of a petition under this chapter. The petition may be filed by any interested person, or any agency, institution or person holding custody of the child. The simultaneous filing of a petition for adoption is not a prerequisite for filing a petition under this chapter.

(b) The proceeding shall be triable, either in term time or vacation, thirty (30) days after personal service of process to any necessary party or, for a necessary party whose address is unknown after diligent search, thirty (30) days after the date of the first publication of service of process by publication that complies with the Mississippi Rules of Civil Procedure.

(c) Necessary parties to a termination of parental rights action shall include the mother of the child, the legal father of the child, the putative father of the child when known, and any agency, institution or person holding custody of the child. The absence of a necessary party who has been properly served does not preclude the court from conducting the hearing or rendering a final judgment.

(d) A guardian ad litem shall be appointed to protect the best interest of the child, except that the court, in its discretion, may waive this requirement when a parent executes a written voluntary release to terminate parental rights. The guardian ad litem fees shall be determined and assessed in the discretion of the court.

(2) Voluntary termination of parental rights by written voluntary release is governed by Section 93-15-111.

(3) In all cases involving termination of parental rights, a minor parent shall be served with process as an adult.

(4) The court may waive service of process if an adoptive child was born in a foreign country, put up for adoption in the birth country, and has been legally admitted into this country.

(5) The clerk shall docket cases seeking relief under this chapter as priority cases. The assigned judge shall be immediately notified by the clerk when a case is filed in order to provide for expedited proceedings.

SECTION 11. Section 93-17-3, Mississippi Code of 1972, is amended as follows:

93-17-3. (1) Except as otherwise provided in this section, a court of this state has jurisdiction over a proceeding for the adoption or readoption of a minor commenced under this chapter if:

(a) Immediately before commencement of the proceeding, the minor lived in this state with a parent, a guardian, a prospective adoptive parent or another person acting as parent, for at least six (6) consecutive months, excluding periods of temporary absence, or, in the case of a minor under six (6) months of age, lived in this state from soon after birth with any of those individuals and there is available in this state substantial evidence concerning the minor's present or future care;

(b) Immediately before commencement of the proceeding, the prospective adoptive parent lived in this state for at least six (6) consecutive months, excluding periods of temporary absence, and there is available in this state substantial evidence concerning the minor's present or future care;

(c) The agency that placed the minor for adoption is licensed in this state and it is in the best interest of the minor that a court of this state assume jurisdiction because:

(i) The minor and the minor's parents, or the minor and the prospective adoptive parent, have a significant connection with this state; and

(ii) There is available in this state substantial evidence concerning the minor's present or future care;

(d) The minor and the prospective adoptive parent or parents are physically present in this state and the minor has been abandoned or it is necessary in an emergency to protect the minor because the minor has been subjected to or threatened with mistreatment or abuse or is otherwise neglected, and the prospective adoptive parent or parents, if not residing in Mississippi, have completed and provided the court with a satisfactory Interstate Compact for Placement of Children (ICPC) home study and accompanying forms, unless the court determines that the home study is not necessary in the case of an adoption by a stepparent or a relative or in the case of an adoption in a foster-to-adopt placement;

(e) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a) through (d), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to hear a petition for adoption of the minor, and it is in the best interest of the minor that a court of this state assume jurisdiction; or

(f) The child has been adopted in a foreign country, the agency that placed the minor for adoption is licensed in this state, and it is in the best interest of the child to be readopted in a court of this state having jurisdiction.

(2) A court of this state may not exercise jurisdiction over a proceeding for adoption of a minor if, at the time the petition for adoption is filed, a proceeding concerning the custody or adoption of the minor is pending in a court of another state exercising jurisdiction substantially in conformity with the Uniform Child Custody Jurisdiction Act or this section unless the proceeding is stayed by the court of the other state.

(3) If a court of another state has issued a decree or order concerning the custody of a minor who may be the subject of a proceeding for adoption in this state, a court of this state may not exercise jurisdiction over a proceeding for adoption of the minor unless:

(a) The court of this state finds that the court of the state which issued the decree or order:

(i) Does not have continuing jurisdiction to modify the decree or order under jurisdictional prerequisites substantially in accordance with the Uniform Child Custody Jurisdiction Act or has declined to assume jurisdiction to modify the decree or order; or

(ii) Does not have jurisdiction over a proceeding for adoption substantially in conformity with subsection (1)(a) through (d) or has declined to assume jurisdiction over a proceeding for adoption; and

(b) The court of this state has jurisdiction over the proceeding.

(4) Any person may be adopted in accordance with the provisions of this chapter in term time or in vacation by an unmarried adult, by a married person whose spouse joins in the petition, by a married person whose spouse does not join in the petition because such spouse does not cohabit or reside with the petitioning spouse, and in any circumstances determined by the court that the adoption is in the best interest of the child. Only the consenting adult will be a legal parent of the child. In those adoption proceedings where the chancery court has jurisdiction, the adoption shall be by sworn petition filed in the chancery court of the county in which the adopting petitioner or petitioners reside or in which the child to be adopted resides or was born, or was found when it was abandoned or deserted, or in which the home is located to which the child has been surrendered by a person authorized to do so. In those adoption proceedings where the county court sitting as a youth court has jurisdiction, the adoption shall be by sworn petition filed in that youth court of the county court under seal. If the youth court finds that the best interest of the child would be served by a different venue, the youth court may transfer any contested adoption proceeding to the appropriate chancery court. The petition shall be accompanied by a doctor's or nurse practitioner's certificate showing the physical and mental condition of the child to be adopted and a sworn statement of all property, if any, owned by the child. In addition, the petition shall be accompanied by affidavits of the petitioner or petitioners stating the amount of the service fees charged by any adoption agencies or adoption facilitators used by the petitioner or petitioners and any other expenses paid by the petitioner or petitioners in the adoption process as of the time of filing the petition. If the doctor's or nurse practitioner's certificate indicates any abnormal mental or physical condition or defect, the condition or defect shall not, in the discretion of the chancellor or county court sitting as a youth court, bar the adoption of the child if the adopting parent or parents file an affidavit stating full and complete knowledge of the condition or defect and stating a desire to adopt the child, notwithstanding the condition or defect. The court shall have the power to change the name of the child as a part of the adoption proceedings. The word "child" in this section shall be construed to refer to the person to be adopted, though an adult.

(5) No person may be placed in the home of or adopted by the prospective adopting parties before a court-ordered or voluntary home study is satisfactorily completed by a licensed adoption agency, a licensed, experienced social worker approved by the chancery court, a court-appointed guardian ad litem that has knowledge or training in conducting home studies if so directed by the court, or by the Department of * * * Child Protection Services on the prospective adoptive parties if required by Section 93-17-11, unless the court determines that the home study is not necessary in the case of an adoption by a stepparent or a relative or in the case of an adoption in a foster-to-adopt placement.

(6) No person may be adopted by a person or persons who reside outside the State of Mississippi unless the provisions of the Interstate Compact for Placement of Children (Section 43-18-1 et seq.) have been complied with. In such cases Forms 100A, 100B (if applicable) and evidence of Interstate Compact for Placement of Children approval shall be added to the permanent adoption record file within one (1) month of the placement, and a minimum of two (2) post-placement reports conducted by a licensed child-placing agency shall be provided to the Mississippi Department of Child Protection Services Interstate Compact for Placement of Children office.

(7) No person may be adopted unless the provisions of the Indian Child Welfare Act (ICWA) have been complied with, if applicable. When applicable, proof of compliance shall be included in the court adoption file prior to finalization of the adoption. If not applicable, a written statement or paragraph in the petition for adoption shall be included in the adoption petition stating that the provisions of ICWA do not apply before finalization.

(8) The readoption of a child who has automatically acquired United States citizenship following an adoption in a foreign country and who possesses a Certificate of Citizenship in accordance with the Child Citizenship Act, CAA, Public Law 106-395, may be given full force and effect in a readoption proceeding conducted by a court of competent jurisdiction in this state by compliance with the Mississippi Registration of Foreign Adoptions Act, Article 9 of this chapter.

(9) For adult adoptees who consent to the adoption, a chancellor may waive any of the petition requirements and procedural requirements within subsections (4), (5), (6) and (7) of this section.

(10) For proceedings filed under this chapter, the chancery court has original exclusive jurisdiction over all adoption proceedings except when a county court sitting as a youth court has acquired jurisdiction of a child in an abuse or neglect proceeding. In such case, the county court shall have original exclusive jurisdiction to hear a petition for adoption of that child pursuant to the procedures of this chapter. If the youth court finds that the best interest of the child would be served by a different venue, the youth court may transfer any contested adoption proceeding to the appropriate chancery court.

(11) The clerk shall docket cases seeking relief under this chapter as priority cases. The assigned judge shall be immediately notified by the clerk when a case is filed in order to provide for expedited proceedings.

SECTION 12. Section 93-17-11, Mississippi Code of 1972, is amended as follows:

93-17-11. (1) At any time after the filing of the petition for adoption and completion of process thereon, and before the entering of a final decree, the court may, in its discretion, of its own motion or on motion of any party to the proceeding, require an investigation and report to the court to be made by any person, officer or home as the court may designate and direct concerning the child, and shall require in adoptions except as provided in subsection (4) of this section, other than those in which the petitioner or petitioners are a relative or stepparent of the child, that a home study be performed of the petitioner or petitioners by a licensed adoption agency or by the Department of Human Services, at the petitioner's or petitioners' sole expense and at no cost to the state or county. The investigation and report shall give the material facts upon which the court may determine whether the child is a proper subject for adoption, whether the petitioner or petitioners are suitable parents for the child, whether the adoption is to its best interest, and any other facts or circumstances that may be material to the proposed adoption. The home study shall be considered by the court in determining whether the petitioner or petitioners are suitable parents for the child. The court, when an investigation and report are required by the court or by this section, shall stay the proceedings in the cause for such reasonable time as may be necessary or required in the opinion of the court for the completion of the investigation and report by the person, officer or home designated and authorized to make the same.

(2) Upon the filing of that consent or the completion of the process and the filing of the investigation and report, if required by the court or by this section, and the presentation of such other evidence as may be desired by the court, if the court determines that it is to the best interests of the child that an interlocutory decree of adoption be entered, the court may thereupon enter an interlocutory decree upon such terms and conditions as may be determined by the court, in its discretion, but including therein that the complete care, custody and control of the child shall be vested in the

(** *v) The authority shall increase federal participation in the cost of the State Data Center to the extent provided by law and its shared technology infrastructure through providing such shared services to agencies that receive federal funds. With regard to state institutions of higher learning and community colleges, the authority may provide shared services when mutually agreeable, following a determination by both the authority and the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, as the case may be, that the sharing of services is mutually beneficial.

(** *w) The authority, in its discretion, may require new or replacement agency business applications to be hosted at the State Data Center. With regard to state institutions of higher learning and community colleges, the authority and the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, as the case may be, may agree that institutions of higher learning or community colleges may utilize business applications that are hosted at the State Data Center, following a determination by both the authority and the applicable board that the hosting

of those applications is mutually beneficial. In addition, the authority may establish partnerships to capitalize on the advanced technology resources of the Board of Trustees of State Institutions of Higher Learning or the Mississippi Community College Board, following a determination by both the authority and the applicable board that such a partnership is mutually beneficial.

(* * *x) The authority shall provide a periodic update regarding reform-based information technology initiatives to the Chairmen of the House and Senate Accountability, Efficiency and Transparency Committees.

From and after July 1, 2018, the expenses of this agency shall be defrayed by appropriation from the State General Fund. In addition, in order to receive the maximum use and benefit from information technology and services, expenses for the provision of statewide shared services that facilitate cost-effective information processing and telecommunication solutions shall be defrayed by pass-through funding and shall be deposited into the Mississippi Department of Information Technology Services Revolving Fund unless otherwise specified by the Legislature. These funds shall only be utilized to pay the actual costs incurred by the Mississippi Department of Information Technology Services for providing these shared services to state agencies. Furthermore, state agencies shall work in full cooperation with the Board of the Mississippi Department of Information Technology Services to identify computer equipment or services to minimize duplication, reduce costs, and improve the efficiency of providing common technology services across agency boundaries.

After the expiration of the initial terms, all appointed members' terms shall be for a period of four (4) years from the expiration date of the previous term, and until such time as the member's successor is duly appointed and qualified.

(c) When appointing members to the Public Procurement Review Board, the Governor and Lieutenant Governor shall take into consideration persons who possess at least five (5) years of management experience in general business, health care or finance for an organization, corporation or other public or private entity. Any person, or any employee or owner of a company, who receives any grants, procurements or contracts that are subject to approval under this section shall not be appointed to the Public Procurement Review Board. Any person, or any employee or owner of a company, who is a principal of the source providing a personal or professional service shall not be appointed to the Public Procurement Review Board if the principal owns or controls a greater than five percent (5%) interest or has an ownership value of One Million Dollars (\$1,000,000.00) in the source's business, whichever is smaller. No member shall be an officer or employee of the State of Mississippi while serving as a voting member on the Public Procurement Review Board.

(d) Members of the Public Procurement Review Board shall be entitled to per diem as authorized by Section 25-3-69 and travel reimbursement as authorized by Section 25-3-41.

(e) The members of the Public Procurement Review Board shall elect a chair from among the membership, and he or she shall preside over the meetings of the board. The board shall annually elect a vice chair, who shall serve in the absence of the chair. No business shall be transacted, including adoption of rules of procedure, without the presence of a quorum of the board. Three (3) members shall be a quorum. No action shall be valid unless approved by a majority of the members present and voting, entered upon the minutes of the board and signed by the chair. Necessary clerical and administrative support for the board shall be provided by the Department of Finance and Administration. Minutes shall be kept of the proceedings of each meeting, copies of which shall be filed on a monthly basis with the chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairs of the Appropriations Committees of the Senate and House of Representatives.

(2) The Public Procurement Review Board shall have the following powers and responsibilities:

(a) Approve all purchasing regulations governing the purchase or lease by any agency, as defined in Section 31-7-1, of commodities and equipment, except computer equipment acquired pursuant to Sections 25-53-1 through 25-53-29;

(b) Adopt regulations governing the approval of contracts let for the construction and maintenance of state buildings and other state facilities as well as related contracts for architectural and engineering services.

The provisions of this paragraph (b) shall not apply to such contracts involving buildings and other facilities of state institutions of higher learning which are self-administered as provided under this paragraph (b) or Section 37-101-15(m);

(c) Adopt regulations governing any lease or rental agreement by any state agency or department, including any state agency financed entirely by federal funds, for space outside the buildings under the jurisdiction of the Department of Finance and Administration. The information shall be provided sufficiently in advance of the time the space is needed to allow the Division of Real Property Management of the Department of Finance and Administration to review and preapprove the lease before the time for advertisement begins;

(d) Adopt, in its discretion, regulations to set aside at least five percent (5%) of anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the department and shall be subject to all bid requirements. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder; however, if no minority bid is available or if the minority bid is more than two percent (2%) higher than the lowest bid, then bids shall be accepted and awarded to the lowest and best bidder. However, the provisions in this paragraph shall not be construed to prohibit the rejection of a bid when only one (1) bid is received. Such rejection shall be placed in the minutes. For the purposes of this paragraph, the term "minority business" means a business which is owned by a person who is a citizen or lawful permanent resident of the United States and who is:

(i) Black: having origins in any of the black racial groups of Africa;

(f) Promulgate rules and regulations governing the solicitation and selection of contractual services personnel, including personal and professional services contracts for any form of consulting, policy analysis, public relations, marketing, public affairs, legislative advocacy services or any other contract that the board deems appropriate for oversight, with the exception of:

(xiv) Any personal or professional services contract entered into by the Mississippi Department of Environmental Quality in carrying out its responsibilities under the Mississippi Municipality and County Water Infrastructure Grant Program Act of 2022, through June 30, 2026.

Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act;

(g) Approve all personal and professional services contracts involving the expenditures of funds in excess of Seventy-five Thousand Dollars (\$75,000.00), except as provided in paragraph (f) of this subsection (2) and in subsection (8);

(h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(j) Provide standards for the issuance of requests for proposals, the evaluation of proposals received, consideration of costs and quality of services proposed, contract negotiations, the administrative monitoring of contract performance by the agency and successful steps in terminating a contract;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the

proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;
2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;
3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;
4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and
5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its

action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any

recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. If the board does not respond to the department(s) within seven (7) calendar days after receiving the notice, the department(s) may enter the proposed personal or professional service contract. If the board responds to the department(s) within seven (7) calendar days, then the board has seven (7) calendar days from the date of its initial response to provide any additional recommendations. After the end of the second seven-day period, the department(s) may enter the proposed personal or professional service contract. The board is not authorized to disapprove any proposed personal or professional services contracts. This subsection shall stand repealed on July 1, 2022.

SECTION 6. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars (\$75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the

above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a

governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request

All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the

However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of

the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. B. The Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, if the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted under the Compact, then such an action by the Commission shall be invalid and have no force and effect.

C. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

D. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

E. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting

typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute resolution.

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 12.

CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

SECTION 14.

BINDING EFFECT OF COMPACT AND OTHER LAWS

SECTION 13. Section 73-24-25, Mississippi Code of 1972, is amended as follows:

73-24-25. (1) Any person whose application for a license or compact privilege is denied shall be entitled to a hearing before the board if he or she submits a written request to the board. Such hearing shall be conducted at the earliest possible date. A subcommittee of the council shall attend and may offer relevant evidence at any such hearing. The board shall fix a time and place for the hearing and shall cause a written copy of the reason for denial of the license or compact privilege, together with a notice of the time and place fixed for the hearing, to be served on the applicant requesting the hearing and shall serve notice of such hearing on the council. Service of and notice of the hearing may be given by United States certified mail, return receipt requested, to the last known address of the licensee or applicant. For purposes of the hearing, the board, acting by and through the Executive Director of the State Board of Health, shall have the power to subpoena persons and compel the production of records, papers and other documents.

(2) (a) All complaints concerning a licensee's business or professional practice shall be received by the board. (b) Following the investigative process, the board may file formal charges against the licensee. Such formal complaint, at a minimum, shall inform the licensee of the facts which are the basis of the charge and which are specific enough to enable the licensee to defend against the charges.

(c) Each licensee whose conduct is the subject of a formal charge which seeks to impose disciplinary action against the licensee shall be served notice of the formal charge at least thirty (30) days before the date of the hearing, which hearing shall be presided over by the board or the board's designee. Service shall be considered to have been given if the notice was personally received by the licensee or if the notice was sent by United States certified mail, return receipt requested, to the licensee at the licensee's last known address as listed with the state agency.

(d) The notice of the formal charge shall consist, at a minimum, of the following information:

(i) The time, place and date of the hearing;

(ii) Notification that the licensee shall appear personally at the hearing and may be represented by counsel;

(iii) Notification that the licensee shall have the right to produce witnesses and evidence in his or her behalf and shall have the right to cross-examine adverse witnesses and evidence;

(iv) Notification that the hearing could result in disciplinary action being taken against the licensee;

(vii) The board or its designee shall hear evidence produced in support of the formal charges and contrary evidence produced by the licensee. At the conclusion of the hearing, the board shall issue an order; and

(viii) All proceedings under this section are matters of public record and shall be preserved in accordance with state law.

(3) In addition to other remedies provided by law or in equity, any applicant or licensee aggrieved by any action of the board may appeal the action of the board to the chancery court of the county of his or her residence if he or she be a resident of this state, or to the Chancery Court of the First Judicial District of Hinds County, Mississippi, if he or she be a nonresident of this state. An appeal shall be filed within thirty (30) days immediately following the mailing or delivery to the applicant or licensee of a copy of the order of judgment of the board, unless the court, for good cause shown, extends the time. The court after a hearing may modify, affirm or reverse the judgment of the board or may remand the case to the board for further proceedings. An appeal from the chancery court may be had to the Supreme Court of the State of Mississippi as provided by law for any final judgment of the chancery court. If the board appeals a judgment of the chancery court, no bond shall be required of it in order to perfect its appeal.

(4) The board may impose any of the following sanctions, singly or in combination, when it finds that a licensee is guilty of any such offense:

(a) Revoke the license or compact privilege;

(b) Suspend the license or compact privilege, for any period of time;

(c) Censure the licensee;

(5) The board summarily may suspend a license or compact privilege under this chapter without the filing of a formal complaint, notice or a hearing, if the board finds that the continued practice in the profession by the licensee would constitute an immediate danger to the public. If the board summarily suspends a license or compact privilege under the provisions of this subsection a hearing must be held within twenty (20) days after suspension begins, unless the hearing date is continued at the request of the licensee.

(6) Disposition of any formal complaint may be made by consent order or stipulation between the board and the licensee.

(7) The board may reinstate any licensee to good standing under this chapter if, after hearing, the board is satisfied that the applicant's renewed practice is in the public interest.

(8) The board may seek the counsel of the Occupational Therapy Advisory Council regarding disciplinary actions.

(9) The board shall seek to achieve consistency in the application of the foregoing sanctions, and significant departure from prior decisions involving similar conduct shall be explained by the board.

(10) In addition, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 14. Section 73-24-27, Mississippi Code of 1972, is amended as follows:

73-24-27. (1) Except as provided in Section 33-1-39, any license issued under this chapter shall be subject to renewal and shall expire unless renewed in the manner prescribed by the rules and regulations of the board, upon the payment of a renewal fee and demonstration of completion of continuing professional education. A person's compact privilege in this state shall be valid until the expiration date of that person's home state license. The board may provide for the late renewal of a license or compact privilege upon the payment of a late fee in accordance with its rules and regulations, but no late renewal of a license or compact privilege may be granted more than two (2) years after its expiration.

(2) Upon request and payment of the license fee required, the board shall grant inactive status to a licensee who: (a) does not practice as an occupational therapist or an occupational therapy assistant, (b) does not hold himself or herself out as an occupational therapist or an occupational therapy assistant, and (c) does not maintain any continuing education requirements.

(3) A suspended license is subject to expiration and may be renewed as provided in this section, but such renewal shall not entitle the suspended licensee to engage in the licensed activity or in any other conduct or activity in violation of the order of judgment by which the license or compact privilege was suspended. If a license or compact privilege revoked on disciplinary grounds is reinstated, the licensee, as a condition of reinstatement, shall pay the renewal fee and any late fee that may be applicable. The procedure for the reinstatement of a license that is suspended for being out of compliance

with an order for support, as defined in Section 93-11-153, shall be governed by Section 93-11-157 or 93-11-163, as the case may be.

SECTION 15. Section 73-24-29, Mississippi Code of 1972, is amended as follows:

73-24-29. (1) The board is empowered to prescribe and publish reasonable fees for the following purposes:

- (c) Renewal of license or compact privilege fee;
- (d) Late renewal fee;
- (e) Limited permit fee;

(2) Such fees shall be commensurate to the extent feasible with the cost of fulfilling the duties of the board and council as defined by this chapter; however, no individual fee shall exceed One Hundred Fifty Dollars (\$150.00).

(3) Any increase in the fees charged by the board under this section shall be in accordance with the provisions of Section 41-3-65.

SECTION 16. This act shall take effect and be in force from and after July 1, 2023.

(6) (a) No funds shall be paid by the county to any provider of fire protection services except in accordance with a written contract entered into in accordance with guidelines established by the Commissioner of Insurance and properly approved by the board of supervisors and Commissioner of Insurance. No county shall distribute funds to any fire service provider which has not met the reporting requirements required by the Commissioner of Insurance. At such time that a fire protection services provider, particularly a county volunteer fire department, a municipality or a fire protection district, has fulfilled the obligations of the written contract and has met the reporting requirements provided for in this subsection and the board of supervisors has received the insurance rebate monies, the board of supervisors shall disburse the appropriate amount to the fire protection services provider within a reasonable time, not to exceed six (6) weeks, from the time such requirements are met. Insurance rebate monies used for the purposes of contracting shall be expended by the fire service provider for capital construction, training expenses, purchase of firefighting equipment, including payments on any loans made for the purpose of purchasing firefighting equipment, purchase of insurance for any fire equipment owned or operated by the provider, and for training and equipment of emergency medical services as provided by fire protection services.

The registrar may, in addition to first-class mail, contact the applicant by email or telephone.
