SECTION 2. Section 75-55-37, Mississippi Code of 1972, is amended as follows:

75-55-37. (1) The commissioner or his duly appointed representatives shall have the right to request an inspection of any pump, truck, or other equipment, and if upon such inspection any such pump, truck, or other equipment is found to be inaccurate to the extent that a test thereof shows a deficiency of more than twenty-five (25) cubic inches on a five (5) gallon measurement, or if the right to inspect any such pump, truck, or other equipment is refused or denied the commissioner, or his duly authorized representatives, he or they shall have the right to immediately close and lock said pump and other equipment or to

seal same with the commissioner's seal. If such pump, truck, or other equipment is found to be inaccurate but the deficiency is twenty-five (25) cubic inches or less on a five (5) gallon measurement, then the commissioner or his representative shall give the owner or operator thereof forty-eight (48) hours within which to correct such inaccuracy and if such person fails or refuses to correct same within said period then the commissioner or his representative shall have the right to lock and seal such pump or other equipment in the same manner as provided above.

It shall be prima facie presumed upon any refusal to allow the right to inspect that the pump, truck, or other equipment sought to be inspected is inaccurate to the extent set forth above, or is operating in violation of this chapter. When any such pump or other equipment is locked or sealed, it may not be unlocked or the seal thereon broken except in the presence of a mechanic or other person called for the purpose of repairing the inaccuracy in the machinery of such pump or other equipment, and such inaccuracy shall be immediately thereafter repaired, and the pump or other equipment properly regulated. The commissioner may, in his discretion, require an affidavit from the mechanic repairing such pump or other equipment, or any other proof which he may deem advisable to the effect that said pump was unlocked or the seal thereon broken in the presence of such mechanic, and that the inaccuracies therein were thereupon completely repaired or regulated.

When a state or factory seal is broken on the measuring adjustment device on a retail pump, it shall be the duty of the station operator to notify the commissioner by United States mail, within twenty-four (24) hours, after the breaking of said seal. After the commissioner has received written notice as herein provided and he or his agent has resealed the measuring adjustment device on the pump or pumps at this station, it shall be unlawful for the owner or operator of the station or any of his employees to break a state or factory seal on the measuring adjustment device on any pump at the station during the ensuing ninety (90) days without the prior approval of the commissioner or his agent.

The State of Mississippi shall have a lien on all pumps, trucks, and other equipment used by any distributor, or other person, in the operation of his business for any tax or penalty due the State of Mississippi because of any violation of this chapter. Such lien shall be paramount to any and all private liens and all the provisions set out in Chapter 7, Title 85, Mississippi Code of 1972, shall be applicable herein for the purpose of securing the enforcement of said lien, and particularly the right to secure the issuance of a writ of summons and seizure and proceedings had and done after the issuance of said writ shall be applicable. Provided, however, that the commissioner shall not be required to give any bond in any such case.

Any person or officer, agent or employee thereof who shall violate any provision of this chapter shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine not exceeding One Hundred Dollars (\$100.00) for the first offense and not less than One Hundred Dollars (\$100.00) nor more than Two Hundred Dollars (\$200.00) for each subsequent offense or imprisonment in the county jail for a period not to exceed ninety (90) days or both.

(2) If a person who, by himself, by his agent, or as the servant or agent of another person commits a violation of this chapter, the commissioner or his designee may impose any, all or a combination of the following penalties:

(a) A stop sale order for any engine fuel, nonengine fuel, automotive lubricant or any other petroleum product not in compliance with this chapter. A remand of the stop sale order may be issued if the engine fuel, nonengine fuel, automotive lubricant or petroleum product is brought into full compliance with this chapter. The stop sale order may be appealed to the commissioner or his designee within twenty (20) days from the receipt of the order.

(b) A warning letter for violations of this chapter.

(c) A civil penalty of not more than Three Thousand Dollars (\$3,000.00) per violation. A person may request an administrative hearing within thirty (30) days of receipt of the notice of the penalty. The commissioner or his designee shall conduct a hearing after giving reasonable notice to the person. The decision may be appealed to the Circuit Court of the First Judicial District of Hinds County.

(3) If the person has exhausted his administrative appeals, he shall pay the civil penalty within thirty (30) days after the effective date of the final decision. If the person fails to pay the penalty, the commissioner may bring a civil action in any court of competent jurisdiction to recover the penalty.

(4) The commissioner is authorized to suspend, revoke and/or permanently deny a registration under the Petroleum Products Inspection Law of Mississippi to any person, firm, corporation or other organization determined to be guilty of two (2) or more violations per location, per year, of the Petroleum Products Inspection Law of Mississippi and the rules and regulations in force pursuant thereto.

(5) In lieu of, or in addition to, the penalties provided above, the commissioner and the State Chemist shall have the power to institute and maintain in the name of the state any and all proceedings necessary or appropriate to enforce the provisions of the Petroleum Products Inspection Law of Mississippi and the rules and regulations in force pursuant thereto, in the appropriate circuit, chancery, county or justice court in which venue may lie. The commissioner and the State Chemist may obtain mandatory or prohibitory injunctive relief, whether temporary or permanent, and it shall not be necessary for the state to post a bond or prove that no adequate remedy is available at law.

(6) All penalties assessed by the commissioner under this section shall be deposited in the State General Fund.

SECTION 3. Section 97-3-15, Mississippi Code of 1972, is amended as follows:

97-3-15. (1) The killing of a human being by the act, procurement or omission of another shall be justifiable in the following cases:

(a) When committed by public officers, or those acting by their aid and assistance, in obedience to any judgment of a competent court;

(c) When necessarily committed by public officers, or those acting by their command in their aid and assistance, in retaking any felon who has been rescued or has escaped;

(d) When necessarily committed by public officers, or those acting by their command in their aid and assistance, in arresting any felon fleeing from justice;

(e) When committed by any person in resisting any attempt unlawfully to kill such person or to commit any felony upon him, or upon or in any dwelling, in any occupied vehicle, in any place of business, in any place of employment or in the immediate premises thereof in which such person shall be;

(f) When committed in the lawful defense of one's own person or any other human being, where there shall be reasonable ground to apprehend a design to commit a felony or to do some great personal injury, and there shall be imminent danger of such design being accomplished;

(g) When necessarily committed in attempting by lawful ways and means to apprehend any person for any felony committed;

(h) When necessarily committed in lawfully suppressing any riot or in lawfully keeping and preserving the peace; * * *

(i) When necessarily committed in the performance of duty as a member of a church or place of worship security program as described in Section 45-9-171 * * *; and

(2) (a) As used in subsection (1)(c) and (d) of this section, the term "when necessarily committed" means that a public officer or a person acting by or at the officer's command, aid or assistance is authorized to use such force as necessary in securing and detaining the felon offender, overcoming the offender's resistance, preventing the offender's escape, recapturing the offender if the offender escapes or in protecting himself or others from bodily harm; but such officer or person shall not be authorized to resort to deadly or dangerous means when to do so would be unreasonable under the circumstances. The public officer or person acting by or at the officer's command may act upon a reasonable apprehension of the surrounding circumstances; however, such officer or person shall not use excessive force or force that is greater than reasonably necessary in securing and detaining the offender, overcoming the offender's resistance, preventing the offender's escape, recapturing the offender if the offender escapes or in protecting himself or others from bodily harm.

(b) As used in subsection (1)(c) and (d) of this section, the term "felon" shall include an offender who has been convicted of a felony and shall also include an offender who is in custody, or whose custody is being sought, on a charge or for an offense which is punishable, upon conviction, by death or confinement in the Penitentiary.

(3) A person who uses defensive force shall be presumed to have reasonably feared imminent death or great bodily harm, or the commission of a felony upon him or another or upon his dwelling, or against a vehicle which he was occupying, or against his business or place of employment or the immediate premises of such business or place of employment, if the person against whom the defensive force was used, was in the process of unlawfully and forcibly entering, or had unlawfully and forcibly entered, a dwelling, occupied vehicle, business, place of employment or the immediate premises thereof or if that person had unlawfully removed or was attempting to unlawfully remove another against the other person's will from that dwelling, occupied vehicle, business, place of employment or the immediate premises thereof and the person who used defensive force knew or had reason to believe that the forcible entry or unlawful and forcible act was occurring or had occurred. This presumption shall not apply if the person against whom defensive force was used has a right to be in or is a lawful resident or owner of the dwelling, vehicle, business, place of employment or the immediate premises thereof or is the lawful resident or owner of the dwelling, vehicle, business, place of employment or the immediate premises thereof or if the person who uses defensive force is engaged in unlawful activity or if the person is a law enforcement officer engaged in the performance of his official duties.

(4) A person who is not the initial aggressor and is not engaged in unlawful activity shall have no duty to retreat before using deadly force under subsection (1)(e) or (f) of this section if the person is in a place where the person has a right to be, and no finder of fact shall be permitted to consider the person's failure to retreat as evidence that the person's use of force was unnecessary, excessive or unreasonable.

(5) (a) The presumptions contained in subsection (3) of this section shall apply in civil cases in which self-defense or defense of another is claimed as a defense.

(b) The court shall award reasonable attorney's fees, court costs, compensation for loss of income, and all expenses incurred by the defendant in defense of any civil action brought by a plaintiff if the court finds that the defendant acted in accordance with subsection (1)(e) or (f) of this section. A defendant who has previously been adjudicated "not guilty" of any crime by reason of subsection (1)(e) or (f) of this section shall be immune from any civil action for damages arising from the same conduct.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-22.43, Mississippi Code of 1972, is amended as follows:

27-7-22.43. (1) This section shall be known and may be cited as the "Pregnancy Resource Act."

(2) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Department" means the Department of Revenue.

(b) "Eligible charitable organization" means an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is a pregnancy resource center or crisis pregnancy center eligible to receive funding disbursed by the Choose Life Advisory Committee, Choose Life Mississippi or any successor entity under Section 27-19-56.70, 27-19-56.277 and/or 27-19-56.412.

(3) (a) The tax credit authorized in this section shall be available only to a taxpayer who is a business enterprise engaged in commercial, industrial or professional activities and operating as a corporation, limited liability company, partnership or sole proprietorship. Except as otherwise provided in this section, a credit is allowed against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123, for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. For calendar year 2022, for a taxpayer that is not operating as a corporation, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the taxpayer during the taxable year to an eligible charitable organization. From and after January 1, 2023, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by such sections of law and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(b) A contribution for which a credit is claimed under this section may not be used as a deduction by the taxpayer for state income tax purposes.

(4) Taxpayers taking a credit authorized by this section shall provide the name of the eligible charitable organization and the amount of the contribution to the department on forms provided by the department.

(5) An eligible charitable organization shall provide the department with a written certification that it meets all criteria to be considered an eligible charitable organization. The organization shall also notify the department of any changes that may affect eligibility under this section.

(6) The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code;

(b) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions;

(c) Any other information that the department requires to administer this section.

(7) The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

(8) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document.

(9) (a) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(b) For the purposes of using a tax credit against ad valorem taxes assessed and levied on real property, a taxpayer shall present to the appropriate tax collector the tax credit documentation provided to the taxpayer by the Department of Revenue, and the tax collector shall apply the tax credit against such ad valorem taxes. The tax collector shall forward the tax credit documentation to the Department of Revenue along with the amount of the tax credit applied against ad valorem taxes, and the department shall disburse funds to the tax collector for the amount of the tax credit applied against ad valorem taxes. Such payments by the Department of Revenue shall be made from current tax collections.

(10) The aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Three Million Five Hundred Thousand Dollars (\$3,500,000.00). However, for calendar year 2023, and for each calendar year thereafter, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Ten Million Dollars (\$10,000,000.00). For credits allocated during a calendar year for contributions to eligible charitable organizations, no more than fifty percent (50%) of such credits may be allocated for contributions to a single eligible charitable organization.

SECTION 2. Section 27-7-22.32, Mississippi Code of 1972, is amended as follows:

* * *

27-7-22.32. (1) (a) There shall be allowed as a credit against the tax imposed by this chapter the amount of the qualified adoption expenses paid or incurred, not to exceed Two Thousand Five Hundred Dollars (\$2,500.00), for each dependent child legally adopted by a taxpayer under the laws of this state during calendar year 2006 or during

any calendar year thereafter through calendar year 2017, * * * not to exceed Five Thousand Dollars (\$5,000.00) for each dependent child legally adopted by a taxpayer under the laws of this state during any calendar year thereafter through calendar year 2022, and not to exceed Ten Thousand Dollars (\$10,000.00) for each dependent child legally adopted by a taxpayer under the laws of this state during any calendar year thereafter. A taxpayer claiming a credit under this paragraph (a) may not claim a credit under paragraph (b) of this subsection for the adoption of the same child.

(b) There shall be allowed as a credit against the tax imposed by this chapter the amount of Five Thousand Dollars (\$5,000.00) for each dependent child legally adopted by a taxpayer under the laws of this state through the Mississippi Department of Child Protection Services during calendar year 2018 or during any calendar year thereafter through calendar year 2022, and the amount of Ten Thousand Dollars (\$10,000.00) for each dependent child legally adopted by a taxpayer under the laws of this state through the Mississippi Department of Child Protection Services during any calendar year thereafter. A taxpayer claiming a credit under this paragraph (b) may not claim a credit under paragraph (a) of this subsection for the adoption of the same child.

(2) The tax credit under this section may be claimed for the taxable year in which the adoption becomes final under the laws of this state. Any tax credit claimed under this section but not used in any taxable year may be carried forward for the five (5) succeeding tax years. A tax credit is allowed under this section for any child for which an exemption is claimed during the same taxable year under Section 27-7-21(e). For the purposes of this section, the term "qualified adoption expenses" means and has the same definition as that term has in 26 USCS * * * 23.

SECTION 3. Section 27-7-22.39, Mississippi Code of 1972, is amended as follows:

27-7-22.39. (1) As used in this section:

(a) "Low-income residents" means persons whose household income is less than one hundred fifty percent (150%) of the federal poverty level.

(b) "Qualifying charitable organization" means a charitable organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code or is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901. The organization must spend at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits or low-income residents of this state and their households or to children who have a chronic illness or physical, intellectual, developmental or emotional disability who are residents of this state. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. Taxpayers choosing to make donations through an umbrella charitable organization that collects donations on behalf of member charities shall designate that the donation be directed to a member charitable organization that would qualify under this section on a stand-alone basis. Qualifying charitable organization does not include any entity that provides, pays for or provides coverage of abortions or that financially supports any other entity that provides, pays for or provides coverage of abortions.

(c) "Qualifying foster care charitable organization" means a qualifying charitable organization that each operating year provides services to at least one hundred

(100) qualified individuals in this state and spends at least fifty percent (50%) of its budget on services to qualified individuals in this state. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying foster care charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. For the purposes of this paragraph, "qualified individual" means a child in a foster care placement program established by the Department of Child Protection Services, a child placed under the Safe Families for Children model, or a child at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(d) "Services" means:

(i) Cash assistance, medical care, child care, food, clothing, shelter, and job-placement services or any other assistance that is reasonably necessary to meet immediate basic needs and that is provided and used in this state;

(ii) Job-training or education services or funding for parents, foster parents or guardians; or (iii) Job-training or education services or funding provided as part of a foster care independent living program.

(2) (a) Except as provided in subsections (3) and (4) of this section, a credit is allowed against the taxes imposed by this chapter for voluntary cash contributions by the taxpayer during the taxable year to a qualifying charitable organization, other than a qualifying foster care charitable organization, through calendar year 2022, not to exceed:

(** *i) The lesser of Four Hundred Dollars (\$400.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(** *ii) The lesser of Eight Hundred Dollars (\$800.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(b) Except as provided in subsections (3) and (4) of this section, from and after January 1, 2023, a credit is allowed against the taxes imposed by this chapter for voluntary cash contributions by the individual taxpayer during the taxable year to a qualifying charitable organization, other than a qualifying foster care charitable organization. A credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the individual taxpayer during the taxable year to a qualifying charitable organization, other than a qualifying foster care charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by this chapter and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this paragraph but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(3) (a) A separate credit is allowed against the taxes imposed by this chapter for voluntary cash contributions during the taxable year to a qualifying foster care charitable organization. A contribution to a qualifying foster care charitable organization does not qualify for, and shall not be included in, any credit amount under subsection (2) of this section. If the voluntary cash contribution by the taxpayer is to a qualifying foster care charitable organization, through calendar year 2022, the credit shall not exceed:

(** *i) The lesser of Five Hundred Dollars (\$500.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(* * *ii) The lesser of One Thousand Dollars (\$1,000.00) or the amount of the contribution in any taxable year for a married couple filing a joint return.

(b) From and after January 1, 2023, a separate credit is allowed against the taxes imposed by this chapter for voluntary cash contributions during the taxable year to a qualifying foster care charitable organization. A credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the individual taxpayer during the taxable year to a qualifying foster care charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by this chapter and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this paragraph but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(4) Subsections (2) and (3) of this section provide separate credits against taxes imposed by this chapter depending on the recipients of the contributions. A taxpayer, including a married couple filing a joint return, in the same taxable year, may either or both:

(a) Contribute to a qualifying charitable organization, other than a qualifying foster care charitable organization, and claim a credit under subsection (2) of this section.

(b) Contribute to a qualifying foster care charitable organization and claim a credit under subsection (3) of this section.

(5) A husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half (1/2) of the tax credit that would have been allowed for a joint return.

(6) Except as otherwise provided in subsections (2) and (3) of this section, if the allowable tax credit exceeds the taxes otherwise due under this chapter on the claimant's income, or if there are no taxes due under this chapter, the taxpayer may carry forward the amount of the claim not used to offset the taxes under this chapter for not more than five (5) consecutive taxable years' income tax liability.

(7) The credit allowed by this section is in lieu of a deduction pursuant to Section 170 of the Internal Revenue Code and taken for state tax purposes.

(8) Taxpayers taking a credit authorized by this section shall provide the name of the qualifying charitable organization and the amount of the contribution to the department on forms provided by the department.

(9) A qualifying charitable organization shall provide the department with a written certification that it meets all criteria to be considered a qualifying charitable organization. The organization shall also notify the department of any changes that may affect the qualifications under this section.

(10) The charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code or verification that the organization is a designated community action agency that receives community services block grant program monies pursuant to 42 USC 9901.

(b) Financial data indicating the organization's budget for the organization's prior operating year and the amount of that budget spent on services to residents of this state who either:

(i) Receive temporary assistance for needy families benefits;

(ii) Are low-income residents of this state;

(iii) Are children who have a chronic illness or physical, intellectual, developmental or emotional disability; or

(iv) Are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services.

(c) A statement that the organization plans to continue spending at least fifty percent (50%) of its budget on services to residents of this state who receive temporary assistance for needy families benefits, who are low-income residents of this state, who are children who have a chronic illness or physical, intellectual, developmental or emotional disability or who are children in a foster care placement program established by the Department of Child Protection Services, children placed under the Safe Families for Children model or children at significant risk of entering a foster care placement program established by the Department of Child Protection Services. A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements for a qualifying charitable organization or qualifying foster care charitable organization except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi shall submit a statement that it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and that one hundred percent (100%) of the voluntary cash contributions it receives from Mississippi taxpayers will be spent on services to qualified individuals in Mississippi.

TO THE MISSISSIPPI SENATE:

GOVERNOR'S VETO MESSAGE FOR SENATE BILL 2224

I am returning Senate Bill 2224: "AN ACT TO AUTHORIZE THE COMMISSIONER OF INSURANCE TO ADOPT RULES AND REGULATIONS TO EXAMINE AND ADDRESS ANY INEQUALITIES REGARDING PROVIDER REIMBURSEMENT RATES PAID BY AN INSURER, SUBCONTRACTOR, OTHER PAYOR OR BY THIRD-PARTY ADMINISTRATORS; TO PROVIDE THAT FAILURE TO COMPLY WITH RULES AND REGULATIONS ADOPTED BY THE COMMISSIONER MAY RESULT IN A FINE NOT TO EXCEED \$10,000.00 PER VIOLATION; TO ADD A FOUR-YEAR REPEALER TO THE SECTION; TO AMEND SECTION 83-9-5, MISSISSIPPI CODE OF 1972, TO CLARIFY REQUIREMENTS FOR A CLEAN CLAIM; TO PROVIDE THAT THE COMMISSIONER OF INSURANCE MAY ADOPT RULES AND REGULATIONS

NECESSARY TO ENSURE COMPLIANCE WITH THE SECTION; AND FOR RELATED PURPOSES.”

Throughout the last decade, we have seen an accelerated attempt to erode the free market in exchange for bureaucratic control over all aspects of our lives. It is typically justified by our country's political power structure, and their commitment to “equity” at any cost. We are typically asked to hand power to a small cadre of government officials in order to achieve equity, and they are given unprecedented power in order to pursue this goal.

Senate Bill 2224 seeks to give the Mississippi Commissioner of Insurance the unprecedented power to unilaterally “examine and address any inequities or irregularities regarding provider reimbursement rates paid by an insurer . . . or other payor regarding covered services received by covered persons in this state.” Such power would bestow on the Commissioner the unchecked authority to review the reimbursement rates set by contract between healthcare providers and third-party payors and arbitrarily mandate that a higher rate be paid under the threat of a \$10,000 penalty for each service provided at a perceived inequitable rate. In short, SB 2224 would empower the Commissioner to invalidate the terms of contracts between private parties and make the Commissioner the rate czar for healthcare in Mississippi. The grant of such authority would violate multiple provisions of the United States and Mississippi Constitutions and inevitably result in an increase in already too-high insurance premiums paid by hardworking Mississippians and Mississippi businesses who are participants in the private insurance market.

Article 3, Section 16 of the Mississippi Constitution of 1890 states “laws impairing the obligation of contracts, shall not be passed.” This constitutional prohibition is mandated by Article 1, Section 10, Clause 1 of the United States Constitution: “No state shall . . . pass any . . . Law impairing the Obligation of Contracts.” The Framers adopted the Contracts Clause to curb the practice of colonial legislatures adopting laws that undermined the sanctity of private agreements and impair the free market. Senate Bill 2224 not only authorizes the Commissioner to impair the rights set by contract through invalidating bargained-for reimbursement rates, but it also allows the Commissioner to effectively amend private contracts by demanding the resetting of reimbursement rates under threat of fine and in the name of equity. Such interference in the contractual relationship between private parties is expressly barred by both the United States and Mississippi Constitutions.

Additionally, Senate Bill 2224 violates Due Process as it sets an indefinite and arbitrary “inequities” and “irregularities” standard of review. Article 3, Section 14 of the Mississippi Constitution, echoing the Fourteenth Amendment to the United States Constitution states “No person shall be deprived of life, liberty, or property except by due process of law.” To comply with the requirements of the Due Process Clause, a statute must define an offense with sufficient definiteness that ordinary people can understand what conduct is prohibited and in a manner that does not encourage arbitrary and discriminatory enforcement. SB 2224 does not provide either a statutory definition or an objective criteria to define the “inequities” and “irregularities” standard. In the absence of such a definition or objective criteria, SB 2224 fails to provide notice to healthcare payors of conduct that will violate the statute and is thus arbitrary and capricious. Further, SB 2224 fails to provide any mechanism to seek appellate review by any payor aggrieved by the imposition of any fine by the Commissioner. While righting perceived “inequities” no doubt provides a definite standard to those who seek to redistribute wealth and further burden hard working Mississippians and Mississippi business that purchase insurance in the private market, such an arbitrary standard plainly violates Due Process.

Next, the application of a \$10,000 fine per violation has the potential to violate Article 3, Section 28 of the Mississippi Constitution prohibiting “excessive fines”. Specifically, such a fine when applied to alleged inequities in reimbursement rates for frequent and routine lab tests, screenings or office procedures would lead to millions of dollars in fines, an amount grossly disproportionate to the gravity of any offense committed by the payor. Prudence dictates that such an exorbitant fine per violation should only be assessed after a regulatory agency puts a party on notice of a potential violation, not retroactively to all prior alleged violations.

In addition to these constitutional infirmities, by its plain terms Senate Bill 2224 gives the Commissioner the authority to review and adjust reimbursement rates paid by

Medicare and Mississippi Medicaid, each a “payor” of healthcare services in Mississippi. The Federal government, through the Centers for Medicare and Medicaid (“CMS”) sets reimbursement rates for all services and equipment provided to Medicare recipients. I am unaware of any provision of Federal law that would authorize a state to review Medicare reimbursement rates and fine CMS for paying inequitable rates. Further, Mississippi Medicaid’s reimbursement rates are set by the State Plan subject to comment by the Mississippi Legislature and approval by CMS. Cloaking the Commissioner with authority to reset Medicaid reimbursement rates and impose a \$10,000 penalty for each claim paid at an “inequitable” rate would dramatically increase the cost of the Medicaid program to the State. Mississippi taxpayers already shoulder a heavy enough tax burden funding the state share of Medicaid to provide coverage to nearly 900,000 Mississippians. SB 2224 has the potential to unwisely increase this tax burden beyond the breaking point in the name of equity.

While one Insurance Commissioner may apply such a tool conservatively and restrain himself from playing kingmaker, another may be far less just. We should not concentrate such an unprecedented, vague and overwhelming authority in the hands of a single government office merely because we believe its current elected officeholder to be an upstanding individual.

While Senate Bill 2224 was no doubt motivated by the recent and highly publicized contractual impasse between a large healthcare provider and the largest private insurer in the state, that impasse was ultimately resolved the way all disputes between sophisticated parties should be resolved in a free market—through hard-fought negotiations and a bargained for contract. SB 2224 would imprudently and unconstitutionally inject the State into matters of private contract. For nearly two hundred and fifty years, America’s free market economy has been a shining beacon and the envy of the world. If history has taught us anything, it is that Adam Smith’s invisible hand is to be preferred over the heavy hand of government regulators to deliver the best possible economic outcomes.

In sum, because Senate Bill 2224 violates multiple provisions of the United States and Mississippi Constitutions and will no doubt increase the already too high premiums paid by Mississippians and Mississippi businesses that participate in the private insurance market in the name of equity, I am vetoing Senate Bill 2224.

TO THE MISSISSIPPI SENATE:

GOVERNOR’S VETO MESSAGE FOR SENATE BILL 2622

I am returning Senate Bill 2622: “AN ACT TO ENACT THE MISSISSIPPI PRIOR AUTHORIZATION REFORM ACT; TO ESTABLISH THE LEGISLATIVE FINDINGS OF THE ACT; TO PROVIDE THE APPLICABILITY AND SCOPE OF THE ACT; TO REQUIRE HEALTH INSURANCE ISSUERS TO MAINTAIN A COMPLETE LIST OF SERVICES FOR WHICH PRIOR AUTHORIZATIONS ARE REQUIRED; TO REQUIRE HEALTH INSURANCE ISSUERS TO MAKE ANY CURRENT PRIOR AUTHORIZATION REQUIREMENTS AND RESTRICTIONS READILY ACCESSIBLE AND POSTED ON ITS WEBSITE; TO SET REQUIREMENTS FOR THE CLINICAL REVIEW CRITERIA OF HEALTH INSURANCE ISSUERS; TO PROHIBIT HEALTH INSURANCE ISSUERS FROM DENYING A CLAIM FOR FAILURE TO OBTAIN PRIOR AUTHORIZATION IF THE PRIOR AUTHORIZATION REQUIREMENT WAS NOT IN EFFECT ON THE DATE OF SERVICE ON THE CLAIM; TO REQUIRE HEALTH INSURERS TO MAKE CERTAIN PRIOR AUTHORIZATION STATISTICS AVAILABLE ON THEIR WEBSITE; TO REQUIRE HEALTH INSURANCE ISSUERS TO MAKE AVAILABLE A STANDARDIZED ELECTRONIC PRIOR AUTHORIZATION REQUEST TRANSACTION PROCESS BY

Prior authorization is the process utilized to determine if the cost of a particular medical procedure or service, or medication is covered under an insurance plan. Senate Bill 2622, titled "Mississippi Prior Authorization Reform Act" seeks to implement a "transparent", "fair" and "consistent" process for obtaining prior authorization, a worthy goal. Specifically, SB 2622 mandates that a health insurer make numerous disclosures regarding (a) what services require prior authorization, (b) the process for obtaining prior authorization, and (c) the clinical review criteria to be applied, and prohibits any changes to these disclosures upon less than sixty (60) days' notice. Further, SB 2622 requires the use of a standardized electronic portal for submission and processing of requests for prior authorization and provides that determinations be made in two (2) working days for nonurgent circumstances and twenty-four (24) hours for urgent circumstances. Additionally, SB 2622 requires health insurers to utilize a physician having "experience treating and managing patients with the medical condition or disease for which the" prior authorization is requested to review such requests, and utilize a second physician with similar credentials to consider the appeal of any denial of a request. SB 2622 also prohibits the revocation or limitation of prior authorization in certain circumstances, and limits the validity of prior authorization to a maximum of six (6) months, with a twelve (12) month limitation for chronic conditions. The effect of any health insurer failing to comply with these requirements "shall result in any health care services subject to review to be automatically deemed authorized," and subject the insurer to the jurisdiction of the

Mississippi Department of Health who may issue a cease-and-desist order, require a corrective action plan and impose a fine in the amount of up to \$10,000 per violation. In addition, SB 2622 requires health insurers report significant statistical data to the Department of Health. Finally, SB 2622 gives the Mississippi Department of Insurance the authority to conduct an administrative proceeding regarding any reported false or fraudulent requests for prior authorization submitted to a health insurer.

Reforming the prior authorization process is a very worthy goal, and I support efforts very similar to those in this bill. Almost every Mississippian knows someone who has fought with an insurance company over coverage for a medical procedure or medication that has been recommended for a loved one. Anyone who has been in that position has experienced extreme frustration and is keenly aware that reform is necessary to bring transparency, uniformity and timeliness to the prior authorization process. I commend the Mississippi Legislature for their efforts to reform the prior authorization process, and I agree that the current system could be dramatically improved through the use of required notices regarding the procedures to seek prior authorization, submission of requests through a uniform electronic portal, review of requests by qualified physicians, and the adoption of rules that place tight timelines on the prior authorization process. While Senate Bill 2622 accomplishes many of these laudable goals, a few correctable flaws in the bill have the potential to create significant negative unintended consequences.

First, regulatory authority over all insurance companies in the state, including health insurers has long been vested in the Mississippi Department of Insurance. The Department of Insurance employs a staff of highly competent professionals with decades of experience in regulating the insurance industry. This industry-specific knowledge would enable the Department of Insurance to be in the best position to efficiently adopt rules and regulations to ensure compliance with the Prior Authorization Reform Act. The Mississippi Department of Health has no experience regulating insurance companies.

Moreover, the Mississippi Department of Insurance, unlike the Mississippi Department of Health, is not a healthcare provider. For decades the Mississippi Department of Health has provided healthcare services to Mississippians through county health departments, and it is the stated goal of the newly appointed State Health Officer to expand the services provided by the Department of Health at county health departments. Thus, Senate Bill 2622 has the potential to create an untenable situation in which the Mississippi Department of Health would be called on to make a determination on a request for prior authorization for a procedure or medication being recommended by a medical provider employed by the Department of Health and providing care at a county health department. In short, empowering the agency with regulatory authority over the insurance industry and avoiding the potential for future conflicts of interest dictates that oversight over the Prior Authorization Reform Act should be placed with the Mississippi Department of Insurance, not the Mississippi Department of Health.

Second, under existing law, the Mississippi Department of Insurance plays no role in investigating suspected healthcare fraud. In fact, federal law dictates that if the Mississippi Department of Medicaid becomes aware of any incidents of fraud or abuse, the Department is required to refer the case to the Mississippi Attorney General's Medicaid Fraud Control Unit. If such incidents of fraud or abuse are substantiated, the Mississippi Attorney General's Office has civil and criminal enforcement authority. Moreover, state District Attorneys and the United States Attorney have jurisdiction to investigate and prosecute other healthcare fraud. Despite this existing framework to address healthcare fraud, Senate Bill 2622 creates an administrative procedure for the Mississippi Department of Insurance to receive referrals of information regarding alleged fraud by healthcare providers in connection with false or fraudulent prior authorization requests, and empowers the Department of Insurance to conduct "an administrative hearing on the matter to resolve the issue." The Mississippi Department of Insurance has no jurisdiction to prosecute healthcare fraud, and such an administrative process could frustrate and hinder criminal investigations by the Attorney General, District Attorney or United States Attorney, the bodies that possess criminal prosecutorial authority. Healthcare fraud cases are complex and may take years to investigate. During such time, it is imperative that such investigations remain confidential. Thus, the administrative hearing process created by SB 2622 would have the unintended effect of jeopardizing criminal investigations of suspected fraud in connection with prior authorization requests.

Third, Senate Bill 2622 negatively impacts the current prior authorization process in two significant, unintended ways. First, it limits parties to an insurance contract from agreeing that the validity of a prior authorization determination may extend beyond six months (or 12 months for a chronic condition). To avoid unnecessary administrative expense, the parties to an insurance contract should retain the right to agree to extend a prior authorization beyond six months. Second, Senate Bill 2622 requires a minimum of 60 days' notice in advance of amending any prior authorization requirement. While on its face such a limitation might seem like good policy, in the real world it could have the effect of interrupting access to medication. For example, when a preferred medication becomes scarce or unavailable due to supply issues, the 60-day notice provision would preclude an insurer from immediately making a change in its prior authorization schedule to provide access to a substitute drug. Similarly, if a new drug came to market, an insurer would be hampered by the 60-day notice period to adopt criteria to approve the use of the new drug. A statutory exception for medical necessity should be added to this 60-day notice period.

Fourth, Senate Bill 2622 mandates that health insurers utilize a team of qualified physician specialists to evaluate requests for prior authorization on a very short timeframe and places heavy reporting obligations on health insurers. Such new obligations will significantly increase operating costs, and such increases will be passed on through increased premiums to be borne by Mississippians and Mississippi businesses. It is likely that these expected increased costs led the Legislature to exclude the Mississippi State and School Employees' Life and Health Insurance Plan from SB 2622. Such an exclusion, however, begs the question, if imposing these additional burdens and resulting additional costs on health insurers to improve the prior authorization process is good policy, why was the largest group health insurance plan in the state (covering 190,000 state employees, including the members of the Legislature) excluded? I believe the Legislature should reexamine the additional regulatory burdens placed on health insurers, specifically through the lens of whether they will cause the cost of health insurance for many Mississippians to increase.

Finally, unlike the State Employees Health Insurance Plan, Medicaid is not a health insurance company. Rather, Medicaid is a welfare program that provides access to healthcare for low-income Mississippians. Medicaid operates under the supervision of the Federal government and in accordance with federal law and CMS rules and regulations. Prior to the introduction of Senate Bill 2622, the Biden-Harris Administration announced a proposed rule to place new requirements on Medicaid programs to streamline processes relating to prior authorization, improve healthcare data exchange, and add more interoperability of the prior authorization process. The requirements of SB 2622 are inconsistent with many of the standards proposed by the Federal government. If Medicaid is subject to the requirements of SB 2622, it will be required to follow two separate standards, resulting in inefficiencies and increased costs. Moreover, Medicaid managed care entities are prohibited by Miss. Code Ann. § 43-13-117(h) from adopting prior authorization requirements that are more stringent than the processes utilized by the Mississippi Division of Medicaid. Prudence dictates that because Medicaid's prior authorization process is under the watchful eye of the Federal government, it should be exempted from duplicative and contrary state law requirements. If we choose not to exempt Medicaid, we must—at the very least—provide the vast additional resources necessary to comply with this new prior authorization scheme. New staff will be required, and it will be a Herculean effort for the state to either comply on the quick timeline required or face fines and cover otherwise ineligible services. Whichever way we decide, the Legislature would be forced to pour much more money into this agency—and I do not want to put anyone in that position.

In sum, while I agree that reform of the prior authorization process is much needed, and I commend the efforts of the Legislature to bring transparency and consistency to the process, a few correctable flaws in Senate Bill 2622 have the potential to create significant negative unintended consequences. As a result, I am vetoing Senate Bill 2622.

SECTION 1. (1) The Legislature finds that:

(a) Public Law 114-196 established the United States Semiquincentennial Commission and its nonprofit partner, the America250 Foundation, to collaborate with affiliates at the local, territorial, state, tribal, regional, national and international levels to educate, engage and unite Americans throughout a commemorative period beginning in 2020 to officially conclude in 2027, culminating in the celebration of the 250th Anniversary of the signing of the Declaration of Independence on July 4, 2026, and of the 250th Anniversary of the founding of the United States of America;

(b) As of December 1, 2021, eighteen (18) states have established organizations to support the America250 initiative by planning and implementing programs that honor the history and culture of the United States, including special events, public art displays, museum exhibitions and educational curriculums, and the United States Semiquincentennial Commission expects the widest participation to occur through state and local projects and events; and

(2) There is hereby created a Mississippi USA Semiquincentennial Commission, hereinafter referred to as the "commission," to plan, promote and implement appropriate public celebrations and official events, programs and commemorations.

Upon obtaining a sales tax permit, a previously unregistered taxpayer shall file sales tax returns for all tax periods during which he engaged in business in this state without a sales tax permit, and report and pay the sales tax accruing from his operation during this period and any applicable penalties and interest. On such return, the taxpayer may take a credit for any sales taxes paid during the period he operated without a sales tax permit on a purchase that would have constituted a wholesale sale if the taxpayer had a sales tax permit at the time of the purchase and if proper documentation exists to substantiate a wholesale sale. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in an audit for a period during which he operated without a sales tax permit may be determined based on the sales tax accruing from the taxpayer's operation for that period after the taking of this credit.

(f) "Sale" or "sales" includes the barter or exchange of property as well as the sale thereof for money or other consideration, and every closed transaction by which the title to taxable property passes shall constitute a taxable event.

"Sale" shall also include the passing of title to property for a consideration of coupons, trading stamps or by any other means when redemption is subsequent to the original sale by which the coupon, stamp or other obligation was created.

The situs of a sale for the purpose of distributing taxes to municipalities shall be the same as the location of the business from which the sale is made except that:

(i) Retail sales along a route from a vehicle or otherwise by a transient vendor shall take the situs of delivery to the customer.

(ii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is allowed as a credit against the sales tax liability of the retailer, shall be the same as the location of the business of the retailer receiving the credit.

(iii) The situs of wholesale sales of tangible personal property taxed at wholesale rates, the amount of which is not allowed as a credit against the sales tax liability of the retailer, shall have a rural situs.

(iv) Income received from the renting or leasing of property used for transportation purposes between cities or counties shall have a rural situs.

(g) "Delivery charges" shall mean and include any expenses incurred by a seller in acquiring merchandise for sale in the regular course of business commonly known as "freight-in" or "transportation costs-in." "Delivery charges" also include any charges made by the seller for delivery of property sold to the purchaser.

(h) "Gross proceeds of sales" means the value proceeding or accruing from the full sale price of tangible personal property, including installation charges, without any deduction for delivery charges, cost of property sold, other expenses or losses, or taxes of any kind except those expressly exempt by this chapter.

"Gross proceeds of sales" includes consideration received by the seller from third parties if:

(i) The seller actually received consideration from a party other than the purchaser and the consideration is directly related to a price reduction or discount on the sale;

(ii) The seller has an obligation to pass the price reduction or discount through to the purchaser;

(iii) The amount of the consideration attributable to the sale is fixed and determinable by the seller at the time of the sale of the item to the purchaser; and

(iv) One (1) of the following criteria is met:

1. The purchaser presents a coupon, certificate or other documentation to the seller to claim a price reduction or discount where the coupon, certificate or documentation is authorized, distributed or granted by a third party with the understanding that the third party will reimburse any seller to whom the coupon, certificate or documentation is presented;

2. The purchaser identified himself or herself to the seller as a member of a group or organization entitled to a price reduction or discount (a "preferred customer" card that is available to any patron does not constitute membership in such a group); or

3. The price reduction or discount is identified as a third-party price reduction or discount on the invoice received by the purchaser or on a coupon, certificate or other documentation presented by the purchaser.

Where a trade-in is taken as part payment on tangible personal property sold, "gross proceeds of sales" shall include only the difference received between the selling price of the tangible personal property and the amount allowed for a trade-in of property

of the same kind. When the trade-in is subsequently sold, the selling price thereof shall be included in "gross proceeds of sales."

"Gross proceeds of sales" shall include the value of any goods, wares, merchandise or property purchased at wholesale or manufactured, and any mineral or natural resources produced, which are withdrawn or used from an established business or from the stock in trade for consumption or any other use in the business or by the owner. However, "gross proceeds of sales" does not include meals prepared by a restaurant and provided at no charge to employees of the restaurant or donated to a charitable organization that regularly provides food to the needy and the indigent and which has been granted exemption from the federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986.

"Gross proceeds of sales" shall not include bad check or draft service charges as provided for in Section 97-19-57.

"Gross proceeds of sales" does not include finance charges, carrying charges or any other addition to the selling price as a result of deferred payments by the purchaser.

(i) "Gross income" means the total charges for service or the total receipts (actual or accrued) derived from trades, business or commerce by reason of the investment of capital in the business engaged in, including the sale or rental of tangible personal property, compensation for labor and services performed, and including the receipts from the sales of property retained as toll, without any deduction for rebates, cost of property sold, cost of materials used, labor costs, interest paid, losses or any expense whatever.

"Gross income" shall also include the cost of property given as compensation when the property is consumed by a person performing a taxable service for the donor.

However, "gross income" or "gross proceeds of sales" shall not be construed to include the value of goods returned by customers when the total sale price is refunded either in cash or by credit, or cash discounts allowed and taken on sales. Cash discounts shall not include the value of trading stamps given with a sale of property.

(j) "Tangible personal property" means personal property perceptible to the human senses or by chemical analysis as opposed to real property or intangibles and shall include property sold on an installed basis which may become a part of real or personal property. "Tangible personal property" shall also include computer software but shall not include electronically stored or maintained data.

(k) "Installation charges" shall mean and include the charge for the application of tangible personal property to real or personal property without regard to whether or not it becomes a part of the real property or retains its personal property classification. It shall include, but not be limited to, sales in place of roofing, tile, glass, carpets, drapes, fences, awnings, window air-conditioning units, gasoline pumps, window guards, floor coverings, carports, store fixtures, aluminum and plastic siding, tombstones and similar personal property.

(l) "Newspaper" means a periodical which:

(i) Is not published primarily for advertising purposes and has not contained more than seventy-five percent (75%) advertising in more than one-half (1/2) of its issues during any consecutive twelve-month period excluding separate advertising supplements inserted into but separately identifiable from any regular issue or issues;

(ii) Has been established and published continuously for at least twelve (12) months;

(iii) Is regularly issued at stated intervals no less frequently than once a week, bears a date of issue, and is numbered consecutively; provided, however, that publication on legal holidays of this state or of the United States and on Saturdays and Sundays shall not be required, and failure to publish not more than two (2) regular issues in any calendar year shall not exclude a periodical from this definition;

(iv) Is issued from a known office of publication, which shall be the principal public business office of the newspaper and need not be the place at which the periodical is printed and a newspaper shall be deemed to be "published" at the place where its known office of publication is located;

(v) Is formed of printed sheets; provided, however, that a periodical that is reproduced by the stencil, mimeograph or hectograph process shall not be considered to be a "newspaper"; and

(vi) Is originated and published for the dissemination of current news and intelligence of varied, broad and general public interest, announcements and notices, opinions as editorials on a regular or irregular basis, and advertising and miscellaneous reading matter.

The term "newspaper" shall include periodicals which are designed primarily for free circulation or for circulation at nominal rates as well as those which are designed for circulation at more than a nominal rate.

The term "newspaper" shall not include a publication or periodical which is published, sponsored by, is directly supported financially by, or is published to further the interests of, or is directed to, or has a circulation restricted, in whole or in part, to any particular sect, denomination, labor or fraternal organization or other special group or class or citizens.

For purposes of this paragraph, a periodical designed primarily for free circulation or circulation at nominal rates shall not be considered to be a newspaper unless such periodical has made an application for such status to the department in the manner prescribed by the department and has provided to the department documentation satisfactory to the department showing that such periodical meets the requirements of the definition of the term "newspaper." However, if such periodical has been determined to be a newspaper under action taken by the department on or before April 11, 1996, such periodical shall be considered to be a newspaper without the necessity of applying for such status. A determination by the Department of Revenue that a publication is a newspaper shall be limited to the application of this chapter and shall not establish that the publication is a newspaper for any other purpose.

(m) "MPC" or "Material Purchase Certificate" means a certificate for which a person that is liable for the tax levy under Section 27-65-21 can apply and obtain from the commissioner, and when issued, entitles the holder to purchase materials and services that are to become a component part of a structure to be erected or repaired with no tax due. Any person taxable under Section 27-65-21 who obtains an MPC for a project and purchases materials and services in this state that are to become a component part of a structure being erected or repaired in the project and at any time pays sales tax on these purchases may, after obtaining the MPC for the project, take a credit against his sales taxes for the sales tax paid on these purchases if proper documentation exists to substantiate the payment of the sales tax on the purchase of component materials and services. This credit may also be allowed in any audit of the taxpayer. Any penalties and interest owed by the taxpayer on the return or in the audit where this credit is taken may be determined based on the sales tax due after the taking of this credit.

SECTION 2. Section 27-65-7, Mississippi Code of 1972, is amended as follows:

27-65-7. "Retailer" shall apply to a person making retail sales through vending machines, by maintaining a store, or operating as a transient vendor, or renting or leasing tangible personal property. "Retail sales" shall mean and include all sales of tangible personal property physically or electronically delivered or located within this state except those defined herein as wholesale and those made to a wholesaler, jobber, manufacturer or custom processor for resale or for further processing.

"Retail sale" shall include the value of any tangible personal property manufactured or purchased at wholesale which is withdrawn from the business or stock in trade and is used or consumed within this state in the business or by the owner or by any other person, whether or not in the regular course of business or trade.

"Retail sale" shall also include a sale invoiced to a retailer but delivered to another person who pays for the merchandise upon taking possession.

"Retail sale" shall also include a sale made or facilitated by a person regularly engaged in the sale or facilitation of sales of services or tangible personal property. "Retail sale" does not include a sale by a third-party food delivery service that delivers food from an unrelated restaurant to a customer, regardless of whether the customer orders and pays for the food through the delivery service or whether the delivery service adds fees or upcharges to the price of the food.

Computer software maintained on a server located outside the state and accessible for use only via the Internet is not a taxable retail sale.

SECTION 3. Section 27-65-19, Mississippi Code of 1972, is amended as follows:

27-65-19. (1) (a) (i) Except as otherwise provided in this subsection, upon every person selling to consumers, electricity, current, power, potable water, steam, coal, natural gas, liquefied petroleum gas or other fuel, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross income of the business. Provided, gross income from sales to consumers of electricity, current, power, natural gas, liquefied petroleum gas or other fuel for residential heating, lighting or other residential noncommercial or nonagricultural use, and sales of potable water for residential, noncommercial or nonagricultural use shall be excluded from taxable gross income of the business. Provided further, upon every such seller using electricity, current, power, potable water, steam, coal, natural gas, liquefied petroleum gas or other fuel for nonindustrial purposes, there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the cost or value of the product or service used.

(b) (i) There is hereby levied, assessed and shall be collected a tax equal to one and one-half percent (1-1/2%) of the gross income of the business from the sale of naturally occurring carbon dioxide and anthropogenic carbon dioxide lawfully injected into the earth for:

1. Use in an enhanced oil recovery project, including, but not limited to, use for cycling, repressuring or lifting of oil; or
2. Permanent sequestration in a geological formation.

(ii) The one and one-half percent (1-1/2%) rate provided for in this subsection shall apply to electricity, current, power, steam, coal, natural gas, liquefied petroleum gas or other fuel that is sold to a producer of oil and gas for use directly in enhanced oil recovery using carbon dioxide and/or the permanent sequestration of carbon dioxide in a geological formation.

(c) The one and one-half percent (1-1/2%) rate provided for in this subsection shall not apply to sales of fuel for automobiles, trucks, truck-tractors, buses, farm tractors or airplanes.

(d) (i) Upon every person providing services in this state, there is hereby levied, assessed and shall be collected:

(ii) A person, upon proof that he has paid a tax in another state on an event described in subparagraph (i) of this paragraph (d), shall be allowed a credit against the tax imposed in this paragraph (d) on interstate telecommunications service charges to the extent that the amount of such tax is properly due and actually paid in such other state and to the extent that the rate of sales tax imposed by and paid in such other state does not exceed the rate of sales tax imposed by this paragraph (d).

(iii) Charges by one (1) telecommunications provider to another telecommunications provider holding a permit issued under Section 27-65-27 for services that are resold by such other telecommunications provider, including, but not limited to, access charges, shall not be subject to the tax levied pursuant to this paragraph (d).

(iv) For purposes of this paragraph (d):

1. "Telecommunications service" means the electronic transmission, conveyance or routing of voice, data, audio, video or any other information or signals to a point, or between points. The term "telecommunications service" includes such transmission, conveyance or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value added. The term "telecommunications service" shall not include:

h. Ancillary services; or

i. Digital products delivered electronically, including, but not limited to, computer software, computer software services, electronically stored or maintained data, music, video, reading materials, specified digital products, or ring tones.

2. "Ancillary services" means services that are associated with or incidental to the provision of telecommunications services, including, but not limited to, detailed telecommunications billing, directory assistance, vertical service and voice mail service.

a. "Conference bridging" means an ancillary service that links two (2) or more participants of an audio or video conference call and may include the provision of a telephone number. Conference bridging does not include the telecommunications services used to reach the conference bridge.

b. "Detailed telecommunications billing service" means an ancillary service of separately stating information pertaining to individual calls on a customer's billing statement.

c. "Directory assistance" means an ancillary service of providing telephone number information and/or address information.

d. "Vertical service" means an ancillary service that is offered in connection with one or more telecommunications services, which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including conference bridging services.

e. "Voice mail service" means an ancillary service that enables the customer to store, send or receive recorded messages. Voice mail service does not include any vertical services that the customer may be required to have in order to utilize the voice mail service.

b. Each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

2. Except for the defined telecommunications services in item 3 of this subparagraph, a sale of telecommunications services sold on a basis other than a call-by-call basis, is sourced to the customer's place of primary use.

3. The sale of the following telecommunications services shall be sourced to each level of taxing jurisdiction as follows:

a. A sale of mobile telecommunications services other than air-to-ground radiotelephone service and prepaid calling service is sourced to the customer's place of primary use as required by the Mobile Telecommunication Sourcing Act.

A. A home service provider shall be responsible for obtaining and maintaining the customer's place of primary use. The home service provider shall be entitled to rely on the applicable residential or business street address supplied by such customer, if the home service provider's reliance is in good faith; and the home service provider shall be held harmless from liability for any additional taxes based on a different determination of the place of primary use for taxes that are customarily passed on to the customer as a separate itemized charge. A home service provider shall be allowed to treat the address used for purposes of the tax levied by this chapter for any customer under a service contract in effect on August 1, 2002, as that customer's place of primary use for the remaining term of such service contract or agreement, excluding any extension or renewal of such service contract or agreement. Month-to-month services provided after the expiration of a contract shall be treated as an extension or renewal of such contract or agreement.

B. If the commissioner determines that the address used by a home service provider as a customer's place of primary use does not meet the definition of the term "place of primary use" as defined in subitem a.A. of this item 3, the commissioner shall give binding notice to the home service provider to change the place of primary use on a prospective basis from the date of notice of determination; however, the customer shall have the opportunity, prior to such notice of determination, to demonstrate that such address satisfies the definition.

C. The department has the right to collect any taxes due directly from the home service provider's customer that has failed to provide an address that meets the definition of the term "place of primary use" which resulted in a failure of tax otherwise due being remitted.

b. A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either:

A. The seller's telecommunications system; or

B. Information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. A sale of a prepaid calling service or prepaid wireless calling service shall be subject to the tax imposed by this paragraph if the sale takes place in this state. If the customer physically purchases a prepaid calling service or prepaid wireless calling service at the vendor's place of business, the sale is deemed to take place at the vendor's place of business. If the customer does not physically purchase the service at the vendor's place of business, the sale of a prepaid calling card or prepaid wireless calling card is deemed to take place at the first of the following locations that applies to the sale:

A. The customer's shipping address, if the sale involves a shipment;

B. The customer's billing address;

C. Any other address of the customer that is known by the vendor; or

D. The address of the vendor, or alternatively, in the case of a prepaid wireless calling service, the location associated with the mobile telephone number.

4. A sale of a private communication service is sourced as follows:

a. Service for a separate charge related to a customer channel termination point is sourced to each level of jurisdiction in which such customer channel termination point is located.

b. Service where all customer termination points are located entirely within one (1) jurisdiction or levels of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located.

c. Service for segments of a channel between two (2) customer channel termination points located in different jurisdictions and which segments of a channel are separately charged is sourced fifty percent (50%) in each level of jurisdiction in which the customer channel termination points are located.

d. Service for segments of a channel located in more than one (1) jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termination points.

5. A sale of ancillary services is sourced to the customer's place of primary use.

(vi) For purposes of subparagraph (v) of this paragraph (d):

1. "Air-to-ground radiotelephone service" means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

2. "Call-by-call basis" means any method of charging for telecommunications services where the price is measured by individual calls.

3. "Communications channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

4. "Customer" means the person or entity that contracts with the seller of telecommunications services. If the end user of telecommunications services is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service. Customer does not include a reseller of telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider's licensed service area.

5. "Customer channel termination point" means the location where the customer either inputs or receives the communications.

6. "End user" means the person who utilizes the telecommunications service. In the case of an entity, "end user" means the individual who utilizes the service on behalf of the entity.

7. "Home service provider" has the meaning ascribed to such term in Section 124(5) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

8. "Mobile telecommunications service" has the meaning ascribed to such term in Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

9. "Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, the place of primary use must be within the licensed service area of the home service provider.

10. "Post-paid calling service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes a telecommunications service, except a prepaid wireless calling service that would be a prepaid calling service except it is not exclusively a telecommunications service.

11. "Prepaid calling service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

12. "Prepaid wireless calling service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other nontelecommunications services, including the download of digital products delivered electronically, content and ancillary service, which must be paid for in advance

that is sold in predetermined units or dollars of which the number declines with use in a known amount.

13. "Private communication service" means a telecommunications service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations and any other associated services that are provided in connection with the use of such channel or channels.

14. "Service address" means:

a. The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid.

b. If the location in subitem a of this item 14 is not known, the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

c. If the location in subitems a and b of this item 14 are not known, the location of the customer's place of primary use.

(vii) 1. For purposes of this subparagraph (vii), "bundled transaction" means a transaction that consists of distinct and identifiable properties or services which are sold for a single nonitemized price but which are treated differently for tax purposes.

2. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, or audio or video programming services taxed under this chapter in which the price of the bundled transaction is attributable to properties or services that are taxable and nontaxable, the portion of the price that is attributable to any nontaxable property or service shall be subject to the tax unless the provider can reasonably identify that portion from its books and records kept in the regular course of business.

3. In the case of a bundled transaction that includes telecommunications services, ancillary services, Internet access, audio or video programming services subject to tax under this chapter in which the price is attributable to properties or services that are subject to the tax but the tax revenue from the different properties or services are dedicated to different funds or purposes, the provider shall allocate the price among the properties or services:

a. By reasonably identifying the portion of the price attributable to each of the properties and services from its books and records kept in the regular course of business; or

b. Based on a reasonable allocation methodology approved by the department.

4. This subparagraph (vii) shall not create a right of action for a customer to require that the provider or the department, for purposes of determining the amount of tax applicable to a bundled transaction, allocate the price to the different portions of the transaction in order to minimize the amount of tax charged to the customer. A customer shall not be entitled to rely on the fact that a portion of the price is attributable to properties or services not subject to tax unless the provider elects, after receiving a written request from the customer in the form required by the provider, to provide verifiable data based upon the provider's books and records that are kept in the regular course of

business that reasonably identifies the portion of the price attributable to the properties or services not subject to the tax.

(2) Persons making sales to consumers of electricity, current, power, natural gas, liquefied petroleum gas or other fuel for residential heating, lighting or other residential noncommercial or nonagricultural use or sales of potable water for residential, noncommercial or nonagricultural use shall indicate on each statement rendered to customers that such charges are exempt from sales taxes.

(3) There is hereby levied, assessed and shall be paid on transportation charges on shipments moving between points within this state when paid directly by the consumer, a tax equal to the rate applicable to the sale of the property being transported. Such tax shall be reported and paid directly to the Department of Revenue by the consumer.

SECTION 5. Section 27-65-93, Mississippi Code of 1972, is amended as follows:

27-65-93. (1) The commissioner shall, from time to time, promulgate rules and regulations, not inconsistent with the provisions of the sales tax law, for making returns and for the ascertainment, assessment and collection of the tax imposed by the sales tax law as he may deem necessary to enforce its provisions; and, upon request, he shall furnish any taxpayer with a copy of the rules and regulations.

(2) All forms, necessary for the enforcement of the sales tax law, shall be prescribed, printed and furnished by the commissioner.

(3) The commissioner may adopt rules and regulations providing for the issuance of permits to manufacturers, utilities, construction contractors, companies receiving bond financing through the Mississippi Business Finance Corporation or the Mississippi Development Authority, and other taxpayers as determined by the commissioner, and the commissioner shall adopt rules and regulations providing for the issuance of a permit to any qualified business or industry, which is certified as such by the Mississippi Development Authority pursuant to the Mississippi Flexible Tax Incentive Act and awarded any mFlex tax incentive amount for such qualified business's or industry's qualified economic development project, certified as such by the Mississippi Development Authority pursuant to the Mississippi Flexible Tax Incentive Act, to purchase tangible personal property taxed under Section 27-65-17, items taxed under Section 27-65-18, items taxed under Section 27-65-19, services taxed under Section 27-65-23, items taxed under Section 27-65-24, and items taxed under Section 27-65-26 without the payment to the vendor of the tax imposed by the sales and use tax laws, and providing for persons to report and pay the tax directly to the commissioner in instances where the commissioner determines that these provisions will facilitate and expedite the collection of the tax at the proper rates which may be due on purchases by the permittee. Under the provisions of this chapter, the vendor is relieved of collecting and remitting the taxes specified hereunder and the person holding the permit shall become liable for such taxes instead of the seller. The full enforcement provisions of the sales tax law shall apply in the collection of the tax from the permittee.

The commissioner shall adopt rules and regulations providing for the issuance of a permit to and at the election of purchasers and users of computer software or computer software services to purchase such items and services without the payment to the vendor of the tax imposed by the sales and use tax laws, and providing for persons to report and pay the tax directly to the commissioner. Under the provisions of this chapter, the vendor is relieved of collecting and remitting the taxes specified hereunder and the person holding the permit shall become liable for such taxes instead of the seller. The full enforcement provisions of the sales tax law shall apply in the collection of the tax from the permittee.

SECTION 6. (1) For purposes of this chapter the following definitions shall apply:

(a) "Computer software" shall mean any computer program or routine, or any set of one (1) or more programs or routines, which are used or intended to cause one (1) or more computers, pieces of computer-related peripheral equipment, automatic processing equipment, or any combination thereof, to perform a task or set of tasks. Computer software may be contained in or on magnetic tapes, discs or other tangible or electronic media or downloaded online. "Computer software" does not include charges for the use of or right to use physical computer equipment, infrastructure, servers, platforms and other tangible computer devices, including but not limited to items commonly referred to as "platform as a service" or "infrastructure as a service."

(b) "Computer software service" shall mean the technical design and programming of computer software and includes installing, configuring, debugging, modifying, testing, or troubleshooting computer hardware, networks, programs or computer software. Computer software service does not include the following non-exclusive list of services:

(i) The use of or right to use physical computer equipment, infrastructure, servers, platforms and other tangible computer devices, including but not limited to items commonly referred to as "platform as a service" or "infrastructure as a service";

(ii) Information and data processing services;

(iii) Services that use a computer, computer equipment, or computer software as a tool to perform or complete that service;

(iv) Internet access services or charges;

(v) Payment processing or banking services;

(vi) Real estate listing or pricing services;

(vii) Electronic advertising and marketing services; and,

(viii) Social media services.

(c) "Information and data processing services" include but are not limited to automated or non-automated services where the primary object of the service is the systematic performance of operations by the service provider to enter, store, sort, analyze, aggregate, classify, manipulate, convert, retrieve, extract, and/or compile the required information into an appropriate form, usable information, or report. Information and data processing services include but are not limited to the following services:

(i) Check or payment processing services;

(ii) Image processing services;

(iii) Form processing services;

(iv) Billing services;

(v) Transcription services;

(vi) Word processing services;

(vii) Survey processing services;

- (viii) Payroll processing services;
- (ix) Claim processing services;
- (x) Research database services; and
- (xi) Accounting and tax compliance services.

(2) If a single license fee or other payment encompasses taxable computer software and/or computer software services, along with other nontaxable items or services, the seller, service provider, user, or consumer may allocate such fee or payment between the taxable and nontaxable items based on a reasonable allocation of the payment to each separately identifiable item or service encompassed by the fee or payment, if properly supported by the books and records of the seller, service provider, user, or consumer. If such information is not available from a seller or service provider, or such information is not otherwise obtainable after reasonable efforts by the user or consumer, the user or consumer may make such allocation based on the best information available to the user or consumer if properly supported by the books and records of the user or consumer. There shall be no presumption that the entire fee or payment is taxable because it encompasses both taxable and nontaxable elements. If the commissioner shall challenge or contest the allocation method utilized by a seller, service provider, user, or consumer, the commissioner must establish by a preponderance of the evidence (a) that the allocation method utilized by the seller, service provider, user, or consumer was not a reasonable method of allocation and (b) that the allocation method proposed by the commissioner is the most reasonable of all available or alternative methods.

(3) If a single license fee or other payment encompasses taxable computer software and/or computer software services both within and without this state, the seller, service provider, user, or consumer may apportion to this state, for taxation, that portion of the license fee or payment attributable to computer software located within the state or to computer software services which are actually performed within the State of Mississippi. Such allocation may be made on the following safe harbor methods, if applicable to the circumstances, each of which shall be deemed to be a reasonable method if properly supported by the books and records of the seller, service provider, user, or consumer:

(a) With respect to computer software physically loaded, stored, or maintained both within and without the state:

(i) Based on the specific identification of the locations within and without Mississippi that the software is loaded, stored, or maintained;

(ii) Based on a ratio calculated by reference to the number of computers or devices within and without Mississippi on which the software is loaded, stored, or maintained;

(iii) Based on a ratio calculated by reference to the number of persons actually using the computer software within and without Mississippi; or

(iv) Based on a ratio calculated by reference to the number of persons licensed to use the computer software within and without Mississippi.

(b) With respect to computer software services actually performed within and without the state:

(i) Based on the specific amount of time spent by each person performing the services while physically within the state; or

(ii) Based on a ratio calculated by reference to the actual time spent within and without Mississippi by all persons performing the services.

If none of the above safe harbor allocation methods fairly reflect the allocation of taxable computer software or computer software services to the state, the seller, service provider, user, or consumer may make such allocation based on the best information available to such person if properly supported by the books and records of the seller, service provider, user, or consumer. If the commissioner shall challenge or contest the allocation method utilized by a seller, service provider, user, or consumer, the commissioner must establish by a preponderance of the evidence 1. that the allocation method utilized by the seller, service provider, user, or consumer was not a reasonable method of allocation and 2. that the allocation method proposed by the commissioner is the most reasonable of all available or alternative methods.

(4) Notwithstanding any other provision in this chapter or Chapter 67, Title 27, Mississippi Code of 1972, and for purposes of the tax levied in this chapter and the tax levied in Chapter 67, Mississippi Code of 1972, computer software or computer software services provided by one (1) legal entity to another commonly owned, related, or affiliated entity shall be treated as nontaxable transfers between different segments of one (1) legal entity, with proper credit allowed for Mississippi sales or use tax paid and/or credit for sales or use tax paid to another state as provided in this section or in Section 27-67-7, regardless of which affiliated entity paid the sales or use tax for which credit is taken. Nothing in this subsection shall be interpreted to exclude from taxation the purchase or payment by such organization to a third party seller or provider for any computer software or computer software services otherwise taxable under this chapter or Chapter 67, Title 27, Mississippi Code of 1972.

(5) A taxpayer, upon proof that a sales or use tax was paid to another state or local taxing jurisdiction on any computer software or computer software service that is taxable under this chapter or Chapter 67, Title 27, Mississippi Code of 1972, shall be allowed a credit against the tax imposed under this chapter or Chapter 67, Title 27, Mississippi Code of 1972, on such computer software or computer software service to the extent that the amount of the other tax was actually paid in the other state or local taxing jurisdiction, and to the extent that the rate of sales or use tax imposed by and paid in the other state or local taxing jurisdiction does not exceed the rate of sales or use tax imposed under this chapter or Chapter 67, Title 27, Mississippi Code of 1972.

SECTION 7. Section 27-67-3, Mississippi Code of 1972, is amended as follows:

27-67-3. Whenever used in this article, the words, phrases and terms shall have the meaning ascribed to them as follows:

(a) "Tax Commission" or "department" means the Department of Revenue of the State of Mississippi.

(b) "Commissioner" means the Commissioner of Revenue of the Department of Revenue.

(c) "Person" means any individual, firm, partnership, joint venture, association, corporation, estate, trust, receiver, syndicate or any other group or combination acting as a unit and includes the plural as well as the singular in number. "Person" shall also include husband or wife, or both, where joint benefits are derived from the operation of a business taxed hereunder or where joint benefits are derived from the use of property taxed hereunder.

(d) "Taxpayer" means any person liable for the payment of any tax hereunder, or liable for the collection and payment of the tax.

(e) "Sale" or "purchase" means the exchange of properties for money or other consideration, and the barter of properties or products. Every closed transaction by which title to, or possession of, tangible personal property or specified digital products

passes shall constitute a taxable event. A transaction whereby the possession of property or products is transferred but the seller retains title as security for payment of the selling price shall be deemed a sale.

(f) "Purchase price" or "sales price" means the total amount for which tangible personal property or specified digital product is purchased or sold, valued in money, including installation and service charges, and freight charges to the point of use within this state, without any deduction for cost of property or products sold, expenses or losses, or taxes of any kind except those exempt by the sales tax law. "Purchase price" or "sales price" shall not include cash discounts allowed and taken or merchandise returned by customers when the total sales price is refunded either in cash or by credit, and shall not include amounts allowed for a trade-in of similar property or products. "Purchase price" or "sales price" does not include finance charges, carrying charges or any other addition to the selling price as a result of deferred payments by the purchaser.

(g) "Lease" or "rent" means any agreement entered into for a consideration that transfers possession or control of tangible personal property or specified digital products to a person for use within this state.

(h) "Value" means the estimated or assessed monetary worth of a thing or property. The value of property or products transferred into this state for sales promotion or advertising shall be an amount not less than the cost paid by the transferor or donor. The value of property or products which have been used in another state shall be determined by its cost less straight line depreciation provided that value shall never be less than twenty percent (20%) of the cost or other method acceptable to the commissioner. On property or products imported by the manufacturer thereof for rental or lease within this state, value shall be the manufactured cost of the property and freight to the place of use in Mississippi.

(i) "Tangible personal property" means personal property perceptible to the human senses or by chemical analysis, as opposed to real property or intangibles. "Tangible personal property" shall include printed, mimeographed, multigraphed matter, or material reproduced in any other manner, and books, catalogs, manuals, publications or similar documents covering the services of collecting, compiling or analyzing information of any kind or nature. However, reports representing the work of persons such as lawyers, accountants, engineers and similar professionals shall not be included. "Tangible personal property" shall also include tangible advertising or sales promotion materials such as, but not limited to, displays, brochures, signs, catalogs, price lists, point of sale advertising materials and technical manuals. Tangible personal property shall also include computer software * * *.

(j) "Person doing business in this state," "person maintaining a place of business within this state," or any similar term means any person having within this state an office, a distribution house, a salesroom or house, a warehouse, or any other place of business, or owning personal property located in this state used by another person, or installing personal property in this state. This definition also includes any person selling or taking orders for any tangible personal property, either personally, by mail or through an employee representative, salesman, commission agent, canvasser, solicitor or independent contractor or by any other means from within the state. "Person doing business in this state" also includes any marketplace facilitator, marketplace seller, or remote seller with sales that exceed Two Hundred Fifty Thousand Dollars (\$250,000.00) in any consecutive twelve-month period. A sale made through a marketplace facilitator is a sale of the marketplace facilitator and not the sale of a marketplace seller for purposes of determining whether a person exceeds Two Hundred Fifty Thousand Dollars (\$250,000.00) in sales.

Any person doing business under the terms of this article by reason of coming under any one or more of the qualifying provisions listed above shall be considered as doing business on all transactions involving sales to persons within this state.

(k) "Use" or "consumption" means the first use or intended use within this state of tangible personal property or specified digital product and shall include rental or loan by owners or use by lessees or other persons receiving benefits from use of the property or product. "Use" or "consumption" shall include the benefit realized or to be realized by persons importing or causing to be imported into this state tangible advertising or sales promotion materials.

(l) "Storage" means keeping tangible personal property or specified digital product in this state for subsequent use or consumption in this state.

(m) "Specified digital products" shall have the meaning ascribed to such term in Section 27-65-26.

(n) "Marketplace facilitator" means any person who facilitates a retail sale by a seller by:

(i) Listing or advertising for sale by the retailer in any forum, tangible personal property, services or digital goods that are subject to tax under this chapter; and

(ii) Either directly or indirectly through agreements or arrangements with third parties collecting payment from the customer and transmitting that payment to the retailer regardless of whether the marketplace provider receives compensation or other consideration in exchange for its service.

(o) "Marketplace seller" means a seller that makes sales through any physical or electronic marketplace owned, operated, or controlled by a marketplace facilitator, even if such seller would not have been required to collect and remit sales tax had the sale not been made through such marketplace.

(p) "Remote seller" means a person, other than a marketplace facilitator, that does not maintain a place of business in this state and that through a forum sells tangible personal property, taxable services or specified digital products, the sale or use of which is subject to the tax imposed by this chapter.

(q) "Computer software" shall have the meaning ascribed to such term in Section 6 of this act.

SECTION 8. Section 27-67-5, Mississippi Code of 1972, is amended as follows:

27-67-5. There is hereby levied, assessed and shall be collected from every person a tax for the privilege of using, storing or consuming, within this state, any tangible personal property or specified digital product possession of which is acquired in any manner.

(a) The use tax hereby imposed and levied shall be collected at the same rates as imposed under Section 27-65-20, and Sections 27-65-17, 27-65-18, 27-65-19, 27-65-24, 27-65-25 and 27-65-26 computed on the purchase or sales price, or value, as defined in this article.

(b) It shall be the duty of the tax collectors of the several counties, or the commissioner, as the case may be, to collect, remit and account for the tax on the use of all vehicles licensed or registered by the State of Mississippi for the first time, except when the Mississippi use tax was collected by an authorized out-of-state dealer at the time of purchase, or when the use thereof was exempt by Section 27-67-7. The tax collector or the commissioner shall give to the person registering the vehicle a receipt in a form prescribed and furnished by the Department of Revenue for the amount of tax collected.

The tax collector or the commissioner is expressly prohibited from issuing a license tag to any applicant without collecting the tax levied by this article, unless positive proof is filed, together with the application for the license tag, that the Mississippi tax has been paid, or that the sale was exempt by Section 27-67-7.

Persons not engaging and continuing in business so as to be registered for payment of sales and/or use tax may pay use tax due on the first use of boats, airplanes, equipment or other tangible personal property and specified digital products to county tax collectors who are hereby authorized to accept such payments on behalf of the commissioner. Receipts for all such payments shall be given to taxpayers in a form prescribed and furnished by the Department of Revenue.

County tax collectors and the commissioner shall be liable for the tax they are required hereby to collect, and taxes which are in fact collected under authority of this section; and failure to properly collect or maintain proper records shall not relieve them of liability for payment to the commissioner. Deficiencies in collection or payment shall be assessed against the tax collector or the commissioner in the same manner and subject to the same penalties and provisions for appeal as are deficiencies assessed against taxpayers.

A dealer authorized to collect and remit the tax to the Department of Revenue shall give to the purchaser a receipt for the payment of the tax, in a form prescribed and furnished by the commissioner, which shall serve as proof of payment to the tax collector of the county in which the license is to be issued.

Each tax collector of the several counties shall, on or before the twentieth day of each month, file a report with and pay to the commissioner all funds collected under the provisions of this article, less a commission of five percent (5%) which shall be retained by the tax collector as a commission for collecting such tax and be deposited in the county general fund. The report required to be filed shall cover all collections made during the calendar month next preceding the date on which the report is due and filed.

Any error in the report and remittance to the commissioner may be adjusted on a subsequent report. If the error was in the collection by the tax collector, it shall be adjusted through the tax collector with the taxpayer before credit is allowed by the commissioner.

All information relating to the collection of use tax by tax collectors and such records as the commissioner may require shall be preserved in the tax collector's office for a period of three (3) years for audit by the commissioner.

Computer software maintained on a server located outside the state and accessible for use only via the Internet is not a taxable use, storage or consumption under this chapter.

SECTION 9. Section 6 of this act shall be codified as a new section in Chapter 65, Title 27, Mississippi Code of 1972.

SECTION 10. Nothing in this act shall affect or defeat any refund claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the laws of this state for any tax period beginning before the date on which this act becomes effective, whether such refund claims, assessments, appeals, suits or actions have been begun or filed before the date on which this act becomes effective or are begun or filed thereafter; and the provisions of the tax laws of this state in effect prior to the effective date of this act are expressly continued in full force, effect and operation for the purpose of any refund claim, assessment, appeal, suit, right or cause of action for taxes paid, due or accrued under the laws of this state for any tax period beginning before the date on which this act becomes effective, for the collection and enrollment of liens for any taxes due or accrued for any tax period beginning before the date on which this act becomes effective and for the execution of any warrant under such laws for a tax period beginning

before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws in regard to any tax period beginning prior to the date on which this act becomes effective.

SECTION 11. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

If such programs are not established in existing facilities or constructed on real estate previously acquired by the owners, the board of trustees shall also have authority to acquire, by lease or purchase, such facilities and real property within the service area, whether or not adjacent to existing facilities, provided that any contract for the purchase of real property shall be ratified by the owner. (ee) To exercise all powers granted under this section in such a manner as the community hospital, through its board of trustees, may determine to be consistent with the purposes of this chapter, including the state action immunity provided by this section from state and federal antitrust laws to the fullest extent possible, notwithstanding that as a consequence of such exercise of such powers it engages in activities that may be deemed "anticompetitive" or which displace competition within the meaning or contemplation of the antitrust laws of this state or of the United States;

(ff) The board of trustees shall not sell, purchase, convey, lease, or enter into agreements that have the effect of selling, purchasing, conveying, or leasing any real property or enter into management agreements, merger agreements, joint ventures, joint-operating agreements or similar arrangements that transfer control of any real property or the operations of a community hospital described in this subsection without the prior approval of the owners of the real property.

(6) No board of trustees of any community hospital may accept any grant of money or other thing of value from any not-for-profit or for-profit organization established for the purpose of supporting health care in the area served by the facility unless two-thirds (2/3) of the trustees vote to accept the grant.

(7) No board of trustees, individual trustee or any other person who is an agent or servant of the trustees of any community hospital shall have any personal financial interest in any not-for-profit or for-profit organization which, regardless of its stated purpose of incorporation, provides assistance in the form of grants of money or property to community hospitals or provides services to community hospitals in the form of performance of functions normally associated with the operations of a hospital.

(8) The Legislature finds and declares as follows:

(a) The needs of the residents of Mississippi can best be served by community hospitals having the legal, financial and operational flexibility to take full advantage of opportunities and challenges presented by the evolving health care environment and to take whatever actions are necessary to enable the community hospitals' continuation as health care systems that provide the finest possible quality of care consistent with reasonable costs.

(b) In this environment, the community hospitals must have the ability to respond to changing conditions by having the power to develop efficient and cost-effective methods and structures to provide for health care needs, while maintaining a public mission and character. In addition, community hospitals in Mississippi are political subdivisions of the state. Accordingly, the Legislature finds that there is a compelling interest in establishing a structure and process for a community hospital to adapt to this dynamic environment, to operate efficiently, to offer competitive health care services, to respond more effectively to new developments and regulatory changes in the health care area, and to continue to serve and promote the health, wellness and welfare of the citizens of Mississippi. The acquisition, operation and financing of hospitals and other health care facilities by the community hospitals are declared to be for a public and governmental purpose and a matter of public necessity.

(c) The geographic areas served by community hospitals include rural populations and other groups that experience significant health disparities. Health disparities are differences in health status when compared to the population overall, often characterized by indicators such as higher incidence of disease and/or disability, increased mortality rates, and lower life expectancies. Rural risk factors for health disparities include geographic isolation, lower socioeconomic status, higher rates of

health risk behaviors and limited access to health care specialists and subspecialists. As a result of these health disparities, the residents of areas served by community hospitals have high rates of mortality and morbidity, heart disease, cancer, diabetes and other illnesses. The areas also include a high percentage of uninsured individuals and Medicaid patients, which are medically underserved groups. Community hospitals have demonstrated their ability to provide high quality health care and to improve health conditions and outcomes as well as access to care. This act will significantly strengthen the ability of community hospitals to serve the health care needs of the residents of their service areas.

(d) The community hospitals' investment of significant public assets and their efforts to provide high quality health care services to medically underserved populations are jeopardized by potential limits on the ability of community hospitals to collaborate and consolidate with other public, private, for-profit and nonprofit health care facilities and providers. The Legislature expressly finds that the benefits of collaboration and consolidation by the community hospitals outweigh any adverse impact on competition. The benefits of the community hospitals' efforts to collaborate and consolidate include, but are not limited to, preserving and expanding needed health care services in its service area; consolidating unneeded or duplicative health care services; enhancing the quality of, and expanding access to, health care delivered to medically underserved and rural populations; and lowering costs and improving the efficiency of the health care services it delivers. Based on the findings contained in this section, the Legislature affirmatively expresses a policy to allow community hospitals to consolidate with other public, private, for-profit or nonprofit hospitals, health care facilities and providers and to engage in collaborative activities consistent with their health care purposes, notwithstanding that those consolidations and collaborations may have the effect of displacing competition in the provision of hospital or other health care-related services. In engaging in such consolidations and collaborations with other public, private, for-profit or nonprofit hospitals, health care facilities and providers, the community hospital shall be considered to be acting pursuant to clearly articulated state policy as established in this section and shall not be subject to federal or state antitrust laws while so acting. With respect to the consolidations, collaborative activities and other activities contemplated in this section, the community hospital and the public, private, for-profit or nonprofit entities with which it consolidates, collaborates, or enters into any of the transactions set forth in this act, shall be immune from liability under the federal and state antitrust laws and those activities are provided with state action immunity from federal and state antitrust laws to the fullest extent possible.

SECTION 2. Section 41-13-29, Mississippi Code of 1972, is amended as follows:

41-13-29. (1) (a) The owners are authorized to appoint trustees for the purpose of operating and governing community hospitals. The owner of a community hospital may remove a trustee after appointment for good cause shown, upon a unanimous vote of all members of the governing board of the owner that appointed the trustee, or upon a majority vote of the governing board of the owner that appointed the trustee after a recommendation from the board of trustees of the hospital that the trustee be removed. To be eligible for appointment, an appointee must be an adult legal resident of the county which has an ownership interest in the community hospital or the county in which the municipality or other political subdivision holding the ownership interest in the community hospital is located. The authority to appoint trustees shall not apply to leased facilities, unless specifically reserved by the owner in the applicable lease agreement.

(b) The board of trustees shall consist of not more than seven (7) members nor less than five (5) members, except where specifically authorized by statute, and shall be appointed by the respective owners on a pro rata basis comparable to the ownership interests in the community hospital. Where the community hospital is owned solely by a county, or any supervisors districts, judicial districts or election district of a county, or by a municipality, the trustees shall be residents of the owning entity.

(c) Trustees for municipally owned community hospitals shall be appointed by the governing authority of the municipality. Trustees for a community hospital owned by a county shall be appointed by the board of supervisors with each supervisor having the right to nominate one (1) trustee from his district or from the county at large. Appointments exceeding five (5) in number shall be from the county at large. Trustees for a community hospital owned solely by supervisors districts, judicial districts or election district of a county, shall be appointed by the board of supervisors of the county from nominees submitted by the supervisor or supervisors representing the owner district or districts.

(2) (a) Initially the board of trustees shall be appointed as follows: one (1) for a term of one (1) year, one (1) for a term of two (2) years, one (1) for a term of three (3) years, one (1) for a term of four (4) years, and one (1) for a term of five (5) years. Appointments exceeding five (5) in number shall be for terms of four (4) and five (5) years, respectively. Thereafter, all terms shall be for five (5) years. No community hospital trustee holding office on July 1, 1982, shall be affected by this provision, but the terms shall be filled at the expiration thereof according to the provisions of this section; provided, however, that any other specific appointment procedures presently authorized shall likewise not be affected by the terms hereof. Any vacancy on the board of trustees shall be filled within ninety (90) days by appointment by the applicable owner for the remainder of the unexpired term.

(b) From and after January 1, 2016, to be eligible for appointment, an appointee must have no felony convictions, possess at least a high school diploma or the equivalent, owe no outstanding debt to the community hospital, and not be a plaintiff in any pending lawsuit against the community hospital. The appointee may not own an interest in, or be an officer or employee of, a company or business that provides goods or services in direct competition with the community hospital, nor may the appointee's spouse own an interest in, or be an officer of, such company or business.

(3) (a) Any community hospital erected, owned, maintained and operated by any county located in the geographical center of the State of Mississippi and in which State Highways No. 12 and No. 35 intersect, shall be operated by a board of trustees of five (5) members who have the qualifications set forth in this section to be appointed by the board of supervisors from the county at large, one (1) for a term of one (1) year, one (1) for a term of two (2) years, one (1) for a term of three (3) years, one (1) for a term of four (4) years, and one (1) for a term of five (5) years. Thereafter all trustees shall be appointed from the county at large for a period of five (5) years.

(b) Any community hospital erected, owned, maintained and operated by any county situated in the Yazoo-Mississippi Delta Levee District and bordering on the Mississippi River and having a population of not less than forty-five thousand (45,000) and having an assessed valuation of not less than Thirty Million Dollars (\$30,000,000.00) for the year 1954, shall be operated by a board of trustees which may consist of not more than eleven (11) members who have the qualifications set forth in this section.

(c) Any hospital erected, owned, maintained and operated by any county having two (2) judicial districts, which is traversed by U.S. Interstate Highway 59, which intersects Highway 84 therein, shall be operated by a board of trustees which shall consist of seven (7) members who have the qualifications set forth in this section. The first seven (7) members appointed under authority of this paragraph shall be appointed by the board of supervisors for terms as follows:

Each supervisor of Supervisors Districts One and Two shall nominate and the board of supervisors shall appoint one (1) person from each * * * such beat for a one-year term. Each supervisor of Supervisors Districts Three and Four shall nominate and the board of supervisors shall appoint one (1) person from each beat for a two-year term. The supervisor of Supervisors District Five shall nominate and the board of supervisors shall appoint one (1) person from the beat for a three-year term. The medical staff at the

hospital shall submit a list of four (4) nominees and the supervisors shall appoint two (2) trustees from the list of nominees, one (1) for a three-year term and one (1) for a one-year term. Thereafter, as the terms of the board of trustee members authorized by this paragraph expire, all but the trustee originally appointed from the medical staff nominees for a one-year term shall be appointed by the board of supervisors for terms of three (3) years. The term of the trustee originally appointed from the medical staff nominees by the board of supervisors for a term of one (1) year shall remain a term of one (1) year and shall thereafter be appointed for a term of one (1) year. The two (2) members appointed from medical staff nominees shall be appointed from a list of two (2) nominees for each position to be submitted by the medical staff of the hospital for each vacancy to be filled. It is the intent of the Legislature that the board of trustees which existed prior to July 1, 1985, was abolished by amendment to this section under Section 5, Chapter 511, Laws of 1985, and the amendment authorized the appointment of a new board of trustees on or after July 1, 1985, in the manner provided in this paragraph. Any member of the board of trustees which existed before July 1, 1985, who has the qualifications set forth in this section shall be eligible for reappointment subject to the provisions of this paragraph.

(d) Any community hospital erected, owned, maintained and operated by any county bordering on the Mississippi River having two (2) judicial districts, wherein U.S. Highway 61 and Mississippi Highway 8 intersect, lying wholly within a levee district, shall be operated by a board of trustees which may consist of not more than nine (9) members who have the qualifications set forth in this section.

(e) Any community hospital system owned, maintained and operated by any county bordering on the Gulf of Mexico and the State of Alabama shall be operated by a board of trustees constituted as follows: seven (7) members shall be selected as provided in subsection (1) of this section and two (2) advisors who shall be the chiefs of staff at those hospitals which are a part of the hospital system; the members must have the qualifications set forth in this section. The term of the chiefs of staff on the board of trustees shall coincide with their service as chiefs of staff at their respective hospitals.

(4) Any community hospital owned, maintained and operated by any county wherein Mississippi Highways 16 and 19 intersect, having a land area of five hundred sixty-eight (568) square miles, and having a population in excess of twenty-three thousand seven hundred (23,700) according to the 1980 federal decennial census, shall be operated by a board of trustees of five (5) members who have the qualifications set forth in this section, one (1) of whom shall be elected by the qualified electors of each supervisors district of the county in the manner provided herein. Each member so elected shall be a resident and qualified elector of the district from which he is elected. The first elected members of the board of trustees shall be elected at the regular general election held on November 4, 1986. At the election, the members of the board from Supervisors Districts One and Two shall be elected for a term of six (6) years; members of the board from Supervisors Districts Three and Four shall be elected for a term of two (2) years; and the member of the board from Supervisors District Five shall be elected for a term of four (4) years. Each subsequent member of the board shall be elected for a term of six (6) years at the same time as the general election in which the member of the county board of education representing the same supervisors district is elected. All members of the board shall take office on the first Monday of January following the date of their election. The terms of all seven (7) appointed members of the board of trustees holding office on the effective date of this act (Laws 1986, Chapter 462) shall expire on the date that the first elected members of the board take office. The board of trustees provided for herein shall not lease or sell the community hospital property under its jurisdiction unless the board of supervisors of the county calls for an election on the proposition and a majority voting in the election shall approve the lease or sale.

The members of the board of trustees provided for in this subsection shall be compensated a per diem and reimbursed for their expenses and mileage in the same amount and subject to the same restrictions provided for members of the county board of education in Section 37-5-21 and may, at the discretion of the board, choose to participate

in any hospital medical benefit plan which may be in effect for hospital employees. Any member of the board of trustees choosing to participate in the plan shall pay the full cost of his participation in the plan so that no expenditure of hospital funds is required.

The name of any qualified elector who is a candidate for the community hospital board of trustees shall be placed on the ballot used in the general elections by the county election commissioners, if the candidate files with the county election commissioners, not more than ninety (90) days and not less than thirty (30) days before the date of the general election, a petition of nomination signed by not less than fifty (50) qualified electors of the county residing within each supervisors district. The candidate in each supervisors district who receives the highest number of votes cast in the district shall be declared elected.

(5) A board of trustees provided for herein may, in its discretion, where funds are available, compensate each trustee per diem in at least the amount established by Section 25-3-69 up to the maximum amount of not more than * * * Two Hundred Fifty Dollars (\$250.00) for each meeting of the board of trustees or meeting of a committee established by the board of trustees where the trustee was in attendance, and in addition thereto provide meals at the meetings and compensate each member attending travel expenses at the rate authorized by Section 25-3-41 for actual mileage traveled to and from the place of meeting.

(6) The owner which appointed a trustee may likewise remove him from office by majority vote for failure to attend at least fifty percent (50%) of the regularly scheduled meetings of the board during the twelve-month period preceding the vote, or for violation of any statute relating to the responsibilities of his office, based upon the recommendation of a majority of the remaining trustees.

(7) For community hospitals located in a county having a population of less than one hundred thousand (100,000) according to the most recent federal decennial census, the members of the board of trustees, administrator and any other officials of the community hospital as may be deemed necessary or proper by the board of trustees shall be under bond in an amount not less than Ten Thousand Dollars (\$10,000.00) nor more than One Hundred Thousand Dollars (\$100,000.00) with some surety company authorized to do business in the State of Mississippi to faithfully perform the duties of his office. For community hospitals located in a county having a population of one hundred thousand (100,000) or more according to the most recent federal decennial census, the bond shall be in an amount not less than Fifty Thousand Dollars (\$50,000.00) nor more than Five Hundred Thousand Dollars (\$500,000.00). Premiums for the bonds shall be paid from funds of the community hospital.

(8) The members of the board of trustees of a community hospital may, at the discretion of the board, choose to participate in any hospital medical benefit plan or health insurance plan, whether self-funded or otherwise, which may be in effect for hospital employees. Any member of the board of trustees choosing to participate in such plan shall pay the same amount for his or her participation in the plan as hospital employees are required to pay for their participation in such plan.

SECTION 3. Section 37-115-50, Mississippi Code of 1972, is amended as follows:

37-115-50. For purposes of Sections 37-115-50 * * * through 37-115-50.3, the following terms shall have the following meanings:

(a) "Academic medical center" means the teaching, research, and clinical facilities and services provided, established, or operated by a public university under Chapter 115, Title 37, Mississippi Code of 1972.

(b) "Health sciences school" means any school of medicine, dentistry, nursing, pharmacy and any other health care-related educational program operated or provided by an academic medical center in this state.

(c) "Health care collaborative" means any consolidation or collaboration involving the academic medical center and any other public, private, for-profit or nonprofit health care facilities and providers.

SECTION 4. The following shall be codified as Section 37-115-50.2, Mississippi Code of 1972:

37-115-50.2. (1) The Legislature finds and declares all of the following:

(a) The academic medical center and health care collaboratives organized under Section 37-115-50.1, together with the Board of Trustees of State Institutions of Higher Learning under which the academic medical center operates, are each (acting individually and collectively) performing essential public functions on behalf of the state, and other governmental entities in the state.

(b) The needs of the residents of Mississippi can best be served by the academic medical center and health care collaboratives having the legal, financial and operational flexibility to take full advantage of opportunities and challenges presented by the evolving health care environment and to take whatever actions are necessary to enable the academic medical center and health care collaboratives' continuation as a health system that provides the finest possible quality of care consistent with reasonable costs and that serves the health care needs of uninsured, underinsured residents in addition to its scientific and educational missions.

(c) In this environment, the academic medical center and its health care collaboratives must have the ability to respond to changing conditions by having the power to develop efficient and cost-effective methods and structures to provide for health care needs, while maintaining a public mission and character. In addition, the academic medical center is an institution of the state. Accordingly, the Legislature finds that there is a compelling interest in establishing a structure and process for the academic medical center to adapt to this dynamic environment, to operate efficiently, to offer competitive health care services, to respond more effectively to new developments and regulatory changes in the health care area, and to continue to serve and promote the health, wellness and welfare of the citizens of Mississippi. The acquisition, operation and financing of hospitals and other health care facilities by the academic medical are declared to be for a public and governmental purpose and a matter of public necessity.

(d) The geographic areas served by the academic medical center and its health care collaboratives include rural populations and other groups that experience significant health disparities. Health disparities are differences in health status when compared to the population overall, often characterized by indicators such as higher incidence of disease and/or disability, increased mortality rates, and lower life expectancies. Rural risk factors for health disparities include geographic isolation, lower socioeconomic status, higher rates of health risk behaviors, and limited access to health care specialists and subspecialists. As a result of these health disparities, the residents of areas served by the academic medical center and its health care collaboratives have high rates of mortality and morbidity, heart disease, cancer, and other illnesses. The areas also include a high percentage of uninsured individuals and Medicaid patients, which are medically underserved groups. The academic medical center and its health care collaboratives have demonstrated their ability to provide high quality health care and to improve health conditions and outcomes as well as access to care. This section and Section 37-115-50.3 will significantly strengthen the ability of the academic medical center and its health care collaboratives to serve the health care needs of the residents of their service areas.

(e) The investment of significant public assets by the academic medical center, the academic medical center's investment in health care collaboratives and their collective efforts to provide high quality health care services to medically underserved

populations are jeopardized by potential limits on the ability of the academic medical center and its health care collaboratives to collaborate and consolidate with other public, private and nonprofit health care facilities and providers. The Legislature expressly finds that the benefits of collaboration and consolidation by the academic medical center and its health care collaboratives outweigh any adverse impact on competition. The benefits of the academic medical center and its health care collaboratives efforts to collaborate and consolidate include, but are not limited to, preserving and expanding needed health care services in its service areas; consolidating unneeded or duplicative health care services; enhancing the quality of, and expanding access to, health care delivered to medically underserved and rural populations; and lowering costs and improving the efficiency of the health care services it delivers. Based on the findings contained in this section, the Legislature affirmatively expresses a policy to allow the academic medical center and health care collaboratives to consolidate with hospitals, health care facilities and other health care providers and to engage in collaborative activities consistent with their health care purposes, notwithstanding that those consolidations and collaborations may have the effect of displacing competition in the provision of hospital or other health care related services. In engaging in such consolidations and collaborations with other hospitals, health care facilities and providers, the academic medical center and its health care collaboratives (acting individually or collectively) shall be considered to be acting pursuant to clearly articulated state policy as established in this section and shall not be subject to federal or state antitrust laws while so acting. With respect to the consolidations, collaborative activities and other activities contemplated in this section and Section 37-115-50.3, the academic medical center and its health care collaboratives (acting individually or collectively) and the public, private or nonprofit entities with which it (or they) consolidate(s), collaborate(s), or enter(s) into any of the transactions set forth in this section and Section 37-115-50.3, shall be immune from liability under the federal and state antitrust laws and those activities are provided with state action immunity from federal and state antitrust laws to the fullest extent possible.

(f) In furtherance of the findings and authorizations contained in paragraph (e) of this section, if a court of competent jurisdiction were to find that any of the activities of the academic medical center and its health care collaboratives (acting individually or collectively) authorized under this section or Section 37-115-50.3 would be immune from the application of state and federal antitrust laws under the state action antitrust immunity doctrine pursuant to applicable jurisprudence only if such activities were subject to what has come to be known in relevant antitrust jurisprudence as "active supervision" by the state, the Legislature finds that the academic medical center and its health care collaboratives are subject to direct and indirect supervision of the Board of Trustees of State Institutions of Higher Learning, which supervision has been, is currently, and is required to continue to be actively exercised by such constitutional body of state government such that, even if such judicial requirement were applied to the academic medical center and its health care collaboratives with respect to application of the state action antitrust immunity doctrine, the academic medical center and each of its health care collaboratives (acting individually or collectively), when exercising its powers under this section and Section 37-115-50.3, shall enjoy immunity from the application of state and federal antitrust laws.

SECTION 5. The following shall be codified as Section 37-115-50.3, Mississippi Code of 1972:

37-115-50.3 (1) In addition to all powers granted in Section 37-115-50.1, subject to any required approval of the Board of Trustees of State Institutions of Higher Learning, the academic medical center and its health care collaboratives (acting individually or collectively) shall be empowered under this section:

(a) To acquire hospitals, health care facilities and other health care-related operations and assets, through direct purchase, merger, consolidation, lease or other means;

(b) To form, establish, fund and operate nonprofit corporations, nonprofit limited liability companies, state-sponsored entities or other similar organizations, either directly or through a nonprofit corporation formed by the academic medical center and its health care collaboratives (acting individually or collectively), which are jointly owned with other public or private hospitals, for-profit or nonprofit corporations, or other health care-related organizations, for the purpose of conducting activities within or outside of the service area the academic medical center or its health care collaboratives for the benefit of the academic medical center and its health care collaboratives including, but not limited to, joint hospital acquisitions, group purchasing, clinically integrated networks, payor contracting, and joint requests for federal and state grants and funding;

(c) To make capital contributions, loans, debt or equity financing to or for any joint venture or similar arrangement in which the academic medical center and its health care collaboratives (acting individually or collectively), or any nonprofit corporation formed or owned by the academic medical center or one of its health care collaboratives, has or acquires an ownership interest, and to guarantee loans and any other obligations for such purposes;

(d) To have an ownership interest in, make capital contributions to, and assume financial risk under, accountable care organizations or similar organizations;

(e) To enter into any contract for a term of any length, regardless of whether the length or term of the contract exceeds the term of the board of trustees of a health care collaborative;

(f) To create, establish, acquire, operate or support subsidiaries and affiliates, either for-profit or nonprofit, to assist the academic medical center and its health care collaboratives (acting individually or collectively) in fulfilling its purposes;

(g) To create, establish or support nonaffiliated for-profit or nonprofit corporations or other lawful business organizations that operate and have as their purposes the furtherance of the purposes of the academic medical center and its health care collaboratives (acting individually or collectively);

(h) Without limiting the generality of any provisions of this section, to accomplish and facilitate the creation, establishment, acquisition, operation or support of any such subsidiary, affiliate, nonaffiliated corporation or other lawful business organization, by means of loans of funds, acquisition or transfer of assets, leases of real or personal property, gifts and grants of funds or guarantees of indebtedness of such subsidiaries, affiliates and nonaffiliated corporations; and

(i) Subject to the approval of the Board of Trustees of State Institutions of Higher Learning (where applicable), to exercise all powers granted under this section in such a manner as the academic medical center and its health care collaboratives (acting individually or collectively) may determine to be consistent with the purposes of Sections 37-115-50 through 37-115-50.3, including the state action immunity provided by Section 37-115-50.2 from state and federal antitrust laws to the fullest extent possible, notwithstanding that as a consequence of such exercise of such powers it engages in activities that may be deemed "anticompetitive" or which displace competition within the meaning or contemplation of the antitrust laws of this state or of the United States.

SECTION 6. It is the intent of the Legislature that this act be liberally construed so as to give effect to the intent, purposes and findings described in this act.

SECTION 7. Section 75-21-13, Mississippi Code of 1972, is amended as follows:

75-21-13. (1) No corporation shall acquire directly or indirectly, the whole or any part of the capital stock of any competing corporation doing business in this state, nor directly or indirectly acquire the franchise, plant or equipment of any other competing

corporation doing business in this state if such other corporation be engaged in the same kind of business and be a competitor therein, where the effect of such acquisition of stock, franchise, plant or equipment may be to substantially lessen competition or to restrain trade or competition in the state, or any community thereof, or tend to create a monopoly of any line of commerce and will be inimical to public welfare. This section shall not apply to corporations purchasing such stock in payment of an indebtedness, and not using the same by voting, or otherwise, to bring about or attempting to bring about, the substantial lessening of competition. Provided, however, that fire and marine insurance corporations may own stock in other insurance companies and may be licensed to do business in this state, or authorized to continue business in this state, but the state insurance commissioner may refuse permission to any company to be licensed in the first instance or he may subsequently revoke the license of any company if it appears after notice and hearing that to permit one (1) insurance corporation owning stock in a competing corporation to continue to do business in this state would be injurious to, or contrary to the public interest.

(2) The provisions of this chapter shall not apply to:

(a) Any action taken by a board of trustees of a community hospital if acting in accordance with Section 41-13-35(5)(t) through (ff), including, but not limited to, entering into agreements, collaboratives, mergers and other similar arrangements with other public or private health care-related organizations, or with for-profit or nonprofit corporations, or other similar organizations;

(b) Any action taken by the academic medical center and its health care collaboratives if acting in accordance with Sections 37-115-50 through 37-115-50.3, including, but not limited to, entering into agreements, collaboratives, mergers and other similar arrangements with other public or private health care-related organizations, or with for-profit or nonprofit corporations, or other similar organizations; or

(c) Any action taken by a private hospital as defined in Section 41-9-305 if acting in accordance with Section 41-9-301 through 41-9-311.

SECTION 8. Section 41-9-301, Mississippi Code of 1972, is amended as follows:

41-9-301. Sections 41-9-301 through 41-9-311 shall be known and may be cited as the "Rural and Private Hospitals Health Availability Act."

SECTION 9. Section 41-9-303, Mississippi Code of 1972, is amended as follows:

41-9-303. The Legislature finds and declares the following:

(a) In rural areas, access to health care is limited and the quality of health care is adversely affected by inadequate reimbursement and collection rates and difficulty in recruiting and retaining skilled health professionals.

(b) There is limited, if any, overlap in the geographic service areas of Mississippi rural hospitals.

(c) Rural hospitals' financial stability is threatened by patient migration to general acute care and specialty hospitals in urban areas.

(d) The availability of quality health care in rural areas is essential to the economic and social viability of rural communities.

(e) Cooperative agreements among rural hospitals would improve the availability and quality of health care for Mississippians in rural areas and enhance the likelihood that rural hospitals can remain open.

(f) Cooperative agreements among private hospitals can improve the availability and quality of health care for Mississippians and enhance the overall likelihood that hospitals in the state remain operational and continue to serve their communities.

SECTION 10. Section 41-9-305, Mississippi Code of 1972, is amended as follows:

41-9-305. For the purposes of Sections 41-9-301 through 41-9-311, the following terms shall have the following meanings:

(a) "Act" means the Rural and Private Hospitals Health Availability Act.

(b) "Affected person," with respect to any application for a certificate of public advantage, means:

(i) The applicant(s);

(ii) Any person residing within the geographic service area of an applicant;

(iii) Health care purchasers who reimburse health care facilities located in the geographic service area of an applicant;

(iv) Any other person furnishing goods or services to, or in competition with, an applicant; or

(v) Any other person who has notified the department in writing of his interest in applications for certificates of public advantage and has a direct economic interest in the decision.

Notwithstanding the foregoing, persons from other states who would otherwise be considered "affected persons" are not included, unless that other state provides for similar involvement of persons from Mississippi in a similar process in that state.

(c) "Board" means the State Board of Health established under Section * * * 41-3-1.1.

(d) "Certificate of public advantage" means the formal written approval, including any conditions or modifications of a cooperative agreement by the department.

(e) "Cooperative agreement" means a contract, business or financial arrangement, or any other activities or practices among two (2) or more rural hospitals, or involving any private hospital in a rural or nonrural area, for the sharing, allocation, or referral of patients; the sharing or allocation of personnel, instructional programs, support services and facilities, medical, diagnostic or laboratory facilities, procedures, equipment or other health care services; the acquisition or merger of assets among or by two (2) or more rural hospitals, or involving any private hospital in a rural or nonrural area, including agreements to negotiate jointly with respect to price or other competitive terms with suppliers. The term "cooperative agreement" includes any amendments thereto with respect to which a certificate of public advantage has been issued or applied for or with respect to which a certificate of public advantage is not required, unless the context clearly requires otherwise.

(f) "Department" means the State Department of Health created under Section 41-3-15.

(g) "Hospital" has the meaning set forth in Section 41-9-3.

(h) "Private hospital" means any for-profit or nonprofit hospital or hospital system controlled by private parties or in which private parties hold a majority interest.

(i) "Rural area" means an area with a population density of less than one hundred (100) individuals per square mile; a municipality or county with a population of less than seven thousand five hundred (7,500) individuals; or an area defined by the most recent United States Census as rural.

(** *j) "Rural hospital" means a private or community hospital having at least one (1) but no more than seventy-five (75) licensed acute-care beds that is located in a rural area.

(** *k) "State" means the State of Mississippi.

(** *l) "State Health Officer" means the State Health Officer elected by the State Board of Health under Section ** * 41-3-5.1.

The use of a singular term in this section includes the plural of that term, and the use of a plural term in this section includes the singular of that term, unless the context clearly requires another connotation.

SECTION 11. Section 41-9-307, Mississippi Code of 1972, is amended as follows:

41-9-307. (1) A rural hospital and any corporation, partnership, joint venture or any other entity, all of whose principals are rural hospitals, may negotiate and enter into cooperative agreements with other such persons in the state, subject to receipt of a certificate of public advantage governing the agreement as provided in this act.

(2) Any private hospital, whether in a rural or nonrural area, and any other corporation, partnership, joint venture or any other entity may negotiate and enter into cooperative agreements with other such persons in the state, subject to receipt of a certificate of public advantage governing the agreement as provided in this act.

(3) Parties to a cooperative agreement may apply to the department for a certificate of public advantage governing that cooperative agreement. The application must include an executed written copy of the cooperative agreement and describe the nature and scope of the cooperation in the agreement and any consideration passing to any party under the agreement. Within thirty (30) days of receipt of the application, the department may request additional information as may be necessary to complete the application. The applicant has thirty (30) days from the date of the request to submit the additional information. If the applicant fails to submit the requested information within the thirty-day period, or any extension of time granted by the department, the application is deemed withdrawn. The department may require an application fee from the submitting parties sufficient to cover the cost of processing the application.

(** *4) The department shall review the application in accordance with the standards set forth in subsection (** *5) of this section. The department shall give notice of the application to members of the public who reside in the service areas of the applicant hospitals, which may be provided through newspapers of general circulation or public information channels. If requested by an affected person within thirty (30) days of the giving of the public notice, the department may hold a public hearing in accordance with the rules adopted by the board. The department shall grant or deny the application within sixty (60) days after receipt of a completed application or from the date of the public hearing, if one is held, and that decision, along with any conditions of approval, must be in writing and must set forth the basis for the decision. The department may establish conditions for approval that are reasonably necessary to ensure that the cooperative agreement and the activities engaged under it are consistent with the intent of this act and to ensure that the activity is appropriately supervised and regulated by the state. The department shall furnish a copy of the decision to the applicants and any affected persons who have asked in writing to be notified.

(** *5) The department shall issue a certificate of public advantage for a cooperative agreement if it determines that:

(a) Each of the parties to the cooperative agreement is a rural hospital or is a corporation, partnership, joint venture or other entity all of whose principals are rural hospitals, or a private hospital is a party to the cooperative agreement;

(b) The geographic service area of the rural hospitals or private hospitals who are parties to the agreement do not overlap significantly; and

(c) The cooperative agreement is likely to result in one or more of the following benefits:

(i) Enhancement of the quality of hospital and hospital-related care provided to Mississippi citizens;

(ii) Preservation of hospital facilities and health care in rural and nonrural areas;

(iii) Gains in the cost-efficiency of services provided by the hospitals involved;

(iv) Encouragement of cost-sharing among the hospitals involved;

(v) Improvements in the utilization of hospital resources and equipment; or

(vi) Avoidance or reduction of duplication of hospital resources or expenses, including administrative expenses.

(** *6) The department shall actively monitor and regulate agreements approved under this act, and may do so through conditions of approval of a certificate of public advantage, and may request information whenever necessary to ensure that the agreements remain in compliance with the conditions of approval. The department may charge an annual fee to cover the cost of monitoring and regulating these agreements. During the time the certificate is in effect, a report on the activities under the cooperative agreement must be filed with the department every two (2) years. The department shall review the report in order to determine that the cooperative agreement continues to comply with the terms of the certificate of public advantage.

(** *7) The department shall revoke a certificate of public advantage by giving written notice to each party to a cooperative agreement with respect to which the certificate is being revoked, if it finds that:

(a) The cooperative agreement or activities undertaken by it are not in substantial compliance with the terms of the application or the conditions of approval;

(b) The likely benefits resulting from the cooperative agreement no longer exist; or

(c) The department's approval was obtained as a result of intentional material misrepresentation to the department or as the result of coercion, threats or intimidation toward any party to the cooperative agreement.

(** *8) The department shall maintain on file all cooperative agreements for which certificates of public advantage remain in effect. A party to a cooperative agreement who terminates or withdraws from the agreement shall notify the department within fifteen (15) days of the termination or withdrawal. If all parties terminate their participation in the

cooperative agreement, the department shall revoke the certificate of public advantage for the agreement.

(** *9) The parties to a cooperative agreement with respect to which a certificate of advantage is in effect must notify the department of any proposed amendment to the cooperative agreement, including an amendment to add an additional party but excluding an amendment to remove or to reflect the withdrawal of a party, before the amendment takes effect. The parties must apply to the department for a certificate of public advantage governing the amendment and the department shall consider and rule on the application in accordance with the procedures applicable to cooperative agreements generally.

(** *10) The department may promulgate rules and regulations in accordance with the Administrative Procedures Law as in effect from time to time to implement the provisions of this act, including any fees and application costs associated with the monitoring and oversight of cooperative agreements approved under this act.

(** *11) A dispute among the parties to a cooperative agreement concerning its meaning or terms is governed by the principles of contract law or any other applicable law.

SECTION 12. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(5) If a broker's price opinion is submitted electronically or on a form supplied by the requesting party:

(a) A signature required by paragraph (g) of subsection (4) may be an electronic signature, as defined in Section 75-12-3.

(b) A signature required by paragraph (g) of subsection (4) and the disclaimer required by paragraph (j) of subsection (4) may be transmitted in a separate attachment if the electronic format or form supplied by the requesting party does not allow

additional comments to be written by the licensee. The electronic format or the form supplied by the requesting party must:

(i) Reference the existence of a separate attachment; and

(ii) Include a statement that the broker's price opinion is not complete without the attachment.

(6) Notwithstanding any provisions to the contrary, a person licensed pursuant to this chapter may not prepare a broker's price opinion for any purpose in lieu of an appraisal when an appraisal is required by federal or state statute. A broker's price opinion which estimates value or worth of a parcel of real estate rather than sales price shall be deemed to be an appraisal and may not be prepared by a licensed broker or sales agent under the authority of their * * * license but may only be prepared by a duly licensed appraiser and must meet the regulations promulgated by the Mississippi Real Estate * * * Appraisal Board. A broker's price opinion may not under any circumstances be referred to as a valuation or appraisal.

Senator Wiggins called up the following House Amendment to **S. B. No. 2090** and moved that the Senate do concur in the Amendment:

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 73-11-51, Mississippi Code of 1972, is amended as follows:

73-11-51. (1) No person shall engage in the business or practice of funeral service, including embalming, and/or funeral directing or hold himself out as transacting or practicing or being entitled to transact or practice funeral service, including embalming, and/or funeral directing in this state unless duly licensed under the provisions of this chapter.

(2) The board is authorized and empowered to examine applicants for licenses for the practice of funeral service and funeral directing and shall issue the proper license to

those persons who successfully pass the applicable examination and otherwise comply with the provisions of this chapter.

(3) To be licensed for the practice of funeral directing under this chapter, a person must furnish satisfactory evidence to the board that he or she:

(a) Is at least eighteen (18) years of age;

(b) Has a high school diploma or the equivalent thereof;

(c) Has served as a resident trainee for not less than * * * twelve (12) months under the supervision of a person licensed for the practice of funeral service or funeral directing in this state;

(d) Has successfully passed a written and/or oral examination as prepared or approved by the board; and

(e) Is of good moral character.

(4) To be licensed for the practice of funeral service under this chapter, a person must furnish satisfactory evidence to the board that he or she:

(a) Is at least eighteen (18) years of age;

(b) Has a high school diploma or the equivalent thereof;

(c) Has successfully completed twelve (12) months or more of academic and professional instruction from an institution accredited by the United States Department of Education for funeral service education and have a certificate of completion from an institution accredited by the American Board of Funeral Service Education or any other successor recognized by the United States Department of Education for funeral service education;

(d) Has served as a resident trainee for not less than twelve (12) months, either before or after graduation from an accredited institution mentioned above, under the supervision of a person licensed for the practice of funeral service in this state and in an establishment licensed in this state;

(e) Has successfully passed the National Conference of Funeral Examiners examination and/or such other examination as approved by the board; and

(f) Is of good moral character.

(5) All applications for examination and license for the practice of funeral service or funeral directing shall be upon forms furnished by the board and shall be accompanied by an examination fee, a licensing fee and a nonrefundable application fee in amounts fixed by the board in accordance with Section 73-11-56. The fee for an initial license, however, may be prorated in proportion to the period of time from the date of issuance to the date of biennial license renewal prescribed in subsection (8) of this section. All applications for examination shall be filed with the board office at least sixty (60) days before the date of examination. A candidate shall be deemed to have abandoned the application for examination if he does not appear on the scheduled date of examination unless such failure to appear has been approved by the board.

(6) The practice of funeral service or funeral directing must be engaged in at a licensed funeral establishment, at least one (1) of which is listed as the licensee's place of business; and no person, partnership, corporation, association or other organization shall open or maintain a funeral establishment at which to engage in or conduct or hold himself or itself out as engaging in the practice of funeral service or funeral directing until

such establishment has complied with the licensing requirements of this chapter. A license for the practice of funeral service or funeral directing shall be used only at licensed funeral establishments; however, this provision shall not prevent a person licensed for the practice of funeral service or funeral directing from conducting a funeral service at a church, a residence, public hall, lodge room or cemetery chapel, if such person maintains a fixed licensed funeral establishment of his own or is in the employ of or an agent of a licensed funeral establishment.

(7) Any person holding a valid, unrevoked and unexpired nonreciprocal license in another state or territory having requirements greater than or equal to those of this state as determined by the board may apply for a license to practice in this state by filing with the board a certified statement from the secretary of the licensing board of the state or territory in which the applicant holds his license certifying to his qualifications and good standing with that board. He/she must also successfully pass a written and/or oral examination on the Mississippi Funeral Service licensing law and rules and regulations as prepared or approved by the board, and must pay a nonrefundable application fee set by the board. If the board finds that the applicant has fulfilled aforesaid requirements and has fulfilled substantially similar requirements of those required for a Mississippi licensee, the board shall grant such license upon receipt of a fee in an amount equal to the renewal fee set by the board for a license for the practice of funeral service or funeral directing, as the case may be, in this state. The board may issue a temporary funeral service or funeral directing work permit before a license is granted, before the next regular meeting of the board, if the applicant for a reciprocal license has complied with all requirements, rules and regulations of the board. The temporary permit will expire at the next regular meeting of the board. The issuance of a license or temporary permit by reciprocity to a military-trained applicant, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

(8) (a) Except as provided in Section 33-1-39, any person holding a license for the practice of funeral service or funeral directing may have the same renewed for a period of two (2) years by making and filing with the board an application on or before the due date. Payment of the renewal fee shall be in an amount set by the board in accordance with Section 73-11-56. The board shall mail the notice of renewal and the due date for the payment of the renewal fee to the last-known address of each licensee at least thirty (30) days before that date. It is the responsibility of the licensee to notify the board in writing of any change of address. An application will be considered late if the application and proper fees are not in the board's office or postmarked by the due date. Failure of a license holder to receive the notice of renewal shall not exempt or excuse a license holder from the requirement of renewing the license on or before the license expiration date.

(b) If the renewal fee is not paid on or postmarked by the due date, the license of such person shall by operation of law automatically expire and become void without further action of the board. The board may reinstate such license if application for licensure is made within a period of five (5) years, upon payment of the renewal fee for the current year, all renewal fees in arrears, and a reinstatement fee. After a period of five (5) years, the licensee must make application, pay the current renewal fee, all fees in arrears, and pass a written and/or oral examination as prepared or approved by the board.

(9) No license shall be assignable or valid for any person other than the original licensee.

(10) The board may, in its discretion, if there is a major disaster or emergency where human death is likely to occur, temporarily authorize the practice of funeral directing and funeral service by persons licensed to practice in another state but not licensed to practice in this state. Only persons licensed in this state, however, may sign death certificates.

(11) Any funeral service technology or mortuary science program accredited by the American Board of Funeral Service Education in the State of Mississippi, as well as

students enrolled in such a program, shall be exempt from licensing under this chapter when embalming or otherwise preparing a deceased human body for disposition as part of a student practicum experience, when the student is directly supervised by an instructor or preceptor who holds a current funeral service license. This exemption shall apply to practicum experiences performed at an accredited institution of funeral service technology or mortuary science program or at a duly licensed funeral establishment or commercial mortuary service. Nothing in this subsection shall be construed to allow any funeral service technology or mortuary science program, or those students enrolled in such a program, to engage in practicum experiences for remuneration.

(12) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64.

SECTION 2. Section 73-11-53, Mississippi Code of 1972, is amended as follows:

73-11-53. (1) The State Board of Funeral Service is authorized to establish a trainee and apprenticeship program whereby persons desiring to apprentice as a funeral service or funeral director trainee may be issued a resident traineeship certificate to practice funeral directing or funeral service under the direct on-premises supervision of a sponsoring Mississippi licensed funeral director or funeral service practitioner.

(2) A person desiring to become a resident trainee for the practice of funeral service or funeral directing shall make application to the board. Such application shall be verified by the licensee under whom the applicant is serving, and shall be accompanied by a nonrefundable application fee in an amount set by the board in accordance with Section 73-11-56. When the board is satisfied as to the qualifications of an applicant, it shall issue a certificate of resident traineeship.

(3) The board shall have the power to suspend or revoke a certificate of a resident traineeship for violation of any provision of this chapter.

(4) A resident trainee must serve the apprenticeship in a funeral establishment that is licensed by the State of Mississippi and the preceptor must be a Mississippi licensed funeral service practitioner or funeral director who is employed by a Mississippi licensed funeral establishment and actively practicing within the State of Mississippi. The funeral service trainee and apprenticeship program shall be completed within no less than twelve (12) months or more than eighteen (18) months under the direct supervision of a funeral director or funeral service licensee of the board. The funeral director trainee and apprenticeship program shall be completed within no less than * * * twelve (12) months or more than * * * eighteen (18) months under the direct supervision of a funeral director or funeral service licensee of the board. * * *

(5) A resident trainee may serve under the supervision of more than one (1) preceptor under conditions established by board rules and regulations. The board may also adopt rules that will allow training at more than one (1) funeral establishment under special circumstances.

(6) A resident traineeship certificate shall be valid for one (1) year. The board may renew a resident traineeship certificate if the trainee applies for renewal on a form provided by the board, shows that the training activity continues to satisfy applicable requirements and pays a renewal fee as set by the board. The fee and application will be considered late if the fee and application are not in the office or show a postmark of December 31. Applications received late may be reinstated by the payment of a renewal fee, a reinstatement fee and other applicable fees. Failure to receive a renewal notice does not exempt a resident trainee from the required renewal of his/her traineeship.

(7) A resident trainee shall not advertise or hold himself out as a funeral director, funeral service practitioner, embalmer or use any other title or abbreviation indicating that the trainee is a funeral director, funeral service practitioner or embalmer. A resident

trainee does not have the rights and duties of a funeral director or funeral service licensee and is only authorized to act under the direct supervision of the approved preceptor.

SECTION 3. Section 73-11-57, Mississippi Code of 1972, is brought forward as follows:

73-11-57. (1) The board, upon satisfactory proof at proper hearing and in accordance with the provisions of this chapter and the regulations of the board, may suspend, revoke, or refuse to issue or renew any license under this chapter, reprimand or place the holder of a license on a term of probation, and/or take any other action in relation to a license as the board may deem proper under the circumstances upon any of the following grounds:

(a) The employment of fraud or deception in applying for a license or in passing the examination provided for in this chapter;

(b) The erroneous issuance of a license to any person;

(c) The conviction of a felony by any court in this state or any federal court or by the court of any other state or territory of the United States; having been convicted of or pled guilty to a felony in the courts of this state or any other state, territory or country which would prevent a person from holding elected office. Conviction, as used in this paragraph, shall include a deferred conviction, deferred prosecution, deferred sentence, finding or verdict of guilty, an admission of guilty, or a plea of nolo contendere;

(d) The practice of embalming under a false name or without a license for the practice of funeral service;

(e) The impersonation of another funeral service or funeral directing licensee;

(f) The permitting of a person other than a funeral service or funeral directing licensee to make arrangements for a funeral and/or form of disposition;

(g) Violation of any provision of this chapter or any rule or regulation of the board;

(h) Having had a license for the practice of funeral service or funeral directing suspended or revoked in any jurisdiction, having voluntarily surrendered his license in any jurisdiction, having been placed on probation in any jurisdiction, having been placed under disciplinary order(s) or other restriction in any manner for funeral directing and/or funeral service, or operating a funeral establishment (a certified copy of the order of suspension, revocation, probation or disciplinary action shall be prima facie evidence of such action);

(i) Solicitation of dead human bodies by the licensee, his agents, assistants or employees, whether such solicitation occurs after death or when death is imminent; if the person solicited has made known a desire not to receive the communication, or if the solicitation involves coercion, duress or harassment, or if the solicitation takes place at the residence of the client or prospective client and is uninvited by the client or prospective client and has not been previously agreed to by the client or prospective client; however, this shall not be deemed to prohibit general advertising;

(j) Employment directly or indirectly of any apprentice, agent, assistant, employee, or other person, on a part-time or full-time basis or on commission, for the purpose of calling upon individuals or institutions by whose influence dead human bodies may be turned over to a particular funeral establishment;

(k) Failure to give full cooperation to the board and/or its designees, agents or other representatives in the performance of official duties of the board. Such failure to cooperate includes, but is not limited to:

(i) Not furnishing any relevant papers or documents requested by or for the board;

(ii) Not furnishing, in writing, an adequate explanation covering the matter contained in a complaint filed with the board;

(iii) Not responding without cause to subpoenas issued by the board, whether or not the licensee is the party charged in any proceeding before the board;

(iv) Not reasonably providing access, as directed by the board for its authorized agents or representatives seeking to perform reviews or inspections at facilities or places utilized by the license holder in the practice of funeral service or funeral directing and/or in performing any other activity regulated by the board under this chapter;

(v) Failure to provide information within the specified time allotted and as required by the board and/or its representatives or designees;

(vi) Failure to cooperate with the board or its designees or representatives in the investigation of any alleged misconduct or interfering with a board investigation by willful misrepresentation of facts;

(vii) Deceiving or attempting to deceive the board regarding any matter under investigation, including altering or destroying any records; and

(viii) Failure, without good cause, to cooperate with any request by the board to appear before it;

(l) Knowingly performing any act that in any way assists an unlicensed person to practice funeral service or funeral directing;

(m) Knowingly making a false statement on death certificates;

(n) Conviction of a crime involving moral turpitude;

(o) Violating any statute, ordinance, rule or regulation of the state or any of its boards, agencies or political subdivisions affecting the registration of deaths or the handling, custody, care or transportation of dead human bodies; or

(p) Unprofessional conduct in the practice of funeral service or funeral directing which includes, but is not limited to:

(i) Retaining a dead human body for the payment of a fee for the performance of services that are not authorized;

(ii) Knowingly performing any act which in any way assists an unlicensed person to practice funeral service or funeral directing;

(iii) Being guilty of any dishonorable conduct likely to deceive, defraud or harm the public;

(iv) Any act or omission in the practice of funeral service or directing which constitutes dishonesty, fraud or misrepresentation with the intent to benefit the licensee, another person or funeral establishment, or with the intent to substantially injure another person, licensee or funeral establishment; or

(v) Any act or conduct, whether the same or of a different character than specified above, which constitutes or demonstrates bad faith, incompetency or untrustworthiness; or dishonest, fraudulent or improper dealing; or any other violation of the provisions of this chapter, the rules and regulations established by the board or any rule or regulation promulgated by the Federal Trade Commission relative to the practice of funeral service or funeral directing.

(2) Any person, including a member of the board, may initiate a complaint against a licensee of the board by filing with the board a written complaint on a form prescribed by the board.

(a) Upon receipt of a properly verified complaint, the board shall send a copy of the complaint to the affected licensee by certified mail to the address of such licensee appearing of record with the board. The licensee shall answer the complaint in writing within twenty (20) days after receipt of the complaint. The licensee shall mail a copy of his, her or its response to the board and the complainant. Upon receipt of the licensee's response or lapse of twenty (20) days, the board is authorized to investigate a complaint that appears to show the existence of any of the causes or grounds for disciplinary action as provided in Section 73-11-57. Upon finding reasonable cause to believe that the charges are not frivolous, unfounded or filed in bad faith, the board may, in its discretion, cause a hearing to be held, at a time and place fixed by the board, regarding the charges that a violation of this chapter has occurred. The board shall order a hearing for the licensee to appear and show cause why he/she should not be disciplined for a violation of this chapter.

(b) The board shall give the complainant and the affected licensee twenty (20) days' notice of any hearing upon a complaint. Such notice shall be by United States certified mail.

(c) Any party appearing before the board may be accompanied by counsel.

(d) Before commencing a hearing, the chairman or designee of the board shall determine if all parties are present and ready to proceed. If the complainant fails to attend a hearing without good cause shown, the complaint shall be dismissed summarily and all fees and expenses of convening the hearing shall be assessed to, and paid by, the complainant. If any affected licensee fails to appear for a hearing without good cause shown, such licensee shall be presumed to have waived his right to appear before the board and be heard.

(e) Upon the chair's determination that all parties are ready to proceed, the chair or designee shall call the hearing to order and the complainant and the licensee may give opening statements. The board may order the sequestration of nonparty witnesses.

(f) The complainant shall then present his, her or its complaint. The licensee, any counsel and any member or designee of the board may ask questions of witnesses.

(g) The licensee shall then present his, her or its case in rebuttal. The complainant, any counsel and any member or designee of the board may ask questions of witnesses.

(h) At the completion of the evidence, all parties may give closing statements.

(i) At the conclusion of the hearing, the board may either decide the issue at that time or take the case under advisement for further deliberation. The board shall render its decision not more than ninety (90) days after the close of the hearing and shall forward the decision to the last-known business or residence address of the parties.

(3) The board, on its own motion, may file a formal complaint against a licensee.

(4) The board may temporarily suspend a license under this chapter without any hearing, simultaneously with the institution of proceedings under this section, if it finds that the evidence in support of the board's determination is clear, competent and unequivocal and that the licensee's continuation in practice would constitute an imminent danger to public health and safety.

(5) The board may, upon satisfactory proof that the applicant or licensee has been guilty of any of the offenses above enumerated, take the action authorized by this section against an applicant or licensee of the board upon a majority vote of the board members, after a hearing thereon. The board is vested with full power and authority to hold and conduct such hearings, compel the attendance of witnesses and the production of books, records and documents, issue subpoenas therefor, administer oaths, examine witnesses, and do all things necessary to properly conduct such hearings. The board may waive the necessity of a hearing if the person accused of a violation admits that he has been guilty of such offense. Any person who has been refused a license or whose license has been revoked or suspended may, within thirty (30) days after the decision of the board, file with the board a written notice stating that he feels himself aggrieved by such decision and may appeal therefrom to the circuit court of the county and judicial district of residence of the person, or if the person is a nonresident of the State of Mississippi, to the Circuit Court of the First Judicial District of Hinds County. The circuit court shall determine the action of the board was in accord or consistent with law, or was arbitrary, unwarranted or an abuse of discretion. The appeal shall be perfected upon filing notice of the appeal with the circuit court and by the prepayment of all costs, including the cost of the preparation of the record of the proceedings by the board. An appeal from the circuit court judgment or decree may be reviewed by the Supreme Court as is provided by law for other appeals. An appeal of a decision or order of the board does not act as a supersedeas.

(6) In addition to any other power that it has, the board may, upon finding that an applicant or licensee has committed any of the violations listed in Section 73-11-57(1), impose a monetary penalty as follows:

(a) For the first violation of any of the subparagraphs of subsection (1) of this section, a monetary penalty of not more than Five Hundred Dollars (\$500.00).

(b) For the second violation of any of the subparagraphs of subsection (1) of this section, a monetary penalty of not more than One Thousand Dollars (\$1,000.00).

(c) For the third and any subsequent violation of any of the subparagraphs of subsection (1) of this section, a monetary penalty of not more than Five Thousand Dollars (\$5,000.00).

(d) For any violation of any of the subparagraphs of subsection (1) of this section, those reasonable costs that are expended by the board in the investigation and conduct of a proceeding for licensure revocation or suspension, including, but not limited to, the cost of process service, court reporters, expert witnesses and investigators.

(7) The power and authority of the board to assess and levy such monetary penalties hereunder shall not be affected or diminished by any other proceeding, civil or criminal, concerning the same violation or violations except as provided in this section.

(8) A licensee shall have the right of appeal from the assessment and levy of a monetary penalty as provided in this section under the same conditions as a right of appeal is provided elsewhere for appeals from an adverse ruling, order or decision of the board.

(9) Any monetary penalty assessed and levied under this section shall not take effect until after the time for appeal shall have expired.

(10) A monetary penalty assessed and levied under this section shall be paid to the board by the licensee upon the expiration of the period allowed for appeal of such penalties under this section or may be paid sooner if the licensee elects.

With the exception of subsection (5)(d) of this section, monetary penalties collected by the board under this section shall be deposited in the State Treasury to the credit of the State Board of Funeral Service. Any monies collected by the board under subsection (5)(d) of this section shall be deposited into the special fund operating account of the board.

(11) When payment of a monetary penalty assessed and levied by the board against a licensee in accordance with this section is not paid by the licensee when due under this section, the board shall have power to institute and maintain proceedings in its name for enforcement of payment in the chancery court of the county and judicial district of residence of the licensee, or if the licensee is a nonresident of the State of Mississippi, in the Chancery Court of the First Judicial District of Hinds County, Mississippi.

(12) In any administrative or judicial proceeding in which the board prevails, the board shall have the right to recover reasonable attorney fees.

(13) In addition to the reasons specified in subsection (1) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 4. The following shall be codified as Section 73-11-57.2, Mississippi Code of 1972:

73-11-57.2 (1) No person or entity shall engage in any activity for which a license is required under this chapter, without holding such licensure in good standing.

(2) A person may not be, act as, or advertise or hold himself or herself out to be a funeral service, a funeral director, or a certified crematory operator unless he or she is currently licensed by the board.

(3) When the board has reasonable cause to believe that any person or entity not licensed under this chapter has violated any provision of this chapter or any rule adopted under this chapter, the board may issue an administrative complaint to such person or entity, alleging violation of this chapter and providing notice therein of intent by the board to order such person to cease and desist from the alleged violation of this chapter, to take corrective action, including payment of restitution to persons adversely affected by the violation, to pay the board's reasonable costs of investigation and prosecution, or to impose a fine of up to Five Thousand Dollars (\$5,000.00) upon such person for each violation of this chapter alleged in the administrative complaint.

When issuing an administrative complaint to such person or entity, the board shall order a hearing for the subject individual or entity to appear and show cause why he/she should

not be disciplined for a violation of this chapter. Any party appearing before the board may be accompanied by counsel. The board is vested with full power and authority to hold and conduct such hearings, compel the attendance of witnesses and the production of books, records and documents, issue subpoenas therefor, administer oaths, examine witnesses, and do all things necessary to properly conduct such hearings.

(4) Where the board determines that an emergency exists regarding any violation of this chapter by any unlicensed person or entity, the board may issue and serve an emergency order upon such unlicensed person or entity. Such an emergency order may impose such prohibitions and requirements as are reasonably necessary to protect the public health, safety and welfare. Such emergency order shall be effective on the date of service on the unlicensed person or entity.

(a) For the purpose of enforcing such an emergency order, the board may file in circuit court for an injunction or other order seeking enforcement of the emergency order. The court shall issue its injunction or other order enforcing the emergency order pending administrative resolution of the matter under subsection (3) of this section, unless the court determines that such action would work a manifest injustice under the circumstances. Venue for judicial actions under this section shall be, at the election of the board, in the Circuit Court of Rankin County or in a circuit court of a county where the respondent resides or has a place of business.

(b) After serving an emergency order on any person or entity, the board shall within ten (10) days issue and serve upon the same person or entity an administrative complaint as set forth in subsection (3) of this section, except that, absent order of a court to the contrary, the emergency order will be effective throughout the pendency of proceedings under subsection (3) of this section.

(5) For the purpose of this section, the violation of this chapter by a person who is not licensed under this chapter or by any person who aids and abets the unlicensed activity shall be presumed to be irreparable harm to the public health, safety, or welfare.

(6) Any administrative complaint or emergency order under this section may be served in person by a board employee or by certified mail, return receipt requested, to the subject's place of residence or business, or by other means authorized by law.

(7) An aggrieved party shall have the right of appeal from the assessment and levy of a monetary penalty as provided in this section under the same conditions as a right of appeal is provided elsewhere for appeals from an adverse ruling, order or decision of the board.

SECTION 5. Section 73-11-58, Mississippi Code of 1972, is amended as follows:

73-11-58. (1) Residents of the state shall have the right to direct their own disposition without interference from others, regardless of their relationship. This right of self-authorization can be executed through the use of the Self-Directed Disposition Authorization document. This document shall supersede the wishes and rights commonly executed by the next of kin. If a decedent has left no written authorization for the cremation and/or disposition of the decedent's body as permitted by law, any of the following persons, in the order of priority listed below, may authorize any lawful manner of disposition of the decedent's body by completion of a written instrument:

(a) The person designated by the decedent as authorized to direct disposition pursuant to Public Law No. 109-163, Section 564, as listed on the decedent's United States Department of Defense Record of Emergency Data, DD Form 93, or its successor form, if the decedent died during military service, as provided in 10 USC Section 1481(a)(1) through (8), in any branch of the United States Armed Forces, United States Reserve Forces or National Guard.

- (b) The surviving spouse.
 - (c) A surviving child who is at least eighteen (18) years of age.
 - (d) A grandchild who is at least eighteen (18) years of age.
 - (e) Either surviving parent.
 - (f) A surviving sibling who is at least eighteen (18) years of age.
 - (g) A person acting as a representative of the decedent under a signed authorization of the decedent.
 - (h) The guardian of the person of the decedent at the time of the decedent's death, if a guardian has been appointed.
 - (i) A person in the class of the next degree of kinship, in descending order, who, under state law, would inherit the decedent's estate if the decedent died intestate and who is at least eighteen (18) years of age.
 - (j) A person who has exhibited special care and concern for the decedent and is willing and able to make decisions about the cremation and disposition.
 - (k) In the case of individuals who have donated their bodies to science or whose death occurred in a nursing home or private institution and in which the institution is charged with making arrangements for the final disposition of the decedent, a representative of the institution may serve as the authorizing agent in the absence of any of the above.
 - (l) In the absence of any of the above, any person willing to assume responsibility for the cremation and disposition of the decedent.
 - (m) In the case of indigents or any other individuals whose final disposition is the responsibility of the state or any of its instrumentalities, a public administrator, medical examiner, coroner, state-appointed guardian, or any other public official charged with arranging the final disposition of the decedent may serve as the authorizing agent.
- (2) The provisions of subsection (1) of this section shall not apply to any listed person, regardless of priority, when that person has been finally adjudicated by a court of competent jurisdiction to be at fault for the decedent's death, whether that liability be criminal or civil. Such persons shall be barred and precluded from deciding the disposition of the decedent's body.
- (a) Upon motion by the state or any person listed in subsection (1) of this section in the chancery court of the county of the decedent's residence, the chancellor shall designate the next available person listed in subsection (1) of this section and such person may then authorize any lawful manner of disposition of the decedent's body by completion of a written instrument.
 - (b) If a criminal prosecution arising from the decedent's death is actively ongoing at the time of the disposition of the decedent's remains, the chancellor may request a bond be filed with the court in the sum of Five Thousand Dollars (\$5,000.00) by the moving party before granting the motion.
- (* * *3) No funeral establishment shall accept a dead human body from any public officer or employee or from the official of any institution, hospital or nursing home, or from a physician or any person having a professional relationship with a decedent, without having first made due inquiry as to the desires of the persons who have the legal authority to direct the disposition of the decedent's body. If any persons are found, their authority

and directions shall govern the disposal of the remains of the decedent. Any funeral establishment receiving the remains in violation of this subsection shall make no charge for any service in connection with the remains before delivery of the remains as stipulated by the persons having legal authority to direct the disposition of the body. This section shall not prevent any funeral establishment from charging and being reimbursed for services rendered in connection with the removal of the remains of any deceased person in case of accidental or violent death and rendering necessary professional services required until the persons having legal authority to direct the disposition of the body have been notified.

(** *4) A person who does not exercise his or her right to dispose of the decedent's body under subsection (1) of this section within five (5) days * * * from the date of the death shall be deemed to have waived his or her right to authorize disposition of the decedent's body or contest disposition in accordance with this section. If, during the aforesaid time period, the funeral director, funeral service practitioner and/or funeral establishment has been provided contrary written consent from members of the same class with the highest priority as to the disposition of the decedent's body, the licensed funeral director or service practitioner or funeral establishment shall act in accordance with the directive of the greatest number of consents received from members of the class. If that number is equal, the funeral director or funeral service practitioner and/or the funeral establishment shall act in accordance with the earlier consent unless the person(s) providing the later consent is granted an order from a court of competent jurisdiction in which the funeral establishment is located, and such order will be filed and paid for by the family of the deceased within twenty (20) days from the date of death.

(** *5) If no consent for the embalming, cremation or other disposition of a dead human body from any of the relatives or interested persons or institutions listed above in subsection (1) of this section is received within ten (10) days of the decedent's death, the coroner for, or other person designated by, the county in which the funeral establishment is located is authorized to sign the consent authorizing the disposition of the decedent's remains.

(** *6) If none of the parties listed above in subsection (1) of this section is financially capable of providing for the cremation, embalming or disposition of a dead human body, the coroner for, or other person designated by, the county in which the funeral establishment is located is authorized to sign the consent authorizing the disposition of the decedent's remains.

(** *7) The licensed funeral director, funeral service practitioner or funeral establishment shall have authority to control the disposition of the remains of a decedent and proceed to recover the costs for the disposition when: (a) none of the persons or parties described above in subsection (1)(a) through (l) assume responsibility for the disposition of the remains, and (b) the coroner or other public official designated in subsection (1)(m) fails to assume responsibility for disposition of the remains within seven (7) days after having been given written notice of the facts. Written notice may be made by personal delivery, United States mail, facsimile or transmission. The method of disposition must be in the least costly and most environmentally sound manner that complies with law, and that does not conflict with known wishes of the decedent.

(** *8) A funeral director, funeral service and/or funeral establishment licensee acting in accordance with this section, or attempting in good faith to act in accordance with this section, shall not be subject to criminal prosecution or civil liability for carrying out the otherwise lawful instructions of the person or persons described in this section.

(** *9) The liability for the reasonable cost of the final disposition of the remains of the decedent devolves upon the individual or entity authorizing the disposition and/or upon the estate of the decedent and, in cases when the county board of supervisors has the right to control the disposition of the remains under this section, upon the county in which the death occurred.

SECTION 6. Section 73-11-69, Mississippi Code of 1972, is amended as follows:

73-11-69. (1) No person or party shall conduct, maintain, manage or operate a crematory unless a license for each such crematory has been issued by the board and is conspicuously displayed in such crematory.

(2) The operator of a crematory facility shall issue a certificate of cremation to the family of each person cremated in the facility. In addition, the operator of the crematory facility shall maintain a log of all cremations performed in the facility, and this log shall match the certificates of cremation that have been issued by the facility.

(3) No operator of a crematory facility shall knowingly represent that an urn or temporary container contains the recovered cremated remains of specific decedent or of body parts removed from a specific decedent when it does not. This subsection does not prohibit the making of such a representation because of the presence in the recovered cremated remains of de minimis amounts of the cremated remains of another decedent or of body parts.

(4) The board shall inspect each licensed crematory facility during each licensure period, and at such other times as necessary, to verify that the crematory facility is in compliance with the requirements of this section. Any person who operates a crematory facility in this state without a license, or any person who otherwise violates any provision of this section, is guilty of a felony. Upon conviction for a violation of this section, in addition to any penalty that may be imposed by the court, the board may revoke the person's crematory facility license.

(5) If the retort of a crematory becomes in need of repair, then the operator of the crematory shall notify the board in writing and by telephone within forty-eight (48) hours of discovery of the need to repair, and no cremation shall be made from the time of discovery until satisfactory proof is provided to the board that the repair has been made.

(6) The board may promulgate such rules and regulations as deemed necessary for the proper licensure and regulation of crematory facilities in this state. Such rules and regulations shall include, but not be limited to, the following: crematory facility requirements, identification of deceased human beings, cremation process, processing of remains, commingling of human remains, disposition of cremated remains, removal of human remains and proper documentation requirements as prescribed by state agencies.

(7) Any crematory or funeral establishment may dispose of any remains unclaimed by the family after twelve (12) months after cremation by scattering or burial * * *.

(8) The crematory retort operator must be a certified crematory operator as defined in Section 73-11-41.

(9) No crematory facility licensed by the board shall be used for the cremation of deceased animals.

(10) A crematory may be constructed on or adjacent to any cemetery, on or adjacent to any funeral establishment, or at any other location consistent with local zoning regulations.

SECTION 7. Section 73-11-71, Mississippi Code of 1972, is amended as follows:

73-11-71. (1) Upon the completion of each cremation, and insofar as is practicable, all of the recoverable residue of the cremation process shall be removed from the crematory and placed in a separate container so that the residue may not be commingled with the cremated remains of other persons. Cremated remains of a dead

human shall not be divided or separated without the prior written consent from the person entitled to control the disposition of the cremated remains.

(2) Written acknowledgement from the person entitled to control the disposition of the cremated remains shall be obtained by the person with whom arrangements are made for disposition of the remains on a form that includes, but is not limited to, the following information:

"The human body burns with the casket, container or other material in the cremation chamber. Some bone fragments are not combustible at the incineration temperature and, as a result, remain in the cremation chamber. During the cremation, the contents of the chamber may be moved to facilitate incineration. The chamber is composed of ceramic or other material which disintegrates slightly during each cremation and the produce of that disintegration is commingled with the cremated remains. Nearly all of the contents of the cremation chamber, consisting of the cremated remains, disintegrated chamber material, and small amounts of residue from previous cremations, are removed together and crushed, pulverized or ground to facilitate inurnment or scattering. Some residue remains in the cracks and uneven places of the chamber. Periodically, the accumulation of this residue is removed and interred or scattered in a dedicated cemetery property or appropriate area."

The acknowledgment shall be filed and retained for at least three (3) years by the person who disposes of or interts the remains.

SECTION 8. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 73-11-51, MISSISSIPPI CODE OF 1972, TO REVISE THE LICENSING REQUIREMENTS FOR FUNERAL DIRECTORS TO REQUIRE APPLICANTS TO HAVE SERVED AS A RESIDENT TRAINEE FOR NOT LESS THAN TWELVE MONTHS UNDER THE SUPERVISION OF A LICENSED FUNERAL DIRECTOR; TO AMEND SECTION 73-11-53, MISSISSIPPI CODE OF 1972, TO REVISE CERTAIN TIME REQUIREMENTS RELATED TO THE FUNERAL DIRECTOR TRAINEE AND APPRENTICESHIP PROGRAM; TO BRING FORWARD SECTION 73-11-57, MISSISSIPPI CODE OF 1972, FOR THE PURPOSE OF POSSIBLE AMENDMENT; TO CREATE NEW SECTION 73-11-57.2, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT NO PERSON OR ENTITY SHALL ENGAGE IN ANY ACTIVITY FOR WHICH A LICENSE IS REQUIRED UNDER THE CHAPTER WITHOUT HOLDING SUCH LICENSE IN GOOD STANDING; TO PROVIDE THAT A PERSON MAY NOT BE, ACT AS, OR ADVERTISE OR HOLD HIMSELF OR HERSELF OUT TO BE A FUNERAL SERVICE, A FUNERAL DIRECTOR, OR A CERTIFIED CREMATORY OPERATOR UNLESS HE OR SHE IS CURRENTLY LICENSED BY THE BOARD; TO AUTHORIZE THE BOARD OF FUNERAL SERVICE TO ISSUE ADMINISTRATIVE COMPLAINTS TO ANY PERSON OR ENTITY WHO IT BELIEVES HAS VIOLATED PROVISIONS OF THE LAW; TO ALLOW THE BOARD TO IMPOSE A FINE OF UP TO \$5,000.00 FOR VIOLATIONS OF THE CHAPTER; TO AUTHORIZE THE BOARD TO HOLD AND CONDUCT HEARINGS ON SUBJECT VIOLATIONS; TO AUTHORIZE THE BOARD TO ISSUE AN EMERGENCY ORDER UPON AN UNLICENSED PERSON OR ENTITY; TO EMPOWER THE BOARD TO FILE FOR AN INJUNCTION SEEKING ENFORCEMENT OF THE EMERGENCY ORDER; TO PROVIDE THAT AN AGGRIEVED PARTY MAY APPEAL FROM THE ASSESSMENT AND LEVY OF A MONETARY PENALTY; TO AMEND SECTION 73-11-58, MISSISSIPPI CODE OF 1972, TO REVISE CERTAIN TIME REQUIREMENTS RELATED TO THE DISPOSITION OF DECEDENT'S BODIES BY FUNERAL SERVICE PRACTITIONERS; TO PRECLUDE AT-FAULT PARTIES FROM DECIDING THE DISPOSITION OF A DECEDENT'S REMAINS; TO AMEND SECTION 73-11-69, MISSISSIPPI CODE OF 1972, TO REVISE THE NOTICE REQUIREMENT

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known and may be cited as the "Released-Time Moral Instruction Act of 2023."

SECTION 2. (1) Each local school board may provide for released-time moral instruction of pupils enrolled in the schools under its jurisdiction, in the manner provided in subsections (2) through (7) of this section.

(2) Each local school board may authorize a complete survey of all the pupils attending the public schools within the district and determine those pupils who desire released-time moral instruction and have received the consent of a parent or legal guardian for the instruction.

(3) The boards of education which adopt such released-time moral instruction policy shall allow pupils who have expressed a desire for released-time moral instruction and who have received the required parental consent specified in subsection (2) to be excused for at least one (1) hour, one (1) day each week to attend their respective places

of worship or some other suitable place to receive released-time moral instruction in accordance with the religious faith or preference of the pupils. No such instruction may be provided or facilitated on school premises.

(4) Each local school board may make arrangements with the persons in charge of the released-time moral instruction as the board deems necessary and advisable.

(5) Pupils who attend the classes for released-time moral instruction at the time specified and for the period fixed shall be credited with the time spent as if they had been in actual attendance in school, and the time shall be calculated as part of the actual school day required by Section 37-13-67. The pupil shall not be penalized for any school work missed during the specified time.

(6) Any pupil who does not participate in the released-time moral instruction shall remain in school during the time when the instruction is being given, and shall continue in the regular course of study by taking any academic or elective course as decided upon by the student, his or her parent and the professional school counselor for the instruction of that pupil for the duration of each academic year.

(7) Released-time moral instruction shall be given without expense to any local school board beyond the cost of the original survey.

SECTION 3. Section 37-13-91, Mississippi Code of 1972, is amended as follows:

37-13-91. (1) This section shall be referred to as the "Mississippi Compulsory School Attendance Law."

(2) The following terms as used in this section are defined as follows:

(a) "Parent" means the father or mother to whom a child has been born, or the father or mother by whom a child has been legally adopted.

(b) "Guardian" means a guardian of the person of a child, other than a parent, who is legally appointed by a court of competent jurisdiction.

(c) "Custodian" means any person having the present care or custody of a child, other than a parent or guardian of the child.

(d) "School day" means not less than five and one-half (5-1/2) and not more than eight (8) hours of actual teaching in which both teachers and pupils are in regular attendance for scheduled schoolwork.

(e) "School" means any public school, including a charter school, in this state or any nonpublic school in this state which is in session each school year for at least one hundred eighty (180) school days, except that the "nonpublic" school term shall be the number of days that each school shall require for promotion from grade to grade.

(f) "Compulsory-school-age child" means a child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year; and shall include any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in a full-day public school kindergarten program.

(g) "School attendance officer" means a person employed by the State Department of Education pursuant to Section 37-13-89.

(h) "Appropriate school official" means the superintendent of the school district, or his designee, or, in the case of a nonpublic school, the principal or the headmaster.

(i) "Nonpublic school" means an institution for the teaching of children, consisting of a physical plant, whether owned or leased, including a home, instructional staff members and students, and which is in session each school year. This definition shall include, but not be limited to, private, church, parochial and home instruction programs.

(3) A parent, guardian or custodian of a compulsory-school-age child in this state shall cause the child to enroll in and attend a public school or legitimate nonpublic school for the period of time that the child is of compulsory school age, except under the following circumstances:

(a) When a compulsory-school-age child is physically, mentally or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation.

(b) When a compulsory-school-age child is enrolled in and pursuing a course of special education, remedial education or education for handicapped or physically or mentally disadvantaged children.

(c) When a compulsory-school-age child is being educated in a legitimate home instruction program.

The parent, guardian or custodian of a compulsory-school-age child described in this subsection, or the parent, guardian or custodian of a compulsory-school-age child attending any charter school or nonpublic school, or the appropriate school official for any or all children attending a charter school or nonpublic school shall complete a "certificate of enrollment" in order to facilitate the administration of this section.

The form of the certificate of enrollment shall be prepared by the Office of Compulsory School Attendance Enforcement of the State Department of Education and shall be designed to obtain the following information only:

(i) The name, address, telephone number and date of birth of the compulsory-school-age child;

(ii) The name, address and telephone number of the parent, guardian or custodian of the compulsory-school-age child;

(iii) A simple description of the type of education the compulsory-school-age child is receiving and, if the child is enrolled in a nonpublic school, the name and address of the school; and

(iv) The signature of the parent, guardian or custodian of the compulsory-school-age child or, for any or all compulsory-school-age child or children attending a charter school or nonpublic school, the signature of the appropriate school official and the date signed.

The certificate of enrollment shall be returned to the school attendance officer where the child resides on or before September 15 of each year. Any parent, guardian or custodian found by the school attendance officer to be in noncompliance with this section shall comply, after written notice of the noncompliance by the school attendance officer, with this subsection within ten (10) days after the notice or be in violation of this section. However, in the event the child has been enrolled in a public school within fifteen (15) calendar days after the first day of the school year as required in subsection (6), the parent or custodian may, at a later date, enroll the child in a legitimate nonpublic school or

legitimate home instruction program and send the certificate of enrollment to the school attendance officer and be in compliance with this subsection.

For the purposes of this subsection, a legitimate nonpublic school or legitimate home instruction program shall be those not operated or instituted for the purpose of avoiding or circumventing the compulsory attendance law.

(4) An "unlawful absence" is an absence for an entire school day or during part of a school day by a compulsory-school-age child, which absence is not due to a valid excuse for temporary nonattendance. For purposes of reporting absenteeism under subsection (6) of this section, if a compulsory-school-age child has an absence that is more than thirty-seven percent (37%) of the instructional day, as fixed by the school board for the school at which the compulsory-school-age child is enrolled, the child must be considered absent the entire school day. Days missed from school due to disciplinary suspension shall not be considered an "excused" absence under this section. This subsection shall not apply to children enrolled in a nonpublic school.

Each of the following shall constitute a valid excuse for temporary nonattendance of a compulsory-school-age child enrolled in a noncharter public school, provided satisfactory evidence of the excuse is provided to the superintendent of the school district, or his designee:

(a) An absence is excused when the absence results from the compulsory-school-age child's attendance at an authorized school activity with the prior approval of the superintendent of the school district, or his designee. These activities may include field trips, athletic contests, student conventions, musical festivals and any similar activity.

(b) An absence is excused when the absence results from illness or injury which prevents the compulsory-school-age child from being physically able to attend school.

(c) An absence is excused when isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.

(d) An absence is excused when it results from the death or serious illness of a member of the immediate family of a compulsory-school-age child. The immediate family members of a compulsory-school-age child shall include children, spouse, grandparents, parents, brothers and sisters, including stepbrothers and stepsisters.

(e) An absence is excused when it results from a medical or dental appointment of a compulsory-school-age child.

(f) An absence is excused when it results from the attendance of a compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action or under subpoena as a witness.

(g) An absence may be excused if the religion to which the compulsory-school-age child or the child's parents adheres, requires or suggests the observance of a religious event. The approval of the absence is within the discretion of the superintendent of the school district, or his designee, but approval should be granted unless the religion's observance is of such duration as to interfere with the education of the child. Additionally, students may be excused by school districts which have adopted a policy allowing students' voluntary participation in an approved released-time moral instruction program.

(h) An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that the purpose of the

absence is to take advantage of a valid educational opportunity such as travel, including vacations or other family travel. Approval of the absence must be gained from the superintendent of the school district, or his designee, before the absence, but the approval shall not be unreasonably withheld.

(i) An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district, or his designee, that conditions are sufficient to warrant the compulsory-school-age child's nonattendance. However, no absences shall be excused by the school district superintendent, or his designee, when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law.

(j) An absence is excused when it results from the attendance of a compulsory-school-age child participating in official organized events sponsored by the 4-H or Future Farmers of America (FFA). The excuse for the 4-H or FFA event must be provided in writing to the appropriate school superintendent by the Extension Agent or High School Agricultural Instructor/FFA Advisor.

(k) An absence is excused when it results from the compulsory-school-age child officially being employed to serve as a page at the State Capitol for the Mississippi House of Representatives or Senate.

(5) Any parent, guardian or custodian of a compulsory-school-age child subject to this section who refuses or willfully fails to perform any of the duties imposed upon him or her under this section or who intentionally falsifies any information required to be contained in a certificate of enrollment, shall be guilty of contributing to the neglect of a child and, upon conviction, shall be punished in accordance with Section 97-5-39.

Upon prosecution of a parent, guardian or custodian of a compulsory-school-age child for violation of this section, the presentation of evidence by the prosecutor that shows that the child has not been enrolled in school within eighteen (18) calendar days after the first day of the school year of the public school which the child is eligible to attend, or that the child has accumulated twelve (12) unlawful absences during the school year at the public school in which the child has been enrolled, shall establish a prima facie case that the child's parent, guardian or custodian is responsible for the absences and has refused or willfully failed to perform the duties imposed upon him or her under this section. However, no proceedings under this section shall be brought against a parent, guardian or custodian of a compulsory-school-age child unless the school attendance officer has contacted promptly the home of the child and has provided written notice to the parent, guardian or custodian of the requirement for the child's enrollment or attendance.

(6) If a compulsory-school-age child has not been enrolled in a school within fifteen (15) calendar days after the first day of the school year of the school which the child is eligible to attend or the child has accumulated five (5) unlawful absences during the school year of the public school in which the child is enrolled, the school district superintendent, or his designee, shall report, within two (2) school days or within five (5) calendar days, whichever is less, the absences to the school attendance officer. The State Department of Education shall prescribe a uniform method for schools to utilize in reporting the unlawful absences to the school attendance officer. The superintendent, or his designee, also shall report any student suspensions or student expulsions to the school attendance officer when they occur.

(7) When a school attendance officer has made all attempts to secure enrollment and/or attendance of a compulsory-school-age child and is unable to effect the enrollment and/or attendance, the attendance officer shall file a petition with the youth court under Section 43-21-451 or shall file a petition in a court of competent jurisdiction as it pertains to parent or child. Sheriffs, deputy sheriffs and municipal law enforcement officers shall be fully authorized to investigate all cases of nonattendance and unlawful absences by compulsory-school-age children, and shall be authorized to file a petition with the youth

court under Section 43-21-451 or file a petition or information in the court of competent jurisdiction as it pertains to parent or child for violation of this section. The youth court shall expedite a hearing to make an appropriate adjudication and a disposition to ensure compliance with the Compulsory School Attendance Law, and may order the child to enroll or re-enroll in school. The superintendent of the school district to which the child is ordered may assign, in his discretion, the child to the alternative school program of the school established pursuant to Section 37-13-92.

(8) The State Board of Education shall adopt rules and regulations for the purpose of reprimanding any school superintendents who fail to timely report unexcused absences under the provisions of this section.

(9) Notwithstanding any provision or implication herein to the contrary, it is not the intention of this section to impair the primary right and the obligation of the parent or parents, or person or persons in loco parentis to a child, to choose the proper education and training for such child, and nothing in this section shall ever be construed to grant, by implication or otherwise, to the State of Mississippi, any of its officers, agencies or subdivisions any right or authority to control, manage, supervise or make any suggestion as to the control, management or supervision of any private or parochial school or institution for the education or training of children, of any kind whatsoever that is not a public school according to the laws of this state; and this section shall never be construed so as to grant, by implication or otherwise, any right or authority to any state agency or other entity to control, manage, supervise, provide for or affect the operation, management, program, curriculum, admissions policy or discipline of any such school or home instruction program.

SECTION 4. This act shall take effect and be in force from and after July 1, 2023.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2495: State inmates; require MDOC to pay increased rate to house inmates in county jails.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 47-5-901, Mississippi Code of 1972, is amended as follows:

47-5-901. (1) (a) Any person committed, sentenced or otherwise placed under the custody of the Department of Corrections, on order of the sentencing court and subject to the other conditions of this subsection, may serve all or any part of his sentence in the county jail of the county wherein such person was convicted if the Commissioner of Corrections determines that physical space is not available for confinement of such person in the state correctional institutions. Such determination shall be promptly made by the Department of Corrections upon receipt of notice of the conviction of such person. The commissioner shall certify in writing that space is not available to the sheriff or other officer having custody of the person. Any person serving his sentence in a county jail shall be classified in accordance with Section 47-5-905.

(b) Any person committed, sentenced or otherwise placed under the custody of the Department of Corrections, on order of the sentencing court and subject to the other conditions of this subsection, may serve all or any part of his or her sentence in the county jail of the county wherein such person was convicted if the sheriff or president of the board of supervisors, requests such inmate or inmates. Upon such request, the department may allow such inmate or inmates to serve all or any part of such inmate's or inmates' sentence(s), as the case may be, in the county of conviction of the inmate or inmates or the county of request of a sheriff or board of supervisors outside the county of conviction. Such determination shall be promptly made by the Department of Corrections

upon receipt of notice of the conviction of such person. Whenever a request is denied for an inmate or inmates, then the commissioner shall certify in writing to the sentencing court, sheriff, or president of the board of supervisors of a county, as the case may be, that such inmate or inmates does not qualify to serve the sentence or sentences in the county jail. Any person serving his sentence in a county jail shall be classified in accordance with Section 47-5-905.

(2) If state prisoners are housed in county jails due to a lack of capacity at state correctional institutions, the Department of Corrections shall determine the cost for food and medical attention for such prisoners. The cost of feeding and housing offenders confined in such county jails shall be based on actual costs or contract price per prisoner. In order to maximize the potential use of county jail space, the Department of Corrections is encouraged to negotiate a reasonable per day cost per prisoner, which in no event may exceed * * * Twenty-five Dollars (\$25.00) per day per offender, except as authorized in Section 47-5-909(2).

(3) (a) Upon vouchers submitted by the board of supervisors of any county housing persons due to lack of space at state institutions, the Department of Corrections shall pay to such county, out of any available funds, the actual cost of food, or contract price per prisoner, not to exceed * * * Twenty-five Dollars (\$25.00) per day per offender, except as authorized in Section 47-5-909(2), as determined under subsection (2) of this section for each day an offender is so confined beginning the day that the Department of Corrections receives a certified copy of the sentencing order or five (5) days after the sentencing order is sent, in writing, by such county to the department, whichever is earlier, and will terminate on the date on which the offender is released or otherwise removed from the custody of the county jail. The department, or its contracted medical provider, will pay to a provider of a medical service for any and all incarcerated persons from a correctional or detention facility an amount based upon negotiated fees as agreed to by the medical care service providers and the department and/or its contracted medical provider. In the absence of negotiated discounted fee schedule, medical care service providers will be paid by the department, or its contracted medical service provider, an amount no greater than the reimbursement rate applicable based on the Mississippi Medicaid reimbursement rate. The board of supervisors of any county shall not be liable for any cost associated with medical attention for prisoners who are pretrial detainees or for prisoners who have been convicted that exceeds the Mississippi Medicaid reimbursement rate or the reimbursement provided by the Department of Corrections, whichever is greater. This limitation applies to all medical care services, durable and nondurable goods, prescription drugs and medications. Such payment shall be placed in the county general fund and shall be expended only for food and medical attention for such persons.

(b) Upon vouchers submitted by the board of supervisors of any county housing offenders in county jails pending a probation or parole revocation hearing, the department shall pay the reimbursement costs provided in paragraph (a).

(c) If the probation or parole of an offender is revoked, the additional cost of housing the offender pending the revocation hearing shall be assessed as part of the offender's court cost and shall be remitted to the department.

(4) A person, on order of the sentencing court, may serve not more than twenty-four (24) months of his sentence in a county jail if the person is classified in accordance with Section 47-5-905 and the county jail is an approved county jail for housing state inmates under federal court order. The sheriff of the county shall have the right to petition the Commissioner of Corrections to remove the inmate from the county jail. The county shall be reimbursed in accordance with subsection (2) of this section.

(5) The Attorney General of the State of Mississippi shall defend the employees of the Department of Corrections and officials and employees of political subdivisions

against any action brought by any person who was committed to a county jail under the provisions of this section.

(6) This section does not create in the Department of Corrections, or its employees or agents, any new liability, express or implied, nor shall it create in the Department of Corrections any administrative authority or responsibility for the construction, funding, administration or operation of county or other local jails or other places of confinement which are not staffed and operated on a full-time basis by the Department of Corrections. The correctional system under the jurisdiction of the Department of Corrections shall include only those facilities fully staffed by the Department of Corrections and operated by it on a full-time basis.

(7) An offender returned to a county for post-conviction proceedings shall be subject to the provisions of Section 99-19-42 and the county shall not receive the per-day allotment for such offender after the time prescribed for returning the offender to the Department of Corrections as provided in Section 99-19-42.

SECTION 2. Section 47-5-909, Mississippi Code of 1972, is amended as follows:

47-5-909. (1) It is the policy of the Legislature that all inmates be removed from county jails as early as practicable. Sections 47-5-901 through 47-5-907 are temporary measures to help alleviate the immediate operating capacity limitations at correctional facilities and are not permanent measures to be included in the long-term operating capacity of the correctional system.

(2) Notwithstanding any other provision of law, to expedite the removal of inmates from county jails as early as practicable, absent a contract negotiated between the Department of Corrections and the county jail, the Department of Corrections shall pay county jails for housing state offenders out of any available funds as follows:

(a) Twenty-five Dollars (\$25.00) per day per offender for days one (1) through thirty (30);

(b) Thirty Dollars (\$30.00) per day per offender for days thirty-one (31) through sixty (60); and

(c) Thirty-four Dollars (\$34.00) per day per offender for days sixty-one (61) or greater when:

(i) An offender remains in the county jail after the Department of Corrections receives a certified copy of the sentencing order or five (5) days after the sentencing order is sent, in writing, by such county to the Department of Corrections, whichever is earlier; or

(ii) An offender remains in the county jail after being revoked from parole or probation or is sentenced to a technical violation center.

(3) The Department of Corrections is additionally responsible for all medical costs related to offenders housed at county jails under subsection (2) of this section.

SECTION 3. Section 99-19-42, Mississippi Code of 1972, is amended as follows:

99-19-42. Any offender in the custody of the Department of Corrections who is summoned to a county by court order for any post-conviction proceeding shall have such proceeding heard during the term of court in which the offender is returned to the custody of a county. If the offender's case is not heard during such term of court, the offender shall be returned to the facility of the Department of Corrections from which he was summoned. If the offender is not returned within one (1) week of the end of the term of court, the county housing the offender shall not receive the * * * Twenty-five Dollars (\$25.00)

allowed under Section 47-5-901, except as authorized in Section 47-5-909(2), for housing state offenders after the one-week time period required for returning the offender to the Department of Corrections.

SECTION 4. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 47-5-909, MISSISSIPPI CODE OF 1972, TO EXPEDITE THE REMOVAL OF INMATES FROM COUNTY JAILS BY DIRECTING THE DEPARTMENT OF CORRECTIONS TO PAY COUNTY JAILS FOR HOUSING STATE OFFENDERS; TO AMEND SECTION 99-19-42, MISSISSIPPI CODE OF 1972, TO INCREASE THE RATE OF PAY FOR HOUSING STATE OFFENDERS IN COUNTY JAILS; TO AMEND SECTION 47-5-901 TO CONFORM; AND FOR RELATED PURPOSES.

The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2024 that may not be utilized for active Fiscal Year 2023 Headcount. None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. It is the intention of the Legislature that the Mississippi State Board of Physical Therapy shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2023. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2025 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2024 budget request process.

SECTION 4. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may

consist of restricted funds for approved vacancies for Fiscal Year 2024 that may not be utilized for active Fiscal Year 2023 Headcount. No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. It is the intention of the Legislature that the Pearl River Valley Water Supply District shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2023. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 5. The funds herein approved for expenditure, except and less an amount approved by the State Fiscal Officer which shall be sufficient to cover disbursements for current operations, shall be deposited at interest with any official depository of the state at a rate of interest numerically not less than one percent (1%) below the bank discount rate on United States Treasury bills of comparable maturity as determined by the State Treasurer.

SECTION 6. None of the funds appropriated for expenditure under this act may be expended by Pearl River Valley Water Supply District until the district agrees to comply with the following condition: the District shall waive traffic control fees for any vehicle displaying a "REZ" tag.

Open. (3) The Catch A Dream Foundation Bass Classic shall be held on the first Sunday in May unless any local governmental or nonprofit entity wins the bid for the ESPN Bass Masters Classic or the FLW Major Open on that date. The Catch A Dream Foundation Bass Classic shall be exempt from the district's lottery system for host events at the reservoir and given priority for the first Sunday in May. The district shall waive the daily launch fees or any other special event fees for the Classic.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The following sum, or so much thereof as may be necessary, is appropriated out of any money in the State Treasury to the credit of the State Department of Agriculture and Commerce's special fund account to the State Department of Agriculture and Commerce for the purposes of defraying the costs of prizes, premiums, judges and other actual and necessary costs of putting on the Dixie National Livestock Show at the State Fairgrounds in Jackson, Mississippi, for the fiscal year beginning July 1, 2023, and ending June 30, 2024 \$ 1,200,000.00.

SECTION 2. The following sums, or so much thereof as may be necessary, are appropriated out of any money in the State General Fund, not otherwise appropriated, to the State Department of Agriculture and Commerce as follows:

(a) For the support of annual roundup shows for junior exhibitors of junior steers, junior breeding cattle, beef cattle, dairy cattle, hogs, sheep and goats, for the fiscal year beginning July 1, 2023, and ending June 30, 2024 \$ 54,066.00.

(b) To supplement the funds paid by the State Department of Agriculture and Commerce for livestock premiums at the State Fair, all livestock premiums to be paid

(c) For the county livestock shows in offering and paying prizes or awards to competitors in the approved county livestock shows of Mississippi, for the fiscal year beginning July 1, 2023, and ending June 30, 2024 \$ 12,644.00.

Provided, however, that of the amount herein appropriated in paragraph (c), not more than One Thousand Dollars (\$1,000.00) shall be expended or used in any one (1) county of the state during each fiscal year. Provided, further, that none of the monies herein appropriated in paragraph (c) shall be used in offering or paying prizes or awards for any livestock show that is not held where there are adequate barns, pens and other facilities available for such a show.

Provided, further, in paragraph (c) that the management of such shows shall be in the hands of a county livestock association, and such association shall guarantee a minimum amount of Five Hundred Dollars (\$500.00) to be used in the paying of prizes, premiums or awards, and after said county show has been held and premiums paid, fifty percent (50%) of the amount, not exceeding One Thousand Dollars (\$1,000.00), shall be paid upon requisition to the State Department of Agriculture and Commerce.

(e) For the purpose of offering awards and prizes to competitors in the five (5) state dairy shows as provided in Section 69-5-101 et seq., Mississippi Code of 1972, for the fiscal year beginning July 1, 2023, and ending June 30, 2024 \$ 7,066.00.

Provided, further, that no part of the money herein appropriated under the provisions of paragraphs (d) and (e) shall be used for any other purpose than to pay premium awards at said shows and state shows and expositions receiving legislative appropriation shall not conflict in dates in order that livestock exhibitors may make the circuit of shows. Not less than seventy-five percent (75%) of the funds herein appropriated under the provisions of paragraphs (d) and (e) shall be used in awarding prizes or premiums to 4-H Club members and Smith-Hughes School members and other boys and girls having entries in said shows.

All funds herein appropriated under the provisions of paragraphs (d) and (e) for the five (5) district livestock shows and the five (5) fall state dairy shows shall be distributed in such manner that the livestock exhibitors will each draw equal premium awards for comparable grades and placings at each of the said five (5) district spring shows and the five (5) fall state shows. The management of each district spring show and each state fall show shall submit to the State Department of Agriculture and Commerce, within fifteen (15) days after the close of each said show, a full report on the number of exhibitors at each said show, with the grades and placings of the different classes of livestock exhibited.

Provided, however, as a condition of expenditure of the funds appropriated in paragraphs (d) and (e), that the board of directors of any district livestock show may, in its discretion, choose to hold its show in the fall instead of the spring. If district shows are held in both spring and fall, then all funds herein appropriated for the five (5) district livestock shows shall be distributed in such a manner that the spring livestock exhibitors will each draw equal premium awards for comparable grades and placings at each district spring show, and the fall livestock exhibitors will each draw equal premium awards for comparable grades and placings at each district fall show.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. SECTION 6. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 7. It is the intention of the Legislature that the Gaming Commission shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2023. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2025 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2024 budget request process.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2025 do not exceed Fiscal Year 2024 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2024 budget by the Mississippi Legislature. The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2024 that may not be utilized for active Fiscal Year 2023 Headcount. It shall be the agency's responsibility to ensure that the funds provided for vacancies are used to increase headcount and not for promotions, title changes, in-range salary adjustments or any other mechanism for increasing salaries for current employees. It is the Legislature's intention that no employee salary falls below the minimum salary established by the Mississippi State Personnel Board.

Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2024 do not exceed the data provided by the Legislative Budget Office. If the agency's Fiscal Year 2024 projected cost exceeds the annualized costs, no salary actions shall be processed by the State Personnel Board except for new hires determined to be essential for the agency.

Any transfers or escalations shall be made in accordance with the terms, conditions, and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. None of the funds appropriated under the provisions of Section 1 of this act may be expended until the State Personnel Board, based on data provided by the Legislative Budget Office, determines and publishes the projected annual cost to fully fund all appropriated positions for all agencies with compliance language in their appropriation bills.

SECTION 4. It is the intention of the Legislature that the State Personnel Board shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2023. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2025 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2024 budget request process.

SECTION 5. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 6. It is the intention of the Legislature that the funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

SECTION 7. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer, and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers in the manner provided by law.

SECTION 8. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

71-5-5. The Legislature finds and declares that the existence and continued operation of a federal tax upon employers, against which some portion of the contributions required under this chapter may be credited, will protect Mississippi employers from undue disadvantages in their competition with employers in other states. If at any time, upon a formal complaint to the Governor, he shall find that Title IX of the Social Security Act has been amended or repealed by Congress or has been held unconstitutional by the Supreme Court of the United States, and that, as a result thereof, the provisions of this chapter requiring Mississippi employers to pay contributions will subject them to a serious competitive disadvantage in relation to employers in other states, he shall publish such findings and proclaim that the operation of the provisions of this chapter requiring the payment of contributions and benefits shall be suspended for a period of not more than six (6) months. The Department of Employment Security shall thereupon requisition from the Unemployment Trust Fund all monies therein standing to its credit, and shall deposit such monies, together with any other monies in the Unemployment Compensation Fund,

If within the aforesaid six-month period the Governor shall find that other federal legislation has been enacted which avoids the competitive disadvantage herein described, he shall forthwith publicly so proclaim, and upon the date of such proclamation, the provisions of this chapter requiring the payment of contributions and benefits shall again become fully operative as of the date of such suspension with the same effect as if such suspension had not occurred. If within such six-month period no such other federal legislation is enacted or the Legislature of this state has not otherwise prescribed, the Department of Employment Security shall, under regulations prescribed by it, refund, without interest, to each employer by whom contributions have been paid his pro rata share of the total contributions paid under this chapter. Any interest or earnings of the fund shall be available to the Department of Employment Security to pay for the costs of making such refunds. When the Department of Employment Security shall have executed the duties herein prescribed and performed such other acts as are incidental to the termination of its duties under this chapter, the Governor shall, by public proclamation, declare that the provisions of this chapter, in their entirety, shall cease to be operative.

(2) Any employing unit, any officer or agent of an employing unit or any other person who makes a false statement or representation knowing it to be false, or who knowingly fails to disclose a material fact, to prevent or reduce the payment of benefits to any individual entitled thereto, or to avoid becoming or remaining subject hereto, or to avoid or reduce any contribution or other payment required from any employing unit under this chapter, or who willfully fails or refuses to make any such contribution or other payment, or to furnish any reports required hereunder or to produce or permit the inspection or copying of records as required hereunder, shall be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than One Thousand Dollars (\$1,000.00), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment; and each such false statement, or representation, or failure to disclose a material fact, and each day of such failure or refusal shall constitute a separate offense. In lieu of such fine and imprisonment, the employing unit or representative, or both employing unit and representative, if such representative is an employing unit in this state and is found to be a party to such violation, shall not be eligible for a contributions rate of less than five and four-tenths percent (5.4%) for the tax year in which such violation is discovered by the department and for the next two (2) succeeding tax years.

(3) Any person who shall willfully violate any provision of this chapter or any other rule or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of this chapter and for which a penalty is neither prescribed herein nor provided by any other applicable statute, shall be punished by a fine of not less than One Hundred Dollars (\$100.00) nor more than One Thousand Dollars (\$1,000.00), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment; and each day such violation continues shall be deemed to be a separate offense. In lieu of such fine and imprisonment, the employing unit or representative, or both employing unit and representative, if such representative is an employing unit in this state and is found to be a party to such violation, shall not be eligible for a contributions rate of less than five and four-tenths percent (5.4%) for the tax year in which the violation is discovered by the department and for the next two (2) succeeding tax years.

(4) (a) An overpayment of benefits occurs when a person receives benefits under this chapter:

(i) While any conditions for the receipt of benefits imposed by this chapter were not fulfilled in his case;

(ii) While he was disqualified from receiving benefits; or

(iii) When such person receives benefits and is later found to be disqualified or ineligible for any reason, including, but not limited to, a redetermination or

reversal by the department or the courts of a previous decision to award such person benefits.

(b) Any person receiving an overpayment shall, in the discretion of the department, be liable to have such sum deducted from any future benefits payable to him under this chapter and shall be liable to repay to the department for the Unemployment Compensation Fund a sum equal to the overpayment amount so received by him; and such sum shall be collectible in the manner provided in Sections 71-5-363 through 71-5-383 for the collection of past-due contributions. In addition to Sections 71-5-363 through 71-5-383, the following shall apply to cases involving damages for overpaid unemployment benefits which have been obtained and/or received through fraud as defined by department regulations and laws governing the department. By definition, fraud can include failure to report earnings while filing for unemployment benefits. In the event of fraud, a penalty of twenty percent (20%) of the amount of the overpayment shall be assessed. Three-fourths (3/4) of that twenty percent (20%) penalty shall be deposited into the unemployment trust fund and shall be used only for the purpose of payment of unemployment benefits. The remainder of that twenty percent (20%) penalty shall be deposited into the Special Employment Security Administrative Fund. Interest on the overpayment balance shall accrue at a rate of one percent (1%) per month on the unpaid balance until repaid and shall be deposited into the Special Employment Security Administration Fund. There shall be no limit upon the number of times the department may refile notices of liens for collection of overpayments.

(d) All warrants issued by the department for the collection of any unemployment tax or for an overpayment of benefits imposed by statute and collected by the department shall be used to levy on salaries, compensation or other monies due the delinquent employer or claimant. No such warrant shall be issued until after the delinquent employer or claimant has exhausted all appeal rights associated with the debt. The warrants shall be served by mail or by delivery by an agent of the department on the person or entity responsible or liable for the payment of the monies due the delinquent employer or claimant. Once served, the employer or other person owing compensation due the delinquent employer or claimant shall pay the monies over to the department in complete or partial satisfaction of the liability. An answer shall be made within thirty (30) days after service of the warrant in the form and manner determined satisfactory by the department. Failure to pay the money over to the department as required by this section shall result in the served party being personally liable for the full amount of the monies owed and the levy and collection process may be issued against the party in the same manner as other debts owed to the department. Except as otherwise provided by this section, the answer, the amount payable under the warrant and the obligation of the payor to continue payment shall be governed by the garnishment laws of this state but shall be payable to the department.

(5) The department, by agreement with another state or the United States, as provided under Section 303(g) of the Social Security Act, may recover any overpayment of benefits paid to any individual under the laws of this state or of another state or under an unemployment benefit program of the United States. Any overpayments subject to this subsection may be deducted from any future benefits payable to the individual under the laws of this state or of another state or under an unemployment program of the United States.

71-5-111. There is created in the State Treasury a special fund to be known as the Employment Security Administration Fund. All monies which are deposited or paid into this fund are appropriated and made available to the department. All monies in this fund shall be expended solely for the purpose of defraying the cost of administration of this chapter, and for no other purpose whatsoever. The fund shall consist of all monies appropriated by this state and all monies received from the United States of America, or any agency thereof, or from any other source for such purpose. Notwithstanding any provision of this section, all monies requisitioned and deposited in this fund pursuant to Section 71-5-457 shall remain part of the Employment Security Administration Fund and shall be used only in accordance with the conditions specified in that section. All monies in this fund shall be deposited, administered and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Employment Security Administration Fund under this chapter.

SECTION 17. Section 71-5-112, Mississippi Code of 1972, is reenacted as follows:

71-5-112. All funds received by the Mississippi Department of Employment Security shall clear through the State Treasury as provided and required by Sections 71-5-111 and 71-5-453. All expenditures from the administration fund of the department authorized by Section 71-5-111 shall be expended only pursuant to appropriation approved by the Legislature and as provided by law.

SECTION 18. Section 71-5-113, Mississippi Code of 1972, is reenacted as follows:

71-5-113. All monies received from the Social Security Board or its successors for the administration of this chapter shall be expended solely for the purposes and in the amounts found necessary by the Social Security Board or its successors for the proper and efficient administration of this chapter.

It shall be the duty of the department to take appropriate action with respect to the replacement, within a reasonable time, of any monies received from the Social Security Board, or its successors, for the administration of this chapter, and monies used to match grants pursuant to the provisions of the Wagner-Peyser Act, which the board, or its successors, find, because of any action or contingency, have been lost or have been expended for purposes other than, or in amounts in excess of those found necessary by the Social Security Board, or its successors, for the proper administration of this chapter. Funds which have been expended by the department or its agents in accordance with the budget approved by the Social Security Board, or its successors, or in accordance with the general standards and limitations promulgated by the Social Security Board, or its successors, prior to such expenditure (where proposed expenditures have not been specifically disapproved by the Social Security Board, or its successors), shall not be deemed to require replacement. To effectuate the purposes of this paragraph, it shall be the duty of the department to take such action to safeguard the expenditure of the funds referred to herein as it deems necessary. In the event of a loss of such funds or an improper expenditure thereof as herein defined, it shall be the duty of the department to notify the Governor of any such loss or improper expenditure and submit to him a request for an appropriation in the amount thereof. The Governor shall transmit to the next regular session of the Legislature following such notification, the department's request for an appropriation in an amount necessary to replace funds which have been lost or improperly expended as defined above. Such request of the department for an appropriation shall not be subject to the provisions of Sections 27-103-101 through 27-103-139. The Legislature recognizes its obligation to replace such funds as may be necessary and shall make necessary appropriations in accordance with such requests.

SECTION 19. Section 71-5-114, Mississippi Code of 1972, is reenacted as follows:

71-5-114. There is created in the State Treasury a special fund, to be known as the "Special Employment Security Administration Fund," into which shall be deposited or transferred all interest, penalties and damages collected on and after July 1, 1982, pursuant to Sections 71-5-363 through 71-5-379 and all interest and penalties required to be deposited into the fund pursuant to Section 71-5-19(4)(b). Interest, penalties and damages collected on delinquent payments deposited during any calendar quarter in the clearing account in the Unemployment Trust Fund shall, as soon as practicable after the close of such calendar quarter, be transferred to the Special Employment Security Administration Fund. All monies in this fund shall be deposited, administered and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. The State Treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the Special Employment Security Administration Fund under this chapter. Those monies may be expended for any programs for which the department has administrative responsibility but shall not be expended or made available for expenditure in any manner which would permit their substitution for (or permit a corresponding reduction in) federal funds which would, in the absence of those monies, be available to finance expenditures for the administration of the state unemployment compensation and employment service laws or any other laws directing the administration of any programs for which the department has the administrative responsibility. Nothing in this section shall prevent those monies in this fund from being used as a revolving fund to cover expenditures necessary and proper under the law for which federal funds have been duly requested but not yet received, subject to the charging of such expenditures against such funds when necessary. The monies in this fund may be used by the department for the payment of costs of administration of the employment security laws of this state which are found not to be or not to have been properly and validly chargeable against funds obtained from federal sources. All monies in this Special Employment Security Administration Fund shall be continuously available to the department for expenditure in accordance with the provisions of this chapter, and shall not lapse at any time. The monies in this fund are specifically made available to replace, as contemplated by Section 71-5-113, expenditures from the Employment Security Administration Fund established by Section

71-5-111, which have been found, because of any action or contingency, to have been lost or improperly expended.

The department, whenever it is of the opinion that the money in the Special Employment Security Administration Fund is more than ample to pay for all foreseeable needs for which such special fund is set up, may, by written order, order the transfer therefrom to the Unemployment Compensation Fund of such amount of money in the Special Employment Security Administration Fund as it deems proper, and the same shall thereupon be immediately transferred to the Unemployment Compensation Fund.

SECTION 20. Section 71-5-115, Mississippi Code of 1972, is reenacted as follows:

71-5-115. It shall be the duty of the executive director to administer this chapter; and the executive director shall have the power and authority to adopt, amend or rescind such rules and regulations, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as he deems necessary or suitable to that end. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this chapter, which the executive director shall prescribe. The executive director shall determine the department's own organization and methods of procedure in accordance with the provisions of this chapter, and shall have an official seal which shall be judicially noticed. Not later than the first day of February in each year, the executive director shall submit to the Governor a report covering the administration and operation of this chapter during the preceding fiscal year and shall make such recommendations for amendments to this chapter as the executive director deems proper. Whenever the executive director believes that a change in contribution or benefit rates will become necessary to protect the solvency of the fund, he shall promptly so inform the Governor and the Legislature, and make recommendations with respect thereto.

SECTION 21. Section 71-5-117, Mississippi Code of 1972, is reenacted as follows:

71-5-117. General rules may be adopted, amended or rescinded by the executive director only after public hearing or opportunity to be heard thereon, of which proper notice has been given. General rules shall become effective ten (10) days after filing with the Secretary of State and publication in one or more newspapers of general circulation in this state. Regulations may be adopted, amended or rescinded by the executive director and shall become effective in the manner and at the time prescribed by the executive director.

SECTION 22. Section 71-5-119, Mississippi Code of 1972, is reenacted as follows:

71-5-119. The department shall cause to be available for distribution to the public the text of this chapter, its regulations and general rules, its reports to the Governor, and any other material it deems relevant and suitable, and shall furnish the same to any person upon application therefor.

SECTION 23. Section 71-5-121, Mississippi Code of 1972, is reenacted as follows:

71-5-121. Subject to other provisions of this chapter, the executive director is authorized to appoint, fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts and other persons as may be necessary in the performance of department duties; however, all personnel who were former members of the Armed Forces of the United States of America shall be given credit regardless of rate, rank or commission. All positions shall be filled by persons selected and appointed on a nonpartisan merit basis, in accordance with Section 25-9-101 et seq., that provides for a state service personnel system. The executive director shall not employ any person who is an officer or committee member of any political party organization. The executive director may delegate to any such person so appointed such power and authority as he deems reasonable and proper for the effective administration of this chapter, and may in

his discretion bond any person handling monies or signing checks hereunder. The veteran status of an individual shall be considered and preference given in accordance with the provisions of the State Personnel Board.

The department and its employees are exempt from Sections 25-15-101 and 25-15-103.

The department may use federal granted funds to provide such group health, life, accident and hospitalization insurance for its employees as may be agreed upon by the department and the federal granting authorities.

The department shall adopt a "layoff formula" to be used wherever it is determined that, because of reduced workload, budget reductions or in order to effect a more economical operation, a reduction in force shall occur in any group.

In establishing this formula, the department shall give effect to the principle of seniority and shall provide that seniority points may be added for disabled veterans and veterans, with due regard to the efficiency of the service. Any such layoff formula shall be implemented according to the policies, rules and regulations of the State Personnel Board.

SECTION 24. Section 71-5-123, Mississippi Code of 1972, is reenacted as follows:

71-5-123. The executive director shall retain all powers and duties as granted to the state advisory council appointed by the former Employment Security Commission. The executive director may appoint local advisory councils, composed in each case of an equal number of employer representatives and employee representatives who may fairly be regarded as representative because of their vocation, employment or affiliations, and of such members representing the general public as the executive director may designate. Such councils shall aid the department in formulating policies and discussing problems related to the administration of this chapter and in assuring impartiality and freedom from political influence in the solution of such problems. Members of the advisory councils shall receive a per diem in accordance with Section 25-3-69 for attendance upon meetings of the council, and shall be reimbursed for actual and necessary traveling expenses. The per diem and expenses herein authorized shall be paid from the Employment Security Administration Fund.

SECTION 25. Section 71-5-125, Mississippi Code of 1972, is reenacted as follows:

71-5-125. The department shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of vocational training, retraining and vocational guidance; to investigate, recommend, advise and assist in the establishment and operation, by municipalities, counties, school districts and the state, of reserves for public works to be used in times of business depression and unemployment; to promote the reemployment of unemployed workers throughout the state in every other way that may be feasible; and to these ends to carry on and publish the results of investigation and research studies.

SECTION 26. Section 71-5-127, Mississippi Code of 1972, is reenacted as follows:

71-5-127. (1) Any information or records concerning an individual or employing unit obtained by the department pursuant to the administration of this chapter or any other federally funded programs for which the department has responsibility shall be private and confidential, except as otherwise provided in this article or by regulation. Information or records may be released by the department when the release is required by the federal government in connection with, or as a condition of funding for, a program being administered by the department.

(2) Each employing unit shall keep true and accurate work records, containing such information as the department may prescribe. Such records shall be open to inspection and be subject to being copied by the department or its authorized representatives at any reasonable time and as often as may be necessary. The department, Board of Review and any referee may require from any employing unit any sworn or unsworn reports with respect to persons employed by it which they or any of them deem necessary for the effective administration of this chapter. Information, statements, transcriptions of proceedings, transcriptions of recordings, electronic recordings, letters, memoranda, and other documents and reports thus obtained or obtained from any individual pursuant to the administration of this chapter shall, except to the extent necessary for the proper administration of this chapter, be held confidential and shall not be published or be opened to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the individual's or employing unit's identity.

(3) Any claimant or his legal representative at a hearing before an appeal tribunal or the Board of Review shall be supplied with information from such records to the extent necessary for the proper presentation of his claim in any proceeding pursuant to this chapter.

(4) Any employee or member of the Board of Review or any employee of the department who violates any provisions of this section shall be fined not less than Twenty Dollars (\$20.00) nor more than Two Hundred Dollars (\$200.00), or imprisoned for not longer than ninety (90) days, or both.

(5) The department may make the state's records relating to the administration of this chapter available to the Railroad Retirement Board, and may furnish the Railroad Retirement Board, at the expense of such board, such copies thereof as the Railroad Retirement Board deems necessary for its purposes. The department may afford reasonable cooperation with every agency of the United States charged with the administration of any unemployment insurance law.

SECTION 27. Section 71-5-129, Mississippi Code of 1972, is reenacted as follows:

(b) Records which have been preserved by it for not less than six (6) months after becoming inactive:

- (4) Employer records,
- (5) Work orders,
- (6) Clearance records,
- (7) Counseling records,
- (8) Farm placement records, and
- (9) Correspondence relating to all such records.

Nothing herein contained shall be construed as authorizing the destruction or disposal of basic fiscal records reflecting the financial operations of the department and no records may be destroyed without the approval of the Director of the Department of Archives and History.

SECTION 28. Section 71-5-131, Mississippi Code of 1972, is reenacted as follows:

71-5-131. All letters, reports, communications, or any other matters, either oral or written, from the employer or employee to each other or to the department or any of its agents, representatives or employees, which shall have been written, sent, delivered or made in connection with the requirements and administration of this chapter shall be absolutely privileged and shall not be made the subject matter or basis of any suit for slander or libel in any court of the State of Mississippi unless the same be false in fact and maliciously written, sent, delivered or made for the purpose of causing a denial of benefits under this chapter.

SECTION 29. Section 71-5-133, Mississippi Code of 1972, is reenacted as follows:

71-5-133. In any case where an employing unit or any officer, member or agent thereof, or any other person having possession of the records thereof, shall fail or refuse upon demand by the department or its duly appointed agents to produce or permit the examination or copying of any book, paper, account, record or other data pertaining to payrolls or employment or ownership of interests or stock in any employing unit, or bearing upon the correctness of any report, or for the purpose of making a report as required by this chapter where none has been made, then and in that event the department or its duly authorized agents may, by the issuance of a subpoena, require the attendance of such employing unit or any officer, member or agent thereof, or any other person having possession of the records thereof, and take testimony with respect to any such matter and may require any such person to produce any books or records specified in such subpoena. The department or its authorized agents at any such hearing shall have power to administer oaths to any such person or persons. When any person called as a witness by a subpoena signed by the department or its agents and served upon him by the sheriff of a county of which such person is a resident, or wherein is located the principal office of such employing unit or wherein such records are located or kept, shall fail to obey such subpoena to appear before the department or its authorized agent, or shall refuse to testify or to answer any questions or to produce any book, record, paper or other data when required to do so, such failure or refusal shall be reported to the Attorney General, who shall thereupon institute proceedings by the filing of a petition in the name of the State of Mississippi, on the relation of the department, in the circuit court or other court of competent jurisdiction of the county where such witness resides, or wherein such records are located or kept, to compel the obedience of such witness. Such petition shall set forth the facts and circumstances of the demand for and refusal or failure to permit the examination or copying of such records, or the failure or refusal of such witness to testify in answer to such subpoena or to produce the records so required by such subpoena. Such court, upon the filing and docketing of such petition, shall thereupon promptly issue an order to the defendants named in the petition to produce forthwith in such court, or at a place in such county designated in such order for the examination or copying by the

department or its duly appointed agents, the records, books or documents so described, and to testify concerning matters described in such petition. Unless such defendants to such petition shall appear in the court upon a day specified in such order, which day shall be not more than ten (10) days after the date of issuance of such order, and offer, under oath, good and sufficient reasons why such examination or copying should not be permitted, or why such subpoena should not be obeyed, such court shall thereupon deliver to the department or its agents, for examination or copying, the records, books and documents so described in the petition and so produced in such court, and shall order the defendants to appear in answer to the subpoena of the department or its agents, and to testify concerning matters inquired about by the department. Any employing unit or any officer, member or agent thereof, or any other person having possession of the records thereof, who shall willfully disobey such order of the court after the same shall have been served upon him shall be guilty of indirect contempt of such court from which such order shall have issued, and may be adjudged in contempt of the court and punished therefor as provided by law.

SECTION 30. Section 71-5-135, Mississippi Code of 1972, is reenacted as follows:

71-5-135. If any employing unit fails to make any report required by this chapter, the department or its authorized agents shall give notice to such employing unit to make and file such report within fifteen (15) days from the date of such notice. If such employing unit, by its proper members, officers or agents, shall fail or refuse to make and file such reports within such time, then and in that event such report shall be made by the department or its authorized agents from the best information available, and the amount of contributions due shall be computed thereon; and such report shall be prima facie correct for the purposes of this chapter.

SECTION 31. Section 71-5-137, Mississippi Code of 1972, is reenacted as follows:

71-5-137. In the discharge of the duties imposed by this chapter, the department, any referee, the members of the Board of Review, and any duly authorized representative of any of them shall have power to administer oaths and affirmations, to take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records deemed necessary as evidence in connection with a disputed claim or the administration of this chapter.

SECTION 32. Section 71-5-139, Mississippi Code of 1972, is reenacted as follows:

71-5-139. In case of contumacy or refusal to obey a subpoena issued to any person, any court in this state within the jurisdiction of which the inquiry is carried on, or within the jurisdiction of which the person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the department, the Board of Review, any referee, or any duly authorized representative of any of them, shall have jurisdiction to issue to such person an order requiring such person to appear before the department, the Board of Review, any referee, or any duly authorized representative of any of them, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question. Any failure to obey such order of the court may be punished by the court as a contempt thereof. Any person who shall, without just cause, fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda and other records if it is in his power so to do, in obedience to a subpoena of the department, the Board of Review, any referee, or any duly authorized representative of any of them, shall be punished by a fine of not more than Two Hundred Dollars (\$200.00), or by imprisonment for not longer than sixty (60) days, or by both such fine and imprisonment; and each day such violation continues shall be deemed to be a separate offense.

SECTION 33. Section 71-5-141, Mississippi Code of 1972, is reenacted as follows:

71-5-141. No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda and other records before the department, the Board of Review, any referee, or any duly authorized representative of any of them, or in obedience to the subpoena of any of them in any cause or proceeding before the department, the Board of Review or an appeal tribunal, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

SECTION 34. Section 71-5-143, Mississippi Code of 1972, is reenacted as follows:

71-5-143. In the administration of this chapter, the department shall cooperate, to the fullest extent consistent with the provisions of this chapter, with the Social Security Board created by the Social Security Act, approved August 14, 1935, as amended; shall make such reports in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the reasonable, valid and lawful regulations prescribed by the Social Security Board pursuant to and under the authority of the Social Security Act, governing the expenditures of such sums as may be allotted and paid to this state under Title III of the Social Security Act, as amended, for the purpose of assisting in the administration of this chapter.

Upon request therefor, the department shall furnish to any agency of the United States charged with the administration of public works, or assistance through public employment, the name, address, ordinary occupation and employment status of each recipient of benefits, and such recipient's rights to further benefits under this chapter.

SECTION 35. Section 71-5-201, Mississippi Code of 1972, is reenacted as follows:

71-5-201. The Mississippi State Employment Service is established in the Mississippi Department of Employment Security, Office of the Governor. The department, in the conduct of such service, shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this article and for the purpose of performing such functions as are within the purview of the act of Congress entitled "An act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system, and for other purposes" (29 USCS Section 49 et seq.). Any existing free public employment offices maintained by the state but not heretofore under the jurisdiction of the department shall be transferred to the jurisdiction of the department, and upon such transfer all duties and powers conferred upon any other department, agency or officers of this state relating to the establishment, maintenance and operation of free public employment offices shall be vested in the department. The Mississippi State Employment Service shall be administered by the department, which is charged with the duty to cooperate with any official or agency of the United States having powers or duties under the provisions of the act of Congress, as amended, and to do and perform all things necessary to secure to this state the benefits of that act of Congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of that act of Congress, as amended, are accepted by this state, in conformity with 29 USCS Section 49c, and this state will observe and comply with the requirements thereof. The department is designated and constituted the agency of this state for the purposes of that act. The department may cooperate with or enter into agreements with the Railroad Retirement Board or veteran's organization with respect to the establishment, maintenance and use of free employment service facilities.

SECTION 36. Section 71-5-357, Mississippi Code of 1972, is reenacted as follows:

71-5-357. Benefits paid to employees of nonprofit organizations shall be financed in accordance with the provisions of this section. For the purpose of this section, a nonprofit organization is an organization (or group of organizations) described in Section 501(c)(3) of the Internal Revenue Code of 1954 which is exempt from income tax under Section 501(a) of such code (26 USCS Section 501).

(a) Any nonprofit organization which, under Section 71-5-11, subsection H(3), is or becomes subject to this chapter shall pay contributions under the provisions of Sections 71-5-351 through 71-5-355 unless it elects, in accordance with this paragraph, to pay to the department for the unemployment fund an amount equal to the amount of regular benefits and one-half (1/2) of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment which begin during the effective period of such election.

(i) Any nonprofit organization which becomes subject to this chapter may elect to become liable for payments in lieu of contributions for a period of not less than twelve (12) months, beginning with the date on which such subjectivity begins, by filing a written notice of its election with the department not later than thirty (30) days immediately following the date of the determination of such subjectivity.

(ii) Any nonprofit organization which makes an election in accordance with subparagraph (i) of this paragraph will continue to be liable for payments in lieu of contributions unless it files with the department a written termination notice not later than thirty (30) days prior to the beginning of the tax year for which such termination shall first be effective.

(iii) Any nonprofit organization which has been paying contributions under this chapter may change to a reimbursable basis by filing with the department, not later than thirty (30) days prior to the beginning of any tax year, a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next tax year.

(iv) The department may for good cause extend the period within which a notice of election or a notice of termination must be filed, and may permit an election to be retroactive.

(v) The department, in accordance with such regulations as it may prescribe, shall notify each nonprofit organization of any determination which it may make of its status as an employer, of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to reconsideration, appeal and review in accordance with the provisions of Sections 71-5-351 through 71-5-355.

(b) Payments in lieu of contributions shall be made in accordance with the provisions of subparagraph (i) of this paragraph.

(i) At the end of each calendar quarter, or at the end of any other period as determined by the department, the department shall bill each nonprofit organization (or group of such organizations) which has elected to make payments in lieu of contributions, for an amount equal to the full amount of regular benefits plus one-half (1/2) of the amount of extended benefits paid during such quarter or other prescribed period that is attributable to service in the employ of such organization.

(ii) Payment of any bill rendered under subparagraph (i) of this paragraph shall be made not later than forty-five (45) days after such bill was delivered to the nonprofit organization, unless there has been an application for review and redetermination in accordance with subparagraph (v) of this paragraph.

1. All of the enforcement procedures for the collection of delinquent contributions contained in Sections 71-5-363 through 71-5-383 shall be applicable in all respects for the collection of delinquent payments due by nonprofit organizations who have elected to become liable for payments in lieu of contributions.

2. If any nonprofit organization is delinquent in making payments in lieu of contributions, the department may terminate such organization's election to make payments in lieu of contributions as of the beginning of the next tax year, and such termination shall be effective for the balance of such tax year.

(iii) Payments made by any nonprofit organization under the provisions of this paragraph shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(iv) Payments due by employers who elect to reimburse the fund in lieu of contributions as provided in this paragraph may not be noncharged under any condition. The reimbursement must be on a dollar-for-dollar basis (One Dollar (\$1.00) reimbursement for each dollar paid in benefits) in every case, so that the trust fund shall be reimbursed in full, such reimbursement to include, but not be limited to, benefits or payments erroneously or incorrectly paid, or paid as a result of a determination of eligibility which is subsequently reversed, or paid as a result of claimant fraud. However, political subdivisions who are reimbursing employers may elect to pay to the fund an amount equal to five-tenths percent (.5%) through December 31, 2010, and shall pay twenty-five one-hundredths percent (.25%) thereafter of the taxable wages paid during the calendar year with respect to employment, and those employers who so elect shall be relieved of liability for reimbursement of benefits paid under the same conditions that benefits are not charged to the experience-rating record of a contributing employer as provided in Section 71-5-355(2)(b)(ii) other than Clause 5 thereof. Benefits paid in such circumstances for which reimbursing employers are relieved of liability for reimbursement shall not be considered attributable to service in the employment of such reimbursing employer.

(v) The amount due specified in any bill from the department shall be conclusive on the organization unless, not later than fifteen (15) days after the bill was delivered to it, the organization files an application for redetermination by the department, setting forth the grounds for such application or appeal. The department shall promptly review and reconsider the amount due specified in the bill and shall thereafter issue a redetermination in any case in which such application for redetermination has been filed. Any such redetermination shall be conclusive on the organization unless, not later than fifteen (15) days after the redetermination was delivered to it, the organization files an appeal to the Circuit Court of the First Judicial District of Hinds County, Mississippi, in accordance with the provisions of law with respect to review of civil causes by certiorari.

(vi) Past-due payments of amounts in lieu of contributions shall be subject to the same interest and penalties that, pursuant to Section 71-5-363, apply to past-due contributions.

(c) Each employer that is liable for payments in lieu of contributions shall pay to the department for the fund the amount of regular benefits plus the amount of one-half (1/2) of extended benefits paid are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one (1) employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of subparagraph (i) or subparagraph (ii) of this paragraph.

(i) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payment in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable

by each employer that is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his base period employers.

(ii) If benefits paid to an individual are based on wages paid by two (2) or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his base period employers.

(d) In the discretion of the department, any nonprofit organization that elects to become liable for payments in lieu of contributions shall be required to execute and file with the department a surety bond approved by the department, or it may elect instead to deposit with the department money or securities. The amount of such bond or deposit shall be determined in accordance with the provisions of this paragraph.

(i) The amount of the bond or deposit required by paragraph (d) shall be equal to two and seven-tenths percent (2.7%) thereafter to December 31, 2010, and one and thirty-five one-hundredths percent (1.35%) thereafter, of the organization's taxable wages paid for employment as defined in Section 71-5-11, subsection I(4), for the four (4) calendar quarters immediately preceding the effective date of the election, the renewal date in the case of a bond, or the biennial anniversary of the effective date of election in the case of a deposit of money or securities, whichever date shall be most recent and applicable. If the nonprofit organization did not pay wages in each of such four (4) calendar quarters, the amount of the bond or deposit shall be as determined by the department.

(ii) Any bond deposited under paragraph (d) shall be in force for a period of not less than two (2) tax years and shall be renewed with the approval of the department at such times as the department may prescribe, but not less frequently than at intervals of two (2) years as long as the organization continues to be liable for payments in lieu of contributions. The department shall require adjustments to be made in a previously filed bond as it deems appropriate. If the bond is to be increased, the adjusted bond shall be filed by the organization within thirty (30) days of the date notice of the required adjustment was delivered to it. Failure by any organization covered by such bond to pay the full amount of payments in lieu of contributions when due, together with any applicable interest and penalties provided in paragraph (b)(v) of this section, shall render the surety liable on the bond to the extent of the bond, as though the surety was such organization.

(iii) Any deposit of money or securities in accordance with paragraph (d) shall be retained by the department in an escrow account until liability under the election is terminated, at which time it shall be returned to the organization, less any deductions as hereinafter provided. The department may deduct from the money deposited under paragraph (d) by a nonprofit organization, or sell the securities it has so deposited, to the extent necessary to satisfy any due and unpaid payments in lieu of contributions and any applicable interest and penalties provided for in paragraph (b)(v) of this section. The department shall require the organization, within thirty (30) days following any deduction from a money deposit or sale of deposited securities under the provisions hereof, to deposit sufficient additional money or securities to make whole the organization's deposit at the prior level. Any cash remaining from the sale of such securities shall be a part of the organization's escrow account. The department may, at any time, review the adequacy of the deposit made by any organization. If, as a result of such review, it determines that an adjustment is necessary, it shall require the organization to make additional deposit within thirty (30) days of notice of its determination or shall return to it such portion of the deposit as it no longer considers necessary,

whichever action is appropriate. Disposition of income from securities held in escrow shall be governed by the applicable provisions of the state law.

(iv) If any nonprofit organization fails to file a bond or make a deposit, or to file a bond in an increased amount, or to increase or make whole the amount of a previously made deposit as provided under this subparagraph, the department may terminate such organization's election to make payments in lieu of contributions, and such termination shall continue for not less than the four (4) consecutive calendar-quarter periods beginning with the quarter in which such termination becomes effective; however, the department may extend for good cause the applicable filing, deposit or adjustment period by not more than thirty (30) days.

(v) Group account shall be established according to regulations prescribed by the department.

(e) Any employer which elects to make payments in lieu of contributions into the Unemployment Compensation Fund as provided in this paragraph shall not be liable to make such payments with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services as defined in Section 71-5-511(e) to the extent that the Unemployment Compensation Fund is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566.

SECTION 37. Section 71-5-359, Mississippi Code of 1972, is reenacted and amended as follows:

71-5-359. (1) The Department of Finance and Administration shall, in the manner provided in subsection (** *2) of this section, pay, upon notice issued by the department, to the department for the Unemployment Compensation Fund an amount equal to the regular benefits and one-half (1/2) of the extended benefits paid that are attributable to service in the employ of a state agency. The amount required to be reimbursed by a certain agency shall be billed to the Department of Finance and Administration and shall be paid from the Employment Compensation Revolving Fund pursuant to subsection (** *2) of this section not later than thirty (30) days after such bill was sent, unless there has been an application for review and redetermination in accordance with Section 71-5-357(b)(v).

* * *

(** *2) Each agency of state government shall deposit monthly for a period of twenty-four (24) months an amount equal to one-twelfth of one percent (1/12 of 1%) of the first Six Thousand Dollars (\$6,000.00) paid to each employee thereof during the next preceding year into the Employment Compensation Revolving Fund that is created in the State Treasury. The Department of Finance and Administration shall determine the percentage to be applied to the amount of covered wages paid in order to maintain a balance in the revolving fund of not less than the amount determined by an actuary through an annual actuarial evaluation. The State Treasurer shall invest all funds in the Employment Compensation Revolving Fund and all interest earned shall be credited to the Employment Compensation Revolving Fund.

The reimbursement of benefits paid by the Mississippi Department of Employment Security shall be paid by the Department of Finance and Administration from the Employment Compensation Revolving Fund upon notice from the department; and the Department of Finance and Administration shall issue warrants or may contract for the performance of the duties prescribed by * * * this subsection, and other duties necessarily related thereto.

(** *3) Any political subdivision of this state shall pay to the department for the unemployment compensation fund an amount equal to the regular benefits and the extended benefits paid that are attributable to service in the employ of such political

subdivision unless it elects to make contributions to the unemployment fund as provided in subsection (**8) of this section. The amount required to be reimbursed shall be billed and shall be paid as provided in Section 71-5-357, with respect to similar payments for nonprofit organizations.

(**4) Each political subdivision, unless it elects to make contributions to the unemployment compensation fund as provided in subsection (**8) of this section, shall establish a revolving fund and deposit an amount equal to two percent (2%) of the first Six Thousand Dollars (\$6,000.00) paid to each employee thereof during the next preceding year. However, the department shall by regulation establish a procedure to allow reimbursing political subdivisions to elect to maintain the balance in the revolving fund as required under this subsection or to annually execute a surety bond to be approved by the department in an amount not less than two percent (2%) of the covered wages paid during the next preceding year.

(**5) In the event any political subdivision becomes delinquent in payments due under this chapter, upon due notice, and upon certification of the delinquency by the department to the Department of Finance and Administration, the Department of Revenue, the Department of Environmental Quality and the Department of Insurance, or any of them, or any other agencies of the State of Mississippi that may be indebted to such delinquent political subdivision, such agencies shall direct the issuance of warrants which in the aggregate shall be the amount of such delinquency payable to the department and drawn upon any funds in the State Treasury which may be available to such political subdivision in satisfaction of any such delinquency. This remedy shall be in addition to any other collection remedies in this chapter or otherwise provided by law.

(**6) Payments made by any political subdivision under the provisions of this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(**7) Any governmental entity shall not be liable to make payments to the unemployment fund with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services as defined in Section 71-5-511, subsection (e), to the extent that the Unemployment Compensation Fund is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566.

(**8) Any political subdivision of this state may elect to make contributions to the unemployment fund instead of making reimbursement for benefits paid as provided in subsections (**3) and (**4) of this section. A political subdivision which makes this election shall so notify the department, not later than three (3) months after it is officially organized or is otherwise established, and shall be subject to the provisions of Section 71-5-351, with regard to the payment of contributions. A political subdivision which makes this election shall pay contributions equal to two percent (2%) of taxable wages through calendar year 2010, and one percent (1%) of taxable wages thereafter paid by it during each calendar quarter it is subject to this chapter. The department shall by regulation establish a procedure to allow political subdivisions the option periodically to elect either the reimbursement or the contribution method of financing unemployment compensation coverage.

SECTION 38. Section 71-5-451, Mississippi Code of 1972, is reenacted as follows:

71-5-451. There is established as a special fund, separate and apart from all public monies or funds of this state, an Unemployment Compensation Fund, which shall be administered by the department exclusively for:

- (a) All contributions collected under this chapter;
- (b) Interest earned upon any monies in the fund;

(c) Any property or securities acquired through the use of monies belonging to the fund;

(d) All earnings of such property or securities;

(e) All monies credited to this state's account in the Unemployment Trust Fund pursuant to the Social Security Act, 42 USCS, Section 1104; and

(f) By way of reimbursement in accordance with Section 204 of the Federal-State Extended Unemployment Compensation Act of 1970 (84 Stat. 711). All monies in the fund shall be mingled and undivided.

SECTION 39. Section 71-5-457, Mississippi Code of 1972, is reenacted as follows:

71-5-457. (1) Except as otherwise provided in subsection (5), money credited to the account of this state in the Unemployment Trust Fund by the Secretary of the Treasury of the United States of America pursuant to the Social Security Act, 42 USCS Section 1103, may be requisitioned and used for the payment of expenses incurred for the administration of this law pursuant to a specific appropriation by the Legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two (2) years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1 and ending on the next June 30 to an amount which does not exceed the amount by which:

(i) The aggregate of the amounts credited to the account of this state pursuant to the Social Security Act, 42 USCS Section 1103, during the same twelve-month period and the thirty-four (34) preceding twelve-month periods exceeds.

(ii) The aggregate of the amounts obligated pursuant to this section and charged against the amounts credited to the account of this state during such thirty-five (35) twelve-month periods.

For the purposes of this section, amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth preceding such period.

(2) Money credited to the account of this state pursuant to the Social Security Act, 42 USCS Section 1103, may not be withdrawn or used except for the payment of benefits and for the payment of expenses for the administration of this law and of public employment offices pursuant to this section.

(3) Money appropriated as provided herein for the payment of expenses of administration shall be requisitioned as needed for the payment of obligations incurred under such appropriation and, upon requisition, shall be deposited in the Employment Security Administration Fund, from which such payments shall be made. Money so deposited shall, until expended, remain a part of the Unemployment Compensation Fund and, if it will not be expended, shall be returned promptly to the account of this state in the Unemployment Trust Fund.

(4) The thirty-five-year limitation provided in this section is no longer in force, effective October 1, 1991.

(5) Notwithstanding subsection (1), monies credited with respect to federal fiscal years 1999, 2000 and 2001 shall be used by the department solely for the administration of the unemployment compensation program.

SECTION 40. Section 71-5-511, Mississippi Code of 1972, is reenacted as follows:

71-5-511. An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

(a) (i) He has registered for work at and thereafter has continued to report to the department in accordance with such regulations as the department may prescribe; except that the department may, by regulation, waive or alter either or both of the requirements of this subparagraph as to such types of cases or situations with respect to which it finds that compliance with such requirements would be oppressive or would be inconsistent with the purposes of this chapter; and

(ii) He participates in reemployment services, such as job search assistance services, if, in accordance with a profiling system established by the department, it has been determined that he is likely to exhaust regular benefits and needs reemployment services, unless the department determines that:

1. The individual has completed such services; or

2. There is justifiable cause for the claimant's failure to participate in such services.

(b) He has made a claim for benefits in accordance with the provisions of Section 71-5-515 and in accordance with such regulations as the department may prescribe thereunder.

(c) He is able to work, available for work and actively seeking work.

(d) He has been unemployed for a waiting period of one (1) week. No week shall be counted as a week of unemployment for the purposes of this paragraph:

(i) Unless it occurs within the benefit year which includes the week with respect to which he claims payment of benefits;

(ii) If benefits have been paid with respect thereto;

(iii) Unless the individual was eligible for benefits with respect thereto, as provided in Sections 71-5-511 and 71-5-513, except for the requirements of this paragraph.

(e) For weeks beginning on or before July 1, 1982, he has, during his base period, been paid wages for insured work equal to not less than thirty-six (36) times his weekly benefit amount; he has been paid wages for insured work during at least two (2) quarters of his base period; and he has, during that quarter of his base period in which his total wages were highest, been paid wages for insured work equal to not less than sixteen (16) times the minimum weekly benefit amount. For benefit years beginning after July 1, 1982, he has, during his base period, been paid wages for insured work equal to not less than forty (40) times his weekly benefit amount; he has been paid wages for insured work during at least two (2) quarters of his base period, and he has, during that quarter of his base period in which his total wages were highest, been paid wages for insured work equal to not less than twenty-six (26) times the minimum weekly benefit

amount. For purposes of this paragraph, wages shall be counted as "wages for insured work" for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employing unit by which such wages were paid has satisfied the conditions of Section 71-5-11, subsection H, or Section 71-5-361, subsection (3), with respect to becoming an employer.

(f) No individual may receive benefits in a benefit year unless, subsequent to the beginning of the next preceding benefit year during which he received benefits, he performed service in "employment" as defined in Section 71-5-11, subsection I, and earned remuneration for such service in an amount equal to not less than eight (8) times his weekly benefit amount applicable to his next preceding benefit year.

(g) Benefits based on service in employment defined in Section 71-5-11, subsection I(3) and I(4), and Section 71-5-361, subsection (4) shall be payable in the same amount, on the same terms, and subject to the same conditions as compensation payable on the basis of other service subject to this chapter, except that benefits based on service in an instructional, research or principal administrative capacity in an institution of higher learning (as defined in Section 71-5-11, subsection N) with respect to service performed prior to January 1, 1978, shall not be paid to an individual for any week of unemployment which begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or contracts to perform services in any such capacity for any institution or institutions of higher learning for both such academic years or both such terms.

(h) Benefits based on service in employment defined in Section 71-5-11, subsection I(3) and I(4), shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this chapter, except that:

(i) With respect to service performed in an instructional, research or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two (2) successive academic years, or during a similar period between two (2) regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual, if such individual performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms, and provided that paragraph (g) of this section shall apply with respect to such services prior to January 1, 1978. In no event shall benefits be paid unless the individual employee was terminated by the employer.

(ii) With respect to services performed in any other capacity for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two (2) successive academic years or terms, if such individual performs such services in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms, except that if compensation is denied to any individual under this subparagraph and such individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of this clause. In no event shall benefits be paid unless the individual employee was terminated by the employer.

(iii) With respect to services described in subparagraphs (i) and (ii) of this paragraph (h), benefits shall not be payable on the basis of services in any such capacities to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the first of such academic years or terms, or in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(iv) With respect to any services described in subparagraphs (i) and (ii) of this paragraph (h), benefits shall not be payable on the basis of services in any such capacities as specified in subparagraphs (i), (ii) and (iii) of this paragraph (h) to any individual who performed such services in an educational institution while in the employ of an educational service agency. For purposes of this paragraph, the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(v) With respect to services to which Sections 71-5-357 and 71-5-359 apply, if such services are provided to or on behalf of an educational institution, benefits shall not be payable under the same circumstances and subject to the same terms and conditions as described in subparagraphs (i), (ii), (iii) and (iv) of this paragraph (h).

(i) Subsequent to December 31, 1977, benefits shall not be paid to any individual on the basis of any services substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two (2) successive sports seasons (or similar periods) if such individual performs such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

(j) (i) Subsequent to December 31, 1977, benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of Section 203(a)(7) or Section 212(d)(5) of the Immigration and Nationality Act).

(ii) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(iii) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made, except upon a preponderance of the evidence.

(k) An individual shall be deemed prima facie unavailable for work, and therefore ineligible to receive benefits, during any period which, with respect to his employment status, is found by the department to be a holiday or vacation period.

(l) A temporary employee of a temporary help firm is considered to have left the employee's last work voluntarily without good cause connected with the work if the temporary employee does not contact the temporary help firm for reassignment on completion of an assignment. A temporary employee is not considered to have left work voluntarily without good cause connected with the work under this paragraph unless the temporary employee has been advised in writing:

(i) That the temporary employee is obligated to contact the temporary help firm on completion of assignments; and

(ii) That unemployment benefits may be denied if the temporary employee fails to do so.

SECTION 41. Section 71-5-513, Mississippi Code of 1972, is reenacted as follows:

71-5-513. A. An individual shall be disqualified for benefits:

(1) (a) For the week, or fraction thereof, which immediately follows the day on which he left work voluntarily without good cause, if so found by the department, and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case; however, marital, filial and domestic circumstances and obligations shall not be deemed good cause within the meaning of this subsection. Pregnancy shall not be deemed to be a marital, filial or domestic circumstance for the purpose of this subsection.

(b) For the week, or fraction thereof, which immediately follows the day on which he was discharged for misconduct connected with his work, if so found by the department, and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case.

(c) The burden of proof of good cause for leaving work shall be on the claimant, and the burden of proof of misconduct shall be on the employer.

(2) For the week, or fraction thereof, with respect to which he willfully makes a false statement, a false representation of fact, or willfully fails to disclose a material fact for the purpose of obtaining or increasing benefits under the provisions of this law, if so found by the department, and such individual's maximum benefit allowance shall be reduced by the amount of benefits so paid to him during any such week of disqualification; and additional disqualification shall be imposed for a period not exceeding fifty-two (52) weeks, the length of such period of disqualification and the time when such period begins to be determined by the department, in its discretion, according to the circumstances in each case.

(3) If the department finds that he has failed, without good cause, either to apply for available suitable work when so directed by the employment office or the department, to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the department, such disqualification shall continue for the week in which such failure occurred and for not more than the twelve (12) weeks which immediately follow such week, as determined by the department according to the circumstances in each case.

(a) In determining whether or not any work is suitable for an individual, the department shall consider among other factors the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence; however, offered employment paying the minimum wage or higher, if such minimum or higher wage is that prevailing for his customary occupation or similar work in the locality, shall be deemed to be suitable employment after benefits have been paid to the individual for a period of eight (8) weeks.

(b) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any

otherwise eligible individual for refusing to accept new work under any of the following conditions:

(i) If the position offered is vacant due directly to a strike, lockout or other labor dispute;

(ii) If the wages, hours or other conditions of the work offered are substantially unfavorable or unreasonable to the individual's work. The department shall have the sole discretion to determine whether or not there has been an unfavorable or unreasonable condition placed on the individual's work. Moreover, the department may consider, but shall not be limited to a consideration of, whether or not the unfavorable condition was applied by the employer to all workers in the same or similar class or merely to this individual;

(iii) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization;

(iv) If unsatisfactory or hazardous working conditions exist that could result in a danger to the physical or mental well-being of the worker. In any such determination the department shall consider, but shall not be limited to a consideration of, the following: the safety measures used or the lack thereof and the condition of equipment or lack of proper equipment. No work shall be considered hazardous if the working conditions surrounding a worker's employment are the same or substantially the same as the working conditions generally prevailing among workers performing the same or similar work for other employers engaged in the same or similar type of activity.

(c) Pursuant to Section 303(1) of the Social Security Act (42 USCS 503), the department may conduct drug tests of applicants for unemployment compensation for the unlawful use of controlled substances as a condition for receiving such compensation, if such applicant:

(i) Was terminated from employment with the claimant's most recent employer, as defined by Mississippi law, because of the unlawful use of controlled substances; or

(ii) Is an individual for whom suitable work, as defined by Mississippi law, is only available in an occupation (as determined under regulations issued by the U.S. Secretary of Labor) that requires drug testing.

The department may deny unemployment compensation to any applicant based on the result of a drug test conducted by the department in accordance with this subsection. A positive drug test result shall be deemed by the department to be a failure to accept suitable work, and shall subject the applicant to the disqualification provisions set forth in this subsection A(3). During the disqualification period imposed by the department under this subsection, the individual may provide information to end the disqualification period early by submitting acceptable proof to the department of a negative test result from a testing facility approved by the department.

(iii) Pursuant to the provisions set forth in this subsection A(3)(c), the department shall have the authority to institute a random drug testing program for all individuals who meet the requirements set forth in this section. Moreover, the department shall have the authority to create the necessary regulations, policies rules, guidelines and procedures to implement such a program.

Any term or provision set forth in this subsection A(3)(c) that otherwise conflicts with federal or state law shall be disregarded but shall not, in any way, affect the remaining provisions.

(4) For any week with respect to which the department finds that his total unemployment is due to a stoppage of work which exists because of a labor dispute at a factory, establishment or other premises at which he is or was last employed; however, this subsection shall not apply if it is shown to the satisfaction of the department:

(a) He is unemployed due to a stoppage of work occasioned by an unjustified lockout, if such lockout was not occasioned or brought about by such individual acting alone or with other workers in concert; or

(b) He is not participating in or directly interested in the labor dispute which caused the stoppage of work; and

(c) He does not belong to a grade or class of workers of which, immediately before the commencement of stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or directly interested in the dispute.

If in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment or other premises.

(5) For any week with respect to which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States. However, if the appropriate agency of such other state or of the United States finally determines that he is not entitled to such unemployment compensation benefits, this disqualification shall not apply. Nothing in this subsection contained shall be construed to include within its terms any law of the United States providing unemployment compensation or allowances for honorably discharged members of the Armed Forces.

(6) For any week with respect to which he is receiving or has received remuneration in the form of payments under any governmental or private retirement or pension plan, system or policy which a base-period employer is maintaining or contributing to or has maintained or contributed to on behalf of the individual; however, if the amount payable with respect to any week is less than the benefits which would otherwise be due under Section 71-5-501, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. However, on or after the first Sunday immediately following July 1, 2001, no social security payments, to which the employee has made contributions, shall be deducted from unemployment benefits paid for any period of unemployment beginning on or after the first Sunday following July 1, 2001. This one hundred percent (100%) exclusion shall not apply to any other governmental or private retirement or pension plan, system or policy. If benefits payable under this section, after being reduced by the amount of such remuneration, are not a multiple of One Dollar (\$1.00), they shall be adjusted to the next lower multiple of One Dollar (\$1.00).

(7) For any week with respect to which he is receiving or has received remuneration in the form of a back pay award, or other compensation allocable to any week, whether by settlement or otherwise. Any benefits previously paid for weeks of unemployment with respect to which back pay awards, or other such compensation, are made shall constitute an overpayment and such amounts shall be deducted from the award by the employer prior to payment to the employee, and shall be transmitted promptly to the department by the employer for application against the overpayment and credit to the claimant's maximum benefit amount and prompt deposit into the fund; however, the removal of any charges made against the employer as a result of such previously paid benefits shall be applied to the calendar year and the calendar quarter in which the overpayment is transmitted to the department, and no attempt shall be made to relate such a credit to the period to which the award applies. Any amount of overpayment

so deducted by the employer and not transmitted to the department shall be subject to the same procedures for collection as is provided for contributions by Sections 71-5-363 through 71-5-381. Any amount of overpayment not deducted by the employer shall be established as an overpayment against the claimant and collected as provided above. It is the purpose of this paragraph to assure equity in the situations to which it applies, and it shall be construed accordingly.

B. Notwithstanding any other provision in this chapter, no otherwise eligible individual shall be denied benefits for any week because he is in training with the approval of the department; nor shall such individual be denied benefits with respect to any week in which he is in training with the approval of the department by reason of the application of provisions in Section 71-5-511, subsection (c), relating to availability for work, or the provisions of subsection A(3) of this section, relating to failure to apply for, or a refusal to accept, suitable work.

C. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week because he or she is in training approved under Section 236(a)(1) of the Trade Act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any such week in training of provisions in this law (or any applicable federal unemployment compensation law), relating to availability for work, active search for work or refusal to accept work.

For purposes of this section, the term "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment (as defined for purposes of the Trade Act of 1974), and wages for such work at not less than eighty percent (80%) of the individual's average weekly wage as determined for the purposes of the Trade Act of 1974.

D. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week in which they are engaged in the Self-Employment Assistance Program established in Section 71-5-545 by reason of the application of Section 71-5-511(c), relating to availability for work, or the provisions of subsection A(3) of this section, relating to failure to apply for, or a refusal to accept, suitable work.

E. Any individual who is receiving benefits may participate in an approved training program under the Mississippi Employment Security Law to gain skills that may lead to employment while continuing to receive benefits. Authorization for participation of a recipient of unemployment benefits in such a program must be granted by the department and continuation of participation must be certified weekly by the participant recipient. While participating in such program approved by the department, availability and work search requirements will be waived. No individual will be allowed to participate in this program for more than twelve (12) weeks in any benefit year. Such participation shall not be considered employment for any purposes and shall not accrue benefits or wage credits. Participation in this training program shall meet the definition set forth in the U.S. Fair Labor Standards Act.

SECTION 42. Section 71-5-517, Mississippi Code of 1972, is reenacted as follows:

71-5-517. Upon the taking of a claim by the department, an initial determination thereon shall be made promptly and shall include a determination with respect to whether or not benefits are payable, the week with respect to which benefits shall commence, the weekly benefit amount payable and the maximum duration of benefits. In any case in which the payment or denial of benefits will be determined by the provisions of subsection A(4) of Section 71-5-513, the examiner shall promptly transmit all the evidence with respect to that subsection to the department, which, on the basis of evidence so submitted and such additional evidence as it may require, shall make an initial determination with respect thereto. An initial determination may for good cause be reconsidered. The

claimant, his most recent employing unit and all employers whose experience-rating record would be charged with benefits pursuant to such determination shall be promptly notified of such initial determination or any amended initial determination and the reason therefor. Benefits shall be denied or, if the claimant is otherwise eligible, promptly paid in accordance with the initial determination or amended initial determination. The jurisdiction of the department over benefit claims which have not been appealed shall be continuous. The claimant or any party to the initial determination or amended initial determination may file an appeal from such initial determination or amended initial determination within fourteen (14) days after notification thereof, or after the date such notification was sent to his last known address.

Notwithstanding any other provision of this section, benefits shall be paid promptly in accordance with a determination or redetermination, or the decision of an appeal tribunal, the Board of Review or a reviewing court upon the issuance of such determination, redetermination or decision in favor of the claimant (regardless of the pendency of the period to apply for reconsideration, file an appeal, or petition for judicial review, as the case may be, or the pendency of any such application, filing or petition), unless and until such determination, redetermination or decision has been modified or reversed by a subsequent redetermination or decision, in which event benefits shall be paid or denied in accordance with such modifying or reversing redetermination or decision. Any benefits finally determined to have been erroneously paid may be set up as an overpayment to the claimant and must be liquidated before any future benefits can be paid to the claimant. If, subsequent to such initial determination or amended initial determination, benefits with respect to any week for which a claim has been filed are denied for reasons other than matters included in the initial determination or amended initial determination, the claimant shall be promptly notified of the denial and the reason therefor and may appeal therefrom in accordance with the procedure herein described for appeals from initial determination or amended initial determination.

SECTION 43. Section 71-5-519, Mississippi Code of 1972, is reenacted as follows:

71-5-519. Unless such appeal is withdrawn, an appeal tribunal appointed by the executive director, after affording the parties reasonable opportunity for fair hearing, shall affirm, modify or reverse the findings of fact and initial determination or amended initial determination. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the executive director unless, within fourteen (14) days after the date of notification of such decision, further appeal is initiated pursuant to Section 71-5-523.

SECTION 44. Section 71-5-523, Mississippi Code of 1972, is reenacted as follows:

71-5-523. The Board of Review may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The Board of Review shall permit such further appeal by any of the parties to a decision of an appeal tribunal which is not unanimous, and by the examiner whose decision has been overruled or modified by an appeal tribunal. The Board of Review may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceedings so removed to the Board of Review shall be heard by a quorum thereof in accordance with the requirements of Section 71-5-519 and within fifteen (15) days after notice of appeal has been received by the executive director. No notice of appeal shall be deemed to be received by the executive director, within the meaning of this section, until all prior appeals pending before the Board of Review have been heard. The Board of Review shall, within four (4) days after its decision, so notify the parties to any proceeding of its findings and decision.

SECTION 45. Section 71-5-525, Mississippi Code of 1972, is reenacted as follows:

71-5-525. The manner in which appealed claims shall be presented and the conduct of hearings and appeals shall be in accordance with regulations prescribed by the Board of Review for determining the rights of the parties, whether or not such regulations conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with an appealed claim. The department's entire file relative to the appealed claim shall be a part of such record and shall be considered as evidence. All testimony at any hearing upon an appealed claim shall be recorded, but need not be transcribed unless the claim is further appealed.

SECTION 46. Section 71-5-529, Mississippi Code of 1972, is reenacted as follows:

71-5-529. Any decision of the Board of Review, in the absence of an appeal therefrom as herein provided, shall become final ten (10) days after the date of notification; and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his administrative remedies as provided by this chapter. The department shall be deemed to be a party to any judicial action involving any such decision, and may be represented in any such judicial action by any qualified attorney employed by the department and designated by it for that purpose or, at the department's request, by the Attorney General.

SECTION 47. Section 71-5-531, Mississippi Code of 1972, is reenacted as follows:

71-5-531. Within ten (10) days after the decision of the Board of Review has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action, in the circuit court of the county in which the plaintiff resides, against the department for the review of such decision, in which action any other party to the proceeding before the Board of Review shall be made a defendant. In cases wherein the plaintiff is not a resident of the State of Mississippi, such action may be filed in the circuit court of the county in which the employer resides, the county in which the cause of action arose, or in the county of employment. In such action, a petition which need not be verified, but which shall state the grounds upon which a review is sought, shall be served upon the department or upon such person as the department may designate, and such service shall be deemed completed service on all parties; but there shall be left with the party so served as many copies of the petition as there are defendants, and the department shall forthwith mail one (1) such copy to each such defendant. With its answer, the department shall certify and file with said court all documents and papers and a transcript of all testimony taken in the matter, together with the Board of Review's findings of fact and decision therein. The department may also, in its discretion, certify to such court questions of law involved in any decision. In any judicial proceedings under this section, the findings of the Board of Review as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law. Such actions, and the questions so certified, shall be heard in a summary manner and shall be given precedence over all other civil cases. An appeal may be taken from the decision of the circuit court of the county in which the plaintiff resides to the Supreme Court of Mississippi, in the same manner, but not inconsistent with the provisions of this chapter, as is provided in civil cases. It shall not be necessary, in any judicial proceeding under this section, to enter exceptions to the rulings of the Board of Review, and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the Board of Review shall enter an order in accordance with such determination. A petition for judicial review shall not act as a supersedeas or stay unless the Board of Review shall so order.

SECTION 48. Section 71-5-541, Mississippi Code of 1972, is reenacted as follows:

71-5-541. A. (1) In the administration of this chapter, the department shall cooperate with the Department of Labor to the fullest extent consistent with the provisions of this chapter and shall take such action, through the adoption of appropriate rules, regulations, administrative methods and standards, as may be necessary to secure to this

state and its citizens all advantages available under the provisions of the Social Security Act that relate to unemployment compensation, the Federal Unemployment Tax Act, the Wagner-Peyser Act and the Federal-State Extended Unemployment Compensation Act of 1970, all as amended.

(2) In the administration of the provisions of this section, which are enacted to conform with the requirements of the Federal-State Extended Unemployment Compensation Act of 1970, as amended, the department shall take such actions as may be necessary:

(a) To ensure that the provisions are so interpreted and applied as to meet the requirements of such federal act as interpreted by the United States Department of Labor; and

(b) To secure to this state the full reimbursement of the federal share of extended benefits paid under this chapter that are reimbursable under the federal act; and also

(c) To limit the amount of extended benefits paid as may be necessary so that the reimbursement of the federal share of extended benefits paid shall remain at one-half (1/2) of the total extended benefits paid.

B. As used in this section, unless the context clearly requires otherwise:

(1) "Extended benefit period" means a period which:

(a) Begins with the third week after a week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later:

(i) The third week after the first week for which there is a state "off" indicator; or

(ii) The thirteenth consecutive week of such period.

No extended benefit period may begin by reason of a state "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) For weeks beginning after September 25, 1982, there is a "state 'on' indicator" for a week if the rate of insured unemployment under this chapter for the period consisting of such week and the immediately preceding twelve (12) weeks:

(a) Equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding period of thirteen (13) weeks ending in each of the preceding two (2) calendar years; and

(b) Equaled or exceeded five percent (5%).

The determination of whether there has been a state "on" or "off" indicator beginning or ending any extended benefit period shall be made under this subsection as if (i) paragraph (2) did not contain subparagraph (a) thereof, and (ii) the figure "5" contained in subparagraph (b) thereof were "6"; except that, notwithstanding any such provision of this subsection, any week for which there would otherwise be a "state 'on' indicator" shall continue to be such week and shall not be determined to be a week for which there is a "state 'off' indicator."

(3) There is a "state 'off' indicator" for a week if, for the period consisting of such week and the immediately preceding twelve (12) weeks, either subparagraph (a) or (b) of paragraph (2) was not satisfied.

(4) "Rate of insured unemployment," for purposes of paragraphs (2) and (3) of this subsection, means the percentage derived by dividing:

(a) The average number of continued weeks claimed for regular state compensation in this state for weeks of unemployment with respect to the most recent period of thirteen (13) consecutive weeks, as determined by the department on the basis of its reports to the United States Secretary of Labor; by

(b) The average monthly employment covered under this chapter for the first four (4) of the most recent six (6) completed calendar quarters ending before the end of such period of thirteen (13) weeks.

(5) "Regular benefits" means benefits payable to an individual under this chapter or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 USCS Section 8501-8525) other than extended benefits.

(6) "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 USCS Section 8501-8525) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

(7) "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(8) "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this chapter or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 USCS Section 8501-8525) in his current benefit year that includes such week.

For the purposes of this subparagraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wages that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) Has no, or insufficient, wages on the basis of which he could establish a new benefit year that would include such week, his benefit year having expired prior to such week; and

(c) (i) Has no right to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, the Automotive Products Trade Act of 1965, and such other federal laws as are specified in regulations issued by the United States Secretary of Labor; and

(ii) Has not received and is not seeking unemployment benefits under the Unemployment Compensation Law of the Virgin Islands or of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law, he is considered an exhaustee; however, the reference in this subsection to the Virgin Islands shall be inapplicable effective on the day

on which the United States Secretary of Labor approves under Section 3304(a) of the Internal Revenue Code of 1954, an unemployment compensation law submitted to the Secretary by the Virgin Islands for approval.

(9) "State law" means the unemployment insurance law of any state, approved by the United States Secretary of Labor under Section 3304 of the Internal Revenue Code of 1954 (26 USCS Section 3304).

C. Except when the result would be inconsistent with the other provisions of this section, as provided in the regulations of the department, the provisions of this chapter which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

D. An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the department finds that with respect to such week:

(1) He is an "exhaustee" as defined in subsection B(8) of this section.

(2) He has satisfied the requirements of this chapter for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(3) For a week beginning after September 25, 1982, he has, during his base period, been paid wages for insured work equal to not less than forty (40) times his weekly benefit amount; he has been paid wages for insured work during at least two (2) quarters of his base period, and he has, during that quarter of his base period in which his total wages were highest, been paid wages for insured work equal to not less than twenty-six (26) times the minimum weekly benefit amount.

E. The weekly extended benefit amount payable to an individual for a week of total unemployment in his eligibility period shall be an amount equal to the weekly benefit amount payable to him during his applicable benefit year; however, benefits paid to individuals during eligibility periods beginning before October 1, 1983, shall be computed to the next higher multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00); and benefits paid to individuals during eligibility periods beginning on or after October 1, 1983, shall be computed to the next lower multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00). In no event shall the weekly extended benefit amount payable to an individual be more than two (2) times the amount of the reimbursement of the federal share of extended benefits paid.

F. (1) The total extended benefit amount payable to any eligible individual with respect to his applicable benefit year shall be the least of the following amounts:

(a) Fifty percent (50%) of the total amount of regular benefits which were payable to him under this chapter in his applicable benefit year; however, benefits paid to individuals during eligibility periods beginning before October 1, 1983, shall be computed to the next higher multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00), and benefits paid to individuals during eligibility periods beginning on or after October 1, 1983, shall be computed to the next lower multiple of One Dollar (\$1.00), if not a multiple of One Dollar (\$1.00); or

(b) Thirteen (13) times his weekly benefit amount which was payable to him under this chapter for a week of total unemployment in the applicable benefit year.

(2) The total extended benefits otherwise payable to an individual who is filing an interstate claim under the interstate benefit payment plan shall not exceed two (2) weeks whenever an extended benefit period is not in effect for such week in the state where the claim is filed.

(3) In no event shall the total extended benefit amount payable to any eligible individual with respect to his applicable benefit year be more than two (2) times the amount of the reimbursement of the federal share of extended benefits paid.

G. (1) Whenever an extended benefit period is to become effective in this state as a result of a state "on" indicator, or an extended benefit period is to be terminated in this state as a result of state "off" indicators, the department shall make an appropriate public announcement.

(2) Computations required by the provisions of subsection B(4) shall be made by the department, in accordance with regulations prescribed by the United States Secretary of Labor.

H. Extended benefits paid under the provisions of this section which are not reimbursable from federal funds shall be charged to the experience-rating record of base period employers.

I. (1) Notwithstanding the provisions of subsections C and D of this section, an individual shall be disqualified for receipt of extended benefits if the department finds that during any week of his eligibility period:

(a) He has failed either to apply for or to accept an offer of suitable work (as defined under paragraph (3)) to which he was referred by the department; or

(b) He has failed to furnish tangible evidence that he has actively engaged in a systematic and sustained effort to find work, unless such individual is not actively engaged in seeking work because such individual is:

(i) Before any court of the United States or any state pursuant to a lawfully issued summons to appear for jury duty;

(ii) Hospitalized for treatment of an emergency or a life-threatening condition.

The entitlement to benefits of any individual who is determined not to be actively engaged in seeking work in any week for the foregoing reasons shall be decided pursuant to the able and available requirements in Section 71-5-511 without regard to the disqualification provisions otherwise applicable under Section 71-5-541. The conditions prescribed in clauses (i) and (ii) of this subparagraph (b) must be applied in the same manner to individuals filing claims for regular benefits.

(2) Such disqualification shall begin with the week in which such failure occurred and shall continue until he has been employed in each of eight (8) subsequent weeks (whether or not consecutive) and has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly extended benefit amount.

(3) For the purpose of subparagraph (a) of paragraph (1) the term "suitable work" means any work which is within the individual's capabilities to perform, if:

(a) The gross average weekly remuneration payable for the work exceeds the sum of the individual's weekly extended benefit amount plus the amount, if any, of supplemental unemployment benefits (as defined in Section 501(c)(17)(D) of the Internal Revenue Code of 1954) payable to such individual for such week;

(b) The wages payable for the work equal the higher of the minimum wages provided by Section 6(a)(1) of the Fair Labor Standards Act of 1938 (without regard to any exemption), or the state or local minimum wage; and

(c) The position was offered to the individual in writing or was listed with the state employment service; and

(d) Such work otherwise meets the definition of "suitable work" for regular benefits contained in Section 71-5-513A(4) to the extent that such criteria of suitability are not inconsistent with the provisions of this paragraph (3); and

(e) The individual cannot furnish satisfactory evidence to the department that his prospects for obtaining work in his customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual shall be made in accordance with the definition of suitable work contained in Section 71-5-513A(4) without regard to the definition specified by this paragraph (3).

(4) Notwithstanding any provisions of subsection I to the contrary, no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions set forth herein under Section 71-5-513A(4).

(5) The employment service shall refer any claimant entitled to extended benefits under this section to any suitable work which meets the criteria prescribed in paragraph (3).

(6) An individual shall be disqualified for extended benefits for the week, or fraction thereof, which immediately follows the day on which he left work voluntarily without good cause (as defined in Section 71-5-513A(1)), was discharged for misconduct connected with his work, or refused suitable work (except as provided in subsection I of this section), and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case.

(7) The provisions of paragraphs I(1) through (6) of this section shall not apply to claims for weeks of unemployment beginning after March 6, 1993, and before January 1, 1995, and during that period the provisions of this chapter applicable to claims for regular compensation shall apply.

J. Notwithstanding any other provisions of this chapter, if the benefit year of any individual ends within an extended benefit period, the remaining balance of extended benefits that such individual would, but for this section, be entitled to receive in that extended benefit period, with respect to weeks of unemployment beginning after the end of the benefit year, shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances within that benefit year, multiplied by the individual's weekly benefit amount for extended benefits.

The maximum for any individual family member in the dependent child's budget may be exceeded for foster or medical care or in cases of children with an intellectual disability or a physical disability. TANF benefits granted shall be specifically limited only (a) to children existing or conceived at the time the caretaker relative initially applies and qualifies for such assistance, unless this limitation is specifically waived by the department, or (b) to a child born following a twelve-consecutive-month period of discontinued benefits by the caretaker relative.

(2) TANF benefits in Mississippi shall be provided to the recipient family by an online electronic benefits transfer system.

(3) The Department of Human Services shall deny TANF benefits to the following categories of individuals, except for individuals and families specifically exempt or excluded for good cause as allowed by federal statute or regulation:

(a) Families without a minor child residing with the custodial parent or other adult caretaker relative of the child;

(d) Families who fail to cooperate in establishing paternity or obtaining child support, as required by law;

(e) Any individual who has not attained eighteen (18) years of age, is not married to the head of household, has a minor child at least twelve (12) weeks of age in his or her care, and has not successfully completed a high school education or its equivalent, if such individual does not participate in educational activities directed toward the attainment of a high school diploma or its equivalent, or an alternative educational or training program approved by the department;

(f) Any individual who has not attained eighteen (18) years of age, is not married, has a minor child in his or her care, and does not reside in a place or residence maintained by a parent, legal guardian or other adult relative or the individual as such parent's, guardian's or adult relative's own home;

(g) Any minor child who has been, or is expected by a parent or other caretaker relative of the child to be, absent from the home for a period of more than thirty (30) days;

(h) Any individual who is a parent or other caretaker relative of a minor child who fails to notify the department of the absence of the minor child from the home for the thirty-day period specified in paragraph (g), by the end of the five-day period that begins with the date that it becomes clear to the individual that the minor child will be absent for the thirty-day period;

(i) Any individual who fails to comply with the provisions of the Employability Development Plan signed by the individual which prescribe those activities designed to help the individual become and remain employed, or to participate satisfactorily in the assigned work activity, as authorized under subsection (6)(c) and (d), or who does not engage in applicant job search activities within the thirty-day period for TANF application approval after receiving the advice and consultation of eligibility workers and/or caseworkers of the department providing a detailed description of available job search venues in the individual's county of residence or the surrounding counties;

(j) A parent or caretaker relative who has not engaged in an allowable work activity once the department determines the parent or caretaker relative is ready to engage in work, or once the parent or caretaker relative has received TANF assistance under the program for twenty-four (24) months, whether or not consecutive, whichever is earlier;

(k) Any individual who is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the jurisdiction from which the individual flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or who is violating a condition of probation or parole imposed under federal or state law;

(l) Aliens who are not qualified under federal law;

(m) For a period of ten (10) years following conviction, individuals convicted in federal or state court of having made a fraudulent statement or representation with

respect to the individual's place of residence in order to receive TANF, food stamps or Supplemental Security Income (SSI) assistance under Title XVI or Title XIX simultaneously from two (2) or more states;

(n) Individuals who are recipients of federal Supplemental Security Income (SSI) assistance; and

(o) Individuals who are eighteen (18) years of age or older who are not in compliance with the drug testing and substance use disorder treatment requirements of Section 43-17-6.

(4) (a) Any person who is otherwise eligible for TANF benefits, including custodial and noncustodial parents, shall be required to attend school and meet the monthly attendance requirement as provided in this subsection if all of the following apply:

(i) The person is under age twenty (20);

(ii) The person has not graduated from a public or private high school or obtained a High School Equivalency Diploma equivalent;

(iii) The person is physically able to attend school and is not excused from attending school; and

(iv) If the person is a parent or caretaker relative with whom a dependent child is living, child care is available for the child.

The monthly attendance requirement under this subsection shall be attendance at the school in which the person is enrolled for each day during a month that the school conducts classes in which the person is enrolled, with not more than two (2) absences during the month for reasons other than the reasons listed in paragraph (e)(iv) of this subsection. Persons who fail to meet participation requirements in this subsection shall be subject to sanctions as provided in paragraph (f) of this subsection.

(b) As used in this subsection, "school" means any one (1) of the following:

(i) A school as defined in Section 37-13-91(2);

(ii) A vocational, technical and adult education program; or

(iii) A course of study meeting the standards established by the State Department of Education for the granting of a declaration of equivalency of high school graduation.

(c) If any compulsory-school-age child, as defined in Section 37-13-91(2), to which TANF eligibility requirements apply is not in compliance with the compulsory school attendance requirements of Section 37-13-91(6), the superintendent of schools of the school district in which the child is enrolled or eligible to attend shall notify the county department of human services of the child's noncompliance. The Department of Human Services shall review school attendance information as provided under this paragraph at all initial eligibility determinations and upon subsequent report of unsatisfactory attendance.

(d) The signature of a person on an application for TANF benefits constitutes permission for the release of school attendance records for that person or for any child residing with that person. The department shall request information from the child's school district about the child's attendance in the school district's most recently completed semester of attendance. If information about the child's previous school attendance is not available or cannot be verified, the department shall require the child to meet the monthly attendance requirement for one (1) semester or until the information is

obtained. The department shall use the attendance information provided by a school district to verify attendance for a child. The department shall review with the parent or caretaker relative a child's claim that he or she has a good cause for not attending school.

A school district shall provide information to the department about the attendance of a child who is enrolled in a public school in the district within five (5) working days of the receipt of a written request for that information from the department. The school district shall define how many hours of attendance count as a full day and shall provide that information, upon request, to the department. In reporting attendance, the school district may add partial days' absence together to constitute a full day's absence.

If a school district fails to provide to the department the information about the school attendance of any child within fifteen (15) working days after a written request, the department shall notify the Department of Audit within three (3) working days of the school district's failure to comply with that requirement. The Department of Audit shall begin audit proceedings within five (5) working days of notification by the Department of Human Services to determine the school district's compliance with the requirements of this subsection (4). If the Department of Audit finds that the school district is not in compliance with the requirements of this subsection, the school district shall be penalized as follows: The Department of Audit shall notify the State Department of Education of the school district's noncompliance, and the Department of Education shall reduce the calculation of the school district's average daily attendance (ADA) that is used to determine the allocation of Mississippi Adequate Education Program funds by the number of children for which the district has failed to provide to the Department of Human Services the required information about the school attendance of those children. The reduction in the calculation of the school district's ADA under this paragraph shall be effective for a period of one (1) year.

(e) A child who is required to attend school to meet the requirements under this subsection shall comply except when there is good cause, which shall be demonstrated by any of the following circumstances:

(i) The minor parent is the caretaker of a child less than twelve (12) weeks old; or

(ii) The department determines that child care services are necessary for the minor parent to attend school and there is no child care available; or

(iii) The child is prohibited by the school district from attending school and an expulsion is pending. This exemption no longer applies once the teenager has been expelled; however, a teenager who has been expelled and is making satisfactory progress towards obtaining a High School Equivalency Diploma equivalent shall be eligible for TANF benefits; or

(iv) The child failed to attend school for one or more of the following reasons:

1. Illness, injury or incapacity of the child or the minor parent's child;
2. Court-required appearances or temporary incarceration;
3. Medical or dental appointments for the child or minor parent's child;
4. Death of a close relative;
5. Observance of a religious holiday;

6. Family emergency;
7. Breakdown in transportation;
8. Suspension; or
9. Any other circumstance beyond the control of the child, as defined in regulations of the department.

(f) Upon determination that a child has failed without good cause to attend school as required, the department shall provide written notice to the parent or caretaker relative (whoever is the primary recipient of the TANF benefits) that specifies:

(i) That the family will be sanctioned in the next possible payment month because the child who is required to attend school has failed to meet the attendance requirement of this subsection;

(ii) The beginning date of the sanction, and the child to whom the sanction applies;

(iii) The right of the child's parents or caretaker relative (whoever is the primary recipient of the TANF benefits) to request a fair hearing under this subsection.

The child's parent or caretaker relative (whoever is the primary recipient of the TANF benefits) may request a fair hearing on the department's determination that the child has not been attending school. If the child's parents or caretaker relative does not request a fair hearing under this subsection, or if, after a fair hearing has been held, the hearing officer finds that the child without good cause has failed to meet the monthly attendance requirement, the department shall discontinue or deny TANF benefits to the child thirteen (13) years old, or older, in the next possible payment month. The department shall discontinue or deny twenty-five percent (25%) of the family grant when a child six (6) through twelve (12) years of age without good cause has failed to meet the monthly attendance requirement. Both the child and family sanction may apply when children in both age groups fail to meet the attendance requirement without good cause. A sanction applied under this subsection shall be effective for one (1) month for each month that the child failed to meet the monthly attendance requirement. In the case of a dropout, the sanction shall remain in force until the parent or caretaker relative provides written proof from the school district that the child has reenrolled and met the monthly attendance requirement for one (1) calendar month. Any month in which school is in session for at least ten (10) days during the month may be used to meet the attendance requirement under this subsection. This includes attendance at summer school. The sanction shall be removed the next possible payment month.

(5) All parents or caretaker relatives shall have their dependent children receive vaccinations and booster vaccinations against those diseases specified by the State Health Officer under Section 41-23-37 in accordance with the vaccination and booster vaccination schedule prescribed by the State Health Officer for children of that age, in order for the parents or caretaker relatives to be eligible or remain eligible to receive TANF benefits. Proof of having received such vaccinations and booster vaccinations shall be given by presenting the certificates of vaccination issued by any health care provider licensed to administer vaccinations, and submitted on forms specified by the State Board of Health. If the parents without good cause do not have their dependent children receive the vaccinations and booster vaccinations as required by this subsection and they fail to comply after thirty (30) days' notice, the department shall sanction the family's TANF benefits by twenty-five percent (25%) for the next payment month and each subsequent payment month until the requirements of this subsection are met.

(6) (a) If the parent or caretaker relative applying for TANF assistance is work eligible, as determined by the Department of Human Services, the person shall be

required to engage in an allowable work activity once the department determines the parent or caretaker relative is determined work eligible, or once the parent or caretaker relative has received TANF assistance under the program for twenty-four (24) months, whether or not consecutive, whichever is earlier. No TANF benefits shall be given to any person to whom this section applies who fails without good cause to comply with the Employability Development Plan prepared by the department for the person, or who has refused to accept a referral or offer of employment, training or education in which he or she is able to engage, subject to the penalties prescribed in paragraph (e) of this subsection. A person shall be deemed to have refused to accept a referral or offer of employment, training or education if he or she:

(i) Willfully fails to report for an interview with respect to employment when requested to do so by the department; or

(ii) Willfully fails to report to the department the result of a referral to employment; or

(iii) Willfully fails to report for allowable work activities as prescribed in paragraphs (c) and (d) of this subsection.

(b) The Department of Human Services shall operate a statewide work program for TANF recipients to provide work activities and supportive services to enable families to become self-sufficient and improve their competitive position in the workforce in accordance with the requirements of the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193), as amended, and the regulations promulgated thereunder, and the Deficit Reduction Act of 2005 (Public Law 109-171), as amended. Within sixty (60) days after the initial application for TANF benefits, the TANF recipient must participate in a job search skills training workshop or a job readiness program, which shall include resume writing, job search skills, employability skills and, if available at no charge, the General Aptitude Test Battery or its equivalent. All adults who are not specifically exempt shall be referred by the department for allowable work activities. An adult may be exempt from the mandatory work activity requirement for the following reasons:

(i) Incapacity;

(ii) Temporary illness or injury, verified by physician's certificate;

(iii) Is in the third trimester of pregnancy, and there are complications verified by the certificate of a physician, nurse practitioner, physician assistant, or any other licensed health care professional practicing under a protocol with a licensed physician;

(iv) Caretaker of a child under twelve (12) months, for not more than twelve (12) months of the sixty-month maximum benefit period;

(v) Caretaker of an ill or incapacitated person, as verified by physician's certificate;

(vi) Age, if over sixty (60) or under eighteen (18) years of age;

(vii) Receiving treatment for substance abuse, if the person is in compliance with the substance abuse treatment plan;

(viii) In a two-parent family, the caretaker of a severely disabled child, as verified by a physician's certificate; or

(ix) History of having been a victim of domestic violence, which has been reported as required by state law and is substantiated by police reports or court

records, and being at risk of further domestic violence, shall be exempt for a period as deemed necessary by the department but not to exceed a total of twelve (12) months, which need not be consecutive, in the sixty-month maximum benefit period. For the purposes of this subparagraph (ix), "domestic violence" means that an individual has been subjected to:

1. Physical acts that resulted in, or threatened to result in, physical injury to the individual;
2. Sexual abuse;
3. Sexual activity involving a dependent child;
4. Being forced as the caretaker relative of a dependent child to engage in nonconsensual sexual acts or activities;
5. Threats of, or attempts at, physical or sexual abuse;
6. Mental abuse; or
7. Neglect or deprivation of medical care.

(c) For all families, all adults who are not specifically exempt shall be required to participate in work activities for at least the minimum average number of hours per week specified by federal law or regulation, not fewer than twenty (20) hours per week (thirty-five (35) hours per week for two-parent families) of which are attributable to the following allowable work activities:

- (i) Unsubsidized employment;
- (ii) Subsidized private employment;
- (iii) Subsidized public employment;
- (iv) Work experience (including work associated with the refurbishing of publicly assisted housing), if sufficient private employment is not available;
- (v) On-the-job training;
- (vi) Job search and job readiness assistance consistent with federal TANF regulations;
- (vii) Community service programs;
- (viii) Vocational educational training (not to exceed twelve (12) months with respect to any individual);
- (ix) The provision of child care services to an individual who is participating in a community service program;
- (x) Satisfactory attendance at high school or in a course of study leading to a high school equivalency certificate, for heads of household under age twenty (20) who have not completed high school or received such certificate;
- (xi) Education directly related to employment, for heads of household under age twenty (20) who have not completed high school or received such equivalency certificate.

(d) The following are allowable work activities which may be attributable to hours in excess of the minimum specified in paragraph (c) of this subsection:

(i) Job skills training directly related to employment;

(ii) Education directly related to employment for individuals who have not completed high school or received a high school equivalency certificate;

(iii) Satisfactory attendance at high school or in a course of study leading to a high school equivalency, for individuals who have not completed high school or received such equivalency certificate;

(iv) Job search and job readiness assistance consistent with federal TANF regulations.

(e) If any adult or caretaker relative refuses to participate in allowable work activity as required under this subsection (6), the following full family TANF benefit penalty will apply, subject to due process to include notification, conciliation and a hearing if requested by the recipient:

(i) For the first violation, the department shall terminate the TANF assistance otherwise payable to the family for a two-month period or until the person has complied with the required work activity, whichever is longer;

(ii) For the second violation, the department shall terminate the TANF assistance otherwise payable to the family for a six-month period or until the person has complied with the required work activity, whichever is longer;

(iii) For the third violation, the department shall terminate the TANF assistance otherwise payable to the family for a twelve-month period or until the person has complied with the required work activity, whichever is longer;

(iv) For the fourth violation, the person shall be permanently disqualified.

For a two-parent family, unless prohibited by state or federal law, Medicaid assistance shall be terminated only for the person whose failure to participate in allowable work activity caused the family's TANF assistance to be sanctioned under this paragraph (e), unless an individual is pregnant, but shall not be terminated for any other person in the family who is meeting that person's applicable work requirement or who is not required to work. Minor children shall continue to be eligible for Medicaid benefits regardless of the disqualification of their parent or caretaker relative for TANF assistance under this subsection (6), unless prohibited by state or federal law.

(f) Any person enrolled in a two-year or four-year college program who meets the eligibility requirements to receive TANF benefits, and who is meeting the applicable work requirements and all other applicable requirements of the TANF program, shall continue to be eligible for TANF benefits while enrolled in the college program for as long as the person meets the requirements of the TANF program, unless prohibited by federal law.

(g) No adult in a work activity required under this subsection (6) shall be employed or assigned (i) when any other individual is on layoff from the same or any substantially equivalent job within six (6) months before the date of the TANF recipient's employment or assignment; or (ii) if the employer has terminated the employment of any regular employee or otherwise caused an involuntary reduction of its workforce in order to fill the vacancy so created with an adult receiving TANF assistance. The Mississippi Department of Employment Security, established under Section 71-5-101, shall appoint one or more impartial hearing officers to hear and decide claims by employees of

violations of this paragraph (g). The hearing officer shall hear all the evidence with respect to any claim made hereunder and such additional evidence as he may require and shall make a determination and the reason therefor. The claimant shall be promptly notified of the decision of the hearing officer and the reason therefor. Within ten (10) days after the decision of the hearing officer has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action, in the circuit court of the county in which the claimant resides, against the department for the review of such decision, in which action any other party to the proceeding before the hearing officer shall be made a defendant. Any such appeal shall be on the record which shall be certified to the court by the department in the manner provided in Section 71-5-531, and the jurisdiction of the court shall be confined to questions of law which shall render its decision as provided in that section.

(7) The Department of Human Services may provide child care for eligible participants who require such care so that they may accept employment or remain employed. The department may also provide child care for those participating in the TANF program when it is determined that they are satisfactorily involved in education, training or other allowable work activities. The department may contract with Head Start agencies to provide child care services to TANF recipients. The department may also arrange for child care by use of contract or vouchers, provide vouchers in advance to a caretaker relative, reimburse a child care provider, or use any other arrangement deemed appropriate by the department, and may establish different reimbursement rates for child care services depending on the category of the facility or home. Any center-based or group home child care facility under this subsection shall be licensed by the State Department of Health pursuant to law. When child care is being provided in the child's own home, in the home of a relative of the child, or in any other unlicensed setting, the provision of such child care may be monitored on a random basis by the Department of Human Services or the State Department of Health. Transitional child care assistance may be continued if it is necessary for parents to maintain employment once support has ended, unless prohibited under state or federal law. Transitional child care assistance may be provided for up to twenty-four (24) months after the last month during which the family was eligible for TANF assistance, if federal funds are available for such child care assistance.

(8) The Department of Human Services may provide transportation or provide reasonable reimbursement for transportation expenses that are necessary for individuals to be able to participate in allowable work activity under the TANF program.

(9) Medicaid assistance shall be provided to a family of TANF program participants for up to twenty-four (24) consecutive calendar months following the month in which the participating family would be ineligible for TANF benefits because of increased income, expiration of earned income disregards, or increased hours of employment of the caretaker relative; however, Medicaid assistance for more than twelve (12) months may be provided only if a federal waiver is obtained to provide such assistance for more than twelve (12) months and federal and state funds are available to provide such assistance.

(10) The department shall require applicants for and recipients of public assistance from the department to sign a personal responsibility contract that will require the applicant or recipient to acknowledge his or her responsibilities to the state.

(11) The department shall enter into an agreement with the State Personnel Board and other state agencies that will allow those TANF participants who qualify for vacant jobs within state agencies to be placed in state jobs. State agencies participating in the TANF work program shall receive any and all benefits received by employers in the private sector for hiring TANF recipients. This subsection (11) shall be effective only if the state obtains any necessary federal waiver or approval and if federal funds are available therefor. Not later than September 1, 2021, the department shall prepare a report, which shall be provided to the Chairmen of the House and Senate Public Health Committees

and to any other member of the Legislature upon request, on the history, status, outcomes and effectiveness of the agreements required under this subsection.

(12) Any unspent TANF funds remaining from the prior fiscal year may be expended for any TANF allowable activities.

(13) The Mississippi Department of Human Services shall provide TANF applicants information and referral to programs that provide information about birth control, prenatal health care, abstinence education, marriage education, family preservation and fatherhood. Not later than September 1, 2021, the department shall prepare a report, which shall be provided to the Chairmen of the House and Senate Public Health Committees and to any other member of the Legislature upon request, on the history, status, outcomes and effectiveness of the information and referral requirements under this subsection.

(14) No new TANF program requirement or restriction affecting a person's eligibility for TANF assistance, or allowable work activity, which is not mandated by federal law or regulation may be implemented by the Department of Human Services after July 1, 2004, unless such is specifically authorized by an amendment to this section by the Legislature.

SECTION 52. Section 43-19-45, Mississippi Code of 1972, is reenacted as follows:

43-19-45. (1) The Child Support Unit shall establish a state parent locator service for the purpose of locating absent and nonsupporting parents and alleged parents, which will utilize all appropriate public and private locator sources. In order to carry out the responsibilities imposed under Sections 43-19-31 through 43-19-53, the Child Support Unit may secure, by administrative subpoena from the customer records of public utilities and cable television companies, the names and addresses of individuals and the names and addresses of employers of such individuals that would enable the location of parents or alleged parents who have a duty to provide support and maintenance for their children. The Child Support Unit may also administratively subpoena any and all financial information, including account numbers, names and social security numbers of record for assets, accounts, and account balances from any individual, financial institution, business or other entity, public or private, needed to establish, modify or enforce a support order. No entity complying with an administrative subpoena to supply the requested information of whatever nature shall be liable in any civil action or proceeding on account of such compliance. Full faith and credit shall be given to all uniform administrative subpoenas issued by other state child support units. The recipient of an administrative subpoena shall supply the Child Support Unit, other state and federal IV-D agencies, its attorneys, investigators, probation officers, county or district attorneys in this state, all information relative to the location, employment, employment-related benefits including, but not limited to, availability of medical insurance, income and property of such parents and alleged parents and with all information on hand relative to the location and prosecution of any person who has, by means of a false statement or misrepresentation or by impersonation or other fraudulent device, obtained Temporary Assistance for Needy Families (TANF) to which he or she was not entitled, notwithstanding any provision of law making such information confidential. The Mississippi Department of Information Technology Services and any other agency in this state using the facilities of the Mississippi Department of Information Technology Services are directed to permit the Child Support Unit access to their files, inclusive of those maintained for other state agencies, for the purpose of locating absent and nonsupporting parents and alleged parents, except to the extent that any such access would violate any valid federal statute or regulation issued pursuant thereto. The Child Support Unit, other state and federal IV-D agencies, its attorneys, investigators, probation officers, or county or district attorneys, shall use such information only for the purpose of investigating or enforcing the support liability of such absent parents or alleged parents or for the prosecution of other persons mentioned herein. Neither the Child Support Unit nor those authorities shall use the information, or disclose it, for any other purpose. All records maintained pursuant to the provisions of Sections 43-19-31 through 43-19-53 shall be confidential and shall be

available only to the Child Support Unit, other state and federal IV-D agencies, the attorneys, investigators and other staff employed or under contract under Sections 43-19-31 through 43-19-53, district or county attorneys, probation departments, child support units in other states, and courts having jurisdiction in paternity, support or abandonment proceedings. The Child Support Unit may release to the public the name, photo, last-known address, arrearage amount and other necessary information of a parent who has a judgment against him for child support and is currently in arrears in the payment of this support. Such release may be included in a "Most Wanted List" or other media in order to solicit assistance.

(2) The Child Support Unit shall have the authority to secure information from the records of the Mississippi Department of Employment Security that may be necessary to locate absent and nonsupporting parents and alleged parents under the provisions of Sections 43-19-31 through 43-19-53. Upon request of the Child Support Unit, all departments, boards, bureaus and agencies of the state shall provide to the Child Support Unit verification of employment or payment and the address and social security number of any person designated as an absent or nonsupporting parent or alleged parent. In addition, upon request of the Child Support Unit, the Mississippi Department of Employment Security, or any private employer or payor of any income to a person designated as an absent or nonsupporting parent or alleged parent, shall provide to the Child Support Unit verification of employment or payment and the address and social security number of the person so designated. Full faith and credit shall be given to such notices issued by child support units in other states. All such records and information shall be confidential and shall not be used for any purposes other than those specified by Sections 43-19-31 through 43-19-53. The violation of the provisions of this subsection shall be unlawful and any person convicted of violating the provisions of this subsection shall be guilty of a misdemeanor and shall pay a fine of not more than Two Hundred Dollars (\$200.00).

(3) Federal and state IV-D agencies shall have access to the state parent locator service and any system used by the Child Support Unit to locate an individual for purposes relating to motor vehicles or law enforcement. No employer or other source of income who complies with this section shall be liable in any civil action or proceeding brought by the obligor or obligee on account of such compliance.

SECTION 53. Section 43-19-46, Mississippi Code of 1972, is reenacted as follows:

43-19-46. (1) Each employer paying wages, salary or commission and doing business in Mississippi shall report to the Directory of New Hires within the Mississippi Department of Human Services:

(a) The hiring of any person who resides or works in this state to whom the employer anticipates paying wages, salary or commission; and

(b) The hiring or return to work of any employee who was laid off, furloughed, separated, granted leave without pay or was terminated from employment.

(2) Employers shall report, by mailing or by other means authorized by the Department of Human Services, a copy of the employee's W-4 form or its equivalent that will result in timely reporting. Each employer shall submit reports within fifteen (15) days of the hiring, rehiring or return to work of the employee. The report shall contain:

(a) The employee's name, address, social security number and the date of birth;

(b) The employer's name, address, and federal and state withholding tax identification numbers; and

(c) The date upon which the employee began or resumed employment, or is scheduled to begin or otherwise resume employment.

(3) The department shall retain the information, which shall be forwarded to the federal registry of new hires.

(4) The Department of Human Services may operate the program, may enter into a mutual agreement with the Mississippi Department of Employment Security or the Department of Revenue, or both, for the operation of the Directory of New Hires Program, or the Department of Human Services may contract for that service, in which case the department shall maintain administrative control of the program.

(5) In cases in which an employer fails to report information, as required by this section, an administratively levied civil penalty in an amount not to exceed Five Hundred Dollars (\$500.00) shall apply if the failure is the result of a conspiracy between the employer and employee to not supply the required report or to supply a false or incomplete report. The penalty shall otherwise not exceed Twenty-five Dollars (\$25.00). Appeal shall be as provided in Section 43-19-58.

SECTION 54. Section 57-62-5, Mississippi Code of 1972, is reenacted as follows:

"New direct job" shall include full-time employment in this state of employees who are employed by an entity other than the establishment that has qualified to receive an incentive payment and who are leased to the qualified business or industry, if such employment did not exist in this state before the date of approval by the MDA of the application of the establishment;

SECTION 55. Section 57-62-9, Mississippi Code of 1972, is reenacted as follows:

[For businesses or industries that received or applied for incentive payments prior to July 1, 2005, this section shall read as follows:]

57-62-9. (1) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed the amount of money previously paid into the fund by the employer. A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of

Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)¹ and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) In order to qualify to receive such payments, the establishment applying shall be required to:

(a) Be engaged in a qualified business or industry;

(b) Provide an average salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for this requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must create and maintain a minimum of ten (10) full-time jobs in counties that have an average unemployment rate over the previous

twelve-month period which is at least one hundred fifty percent (150%) of the most recently published state unemployment rate, as determined by the Mississippi Department of Employment Security or in Tier Three counties as determined under Section 57-73-21. In all other counties, the business or industry must create and maintain a minimum of twenty-five (25) full-time jobs. The criteria for this requirement shall be based on the designation of the county at the time of the application. The threshold established upon the application will remain constant for the duration of the project. The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) The MDA shall determine if the applicant is qualified to receive incentive payments. If the applicant is determined to be qualified by the MDA, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a period not to exceed ten (10) years and to estimate the amount of gross payroll for the period. If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this chapter, shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

[For businesses or industries that received or applied for incentive payments from and after July 1, 2005, but prior to July 1, 2010, this section shall read as follows:]

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed:

(i) Ninety percent (90%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser;

(ii) Eighty percent (80%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) but less than one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser; or

(iii) Seventy percent (70%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of less than one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this

chapter, shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

[For businesses or industries that apply for incentive payments from and after July 1, 2010, this section shall read as follows:]

57-62-9. (1) (a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during such period, excluding benefits which are not subject to Mississippi income taxes.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(c) A qualified business or industry as defined in Section 57-62-5(a)(iii) may elect the date upon which the ten-year period will begin and may elect to begin receiving incentive payments as early as the second quarter after that date. Incentive payments will be calculated on all jobs above the existing number of jobs as of the date the MDA determines that the applicant is qualified to receive incentive payments. In the event that the qualified business or industry falls below the number of existing jobs at the time of determination that the applicant is qualified to receive the incentive payment, the incentive payment shall cease until the qualified business or industry once again exceeds that number. If after forty-eight (48) months, the qualified business or industry has failed to create at least three thousand (3,000) new direct jobs, incentive payments shall cease and the qualified business or industry shall not be qualified to receive further incentive payments.

(2) (a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(4) (a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term "qualified business or industry";

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) Except as otherwise provided for a qualified business or industry as defined in Section 57-62-5(a)(iii), the business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) (a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct an analysis to estimate the amount of gross payroll for the appropriate additional period. Incentive payments, cumulatively, shall not exceed ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during the additional period, excluding benefits which are not subject to Mississippi income taxes. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment, together with any amount due pursuant to

subsection (8) of this section, if applicable, to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the minimum job and salary requirements. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility. In addition, the State Auditor may conduct performance and compliance audits under this chapter according to Section 7-7-211(o) and may bill the oversight agency.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

(8) Notwithstanding any other provision of this section to the contrary, from and after January 1, 2023, if the amount of the incentive payment that a qualified business or industry is eligible to receive under this chapter is less than the amount that the incentive payment would have been if the payment had been calculated using any applicable income tax rates in Section 27-7-5 that were in effect before January 1, 2023, then the qualified business or industry also shall receive a grant equal to the difference between such two (2) amounts. Further, the term "incentive payment," as such term is used in this chapter, shall be deemed to not refer to or otherwise include any grant payment payable to a qualified business or industry pursuant to this subsection.

25-1-98. (1) (a) In addition to any other times required by statute, all state offices shall be open and staffed for the normal conduct of business from 8:00 a.m. until 5:00 p.m., Monday through Friday, except on legal holidays as set forth in Section 3-3-7. The Governor may designate certain state offices and institutions as providers of essential services and require that they be open and staffed on legal holidays. The Board of Directors of the Mississippi Industries for the Blind may, in its discretion, require that its offices and operations be open and staffed on legal holidays. Employees required to work on legal holidays shall earn compensatory leave under the provisions of Section 25-3-92. No employee shall receive additional vacation or sick leave benefits for working on a legal holiday, nor shall this section be construed to authorize any additional compensation as an alternative to the accrual of compensatory leave except as specifically provided for in a legislative appropriation. The provisions of this section shall not be construed to limit the hours of operation of any agency or to abrogate any action taken during hours other than those stated, nor shall these provisions apply to any offices that do not customarily stay open five (5) days a week. The provisions of this section shall not apply to the military department of the State of Mississippi or to the armories, field training sites, air bases or other installations of the Mississippi National Guard.

(b) A workday for a state employee in a full-time employment position shall be eight (8) hours in duration at a minimum exclusive of time off for meals. The appointing authority shall develop work schedules which ensure that each full-time employee works a full workday and shall provide the State Auditor with a copy of the regular work schedule of the appointing authority.

(2) An appointing authority of any state service agency within the meaning of Section 25-9-107 may authorize telework for one or more of its employees in accordance with a telework policy, approved by the State Personnel Board, as provided in subsection (3) of this section.

(3) In order to implement a telework policy for one or more of its employees, an appointing authority shall:

(a) Determine whether or not telework is in the best interest of the agency. In doing so, the appointing authority * * * may seek guidance from the State Personnel Board in determining what forms of work activities can be effectively and efficiently managed through a telework arrangement;

(b) Establish procedures to protect any information that is privileged or confidential under state or federal law;

(c) Require all teleworking employees to sign a telework agreement that includes their work schedule, provides for supervisory oversight through the review of work product and deliverables on a regular basis, requires the protection of privileged or confidential information that is managed remotely on an agency computer or other devices, establishes protocols for accessibility to coworkers and clients, workplace safety, and any other matters deemed appropriate by the appointing authority; and

(d) Establish work schedules that ensure that some personnel are at the appointing authority's offices to provide direct contact with the public.

(4) For purposes of subsections (2) and (3) of this section, the term "telework" shall mean a work flexibility arrangement under which an employee performs duties, responsibilities, or other authorized activities from an approved worksite other than the location from which the employee would otherwise work.

(5) All agencies that allow employees to telework shall report to the State Personnel Board the names of the employees, their job titles, office schedule and telework schedule, who are performing telework for their agencies. On or before December 31 of each year, the State Personnel Board shall make a report related to the utilization of telework policies to the Chairmen of the House and Senate Appropriations Committees, the Accountability, Efficiency and Transparency Committees, and the Joint Legislative Committee on Performance Evaluation and Expenditure Review.

(6) The State Personnel Board may promulgate rules for the administration of this section which shall be binding upon state service agencies within the meaning of Section 25-9-107.

(7) Subsections (2) through (6) of this section shall stand repealed on July 1, * * * 2025.

SECTION 62. Section 71-5-355, Mississippi Code of 1972, is amended as follows:

71-5-355. (1) As used in this section, the following words and phrases shall have the following meanings, unless the context clearly requires otherwise:

(a) "Tax year" means any period beginning on January 1 and ending on December 31 of a year.

(b) "Computation date" means June 30 of any calendar year immediately preceding the tax year during which the particular contribution rates are effective.

(c) "Effective date" means January 1 of the tax year.

(d) Except as hereinafter provided, "payroll" means the total of all wages paid for employment by an employer as defined in Section 71-5-11, subsection H, plus the total of all remuneration paid by such employer excluded from the definition of wages by Section 71-5-351. For the computation of modified rates, "payroll" means the total of all wages paid for employment by an employer as defined in Section 71-5-11, subsection H.

(e) For the computation of modified rates, "eligible employer" means an employer whose experience-rating record has been chargeable with benefits throughout the thirty-six (36) consecutive calendar-month period ending on the computation date, except that any employer who has not been subject to the Mississippi Employment Security Law for a period of time sufficient to meet the thirty-six (36) consecutive calendar-month requirement shall be an eligible employer if his or her experience-rating record has been chargeable throughout not less than the twelve (12) consecutive calendar-month period ending on the computation date. No employer shall be considered eligible for a contribution rate less than five and four-tenths percent (5.4%) with respect to any tax year, who has failed to file any two (2) quarterly reports within the qualifying period by September 30 following the computation date. No employer or employing unit shall be eligible for a contribution rate of less than five and four-tenths percent (5.4%) for the tax year in which the employing unit is found by the department to be in violation of Section 71-5-19(2) or (3) and for the next two (2) succeeding tax years. No representative of such employing unit who was a party to a violation as described in Section 71-5-19(2) or (3), if such representative was or is an employing unit in this state, shall be eligible for a contribution rate of less than five and four-tenths percent (5.4%) for the tax year in which such violation was detected by the department and for the next two (2) succeeding tax years.

(f) With respect to any tax year, "reserve ratio" means the ratio which the total amount available for the payment of benefits in the Unemployment Compensation Fund, excluding any amount which has been credited to the account of this state under

Section 903 of the Social Security Act, as amended, and which has been appropriated for the expenses of administration pursuant to Section 71-5-457 whether or not withdrawn from such account, on October 31 (close of business) of each calendar year bears to the aggregate of the taxable payrolls of all employers for the twelve (12) calendar months ending on June 30 next preceding.

(g) "Modified rates" means the rates of employer unemployment insurance contributions determined under the provisions of this chapter and the rates of newly subject employers, as provided in Section 71-5-353.

(h) For the computation of modified rates, "qualifying period" means a period of not less than the thirty-six (36) consecutive calendar months ending on the computation date throughout which an employer's experience-rating record has been chargeable with benefits; except that with respect to any eligible employer who has not been subject to this article for a period of time sufficient to meet the thirty-six (36) consecutive calendar-month requirement, "qualifying period" means the period ending on the computation date throughout which his or her experience-rating record has been chargeable with benefits, but in no event less than the twelve (12) consecutive calendar-month period ending on the computation date throughout which his or her experience-rating record has been so chargeable.

(i) The "exposure criterion" (EC) is defined as the cash balance of the Unemployment Compensation Fund which is available for the payment of benefits as of November 16 of each calendar year or the next working day if November 16 falls on a holiday or a weekend, divided by the total wages, exclusive of wages paid by all state agencies, all political subdivisions, reimbursable nonprofit corporations, and tax-exempt public service employment, for the twelve-month period ending June 30 immediately preceding such date. The EC shall be computed to four (4) decimal places and rounded up if any fraction remains. Notwithstanding any other provision contained herein, the date for determining the cash balance of the Unemployment Compensation Fund which is available for the payment of benefits for the calendar years 2020 and 2021 shall be December 31.

(j) The "cost rate criterion" (CRC) is defined as follows: Beginning with January 1974, the benefits paid for the twelve-month period ending December 1974 are summed and divided by the total wages for the twelve-month period ending on June 30, 1975. Similar ratios are computed by subtracting the earliest month's benefit payments and adding the benefits of the next month in the sequence and dividing each sum of twelve (12) months' benefits by the total wages for the twelve-month period ending on the June 30 which is nearest to the final month of the period used to compute the numerator. If December is the final month of the period used to compute the numerator, then the twelve-month period ending the following June 30 will be used for the denominator. Benefits and total wages used in the computation of the cost rate criterion shall exclude all benefits and total wages applicable to state agencies, political subdivisions, reimbursable nonprofit corporations, and tax-exempt PSE employment.

The CRC shall be computed as the average for the highest monthly value of the cost rate criterion computations during each of the economic cycles since the calendar year 1974 as defined by the National Bureau of Economic Research. The CRC shall be computed to four (4) decimal places and any remainder shall be rounded up.

The CRC shall be adjusted only through annual computations and additions of future economic cycles.

(k) "Size of fund index" (SOFI) is defined as the ratio of the exposure criterion (EC) to the cost rate criterion (CRC). The target size of fund index will be fixed at 1.0. If the insured unemployment rate (IUR) exceeds a four and five-tenths percent (4.5%) average for the most recent completed July to June period, the target SOFI will be .8 and will remain at that level until the computed SOFI (the average exposure criterion of

the current year and the preceding year divided by the average cost rate criterion) equals 1.0 or the average IUR falls to four and five-tenths percent (4.5%) or less for any period July to June. However, if the IUR falls below two and five-tenths percent (2.5%) for any period July to June the target SOFI shall be 1.2 until such time as the computed SOFI is equal to or greater than 1.0 or the IUR is equal to or greater than two and five-tenths percent (2.5%), at which point the target SOFI shall return to 1.0.

(l) No employer's unemployment contribution general experience rate plus individual unemployment experience rate shall exceed five and four-tenths percent (5.4%). Accrual rules shall apply for purposes of computing contribution rates including associated functions.

(m) The term "general experience rate" has the same meaning as the minimum tax rate.

(2) Modified rates:

(a) For any tax year, when the reserve ratio on the preceding November 16, in the case of any tax year, equals or exceeds three percent (3%), the modified rates, as hereinafter prescribed, shall be in effect. In computation of this reserve ratio, any remainder shall be rounded down.

(b) Modified rates shall be determined for the tax year for each eligible employer on the basis of his or her experience-rating record in the following manner:

(i) The department shall maintain an experience-rating record for each employer. Nothing in this chapter shall be construed to grant any employer or individuals performing services for him or her any prior claim or rights to the amounts paid by the employer into the fund.

(ii) Benefits paid to an eligible individual shall be charged against the experience-rating record of his or her base period employers in the proportion to which the wages paid by each base period employer bears to the total wages paid to the individual by all the base period employers, provided that benefits shall not be charged to an employer's experience-rating record if the department finds that the individual:

1. Voluntarily left the employ of such employer without good cause attributable to the employer or to accept other work;
2. Was discharged by such employer for misconduct connected with his or her work;
3. Refused an offer of suitable work by such employer without good cause, and the department further finds that such benefits are based on wages for employment for such employer prior to such voluntary leaving, discharge or refusal of suitable work, as the case may be;
4. Had base period wages which included wages for previously uncovered services as defined in Section 71-5-511(e) to the extent that the Unemployment Compensation Fund is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566;
5. Extended benefits paid under the provisions of Section 71-5-541 which are not reimbursable from federal funds shall be charged to the experience-rating record of base period employers;
6. Is still working for such employer on a regular part-time basis under the same employment conditions as hired. Provided, however, that benefits

shall be charged against an employer if an eligible individual is paid benefits who is still working for such employer on a part-time "as-needed" basis;

7. Was hired to replace a United States serviceman or servicewoman called into active duty and was laid off upon the return to work by that serviceman or servicewoman, unless such employer is a state agency or other political subdivision or instrumentality of the state;

8. Was paid benefits during any week while in training with the approval of the department, under the provisions of Section 71-5-513B, or for any week while in training approved under Section 236(a)(1) of the Trade Act of 1974, under the provisions of Section 71-5-513C;

9. Is not required to serve the one-week waiting period as described in Section 71-5-505(2). In that event, only the benefits paid in lieu of the waiting period week may be noncharged; or

10. Was paid benefits as a result of a fraudulent claim, provided notification was made to the Mississippi Department of Employment Security in writing or by email by the employer, within ten (10) days of the mailing of the notice of claim filed to the employer's last-known address.

(iii) Notwithstanding any other provision contained herein, an employer shall not be noncharged when the department finds that the employer or the employer's agent of record was at fault for failing to respond timely or adequately to the request of the department for information relating to an unemployment claim that was subsequently determined to be improperly paid, unless the employer or the employer's agent of record shows good cause for having failed to respond timely or adequately to the request of the department for information. For purposes of this subparagraph "good cause" means an event that prevents the employer or employer's agent of record from timely responding, and includes a natural disaster, emergency or similar event, or an illness on the part of the employer, the employer's agent of record, or their staff charged with responding to such inquiries when there is no other individual who has the knowledge or ability to respond. Any agency error that resulted in a delay in, or the failure to deliver notice to, the employer or the employer's agent of record shall also be considered good cause for purposes of this subparagraph.

(iv) The department shall compute a benefit ratio for each eligible employer, which shall be the quotient obtained by dividing the total benefits charged to his or her experience-rating record during the period his or her experience-rating record has been chargeable, but not less than the twelve (12) consecutive calendar-month period nor more than the thirty-six (36) consecutive calendar-month period ending on the computation date, by his or her total taxable payroll for the same period on which all unemployment insurance contributions due have been paid on or before the September 30 immediately following the computation date. Such benefit ratio shall be computed to the tenth of a percent (.1%), rounding any remainder to the next higher tenth.

(v) 1. The unemployment insurance contribution rate for each eligible employer shall be the sum of two (2) rates: his or her individual experience rate in the range from zero percent (0%) to five and four-tenths percent (5.4%), plus a general experience rate. In no event shall the resulting unemployment insurance rate be in excess of five and four-tenths percent (5.4%), however, it is the intent of this section to provide the ability for employers to have a tax rate, the general experience rate plus the individual experience rate, of up to five and four-tenths percent (5.4%).

2. The employer's individual experience rate shall be equal to his or her benefit ratio as computed under paragraph (b)(iv) of this subsection (2).

3. The general experience rate shall be determined in the following manner: The department shall determine annually, for the thirty-six (36) consecutive calendar-month period ending on the computation date, the amount of benefits which were not charged to the record of any employer and of benefits which were ineffectively charged to the employer's experience-rating record. For the purposes of this item 3, the term "ineffectively charged benefits" shall include:

a. The total of the amounts of benefits charged to the experience-rating records of all eligible employers which caused their benefit ratios to exceed five and four-tenths percent (5.4%);

b. The total of the amounts of benefits charged to the experience-rating records of all ineligible employers which would cause their benefit ratios to exceed five and four-tenths percent (5.4%) if they were eligible employers; and

c. The total of the amounts of benefits charged or chargeable to the experience-rating record of any employer who has discontinued his or her business or whose coverage has been terminated within such period; provided, that solely for the purposes of determining the amounts of ineffectively charged benefits as herein defined, a "benefit ratio" shall be computed for each ineligible employer, which shall be the quotient obtained by dividing the total benefits charged to his or her experience-rating record throughout the period ending on the computation date, during which his or her experience-rating record has been chargeable with benefits, by his or her total taxable payroll for the same period on which all unemployment insurance contributions due have been paid on or before the September 30 immediately following the computation date; and provided further, that such benefit ratio shall be computed to the tenth of one percent (.1%) and any remainder shall be rounded to the next higher tenth.

The ratio of the sum of these amounts (subsection (2)(b)(v)3a, b and c) to the taxable wages paid during the same period divided by all eligible employers whose benefit ratio did not exceed five and four-tenths percent (5.4%), computed to the next higher tenth of one percent (.1%), shall be the general experience rate; however, the general experience rate for rate year 2014 shall be two tenths of one percent (.2%) and to that will be added the employer's individual experience rate for the total unemployment insurance rate.

4. a. Except as otherwise provided in this item 4, the general experience rate shall be adjusted by use of the size of fund index factor. This factor may be positive or negative, and shall be determined as follows: From the target SOFI, as defined in subsection (1)(k) of this section, subtract the simple average of the current and preceding years' exposure criterions divided by the cost rate criterion, as defined in subsection (1)(j) of this section. The result is then multiplied by the product of the CRC, as defined in subsection (1)(i) of this section, and total wages for the twelve-month period ending June 30 divided by the taxable wages for the twelve-month period ending June 30. This is the percentage positive or negative added to the general experience rate. The sum of the general experience rate and the trust fund adjustment factor shall be multiplied by fifty percent (50%) and this product shall be computed to one (1) decimal place, and rounded to the next higher tenth.

b. Notwithstanding the minimum rate provisions as set forth in subsection (1)(l) of this section, the general experience rate of all employers shall be reduced by seven one-hundredths of one percent (.07%) for calendar year 2013 only.

5. The general experience rate shall be zero percent (0%) unless the general experience ratio for any tax year as computed and adjusted on the basis of the trust fund adjustment factor and reduced by fifty percent (50%) is an amount equal to or greater than two-tenths of one percent (.2%), then the general experience rate shall be the computed general experience ratio and adjusted on the basis of the trust fund

adjustment factor and reduced by fifty percent (50%); however, in no case shall the sum of the general experience plus the individual experience unemployment insurance rate exceed five and four-tenths percent (5.4%). For rate years subsequent to 2014, Mississippi Workforce Enhancement Training contribution rate, and/or State Workforce Investment contribution rate, and/or Mississippi Works contribution rate, when in effect, shall be added to the unemployment contribution rate, regardless of whether the addition of this contribution rate causes the total contribution rate for the employer to exceed five and four-tenths percent (5.4%).

6. The department shall include in its annual rate notice to employers a brief explanation of the elements of the general experience rate, and shall include in its regular publications an annual analysis of benefits not charged to the record of any employer, and of the benefit experience of employers by industry group whose benefit ratio exceeds four percent (4%), and of any other factors which may affect the size of the general experience rate.

7. Notwithstanding any other provision contained herein, the general experience rate for calendar year 2021 shall be zero percent (0%). Charges attributed to each employer's individual experience rate for the period March 8, 2020, through June 30, 2020, will not impact the employer's individual experience rate calculations for purposes of calculating the total unemployment insurance rate for 2021 and the two (2) subsequent tax rate years. Moreover, charges attributed to each employer's individual experience rate for the period July 1, 2020, through December 31, 2020, will not impact the employer's individual experience rate calculations for purposes of calculating the total unemployment insurance rate for 2022 and the two (2) subsequent tax rate years. Furthermore, noncharges as defined hereinabove caused by the COVID-19 pandemic will not be used for the purposes of calculating the general experience rate.

(vi) When any employing unit in any manner succeeds to or acquires the organization, trade, business or substantially all the assets thereof of an employer, excepting any assets retained by such employer incident to the liquidation of his or her obligations, whether or not such acquiring employing unit was an employer within the meaning of Section 71-5-11, subsection H, prior to such acquisition, and continues such organization, trade or business, the experience-rating and payroll records of the predecessor employer shall be transferred as of the date of acquisition to the successor employer for the purpose of rate determination.

(vii) When any employing unit succeeds to or acquires a distinct and severable portion of an organization, trade or business, the experience-rating and payroll records of such portion, if separately identifiable, shall be transferred to the successor upon:

1. The mutual consent of the predecessor and the successor;
2. Approval of the department;
3. Continued operation of the transferred portion by the successor after transfer; and
4. The execution and the filing with the department by the predecessor employer of a waiver relinquishing all rights to have the experience-rating and payroll records of the transferred portion used for the purpose of determining modified rates of contribution for such predecessor.

(viii) If the successor was an employer subject to this chapter prior to the date of acquisition, it shall continue to pay unemployment insurance contributions at the rate applicable to it from the date the acquisition occurred until the end of the then current tax year. If the successor was not an employer prior to the date of acquisition, it

shall pay unemployment insurance contributions at the rate applicable to the predecessor or, if more than one (1) predecessor and the same rate is applicable to both, the rate applicable to the predecessor or predecessors, from the date the acquisition occurred until the end of the then current tax year. If the successor was not an employer prior to the date the acquisition occurred and simultaneously acquires the businesses of two (2) or more employers to whom different rates of unemployment insurance contributions are applicable, it shall pay unemployment insurance contributions from the date of the acquisition until the end of the current tax year at a rate computed on the basis of the combined experience-rating and payroll records of the predecessors as of the computation date for such tax year. In all cases the rate of unemployment insurance contributions applicable to such successor for each succeeding tax year shall be computed on the basis of the combined experience-rating and payroll records of the successor and the predecessor or predecessors.

(ix) The department shall notify each employer quarterly of the benefits paid and charged to his or her experience-rating record; and such notification, in the absence of an application for redetermination filed within thirty (30) days after the date of such notice, shall be final, conclusive and binding upon the employer for all purposes. A redetermination, made after notice and opportunity for a fair hearing, by a hearing officer designated by the department who shall consider and decide these and related applications and protests; and the finding of fact in connection therewith may be introduced into any subsequent administrative or judicial proceedings involving the determination of the rate of unemployment insurance contributions of any employer for any tax year, and shall be entitled to the same finality as is provided in this subsection with respect to the findings of fact in proceedings to redetermine the contribution rate of an employer.

(x) The department shall notify each employer of his or her rate of contribution as determined for any tax year as soon as reasonably possible after September 1 of the preceding year. Such determination shall be final, conclusive and binding upon such employer unless, within thirty (30) days after the date of such notice to his or her last-known address, the employer files with the department an application for review and redetermination of his or her contribution rate, setting forth his or her reasons therefor. If the department grants such review, the employer shall be promptly notified thereof and shall be afforded an opportunity for a fair hearing by a hearing officer designated by the department who shall consider and decide these and related applications and protests; but no employer shall be allowed, in any proceeding involving his or her rate of unemployment insurance contributions or contribution liability, to contest the chargeability to his or her account of any benefits paid in accordance with a determination, redetermination or decision pursuant to Sections 71-5-515 through 71-5-533 except upon the ground that the services on the basis of which such benefits were found to be chargeable did not constitute services performed in employment for him or her, and then only in the event that he or she was not a party to such determination, redetermination, decision or to any other proceedings provided in this chapter in which the character of such services was determined. The employer shall be promptly notified of the denial of this application or of the redetermination, both of which shall become final unless, within ten (10) days after the date of notice thereof, there shall be an appeal to the department itself. Any such appeal shall be on the record before said designated hearing officer, and the decision of said department shall become final unless, within thirty (30) days after the date of notice thereof to the employer's last-known address, there shall be an appeal to the Circuit Court of the First Judicial District of Hinds County, Mississippi, in accordance with the provisions of law with respect to review of civil causes by certiorari.

(3) Notwithstanding any other provision of law, the following shall apply regarding assignment of rates and transfers of experience:

(a) (i) If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management or control of the two (2) employers, then the unemployment

experience attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. The rates of both employers shall be recalculated and made effective on January 1 of the year following the year the transfer occurred.

(ii) If, following a transfer of experience under subparagraph (i) of this paragraph (a), the department determines that a substantial purpose of the transfer of trade or business was to obtain a reduced liability of unemployment insurance contributions, then the experience-rating accounts of the employers involved shall be combined into a single account and a single rate assigned to such account.

(b) Whenever a person who is not an employer or an employing unit under this chapter at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business shall not be transferred to such person if the department finds that such person acquired the business solely or primarily for the purpose of obtaining a lower rate of unemployment insurance contributions. Instead, such person shall be assigned the new employer rate under Section 71-5-353, unless assignment of the new employer rate results in an increase of less than two percent (2%), in which case such person would be assigned the new employer rate plus an additional two percent (2%) penalty for the rate year. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of unemployment insurance contributions, the department shall use objective factors which may include the cost of acquiring the business, whether the person continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

(c) (i) If a person knowingly violates or attempts to violate paragraph (a) or (b) of this subsection or any other provision of this chapter related to determining the assignment of a contribution rate, or if a person knowingly advises another person in a way that results in a violation of such provision, the person shall be subject to the following penalties:

1. If the person is an employer, then such employer shall be assigned the highest rate assignable under this chapter for the rate year during which such violation or attempted violation occurred and the three (3) rate years immediately following this rate year. However, if the person's business is already at such highest rate for any year, or if the amount of increase in the person's rate would be less than two percent (2%) for such year, then the person's tax rate shall be increased by two percent (2%) for such year. The penalty rate will apply to the successor business as well as the related entity from which the employees were transferred in an effort to obtain a lower rate of unemployment insurance contributions.

2. If the person is not an employer, such person shall be subject to a civil money penalty of not more than Five Thousand Dollars (\$5,000.00). Each such transaction for which advice was given and each occurrence or reoccurrence after notification being given by the department shall be a separate offense and punishable by a separate penalty. Any such fine shall be deposited in the penalty and interest account established under Section 71-5-114.

(ii) For purposes of this paragraph (c), the term "knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

(iii) For purposes of this paragraph (c), the term "violates or attempts to violate" includes, but is not limited to, intent to evade, misrepresentation or willful nondisclosure.

(iv) In addition to the penalty imposed by subparagraph (i) of this paragraph (c), any violation of this subsection may be punishable by a fine of not more than Ten Thousand Dollars (\$10,000.00) or by imprisonment for not more than five (5) years, or by both such fine and imprisonment. This subsection shall prohibit prosecution under any other criminal statute of this state.

(d) The department shall establish procedures to identify the transfer or acquisition of a business for purposes of this subsection.

(e) For purposes of this subsection:

(i) "Person" has the meaning given such term by Section 7701(a)(1) of the Internal Revenue Code of 1986; and

(ii) "Employing unit" has the meaning as set forth in Section 71-5-11.

(f) This subsection shall be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor.

SECTION 63. The following shall be codified as Section 71-5-146, Mississippi Code of 1972:

71-5-146. (1) The Mississippi Department of Employment Security shall have the authority to fingerprint and conduct a background investigation on every employee, contractor and subcontractor who:

(a) Has access to Federal Tax Information (FTI); or

(b) Is otherwise required by state or federal law or regulations to undergo a background investigation.

(2) The department shall have the authority to enact policies and procedures that allow designated department employees to:

(a) Access and review state and federal criminal history records;

(b) Fingerprint individuals identified in subsection (1) of this section;

(c) Forward the fingerprints to the Federal Bureau of Investigation (FBI) for a fingerprint-based national criminal history record check for the purpose of establishing and ensuring that background investigation requirements for all department employees, contractors and subcontractors that have access to FTI are consistent with the Internal Revenue Service background investigation requirements for access to FTI, including, but not limited to, IRS Publication 1075; and

(d) Develop additional background policies and procedures as required by state or federal law or regulations.

SECTION 64. Section 62 of this act shall take effect and be in force from and after January 1, 2023, and the remainder of this act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 2. Of the funds appropriated under the provisions of Section 1, the following positions are authorized for the Mississippi Real Estate Appraiser Licensing and Certification Board:

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2025 do not exceed Fiscal Year 2024 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2024 budget by the Mississippi Legislature. The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2024 that may not be utilized for active Fiscal Year 2023 Headcount. It shall be the agency's responsibility to ensure that the funds provided for vacancies are used to increase headcount and not for promotions, title changes, in-range salary adjustments or any other mechanism for increasing salaries for current employees. It is the Legislature's intention that no employee salary falls below the minimum salary established by the Mississippi State Personnel Board.

Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2024 do not exceed the data provided by the Legislative Budget Office. No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. It is the intention of the Legislature that the Mississippi Real Estate Appraiser Licensing and Certification Board shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2023. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2025 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2024 budget request process.

SECTION 4. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 5. It is the intention of the Legislature that the funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

SECTION 6. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers, in the manner provided by law.

SECTION 7. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1671: Tax credits; revise certain existing and authorize additional.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-22.43, Mississippi Code of 1972, is amended as follows:

27-7-22.43. (1) This section shall be known and may be cited as the "Pregnancy Resource Act."

(2) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "Department" means the Department of Revenue.

(b) "Eligible charitable organization" means an organization that is exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is a pregnancy resource center or crisis pregnancy center eligible to receive funding disbursed by the Choose Life Advisory Committee, Choose Life Mississippi or any successor entity under Section 27-19-56.70, 27-19-56.277 and/or 27-19-56.412. To be considered an "eligible charitable organization" a pregnancy resource center or crisis pregnancy center must meet the following criteria:

(i) Certify that no more than ten percent (10%) of the contributions received under this section will be spent on administrative purposes;

(ii) File annually with the Secretary of State the organization's publicly available Internal Revenue Service filings.

(3) (a) The tax credit authorized in this section shall be available only to a taxpayer who is a business enterprise engaged in commercial, industrial or professional activities and operating as a corporation, limited liability company, partnership or sole proprietorship. Except as otherwise provided in this section, a credit is allowed against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123, for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. For calendar year 2022, for a taxpayer that is not operating as a corporation, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the taxpayer during the taxable year to an eligible charitable organization. From and after January 1, 2023, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by a taxpayer during the taxable year to an eligible charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by such sections of law and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. However, for credits allocated under this section on or after January 1, 2023, the amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to (i) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for the taxes imposed by such sections of law and (ii) an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(b) A contribution for which a credit is claimed under this section may not be used as a deduction by the taxpayer for state income tax purposes.

(4) Taxpayers taking a credit authorized by this section shall provide the name of the eligible charitable organization and the amount of the contribution to the department on forms provided by the department.

(5) An eligible charitable organization shall provide the department with a written certification that it meets all criteria to be considered an eligible charitable organization. The organization shall also notify the department of any changes that may affect eligibility under this section.

(6) The eligible charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(a) Verification of the organization's status under Section 501(c)(3) of the Internal Revenue Code;

(b) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions;

(c) Any other information that the department requires to administer this section.

(7) The department shall review each written certification and determine whether the organization meets all the criteria to be considered an eligible charitable organization and notify the organization of its determination. The department may also periodically request recertification from the organization. The department shall compile and make available to the public a list of eligible charitable organizations.

(8) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document.

(9) (a) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(b) For the purposes of using a tax credit against ad valorem taxes assessed and levied on real property, a taxpayer shall present to the appropriate tax collector the tax credit documentation provided to the taxpayer by the Department of Revenue, and the tax collector shall apply the tax credit against such ad valorem taxes. The tax collector shall forward the tax credit documentation to the Department of Revenue along with the amount of the tax credit applied against ad valorem taxes, and the department shall disburse funds to the tax collector for the amount of the tax credit applied against ad valorem taxes. Such payments by the Department of Revenue shall be made from current tax collections.

(10) The aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Three Million Five Hundred Thousand Dollars (\$3,500,000.00). However, for calendar year 2023, and for each calendar year thereafter, the aggregate amount of tax credits that may be allocated by the department under this section during a calendar year shall not exceed Ten Million Dollars (\$10,000,000.00). For credits allocated during a calendar year for contributions to eligible charitable organizations, no more than * * * twenty-five percent (25%) of such credits may be allocated for contributions to a single eligible charitable organization.

SECTION 2. Section 27-7-22.39, Mississippi Code of 1972, is amended as follows:

A charitable organization that is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and that meets all other requirements of this paragraph except that it does not spend at least fifty percent (50%) of its overall budget in Mississippi may be a qualifying foster care charitable organization if it spends at least fifty percent (50%) of its Mississippi budget on services to qualified individuals in Mississippi and it certifies to the department that one hundred percent (100%) of the voluntary cash contributions from the taxpayer will be spent on services to qualified individuals in Mississippi. (3) (a) A separate credit is allowed against the taxes imposed by this chapter for voluntary cash contributions during the taxable year to a qualifying foster care charitable organization. A contribution to a qualifying foster care charitable organization does not qualify for, and shall not be included in, any credit amount under subsection (2) of this section. If the voluntary cash contribution by the taxpayer is to a qualifying foster care charitable organization, the credit shall not exceed:

(**i) Through calendar year 2022, the lesser of Five Hundred Dollars (\$500.00) or the amount of the contribution in any taxable year for a single individual or a head of household; and for calendar year 2023 and each calendar year thereafter, the lesser of One Thousand Five Hundred Dollars (\$1,500.00) or the amount of the contribution in any taxable year for a single individual or a head of household.

(b) From and after January 1, 2023, a credit is also allowed against ad valorem taxes assessed and levied on real property for voluntary cash contributions made by the individual taxpayer during the taxable year to a qualifying foster care charitable organization. The amount of credit that may be utilized by a taxpayer in a taxable year shall be limited to an amount not to exceed fifty percent (50%) of the total tax liability of the taxpayer for ad valorem taxes assessed and levied on real property. Any tax credit claimed under this paragraph but not used in any taxable year may be carried forward for five (5) consecutive years from the close of the tax year in which the credits were earned.

(4) Subsections (2) and (3) of this section provide separate credits against taxes imposed by this chapter depending on the recipients of the contributions. A taxpayer, including a married couple filing a joint return, in the same taxable year, may either or both:

(a) Contribute to a qualifying charitable organization, other than a qualifying foster care charitable organization, and claim a credit under subsection (2) of this section.

(b) Contribute to a qualifying foster care charitable organization and claim a credit under subsection (3) of this section.

(5) A husband and wife who file separate returns for a taxable year in which they could have filed a joint return may each claim only one-half (1/2) of the tax credit that would have been allowed for a joint return.

(6) Except as otherwise provided in subsections (2) and (3) of this section, if the allowable tax credit exceeds the taxes otherwise due under this chapter on the claimant's income, or if there are no taxes due under this chapter, the taxpayer may carry forward the amount of the claim not used to offset the taxes under this chapter for not more than five (5) consecutive taxable years' income tax liability.

(7) The credit allowed by this section is in lieu of a deduction pursuant to Section 170 of the Internal Revenue Code and taken for state tax purposes.

(8) Taxpayers taking a credit authorized by this section shall provide the name of the qualifying charitable organization and the amount of the contribution to the department on forms provided by the department.

(10) The charitable organization's written certification must be signed by an officer of the organization under penalty of perjury. The written certification shall include the following:

(e) A statement that the organization does not provide, pay for or provide coverage of abortions and does not financially support any other entity that provides, pays for or provides coverage of abortions.

(f) Any other information that the department requires to administer this section.

(11) The department shall review each written certification and determine whether the organization meets all the criteria to be considered a qualifying charitable organization and notify the organization of its determination. (13) A taxpayer shall apply for credits with the department on forms prescribed by the department. In the application the taxpayer shall certify to the department the dollar amount of the contributions made or to be made during the calendar year. Within thirty (30) days after the receipt of an application, the department shall allocate credits based on the dollar amount of contributions as certified in the application. However, if the department cannot allocate the full amount of credits certified in the application due to the limit on the aggregate amount of credits that may be awarded under this section in a calendar year, the department shall so notify the applicant within thirty (30) days with the amount of credits, if any, that may be allocated to the applicant in the calendar year. Once the department has allocated credits to a taxpayer, if the contribution for which a credit is allocated has not been made as of the date of the allocation, then the contribution must be made not later than sixty (60) days from the date of the allocation. If the contribution is not made within such time period, the allocation shall be cancelled and returned to the department for reallocation. Upon final documentation of the contributions, if the actual dollar amount of the contributions is lower than the amount estimated, the department shall adjust the tax credit allowed under this section.

(14) This section shall be repealed from and after January 1, 2025.

SECTION 2. Section 65-9-17, Mississippi Code of 1972, is amended as follows:

65-9-17. (1) When any county shall have met the requirements of this chapter and shall have become eligible for state aid, the State Aid Engineer, as soon as practicable, shall notify such county in writing of such eligibility and that its proportionate part of any state funds allocated to it for state aid may be utilized for construction in the manner provided by law, and such notice shall also be given in writing to the Department of Finance and Administration and to the State Treasurer.

(2) State aid funds shall be allocated to each county for use on state aid system roads or roads on the Local System Road Program in accordance with the provisions of Section 27-65-75.

(3) State aid funds may be credited to a county in advance of the normal accrual to finance certain state aid improvements, subject to the approval of the State Aid Engineer and subject further to the following limitations:

(a) That the maximum amount of state aid funds that may be advanced to any county shall not exceed ninety percent (90%) of the state aid funds estimated to accrue to such county during the remainder of the term of office of the board of supervisors of such county.

(b) That no advance credit of funds will be made to any county when the unobligated balance in the State Aid Road Fund is less than One Million Dollars (\$1,000,000.00).

(c) That such advance crediting of funds be effected by the State Aid Engineer at the time of the approval of the plans and specifications for the proposed improvements.

It is the intent of this provision to utilize to the fullest practicable extent the balance of state aid funds on hand at all times.

(4) State aid funds shall be available to such county to the following extent and in the following manner:

(a) On state aid projects, other than those on or off the federal aid secondary system to be partially financed with federal funds, state aid funds credited to such county in the State Aid Road Fund shall be available to cover the cost of such project. Upon the awarding of a contract for such state aid project, the board of supervisors of any county will, by an official order of the board, authorize the State Aid Engineer to set up the project fund for such project from that county's state aid fund in the State Treasury. The amount

of the project fund will cover the estimated cost of the project, including the contractor's payments and any other costs authorized under this chapter to be paid from state aid funds. Withdrawals from the project fund will be made by requisitions prepared by the State Aid Engineer, based on estimates and other supporting statements and documents prepared or approved by the county engineer, such requisitions, accompanied by such estimates and statements, to be directed to the Department of Finance and Administration, which will issue warrants in payment thereof. Requisitions may be drawn to cover the final cost of the project accepted by the boards of supervisors of the counties affected and the State Aid Engineer, even though such cost exceeds the aforesaid estimated project fund. Whenever, in the opinion of the State Aid Engineer, it should appear that any such estimate or statement of account has been improperly allowed or that any road construction project is not proceeding in accordance with the plans, specifications and standards set up therefor, then, in such event, due notice in writing shall be given the board of supervisors of such county and the contractor on such project, if any, stating the reason why such account should not have been allowed or why such project is not progressing satisfactorily; and if, within thirty (30) days from the date of such notice in writing, such error or default is not corrected to the satisfaction of the State Aid Engineer, all state aid funds theretofore allocated to such eligible county shall be immediately withdrawn and notice given the Department of Finance and Administration and the State Treasurer that such county has become ineligible therefor. Such county shall remain ineligible until it again becomes eligible by satisfying the State Aid Engineer as to its eligibility.

(b) On state aid projects on the federal aid secondary system which are to be partially financed with federal funds, state aid funds credited to such county in the State Aid Road Fund shall be available to cover the sponsor's share of the cost of such project. At the same time, the State Treasurer, on order from the board of supervisors, shall transfer an amount up to one hundred percent (100%) of such cost from the credit of such county in the State Aid Road Fund to the credit of such county in the State Highway Fund, earmarked for such project.

(c) State aid road funds credited to a county in the State Aid Road Fund shall also be available to cover the sponsor's cost of any other project of such county which is partially financed with federal funds available through federal "safer off-system" road funds and/or other federal road funds allocated to the counties as provided for in accordance with Section 65-9-29(2). On order from the board of supervisors of such county, the State Treasurer shall transfer an amount up to one hundred percent (100%) of such cost from the credit of such county in the State Aid Road Fund to the credit of such county in the State Highway Fund, earmarked for such project.

(d) Up to one-third (1/3) of state aid road funds credited to a county in the State Aid Road Fund may be available to match federal bridge replacement monies or other federal funds, or both, to construct, replace, inspect or post bridges and to conduct pavement management surveys on county roads which are not on the state aid system. To implement such projects, the State Treasurer shall, as requested in an order from the board of supervisors of the county, make transfers out of the credit of such county in the State Aid Road Fund.

(e) Up to twenty-five percent (25%) of the state aid road funds credited to a county in the State Aid Road Fund may be available for projects authorized under the Local System Road Program. Withdrawals from the fund for the Local System Road Program will be made by requisitions prepared by the State Aid Engineer, based on estimates and other supporting statements and documents prepared or approved by the county engineer; such requisitions, accompanied by such estimates and statements, to be directed to the Department of Finance and Administration, which will issue warrants in payment thereof. Requisitions may be drawn to cover the final cost of the local system road project accepted by the boards of supervisors of the counties affected and the State Aid Engineer even though such cost exceeds the aforesaid estimated project fund. Whenever, in the opinion of the State Aid Engineer, it should appear that any such

estimate or statement of account has been improperly allowed or that any road construction project is not proceeding in accordance with the plans, specifications and standards set up therefor, then, in such event, due notice in writing shall be given the board of supervisors of such county and the contractor on such project, if any, stating the reason why such account should not have been allowed or why such project is not progressing satisfactorily; and if, within thirty (30) days from the date of such notice in writing, such error or default is not corrected to the satisfaction of the State Aid Engineer, all state aid funds theretofore allocated to such eligible county shall be immediately withdrawn and notice given the Department of Finance and Administration and the State Treasurer that such county has become ineligible therefor. Such county shall remain ineligible until it again becomes eligible by satisfying the State Aid Engineer as to its eligibility.

(5) The State Treasurer is hereby authorized to continue to receive and deposit all funds from the federal government made available by it, either by existing law or by any law which may be passed hereafter, to the credit of the State Highway Fund, and the Treasurer shall notify the commission of the amounts so received.

All accounts against the above-mentioned funds shall be certified to by the Executive Director of the Mississippi Department of Transportation, who shall request the Department of Finance and Administration to issue its warrant on the State Treasurer for the amount of the accounts; and the Treasurer shall pay same if sufficient funds are available, all in the manner prescribed herein or as may be required by law.

(6) The board of supervisors of each county is hereby authorized and empowered to pay funds into the State Treasury in the manner above set out, and to use and expend such funds for the purposes set out in this chapter. For the purpose of providing such funds, the board of supervisors is hereby authorized and empowered to use and expend any county road and bridge funds, including revenue received from any gasoline taxes paid to such county, or any funds available in the General Fund, or to issue road and bridge bonds of such county in any lawful amount in the manner and method and subject to the restrictions, limitations and conditions, and payable from the same sources of revenue, now provided by law.

(7) (a) In addition any other provisions of this section, funds deposited into the State Aid Road Fund under Section 27-67-31(g) shall be used under this chapter to prioritize the timely repair and replacement of deficient state aid system bridges. Each county shall be allocated a percentage of such funds as they become available, which percentage shall be based:

(i) One-half (1/2) on the proportion that the total number of state aid system bridges in the county bears to the total number of state aid system bridges in all counties of the state; and

(ii) One-half (1/2) on the proportion that the total square footage of deck area of all state aid system bridges in the county bears to the total square footage of deck area of all state aid system bridges in all counties of the state.

(b) For the purposes of this subsection, (i) the term "deficient bridge" means a bridge with a condition rating of fair or less for its deck, superstructure or substructure, as determined by National Bridge Inspection Standards and that is included on the latest annual bridge inventory prepared by the Office of State Aid Road Construction and (ii) the term "state aid system bridge" means a bridge that is included on the latest annual official bridge inventory prepared by the Office of State Aid Road Construction, excluding bridges on the local bridge system and the rural major collector system.

SECTION 3. Section 19-11-27, Mississippi Code of 1972, is amended as follows:

19-11-27. No board of supervisors of any county shall expend from, or contract an obligation against, the budget estimates for road and bridge construction, maintenance and equipment, made and published by it during the last year of the term of office of such board, between the first day of October and the first day of the following January, a sum exceeding one-fourth (1/4) of such item of the budget made and published by it, except in cases of emergency. The clerk of any county is prohibited from issuing any warrant contrary to the provisions of this section. No board of supervisors nor any member thereof shall buy any machinery or equipment in the last six (6) months of their or his term unless or until he has been elected at the general election of that year. The provisions of this section shall not apply to (i) projects of any type that receive monies from the Local System Bridge Replacement and Rehabilitation Program, the Emergency Road and Bridge Repair Fund, the 2018 Transportation and Infrastructure Improvement Fund or the Gulf Coast Restoration Fund and (ii) to expenditures on deficient bridges in the State Aid Road System or the Local System Road Program that have been deemed to be a deficient bridge as defined in Section 65-37-3 or a deficient state aid system bridge as defined in Section 65-9-17(7), as the case may be, or to a contract, lease or lease-purchase contract executed pursuant to the bidding requirements in Section 31-7-13 and approved by a unanimous vote of the board. Such unanimous vote shall include a statement indicating the board's proclamation that the award of the contract is essential to the efficiency and economy of the operation of the county government.

SECTION 4. Section 57-73-23, Mississippi Code of 1972, is amended as follows:

57-73-23. (1) A fifty percent (50%) income tax credit shall be granted to any employer providing dependent care for employees during the employee's work hours, and to any employer who provides a child care stipend of at least six thousand dollars (\$6,000.00) to a licensed or registered entity providing dependent child care in the State of Mississippi for an employee's children during the employee's work hours.

(2) In order for an employer who provides a child care stipend under this section to be eligible for the tax credit, the employer shall certify to the Department of Revenue:

(a) The names of the employees on whose behalf the stipend is paid; and

(b) The amount of the stipend paid on behalf of each of those employees;

(c) The licensed or registered entity receiving the child care stipend from the employer on behalf of the employee, including the entity's federal identification number and license and registration number; and

(d) Such other information as may be required by the Department of Revenue to ensure that credits under this section are granted only to employers who provide stipends to a licensed or registered entity providing dependent care in the State of Mississippi for an employee's children during the employee's work hours.

(3) For an employer contracting with a licensed or registered entity to provide dependent care for its employees during the employee's work hours, the credit is applied to the net cost of any contract executed by the employer for another entity to provide dependent care; or, if the employer elects to provide dependent care itself, the credit is applied to expenses of dependent care staff, learning and recreational materials and equipment, and the construction and maintenance of a facility; or, if the employer elects to provide a child care stipend to a licensed or registered entity providing dependent care in the State of Mississippi for the employee's children during the employee's work hours, the credit is applied to the amount of the stipend provided. Additional eligible expenses include net costs assumed by the employer which increase the quality, availability and affordability of dependent care in the community used by employees during the employee's work hours. This cost is net of any reimbursement. A deduction shall not be allowed for any expenses which serve as the basis for an income tax credit. The credits

allowed under this section shall not be used by any business enterprise or corporation other than the business enterprise actually qualifying for the credits.

Credit may be carried forward for the five (5) successive years if the amount allowable as credit exceeds income tax liability in a tax year; however, thereafter, if the amount allowable as a credit exceeds the tax liability, the amount of excess shall not be refundable or carried forward to any other taxable year.

The facility must have an average daily enrollment for the taxable year of no less than six (6) children who are twelve (12) years of age or less and be licensed according to the regulations governing licensure of child care facilities in Mississippi; or must serve five (5) or fewer children and/or elderly adults in a family child care/elder care home approved by the Department of Health for participation in the United States Department of Agriculture child and adult nutrition program; or must serve children over twelve (12) years of age but less than eighteen (18) years of age in either a community-based facility or a facility at the employment site; or must serve adult relatives of employees in either a community-based elder care facility or a facility at the employment site; or must serve children or adult dependents having physical, emotional or mental disabilities in either a community-based facility or a facility at the employment site.

Employers will be certified as eligible for the tax credit by the * * * State Department of Health for programs serving children twelve (12) years of age or younger and for programs serving elderly adults and by the * * * Department of Revenue for programs serving other dependents older than twelve (12) years of age.

SECTION 5. This act shall take effect and be in force from and after July 1, 2023.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-67-31, MISSISSIPPI CODE OF 1972, TO REVISE THE PORTION OF STATE USE TAX REVENUE DEPOSITED INTO THE LOCAL SYSTEM BRIDGE REPLACEMENT AND REHABILITATION FUND; TO PROVIDE THAT A PORTION OF STATE USE TAX REVENUE SHALL BE DEPOSITED INTO THE STATE AID ROAD FUND; TO AMEND SECTION 65-9-17, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT SUCH MONIES DEPOSITED INTO THE STATE AID ROAD FUND SHALL BE USED TO PRIORITIZE THE TIMELY REPAIR AND REPLACEMENT OF DEFICIENT STATE AID SYSTEM BRIDGES; TO AMEND SECTION 19-11-27, MISSISSIPPI CODE OF 1972, TO ALLOW COUNTY BOARDS OF SUPERVISORS TO EXPEND MONIES ON CERTAIN DEFICIENT BRIDGES DURING THE LAST TERM OF OFFICE OF SUCH BOARDS; TO AMEND SECTION 57-73-23, MISSISSIPPI CODE OF 1972, TO AUTHORIZE AN INCOME TAX CREDIT FOR EMPLOYERS THAT PROVIDE A CHILD CARE STIPEND TO BE USED FOR CHILD CARE DURING EMPLOYEES' WORK HOURS; AND FOR RELATED PURPOSES.

MR. PRESIDENT AND MR. SPEAKER:

S. B. No. 2841: Law enforcement officers & fire fighters death benefits black tag; authorize black version of regular tag.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-19-31, Mississippi Code of 1972, is amended as follows:

27-19-31. (1) The Department of Revenue is authorized and directed to establish and maintain a vehicle registration renewal system whereby the license tag attached upon a motor vehicle or trailer may be issued for five (5) years with the approval of the License Tag Commission, except for motor vehicles registered in excess of ten thousand (10,000) pounds gross vehicle weight, and motor vehicles in a fleet registered under Section 27-19-66, apportioned vehicles, rental and commercial trailers and buses, which shall be issued for a period of time determined by the Department of Revenue. During each intervening year of the period for which license tags are issued, the Department of Revenue shall issue up to two (2) license decals, in lieu of the license tags, the month and year in which the license tag expires shall be specified on one (1) of the decals so issued. Motor vehicles in a corporate fleet registered under Section 27-19-66, trailers in a fleet

registered under Section 27-19-66.1, and apportioned vehicles shall not be issued decals specifying the month and year of expiration.

Any series of tags may be cancelled by the commissioner with the approval of the License Tag Commission and a new series of tags issued.

(2) (a) The license decals issued in lieu of the license tags shall indicate the month and the last two (2) figures of the year for which such license shall expire. The license decals shall be attached to the license tag of the motor vehicle or trailer, and when so attached shall be deemed to be the license tag for the ensuing registration year. The month and year decal shall be attached in an upright position in the lower right corner of the license tag. Decals specifying the month and year of expiration shall not be required to be attached to license tags on motor vehicles in a corporate fleet registered under Section 27-19-66, trailers in a fleet registered under Section 27-19-66.1, or apportioned vehicles.

Except as otherwise provided in this paragraph, the registration year shall be a period of one (1) year commencing on the first day of the month following the month in which the vehicle was acquired. Beginning October 1, 1982, original registrations of motor vehicles, except motor vehicles registered in excess of ten thousand (10,000) pounds gross vehicle weight, apportioned vehicles and buses, may be made and shall be prorated for a period of from six (6) to eleven (11) months according to regulations established by the Department of Revenue to reduce a disproportionate number of registrations for a particular month. Beginning July 1, 1995, original registrations and renewal registrations of motor vehicles in corporate fleets registered under Section 27-19-66, shall be prorated according to regulations established by the Department of Revenue so as to cause the registration of such fleet motor vehicles to coincide with the anniversary month for corporate fleets established by the Department of Revenue. Beginning July 1, 2011, original registrations and renewal registrations of trailers in trailer fleets registered under Section 27-19-66.1 shall be prorated according to regulations established by the Department of Revenue so as to cause the registration of such trailers to coincide with the anniversary month for trailer fleets established by the Department of Revenue. Where a vehicle is registered for a period less than twelve (12) months, the anniversary month shall be the month of the expiration of the original license tag.

Beginning July 1, 1996, original registrations and renewal registrations of motor vehicles in individual fleets registered under Section 27-19-66 shall be prorated according to regulations established by the Department of Revenue so as to cause the registration of such fleet motor vehicles to coincide with the anniversary month for individual fleets established by the county tax collector. Where a vehicle is registered for a period less than twelve (12) months, the anniversary month shall be the month of the expiration of the original license tag.

The Department of Revenue, with the approval of the License Tag Commission, shall so specify the area or areas on the license tag where the license decals shall be attached. The number of the license tag shall be written across its face, and the number of the tag shall represent the registration number; and upon all the tags for private passenger vehicles the word "MISSISSIPPI" shall be written across the top of the tag in capital letters sufficiently large to be easily read, but upon all other tags such word may be abbreviated. The number of the license tag shall not exceed seven (7) letters, numbers or a combination of such letters and numbers. Also, on all tags sold and issued, an appropriate place will be provided thereon to place license decals indicating the expiration date of the tag. For the purposes of this section and Section 27-19-32, Mississippi Code of 1972, the term "decal," "decals" or "license decal" shall mean a tab, sticker or other similar device attached to a license tag which validates same for a stated period of time. One (1) license tag and up to two (2) license decals shall be furnished for all vehicles and shall be fastened immovably twelve (12) inches or more above the ground, at the rear of the vehicle under or over the rear light, with the number in upright position so that it will be plainly visible and legible at all times, and at night at a distance of sixty (60) feet. In

the case of tractors or other motor vehicles drawing or pulling trailers, semitrailers or farm implements, the tag shall be fastened upon such vehicle twelve (12) inches or more above the ground, upon the front or back of such vehicle, with the number in an upright position. Such license plate, all characters and any legally affixed decals shall not be defaced, covered or obstructed from view by any object, decal, sticker, paint, marking or license plate bracket or holder. Any person who defaces, covers or obstructs any portion of a license tag with any sticker, decoration, paint, marking, license plate bracket or holder or any other thing or device, in such a manner that the characters and any legally affixed decals on the tag cannot be read, shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than Twenty-five Dollars (\$25.00). However, it shall not be unlawful for the county name to be partially or completely obstructed from view by any object, decal, sticker or license plate bracket or holder. Unless the license tag with current decals is fastened to the vehicle as herein provided, the said vehicle shall be regarded as operating without a license tag, and the owner or operator shall be liable for the penalties herein provided.

In addition to the above requirements, license tags for private passenger vehicles shall have a county designation thereon referencing the name of the county in which such vehicle is registered.

Law enforcement officers of this state shall remove from a motor vehicle or trailer any license tag and/or decals which are so defaced that proper identification cannot be reasonably made. The officer shall issue to the driver of such vehicle a tag permit which shall be valid for a period of five (5) days. Each person receiving such tag permit shall purchase, within five (5) days from the date of the issuance of the permit, a new tag and/or decals for the fee set forth in Section 27-19-37, Mississippi Code of 1972, for a substitute tag.

Any person who has a license tag or decals on a vehicle which may be so defaced that proper identification cannot be reasonably made may remove such and purchase another license tag and/or decals for the same fee required for a substitute tag. If any license tag shall deteriorate due to age so that identification cannot be reasonably made, the owner may surrender such tag to the issuing authority and be issued a new tag and like decals at no cost.

(b) Beginning January 1, 2024, an owner of a private carrier of passengers or motorcycle may choose a tag with a black background and a white pinstripe border. "Mississippi" shall be printed at the top, and the name of the county shall be printed at the bottom. The application and the additional fee of Thirty-eight Dollars and Twenty-five Cents (\$38.25), less Two Dollars (\$2.00) to be remitted to the Department of Revenue License Tag Acquisition Fund created in Section 27-19-179, shall be remitted to the department on a monthly basis as prescribed by the department. The remaining Thirty-six Dollars and Twenty-five Cents (\$36.25) of the additional fee shall be deposited to the credit of the Law Enforcement Officers and Fire Fighters Death Benefits Trust Fund established in Section 45-2-1. In all other respects, tags issued under this paragraph (b) shall follow the guidelines for tags issued under paragraph (a) of this subsection.

(3) The Department of Revenue is authorized to promulgate appropriate rules and regulations to govern the use and display of license decals and to publish a summary thereof which shall be available to state officials and the public upon request.

SECTION 2. Section 27-19-11, Mississippi Code of 1972, is amended as follows:

The purchase of the license tag exceeding 80,000 gross vehicle weight is limited to the transport of products as provided for harvest permits as defined in Section 27-19-81(4). Such license tag shall be a "HP" license tag with weight allowance printed on the cab card only.

In addition to the above levied annual highway privilege tax on vehicles with a gross weight exceeding ten thousand (10,000) pounds, there is levied and shall be collected an additional privilege tax in the amount of One Thousand Eight Hundred Seventy-five Dollars (\$1,875.00) for each current or later year model vehicle based upon a licensed weight of eighty-four thousand (84,000) pounds. This additional privilege tax shall be reduced by the amount of One Hundred Seventy-five Dollars (\$175.00) for each year of age to a minimum of Fifty Dollars (\$50.00) and further reduced by the ratio of licensed weight to the maximum weight of eighty-four thousand (84,000) pounds. During the first year only, the privilege tax monies collected under the provisions of this paragraph shall be distributed to the various counties of the state on the basis of the ratio of the last year of annual ad valorem taxes collected by such counties on such vehicles to the total ad valorem taxes collected by all counties on such vehicles in the same year. In all subsequent years, the distribution to the counties shall be made on the basis of the ratio of the number of motor vehicles registered in excess of ten thousand (10,000) pounds, in each taxing district in each county, to the total number of such vehicles registered statewide. The counties shall then distribute these proceeds as they would if these collections were ad valorem taxes.

From the privilege tax monies collected under this section, Three Million Seven Hundred Thirty-two Thousand Four Hundred Three Dollars and Eleven Cents (\$3,732,403.11) shall be earmarked and set aside to be apportioned and paid to the counties of the state in the manner provided by Section 27-19-159, Mississippi Code of 1972. Any excess privilege tax monies collected under this section shall be deposited into the State Highway Fund for the construction, maintenance and reconstruction of highways and roads of the State of Mississippi or the payment of interest and principal on bonds authorized by the 1972 Regular Session of the Legislature for construction and reconstruction of highways.

No privilege license shall be issued for any period of time for less than One Dollar (\$1.00). Any person making application for the license tag under this section is required to sign an affidavit attesting to facts indicating the applicability of this section. Proof of purchase of valid harvest permit for the vehicle must be presented at time of purchase of the license tag.

The annual highway privilege tax imposed on operators engaged exclusively in the transportation of household goods shall be the same as the tax imposed upon private commercial carriers by this section. In determining the amount of privilege taxes due under the provisions of this section, there shall be allowed a maximum tolerance of five hundred (500) pounds on all classes of carriers except carriers of liquefied compressed gases and in the case of carriers of liquefied compressed gases there shall be allowed a maximum tolerance of two thousand (2,000) pounds.

Any owner or operator who operates a motor vehicle on the public highways, with a license tag attached to it which was issued for another or different vehicle, shall be liable for the privilege tax on said vehicle for twelve (12) months plus a penalty thereon of twenty-five percent (25%).

Carriers of property duly registered and licensed in another state and being used to transport farm harvesting machinery or equipment to and from a particular county in this state may, upon adoption of a resolution by the board of supervisors of the county where such machinery or equipment is being exclusively used in harvesting farm crops within the county, be exempt from the taxes herein levied when the resolution is filed with the Department of Revenue. However, the exemption shall not exceed a period of forty (40) days for any annual period without a second resolution of approval by the board of supervisors who shall have the authority to extend the exemption not to exceed an additional period of twenty (20) days during any annual period.

A private commercial carrier of property hauling interstate may purchase a common and contract carrier of property license plate at the prescribed fee to allow the carrier to lease on a one-way basis per trip without qualifying with the Public Service Commission.

(2) Beginning January 1, 2024, an owner of a carrier of property whose gross vehicle weight does not exceed ten thousand (10,000) pounds may choose a license tag with a black background and a white pinstripe border. "Mississippi" shall be printed at the top, and the name of the county shall be printed at the bottom. The application and the additional fee of Thirty-eight Dollars and Twenty-five Cents (\$38.25), less Two Dollars (\$2.00) to be remitted to the Department of Revenue License Tag Acquisition Fund created in Section 27-19-179, shall be remitted to the department on a monthly basis as prescribed by the department. The remaining Thirty-six Dollars and Twenty-five Cents (\$36.25) of the additional fee shall be deposited to the credit of the Law Enforcement Officers and Fire Fighters Death Benefits Trust Fund established in Section 45-2-1. In all other respects, tags issued under this subsection (2) shall follow the guidelines for tags issued under subsection (1) of this section.

SECTION 3. This act shall take effect and be in force from and after January 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-19-31, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT AN OWNER OF A PRIVATE CARRIER OF PASSENGERS OR MOTORCYCLE MAY CHOOSE A REGULAR LICENSE TAG WITH A BLACK BACKGROUND AND A WHITE PINSTRIPE BORDER, WITH "MISSISSIPPI" PRINTED AT THE TOP AND THE NAME OF THE COUNTY PRINTED AT THE BOTTOM; TO PRESCRIBE AN ADDITIONAL FEE FOR THE ISSUANCE OF SUCH LICENSE TAG; TO PROVIDE FOR THE DISTRIBUTION OF THE ADDITIONAL FEE COLLECTED FROM THE ISSUANCE OF SUCH LICENSE TAG; TO AMEND SECTION 27-19-11, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT AN OWNER OF A CARRIER OF PROPERTY WHOSE GROSS VEHICLE WEIGHT DOES NOT EXCEED 10,000 POUNDS MAY CHOOSE A LICENSE TAG WITH A BLACK BACKGROUND AND A WHITE PINSTRIPE BORDER, WITH "MISSISSIPPI" PRINTED AT THE TOP AND THE NAME OF THE COUNTY PRINTED AT THE BOTTOM; TO PRESCRIBE AN ADDITIONAL FEE FOR THE ISSUANCE OF SUCH LICENSE TAG; TO PROVIDE FOR THE DISTRIBUTION OF THE ADDITIONAL FEE COLLECTED FROM THE ISSUANCE OF SUCH LICENSE TAG; AND FOR RELATED PURPOSES.

The contribution rate of all newly subject employers shall be reduced by three one-hundredths of one percent (.03%) for calendar year 2014 only.
