(s) The State Department of Health may issue a certificate of need to a nonprofit skilled nursing facility using the Green House model of skilled nursing care and located in Yazoo City, Yazoo County, Mississippi, for the construction, expansion or conversion of not more than nineteen (19) nursing facility beds. For purposes of this paragraph (s), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. This written agreement by the owner of the nursing facilities shall be a condition of the issuance of the certificates of need under this paragraph (t), and the agreement shall be fully binding on any later owner or owners of either facility if the ownership of either facility is transferred at any time after the certificates of need are issued. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifty (50) of the beds at the Hancock County facility or more than forty-nine (49) of the beds at the Harrison County facility for participation in the Medicaid program. If the Hancock County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifty (50) patients who are participating in the Medicaid program, or if the Harrison County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than forty-nine (49) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility that is in violation of the agreement, at the time that the department determines, after a hearing complying with due process, that the facility has violated the agreement.

The facility shall be authorized to keep such ventilator dependent or otherwise medically dependent pediatric patients beyond age twenty-one (21) in accordance with regulations of the State Board of Health. For purposes of this paragraph (u), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived, and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. The beds authorized by this paragraph shall be counted as pediatric skilled nursing facility beds for health planning purposes under Section 41-7-171 et seq. There shall be no prohibition of or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized by this paragraph.

(3) The State Department of Health may grant approval for and issue certificates of need to any person proposing the new construction of, addition to, conversion of beds of or expansion of any health care facility defined in subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h). This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program for the use of any patients other than those who are participating only in the Medicaid program of another state. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than thirty (30) patients who are participating in the Mississippi Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifteen (15) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifteen (15) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

As a condition of issuance of the certificate of need under this paragraph, the facility shall give priority in admissions to the child/adolescent psychiatric residential treatment facility beds authorized under this paragraph to patients who otherwise would require out-of-state placement. The Division of Medicaid, in conjunction with the Department of Human Services, shall furnish the facility a list of all out-of-state patients on a quarterly basis. Furthermore, notice shall also be provided to the parent, custodial parent or guardian of each out-of-state patient notifying them of the priority status granted by this paragraph. For purposes of this paragraph, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of child/adolescent psychiatric residential treatment facility beds that may be authorized under the authority of this paragraph shall be sixty (60) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this paragraph or for the beds converted pursuant to the authority of that certificate of need.

(4) (a) From and after July 1, 1993, the department shall not issue a certificate of need to any person for the new construction of any hospital, psychiatric hospital or chemical dependency hospital that will contain any child/adolescent psychiatric or child/adolescent chemical dependency beds, or for the conversion of any other health care facility to a hospital, psychiatric hospital or chemical dependency hospital that will contain any child/adolescent psychiatric or child/adolescent chemical dependency beds, or for the addition of any child/adolescent psychiatric or child/adolescent chemical dependency beds in any hospital, psychiatric hospital or chemical dependency hospital, or for the conversion of any beds of another category in any hospital, psychiatric hospital or chemical dependency hospital to child/adolescent psychiatric or child/adolescent chemical dependency beds, except as hereinafter authorized:

(i) The department may issue certificates of need to any person for any purpose described in this subsection, provided that the hospital, psychiatric hospital or chemical dependency hospital does not participate in the Medicaid program (Section 43-13-101 et seq.) at the time of the application for the certificate of need and the owner of the hospital, psychiatric hospital or chemical dependency hospital agrees in writing that the hospital, psychiatric hospital or chemical dependency hospital will not at any time participate in the Medicaid program or admit or keep any patients who are participating in the Medicaid program in the hospital, psychiatric hospital or chemical dependency hospital. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital, psychiatric hospital or chemical dependency hospital, if the ownership of the facility is transferred at any time after the

issuance of the certificate of need. Agreement that the hospital, psychiatric hospital or chemical dependency hospital will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subparagraph (i), and if such hospital, psychiatric hospital or chemical dependency hospital at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the hospital, psychiatric hospital or chemical dependency hospital who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital, psychiatric hospital or chemical dependency hospital, at the time that the department determines, after a hearing complying with due process, that the hospital, psychiatric hospital or chemical dependency hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph (i) and in the written agreement by the recipient of the certificate of need.

(ii) The department may issue a certificate of need for the conversion of existing beds in a county hospital in Choctaw County from acute care beds to child/adolescent chemical dependency beds. The total number of beds that may be authorized under authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the hospital receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(iii) The department may issue a certificate or certificates of need for the construction or expansion of child/adolescent psychiatric beds or the conversion of other beds to child/adolescent psychiatric beds in Warren County. For purposes of this subparagraph (iii), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

If by January 1, 2002, there has been no significant commencement of construction of the beds authorized under this subparagraph (iii), or no significant action taken to convert existing beds to the beds authorized under this subparagraph, then the certificate of need that was previously issued under this subparagraph shall expire. If the previously issued certificate of need expires, the department may accept applications for issuance of another certificate of need for the beds authorized under this subparagraph, and may issue a certificate of need to authorize the construction, expansion or conversion of the beds authorized under this subparagraph.

(iv) The department shall issue a certificate of need to the Region 7 Mental Health/Retardation Commission for the construction or expansion of child/adolescent psychiatric beds or the conversion of other beds to child/adolescent psychiatric beds in any of the counties served by the commission. For purposes of this subparagraph (iv), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(v) The department may issue a certificate of need to any county hospital located in Leflore County for the construction or expansion of adult psychiatric beds or the conversion of other beds to adult psychiatric beds, not to exceed twenty (20) beds, provided that the recipient of the certificate of need agrees in writing that the adult psychiatric beds will not at any time be certified for participation in the Medicaid program and that the hospital will not admit or keep any patients who are participating in the Medicaid program in any of such adult psychiatric beds. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital if the ownership of the hospital is transferred at any time after the issuance of the certificate of need. Agreement that the adult psychiatric beds will not be certified for participation in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subparagraph (v), and if such hospital at any time after the issuance of the certificate of need, regardless of the ownership of the hospital, has any of such adult psychiatric beds certified for participation in the Medicaid program or admits or keeps any Medicaid patients in such adult psychiatric beds, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital at the time that the department determines, after a hearing complying with due process, that the hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph and in the written agreement by the recipient of the certificate of need.

(vi) The department may issue a certificate or certificates of need for the expansion of child psychiatric beds or the conversion of other beds to child psychiatric beds at the University of Mississippi Medical Center. For purposes of this subparagraph (vi), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed fifteen (15) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the hospital receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(b) From and after July 1, 1990, no hospital, psychiatric hospital or chemical dependency hospital shall be authorized to add any child/adolescent psychiatric or child/adolescent chemical dependency beds or convert any beds of another category to child/adolescent psychiatric or child/adolescent chemical dependency beds without a certificate of need under the authority of subsection (1)(c) of this section.

(5) The department may issue a certificate of need to a county hospital in Winston County for the conversion of fifteen (15) acute care beds to geriatric psychiatric care beds.

(6) The State Department of Health shall issue a certificate of need to a Mississippi corporation qualified to manage a long-term care hospital as defined in Section 41-7-173(h)(xii) in Harrison County, not to exceed eighty (80) beds, including any necessary renovation or construction required for licensure and certification, provided that the recipient of the certificate of need agrees in writing that the long-term care hospital will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the long-term care hospital who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the long-term care hospital, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the long-term care hospital will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subsection (6), and if such long-term care hospital at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the long-term care hospital, at the time that the department determines, after a hearing complying with due process, that the facility has

failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subsection and in the written agreement by the recipient of the certificate of need. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(7) The State Department of Health may issue a certificate of need to any hospital in the state to utilize a portion of its beds for the "swing-bed" concept. Any such hospital must be in conformance with the federal regulations regarding such swing-bed concept at the time it submits its application for a certificate of need to the State Department of Health, except that such hospital may have more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program. Any hospital meeting all federal requirements for participation in the swing-bed program which receives such certificate of need shall render services provided under the swing-bed concept to any patient eligible for Medicare (Title XVIII of the Social Security Act) who is certified by a physician to be in need of such services, and no such hospital shall permit any patient who is eligible for both Medicaid and Medicare or eligible only for Medicaid to stay in the swing beds of the hospital for more than thirty (30) days per admission unless the hospital receives prior approval for such patient from the Division of Medicaid, Office of the Governor. Any hospital having more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program which receives such certificate of need shall develop a procedure to insure that before a patient is allowed to stay in the swing beds of the hospital, there are no vacant nursing home beds available for that patient located within a fifty-mile radius of the hospital. When any such hospital has a patient staying in the swing beds of the hospital and the hospital receives notice from a nursing home located within such radius that there is a vacant bed available for that patient, the hospital shall transfer the patient to the nursing home within a reasonable time after receipt of the notice. Any hospital which is subject to the requirements of the two (2) preceding sentences of this subsection may be suspended from participation in the swing-bed program for a reasonable period of time by the State Department of Health if the department, after a hearing complying with due process, determines that the hospital has failed to comply with any of those requirements.

(8) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the new construction of, addition to or expansion of a health care facility as defined in subparagraph (viii) of Section 41-7-173(h), except as hereinafter provided: The department may issue a certificate of need to a nonprofit corporation located in Madison County, Mississippi, for the construction, expansion or conversion of not more than twenty (20) beds in a community living program for developmentally disabled adults in a facility as defined in subparagraph (viii) of Section 41-7-173(h). For purposes of this subsection (8), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this subsection (8).

(9) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the establishment of, or expansion of the currently approved territory of, or the contracting to establish a home office, subunit or branch office within the space operated as a health care facility as defined in Section 41-7-173(h)(i) through (viii) by a health care facility as defined in subparagraph (ix) of Section 41-7-173(h).

(10) Health care facilities owned and/or operated by the state or its agencies are exempt from the restraints in this section against issuance of a certificate of need if such addition or expansion consists of repairing or renovation necessary to comply with the state licensure law. This exception shall not apply to the new construction of any building

by such state facility. This exception shall not apply to any health care facilities owned and/or operated by counties, municipalities, districts, unincorporated areas, other defined persons, or any combination thereof.

(11) The new construction, renovation or expansion of or addition to any health care facility defined in subparagraph (ii) (psychiatric hospital), subparagraph (iv) (skilled nursing facility), subparagraph (vi) (intermediate care facility), subparagraph (viii) (intermediate care facility for the mentally retarded) and subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h) which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, and the addition of new beds or the conversion of beds from one category to another in any such defined health care facility which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(12) The new construction, renovation or expansion of or addition to any veterans homes or domiciliaries for eligible veterans of the State of Mississippi as authorized under Section 35-1-19 shall not require the issuance of a certificate of need, notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(13) The repair or the rebuilding of an existing, operating health care facility that sustained significant damage from a natural disaster that occurred after April 15, 2014, in an area that is proclaimed a disaster area or subject to a state of emergency by the Governor or by the President of the United States shall be exempt from all of the requirements of the Mississippi Certificate of Need Law (Section 41-7-171 et seq.) and any and all rules and regulations promulgated under that law, subject to the following conditions:

(a) The repair or the rebuilding of any such damaged health care facility must be within one (1) mile of the pre-disaster location of the campus of the damaged health care facility, except that any temporary post-disaster health care facility operating location may be within five (5) miles of the pre-disaster location of the damaged health care facility;

(b) The repair or the rebuilding of the damaged health care facility (i) does not increase or change the complement of its bed capacity that it had before the Governor's or the President's proclamation, (ii) does not increase or change its levels and types of health care services that it provided before the Governor's or the President's proclamation, and (iii) does not rebuild in a different county; however, this paragraph does not restrict or prevent a health care facility from decreasing its bed capacity that it had before the Governor's or the President's proclamation, or from decreasing the levels of or decreasing or eliminating the types of health care services that it provided before the Governor's or the President's proclamation, when the damaged health care facility is repaired or rebuilt;

(c) The exemption from Certificate of Need Law provided under this subsection (13) is valid for only five (5) years from the date of the Governor's or the President's proclamation. If actual construction has not begun within that five-year period, the exemption provided under this subsection is inapplicable; and

(d) The Division of Health Facilities Licensure and Certification of the State Department of Health shall provide the same oversight for the repair or the rebuilding of the damaged health care facility that it provides to all health care facility construction projects in the state.

For the purposes of this subsection (13), "significant damage" to a health care facility means damage to the health care facility requiring an expenditure of at least One Million Dollars (\$1,000,000.00).

(14) The State Department of Health shall issue a certificate of need to any hospital which is currently licensed for two hundred fifty (250) or more acute care beds and is located in any general hospital service area not having a comprehensive cancer center, for the establishment and equipping of such a center which provides facilities and services for outpatient radiation oncology therapy, outpatient medical oncology therapy, and appropriate support services including the provision of radiation therapy services. The provisions of Section 41-7-193(1) regarding substantial compliance with the projection of need as reported in the current State Health Plan are waived for the purpose of this subsection.

(15) The State Department of Health may authorize the transfer of hospital beds, not to exceed sixty (60) beds, from the North Panola Community Hospital to the South Panola Community Hospital. The authorization for the transfer of those beds shall be exempt from the certificate of need review process.

(16) The State Department of Health shall issue any certificates of need necessary for Mississippi State University and a public or private health care provider to jointly acquire and operate a linear accelerator and a magnetic resonance imaging unit. Those certificates of need shall cover all capital expenditures related to the project between Mississippi State University and the health care provider, including, but not limited to, the acquisition of the linear accelerator, the magnetic resonance imaging unit and other radiological modalities; the offering of linear accelerator and magnetic resonance imaging services; and the cost of construction of facilities in which to locate these services. The linear accelerator and the magnetic resonance imaging unit shall be (a) located in the City of Starkville, Oktibbeha County, Mississippi; (b) operated jointly by Mississippi State University and the public or private health care provider selected by Mississippi State University through a request for proposals (RFP) process in which Mississippi State University selects, and the Board of Trustees of State Institutions of Higher Learning approves, the health care provider that makes the best overall proposal; (c) available to Mississippi State University for research purposes two-thirds (2/3) of the time that the linear accelerator and magnetic resonance imaging unit are operational; and (d) available to the public or private health care provider selected by Mississippi State University and approved by the Board of Trustees of State Institutions of Higher Learning one-third (1/3) of the time for clinical, diagnostic and treatment purposes. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(17) The State Department of Health shall issue a certificate of need for the construction of an acute care hospital in Kemper County, not to exceed twenty-five (25) beds, which shall be named the "John C. Stennis Memorial Hospital." In issuing the certificate of need under this subsection, the department shall give priority to a hospital located in Lauderdale County that has two hundred fifteen (215) beds. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person or entity receiving the certificate of need authorized under this subsection or for the beds constructed under the authority of that certificate of need.

(18) The planning, design, construction, renovation, addition, furnishing and equipping of a clinical research unit at any health care facility defined in Section 41-7-173(h) that is under the direction and control of the University of Mississippi Medical Center and located in Jackson, Mississippi, and the addition of new beds or the conversion of beds from one (1) category to another in any such clinical research unit, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(19) [Repealed]

(20) Nothing in this section or in any other provision of Section 41-7-171 et seq. shall prevent any nursing facility from designating an appropriate number of existing beds in the facility as beds for providing care exclusively to patients with Alzheimer's disease.

(21) Nothing in this section or any other provision of Section 41-7-171 et seq. shall prevent any health care facility from the new construction, renovation, conversion or expansion of new beds in the facility designated as intensive care units, negative pressure rooms, or isolation rooms pursuant to the provisions of Sections 41-14-1 through 41-14-11. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived.

(ii) Child advocacy centers may provide a video-taped forensic interview of the child in a child friendly environment or separate building. The purpose of the video-taped forensic interview is to prevent further trauma to a child in the investigation and prosecution of child physical and sexual abuse cases. Child advocacy centers can also assist child victims by providing therapeutic counseling subsequent to the interview by a qualified therapist. Child advocacy centers can also assist law enforcement and prosecutors by acquainting child victim witnesses and their parents or guardians to the courtroom through child court school programs.

The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. The Legislative Budget Office may recommend additional taxes or sources of revenue if in its judgment those additional funds are necessary to adequately support the functions of the state government.

SECTION 2. Section 27-103-139, Mississippi Code of 1972, is brought forward as follows:

27-103-139. On or before November 15 preceding each regular session of the Legislature, except the first regular session of a new term of office, the Governor shall submit to the members of the Legislature, the Legislative Budget Office or the members-elect, as the case may be, and to the executive head of each state agency a balanced budget for the succeeding fiscal year. The budget submitted shall be prepared in a format that will include performance measurement data associated with the various programs operated by each agency. The total proposed expenditures in the balanced budget shall not exceed the amount of estimated revenues that will be available for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand at the close of the then current fiscal year, as determined by the revenue estimate jointly adopted by the Governor and the Legislative Budget Committee. The total proposed expenditures from the State General Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. However, for fiscal years 2010, 2011, 2012, 2016 and 2017 only, the total proposed expenditures from the State General Fund in the balanced budget shall not exceed one hundred percent (100%) of the amount of the general fund revenue estimate for the succeeding fiscal year, and for fiscal year 2018, the total proposed expenditures from the State General Fund in the balanced budget shall not exceed ninety-nine percent (99%) of the amount of general fund revenue estimate for the succeeding fiscal year. The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee.

The revenues used in preparing the balanced budget shall be only those revenues that will be available under the general laws of the state as they exist when the balanced budget is prepared, and shall not include any proposed revenues that would become available only after the enactment of new legislation. If the Governor has any recommendations for additional proposed expenditures or proposed revenues that are not included in his balanced budget, he shall submit those recommendations in a supplement that is separate from his balanced budget, and whenever the Governor recommends any such additional proposed expenditures, he also shall recommend proposed revenues that are sufficient to fund the additional proposed expenditures, providing specific details regarding the sources and the total amount of those proposed revenues.

The Governor may employ a budget officer for the purpose of receiving information from the State Fiscal Officer and preparing his recommendations on the budget. If the Governor determines that information received from the State Fiscal Officer is not sufficient to enable him to prepare his budget recommendations, he may request an appropriation from the Legislature to provide additional staff within the Governor's office for that purpose. At the first regular session after his election for Governor, the Governor shall submit any budget recommendations plus the required revenue source recommendations no later than January 31 of that year.

SECTION 3. Section 27-103-203, Mississippi Code of 1972, is brought forward as follows:

27-103-203. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Working Cash-Stabilization Reserve Fund.

(2) The Working Cash-Stabilization Reserve Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. If the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million Dollars (\$5,000,000.00) of interest earned on those sums each fiscal year shall be deposited into that fund until a total of Seventy Million Dollars (\$70,000,000.00) has been deposited into the fund. The interest, or the remaining interest if the Ayers Settlement Fund is created, that is earned on those sums shall be deposited in the Working Cash-Stabilization Reserve Fund until the balance of principal and interest in the fund reaches ten percent (10%) of the total General Fund appropriations for the current fiscal year, and all interest earned in excess of amounts necessary to maintain the ten percent (10%) fund balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars (\$15,000,000.00) and the amount of the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other special funds for such purposes as authorized by Section 31-17-101 et seq., shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars (\$15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those purposes from General Fund revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars (\$15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars (\$55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars (\$0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars (\$40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars (\$50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year with the exception of fiscal year 2016. However, for fiscal year 2017, not more than One Hundred Million Dollars (\$100,000,000.00) may be transferred from the fund for that purpose.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

(8) Any funds appropriated from the Working Cash-Stabilization Reserve Fund that are unexpended at the end of a fiscal year shall lapse into the Working Cash-Stabilization Reserve Fund.

SECTION 4. Section 27-103-211, Mississippi Code of 1972, is brought forward as follows:

27-103-211. The total sum appropriated by the Legislature from the State General Fund for any fiscal year shall not exceed ninety-eight percent (98%) of the general fund revenue estimate for that fiscal year developed by the Department of Revenue and the University Research Center and adopted by the Joint Legislative Budget Committee. The unencumbered balances in general funds that will be available and on hand at the close of the fiscal year shall not include projected amounts required to be deposited into the Working Cash-Stabilization Reserve Fund under Section 27-103-203. However, for fiscal years 2010, 2011, 2012, 2015, 2016 and 2017 only, the total sum appropriated by the Legislature from the State General Fund shall not exceed one hundred percent (100%) of the amount of the general fund revenue estimate for that fiscal year, and for fiscal year 2018, the total sum appropriated by the Legislature from the State General Fund shall not exceed ninety-nine percent (99%) of the amount of the general fund revenue estimate adopted by the Joint Legislative Budget Committee for that fiscal year.

SECTION 5. Section 27-103-213, Mississippi Code of 1972, is brought forward as follows:

27-103-213. (1) The unencumbered cash balance in the General Fund in the State Treasury at the close of each fiscal year shall be distributed to the Municipal Revolving Fund, the Working Cash-Stabilization Reserve Fund and the Capital Expense Fund in the manner provided in this section, except for fiscal year 2014 in which the unencumbered cash balance at the close of fiscal year 2014 shall be distributed as provided in subsection

(4) of this section, and fiscal year 2016 in which the unencumbered cash balance at the close of fiscal year 2016 shall be distributed as provided in subsection (5) of this section.

(2) (a) At the end of each fiscal year, the Executive Director of the Department of Finance and Administration and the State Treasurer shall determine the extent of the unencumbered cash balance existing in the General Fund in the State Treasury.

(b) As used in this section, the term "unencumbered cash balance" or "unencumbered General Fund cash balance" means the amount in the State General Fund after deducting all appropriations and other expenditures. However, if the Legislature has authorized additional or deficit appropriations or transfers from the State General Fund for that fiscal year, those amounts shall be subtracted from the unencumbered cash balance in the General Fund before determining the amount available for distribution. The unencumbered General Fund cash balance shall not be determined until after August 31 of each year, and it shall not be made until the State Treasurer has received a certificate in writing from the Executive Director of the Department of Finance and Administration, with notification to the Legislative Budget Office, showing the amount of the unencumbered General Fund cash balance.

(3) If any unencumbered General Fund cash balance is available for distribution under this section, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars (\$750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars (\$750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, fifty percent (50%) of the amount of the unencumbered General Fund cash balance after the distributions are made under paragraph (a), not to exceed ten percent (10%) of the General Fund appropriations for the fiscal year that the unencumbered General Fund cash balance represents. For the purposes of this paragraph (b), the appropriations for the fiscal year shall be the total amount contained in the actual appropriation bills passed by the Legislature.

(c) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a) and (b).

(4) For fiscal year 2014, if any unencumbered General Fund cash balance is available for distribution under this section at the close of the fiscal year, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars (\$750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars (\$750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, the amount of the unencumbered General Fund cash balance not distributed under paragraph (a) until such time as the balance in the fund reaches Forty Million Dollars (\$40,000,000.00).

(c) To the Working Cash-Stabilization Reserve Fund, Two Hundred Eighty-six Million Nine Hundred Fifty-nine Thousand Seven Hundred Ninety-eight Dollars (\$286,959,798.00) of the amount of the unencumbered General Fund cash balance after

the distributions are made under paragraphs (a) and (b); however, if the amount of the unencumbered General Fund cash balance is less than Two Hundred Eighty-six Million Nine Hundred Fifty-nine Thousand Seven Hundred Ninety-eight Dollars (\$286,959,798.00), then the total amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a) and (b) shall be distributed to the Working Cash-Stabilization Reserve Fund. For the purposes of this paragraph (c), the appropriations for the fiscal year shall be the total amount contained in the actual appropriation bills passed by the Legislature.

(d) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a), (b) and (c).

(5) For fiscal year 2016, if any unencumbered General Fund cash balance is available for distribution under this section at the close of the fiscal year, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars (\$750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars (\$750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraph (a).

SECTION 6. Section 27-103-303, Mississippi Code of 1972, is amended as follows:

27-103-303. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Capital Expense Fund.

(2) The Capital Expense Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Capital Expense Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. Interest earned on this fund shall be deposited by the State Treasurer into the State General Fund.

(3) The Capital Expense Fund shall be used for capital expense needs, repair and renovation of state-owned properties and specific expenditures authorized by the Legislature. The Legislature shall designate those capital expense projects, repair and renovation projects and other authorized projects in an appropriation act passed by the Legislature, which shall direct the Executive Director of the Department of Finance and Administration to administer the projects.

(4) In addition to the purposes specified in subsection (3) of this section, the Capital Expense Fund shall be used to provide funds for emergency repairs on state-owned buildings *** upon requisition of the Executive Director of the Department of Finance and Administration. Whenever the executive director determines that funds are immediately needed for emergency repairs on state-owned buildings ***, he or she shall requisition the funds needed from the Capital Expense Fund, which shall be subject to the limitations set forth in this subsection. At the same time he or she makes the requisition, the executive director shall notify the Lieutenant Governor, the Speaker of the House of Representatives, the respective Chairmen of the Senate Appropriations Committee, the Senate Finance Committee, the House Appropriations Committee and the House Ways

and Means Committee and the Legislative Budget Office of his or her determination of the need for the funds, the amount that he or she has requisitioned and where the funds will be used. If the amount requisitioned is available in the Capital Expense Fund, is not allocated for any specific projects as authorized in subsection (3) of this section and is within the limitations set forth below in this subsection, then the executive director may escalate the budget of the Bureau of Building, Grounds and Real Property Management *** to use the full amount of the requisitioned funds for the emergency repairs ***, and transfer that amount to the bureau *** for that purpose. If the amount requisitioned is more than the amount available in the Capital Expense Fund or above the limitations set forth below in this subsection, then the executive director may escalate the budget of the bureau *** to use the amount that is available within the limitations for the emergency repairs ***, and transfer that amount to the bureau *** for that purpose. The maximum amount that may be transferred from the Capital Expense Fund to the bureau *** for any single emergency shall be One Million Dollars (\$1,000,000.00), and the maximum amount that may be transferred to the bureau *** for all emergencies during any fiscal year shall be Five Million Dollars (\$5,000,000.00).

(5) Funds deposited in the Capital Expense Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Capital Expense Fund shall be made except by act of the Legislature making specific reference to the Capital Expense Fund as the source of those funds.

(6) Unexpended funds in the Capital Expense Fund at the end of a fiscal year shall not lapse into the State General Fund but shall remain in the fund for use under this section. Any funds appropriated from the Capital Expense Fund that are unexpended at the end of a fiscal year shall lapse into the Capital Expense Fund.

SECTION 7. During fiscal year 2021, the State Fiscal Officer shall transfer to the Capital Expense Fund out of the following enumerated funds, the amounts listed below from each fund:

FUND	FUND NUMBER	AMOUNT
General Fund	2999000000	\$1.00

SECTION 8. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Harkins offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 67-1-5, Mississippi Code of 1972, is amended as follows:

67-1-5. For the purposes of this chapter and unless otherwise required by the context:

(a) "Alcoholic beverage" means any alcoholic liquid, including wines of more than five percent (5%) of alcohol by weight, capable of being consumed as a beverage by a human being, but shall not include light wine, light spirit product and beer, as defined in Section 67-3-3, Mississippi Code of 1972, but shall include native wines. The words "alcoholic beverage" shall not include ethyl alcohol manufactured or distilled solely for fuel purposes or beer of an alcoholic content of more than eight percent (8%) by weight if the beer is legally manufactured in this state for sale in another state.

(b) "Alcohol" means the product of distillation of any fermented liquid, whatever the origin thereof, and includes synthetic ethyl alcohol, but does not include denatured alcohol or wood alcohol.

(c) "Distilled spirits" means any beverage containing more than four percent (4%) of alcohol by weight produced by distillation of fermented grain, starch, molasses or sugar, including dilutions and mixtures of these beverages.

(d) "Wine" or "vinous liquor" means any product obtained from the alcoholic fermentation of the juice of sound, ripe grapes, fruits, honey or berries and made in accordance with the revenue laws of the United States.

(i) "State Tax Commission," "commission" or "department" means the Department of Revenue of the State of Mississippi, which shall create a division in its organization to be known as the Alcoholic Beverage Control Division. Any reference to the commission or the department hereafter means the powers and duties of the Department of Revenue with reference to supervision of the Alcoholic Beverage Control Division.

(j) "Division" means the Alcoholic Beverage Control Division of the Department of Revenue.

(k) "Municipality" means any incorporated city or town of this state.

Hotels in towns or cities of more than twenty-five thousand (25,000) population are similarly defined except that they must have fifty (50) or more sleeping rooms. Any such establishment described in this paragraph with less than fifty (50) beds shall operate one or more regular dining rooms designed to be constantly frequented by customers each day. When used in this chapter, the word "hotel" shall also be construed to include any establishment that meets the definition of "bed and breakfast inn" as provided in this section.

(m) "Restaurant" means:

(i) A place which is regularly and in a bona fide manner used and kept open for the serving of meals to guests for compensation, which has suitable seating facilities for guests, and which has suitable kitchen facilities connected therewith for cooking an assortment of foods and meals commonly ordered at various hours of the day; the service of such food as sandwiches and salads only shall not be deemed in compliance with this requirement. Except as otherwise provided in this paragraph, no place shall qualify as a restaurant under this chapter unless twenty-five percent (25%) or more of the revenue derived from such place shall be from the preparation, cooking and serving of meals and not from the sale of beverages, or unless the value of food given to and consumed by customers is equal to twenty-five percent (25%) or more of total revenue; or

(ii) Any privately owned business located in a building in a historic district where the district is listed in the National Register of Historic Places, where the building has a total occupancy rating of not less than one thousand (1,000) and where the business regularly utilizes ten thousand (10,000) square feet or more in the building for live entertainment, including not only the stage, lobby or area where the audience sits and/or stands, but also any other portion of the building necessary for the operation of the business, including any kitchen area, bar area, storage area and office space, but excluding any area for parking. In addition to the other requirements of this subparagraph, the business must also serve food to guests for compensation within the building and derive the majority of its revenue from event-related fees, including, but not limited to, admission fees or ticket sales to live entertainment in the building, and from the rental of all or part of the facilities of the business in the building to another party for a specific event or function.

The department may, in its discretion, waive the five-year provision of this paragraph. In order to qualify under this paragraph, a club must file with the department, at the time of its application for a license under this chapter, two (2) copies of a list of the names and residences of its members and similarly file, within ten (10) days after the election of any additional member, his name and address. Each club applying for a license shall also file with the department at the time of the application a copy of its articles of association, charter of incorporation, bylaws or other instruments governing the business and affairs thereof.

(o) "Qualified resort area" means any area or locality outside of the limits of incorporated municipalities in this state commonly known and accepted as a place which regularly and customarily attracts tourists, vacationists and other transients because of its historical, scenic or recreational facilities or attractions, or because of other attributes which regularly and customarily appeal to and attract tourists, vacationists and other transients in substantial numbers; however, no area or locality shall so qualify as a resort area until it has been duly and properly approved as such by the department. The department may not approve an area as a qualified resort area after July 1, 2018, if any portion of such proposed area is located within two (2) miles of a convent or monastery that is located in a county traversed by Interstate 55 and U.S. Highway 98. A convent or monastery may waive such distance restrictions in favor of allowing approval by the department of an area as a qualified resort area. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the convent or monastery having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

(i) The department may approve an area or locality outside of the limits of an incorporated municipality that is in the process of being developed as a qualified resort area if such area or locality, when developed, can reasonably be expected to meet the requisites of the definition of the term "qualified resort area." In such a case, the status of qualified resort area shall not take effect until completion of the development.

(ii) The term includes any state park which is declared a resort area by the department; however, such declaration may only be initiated in a written request for resort area status made to the department by the Executive Director of the Department of Wildlife, Fisheries and Parks, and no permit for the sale of any alcoholic beverage, as defined in this chapter, except an on-premises retailer's permit, shall be issued for a hotel, restaurant or bed and breakfast inn in such park.

(iii) The term includes:

1. The clubhouses associated with the state park golf courses at the Lefleur's Bluff State Park, the John Kyle State Park, the Percy Quin State Park and the Hugh White State Park;

2. The clubhouse and associated golf course, tennis courts and related facilities and swimming pool and related facilities where the golf course, tennis courts and related facilities and swimming pool and related facilities are adjacent to one or more planned residential developments and the golf course and all such developments collectively include at least seven hundred fifty (750) acres and at least four hundred (400) residential units;

3. Any facility located on property that is a game reserve with restricted access that consists of at least three thousand (3,000) contiguous acres with no public roads and that offers as a service hunts for a fee to overnight guests of the facility;

4. Any facility located on federal property surrounding a lake and designated as a recreational area by the United States Army Corps of Engineers that consists of at least one thousand five hundred (1,500) acres;

5. Senator Harkins called up the following entitled bill:

H. B. No. 520: Use tax; revise certain provisions regarding funds distributed to municipalities/counties for road improvements.

Senator Harkins offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-67-35, Mississippi Code of 1972, is amended as follows:

27-67-35. (1) (a) There is hereby created a special fund in the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. The fund shall consist of monies deposited therein under Section 27-67-31(e) and monies from any other source designated for deposit into such fund. Monies in the fund shall be expended by the Department of Revenue to provide funds to assist municipalities in this state in paying costs associated with (i) repair, maintenance and/or reconstruction of roads, streets and bridges in municipalities * * *, (ii) repair, maintenance and/or other improvements to water infrastructure and sewer infrastructure and/or (iii) as a pledge to pay all or a portion of debt service on debt issued by a municipality for such purposes. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the fund.

(b) (i) Subject to the provisions of this paragraph (b) and Section 65-21-31, funds provided to municipalities under this subsection (1) shall be allocated and distributed to municipalities as follows:

1. Three Million Dollars (\$3,000,000.00) shall be allocated to all municipalities in equal shares, and

2. The remainder of the funds allocated as follows:

a. One-half (1/2) shall be allocated to municipalities based on the proportion that the population of a municipality according to the most recent federal decennial census bears to the total population of all municipalities in the state according to the most recent federal decennial census, and

b. One-half (1/2) shall be allocated to municipalities based on the proportion that the amount of sales tax revenue distributed to a municipality during the preceding fiscal year under Section 27-65-75(1)(a) bears to the total amount of sales tax revenue distributed to all municipalities during the preceding fiscal year under Section 27-65-75(1)(a). The Department of Revenue shall distribute funds under this

subsection (1) on a semiannual basis with distributions being made in the months of January and July.

(ii) In order to be eligible to receive the full amount of funds allocated for distribution to a municipality during a year under this subsection (1), the municipality must have expended an amount not less than the amount of base expenditures during the previous municipal fiscal year for the purposes described in paragraph (a) of this subsection (1). If a municipality fails to expend such required amount, then the amount of funds allocated for distribution to the municipality shall be reduced by the percentage by which the municipality failed to expend the amount of base expenditures. For the purposes of this subsection (1), "base expenditures" means the average annual expenditures made by a municipality for purposes described in paragraph (a) of this subsection (1) for the five-year period beginning October 1, 2013, and ending September 30, 2018. However, for the purposes of calculating the average annual expenditures for such five-year period, the year within the period with the highest annual expenditures for such purposes and the year within the period with the lowest annual expenditures for such purposes shall be excluded when calculating the average annual expenditures for the five-year period. Expenditure of grant proceeds, loan proceeds, or the proceeds of bonds issued by a municipality for the purposes described in paragraph (a) of this subsection (1) shall not be considered when calculating the base period. Beginning July 1, 2020, and each succeeding July 1 thereafter, the amount of the base expenditures shall be adjusted and compounded annually by increasing or decreasing such amount by a percentage amount equal to the United States inflation rate for the previous calendar year ending on December 31 as certified by the Department of Revenue. The United States inflation rate for a calendar year shall be the Consumer Price Index for the calendar year for urban consumers as calculated by the Bureau of Labor Statistics of the United States Department of Labor.

(c) The Department of Revenue and the Department of Audit shall have all powers necessary to ensure the proper implementation of this subsection (1).

(2) (a) There is hereby created a special fund in the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. The fund shall consist of monies deposited therein under Section 27-67-31(f) and monies from any other source designated for deposit into such fund. Monies in the fund shall be expended by the Department of Revenue to provide funds to assist counties in this state in paying costs associated with the repair, maintenance and/or reconstruction of roads, streets and bridges in counties and/or as a pledge to pay all or a portion of debt service on debt issued by a county for such purposes. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the fund.

(b) (i) Subject to the provisions of this paragraph (b) and Section 65-21-31, funds provided to counties under this subsection (2) shall be allocated and distributed to counties in the following proportions:

1. One-third (1/3) shall be allocated to all counties in equal shares,

2. One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state, and

3. One-third (1/3) shall be allocated to counties based on the proportion that the rural population of a county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

The Department of Revenue shall distribute funds under this subsection (2) on a semiannual basis with distributions being made in the months of January and July. Rural road miles and rural road population in the counties shall be determined in the same manner as they are determined for the purposes of the distribution formula in Section 65-9-3.

(ii) From and after July 1, 2020, of the funds allocated for distribution to a county during a year under this subsection (2), the maximum amount of such funds that may be distributed to the county during that year shall not exceed the amount of county funds expended by the county during the previous county fiscal year for purposes described in paragraph (a) of this subsection (2). Expenditure of the proceeds of bonds issued by a county to pay costs associated with the repair, maintenance and/or reconstruction of roads, streets and bridges shall not be considered when determining the amount of county funds expended by the county during the previous county fiscal year.

(c) The Department of Revenue and the Department of Audit shall have all powers necessary to ensure the proper implementation of this subsection (2).

SECTION 2. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-67-35, MISSISSIPPI CODE OF 1972, WHICH CREATES SPECIAL FUNDS IN THE STATE TREASURY TO BE USED TO PROVIDE FUNDS TO ASSIST MUNICIPALITIES IN PAYING COSTS ASSOCIATED WITH ROAD AND BRIDGE IMPROVEMENTS AND WATER AND SEWER INFRASTRUCTURE IMPROVEMENTS AND TO ASSIST COUNTIES IN PAYING COSTS ASSOCIATED WITH ROAD AND BRIDGE IMPROVEMENTS, TO PROVIDE THAT A MUNICIPALITY OR COUNTY MAY USE SUCH FUNDS AS A PLEDGE TO PAY ALL OR A PORTION OF DEBT SERVICE ON DEBT ISSUED BY THE MUNICIPALITY OR COUNTY FOR SUCH PURPOSES; AND FOR RELATED PURPOSES.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) The holder of a delivery service permit under Section 67-1-51:

(a) May contract with the holder of a package retailer's permit or an on-premises retailer's permit under Section 67-1-51 or the holder of a beer, light wine and light spirit product retail permit under Section 67-3-19 for the purpose of intrastate delivery of alcoholic beverages or beer, light wine and light spirit product, as authorized to be sold under the respective permits;

(c) May use its own employees or independent contractors who are at least twenty-one (21) years of age to deliver such alcoholic beverages, beer, light wine or light spirit product under this section, provided all delivery agents are trained and certified consistent with the training program submitted to the division as required by subsection (2)(d) of this section. If independent contractors are used, the delivery service permittee must enter into a contract with the retailer as required by subsection (2)(c) of this section;

(d) May facilitate orders by telephone, internet or other electronic means for the sale and delivery of alcoholic beverages, beer, light wine or light spirit product under this section. The full amount of each order must be handled in a manner that gives the retail permittee control over the ultimate receipt of payment from the consumer. The retail permittee shall remain responsible for the proper remittance of all applicable taxes on the sale of the product;

(e) May deliver only sealed containers of alcoholic beverages, beer, light wine or light spirit product to an individual in Mississippi;

(f) Shall obtain from the customer a confirmation that he or she is at least twenty-one (21) years of age at the time the order is placed;

(g) Shall place a stamp, print or label on the outside of the sealed package to indicate that the sealed package contains alcoholic beverages, beer, light wine or light spirit product;

(h) Shall require the recipient, at the time of delivery, to provide valid photo identification verifying he or she is at least twenty-one (21) years of age and to sign for the delivery;

(i) Shall possess identification scanning software technology or a state-of-the-art alternative at the point of delivery to verify the recipient is at least twenty-one (21) years of age and to collect the recipient's name and date of birth. Records relating to this verification shall be maintained for at least ninety (90) days and shall be subject to review by the division;

(j) Shall return all alcoholic beverages, beer, light wine or light spirit product to the retailer if the recipient is under the age of twenty-one (21) years, appears intoxicated, fails to provide proof of identification, fails or refuses to sign for delivery, fails to complete the identification verification process or declines to accept delivery, or if any circumstances in the delivery environment indicate illegal conduct, overconsumption of alcohol, or an otherwise unsafe environment for the consumption of alcohol;

(l) May not deliver any alcoholic beverage, beer, light wine or light spirit product to any person located within a jurisdiction that is dry for that product, as provided by the division's wet-dry map;

(m) May not deliver any alcoholic beverage, beer, light wine or light spirit product in a jurisdiction during times prohibited for lawful sale in that jurisdiction;

(b) Pay the privilege license tax of Five Hundred Dollars (\$500.00) as provided in Section 27-71-5;

(c) Provide to the division a sample contract that the applicant intends to enter into with a retailer for the delivery of alcoholic beverages, beer, light wine or light spirit product, unless the applicant is the retailer;

(g) Shall be properly registered to conduct business in Mississippi.

(3) Nothing in this section shall be construed to require a technology services company to obtain a delivery service permit if the company does not employ or contract with delivery agents but merely provides software or a digital network application that connects consumers and licensed retailers for the delivery of alcoholic beverages from the licensed retailer. However, the act of connecting consumers to licensed retailers shall serve to grant jurisdiction to the State of Mississippi.

(4) The division may enforce the requirements of this section by the same administrative proceedings that apply to other alcoholic beverage licenses or permits, including, without limitation, any disciplinary action applicable to the package retailer's permittee, on-premises retailer's permittee, retail permittee for beer, light wine or light spirit product, or delivery service permittee resulting from any unlawful sale to a minor.

(5) The division may enforce the requirements of this section against the package retailer's permittee, on-premises retailer's permittee, retail permittee for beer, light wine or light spirit product, or delivery service permittee, and any employee or independent contractor of such permittee. If a package retailer permittee, an on-premises retailer's permittee, or a retail permittee for beer, light wine or light spirit product is also a delivery permittee, a violation of alcohol law by its employee or independent contractor during delivery will subject both the retailer permit and the delivery service permit to disciplinary action for the violation. Delivery to a minor shall be treated as furnishing to a minor and shall result in any applicable disciplinary action.

(6) Nothing in this section shall be construed to limit or otherwise diminish the ability of the division to enforce the provisions of Chapters 1 and 3, Title 67, Mississippi Code of 1972, with respect to the liability of any package retailer's permittee, on-premises retailer's permittee, retail permittee for beer, light wine or light spirit product, or delivery service permittee engaging in delivery activity authorized by this section.

A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. SECTION 1. Section 27-7-309, Mississippi Code of 1972, is amended as follows:

27-7-309. (1) (a) Except as otherwise provided in this subsection, every employer required to deduct and withhold from wages under this article shall, for each calendar quarter, on or before the fifteenth day of the month following the close of such calendar quarter, file a withholding return as prescribed by the commissioner and pay over to the commissioner the full amount required to be deducted and withheld from wages by such employer for the calendar quarter. Provided that the commissioner may, by regulation, provide that every such employer shall, on or before the fifteenth day of each month, pay over to the commissioner or a depository designated by the commissioner, the amount required to be deducted and withheld by such employer for the preceding month, if such amount is One Hundred Dollars (\$100.00) or more. Returns and payments placed in the

mail must be postmarked by the due date in order to be timely filed, except when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed.

(b) An employer having an average monthly withholding tax liability of at least Fifty Thousand Dollars (\$50,000.00) for the preceding calendar year shall pay to the Department of Revenue on or before June 25, 2014, and on or before the twenty-fifth day of June of each succeeding year thereafter through June 30, 2021, an amount equal to at least seventy-five percent (75%) of such employer's estimated withholding tax liability for the month of June of the current taxable year, or an amount equal to at least seventy-five percent (75%) of the employer's withholding tax liability for the month of June of the preceding taxable year. From and after July 1, 2021, through June 30, 2022, the payment required on or before the twenty-fifth day of June shall be equal to at least fifty percent (50%) of such employer's estimated withholding tax liability for the month of June of the current taxable year, or an amount equal to at least fifty percent (50%) of the employer's withholding tax liability for the month of June of the preceding taxable year. From and after July 1, 2022, through June 30, 2023, the payment required on or before the twenty-fifth day of June shall be equal to at least twenty-five percent (25%) of such employer's estimated withholding tax liability for the month of June of the current taxable year, or an amount equal to at least twenty-five percent (25%) of the employer's withholding tax liability for the month of June of the preceding taxable year. From and after July 1, 2024, no payment shall be required on or before the twenty-fifth day of June, but payment for the month of June shall be the same as for the other months of the year.

Payments required to be made before July 1, 2024, under this paragraph must be received by the Department of Revenue no later than June 25 in order to be considered timely made. An employer that fails to comply with the requirements of this paragraph may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this paragraph and the employer's actual withholding tax liability for the month of June for which the estimated payment was required to be made. This paragraph shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political subdivision of the State of Mississippi. Payments made pursuant to this paragraph for the month of June, less One Hundred Thousand Dollars (\$100,000.00) thereof to be retained by the Department of Revenue each year to defray the costs of collection, shall be deposited by the Department of Revenue into the State General Fund.

(c) The commissioner may promulgate rules and regulations to require or permit filing periods of any duration, in lieu of monthly or quarterly filing periods, for any taxpayer or group thereof.

(2) Notwithstanding any of the other provisions of this section, all transient employers and all employers engaged in any business which is seasonal shall make return and pay over to the commissioner on a monthly basis, the full amounts required to be deducted and withheld from the wages by such employer for the calendar month. Such returns and payments to the commissioner by such employers shall be made on or before the fifteenth day of the month following the month for which such amounts were deducted and withheld from the wages of his employees. The commissioner shall have the authority to issue reasonable rules and regulations designating or classifying those transient and seasonal employers.

(3) If the commissioner, in any case, has justifiable reason to believe that the collection of funds required to be withheld by any employer as provided herein is in jeopardy, he may require the employer to file a return and pay such amount required to be withheld at any time.

(4) Every employer who fails to withhold or pay to the commissioner any sums required by this article to be withheld and paid, shall be personally and individually liable therefor, except as provided in Section 27-7-307; and any sum or sums withheld in accordance with the provisions of this article shall be deemed to be held in trust for the State of Mississippi and shall be recorded by the employer in a ledger account so as to clearly indicate the amount of tax withheld and that the amount is the property of the State of Mississippi.

(5) Once an employer has become liable to a quarterly return of withholding, he must continue to file a quarterly report, even though no tax has been withheld, until such time as he notifies the commissioner, in writing, that he no longer has employees or that he is no longer liable for such quarterly returns.

(6) Once an employer has become liable to a monthly return of withholding, he must continue to file a monthly report, even though no tax has been withheld until such time as he notifies the commissioner, in writing, that he no longer has employees or that he is no longer liable for such monthly returns.

(7) Magnetic media reporting may be required in a manner to be determined by the commissioner.

SECTION 2. Section 27-65-33, Mississippi Code of 1972, is amended as follows:

27-65-33. (1) (a) Except as otherwise provided in this section, the taxes levied by this chapter shall be due and payable on or before the twentieth day of the month next succeeding the month in which the tax accrues, except as otherwise provided. Returns and payments placed in the mail must be postmarked by the due date in order to be considered timely filed, except when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. The taxpayer shall make a return showing the gross proceeds of sales or the gross income of the business, and any and all allowable deductions, or exempt sales, and compute the tax due for the period covered.

(b) As compensation for collecting sales and use taxes, complying fully with the applicable statutes, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

(i) The compensation or discount shall not apply to taxes levied under the provisions of Sections 27-65-19 and 27-65-21, or on charges for ginning cotton under Section 27-65-23.

(ii) The compensation or discount shall not apply to taxes collected by a county official or state agency.

(iii) The compensation or discount shall not exceed Fifty Dollars (\$50.00) per month, or Six Hundred Dollars (\$600.00) per calendar year, per business location on each state sales tax return, or on each use tax return.

(iv) The compensation or discount shall not apply to any wholesale tax, the rate of which is equal to or greater than the tax rate applicable to retail sales of the same property or service. The retailer of such items shall be entitled to the compensation based on the tax computed on retail sales before application of the credit for any tax paid to the wholesaler, jobber or other person.

(v) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

(c) As compensation for collecting any tax imposed under the authority of a local and private law of the State of Mississippi which is collected and paid to the Department of Revenue in the same or similar manner that state sales taxes are collected and paid, complying fully with such applicable law, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

(i) The compensation or discount shall not apply to taxes collected by a county official or state agency.

(ii) The compensation or discount shall not exceed Fifty Dollars (\$50.00) per month, or Six Hundred Dollars (\$600.00) per calendar year, per business location on each tax return.

(iii) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

(2) A taxpayer required to collect sales taxes under this chapter and having an average monthly sales tax liability of at least Fifty Thousand Dollars (\$50,000.00) for the preceding calendar year shall pay to the Department of Revenue on or before June 25, 2014, and on or before the twenty-fifth day of June of each succeeding year thereafter through June 30, 2021, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated sales tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's sales tax liability for the month of June of the preceding calendar year. From and after July 1, 2021, through June 30, 2022, the payment required on or before the twenty-fifth day of June shall be equal to at least fifty percent (50%) of such employer's estimated sales tax liability for the month of June of the current taxable year, or an amount equal to at least fifty percent (50%) of the employer's sales tax liability for the month of June of the preceding taxable year. From and after July 1, 2022, through June 30, 2023, the payment required on or before the twenty-fifth day of June shall be equal to at least twenty-five percent (25%) of such employer's estimated sales tax liability for the month of June of the current taxable year, or an amount equal to at least twenty-five percent (25%) of the employer's sales tax liability for the month of June of the preceding taxable year. From and after July 1, 2024, no payment shall be required on or before the twenty-fifth day of June, but payment for the month of June shall be the same as for the other months of the year.

For the purposes of calculating a taxpayer's estimated sales tax liability for the month of June of the current calendar year, the taxpayer does not have to include taxes due on credit sales for which the taxpayer has not received payment before June 20. Payments required to be made before July 1, 2024, under this subsection must be received by the Department of Revenue no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual sales tax liability for the month of June for which the estimated payment was required to be made. Payments made by a taxpayer under this subsection shall not be considered to be collected for the purposes of any sales tax diversions required by law until the taxpayer files a return for the actual sales taxes collected during the month of June. This subsection shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political subdivision of the State of Mississippi.

(3) All returns shall be sworn to by the taxpayer, if made by an individual, or by the president, vice president, secretary or treasurer of a corporation, or authorized agent, if made on behalf of a corporation. If made on behalf of a partnership, joint venture,

association, trust, estate, or in any other group or combination acting as a unit, any individual delegated by such firm shall swear to the return on behalf of the taxpayer. The commissioner may prescribe methods by which the taxpayer may swear to his return.

(4) The commissioner may promulgate rules and regulations to require or permit filing periods of any duration, in lieu of monthly filing periods, for any taxpayer or group thereof.

(5) The commissioner may require the execution and filing by the taxpayer with the commissioner of a good and solvent bond with some surety company authorized to do business in Mississippi as surety thereon in an amount double the aggregate tax liability by such taxpayer for any previous three-month period within the last calendar year or estimated three (3) months' tax liability. The bond is to be conditioned for the prompt payment of such taxes as may be due for each such return.

(6) The commissioner, for good cause, may grant such reasonable additional time within which to make any return required under the provisions of this chapter as he may deem proper, but the time for filing any return shall not be extended beyond the twentieth of the month next succeeding the regular due date of the return without the imposition of interest at the rate of one-half of one percent ($1/2$ of 1%) per month or fractional part of a month from the time the return was due until the tax is paid.

(7) For persistent, willful or recurring failure to make any return and pay the tax shown thereby to be due by the time specified, there shall be added to the amount of tax shown to be due ten percent (10%) damages, or interest at the rate of one-half of one percent ($1/2$ of 1%) per month, or both.

(8) Any taxpayer may, upon making application therefor, obtain from the commissioner an extension of time for the payment of taxes due on credit sales until collections thereon have been made. When such extension is granted, the taxpayer shall thereafter include in each monthly or quarterly report all collections made during the preceding month or quarter, and shall pay the taxes due thereon at the time of filing such report. Such permission may be revoked or denied at the discretion of the commissioner when, in his opinion, a total sales basis will best reflect the taxable income or expedite examination of the taxpayer's records.

(9) Any taxpayer reporting credit sales before collection thereof has been made may take credit on subsequent returns or reports for bad debts actually charged off, if such amounts charged off have previously been included in taxable gross income or taxable gross proceeds of sales, as the case may be, and the tax paid thereon. However, any amounts subsequently collected on accounts that have been charged off as bad debts shall be included in subsequent reports and the tax shall be paid thereon.

(10) In cases where an extension of time has been granted by the commissioner for payment of taxes due on credit sales and the taxpayer thereafter discontinues the business, such taxpayer shall be required to file with the commissioner within ten (10) days, or such further time as the commissioner may direct, from the date of the discontinuance of such business, a special report showing the amounts of any credit sales which have not been included in determining the measure of the tax previously paid and any other information with reference to credit sales as the commissioner may require. The commissioner shall thereupon investigate the facts with reference to credit sales and the condition of the accounts, and shall determine, from the best evidence available, the value of all open accounts, notes or other evidence of debt arising from credit sales. The value of all notes, open accounts and other evidence of debt, as thus determined by the commissioner, shall be used in determining the amount of the tax for which such taxpayer shall be liable. When the amount of the tax shall have been ascertained, the taxpayer shall be required to pay the same within ten (10) days or such further time as the commissioner may allow, notwithstanding the fact that such note or accounts may still remain uncollected.

SECTION 3. Section 27-67-17, Mississippi Code of 1972, is amended as follows:

27-67-17. (1) Except as otherwise provided in this section, the commissioner shall collect the tax imposed by this article, and every person subject to its provisions shall remit to the commissioner, on or before the twentieth day of each month, the amount of tax due by such person for the preceding calendar month. Returns and payments placed in the mail must be postmarked by the due date in order to be timely filed, except that when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. Every taxpayer shall file a return with his remittance, which return shall be prescribed by the commissioner and shall show for the calendar month preceding the tax payment date, the total sale or purchase price, or value of tangible personal property or specified digital products sold, used, stored or consumed by him for benefit received or service performed, and such other information as the commissioner may deem pertinent and necessary for determining the amount of tax due thereunder.

(2) The commissioner, in his discretion, may authorize in writing the filing of returns and the payment of tax on a quarterly basis by any person required or authorized to pay the tax imposed, such authority to be subject to revocation for good cause by the commissioner.

(3) In instances where it is impractical to file returns and pay the tax monthly or quarterly, the commissioner may authorize the filing of semiannual or annual returns.

(4) A taxpayer required to collect use taxes under this article and having an average monthly use tax liability of at least Fifty Thousand Dollars (\$50,000.00) for the preceding calendar year shall pay to the Department of Revenue on or before June 25, 2014, and on or before the twenty-fifth day of June of each succeeding year thereafter through June 30, 2021, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated use tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's use tax liability for the month of June of the preceding calendar year. From and after July 1, 2021, through June 30, 2022, the payment required on or before the twenty-fifth day of June shall be equal to at least fifty percent (50%) of such employer's estimated use tax liability for the month of June of the current taxable year, or an amount equal to at least fifty percent (50%) of the employer's use tax liability for the month of June of the preceding taxable year. From and after July 1, 2022, through June 30, 2023, the payment required on or before the twenty-fifth day of June shall be equal to at least twenty-five percent (25%) of such employer's estimated use tax liability for the month of June of the current taxable year, or an amount equal to at least twenty-five percent (25%) of the employer's use tax liability for the month of June of the preceding taxable year. From and after July 1, 2024, no payment shall be required on or before the twenty-fifth day of June, but payment for the month of June shall be the same as for the other months of the year.

Payments required to be made before July 1, 2024, under this subsection must be received by the Department of Revenue no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual use tax liability for the month of June for which the estimated payment was required to be made. Payments made by a taxpayer under this subsection shall not be considered to be collected for the purposes of any use tax diversions required by law until the taxpayer files a return for the actual use taxes collected during the month of June. This subsection shall not apply to any agency, department or instrumentality of the United States, any agency, department, institution, instrumentality or political subdivision of the State of Mississippi, or any agency, department, institution or instrumentality of any political subdivision of the State of Mississippi.

(5) The commissioner, in his discretion, may authorize the computation of the tax on the basis of a formula in lieu of direct accounting of specific properties in instances where such method will expedite, simplify or provide a more equitable means of determining liability under this article. All formulas shall be subject to revocation for good cause by the commissioner.

SECTION 4. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-7-309, MISSISSIPPI CODE OF 1972, TO PHASE OUT, BY JULY 1, 2024, THE REQUIREMENT THAT EMPLOYERS WITH AN AVERAGE MONTHLY WITHHOLDING TAX LIABILITY OF AT LEAST \$50,000.00 FOR THE PRECEDING CALENDAR YEAR REMIT, ON OR BEFORE JUNE 25, AT LEAST 75% OF THEIR ESTIMATED JUNE WITHHOLDING TAX LIABILITY FOR THE CURRENT TAXABLE YEAR OR AT LEAST 75% OF THEIR JUNE WITHHOLDING TAX LIABILITY FOR THE PRECEDING TAXABLE YEAR; TO AMEND SECTION 27-65-33, MISSISSIPPI CODE OF 1972, TO PHASE OUT, BY JULY 1, 2024, THE REQUIREMENT THAT TAXPAYERS WITH AN AVERAGE MONTHLY SALES TAX LIABILITY OF AT LEAST \$50,000.00 FOR THE PRECEDING CALENDAR YEAR REMIT, ON OR BEFORE JUNE 25, AT LEAST 75% OF THEIR ESTIMATED JUNE SALES TAX LIABILITY FOR THE CURRENT TAXABLE YEAR OR AT LEAST 75% OF THEIR JUNE SALES TAX LIABILITY FOR THE PRECEDING TAXABLE YEAR; TO AMEND SECTION 27-67-17, MISSISSIPPI CODE OF 1972, TO PHASE OUT, BY JULY 1, 2024, THE REQUIREMENT THAT EMPLOYERS WITH AN AVERAGE MONTHLY USE TAX LIABILITY OF AT LEAST \$50,000.00 FOR THE PRECEDING CALENDAR YEAR REMIT, ON OR BEFORE JUNE 25, AT LEAST 75% OF THEIR ESTIMATED JUNE USE TAX LIABILITY FOR THE CURRENT TAXABLE YEAR OR AT LEAST 75% OF THEIR JUNE USE TAX LIABILITY FOR THE PRECEDING TAXABLE YEAR; AND FOR RELATED PURPOSES.

SECTION 15. Section 73-7-19, Mississippi Code of 1972, is reenacted as follows:

73-7-19. (1) Except as provided in Section 33-1-39, all licenses shall be renewed biennially under the fee schedule in Section 73-7-29. Applications for renewal of licenses for cosmetologists, estheticians, manicurists and instructors must be accompanied by the required renewal fee. A grace period of sixty (60) days will be given in which to renew the license; and upon the expiration of the grace period of sixty (60) days, any applicant for the renewal of a license will be required to pay the required renewal fee and a delinquent fee in addition to the renewal fee. The fees may be paid by either personal or certified check, cash or money order, under such safeguards, rules and regulations as the board may prescribe. Checks returned to the board because of insufficient funds shall result in nonrenewal of the license, which will require the penalty fee for insufficient fund checks plus all other amounts due for renewal of the license before the license may be renewed. After one (1) year has passed from the expiration date of the license, a delinquent fee must be paid for each year up to three (3) years, after which the required examination must be taken. All applications for examination required by this chapter shall expire ninety (90) days from the date thereof.

(2) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64.

(d) Has a high school education or its equivalent.

(2) Licensed manicurists desiring to pursue additional hours to be eligible for a license as a cosmetologist may be credited with the three hundred fifty (350) hours acquired in studying and training to be a manicurist which may be applied to the number of hours required for a cosmetology license examination.

(3) The board shall adopt regulations governing the use of electric nail files for the purpose of filing false or natural nails.

(4) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64.

SECTION 17. Section 73-7-23, Mississippi Code of 1972, is reenacted as follows:

73-7-23. (1) The board may, upon application, issue a license by reciprocity to any cosmetologist, esthetician or manicurist over the age of seventeen (17) years from any other state who has satisfactorily completed the required number of accredited hours in that state, provided the state board from which the applicant comes issues to cosmetologists, estheticians or manicurists, as the case may be, from the State of Mississippi a license under the same conditions. Applications must be accompanied by (a) proof satisfactory to the board that the required hours have been completed, and (b) the required reciprocity fee, which shall be paid to the board.

(2) An instructor from any other state may be qualified for a Mississippi instructor's license upon presenting a valid instructor's license and proof of a high school education or its equivalent, provided that the instructor (a) is not less than twenty-one (21) years of age, (b) has completed training equivalent to the State of Mississippi's training as provided in Section 73-7-15 or has three (3) years or more of experience as a licensed instructor prior to application, (c) can read, write and speak English, (d) has completed twelve (12) semester hours in college courses approved by the board, and (e) has completed a minimum of five (5) continuing education hours in Mississippi board laws, rules and regulations. Such application must be accompanied by two (2) recent passport photographs of the applicant. Applicants shall pay the required license fee.

(3) An applicant for a Mississippi instructor's license by reciprocity who has not completed the college courses requirement at the time of application may apply for a onetime temporary teaching permit, which shall be valid for six (6) months and shall be nonrenewable. Such application must be accompanied by proof of enrollment in college course(s), required permit fee, two (2) recent passport photographs of the applicant and other documentation as required for application for a Mississippi instructor's license by reciprocity. Upon proof of completion of college courses and payment of the required license fee, a Mississippi instructor's license shall be issued.

(4) The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

SECTION 18. Section 73-7-25, Mississippi Code of 1972, is reenacted as follows:

73-7-25. Every demonstrator in the field of cosmetology shall, before making demonstrations in a salon or school, apply for and obtain a permit from the board. For such permit, which shall be for one (1) year, the required fee shall be paid to the board. This section shall be construed to apply to demonstrators in salons and schools.

SECTION 19. Section 73-7-27, Mississippi Code of 1972, is reenacted as follows:

73-7-27. (1) Any complaint may be filed with the board by a member or agent of the board or by any person charging any licensee of the board with the commission of any of the offenses enumerated in subsection (2) of this section. Such complaint shall be in writing, signed by the accuser or accusers, and verified under oath, and such complaints shall be investigated as set forth in Section 73-7-7. If, after the investigation, the board through its administrative review agents determines that there is not

substantial justification to believe that the accused licensee has committed any of the offenses enumerated, it may dismiss the complaint or may prepare a formal complaint proceeding against the licensee as hereinafter provided. When used with reference to any complaint filed against a licensee herein, the term "not substantial justification" means a complaint that is frivolous, groundless in fact or law, or vexatious, as determined by unanimous vote of the board. In the event of a dismissal, the person filing the accusation and the accused licensee shall be given written notice of the board's determination. If the board determines there is reasonable cause to believe the accused has committed any of those offenses, the secretary of the board shall give written notice of such determination to the accused licensee and set a day for a hearing as provided in subsection (3) of this section.

(2) The board shall have the power to revoke, suspend or refuse to issue or renew any license or certificate provided for in this chapter, and to fine, place on probation and/or otherwise discipline a student or licensee or holder of a certificate, upon proof that such person: (a) has not complied with or has violated any of the rules and regulations promulgated by the board; (b) has not complied with or has violated any of the sections of this chapter; (c) has committed fraud or dishonest conduct in the taking of the examination herein provided for; (d) has been convicted of a felony; (e) has committed grossly unprofessional or dishonest conduct; (f) is addicted to the excessive use of intoxicating liquors or to the use of drugs to such an extent as to render him or her unfit to practice in any of the practices or occupations set forth in this chapter; (g) has advertised by means of knowingly false or deceptive statements; or (h) has failed to display the license or certificate issued to him or her as provided for in this chapter; or (i) has been convicted of violating any of the provisions of this chapter. A conviction of violating any of the provisions of this chapter shall be grounds for automatic suspension of the license or certificate of such person.

(3) The board shall not revoke, suspend or refuse to issue or renew any license or certificate, or fine, place on probation or otherwise discipline any person in a disciplinary matter except after a hearing of which the applicant or licensee or holder of the certificate affected shall be given at least twenty (20) days' notice in writing, specifying the reason or reasons for denying the applicant a license or certificate of registration, or in the case of any other disciplinary action, the offense or offenses of which the licensee or holder of a certificate of registration is charged. Such notice may be served by mailing a copy thereof by United States first-class certified mail, postage prepaid, to the last-known residence or business address of such applicant, licensee or holder of a certificate. The hearing on such charges shall be at such time and place as the board may prescribe.

(4) At such hearings, all witnesses shall be sworn by a member of the board, and stenographic notes of the proceedings shall be taken. Any party to the proceedings desiring it shall be furnished with a copy of such stenographic notes upon payment to the board of such fees as it shall prescribe, not exceeding, however, the actual costs of transcription.

(5) The board is hereby authorized and empowered to issue subpoenas for the attendance of witnesses and the production of books and papers. The process issued by the board shall extend to all parts of the state and such process shall be served by any person designated by the board for such service. The person serving such process shall receive such compensation as may be allowed by the board, not to exceed the fee prescribed by law for similar services. All witnesses who shall be subpoenaed, and who shall appear in any proceedings before the board, shall receive the same fees and mileage as allowed by law.

(6) Where in any proceeding before the board any witness shall fail or refuse to attend upon subpoena issued by the board, shall refuse to testify, or shall refuse to produce any books and papers, the production of which is called for by the subpoena, the attendance of such witness and the giving of his testimony and the production of the books and papers shall be enforced by any court of competent jurisdiction of this state, in the same manner as are enforced for the attendance and testimony of witnesses in civil cases in the courts of this state.

(7) The board shall conduct the hearing in an orderly and continuous manner, granting continuances only when the ends of justice may be served. The board shall,

within sixty (60) days after conclusion of the hearing, reduce its decision to writing and forward an attested true copy thereof to the last-known residence or business address of such applicant, licensee or holder of a certificate, by way of United States first-class certified mail, postage prepaid. Such applicant, licensee, holder of a certificate, or person aggrieved shall have the right of appeal from an adverse ruling, or order, or decision of the board to the Chancery Court of the First Judicial District of Hinds County, Mississippi, upon forwarding notice of appeal to the board within thirty (30) days after the decision of the board is mailed in the manner here contemplated. An appeal will not be allowed in the event notice of appeal, together with the appeal bond hereinafter required, shall not have been forwarded to the board within the thirty-day period. Appeal shall be to the Chancery Court of the First Judicial District of Hinds County, Mississippi. The appeal shall thereupon be heard in due course by the court which shall review the record and make its determination thereon.

(8) The appellant shall, together with the notice of appeal, forward to and post with the board a satisfactory bond in the amount of Five Hundred Dollars (\$500.00) for the payment of any costs which may be adjudged against him.

(9) In the event of an appeal, the court shall dispose of the appeal and enter its decision promptly. The hearing on the appeal may, in the discretion of the chancellor, be tried in vacation. If there is an appeal, such appeal may, in the discretion of and on motion to the chancery court, act as a supersedeas. However, any fine imposed by the board under the provisions of this chapter shall not take effect until after the time for appeal has expired, and an appeal of the imposition of such a fine shall act as a supersedeas.

(10) Any fine imposed by the board upon a licensee or holder of a certificate shall be in accordance with the following schedule:

(a) For the first violation, a fine of not less than Fifty Dollars (\$50.00) nor more than One Hundred Dollars (\$100.00) for each violation.

(b) For the second and each subsequent violation, a fine of not less than One Hundred Dollars (\$100.00) nor more than Four Hundred Dollars (\$400.00) for each violation.

The power and authority of the board to impose such fines under this section shall not be affected or diminished by any other proceeding, civil or criminal, concerning the same violation or violations.

(11) In addition to the reasons specified in subsection (2) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

No work shall be performed on any patron having a visible disease unless the patron shall produce a certificate from a practicing physician stating that the patron is free from infectious,

A home salon must have a solid wall to the ceiling with an outside entrance, or if a door exists between the salon and the remainder of the house, the door must be kept closed at all times while service is being rendered.

73-7-35. (1) No person licensed pursuant to this chapter shall practice his or her profession except within the physical confines of a salon possessing and displaying a properly executed license issued pursuant to Section 73-7-17. However, this requirement shall not prevent a person from rendering his or her services to any person who may be confined to his or her home, a hospital, or other place as a result of illness, and cosmetologists shall be permitted to render their services to deceased persons away from their salons.

(2) No salon owner licensed pursuant to this chapter shall allow a cosmetologist, esthetician, or manicurist to practice his/her profession in the salon without possessing a valid license issued pursuant to this chapter.

Upon the filing of a verified petition in the chancery court and after notice as provided under the Mississippi Rules of Civil Procedure, such court, if satisfied by the sworn petition, by affidavit or otherwise, that such person has violated any of the provisions of this chapter, may issue an injunction without notice or bond, enjoining such continued violation and such injunction shall remain in force and effect until a final hearing. If at such hearing it is established that such person has violated or is violating any of the provisions of this chapter, the court may enter a decree permanently enjoining such violation or enforcing compliance with this chapter. In addition, the court may enter a judgment against such person for attorney's fees, court costs and the actual costs incurred by the board in investigating the actions of such person for which the board brought the suit for an injunction. In case of violation of any decree issued in compliance with this subsection, the court may punish the offender for contempt of court and the court shall proceed as in other cases.

(3) The proceedings in this section shall be in addition to and not in lieu of the other remedies and penalties provided in this chapter.

SECTION 26. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

The fees may be paid by either personal or certified check, cash or money order, under such safeguards, rules and regulations as the board may prescribe. Checks returned to the board because of insufficient funds shall result in nonrenewal of the license, which will require the penalty fee for insufficient fund checks plus all other amounts due for renewal of the license before the license may be renewed. After one (1) year has passed from the expiration date of the license, a delinquent fee must be paid for each year up to three (3) years, after which the required examination must be taken. Applications must be accompanied by (a) proof satisfactory to the board that the required hours have been completed, and (b) the required reciprocity fee, which shall be paid to the board.

Such application must be accompanied by proof of enrollment in college course(s), required permit fee, two (2) recent passport photographs of the applicant and other documentation as required for application for a Mississippi instructor's license by reciprocity. Upon proof of completion of college courses and payment of the required license fee, a Mississippi instructor's license shall be issued.

Such complaint shall be in writing, signed by the accuser or accusers, and verified under oath, and such complaints shall be investigated as set forth in Section 73-7-7. If, after the investigation, the board through its administrative review agents determines that there is not substantial justification to believe that the accused licensee has committed any of the offenses enumerated, it may dismiss the complaint or may prepare a formal complaint proceeding against the licensee as hereinafter provided. When used with reference to any complaint filed against a licensee herein, the term "not substantial justification" means a complaint that is frivolous, groundless in fact or law, or vexatious, as determined by unanimous vote of the board. In the event of a dismissal, the person filing the accusation and the accused licensee shall be given written notice of the board's determination. If the board determines there is reasonable cause to believe the accused has committed any of those offenses, the secretary of the board shall give written notice of such determination to the accused licensee and set a day for a hearing as provided in subsection (3) of this section.

(2) The board shall have the power to revoke, suspend or refuse to issue or renew any license or certificate provided for in this chapter, and to fine, place on probation and/or otherwise discipline a student or licensee or holder of a certificate, upon proof that such person: (a) has not complied with or has violated any of the rules and regulations promulgated by the board; (b) has not complied with or has violated any of the sections of this chapter; (c) has committed fraud or dishonest conduct in the taking of the examination herein provided for; (d) has been convicted of a felony; (e) has committed grossly unprofessional or dishonest conduct; (f) is addicted to the excessive use of intoxicating liquors or to the use of drugs to such an extent as to render him or her unfit to practice in any of the practices or occupations set forth in this chapter; (g) has advertised by means of knowingly false or deceptive statements; or (h) has failed to display the license or certificate issued to him or her as provided for in this chapter; or (i) has been convicted of violating any of the provisions of this chapter. A conviction of violating any of the provisions of this chapter shall be grounds for automatic suspension of the license or certificate of such person.

(3) The board shall not revoke, suspend or refuse to issue or renew any license or certificate, or fine, place on probation or otherwise discipline any person in a disciplinary matter except after a hearing of which the applicant or licensee or holder of the certificate affected shall be given at least twenty (20) days' notice in writing, specifying the reason or reasons for denying the applicant a license or certificate of registration, or in the case of any other disciplinary action, the offense or offenses of which the licensee or holder of a certificate of registration is charged. Such notice may be served by mailing a copy thereof by United States first-class certified mail, postage prepaid, to the last-known residence or business address of such applicant, licensee or holder of a certificate. The hearing on such charges shall be at such time and place as the board may prescribe.

(4) At such hearings, all witnesses shall be sworn by a member of the board, and stenographic notes of the proceedings shall be taken. Any party to the proceedings desiring it shall be furnished with a copy of such stenographic notes upon payment to the board of such fees as it shall prescribe, not exceeding, however, the actual costs of transcription.

(5) The board is hereby authorized and empowered to issue subpoenas for the attendance of witnesses and the production of books and papers. The process issued by the board shall extend to all parts of the state and such process shall be served by any person designated by the board for such service. The person serving such process shall receive such compensation as may be allowed by the board, not to exceed the fee prescribed by law for similar services. All witnesses who shall be subpoenaed, and who

shall appear in any proceedings before the board, shall receive the same fees and mileage as allowed by law.

(6) Where in any proceeding before the board any witness shall fail or refuse to attend upon subpoena issued by the board, shall refuse to testify, or shall refuse to produce any books and papers, the production of which is called for by the subpoena, the attendance of such witness and the giving of his testimony and the production of the books and papers shall be enforced by any court of competent jurisdiction of this state, in the same manner as are enforced for the attendance and testimony of witnesses in civil cases in the courts of this state.

(7) The board shall conduct the hearing in an orderly and continuous manner, granting continuances only when the ends of justice may be served. The board shall, within sixty (60) days after conclusion of the hearing, reduce its decision to writing and forward an attested true copy thereof to the last-known residence or business address of such applicant, licensee or holder of a certificate, by way of United States first-class certified mail, postage prepaid. Such applicant, licensee, holder of a certificate, or person aggrieved shall have the right of appeal from an adverse ruling, or order, or decision of the board to the Chancery Court of the First Judicial District of Hinds County, Mississippi, upon forwarding notice of appeal to the board within thirty (30) days after the decision of the board is mailed in the manner here contemplated. An appeal will not be allowed in the event notice of appeal, together with the appeal bond hereinafter required, shall not have been forwarded to the board within the thirty-day period. Appeal shall be to the Chancery Court of the First Judicial District of Hinds County, Mississippi. The appeal shall thereupon be heard in due course by the court which shall review the record and make its determination thereon.

(8) The appellant shall, together with the notice of appeal, forward to and post with the board a satisfactory bond in the amount of Five Hundred Dollars (\$500.00) for the payment of any costs which may be adjudged against him.

(9) In the event of an appeal, the court shall dispose of the appeal and enter its decision promptly. The hearing on the appeal may, in the discretion of the chancellor, be tried in vacation. If there is an appeal, such appeal may, in the discretion of and on motion to the chancery court, act as a supersedeas. However, any fine imposed by the board under the provisions of this chapter shall not take effect until after the time for appeal has expired, and an appeal of the imposition of such a fine shall act as a supersedeas.

(10) Any fine imposed by the board upon a licensee or holder of a certificate shall be in accordance with the following schedule:

(a) For the first violation, a fine of not less than Fifty Dollars (\$50.00) nor more than One Hundred Dollars (\$100.00) for each violation.

(b) For the second and each subsequent violation, a fine of not less than One Hundred Dollars (\$100.00) nor more than Four Hundred Dollars (\$400.00) for each violation.

The power and authority of the board to impose such fines under this section shall not be affected or diminished by any other proceeding, civil or criminal, concerning the same violation or violations.

(11) In addition to the reasons specified in subsection (2) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

73-7-33. In addition to the rules and regulations that may be prescribed and promulgated by the board under authority of this chapter, the following rules and regulations shall be observed:

Every establishment must be kept sanitary, including all utensils and equipment, must be well ventilated and properly lighted. Each salon must be provided with hot and cold running water. Electrical appliances must be properly installed and grounded.

Cosmetologists shall be allowed to wear any type of clothing or apparel while at work as long as such clothing or apparel is sanitary.

Cosmetologists shall be allowed to use any type of hair roller as long as they do so in a sanitary manner.

No work shall be performed on any patron having a visible disease unless the patron shall produce a certificate from a practicing physician stating that the patron is free from infectious, contagious or communicable disease. A cosmetologist's license does not authorize such person to treat or prescribe for an infectious, contagious or any other disease.

A home salon must have a solid wall to the ceiling with an outside entrance, or if a door exists between the salon and the remainder of the house, the door must be kept closed at all times while service is being rendered.

SECTION 23. Section 73-7-35, Mississippi Code of 1972, is reenacted as follows:

73-7-35. (1) No person licensed pursuant to this chapter shall practice his or her profession except within the physical confines of a salon possessing and displaying a properly executed license issued pursuant to Section 73-7-17. However, this requirement shall not prevent a person from rendering his or her services to any person who may be confined to his or her home, a hospital, or other place as a result of illness, and cosmetologists shall be permitted to render their services to deceased persons away from their salons.

(2) No salon owner licensed pursuant to this chapter shall allow a cosmetologist, esthetician, or manicurist to practice his/her profession in the salon without possessing a valid license issued pursuant to this chapter.

SECTION 24. Section 73-7-37, Mississippi Code of 1972, is reenacted as follows:

73-7-37. (1) The violation of any of the provisions of this chapter, including the use of fraudulent statements to obtain any benefits or privileges under this chapter or practicing one (1) of these professions without a license, shall constitute a misdemeanor, punishable in any court of competent jurisdiction at the seat of government, and any person or firm convicted of the violation of any of the provisions of this chapter shall be fined not less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00). The court shall not be authorized to suspend or suspend the execution of the fine required under this section.

(2) If any person, firm or corporation violates any of the provisions of this chapter, the secretary of the board, upon direction of a majority of the board and in the name of the board, acting through the Attorney General or an attorney employed by the board, shall apply in the Chancery Court of the First Judicial District of Hinds County, Mississippi, for an order enjoining such violation or for an order enforcing compliance with the provisions of this chapter. Upon the filing of a verified petition in the chancery court and after notice as provided under the Mississippi Rules of Civil Procedure, such court, if satisfied by the sworn petition, by affidavit or otherwise, that such person has violated any of the provisions of this chapter, may issue an injunction without notice or bond, enjoining such continued violation and such injunction shall remain in force and effect until a final hearing. If at such hearing it is established that such person has violated or is violating any of the provisions of this chapter, the court may enter a decree permanently enjoining such violation or enforcing compliance with this chapter. In addition, the court may enter a judgment against such person for attorney's fees, court costs and the actual costs incurred by the board in investigating the actions of such person for which the board brought the suit for an injunction. In case of violation of any decree issued in compliance with this subsection, the court may punish the offender for contempt of court and the court shall proceed as in other cases.

(3) The proceedings in this section shall be in addition to and not in lieu of the other remedies and penalties provided in this chapter.

SECTION 25. Section 73-7-63, Mississippi Code of 1972, is amended as follows:

73-7-63. Sections 73-7-1 through 73-7-37, which create the State Board of Cosmetology and prescribe its duties and powers, shall stand repealed * * * on July 1, * * * 2024.

SECTION 26. Section 73-5-41, Mississippi Code of 1972, is amended as follows:

Senator Polk called up the following entitled bill:

H. B. No. 1263: Occupational licensing; provide for recognition of out-of-state licenses if applicants satisfy certain conditions.

Senator Polk offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The following shall be codified as Section 73-50-2, Mississippi Code of 1972:

73-50-2. (1) This section shall be known as the "Universal Recognition of Occupational Licenses Act."

(2) As used in this section, the term:

(a) "License" means any license (other than a privilege license), certificate, registration, permit or other evidence of qualification that an individual is required by the state to obtain before he or she may engage in or represent himself or herself to be a member of a particular profession or occupation.

(b) "Occupational licensing board" means any state board, commission, department or other agency in Mississippi that is established for the primary purpose of regulating the entry of persons into, and/or the conduct of persons within, a particular profession or occupation, and which is authorized to issue licenses. For the purposes of this section, the State Department of Education shall be considered an occupational licensing board when issuing teacher licenses under Section 37-3-2.

(3) Notwithstanding any other provision of law, an occupational licensing board shall issue a license or government certification in the discipline applied for and at the same practice level to a person who establishes residence in this state if, upon application to an occupational licensing board, the applicant satisfies the following conditions:

(a) The applicant holds a current and valid license in good standing in another state in an occupation with a similar scope of practice, as determined by the occupational licensing board in Mississippi, and has held this license from the occupational licensing board in the other state for at least one (1) year; and

(b) There were minimum education requirements and, if applicable, work experience, examination and clinical supervision requirements in effect, and the other state verifies that the applicant met those requirements in order to be licensed in that state; and

(c) The applicant has not committed any act in the other state that would have constituted grounds for refusal, suspension or revocation of a license to practice that occupation in Mississippi at the time the act was committed, and the applicant does not have a disqualifying criminal record as determined by the occupational licensing board in Mississippi under Mississippi law; and

(d) The applicant did not surrender a license because of negligence or intentional misconduct related to the applicant's work in the occupation in another state; and

(e) The applicant does not have a complaint, allegation or investigation pending before an occupational licensing board or other board in another state that relates to unprofessional conduct or an alleged crime. If the applicant has a complaint, allegation or investigation pending, the occupational licensing board in Mississippi shall not issue or deny a license to the applicant until the complaint, allegation or investigation is resolved, or the applicant otherwise satisfies the criteria for licensure in Mississippi to the satisfaction of the occupational licensing board in Mississippi; and

(f) The applicant pays all applicable fees in Mississippi.

(4) Notwithstanding any other law, the occupational licensing board shall issue a license to an applicant in the discipline applied for and at the same practice level, as determined by the occupational licensing board, to a person who establishes residence in this state based on work experience in another state, if all the following apply:

(a) The applicant worked in a state that does not use a license to regulate a lawful occupation, but Mississippi uses a license to regulate a lawful occupation with a similar scope of practice, as determined by the occupational licensing board;

(b) The applicant worked for at least three (3) years in the lawful occupation;
and

(c) The applicant satisfies the provisions of paragraphs (c) through (f) of subsection (3) of this section.

(5) An occupational licensing board may require an applicant to pass a jurisprudential examination specific to relevant state laws in Mississippi that regulate the occupation if the issuance of a license in Mississippi requires an applicant to pass a jurisprudential examination specific to relevant state statutes and administrative rules in Mississippi that regulate the occupation.

(6) For purposes of this act, residence may be established by demonstrating proof of a state-issued identification card or one (1) of the following:

(a) Current Mississippi residential utility bill with the applicant's name and address;

(b) Documentation of the applicant's current ownership, or current lease of a residence in Mississippi;

(c) Documentation of current in-state employment or notarized letter of promise of employment of the applicant or his or her spouse; or

(d) Any verifiable documentation demonstrating Mississippi residency.

(7) A person who receives a license under this section is subject to the laws regulating the person's practice in this state and is subject to the occupational licensing board's jurisdiction.

(8) A license issued under this section is valid only in this state and does not make the person eligible to be part of an interstate compact.

(9) The occupational licensing board shall issue or deny the license to the applicant within one hundred twenty days (120) days after receiving an application.

If the application requires longer than two (2) weeks to process, the occupational licensing board shall issue a temporary practice permit within thirty (30) days after receiving the application if the applicant submits an affidavit, under penalties of perjury, affirming that he or she satisfies the provisions of subsection (3) or subsection (4) and pays all applicable fees as required by subsection (3)(f) or subsection (4)(f).

The applicant may practice under the temporary permit until a license is granted, or until a notice to deny the license is issued, in accordance with rules adopted by the occupational licensing board. A temporary license will expire in three hundred sixty-five (365) days after its issuance if the applicant fails to satisfy the requirement for licensure in subsections (3) through (5), as applicable.

(10) (a) The applicant may appeal any of the following decisions of an occupational licensing board to a court of general jurisdiction:

(i) Denial of a license;

(ii) Determination of the occupation;

(iii) Determination of the similarity of the scope of practice of the license issued; or

(iv) Other determinations under this section.

(b) The court shall determine all questions of law, including the interpretation of a constitutional or statutory provision or a rule adopted by an occupational licensing board, without regard to any previous determination that may have been made on the question in any action before the occupational licensing board.

(11) An occupational licensing board shall prominently print the following on all license applications, any communication denying a license, and on the board's website: "Pursuant to the provisions of the Universal Recognition of Occupational Licenses Act, Mississippi shall recognize occupational licenses obtained from other states." An occupational licensing board shall prepare and place on the board's website an annual report detailing the number of applications submitted to the licensing board under this section during a calendar year and the actions taken by the board on the applications.

(12) An occupational licensing board shall adopt rules necessary to implement this section by January 1, 2022. In addition, an occupational licensing board shall make all reasonable efforts to issue a license to an applicant for a license under this section.

(13) Nothing in this section shall be construed to prohibit an applicant for licensure from proceeding under the existing licensure requirements established by an occupational licensing board in Mississippi.

(14) Nothing in this chapter shall be construed to prevent Mississippi from entering into a licensing compact or reciprocity agreement with another state, foreign province or foreign country. A license issued under this section is valid only in Mississippi. It does not make the person eligible to work in another state under an interstate compact or reciprocity agreement unless otherwise provided in Mississippi law.

(15) Nothing in this section shall be construed to apply to:

(a) The practice of law as regulated under Section 73-3-1 et seq.;

(b) Criteria for an applicant to obtain a license that is established under an interstate compact;

(c) The ability of an occupational licensing board to require an applicant to submit fingerprints in order to access state and federal criminal records information for noncriminal justice purposes;

(d) The practice of medicine by physicians as regulated under Section 73-25-1 et seq.;

(e) The provisions of the Military Family Freedom Act, Section 73-50-1; or

(f) An occupation regulated under Section 73-1-1 et seq. to the extent there is a conflict with a law granting licensure reciprocity under Section 73-1-1 et seq.

SECTION 2. Section 37-3-2, Mississippi Code of 1972, is amended as follows:

37-3-2. (1) There is established within the State Department of Education the Commission on Teacher and Administrator Education, Certification and Licensure and Development. It shall be the purpose and duty of the commission to make recommendations to the State Board of Education regarding standards for the certification and licensure and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of Mississippi.

(2) (a) The commission shall be composed of fifteen (15) qualified members. The membership of the commission shall be composed of the following members to be appointed, three (3) from each of the four (4) congressional districts, as such districts existed on January 1, 2011, in accordance with the population calculations determined by the 2010 federal decennial census, including: four (4) classroom teachers; three (3) school administrators; one (1) representative of schools of education of public institutions of higher learning located within the state to be recommended by the Board of Trustees of State Institutions of Higher Learning; one (1) representative from the schools of education of independent institutions of higher learning to be recommended by the Board of the Mississippi Association of Independent Colleges; one (1) representative from public community and junior colleges located within the state to be recommended by the Mississippi Community College Board; one (1) local school board member; and four (4) laypersons. Three (3) members of the commission, at the sole discretion of the State Board of Education, shall be appointed from the state at large.

(b) All appointments shall be made by the State Board of Education after consultation with the State Superintendent of Public Education. The first appointments by the State Board of Education shall be made as follows: five (5) members shall be appointed for a term of one (1) year; five (5) members shall be appointed for a term of two (2) years; and five (5) members shall be appointed for a term of three (3) years. Thereafter, all members shall be appointed for a term of four (4) years.

(3) The State Board of Education when making appointments shall designate a chairman. The commission shall meet at least once every two (2) months or more often if needed. Members of the commission shall be compensated at a rate of per diem as authorized by Section 25-3-69 and be reimbursed for actual and necessary expenses as authorized by Section 25-3-41.

(4) (a) An appropriate staff member of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve as executive secretary and coordinator for the commission. No less than two (2) other appropriate staff members of the State Department of Education shall be designated and assigned by the State Superintendent of Public Education to serve on the staff of the commission.

(b) An Office of Educator Misconduct Evaluations shall be established within the State Department of Education to assist the commission in responding to infractions and violations, and in conducting hearings and enforcing the provisions of subsections (11), (12), (13), (14) and (15) of this section, and violations of the Mississippi Educator Code of Ethics.

(5) It shall be the duty of the commission to:

(a) Set standards and criteria, subject to the approval of the State Board of Education, for all educator preparation programs in the state;

(b) Recommend to the State Board of Education each year approval or disapproval of each educator preparation program in the state, subject to a process and schedule determined by the State Board of Education;

(c) Establish, subject to the approval of the State Board of Education, standards for initial teacher certification and licensure in all fields;

(d) Establish, subject to the approval of the State Board of Education, standards for the renewal of teacher licenses in all fields;

(e) Review and evaluate objective measures of teacher performance, such as test scores, which may form part of the licensure process, and to make recommendations for their use;

(f) Review all existing requirements for certification and licensure;

(g) Consult with groups whose work may be affected by the commission's decisions;

(h) Prepare reports from time to time on current practices and issues in the general area of teacher education and certification and licensure;

(i) Hold hearings concerning standards for teachers' and administrators' education and certification and licensure with approval of the State Board of Education;

(j) Hire expert consultants with approval of the State Board of Education;

(k) Set up ad hoc committees to advise on specific areas; and

(l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education.

(6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education;
and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent); or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

(i) An ACT Score of twenty-one (21) (or SAT equivalent); or

(ii) Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

(iii) A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

(i) The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

(ii) The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching

license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

(iii) Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

(iv) During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

(v) An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

(vi) Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

(vii) At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

(viii) The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference

shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a one-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child

Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. (a) The department shall grant a standard license to any individual who possesses a valid standard license from another state and meets minimum Mississippi license requirements or equivalent requirements as determined by the State Board of Education. The issuance of a license by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

(b) The department shall grant a nonrenewable special license to any individual who possesses a credential which is less than a standard license or certification from another state. Such special license shall be valid for the current school year plus one (1) additional school year to expire on June 30 of the second year, not to exceed a total period of twenty-four (24) months, during which time the applicant shall be required to complete the requirements for a standard license in Mississippi.

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of

guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 3. Section 73-1-21, Mississippi Code of 1972, is amended as follows:

73-1-21. Any architect residing outside this state may obtain a certificate to practice in the State of Mississippi by complying with Section 73-1-13, and by paying the fees prescribed by the rules of the board; however, no such nonresident applicant shall receive a certificate to practice in this state unless the applicant furnishes evidence satisfactory to the board that the applicant holds a current and valid registration issued by a registration authority recognized by the board, holds a National Council of Architectural Registration Board's certificate, has never been restrained from practicing architecture, and has never had a certificate or license revoked. Each nonresident applicant shall submit, as a part of the application, a sworn affidavit stating that neither such applicant nor any person in, or agent of, the applicant's firm has practiced or is practicing architectural work in this state prior to the applicant having been licensed by the board unless such person or agent holds a license to practice architecture in this state. Failure to submit this affidavit is just cause for disapproval of the application. Every applicant for reciprocity registration shall comply fully with the requirements for resident applicants, except that nonresident applicants who met the requirements for issuance of a certificate of registration by the board prior to January 1, 1987, and who, on that date, held a current and valid registration by a registration authority recognized by the board or were qualified exam candidates in another jurisdiction recognized by the board, shall not be required to meet the degree requirements of Section 73-1-13. The board shall have the further right to exercise its discretion as to whether such nonresident architect shall be issued such certificate to practice.

The issuance of a certificate by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

SECTION 4. Section 73-2-11, Mississippi Code of 1972, is amended as follows:

73-2-11. The board may exempt from examination any applicant who holds a license or certificate to practice landscape architecture issued to him upon examination

by a legally constituted board of examiners of any other state or Washington, D.C., or any other territory or possession under the control of the United States, provided that such requirements of the state in which the applicant is registered are equivalent to those of this state.

Each nonresident applicant shall submit, as part of the application, a sworn affidavit stating that neither such applicant nor any person in or agent of the applicant's firm has practiced or is practicing landscape architectural work in this state prior to the applicant having been licensed by the board unless such person or agent holds a license to practice landscape architecture in this state. Failure to submit this affidavit or submitting an affidavit which is false in any respect shall constitute just cause for denial of the application.

An applicant who is a licensed landscape architect but who was admitted in a jurisdiction which did not offer a written examination acceptable to the board or was admitted without the requirement of passing a written examination may be issued a license to practice landscape architecture in this state upon the taking and passing of any examination or procedure as may be adopted by the board, provided that such applicant meets all other requirements for issuance of a license to practice landscape architecture in this state.

The issuance of a license by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

SECTION 5. Section 73-4-23, Mississippi Code of 1972, is amended as follows:

73-4-23. Any auctioneer who is licensed in a state that (a) has requirements equal to the requirements of this chapter, (b) has requirements that have been approved by the commission, after a review of such state's licensing law, and (c) has entered into a reciprocal licensing agreement with the State of Mississippi through such state's regulatory authority over auctioneering, may apply for and be granted a license without examination. Applicants for a license through reciprocity shall furnish the commission by application the same information as that required of resident applicants. In addition to the biennial license fee, nonresidents shall pay to the commission a fee of Two Hundred Fifty Dollars (\$250.00). A nonresident auctioneer shall furnish to the commission a surety bond, obligated to the State of Mississippi, in the amount of Ten Thousand Dollars (\$10,000.00) prior to being issued a license. The bond shall be executed by the person seeking the license as principal and by a corporate surety, licensed to do business in this state, as surety. The bond shall otherwise be in accordance with the provisions of this chapter.

The issuance of a license by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

SECTION 6. Section 73-5-21, Mississippi Code of 1972, is amended as follows:

73-5-21. Any person possessed of the following qualifications shall, upon payment of the required fee, receive a certificate of registration as a registered barber:

- (a) Is at least eighteen (18) years old;
- (b) Is of good moral character and temperate habits; and

(c) Either has a license or certificate of registration as a practicing barber in another state or country that has substantially the same requirements for licensing or registration of barbers as are contained in this chapter, or can prove by sworn affidavits that he has lawfully practiced as a barber in another state or country for at least five (5)

years immediately before making application in this state, or can show to the satisfaction of the board that he had held a rating in a branch of the military service for two (2) or more years that required him to perform the duties of a barber. The issuance of a certificate of registration by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

In addition to the above, the board may require the applicant to successfully demonstrate sufficient knowledge of the Barber Law of the State of Mississippi, as well as sufficient practical skill by requiring the applicant to take a practical examination approved by the board.

SECTION 7. Section 73-6-13, Mississippi Code of 1972, is amended as follows:

73-6-13. (1) Any adult of good moral character who has (a) graduated from a school or college of chiropractic recognized by the State Board of Chiropractic Examiners, preceded by the successful completion of at least two (2) academic years at an accredited institution of higher learning, or accredited junior college, and (b) successfully completed parts 1, 2, 3 and 4 and the physical modality section of the examination prepared by the National Board of Chiropractic Examiners, shall be entitled to take the examination for a license to practice chiropractic in Mississippi. The State Board of Chiropractic Examiners shall keep on file a list of schools or colleges of chiropractic which are so recognized. No chiropractic school shall be approved unless it is recognized and approved by the Council on Chiropractic Education, its successor or an equivalent accrediting agency, offers an accredited course of study of not less than four (4) academic years of at least nine (9) months in length, and requires its graduates to receive not less than forty (40) clock hours of instruction in the operation of x-ray machinery and not less than forty (40) clock hours of instruction in x-ray interpretation and diagnosis.

(2) Except as otherwise provided in this section, the State Board of Health shall prescribe rules and regulations for the operation and use of x-ray machines.

(3) The examination to practice chiropractic used by the board shall consist of testing on the statutes and the rules and regulations regarding the practice of chiropractic in the State of Mississippi.

(4) Reciprocity privileges for a chiropractor from another state shall be granted at the board's option on an individual basis and by a majority vote of the State Board of Chiropractic Examiners to an adult of good moral character who (a) is currently an active competent practitioner for at least eight (8) years and holds an active chiropractic license in another state with no disciplinary proceeding or unresolved complaint pending anywhere at the time a license is to be issued by this state, (b) demonstrates having obtained licensure as a chiropractor in another state under the same education requirements which were equivalent to the education requirements in this state to obtain a chiropractic license at the time the applicant obtained the license in the other state, (c) satisfactorily passes the examination administered by the State Board of Chiropractic Examiners, and (d) meets the requirements of Section 73-6-1(3) pertaining to therapeutic modalities. The issuance of a license by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

SECTION 8. Section 73-7-23, Mississippi Code of 1972, is amended as follows:

73-7-23. (1) The board may, upon application, issue a license by reciprocity to any cosmetologist, esthetician or manicurist over the age of seventeen (17) years from any other state who has satisfactorily completed the required number of accredited hours in that state, provided the state board from which the applicant comes issues to cosmetologists, estheticians or manicurists, as the case may be, from the State of Mississippi a license under the same conditions. Applications must be accompanied by

(a) proof satisfactory to the board that the required hours have been completed, and (b) the required reciprocity fee, which shall be paid to the board.

(2) An instructor from any other state may be qualified for a Mississippi instructor's license upon presenting a valid instructor's license and proof of a high school education or its equivalent, provided that the instructor (a) is not less than twenty-one (21) years of age, (b) has completed training equivalent to the State of Mississippi's training as provided in Section 73-7-15 or has three (3) years or more of experience as a licensed instructor prior to application, (c) can read, write and speak English, (d) has completed twelve (12) semester hours in college courses approved by the board, and (e) has completed a minimum of five (5) continuing education hours in Mississippi board laws, rules and regulations. Such application must be accompanied by two (2) recent passport photographs of the applicant. Applicants shall pay the required license fee.

(3) An applicant for a Mississippi instructor's license by reciprocity who has not completed the college courses requirement at the time of application may apply for a onetime temporary teaching permit, which shall be valid for six (6) months and shall be nonrenewable. Such application must be accompanied by proof of enrollment in college course(s), required permit fee, two (2) recent passport photographs of the applicant and other documentation as required for application for a Mississippi instructor's license by reciprocity. Upon proof of completion of college courses and payment of the required license fee, a Mississippi instructor's license shall be issued.

(4) The issuance of a license by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

SECTION 9. Section 73-9-24, Mississippi Code of 1972, is amended as follows:

issue to the applicant a license to practice dentistry, or dental hygiene, unless grounds for denial of licensure exist as enumerated in Section 73-9-61. Evidence of falsification in the application for licensure through credentialing will result in revocation of the license.

(e) Has successfully passed the National Conference of Funeral Examiners examination and/or such other examination as approved by the board; and

(f) Is of good moral character.

(5) All applications for examination and license for the practice of funeral service or funeral directing shall be upon forms furnished by the board and shall be accompanied by an examination fee, a licensing fee and a nonrefundable application fee in amounts fixed by the board in accordance with Section 73-11-56. The fee for an initial license, however, may be prorated in proportion to the period of time from the date of issuance to the date of biennial license renewal prescribed in subsection (8) of this section. All applications for examination shall be filed with the board office at least sixty (60) days before the date of examination. A candidate shall be deemed to have abandoned the application for examination if he does not appear on the scheduled date of examination unless such failure to appear has been approved by the board.

(6) The practice of funeral service or funeral directing must be engaged in at a licensed funeral establishment, at least one (1) of which is listed as the licensee's place of business; and no person, partnership, corporation, association or other organization shall open or maintain a funeral establishment at which to engage in or conduct or hold himself or itself out as engaging in the practice of funeral service or funeral directing until such establishment has complied with the licensing requirements of this chapter. A license for the practice of funeral service or funeral directing shall be used only at licensed funeral establishments; however, this provision shall not prevent a person licensed for the practice of funeral service or funeral directing from conducting a funeral service at a church, a residence, public hall, lodge room or cemetery chapel, if such person maintains a fixed licensed funeral establishment of his own or is in the employ of or an agent of a licensed funeral establishment.

(7) Any person holding a valid, unrevoked and unexpired nonreciprocal license in another state or territory having requirements greater than or equal to those of this state as determined by the board may apply for a license to practice in this state by filing with the board a certified statement from the secretary of the licensing board of the state or territory in which the applicant holds his license certifying to his qualifications and good standing with that board. He/she must also successfully pass a written and/or oral examination on the Mississippi Funeral Service licensing law and rules and regulations as prepared or approved by the board, and must pay a nonrefundable application fee set by the board. If the board finds that the applicant has fulfilled aforesaid requirements and has fulfilled substantially similar requirements of those required for a Mississippi licensee, the board shall grant such license upon receipt of a fee in an amount equal to the renewal fee set by the board for a license for the practice of funeral service or funeral directing, as the case may be, in this state. The board may issue a temporary funeral service or funeral

directing work permit before a license is granted, before the next regular meeting of the board, if the applicant for a reciprocal license has complied with all requirements, rules and regulations of the board. The temporary permit will expire at the next regular meeting of the board. The issuance of a license or temporary permit by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

(8) (a) Except as provided in Section 33-1-39, any person holding a license for the practice of funeral service or funeral directing may have the same renewed for a period of two (2) years by making and filing with the board an application on or before the due date. Payment of the renewal fee shall be in an amount set by the board in accordance with Section 73-11-56. The board shall mail the notice of renewal and the due date for the payment of the renewal fee to the last-known address of each licensee at least thirty (30) days before that date. It is the responsibility of the licensee to notify the board in writing of any change of address. An application will be considered late if the application and proper fees are not in the board's office or postmarked by the due date. Failure of a license holder to receive the notice of renewal shall not exempt or excuse a license holder from the requirement of renewing the license on or before the license expiration date.

(b) If the renewal fee is not paid on or postmarked by the due date, the license of such person shall by operation of law automatically expire and become void without further action of the board. The board may reinstate such license if application for licensure is made within a period of five (5) years, upon payment of the renewal fee for the current year, all renewal fees in arrears, and a reinstatement fee. After a period of five (5) years, the licensee must make application, pay the current renewal fee, all fees in arrears, and pass a written and/or oral examination as prepared or approved by the board.

(9) No license shall be assignable or valid for any person other than the original licensee.

(10) The board may, in its discretion, if there is a major disaster or emergency where human death is likely to occur, temporarily authorize the practice of funeral directing and funeral service by persons licensed to practice in another state but not licensed to practice in this state. Only persons licensed in this state, however, may sign death certificates.

(11) Any funeral service technology or mortuary science program accredited by the American Board of Funeral Service Education in the State of Mississippi, as well as students enrolled in such a program, shall be exempt from licensing under this chapter when embalming or otherwise preparing a deceased human body for disposition as part of a student practicum experience, when the student is directly supervised by an instructor or preceptor who holds a current funeral service license. This exemption shall apply to practicum experiences performed at an accredited institution of funeral service technology or mortuary science program or at a duly licensed funeral establishment or commercial mortuary service. Nothing in this subsection shall be construed to allow any funeral service technology or mortuary science program, or those students enrolled in such a program, to engage in practicum experiences for remuneration.

(12) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64.

SECTION 12. Section 73-13-35, Mississippi Code of 1972, is amended as follows:

73-13-35. The board may, upon application therefor and the payment of a fee in accordance with Section 73-13-25, issue a certificate of licensure as a professional engineer to any person who holds a certificate of qualification or licensure issued to him by proper authority of any state or territory or possession of the United States, or of any country, provided that the applicant's qualifications meet the requirements of Sections 73-13-1 through 73-13-45 and the rules established by the board. The issuance of a

certificate of licensure by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

SECTION 13. Section 73-14-25, Mississippi Code of 1972, is amended as follows:

73-14-25. The department may license as a hearing aid specialist, and furnish a certificate of licensure, to any applicant who presents evidence, satisfactory to the department of having passed an examination before a similar lawfully authorized examining agency or board of hearing aid specialists of another state or the District of Columbia, if the standards for registration of hearing aid specialists or for licensure as a hearing aid specialist in such state or district are determined by the department to be as high as those of this state, and if that jurisdiction affords licensees of this state reciprocity.

Any person making application for licensure under the provisions of this section may, at the discretion of the board, be required to pass an examination selected by the board.

The issuance of a license by reciprocity to a military-trained applicant * * *, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

To assist the board in conducting its licensure investigation, all applicants shall undergo a fingerprint-based criminal history records check of the Mississippi central criminal database and the Federal Bureau of Investigation criminal history database. Each applicant shall submit a full set of his or her fingerprints in a form and manner prescribed by the board, which shall be forwarded to the Mississippi Department of Public Safety (department) and the Federal Bureau of Investigation Identification Division for this purpose.

Any and all state or national criminal history records information obtained by the board that is not already a matter of public record shall be deemed nonpublic and confidential information restricted to the exclusive use of the board, its members, officers, investigators, agents and attorneys in evaluating the applicant's eligibility or disqualification for licensure, and shall be exempt from the Mississippi Public Records Act of 1983. Except when introduced into evidence in a hearing before the board to determine

The board may, in its discretion, refuse to accept the application of any person who has been convicted of a criminal offense under any provision of Title 97 of the Mississippi Code of 1972, as now or hereafter amended, or any provision of this article.

The issuance of a license by endorsement to a military-trained applicant***, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

(4) Requirements for rewriting the examination. The board shall establish in its rules the requirements for rewriting the examination for those persons failing the examination on the first writing or subsequent rewriting.

(b) The board may issue a temporary permit for a period of ninety (90) days to a registered nurse who is currently licensed in another state, territory or possession of the United States or the District of Columbia and who is an applicant for licensure by endorsement. Such permit is not renewable except by board action. Senator Hill called up the following entitled bill:

H. B. No. 320: Perpetual care cemeteries; authorize counties and cities to clean property of those not properly maintained.

Senator Hill offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 19-5-105, Mississippi Code of 1972, is amended as follows:

19-5-105. (1) To determine whether property or a parcel of land located within a county is in such a state of uncleanness as to be a menace to the public health, safety and welfare of the community, the board of supervisors of any county is authorized and empowered to conduct a hearing on its own motion, or upon the receipt of a petition requesting the board of supervisors to act signed by a majority of the residents eighteen (18) years of age or older, residing upon any street or alley, within reasonable proximity of any property alleged to be in need of cleaning, or within seven hundred fifty (750) feet of the precise location of the alleged menace situated on any parcel of land which is located in a populated area or in a housing subdivision and alleged to be in need of cleaning.

Notice shall be provided to the property owner by:

(a) United States mail two (2) weeks before the date of the hearing mailed to the address of the subject property and to the address where the ad valorem tax notice for such property is sent by the office charged with collecting ad valorem tax; and

(b) Posting notice for at least two (2) weeks before the date of a hearing on the property or parcel of land alleged to be in need of cleaning and at the county courthouse or another place in the county where such notices are posted.

The notice required by this section shall include language that informs the property owner that an adjudication at the hearing that the property or parcel of land is in need of cleaning will authorize the board of supervisors to reenter the property or parcel of land for a period of one (1) year after the hearing without any further hearing, if notice is posted on the property or parcel of land and at the county courthouse or another place in the county where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by this section shall be recorded in the minutes of the board of supervisors in conjunction with the hearing required by this section.

If at such hearing the board of supervisors shall in its resolution adjudicate such parcel of land in its then condition to be a menace to the public health and safety of the community, the board of supervisors may, if the owner not do so himself, proceed to have the land cleaned by cutting weeds, filling cisterns, and removing rubbish, dilapidated fences, outside toilets, dilapidated buildings and other debris, and draining cesspools and standing water. Thereafter, the board of supervisors may at its next regular meeting by resolution adjudicate the actual cost of cleaning the land and may also impose a penalty not to exceed One Thousand Five Hundred Dollars (\$1,500.00) or fifty percent (50%) of the actual cost, whichever is more. The cost and any penalty shall become an assessment against the property. The "cost assessed against the property" means either the cost to the county of using its own employees to do the work or the cost to the county of any contract executed by the county to have the work done, and administrative costs and legal costs of the county.

A county may reenter the property or parcel of land to maintain cleanliness without further notice of hearing no more than six (6) times in any twelve-month period with respect to removing dilapidated buildings, dilapidated fences and outside toilets, and no

more than twelve (12) times in any twenty-four-month period with respect to cutting grass and weeds and removing rubbish, personal property and other debris on the land. The expense of cleaning the property shall not exceed an aggregate amount of Twenty Thousand Dollars (\$20,000.00) per year, or the fair market value of the property subsequent to cleaning, whichever is less. The board of supervisors may assess the same penalty each time the property or land is cleaned as otherwise provided in this section.

The penalty provided herein shall not be assessed against the State of Mississippi upon request for reimbursement under Section 29-1-145, nor shall a county clean a parcel owned by the State of Mississippi without first giving notice.

The assessment authorized by this section shall be a lien against the property and may be enrolled in the office of the circuit clerk of the county as other judgments are enrolled, and the tax collector of the county shall, upon order of the board of supervisors, proceed to sell the land to satisfy the lien as now provided by law for the sale of lands for delinquent taxes. Furthermore, the property owner whose land has been sold pursuant to this section shall have the same right of redemption as now provided by law for the sale of lands for delinquent taxes. All decisions rendered under the provisions of this section may be appealed in the same manner as other appeals from county boards.

(2) If private property or a parcel of land located within a county is a perpetual care cemetery subject to Section 41-43-1 et seq., a county may proceed pursuant to the same provisions of this chapter used to determine whether a property is a public health menace to instead determine if the perpetual care cemetery and all structures thereon are not being properly maintained and have become detrimental to the public health and welfare. A perpetual care cemetery that is "not being properly maintained and has become detrimental to the public health and welfare" means a perpetual care cemetery that shows signs of neglect, including, without limitation, the unchecked growth of vegetation, repeated and unchecked acts of vandalism, unusable entrances and exits, excess rubbish or debris, or the disintegration of grave markers or boundaries. Upon notice and opportunity to be heard as provided in this chapter, the county may adjudicate the property or parcel of land in its then condition to be not properly maintained and, if the owner does not do so himself, may proceed to clean the land as set forth in this chapter. When performing maintenance pursuant to this subsection, the penalties provided above shall not be assessed against owners of perpetual care cemeteries.

(a) Any county performing maintenance or repair pursuant to this subsection may make application to the Secretary of State for an order directing the trustee of the perpetual care cemetery trust fund to release from accrued interest of the trust an amount sufficient to reimburse only actual cleanup costs incurred. The penalty provided above shall not be assessed against perpetual care cemeteries. The application to the Secretary of State shall include a statement by the county that the requirements of this section have been met.

(b) If the Secretary of State is satisfied that the notice and hearing requirements have been met and that the application for an order directing the trustee to release accrued interest does not threaten the ability of the trust to provide for the care and maintenance of the cemetery, then the Secretary of State may order the trustee to release accrued interest sufficient to reimburse the county for actual costs of cleanup performed.

SECTION 2. Section 21-19-11, Mississippi Code of 1972, is amended as follows:

21-19-11. (1) To determine whether property or parcel of land located within a municipality is in such a state of uncleanness as to be a menace to the public health, safety and welfare of the community, a governing authority of any municipality shall conduct a hearing, on its own motion, or upon the receipt of a petition signed by a majority

of the residents residing within four hundred (400) feet of any property or parcel of land alleged to be in need of the cleaning. Notice shall be provided to the property owner by:

(a) United States mail two (2) weeks before the date of the hearing mailed to the address of the subject property, except where the land or structure(s) is apparently vacant, and to the address where the ad valorem tax notice for such property is sent by the office charged with collecting ad valorem tax; and

(b) Posting notice for at least two (2) weeks before the date of a hearing on the property or parcel of land alleged to be in need of cleaning and at city hall or another place in the municipality where such notices are posted.

Any notice required by this section shall include language that informs the property owner that an adjudication at the hearing that the property or parcel of land is in need of cleaning will authorize the municipality to reenter the property or parcel of land for a period of two (2) years after final adjudication without any further hearing if notice is posted on the property or parcel of land and at city hall or another place in the municipality where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by this section shall be recorded in the minutes of the governing authority in conjunction with the hearing required by this section.

If, at such hearing, the governing authority shall adjudicate the property or parcel of land in its then condition to be a menace to the public health, safety and welfare of the community, the governing authority, if the owner does not do so himself, shall proceed to clean the land, by the use of municipal employees or by contract, by cutting grass and weeds; filling cisterns; removing rubbish, abandoned or dilapidated fences, outside toilets, abandoned or dilapidated buildings, slabs, personal property, which removal of personal property shall not be subject to the provisions of Section 21-39-21, and other debris; and draining cesspools and standing water therefrom. The governing authority may by resolution adjudicate the actual cost of cleaning the property and may also impose a penalty not to exceed One Thousand Five Hundred Dollars (\$1,500.00) or fifty percent (50%) of the actual cost, whichever is more. The cost and any penalty may become a civil debt against the property owner, and/or, at the option of the governing authority, an assessment against the property. The "cost assessed against the property" means either the cost to the municipality of using its own employees to do the work or the cost to the municipality of any contract executed by the municipality to have the work done, and administrative costs and legal costs of the municipality. For subsequent cleaning within the one-year period after the date of the hearing at which the property or parcel of land was adjudicated in need of cleaning, upon seven (7) days' notice posted both on the property or parcel of land adjudicated in need of cleaning and at city hall or another place in the municipality where such notices are generally posted, and consistent with the municipality's adjudication as authorized in this subsection (1), a municipality may reenter the property or parcel of land to maintain cleanliness without further notice or hearing no more than six (6) times in any twelve-month period with respect to removing abandoned or dilapidated buildings, slabs, dilapidated fences and outside toilets, and no more than twelve (12) times in any twenty-four-month period with respect to cutting grass and weeds and removing rubbish, personal property and other debris on the land, and the expense of cleaning of the property, except as otherwise provided in this section for removal of hazardous substances, shall not exceed an aggregate amount of Twenty Thousand Dollars (\$20,000.00) per year, or the fair market value of the property subsequent to cleaning, whichever is more. The aggregate cost of removing hazardous substances will be the actual cost of such removal to the municipality and shall not be subject to the Twenty Thousand Dollars (\$20,000.00) limitation provided in this subsection. The governing authority may assess the same penalty for each time the property or land is cleaned as otherwise provided in this section. The penalty provided herein shall not be assessed against the State of Mississippi upon request for reimbursement under Section 29-1-145, nor shall a municipality clean a parcel owned by the State of Mississippi without first giving notice. Upon written authority from the Secretary of State's office, for

state-owned properties, a municipality may forgo the notification process that is prescribed in this subsection and proceed to clean the properties and assess costs as prescribed in this subsection, except that penalties shall not be assessed against the State of Mississippi.

(2) When the fee or cost to clean property or a parcel of land that is one (1) acre or less does not exceed Two Hundred Fifty Dollars (\$250.00), excluding administrative costs, and the property or parcel is located within a municipality having a population over one thousand five hundred (1,500), the governing authority of the municipality may authorize one or more of its employees to determine whether the property or parcel of land is in such a state of uncleanness as to be a menace to the public health, safety and welfare of the community and the determination made by the authorized municipal employee shall be set forth and recorded in the minutes of the governing authority. Notice of this determination shall be provided to the property owner by:

(a) United States mail seven (7) days before the date of cleaning of the property or parcel of land mailed to the address of the subject property, except where the land or structure(s) is apparently vacant, and to the address where the ad valorem tax notice for such property is sent by the office charged with collecting ad valorem tax; and

(b) Posting notice for at least seven (7) days before the cleaning of the property or parcel of land and at city hall or another place in the municipality where such notices are posted.

Any notice required by this subsection shall include language that informs the property owner that the appropriate municipal official has determined that the property or parcel of land is a menace to the public health, safety and welfare of the community and in need of cleaning and the municipality is authorized to enter the property for cleaning and that the municipality is further authorized to reenter the property or parcel of land for a period of two (2) years after this cleaning without any further hearing or action if notice is posted on the property or parcel of land and at city hall or another place in the municipality where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by this subsection shall be recorded in the minutes of the governing authority in conjunction with the determination made by the municipal employee in this subsection (2).

If an authorized municipal employee determines that the condition of property or parcel of land is a menace to the public health, safety and welfare of the community, the governing authority, if the owner does not do so himself, shall proceed to clean the land, by the use of municipal employees or by contract, by cutting grass and weeds; filling cisterns; removing rubbish, abandoned or dilapidated fences, outside toilets, abandoned or dilapidated buildings, slabs, personal property, which removal of personal property shall not be subject to the provisions of Section 21-39-21, and other debris; and draining cesspools and standing water therefrom. The governing authority shall by resolution adjudicate the actual cost of cleaning the property under this provision, provided the same does not exceed Two Hundred Fifty Dollars (\$250.00) and may also impose a penalty not to exceed One Hundred Dollars (\$100.00) or one hundred percent (100%) of the actual cost of cleaning the property, whichever is more. The cost and any penalty imposed may become a civil debt against the property owner, and/or, at the option of the governing authority, an assessment against the property. The "cost assessed against the property" means either the cost to the municipality of using its own employees to do the work or the cost to the municipality of any contract executed by the municipality to have the work done, and additionally may include administrative costs of the municipality not to exceed Fifty Dollars (\$50.00). For subsequent cleaning within the one-year period set forth in this subsection (2), upon seven (7) days' notice posted both on the property or parcel of land adjudicated in need of cleaning and at city hall or another place in the municipality where such notices are generally posted, and consistent with the municipal official's determination as authorized in this subsection (2), a municipality may reenter the property

or parcel of land to maintain cleanliness without further notice or hearing under this subsection (2) no more than six (6) times in any twelve-month period with respect to removing abandoned or dilapidated buildings, slabs, dilapidated fences and outside toilets, and no more than twelve (12) times in any twenty-four-month period with respect to cutting grass and weeds and removing rubbish, personal property and other debris on the land, and the expense of cleaning of the property shall not exceed an aggregate amount of One Thousand Dollars (\$1,000.00) per year under this subsection (2). The governing authority may assess the same actual costs, administrative costs and penalty for each time the property or land is cleaned as otherwise provided in this subsection (2). The penalty provided herein shall not be assessed against the State of Mississippi upon request for reimbursement under Section 29-1-145, nor shall a municipality clean a parcel owned by the State of Mississippi without first giving notice. Upon written authority from the Secretary of State's office, for state-owned properties, a municipality may forgo the notification process that is prescribed in this subsection and proceed to clean the properties and assess costs as prescribed in this subsection, except that penalties shall not be assessed against the State of Mississippi. A determination made by an appropriate municipal employee under this subsection (2) that the state or condition of property or a parcel of land is a menace to the public health, safety and welfare of the community shall not subsequently be used to replace a hearing if subsection (1) of this section is later utilized by a municipality when the prerequisites of this subsection (2) are not satisfied.

(3) If the governing authority declares, by resolution, that the cost and any penalty shall be collected as a civil debt, the governing authority may authorize the institution of a suit on open account against the owner of the property in a court of competent jurisdiction in the manner provided by law for the cost and any penalty, plus court costs, reasonable attorney's fees and interest from the date that the property was cleaned.

(4) (a) If the governing authority declares that the cost and any penalty shall be collected as an assessment against the property, then the assessment above provided for shall be a lien against the property and may be enrolled in the office of the chancery clerk of the county as other liens and encumbrances are enrolled, and the tax collector of the municipality shall, upon order of the board of governing authorities, proceed to sell the land to satisfy the lien as now provided by law for the sale of lands for delinquent municipal taxes. The lien against the property shall be an encumbrance upon the property and shall follow title of the property.

(b) (i) All assessments levied under the provisions of this section shall be included with municipal ad valorem taxes and payment shall be enforced in the same manner in which payment is enforced for municipal ad valorem taxes, and all statutes regulating the collection of other taxes in a municipality shall apply to the enforcement and collection of the assessments levied under the provisions of this section, including utilization of the procedures authorized under Sections 17-13-9(2) and 27-41-2.

(ii) All assessments levied under the provisions of this section shall become delinquent at the same time municipal ad valorem taxes become delinquent. Delinquencies shall be collected in the same manner and at the same time delinquent ad valorem taxes are collected and shall bear the same penalties as those provided for delinquent taxes. If the property is sold for the nonpayment of an assessment under this section, it shall be sold in the manner that property is sold for the nonpayment of delinquent ad valorem taxes. If the property is sold for delinquent ad valorem taxes, the assessment under this section shall be added to the delinquent tax and collected at the same time and in the same manner.

(5) All decisions rendered under the provisions of this section may be appealed in the same manner as other appeals from municipal boards or courts are taken. However, an appeal from a decision of a municipal officer or official shall be made to the governing authority and such appeal shall be in writing, state the basis for the appeal and be filed with the city clerk no later than seven (7) days from the latest date of notice required under this section.

(6) Nothing contained under this section shall prevent any municipality from enacting criminal penalties for failure to maintain property so as not to constitute a menace to public health, safety and welfare.

(7) If private property or a parcel of land located within a municipality is a perpetual care cemetery subject to Section 41-43-1 et seq., a municipality may proceed pursuant to the same provisions of this chapter used to determine whether a property is a public health menace to instead determine if the perpetual care cemetery and all structures thereon are not being properly maintained and have become detrimental to the public health and welfare. A perpetual care cemetery that is "not being properly maintained and has become detrimental to the public health and welfare" means a perpetual care cemetery that shows signs of neglect, including, without limitation, the unchecked growth of vegetation, repeated and unchecked acts of vandalism, unusable entrances and exits, excess rubbish or debris, or the disintegration of grave markers or boundaries. Upon notice and opportunity to be heard as provided in this chapter, the municipality may adjudicate the property or parcel of land in its then condition to be not properly maintained and has become detrimental to the public health and welfare and, if the owner does not do so himself, may proceed to clean the land as set forth in the provisions of this chapter. When performing maintenance pursuant to this subsection, the penalties provided above shall not be assessed against owners of perpetual care cemeteries.

(a) Any municipality performing maintenance pursuant to this subsection may make application to the Secretary of State for an order directing the trustee of the perpetual care cemetery trust fund to release from accrued interest of the trust an amount sufficient to reimburse only actual cleanup costs incurred. The application to the Secretary of State shall include a statement by the municipality that the requirements of this section have been met.

(b) If the Secretary of State is satisfied that the notice and hearing requirements have been met and that the application for an order directing the trustee to release accrued interest does not threaten the ability of the trust to provide for the care and maintenance of the cemetery, the Secretary of State may order the trustee to release accrued interest sufficient to reimburse the municipality for actual costs of cleanup performed. SECTION 3. Section 41-43-57, Mississippi Code of 1972, is amended as follows:

41-43-57. (1) In exceptional circumstances only, a perpetual care owner can make an application to the Secretary of State for an order directing the trustee to release trust principal for the extended care, maintenance or improvements to the perpetual care cemetery for which interest funds are insufficient. Before issuing such an order, the Secretary of State shall satisfy himself that the request is for a major capital expenditure that will advance the perpetual care life of the cemetery without undue risk to the solvency of the perpetual care trust fund. Consistent with this section, this shall be the only instance in which a perpetual care trust corpus may be utilized for cemetery maintenance and improvements. In the consideration of the application, the Secretary of State may require the production of any records deemed necessary and relevant to the application of the cemetery for a major capital expenditure.

(2) Subject to the provisions of Section 21-19-11(7) or Section 19-5-105(2), any municipality or county may also make application to the Secretary of State for an order directing the trustee to release trust interest for reimbursement to the county or municipality for actual costs of cleanup performed.

SECTION 4. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. * * * However, * * * school districts are authorized, in their discretion, to negotiate the salary levels applicable to * * * licensed employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. * * *

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed school counselor shall submit documentation to the State Department of Education that

the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board * * *. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. * * *

(v) Any licensed athletic trainer who has met the requirements and acquired Board Certification for the Athletic Trainer from the Board of Certification, Inc., and who is employed by a local school board or the State Board of Education as an athletic trainer and not as an administrator as further specified in subparagraph (vi) of this subsection (2)(a). The licensed athletic trainer shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed athletic trainer shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. The total number of licensed athletic trainers eligible for a salary supplement under this subparagraph (v) may not exceed twenty (20).

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its * * * adequate education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying

certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding * * * licensed teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment

results, growth in student achievement at individual schools and other measures deemed appropriate in designating successful student achievement shall be used in establishing MPBP criteria. * * *

(5) (a) * * * If funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

37-13-171. (1) The local school board of every public school district shall adopt a policy to implement abstinence-only or abstinence-plus education into its curriculum by June 30, 2012, which instruction in those subjects shall be implemented not later than the start of the 2012-2013 school year or the local school board shall adopt the program which has been developed by the Mississippi Department of Human Services and the Mississippi Department of Health. (2) Abstinence-only education shall remain the state standard for any sex-related education taught in the public schools. For purposes of this section, abstinence-only education includes any type of instruction or program which, at an appropriate age and grade:

(a) Teaches the social, psychological and health gains to be realized by abstaining from sexual activity, and the likely negative psychological and physical effects of not abstaining;

(b) Teaches the harmful consequences to the child, the child's parents and society that bearing children out of wedlock is likely to produce, including the health, educational, financial and other difficulties the child and his or her parents are likely to face, as well as the inappropriateness of the social and economic burden placed on others;

(d) Teaches that abstinence from sexual activity before marriage, and fidelity within marriage, is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases and related health problems. The instruction or program may include a discussion on condoms or contraceptives, but only if that discussion includes a factual presentation of the risks and failure rates of those contraceptives. In no case shall the instruction or program include any demonstration of how condoms or other contraceptives are applied;

(e) Teaches the current state law related to sexual conduct, including forcible rape, statutory rape, paternity establishment, child support and homosexual activity; and

However, no program or instruction under an abstinence-only curriculum may include anything that contradicts the excluded components. (5) Local school districts, in their discretion, may host programs designed to teach parents how to discuss abstinence with their children.

(6) There shall be no effort in either an abstinence-only or an abstinence-plus curriculum to teach that abortion can be used to prevent the birth of a baby.

(7) At all times when sex-related education is discussed or taught, boys and girls shall be separated according to gender into different classrooms, sex-related education instruction may not be conducted when boys and girls are in the company of any students of the opposite gender.

H. B. No. 754: Dyslexia education; revise provisions for determining student eligibility for IEP or 504 Plan.

Senator DeBar offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-173-9, Mississippi Code of 1972, is amended as follows:

37-173-9. (1) (a) The parent or legal guardian is not required to accept the offer of enrolling in another public school in lieu of requesting a Mississippi Dyslexia Therapy Scholarship to a nonpublic school. However, if the parent or legal guardian chooses the public school option, the student may continue attending a public school chosen by the parent or legal guardian until the student completes Grade 12.

(b) If the parent or legal guardian chooses a public school within the district, the school district shall provide transportation to the public school selected by the parent or legal guardian. However, if the parent or legal guardian chooses a public school in another district, the parent or legal guardian is responsible to provide transportation to the school of choice.

* * *

* * * These provisions do not prohibit a parent or legal guardian of a student diagnosed with dyslexia, at any time, from choosing the option of a Mississippi Dyslexia Therapy Scholarship which would allow the student to attend another public school or nonpublic special purpose school.

(* * *2) If the parent or legal guardian chooses the nonpublic school option and the student is accepted by the nonpublic school pending the availability of a space for the student, the parent or legal guardian of the student must notify the department thirty (30) days before the first scholarship payment and before entering the nonpublic school in order to be eligible for the scholarship when a space becomes available for the student in the nonpublic school.

(* * *3) The parent or legal guardian of a student may choose, as an alternative, to enroll the student in and transport the student to a public school in an adjacent school district which has available space and has a program with dyslexia services that provide daily dyslexia therapy sessions delivered by a department licensed dyslexia therapist, and that school district shall accept the student and report the student for purposes of the district's funding under the Mississippi Adequate Education Program.

SECTION 2. The following shall be codified as Section 37-173-16, Mississippi Code of 1972:

37-173-16. Each local school district shall make an initial determination of whether a student diagnosed with dyslexia meets the eligibility criteria under the Individuals with Disabilities Education Act (IDEA) to have an Individualized Education Program developed and to receive services. If a student's diagnosis of dyslexia does not result in an IDEA

eligibility determination then the district must proceed with their process for determining if the student is eligible for a 504 Plan under the Rehabilitation Act based on the presumption that proficiency in spelling, reading and writing are essential for the student to achieve appropriate educational progress. Each local school district shall develop interventions and strategies to address the needs of those students diagnosed with dyslexia which provide the necessary accommodations to enable the student to achieve appropriate educational progress. The interventions and strategies developed shall include, but not be limited to, the use of the 3-Tier Instructional Model and the utilization of provisions of the IDEA and Section 504 to address those needs.

SECTION 3. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Simmons D. T. (12th) offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 65-1-75, Mississippi Code of 1972, is amended as follows:

65-1-75. (1) The Mississippi Transportation Commission is authorized and empowered to have the Transportation Department locate, construct, reconstruct and maintain any designated state highway under its jurisdiction to, through, across or around any municipality in the state, regardless of the width of the street between curbs; and in so locating it is fully empowered to follow the route of the existing street or to depart therefrom, as in its discretion it deems advisable, and to obtain and pay for the necessary rights-of-way, as provided in Section 65-1-47. The municipality in which such construction is to be undertaken is likewise authorized to acquire rights-of-way on any such streets or on any newly located routes, either by purchase, gift or condemnation. Such rights-of-way may be acquired by either the municipality or the Transportation Department, subject to the approval of the commission, and the cost thereof may be borne by either or both as may be mutually agreed upon. In any event such municipality may be required to save the commission and department harmless from any claims for damages arising from the construction of the highway through such municipality, including claims for rights-of-way, change of grade line, interference with public structures, and any and all damages so arising. Municipalities may secure additional improvements by payment of the additional cost of same. The commission may require such municipality to cause to be laid all water, sewer, gas or other pipelines or conduits, together with all necessary house or lot connections or services, to the curb line of such road or street to be constructed, and the commission is authorized to refuse to have the department lay such pipelines or conduits beneath such roads or streets until the municipality has laid same or entered into an agreement to reimburse the commission or department for the expense thereby incurred.

(2) All construction of state highways in or through municipalities, where done at the cost and expense of the state, whether heretofore or hereafter, shall be maintained in the same manner and to the same extent as is construction on state highways outside the limits of municipalities to the end that investment of the state in such highway so constructed may be preserved and maintained; and all reasonable rules and regulations with reference to the preservation and maintenance of such highways constructed at state expense, whether within or without municipal limits, may be promulgated by the commission, except that it shall have no power to promulgate police regulations contrary to existing law. On any municipal streets or parts or sections thereof taken over for regular maintenance and maintained by the department as a part of the state highway system, the municipality shall not be liable for negligence occasioned by the maintenance or repair of such streets thus apportioned to and of such width as is maintained by the department. The municipality shall have full control and responsibility beyond the curb lines of any designated highway or street, whether heretofore or hereafter so designated, (except the interstate system) located within its present or future expanded municipal corporate limits, regardless of the ownership of the right-of-way, including, but not limited to, the construction and maintenance of sidewalks, grass mowing and drainage systems; however, the department may utilize the right-of-way purchased by the commission without any additional cost or permission.

The municipality shall not allow any encroachments, signs or billboards to be erected or to remain on state-owned rights-of-way on any designated highway within its corporate limits without the consent of the commission. The municipality, at its own expense, shall provide street illumination and shall clean all streets, including storm sewer inlets and catch basins. The commission may enter into an agreement with the municipality or with a private entity to sweep and clean the designated highways within or without the corporate limits. The commission may, at state expense, provide illumination and may clean all interstate highways within the corporate limits of any municipality. The right of the municipality to grant franchises over, beneath and upon such streets is specifically retained, but the municipality shall require every grantee of a franchise to restore, repair and replace to its original condition any portion of any such street damaged or injured by it; however, permission to open the surface of any municipal street maintained by the department must be obtained from both the commission and the municipality concerned before any such opening is made. Each municipality shall retain

full police power over its streets, particularly as to regulating and enforcing traffic and parking restrictions on such streets, but any traffic control and parking regulations repugnant to state law shall be null and void. The commission shall have the department erect, control and maintain all highway route markers and directional signs on such streets at state expense. The commission, at state expense, shall have the department install, operate, maintain, control, and have full jurisdiction over, all traffic control devices, including, but not limited to, signals, signs, striping and lane markings on state highway streets in municipalities having a population of twenty thousand (20,000) or less according to the current United States census; but municipalities over twenty thousand (20,000) population according to such census shall install, operate, maintain and control such devices at their own expense, subject to approval of the executive director regarding operations, method of installation and type only. Municipalities having a population of five thousand (5,000) or more but less than twenty thousand (20,000) according to the most recent federal census shall only be responsible for electrical operating costs; and all other costs for the installation, operation and maintenance of traffic control devices, including the changing of signal bulbs in traffic signal lights, shall be the responsibility of the Transportation Department. The commission may purchase at state expense and install traffic control devices in municipalities over twenty thousand (20,000) population and donate them to the municipalities for operation and maintenance whenever it appears to the commission that, in the interest of safety or convenience of the motoring public, any of the devices should be upgraded, replaced or removed. Any revenue from parking meters on any such streets shall be controlled by and belong to the municipality.

(3) The maintenance of all streets within the limits of any municipality in this state, regardless of size, which are presently being regularly maintained, in whole or in part, by the department at state expense as a part or parts of any designated state highway shall be continued. Whenever any state highway runs into or through the corporate limits of any municipality, the municipal street or the street utilized and marked as a part of any such state highway may be a part of the state highway system and may be maintained by the department; however, such route through any municipality shall be selected by the commission by orders spread on its minutes describing all such routes, and such route or routes may be changed, relocated or abandoned by the commission from time to time, all under the provisions, terms and conditions herein provided, but the commission shall have the department maintain only one (1) route of any highway through a municipality. Upon relocation of such state highway or abandonment thereof, the municipal street formerly used as a state highway shall thereby return to the jurisdiction of, and maintenance by, the municipality.

(4) Notwithstanding any other provision of this section to the contrary, beginning on July 1, 2021, the department shall maintain grass mowing of rights-of-way for any state highways located within the municipal limits of any municipality in the state with a population of ten thousand (10,000) or less according to the latest federal decennial census that desires that the department perform grass mowing services, provided that it is in accordance with the department's annual mowing schedule and that the department shall not be required to maintain grass mowing for areas that are subject to a beautification permit or agreement.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 65-1-75, MISSISSIPPI CODE OF 1972, TO REQUIRE THE MISSISSIPPI DEPARTMENT OF TRANSPORTATION TO MAINTAIN GRASS MOWING OF RIGHTS-OF-WAY FOR ANY STATE HIGHWAYS LOCATED WITHIN THE MUNICIPAL LIMITS OF ANY MUNICIPALITY IN THE STATE WITH A POPULATION OF 10,000 OR LESS; AND FOR RELATED PURPOSES.

The Attorney General may, in writing filed with the office of the Secretary of State, designate the deputy attorneys general to perform any duties and powers conferred on the Attorney General and to serve in his place and stead on any nonconstitutional board or commission for a particular meeting or series of called or regular meetings; and on such boards or commissions the deputy attorney general's vote, decision or signature thereon shall have the full force and effect and shall be legal and binding on the State of Mississippi as if the Attorney General had personally participated in such meeting or meetings. The State Personnel Board, based upon its findings of fact, may exempt deputy attorneys general from the provisions of Section 25-3-39(2) when the acquisition of such professional services is precluded based on the prevailing wage in the relevant labor market. The two (2) deputy attorneys general shall not be paid a salary or compensation, directly or indirectly, greater than one hundred twenty percent (120%) of the salary fixed in Section 25-3-31 for the Attorney General.

SECTION 2. Section 7-5-5, Mississippi Code of 1972, is amended as follows:

7-5-5. (1) The Attorney General shall appoint nine (9) competent attorneys, each of whom shall be designated as an assistant attorney general. The assistants shall each possess all of the qualifications required by law of the Attorney General and shall have power and authority under the direction and supervision of the Attorney General to perform all of the duties required by law of that officer; and each shall be liable to the pains and penalties to which the Attorney General is liable. When the circumstances permit, the assistants may perform any of the Attorney General's powers and duties, including, but not limited to, engaging in lawsuits outside the state when in his opinion this would help bring about the equal application of federal laws and court decisions in every state and guaranteeing equal protection of the laws as guaranteed every citizen by the United States Constitution.

(b) The Attorney General may employ outside counsel as special assistant attorneys general on a fee or contract basis; the Attorney General shall be the sole judge of the compensation in such cases except as otherwise provided in Section 7-5-8.

(i) Any contract for services of outside counsel shall require current and complete written time and expense records that describe in detail the time, in increments of no greater than one tenth (1/10) of an hour, and money spent each day in performance of the contract.

(ii) On conclusion of the matter for which the outside legal services were obtained, outside counsel shall provide a complete written statement of all fees and expenses, and the final complete time and expense records.

(3) The Attorney General may discharge any assistant attorney general or special assistant attorney general at his pleasure and appoint another in his stead. Senator Harkins offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-35-143, Mississippi Code of 1972, is amended as follows:

27-35-143. (1) The board of supervisors of each county shall have power, upon application of the party interested, or by the assessor on behalf of such party, or otherwise as prescribed in Sections 27-35-145 through 27-35-149, to change, cancel or decrease an assessment in the manner herein provided at any time after the assessment roll containing such assessment has been finally approved by the * * * Department of Revenue, and, except as otherwise provided in subsection (2) of this section, prior to the last Monday in August next, under the following circumstances and no other:

* * *(a) When the same property has been assessed more than once to one or more persons.

* * *(b) When a clerical error has been made in transcribing the assessment from the tax list to the assessment roll, or from the assessment roll to the copies, or in

amending the original assessment roll, in making the equalization of assessments, or in carrying out the instructions of the * * * Department of Revenue.

* * *(c) When an error in addition or multiplication has been made in the compilation of the tax list, roll or copy of the roll.

* * *(d) When there is an assessment of property which never existed, or was not owned by or in the possession of the party to whom assessed, on the next preceding tax lien date.

* * *(e) When the assessment is in the name of another than the owner of the property on the next preceding tax lien date.

* * *(f) When the assessment is so indefinite as to give a vague or imperfect description of the property assessed.

* * *(g) When the property assessed is nontaxable, or was not subject to taxation on the next preceding tax lien date.

* * *(h) When the property is not liable to a special district tax levy for which it has been assessed.

* * *(i) When the property, after the next preceding tax lien date, but before the payment of taxes due thereon, has ceased to exist, on account of death or destruction by fire, explosion, storm, flood, earthquake, lightning, or other inevitable accident or act of Providence; or has depreciated in value on account of any such accident or occurrence as the foregoing.

Provided, however, that where property has been insured the amount collected as insurance by reason of such loss shall be taken into account by the board in reducing the assessment, or refunding any tax payment thereon.

* * *(j) When the assessment does not show the correct number of acres, actually in the property described, or the correct quantity of any property.

* * *(k) When lands have been assessed and incorrectly classified; or when buildings and improvements have been assessed which were not on the land, at the preceding tax lien date; or where the buildings and improvements, at the preceding tax lien date, were exempt from assessment and taxation.

* * *(l) When the property has been assessed for more than its actual value; but in such cases the board shall require proof, under oath, of such excessive assessment by two (2) or more competent witnesses who know of their own personal knowledge that the property is assessed for a higher sum than its true value.

* * *(m) When the property has been assessed as subject to state taxes and is exempt; or when the property has been assessed as subject to county and district taxes and is exempt from such taxes.

* * *(n) When buildings and improvements have been assessed with the land, but are owned by someone other than the owner of the land.

(2) The assessor shall make an application on behalf of the party interested if the assessor has knowledge of any circumstance or occurrence described in subsection (1)(i) of this section regardless of whether the party interested has made such an application. If the assessor fails to make such application, the party interested may make an application with the board of supervisors not later than six (6) months after the date of the accident or occurrence described in subsection (1)(i) of this section, and the board of supervisors may change, cancel or decrease the assessment.

SECTION 2. Section 27-35-135, Mississippi Code of 1972, is brought forward as follows:

27-35-135. When the land roll is ordered by the board to be declared in force for the year following the year in which it was made, the assessor shall assemble, for presentation to the board, all necessary information which is obtainable with respect to the taxable real property in the county, and shall present to the board at its July meeting his recommendation of the changes which include the addition of buildings not on the roll, changes in ownership, subdivisions of tracts of land, and destruction of buildings, and other information which is pertinent to the circumstances enumerated in Sections 27-35-143 and 27-35-147, or as may be requested by the board, to enable it to make such changes as will cause the taxes to be charged to the person or property liable therefor, and to fix the assessments of property according to the value thereof, to the end that all property shall be assessed and taxed uniformly and equally. The board shall proceed to consider the land assessment roll along with the personal property assessment roll as is required by Sections 27-35-83 and 27-35-87, Mississippi Code of 1972, in the same manner as is done in the year in which the land roll is made. The board shall make a record of its changes, and if expedient the board may prepare, or have prepared, new pages to replace any page or pages in the roll where changes are so numerous as to cause confusion and uncertainty in the description of any property and of any individual assessment. The pages which are replaced shall be marked void by the clerk, who shall place the new pages in the roll at the place in the roll immediately following the pages marked void, and shall certify copies of the new pages, one (1) to the tax collector, and one (1) to the Tax Commission. The tax collector and the Tax Commission shall place the pages received in their respective copies of the roll.

The board shall publish a notice to the taxpayers as required by Section 27-35-83 that the roll is open for inspection and shall meet and hear objections as provided by Sections 27-35-89 and 27-35-93. When all objections have been heard, the board shall approve finally, by order, the roll as so corrected and revised, and the clerk of the board shall prepare a new recapitulation and a new certificate for the corrected roll and deliver one (1) copy to the tax collector and one (1) copy to the State Tax Commission. The roll so approved shall be the legal roll, and the values thus fixed shall be the legal value of the property described for the payment of taxes, and it shall be the duty of each and every taxpayer to pay his taxes thereon according to such value.

SECTION 3. Section 27-35-145, Mississippi Code of 1972, is brought forward as follows:

27-35-145. Any person desiring a change in assessment as provided in Section 27-35-143 shall make, in writing, an application in duplicate to the board of supervisors of the county where such assessment is made (or the tax assessor of the county may make such applications for him) on the forms prescribed, setting forth the grounds for the reduction, change, or cancellation claimed. At any meeting, either regular, special, or adjourned, the board of supervisors may hear and determine the matter and shall require such evidence as, in its opinion, is necessary to substantiate the application. If the board approves the application it shall adopt an order setting forth its conclusions, which order shall be dealt with as hereinafter provided. The State Tax Commission shall prescribe and furnish the forms necessary for complying with the provisions of this section.

SECTION 4. Section 27-35-149, Mississippi Code of 1972, is brought forward as follows:

27-35-149. It shall be the duty of the board of supervisors in carrying out the provisions of Sections 27-35-143 through 27-35-147 to make such changes in assessments as will cause the taxes to be charged to the person or property liable therefor, and to fix the assessments of property according to the true value thereof, to the end that all property shall be assessed and taxed equally and uniformly. In all cases, the

board shall adopt an order and enter the same on its minutes, and shall show in its order the page and line of the assessment roll where such change or correction is made.

Upon receipt of the order (and application, if one be required), the clerk of the board of supervisors shall transmit a certified copy of the order to the tax collector of his county and shall file the application as a record in his office. No assessment shall be increased or decreased and no credit to or charge against the tax collector of any county on account of such increase or decrease shall be entered by the Auditor of Public Accounts or by the county auditor except as shown by an order adopted by the board of supervisors as provided herein. All changes in assessment made under the provisions hereof shall be entered on the proper line and page of the assessment roll in force, and the clerk and tax collector shall keep the proper record of all such changes, increases or decreases. Nothing in this and Sections 27-35-143 through 27-35-147 shall be construed to affect or modify any law with reference to the assessing of property which has escaped taxation in former years.

SECTION 5. Section 27-37-27, Mississippi Code of 1972, is brought forward as follows:

27-37-27. When the assessor and chancery clerk shall receive the roll or schedule of land from the State Tax Commission, as provided by Section 27-37-21 of this article, in the years in which land is not assessed, or after the completion of the roll in land assessment years, they shall present the same to the board of supervisors, and the board shall carefully compare it with the land assessment roll of the county. It shall be the duty of the board of supervisors of each county in which any of such lands are located, to require the assessor to prepare proper petitions for the cancellation or change of assessments as provided by Section 27-35-143, Mississippi Code of 1972, and the board shall proceed to adopt proper orders as required by Section 27-35-149, Mississippi Code of 1972, so as to cancel all assessments against land owned by the United States for the purposes set forth in this article, and to assess to the proper owners any lands which are taxable to individual owners. All such petitions prepared by the assessor shall be acted upon by the board, proper orders adopted, as herein provided, and the same submitted to the tax commission for its approval or disapproval, to the end that all lands which are exempt from assessment shall be so shown on the roll, and all parties properly assessed with the lands owned, and the tax collector credited with any assessments with which he may be charged, and which are cancelled or reduced.

SECTION 6. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-35-143, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT IF A TAX ASSESSOR HAS KNOWLEDGE OF CERTAIN CIRCUMSTANCES OR OCCURRENCES THAT MAY AFFECT AN ASSESSMENT OF PROPERTY FOR AD VALOREM TAX PURPOSES, THE TAX ASSESSOR SHALL MAKE AN APPLICATION ON BEHALF OF THE INTERESTED PARTY WITH THE BOARD OF SUPERVISORS TO CHANGE, CANCEL OR DECREASE THE ASSESSMENT; TO BRING FORWARD SECTIONS 27-35-135, 27-35-145, 27-35-149 AND 27-37-27, MISSISSIPPI CODE OF 1972, WHICH RELATE TO THE CHANGE OF ASSESSMENTS OF PROPERTY FOR AD VALOREM TAX PURPOSES, FOR THE PURPOSE OF POSSIBLE AMENDMENT; AND FOR RELATED PURPOSES.

SECTION 3. Section 67-1-41, Mississippi Code of 1972, is brought forward as follows:

67-1-41. (1) The department is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the right to import and sell alcoholic beverages at wholesale within the state, and no person who is granted the right to sell, distribute or receive alcoholic beverages at retail shall purchase any alcoholic beverages from any source other than the department except as authorized in subsections (4), (9) and (12) of this section. The department may establish warehouses, purchase alcoholic beverages in such quantities and from such sources as it may deem desirable and sell the alcoholic beverages to authorized permittees within the state including, at the discretion of the department, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this chapter.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this chapter, or as otherwise provided by law for native wines.

(3) No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this chapter, or as otherwise provided by law for native wines.

(4) The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(5) The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.

(7) The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of native wines sold by the department, so that those wines may be delivered to the retailer at the native winery instead of via shipment from the department's warehouse.

(11) [Through June 30, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) [From and after July 1, 2023] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

(12) (a) An individual resident of this state who is at least twenty-one (21) years of age may purchase wine from a winery and have the purchase shipped into this state so long as it is shipped to a package retailer permittee in Mississippi; however, the permittee shall pay to the department all taxes, fees and surcharges on the wine that are imposed upon the sale of wine shipped by the department. No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A purchaser is limited to no more than ten (10) cases of wine per year to be shipped to a package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30) days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for

delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.

Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. In the case of a continuing failure to make reports, the common or contract carrier is subject to possible license suspension and revocation at the department's discretion.

(d) A winery that ships wine under this section shall be deemed to have consented to the jurisdiction of the courts of this state, of the department, of any other state agency regarding the enforcement of this section, and of any related law, rules or regulations.

(e) Any person who makes, participates in, transports, imports or receives a shipment in violation of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for not more than six (6) months, or both. Each shipment shall constitute a separate offense.

(13) If any provision of this chapter, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the Legislature to further limit rather than expand commerce in alcoholic beverages to protect the health, safety, and welfare of the state's residents, and to enhance strict regulatory control over taxation, distribution and sale of alcoholic beverages through the three-tier regulatory system imposed by this chapter upon all alcoholic beverages to curb relationships and practices calculated to stimulate sales and impair the state's policy favoring trade stability and the promotion of temperance.

SECTION 4. Section 67-1-43, Mississippi Code of 1972, is brought forward as follows:

67-1-43. Any authorized retail distributor who shall purchase or receive intoxicating liquor from any source except from the department, unless authorized by rules and regulations of the department promulgated under Section 67-1-41, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), nor more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail for not more than six (6) months. Any authorization of such person to sell intoxicating beverages may be revoked as provided by law.

SECTION 5. Section 67-1-45, Mississippi Code of 1972, is brought forward as follows:

67-1-45. No manufacturer, rectifier or distiller of alcoholic beverages shall sell or attempt to sell any such alcoholic beverages, except malt liquor, within the State of Mississippi, except to the department, or as provided in Section 67-1-41, or pursuant to Section 67-1-51. A producer of native wine may sell native wines to the department or to consumers at the location of the native winery or its immediate vicinity.

Any violation of this section by any manufacturer, rectifier or distiller shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), and not more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail not to exceed six (6) months.

SECTION 6. The Legislature shall appropriate funds for necessary upgrades to the Alcoholic Beverage Control Division warehouse.

SECTION 7. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO BRING FORWARD SECTIONS 27-3-31, 67-1-37, 67-1-41, 67-1-43 AND 67-1-45, MISSISSIPPI CODE OF 1972, FOR THE PURPOSE OF POSSIBLE AMENDMENT; TO PROVIDE THAT THE LEGISLATURE SHALL APPROPRIATE FUNDS FOR NECESSARY UPGRADES TO THE ALCOHOLIC BEVERAGE CONTROL DIVISION WAREHOUSE; AND FOR RELATED PURPOSES.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or

Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines, during legal hours on the premises described in the temporary permit only.

Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder

exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. SECTION 1. Section 31-7-13.1, Mississippi Code of 1972, is amended as follows:

31-7-13.1. (1) The method of contracting for construction described in this section shall be known as the " *** design-build method" of construction contracting. This method of construction contracting may be used *** on residential buildings, residential mixed-use developments, parking garages and other prescriptive type facilities. The design-build method of construction contracting may only be used when the Department of Finance and Administration or a governing authority has determined that it satisfies the public interest better than traditional design-bid or when the Legislature has specifically required or authorized the use of this method in the legislation authorizing a project. At a minimum, the determination must include a detailed explanation of why using the *** design-build method for a particular project satisfies the public need better than the traditional design-bid-build method based on the following criteria:

(a) The project provides a savings in time or cost over traditional methods;
and

(b) The size and type of the project is suitable for design-build.

(2) For each proposed *** design-build project, either a *** fixed firm price or guaranteed maximum price contract must be adopted. *** Before solicitation of *** proposals, the agency or governing authority shall develop *** a scope of work statement that provides prospective offerors with sufficient information regarding the requirements of the agency or governing authority. The scope of work statement must include, but is not limited to, the following information:

(a) *** Location and nature of proposed site(s) that include preliminary geotechnical information from borings as well as survey drawings that show topography, adjacent buildings and utilities;

(b) *** Any mandatory requirements such as minimum number and types of spaces, any minimum or maximum building area(s) or height(s), applicable energy codes and/or efficiency targets, applicable zoning regulations and any aesthetic or character defining standards;

(c) *** Any mandatory material and/or system performance requirements and/or specifications; and

(d) *** General budget parameters, schedule or delivery requirements, relevant criteria for evaluation of proposals, and any other information necessary to enable the design-builders to submit proposals that meet the needs of the agency or governing authority.

(3) The agency or governing authority shall cause to be published once a week, for at least two (2) consecutive weeks in a regular newspaper published in the county in which the project is to be located, or a newspaper with statewide circulation, a notice inviting proposals for the *** design-build construction project. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall post the notice on the Mississippi Procurement Portal or mail written notice to, or provide electronic notification to, the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. The proposals shall not be opened in less than fifteen (15) working days after the last notice is published. The notice must inform potential offerors of how to obtain the scope of work statement developed for the

project, and the notice must contain such other information to describe adequately the general nature and scope of the project so as to promote full, equal and open competition.

(4) The agency or governing authority shall accept initial proposals only from entities able to provide an experienced and qualified design-build team that includes, at a minimum, an architectural or engineering firm licensed and registered in Mississippi and a contractor properly licensed and domiciled in Mississippi for the type of work required. * * *

(5) * * * Proposals that include criteria other than cost only shall be evaluated by an evaluation committee established by the procuring entity. The evaluation committee shall be composed of not less than three (3) people, at least one (1) of which shall be an architect or engineer licensed and registered in Mississippi. Selection criteria of the evaluation committee shall be limited to the following:

(a) The bidder's knowledge and experience in executing projects of similar size and complexity;

(c) The experience and qualifications of the subcontractors proposed;

(d) The experience and qualifications of the architect or engineer and consultants;

(e) Schedule control; and

(f) Cost factors.

Cost as an evaluation factor shall be given the highest criteria weighting and at least thirty-five percent (35%) out of the one hundred percent (100%) total weight of all the other evaluation factors.

(6) If the agency or governing authority accepts a proposal other than the * * * proposal with the lowest costs that was actually submitted, the agency or governing authority shall enter on its minutes detailed calculations and a narrative summary showing why the accepted proposal was determined to provide the best value, and the agency or governing authority shall state specifically on its minutes the justification for its award.

(7) All facilities that are governed by this section shall be designed and constructed to comply with standards equal to or exceeding the minimum building code standards employed by the state as required under Section 31-11-33 in force at the time of contracting. All private contractors or private entities contracting or performing under this section must comply at all times with all applicable laws, codes and other legal requirements pertaining to the project.

(8) * * * An agency or governing authority may not award a stipulated fee * * * to an offeror for preparation costs to submit a response to the request for proposals.

(9) This section shall not authorize the awarding of construction contracts according to any contracting method that does not require the contractor to satisfactorily perform, at a minimum, both any balance of design, using an independent professional licensed in Mississippi, and construction of the project for which the contract is awarded.

(10) The provisions of this section shall not affect any procurement by the Mississippi Transportation Commission.

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be

solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. (4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1)

source. A memorandum shall accompany the request form and address the following four (4) points:

- (a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;
- (b) Explanation of why this vendor is the only practicably available source from which to obtain this service;
- (c) Explanation of why the price is considered reasonable; and
- (d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Notwithstanding the exemption of personal and professional services contracts entered into by the Department of Human Services and personal and professional services contracts entered into by the Department of Child Protection Services from the provisions of this section under subsection (2)(f), before the Department of Human Services or the Department of Child Protection Services may enter into a personal or professional service contract, the department(s) shall give notice of the proposed personal or professional service contract to the Public Procurement Review Board for any recommendations by the board. Upon receipt of the notice, the board shall post the notice on its website and on the procurement portal website established by Sections 25-53-151 and 27-104-165. If the board does not respond to the department(s) within seven (7) calendar days after receiving the notice, the department(s) may enter the proposed personal or professional service contract. If the board responds to the department(s) within seven (7) calendar days, then the board has seven (7) calendar days from the date of its initial response to provide any additional recommendations. After the end of the second seven-day period, the department(s) may enter the proposed personal or professional service contract. 47-7-15. The board shall adopt an official seal of which the courts shall take judicial notice. Decisions of the board shall be made by majority vote, except as provided in Section 47-7-5(9).

The board shall keep a record of its acts and shall notify each institution of its decisions relating to the persons who are or have been confined therein. At the close of each fiscal year the board shall submit to the Governor and to the Legislature a report with statistical and other data of its work.

SECTION 8. Section 47-7-17, Mississippi Code of 1972, is amended as follows:

47-7-17. (1) Within one (1) year after his admission and at such intervals thereafter as it may determine, the board shall secure and consider all pertinent information regarding each offender, except any under sentence of death or otherwise ineligible for parole, including the circumstances of his offense, his previous social history, his previous criminal record, including any records of law enforcement agencies or of a youth court regarding that offender's juvenile criminal history, his conduct, employment and attitude while in the custody of the department, the case plan created to prepare the offender for parole, and the reports of such physical and mental examinations as have been made. The board shall furnish at least three (3) months' written notice to each such offender of the date on which he is eligible for parole.

* * * (2) Except as provided in Section 47-7-18, the board * * * shall require a parole-eligible offender to have a hearing as required in this chapter before the board and to be interviewed. The hearing shall be held no later than thirty (30) days prior to the month of eligibility. No application for parole of a person convicted of a capital offense shall be considered by the board unless and until notice of the filing of such application shall have been published at least once a week for two (2) weeks in a newspaper published in or having general circulation in the county in which the crime was committed. The board shall, within thirty (30) days prior to the scheduled hearing, also give notice of the filing of the application for parole to the victim of the offense for which the prisoner is incarcerated and being considered for parole or, in case the offense be homicide, a designee of the immediate family of the victim, provided the victim or designated family member has furnished in writing a current address to the board for such purpose. The victim or designated family member shall be provided an opportunity to be heard by the board before the board makes a decision regarding release on parole. The board shall consider whether any restitution ordered has been paid in full. Parole release shall, at the

hearing, be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. An offender shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. When the board determines that the offender will need transitional housing upon release in order to improve the likelihood of * * * the offender becoming a law-abiding citizen, the board may parole the offender with the condition that the inmate spends no more than six (6) months in a transitional reentry center. At least fifteen (15) days prior to the release of an offender on parole, the director of records of the department shall give the written notice which is required pursuant to Section 47-5-177. Every offender while on parole shall remain in the legal custody of the department from which he was released and shall be amenable to the orders of the board. Upon determination by the board that an offender is eligible for release by parole, notice shall also be given within at least fifteen (15) days before release, by the board to the victim of the offense or the victim's family member, as indicated above, regarding the date when the offender's release shall occur, provided a current address of the victim or the victim's family member has been furnished in writing to the board for such purpose.

(3) Failure to provide notice to the victim or the victim's family member of the filing of the application for parole or of any decision made by the board regarding parole shall not

constitute grounds for vacating an otherwise lawful parole determination nor shall it create any right or liability, civilly or criminally, against the board or any member thereof.

(4) A letter of protest against granting an offender parole shall not be treated as the conclusive and only reason for not granting parole.

(5) The board may adopt such other rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of offenders for parole, the conduct of parole hearings, or conditions to be imposed upon parolees, including a condition that the parolee submit, as provided in Section 47-5-601 to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States. The board shall have the authority to adopt rules related to the placement of certain offenders on unsupervised parole and for the operation of transitional reentry centers. However, in no case shall an offender be placed on unsupervised parole before he has served a minimum of fifty percent (50%) of the period of supervised parole.

SECTION 9. Section 47-7-18, Mississippi Code of 1972, is amended as follows:

47-7-18 (1) * * * No inmate convicted of a sex offense as defined by Section 45-33-23(h), a crime of violence as defined by Section 97-3-2, or both, nor an inmate who is eligible for geriatric parole shall be released on parole without a hearing before the Parole Board as required by Section 47-7-17. All other inmates eligible for parole pursuant to Section 47-7-3 * * * shall be released from incarceration to parole supervision on the inmate's parole eligibility date, without a hearing before the board, if:

(a) The inmate has met the requirements of the parole case plan established pursuant to Section 47-7-3.1;

(b) A victim of the offense has not requested the board conduct a hearing;

(c) The inmate has not received a serious or major violation report within the past six (6) months;

(d) The inmate has agreed to the conditions of supervision; and

(e) The inmate has a discharge plan approved by the board.

(2) At least thirty (30) days prior to an inmate's parole eligibility date, the department shall notify the board in writing of the inmate's compliance or noncompliance with the case plan. If an inmate fails to meet a requirement of the case plan, prior to the parole eligibility date, he or she shall have a hearing before the board to determine if completion of the case plan can occur while in the community.

(3) Any inmate for whom there is insufficient information for the department to determine compliance with the case plan shall have a hearing with the board.

(4) A hearing shall be held with the board if requested by the victim following notification of the inmate's parole release date pursuant to Section 47-7-17.

(5) A hearing shall be held by the board if a law enforcement official from the community to which the inmate will return contacts the board or the department and requests a hearing to consider information relevant to public safety risks posed by the inmate if paroled at the initial parole eligibility date. The law enforcement official shall submit an explanation documenting these concerns for the board to consider.

(6) If a parole hearing is held, the board may determine the inmate has sufficiently complied with the case plan or that the incomplete case plan is not the fault of the inmate and that granting parole is not incompatible with public safety, the board may then parole the inmate with appropriate conditions. If the board determines that the inmate has sufficiently complied with the case plan but the discharge plan indicates that the inmate does not have appropriate housing immediately upon release, the board may parole the inmate to a transitional reentry center with the condition that the inmate spends no more than six (6) months in the center. If the board determines that the inmate has not substantively complied with the requirement(s) of the case plan it may deny parole. If the board denies parole, the board may schedule a subsequent parole hearing and, if a new date is scheduled, the board shall identify the corrective action the inmate will need to take in order to be granted parole. Any inmate not released at the time of the inmate's initial parole date shall have a parole hearing at least every year, except inmates sentenced for a crime of violence, as defined by Section 97-3-2, who shall have a hearing not more than every two (2) years.

SECTION 10. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT ENTITLED THE "MISSISSIPPI EARNED PAROLE ELIGIBILITY ACT"; TO AMEND SECTION 47-7-3, MISSISSIPPI CODE OF 1972, TO PRESCRIBE CONDITIONS FOR PAROLE ELIGIBILITY AND TO PROVIDE LIMITATIONS ON INMATE ELIGIBILITY TO PETITION THE SENTENCING COURT FOR PAROLE ELIGIBILITY IF THE INMATE IS SERVING A SENTENCE FOR A CRIME OF VIOLENCE OR NONVIOLENCE; TO AMEND SECTION 47-7-3.1, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR INMATE CASE PLANNING AND TO PRESCRIBE DATES FOR THE MISSISSIPPI DEPARTMENT OF CORRECTIONS TO COMPLETE CASE PLANS FOR PAROLE ELIGIBLE INMATES TO ENSURE THAT THE PLAN IS ACHIEVABLE; TO AMEND SECTION 47-7-3.2, MISSISSIPPI CODE OF 1972, TO PROVIDE A MINIMUM TIME THAT OFFENDERS CONVICTED OF A CRIME OF VIOLENCE MUST SERVE BEFORE RELEASE AND A MINIMUM PERCENTAGE OF OTHER SENTENCES THAT OTHER OFFENDERS MUST SERVE BEFORE RELEASE; TO BRING FORWARD SECTION 47-7-5, MISSISSIPPI CODE OF 1972, RELATED TO THE MEMBERSHIP OF THE MISSISSIPPI PAROLE BOARD, ITS REQUIREMENTS, AND THE MINIMUM VOTE REQUIRED TO GRANT PAROLE TO AN INMATE CONVICTED OF CAPITAL MURDER OR SEX OFFENSE; TO AMEND SECTION 47-7-13, MISSISSIPPI CODE OF 1972, TO

REQUIRE AN AFFIRMATIVE VOTE OF AT LEAST FOUR MEMBERS OF THE MISSISSIPPI PAROLE BOARD TO GRANT PAROLE TO A SEX OFFENDER; TO AMEND SECTION 47-7-15, MISSISSIPPI CODE OF 1972, IN CONFORMITY; TO AMEND SECTION 47-7-17, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE VICTIM OR DESIGNATED FAMILY MEMBER SHALL BE PROVIDED AN OPPORTUNITY TO BE HEARD BY THE PAROLE BOARD PRIOR TO A PAROLE DECISION; TO AMEND SECTION 47-7-18, MISSISSIPPI CODE OF 1972, TO REQUIRE CERTAIN PAROLE HEARINGS FOR SEX OFFENDERS; AND FOR RELATED PURPOSES.

Senator Hill called up the following entitled bill:

H. B. No. 104: Board of Supervisors of Hancock County; revise salary of attorney hired to prosecute cases for county.

Senator Hill offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 19-3-49, Mississippi Code of 1972, is amended as follows:

19-3-49. (1) In all counties of this state wherein there is no elected county prosecuting attorney, the boards of supervisors shall have the power and authority to employ a competent attorney to appear and prosecute in cases requiring the services of the county prosecuting attorney. The compensation paid to the person so employed shall be paid from the general fund of such county and shall not exceed, during any calendar year, the amount authorized by law to be paid as salary to the county prosecuting attorney in such county. The employment of a county prosecuting attorney as authorized by this section shall be pursuant to a contract which shall provide that the salary of such county prosecuting attorney shall not be reduced, increased or terminated for the period of the contract. Such contract shall be for the period of the remainder of the term of office of the board of supervisors which employs the county prosecuting attorney; however, the contract shall provide expressly or by reference to this section that the contract shall be abrogated upon the creation and filling of the office of elected county prosecuting attorney.

(2) Notwithstanding any of the provisions of subsection (1) of this section to the contrary, the board of supervisors of Hancock County may pay the attorney hired to appear and prosecute cases requiring the services of a county prosecuting attorney an annual salary * * * in an amount not to exceed seventy-five percent (75%) of the annual salary of the county court judge's salary. The county prosecutor's salary shall be set within the discretion of the Hancock County Board of Supervisors, shall be designated as a full-time staff position to utilize the salary escalation, and shall preclude outside practice. The Legislature finds and declares that the annual salary authorized by this section is justified in Hancock County for the following reasons:

(a) The addition of a justice court judge in January 2004 created a total of three (3) judges in the county and requires the attorney hired to appear and prosecute cases requiring the services of a county prosecuting attorney to spend additional time in court; and

(b) The population of Hancock County increased from thirty-one thousand seven hundred sixty (31,760) in 1990, to forty-two thousand nine hundred sixty-seven (42,967) in 2000, which placed it in the top ten percent (10%) of the fastest growing counties in the state. The population of Hancock County has continued to increase at one of the highest rates in the state through 2018; and

(c) There was a significant increase in the number of cases filed in justice court and cases appealed to a higher court; and

(d) The attorney hired to appear and prosecute cases requiring the services of a county prosecuting attorney is responsible for handling a large number of drug, alcohol and mental commitment proceedings, and the per capita rate of those proceedings in the county has far exceeded the typical rate in other Mississippi counties. Further, Hancock County created a county court in 2018, thus exacerbating the case load and expediency of those proceedings, requiring additional time and responsibilities of the county prosecutor.

SECTION 2. This act shall take effect and be in force from and after its passage.

Senators Hopson and Hill offered the following AMENDMENT NO. 1 TO COMMITTEE AMENDMENT NO. 1.

AMEND on line 19 by changing "the county prosecuting attorney" to "a member of the board of supervisors"

FURTHER, AMEND on line 20 by inserting after the period the following:

In addition, such county prosecuting attorney shall receive the sum of One Thousand Dollars (\$1,000.00) per month for the purpose of defraying secretarial expenses.

FURTHER, AMEND by deleting subsection (2) on lines 30 through 65 and renumbering accordingly.

FURTHER, AMEND the title to conform.

Senator DeBar called up the following entitled bill:

H. B. No. 1123: Early Learning Collaborative Act of 2013; revise funding and specify teaching standards.

Senator DeBar offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-21-51, Mississippi Code of 1972, is amended as follows:

37-21-51. (1) As used in this section:

(a) "Preschool or prekindergarten children" means any children who have not entered kindergarten but will have obtained four (4) years of age on or before September 1 of a school year.

(b) An "early learning collaborative" is a district or countywide council that writes and submits an application to participate in the voluntary prekindergarten program.

An early learning collaborative is comprised, at a minimum, of a public school district and/or a local Head Start affiliate if in existence, private or parochial schools, or one or more licensed child care centers. Agencies or other organizations that work with young children and their families may also participate in the collaborative to provide resources and coordination even if those agencies or organizations are not prekindergarten providers.

(c) A "prekindergarten provider" is a public, private or parochial school, licensed child care center or Head Start center that serves prekindergarten children and participates in the voluntary prekindergarten program.

(d) A "lead partner" is a public school district or other nonprofit entity with the instructional expertise and operational capacity to manage the early learning collaborative's prekindergarten program as described in the collaborative's approved application for funds. The lead partner serves as the fiscal agent for the collaborative and shall disburse awarded funds in accordance with the collaborative's approved application. The lead partner must facilitate a professional learning community for the teachers in the prekindergarten program and lead the collaborative. The lead partner ensures that the collaborative adopts and implements curriculum and assessments that align with the comprehensive early learning standards. The public school district shall be the lead partner if no other qualifying lead partner is selected.

(e) "Comprehensive early learning standards" are standards adopted by the State Board of Education that address the highest level of fundamental domains of early learning to include, but not be limited to, physical well-being and motor development, social/emotional development, approaches toward learning, language development and cognition and general knowledge. The comprehensive early learning standards shall also include standards for emergent literacy skills, including oral communication, knowledge of print and letters, phonological and phonemic awareness, and vocabulary and comprehension development.

(f) *** An "evidence-based curriculum" is an age-appropriate curriculum that *** demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on:

(i) Strong evidence from at least one (1) well-designed and well-implemented experimental study;

(ii) Moderate evidence from at least one (1) well-designed and well-implemented quasi-experimental study; or

(iii) Promising evidence from at least one (1) well-designed and well-implemented correlational study with statistical controls for selection bias.

(2) To ensure that all children have access to quality early childhood education and development services, the Legislature finds and declares the following:

(a) Parents have the primary duty to educate their young preschool children;

(b) The State of Mississippi can assist and educate parents in their role as the primary caregivers and educators of young preschool children;

(c) There is a need to explore innovative approaches and strategies for aiding parents and families in the education and development of young preschool children; and

(d) There exists a patchwork of prekindergarten entities but no coordination of services and there needs to be a coordination of these services.

(3) (a) This subsection shall be known and may be cited as the "Early Learning Collaborative Act of 2013."

(b) Effective with the 2013-2014 school year, the Mississippi State Department of Education shall establish a voluntary prekindergarten program, which shall be a collaboration among the entities providing prekindergarten programs including Head Start, licensed child care facilities and licensed public, parochial and private school prekindergarten programs. This program shall be implemented no later than the 2014-2015 school year. Enrollment in the prekindergarten program shall be coordinated with the Head Start agencies in the local areas and shall not be permitted to cause a reduction in children served by the Head Start program. Under this program, eligible entities may submit an application for funds to (i) defray the cost of additional and/or more qualified teaching staff, appropriate educational materials and equipment and to improve the quality of educational experiences offered to four-year-old children in early care and education programs, and/or to (ii) extend developmentally appropriate education services at such programs currently serving four-year-old children to include practices of high quality instruction, and to (iii) administer, implement, monitor and evaluate the programs, and to (iv) defray the cost of professional development and age-appropriate child assessment.

(c) Subject to the availability of funds appropriated therefor, the State Department of Education shall administer the implementation, monitoring and evaluation of the voluntary prekindergarten program, including awards and the application process.

(i) The department shall establish a rigorous and transparent application process for the awarding of funds. Lead partners shall submit the applications on behalf of their early learning collaborative.

(ii) The department will establish monitoring policies and procedures that, at a minimum, will include at least one (1) site visit a year.

(iii) The department will provide technical assistance to collaboratives and their providers to improve the quality of prekindergarten programs. Technical assistance may include classroom-embedded support for teachers and assistant teachers.

(iv) The department will evaluate the effectiveness of each early childhood collaborative and each prekindergarten provider. If the State Department of Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall adopt a minimum rate of readiness that each prekindergarten provider must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program must submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

(d) Prekindergarten program funds shall be awarded to early childhood collaboratives whose proposed programs meet the program criteria. The criteria shall include:

(i) Voluntary enrollment of children;

(ii) Collaboration among prekindergarten providers and other early childhood programs through the establishment of an early learning collaborative;

(iii) Qualifications of master teachers, teachers and assistants, which must conform to guidelines in Section 37-21-3;

(iv) At least fifteen (15) hours of annual professional development for program instructional staff, including professional development in early literacy, and

individualized professional development plans for all teachers and teaching assistants supplemented by classroom-embedded support on an as-needed basis;

(v) The use of state-adopted comprehensive early learning standards;

(vi) The use of a *** curriculum *** based on strong evidence as defined in subsection (1)(f)(i) of this section and aligned with the comprehensive early learning standards;

(vii) The use of a curriculum based on moderate evidence as defined in subsection (1)(f)(ii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum is available;

(viii) The use of a curriculum based on promising evidence as defined in subsection (1)(f)(iii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum or moderate-evidence curriculum is available;

(**ix) The use of age-appropriate assessments aligned to the comprehensive early learning standards;

(**x) Teacher/child ratios of one (1) adult for every ten (10) children with a maximum of twenty (20) children per classroom and a minimum of five (5) children per classroom;

(**xi) The provision of at least one (1) meal meeting state and federal nutrition guidelines for young children;

(**xii) Plans to screen and/or refer children for vision, hearing and other health issues;

(**xiii) *** Family engagement opportunities;

(**xiv) Plans to serve children with disabilities as indicated under IDEA;

(**xv) The number of instructional hours to be provided, which shall equal no less than five hundred forty (540) instructional hours per school year for half-day programs and one thousand eighty (1,080) instructional hours per school year for full-day programs; and

(**xvi) A budget detailing the use of funds for allowed expenses.

Participating child care centers shall: (a) meet state child care facility licensure requirements unless exempted under Section 43-20-5, Mississippi Code of 1972, and (b) select and utilize a nationally recognized assessment tool, approved by the State Department of Education, designed to document classroom quality, which must be in place not later than July 1, 2016, as certified by the State Department of Education.

Within the prekindergarten program, a prekindergarten provider must comply with the antidiscrimination requirements applicable to public schools. A prekindergarten provider may not discriminate against a parent or child, including the refusal to admit a child for enrollment in the prekindergarten program, in violation of these antidiscrimination requirements. However, a prekindergarten provider may refuse to admit a child based on the provider's standard eligibility guidelines, provided that these guidelines do not violate the antidiscrimination requirements. Consistent with the Legislature's recognition of the primacy of a parent's role in the education of a preschool-age child and the related recognition of the state in assisting and educating parents in that role, if the State Department of Education adopts a statewide kindergarten screening that assesses the

readiness of each student for kindergarten, the State Department of Education shall recognize each child's unique pattern of development when adopting a minimum rate of readiness that prekindergarten providers must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program may submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

The State Department of Education may add program criteria not inconsistent with these requirements and shall develop policies and procedures to implement and enforce these criteria.

(e) The State Department of Education shall ensure that early learning collaboratives provide each parent enrolling a child in the voluntary prekindergarten program with a profile of every prekindergarten provider participating in the collaborative's geographic catchment area. The State Department of Education shall prescribe the information to be included in each profile as well as the format of the profiles. At a minimum, the profiles must include the prekindergarten provider's services, curriculum, instructor credentials and instructor-to-student ratio.

(f) A teacher, assistant teacher or other employee whose salary and fringe benefits are paid from state funds under this act shall only be classified as a state or local school district employee eligible for state health insurance benefits or membership in the Public Employees' Retirement System, if the person's employer is already an agency or instrumentality of the state, such as a school district, and the employee would be eligible for such benefits in the normal course of business.

(g) Funding shall be provided for this program beginning with the 2014 fiscal year subject to appropriation by the Legislature as provided in paragraph (h) of this subsection. The department shall make an annual report to the Legislature and the Governor regarding *** program operations and outcomes. Every three (3) years, with the first report due July 1, 2023, the department shall provide to the Legislature and the Governor a rigorous evaluation of program effectiveness using longitudinal data to measure short-term and long-term effects, including both achievement and nonachievement effects. After each three-year report, the PEER Committee shall review the three-year report and the intervening annual reports and submit an independent summary of its findings prior to the next legislative session.

(h) (i) The Legislature shall appropriate funds to implement the Early Education Collaborative Act of 2013 on a phased-in basis as follows:

1. The first phase shall be based on an annual state appropriation of not more than Eight Million Dollars (\$8,000,000.00) and shall serve approximately three thousand five hundred (3,500) children through five (5) to eight (8) early learning collaboratives and their prekindergarten providers;

2. The second phase shall be based on an annual state appropriation of not more than Sixteen Million Dollars (\$16,000,000.00) and shall serve approximately seven thousand (7,000) children through ten (10) to fifteen (15) early learning collaboratives and their prekindergarten providers;

3. The third phase shall be based on an annual state appropriation of not more than Thirty-three Million Nine Hundred Fifty Thousand Dollars (\$33,950,000.00) and shall serve approximately fifteen thousand (15,000) children through twenty (20) to twenty-five (25) early learning collaboratives and their prekindergarten providers.

(ii) Future phases shall be based on interest in the program and the effectiveness of the program as determined by the school readiness of participants. Each phase shall last for at least three (3) years but no more than five (5) years. The State

Department of Education shall determine when to move to a new phase of the program, within the timeline provided herein.

(iii) Funding shall be provided to early learning collaboratives on the basis of Two Thousand One Hundred Fifty Dollars (\$2,150.00) per student in a full-day program per student in a full-day program and One Thousand Seventy-five Dollars (\$1,075.00) per student in a half-day program proposed in the collaborative's approved application. Once an early learning collaborative's plan is approved and funded, the collaborative and/or its prekindergarten providers shall receive funds on an ongoing basis unless the collaborative and/or its prekindergarten providers no longer meet the criteria to participate in the program.

(iv) Early learning collaboratives shall match state funds on a 1:1 basis. Local matching funds may include local tax dollars, federal dollars as allowed, parent tuition, philanthropic contributions, or in-kind donations of facilities, equipment and services required as part of the program such as food service or health screenings.

(v) The State Department of Education shall reserve no more than five percent (5%) of the appropriation in any year for administrative costs. Funds remaining after awards to early learning collaboratives and the department's administrative needs are met may be carried over in the following year. In the first year of implementation of the program, the department may delay the awarding of funds until the 2014-2015 school year should time not be sufficient to establish the program's operation prior to the 2013-2014 school year.

(vi) In the initial phase of implementation, the State Department of Education shall award state funds under the Early Learning Collaborative Act of 2013 based on a community's capacity, commitment and need. To determine capacity, commitment and need, the State Department of Education shall require evidence of existing strong local collaborations of early education stakeholders. Such evidence shall include, but not be limited to, collaborations resulting from any of the following:

1. Participation in Excel By 5;
2. Participation in supporting Partnerships to Assure Ready Kids (SPARK);
3. Participation in the Gilmore Early Learning Initiative (GELI);
- or
4. Participation in the Mississippi Building Blocks.

In determining community need, the department shall consider low academic achievement within the public school districts participating in an applicant early learning collaborative and the number and percentage of children without quality prekindergarten options.

(vii) All authority granted to the State Department of Education to establish program rules is subject to the public processes established in the provisions of the Mississippi Administrative Procedures Law, including, but not limited to, filing notice of the proposed rules, public hearings and any economic impact statement with the Office of the Secretary of State before presenting such information to the State Board of Education for final approval.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 37-21-51, MISSISSIPPI CODE OF 1972, TO PRESCRIBE STANDARDS AND BENCHMARKS UNDER THE EARLY LEARNING COLLABORATIVE ACT; TO AUTHORIZE TECHNICAL TEACHER AND TEACHER ASSISTANT SUPPORT SERVICES; TO REQUIRE INDIVIDUALIZED PROFESSIONAL DEVELOPMENT PLANS AND APPROVED CURRICULUM; TO REQUIRE THE DEPARTMENT OF EDUCATION TO PROVIDE THE GOVERNOR AND THE LEGISLATURE WITH AN EVALUATION OF PROGRAM EFFECTIVENESS; TO REQUIRE THE PEER COMMITTEE TO REVIEW THE DEPARTMENT OF EDUCATION'S EVALUATIONS AND ANNUAL REPORTS AND SUBMIT A SUMMARY OF ITS FINDINGS TO THE LEGISLATURE; AND FOR RELATED PURPOSES.

Committee Amendment No. 1 to H. B. No. 1123 was adopted.

37-16-3. (1) The State Department of Education is directed to implement a program of statewide assessment testing which shall provide for the improvement of the operation and management of the public schools. The statewide program shall be timed, as far as possible, so as not to conflict with ongoing district assessment programs. As part of the program, the department shall:

(a) Establish, with the approval of the State Board of Education, minimum performance standards related to the goals for education contained in the state's plan including, but not limited to, basic skills in reading, writing and mathematics. The minimum performance standards shall be approved by April 1 in each year they are established.

(b) Conduct a uniform statewide testing program in grades deemed appropriate in the public schools, including charter schools, which shall provide for the administration of a career readiness assessment to any students electing to take the assessment in the ninth, tenth or eleventh grade. The program may test skill areas, basic skills and high school course content.

(c) Monitor the results of the assessment program and, at any time the composite student performance of a school or basic program is found to be below the established minimum standards, notify the district superintendent or the governing board of the charter school, as the case may be, the school principal and the school advisory committee or other existing parent group of the situation within thirty (30) days of its determination. The department shall further provide technical assistance to a school district in the identification of the causes of this deficiency and shall recommend courses of action for its correction.

(f) In case of an allegation of a testing irregularity that prompts a need for an investigation by the Department of Education, the department may, in its discretion, take complete control of the statewide test administration in a school district or any part thereof, including, but not limited to, obtaining control of the test booklets and answer documents. In the case of any verified testing irregularity that jeopardized the security and integrity of the test(s), validity or the accuracy of the test results, the cost of the investigation and any other actual and necessary costs related to the investigation paid by the Department of Education shall be reimbursed by the local school district from funds other than federal funds, Mississippi Adequate Education Program funds, or any other state funds within six (6) months from the date of notice by the department to the school district to make reimbursement to the department.

(2) Uniform basic skills tests shall be completed by each student in the appropriate grade. These tests shall be administered in such a manner as to preserve the integrity and validity of the assessment. In the event of excused or unexcused student absences, make-up tests shall be given. The school superintendent of every school district in the state and the principal of each charter school shall annually certify to the State Department of Education that each student enrolled in the appropriate grade has completed the required basic skills assessment test for his or her grade in a valid test administration.

(3) Within five (5) days of completing the administration of a statewide test, the principal of the school where the test was administered shall certify under oath to the State Department of Education that the statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The principal's sworn certification shall be set forth on a form developed and approved by the Department of Education. If, following the administration of a statewide test, the principal has reason to believe that the test was not administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education, the principal shall submit a sworn certification to the Department of Education setting forth all information known or believed by the principal about all potential violations of the Requirements of the Mississippi Statewide Assessment System as adopted by the State Board of Education. The submission of false information or false certification to the Department of Education by any licensed educator may result in licensure disciplinary action pursuant to Section 37-3-2 and criminal prosecution pursuant to Section 37-16-4.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021.

41-3-16. Loan and grant proceeds may be used by the recipient for planning, professional services, acquisition of interests in land, acquisition of personal property, construction, construction-related services, maintenance, and any other reasonable use which the board, in its discretion, may allow. For purposes of this section, "water systems" has the same meaning as the term "public water system" under Section 41-26-3.

(b) (i) There is created a board to be known as the "Local Governments and Rural Water Systems Improvements Board," referred to in this section as "board," to be composed of the following nine (9) members: the State Health Officer, or his designee, who shall serve as chairman of the board; the Executive Director of the Mississippi Development Authority, or his designee; the Executive Director of the Department of Environmental Quality, or his designee; the Executive Director of the Department of Finance and Administration, or his designee; the Executive Director of the Mississippi Association of Supervisors, or his designee; the Executive Director of the Mississippi Municipal League, or his designee; the Executive Director of the American Council of Engineering Companies of Mississippi, or his designee; the State Director of the United States Department of Agriculture, Rural Development, or his designee; and a manager of a rural water system.

(c) The department, if requested by the board, shall furnish the board with facilities and staff as needed to administer this section. The department may contract, upon approval by the board, for those facilities and staff needed to administer this section, including routine management, as it deems necessary. The board may advertise for or solicit proposals from public or private sources, or both, for administration of this section or any services required for administration of this section or any portion thereof. It is the intent of the Legislature that the board endeavor to ensure that the costs of administration of this section are as low as possible in order to provide the water consumers of Mississippi safe drinking water at affordable prices.

(d) Members of the board may not receive any salary, compensation or per diem for the performance of their duties under this section.

(2) (a) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Improvements Revolving Loan Fund," referred to in this section as "revolving fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The revolving fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the revolving fund shall be credited with all repayments of principal and interest derived from loans made from the revolving fund. Except as otherwise provided in this section, the monies in the revolving fund may be expended only in amounts appropriated by the Legislature, and the different amounts specifically provided for the loan program and the grant program shall be so designated. Except as otherwise provided in this section, monies in the fund may only be expended for the grant program from the amount designated for such program. The revolving fund shall be maintained in perpetuity for the purposes established in this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Unexpended amounts remaining in the revolving fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the revolving fund shall be deposited to the credit of the fund. Monies in the revolving fund may not be used or expended for any purpose except as authorized under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any monies in the fund may be used to match any federal funds that are available for the same or related purposes for which funds are used and expended under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any federal funds shall be used and expended only in accordance with federal laws, rules and regulations governing the expenditure of those funds. No person shall use any monies from the revolving fund for the acquisition of real property or any interest in real property unless that property is integral to the project funded under this section and the purchase is made from a willing seller. No county, incorporated municipality or district shall acquire any real property or any interest in any real property for a project funded through the revolving fund by condemnation. The board's application of Sections 43-37-1 through 43-37-13 shall be no more stringent or extensive in scope, coverage and effect than federal property acquisition laws and regulations.

(b) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Emergency Loan Fund," hereinafter referred to as "emergency fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The emergency fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the emergency fund shall be credited with all repayments of principal and interest derived from loans made from the emergency fund. Except as otherwise provided in this section, the monies in the emergency fund may be expended only in amounts appropriated by the Legislature. Unexpended amounts remaining in the emergency fund at the end of a fiscal year shall not lapse into the State General Fund. Any interest earned on amounts in the emergency fund shall be deposited to the credit of the fund. Monies in the emergency fund may not be used or expended for any purpose except as authorized under this section and Section 6 of Chapter 521, Laws of 1995.

(c) The board created in subsection (1) shall establish loan and grant programs by which loans and grants may be made available to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, to assist those counties, incorporated municipalities, districts or water organizations in making water systems improvements, including the construction of new water systems or expansion or repair of existing water systems. Any entity eligible under this section may receive either a loan or a grant, or both. No grant awarded under the program established in this section may be made using funds from the loan program. Grants may be awarded only when the Legislature specifically appropriates funds for that particular purpose. The interest rate on those loans may vary from time to time and from loan to loan, and will be at or below market interest rates as determined by the board. The board shall act as quickly as is practicable and

prudent in deciding on any loan request that it receives. Loans from the revolving fund or emergency fund may be made to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, as set forth in a loan agreement in amounts not to exceed one hundred percent (100%) of eligible project costs as established by the board. The board may require county, municipal, district or other water organization participation or funding from other sources, or otherwise limit the percentage of costs covered by loans from the revolving fund or the emergency fund. The board may establish a maximum amount for any loan from the revolving fund or emergency fund in order to provide for broad and equitable participation in the programs.

(d) A county that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, as may be required to meet the repayment schedule contained in the loan agreement. An incorporated municipality that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75, as may be required to meet the repayment schedule contained in the loan agreement. All recipients of such loans shall establish a dedicated source of revenue for repayment of the loan. Before any county or incorporated municipality shall receive any loan, it shall have executed with the Department of Revenue and the board a loan agreement evidencing that loan. The loan agreement shall not be construed to prohibit any recipient from prepaying any part or all of the funds received. The repayment schedule in each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, the annual total of which shall not exceed the annual total for any other year of the loan by more than fifteen percent (15%). Except as otherwise provided in subsection (4) of this section, the loan agreement shall provide for the repayment of all funds received from the revolving fund within not more than fifteen (15) years or a term as otherwise allowed by the federal Safe Drinking Water Act, and all funds received from the emergency fund within not more than five (5) years from the date of project completion, and any repayment shall commence not later than one (1) year after project completion. The Department of Revenue shall withhold semiannually from counties and monthly from incorporated municipalities from the amount to be remitted to the county or municipality, a sum equal to the next repayment as provided in the loan agreement.

(e) Any county, incorporated municipality, district or other water organization desiring to construct a project approved by the board which receives a loan from the state for that purpose but which is not eligible to pledge for repayment under the provisions of paragraph (d) of this subsection shall repay that loan by making payments each month to the State Treasurer through the Department of Finance and Administration for and on behalf of the board according to Section 7-7-15, to be credited to either the revolving fund or the emergency fund, whichever is appropriate, in lieu of pledging homestead exemption annual tax loss reimbursement or sales tax revenue distribution.

Loan repayments shall be according to a repayment schedule contained in each loan agreement as provided in paragraph (d) of this subsection.

(f) Any district created pursuant to Sections 19-5-151 through 19-5-207 that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the revenues received by that district pursuant to Sections 19-5-151 through 19-5-207, as may be required to meet the repayment schedule contained in the loan agreement.

(g) The State Auditor, upon request of the board, shall audit the receipts and expenditures of a county, an incorporated municipality, district or other water organization whose loan repayments appear to be in arrears, and if the Auditor finds that the county, incorporated municipality, district or other water organization is in arrears in those repayments, the Auditor shall immediately notify the chairman of the board who may

This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the nursing facility if the ownership of the nursing facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify any of the beds in the nursing facility for participation in the Medicaid program. If the nursing facility violates the terms of the written agreement by admitting or keeping in the nursing facility on a regular or continuing basis any patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the nursing facility, at the time that the department determines, after a hearing complying with due process, that the nursing facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. (n) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Madison County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (n), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (n) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing

facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(o) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Leake County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (o), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (o) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(p) The department may issue a certificate of need for the construction of a municipally owned nursing facility within the Town of Belmont in Tishomingo County, not to exceed sixty (60) beds, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (p), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as

reported in the current State Health Plan is waived for the purposes of this paragraph. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(q) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next four (4) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each county in the state having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, in the manner provided in this paragraph (q). The total number of nursing facility beds that may be authorized by any certificate of need authorized under this paragraph (q) shall not exceed sixty (60) beds.

(ii) Subject to the provisions of subparagraph (v), during each of the next four (4) fiscal years, the department shall issue six (6) certificates of need for new nursing facility beds, as follows: During fiscal years 2000, 2001 and 2002, one (1) certificate of need shall be issued for new nursing facility beds in the county in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan that has the highest need in the district for those beds; and two (2) certificates of need shall be issued for new nursing facility beds in the two (2) counties from the state at large that have the highest need in the state for those beds, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. During fiscal year 2003, one (1) certificate of need shall be issued for new nursing facility beds in any county having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, that has not received a certificate of need under this paragraph (q) during the three (3) previous fiscal years. During fiscal year 2000, in addition to the six (6) certificates of need authorized in this subparagraph, the department also shall issue a certificate of need for new nursing facility beds in Amite County and a certificate of need for new nursing facility beds in Carroll County.

(iii) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in each Long-Term Care Planning District during each fiscal year shall first be available for nursing facility beds in the county in the district having the highest need for those beds, as shown in the fiscal year 1999 State Health Plan. If there are no applications for a certificate of need for nursing facility beds in the county having the highest need for those beds by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties in the district in descending order of the need for those beds, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county in the district.

(iv) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in the two (2) counties from the state at large during each fiscal year shall first be available for nursing facility beds in the two (2) counties that have the highest need in the state for those beds, as shown in the fiscal year 1999 State Health Plan, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. If there are no applications for a certificate of need for nursing facility beds in either of the two (2) counties having the highest need for those beds on a statewide basis by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties from the state at large in descending order of the need for those beds on a statewide basis, from the county with the second

highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county from the state at large.

(v) If a certificate of need is authorized to be issued under this paragraph (q) for nursing facility beds in a county on the basis of the need in the Long-Term Care Planning District during any fiscal year of the four-year period, a certificate of need shall not also be available under this paragraph (q) for additional nursing facility beds in that county on the basis of the need in the state at large, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in the state at large for that fiscal year. After a certificate of need has been issued under this paragraph (q) for nursing facility beds in a county during any fiscal year of the four-year period, a certificate of need shall not be available again under this paragraph (q) for additional nursing facility beds in that county during the four-year period, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in succeeding fiscal years.

(vi) If more than one (1) application is made for a certificate of need for nursing home facility beds available under this paragraph (q), in Yalobusha, Newton or Tallahatchie County, and one (1) of the applicants is a county-owned hospital located in the county where the nursing facility beds are available, the department shall give priority to the county-owned hospital in granting the certificate of need if the following conditions are met:

1. The county-owned hospital fully meets all applicable criteria and standards required to obtain a certificate of need for the nursing facility beds; and

2. The county-owned hospital's qualifications for the certificate of need, as shown in its application and as determined by the department, are at least equal to the qualifications of the other applicants for the certificate of need.

(r) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next two (2) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan, to provide care exclusively to patients with Alzheimer's disease.

(ii) Not more than twenty (20) beds may be authorized by any certificate of need issued under this paragraph (r), and not more than a total of sixty (60) beds may be authorized in any Long-Term Care Planning District by all certificates of need issued under this paragraph (r). However, the total number of beds that may be authorized by all certificates of need issued under this paragraph (r) during any fiscal year shall not exceed one hundred twenty (120) beds, and the total number of beds that may be authorized in any Long-Term Care Planning District during any fiscal year shall not exceed forty (40) beds. Of the certificates of need that are issued for each Long-Term Care Planning District during the next two (2) fiscal years, at least one (1) shall be issued for beds in the northern part of the district, at least one (1) shall be issued for beds in the central part of the district, and at least one (1) shall be issued for beds in the southern part of the district.

(iii) The State Department of Health, in consultation with the Department of Mental Health and the Division of Medicaid, shall develop and prescribe the staffing levels, space requirements and other standards and requirements that must be met with regard to the nursing facility beds authorized under this paragraph (r) to provide care exclusively to patients with Alzheimer's disease.

(s) The State Department of Health may issue a certificate of need to a nonprofit skilled nursing facility using the Green House model of skilled nursing care and located in Yazoo City, Yazoo County, Mississippi, for the construction, expansion or conversion of not more than nineteen (19) nursing facility beds. For purposes of this paragraph (s), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this paragraph (s).

(t) The State Department of Health shall issue certificates of need to the owner of a nursing facility in operation at the time of Hurricane Katrina in Hancock County that was not operational on December 31, 2005, because of damage sustained from Hurricane Katrina to authorize the following: (i) the construction of a new nursing facility in Harrison County; (ii) the relocation of forty-nine (49) nursing facility beds from the Hancock County facility to the new Harrison County facility; (iii) the establishment of not more than twenty (20) non-Medicaid nursing facility beds at the Hancock County facility; and (iv) the establishment of not more than twenty (20) non-Medicaid beds at the new Harrison County facility. The certificates of need that authorize the non-Medicaid nursing facility beds under subparagraphs (iii) and (iv) of this paragraph (t) shall be subject to the following conditions: The owner of the Hancock County facility and the new Harrison County facility must agree in writing that no more than fifty (50) of the beds at the Hancock County facility and no more than forty-nine (49) of the beds at the Harrison County facility will be certified for participation in the Medicaid program, and that no claim will be submitted for Medicaid reimbursement for more than fifty (50) patients in the Hancock County facility in any month, or for more than forty-nine (49) patients in the Harrison County facility in any month, or for any patient in either facility who is in a bed that is not Medicaid-certified. This written agreement by the owner of the nursing facilities shall be a condition of the issuance of the certificates of need under this paragraph (t), and the agreement shall be fully binding on any later owner or owners of either facility if the ownership of either facility is transferred at any time after the certificates of need are issued. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifty (50) of the beds at the Hancock County facility or more than forty-nine (49) of the beds at the Harrison County facility for participation in the Medicaid program. If the Hancock County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifty (50) patients who are participating in the Medicaid program, or if the Harrison County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than forty-nine (49) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility that is in violation of the agreement, at the time that the department determines, after a hearing complying with due process, that the facility has violated the agreement.

(u) The State Department of Health shall issue a certificate of need to a nonprofit venture for the establishment, construction and operation of a skilled nursing facility of not more than sixty (60) beds to provide skilled nursing care for ventilator dependent or otherwise medically dependent pediatric patients who require medical and nursing care or rehabilitation services to be located in a county in which an academic medical center and a children's hospital are located, and for any construction and for the acquisition of equipment related to those beds. The facility shall be authorized to keep such ventilator dependent or otherwise medically dependent pediatric patients beyond age twenty-one (21) in accordance with regulations of the State Board of Health. For purposes of this paragraph (u), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived, and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. The beds authorized by this paragraph shall be counted as pediatric skilled nursing facility beds for health planning purposes under Section 41-7-171 et seq. There shall be no prohibition of or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized by this paragraph.

(3) The State Department of Health may grant approval for and issue certificates of need to any person proposing the new construction of, addition to, conversion of beds of or expansion of any health care facility defined in subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h). The total number of beds which may be authorized by such certificates of need shall not exceed three hundred thirty-four (334) beds for the entire state.

(a) Of the total number of beds authorized under this subsection, the department shall issue a certificate of need to a privately owned psychiatric residential treatment facility in Simpson County for the conversion of sixteen (16) intermediate care

facility for the mentally retarded (ICF-MR) beds to psychiatric residential treatment facility beds, provided that facility agrees in writing that the facility shall give priority for the use of those sixteen (16) beds to Mississippi residents who are presently being treated in out-of-state facilities.

(b) Of the total number of beds authorized under this subsection, the department may issue a certificate or certificates of need for the construction or expansion of psychiatric residential treatment facility beds or the conversion of other beds to psychiatric residential treatment facility beds in Warren County, not to exceed sixty (60) psychiatric residential treatment facility beds, provided that the facility agrees in writing that no more than thirty (30) of the beds at the psychiatric residential treatment facility will be certified for participation in the Medicaid program (Section 43-13-101 et seq.) for the use of any patients other than those who are participating only in the Medicaid program of another state, and that no claim will be submitted to the Division of Medicaid for Medicaid reimbursement for more than thirty (30) patients in the psychiatric residential treatment facility in any day or for any patient in the psychiatric residential treatment facility who is in a bed that is not Medicaid-certified. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program for the use of any patients other than those who are participating only in the Medicaid program of another state. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than thirty (30) patients who are participating in the Mississippi Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

The State Department of Health, on or before July 1, 2002, shall transfer the certificate of need authorized under the authority of this paragraph (b), or reissue the certificate of need if it has expired, to River Region Health System.

(c) Of the total number of beds authorized under this subsection, the department shall issue a certificate of need to a hospital currently operating Medicaid-certified acute psychiatric beds for adolescents in DeSoto County, for the establishment of a forty-bed psychiatric residential treatment facility in DeSoto County, provided that the hospital agrees in writing (i) that the hospital shall give priority for the use of those forty (40) beds to Mississippi residents who are presently being treated in out-of-state facilities, and (ii) that no more than fifteen (15) of the beds at the psychiatric residential treatment facility will be certified for participation in the Medicaid program (Section 43-13-101 et seq.), and that no claim will be submitted for Medicaid reimbursement for more than fifteen (15) patients in the psychiatric residential treatment facility in any day or for any patient in the psychiatric residential treatment facility who is in a bed that is not Medicaid-certified. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifteen (15) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifteen (15) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

(d) Of the total number of beds authorized under this subsection, the department may issue a certificate or certificates of need for the construction or expansion of psychiatric residential treatment facility beds or the conversion of other beds to psychiatric treatment facility beds, not to exceed thirty (30) psychiatric residential treatment facility beds, in either Alcorn, Tishomingo, Prentiss, Lee, Itawamba, Monroe, Chickasaw, Pontotoc, Calhoun, Lafayette, Union, Benton or Tippah County.

(e) Of the total number of beds authorized under this subsection (3) the department shall issue a certificate of need to a privately owned, nonprofit psychiatric residential treatment facility in Hinds County for an eight-bed expansion of the facility, provided that the facility agrees in writing that the facility shall give priority for the use of those eight (8) beds to Mississippi residents who are presently being treated in out-of-state facilities.

(f) The department shall issue a certificate of need to a one-hundred-thirty-four-bed specialty hospital located on twenty-nine and forty-four one-hundredths (29.44) commercial acres at 5900 Highway 39 North in Meridian (Lauderdale County), Mississippi, for the addition, construction or expansion of child/adolescent psychiatric residential treatment facility beds in Lauderdale County. As a condition of issuance of the certificate of need under this paragraph, the facility shall give priority in admissions to the child/adolescent psychiatric residential treatment facility beds authorized under this paragraph to patients who otherwise would require out-of-state placement. The Division of Medicaid, in conjunction with the Department of Human Services, shall furnish the facility a list of all out-of-state patients on a quarterly basis. Furthermore, notice shall also be provided to the parent, custodial parent or guardian of each out-of-state patient notifying them of the priority status granted by this paragraph. For purposes of this paragraph, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of child/adolescent psychiatric residential treatment facility beds that may be authorized under the authority of this paragraph shall be sixty (60) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this paragraph or for the beds converted pursuant to the authority of that certificate of need.

(4) (a) From and after July 1, 1993, the department shall not issue a certificate of need to any person for the new construction of any hospital, psychiatric hospital or chemical dependency hospital that will contain any child/adolescent psychiatric or child/adolescent chemical dependency beds, or for the conversion of any other health care facility to a hospital, psychiatric hospital or chemical dependency hospital that will contain any child/adolescent psychiatric or child/adolescent chemical dependency beds, or for the addition of any child/adolescent psychiatric or child/adolescent chemical dependency beds in any hospital, psychiatric hospital or chemical dependency hospital, or for the conversion of any beds of another category in any hospital, psychiatric hospital or chemical dependency hospital to child/adolescent psychiatric or child/adolescent chemical dependency beds, except as hereinafter authorized:

(i) The department may issue certificates of need to any person for any purpose described in this subsection, provided that the hospital, psychiatric hospital or chemical dependency hospital does not participate in the Medicaid program (Section 43-13-101 et seq.) at the time of the application for the certificate of need and the owner of the hospital, psychiatric hospital or chemical dependency hospital agrees in writing that the hospital, psychiatric hospital or chemical dependency hospital will not at any time participate in the Medicaid program or admit or keep any patients who are participating in the Medicaid program in the hospital, psychiatric hospital or chemical dependency hospital. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital, psychiatric hospital or chemical dependency hospital, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the hospital, psychiatric hospital or chemical dependency hospital will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subparagraph (i), and if such hospital, psychiatric hospital or chemical dependency hospital at any time after the issuance of the certificate of need, regardless of the

ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the hospital, psychiatric hospital or chemical dependency hospital who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital, psychiatric hospital or chemical dependency hospital, at the time that the department determines, after a hearing complying with due process, that the hospital, psychiatric hospital or chemical dependency hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph (i) and in the written agreement by the recipient of the certificate of need.

(ii) The department may issue a certificate of need for the conversion of existing beds in a county hospital in Choctaw County from acute care beds to child/adolescent chemical dependency beds. For purposes of this subparagraph (ii), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the hospital receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(iii) The department may issue a certificate or certificates of need for the construction or expansion of child/adolescent psychiatric beds or the conversion of other beds to child/adolescent psychiatric beds in Warren County. For purposes of this subparagraph (iii), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

If by January 1, 2002, there has been no significant commencement of construction of the beds authorized under this subparagraph (iii), or no significant action taken to convert existing beds to the beds authorized under this subparagraph, then the certificate of need that was previously issued under this subparagraph shall expire. If the previously issued certificate of need expires, the department may accept applications for issuance of another certificate of need for the beds authorized under this subparagraph, and may issue a certificate of need to authorize the construction, expansion or conversion of the beds authorized under this subparagraph.

(iv) The department shall issue a certificate of need to the Region 7 Mental Health/Retardation Commission for the construction or expansion of child/adolescent psychiatric beds or the conversion of other beds to child/adolescent psychiatric beds in any of the counties served by the commission. For purposes of this subparagraph (iv), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(v) The department may issue a certificate of need to any county hospital located in Leflore County for the construction or expansion of adult psychiatric beds or the conversion of other beds to adult psychiatric beds, not to exceed twenty (20) beds, provided that the recipient of the certificate of need agrees in writing that the adult psychiatric beds will not at any time be certified for participation in the Medicaid program and that the hospital will not admit or keep any patients who are participating in the Medicaid program in any of such adult psychiatric beds. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital if the ownership of the hospital is transferred at any time after the issuance of the certificate of need. Agreement that the adult psychiatric beds will not be certified for participation in the Medicaid program shall be a condition of the issuance of a certificate

of need to any person under this subparagraph (v), and if such hospital at any time after the issuance of the certificate of need, regardless of the ownership of the hospital, has any of such adult psychiatric beds certified for participation in the Medicaid program or admits or keeps any Medicaid patients in such adult psychiatric beds, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital at the time that the department determines, after a hearing complying with due process, that the hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph and in the written agreement by the recipient of the certificate of need.

(vi) The department may issue a certificate or certificates of need for the expansion of child psychiatric beds or the conversion of other beds to child psychiatric beds at the University of Mississippi Medical Center. For purposes of this subparagraph (vi), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed fifteen (15) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the hospital receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(b) From and after July 1, 1990, no hospital, psychiatric hospital or chemical dependency hospital shall be authorized to add any child/adolescent psychiatric or child/adolescent chemical dependency beds or convert any beds of another category to child/adolescent psychiatric or child/adolescent chemical dependency beds without a certificate of need under the authority of subsection (1)(c) of this section.

(5) The department may issue a certificate of need to a county hospital in Winston County for the conversion of fifteen (15) acute care beds to geriatric psychiatric care beds.

(6) The State Department of Health shall issue a certificate of need to a Mississippi corporation qualified to manage a long-term care hospital as defined in Section 41-7-173(h)(xii) in Harrison County, not to exceed eighty (80) beds, including any necessary renovation or construction required for licensure and certification, provided that the recipient of the certificate of need agrees in writing that the long-term care hospital will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the long-term care hospital who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the long-term care hospital, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the long-term care hospital will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subsection (6), and if such long-term care hospital at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the long-term care hospital, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subsection and in the written agreement by the recipient of the certificate of need. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(7) The State Department of Health may issue a certificate of need to any hospital in the state to utilize a portion of its beds for the "swing-bed" concept. Any such hospital must be in conformance with the federal regulations regarding such swing-bed concept at the time it submits its application for a certificate of need to the State Department of Health, except that such hospital may have more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program. Any hospital meeting all federal

requirements for participation in the swing-bed program which receives such certificate of need shall render services provided under the swing-bed concept to any patient eligible for Medicare (Title XVIII of the Social Security Act) who is certified by a physician to be in need of such services, and no such hospital shall permit any patient who is eligible for both Medicaid and Medicare or eligible only for Medicaid to stay in the swing beds of the hospital for more than thirty (30) days per admission unless the hospital receives prior approval for such patient from the Division of Medicaid, Office of the Governor. Any hospital having more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program which receives such certificate of need shall develop a procedure to insure that before a patient is allowed to stay in the swing beds of the hospital, there are no vacant nursing home beds available for that patient located within a fifty-mile radius of the hospital. When any such hospital has a patient staying in the swing beds of the hospital and the hospital receives notice from a nursing home located within such radius that there is a vacant bed available for that patient, the hospital shall transfer the patient to the nursing home within a reasonable time after receipt of the notice. Any hospital which is subject to the requirements of the two (2) preceding sentences of this subsection may be suspended from participation in the swing-bed program for a reasonable period of time by the State Department of Health if the department, after a hearing complying with due process, determines that the hospital has failed to comply with any of those requirements.

(8) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the new construction of, addition to or expansion of a health care facility as defined in subparagraph (viii) of Section 41-7-173(h), except as hereinafter provided: The department may issue a certificate of need to a nonprofit corporation located in Madison County, Mississippi, for the construction, expansion or conversion of not more than twenty (20) beds in a community living program for developmentally disabled adults in a facility as defined in subparagraph (viii) of Section 41-7-173(h). For purposes of this subsection (8), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this subsection (8).

(9) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the establishment of, or expansion of the currently approved territory of, or the contracting to establish a home office, subunit or branch office within the space operated as a health care facility as defined in Section 41-7-173(h)(i) through (viii) by a health care facility as defined in subparagraph (ix) of Section 41-7-173(h).

(10) Health care facilities owned and/or operated by the state or its agencies are exempt from the restraints in this section against issuance of a certificate of need if such addition or expansion consists of repairing or renovation necessary to comply with the state licensure law. This exception shall not apply to the new construction of any building by such state facility. This exception shall not apply to any health care facilities owned and/or operated by counties, municipalities, districts, unincorporated areas, other defined persons, or any combination thereof.

(11) The new construction, renovation or expansion of or addition to any health care facility defined in subparagraph (ii) (psychiatric hospital), subparagraph (iv) (skilled nursing facility), subparagraph (vi) (intermediate care facility), subparagraph (viii) (intermediate care facility for the mentally retarded) and subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h) which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, and the addition of new beds or the conversion of beds from one category to another in any such defined health care facility which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(12) The new construction, renovation or expansion of or addition to any veterans homes or domiciliaries for eligible veterans of the State of Mississippi as authorized under Section 35-1-19 shall not require the issuance of a certificate of need, notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(13) The repair or the rebuilding of an existing, operating health care facility that sustained significant damage from a natural disaster that occurred after April 15, 2014, in an area that is proclaimed a disaster area or subject to a state of emergency by the Governor or by the President of the United States shall be exempt from all of the requirements of the Mississippi Certificate of Need Law (Section 41-7-171 et seq.) and any and all rules and regulations promulgated under that law, subject to the following conditions:

(a) The repair or the rebuilding of any such damaged health care facility must be within one (1) mile of the pre-disaster location of the campus of the damaged health care facility, except that any temporary post-disaster health care facility operating location may be within five (5) miles of the pre-disaster location of the damaged health care facility;

(b) The repair or the rebuilding of the damaged health care facility (i) does not increase or change the complement of its bed capacity that it had before the Governor's or the President's proclamation, (ii) does not increase or change its levels and types of health care services that it provided before the Governor's or the President's proclamation, and (iii) does not rebuild in a different county; however, this paragraph does not restrict or prevent a health care facility from decreasing its bed capacity that it had before the Governor's or the President's proclamation, or from decreasing the levels of or decreasing or eliminating the types of health care services that it provided before the Governor's or the President's proclamation, when the damaged health care facility is repaired or rebuilt;

(c) The exemption from Certificate of Need Law provided under this subsection (13) is valid for only five (5) years from the date of the Governor's or the President's proclamation. If actual construction has not begun within that five-year period, the exemption provided under this subsection is inapplicable; and

(d) The Division of Health Facilities Licensure and Certification of the State Department of Health shall provide the same oversight for the repair or the rebuilding of the damaged health care facility that it provides to all health care facility construction projects in the state.

For the purposes of this subsection (13), "significant damage" to a health care facility means damage to the health care facility requiring an expenditure of at least One Million Dollars (\$1,000,000.00).

(14) The State Department of Health shall issue a certificate of need to any hospital which is currently licensed for two hundred fifty (250) or more acute care beds and is located in any general hospital service area not having a comprehensive cancer center, for the establishment and equipping of such a center which provides facilities and services for outpatient radiation oncology therapy, outpatient medical oncology therapy, and appropriate support services including the provision of radiation therapy services. The provisions of Section 41-7-193(1) regarding substantial compliance with the projection of need as reported in the current State Health Plan are waived for the purpose of this subsection.

(15) The State Department of Health may authorize the transfer of hospital beds, not to exceed sixty (60) beds, from the North Panola Community Hospital to the South Panola Community Hospital. The authorization for the transfer of those beds shall be exempt from the certificate of need review process.

(16) The State Department of Health shall issue any certificates of need necessary for Mississippi State University and a public or private health care provider to jointly acquire and operate a linear accelerator and a magnetic resonance imaging unit. Those certificates of need shall cover all capital expenditures related to the project between Mississippi State University and the health care provider, including, but not limited to, the acquisition of the linear accelerator, the magnetic resonance imaging unit and other radiological modalities; the offering of linear accelerator and magnetic resonance imaging services; and the cost of construction of facilities in which to locate these services. The linear accelerator and the magnetic resonance imaging unit shall

be (a) located in the City of Starkville, Oktibbeha County, Mississippi; (b) operated jointly by Mississippi State University and the public or private health care provider selected by Mississippi State University through a request for proposals (RFP) process in which Mississippi State University selects, and the Board of Trustees of State Institutions of Higher Learning approves, the health care provider that makes the best overall proposal; (c) available to Mississippi State University for research purposes two-thirds (2/3) of the time that the linear accelerator and magnetic resonance imaging unit are operational; and (d) available to the public or private health care provider selected by Mississippi State University and approved by the Board of Trustees of State Institutions of Higher Learning one-third (1/3) of the time for clinical, diagnostic and treatment purposes. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(17) The State Department of Health shall issue a certificate of need for the construction of an acute care hospital in Kemper County, not to exceed twenty-five (25) beds, which shall be named the "John C. Stennis Memorial Hospital." In issuing the certificate of need under this subsection, the department shall give priority to a hospital located in Lauderdale County that has two hundred fifteen (215) beds. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person or entity receiving the certificate of need authorized under this subsection or for the beds constructed under the authority of that certificate of need.

(18) The planning, design, construction, renovation, addition, furnishing and equipping of a clinical research unit at any health care facility defined in Section 41-7-173(h) that is under the direction and control of the University of Mississippi Medical Center and located in Jackson, Mississippi, and the addition of new beds or the conversion of beds from one (1) category to another in any such clinical research unit, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(19) [Repealed]

(20) Nothing in this section or in any other provision of Section 41-7-171 et seq. shall prevent any nursing facility from designating an appropriate number of existing beds in the facility as beds for providing care exclusively to patients with Alzheimer's disease.

(21) Nothing in this section or any other provision of Section 41-7-171 et seq. shall prevent any health care facility from the new construction, renovation, conversion or expansion of new beds in the facility designated as intensive care units, negative pressure rooms, or isolation rooms pursuant to the provisions of Sections 41-14-1 through 41-14-11. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived.

SECTION 15. Section 41-7-195, Mississippi Code of 1972, is brought forward as follows:

41-7-195. (1) A certificate of need shall be valid only for the defined scope, physical location and person named in the application. A certificate of need shall not be transferable or assignable nor shall a project or capital expenditure project be transferred from one person to another, except with the approval of the State Department of Health. A certificate of need shall be valid for the period of time specified therein.

(2) A certificate of need shall be issued for a period of twelve (12) months, or such other lesser period as specified by the State Department of Health.

(3) The State Department of Health may define by regulation, not to exceed six (6) months, the time for which a certificate of need may be extended.

(4) If commencement of construction or other preparation is not substantially undertaken during a valid certificate of need period or the State Department of Health

determines the applicant is not making a good faith effort to obligate such approved expenditure, the State Department of Health shall have the right to withdraw, revoke or rescind the certificate.

(5) The State Department of Health may approve or disapprove a proposal for a certificate of need as originally presented in final form, or it may approve a certificate of need by a modification, by reduction only, of such proposal provided the proponent agrees to such modification.

41-3-16. (1) (a) There is established a local governments and rural water systems improvements revolving loan and grant program to be administered by the State Department of Health, referred to in this section as "department," for the purpose of assisting counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, in making improvements to their water systems, including construction of new water systems or expansion or repair of existing water systems. Loan and grant proceeds may be used by the recipient for planning, professional services, acquisition of interests in land, acquisition

of personal property, construction, construction-related services, maintenance, and any other reasonable use which the board, in its discretion, may allow. For purposes of this section, "water systems" has the same meaning as the term "public water system" under Section 41-26-3.

(b) (i) There is created a board to be known as the "Local Governments and Rural Water Systems Improvements Board," referred to in this section as "board," to be composed of the following nine (9) members: the State Health Officer, or his designee, who shall serve as chairman of the board; the Executive Director of the Mississippi Development Authority, or his designee; the Executive Director of the Department of Environmental Quality, or his designee; the Executive Director of the Department of Finance and Administration, or his designee; the Executive Director of the Mississippi Association of Supervisors, or his designee; the Executive Director of the Mississippi Municipal League, or his designee; the Executive Director of the American Council of Engineering Companies of Mississippi, or his designee; the State Director of the United States Department of Agriculture, Rural Development, or his designee; and a manager of a rural water system.

The Governor shall appoint a manager of a rural water system from a list of candidates provided by the Executive Director of the Mississippi Rural Water Association. The Executive Director of the Mississippi Rural Water Association shall provide the Governor a list of candidates which shall contain a minimum of three (3) candidates for each appointment.

(ii) Nonappointed members of the board may designate another representative of their agency or association to serve as an alternate.

(iii) The gubernatorial appointee shall serve a term concurrent with the term of the Governor and until a successor is appointed and qualified. No member, officer or employee of the Board of Directors of the Mississippi Rural Water Association shall be eligible for appointment.

(c) The department, if requested by the board, shall furnish the board with facilities and staff as needed to administer this section. The department may contract, upon approval by the board, for those facilities and staff needed to administer this section, including routine management, as it deems necessary. The board may advertise for or solicit proposals from public or private sources, or both, for administration of this section or any services required for administration of this section or any portion thereof. It is the intent of the Legislature that the board endeavor to ensure that the costs of administration of this section are as low as possible in order to provide the water consumers of Mississippi safe drinking water at affordable prices.

(d) Members of the board may not receive any salary, compensation or per diem for the performance of their duties under this section.

(2) (a) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Improvements Revolving Loan Fund," referred to in this section as "revolving fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The revolving fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the revolving fund shall be credited with all repayments of principal and interest derived from loans made from the revolving fund. Except as otherwise provided in this section, the monies in the revolving fund may be expended only in amounts appropriated by the Legislature, and the different amounts specifically provided for the loan program and the grant program shall be so designated. Except as otherwise provided in this section, monies in the fund may only be expended for the grant program from the amount designated for such program. The revolving fund shall be maintained in perpetuity for the purposes established in this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Unexpended amounts

remaining in the revolving fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the revolving fund shall be deposited to the credit of the fund. Monies in the revolving fund may not be used or expended for any purpose except as authorized under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any monies in the fund may be used to match any federal funds that are available for the same or related purposes for which funds are used and expended under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any federal funds shall be used and expended only in accordance with federal laws, rules and regulations governing the expenditure of those funds. No person shall use any monies from the revolving fund for the acquisition of real property or any interest in real property unless that property is integral to the project funded under this section and the purchase is made from a willing seller. No county, incorporated municipality or district shall acquire any real property or any interest in any real property for a project funded through the revolving fund by condemnation. The board's application of Sections 43-37-1 through 43-37-13 shall be no more stringent or extensive in scope, coverage and effect than federal property acquisition laws and regulations.

(b) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Emergency Loan Fund," hereinafter referred to as "emergency fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The emergency fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the emergency fund shall be credited with all repayments of principal and interest derived from loans made from the emergency fund. Except as otherwise provided in this section, the monies in the emergency fund may be expended only in amounts appropriated by the Legislature. The emergency fund shall be maintained in perpetuity for the purposes established in this section and Section 6 of Chapter 521, Laws of 1995. Unexpended amounts remaining in the emergency fund at the end of a fiscal year shall not lapse into the State General Fund. Any interest earned on amounts in the emergency fund shall be deposited to the credit of the fund. Monies in the emergency fund may not be used or expended for any purpose except as authorized under this section and Section 6 of Chapter 521, Laws of 1995.

(c) The board created in subsection (1) shall establish loan and grant programs by which loans and grants may be made available to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, to assist those counties, incorporated municipalities, districts or water organizations in making water systems improvements, including the construction of new water systems or expansion or repair of existing water systems. Any entity eligible under this section may receive either a loan or a grant, or both. No grant awarded under the program established in this section may be made using funds from the loan program. Grants may be awarded only when the Legislature specifically appropriates funds for that particular purpose. The interest rate on those loans may vary from time to time and from loan to loan, and will be at or below market interest rates as determined by the board. The board shall act as quickly as is practicable and prudent in deciding on any loan request that it receives. Loans from the revolving fund or emergency fund may be made to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, as set forth in a loan agreement in amounts not to exceed one hundred percent (100%) of eligible project costs as established by the board. The board may require county, municipal, district or other water organization participation or funding from other sources, or otherwise limit the percentage of costs covered by loans from the revolving fund or the emergency fund. The board may establish a maximum amount for any loan from the revolving fund or emergency fund in order to provide for broad and equitable participation in the programs.

(d) A county that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, as may be

required to meet the repayment schedule contained in the loan agreement. An incorporated municipality that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75, as may be required to meet the repayment schedule contained in the loan agreement. All recipients of such loans shall establish a dedicated source of revenue for repayment of the loan. Before any county or incorporated municipality shall receive any loan, it shall have executed with the Department of Revenue and the board a loan agreement evidencing that loan. The loan agreement shall not be construed to prohibit any recipient from prepaying any part or all of the funds received. The repayment schedule in each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, the annual total of which shall not exceed the annual total for any other year of the loan by more than fifteen percent (15%). Except as otherwise provided in subsection (4) of this section, the loan agreement shall provide for the repayment of all funds received from the revolving fund within not more than fifteen (15) years or a term as otherwise allowed by the federal Safe Drinking Water Act, and all funds received from the emergency fund within not more than five (5) years from the date of project completion, and any repayment shall commence not later than one (1) year after project completion. The Department of Revenue shall withhold semiannually from counties and monthly from incorporated municipalities from the amount to be remitted to the county or municipality, a sum equal to the next repayment as provided in the loan agreement.

(e) Any county, incorporated municipality, district or other water organization desiring to construct a project approved by the board which receives a loan from the state for that purpose but which is not eligible to pledge for repayment under the provisions of paragraph (d) of this subsection shall repay that loan by making payments each month to the State Treasurer through the Department of Finance and Administration for and on behalf of the board according to Section 7-7-15, to be credited to either the revolving fund or the emergency fund, whichever is appropriate, in lieu of pledging homestead exemption annual tax loss reimbursement or sales tax revenue distribution.

Loan repayments shall be according to a repayment schedule contained in each loan agreement as provided in paragraph (d) of this subsection.

(f) Any district created pursuant to Sections 19-5-151 through 19-5-207 that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the revenues received by that district pursuant to Sections 19-5-151 through 19-5-207, as may be required to meet the repayment schedule contained in the loan agreement.

(g) The State Auditor, upon request of the board, shall audit the receipts and expenditures of a county, an incorporated municipality, district or other water organization whose loan repayments appear to be in arrears, and if the Auditor finds that the county, incorporated municipality, district or other water organization is in arrears in those repayments, the Auditor shall immediately notify the chairman of the board who may take any action as may be necessary to enforce the terms of the loan agreement, including liquidation and enforcement of the security given for repayment of the loan, and the Executive Director of the Department of Finance and Administration who shall withhold all future payments to the county of homestead exemption annual tax loss reimbursements under Section 27-33-77 and all sums allocated to the county or the incorporated municipality under Section 27-65-75 until such time as the county or the incorporated municipality is again current in its loan repayments as certified by the board.

(h) Except as otherwise provided in this section, all monies deposited in the revolving fund or the emergency fund, including loan repayments and interest earned on those repayments, shall be used only for providing loans or other financial assistance to water systems as the board deems appropriate. In addition, any amounts in the revolving fund or the emergency fund may be used to defray the reasonable costs of administering the revolving fund or the emergency fund and conducting activities under this section and

Sections 6 through 20 of Chapter 521, Laws of 1995, subject to any limitations established in the federal Safe Drinking Water Act, as amended and subject to annual appropriation by the Legislature. The department is authorized, upon approval by the board, to use amounts available to it from the revolving fund or the emergency fund to contract for those facilities and staff needed to administer and provide routine management for the funds and loan program. However, notwithstanding any other provision of law to the contrary, all or any portion of repayments of principal and interest derived from the fund uses described in this section may be designated or pledged for repayment of a loan as provided for in Section 31-25-28 in connection with a loan from the Mississippi Development Bank.

(3) In administering this section and Sections 6 through 20 of Chapter 521, Laws of 1995, the board created in subsection (1) of this section shall have the following powers and duties:

(a) To supervise the use of all funds made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for local governments and rural water systems improvements;

(b) To promulgate rules and regulations, to make variances and exceptions thereto, and to establish procedures in accordance with this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for the implementation of the local governments and rural water systems improvements revolving loan program;

(c) To require, at the board's discretion, any loan or grant recipient to impose a per connection fee or surcharge or amended water rate schedule or tariff on each customer or any class of customers, benefiting from an improvement financed by a loan or grant made under this section, for repayment of any loan funds provided under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. The board may require any loan or grant recipient to undergo a water system viability analysis and may require a loan or grant recipient to implement any result of the viability analysis. If the loan recipient fails to implement any result of a viability analysis as required by the board, the board may impose a monetary penalty or increase the interest rate on the loan, or both. If the grant recipient fails to implement any result of a viability analysis as required by the board, the board may impose a monetary penalty on the grant;

(d) To review and certify all projects for which funds are authorized to be made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, for local governments and rural water systems improvements;

(e) To requisition monies in the Local Governments and Rural Water Systems Improvements Revolving Loan Fund and the Local Governments and Rural Water Systems Emergency Loan Fund and distribute those monies on a project-by-project basis in accordance with this section;

(f) To ensure that the funds made available under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, to a county, an incorporated municipality, a district or a water organization that has been granted tax-exempt status under either federal or state law provide for a distribution of projects and funds among the entities under a priority system established by the board;

this section, including a requirement that all loan recipients have a rate structure which will be sufficient to cover the costs of operation, maintenance, major equipment replacement and repayment of any loans made under this section; and

(i) To file annually with the Legislature a report detailing how monies in the Local Governments and Rural Water Systems Improvements Revolving Loan Fund and the Local Governments and Rural Water Systems Emergency Loan Fund were spent during the preceding fiscal year in each county, incorporated municipality, district or other water organization, the number of projects approved and constructed, and the cost of each project.

For efficient and effective administration of the loan program, revolving fund and emergency fund, the board may authorize the department or the State Health Officer to carry out any or all of the powers and duties enumerated above.

(4) The board may, on a case-by-case basis and to the extent allowed by federal law, renegotiate the payment of principal and interest on loans made under this section to the six (6) most southern counties of the state covered by the Presidential Declaration of Major Disaster for the State of Mississippi (FEMA-1604-DR) dated August 29, 2005, and to incorporated municipalities, districts or other water organizations located in such counties; however, the interest on the loans shall not be forgiven for a period of more than twenty-four (24) months and the maturity of the loans shall not be extended for a period of more than forty-eight (48) months.

This written agreement by the owner of the facility shall be a condition of licensure of the facility, and the agreement shall be fully binding on any subsequent owner of the facility if the ownership of the facility is transferred at any time after July 1, 2001. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the facility for participation in the Medicaid program. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the nursing facility if the ownership of the nursing facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify any of the beds in the nursing facility for participation in the Medicaid program. If the nursing facility violates the terms of the written agreement by admitting or keeping in the nursing facility on a regular or continuing basis any patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the nursing facility, at the time that the department determines, after a hearing complying with due process, that the nursing facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

This written agreement by the recipient of the

certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (n), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (n) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(o) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Leake County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (o), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (o) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(p) The department may issue a certificate of need for the construction of a municipally owned nursing facility within the Town of Belmont in Tishomingo County, not to exceed sixty (60) beds, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (p), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as reported in the current State Health Plan is waived for the purposes of this paragraph. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(q) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next four (4) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each county in the state having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, in the manner provided in this paragraph (q). The total number of nursing facility beds that may be authorized by any certificate of need authorized under this paragraph (q) shall not exceed sixty (60) beds.

(ii) Subject to the provisions of subparagraph (v), during each of the next four (4) fiscal years, the department shall issue six (6) certificates of need for new nursing facility beds, as follows: During fiscal years 2000, 2001 and 2002, one (1) certificate of need shall be issued for new nursing facility beds in the county in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan that has the highest need in the district for those beds; and two (2) certificates of need shall be issued for new nursing facility beds in the two (2) counties from the state at large that have the highest need in the state for those beds, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. During fiscal year 2003, one (1) certificate of need shall be issued for new nursing facility beds in any county having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, that has not received a certificate of need under this paragraph (q) during the three (3) previous fiscal years. During fiscal year 2000, in addition to the six (6) certificates of need authorized in this subparagraph, the department also shall issue a certificate of need for new nursing facility beds in Amite County and a certificate of need for new nursing facility beds in Carroll County.

(iii) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in each Long-Term Care

Planning District during each fiscal year shall first be available for nursing facility beds in the county in the district having the highest need for those beds, as shown in the fiscal year 1999 State Health Plan. If there are no applications for a certificate of need for nursing facility beds in the county having the highest need for those beds by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties in the district in descending order of the need for those beds, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county in the district.

(iv) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in the two (2) counties from the state at large during each fiscal year shall first be available for nursing facility beds in the two (2) counties that have the highest need in the state for those beds, as shown in the fiscal year 1999 State Health Plan, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. If there are no applications for a certificate of need for nursing facility beds in either of the two (2) counties having the highest need for those beds on a statewide basis by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties from the state at large in descending order of the need for those beds on a statewide basis, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county from the state at large.

(v) If a certificate of need is authorized to be issued under this paragraph (q) for nursing facility beds in a county on the basis of the need in the Long-Term Care Planning District during any fiscal year of the four-year period, a certificate of need shall not also be available under this paragraph (q) for additional nursing facility beds in that county on the basis of the need in the state at large, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in the state at large for that fiscal year. After a certificate of need has been issued under this paragraph (q) for nursing facility beds in a county during any fiscal year of the four-year period, a certificate of need shall not be available again under this paragraph (q) for additional nursing facility beds in that county during the four-year period, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in succeeding fiscal years.

(vi) If more than one (1) application is made for a certificate of need for nursing home facility beds available under this paragraph (q), in Yalobusha, Newton or Tallahatchie County, and one (1) of the applicants is a county-owned hospital located in the county where the nursing facility beds are available, the department shall give priority to the county-owned hospital in granting the certificate of need if the following conditions are met:

1. The county-owned hospital fully meets all applicable criteria and standards required to obtain a certificate of need for the nursing facility beds; and

2. The county-owned hospital's qualifications for the certificate of need, as shown in its application and as determined by the department, are at least equal to the qualifications of the other applicants for the certificate of need.

(r) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next two (2) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan, to provide care exclusively to patients with Alzheimer's disease.

(ii) Not more than twenty (20) beds may be authorized by any certificate of need issued under this paragraph (r), and not more than a total of sixty (60) beds may be authorized in any Long-Term Care Planning District by all certificates of need issued under this paragraph (r). However, the total number of beds that may be authorized by all certificates of need issued under this paragraph (r) during any fiscal year shall not exceed one hundred twenty (120) beds, and the total number of beds that may be authorized in any Long-Term Care Planning District during any fiscal year shall not exceed forty (40) beds. Of the certificates of need that are issued for each

Long-Term Care Planning District during the next two (2) fiscal years, at least one (1) shall be issued for beds in the northern part of the district, at least one (1) shall be issued for beds in the central part of the district, and at least one (1) shall be issued for beds in the southern part of the district.

(iii) The State Department of Health, in consultation with the Department of Mental Health and the Division of Medicaid, shall develop and prescribe the staffing levels, space requirements and other standards and requirements that must be met with regard to the nursing facility beds authorized under this paragraph (r) to provide care exclusively to patients with Alzheimer's disease.

(s) The State Department of Health may issue a certificate of need to a nonprofit skilled nursing facility using the Green House model of skilled nursing care and located in Yazoo City, Yazoo County, Mississippi, for the construction, expansion or conversion of not more than nineteen (19) nursing facility beds. For purposes of this paragraph (s), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this paragraph (s).

(t) The State Department of Health shall issue certificates of need to the owner of a nursing facility in operation at the time of Hurricane Katrina in Hancock County that was not operational on December 31, 2005, because of damage sustained from Hurricane Katrina to authorize the following: (i) the construction of a new nursing facility in Harrison County; (ii) the relocation of forty-nine (49) nursing facility beds from the Hancock County facility to the new Harrison County facility; (iii) the establishment of not more than twenty (20) non-Medicaid nursing facility beds at the Hancock County facility; and (iv) the establishment of not more than twenty (20) non-Medicaid beds at the new Harrison County facility. The certificates of need that authorize the non-Medicaid nursing facility beds under subparagraphs (iii) and (iv) of this paragraph (t) shall be subject to the following conditions: The owner of the Hancock County facility and the new Harrison County facility must agree in writing that no more than fifty (50) of the beds at the Hancock County facility and no more than forty-nine (49) of the beds at the Harrison County facility will be certified for participation in the Medicaid program, and that no claim will be submitted for Medicaid reimbursement for more than fifty (50) patients in the Hancock County facility in any month, or for more than forty-nine (49) patients in the Harrison County facility in any month, or for any patient in either facility who is in a bed that is not Medicaid-certified. This written agreement by the owner of the nursing facilities shall be a condition of the issuance of the certificates of need under this paragraph (t), and the agreement shall be fully binding on any later owner or owners of either facility if the ownership of either facility is transferred at any time after the certificates of need are issued. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifty (50) of the beds at the Hancock County facility or more than forty-nine (49) of the beds at the Harrison County facility for participation in the Medicaid program. If the Hancock County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifty (50) patients who are participating in the Medicaid program, or if the Harrison County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than forty-nine (49) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility that is in violation of the agreement, at the time that the department determines, after a hearing complying with due process, that the facility has violated the agreement.

(u) The State Department of Health shall issue a certificate of need to a nonprofit venture for the establishment, construction and operation of a skilled nursing facility of not more than sixty (60) beds to provide skilled nursing care for ventilator dependent or otherwise medically dependent pediatric patients who require medical and nursing care or rehabilitation services to be located in a county in which an academic medical center and a children's hospital are located, and for any construction and for the acquisition of equipment related to those beds. The facility shall be authorized to keep

such ventilator dependent or otherwise medically dependent pediatric patients beyond age twenty-one (21) in accordance with regulations of the State Board of Health. For purposes of this paragraph (u), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived, and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. The beds authorized by this paragraph shall be counted as pediatric skilled nursing facility beds for health planning purposes under Section 41-7-171 et seq. There shall be no prohibition of or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized by this paragraph.

(3) The State Department of Health may grant approval for and issue certificates of need to any person proposing the new construction of, addition to, conversion of beds of or expansion of any health care facility defined in subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h). The total number of beds which may be authorized by such certificates of need shall not exceed three hundred thirty-four (334) beds for the entire state.

This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program for the use of any patients other than those who are participating only in the Medicaid program of another state. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than thirty (30) patients who are participating in the Mississippi Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

(c) Of the total number of beds authorized under this subsection, the department shall issue a certificate of need to a hospital currently operating Medicaid-certified acute psychiatric beds for adolescents in DeSoto County, for the establishment of a forty-bed psychiatric residential treatment facility in DeSoto County, provided that the hospital agrees in writing (i) that the hospital shall give priority for the use of those forty (40) beds to Mississippi residents who are presently being treated in

out-of-state facilities, and (ii) that no more than fifteen (15) of the beds at the psychiatric residential treatment facility will be certified for participation in the Medicaid program (Section 43-13-101 et seq.), and that no claim will be submitted for Medicaid reimbursement for more than fifteen (15) patients in the psychiatric residential treatment facility in any day or for any patient in the psychiatric residential treatment facility who is in a bed that is not Medicaid-certified. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifteen (15) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifteen (15) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

(e) Of the total number of beds authorized under this subsection (3) the department shall issue a certificate of need to a privately owned, nonprofit psychiatric residential treatment facility in Hinds County for an eight-bed expansion of the facility, provided that the facility agrees in writing that the facility shall give priority for the use of those eight (8) beds to Mississippi residents who are presently being treated in out-of-state facilities.

(f) The department shall issue a certificate of need to a one-hundred-thirty-four-bed specialty hospital located on twenty-nine and forty-four one-hundredths (29.44) commercial acres at 5900 Highway 39 North in Meridian (Lauderdale County), Mississippi, for the addition, construction or expansion of child/adolescent psychiatric residential treatment facility beds in Lauderdale County. As a condition of issuance of the certificate of need under this paragraph, the facility shall give priority in admissions to the child/adolescent psychiatric residential treatment facility beds authorized under this paragraph to patients who otherwise would require out-of-state placement. The Division of Medicaid, in conjunction with the Department of Human Services, shall furnish the facility a list of all out-of-state patients on a quarterly basis. Furthermore, notice shall also be provided to the parent, custodial parent or guardian of each out-of-state patient notifying them of the priority status granted by this paragraph. For purposes of this paragraph, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital if the ownership of the hospital is transferred at any time after the issuance of the certificate of need. Agreement that the adult psychiatric beds will not be certified for

participation in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subparagraph (v), and if such hospital at any time after the issuance of the certificate of need, regardless of the ownership of the hospital, has any of such adult psychiatric beds certified for participation in the Medicaid program or admits or keeps any Medicaid patients in such adult psychiatric beds, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital at the time that the department determines, after a hearing complying with due process, that the hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph and in the written agreement by the recipient of the certificate of need.

(7) The State Department of Health may issue a certificate of need to any hospital in the state to utilize a portion of its beds for the "swing-bed" concept. Any such hospital must be in conformance with the federal regulations regarding such swing-bed concept at the time it submits its application for a certificate of need to the State Department of Health, except that such hospital may have more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal

regulations for participation in the swing-bed program. Any hospital meeting all federal requirements for participation in the swing-bed program which receives such certificate of need shall render services provided under the swing-bed concept to any patient eligible for Medicare (Title XVIII of the Social Security Act) who is certified by a physician to be in need of such services, and no such hospital shall permit any patient who is eligible for both Medicaid and Medicare or eligible only for Medicaid to stay in the swing beds of the hospital for more than thirty (30) days per admission unless the hospital receives prior approval for such patient from the Division of Medicaid, Office of the Governor. Any hospital having more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program which receives such certificate of need shall develop a procedure to insure that before a patient is allowed to stay in the swing beds of the hospital, there are no vacant nursing home beds available for that patient located within a fifty-mile radius of the hospital. When any such hospital has a patient staying in the swing beds of the hospital and the hospital receives notice from a nursing home located within such radius that there is a vacant bed available for that patient, the hospital shall transfer the patient to the nursing home within a reasonable time after receipt of the notice. Any hospital which is subject to the requirements of the two (2) preceding sentences of this subsection may be suspended from participation in the swing-bed program for a reasonable period of time by the State Department of Health if the department, after a hearing complying with due process, determines that the hospital has failed to comply with any of those requirements.

(8) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the new construction of, addition to or expansion of a health care facility as defined in subparagraph (viii) of Section 41-7-173(h), except as hereinafter provided: The department may issue a certificate of need to a nonprofit corporation located in Madison County, Mississippi, for the construction, expansion or conversion of not more than twenty (20) beds in a community living program for developmentally disabled adults in a facility as defined in subparagraph (viii) of Section 41-7-173(h). For purposes of this subsection (8), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this subsection (8).

(9) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the establishment of, or expansion of the currently approved territory of, or the contracting to establish a home office, subunit or branch office within the space operated as a health care facility as defined in Section 41-7-173(h)(i) through (viii) by a health care facility as defined in subparagraph (ix) of Section 41-7-173(h).

(10) Health care facilities owned and/or operated by the state or its agencies are exempt from the restraints in this section against issuance of a certificate of need if such addition or expansion consists of repairing or renovation necessary to comply with the state licensure law. This exception shall not apply to the new construction of any building by such state facility. This exception shall not apply to any health care facilities owned and/or operated by counties, municipalities, districts, unincorporated areas, other defined persons, or any combination thereof.

(11) The new construction, renovation or expansion of or addition to any health care facility defined in subparagraph (ii) (psychiatric hospital), subparagraph (iv) (skilled nursing facility), subparagraph (vi) (intermediate care facility), subparagraph (viii) (intermediate care facility for the mentally retarded) and subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h) which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, and the addition of new beds or the conversion of beds from one category to another in any such defined health care facility which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(12) The new construction, renovation or expansion of or addition to any veterans homes or domiciliaries for eligible veterans of the State of Mississippi as authorized under Section 35-1-19 shall not require the issuance of a certificate of need, notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(13) The repair or the rebuilding of an existing, operating health care facility that sustained significant damage from a natural disaster that occurred after April 15, 2014, in an area that is proclaimed a disaster area or subject to a state of emergency by the Governor or by the President of the United States shall be exempt from all of the requirements of the Mississippi Certificate of Need Law (Section 41-7-171 et seq.) and any and all rules and regulations promulgated under that law, subject to the following conditions:

(a) The repair or the rebuilding of any such damaged health care facility must be within one (1) mile of the pre-disaster location of the campus of the damaged health care facility, except that any temporary post-disaster health care facility operating location may be within five (5) miles of the pre-disaster location of the damaged health care facility;

(b) The repair or the rebuilding of the damaged health care facility (i) does not increase or change the complement of its bed capacity that it had before the Governor's or the President's proclamation, (ii) does not increase or change its levels and types of health care services that it provided before the Governor's or the President's proclamation, and (iii) does not rebuild in a different county; however, this paragraph does not restrict or prevent a health care facility from decreasing its bed capacity that it had before the Governor's or the President's proclamation, or from decreasing the levels of or decreasing or eliminating the types of health care services that it provided before the Governor's or the President's proclamation, when the damaged health care facility is repaired or rebuilt;

(c) The exemption from Certificate of Need Law provided under this subsection (13) is valid for only five (5) years from the date of the Governor's or the President's proclamation. If actual construction has not begun within that five-year period, the exemption provided under this subsection is inapplicable; and

(d) The Division of Health Facilities Licensure and Certification of the State Department of Health shall provide the same oversight for the repair or the rebuilding of the damaged health care facility that it provides to all health care facility construction projects in the state.

For the purposes of this subsection (13), "significant damage" to a health care facility means damage to the health care facility requiring an expenditure of at least One Million Dollars (\$1,000,000.00).

(14) The State Department of Health shall issue a certificate of need to any hospital which is currently licensed for two hundred fifty (250) or more acute care beds and is located in any general hospital service area not having a comprehensive cancer center, for the establishment and equipping of such a center which provides facilities and services for outpatient radiation oncology therapy, outpatient medical oncology therapy, and appropriate support services including the provision of radiation therapy services. The provisions of Section 41-7-193(1) regarding substantial compliance with the projection of need as reported in the current State Health Plan are waived for the purpose of this subsection.

(15) The State Department of Health may authorize the transfer of hospital beds, not to exceed sixty (60) beds, from the North Panola Community Hospital to the South Panola Community Hospital. The authorization for the transfer of those beds shall be exempt from the certificate of need review process.

(16) The State Department of Health shall issue any certificates of need necessary for Mississippi State University and a public or private health care provider to jointly acquire and operate a linear accelerator and a magnetic resonance imaging unit. Those certificates of need shall cover all capital expenditures related to the project between Mississippi State University and the health care provider, including, but not limited to, the acquisition of the linear accelerator, the magnetic resonance imaging unit and other radiological modalities; the offering of linear accelerator and magnetic resonance imaging services; and the cost of construction of facilities in which to locate these services. The linear accelerator and the magnetic resonance imaging unit shall

be (a) located in the City of Starkville, Oktibbeha County, Mississippi; (b) operated jointly by Mississippi State University and the public or private health care provider selected by Mississippi State University through a request for proposals (RFP) process in which Mississippi State University selects, and the Board of Trustees of State Institutions of Higher Learning approves, the health care provider that makes the best overall proposal; (c) available to Mississippi State University for research purposes two-thirds (2/3) of the time that the linear accelerator and magnetic resonance imaging unit are operational; and (d) available to the public or private health care provider selected by Mississippi State University and approved by the Board of Trustees of State Institutions of Higher Learning one-third (1/3) of the time for clinical, diagnostic and treatment purposes. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived.

(17) The State Department of Health shall issue a certificate of need for the construction of an acute care hospital in Kemper County, not to exceed twenty-five (25) beds, which shall be named the "John C. Stennis Memorial Hospital." In issuing the certificate of need under this subsection, the department shall give priority to a hospital located in Lauderdale County that has two hundred fifteen (215) beds. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person or entity receiving the certificate of need authorized under this subsection or for the beds constructed under the authority of that certificate of need.

(18) The planning, design, construction, renovation, addition, furnishing and equipping of a clinical research unit at any health care facility defined in Section 41-7-173(h) that is under the direction and control of the University of Mississippi Medical Center and located in Jackson, Mississippi, and the addition of new beds or the conversion of beds from one (1) category to another in any such clinical research unit, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(19) [Repealed]

(20) Nothing in this section or in any other provision of Section 41-7-171 et seq. shall prevent any nursing facility from designating an appropriate number of existing beds in the facility as beds for providing care exclusively to patients with Alzheimer's disease.

(21) Nothing in this section or any other provision of Section 41-7-171 et seq. shall prevent any health care facility from the new construction, renovation, conversion or expansion of new beds in the facility designated as intensive care units, negative pressure rooms, or isolation rooms pursuant to the provisions of Sections 41-14-1 through 41-14-11. For purposes of this subsection, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived.

On or before December 1, 2021, each existing health care facility with child/adolescent psychiatric or child/adolescent chemical dependency beds shall file with the Mississippi Department of Health, the Mississippi Department of Mental Health and the Coordinator of Mental Health Accessibility a description of their plan to help their patients remain in noninstitutional settings when practical. This plan may include coordination with the community mental health centers and other providers. The plan need not be detailed or lengthy, but it shall set forth efforts to ensure the facility is coordinating with other entities.

SECTION 14. This act shall take effect and be in force from and after its passage.

SECTION 1. Section 43-13-117, Mississippi Code of 1972, is amended as follows:

43-13-117. (A) Medicaid as authorized by this article shall include payment of part or all of the costs, at the discretion of the division, with approval of the Governor and the Centers for Medicare and Medicaid Services, of the following types of care and services rendered to eligible applicants who have been determined to be eligible for that care and services, within the limits of state appropriations and federal matching funds:

(1) Inpatient hospital services.

* * *

(* * *a) The division is authorized to implement an All Patient Refined Diagnosis Related Groups (APR-DRG) reimbursement methodology for inpatient hospital services.

(* * *b) No service benefits or reimbursement limitations in this subsection (A)(1) shall apply to payments under an APR-DRG or Ambulatory Payment Classification (APC) model or a managed care program or similar model described in subsection (H) of this section unless specifically authorized by the division.

(2) Outpatient hospital services.

(a) Emergency services.

(b) Other outpatient hospital services. The division shall allow benefits for other medically necessary outpatient hospital services (such as chemotherapy, radiation, surgery and therapy), including outpatient services in a clinic or other facility that is not located inside the hospital, but that has been designated as an outpatient facility by the hospital, and that was in operation or under construction on July 1, 2009, provided that the costs and charges associated with the operation of the hospital clinic are included in the hospital's cost report. In addition, the Medicare thirty-five-mile rule will apply to those hospital clinics not located inside the hospital that are constructed after July 1, 2009. Where the same services are reimbursed as clinic services, the division may revise the rate or methodology of outpatient reimbursement to maintain consistency, efficiency, economy and quality of care.

(c) The division is authorized to implement an Ambulatory Payment Classification (APC) methodology for outpatient hospital services. The division may give rural hospitals that have fifty (50) or fewer licensed beds the option to not be reimbursed for outpatient hospital services using the APC methodology, but reimbursement for outpatient hospital services provided by those hospitals shall be based on one hundred one percent (101%) of the rate established under Medicare for outpatient hospital services. Those hospitals choosing to not be reimbursed under the APC methodology shall remain under cost-based reimbursement for a two-year period.

(d) No service benefits or reimbursement limitations in this subsection (A)(2) shall apply to payments under an APR-DRG or APC model or a managed care program or similar model described in subsection (H) of this section unless specifically authorized by the division.

(3) Laboratory and x-ray services.

(4) Nursing facility services.

(a) The division shall make *** partial payment in an amount not less than fifty percent (50%) of the per diem rate, as determined by the division, to nursing facilities for each day, not exceeding *** thirty-five (35) days per year, that a patient is absent from the facility on home leave. Payment may be made for the following home leave days in addition to the *** thirty-five-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving and the day after Thanksgiving.

(b) From and after July 1, 1997, the division shall implement the integrated case-mix payment and quality monitoring system, which includes the fair rental system for property costs and in which recapture of depreciation is eliminated. For the purposes of establishing a facility's per diem rate, the division may *** adjust the *** case mix for hospital leave and therapeutic home leave days to the lower of the case-mix category as computed for the resident on leave using the assessment being utilized for payment at that point in time, or a case-mix score of 1.000 for nursing facilities, and shall compute case-mix scores of residents so that only services provided at the nursing facility are considered in calculating a facility's per diem.

(c) From and after July 1, 1997, all state-owned nursing facilities shall be reimbursed on a full reasonable cost basis.

(***d) The division shall develop and implement, not later than January 1, 2001, a case-mix payment add-on determined by time studies and other valid statistical data that will reimburse a nursing facility for the additional cost of caring for a resident who has a diagnosis of Alzheimer's or other related dementia and exhibits symptoms that require special care. Any such case-mix add-on payment shall be supported by a determination of additional cost. The division shall also develop and implement as part of the fair rental reimbursement system for nursing facility beds, an Alzheimer's resident bed depreciation enhanced reimbursement system that will provide an incentive to encourage nursing facilities to convert or construct beds for residents with Alzheimer's or other related dementia.

(***e) The division shall develop and implement an assessment process for long-term care services. The division may provide the assessment and related functions directly or through contract with the area agencies on aging.

The division shall apply for necessary federal waivers to assure that additional services providing alternatives to nursing facility care are made available to applicants for nursing facility care.

(5) Periodic screening and diagnostic services for individuals under age twenty-one (21) years as are needed to identify physical and mental defects and to provide health care treatment and other measures designed to correct or ameliorate defects and physical and mental illness and conditions discovered by the screening services, regardless of whether these services are included in the state plan. The division may include in its periodic screening and diagnostic program those discretionary services authorized under the federal regulations adopted to implement Title XIX of the federal Social Security Act, as amended. The division, in obtaining physical therapy services, occupational therapy services, and services for individuals with speech, hearing and language disorders, may enter into a cooperative agreement with the State Department of Education for the provision of those services to handicapped students by public school districts using state funds that are provided from the appropriation to the Department of

Education to obtain federal matching funds through the division. The division, in obtaining medical and mental health assessments, treatment, care and services for children who are in, or at risk of being put in, the custody of the Mississippi Department of Human Services may enter into a cooperative agreement with the Mississippi Department of Human Services for the provision of those services using state funds that are provided from the appropriation to the Department of Human Services to obtain federal matching funds through the division.

(6) Physician *** services. *** Fees for physician's services that are covered only by Medicaid shall be *** reimbursed at ninety percent (90%) of the rate established on January 1, 2018, and as may be adjusted each July thereafter, under Medicare. The division may provide for a reimbursement rate for physician's services of up to one hundred percent (100%) of the rate established under Medicare for physician's services that are provided after the normal working hours of the physician, as determined in accordance with regulations of the division. The division may reimburse eligible providers, as determined by the *** division, for certain primary care services *** at one hundred percent (100%) of the rate established under Medicare. *** The division shall reimburse obstetricians and gynecologists for certain primary care services as defined by the division at one hundred percent (100%) of the rate established under Medicare.

(b) [Repealed]

(8) Emergency medical transportation services as determined by the division.

(9) Prescription drugs and other covered drugs and services as *** determined by the division.

The division shall establish a mandatory preferred drug list. Drugs not on the mandatory preferred drug list shall be made available by utilizing prior authorization procedures established by the division.

The division may seek to establish relationships with other states in order to lower acquisition costs of prescription drugs to include single-source and innovator multiple-source drugs or generic drugs. In addition, if allowed by federal law or regulation, the division may seek to establish relationships with and negotiate with other countries to facilitate the acquisition of prescription drugs to include single-source and innovator multiple-source drugs or generic drugs, if that will lower the acquisition costs of those prescription drugs.

The division may allow for a combination of prescriptions for single-source and innovator multiple-source drugs and generic drugs to meet the needs of the beneficiaries.

The executive director may approve specific maintenance drugs for beneficiaries with certain medical conditions, which may be prescribed and dispensed in three-month supply increments.

Drugs prescribed for a resident of a psychiatric residential treatment facility must be provided in true unit doses when available. The division may require that drugs not covered by Medicare Part D for a resident of a long-term care facility be provided in true unit doses when available. Those drugs that were originally billed to the division but are not used by a resident in any of those facilities shall be returned to the billing pharmacy for credit to the division, in accordance with the guidelines of the State Board of Pharmacy and any requirements of federal law and regulation. Drugs shall be dispensed to a recipient and only one (1) dispensing fee per month may be charged. The division shall

develop a methodology for reimbursing for restocked drugs, which shall include a restock fee as determined by the division not exceeding Seven Dollars and Eighty-two Cents (\$7.82).

Except for those specific maintenance drugs approved by the executive director, the division shall not reimburse for any portion of a prescription that exceeds a thirty-one-day supply of the drug based on the daily dosage.

The division is authorized to develop and implement a program of payment for additional pharmacist services as * * * determined by the division.

All claims for drugs for dually eligible Medicare/Medicaid beneficiaries that are paid for by Medicare must be submitted to Medicare for payment before they may be processed by the division's online payment system.

The division shall develop a pharmacy policy in which drugs in tamper-resistant packaging that are prescribed for a resident of a nursing facility but are not dispensed to the resident shall be returned to the pharmacy and not billed to Medicaid, in accordance with guidelines of the State Board of Pharmacy.

The division shall develop and implement a method or methods by which the division will provide on a regular basis to Medicaid providers who are authorized to prescribe drugs, information about the costs to the Medicaid program of single-source drugs and innovator multiple-source drugs, and information about other drugs that may be prescribed as alternatives to those single-source drugs and innovator multiple-source drugs and the costs to the Medicaid program of those alternative drugs.

Notwithstanding any law or regulation, information obtained or maintained by the division regarding the prescription drug program, including trade secrets and manufacturer or labeler pricing, is confidential and not subject to disclosure except to other state agencies.

The dispensing fee for each new or refill prescription, including nonlegend or over-the-counter drugs covered by the division, shall be not less than Three Dollars and Ninety-one Cents (\$3.91), as determined by the division.

The division shall not reimburse for single-source or innovator multiple-source drugs if there are equally effective generic equivalents available and if the generic equivalents are the least expensive.

It is the intent of the Legislature that the pharmacists providers be reimbursed for the reasonable costs of filling and dispensing prescriptions for Medicaid beneficiaries.

The division may allow certain drugs, implantable drug system devices, and medical supplies, with limited distribution or limited access for beneficiaries and administered in an appropriate clinical setting, to be reimbursed as either a medical claim or pharmacy claim, as determined by the division.

* * *

It is the intent of the Legislature that the division and any managed care entity described in subsection (H) of this section encourage the use of Alpha-Hydroxyprogesterone Caproate (17P) to prevent recurrent preterm birth.

(10) Dental and orthodontic services to be determined by the division.

This dental services program under this paragraph shall be known as the "James Russell Dumas Medicaid Dental Services Program."

The Medical Care Advisory Committee, assisted by the Division of Medicaid, shall annually determine the effect of this incentive by evaluating the number of dentists who are Medicaid providers, the number who and the degree to which they are actively billing Medicaid, the geographic trends of where dentists are offering what types of Medicaid services and other statistics pertinent to the goals of this legislative intent. This data shall annually be presented to the Chair of the Senate Medicaid Committee and the Chair of the House Medicaid Committee.

The division shall include dental services as a necessary component of overall health services provided to children who are eligible for services.

(11) Eyeglasses for all Medicaid beneficiaries who have (a) had surgery on the eyeball or ocular muscle that results in a vision change for which eyeglasses or a change in eyeglasses is medically indicated within six (6) months of the surgery and is in accordance with policies established by the division, or (b) one (1) pair every five (5) years and in accordance with policies established by the division. Payment may be made for the following home leave days in addition to the * * * seventy-day limitation: Christmas, the day before Christmas, the day after Christmas, Thanksgiving, the day before Thanksgiving and the day after Thanksgiving.

(17) Durable medical equipment services and medical supplies. Precertification of durable medical equipment and medical supplies must be obtained as required by the division. The Division of Medicaid may require durable medical equipment providers to obtain a surety bond in the amount and to the specifications as established by the Balanced Budget Act of 1997.

(18) (a) Notwithstanding any other provision of this section to the contrary, as provided in the Medicaid state plan amendment or amendments as defined in Section 43-13-145(10), the division shall make additional reimbursement to hospitals that serve a disproportionate share of low-income patients and that meet the federal requirements for those payments as provided in Section 1923 of the federal Social Security Act and any applicable regulations. It is the intent of the Legislature that the division shall draw down all available federal funds allotted to the state for disproportionate share hospitals. However, from and after January 1, 1999, public hospitals participating in the Medicaid disproportionate share program may be required to participate in an intergovernmental transfer program as provided in Section 1903 of the federal Social Security Act and any applicable regulations.

(b) (i) The division may establish a Medicare Upper Payment Limits Program, as defined in Section 1902(a)(30) of the federal Social Security Act and any applicable federal regulations, or an allowable delivery system or provider payment initiative authorized under 42 CFR 438.6(c), for hospitals, *** nursing facilities, *** physicians employed or contracted by *** hospitals, and emergency ambulance transportation providers. ***

(ii) The division shall assess each hospital ***, *** nursing facility, and emergency ambulance transportation provider for the sole purpose of financing the state portion of the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b). The hospital assessment shall be as provided in Section 43-13-145(4)(a), and the nursing facility *** and the emergency ambulance transportation assessments, if established, shall be based on Medicaid utilization or other appropriate method, as determined by the division, consistent with federal regulations. The assessments will remain in effect as long as the state participates in the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b). *** In addition to the hospital assessment provided in Section 43-13-145(4)(a), hospitals with physicians participating in the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b) shall be required to participate in an intergovernmental transfer *** or assessment, as determined by the division, for the purpose of financing the state portion of the physician UPL payments or other payment(s) authorized under this subsection (A)(18)(b).

*** (iii) Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and the provisions of this subsection (A)(18)(b), the division shall make additional reimbursement to hospitals ***, *** nursing facilities, and emergency ambulance transportation providers for the Medicare Upper Payment Limits Program or other program(s) authorized under this subsection (A)(18)(b), and, if the program is established for physicians, shall make additional reimbursement for

(iv) Notwithstanding any other provision of this article to the contrary, effective upon implementation of the Mississippi Hospital Access Program (MHAP) provided in subparagraph (c)(i) below, the hospital portion of the inpatient Upper Payment Limits Program shall transition into and be replaced by the MHAP program. However, the division is authorized to develop and implement an alternative fee-for-service Upper Payment Limits model in accordance with federal laws and regulations if necessary to preserve supplemental funding. Further, the division, in consultation with the Mississippi Hospital Association and a governmental hospital located in a county bordering the Gulf of Mexico and the State of Alabama shall develop alternative models for distribution of medical claims and supplemental payments for inpatient and outpatient hospital services, and such models may include, but shall not be limited to the following: increasing rates for inpatient and outpatient services; creating a low-income utilization pool of funds to reimburse hospitals for the costs of uncompensated care, charity care and bad debts as permitted and approved pursuant to federal regulations and the Centers for Medicare and Medicaid Services; supplemental payments based upon Medicaid utilization, quality, service lines and/or costs of providing such services to Medicaid beneficiaries and to uninsured patients. The goals of such payment models shall be to ensure access to inpatient and outpatient care and to maximize any federal funds that are available to reimburse hospitals for services provided. Any such documents required to achieve the goals described in this paragraph shall be submitted to the Centers for Medicare and Medicaid Services, with a proposed effective date of July 1, 2019, to the extent possible, but in no event shall the effective date of such payment models be later than July 1, 2020. The Chairmen of the Senate and House Medicaid Committees shall be provided a copy of the proposed payment model(s) prior to submission. Effective July 1, 2018, and until such time as any payment model(s) as described above become effective, the division, in consultation with the Mississippi Hospital Association and a governmental hospital located in a county bordering the Gulf of Mexico and the State of Alabama is authorized to implement a transitional program for inpatient and outpatient payments and/or supplemental payments (including, but not limited to, MHAP and directed payments), to redistribute available supplemental funds among hospital providers, provided that when compared to a hospital's prior year supplemental payments, supplemental payments made pursuant to any such transitional program shall not result in a decrease of more than five percent (5%) and shall not increase by more than the amount needed to maximize the distribution of the available funds.

(c) (i) Not later than December 1, 2015, the division shall, subject to approval by the Centers for Medicare and Medicaid Services (CMS), establish, implement and operate a Mississippi Hospital Access Program (MHAP) for the purpose of protecting patient access to hospital care through hospital inpatient reimbursement programs provided in this section designed to maintain total hospital reimbursement for inpatient services rendered by in-state hospitals and the out-of-state hospital that is authorized by federal law to submit intergovernmental transfers (IGTs) to the State of Mississippi and is classified as Level I trauma center located in a county contiguous to the state line at the maximum levels permissible under applicable federal statutes and regulations, at which time the current inpatient Medicare Upper Payment Limits (UPL) Program for hospital inpatient services shall transition to the MHAP.

(ii) Subject * * * to approval by the Centers for Medicare and Medicaid Services (CMS) * * *, the MHAP shall provide increased inpatient capitation (PMPM) payments to managed care entities contracting with the division pursuant to subsection (H) of this section to support availability of hospital services or such other payments permissible under federal law necessary to accomplish the intent of this subsection.

(iii) The intent of this subparagraph (c) is that effective for all inpatient hospital Medicaid services during state fiscal year 2016, and so long as this provision shall remain in effect hereafter, the division shall to the fullest extent feasible replace the additional reimbursement for hospital inpatient services under the inpatient Medicare Upper Payment Limits (UPL) Program with additional reimbursement under the MHAP and other payment programs for inpatient and/or outpatient payments which may be developed under the authority of this paragraph.

* * *

(2) (a) Upon each intermediate care facility for individuals with intellectual disabilities licensed by the State of Mississippi, there is levied an assessment in an amount set by the division, equal to the maximum rate allowed by federal law or regulation, for each licensed and occupied bed of the facility.

(4) Hospital assessment.

(a) (i) Subject to and upon fulfillment of the requirements and conditions of paragraph (f) below, and notwithstanding any other provisions of this section, * * * an annual assessment on each hospital licensed in the state is imposed on each non-Medicare hospital inpatient day as defined below at a rate that is determined by dividing the sum prescribed in this subparagraph (i), plus the nonfederal share necessary to maximize the Disproportionate Share Hospital (DSH) and Medicare Upper Payment Limits (UPL) Program payments and hospital access payments and such other supplemental payments as may be developed pursuant to Section 43-13-117(A)(18), by

the total number of non-Medicare hospital inpatient days as defined below for all licensed Mississippi hospitals, except as provided in paragraph (d) below. If the state-matching funds percentage for the Mississippi Medicaid program is sixteen percent (16%) or less, the sum used in the formula under this subparagraph (i) shall be Seventy-four Million Dollars (\$74,000,000.00). If the state-matching funds percentage for the Mississippi Medicaid program is twenty-four percent (24%) or higher, the sum used in the formula under this subparagraph (i) shall be One Hundred Four Million Dollars (\$104,000,000.00). If the state-matching funds percentage for the Mississippi Medicaid program is between sixteen percent (16%) and twenty-four percent (24%), the sum used in the formula under this subparagraph (i) shall be a pro rata amount determined as follows: the current state-matching funds percentage rate minus sixteen percent (16%) divided by eight percent (8%) multiplied by Thirty Million Dollars (\$30,000,000.00) and add that amount to Seventy-four Million Dollars (\$74,000,000.00). However, no assessment in a quarter under this subparagraph (i) may exceed the assessment in the previous quarter by more than Three Million Seven Hundred Fifty Thousand Dollars (\$3,750,000.00) (which would be Fifteen Million Dollars (\$15,000,000.00) on an annualized basis). The division shall publish the state-matching funds percentage rate applicable to the Mississippi Medicaid program on the tenth day of the first month of each quarter and the assessment determined under the formula prescribed above shall be applicable in the quarter following any adjustment in that state-matching funds percentage rate. The division shall notify each hospital licensed in the state as to any projected increases or decreases in the assessment determined under this subparagraph (i). However, if the Centers for Medicare and Medicaid Services (CMS) does not approve the provision in Section 43-13-117(39) requiring the division to reimburse crossover claims for inpatient hospital services and crossover claims covered under Medicare Part B for dually eligible beneficiaries in the same manner that was in effect on January 1, 2008, the sum that otherwise would have been used in the formula under this subparagraph (i) shall be reduced by Seven Million Dollars (\$7,000,000.00).

(ii) In addition to the assessment provided under subparagraph (i), *** an additional annual assessment on each hospital licensed in the state is imposed on each non-Medicare hospital inpatient day as defined below at a rate that is determined by dividing twenty-five percent (25%) of any provider reductions in the Medicaid program as authorized in Section 43-13-117(F) for that fiscal year up to the following maximum amount, plus the nonfederal share necessary to maximize the Disproportionate Share Hospital (DSH) and inpatient Medicare Upper Payment Limits (UPL) Program payments and inpatient hospital access payments, by the total number of non-Medicare hospital inpatient days as defined below for all licensed Mississippi hospitals: in fiscal year 2010, the maximum amount shall be Twenty-four Million Dollars (\$24,000,000.00); in fiscal year 2011, the maximum amount shall be Thirty-two Million Dollars (\$32,000,000.00); and in fiscal year 2012 and thereafter, the maximum amount shall be Forty Million Dollars (\$40,000,000.00). Any such deficit in the Medicaid program shall be reviewed by the PEER Committee as provided in Section 43-13-117(F).

(iii) In addition to the assessments provided in subparagraphs (i) and (ii), *** an additional annual assessment on each hospital licensed in the state is imposed pursuant to the provisions of Section 43-13-117(F) if the cost-containment measures described therein have been implemented and there are insufficient funds in the Health Care Trust Fund to reconcile any remaining deficit in any fiscal year. If the Governor institutes any other additional cost-containment measures on any program or programs authorized under the Medicaid program pursuant to Section 43-13-117(F), hospitals shall be responsible for twenty-five percent (25%) of any such additional imposed provider cuts, which shall be in the form of an additional assessment not to exceed the twenty-five percent (25%) of provider expenditure reductions. Such additional assessment shall be imposed on each non-Medicare hospital inpatient day in the same manner as assessments are imposed under subparagraphs (i) and (ii).

c. Inpatient days shall not include residential treatment or long-term care days.

2. "Subcomponent inpatient day" means the number of days of care charged to a beneficiary for inpatient hospital rehabilitation and psychiatric care services in units of full days. A day begins at midnight and ends twenty-four (24) hours later. A part of a day, including the day of admission and day on which a patient returns from leave of absence, counts as a full day. However, the day of discharge, death, or a day on which a patient begins a leave of absence is not counted as a day unless discharge or death occur on the day of admission. If admission and discharge or death occur on the same day, the day is considered a day of admission and counts as one (1) subcomponent inpatient day.

(c) The assessment provided in this subsection is intended to satisfy and not be in addition to the assessment and intergovernmental transfers provided in Section 43-13-117(A)(18). Nothing in this section shall be construed to authorize any state agency, division or department, or county, municipality or other local governmental unit to license for revenue, levy or impose any other tax, fee or assessment upon hospitals in this state not authorized by a specific statute.

(d) Hospitals operated by the United States Department of Veterans Affairs and state-operated facilities that provide only inpatient and outpatient psychiatric services shall not be subject to the hospital assessment provided in this subsection.

(e) Multihospital systems, closure, merger, change of ownership and new hospitals.

(i) If a hospital conducts, operates or maintains more than one (1) hospital licensed by the State Department of Health, the provider shall pay the hospital assessment for each hospital separately.

(ii) Notwithstanding any other provision in this section, if a hospital subject to this assessment operates or conducts business only for a portion of a fiscal year, the assessment for the state fiscal year shall be adjusted by multiplying the assessment by a fraction, the numerator of which is the number of days in the year during which the hospital operates, and the denominator of which is three hundred sixty-five (365). Immediately upon ceasing to operate, the hospital shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(iii) The division shall determine the tax for new hospitals and hospitals that undergo a change of ownership in accordance with this section, using the best available information, as determined by the division.

(f) Applicability.

The hospital assessment imposed by this subsection shall not take effect and/or shall cease to be imposed if:

(i) The assessment is determined to be an impermissible tax under Title XIX of the Social Security Act; or

(ii) CMS revokes its approval of the division's 2009 Medicaid State Plan Amendment for the methodology for DSH payments to hospitals under Section 43-13-117(A)(18).

* * *

(5) Each health care facility that is subject to the provisions of this section shall keep and preserve such suitable books and records as may be necessary to determine the amount of assessment for which it is liable under this section. The books and records shall be kept and preserved for a period of not less than five (5) years, during which time those books and records shall be open for examination during business hours by the division, the Department of Revenue, the Office of the Attorney General and the State Department of Health.

(6) * * * [Deleted]

(7) All assessments collected under this section shall be deposited in the Medical Care Fund created by Section 43-13-143.

(8) The assessment levied under this section shall be in addition to any other assessments, taxes or fees levied by law, and the assessment shall constitute a debt due the State of Mississippi from the time the assessment is due until it is paid.

(9) (a) If a health care facility that is liable for payment of an assessment levied by the division does not pay the assessment when it is due, the division shall give written notice to the health care facility * * * demanding payment of the assessment within ten (10) days from the date of delivery of the notice. If the health care facility fails or refuses to pay the assessment after receiving the notice and demand from the division, the division shall withhold from any Medicaid reimbursement payments that are due to the health care facility the amount of the unpaid assessment and a penalty of ten percent (10%) of the amount of the assessment, plus the legal rate of interest until the assessment is paid in full. If the health care facility does not participate in the Medicaid program, the division shall turn over to the Office of the Attorney General the collection of the unpaid assessment by civil action. In any such civil action, the Office of the Attorney General shall collect the amount of the unpaid assessment and a penalty of ten percent (10%) of the amount of the assessment, plus the legal rate of interest until the assessment is paid in full.

(b) As an additional or alternative method for collecting unpaid assessments levied by the division, if a health care facility fails or refuses to pay the assessment after receiving notice and demand from the division, the division may file a notice of a tax lien with the chancery clerk of the county in which the health care facility is located, for the amount of the unpaid assessment and a penalty of ten percent (10%) of the amount of the assessment, plus the legal rate of interest until the assessment is paid in full. Immediately upon receipt of notice of the tax lien for the assessment, the chancery clerk shall forward the notice to the circuit clerk who shall enter the notice of the tax lien as a judgment upon the judgment roll and show in the appropriate columns the name of the

health care facility as judgment debtor, the name of the division as judgment creditor, the amount of the unpaid assessment, and the date and time of enrollment. The judgment shall be valid as against mortgagees, pledgees, entrusters, purchasers, judgment creditors and other persons from the time of filing with the clerk. The amount of the judgment shall be a debt due the State of Mississippi and remain a lien upon the tangible property of the health care facility until the judgment is satisfied. The judgment shall be the equivalent of any enrolled judgment of a court of record and shall serve as authority for the issuance of writs of execution, writs of attachment or other remedial writs.

(10) (a) To further the provisions of Section 43-13-117(A)(18), the Division of Medicaid shall submit to the Centers for Medicare and Medicaid Services (CMS) any documents regarding the hospital assessment established under subsection (4) of this section. In addition to defining the assessment established in subsection (4) of this section if necessary, the documents shall describe any supplement payment programs and/or payment methodologies as authorized in Section 43-13-117(A)(18) if necessary.

(b) All hospitals satisfying the minimum federal DSH eligibility requirements (Section 1923(d) of the Social Security Act) may, subject to OBRA 1993 payment limitations, receive a DSH payment. This DSH payment shall expend the balance of the federal DSH allotment and associated state share not utilized in DSH payments to state-owned institutions for treatment of mental diseases. The payment to each hospital shall be calculated by applying a uniform percentage to the uninsured costs of each eligible hospital, excluding state-owned institutions for treatment of mental diseases; however, that percentage for a state-owned teaching hospital located in Hinds County shall be multiplied by a factor of two (2).

(11) The division shall implement DSH and supplemental payment calculation methodologies that result in the maximization of available federal funds.

(12) The DSH payments shall be paid on or before December 31, March 31, and June 30 of each fiscal year, in increments of one-third (1/3) of the total calculated DSH amounts. Supplemental payments developed pursuant to Section 43-13-117(A)(18) shall be paid monthly.

(13) *** Payment.

(a) The hospital assessment as described in subsection (4) for the nonfederal share necessary to maximize the Medicare Upper Payments Limits (UPL) Program payments and hospital access payments and such other supplemental payments as may be developed pursuant to Section 43-13-117(A)(18) shall be assessed and collected monthly no later than the fifteenth calendar day of each month.

(b) The hospital assessment as described in subsection (4) for the nonfederal share necessary to maximize the Disproportionate Share Hospital (DSH) payments shall be assessed and collected on December 15, March 15 and June 15.

(c) The annual hospital assessment and any additional hospital assessment as described in subsection (4) shall be assessed and collected on September 15 and on the 15th of each month from December through June.

(14) If for any reason any part of the plan for annual DSH and supplemental payment programs to hospitals provided under subsection (10) of this section and/or developed pursuant to Section 43-13-117(A)(18) is not approved by CMS, the remainder of the plan shall remain in full force and effect.

(15) Nothing in this section shall prevent the Division of Medicaid from facilitating participation in Medicaid supplemental hospital payment programs by a hospital located in a county contiguous to the State of Mississippi that is also authorized by federal law to

submit intergovernmental transfers (IGTs) to the State of Mississippi to fund the state share of the hospital's supplemental and/or MHAP payments.

(16) Subsections (10) through (15) of this section shall stand repealed on July 1, * * * 2022.

SECTION 3. Section 41-7-191, Mississippi Code of 1972, is amended as follows:

(c) Any change in the existing bed complement of any health care facility through the addition or conversion of any beds or the alteration, modernizing or refurbishing of any unit or department in which the beds may be located; however, if a health care facility has voluntarily delicensed some of its existing bed complement, it may later relicense some or all of its delicensed beds without the necessity of having to acquire a certificate of need. The State Department of Health shall maintain a record of the delicensing health care facility and its voluntarily delicensed beds and continue counting those beds as part of the state's total bed count for health care planning purposes. If a health care facility that has voluntarily delicensed some of its beds later desires to relicense some or all of its voluntarily delicensed beds, it shall notify the State Department of Health of its intent to increase the number of its licensed beds. The State Department of Health shall survey the health care facility within thirty (30) days of that notice and, if appropriate, issue the health care facility a new license reflecting the new contingent of beds. However, in no event may a health care facility that has voluntarily delicensed some of its beds be reissued a license to operate beds in excess of its bed count before the voluntary delicensure of some of its beds without seeking certificate of need approval;

(e) The relocation of one or more health services from one physical facility or site to another physical facility or site, unless such relocation, which does not involve a capital expenditure by or on behalf of a health care facility, (i) is to a physical facility or site within five thousand two hundred eighty (5,280) feet from the main entrance of the health care facility where the health care service is located, or (ii) is the result of an order of a court of appropriate jurisdiction or a result of pending litigation in such court, or by order of the State Department of Health, or by order of any other agency or legal entity of the state, the federal government, or any political subdivision of either, whose order is also approved by the State Department of Health;

(f) The acquisition or otherwise control of any major medical equipment for the provision of medical services; however, (i) the acquisition of any major medical equipment used only for research purposes, and (ii) the acquisition of major medical equipment to replace medical equipment for which a facility is already providing medical services and for which the State Department of Health has been notified before the date of such acquisition shall be exempt from this paragraph; an acquisition for less than fair market value must be reviewed, if the acquisition at fair market value would be subject to review;

(g) Changes of ownership of existing health care facilities in which a notice of intent is not filed with the State Department of Health at least thirty (30) days prior to the date such change of ownership occurs, or a change in services or bed capacity as prescribed in paragraph (c) or (d) of this subsection as a result of the change of ownership; an acquisition for less than fair market value must be reviewed, if the acquisition at fair market value would be subject to review;

(i) Any activity described in paragraphs (a) through (h) if undertaken by any person if that same activity would require certificate of need approval if undertaken by a health care facility;

(j) Any capital expenditure or deferred capital expenditure by or on behalf of a health care facility not covered by paragraphs (a) through (h);

(k) The contracting of a health care facility as defined in subparagraphs (i) through (viii) of Section 41-7-173(h) to establish a home office, subunit, or branch office in the space operated as a health care facility through a formal arrangement with an existing health care facility as defined in subparagraph (ix) of Section 41-7-173(h);

(l) The replacement or relocation of a health care facility designated as a critical access hospital shall be exempt from subsection (1) of this section so long as the critical access hospital complies with all applicable federal law and regulations regarding such replacement or relocation;

(m) Reopening a health care facility that has ceased to operate for a period of sixty (60) months or more, which reopening requires a certificate of need for the establishment of a new health care facility.

This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (c), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of beds that may be authorized under the authority of this paragraph (c) shall not exceed sixty (60) beds.

(d) The State Department of Health may issue a certificate of need to any hospital located in DeSoto County for the new construction of a skilled nursing facility, not to exceed one hundred twenty (120) beds, in DeSoto County. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (i), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as reported in the current State Health Plan is waived for the purposes of this paragraph. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (i) shall not exceed sixty (60) beds. If the skilled nursing facility authorized by the certificate of need issued under this paragraph is not constructed and fully operational within eighteen (18) months after July 1, 1994, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need, if it is still outstanding, and shall not issue a license for the skilled nursing facility at any time after the expiration of the eighteen-month period.

(j) The department may issue certificates of need to allow any existing freestanding long-term care facility in Tishomingo County and Hancock County that on July 1, 1995, is licensed with fewer than sixty (60) beds. For the purposes of this paragraph (j), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. From and after July 1, 1999, there shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the beds in the long-term care facilities that were authorized under this paragraph (j).

(k) The department may issue a certificate of need for the construction of a nursing facility at a continuing care retirement community in Lowndes County. The total number of beds that may be authorized under the authority of this paragraph (k) shall not exceed sixty (60) beds. From and after July 1, 2001, the prohibition on the facility participating in the Medicaid program (Section 43-13-101 et seq.) that was a condition of issuance of the certificate of need under this paragraph (k) shall be revised as follows: The nursing facility may participate in the Medicaid program from and after July 1, 2001, if the owner of the facility on July 1, 2001, agrees in writing that no more than thirty (30) of the beds at the facility will be certified for participation in the Medicaid program, and that no claim will be submitted for Medicaid reimbursement for more than thirty (30) patients in the facility in any month or for any patient in the facility who is in a bed that is not Medicaid-certified. This written agreement by the owner of the facility shall be a condition of licensure of the facility, and the agreement shall be fully binding on any subsequent owner of the facility if the ownership of the facility is transferred at any time after July 1, 2001. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the facility for participation in the Medicaid program. If the facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than thirty (30) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the written agreement.

(l) Provided that funds are specifically appropriated therefor by the Legislature, the department may issue a certificate of need to a rehabilitation hospital in Hinds County for the construction of a sixty-bed long-term care nursing facility dedicated to the care and treatment of persons with severe disabilities including persons with spinal cord and closed-head injuries and ventilator dependent patients. The provisions of Section 41-7-193(1) regarding substantial compliance with projection of need as reported in the current State Health Plan are waived for the purpose of this paragraph.

(m) The State Department of Health may issue a certificate of need to a county-owned hospital in the Second Judicial District of Panola County for the conversion of not more than seventy-two (72) hospital beds to nursing facility beds, provided that the recipient of the certificate of need agrees in writing that none of the beds at the nursing facility will be certified for participation in the Medicaid program (Section 43-13-101 et seq.), and that no claim will be submitted for Medicaid reimbursement in the nursing facility in any day or for any patient in the nursing facility. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the nursing facility if the ownership of the nursing facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify any of the beds in the nursing facility for participation in the Medicaid program. If the nursing facility violates the terms of the written agreement by admitting or keeping in the nursing facility on a regular or continuing basis any patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the nursing facility, at the time that the department determines, after a hearing complying with due process, that the nursing facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement. If the certificate of

need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(n) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Madison County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (n), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (n) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(o) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Leake County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (o), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the

department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (o) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(p) The department may issue a certificate of need for the construction of a municipally owned nursing facility within the Town of Belmont in Tishomingo County, not to exceed sixty (60) beds, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (p), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as reported in the current State Health Plan is waived for the purposes of this paragraph. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(q) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next four (4) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each county in the state having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, in the manner provided in this paragraph (q). The total number of nursing facility beds that may be authorized by any certificate of need authorized under this paragraph (q) shall not exceed sixty (60) beds.

(ii) Subject to the provisions of subparagraph (v), during each of the next four (4) fiscal years, the department shall issue six (6) certificates of need for new nursing facility beds, as follows: During fiscal years 2000, 2001 and 2002, one (1) certificate of need shall be issued for new nursing facility beds in the county in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan that has the highest need in the district for those beds; and two (2) certificates of need shall be issued for new nursing facility beds in the two (2) counties from the state at large that have the highest need in the state for those beds, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. During fiscal year 2003, one (1) certificate of need shall be issued for new nursing facility beds in any county having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, that has not received a certificate of need under this paragraph (q) during the three (3) previous fiscal years. During fiscal year 2000, in addition to the six (6) certificates of need authorized in this subparagraph, the department also shall issue a certificate of need for new nursing facility beds in Amite County and a certificate of need for new nursing facility beds in Carroll County.

(iii) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in each Long-Term Care Planning District during each fiscal year shall first be available for nursing facility beds in the county in the district having the highest need for those beds, as shown in the fiscal year 1999 State Health Plan. If there are no applications for a certificate of need for nursing facility beds in the county having the highest need for those beds by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties in the district in descending order of the need for those beds, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county in the district.

(iv) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in the two (2) counties from the state at large during each fiscal year shall first be available for nursing facility beds in the two (2) counties that have the highest need in the state for those beds, as shown in the fiscal year 1999 State Health Plan, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. If there are no applications for a certificate of need for nursing facility beds in either of the two (2) counties having the highest need for those beds on a statewide basis by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties from the state at large in descending order of the need for those beds on a statewide basis, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county from the state at large.

(v) If a certificate of need is authorized to be issued under this paragraph (q) for nursing facility beds in a county on the basis of the need in the Long-Term Care Planning District during any fiscal year of the four-year period, a certificate of need shall not also be available under this paragraph (q) for additional nursing facility beds in that county on the basis of the need in the state at large, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in the state at large for that fiscal year. After a certificate of need has been issued under this paragraph (q) for nursing facility beds in a county during any fiscal year of the four-year period, a certificate of need shall not be available again under this paragraph (q) for additional nursing facility beds in that county during the four-year period, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in succeeding fiscal years.

(vi) If more than one (1) application is made for a certificate of need for nursing home facility beds available under this paragraph (q), in Yalobusha, Newton or Tallahatchie County, and one (1) of the applicants is a county-owned hospital located

in the county where the nursing facility beds are available, the department shall give priority to the county-owned hospital in granting the certificate of need if the following conditions are met:

1. The county-owned hospital fully meets all applicable criteria and standards required to obtain a certificate of need for the nursing facility beds; and

2. The county-owned hospital's qualifications for the certificate of need, as shown in its application and as determined by the department, are at least equal to the qualifications of the other applicants for the certificate of need.

(r) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next two (2) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan, to provide care exclusively to patients with Alzheimer's disease.

(ii) Not more than twenty (20) beds may be authorized by any certificate of need issued under this paragraph (r), and not more than a total of sixty (60) beds may be authorized in any Long-Term Care Planning District by all certificates of need issued under this paragraph (r). However, the total number of beds that may be authorized by all certificates of need issued under this paragraph (r) during any fiscal year shall not exceed one hundred twenty (120) beds, and the total number of beds that may be authorized in any Long-Term Care Planning District during any fiscal year shall not exceed forty (40) beds. Of the certificates of need that are issued for each Long-Term Care Planning District during the next two (2) fiscal years, at least one (1) shall be issued for beds in the northern part of the district, at least one (1) shall be issued for beds in the central part of the district, and at least one (1) shall be issued for beds in the southern part of the district.

(iii) The State Department of Health, in consultation with the Department of Mental Health and the Division of Medicaid, shall develop and prescribe the staffing levels, space requirements and other standards and requirements that must be met with regard to the nursing facility beds authorized under this paragraph (r) to provide care exclusively to patients with Alzheimer's disease.

(s) The State Department of Health may issue a certificate of need to a nonprofit skilled nursing facility using the Green House model of skilled nursing care and located in Yazoo City, Yazoo County, Mississippi, for the construction, expansion or conversion of not more than nineteen (19) nursing facility beds. For purposes of this paragraph (s), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this paragraph (s).

(t) The State Department of Health shall issue certificates of need to the owner of a nursing facility in operation at the time of Hurricane Katrina in Hancock County that was not operational on December 31, 2005, because of damage sustained from Hurricane Katrina to authorize the following: (i) the construction of a new nursing facility in Harrison County; (ii) the relocation of forty-nine (49) nursing facility beds from the Hancock County facility to the new Harrison County facility; (iii) the establishment of not more than twenty (20) non-Medicaid nursing facility beds at the Hancock County facility; and (iv) the establishment of not more than twenty (20) non-Medicaid beds at the new Harrison County facility. The certificates of need that authorize the non-Medicaid nursing facility beds under subparagraphs (iii) and (iv) of this paragraph (t) shall be subject to the following conditions: The owner of the Hancock County facility and the new Harrison County facility must agree in writing that no more than fifty (50) of the beds at the Hancock County facility and no more than forty-nine (49) of the beds at the Harrison County facility

will be certified for participation in the Medicaid program, and that no claim will be submitted for Medicaid reimbursement for more than fifty (50) patients in the Hancock County facility in any month, or for more than forty-nine (49) patients in the Harrison County facility in any month, or for any patient in either facility who is in a bed that is not Medicaid-certified. This written agreement by the owner of the nursing facilities shall be a condition of the issuance of the certificates of need under this paragraph (t), and the agreement shall be fully binding on any later owner or owners of either facility if the ownership of either facility is transferred at any time after the certificates of need are issued. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifty (50) of the beds at the Hancock County facility or more than forty-nine (49) of the beds at the Harrison County facility for participation in the Medicaid program. If the Hancock County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifty (50) patients who are participating in the Medicaid program, or if the Harrison County facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than forty-nine (49) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility that is in violation of the agreement, at the time that the department determines, after a hearing complying with due process, that the facility has violated the agreement.

(u) The State Department of Health shall issue a certificate of need to a nonprofit venture for the establishment, construction and operation of a skilled nursing facility of not more than sixty (60) beds to provide skilled nursing care for ventilator dependent or otherwise medically dependent pediatric patients who require medical and nursing care or rehabilitation services to be located in a county in which an academic medical center and a children's hospital are located, and for any construction and for the acquisition of equipment related to those beds. The facility shall be authorized to keep such ventilator dependent or otherwise medically dependent pediatric patients beyond age twenty-one (21) in accordance with regulations of the State Board of Health. For purposes of this paragraph (u), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived, and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. The beds authorized by this paragraph shall be counted as pediatric skilled nursing facility beds for health planning purposes under Section 41-7-171 et seq. There shall be no prohibition of or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized by this paragraph.

(3) The State Department of Health may grant approval for and issue certificates of need to any person proposing the new construction of, addition to, conversion of beds of or expansion of any health care facility defined in subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h). The total number of beds which may be authorized by such certificates of need shall not exceed three hundred thirty-four (334) beds for the entire state.

(a) Of the total number of beds authorized under this subsection, the department shall issue a certificate of need to a privately owned psychiatric residential treatment facility in Simpson County for the conversion of sixteen (16) intermediate care facility for the mentally retarded (ICF-MR) beds to psychiatric residential treatment facility beds, provided that facility agrees in writing that the facility shall give priority for the use of those sixteen (16) beds to Mississippi residents who are presently being treated in out-of-state facilities.

(b) Of the total number of beds authorized under this subsection, the department may issue a certificate or certificates of need for the construction or expansion of psychiatric residential treatment facility beds or the conversion of other beds to psychiatric residential treatment facility beds in Warren County, not to exceed sixty (60) psychiatric residential treatment facility beds, provided that the facility agrees in writing that no more than thirty (30) of the beds at the psychiatric residential treatment facility will

be certified for participation in the Medicaid program (Section 43-13-101 et seq.) for the use of any patients other than those who are participating only in the Medicaid program of another state, and that no claim will be submitted to the Division of Medicaid for Medicaid reimbursement for more than thirty (30) patients in the psychiatric residential treatment facility in any day or for any patient in the psychiatric residential treatment facility who is in a bed that is not Medicaid-certified. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program for the use of any patients other than those who are participating only in the Medicaid program of another state. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than thirty (30) patients who are participating in the Mississippi Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

The State Department of Health, on or before July 1, 2002, shall transfer the certificate of need authorized under the authority of this paragraph (b), or reissue the certificate of need if it has expired, to River Region Health System.

(c) Of the total number of beds authorized under this subsection, the department shall issue a certificate of need to a hospital currently operating Medicaid-certified acute psychiatric beds for adolescents in DeSoto County, for the establishment of a forty-bed psychiatric residential treatment facility in DeSoto County, provided that the hospital agrees in writing (i) that the hospital shall give priority for the use of those forty (40) beds to Mississippi residents who are presently being treated in out-of-state facilities, and (ii) that no more than fifteen (15) of the beds at the psychiatric residential treatment facility will be certified for participation in the Medicaid program (Section 43-13-101 et seq.), and that no claim will be submitted for Medicaid reimbursement for more than fifteen (15) patients in the psychiatric residential treatment facility in any day or for any patient in the psychiatric residential treatment facility who is in a bed that is not Medicaid-certified. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner of the psychiatric residential treatment facility if the ownership of the facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than fifteen (15) of the beds in the psychiatric residential treatment facility for participation in the Medicaid program. If the psychiatric residential treatment facility violates the terms of the written agreement by admitting or keeping in the facility on a regular or continuing basis more than fifteen (15) patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the facility, at the time that the department determines, after a hearing complying with due process, that the facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement.

(f) The department shall issue a certificate of need to a one-hundred-thirty-four-bed specialty hospital located on twenty-nine and forty-four one-hundredths (29.44) commercial acres at 5900 Highway 39 North in Meridian (Lauderdale County), Mississippi, for the addition, construction or expansion of child/adolescent psychiatric residential treatment facility beds in Lauderdale County. As a condition of issuance of the certificate of need under this paragraph, the facility shall give priority in admissions to the child/adolescent psychiatric residential treatment facility beds authorized under this paragraph to patients who otherwise would require out-of-state placement. The Division of Medicaid, in conjunction with the Department of Human Services, shall furnish the facility a list of all out-of-state patients on a quarterly basis. Furthermore, notice shall also be provided to the parent, custodial parent or guardian of each out-of-state patient notifying them of the priority status granted by this paragraph. For purposes of this paragraph, the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of child/adolescent psychiatric residential treatment facility beds that may be authorized under the authority of this paragraph shall be sixty (60) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this paragraph or for the beds converted pursuant to the authority of that certificate of need.

If by January 1, 2002, there has been no significant commencement of construction of the beds authorized under this subparagraph (iii), or no significant action taken to convert existing beds to the beds authorized under this subparagraph, then the certificate of need that was previously issued under this subparagraph shall expire. If the previously issued certificate of need expires, the department may accept applications for issuance of another certificate of need for the beds authorized under this subparagraph, and may issue a certificate of need to authorize the construction, expansion or conversion of the beds authorized under this subparagraph.

(iv) The department shall issue a certificate of need to the Region 7 Mental Health/Retardation Commission for the construction or expansion of child/adolescent psychiatric beds or the conversion of other beds to child/adolescent psychiatric beds in any of the counties served by the commission. For purposes of this subparagraph (iv), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. The total number of beds that may be authorized under the authority of this subparagraph shall not exceed twenty (20) beds. There shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the person receiving the certificate of need authorized under this subparagraph or for the beds converted pursuant to the authority of that certificate of need.

(v) The department may issue a certificate of need to any county hospital located in Leflore County for the construction or expansion of adult psychiatric beds or the conversion of other beds to adult psychiatric beds, not to exceed twenty (20) beds, provided that the recipient of the certificate of need agrees in writing that the adult psychiatric beds will not at any time be certified for participation in the Medicaid program and that the hospital will not admit or keep any patients who are participating in the Medicaid program in any of such adult psychiatric beds. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the hospital if the ownership of the hospital is transferred at any time after the issuance of the certificate of need. Agreement that the adult psychiatric beds will not be certified for participation in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subparagraph (v), and if such hospital at any time after the issuance of the certificate of need, regardless of the ownership of the hospital, has any of such adult psychiatric beds certified for participation in the Medicaid program or admits or keeps any Medicaid patients in such adult psychiatric beds, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the hospital at the time that the department determines, after a hearing complying with due process, that the hospital has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subparagraph and in the written agreement by the recipient of the certificate of need.

(vi) The department may issue a certificate or certificates of need for the expansion of child psychiatric beds or the conversion of other beds to child psychiatric beds at the University of Mississippi Medical Center. (5) The department may issue a certificate of need to a county hospital in Winston County for the conversion of fifteen (15) acute care beds to geriatric psychiatric care beds.

(6) The State Department of Health shall issue a certificate of need to a Mississippi corporation qualified to manage a long-term care hospital as defined in Section 41-7-173(h)(xii) in Harrison County, not to exceed eighty (80) beds, including any necessary renovation or construction required for licensure and certification, provided that the recipient of the certificate of need agrees in writing that the long-term care hospital will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the long-term care hospital who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the long-term care hospital, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the long-term care hospital will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this subsection (6), and if such long-term care hospital at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the long-term care hospital, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this subsection and in the written agreement by the recipient of the certificate of need. (7) The State Department of Health may issue a certificate of need to any hospital in the state to utilize a portion of its beds for the "swing-bed" concept. Any such hospital must be in conformance with the federal regulations regarding such swing-bed concept at the time it submits its application for a certificate of need to the State Department of Health, except that such hospital may have more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program. Any hospital meeting all federal requirements for participation in the swing-bed program which receives such certificate of need shall render services provided under the swing-bed concept to any patient eligible for Medicare (Title XVIII of the Social Security Act) who is certified by a physician to be in need of such services, and no such hospital shall permit any patient who is eligible for both Medicaid and Medicare or eligible only for Medicaid to stay in the swing beds of the hospital for more than thirty (30) days per admission unless the hospital receives prior approval for such patient from the Division of Medicaid, Office of the Governor. Any hospital having more licensed beds or a higher average daily census (ADC) than the maximum number specified in federal regulations for participation in the swing-bed program which receives such certificate of need shall develop a procedure to insure that before a patient is allowed to stay in the swing beds of the hospital, there are no vacant nursing home beds available for that patient located within a fifty-mile radius of the hospital. When any such hospital has a patient staying in the swing beds of the hospital and the hospital receives notice from a nursing home located within such radius that there is a vacant bed available for that patient, the hospital shall transfer the patient to the nursing home within a reasonable time

after receipt of the notice. Any hospital which is subject to the requirements of the two (2) preceding sentences of this subsection may be suspended from participation in the swing-bed program for a reasonable period of time by the State Department of Health if the department, after a hearing complying with due process, determines that the hospital has failed to comply with any of those requirements.

(8) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the new construction of, addition to or expansion of a health care facility as defined in subparagraph (viii) of Section 41-7-173(h), except as hereinafter provided: The department may issue a certificate of need to a nonprofit corporation located in Madison County, Mississippi, for the construction, expansion or conversion of not more than twenty (20) beds in a community living program for developmentally disabled adults in a facility as defined in subparagraph (viii) of Section 41-7-173(h). For purposes of this subsection (8), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan and the provisions of Section 41-7-197 requiring a formal certificate of need hearing process are waived. There shall be no prohibition or restrictions on participation in the Medicaid program for the person receiving the certificate of need authorized under this subsection (8).

(9) The Department of Health shall not grant approval for or issue a certificate of need to any person proposing the establishment of, or expansion of the currently approved territory of, or the contracting to establish a home office, subunit or branch office within the space operated as a health care facility as defined in Section 41-7-173(h)(i) through (viii) by a health care facility as defined in subparagraph (ix) of Section 41-7-173(h).

(10) Health care facilities owned and/or operated by the state or its agencies are exempt from the restraints in this section against issuance of a certificate of need if such addition or expansion consists of repairing or renovation necessary to comply with the state licensure law. This exception shall not apply to the new construction of any building by such state facility. This exception shall not apply to any health care facilities owned and/or operated by counties, municipalities, districts, unincorporated areas, other defined persons, or any combination thereof.

(11) The new construction, renovation or expansion of or addition to any health care facility defined in subparagraph (ii) (psychiatric hospital), subparagraph (iv) (skilled nursing facility), subparagraph (vi) (intermediate care facility), subparagraph (viii) (intermediate care facility for the mentally retarded) and subparagraph (x) (psychiatric residential treatment facility) of Section 41-7-173(h) which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, and the addition of new beds or the conversion of beds from one category to another in any such defined health care facility which is owned by the State of Mississippi and under the direction and control of the State Department of Mental Health, shall not require the issuance of a certificate of need under Section 41-7-171 et seq., notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(12) The new construction, renovation or expansion of or addition to any veterans homes or domiciliaries for eligible veterans of the State of Mississippi as authorized under Section 35-1-19 shall not require the issuance of a certificate of need, notwithstanding any provision in Section 41-7-171 et seq. to the contrary.

(13) The repair or the rebuilding of an existing, operating health care facility that sustained significant damage from a natural disaster that occurred after April 15, 2014, in an area that is proclaimed a disaster area or subject to a state of emergency by the Governor or by the President of the United States shall be exempt from all of the requirements of the Mississippi Certificate of Need Law (Section 41-7-171 et seq.) and any and all rules and regulations promulgated under that law, subject to the following conditions:

(a) The repair or the rebuilding of any such damaged health care facility must be within one (1) mile of the pre-disaster location of the campus of the damaged health care facility, except that any temporary post-disaster health care facility operating location may be within five (5) miles of the pre-disaster location of the damaged health care facility;

(b) The repair or the rebuilding of the damaged health care facility (i) does not increase or change the complement of its bed capacity that it had before the Governor's or the President's proclamation, (ii) does not increase or change its levels and types of health care services that it provided before the Governor's or the President's proclamation, and (iii) does not rebuild in a different county; however, this paragraph does not restrict or prevent a health care facility from decreasing its bed capacity that it had before the Governor's or the President's proclamation, or from decreasing the levels of or decreasing or eliminating the types of health care services that it provided before the Governor's or the President's proclamation, when the damaged health care facility is repaired or rebuilt;

(c) The exemption from Certificate of Need Law provided under this subsection (13) is valid for only five (5) years from the date of the Governor's or the President's proclamation. If actual construction has not begun within that five-year period, the exemption provided under this subsection is inapplicable; and

(d) The Division of Health Facilities Licensure and Certification of the State Department of Health shall provide the same oversight for the repair or the rebuilding of the damaged health care facility that it provides to all health care facility construction projects in the state.

For the purposes of this subsection (13), "significant damage" to a health care facility means damage to the health care facility requiring an expenditure of at least One Million Dollars (\$1,000,000.00).

(a) "Employee benefit plan" means any plan, fund or program established or maintained by an employer or by an employee organization, or both, to the extent that such plan, fund or program was established or is maintained for the purpose of providing for its participants or their beneficiaries, through the purchase of insurance or otherwise, medical, surgical, hospital care or other benefits.

(b) "Health insurance plan" means any health insurance policy or health benefit plan offered by a health insurer, and includes the State and School Employees Health Insurance Plan and any other public health care assistance program offered or administered by the state or any political subdivision or instrumentality of the state. The term does not include policies or plans providing coverage for specified disease or other limited benefit coverage.

(c) "Health insurer" means any health insurance company, nonprofit hospital and medical service corporation, health maintenance organization, preferred provider organization, managed care organization, pharmacy benefit manager, and, to the extent permitted under federal law, any administrator of an insured, self-insured or publicly funded health care benefit plan offered by public and private entities, and other parties that are by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service.

(d) "Store-and-forward telemedicine services" means the use of asynchronous computer-based communication between a patient and a consulting provider or a referring health care provider and a medical specialist at a distant site for the purpose of diagnostic and therapeutic assistance in the care of patients who otherwise have no access to specialty care. Store-and-forward telemedicine services involve the transferring of medical data from one (1) site to another through the use of a camera or similar device that records (stores) an image that is sent (forwarded) via telecommunication to another site for consultation.

(e) "Remote patient monitoring services" means the delivery of home health services using telecommunications technology to enhance the delivery of home health care, including:

(i) Monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry and other condition-specific data, such as blood glucose;

(f) "Medication adherence management services" means the monitoring of a patient's conformance with the clinician's medication plan with respect to timing, dosing and frequency of medication-taking through electronic transmission of data in a home telemonitoring program.

(2) Store-and-forward telemedicine services allow a health care provider trained and licensed in his or her given specialty to review forwarded images and patient history in order to provide diagnostic and therapeutic assistance in the care of the patient without the patient being present in real time. Treatment recommendations made via electronic means shall be held to the same standards of appropriate practice as those in traditional provider-patient setting.

(3) Any patient receiving medical care by store-and-forward telemedicine services shall be notified of the right to receive interactive communication with the distant specialist health care provider and shall receive an interactive communication with the distant specialist upon request. If requested, communication with the distant specialist may occur at the time of the consultation or within thirty (30) days of the patient's notification of the

request of the consultation. Telemedicine networks unable to offer the interactive consultation shall not be reimbursed for store-and-forward telemedicine services.

(4) Remote patient monitoring services aim to allow more people to remain at home or in other residential settings and to improve the quality and cost of their care, including prevention of more costly care. Remote patient monitoring services via telehealth aim to coordinate primary, acute, behavioral and long-term social service needs for high-need, high-cost patients. Specific patient criteria must be met in order for reimbursement to occur.

(5) Qualifying patients for remote patient monitoring services must meet all the following criteria:

(a) Be diagnosed, in the last eighteen (18) months, with one or more chronic conditions, as defined by the Centers for Medicare and Medicaid Services (CMS), which include, but are not limited to, sickle cell, mental health, asthma, diabetes, and heart disease; and

* * *

(* * *b) The patient's health care provider recommends disease management services via remote patient monitoring.

(6) A remote patient monitoring prior authorization request form * * * may be required for approval of telemonitoring services. * * * Any such request * * * may include the following:

(a) An order for home telemonitoring services, signed and dated by the prescribing physician;

(b) A plan of care, signed and dated by the prescribing physician, that includes telemonitoring transmission frequency and duration of monitoring requested;

(c) The client's diagnosis and risk factors that qualify the client for home telemonitoring services;

(d) Attestation that the client is sufficiently cognitively intact and able to operate the equipment or has a willing and able person to assist in completing electronic transmission of data; and

(e) Attestation that the client is not receiving duplicative services via disease management services.

(7) The entity that will provide the remote monitoring must be a Mississippi-based entity and have protocols in place to address all of the following:

(a) Authentication and authorization of users;

(b) A mechanism for monitoring, tracking and responding to changes in a client's clinical condition;

(c) A standard of acceptable and unacceptable parameters for client's clinical parameters, which can be adjusted based on the client's condition;

(d) How monitoring staff will respond to abnormal parameters for client's vital signs, symptoms and/or lab results;

(e) The monitoring, tracking and responding to changes in client's clinical condition;

(f) The process for notifying the prescribing physician for significant changes in the client's clinical signs and symptoms;

(g) The prevention of unauthorized access to the system or information;

(h) System security, including the integrity of information that is collected, program integrity and system integrity;

(i) Information storage, maintenance and transmission;

(j) Synchronization and verification of patient profile data; and

(k) Notification of the client's discharge from remote patient monitoring services or the de-installation of the remote patient monitoring unit.

(a) An assessment, problem identification, and evaluation that includes:

(i) Assessment and monitoring of clinical data including, but not limited to, appropriate vital signs, pain levels and other biometric measures specified in the plan of care, and also includes assessment of response to previous changes in the plan of care; and

(ii) Detection of condition changes based on the telemedicine encounter that may indicate the need for a change in the plan of care.

(b) Implementation of a management plan through one or more of the following:

(i) Teaching regarding medication management as appropriate based on the telemedicine findings for that encounter;

(ii) Teaching regarding other interventions as appropriate to both the patient and the caregiver;

(iii) Management and evaluation of the plan of care including changes in visit frequency or addition of other skilled services;

(iv) Coordination of care with the ordering health care provider regarding telemedicine findings;

(v) Coordination and referral to other medical providers as needed; and

(vi) Referral for an in-person visit or the emergency room as needed.

(11) The telemedicine equipment and network used for remote patient monitoring services should meet the following requirements:

(a) Comply with applicable standards of the United States Food and Drug Administration;

(b) Telehealth equipment be maintained in good repair and free from safety hazards;

(c) Telehealth equipment be new or sanitized before installation in the patient's home setting;

(d) Accommodate non-English language options; and

(e) Have 24/7 technical and clinical support services available for the patient user.

(12) All health insurance and employee benefit plans in this state must provide coverage and reimbursement for the asynchronous telemedicine services of store-and-forward telemedicine services and remote patient monitoring services based on the criteria set out in this section. Store-and-forward telemedicine services shall be reimbursed to the same extent that the services would be covered if they were provided through in-person consultation.

(13) Remote patient monitoring services shall include reimbursement for a daily monitoring rate at a minimum of Ten Dollars (\$10.00) per day each month and Sixteen Dollars (\$16.00) per day when medication adherence management services are included, not to exceed thirty-one (31) days per month. These reimbursement rates are only eligible to Mississippi-based telehealth programs affiliated with a Mississippi health care facility.

(14) A one-time telehealth installation/training fee for remote patient monitoring services will also be reimbursed at a minimum rate of Fifty Dollars (\$50.00) per patient, with a maximum of two (2) installation/training fees/calendar year. These reimbursement rates are only eligible to Mississippi-based telehealth programs affiliated with a Mississippi health care facility.

(15) No geographic restrictions shall be placed on the delivery of telemedicine services in the home setting other than requiring the patient reside within the State of Mississippi.

(16) Health care providers seeking reimbursement for store-and-forward telemedicine services must be licensed Mississippi providers that are affiliated with an established Mississippi health care facility in order to qualify for reimbursement of telemedicine services in the state. If a service is not available in Mississippi, then a health insurance or employee benefit plan may decide to allow a non-Mississippi-based provider who is licensed to practice in Mississippi reimbursement for those services.

(17) A health insurance or employee benefit plan may charge a deductible, co-payment, or coinsurance for a health care service provided through store-and-forward telemedicine services or remote patient monitoring services so long as it does not exceed the deductible, co-payment, or coinsurance applicable to an in-person consultation.

(18) A health insurance or employee benefit plan may limit coverage to health care providers in a telemedicine network approved by the plan.

(19) Nothing in this section shall be construed to prohibit a health insurance or employee benefit plan from providing coverage for only those services that are medically necessary, subject to the terms and conditions of the covered person's policy.

(20) In a claim for the services provided, the appropriate procedure code for the covered service shall be included with the appropriate modifier indicating telemedicine

services were used. A "GQ" modifier is required for asynchronous telemedicine services such as store-and-forward and remote patient monitoring.

(21) The originating site is eligible to receive a facility fee, but facility fees are not payable to the distant site.

SECTION 6. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Polk called up the following entitled bill:

H. B. No. 359: Municipally-owned utilities; may use accounting system accommodation for uncollectible customer indebtedness.

Senator Polk offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) For purposes of this act, the term "utility" shall mean any utility created or operated pursuant to Section 21-27-11 et seq., Mississippi Code of 1972, or any entity created by or authorized by other legislation of the State of Mississippi providing water, sewer, electricity, gas, transportation or other utility services whose rates are not subject to regulation by the Mississippi Public Service Commission.

(2) For purposes of this act, "low-income customer" shall mean any customer of a utility whose household income equals or is less than two hundred percent (200%) of the Federal Poverty Guidelines for a household the size of the customer's. A utility may deem a customer to have income less than two hundred percent (200%) of the Federal Poverty Guidelines without further income verification if a member of the customer's household receives benefits through the Supplemental Nutritional Assistance Program (SNAP).

(3) Any utility may institute a program to address certain disputed or delinquent customer accounts. The utility must adopt rules and procedures to implement the program if instituted. The utility's authority to compromise doubtful claims is limited to the following cases:

(a) (i) Instances of error on the part of the utility such as equipment failure or process failure, but only to the extent the customer did not receive the benefit of the utility service;

(ii) Instances of error not on the part of the customer due to unforeseen circumstance such as damage, extreme weather-related event, declared disaster or emergency, or mandatory evacuation, but only to the extent the customer did not receive the benefit of the utility service; and

(b) Instances where a low-income customer's overdue balance for a utility service can be reasonably adjudged to be uncollectable, in which case the utility may use an installment payment agreement to allow the customer additional time to pay a prescribed portion of the outstanding balance, and as part of the installment payment plan, to offer the use by the utility of accounting procedures to move the remaining balance as an uncollectable debt to a special accounting category of uncollectable or inactive accounts as outlined in the program rules if the customer fulfills all terms of the installment plan. The program must provide that the accounting adjustments under this paragraph (b) do not result in forgiveness of uncollectable debts.

(4) The utility may set program parameters to take into account the principle of collateral estoppel as to its own prior service, billing or collection actions.

(5) Any utility that participates in the program shall provide to the Governor, Lieutenant Governor, Speaker of the House of Representatives and Mississippi Public Utilities Staff a biannual report that details the utility's revenue collection, the number of accounts that have been adjudged uncollectable, the number of accounts that are participating in the installment payment plans, the number of accounts that are overdue, the percentage of customers who are classified as low-income, and the effect of the program on the utility's revenue collection.

(6) This section shall stand repealed on July 1, 2024.

If portions of the food or drink cannot be physically demarked, the entirety of the food or drink that has been combined with usable cannabis or cannabis products shall not contain more than twenty milligrams (20mg) of active tetrahydrocannabinol (THC).

SECTION 5. Limitations. This act does not authorize any person to engage in, and does not prevent the imposition of any civil, criminal, or other penalties for engaging in, the following conduct:

(a) Undertaking any task under the influence of cannabis, when doing so would constitute negligence or professional malpractice;

(b) Possessing cannabis or otherwise engaging in the medical use of cannabis in any correctional facility, unless the correctional facility has elected to allow the cardholder to engage in the use of medical cannabis;

(c) Smoking cannabis in a public place; or

(d) Operating, navigating, or being in actual physical control of any motor vehicle, aircraft, train, or motorboat while under the influence of cannabis.

SECTION 6. Discrimination prohibited. (1) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a cardholder, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(2) For the purposes of medical care, including organ and tissue transplants, a registered qualifying patient's use of cannabis according to this act is considered the equivalent of the authorized use of any other medication used at the discretion of a

practitioner and does not constitute the use of an illicit substance or otherwise disqualify a qualifying patient from needed medical care.

(3) A person shall not be denied custody of or visitation rights or parenting time with a minor solely for the person's status as a cardholder, and there shall be no presumption of neglect or child endangerment for conduct allowed under this act, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

(4) The rights provided by this section do not apply to the extent that they conflict with an employer's obligations under federal law or regulations or to the extent that they would disqualify an employer from a monetary or licensing-related benefit under federal law or regulations.

(5) No employer is required to allow the ingestion of cannabis in any workplace or to allow any employee to work while under the influence of cannabis. A registered qualifying patient shall not be considered to be under the influence of cannabis solely because of the presence of metabolites or components of cannabis that appear in insufficient concentration to cause impairment.

(6) No school, landlord, or employer may be penalized or denied any benefit under state law for enrolling, leasing to, or employing a cardholder.

(7) Facilities such as schools and daycares, and temporary care providers shall be allowed to administer medical cannabis as in the same manner as with medical prescriptions.

SECTION 7. Addition of debilitating medical conditions. Any resident of Mississippi may petition the department to add serious medical conditions or their treatments to the list of debilitating medical conditions listed in Section 3 of this act. The department shall consider petitions in accordance with its regulations, including public notice and hearing. The department shall approve or deny a petition within sixty (60) days of its submission. The approval or denial of any petition is a final decision of the department, subject to judicial review. Jurisdiction and venue for judicial review are vested in the circuit court.

SECTION 8. Acts not required and acts not prohibited. (1) Nothing in this act requires a government medical assistance program or private insurer to reimburse a person for costs associated with the medical use of cannabis.

(2) Nothing in this act prohibits an employer from disciplining an employee for ingesting cannabis in the workplace or for working while under the influence of cannabis.

SECTION 9. Facility restrictions. (1) Any nursing care institution, hospice, assisted living center, assisted living facility, assisted living home, residential care institution, adult day health care facility, or adult foster care home may adopt reasonable restrictions on the use of cannabis by their residents or persons receiving inpatient services, including:

(a) That the facility will not store or maintain the patient's supply of cannabis;

(b) That the facility, caregivers, or hospice agencies serving the facility's residents are not responsible for providing the cannabis for qualifying patients;

(c) That cannabis be consumed only in a place specified by the facility.

(2) Nothing in this section requires a facility listed in subsection (1) of this section to adopt restrictions on the medical use of cannabis.

(3) A facility listed in subsection (1) of this section may not unreasonably limit a registered qualifying patient's access to or use of cannabis authorized under this act unless failing to do so would cause the facility to lose a monetary or licensing-related benefit under federal law or regulations.

SECTION 10. Issuance and denial of registry identification cards. (1) No later than sixty (60) days after the effective date of this act, the department shall begin issuing registry identification cards to qualifying patients who submit the following:

(b) The application or renewal fee;

(c) The name, address, and date of birth of the qualifying patient, except that if the applicant is homeless, no address is required;

(d) The name, address, and telephone number of the qualifying patient's practitioner issuing the written certification;

(e) The name, address, and date of birth of the designated caregiver, or designated caregivers, chosen by the qualifying patient; and

(f) If more than one (1) designated caregiver is designated at any given time, documentation demonstrating that a greater number of designated caregivers is needed due to the patient's age or medical condition.

(2) If the qualifying patient is unable to submit the information required by subsection (1) of this section due to the person's age or medical condition, the person responsible for making medical decisions for the qualifying patient may do so on behalf of the qualifying patient.

(3) Except as provided in subsection (5) of this section, the department shall:

(a) Verify the information contained in an application or renewal submitted under this act and approve or deny an application or renewal within thirty (30) days of receiving a completed application or renewal application;

(b) Issue registry identification cards to a qualifying patient and his or her designated caregiver(s), if any, within five (5) days of approving the application or renewal. A designated caregiver must have a registry identification card for each of his or her qualifying patients; and

(c) Enter the registry identification number of the dispensary, dispensaries, pharmacy or pharmacies the patient designates into the verification system.

(4) The department may conduct a background check of the prospective designated caregiver in order to carry out the provisions of this section.

(5) The department shall not issue a registry identification card to a qualifying patient who is younger than eighteen (18) years of age unless:

(a) The qualifying patient's practitioner has explained the potential risks and benefits of the use of medical cannabis to the custodial parent or legal guardian with responsibility for health care decisions for the qualifying patient; and

(b) The custodial parent or legal guardian with responsibility for health care decisions for the qualifying patient consents in writing to:

(i) Allow the qualifying patient's use of medical cannabis;

(iii) Control the acquisition of the medical cannabis, the dosage, and the frequency of the use of medical cannabis by the qualifying patient.

(6) The department may deny an application or renewal of a qualifying patient's registry identification card only if the applicant:

(a) Did not provide the required information or materials;

(b) Previously had a registry identification card revoked; or

(c) Provided false information.

(7) The department may deny an application or renewal for a designated caregiver chosen by a qualifying patient whose registry identification card was granted only if:

(b) The applicant did not provide the information required;

(c) The designated caregiver previously had a registry identification card revoked; or

(d) The applicant or the designated caregiver provided false information.

(8) The department shall give written notice to the qualifying patient of the reason for denying a registry identification card to the qualifying patient or to the qualifying patient's designated caregiver.

(9) Denial of an application or renewal is considered a final department action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the circuit court.

(10) Until a qualifying patient who has submitted an application to the department receives a registry identification card or a rejection, a copy of the individual's application, written certification, and proof that the application was submitted to the department shall be deemed a registry identification card.

(11) Until a designated caregiver whose qualifying patient has submitted an application and the required fees receives a registry identification card or a rejection, a copy of the qualifying patient's application, written certification, and proof that the application was submitted to the department shall be deemed a registry identification card.

(3) If the practitioner stated in the written certification that the qualifying patient would benefit from cannabis until a specified earlier date, then the registry identification card shall expire on that date.

SECTION 12. Temporary registry identification cards. (1) Until sixty (60) days after the department makes applications available, a valid, written certification issued within the previous year shall be deemed a registry identification card for a qualifying patient.

(1) The department shall maintain a confidential list of the persons to whom the department has issued registry identification cards and their addresses, phone numbers, and registry identification numbers. This confidential list shall not be combined or linked in any manner with any other list or database, nor shall it be used for any purpose not provided for in this act.

(2) All records containing the identity of qualifying patients, caregivers or practitioners shall be confidential and exempt from disclosure under the Mississippi Public Records Act of any related statute, rule or regulation pertaining to public disclosure of records. Within ninety (90) days after the effective date of this act, the department shall establish a secure phone or internet-based verification system. The verification system must allow law enforcement personnel and medical cannabis establishments to enter a registry identification number to determine whether the number corresponds with a current, valid registry identification card. The system may disclose only:

(a) Whether the identification card is valid;

(b) The name of the cardholder;

(c) Whether the cardholder is a qualifying patient or a designated caregiver;

(3) When a cardholder notifies the department of items listed in subsection (1) of this section but remains eligible under this act, the department shall issue the cardholder a new registry identification card with a new random ten-digit alphanumeric identification number within ten (10) days of receiving the updated information. (4) If the registered qualifying patient's certifying practitioner notifies the department in writing that either the registered qualifying patient has ceased to suffer from a debilitating medical condition or that the practitioner no longer believes the patient would receive medical or palliative benefit from the use of medical cannabis, the card shall become null and void. However, the registered qualifying patient has fifteen (15) days to return any unused cannabis to the dispensing dispensary or pharmacy.

(5) A medical cannabis establishment shall notify the department within one (1) business day of any theft or loss of cannabis.

SECTION 15. Affirmative defense and dismissal for medical cannabis. (1) Except as provided in Section 5 of this act and this section, a person may assert the medical purpose for using cannabis as a defense to any prosecution involving cannabis, and such defense shall be presumed valid where the evidence shows that:

(a) A practitioner has stated that, in the practitioner's professional opinion, after having completed a full assessment of the person's medical history and current medical condition made in the course of a bona fide practitioner-patient relationship, the patient has a debilitating medical condition and the potential benefits of using medical cannabis would likely outweigh the health risks for the person;

(b) The person was in possession of no more than the allowable amount of cannabis;

(c) The person was engaged in the acquisition, possession, use, or transportation of cannabis, paraphernalia, or both, relating to the administration of cannabis to treat or alleviate the individual's debilitating medical condition or symptoms associated with the individual's debilitating medical condition.

(2) The defense and motion to dismiss shall not prevail if the prosecution proves that:

(a) The person had a registry identification card revoked for misconduct; or

(b) The purposes for the possession of cannabis were not solely for palliative or medical use by the individual with a debilitating medical condition who raised the defense.

(3) An individual is not required to possess a registry identification card to raise the affirmative defense set forth in this section.

(4) If an individual demonstrates the individual's medical purpose for using cannabis pursuant to this section, except as provided in Section 5 of this act, the individual shall not be subject to the following for the individual's use of cannabis for medical purposes:

However, in the event the State Auditor issues a certificate of noncompliance pursuant to Section 21-35-31, the Department of Revenue shall withhold ten percent (10%) of the allocations and payments

to the municipality that would otherwise be payable to the municipality under this paragraph (a) until such time that the department receives written notice of the cancellation of a certificate of noncompliance from the State Auditor.

A municipal corporation, for the purpose of distributing the tax under this subsection, shall mean and include all incorporated cities, towns and villages.

Monies allocated for distribution and credited to a municipal corporation under this paragraph may be pledged as security for a loan if the distribution received by the municipal corporation is otherwise authorized or required by law to be pledged as security for such a loan.

In any county having a county seat that is not an incorporated municipality, the distribution provided under this subsection shall be made as though the county seat was an incorporated municipality; however, the distribution to the municipality shall be paid to the county treasury in which the municipality is located, and those funds shall be used for road, bridge and street construction or maintenance in the county.

(b) On or before August 15, 2006, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) * * *, 27-65-21 and 27-65-28, on business activities on the campus of a state institution of higher learning or community or junior college whose campus is not located within the corporate limits of a municipality, shall be allocated for distribution to the state institution of higher learning or community or junior college and paid to the state institution of higher learning or community or junior college.

On or before August 15, 2019, and each succeeding month thereafter until August 14, 2020, four percent (4%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 and 27-65-24, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215. On or before August 15, 2020, and each succeeding month thereafter, six percent (6%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3), 27-65-21 * * *, 27-65-24 and 27-65-28, on business activities within the corporate limits of the City of Jackson, Mississippi, shall be deposited into the Capitol Complex Improvement District Project Fund created in Section 29-5-215.

(d) (i) On or before the fifteenth day of the month that the diversion authorized by this section begins, and each succeeding month thereafter, eighteen and one-half percent (18-1/2%) of the total sales tax revenue collected during the preceding month under the provisions of this chapter, except that collected under the provisions of Sections 27-65-15, 27-65-19(3) * * *, 27-65-21 and 27-65-28, on business activities within a redevelopment project area developed under a redevelopment plan adopted under the Tax Increment Financing Act (Section 21-45-1 et seq.) shall be allocated for distribution to the county in which the project area is located if:

3. Any debt service for the indebtedness incurred is outstanding; and

4. A development with a value of Ten Million Dollars (\$10,000,000.00) or more is, or will be, located in the redevelopment area.

(ii) Before any sales tax revenue may be allocated for distribution to a county under this paragraph, the county shall certify to the Department of Revenue that the requirements of this paragraph have been met, the amount of bonded indebtedness that has been incurred by the county for the redevelopment project and the expected date the indebtedness incurred by the county will be satisfied.

(iii) The diversion of sales tax revenue authorized by this paragraph shall begin the month following the month in which the Department of Revenue determines that the requirements of this paragraph have been met. The diversion shall end the month the indebtedness incurred by the county is satisfied. All revenue received by the county under this paragraph shall be deposited in the fund required to be created in the tax increment financing plan under Section 21-45-11 and be utilized solely to satisfy the indebtedness incurred by the county.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars (\$1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The Department of Revenue shall require all distributors of gasoline and diesel fuel to report to the department monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The Department of Revenue shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the Department of Revenue may consider gallons of gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. (4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by

Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23-1/4%) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;

(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and

(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to the county for fiscal year 1994.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-65-75.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars (\$1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. (1) An agent or employee of any registered manufacturer, distributor or dispenser of any controlled substance if he is acting in the usual course of his business or employment;

The board shall, within thirty (30) days prior to the scheduled hearing, also give notice of the filing of the application for parole to the victim of the offense for which the prisoner is incarcerated and being considered for parole or, in case the offense be homicide, a designee of the immediate family of the victim, provided the victim or designated family member has furnished in writing a current address to the board for such purpose. Parole release shall, at the hearing, be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. An offender shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. When the board determines that the offender will need transitional housing upon release in order to improve the likelihood of him or her becoming a law-abiding citizen, the board may parole the offender with the condition that the inmate spends no more than six (6) months in a transitional reentry center. At least fifteen (15) days prior to the release of an offender on parole, the director of records of the department shall give the written notice which is required pursuant to Section 47-5-177. Every offender while on parole shall remain in the legal custody of the department from which he was released and shall be amenable to the orders of the board. Upon determination by the board that an offender is eligible for release by parole, notice shall also be given within at least fifteen (15) days before release, by the board to the victim of the offense or the victim's family member, as indicated above, regarding the date when the offender's release shall occur, provided a current address of the victim or the victim's family member has been furnished in writing to the board for such purpose.

Failure to provide notice to the victim or the victim's family member of the filing of the application for parole or of any decision made by the board regarding parole shall not constitute grounds for vacating an otherwise lawful parole determination nor shall it create any right or liability, civilly or criminally, against the board or any member thereof.

A letter of protest against granting an offender parole shall not be treated as the conclusive and only reason for not granting parole.

The board may adopt such other rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of offenders for parole, the conduct of parole hearings, or conditions to be imposed upon parolees, including a condition that the parolee submit, as provided in Section 47-5-601 to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States. The board shall have the authority to adopt rules related to the placement of certain offenders on unsupervised parole and for the operation of transitional reentry centers. However, in no case shall an offender be placed on unsupervised parole before he has served a minimum of fifty percent (50%) of the period of supervised parole.

SECTION 7. Section 47-7-18, Mississippi Code of 1972, is brought forward as follows:

47-7-18 (1) Each inmate eligible for parole pursuant to Section 47-7-3, shall be released from incarceration to parole supervision on the inmate's parole eligibility date, without a hearing before the board, if:

- (a) The inmate has met the requirements of the parole case plan established pursuant to Section 47-7-3.1;
- (b) A victim of the offense has not requested the board conduct a hearing;
- (c) The inmate has not received a serious or major violation report within the past six (6) months;

(d) The inmate has agreed to the conditions of supervision; and

(e) The inmate has a discharge plan approved by the board.

(2) At least thirty (30) days prior to an inmate's parole eligibility date, the department shall notify the board in writing of the inmate's compliance or noncompliance with the case plan. If an inmate fails to meet a requirement of the case plan, prior to the parole eligibility date, he or she shall have a hearing before the board to determine if completion of the case plan can occur while in the community.

(3) Any inmate for whom there is insufficient information for the department to determine compliance with the case plan shall have a hearing with the board.

(4) A hearing shall be held with the board if requested by the victim following notification of the inmate's parole release date pursuant to Section 47-7-17.

(5) A hearing shall be held by the board if a law enforcement official from the community to which the inmate will return contacts the board or the department and requests a hearing to consider information relevant to public safety risks posed by the inmate if paroled at the initial parole eligibility date. The law enforcement official shall submit an explanation documenting these concerns for the board to consider.

(6) If a parole hearing is held, the board may determine the inmate has sufficiently complied with the case plan or that the incomplete case plan is not the fault of the inmate and that granting parole is not incompatible with public safety, the board may then parole the inmate with appropriate conditions. If the board determines that the inmate has sufficiently complied with the case plan but the discharge plan indicates that the inmate does not have appropriate housing immediately upon release, the board may parole the inmate to a transitional reentry center with the condition that the inmate spends no more than six (6) months in the center. If the board determines that the inmate has not substantively complied with the requirement(s) of the case plan it may deny parole. If the board denies parole, the board may schedule a subsequent parole hearing and, if a new date is scheduled, the board shall identify the corrective action the inmate will need to take in order to be granted parole. Any inmate not released at the time of the inmate's initial parole date shall have a parole hearing at least every year.

SECTION 8. Section 47-7-33.1, Mississippi Code of 1972, is brought forward as follows:

47-7-33.1. (1) The department shall create a discharge plan for any offender returning to the community, regardless of whether the person will discharge from the custody of the department, or is released on parole, pardon, or otherwise. At least ninety (90) days prior to an offender's earliest release date, the commissioner shall conduct a pre-release assessment and complete a written discharge plan based on the assessment results. The discharge plan for parole eligible offenders shall be sent to the Parole Board at least thirty (30) days prior to the offender's parole eligibility date for approval. The board may suggest changes to the plan that it deems necessary to ensure a successful transition.

(2) The pre-release assessment shall identify whether an inmate requires assistance obtaining the following basic needs upon release: transportation, clothing and food, financial resources, identification documents, housing, employment, education, health care and support systems. The discharge plan shall include information necessary to address these needs and the steps being taken by the department to assist in this process. Based on the findings of the assessment, the commissioner shall:

(a) Arrange transportation for inmates from the correctional facility to their release destination;

(b) Ensure inmates have clean, seasonally appropriate clothing, and provide inmates with a list of food providers and other basic resources immediately accessible upon release;

(c) Ensure inmates have a driver's license or a state-issued identification card that is not a Department of Corrections identification card;

(d) Assist inmates in identifying safe, affordable housing upon release. If accommodations are not available, determine whether temporary housing is available for at least ten (10) days after release. If temporary housing is not available, the discharge plan shall reflect that satisfactory housing has not been established and the person may be a candidate for transitional reentry center placement;

(e) Refer inmates without secured employment to employment opportunities;

(f) Provide inmates with contact information of a health care facility/provider in the community in which they plan to reside;

(g) Notify family members of the release date and release plan, if inmate agrees; and

(h) Refer inmates to a community or a faith-based organization that can offer support within the first twenty-four (24) hours of release;

(3) A written discharge plan shall be provided to the offender and supervising probation officer or parole officer, if applicable.

(4) A discharge plan created for a parole-eligible offender shall also include supervision conditions and the intensity of supervision based on the assessed risk to recidivate and whether there is a need for transitional housing. The board shall approve discharge plans before an offender is released on parole pursuant to this chapter.

SECTION 9. Section 47-7-3.2, Mississippi Code of 1972, is brought forward as follows:

47-7-3.2. (1) Notwithstanding Sections 47-5-138, 47-5-139, 47-5-138.1 or 47-5-142, no person convicted of a criminal offense on or after July 1, 2014, shall be released by the department until he or she has served no less than fifty percent (50%) of a sentence for a crime of violence pursuant to Section 97-3-2 or twenty-five percent (25%) of any other sentence imposed by the court.

(2) This section shall not apply to:

(a) Offenders sentenced to life imprisonment;

(b) Offenders convicted as habitual offenders pursuant to Sections 99-19-81 through 99-19-87;

(c) Offenders serving a sentence for a sex offense; or

(d) Offenders serving a sentence for trafficking pursuant to Section 41-29-139(f).

SECTION 10. Section 47-5-28, Mississippi Code of 1972, is brought forward as follows:

47-5-28. The commissioner shall have the following powers and duties:

(a) To implement and administer laws and policy relating to corrections and coordinate the efforts of the department with those of the federal government and other state departments and agencies, county governments, municipal governments, and private agencies concerned with providing offender services;

(b) To establish standards, in cooperation with other state agencies having responsibility as provided by law, provide technical assistance, and exercise the requisite supervision as it relates to correctional programs over all state-supported adult correctional facilities and community-based programs;

(c) To promulgate and publish such rules, regulations and policies of the department as are needed for the efficient government and maintenance of all facilities and programs in accord insofar as possible with currently accepted standards of adult offender care and treatment;

(d) To provide the Parole Board with suitable and sufficient office space and support resources and staff necessary to conducting Parole Board business under the guidance of the Chairman of the Parole Board;

(e) To contract for transitional reentry center beds that will be used as noncorrections housing for offenders released from the department on parole, probation or post-release supervision but do not have appropriate housing available upon release. At least one hundred (100) but no more than eight hundred (800) transitional reentry center beds contracted by the department and chosen by the Parole Board shall be available for the Parole Board to place parolees without appropriate housing;

(f) To designate deputy commissioners while performing their officially assigned duties relating to the custody, control, transportation, recapture or arrest of any offender within the jurisdiction of the department or any offender of any jail, penitentiary, public workhouse or overnight lockup of the state or any political subdivision thereof not within the jurisdiction of the department, to the status of peace officers anywhere in the state in any matter relating to the custody, control, transportation or recapture of such offender, and shall have the status of law enforcement officers and peace officers as contemplated by Sections 45-6-3, 97-3-7 and 97-3-19.

For the purpose of administration and enforcement of this chapter, deputy commissioners of the Mississippi Department of Corrections, who are certified by the Mississippi Board on Law Enforcement Officer Standards and Training, have the powers of a law enforcement officer of this state. Such powers shall include to make arrests and to serve and execute search warrants and other valid legal process anywhere within the State of Mississippi while performing their officially assigned duties relating to the custody, control, transportation, recapture or arrest of any offender within the jurisdiction of the department or any offender of any jail, penitentiary, public workhouse or overnight lockup of the state or any political subdivision thereof not within the jurisdiction of the department in any matter relating to the custody, control, transportation or recapture of such offender.

(g) To make an annual report to the Governor and the Legislature reflecting the activities of the department and make recommendations for improvement of the services to be performed by the department;

(h) To cooperate fully with periodic independent internal investigations of the department and to file the report with the Governor and the Legislature;

(i) To make personnel actions for a period of one (1) year beginning July 1, 2016, that are exempt from State Personnel Board rules, regulations and procedures in order to give the commissioner flexibility in making an orderly, effective and timely reorganization and realignment of the department; and

(j) To perform such other duties necessary to effectively and efficiently carry out the purposes of the department as may be directed by the Governor.

SECTION 11. Section 47-5-931, Mississippi Code of 1972, is brought forward as follows:

47-5-931. (1) The Department of Corrections, in its discretion, may contract with the board of supervisors of one or more counties or with a regional facility operated by one or more counties, to provide for housing, care and control of offenders who are in the custody of the State of Mississippi. Any facility owned or leased by a county or counties for this purpose shall be designed, constructed, operated and maintained in accordance with American Correctional Association standards, and shall comply with all constitutional standards of the United States and the State of Mississippi, and with all court orders that may now or hereinafter be applicable to the facility. If the Department of Corrections contracts with more than one (1) county to house state offenders in county correctional facilities, excluding a regional facility, then the first of such facilities shall be constructed in Sharkey County and the second of such facilities shall be constructed in Jefferson County.

(2) The Department of Corrections shall contract with the board of supervisors of the following counties to house state inmates in regional facilities: (a) Marion and Walthall Counties; (b) Carroll and Montgomery Counties; (c) Stone and Pearl River Counties; (d) Winston and Choctaw Counties; (e) Kemper and Neshoba Counties; (f) Alcorn County and any contiguous county in which there is located an unapproved jail; (g) Yazoo County and any contiguous county in which there is located an unapproved jail; (h) Chickasaw County and any contiguous county in which there is located an unapproved jail; (i) George and Greene Counties and any contiguous county in which there is located an unapproved jail; (j) Washington County and any contiguous county in which there is located an unapproved jail; (k) Hinds County and any contiguous county in which there is located an unapproved jail; (l) Leake County and any contiguous county in which there is located an unapproved jail; (m) Issaquena County and any contiguous county in which there is located an unapproved jail; (n) Jefferson County and any contiguous county in which there is located an unapproved jail; (o) Franklin County and any contiguous county in which there is located an unapproved jail; (p) Holmes County and any contiguous county in which there is located an unapproved jail; and (q) Bolivar County and any contiguous county in which there is located an unapproved jail. The Department of Corrections shall decide the order of priority of the counties listed in this subsection with which it will contract for the housing of state inmates. For the purposes of this subsection, the term "unapproved jail" means any jail that the local grand jury determines should be condemned or has found to be of substandard condition or in need of substantial repair or reconstruction.

(3) In addition to the offenders authorized to be housed under subsection (1) of this section, the Department of Corrections may contract with any regional facility to provide for housing, care and control of not more than seventy-five (75) additional offenders who are in the custody of the State of Mississippi.

(4) The Governor and the Commissioner of Corrections are authorized to increase administratively the number of offenders who are in the custody of the State of Mississippi that can be placed in regional correctional facilities.

SECTION 12. Section 47-5-933, Mississippi Code of 1972, is brought forward as follows:

47-5-933. The Department of Corrections may contract for the purposes set out in Section 47-5-931 for a period of not more than twenty (20) years. The contract may provide that the Department of Corrections pay a fee of no more than Thirty-one Dollars (\$31.00) per day for each offender that is housed in the facility. The Department of Corrections may include in the contract, as an inflation factor, a three percent (3%) annual

increase in the contract price. The state shall retain responsibility for medical care for state offenders to the extent that is required by law; provided, however, the department may reimburse each facility for contract medical services as provided by law in an amount not to exceed Six Dollars and Twenty-five Cents (\$6.25) per day per offender.

SECTION 13. Section 47-5-938, Mississippi Code of 1972, is brought forward as follows:

47-5-938. (1) Offenders are encouraged to participate in work programs. The chief corrections officer as created in Section 47-5-935, with ratification of the board of supervisors of the county in which a correctional facility established pursuant to Sections 47-5-931 through 47-5-941, is located, may enter into agreements to provide work for any state offender housed in the facility, with the approval of the Commissioner of Corrections, to perform any work:

(a) Authorized in the Mississippi Prison Industries Act of 1990 as provided in Sections 47-5-531 through 47-5-575;

(b) Authorized in the Prison Agricultural Enterprises Act as provided in Sections 47-5-351 through 47-5-357;

(c) Authorized in the Penitentiary-Made Goods Law of 1978 as provided in Sections 47-5-301 through 47-5-331;

(d) Authorized in the Public Service Work Programs Act as provided in Sections 47-5-401 through 47-5-421;

(e) Authorized in Section 47-5-431, which authorizes the sheriff to use county or state offenders to pick up trash along public roads and state highways.

(2) The chief corrections officer shall promulgate rules and regulations as may be necessary to govern the work performance of the offenders for the parties to the agreements. Political subdivisions of the State of Mississippi including but not limited to counties, municipalities, school districts, drainage districts, water management districts and joint county-municipal endeavors are to have free use of the offender's labor but are responsible for reimbursing the facility for costs of transportation, guards, meals and other necessary costs when the inmates are providing work for that political body. Offenders may be compensated for work performed if the agreement so provides.

(3) There is created a special fund in the county treasury to be known as the "offender's compensation fund." All compensation paid to offenders shall be placed in the special fund for use by the offenders to purchase certain goods and other items of value as authorized in Section 47-5-109, for offenders housed in state correctional facilities. As provided in Section 47-5-194, no cash is to be paid to offenders. The agreement shall provide that a certain portion of the compensation shall be used for the welfare of the offenders. All money collected from the regional jail canteen operations shall be placed in a county special fund. Expenditures from that fund can be made by the chief corrections officer for any lawful purpose that is in the best interest and welfare of the offenders. The chief corrections officer, his employees and the county or counties owning the facility are given the authority necessary to carry out the provisions of this section.

(4) The provisions of this section shall be supplemental to any other provisions of law regarding offender labor and work programs.

SECTION 14. Section 47-7-4, Mississippi Code of 1972, is brought forward as follows:

47-7-4. The commissioner and the medical director of the department may place an offender who has served not less than one (1) year of his or her sentence, except an

offender convicted of a sex crime, on conditional medical release. However, a nonviolent offender who is bedridden may be placed on conditional medical release regardless of the time served on his or her sentence. Upon the release of a nonviolent offender who is bedridden, the state shall not be responsible or liable for any medical costs that may be incurred if such costs are acquired after the offender is no longer incarcerated due to his or her placement on conditional medical release. The commissioner shall not place an offender on conditional medical release unless the medical director of the department certifies to the commissioner that (a) the offender is suffering from a significant permanent physical medical condition with no possibility of recovery; (b) that his or her further incarceration will serve no rehabilitative purposes; and (c) that the state would incur unreasonable expenses as a result of his or her continued incarceration. Any offender placed on conditional medical release shall be supervised by the Division of Community Corrections of the department for the remainder of his or her sentence. An offender's conditional medical release may be revoked and the offender returned and placed in actual custody of the department if the offender violates an order or condition of his or her conditional medical release. An offender who is no longer bedridden shall be returned and placed in the actual custody of the department.

SECTION 15. Section 47-7-27, Mississippi Code of 1972, is brought forward as follows:

47-7-27. (1) The board may, at any time and upon a showing of probable violation of parole, issue a warrant for the return of any paroled offender to the custody of the department. The warrant shall authorize all persons named therein to return the paroled offender to actual custody of the department from which he was paroled.

(2) Any field supervisor may arrest an offender without a warrant or may deputize any other person with power of arrest by giving him a written statement setting forth that the offender has, in the judgment of that field supervisor, violated the conditions of his parole or earned-release supervision. The written statement delivered with the offender by the arresting officer to the official in charge of the department facility from which the offender was released or other place of detention designated by the department shall be sufficient warrant for the detention of the offender.

(3) The field supervisor, after making an arrest, shall present to the detaining authorities a similar statement of the circumstances of violation. The field supervisor shall at once notify the board or department of the arrest and detention of the offender and shall submit a written report showing in what manner the offender has violated the conditions of parole or earned-release supervision. An offender for whose return a warrant has been issued by the board shall, after the issuance of the warrant, be deemed a fugitive from justice.

(4) Whenever an offender is arrested on a warrant for an alleged violation of parole as herein provided, the board shall hold an informal preliminary hearing within seventy-two (72) hours to determine whether there is reasonable cause to believe the person has violated a condition of parole. A preliminary hearing shall not be required when the offender is not under arrest on a warrant or the offender signed a waiver of a preliminary hearing. The preliminary hearing may be conducted electronically.

(5) The right of the State of Mississippi to extradite persons and return fugitives from justice, from other states to this state, shall not be impaired by this chapter and shall remain in full force and effect. An offender convicted of a felony committed while on parole, whether in the State of Mississippi or another state, shall immediately have his parole revoked upon presentment of a certified copy of the commitment order to the board. If an offender is on parole and the offender is convicted of a felony for a crime committed prior to the offender being placed on parole, whether in the State of Mississippi or another state, the offender may have his parole revoked upon presentment of a certified copy of the commitment order to the board.

(6) (a) The board shall hold a hearing for any parolee who is detained as a result of a warrant or a violation report within twenty-one (21) days of the parolee's admission to detention. The board may, in its discretion, terminate the parole or modify the terms and conditions thereof. If the board revokes parole for one or more technical violations the board shall impose a period of imprisonment to be served in a technical violation center operated by the department not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the board may impose a period of imprisonment to be served in a technical violation center for up to one hundred and eighty (180) days or the board may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the board may impose up to the remainder of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(b) If the board does not hold a hearing or does not take action on the violation within the twenty-one-day time frame in paragraph (a) of this subsection, the parolee shall be released from detention and shall return to parole status. The board may subsequently hold a hearing and may revoke parole or may continue parole and modify the terms and conditions of parole. If the board revokes parole for one or more technical violations the board shall impose a period of imprisonment to be served in a technical violation center operated by the department not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the board may impose a period of imprisonment to be served in a technical violation center for up to one hundred eighty (180) days or the board may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the board may impose up to the remainder of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(c) For a parolee charged with one or more technical violations who has not been detained awaiting the revocation hearing, the board may hold a hearing within a reasonable time. The board may revoke parole or may continue parole and modify the terms and conditions of parole. If the board revokes parole for one or more technical violations the board shall impose a period of imprisonment to be served in a technical violation center operated by the department not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the board may impose a period of imprisonment to be served in a technical violation center for up to one hundred eighty (180) days or the board may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the board may impose up to the remainder of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(7) Unless good cause for the delay is established in the record of the proceeding, the parole revocation charge shall be dismissed if the revocation hearing is not held within the thirty (30) days of the issuance of the warrant.

(8) The chairman and each member of the board and the designated parole revocation hearing officer may, in the discharge of their duties, administer oaths, summon and examine witnesses, and take other steps as may be necessary to ascertain the truth of any matter about which they have the right to inquire.

(9) The board shall provide semiannually to the Oversight Task Force the number of warrants issued for an alleged violation of parole, the average time between detention on a warrant and preliminary hearing, the average time between detention on a warrant and revocation hearing, the number of ninety-day sentences in a technical violation center issued by the board, the number of one-hundred-twenty-day sentences in a technical violation center issued by the board, the number of one-hundred-eighty-day sentences

issued by the board, and the number and average length of the suspended sentences imposed by the board in response to a violation.

SECTION 16. Section 47-7-33, Mississippi Code of 1972, is brought forward as follows:

47-7-33. (1) When it appears to the satisfaction of any circuit court or county court in the State of Mississippi having original jurisdiction over criminal actions, or to the judge thereof, that the ends of justice and the best interest of the public, as well as the defendant, will be served thereby, such court, in termtime or in vacation, shall have the power, after conviction or a plea of guilty, except in a case where a death sentence or life imprisonment is the maximum penalty which may be imposed, to suspend the imposition or execution of sentence, and place the defendant on probation as herein provided, except that the court shall not suspend the execution of a sentence of imprisonment after the defendant shall have begun to serve such sentence. In placing any defendant on probation, the court, or judge, shall direct that such defendant be under the supervision of the Department of Corrections.

(2) When any circuit or county court places an offender on probation, the court shall give notice to the Mississippi Department of Corrections within fifteen (15) days of the court's decision to place the offender on probation. Notice shall be delivered to the central office of the Mississippi Department of Corrections and to the regional office of the department which will be providing supervision to the offender on probation.

(3) When any circuit court or county court places a person on probation in accordance with the provisions of this section and that person is ordered to make any payments to his family, if any member of his family whom he is ordered to support is receiving public assistance through the State Department of Human Services, the court shall order him to make such payments to the county welfare officer of the county rendering public assistance to his family, for the sole use and benefit of said family.

SECTION 17. Section 47-7-34, Mississippi Code of 1972, is brought forward as follows:

47-7-34. (1) When a court imposes a sentence upon a conviction for any felony committed after June 30, 1995, the court, in addition to any other punishment imposed if the other punishment includes a term of incarceration in a state or local correctional facility, may impose a term of post-release supervision. However, the total number of years of incarceration plus the total number of years of post-release supervision shall not exceed the maximum sentence authorized to be imposed by law for the felony committed. The defendant shall be placed under post-release supervision upon release from the term of incarceration. The period of supervision shall be established by the court.

(2) The period of post-release supervision shall be conducted in the same manner as a like period of supervised probation, including a requirement that the defendant shall abide by any terms and conditions as the court may establish. Failure to successfully abide by the terms and conditions shall be grounds to terminate the period of post-release supervision and to recommit the defendant to the correctional facility from which he was previously released. Procedures for termination and recommitment shall be conducted in the same manner as procedures for the revocation of probation and imposition of a suspended sentence as required pursuant to Section 47-7-37.

(3) Post-release supervision programs shall be operated through the probation and parole unit of the Division of Community Corrections of the department. The maximum amount of time that the Mississippi Department of Corrections may supervise an offender on the post-release supervision program is five (5) years.

SECTION 18. Section 47-7-35, Mississippi Code of 1972, is brought forward as follows:

47-7-35. (1) The courts referred to in Section 47-7-33 or 47-7-34 shall determine the terms and conditions of probation or post-release supervision and may alter or modify, at any time during the period of probation or post-release supervision, the conditions and may include among them the following or any other:

That the offender shall:

- (a) Commit no offense against the laws of this or any other state of the United States, or of any federal, territorial or tribal jurisdiction of the United States;
- (b) Avoid injurious or vicious habits;
- (c) Avoid persons or places of disreputable or harmful character;
- (d) Report to the probation and parole officer as directed;
- (e) Permit the probation and parole officer to visit him at home or elsewhere;
- (f) Work faithfully at suitable employment so far as possible;
- (g) Remain within a specified area;
- (h) Pay his fine in one (1) or several sums;
- (i) Support his dependents;
- (j) Submit, as provided in Section 47-5-601, to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States;
- (k) Register as a sex offender if so required under Title 45, Chapter 33.

(2) When any court places a defendant on misdemeanor probation, the court must cause to be conducted a search of the probationer's name or other identifying information against the registration information regarding sex offenders maintained under Title 45, Chapter 33. The search may be conducted using the Internet site maintained by the Department of Public Safety Sex Offender Registry.

SECTION 19. Section 47-7-36, Mississippi Code of 1972, is brought forward as follows:

47-7-36. Any person who supervises an individual placed on parole by the Parole Board or placed on probation by the court shall set the times and locations for meetings that are required for parole or probation at such times and locations that are reasonably designed to accommodate the work schedule of an individual on parole or probation who is employed by another person or entity. To effectuate the provisions of this section, the parole officer or probation officer may utilize technology portals such as Skype, FaceTime or Google video chat, or any other technology portal that allows communication between the individual on parole or probation and the parole or probation officer, as applicable, to occur simultaneously in real time by voice and video in lieu of requiring a face-to-face in person meeting of such individual and the parole or probation officer, as applicable. For individuals who are self-employed, the provisions of this section shall only apply with the agreement of their supervising parole or probation officer.

SECTION 20. Section 47-7-37, Mississippi Code of 1972, is brought forward as follows:

47-7-37. (1) The period of probation shall be fixed by the court, and may at any time be extended or terminated by the court, or judge in vacation. Such period with any extension thereof shall not exceed five (5) years, except that in cases of desertion and/or failure to support minor children, the period of probation may be fixed and/or extended by the court for so long as the duty to support such minor children exists. The time served on probation or post-release supervision may be reduced pursuant to Section 47-7-40.

(2) At any time during the period of probation, the court, or judge in vacation, may issue a warrant for violating any of the conditions of probation or suspension of sentence and cause the probationer to be arrested. Any probation and parole officer may arrest a probationer without a warrant, or may deputize any other officer with power of arrest to do so by giving him a written statement setting forth that the probationer has, in the judgment of the probation and parole officer, violated the conditions of probation. Such written statement delivered with the probationer by the arresting officer to the official in charge of a county jail or other place of detention shall be sufficient warrant for the detention of the probationer.

(3) Whenever an offender is arrested on a warrant for an alleged violation of probation as herein provided, the department shall hold an informal preliminary hearing within seventy-two (72) hours of the arrest to determine whether there is reasonable cause to believe the person has violated a condition of probation. A preliminary hearing shall not be required when the offender is not under arrest on a warrant or the offender signed a waiver of a preliminary hearing. The preliminary hearing may be conducted electronically. If reasonable cause is found, the offender may be confined no more than twenty-one (21) days from the admission to detention until a revocation hearing is held. If the revocation hearing is not held within twenty-one (21) days, the probationer shall be released from custody and returned to probation status.

(4) If a probationer or offender is subject to registration as a sex offender, the court must make a finding that the probationer or offender is not a danger to the public prior to release with or without bail. In determining the danger posed by the release of the offender or probationer, the court may consider the nature and circumstances of the violation and any new offenses charged; the offender or probationer's past and present conduct, including convictions of crimes and any record of arrests without conviction for crimes involving violence or sex crimes; any other evidence of allegations of unlawful sexual conduct or the use of violence by the offender or probationer; the offender or probationer's family ties, length of residence in the community, employment history and mental condition; the offender or probationer's history and conduct during the probation or other supervised release and any other previous supervisions, including disciplinary records of previous incarcerations; the likelihood that the offender or probationer will engage again in a criminal course of conduct; the weight of the evidence against the offender or probationer; and any other facts the court considers relevant.

(5) (a) The probation and parole officer after making an arrest shall present to the detaining authorities a similar statement of the circumstances of violation. The probation and parole officer shall at once notify the court of the arrest and detention of the probationer and shall submit a report in writing showing in what manner the probationer has violated the conditions of probation. Within twenty-one (21) days of arrest and detention by warrant as herein provided, the court shall cause the probationer to be brought before it and may continue or revoke all or any part of the probation or the suspension of sentence. If the court revokes probation for one or more technical violations, the court shall impose a period of imprisonment to be served in either a technical violation center or a restitution center not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the court may impose a period of imprisonment to be served in either a technical violation center or a restitution center for up to one hundred eighty (180) days or the court may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the court may impose up to the remainder

of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(b) If the offender is not detained as a result of the warrant, the court shall cause the probationer to be brought before it within a reasonable time and may continue or revoke all or any part of the probation or the suspension of sentence, and may cause the sentence imposed to be executed or may impose any part of the sentence which might have been imposed at the time of conviction. If the court revokes probation for one or more technical violations, the court shall impose a period of imprisonment to be served in either a technical violation center or a restitution center not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the court may impose a period of imprisonment to be served in either a technical violation center or a restitution center for up to one hundred eighty (180) days or the court may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the court may impose up to the remainder of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(c) If the court does not hold a hearing or does not take action on the violation within the twenty-one-day period, the offender shall be released from detention and shall return to probation status. The court may subsequently hold a hearing and may revoke probation or may continue probation and modify the terms and conditions of probation. If the court revokes probation for one or more technical violations, the court shall impose a period of imprisonment to be served in either a technical violation center operated by the department or a restitution center not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the court may impose a period of imprisonment to be served in either a technical violation center or a restitution center for up to one hundred eighty (180) days or the court may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the court may impose up to the remainder of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(d) For an offender charged with a technical violation who has not been detained awaiting the revocation hearing, the court may hold a hearing within a reasonable time. The court may revoke probation or may continue probation and modify the terms and conditions of probation. If the court revokes probation for one or more technical violations the court shall impose a period of imprisonment to be served in either a technical violation center operated by the department or a restitution center not to exceed ninety (90) days for the first revocation and not to exceed one hundred twenty (120) days for the second revocation. For the third revocation, the court may impose a period of imprisonment to be served in either a technical violation center or a restitution center for up to one hundred eighty (180) days or the court may impose the remainder of the suspended portion of the sentence. For the fourth and any subsequent revocation, the court may impose up to the remainder of the suspended portion of the sentence. The period of imprisonment in a technical violation center imposed under this section shall not be reduced in any manner.

(6) If the probationer is arrested in a circuit court district in the State of Mississippi other than that in which he was convicted, the probation and parole officer, upon the written request of the sentencing judge, shall furnish to the circuit court or the county court of the county in which the arrest is made, or to the judge of such court, a report concerning the probationer, and such court or the judge in vacation shall have authority, after a hearing, to continue or revoke all or any part of probation or all or any part of the suspension of sentence, and may in case of revocation proceed to deal with the case as if there had been no probation. In such case, the clerk of the court in which the order of revocation is issued shall forward a transcript of such order to the clerk of the court of original jurisdiction, and the clerk of that court shall proceed as if the order of revocation had been issued by the court of original jurisdiction. Upon the revocation of probation or

suspension of sentence of any offender, such offender shall be placed in the legal custody of the State Department of Corrections and shall be subject to the requirements thereof.

(7) Any probationer who removes himself from the State of Mississippi without permission of the court placing him on probation, or the court to which jurisdiction has been transferred, shall be deemed and considered a fugitive from justice and shall be subject to extradition as now provided by law. No part of the time that one is on probation shall be considered as any part of the time that he shall be sentenced to serve.

(8) The arresting officer, except when a probation and parole officer, shall be allowed the same fees as now provided by law for arrest on warrant, and such fees shall be taxed against the probationer and paid as now provided by law.

(9) The arrest, revocation and recommitment procedures of this section also apply to persons who are serving a period of post-release supervision imposed by the court.

(10) Unless good cause for the delay is established in the record of the proceeding, the probation revocation charge shall be dismissed if the revocation hearing is not held within thirty (30) days of the warrant being issued.

(11) The Department of Corrections shall provide semiannually to the Oversight Task Force the number of warrants issued for an alleged violation of probation or post-release supervision, the average time between detention on a warrant and preliminary hearing, the average time between detention on a warrant and revocation hearing, the number of ninety-day sentences in a technical violation center issued by the court, the number of one-hundred-twenty-day sentences in a technical violation center issued by the court, the number of one-hundred-eighty-day sentences issued by the court, and the number and average length of the suspended sentences imposed by the court in response to a violation.

SECTION 21. Section 47-7-37.1, Mississippi Code of 1972, is brought forward as follows:

47-7-37.1. Notwithstanding any other provision of law to the contrary, if a court finds by a preponderance of the evidence, that a probationer or a person under post-release supervision has committed a felony or absconded, the court may revoke his probation and impose any or all of the sentence. For purposes of this section, "absconding from supervision" means the failure of a probationer to report to his supervising officer for six (6) or more consecutive months.

SECTION 22. Section 47-7-49, Mississippi Code of 1972, is brought forward as follows:

47-7-49. (1) Any offender on probation, parole, earned-release supervision, post-release supervision, earned probation or any other offender under the field supervision of the Community Services Division of the department shall pay to the department the sum of Fifty-five Dollars (\$55.00) per month by certified check or money order unless a hardship waiver is granted. An offender shall make the initial payment within sixty (60) days after being released from imprisonment unless a hardship waiver is granted. A hardship waiver may be granted by the sentencing court or the Department of Corrections. A hardship waiver may not be granted for a period of time exceeding ninety (90) days. The commissioner or his designee shall deposit Fifty Dollars (\$50.00) of each payment received into a special fund in the State Treasury, which is hereby created, to be known as the Community Service Revolving Fund. Expenditures from this fund shall be made for: (a) the establishment of restitution and satellite centers; and (b) the establishment, administration and operation of the department's Drug Identification Program and the intensive and field supervision program. The Fifty Dollars (\$50.00) may be used for salaries and to purchase equipment, supplies and vehicles to be used by the Community Services Division in the performance of its duties. Expenditures for the

purposes established in this section may be made from the fund upon requisition by the commissioner, or his designee.

Of the remaining amount, Three Dollars (\$3.00) of each payment shall be deposited into the Crime Victims' Compensation Fund created in Section 99-41-29, and Two Dollars (\$2.00) shall be deposited into the Training Revolving Fund created pursuant to Section 47-7-51. When a person is convicted of a felony in this state, in addition to any other sentence it may impose, the court may, in its discretion, order the offender to pay a state assessment not to exceed the greater of One Thousand Dollars (\$1,000.00) or the maximum fine that may be imposed for the offense, into the Crime Victims' Compensation Fund created pursuant to Section 99-41-29.

Any federal funds made available to the department for training or for training facilities, equipment or services shall be deposited into the Correctional Training Revolving Fund created in Section 47-7-51. The funds deposited in this account shall be used to support an expansion of the department's training program to include the renovation of facilities for training purposes, purchase of equipment and contracting of training services with community colleges in the state.

No offender shall be required to make this payment for a period of time longer than ten (10) years.

(2) The offender may be imprisoned until the payments are made if the offender is financially able to make the payments and the court in the county where the offender resides so finds, subject to the limitations hereinafter set out. The offender shall not be imprisoned if the offender is financially unable to make the payments and so states to the court in writing, under oath, and the court so finds.

(3) This section shall stand repealed from and after June 30, 2022.

SECTION 23. Section 45-1-3, Mississippi Code of 1972, is brought forward as follows:

SECTION 25. Section 99-39-5, Mississippi Code of 1972, is brought forward as follows:

99-39-5. (1) Any person sentenced by a court of record of the State of Mississippi, including a person currently incarcerated, civilly committed, on parole or probation or subject to sex offender registration for the period of the registration or for the first five (5) years of the registration, whichever is the shorter period, may file a motion to vacate, set aside or correct the judgment or sentence, a motion to request forensic DNA testing of biological evidence, or a motion for an out-of-time appeal if the person claims:

(a) That the conviction or the sentence was imposed in violation of the Constitution of the United States or the Constitution or laws of Mississippi;

(b) That the trial court was without jurisdiction to impose sentence;

(c) That the statute under which the conviction and/or sentence was obtained is unconstitutional;

(d) That the sentence exceeds the maximum authorized by law;

(e) That there exists evidence of material facts, not previously presented and heard, that requires vacation of the conviction or sentence in the interest of justice;

(f) That there exists biological evidence secured in relation to the investigation or prosecution attendant to the petitioner's conviction not tested, or, if previously tested, that can be subjected to additional DNA testing, that would provide a reasonable likelihood of more probative results, and that testing would demonstrate by reasonable probability that the petitioner would not have been convicted or would have received a lesser sentence if favorable results had been obtained through such forensic DNA testing at the time of the original prosecution.

(g) That his plea was made involuntarily;

(h) That his sentence has expired; his probation, parole or conditional release unlawfully revoked; or he is otherwise unlawfully held in custody;

(i) That he is entitled to an out-of-time appeal; or

(j) That the conviction or sentence is otherwise subject to collateral attack upon any grounds of alleged error heretofore available under any common law, statutory or other writ, motion, petition, proceeding or remedy.

(2) A motion for relief under this article shall be made within three (3) years after the time in which the petitioner's direct appeal is ruled upon by the Supreme Court of Mississippi or, in case no appeal is taken, within three (3) years after the time for taking an appeal from the judgment of conviction or sentence has expired, or in case of a guilty plea, within three (3) years after entry of the judgment of conviction. Excepted from this three-year statute of limitations are those cases in which the petitioner can demonstrate either:

(a) (i) That there has been an intervening decision of the Supreme Court of either the State of Mississippi or the United States which would have actually adversely affected the outcome of his conviction or sentence or that he has evidence, not reasonably discoverable at the time of trial, which is of such nature that it would be practically conclusive that had such been introduced at trial it would have caused a different result in the conviction or sentence; or

(ii) That, even if the petitioner pled guilty or nolo contendere, or confessed or admitted to a crime, there exists biological evidence not tested, or, if previously tested, that can be subjected to additional DNA testing that would provide a reasonable likelihood of more probative results, and that testing would demonstrate by reasonable probability that the petitioner would not have been convicted or would have received a lesser sentence if favorable results had been obtained through such forensic DNA testing at the time of the original prosecution.

(b) Likewise excepted are those cases in which the petitioner claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked. Likewise excepted are filings for post-conviction relief in capital cases which shall be made within one (1) year after conviction.

(3) This motion is not a substitute for, nor does it affect, any remedy incident to the proceeding in the trial court, or direct review of the conviction or sentence.

(4) Proceedings under this article shall be subject to the provisions of Section 99-19-42.

(5) For the purposes of this article:

(a) "Biological evidence" means the contents of a sexual assault examination kit and any item that contains blood, semen, hair, saliva, skin tissue, fingernail scrapings, bone, bodily fluids or other identifiable biological material that was collected as part of the criminal investigation or may reasonably be used to incriminate or exculpate any person for the offense. This definition applies whether that material is catalogued separately, such as on a slide, swab or in a test tube, or is present on other evidence, including, but not limited to, clothing, ligatures, bedding or other household material, drinking cups, cigarettes or other items;

(b) "DNA" means deoxyribonucleic acid.

SECTION 26. Section 99-39-27, Mississippi Code of 1972, is brought forward as follows:

99-39-27. (1) The application for leave to proceed in the trial court filed with the Supreme Court under Section 99-39-7 shall name the State of Mississippi as the respondent.

(2) The application shall contain the original and two (2) executed copies of the motion proposed to be filed in the trial court together with such other supporting pleadings and documentation as the Supreme Court by rule may require.

(3) The prisoner shall serve an executed copy of the application upon the Attorney General simultaneously with the filing of the application with the court.

(4) The original motion, together with all files, records, transcripts and correspondence relating to the judgment under attack, shall promptly be examined by the court.

(5) Unless it appears from the face of the application, motion, exhibits and the prior record that the claims presented by those documents are not procedurally barred under Section 99-39-21 and that they further present a substantial showing of the denial of a state or federal right, the court shall by appropriate order deny the application. The court may, in its discretion, require the Attorney General upon sufficient notice to respond to the application.

(6) The court, upon satisfaction of the standards set forth in this article, is empowered to grant the application.

(7) In granting the application the court, in its discretion, may:

(a) Where sufficient facts exist from the face of the application, motion, exhibits, the prior record and the state's response, together with any exhibits submitted with those documents, or upon stipulation of the parties, grant or deny any or all relief requested in the attached motion.

(b) Allow the filing of the motion in the trial court for further proceedings under Sections 99-39-13 through 99-39-23.

(8) No application or relief shall be granted without the Attorney General being given at least five (5) days to respond.

(9) The dismissal or denial of an application under this section is a final judgment and shall be a bar to a second or successive application under this article. Excepted from this prohibition is an application filed under Section 99-19-57(2), raising the issue of the offender's supervening mental illness before the execution of a sentence of death. A dismissal or denial of an application relating to mental illness under Section 99-19-57(2) shall be res judicata on the issue and shall likewise bar any second or successive applications on the issue. Likewise excepted from this prohibition are those cases in which the prisoner can demonstrate either that there has been an intervening decision of the Supreme Court of either the State of Mississippi or the United States that would have actually adversely affected the outcome of his conviction or sentence or that he has evidence, not reasonably discoverable at the time of trial, that is of such nature that it would be practically conclusive that, if it had been introduced at trial, it would have caused a different result in the conviction or sentence. Likewise exempted are those cases in which the prisoner claims that his sentence has expired or his probation, parole or conditional release has been unlawfully revoked.

(10) Proceedings under this section shall be subject to the provisions of Section 99-19-42.

(11) Post-conviction proceedings in which the defendant is under sentence of death shall be governed by rules established by the Supreme Court as well as the provisions of this section.

SECTION 27. Section 41-29-153, Mississippi Code of 1972, is brought forward as follows:

41-29-153. (a) The following are subject to forfeiture:

(4) All conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, sale, receipt, possession or concealment of property described in paragraph (1) or (2) of this subsection, however:

A. No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this article;

B. No conveyance is subject to forfeiture under this section by reason of any act or omission proved by the owner thereof to have been committed or omitted without his knowledge or consent; if the confiscating authority has reason to believe that the conveyance is a leased or rented conveyance, then the confiscating authority shall notify the owner of the conveyance within five (5) days of the confiscation;

C. A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission;

D. A conveyance is not subject to forfeiture for a violation of Section 41-29-139(c)(2)(A) 1, 2 or (B)1 or (C)1, 2, 3;

(6) All drug paraphernalia as defined in Section 41-29-105(v); and

(7) Everything of value, including real estate, furnished, or intended to be furnished, in exchange for a controlled substance in violation of this article, all proceeds traceable to such an exchange, and all monies, negotiable instruments, businesses or business investments, securities, and other things of value used, or intended to be used, to facilitate any violation of this article. All monies, coin and currency found in close proximity to forfeitable controlled substances, to forfeitable drug manufacturing or distributing paraphernalia, or to forfeitable records of the importation, manufacture or distribution of controlled substances are presumed to be forfeitable under this paragraph; the burden of proof is upon claimants of the property to rebut this presumption.

A. No property shall be forfeited under the provisions of subsection (a)(7) of this section, to the extent of the interest of an owner, by reason of any act or omission established by him to have been committed or omitted without his knowledge or consent.

B. Neither personal property encumbered by a bona fide security interest nor real estate encumbered by a bona fide mortgage, deed of trust, lien or encumbrance shall be forfeited under the provisions of subsection (a)(7) of this section, to the extent of the interest of the secured party or the interest of the mortgagee, holder of a deed of trust, lien or encumbrance by reason of any act or omission established by him to have been committed or omitted without his knowledge or consent.

(b) Property subject to forfeiture may be seized by the bureau, local law enforcement officers, enforcement officers of the Mississippi Department of Transportation, highway patrolmen, the board, or the State Board of Pharmacy upon process issued by any appropriate court having jurisdiction over the property. (2) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this article;

(3) The bureau, the board, local law enforcement officers, enforcement officers of the Mississippi Department of Transportation, or highway patrolmen, or the State Board of Pharmacy have probable cause to believe that the property is directly or indirectly dangerous to health or safety;

(5) The seizing law enforcement agency obtained a seizure warrant as described in paragraph (f) of this section.

(c) Controlled substances listed in Schedule I of Section 41-29-113 that are possessed, transferred, sold, or offered for sale in violation of this article are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in the said Schedule I, which are seized or come into the possession of the state, the owners of which are unknown, are contraband and shall be summarily forfeited to the state.

(d) Species of plants from which controlled substances in Schedules I and II of Sections 41-29-113 and 41-29-115 may be derived which have been planted or cultivated in violation of this article, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the state.

(e) The failure, upon demand by the bureau and/or local law enforcement officers, or their authorized agents, or highway patrolmen designated by the bureau, the board, or the State Board of Pharmacy, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

(f) (1) When any property is seized under the Uniform Controlled Substances Law, except as otherwise provided in paragraph (3) of this subsection, by a law enforcement agency with the intent to be forfeited, the law enforcement agency that seized the property shall obtain a seizure warrant from the county or circuit court having jurisdiction of such property within seventy-two (72) hours of any seizure, excluding weekends and holidays. Any law enforcement agency that fails to obtain a seizure warrant within seventy-two (72) hours as required by this section shall notify the person from whom the property was seized that it will not be forfeited and shall provide written instructions advising the person how to retrieve the seized property.

(2) A circuit or county judge having jurisdiction of any property other than a controlled substance, raw material or paraphernalia, may issue a seizure warrant upon proper oath or affirmation from a law enforcement agency. The law enforcement agency that is seeking a seizure warrant shall provide the following information to the judge:

A. Probable cause to believe that the property was used or intended to be used in violation of this article;

B. The name of the person from whom the property was seized; and

C. A detailed description of the property which is seized, including the value of the property.

(3) This subsection does not apply to seizures performed pursuant to Section 41-29-157 when property is specifically set forth in a search and seizure warrant.

SECTION 28. Section 41-29-154, Mississippi Code of 1972, is brought forward as follows:

41-29-154. Any controlled substance or paraphernalia seized under the authority of this article or any other law of Mississippi or of the United States, shall be destroyed, adulterated and disposed of or otherwise rendered harmless and disposed of, upon written authorization of the director, after such substance or paraphernalia has served its usefulness as evidence or after such substance or paraphernalia is no longer useful for training or demonstration purposes.

A record of the disposition of such substances and paraphernalia and the method of destruction or adulteration employed along with the names of witnesses to such destruction or adulteration shall be retained by the director.

No substance or paraphernalia shall be disposed of, destroyed or rendered harmless under the authority of this section without an order from the director and without at least two (2) officers or agents of the bureau present as witnesses.

SECTION 29. Section 41-29-157, Mississippi Code of 1972, is brought forward as follows:

41-29-157. (a) Except as otherwise provided in Section 41-29-107.1, issuance and execution of administrative inspection warrants and search warrants shall be as follows, except as provided in subsection (c) of this section:

(1) A judge of any state court of record, or any justice court judge within his jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this article or rules thereunder, and seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this article or rules thereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant. All such warrants shall be served during normal business hours;

(2) A search warrant shall issue only upon an affidavit of a person having knowledge or information of the facts alleged, sworn to before the judge or justice court judge and establishing the grounds for issuing the warrant. If the judge or justice court judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building or conveyance to be searched, the purpose of the search, and, if appropriate, the type of property to be searched, if any. The warrant shall:

(A) State the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;

(B) Be directed to a person authorized by Section 41-29-159 to execute it;

(C) Command the person to whom it is directed to inspect the area, premises, building or conveyance identified for the purpose specified, and if appropriate, direct the seizure of the property specified;

(D) Identify the item or types of property to be seized, if any;

(E) Direct that it be served and designate the judge or magistrate to whom it shall be returned;

(3) A warrant issued pursuant to this section must be executed and returned within ten (10) days of its date unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one (1) credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant;

(4) The judge or justice court judge who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the appropriate state court for the judicial district in which the inspection was made.

(b) The Mississippi Bureau of Narcotics, the State Board of Pharmacy, the State Board of Medical Licensure, the State Board of Dental Examiners, the Mississippi Board of Nursing or the State Board of Optometry may make administrative inspections of controlled premises in accordance with the following provisions:

(1) For purposes of this section only, "controlled premises" means:

(A) Places where persons registered or exempted from registration requirements under this article are required to keep records; and

(B) Places including factories, warehouses, establishments and conveyances in which persons registered or exempted from registration requirements under this article are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

(2) When authorized by an administrative inspection warrant issued in accordance with the conditions imposed in this section, an officer or employee designated by the Mississippi Bureau of Narcotics, the State Board of Pharmacy, the State Board of Medical Licensure, the State Board of Dental Examiners, the Mississippi Board of Nursing or the State Board of Optometry, upon presenting the warrant and appropriate credentials to the owner, operator or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(3) When authorized by an administrative inspection warrant, an officer or employee designated by the Mississippi Bureau of Narcotics, the State Board of Pharmacy, the State Board of Medical Licensure, the State Board of Dental Examiners, the Mississippi Board of Nursing or the State Board of Optometry may:

(A) Inspect and copy records required by this article to be kept;

(B) Inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in paragraph (5) of this subsection, all other things therein, including records, files, papers, processes, controls and facilities bearing on violation of this article; and

(C) Inventory any stock of any controlled substance therein and obtain samples thereof.

(4) This section does not prevent the inspection without a warrant of books and records pursuant to an administrative subpoena, nor does it prevent entries and administrative inspections, including seizures of property, without a warrant:

(A) If the owner, operator or agent in charge of the controlled premises consents;

(B) In situations presenting imminent danger to health or safety;

(C) In situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(D) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or

(E) In all other situations in which a warrant is not constitutionally required.

(5) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator or agent in charge of the controlled premises consents in writing.

(c) Any agent of the bureau authorized to execute a search warrant involving controlled substances, the penalty for which is imprisonment for more than one (1) year, may, without notice of his authority and purpose, break open an outer door or inner door, or window of a building, or any part of the building, if the judge issuing the warrant:

(1) Is satisfied that there is probable cause to believe that:

(A) The property sought may, and, if such notice is given, will be easily and quickly destroyed or disposed of; or

(B) The giving of such notice will immediately endanger the life or safety of the executing officer or another person; and

(2) Has included in the warrant a direction that the officer executing the warrant shall not be required to give such notice.

Any officer acting under such warrant shall, as soon as practical, after entering the premises, identify himself and give the reasons and authority for his entrance upon the premises.

Search warrants which include the instruction that the executing officer shall not be required to give notice of authority and purpose as authorized by this subsection shall be issued only by the county court or county judge in vacation, chancery court or by the chancellor in vacation, by the circuit court or circuit judge in vacation, or by a justice of the Mississippi Supreme Court.

This subsection shall expire and stand repealed from and after July 1, 1974, except that the repeal shall not affect the validity or legality of any search authorized under this subsection and conducted prior to July 1, 1974.

SECTION 30. Section 99-15-105, Mississippi Code of 1972, is brought forward as follows:

99-15-105. (1) Each district attorney, with the consent of a circuit court judge of his district, shall have the prosecutorial discretion as defined herein and may as a matter of such prosecutorial discretion establish a pretrial intervention program in the circuit court districts.

A person shall not be eligible for acceptance into the intervention program provided by Sections 99-15-101 through 99-15-127 if such person has been charged with an offense pertaining to trafficking in a controlled substance, as provided in Section 41-29-139(f).

SECTION 32. Section 99-15-109, Mississippi Code of 1972, is brought forward as follows:

- (c) It is determined that the needs of the offender and the state can better be met outside the traditional criminal justice process;
- (d) It is apparent that the offender poses no threat to the community;
- (e) It appears that the offender is unlikely to be involved in further criminal activity;
- (f) The offender, in those cases where it is required, is likely to respond quickly to rehabilitative treatment;
- (g) The offender has no significant history of prior delinquency or criminal activity;
- (h) The offender has been indicted and is represented by an attorney; and
- (i) The court has determined that the office of district attorney or the Department of Corrections has sufficient support staff to administer such intervention program.

(2) When jurisdiction in a case involving a child is acquired by the circuit court pursuant to a transfer from the youth court, the provision of subsection (1)(a) of this section shall not be applicable.

(3) Notwithstanding any other provision of this section, in all criminal cases wherein an offender has been held in contempt of court for failure to pay fines or restitution, the offender may be placed in pretrial intervention for the purpose of collecting unpaid restitution and fines regardless of any prior criminal conviction, whether felony or misdemeanor.
