AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 19-5-105, Mississippi Code of 1972, is amended as follows:

19-5-105. (1) To determine whether property or a parcel of land located within a county is in such a state of uncleanness as to be a menace to the public health, safety and welfare of the community, the board of supervisors of any county is authorized and empowered to conduct a hearing on its own motion, or upon the receipt of a petition requesting the board of supervisors to act signed by a majority of the residents eighteen (18) years of age or older, residing upon any street or alley, within reasonable proximity of any property alleged to be in need of cleaning, or within seven hundred fifty (750) feet of the precise location of the alleged menace situated on any parcel of land which is located in a populated area or in a housing subdivision and alleged to be in need of cleaning.

Notice shall be provided to the property owner by:

(a) United States mail two (2) weeks before the date of the hearing mailed to the address of the subject property and to the address where the ad valorem tax notice for such property is sent by the office charged with collecting ad valorem tax; and

(b) Posting notice for at least two (2) weeks before the date of a hearing on the property or parcel of land alleged to be in need of cleaning and at the county courthouse or another place in the county where such notices are posted.

The notice required by this subsection (1) shall include language that informs the property owner that an adjudication at the hearing that the property or parcel of land is in need of cleaning will authorize the board of supervisors to reenter the property or parcel of land for a period of one (1) year after the hearing without any further hearing, if notice is posted on the property or parcel of land and at the county courthouse or another place in the county where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by this subsection (1) shall be recorded in the minutes of the board of supervisors in conjunction with the hearing required by this subsection.

If at such hearing the board of supervisors shall in its resolution adjudicate such parcel of land in its then condition to be a menace to the public health and safety of the community, the board of supervisors may, if the owner not do so himself, proceed to have the land cleaned by cutting weeds, filling cisterns, and removing rubbish, dilapidated fences, outside toilets, dilapidated buildings and other debris, and draining cesspools and standing water. Thereafter, the board of supervisors may at its next regular meeting by resolution adjudicate the actual cost of cleaning the land and may also impose a penalty not to exceed One Thousand Five Hundred Dollars (\$1,500.00) or fifty percent (50%) of the actual cost, whichever is more. The cost and any penalty shall become an assessment against the property. The "cost assessed against the property" means either the cost to the county of using its own employees to do the work or the cost to the county of any contract executed by the county to have the work done, and administrative costs and legal costs of the county.

A county may reenter the property or parcel of land to maintain cleanliness without further notice of hearing no more than six (6) times in any twelve-month period with respect to removing dilapidated buildings, dilapidated fences and outside toilets, and no more than twelve (12) times in any twenty-four-month period with respect to cutting grass and weeds and removing rubbish, personal property and other debris on the land. The expense of cleaning the property shall not exceed an aggregate amount of Twenty Thousand Dollars (\$20,000.00) per year, or the fair market value of the property subsequent to cleaning, whichever is less. The board of supervisors may assess the same penalty each time the property or land is cleaned as otherwise provided in this subsection (1).

The penalty provided * * * in this subsection (1) shall not be assessed against the State of Mississippi upon request for reimbursement under Section 29-1-145, nor shall a county clean a parcel owned by the State of Mississippi without first giving notice.

The assessment authorized by this subsection (1) shall be a lien against the property and may be enrolled in the office of the circuit clerk of the county as other judgments are enrolled, and the tax collector of the county shall, upon order of the board of supervisors, proceed to sell the land to satisfy the lien as now provided by law for the sale of lands for delinquent taxes. Furthermore, the property owner whose land has been sold pursuant to this subsection (1) shall have the same right of redemption as now provided by law for the sale of lands for delinquent taxes. All decisions rendered under the provisions of this subsection may be appealed in the same manner as other appeals from county boards.

(2) (a) If private property or a parcel of land located within a county is a perpetual care cemetery subject to Section 41-43-1 et seq., the board of supervisors of the county may proceed pursuant to the same provisions of subsection (1) of this section used to determine whether a property is a public health menace to instead determine if the perpetual care cemetery and all structures on the cemetery are not being properly maintained and have become detrimental to the public health and welfare. A perpetual care cemetery that is "not being properly maintained and has become detrimental to the public health and welfare" means a perpetual care cemetery that shows signs of neglect, including, without limitation, the unchecked growth of vegetation, repeated and unchecked acts of vandalism, unusable entrances and exits, excess rubbish or debris, or the disintegration of grave markers or boundaries. Upon notice and opportunity to be heard as provided in subsection (1) of this section, the board of supervisors of the county may adjudicate the property or parcel of land in its then condition to be not properly maintained and detrimental to the public health and welfare, and if the owner does not do so itself, may proceed to clean the property or parcel of land as provided in subsection (1) of this section. When cleaning the property or parcel of land of a perpetual care cemetery pursuant to this subsection (2), the penalty or penalties provided in subsection (1) of this section shall not be assessed against owners of the perpetual care cemeteries.

(b) The board of supervisors of a county that cleans property or parcel of land of a perpetual care cemetery pursuant to this subsection (2) may make application to the Secretary of State for an order directing the trustee of the perpetual care cemetery trust fund to release accrued interest or principal of the trust fund sufficient to reimburse the county for only the actual cleanup costs incurred by the county. The application to the Secretary of State shall include a statement by the county that all of the requirements of this section have been met.

(c) If the Secretary of State is satisfied that the notice and hearing requirements of this section have been met, and that the application for an order directing the trustee to release accrued interest of the perpetual care cemetery trust fund does not threaten the ability of the trust fund to provide for the care and maintenance of the cemetery, the Secretary of State may order the trustee to release accrued interest of the trust fund sufficient to reimburse the county for the actual costs of cleanup performed by the county.

(d) If the Secretary of State is satisfied that the notice and hearing requirements of this section have been met, but makes a determination that the accrued interest of the perpetual care cemetery trust fund is insufficient to reimburse the county for the actual costs of cleanup performed by the county, or that an order to release accrued interest would threaten the ability of the trust fund to provide for the care and maintenance of the cemetery, the Secretary of State may consider an order directing the trustee to reimburse the county from the principal of the trust fund. If the Secretary of State determines that an order to the trustee to release principal from the trust fund will not threaten the solvency of the trust fund, the Secretary of State may order the trustee to release principal of the trust fund in an amount sufficient to reimburse the county for the actual costs of cleanup performed by the county.

SECTION 2. Section 21-19-11, Mississippi Code of 1972, is amended as follows:

21-19-11. (1) To determine whether property or parcel of land located within a municipality is in such a state of uncleanness as to be a menace to the public health, safety and welfare of the community, a governing authority of any municipality shall conduct a hearing, on its own motion, or upon the receipt of a petition signed by a majority of the residents residing within four hundred (400) feet of any property or parcel of land alleged to be in need of the cleaning. Notice shall be provided to the property owner by:

(a) United States mail two (2) weeks before the date of the hearing mailed to the address of the subject property, except where the land or structure(s) is apparently vacant, and to the address where the ad valorem tax notice for such property is sent by the office charged with collecting ad valorem tax; and

(b) Posting notice for at least two (2) weeks before the date of a hearing on the property or parcel of land alleged to be in need of cleaning and at city hall or another place in the municipality where such notices are posted.

Any notice required by this section shall include language that informs the property owner that an adjudication at the hearing that the property or parcel of land is in need of cleaning will authorize the municipality to reenter the property or parcel of land for a period of two (2) years after final adjudication without any further hearing if notice is posted on the property or parcel of land and at city hall or another place in the municipality where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by this section shall be recorded in the minutes of the governing authority in conjunction with the hearing required by this section.

If, at such hearing, the governing authority shall adjudicate the property or parcel of land in its then condition to be a menace to the public health, safety and welfare of the community, the governing authority, if the owner does not do so himself, shall proceed to clean the land, by the use of municipal employees or by contract, by cutting grass and weeds; filling cisterns; removing rubbish, abandoned or dilapidated fences, outside toilets, abandoned or dilapidated buildings, slabs, personal property, which removal of personal property shall not be subject to the provisions of Section 21-39-21, and other debris; and draining cesspools and standing water therefrom. The governing authority may by resolution adjudicate the actual cost of cleaning the property and may also impose a penalty not to exceed One Thousand Five Hundred Dollars (\$1,500.00) or fifty percent (50%) of the actual cost, whichever is more. The cost and any penalty may become a civil debt against the property owner, and/or, at the option of the governing authority, an assessment against the property. The "cost assessed against the property" means either the cost to the municipality of using its own employees to do the work or the cost to the municipality of any contract executed by the municipality to have the work done, and administrative costs and legal costs of the municipality. For subsequent cleaning within the one-year period after the date of the hearing at which the property or parcel of land was adjudicated in need of cleaning, upon seven (7) days' notice posted both on the

property or parcel of land adjudicated in need of cleaning and at city hall or another place in the municipality where such notices are generally posted, and consistent with the municipality's adjudication as authorized in this subsection (1), a municipality may reenter the property or parcel of land to maintain cleanliness without further notice or hearing no more than six (6) times in any twelve-month period with respect to removing abandoned or dilapidated buildings, slabs, dilapidated fences and outside toilets, and no more than twelve (12) times in any twenty-four-month period with respect to cutting grass and weeds and removing rubbish, personal property and other debris on the land, and the expense of cleaning of the property, except as otherwise provided in this section for removal of hazardous substances, shall not exceed an aggregate amount of Twenty Thousand Dollars (\$20,000.00) per year, or the fair market value of the property subsequent to cleaning, whichever is more. The aggregate cost of removing hazardous substances will be the actual cost of such removal to the municipality and shall not be subject to the Twenty Thousand Dollars (\$20,000.00) limitation provided in this subsection. The governing authority may assess the same penalty for each time the property or land is cleaned as otherwise provided in this section. The penalty provided herein shall not be assessed against the State of Mississippi upon request for reimbursement under Section 29-1-145, nor shall a municipality clean a parcel owned by the State of Mississippi without first giving notice. Upon written authority from the Secretary of State's office, for state-owned properties, a municipality may forgo the notification process that is prescribed in this subsection and proceed to clean the properties and assess costs as prescribed in this subsection, except that penalties shall not be assessed against the State of Mississippi.

(2) When the fee or cost to clean property or a parcel of land that is one (1) acre or less does not exceed Two Hundred Fifty Dollars (\$250.00), excluding administrative costs, and the property or parcel is located within a municipality having a population over one thousand five hundred (1,500), the governing authority of the municipality may authorize one or more of its employees to determine whether the property or parcel of land is in such a state of uncleanness as to be a menace to the public health, safety and welfare of the community and the determination made by the authorized municipal employee shall be set forth and recorded in the minutes of the governing authority. Notice of this determination shall be provided to the property owner by:

(a) United States mail seven (7) days before the date of cleaning of the property or parcel of land mailed to the address of the subject property, except where the land or structure(s) is apparently vacant, and to the address where the ad valorem tax notice for such property is sent by the office charged with collecting ad valorem tax; and

(b) Posting notice for at least seven (7) days before the cleaning of the property or parcel of land and at city hall or another place in the municipality where such notices are posted.

Any notice required by this subsection shall include language that informs the property owner that the appropriate municipal official has determined that the property or parcel of land is a menace to the public health, safety and welfare of the community and in need of cleaning and the municipality is authorized to enter the property for cleaning and that the municipality is further authorized to reenter the property or parcel of land for a period of two (2) years after this cleaning without any further hearing or action if notice is posted on the property or parcel of land and at city hall or another place in the municipality where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning. A copy of the required notice mailed and posted as required by this subsection shall be recorded in the minutes of the governing authority in conjunction with the determination made by the municipal employee in this subsection (2).

If an authorized municipal employee determines that the condition of property or parcel of land is a menace to the public health, safety and welfare of the community, the governing authority, if the owner does not do so himself, shall proceed to clean the land,

by the use of municipal employees or by contract, by cutting grass and weeds; filling cisterns; removing rubbish, abandoned or dilapidated fences, outside toilets, abandoned or dilapidated buildings, slabs, personal property, which removal of personal property shall not be subject to the provisions of Section 21-39-21, and other debris; and draining cesspools and standing water therefrom. The governing authority shall by resolution adjudicate the actual cost of cleaning the property under this provision, provided the same does not exceed Two Hundred Fifty Dollars (\$250.00) and may also impose a penalty not to exceed One Hundred Dollars (\$100.00) or one hundred percent (100%) of the actual cost of cleaning the property, whichever is more. The cost and any penalty imposed may become a civil debt against the property owner, and/or, at the option of the governing authority, an assessment against the property. The "cost assessed against the property" means either the cost to the municipality of using its own employees to do the work or the cost to the municipality of any contract executed by the municipality to have the work done, and additionally may include administrative costs of the municipality not to exceed Fifty Dollars (\$50.00). For subsequent cleaning within the one-year period set forth in this subsection (2), upon seven (7) days' notice posted both on the property or parcel of land adjudicated in need of cleaning and at city hall or another place in the municipality where such notices are generally posted, and consistent with the municipal official's determination as authorized in this subsection (2), a municipality may reenter the property or parcel of land to maintain cleanliness without further notice or hearing under this subsection (2) no more than six (6) times in any twelve-month period with respect to removing abandoned or dilapidated buildings, slabs, dilapidated fences and outside toilets, and no more than twelve (12) times in any twenty-four-month period with respect to cutting grass and weeds and removing rubbish, personal property and other debris on the land, and the expense of cleaning of the property shall not exceed an aggregate amount of One Thousand Dollars (\$1,000.00) per year under this subsection (2). The governing authority may assess the same actual costs, administrative costs and penalty for each time the property or land is cleaned as otherwise provided in this subsection (2). The penalty provided herein shall not be assessed against the State of Mississippi upon request for reimbursement under Section 29-1-145, nor shall a municipality clean a parcel owned by the State of Mississippi without first giving notice. Upon written authority from the Secretary of State's office, for state-owned properties, a municipality may forgo the notification process that is prescribed in this subsection and proceed to clean the properties and assess costs as prescribed in this subsection, except that penalties shall not be assessed against the State of Mississippi. A determination made by an appropriate municipal employee under this subsection (2) that the state or condition of property or a parcel of land is a menace to the public health, safety and welfare of the community shall not subsequently be used to replace a hearing if subsection (1) of this section is later utilized by a municipality when the prerequisites of this subsection (2) are not satisfied.

(3) If the governing authority declares, by resolution, that the cost and any penalty shall be collected as a civil debt, the governing authority may authorize the institution of a suit on open account against the owner of the property in a court of competent jurisdiction in the manner provided by law for the cost and any penalty, plus court costs, reasonable attorney's fees and interest from the date that the property was cleaned.

(4) (a) If the governing authority declares that the cost and any penalty shall be collected as an assessment against the property, then the assessment above provided for shall be a lien against the property and may be enrolled in the office of the chancery clerk of the county as other liens and encumbrances are enrolled, and the tax collector of the municipality shall, upon order of the board of governing authorities, proceed to sell the land to satisfy the lien as now provided by law for the sale of lands for delinquent municipal taxes. The lien against the property shall be an encumbrance upon the property and shall follow title of the property.

(b) (i) All assessments levied under the provisions of this section shall be included with municipal ad valorem taxes and payment shall be enforced in the same manner in which payment is enforced for municipal ad valorem taxes, and all statutes regulating the collection of other taxes in a municipality shall apply to the enforcement and

collection of the assessments levied under the provisions of this section, including utilization of the procedures authorized under Sections 17-13-9(2) and 27-41-2.

(ii) All assessments levied under the provisions of this section shall become delinquent at the same time municipal ad valorem taxes become delinquent. Delinquencies shall be collected in the same manner and at the same time delinquent ad valorem taxes are collected and shall bear the same penalties as those provided for delinquent taxes. If the property is sold for the nonpayment of an assessment under this section, it shall be sold in the manner that property is sold for the nonpayment of delinquent ad valorem taxes. If the property is sold for delinquent ad valorem taxes, the assessment under this section shall be added to the delinquent tax and collected at the same time and in the same manner.

(5) All decisions rendered under the provisions of this section may be appealed in the same manner as other appeals from municipal boards or courts are taken. However, an appeal from a decision of a municipal officer or official shall be made to the governing authority and such appeal shall be in writing, state the basis for the appeal and be filed with the city clerk no later than seven (7) days from the latest date of notice required under this section.

(6) Nothing contained under this section shall prevent any municipality from enacting criminal penalties for failure to maintain property so as not to constitute a menace to public health, safety and welfare.

(7) (a) If private property or a parcel of land located within a municipality is a perpetual care cemetery subject to Section 41-43-1 et seq., the governing authority of the municipality may proceed pursuant to the same provisions of this section used to determine whether a property is a public health menace to instead determine if the perpetual care cemetery and all structures on the cemetery are not being properly maintained and have become detrimental to the public health and welfare. A perpetual care cemetery that is "not being properly maintained and has become detrimental to the public health and welfare" means a perpetual care cemetery that shows signs of neglect, including, without limitation, the unchecked growth of vegetation, repeated and unchecked acts of vandalism, unusable entrances and exits, excess rubbish or debris, or the disintegration of grave markers or boundaries. Upon notice and opportunity to be heard as provided in subsection (1) of this section, the governing authority of the municipality may adjudicate the property or parcel of land in its then condition to be not properly maintained and detrimental to the public health and welfare, and if the owner does not do so itself, may proceed to clean the property or parcel of land as provided in subsection (1) of this section. When cleaning the property or parcel of land of a perpetual care cemetery pursuant to this subsection (7), the penalty or penalties provided in subsection (1) of this section shall not be assessed against owners of the perpetual care cemeteries.

(b) The governing authority of a municipality that cleans the property or parcel of land of a perpetual care cemetery pursuant to this subsection (7) may make application to the Secretary of State for an order directing the trustee of the perpetual care cemetery trust fund to release accrued interest or principal of the trust fund sufficient to reimburse the municipality for only the actual cleanup costs incurred by the municipality. The application to the Secretary of State shall include a statement by the municipality that all of the requirements of this section have been met.

(c) If the Secretary of State is satisfied that the notice and hearing requirements of this section have been met, and that the application for an order directing the trustee to release accrued interest of the perpetual care cemetery trust fund does not threaten the ability of the trust fund to provide for the care and maintenance of the cemetery, the Secretary of State may order the trustee to release accrued interest of the trust fund sufficient to reimburse the municipality for the actual costs of cleanup performed by the municipality.

(d) If the Secretary of State is satisfied that the notice and hearing requirements of this section have been met, but makes a determination that the accrued interest of the perpetual care cemetery trust fund is insufficient to reimburse the municipality for the actual costs of cleanup performed by the municipality, or that an order to release accrued interest would threaten the ability of the trust fund to provide for the care and maintenance of the cemetery, the Secretary of State may consider an order directing the trustee to reimburse the municipality from the principal of the trust fund. If the Secretary of State determines that an order to the trustee to release principal from the trust fund will not threaten the solvency of the trust fund, the Secretary of State may order the trustee to release principal of the trust fund in an amount sufficient to reimburse the municipality for the actual costs of cleanup performed by the municipality.

SECTION 3. Section 41-43-57, Mississippi Code of 1972, is amended as follows:

41-43-57. (1) In exceptional circumstances only, a perpetual care owner can make an application to the Secretary of State for an order directing the trustee to release trust principal for the extended care, maintenance or improvements to the perpetual care cemetery for which interest funds are insufficient. Before issuing such an order, the Secretary of State shall satisfy himself that the request is for a major capital expenditure that will advance the perpetual care life of the cemetery without undue risk to the solvency of the perpetual care trust fund. Consistent with this section, this shall be the only instance in which a perpetual care trust corpus may be utilized for cemetery maintenance and improvements. In the consideration of the application, the Secretary of State may require the production of any records deemed necessary and relevant to the cemetery's application for a major capital expenditure.

(2) In addition the authority provided under subsection (1) of this section, subject to the provisions of Section 19-5-105(2) or 21-19-11(7), the board of supervisors of a county or the governing authority of a municipality also may make application to the Secretary of State for an order directing the trustee to release either accrued interest or principal of the trust fund for reimbursement to the county or municipality for the actual costs of cleanup performed by the county or municipality.

SECTION 4. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION *. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$50,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Fifty Thousand Dollars (\$50,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community/junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Fifty Thousand Dollars (\$50,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with

regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or their designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or their designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$50,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Fifty Thousand Dollars (\$50,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design or construction of public facilities, including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Fifty Thousand Dollars (\$50,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars

(\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the

governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar

amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall

not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure.

(i) If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration * * * 1. a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and * * * 2. a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

(ii) If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

(iii) Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

(iv) Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

This subparagraph (v) shall stand repealed on July 1, 2022.

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. (6) (a) Standard License - Approved Program Route. An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

(i) An application on a department form;

(ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a

teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;

(iii) A copy of test scores evidencing satisfactory completion of nationally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education;
and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent); or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) Standard License - Nontraditional Teaching Route. From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

(i) An ACT Score of twenty-one (21) (or SAT equivalent); or

(ii) Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

(iii) A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

(i) The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1) TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

(ii) The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

(iii) Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

(iv) During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

(v) An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

(vi) Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License - Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License - Nontraditional Route which shall be valid for a five-year period and be renewable.

(vii) At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

(viii) The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License - Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route

teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

A Standard License - Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License - Approved Program Route or Standard License - Nontraditional Teaching Route over persons holding any other license.

(c) Special License - Expert Citizen. In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a one-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License - Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) Special License - Nonrenewable. The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) Nonlicensed Teaching Personnel. A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and approved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) Special License - Transitional Bilingual Education. Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board

of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) Highly Qualified Teachers. Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) Administrator License. The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) Administrator License - Nonpracticing. Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) Administrator License - Entry Level. Those educators holding administrative endorsement and having met the department's qualifications to be eligible for employment in a Mississippi school district. Administrator License - Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) Standard Administrator License - Career Level. An administrator who has met all the requirements of the department for standard administrator licensure.

(d) Administrator License - Nontraditional Route. The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) Reciprocity. * * * The department shall grant a standard five-year license to any individual who possesses a valid standard license from another state * * * within a period of fourteen (14) days from the date of a completed application. The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

* * *

(9) Renewal and Reinstatement of Licenses. The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years plus five (5) additional years for completion of a higher degree.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11) (a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a "guilty plea" includes a plea of

guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a "guilty plea" includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13) (a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14) (a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 31-7-14, Mississippi Code of 1972, is reenacted and amended as follows:

31-7-14. (1) (a) For purposes of this section, the following words and phrases shall have the meaning ascribed herein, unless the context clearly indicates otherwise:

(i) "Division" means the Energy Division of the Mississippi Development Authority.

(ii) "Energy services" or "energy efficient services" means energy efficiency equipment, services relating to the installation, operation and maintenance of equipment and improvements reasonably required to existing or new equipment and existing or new improvements and facilities including, but not limited to, heating, ventilation and air-conditioning systems, lighting, windows, insulation and energy management controls, life safety measures that provide long-term, operating-cost reductions, building operation programs that reduce operating costs, alternative fuel motor vehicles including vehicles that have been converted to such and ancillary equipment related to or associated with the fueling of alternative fuel motor vehicles, or other energy-conservation-related improvements, including improvements or equipment related to renewable energy, water and other natural resources conservation, including accuracy and measurement of water distribution and/or consumption, and other equipment, services and improvements providing verifiable cost savings.

(iii) "Energy services provider" means a person or business with a successful record of documented energy savings projects that is experienced in the design, implementation and installation of energy conservation measures; has the technical capabilities to verify that such measures generate energy and operational cost savings or enhanced revenues; has the ability to guarantee the savings; has the ability to secure or arrange the financing necessary to support the implementation of the energy conservation measures; and is approved by the division.

Approval by the division of an energy services provider shall be granted in a prequalification process.

Such energy services providers may petition the division to review their qualifications and deem them to be qualified for inclusion on a prequalification list if they meet the qualifications set forth by the division.

Any energy services project that has been competitively bid and awarded prior to any change in law shall be allowed to continue under the laws current at the time the project was awarded.

The division shall ensure that small businesses are not disadvantaged in the determination of a qualified energy services provider.

(iv) "Entity" means the board of trustees of any public school district, junior college, institution of higher learning, publicly owned hospital, state agency or governmental authority under this chapter.

(v) "Energy services contract" means an agreement to provide energy services which include, but are not limited to, the design, installation, financing and maintenance or management of the energy systems or equipment in order to improve its energy efficiency. Payments for the contract are not contingent upon the actual savings realized from the equipment.

(vi) "Energy performance contract" means an agreement to provide energy services which includes, but is not limited to, the design, installation, financing and maintenance or management of the energy systems or equipment in order to improve its energy efficiency.

(vii) "Shared-savings contract" means an agreement where the contractor and the entity each receive a preagreed percentage or dollar value of the energy cost savings over the life of the contract.

(viii) "Reduce operating costs" means elimination of future expenses or avoidance of future replacement expenditures as a result of new equipment installed or services performed. Material savings, labor savings, cancelled maintenance contracts, et cetera, shall be considered as being viable to reduce operating costs. Reduce operating costs may be included in the performance contract or energy services agreement solely at the discretion of the entity. A contract that otherwise satisfies the requirements of this section shall satisfy the requirements allowing use of an energy performance, energy services or shared-savings contract even if the sole expense being eliminated is maintenance expense.

(ix) "Capital cost avoidance" means planned capital improvement expenditures that will be avoided through implementation of the energy services project. Capital cost avoidance may be included in an energy services contract or an energy performance contract solely at the discretion of the entity. Capital cost avoidance may be claimed as an annual avoidance or as a one-time avoidance in a specific year of the contract term, depending upon the nature of the avoided capital cost.

(x) "Alternative fuel motor vehicle" means a motor vehicle propelled by alternative fuel either as a dedicated alternative fuel vehicle, as a bi-fuel vehicle using alternative fuel as one of its fuels, or as a dual fuel vehicle using alternative fuel as one of its fuels.

(xi) "Energy conservation measure" means the individual items or components of a large energy services or energy efficient services program.

(xii) "Simple payback period" means the amount of time for the recuperation of the initial investment. The simple payback period is calculated by dividing the initial investment by the annual savings. The simple payback period for any contract shall not exceed twenty (20) years. The simple payback period of an individual energy conservation measure shall not be considered in any evaluation provided the simple payback period for the contract does not exceed twenty (20) years.

(b) An entity may enter into an energy services contract, energy performance contract, shared-savings contract, any of which may contain a lease, or lease-purchase contract for energy efficiency equipment, services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities and shall contract in accordance with the following provisions:

(i) The division may assemble a list of prequalified energy services providers. The division shall use objective criteria in the selection process. The criteria for evaluation shall include, but shall not be limited to, the following factors: to assess the capability of the qualified energy services provider in the area of design engineering, installation, maintenance and repairs associated with energy services or guaranteed energy performance contracts; qualifications including engineering depth and experience, post-installation project monitoring, data collection, and verification of and reporting of savings; overall project experience and qualifications; management capability; ability to access long-term sources of project financing; financial health and stability, litigation history with customers and other factors determined by the division to be relevant and appropriate and related to the ability to perform the project. The division shall either accept or reject an application for prequalification from an energy services provider within sixty (60) days after receipt. If the division fails to act within sixty (60) days from the date of receiving an application, then the application shall automatically be accepted and the energy services provider shall be added to the prequalified list.

(ii) An entity shall publicly issue requests for proposals, advertised in the same manner as provided in Section 31-7-13 for seeking competitive sealed bids, concerning the provision of energy efficiency services relating to the installation, operation and maintenance of equipment, improvements reasonably required to existing or new equipment and existing or new improvements and facilities or the design, installation, ownership, operation and maintenance of energy efficiency equipment. Those requests for proposals shall contain terms and conditions relating to submission of proposals, evaluation and selection of proposals, financial terms, legal responsibilities, and any other matters as the entity determines to be appropriate for inclusion.

(iii) Upon receiving responses to the request for proposals, the entity may select the most qualified proposal or proposals on the basis of experience and qualifications of the proposers, the technical approach, the financial arrangements, the overall benefits to the entity and any other relevant factors determined to be appropriate.

(iv) An entity shall negotiate and enter into contracts with the person, persons, firm or firms submitting the proposal selected as the most qualified under this section.

(v) The annual rate of interest paid under any lease-purchase agreement authorized by this section shall not exceed the maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101. An entity may obtain lease-purchase financing under this section from a third-party source in the same manner as provided in Section 31-7-13(e).

(vi) The maximum lease-purchase term for any equipment acquired under this section shall not exceed the lesser of twenty (20) years or the average useful life of the energy conservation measures from the date the energy conservation measures have been completed and accepted by the governmental unit.

(vii) This subsection shall, with respect to the procurement of energy efficiency services and/or equipment, supersede any contradictory or conflicting provisions of Chapter 7, Title 31, Mississippi Code of 1972, and other laws with respect to awarding public contracts.

(2) (a) The division may contract with a party selected under this subsection to provide financing to entities and private "nonprofit" hospitals, to purchase energy efficiency equipment, services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities or an energy saving performance contract, energy services contract, or lease-purchase basis. Any energy efficiency lease financing contract entered into by the division before May 15, 1992, shall be valid and binding when the contract was entered into under this subsection.

(b) The entities and private "nonprofit" hospitals that decide to contract for energy efficiency equipment, services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities on a lease, energy services contract or lease-purchase basis, may request financial assistance from the division.

(c) The provisions of any energy efficiency lease-purchase agreements authorized under this subsection (2) shall comply with the requirements of subsection (1)(b)(v) of this section. The term of any lease or lease-purchase agreement for energy efficiency services and/or equipment entered into under this section shall not exceed twenty (20) years, commencing on the completion of the installation of equipment or improvements under the contract.

(d) Any entity or private "nonprofit" hospital having approval of the division may borrow money in anticipation of entering into a lease-purchase agreement pursuant to subsection (2)(b) of this section. Any borrowing may be upon terms and conditions as may be agreed upon by the borrowing entity and the party advancing interim funds; however, the principal on any borrowing shall be repaid within a period of time not to exceed one hundred eighty (180) days. In borrowing money under this paragraph (d), it is not necessary to publish notice of intention to do so or to secure the consent of the qualified electors, either by election or otherwise. Any borrowing may be negotiated between the parties and is not required to be publicly bid, may be evidenced by negotiable notes or lease and shall not be considered when computing any limitation of indebtedness of the borrowing entity established by law. The principal, interest and costs of incurring any borrowing shall not exceed the principal amount of the final contract or agreement approved by the division, and accepted by the borrowing entity, under subsection (2)(b) of this section.

(e) This subsection (2) shall, with respect to the procurement of energy efficiency services and/or equipment, supersede the provisions of any contradictory or conflicting provisions of Chapter 7, Title 31, Mississippi Code of 1972, and other laws with respect to awarding public contracts.

(3) All lease-purchase agreements authorized by this section and the income from those agreements shall be exempt from all taxation within the State of Mississippi, except gift, transfer and inheritance taxes.

(4) (a) An entity may contract for energy efficiency equipment services relating to the installation, operation or maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities on a shared-savings basis or performance basis.

(b) If an entity decides to enter into a contract for energy efficiency equipment, services relating to the installation, operation or maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities on a shared-savings basis or performance basis, the entity shall issue a request for proposals or a request for qualifications, as determined necessary by the division, in the same manner as prescribed under subsection (1)(b) of this section. The entity shall notify the division in writing of its intention to issue a request for proposals or a request for qualifications.

(c) The terms of any shared-savings contract, energy services contract, or energy performance contract entered into under this section may not exceed twenty (20) years, commencing on the completion of the installation of equipment or improvements under the contract.

(d) The terms of any shared-savings or energy performance contract entered into under this section must contain a guarantee of savings clause from the company providing energy efficiency equipment services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities.

(5) (a) By March 1 and September 1 of each year, each entity that enters into an energy performance contract or shared-savings contract shall report to the division its energy usage by meter in dollars and consumption by fuel type for the previous six-month period determined by the division.

(b) The division shall remove qualified status of an energy services provider that fails to meet the reporting requirements of paragraph (a) of this subsection after two (2) such violations.

(c) Any costs associated with the reporting made under this subsection (5) shall be paid by the energy services provider.

(6) The contract may be construed to provide flexibility to public agencies in structuring agreements entered into hereunder so that economic benefits may be maximized.

(7) This section shall stand repealed on July 1, * * * 2025.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO REENACT AND AMEND SECTION 31-7-14, MISSISSIPPI CODE OF 1972, TO EXTEND THE REPEAL DATE ON USE OF ENERGY EFFICIENT EQUIPMENT OR SERVICE CONTRACTS; AND FOR RELATED PURPOSES.

Senator DeBar called up the following House Amendment to **S. B. No. 2664** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-21-51, Mississippi Code of 1972, is amended as follows:

37-21-51. (1) As used in this section:

(a) "Preschool or prekindergarten children" means any children who have not entered kindergarten but will have obtained four (4) years of age on or before September 1 of a school year.

(b) An "early learning collaborative" is a district or countywide council that writes and submits an application to participate in the voluntary prekindergarten program. An early learning collaborative is comprised, at a minimum, of a public school district and/or a local Head Start affiliate if in existence, private or parochial schools, or one or more licensed child care centers. Agencies or other organizations that work with young children and their families may also participate in the collaborative to provide resources and coordination even if those agencies or organizations are not prekindergarten providers.

(c) A "prekindergarten provider" is a public, private or parochial school, licensed child care center or Head Start center that serves prekindergarten children and participates in the voluntary prekindergarten program.

(d) A "lead partner" is a public school district or other nonprofit entity with the instructional expertise and operational capacity to manage the early learning collaborative's prekindergarten program as described in the collaborative's approved application for funds. The lead partner serves as the fiscal agent for the collaborative and shall disburse awarded funds in accordance with the collaborative's approved application. The lead partner must facilitate a professional learning community for the teachers in the prekindergarten program and lead the collaborative. The lead partner ensures that the collaborative adopts and implements curriculum and assessments that align with the comprehensive early learning standards. The public school district shall be the lead partner if no other qualifying lead partner is selected.

(e) "Comprehensive early learning standards" are standards adopted by the State Board of Education that address the highest level of fundamental domains of early learning to include, but not be limited to, physical well-being and motor development, social/emotional development, approaches toward learning, language development and cognition and general knowledge. The comprehensive early learning standards shall also include standards for emergent literacy skills, including oral communication, knowledge of print and letters, phonological and phonemic awareness, and vocabulary and comprehension development.

(f) *** An "evidence-based curriculum" is an age-appropriate curriculum that *** demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on:

(i) Strong evidence from at least one (1) well-designed and well-implemented experimental study; or

(ii) Moderate evidence from at least one (1) well-designed and well-implemented quasi-experimental study; or

(iii) Promising evidence from at least one (1) well-designed and well-implemented correlational study with statistical controls for selection bias.

(2) To ensure that all children have access to quality early childhood education and development services, the Legislature finds and declares the following:

(a) Parents have the primary duty to educate their young preschool children;

(b) The State of Mississippi can assist and educate parents in their role as the primary caregivers and educators of young preschool children;

(c) There is a need to explore innovative approaches and strategies for aiding parents and families in the education and development of young preschool children; and

(d) There exists a patchwork of prekindergarten entities but no coordination of services and there needs to be a coordination of these services.

(3) (a) This subsection shall be known and may be cited as the "Early Learning Collaborative Act of 2013."

(b) Effective with the 2013-2014 school year, the Mississippi State Department of Education shall establish a voluntary prekindergarten program, which shall be a collaboration among the entities providing prekindergarten programs including Head Start, licensed child care facilities and licensed public, parochial and private school prekindergarten programs. This program shall be implemented no later than the 2014-2015 school year. Enrollment in the prekindergarten program shall be coordinated with the Head Start agencies in the local areas and shall not be permitted to cause a reduction in children served by the Head Start program. Under this program, eligible entities may submit an application for funds to (i) defray the cost of additional and/or more qualified teaching staff, appropriate educational materials and equipment and to improve the quality of educational experiences offered to four-year-old children in early care and education programs, and/or to (ii) extend developmentally appropriate education services at such programs currently serving four-year-old children to include practices of high quality instruction, and to (iii) administer, implement, monitor and evaluate the programs, and to (iv) defray the cost of professional development and age-appropriate child assessment.

(c) Subject to the availability of funds appropriated therefor, the State Department of Education shall administer the implementation, monitoring and evaluation of the voluntary prekindergarten program, including awards and the application process.

(i) The department shall establish a rigorous and transparent application process for the awarding of funds. Lead partners shall submit the applications on behalf of their early learning collaborative.

(ii) The department will establish monitoring policies and procedures that, at a minimum, will include at least one (1) site visit a year.

(iii) The department will provide technical assistance to collaboratives and their providers to improve the quality of prekindergarten programs. Technical assistance may include classroom-embedded support for teachers and assistant teachers.

(iv) The department will evaluate the effectiveness of each early childhood collaborative and each prekindergarten provider. If the State Department of

Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall adopt a minimum rate of readiness that each prekindergarten provider must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program must submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

(d) Prekindergarten program funds shall be awarded to early childhood collaboratives whose proposed programs meet the program criteria. The criteria shall include:

(i) Voluntary enrollment of children;

(ii) Collaboration among prekindergarten providers and other early childhood programs through the establishment of an early learning collaborative;

(iii) Qualifications of master teachers, teachers and assistants, which must conform to guidelines in Section 37-21-3;

(iv) At least fifteen (15) hours of annual professional development for program instructional staff, including professional development in early literacy, and individualized professional development plans for all teachers and teaching assistants supplemented by classroom-embedded support on an as-needed basis;

(v) The use of state-adopted comprehensive early learning standards;

(vi) The use of a *** curriculum *** based on strong evidence as defined in subsection (1)(f)(i) of this section and aligned with the comprehensive early learning standards;

(vii) The use of a curriculum based on moderate evidence as defined in subsection (1)(f)(ii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum is available;

(viii) The use of a curriculum based on promising evidence as defined in subsection (1)(f)(iii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum or moderate-evidence curriculum is available;

(**ix) The use of age-appropriate assessments aligned to the comprehensive early learning standards;

(***x) Teacher/child ratios of one (1) adult for every ten (10) children with a maximum of twenty (20) children per classroom and a minimum of five (5) children per classroom;

(***xi) The provision of at least one (1) meal meeting state and federal nutrition guidelines for young children;

(***xii) Plans to screen and/or refer children for vision, hearing and other health issues;

(***xiii) *** Family engagement opportunities;

(***xiv) Plans to serve children with disabilities as indicated under IDEA;

(***xv) The number of instructional hours to be provided, which shall equal no less than five hundred forty (540) instructional hours per school year for

half-day programs and one thousand eighty (1,080) instructional hours per school year for full-day programs; and

(* * *xvi) A budget detailing the use of funds for allowed expenses.

Participating child care centers shall: (a) meet state child care facility licensure requirements unless exempted under Section 43-20-5, Mississippi Code of 1972, and (b) select and utilize a nationally recognized assessment tool, approved by the State Department of Education, designed to document classroom quality, which must be in place not later than July 1, 2016, as certified by the State Department of Education.

Within the prekindergarten program, a prekindergarten provider must comply with the antidiscrimination requirements applicable to public schools. A prekindergarten provider may not discriminate against a parent or child, including the refusal to admit a child for enrollment in the prekindergarten program, in violation of these antidiscrimination requirements. However, a prekindergarten provider may refuse to admit a child based on the provider's standard eligibility guidelines, provided that these guidelines do not violate the antidiscrimination requirements. Consistent with the Legislature's recognition of the primacy of a parent's role in the education of a preschool-age child and the related recognition of the state in assisting and educating parents in that role, if the State Department of Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall recognize each child's unique pattern of development when adopting a minimum rate of readiness that prekindergarten providers must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program may submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

The State Department of Education may add program criteria not inconsistent with these requirements and shall develop policies and procedures to implement and enforce these criteria.

(e) The State Department of Education shall ensure that early learning collaboratives provide each parent enrolling a child in the voluntary prekindergarten program with a profile of every prekindergarten provider participating in the collaborative's geographic catchment area. The State Department of Education shall prescribe the information to be included in each profile as well as the format of the profiles. At a minimum, the profiles must include the prekindergarten provider's services, curriculum, instructor credentials and instructor-to-student ratio.

(f) A teacher, assistant teacher or other employee whose salary and fringe benefits are paid from state funds under this act shall only be classified as a state or local school district employee eligible for state health insurance benefits or membership in the Public Employees' Retirement System, if the person's employer is already an agency or instrumentality of the state, such as a school district, and the employee would be eligible for such benefits in the normal course of business.

(g) Funding shall be provided for this program beginning with the 2014 fiscal year subject to appropriation by the Legislature as provided in paragraph (h) of this subsection. The department shall make an annual report to the Legislature and the Governor regarding * * * program operations and outcomes. Every three (3) years, with the first report due July 1, 2023, the department shall provide to the Legislature and the Governor a rigorous evaluation of program effectiveness using longitudinal data to measure short-term and long-term effects, including both achievement and nonachievement effects. After each three-year report, the PEER Committee shall review the three-year report and the intervening annual reports and submit an independent summary of its findings prior to the next legislative session.

(h) (i) The Legislature shall use the following to appropriate funds to implement the Early *** Learning Collaborative Act of 2013 *** with every effort made to maintain and increase the percentage of four-year-old children in the state served by the program on an annual basis. The Legislature, subject to available appropriations, shall increase the amount of funds appropriated annually until the program serves twenty-five percent (25%) of the four-year-old children in the state by no later than the beginning of the 2023-2024 school year.

(** *ii) Funding shall be provided to early learning collaboratives *** as follows: no less than Two Thousand Five Hundred Dollars (\$2,500.00) per student in a full-day program and *** no less than One Thousand Two Hundred Fifty Dollars (\$1,250.00) per student in a half-day program, whichever is proposed in the collaborative's approved application. Once an early learning collaborative's plan is approved and funded, the collaborative and/or its prekindergarten providers shall receive funds on an ongoing basis unless the collaborative and/or its prekindergarten providers no longer meet the criteria to participate in the program. Existing early learning collaborative agreements must be modified on July 1 of each year to reflect any increased cost per child approved by the Legislature for that year.

(** *iii) Early learning collaboratives shall match state funds on a 1:1 basis. Local matching funds may include local tax dollars, federal dollars as allowed, parent tuition, philanthropic contributions, or in-kind donations of facilities, equipment and services required as part of the program such as food service or health screenings.

(** *iv) The State Department of Education shall reserve no more than five percent (5%) of the appropriation in any year for administrative costs. Funds remaining after awards to early learning collaboratives and the department's administrative needs are met may be carried over in the following year. In the first year of implementation of the program, the department may delay the awarding of funds until the 2014-2015 school year should time not be sufficient to establish the program's operation prior to the 2013-2014 school year.

(** *v) In the initial phase of implementation, the State Department of Education shall award state funds under the Early Learning Collaborative Act of 2013 based on a community's capacity, commitment and need. To determine capacity, commitment and need, the State Department of Education shall require evidence of existing strong local collaborations of early education stakeholders. Such evidence shall include, but not be limited to, collaborations resulting from any of the following:

1. Participation in Excel By 5;
2. Participation in Supporting Partnerships to Assure Ready Kids (SPARK);
3. Participation in the Gilmore Early Learning Initiative (GELI);
4. Participation in the Mississippi Building Blocks.

or

In determining community need, the department shall consider low academic achievement within the public school districts participating in an applicant early learning collaborative and the number and percentage of children without quality prekindergarten options.

(** *vi) All authority granted to the State Department of Education to establish program rules is subject to the public processes established in the provisions of the Mississippi Administrative Procedures Law, including, but not limited to, filing notice of the proposed rules, public hearings and any economic impact statement with the Office

of the Secretary of State before presenting such information to the State Board of Education for final approval.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 37-21-51, MISSISSIPPI CODE OF 1972, UNDER THE EARLY LEARNING COLLABORATIVE ACT; TO PRESCRIBE MINIMUM FUNDING LEVELS FOR PREKINDERGARTEN PROGRAMS; TO AUTHORIZE TECHNICAL TEACHER AND TEACHER ASSISTANT SUPPORT SERVICES; TO REQUIRE INDIVIDUALIZED PROFESSIONAL DEVELOPMENT PLANS AND APPROVED CURRICULUM; TO REQUIRE THE DEPARTMENT OF EDUCATION TO PROVIDE THE GOVERNOR AND THE LEGISLATURE WITH AN EVALUATION OF PROGRAM EFFECTIVENESS; TO REQUIRE THE PEER COMMITTEE TO REVIEW THE DEPARTMENT OF EDUCATION'S EVALUATIONS AND ANNUAL REPORTS AND SUBMIT A SUMMARY OF ITS FINDINGS TO THE LEGISLATURE; TO STATE THE INTENT OF THE LEGISLATURE TO INCREASE APPROPRIATED FUNDS ANNUALLY; AND FOR RELATED PURPOSES.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 83-34-4, Mississippi Code of 1972, is brought forward as follows:

83-34-4. (1) Nonadmitted insurers shall not be assessable insurers of the association. All surplus lines insurance producers placing insurance through nonadmitted insurers shall collect from the insured and remit to the association a nonadmitted policy fee on all premiums for all insurance written by such surplus lines insurance producer for a policy from a nonadmitted insurer for any and all risks in this state, except that policies or portions thereof that cover residential earthquake risks or residential flood risks that are not written through the National Flood Insurance Program shall be exempt from the nonadmitted policy fee. By procuring or selling insurance on property in this state from a nonadmitted insurer, each surplus lines insurance producer placing insurance through a nonadmitted insurer agrees to be bound by the provisions of this chapter and to collect and remit the nonadmitted policy fee provided for herein.

(2) The nonadmitted policy fee shall be a percentage of the total policy premium but the nonadmitted policy fee shall not be considered premium and is not subject to premium taxes or commissions. However, failure to pay the nonadmitted policy fee shall be treated the same as failure to pay premium. "Total policy premium" includes taxes and commissions.

(3) The nonadmitted policy fee percentage shall be three percent (3%).

(4) Within twenty (20) days of the end of the quarter, surplus lines insurance producers placing insurance through nonadmitted insurers shall remit directly to the association all nonadmitted policy fees collected in the preceding quarter. In addition to the nonadmitted policy fee provided for herein, surplus lines insurance producers placing insurance through nonadmitted insurers shall collect and remit excess deficit surcharges as provided by this chapter. Surplus lines insurance producers placing insurance through nonadmitted insurers may designate another surplus lines insurance producer that actually procured the insurance from the nonadmitted carrier to collect and remit the nonadmitted policy fees.

(5) Each insured in this state who directly procures or renews insurance with a nonadmitted insurer on properties, risks or exposures located or to be performed, in whole or in part, in this state, other than insurance procured through a surplus lines licensee, shall be subject to the nonadmitted policy fee which shall be paid by the insured according to the procedures provided for premium taxes in Section 83-21-17(5).

(6) Monies derived from the nonadmitted policy fee collected under this section may be used by the association, in addition to any uses provided for in Section 83-34-3(4), for education, public outreach, training of building officials and other programs targeted to reduce the number of policies within the association; however, beginning on July 1, 2018, and ending on June 30, 2019, before any fees are remitted to the association, One Million Five Hundred Thousand Dollars (\$1,500,000.00) shall be diverted and deposited into the Capital Expense Fund, and Four Million Five Hundred Thousand Dollars (\$4,500,000.00) shall be diverted and deposited into the Rural Fire Truck Fund or Supplementary Rural Fire Truck Fund. (1) If the operator of a motor vehicle being operated on the public roads, streets or highways of the State of Mississippi or registered in the State of Mississippi has been found failing to have motor vehicle liability insurance in at least the minimum amounts required under Section 63-15-3(j), it is a misdemeanor and, upon conviction, is punishable by a fine of One Hundred Dollars (\$100.00) and suspension of driving privilege for a period of one (1) year or until the owner of the motor vehicle shows proof of liability insurance that is in compliance with the liability limits required by Section 63-15-3(j) and has paid the fines and assessments imposed and the driver's license reinstatement fees imposed by the Department of Public Safety. A judge shall determine whether the defendant is indigent, and if a determination of indigence is made, shall authorize the reinstatement of that person's driver's license upon proof of mandatory liability insurance subject to compliance with a payment plan for any fines, assessments and/or fees. If such fines are levied in a municipal court, the funds from such fines shall be deposited in the general fund of the municipality. If such fines are levied in any of the courts of the county, the funds from such fines shall be deposited in the general fund of the county. A person convicted of a criminal offense under this subsection (1) shall not be convicted of a criminal offense under Section 63-15-4(4) arising from the same incident.

(2) (a) There is created in the State Treasury a special fund to be designated as the "Uninsured Motorist Identification Fund." The fund shall consist of monies deposited therein as provided under subsection (1) of this section and monies from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the fund; however, one-half (1/2) of any monies in excess of the amount needed to defray the expenses and costs of the verification system created under Section 63-16-3 remaining in the fund at the end of a fiscal year shall be transferred to a special fund created in the State Treasury for the purpose of funding a Highway Patrol Trooper School, and one-half (1/2) of any monies in excess of the amount needed to defray the expenses and costs of the verification system created under Section 63-16-3 remaining in the fund at the end of a fiscal year shall be transferred to the Mississippi Trauma Care Systems Fund created under Section 41-59-75.

(b) Monies in the Uninsured Motorist Identification Fund may be used by the Department of Public Safety, upon appropriation by the Legislature, only for the purpose of defraying expenses and costs for the motor vehicle insurance verification system created under Section 63-16-3. In addition, at any time during a fiscal year, if the Department of Public Safety determines that funds in the Law Enforcement Officers and Fire Fighters Death Benefits Trust Fund created under Section 45-2-1 are insufficient, the department may request the State Fiscal Officer to transfer funds from the Uninsured Motorist Identification Fund. The State Fiscal Officer may make an appropriate transfer if he determines that the funds in the Law Enforcement Officers and Fire Fighters Death Benefits Trust Fund are insufficient and the funds in the Uninsured Motorist Identification Fund will be sufficient for defraying the expenses and costs for the motor vehicle insurance verification system created under Section 63-16-3. Monies in the fund used for the purposes described in this paragraph (b) shall be in addition to other funds available from any other source for such purposes.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 77-3-2, Mississippi Code of 1972, is amended as follows:

77-3-2. (1) The Legislature finds and determines that the rates, services and operations of public utilities as defined in this title are affected with the public interest and that the availability of an adequate and reliable service by such public utilities to the people, economy and government of the State of Mississippi is a matter of public policy. The Legislature hereby declares to be the policy of the State of Mississippi:

- (a) To provide fair regulation of public utilities in the interest of the public;
- (b) To promote the inherent advantage of regulated public utilities;
- (c) To promote adequate, reliable and economical service to all citizens and residents of the state;
- (d) To provide just and reasonable rates and charges for public utility services without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic and inefficient uses of energy;
- (e) To encourage and promote harmony between public utilities, their users and the environment;
- (f) To foster the continued service of public utilities on a well-planned and coordinated basis that is consistent with the level of service needed for the protection of public health and safety and for the promotion of the general welfare;
- (g) To cooperate with other states and the federal government in promoting and coordinating interstate and intrastate public utility service and reliability;
- (h) To encourage the continued study and research for new and innovative rate-making procedures which will protect the state, the public, the ratepayers and the utilities, and where possible reduce the costs of the rate-making process; and
- (i) With respect to rate-regulated public utilities, to foster, encourage, enable and facilitate economic development in the State of Mississippi, * * * to support and augment economic development activities, * * * to expand deployment of existing and emerging technologies including fiber optic infrastructure and enhanced grid investments which will foster a more reliable and resilient utility delivery system and provide customer access to enhanced services, to encourage the deployment of adequate Internet services to unserved areas, to authorize and empower the Public Service Commission * * * in carrying out its statutory responsibilities, and to take every opportunity to advance the economic development of the state.

(2) To these ends, therefore, authority shall be vested in the Mississippi Public Service Commission to regulate public utilities in accordance with the provisions of this title.

(3) (a) The commission shall, in addition to its other powers and duties, be authorized and empowered, in its discretion, to consider and adopt a formula type rate of return evaluation rate which may include provision for the commission to:

(i) Periodically review and adjust, if required, the utility's level of revenues based upon the actual books and records of the utility which are periodically the subject of independent audits and regulatory audits;

(ii) Review the utility's performance in certain areas or categories which may be used by the commission in the manner selected by it which may include rate incentives or penalties so long as such are found to be fair and reasonable and result in a level of revenue which is fair and reasonable; and

(iii) Use such other provisions which may be permitted by this chapter.

(b) When a formula type rate of return evaluation rate with periodic revenue adjustments is adopted by the commission, each periodic revenue adjustment will be separately considered for the purpose of determining whether a hearing is required pursuant to Section 77-3-39(1), and no such hearing shall be required if the amount of any separate periodic adjustment to the level of revenues of the utility is not a "major change" as defined in Section 77-3-37(8).

(c) In administering any such formula type rate of return evaluation rate, the following procedures shall be observed by the commission:

(i) Each periodic evaluation shall be supported with a sworn filing by the utility incorporating the data specified in the formula rate adopted by the commission, and such data shall be verified by the commission; and

(ii) A hearing shall be required, as provided by law, to determine compliance with the formula rate plan and the accuracy of the data prior to any change in the level of revenues if the cumulative change in any calendar year exceeds the greater of Two Hundred Thousand Dollars (\$200,000.00) or four percent (4%) of the annual revenues of the utility.

(d) The requirements of paragraphs (a), (b) and (c) of this subsection and other applicable provisions of Title 77, Chapter 3, Article 1, Mississippi Code of 1972, which are observed by the commission in administering such rate, are hereby declared to be procedural but are not required to be included in the rate itself.

(4) It is the intention of the Legislature to validate, retroactively to its initial adoption by the commission, any formula type rate, including any revenue adjustments effected pursuant thereto, which has heretofore been adopted by the commission. For the purposes of the retroactive validation and the administration of any formula type rate heretofore adopted by the commission, should the provisions of Title 77, Chapter 3, Article 1, Mississippi Code of 1972, conflict with any provisions of such formula type rate, Title 77, Chapter 3, Article 1, Mississippi Code of 1972, shall be interpreted to prevail and the formula type rate shall hereafter be administered or revised to conform to Title 77, Chapter 3, Article 1, Mississippi Code of 1972; provided, however, such conflict, if any, shall not be held to invalidate the retroactive effect of this section upon such rate.

(5) The Public Service Commission is authorized and empowered to enter into contracts with federal agencies, including, but not limited to, the United States Department of Commerce, the Federal Communications Commission and the National

Telecommunications Information Agency, or state agencies, for the purposes only of providing services for the collection of data for mapping of broadband availability and related purposes. SECTION 3. Section 77-3-44, Mississippi Code of 1972, is amended as follows:

77-3-44. (1) Any rate-regulated electric or natural gas public utility with certificated service area in Mississippi may undertake economic development activities, whether directly or indirectly, including activities such as providing capital, or investment in or acquisition and development of business or industrial sites and the necessary infrastructure or services needed to attract new or existing businesses or industry, to create or maintain employment opportunities, or expansion of fiber optic infrastructure and enhanced grid investments, including those which provide customer access to modern enhanced services, or otherwise to positively impact or in some manner promote the sale of electric energy or natural gas within its certificated service area. Any facilities developed, constructed or acquired in support of the activities described in this section, including fiber optic infrastructure and enhanced grid investments, including those which provide customer access to modern enhanced services, for which a certificate of public convenience and necessity or other commission approval has been granted after July 1, 2015, as well as any capital investment in natural gas reserves made directly or indirectly by an electric or natural gas public utility to foster long-term stability in the cost of fuel, may be deemed used and useful in the provision of electric or natural gas service regardless of whether or not any end-use customers are taking service from said facilities or investment and otherwise recoverable through the utility's rates.

(2) (a) Notwithstanding the foregoing, to further expand fiber optic infrastructure in the state, any rate-regulated public utility of the type as defined in Section 77-3-3(d)(i) may grant permission to broadband operators or broadband service providers to use the electric delivery system, including the fiber optic infrastructure and enhanced grid investments of the rate-regulated public utility to provide broadband services or other similar services as defined in Section 77-3-3(k) through (o), including to extend adequate Internet services to unserved areas, subject to the competitive safeguards in Section 4 of this act. The rate-regulated public utility shall not allow the use of its electric delivery system by a broadband operator to provide broadband services to diminish the reliability of the electric delivery system.

(b) To further expand fiber optic infrastructure and economic development in the state, any public utility, including electric cooperatives, of the type as defined in Section 77-3-3(d)(i), may grant permission to a retail customer with a nonaggregated load greater than twenty (20) megawatts to construct, install or maintain above or underground fiber optic infrastructure on the public utility's existing right-of-way of its electric delivery system.

(c) In instances where a landowner has previously been compensated for the use of his land through a right-of-way instrument with a rate-regulated public utility, the use of the rate-regulated public utility's electric delivery system for the provision of broadband services to a broadband operator or broadband service provider or use of the rate-regulated public utility's existing right-of-way on its electric delivery system by a retail customer to construct, install, or maintain above or underground fiber optic infrastructure shall not be considered an additional burden on the real property upon which the rate-regulated public utility's electric delivery system is located and shall not require the broadband operator, broadband service provider or retail customer to obtain the consent of anyone having an interest in the real property upon which the rate-regulated public utility's electric delivery system is located. If a portion of a rate-regulated public utility's electric delivery system is used by a broadband operator, broadband service provider or retail customer for the provision of broadband services to construct, install, or maintain above or underground fiber optic infrastructure and the landowner of the real property on which such portion is located believes his property has been damaged by such use, the landowner may petition the circuit court of the county in which the property is situated for any damages to which the landowner may be entitled under this subsection.

(i) The petition allowed and damages recoverable under this subsection shall be the landowner's exclusive remedy, and the landowner shall not be entitled to assert any other theory, claims or causes of action nor recover any other damages, punitive damages, costs, attorneys' fees, or other relief.

(ii) The recoverable damages, if any, shall be recoverable only from the broadband operator or retail customer and not from the rate-regulated electric public utility.

(iii) The damages recoverable shall be an amount equal to the difference between 1. the fair market value of the landowner's interest in the real property immediately before the rate-regulated electric public utility's electric delivery system on the owner's property was first used by the broadband operator, broadband service provider or retail customer for the provision of broadband services, and 2. the fair market value of the landowner's interest in the real property immediately after the rate-regulated electric public utility's electric delivery system on the landowner's property was first used by the broadband operator or retail customer for the provision of broadband services. The before and after values must be established by the testimony of a qualified real estate appraiser. The damages, if any, shall be fixed and shall not be deemed to continue, accumulate or accrue. The court shall, as part of its judgment, vest the rights granted by the rate-regulated public utility to the broadband operator or retail customer and his respective successors and assigns for the placement or use of a broadband system on or as part of the electric delivery system. The judgment will have the same effect of a conveyance executed in due form of law and shall run with the land; and a certified copy of said judgment may be filed by the broadband operator or retail customer in the land records of the county in which the subject property is located.

(iv) Evidence of past, current or future revenues or profits derived or to be derived by a broadband operator or retail customer from providing broadband services is not admissible for any purpose in any such proceeding.

(v) The landowner shall not be entitled to any damages or other relief relating to any broadband system or portion thereof or any fiber optic infrastructure by the retail customer that is located on the landowner's property and which is used by the rate-regulated electric public utility for its own operations.

(vi) The landowner shall not be entitled to any relief or damages if an easement has been granted to the broadband operator or retail customer if the landowner has authorized the rate-regulated electric public utility to use or allow others to use its electric delivery system for the provision of broadband services, or if the landowner has authorized the rate-regulated electric public utility to use its existing right-of-way to construct, install, or maintain above or underground fiber optic infrastructure.

(d) The total revenue collected by a rate-regulated public utility, derived from leasing their fiber optic infrastructure and enhanced grid investments and associated use of the rate-regulated public utility's right-of-way, shall all be credited back to the electric service customers annually in a method determined by the Public Service Commission.

(3) Nothing in this section shall affect, abrogate or eliminate in any way any obligation of a rate-regulated public utility or broadband operator to comply with any applicable safety and permitting requirements of any railroad company or any state governmental body or agency with respect to property that is held or controlled by such railroad company or state governmental body or agency, as the case may be, and in, on, over or across which an easement is located.

(4) Except for subsection (2)(b) of this section, nothing in this act shall be interpreted to affect the provisions of Sections 77-17-1 through 77-17-15, also known as the Mississippi Broadband Enabling Act.

SECTION 4. (1) To the extent a rate-regulated electric public utility grants permission to any broadband operator or broadband service provider to use any part of the utility's electric delivery system, including, without limitation, its fiber optic infrastructure and enhanced grid investments, it must grant such permission, on a first-come first-served basis, to all other broadband operators and broadband service providers on a nondiscriminatory basis.

(2) A rate-regulated electric public utility shall not offer or condition the provision of electric services, nor shall the rate-regulated electric public utility offer more favorable rates, terms or conditions for electric services, based on a customer decision to purchase broadband services from any broadband provider or broadband operator.

(3) The Public Service Commission shall enforce subsection (2) of this section. Before a rate-regulated electric public utility can grant permission to any broadband operator or broadband service provider to use any part of the utility's electric delivery system, including without limitation its fiber optic infrastructure and enhanced grid investments, the Public Service Commission must have approved such infrastructure and investments.

SECTION 5. Section 5 through 8 of this act shall be known and may be cited as the Mississippi Broadband Accessibility Act.

SECTION 6. The Legislature finds that the availability of high-speed broadband services, with the preference of speeds of twenty-five (25) megabits per second of download speed and three (3) megabits per second of upload speed or greater, in unserved rural Mississippi is important for economic development, education, health care, and emergency services in Mississippi, and that grants and other incentives set forth in Sections 5 through 8 of this act will further those objectives by encouraging new investment in broadband infrastructure.

SECTION 7. For the purposes of Sections 5 through 8 of this act, the following words shall have the following meanings unless the context clearly indicates otherwise:

(a) "End user" means a residential, business, institutional, or government entity that uses broadband services for its own purposes and does not resell such broadband services to other entities. An Internet service provider (ISP) and mobile wireless service provider are not an end-user for the purposes of Sections 5 through 8 of this act.

(b) "Middle mile project" means a broadband infrastructure project that does not provide broadband service to end-users or to end-user devices.

(c) "Minimum service threshold" means a connection to the Internet that provides capacity for transmission at an average speed per customer of at least twenty-five (25) megabits (Mbps) per second downstream and at least three (3) megabits (Mbps) per second upstream.

(d) "Rural area" means any area within this state not included within the boundaries of any incorporated city or town having a population in excess of twenty-five thousand (25,000) inhabitants, according to the latest federal decennial census.

(e) "Unserved area" means any rural area in which there is not at least one provider of terrestrial broadband service that is either: (i) offering a connection to the Internet meeting the minimum service threshold; or (ii) is required, under the terms of the Federal Universal Service Fund or other federal or state grant, to provide a connection to the Internet at speeds meeting the minimum service threshold by March 28, 2023.

SECTION 8. (1) The Director of Mississippi Public Utilities Staff shall establish and administer the broadband accessibility grant program for the purpose of promoting the deployment and adoption of broadband Internet access services to unserved areas. By August 1, 2021, the director shall adopt rules and policies to administer the program and begin to accept applications for grants, and shall adopt such rules as may be necessary to meet the future needs of the grant program.

(2) The program shall be administered pursuant to policies developed by the Public Utilities Staff in compliance with Sections 5 through 8 of this act. The policies shall provide for the awarding of grants to nongovernmental entities that are cooperatives, corporations, limited liability companies, partnerships, or other private business entities that provide broadband services. Nothing in Sections 5 through 8 of this act shall expand the authority under state law of any entity to provide broadband service.

(3) There is hereby created the Mississippi Broadband Accessibility Fund as a special fund in the State Treasury. The fund is subject to appropriations by the Legislature and gifts, grants, and other donations received by the Public Utilities Staff for the broadband accessibility grant program or fund. The Public Utilities Staff may not spend appropriations for the program for purposes other than those listed in this section. Any monies appropriated to the Public Utilities Staff for broadband grants that are unspent at the end of a fiscal year shall be carried over for use by the program in the next fiscal year. The Public Utilities Staff shall develop rules ensuring that expenses incurred to administer the program must not exceed the lesser of seven percent (7%) of the total amount appropriated for the program in any fiscal year or Seven Hundred Fifty Thousand Dollars (\$750,000.00). Monies in the fund shall be invested by the State Treasurer for the sole benefit of the fund.

(4) (a) Individual grants awarded by the Public Utilities Staff under this section may only be awarded for projects in unserved areas, and may not exceed the lesser of:

(i) Thirty-five percent (35%) of the project costs; or

(ii) One Million Five Hundred Thousand Dollars (\$1,500,000.00) for projects that will be capable of transmitting broadband signals at or above the minimum service threshold.

(b) The Public Utilities Staff shall ensure that not less than forty percent (40%) of funds appropriated for grants be utilized in unincorporated areas of the state.

(c) Subject to the limitations in this subsection (4), grants shall be awarded pursuant to the service criteria developed by the Public Utilities Staff, with priority given to projects that meet any of the following:

(i) Seek to leverage grant funds through private investment and extension of existing infrastructure;

(ii) Serve locations with demonstrated community support, including, but not limited to, documented support from local government;

(iii) Demonstrate the operator's technical and managerial capabilities to complete the project within two (2) years of the grant;

(iv) Demonstrate the applicants' necessary financial resources;

(v) Are most cost effective and technically efficient in that they propose to serve the highest number of unserved homes, businesses and community anchor points for the least cost and best level of service, emphasizing projects including the highest broadband speeds;

(vi) Provide material broadband enhancement to hospitals located in rural areas; and

(vii) Support local libraries in this state for the purpose of assisting the libraries in offering digital literacy training pursuant to state library and archive guidelines.

(d) For the purposes of awarding grants, the Public Utilities Staff shall take into consideration the average pole attachment rates that a grant applicant charges to an unaffiliated entity, provided that this paragraph (d) shall not apply to a public utility.

(e) In order to promote the deployment of grant funds in an inclusive manner that is consistent with the racial, gender, geographic, urban, rural, and economic diversity of the state, the Public Utilities Staff may give additional consideration to an applicant that provides documentation that it has been certified as a Disadvantaged Business Enterprise. For projects funded under Sections 5 through 8 of this act, the Public Utilities Staff shall encourage grant applicants to use vendors and subcontractors that have been certified as Disadvantaged Business Enterprises.

(5) For each fiscal year in which grant funds are available, the Public Utilities Staff shall accept applications within a 90-day grant window that it shall establish. Applications for eligible projects will be evaluated according to a scoring system developed by the Public Utilities Staff that incorporates the priorities listed in this section, with grant awards published within ninety (90) days after expiration of the filing window. Grant applications shall be published by the Public Utilities Staff on the Internet at the end of the filing window, and existing service providers shall have thirty (30) business days from the date of publication to file objections to the eligibility of a proposed project. The Public Utilities Staff shall address any objections within thirty (30) days of submission and shall make any appropriate changes to grant awards based on a finding of ineligibility resulting from such protest. Subject to such protest procedure, grants issued by the Public Utilities Staff shall be conditioned upon compliance with the terms of the grant but shall not otherwise be revocable. Providers' grants shall be paid within thirty (30) days upon the Public Utilities Staff receiving written certification of the completion of the project and evidence of compliance with the terms of the grant as prescribed by the Public Utilities Staff.

(6) Grants shall be conditioned on project completion within two (2) years of awarding of the grant. If a recipient fails to complete a project within the two-year deadline due to reasons other than delay caused by a government entity, the Public Utilities Staff may revoke the grant in its entirety and rededicate the funds to a new recipient.

(7) The Public Utilities Staff shall condition the release of any grant funds awarded under Sections 5 through 8 of this act on both of the following:

(a) The progressive completion, as measured on not more than a quarterly basis, of the approved project.

(b) Operational testing, when possible, to confirm the level of service proposed in the grant application. Such regulations shall not exceed in degree or differ in kind from testing and reporting requirements imposed on the grant recipient by the Federal Communications Commission, as adjusted for the service specifications in the Public Utilities Staff grant agreement.

(8) Notwithstanding any other provision of this section, eligible projects shall include any of the following:

(a) Projects to serve unserved areas in which the grant applicant is either or both: (i) an existing or future service provider which has or will receive support through federal universal service funding programs designed specifically to encourage broadband deployment in an area without broadband access; or (ii) an existing or future service

provider which has or will receive other forms of federal or state financial support or assistance, such as a grant or loan from the United States Department of Agriculture; provided, however, that any award of state funds under this section, when combined with other forms of state or federal support or assistance dedicated to the project, other than interest-bearing loans, may not exceed sixty percent (60%) of the total project costs. Nothing in this section shall prohibit a grant applicant who has not previously received any federal or state funds, grants or loans for broadband deployment from applying for and receiving grant funds under this section.

(b) Middle mile projects, where the applicant demonstrates that the project will connect other service providers eligible for grants under this section with broadband infrastructure further upstream in order to enable the providers to offer broadband service to end-users; provided that eligible projects under this paragraph (b) may include projects in an unserved area or a rural area that does not meet the definition of an unserved area but otherwise meets the requirements of this section, for which the grant applicant demonstrates, by specific evidence, the need for greater broadband speeds, capacity, or service which is not being offered by an existing service provider.

(c) Projects to provide broadband service to a specific hospital, public school, public safety, or economic development site in a rural area that does not meet the definition of an unserved area but otherwise meets the requirements of this section, for which the grant applicant demonstrates, by specific evidence, the need for greater broadband speeds, capacity, or service which is not being offered by an existing service provider.

(d) Grants issued under paragraphs (b) and (c) of this subsection (8) shall not exceed forty percent (40%) of the total funds appropriated for grants on an annual basis.

SECTION 9. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed from and after June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

97-32-7(2) as a case of official corruption under Section 7-5-59 if the officials responsible for the violation fail to correct such violation within thirty (30) days of being notified of the violation.

(c) If the circuit court finds that a county or municipality adopted an ordinance * * *, posted written notice or imposed any rule, regulation, order or policy in violation of this section and failed to cure that violation in accordance with paragraph (b) of this subsection, the circuit court shall issue a permanent injunction against a county or municipality prohibiting it from enforcing the ordinance, rule, regulation, order, policy or posted written notice. Any elected county or municipal official under whose jurisdiction the violation occurred may be civilly liable in a sum not to exceed One Thousand Dollars (\$1,000.00), plus all reasonable attorney's fees and costs incurred by the party bringing the suit. If the Department of Public Safety denies the application, it shall notify the applicant in writing, stating the ground for denial, and the denial shall be subject to the appeal process set forth in subsection (7); or

(iii) Notify the applicant that the department is unable to make a determination regarding the issuance or denial of a license within the forty-five-day period prescribed by this subsection, and provide an estimate of the amount of time the department will need to make the determination.

(d) In the event a legible set of fingerprints, as determined by the Department of Public Safety and the Federal Bureau of Investigation, cannot be obtained after a minimum of two (2) attempts, the Department of Public Safety shall determine eligibility based upon a name check by the Mississippi Highway Safety Patrol and a Federal Bureau of Investigation name check conducted by the Mississippi Highway Safety Patrol at the request of the Department of Public Safety.

(7) (a) If the Department of Public Safety denies the issuance of a license, or suspends or revokes a license, the party aggrieved may appeal such denial, suspension or revocation to the Commissioner of Public Safety, or his authorized agent, within thirty (30) days after the aggrieved party receives written notice of such denial, suspension or revocation. The Commissioner of Public Safety, or his duly authorized agent, shall rule upon such appeal within thirty (30) days after the appeal is filed and failure to rule within this thirty-day period shall constitute sustaining such denial, suspension or revocation. Such review shall be conducted pursuant to such reasonable rules and regulations as the Commissioner of Public Safety may adopt.

(b) If the revocation, suspension or denial of issuance is sustained by the Commissioner of Public Safety, or his duly authorized agent pursuant to paragraph (a) of this subsection, the aggrieved party may file within ten (10) days after the rendition of such decision a petition in the circuit or county court of his residence for review of such decision. A hearing for review shall be held and shall proceed before the court without a jury upon the record made at the hearing before the Commissioner of Public Safety or his duly authorized agent. No such party shall be allowed to carry a stun gun, concealed pistol or revolver pursuant to the provisions of this section while any such appeal is pending.

(8) The Department of Public Safety shall maintain an automated listing of license holders and such information shall be available online, upon request, at all times, to all law enforcement agencies through the Mississippi Crime Information Center. However, the records of the department relating to applications for licenses to carry stun guns, concealed pistols or revolvers and records relating to license holders shall be exempt from

the provisions of the Mississippi Public Records Act of 1983, and shall be released only upon order of a court having proper jurisdiction over a petition for release of the record or records.

(9) Within thirty (30) days after the changing of a permanent address, or within thirty (30) days after having a license lost or destroyed, the licensee shall notify the Department of Public Safety in writing of such change or loss. Failure to notify the Department of Public Safety pursuant to the provisions of this subsection shall constitute a noncriminal violation with a penalty of Twenty-five Dollars (\$25.00) and shall be enforceable by a summons.

(11) A license issued under this section shall be revoked if the licensee becomes ineligible under the criteria set forth in subsection (2) of this section.

(12) (a) No less than ninety (90) days prior to the expiration date of the license, the Department of Public Safety shall mail to each licensee a written notice of the expiration and a renewal form prescribed by the department. The licensee must renew his license on or before the expiration date by filing with the department the renewal form, a notarized affidavit stating that the licensee remains qualified pursuant to the criteria specified in subsections (2) and (3) of this section, and a full set of fingerprints administered by the Department of Public Safety or the sheriff of the county of residence of the licensee.

The first renewal may be processed by mail and the subsequent renewal must be made in person. Thereafter every other renewal may be processed by mail to assure that the applicant must appear in person every ten (10) years for the purpose of obtaining a new photograph.

(i) Except as provided in this subsection, a renewal fee of Forty Dollars (\$40.00) shall also be submitted along with costs for processing the fingerprints;

(ii) Honorably retired law enforcement officers, disabled veterans and active duty members of the Armed Forces of the United States shall be exempt from the renewal fee; and

(iii) The renewal fee for a Mississippi resident aged sixty-five (65) years of age or older shall be Twenty Dollars (\$20.00).

(b) The Department of Public Safety shall forward the full set of fingerprints of the applicant to the appropriate agencies for state and federal processing. The license shall be renewed upon receipt of the completed renewal application and appropriate payment of fees.

(c) A licensee who fails to file a renewal application on or before its expiration date must renew his license by paying a late fee of Fifteen Dollars (\$15.00). No license shall be renewed six (6) months or more after its expiration date, and such license shall be deemed to be permanently expired. A person whose license has been permanently expired may reapply for licensure; however, an application for licensure and fees pursuant to subsection (5) of this section must be submitted, and a background investigation shall be conducted pursuant to the provisions of this section.

(13) No license issued pursuant to this section shall authorize any person to carry a stun gun, concealed pistol or revolver into any place of nuisance as defined in Section

Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. It is the intention of the Legislature that the Pat Harrison Waterway District shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process.

SECTION 4. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 5. The funds herein approved for expenditure, except and less an amount approved by the State Fiscal Officer which shall be sufficient to cover disbursements for current operations, shall be deposited at interest with any official depository of the state at a rate of interest numerically not less than one percent (1%) below the bank discount rate on United States Treasury bills of comparable maturity as determined by the State Treasurer.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the

agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. It is the intention of the Legislature that the Mississippi State Board of Physical Therapy shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2023 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process.

SECTION 4. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 5. It is the intention of the Legislature that the funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

SECTION 6. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers, in the manner provided by law.

SECTION 7. This act shall take effect and be in force from and after July 1, 2021.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-22.31, Mississippi Code of 1972, is amended as follows:

27-7-22.31. (1) As used in this section:

(a) "Certified historic structure" means a property located in Mississippi that has been:

(i) Listed individually on the National Register of Historic Places; or

(ii) Determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

(iii) Property designated a Mississippi Landmark by the Department of Archives and History pursuant to Section 39-7-3 et seq.

(b) "Eligible property" means property located in Mississippi and offered or used for residential or business purposes * * *.

(c) "Structure in a certified historic district" means a structure (and its structural components) located in Mississippi which:

(i) Is listed in the National Register of Historic Places; or

(ii) Has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

(iii) Is located in a registered historic district listed on the National Register of Historic Places or located in a potential district that has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section, and is certified by the Secretary of the United States Department of the Interior as being of historic significance to the district; or

(iv) Is certified by the Mississippi Department of Archives and History as contributing to the historic significance of:

1. A certified historic district listed on the National Register of Historic Places; or

2. A potential district that has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

3. A local district that has been certified by the United States Department of the Interior.

(d) "Department" means the Department of Archives and History.

(2) Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or a structure in a certified historic district, shall be entitled to a credit against the taxes imposed pursuant to this chapter in an amount equal to twenty-five percent (25%) of the total costs and expenses of rehabilitation incurred after January 1, 2006, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder:

(a) If the costs and expenses associated with rehabilitation exceed:

(i) Five Thousand Dollars (\$5,000.00) in the case of an owner-occupied dwelling; or

(ii) Fifty percent (50%) of the * * * adjusted basis in the property in the case of all other properties; and

(b) The rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior as determined by the department.

(3) Any taxpayer eligible for the credit authorized by this section may claim the credit in phases if:

(a) There is a written set of architectural plans and specifications for all phases of the rehabilitation (written plans outlining and describing all phases of the rehabilitation shall be accepted as written plans and specifications);

(b) The written set of architectural plans and specifications are completed before the physical work on the rehabilitation begins; and

(c) * * * The project receives final certification by the department within sixty (60) months of the project start date certified in the first phase.

(4) (a) (i) If the amount of the tax credit established by this section exceeds the total state income tax liability for the credit year * * *, the amount that exceeds the total state income tax liability may be carried forward for the ten (10) succeeding tax years. In addition, a taxpayer may sell or transfer the excess portion of the tax credit to any taxpayer having a liability for taxes under this chapter. A tax credit may not be sold or transferred more than one (1) time, subject to guidelines established by the Department of Revenue. The buyer or transferee of a tax credit may use the acquired credit in the same manner and to the same extent as the seller or transferor of the credit; however, the sale or transfer of a credit will not extend the length of time that the credit may be carried forward. In order to sell or transfer a tax credit, the seller or transferor shall notify the department and the Department of Revenue in writing within thirty (30) days after the date of the sale or transfer. The notice shall include:

1. The seller's or transferor's tax credit balance before the sale or transfer of the credit;
2. The tax credit identification number assigned by the department;
3. The unused portion of the credit remaining after the sale or transfer;
4. All federal and state tax identification numbers for both the seller or transferor and the buyer or transferee;
5. The date of the sale or transfer;
6. The amount of the credit sold or transferred; and
7. Any other information required by the department or the Department of Revenue.

Failure by the seller or transferor to comply with the notice requirements of this subparagraph (i) shall void the sale or transfer.

(ii) The taxpayer may elect to claim a refund in the amount of seventy-five percent (75%) of the excess credit in lieu of the ten-year carryforward and the sale or transfer of the credit. The election must be made in the year in which the * * * credit is certified. Refunds will be paid in equal installments over a two-year period and shall be made from current collections.

(iii) Refund requests shall be submitted to the Department of Revenue on forms prescribed by the department. Refunds shall be made from current tax collections.

(b) Not-for-profit entities, including, but not limited to, nonprofit corporations organized under Section 79-11-101 et seq. shall be ineligible for the credit authorized by this section. Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners on a pro rata basis or pursuant to an executed agreement among the partners, members or owners documenting an alternative distribution method. Partners, members or other owners of a pass-through entity are not eligible to elect a refund of excess credit in lieu of a carryforward of the credit. However, a partnership or limited liability company taxed as a partnership may elect to claim a refund of excess credit at the entity level on a form prescribed by the Department of Revenue. Additionally, excess tax credits that are attributable to rehabilitated property that was placed in service by a pass-through entity prior to January 1, 2011, and that have previously been allocated to and are held by another pass-through entity prior to January 1, 2011, may be refunded to such other pass-through entity.

(5) (a) (i) To claim the credit authorized pursuant to this section, the taxpayer shall apply to the department which shall determine the amount of eligible rehabilitation costs and expenses and whether the rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior. The department shall issue a certificate evidencing the date of the credit and amount of eligible credit if the taxpayer is found to be eligible for the tax credit. The taxpayer shall attach the certificate to all income tax returns on which the credit is claimed. Except as otherwise provided in this paragraph (a), the department shall not issue certificates evidencing the eligible credit which * * * will result in credits being awarded in excess of Twelve Million Dollars (\$12,000,000.00) in any one (1) * * * calendar year. However, the credit for any project with total qualified rehabilitation costs and expenses of less than Three Million Dollars (\$3,000,000.00) shall not count against such Twelve Million Dollars (\$12,000,000.00) limit.

(ii) The taxpayer shall claim the credit on the income tax return for the tax year for which the credit is certified. The date of the credit shall be certified in the following order:

1. The credit shall be certified based on the date of project completion.

2. If the eligible credit exceeds the available credit in the year in which the project is completed, the credit shall be certified based on the date the certification is issued by the department. The department shall issue the certification in the first calendar year in which the requested credit would not exceed the calendar year credit limit.

(* * * c) The aggregate amount of tax credits that may be awarded under this section shall not exceed One Hundred Eighty Million Dollars (\$180,000,000.00). * * *

(6) (a) The credit received by a taxpayer pursuant to this section is subject to recapture if:

(i) The property is one that has been determined eligible for the National Register of Historic Places but is not listed on the National Register of Historic Places within thirty (30) months of claiming the credit authorized by this section;

(ii) The potential district in which the property is located is not listed on the National Register of Historic Places within thirty (30) months of claiming the credit authorized by this section; or

(iii) * * * The project has not received final certification by the department within sixty (60) months of the project start date certified in the first phase.

(b) The taxpayer shall notify the department and the Department of Revenue if any of the situations that subject the credit to recapture occur.

(7) (a) The board of trustees of the department shall establish fees to be charged for the services performed by the department under this section and shall publish the fee schedule. The fees contained in the schedule shall be in amounts reasonably calculated to recover the costs incurred by the department for the administration of this section. Any taxpayer desiring to participate in the tax credits authorized by this section shall pay the appropriate fee as contained in the fee schedule to the department, which shall be used by the department, without appropriation, to offset the administrative costs of the department associated with its duties under this section.

(b) There is hereby created within the State Treasury a special fund into which shall be deposited all the fees collected by the department pursuant to this section. Money deposited into the fund shall not lapse at the end of any fiscal year and investment earnings on the proceeds in such special fund shall be deposited into such fund. Money from the fund shall be disbursed upon warrants issued by the State Fiscal Officer upon requisitions signed by the executive director of the department to assist the department in carrying out its duties under this section.

(8) This section shall only apply to taxpayers:

(a) Who have been issued a certificate evidencing the eligible credit before December 31, 2030; or

(b) Who, before December 31, 2030, have received a determination in writing from the Mississippi Department of Archives and History, in accordance with the department's Historic Preservation Certificate Application, Part 2, that the rehabilitation is consistent with the historic character of the property and that the property meets the United States Secretary of the Interior's Standards for Rehabilitation, or will meet the standards if certain specified conditions are met, and, who are issued a certificate evidencing the eligible credit on or after December 31, 2030.

SECTION 2. This act shall take effect and be in force from and after January 1, 2021, and shall stand repealed on December 31, 2020.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-7-22.31, MISSISSIPPI CODE OF 1972, WHICH AUTHORIZES AN INCOME TAX CREDIT FOR COSTS AND EXPENSES INCURRED FOR THE REHABILITATION OF CERTAIN HISTORIC STRUCTURES, TO REMOVE THE PROVISION THAT EXCLUDES SINGLE-FAMILY DWELLINGS FROM THE DEFINITION OF THE TERM "ELIGIBLE PROPERTY"; TO REVISE THE PROVISIONS UNDER WHICH A TAXPAYER ELIGIBLE FOR A TAX CREDIT MAY CLAIM THE TAX CREDIT IN PHASES; TO AUTHORIZE THE SALE OR TRANSFER OF SUCH INCOME TAX CREDITS; TO PROVIDE THAT CREDIT FOR A PROJECT WITH TOTAL

H. B. No. 1297: Bonds; authorize issuance for the Water Pollution Control Revolving Fund.

Senator Harkins offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) As used in this section, the following words shall have the meanings ascribed herein unless the context clearly requires otherwise:

(a) "Accreted value" of any bonds means, as of any date of computation, an amount equal to the sum of (i) the stated initial value of such bond, plus (ii) the interest accrued thereon from the issue date to the date of computation at the rate, compounded semiannually, that is necessary to produce the approximate yield to maturity shown for bonds of the same maturity.

(b) "State" means the State of Mississippi.

(c) "Commission" means the State Bond Commission.

(2) (a) The Commission on Environmental Quality, at one time, or from time to time, may declare by resolution the necessity for issuance of general obligation bonds of the State of Mississippi to provide funds for the Water Pollution Control Revolving Fund established in Section 49-17-85, Mississippi Code of 1972. Upon the adoption of a resolution by the Commission on Environmental Quality declaring the necessity for the

issuance of any part or all of the general obligation bonds authorized by this subsection, the Commission on Environmental Quality shall deliver a certified copy of its resolution or resolutions to the commission; however, the Commission on Environmental Quality shall declare the necessity for the issuance of bonds only in the amount necessary to match projected federal funds available through the following federal fiscal year. Upon receipt of such resolution, the commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The total amount of bonds issued under this section shall not exceed Two Million Eight Hundred Seventy Thousand Dollars (\$2,870,000.00).

(b) The proceeds of bonds issued pursuant to this subsection shall be deposited into the Water Pollution Control Revolving Fund created pursuant to Section 49-17-85, Mississippi Code of 1972.

(3) The principal of and interest on the bonds authorized under this section shall be payable in the manner provided in this section. Such bonds shall bear such date or dates, be in such denomination or denominations, bear interest at such rate or rates (not to exceed the limits set forth in Section 75-17-101, Mississippi Code of 1972), be payable at such place or places within or without the State of Mississippi, shall mature absolutely at such time or times not to exceed twenty-five (25) years from date of issue, be redeemable before maturity at such time or times and upon such terms, with or without premium, shall bear such registration privileges, and shall be substantially in such form, all as shall be determined by resolution of the commission.

(4) The bonds authorized by this section shall be signed by the chairman of the commission, or by his facsimile signature, and the official seal of the commission shall be affixed thereto, attested by the secretary of the commission. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

(5) All bonds and interest coupons issued under the provisions of this section have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by this section, the commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

(6) The commission shall act as the issuing agent for the bonds authorized under this section, prescribe the form of the bonds, determine the appropriate method for sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the bonds so authorized to be sold, pay all fees and costs incurred in such issuance and sale, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The commission is authorized and empowered to pay the costs that are incident to the sale, issuance and delivery of the bonds authorized under this section from the proceeds derived from the sale of such bonds. The commission may sell such bonds on sealed bids at public sale or may negotiate the sale of the bonds for such price as it may determine to be for the best interest of the State of Mississippi. All interest accruing on such bonds so issued shall be payable semiannually or annually.

If the bonds are to be sold on sealed bids at public sale, notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, selected by the commission.

The commission, when issuing any bonds under the authority of this section, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

(7) The bonds issued under the provisions of this section are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. Interest and investment earnings on money in the Water Pollution Control Revolving Fund shall be utilized to pay the principal and interest on such bonds as they become due. If the interest and investment earnings of the fund and any funds appropriated by the Legislature are insufficient to pay the principal of and the interest on such bonds as they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this section.

(8) Upon the issuance and sale of bonds under the provisions of this section, the commission shall transfer the proceeds of any such sale or sales to the Water Pollution Control Revolving Fund created in Section 49-17-85, Mississippi Code of 1972. After the transfer of the proceeds of any such sale or sales to the Water Pollution Control Revolving Fund, any investment earnings or interest earned on the proceeds of such bonds shall be deposited to the credit of the Water Pollution Control Revolving Fund and shall be used only for the purposes provided in Section 49-17-85, Mississippi Code of 1972. The proceeds of such bonds shall be disbursed solely upon the order of the Commission on Environmental Quality under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

(9) The bonds authorized under this section may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by this section. Any resolution providing for the issuance of bonds under the provisions of this section shall become effective immediately upon its adoption by the commission, and any such resolution may be adopted at any regular or special meeting of the commission by a majority of its members.

(10) The bonds authorized under the authority of this section may be validated in the Chancery Court of the First Judicial District of Hinds County, Mississippi, in the manner and with the force and effect provided by Title 31, Chapter 13, Mississippi Code of 1972, for the validation of county, municipal, school district and other bonds. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

(11) Any holder of bonds issued under the provisions of this section or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights granted under this section, or under such resolution, and may enforce and compel performance of all duties required by this section to be performed, in order to provide for the payment of bonds and interest thereon.

(12) All bonds issued under the provisions of this section shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers

and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

(13) Bonds issued under the provisions of this section and income therefrom shall be exempt from all taxation in the State of Mississippi.

(14) The proceeds of the bonds issued under this section shall be used solely for the purposes therein provided, including the costs incident to the issuance and sale of such bonds.

(15) The State Treasurer is authorized, without further process of law, to certify to the Department of Finance and Administration the necessity for warrants, and the Department of Finance and Administration is authorized and directed to issue such warrants, in such amounts as may be necessary to pay when due the principal of, premium, if any, and interest on, or the accreted value of, all bonds issued under this section; and the State Treasurer shall forward the necessary amount to the designated place or places of payment of such bonds in ample time to discharge such bonds, or the interest thereon, on the due dates thereof.

(16) This section shall be deemed to be full and complete authority for the exercise of the powers therein granted, but this section shall not be deemed to repeal or to be in derogation of any existing law of this state.

The fees may not exceed five percent (5%) of the loan amount.

(13) Except as otherwise provided in this section, the commission may, on a case-by-case basis and to the extent allowed by federal law, renegotiate the payment of principal and interest on loans made under this section to the six (6) most southern counties of the state covered by the Presidential Declaration of Major Disaster for the State of Mississippi (FEMA-1604-DR) dated August 29, 2005, and to political subdivisions located in such counties; however, the interest on the loans shall not be forgiven for a period of more than twenty-four (24) months and the maturity of the loans shall not be extended for a period of more than forty-eight (48) months.

Upon the adoption of a resolution by the board declaring the necessity for the issuance of any part or all of the general obligation bonds authorized by this section, the board shall deliver a certified copy of its resolution or resolutions to the State Bond Commission. Upon receipt of such resolution, the State Bond Commission, in its discretion, may act as the issuing agent, prescribe the form of the bonds, determine the appropriate method for the sale of the bonds, advertise for and accept bids or negotiate the sale of the bonds, issue and sell the tax exempt or taxable bonds so authorized to be sold, and do any and all other things necessary and advisable in connection with the issuance and sale of such bonds. The amount of bonds issued under Sections 6 through 20 of this act shall not exceed*** Forty Million Forty-three Thousand Dollars (\$40,043,000.00), the proceeds of which shall be deposited in the revolving fund and Five Million Dollars (\$5,000,000.00), the proceeds of which shall be deposited in the emergency fund.

Section 7. The principal of and interest on the bonds authorized under Section 6 of this act shall be payable in the manner provided in this section. The interest coupons, if any, to be attached to such bonds may be executed by the facsimile signatures of such officers. Whenever any such bonds shall have been signed by the officials designated to sign the bonds who were in office at the time of such signing but who may have ceased to be such officers before the sale and delivery of such bonds, or who may not have been in office on the date such bonds may bear, the signatures of such officers upon such bonds and coupons shall nevertheless be valid and sufficient for all purposes and have the same effect as if the person so officially signing such bonds had remained in office until their delivery to the purchaser, or had been in office on the date such bonds may bear. However, notwithstanding anything herein to the contrary, such bonds may be issued as provided in the Registered Bond Act of the State of Mississippi.

Section 9. All bonds and interest coupons issued under the provisions of Sections 6 through 20 of this act have all the qualities and incidents of negotiable instruments under the provisions of the Uniform Commercial Code, and in exercising the powers granted by Sections 6 through 20 of this act, the State Bond Commission shall not be required to and need not comply with the provisions of the Uniform Commercial Code.

All interest accruing on such bonds so issued shall be payable semiannually or annually.

If the bonds are sold on sealed bids at public sale, notice of the sale of any such bonds shall be published at least one time, not less than ten (10) days before the date of sale, and shall be so published in one or more newspapers published or having a general circulation in the City of Jackson, Mississippi, to be selected by the State Bond Commission.

The State Bond Commission, when issuing any bonds under the authority of Sections 6 through 20 of this act, may provide that bonds, at the option of the State of Mississippi, may be called in for payment and redemption at the call price named therein and accrued interest on such date or dates named therein.

Section 11. The bonds issued under the provisions of Sections 6 through 20 of this act are general obligations of the State of Mississippi, and for the payment thereof the full faith and credit of the State of Mississippi is irrevocably pledged. If the funds appropriated by the Legislature are insufficient to pay the principal of and interest on such bonds as

they become due, then the deficiency shall be paid by the State Treasurer from any funds in the State Treasury not otherwise appropriated. All such bonds shall contain recitals on their faces substantially covering the provisions of this section.

Upon the issuance and sale of bonds under the provisions of Sections 6 through 20 of this act, the State Bond Commission shall transfer the proceeds of any sale or sales of bonds to the revolving fund and the emergency fund in the amounts specified in Section 6 of this act. After such transfer, all investment earnings or interest earned on the proceeds of such bonds shall be deposited to the credit of the revolving fund and the emergency fund, and shall be used only for the purposes established in Section 41-3-16. The proceeds of such bonds shall be disbursed solely upon the order of the board created in Section 1 of this act under such restrictions, if any, as may be contained in the resolution providing for the issuance of the bonds.

Section 14. The bonds authorized under Sections 6 through 20 of this act may be issued without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions and things which are specified or required by Sections 6 through 20 of this act. Any resolution providing for the issuance of bonds under the provisions of Sections 6 through 20 of this act shall become effective immediately upon its adoption by the State Bond Commission, and any such resolution may be adopted at any regular or special meeting of the State Bond Commission by a majority of its members.

Section 15. The notice to taxpayers required by such statutes shall be published in a newspaper published or having a general circulation in the City of Jackson, Mississippi.

Section 16. Any holder of bonds issued under the provisions of Sections 6 through 20 of this act or of any of the interest coupons pertaining thereto may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce all rights granted under Sections 6 through 20 of this act, or under such resolution, and may enforce and compel performance of all duties required by Sections 6 through 20 of this act to be performed, in order to provide for the payment of bonds and interest thereon.

Section 17. All bonds issued under the provisions of Sections 6 through 20 of this act shall be legal investments for trustees and other fiduciaries, and for savings banks, trust companies and insurance companies organized under the laws of the State of Mississippi, and such bonds shall be legal securities which may be deposited with and shall be received by all public officers and bodies of this state and all municipalities and political subdivisions for the purpose of securing the deposit of public funds.

reasonable allowance for salaries or other compensation for personal services actually rendered; nonreimbursable traveling expenses incident to current employment, including a reasonable amount expended for meals and lodging while away from home in the pursuit of a trade or business; and rentals or other payments required to be made as a condition of the continued use or possession, for purposes of the trade or business of property to which the taxpayer has not taken or is not taking title or in which he had no equity. Expense incurred in connection with earning and distributing nontaxable income is not an allowable deduction. Limitations on entertainment expenses shall conform to the provisions of the Internal Revenue Code of 1986.

(b) Interest. All interest paid or accrued during the taxable year on business indebtedness, except interest upon the indebtedness for the purchase of tax-free bonds, or any stocks, the dividends from which are nontaxable under the provisions of this article; provided, however, in the case of securities dealers, interest payments or accruals on loans, the proceeds of which are used to purchase tax-exempt securities, shall be deductible if income from otherwise tax-free securities is reported as income. Investment interest expense shall be limited to investment income. Interest expense incurred for the purchase of treasury stock, to pay dividends, or incurred as a result of an undercapitalized affiliated corporation may not be deducted unless an ordinary and necessary business purpose can be established to the satisfaction of the commissioner. For the purposes of this paragraph, the phrase "interest upon the indebtedness for the purchase of tax-free bonds" applies only to the indebtedness incurred for the purpose of directly purchasing tax-free bonds and does not apply to any other indebtedness incurred in the regular course of the taxpayer's business. Any corporation, association, organization or other entity taxable under Section 27-7-23(c) shall allocate interest expense as provided in Section 27-7-23(c)(3)(I).

(c) Taxes. Taxes paid or accrued within the taxable year, except state and federal income taxes, excise taxes based on or measured by net income, estate and inheritance taxes, gift taxes, cigar and cigarette taxes, gasoline taxes, and sales and use taxes unless incurred as an item of expense in a trade or business or in the production of taxable income. In the case of an individual, taxes permitted as an itemized deduction under the provisions of subsection (3)(a) of this section are to be claimed thereunder.

(d) Business losses.

(i) Losses sustained during the taxable year not compensated for by insurance or otherwise, if incurred in trade or business, or nonbusiness transactions entered into for profit.

(ii) Limitations on losses from passive activities and rental real estate shall conform to the provisions of the Internal Revenue Code of 1986.

(e) Bad debts. Losses from debts ascertained to be worthless and charged off during the taxable year, if sustained in the conduct of the regular trade or business of the taxpayer; provided, that such losses shall be allowed only when the taxpayer has reported as income, on the accrual basis, the amount of such debt or account.

(f) Depreciation. A reasonable allowance for exhaustion, wear and tear of property used in the trade or business, or rental property, and depreciation upon buildings based upon their reasonable value as of March 16, 1912, if acquired prior thereto, and upon cost if acquired subsequent to that date. In the case of new or used aircraft, equipment, engines, or other parts and tools used for aviation and manufacturing, allowance for bonus depreciation conforms with the federal bonus depreciation rates and reasonable allowance for depreciation under this section is no less than one hundred percent (100%).

(g) Depletion. In the case of mines, oil and gas wells, other natural deposits and timber, a reasonable allowance for depletion and for depreciation of improvements,

based upon cost, including cost of development, not otherwise deducted, or fair market value as of March 16, 1912, if acquired prior to that date, such allowance to be made upon regulations prescribed by the commissioner, with the approval of the Governor.

(h) Contributions or gifts. Except as otherwise provided in paragraph (p) of this subsection or subsection (3)(a) of this section for individuals, contributions or gifts made by corporations within the taxable year to corporations, organizations, associations or institutions, including Community Chest funds, foundations and trusts created solely and exclusively for religious, charitable, scientific or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inure to the benefit of any private stockholder or individual. Such contributions or gifts shall be allowable as deductions only if verified under rules and regulations prescribed by the commissioner, with the approval of the Governor. Contributions made in any form other than cash shall be allowed as a deduction, subject to the limitations herein provided, in an amount equal to the actual market value of the contributions at the time the contribution is actually made and consummated.

(i) Reserve funds - insurance companies. In the case of insurance companies the net additions required by law to be made within the taxable year to reserve funds when such reserve funds are maintained for the purpose of liquidating policies at maturity.

(j) Annuity income. The sums, other than dividends, paid within the taxpayer year on policy or annuity contracts when such income has been included in gross income.

(k) Contributions to employee pension plans. Contributions made by an employer to a plan or a trust forming part of a pension plan, stock bonus plan, disability or death-benefit plan, or profit-sharing plan of such employer for the exclusive benefit of some or all of his, their, or its employees, or their beneficiaries, shall be deductible from his, their, or its income only to the extent that, and for the taxable year in which, the contribution is deductible for federal income tax purposes under the Internal Revenue Code of 1986 and any other provisions of similar purport in the Internal Revenue Laws of the United States, and the rules, regulations, rulings and determinations promulgated thereunder, provided that:

(i) The plan or trust be irrevocable.

(ii) The plan or trust constitute a part of a pension plan, stock bonus plan, disability or death-benefit plan, or profit-sharing plan for the exclusive benefit of some or all of the employer's employees and/or officers, or their beneficiaries, for the purpose of distributing the corpus and income of the plan or trust to such employees and/or officers, or their beneficiaries.

Contributions to all plans or to all trusts of real or personal property (or real and personal property combined) or to insured plans created under a retirement plan for which provision has been made under the laws of the United States of America, making such contributions deductible from income for federal income tax purposes, shall be deductible only to the same extent under the Income Tax Laws of the State of Mississippi.

(l) Net operating loss carrybacks and carryovers. A net operating loss for any taxable year ending after December 31, 1993, and taxable years thereafter, shall be a net operating loss carryback to each of the three (3) taxable years preceding the taxable year of the loss. If the net operating loss for any taxable year is not exhausted by

carrybacks to the three (3) taxable years preceding the taxable year of the loss, then there shall be a net operating loss carryover to each of the fifteen (15) taxable years following the taxable year of the loss beginning with any taxable year after December 31, 1991.

For any taxable year ending after December 31, 1997, the period for net operating loss carrybacks and net operating loss carryovers shall be the same as those established by the Internal Revenue Code and the rules, regulations, rulings and determinations promulgated thereunder as in effect at the taxable year end or on December 31, 2000, whichever is earlier.

A net operating loss for any taxable year ending after December 31, 2001, and taxable years thereafter, shall be a net operating loss carryback to each of the two (2) taxable years preceding the taxable year of the loss. If the net operating loss for any taxable year is not exhausted by carrybacks to the two (2) taxable years preceding the taxable year of the loss, then there shall be a net operating loss carryover to each of the twenty (20) taxable years following the taxable year of the loss beginning with any taxable year after the taxable year of the loss.

The term "net operating loss," for the purposes of this paragraph, shall be the excess of the deductions allowed over the gross income; provided, however, the following deductions shall not be allowed in computing same:

(i) No net operating loss deduction shall be allowed.

(ii) No personal exemption deduction shall be allowed.

(iii) Allowable deductions which are not attributable to taxpayer's trade or business shall be allowed only to the extent of the amount of gross income not derived from such trade or business.

Any taxpayer entitled to a carryback period as provided by this paragraph may elect to relinquish the entire carryback period with respect to a net operating loss for any taxable year ending after December 31, 1991. The election shall be made in the manner prescribed by the Department of Revenue and shall be made by the due date, including extensions of time, for filing the taxpayer's return for the taxable year of the net operating loss for which the election is to be in effect. The election, once made for any taxable year, shall be irrevocable for that taxable year.

(m) Amortization of pollution or environmental control facilities. Allowance of deduction. Every taxpayer, at his election, shall be entitled to a deduction for pollution or environmental control facilities to the same extent as that allowed under the Internal Revenue Code and the rules, regulations, rulings and determinations promulgated thereunder.

(n) Dividend distributions - real estate investment trusts. "Real estate investment trust" (hereinafter referred to as REIT) shall have the meaning ascribed to such term in Section 856 of the federal Internal Revenue Code of 1986, as amended. A REIT is allowed a dividend distributed deduction if the dividend distributions meet the requirements of Section 857 or are otherwise deductible under Section 858 or 860, federal Internal Revenue Code of 1986, as amended. In addition:

(i) A dividend distributed deduction shall only be allowed for dividends paid by a publicly traded REIT. A qualified REIT subsidiary shall be allowed a dividend distributed deduction if its owner is a publicly traded REIT.

(iv) Any REIT not allowed the dividend distributed deduction in the federal Internal Revenue Code of 1986, as amended, shall not be allowed a dividend distributed deduction under this chapter.

(q) Contributions to ABLE trust fund accounts. Contributions or payments to a Mississippi Achieving a Better Life Experience (ABLE) Program account are deductible as provided under Section 43-28-13.

(2) Restrictions on the deductibility of certain intangible expenses and interest expenses with a related member.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. This act shall be known, and may be cited as the "Mississippi Intercollegiate Athletics Compensation Rights Act."

SECTION 2. As used in this chapter, the following terms shall have the following meanings unless the context clearly indicates otherwise:

(a) "Compensation" means any form of payment or remuneration, including, but not limited to, cash, gifts, in-kind items of value, social media compensation, payments for licensing or use of publicity rights, payments for other intellectual or intangible property rights under federal or state law and any other form of payment or remuneration, except

as excluded under the provisions of this act. For the purposes of this act, "compensation" shall not mean or include the following:

(i) Tuition, room, board, books, fees and personal expenses that a postsecondary educational institution provides a student-athlete in accordance with the rules of the athletic association or conference of which the postsecondary educational institution is a member;

(ii) Federal Pell Grants and other state and federal grants or scholarships unrelated to, and not awarded because of a student-athlete's participation in intercollegiate athletics or sports competition;

(iii) Any other financial aid, benefits or awards that a postsecondary educational institution provides a student-athlete in accordance with the rules of the athletic association or conference of which the postsecondary educational institution is a member; or

(iv) The payment of wages and benefits to a student-athlete for work actually performed, but not for athletic ability or participation in intercollegiate athletics, at a rate commensurate with the prevailing rate for similar work in the locality of the student-athlete's postsecondary educational institution.

(b) "Image" means a picture of the student-athlete.

(c) "Intercollegiate athletics program" means an intercollegiate athletics program played at the collegiate level for which eligibility requirements for participation by a student-athlete are established by a national association for the promotion or regulation of collegiate athletics.

(d) "Likeness" means a physical, digital or other depiction or representation of a student-athlete.

(e) "Name" means the first or last name, or the nickname, of a student-athlete when used in a context that reasonably identifies the student-athlete with particularity.

(f) "Name, image and likeness agreement" means a contract or similar arrangement between a student-athlete and a third-party licensee regarding the commercial use of the name, image or likeness of the student-athlete.

(g) "Publicity right" means any right that is:

(i) Licensed under a name, image and likeness agreement; or

(ii) Recognized under a federal or state law that permits an individual to control and profit from the commercial use of the name, image or likeness of the individual.

(h) "Postsecondary educational institution" means a public university or community college or private university or college.

(i) "Social media compensation" means all forms of payment for engagement on social media received by a student-athlete as a result of the use of that student-athlete's name, image or likeness.

(j) "Student-athlete" means an individual who engages in, is eligible to engage in, or may be eligible in the future to engage in, intercollegiate athletics program at a postsecondary educational institution. If an individual is permanently ineligible to

participate in a particular intercollegiate sport, the individual is not a student-athlete for purposes of that sport.

(k) "Third party licensee" means any individual or entity that licenses publicity rights or the use of name, image or likeness from any prospective or current student-athlete or group of student-athletes. The term "third-party licensee" shall not include any national association for the promotion or regulation of collegiate athletics, athletics conference or postsecondary educational institution.

SECTION 3. (1) Except as provided in Section 4 of this act, a student-athlete may:

(a) Earn compensation, commensurate with market value, for the use of the name, image or likeness of the student-athlete while enrolled at a postsecondary educational institution; and

(b) Obtain and retain a certified agent for any matter or activity relating to such compensation.

(2) No student-athlete may earn compensation in exchange for the student-athlete's athletic ability or participation in intercollegiate athletics or sports competition.

(3) Notwithstanding any other provision of applicable law or agreement to the contrary, a student-athlete shall not be deemed an employee or independent contractor of an association, a conference, or a postsecondary educational institution based on the student-athlete's participation in an intercollegiate athletics program.

SECTION 4. (1) (a) Except as provided for under this act, a postsecondary educational institution shall not uphold any contract, rule, regulation, standard, or other requirement that prevents a student-athlete of that institution from earning compensation as a result of the use of the student's name, image or likeness. Any such contract, rule, regulation, standard or other requirement shall be void and unenforceable against the postsecondary educational institution or the student-athlete. Compensation from the use of a student-athlete name, image or likeness may not affect the student-athlete's scholarship eligibility, grant-in-aid or other financial aid, awards or benefits or the student-athlete's intercollegiate athletic eligibility. Nothing in this act is intended to alter any state and federal laws or regulations regarding the award of financial aid at postsecondary educational institutions.

(b) Except as provided for in this act, an athletic association, conference or other group or organization with authority over intercollegiate athletic programs, including, but not limited to, the National Collegiate Athletic Association (NCAA) and the National Junior College Athletic Association, shall not prevent or otherwise enforce a contract, rule, regulation,

standard or other requirement that prevents a student-athlete of a postsecondary educational institution from earning compensation as a result of the use of the student-athlete's name, image or likeness. To protect the integrity of its educational mission and intercollegiate athletics program, a postsecondary educational

institution may impose reasonable limitations on the dates and time that a student-athlete may participate in endorsement, promotional, social media, or other activities related to the license or use of the student-athlete's name, image and likeness. Nothing in this act shall restrict a postsecondary educational institution from exercising its sole discretion to control the authorized use of its trademarks or logos or to determine a student-athlete's apparel, gear or other wearables during an intercollegiate athletics competition or university-sponsored event.

(c) An athletic association, conference or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association and the National Junior College Athletic Association, shall not prevent or otherwise enforce a contract, rule, regulation, standard or other requirement that prevents a postsecondary educational institution from participating in an intercollegiate athletics program as a result of the compensation of a student-athlete for the use of the student-athlete's name, image, or likeness.

(2) A postsecondary educational institution, athletic association, conference or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association and the National Junior College Athletic Association, shall not, directly or indirectly:

(a) Enter into, or offer to enter into, a name, image and likeness agreement with a prospective or current student-athlete; or

(b) Provide a prospective or current student-athlete or the student-athlete's family compensation in relation to the use of the student-athlete's name, image or likeness.

(3) (a) A postsecondary educational institution, athletic association, conference or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association and the National Junior College Athletic Association shall not prevent a student-athlete from obtaining professional representation in relation to name, image or likeness, or to secure a name, image and likeness agreement, including, but not limited to, representation provided by athlete agents or legal representation provided by attorneys.

(b) Professional representation obtained by student-athletes must be from persons registered as athlete agents as provided in Section 73-42-1 et seq., of the Uniform Athlete Agent Law. Attorneys who provide legal representation to student-athletes must be licensed to practice law in the State of Mississippi and in good standing with The Mississippi Bar.

(c) Athlete agents representing student-athletes shall comply with the Uniform Athlete Agents Law, established under Section 73-42-1, et seq., and the federal Sports Agent Responsibility and Trust Act, established under 15 USCS Sections 7801-7807, in their relationships with student-athletes.

(4) A grant-in-aid, including cost of attendance, and other permissible financial aid, awards or benefits from the postsecondary educational institution in which a student-athlete is enrolled shall not be revoked, reduced, nor the terms and conditions altered, as a result of a student-athlete earning compensation or obtaining professional or legal representation pursuant to this act.

(5) A student-athlete who enters into a name, image and likeness agreement for compensation shall disclose the contract to a designated official of the postsecondary educational institution in which the student is enrolled. The disclosure shall be made within three (3) calendar days of the execution of the name, image and likeness agreement, or three (3) calendar days before the next scheduled intercollegiate athletics competition in which the student-athlete may participate, whichever occurs earlier in time. The postsecondary educational institution shall designate the official to whom the student-athlete must disclose these contracts.

(6) A third-party licensee may not enter into, or offer to enter into, a name, image and likeness agreement with a student-athlete or otherwise compensate a student-athlete for the use of the student-athlete's name, image and likeness rights if a provision of the name, image and likeness agreement or the use of the student-athlete's name, image and likeness rights conflicts with a provision of a contract, rule, regulation, standard or other

requirement of the postsecondary educational institution unless such contract or use is expressly approved in writing by the postsecondary educational institution.

(7) (a) No postsecondary educational institution, booster, third-party licensee, or any other individual or entity shall provide a prospective or current student-athlete compensation or enter into a name, image and likeness agreement as an inducement for the student-athlete to attend or enroll in a specific institution or group of institutions.

(b) No student-athlete shall enter into a name, image and likeness agreement or receive compensation from a third-party licensee relating to the name, image or likeness of the student-athlete:

(i) Before the date on which the student-athlete enrolls at a postsecondary educational institution; or

(ii) For the endorsement or promotion of gambling, sports betting, marijuana, tobacco or alcohol products, performance enhancing supplements, adult entertainment or any other product or service that is reasonably considered to be inconsistent with the values or mission of a postsecondary educational institution.

(8) Nothing in this act shall be interpreted to modify any requirements or obligations imposed under Title IX of the Education Amendments of 1972 (20 USCS Section 1681, et seq.).

SECTION 5. The following shall be codified as Section

93-19-17, Mississippi Code of 1972:

93-19-17. (1) All persons eighteen (18) years of age or older, if not otherwise disqualified, or prohibited by law, shall have the capacity to enter into binding contractual relationships affecting the use of their name, image or likeness while participating in intercollegiate sports as student-athletes. Nothing in this section shall be construed to affect any contracts entered into prior to the effective date of this act.

(2) In any legal action founded on a student-athlete name, image or likeness contract entered into by a person eighteen (18) years of age or older, the person may sue in his or her own name as an adult and be sued in his or her own name as an adult and be served with process as an adult.

(3) For purposes of this section:

(a) "Intercollegiate sport" means a sport played at the collegiate level for which eligibility requirements for participation by a student-athlete are established by a national association for the promotion or regulation of collegiate athletics; and

(b) "Student-athlete" means an individual who engages in, is eligible to engage in, or may be eligible in the future to engage in, any intercollegiate athletics program at a postsecondary educational institution. If an individual is permanently ineligible to participate in a particular intercollegiate sport, the individual is not a student-athlete for purposes of that sport.

SECTION 6. No postsecondary educational institution, athletic association or conference shall be subject to a private cause of action or any claim for damages of any kind under this act, including, without limitation, a claim for unfair trade or competition or tortious interference. No postsecondary educational institution, athletic association or conference shall be subject to a private cause of action or any claim for damages related to its adoption, implementation or enforcement of any contract, rule, regulation, standard or other requirement in compliance with this act. This act is not intended to and shall not waive or diminish any applicable defenses and immunities, including, without limitation,

sovereign immunity applicable to postsecondary educational institutions. For purposes of this section, the words "private cause of action or any claim for damages of any kind" means any claim or action brought by any person or current or former student-athlete who is not a party to a name, image and likeness agreement or contract with the postsecondary educational institution, athletic association, conference or other group or organization with authority over intercollegiate athletic programs. The words "private cause of action or any claim for damages of any kind" shall not be construed to include any claim or action by the student-athlete that is engaged in a name, image and likeness agreement for compensation.

SECTION 7. Section 73-42-3, Mississippi Code of 1972, is amended as follows:

73-42-3. In this chapter:

(b) "Athlete agent" means an individual who enters into an agency contract with a student-athlete or, directly or indirectly, recruits, induces or solicits a student-athlete to enter into an agency contract. (2) The Legislature declares that the primary law enforcement officer in any county in the State of Mississippi is the duly qualified and elected sheriff thereof, but for the purposes of this subsection there is hereby vested in the Department of Public Safety, in addition to the powers hereinabove mentioned and the other provisions of this section under the terms and limitations hereinafter mentioned and for the purpose of insuring domestic tranquility and for the purpose of preventing or suppressing, or both, crimes of violence, acts and conduct calculated to, or which may, provoke or lead to violence and/or incite riots, mobs, mob violence, a breach of the peace, and acts of intimidation or terror,

the powers and duties to include the enforcement of all the laws of the State of Mississippi relating to such purposes, to investigate any violation of the laws of the State of Mississippi and to aid in the arrest and prosecution of persons charged with violating the laws of the State of Mississippi which relate to such purposes. Investigators of the Bureau of Investigation of the Department of Public Safety shall have general police powers to enforce all the laws of the State of Mississippi. All officers of the Department of Public Safety charged with the enforcement of the laws administered by that agency, for the purposes herein set forth, shall have full power to investigate, prevent, apprehend and arrest law violators anywhere in the state, and shall be vested with the power of general police officers in the performance of their duties. The officers of the Department of Public Safety are authorized and empowered to carry and use firearms and other weapons deemed necessary in the discharge of their duties as such and are also empowered to serve warrants and subpoenas issued under the authority of the State of Mississippi. The Governor shall be authorized to offer and pay suitable rewards to persons aiding in the investigation, apprehension and conviction of persons charged with acts of violence, or threats of violence or intimidation or acts of terrorism. The additional powers herein granted to or vested in the Department of Public Safety or any of its officers or employees by this section, excepting investigating powers, and those powers of investigators who shall have general police power, being the investigators in the Bureau of Investigation of the Department of Public Safety, shall not be exercised by the Department of Public Safety, or any of its officers or employees, except upon authority and direction of the Governor or Acting Governor, by proclamation duly signed, in the following instances, to wit:

(a) When requested by the sheriff or board of supervisors of any county or the mayor of any municipality on the grounds that mob violence, crimes of violence, acts and conduct of terrorism, riots or acts of intimidation, or either, calculated to or which may provoke violence or incite riots, mobs, mob violence, violence, or lead to any breach of the peace, or either, and acts of intimidation or terror are anticipated, and when such acts or conduct in the opinion of the Governor or Acting Governor would provoke violence or any of the foregoing acts or conduct set out in this subsection, and the sheriff or mayor, as the case may be, lacks adequate police force to prevent or suppress the same.

(b) Acting upon evidence submitted to him by the Department of Public Safety, or other investigating agency authorized by the Governor or Acting Governor to make such investigations, because of the failure or refusal of the sheriff of any county or mayor of any municipality to take action or employ such means at his disposal, to prevent or suppress the acts, conduct or offenses provided for in subsection (1) of this section, the Governor or Acting Governor deems it necessary to invoke the powers and authority vested in the Department of Public Safety.

(c) The Governor or Acting Governor is hereby authorized and empowered to issue his proclamation invoking the powers and authority vested by this paragraph, as provided in paragraphs (a) and (b) of this subsection, and when the Governor or Acting Governor issues said proclamation in accordance herewith, said proclamation shall become effective upon the signing thereof and shall continue in full force and effect for a period of ninety (90) days, or for a shorter period if otherwise ordered by the Governor or Acting Governor. At the signing of the proclamation by the Governor or Acting Governor, the Department of Public Safety and its officers and employees shall thereupon be authorized to exercise the additional power and authority vested in them by this paragraph. The Governor and Acting Governor may issue additional proclamations for periods of ninety (90) days each under the authority of paragraphs (a) and (b) of this subsection (2).

(3) All proclamations issued by the Governor or Acting Governor shall be filed in the Office of the Secretary of State on the next succeeding business day.

(4) It is not the intention of this section to vest the wide powers and authority herein provided for, as general powers of the Department of Public Safety, and the same are not

hereby so vested, but to limit these general powers to cases and incidents wherein it is deemed necessary to prevent or suppress the offenses and conditions herein mentioned in this and other subsections of this section, and under the terms and conditions hereinabove enumerated, it being the sense of the Legislature that the prime duties of the Department of Public Safety are to patrol the highways of this state and enforce the highway safety laws.

(5) Patrol officers shall have no interest in any costs in the prosecution of any case through any court; nor shall any patrol officer receive any fee as a witness in any court held in this state, whether a state or federal court.

(6) Provided, however, that the general police power vested by virtue of the terms of subsection (2) of this section is solely for the purposes set out in said subsection.

SECTION 20. Section 27-19-89, Mississippi Code of 1972, is amended as follows:

[Through June 30, 2023, this section shall read as follows:]

27-19-89. (a) If any nonresident owner or operator or other nonresident person eligible for a temporary permit as provided in Section 27-19-79, who has not elected to register and pay the annual privilege taxes prescribed, shall enter or go upon the public highways of the state and shall fail or refuse to obtain the permit required by Section 27-19-79, such person shall be liable, for the first such offense, for the full amount of the permit fee required, plus a penalty thereon of five hundred percent (500%). For the second and all subsequent offenses, such person who fails or refuses to obtain such permits shall be liable for the pro rata part of the annual tax for the balance of the tag year for the maximum legal gross weight of the vehicle plus a penalty thereon of twenty-five percent (25%). Any weight in excess of the maximum legal gross weight of the vehicle, or in excess of the maximum highway weight limit, shall be penalized according to subsection (c) of this section. In either case the excess weight shall be removed by the operator before the vehicle can be allowed to proceed. In order to constitute a "second or subsequent offense" under the provisions hereof, it shall not be necessary that the same or identical vehicle be involved, it being the declared purpose hereof to provide that such penalties shall run against the owner or operator rather than against the specified vehicle. It is further provided that, in order for such owner or operator to become liable for the penalties herein provided, it shall not be necessary to show that such owner or operator was guilty of willfulness, gross negligence or wantonness, but the offense shall be complete upon the failure or refusal to obtain the required permit.

(b) If any person who has registered his vehicle in Mississippi shall operate such vehicle upon the public highways, having a gross weight greater than the licensed gross weight of such vehicle, and shall fail or refuse to obtain a permit therefor as required by Section 27-19-79, or if any person shall operate any such registered vehicle upon the public highways in a higher classification than that for which it is registered, and shall fail or refuse to obtain a permit therefor as required by Section 27-19-79, then such person shall be liable for the pro rata part of the annual tax for the balance of the tag year for the legal gross weight of such vehicle and in the classification in which same is being operated, plus a penalty thereon of twenty-five percent (25%), after having been given credit for the unexpired part of the privilege tax paid, as provided in Section 27-19-75. In order that such owner or operator shall become liable for the penalties herein provided, it shall not be necessary to show that such owner or operator was guilty of willfulness, gross negligence or wantonness, but the offense shall be complete upon the failure or refusal to obtain the required permit.

(c) If any person shall operate upon a highway of this state a vehicle which has a greater vehicle gross weight than the maximum gross weight limit established by law for that highway and shall have failed to obtain an overload permit as required by Section 27-19-81, or if any person shall operate a vehicle with a greater load on any axle or axle grouping than allowed by law, then such person, owner or operator shall be assessed a

penalty on such axle load weight or vehicle gross weight as exceeds the legal limit in accordance with the following schedule:

AMOUNT IN EXCESS OF LEGAL HIGHWAY WEIGHT	
LIMITS IN POUNDS	PENALTY
1 to 999	\$10.00 minimum penalty
1,000 to 1,999	1¢ per pound in excess of legal limit

5,000 to 5,999	5¢ per pound in excess of legal limit

Any vehicle in violation of the tolerance allowed pursuant to Section 63-5-33(3) shall be fined pursuant to this subsection (c) for all weight in excess of the legal highway gross weight limit authorized for such vehicle or for all weight in excess of the legal tandem axle load weight limit of forty thousand (40,000) pounds and the legal single axle load limit of twenty thousand (20,000) pounds, whichever the case may be.

The penalty to be assessed for operations of a vehicle with a greater load on any axle or axle grouping than the legal axle load weight limits shall be one-half (1/2) the penalty for operation in excess of the legal gross weight limit.

In instances where both the legal highway gross weight limit and the legal axle load weight limit(s) are exceeded, the fine that shall be levied shall be either the penalty amount for the excess vehicle gross weight or the total of the penalty amounts of all overloaded axles, whichever is the larger amount.

Notwithstanding any other provisions of this section to the contrary, the fine assessed against the holder of a harvest permit for exceeding a gross vehicle weight of eighty-four thousand (84,000) pounds, but not exceeding a gross vehicle weight of ninety-five thousand (95,000) pounds, shall be Five Cents (5¢) per pound * * *. The fine for exceeding a gross vehicle weight of one hundred thousand (100,000) pounds shall be Two Thousand Five Hundred Dollars (\$2,500.00) for a first offense and Three Thousand Five Hundred Dollars (\$3,500.00) for a second offense. Any subsequent offense of exceeding a gross vehicle

weight of one hundred thousand (100,000) pounds may subject the permit holder to suspension of the harvest permit for up to thirty (30) days.

Notwithstanding any other provision of this subsection (c) to the contrary, upon an appeal to the Appeals Board of the Mississippi Transportation Commission by an owner or operator of a vehicle hauling without a harvest permit any of the products or materials described in subsection (3) of Section 63-5-33 and upon whom a penalty has been assessed under this subsection (c) for exceeding the legal weight limit(s) on a highway having a legal weight limit of eighty thousand (80,000) pounds or less, the appeals board shall reduce the penalty assessed against such owner/operator to an amount not to exceed ten percent (10%) of the amount which would otherwise be due without the reduction authorized under this paragraph. A reduction shall not be authorized under this paragraph if the gross weight of the vehicle for which an owner/operator has been charged with a violation of this section exceeds eighty-four thousand (84,000) pounds; and, in any event, no reduction shall be authorized under this paragraph unless a penalty assessed under this section is appealed to the appeals board and unless the board determines, based upon its records, that such owner/operator has not been granted a penalty reduction under this paragraph within a period of twelve (12) months immediately preceding the date of filing an appeal with the board for a penalty reduction under this paragraph.

(d) If any nonresident owner or operator who has not registered his vehicle and paid the annual privilege taxes prescribed shall operate his vehicle upon the highways of this state when such vehicle has a greater gross weight than permitted by law for the highway traveled upon, and for which such excess gross weight a permit was not or could not be procured from the transportation department as required by Section 27-19-81, such person shall be liable upon his second and all subsequent offenses for the pro rata part of the annual tax for the balance of the tag year for the legal gross weight of the vehicle, and in addition thereto the penalty fee on the excess weight as specified in subsection (c) of this section. In order that such owner or operator shall become liable for the penalties herein provided, it shall not be necessary that the same or identical vehicle be involved, it being the declared purpose hereof to provide that such penalties shall run against the owner or operator rather than against the specific vehicle.

(e) All fines and penalties imposed and collected by the Mississippi Department of Transportation for violations of the maximum legal vehicle weight limits authorized on the highways of this state shall be deposited into a special fund that is created in the State Treasury. Monies in the fund shall be allocated and distributed quarterly, beginning September 30, 1994, to each county of the state based on the amount of such fines and penalties imposed and collected in the county during the immediately preceding three (3) months. Monies distributed to the counties under this subsection shall be deposited in each county's road and bridge fund and may be expended, upon approval of the board of supervisors, for any purpose for which county road and bridge fund monies lawfully may be expended.

[From and after July 1, 2023, this section shall read as follows:]

27-19-89. (a) If any nonresident owner or operator or other nonresident person eligible for a temporary permit as provided in Section 27-19-79, who has not elected to register and pay the annual privilege taxes prescribed, shall enter or go upon the public highways of the state and shall fail or refuse to obtain the permit required by Section 27-19-79, such person shall be liable, for the first such offense, for the full amount of the permit fee required, plus a penalty thereon of five hundred percent (500%). For the second and all subsequent offenses, such person who fails or refuses to obtain such permits shall be liable for the pro rata part of the annual tax for the balance of the tag year for the maximum legal gross weight of the vehicle plus a penalty thereon of twenty-five percent (25%). Any weight in excess of the maximum legal gross weight of the vehicle, or in excess of the maximum highway weight limit, shall be penalized according to subsection (c) of this section. In either case the excess weight shall be removed by the

operator before the vehicle can be allowed to proceed. In order to constitute a "second or subsequent offense" under the provisions hereof, it shall not be necessary that the same or identical vehicle be involved, it being the declared purpose hereof to provide that such penalties shall run against the owner or operator rather than against the specified vehicle. It is further provided that, in order for such owner or operator to become liable for the penalties herein provided, it shall not be necessary to show that such owner or operator was guilty of willfulness, gross negligence or wantonness, but the offense shall be complete upon the failure or refusal to obtain the required permit.

(b) If any person who has registered his vehicle in Mississippi shall operate such vehicle upon the public highways, having a gross weight greater than the licensed gross weight of such vehicle, and shall fail or refuse to obtain a permit therefor as required by Section 27-19-79, or if any person shall operate any such registered vehicle upon the public highways in a higher classification than that for which it is registered, and shall fail or refuse to obtain a permit therefor as required by Section 27-19-79, then such person shall be liable for the pro rata part of the annual tax for the balance of the tag year for the legal gross weight of such vehicle and in the classification in which same is being operated, plus a penalty thereon of twenty-five percent (25%), after having been given credit for the unexpired part of the privilege tax paid, as provided in Section 27-19-75. In order that such owner or operator shall become liable for the penalties herein provided, it shall not be necessary to show that such owner or operator was guilty of willfulness, gross negligence or wantonness, but the offense shall be complete upon the failure or refusal to obtain the required permit.

(c) If any person shall operate upon a highway of this state a vehicle which has a greater vehicle gross weight than the maximum gross weight limit established by law for that highway and shall have failed to obtain an overload permit as required by Section 27-19-81, or if any person shall operate a vehicle with a greater load on any axle or axle grouping than allowed by law, then such person, owner or operator shall be assessed a penalty on such axle load weight or vehicle gross weight as exceeds the legal limit in accordance with the following schedule:

AMOUNT IN EXCESS OF

LEGAL HIGHWAY WEIGHT

LIMITS IN POUNDS	PENALTY
1 to 999	\$10.00 minimum penalty
1,000 to 1,999	1¢ per pound in excess of legal limit
2,000 to 2,999	2¢ per pound in excess of legal limit
3,000 to 3,999	3¢ per pound in excess of legal limit
4,000 to 4,999	4¢ per pound in excess of legal limit
5,000 to 5,999	5¢ per pound in excess of legal limit
6,000 to 6,999	6¢ per pound in excess of legal limit
7,000 to 7,999	7¢ per pound in excess of legal limit
8,000 to 8,999	8¢ per pound in excess of legal limit
9,000 to 9,999	9¢ per pound in excess of legal limit
10,000 to 10,999	10¢ per pound in excess of legal limit

11,000 or more 11¢ per pound in excess of legal limit

Any vehicle in violation of the tolerance allowed pursuant to Section 63-5-33(3) shall be fined pursuant to this subsection (c) for all weight in excess of the legal highway gross weight limit authorized for such vehicle or for all weight in excess of the legal tandem axle load weight limit of forty thousand (40,000) pounds and the legal single axle load limit of twenty thousand (20,000) pounds, whichever the case may be.

The penalty to be assessed for operations of a vehicle with a greater load on any axle or axle grouping than the legal axle load weight limits shall be one-half (1/2) the penalty for operation in excess of the legal gross weight limit.

In instances where both the legal highway gross weight limit and the legal axle load weight limit(s) are exceeded, the fine that shall be levied shall be either the penalty amount for the excess vehicle gross weight or the total of the penalty amounts of all overloaded axles, whichever is the larger amount.

Notwithstanding any other provisions of this section to the contrary, the fine assessed against the holder of a harvest permit for exceeding a gross vehicle weight of * * * eighty-eight thousand (88,000) pounds, but not exceeding a gross vehicle weight of ninety thousand (90,000) pounds, shall be Five Cents (5¢) per pound. The fine for exceeding a gross vehicle weight of ninety thousand (90,000) pounds, but not exceeding a gross vehicle weight of one hundred thousand (100,000) pounds, shall be One Thousand Five Hundred Dollars (\$1,500.00). The fine for exceeding a gross vehicle weight of one hundred thousand (100,000) pounds shall be Two Thousand Five Hundred Dollars (\$2,500.00) for a first offense and Three Thousand Five Hundred Dollars (\$3,500.00) for a second offense. Any subsequent offense of exceeding a gross vehicle weight of one hundred thousand (100,000) pounds may subject the permit holder to suspension of the harvest permit for up to thirty (30) days.

Notwithstanding any other provision of this subsection (c) to the contrary, upon an appeal to the Appeals Board of the Mississippi Transportation Commission by an owner or operator of a vehicle hauling without a harvest permit any of the products or materials described in subsection (3) of Section 63-5-33 and upon whom a penalty has been assessed under this subsection (c) for exceeding the legal weight limit(s) on a highway having a legal weight limit of eighty thousand (80,000) pounds or less, the appeals board shall reduce the penalty assessed against such owner/operator to an amount not to exceed ten percent (10%) of the amount which would otherwise be due without the reduction authorized under this paragraph. A reduction shall not be authorized under this paragraph if the gross weight of the vehicle for which an owner/operator has been charged with a violation of this section exceeds * * * eighty-eight thousand (88,000) pounds; and, in any event, no reduction shall be authorized under this paragraph unless a penalty assessed under this section is appealed to the appeals board and unless the board determines, based upon its records, that such owner/operator has not been granted a penalty reduction under this paragraph within a period of twelve (12) months immediately preceding the date of filing an appeal with the board for a penalty reduction under this paragraph.

(d) If any nonresident owner or operator who has not registered his vehicle and paid the annual privilege taxes prescribed shall operate his vehicle upon the highways of this state when such vehicle has a greater gross weight than permitted by law for the highway traveled upon, and for which such excess gross weight a permit was not or could not be procured from the transportation department as required by Section 27-19-81, such person shall be liable upon his second and all subsequent offenses for the pro rata part of the annual tax for the balance of the tag year for the legal gross weight of the vehicle, and in addition thereto the penalty fee on the excess weight as specified in subsection (c) of this section. In order that such owner or operator shall become liable for the penalties herein provided, it shall not be necessary that the same or identical vehicle be involved, it

being the declared purpose hereof to provide that such penalties shall run against the owner or operator rather than against the specific vehicle.

(e) All fines and penalties imposed and collected by the Mississippi Department of Transportation for violations of the maximum legal vehicle weight limits authorized on the highways of this state shall be deposited into a special fund that is created in the State Treasury. Monies in the fund shall be allocated and distributed quarterly, beginning September 30, 1994, to each county of the state based on the amount of such fines and penalties imposed and collected in the county during the immediately preceding three (3) months. Monies distributed to the counties under this subsection shall be deposited in each county's road and bridge fund and may be expended, upon approval of the board of supervisors, for any purpose for which county road and bridge fund monies lawfully may be expended.

SECTION 21. Section 65-1-179, Mississippi Code of 1972, is amended as follows:

[Through June 30, 2024, this section shall read as follows:]

65-1-179. (1) There is created in the State Treasury a special fund to be known as the "Emergency Road and Bridge Repair Fund," into which shall be deposited money appropriated by the Legislature or otherwise made available in any manner, and funds from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund and any interest earned or investment earnings on amounts in the fund shall be deposited into the fund. The expenditure of money deposited into the fund shall be under the direction of the Mississippi Department of Transportation, and such funds shall be paid by the Mississippi Department of Transportation upon warrants issued by the Department of Finance and Administration.

(2) Money in the fund shall be utilized by the Mississippi Department of Transportation, with the advice of the Emergency Road and Bridge Repair Fund Advisory Board, to provide funding, in equal portions, for * * *: (a) the repair, reconstruction and maintenance of the roads, streets and highways * * * of this state and its counties and municipalities, and * * * (b) the rehabilitation and replacement of bridges on the public roads, streets and highways * * * of this state and its counties and municipalities, as determined by a unanimous vote of the Mississippi Transportation Commission. However, before the expenditure of money in the fund, the department shall promulgate rules and regulations as authorized in subsection (3) of this section.

(3) (a) There is created the Emergency Road and Bridge Repair Fund Advisory Board which shall consist of the following members:

- (i) The President and Chief Executive Officer of the Mississippi Economic Council;
- (ii) The President and Chief Executive Officer of the Mississippi Manufacturers Association;
- (iii) The President of the Mississippi Farm Bureau Federation;
- (iv) The President of the Mississippi Poultry Association;
- (v) The President of the Mississippi Trucking Association;
- (vi) The Executive Director of the Mississippi Association of Supervisors;
- (vii) The Executive Director of the Mississippi Municipal League;

(viii) The Executive Vice President of the Mississippi Cattlemen's Association;

(ix) The Executive Director of the Mississippi Loggers Association;
and

(x) The Executive Director of the American Council of Engineering Companies-Mississippi.

(b) The Governor shall appoint the chairman of the board and the board shall elect such other officers as it considers necessary from among its members.

(c) A majority of the members of the board shall constitute a quorum for the conduct of meetings and all actions of the board shall be by a majority vote. No compensation, per diem or mileage expense shall be provided to board members.

(d) The Governor's office shall provide any necessary administrative support to the board.

(e) The board shall meet at least quarterly to conduct business.

(f) The board shall provide nonbinding advice to the Department of Transportation regarding the expenditure of money in the Emergency Road and Bridge Repair Fund.

(4) The Mississippi Department of Transportation shall have all powers necessary to implement and administer the program established under this section to maximize all potential sources of funding including state and federal, for projects covered by the program. Any available sources of funding may be combined to fund any project covered by the program. This includes state aid road funds and/or Local System Bridge Replacement and Rehabilitation Program funds, which may be used in conjunction with Emergency Road and Bridge Repair Fund monies within the discretion of the State Aid Engineer. Under no circumstances, however, shall Emergency Road and Bridge Repair Fund monies be used to reimburse any amount that has been expended on the project prior to the award of such monies to the recipient.

(5) When monies in the Emergency Road and Bridge Repair Fund are distributed for projects, such monies shall not be redeposited in the State Treasury, absent extraordinary circumstances where the recipient must return monies received under the program. This requirement is not intended to inhibit state agencies from receiving Emergency Road and Bridge Repair Fund monies for appropriate projects or to curtail any proper transfer of monies to accomplish such a project.

(6) The department shall promulgate rules and regulations, in accordance with the Mississippi Administrative Procedures Law, necessary for the implementation of this section.

SECTION 22. Section 19-11-27, Mississippi Code of 1972, is amended as follows:

19-11-27. No board of supervisors of any county shall expend from, or contract an obligation against, the budget estimates for road and bridge construction, maintenance and equipment, made and published by it during the last year of the term of office of such board, between the first day of October and the first day of the following January, a sum exceeding one-fourth ($\frac{1}{4}$) of such item of the budget made and published by it, except in cases of emergency. The clerk of any county is prohibited from issuing any warrant contrary to the provisions of this section. No board of supervisors nor any member thereof shall buy any machinery or equipment in the last six (6) months of their or his term unless or until he has been elected at the general election of that year. The provisions of this section shall not apply to (i) until January 1, 2020, projects of any type that receive monies from the Local System Bridge Replacement and Rehabilitation Program, the Emergency Road and Bridge Repair Fund, the 2018 Transportation and Infrastructure Improvement Fund or the Gulf Coast Restoration Fund and (ii) to expenditures during calendar year 2019 on deficient bridges in the State Aid Road System or the Local System Road Program that have a sufficiency rating of less than fifty (50) or to a contract, lease or lease-purchase contract executed pursuant to the bidding requirements in Section 31-7-13 and approved by a unanimous vote of the board. Such unanimous vote shall include a statement indicating the board's proclamation that the award of the contract is essential to the efficiency and economy of the operation of the county government. On and after July 1, 2021, through June 30, 2024, the provisions of this section shall not apply to projects of any type that receive monies from the Emergency Road and Bridge Repair Fund.

SECTION 23. Section 63-5-33, Mississippi Code of 1972, is amended as follows:

63-5-33. (1) Subject to the limitations imposed on wheel and axle loads by Section 63-5-27, and to the further limitations hereinafter specified, the total combined weight (vehicles plus load) on any group of axles of a vehicle or a combination of vehicles shall not exceed the value given in the following table (Table III) corresponding to the distance in feet between the extreme axles of the group, measured longitudinally to the nearest foot, on those highways or parts of highways designated by the Mississippi Transportation Commission as being capable of carrying the maximum load limits and, in addition thereto, such other highways or parts of highways found by the commission to be suitable to carry the maximum load limits from an engineering standpoint, and so designated as such by order of the commission entered upon its minutes and published once each week for three (3) consecutive weeks in a daily newspaper published in this state and having a general circulation therein. The maximum total combined weight carried on any group of two (2) or more consecutive axles shall be determined by the formula contained in the Federal Weight Law enacted January 4, 1975, as follows: $W=500 (LN/N-1+12N+36)$ where W =maximum weight in pounds carried on any group of two (2) or more axles computed

to the nearest five hundred (500) pounds, L=distance in feet between the extremes of any group of two (2) or more consecutive axles, and N=number of axles in any group under consideration.

(2) Moreover, in addition to the per axle weight limitations specified by Section 63-5-27, two (2) consecutive sets of tandem axles may carry a gross load of thirty-four thousand (34,000) pounds each, providing that the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six (36) feet or more, except that, until September 1, 1989, the axle distance for tank trailers, dump trailers and ocean transport container haulers may be thirty (30) feet or more. Such overall gross weight may not exceed eighty thousand (80,000) pounds, except as provided by this section.

(3) Notwithstanding the provisions of Section 63-5-27 and/or Section 63-5-29 to the contrary, vehicles hauling products in the manner set forth in this subsection, whether or not such vehicles are operating with a harvest permit, shall be allowed a gross weight of not to exceed forty thousand (40,000) pounds on any tandem. Vehicles operating without a harvest permit shall be allowed a tolerance not to exceed five percent (5%) above their authorized gross vehicle weight, tandem or axle weight; except that the maximum gross vehicle weight of any such vehicle shall not exceed eighty thousand (80,000) pounds plus a tolerance thereon of not more than two percent (2%). Vehicles operating without a harvest permit loading at a point of origin having scales available for weighing the vehicle shall not be eligible for any tolerance over the gross weight limit of eighty thousand (80,000) pounds. Vehicles operating with a harvest permit shall be allowed a tolerance not to exceed ten percent (10%) above their authorized tandem or axle weight, but the maximum gross vehicle weight of any such vehicle shall not exceed * * * eighty-eight thousand (88,000) pounds. However, neither the increased weights in this subsection nor any tolerance shall be allowed on federal interstate highways or on other highways where a tolerance is specifically prohibited by the Transportation Commission, the county board of supervisors or the municipal governing authorities as provided for in Section 63-5-27. The tolerance allowed by this subsection shall only apply to the operation of vehicles from the point of loading to the point of unloading for processing, and to the operation of vehicles hauling sand, gravel, woodchips, wood shavings, sawdust, fill dirt, and agricultural products, and products for recycling or materials for the construction or repair of highways. The range of such operation shall not exceed a radius of one hundred (100) miles except where the products are being transported for processing within this state.

(4) Notwithstanding the provisions of Section 63-5-27 and/or Section 63-5-29 to the contrary, vehicles hauling prepackaged products, unloaded at a state port or to be loaded at a state port, which are containerized in such a manner as to make subdivision thereof impractical shall be allowed a gross weight of not to exceed forty thousand

(40,000) pounds on any tandem, and a tolerance not to exceed ten percent (10%) above their authorized gross weight, tandem or axle weight; except that the maximum weight of any vehicle shall not exceed eighty thousand (80,000) pounds plus a tolerance thereon of not more than two percent (2%); however, neither the increased weights in this subsection nor any tolerance shall be allowed on federal interstate highways or on other highways where a tolerance is specifically prohibited by the Transportation Commission, the county board of supervisors or the municipal governing authorities as provided for in Section 63-5-27.

(5) (a) Vehicles for which a harvest permit has been issued pursuant to Section 27-19-81(4) shall be allowed a gross vehicle weight not to exceed * * * eighty-eight thousand (88,000) pounds. However, the board of supervisors of any county and the governing authorities of any municipality may designate the roads, streets and highways under their respective jurisdiction on and along which vehicles for which a harvest permit has been issued may travel. This subsection shall not apply to the federal interstate system.

(b) Any owner or operator who has been issued a harvest permit and who wishes to operate a vehicle on the roads, streets or highways under the jurisdiction of a county or municipality at a gross vehicle weight greater than the weight allowed by law or greater than the maximum weight established for such roads, streets or highways by the board of supervisors or municipal governing authorities, shall notify, in writing, the board of supervisors or the governing authorities, as the case may be, before operating such vehicle on the roads, streets or highways of such county or municipality. In his notice, the permit holder shall identify the routes over which he intends to operate vehicles for which the permit has been issued and the dates or time period during which he will be operating such vehicles. The board of supervisors or the governing authorities, as the case may be, shall have two (2) working days to respond in writing to the permit holder to notify the permit holder of the routes on and along which the permit holder may operate vehicles for which a harvest permit has been issued. Failure of the board of supervisors or the governing authorities timely to notify the permit holder and to designate the routes on and along which the permit holder may operate shall be considered as authorizing the permit holder to operate on any of the roads, streets or highways of the county or municipality in accordance with the authority granted to the permit holder by the harvest permit.

(c) Any time a timber deed is filed with the chancery clerk, the grantee, at that time, may make a written request of the board of supervisors of the county or the governing authorities of the municipality, as the case may be, for the purpose of providing to the grantee, within three (3) working days of the filing of the request, a designated and approved route over the roads, streets or highways under the jurisdiction of the county or city, as the case may be, that the grantee may travel for the purpose of transporting harvested timber. Upon providing such route designation, the county or city, as the case may be, shall also provide to the grantee a map designating the approved route. An approved route designation provided to a grantee under the provisions of this paragraph shall be valid for a period of six (6) months from its date of issue. The permit authorized to be issued under paragraph (b) of this subsection shall not be required for any person who obtains a permit issued under this paragraph.

(d) This subsection (5) shall stand repealed from and after July 1, 2022.

(6) Nothing in this section or subsections (1) through (4) of Section 63-5-27 shall be construed to deny the operation of any vehicle or combination of vehicles that could be lawfully operated upon the interstate highway system of this state on January 4, 1975.

(7) (a) Notwithstanding any provisions of Section 63-5-27 to the contrary, a vehicle that is operated by an engine fueled primarily by compressed or liquefied natural gas may exceed the gross vehicle weight limits by an amount, not to exceed a maximum of two thousand (2,000) pounds, that is equal to the difference between the weight of the vehicle

attributable to the natural gas tank and fueling system carried by the vehicle and the weight of a comparable diesel tank and fueling system.

(b) The weight exception provided in this subsection shall apply to all interstate highways per the exemption expressly permitted by 23 USC Section 127.

SECTION 24. Section 65-1-46, Mississippi Code of 1972, is amended as follows:

65-1-46. (1) There is created an Appeals Board of the Mississippi Transportation Commission. If any person feels aggrieved by a penalty for excess weight assessed against him by an agent or employee of the Mississippi Department of Transportation pursuant to Section 27-19-89, he may apply to the appeals board.

(2) The members serving on the appeals board on April 7, 1995, shall continue to serve until July 1, 1995. On July 1, 1995, the appeals board shall be reconstituted to be composed of five (5) qualified people. The initial appointments to the reconstituted board shall be made no later than June 30, 1995, for terms to begin July 1, 1995, as follows: One (1) member shall be appointed by the Governor for a term ending on June 30, 1996, one (1) member shall be appointed by the Lieutenant Governor for a term ending on June 30, 1997, one (1) member shall be appointed by the Attorney General for a term ending on June 30, 1998, one (1) member shall be appointed by the Chairman of the State Tax Commission for a term ending on June 30, 1999, and one (1) member shall be appointed by the Executive Director of the Mississippi Department of Transportation for a term ending on June 30, 2000. After the expiration of the initial terms of the members of the reconstituted board, all subsequent appointments shall be made for terms of four (4) years from the expiration date of the previous term. Any member serving on the appeals board before July 1, 1995, may be reappointed to the reconstituted appeals board. Appointments to the board shall be with the advice and consent of the Senate; however, the advice and consent of the Senate shall not be required for the appointment of a person to the reconstituted appeals board for a term beginning on July 1, 1995, if such person was serving as a member of the appeals board on June 30, 1995, and such person received the advice and consent of the Senate for that appointment.

(3) There shall be a chairman and vice chairman of the board who shall be elected by and from the membership of the board. Any member who fails to attend three (3) consecutive regular meetings of the board shall be subject to removal by a majority vote of the board. A majority of the members of the board shall constitute a quorum. The chairman, or a majority of the members of the board, may call meetings as may be required for the proper discharge of the board's duties. Members of the board, except a member who is an officer or employee of the Mississippi Department of Transportation, shall receive per diem in the amount authorized by Section 25-3-69, for each day spent in the actual discharge of their duties and shall be reimbursed for mileage and actual expenses incurred in the performance of their duties in accordance with the provisions of Section 25-3-41.

Application shall be made by petition in writing, within thirty (30) days after assessment of the penalty, for a hearing and a review of the amount of the assessment. At the hearing the appeals board shall try the issues presented according to the law and the facts and within guidelines set by the Transportation Commission. Upon due consideration of all the facts relating to the assessment of the penalty, the appeals board, except as otherwise provided under this section or under Section 27-19-89, may require payment of the full amount of the assessment, may reduce the amount of the assessment or may dismiss imposition of the penalty entirely. The appeals board shall dismiss in its entirety the imposition of any penalty imposed against the holder of a harvest permit if the permittee proves to the appeals board, by clear and convincing evidence, that the average load transported by the permittee during the permittee's last five (5) haul days immediately preceding the day upon which the penalty appealed from was assessed did not exceed eighty thousand (80,000) pounds. The appeals board shall reduce the penalty assessed against the holder of a harvest permit to a maximum of Two Cents (2¢) per pound of

overweight if the permittee proves to the appeals board, by clear and convincing evidence, that the average load transported by the permittee during the permittee's last five (5) haul days immediately preceding the day upon which the penalty appealed from was assessed exceeded seventy-nine thousand nine hundred ninety-nine (79,999) pounds but did not exceed * * * eighty-eight thousand (88,000) pounds. The board shall make such orders in the matter as appear to it just and lawful and shall furnish copies thereof to the petitioner. If the appeals board orders the payment of the penalty, the petitioner shall pay the penalty, damages and interest, if any, within ten (10) days after the order is issued unless there is an application for appeal from the decision of the board as provided in the succeeding paragraph. Interest shall accrue on the penalty at the rate of one percent (1%) per month, or part of a month, beginning immediately after the expiration of the ten-day period.

If any person feels aggrieved by the decision of the appeals board, he may appeal the decision to the Chancery Court of the First Judicial District of Hinds County.

(c) Families not assigning to the state any rights a family member may have, on behalf of the family member or of any other person for whom the family member has applied for or is receiving such assistance, to support from any other person, as required by law;

(d) Families who fail to cooperate in establishing paternity or obtaining child support, as required by law;

(e) Any individual who has not attained eighteen (18) years of age, is not married to the head of household, has a minor child at least twelve (12) weeks of age in his or her care, and has not successfully completed a high school education or its equivalent, if such individual does not participate in educational activities directed toward the attainment of a high school diploma or its equivalent, or an alternative educational or training program approved by the department;

(f) Any individual who has not attained eighteen (18) years of age, is not married, has a minor child in his or her care, and does not reside in a place or residence maintained by a parent, legal guardian or other adult relative or the individual as such parent's, guardian's or adult relative's own home;

(g) Any minor child who has been, or is expected by a parent or other caretaker relative of the child to be, absent from the home for a period of more than thirty (30) days;

(h) Any individual who is a parent or other caretaker relative of a minor child who fails to notify the department of the absence of the minor child from the home for the thirty-day period specified in paragraph (g), by the end of the five-day period that begins

with the date that it becomes clear to the individual that the minor child will be absent for the thirty-day period;

(i) Any individual who fails to comply with the provisions of the Employability Development Plan signed by the individual which prescribe those activities designed to help the individual become and remain employed, or to participate satisfactorily in the assigned work activity, as authorized under subsection (6)(c) and (d), or who does not engage in applicant job search activities within the thirty-day period for TANF application approval after receiving the advice and consultation of eligibility workers and/or caseworkers of the department providing a detailed description of available job search venues in the individual's county of residence or the surrounding counties;

(j) A parent or caretaker relative who has not engaged in an allowable work activity once the department determines the parent or caretaker relative is ready to engage in work, or once the parent or caretaker relative has received TANF assistance under the program for twenty-four (24) months, whether or not consecutive, whichever is earlier;

(k) Any individual who is fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the jurisdiction from which the individual flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the individual flees, or who is violating a condition of probation or parole imposed under federal or state law;

(l) Aliens who are not qualified under federal law;

(m) For a period of ten (10) years following conviction, individuals convicted in federal or state court of having made a fraudulent statement or representation with respect to the individual's place of residence in order to receive TANF, food stamps or Supplemental Security Income (SSI) assistance under Title XVI or Title XIX simultaneously from two (2) or more states;

(n) Individuals who are recipients of federal Supplemental Security Income (SSI) assistance; and

(o) Individuals who are eighteen (18) years of age or older who are not in compliance with the drug testing and substance use disorder treatment requirements of Section 43-17-6.

(4) (a) Any person who is otherwise eligible for TANF benefits, including custodial and noncustodial parents, shall be required to attend school and meet the monthly attendance requirement as provided in this subsection if all of the following apply:

(i) The person is under age twenty (20);

(ii) The person has not graduated from a public or private high school or obtained a High School Equivalency Diploma equivalent;

(iii) The person is physically able to attend school and is not excused from attending school; and

(iv) If the person is a parent or caretaker relative with whom a dependent child is living, child care is available for the child.

The monthly attendance requirement under this subsection shall be attendance at the school in which the person is enrolled for each day during a month that the school conducts classes in which the person is enrolled, with not more than two (2) absences during the month for reasons other than the reasons listed in paragraph (e)(iv) of this

subsection. Persons who fail to meet participation requirements in this subsection shall be subject to sanctions as provided in paragraph (f) of this subsection.

(b) As used in this subsection, "school" means any one (1) of the following:

(i) A school as defined in Section 37-13-91(2);

(ii) A vocational, technical and adult education program; or

(iii) A course of study meeting the standards established by the State Department of Education for the granting of a declaration of equivalency of high school graduation.

(c) If any compulsory-school-age child, as defined in Section 37-13-91(2), to which TANF eligibility requirements apply is not in compliance with the compulsory school attendance requirements of Section 37-13-91(6), the superintendent of schools of the school district in which the child is enrolled or eligible to attend shall notify the county department of human services of the child's noncompliance. The Department of Human Services shall review school attendance information as provided under this paragraph at all initial eligibility determinations and upon subsequent report of unsatisfactory attendance.

(d) The signature of a person on an application for TANF benefits constitutes permission for the release of school attendance records for that person or for any child residing with that person. The department shall request information from the child's school district about the child's attendance in the school district's most recently completed semester of attendance. If information about the child's previous school attendance is not available or cannot be verified, the department shall require the child to meet the monthly attendance requirement for one (1) semester or until the information is obtained. The department shall use the attendance information provided by a school district to verify attendance for a child. The department shall review with the parent or caretaker relative a child's claim that he or she has a good cause for not attending school.

A school district shall provide information to the department about the attendance of a child who is enrolled in a public school in the district within five (5) working days of the receipt of a written request for that information from the department. The school district shall define how many hours of attendance count as a full day and shall provide that information, upon request, to the department. In reporting attendance, the school district may add partial days' absence together to constitute a full day's absence.

If a school district fails to provide to the department the information about the school attendance of any child within fifteen (15) working days after a written request, the department shall notify the Department of Audit within three (3) working days of the school district's failure to comply with that requirement. The Department of Audit shall begin audit proceedings within five (5) working days of notification by the Department of Human Services to determine the school district's compliance with the requirements of this subsection (4). If the Department of Audit finds that the school district is not in compliance with the requirements of this subsection, the school district shall be penalized as follows: The Department of Audit shall notify the State Department of Education of the school district's noncompliance, and the Department of Education shall reduce the calculation of the school district's average daily attendance (ADA) that is used to determine the allocation of Mississippi Adequate Education Program funds by the number of children for which the district has failed to provide to the Department of Human Services the required information about the school attendance of those children. The reduction in the calculation of the school district's ADA under this paragraph shall be effective for a period of one (1) year.

(e) A child who is required to attend school to meet the requirements under this subsection shall comply except when there is good cause, which shall be demonstrated by any of the following circumstances:

(i) The minor parent is the caretaker of a child less than twelve (12) weeks old; or

(ii) The department determines that child care services are necessary for the minor parent to attend school and there is no child care available; or

(iii) The child is prohibited by the school district from attending school and an expulsion is pending. This exemption no longer applies once the teenager has been expelled; however, a teenager who has been expelled and is making satisfactory progress towards obtaining a High School Equivalency Diploma equivalent shall be eligible for TANF benefits; or

(iv) The child failed to attend school for one or more of the following reasons:

1. Illness, injury or incapacity of the child or the minor parent's child;

2. Court-required appearances or temporary incarceration;

3. Medical or dental appointments for the child or minor parent's child;

4. Death of a close relative;

5. Observance of a religious holiday;

6. Family emergency;

7. Breakdown in transportation;

8. Suspension; or

9. Any other circumstance beyond the control of the child, as defined in regulations of the department.

(f) Upon determination that a child has failed without good cause to attend school as required, the department shall provide written notice to the parent or caretaker relative (whoever is the primary recipient of the TANF benefits) that specifies:

(i) That the family will be sanctioned in the next possible payment month because the child who is required to attend school has failed to meet the attendance requirement of this subsection;

(ii) The beginning date of the sanction, and the child to whom the sanction applies;

(iii) The right of the child's parents or caretaker relative (whoever is the primary recipient of the TANF benefits) to request a fair hearing under this subsection.

The child's parent or caretaker relative (whoever is the primary recipient of the TANF benefits) may request a fair hearing on the department's determination that the child has not been attending school. If the child's parents or caretaker relative does not request a fair hearing under this subsection, or if, after a fair hearing has been held, the hearing officer finds that the child without good cause has failed to meet the monthly

attendance requirement, the department shall discontinue or deny TANF benefits to the child thirteen (13) years old, or older, in the next possible payment month. The department shall discontinue or deny twenty-five percent (25%) of the family grant when a child six (6) through twelve (12) years of age without good cause has failed to meet the monthly attendance requirement. Both the child and family sanction may apply when children in both age groups fail to meet the attendance requirement without good cause. A sanction applied under this subsection shall be effective for one (1) month for each month that the child failed to meet the monthly attendance requirement. In the case of a dropout, the sanction shall remain in force until the parent or caretaker relative provides written proof from the school district that the child has reenrolled and met the monthly attendance requirement for one (1) calendar month. Any month in which school is in session for at least ten (10) days during the month may be used to meet the attendance requirement under this subsection. This includes attendance at summer school. The sanction shall be removed the next possible payment month.

(5) All parents or caretaker relatives shall have their dependent children receive vaccinations and booster vaccinations against those diseases specified by the State Health Officer under Section 41-23-37 in accordance with the vaccination and booster vaccination schedule prescribed by the State Health Officer for children of that age, in order for the parents or caretaker relatives to be eligible or remain eligible to receive TANF benefits. Proof of having received such vaccinations and booster vaccinations shall be given by presenting the certificates of vaccination issued by any health care provider licensed to administer vaccinations, and submitted on forms specified by the State Board of Health. If the parents without good cause do not have their dependent children receive the vaccinations and booster vaccinations as required by this subsection and they fail to comply after thirty (30) days' notice, the department shall sanction the family's TANF benefits by twenty-five percent (25%) for the next payment month and each subsequent payment month until the requirements of this subsection are met.

(6) (a) If the parent or caretaker relative applying for TANF assistance is work eligible, as determined by the Department of Human Services, the person shall be required to engage in an allowable work activity once the department determines the parent or caretaker relative is determined work eligible, or once the parent or caretaker relative has received TANF assistance under the program for twenty-four (24) months, whether or not consecutive, whichever is earlier. No TANF benefits shall be given to any person to whom this section applies who fails without good cause to comply with the Employability Development Plan prepared by the department for the person, or who has refused to accept a referral or offer of employment, training or education in which he or she is able to engage, subject to the penalties prescribed in paragraph (e) of this subsection. A person shall be deemed to have refused to accept a referral or offer of employment, training or education if he or she:

(i) Willfully fails to report for an interview with respect to employment when requested to do so by the department; or

(ii) Willfully fails to report to the department the result of a referral to employment; or

(iii) Willfully fails to report for allowable work activities as prescribed in paragraphs (c) and (d) of this subsection.

(b) The Department of Human Services shall operate a statewide work program for TANF recipients to provide work activities and supportive services to enable families to become self-sufficient and improve their competitive position in the workforce in accordance with the requirements of the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193), as amended, and the regulations promulgated thereunder, and the Deficit Reduction Act of 2005 (Public Law 109-171), as amended. Within sixty (60) days after the initial application for TANF benefits, the TANF recipient must participate in a job search skills training workshop or a

job readiness program, which shall include resume writing, job search skills, employability skills and, if available at no charge, the General Aptitude Test Battery or its equivalent. All adults who are not specifically exempt shall be referred by the department for allowable work activities. An adult may be exempt from the mandatory work activity requirement for the following reasons:

(i) Incapacity;

(ii) Temporary illness or injury, verified by physician's certificate;

(iii) Is in the third trimester of pregnancy, and there are complications verified by the certificate of a physician, nurse practitioner, physician assistant, or any other licensed health care professional practicing under a protocol with a licensed physician;

(iv) Caretaker of a child under twelve (12) months, for not more than twelve (12) months of the sixty-month maximum benefit period;

(v) Caretaker of an ill or incapacitated person, as verified by physician's certificate;

(vi) Age, if over sixty (60) or under eighteen (18) years of age;

(vii) Receiving treatment for substance abuse, if the person is in compliance with the substance abuse treatment plan;

(viii) In a two-parent family, the caretaker of a severely disabled child, as verified by a physician's certificate; or

(ix) History of having been a victim of domestic violence, which has been reported as required by state law and is substantiated by police reports or court records, and being at risk of further domestic violence, shall be exempt for a period as deemed necessary by the department but not to exceed a total of twelve (12) months, which need not be consecutive, in the sixty-month maximum benefit period. For the purposes of this subparagraph (ix), "domestic violence" means that an individual has been subjected to:

1. Physical acts that resulted in, or threatened to result in, physical injury to the individual;

2. Sexual abuse;

3. Sexual activity involving a dependent child;

4. Being forced as the caretaker relative of a dependent child to engage in nonconsensual sexual acts or activities;

5. Threats of, or attempts at, physical or sexual abuse;

6. Mental abuse; or

7. Neglect or deprivation of medical care.

(c) For all families, all adults who are not specifically exempt shall be required to participate in work activities for at least the minimum average number of hours per week specified by federal law or regulation, not fewer than twenty (20) hours per week (thirty-five (35) hours per week for two-parent families) of which are attributable to the following allowable work activities:

- (i) Unsubsidized employment;
 - (ii) Subsidized private employment;
 - (iii) Subsidized public employment;
 - (iv) Work experience (including work associated with the refurbishing of publicly assisted housing), if sufficient private employment is not available;
 - (v) On-the-job training;
 - (vi) Job search and job readiness assistance consistent with federal TANF regulations;
 - (vii) Community service programs;
 - (viii) Vocational educational training (not to exceed twelve (12) months with respect to any individual);
 - (ix) The provision of child care services to an individual who is participating in a community service program;
 - (x) Satisfactory attendance at high school or in a course of study leading to a high school equivalency certificate, for heads of household under age twenty (20) who have not completed high school or received such certificate;
 - (xi) Education directly related to employment, for heads of household under age twenty (20) who have not completed high school or received such equivalency certificate.
- (d) The following are allowable work activities which may be attributable to hours in excess of the minimum specified in paragraph (c) of this subsection:
- (i) Job skills training directly related to employment;
 - (ii) Education directly related to employment for individuals who have not completed high school or received a high school equivalency certificate;
 - (iii) Satisfactory attendance at high school or in a course of study leading to a high school equivalency, for individuals who have not completed high school or received such equivalency certificate;
 - (iv) Job search and job readiness assistance consistent with federal TANF regulations.
- (e) If any adult or caretaker relative refuses to participate in allowable work activity as required under this subsection (6), the following full family TANF benefit penalty will apply, subject to due process to include notification, conciliation and a hearing if requested by the recipient:
- (i) For the first violation, the department shall terminate the TANF assistance otherwise payable to the family for a two-month period or until the person has complied with the required work activity, whichever is longer;
 - (ii) For the second violation, the department shall terminate the TANF assistance otherwise payable to the family for a six-month period or until the person has complied with the required work activity, whichever is longer;

(iii) For the third violation, the department shall terminate the TANF assistance otherwise payable to the family for a twelve-month period or until the person has complied with the required work activity, whichever is longer;

(iv) For the fourth violation, the person shall be permanently disqualified.

For a two-parent family, unless prohibited by state or federal law, Medicaid assistance shall be terminated only for the person whose failure to participate in allowable work activity caused the family's TANF assistance to be sanctioned under this paragraph (e), unless an individual is pregnant, but shall not be terminated for any other person in the family who is meeting that person's applicable work requirement or who is not required to work. Minor children shall continue to be eligible for Medicaid benefits regardless of the disqualification of their parent or caretaker relative for TANF assistance under this subsection (6), unless prohibited by state or federal law.

(f) Any person enrolled in a two-year or four-year college program who meets the eligibility requirements to receive TANF benefits, and who is meeting the applicable work requirements and all other applicable requirements of the TANF program, shall continue to be eligible for TANF benefits while enrolled in the college program for as long as the person meets the requirements of the TANF program, unless prohibited by federal law.

(g) No adult in a work activity required under this subsection (6) shall be employed or assigned (i) when any other individual is on layoff from the same or any substantially equivalent job within six (6) months before the date of the TANF recipient's employment or assignment; or (ii) if the employer has terminated the employment of any regular employee or otherwise caused an involuntary reduction of its workforce in order to fill the vacancy so created with an adult receiving TANF assistance. The Mississippi Department of Employment Security, established under Section 71-5-101, shall appoint one or more impartial hearing officers to hear and decide claims by employees of violations of this paragraph (g). The hearing officer shall hear all the evidence with respect to any claim made hereunder and such additional evidence as he may require and shall make a determination and the reason therefor. The claimant shall be promptly notified of the decision of the hearing officer and the reason therefor. Within ten (10) days after the decision of the hearing officer has become final, any party aggrieved thereby may secure judicial review thereof by commencing an action, in the circuit court of the county in which the claimant resides, against the department for the review of such decision, in which action any other party to the proceeding before the hearing officer shall be made a defendant. Any such appeal shall be on the record which shall be certified to the court by the department in the manner provided in Section 71-5-531, and the jurisdiction of the court shall be confined to questions of law which shall render its decision as provided in that section.

(7) The Department of Human Services may provide child care for eligible participants who require such care so that they may accept employment or remain employed. The department may also provide child care for those participating in the TANF program when it is determined that they are satisfactorily involved in education, training or other allowable work activities. The department may contract with Head Start agencies to provide child care services to TANF recipients. The department may also arrange for child care by use of contract or vouchers, provide vouchers in advance to a caretaker relative, reimburse a child care provider, or use any other arrangement deemed appropriate by the department, and may establish different reimbursement rates for child care services depending on the category of the facility or home. Any center-based or group home child care facility under this subsection shall be licensed by the State Department of Health pursuant to law. When child care is being provided in the child's own home, in the home of a relative of the child, or in any other unlicensed setting, the provision of such child care may be monitored on a random basis by the Department of Human Services or the State Department of Health. Transitional child care assistance

may be continued if it is necessary for parents to maintain employment once support has ended, unless prohibited under state or federal law. Transitional child care assistance may be provided for up to twenty-four (24) months after the last month during which the family was eligible for TANF assistance, if federal funds are available for such child care assistance.

(8) The Department of Human Services may provide transportation or provide reasonable reimbursement for transportation expenses that are necessary for individuals to be able to participate in allowable work activity under the TANF program.

(9) Medicaid assistance shall be provided to a family of TANF program participants for up to twenty-four (24) consecutive calendar months following the month in which the participating family would be ineligible for TANF benefits because of increased income, expiration of earned income disregards, or increased hours of employment of the caretaker relative; however, Medicaid assistance for more than twelve (12) months may be provided only if a federal waiver is obtained to provide such assistance for more than twelve (12) months and federal and state funds are available to provide such assistance.

(10) The department shall require applicants for and recipients of public assistance from the department to sign a personal responsibility contract that will require the applicant or recipient to acknowledge his or her responsibilities to the state.

(11) The department shall enter into an agreement with the State Personnel Board and other state agencies that will allow those TANF participants who qualify for vacant jobs within state agencies to be placed in state jobs. State agencies participating in the TANF work program shall receive any and all benefits received by employers in the private sector for hiring TANF recipients. This subsection (11) shall be effective only if the state obtains any necessary federal waiver or approval and if federal funds are available therefor. Not later than September 1, 2021, the department shall prepare a report, which shall be provided to the Chairmen of the House and Senate Public Health Committees and to any other member of the Legislature upon request, on the history, status, outcomes and effectiveness of the agreements required under this subsection.

(12) Any unspent TANF funds remaining from the prior fiscal year may be expended for any TANF allowable activities.

(13) The Mississippi Department of Human Services shall provide TANF applicants information and referral to programs that provide information about birth control, prenatal health care, abstinence education, marriage education, family preservation and fatherhood. Not later than September 1, 2021, the department shall prepare a report, which shall be provided to the Chairmen of the House and Senate Public Health Committees and to any other member of the Legislature upon request, on the history, status, outcomes and effectiveness of the information and referral requirements under this subsection.

(14) No new TANF program requirement or restriction affecting a person's eligibility for TANF assistance, or allowable work activity, which is not mandated by federal law or regulation may be implemented by the Department of Human Services after July 1, 2004, unless such is specifically authorized by an amendment to this section by the Legislature.

The portion of the additional fee retained by the tax collector shall be deposited into the county general fund.

(3) Beginning with any registration year commencing on or after July 1, 2021, any person applying for a distinctive license tag under this section shall pay an additional fee in the amount of Thirty Dollars (\$30.00) for each distinctive license tag applied for under this section, which shall be in addition to all other taxes and fees. The additional fee paid shall be for a period of time to run concurrently with the vehicle's established license tag year. The additional fee is due and payable at the time the original application is made for a distinctive license tag under this section and thereafter annually at the time of renewal registration as long as the owner retains the distinctive license tag. If the owner does not wish to retain the distinctive license tag, he must surrender it to the local county tax collector.

(4) The Department of Revenue shall deposit all fees into the State Treasury on the day collected. At the end of each month, the Department of Revenue shall certify to the State Treasurer the total fees collected under this section from the issuance of the distinctive license tags issued under this section. The State Treasurer shall distribute such collections as follows:

(a) Twenty-four Dollars (\$24.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be distributed to Wildlife Mississippi.

(b) One Dollar (\$1.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited into the Mississippi Burn Care Fund created pursuant to Section 7-9-70.

(c) Two Dollars (\$2.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited to the credit of the State Highway Fund to be expended solely for the repair, maintenance, construction or reconstruction of highways.

(5) A regular license tag must be properly displayed as required by law until replaced by a distinctive license tag under this section. The regular license tag must be surrendered to the tax collector upon issuance of the distinctive license tag under this section. The tax collector shall issue up to two (2) license decals for each distinctive license tag issued under this section, which will expire the same month and year as the regular license tag.

(6) In the case of loss or theft of a distinctive license tag issued under this section, the owner may make application and affidavit for a replacement distinctive license tag as provided by Section 27-19-37. The fee for a replacement distinctive license tag shall be Ten Dollars (\$10.00). The tax collector receiving such application and affidavit shall be entitled to retain and deposit into the county general fund five percent (5%) of the fee for such replacement license tag and the remainder shall be distributed in the same manner as funds from the sale of regular distinctive license tags issued under this section.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Harkins called up the following House Amendment to **S. B. No. 2830** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 57-105-1, Mississippi Code of 1972, is amended as follows:

57-105-1. (1) As used in this section:

(a) "Adjusted purchase price" means the investment in the qualified community development entity for the qualified equity investment, substantially all of the proceeds of which are used to make qualified low-income community investments in Mississippi.

For the purposes of calculating the amount of qualified low-income community investments held by a qualified community development entity, an investment will be considered held by a qualified community development entity even if the investment has been sold or repaid; provided that the qualified community development entity reinvests an amount equal to the capital returned to or recovered by the qualified community development entity from the original investment, exclusive of any profits realized, in another qualified low-income community investment in Mississippi, including any federal Indian reservation located within the geographical boundary of Mississippi within twelve (12) months of the receipt of such capital. A qualified community development entity will not be required to reinvest capital returned from the qualified low-income community

investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment will be considered held by the qualified community development entity through the seventh anniversary of the qualified equity investment's issuance.

(b) "Applicable percentage" means:

(i) For any equity investment issued prior to July 1, 2008, four percent (4%) for each of the second through seventh credit allowance dates for purposes of the taxes imposed by Section 27-7-5 and one and one-third percent (1-1/3%) for each of the second through seventh credit allowance dates for purposes of the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(ii) For any equity investment issued from and after July 1, 2008, eight percent (8%) for each of the first through third credit allowance dates for purposes of the taxes imposed by Section 27-7-5 or the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(c) "Credit allowance date" means, with respect to any qualified equity investment:

(i) The later of:

1. The date upon which the qualified equity investment is initially made; or

2. The date upon which the Mississippi Development Authority issues a certificate under subsection (4) of this section; and

(ii) 1. For equity investments issued prior to July 1, 2008, each of the subsequent six (6) anniversary dates of the date upon which the investment is initially made; or

2. For equity investments issued from and after July 1, 2008, each of the subsequent two (2) anniversary dates of the date determined as provided for in subparagraph (i) of this paragraph.

(d) "Qualified community development entity" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, if the entity has entered into an Allocation Agreement with the Community Development Financial Institutions Fund of the United States Department of the Treasury with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended.

(e) "Qualified active low-income community business" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended.

(f) "Qualified equity investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended. The investment does not have to be designated as a qualified equity investment by the Community Development Financial Institutions Fund of the United States Treasury to be considered a qualified equity investment under this section but otherwise must meet the definition under the Internal Revenue Code. In addition to meeting the definition in Section 45D of the Internal Revenue Code such investment must also:

(i) Have been acquired after January 1, 2007, at its original issuance solely in exchange for cash; and

- (ii) Have been allocated by the Mississippi Development Authority.

For the purposes of this section, such investment shall be deemed a qualified equity investment on the later of the date such qualified equity investment is made or the date on which the Mississippi Development Authority issues a certificate under subsection (4) of this section allocating credits based on such investment.

(g) "Qualified low-income community investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided, however, that the maximum amount of qualified low-income community investments issued for a single qualified active low-income community business, on an aggregate basis with all of its affiliates, that may be included for purposes of allocating any credits under this section shall not exceed Ten Million Dollars (\$10,000,000.00), in the aggregate, whether issued by one (1) or several qualified community development entities.

(2) A taxpayer that holds a qualified equity investment on the credit allowance date shall be entitled to a credit applicable against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 during the taxable year that includes the credit allowance date. The amount of the credit shall be equal to the applicable percentage of the adjusted purchase price paid to the qualified community development entity for the qualified equity investment. The amount of the credit that may be utilized in any one (1) tax year shall be limited to an amount not greater than the total tax liability of the taxpayer for the taxes imposed by the above-referenced sections. The credit shall not be refundable or transferable. Any unused portion of the credit may be carried forward for seven (7) taxable years beyond the credit allowance date on which the credit was earned. The maximum aggregate amount of qualified equity investments that may be allocated by the Mississippi Development Authority may not exceed an amount that would result in taxpayers claiming in any one (1) state fiscal year credits in excess of Fifteen Million Dollars (\$15,000,000.00), exclusive of credits that might be carried forward from previous taxable years; however, a maximum of one-third (1/3) of this amount may be allocated as credits for taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123. Any taxpayer claiming a credit under this section against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 shall not be required to pay any additional tax under Section 27-15-123 as a result of claiming such credit. The Mississippi Development Authority shall allocate credits within this limit as provided for in subsection (4) of this section.

(3) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document. Such allocation shall be made each taxable year of such pass-through entity which contains a credit allowance date.

(4) The qualified community development entity shall apply for credits with the Mississippi Development Authority on forms prescribed by the Mississippi Development Authority. The qualified community development entity must pay an application fee of One Thousand Dollars (\$1,000.00) to the Mississippi Development Authority at the time the application is submitted. In the application the qualified community development entity shall certify to the Mississippi Development Authority the dollar amount of the qualified equity investments made or to be made in this state, including in any federal Indian reservation located within the state's geographical boundary, during the first twelve-month period following the initial credit allowance date. The Mississippi Development Authority shall allocate credits based on the dollar amount of qualified equity investments as certified in the application. Once the Mississippi Development Authority has allocated credits to a qualified community development entity, if the corresponding qualified equity investment has not been issued as of the date of such allocation, then the corresponding qualified equity investment must be issued not later than one hundred twenty (120) days

from the date of such allocation. If the qualified equity investment is not issued within such time period, the allocation shall be cancelled and returned to the Mississippi Development Authority for reallocation. Upon final documentation of the qualified low-income community investments, if the actual dollar amount of the investments is lower than the amount estimated, the Mississippi Development Authority shall adjust the tax credit allowed under this section. The Department of Revenue may recapture all of the credit allowed under this section if:

(a) Any amount of federal tax credits available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(b) The qualified community development entity redeems or makes any principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of the qualified equity investment; or

(c) The qualified community development entity fails to maintain at least eighty-five percent (85%) of the proceeds of the qualified equity investment in qualified low-income community investments in Mississippi at any time prior to the seventh anniversary of the issuance of the qualified equity investment.

Any credits that are subject to recapture under this subsection shall be recaptured from the taxpayer that actually claimed the credit.

The Mississippi Development Authority shall not allocate any credits under this section after July 1, * * * 2024.

(5) Each qualified community development entity that receives qualified equity investments to make qualified low-income community investments in Mississippi must annually report to the Mississippi Development Authority the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment.

(6) The Mississippi Development Authority shall file an annual report on all qualified low-income community investments with the Governor, the Clerk of the House of Representatives, the Secretary of the Senate and the Secretary of State describing the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment. The annual report will be posted on the Mississippi Development Authority's internet website.

(7) (a) The purpose of this subsection is to authorize the creation and establishment of public benefit corporations for financing arrangements regarding public property and facilities.

(b) As used in this subsection:

(i) "New Markets Tax Credit transaction" means any financing transaction which utilizes either this section or Section 45D of the Internal Revenue Code of 1986, as amended.

(ii) "Public benefit corporation" means a nonprofit corporation formed or designated by a public entity to carry out the purposes of this subsection.

(iii) "Public entity or public entities" includes utility districts, regional solid waste authorities, regional utility authorities, community hospitals, regional airport

authorities, municipal airport authorities, community and junior colleges, educational building corporations established by or on behalf of the state institutions of higher learning, school districts, planning and development districts, county economic development districts, urban renewal agencies, any other regional or local economic development authority, agency or governmental entity, and any other regional or local industrial development authority, agency or governmental entity.

(iv) "Public property or facilities" means any property or facilities owned or leased by a public entity or public benefit corporation.

(c) Notwithstanding any other provision of law to the contrary, public entities are authorized pursuant to this subsection to create one or more public benefit corporations or designate an existing corporation as a public benefit corporation for the purpose of entering into financing agreements and engaging in New Markets Tax Credit transactions, which shall include, without limitation, arrangements to plan, acquire, renovate, construct, lease, sublease, manage, operate and/or improve new or existing public property or facilities located within the boundaries or service area of the public entity. Any financing arrangement authorized under this subsection shall further any purpose of the public entity and may include a term of up to fifty (50) years.

(d) Notwithstanding any other provision of law to the contrary and in order to facilitate the acquisition, renovation, construction, leasing, subleasing, management, operating and/or improvement of new or existing public property or facilities to further any purpose of a public entity, public entities are authorized to enter into financing arrangements in order to transfer public property or facilities to and/or from public benefit corporations, including, without limitation, sales, sale-leasebacks, leases and lease-leasebacks, provided such transfer is related to any New Markets Tax Credit transaction furthering any purpose of the public entity. Any such transfer under this paragraph (d) and the public property or facilities transferred in connection therewith shall be exempted from any limitation or requirements with respect to leasing, acquiring, and/or constructing public property or facilities.

(e) With respect to a New Markets Tax Credit transaction, public entities and public benefit corporations are authorized to enter into financing arrangements with any governmental, nonprofit or for-profit entity in order to leverage funds not otherwise available to public entities for the acquisition, construction and/or renovation of properties transferred to such public benefit corporations. The use of any funds loaned by or contributed by a public benefit corporation or borrowed by or otherwise made available to a public benefit corporation in such financing arrangement shall be dedicated solely to (i) the development of new properties or facilities and/or the renovation of existing properties or facilities or operation of properties or facilities, and/or (ii) the payment of costs and expenditures related to any such financing arrangements, including, but not limited to, funding any reserves required in connection therewith, the repayment of any indebtedness incurred in connection therewith, and the payment of fees and expenses incurred in connection with the closing, administration, accounting and/or compliance with respect to the New Markets Tax Credit transaction.

(f) A public benefit corporation created pursuant to this subsection shall not be a political subdivision of the state but shall be a nonprofit corporation organized and governed under the provisions of the laws of this state and shall be a special purpose corporation established to facilitate New Markets Tax Credit transactions consistent with the requirements of this section.

(g) Neither this subsection nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the public entity or public benefit corporation might otherwise have under any laws of this state, and this subsection is cumulative to any such powers. This subsection does and shall be construed to provide a complete additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws.

(8) The Mississippi Development Authority shall promulgate rules and regulations to implement the provisions of this section.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Senator Harkins called up the following House Amendment to **S. B. No. 2831** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-7-22.31, Mississippi Code of 1972, is amended as follows:

27-7-22.31. (1) As used in this section:

(a) "Certified historic structure" means a property located in Mississippi that has been:

(i) Listed individually on the National Register of Historic Places; or

(ii) Determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

(iii) Property designated a Mississippi Landmark by the Department of Archives and History pursuant to Section 39-7-3 et seq.

(b) "Eligible property" means property located in Mississippi and offered or used for residential or business purposes * * *.

(c) "Structure in a certified historic district" means a structure (and its structural components) located in Mississippi which:

(i) Is listed in the National Register of Historic Places; or

(ii) Has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

(iii) Is located in a registered historic district listed on the National Register of Historic Places or located in a potential district that has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section, and is certified by the Secretary of the United States Department of the Interior as being of historic significance to the district; or

(iv) Is certified by the Mississippi Department of Archives and History as contributing to the historic significance of:

1. A certified historic district listed on the National Register of Historic Places; or

2. A potential district that has been determined eligible for the National Register of Historic Places by the Secretary of the United States Department of the Interior and will be listed within thirty (30) months of claiming the credit authorized by this section; or

3. A local district that has been certified by the United States Department of the Interior.

(d) "Department" means the Department of Archives and History.

(2) Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or a structure in a certified historic district, shall be entitled to a credit against the taxes imposed pursuant to this chapter in an amount equal to twenty-five percent (25%) of the total costs and expenses of rehabilitation incurred after January 1, 2006, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder:

(a) If the costs and expenses associated with rehabilitation exceed:

(i) Five Thousand Dollars (\$5,000.00) in the case of an owner-occupied dwelling; or

(ii) Fifty percent (50%) of the * * * adjusted basis in the property in the case of all other properties; and

(b) The rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior as determined by the department.

(3) Any taxpayer eligible for the credit authorized by this section may claim the credit in phases if:

(a) There is a written set of architectural plans and specifications for all phases of the rehabilitation (written plans outlining and describing all phases of the rehabilitation shall be accepted as written plans and specifications);

(b) The written set of architectural plans and specifications are completed before the physical work on the rehabilitation begins; and

(c) * * * The project receives final certification by the department within sixty (60) months of the project start date certified in the first phase.

(4) (a) (i) If the amount of the tax credit established by this section exceeds the total state income tax liability for the credit year * * *, the amount that exceeds the total state income tax liability may be carried forward for the ten (10) succeeding tax years. In addition, a taxpayer may sell or transfer the excess portion of the tax credit to any taxpayer

having a liability for taxes under this chapter. A tax credit may not be sold or transferred more than one (1) time, subject to guidelines established by the Department of Revenue. The buyer or transferee of a tax credit may use the acquired credit in the same manner and to the same extent as the seller or transferor of the credit; however, the sell or transfer of a credit will not extend the length of time that the credit may be carried forward. In order to sell or transfer a tax credit, the seller or transferor shall notify the department and the Department of Revenue in writing within thirty (30) days after the date of the sale or transfer. The notice shall include:

1. The seller's or transferor's tax credit balance before the sale or transfer of the credit;
2. The tax credit identification number assigned by the department;
3. The unused portion of the credit remaining after the sale or transfer;
4. All federal and state tax identification numbers for both the seller or transferor and the buyer or transferee;
5. The date of the sale or transfer;
6. The amount of the credit sold or transferred; and
7. Any other information required by the department or the Department of Revenue.

Failure by the seller or transferor to comply with the notice requirements of this subparagraph (i) shall void the sale or transfer.

(ii) The taxpayer may elect to claim a refund in the amount of seventy-five percent (75%) of the excess credit in lieu of the ten-year carryforward and the sale or transfer of the credit. The election must be made in the year in which the * * * credit is certified. Refunds will be paid in equal installments over a two-year period and shall be made from current collections.

(iii) Refund requests shall be submitted to the Department of Revenue on forms prescribed by the department. Refunds shall be made from current tax collections.

(b) Not-for-profit entities, including, but not limited to, nonprofit corporations organized under Section 79-11-101 et seq. shall be ineligible for the credit authorized by this section. Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners on a pro rata basis or pursuant to an executed agreement among the partners, members or owners documenting an alternative distribution method. Partners, members or other owners of a pass-through entity are not eligible to elect a refund of excess credit in lieu of a carryforward of the credit. However, a partnership or limited liability company taxed as a partnership may elect to claim a refund of excess credit at the entity level on a form prescribed by the Department of Revenue. Additionally, excess tax credits that are attributable to rehabilitated property that was placed in service by a pass-through entity prior to January 1, 2011, and that have previously been allocated to and are held by another pass-through entity prior to January 1, 2011, may be refunded to such other pass-through entity.

(5) (a) (i) To claim the credit authorized pursuant to this section, the taxpayer shall apply to the department which shall determine the amount of eligible rehabilitation costs and expenses and whether the rehabilitation is consistent with the standards of the

Secretary of the United States Department of the Interior. The department shall issue a certificate evidencing the date of the credit and amount of eligible credit if the taxpayer is found to be eligible for the tax credit. The taxpayer shall attach the certificate to all income tax returns on which the credit is claimed. Except as otherwise provided in this paragraph (a), the department shall not issue certificates evidencing the eligible credit which *** will result in credits being awarded in excess of Twelve Million Dollars (\$12,000,000.00) in any one (1) *** calendar year. However, the credit for any project with total qualified rehabilitation costs and expenses of less than Three Million Dollars (\$3,000,000.00) shall not count against such Twelve Million Dollars (\$12,000,000.00) limit.

(ii) The taxpayer shall claim the credit on the income tax return for the tax year for which the credit is certified. The date of the credit shall be certified in the following order:

1. The credit shall be certified based on the date of project completion.

2. If the eligible credit exceeds the available credit in the year in which the project is completed, the credit shall be certified based on the date the certification is issued by the department. The department shall issue the certification in the first calendar year in which the requested credit would not exceed the calendar year credit limit.

(***c) The aggregate amount of tax credits that may be awarded under this section shall not exceed One Hundred Eighty Million Dollars (\$180,000,000.00). ***

(6) (a) The credit received by a taxpayer pursuant to this section is subject to recapture if:

(i) The property is one that has been determined eligible for the National Register of Historic Places but is not listed on the National Register of Historic Places within thirty (30) months of claiming the credit authorized by this section;

(ii) The potential district in which the property is located is not listed on the National Register of Historic Places within thirty (30) months of claiming the credit authorized by this section; or

(iii) *** The project has not received final certification by the department within sixty (60) months of the project start date certified in the first phase.

(b) The taxpayer shall notify the department and the Department of Revenue if any of the situations that subject the credit to recapture occur.

(7) (a) The board of trustees of the department shall establish fees to be charged for the services performed by the department under this section and shall publish the fee schedule. The fees contained in the schedule shall be in amounts reasonably calculated to recover the costs incurred by the department for the administration of this section. Any taxpayer desiring to participate in the tax credits authorized by this section shall pay the appropriate fee as contained in the fee schedule to the department, which shall be used by the department, without appropriation, to offset the administrative costs of the department associated with its duties under this section.

(b) There is hereby created within the State Treasury a special fund into which shall be deposited all the fees collected by the department pursuant to this section. Money deposited into the fund shall not lapse at the end of any fiscal year and investment earnings on the proceeds in such special fund shall be deposited into such fund. Money from the fund shall be disbursed upon warrants issued by the State Fiscal Officer upon requisitions signed by the executive director of the department to assist the department in carrying out its duties under this section.

(8) This section shall only apply to taxpayers:

(a) Who have been issued a certificate evidencing the eligible credit before December 31, 2030; or

(b) Who, before December 31, 2030, have received a determination in writing from the Mississippi Department of Archives and History, in accordance with the department's Historic Preservation Certificate Application, Part 2, that the rehabilitation is consistent with the historic character of the property and that the property meets the United States Secretary of the Interior's Standards for Rehabilitation, or will meet the standards if certain specified conditions are met, and, who are issued a certificate evidencing the eligible credit on or after December 31, 2030.

SECTION 2. This act shall take effect and be in force from and after January 1, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

Manufacturer's permits shall be of the following classes:

Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) On-premises retailer's permit. Except as otherwise provided in subsection (5) of this section, an on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Additionally, as part of a carryout order, a permit holder may sell one (1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account,

and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines, during legal hours on the premises described in the temporary permit only.

Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder may only sell product manufactured by the manufacturer at the distillery described in the permit. However, when selling to consumers for on-premises consumption, a holder of a distillery retailer's permit may add other beverages, alcoholic or not, so long as the total volume of other beverage components containing alcohol does not exceed twenty percent (20%). Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the distillery retailer is located.

The holder shall not sell at retail more than ten percent (10%) of the alcoholic beverages produced annually at its distillery. The holder shall not make retail sales of more than two and twenty-five one-hundredths (2.25) liters, in the aggregate, of the alcoholic beverages produced at its distillery to any one (1) individual for consumption off the premises of the distillery within a twenty-four-hour period. The hours of sale shall be the same as those hours for package retailers under this chapter. The holder of a distillery retailer's permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse; however, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder shall pay to the department all taxes, fees and surcharges on the alcoholic beverages that are imposed upon the sale of alcoholic beverages shipped by the Alcoholic Beverage Control Division of the Department of Revenue. In addition to alcoholic beverages, the holder of a distillery retailer's permit may sell at retail promotional

products from the same retail location, including shirts, hats, glasses, and other promotional products customarily sold by alcoholic beverage manufacturers.

(r) Festival Wine Permit. Any wine manufacturer or native wine producer permitted by Mississippi or any other state is eligible to obtain a Festival Wine Permit. This permit authorizes the entity to transport product manufactured by it to festivals held within the State of Mississippi and sell sealed, unopened bottles to festival participants. The holder of this permit may provide samples at no charge to participants. "Festival" means any event at which three (3) or more vendors are present at a location for the sale or distribution of goods. The holder of a Festival Wine Permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse. However, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder of this permit shall pay to the department all taxes, fees and surcharges on the alcoholic beverages sold at such festivals that are imposed upon the sale of alcoholic beverages shipped by the Alcoholic Beverage Control Division of the Department of Revenue. Additionally, the entity shall file all applicable reports and returns as prescribed by the department. This permit is issued per festival and provides authority to sell for two (2) consecutive days during the hours authorized for on-premises permittees' sales in that county or city. The holder of the permit shall be required to maintain all requirements set by Local Option Law for the service and sale of alcoholic beverages. This permit may be issued to entities participating in festivals at which a Class 1 temporary permit is in effect.

This paragraph (r) shall stand repealed from and after July 1, 2023.

(2) Except as otherwise provided in subsection (4) of this section, retail permittees may hold more than one (1) retail permit, at the discretion of the department.

(3) Except as otherwise provided in this subsection, no authority shall be granted to any person to manufacture, sell or store for sale any intoxicating liquor as specified in this chapter within four hundred (400) feet of any church, school, kindergarten or funeral home. However, within an area zoned commercial or business, such minimum distance shall be not less than one hundred (100) feet.

A church or funeral home may waive the distance restrictions imposed in this subsection in favor of allowing issuance by the department of a permit, pursuant to subsection (1) of this section, to authorize activity relating to the manufacturing, sale or storage of alcoholic beverages which would otherwise be prohibited under the minimum distance criterion. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the church or funeral home having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a bed and breakfast inn listed in the National Register of Historic Places or to the sale or storage of alcoholic beverages in a historic district that is listed in the National Register of Historic Places, is a qualified resort area and is located in a municipality having a population greater than one hundred thousand (100,000) according to the latest federal decennial census.

(4) No person, either individually or as a member of a firm, partnership, limited liability company or association, or as a stockholder, officer or director in a corporation, shall own or control any interest in more than one (1) package retailer's permit, nor shall such person's spouse, if living in the same household of such person, any relative of such person, if living in the same household of such person, or any other person living in the same household with such person own any interest in any other package retailer's permit.

(5) (a) In addition to any other authority granted under this section, the holder of a permit issued under subsection (1)(c), (e), (f), (g), (l), (n) and/or (o) of this section may sell or otherwise provide alcoholic beverages and/or wine to a patron of the permit holder in the manner authorized in the permit and the patron may remove an open glass, cup or other container of the alcoholic beverage and/or wine from the licensed premises and may possess and consume the alcoholic beverage or wine outside of the licensed premises if: (i) the licensed premises is located within a leisure and recreation district created under Section 67-1-101 and (ii) the patron remains within the boundaries of the leisure and recreation district while in possession of the alcoholic beverage or wine.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this chapter, or as otherwise provided by law for native wines.

The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of native wines or distilled spirits sold by the department, so that those wines or spirits may be delivered to the retailer at the native winery or the distillery retailer instead of via shipment from the department's warehouse.

The department shall develop and provide forms to be completed by the package retailer permittees verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(b) The purchaser of wine that is to be shipped to a package retailer's store shall be required to get the prior approval of the package retailer before any wine is shipped to the package retailer. A package retailer shall notify a purchaser of wine within two (2) days after receiving the shipment of wine. If the purchaser of the wine does not pick up or take the wine from the package retailer within thirty (30)

days after being notified by the package retailer, the package retailer may sell the wine as part of his inventory.

(c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.

SECTION 2. The following shall be codified as Section 67-1-42, Mississippi Code of 1972:

67-1-42. (1) A retailer shall purchase all alcoholic beverages from an authorized wholesaler. Except as otherwise authorized, it shall be unlawful for any retailer to possess for purpose of sale, to sell, or to offer to sell any alcoholic beverages which were not purchased from a wholesaler in this state who has a permit to sell and/or distribute such alcoholic beverages.

(2) It shall be unlawful for any wholesaler to possess for purpose of sale, to sell or to offer to sell any alcoholic beverages which were not purchased from a manufacturer authorized to sell alcoholic beverages in this state.

(3) Except as otherwise authorized, sales by wholesalers or manufacturers to persons who do not hold a permit are unlawful; and any wholesaler or manufacturer making such sales, or who sells any alcoholic beverages on which the tax provided by law has not been paid, shall, in addition to any other fines, penalties and forfeitures, be subject to a penalty of One Hundred Dollars (\$100.00) for each sale.

(4) It shall be the duty of every wholesaler of alcoholic beverages permitted under this chapter to file with the department, on or before the fifteenth day of each month, a

report covering all sales of such alcoholic beverages during the preceding month. Such report shall show the names and post-office addresses for all persons to whom such alcoholic beverages have been sold or delivered and the quantities and invoice prices of the alcoholic beverages sold or delivered.

It shall be the duty of each retail dealer in such alcoholic beverages to procure from the wholesaler from whom such alcoholic beverages are purchased or acquired, invoices showing the quantity purchased or acquired, and the date of each delivery thereof. Such invoices shall be preserved by the retailer and shall be open for inspection by the department for a period of three (3) years.

(5) The wholesaler shall be allowed credit for tax paid on alcoholic beverages which are no longer marketable and which are destroyed by same when such destruction is witnessed by an agent of the department and when the amount of the excise tax exceeds One Hundred Dollars (\$100.00). No other loss will be allowed.

(6) If any person shall willfully evade the payment of any tax levied or imposed under this article, he shall be guilty of a felony, and, upon conviction, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the State Penitentiary for not less than one (1) year, nor more than ten (10) years, or by both such fine and imprisonment.

(7) It shall be unlawful for any person to transport from any point outside of this state to any point within this state, any alcoholic beverages except for delivery to a licensed wholesaler in this state; and except by common carrier. The commissioner may, however, upon application of a licensed wholesaler in this state, and under rules and regulations duly promulgated by him, issue a permit for the transportation by a licensed wholesaler of alcoholic beverages in trucks owned by such licensee, from without the state to the place of business of such licensee within the state, for distribution by said licensee. Such permit shall be granted for a specified period, not to exceed one (1) year.

(8) A wholesaler shall sell and deliver alcoholic beverages at uniform prices throughout the state; however, a wholesaler may provide volume or bulk price discounts provided that such discounts are made available to and provided to all retailers.

(9) No alcoholic beverages shall be delivered to a retailer other than alcoholic beverages that have been stored or warehoused for no less than forty-eight (48) hours at a premise in this state owned, rented or leased by a wholesaler.

(10) (a) No wholesaler may sell and no retailer may purchase alcoholic beverages except for cash or on terms requiring payment by the retailer in accordance with paragraph (b) of this subsection (10). A wholesaler who accepts a check or draft as payment from a retailer for the purchase of alcoholic beverages must deposit the check or draft in the bank for payment or present the check or draft for payment within five (5) business days after it is received.

(b) On purchases made from the first through the fifteenth day of a month, payment must be made on or before the twenty-fifth day of that month. On purchases made on the sixteenth day through the last day of a month, payment must be made on or before the tenth day of the following month. An account is not delinquent if payment is received by the wholesaler not later than the fourth business day after the date payment is due under this paragraph (b).

(c) Each delivery of alcoholic beverages shall be accompanied by an invoice giving the date of purchase. If a retailer becomes delinquent in the payment of an account

for alcoholic beverages, the wholesaler immediately shall report that fact in writing, including by electronic mail or facsimile transmission, to the commission. A wholesaler may not sell any alcoholic beverages to a retailer who is delinquent until the delinquent account is paid in full and cleared from the records of the commission, provided that sales to delinquent retailers can be made on a cash on delivery basis. An account becomes delinquent if it is not paid when it is required to be paid under paragraph (b) of this subsection (10).

(d) The commission may not accept the voluntary cancellation or suspension of a permit or allow a permit to be renewed or transferred if the permit holder is delinquent in the payment of an account for alcoholic beverages under this subsection (10). A person whose permit is canceled by the commission or whose permit has expired is not eligible to hold any other permit or license under this chapter until the person has cured any delinquency of the person under this section.

(e) It shall be unlawful for a wholesaler to accept a postdated check, a note or memorandum, or participate in a manner to assist a retailer in the violation of this subsection (10).

(f) Nothing in this subsection (10) shall require a wholesaler to make sales to a retailer on a credit basis. A wholesaler may at any time require that sales be made on a cash on delivery basis.

SECTION 3. Section 67-1-37, Mississippi Code of 1972, is amended as follows:

67-1-37. The Department of Revenue, under its duties and powers with respect to the Alcoholic Beverage Control Division therein, shall have the following powers, functions and duties:

(a) To issue or refuse to issue any permit provided for by this chapter, or to extend the permit or remit in whole or any part of the permit monies when the permit cannot be used due to a natural disaster or act of God.

(b) To revoke, suspend or cancel, for violation of or noncompliance with the provisions of this chapter, or the law governing the production and sale of native wines, or any lawful rules and regulations of the department issued hereunder, or for other sufficient cause, any permit issued by it under the provisions of this chapter. The department shall also be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or Section 93-11-163, as the case may be, shall control.

(c) To prescribe forms of permits and applications for permits and of all reports which it deems necessary in administering this chapter.

(d) To fix standards, not in conflict with those prescribed by any law of this state or of the United States, to secure the use of proper ingredients and methods of manufacture of alcoholic beverages.

(e) To issue rules regulating the advertising of alcoholic beverages in the state in any class of media and permitting advertising of the retail price of alcoholic beverages.

(f) To issue reasonable rules and regulations, not inconsistent with the federal laws or regulations, requiring informative labeling of all alcoholic beverages offered for sale within this state and providing for the standards of fill and shapes of retail containers of alcoholic beverages; however, such containers shall not contain less than fifty (50) milliliters by liquid measure.

(g) Subject to the provisions of subsection (3) of Section 67-1-51, to issue rules and regulations governing the issuance of retail permits for premises located near or around schools, colleges, universities, churches and other public institutions, and specifying the distances therefrom within which no such permit shall be issued. The Alcoholic Beverage Control Division shall not issue a package retailer's or on-premises retailer's permit for the sale or consumption of alcoholic beverages in or on the campus of any public school, community or junior college, college or university.

(h) To adopt and promulgate, repeal and amend, such rules, regulations, standards, requirements and orders, not inconsistent with this chapter or any law of this state or of the United States, as it deems necessary to control the manufacture, importation, transportation, distribution and sale of alcoholic liquor, whether intended for beverage or nonbeverage use in a manner not inconsistent with the provisions of this chapter or any other statute, including the native wine laws.

(i) To call upon other administrative departments of the state, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it may deem necessary in the performance of its duties.

(j) To prepare and submit to the Governor during the month of January of each year a detailed report of its official acts during the preceding fiscal year ending June 30, including such recommendations as it may see fit to make, and to transmit a like report to each member of the Legislature of this state upon the convening thereof at its next regular session.

(k) To inspect, or cause to be inspected, any premises where alcoholic liquors intended for sale are manufactured, stored, distributed or sold, and to examine or cause to be examined all books and records pertaining to the business conducted therein.

(l) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him to the Legislature of this state such amendments to this chapter, if any, as it may think desirable.

(m) To designate hours and days when alcoholic beverages may be sold in different localities in the state which permit such sale.

(n) To assign employees to posts of duty at locations where they will be most beneficial for the control of alcoholic beverages and to take any other action concerning persons employed under this chapter as authorized by law and taken in accordance with the rules, regulations and procedures of the State Personnel Board.

(o) To enforce the provisions made unlawful by Chapter 3, Title 67 and Section 97-5-49.

(p) To delegate its authority under this chapter to the Alcoholic Beverage Control Division, its director or any other officer or employee of the department that it deems appropriate.

(q) To prescribe and charge a fee to defray the costs of shipping alcoholic beverages, provided that such fee is determined in a manner provided by the department by rules and/or regulations adopted in accordance with the Mississippi Administrative Procedures Law. This paragraph (q) shall stand repealed on January 1, 2022.

SECTION 4. Section 67-1-43, Mississippi Code of 1972, is amended as follows:

67-1-43. Any authorized retail *** permittee who shall purchase or receive intoxicating liquor from any source except from *** an authorized wholesaler, unless authorized by rules and regulations of the department promulgated under Section 67-1-41, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), nor more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail for not more than six (6) months. Any authorization of such person to sell intoxicating beverages may be revoked as provided by law.

SECTION 5. Section 67-1-45, Mississippi Code of 1972, is amended as follows:

67-1-45. No manufacturer, rectifier or distiller of alcoholic beverages shall sell or attempt to sell any such alcoholic beverages, except malt liquor, within the State of Mississippi, except to *** an authorized wholesaler, or as provided in Section 67-1-41, or pursuant to Section 67-1-51. A producer of native wine may sell native wines to *** an authorized wholesaler or to consumers at the location of the native winery or its immediate vicinity. For the purposes of this section, "authorized wholesaler" does not include package retail permittees who resell alcoholic beverages at wholesale to other permittees. Such package retail permittees may only purchase alcoholic beverages as otherwise authorized by this chapter.

Any violation of this section by any manufacturer, rectifier or distiller shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), and not more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail not to exceed six (6) months.

SECTION 6. Section 67-1-47, Mississippi Code of 1972, is amended as follows:

67-1-47. All distillers or distributors having contracts with *** any authorized wholesaler for the sale of alcoholic beverages *** throughout the state, before making delivery of any merchandise to the *** wholesaler, shall register with the Secretary of State giving their name, address, name of all local agents and any other pertinent information which may be required by the Secretary of State and appointing an agent for the service of process within the State of Mississippi.

SECTION 7. Section 67-1-49, Mississippi Code of 1972, is amended as follows:

67-1-49. All distillers or distributors having contracts with *** any authorized wholesaler for the sale of alcoholic beverages *** throughout the state, shall, on or before February 1st of each year, file a statement, under oath, with the *** Department of

Revenue and with the Secretary of State, listing the names and addresses of each person, firm or corporation in Mississippi to whom or which said distiller or distributor shall have paid or agreed to pay any fee, retainer, salary, or remuneration, during the preceding year, together with a statement of the purpose for such payment. Failure to file such statement shall constitute grounds for the commission to suspend the right of the distiller or distributor to sell to said commission until such time as said statement shall be filed.

SECTION 8. Section 67-1-51, Mississippi Code of 1972, is amended as follows:

67-1-51. (1) Permits which may be issued by the department shall be as follows:

(a) Manufacturer's permit. A manufacturer's permit shall permit the manufacture, importation in bulk, bottling and storage of alcoholic liquor and its distribution and sale to manufacturers holding permits under this chapter in this state and to persons outside the state who are authorized by law to purchase the same, and to sell as provided by this chapter.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or redistillation and/or to operate a rectifying plant for the purifying, refining, mixing, blending, flavoring or reducing in proof of distilled spirits and alcohol.

Class 2. Wine manufacturer's permit, which shall authorize the holder thereof to manufacture, import in bulk, bottle and store wine or vinous liquor.

Class 3. Native wine producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native wines.

(b) Package retailer's permit. Except as otherwise provided in this paragraph and Section 67-1-52, a package retailer's permit shall authorize the holder thereof to operate a store exclusively for the sale at retail in original sealed and unopened packages of alcoholic beverages, including native wines, not to be consumed on the premises where sold. Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) On-premises retailer's permit. Except as otherwise provided in subsection (5) of this section, an on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Additionally, as part of a carryout order, a permit holder may sell one

(1) bottle of wine to be removed from the licensed premises for every two (2) entrees ordered. Such a permit shall be issued only to qualified hotels, restaurants and clubs, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales. If an on-premises retailer's permit is applied for by a common carrier operating solely in the water, such common carrier must, along with all other qualifications for a permit, (i) be certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers and (ii) operate primarily in the waters within the State of Mississippi which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi and/or on the Mississippi River or navigable waters within any county bordering on the Mississippi River.

(d) Solicitor's permit. A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) Native wine retailer's permit. Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. A temporary one-day permit may be issued to bona fide nonprofit civic or charitable organizations authorizing the sale of alcoholic beverages, including native wine, for consumption on the premises described in the temporary permit only. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the

permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(l), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and 67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from * * * an authorized wholesaler or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (l) of this subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

(g) Caterer's permit. A caterer's permit shall permit the purchase of alcoholic beverages by a person engaging in business as a caterer and the resale of alcoholic beverages by such person in conjunction with such catering business. No person shall qualify as a caterer unless forty percent (40%) or more of the revenue derived from such catering business shall be from the serving of prepared food and not from the sale of alcoholic beverages and unless such person has obtained a permit for such business from the Department of Health. A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit

shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and, except as otherwise provided in subsection (5) of this section, such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale and distribution of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

(h) Research permit. A research permit shall authorize the holder thereof to operate a research facility for the professional research of alcoholic beverages. Such permit shall authorize the holder of the permit to import and purchase limited amounts of alcoholic beverages from * * * authorized wholesalers, importers, wineries and distillers of alcoholic beverages for professional research.

(i) Alcohol processing permit. An alcohol processing permit shall authorize the holder thereof to purchase, transport and possess alcoholic beverages for the exclusive use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient. An alcohol processing permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in the business of cooking, processing or manufacturing products which contain alcoholic beverages. The amounts of alcoholic beverages allowed under an alcohol processing permit shall be set by the department.

(j) Hospitality cart permit. A hospitality cart permit shall authorize the sale of alcoholic beverages from a mobile cart on a golf course that is the holder of an on-premises retailer's permit. The alcoholic beverages sold from the cart must be consumed within the boundaries of the golf course.

(k) Special service permit. A special service permit shall authorize the holder to sell commercially sealed alcoholic beverages to the operator of a commercial or private aircraft for en route consumption only by passengers. A special service permit shall be issued only to a fixed-base operator who contracts with an airport facility to provide fueling and other associated services to commercial and private aircraft.

(l) Merchant permit. Except as otherwise provided in subsection (5) of this section, a merchant permit shall be issued only to the owner of a spa facility, an art studio or gallery, or a cooking school, and shall authorize the holder to serve complimentary by the glass wine only, including native wine, at the holder's spa facility, art studio or gallery, or cooking school. A merchant permit holder shall obtain all wine from the holder of a package retailer's permit.

A temporary permit, not to exceed five (5) days, may be issued to a qualifying charitable nonprofit organization that is exempt from taxation under Section 501(c)(3) or (4) of the Internal Revenue Code of 1986. The permit shall authorize the holder to sell alcoholic beverages for the limited purpose of raising funds for the organization during a live or silent auction that is conducted by the organization and that meets the following requirements: (i) the

auction is conducted in an area of the state where the sale of alcoholic beverages is authorized; (ii) if the auction is conducted on the premises of an on-premises retailer's permit holder, then the alcoholic beverages to be auctioned must be stored separately from the alcoholic beverages sold, stored or served on the premises, must be removed from the premises immediately following the auction, and may not be consumed on the premises; (iii) the permit holder may not conduct more than two (2) auctions during a calendar year; (iv) the permit holder may not pay a commission or promotional fee to any person to arrange or conduct the auction.

(n) Event venue retailer's permit. An event venue retailer's permit shall authorize the holder thereof to purchase and resell alcoholic beverages, including native wines, for consumption on the premises during legal hours during events held on the licensed premises if food is being served at the event by a caterer who is not affiliated with or related to the permittee. The caterer must serve at least three (3) entrees. The permit may only be issued for venues that can accommodate two hundred (200) persons or more. The number of persons a venue may accommodate shall be determined by the local fire department and such determination shall be provided in writing and submitted along with all other documents required to be provided for an on-premises retailer's permit. The permittee must derive the majority of its revenue from event-related fees, including, but not limited to, admission fees or ticket sales for live entertainment in the building. "Event-related fees" do not include alcohol, beer or light wine sales or any fee which may be construed to cover the cost of alcohol, beer or light wine. This determination shall be made on a per event basis. An event may not last longer than two (2) consecutive days per week.

(o) Temporary theatre permit. A temporary theatre permit, not to exceed five (5) days, may be issued to a charitable nonprofit organization that is exempt from taxation under Section 501(c)(3) or (4) of the Internal Revenue Code and owns or operates a theatre facility that features plays and other theatrical performances and productions. Except as otherwise provided in subsection (5) of this section, the permit shall authorize the holder to sell alcoholic beverages, including native wines, to patrons of the theatre during performances and productions at the theatre facility for consumption during such performances and productions on the premises of the facility described in the permit. A temporary theatre permit holder shall obtain all alcoholic beverages from package retailers located in the county in which the permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary theatre permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages.

(p) Charter ship operator's permit. Subject to the provisions of this paragraph (p), a charter ship operator's permit shall authorize the holder thereof and its employees to serve, monitor, store and otherwise control the serving and availability of alcoholic beverages to customers of the permit holder during private charters under contract provided by the permit holder. A charter ship operator's permit shall authorize such action by the permit holder and its employees only as to alcoholic beverages brought onto the permit holder's ship by customers of the permit holder as part of such a private charter. All such alcoholic beverages must be removed from the charter ship at the conclusion of each private charter. A charter ship operator's permit shall not authorize the permit holder to sell, charge for or otherwise supply alcoholic beverages to customers, except as authorized in this paragraph (p). For the purposes of this paragraph (p), "charter ship operator" means a common carrier that (i) is certified to carry at least one hundred fifty (150) passengers and/or provide overnight accommodations for at least fifty (50) passengers, (ii) operates only in the waters within the State of Mississippi, which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the

The holder shall not make retail sales of more than two and twenty-five one-hundredths (2.25) liters, in the aggregate, of the alcoholic beverages produced at its distillery to any one (1) individual for consumption off the premises of the distillery within a twenty-four-hour period. The hours of sale shall be the same as those hours for package retailers under this chapter. The holder of a distillery retailer's permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from * * * an authorized wholesaler; however, if the holder does not purchase the alcoholic beverages from * * * an authorized wholesaler, the holder shall pay to the department all taxes, fees and surcharges on the alcoholic beverages that are imposed upon the sale of alcoholic beverages shipped by * * * an authorized wholesaler. In addition to alcoholic beverages, the holder of a distillery retailer's permit may sell at retail promotional products from the same retail location, including shirts, hats, glasses, and other promotional products customarily sold by alcoholic beverage manufacturers.

(r) Festival Wine Permit. Any wine manufacturer or native wine producer permitted by Mississippi or any other state is eligible to obtain a Festival Wine Permit. This permit authorizes the entity to transport product manufactured by it to festivals held within the State of Mississippi and sell sealed, unopened bottles to festival participants. The holder of this permit may provide samples at no charge to participants. "Festival" means any event at which three (3) or more vendors are present at a location for the sale or distribution of goods. The holder of a Festival Wine Permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from * * * an authorized wholesaler. (iv) The compensation or discount shall not apply to any wholesale tax, the rate of which is equal to or greater than the tax rate applicable to retail sales of the same property or service. The retailer of such items shall be entitled to the compensation based on the tax computed on retail sales before application of the credit for any tax paid to the wholesaler, jobber or other person.

(v) The compensation or discount allowed and taken for any filing period may be reassessed and collected when an audit of a taxpayer's records reveals a tax deficiency for that period.

(c) As compensation for collecting any tax imposed under the authority of a local and private law of the State of Mississippi which is collected and paid to the Department of Revenue in the same or similar manner that state sales taxes are collected and paid, complying fully with such applicable law, filing returns and supplements thereto and paying all taxes by the twentieth of the month following the period covered, the taxpayer may discount and retain two percent (2%) of the liability on each return subject to the following limitations:

The bond is to be conditioned for the prompt payment of such taxes as may be due for each such return.

(** *5) The commissioner, for good cause, may grant such reasonable additional time within which to make any return required under the provisions of this chapter as he may deem proper, but the time for filing any return shall not be extended beyond the twentieth of the month next succeeding the regular due date of the return without the imposition of interest at the rate of one-half of one percent (1/2 of 1%) per month or fractional part of a month from the time the return was due until the tax is paid.

(** *6) For persistent, willful or recurring failure to make any return and pay the tax shown thereby to be due by the time specified, there shall be added to the amount of tax shown to be due ten percent (10%) damages, or interest at the rate of one-half of one percent (1/2 of 1%) per month, or both.

(** *7) Any taxpayer may, upon making application therefor, obtain from the commissioner an extension of time for the payment of taxes due on credit sales until collections thereon have been made. When such extension is granted, the taxpayer shall thereafter include in each monthly or quarterly report all collections made during the preceding month or quarter, and shall pay the taxes due thereon at the time of filing such report. Such permission may be revoked or denied at the discretion of the commissioner when, in his opinion, a total sales basis will best reflect the taxable income or expedite examination of the taxpayer's records.

(** *8) Any taxpayer reporting credit sales before collection thereof has been made may take credit on subsequent returns or reports for bad debts actually charged off, if such amounts charged off have previously been included in taxable gross income or taxable gross proceeds of sales, as the case may be, and the tax paid thereon. However, any amounts subsequently collected on accounts that have been charged off as bad debts shall be included in subsequent reports and the tax shall be paid thereon.

(** *9) In cases where an extension of time has been granted by the commissioner for payment of taxes due on credit sales and the taxpayer thereafter discontinues the business, such taxpayer shall be required to file with the commissioner within ten (10) days, or such further time as the commissioner may direct, from the date of the discontinuance of such business, a special report showing the amounts of any credit sales which have not been included in determining the measure of the tax previously paid and any other information with reference to credit sales as the commissioner may require.

The commissioner shall thereupon investigate the facts with reference to credit sales and the condition of the accounts, and shall determine, from the best evidence available, the value of all open accounts, notes or other evidence of debt arising from credit sales. The value of all notes, open accounts and other evidence of debt, as thus determined by the commissioner, shall be used in determining the amount of the tax for which such taxpayer shall be liable. When the amount of the tax shall have been ascertained, the taxpayer shall be required to pay the same within ten (10) days or such further time as the commissioner may allow, notwithstanding the fact that such note or accounts may still remain uncollected.

SECTION 3. Section 27-67-17, Mississippi Code of 1972, is amended as follows:

27-67-17. (1) Except as otherwise provided in this section, the commissioner shall collect the tax imposed by this article, and every person subject to its provisions shall remit to the commissioner, on or before the twentieth day of each month, the amount of tax due by such person for the preceding calendar month. Returns and payments placed in the mail must be postmarked by the due date in order to be timely filed, except that when the due date falls on a weekend or holiday, returns and payments placed in the mail must be postmarked by the first working day following the due date in order to be considered timely filed. Every taxpayer shall file a return with his remittance, which return shall be prescribed by the commissioner and shall show for the calendar month preceding the tax payment date, the total sale or purchase price, or value of tangible personal property or specified digital products sold, used, stored or consumed by him for benefit received or service performed, and such other information as the commissioner may deem pertinent and necessary for determining the amount of tax due thereunder.

(2) The commissioner, in his discretion, may authorize in writing the filing of returns and the payment of tax on a quarterly basis by any person required or authorized to pay the tax imposed, such authority to be subject to revocation for good cause by the commissioner.

(3) In instances where it is impractical to file returns and pay the tax monthly or quarterly, the commissioner may authorize the filing of semiannual or annual returns.

* * *

(* * *4) The commissioner, in his discretion, may authorize the computation of the tax on the basis of a formula in lieu of direct accounting of specific properties in instances where such method will expedite, simplify or provide a more equitable means of determining liability under this article. All formulas shall be subject to revocation for good cause by the commissioner.

SECTION 4. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 27-7-309, MISSISSIPPI CODE OF 1972, TO REMOVE THE PROVISION THAT REQUIRES EMPLOYERS WITH AN AVERAGE MONTHLY WITHHOLDING TAX LIABILITY OF AT LEAST \$50,000.00 FOR THE PRECEDING CALENDAR YEAR TO PAY, ON OR BEFORE JUNE 25, AT LEAST 75% OF THEIR ESTIMATED JUNE WITHHOLDING TAX LIABILITY FOR THE CURRENT TAXABLE YEAR OR AT LEAST 75% OF THEIR JUNE WITHHOLDING TAX LIABILITY FOR THE PRECEDING TAXABLE YEAR; TO AMEND SECTION 27-65-33, MISSISSIPPI CODE OF 1972, TO REMOVE THE PROVISION THAT REQUIRES TAXPAYERS WHO ARE REQUIRED TO COLLECT SALES TAX AND WHO HAVE AN AVERAGE MONTHLY SALES TAX LIABILITY OF AT LEAST \$50,000.00 FOR THE PRECEDING

Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. A package retailer's permit, with prior approval from the department, shall authorize the holder thereof to sample new product furnished by a manufacturer's representative or his employees at the permitted place of business so long as the sampling otherwise complies with this chapter and applicable department regulations. Such samples may not be provided to customers at the permitted place of business. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

Except as otherwise provided in subsection (5) of this section, a native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery. When selling to consumers for on-premises consumption, a holder of a native wine retailer's permit may add to the native wine alcoholic beverages not produced on the premises, so long as the total volume of foreign beverage components does not exceed twenty percent (20%) of the mixed beverage. Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the native wine retailer is located.

(f) Temporary retailer's permit. Except as otherwise provided in subsection (5) of this section, a temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Senator Harkins called up the following House Amendment to **S. B. No. 2874** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. All residential contractors, in order to obtain a building permit in the State of Mississippi, shall possess a permit from the Department of Revenue issued under Section 27-65-27.

Notwithstanding the definitions of "residential builder" and "remodeler" in Section 73-59-1, for purposes of this section, a residential contractor is a person or entity contracting or offering to contract with an owner or possessor of residential real estate to construct a residence or appurtenant structure thereon, or to repair or renovate any portion of a residence or appurtenant structure thereon, regardless of the cost of the project, and regardless of whether all or part of the cost is expected to be paid as a benefit of a property and casualty insurance policy. A residential contractor is not a person building, repairing or renovating his or her own personal residence.

SECTION 2. All commercial contractors, in order to obtain a building permit in the State of Mississippi, shall possess a permit from the Department of Revenue issued under Section 27-65-27.

Notwithstanding the definition of "contractor" in Section 31-3-1, for purposes of this section, a commercial contractor is a person or entity contracting or offering to contract with an owner or possessor of commercial real estate to construct a building thereon, or to repair or renovate any portion of a building thereon, regardless of the cost of the project, and regardless of whether all or part of the cost is expected to be paid as a benefit of a property and casualty insurance policy.

SECTION 3. Section 27-65-27, Mississippi Code of 1972, is amended as follows:

27-65-27. (1) Any person who engages, or who intends to engage, in any business or activity which will subject such person to a privilege tax imposed by this chapter, or which falls within the scope of Section 1 or Section 2 of this act, shall apply to the commissioner for a permit to engage in and to conduct any business or activity upon the condition that he shall pay the tax accruing to the State of Mississippi under the provisions of this chapter, and shall keep adequate records of such business or activity as required by this chapter. By making an application for a permit issued pursuant to this section, a person agrees, regardless of his presence in this state, to:

- (a) Be subject to the jurisdiction of this state for purposes of taxation;
- (b) Collect and remit all taxes levied under this chapter on the type of business or activity to be conducted by the applicant;
- (c) Be subject to all the provisions of this chapter.

(2) Upon receipt of the permit, the applicant shall be duly licensed under this chapter to engage in and conduct the business or activity. The permit shall continue in force so long as the person to whom it is issued shall continue in the same business at the same location, unless revoked by the commissioner for cause.

(3) The commissioner shall require of every person desiring to engage in business within this state who maintains no permanent place of business within this state, of every person desiring to engage in the business of making sales of mobile homes, a cash bond or an approved surety bond in an amount sufficient to cover twice the estimated tax liability for a period of three (3) months. However, the bond shall in no case be less than One Hundred Dollars (\$100.00) and the tax may be prepaid in lieu of filing bond if the amount is approved by the commissioner. This bond shall be filed with the commissioner prior to the issuance of a permit to do business and before any such person may engage in business within this state. Failure to comply with the provision will subject such person to the penalties provided by this chapter.

(4) The commissioner is authorized to deny the application for a permit or revoke the permit of any person who has failed or is failing to comply with any of the provisions of this chapter. The commissioner may also deny the application for a permit or revoke the permit of any person who has failed to satisfy all of the finally determined tax liabilities owed by that person. If the applicant or taxpayer is an entity, the commissioner may deny the application for a permit or revoke the permit if any partner, member, principal officer or director of such entity has failed to satisfy all of the finally determined tax liabilities owed by that partner, member, principal officer or director. Any denial or revocation of an entity's permit based on a partner, member, principal officer or director's finally determined tax liability shall only be authorized if the partner, member, principal officer or director owns ten percent (10%) or more of the entity and is or will be exercising responsibility for fiscal management. In lieu of denying or revoking an entity's permit, the commissioner may accept an increased or additional bond from the entity to cover the additional risk involved with having an individual with a finally determined tax liability involved. As used in this

subsection, "finally determined tax liabilities" means any state tax, fee, penalty and/or interest owed by a person to the Department of Revenue where the assessment of the liability has been made against that person as provided by law and such assessment is not subject to any further timely filed administrative or judicial review. Revocation of such permit, or engaging or continuing in business after such permit is revoked or engaging in business without a permit, shall subject the person to all the penalties imposed by this chapter.

(5) Any person liable for the tax who fails to obtain a permit from the commissioner, or who continues in business after such permit has been revoked, or who fails to make his returns for taxation as provided, or who fails to keep adequate records and invoices provided by this chapter, or who fails or refuses to permit inspection of such records, or who fails to pay any taxes due hereunder, shall forfeit his rights to do business in this state until he complies with all the provisions of this chapter and until he enters into a bond, with sureties, to be approved by the commissioner, in an amount not to exceed twice the amount of all taxes estimated to become due under this chapter by the person for any period of three (3) months, conditioned to comply with the provisions of this chapter, and pay all taxes legally due by him.

(6) If any person is engaged in or continuing in this state in any business or activity without obtaining a permit, or after the permit has been revoked, or without filing a required bond, or without keeping and allowing inspection of all records required by this chapter, or without making a return, or returns, and without paying all taxes due by him hereunder, it shall be the duty of the commissioner to proceed by injunction to prevent the continuance of the business. Any temporary injunction enjoining the continuance of the business shall be granted without notice by a judge or chancellor now authorized to grant injunctions.

SECTION 4. (1) Section 1 of this act shall be codified in Title 73, Chapter 59, Mississippi Code of 1972.

(2) Section 2 of this act shall be codified in Title 31, Chapter 3, Mississippi Code of 1972.

SECTION 5. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO CREATE A NEW SECTION IN TITLE 73, CHAPTER 59, MISSISSIPPI CODE OF 1972, TO REQUIRE THAT ALL RESIDENTIAL CONTRACTORS, IN ORDER TO OBTAIN A BUILDING PERMIT IN THIS STATE, POSSESS A PERMIT FROM THE DEPARTMENT OF REVENUE ISSUED UNDER SECTION 27-65-27; TO DEFINE "RESIDENTIAL CONTRACTOR" FOR PURPOSES OF THIS PERMIT REQUIREMENT; TO CREATE A NEW SECTION IN TITLE 31, CHAPTER 3, MISSISSIPPI CODE OF 1972, TO REQUIRE THAT ALL COMMERCIAL CONTRACTORS, IN ORDER TO OBTAIN A BUILDING PERMIT IN THIS STATE, POSSESS A PERMIT FROM THE DEPARTMENT OF REVENUE ISSUED UNDER SECTION 27-65-27; TO DEFINE "COMMERCIAL CONTRACTOR" FOR PURPOSES OF THIS PERMIT REQUIREMENT; TO AMEND SECTION 27-65-27, MISSISSIPPI CODE OF 1972, IN CONFORMITY TO THE ABOVE PROVISIONS; AND FOR RELATED PURPOSES.

AMEND on line 190 by changing "30" to 29"

Senator Hopson called up the following House Amendment to **S. B. No. 2725** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 27-103-125, Mississippi Code of 1972, is amended as follows:

27-103-125. The proposed budget of each state agency shall show the amounts required for operating expenses separately from the amounts required for permanent improvements. The overall budget shall show, separately by each source, the estimated amount of general fund revenue and of special fund revenues of general fund agencies. The total proposed expenditures in Part 1 of the overall budget shall not exceed the amount of estimated revenues that will be available in the general and special funds for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand in the general and special funds at the close of the then current fiscal year. The total proposed expenditures from the State General Fund in Part 1 of the overall budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. * * * The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee. The Legislative Budget Office may recommend additional taxes or sources of revenue if in its judgment those additional funds are necessary to adequately support the functions of the state government.

SECTION 2. Section 27-103-139, Mississippi Code of 1972, is amended as follows:

27-103-139. On or before November 15 preceding each regular session of the Legislature, except the first regular session of a new term of office, the Governor shall submit to the members of the Legislature, the Legislative Budget Office or the members-elect, as the case may be, and to the executive head of each state agency a balanced budget for the succeeding fiscal year. The budget submitted shall be prepared in a format that will include performance measurement data associated with the various programs operated by each agency. The total proposed expenditures in the balanced budget shall not exceed the amount of estimated revenues that will be available for appropriation or use during the succeeding fiscal year, including any balances other than unencumbered balances in general funds that will be on hand at the close of the then current fiscal year, as determined by the revenue estimate jointly adopted by the Governor and the Legislative Budget Committee. The total proposed expenditures from the State General Fund in the balanced budget shall not exceed ninety-eight percent (98%) of the amount of general fund revenue estimate for the succeeding fiscal year. * * * The general fund revenue estimate shall be the estimate jointly adopted by the Governor and the Joint Legislative Budget Committee.

The revenues used in preparing the balanced budget shall be only those revenues that will be available under the general laws of the state as they exist when the balanced budget is prepared, and shall not include any proposed revenues that would become available only after the enactment of new legislation. If the Governor has any recommendations for additional proposed expenditures or proposed revenues that are not included in his balanced budget, he shall submit those recommendations in a supplement that is separate from his balanced budget, and whenever the Governor recommends any such additional proposed expenditures, he also shall recommend proposed revenues that are sufficient to fund the additional proposed expenditures, providing specific details regarding the sources and the total amount of those proposed revenues.

The Governor may employ a budget officer for the purpose of receiving information from the State Fiscal Officer and preparing his recommendations on the budget. If the Governor determines that information received from the State Fiscal Officer is not sufficient to enable him to prepare his budget recommendations, he may request an appropriation from the Legislature to provide additional staff within the Governor's office for that purpose. At the first regular session after his election for Governor, the Governor shall submit any budget recommendations plus the required revenue source recommendations no later than January 31 of that year.

SECTION 3. Section 27-103-203, Mississippi Code of 1972, is amended as follows:

27-103-203. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Working Cash-Stabilization Reserve Fund.

(2) The Working Cash-Stabilization Reserve Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Working Cash-Stabilization Reserve Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. If the Ayers Settlement Fund is created under Section 37-101-27(5), the first Five Million Dollars (\$5,000,000.00) of interest earned on those sums each fiscal year shall be deposited into that fund until a total of Seventy Million Dollars (\$70,000,000.00) has been deposited into the fund. The interest, or the remaining interest if the Ayers Settlement Fund is created, that is earned on those sums shall be deposited in the Working Cash-Stabilization Reserve Fund until the balance of principal and interest in the fund reaches ten percent (10%) of the total General Fund appropriations for the current fiscal year, and all interest earned in excess of amounts necessary to maintain the ten percent (10%) fund balance requirement shall be deposited by the State Treasurer into the State General Fund.

(3) The Working Cash-Stabilization Reserve Fund, except for Fifteen Million Dollars (\$15,000,000.00) and the amount of the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27, shall be used by the State Treasurer for cash flow needs throughout the year when the Executive Director of the Department of Finance and Administration certifies that in his opinion there will be cash flow deficiencies in the State General Fund. No borrowing of monies from other special funds for such purposes as authorized by Section 31-17-101 et seq., shall be made as long as an unencumbered balance in excess of Fifteen Million Dollars (\$15,000,000.00) and the interest and income earned on the principal of the Ayers Endowment Trust created by Section 37-101-27 remains in the fund. The State Treasurer shall reimburse the fund for all sums borrowed for those purposes from General Fund revenues collected during the fiscal year in which those funds are used. The State Treasurer shall immediately notify the Legislative Budget Office and the State Department

of Finance and Administration of each transfer into and out of the fund. Fifteen Million Dollars (\$15,000,000.00) in the Working Cash-Stabilization Reserve Fund shall remain available for exclusive use of the Ayers Endowment Trust created by Section 37-101-27. If the Ayers Settlement Fund is created under Section 37-101-27(5), beginning when a total of Fifty-five Million Dollars (\$55,000,000.00) has been deposited into the fund, for each annual deposit of interest to that fund under subsection (2) of this section, the Ayers Endowment Trust created under Section 37-101-27(1) shall be reduced by an equal amount annually until the Ayers Endowment Trust reaches Zero Dollars (\$0.00), at which time any requirements concerning the Ayers Endowment Trust in this section shall be null and void.

(4) The Working Cash-Stabilization Reserve Fund, except for Forty Million Dollars (\$40,000,000.00), shall also be used for the purpose of covering any projected deficits that may occur in the General Fund at the end of a fiscal year as a result of revenue shortfalls. If the Governor determines that a deficit in revenues from all sources may occur, it shall be the duty of the Executive Director of the Department of Finance and Administration to transfer such funds as necessary to the General Fund to alleviate the deficit in accordance with Sections 27-104-13 and 31-17-123; however, not more than Fifty Million Dollars (\$50,000,000.00) may be transferred from the fund for that purpose in any one (1) fiscal year * * *.

(5) The Working Cash-Stabilization Reserve Fund also shall be used to provide funds for the Disaster Assistance Trust Fund when those funds are immediately needed to provide for disaster assistance under Sections 33-15-301 through 33-15-317. Any transfer of funds from the Working Cash-Stabilization Reserve Fund to the Disaster Assistance Trust Fund shall be made in accordance with the provisions of subsection (5) of Section 33-15-307.

(6) The Department of Finance and Administration shall immediately send notice of any transfers made, or other action taken under authority of this section, to the Legislative Budget Office.

(7) Funds deposited in the Working Cash-Stabilization Reserve Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Working Cash-Stabilization Reserve Fund shall be made except by act of the Legislature making specific reference to the Working Cash-Stabilization Reserve Fund as the source of those funds.

(8) Any funds appropriated from the Working Cash-Stabilization Reserve Fund that are unexpended at the end of a fiscal year shall lapse into the Working Cash-Stabilization Reserve Fund.

SECTION 4. Section 27-103-211, Mississippi Code of 1972, is amended as follows:

27-103-211. The total sum appropriated by the Legislature from the State General Fund for any fiscal year shall not exceed ninety-eight percent (98%) of the general fund revenue estimate for that fiscal year developed by the Department of Revenue and the University Research Center and adopted by the Joint Legislative Budget Committee. The unencumbered balances in general funds that will be available and on hand at the close of the fiscal year shall not include projected amounts required to be deposited into the Working Cash-Stabilization Reserve Fund under Section 27-103-203. * * *

SECTION 5. Section 27-103-213, Mississippi Code of 1972, is amended as follows:

27-103-213. (1) The unencumbered cash balance in the General Fund in the State Treasury at the close of each fiscal year shall be distributed to the Municipal Revolving

Fund, the Working Cash-Stabilization Reserve Fund and the Capital Expense Fund in the manner provided in this section * * *.

(2) (a) At the end of each fiscal year, the Executive Director of the Department of Finance and Administration and the State Treasurer shall determine the extent of the unencumbered cash balance existing in the General Fund in the State Treasury.

(b) As used in this section, the term "unencumbered cash balance" or "unencumbered General Fund cash balance" means the amount in the State General Fund after deducting all appropriations and other expenditures. However, if the Legislature has authorized additional or deficit appropriations or transfers from the State General Fund for that fiscal year, those amounts shall be subtracted from the unencumbered cash balance in the General Fund before determining the amount available for distribution. The unencumbered General Fund cash balance shall not be determined until after August 31 of each year, and it shall not be made until the State Treasurer has received a certificate in writing from the Executive Director of the Department of Finance and Administration, with notification to the Legislative Budget Office, showing the amount of the unencumbered General Fund cash balance.

(3) If any unencumbered General Fund cash balance is available for distribution under this section, the distribution of those funds shall be made by the Executive Director of the Department of Finance and Administration in the following order:

(a) To the Municipal Revolving Fund, an amount equal to Seven Hundred Fifty Thousand Dollars (\$750,000.00); however, if the amount of the unencumbered General Fund cash balance is less than Seven Hundred Fifty Thousand Dollars (\$750,000.00), then the total amount of the unencumbered General Fund cash balance shall be distributed to the Municipal Revolving Fund.

(b) To the Working Cash-Stabilization Reserve Fund, fifty percent (50%) of the amount of the unencumbered General Fund cash balance after the distributions are made under paragraph (a), not to exceed ten percent (10%) of the General Fund appropriations for the fiscal year that the unencumbered General Fund cash balance represents. For the purposes of this paragraph (b), the appropriations for the fiscal year shall be the total amount contained in the actual appropriation bills passed by the Legislature.

(c) To the Capital Expense Fund, any remaining amount of the unencumbered General Fund cash balance after the distributions are made under paragraphs (a) and (b).

* * *

SECTION 6. Section 27-103-303, Mississippi Code of 1972, is amended as follows:

27-103-303. (1) There is created in the State Treasury a special fund, separate and apart from any other fund, to be designated the Capital Expense Fund.

(2) The Capital Expense Fund shall not be considered as a surplus or available funds when adopting a balanced budget as required by law. The State Treasurer shall invest all sums in the Capital Expense Fund not needed for the purposes provided for in this section in certificates of deposit, repurchase agreements and other securities as authorized in Section 27-105-33(d) or Section 7-9-103, as the State Treasurer may determine to yield the highest market rate available. Interest earned on this fund shall be deposited by the State Treasurer into the State General Fund.

(3) The Capital Expense Fund shall be used for capital expense needs, repair and renovation of state-owned properties and specific expenditures authorized by the

Legislature. The Legislature shall designate those capital expense projects, repair and renovation projects and other authorized projects in an appropriation act passed by the Legislature, which shall direct the Director of the Department of Finance and Administration to administer the projects.

(4) In addition to the purposes specified in subsection (3) of this section, the Capital Expense Fund shall be used to provide funds for emergency repairs on state-owned buildings * * * upon requisition of the Executive Director of the Department of Finance and Administration. At the same time he or she makes the requisition, the executive director shall notify the Lieutenant Governor, the Speaker of the House of Representatives, the respective Chairmen of the Senate Appropriations Committee, the Senate Finance Committee, the House Appropriations Committee and the House Ways and Means Committee and the Legislative Budget Office of his or her determination of the need for the funds, the amount that he or she has requisitioned and where the funds will be used. If the amount requisitioned is available in the Capital Expense Fund, is not allocated for any specific projects as authorized in subsection (3) of this section and is within the limitations set forth below in this subsection, then the executive director may escalate the budget of the Bureau of Building, Grounds and Real Property Management * * * to use the full amount of the requisitioned funds for the emergency repairs * * * and transfer that amount to the bureau * * * for that purpose. If the amount requisitioned is more than the amount available in the Capital Expense Fund or above the limitations set forth below in this subsection, then the executive director may escalate the budget of the bureau * * * to use the amount that is available within the limitations for the emergency repairs * * * and transfer that amount to the bureau * * * for that purpose. The maximum amount that may be transferred from the Capital Expense Fund to the bureau * * * for any single emergency shall be One Million Dollars (\$1,000,000.00), and the maximum amount that may be transferred to the bureau * * * for all emergencies during any fiscal year shall be Five Million Dollars (\$5,000,000.00).

(5) Funds deposited in the Capital Expense Fund shall be used only for the purposes specified in this section, and as long as the provisions of this section remain in effect, no other expenditure, appropriation or transfer of funds in the Capital Expense Fund shall be made except by act of the Legislature making specific reference to the Capital Expense Fund as the source of those funds.

(6) Unexpended funds in the Capital Expense Fund at the end of a fiscal year shall not lapse into the State General Fund but shall remain in the fund for use under this section. Any funds appropriated from the Capital Expense Fund that are unexpended at the end of a fiscal year shall lapse into the Capital Expense Fund.

SECTION 7. (1) There is created in the State Treasury a special fund to be known as the Ross Barnett Reservoir Dredging Fund. The fund shall consist of the monies deposited into the fund as provided in subsection (2) of this section and any other monies appropriated or otherwise made available for the fund by the Legislature. The fund shall be administered and expended by the Board of Directors of the Pearl River Valley Water Supply District, upon appropriation by the Legislature, for dredging and other related activities to remove sediments and debris from the bottom of the Ross Barnett Reservoir.

(2) During fiscal year 2022 and each fiscal year thereafter, the Board of Directors of the Pearl River Valley Water Supply District shall deposit Two Hundred Thousand Dollars (\$200,000.00) of the lease payments, fees and other funds received by the district during the fiscal year into the Ross Barnett Dredging Fund.

(3) Unexpended amounts remaining in the Ross Barnett Dredging Fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited to the credit of the fund.

SECTION 8. Not later than thirty (30) days after the effective date of this act, the State Fiscal Officer shall transfer the full balance in the Mississippi Development Authority Job Training Grant Fund into the Capital Expense Fund.

(3) The authority shall prescribe a form or forms for the annual report.

(4) Notwithstanding the obligation of a qualified business or industry to file an annual report with the authority for each qualified economic development project which has been certified, and for which any mFlex tax incentive has been awarded, the authority is authorized to request from the qualified business or industry at any other time any of the information set forth herein that must be included in an annual report for purposes of determining whether a qualified business or industry has met any of the project performance measures set forth in its mFlex agreement on or before the respective deadlines imposed with respect thereto. Upon any such written request by the authority, the qualified business or industry shall, within thirty (30) days after receipt of the request, provide to the authority a certified copy of the information requested.

The authority shall forward the amended certification, along with any other necessary information, to the Department of Revenue so that the mFlex tax incentive award adjustment for the qualified business or industry can be recorded by the Department of Revenue and used to verify each state tax credit subsequently applied by the qualified business or industry.

(9) If at any time the authority reduces the mFlex tax incentive award granted for the qualified economic development project to an amount less than the total amount of credits already applied and taken by the qualified business or industry, or by one or more affiliates thereof eligible to utilize such credit, to offset state taxes thereof, the Department of Revenue shall charge the qualified business or industry, or such affiliate or affiliates, with an assessment for the amount of state taxes for which no mFlex tax incentive is available, following such reduction by the authority, for application as a tax credit, beginning with those state taxes against which the qualified business or industry most recently applied the credit, and such state tax assessment shall be immediately due and payable.

(10) Any portion of an mFlex tax incentive awarded to the qualified business or industry by the authority for its qualified economic development project pursuant to Sections 1 through 10 of this act that has not been applied, on or before the tenth annual anniversary of the project certificate date, as a credit by such qualified business or industry, or by one or more affiliates thereof eligible to utilize such credit, to offset state taxes otherwise payable, shall expire.

classification, or a change in the number of new full-time employees or average employer wage, as previously reported by a qualified business or industry, the authority is authorized to adjust the amount of the mFlex tax incentive awarded to the qualified business or industry for a qualified economic development project to comport with any property reclassification or change in the number of new full-time employees or average employer wage in the manner prescribed by Section 7 of this act.

(4) The Department of Employment Security is authorized to provide to the authority any information received, obtained or produced, or findings or determinations made, thereby with respect to any qualified business or industry that is awarded any mFlex tax incentives by the authority, and any such information, findings or determinations provided to the authority by the Department of Revenue shall be exempt from the provisions of the Mississippi Public Records Act of 1983, Section 25-61-1 et seq.

Under the provisions of this chapter, the vendor is relieved of collecting and remitting the taxes specified hereunder and the person holding the permit shall become liable for such taxes instead of the seller. The full enforcement provisions of the sales tax law shall apply in the collection of the tax from the permittee.

(3) In instances where it is impractical to file returns and pay the tax monthly or quarterly, the commissioner may authorize the filing of semiannual or annual returns.

(4) A taxpayer required to collect use taxes under this article and having an average monthly use tax liability of at least Fifty Thousand Dollars (\$50,000.00) for the preceding calendar year shall pay to the Department of Revenue on or before June 25, 2014, and on or before the twenty-fifth day of June of each succeeding year thereafter, an amount equal to at least seventy-five percent (75%) of such taxpayer's estimated use tax liability for the month of June of the current calendar year, or an amount equal to at least seventy-five percent (75%) of the taxpayer's use tax liability for the month of June of the preceding calendar year. Payments required to be made under this subsection must be received by the Department of Revenue no later than June 25 in order to be considered timely made. A taxpayer that fails to comply with the requirements of this subsection may be assessed a penalty in an amount equal to ten percent (10%) of the difference between any amount the taxpayer pays pursuant to this subsection and the taxpayer's actual use tax liability for the month of June for which the estimated payment was required to be made. The credit applied for a tax-reporting period shall be reflected on the form of the return in the manner prescribed by the commissioner.

SECTION 3. Section 27-31-104, Mississippi Code of 1972, is brought forward as follows:

[Through June 30, 2022, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects by a qualified business (as such term is defined in Section 57-117-3) meeting minimum criteria established by the Mississippi Development Authority;

(iv) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iv), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(v) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital

investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3) of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3)

of that amount. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before the effective date of this act, and consistent herewith, is hereby ratified, approved and confirmed.

[From and after July 1, 2022, this section shall read as follows:]

27-31-104. (1) (a) County boards of supervisors and municipal authorities are each hereby authorized and empowered to enter into an agreement with an enterprise granting, and pursuant to such agreement grant a fee-in-lieu of ad valorem taxes, including ad valorem taxes levied for school purposes, for the following:

(i) Projects totaling over Sixty Million Dollars (\$60,000,000.00) by any new enterprises enumerated in Section 27-31-101;

(ii) Projects by a private company (as such term is defined in Section 57-61-5, Mississippi Code of 1972) having a minimum capital investment of Sixty Million Dollars (\$60,000,000.00);

(iii) Projects, in addition to those projects referenced in Section 27-31-105, totaling over Sixty Million Dollars (\$60,000,000.00) by an existing enterprise that has been doing business in the county or municipality for twenty-four (24) months. For purposes of this subparagraph (iii), the term "existing enterprise" includes those enterprises enumerated in Section 27-31-101; or

(iv) A private company (as such term is defined in Section 57-61-5) having a minimum capital investment of One Hundred Million Dollars (\$100,000,000.00) from any source or combination of sources, provided that a majority of the capital investment is from private sources, when such project is located within a geographic area for which a Presidential Disaster Declaration was issued on or after January 1, 2014.

(b) A fee-in-lieu of ad valorem taxes granted in accordance with this section may include any or all tangible property, real or personal, including any leasehold interests

therein but excluding automobiles and trucks operating on and over the highways of the State of Mississippi, used in connection with, or necessary to, the operation of any enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, whether or not such property is owned, leased, subleased, licensed or otherwise obtained by such enterprise, private company or business, as applicable, irrespective of the taxpayer to which any such leased property is assessed for ad valorem tax purposes. If a fee-in-lieu of ad valorem taxes is granted pursuant to this section with respect to any leasehold interest under a lease, sublease or license of tangible property used in connection with, or necessary to, the operation of an enterprise, private company or business described in paragraph (a) of this subsection (1), as applicable, the corresponding ownership interest of the owner, lessor and sublessor of such tangible property shall similarly and automatically be exempt and subject to the fee-in-lieu granted in accordance herewith without any action being required to be taken by such owner, lessor or sublessor.

(2) A county board of supervisors may enter into a fee-in-lieu agreement on behalf of the county and any county school district, and a municipality may enter into such a fee-in-lieu agreement on behalf of the municipality and any municipal school district located in the municipality; however, if the project is located outside the limits of a municipality but within the boundaries of the municipal school district, then the county board of supervisors may enter into such a fee-in-lieu agreement on behalf of the school district granting a fee-in-lieu of ad valorem taxes for school district purposes.

(3) Any grant of a fee-in-lieu of ad valorem taxes shall be evidenced by a written agreement negotiated by the enterprise and the county board of supervisors and/or municipal authority, as the case may be, and given final approval by the Mississippi Development Authority as satisfying the requirements of this section.

(4) The minimum sum allowable as a fee-in-lieu shall not be less than one-third (1/3) of the ad valorem levy, including ad valorem taxes for school district purposes, and except as otherwise provided, the sum allowed shall be apportioned between the county or municipality, as appropriate, and the school districts in such amounts as may be determined by the county board of supervisors or municipal governing authority, as the case may be, however, except as otherwise provided in this section, from the sum allowed the apportionment to school districts shall not be less than the school districts' pro rata share based upon the proportion that the millage imposed for the school districts by the appropriate levying authority bears to the millage imposed by such levying authority for all other county or municipal purposes. Any fee-in-lieu agreement entered into under this section shall become a binding obligation of the parties to the agreement, be effective upon its execution by the parties and approval by the Mississippi Development Authority and, except as otherwise provided in Section 17-25-23 or Section 57-75-33, or any other provision of law, continue in effect for a period not to exceed thirty (30) years commencing on the date that the fee-in-lieu granted thereunder begins in accordance with the agreement; however, no particular parcel of land, real property improvement or item of personal property shall be subject to a fee-in-lieu for a duration of more than ten (10) years. Any such agreement shall be binding, according to its terms, on future boards of supervisors of the county and/or governing authorities of a municipality, as the case may be, for the duration of the agreement.

(5) The fee-in-lieu may be a stated fraction or percentage of the ad valorem taxes otherwise payable or a stated dollar amount. If the fee is a fraction or percentage of the ad valorem tax levy, it shall be annually computed on all ad valorem taxes otherwise payable, including school taxes, as the same may vary from year to year based upon changes in the millage rate or assessed value and shall not be less than one-third (1/3) of that amount. If the fee is a stated dollar amount, said amount shall be the higher of the sum provided for fixed payment or one-third (1/3) of the total of all ad valorem taxes otherwise payable as annually determined during each year of the fee-in-lieu.

(6) Notwithstanding Section 27-31-111, the parties to a fee-in-lieu may agree on terms and conditions providing for the reduction, suspension, termination or reinstatement of a fee-in-lieu agreement or any fee-in-lieu period granted thereunder upon the cessation of operations by project for twelve (12) or more consecutive months or due to other conditions set forth in the agreement.

(7) For a project as defined in Section 57-75-5(f)(xxi) and located in a county that is a member of a regional economic development alliance created under Section 57-64-1 et seq., the members of the regional economic development alliance may divide the sum allowed as a fee-in-lieu in a manner as determined by the alliance agreement, and the boards of supervisors of the member counties may then apportion the sum allowed between school district purposes and all other county purposes.

(8) For a project as defined in Section 57-75-5(f)(xxvi), the board of supervisors of the county in which the project is located may negotiate with the school district in which the project is located and apportion to the school district an amount of the fee-in-lieu that is agreed upon in the negotiations different than the amount provided for in subsection (3) of this section.

(9) For a project as defined in Section 57-75-5(f)(xxviii), the annual amount of the fee-in-lieu apportioned to the county shall not be less than the amount necessary to pay the annual debt service on bonds issued by the county pursuant to Section 57-75-37(3)(c).

(10) Any fee-in-lieu of ad valorem taxes granted under this section before the effective date of this act, and consistent herewith, is hereby ratified, approved and confirmed.

SECTION 4. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 29, 2021.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for

salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency. SECTION 5. Of the funds appropriated in Sections 1 and 2, none shall be expended for personnel housing under the jurisdiction of the Department of Corrections unless the department shall collect a reasonable rent, after a finding of fact as to what is a reasonable rent, and/or the cost of utilities furnished to said housing. The Department of Corrections shall not pay for the installation or monthly service of any telephone installed in a staff residence under its jurisdiction.

It is further the intention of the Legislature that none of the funds provided herein shall be used to pay certain utilities for state-furnished housing for any employees. Such utilities shall include electricity, natural gas, butane, propane and cable services. Where actual cost cannot be determined, the agency shall be required to provide meters to be in compliance with legislative intent. Such state-furnished housing shall include single-family and multifamily residences but shall not include any dormitory residences. Allowances for such utilities shall be prohibited.

SECTION 6. Of the funds appropriated in Sections 1 and 2, and authorized for expenditure in Section 3, payment may be authorized for court-ordered attorney fees and any accrued interest subject to the approval of the Office of the Attorney General.

SECTION 7. It is the intent of the Legislature, that staffing levels developed through a Mississippi Department of Corrections study that used nationally recognized staffing ratios, that funding and positions for these recommended levels will be phased in over the next two years. The Legislature recognizes that a safe environment is crucial to the mission of the department.

SECTION 8. None of the money herein appropriated shall be paid to any person who by the provision of Section 47-5-47, Mississippi Code of 1972, as amended, is prohibited from being an employee of the Mississippi Department of Corrections. The State Department of Finance and Administration shall at least annually make a report to the Joint Legislative Committee on Performance Evaluation and Expenditure Review and to the Attorney General stating the name of any person prohibited under the provisions of Section 47-5-47, Mississippi Code of 1972, as amended, from being an employee of the Mississippi Department of Corrections who has during the preceding year received any money herein appropriated. In the event that any such person prohibited as hereinabove provided from receiving funds herein appropriated should receive any of said funds, the Attorney General shall immediately commence action to recover the monies so paid to said person and to enjoin the further employment of said person at the Mississippi Department of Corrections.

SECTION 9. It is the intent of the Legislature that all prisoners at Parchman shall work a minimum of eight (8) hours per day, excluding prisoners with a physical disability or those incarcerated in maximum security.

SECTION 10. It is the intention of the Legislature that the per diem rates paid to regional facilities shall not exceed Thirty-one Dollars (\$31.00) per inmate. All regional

facilities shall continue to receive the annual three percent (3%) increase in the per diem rate as authorized in Section 47-5-933, Mississippi Code of 1972, however, in no event shall any regional facility's per diem rate exceed Thirty-one Dollars (\$31.00) per inmate.

SECTION 11. The department or its contracted medical provider will pay to a provider of a medical service for any and all incarcerated persons from a correctional or detention facility an amount based upon negotiated fees as agreed to by the medical care service providers and the department and/or its contracted medical provider. In the absence of a negotiated discounted fee schedule, medical care service providers will be paid by the department or its contracted medical service provider an amount no greater than the reimbursement rate applicable based on the Mississippi Medicaid reimbursement rate. This limitation applies to all medical care services, durable and nondurable goods, prescription drugs and medications provided to any and all incarcerated persons outside of the correctional or detention facility. None of the monies appropriated herein may be used to pay for cosmetic medical procedures for any prisoner. Cosmetic medical procedure means any medical procedure performed in order to change an individual's appearance without significantly serving to prevent or treat illness or disease or to promote proper functioning of the body.

SECTION 12. It is the intention of the Legislature that the Commissioner of the Mississippi Department of Corrections shall have the authority to transfer cash from one special fund treasury fund to another special fund treasury fund under the control of the Department of Corrections. The purpose of this authority is to more efficiently use available cash reserves. It is further the intention of the Legislature that the Department of Corrections shall submit written justification for the transfer to the Legislative Budget Office and the Department of Finance and Administration on or before the fifteenth of the month prior to the effective date of the transfer.

SECTION 13. The Commissioner of the Mississippi Department of Corrections is hereby authorized to transfer spending authority between and within budgets, both positions and funds, in an amount not to exceed twenty-five percent (25%) of the authorized budgets in the aggregate. It is further the intention of the Legislature that the Department of Corrections shall submit written justification for the transfer to the Legislative Budget Office and the Department of Finance and Administration on or before the fifteenth of the month prior to the effective date of the transfer.

SECTION 14. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 15. It is the intention of the Legislature that all funds held by the Inmate Welfare Fund be placed in a treasury fund effective July 1, 2021. Of the amounts appropriated in Section 2, an amount not exceeding Three Million Dollars (\$3,000,000.00) shall be available for expenditure in the Inmate Welfare Fund.

SECTION 16. It is the intention of the Legislature that the Mississippi Department of Corrections shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2021. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2023 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2022 budget request process.

SECTION 17. It is the intention of the Legislature for the Mississippi Department of Corrections to manage funds budgeted and allocated. In so doing, the commissioner of the department shall have the authority to amend, extend and/or renew the term of any lease agreement or any inmate housing agreement in connection with a correctional facility. Notwithstanding any statutory limits to the contrary, such amendment, extension and/or renewal may be for a length of time up to and including ten (10) years as is necessary for the continued operations of such facilities and implementation of the department's duties and responsibilities in accordance with Title 47 of the Mississippi Code of 1972, as amended.

SECTION 18. With the funds herein appropriated, it is the intent of the Legislature that upon vouchers submitted by the board of supervisors of any county housing offenders in county jails pending a probation or parole revocation hearing, the department shall pay the reimbursement costs as provided for in Section 47-5-901(3)(b), Mississippi Code of 1972, as amended by House Bill No. 585, 2014 Regular Session.

SECTION 19. With the funds herein appropriated, it is the intent of the Legislature, that for Fiscal Year 2022, the Department of Corrections shall reimburse municipalities, up to Twenty Dollars (\$20.00) a day, for the cost incurred of housing inmates in any jail facility based on time served for the conviction of larceny, shoplifting, or related convictions where the value of the property taken is Five Hundred Dollars (\$500.00) or more but is equal to or less than One Thousand Dollars (\$1,000.00). A copy of the court abstract of record and the jail docket shall be provided to show the total number of days an individual was incarcerated in said jail facility. The reimbursement shall be payable back to the municipality upon receipt of required documentation and an invoice. Total reimbursements resulting from this section shall not exceed One Hundred Twenty-five Thousand Dollars (\$125,000.00).

SECTION 20. Of the funds appropriated under the provisions of Section 2, funds may be expended to defray the costs of clothing for sworn nonuniform law enforcement officers in an amount not to exceed One Thousand Dollars (\$1,000.00) annually per officer.

SECTION 21. Of the funds appropriated in Section 1, it is the intention of the Legislature that Five Hundred Ten Thousand Two Hundred Sixty-one Dollars (\$510,261.00) shall be allocated to Victim's Notification Programs supported by General Fund court assessments.

SECTION 22. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers, in the manner provided by law.

SECTION 23. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed from and after June 29, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. Any such corrective salary adjustment plan must have prior approval by the State Personnel Board. Such adjustments will not be retroactive.

Any funds in the Salary, Wages and Fringe Benefits major object of expenditure may be used to purchase accumulated compensatory time within funds available.

SECTION 5. It is the intent of the Legislature that the local governments pay for part of the computer cost of the Mississippi Justice Information Center by maintaining their contribution to the Department of Public Safety.

SECTION 6. It is the intention of the Legislature that the Department of Public Safety designate certain employees to aid the Office of Forensics Laboratories in the billing and collecting of all fees charged for services rendered by the Office of Forensics Laboratories.

SECTION 7. No part of the funds appropriated herein shall be transferred to, expended by, or used, directly or indirectly, for the benefit of any public relations, publicity or publication activities of any other state agency, department or officer, nor shall any personnel paid with funds appropriated herein be transferred or assigned to any other state agency, department or officer for public relations, publicity, or publication activities of such office.

SECTION 8. It is the intention of the Legislature that the Department of Public Safety shall not issue citations for violations of speed limits on a quota basis. No funds expended under this act shall be used for such quota-based citations for violations of speed limits.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2023 do not exceed Fiscal Year 2022 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2022 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. Absent a special situation or circumstance approved by the State Personnel Board, or unless otherwise authorized by this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation or realignment. If the State Personnel Board determines a special situation or circumstance exists and approves an action, then the agency and the State Personnel Board shall provide a monthly report of each action approved by the State Personnel Board to the chairmen of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the chairmen of the Appropriations Committees of the Senate and House of Representatives. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2022 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2022 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth

within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 5. It is the intention of the Legislature that the funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

SECTION 6. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers in the manner provided by law.

SECTION 7. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed from and after June 29, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT MAKING AN APPROPRIATION TO THE MISSISSIPPI BOARD OF ANIMAL HEALTH FOR THE PURPOSE OF DEFRAYING THE EXPENSES OF THE BOARD FOR FISCAL YEAR 2022.

Senator Hopson called up the following House Amendment to **S. B. No. 2945** and moved that the Senate decline to concur in the Amendment, and invite conference, and the motion prevailed.

(c) For the county livestock shows in offering and paying prizes or awards to competitors in the approved county livestock shows of Mississippi, for the fiscal year beginning July 1, 2021, and ending June 30, 2022 \$ 12,330.00.

Provided, however, that of the amount herein appropriated in paragraph (c), not more than One Thousand Dollars (\$1,000.00) shall be expended or used in any one (1) county of the state during each fiscal year. Provided, further, that none of the monies herein appropriated in paragraph (c) shall be used in offering or paying prizes or awards for any livestock show that is not held where there are adequate barns, pens and other facilities available for such a show.

Provided, further, in paragraph (c) that the management of such shows shall be in the hands of a county livestock association, and such association shall guarantee a minimum amount of Five Hundred Dollars (\$500.00) to be used in the paying of prizes, premiums or awards, and after said county show has been held and premiums paid, fifty percent (50%) of the amount, not exceeding One Thousand Dollars (\$1,000.00), shall be paid upon requisition to the State Department of Agriculture and Commerce.

Provided, further, in paragraph (c) that in any county which has two (2) shows with proper facilities, and a contiguous county has no such fair and desires to participate in a fair to be held in an adjoining county, each of the two (2) fairs in one (1) county may receive an equal proportion of the funds hereby appropriated, provided, both shows shall not receive an aggregate sum of more than One Thousand Dollars (\$1,000.00).

(d) For the purpose of offering awards and prizes to competitors in the five (5) district livestock shows, for the fiscal year beginning July 1, 2021, and ending June 30, 2022 \$ 53,231.00.

(e) For the purpose of offering awards and prizes to competitors in the five (5) state dairy shows as provided in Section 69-5-101 et seq., Mississippi Code of 1972, for the fiscal year beginning July 1, 2021, and ending June 30, 2022 \$ 6,891.00.

Not less than seventy-five percent (75%) of the funds herein appropriated under the provisions of paragraphs (d) and (e) shall be used in awarding prizes or premiums to 4-H Club members and Smith-Hughes School members and other boys and girls having entries in said shows.

All funds herein appropriated under the provisions of paragraphs (d) and (e) for the five (5) district livestock shows and the five (5) fall state dairy shows shall be distributed in such manner that the livestock exhibitors will each draw equal premium awards for comparable grades and placings at each of the said five (5) district spring shows and the five (5) fall state shows. The management of each district spring show and each state fall show shall submit to the State Department of Agriculture and Commerce, within fifteen (15) days after the close of each said show, a full report on the number of exhibitors at each said show, with the grades and placings of the different classes of livestock exhibited.

The State Commissioner of Agriculture and Commerce, together with a committee of three (3) to be named by the President of the Mississippi Livestock Council from that organization, shall summarize and prepare a unified list of awards for like classes in all spring district livestock shows and fall state dairy shows receiving state premium money, as authorized in paragraphs (d) and (e). The State Commissioner of Agriculture and Commerce shall approve and present a requisition to the State Fiscal Officer for the payment of the amount of funds in paragraphs (d) and (e) due each show

and said State Fiscal Officer shall issue his warrant thereon, and it shall be paid by the State Treasurer.

Provided, however, as a condition of expenditure of the funds appropriated in paragraphs (d) and (e), that the board of directors of any district livestock show may, in its discretion, choose to hold its show in the fall instead of the spring. If district shows are held in both spring and fall, then all funds herein appropriated for the five (5) district livestock shows shall be distributed in such a manner that the spring livestock exhibitors will each draw equal premium awards for comparable grades and placings at each district spring show, and the fall livestock exhibitors will each draw equal premium awards for comparable grades and placings at each district fall show.
