JOINT SESSION

Pursuant to H. C. R. No. 21, a Joint Session was held on the south steps of the New Capitol Building.

The House received the Senate.

The Joint Session was convened by Speaker Philip Gunn.

Speaker Philip Gunn called on the committee composed of Senators Jackson S. (32nd), Parks and Michel and Representatives Karriem, Robinson and Roberson to escort Governor Tate Reeves and First Lady Elee Reeves to the dais.

The invocation was delivered by Pastor Rontal Jenkins, Board Member, District United Penacostal Church.

Speaker Philip Gunn introduced Lt. Governor Delbert Hosemann who presided over the Joint Session.

The National Anthem was performed by Specialist Sara Smith, Mississippi National Guard.

Lt. Governor Delbert Hosemann introduced a host of dignitaries who were present for the Joint Session.

Lt. Governor Delbert Hosemann introduced Governor Tate Reeves who addressed the joint assembly:

“Thank you, Lieutenant Governor Hosemann and Speaker Gunn.

To members of the legislature and other public servants who would normally be here, I wish that we could be together today. We all know that normal has not been in the cards in 2020 or 2021 so far. But I know that you will be able to thoughtfully carry out your work even despite the challenges before us. I'm grateful for your service and I'm even more grateful for your friendship.

I'm very proud to be joined by my beautiful wife, who has been the steady hand I've needed during this tumultuous year. Elee, thank you for being a friend, a great Mom to our daughters, and a true partner in this work.

Ladies and gentlemen, I am here to say that our state is unconquerable. We have taken every hit that can be thrown. We've been tested by every force of nature, disease, and human frailty. It is already a miracle that our state is still standing, but we are not simply standing. We are marching forward.

In this year of crisis and confusion, there has been a solid foundation. It is the Mississippi spirit that binds all of us together. This is not a state of people who have cowered in the face of adversity.

We've got grit, and pride, and faith. We know how to overcome our differences and work together. We know how to do hard things. We know how to treat one another.

As we saw on Easter Sunday, this is a state of people who won't let a tornado leave the ground before arriving with chainsaws to clear their neighbors' land. As we saw after Zeta, it is a state of people who won't let the waves of a hurricane rush back to the sea before ensuring their neighbor has food and warmth. We are a state of people who step up, time and again, and have exceeded all expectations this year.

Tennessee Williams was a world-renowned playwright, and a son of Lowndes County, Mississippi. He once wrote that “The violets in the mountains have broken the rocks.” What he meant was that decency, kindness, empathy, and goodness always win, even when facing hardened opposition. That has

happened here, in our state, in our time. We've seen courage and compassion beat the forces of chaos and destruction in Mississippi. The victory isn't final, but we can see it here every day.

That victory is visible in the long hours of nurses, teachers, and first responders. It is visible in the lives saved by ordinary heroes administering care--physical, emotional, and spiritual--on a daily basis in our state.

It is because of those people that Mississippi was able to move forward when the rest of the world came to a halt. In Mississippi, we never stopped working. We never shut down our farms and we never shut down our factories. What we did slow down for safety, we opened up as quickly and as widely as we possibly could.

We've been cautious, never panicked. We've been safe, but not stubborn. Life cannot be lived in perpetual idleness and isolation. We realized that, and we've adapted our plans throughout the year--responding swiftly when the spread was most severe and opening up whenever it is possible.

And that has made a tremendous difference. Despite the once in a century pandemic, Mississippi's economy actually grew year over year. Think about that. We were the third-best state in the country for job recovery. We had more tourism spending return than any other state in the country--we were number one!

That's not just because of an open economy. It's because Mississippians don't want welfare, they want to work. They recognize the pride and dignity that comes with it, and they've been eager to return when given the opportunity.

It is also why, as we look forward, we cannot be content with where we are. We can never simply say "that's good enough."

I don't want to compete with the Mississippi of the last fifty years. I don't want to compete with Mississippi of the last decade. I don't want to compete with Mississippi of last year. I want to compete with the best--Florida, Georgia, Tennessee, Texas. Because I know we can compete, and I know we can win.

We can get in the ring with anybody, and we can leave with more jobs and

higher wages. Mississippians can bring more skill and dedication to any project than anyone else, anywhere in the world. We work harder than anyone. Why shouldn't we get the best jobs, the best expansions, and best headquarters? I believe we can. And as Mississippi's own, the great Dizzy Dean, once said: "If you can do it, it ain't braggin'."

This is a time of global upheaval, uncertainty, and chaos. And it is in those times that fortunes are made. We need to make Mississippi's fortune today--this is the moment in our history to do it. We've chosen a new banner, we've improved our education, and we've shown the world that we're open for business. Now we need to go out and win high-paying jobs for the people of our state.

I believe that in order to fully capture the potential of this historic moment, we must think big. We need a bold move. This is the time for an action that will turn heads all across the country and get money and people flowing in. And I believe that move is the elimination of the income tax. It is a reward for our hard workers, and an incentive for others to invest here, to grow here, and to live here.

We can transform our economy. We can do it in a smart way, recognizing that it will take a few years to phase in. But we can change a generation of lives here, by attracting the jobs and wages we deserve. I am ready to work with legislators on this, and I know that there is an appetite for this type of boldness.

There are still many who say that we can't lower taxes because it puts new government spending at risk. And I understand that it is often good politics to act like something from the government is a gift. The far left has played that tune for generations.

But we have to be clear: the government does not have anything that it does not first take from a taxpayer. And the people of this state understand that. We have to respect the workers of Mississippi enough to recognize when we can show restraint and stop taking from them. Allow you to spend your money that you make, and it will grow our economy beyond belief.

I also believe we need to sharpen one particular tool to get our economy rolling--our state's workforce development. We don't need Mississippians to be stuck in low-paying jobs. We want them to embark on careers with good pay and

freedom. The best way to accomplish that is to help lift young Mississippians up--give them access to training that puts them in a position to succeed.

The legislature made great progress in this effort last legislative session. I'm very grateful for their work. Now, I'm calling on the legislature to continue their wise investments in this mission. It is essential. It is how we will succeed. It is how we will lift people out of poverty and into proud work. I know they share that goal.

That mission really begins years sooner, with a solid education. Mississippi has made incredible strides--number one in the nation in improvements. Now we need to, once again, set our sights even higher. This is not good enough, we can be better.

This year, in spite of tremendous pressure, we recognized that education is essential. It cannot be accomplished at scale without the incredible efforts of in-person educators. It seems obvious in hindsight, but there were tremendous headwinds. I know that we made the right decision to open our schools and allow our children and parents access to a true education.

We need to keep working. We need to keep fighting for every child to have access to the education that they deserve. We need to ensure that parents have the choice to save their child from a district that lets them down. And we need to reward our teachers for the exceptional, life-changing work that they do.

I support a teacher pay raise. I know the Senate has already passed the Lieutenant Governor's plan, and I know that the Speaker and the House have always been supportive of raises for teachers. I'll be eager to sign any raise that the legislature can send me. Our teachers have earned it. It's the right way to invest.

There's a lot more policy and politics to be hashed out in the coming year. Some of it is even important. But I know the people of Mississippi have heard a lot from me over the last year, so I want to keep this address on point. I want the people of Mississippi to know my focus for the weeks, months, and year ahead:

First, we need to crush this virus and get back to our way of life. The virus is still here, and it cannot be solved by ignoring it. We have to defeat it, because Mississippians are done. We're done burying loved ones who were lost to this

virus. We're done with stressed hospitals. We're done with the fearful talk of lockdowns and shutdowns. We're ready for community again.

We all want schools to flourish with children learning and playing carefree. We want businesses thriving, with crowds of customers joined together. We want to let down the constant guard, and be joyful together. We want to be unafraid of fellowship with our friends and our neighbors.

It is one thing to eliminate government restrictions. Most of those went away last summer. It is another to be truly free from fear, and to have no more anxiety when we come together.

It will be a great day when we can gather in stadiums, churches, restaurants and bars--shoulder to shoulder--without the quiet fear of COVID. When you can celebrate with strangers after a touchdown, sing loudly at a concert not muffled by a mask, and just live life without fear. True comradery. That day is coming. It's coming sooner than we think. There is one more hurdle to that: the rapid distribution of the Coronavirus vaccine.

I reject the false narrative that is being pushed by some which says this is our new normal. That even after vaccination, we need to continue to hide away and live in perpetual isolation and fear. That's just wrong.

This is it. This is our moment. We can see the light at the end of the tunnel, and Mississippi is sprinting towards it. Last weekend, we celebrated 100,000 vaccines delivered. That took us about six weeks. We've done **another** 100,000 vaccinations since then, and as we speak we are likely delivering our 200,000th vaccine! That's because we refused to accept a slow pace--we went from the worst state in the country at the beginning of the process to operating at peak capacity.

I promise that we will smash every roadblock. We will get this done as safely and quickly as we possibly can, and allow people to protect themselves from the virus. It is my most immediate priority, and I assure you it has my full attention.

I also have a personal goal. It's one that I know I will fall short of, but I'm still aiming at it daily. It is to cultivate more empathy. It's been in short supply in this world for some time now. That's been on display across our nation too. And too

often that leads us to see one another as enemies. It leads to corrosion in trust. We as a people cannot allow cruelty to win. We must rise above. We must love our neighbors as ourselves.

We'll always have spirited debate and disagreement. You can fight for what you believe in, while honoring the man or woman on the other side. Above all we have to understand that every Mississippian--every American--is on the same team. We all want to be treated with grace. And we're all made in the image of a perfect God. So, my goal is to act like it.

For me, that means looking out for those who need extra help. It means being honest with people--admitting what I don't know and working to be better. It means diligently working to make Mississippi an even more welcoming, prosperous state.

I'm incredibly lucky that I'm not in it alone. None of us are. We're surrounded by a legion of fellow Mississippians. People who care about you. People who want you to succeed, because they know we will all rise together. If we can just harness that, we can accomplish anything.

I know that our state has what it takes to be exceptional. And I know that with God's continued providence and our unconquerable spirit, together, we can get there.

May God bless you, and may God bless Mississippi."

On motion of Representative Roberson, the Joint Session was dissolved at 3:00 PM, and pursuant to motion by Senator Blackwell previously adopted, the Senate stood in recess.

SECTION 1. The following shall be codified as Section 23-15-152, Mississippi Code of 1972:

23-15-152. (1) For the purposes of this section:

(a) "Confirmation notice" means a notice sent by the election commissioners, by forwardable mail, with return postage prepaid, on a form prescribed by the Secretary of State, to a registered elector to confirm the registered elector's current address. The notice shall comply with all applicable requirements of the National Voter Registration Act of 1993.

(b) An elector "fails to respond to the confirmation notice" if the elector, during a period of four (4) consecutive years beginning from the date of the delivery of the confirmation notice, fails to:

(i) Respond to the confirmation notice;

(ii) Update the elector's registration information; or

(iii) Vote at least once in any election in the elector's registered county or municipality during the period of four (4) consecutive years beginning from the date of the delivery of the confirmation notice.

(2) (a) Within six (6) months of the effective date of this act, the election commissioners shall send each registered elector who has failed to vote at least once in the previous two (2) years a confirmation notice. The period of two (2) years under this paragraph (a) shall include two (2) general statewide elections.

(b) Once within each calendar year thereafter, the election commissioners shall send each registered elector who has failed to vote at least once in the previous four (4) years a confirmation notice.

(c) For electors who fail to respond to the confirmation notice as defined in paragraph (b) of subsection (1) of this section, the county registrar or county election commission shall request verification from the Department of Health that the voter has died and request verification from the Secretary of State, the registrar of another county, or appropriate official in another state that the voter has registered elsewhere. The Secretary of State shall publish a list of all electors identified by the Department of Health as presumed to have died and a list of all electors presumed to have moved their registration to another jurisdiction. Ninety (90) days after publication and having received such verification and finding it to be accurate beyond a reasonable doubt, the county election commission shall remove the elector from the Statewide Elections Management System. If after one hundred twenty (120) days after publication the commission has failed to act, the Secretary of State may remove from the Statewide Elections Management System those electors who fail to respond to the confirmation notice as defined by subsection (2) of this section.

(3) An elector who is removed from the Statewide Elections Management System under this section may cast an affidavit ballot in an election held within twelve (12) months

and such ballot will be counted and the elector shall be returned to the Statewide Elections Management System as a duly registered voter.

(4) No voter registration records shall be removed during the ninety (90) days immediately preceding a federal primary or general election.

(5) The county registrar shall retain removed voter registration records after they are removed for a period that includes at least two (2) federal general elections and shall record the reason for the removal.

All qualified applicants who register with the registrar shall be entered in the Statewide Elections Management System. Only the names of those qualified applicants who register within thirty (30) days before an election shall appear on the pollbooks of the election; however, if the thirtieth day to register before an election falls on a Sunday or legal holiday, the registration applications submitted on the business day immediately following the legal holiday shall be accepted and entered in the Statewide Elections Management System for the purpose of enabling voters to vote in the next election. When county election commissioners determine that any elector is disqualified from voting, by reason of death, conviction of a disenfranchising crime, removal from the jurisdiction, failure to respond to the confirmation notice sent pursuant to Section 23-15-152, or other legal cause, that fact shall be noted in the Statewide Elections Management System and the voter's name shall be removed from the Statewide Elections Management System, the state's voter roll and the county's pollbooks. The diversion shall end the month the indebtedness incurred by the county is satisfied. All revenue received by the county under this paragraph shall be deposited in the fund required to be created in the tax increment financing plan under Section 21-45-11 and be utilized solely to satisfy the indebtedness incurred by the county.

(2) On or before September 15, 1987, and each succeeding month thereafter, from the revenue collected under this chapter during the preceding month, One Million One Hundred Twenty-five Thousand Dollars (\$1,125,000.00) shall be allocated for distribution to municipal corporations as defined under subsection (1) of this section in the proportion that the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each such municipality during the preceding fiscal year bears to the total gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in municipalities statewide during the preceding fiscal year. The Department of Revenue

shall require all distributors of gasoline and diesel fuel to report to the department monthly the total number of gallons of gasoline and diesel fuel sold by them to consumers and retailers in each municipality during the preceding month. The Department of Revenue shall have the authority to promulgate such rules and regulations as is necessary to determine the number of gallons of gasoline and diesel fuel sold by distributors to consumers and retailers in each municipality. In determining the percentage allocation of funds under this subsection for the fiscal year beginning July 1, 1987, and ending June 30, 1988, the Department of Revenue may consider gallons of gasoline and diesel fuel sold for a period of less than one (1) fiscal year. For the purposes of this subsection, the term "fiscal year" means the fiscal year beginning July 1 of a year.

(3) On or before September 15, 1987, and on or before the fifteenth day of each succeeding month, until the date specified in Section 65-39-35, the proceeds derived from contractors' taxes levied under Section 27-65-21 on contracts for the construction or reconstruction of highways designated under the highway program created under Section 65-3-97 shall, except as otherwise provided in Section 31-17-127, be deposited into the State Treasury to the credit of the State Highway Fund to be used to fund that highway program. The Mississippi Department of Transportation shall provide to the Department of Revenue such information as is necessary to determine the amount of proceeds to be distributed under this subsection.

(4) On or before August 15, 1994, and on or before the fifteenth day of each succeeding month through July 15, 1999, from the proceeds of gasoline, diesel fuel or kerosene taxes as provided in Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) shall be deposited in the State Treasury to the credit of a special fund designated as the "State Aid Road Fund," created by Section 65-9-17. On or before August 15, 1999, and on or before the fifteenth day of each succeeding month, from the total amount of the proceeds of gasoline, diesel fuel or kerosene taxes apportioned by Section 27-5-101(a)(ii)1, Four Million Dollars (\$4,000,000.00) or an amount equal to twenty-three and one-fourth percent (23-1/4%) of those funds, whichever is the greater amount, shall be deposited in the State Treasury to the credit of the "State Aid Road Fund," created by Section 65-9-17. Those funds shall be pledged to pay the principal of and interest on state aid road bonds heretofore issued under Sections 19-9-51 through 19-9-77, in lieu of and in substitution for the funds previously allocated to counties under this section. Those funds may not be pledged for the payment of any state aid road bonds issued after April 1, 1981; however, this prohibition against the pledging of any such funds for the payment of bonds shall not apply to any bonds for which intent to issue those bonds has been published for the first time, as provided by law before March 29, 1981. From the amount of taxes paid into the special fund under this subsection and subsection (9) of this section, there shall be first deducted and paid the amount necessary to pay the expenses of the Office of State Aid Road Construction, as authorized by the Legislature for all other general and special fund agencies. The remainder of the fund shall be allocated monthly to the several counties in accordance with the following formula:

(a) One-third (1/3) shall be allocated to all counties in equal shares;

(b) One-third (1/3) shall be allocated to counties based on the proportion that the total number of rural road miles in a county bears to the total number of rural road miles in all counties of the state; and

(c) One-third (1/3) shall be allocated to counties based on the proportion that the rural population of the county bears to the total rural population in all counties of the state, according to the latest federal decennial census.

For the purposes of this subsection, the term "gasoline, diesel fuel or kerosene taxes" means such taxes as defined in paragraph (f) of Section 27-5-101.

The amount of funds allocated to any county under this subsection for any fiscal year after fiscal year 1994 shall not be less than the amount allocated to the county for fiscal year 1994.

Any reference in the general laws of this state or the Mississippi Code of 1972 to Section 27-5-105 shall mean and be construed to refer and apply to subsection (4) of Section 27-65-75.

(5) One Million Six Hundred Sixty-six Thousand Six Hundred Sixty-six Dollars (\$1,666,666.00) each month shall be paid into the special fund known as the "State Public School Building Fund" created and existing under the provisions of Sections 37-47-1 through 37-47-67. Thereafter, the amounts diverted under this subsection (7) during the fiscal year in excess of Forty-two Million Dollars (\$42,000,000.00) shall be deposited into the Education Enhancement Fund created under Section 37-61-33 for appropriation by the Legislature as other education needs and shall not be subject to the percentage appropriation requirements set forth in Section 37-61-33.

Senator Hill offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 17-17-227, Mississippi Code of 1972, is amended as follows:

17-17-227. (1) Each county, in cooperation with municipalities within the county, shall prepare, adopt and submit to the commission for review and approval a local nonhazardous solid waste management plan for the county. Each local nonhazardous solid waste management plan shall include, at a minimum, the following:

(a) An inventory of the sources, composition and quantities by weight or volume of municipal solid waste annually generated within the county, and the source, composition and quantity by weight or volume of municipal solid waste currently transported into the county for management;

(b) An inventory of all existing facilities where municipal solid waste is currently being managed, including the environmental suitability and operational history of each facility, and the remaining available permitted capacity for each facility;

(c) An inventory of existing solid waste collection systems and transfer stations within the county. The inventory shall identify the entities engaging in municipal solid waste collection within the county;

(d) A strategy for achieving a twenty-five percent (25%) waste reduction goal through source reduction, recycling or other waste reduction technologies;

(e) A projection, using acceptable averaging methods, of municipal solid waste generated within the boundaries of the county over the next twenty (20) years;

(f) An identification of the additional municipal solid waste management facilities, including an evaluation of alternative management technologies, and the amount of additional capacity needed to manage the quantities projected in paragraph (e);

(g) An estimation of development, construction, operational, closure and post-closure costs, including a proposed method for financing those costs;

(h) A plan for meeting any projected capacity shortfall, including a schedule and methodology for attaining the required capacity;

(i) A determination of need by the county, municipality, authority or district that is submitting the plan, for any new or expanded facilities. A determination of need shall include, at a minimum, the following:

(i) Verification that the proposed facility meets needs identified in the approved local nonhazardous solid waste management plan which shall take into account the quantities of municipal solid waste generated and the design capacities of existing facilities;

(ii) Certification that the proposed facility complies with local land use and zoning requirements, if any;

(iii) Demonstration, to the extent possible, that operation of the proposed facility will not negatively impact the waste reduction strategy of the county, municipality, authority or district that is submitting the plan;

(iv) Certification that the proposed service area of the proposed facility is consistent with the local nonhazardous solid waste management plan; and

(v) A description of the extent to which the proposed facility is needed to replace other facilities; and

(j) Any other information the commission may require.

(2) Each local nonhazardous solid waste management plan may include:

(a) The preferred site or alternative sites for the construction of any additional municipal solid waste management facilities needed to properly manage the quantities of municipal solid waste projected for the service areas covered by the plan, including the factors which provided the basis for identifying the preferred or alternative sites; and

(b) The method of implementation of the plan with regard to the person who will apply for and acquire the permit for any planned additional facilities and the person who will own or operate any of the facilities.

(3) Each municipality shall cooperate with the county in planning for the management of municipal solid waste generated within its boundaries or the area served by that municipality. The governing authority of any municipality which does not desire to be included in the local nonhazardous solid waste management plan shall adopt a resolution stating its intent not to be included in the county plan. The resolution shall be provided to the board of supervisors and the commission. Any municipality resolving not to be included in a county waste plan shall prepare a local nonhazardous solid waste management plan in accordance with this section.

(4) The board of supervisors of any county may enter into interlocal agreements with one or more counties as provided by law to form a regional solid waste management authority or other district to provide for the management of municipal solid waste for all participating counties. For purposes of Section 17-17-221 through Section 17-17-227, a local nonhazardous solid waste management plan prepared, adopted, submitted and implemented by the regional solid waste management authority or other district is sufficient to satisfy the planning requirements for the counties and municipalities within the boundaries of the authority or district.

(5) (a) Upon completion of its local nonhazardous solid waste management plan, the board of supervisors of the county shall publish in at least one (1) newspaper as defined in Section 13-3-31, having general circulation within the county a public notice that describes the plan, specifies the location where it is available for review, and establishes a period of thirty (30) days for comments concerning the plan and a mechanism for submitting those comments. The board of supervisors shall also notify the board of supervisors of adjacent counties of the plan and shall make it available for review by the board of supervisors of each adjacent county. During the comment period, the board of supervisors of the county shall conduct at least one (1) public hearing concerning the plan. The board of supervisors of the county shall publish twice in at least one (1) newspaper as defined in Section 13-3-31, having general circulation within the county, a notice conspicuously displayed containing the time and place of the hearing and the location where the plan is available for review.

(b) After the public hearing, the board of supervisors of the county may modify the plan based upon the public's comments. Within ninety (90) days after the public hearing, each board of supervisors shall approve a local nonhazardous solid waste management plan by resolution.

(c) A regional solid waste management authority or other district shall declare the plan to be approved as the authority's or district's solid waste management plan upon written notification, including a copy of the resolution, that the board of supervisors of each county forming the authority or district has approved the plan.

(6) Upon ratification of the plan, the governing body of the county, authority or district shall submit it to the commission for review and approval in accordance with Section 17-17-225. The commission shall, by order, approve or disapprove the plan within one hundred eighty (180) days after its submission. The commission shall include with an order disapproving a plan a statement outlining the deficiencies in the plan and directing the governing body of the county, authority or district to submit, within one hundred twenty (120) days after issuance of the order, a revised plan that remedies those deficiencies. If the governing body of the county, authority or district, by resolution, requests an extension of the time for submission of a revised plan, the commission may, for good cause shown, grant one (1) extension for a period of not more than sixty (60) additional days.

(7) After approval of the plan or revised plan by the commission, the governing body of the county, authority or district shall implement the plan in compliance with the implementation schedule contained in the approved plan.

(8) The governing body of the county, authority or district shall annually review implementation of the approved plan. The commission may require the governing body of each local government or authority to revise the local nonhazardous solid waste management plan as necessary, but not more than once every five (5) years.

(9) If the commission finds that the governing body of a county, authority or district has failed to submit a local nonhazardous solid waste management plan, obtain approval of its local nonhazardous solid waste management plan or materially fails to implement its local nonhazardous solid waste management plan, the commission shall issue an order in accordance with Section 17-17-29, to the governing body of the county, authority or district.

(10) The commission may, by regulation, adopt an alternative procedure to the procedure described in this section for the preparation, adoption, submission, review and approval of minor modifications of an approved local nonhazardous solid waste management plan. For purposes of this section, minor modifications may include administrative changes or the addition of any noncommercial nonhazardous solid waste management facility. (11) The executive director of the department shall maintain a copy of all local nonhazardous solid waste management plans that the commission has approved and any orders issued by the commission.

(12) If a public notice required in subsection (5) was published in a newspaper as defined in Section 13-3-31, having general circulation within the county but was not published in a daily newspaper of general circulation as required by subsection (5) before April 20, 1993, the commission shall not disapprove the plan for failure to publish the notice in a daily newspaper. Any plan disapproved for that reason by the commission shall be deemed approved after remedying any other deficiencies in the plan.

(13) Notwithstanding any provision of this chapter, no solid waste management plan shall include a proposed new municipal solid waste landfill in any county that has two (2) or more existing permitted municipal solid waste landfills and such new landfill will be located within a five (5) mile radius of an existing municipal solid waste landfill, unless a

referendum election has been conducted and approved pursuant to Section 17-17-237. This subsection (13) shall not apply to the proposed expansion or replacement of any permitted landfill by the permit holder, and shall not apply to any rubbish disposal facilities, transfer stations, land application sites, composting facilities, solid waste processing facilities, chipping/mulching facilities, industrial/institutional/special waste landfills, industrial/institutional/special waste rubbish sites, waste tire processing facilities, commercial waste tire collection sites, local government waste tire collection sites or generator waste tire collection sites, and none of those facilities, stations, landfills or sites shall be counted as a landfill within a county for the purpose of determining whether a referendum election is required to be conducted in the county as provided in this section.

SECTION 2. Section 17-17-229, Mississippi Code of 1972, is amended as follows:

17-17-229. (1) After approval of a local nonhazardous solid waste management plan by the commission, neither the department, the permit board nor any other agency of the State of Mississippi shall issue any permit, grant or loan for any nonhazardous solid waste management facility in a county, municipality region, or district which is not consistent with the approved local nonhazardous solid waste management plan.

(2) The commission shall adopt criteria to be considered in location and permitting of nonhazardous solid waste management facilities. The criteria shall be developed through public participation, shall be enforced by the permit board and shall include, in addition to all applicable state and federal rules and regulations, consideration of:

(a) Hydrological and geological factors, such as floodplains, depth to water table, soil composition, and permeability, cavernous bedrock, seismic activity, and slope;

(b) Natural resources factors, such as wetlands, endangered species habitats, proximity to parks, forests, wilderness areas and historical sites, and air quality;

(c) Land use factors, such as local land use, whether residential, industrial, commercial, recreational, agricultural, proximity to public water supplies, and proximity to incompatible structures such as schools, churches and airports;

(d) Transportation factors, such as proximity to waste generators and to population, route safety and method of transportation; and

(e) Aesthetic factors, such as the visibility, appearance and noise level of the facility.

(3) Notwithstanding any provision of this chapter, no solid waste management plan shall include a proposed new municipal solid waste landfill in any county that has two (2) or more existing permitted municipal solid waste landfills and such new landfill will be located within a five (5) mile radius of an existing municipal solid waste landfill, unless a referendum election has been conducted and approved pursuant to Section 17-17-237. This subsection (3) shall not apply to the proposed expansion or replacement of any permitted landfill by the permit holder, and shall not apply to any rubbish disposal facilities, transfer stations, land application sites, composting facilities, solid waste processing facilities, chipping/mulching facilities, industrial/institutional/special waste landfills, industrial/institutional/special waste rubbish sites, waste tire processing facilities, commercial waste tire collection sites, local government waste tire collection sites or generator waste tire collection sites, and none of those facilities, stations, landfills or sites shall be counted as a landfill within a county for the purpose of determining whether a referendum election is required to be conducted in the county as provided in this section.

SECTION 3. The following shall be codified as Section 17-17-237, Mississippi Code of 1972:

17-17-237. (1) No new municipal solid waste landfill shall be incorporated into any solid waste management plan and no reference in any existing plan to any unpermitted new municipal solid waste landfill shall be effective, applicable or operative and no permit, grant or loan shall be approved for any new municipal solid waste landfill in any county that has two (2) or more existing permitted municipal solid waste landfills and such new landfill will be located within a five (5) mile radius of an existing municipal solid waste landfill, unless a local referendum election has been called and held in the county in which the new municipal solid waste landfill is proposed and with the results hereinafter provided. The board of supervisors may require the proponent of or applicant for the new municipal solid waste landfill to pay the costs of the election.

(2) Upon presentation and filing of a proper petition requesting same signed by at least twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the qualified electors of the county, it shall be the duty of the board of supervisors to call an election at which there shall be submitted to the qualified electors of the county the question of whether or not the new municipal solid waste landfill proposed to be sited within the county shall be eligible for consideration by the board of supervisors for inclusion in the solid waste management plan of the county. Such election shall be held and conducted by the county election commissioners on a date fixed by the order of the board of supervisors, which date shall not be more than sixty (60) days from the date of the filing of said petition. Notice thereof shall be given by publishing such notice once each week for at least three (3) consecutive weeks in some newspaper published in said county or, if no newspaper be published therein, by such publication in a newspaper in an adjoining county and having a general circulation in the county involved. The election shall be held not earlier than fifteen (15) days from the first publication of such notice.

(3) The election shall be held and conducted as far as may be possible in the same manner as is provided by law for the holding of general elections. The ballots used thereat shall contain a brief statement of the proposition submitted and, on separate lines, the words "I vote FOR new municipal solid waste landfill in County ()", "I vote AGAINST new municipal solid waste landfill in County ()" with appropriate boxes in which the voters may express their choice. All qualified electors may vote by marking the ballot with a cross (x) or check mark(☐) opposite the words of their choice.

(4) The election commissioners shall canvass and determine the results of the election, and shall certify same to the board of supervisors which shall adopt and spread upon its minutes an order declaring such results. If, in such election, sixty percent (60%) of the qualified electors participating therein shall vote in favor of the proposition, inclusion of the proposed new municipal solid waste landfill in a solid waste management plan and permitting of such landfill may be approved provided that all other requirements of law are satisfied as to the landfill. If, on the other hand, sixty percent (60%) of the qualified electors participating therein shall not vote in favor of the proposition, the new landfill may not be included in any solid waste management plan and shall not be permitted. In either case, no further election shall be held in a county under the provisions of this section for a period of two (2) years from the date of the prior election and then only upon the filing of a petition requesting same signed by at least twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the qualified electors of the county as is otherwise provided herein.

SECTION 4. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 17-17-227, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT NO SOLID WASTE MANAGEMENT PLAN SHALL INCLUDE ANY PROPOSED NEW MUNICIPAL SOLID WASTE LANDFILL IF THE NEW LANDFILL IS LOCATED WITHIN A CERTAIN COUNTY HAVING TWO OR MORE EXISTING PERMITTED MUNICIPAL SOLID WASTE LANDFILLS AND SUCH NEW LANDFILL WILL BE LOCATED WITHIN FIVE (5) MILE RADIUS OF AN EXISTING MUNICIPAL SOLID WASTE LANDFILL, UNLESS A REFERENDUM ELECTION HAS BEEN CONDUCTED AND APPROVED; TO AMEND SECTION 17-17-229, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT A FACILITY PERMIT GRANT OR LOAN MAY NOT BE ISSUED BY ANY AGENCY OF THE STATE FOR ANY NEW MUNICIPAL SOLID WASTE LANDFILL IF THE NEW LANDFILL IS LOCATED WITHIN A CERTAIN COUNTY HAVING TWO OR MORE EXISTING PERMITTED MUNICIPAL SOLID WASTE LANDFILLS AND SUCH NEW LANDFILL WILL BE LOCATED WITHIN FIVE (5) MILE RADIUS OF AN EXISTING MUNICIPAL SOLID WASTE LANDFILL, UNLESS A REFERENDUM HAS BEEN CONDUCTED AND APPROVED; TO CREATE NEW SECTION 17-17-237, MISSISSIPPI CODE OF 1972, TO PROVIDE FOR THE REFERENDUM PROCESS; AND FOR RELATED PURPOSES.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) Any owner of a motor vehicle who is a resident of this state, upon payment of the road and bridge privilege taxes, ad valorem taxes and registration fees as prescribed by law for private carriers of passengers, pickup trucks and other noncommercial motor vehicles, and upon payment of an additional fee in the amount provided in subsection (3) of this section, shall be issued a distinctive license tag for any motor vehicle registered in his name identifying such person as a supporter of Mississippi Theatre Association, Inc. The distinctive license tags so issued shall be of such color and design as the Department of Revenue, with the advice of the Executive Director of Mississippi Theatre Association, Inc., may prescribe and shall consist of such letters or numbers, or both, as may be necessary to distinguish each license tag.

(2) Application for the distinctive license tags authorized by this section shall be made to the county tax collector on forms prescribed by the Department of Revenue. The application and the additional fee imposed under subsection (3) of this section, less Two Dollars (\$2.00) thereof to be retained by the tax collector, shall be remitted to the Department of Revenue on a monthly basis as prescribed by the department. The portion of the additional fee retained by the tax collector shall be deposited into the county general fund.

(3) Beginning with any registration year commencing on or after July 1, 2021, any person applying for a distinctive license tag under this section shall pay an additional fee in the amount of Thirty Dollars (\$30.00) for each distinctive license tag applied for under this section, which shall be in addition to all other taxes and fees. The additional fee paid shall be for a period of time to run concurrently with the vehicle's established license tag year. The additional fee is due and payable at the time the original application is made for a distinctive license tag under this section and thereafter annually at the time of renewal registration as long as the owner retains the distinctive license tag. If the owner does not wish to retain the distinctive license tag, he must surrender it to the local county tax collector.

(4) The Department of Revenue shall deposit all fees into the State Treasury on the day collected. At the end of each month, the Department of Revenue shall certify to the State Treasurer the total fees collected under this section from the issuance of the distinctive license tags issued under this section. The State Treasurer shall distribute such collections as follows:

(a) Twenty-four Dollars (\$24.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be distributed to Mississippi Theatre Association, Inc.

(b) One Dollar (\$1.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited into the Mississippi Burn Care Fund created pursuant to Section 7-9-70.

(c) Two Dollars (\$2.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited to the credit of the State Highway Fund to be expended solely for the repair, maintenance, construction or reconstruction of highways.

(d) One Dollar (\$1.00) of each additional fee collected on distinctive license tags issued pursuant to this section shall be deposited to the credit of the special fund created in Section 27-19-44.2.

(5) A regular license tag must be properly displayed as required by law until replaced by a distinctive license tag under this section. The regular license tag must be surrendered to the tax collector upon issuance of the distinctive license tag under this section. The tax collector shall issue up to two (2) license decals for each distinctive license tag issued under this section, which will expire the same month and year as the regular license tag.

(6) In the case of loss or theft of a distinctive license tag issued under this section, the owner may make application and affidavit for a replacement distinctive license tag as provided by Section 27-19-37. The fee for a replacement distinctive license tag shall be Ten Dollars (\$10.00). The tax collector receiving such application and affidavit shall be entitled to retain and deposit into the county general fund five percent (5%) of the fee for such replacement license tag and the remainder shall be distributed in the same manner as funds from the sale of regular distinctive license tags issued under this section.

SECTION 2. This act shall take effect and be in force from and after July 1, 2021, and shall stand repealed on June 30, 2021.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 1. Section 63-11-23, Mississippi Code of 1972, is amended as follows:

* * *

63-11-23. (1) Administrative license suspension for test refusal. The Commissioner of Public Safety, or his authorized agent, shall review the sworn report by a law enforcement officer as provided in Section 63-11-21.

(a) If upon review the Commissioner of Public Safety, or his authorized agent, finds (i) that the law enforcement officer had reasonable grounds and probable cause to believe the person had been operating a motor vehicle upon the public highways, public roads * * * or streets of this state while under the influence of intoxicating liquor or any other substance that may impair a person's mental or physical ability; (ii) that the person refused to submit to the chemical test of the person's breath, blood or urine upon request of the officer; and (iii) that the person was informed that his license and driving privileges would be suspended or denied if he refused to submit to the chemical test of his breath, blood or urine, then the Commissioner of Public Safety, or his authorized agent, shall give notice to the licensee that his license or permit to drive, or any nonresident operating privilege, shall be suspended thirty (30) days after the date of the notice for a period of ninety (90) days if the person has not previously been convicted of or nonadjudicated for a violation of Section 63-11-30, or, for a period of one (1) year if the person was previously convicted or nonadjudicated under Section 63-11-30. If the commissioner or his authorized agent determines that the license or permit should not be suspended, he shall return the license or permit to the licensee.

(b) The notice of suspension shall be in writing and conform to Section 63-1-52.

(c) A person may continue to drive on either an interlock-restricted license or under a drug-testing program if so ordered by a court in the course of a criminal proceeding for a violation of Section 63-11-30.

(2) Extension or suspension of privilege to drive; request for trial. (a) If the chemical testing of a person's breath indicates the blood alcohol concentration was eight one-hundredths percent (.08%) or more for persons who are above the legal age to purchase alcoholic beverages under state law, or two one-hundredths percent (.02%) or more for persons who are below the legal age to purchase alcoholic beverages under state law, based upon grams of alcohol per one hundred (100) milliliters of blood or grams of alcohol per two hundred ten (210) liters of breath as shown by a chemical analysis of the person's blood, breath, or urine, the arresting officer shall seize the license and give the driver a receipt for his license on forms prescribed by the Commissioner of Public Safety and shall promptly forward the license together with a sworn report to the Commissioner of Public Safety. The receipt given a person shall be valid as a permit to operate a motor vehicle for thirty (30) days in order that the defendant may be processed through the court having original jurisdiction and a final disposition had.

(b) If the defendant requests a trial within thirty (30) days and trial is not commenced within thirty (30) days, then the court shall determine if the delay in the trial is the fault of the defendant or his counsel. If the court finds that it is not the fault of the defendant or his counsel, then the court shall order the defendant's privileges to operate a motor vehicle to be extended until the defendant is convicted upon final order of the court.

(c) If a receipt or permit to drive issued under this subsection expires without a trial having been requested as provided in this subsection, then the Commissioner of Public Safety, or his authorized agent, shall suspend the license or permit to drive or any nonresident operating privilege for the applicable period of time as provided in subsection (1) of this section.

(3) Offenders driving without a license. If the person is a resident without a license or permit to operate a motor vehicle in this state, the Commissioner of Public Safety, or his authorized agent, shall deny to the person the issuance of a license or permit for a period of one (1) year beginning thirty (30) days after the date of notice of the suspension.

(4) Appeal. It shall be the duty of the municipal prosecuting attorney, county prosecuting attorney, an attorney employed under the provisions of Section 19-3-49, or if there is not a prosecuting attorney for the municipality or county, the duty of the district attorney to represent the state in any hearing on a de novo appeal held under the provisions of Section 63-11-25, Section 63-11-37 or Section 63-11-30.

(i) For a first offense: one hundred twenty (120) days;

(ii) For a second offense: one (1) year;

(9) License eligibility for underage offenders. A person who is under the legal age to obtain a license to operate a motor vehicle at the time of the offense and who is convicted under this section shall not be eligible to receive a driver's license until the person reaches the age of eighteen (18) years.

(10) License suspensions and restrictions to run consecutively. Suspension or restriction of driving privileges for any person convicted of or nonadjudicated for violations of subsection (1) of this section shall run consecutively to and not concurrently with any other administrative license suspension.

(11) Ignition interlock. If the court orders installation and use of an ignition-interlock device as provided in Section 63-11-31 for every vehicle operated by a person convicted or nonadjudicated under this section, each device shall be installed, maintained and removed as provided in Section 63-11-31.

(12) DUI child endangerment. A person over the age of twenty-one (21) who violates subsection (1) of this section while transporting in a motor vehicle a child under the age of sixteen (16) years is guilty of the separate offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle. The offense of endangering a child by driving under the influence of alcohol or any other substance which has impaired the person's ability to operate a motor vehicle shall not be merged with an offense of violating subsection (1) of this section for the purposes of prosecution and sentencing. An offender who is convicted of a violation of this subsection shall be punished as follows:

(a) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a first conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not more than One Thousand Dollars (\$1,000.00) or shall be imprisoned for not more than twelve (12) months, or both;

(b) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a second conviction shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than One Thousand Dollars (\$1,000.00) nor more than Five Thousand Dollars (\$5,000.00) or shall be imprisoned for one (1) year, or both;

(c) A person who commits a violation of this subsection which does not result in the serious injury or death of a child and which is a third or subsequent conviction shall be guilty of a felony and, upon conviction, shall be fined not less than Ten Thousand Dollars (\$10,000.00) or shall be imprisoned for not less than one (1) year nor more than five (5) years, or both; and

(d) A person who commits a violation of this subsection which results in the serious injury or death of a child, without regard to whether the offense was a first, second, third or subsequent offense, shall be guilty of a felony and, upon conviction, shall be punished by a fine of not less than Ten Thousand Dollars (\$10,000.00) and shall be imprisoned for not less than five (5) years nor more than twenty-five (25) years.

(13) Expunction. (a) Any person convicted under subsection (2) or (3) of this section of a first offense of driving under the influence and who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense may petition the circuit court of the county in which the conviction was had for an order to expunge the record of the conviction at least five (5) years after successful completion of all terms and conditions of the sentence imposed for the conviction. Expunction under this subsection will only be available to a person:

(i) Who has successfully completed all terms and conditions of the sentence imposed for the conviction;

* * *

(* * *ii) Who has not been convicted of and does not have pending any other offense of driving under the influence;

(** *iii) Who has provided the court with justification as to why the conviction should be expunged; and

(** *iv) Who has not previously had a nonadjudication or expunction of a violation of this section.

(b) A person is eligible for only one (1) expunction under this subsection, and the Department of Public Safety shall maintain a permanent confidential registry of all cases of expunction under this subsection for the sole purpose of determining a person's eligibility for expunction, for nonadjudication, or as a first offender under this section.

(c) The court in its order of expunction shall state in writing the justification for which the expunction was granted and forward the order to the Department of Public Safety within five (5) days of the entry of the order.

(14) Nonadjudication. (a) For the purposes of this chapter, "nonadjudication" means that the court withholds adjudication of guilt and sentencing, either at the conclusion of a trial on the merits or upon the entry of a plea of guilt by a defendant, and places the defendant in a nonadjudication program conditioned upon the successful completion of the requirements imposed by the court under this subsection.

(b) A person is eligible for nonadjudication of an offense under this Section 63-11-30 only one (1) time under any provision of a law that authorizes nonadjudication and only for an offender:

(i) Who has successfully completed all terms and conditions imposed by the court after placement of the defendant in a nonadjudication program;

(ii) Who was not the holder of a commercial driver's license or a commercial learning permit at the time of the offense;

(iii) Who has not previously been convicted of and does not have pending any former or subsequent charges under this section; and

(iv) Who has provided the court with justification as to why nonadjudication is appropriate.

(c) Nonadjudication may be initiated upon the filing of a petition for nonadjudication or at any stage of the proceedings in the discretion of the court; the court may withhold adjudication of guilt, defer sentencing, and upon the agreement of the offender to participate in a nonadjudication program, enter an order imposing requirements on the offender for a period of court supervision before the order of nonadjudication is entered. Failure to successfully complete a nonadjudication program subjects the person to adjudication of the charges against him and to imposition of all penalties previously withheld due to entrance into a nonadjudication program. The court shall immediately inform the commissioner of the conviction as required in Section 63-11-37.

(i) The court shall order the person to:

1. Pay the nonadjudication fee imposed under Section 63-11-31 if applicable;

2. Pay all fines, penalties and assessments that would have been imposed for conviction;

3. Attend and complete an alcohol safety education program as provided in Section 63-11-32 within six (6) months of the date of the order;

4. a. If the court determines that the person violated this section with respect to alcohol or intoxicating liquor, the person must install an ignition-interlock device on every motor vehicle operated by the person, obtain an interlock-restricted license, and maintain that license for one hundred twenty (120) days or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person must not operate any vehicle. For purposes of this subparagraph 4., the first day of the one-hundred-twenty-day period shall begin the date the judge signs an order to maintain such license or suspend such license.

b. If the court determines that the person violated this section by operating a vehicle when under the influence of a substance other than alcohol that has impaired the person's ability to operate a motor vehicle, including any drug or controlled substance which is unlawful to possess under the Mississippi Controlled Substances Law, the person must submit to a one-hundred-twenty-day period of a nonadjudication program that includes court-ordered drug testing at the person's own expense not less often than every thirty (30) days, during which time the person may drive if compliant with the terms of the program, or suffer a one-hundred-twenty-day suspension of the person's regular driver's license, during which time the person will not operate any vehicle.

(ii) Other conditions that may be imposed by the court include, but are not limited to, alcohol or drug screening, or both, proof that the person has not committed any other traffic violations while under court supervision, proof of immobilization or impoundment of vehicles owned by the offender if required, and attendance at a victim-impact panel.

(d) The court may enter an order of nonadjudication only if the court finds, after a hearing or after ex parte examination of reliable documentation of compliance, that the offender has successfully completed all conditions imposed by law and previous orders of the court. The court shall retain jurisdiction over cases involving nonadjudication for a period of not more than two (2) years.

(e) (i) The clerk shall immediately forward a record of every person placed in a nonadjudication program and of every nonadjudication order to the Department of Public Safety for inclusion in the permanent confidential registry of all cases that are nonadjudicated under this subsection (14).

(ii) Judges, clerks and prosecutors involved in the trial of implied consent violations and law enforcement officers involved in the issuance of citations for implied consent violations shall have secure online access to the confidential registry for the purpose of determining whether a person has previously been the subject of a nonadjudicated case and 1. is therefore ineligible for another nonadjudication; 2. is ineligible as a first offender for a violation of this section; or 3. is ineligible for expunction of a conviction of a violation of this section.

(iii) The Driver Services Bureau of the department shall have access to the confidential registry for the purpose of determining whether a person is eligible for a form of license not restricted to operating a vehicle equipped with an ignition-interlock device.

(iv) The Mississippi Alcohol Safety Education Program shall have secure online access to the confidential registry for research purposes only.

(ii) A person nonadjudicated under Section 63-11-30 shall be assessed by the court, in addition to the criminal fines, penalties and assessments provided by law for violations of Section 63-11-30, a fee of Two Hundred Fifty Dollars (\$250.00) to be deposited in the Interlock Device Fund in the State Treasury unless the person is determined by the court to be indigent.

(3) (a) The Department of Public Safety shall promulgate rules and regulations for the use of an ignition-interlock device. The Department of Public Safety shall approve which vendors shall be used to furnish the systems, may assess fees to the vendors, and shall prescribe the maximum costs to the offender for installation, removal, monthly operation, periodic inspections, calibrations and repairs.

(b) A person who has an ignition-interlock device installed in a vehicle shall:

(i) Provide proof of the installation of the device and periodic reporting for verification of the proper operation of the device;

(v) A person may not knowingly provide a motor vehicle not equipped with a functioning ignition-interlock device to another person who the provider of the vehicle knows or should know is prohibited from operating a motor vehicle not equipped with an ignition-interlock device.

(b) A violation of this subsection (4) is a misdemeanor and upon conviction the violator shall be fined an amount not less than Two Hundred Fifty Dollars (\$250.00) nor more than One Thousand Dollars (\$1,000.00) or imprisoned for not more than six (6) months, or both, unless the starting of a motor vehicle equipped with an ignition-interlock device is done for the purpose of safety or mechanical repair of the device or the vehicle, and the person subject to the restriction does not operate the vehicle.

(5) In order to obtain an interlock-restricted license, a person must:

(a) Be otherwise qualified to operate a motor vehicle, and will be subject to all other restrictions on the privilege to drive provided by law;

(b) Submit proof that an ignition-interlock device is installed and operating on all motor vehicles operated by the person; and

(c) Pay the fee set forth in Section 63-1-43 to obtain the license without regard to indigence; no license reinstatement fee under Section 63-1-46 shall be charged for a person obtaining an interlock-restricted license.

(6) (a) In addition to the penalties authorized for any second or subsequent conviction under Section 63-11-30, the court shall order that all vehicles owned by the offender that are not equipped with an ignition-interlock device must be either impounded or immobilized pending further order of the court lifting the offender's driving restriction. However, no county, municipality, sheriff's department or the Department of Public Safety shall be required to keep, store, maintain, serve as a bailee or otherwise exercise custody over a motor vehicle impounded under the provisions of this section. A violation of this paragraph (b) is a misdemeanor and, upon conviction, the violator shall be fined an amount not less than Two Hundred Fifty Dollars (\$250.00) nor more than One Thousand Dollars (\$1,000.00) or imprisoned for not more than six (6) months, or both.

(7) (a) The Department of Public Safety shall promulgate rules and regulations for the use of monies in the Interlock Device Fund to offset the cost of interlock device installation and operation by and court-ordered drug testing of indigent offenders.

(b) The court shall determine a defendant's indigence based upon whether the defendant has access to adequate resources to pay the ignition-interlock fee and the costs of installation and maintenance of an ignition-interlock device, or the costs of court-ordered drug testing or both, and may further base the determination of indigence on proof of enrollment in one or more of the following types of public assistance:

(i) Temporary Assistance for Needy Families (TANF);

(ii) Medicaid assistance;

(iii) The Supplemental Nutritional Assistance Program (SNAP), also known as "food stamps";

(iv) Supplemental security income (SSI);

(i) That the offender must pay the cost of the testing program or, if the court finds the offender to be indigent, that the cost be paid from the Interlock Device Fund.

(ii) How indigent funds will be accessed by the vendors, and the maximum cost to the offender or the fund.

(e) (i) Money in the Interlock Device Fund will be appropriated to the department to cover part of the costs of court-ordered drug testing and installing, removing and leasing ignition-interlock devices for indigent people who are required, because of a conviction or nonadjudication under Section 63-11-30, to install an ignition-interlock device in all vehicles operated by the person.

(ii) If money is available in the Interlock Device Fund, the department shall pay to the vendor, for one (1) vehicle per offender, up to Fifty Dollars (\$50.00) for the cost of installation, up to Fifty Dollars (\$50.00) for the cost of removal, and up to Thirty Dollars (\$30.00) monthly for verified active usage of the ignition-interlock device. The department shall not pay any amount above what an offender would be required to pay for the installation, removal or usage of an ignition-interlock device.

(iii) If money is available in the Interlock Device Fund, the department shall pay to the vendor an amount not to exceed that promulgated by the Forensics Laboratory for court-ordered drug testing. The department shall not pay any amount above what an offender would be required to pay individually.

(8) In order to reinstate a form of driver's license that is not restricted to operation of an ignition-interlock equipped vehicle, the person must submit proof to the Department of Public Safety to substantiate the person's eligibility for an unrestricted license, which may be a court order indicating completion of sentence or final order of nonadjudication; in the absence of a court order, the proof may consist of the following or such other proof as the commissioner may set forth by regulation duly adopted under the Administrative Procedures Act:

(ii) For a person who violated Section 63-11-30 with respect to drugs other than alcohol, proof of successful compliance with all court-ordered drug testing; or

(iii) Both subparagraphs (i) and (ii) of this paragraph (e) if applicable.

(9) The court may extend the interlock-restricted period if the person had a violation in the last thirty (30) days.

(10) The court that originally ordered installation of the ignition-interlock device for a violation of Section 63-11-30 and a court in the municipality or county in which the violation occurred have jurisdiction over an offense under this section.

Ignition-interlock vendors must also use the uniform format when sharing data with courts ordering an ignition interlock, with alcohol safety education programs, or with other treatment providers.

(b) The Department of Public Safety shall require all vendors of drug testing programs approved under Section 63-11-31.1 to report test results in a consistent and uniform format as prescribed by the Forensics Laboratory. Vendors must report test results to the court on a monthly basis, except that a positive test or failure of the testing participant to submit to verification must be reported to the court within five (5) days of verification of the positive test or the failure to submit.

(5) (a) A citizen of this state, or a person licensed to carry a concealed pistol or revolver under Section 45-9-101, or a person licensed to carry a concealed pistol or revolver with the endorsement under Section 97-37-7, who is adversely affected by an ordinance * * *, posted written notice or any other rule, regulation, order or policy adopted or verbally imposed by a county or municipality in violation of this section may file suit for declarative and injunctive relief against a county or municipality in the circuit court which shall have jurisdiction over the county or municipality where the violation of this section occurs.

(b) Before instituting suit under this subsection, the party adversely impacted by the ordinance or posted written notice shall notify the Attorney General in writing of the violation and include evidence of the violation. The county or municipality shall have thirty (30) days from receipt of that notice to cure the violation. If the county or municipality fails to cure the violation within that thirty-day time period, a suit under paragraph (a) of this subsection may proceed. The findings of the Attorney General shall constitute a "Public Record" as defined by the Mississippi Public Records Act of 1983, Section 25-61-1 et seq.

(c) If the circuit court finds that a county or municipality adopted an ordinance or posted written notice or imposed any rule, regulation, order or policy in violation of this section and failed to cure that violation in accordance with paragraph (b) of this subsection, the circuit court shall issue a permanent injunction against a county or municipality prohibiting it from enforcing the ordinance, rule, regulation, order, policy or posted written notice. Any elected county or municipal official under whose jurisdiction the violation occurred may be civilly liable in a sum not to exceed One Thousand Dollars (\$1,000.00), plus all reasonable attorney's fees and costs incurred by the party bringing the suit. Public funds may not be used to defend or reimburse officials who are found by the court to have violated this section.

(d) It shall be an affirmative defense to any claim brought against an elected county or municipal official under this subsection (5) that the elected official:

(i) Did not vote in the affirmative for the adopted ordinance * * *, posted written notice, rule, regulation, order or policy deemed by the court to be in violation of this section;

(ii) Did attempt to take recorded action to cure the violation as noticed by the Attorney General in paragraph (b) of this subsection; or

(iii) Did attempt to take recorded action to rescind the ordinance, rule, regulation, order or policy or remove the posted written notice deemed by the court to be in violation of this section.

(6) No county or municipality or their officers or employees may participate in any program in which individuals are given a thing of value provided by another individual or other entity in exchange for surrendering a firearm to the county, municipality or other governmental body * * *.

H. B. No. 1205: Telemedicine; revise definition for provisions of law regarding coverage for telemedicine services.

Senator Michel offered the following COMMITTEE AMENDMENT NO. 1.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 83-9-351, Mississippi Code of 1972, is amended as follows:

83-9-351. (1) As used in this section:

(a) "Employee benefit plan" means any plan, fund or program established or maintained by an employer or by an employee organization, or both, to the extent that such plan, fund or program was established or is maintained for the purpose of providing for its participants or their beneficiaries, through the purchase of insurance or otherwise, medical, surgical, hospital care or other benefits.

(b) "Health insurance plan" means any health insurance policy or health benefit plan offered by a health insurer, and includes the State and School Employees Health Insurance Plan and any other public health care assistance program offered or administered by the state or any political subdivision or instrumentality of the state. The term does not include policies or plans providing coverage for specified disease or other limited benefit coverage.

(c) "Health insurer" means any health insurance company, nonprofit hospital and medical service corporation, health maintenance organization, preferred provider organization, managed care organization, pharmacy benefit manager, and, to the extent permitted under federal law, any administrator of an insured, self-insured or publicly funded health care benefit plan offered by public and private entities, and other parties that are by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service.

(d) "Telemedicine" means the delivery of health care services such as diagnosis, consultation, or treatment through the use of * * * HIPAA-compliant telecommunications systems, including information, electronic, and communication technologies, remote monitoring technologies and store-and-forward transfers. Nonstore-and-forward and nonremote patient monitoring telemedicine must be "real-time" audiovisual, except that audio-only interactions are allowed when (i) audio-video interactions are technologically unavailable, and (ii) audio-only interactions are considered medically appropriate for the corresponding health care services being delivered. An audio-only interaction is also allowed when conducted in conjunction with a store-and-forward transfer when the store-and-forward transfer is directly related to the patient condition presented.

(2) All health insurance and employee benefit plans in this state must provide coverage for telemedicine services to the same extent that the services would be covered if they were provided through in-person consultation.

(3) A health insurance or employee benefit plan may charge a deductible, co-payment, or coinsurance for a health care service provided through telemedicine so long as it does not exceed the deductible, co-payment, or coinsurance applicable to an in-person consultation.

* * *

(* * *4) Nothing in this section shall be construed to prohibit a health insurance or employee benefit plan from providing coverage for only those services that are medically necessary, subject to the terms and conditions of the covered person's policy.

(* * *5) In a claim for the services provided, the appropriate procedure code for the covered services shall be included with the appropriate modifier indicating interactive communication was used. Health insurance and employee benefit plans shall reimburse providers for telemedicine services using the proper medical codes. Reimbursement of expenses for covered health care services provided during a telemedicine encounter must be established through negotiations conducted by the health insurance entity with the provider in the same manner as the health insurance entity establishes reimbursement of expenses for covered health care services that are delivered by in-person means.

(* * *6) The originating site is eligible to receive a facility fee, but facility fees are not payable to the distant site. Health insurance and employee benefit plans shall not limit coverage to provider-to-provider consultations only. Patients in a patient-to-provider consultation shall not be entitled to receive a facility fee.

SECTION 2. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(b) To designate wildlife refuges, with the consent of the property owner or owners, in any localities it finds necessary to secure perpetuation of any species of game birds, game or fur-bearing animals, reptiles, fish or amphibians and to maintain an adequate supply for the purpose of providing a safe retreat where the animals may rest and replenish adjacent hunting, trapping or fishing grounds or waters, and to approve land suitable for such purposes as eligible for the income tax credit authorized under Section 27-7-22.22.

(3) The owner of such an enclosure shall comply with *** all rules and regulations promulgated by the commission for the testing of white-tailed deer harvested within *** an enclosure, or whose mortality was due to causes other than hunting activity, as required by Section *** 1 of this act. (13) If the defendant violates any condition of his reentry probation, the court may revoke the probation and order the defendant to serve all or part of the sentence previously imposed and suspended, unless the violation is a technical violation and then the court may impose a sentence of not more than ninety (90) days to be served at the Technical Violation Center. The term of the revocation for a technical violation shall begin on the date the court orders the revocation. Upon completion of the imposed sentence for the technical revocation, the defendant shall return to active supervised probation for a period equal to the remainder of the original period of probation subject to any additional conditions imposed by the court.

(14) This section shall stand repealed on July 1, 2024.

SECTION 2. SECTION 2. Legislative findings and purpose. The Legislature of the State of Mississippi finds that:

(a) The number of incarcerated women in the State of Mississippi has increased by a third (1/3) since 2001 and at one point in 2008 the rate had grown by forty-four percent (44%);

(b) Nationally, the number of children under age eighteen (18) with a mother in prison more than doubled since 1991;

(c) Children who grow up with parents in prison are six (6) to seven (7) times more likely to become incarcerated themselves;

(d) Prisoners who maintain close contact with their family members while incarcerated have better post-release outcomes and lower recidivism rates;

(e) Children of inmates who are able to visit their imprisoned parents have increased cognitive skills, improved academic self-esteem, greater self-control and change schools much less often;

(f) To mitigate the collateral impact on families and children, the Department of Corrections should consider the location of family;

(g) Nationally, approximately two thousand (2,000) women give birth while incarcerated each year;

(h) Prenatal care significantly improves outcomes for pregnant women and infants;

(i) Participation in post-delivery mother-infant residency or nursery programs is associated with lower recidivism rates, reduced risk of babies entering foster care, and improved odds that mothers and their babies will remain together after the mother's period of incarceration;

(j) Use of restrictive housing and restraints on incarcerated pregnant women may be extremely dangerous to the health of mothers, fetuses and infants; and

(k) Nationally, eighty-six percent (86%) of women in prison were victims of sexual assault prior to entering the prison system.

(1) Upon notification and/or diagnosis of an inmate's pregnancy, and for the duration of the pregnancy, and for thirty (30) days following the inmate's delivery, the Department of Corrections and/or a correctional facility employee shall not apply the following restraints on the pregnant inmate unless a correctional facility employee has a reasonable belief that the inmate will harm herself, the fetus, or any other person, or pose a substantial flight risk:

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. Provided, however, that school districts are authorized, in their discretion, to negotiate the salary levels applicable to certificated employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. Provided, however, that the total number of licensed school nurses eligible for a salary supplement under this subparagraph (ii) shall not exceed thirty-five (35).

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed

school counselor shall submit documentation to the State Department of Education that the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board or is employed by a state agency under the State Personnel Board. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, the total number of certified academic language therapists eligible for a salary supplement under this subparagraph (iv) shall not exceed twenty (20).

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its minimum education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding certified teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed

appropriate in designating successful student achievement shall be used in establishing MPBP criteria. The State Board of Education shall develop the MPBP policies and procedures and report to the Legislature and Governor by December 1, 2006.

(5) (a) Beginning in the 2008-2009 school year, if funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION 2. Section 37-21-7, Mississippi Code of 1972, is amended as follows:

37-21-7. (1) This section shall be referred to as the "Mississippi Elementary Schools Assistant Teacher Program," the purpose of which shall be to provide an early childhood education program that assists in the instruction of basic skills. The State Board of Education is authorized, empowered and directed to implement a statewide system of assistant teachers in kindergarten classes and in the first, second and third grades. The assistant teacher shall assist pupils in actual instruction under the strict supervision of a licensed teacher.

(2) (a) Except as otherwise authorized under subsection (7), each school district shall employ the total number of assistant teachers funded under subsection (6) of this section. The superintendent of each district shall assign the assistant teachers to the kindergarten, first-, second- and third-grade classes in the district in a manner that will promote the maximum efficiency, as determined by the superintendent, in the instruction of skills such as verbal and linguistic skills, logical and mathematical skills, and social skills.

(b) If a licensed teacher to whom an assistant teacher has been assigned is required to be absent from the classroom, the assistant teacher may assume responsibility for the classroom in lieu of a substitute teacher. However, no assistant teacher shall assume sole responsibility of the classroom for more than three (3) consecutive school days. Further, in no event shall any assistant teacher be assigned to serve as a substitute teacher for any teacher other than the licensed teacher to whom that assistant teacher has been assigned.

(3) Assistant teachers shall have, at a minimum, a high school diploma or a High School Equivalency Diploma equivalent, and shall show demonstrable proficiency in reading and writing skills. The State Department of Education shall develop a testing procedure for assistant teacher applicants to be used in all school districts in the state.

(4) (a) In order to receive funding, each school district shall:

(i) Submit a plan on the implementation of a reading improvement program to the State Department of Education; and

(ii) Develop a plan of educational accountability and assessment of performance, including pretests and posttests, for reading in Grades 1 through 6.

(b) Additionally, each school district shall:

(i) Provide annually a mandatory preservice orientation session, using an existing in-school service day, for administrators and teachers on the effective use of assistant teachers as part of a team in the classroom setting and on the role of assistant teachers, with emphasis on program goals;

(ii) Hold periodic workshops for administrators and teachers on the effective use and supervision of assistant teachers;

(iii) Provide training annually on specific instructional skills for assistant teachers;

(iv) Annually evaluate their program in accordance with their educational accountability and assessment of performance plan; and

(v) Designate the necessary personnel to supervise and report on their program.

(5) The State Department of Education shall:

(a) Develop and assist in the implementation of a statewide uniform training module, subject to the availability of funds specifically appropriated therefor by the Legislature, which shall be used in all school districts for training administrators, teachers and assistant teachers. The module shall provide for the consolidated training of each assistant teacher and teacher to whom the assistant teacher is assigned, working together as a team, and shall require further periodic training for administrators, teachers and assistant teachers regarding the role of assistant teachers;

(b) Annually evaluate the program on the district and state level. Subject to the availability of funds specifically appropriated therefor by the Legislature, the department shall develop: (i) uniform evaluation reports, to be performed by the principal or assistant principal, to collect data for the annual overall program evaluation conducted by the department; or (ii) a program evaluation model that, at a minimum, addresses process evaluation; and

(c) Promulgate rules, regulations and such other standards deemed necessary to effectuate the purposes of this section. Noncompliance with the provisions of this section and any rules, regulations or standards adopted by the department may result in a violation of compulsory accreditation standards as established by the State Board of Education and the Commission on School Accreditation.

(6) In addition to other funds allotted under the Minimum Education or Adequate Education Program, each school district shall be allotted sufficient funding for the purpose of employing assistant teachers. No assistant teacher shall be paid less than the amount he or she received in the prior school year. No school district shall receive any funds

under this section for any school year during which the aggregate amount of the local contribution to the salaries of assistant teachers by the district shall have been reduced below such amount for the previous year.

* * *

For assistant teachers, the minimum annual salary shall be as follows:

2021-2022 Minimum Salary \$15,000.00

In addition, for each one percent (1%) that the Sine Die General Fund Revenue Estimate Growth exceeds five percent (5%) in fiscal year 2006, as certified by the Legislative Budget Office to the State Board of Education and subject to the specific appropriation therefor by the Legislature, the State Board of Education shall revise the salary scale in the appropriate year to provide an additional one percent (1%) across-the-board increase in the base salaries for assistant teachers. The State Board of Education shall revise the salaries prescribed above for assistant teachers to conform to any adjustments made in prior fiscal years due to revenue growth over and above five percent (5%). The assistant teachers shall not be restricted to working only in the grades for which the funds were allotted, but may be assigned to other classes as provided in subsection (2)(a) of this section.

(7) (a) As an alternative to employing assistant teachers, any school district may use the allotment provided under subsection (6) of this section for the purpose of employing licensed teachers for kindergarten, first-, second- and third-grade classes; however, no school district shall be authorized to use the allotment for assistant teachers for the purpose of employing licensed teachers unless the district has established that the employment of licensed teachers using such funds will reduce the teacher:student ratio in the kindergarten, first-, second- and third-grade classes. All state funds for assistant teachers shall be applied to reducing teacher:student ratio in Grades K-3.

It is the intent of the Legislature that no school district shall dismiss any assistant teacher for the purpose of using the assistant teacher allotment to employ licensed teachers. School districts may rely only upon normal attrition to reduce the number of assistant teachers employed in that district.

(b) Districts meeting the highest levels of accreditation standards, as defined by the State Board of Education, shall be exempted from the provisions of subsection (4) of this section.

AMENDMENT NO. 1:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Sections 1 through 4 of this act shall be known and may be cited as the "Jimmy Kaigler Alzheimer's Support Act." James Street "Jimmy" Kaigler was born and raised in Clarksdale, Mississippi, and was a graduate of the University of Mississippi. Kaigler served as a Captain in the United States Air Force from 1966 to 1972. Following his tour in Vietnam, Captain Kaigler was awarded the Bronze Star for meritorious service. Kaigler later worked as President and CEO of Memorial Hospital in Gulfport. Sections 1 through 4 of this act shall serve as testament to Captain Kaigler's life as well as a tribute to the loving care provided by his wife and family.

SECTION 2. (1) The Legislature finds that:

(a) Families caring for a loved one with Alzheimer's disease or a related dementia at home are often burdened with excessive financial or personal costs of providing continuous care;

(b) Medicare does not pay for long-term care or provide support to family caregivers;

(c) Long-term care insurance is costly and may not be affordable to low and middle income families and may not cover essential services for the length of time needed for an Alzheimer's patient; and

(d) Providing respite care services to those with Alzheimer's may delay or supplant the need for transfer to a long-term skilled nursing facility, allowing for the individual with Alzheimer's to remain in his or her home environment.

SECTION 3. As used in Sections 1 through 4 of this act, the following terms shall be defined as provided in this section:

(a) "Alzheimer's disease or related dementia" means the diseases and conditions characterized by a decline in memory, language, problem-solving and other thinking skills that affect a person's ability to perform everyday activities.

(b) "Mississippi Dementia Care Program" means the Alzheimer's or related dementia pilot program created in this act.

(c) "Informal caregiver" means any spouse, adult child, relative or friend who provides unpaid assistance to an individual living in the community who suffers from Alzheimer's or other related dementia.

(d) "Respite care" means temporary, substitute support or living arrangements to provide a brief period of relief or rest for informal caregivers. Respite care may include in-home care by appropriately trained individuals, or care in an adult day care or assisted living or nursing home setting, for an intermittent, occasional or emergency basis.

SECTION 4. (1) Subject to the appropriation of federal funds for that purpose, there is established within the Department of Human Services a pilot program known as the "Mississippi Dementia Care Program" for the purpose of providing respite care services to informal caregivers of persons with Alzheimer's disease or related dementia. The pilot program shall use existing respite care services infrastructure and selected fiscal agent to carry out the operations of the program. The State Department of Mental Health, the State Department of Health and the University of Mississippi Medical Center shall cooperate with and provide assistance to the Department of Human Services in the establishment and operation of the program and in seeking to obtain federal funds for the program.

(2) The Mississippi Dementia Care Program shall:

(a) Be operated for a period of three (3) consecutive years beginning on July 1, 2022, and continuing through July 1, 2025;

(b) Begin enrolling participating individuals immediately upon beginning of the program; and

(c) Actively serve not more than sixty (60) enrollees for the first year of operation, and maintain this number of enrollees for the second and third year of operation.

(3) To receive assistance from the Mississippi Dementia Care program, the family unit must be assessed according to the guidelines developed by the department to determine the need for respite care services. This assessment must determine, at a minimum, that:

(a) The family unit is unable to pay for respite care without jeopardizing other basic needs, including, but not limited to, food, shelter and medications; and

(b) The homebound person with Alzheimer's disease or related dementia for whom the family unit is caring is sixty (60) years of age or older, requires assistance to remain in the home, and, without this assistance, would need to move to an assisted living facility or a nursing facility.

(4) The Department of Human Services shall promulgate rules and regulations to effectuate the purposes of Sections 1 through 4 of this act.

(5) The executive director of the department shall submit a report to the Legislature on or before January 1, 2023, and on or before January 1st of each year thereafter until the end of the pilot program period. The report shall include, but is not limited to, the following information:

- (a) Total spent on program funding;
- (b) The amount of administrative costs to operate the program;
- (c) The number of individuals and informal caregivers served by the program;
- (d) The income ranges of the individuals and informal caregivers participating in this program; and
- (e) The efficacy of the assistance program.

(6) This section does not create an entitlement to respite care services through the provisions of this program, and the services provided and the number of individuals served are subject to appropriations of federal funds for that purpose.

SECTION 5. (1) As used in this section, the term "regional food banks" means the three (3) Feeding America partner food banks that serve Mississippi, including Feeding the Gulf Coast, Mid-South Food Bank, and Mississippi Food Network, which are nonprofit organizations that solicit, warehouse and redistribute eligible food to agencies in Mississippi that feed families and individuals who qualify based on federal guidelines.

(2) Subject to the appropriation of federal funds for that purposes, the Department of Human Services shall establish a grant program for regional food banks to provide annual grant funding to the regional food banks for the purchase, transportation, storage and distribution of food in Mississippi. Grants shall be made from federal funds available to the department for such purpose. Grants made pursuant to the program shall be used only for the purchase of food or agricultural commodities for repackaging or processing, or both, of food for distribution to emergency food providers serving Mississippi and program participants residing in Mississippi.

(3) The department shall administer the program and shall use not more than one percent (1%) of the funds made available for the program for expenses of administering the program.

(4) All food purchases made through the use of program funds shall be made in accordance with the following standards:

- (a) Procurement from Mississippi-based food sources shall be given preference when available and at a reasonable cost;
- (b) Food shall be purchased at wholesale prices or competitive bid prices or better; and

(c) Funds for food and food provided through this program shall be used to supplement and not replace funds for food or food provided through the U.S. Department of Agriculture's federal commodities program.

(5) The department shall allocate money to regional food banks based on population, food insecurity rates, and county service areas. The annual percentage formula for each nonprofit food bank shall be calculated on a pro rata basis by dividing the total number of food insecure persons in the food bank's service area by the total number of food insecure persons in the state. The data for this formula shall be derived from the latest available data from Feeding America.

(6) Not more than seven percent (7%) of the grant funds made available through the program to a regional food bank shall be used by any regional food bank for the payment of administrative and incidental costs.

(7) No regional food bank shall charge any person who is eligible under the program for food or encourage any eligible person to contribute money in order to receive food under the program.

SECTION 6. From and after February 1, 2021, any community foundation holding funds appropriated by Section 2, Chapter 104, Laws of 2020, as amended by Section 1, Chapter 118, Laws of 2020, may (a) make grants in amounts to be determined by the foundations to any food pantry, regardless of whether the funds were designated for food pantries or nonprofit entities; or (b) transfer funds to another community foundation for the purpose described in paragraph (a). No community foundation or food pantry shall be subject to the provisions of Section 31-7-1 et seq., unless it is an agency of the State of Mississippi or its governing authority, since Section 31-7-1 et seq. applies only to state agencies and to governing authorities.

SECTION 7. This act shall take effect and be in force from and after July 1, 2021, except for Section 6, which shall take effect and be in force from and after the passage of this act.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO ESTABLISH THE MISSISSIPPI DEMENTIA CARE PROGRAM WITHIN THE DEPARTMENT OF HUMAN SERVICES AS A PILOT PROGRAM FOR THE PURPOSE OF RESPITE CARE SERVICES TO INFORMAL CAREGIVERS OF AND PERSONS WITH ALZHEIMER'S DISEASE OR RELATED DEMENTIA; TO PROVIDE THAT THE DEPARTMENT OF HUMAN SERVICES SHALL ADMINISTER THE PROGRAM; TO PROVIDE THAT THE DEPARTMENT OF HUMAN SERVICES SHALL ESTABLISH A GRANT PROGRAM FOR REGIONAL FOOD THAT SERVE MISSISSIPPI TO PROVIDE ANNUAL GRANT FUNDING TO THE REGIONAL FOOD BANKS; TO PROVIDE A FORMULA TO CALCULATE THE ANNUAL PERCENTAGE OF FUNDS AWARDED TO EACH REGIONAL FOOD BANK; TO AUTHORIZE CERTAIN COMMUNITY FOUNDATION HOLDING CERTAIN APPROPRIATED FEDERAL FUNDS TO MAKE GRANTS TO FOOD PANTRIES; AND FOR RELATED PURPOSES.

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The Department of Corrections is authorized to provide for hospice care services for inmates who are confined in facilities under the jurisdiction of the department and who are terminally ill as defined in Section 41-85-3. The department may

have those hospice care services provided by properly qualified employees of the department or may contract for the providing of the hospice care services. If the department provides the hospice care services with department employees, the department is not required to have a license under the Mississippi Hospice Law.

SECTION 2. Section 41-85-5, Mississippi Code of 1972, is amended as follows:

41-85-5. (1) It is unlawful for a person to operate or maintain a hospice, use the title "hospice," or represent that the person provides a hospice program of care, without first obtaining a license therefor from the department.

(2) The license shall be displayed in a conspicuous place inside the hospice program office; shall be valid only in the possession of the person to which it is issued; shall not be subject to sale, assignment or other transfer, voluntary or involuntary; and shall not be valid for any hospice other than the hospice for which originally issued.

(3) Services provided by a hospital, nursing home or other health care facility or health care provider shall not be considered to constitute a hospice program of care unless such facility, provider or care giver establishes a freestanding or distinct hospice unit, staff, facility and services to provide hospice home care, homelike inpatient hospice care, or outpatient hospice care under the separate and distinct administrative authority of a hospice program.

(4) A license for a hospice program shall not be issued if the hospice is to be located in an area in violation of any local zoning ordinances or regulations.

(5) The Department of Corrections may provide hospice care services to inmates confined in facilities under the jurisdiction of the department as authorized under Section 1 of this act without a license issued under this chapter.

SECTION 3. Section 43-11-1, Mississippi Code of 1972, is amended as follows:

43-11-1. When used in this chapter, the following words shall have the following meaning:

(a) "Institutions for the aged or infirm" means a place either governmental or private that provides group living arrangements for four (4) or more persons who are unrelated to the operator and who are being provided food, shelter and personal care, whether any such place is organized or operated for profit or not. The term "institution for the aged or infirm" includes nursing homes, pediatric skilled nursing facilities, psychiatric residential treatment facilities, convalescent homes, homes for the aged * * *, adult foster care facilities * * * and special care facilities for paroled inmates, provided that these institutions fall within the scope of the definitions set forth above. The term "institution for the aged or infirm" does not include hospitals, clinics or mental institutions devoted primarily to providing medical service, and does not include any private residence in which the owner of the residence is providing personal care services to disabled or homeless veterans under an agreement with, and in compliance with the standards prescribed by, the United States Department of Veterans Affairs, if the owner of the residence also provided personal care services to disabled or homeless veterans at any time during calendar year 2008.

(b) "Person" means any individual, firm, partnership, corporation, company, association or joint-stock association, or any licensee herein or the legal successor thereof.

(c) "Personal care" means assistance rendered by personnel of the home to aged or infirm residents in performing one or more of the activities of daily living, which includes, but is not limited to, the bathing, walking, excretory functions, feeding, personal grooming and dressing of such residents.

(d) "Psychiatric residential treatment facility" means any nonhospital establishment with permanent facilities which provides a twenty-four-hour program of care by qualified therapists, including, but not limited to, duly licensed mental health professionals, psychiatrists, psychologists, psychotherapists and licensed certified social workers, for emotionally disturbed children and adolescents referred to such facility by a court, local school district or by the Department of Human Services, who are not in an acute phase of illness requiring the services of a psychiatric hospital, and are in need of such restorative treatment services. For purposes of this paragraph, the term "emotionally disturbed" means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree, which adversely affects educational performance:

1. An inability to learn which cannot be explained by intellectual, sensory or health factors;
2. An inability to build or maintain satisfactory relationships with peers and teachers;
3. Inappropriate types of behavior or feelings under normal circumstances;
4. A general pervasive mood of unhappiness or depression; or
5. A tendency to develop physical symptoms or fears associated with personal or school problems. An establishment furnishing primarily domiciliary care is not within this definition.

(e) "Pediatric skilled nursing facility" means an institution or a distinct part of an institution that is primarily engaged in providing to inpatients skilled nursing care and related services for persons under twenty-one (21) years of age who require medical or nursing care or rehabilitation services for the rehabilitation of injured, disabled or sick persons.

(f) "Licensing agency" means the State Department of Health.

(g) "Medical records" mean, without restriction, those medical histories, records, reports, summaries, diagnoses and prognoses, records of treatment and medication ordered and given, notes, entries, x-rays and other written or graphic data prepared, kept, made or maintained in institutions for the aged or infirm that pertain to residency in, or services rendered to residents of, an institution for the aged or infirm.

(h) "Adult foster care facility" means a home setting for vulnerable adults in the community who are unable to live independently due to physical, emotional, developmental or mental impairments, or in need of emergency and continuing protective social services for purposes of preventing further abuse or neglect and for safeguarding and enhancing the welfare of the abused or neglected vulnerable adult. Adult foster care programs shall be designed to meet the needs of vulnerable adults with impairments through individual plans of care, which provide a variety of health, social and related support services in a protective setting, enabling participants to live in the community. Adult foster care programs may be (i) traditional, where the foster care provider lives in the residence and is the primary caregiver to clients in the home; (ii) corporate, where the foster care home is operated by a corporation with shift staff delivering services to clients; or (iii) shelter, where the foster care home accepts clients on an emergency short-term basis for up to thirty (30) days.

(i) "Special Care Facility for Paroled Inmates" means a long-term care and skilled nursing facility licensed as a special care facility for medically frail paroled inmates, formed to ease the burden of prison overcrowding and provide compassionate release

and medical parole initiatives while impacting economic outcomes for the Mississippi Prison System. The facility shall meet all Mississippi Department of Health and federal Center for Medicaid Services (CMS) requirements and shall be regulated by both agencies. The facility will offer Physical, Occupational and Speech Therapy, Nursing Services, Wound Care, a dedicated COVID Services Unit, Individualized Patient Centered Plans of Care, Social Services, Spiritual Services, Physical Activities, Transportation, Medication, Durable Medical Equipment, Personalized Meal Plans by a Licensed Dietician and Security Services. The facility shall have not less than sixty (60) beds nor more than one hundred (100) beds.

SECTION 4. Section 43-11-13, Mississippi Code of 1972, is amended as follows:

43-11-13. (1) The licensing agency shall adopt, amend, promulgate and enforce such rules, regulations and standards, including classifications, with respect to all institutions for the aged or infirm to be licensed under this chapter as may be designed to further the accomplishment of the purpose of this chapter in promoting adequate care of individuals in those institutions in the interest of public health, safety and welfare. Those rules, regulations and standards shall be adopted and promulgated by the licensing agency and shall be recorded and indexed in a book to be maintained by the licensing agency in its main office in the State of Mississippi, entitled "Rules, Regulations and Minimum Standards for Institutions for the Aged or Infirm" and the book shall be open and available to all institutions for the aged or infirm and the public generally at all reasonable times. Upon the adoption of those rules, regulations and standards, the licensing agency shall mail copies thereof to all those institutions in the state that have filed with the agency their names and addresses for this purpose, but the failure to mail the same or the failure of the institutions to receive the same shall in no way affect the validity thereof. The rules, regulations and standards may be amended by the licensing agency, from time to time, as necessary to promote the health, safety and welfare of persons living in those institutions.

(2) The licensee shall keep posted in a conspicuous place on the licensed premises all current rules, regulations and minimum standards applicable to fire protection measures as adopted by the licensing agency. The licensee shall furnish to the licensing agency at least once each six (6) months a certificate of approval and inspection by state or local fire authorities. Failure to comply with state laws and/or municipal ordinances and current rules, regulations and minimum standards as adopted by the licensing agency, relative to fire prevention measures, shall be prima facie evidence for revocation of license.

(3) The State Board of Health shall promulgate rules and regulations restricting the storage, quantity and classes of drugs allowed in personal care homes and adult foster care facilities. Residents requiring administration of Schedule II Narcotics as defined in the Uniform Controlled Substances Law may be admitted to a personal care home. Schedule drugs may only be allowed in a personal care home if they are administered or stored utilizing proper procedures under the direct supervision of a licensed physician or nurse.

(4) (a) Notwithstanding any determination by the licensing agency that skilled nursing services would be appropriate for a resident of a personal care home, that resident, the resident's guardian or the legally recognized responsible party for the resident may consent in writing for the resident to continue to reside in the personal care home, if approved in writing by a licensed physician. However, no personal care home shall allow more than two (2) residents, or ten percent (10%) of the total number of residents in the facility, whichever is greater, to remain in the personal care home under the provisions of this subsection (4). This consent shall be deemed to be appropriately informed consent as described in the regulations promulgated by the licensing agency. After that written consent has been obtained, the resident shall have the right to continue to reside in the personal care home for as long as the resident meets the other conditions

for residing in the personal care home. A copy of the written consent and the physician's approval shall be forwarded by the personal care home to the licensing agency.

(b) The State Board of Health shall promulgate rules and regulations restricting the handling of a resident's personal deposits by the director of a personal care home. Any funds given or provided for the purpose of supplying extra comforts, conveniences or services to any resident in any personal care home, and any funds otherwise received and held from, for or on behalf of any such resident, shall be deposited by the director or other proper officer of the personal care home to the credit of that resident in an account that shall be known as the Resident's Personal Deposit Fund. No more than one (1) month's charge for the care, support, maintenance and medical attention of the resident shall be applied from the account at any one time. After the death, discharge or transfer of any resident for whose benefit any such fund has been provided, any unexpended balance remaining in his personal deposit fund shall be applied for the payment of care, cost of support, maintenance and medical attention that is accrued. If any unexpended balance remains in that resident's personal deposit fund after complete reimbursement has been made for payment of care, support, maintenance and medical attention, and the director or other proper officer of the personal care home has been or shall be unable to locate the person or persons entitled to the unexpended balance, the director or other proper officer may, after the lapse of one (1) year from the date of that death, discharge or transfer, deposit the unexpended balance to the credit of the personal care home's operating fund.

(c) The State Board of Health shall promulgate rules and regulations requiring personal care homes to maintain records relating to health condition, medicine dispensed and administered, and any reaction to that medicine. The director of the personal care home shall be responsible for explaining the availability of those records to the family of the resident at any time upon reasonable request.

(5) The State Board of Health and the Mississippi Department of Corrections shall jointly issue rules and regulations for the operation of the Special Care Facility for Paroled Inmates.

(* * *6) (a) For the purposes of this subsection (* * *6):

(i) "Licensed entity" means a hospital, nursing home, personal care home, home health agency, hospice or adult foster care facility;

(ii) "Covered entity" means a licensed entity or a health care professional staffing agency;

(iii) "Employee" means any individual employed by a covered entity, and also includes any individual who by contract provides to the patients, residents or clients being served by the covered entity direct, hands-on, medical patient care in a patient's, resident's or client's room or in treatment or recovery rooms. The term "employee" does not include health care professional/vocational technical students performing clinical training in a licensed entity under contracts between their schools and the licensed entity, and does not include students at high schools located in Mississippi who observe the treatment and care of patients in a licensed entity as part of the requirements of an allied-health course taught in the high school, if:

1. The student is under the supervision of a licensed health care provider; and

2. The student has signed an affidavit that is on file at the student's school stating that he or she has not been convicted of or pleaded guilty or nolo contendere to a felony listed in paragraph (d) of this subsection (* * *6), or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea. Before any student may sign such an affidavit, the student's school shall provide

information to the student explaining what a felony is and the nature of the felonies listed in paragraph (d) of this subsection (* * *6).

However, the health care professional/vocational technical academic program in which the student is enrolled may require the student to obtain criminal history record checks. In such incidences, paragraph (a)(iii)1 and 2 of this subsection (* * *6) does not preclude the licensing entity from processing submitted fingerprints of students from healthcare-related professional/vocational technical programs who, as part of their program of study, conduct observations and provide clinical care and services in a covered entity.

(b) Under regulations promulgated by the State Board of Health, the licensing agency shall require to be performed a criminal history record check on (i) every new employee of a covered entity who provides direct patient care or services and who is employed on or after July 1, 2003, and (ii) every employee of a covered entity employed before July 1, 2003, who has a documented disciplinary action by his or her present employer. In addition, the licensing agency shall require the covered entity to perform a disciplinary check with the professional licensing agency of each employee, if any, to determine if any disciplinary action has been taken against the employee by that agency.

Except as otherwise provided in paragraph (c) of this subsection (* * *6), no such employee hired on or after July 1, 2003, shall be permitted to provide direct patient care until the results of the criminal history record check have revealed no disqualifying record or the employee has been granted a waiver. In order to determine the employee applicant's suitability for employment, the applicant shall be fingerprinted. Fingerprints shall be submitted to the licensing agency from scanning, with the results processed through the Department of Public Safety's Criminal Information Center. The fingerprints shall then be forwarded by the Department of Public Safety to the Federal Bureau of Investigation for a national criminal history record check. The licensing agency shall notify the covered entity of the results of an employee applicant's criminal history record check. If the criminal history record check discloses a felony conviction, guilty plea or plea of nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23(h), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, or felonious abuse and/or battery of a vulnerable adult that has not been reversed on appeal or for which a pardon has not been granted, the employee applicant shall not be eligible to be employed by the covered entity.

(c) Any such new employee applicant may, however, be employed on a temporary basis pending the results of the criminal history record check, but any employment contract with the new employee shall be voidable if the new employee receives a disqualifying criminal history record check and no waiver is granted as provided in this subsection (* * *6).

(d) Under regulations promulgated by the State Board of Health, the licensing agency shall require every employee of a covered entity employed before July 1, 2003, to sign an affidavit stating that he or she has not been convicted of or pleaded guilty or nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, any sex offense listed in Section 45-33-23(h), child abuse, arson, grand larceny, burglary, gratification of lust, aggravated assault, or felonious abuse and/or battery of a vulnerable adult, or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea. No such employee of a covered entity hired before July 1, 2003, shall be permitted to provide direct patient care until the employee has signed the affidavit required by this paragraph (d). All such existing employees of covered entities must sign the affidavit required by this paragraph (d) within six (6) months of the final adoption of the regulations promulgated by the State Board of Health. If a person signs the affidavit required by this paragraph (d), and it is later determined that the person actually had been convicted of or pleaded guilty or nolo contendere to any of the offenses listed in this paragraph (d) and the conviction or plea

has not been reversed on appeal or a pardon has not been granted for the conviction or plea, the person is guilty of perjury. If the offense that the person was convicted of or pleaded guilty or nolo contendere to was a violent offense, the person, upon a conviction of perjury under this paragraph, shall be punished as provided in Section 97-9-61. If the offense that the person was convicted of or pleaded guilty or nolo contendere to was a nonviolent offense, the person, upon a conviction of perjury under this paragraph, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00), or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment.

(e) The covered entity may, in its discretion, allow any employee who is unable to sign the affidavit required by paragraph (d) of this subsection (** *6) or any employee applicant aggrieved by an employment decision under this subsection (** *6) to appear before the covered entity's hiring officer, or his or her designee, to show mitigating circumstances that may exist and allow the employee or employee applicant to be employed by the covered entity. The covered entity, upon report and recommendation of the hiring officer, may grant waivers for those mitigating circumstances, which shall include, but not be limited to: (i) age at which the crime was committed; (ii) circumstances surrounding the crime; (iii) length of time since the conviction and criminal history since the conviction; (iv) work history; (v) current employment and character references; and (vi) other evidence demonstrating the ability of the individual to perform the employment responsibilities competently and that the individual does not pose a threat to the health or safety of the patients of the covered entity.

(f) The licensing agency may charge the covered entity submitting the fingerprints a fee not to exceed Fifty Dollars (\$50.00), which covered entity may, in its discretion, charge the same fee, or a portion thereof, to the employee applicant. Any increase in the fee charged by the licensing agency under this paragraph shall be in accordance with the provisions of Section 41-3-65. Any costs incurred by a covered entity implementing this subsection (** *6) shall be reimbursed as an allowable cost under Section 43-13-116.

(g) If the results of an employee applicant's criminal history record check reveals no disqualifying event, then the covered entity shall, within two (2) weeks of the notification of no disqualifying event, provide the employee applicant with a notarized letter signed by the chief executive officer of the covered entity, or his or her authorized designee, confirming the employee applicant's suitability for employment based on his or her criminal history record check. An employee applicant may use that letter for a period of two (2) years from the date of the letter to seek employment with any covered entity without the necessity of an additional criminal history record check. Any covered entity presented with the letter may rely on the letter with respect to an employee applicant's criminal background and is not required for a period of two (2) years from the date of the letter to conduct or have conducted a criminal history record check as required in this subsection (** *6).

(h) The licensing agency, the covered entity, and their agents, officers, employees, attorneys and representatives, shall be presumed to be acting in good faith for any employment decision or action taken under this subsection (** *6). The presumption of good faith may be overcome by a preponderance of the evidence in any civil action. No licensing agency, covered entity, nor their agents, officers, employees, attorneys and representatives shall be held liable in any employment decision or action based in whole or in part on compliance with or attempts to comply with the requirements of this subsection (** *6).

(i) The licensing agency shall promulgate regulations to implement this subsection (** *6).

(j) The provisions of this subsection (** *6) shall not apply to:

(i) Applicants and employees of the University of Mississippi Medical Center for whom criminal history record checks and fingerprinting are obtained in accordance with Section 37-115-41; or

(ii) Health care professional/vocational technical students for whom criminal history record checks and fingerprinting are obtained in accordance with Section 37-29-232.

(** *7) The State Board of Health shall promulgate rules, regulations and standards regarding the operation of adult foster care facilities.

SECTION 5. Section 47-5-28, Mississippi Code of 1972, is amended as follows:

47-5-28. The commissioner shall have the following powers and duties:

(a) To implement and administer laws and policy relating to corrections and coordinate the efforts of the department with those of the federal government and other state departments and agencies, county governments, municipal governments, and private agencies concerned with providing offender services;

(b) To establish standards, in cooperation with other state agencies having responsibility as provided by law, provide technical assistance, and exercise the requisite supervision as it relates to correctional programs over all state-supported adult correctional facilities and community-based programs;

(c) To promulgate and publish such rules, regulations and policies of the department as are needed for the efficient government and maintenance of all facilities and programs in accord insofar as possible with currently accepted standards of adult offender care and treatment;

(d) To provide the Parole Board with suitable and sufficient office space and support resources and staff necessary to * * * conduct Parole Board business under the guidance of the Chairman of the Parole Board;

(e) To contract for transitional reentry center beds that will be used as noncorrections housing for offenders released from the department on parole, probation or post-release supervision but do not have appropriate housing available upon release. At least one hundred (100) but no more than eight hundred (800) transitional reentry center beds contracted by the department and chosen by the Parole Board shall be available for the Parole Board to place parolees without appropriate housing;

(f) To designate deputy commissioners while performing their officially assigned duties relating to the custody, control, transportation, recapture or arrest of any offender within the jurisdiction of the department or any offender of any jail, penitentiary, public workhouse or overnight lockup of the state or any political subdivision thereof not within the jurisdiction of the department, to the status of peace officers anywhere in the state in any matter relating to the custody, control, transportation or recapture of such offender, and shall have the status of law enforcement officers and peace officers as contemplated by Sections 45-6-3, 97-3-7 and 97-3-19.

For the purpose of administration and enforcement of this chapter, deputy commissioners of the Mississippi Department of Corrections, who are certified by the Mississippi Board on Law Enforcement Officer Standards and Training, have the powers of a law enforcement officer of this state. Such powers shall include to make arrests and to serve and execute search warrants and other valid legal process anywhere within the State of Mississippi while performing their officially assigned duties relating to the custody, control, transportation, recapture or arrest of any offender within the jurisdiction of the department or any offender of any jail, penitentiary, public workhouse or overnight lockup of the state or any political subdivision thereof not within the jurisdiction of the department

in any matter relating to the custody, control, transportation or recapture of such offender * * *;

(g) To make an annual report to the Governor and the Legislature reflecting the activities of the department and make recommendations for improvement of the services to be performed by the department;

(h) To cooperate fully with periodic independent internal investigations of the department and to file the report with the Governor and the Legislature;

(i) To make personnel actions for a period of one (1) year beginning July 1, 2016, that are exempt from State Personnel Board rules, regulations and procedures in order to give the commissioner flexibility in making an orderly, effective and timely reorganization and realignment of the department; * * *

(j) To contract with a licensed Special Care Facility for Paroled Inmates to provide authorized medical services and support services for medically frail inmates who have been paroled and committed to the custody of such facility; and

(* * *k) To perform such other duties necessary to effectively and efficiently carry out the purposes of the department as may be directed by the Governor.

SECTION 6. Section 47-7-4, Mississippi Code of 1972, is amended as follows:

47-7-4. (1) The commissioner and the medical director of the department may place an offender who has served not less than one (1) year of his or her sentence, except an offender convicted of a sex crime, on conditional medical release. However, a nonviolent offender who is bedridden may be placed on conditional medical release regardless of the time served on his or her sentence. Upon the release of a nonviolent offender who is bedridden, the state shall not be responsible or liable for any medical costs that may be incurred if such costs are acquired after the offender is no longer incarcerated due to his or her placement on conditional medical release. The commissioner shall not place an offender on conditional medical release unless the medical director of the department certifies to the commissioner that (a) the offender is suffering from a significant permanent physical medical condition with no possibility of recovery; (b) that his or her further incarceration will serve no rehabilitative purposes; and (c) that the state would incur unreasonable expenses as a result of his or her continued incarceration. Any offender placed on conditional medical release shall be supervised by the Division of Community Corrections of the department for the remainder of his or her sentence. An offender's conditional medical release may be revoked and the offender returned and placed in actual custody of the department if the offender violates an order or condition of his or her conditional medical release. (v) An inmate shall agree to the release of his or her medical records that are directly relevant to the condition or conditions rendering the inmate medically frail to the prosecutor of the county from which the inmate was committed before the State Parole Board determines whether or not to grant parole under this subsection;

(2) The program for paroled inmates shall be funded from monies that are appropriated or otherwise made available to the division specifically to cover the cost of the paroled inmate program and shall not be a part of the division's regular appropriation for the operation of the federal-state Medicaid program. (f) The acquisition or otherwise control of any major medical equipment for the provision of medical services; however, (i) the acquisition of any major medical equipment used only for research purposes, and (ii) the acquisition of major medical equipment to replace medical equipment for which a facility is already providing medical services and for which the State Department of Health has been notified before the date of such acquisition shall be exempt from this paragraph; an acquisition for less than fair market value must be reviewed, if the acquisition at fair market value would be subject to review;

(g) Changes of ownership of existing health care facilities in which a notice of intent is not filed with the State Department of Health at least thirty (30) days prior to the date such change of ownership occurs, or a change in services or bed capacity as prescribed in paragraph (c) or (d) of this subsection as a result of the change of ownership; an acquisition for less than fair market value must be reviewed, if the acquisition at fair market value would be subject to review;

This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (c), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to

comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of beds that may be authorized under the authority of this paragraph (c) shall not exceed sixty (60) beds.

Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (i), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section

The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (i) shall not exceed sixty (60) beds. (j) The department may issue certificates of need to allow any existing freestanding long-term care facility in Tishomingo County and Hancock County that on July 1, 1995, is licensed with fewer than sixty (60) beds. For the purposes of this paragraph (j), the provisions of Section 41-7-193(1) requiring substantial compliance with the projection of need as reported in the current State Health Plan are waived. From and after July 1, 1999, there shall be no prohibition or restrictions on participation in the Medicaid program (Section 43-13-101 et seq.) for the beds in the long-term care facilities that were authorized under this paragraph (j).

After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify more than thirty (30) of the beds in the facility for participation in the Medicaid program. (m) The State Department of Health may issue a certificate of need to a county-owned hospital in the Second Judicial District of Panola County for the conversion of not more than seventy-two (72) hospital beds to nursing facility beds, provided that the recipient of the certificate of need agrees in writing that none of the beds at the nursing facility will be certified for participation in the Medicaid program (Section 43-13-101 et seq.), and that no claim will be submitted for Medicaid reimbursement in the nursing facility in any day or for any patient in the nursing facility. This written agreement by the recipient of the certificate of need shall be a condition of the issuance of the certificate of need under this paragraph, and the agreement shall be fully binding on any subsequent owner

of the nursing facility if the ownership of the nursing facility is transferred at any time after the issuance of the certificate of need. After this written agreement is executed, the Division of Medicaid and the State Department of Health shall not certify any of the beds in the nursing facility for participation in the Medicaid program. If the nursing facility violates the terms of the written agreement by admitting or keeping in the nursing facility on a regular or continuing basis any patients who are participating in the Medicaid program, the State Department of Health shall revoke the license of the nursing facility, at the time that the department determines, after a hearing complying with due process, that the nursing facility has violated the condition upon which the certificate of need was issued, as provided in this paragraph and in the written agreement. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(n) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Madison County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (n), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (n) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(o) The department may issue a certificate of need for the new construction, addition or conversion of skilled nursing facility beds in Leake County, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid

program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (o), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The total number of nursing facility beds that may be authorized by any certificate of need issued under this paragraph (o) shall not exceed sixty (60) beds. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 2001, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 2001, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(p) The department may issue a certificate of need for the construction of a municipally owned nursing facility within the Town of Belmont in Tishomingo County, not to exceed sixty (60) beds, provided that the recipient of the certificate of need agrees in writing that the skilled nursing facility will not at any time participate in the Medicaid program (Section 43-13-101 et seq.) or admit or keep any patients in the skilled nursing facility who are participating in the Medicaid program. This written agreement by the recipient of the certificate of need shall be fully binding on any subsequent owner of the skilled nursing facility, if the ownership of the facility is transferred at any time after the issuance of the certificate of need. Agreement that the skilled nursing facility will not participate in the Medicaid program shall be a condition of the issuance of a certificate of need to any person under this paragraph (p), and if such skilled nursing facility at any time after the issuance of the certificate of need, regardless of the ownership of the facility, participates in the Medicaid program or admits or keeps any patients in the facility who are participating in the Medicaid program, the State Department of Health shall revoke the certificate of need, if it is still outstanding, and shall deny or revoke the license of the skilled nursing facility, at the time that the department determines, after a hearing complying with due process, that the facility has failed to comply with any of the conditions upon which the certificate of need was issued, as provided in this paragraph and in the written agreement by the recipient of the certificate of need. The provision of Section 41-7-193(1) regarding substantial compliance of the projection of need as reported in the current State Health Plan is waived for the purposes of this paragraph. If the certificate of need authorized under this paragraph is not issued within twelve (12) months after July 1, 1998, the department shall deny the application for the certificate of need and shall not issue the certificate of need at any time after the twelve-month period, unless the issuance is contested. If the certificate of need is issued and substantial construction of the nursing facility beds has not commenced within eighteen (18) months after July 1, 1998, the State Department of Health, after a hearing complying with due process, shall revoke the certificate of need if it is still outstanding, and the department shall not issue a license for the nursing facility at any time after the eighteen-month period. However, if the issuance of the certificate of need is contested, the department shall require substantial construction of the nursing facility beds within six (6) months after final adjudication on the issuance of the certificate of need.

(q) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next four (4) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each county in the state having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, in the manner provided in this paragraph (q). The total number of nursing facility beds that may be authorized by any certificate of need authorized under this paragraph (q) shall not exceed sixty (60) beds.

(ii) Subject to the provisions of subparagraph (v), during each of the next four (4) fiscal years, the department shall issue six (6) certificates of need for new nursing facility beds, as follows: During fiscal years 2000, 2001 and 2002, one (1) certificate of need shall be issued for new nursing facility beds in the county in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan that has the highest need in the district for those beds; and two (2) certificates of need shall be issued for new nursing facility beds in the two (2) counties from the state at large that have the highest need in the state for those beds, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. During fiscal year 2003, one (1) certificate of need shall be issued for new nursing facility beds in any county having a need for fifty (50) or more additional nursing facility beds, as shown in the fiscal year 1999 State Health Plan, that has not received a certificate of need under this paragraph (q) during the three (3) previous fiscal years. During fiscal year 2000, in addition to the six (6) certificates of need authorized in this subparagraph, the department also shall issue a certificate of need for new nursing facility beds in Amite County and a certificate of need for new nursing facility beds in Carroll County.

(iii) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in each Long-Term Care Planning District during each fiscal year shall first be available for nursing facility beds in the county in the district having the highest need for those beds, as shown in the fiscal year 1999 State Health Plan. If there are no applications for a certificate of need for nursing facility beds in the county having the highest need for those beds by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties in the district in descending order of the need for those beds, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county in the district.

(iv) Subject to the provisions of subparagraph (v), the certificate of need issued under subparagraph (ii) for nursing facility beds in the two (2) counties from the state at large during each fiscal year shall first be available for nursing facility beds in the two (2) counties that have the highest need in the state for those beds, as shown in the fiscal year 1999 State Health Plan, when considering the need on a statewide basis and without regard to the Long-Term Care Planning Districts in which the counties are located. If there are no applications for a certificate of need for nursing facility beds in either of the two (2) counties having the highest need for those beds on a statewide basis by the date specified by the department, then the certificate of need shall be available for nursing facility beds in other counties from the state at large in descending order of the need for those beds on a statewide basis, from the county with the second highest need to the county with the lowest need, until an application is received for nursing facility beds in an eligible county from the state at large.

(v) If a certificate of need is authorized to be issued under this paragraph (q) for nursing facility beds in a county on the basis of the need in the Long-Term Care Planning District during any fiscal year of the four-year period, a certificate of need shall not also be available under this paragraph (q) for additional nursing facility beds in that county on the basis of the need in the state at large, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in the state at large for that fiscal year. After a certificate of need has been

issued under this paragraph (q) for nursing facility beds in a county during any fiscal year of the four-year period, a certificate of need shall not be available again under this paragraph (q) for additional nursing facility beds in that county during the four-year period, and that county shall be excluded in determining which counties have the highest need for nursing facility beds in succeeding fiscal years.

(vi) If more than one (1) application is made for a certificate of need for nursing home facility beds available under this paragraph (q), in Yalobusha, Newton or Tallahatchie County, and one (1) of the applicants is a county-owned hospital located in the county where the nursing facility beds are available, the department shall give priority to the county-owned hospital in granting the certificate of need if the following conditions are met:

1. The county-owned hospital fully meets all applicable criteria and standards required to obtain a certificate of need for the nursing facility beds; and

2. The county-owned hospital's qualifications for the certificate of need, as shown in its application and as determined by the department, are at least equal to the qualifications of the other applicants for the certificate of need.

(r) (i) Beginning on July 1, 1999, the State Department of Health shall issue certificates of need during each of the next two (2) fiscal years for the construction or expansion of nursing facility beds or the conversion of other beds to nursing facility beds in each of the four (4) Long-Term Care Planning Districts designated in the fiscal year 1999 State Health Plan, to provide care exclusively to patients with Alzheimer's disease.
