

# STATE OF MISSISSIPPI

## Office of the Governor

### EXECUTIVE ORDER NO. 1499

**WHEREAS**, on March 14, 2020, pursuant to the Constitution of the State of Mississippi and Miss. Code Ann. § 33-15-11(b)(17), I issued a Proclamation declaring that a State of Emergency exists in the State of Mississippi as a result of the outbreak of COVID-19; and

**WHEREAS**, on January 31, 2020, the United States Department of Health and Human Services Secretary Alex Azar declared a public health emergency for COVID-19 beginning on January 27, 2020, on March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic, and on March 13, 2020, the President of the United States declared a nationwide state of emergency due to the coronavirus COVID-19 pandemic; and

**WHEREAS**, the worldwide outbreak of COVID-19 and the effects of its extreme risk of person-to-person transmission throughout the United States and Mississippi significantly impacts the life and health of our people, as well as the economy of Mississippi; and

**WHEREAS**, on March 26, 2020, the Mississippi State Department of Health announced new and expanded measures to increase testing and data analysis to identify regions and localities that are at higher risk for transmission of COVID-19 and to provide more location-specific restrictions and limitation of movement and social interaction to combat the virus in those regions and localities; and

**WHEREAS**, on April 1, 2020, in order to minimize the risk of possible further transmission of COVID-19 and related measures, I issued Executive Order No. 1466 instituting a statewide Shelter in Place that remained in effect from April 3, 2020 through April 27, 2020; and

**WHEREAS**, consistent with the guidance provided by the White House for beginning the process of reopening the economy while minimizing the risk of a resurgence of COVID-19, as of April 24, 2020, the incidences of infection in Mississippi had stabilized; there was decreased utilization of hospital resources; a robust testing system was in place capable of promptly detecting any increase in the rate of infection; the healthcare system was capable of treating persons with the COVID-19 and had the capacity to promptly react to any increase in incidences; and the State had in place a plan to rapidly scale up healthcare capacity in the event of an increase in the rate of infection, accordingly, I issued Executive Order 1477 establishing the statewide Safer at Home order allowing certain businesses to open and operate under certain conditions that remained in effect from May 11, 2020 through June 1, 2020; and

**WHEREAS**, on May 28, 2020, I issued Executive Order 1492 establishing the statewide Safe Return order to restart the economy, open all businesses and non-profits operating within the State of Mississippi, and permit the resumption of community activities subject to limitations to minimize person to person interactions and associated risk of transmission of COVID-19 effective June 1, 2020; and on June 10, 2020, I issued Executive Order 1496 extending the statewide Safe Return until 8:00 a.m. Monday, June 29, 2020, unless further extended; and

**WHEREAS**, during the State of Emergency my singular focus has been on protecting the lives and livelihoods of Mississippians; and

**WHEREAS**, during the State of Emergency although business and government operations, community activities, and travel are resuming, it is anticipated that they will continue to be subject to certain limitations to minimize the risk of transmission of COVID-19; and

**WHEREAS**, as a result of the State of Emergency, including the limitations on business operations and travel, it has not been possible to thoroughly and appropriately evaluate all potential candidates for appointment to serve on state and regulatory agencies, boards and commissions; and

**WHEREAS**, for the duration of the State of Emergency it is necessary to maintain a continuity of operations of state and regulatory agencies, boards and commissions to ensure the consistent application of rules, regulations, policies and procedures, including those adopted to minimize the risk of transmission of COVID-19 and return Mississippians to work.
