WHEREAS, the worldwide outbreak of COVID-19 and the effects of its extreme risk of person-to-person transmission throughout the United States and Mississippi significantly impacts the life and health of our people, as well as the economy of Mississippi; and

WHEREAS, with vigilance and common sense, and as a result of the continued sacrifices made by all Mississippians in the interest of public health over the past eight months, COVID-19 infections and resulting hospitalizations have been effectively managed; and

WHEREAS, the Safe Recovery Order instituted in Executive Order 1535 adopts reasonable public health measures under the current circumstances permitting all business and non-profits to continue operating within the State of Mississippi and permitting the continued resumption of all community activities subject to reasonable limitations to minimize person to person interactions and associated risk of transmission of COVID-19 remains in full force and effect until 5:00 p.m. on Friday, January 15, 2021, unless it is modified, amended, rescinded, or superseded; and

WHEREAS, Mississippi must protect lives while restoring livelihoods, both of which can be achieved with the expert advice of medical professionals and business leaders; and

WHEREAS, as Mississippi continues to safely recover, the key to reducing spread of COVID-19 is the continued implementation of reasonable public health measures under the current circumstances including social distancing, limited capacity of gatherings where individuals are in prolonged close proximity, and use of face coverings for individuals engaged in close proximity activities and for prolonged gatherings where social distancing is not feasible; and

WHEREAS, while some jurisdictions throughout Mississippi have shown a stabilized rate of diagnosis of new cases, the State Health Officer has reported that data from certain jurisdictions of the state (a) indicate periods of higher numbers of new cases over shorter periods of time accounting for a larger percentage of the State’s overall case count, (b) have higher percent incidence of positive cases per number of tests performed, and (c) have other public health indicators reflecting ongoing community transmission; and

WHEREAS, testing and contact tracing throughout the state allows healthcare providers and the State Health Officer to monitor and gauge the rate and locations of new COVID-19 cases, enabling a prompt response to areas showing an increased rate of transmission; and

WHEREAS, upon counsel and recommendation of the State Health Officer, Adams, Alcorn, Amite, Attala, Bolivar, Calhoun, Carroll, Chickasaw, Choctaw, Clarke, Clay, Coahoma, Copiah, Covington, De Soto, Forrest, Franklin, Grenada, Harrison, Hinds, Holmes, Itawamba, Jackson, Jefferson, Jefferson Davis, Jones, Kemper, Lafayette, Lamar, Lauderdale, Lawrence, Lee, Leflore, Lincoln, Lowndes, Madison, Marion, Marshall, Monroe, Montgomery, Neshoba, Noxubee, Oktibbeha, Panola, Pearl River, Perry, Pontotoc, Prentiss, Rankin, Scott, Simpson, Stone, Tate, Tippah, Tishomingo, Union, Washington, Webster, Winston, Yalobusha and Yazoo Counties have been identified as counties within the state that are at higher risk for transmission of COVID-19;
