WHEREAS, in each subsequent month, I have consulted with the Executive Director of MEMA and the State Health Officer regarding the need for continuing this State of Emergency, and the emergency has been extended on two occasions: first on September 28, 2022, to expire on October 28, 2022; and second on October 28, 2022, to expire on November 22, 2022; and

WHEREAS, on November 11, 2022, the Jackson City Council approved an emergency contract with WaterTalent, LLC to provide Class A operators through February 28, 2023, or until the City enters into an operations and maintenance contract with a third-party; and

WHEREAS, Miss. Code Ann. § 33-15-11(b)(17) mandates that I shall proclaim the termination of this emergency at the earliest possible date that conditions warrant; and

WHEREAS, as a result of the efforts of the MEMA, the MSDH, the Mississippi National Guard, the leadership of the State Incident Command Center, Jackson public works operators, and the EMAC workers who answered MEMA's call, emergency repairs have been completed at Jackson's failed water treatment plants, clean water has been restored to the City and surrounding areas of Hinds County, and the emergency has been abated.
