About this Guide

The Mississippi Poll Manager Guide is published by the Secretary of State’s Office as a resource guide for use on Election Day. In an effort to create uniformity and consistency throughout the state, this guide provides a wealth of information to assist you in executing the responsibilities and duties of a Poll Manager.

The term “Poll Managers” is used throughout this publication even though they are sometimes referred to as “Poll Workers.” Topics in this guide range from election procedures, duties and responsibilities, to prohibitions at the polls.

Special thanks to the Attorney General’s Office, Circuit Clerks, Election Commissioners, and the Process Document Focus Group for their assistance.

SECTION I - TYPES OF POLL MANAGERS AND DUTIES

The first section of this guide contains information on types of Poll Managers and their duties and responsibilities. The following topics are covered:

- General Poll Managers
- Receiving and Returning Manager
- Initialing Manager (paper and scanner ballots only)
- Alternate Initialing Manager (paper and scanner ballots only)
- Bailiff
- General Prohibitions at the Polls
- Opening the Polls Checklist
A. General Poll Managers

The managers shall take care that the election is conducted fairly and agreeably to law, and they shall be judges of the qualifications of electors. (Miss. Code Ann. § 23-15-233)

Poll Managers are primarily responsible for:

1. Safeguarding all election materials;
2. Ensuring that only qualified voters are permitted to vote and that each qualified voter is permitted to vote only once;
3. Distributing ballots or equivalent;
4. Ensuring that all votes are cast in secret.

Poll Managers are also responsible for the following:

1. Verifying each voter’s name in the Pollbook;
2. Have the voter sign the Receipt Book;
3. Provide Voter Assistance;
4. Provide Voter Instructions;
5. Completing reporting requirements at the end of the election.

Additional information on these steps is included throughout this guide.

B. Receiving and Returning Manager

The Manager designated by the appointing election officials as the Receiving and Returning Manager must perform the following tasks:

1. On the day before the election, obtain from the Circuit Clerk or the Election Commissioners, the box(es) for his/her precinct containing the ballots and all other necessary materials – including the Pollbooks, the blank tally sheets, the blank forms to be used in making returns, the cards of instruction, stationery, and supplies. (Miss. Code Ann. § 23-15-251)

2. Both the election official and Receiving and Returning Manager shall sign duplicate receipts stating the number of ballots or other related supplies received by the Poll Manager. One receipt is maintained by the Circuit Clerk and the other shall be placed in the ballot box after the polls have been closed. (Miss. Code Ann. §§ 23-15-335; 23-15-591)

3. Ensure that the box(es) and the contents are not tampered with prior to the opening of the polls by verifying that all seals are accounted for.
4. Deliver the ballot box(es) and the contents to the appropriate polling place by at least 6:30 a.m. on Election Day (Miss. Code Ann. § 23-15-477). Open the box(es) and distribute the materials to each table.

5. Reseal the box(es) and voting machines.

6. After the polls are closed on Election Day, the procedures your county uses for closing the machines and processing of paper ballots must be completed. All used and unused ballots, tabulation forms, reports, and other materials must be sealed in the boxes and returned to Election Central. (Miss. Code Ann. § 23-15-531.10)

C. Initialing Manager (Paper and Scanner Ballots Only)

The Initialing Manager is responsible for endorsing his/her initials in the designated area of an official blank ballot. The Initialing Manager and the Receiving/Returning Manager cannot serve in the same capacity.

After a voter has signed his/her name in the receipt book or on the voter list, the Initialing Manager must do the following:

1. Write his/her initials, in red ink, where appropriate on the official blank ballot so that the initials may be seen after the ballot has been marked and folded;

2. Give the initialed blank ballot to the voter; and

3. After the voter has marked the ballot, a Poll Manager shall verify the initials of the Initialing Manager are on the back of the ballot before it is placed in the ballot box or the scanner. (Miss. Code Ann. § 23-15-541)

D. Alternate Initialing Manager (Paper and Scanner Ballots Only)

In the absence of the Initialing Manager, the Alternate Initialing Manager shall perform the duties specified above. (Miss. Code Ann. § 23-15-541)

E. Bailiff

The Bailiff has a number of specific statutory duties and responsibilities that must be carried out to ensure a lawful, peaceful, and orderly election.

The Bailiff is appointed by:

- The County Party Executive Committee (in Primary elections) or
- The County Elections Commission (in General and Special Elections).
- If a Bailiff is not designated or fails to serve on Election Day, the Poll Managers must then select a Bailiff to serve at that precinct.

The Bailiff may also act as the Initialing Manager or the Alternate Initialing Manager.
Duties of the Bailiff

1. Open polls promptly at 7:00 a.m.

2. Keep order.

3. Line up voters waiting to vote. If someone is waiting to vote, the voter may occupy the booth for only five (5) minutes. If no one is waiting to vote, the voter may remain in the booth no longer than ten (10) minutes. (Miss. Code Ann. § 23-15-435)

4. Prevent campaigning and/or campaign materials from being displayed within one hundred fifty (150) feet of any entrance of the building where a polling place is, except on private property;

5. Close polls at 7:00 p.m.; stand at the end of the line of voters and announce the polls closed.

6. Check written credentials of Poll Watchers (Miss. Code Ann. § 23-15-245) and monitor Poll Watchers by using the following guidelines:

   a) Every candidate (or political party in General or Special Elections) on the ballot has the right to have one (1) Poll Watcher present at the polling place to carefully observe the election and challenge the qualifications of voters.

   b) A candidate representative must have written credentials from the candidate.

   c) A party representative (only in General Elections) must have written credentials from the state/county party chair. Political parties may have two (2) Poll Watchers in General and Special Elections only.

   d) A candidate or his/her Poll Watcher may challenge the qualifications of any person offering to vote or any absentee voter. His/her challenge shall be considered and acted upon by the Poll Managers.

   e) Poll Watchers are not allowed to campaign or attempt to influence or persuade voters.

   f) A candidate or his/her Poll Watcher shall be provided a suitable position from which he/she may be able to carefully inspect the manner in which the election is held.

   g) Poll Watchers may be present at the public counting of the ballots.

   h) Prohibitions of Poll Watchers include but are not limited to:
      - Moving about the polling place greeting voters.
      - Influencing voters.
      - Interrupting the election process
      - Distributing or displaying campaign material within one hundred fifty (150) feet of any entrance where the election is being held.
F. General Prohibitions at the Polls

Poll Managers should be aware that the following activities may interrupt the voting process and therefore are prohibited.

1. Thirty (30) Foot Rule
   No loitering is allowed within thirty (30) feet of the polling place. The bailiff is to keep the area clear. After casting his/her vote, a voter should leave, making room for other voters. If he/she does not leave, after being asked to leave by the bailiff, call a local law enforcement officer.

2. Disturbances
   If anyone becomes unruly or abusive, the bailiff may ask him/her to leave. If he/she will not leave, call a local law enforcement officer. All managers and persons in the voting place are to aid in keeping the peace. If law enforcement officers must handle the situation, they must leave the premises upon completion. Under federal law, uniformed persons at a polling place are considered a form of intimidation.

3. No Liquor/Alcohol
   All intoxicated or disorderly persons disturbing the peace by noise or violence in the polling place shall be arrested, jailed, or kept in custody. Such persons may be permitted, if they are a qualified voter, to vote while in custody. (Miss. Code Ann. § 23-15-893)

4. Other Prohibitions
   It is unlawful for any candidate for elective office, or any representative of a candidate, to post or distribute cards, posters, or other campaign literature within one hundred fifty (150) feet of any entrance to a building in which an election is being conducted. It is also unlawful for a candidate, or his/her authorized representative, to appear at any polling place armed or uniformed or displaying any badge or credentials except as may be issued by the Managers of the precinct. (Miss. Code Ann. § 23-15-895)

5. Wearing Campaign Paraphernalia
   Wearing T-shirts, buttons, stickers, etc., with a candidate’s name or picture on it, within one hundred fifty (150) feet of any entrance to a building where an election is being conducted, constitutes the posting of campaign literature and is prohibited. Such paraphernalia must be covered or removed before a voter comes within one hundred fifty (150) feet of any entrance to a building where an election is being conducted. (Miss. Code Ann. § 23-15-895)
6. **Use of Sample Ballots**
   It is permissible for an individual voter to bring a sample ballot into the polling place for the voter’s own use as a reminder of the candidate(s) for whom he/she intends to vote. A voter, however, cannot be permitted to use the sample ballot as campaign literature in attempting to influence other voters within the polling place.

7. **Literature**
   It is unlawful for any candidate for elective office, or any representative of such candidate, to post or distribute literature within one hundred fifty (150) feet of any entrance of a building where an election is being held.

8. **Private Property**
   If a polling place is within one hundred fifty (150) feet of private property, the owner of the property may display campaign material. Polling places that are held on private property that are leased to the county for the day of the election, wherein the one hundred fifty (150) feet rule applies. A candidate may go to the private property and politely ask if the literature could be moved, but the owner is under no obligation to remove anything.

SECTION II - MANAGING THE POLLS AND CONDUCTING THE ELECTION

This section will provide guidance on the procedures to follow from 7:00 a.m. to 7:00 p.m. on Election Day. The following topics are addressed in detail:

A. The Voting Process

B. Voter’s Rights

C. Voter Requirements for First Time Mail-in Registrants

D. Voter Assistance

E. Paper Ballots
   1. Regular Election Day Ballots
   2. Affidavit Ballots
   3. Emergency Ballots
   4. Spoiled Ballots
   5. Curbside Voting Ballots
   6. Challenged Ballots
A. THE VOTING PROCESS STEPS

When a voter appears, the following procedure should be followed:

1. **Pollbooks.** A Poll Manager checks for voter’s name in the Pollbooks.
   If you are having difficulty locating a voter’s name in the Pollbook, ask if there has been a name or address change:
   a) Check under maiden name or married name(s);
   b) Check for a misspelling or unusual spelling;
   c) Check to see if the person was listed under his/her first name instead of his/her last name;
   d) Find out when and where the person registered to vote.

2. **Find Correct Precinct.** Poll Managers should make every effort to ensure the voter is in the correct precinct, including calling the office of the Circuit Clerk or the Election Commission to verify the voter’s polling place.

3. **Receipt Book.** If the voter’s name is found in the Pollbook (and if required, identification is shown), the voter signs his/her name in a receipt book or on a voter list and is permitted to cast a regular Election Day ballot. (Miss. Code Ann. § 23-15-541)

4. **Affidavit Ballot.** If the name of the voter is not in the Pollbook, he/she has registered to vote and he/she has lived in the county at least thirty (30) days prior to the election, that person shall be allowed to cast an Affidavit (Provisional) ballot. Refer to the Affidavit Ballot Checklist on page 15 for details.

5. **Voter Assistance.** Any voter who declares to the managers of the election, that he/she requires assistance to vote because of blindness, disability, or inability to read or write may be given assistance by a person of the voter’s choice other than the voter’s employer, an agent of the employer, or an officer or agent of the voter’s union. The person providing assistance must not tell the voter whom or what to vote for or against. (Miss. Code Ann. § 23-15-549)

6. **Voter Information.** After signing the receipt book, the voter may go to the voting booth. However, before going to the booth, the voter may be shown how to operate and properly cast the ballot with visual aids and verbal instructions by a Poll Manager.

7. **Voting.** The voter may not occupy a voting booth already occupied by another voter. The voter may not remain in the voting booth longer than ten (10) minutes, if other voters are not waiting; or no longer than five (5) minutes, if other voters are waiting. (Miss. Code Ann. § 23-15-551)
8. **Voter Instruction.** If the voter asks for further instructions after he/she enters the booth, two (2) Poll Managers shall enter and give him/her instructions. After giving such instructions, and before the voter casts his/her vote, the Poll Managers assisting the voter must leave. The voter may then cast his/her vote in secret. After casting his/her ballot, the voter will leave the polling place. (Miss. Code Ann. §§ 23-15-551; 23-15-437)

9. **Ballot Cancellation. (DRE only)** If an elector leaves the voting booth without having pressed the appropriate button on the unit or location on the screen to finally cast his or her ballot and cannot be located to return to the booth to complete the voting process, then a Poll Manager shall take the steps necessary to void the ballot that was not completed by the elector and an appropriate record shall be made of the event. (Miss. Code Ann. § 23-15-531.9 [2]) **This code section is only applicable to DRE units.** The code section (Miss. Code Ann. § 23-15-435) which states no voter may re-enter the voting compartment after leaving it, is **not applicable to DRE unit usage.**
B. VOTER’S RIGHTS

As qualified electors, all voters have the right to:

- Ask questions;
- Request assistance with voting, prior to voting; ONLY if the person is visually impaired, physically disabled, or cannot read or write;
- Review a sample ballot posted at the polling place prior to voting, and take information into the voting booth (i.e. sample ballot);
- Mark ballot in private, free from intimidation; (NOTE: Voter intimidation is a criminal offense under Miss. Code Ann. §§ 97-13-37; 97-13-39)
- Receive and cast a ballot if in line to vote at the time the polls close at 7:00 p.m.;
- Choose NOT to cast a vote in any particular race, while completing the rest of the ballot;
- Have his/her ballot counted, if it is cast legally;
- Request and vote by Affidavit Ballot, if name does not appear on the Pollbook and he or she is in the correct polling place. Election Commissioners and Political Party Committees will verify information after the polls close to determine if ballot was legally cast;
- Request and vote by Affidavit Ballot, if he/she registered by mail since January 1, 2003, and is flagged in the Pollbook to show identification, but does not have a HAVA-approved form of identification to present;
- Receive written information on how to learn if your Affidavit Ballot was counted (Refer to details on page 16); and
- Be treated with politeness and respect by all election workers.
C. VOTER REQUIREMENTS FOR FIRST TIME MAIL-IN REGISTRANTS

If the voter registered to vote by mail after January 1, 2003 and did not submit a copy of the required identification with the application or did not match with the state’s driver’s license database and is voting for the first time in the jurisdiction, he/she must present identification to cast a regular Election Day ballot.

Acceptable forms of identification are:

1. A current and valid photo identification (e.g., driver’s license);
2. A current utility bill with voter’s name and address;
3. A bank statement with voter’s name and address;
4. A government check with voter’s name and address;
5. A paycheck with voter’s name and address; or
6. Any other government document that shows voter’s name and address.

If the voter does not have a form of identification, the voter may cast an Affidavit Ballot. The voter is entitled to receive written information (Refer to Sample Instructions on page 16) to determine whether the Affidavit Ballot was counted and if not, why not. (Miss. Code Ann. § 23-15-573)

D. Voter Assistance

Any voter, who proclaims blindness, physical disability, or inability to read or write, may receive assistance in the booth (Miss. Code Ann. § 23-15-549). These are the only valid reasons.

1. How Does a Voter Get Assistance in the Voting Booth?

To receive assistance in the voting booth, the voter must tell the Poll Manager that he/she needs help marking his/her ballot, state one of the reasons listed in the law and choose someone to help him/her.

2. Who Can Assist a Voter in the Voting Booth?

Anyone may assist a voter in marking his/her ballot except the voter’s employer, the employer’s representative, or a representative of any union of which the voter is a member. (Miss. Code Ann. § 23-15-549)
E. PAPER BALLOTS

This section will provide information on the different types of paper ballots that Poll Managers will encounter at the precinct during Election Day. All paper ballots should be initialed by the Initialing Manager.

NOTE: Emergency Ballots will only be used in jurisdictions that utilize DRE voting machines, and Regular Election Day Ballots will only be used in jurisdictions that utilize precinct scanners.

1. Regular Election Day Ballots (Precinct Scanner Only)

In jurisdictions that utilize precinct scanners, after the voter has been verified and has signed the receipt book, he or she will be issued a Regular Election Day Ballot. This ballot must be initialed by the Initialing Manager. The voter must then complete the ballot using an approved marking device and place it in the ballot box.

2. Affidavit/Provisional Ballots

Only those electors whose names appear on the Pollbook shall cast Regular Election Day Ballots. However, a person whose name does not appear may cast an Affidavit (Provisional) Ballot. Affidavit (Provisional) voters will cast their votes on paper ballots. Each polling place will be issued paper ballots for this purpose. (Miss. Code Ann. § 23-15-573)

The election officials -- the Party Executive Committee for primaries and the Election Commissioners for General and Special Elections-- must examine the records when canvassing the returns and allow the Affidavit (Provisional) Ballot to be counted or not counted, as shall appear to be legal. (Miss. Code Ann. § 97-13-35)

HAVA states that local election officials shall establish a free access system (such as a toll-free telephone number or an Internet website) that any individual who casts a Affidavit (Provisional) Ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted. In compliance with HAVA, affidavit voters should be provided with an information sheet about how to vote by Affidavit Ballot and how to contact the free access system.

The following pages contain an Affidavit Ballot Checklist and a sample of the Affidavit Voter Information Sheet is available on page 16.
POLL MANAGERS AFFIDAVIT (PROVISIONAL) BALLOT CHECKLIST

__1. Voter appears at the polling place and Poll Managers determine that voter’s name is not on the Pollbooks.

__2. The Poll Managers must then determine if the voter should be voting at another polling place. This is done by referring to a master list of all voters, or by contacting the Circuit /Municipal Clerk, Election Commission, or Executive Committee and by simply asking where the voter resides.

__3. If the voter resides in another precinct, the Poll Manager must tell the voter he/she must go to that precinct’s polling place. Reason: if the voter casts a ballot in a precinct where the voter does not reside, the entire ballot must be rejected by the Election Commission or Executive Committee. If a voter casts an Affidavit Ballot in the wrong precinct, it will not be counted.

__4. If the Poll Managers establish that the voter is in the correct precinct but his/her name is not in the Pollbook, they should advise the voter that he/she may vote by Affidavit Ballot. The voter must then sign a separate sign-in sheet (receipt book). Do not have the voter sign the same receipt book that all non-Affidavit Ballot voters sign. Instead, provide a separate sign-in sheet for this purpose, labeled “Affidavit Voters.”

__5. The voter and Poll Manager should complete the appropriate sections of both sides of the Affidavit Ballot envelope as follows:
   __a. The Poll Manager checks the type of election, the name of the county/municipality, the reason for using an Affidavit Ballot, and prints the name of the precinct and date.
   __b. The voter provides as much of the requested identifying information as possible (date of birth, social security number, address, etc.)
   __c. The voter checks the appropriate box under Affidavit of Voter.
   __d. If the voter has moved within the county where he/she is registered to vote, then the physical address of the current residence is provided, along with the name of the county/municipality.
   __e. The voter signs the envelope.
   __f. The Poll Manager signs the envelope.

__6. The Poll Manager provides the blank ballot to the voter.

__7. The voter is provided a suitable place where he/she can mark the ballot in secret.

__8. The voted ballot is folded by the voter and handed to the Poll Manager who places it in the Affidavit Ballot envelope and seals the envelope.

__9. The sealed Affidavit Ballot envelope is then placed in the ballot box.

__10. After the individual has cast an Affidavit Ballot, the Poll Manager shall provide information on a toll-free access system and written information on how to use this system for affidavit voters to learn the outcome of their ballot.
Instructions for Voters who Cast Affidavit Ballots

You have had to cast an Affidavit Ballot because you certified that:

- I am not registered to vote because I have been illegally denied registration; or,

I am eligible to vote in this election; I am a resident of this precinct and lawfully registered to vote in this county at least 30 days prior to this date, and:

- I have moved recently from the old street address written above to the new address written above; or,

- I have not moved recently, but my name is not on the Pollbook; or,

- I do not otherwise qualify under state or federal law to cast a regular Election Day ballot.

Under new federal law, the Help America Vote Act of 2002, you are entitled to discover the disposition of your Affidavit Ballot. Please contact your county party Executive Committee to determine whether your Affidavit Ballot counted and if not, why not. The county party Executive Committee can be reached at:

3. Emergency Ballots (DRE Only)

Optical Scan Ballots may be used as Emergency Ballots in the event of a malfunction in DRE voting machines that make the units unavailable for voting. If such an emergency occurs, voters should be validated and checked in under the normal process, then issued a paper ballot. The voted ballot will be deposited in the Ballot Box. **Optical Scan emergency ballots are not to be used as a convenience item such as when the polls are busy and a voter might have to wait for a DRE voting machine.** (Miss. Code Ann. § 23-15-531.12)

These ballots must be initialed by the Initialing Manager. **Also, no Emergency Ballots will entered into the DRE voting machines at the precinct.**

4. Spoiled Ballots

A person who has mistakenly marked a ballot is entitled to receive up to three (3) ballots. When one is spoiled it is placed in the spoiled ballot envelope. **DO NOT PLACE IN THE BALLOT BOX.** If possible, place all spoiled ballots in the same envelope and at the end of the day enter the total number of ballots inside the envelope on the front of the envelope. This must be part of the total number of ballots used at the precinct, which is recorded in the space on the envelope. All spoiled ballot envelopes should be placed in the ballot box at the end of the day. (Miss. Code Ann. § 23-15-553)

5. Curbside Voting Ballots

A physically disabled voter who does not vote by absentee ballot and who drives or is driven to the polling place but is unable to enter the structure where the actual voting is taking place, may be provided necessary assistance in voting if the Poll Managers, in exercising sound discretion, determine that the Voter is actually at the polling place. (Attorney General’s Opinion, July 1, 1959, Biennial Report, p. 23)

HAVA requires that each voter be provided an opportunity to privately and independently cast their ballot. Physical access to the polling location for disabled individuals addresses this requirement and all qualified voters should be encouraged to vote within the polling location. However, if a voter chooses not to enter the polling location, a paper ballot should be provided and the Poll Manager should follow the paper ballot procedures. **The Initialing Manager shall initial the ballot in red ink.**

6. Challenged Ballots

If a voter is challenged, the Poll Managers must **CONSIDER AND ACT** on each challenge. Refer to the following checklist for details on this procedure.
POLL MANAGER’S CHALLENGED BALLOT CHECKLIST

CHALLENGES

Who can challenge a voter?
- A candidate;
- A candidate’s official Poll Watcher;
- A political party’s official Poll Watcher (not applicable for party primaries);
- Any qualified voter from that precinct; or
- Any Poll Manager in the polling place.

What are the bases for a challenge?
- He/she is not a registered voter in the precinct;
- He/she is not the registered voter under whose name he/she has applied to vote;
- He/she has already voted in the election;
- He/she doesn’t live in the precinct where he/she is registered;
- He/she has illegally registered to vote;
- He/she has taken his/her ballot from the polling place;
- He/she has cast an Absentee Ballot but is ineligible to do so; or
- He/she is otherwise disqualified by law.

The following procedures must be followed when a person’s ballot is challenged:

ACTION I: If the Poll Managers believe the challenge is FRIVOLOUS, DISREGARD the challenge and accept the offered vote as though it had not been challenged. Provide the voter with a Regular Election Day Ballot.

ACTION II: If a voter is challenged and the Poll Managers cannot reach a unanimous decision, a paper ballot shall be supplied to the voter. The ballot is counted separately from the unchallenged ballots as follows:

a) “Challenged” is marked on the ballot; and

b) The ballot is placed in a separate envelope labeled “Challenged Ballots;” and finally

c) At the close of the polls AND after all the unchallenged ballots have been counted, tallied, and totaled, the challenged ballots are separately counted, tallied, and totaled, with a separate return made of the challenged ballots.
**ACTION III:** If in the UNANIMOUS opinion of the Poll Managers the challenge is valid or well taken, a paper ballot shall be supplied to the voter. The ballot is REJECTED in the following manner:

1. Mark “Rejected” on the back of the ballot;

2. Write the name of the voter on the back, and place it in a strong envelope marked rejected; then

3. Seal the envelope and return it in the ballot box or ballot bag.

SECTION III - CLOSING THE POLLS

This section will guide you through the processes that take place at the precinct after the polls have closed on Election Day. The following topics are included in this section:

A. Closing the Polls Procedures/Checklist

B. Absentee Ballot Procedures/Checklist

C. Accounting for the Ballots

D. Security of the Ballots, Ballot Chain of Custody

E. Security of the Ballot Boxes

B. ABSENTEE BALLOT PROCEDURES

DRE POLL MANAGER’S ABSENTEE BALLOT CHECKLIST

In elections in which direct recording electronic voting systems are utilized, the unopened absentee ballot envelope of qualified electors that did not appeared in person to vote shall be marked accepted and placed in the ballot box/bag. (Miss. Code Ann. § 23-15-639) Counting of the absentee ballots is done at elections central; however, the decision to accept the ballot for counting is still made by the poll workers at the polling precinct.

1. After the polls close, remove the envelopes containing absentee ballots from the box.

2. Announce the name, address, and precinct as shown on each absentee ballot envelope.

3. Check for the registrar’s seal and initials on the application. If the seal or initials are not present, the ballot shall be marked “REJECTED” with the reason for rejection and placed in a “Rejected Absentee Ballot” envelope.

4. Check to make sure the affidavit or certificate of the officer before whom the affidavit is taken on the envelope and the application is sufficient.
   - Those voting because they have a temporary or permanent disability must have a witness over the age of 18 complete the certificate.
   - All others must have a notary complete the certificate with the exception of military and military spouses who may have the signature of non-commissioned or commissioned officers, postmaster, or any official authorized to administer oaths.
   - Those who appeared in person in the Circuit Clerk’s office will have the certificate completed by the clerk or a deputy clerk.

If the certificate is found to be insufficient, the absentee ballot shall be marked “REJECTED” with the reason for rejection and placed in the “Rejected Absentee Ballot” envelope to be returned in the secure ballot box.

5. Ensure the signatures on the absentee ballot envelope are across the flap of the envelope. If the signature is not across the flap, the ballot shall be marked “REJECTED” with the reason for rejection and placed in a “Rejected Absentee Ballot” envelope.

6. Compare the Voter’s signature on the application with the Voter’s signature on the back of the ballot envelope. If the signatures are clearly not the same, the ballot shall be marked “REJECTED” with the reason for rejection and placed in a “Rejected Absentee Ballot” envelope.

7. Check the Pollbook to see if the absentee voter may have voted in person. If the absentee voter did vote in person, the absentee ballot shall be marked “REJECTED” with the reason for rejection and placed in a “Rejected Absentee Ballot” envelope.
8. Give anyone present the opportunity to challenge any absentee ballot in the same manner and for the same reasons that any other vote may be challenged, and take action on any written challenges to absentee ballots.

9. If everything is in order the UNOPENED envelope shall be marked “ACCEPTED” and placed in an “Accepted Absentee Ballot” envelope.

10. Enter the Voter’s name in the receipt book and mark “VOTED” by the Voter’s name in the Pollbook as if the Voter had been present and voted in person.

11. The “Accepted” and “Rejected” ballot envelopes shall then be placed in the secure ballot transfer case (ballot box) and delivered to the officials in charge of conducting the election at the central tabulation point of the county.

   b. The signatures of voter and witness, on the absentee ballot envelope, are not across the flap of the envelope;
   c. The voter’s signature on the application and on the back of the ballot envelope are not clearly the same; or

__5. Give anyone present the opportunity to challenge any absentee ballot in the same manner, and for the same reasons, that any other vote may be challenged and take action on any written challenges to absentee ballots;

__7. Enter the voter’s name in the receipt book and mark “VOTED” by the voter’s name in the pollbook as if the voter had been present and voted in person

C. Accounting for the Ballots

Voted ballots, all spoiled ballots, and all unused ballots will be placed in an envelope in the ballot box. The voted ballots, the spoiled ballots, and the unused ballots must correspond in total with the number of ballots originally accepted by the Receiving and Returning Manager. Failure of the two numbers to correspond must be perfectly accounted for by a written statement by the Managers made under oath and enclosed in the ballot box. The number of ballots voted must correspond with the number of names signed in the receipt book. Failure of the two numbers to correspond must be perfectly accounted for by a written statement by the Managers made under oath and enclosed in the ballot box.

If ballots are lost, the Managers must report the loss to the officials in charge of the election, including all facts connected with the loss and the number of ballots lost. If warranted, the officials in charge of the election shall deliver the report to the grand jury. (Miss. Code Ann. § 23-15-373)

D. Security of the Ballots, Ballot Chain of Custody

Executive Committees (in Primary Elections), and Election Commissioners (in General and Special Elections), as the officials in charge of the election, have the affirmative duty to ensure that all memory cards, reports, and ballots (both voted and blank), are carefully accounted and kept secure. Poll Managers must also be thoroughly trained in their responsibility to fully account for every ballot.

E. Security of the Ballot Boxes

Ballot boxes must be kept securely locked during the time the polls are open. Ballot boxes cannot be opened until after the close of the polls. After the ballot boxes have been delivered to the courthouse or counting center, the registrar shall keep in place on the lock of each ballot box a consecutively numbered metal seal. The seal shall remain on the ballot box lock except when the officials in charge of the election are engaged in public canvass of the election returns, publicly engaged in counting center activities, or the ballot box is otherwise opened as provided by law. (Miss. Code Ann. §§ 23-15-247; 23-15-595)

When all the materials have been placed in the ballot box, it must be locked and sealed by the Poll Managers of the precinct. The Receiving and Returning Manager will bring the ballot and supply box(es) to Election Central as soon as closing the election has been completed.
F. Resolution Board

The officials in charge of the election shall appoint counting-center employees, members of the public or qualified voters to serve as judges on the Resolution Board. All ballots that have been rejected by the OMR tabulating equipment and that are damaged or defective, blank, or overvoted will be reviewed by the Resolution Board.

If any ballot is damaged or defective so that it cannot be properly counted by the OMR tabulating equipment, the ballot will be deposited in an envelope provided for that purpose marked “Damaged Ballots.” The officials in charge of the election shall have the judges on the Resolution Board tally by hand any damaged or defective ballots.

Ballots that have been rejected by the OMR tabulating equipment for appearing to be blank shall be examined to verify if they are blank or have been marked with a non-detectable marking device. If it is determined that the ballot is marked with a non-detectable device, the Resolution Board may mark over the voter’s mark with a detectable marking device.

All ballots that are rejected by the OMR tabulating equipment and that contain overvotes shall be inspected by the Resolution Board. On those ballots upon which an overvote appears, and voter intent cannot be determined by inspection of the Resolution Board, the officials in charge of the election may use the OMR tabulating equipment in determining the vote in the races which are unaffected by the overvote. At the direction of the officials in charge of the election, all other ballots, which are overvoted, shall be counted manually following the provisions governing the counting of paper ballots.

If for any reasons it becomes impracticable to count all or part of the ballots with the OMR tabulating equipment, the officials in charge may direct that the ballots be counted manually, following as far as practicable the provisions governing the counting of paper ballots.

The returns printed by the OMR tabulating equipment, to which have been added the manually-tallied ballots, shall be duly certified by the officials in charge and shall constitute the official returns of each voting precinct. Unofficial and incomplete returns may be released during the count. Upon the completion of the counting, the official returns shall be open to the public. (Miss. Code Ann. § 23-15-523)

Note: This information was provided by the Hinds County Election Commission

1. Reader. The SmartCard contains a chip (the gold square); the chip should be facing the user. When inserting into the SmartCard Reader the chip will go into the reader.

2. The voting unit will use the wireless network to search for the other units in the polling place to give them the signal to open. When the other units have been detected, they will show on the screen.

3. Open the poll location by touching the Open Location button on the pre-selected Master unit. At this point, each voting unit will automatically print out the poll open reports.

The unit opened with the Location Card will print out one extra-long report, the Location Open Report and the Unit Open Report. The units opened by the wireless network will print one short report, the Unit Open Report. Tear off the reports and have every poll worker inspect to confirm that they show zero votes for all candidates on all units. Have all poll workers sign each report.

Keep the reports with your official records of the election. The Location Open Report and the Unit Open Reports should be folded, put in the clear envelope and attached to the wall for display. If a poll watcher wants to inspect it, take it out of the clear envelope for their review.

4. After poll-opening reports are correctly printed, the “Welcome to WINVOTE” screen displays the Serial Number (the serial number of that particular unit), the Public Counter (the counter for this election, which should start at zero), the Protective Counter (the number of times this unit has been used), and the Polling Location (the precinct number and the name of the polling location).

5. Verify that the information on the screen is correct. If the information is correct, then the unit is ready to accept voters.

Important: Close the compartment door of the WINvote unit and make sure that it is securely locked after reports are printed.

Special instructions for direct recording electronic

1. During the election, the poll worker must insert the Ballot SmartCard into the SmartCard Reader with the chip down and toward the poll worker when a voter is ready to vote. A small light on the Reader lights up to indicate the information from the card is read. Once the light is off, remove the Ballot SmartCard.
2. To activate the ballot for the voter, touch Normal unless you have a voter with impaired vision, in which case you would choose Zoom. Then touch Activate. Make sure the jack has been tested.

For an unassisted blind or illiterate voter, insert the headphones into the audio jack to the right of the lock, then touch Audio and Activate.

3. To cancel a ballot, insert the Ballot SmartCard into the SmartCard Reader. When the light is on the unit turns On and Off to signify card is read, remove the SmartCard from the Reader. The following screen will appear to confirm cancellation.

**Special closing instructions for direct recording**

1. After every voter in line at 7:00 p.m. has voted, make sure each voting unit is displaying the “Welcome to WINvote” screen.

2. Open the door of every voting unit by inserting the key into the lock to the right of the door.

3. Using the pre-selected Master unit to perform the tally. NOTE: If this unit goes down, chose a different Master unit and be sure to move the master tag to the selected unit. Insert the Location SmartCard into the SmartCard Reader with the chip down and facing you. Remove the SmartCard after the red light goes on and then turns off.

4. Touch Close Polling Location button on the Poll Suspend-Poll Close Screen. The warning screen below will be displayed to confirm the action. Touch “Yes” on the screen to begin closing poll.

5. The Polling Location Tally screen shows the tallying process on all the voting units. A check mark is placed on the left side of each unit after a unit is tallied. When all units are tallied, touch the Next button. Make sure that ALL units that contain votes for the election have been tallied into the master unit before proceeding to step 6. If all units do not tally, call your technician.

6. On the Printing Poll Closing Report screen, touch “3” on the screen to indicate number of copies to be printed. Then touch the “OK” button. At this point, all units will simultaneously print the Location Close Report and the Unit Close Report. The voting units will print the Unit Close Report.

7. Tear off the reports. Have all poll workers inspect and sign all copies of the reports on the lines provided. Keep the reports with your official records of the election.

8. After the Master has finished printing, touch the Export Data button to create a backup copy of results for security. Touch the “OK” button to complete.
9. All of the voting units in the polling location will turn off automatically. Take the voting units out of their voting booths. Take down each voting booth, removing the legs and putting them in the leg holder located on the top of the case. Place each voting unit in the case. Carefully coil the power cords and store them in the case clear of the hinge. Close and latch the case. Insert a new seal through the latch and record the seal numbers on the Booth Seal Form.
