# Report on Charitable Organizations in Mississippi

Dear Fellow Mississippians:

Mississippi continues to be one of the top-ranked states in the country supporting charitable giving. The generosity of our citizens is known nationally, and time after time our citizens have risen to the occasion to help Mississippians in need, as well as our fellow citizens across the country.

Informed charitable giving helps ensure your hard earned money, property and services are dedicated to advance the core charitable purpose or mission of the organizations you support. Disclosure of charitable revenue and spending exposes unscrupulous groups who might prey upon the generosity of our citizens by lining their pockets under the guise of selfless motives. Additionally, transparency in financial reporting promotes the good work of credible organizations who are responsible stewards of your financial contributions and other support.

For these reasons we are pleased to announce that the *Report on Charitable Organizations in Mississippi* is now available on our web site. This publication will enable you to make informed decisions on your charitable giving by presenting the financial activity for the charity's most recent fiscal year.

The Council of Better Business Bureaus recommends that *at least* sixty-five percent (65%) of total expenses of a charitable organization should be spent on program activities directly related to the organization's purposes. Fundraising costs by the organization should not exceed thirty-five percent (35%) of related contributions. However, there are some instances when a departure from these standards would be reasonable. For example, newly created organizations may have higher administrative expenses due to start-up costs; and, large gifts or donor restrictions on the use of contributed funds could skew an organization's apparent management of funds in either a favorable or unfavorable light.

The information published in this report provides contact information for registered charities authorized to solicit donations from Mississippi citizens. We encourage you to use this publication as a guide to make informed charitable donations. Please contact my office at 601-359-1350 or (888) 236-6167 if you have questions about this report or any comments regarding charities operating in Mississippi.

Sincerely,

Delbert Hosemann  
Secretary of State

*Introduction*

**STATUTORY AUTHORITY AND RESPONSIBILITIES**

The Secretary of State has the statutory responsibility of protecting citizens by enforcing Mississippi’s charitable solicitation laws. State law requires organizations intending to solicit charitable donations from Mississippi citizens to register with the Secretary of State. Solicitation includes any oral or written request, however communicated, whether directly or indirectly, for a contribution. Bona fide, duly constituted religious institutions are not required to register or file exemption forms with the Secretary of State’s Office, but may request a religious exclusion for its’ records.

**PURPOSE OF THE REPORT**

In carrying out the responsibility of protecting citizens, the Secretary of State’s Office requires all charities to submit certain financial information for review each year. This report provides a summary of the financial information on file with the Secretary of State as of March 31, 2008. Pursuant to state law, all charitable organizations’ registration and financial documents are public record available to all citizens.

This report was prepared to inform the citizens of Mississippi about how their contributions and other funds are being used, and to assist them in making informed decisions when contributing to charitable organizations. This report is not intended as an endorsement or criticism of any particular organization. In addition, registration by a charitable organization with the Secretary of State does not constitute an endorsement or approval by the State of Mississippi.

This report includes the following sections:

**Section I – Registered Charities in Mississippi**

This section provides basic information on registered charities in Mississippi (excluding exempt charitable organizations). This section is divided into two sub-sections. The first sub-section provides certain financial information of each charity, and the second sub-section lists contact information including organizational name, address, and telephone number. A charitable organization’s financial information may be excluded from this report for the following reasons:

- The organization’s registration lapsed and was not renewed prior to the annual expiration date; or
- The organization sent in a registration or renewal without all of the required documents; therefore, registration is incomplete at the time of publication.

*Continued on next page*

## **Section II – Registered Charities with Gaming Operations in Mississippi**

This section provides basic information on charities having gaming operations (Bingo) in Mississippi. This section is reported separately due to specific laws and regulations governing the charitable gaming aspects of these organizations. Divided into two sub-sections, the first includes certain financial information, as that reported elsewhere in this report, and the second provides contact information including organizational name, address, and telephone number. Financial information, provided by the Mississippi Gaming Commission, is also included for the gaming operations associated with the charity. Additional explanation of financial information for charities with gaming operations is included due to the special circumstances of their reporting. The charitable organization's financial information may be excluded from this report for the following reasons:

The organization's registration lapsed and was not renewed prior to the annual expiration date; or

The organization sent in a registration or renewal without all of the required documents; therefore, registration is incomplete at the time of publication.

## **Section III – Expired Charities in Mississippi**

This section contains an alphabetical listing of charitable organizations that were previously registered with the Secretary of State's Office. These organizations are no longer registered with the Secretary of State's Office because they failed to renew their registrations as pursuant to Miss. Code Ann. §79-11-503(4). As a result, these organizations' registrations lapsed and became expired.

## **Section IV – Previously Registered Charities that have not applied for their 501 (c) (3) status**

This section contains an alphabetical listing of charitable organizations that have not applied for their 501 (c) (3) status. 501 (c) (3) status is a tax-exempt status granted by the IRS which exempts the organization from federal and/or state income taxes.

## *Donor Tips – Investigate Before You Give*

The wisest giver is an informed giver. You give to a charity because you want to make a difference. And you want to make sure your hard-earned charitable contributions are spent in the most efficient, effective way possible. That is why the Secretary of State's Office recommends that you ask questions before you give.

Often, callers soliciting contributions are not volunteers, but rather professional fundraisers. These paid telemarketers are required to identify themselves under our charities law. In all cases, you should ask how much of every dollar raised goes to the charity.

Never be afraid to ask for information in writing. If asked, the professional charity telemarketer must immediately inform you of the percentage of money that actually goes to the charity. In addition, this information must be confirmed in writing by the telemarketer within fourteen (14) days of your request. You are entitled to the truth about where your money goes.

To make the most informed decisions regarding your charitable donations, follow these guidelines:

**Know your charity.** Ask questions before giving and ask for answers in writing. Legitimate charities welcome your inquiries.

**Avoid pressure tactics.** You do not have to give immediately; take time to evaluate the information provided by the group. Don't give in to "scare" tactics.

**Watch for "same names."** Many charities have similar names. Some scam artists intentionally use names resembling those of respected groups. Make sure you know which group is really asking for your donation.

**Be wary of telephone calls.** Get the name of the person calling and the exact name of the charity. Ask if the caller is a professional fundraiser, and, if so, how much of your donation actually goes to the charity.

**Verify mail solicitations.** Be wary of mail including novelty items that you can keep "if you contribute." Federal law states that unless you ordered the item, you can keep it without contributing.

**Always get receipts.** Especially for cash contributions, always get receipts. These are important for tax deductions and provide a tracking mechanism for donations.

**Volunteer cautiously.** Remember, your family and friends trust you to know the organization. Make sure you do.

All charitable organizations are required to register with the Secretary of State's Office and renew yearly. Certain types of organizations are exempt from registration, but are nevertheless required to file a notice of exemption with the Secretary of State's Office. Bona fide, duly constituted religious institutions are not required to register or file exemption forms with the Secretary of State's Office. In addition, if an organization is a nonprofit corporation, it must file its formation document with the Filing Services Unit of the Business Services Division.

**Call the Secretary of State's Office at (601) 359-1350 or (888) 236-6167 if you still have doubts - we will be happy to help.**

# Section I

## Financial Information for Registered Charities in Mississippi

Column Key

Organization	Name of the registered charitable organization.
State	Location of the charity’s main office.
Fiscal Year	The fiscal year for which the organization submitted financial information on file as of March 31, 2008. For example, a listing of 2006 means the financial information in the report corresponds to the organization’s 2006 fiscal year information.
Total Revenue	Income from all sources received during the reported fiscal year. Total income does not necessarily equal total expenses. It is possible for a charitable organization to spend more or less than the total amount of income received within a single fiscal year.
Total Expenses	The amount of money a charity spent in the reported fiscal year. Total Expenses is the sum of four values: Fundraising Expenses, Administrative Expenses, Other Expenses, and Charitable Purpose Expenses.
Fundraising Expenses	The costs of raising funds from the public (e.g., costs of solicitations by mail, telephone, or person-to-person); the costs of items sold in the name of, or on behalf of, a charity; and the costs of special events.
Administrative Expenses	The costs of the charity’s daily administration and management.
Other Expenses	Any costs which are not related to a charity’s stated purpose, administration, or fundraising activities.
Charitable Purpose Expenses	Costs which are directly related to a charity’s stated purpose or program service (e.g., public education programs, research, etc.).
Percentage of Expenses for Charitable Purposes	The amount of Charitable Purpose Expenses expressed as a ratio to Total Expenses.
Percentage of Expenses for Non-Charitable Purposes	The amount of Non-Charitable Purpose Expenses, which includes Fundraising Expenses, Administrative Expenses, and Other Expenses, expressed as a ratio to Total Expenses.

Please note that charities listed with zeros in all columns may be new or inactive charities. New charities are not required to submit financial information until after their first full fiscal year of operation.

## Section II

# Financial Information for Charities with Gaming Operations in Mississippi

Column Key

Organization	Name of the registered charitable organization.
State	Location of the charity’s main office.
Fiscal Year	The fiscal year for which the organization submitted financial information on file as of March 31, 2008. For example, a listing of 2005 means the financial information in the report corresponds to the organization’s 2005 fiscal year information.
Total Revenue	Income from all sources, which includes associated gaming revenue, received during the reported fiscal year. Total income does not necessarily equal total expenses. It is possible for a charitable organization to spend more or less than the total amount of income received within a single fiscal year.
Total Expenses	The amount of money a charity and its associated gaming operations spent in the reported fiscal year. Total Expenses is the sum of four values: Fundraising Expenses, Administrative Expenses, Other Expenses, and Charitable Purpose Expenses.
Fundraising Expenses	The costs of raising funds from the public (e.g., costs of solicitations by mail, telephone, or person-to-person); the costs of items sold in the name of, or on behalf of, a charity; and, the costs of special events. Also includes the costs of gaming operations, such as building rent, salaries, fees required to be paid to the Mississippi Gaming Commission, and prizes paid out.
Administrative Expenses	The costs of the charity’s daily administration and management.
Other Expenses	Any costs which are not related to a charity’s stated purpose, administration, or fundraising activities.
Charitable Purpose Expenses	Costs which are directly related to a charity’s stated purpose or program service (e.g., public education programs, research, etc.).
Bingo Hall Associated with the Charity	Name of the Bingo Hall associated with the charitable organization.
Total Receipts from Bingo Hall	Income from all gaming activities received during the reported fiscal year of the associated charitable organization.
Total Prizes Paid Out	Costs of the prizes paid out as a result of gaming activities for the reported fiscal year of the associated charitable organization.
Fees Paid to Mississippi Gaming Commission	The costs of fees required to be paid to the Mississippi Gaming Commission.

Bingo Hall Administrative Expenses	The costs of the bingo hall’s daily administration and management.
Net Amount from Bingo	<div>The net amount that may have been available to the charity for use in its charitable operations. This amount was calculated as follows: Net Amount = Total Receipts from Bingo Hall - (Total Prizes Paid Out + Fees Paid to the Mississippi Gaming Commission + Bingo Hall Administrative Expenses).</div>
