I raise a point of order that the strike-all amendment for Senate Bill 2441 is not germane to the bill and violates House Rule. In order to be germane, an amendment must relate to the subject matter under consideration and the fundamental purpose of the amendment must relate to the fundamental purpose of the bill. Senate Bill 2441 original purpose deals with the regulation of alternative nicotine products, specifically regulating electronic cigarettes. Senate Bill 2441 is amending 97-32-51, the section of the law that deals with nicotine products; however, the strike-all amendment attempts to regulate Kratom. Kratom is a product totally unrelated to nicotine and is no way related to the fundamental purpose of the original bill.

The bill was set aside pending a Speaker's Ruling.

At 11:29 AM on motion of Rep. Shanks the House recessed until 1:30 PM.

At 1:35 PM the House met pursuant to recess, Speaker White in the Chair. A quorum was present.

Pending at the time was a Speaker's Ruling on a point of order by Representative Bell, C.

SPEAKER'S RULING

(Senate Bill No. 2441 - Germaneness of a Strike-All Amendment)

The gentleman from Hinds, Mr. Bell, raised the point of order that the strike-all amendment to SB 2441 is not germane to SB 2441.

SB 2441 prohibits any person from distributing, selling, offering for sale or furnishing any electronic cigarette, electronic device that can be used to deliver nicotine that can be ingested into the body by inhaling or vaporizing, or any cartridge, component, liquid, capsule, or powder used to refill such electronic cigarette or electronic device that cannot be legally marketed or sold under federal law by rule, regulation or guidance promulgated by the United States Food and Drug Administration.

It also provides an exception for any such product where the manufacturer has filed a premarket tobacco product application that remains under review by the United States Food and Drug Administration. Thus, it only regulates alternative nicotine and tobacco products.

Sections 1 through 12 of the strike-all amendment regulate tobacco products. Sections 13 through 15 regulate Kratom. Upon review of the definition of Kratom in the strike-all, it is neither an alternative nicotine product or a tobacco product.

In order for an amendment to be germane to a bill, the subject matter of the amendment must be related to the subject matter of the bill. Further, the fundamental purpose of the amendment must relate to the fundamental purpose of the bill. The fundamental purpose of the bill is to restrict alternative nicotine and tobacco only. The fundamental purpose of the amendment is to regulate tobacco products and Kratom. Although the topics seem related because they are forms of drugs, the inclusion of Kratom adds a different drug that is neither tobacco nor alternative nicotine, with no explanation for how it is related to the other two drug categories. Thus, the inclusion of Kratom is unrelated to the fundamental purpose of the bill and impermissibly broadens the scope of the bill.

Since there is no correlation between the fundamental purposes of adding Kratom to S.B.2771; the point of order that the strike-all amendment is not germane is well taken.

AMENDMENT NO. 1 BY REPRESENTATIVE Yancey:

AMEND on line 104 by inserting ", and shall stand repealed on June 30, 2024" before the period.

AMENDMENT NO. 1 BY REPRESENTATIVE Lamar:

AMEND by inserting the following language after line 90 and renumbering the succeeding section accordingly:

SECTION 3. Section 25-11-123, Mississippi Code of 1972, is amended as follows: 25-11-123. All of the assets of the system shall be credited according to the purpose for which they are held to one (1) of four (4) reserves; namely, the annuity savings account, the annuity reserve, the employer's accumulation account, and the expense account.

(a) Annuity savings account. In the annuity savings account shall be accumulated the contributions made by members to provide for their annuities, including interest thereon which shall be posted monthly. Credits to and charges against the annuity savings account shall be made as follows:

(1) Beginning July 1, 2010, the employer shall cause to be deducted from the salary of each member on each and every payroll of the employer for each and every payroll period nine percent (9%) of earned compensation as defined in Section 25-11-103. Future contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation; however, any member earning at a rate less than Sixteen Dollars and Sixty-seven Cents (\$16.67) per month, or Two Hundred Dollars (\$200.00) per year, shall contribute not less than One Dollar (\$1.00) per month, or Twelve Dollars (\$12.00) per year.

(2) The deductions provided in paragraph (1) of this subsection shall be made notwithstanding that the minimum compensation provided by law for any member is reduced by the deduction. Every member shall be deemed to consent and agree to the deductions made and provided for in paragraph (1) of this subsection and shall receipt for his full salary or compensation, and payment of salary or compensation less the deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the person during the period covered by the payment, except as to the benefits provided under Articles 1 and 3. The board shall provide by rules for the methods of collection of contributions from members and the employer. The board shall have full authority to require the production of evidence necessary to verify the correctness of amounts contributed.

(b) Annuity reserve. The annuity reserve shall be the account representing the actuarial value of all annuities in force, and to it shall be charged all annuities and all benefits in lieu of annuities, payable as provided in this article. If a beneficiary retired on account of disability is restored to active service with a compensation not less than his average final compensation at the time of his last retirement, the remainder of his contributions shall be transferred from the annuity reserve to the annuity savings account and credited to his individual account therein, and the balance of his annuity reserve shall be transferred to the employer's accumulation account.

(c) Employer's accumulation account. The employer's accumulation account shall represent the accumulation of all reserves for the payment of all retirement allowances and other benefits payable from contributions made by the employer, and against this account shall be charged all retirement allowances and other benefits on account of members. Credits to and charges against the employer's accumulation account shall be made as follows:

(1) On account of each member there shall be paid monthly into the employer's accumulation account by the employers for the preceding fiscal year an amount equal to a certain percentage of the total earned compensation, as defined in Section 25-11-103, of each member. * * * From and after the effective date of this act, the increase in the employer's contribution rate scheduled to take effect on July 1, 2024, is rescinded and shall not take effect.

(2) For the public good, any recommendation by the board to adjust the employer contributions shall be accompanied by at least two (2) assessments from actuaries who are independent from each other and the retirement plan. The actuaries shall analyze the economic impact of any such recommendation to the system and state, including, but not limited to, information showing the fiscal impact to every agency and arm of the state, including, but not limited to, state agencies, cities, counties and school districts. The actuarial assessments, with any such recommendation to adjust the employer contributions, shall be submitted to the Lieutenant Governor, Speaker of the House, Chairman of the Senate Appropriations Committee and Chairman of the House Appropriations Committee.

(3) The board shall have the authority to make recommendations regarding additional funding sources for the retirement plan, including employer contribution increases, based on the assets and liabilities of the retirement plan, and the analyses required by paragraph (2) of this subsection (c). The Legislature shall have the sole authority to implement any such recommendations.

(4) This section shall not be construed to provide authority to reduce or eliminate any earned benefits to be provided by the state to persons drawing a retirement allowance or to members of the system as of the effective date of this act.

(** *5) On the basis of regular interest and of such mortality and other tables as are adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making that valuation, shall determine the uniform and constant percentage of the earnable compensation of each member which, if contributed by the employer on the basis of compensation of the member throughout his entire period of membership service, would be sufficient to provide for the payment of any retirement allowance payable on his account for that service. The percentage rate so determined shall be known as the "normal contribution rate." After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the percentage rate of the salary of all members obtained by deducting from the total liabilities on account of membership service the amount in the employer's accumulation account, and dividing the remainder by one percent (1%) of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees and regular interest. The normal rate of contributions shall be determined by the actuary after each valuation.

(** *6) The total amount payable in each year to the employer's accumulation account shall not be less than the sum of the percentage rate known as the "normal contribution rate" and the "accrued liability contribution rate" of the total compensation earnable by all members during the preceding year, provided that the payment by the employer shall be sufficient, when combined with the amounts in the account, to provide the allowances and other benefits chargeable to this account during the year then current.

(** *7) The accrued liability contribution shall be discontinued as soon as the accumulated balance in the employer's accumulation account shall equal the present value, computed on the basis of the normal contribution rate then in force, or the prospective normal contributions to be received on account of all persons who are at that time members.

(** *8) All allowances and benefits in lieu thereof, with the exception of those payable on account of members who receive no prior service credit, payable from contributions of the employer, shall be paid from the employer's accumulation account.

(** *9) Upon the retirement of a member, an amount equal to his retirement allowance shall be transferred from the employer's accumulation account to the annuity reserve.

(** *10) The employer's accumulation account shall be credited with any assets authorized by law to be credited to the account.

(d) Expense account. The expense account shall be the account to which the expenses of the administration of the system shall be charged, exclusive of amounts payable as retirement allowances and as other benefits provided herein. The Legislature shall make annual appropriations in amounts sufficient to administer the system, which shall be credited to this account. There shall be transferred to the State Treasury from this account, not less than once per month, an amount sufficient for payment of the estimated expenses of the system for the succeeding thirty (30) days. Any interest earned on the expense account shall accrue to the benefit of the system. However, notwithstanding the provisions of Sections 25-11-15(10) and 25-11-105(f)(v)5, all expenses of the administration of the system shall be paid from the interest earnings, provided the interest earnings are in excess of the actuarial interest assumption as determined by the board, and provided the present cost of the administrative expense fee of two percent (2%) of the contributions reported by the political subdivisions and instrumentalities shall be reduced to one percent (1%) from and after July 1, 1983, through June 30, 1984, and shall be eliminated thereafter.

(e) Collection of contributions. The employer shall cause to be deducted on each and every payroll of a member for each and every payroll period, beginning subsequent to January 31, 1953, the contributions payable by the member as provided in Articles 1 and 3.

The employer shall make deductions from salaries of employees as provided in Articles 1 and 3 and shall transmit monthly, or at such time as the board of trustees designates, the amount specified to be deducted to the Executive Director of the Public Employees'

Retirement System. The executive director, after making a record of all those receipts, shall deposit such amounts as provided by law.

(f) (1) Upon the basis of each actuarial valuation provided herein, the board of trustees shall biennially determine the normal contribution rate and the accrued liability contribution rate as provided in this section. The sum of these two (2) rates shall be known as the "employer's contribution rate." The percentage rate of those contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation.

(2) The amount payable by the employer on account of normal and accrued liability contributions shall be determined by applying the employer's contribution rate to the amount of compensation earned by employees who are members of the system. Monthly, or at such time as the board of trustees designates, each department or agency shall compute the amount of the employer's contribution payable, with respect to the salaries of its employees who are members of the system, and shall cause that amount to be paid to the board of trustees from the personal service allotment of the amount appropriated for the operation of the department or agency, or from funds otherwise available to the agency, for the payment of salaries to its employees.

(3) Except as otherwise provided in Section 25-11-106:

(i) Constables shall pay employer and employee contributions on their net fee income as well as the employee contributions on all direct treasury or county payroll income.

(ii) The county shall be responsible for the employer contribution on all direct treasury or county payroll income of constables.

(4) Except as otherwise provided in Section 25-11-106.1, chancery and circuit clerks shall be responsible for both the employer and employee share of contributions on the proportionate share of net income attributable to fees, as well as the employee share of net income attributable to direct treasury or county payroll income, and the employing county shall be responsible for the employer contributions on the net income attributable to direct treasury or county payroll income.

(5) Once each year, under procedures established by the system, each employer shall submit to the Public Employees' Retirement System a copy of their report to Social Security of all employees' earnings.

(6) The board shall provide by rules for the methods of collection of contributions of employers and members. The amounts determined due by an agency to the various funds as specified in Articles 1 and 3 are made obligations of the agency to the board and shall be paid as provided herein. Failure to deduct those contributions shall not relieve the employee and employer from liability thereof. Delinquent employee contributions and any accrued interest shall be the obligation of the employee and delinquent employer contributions and any accrued interest shall be the obligation of the employer. The employer may, in its discretion, elect to pay any or all of the interest on delinquent employee contributions. From and after July 1, 1996, under rules and regulations established by the board, all employers are authorized and shall transfer all funds due to the Public Employees' Retirement System electronically and shall transmit any wage or other reports by computerized reporting systems.

AMEND further the title online 14 by inserting the following language after the semicolon:

TO AMEND SECTIONS 25-11-123, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE INCREASE IN THE EMPLOYER'S CONTRIBUTION RATE THAT IS SCHEDULED TO TAKE EFFECT ON JULY 1, 2024, IS RESCINDED AND SHALL NOT TAKE EFFECT; TO REQUIRE THAT ANY RECOMMENDATION BY THE BOARD TO ADJUST EMPLOYER CONTRIBUTIONS BE ACCOMPANIED BY AT LEAST TWO INDEPENDENT ACTUARIAL ASSESSMENTS; TO ALLOW THE BOARD TO MAKE RECOMMENDATIONS REGARDING ADDITIONAL FUNDING SOURCES FOR THE RETIREMENT PLAN, INCLUDING EMPLOYER CONTRIBUTION INCREASES, BASED ON THE PLAN'S ASSETS AND LIABILITIES, AND THE REQUIRED ACTUARIAL ASSESSMENTS; TO RESERVE TO THE LEGISLATURE THE AUTHORITY TO IMPLEMENT SUCH RECOMMENDATIONS; TO SPECIFY THAT THE SECTION SHALL NOT BE CONSTRUED TO PROVIDE AUTHORITY TO

AMENDMENT NO. 1 BY COMMITTEE:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) As used in this section, the following words and phrases shall have the meanings as defined in this subsection unless the context clearly requires otherwise:

(a) "Applicable percentage" means sixteen percent (16%) for each of the first through third credit allowance dates for purposes of the taxes imposed by Section 27-7-5 or the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(b) "CDFI fund" means the Community Development Financial Institutions fund of the United States Department of the Treasury.

(c) "Credit allowance date" means, with respect to any qualified equity investment: (i) the date on which the qualified equity investment is initially made; and (ii) each of the subsequent two (2) anniversary dates of the date the qualified equity investment was initially made.

(d) "MDA" means the Mississippi Development Authority.

(e) "Mississippi qualified community development entity" means a qualified community development entity that is or whose controlling entity is headquartered in the State of Mississippi.

(f) "Principal business operations" means the physical location where at least sixty percent (60%) of a qualified active low-income community business' employees work. An entity that has agreed to relocate employees or a Mississippi business that has agreed to hire employees using the proceeds of a qualified low-income community investment to establish principal business operations in Mississippi is deemed to have principal business operations in Mississippi if the entity satisfies the requirements of this paragraph within one hundred eighty (180) days of receiving the qualified low-income community investment or another date as agreed by the business and the MDA.

(g) "Purchase price" means the amount paid to the qualified community development entity for a qualified equity investment.

(h) "Qualified active low-income community business" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided such entity has its principal business operations within the state's geographical boundary. An entity is deemed a qualified active low-income community business for the duration of a qualified low-income community investment if the qualified community development entity reasonably expects, at the time it makes the qualified low-income community investment, that the entity will continue to satisfy the requirements for being a qualified active low-income community business throughout the entire period of the qualified low-income community investment.

(i) "Qualified community development entity" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, provided that:

(i) The entity, or an affiliate thereof, has previously entered into an allocation agreement with the CDFI fund with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended;

(ii) Such allocation agreement includes the State of Mississippi within the service area set forth in the allocation agreement; and

(iii) Except for Mississippi qualified community development entities, the entity, together with affiliates:

1. Has made qualified low-income community investments under Section 57-105-1 et seq. of at least Thirty Million Dollars (\$30,000,000.00) in Mississippi qualified active low-income community businesses;

2. Has made at least One Hundred Million Dollars (\$100,000,000) of investments in businesses located in Mississippi; or

3. Has received at least four (4) original tax credit certificates from the MDA.

(j) "Qualified equity investment" means an equity investment in a qualified community development entity, if the equity investment:

(i) Is acquired after the effective date of this act at its original issuance solely in exchange for cash, and if not so acquired, was a qualified equity investment in the hands of a prior holder;

(ii) Has at least eighty-five percent (85%) of its cash purchase price used by the qualified community development entity to make qualified low-income community investments in qualified active low-income community businesses that have their principal business operations in the State of Mississippi; and

(iii) Is:

1. Designated by the qualified community development entity as a qualified equity investment under this section; and

2. Is at least fifty percent (50%) designated by the qualified community development entity as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended.

(k) "Qualified low-income community investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided, however, that the maximum amount of qualified low-income community investments issued for a single qualified active low-income community business, on an aggregate basis with all of its affiliates, that may be included for purposes of complying with subsection (4)(d)(iii) of this section shall not exceed Ten Million Dollars (\$10,000,000.00), in the aggregate, whether issued by one (1) or several qualified community development entities and exclusive of repaid or redeemed qualified low-income community investments in such business.

(2) A person or entity that holds a qualified equity investment on the credit allowance date shall be entitled to a credit applicable against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 during the taxable year that includes the credit allowance date. The amount of the credit shall be equal to the applicable percentage for such taxable year of the purchase price paid to the qualified community development entity for the qualified equity investment. The amount of the credit that may be utilized in any one (1) tax year shall be limited to an amount not greater than the total tax liability of the claimant for the taxes imposed by the above-referenced sections. The credit shall not be refundable or transferable. Any unused portion of the credit may be carried forward for seven (7) taxable years beyond the credit allowance date on which the credit was earned. The maximum aggregate amount of qualified equity investments that may be allocated by the MDA may not exceed an amount that would result in taxpayers claiming in any one (1) state fiscal year credits in excess of Twenty Million Dollars (\$20,000,000.00), exclusive of credits that might be carried forward from previous taxable years; however, a maximum of Eighteen Million Dollars (\$18,000,000.00) with respect to such allocations may be allocated as credits for taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123. Any person or entity claiming a credit under this section against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 shall not be required to pay any additional tax under Section 27-15-123 as a result of claiming such credit. The MDA shall allocate credits within this limit as provided for in subsection (4) of this section.

(3) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among its partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an executed document. Such allocation shall be made each taxable year of such pass-through entity which contains a credit allowance date. An allocation or pass-through of a credit is not considered a sale for the purposes of this section or any other state law.

(4) (a) For three (3) consecutive fiscal years beginning July 1, 2024, qualified community development entities shall apply to the MDA for an award of credits and related qualified equity investment authority on a form provided by the MDA that includes:

(i) The name, address, and tax identification number of the applicant, and evidence of the applicant's certification as a qualified community development entity by the CDFI fund;

(ii) A copy of the allocation agreement executed by the applicant or its controlling entity, and the CDFI fund;

(iii) A certificate executed by an executive officer of the applicant attesting that the allocation agreement remains in effect and has not been revoked or canceled by the CDFI fund;

(iv) A description of the proposed amount, structure, and purchaser of the equity investment;

(v) The amount of qualified equity investment authority sought which collectively may not exceed the applicant or its controlling entity's available qualified equity investment authority under Section 45D of the Internal Revenue Code of 1986, as amended multiplied by two (2);

(vi) Evidence of the applicant or its controlling entity's available qualified equity investment authority under Section 45D of the Internal Revenue Code of 1986, as amended;

(vii) A nonrefundable application fee of One Thousand Dollars (\$1,000.00);

(viii) Except for Mississippi qualified community development entities, evidence that the applicant, on a collective basis with its affiliates, satisfies at least one (1) of the requirements of subsection (1)(i)(iii) of this section for the definition of qualified community development entity; and

(ix) Other information as required by the MDA pursuant to paragraph (c) of this subsection.

(b) The MDA shall set a date to accept applications not less than thirty (30) days but not more than forty-five (45) days after the CDFI fund announces allocation awards under a notice of funding availability that was published in the Federal Register. In the event that the CDFI fund is unable to publish a notice of funding of allocation awards because of a lack of award authority under Section 45D of the Internal Revenue Code of 1986, as amended, with respect to the fiscal year beginning July 1, 2026, the MDA shall set a date for accepting applications and waive the requirement that a qualified community development entity designate at least fifty percent (50%) of qualified equity investment authority awarded as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended, provided that the MDA shall give a preference in the award of tax credits to qualified community development entities that apply with remaining allocation under Section 45D of the Internal Revenue Code of 1986, as amended.

(c) The MDA shall award credits and the related qualified equity investment authority, subject to the limitations set forth in subsection (2) of this section, fifty percent (50%) to applicants that agree to utilize qualified equity investment authority for loan funds. The MDA may require additional information in the application to delineate between types of applications. Within forty-five (45) days with respect to a loan fund application and ninety (90) days for all other applications, the MDA shall grant or deny the application in full or in part. If the MDA denies any part of the application, the MDA shall inform the applicant of the grounds for the denial. If the applicant provides the information required by the MDA or otherwise completes its application within fifteen (15) days of the notice of denial, the application is deemed complete as of the original date of submission. If the applicant fails to provide the requested information or complete its application within the fifteen-day period, the applicant must submit a new application. If requests for either allocation are not fully subscribed, the MDA shall reallocate such remaining allocation to the other allocation pool. Once the MDA has allocated credits to a qualified community development entity, the corresponding qualified equity investment must be issued and, if applicable, fifty percent (50%) of such qualified equity investment must be designated under Section 45D of the Internal Revenue Code of 1986, as amended, not later than one hundred twenty (120) days from the date of such allocation. If the qualified equity investment is not issued and, if applicable, such designation under Section 45D of the Internal Revenue Code of 1986, as amended, is not made within such time period, the allocation shall be cancelled and returned to the MDA for reallocation. If the actual dollar amount of qualified equity investment is lower than the amount awarded by the MDA, the MDA shall adjust the tax credit allowed under this section and reissue awards to other applicants that did not receive the awards requested pro rata. Qualified community development entities shall provide the MDA evidence of qualified equity investments and designation under

Section 45D of the Internal Revenue Code of 1986, as amended, if applicable, within one hundred thirty (130) days from the date of an allocation. An applicant certified an award under this paragraph may transfer all or a portion of its certified qualified equity investment authority to any affiliated qualified community development entity by sending written notice to the MDA endorsing the certificate.

(d) The Department of Revenue may recapture credits under this section if:

(i) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended;

(ii) The qualified community development entity redeems a qualified equity investment prior to the seventh anniversary of the issuance of the qualified equity investment; or

(iii) The qualified community development entity fails to invest at least eighty-five percent (85%) of the cash purchase price of the qualified equity investment in qualified low-income community investments within twelve (12) months of the issuance of the qualified equity investment and maintain that level of investment until the seventh anniversary of the initial credit allowance date for the qualified equity investment.

A qualified community development entity shall notify the Department of Revenue of any of the events set forth in this paragraph (d) within five (5) days of actual knowledge of such event.

(e) For purposes of paragraph (d)(iii) of this subsection, an investment is considered maintained by a qualified community development entity even if the investment has been sold or repaid, provided that the qualified community development entity reinvests an amount equal to the capital returned to or recovered by the qualified community development entity from the original investment, exclusive of any profits realized, in another qualified low-income community investment in this state within twelve (12) months after the receipt of that capital. Periodic loan repayments received by a qualified community development entity from a qualified active low-income community business within a calendar year must be treated as maintained in qualified low-income community investments if a qualified community development entity reinvests the repayments in qualified low-income community investments by the end of the following calendar year.

(f) A qualified community development entity is not required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment is considered held by the qualified community development entity through the seventh anniversary of the qualified equity investment's issuance.

(g) The MDA shall provide notice to the qualified community development entity and the Department of Revenue of any proposed recapture of credits pursuant to this subsection. The notice must specify the conditions under which the deficiency resulting in the proposed recapture occurred and state that the credits will be recaptured within ninety (90) days unless the qualified community development entity complies with the conditions identified in the notice. If the entity does not comply with the conditions identified in the notice within the ninety-day period, the Department of Revenue shall provide the entity from whom the credit is to be recaptured with a final order of recapture. Any credit for which a final recapture order has been issued must be recaptured by the Department of Revenue from the entity who claimed the credit on a tax return. The qualified equity investment authority of the recaptured credits must be returned to the MDA and must first be awarded pro rata to applicants that have received awards of qualified equity investment authority and complied with this subsection. If credits are recaptured under this section, any remaining credit is forfeited.

(h) The MDA shall not make awards of credits and related qualified equity investment authority after July 1, 2027.

(5) Each qualified community development entity that receives qualified equity investments to make qualified low-income community investments in Mississippi must annually report to the MDA the North American Industry Classification System Code,

the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment.

(6) The MDA shall file an annual report on all qualified low-income community investments with the Governor, the Clerk of the House of Representatives, the Secretary of the Senate and the Secretary of State describing the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment. The annual report will be posted on the MDA Internet website.

(7) (a) The purpose of this subsection is to authorize the creation and establishment of public benefit corporations for financing arrangements regarding public property and facilities.

(b) As used in this subsection:

(i) "New Markets Tax Credit transaction" means any financing transaction which utilizes either this section or Section 45D of the Internal Revenue Code of 1986, as amended.

(ii) "Public benefit corporation" means a nonprofit corporation formed or designated by a public entity to carry out the purposes of this subsection.

(iii) "Public entity or public entities" includes utility districts, regional solid waste authorities, regional utility authorities, community hospitals, regional airport authorities, municipal airport authorities, community and junior colleges, educational building corporations established by or on behalf of the state institutions of higher learning, school districts, planning and development districts, county economic development districts, urban renewal agencies, any other regional or local economic development authority, agency or governmental entity, and any other regional or local industrial development authority, agency or governmental entity.

(iv) "Public property or facilities" means any property or facilities owned or leased by a public entity or public benefit corporation.

(c) Notwithstanding any other provision of law to the contrary, public entities are authorized pursuant to this subsection to create one or more public benefit corporations or designate an existing corporation as a public benefit corporation for the purpose of entering into financing agreements and engaging in New Markets Tax Credit transactions, which shall include, without limitation, arrangements to plan, acquire, renovate, construct, lease, sublease, manage, operate and/or improve new or existing public property or facilities located within the boundaries or service area of the public entity. Any financing arrangement authorized under this subsection shall further any purpose of the public entity and may include a term of up to fifty (50) years.

(d) Notwithstanding any other provision of law to the contrary and in order to facilitate the acquisition, renovation, construction, leasing, subleasing, management, operating and/or improvement of new or existing public property or facilities to further any purpose of a public entity, public entities are authorized to enter into financing arrangements in order to transfer public property or facilities to and/or from public benefit corporations, including, without limitation, sales, sale-leasebacks, leases and lease-leasebacks, provided such transfer is related to any New Markets Tax Credit transaction furthering any purpose of the public entity. Any such transfer under this paragraph (d) and the public property or facilities transferred in connection therewith shall be exempted from any limitation or requirements with respect to leasing, acquiring, and/or constructing public property or facilities.

(e) With respect to a New Markets Tax Credit transaction, public entities and public benefit corporations are authorized to enter into financing arrangements with any governmental, nonprofit or for-profit entity in order to leverage funds not otherwise available to public entities for the acquisition, construction and/or renovation of properties transferred to such public benefit corporations. The use of any funds loaned by or contributed by a public benefit corporation or borrowed by or otherwise made available to a public benefit corporation in such financing arrangement shall be dedicated solely to (i) the development of new properties or facilities and/or the renovation of existing properties or facilities or operation of properties or facilities, and/or (ii) the payment of costs and expenditures related to any such financing arrangements,

including, but not limited to, funding any reserves required in connection therewith, the repayment of any indebtedness incurred in connection therewith, and the payment of fees and expenses incurred in connection with the closing, administration, accounting and/or compliance with respect to the New Markets Tax Credit transaction.

(f) A public benefit corporation created pursuant to this subsection shall not be a political subdivision of the state but shall be a nonprofit corporation organized and governed under the provisions of the laws of this state and shall be a special purpose corporation established to facilitate New Markets Tax Credit transactions consistent with the requirements of this section.

(g) Neither this subsection nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the public entity or public benefit corporation might otherwise have under any laws of this state, and this subsection is cumulative to any such powers. This subsection does and shall be construed to provide a complete additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws.

(8) The MDA shall promulgate rules and regulations to implement the provisions of this section.

SECTION 2. Section 27-15-129, Mississippi Code of 1972, is amended as follows:

27-15-129. (1) The amount of premium tax payable pursuant to Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, shall be reduced from the amount otherwise fixed in such sections if the payer files a sworn statement with the required annual report showing as of the beginning of the reporting period that at least the following amounts of the total admitted assets of the payer were invested and maintained in qualifying Mississippi investments as hereinafter defined in subsection (2) of this section over the period covered by such report:

Percentage of Total Admitted Assets in Qualifying Mississippi Investments	Percentage of Premium Tax Payable
1%	99%
2%	98%
3%	97%
4%	96%
5%	95%
6%	94%
7%	93%
8%	92%
9%	91%
10%	80%
15%	70%
20%	60%
25%	50%

(2) For the purpose of this section, "a qualifying Mississippi investment" is hereby defined as follows:

(a) Certificates of deposit issued by any bank or savings and loan association domiciled in this state;

(b) Bonds of this state or bonds of municipal, school, road or levee districts, or other political subdivisions of this state;

(c) Loans evidenced by notes and secured by deeds of trust on property located in this state;

(d) Real property located in this state;

(e) Policy loans to residents of Mississippi, or other loans to residents of this state, or to corporations domiciled in this state;

(f) Common or preferred stock, bonds and other evidences of indebtedness of corporations domiciled in this state; and

(g) Cash on deposit in any bank or savings and loan association domiciled in this state.

"A qualifying Mississippi investment" shall not include any investment for which a credit is allocated under Section 57-105-1 * * *, Section 57-115-1 et seq., and/or Section 1 of this act.

(3) If the credits, or any part thereof, authorized by the preceding provisions of this section shall be held by a court of final jurisdiction to be unconstitutional and void for any reason or to make the annual premium taxes levied by Sections 27-15-103, 27-15-109, 27-15-119 and 83-31-45, Mississippi Code of 1972, unlawfully discriminatory or otherwise invalid under the Fourteenth Amendment or the Commerce Clause of the Constitution of the United States or under any state or other federal constitutional provisions, it is hereby expressly declared that such fact shall in no way affect the validity of the annual premium taxes levied thereby, and that such provisions would have been enacted even though the Legislature had known this credit section would be held invalid.

(4) This section shall apply to taxes accruing and investments existing from and after July 1, 1985.

SECTION 3. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars (\$75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the

Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the

State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark

by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more

than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees,

may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(l) Hospital purchase, lease-purchase and lease authorization.

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

Upon receipt of that certification the Department of Finance and Administration or the board of the governing authority, as the case may be, may, in writing, authorize the purchase, which authority shall be noted on the minutes of the body at the next regular meeting thereafter. In those situations, a governing authority is not required to obtain the approval of the Department of Finance and Administration. Any governing authority or agency of the state shall, before contracting for the services and products of a fuel management or fuel access system, enter into negotiations with not fewer than two (2) sellers of fuel management or fuel access systems for competitive written bids to provide the services and products for the systems. In the event that the governing authority or agency cannot locate two (2) sellers of such systems or cannot obtain bids from two (2) sellers of such systems, it shall show proof that it made a diligent, good-faith effort to locate and negotiate with two (2) sellers of such systems. (v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars (\$1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. The bid opening shall not occur until after the submission has been posted for at least ten (10) consecutive days. (l) "Dealer" includes every person, firm, corporation or association of persons, except retailers as defined herein, who manufacture tobacco for distribution, for sale, for use or for consumption in the State of Mississippi.

The word "dealer" is further defined to mean any person, firm, corporation or association of persons, except retailers as defined herein, who imports tobacco from any state or foreign country for distribution, sale, use, or consumption in the State of Mississippi.

(m) "Distributing agent" includes every person in the state who acts as an agent of any person outside the State of Mississippi, by receiving tobacco in interstate commerce, and storing such tobacco in this state subject to distribution, or delivery upon order from the person outside the state to distributors, wholesalers, retailers and dealers.

(n) "Transient vendor" means and includes every person commonly and generally termed "peddlers" and every person acting for himself, or as an agent, employee, salesman, or in any capacity for another, whether as owner, bailee, or other custodian of tobacco, and going from person to person, dealer to dealer, house to house, or place to place, and selling or offering for sale at retail or wholesale tobacco, and every person who does not keep a regular place of business open at all times in regular hours, and every person who goes from person to person, dealer to dealer, house to house, or place to place, and sells or offers for sale tobacco which he carries with him, and who delivers the same at the time of, or immediately after the sale, or without returning to the place of business operations (a permanent place of business within the state) between the taking of the order and the delivery of the tobacco, or

All persons who go from person to person, house to house, place to place, or dealer to dealer, soliciting orders by exhibiting samples, or taking orders, and thereafter making delivery of tobacco, or filling the order without carrying or sending the order to the permanent place of business, and thereafter making delivery of the tobacco pursuant to the terms of the order, or

All persons who go from person to person, place to place, house to house, or dealer to dealer, carrying samples and selling tobacco from samples, and afterwards making delivery without taking and sending an order therefor to a permanent place of business for the filling of the order, and delivery of the tobacco, or the exchange of tobacco having become damaged or unsalable, or the purchase by tobacco of advertising space, or

All persons who have in their possession, or under their control, any tobacco offered, or to be offered for sale or to be delivered, unless the sale or delivery thereof is to be made in pursuance of a bona fide order for the tobacco, to be sold or delivered, the order to be evidenced by an invoice or memorandum.

(o) "Contraband tobacco" means all tobacco found in the possession of any person whose permit to engage in dealing in tobacco has been revoked by the commissioner; and any cigarettes found in the possession of any person to which the proper tax stamps have not been affixed; and any cigarettes improperly stamped when found in the possession of any person; and all other tobacco upon which the excise tax has not been paid.

(r) "Stamp" or "stamping," or the import of such word, when used in this chapter, means any manner of stamp or impression permitted by the commissioner that carries out the purposes of the chapter in clearly indicating upon the packages of cigarettes taxed the due payment of the tax and clearly identifying, by serial number or otherwise, the permittee who affixed the stamp to the particular package.

In the event

freight charges on shipments to wholesalers or distributors are not paid by the manufacturer, then such freight charges required to be paid by the wholesalers and distributors shall be added to the amount paid to the manufacturer in order to determine "manufacturer's list price." In the case of a wholesaler or distributor whose place of business is located outside this state, the "manufacturer's list price" for tobacco sold in this state by such wholesaler or distributor shall in all cases be considered to be the same as that of a wholesaler or distributor located within this state.

(t) "Heated tobacco products" means a product containing tobacco that produces an inhalable aerosol by (i) heating the tobacco without combustion of the tobacco or (ii) heat generated from a combustion source that only or primarily heats rather than burns the tobacco.

SECTION 2. Section 27-69-13, Mississippi Code of 1972, is amended as follows:

27-69-13. There is hereby imposed, levied and assessed, to be collected and paid as hereinafter provided in this chapter, an excise tax on each person or dealer in cigarettes, cigars, stogies, snuff, chewing tobacco, and smoking tobacco, or substitutes therefor, upon the sale, use, consumption, handling or distribution in the State of Mississippi, as follows:

(a) On cigarettes, the rate of tax shall be Three and Four-tenths Cents (3.4¢) on each cigarette sold with a maximum length of one hundred twenty (120) millimeters; any cigarette in excess of this length shall be taxed as if it were two (2) or more cigarettes. Provided, however, if the federal tax rate on cigarettes in effect on June 1, 1985, is reduced, then the rate as provided herein shall be increased by the amount of the federal tax reduction. Such tax increase shall take effect on the first day of the month following the effective date of such reduction in the federal tax rate. Heated tobacco products shall not be taxed as cigarettes under this paragraph (a); however, this exclusion shall not affect heated tobacco products for any purposes related to Section 27-70-1 et seq.

(b) On cigars, cheroots, stogies, snuff, chewing and smoking tobacco and all other tobacco products except cigarettes and heated tobacco products, the rate of tax shall be fifteen percent (15%) of the manufacturer's list price.

(c) On heated tobacco products, the rate of tax shall be one and twenty-five one-hundredths cents (1.25¢) on each disposable heated tobacco unit or stick sold to be used for consumption by insertion into a heated tobacco product heating system device.

No stamp evidencing the tax herein levied on cigarettes shall be of a denomination of less than One Cent (1¢), and whenever the tax computed at the rates herein prescribed on cigarettes shall be a specified amount, plus a fractional part of One Cent (1¢), the package shall be stamped for the next full cent; however, the additional face value of stamps purchased to comply with taxes imposed by this section after June 1, 1985, shall be subject to a four percent (4%) discount or compensation to dealers for their services rather than the eight percent (8%) discount or compensation allowed by Section 27-69-31.

Every wholesaler shall purchase stamps as provided in this chapter, and affix the same to all packages of cigarettes handled by him as herein provided.

The above tax is levied upon the sale, use, gift, possession or consumption of tobacco within the State of Mississippi, and the impact of the tax levied by this chapter is hereby declared to be on the vendee, user, consumer or possessor of tobacco in this state; and when said tax is paid by any other person, such payment shall be considered as an advance payment and shall thereafter be added to the price of the tobacco and recovered from the ultimate consumer or user.

SECTION 3. Section 27-69-27, Mississippi Code of 1972, is amended as follows:

27-69-27. The payment of the tax imposed by this chapter shall be evidenced by affixing stamps to each individual package of cigarettes usually sold to consumers, as distinguished from cartons or larger units which are composed of a number of individual packages.

Except as otherwise provided in this paragraph, the stamp shall be affixed within seventy-two (72) hours after the receipt of the cigarettes by the wholesaler, and within forty-eight (48) hours after receipt of the cigarettes by the retailer; provided, that in the case a dealer conducts a wholesale and retail business at one (1) place of business,

stamps shall be affixed within forty-eight (48) hours after receipt of the cigarettes. However, the provisions of this paragraph shall not apply to tobacco at the point it is purchased at a sale under Section 27-69-56. The stamp must be so securely affixed as to require the continued application of water or of steam to remove it, or so that it cannot be otherwise removed without destruction or mutilation.

The excise tax imposed on cigars, smoking tobacco, chewing tobacco, snuff and all other tobacco products except cigarettes and heated tobacco products shall be computed by the application of the excise tax rate to the manufacturer's list price on all purchases of such tobacco. The excise tax shall be due and payable on or before the fifteenth day of the month next succeeding the month in which the tax accrues. The tax shall be filed with the commissioner on forms prescribed by the commissioner.

Provided, however, manufacturers or other wholesale distributors of tobacco, which are subject to the excise taxes imposed by Section 27-69-13 of this chapter for the privilege of selling or using such tobaccos within this state, who maintain "terminals" or warehouses in which such tobaccos are stored, and who sell only to licensed wholesale dealers within the state who are qualified to purchase and affix the stamps required, may maintain such "spot stocks," intended only for such sales, without affixing the stamps or filing returns and paying the tax.

Any person desiring to maintain such "terminal" or warehouse, shall make application to the commissioner and obtain a permit to maintain such stocks without affixing stamps thereto, for sale exclusively to out-of-state purchasers, or licensed wholesale dealers within this state, and the commissioner is hereby authorized to grant such permit upon the execution and filing with the commissioner, by the applicant, a bond with surety companies, authorized to do business in Mississippi, as surety thereon, and conditioned for the strict compliance by the applicant, with the following conditions under which said privilege may be granted.

The person maintaining such stock of untaxed tobacco shall supply to the commissioner monthly, or at such times as the commissioner may require, complete invoices of all tobaccos received, and shall also supply correct invoices of all tobaccos removed from such "terminal" or warehouse, said invoices to contain the correct name and address of all persons to whom such tobacco shall be delivered or consigned, whether within or without the State of Mississippi.

The penalty of such bond shall be determined by the commissioner, in an amount sufficient to protect the State of Mississippi from any loss of revenue which might occur by reason of the failure of principal to strictly adhere to the requirement that no tobacco would be sold from such stock within the State of Mississippi, except to licensed wholesale dealers.

SECTION 4. Nothing in this act shall affect or defeat any claim, assessment, appeal, suit, right or cause of action for taxes due or accrued under the tobacco tax laws before the date on which this act becomes effective, whether such claims, assessments, appeals, suits or actions have been begun before the date on which this act becomes effective or are begun thereafter; and the provisions of the tobacco tax laws are expressly continued in full force, effect and operation for the purpose of the assessment, collection and enrollment of liens for any taxes due or accrued and the execution of any warrant under such laws before the date on which this act becomes effective, and for the imposition of any penalties, forfeitures or claims for failure to comply with such laws.

SECTION 5. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

For the purposes of this subparagraph (ii), a "professional logger" is a person, corporation, limited liability company or other entity, or an agent thereof, who possesses a professional logger's permit issued by the Department of Revenue and who presents the permit to the seller at the time of

27-65-21. (1) (a) (i) Upon every person engaging or continuing in this state in the business of contracting or performing a contract or engaging in any of the activities, or similar activities, listed below for a price, commission, fee or wage, there is hereby levied, assessed and shall be collected a tax equal to three and one-half percent (3-1/2%) of the total contract price or compensation received, including all charges related to the contract such as finance charges and late charges, from constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or dredging system, levee or levee system or any part thereof, railway, reservoir, dam, power plant, electrical system, air-conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, any other improvement or structure or any part thereof when the compensation received exceeds Ten Thousand Dollars (\$10,000.00). Such activities shall not include constructing, repairing or adding to property which retains its identity as personal property. The tax imposed in this section is levied upon the prime contractor and shall be paid by him.

(ii) Amounts included in the contract price or compensation received representing the sale of manufacturing or processing machinery for a manufacturer or custom processor shall be taxed at the rate of one and one-half percent (1-1/2%) in lieu of the three and one-half percent (3-1/2%).

(b) The following shall be excluded from the tax levied by this section:

* * *

(* * *2) When the work to be performed under any contract is sublet by the prime contractor to different persons, or in separate contracts to the same persons, each such subcontractor performing any part of said work shall be liable for the amount of the tax which accrues on account of the work performed by such person when the tax heretofore imposed has not been paid upon the whole contract by the prime contractor. When a person engaged in any business on which a tax is levied in Section 27-65-23, also qualifies as a contractor, and contracts with the owner of any project to perform any services in excess of Ten Thousand Dollars (\$10,000.00) herein taxed, such person shall pay the tax imposed by this section in lieu of the tax imposed by Section 27-65-23. Any person entering into any contract over Seventy-five Thousand Dollars (\$75,000.00) as defined in this section shall, before beginning the performance of such contract or contracts, either pay the contractors' tax in advance, together with any use taxes due under Section 27-67-5, or execute and file with the commissioner a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner conditioned that all taxes which may accrue to the State of Mississippi under this chapter, or under Section 27-67-5 and Section 27-7-5, will be paid when due. Such bonds shall be either (a) "job bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of a specified job or activity regardless of date of completion; or (b) "blanket bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of all jobs or activities taxable under this section begun during the period specified therein, regardless of date of completion. The payments of the taxes due or the execution and filing of a surety bond shall be a condition precedent to the commencing work on any contract taxed hereunder. Provided, that when any bond is filed in lieu of the prepayment of the tax under this section, that the tax shall be payable monthly on the amount received during the previous month, and any use taxes due shall be payable on or before the twentieth day of the month following the month in which the property is brought into Mississippi.

Any person failing either to execute any bond herein provided, or to pay the taxes in advance, before beginning the performance of any contract shall be denied the right to perform such contract until he complies with such requirements, and the commissioner

is hereby authorized to proceed either under Section 27-65-59, under Section 27-65-61 or by injunction to prevent any activity in the performance of such contract until either a satisfactory bond is executed and filed, or all taxes are paid in advance, and a temporary injunction enjoining the execution of such contract shall be granted without notice by any judge or chancellor now authorized by law to grant injunctions.

Any person liable for a tax under this section may apply for and obtain a material purchase certificate from the commissioner which may entitle the holder to purchase materials and services that are to become a component part of the structure to be erected or repaired with no tax due. Provided, that the contractor applying for the contractor's material purchase certificate shall furnish the Department of Revenue a list of all work sublet to others, indicating the amount of work to be performed, and the names and addresses of each subcontractor.

SECTION 4. Section 19-5-9, Mississippi Code of 1972, is amended as follows:

19-5-9. (1) The construction codes published by a nationally recognized code group which sets minimum standards and has the proper provisions to maintain up-to-date amendments are adopted as minimum standard guides for building, plumbing, electrical, gas, sanitary, and other related codes in Mississippi. Any county within the State of Mississippi, in the discretion of the board of supervisors, may adopt building codes, plumbing codes, electrical codes, sanitary codes, or other related codes dealing with general public health, safety or welfare, or a combination of the same, within but not exceeding the provisions of the construction codes published by nationally recognized code groups, by order or resolution in the manner prescribed in this section, but those codes so adopted shall apply only to the unincorporated areas of the county. However, those codes shall not apply to the erection, maintenance, repair or extension of farm buildings or farm structures, except as may be required under the terms of the "Flood Disaster Protection Act of 1973," and shall apply to a master planned community as defined in Section 19-5-10 only to the extent allowed in Section 19-5-10. The provisions of this section shall not be construed to authorize the adoption of any code which applies to the installation, repair or maintenance of electric wires, pipelines, apparatus, equipment or devices by or for a utility rendering public utility services, required by it to be utilized in the rendition of its duly authorized service to the public. Before any such code shall be adopted, it shall be either printed or typewritten and shall be presented in pamphlet form to the board of supervisors at a regular meeting. The order or resolution adopting the code shall not set out the code in full, but shall merely identify the same. The vote or passage of the order or resolution shall be the same as on any other order or resolution. After its adoption, the code or codes shall be certified to by the president and clerk of the board of supervisors and shall be filed as a permanent record in the office of the clerk who shall not be required to transcribe and record the same in the minute book as other orders and resolutions.

(2) If the board of supervisors of any county adopts or has adopted construction codes which do not have proper provisions to maintain up-to-date amendments, specifications in such codes for cements used in portland cement concrete shall be superseded by nationally recognized specifications referenced in any code adopted by the Mississippi Building Code Council.

(3) All provisions of this section shall apply to amendments and revisions of the codes mentioned in this section. The provisions of this section shall be in addition and supplemental to any existing laws authorizing the adoption, amendment or revision of county orders, resolutions or codes.

(4) Any code adopted under the provisions of this section shall not be in operation or force until sixty (60) days have elapsed from the adoption of same; however, any code adopted for the immediate preservation of the public health, safety and general welfare may be effective from and after its adoption by a unanimous vote of the members of the board. Within five (5) days after the adoption or passage of an order or resolution adopting that code or codes the clerk of the board of supervisors shall publish in a legal newspaper published in the county the full text of the order or resolution adopting and approving the code, and the publication shall be inserted at least three (3) times, and shall be completed within thirty (30) days after the passage of the order or resolution.

(5) Any person or persons objecting to the code or codes may object in writing to the provisions of the code or codes within sixty (60) days after the passage of the order or

TO THE MISSISSIPPI HOUSE OF REPRESENTATIVES:

GOVERNOR'S VETO MESSAGE FOR HOUSE BILL 922

I am returning House Bill 922: "AN ACT TO PROVIDE THAT THE OFFICE OF ELECTION COMMISSIONER SHALL BE A NONPARTISAN OFFICE; TO PROVIDE THAT THE NAMES OF CANDIDATES FOR THE OFFICE OF ELECTION COMMISSIONER SHALL BE LISTED AS NONPARTISAN ON A BALLOT; TO AMEND SECTION 23-15-213, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE

PRECEDING SECTION; TO REVISE THE STAGGERED TERMS OF ELECTION COMMISSIONERS IN DISTRICTS TWO AND FOUR; TO PROVIDE THAT THOSE ELECTION COMMISSIONERS FROM DISTRICTS TWO AND FOUR ELECTED IN THE 2027 ELECTION SHALL BE ELECTED FOR A THREE-YEAR TERM; TO PROVIDE THAT THOSE ELECTION COMMISSIONERS FROM DISTRICTS TWO AND FOUR ELECTED IN THE 2030 ELECTION SHALL SERVE A FOUR-YEAR TERM AND EVERY FOUR YEARS THEREAFTER; TO AMEND SECTIONS 23-15-367 AND 23-15-511, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PROVISIONS OF THIS ACT; AND FOR RELATED PURPOSES."

House Bill 922 seeks to make the office of election commissioner nonpartisan and to bar political parties from either endorsing candidates for election commissioner or to make financial contributions to their campaigns:

The office of election commissioner is a nonpartisan office and a candidate for election to the office is prohibited from campaigning or qualifying for the office based on party affiliation. To ensure that campaigns for the nonpartisan office of election commissioner remain nonpartisan and without any connection to a political party, political parties and any committee or political committee affiliated with a political party shall not engage in fundraising on behalf of a candidate or officeholder of the nonpartisan office of election commissioner, and a political party or any committee or political committee affiliated with a political party shall not make any contribution to a candidate for the nonpartisan office of election commissioner or the political committee of a candidate for the nonpartisan office of election commissioner. A political party or any committee or political committee affiliated with a political party shall not publicly endorse a candidate for the nonpartisan office of election commissioner. A candidate or the political committee of a candidate for the nonpartisan office of election commissioner shall not accept a contribution from a political party or any committee or political committee affiliated with a political party.

This proposed language is virtually identical to the language contained in the Nonpartisan Judicial Election Act (Miss. Code Ann. § 23-15-974, et seq.) and codified at Miss. Code Ann. § 23-15-976. As the United States District Court held more than twenty years ago, such a prohibition as applied to political parties unquestionably limits the core political speech of political parties and fundamentally impairs their First and Fourteenth Amendment rights without any compelling governmental interest. Thus, such a ban plainly is unconstitutional.

In the words of United States Supreme Court Justice Antonin Scalia:

Representative democracy in any populous unit of governance is unimaginable

without the ability of citizens to band together in promoting among the electorate candidates who espouse their political views. The formation of national political parties was almost concurrent with the formation of the Republic itself. Consistent with this tradition, the [United States Supreme] Court has recognized that the First Amendment protects "the freedom to join together in furtherance of common political beliefs," which "necessarily presupposes the freedom to identify the people who constitute the association, and to limit the association to those people only."

California Democratic Party v. Jones, 530 U.S. 567, 574 (2000) (internal citations omitted).

In the landmark case of *EU v. San Francisco County Democratic Central Committee, et al.*, 489 U.S. 214, 222-229 (1989), the United States Supreme Court considered the constitutionality of "California's prohibition on primary endorsements by the official governing bodies of political parties." In holding that this prohibition burdens political speech while serving

no compelling governmental interest and thus violates both the First and Fourteenth Amendments, the Court reasoned:

California's ban on primary endorsements, however, prevents party governing bodies from stating whether a candidate adheres to the tenets of the party or whether party officials believe that the candidate is qualified for the position sought. This prohibition directly hampers the ability of a party to spread its message and hamstring voters seeking to inform themselves about the candidates and the campaign issues. A "highly paternalistic approach" limiting what people may hear is generally suspect, but it is particularly egregious where the State censors the political speech a political party shares with its members.

Barring political parties from endorsing and opposing candidates not only burdens their freedom of speech but also infringes upon their freedom of association. It is well settled that partisan political organizations enjoy freedom of association protected by the First and Fourteenth Amendments. Freedom of association means not only that an individual voter has the right to associate with the political party of her choice, but also that a political party has a right to "identify the people who constitute the association," and to select a "standard bearer who best represents the party's ideologies and preferences."

Depriving a political party of the power to endorse suffocates this right. The endorsement ban prevents parties from promoting candidates "at the crucial juncture at which the appeal to common principles may be translated into concerted action, and hence to political power in the community." Even though individual members of the state central committees and county central committees are free to issue endorsements, imposing limitations "on individuals wishing to band together to advance their views on a ballot measure, while placing none on individuals acting alone, is clearly a restraint on the right of association."

Id. at 223-225 (internal citations omitted).

Moreover, in *Republican Party of Minnesota v. White*, 536 U.S. 765 (2002), the Supreme Court held that preserving the impartiality of elected officials and preserving the appearance of impartiality are insufficient state interests to infringe on free speech rights. Justice Scalia, citing Justice Marshall, reasoned: "If the State chooses to tap the energy and the legitimizing power of the democratic process, it must accord the participants in that process ... the First Amendment rights that attach to their roles." Id. at 788.

Five years after the EU decision, Mississippi adopted the Nonpartisan Judicial Election Act that like the instant proposed legislation sought to make judicial elections nonpartisan and bar political parties from among other things endorsing judicial candidates and contributing to their campaigns:

A judicial office is a nonpartisan office and a candidate for election thereto is prohibited from campaigning or qualifying for such an office based on party affiliation. The Legislature finds that in order to ensure that campaigns for nonpartisan judicial office remain nonpartisan and without any connection to a political party, political parties and any committee or political committee affiliated with a political party shall not engage in fund-raising on behalf of a candidate or officeholder of a nonpartisan judicial office, nor shall a political party or any committee or political committee affiliated with a political party make any contribution to a candidate for nonpartisan judicial office or the political committee of a candidate for nonpartisan judicial office, nor shall a political party or any committee or political committee affiliated with a political party publicly endorse any candidate for nonpartisan judicial office. No candidate or candidate's political committee for nonpartisan judicial office shall accept a contribution from a political party or any committee or political committee affiliated with a political party.

Miss. Code Ann. § 23-15-976.

The Mississippi Republican Party filed suit to "declare that Mississippi's explicit statutory prohibition on political parties endorsing or contributing to the campaigns of judicial candidates violates the freedom of political speech guaranteed by the United States Constitution and the Mississippi Constitution of 1890." *Mississippi Republican Party v. Musgrove*, 3:02cv1578WS (S.D. Miss. 2002). The District Court held that while the state could make judicial elections nonpartisan, there was no compelling interest to justify "directly suppress[ing] core political speech of a political party concerning the merits of judicial candidates by prohibiting the party from endorsing or financially supporting judicial candidates." *Id.* at Docket No. 7. Thus, the District Court permanently enjoined all but the first sentence of Miss. Code Ann. § 23-15-976. *Id.*

While I do not believe it was the intention of the members of the Mississippi Legislature who voted in favor of House Bill 922 to infringe upon the constitutional rights of political parties, I am compelled to veto House Bill 922 to protect such fundamental rights and avoid the litigation that it will inevitably generate.

Respectfully submitted,
TATE REEVES
GOVERNOR

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1350: Telephone solicitors; prohibit from making any solicitation regarding Medicare Advantage Plans.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 77-3-707, Mississippi Code of 1972, is amended as follows:

77-3-707. (1) Except as otherwise provided *** under Sections 77-3-709 *** , 77-3-711, or subsection (4) of this section, a telephone solicitor may not

make or cause to be made any telephone solicitation to any consumer in this state unless the telephone solicitor has obtained the "no-calls" database directly from the Federal Trade Commission or other federal agency.

(2) Except as otherwise provided pursuant to Section 77-3-709 or 77-3-711, a telephone solicitor may not make or cause to be made any telephone solicitation to any consumer in this state who has given notice to the federal government, or given notice to the Public Service Commission prior to July 1, 2023, of his or her objection to receiving telephone solicitations.

(3) Each local exchange company and each competing local exchange carrier shall provide written notification on a semiannual basis to each of its consumers of the opportunity to provide notification to the Federal Trade Commission, or other entity as designed by federal law, that the consumer objects to receiving telephone solicitations. The notification must be disseminated at the option of the carrier, by television, radio or newspaper advertisements, written correspondence, bill inserts or messages, a publication in the consumer information pages of the local telephone directory, or any other method not expressly prohibited by the Attorney General.

(4) A telephone solicitor shall not make, or cause to be made, any telephone solicitation to any person in this state regarding any Medicare Advantage Plan. However, if a person has first initiated a call with a company or an entity regarding a Medicare Advantage Plan, a telephone solicitor is not prohibited from then making, or causing to be made, a telephone solicitation regarding a Medicare Advantage Plan. This subsection (4) of this section shall not apply to the extent it is preempted under 42 USC Section 1395w-26(b)(3).

SECTION 2. Section 77-3-709, Mississippi Code of 1972, is amended as follows:

77-3-709. Except as otherwise provided in Section 77-3-707 (4), the Attorney General, in his or her discretion, may allow telephone solicitors to make telephone solicitations without requiring them to purchase the "no-calls" database, and regardless of whether a telephone solicitation may be made to a consumer who has given notice of his objection to receiving such solicitations, provided that it adopts a written policy incorporating the following criteria:

(a) The telephone solicitor must demonstrate to the Attorney General that its proposed telephone solicitation is reasonably related to an established business relationship as defined in Section 77-3-705(h), or is being made in response to an invitation or notice from a consumer which clearly signifies that he is open to a contact being initiated;

(b) The telephone solicitation is to be made by a person or entity for the purpose of soliciting a contribution or donation to a bona fide nonprofit corporation, regardless of whether consumer goods or services will be provided to the consumer in return for the contribution or donation; or

(c) The consumer will not be telephoned for a telephone solicitation as defined in Section 77-3-705(d), but he will be telephoned for a bona fide religious or charitable purpose, including an invitation to attend an event or a request for a contribution or donation.

In all cases, the telephone solicitor must demonstrate that it will not use an automated dialing system or a method that will block or otherwise circumvent the consumer's use of a caller identification service.

In making its determination of whether to allow a telephone solicitation to be made under the policy which will include the limitations set forth in this section, the Attorney General shall exercise due care in investigating previous conduct of the telephone solicitor seeking such authority. The Attorney General may deny any telephone solicitor the privilege of making telephone solicitations under this section, notwithstanding that any of the criteria set forth in this section have been met.

SECTION 3. Section 77-3-711, Mississippi Code of 1972, is amended as follows:

77-3-711. Except as otherwise provided in Section 77-3-707(4), the provisions of this article shall not apply to:

(a) A person soliciting:

(i) Who does not make the major sales presentation during the telephone solicitation;

(ii) Without the intent to complete or obtain provisional acceptance of a sale, a charitable contribution, or the payment of some other item of value, pecuniary or otherwise, during the telephone solicitation; or

(iii) Without the intent to complete, and who does not complete, the sales presentation during the telephone solicitation, but who completes the sales presentation at a later face-to-face meeting between the person soliciting and the prospective purchaser or consumer.

(b) A person who is a licensee under Chapter 35, Title 73, Mississippi Code of 1972, who is a resident of the State of Mississippi, and whose telephone solicitation is for the sole purpose of selling, exchanging, purchasing, renting, listing for sale or rent or leasing real estate in connection with his real estate license and not in conjunction with any other offer.

(c) A motor vehicle dealer as that term is defined in Section 63-17-55, who is a resident of the State of Mississippi and who maintains a current motor vehicle dealer's license issued by the Mississippi Motor Vehicle Commission, whose telephone solicitation is for the sole purpose of selling, offering to sell, soliciting or advertising the sale of motor vehicles in connection with his motor vehicle dealer's license and not in conjunction with any other offer.

(d) An agent, as that term is defined in Section 83-17-1, whose telephone solicitation is for the sole purpose of soliciting, consulting, advising, or adjusting in the business of insurance; however, this exemption is not applicable to a person calling on behalf of any issuer, as that term is defined in Section 83-9-101, whose telephone solicitation is for the sole purpose of making a sales presentation or otherwise soliciting the purchase of a Medicare supplement policy or certificate. This paragraph (d) shall not apply to the extent it is preempted under 42 USC Section 1395w-26(b)(3).

(e) A broker-dealer, agent, or investment advisor registered under Chapter 71, Title 75, Mississippi Code of 1972, whose telephone solicitation is for the sole purpose of effecting or attempting to effect the purchase or sale of securities or has the purpose of providing or seeking to provide investment or financial advice.

(f) A person calling on behalf of a charitable organization which is registered under Chapter 11, Title 79, Mississippi Code of 1972, whose telephone solicitation is for the sole purpose of soliciting for the charitable organization and who receives no compensation for his activities on behalf of the organization.

(g) A person calling on behalf of a newspaper of general circulation, whose telephone solicitation is for the sole purpose of soliciting a subscription to the newspaper from, or soliciting the purchase of advertising by, the consumer.

(h) A person calling on behalf of any supervised financial institution or parent, subsidiary or affiliate thereof. As used in this section, "supervised financial institution" means any commercial bank, trust company, savings and loan association, mutual savings bank, credit union, industrial loan company, small loan company, consumer finance lender, commercial finance lender or insurer, provided that the institution has a physical office located in the State of Mississippi and is subject to supervision by an official or agency of the State of Mississippi or of the United States.

(i) A person calling on behalf of a funeral establishment licensed under Section 73-11-41, cemetery or monument dealer, if the sole purpose of the telephone solicitation relates to services provided by the funeral or death related establishments in the course of its ordinary business.

(j) Any telephone solicitor who solicits a consumer with whom he has an established business relationship.

SECTION 4. Section 77-3-723, Mississippi Code of 1972, is amended as follows:

77-3-723. (1) Any person or entity who makes an authorized telephone solicitation to a consumer in this state shall announce clearly, at the beginning of each call, his or her name, the company he or she represents and the purpose of the call. Such calls may only be made between the hours of 8:00 a.m. and 8:00 p.m. Central

Standard Time. No telephone solicitations may be made on a Sunday. For purposes of this provision, an "authorized telephone solicitation" means a solicitation that is made: (a) to a consumer who is not listed on the most current "no-calls" database; (b) by a telephone solicitor who has been authorized to make such solicitations under the provisions of Section 77-3-709; (c) by a telephone solicitor that is not prohibited from making, or causing to be made, such solicitations under Section 77-3-707 (4); or (* * *d) by a telephone solicitor who is exempt from this article under the provisions of Section 77-3-711.

(2) A person or entity who makes a telephone solicitation to a consumer in this state may not utilize knowingly any method that blocks or otherwise circumvents the consumer's use of a caller identification service, nor may the person or entity use an automated dialing system or any like system that uses a recorded voice message to communicate with the consumer unless the person or entity has an established business relationship with the consumer and uses the recorded voice message to inform the consumer about a new product or service.

SECTION 5. Section 77-3-603, Mississippi Code of 1972, is brought forward as follows:

77-3-603. Any telephone solicitor who makes an unsolicited telephonic sales call to a residential telephone number shall:

(a) Make calls between the hours of 8:00 a.m. and 9:00 p.m., Central Standard Time, Monday through Friday, and between the hours of 8:00 a.m. and 9:00 p.m. on Saturdays (no calls shall be made on Sundays);

(b) Identify himself or herself by his or her true first and last names and the business on whose behalf he or she is soliciting immediately upon making contact by telephone with the person who is the object of the telephone solicitation; and

(c) Discontinue the call immediately if at any time during the conversation the person being solicited expresses disinterest in continuing the call or sales presentation.

SECTION 6. Section 79-11-524, Mississippi Code of 1972, is brought forward as follows:

Any fund-raising counsel, professional fund-raiser, professional solicitor or employee of any of these who makes a telephone solicitation subject to the provisions of this chapter to a residential telephone number shall make calls only between the hours of 9:00 a.m. and 9:00 p.m., Monday through Saturday. MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 83-11-17, Mississippi Code of 1972, is amended as follows:

83-11-17. A named insured who wishes to contest the reason or reasons for a cancellation of a policy which has been in effect for sixty (60) days or more or failure by insurer to give proper notice of nonrenewal as provided hereunder shall, not less than seven (7) working days from the date of receipt of notice of cancellation or receipt of notice of nonrenewal, mail or deliver to the Commissioner of Insurance a written request for a hearing, which request shall state clearly the basis for the appeal * * *.

A cancellation or nonrenewal which is subject to the provisions of this article shall be deemed effective unless the Commissioner of Insurance determines otherwise in accordance with the provisions of this article.

The commissioner or his designated representative who conducted the hearing shall, at the conclusion thereof or not later than two (2) days thereafter, issue his written findings to the parties. If the commissioner or his representative finds for the insurer, his written order shall so state * * *. Reinstatement of a policy under this section shall not operate in any way to extend the expiration, termination, or anniversary date provided in the policy. (e) No public adjuster may require that an insured authorize an insurer to issue a check only in the name of the public adjuster.

(f) No public adjuster shall be entitled to any payment, commission, fee or other thing of value of any insurance settlement or agreed settlement that was made between the insured and the insurance company before the public adjuster and the insured entered into a contract for services.

(d) No public adjuster shall knowingly enter into a contract to adjust a residential property claim subsequent to a declaration of total loss by an insurer, unless the services to be provided by the public adjuster can reasonably be expected to result in the insured obtaining an insurance settlement, net of the public adjuster's compensation, in excess of the amount the insured would have obtained without the services of the public adjuster.

(e) A public adjuster shall advise each insured that the insured has the right to retain an attorney at law of his choice throughout the public adjuster's investigation and adjustment of the claim.

(f) If the claim is not settled by the public adjuster, the public adjuster shall advise the insured that the insured has the right to retain an attorney at law of his choice.

(g) No public adjuster shall contract for, agree to, or receive anything of value from any attorney at law or other person acting in concert with any attorney at law (i) for referring claims to the attorney, or (ii) in connection with any claim for which the public adjuster has performed or intends to perform services.

(h) No public adjuster shall split any attorney's fee with any attorney at law.

(i) A public adjuster shall not testify as an expert witness in any judicial or administrative proceeding while maintaining a pecuniary interest in the outcome of the proceeding, as otherwise permitted by Section 83-17-523(1)(a); provided, however, that a public adjuster may testify as an expert witness if pursuant to the terms of his contract his compensation is converted to a specified hourly rate, which rate (i) is subject to such limitations as may be prescribed by the commissioner, and (ii) is not subject to any contingencies. In the event of a conversion of the public adjuster's contract to an hourly rate agreement, the prior fee arrangement shall be inadmissible at trial.

(j) A public adjuster shall not participate, directly or indirectly, in the reconstruction, repair or restoration of damaged property that is the subject of a claim adjusted by the adjuster.

(k) A public adjuster shall not engage in any activities that may be reasonably construed as a conflict of interest, including, directly or indirectly, soliciting or accepting any remuneration of any kind or nature.

(l) A public adjuster shall not have a financial interest in any salvage, repair or any other business entity that obtains business in connection with any claim that the public adjuster has a contract to adjust.

SECTION 5. The Comprehensive Health Insurance Risk Pool Association shall have the authority to develop and fund an online portal that shall be available to all Mississippians to assist consumers in selection of a health plan. This program shall have the capacity to aggregate information regarding providers, drug coverage and pricing that would allow consumers to make informed decisions in selecting a health plan.

SECTION 6. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

H. B. No. 1135: Election day disputes; require list of judges selected to hear to be provided to certain officials.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1135: Election day disputes; require list of judges selected to hear to be provided to certain officials.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 23-15-913, Mississippi Code of 1972, is amended as follows:

23-15-913. (1) The judges listed and selected to hear election disputes, as provided in Section 23-15-951, shall be available on election day to immediately hear and resolve any election day disputes. The name of any judge selected to hear election day disputes shall be provided to the Secretary of State by the Chief Justice of the Mississippi Supreme Court at the time the appointment is made, unless the Secretary of State is a party to the election day dispute to which that special circuit judge is appointed.

(2) The rules for filing pleadings shall be relaxed to carry out the purposes of this section. The judges selected shall perform no other judicial duties on election day. If an election day dispute occurs, the circuit clerk shall only docket the dispute to the judge designated by the Supreme Court to hear the case in that county. All election day disputes arising in one county shall go to the same judge in that county unless the judge is absent or unavailable. When such election day dispute is filed, the circuit clerk shall immediately notify by phone, email or personally, the Chief Justice of the Supreme Court, or in his or her absence or disability, some other Justice of the Supreme Court, who shall forthwith notify the assigned special judge from the list of judges who were preselected to hear election day disputes, to proceed to the county in which the dispute has been filed to hear and determine the complaint. The circuit clerk shall cause a copy of such petition to be served upon the contestee, which shall serve as notice to such contestee. In the list provided, the Supreme Court shall * * * specify which judges shall be available to hear disputes in * * * each county in which the disputes occur, but no judge shall hear disputes in the district or county in which he or she was elected nor shall any judge hear any dispute in which any potential conflict may arise. Each judge shall be fair and impartial and shall be assigned on that basis.

(3) The listed and selected judges provided by the Chief Justice of the Mississippi Supreme Court shall have sole jurisdiction to hear election day disputes. Election disputes can only be filed in a circuit court with proper jurisdiction and heard by one (1) of the judges selected by the Chief Justice of the Mississippi Supreme Court.

SECTION 2. Section 23-15-951, Mississippi Code of 1972, is amended as follows:

23-15-951. Except as otherwise provided by Section 23-15-955 or 23-15-961, a person desiring to contest the election of another person returned as elected to any office within any county, may, within twenty (20) days after the election, file a petition in the office of the clerk of the circuit court of the county, setting forth the grounds upon which the election is contested. When such a petition is filed, the circuit clerk shall immediately notify, by registered letter, telegraph, telephone, or personally the Chief Justice of the Supreme Court or in his or her absence, or disability, some other Justice of the Supreme Court, who shall forthwith designate and notify a circuit judge or chancellor of a district other than that which embraces the district, subdistrict, county or any of the counties, involved in the contest or complaint, to proceed to the county in which the contest or complaint has been filed to hear and determine the contest or complaint. The circuit clerk shall also cause a copy of such petition to be served upon the contestee, which shall serve as notice to such contestee.

The Supreme Court shall compile a list of judges throughout the state to hear such disputes before an election. The name of any judge selected to hear election day disputes shall be provided to the Secretary of State by the Chief Justice of the Supreme Court at the time the appointment is made, unless the Secretary of State is a party to the election day dispute to which the special circuit judge is appointed. It shall be the official duty of the designated circuit judge or chancellor to proceed to discharge the duty of hearing the contest at the earliest possible date. The date of the contest shall be fixed by the judge or chancellor, and the judge or chancellor shall provide reasonable notice to the contestant and the contestee of the date and time fixed for the contest. The judge or chancellor shall cause the contestant and contestee to be served in a

reasonable manner. When the contestee is served, such contestee shall promptly file his or her answer, and cross-complaint, if the contestee has a cross-complaint.

The court shall, at the first term, cause an issue to be made up and tried by a jury, and the verdict of the jury shall find the person having the greatest number of legal votes at the election. If the jury shall find against the person returned elected, the clerk shall issue a certificate thereof; and the person in whose favor the jury shall find shall be commissioned by the Governor, and shall qualify and enter upon the duties of his or her office. Each party shall be allowed ten (10) peremptory challenges, and new trials shall be granted and costs awarded as in other cases. In case the election of district attorney or other state district election be contested, the petition may be filed in any county of the district or in any county of an adjoining district within twenty (20) days after the election, and like proceedings shall be had thereon as in the case of county officers, and the person found to be entitled to the office shall qualify as required by law and enter upon the duties of his or her office.

A person desiring to contest the election of another person returned as elected to any seat in the Mississippi Legislature shall comply with the provisions of Section 23-15-955. A person desiring to contest the qualifications of a candidate for nomination in a political party primary election shall comply with the provisions of Section 23-15-961.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 23-15-913, MISSISSIPPI CODE OF 1972, TO SPECIFY WHICH JUDGES HAVE JURISDICTION TO HEAR ELECTION DISPUTES ON ELECTION DAY; TO AMEND SECTION 23-15-951, MISSISSIPPI CODE OF 1972, TO REQUIRE THAT ELECTION DAY DISPUTES BE HEARD BY JUDGES WHO HAVE BEEN SELECTED BY THE CHIEF JUSTICE OF THE SUPREME COURT TO HEAR SAID DISPUTES; AND FOR RELATED PURPOSES.

AN ACT TO AMEND SECTION 59-5-37, MISSISSIPPI CODE OF 1972, TO EXTEND THE REPEALER ON THE PROVISION OF LAW WHICH AUTHORIZES THE STATE PORT AUTHORITY AND OTHER PORTS AND PORT COMMISSIONS TO USE THE DESIGN-BUILD METHOD OF CONTRACTING FOR CERTAIN PROJECTS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 59-5-37, Mississippi Code of 1972, is amended as follows:

59-5-37. (1) The board or State Port Authority, in the performance of its duties, may employ such personnel and make all contracts and purchases incidental to or necessary for the advancement, promotion, development, establishment, insurance, maintenance, repair, improvement and operation of any ports, harbors, rivers, channels and waterways including, if required for its protection, retirement benefits, workers' compensation insurance and other employee benefits for the benefit of any employees of the board or State Port Authority. The board or State Port Authority may establish a trade development and promotion account to pay all direct and necessary expenses for the promotion and development of the state port. The authority is granted the power to sue and be sued in its own name.

(2) (a) The board or State Port Authority may, in its discretion, make such contracts or purchases according to the state purchasing laws. Contracts let for any port, harbor, river, channel or waterway improvements shall be advertised as required by law for the letting of public contracts, and such contracts shall be awarded to the lowest and best bidder who shall make bond as shall be required by the board or State Port Authority conditioned for the faithful prosecution and completion of work according to such contracts, such bond to be furnished by a corporate surety company qualified to do business in this state. However, the board may negotiate and enter into contracts with responsible lessees for the construction of facilities by lessees, such as those referred to in Section 59-5-11, and the acquisition thereof by the board upon such terms and conditions and for such amount as may be approved by the board.

(b) The State Port Authority shall be considered to be a "governing authority" under the state public purchasing laws as that term is defined in Section 31-7-1 and used in Sections 31-7-1 through 31-7-73, and shall not be subject to the jurisdiction of the Department of Finance and Administration, the Public Procurement Review Board or the Bureau of Building, Grounds and Real Property Management under the provisions of Sections 27-104-7, 29-5-2 and 31-11-3.

(3) (a) The board or State Port Authority, in its discretion, may use the design-build method of contracting for the renovation, repair and/or making of other improvements to not more than one (1) freezer and related equipment and/or facilities at the State Port at Gulfport, Mississippi. Notwithstanding any other provision of law to the contrary, any port or port commission may use the design-build method of contracting for the renovation, repair and/or making of other improvements to equipment and/or facilities at the port. For the purposes of this subsection (3), the term "design-build method of contracting" means a contract that combines the design and construction phases of a project into a single contract and the contractor is required to satisfactorily perform, at a minimum, both the design and construction of the project.

(b) This subsection (3) shall stand repealed from and after July 1, * * * 2027.
SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

SECTION 2. Section 25-61-5, Mississippi Code of 1972, as amended by Senate Bill 2308 of the 2024 Legislative Session, is amended as follows:

25-61-5. (1) (a) Except as otherwise provided by Sections 25-61-9, 25-61-11, 25-61-11.2 and 37-153-7, all public records are hereby declared to be public property, and any person shall have the right to inspect, copy or mechanically reproduce or obtain a reproduction of any public record of a public body in accordance with reasonable written procedures adopted by the public body concerning the cost, time, place and method of access, and public notice of the procedures shall be given by the

public body, or, if a public body has not adopted written procedures, the right to inspect, copy or mechanically reproduce or obtain a reproduction of a public record of the public body shall be provided within one (1) working day after a written request for a public record is made. No public body shall adopt procedures which will authorize the public body to produce or deny production of a public record later than seven (7) working days from the date of the receipt of the request for the production of the record.

(b) If a public body is unable to produce a public record by the seventh working day after the request is made, the public body must provide a written explanation to the person making the request stating that the record requested will be produced and specifying with particularity why the records cannot be produced within the seven-day period. Unless there is mutual agreement of the parties, * * * in no event shall the date for the public body's production of the requested records be any later than fourteen (14) working days from the receipt by the public body of the original request. * * *

(2) If any public record contains material which is not exempted under this chapter, the public agency shall redact the exempted material and make the nonexempted material available for examination. Such public agency shall be entitled to charge a reasonable fee for the redaction of any exempted material, not to exceed the agency's actual cost.

(3) Denial by a public body of a request for access to or copies of public records under this chapter shall be in writing and shall contain a statement of the specific exemption relied upon by the public body for the denial. Each public body shall maintain a file of all denials of requests for public records. Public bodies shall be required to preserve such denials on file for not less than three (3) years from the date such denials are made. This file shall be made available for inspection or copying, or both, during regular office hours to any person upon written request.

(4) Where any public body is preparing or conducting a competitive procurement, the time limitations contained in this section shall be tolled until the public body determines it will not issue the procurement, cancels the procurement or issues a notice naming its intended awardee.

(5) This section shall stand repealed on July 1, 2028.

SECTION 3. Section 25-61-9, Mississippi Code of 1972, is brought forward as follows:

25-61-9. (1) (a) Records furnished to public bodies by third parties which contain trade secrets or confidential commercial or financial information shall not be subject to inspection, examination, copying or reproduction under this chapter until notice to third parties has been given, but the records shall be released no later than twenty-one (21) days from the date the third parties are given notice by the public body unless the third parties have filed in chancery court a petition seeking a protective order on or before the expiration of the twenty-one-day time period. Any party seeking the protective order shall give notice to the party requesting the information in accordance with the Mississippi Rules of Civil Procedure.

(b) If a court determines that a person or entity has made duplicative requests for public records that are the subject of a protective order under paragraph (a) of this subsection, the court shall order the requesting person or entity to reimburse the third party's costs and attorney's fees for seeking additional protective orders for the same or substantially similar requests for public records.

(2) If any public record which is held to be exempt from disclosure pursuant to this chapter contains material which is not exempt pursuant to this chapter, the public body shall separate the exempt material and make the nonexempt material available for examination or copying, or both, as provided for in this chapter.

(3) Trade secrets and confidential commercial and financial information of a proprietary nature developed by a college, university or public hospital under contract with a firm, business, partnership, association, corporation, individual or other like entity shall not be subject to inspection, examination, copying or reproduction under this chapter.

(4) Misappropriation of a trade secret shall be governed by the provisions of the Mississippi Uniform Trade Secrets Act, Sections 75-26-1 through 75-26-19.

(5) A waste minimization plan and any updates developed by generators and facility operators under the Mississippi Comprehensive Multimedia Waste Minimization Act of 1990 shall be retained at the facility and shall not be subject to inspection, examination, copying or reproduction under this chapter.

(6) Data processing software obtained by an agency under a licensing agreement that prohibits its disclosure and which software is a trade secret, as defined in Section 75-26-3, and data processing software produced by a public body which is sensitive must not be subject to inspection, copying or reproduction under this chapter.

As used in this subsection, "sensitive" means only those portions of data processing software, including the specifications and documentation, used to:

(a) Collect, process, store, and retrieve information which is exempt under this chapter.

(b) Control and direct access authorizations and security measures for automated systems.

(c) Collect, process, store, and retrieve information, disclosure of which would require a significant intrusion into the business of the public body.

(7) For all procurement contracts awarded by state agencies, the provisions of the contract which contain the commodities purchased or the personal or professional services provided, the unit prices contained within the procurement contracts, the overall price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information under this section, and shall be available for examination, copying or reproduction as provided for in this chapter. Any party seeking a protective order for a procurement contract awarded by state agencies shall give notice to and provide the reasons for the protective order to the party requesting the information in accordance with the Mississippi Rules of Civil Procedure. The notice and reasons for the protective order must be posted on the Mississippi procurement portal for a minimum of seven (7) days before filing the petition seeking the protective order in chancery court. Any party seeking a protective order in violation of this subsection may be barred by a state agency from submitting bids, proposals or qualifications for procurement for a period not to exceed five (5) years.

SECTION 4. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing

authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however, if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars (\$75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2)

consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications

for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices.

In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In

addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the

lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this

section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation

guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. (k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. An agency making a purchase under this exemption shall publicly advertise a Request for Qualifications but shall be otherwise exempt. Any such rules and regulations shall provide for maintaining continuous internal audit covering the activities of such agency affecting its revenue and expenditures as required under Section 7-7-3(6)(d). Any rules and regulation changes related to personal and professional services contracts that the Public Procurement Review Board may propose shall be submitted to the Chairs of the Accountability, Efficiency and Transparency Committees of the Senate and House of Representatives and the Chairs of the Appropriation Committees of the Senate and House of Representatives at least fifteen (15) days before the board votes on the proposed changes, and those rules and regulation changes, if adopted, shall be promulgated in accordance with the Mississippi Administrative Procedures Act.

(ii) From and after July 1, 2024, the Public Procurement Review Board shall promulgate rules and regulations that require the Department of Finance and Administration to conduct personal and professional services solicitations as provided in subparagraph (i) of this paragraph for those services in excess of Seventy-five Thousand Dollars (\$75,000.00) for the Department of Marine Resources, the Department of Wildlife, Fisheries and Parks, the Mississippi Emergency Management Agency and the Mississippi Development Authority, with assistance to be provided from these entities. (h) Develop mandatory standards with respect to contractual services personnel that require invitations for public bid, requests for proposals, record keeping and financial responsibility of contractors. The Public Procurement Review Board shall, unless exempted under this paragraph (h) or under paragraph (i) or (o) of this subsection (2), require the agency involved to submit the procurement to a competitive procurement process, and may reserve the right to reject any or all resulting procurements;

(i) Prescribe certain circumstances by which agency heads may enter into contracts for personal and professional services without receiving prior approval from the Public Procurement Review Board. The Public Procurement Review Board may establish a preapproved list of providers of various personal and professional services for set prices with which state agencies may contract without bidding or prior approval from the board;

(i) Agency requirements may be fulfilled by procuring services performed incident to the state's own programs. The agency head shall determine in writing whether the price represents a fair market value for the services. When the procurements are made from other governmental entities, the private sector need not be solicited; however, these contracts shall still be submitted for approval to the Public Procurement Review Board.

(ii) Contracts between two (2) state agencies, both under Public Procurement Review Board purview, shall not require Public Procurement Review Board approval. However, the contracts shall still be entered into the enterprise resource planning system;

(k) Present recommendations for governmental privatization and to evaluate privatization proposals submitted by any state agency;

(l) Authorize personal and professional service contracts to be effective for more than one (1) year provided a funding condition is included in any such multiple year contract, except the State Board of Education, which shall have the authority to enter into contractual agreements for student assessment for a period up to ten (10) years. The State Board of Education shall procure these services in accordance with the Public Procurement Review Board procurement regulations;

(m) Request the State Auditor to conduct a performance audit on any personal or professional service contract;

(n) Prepare an annual report to the Legislature concerning the issuance of personal and professional services contracts during the previous year, collecting any necessary information from state agencies in making such report;

(o) Develop and implement the following standards and procedures for the approval of any sole source contract for personal and professional services regardless of the value of the procurement:

(i) For the purposes of this paragraph (o), the term "sole source" means only one (1) source is available that can provide the required personal or professional service.

(ii) An agency that has been issued a binding, valid court order mandating that a particular source or provider must be used for the required service must include a copy of the applicable court order in all future sole source

contract reviews for the particular personal or professional service referenced in the court order.

(iii) Any agency alleging to have a sole source for any personal or professional service, other than those exempted under paragraph (f) of this subsection (2) and subsection (8), shall publish on the procurement portal website established by Sections 25-53-151 and 27-104-165, for at least fourteen (14) days, the terms of the proposed contract for those services. In addition, the publication shall include, but is not limited to, the following information:

1. The personal or professional service offered in the contract;
2. An explanation of why the personal or professional service is the only one that can meet the needs of the agency;
3. An explanation of why the source is the only person or entity that can provide the required personal or professional service;
4. An explanation of why the amount to be expended for the personal or professional service is reasonable; and
5. The efforts that the agency went through to obtain the best possible price for the personal or professional service.

(iv) If any person or entity objects and proposes that the personal or professional service published under subparagraph (iii) of this paragraph (o) is not a sole source service and can be provided by another person or entity, then the objecting person or entity shall notify the Public Procurement Review Board and the agency that published the proposed sole source contract with a detailed explanation of why the personal or professional service is not a sole source service.

(v) 1. If the agency determines after review that the personal or professional service in the proposed sole source contract can be provided by another person or entity, then the agency must withdraw the sole source contract publication from the procurement portal website and submit the procurement of the personal or professional service to an advertised competitive bid or selection process.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. These quarterly reports shall also include the documentation and memoranda required in subsection (4) of this section. An agency that submitted a sole source contract shall be prepared to explain the sole source contract to each committee by December 15 of each year upon request by the committee;

(p) Assess any fines and administrative penalties provided for in Sections 31-7-401 through 31-7-423.

(3) All submissions shall be made sufficiently in advance of each monthly meeting of the Public Procurement Review Board as prescribed by the Public Procurement Review Board. If the Public Procurement Review Board rejects any contract submitted for review or approval, the Public Procurement Review Board shall clearly set out the reasons for its action, including, but not limited to, the policy that the agency has violated in its submitted contract and any corrective actions that the agency

may take to amend the contract to comply with the rules and regulations of the Public Procurement Review Board.

(4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

(5) In conjunction with the State Personnel Board, the Public Procurement Review Board shall develop and promulgate rules and regulations to define the allowable legal relationship between contract employees and the contracting departments, agencies and institutions of state government under the jurisdiction of the State Personnel Board, in compliance with the applicable rules and regulations of the federal Internal Revenue Service (IRS) for federal employment tax purposes. Under these regulations, the usual common law rules are applicable to determine and require that such worker is an independent contractor and not an employee, requiring evidence of lawful behavioral control, lawful financial control and lawful relationship of the parties. Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts. Nothing in this section shall impair or limit the authority of the State Treasurer to enter into any personal or professional services contracts involving the management of trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(9) Through December 31, 2024, the provisions of this section related to rental agreements or leasing of real property for the purpose of conducting agency business shall not apply to the Office of Workforce Development created in Section 37-153-7.

SECTION 6. Section 31-7-401, Mississippi Code of 1972, is amended as follows:

31-7-401. Except as otherwise provided by law, the provisions of Sections 31-7-401 through 31-7-423 shall apply to every procurement of commodities, supplies, equipment, construction, technology, personal and professional services other than those in Section 27-104-7(2)(f) and (8), state agency employee benefits, supplemental insurance and cafeteria plans, that are solicited by any state agency by a request for proposals or request for qualifications, except any personal or professional services contract entered into by an agency for the design, operation or maintenance of museum exhibits, purchases made by an agency related to the fabrication, construction,

installation or refurbishing of museum exhibits. The following provisions are intended to ensure that the best practices for soliciting requests for proposals or requests for qualifications are implemented. Any agency that is required to receive approval by the Public Procurement Review Board before entering into a personal or professional services contract as provided in subsection (2)(g) of Section 27-104-7 shall implement the best practices specified in Sections 31-7-401 through 31-7-423. The Public Procurement Review Board shall promulgate any necessary rules and regulations to administer the provisions of Sections 31-7-401 through 31-7-423.

SECTION 7. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

H. B. No. 1408: Residential roofing contractors; revise requirements under Insurance Benefits Roofing Repair Consumer Protection Act.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1408: Residential roofing contractors; revise requirements under Insurance Benefits Roofing Repair Consumer Protection Act.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 75-24-305, Mississippi Code of 1972, is amended as follows:

75-24-305. As used in Sections 75-24-301 through 75-24-311:

(a) "Emergency services" means services performed with the express permission of the insured and that are immediately necessary for:

- (i) The preservation of the residential real estate; or
- (ii) The health of the insured, owner or possessor.

"Emergency services" does not include inspection of the residential roof system or an estimation of the repair costs.

(b) "Insured" means an insured whose name appears on the face of the property and casualty insurance policy that provides coverage for the residential roof system to be repaired.

(c) "Residential roofing contractor" means a person or entity contracting or offering to contract with an insured, owner or possessor of a residential roof system to repair or replace a roof system on residential real estate, or any portion thereof, where all or part of the cost is expected to be paid as a benefit of a property and casualty insurance policy.

(d) "Residential" means a new or existing dwelling constructed for habitation by one (1) to four (4) families, including a detached garage.

(e) "Insurance benefits residential roof system repair contract" means a written contract with an insured to repair a roof system, or any part thereof, on residential real estate, or provide goods and services in connection with such repair, that is to be paid in whole, or in part, under a property and casualty insurance policy.

(f) "Roof system" means roof coverings, roof sheathing, roof weatherproofing, roof framing, roof ventilation system, and insulation.

SECTION 2. Section 75-24-307, Mississippi Code of 1972, is amended as follows:

75-24-307. (1) Before signing an insurance benefits residential roof system repair contract with an insured, a residential roofing contractor shall furnish to the insured:

(a) The following statement in at least * * * 12-point boldface type that is attached to the contract:

"You may cancel this insurance benefits residential roof system repair contract at any time within three (3) business days after you have received written notice from your insurance company that all or any part of your claim, or all or part of the services and goods to be provided by this contract, is not a covered loss under your insurance policy. A notice of cancellation form is provided to you with this contract. To cancel this contract under these circumstances, sign and date, and then mail or deliver the attached Notice of Cancellation, or another similar written notice of cancellation, to the contractor within three (3) business days after you have received such written notice from your insurance company. If you cancel, any payments made under this residential roofing system repair contract, except for emergency services and repairs subsequently approved for payment by the insurance company and already performed by the contractor, will be returned to you within ten (10) business days following receipt by the contractor of your cancellation notice."; and

(b) Duplicate copies of a completed form captioned "NOTICE OF CANCELLATION" that is attached to the contract, is easily detachable, and contains the following in at least * * * 12-point boldface type:

"NOTICE OF CANCELLATION

(Name and address of contractor - to be entered by contractor)

(Date of contract - to be entered by contractor)

(Address of residential real estate to be repaired - to be entered by contractor)

I have been notified by my insurance company that all or any part of my claim, or the services and goods to be provided in the residential roofing system repair contract, is not a covered loss under the insurance policy.

I HEREBY CANCEL THIS TRANSACTION

Please return my prior payments within ten (10) days.

INSURED'S SIGNATURE

DATE"

(2) (a) In circumstances in which payment may be made from the proceeds of a property and casualty insurance policy, a residential roofing contractor shall not require any payment from an insured until the three-day cancellation period has expired.

(b) Prior to a contract being executed for repairs made by a residential roofing contractor that are separate or additional to those repairs covered

under the policy of insurance, the residential roofing contractor shall include a statement identifying those aspects of the repair or replacement which are separate from or additional to the repair or replacement of the damage to the roof system caused by a covered peril and explaining that payment of those excess or additional items are the insured's responsibility. This subsection does not limit an insured from communicating with the insurer about the estimated replacement cost of the repairs or replacement of the damaged roof system.

(3) Until the claim has been filed by the insured, a residential roofing contractor shall not represent or negotiate, or offer or advertise to represent or negotiate, on behalf of an owner or possessor of residential real estate on any insurance claim in connection with the repair or replacement of a roof system. This subsection does not prohibit an insured from including the residential roofing contractor in the insured's communications with the insurer about the damages to the roof system or the estimated replacement cost of the repairs or replacement of the damaged roof system at any point in the process. This subsection does not apply to a public adjuster licensed under Sections 83-17-501 through 83-17-527.

(4) (a) A residential roofing contractor shall not contract for, agree to, or receive anything of value from an attorney or other person acting in concert with an attorney for referring claims to the attorney or in connection with any claim for which the residential roofing contractor has performed or intends to perform services. A residential roofing contractor may not create a business relationship between an insured and an attorney or obligate an insured to hire a specified attorney.

(b) A residential roofing contractor shall not advertise or otherwise promise or offer to pay, or pay, or rebate all or any portion of an insured's insurance deductible as an inducement to enter into the residential roofing contract.

(5) A post-loss assignment by a named insured of rights or benefits to a residential roofing contractor under a property and casualty insurance policy insuring residential real estate shall authorize a residential roofing contractor only to be named as a co-payee for the payment of benefits under a property and casualty insurance policy covering residential real estate. The assignment shall include all of the following:

(a) An itemized description of the work to be performed;

(b) An itemized description of the materials, labor and fees for the work to be performed;

(c) A total itemized amount to be paid for the work to be performed;

(d) A statement that the residential roofing contractor has made no assurances that the claimed loss will be covered fully by an insurance contract; and

(e) The following notice in capitalized fourteen-point type:

"You are agreeing to give up certain rights you have under your insurance policy. Please read and understand this document before signing. The itemized description of the work to be done shown in this assignment form has not been agreed to by the insurer. The insurer has the right to pay only for the cost to repair or replace damaged property caused by a covered peril."

(6) A copy of the executed assignment shall be provided to the insurer of the residential real estate no later than five (5) business days after the execution date of the assignment.

(7) The assignment shall not impair the interest of a mortgagee listed on the declarations page of the property and casualty insurance policy that is the subject of the assignment.

(8) An assignment shall not prevent or inhibit an insurer from communication with the named insured or mortgagee listed on the declarations page of the property and casualty insurance policy that is the subject of the assignment.

(9) A residential roofing contractor shall comply with all applicable building codes when replacing, repairing, constructing or reconstructing a roof system.

(10) Pursuant to the terms of the insured's contract, nothing in this section shall be construed to prohibit a residential roofing contractor from:

(a) Providing an insured an estimate for repair, replacement, construction or reconstruction of the insured's property and any such estimate may be submitted to the insured's insurance company;

(b) Conferring with an insurance company's representative about damage to an insured's property; or

(c) Discussing repair or replacement options with an insurance company's representative or the insured about options for the repair or replacement of the damage.

SECTION 3. Section 75-24-311, Mississippi Code of 1972, is amended as follows:

75-24-311. (1) Any residential roofing contractor in violation of Sections 75-24-301 through 75-24-311 shall be subject to the civil and criminal penalties and remedies under Sections 75-24-19, 75-24-20 and 75-24-23, and may be liable under a private right of action of the consumer.

(2) A violation of Sections 75-24-301 through 75-24-311 by a residential roofing contractor is an unfair and deceptive act or practice as defined by the Mississippi Consumer Protection Law, Section 75-24-1 et seq.

(3) Sections 75-24-301 through 75-24-311 do not prohibit an insured that is harmed by a deceptive trade practice from commencing a civil action against a residential roofing contractor.

SECTION 4. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 75-24-305, MISSISSIPPI CODE OF 1972, TO REVISE THE DEFINITION OF THE TERM "ROOF SYSTEM" UNDER THE INSURANCE BENEFITS ROOFING REPAIR CONSUMER PROTECTION ACT; TO AMEND SECTION 75-24-307, MISSISSIPPI CODE OF 1972, TO PROHIBIT A RESIDENTIAL ROOFING CONTRACTOR FROM REQUIRING PAYMENT UNTIL THE EXPIRATION OF THE CANCELLATION PERIOD; TO PROHIBIT A RESIDENTIAL ROOFING CONTRACTOR FROM REPRESENTING A PROPERTY OWNER ON INSURANCE CLAIMS AND FROM RECEIVING PAYMENT FROM AN ATTORNEY FOR CLAIM REFERRALS; TO PRESCRIBE CERTAIN REQUIREMENTS FOR A POST-LOSS ASSIGNMENT BY AN INSURED TO A RESIDENTIAL ROOFING CONTRACTOR; TO AMEND SECTION 75-24-311, MISSISSIPPI CODE OF 1972, TO CONFORM; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1298: Mississippi Wild Turkey Stamp; establish.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. (1) For the purposes of this section, the following words and phrases shall have the meanings ascribed herein unless the context clearly indicates otherwise:

(a) "Wild turkey" means the game bird *Meleagris gallopavo*.

(b) "Stamp" means the state wild turkey stamp, either in its physical or electronic form, furnished by the commission. A stamp is a specialized permit required for hunting wild turkeys, with proceeds directly dispersed into the conservation, management, protection or scientific research of wild turkeys.

(c) "Harvest tag" means the electronic tool used to serve as an inventory of the annual bag limit allotted to individual wild turkey hunters. Harvest tags are invalidated upon the harvest of a wild turkey.

(d) "Nongovernmental entity" means a nonprofit organization primarily concerned with the protection and conservation of land and natural resources, as evidenced by its organizational documents.

(2) (a) It shall be unlawful for any person not exempt under paragraph (b) of this subsection to hunt or take wild turkeys during any open wild turkey season in this state without first having procured a stamp. The electronic stamp on file with the commission shall serve as proof of procurement.

(b) Any resident citizen of this state who has not reached the age of sixteen (16) years or who has reached the age of sixty-five (65) years, or any resident citizen who is blind, paraplegic, or a multiple amputee, or who has been adjudged by the Veterans Administration as having a total service-connected disability, or has been adjudged to be totally disabled by the Social Security Administration shall be exempt from the requirements of this section. Further, the holder of any lifetime sportsman license authorized under Section 49-7-153 shall be exempt from the requirements of this section.

(3) The fee to resident hunters for each stamp shall be Ten Dollars (\$10.00). The fee to nonresident hunters for each stamp shall be One Hundred Dollars (\$100.00). Each stamp shall be valid through the final day of the spring wild turkey season following its purchase. After its expiration, another stamp must be procured in order to hunt or take wild turkeys in a future open wild turkey season.

(4) Except for persons exempted under subsection (2)(b) of this section, the commission may make the procurement of harvest tags dependent upon the purchase of a stamp.

(5) The commission shall determine the form of the stamp. The commission shall furnish physical stamps to bonded agents for issuance or sale in the same manner

as other types of licenses or shall cause the electronic stamp to accrue to the purchaser's benefit when purchased from an automated point-of-sale source.

(6) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and, upon conviction, shall be fined not less than Twenty-five Dollars (\$25.00) nor more than One Hundred Dollars (\$100.00) as prescribed in Section 49-7-101.

(7) All revenue from the proceeds of stamps shall be deposited into the Fisheries and Wildlife Fund created in Section 49-5-21 and shall be used and expended only for the following objectives:

(a) Paying administrative or processing costs associated with an electronic harvest tag program, or any other program governing or regulating the harvest of wild turkeys;

(b) Restoring, enhancing or protecting wild turkey populations or their habitats on public or private lands in Mississippi as prescribed by the department;

(c) Funding scientific research, as conducted by qualified professionals, into the ecology or management of wild turkeys, their habitats or their predators; and

(d) Increasing access to publicly available turkey hunting opportunities.

(8) Proceeds from stamps may be used as matching funds or fiscal leverage to secure grants or other financial awards which are deemed to align with the objectives in subsection (7) of this section. No such proceeds shall be expended for administrative salaries.

(9) The commission may enter into agreements with other state, federal or nongovernmental entities to execute the objectives in subsection (7) of this section.

SECTION 2. Section 1 of this act shall be codified as a new section in Title 49, Chapter 7, Mississippi Code of 1972.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO IMPOSE THE REQUIREMENT OF PROCURING A WILD TURKEY STAMP BEFORE HUNTING WILD TURKEYS IN THE STATE OF MISSISSIPPI; TO PROVIDE EXEMPTIONS FROM THE REQUIREMENT; TO ESTABLISH THE FEE FOR RESIDENT AND NONRESIDENT HUNTERS; TO PROVIDE FOR THE FURNISHING OF THE STAMP; TO SET PENALTIES FOR VIOLATIONS; TO PROVIDE THAT ALL REVENUE FROM THE PROCEEDS OF STAMPS SHALL BE DEPOSITED INTO THE FISHERIES AND WILDLIFE FUND, AND TO PROVIDE THE OBJECTIVES FOR WHICH SUCH REVENUE MAY BE USED AND EXPENDED; TO AUTHORIZE THE COMMISSION ON WILDLIFE, FISHERIES AND PARKS TO ENTER INTO AGREEMENTS WITH OTHER STATE, FEDERAL OR NONGOVERNMENTAL ENTITIES TO EXECUTE SUCH OBJECTIVES; AND FOR RELATED PURPOSES.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2408: Identification cards and driver's licenses; require to have 988 Crisis Lifeline information.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-101-15, Mississippi Code of 1972, is amended as follows:

37-101-15. (a) The Board of Trustees of State Institutions of Higher Learning shall succeed to and continue to exercise control of all records, books, papers, equipment, and supplies, and all lands, buildings, and other real and personal property belonging to or assigned to the use and benefit of the board of trustees formerly supervising and controlling the institutions of higher learning named in Section 37-101-1. The board shall have and exercise control of the use, distribution and disbursement of all funds, appropriations and taxes, now and hereafter in possession, levied and collected, received, or appropriated for the use, benefit, support, and maintenance or capital outlay expenditures of the institutions of higher learning, including the authorization of employees to sign vouchers for the disbursement of funds for the various institutions, except where otherwise specifically provided by law.

(b) The board shall have general supervision of the affairs of all the institutions of higher learning, including the departments and the schools thereof. The board shall have the power in its discretion to determine who shall be privileged to enter, to remain in, or to graduate therefrom. The board shall have general supervision of the conduct of libraries and laboratories, the care of dormitories, buildings, and grounds; the business methods and arrangement of accounts and records; the organization of the administrative plan of each institution; and all other matters incident to the proper functioning of the institutions. The board shall have the authority to establish minimum

standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the board may establish.

(c) The board shall exercise all the powers and prerogatives conferred upon it under the laws establishing and providing for the operation of the several institutions herein specified. The board shall adopt such bylaws and regulations from time to time as it deems expedient for the proper supervision and control of the several institutions of higher learning, insofar as such bylaws and regulations are not repugnant to the Constitution and laws, and not inconsistent with the object for which these institutions were established. The board shall have power and authority to prescribe rules and regulations for policing the campuses and all buildings of the respective institutions, to authorize the arrest of all persons violating on any campus any criminal law of the state, and to have such law violators turned over to the civil authorities.

(d) For all institutions specified herein, the board shall provide a uniform system of recording and of accounting approved by the State Department of Audit. The board shall annually prepare, or cause to be prepared, a budget for each institution of higher learning for the succeeding year which must be prepared and in readiness for at least thirty (30) days before the convening of the regular session of the Legislature. All relationships and negotiations between the State Legislature and its various committees and the institutions named herein shall be carried on through the board of trustees. No official, employee or agent representing any of the separate institutions shall appear before the Legislature or any committee thereof except upon the written order of the board or upon the request of the Legislature or a committee thereof.

(e) For all institutions specified herein, the board shall prepare an annual report to the Legislature setting forth the disbursements of all monies appropriated to the respective institutions. Each report to the Legislature shall show how the money appropriated to the several institutions has been expended, beginning and ending with the fiscal years of the institutions, showing the name of each teacher, officer, and employee, and the salary paid each, and an itemized statement of each and every item of receipts and expenditures. Each report must be balanced, and must begin with the former balance. If any property belonging to the state or the institution is used for profit, the reports shall show the expense incurred in managing the property and the amount received therefrom. The reports shall also show a summary of the gross receipts and gross disbursements for each year and shall show the money on hand at the beginning of the fiscal period of the institution next preceding each session of the Legislature and the necessary amount of expense to be incurred from said date to January 1 following. The board shall keep the annual expenditures of each institution herein mentioned within the income derived from legislative appropriations and other sources, but in case of emergency arising from acts of providence, epidemics, fire or storm with the written approval of the Governor and by written consent of a majority of the senators and of the representatives it may exceed the income. The board shall require a surety bond in a surety company authorized to do business in this state of every employee who is the custodian of funds belonging to one or more of the institutions mentioned herein, which bond shall be in a sum to be fixed by the board in an amount that will properly safeguard the said funds, the premium for which shall be paid out of the funds appropriated for said institutions.

(f) The board shall have the power and authority to elect the heads of the various institutions of higher learning and to contract with all deans, professors, and other members of the teaching staff, and all administrative employees of said institutions for a term not exceeding four (4) years. The board shall have the power and authority to terminate any such contract at any time for malfeasance, inefficiency, or contumacious conduct, but never for political reasons. It shall be the policy of the board to permit the executive head of each institution to nominate for election by the board all subordinate employees of the institution over which he presides. It shall be the policy of the board to elect all officials for a definite tenure of service and to reelect during the period of satisfactory service. The board shall have the power to make any adjustments it thinks necessary between the various departments and schools of any institution or between the different institutions.

(g) The board shall keep complete minutes and records of all proceedings which shall be open for inspection by any citizen of the state.

(h) The board shall have the power to enter into an energy performance contract, energy services contract, on a shared-savings, lease or lease-purchase basis, for energy efficiency services and/or equipment as prescribed in Section 31-7-14.

(i) The Board of Trustees of State Institutions of Higher Learning, for and on behalf of Jackson State University, is hereby authorized to convey by donation or otherwise easements across portions of certain real estate located in the City of Jackson, Hinds County, Mississippi, for right-of-way required for the Metro Parkway Project.

(j) In connection with any international contract between the board or one (1) of the state's institutions of higher learning and any party outside of the United States, the board or institution that is the party to the international contract is hereby authorized and empowered to include in the contract a provision for the resolution by arbitration of any controversy between the parties to the contract relating to such contract or the failure or refusal to perform any part of the contract. Such provision shall be valid, enforceable and irrevocable without regard to the justiciable character of the controversy. Provided, however, that in the event either party to such contract initiates litigation against the other with respect to the contract, the arbitration provision shall be deemed waived unless asserted as a defense on or before the responding party is required to answer such litigation.

(k) The Board of Trustees of State Institutions of Higher Learning ("board"), on behalf of any institution under its jurisdiction, shall purchase and maintain business property insurance and business personal property insurance on all university-owned buildings and/or contents as required by federal law and regulations of the Federal Emergency Management Agency (FEMA) as is necessary for receiving public assistance or reimbursement for repair, reconstruction, replacement or other damage to those buildings and/or contents caused by the Hurricane Katrina Disaster of 2005 or subsequent disasters. The board is authorized to expend funds from any available source for the purpose of obtaining and maintaining that property insurance. The board is authorized to enter into agreements with the Department of Finance and Administration, local school districts, community/junior college districts, community hospitals and/or other state agencies to pool their liabilities to participate in a group business property and/or business personal property insurance program, subject to uniform rules and regulations as may be adopted by the Department of Finance and Administration.

(l) The Board of Trustees of State Institutions of Higher Learning, or its designee, may approve the payment or reimbursement of reasonable travel expenses incurred by candidates for open positions at the board's executive office or at any of the state institutions of higher learning, when the job candidate has incurred expenses in traveling to a job interview at the request of the board, the Commissioner of Higher Education or a state institution of higher learning administrator.

(m) (i) The Board of Trustees of State Institutions of Higher Learning is authorized to administer and approve contracts for the construction and maintenance of buildings and other facilities of the state institutions of higher learning, including related contracts for architectural and engineering services, which are paid for with self-generated funds.

(ii) Additionally, the board is authorized to oversee, administer and approve contracts for the construction and maintenance of buildings and other facilities of the state institutions of higher learning, including related contracts for architectural and engineering services, which are funded in whole or in part by general obligation bonds of the State of Mississippi at institutions designated annually by the board as being capable to procure and administer all such contracts. Prior to the disbursement of funds, an agreement for each project between the institution and the Department of Finance and Administration shall be executed. The approval and execution of the agreement shall not be withheld by either party unless the withholding party provides a written, detailed explanation of the basis for withholding to the other party. The agreement shall stipulate the responsibilities of each party, applicable procurement regulations, documentation and reporting requirements, conditions prior to, and

schedule of, disbursement of general obligation bond funds to the institution and provisions concerning handling any remaining general obligation bonds at the completion of the project. Such agreement shall not include provisions that constitute additional qualifications or criteria that act to invalidate the designation of an institution as capable of procuring and administering such project. Inclusion of any such provisions may be appealed to the Public Procurement Review Board. This paragraph (ii) shall stand repealed from and after July 1, 2025.

(n) The Board of Trustees of State Institutions of Higher Learning ("board") shall require all on-campus faculty and staff employed by, and all students attending, any of the state institutions of higher learning identified in Section 37-101-1 to be issued an identification badge in physical or electronic format. Any identification card issued or renewed pursuant to this section, whether physical or in an electronic format, shall include the words "Crisis Lifeline - Dial or Text 988, or chat 988lifeline.org" or like language for formatting purposes.

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 37-101-15, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT THE BOARD OF TRUSTEES OF STATE INSTITUTIONS OF HIGHER LEARNING SHALL REQUIRE ALL ON-CAMPUS FACULTY, STAFF AND STUDENTS ATTENDING ANY STATE INSTITUTION TO BE ISSUED AN IDENTIFICATION BADGE, WHICH INCLUDES 988 CRISIS LIFELINE CONTACT INFORMATION; AND FOR RELATED PURPOSES.

H. B. No. 1163: Community and junior colleges; authorize to contract or enter into interlocal agreements with local governing authorities for first responders services.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1163: Community and junior colleges; authorize to contract or enter into interlocal agreements with local governing authorities for first responders services.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 21-25-23, Mississippi Code of 1972, is amended as follows:

21-25-23. The governing authorities of any municipality are hereby authorized, when petitioned so to do by the Board of Trustees of State Institutions of Higher Learning or the board of trustees of a community or junior college district, to create, by ordinance, a fire district encompassing the area adjoining such municipality on which a part or all of a State Institution of Higher Learning or a community college is located, after the creation of which such governing authorities and the Board of Trustees of State Institutions of Higher Learning or the board of trustees of the affected community or junior college district shall have full power to contract for laying of water mains and any other pipes or connections to the water mains to be used in said fire district, and for the establishment and maintenance of fire service therein. However, no such governing authority shall have the power either to promulgate or enforce any charge, rule or regulation upon said district without first having received the ratification and consent of the Board of Trustees of State Institutions of Higher Learning or the board of trustees of the affected community or junior college district as reflected by the minutes of said trustees.

SECTION 2. Section 37-29-231, Mississippi Code of 1972, is amended as follows:

37-29-231. (1) The provisions of Sections 37-103-1 through 37-103-29 relating to the legal residence of and tuition to be charged any student applying for admission to state educational institutions shall be applicable to the boards of trustees of each junior college district in the state and to the administrative authorities of each such junior college governed by said board.

(2) (a) The board of trustees of each community or junior college is authorized, in its discretion and as deemed necessary, to enter into contract with a municipality as authorized under Section 21-25-23, or into an interlocal agreement with the county governing authority of the county wherein the community or junior college is located if situated outside of the incorporated limits of any city or municipality therein, to provide fire protection and first responder services to the main campus of the community or junior college for which the contract or interlocal agreement was entered. In addition to fire protection services, first responder services shall also include law enforcement services and emergency medical transportation services.

(b) Upon entering such contract or interlocal agreement, the board of trustees of the community or junior college receiving services under the contract or interlocal agreement may assess each student a fee not to exceed Five Dollars (\$5.00), each semester to offset the cost associated with the services provided, which shall be allocated by the board of trustees to the local governing authority providing first responder services. This paragraph (b) shall stand repealed on July 1, 2027.

SECTION 3. Section 37-29-141, Mississippi Code of 1972, is amended as follows:

37-29-141. (1) The board of trustees of any junior college district is expressly authorized and empowered to make a thorough study and evaluation of the costs of operation of the junior college district, and said board shall recommend a fair and

acceptable tax rate for district general support and maintenance from each of the member counties.

The board of trustees of any junior college district as constituted as of July 1, 1964, shall have the authority to recommend the tax levy necessary for a newly contributing county to have representation on the board of trustees of said junior college.

From and after October 1, 1989, no county shall levy less than (a) one (1) mill for the support, and (b) one (1) mill for the enlargement, improvement and repair of the junior college within the district of which the county is a member. From and after October 1, 1990, the board of trustees of any junior college district may, by a sixty percent (60%) affirmative vote of the members of such board, recommend an additional one (1) mill which may be used for the support or for the enlargement, improvement and repair of the junior college within the district of which the county is a member. If a county is levying more than the minimum levy required herein for one category but less than the minimum levy required for the other, then the excess millage under the one may be applied towards making up the deficiency which exists in the other. If a county contributes to two (2) junior college districts, the combined levy for both districts shall not be less than the minimums required herein.

Any county having any school district located therein with a current operating deficit of Two Hundred Thousand Dollars (\$200,000.00) or more on July 1, 1989, shall not be required to levy the minimum millage required under this subsection (1) until such time as the said operating deficit is eliminated, or for a period of three (3) fiscal years, whichever is less. Provided, however, that no such county shall levy a smaller tax millage for capital improvements and general support of a junior college district than was levied for the previous year.

No county shall levy a smaller tax millage for capital improvements and general support of a junior college district than was levied for the previous year, unless requested to make such reduction by the board of trustees of the district. When a county has a general reassessment of property to increase the county ad valorem tax assessments, such county may reduce the millage for general support and capital improvements, provided that its aggregate budget for junior college purposes is not lower than was paid the previous year.

In lieu of taxation, the board of trustees may fix the amount of enrollee tuition in an amount commensurate with the per capita cost of operating the district, which may also include any fees assessed by the board upon each student enrolled under the authority of Section 37-29-231 for the purpose of offsetting the cost of first responder services provided to the main campus of the community college by the local governing authority in accordance with the provisions of the contract entered into under the authority of Section 21-25-23 or the interlocal agreement entered into under the authority of Section 37-29-231.

(2) Taxes for the support, enlargement, improvement and repairs of junior colleges shall be levied annually against all of the property of each county and of each municipal separate school district, including added territory, which has established or may hereafter establish, or which has joined or may hereafter join, in the establishment or support of a junior college. In no case shall such levy exceed three (3) mills for support and three (3) mills for enlargement, improvement and repairs for each junior college within the district of which the county or municipal separate school district may be a component.

(3) The levy for support for any year in any given county or separate school district is that presently prevailing therein unless a change is recommended to the tax levying authorities by the board of trustees or by a vote of the people ascertained in an election called for that purpose by the tax levying authorities subsequent to the petition therefor signed by twenty percent (20%) of the qualified electors.

(4) Notwithstanding any provision of this section to the contrary, the minimum millage required under subsection (1) shall not be levied by the board of supervisors of any county within a junior college district until the board of trustees of the district adopts annually, an order, by a sixty percent (60%) affirmative vote of the members of the board, that such minimum millage shall be levied by each county within the district.

SECTION 4. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 21-25-23, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE BOARDS OF TRUSTEES OF COMMUNITY AND JUNIOR COLLEGE TO ENTER INTO CONTRACT WITH A MUNICIPALITY FOR THE PROVISION OF FIRE PROTECTION SERVICES; TO AMEND SECTION 37-29-231, MISSISSIPPI CODE OF 1972, TO AUTHORIZE THE BOARDS OF TRUSTEES OF COMMUNITY AND JUNIOR COLLEGE, IN ITS DISCRETION, TO ENTER INTO AN INTERLOCAL AGREEMENT WITH THE COUNTY GOVERNING AUTHORITY WHERE THE COMMUNITY OR JUNIOR COLLEGE IS LOCATED, TO PROVIDE FIRE PROTECTION AND FIRST RESPONDER SERVICES TO THE MAIN CAMPUS OF THE COMMUNITY OR JUNIOR COLLEGE; TO PROVIDE THE BOARD OF TRUSTEES OF THE COMMUNITY OR JUNIOR COLLEGE THE DISCRETION TO OFFSET THE COST OF THE SERVICES BY ASSESSING A STUDENT FEE EACH SEMESTER; TO AMEND SECTION 37-29-141, MISSISSIPPI CODE OF 1972, IN CONFORMITY THERETO; AND FOR RELATED PURPOSES.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 23-15-191, Mississippi Code of 1972, is amended as follows:

23-15-191. The first primary shall be held on the first Tuesday after the first Monday of August preceding any regular or general election; and the second primary shall be held * * * four (4) weeks thereafter. If no candidate receives a majority vote at the election, then the two (2) candidates who receive the highest number of votes shall have their names placed on the ballot for the second primary election to be held * * * four (4) weeks later. The candidate who receives the most votes in the second primary election shall be the party nominee. However, if no candidate receives a majority vote at the first primary, and there is a tie in the election of those receiving the next highest vote, then those candidates receiving the next highest vote and the candidate receiving the highest vote shall have their names placed on the ballot for the second primary election to be held * * * four (4) weeks later, and whoever receives the most votes cast in the second primary election shall be the party nominee.

SECTION 2. Section 23-15-193, Mississippi Code of 1972, is amended as follows:

23-15-193. (1) At the election in 2023, and every four (4) years thereafter, there shall be elected a Governor, Lieutenant Governor, Secretary of State, Auditor of Public Accounts, State Treasurer, Attorney General, three (3) public service commissioners, three (3) Mississippi Transportation Commissioners, Commissioner of Insurance, Commissioner of Agriculture and Commerce, Senators and members of the House of Representatives in the Legislature, district attorneys for the several districts, clerks of the circuit and chancery courts of the several counties, as well as sheriffs, coroners, assessors, surveyors and members of the boards of supervisors, justice court judges and constables, and all other officers to be elected by the people at the general state election. The state officers shall be elected in the manner prescribed in Section 140 of the Constitution.

(2) The state officers * * * who receive a majority of votes cast for the office at the general election shall be elected. If no candidate receives a majority number of votes cast at the election, then the two (2) candidates who receive the highest number of votes cast shall have their names placed on the ballot for the runoff election to be held * * * four (4) weeks later. The candidate who receives a majority of the votes cast in the runoff election shall be elected. However, if no candidate receives a majority vote cast at the election, and there is a tie in the election of those receiving the next highest vote, then those candidates receiving the next highest vote and the candidate receiving the highest number of votes cast shall have their names placed on the ballot for the runoff election to be held * * * four (4) weeks later, and whoever receives the majority of votes cast in the runoff election shall be elected. If it appears that two (2) or more candidates for state office have an equal number of votes after the runoff election, the interested candidates shall appear before the Chief Justice of the Mississippi Supreme Court within two (2) days after the canvass and the tie shall be determined by a toss of a coin or by lot fairly and publicly drawn, and a certificate of election shall be given accordingly.

SECTION 3. Section 23-15-213, Mississippi Code of 1972, is amended as follows:

[Until December 31, 2027, this section shall read as follows:

While engaged in their duties, the commissioners shall be conservators of the peace in the county, with all the duties and powers of such.

(2) (a) At the general election in 2024 and every four (4) years thereafter, the qualified electors of the board of supervisors' Districts One, Three and Five shall elect in their district one (1) election commissioner.

(b) At the general election in * * * 2027, the qualified electors of the board of supervisors' Districts Two and Four shall elect in their district one (1) election commissioner who shall serve for a term of three (3) years.

23-15-213. (1) There shall be elected five (5) election commissioners for each county whose terms of office shall commence on the first Monday of January following their election and who shall serve for a term of four (4) years. Each of the commissioners shall be required to attend a training seminar provided by the Secretary of State and satisfactorily complete a skills assessment, and before acting, shall take and subscribe the oath of office prescribed by the Constitution. The oath shall be filed

in the office of the clerk of the chancery court. Upon filing the oath of office, the election commissioner may be provided access to the Statewide Elections Management System for the purpose of performing his or her duties. Such skills assessment shall only be required once every four (4) years. While engaged in their duties, the commissioners shall be conservators of the peace in the county, with all the duties and powers of such.

(2) (a) At the general election in 2028 and every four (4) years thereafter, the qualified electors of the board of supervisors' Districts One, Three and Five shall elect in their district one (1) election commissioner.

(b) At the general election in 2030 and every four (4) years thereafter, the qualified electors of the board of supervisors' Districts Two and Four shall elect in their district one (1) election commissioner.

(c) No more than one (1) commissioner shall be a resident of and reside in each supervisor's district of the county; it being the purpose of this section that the county board of election commissioners shall consist of one (1) person from each supervisor's district of the county and that each commissioner be elected from the supervisor's district in which he or she resides.

(3) Candidates for county election commissioner shall qualify by filing with the clerk of the board of supervisors of their respective counties a petition personally signed by not less than fifty (50) qualified electors of the supervisor's district in which they reside, requesting that they be a candidate, by 5:00 p.m. not later than February 1 of the year in which the election occurs and unless the petition is filed within the required time, their names shall not be placed upon the ballot.

(4) The names of candidates for the office of election commissioner who appear on the ballot at the general election shall be grouped together on a separate portion of the ballot and clearly identified as nonpartisan. The names of all candidates for the office of election commissioner shall be listed in alphabetical order on any ballot, and no reference to political party affiliation shall appear on any ballot with respect to the nonpartisan office of election commissioner or the candidate for the nonpartisan office of election commissioner.

(5) The petition shall have attached thereto a certificate of the county registrar showing the number of qualified electors on each petition, which shall be furnished by the registrar on request. The board shall determine the sufficiency of the petition, and if the petition contains the required number of signatures and is filed within the time required, the president of the board shall verify that the candidate is a resident of the supervisor's district in which he or she seeks election and that the candidate is otherwise qualified as provided by law, and shall certify that the candidate is qualified to the chair or secretary of the county election commission and the names of the candidates shall be placed upon the ballot for the ensuing election. No county election commissioner shall serve or be considered as elected until he or she has received a majority of the votes cast for the position or post for which he or she is a candidate. If a majority vote is not received in the first election, then the two (2) candidates receiving the most votes for each position or post shall be placed upon the ballot for a second election to be held four (4) weeks later in accordance with appropriate procedures followed in other elections involving runoff candidates.

(6) In the first meeting in January of each year, the county election commissioners shall organize by electing a chair and a secretary, who shall serve a one-year term. The county election commissioners shall provide the names of the chair and secretary to the Secretary of State and provide notice of any change in officers which may occur during the year.

(7) It shall be the duty of the chair to have the official ballot printed and distributed at each general or special election.

SECTION 4. Section 23-15-833, Mississippi Code of 1972, is amended as follows:

23-15-833. Except as otherwise provided by law, the first Tuesday after the first Monday in November of each year shall be designated the regular special election day, and on that day an election shall be held to fill any vacancy in county, county district, and district attorney elective offices, and any vacancy in the office of circuit judge or chancellor.

All special elections, or elections to fill vacancies, shall in all respects be held, conducted and returned in the same manner as general elections, except that where no candidate receives a majority of the votes cast in the election, a runoff election shall be held * * * four (4) weeks after the election. The two (2) candidates who receive the highest popular votes for the office shall have their names submitted as the candidates to the runoff and the candidate who leads in the runoff election shall be elected to the office. When there is a tie in the first election of those receiving the next highest vote, these two (2) and the one receiving the highest vote, none having received a majority, shall go into the runoff election and whoever leads in the runoff election shall be entitled to the office.

In those years when the regular special election day shall occur on the same day as the general election, the names of candidates in any special election and the general election shall be placed on the same ballot, but shall be clearly distinguished as general election candidates or special election candidates. At any time a special election is held on the same day as a party primary election, the names of the candidates in the special election may be placed on the same ballot, but shall be clearly distinguished as special election candidates or primary election candidates.

SECTION 5. Section 23-15-981, Mississippi Code of 1972, is amended as follows:

23-15-981. If two (2) or more candidates qualify for judicial office, the names of those candidates shall be placed on the general election ballot. If any candidate for such an office receives a majority of the votes cast for such office in the general election, he shall be declared elected. If no candidate for such office receives a majority of the votes cast for such office in the general election, the names of the two (2) candidates receiving the highest number of votes for such office shall be placed on the ballot for a second election to be held * * * four (4) weeks later in accordance with appropriate procedures followed in other elections involving runoff candidates.

SECTION 6. Section 23-15-1031, Mississippi Code of 1972, is amended as follows:

Each year in which a presidential election is held, the congressional primary shall be held as provided in Section 23-15-1081. The election shall be held in all districts of the state on the same day. Candidates for United States Senator shall be nominated at the congressional primary next preceding the general election at which a senator is to be elected and in the same manner that congressmen are nominated. The chair and secretary of the state executive committee shall certify the vote for United States Senator to the Secretary of State in the same manner that county executive committees certify the returns of counties in general state and county primary elections.

SECTION 7. Section 23-15-1083, Mississippi Code of 1972, is amended as follows:

23-15-1083. Beginning in 1988, as an alternative to the congressional primary election date set forth in Section 23-15-1031, when a political party elects to conduct a presidential preference primary, the first primary election for congressmen, and senators, if senators are to be elected, shall be held on the second Tuesday in March, and the second primary, when one is necessary, shall be held * * * four (4) weeks thereafter, and the election shall be held in all districts of the state on the same day.

Where there are less than one hundred (100) qualified electors in said supervisors district, it

shall only be required that said petition of nomination be signed by at least twenty percent (20%) of the qualified electors of such supervisors district. The candidate in each supervisors district who receives the majority of votes cast in the district shall be declared elected. If no candidate receives a majority of the votes cast at the election, a runoff shall be held between the two (2) candidates receiving the highest number of votes in the first election. The runoff election, in the event that such is necessary, shall be held * * * four (4) weeks after the first election.

When any member of the county board of education is to be elected from the county at large under the provisions of this chapter, then the petition required by the preceding paragraph hereof shall be signed by the required number of qualified electors residing in any part of the county outside of the territory embraced within a municipal separate school district or special municipal separate school district. The candidate who receives the majority of votes cast in the election shall be declared elected. If no candidate receives a majority of the votes cast at the election, a runoff shall be held between the two (2) candidates receiving the highest number of votes in the first election. In no case shall any qualified elector residing within a municipal separate school district or special municipal separate school district be eligible to sign a petition of nomination for any candidate for the county board of education under any of the provisions of this section.

SECTION 9. Section 37-7-215, Mississippi Code of 1972, is amended as follows:

37-7-215. All such elections shall be held on the first Tuesday after the first Monday in November of each year and in the same manner as general state and county elections are held and conducted. In the event a runoff is necessary the runoff shall be held * * * four (4) weeks thereafter.

SECTION 10. Section 37-7-217, Mississippi Code of 1972, is amended as follows:

37-7-217. (1) The county election commissioners shall indicate on the ballot which of the persons whose names appear thereon are candidates for a full term, and which of such persons, if any, are candidates for an unexpired term or terms.

(2) The qualified electors of each school district operating under Section 37-7-215 shall vote on the date specified in that section and at the special trustee election districts.

(3) A person elected shall assume the duties of his office for the full term on the first day of January if the election is for the full term. A person elected to an unexpired term shall assume office immediately.

(4) The county election commissioners shall forthwith certify the results of the election to the superintendent of the municipal separate or special municipal separate school district, as the case may be, which certificate shall be delivered to such superintendent within five (5) days following the first election.

(5) If a person does not receive a majority of the votes cast at the election, a runoff shall be held between the two (2) persons receiving the highest number of votes at the first election. In the event a runoff is necessary, the runoff shall be held four (4) weeks thereafter.

SECTION 11. Section 37-7-227, Mississippi Code of 1972, is amended as follows:

37-7-227. (1) The county election commissioners shall indicate on the ballot which of the persons whose names appear thereon are candidates for a full term, and which of such persons, if any, are candidates for an unexpired term or terms. The candidate who receives a majority of the votes cast, either for a full term or for an unexpired term or terms, as indicated on the ballot, shall be declared elected, and the person or persons elected to a full term shall assume the duties of his office on the first day of January of the year following such election. The person or persons elected to an unexpired term(s) shall assume office immediately. If no candidate receives a majority of the votes cast at the election, a runoff shall be held in the same manner * * * four (4) weeks after the election between the two (2) candidates receiving the highest number of votes upon the first ballot.

(2) Notwithstanding any other provision of law, if an election for school board trustees occurs on a Tuesday, during a general election, any runoff for such election shall occur * * * four (4) weeks after the election.

SECTION 12. Section 37-7-711, Mississippi Code of 1972, is amended as follows:

37-7-711. In all such special municipal separate school districts which may be so organized, reorganized or reconstituted to embrace the entire county in which the majority of the inhabitants of the county reside outside the corporate limits of the municipality, the name of any qualified elector who is a candidate for the board of trustees of such special municipal separate school district, whether such person be a candidate for an unexpired term or for a full term, shall be placed on the ballot used in the elections, provided that the candidate files with the county election commissioners, not more than ninety (90) days and not less than sixty (60) days prior to the date of such general election, a petition of nomination signed by not less than fifty (50) qualified electors of the county. Where there are less than one hundred (100) qualified electors in said area represented by the trustee, it shall only be required that said petition of nomination be signed by at least twenty percent (20%) of the qualified electors in said area. However, in any such special municipal separate school district which embraces the entire county and which borders the Mississippi River and in which Interstate Highway 20 and United States Highway 61 intersect and having a population in excess of forty-seven thousand (47,000) according to the 1990 federal decennial census, the candidate shall be required to file a petition of nomination with the county election commissioners not less than sixty (60) days prior to the date of such general election, in addition to the other requirements prescribed herein.

The candidate in each election who receives the majority of votes cast in the election shall be declared to have been elected. If no candidate receives a majority of the votes cast at the election, a runoff shall be held between the two (2) candidates receiving the highest number of votes in the first election. The runoff election, in the event that such is necessary, shall be held * * * four (4) weeks after the first election.

SECTION 13. (1) Ranked choice voting, also known as instant runoff voting, is prohibited in statewide, county, local, municipal and school district elections in the State of Mississippi.

(2) Any voting method that allows electors to rank candidates for an office in order of preference and has ballots cast that will be tabulated in multiple rounds following the elimination of a candidate until a single candidate attains a majority shall not be used in determining the election or nomination of any candidate for elective office in this state, including elective offices for any county, municipality, school district, state or federal office.

(3) Any existing or future ordinance or policy enacted or adopted by a county, municipality, school district, or any other local governmental entity that conflicts with this section is void on and after July 1, 2024.

(4) This section shall not apply to electors who are entitled to vote absentee ballot under the federal Uniformed and Overseas Citizens Absentee Voting Act, 52 USC Section 20301 et seq., as amended.

SECTION 14. This act shall take effect and be in force from and after January 1, 2025.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2424: Absentee ballots; voters can cure ballots declared defective due to signature issues.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 23-15-639, Mississippi Code of 1972, is amended as follows:

23-15-639. (1) The examination and counting of all absentee ballots shall be conducted as follows:

(a) At the opening of the regular balloting and at the opening of the polls, the resolution board established under Section 23-15-523 and trained in the process of canvassing absentee ballots shall first take the envelopes containing the absentee ballots of such electors from the secure location at the circuit clerk's office, and the name, address and precinct inscribed on each envelope shall be announced by the election managers.

(b) The signature on the application shall then be compared with the signature on the back of the envelope. If it corresponds and the affidavit, if one is required, is sufficient and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall then be opened and the ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(c) When a voter's absentee ballot is rejected because the signatures on the application and the envelope do not correspond, the registrar shall notify the voter within one (1) business day of the voter's absentee ballot having been tentatively rejected because the signature on the application does not correspond with the signature on the envelope. The notice shall inform the voter about the process of curing the deficiency and that if the voter does not cure the signatures by 12:00 p.m. on the fifth business day after the election, then the voter's ballot shall be rejected. Notice to the voter shall be made using the contact information that the voter provided on his or her absentee ballot application. The absentee cure form shall be transmitted to the voter via email or facsimile; however, if neither are available, then the form shall be transmitted by first-class mail to the voter. The form of the notice and the absentee cure form shall be provided for in rules and regulations prescribed by the Secretary of State.

(* * *d) Having observed and found the ballot to be regular as far as can be observed from its official endorsement, the resolution board shall deposit it in the ballot box with the other ballots before counting any ballots and enter the voter's name in the receipt book provided for that purpose. All absentee ballots received prior to 7:00 p.m. the day before the election shall be counted in the registrar's office by the resolution board when the polls close and then added to the votes cast in each precinct. All absentee ballots received after 7:00 p.m. the day before the election but not later than the fifth business day after the election shall be processed by the resolution board.

(2) The resolution board shall also take such action as may be prescribed by the Secretary of State to ensure compliance with the identification requirements of Section 23-15-563.

(3) The resolution board shall process the absentee ballots using the procedure provided in subsection (1) of this section.

SECTION 2. Section 23-15-641, Mississippi Code of 1972, is amended as follows:

23-15-641. (1) For all absentee votes received by mail, if an affidavit or the certificate of the officer before whom the affidavit is taken is required and such affidavit or certificate is found to be insufficient, or if it is found that the signatures do not correspond and the voter has not cured his or her ballot as provided in Section 23-15-639, or that the applicant is not a duly qualified elector in the precinct, or otherwise qualified to vote, or that the ballot envelope is open or has been opened and resealed, or the voter is not eligible to vote absentee, the previously cast vote shall not be allowed. Without opening the voter's envelope the resolution board shall mark across its face "REJECTED", with the reason therefor.

(2) For all absentee votes received by mail, if the ballot envelope contains more than one (1) ballot of any kind, the ballot shall not be counted but shall be marked "REJECTED", with the reason therefor, and the registrar shall promptly notify the voter of such rejection. The voter's envelopes and affidavits, and the voter's envelope with its contents unopened, when such vote is rejected, shall be retained and preserved in the same manner as other ballots at the election. Such votes may be challenged in the same manner and for the same reasons that any other vote cast in such election may be challenged.

(3) If an affidavit is required and the officials find that the affidavit is insufficient, or if the officials find that the absentee voter is otherwise disqualified to vote, the envelope shall not be opened and a commissioner or executive committee member shall write across the face of the envelope "REJECTED" giving the reason therefor, and the registrar shall promptly notify the voter of such rejection.

(4) The ballots marked "REJECTED" shall be placed in a separate envelope in the secure ballot transfer case and delivered to the officials in charge of conducting the election at the central tabulation point of the county.

(5) All electors voting absentee shall be provided with written information to inform the person how to ascertain whether his or her ballot was counted and, if rejected, the reason therefor.

SECTION 3. Section 23-15-627, Mississippi Code of 1972, is amended as follows:

23-15-627. Any elector described in Section 23-15-713 may request an absentee ballot application and vote in person at the office of the registrar in the county in which he or she resides. The registrar shall be responsible for furnishing an absentee ballot application form to any elector authorized to receive an absentee ballot. Except as otherwise provided in Section 23-15-625, absentee ballot applications shall be furnished to a person only upon the oral or written request of the elector who seeks to vote by absentee ballot; however, the parent, child, spouse, sibling, legal guardian, those empowered with a power of attorney for that elector's affairs or agent of the elector, who is designated in writing and witnessed by a resident of this state who shall write his or her physical address on such designation, may orally request an absentee ballot application on behalf of the elector. The written designation shall be valid for one (1) year after the date of the designation. An absentee ballot application must have the seal of the circuit or municipal clerk affixed to it and be initialed by the registrar or his or her deputy in order to be used to obtain an absentee ballot. A reproduction of an absentee ballot application shall not be valid unless it is a reproduction provided by the office of the registrar of the jurisdiction in which the election is being held and which contains the seal and initials required by this section. Such application shall be substantially in the following form:

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 844: State Parole Board; require to solicit recommendations from and provide notification to certain individuals before parole hearing.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 47-7-17, Mississippi Code of 1972, is amended as follows:

47-7-17. (1) Within one (1) year after his admission and at such intervals thereafter as it may determine, the board shall secure and consider all pertinent information regarding each offender, except any under sentence of death or otherwise ineligible for parole, including the circumstances of his offense, his previous social history, his previous criminal record, including any records of law enforcement agencies or of a youth court regarding that offender's juvenile criminal history, his conduct, employment and attitude while in the custody of the department, the case plan created to prepare the offender for parole, and the reports of such physical and mental examinations as have been made. The board shall furnish at least three (3) months' written notice to each such offender of the date on which he is eligible for parole.

(2) Except as provided in Section 47-7-18, the board shall require a parole-eligible offender to have a hearing as required in this chapter before the board and to be interviewed. The hearing shall be held no later than thirty (30) days prior to the month of eligibility. No application for parole of a person convicted of a capital offense shall be considered by the board unless and until notice of the filing of such application shall have been published at least once a week for two (2) weeks in a newspaper published in or having general circulation in the county in which the crime was committed. The board shall, within thirty (30) days prior to the scheduled hearing, also give notice of the filing of the application for parole to the victim of the offense for which the prisoner is incarcerated and being considered for parole or, in case the offense be homicide, a designee of the immediate family of the victim, provided the victim or designated family member has furnished in writing a current address to the board for such purpose. The victim or designated family member shall be provided an opportunity to be heard by the board before the board makes a decision regarding release on parole. The board shall consider whether any restitution ordered has been paid in full. Parole release shall, at the hearing, be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. An offender shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. When the board determines that the offender will need transitional housing upon release in order to improve the likelihood of the offender becoming a law-abiding citizen, the board may parole the offender with the condition that the inmate spends no more than six (6) months in a transitional reentry center. At least fifteen (15) days prior

to the release of an offender on parole, the director of records of the department shall give the written notice which is required pursuant to Section 47-5-177. Every offender while on parole shall remain in the legal custody of the department from which he was released and shall be amenable to the orders of the board. Upon determination by the board that an offender is eligible for release by parole, notice shall also be given within at least fifteen (15) days before release, by the board to the victim of the offense or the victim's family member, as indicated above, regarding the date when the offender's release shall occur, provided a current address of the victim or the victim's family member has been furnished in writing to the board for such purpose.

(3) For any hearing where an offender has been convicted of a crime of violence, as set out under Section 97-3-2 or any offense set out under Section 47-7-3(1)(a) through (g), the board shall, within thirty (30) days prior to the scheduled hearing, solicit the written or oral recommendations of the Attorney General, the attorney who prosecuted the case, the judge who presided over the case, the chief of police of the municipality where the offender was convicted and the sheriff of the county where the offender was convicted.

(4) The board shall, within thirty (30) days prior to the scheduled hearing, also give written or electronic notice of the filing of the application for parole to the attorney who prosecuted the case, the judge who presided over the case, the chief of police of the municipality where the offender was convicted and the sheriff of the county where the offender was convicted.

(5) If the attorney who prosecuted the case or the judge who presided over the case is not living or serving, solicitation for recommendations under subsection (3) and notice under subsection (4) shall be given to the district attorney and one of the judges of the court in which the offender was convicted.

(** *6) Failure to provide notice to the victim or the victim's family member of the filing of the application for parole or of any decision made by the board regarding parole shall not

constitute grounds for vacating an otherwise lawful parole determination nor shall it create any right or liability, civilly or criminally, against the board or any member thereof.

(** *7) A letter of protest against granting an offender parole shall not be treated as the conclusive and only reason for not granting parole.

(** *8) The board may adopt such other rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of offenders for parole, the conduct of parole hearings, or conditions to be imposed upon parolees, including a condition that the parolee submit, as provided in Section 47-5-601 to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States. The board shall have the authority to adopt rules related to the placement of certain offenders on unsupervised parole and for the operation of transitional reentry centers. However, in no case shall an offender be placed on unsupervised parole before he has served a minimum of fifty percent (50%) of the period of supervised parole.

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 47-7-17, MISSISSIPPI CODE OF 1972, TO REQUIRE THE MISSISSIPPI STATE PAROLE BOARD TO SOLICIT RECOMMENDATIONS FROM CERTAIN INDIVIDUALS BEFORE A PAROLE HEARING WHENEVER SUCH HEARING IS FOR ANY OFFENDER WHO HAS BEEN CONVICTED OF CERTAIN CRIMES OF VIOLENCE; TO REQUIRE THE MISSISSIPPI STATE PAROLE BOARD TO NOTIFY CERTAIN INDIVIDUALS WITHIN A SET PERIOD OF TIME BEFORE A PAROLE HEARING; AND FOR RELATED PURPOSES.

to the system.

whatsoever.

(2) Except as otherwise specifically provided by law, it is the further intent of
the Legislature that the nonprofit corporation shall create any additional prison industry
program as it deems fit, and any such program shall be created in compliance with the
provisions of Sections 47-5-531 through 47-5-575.

(3) Except as otherwise specifically provided by law, it is the further intent of
the Legislature that such nonprofit corporation shall have exclusive rights to operate any

or private entity shall be allowed to carry out the provisions of Sections 47-5-531 through 47-5-575.

(4) It is the further intent of the Legislature, that the nonprofit corporation which is required to be organized and formed under Sections 47-5-531 through 47-5-575 shall locate and operate prison industries at any state correctional facility with the approval of the Commissioner of Corrections. It is the intent of the Legislature that the nonprofit corporation locate and operate such industries in an orderly and expeditious manner. Such corporation may locate and operate prison industries at other prison satellites, at community work centers in the state, at any private correctional facility which houses state inmates and at any regional correctional facility as authorized under Section 47-5-931. No industrial prison program shall be located at a site other than state prison facilities approved by the commissioner.

SECTION 7. Section 47-5-537, Mississippi Code of 1972, is brought forward as follows:

A petition for parole eligibility consideration pursuant to this subparagraph (iv) shall be filed in the original criminal cause or causes, and the offender shall serve an executed copy of the petition on the District Attorney. The court may, in its discretion, require the District Attorney to respond to the petition.

(2) The State Parole Board shall, by rules and regulations, establish a method of determining a tentative parole hearing date for each eligible offender taken into the custody of the Department of Corrections. The tentative parole hearing date shall be determined within ninety (90) days after the department has assumed custody of the offender. Except as provided in Section 47-7-18, the parole hearing date shall occur when the offender is within thirty (30) days of the month of his parole eligibility date. Any parole eligibility date shall not be earlier than as required in this section.

(3) Notwithstanding any other provision of law, an inmate shall not be eligible to receive earned time, good time or any other administrative reduction of time which shall reduce the time necessary to be served for parole eligibility as provided in subsection (1) of this section.

(4) Any inmate within forty-eight (48) months of his parole eligibility date and who meets the criteria established by the classification board shall receive priority for placement in any educational development and job-training programs that are part of his or her parole case plan. Any inmate refusing to participate in an educational development or job-training program, including, but not limited to, programs required as part of the case plan, shall be in jeopardy of noncompliance with the case plan and may be denied parole.

(5) In addition to other requirements, if an offender is convicted of a drug or driving under the influence felony, the offender must complete a drug and alcohol rehabilitation program prior to parole, or the offender shall be required to complete a post release drug and alcohol program as a condition of parole.

(6) Except as provided in subsection (1)(a) through (h) of this section, all other persons shall be eligible for parole after serving twenty-five percent (25%) of the sentence or sentences imposed by the trial court, or, if sentenced to thirty (30) years or more, after serving ten (10) years of the sentence or sentences imposed by the trial court.

(7) The Corrections and Criminal Justice Oversight Task Force established in Section 47-5-6 shall develop and submit recommendations to the Governor and to the Legislature annually on or before December 1st concerning issues relating to juvenile and habitual offender parole reform and to review and monitor the implementation of Chapter 479, Laws of 2021.

(8) The amendments contained in Chapter 479, Laws of 2021, shall apply retroactively from and after July 1, 1995.

(9) Notwithstanding provisions to the contrary in this section, a person who was sentenced before July 1, 2021, may be considered for parole if the person's sentence would have been parole eligible before July 1, 2021.

(10) This section shall stand repealed on July 1, *** 2027.

SECTION 3. Section 47-7-5, Mississippi Code of 1972, is amended as follows:

Each member of the board shall complete annual training developed based on guidance from the National Institute of Corrections, the Association of Paroling Authorities International, or the American Probation and Parole Association. Each first-time appointee of the board shall, within sixty (60) days of appointment, or as soon as practical, complete training for first-time Parole Board members developed in consideration of information from the National Institute of Corrections, the Association of Paroling Authorities International, or the American Probation and Parole Association.

(3) The board shall have exclusive responsibility for the granting of parole as provided by Sections 47-7-3 and 47-7-17 and shall have exclusive authority for revocation of the same. The board shall have exclusive responsibility for investigating clemency recommendations upon request of the Governor.

(4) The board, its members and staff, shall be immune from civil liability for any official acts taken in good faith and in exercise of the board's legitimate governmental authority.

(5) The budget of the board shall be funded through a separate line item within the general appropriation bill for the support and maintenance of the department. Employees of the department which are employed by or assigned to the board shall work under the guidance and supervision of the board. There shall be an executive secretary to the board who shall be responsible for all administrative and general accounting duties related to the board. The executive secretary shall keep and preserve all records and papers pertaining to the board.

(6) The board shall have no authority or responsibility for supervision of offenders granted a release for any reason, including, but not limited to, probation, parole or executive clemency or other offenders requiring the same through interstate compact agreements. The supervision shall be provided exclusively by the staff of the Division of Community Corrections of the department.

(7) (a) The Parole Board is authorized to select and place offenders in an electronic monitoring program under the conditions and criteria imposed by the Parole Board. The conditions, restrictions and requirements of Section 47-7-17 and Sections 47-5-1001 through 47-5-1015 shall apply to the Parole Board and any offender placed in an electronic monitoring program by the Parole Board.

(b) Any offender placed in an electronic monitoring program under this subsection shall pay the program fee provided in Section 47-5-1013. The program fees shall be deposited in the special fund created in Section 47-5-1007.

(c) The department shall have absolute immunity from liability for any injury resulting from a determination by the Parole Board that an offender be placed in an electronic monitoring program.

(8) (a) The Parole Board shall maintain a central registry of paroled inmates. The Parole Board shall place the following information on the registry: name, address, photograph, crime for which paroled, the date of the end of parole or flat-time date and other information deemed necessary. The Parole Board shall immediately remove information on a parolee at the end of his parole or flat-time date.

(b) When a person is placed on parole, the Parole Board shall inform the parolee of the duty to report to the parole officer any change in address ten (10) days before changing address.

(c) The Parole Board shall utilize an Internet website or other electronic means to release or publish the information.

(d) Records maintained on the registry shall be open to law enforcement agencies and the public and shall be available no later than July 1, 2003.

(9) An affirmative vote of at least four (4) members of the Parole Board shall be required to grant parole to an inmate convicted of capital murder or a sex crime.

(10) This section shall stand repealed on July 1, * * * 2027.

SECTION 4. Section 47-7-3.1, Mississippi Code of 1972, is brought forward as follows:

47-7-3.1. (1) In consultation with the Parole Board, the department shall develop a case plan for all parole-eligible inmates to guide an inmate's rehabilitation while in the department's custody and to reduce the likelihood of recidivism after release.

(2) The case plan shall include, but not be limited to:

(a) Programming and treatment requirements based on the results of a risk and needs assessment;

(b) Any programming or treatment requirements contained in the sentencing order; and

(c) General behavior requirements in accordance with the rules and policies of the department.

(3) With respect to parole-eligible inmates admitted to the department's custody on or after July 1, 2021, the department shall complete the case plan within ninety (90) days of admission. With respect to parole-eligible inmates admitted to the department's custody before July 1, 2021, the department shall complete the case plan by January 1, 2022.

(4) The department shall provide the inmate with a written copy of the case plan and the inmate's caseworker shall explain the conditions set forth in the case plan.

(a) Within ninety (90) days of admission, the caseworker shall notify the inmate of their parole eligibility date as calculated in accordance with Section 47-7-3(3);

(b) At the time a parole-eligible inmate receives the case plan, the department shall send the case plan to the Parole Board for approval.

(5) With respect to parole-eligible inmates admitted to the department's custody after July 1, 2021, the department shall ensure that the case plan is achievable prior to the inmate's parole eligibility date. With respect to parole-eligible inmates admitted to the department's custody before July 1, 2021, the department shall, to the extent possible, ensure that the case plan is achievable prior to the inmate's parole eligibility date or next parole hearing date, or date of release, whichever is sooner.

(6) The caseworker shall meet with the inmate every eight (8) weeks from the date the offender received the case plan to review the inmate's case plan progress.

(7) Every four (4) months the department shall electronically submit a progress report on each parole-eligible inmate's case plan to the Parole Board. The board may meet to review an inmate's case plan and may provide written input to the caseworker on the inmate's progress toward completion of the case plan.

(8) The Parole Board shall provide semiannually to the Oversight Task Force the number of parole hearings held, the number of prisoners released to parole without a hearing and the number of parolees released after a hearing.

(9) If the Department of Corrections fails to adequately provide opportunity and access for the completion of such case plans, the Department of Corrections shall, to the extent possible, contract with regional jail facilities that offer educational development and job-training programs to facilitate the fulfillment of the case plans of parole-eligible inmates.

SECTION 5. Section 47-7-3.2, Mississippi Code of 1972, is brought forward as follows:

47-7-3.2. (1) Notwithstanding Section 47-5-138, 47-5-139, 47-5-138.1 or 47-5-142, no person convicted of a criminal offense on or after July 1, 2014, shall be released by the department until he or she has served no less than the percentage of the sentence or sentences imposed by the court as set forth below:

(a) Twenty-five percent (25%) or ten (10) years, whichever is less, for a nonviolent crime;

(b) Fifty percent (50%) or twenty (20) years, whichever is less, for a crime of violence pursuant to Section 97-3-2, except for robbery with a deadly weapon as defined in Section 97-3-79, drive-by shooting as defined in Section 97-3-109, or carjacking as defined in Section 97-3-117;

(c) Sixty percent (60%) or twenty-five (25) years, whichever is less, for robbery with a deadly weapon as defined in Section 97-3-79, drive-by shooting as defined in Section 97-3-109, or carjacking as defined in Section 97-3-117.

(2) This section shall not apply to:

(a) Offenders sentenced to life imprisonment;

(b) Offenders convicted as habitual offenders pursuant to Sections 99-19-81 through 99-19-87;

(c) Offenders serving a sentence for a sex offense; or

(d) Offenders serving a sentence for trafficking pursuant to Section 41-29-139(f).

SECTION 6. Section 47-7-15, Mississippi Code of 1972, is brought forward as follows:

47-7-15. The board shall adopt an official seal of which the courts shall take judicial notice. Decisions of the board shall be made by majority vote, except as provided in Section 47-7-5(9).

The board shall keep a record of its acts and shall notify each institution of its decisions relating to the persons who are or have been confined therein. At the close of each fiscal year the board shall submit to the Governor and to the Legislature a report with statistical and other data of its work.

SECTION 7. Section 47-7-17, Mississippi Code of 1972, is brought forward as follows:

47-7-17. (1) Within one (1) year after his admission and at such intervals thereafter as it may determine, the board shall secure and consider all pertinent information regarding each offender, except any under sentence of death or otherwise ineligible for parole, including the circumstances of his offense, his previous social history, his previous criminal record, including any records of law enforcement agencies or of a youth court regarding that offender's juvenile criminal history, his conduct, employment and attitude while in the custody of the department, the case plan created to prepare the offender for parole, and the reports of such physical and mental examinations as have been made. The board shall furnish at least three (3) months' written notice to each such offender of the date on which he is eligible for parole.

(2) Except as provided in Section 47-7-18, the board shall require a parole-eligible offender to have a hearing as required in this chapter before the board and to be interviewed. The hearing shall be held no later than thirty (30) days prior to the month of eligibility. No application for parole of a person convicted of a capital offense shall be considered by the board unless and until notice of the filing of such application shall have been published at least once a week for two (2) weeks in a newspaper published in or having general circulation in the county in which the crime was committed. The board shall, within thirty (30) days prior to the scheduled hearing,

also give notice of the filing of the application for parole to the victim of the offense for which the prisoner is incarcerated and being considered for parole or, in case the offense be homicide, a designee of the immediate family of the victim, provided the victim or designated family member has furnished in writing a current address to the board for such purpose. The victim or designated family member shall be provided an opportunity to be heard by the board before the board makes a decision regarding release on parole. The board shall consider whether any restitution ordered has been paid in full. Parole release shall, at the hearing, be ordered only for the best interest of society, not as an award of clemency; it shall not be considered to be a reduction of sentence or pardon. An offender shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes that he is able and willing to fulfill the obligations of a law-abiding citizen. When the board determines that the offender will need transitional housing upon release in order to improve the likelihood of the offender becoming a law-abiding citizen, the board may parole the offender with the condition that the inmate spends no more than six (6) months in a transitional reentry center. At least fifteen (15) days prior to the release of an offender on parole, the director of records of the department shall give the written notice which is required pursuant to Section 47-5-177. Every offender while on parole shall remain in the legal custody of the department from which he was released and shall be amenable to the orders of the board. Upon determination by the board that an offender is eligible for release by parole, notice shall also be given within at least fifteen (15) days before release, by the board to the victim of the offense or the victim's family member, as indicated above, regarding the date when the offender's release shall occur, provided a current address of the victim or the victim's family member has been furnished in writing to the board for such purpose.

(3) Failure to provide notice to the victim or the victim's family member of the filing of the application for parole or of any decision made by the board regarding parole shall not

constitute grounds for vacating an otherwise lawful parole determination nor shall it create any right or liability, civilly or criminally, against the board or any member thereof.

(4) A letter of protest against granting an offender parole shall not be treated as the conclusive and only reason for not granting parole.

(5) The board may adopt such other rules not inconsistent with law as it may deem proper or necessary with respect to the eligibility of offenders for parole, the conduct of parole hearings, or conditions to be imposed upon parolees, including a condition that the parolee submit, as provided in Section 47-5-601 to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States. The board shall have the authority to adopt rules related to the placement of certain offenders on unsupervised parole and for the operation of transitional reentry centers. However, in no case shall an offender be placed on unsupervised parole before he has served a minimum of fifty percent (50%) of the period of supervised parole.

SECTION 8. Section 47-7-18, Mississippi Code of 1972, is brought forward as follows:

47-7-18 (1) No inmate convicted of a sex offense as defined by Section 45-33-23(h), a crime of violence as defined by Section 97-3-2, or both, nor an inmate who is eligible for geriatric parole shall be released on parole without a hearing before the Parole Board as required by Section 47-7-17. All other inmates eligible for parole pursuant to Section 47-7-3 shall be released from incarceration to parole supervision on the inmate's parole eligibility date, without a hearing before the board, if:

(a) The inmate has met the requirements of the parole case plan established pursuant to Section 47-7-3.1;

(b) A victim of the offense has not requested the board conduct a hearing;

(c) The inmate has not received a serious or major violation report within the past six (6) months;

(d) The inmate has agreed to the conditions of supervision; and

(e) The inmate has a discharge plan approved by the board.

(2) At least thirty (30) days prior to an inmate's parole eligibility date, the department shall notify the board in writing of the inmate's compliance or noncompliance with the case plan. If an inmate fails to meet a requirement of the case plan, prior to the parole eligibility date, he or she shall have a hearing before the board to determine if completion of the case plan can occur while in the community.

(3) Any inmate for whom there is insufficient information for the department to determine compliance with the case plan shall have a hearing with the board.

(4) A hearing shall be held with the board if requested by the victim following notification of the inmate's parole release date pursuant to Section 47-7-17.

(5) A hearing shall be held by the board if a law enforcement official from the community to which the inmate will return contacts the board or the department and requests a hearing to consider information relevant to public safety risks posed by the inmate if paroled at the initial parole eligibility date. The law enforcement official shall submit an explanation documenting these concerns for the board to consider.

(6) If a parole hearing is held, the board may determine the inmate has sufficiently complied with the case plan or that the incomplete case plan is not the fault of the inmate and that granting parole is not incompatible with public safety, the board may then parole the inmate with appropriate conditions. If the board determines that the inmate has sufficiently complied with the case plan but the discharge plan indicates that the inmate does not have appropriate housing immediately upon release, the board may parole the inmate to a transitional reentry center with the condition that the inmate spends no more than six (6) months in the center. If the board determines that the inmate has not substantively complied with the requirement(s) of the case plan it may deny parole. If the board denies parole, the board may schedule a subsequent parole hearing and, if a new date is scheduled, the board shall identify the corrective action the inmate will need to take in order to be granted parole. Any inmate not released at the time of the inmate's initial parole date shall have a parole hearing at least every year.

SECTION 9. This act shall take effect and be in force from and after July 1, 2024.

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

Those applicants deemed qualified shall receive funds that may be used to pay for tuition, books and related fees to pursue their degree. It is the intent of the Legislature that the paid internship program (hereinafter referred to as the "program") shall be used as an incentive for students to develop job-related skills and to encourage careers as rehabilitation specialists or benefits programs specialists at the Mississippi Department of Rehabilitation Services.

(2) In order to be eligible for the program, an applicant must:

Participants shall not accrue personal or major medical leave while they are in the program.

The recipient also shall not be liable for repayment for any money earned during the required summer hours. This money shall be considered earned by the recipient at the federal minimum wage rate.

(b) All paid internship compensation received by the recipient while in school shall be considered earned conditioned upon the fulfillment of the terms and obligations of the paid internship contract and this section. However, no recipient of the paid internship shall accrue personal or major medical leave while the recipient is pursuing junior or senior undergraduate-level year coursework toward a bachelor's degree in a program that qualifies the individual to qualify to become a rehabilitation specialist or a benefit program specialist within the Mississippi Department of Rehabilitation Services. The recipient shall not be liable for liquidated damages.

(c) If the recipient does not work as a rehabilitation specialist or a benefit program specialist at the Mississippi Department of Rehabilitation Services for the period required under subsection (2)(d) of this section, the recipient shall be liable for repayment on demand of the remaining portion of the compensation that the recipient was paid while in the program which has not been unconditionally earned, with interest accruing at ten percent (10%) per annum from the recipient's date of graduation or the date that the recipient last worked at the Mississippi Department of Rehabilitation Services, whichever is the later date.

The scholarship program shall be funded from monies appropriated by the Legislature for that purpose.

(2) For the purposes of Sections 5 through 9 of this act, a "paramedic" means a certified healthcare professional who specializes in providing emergency medical treatment to people who are injured or ill, typically in a setting outside of a hospital.

(b) If any recipient of a grant under the program does not engage in serving as a paramedic in accordance with the terms of Sections 5 through 9 of this act, the recipient shall be obligated to repay the grant amounts received, together with interest thereon at the maximum rate allowed by Mississippi law or the federal discount rate plus five percent (5%) per year, whichever is less, the interest to accrue from the date that each payment of funds was received by the recipient;

SECTION 2. (1) As used in this section and Section 3 of this act, the term "department" means the Administrative Office of Courts.

(2) The department shall not disburse any funds appropriated under this act to any recipient without first: (a) making an individualized determination that the expenditure sought is, in the department's independent judgment, for necessary expenditures eligible under Section 602 of the federal Social Security Act as added by Section 9901 of the federal American Rescue Plan Act of 2021 (ARPA) and its implementing guidelines, guidance, rules, regulations and/or other criteria, as may be amended or supplemented from time-to-time, by the United States Department of the Treasury and (b) determining that the recipient has not received and will not receive reimbursement for the expense in question from any source of funds, including insurance proceeds, other than those funds provided under Section 602 of the federal Social Security Act as added by Section 9901 of ARPA. (k) The person seeking to become an agent/representative of a medical cannabis establishment shall authorize the release of such criminal background checks to the MDOH and shall be responsible for the payment of any fee that the Mississippi Justice Information Center of the Department of Public Safety or the MDOH charges to process fingerprint-based state and national criminal background checks. The Department of Public Safety and the MDOH each may charge and retain a fee not to exceed Sixty Dollars (\$60.00) for each applicant.

(l) The Mississippi Justice Information Center of the Department of Public Safety shall forward to the MDOH all information obtained concerning the applicant. MDOH will not disseminate the information and will only use such information as required to fulfill the purposes of this act.

(2) A medical cannabis establishment may not employ any person who:

(a) Was convicted of a disqualifying felony offense; or

(5) All cultivation, harvesting, processing and packaging of medical cannabis must take place in an enclosed, locked and secure facility with a physical address provided to the MDOH during the licensing and registration process. The facility shall be equipped with locks or other security devices that permit access only by agents of the medical cannabis establishment, emergency personnel or adults who are twenty-one (21) years of age and older and who are accompanied by medical cannabis establishment agents.

(b) Make a diligent effort to verify that the registry identification card presented to the dispensary is valid;

(c) Make a diligent effort to verify that the person presenting the registry identification card is the person identified on the registry identification card presented to the dispensary agent; and

(d) Not believe that the amount of medical cannabis dispensed would cause the person to possess more than the allowable amount of medical cannabis.

(10) A medical cannabis establishment shall not sell more than the allowable amount of medical cannabis to a cardholder. * * * A resident cardholder shall not obtain more than a total of twenty-four (24) MMCEUs of allowable medical cannabis in thirty (30) days from a dispensary or a combination of dispensaries.

The possession limit for resident cardholders of the allowable amount of medical cannabis shall be a total of twenty-eight (28) MMCEUs. There shall not be a possession limit on nonconsumable medical cannabis, including, but not limited to, suppositories, ointments, soaps, and lotions or other topical agents.

(12) A dispensary may not dispense more than the allowable amount of cannabis to a registered qualifying patient or a nonresident cardholder, directly or via a registered designated caregiver. Dispensaries shall ensure compliance with this limitation by maintaining internal, confidential records that include records specifying how much medical cannabis is being dispensed to the registered qualifying patient or

nonresident cardholder and whether it was dispensed directly to a registered qualifying patient, nonresident cardholder or to the registered designated caregiver.

(13) A nonresident cardholder shall not obtain more than a total of six (6) MMCEUs of allowable medical cannabis in a week from a dispensary or a combination of dispensaries. After the first year of employment, these employees shall complete five (5) hours of continuing education in medical cannabis annually to maintain this certification.

(16) Notwithstanding any other provision to the contrary, a patient with a debilitating medical condition who is between eighteen (18) years to twenty-five (25) years of age is not eligible for a medical cannabis registry identification card unless two (2) practitioners from separate medical practices have diagnosed the patient as having a debilitating medical condition after an in-person consultation. One (1) of these practitioners must be a physician or doctor of osteopathic medicine.

If one (1) of the recommending practitioners is not the patient's primary care practitioner, the recommending practitioner shall review the records of a diagnosing practitioner. The requirement that the two (2) practitioners be from separate medical practices does not apply if the patient is homebound or if the patient had a registry identification card before the age of eighteen (18).

(17) Except as otherwise provided in this section, a medical cannabis establishment shall not allow an individual who is younger than twenty-one (21) years old to enter the premises of the establishment unless the individual possesses a registry identification card and is accompanied by his or her legal guardian.

These licensing agencies shall maintain a work registry of all applicants and work permits issued. The fee for a work permit shall be Twenty-five Dollars (\$25.00) and the permit shall be valid for five (5) years. Work permits shall be the property of the employee and shall not be transferable to other employees.

A cannabis cultivation facility shall not cultivate and a cannabis dispensary shall not sell, transfer or provide for consumption plant growth regulator cannabis.

(21) A medical cannabis dispensary shall only make sales to cardholders inside the dispensary. A medical cannabis dispensary shall not sell or otherwise convey medical cannabis to a cardholder through the means of a drive-through, curbside delivery or other delivery outside the premises of the dispensary. Any topical cannabis product that is purchased by a dispensary from a licensed processor, and that is not

ingested by the liver, may be sold to a cardholder or any person over the age of twenty-one (21) years old who is not a cardholder. Such products shall be placed in an area of the dispensary that does not require access with a registry identification card.

(22) Any and all contracts or agreements entered into by the MDOH and MDOR for information technology software, hardware, and/or services for the purpose of implementing and/or operating under the Mississippi Medical Cannabis Act shall include language reasonably limiting the ability of the vendor to escalate the ongoing cost of such software, hardware, and/or services during the term of the contract, including any amendments and/or extensions.

(23) The MDOR and MDOH shall not share the name, address or personal data of a registry identification cardholder to any federal government entity.

SECTION 2. Section 41-137-47, Mississippi Code of 1972, is amended as follows:

41-137-47. (1) * * * The licensing agency is authorized to investigate, either on the basis of complaints filed with it or on its own initiative through compliance visits, reviews or audits, instances of suspected violations of any nature, including, but not limited to:

(a) Performing the duties and requirements set forth for licensees within the relevant statute and regulations;

(b) The providing of false information on an application or renewal for a license, incident to a hearing, or otherwise;

(c) The conviction of a licensee of a felony;

(d) The misappropriation of funds; and

(e) The inversion or diversion of medical cannabis or medical cannabis products, or of any other matter reflecting unfavorably upon the holder of a license under the act.

(2) On the basis of information developed during such an investigation, the licensing agency may exercise any number of compliance actions including:

(a) To revoke, suspend or refuse to renew any license issued by the licensing agency;

(b) Deny an application for a license; or

(c) Reprimand, fine and/or take any other actions in relation to a license, as the licensing agency may deem proper under the circumstances.

(3) The licensing agency may deny the application of any applicant who fails to meet the qualifications for obtaining such license under this chapter or any rules and regulations under this chapter.

(4) Whenever the results of such an investigation are filed, the licensee may request an administrative hearing on the matter. If a licensee or applicant wishes to appeal the licensing agency's decision, the licensee or applicant shall file its administrative appeal within twenty (20) days of receipt of the initial notice.

If such a hearing is requested, the licensing agency shall set a day for a hearing and shall notify the licensee that on the day fixed for hearing he or she may appear so that an administrative hearing may take place. The licensing agency shall then conduct a hearing on the record pursuant to the licensing agency's rules and regulations governing such hearings, at which time the burden shall be on the licensee or applicant to prove that the agency's decision was:

(a) Unsupported by substantial evidence;

(b) Arbitrary or capricious;

(c) Beyond the power of the administrative agency to make; or

(d) Violated some statutory or constitutional right of the aggrieved

party.

If the licensee or applicant fails to appeal the initial notice within the prescribed time, the decision becomes final and cannot be further appealed.

(5) In cases where violations of this chapter have been substantiated, the licensing agency may assess a monetary penalty or recoupment of costs for those reasonable costs that are expended by the licensing agency in the investigation and conduct of a proceeding for the compliance issue that is the subject matter of the hearing, including, but not limited to, the costs of process service, court reporters, expert witnesses and investigations. The licensing agency shall determine the amount of

investigative fees and costs owed by a licensee based on an itemized accounting after the investigation has been officially completed and a final determination or action has been determined. Upon final determination or action, the licensing agency shall give to the licensee an itemized accounting of the investigative fees and costs incurred. The licensing agency may recommend denial of, or refusal to take final action to approve the renewal of a licensee unless all investigative fees and costs have been paid in full by the licensee.

(** *6) The licensing agency shall provide its initial notice of suspension, revocation, fine or other sanction by personal delivery or mailing by certified mail, signature required, to the medical cannabis establishment at the address on the registration certificate. A suspension shall not be for a longer period than six (6) months. The licensing agency shall provide its initial notice of denial by personal delivery, mailing by certified mail, signature required, or by electronic mail to the applicant at the physical or electronic address listed in its application.

(** *7) A medical cannabis establishment may continue to possess and cultivate cannabis as otherwise authorized to do so under its license during a suspension, but it may not dispense, transfer or sell cannabis.

(** *8) The MDOH shall immediately revoke the registry identification card of any cardholder who sells or otherwise transfers medical cannabis to a person or other entity, and the cardholder shall be disqualified from further participation in the medical cannabis program under this chapter.

(** *9) Except as otherwise provided in subsection (** *8) of this section, the MDOH may revoke the registry identification card of any cardholder who knowingly commits a violation of this chapter.

(** *10) The hearing decision of the agency on a denial, revocation, suspension or fine is a final decision of the applicable agency subject to judicial review in accordance with Section 41-137-59.

(** *11) No license issued by the MDOH or MDOR shall be transferred by the license holder to any other person or entity except with the written consent of the applicable licensing agency.

(** *12) Any ongoing investigation by a licensing agency under this section shall be considered confidential and exempt from disclosure under the Mississippi Public Records Act of 1983, Sections 25-61-1 through 25-61-17.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 4. Section 23-15-639, Mississippi Code of 1972, is amended as follows:

23-15-639. (1) The examination and counting of all absentee ballots shall be conducted as follows:

(a) At the opening of the regular balloting and at the opening of the polls, the resolution board established under Section 23-15-523 and trained in the process of canvassing absentee ballots shall first take the envelopes containing the absentee ballots of such electors from the secure location at the * * * registrar's office, and the name, address and precinct inscribed on each envelope shall be announced by the * * * resolution board.

(b) (i) For absentee ballots that were received by mail, the signature on the application shall then be compared with the signature in the box on the back of the envelope. If it corresponds and the affidavit, if one is required, is sufficient and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall then be opened and the ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(ii) For absentee ballots that were cast in person in the registrar's office, the resolution board shall confirm that the voter completed the application on the front of the envelope and signed the elector's certificate in the box on the back of the envelope. If it is signed and the resolution board finds that the applicant is a registered and qualified voter or otherwise qualified to vote, the envelope shall be opened and the absentee ballot removed from the envelope, without its being unfolded, or permitted to be unfolded or examined.

(c) When a voter's absentee ballot is rejected because the signatures on the application and in the box on the envelope do not correspond, the registrar shall notify the voter within one (1) business day of the election that the voter's absentee ballot has been tentatively rejected because the signature on the application does not correspond with the signature in the box on the envelope. The notice shall inform the voter about the process of curing the deficiency and that if the voter does not cure the signatures by 12:00 p.m. on the fifth business day after the election, then the voter's ballot shall be rejected. Notice to the voter shall be made using the contact information that the voter provided on his or her absentee ballot application. The absentee cure form shall be transmitted to the voter via email or facsimile; however, if neither are available, then the form shall be transmitted by first-class mail to the voter. The form of the notice and the absentee cure form shall be provided for in rules and regulations prescribed by the Secretary of State.

(* * *d) Having observed and found the ballot to be regular as far as can be observed from its official endorsement, the resolution board shall deposit it in the ballot box with the other ballots before counting any ballots and enter the voter's name in the receipt book provided for that purpose. All absentee ballots received prior to 7:00 p.m. the day * * * of the election shall be counted in the registrar's office by the resolution board when the polls close and then added to the votes cast in each precinct. * * *

(2) The resolution board shall also take such action as may be prescribed by the Secretary of State to ensure compliance with the identification requirements of Section 23-15-563.

(3) The resolution board shall process the absentee ballots using the procedure provided in subsection (1) of this section.

SECTION 5. Section 23-15-641, Mississippi Code of 1972, is amended as follows:

23-15-641. (1) For all absentee votes received by mail, if an affidavit or the certificate of the officer before whom the affidavit is taken is required and such affidavit or certificate is found to be insufficient, or if it is found that the signatures do not correspond and the voter has not cured his or her ballot as provided in Section 23-15-639, or that the applicant is not a duly qualified elector in the precinct, or otherwise qualified to vote, or that the ballot envelope is open or has been opened and resealed, * * * the previously cast vote shall not be allowed. Without opening the voter's envelope the resolution board shall mark across its face "REJECTED", with the reason therefor.

(2) For all absentee votes received by mail, if the ballot envelope contains more than one (1) ballot of any kind, the ballot shall not be counted but shall be marked "REJECTED", with the reason therefor, and the registrar shall promptly notify the voter of such rejection. The voter's envelopes and affidavits, and the voter's envelope with its contents unopened, when such vote is rejected, shall be retained and preserved in the same manner as other ballots at the election. Such votes may be challenged in the same manner and for the same reasons that any other vote cast in such election may be challenged.

(3) If an affidavit is required and the officials find that the affidavit is insufficient, or if the officials find that the absentee voter is otherwise disqualified to vote, the envelope shall not be opened and * * * the resolution board shall write across the face of the envelope "REJECTED" giving the reason therefor, and the registrar shall promptly notify the voter of such rejection.

(4) The ballots marked "REJECTED" shall be placed in a separate envelope in the secure ballot transfer case and delivered to the officials in charge of conducting the election at the central tabulation point of the county.

(5) All electors voting absentee shall be provided with written information to inform the person how to ascertain whether his or her ballot was counted and, if rejected, the reason therefor.

(6) A signature mismatch shall not be grounds for rejecting an absentee ballot that was cast in the registrar's office.

SECTION 8. Section 23-15-625, Mississippi Code of 1972, is amended as follows:

23-15-625. (1) The registrar shall be responsible for providing applications for absentee voting as provided in this section. At least sixty (60) days before any election in which absentee voting is provided for by law, the registrar shall provide a sufficient number of applications. In the event a special election is called and set at a date which makes it impractical or impossible to prepare applications for absent elector's ballot sixty (60) days before the election, the registrar shall provide applications as soon as practicable after the election is called. The registrar shall fill in the date of the particular election on the application for which the application will be used. For voters appearing in person to cast an absentee vote, the application and elector certificate shall be printed on the absentee ballot envelope as provided in Section 1 of this act.

(2) The registrar shall be authorized to disburse applications for absentee ballots to any qualified elector within the county where he or she serves. As used in this subsection, "family member" means a spouse, parent, grandparent, sibling, adult child, grandchild or legal guardian.

(4) The registrar in the county wherein a voter is qualified to vote upon receiving by mail the envelope containing the absentee ballots shall keep an accurate list of all persons preparing such ballots. The list shall be kept in a conspicuous place accessible to the public near the entrance to the registrar's office. The registrar shall also furnish to each precinct manager a list of the names of all persons in each respective precinct voting absentee by mail and in person to be posted in a conspicuous place at the polling place for public notice. The application on file with the registrar and the envelopes containing the ballots that voters mailed to the registrar shall be kept by the registrar in his or her office in a secure location. At the time such boxes are delivered to the election commissioners or managers, the registrar shall also turn over a list of all such persons who have voted and whose mailed ballots are in the registrar's office.

(5) The registrar shall also be authorized to mail one (1) application to any qualified elector of the county, who is eligible to vote by absentee ballot, for use in a particular election.

The registrar shall be responsible for furnishing an absentee ballot application form to any elector authorized to receive an absentee ballot. Such form shall be printed on the absentee ballot envelope as provided in Section 1 of this act. Except as otherwise provided in Section 23-15-625, absentee ballot applications shall be furnished to a person only upon the oral or written request of the elector who seeks to vote by absentee ballot; however, the parent, child, spouse, sibling, legal guardian, those empowered with a power of attorney for that elector's affairs or agent of the elector, who is designated in writing and witnessed by a resident of this state who shall write his or her physical address on such designation, may orally request an absentee ballot application on behalf of the elector. The written designation shall be valid for one (1) year after the date of the designation. An absentee ballot application must have the seal of the circuit or municipal clerk affixed to it and be initialed by the registrar or his or her deputy in order to be used to obtain an absentee ballot. A reproduction of an absentee ballot application shall not be valid unless it is a reproduction provided by the office of the registrar of the jurisdiction in which the election is being held and which contains the seal and initials required by this section.

(a) All absentee voters, excepting those with temporary or permanent physical disabilities or those who are sixty-five (65) years of age or older, who mark their ballots in the county of the residence shall use the registrar of that county as the witness. The absentee voter shall come to the office of the registrar and neither the registrar nor his or her deputy shall be required to go out of the registrar's office to serve as an attesting witness.

(b) Upon receipt of the enclosed ballot, you will not mark the ballot except in view or sight of the attesting witness. In the sight or view of the attesting witness, mark the ballot according to instructions.

(c) After marking the ballot, fill out and sign the "ELECTOR'S CERTIFICATE" in the box on the back of the envelope so that the signature is across the flap of the envelope to ensure the integrity of the ballot. All absent electors shall have the attesting witness sign the "ATTESTING WITNESS CERTIFICATE" in the box across the flap on the back of the envelope. Place the necessary postage on the envelope and deposit it in the post office or some government receptacle provided for the deposit of mail so that the absent elector's ballot will be * * * received no later than 7:00 p.m. on the day of the election. The ballot may only be transmitted by the United States Postal Service or other common carriers, including, but not limited to, United Parcel Service or FedEx Corporation.

Any notary public, United States postmaster, assistant United States postmaster, United States postal supervisor, clerk in charge of a contract postal station, or other officer having authority to administer an oath or take an acknowledgment may be an attesting witness; provided, however, that in the case of an absent elector who is temporarily or permanently physically disabled, the attesting witness may be any person eighteen (18) years of age or older and such person is not required to have the authority to administer an oath. If a postmaster, assistant postmaster, postal supervisor, or clerk in charge of a contract postal station acts as an attesting witness, his or her signature in a box on the elector's certificate must be authenticated by the cancellation stamp of their respective post offices. If an officer having authority to administer an oath or take an * * * acknowledgment acts as attesting witness, his or her signature in a box on the elector's certificate, together with his or her title and address, but no seal, shall be required. Any affidavits made by an absent elector who is in the Armed Forces may be executed before a commissioned officer, warrant officer, or noncommissioned officer not lower in grade than sergeant rating or any person authorized to administer oaths.

(d) When the application accompanies the ballot it shall not be returned in the same envelope as the ballot but shall be returned in a separate pre-addressed envelope provided by the registrar.

(e) A candidate for public office, or the spouse, parent or child of a candidate for public office, may not be an attesting witness for any absentee ballot upon which the candidate's name appears, unless the voter is related within the first degree to the candidate or the spouse, parent or child of the candidate.

(f) Any voter casting an absentee ballot who declares that he or she requires assistance to vote by reason of blindness, temporary or permanent physical disability or inability to read or write, shall be entitled to receive assistance in the marking of his or her absentee ballot and in completing the affidavit on the absentee ballot envelope. The voter may be given assistance by anyone of the voter's choice other than a candidate whose name appears on the absentee ballot being marked, the spouse, parent or child of a candidate whose name appears on the absentee ballot being marked or the voter's employer, an agent of that employer or a union representative; however, a candidate whose name is on the ballot or the spouse, parent or child of such candidate may provide assistance upon request to any voter who is related within the first degree. In order to ensure the integrity of the ballot, any person who provides assistance to an absentee voter shall be required to sign and complete the "Certificate of Person Providing Voter Assistance" on the absentee ballot envelope.

(2) The foregoing instructions required to be provided by the registrar to the elector shall also constitute the substantive law pertaining to the handling of absentee ballots by the elector and registrar.

(3) The Secretary of State shall prepare instructions on how absent voters may comply with the identification requirements of Section 23-15-563.

(d) A statement on the front cover of the guide advising that persons wishing to pursue a civil commitment under this section are not required to retain an attorney for any portion of the commitment process.

(4) Immediately upon availability, but no later than January 1, 2020, the Uniform Civil Commitment Guide must be provided by the clerk of the chancery court to any party or affiant seeking a civil commitment under this section and also must be made available to the public on the website of the Mississippi Department of Mental Health.

(5) If any person is alleged to be in need of treatment, any relative of the person, or any interested person, may make affidavit of that fact and shall file the Uniform Civil Commitment Affidavit with the clerk of the chancery court of the county in which the person alleged to be in need of treatment resides, but the chancellor or duly appointed special master may, in his or her discretion, hear the matter in the county in which the person may be found or the circuit judge may hear such matter as provided in Section 41-21-63. The affidavit shall set forth the name and address of the proposed patient's nearest relatives and whether the proposed patient resides or has visitation rights with any minor children, if known, and the reasons for the affidavit. The affidavit must contain factual descriptions of the proposed patient's recent behavior, including a description of the behavior, where it occurred, and over what period of time it occurred, if known. Each factual allegation may be supported by observations of witnesses named in the affidavit. The Department of Mental Health, in consultation with the Mississippi Chancery Clerks' Association, shall develop a simple, one-page affidavit form for the use of affiants as provided in this section. The affidavit also must state whether the affiant has consulted with a Community Mental Health Center or a physician to determine whether the alleged acts by the proposed respondent warrant civil commitment in lieu of other less-restrictive treatment options. No chancery clerk shall require an affiant to retain an attorney for the filing of an affidavit under this section.

(6) The chancery clerk may charge a total filing fee for all services equal to the amount set out in Section 25-7-9(o), and the appropriate state and county assessments as required by law which include, but are not limited to, assessments for the Judicial Operation Fund (Section 25-7-9(3)(b)); the Electronic Court System Fund (Section 25-7-9(3)(a)); the Civil Legal Assistance Fund (Section 25-7-9(1)(k)); the Court Education and Training Fund (Section 37-26-3); State Court Constituent's Fund (Section 37-26-9(4)); and reasonable court reporter's fee. Costs incidental to the court proceedings as set forth in Section 41-21-79 may not be included in the assessments permitted by this subsection. The total of the fees and assessments permitted by this subsection may not exceed One Hundred Fifty Dollars (\$150.00).

(7) The prohibition against charging the affiant other fees, expenses, or costs shall not preclude the imposition of monetary criminal penalties under Section 41-21-107 or any other criminal statute, or the imposition by the chancellor of monetary penalties for contempt if the affiant is found to have filed an intentionally false affidavit or filed the affidavit in bad faith for a malicious purpose.

(8) Nothing in this section shall be construed so as to conflict with Section 41-21-63.

(9) The Department of Mental Health shall provide annual training to chancery and circuit court clerks to inform them about statutory procedures for civil commitments.

SECTION 4. Section 41-21-67, Mississippi Code of 1972, is amended as follows:

41-21-67. (1) Whenever the affidavit provided for in Section 41-21-65 is filed with the chancery clerk, the clerk, upon direction of the chancellor of the court, shall

issue a writ directed to the sheriff of the proper county to take into custody the person alleged to be in need of treatment and to take the person for pre-evaluation screening and treatment by the appropriate community mental health center established under Section 41-19-31. Except as otherwise provided in Section 41-21-63, the community mental health center will be designated as the first point of entry for pre-evaluation screening and treatment. If the community mental health center is unavailable, any reputable licensed physician, psychologist, nurse practitioner or physician assistant, as allowed in the discretion of the court, may conduct the pre-evaluation screening and examination as set forth in Section 41-21-69. The order may provide where the person shall be held before being taken for pre-evaluation screening and treatment. However, when the affidavit fails to set forth factual allegations and witnesses sufficient to support the need for treatment, the chancellor shall refuse to direct issuance of the writ. Reapplication may be made to the chancellor. If a pauper's affidavit is filed by an affiant who is a guardian or conservator of a person in need of treatment, the court shall determine if either the affiant or the person in need of treatment is a pauper and if * * * the affiant or the person in need of treatment is determined to be a pauper, the county of the residence of the respondent shall bear the costs of commitment, unless funds for those purposes are made available by the state.

In any county in which a Crisis Intervention Team has been established under the provisions of Sections 41-21-131 through 41-21-143, the clerk, upon the direction of the chancellor, may require that the person be referred to the Crisis Intervention Team for appropriate psychiatric or other medical services before the issuance of the writ.

(2) Upon issuance of the writ, the chancellor shall immediately appoint and summon two (2) reputable, licensed physicians or one (1) reputable, licensed physician and either one (1) psychologist, nurse practitioner or physician assistant to conduct a physical and mental examination of the person at a place to be designated by the clerk or chancellor and to report their findings to the clerk or chancellor. However, any nurse practitioner or physician assistant conducting the examination shall be independent from, and not under the supervision of, the other physician conducting the examination. A nurse practitioner or psychiatric nurse practitioner conducting an examination under this chapter must be functioning within a collaborative or consultative relationship with a physician as required under Section 73-15-20(3). In all counties in which there is a county health officer, the county health officer, if available, may be one (1) of the physicians so appointed. If a licensed physician is not available to conduct the physical and mental examination within forty-eight (48) hours of the issuance of the writ, the court, in its discretion and upon good cause shown, may permit the examination to be conducted by the following: (a) two (2) nurse practitioners, one (1) of whom must be a psychiatric nurse practitioner; or (b) one (1) psychiatric nurse practitioner and one (1) psychologist or physician assistant. Neither of the physicians nor the psychologist, nurse practitioner or physician assistant selected shall be related to that person in any way, nor have any direct or indirect interest in the estate of that person nor shall any full-time staff of residential treatment facilities operated directly by the State Department of Mental Health serve as examiner.

(3) The clerk shall ascertain whether the respondent is represented by an attorney, and if it is determined that the respondent does not have an attorney, the clerk shall immediately notify the chancellor of that fact. If the chancellor determines that the respondent for any reason does not have the services of an attorney, the chancellor shall immediately appoint an attorney for the respondent at the time the examiners are appointed.

(4) If the chancellor determines that there is probable cause to believe that the respondent is mentally ill and that there is no reasonable alternative to detention, the chancellor may order that the respondent be retained as an emergency patient at any licensed medical facility for evaluation by a physician, nurse practitioner or physician assistant and that a peace officer transport the respondent to the specified facility. If the community mental health center serving the county has partnered with Crisis Intervention Teams under the provisions of Sections 41-21-131 through 41-21-143, the order may specify that the licensed medical facility be a designated single point of entry within the county or within an adjacent county served by the community mental health center. If the person evaluating the respondent finds that the

respondent is mentally ill and in need of treatment, the chancellor may order that the respondent be retained at the licensed medical facility or any other available suitable location as the court may so designate pending an admission hearing. If necessary, the chancellor may order a peace officer or other person to transport the respondent to that facility or suitable location. Any respondent so retained may be given such treatment as is indicated by standard medical practice. However, the respondent shall not be held in a hospital operated directly by the State Department of Mental Health, and shall not be held in jail unless the court finds that there is no reasonable alternative.

(5) (a) Whenever a licensed psychologist, nurse practitioner or physician assistant who is certified to complete examinations for the purpose of commitment or a licensed physician has reason to believe that a person poses an immediate substantial likelihood of physical harm to himself or others or is gravely disabled and unable to care for himself by virtue of mental illness, as defined in Section 41-21-61(e), then the physician, psychologist, nurse practitioner or physician assistant may hold the person or may admit the person to and treat the person in a licensed medical facility, without a civil order or warrant for a period not to exceed seventy-two (72) hours. However, if the seventy-two-hour period begins or ends when the chancery clerk's office is closed, or within three (3) hours of closing, and the chancery clerk's office will be continuously closed for a time that exceeds seventy-two (72) hours, then the seventy-two-hour period is extended until the end of the next business day that the chancery clerk's office is open. The person may be held and treated as an emergency patient at any licensed medical facility, available regional mental health facility, or crisis intervention center. The physician or psychologist, nurse practitioner or physician assistant who holds the person shall certify in writing the reasons for the need for holding.

If a person is being held and treated in a licensed medical facility, and that person decides to continue treatment by voluntarily signing consent for admission and treatment, the seventy-two-hour hold may be discontinued without filing an affidavit for commitment. Any respondent so held may be given such treatment as indicated by standard medical practice. Persons acting in good faith in connection with the detention and reporting of a person believed to be mentally ill shall incur no liability, civil or criminal, for those acts.

(b) Whenever an individual is held for purposes of receiving treatment as prescribed under paragraph (a) of this subsection, and it is communicated to the mental health professional holding the individual that the individual resides or has visitation rights with a minor child, and if the individual is considered to be a danger to the minor child, the mental health professional shall notify the Department of Child Protection Services prior to discharge if the threat of harm continues to exist, as is required under Section 43-21-353.

This paragraph (b) shall be known and may be cited as the "Andrew Lloyd Law."

SECTION 5. Section 41-21-71, Mississippi Code of 1972, is amended as follows:

41-21-71. If, as a result of the examination, the appointed examiners certify that the person is not in need of treatment, the chancellor * * *, clerk or circuit judge as applicable shall dismiss the affidavit without the need for a further hearing. * * * Except as otherwise provided in Section 41-21-63, the chancellor or chancery clerk finds, based upon the appointed examiners' certificates and any other relevant evidence, that the respondent is in need of treatment and the certificates are filed with the chancery clerk within forty-eight (48) hours after the order for examination, or extension of that time as provided in Section 41-21-69, the clerk shall immediately set the matter for a hearing. The hearing shall be set within seven (7) days of the filing of the certificates unless an extension is requested by the respondent's attorney. In no event shall the hearing be more than ten (10) days after the filing of the certificates.

SECTION 6. Section 41-21-73, Mississippi Code of 1972, is amended as follows:

41-21-73. (1) Except as otherwise provided in Section 41-21-63, the hearing shall be conducted before the chancellor. However, the hearing may be held at the location where the respondent is being held. Within a reasonable period of time before the hearing, notice of same shall be provided the respondent and his attorney, which

shall include: (a) notice of the date, time and place of the hearing; (b) a clear statement of the purpose of the hearing; (c) the possible consequences or outcome of the hearing; (d) the facts that have been alleged in support of the need for commitment; (e) the names, addresses and telephone numbers of the examiner(s); and (f) other witnesses expected to testify.

(2) The respondent must be present at the hearing unless the chancellor determines that the respondent is unable to attend and makes that determination and the reasons therefor part of the record. At the time of the hearing, the respondent shall not be so under the influence or suffering from the effects of drugs, medication or other treatment so as to be hampered in participating in the proceedings. The court, at the time of the hearing, shall be presented a record of all drugs, medication or other treatment that the respondent has received pending the hearing, unless the court determines that such a record would be impractical and documents the reasons for that determination.

(3) The respondent shall have the right to offer evidence, to be confronted with the witnesses against him and to cross-examine them and shall have the privilege against self-incrimination. The rules of evidence applicable in other judicial proceedings in this state shall be followed.

(4) If the court finds by clear and convincing evidence that the proposed patient is a person with mental illness or a person with an intellectual disability and, if after careful consideration of reasonable alternative dispositions, including, but not limited to, dismissal of the proceedings, the court finds that there is no suitable alternative to judicial commitment, the court shall commit the patient for treatment in the least restrictive treatment facility that can meet the patient's treatment needs. Treatment before admission to a state-operated facility shall be located as closely as possible to the patient's county of residence and the county of residence shall be responsible for that cost. Admissions to state-operated facilities shall be in compliance with the catchment areas established by the State Department of Mental Health. A nonresident of the state may be committed for treatment or confinement in the county where the person was found.

Alternatives to commitment to inpatient care may include, but shall not be limited to: voluntary or court-ordered outpatient commitment for treatment with specific reference to a treatment regimen, day treatment in a hospital, night treatment in a hospital, placement in the custody of a friend or relative, or the provision of home health services.

For persons committed as having mental illness or having an intellectual disability, the initial commitment shall not exceed three (3) months.

(5) No person shall be committed to a treatment facility whose primary problems are the physical disabilities associated with old age or birth defects of infancy.

(6) The court shall state the findings of fact and conclusions of law that constitute the basis for the order of commitment. The findings shall include a listing of less restrictive alternatives considered by the court and the reasons that each was found not suitable.

(7) A stenographic transcription shall be recorded by a stenographer or electronic recording device and retained by the court.

(8) Notwithstanding any other provision of law to the contrary, neither the State Board of Mental Health or its members, nor the State Department of Mental Health or its related facilities, nor any employee of the State Department of Mental Health or its related facilities, unless related to the respondent by blood or marriage, shall be assigned or adjudicated custody, guardianship, or conservatorship of the respondent.

(9) The county where a person in need of treatment is found is authorized to charge the county of the person's residence for the costs incurred while the person is confined in the county where such person was found.

SECTION 7. Section 41-21-83, Mississippi Code of 1972, is amended as follows:

41-21-83. Except as otherwise provided in Section 41-21-63, if a hearing is requested as provided in Section 41-21-74, 41-21-81 or 41-21-99, the court shall not make a determination of the need for continued commitment unless a hearing is held and the court finds by clear and convincing evidence that (a) the person continues to

have mental illness or have an intellectual disability; and (b) involuntary commitment is necessary for the protection of the patient or others; and (c) there is no alternative to involuntary commitment. Hearings held under this section shall be held in the chancery court of the county where the facility is located; however, if the patient is confined at the Mississippi State Hospital at Whitfield, Mississippi, the hearing shall be conducted by the Chancery Court of the First Judicial District of Hinds County, Mississippi.

The hearing shall be held within fourteen (14) days after receipt by the court of the request for a hearing. The court may continue the hearing for good cause shown. The clerk shall ascertain whether the patient is represented by counsel, and, if the patient is not represented, shall notify the chancellor who shall appoint counsel for him if the chancellor determines that the patient for any reason does not have the services of an attorney; however, the patient may waive the appointment of counsel subject to the approval of the court. Notice of the time and place of the hearing shall be served at least seventy-two (72) hours before the time of the hearing upon the patient, his attorney, the director, and the person requesting the hearing, if other than the patient, and any witnesses requested by the patient or his attorney, or any witnesses the court may deem necessary or desirable.

The patient must be present at the hearing unless the chancellor determines that the patient is unable to attend and makes that determination and the reasons therefor part of the record.

The court shall put its findings and the reasons supporting its findings in writing and shall have copies delivered to the patient, his attorney, and the director of the treatment facility. An appeal from the final commitment order by either party may be had on the terms prescribed for appeals in civil cases; however, such appeal shall be without supersedeas. The record on appeal shall include the transcript of the commitment hearing.

SECTION 8. Section 47-7-47, Mississippi Code of 1972, is amended as follows:

47-7-47. (1) The judge of any circuit court may place an offender on a program of earned probation, in an intensive supervision program or any intervention court authorized by law after a period of confinement as set out herein and the judge may seek the advice of the commissioner and shall direct that the defendant be under the supervision of the department.

(2) (a) Any circuit court or county court may, upon its own motion, acting upon the advice and consent of the commissioner not earlier than thirty (30) days nor later than * * * three (3) years after the defendant has been delivered to the custody of the department, * * * incarcerated by order of the court or otherwise sentenced, modify, alter or suspend the further execution of the sentence and place the defendant on earned probation, in an intensive supervision program or any intervention court authorized by law except when a death sentence or life imprisonment is the maximum penalty which may be imposed or if the defendant has been confined two (2) or more times for the conviction of a felony on a previous occasion in any court or courts of the United States and of any state or territories thereof or has been convicted of a felony involving the use of a deadly weapon.

(b) The authority granted in this subsection shall be exercised by the judge who imposed sentence on the defendant, or his successor.

(c) The time limit imposed by paragraph (a) of this subsection is not applicable to those defendants sentenced to the custody of the department prior to April 14, 1977. Persons who are convicted of crimes that carry mandatory sentences shall not be eligible for earned probation.

(3) When any circuit or county court places an offender on earned probation, the court shall give notice to the Mississippi Department of Corrections within fifteen (15) days of the court's decision to place the offender on earned probation. Notice shall be delivered to the central office of the Mississippi Department of Corrections and to the regional office of the department which will be providing supervision to the offender on earned probation.

(4) If the court places any person on probation or earned probation, the court may order the person, as a condition of probation, to a period of confinement and treatment at a private or public agency or institution, either within or without the state,

which treats emotional, mental or drug-related problems. Any person who, as a condition of probation, is confined for treatment at an out-of-state facility shall be supervised pursuant to Section 47-7-71, and any person confined at a private agency shall not be confined at public expense. Time served in any such agency or institution may be counted as time required to meet the criteria of subsection (2)(a).

(5) If the court places any person on probation or earned probation, the court may order the person to make appropriate restitution to any victim of his crime or to society through the performance of reasonable work for the benefit of the community.

(6) If the court places any person on probation or earned probation, the court may order the person, as a condition of probation, to submit, as provided in Section 47-5-601, to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States.

SECTION 9. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 776: Alcoholic beverages; revise definition of "qualified resort area" under the Local Option Alcoholic Beverage Control Law.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 67-1-7, Mississippi Code of 1972, is amended as follows:

67-1-7. (1) Except as otherwise provided in Section 67-9-1 for the transportation and possession of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, and subject to all of the provisions and restrictions contained in this article, the manufacture, sale, distribution, and transportation of alcoholic beverages shall be lawful, subject to the restrictions hereinafter imposed, in those counties and municipalities of this state in which, at a local option election called and held for that purpose under the provisions of this article, a majority of the qualified electors voting in such election shall vote in favor thereof.

Beginning on April 16, 2021, except as otherwise provided in Section 67-1-51 for holders of a caterer's permit, the manufacture, sale and distribution of alcoholic beverages shall not be permissible or lawful in counties except in (a) incorporated municipalities located within such counties, (b) qualified resort areas within such counties approved as such by the department, or (c) clubs within such counties, whether within a municipality or not. However, any permits issued by the department between July 1, 2020, and April 15, 2021, for the manufacture, sale and distribution of alcoholic beverages, whether or not issued to permittees in such municipalities, qualified resort areas or clubs, shall be eligible for renewal on or after April 16, 2021.

The manufacture, sale, distribution and possession of native wines or native spirits shall be lawful in any location within any such county except those locations where the manufacture, sale or distribution is prohibited by law other than this section or by regulations of the department. However, notwithstanding this provision, municipalities that have voted in favor of coming out from under the dry law may enforce such proper rules and regulations for fixing zones and territories to promote public health, morals, and safety, as they may by ordinance provide. The board of supervisors of any county that has voted in favor of coming out from under the dry law may make such rules and regulations as to territory outside of municipalities as are herein provided for municipalities.

Notwithstanding the provisions of any other law, municipalities may enforce such proper location of package retailer stores within the municipality by application of a properly adopted zoning ordinance.

(2) Notwithstanding the foregoing, within any state park or any state park facility that has been declared a qualified resort area by the department, and within any qualified resort area as defined under Section 67-1-5(o)(iii), an on-premises retailer's permit may be issued for the qualified resort area, and the permittee may lawfully sell alcoholic beverages for consumption on his licensed premises regardless of whether or

not the county or municipality in which the qualified resort area is located has voted in favor of coming out from under the dry law, and it shall be lawful to receive, store, sell, possess and consume alcoholic beverages on the licensed premises, and to sell, distribute and transport alcoholic beverages to the licensed premises. Moreover, the governing authorities of a municipality in which a qualified resort area defined under Section 67-1-5(o)(iii)5, 7, 21 or 46 is located, the Pearl River Valley Water Supply District Board which governs the qualified resort area defined under Section 67-1-5(o)(iii)8.a.A, the board of supervisors of the county in which the qualified resort area defined under Section 67-1-5(o)(iii)8.a.B and C is located, and the board of supervisors of the county in which the qualified resort area defined under Section 67-1-5(o)(iii)44 is located, may, by ordinance or resolution, provide that package retailer's permits may be issued in the applicable qualified resort area, and that it shall be lawful to receive, store, sell, possess and distribute alcoholic beverages in accordance with such package retailer's permits.

SECTION 2. Section 67-1-37, Mississippi Code of 1972, as amended by House Bill No. 1525, 2024 Regular Session, is amended as follows:

67-1-37. The Department of Revenue, under its duties and powers with respect to the Alcoholic Beverage Control Division therein, shall have the following powers, functions and duties:

(a) To issue or refuse to issue any permit provided for by this article, or to extend the permit or remit in whole or any part of the permit monies when the permit cannot be used due to a natural disaster or act of God.

(b) To revoke, suspend or cancel, for violation of or noncompliance with the provisions of this article, or the law governing the production and sale of native wines or native spirits, or any lawful rules and regulations of the department issued hereunder, or for other sufficient cause, any permit issued by it under the provisions of this article. The department shall also be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this article, the provisions of Section 93-11-157 or Section 93-11-163, as the case may be, shall control.

(c) To prescribe forms of permits and applications for permits and of all reports which it deems necessary in administering this article.

(d) To fix standards, not in conflict with those prescribed by any law of this state or of the United States, to secure the use of proper ingredients and methods of manufacture of alcoholic beverages.

(e) To issue rules regulating the advertising of alcoholic beverages in the state in any class of media and permitting advertising of the retail price of alcoholic beverages.

(f) To issue reasonable rules and regulations, not inconsistent with the federal laws or regulations, requiring informative labeling of all alcoholic beverages offered for sale within this state and providing for the standards of fill and shapes of retail containers of alcoholic beverages; however, such containers shall not contain less than fifty (50) milliliters by liquid measure.

(g) Subject to the provisions of subsection (3) of Section 67-1-51, to issue rules and regulations governing the issuance of retail permits for premises located near or around schools, colleges, universities, churches and other public institutions, and specifying the distances therefrom within which no such permit shall be issued. The Alcoholic Beverage Control Division shall not issue a package retailer's or on-premises retailer's permit for the sale or consumption of alcoholic beverages in or on the campus of any public school. The Alcoholic Beverage Control Division shall not issue a package retailer's permit for the sale of alcoholic beverages in or on the campus of any community or junior college, college or university.

(h) To adopt and promulgate, repeal and amend, such rules, regulations, standards, requirements and orders, not inconsistent with this article or any law of this state or of the United States, as it deems necessary to control the manufacture, importation, transportation, distribution, delivery and sale of alcoholic liquor, whether intended for beverage or nonbeverage use in a manner not inconsistent with the provisions of this article or any other statute, including the native wine and native spirit laws.

(i) To call upon other administrative departments of the state, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it may deem necessary in the performance of its duties.

(j) To prepare and submit to the Governor during the month of January of each year a detailed report of its official acts during the preceding fiscal year ending June 30, including such recommendations as it may see fit to make, and to transmit a like report to each member of the Legislature of this state upon the convening thereof at its next regular session.

(k) To inspect, or cause to be inspected, any premises where alcoholic liquors intended for sale are manufactured, stored, distributed or sold, and to examine or cause to be examined all books and records pertaining to the business conducted therein.

(l) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him to the Legislature of this state such amendments to this article, if any, as it may think desirable.

(m) To designate hours and days when alcoholic beverages may be sold in different localities in the state which permit such sale.

(n) To assign employees to posts of duty at locations where they will be most beneficial for the control of alcoholic beverages and to take any other action concerning persons employed under this article as authorized by law and taken in accordance with the rules, regulations and procedures of the State Personnel Board.

(o) To enforce the provisions made unlawful by Chapter 3, Title 67 and Section 97-5-49.

(p) To delegate its authority under this article to the Alcoholic Beverage Control Division, its director or any other officer or employee of the department that it deems appropriate.

(q) To prescribe and charge a fee to defray the costs of shipping alcoholic beverages, provided that such fee is determined in a manner provided by the department by rules and/or regulations adopted in accordance with the Mississippi Administrative Procedures Law.

The Alcoholic Beverage Control Division shall not issue any permit which would conflict with any zoning ordinance legally adopted by the governing authorities of any municipality or rule or regulation of any board of supervisors of any county as set forth in Section 67-1-7(1).

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1589: Motor vehicles; revise certain provisions regarding discharge of liens and scrapping.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 63-21-16, Mississippi Code of 1972, is amended as follows:

63-21-16. (1) All designated agents appointed by the department * * * under Section 63-21-13 * * * may electronically transmit to the department * * * information entered by them on applications for a certificate of title given in connection with the sale or transfer of a motor vehicle, manufactured home or mobile home or a loan for which the owner's motor vehicle, manufactured home or mobile home is pledged to that institution as collateral for the loan. The format and the data required to be transmitted shall be established by the department * * *. Transmission of data shall meet minimum criteria and edits established by the department * * * equal to any edit presently existing in the statewide title registration system, or as may be established, to which the county tax collectors shall also conform. All data transmitted must successfully pass edits established by the department * * *, including lienholder name, mailing address and lienholder account number assigned to a lienholder by the department * * * to identify the lienholder, for the purpose of causing the data to appear in the certificate of title for which the application is made.

(2) It shall be the responsibility of the designated agent to verify all data before it is electronically transmitted. It shall also be the responsibility of the designated agent to ensure that the required certification of designated agent and the certification of statement of facts that are contained on the application for certificate of title appear above the signatures of both the owner and the authorized representative of the designated agent. Data which cannot be transmitted because of error shall be corrected by the designated agent when the statewide title registration system indicates that the data is erroneous or is not valid for the purposes of titling the motor vehicle, manufactured home or mobile home or for transfer of the data.

(3) When an institution has agreed to loan money for the purchase of a motor vehicle, manufactured home or mobile home, the institution shall complete an application for certificate of title or require the borrower to provide to the institution the copy of the application for certificate of title contained in the application packet which is designated "Lienholder's Copy" according to provisions of the Motor Vehicle and Manufactured Housing Title Law, which the owner will receive from the county tax collector or any designated agent upon completion of the application for title and registration process.

(4) An application for certificate of title originating from a designated agent shall be entered on the statewide title registration system by the originating lending institution when the transaction is for the purpose of perfecting the institution's interest in a vehicle, manufactured home or mobile home currently owned or purchased by the applicant, in connection with application for certificate of title or the purchase of a license tag or both.

(5) When an institution in this state adds a second lien on a certificate of title in possession of a first lienholder institution in this state, the second lienholder institution seeking to be shown on the certificate of title shall:

(a) Prepare the application for certificate of title in accordance with the requirements of Sections 63-21-15 and 63-21-45(1)(c);

(b) Obtain all required signatures; and

(c) Forward the completed application for certificate of title to the first lienholder together with any necessary remittance advice, a check for the title fee payable to the department * * * and a cover letter to the first lienholder requesting that the first lienholder attach the certificate of title to the required documents sent by the second lienholder and then forward the application, certificate of title and required documents to the department * * *.

(6) Upon receipt of the application for certificate of title from the second lienholder institution to record the second lien, the first lienholder institution shall compare the data contained in the application for certificate of title to the information contained in the original certificate of title. If the first lienholder institution is satisfied as to the ownership, accuracy and order of priority of liens as shown in the application, it shall enter the data contained on the application for certificate of title prepared by the second lienholder on the statewide title registration system, including the designated agent number of the second lienholder. After entering the data from the application for certificate of title, the first lienholder institution shall immediately forward the application for certificate of title with the certificate of title attached to the application, the remittance

advice and the second lienholder's check for the title fee to the department * * * within three (3) working days.

(7) In an assignment of lien pursuant to Section 63-21-47, the assignee shall receive the notice of assignment along with the current title attached and with the assignors interest open. The assignee lienholder shall prepare an application for certificate of title according to the notice of assignment, showing the assignee institution as the lienholder, and then shall electronically transmit the data to the department * * *. The completed application shall be forwarded to the department * * * within three (3) working days.

(8) The department * * *, upon receipt of applications for certificate of title, shall verify the data by accessing it on the statewide title registration system by the title application control number appearing on the application for title. After receiving verification that is satisfactory to the department * * * that the data necessary for the issuance of a new certificate of title exists, the department * * * shall issue a new certificate of title that records the interests of all the parties named in the application for certificate of title.

(9) Designated agents shall be connected to the statewide title registration system for the purpose of electronic transfer of applications for certificate of title data in the order of priority established by the department * * *.

(10) If a participating designated agent fails to comply with the provisions of this section or the rules adopted by the department * * * to implement this section, the department * * * may impose a penalty of Twenty-five Dollars (\$25.00) for each instance of noncompliance. Any penalty imposed under this section not paid within thirty (30) days after a notice is given shall be subject to collection from the bond of the designated agent that is required to be provided under the provisions of Section 63-21-13(3). The penalty provided shall also be assessable, due and collectible from any licensed motor vehicle dealer or manufactured home or mobile home dealer for failure to accept an application for certificate of title for each and every vehicle, manufactured home or mobile home he sells to a consumer. These penalties shall be cumulative, supplemental and in addition to the penalties provided by any other law.

(11) This section shall apply to all designated agents appointed by the department * * * under Section 63-21-13, that choose to electronically transmit information on applications for certificates of title to the department * * *. This section shall not apply to other designated agents.

(12) Notwithstanding the foregoing, the department * * * shall not issue a certificate of title to a manufactured home or mobile home with respect to which title has been retired to real property under Section 63-21-30 unless with respect to the same manufactured home or mobile home title has been severed from real property pursuant to Section 63-21-30.

(13) Notwithstanding any requirement in this chapter that a lien on a motor vehicle or manufactured home shall be noted on the face of the certificate of title, if there are one or more liens or encumbrances on the motor vehicle or manufactured home, the department * * * may electronically transmit the lien to the first lienholder and notify the first lienholder of any additional liens. Subsequent lien satisfactions may be electronically transmitted to the department * * * and shall include the name and address of the person satisfying the lien. When electronic transmission of liens and lien satisfactions is used, a certificate of title need not be issued until the last lien is satisfied and a clear certificate of title is issued to the owner of the motor vehicle or manufactured home. When a motor vehicle is subject to an electronic lien, the certificate of title for the motor vehicle shall be considered to be physically held by the lienholder for purposes of compliance with state or federal odometer disclosure requirements. A duly certified copy of the department * * *s electronic record of the lien shall be admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence of the lien.

(14) Any lienholder with a federal Employer Identification Number (EIN) must electronically transmit the satisfaction and release and discharge of a lien on a motor vehicle to the department not later than fourteen (14) days after the date of satisfaction of the lien. The failure of any such lienholder to comply with the requirements of this subsection shall be a violation of this chapter. Any such lienholder who knowingly and

willfully fails to transmit the satisfaction and release and discharge of a lien on a motor vehicle within fourteen (14) days after the date of the satisfaction of the lien shall be in violation of this section, and subject to a civil penalty of up to Two Hundred Fifty Dollars (\$250.00) per violation, which shall be in addition to any other penalty provided in this chapter. In addition, the lienholder shall be liable for any attorney's fees, legal fees and/or other fees and costs incurred by a person in any action necessary to discharge and/or release a lien or otherwise affecting a lien for which the lienholder failed to transmit the required information.

(15) Notwithstanding any other provision of this chapter to the contrary, if a lien on a motor vehicle is older than eight (8) years from the date the lien was placed on the motor vehicle, the lien shall be recorded by the department in the automated statewide motor vehicle registration system as having been satisfied and released and discharged, unless annually recertified by the lienholder by utilizing the format and transmitting the data required by the department.

SECTION 2. Section 63-21-18, Mississippi Code of 1972, is amended as follows:

63-21-18. The Mississippi Department of Information Technology Services shall provide equipment for the operation and maintenance of the automated statewide motor vehicle, manufactured housing and mobile home registration system by the * * * department.

The automated statewide motor vehicle, manufactured housing and mobile home registration system shall provide for computer terminals and printers, as authorized by the * * * Department of Information Technology Services, to be located in the quantity necessary in each county seat tax collector's office and any other office in which more than fifty percent (50%) of the motor vehicle registrations in the county are made.

All county tax collectors shall participate in such system as it applies to Chapter 19, Title 27; Chapter 51, Title 27; Chapter 21, Title 63; Mississippi Code of 1972, in accordance with rules and regulations promulgated by the * * * department. Such rules and regulations shall provide that counties which have an existing computer system designed to produce registration data may elect to use such existing system to communicate title/registration data to the * * * department through the computer furnished by the state as hereinabove provided in this section. If the * * * department finds and determines that a county has failed to successfully establish or update title/registration data into the statewide vehicle, manufactured housing and mobile home title/registration system, either through use of equipment supplied by the * * * department or through the interfacing between the network system and county computer equipment, the * * * department shall thereafter cause to be withheld the county's homestead exemption reimbursement monies, except for school districts and municipalities, until such time as the county has complied with this provision. Such monies as are withheld from a county for failure to comply with this provision shall be placed into a special escrow account to be established in the State Treasury. Once the county achieves compliance by successfully establishing or updating title/registration data into the statewide vehicle, manufactured housing and mobile home title/registration system, then the * * * department shall cause to be released to the county all funds held in escrow on the county's behalf during the period of noncompliance. All interest earned shall accrue to the benefit of the county on any funds placed in an escrow account. Any cost involved in interfacing between existing county computer systems and the state-provided computer shall be paid by the county.

The computer terminals and printers placed in each county tax collector's office may be utilized to provide additional computer functions as authorized by the * * * Department of Information Technology Services.

The State Fiscal Officer shall issue his warrants to the State Treasurer for the expenditures for the implementation and maintenance of the system upon requisitions signed by the * * * Commissioner of Revenue, as authorized by the Legislature.

It is the intent of the Legislature that the operation of the statewide motor vehicle, manufactured housing and mobile home title registration system shall be the responsibility of the * * * department.

The *** department shall provide for the transfer of motor vehicle, manufactured housing and mobile home title and lien registration information to the *** department by electronic means from banks and other lending institutions as provided in Section 63-21-18. The *** Department of Information Technology Services shall cooperate with the *** department in implementing the provisions of Section 63-21-18, and shall provide the *** department with whatever assistance the *** department needs to carry out the provisions of Section 63-21-18.

A used motor vehicle parts dealer or scrap metal processor must utilize the department's automated statewide motor vehicle registration system for the purpose of complying with the requirements of Section 63-21-39(1)(a).

SECTION 3. Section 63-21-39, Mississippi Code of 1972, is amended as follows:

63-21-39. (1) (a) An owner who scraps, dismantles or destroys a vehicle and a person who purchases a vehicle as scrap or to be dismantled or destroyed shall indicate same on the back of the certificate of title and shall immediately cause the certificate of title and any other documents required by the department *** to be mailed or delivered to the department *** for cancellation. A certificate of title of the vehicle shall not again be issued except upon application containing the information the department *** requires, accompanied by a certificate of inspection in the form and content specified in Section 63-21-15(5) and proof of payment of a fee as provided in subsection (2) of this section. Before a used motor vehicle parts dealer or scrap metal processor may purchase or receive a motor vehicle from the owner or authorized agent of the owner of the motor vehicle for the purpose of scrapping, dismantling or destroying the motor vehicle, the used motor vehicle parts dealer or scrap metal processor must verify under Section 63-21-18 the absence of any lien on the motor vehicle. If a lien exists on the motor vehicle, the used motor vehicle parts dealer or scrap metal processor may not purchase or receive the motor vehicle for the purpose of scrapping, dismantling or destroying the vehicle, and may not purchase or receive the motor vehicle for such purposes during any time for which a lien exists on the motor vehicle.

(b) Notwithstanding any other provision of this chapter to the contrary, if the owner or authorized agent of the owner has not obtained a title in his or her name for the vehicle to be transferred, has lost the title for the vehicle to be transferred, or has returned the title to the department *** in accordance with paragraph (a) of this subsection, he or she may sign a statement swearing that, in addition to the foregoing conditions, the vehicle is at least ten (10) model years old. The statement described in this paragraph may be used only to transfer such a vehicle to a licensed used motor vehicle parts dealer or scrap metal processor. The department shall promulgate a form for the statement which shall include, but not be limited to:

(i) A statement that the vehicle shall never be titled again; it must be dismantled or scrapped;

(ii) A description of the vehicle including the year, make, model and vehicle identification number;

(iii) The name, address, and driver's license number, nondriver identification card number or tribal identification card number of the owner;

(iv) A certification that the owner:

1. Never obtained a title to the vehicle in his or her name; or

2. Was issued a title for the vehicle, but the title was lost or stolen;

(v) A certification that the vehicle:

1. Is at least ten (10) model years old; and

2. Is not subject to any security interest or lien;

(vi) An acknowledgment that the owner and buyer of the vehicle realizes this form will be filed with the department and that:

1. It is a misdemeanor, punishable by a fine of not more than One Thousand Dollars (\$1,000.00) or imprisonment for not more than six (6) months, or both, for conviction of a first offense of knowingly falsifying any information on this statement; and

2. It is a felony, punishable by a fine of not less than One Thousand Dollars (\$1,000.00) nor more than Five Thousand Dollars (\$5,000.00) or imprisonment for not less than one (1) year nor more than five (5) years, or both, for conviction of a second or subsequent offense of knowingly falsifying any information on this statement;

(vii) The owner's signature and the date of the transaction;

(viii) The name and address of the business acquiring the vehicle;

(ix) The National Motor Vehicle Title Information System identification number; and

(x) The business agent's signature and date along with a printed name and title if the agent is signing on behalf of a corporation.

(c) Until such time as the department makes available an Internet-based system, the used motor vehicle parts dealer or scrap metal processor shall mail or otherwise deliver the statement required under paragraph (b) of this subsection (1) to the department * * * within three (3) business days of the completion of the transaction, requesting that the department cancel the Mississippi certificate of title and registration. Once the department develops an Internet-based system, the used motor vehicle parts dealer or scrap metal processor shall utilize such system and within two (2) business days electronically submit the information contained in the statement using that system.

(d) Within two (2) business days of each day's close of business, the used motor vehicle parts dealer or scrap metal processor who purchases or receives motor vehicles for scrap or for parts shall deliver in a format approved by the department, by electronic means once developed and made available by the department, a list of all such vehicles purchased that day for scrap or for parts. That list shall contain the following information:

In addition, the used motor vehicle parts dealer or scrap metal processor must certify compliance with the requirements of Section 63-21-39(1)(a).

(e) (i) For purposes of this subsection, the term "motor vehicle" shall not include a vehicle which has been crushed or flattened by mechanical means such that it is no longer the motor vehicle as described by the certificate of title, or such that the vehicle identification number is no longer visible or accessible.

(ii) In cases in which crushed or flattened vehicles are purchased or received, the purchasing or receiving used motor vehicle parts dealer or scrap metal processor shall verify that the seller has reported the vehicles in accordance with this subsection. Such verification may be in the form of a certification from the seller or a contract between the seller and the purchasing or receiving used motor vehicle parts dealer or scrap metal processor attesting to the seller's compliance with the reporting requirements of this subsection. Such verification must clearly identify the seller by a government issued photograph identification card or employer identification number, and the verification and copy of the identification card or number shall be maintained by the purchasing or receiving used motor vehicle parts dealer or scrap metal processor for a period of not less than two (2) years.

(f) The information obtained by the department in accordance with paragraph (d) of this subsection (1) shall be reported to the National Motor Vehicle Title Information System, in a format that will satisfy the requirement for reporting this information, in accordance with rules adopted by the United States Department of Justice in 28 CFR 25.56.

(g) Until such time as the department develops and makes available the internet-based system described in paragraph (d) of this subsection, the used motor vehicle parts dealer or scrap metal processor who purchases or receives motor vehicles for scrap or for parts shall deliver the information required by paragraph (d) to the National Motor Vehicle Title Information System through any data consolidator approved by such system, within forty-eight (48) hours of the day the vehicle was purchased or acquired by such used motor vehicle parts dealer or scrap metal processor which shall satisfy the requirements of paragraph (d).

(h) The information obtained by the department in accordance with paragraph (d) of this subsection (1) shall be made available only to law enforcement agencies and for purposes of canceling certificates of title. The information shall otherwise be considered to be confidential business information of the respective reporting entities.

(i) All records required under the provisions of this subsection shall be maintained for a period of two (2) years by the reporting entity and shall include a scanned or photocopied copy of the seller's or seller's representative's driver's license or state-issued identification card or other valid form of identification.

(j) A person who knowingly and willfully violates this subsection (1), or any person who knowingly and willfully falsifies or assists another person in falsifying the statement or information required under paragraph (b) or (d) of this subsection, or any person who knowingly and willfully sells a vehicle upon which there is an unsatisfied lien or security interest, or who purchases a vehicle without complying with either paragraph (a) or (b) of this subsection and who knowingly and willfully destroys or dismantles a vehicle upon which he knows that there is an unsatisfied lien or security interest shall:

(i) Be guilty of a misdemeanor, punishable by a fine not more than One Thousand Dollars (\$1,000.00) or imprisonment for not more than six (6) months, or both, for conviction of a first offense; or

(ii) Upon conviction of a second or subsequent offense, a felony, punishable by imprisonment for not less than one (1) year nor more than five (5) years or a fine of not less than One Thousand Dollars (\$1,000.00) nor more than Five Thousand Dollars (\$5,000.00), or both.

In addition, the court may order each person convicted to pay restitution to any party suffering monetary loss in the amount of such loss. No part of any sentence imposed by the court shall be suspended unless such restitution has been paid in full.

(k) A person who knowingly and willfully fails to deliver the title as required under paragraph (a) of this subsection, or the statement required under paragraph (b) of this subsection to the department * * * within seventy-two (72) hours of the completion of the transaction, or who, until such time as the department develops and makes available the Internet-based system described in paragraph (d), fails to deliver the information required by paragraph (d) to the National Motor Vehicle Title Information System through any data consolidator approved by such system, within two (2) business days of the day the vehicle was purchased or acquired by such used motor vehicle parts dealer or scrap metal processor shall be in violation of this section, and subject to a civil penalty of up to One Thousand Dollars (\$1,000.00) per violation. Actions to impose this penalty may be brought by any local or state law enforcement agency, district attorney, or by the Attorney General, in any court of competent jurisdiction. One-half (1/2) of the monies generated from such civil penalties shall be deposited in a special fund created in the State Treasury for use by the * * * department's Title Bureau, and one-half (1/2) of the monies generated from such civil penalties shall be deposited in the general fund of the municipality if the suit was brought in a municipal court, or in the general fund of the county if the suit was brought in the court of a county.

(2) For the purpose of requesting a branded title on a vehicle with a salvage certificate of title, every owner of a vehicle that has been issued a salvage certificate of title in this state or any other state which has been restored in this state to its operating condition which existed prior to the event which caused the salvage certificate of title to be issued shall make application to the department * * *, accompanied by a certificate of inspection issued by the Department of Public Safety in the form and content specified in Section 63-21-15(5) and the payment of a fee of Seventy-five Dollars (\$75.00) for each motor vehicle for which a certificate of inspection is issued. In addition, the Department of Public Safety may charge such a person a fee in the amount of Twenty-five Dollars (\$25.00) for performing any vehicle identification number verification required by federal law or regulation for the vehicle for which the person is applying for a title. All such monies shall be collected by the Department of Public Safety and paid to the State Treasurer for deposit in a special fund that is hereby created in the State Treasury to be known as the "Salvage Certificate of Title Fund." Monies in the special fund may be expended by the Department of Public Safety, upon appropriation by the Legislature. The department * * * shall establish by regulation the minimum requirements by which a vehicle which has been issued a salvage certificate of title may be issued a branded title.

(3) Before a branded title may be issued for a vehicle for which a salvage certificate of title has been issued, the applicant shall submit, by hand delivery or mail, such documents and information to the Department of Public Safety as the department may require for the purpose of determining if the vehicle complies with the requirements of this section and all applicable regulations promulgated by the Commissioner of Public Safety and the department * * *. The Department of Public Safety also may require that an applicant bring a vehicle for which application for a branded title is being made to a Highway Patrol facility for a visual inspection whenever the department deems that a visual inspection is necessary or advisable. Nothing in this section shall be construed to prohibit inspectors of the Mississippi Highway Patrol from conducting on-site inspections and investigations of motor vehicle rebuilders or motor vehicle repair businesses to determine if such businesses are in compliance with all applicable laws relating to the motor vehicle title laws of this state and regulations promulgated by the Commissioner of Public Safety and the department * * *.

SECTION 4. This act shall take effect and be in force from and after January 1, 2025.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(1) (a) Except as otherwise provided in this section, upon every person engaging or continuing within this state in the business of selling any tangible personal property whatsoever there is hereby levied, assessed and shall be collected a tax equal to seven percent (7%) of the gross proceeds of the retail sales of the business.

(b) Retail sales of farm tractors and parts and labor used to maintain and/or repair such tractors shall be taxed at the rate of one and one-half percent (1-1/2%) when made to farmers for agricultural purposes.

(c) (i) Retail sales of farm implements sold to farmers and used directly in the production of poultry, ratite, domesticated fish as defined in Section 69-7-501, livestock, livestock products, agricultural crops or ornamental plant crops or used for other agricultural purposes, and parts and labor used to maintain and/or repair such implements, shall be taxed at the rate of one and one-half percent (1-1/2%) when used on the farm.

(ii) The one and one-half percent (1-1/2%) rate shall also apply to all equipment used in logging, pulpwood operations or tree farming, and parts and labor used to maintain and/or repair such equipment, which is either:

1. Self-propelled, or
2. Mounted so that it is permanently attached

to other equipment which is self-propelled or attached to other equipment drawn by a vehicle which is self-propelled.

In order to be eligible for the rate of tax provided for in this subparagraph (ii), such sales must be made to a professional logger. For the purposes of this subparagraph (ii), a "professional logger" is a person, corporation, limited liability company or other entity, or an agent thereof, who possesses a professional logger's permit issued by the Department of Revenue and who presents the permit to the seller at the time of purchase. The department shall establish an application process for a professional logger's permit to be issued, which shall include a requirement that the applicant submit a copy of documentation verifying that the applicant is certified according to Sustainable Forestry Initiative guidelines. Upon a determination that an applicant is a professional logger, the department shall issue the applicant a numbered professional logger's permit.

(d) Except as otherwise provided in subsection (3) of this section, retail sales of aircraft, automobiles, trucks, truck-tractors, semitrailers and manufactured or mobile homes shall be taxed at the rate of three percent (3%).

(e) Sales of manufacturing machinery or manufacturing machine parts when made to a manufacturer or custom processor for plant use only when the machinery and machine parts will be used exclusively and directly within this state in manufacturing a commodity for sale, rental or in processing for a fee shall be taxed at the rate of one and one-half percent (1-1/2%).

(f) Sales of machinery and machine parts when made to a technology intensive enterprise for plant use only when the machinery and machine parts will be used exclusively and directly within this state for industrial purposes, including, but not limited to, manufacturing or research and development activities, shall be taxed at the rate of one and one-half percent (1-1/2%). In order to be considered a technology intensive enterprise for purposes of this paragraph:

(i) The enterprise shall meet minimum criteria established by the Mississippi Development Authority;

(ii) The enterprise shall employ at least ten (10) persons in full-time jobs;

(iii) At least ten percent (10%) of the workforce in the facility operated by the enterprise shall be scientists, engineers or computer specialists;

(iv) The enterprise shall manufacture plastics, chemicals, automobiles, aircraft, computers or electronics; or shall be a research and development facility, a computer design or related facility, or a software publishing facility or other technology intensive facility or enterprise as determined by the Mississippi Development Authority;

(k) Sales of the factory-built components of modular homes, panelized homes and precut homes, and panel constructed homes consisting of structural insulated panels, shall be taxed at the rate of three percent (3%).

(l) Sales of materials used in the repair, renovation, addition to, expansion and/or improvement of buildings and related facilities used by a dairy producer shall be taxed at the rate of three and one-half percent (3-1/2%). For the purposes of this paragraph (l), "dairy producer" means any person engaged in the production of milk for commercial use.

(m) Sales of equipment and materials used in connection with geophysical surveying, exploring, developing, drilling, redrilling, completing, working over, producing, distributing, or testing of oil, gas and other mineral resources shall be taxed at the rate of four and one-half percent (4-1/2%). Operators that rebill sales of equipment and materials to nonoperating working interest owners on behalf of a joint account through the joint interest billing (JIB), where the sales tax has been paid or accrued by the operator shall not be charged a sales tax on the JIB as services income.

(2) From and after January 1, 1995, retail sales of private carriers of passengers and light carriers of property, as defined in Section 27-51-101, shall be taxed an additional two percent (2%).

(3) A manufacturer selling at retail in this state shall be required to make returns of the gross proceeds of such sales and pay the tax imposed in this section.

SECTION 2. Section 27-65-21, Mississippi Code of 1972, is amended as follows:

27-65-21. (1) (a) (i) Upon every person engaging or continuing in this state in the business of contracting or performing a contract or engaging in any of the activities, or similar activities, listed below for a price, commission, fee or wage, there is hereby levied, assessed and shall be collected a tax equal to three and one-half percent (3-1/2%) of the total contract price or compensation received, including all charges related to the contract such as finance charges and late charges, from constructing, building, erecting, repairing, grading, excavating, drilling, exploring, testing or adding to any building, highway, street, sidewalk, bridge, culvert, sewer, irrigation or water system, drainage or dredging system, levee or levee system or any part thereof, railway, reservoir, dam, power plant, electrical system, air-conditioning system, heating system, transmission line, pipeline, tower, dock, storage tank, wharf, excavation, grading, water well, any other improvement or structure or any part thereof when the compensation received exceeds Ten Thousand Dollars (\$10,000.00). Such activities shall not include constructing, repairing or adding to property which retains its identity as personal property. The tax imposed in this section is levied upon the prime contractor and shall be paid by him.

(ii) Amounts included in the contract price or compensation received representing the sale of manufacturing or processing machinery

for a manufacturer or custom processor shall be taxed at the rate of one and one-half percent (1-1/2%) in lieu of the three and one-half percent (3-1/2%).

(b) The following shall be excluded from the tax levied by this section:

(i) The contract price or compensation received for constructing, building, erecting, repairing or adding to any building, electrical system, air-conditioning system, heating system or any other improvement or structure which is used for or primarily in connection with a residence or dwelling place for human beings. Such residences shall include homes, mobile homes, summer cottages, fishing and hunting camp buildings and similar buildings, but shall not include apartment buildings, condominiums, hotels, motels, hospitals, nursing or retirement homes, tourist cottages or other commercial establishments.

(ii) The portion of the total contract price attributable to design or engineering services if:

1. The total contract price for the project exceeds the sum of One Hundred Million Dollars (\$100,000,000.00); or

2. The engineering services are performed by a professional engineer as defined in Section 73-13-3, who is the general or prime contractor.

(iii) The contract price or compensation received to restore, repair or replace a utility distribution or transmission system that has been damaged due to ice storm, hurricane, flood, tornado, wind, earthquake or other natural disaster if such restoration, repair or replacement is performed by the entity providing the service at its cost.

(iv) The contract price or compensation received for constructing, building, erecting, repairing or adding to any building, facility or structure located at any refinery as defined in Section 27-65-24.

(c) Sales of materials and services for use in the activities hereby excluded from taxes imposed by this section, except services used in activities excluded pursuant to paragraph (b)(iii) of this subsection, shall be subject to taxes imposed by other sections in this chapter.

(2) *** [Deleted]

(3) When the work to be performed under any contract is sublet by the prime contractor to different persons, or in separate contracts to the same persons, each such subcontractor performing any part of said work shall be liable for the amount of the tax which accrues on account of the work performed by such person when the tax heretofore imposed has not been paid upon the whole contract by the prime contractor.

When a person engaged in any business on which a tax is levied in Section 27-65-23, also qualifies as a contractor, and contracts with the owner of any project to perform any services in excess of Ten Thousand Dollars (\$10,000.00) herein taxed, such person shall pay the tax imposed by this section in lieu of the tax imposed by Section 27-65-23.

Any person entering into any contract over Seventy-five Thousand Dollars (\$75,000.00) as defined in this section shall, before beginning the performance of such contract or contracts, either pay the contractors' tax in advance, together with any use taxes due under Section 27-67-5, or execute and file with the commissioner a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the commissioner conditioned that all taxes which may accrue to the State of Mississippi under this chapter, or under Section 27-67-5 and Section 27-7-5, will be paid when due. Such bonds shall be either (a) "job bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of a specified job or activity regardless of date of completion; or (b) "blanket bonds" which guarantee payment when due of the aforesaid taxes resulting from performance of all jobs or activities taxable under this section begun during the period specified therein, regardless of date of completion. The payments of the taxes due or the execution and filing of a surety bond shall be a condition precedent to the commencing work on any contract taxed hereunder. Provided, that when any bond is filed in lieu of the prepayment of the tax under this section, that the tax shall be payable monthly on the amount received during the previous month, and any use taxes due shall be payable

on or before the twentieth day of the month following the month in which the property is brought into Mississippi.

Any person failing either to execute any bond herein provided, or to pay the taxes in advance, before beginning the performance of any contract shall be denied the right to perform such contract until he complies with such requirements, and the commissioner is hereby authorized to proceed either under Section 27-65-59, under Section 27-65-61 or by injunction to prevent any activity in the performance of such contract until either a satisfactory bond is executed and filed, or all taxes are paid in advance, and a temporary injunction enjoining the execution of such contract shall be granted without notice by any judge or chancellor now authorized by law to grant injunctions.

Any person liable for a tax under this section may apply for and obtain a material purchase certificate from the commissioner which may entitle the holder to purchase materials and services that are to become a component part of the structure to be erected or repaired with no tax due. Provided, that the contractor applying for the contractor's material purchase certificate shall furnish the Department of Revenue a list of all work sublet to others, indicating the amount of work to be performed, and the names and addresses of each subcontractor.

H. B. No. 297: Mississippi Department of Information Technology Services; revise bidding procedure.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 297: Mississippi Department of Information Technology Services; bring forward code sections related to.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 31-7-13, Mississippi Code of 1972, is amended as follows:

31-7-13. All agencies and governing authorities shall purchase their commodities and printing; contract for garbage collection or disposal; contract for solid waste collection or disposal; contract for sewage collection or disposal; contract for public construction; and contract for rentals as herein provided.

(a) Bidding procedure for purchases not over \$5,000.00. Purchases which do not involve an expenditure of more than Five Thousand Dollars (\$5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. However, nothing contained in this paragraph (a) shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars (\$5,000.00) or less.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law

for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board

of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high-speed internet access shall be exempt from the requirement of this subparagraph (v) until such time that high-speed internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. (d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices.

In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d),

Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks. In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority. If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization. For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any

of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be

based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. (k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. (ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. When in response to a proper advertisement therefor, no bid firm as to price is submitted to an electric utility for power transformers, distribution transformers, power breakers, reclosers or other articles containing a petroleum product, the electric utility may accept the lowest and best bid therefor although the price is not firm.

(q) Fuel management system bidding procedure. Any governing authority or agency of the state shall, before contracting for the services and products of a fuel management or fuel access system, enter into negotiations with not fewer than two (2) sellers of fuel management or fuel access systems for competitive written bids to provide the services and products for the systems. In the event that the governing authority or agency cannot locate two (2) sellers of such systems or cannot obtain bids from two (2) sellers of such systems, it shall show proof that it made a diligent, good-faith effort to locate and negotiate with two (2) sellers of such systems. Such proof shall include, but not be limited to, publications of a request for proposals and letters soliciting negotiations and bids. For purposes of this paragraph (q), a fuel management or fuel access system is an automated system of acquiring fuel for vehicles as well as management reports detailing fuel use by vehicles and drivers, and the term "competitive written bid" shall have the meaning as defined in paragraph (b) of this section. Governing authorities and agencies shall be exempt from this process when contracting for the services and products of fuel management or fuel access systems under the terms of a state contract established by the Office of Purchasing and Travel.

(r) Solid waste contract proposal procedure. Before entering into any contract for garbage collection or disposal, contract for solid waste collection or disposal or contract for sewage collection or disposal, which involves an expenditure of more than Seventy-five Thousand Dollars (\$75,000.00), a governing authority or agency shall issue publicly a request for proposals concerning the specifications for such services which shall be advertised in the same manner as provided in this section for seeking bids for purchases which involve an expenditure of more than the amount provided in paragraph (c) of this section. Any request for proposals when issued shall contain terms and conditions relating to price, financial responsibility, technology, legal responsibilities and other relevant factors as are determined by the governing authority or agency to be appropriate for inclusion; all factors determined relevant by the governing authority or agency or required by this paragraph (r) shall be duly included in the advertisement to elicit proposals. After responses to the request for proposals have been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinstituted. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or

permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(i) "Asian" means persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands.

(ii) "Black" means persons having origins in any black racial group of Africa.

(iii) "Hispanic" means persons of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race.

(iv) "Native American" means persons having origins in any of the original people of North America, including American Indians, Eskimos and Aleuts.

(t) Construction punch list restriction. The architect, engineer or other representative designated by the agency or governing authority that is contracting for public construction or renovation may prepare and submit to the contractor only one (1) preliminary punch list of items that do not meet the contract requirements at the time of substantial completion and one (1) final list immediately before final completion and final payment.

(u) Procurement of construction services by state institutions of higher learning. Contracts for privately financed construction of auxiliary facilities on the campus of a state institution of higher learning may be awarded by the Board of Trustees of State Institutions of Higher Learning to the lowest and best bidder, where sealed bids are solicited, or to the offeror whose proposal is determined to represent the best value to the citizens of the State of Mississippi, where requests for proposals are solicited.

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars (\$1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. Proof of insurance coverage shall be submitted within five (5) business days from bid acceptance.

(w) Purchase authorization clarification. Nothing in this section shall be construed as authorizing any purchase not authorized by law.

(x) Mississippi Regional Pre-Need Disaster Clean Up Act. (i) *** The Department of Finance and Administration shall develop and implement a process that creates a preferred vendor list for both disaster debris removal and monitoring.

(ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established in subparagraph (i) of this paragraph.

SECTION 2. Section 31-7-67, Mississippi Code of 1972, is amended as follows:

31-7-67. (1) For the purposes of this section, the following words and phrases shall have the meanings ascribed in this section unless the context clearly indicates otherwise:

(a) "sUAS" means a small unmanned aircraft system, also called a drone, including the unmanned aircraft itself and any additional support equipment, control stations, data links, telemetry, communications and navigation equipment or any other equipment necessary to operate the unmanned aircraft.

(b) "Domestic manufacturer" means a manufacturing company incorporated and headquartered in the United States of America and whose majority ownership is comprised of American citizens and which manufactures drones at a facility in the United States of America. If such company is owned by another entity, that entity must also be an American company.

(c) "Domestic sUAS company" means a company which provides maintenance, repair, and other technical services for small unmanned aircraft systems, including drones, which is incorporated, headquartered and primarily provides such services in the United States of America.

(d) "Collision avoidance system" means a system of hardware or software designed to mitigate collision risk for drones.

(2) Beginning January 1, 2025, all small unmanned aircraft systems and drones purchased by the State of Mississippi or any agency or political subdivision thereof shall be purchased exclusively from a domestic manufacturer and shall possess collision avoidance systems. All maintenance, repair and other technical services on drones owned by the State of Mississippi or any agency or political subdivision thereof shall be performed by a domestic sUAS company. All infrastructure inspection services requiring the use of sUAS and contracted for on behalf of the State shall be performed using domestically manufactured sUAS.

(3) In public procurement under Title 31, Chapter 7, domestic manufacturers operating within the State of Mississippi shall be granted a ten percent (10%) bid preference over non-Mississippi manufacturers and domestic sUAS companies shall be granted a ten percent (10%) bid preference over non-Mississippi companies. Additionally, all agencies and public entities may solicit a minimum of one (1) bid from a Mississippi-based small unmanned aircraft system manufacturer.

(4) Except as provided in subsection (6), an agency may not purchase or operate a small unmanned aircraft system manufactured in the People's Republic of China. For purposes of this section, the term "manufactured" includes a small unmanned aircraft system that is assembled in a country other than the People's Republic of China but which is comprised of more than a negligible amount of parts, software, components or raw materials originating in the People's Republic of China.

(5) The provisions of this section shall not apply to a state institution of higher learning with a federally designated research center when such institution is conducting research regarding sUAS and related matters.

(6) The provisions of this section shall not apply to small unmanned aircraft systems manufactured in the People's Republic of China and purchased prior to January 1, 2025.

SECTION 3. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

(11) The victim of an offense committed by a child who is the subject of a youth court cause shall have the right to be informed of the child's disposition by the youth court.

(12) A classification hearing officer of the State Department of Corrections, as provided in Section 47-5-103, shall have the right to inspect any youth court records, excluding abuse and neglect records, of any offender in the custody of the department who as a child or minor was a juvenile offender or was the subject of a youth court cause of action, and the State Parole Board, as provided in Section 47-7-17, shall have the right to inspect such records when the offender becomes eligible for parole.

(17) The youth courts of the state shall disclose to the Joint Legislative Committee on Performance Evaluation and Expenditure Review (PEER) any youth court records in order that the number of youthful offenders, abused, neglected, truant and dependent children, as well as children in need of special care and children in need of supervision, may be tracked with specificity through the youth court and adult justice system, and to utilize tracking forms for such purpose. (24) The provisions of this section shall stand repealed on July 1, 2026.

SECTION 5. Section 43-21-351, Mississippi Code of 1972, is amended as follows:

43-21-351. (1) Any person or agency having knowledge that a child residing or being within the county is within the jurisdiction of the youth court may make a written report to the intake unit alleging facts sufficient to establish the jurisdiction of the youth court. The report shall bear a permanent number that will be assigned by the court in accordance with the standards established by the Administrative Office of Courts pursuant to Section 9-21-9(d), and shall be preserved until destroyed on order of the court.

(2) There shall be in each youth court of the state an intake officer who shall be responsible for the accurate and timely entering of all intake and case information into the Mississippi Youth Court Information Delivery System (MYCIDS) for the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services. It shall be the responsibility of the youth court judge or referee of each county to ensure that the intake officer is carrying out the responsibility of this section.

(3) The provisions of this section shall stand repealed on July 1, 2026.

SECTION 6. Section 43-21-801, Mississippi Code of 1972, is amended as follows:

43-21-801. (1) There is established the Youth Court Support Program. The purpose of the program shall be to ensure that all youth courts have sufficient support funds to carry on the business of the youth court. The Administrative Office of Courts shall establish a formula consistent with this section for providing state support payable from the Youth Court Support Fund for the support of the youth courts.

(a) (i) Each regular youth court referee is eligible for youth court support funds so long as the senior chancellor does not elect to employ a youth court administrator as set forth in paragraph (b); a municipal youth court judge is also eligible. The Administrative Office of Courts shall direct any funds to the appropriate county or municipality. The funds shall be utilized to compensate an intake officer who shall be responsible for ensuring that all intake and case information for the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services is entered into the Mississippi Youth Court Information Delivery System (MYCIDS) in an accurate and timely manner. If the court already has an intake officer responsible for entering all cases of the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services into MYCIDS, the regular youth court referee or municipal court judge may certify to the Administrative Office of Courts that such a person is already on staff. In such a case, each regular youth court referee or municipal youth court judge shall have the sole individual discretion to appropriate those funds as expense monies to assist in hiring secretarial staff and acquiring materials and equipment incidental to carrying on the business of the court within the private practice of law of the referee or judge, or may direct the use of those funds through the county or municipal budget for court support supplies or services. The regular youth court referee and municipal youth court judge shall be accountable for assuring through private, county or municipal employees the proper preparation and filing of all necessary tracking and other documentation attendant to the administration of the youth court.

(ii) Title to all tangible property, excepting stamps, stationery and minor expendable office supplies, procured with funds authorized by this section, shall be and forever remain in the county or municipality to be used by the judge or referee during the term of his office and thereafter by his successors.

(b) (i) When permitted by the Administrative Office of Courts and as funds are available, the senior chancellor for Chancery Districts One, Two, Three, Four, Six, Seven, Nine, Ten, Thirteen, Fourteen, Fifteen and Eighteen may appoint a youth court administrator for the district whose responsibility will be to perform all reporting, tracking and other duties of a court administrator for all youth courts in the district that are under the chancery court system. Any chancery district listed in this paragraph in which a chancellor appoints a referee or special master to hear any youth court matter is ineligible for funding under this paragraph (b). The Administrative Office of Courts may allocate to an eligible chancery district a sum not to exceed Thirty

Thousand Dollars (\$30,000.00) per year for the salary, fringe benefits and equipment of the youth court administrator, and an additional sum not to exceed One Thousand Nine Hundred Dollars (\$1,900.00) for the administrator's travel expenses.

(ii) The appointment of a youth court administrator shall be evidenced by the entry of an order on the minutes of the court. The person appointed shall serve at the will and pleasure of the senior chancellor but shall be an employee of the Administrative Office of Courts.

(iii) The Administrative Office of Courts must approve the position, job description and salary before the position can be filled. The Administrative Office of Courts shall not approve any plan that does not first require the expenditure of the funds from the Youth Court Support Fund before expenditure of county funds is authorized for that purpose.

(iv) Title to any tangible property procured with funds authorized under this paragraph shall be and forever remain in the State of Mississippi.

(c) (i) Each county court is eligible for youth court support funds. The funds shall be utilized to provide compensation to an intake officer who shall be responsible for ensuring that all intake and case information for the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services is entered into the Mississippi Youth Court Information Delivery System (MYCIDS) in an accurate and timely manner. If the county court already has an intake officer or other staff person responsible for entering all cases of the Department of Human Services - Division of Youth Services, truancy matters and the Department of Child Protection Services into MYCIDS, the senior county court judge may certify that such a person is already on staff. In such a case, the senior county court judge shall have discretion to direct the expenditure of those funds in hiring other support staff to carry on the business of the court.

(ii) For the purposes of this paragraph, "support staff" means court administrators, law clerks, legal research assistants, secretaries, resource administrators or case managers appointed by a youth court judge, or any combination thereof, but shall not mean school attendance officers.

(iii) The appointment of support staff shall be evidenced by the entry of an order on the minutes of the court. The support staff so appointed shall serve at the will and pleasure of the senior county court judge but shall be an employee of the county.

(iv) The Administrative Office of Courts must approve the positions, job descriptions and salaries before the positions may be filled. The Administrative Office of Courts shall not approve any plan that does not first require the expenditure of funds from the Youth Court Support Fund before expenditure of county funds is authorized for that purpose.

(v) The Administrative Office of Courts may approve expenditure from the fund for additional equipment for support staff appointed pursuant to this paragraph if the additional expenditure falls within the formula. Title to any tangible property procured with funds authorized under this paragraph shall be and forever remain in the county to be used by the youth court and support staff.

(2) (a) (i) The formula developed by the Administrative Office of Courts for providing youth court support funds shall be devised so as to distribute appropriated funds proportional to caseload and other appropriate factors as set forth in regulations promulgated by the Administrative Office of Courts. The formula will determine a reasonable maximum amount per judge or referee per annum that will not be exceeded in allocating funds under this section.

(ii) The formula shall be reviewed by the Administrative Office of Courts every two (2) years to ensure that the youth court support funds provided herein are proportional to each youth court's caseload and other specified factors.

(iii) The Administrative Office of Courts shall have wide latitude in the first two-year cycle to implement a formula designed to maximize caseload data collection.

(b) Application to receive funds under this section shall be submitted in accordance with procedures established by the Administrative Office of Courts.

(c) Approval of the use of any of the youth court support funds distributed under this section shall be made by the Administrative Office of Courts in accordance with procedures established by the Administrative Office of Courts.

(3) (a) There is created in the State Treasury a special fund to be designated as the "Youth Court Support Fund," which shall consist of funds appropriated or otherwise made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund. Monies in the fund shall be distributed to the youth courts by the Administrative Office of Courts for the purposes described in this section.

(b) (i) During the regular legislative session held in calendar year 2007, the Legislature may appropriate an amount not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000.00) to the Youth Court Support Fund.

(ii) During each regular legislative session subsequent to the 2007 Regular Session, the Legislature shall appropriate Two Million Five Hundred Thousand Dollars (\$2,500,000.00) to the Youth Court Support Fund.

(c) No youth court judge or youth court referee shall be eligible to receive funding from the Youth Court Support Fund who has not received annual continuing education in the field of juvenile justice in an amount to conform with the requirements of the Rules and Regulations for Mandatory Continuing Judicial Education promulgated by the Supreme Court. The Administrative Office of Courts shall maintain records of all referees and youth court judges regarding such training and shall not disburse funds to any county or municipality for the budget of a youth court judge or referee who is not in compliance with the judicial training requirements.

(4) Any recipient of funds from the Youth Court Support Fund shall not be eligible for continuing disbursement of funds if the recipient is not in compliance with the terms, conditions and reporting requirements set forth in the procedures promulgated by the Administrative Office of Courts.

(5) The provisions of this section shall stand repealed on July 1, 2026.

SECTION 7. Section 45-33-61, Mississippi Code of 1972, is amended as follows:

45-33-61. (1) A person convicted of a sex offense shall not access the Administrative Office of Courts' youth court data management system known as the Mississippi Youth Court Information Delivery System or "MYCIDS."

(2) This section applies to all registered sex offenders without regard to the date of conviction for a registrable offense.

(3) The provisions of this section shall stand repealed on July 1, 2026.

SECTION 8. Section 93-31-3, Mississippi Code of 1972, is amended as follows:

93-31-3. (1) (a) A parent or legal custodian of a child, by means of a properly executed power of attorney as provided in Section 93-31-5, may delegate to another willing person or persons as attorney-in-fact any of the powers regarding the care and custody of the child other than the following:

(i) The power to consent to marriage or adoption of the child;

(ii) The performance or inducement of an abortion on or for the child; or

(iii) The termination of parental rights to the child.

(b) A delegation of powers under this section does not:

(i) Change or modify any parental or legal rights, obligations, or authority established by an existing court order;

(ii) Deprive any custodial or noncustodial parent or legal guardian of any parental or legal rights, obligations, or authority regarding the custody, visitation, or support of the child; or

(iii) Affect a court's ability to determine the best interests of a child.

(c) If both parents are living and neither parent's parental rights have been terminated, both parents must execute the power of attorney. If a noncustodial parent is absent or unknown, the custodial parent must complete the affidavit contemplated under Section 93-31-5 and attach it to the power of attorney.

(d) A power of attorney under this chapter must be facilitated by either a child welfare agency that is licensed to place children for adoption and that is operating under the Safe Families for Children model or another charitable organization that is operating under the Safe Families for Children model. A full criminal history and child abuse and neglect background check must be conducted on any person who is not a grandparent, aunt, uncle, or sibling of the child if the person is:

(i) Designated or proposed to be designated as the attorney-in-fact; or

(ii) Is a person over the age of fifteen (15) who resides in the home of the designated attorney-in-fact.

(2) A power of attorney executed under this chapter shall not be used for the sole purposes of enrolling a child in a school to participate in the academic or interscholastic athletic programs provided by that school or for any other unlawful purposes, except as may be permitted by the federal Every Student Succeeds Act (Public Law 114-95).

(3) The parent or legal custodian of the child has the authority to revoke or withdraw the power of attorney authorized by this section at any time. Upon the termination, expiration, or revocation of the power of attorney, the child must be returned to the custody of the parent or legal custodian.

(4) Until the authority expires or is revoked or withdrawn by the parent or legal custodian, the attorney-in-fact shall exercise parental or legal authority on a continuous basis without compensation for the duration of the power of attorney.

(5) The execution of a power of attorney by a parent or legal custodian does not, in the absence of other evidence, constitute abandonment, desertion, abuse, neglect, or any evidence of unfitness as a parent unless the parent or legal custodian fails to take custody of the child or execute a new power of attorney after the one-year time limit, or after a longer time period as allowed for a serving parent, has elapsed. Nothing in this subsection prevents the Department of Child Protection Services or law enforcement from investigating allegations of abuse, abandonment, desertion, neglect or other mistreatment of a child.

(6) When the custody of a child is transferred by a power of attorney under this chapter, the child is not considered to have been placed in foster care and the attorney-in-fact will not be subject to any of the requirements or licensing regulations for foster care or other regulations relating to out-of-home care for children and will not be subject to any statutes or regulations dealing with the licensing or regulation of foster care homes.

(7) (a) "Serving parent" means a parent who is a member of the Armed Forces of the United States, including any reserve component thereof, or the National Oceanic and Atmospheric Administration Commissioned Officer Corps or the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the Armed Forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty.

(b) A serving parent may delegate the powers designated in subsection (1) of this section for longer than one (1) year if on active-duty service or if scheduled to be on active-duty service. The term of delegation, however, may not exceed the term of active-duty service plus thirty (30) days.

(8) (a) A power of attorney under this chapter must be filed in the youth court of the county where the minor child or children reside at the time the form is completed, and the clerk of the youth court will not impose or collect a filing fee. The filing is informational only, and no judicial intervention shall result at the time of filing.

(b) The power of attorney must be entered into the Mississippi Youth Court Information Delivery System (MYCIDS) under Section 43-21-351, and must

be administratively reviewed by the youth court judge or referee, or a person designated by the youth court judge or referee, to ensure the safety of the child or children who are the subjects of the power of attorney one (1) year after the date of execution.

(9) The provisions of this section shall stand repealed on July 1, 2026.

SECTION 9. This act shall take effect and be in force from and after its passage.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 9-21-9, MISSISSIPPI CODE OF 1972, TO REQUIRE THE ADMINISTRATIVE DIRECTOR OF COURTS TO AUDIT THE MISSISSIPPI YOUTH COURT INFORMATION SYSTEM (MYCIDS); TO AMEND SECTION 9-17-1, MISSISSIPPI CODE OF 1972, TO REVISE THE MANNER IN WHICH THE CIRCUIT JUDGES, CHANCELLORS AND COUNTY COURT JUDGES MAY ESTABLISH THE OFFICE OF COURT ADMINISTRATOR; TO REQUIRE THE ADMINISTRATIVE OFFICE OF COURTS TO DETERMINE IF A PROSPECTIVE COURT ADMINISTRATOR MEETS THE MINIMUM REQUIREMENTS BEFORE THE PERSON IS HIRED; TO AMEND SECTION 9-1-36, MISSISSIPPI CODE OF 1972, TO REQUIRE CIRCUIT JUDGES AND CHANCELLORS DESIRING TO EMPLOY SUPPORT STAFF TO HAVE CANDIDATES APPROVED BY THE ADMINISTRATIVE OFFICE OF COURTS BEFORE FILLING POSITIONS; TO AMEND SECTIONS 43-21-261, 43-21-351, 43-21-801, 45-33-61 AND 93-31-3, MISSISSIPPI CODE OF 1972, TO PROVIDE THAT SUCH SECTIONS SHALL STAND REPEALED ON JULY 1, 2026; AND FOR RELATED PURPOSES.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 67-1-5, Mississippi Code of 1972, as amended by Senate Bill No. 2457, 2024 Regular Session, is amended as follows:

(a) "Alcoholic beverage" means any alcoholic liquid, including wines of more than five percent (5%) of alcohol by weight, capable of being consumed as a beverage by a human being, but shall not include light wine, light spirit product and beer, as defined in Section 67-3-3, Mississippi Code of 1972, but shall include native wines and native spirits. The words "alcoholic beverage" shall not include ethyl alcohol manufactured or distilled solely for fuel purposes or beer of an alcoholic content of more than eight percent (8%) by weight if the beer is legally manufactured in this state for sale in another state.

(b) "Alcohol" means the product of distillation of any fermented liquid, whatever the origin thereof, and includes synthetic ethyl alcohol, but does not include denatured alcohol or wood alcohol.

(c) "Distilled spirits" means any beverage containing more than six percent (6%) of alcohol by weight produced by distillation of fermented grain, starch, molasses or sugar, including dilutions and mixtures of these beverages.

(d) "Wine" or "vinous liquor" means any product obtained from the alcoholic fermentation of the juice of sound, ripe grapes, fruits, honey or berries and made in accordance with the revenue laws of the United States.

Hotels in towns or cities of more than twenty-five thousand (25,000) population are similarly defined except that they must have fifty (50) or more sleeping rooms. Any such establishment described in this paragraph with less than fifty (50) beds shall operate one or more regular dining rooms designed to be constantly frequented by customers each day. Except as otherwise provided in this paragraph, no place shall qualify as a restaurant under this article unless twenty-five percent (25%) or more of the revenue derived from such place shall be from the preparation, cooking and serving of meals and not from the sale of beverages, or unless the value of food given to and consumed by customers is equal to twenty-five percent (25%) or more of total revenue; or

proper meeting by the board of directors or other governing body out of the general revenues of the club.

The department may, in its discretion, waive the five-year provision of this paragraph. In order to qualify under this paragraph, a club must file with the department, at the time of its application for a license under this article, two (2) copies of a list of the names and residences of its members and similarly file, within ten (10) days after the election of any additional member, his name and address. A convent or monastery may waive such distance restrictions in favor of allowing approval by the department of an area as a qualified resort area. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the convent or monastery having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

In such a case, the status of qualified resort area shall not take effect until completion of the development.

(ii) The term includes any state park which is declared a resort area by the department; however, such declaration may only be initiated in a written request for resort area status made to the department by the Executive Director of the Department of Wildlife, Fisheries and Parks, and no permit for the sale of any alcoholic beverage, as defined in this article, except an on-premises retailer's permit, shall be issued for a hotel, restaurant or bed and breakfast inn in such park.

(2) The fund shall be treated as a special trust fund and interest earned on the principal shall be credited to the fund.

(3) The department shall keep accurate reports of monies handled as a part of the permanent records of the department, and the State Treasurer shall furnish the department such forms as may be needed, and the department shall account for such forms in reports to the Treasurer.

SECTION 2. Section 49-15-27, Mississippi Code of 1972, is amended as follows:

49-15-27. The department is hereby granted full and complete authority to lease the bottoms within its jurisdiction upon the following terms and conditions:

(1) All areas within the department's jurisdiction, not designated state-owned reefs by this chapter, including natural reefs and all areas not within the boundaries of riparian property owners may be leased by the department.

(2) All individual lessees shall be residents of the State of Mississippi, or if a firm or corporation, such firm or corporation shall be organized under the laws of the State of Mississippi and owned by a resident of the State of Mississippi.

(3) No individual, corporation, partnership or association may lease less than one (1) acre nor more than two thousand five hundred (2,500) acres total; however, in the case of an individual there shall be counted towards such limitation any lands leased by a corporation, partnership or association in which such individual owns ten percent (10%) or less interest and, in the case of a corporation, partnership or association, there shall be counted toward such limitation any lands leased by an individual stockholder, partner or associate thereof who owns ten percent (10%) or less interest in such corporation, partnership or association.

(4) Individuals, firms or corporations desiring to lease bottoms shall make application to the department in writing, describing the area to be leased. Applications must include a plat showing the proposed lease area and description of cultch material type and amount to be deployed on the leased area.

(5) (a) Any person who qualifies and who desires to lease a part of the bottom or bed of any of the waters of this state as provided in this section shall present to the department a written application, and pay an application fee in the amount of Fifty Dollars (\$50.00). This application shall contain the name and address of the applicant and a reasonably definite description of the location and amount of land covered by water desired by the applicant. * * * The department shall * * * establish a system to determine qualifications of applicants. The department shall prioritize applications based on the following criteria, each of which shall be weighted equally:

- (i) Experience in oyster reef development;
- (ii) Experience in oyster cultivation and harvesting;
- (iii) Whether lease applicant is registered with the U.S. Food & Drug Administration Interstate Certified Shellfish Shippers List for Mississippi, and the length of time the applicant has been registered;
- (iv) Amount of acreage to be leased; and
- (v) Evidence of applicant's financial ability to perform

cultivation and propagation requirements.

The department shall then order an examination to determine whether the water bottoms applied for are leasable * * *.

(b) If the applicant is found to be qualified and the area is found to be leasable, the department shall * * * determine the acreage upon which the rent shall be fixed and enter into a lease with the applicant * * *, who shall pay the prorated annual rent in advance for the remainder of the calendar year. If the applicant is not eligible for a lease, the department shall issue a written notice declining the application with specific reasons for same * * *.

(c) The department has the authority to lease an area to an applicant who has no experience in oyster cultivation as long as the applicant can demonstrate their financial stability and the area applied for has not been requested by another applicant with demonstrated experience.

(d) The department has the authority to reconfigure the lease areas from that requested by the applicant in the manner that promotes maximum utilization of the state's resources. In the event the area requested by the applicant has to be reconfigured, the applicant has the right to refuse the reconfigured area and withdraw their application and receive a refund of their application fee.

* * *

(* * *e) The department shall require that the bottoms of water areas to be leased be as definable as possible, taking into consideration such factors as the shape of the body of water, permitted areas, and the condition of the bottom as to hardness or softness which would render it desirable or undesirable for the purpose of oyster cultivation.

* * *

(* * *f) A lease applicant may withdraw a lease application and receive a full refund from the department of all application fees, by submitting a written request for withdrawal to the department within ninety (90) days after the department * * * received the application.

(6) Such leases shall be for an initial term of fifteen (15) years, with the lessee having the right of first renewal of the lease for an additional fifteen (15) years, and continue to renew at fifteen-year intervals, at the same ground rental rate so long as lessee actively cultivates and gathers oysters, and complies with the provisions of this chapter. No lease may be transferred without approval by the department of the transfer.

(7) The terms of every lease issued hereunder shall ensure the maximum cultivation and propagation of oysters. Throughout the term of every lease issued hereunder, each lessee shall add cultch and make other necessary efforts to ensure the maximum cultivation and propagation of oysters. The department shall promulgate regulations to set forth guidelines for lessees to follow to ensure the maximum cultivation and propagation of oysters under the lease. The lessee shall submit a written report with supporting documentation to the department of efforts to cultivate and propagate oysters for the previous year. If the department finds a lessee is not making efforts to cultivate and propagate oysters, and the lessee fails to take remedial steps to address same, such lease shall be subject to termination as provided for hereunder.

(8) The department shall fix a ground rental rate at Three Dollars (\$3.00) per acre per year. The annual rental payments shall be due by December 31 for the next calendar year.

(9) Any lessee who pays the rent on or after the first day of January shall pay the rent due plus an additional ten percent (10%) penalty. The failure of the lessee to pay the rent punctually on or before the first of each March, ipso facto and without demand or putting in default, terminates and cancels the lease and forfeits to the department all the works, improvements, betterments, and oysters on the leased water bottom. The department may at once enter on the water bottom and take possession thereof. Such water bottom shall then be open for lease in accordance with subsections (5) through (8) of this section. Ten (10) days thereafter the department shall enter the termination, cancellation, and forfeiture on its books and give public notice thereof by publication in one (1) local paper in the county where the formerly leased water bottoms are located. On or before the first day of each February, the department shall issue a written notice of delinquency by certified mail to each lessee who has not yet paid the rent. The department shall also publish notice of such delinquency on its website.

(10) The department shall keep an accurate chart of the areas within its jurisdiction and shall mark on such chart those areas which are under lease. All leases shall be marked by appropriate poles, stakes or buoys of such material as will not injure watercraft, at the expense of the leaseholder. The department shall keep an accurate book, designated "Mississippi Oyster Farms" which shall contain copies of all leases. The department shall maintain a map of designated state-owned, leased areas, and areas available for lease on the department's website. If any lease be cancelled or expire, such fact shall be noted on the face of such lease. Lessees shall be "oyster farmers" for the purposes of any grants, aid, subsidies or other assistance from the federal government or other governmental or private agencies.

(11) All funds derived from leasing shall be paid into the Seafood Fund under Section 49-15-17, for use by the department to further oyster production in this state, which includes plantings of oysters and cultch materials.

(12) All leases made by the department under the authority of this section shall be subject to the paramount right of the state and any of its political subdivisions authorized by law, to promote and develop ports, harbors, channels, industrial or recreational projects, and all such leases shall contain a provision that in the event such authorized public body shall require the area so leased or any part thereof for such public purposes, that the lease shall be terminated on reasonable notice fixed by the department in such lease. On the termination of any lease, the lessees shall have the right to remove any oysters within the leased area within such time as may be fixed by the department and in accordance with such reasonable rules and regulations as the department may adopt.

Any person convicted of taking oysters from leased land or from waters that are not of a safe sanitary quality without a permit as provided in Section 49-15-37 shall, on the first offense, forfeit all equipment used, exclusive of any boat or boats; and be fined not to exceed Two Thousand Dollars (\$2,000.00) or sentenced not to exceed one

(1) year in the county jail, or both. Subsequent convictions shall be punishable by forfeiture of all equipment, including any boat or boats; and a fine not to exceed Five Thousand Dollars (\$5,000.00) or not to exceed two (2) years in prison, or both such fine and imprisonment.

The department is enjoined to cooperate with the Jackson County Port Authority, the Harrison County Development Commission, the municipal port commission and other port and harbor agencies, so that oyster beds shall not be planted in close proximity to navigable channels. The department or lessee shall have no right of action as against any such public body for damages accruing to any natural reef or leased reef by any necessary improvement of such channel in the interest of shipping, commerce, navigation or other purpose authorized by law.

(13) A lessee has the exclusive use of the water bottoms leased and all oysters and cultch grown or placed thereon. However, this exclusive right is subordinate to the rights and responsibilities of the state, any political subdivision of the state, the United States, or any agency or agent thereof, to take action in furtherance of coastal protection, conservation or restoration.

(14) In order to protect the health and safety of the residents of the State of Mississippi, the terms and conditions relating to the leasing of bottoms provided in this section shall be fully applicable to any lease executed by the Mississippi Department of Marine Resources prior to April 17, 2023, and the department shall revise any lease issued prior to April 17, 2023, as necessary in order to comply with the provisions of this section.

SECTION 3. Section 49-15-37, Mississippi Code of 1972, is amended as follows:

49-15-37. The department may employ boats, crews and laborers to cultivate the state-owned reefs of the state, and dredge the oysters in the Mississippi Sound from places where they are too thick, and spread them on reefs where they are too thin, and carry shells from the factories and spread them in places where the oyster beds can be improved and enlarged. The department may open state-owned reefs to the public for harvest. The department may purchase other materials as may be equally suitable for the propagation of oysters. The department in cultivating the reefs, transplanting and spreading oysters and shells and other suitable materials, may expend any funds available for that purpose, as provided by Section 49-15-17(1)(e). In taking seed oysters, care shall be used to not injure or destroy the merchantable oysters on the reefs from which they are taken. The seed oysters shall be tonged from the "conner" or seed reefs, unless it is practicable and safe to dredge those oysters. The department may establish new bedding grounds at those places within the boundaries of the state as it may determine, on advice of the director, or on advice of technical governmental experts, or competent aquatic biologists. On existing state-owned reefs in which oysters exist and in waters not of a safe sanitary quality as determined by the department, the department shall prohibit any person, firm or corporation from taking oysters from those areas. The department shall from time to time remove the oysters from the areas and relay or replant them in an approved area for a period of time under Section 49-15-36 before they may be harvested. Any funds received from the sale of the oysters shall be used in a like manner as those funds received under Section * * * 49-15-17(1)(e).

The department may issue permits to persons to remove oysters by dredging or otherwise from water bottoms which are not of a safe sanitary quality for oysters for human consumption. These areas may be designated as seed grounds, and permits to persons shall be issued only for the purpose of transplanting oysters to privately leased Mississippi territorial waters. The department may permit the transplanting of these seed oysters by a duly authorized public agency.

The department may, upon determining the water bottom from which oysters are to be removed is not of a safe, sanitary quality for oyster production for human consumption and has been unsafe for a period of at least one (1) year immediately preceding certification, and upon complying with the following requirements, permit the dredging of oysters from restricted public areas and relaying the oysters to private leased grounds in the State of Mississippi:

(a) Permittee must hold valid lease of oyster bedding grounds in the State of Mississippi;

(b) Permittee must be bonded in compliance with the permit system established by the department;

(c) Permittee must fulfill all permit requirements as established by the department;

(d) Permittee shall not move oysters from one restricted area to another restricted area;

(e) Permittee shall move oysters only to an area leased by the department; and

(f) Permittee shall not move oysters from the restricted area without the presence of an employee of the department at all times, from the dredging of the oysters from the restricted areas to their deposit on private leased grounds or to an onshore, molluscan depuration facility.

Harvesting of oysters shall be permitted only during daylight hours and with the most efficient gear possible consistent with conservation requirements of not damaging the reefs. This shall include permission to use two (2) dredges per boat on restricted areas and on private leased grounds.

Any person obtaining a permit to remove oysters from seed grounds shall post a penal bond of One Hundred Dollars (\$100.00) per leased acre with the department to be forfeited upon any violation of this section. The bond may be approved by the director of the department if the director finds the bond to be secured by sufficient property or sureties.

The department shall regulate the amount and time of taking of oysters from seed areas and shall supervise the removal, planting and harvesting of oysters from the areas. The time set for the taking of oysters from restricted seed areas for relaying or replanting and the time set for the taking of oysters from private leased grounds shall be separated by not less than a period of time determined under Section 49-15-36 during which neither activity may be allowed.

SECTION 4. Section 49-15-38, Mississippi Code of 1972, is amended as follows:

49-15-38. (1) (a) Unless otherwise permitted by the department, no oysters shall be taken from state-owned reefs unless culled, and all oysters less than three (3) inches from end to end, and all dead shells, shall be replaced, scattered and broadcast immediately on the reefs from which they are taken. It is unlawful for any captain or person in charge of any vessel, or any canner, packer, commission man, dealer or other person to purchase, sell or to have in that person's possession or under that person's control any oysters off the state-owned reefs or private bedding grounds not culled according to this section, or any oysters under the legal size. A ten percent (10%) tolerance shall be allowed in relation to any culling.

(b) The department may authorize the culling of oysters of a lesser measure. That authorization shall be in response to special circumstances or extreme natural conditions affecting the habitat, including, but not limited to, flooding. The department may establish checkpoints in any area within its jurisdiction to conduct inspections, collect fees and issue tags in the enforcement of this chapter and regulations adopted by the commission.

(2) The department shall acquire and replant shells, seed oysters and other materials, when funding is available, for the purpose of growing oysters.

(3) Any person, firm or corporation failing or refusing to pay the shell retention fee required under Section 49-15-46 to the department when called for by the department, is guilty of a misdemeanor and, upon conviction, shall be fined not more than One Hundred Dollars (\$100.00) for each * * * sack of shells for which they fail or refuse to tender the shell retention fee. In addition to the fine, the violator shall pay the reasonable value of the oyster shells and shall be ineligible to be licensed for any activity set forth in this chapter for a period of two (2) years from the date of conviction.

(4) The planting of oyster shells as provided under this chapter shall be under the direction and supervision of the executive director of the department.

SECTION 5. Section 49-15-46, Mississippi Code of 1972, is amended as follows:

49-15-46. (1) Each vessel used to catch, take, carry or transport oysters from the reefs of the State of Mississippi, or engaged in transporting any oysters in any

of the waters within the territorial jurisdiction of the State of Mississippi, for commercial use, shall annually, before beginning operations, be licensed by the department and pay the following license fee:

(a) Fifty Dollars (\$50.00) on each in-state vessel or boat used for tonging oysters or gathering oysters by hand;

(b) One Hundred Dollars (\$100.00) on each in-state vessel or boat used for dredging oysters;

(c) One Hundred Dollars (\$100.00) on each out-of-state vessel or boat used for tonging oysters or gathering oysters by hand, or the license fee charged by the out-of-state licensing entity to Mississippi vessels or boats for tonging or gathering oysters, whichever is greater; or

(d) Two Hundred Dollars (\$200.00) on each out-of-state vessel or boat used for dredging oysters, or the license fee charged by the out-of-state licensing entity to Mississippi vessels or boats for dredging oysters, whichever is greater.

(2) Each molluscan shellfish aquaculture operation shall annually, before beginning operations, be licensed by the department and pay the following license fee:

(a) Fifty Dollars (\$50.00) on each resident molluscan shellfish aquaculture operation; or

(b) One Hundred Dollars (\$100.00) on each nonresident molluscan shellfish aquaculture operation.

(3) The department may authorize the transfer of a vessel license to a different vessel provided that the owner of both vessels is the same titled owner.

(4) All oysters harvested in the State of Mississippi shall be tagged. Tags shall be issued by the department and shall bear the catcher's name, the date and origin of the catch, the shell stock dealer's name and permit number. The department shall number all tags issued and shall maintain a record of those tags. The department, in its discretion, may adopt any regulations regarding the tagging of oysters and other shellfish.

(5) Each person catching or taking oysters from the waters of the State of Mississippi for personal use shall obtain a permit from the department and pay an annual recreational oyster permit fee of Ten Dollars (\$10.00). Oysters caught under a recreational permit shall not be offered for sale. The limits on the allowable catch of oysters for recreational purposes shall be three (3) sacks per week. The department shall issue tags of a distinguishing color to designate recreationally harvested oysters, which shall be tagged on the same day of harvest in the manner prescribed in subsection (4) of this section for commercially harvested oysters or by regulation of the department.

(6) The department shall assess and collect a shell retention fee for the shells taken from waters within the territorial jurisdiction of the State of Mississippi as follows:

(a) Commercial and recreational harvesters - Fifteen Cents (15¢) per sack paid to the department on the day of harvest;

(b) Initial oyster processor, dealer or factory first purchasing the oysters - Fifteen Cents (15¢) per sack paid to the department no later than the tenth day of the month following the purchase, on forms submitted by the department;

(d) Commercial harvesters not selling their oysters to a Mississippi dealer - Fifteen Cents (15¢) per sack paid to the department on the day of harvest, in addition to fees paid in paragraph (a) of this subsection.

Funds received from the shell retention fee shall be paid into * * * the Oyster Production Preserve Account within the Seafood Fund pursuant to Section 49-15-17(1)(e) for use by the department to further oyster production in this state, which includes plantings of oysters and/or cultch materials.

(7) During open seasons, oysters may be taken only by hands, tongs and dredges.

(8) Vessels licensed under Section 49-15-46 may keep in whole, for personal consumption up to thirty-six (36) blue crabs (portunidae family), per day. This

exemption for personal consumption does not apply to fish or crabs that are otherwise illegal to possess or catch.

SECTION 6. Section 49-15-47, Mississippi Code of 1972, is amended as follows:

49-15-47. (1) It is unlawful for any person, firm or corporation to discharge solid or human waste from any vessel while the vessel is used to harvest or transport oysters in the marine waters of the state.

(2) Each vessel used to harvest or transport oysters is required to have an approved functional marine sanitation device (MSD), portable toilet or other sewage disposal receptacle designed to contain human sewage. The approved marine sanitation device (MSD), portable toilet or other sewage disposal receptacle shall:

SECTION 7. Section 41-3-16, Mississippi Code of 1972, is reenacted as follows:

41-3-16. (1) (a) There is established a local governments and rural water systems improvements revolving loan and grant program to be administered by the State Department of Health, referred to in this section as "department," for the purpose of assisting counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, in making improvements to their water systems, including construction of new water systems or expansion or repair of existing water systems. Loan and grant proceeds may be used by the recipient for planning, professional services, acquisition of interests in land, acquisition of personal property, construction, construction-related services, maintenance, and any other reasonable use which the board, in its discretion, may allow. For purposes of this section, "water systems" has the same meaning as the term "public water system" under Section 41-26-3.

(b) (i) There is created a board to be known as the "Local Governments and Rural Water Systems Improvements Board," referred to in this section as "board," to be composed of the following nine (9) members: the State Health Officer, or his designee, who shall serve as chairman of the board; the Executive Director of the Mississippi Development Authority, or his designee; the Executive Director of the Department of Environmental Quality, or his designee; the Executive Director of the Department of Finance and Administration, or his designee; the Executive Director of the Mississippi Association of Supervisors, or his designee; the Executive Director of the Mississippi Municipal League, or his designee; the Executive Director of the American Council of Engineering Companies of Mississippi, or his designee; the State Director of the United States Department of Agriculture, Rural Development, or his designee; and a manager of a rural water system.

The Governor shall appoint a manager of a rural water system from a list of candidates provided by the Executive Director of the Mississippi Rural Water Association. The Executive Director of the Mississippi Rural Water Association shall provide the Governor a list of candidates which shall contain a minimum of three (3) candidates for each appointment.

(ii) Nonappointed members of the board may designate another representative of their agency or association to serve as an alternate.

(iii) The gubernatorial appointee shall serve a term concurrent with the term of the Governor and until a successor is appointed and qualified. No member, officer or employee of the Board of Directors of the Mississippi Rural Water Association shall be eligible for appointment.

(c) The department, if requested by the board, shall furnish the board with facilities and staff as needed to administer this section. The department may contract, upon approval by the board, for those facilities and staff needed to administer this section, including routine management, as it deems necessary. The board may advertise for or solicit proposals from public or private sources, or both, for administration of this section or any services required for administration of this section or any portion thereof. It is the intent of the Legislature that the board endeavor to ensure that the costs of administration of this section are as low as possible in order to provide the water consumers of Mississippi safe drinking water at affordable prices.

(d) Members of the board may not receive any salary, compensation or per diem for the performance of their duties under this section.

(2) (a) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Improvements Revolving Loan Fund," referred to in this section as "revolving fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The revolving fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the revolving fund shall be credited with all repayments of principal and interest derived from loans made from the revolving fund. Except as otherwise provided in this section, the monies in the revolving fund may be expended only in amounts appropriated by the Legislature,

and the different amounts specifically provided for the loan program and the grant program shall be so designated. Except as otherwise provided in this section, monies in the fund may only be expended for the grant program from the amount designated for such program. The revolving fund shall be maintained in perpetuity for the purposes established in this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Unexpended amounts remaining in the revolving fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the revolving fund shall be deposited to the credit of the fund. Monies in the revolving fund may not be used or expended for any purpose except as authorized under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any monies in the fund may be used to match any federal funds that are available for the same or related purposes for which funds are used and expended under this section and Sections 6 through 20 of Chapter 521, Laws of 1995. Any federal funds shall be used and expended only in accordance with federal laws, rules and regulations governing the expenditure of those funds. No person shall use any monies from the revolving fund for the acquisition of real property or any interest in real property unless that property is integral to the project funded under this section and the purchase is made from a willing seller. No county, incorporated municipality or district shall acquire any real property or any interest in any real property for a project funded through the revolving fund by condemnation. The board's application of Sections 43-37-1 through 43-37-13 shall be no more stringent or extensive in scope, coverage and effect than federal property acquisition laws and regulations.

(b) There is created a special fund in the State Treasury to be designated as the "Local Governments and Rural Water Systems Emergency Loan Fund," hereinafter referred to as "emergency fund," which fund shall consist of those monies as provided in Sections 6 and 13 of Chapter 521, Laws of 1995. The emergency fund may receive appropriations, bond proceeds, grants, gifts, donations or funds from any source, public or private. Except as otherwise provided in this section, the emergency fund shall be credited with all repayments of principal and interest derived from loans made from the emergency fund. Except as otherwise provided in this section, the monies in the emergency fund may be expended only in amounts appropriated by the Legislature. The emergency fund shall be maintained in perpetuity for the purposes established in this section and Section 6 of Chapter 521, Laws of 1995. Unexpended amounts remaining in the emergency fund at the end of a fiscal year shall not lapse into the State General Fund. Any interest earned on amounts in the emergency fund shall be deposited to the credit of the fund. Monies in the emergency fund may not be used or expended for any purpose except as authorized under this section and Section 6 of Chapter 521, Laws of 1995.

(c) The board created in subsection (1) shall establish loan and grant programs by which loans and grants may be made available to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, to assist those counties, incorporated municipalities, districts or water organizations in making water systems improvements, including the construction of new water systems or expansion or repair of existing water systems. Any entity eligible under this section may receive either a loan or a grant, or both. No grant awarded under the program established in this section may be made using funds from the loan program. Grants may be awarded only when the Legislature specifically appropriates funds for that particular purpose. The interest rate on those loans may vary from time to time and from loan to loan, and will be at or below market interest rates as determined by the board. The board shall act as quickly as is practicable and prudent in deciding on any loan request that it receives. Loans from the revolving fund or emergency fund may be made to counties, incorporated municipalities, districts or other water organizations that have been granted tax-exempt status under either federal or state law, as set forth in a loan agreement in amounts not to exceed one hundred percent (100%) of eligible project costs as established by the board. The board may require county, municipal, district or other water organization participation or funding from other sources, or otherwise limit the percentage of costs covered by loans from the revolving fund or the emergency fund. The board may

establish a maximum amount for any loan from the revolving fund or emergency fund in order to provide for broad and equitable participation in the programs.

(d) A county that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the homestead exemption annual tax loss reimbursement to which it may be entitled under Section 27-33-77, as may be required to meet the repayment schedule contained in the loan agreement. An incorporated municipality that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75, as may be required to meet the repayment schedule contained in the loan agreement. All recipients of such loans shall establish a dedicated source of revenue for repayment of the loan. Before any county or incorporated municipality shall receive any loan, it shall have executed with the Department of Revenue and the board a loan agreement evidencing that loan. The loan agreement shall not be construed to prohibit any recipient from prepaying any part or all of the funds received. The repayment schedule in each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, the annual total of which shall not exceed the annual total for any other year of the loan by more than fifteen percent (15%). Except as otherwise provided in subsection (4) of this section, the loan agreement shall provide for the repayment of all funds received from the revolving fund within not more than fifteen (15) years or a term as otherwise allowed by the federal Safe Drinking Water Act, and all funds received from the emergency fund within not more than five (5) years from the date of project completion, and any repayment shall commence not later than one (1) year after project completion. The Department of Revenue shall withhold semiannually from counties and monthly from incorporated municipalities from the amount to be remitted to the county or municipality, a sum equal to the next repayment as provided in the loan agreement.

(e) Any county, incorporated municipality, district or other water organization desiring to construct a project approved by the board which receives a loan from the state for that purpose but which is not eligible to pledge for repayment under the provisions of paragraph (d) of this subsection shall repay that loan by making payments each month to the State Treasurer through the Department of Finance and Administration for and on behalf of the board according to Section 7-7-15, to be credited to either the revolving fund or the emergency fund, whichever is appropriate, in lieu of pledging homestead exemption annual tax loss reimbursement or sales tax revenue distribution.

Loan repayments shall be according to a repayment schedule contained in each loan agreement as provided in paragraph (d) of this subsection.

(f) Any district created pursuant to Sections 19-5-151 through 19-5-207 that receives a loan from the revolving fund or the emergency fund shall pledge for repayment of the loan any part of the revenues received by that district pursuant to Sections 19-5-151 through 19-5-207, as may be required to meet the repayment schedule contained in the loan agreement.

(g) The State Auditor, upon request of the board, shall audit the receipts and expenditures of a county, an incorporated municipality, district or other water organization whose loan repayments appear to be in arrears, and if the Auditor finds that the county, incorporated municipality, district or other water organization is in arrears in those repayments, the Auditor shall immediately notify the chairman of the board who may take any action as may be necessary to enforce the terms of the loan agreement, including liquidation and enforcement of the security given for repayment of the loan, and the Executive Director of the Department of Finance and Administration who shall withhold all future payments to the county of homestead exemption annual tax loss reimbursements under Section 27-33-77 and all sums allocated to the county or the incorporated municipality under Section 27-65-75 until such time as the county or the incorporated municipality is again current in its loan repayments as certified by the board.

(h) Except as otherwise provided in this section, all monies deposited in the revolving fund or the emergency fund, including loan repayments and interest earned on those repayments, shall be used only for providing loans or other

financial assistance to water systems as the board deems appropriate. In addition, any amounts in the revolving fund or the emergency fund may be used to defray the reasonable costs of administering the revolving fund or the emergency fund and conducting activities under this section and Sections 6 through 20 of Chapter 521, Laws of 1995, subject to any limitations established in the federal Safe Drinking Water Act, as amended and subject to annual appropriation by the Legislature. The department is authorized, upon approval by the board, to use amounts available to it from the revolving fund or the emergency fund to contract for those facilities and staff needed to administer and provide routine management for the funds and loan program.
