We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 41-19-33, Mississippi Code of 1972, is amended as follows:

41-19-33. (1) Each region so designated or established under Section 41-19-31 shall establish a regional commission to be composed of members appointed by the boards of supervisors of the various counties in the region. Each regional commission shall employ or contract with an accountant for the purpose of managing the finances of the commission. The accountant shall provide an annual audit to the commission in addition to his or her other duties. It shall be the duty of such regional commission to administer mental health/intellectual disability programs certified and

required by the State Board of Mental Health and as specified in Section 41-4-1(2). In addition, once designated and established as provided hereinabove, a regional commission shall have the following authority and shall pursue and promote the following general purposes:

(a) To establish, own, lease, acquire, construct, build, operate and maintain mental illness, mental health, intellectual disability, alcoholism and general rehabilitative facilities and services designed to serve the needs of the people of the region so designated, provided that the services supplied by the regional commissions shall include those services determined by the Department of Mental Health to be necessary and may include, in addition to the above, services for persons with developmental and learning disabilities; for persons suffering from narcotic addiction and problems of drug abuse and drug dependence; and for the aging as designated and certified by the Department of Mental Health. Such regional mental health and intellectual disability commissions and other community service providers shall, on or before July 1 of each year, submit an annual operational plan to the Department of Mental Health for approval or disapproval based on the minimum standards and minimum required services established by the department for certification and itemize the services as specified in Section 41-4-1(2), including financial statements. If the department finds deficiencies in the plan of any regional commission or community service provider based on the minimum standards and minimum required services established for certification, the department shall give the regional commission or community service provider a six-month probationary period to bring its standards and services up to the established minimum standards and minimum required services. The regional commission or community service provider shall develop a sustainability business plan within thirty (30) days of being placed on probation, which shall be signed by all commissioners and shall include policies to address one or more of the following: the deficiencies in programmatic services, clinical service staff expectations, timely and appropriate billing, processes to obtain credentialing for staff, monthly reporting processes, third-party financial reporting and any other required documentation as determined by the department. After the six-month probationary period, if the department determines that the regional commission or community service provider still does not meet the minimum standards and minimum required services established for certification, the department may remove the certification of the commission or provider, and from and after July 1, 2011, the commission or provider shall be ineligible for state funds from Medicaid reimbursement or other funding sources for those services. After the six-month probationary period, the Department of Mental Health may identify an appropriate community service provider to provide any core services in that county that are not provided by a community mental health center. However, the department shall not offer reimbursement or other accommodations to a community service provider of core services that were not offered to the decertified community mental health center for the same or similar services.

(2) The Uniform Civil Commitment Affidavit developed by the Department of Mental Health under this section must be provided by the clerk of the chancery court to any party or affiant seeking a civil commitment under this section, and must be utilized in all counties to commence civil commitment proceedings under this section. The affidavit must be made available to the public on the website of the Mississippi Department of Mental Health.

(3) The Department of Mental Health, in consultation with the Mississippi Chancery Clerks Association, the Mississippi Conference of Chancery Court Judges and the Mississippi Association of Community Mental Health Centers, must develop a written guide setting out the steps in the commitment process no later than January 1, 2020. The guide shall be designated as the "Uniform Civil Commitment Guide" and must include, but not be limited to, the following:

(d) A statement on the front cover of the guide advising that persons wishing to pursue a civil commitment under this section are not required to retain an attorney for any portion of the commitment process.

(4) Immediately upon availability, but no later than January 1, 2020, the Uniform Civil Commitment Guide must be provided by the clerk of the chancery court to any party or affiant seeking a civil commitment under this section and also must be made available to the public on the website of the Mississippi Department of Mental Health.

Prior to filing an affidavit for commitment of an individual, the relative or interested person shall be connected with the community mental health center for a pre-affidavit screening as set forth in Section 41-21-67. The pre-affidavit screening is mandatory and must be completed before any affidavit for commitment is filed, except as otherwise provided in Section 41-21-67(2). The affidavit shall set forth the name and address of the proposed patient's nearest relatives and whether the proposed patient resides or has visitation rights with any minor children, if known, and the reasons for the affidavit. The affidavit must contain factual descriptions of the proposed patient's recent behavior, including a description of the behavior, where it occurred, and over what period of time it occurred, if known. The affidavit shall state specifically that a less restrictive alternative treatment was considered and specify why treatment less restrictive than involuntary commitment is not appropriate. Each factual allegation may be supported by observations of witnesses and the pre-affidavit screener named in the affidavit. The Department of Mental Health, in consultation with the Mississippi Chancery Clerks' Association, shall develop a simple, one-page affidavit form for the use of affiants as provided in this section. The affidavit also must state whether the affiant has * * * received notice of the pre-affidavit screening from a community mental health center * * * determining whether the alleged acts by the proposed respondent warrant civil commitment in lieu of other less-restrictive treatment options. No chancery clerk shall require an affiant to retain an attorney for the filing of an affidavit under this section.

(6) The chancery clerk may charge a total filing fee for all services equal to the amount set out in Section 25-7-9(o), and the appropriate state and county assessments as required by law which include, but are not limited to, assessments for the Judicial Operation Fund (Section 25-7-9(3)(b)); the Electronic Court System Fund (Section 25-7-9(3)(a)); the Civil Legal Assistance Fund (Section 25-7-9(1)(k)); the Court Education and Training Fund (Section 37-26-3); State Court Constituent's Fund (Section 37-26-9(4)); and reasonable court reporter's fee. Costs incidental to the court proceedings as set forth in Section 41-21-79 may not be included in the assessments permitted by this subsection. The total of the fees and assessments permitted by this subsection may not exceed One Hundred Fifty Dollars (\$150.00).

(7) The prohibition against charging the affiant other fees, expenses, or costs shall not preclude the imposition of monetary criminal penalties under Section 41-21-107 or any other criminal statute, or the imposition by the chancellor of monetary penalties for contempt if the affiant is found to have filed an intentionally false affidavit or filed the affidavit in bad faith for a malicious purpose.

(8) Nothing in this section shall be construed so as to conflict with Section 41-21-63.

(9) The Department of Mental Health shall provide annual training to chancery and circuit court clerks to inform them about statutory procedures for civil commitments.

SECTION 3. Section 41-21-67, Mississippi Code of 1972, as amended by House Bill No. 1088, 2024 Regular Session, is amended as follows:

41-21-67. (1) (a) Prior to filing an affidavit for commitment of an individual, the relative or interested person shall be connected with the community mental health

center in the county of financial responsibility or the county where the proposed patient is present for conduct of preliminary investigation to determine the need to file an affidavit for involuntary commitment. If the community mental health center is unavailable, any reputable licensed physician, psychologist, nurse practitioner or physician assistant, as allowed in the discretion of the court, may conduct the pre-affidavit screening and examination as set forth in Section 41-21-69. The pre-affidavit screening shall be completed within twenty-four (24) hours of the community mental health center being notified. The community mental health center shall provide the pre-affidavit screening report to the chancery clerk for the county in which the petition is to be filed upon completion. The community mental health center shall appoint a screener to conduct an investigation. The prospective petitioner may not be the pre-affidavit screener. The investigation must include:

(i) An interview with the proposed patient and other individuals who appear to have knowledge of the condition of the proposed patient, if practicable. In-person interviews with the proposed patient are preferred. If the proposed patient is not interviewed, specific reasons must be documented;

(ii) Identification and investigation of specific alleged conduct that is the basis for application;

(iii) Identification, exploration, and listing of the specific reasons for rejecting or recommending alternatives to involuntary commitment; and

(iv) In the case of a commitment based on mental illness, information relevant to treatment.

(b) In conducting the investigation required by this subsection, the screener shall have access to all relevant medical records of proposed patients currently in treatment facilities, state-operated treatment programs, or community-based treatment programs. Data collected pursuant to this paragraph shall be considered private data on individuals. The pre-affidavit screening report is not admissible as evidence in court except by agreement of counsel or as permitted by the rules of court and is not admissible in any court proceedings unrelated to the commitment proceedings.

(c) When the pre-affidavit screener recommends commitment, a written report shall be sent to the chancery clerk for the county in which the petition is to be filed. The statement of facts contained in the written report must meet the requirements of Section 41-21-65(5), specifically certifying that a less restrictive alternative treatment was considered and specifying why treatment less restrictive than involuntary commitment is not appropriate.

(d) The pre-affidavit screener shall refuse to support the filing of an affidavit if the investigation does not disclose evidence sufficient to support commitment. Notice of the pre-affidavit screener's decision shall be provided to the prospective petitioner and the court. If a commitment is not recommended, the pre-affidavit screener shall provide the prospective petitioner with connection to other alternative services and resources available and offered, if appropriate.

(e) If the interested person wishes to proceed with a petition contrary to the recommendation of the pre-affidavit screener, application may be made directly to the chancellor, who shall determine whether or not to proceed with the petition. Notice of the chancellor's determination shall be provided to the interested party.

(** *2) *** After a pre-affidavit screener has attempted to complete an in-person screening, if a person is actively violent or refuses to participate in the pre-affidavit screening and the screening cannot be completed, then upon recommendation of the community mental health center, the affidavit may be filed and a writ issued for a sheriff to intervene. The pre-affidavit screener shall document why the pre-affidavit screening could not be completed. After completing the pre-affidavit screening required by subsection (1) of this section, receiving the written report from the pre-affidavit screener, and upon filing of an affidavit of commitment, the clerk, upon direction of the chancellor of the court, shall issue a writ directed to the sheriff of the proper county to take into custody the person alleged to be in need of treatment and to take the person for *** physical and mental examination and treatment by the appropriate community mental health center established under Section 41-19-31.

Except as otherwise provided in Section 41-21-63, the community mental health center will be designated as the first point of entry for *** pre-affidavit screening and treatment. *** The *** writ may provide where the person shall be held before being taken for *** examination and treatment, which shall include any licensed medical facility or crisis stabilization unit. *** Reapplication may be made to the chancellor. If a pauper's affidavit is filed by an affiant who is a guardian or conservator of a person in need of treatment, the court shall determine if either the affiant or the person in need of treatment is a pauper and if *** the affiant or the person in need of treatment is determined to be a pauper, the county of the residence of the respondent shall bear the costs of commitment, unless funds for those purposes are made available by the state. ***

(** *3) (a) Upon *** receiving the pre-affidavit screening and filing of an affidavit of commitment, the chancellor shall immediately appoint and summon two (2) reputable, licensed physicians or one (1) reputable, licensed physician and either one (1) psychologist, nurse practitioner or physician assistant to conduct a physical and mental examination of the person at a place to be designated by the clerk or chancellor and to report their findings to the clerk or chancellor. However, if the pre-affidavit screening recommends against commitment, the chancellor may refuse to appoint two (2) physicians to conduct a physical and mental examination. However, any nurse practitioner or physician assistant conducting the examination shall be independent from, and not under the supervision of, the other physician conducting the examination. A nurse practitioner or psychiatric nurse practitioner conducting an examination under this chapter must be functioning within a collaborative or consultative relationship with a physician as required under Section 73-15-20(3). In all counties in which there is a county health officer, the county health officer, if available, may be one (1) of the physicians so appointed. If a licensed physician is not available to conduct the physical and mental examination within forty-eight (48) hours of the *** pre-affidavit screening, the court, in its discretion and upon good cause shown, may permit the examination to be conducted by the following: (a) two (2) nurse practitioners, one (1) of whom must be a psychiatric nurse practitioner; or (b) one (1) psychiatric nurse practitioner and one (1) psychologist or physician assistant. Neither of the physicians nor the psychologist, nurse practitioner or physician assistant selected shall be related to that person in any way, nor have any direct or indirect interest in the estate of that person nor shall any full-time staff of residential treatment facilities operated directly by the State Department of Mental Health serve as examiner.

(b) Any health care practitioner who conducts a physical and mental examination of a person as provided under paragraph (a) of this subsection may sign the certificate required for establishing a guardianship or conservatorship for the person and take care of other related requirements as otherwise provided by law, at the time of conducting the physical and mental examinations.

(** *4) The clerk shall ascertain whether the respondent is represented by an attorney, and if it is determined that the respondent does not have an attorney, the clerk shall immediately notify the chancellor of that fact. If the chancellor determines that the respondent for any reason does not have the services of an attorney, the chancellor shall immediately appoint an attorney for the respondent at the time the examiners are appointed.

(** *5) (a) If the chancellor determines that there is probable cause to believe that the respondent *** has a mental illness and that there is no reasonable alternative to detention, the chancellor may order that the respondent be retained as an emergency patient at any licensed medical facility, crisis stabilization unit, or any other available suitable location for evaluation by a physician, nurse practitioner or physician assistant and that a peace officer transport the respondent to the specified facility, unit or location. If the community mental health center serving the county has partnered with Crisis Intervention Teams under the provisions of Sections 41-21-131 through 41-21-143, the order may specify that the licensed medical facility be a designated single point of entry within the county or within an adjacent county served by the community mental health center. If the person evaluating the respondent finds that the respondent *** has a mental illness and in need of treatment, the chancellor may order that the respondent be retained at the licensed medical facility, crisis stabilization unit,

or any other available suitable location as the court may so designate pending an admission hearing. If necessary, the chancellor may order a peace officer or other person to transport the respondent to that facility, or unit or suitable location. Any respondent so retained may be given such treatment as is indicated by standard medical practice. However, the respondent shall not be held in a hospital operated directly by the State Department of Mental Health * * *.

(b) A jail or other detention center may not be used for custody unless the community mental health center has explored and exhausted the availability of other appropriate facilities, such as the crisis stabilization unit, the local hospital and any Department of Mental Health certified location; the chancellor specifically authorizes it; and the respondent is actively violent. The county of residence of any such person shall pay the cost of such interim treatment. The community mental health center shall provide documentation of the person's violent behavior and that no other appropriate facilities are available to the chancellor. Under these circumstances, no person may remain in a jail for longer than twenty-four (24) hours unless the community mental health center requests an additional twenty-four (24) hours from the chancellor. The community mental health center shall provide treatment during this timeframe pending placement at an appropriate facility.

For the purposes of this subsection (5), "actively violent" means that the behavior presents an immediate and serious danger to the safety of the individual or another, the individual has inflicted or attempted to inflict serious bodily harm on another, or has acted in such a way as to create a substantial risk of serious bodily harm to another, or has engaged in extreme destruction of property; and that there is a reasonable probability that this conduct will be repeated.

The provisions of this paragraph (b) shall not be construed to include jails that are designated as holding facilities under the requirement provided by Section 41-21-77.

(* * *6) (a) Whenever a licensed psychologist, nurse practitioner or physician assistant who is certified to complete examinations for the purpose of commitment or a licensed physician has reason to believe that a person poses an immediate substantial likelihood of physical harm to himself or others or is gravely disabled and unable to care for himself by virtue of mental illness, as defined in Section 41-21-61(e), then the physician, psychologist, nurse practitioner or physician assistant may hold the person or may admit the person to and treat the person in a licensed medical facility, without a civil order or warrant for a period not to exceed seventy-two (72) hours. However, if the seventy-two-hour period begins or ends when the chancery clerk's office is closed, or within three (3) hours of closing, and the chancery clerk's office will be continuously closed for a time that exceeds seventy-two (72) hours, then the seventy-two-hour period is extended until the end of the next business day that the chancery clerk's office is open. The person may be held and treated as an emergency patient at any licensed medical facility, available regional mental health facility, or crisis * * * stabilization unit. The physician or psychologist, nurse practitioner or physician assistant who holds the person shall certify in writing the reasons for the need for holding.

If a person is being held and treated in a licensed medical facility, and that person decides to continue treatment by voluntarily signing consent for admission and treatment, the seventy-two-hour hold may be discontinued without filing an affidavit for commitment. Any respondent so held may be given such treatment as indicated by standard medical practice. Persons acting in good faith in connection with the detention and reporting of a person believed to * * * have a mental illness shall incur no liability, civil or criminal, for those acts.

(b) Whenever an individual is held for purposes of receiving treatment as prescribed under paragraph (a) of this subsection, and it is communicated to the mental health professional holding the individual that the individual resides or has visitation rights with a minor child, and if the individual is considered to be a danger to the minor child, the mental health professional shall notify the Department of Child Protection Services prior to discharge if the threat of harm continues to exist, as is required under Section 43-21-353.

This paragraph (b) shall be known and may be cited as the "Andrew Lloyd Law."

SECTION 4. Section 41-21-140, Mississippi Code of 1972, is amended as follows:

41-21-140. A law enforcement officer shall transport the * * * person who is in crisis to the appropriate health care facility in the county or outside of the county at the request of the crisis intervention team or mobile crisis response team.

SECTION 5. Section 41-19-43, Mississippi Code of 1972, is amended as follows:

41-19-43. Whenever it is necessary to commit and transport any eligible patient to a regional mental health or intellectual disability facility for treatment or care, the chancery clerk and sheriff shall be entitled to expenses as provided for by the laws of Mississippi for commitment and transportation to state mental institutions and transportation in the county or outside of the county to a community mental health center or other appropriate facility.

SECTION 6. Section 41-21-71, Mississippi Code of 1972, as amended by House Bill No. 1088, 2024 Regular Session, is amended as follows:

41-21-71. If, as a result of the examination, the appointed examiners certify that the person is not in need of treatment, the chancellor * * *, clerk or circuit judge as applicable shall dismiss the affidavit without the need for a further hearing. Except as otherwise provided in Section 41-21-63, if the chancellor or chancery clerk finds, based upon the appointed examiners' certificates and any other relevant evidence, that the respondent is in need of treatment and the certificates are filed with the chancery clerk within forty-eight (48) hours after the order for examination, or extension of that time as provided in Section 41-21-69, the clerk shall immediately set the matter for a hearing. The hearing shall be set within * * * three (3) days of the filing of the certificates unless an extension is requested by the respondent's attorney. In no event shall the hearing be more than * * * five (5) days after the filing of the certificates, unless the court orders to extend the hearing date, which shall not exceed five (5) additional days.

SECTION 7. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTION 41-19-33, MISSISSIPPI CODE OF 1972, TO REVISE THE DUTIES OF REGIONAL MENTAL HEALTH FACILITIES; TO AMEND SECTION 41-21-65, MISSISSIPPI CODE OF 1972, AS AMENDED BY HOUSE BILL NO. 1088, 2024 REGULAR SESSION, TO REQUIRE COMPLETION OF A PRE-AFFIDAVIT SCREENING BEFORE ANY AFFIDAVIT FOR COMMITMENT IS FILED; TO AMEND SECTION 41-21-67, MISSISSIPPI CODE OF 1972, AS AMENDED BY HOUSE BILL NO. 1088, 2024 REGULAR SESSION, TO REQUIRE COMMUNITY MENTAL HEALTH CENTERS TO CONDUCT A PRELIMINARY INVESTIGATION BEFORE AN AFFIDAVIT FOR COMMITMENT IS FILED; TO AMEND SECTIONS 41-21-140 AND 41-19-43, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PRECEDING SECTIONS; TO AMEND SECTION 41-21-71, MISSISSIPPI CODE OF 1972, AS AMENDED BY HOUSE BILL NO. 1088, 2024 REGULAR SESSION, TO REVISE HEARING DATES HELD AFTER EXAMINERS' CERTIFICATES; AND FOR RELATED PURPOSES.

Hours of sale shall be the same as those authorized for on-premises permittees in the city or county in which the distillery retailer is located.

The holder shall not sell at retail more than ten percent (10%) of the alcoholic beverages produced annually at its distillery. The holder shall not make retail sales of more than two and twenty-five one-hundredths (2.25) liters, in the aggregate, of the alcoholic beverages produced at its distillery to any one (1) individual for consumption off the premises of the distillery within a twenty-four-hour period. The hours of sale shall be the same as those hours for package retailers under this article. The holder of a distillery retailer's permit is not required to purchase the alcoholic beverages authorized to be sold by this paragraph from the department's liquor distribution warehouse; however, if the holder does not purchase the alcoholic beverages from the department's liquor distribution warehouse, the holder shall pay to the department all taxes, fees and surcharges on the alcoholic beverages that are imposed upon the sale of alcoholic beverages shipped by the department or its warehouse operator. In addition to alcoholic beverages, the holder of a distillery retailer's permit may sell at retail promotional products from the same retail location, including shirts, hats, glasses, and other promotional products customarily sold by alcoholic beverage manufacturers.

Additionally, the entity shall file all applicable reports and returns as prescribed by the department. This permit is issued per festival and provides authority to sell for two (2) consecutive days during the hours authorized for on-premises permittees' sales in that

county or city. The holder of the permit shall be required to maintain all requirements set by Local Option Law for the service and sale of alcoholic beverages. This permit may be issued to entities participating in festivals at which a Class 1 temporary permit is in effect.

This permit does not authorize the delivery of alcoholic beverages, beer, light wine or light spirit product to the premises of a location with a permit for the manufacture, distribution or retail sale of alcoholic beverages, beer, light wine or light spirit product. The holder of a package retailer's permit or an on-premises retailer's permit under Section 67-1-51 or of a beer, light wine and light spirit product permit under Section 67-3-19 is authorized to apply for a delivery service permit as a privilege separate from its existing retail permit.

The authority may establish by regulation and charge reasonable fees on a nondiscriminatory basis for the furnishing to bidders of copies of bid specifications and other documents issued by the authority.

(e) The authority shall adopt rules and regulations governing the sharing with, or the sale or lease of information technology services to any nonstate agency or person. All rules and regulations adopted by the authority shall be published and disseminated in readily accessible form to all affected state agencies, and to all current suppliers of computer equipment and services to the state, and to all prospective suppliers requesting the same. Such rules and regulations shall be kept current, be periodically revised, and copies thereof shall be available at all times for inspection by the public at reasonable hours in the offices of the authority. Such rules and regulations shall prescribe the manner, time and procedure for making protests and may provide that a protest not timely filed shall be summarily denied. The authority may require the protesting party, at the time of filing the protest, to post a bond, payable to the state, in an amount that the authority determines sufficient to cover any expense or loss incurred by the state, the authority or any state agency as a result of the protest if the protest subsequently is determined by a court of competent jurisdiction to have been filed without any substantial basis or reasonable expectation to believe that the protest was meritorious; however, in no event may the amount of the bond required exceed a reasonable estimate of the total project cost. The authority, in its discretion, also may prohibit any prospective bidder, offerer or contractor who is a party to any litigation involving any such contract with the state, the authority or any agency of the state to participate in any other such bid, offer or contract, or to be awarded any such contract, during the pendency of the litigation.

In addition, the authority is responsible for development, operation and maintenance of a delivery system infrastructure for geographic information systems data. The authority shall provide a warehouse for Mississippi's geographic information systems data.

(u) The authority shall manage one or more State Data Centers to provide information technology services on a cost-sharing basis. In determining the appropriate services to be provided through the State Data Center, the authority should consider those services that:

2. If the agency determines after review that there is only one (1) source for the required personal or professional service, then the agency may appeal to the Public Procurement Review Board. The agency has the burden of proving that the personal or professional service is only provided by one (1) source.

3. If the Public Procurement Review Board has any reasonable doubt as to whether the personal or professional service can only be provided by one (1) source, then the agency must submit the procurement of the personal or professional service to an advertised competitive bid or selection process. No action taken by the Public Procurement Review Board in this appeal process shall be valid unless approved by a majority of the members of the Public Procurement Review Board present and voting.

(vi) The Public Procurement Review Board shall prepare and submit a quarterly report to the House of Representatives and Senate Accountability, Efficiency and Transparency Committees that details the sole source contracts presented to the Public Procurement Review Board and the reasons that the Public Procurement Review Board approved or rejected each contract. (4) All sole source contracts for personal and professional services awarded by state agencies, other than those exempted under Section 27-104-7(2)(f) and (8), whether approved by an agency head or the Public Procurement Review Board, shall contain in the procurement file a written determination for the approval, using a request form furnished by the Public Procurement Review Board. The written determination shall document the basis for the determination, including any market analysis conducted in order to ensure that the service required was practicably available from only one (1) source. A memorandum shall accompany the request form and address the following four (4) points:

(a) Explanation of why this service is the only service that can meet the needs of the purchasing agency;

(b) Explanation of why this vendor is the only practicably available source from which to obtain this service;

(c) Explanation of why the price is considered reasonable; and

(d) Description of the efforts that were made to conduct a noncompetitive negotiation to get the best possible price for the taxpayers.

Any state department, agency or institution shall only be authorized to contract for personnel services in compliance with those regulations.

(6) No member of the Public Procurement Review Board shall use his or her official authority or influence to coerce, by threat of discharge from employment, or otherwise, the purchase of commodities, the contracting for personal or professional services, or the contracting for public construction under this chapter.

(7) Notwithstanding any other laws or rules to the contrary, the provisions of subsection (2) of this section shall not be applicable to the Mississippi State Port Authority at Gulfport.

(8) Nothing in this section shall impair or limit the authority of the Board of Trustees of the Public Employees' Retirement System to enter into any personal or professional services contracts directly related to their constitutional obligation to manage the trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts. Nothing in this section shall impair or limit the authority of the State Treasurer to enter into any personal or professional services contracts involving the management of trust funds, including, but not limited to, actuarial, custodial banks, cash management, investment consultant and investment management contracts.

(b) Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained. Any state agency or community or junior college purchasing commodities or procuring construction pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, to accept the lowest competitive written bid under Seventy-five Thousand Dollars (\$75,000.00). Any governing authority purchasing commodities pursuant to this paragraph (b) may authorize its purchasing agent, or his designee, with regard to governing authorities other than counties, or its purchase clerk, or his designee, with regard to counties, to accept the lowest and best

competitive written bid. Such authorization shall be made in writing by the governing authority and shall be maintained on file in the primary office of the agency and recorded in the official minutes of the governing authority, as appropriate. The purchasing agent or the purchase clerk, or his designee, as the case may be, and not the governing authority, shall be liable for any penalties and/or damages as may be imposed by law for any act or omission of the purchasing agent or purchase clerk, or his designee, constituting a violation of law in accepting any bid without approval by the governing authority. The term "competitive written bid" shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor's letterhead or identifiable bid form and signed by authorized personnel representing the vendor. "Competitive" shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor's representative unless required by agencies or governing authorities.

(c) Bidding procedure for purchases over \$75,000.00.

(i) Publication requirement.

1. Purchases which involve an expenditure of more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder after advertising for competitive bids once each week for two (2) consecutive weeks in a regular newspaper published in the county or municipality in which such agency or governing authority is located. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. All references to American Recovery and Reinvestment Act projects in this section shall not apply to programs identified in Division B of the American Recovery and Reinvestment Act.

2. Reverse auctions shall be the primary method for receiving bids during the bidding process. If a purchasing entity determines that a reverse auction is not in the best interest of the state, then that determination must be approved by the Public Procurement Review Board. The purchasing entity shall submit a detailed explanation of why a reverse auction would not be in the best interest of the state and present an alternative process to be approved by the Public Procurement Review Board. If the Public Procurement Review Board authorizes the purchasing entity to solicit bids with a method other than reverse auction, then the purchasing entity may designate the other methods by which the bids will be received, including, but not limited to, bids sealed in an envelope, bids received electronically in a secure system, or bids received by any other method that promotes open competition and has been approved by the Office of Purchasing and Travel. However, reverse auction shall not be used for any public contract for design, construction, improvement, repair or remodeling of any public facilities, including the purchase of materials, supplies, equipment or goods for same and including buildings, roads and bridges. The Public Procurement Review Board must approve any contract entered into by alternative process. The provisions of this item 2 shall not apply to the individual state institutions of higher learning. The provisions of this item 2 requiring reverse auction as the primary method of receiving bids shall not apply to term contract purchases as provided in paragraph (n) of this section; however, a purchasing entity may, in its discretion, utilize reverse auction for such purchases. The provisions of this item 2 shall not apply to individual public schools, including public charter schools and public school districts, only when purchasing copyrighted educational supplemental materials and software as a service product. For such purchases, a local school board may authorize a purchasing entity in its jurisdiction to use a Request for Qualifications which promotes open competition and meets the requirements of the Office of Purchasing and Travel.

3. The date as published for the bid opening shall not be less than seven (7) working days after the last published notice; however,

if the purchase involves a construction project in which the estimated cost is in excess of Seventy-five Thousand Dollars (\$75,000.00), such bids shall not be opened in less than fifteen (15) working days after the last notice is published and the notice for the purchase of such construction shall be published once each week for two (2) consecutive weeks. However, all American Recovery and Reinvestment Act projects in excess of Twenty-five Thousand Dollars (\$25,000.00) shall be bid. For any projects in excess of Twenty-five Thousand Dollars (\$25,000.00) under the American Recovery and Reinvestment Act, publication shall be made one (1) time and the bid opening for construction projects shall not be less than ten (10) working days after the date of the published notice. The notice of intention to let contracts or purchase equipment shall state the time and place at which bids shall be received, list the contracts to be made or types of equipment or supplies to be purchased, and, if all plans and/or specifications are not published, refer to the plans and/or specifications on file. If there is no newspaper published in the county or municipality, then such notice shall be given by posting same at the courthouse, or for municipalities at the city hall, and at two (2) other public places in the county or municipality, and also by publication once each week for two (2) consecutive weeks in some newspaper having a general circulation in the county or municipality in the above-provided manner. On the same date that the notice is submitted to the newspaper for publication, the agency or governing authority involved shall mail written notice to, or provide electronic notification to the main office of the Mississippi Procurement Technical Assistance Program under the Mississippi Development Authority that contains the same information as that in the published notice. Submissions received by the Mississippi Procurement Technical Assistance Program for projects funded by the American Recovery and Reinvestment Act shall be displayed on a separate and unique Internet web page accessible to the public and maintained by the Mississippi Development Authority for the Mississippi Procurement Technical Assistance Program. Those American Recovery and Reinvestment Act related submissions shall be publicly posted within twenty-four (24) hours of receipt by the Mississippi Development Authority and the bid opening shall not occur until the submission has been posted for ten (10) consecutive days. The Department of Finance and Administration shall maintain information regarding contracts and other expenditures from the American Recovery and Reinvestment Act, on a unique Internet web page accessible to the public. The Department of Finance and Administration shall promulgate rules regarding format, content and deadlines, unless otherwise specified by law, of the posting of award notices, contract execution and subsequent amendments, links to the contract documents, expenditures against the awarded contracts and general expenditures of funds from the American Recovery and Reinvestment Act. Within one (1) working day of the contract award, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration, notice of the award, including the award recipient, the contract amount, and a brief summary of the contract in accordance with rules promulgated by the department. Within one (1) working day of the contract execution, the agency or governing authority shall post to the designated web page maintained by the Department of Finance and Administration a summary of the executed contract and make a copy of the appropriately redacted contract documents available for linking to the designated web page in accordance with the rules promulgated by the department. The information provided by the agency or governing authority shall be posted to the web page for the duration of the American Recovery and Reinvestment Act funding or until the project is completed, whichever is longer.

(ii) Bidding process amendment procedure. If all plans and/or specifications are published in the notification, then the plans and/or specifications may not be amended. If all plans and/or specifications are not published in the notification, then amendments to the plans/specifications, bid opening date, bid opening time and place may be made, provided that the agency or governing authority maintains a list of all prospective bidders who are known to have received a copy of the bid documents and all such prospective bidders are sent copies of all amendments. This notification of amendments may be made via mail, facsimile, electronic mail or other generally accepted method of information distribution. No addendum to bid specifications may be issued within two (2) working days of the time established for the

receipt of bids unless such addendum also amends the bid opening to a date not less than five (5) working days after the date of the addendum.

(iii) Filing requirement. In all cases involving governing authorities, before the notice shall be published or posted, the plans or specifications for the construction or equipment being sought shall be filed with the clerk of the board of the governing authority. In addition to these requirements, a bid file shall be established which shall indicate those vendors to whom such solicitations and specifications were issued, and such file shall also contain such information as is pertinent to the bid.

(iv) Specification restrictions.

1. Specifications pertinent to such bidding shall be written so as not to exclude comparable equipment of domestic manufacture. However, if valid justification is presented, the Department of Finance and Administration or the board of a governing authority may approve a request for specific equipment necessary to perform a specific job. Further, such justification, when placed on the minutes of the board of a governing authority, may serve as authority for that governing authority to write specifications to require a specific item of equipment needed to perform a specific job. In addition to these requirements, from and after July 1, 1990, vendors of relocatable classrooms and the specifications for the purchase of such relocatable classrooms published by local school boards shall meet all pertinent regulations of the State Board of Education, including prior approval of such bid by the State Department of Education.

2. Specifications for construction projects may include an allowance for commodities, equipment, furniture, construction materials or systems in which prospective bidders are instructed to include in their bids specified amounts for such items so long as the allowance items are acquired by the vendor in a commercially reasonable manner and approved by the agency/governing authority. Such acquisitions shall not be made to circumvent the public purchasing laws.

(v) Electronic bids. Agencies and governing authorities shall provide a secure electronic interactive system for the submittal of bids requiring competitive bidding that shall be an additional bidding option for those bidders who choose to submit their bids electronically. The Department of Finance and Administration shall provide, by regulation, the standards that agencies must follow when receiving electronic bids. Agencies and governing authorities shall make the appropriate provisions necessary to accept electronic bids from those bidders who choose to submit their bids electronically for all purchases requiring competitive bidding under this section. Any special condition or requirement for the electronic bid submission shall be specified in the advertisement for bids required by this section. Agencies or governing authorities that are currently without available high speed Internet access shall be exempt from the requirement of this subparagraph (v) until such time that high speed Internet access becomes available. Any county having a population of less than twenty thousand (20,000) shall be exempt from the provisions of this subparagraph (v). Any municipality having a population of less than ten thousand (10,000) shall be exempt from the provisions of this subparagraph (v). The provisions of this subparagraph (v) shall not require any bidder to submit bids electronically. When construction bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope as indicated in Section 31-3-21(1) and (2) shall be deemed in compliance with by including same as an attachment with the electronic bid submittal.

(d) Lowest and best bid decision procedure.

(i) Decision procedure. Purchases may be made from the lowest and best bidder. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the

accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(ii) Decision procedure for Certified Purchasing Offices.

In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), Certified Purchasing Offices may also use the following procedure: Purchases may be made from the bidder offering the best value. In determining the best value bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions, documented previous experience, training costs and other relevant provisions, including, but not limited to, a bidder having a local office and inventory located within the jurisdiction of the governing authority, may be included in the best value calculation. This provision shall authorize Certified Purchasing Offices to utilize a Request For Proposals (RFP) process when purchasing commodities. All best value procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. No agency or governing authority shall accept a bid based on items or criteria not included in the specifications.

(iii) Decision procedure for Mississippi Landmarks.

In addition to the decision procedure set forth in subparagraph (i) of this paragraph (d), where purchase involves renovation, restoration, or both, of the State Capitol Building or any other historical building designated for at least five (5) years as a Mississippi Landmark by the Board of Trustees of the Department of Archives and History under the authority of Sections 39-7-7 and 39-7-11, the agency or governing authority may use the following procedure: Purchases may be made from the lowest and best prequalified bidder. Prequalification of bidders shall be determined not less than fifteen (15) working days before the first published notice of bid opening. Prequalification criteria shall be limited to bidder's knowledge and experience in historical restoration, preservation and renovation. In determining the lowest and best bid, freight and shipping charges shall be included. Life-cycle costing, total cost bids, warranties, guaranteed buy-back provisions and other relevant provisions may be included in the best bid calculation. All best bid and prequalification procedures for state agencies must be in compliance with regulations established by the Department of Finance and Administration. If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid. No agency or governing authority shall accept a bid based on items not included in the specifications.

(iv) Construction project negotiations authority.

If the lowest and best bid is not more than ten percent (10%) above the amount of funds allocated for a public construction or renovation project, then the agency or governing authority shall be permitted to negotiate with the lowest bidder in order to enter into a contract for an amount not to exceed the funds allocated.

(e) Lease-purchase authorization.

For the purposes of this section, the term "equipment" shall mean equipment, furniture and, if applicable, associated software and other applicable direct costs associated with the acquisition. Any lease-purchase of equipment which an agency is not required to lease-purchase under the master lease-purchase program pursuant to Section 31-7-10 and any lease-purchase of equipment which a governing authority elects to lease-purchase may be acquired by a lease-purchase agreement under this paragraph (e). Lease-purchase financing may also be obtained from the vendor or from a third-party source after having solicited and obtained at least two (2) written competitive bids, as defined in paragraph (b) of this section, for such financing without advertising for such bids. Solicitation for the bids for financing may occur before or after acceptance of bids for the purchase of such equipment or, where no such bids for purchase are required, at any time before the purchase thereof. No such lease-purchase agreement shall be for an annual rate of interest which is greater than the overall maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101, and the term of such lease-purchase agreement shall not exceed the useful life of equipment covered thereby as determined according to the upper limit of the asset depreciation range

(ADR) guidelines for the Class Life Asset Depreciation Range System established by the Internal Revenue Service pursuant to the United States Internal Revenue Code and regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines. Any lease-purchase agreement entered into pursuant to this paragraph (e) may contain any of the terms and conditions which a master lease-purchase agreement may contain under the provisions of Section 31-7-10(5), and shall contain an annual allocation dependency clause substantially similar to that set forth in Section 31-7-10(8). Each agency or governing authority entering into a lease-purchase transaction pursuant to this paragraph (e) shall maintain with respect to each such lease-purchase transaction the same information as required to be maintained by the Department of Finance and Administration pursuant to Section 31-7-10(13). However, nothing contained in this section shall be construed to permit agencies to acquire items of equipment with a total acquisition cost in the aggregate of less than Ten Thousand Dollars (\$10,000.00) by a single lease-purchase transaction. All equipment, and the purchase thereof by any lessor, acquired by lease-purchase under this paragraph and all lease-purchase payments with respect thereto shall be exempt from all Mississippi sales, use and ad valorem taxes. Interest paid on any lease-purchase agreement under this section shall be exempt from State of Mississippi income taxation.

(f) Alternate bid authorization. When necessary to ensure ready availability of commodities for public works and the timely completion of public projects, no more than two (2) alternate bids may be accepted by a governing authority for commodities. No purchases may be made through use of such alternate bids procedure unless the lowest and best bidder cannot deliver the commodities contained in his bid. In that event, purchases of such commodities may be made from one (1) of the bidders whose bid was accepted as an alternate.

(g) Construction contract change authorization. In the event a determination is made by an agency or governing authority after a construction contract is let that changes or modifications to the original contract are necessary or would better serve the purpose of the agency or the governing authority, such agency or governing authority may, in its discretion, order such changes pertaining to the construction that are necessary under the circumstances without the necessity of further public bids; provided that such change shall be made in a commercially reasonable manner and shall not be made to circumvent the public purchasing statutes. In addition to any other authorized person, the architect or engineer hired by an agency or governing authority with respect to any public construction contract shall have the authority, when granted by an agency or governing authority, to authorize changes or modifications to the original contract without the necessity of prior approval of the agency or governing authority when any such change or modification is less than one percent (1%) of the total contract amount. The agency or governing authority may limit the number, manner or frequency of such emergency changes or modifications.

(h) Petroleum purchase alternative. In addition to other methods of purchasing authorized in this chapter, when any agency or governing authority shall have a need for gas, diesel fuel, oils and/or other petroleum products in excess of the amount set forth in paragraph (a) of this section, such agency or governing authority may purchase the commodity after having solicited and obtained at least two (2) competitive written bids, as defined in paragraph (b) of this section. If two (2) competitive written bids are not obtained, the entity shall comply with the procedures set forth in paragraph (c) of this section. In the event any agency or governing authority shall have advertised for bids for the purchase of gas, diesel fuel, oils and other petroleum products and coal and no acceptable bids can be obtained, such agency or governing authority is authorized and directed to enter into any negotiations necessary to secure the lowest and best contract available for the purchase of such commodities.

(i) Road construction petroleum products price adjustment clause authorization. Any agency or governing authority authorized to enter into contracts for the construction, maintenance, surfacing or repair of highways, roads or streets, may include in its bid proposal and contract documents a price adjustment clause with relation to the cost to the contractor, including taxes, based upon an industry-wide cost index, of petroleum products including asphalt used in the performance or execution of

the contract or in the production or manufacture of materials for use in such performance. Such industry-wide index shall be established and published monthly by the Mississippi Department of Transportation with a copy thereof to be mailed, upon request, to the clerks of the governing authority of each municipality and the clerks of each board of supervisors throughout the state. The price adjustment clause shall be based on the cost of such petroleum products only and shall not include any additional profit or overhead as part of the adjustment. The bid proposals or document contract shall contain the basis and methods of adjusting unit prices for the change in the cost of such petroleum products.

(j) State agency emergency purchase procedure. If the governing board or the executive head, or his designees, of any agency of the state shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interests of the state, then the head of such agency, or his designees, shall file with the Department of Finance and Administration (i) a statement explaining the conditions and circumstances of the emergency, which shall include a detailed description of the events leading up to the situation and the negative impact to the entity if the purchase is made following the statutory requirements set forth in paragraph (a), (b) or (c) of this section, and (ii) a certified copy of the appropriate minutes of the board of such agency requesting the emergency purchase, if applicable. Upon receipt of the statement and applicable board certification, the State Fiscal Officer, or his designees, may, in writing, authorize the purchase or repair without having to comply with competitive bidding requirements.

If the governing board or the executive head, or his designees, of any agency determines that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would threaten the health or safety of any person, or the preservation or protection of property, then the provisions in this section for competitive bidding shall not apply, and any officer or agent of the agency having general or specific authority for making the purchase or repair contract shall approve the bill presented for payment, and he shall certify in writing from whom the purchase was made, or with whom the repair contract was made.

Total purchases made under this paragraph (j) shall only be for the purpose of meeting needs created by the emergency situation. Following the emergency purchase, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the nature of the emergency shall be filed with the Department of Finance and Administration. Any contract awarded pursuant to this paragraph (j) shall not exceed a term of one (1) year.

Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (j).

(k) Governing authority emergency purchase procedure. If the governing authority, or the governing authority acting through its designee, shall determine that an emergency exists in regard to the purchase of any commodities or repair contracts, so that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the governing authority, then the provisions herein for competitive bidding shall not apply and any officer or agent of such governing authority having general or special authority therefor in making such purchase or repair shall approve the bill presented therefor, and he shall certify in writing thereon from whom such purchase was made, or with whom such a repair contract was made. At the board meeting next following the emergency purchase or repair contract, documentation of the purchase or repair contract, including a description of the commodity purchased, the price thereof and the nature of the emergency shall be presented to the board and shall be placed on the minutes of the board of such governing authority. Purchases under the grant program established under Section 37-68-7 in response to COVID-19 and the directive that school districts create a distance learning plan and fulfill technology needs expeditiously shall be deemed an emergency purchase for purposes of this paragraph (k).

(l) Hospital purchase, lease-purchase and lease authorization.

(i) The commissioners or board of trustees of any public hospital may contract with such lowest and best bidder for the purchase or lease-purchase of any commodity under a contract of purchase or lease-purchase agreement whose obligatory payment terms do not exceed five (5) years.

(ii) In addition to the authority granted in subparagraph (i) of this paragraph (l), the commissioners or board of trustees is authorized to enter into contracts for the lease of equipment or services, or both, which it considers necessary for the proper care of patients if, in its opinion, it is not financially feasible to purchase the necessary equipment or services. Any such contract for the lease of equipment or services executed by the commissioners or board shall not exceed a maximum of five (5) years' duration and shall include a cancellation clause based on unavailability of funds. If such cancellation clause is exercised, there shall be no further liability on the part of the lessee. Any such contract for the lease of equipment or services executed on behalf of the commissioners or board that complies with the provisions of this subparagraph (ii) shall be excepted from the bid requirements set forth in this section.

(m) Exceptions from bidding requirements. Excepted from bid requirements are:

Purchases, sales, transfers or trades by governing authorities or state agencies when such purchases, sales, transfers or trades are made by a private treaty agreement or through means of negotiation, from any federal agency or authority, another governing authority or state agency of the State of Mississippi, or any state agency or governing authority of another state. Nothing in this section shall permit such purchases through public auction except as provided for in subparagraph (v) of this paragraph (m). It is the intent of this section to allow governmental entities to dispose of and/or purchase commodities from other governmental entities at a price that is agreed to by both parties. This shall allow for purchases and/or sales at prices which may be determined to be below the market value if the selling entity determines that the sale at below market value is in the best interest of the taxpayers of the state. Governing authorities shall place the terms of the agreement and any justification on the minutes, and state agencies shall obtain

approval from the Department of Finance and Administration, prior to releasing or taking possession of the commodities.

(vii) Perishable supplies or food. Perishable supplies or food purchased for use in connection with hospitals, the school lunch programs, homemaking programs and for the feeding of county or municipal prisoners.

Upon receipt of that certification the Department of Finance and Administration or the board of the governing authority, as the case may be, may, in writing, authorize the purchase, which authority shall be noted on the minutes of the body at the next regular meeting thereafter. In those situations, a governing authority is not required to obtain the approval of the Department of Finance and Administration. Following the purchase, the executive head of the state agency, or his designees, shall file with the Department of Finance and Administration, documentation of the purchase, including a description of the commodity purchased, the purchase price thereof and the source from whom it was purchased.

been duly received, the governing authority or agency shall select the most qualified proposal or proposals on the basis of price, technology and other relevant factors and from such proposals, but not limited to the terms thereof, negotiate and enter into contracts with one or more of the persons or firms submitting proposals. If the governing authority or agency deems none of the proposals to be qualified or otherwise acceptable, the request for proposals process may be reinitiated. Notwithstanding any other provisions of this paragraph, where a county with at least thirty-five thousand (35,000) nor more than forty thousand (40,000) population, according to the 1990 federal decennial census, owns or operates a solid waste landfill, the governing authorities of any other county or municipality may contract with the governing authorities of the county owning or operating the landfill, pursuant to a resolution duly adopted and spread upon the minutes of each governing authority involved, for garbage or solid waste collection or disposal services through contract negotiations.

(s) Minority set-aside authorization. Notwithstanding any provision of this section to the contrary, any agency or governing authority, by order placed on its minutes, may, in its discretion, set aside not more than twenty percent (20%) of its anticipated annual expenditures for the purchase of commodities from minority businesses; however, all such set-aside purchases shall comply with all purchasing regulations promulgated by the Department of Finance and Administration and shall be subject to bid requirements under this section. Set-aside purchases for which competitive bids are required shall be made from the lowest and best minority business bidder. For the purposes of this paragraph, the term "minority business" means a business which is owned by a majority of persons who are United States citizens or permanent resident aliens (as defined by the Immigration and Naturalization Service) of the United States, and who are Asian, Black, Hispanic or Native American, according to the following definitions:

(v) Insurability of bidders for public construction or other public contracts. In any solicitation for bids to perform public construction or other public contracts to which this section applies, including, but not limited to, contracts for repair and maintenance, for which the contract will require insurance coverage in an amount of not less than One Million Dollars (\$1,000,000.00), bidders shall be permitted to either submit proof of current insurance coverage in the specified amount or demonstrate ability to obtain the required coverage amount of insurance if the contract is awarded to the bidder. (ii) Any board of supervisors of any county or any governing authority of any municipality may opt in to the benefits and services provided under the appropriate and relevant contract established in subparagraph (i) of this paragraph at the time of a disaster event in that county or municipality. At the time of opt in, the county or municipality shall assume responsibility for payment in full to the contractor for the disaster-related solid waste collection, disposal or monitoring services provided. Nothing in this subparagraph (ii) shall be construed as requiring a county or municipality to opt in to any such contract established in subparagraph (i) of this paragraph.

(5) Intoxicating hemp products, seized or detained under the authority of this chapter, are deemed to be in the custody of the agent or agency so seizing the property and subject only to the orders and decrees of the court having jurisdiction over the property. When such property is seized, it may be retained as evidence until final disposition of the cause in which such property is involved.

(6) Any intoxicating hemp seized under the authority of this chapter, shall be destroyed, adulterated and disposed of or otherwise rendered harmless and disposed of, upon written authorization of the Commissioner of Agriculture, Commissioner of the Mississippi Department of Revenue, or the State Health Officer of the Mississippi Department of Health, as applicable, after such intoxicating hemp product has served its usefulness as evidence or after such product is no longer useful for training or demonstration purposes. No intoxicating hemp product shall be disposed of, destroyed or rendered harmless under the authority of this section without an order from the

director, Commissioner of the Mississippi Department of Revenue or the State Health Officer of the Mississippi Department of Health, as applicable, and without at least two (2) officers or agents of the bureau present as witnesses.

(7) A record of the disposition of such intoxicating hemp products and the method of destruction or adulteration employed along with the names of witnesses to such destruction or adulteration shall be retained by the applicable department.

The judge so ordering the suspension shall enter upon his docket "DEFENDANT'S DRIVER'S LICENSE SUSPENDED FOR ____ DAYS IN LIEU OF CONVICTION" and such action by the trial judge shall not constitute a conviction. During the period that the minor's driver's license is suspended, the trial judge shall suspend the imposition of any fines or penalties that may be imposed under this subsection and may place the minor on probation subject to such conditions as the judge deems appropriate. If the minor violates any of the conditions of probation, then the trial judge shall return the driver's license to the minor and impose the fines, penalties or both, that he would have otherwise imposed, and such action shall constitute a conviction.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 765: MS Critical Teacher Shortage Act; extend repealer on.

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-159-1, Mississippi Code of 1972, is reenacted as follows:

37-159-1. Sections 37-159-1 through 37-159-19 shall be known and may be cited as the "Mississippi Critical Teacher Shortage Act of 1998."

SECTION 2. Section 37-159-5, Mississippi Code of 1972, is reenacted as follows:

37-159-5. The State Board of Education shall prescribe rules and regulations which, subject to available appropriations, allow for reimbursement to the state licensed teachers, from both in state and out of state, who enter into a contract for employment in a school district situated within a geographical area of the state where there exists a critical shortage of teachers, as designated by the State Board of Education, for the expense of moving when the employment necessitates the relocation of the teacher to a different geographical area than that in which the teacher resides before entering into such contract. In order to be eligible for the reimbursement, the teacher must apply to the local district and the district must obtain the prior approval from the department for reimbursement before the relocation occurs. If the reimbursement is approved, the department shall provide funds to the school district to reimburse the teacher an amount not to exceed One Thousand Dollars (\$1,000.00) for the documented actual expenses incurred in the course of relocating, including the expense of any professional moving company or persons employed to assist with the move, rented moving vehicles or equipment, mileage in the amount authorized for state employees under Section 25-3-41 if the teacher used his personal vehicle or vehicles for the move, meals and such other expenses associated with the relocation in accordance with the department's established rules and regulations. No teacher may be reimbursed for moving expenses under this section on more than one (1) occasion.

Nothing in this section shall be construed to require the actual residence to which the teacher relocates to be within the boundaries of the school district which has executed a contract for employment with the teacher or within the boundaries of the area designated by the State Board of Education as the critical teacher shortage area in order for the teacher to be eligible for reimbursement for his moving expenses. However, teachers must relocate within the boundaries of the State of Mississippi.

SECTION 3. Section 37-159-7, Mississippi Code of 1972, is reenacted as follows:

37-159-7. The school board of any school district situated within a geographical area of the state where there exists a critical shortage of teachers, as designated by the State Board of Education, in its discretion, may reimburse persons who interview for employment as a licensed teacher with the district for the mileage and other actual expenses incurred in the course of travel to and from the interview by such persons at the rate authorized for county and municipal employees under Section 25-3-41. Any reimbursement by a school board under this section shall be paid from funds other than adequate education program funds.

SECTION 4. Section 37-159-9, Mississippi Code of 1972, is reenacted as follows:

37-159-9. (1) There is established the University Assisted Teacher Recruitment and Retention Grant Program within the State Department of Education. The purposes of the program shall be to attract additional qualified teachers to those geographical areas of the state where there exists a critical shortage of teachers and to retain the qualified teachers already serving as licensed teachers in geographical critical teacher shortage areas by making available scholarships to persons working towards a Master of Education degree or an Educational Specialist degree at an institution of higher learning whose teacher education program is approved by the State Board of Education.

(2) Any institution of higher learning in the State of Mississippi which offers a Master of Education degree or an Educational Specialist degree may apply to the department for participation in the program. As part of the program, participating institutions shall collaborate with the Mississippi Teacher Center to identify, recruit and place teacher education graduates, from both within the state and out of state, in school districts situated within those areas of the state where there exists a critical shortage of teachers, as designated by the State Board of Education.

(3) The State Department of Education shall provide funds to participating institutions of higher learning for the purpose of awarding scholarships to qualified persons pursuing a Master of Education degree or an Educational Specialist degree at such institutions while rendering service to the state as a licensed teacher in a school district in a geographical area of the state where there exists a critical shortage of teachers, as approved by the State Board of Education. The financial scholarship shall be applied to the total cost for tuition, books, materials and fees at the institution in which the student is enrolled, not to exceed an amount equal to the highest total cost of tuition, books, materials and fees assessed by a state institution of higher learning during that school year. Teachers who relocate within Mississippi from out of state in order to participate in the program shall be classified as residents of the state for tuition purposes.

(4) Students awarded financial scholarships under the University Assisted Teacher Recruitment and Retention Grant Program may receive such awards for a maximum of four (4) school years; however, the maximum number of awards which may be made shall not exceed the length of time required to complete the number of academic hours necessary to obtain a Master of Education degree or an Educational Specialist degree. Financial scholarships under the program shall not be based upon an applicant's eligibility for financial aid.

(5) Persons relocating to a geographical area of the state where there exists a critical shortage of teachers, as approved by the State Board of Education, to participate in the University Assisted Teacher Recruitment and Retention Grant Program shall be eligible for reimbursement for their moving expenses to the critical teacher shortage area from the State Board of Education. The State Board of Education shall promulgate rules and regulations necessary for the administration of the relocation expense reimbursement component of the University Assisted Teacher Recruitment and Retention Grant Program.

(6) Subject to the availability of funds, the State Board of Education may provide for professional development and support services as may be necessary for the retention of teachers participating in the program in those geographical areas of the state where there exists a critical shortage of teachers.

(7) Any person participating in the program who fails to complete a program of study that will enable that person to obtain a Master of Education degree or Educational Specialist degree shall become liable immediately to the State Board of Education for the sum of all awards made to that person under the program, plus interest accruing at the current Stafford Loan rate at the time the person abrogates his participation in the program.

(8) As a condition for participation in the program, a teacher shall agree to employment as a licensed teacher in a school district located in a geographical area of the state where there exists a critical shortage of teachers, as designated by the State Board of Education, for a period of not less than three (3) years, which shall include those years of service rendered while obtaining the Master of Education degree or Educational Specialist degree. However, for any person who obtained a Baccalaureate

degree in education with a financial scholarship under the Critical Needs Teacher Scholarship Program and who entered the University Assisted Teacher Recruitment and Retention Grant Program before rendering service as a teacher, the period of employment for the purposes of this subsection shall be two (2) years, in addition to the employment commitment required under the Critical Needs Teacher Scholarship Program. Service rendered by a participant as a licensed teacher in a school district in a geographical critical teacher shortage area before that teacher becomes a participant in the program may not be considered to fulfill the employment commitment required under this subsection. Any person failing to comply with this employment commitment in any required school year shall immediately be in breach of contract and become liable immediately to the State Department of Education for the sum of all scholarships awarded and relocation expenses granted to that person, less one-third (1/3) of the amount of that sum for each year that service was rendered, or for those persons whose required period of employment is two (2) years, less one-half (1/2) of the amount of that sum for each year that service was rendered, plus interest accruing at the current Stafford Loan rate at the time the breach occurs, except in the case of a deferral for cause by the State Board of Education when there is no employment position immediately available upon the teacher's obtaining of the Master of Education degree or Educational Specialist degree. After the period of such deferral, the person shall begin or resume the required teaching duties or shall become liable to the board under this subsection. If a claim for repayment under this subsection is placed in the hands of an attorney for collection after default, then the obligor shall be liable for an additional amount equal to a reasonable attorney's fee.

(9) All funds received by the State Department of Education from the repayment of scholarship awards and relocation expenses by program participants shall be deposited in the Mississippi Critical Teacher Shortage Fund.

(10) The State Board of Education shall promulgate rules and regulations necessary for the proper administration of the University Assisted Teacher Recruitment and Retention Grant Program.

(3) Any loan made under the program to a person who actually renders service as a teacher in a geographical area of the state where there exists a critical shortage of teachers, as designated by the State Board of Education, shall be converted to an interest-free grant on the basis of one (1) year's service for one-third (1/3) of the amount of the loan. Any person who does not render three (3) years' service as a teacher in a geographical area of the state where there exists a critical shortage of teachers, as designated by the State Board of Education, shall be liable to the State Department of Education for one-third (1/3) of the amount of the loan for each year that he does not render such service, plus interest accruing at the current Stafford Loan rate at the time the person discontinues his service. The State Board of Education shall adopt rules and regulations regarding the implementation and administration of the program.

(2) The West Tallahatchie School District shall receive proposals from developers for the construction of the rental housing units, and submit its recommendation to the State Department of Education about which developer should construct the units. The department shall make the final determination about the developer that will construct the units.

The interest rate on the loan shall be equal to one percent (1%) below the discount rate at the Federal Reserve Bank in the Federal Reserve district in which the school district is located, and the loan shall be repaid in not more than fifteen (15) years, as determined by the department. All funds received by the department as repayment of the principal and interest of the loan shall be deposited in the Mississippi Critical Teacher Shortage Fund. If a claim against the developer for repayment is placed in the hands of an attorney for collection, the obligor shall be liable for an additional amount equal to a reasonable attorney's fee.

(4) The developer shall operate the rental housing units. For a period of ten (10) years or until such time as the loan to the developer is repaid, whichever is longer, the priority for residence in the units shall be given first to teachers employed by the school district, then to other licensed school district employees, and then to any other school district employees.

SECTION 10. The following shall be codified as Section 25-11-126, Mississippi Code of 1972:

25-11-126. (1) Any person who has at least thirty (30) years of creditable service, who was employed as a public school teacher at the time of his or her retirement, has been retired at least ninety (90) days and is receiving a retirement allowance, and holds a standard teaching license in Mississippi, may be employed as a teacher in a public school district after retirement, and choose to continue receiving the retirement allowance under this article during his or her employment as a teacher after retirement in addition to receiving the salary authorized under this section, along with the local contribution of the school district in which the retiree is employed, at the discretion of the school district. Any teacher who has retired with at least twenty-five (25) years of creditable service as of July 1, 2024, may also participate in this program if the teacher otherwise qualifies under this act.

(2) A retired teacher may only be hired to teach in a school district designated by the Department of Education as having critical shortages and/or critical subject-area shortages, and shall hold the related standard teaching license and/or endorsements to teach in the subject area. The base compensation authorized for returning retired teachers under Section 37-19-7 shall not be graduated annually in the same manner as teachers who are employed by a school district under traditional employment guidelines, but shall remain static for the entirety of his or her eligible teaching period as a retired teacher.

(3) (a) A retired teacher may be employed as a teacher, continue receiving his or her retirement allowance and be a contributing member of the system without accruing additional retirement benefits for a total of five (5) years, which may be performed consecutively or intermittently. This method is designed specifically to provide funding for the system to actuarially offset any pension liability created by this act. Each school district hiring retired teachers under the authority of this section, shall make a direct payment to PERS, which shall serve as pension liability participation assessment. The pension liability participation assessment and the retired teacher's salary for returning to work shall be determined as follows:

(i) A school district shall rely on the salary schedule in Section 37-19-7 in considering the salary for a retired teacher; provided, however, that the school district may allocate up to one hundred and twenty-five percent (125%) of

the amount provided under the salary schedule comparable to the teacher's years of service and license type as salary and assessment under the program.

(ii) After determining the retired teacher's compensation, the school district may pay no more than fifty percent (50%) of the retired teacher's compensation as salary to the retired teacher; and

(iii) The remaining fifty percent (50%) of the retired teacher's compensation as salary shall be paid by the school district to PERS as a pension liability participation assessment.

(b) If a retired teacher, reemployed under the authority of this section, works in a school district for any portion of a scholastic year less than a full contractual term of traditional teachers, the time worked by the retired teacher shall constitute one (1) of the five (5) years of post retirement teaching eligibility. A retired teacher, under the authority of this section, shall be entitled to work in any applicable school district and shall not be obligated to remain in any one (1) school district for the entirety of his or her post retirement teaching eligibility, but shall be cumulative in nature so as not to exceed five (5) years. The salary authorized under Section 37-19-7 for retired teachers shall be prorated for any period worked by the retired teacher that is less than one (1) full academic year.

(c) The State Department of Education shall transfer to the system the Mississippi Adequate Education Program funds of local school districts that on or after July 1, 2024, hire retired members as teachers under this section and other funds that otherwise would have been payable to the districts if the districts had not taken advantage of this section. The crediting of assets and financing shall follow the provisions of Section 25-11-123.

(d) Local educational agencies shall transfer to the system Mississippi Adequate Education Program funds of local school districts that on or after July 1, 2024, hire retired members as teachers under this section and other funds that otherwise would have been payable to the districts if the districts had not taken advantage of this section. The crediting of assets and financing must follow the provisions of Section 25-11-123.

(4) Under the authority of this section, school districts may employ retired teachers based on criteria established by the department of education for critical teacher shortage areas and critical subject-matter areas. A school district that is not within a critical teacher shortage area may employ teachers for critical subject-matter areas.

(5) A person may be hired under this section subject to the following conditions:

(a) The retired member holds any teacher's professional license or certificate as may be required in Section 37-3-2, and holds the related standard teaching license and/or endorsements to teach in the applicable subject area;

(b) The superintendent of the employing school district certifies in writing to the State Department of Education that the retired member has the requisite experience, training and expertise for the position to be filled;

(c) The superintendent of the school district certifies or the principal of the school certifies that there was no preexisting arrangement for the person to be hired;

(d) The person had a satisfactory performance review for the most recent period before retirement; and

(e) The person is hired to teach in a critical subject-matter area or in a critical teacher shortage area.

(6) The State Superintendent of Public Education shall report the persons who are employed under this section to the Executive Director of the Public Employees' Retirement System.

(7) The department of education shall promulgate regulations that prescribe a salary schedule that reflects the provisions of this act. Each school district shall create a policy, approved by the local school board, related to the hiring of retired teachers and including, but not limited to, the hiring of full- and part-time retired teacher employees under this section and Section 25-11-127.

(8) Any retired teacher who returns to work in accordance with this section shall not be eligible to return to work under the provisions of Section 25-11-127.

SECTION 11. Section 37-19-7, Mississippi Code of 1972, is amended as follows:

37-19-7. (1) The allowance in the Mississippi Adequate Education Program for teachers' salaries in each public school district shall be determined and paid in accordance with the scale for teachers' salaries as provided in this subsection. 2024-2025 AND SUBSEQUENT SCHOOL YEARS MINIMUM SALARY SCHEDULE

The school district, with assistance from the Department of Education, shall consider the teacher's years of service and license type and determine the corresponding salary for the retired teacher. After determining the retired teacher's corresponding salary, the school district may allocate up to one hundred twenty-five percent (125%) of the amount provided under the salary schedule for such teacher, as applicable, as salary and assessment under the program.

After determining the retired teacher's salary, the school district may pay no more than fifty percent (50%) of the retired teacher's compensation as salary to the retired teacher. The remaining fifty percent (50%) of the retired teacher's compensation as salary shall be paid by the school district to PERS as a pension liability participation assessment.

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. However, school districts are authorized, in their discretion, to negotiate the salary levels applicable to licensed employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment

provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2) (a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher or retired teacher employed by a school district under the authority of Section 25-11-126 who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed school counselor shall submit documentation to the State Department of Education that the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(v) Any licensed athletic trainer who has met the requirements and acquired Board Certification for the Athletic Trainer from the Board of Certification, Inc., and who is employed by a local school board or the State Board of Education as an athletic trainer and not as an administrator. The licensed athletic trainer shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed athletic trainer shall submit the documentation

to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its adequate education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one (1) individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher or retired teacher employed by a local school district under the authority of Section 25-11-126 who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4) (a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding licensed teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed appropriate in designating successful student achievement shall be used in establishing MPBP criteria.

(5) (a) If funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

SECTION 12. Section 25-11-123, Mississippi Code of 1972, is amended as follows:

25-11-123. All of the assets of the system shall be credited according to the purpose for which they are held to one (1) of four (4) reserves; namely, the annuity savings account, the annuity reserve, the employer's accumulation account, and the expense account.

(a) Annuity savings account. In the annuity savings account shall be accumulated the contributions made by members to provide for their annuities, including interest thereon which shall be posted monthly. Credits to and charges against the annuity savings account shall be made as follows:

(1) Beginning July 1, 2010, except as otherwise provided in Section 25-11-126, the employer shall cause to be deducted from the salary of each member on each and every payroll of the employer for each and every payroll period nine percent (9%) of earned compensation as defined in Section 25-11-103. Future contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation; however, any member earning at a rate less than Sixteen Dollars and Sixty-seven Cents (\$16.67) per month, or Two Hundred Dollars (\$200.00) per year, shall contribute not less than One Dollar (\$1.00) per month, or Twelve Dollars (\$12.00) per year.

(2) The deductions provided in paragraph (1) of this subsection shall be made notwithstanding that the minimum compensation provided by

law for any member is reduced by the deduction. Every member shall be deemed to consent and agree to the deductions made and provided for in paragraph (1) of this subsection and shall receipt for his full salary or compensation, and payment of salary or compensation less the deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the person during the period covered by the payment, except as to the benefits provided under Articles 1 and 3. The board shall provide by rules for the methods of collection of contributions from members and the employer. The board shall have full authority to require the production of evidence necessary to verify the correctness of amounts contributed.

(b) Annuity reserve. The annuity reserve shall be the account representing the actuarial value of all annuities in force, and to it shall be charged all annuities and all benefits in lieu of annuities, payable as provided in this article. If a beneficiary retired on account of disability is restored to active service with a compensation not less than his average final compensation at the time of his last retirement, the remainder of his contributions shall be transferred from the annuity reserve to the annuity savings account and credited to his individual account therein, and the balance of his annuity reserve shall be transferred to the employer's accumulation account.

(c) Employer's accumulation account. The employer's accumulation account shall represent the accumulation of all reserves for the payment of all retirement allowances and other benefits payable from contributions made by the employer, and against this account shall be charged all retirement allowances and other benefits on account of members. Credits to and charges against the employer's accumulation account shall be made as follows:

(1) On account of each member there shall be paid monthly into the employer's accumulation account by the employers for the preceding fiscal year an amount equal to a certain percentage of the total earned compensation, as defined in Section 25-11-103, of each member. The percentage rate of those contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation. Beginning January 1, 1990, the rate shall be fixed at nine and three-fourths percent (9-3/4%). The board shall reduce the employer's contribution rate by one percent (1%) from and after July 1 of the year following the year in which the board determines and the board's actuary certifies that the employer's contribution rate can be reduced by that amount without causing the unfunded accrued actuarial liability amortization period for the retirement system to exceed twenty (20) years. Political subdivisions joining Article 3 of the Public Employees' Retirement System after July 1, 1968, may adjust the employer's contributions by agreement with the Board of Trustees of the Public Employees' Retirement System to provide service credits for any period before execution of the agreement based upon an actuarial determination of employer's contribution rates.

(2) On the basis of regular interest and of such mortality and other tables as are adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making that valuation, shall determine the uniform and constant percentage of the earnable compensation of each member which, if contributed by the employer on the basis of compensation of the member throughout his entire period of membership service, would be sufficient to provide for the payment of any retirement allowance payable on his account for that service. The percentage rate so determined shall be known as the "normal contribution rate." After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the percentage rate of the salary of all members obtained by deducting from the total liabilities on account of membership service the amount in the employer's accumulation account, and dividing the remainder by one percent (1%) of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees and regular interest. The normal rate of contributions shall be determined by the actuary after each valuation.

(3) The total amount payable in each year to the employer's accumulation account shall not be less than the sum of the percentage rate known as the "normal contribution rate" and the "accrued liability contribution rate" of the total compensation earnable by all members during the preceding year, provided that the payment by the employer shall be sufficient, when combined with the amounts in the account, to provide the allowances and other benefits chargeable to this account during the year then current.

(4) The accrued liability contribution shall be discontinued as soon as the accumulated balance in the employer's accumulation account shall equal the present value, computed on the basis of the normal contribution rate then in force, or the prospective normal contributions to be received on account of all persons who are at that time members.

(5) All allowances and benefits in lieu thereof, with the exception of those payable on account of members who receive no prior service credit, payable from contributions of the employer, shall be paid from the employer's accumulation account.

(6) Upon the retirement of a member, an amount equal to his retirement allowance shall be transferred from the employer's accumulation account to the annuity reserve.

(7) The employer's accumulation account shall be credited with any assets authorized by law to be credited to the account.

(d) Expense account. The expense account shall be the account to which the expenses of the administration of the system shall be charged, exclusive of amounts payable as retirement allowances and as other benefits provided herein. The Legislature shall make annual appropriations in amounts sufficient to administer the system, which shall be credited to this account. There shall be transferred to the State Treasury from this account, not less than once per month, an amount sufficient for payment of the estimated expenses of the system for the succeeding thirty (30) days. Any interest earned on the expense account shall accrue to the benefit of the system. However, notwithstanding the provisions of Sections 25-11-15(10) and 25-11-105(f)(v)5, all expenses of the administration of the system shall be paid from the interest earnings, provided the interest earnings are in excess of the actuarial interest assumption as determined by the board, and provided the present cost of the administrative expense fee of two percent (2%) of the contributions reported by the political subdivisions and instrumentalities shall be reduced to one percent (1%) from and after July 1, 1983, through June 30, 1984, and shall be eliminated thereafter.

(e) Collection of contributions. The employer shall cause to be deducted on each and every payroll of a member for each and every payroll period, beginning subsequent to January 31, 1953, the contributions payable by the member as provided in Articles 1 and 3.

The employer shall make deductions from salaries of employees as provided in Articles 1 and 3 and shall transmit monthly, or at such time as the board of trustees designates, the amount specified to be deducted to the Executive Director of the Public Employees' Retirement System. The executive director, after making a record of all those receipts, shall deposit such amounts as provided by law.

(f) (1) Upon the basis of each actuarial valuation provided herein, the board of trustees shall biennially determine the normal contribution rate and the accrued liability contribution rate as provided in this section. The sum of these two (2) rates shall be known as the "employer's contribution rate." Beginning on earned compensation effective January 1, 1990, the rate computed as provided in this section shall be nine and three-fourths percent (9-3/4%). The board shall reduce the employer's contribution rate by one percent (1%) from and after July 1 of the year following the year in which the board determines and the board's actuary certifies that the employer's contribution rate can be reduced by that amount without causing the unfunded accrued actuarial liability amortization period for the retirement system to exceed twenty (20) years. The percentage rate of those contributions shall be fixed biennially by the board on the basis of the liabilities of the retirement system for the various allowances and benefits as shown by actuarial valuation.

(2) The amount payable by the employer on account of normal and accrued liability contributions shall be determined by applying the employer's contribution rate to the amount of compensation earned by employees who are members of the system. Monthly, or at such time as the board of trustees designates, each department or agency shall compute the amount of the employer's contribution payable, with respect to the salaries of its employees who are members of the system, and shall cause that amount to be paid to the board of trustees from the personal service allotment of the amount appropriated for the operation of the department or agency, or from funds otherwise available to the agency, for the payment of salaries to its employees.

(3) Except as otherwise provided in Section 25-11-106:

(i) Constables shall pay employer and employee contributions on their net fee income as well as the employee contributions on all direct treasury or county payroll income.

(ii) The county shall be responsible for the employer contribution on all direct treasury or county payroll income of constables.

(4) Except as otherwise provided in Section 25-11-106.1, chancery and circuit clerks shall be responsible for both the employer and employee share of contributions on the proportionate share of net income attributable to fees, as well as the employee share of net income attributable to direct treasury or county payroll income, and the employing county shall be responsible for the employer contributions on the net income attributable to direct treasury or county payroll income.

(5) Once each year, under procedures established by the system, each employer shall submit to the Public Employees' Retirement System a copy of their report to Social Security of all employees' earnings.

(6) The board shall provide by rules for the methods of collection of contributions of employers and members. The amounts determined due by an agency to the various funds as specified in Articles 1 and 3 are made obligations of the agency to the board and shall be paid as provided herein. Failure to deduct those contributions shall not relieve the employee and employer from liability thereof. Delinquent employee contributions and any accrued interest shall be the obligation of the employee and delinquent employer contributions and any accrued interest shall be the obligation of the employer. The employer may, in its discretion, elect to pay any or all of the interest on delinquent employee contributions. From and after July 1, 1996, under rules and regulations established by the board, all employers are authorized and shall transfer all funds due to the Public Employees' Retirement System electronically and shall transmit any wage or other reports by computerized reporting systems.

SECTION 13. Section 25-11-127, Mississippi Code of 1972, is amended as follows:

25-11-127. (1) (a) No person who is being paid a retirement allowance or a pension after retirement under this article shall be employed or paid for any service by the State of Mississippi, including services as an employee, contract worker, contractual employee or independent contractor, until the retired person has been retired for not less than ninety (90) consecutive days from his or her effective date of retirement. After the person has been retired for not less than ninety (90) consecutive days from his or her effective date of retirement or such later date as established by the board, he or she may be reemployed while being paid a retirement allowance under the terms and conditions provided in this section or in Section 25-11-126.

(b) No retiree of this retirement system who is reemployed or is reelected to office after retirement shall continue to draw retirement benefits while so reemployed, except as provided in this section or in Section 25-11-126.

(c) No person employed or elected under the exceptions provided for in this section shall become a member under Article 3 of the retirement system.

(2) Except as otherwise provided in Section 25-11-126, any person who has been retired under the provisions of Article 3 and who is later reemployed in service covered by this article shall cease to receive benefits under this article and shall again become a contributing member of the retirement system. When the person retires again, if the reemployment exceeds six (6) months, the person shall have his or her benefit recomputed, including service after again becoming a member, provided that

the total retirement allowance paid to the retired member in his or her previous retirement shall be deducted from the member's retirement reserve and taken into consideration in recalculating the retirement allowance under a new option selected.

(3) The board shall have the right to prescribe rules and regulations for carrying out the provisions of this section.

(4) The provisions of this section shall not be construed to prohibit any retiree, regardless of age, from being employed and drawing a retirement allowance either:

(a) For a period of time not to exceed one-half (1/2) of the normal working days for the position in any fiscal year during which the retiree will receive no more than one-half (1/2) of the salary in effect for the position at the time of employment, or

(b) For a period of time in any fiscal year sufficient in length to permit a retiree to earn not in excess of twenty-five percent (25%) of retiree's average compensation.

To determine the normal working days for a position under paragraph (a) of this subsection, the employer shall determine the required number of working days for the position on a full-time basis and the equivalent number of hours representing the full-time position. The retiree then may work up to one-half (1/2) of the required number of working days or up to one-half (1/2) of the equivalent number of hours and receive up to one-half (1/2) of the salary for the position. In the case of employment with multiple employers, the limitation shall equal one-half (1/2) of the number of days or hours for a single full-time position.

Notice shall be given in writing to the executive director, setting forth the facts upon which the employment is being made, and the notice shall be given within five (5) days from the date of employment and also from the date of termination of the employment.

(5) Except as otherwise provided in subsection (6) of this section, the employer of any person who is receiving a retirement allowance and who is employed in service covered by subsection (4) of this section as an employee or a contractual employee shall pay to the board the full amount of the employer's contribution on the amount of compensation received by the retiree for his or her employment in accordance with regulations prescribed by the board. The retiree shall not receive any additional creditable service in the retirement system as a result of the payment of the employer's contribution. This subsection does not apply to persons who are receiving a retirement allowance and who contract with an employer to provide services as a true independent contractor, as defined by the board through regulation.

(6) (a) A member may retire and continue in municipal or county elective office provided that the member has reached the age and/or service requirement that will not result in a prohibited in-service distribution as defined by the Internal Revenue Service, or a retiree may be elected to a municipal or county office, provided that the person:

(i) Files annually, in writing, in the office of the employer and the office of the executive director of the system before the person takes office or as soon as possible after retirement, a waiver of all salary or compensation and elects to receive in lieu of that salary or compensation a retirement allowance as provided in this section, in which event no salary or compensation shall thereafter be due or payable for those services; however, any such officer or employee may receive, in addition to the retirement allowance, office expense allowance, mileage or travel expense authorized by any statute of the State of Mississippi; or

(ii) Elects to receive compensation for that elective office in an amount not to exceed twenty-five percent (25%) of the retiree's average compensation. In order to receive compensation as allowed in this subparagraph, the retiree shall file annually, in writing, in the office of the employer and the office of the executive director of the system, an election to receive, in addition to a retirement allowance, compensation as allowed in this subparagraph.

(b) The municipality or county in which the retired person holds elective office shall pay to the board the amount of the employer's contributions on the full amount of the regular compensation for the elective office that the retired person holds.

(c) As used in this subsection, the term "compensation" does not include office expense allowance, mileage or travel expense authorized by a statute of the State of Mississippi.

(7) Any retired teacher who returns to work in accordance with this section shall not be eligible to return to work under the provisions of Section 25-11-126.

SECTION 14. Section 37-41-27, Mississippi Code of 1972, is amended as follows:

37-41-27. (1) The local school boards, subject to rules and regulations promulgated by the State Board of Education, may permit the use of publicly owned school buses for the transportation of participating students, teachers, coaches and sponsors in connection with athletic events, events of boys' and girls' clubs, events of Future Farmers of America or 4-H Clubs and special events in connection with the schools which the boards may consider a part of the educational program. The local school boards, subject to rules and regulations promulgated by the State Board of Education, may permit the use of publicly owned school buses for the transportation of citizens for grand jury and other jury functions upon order of the court or as considered necessary by the school board during natural or man-made emergencies, hurricanes, tornadoes, floods and other acts of God. The local school boards, subject to rules and regulations promulgated by the State Board of Education, may permit the use of publicly owned school buses for the transportation of citizens attending an air show or historic commemorative event held on a military base or military park located in the school district; provided that such determination shall be made upon the minutes of the school board and shall include an agreement with the military base or military park that it will indemnify and hold the school district harmless in any action regarding such transportation.

(2) (a) Local school boards may regularly permit the use of motor vehicles other than school buses when the transportation is for trips to and from school sites or * * * for school-related functions and activities; however, motor vehicles other than school buses may not be used for customary transportation between a student's residence and such sites.

(b) When the transportation of students is provided, as authorized in this subsection, in a vehicle other than a school bus that is owned, operated, rented, contracted, or leased by a school district or charter school, the following provisions shall apply:

(i) The vehicle must be a passenger car or multipurpose passenger vehicle or truck, as defined in 49 CFR Part 571, designed to transport fewer than * * * sixteen (16) students and which does not require a commercial driver's license with passenger endorsement. Students must be transported in designated seating positions and must use the occupant crash protection system provided by the manufacturer unless the student's physical condition prohibits such use.

(ii) An authorized vehicle may not be driven by a student on a public right-of-way. An authorized vehicle may be driven by a student on school or private property as part of the student's educational curriculum if no other student is in the vehicle.

(iii) The driver of an authorized vehicle transporting students must maintain a valid driver's license and must comply with the requirements of the school district's locally adopted safe driver plan, which includes review of driving records for disqualifying violations.

(iv) The local school board must adopt a policy that addresses procedures and liability for trips under this paragraph, including a provision that school buses are to be used whenever practical and specifying consequences for violation of the policy.

SECTION 15. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO REENACT SECTIONS 37-159-1, 37-159-5, 37-159-7, 37-159-9, 37-159-11, 37-159-13 AND 37-159-17, MISSISSIPPI CODE OF 1972, WHICH

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2232: Newton Municipal School District; require election of board of trustees by population of the school district.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-7-203, Mississippi Code of 1972, is amended as follows:

37-7-203. (1) Except as otherwise provided in subsections (3) * * *, (4) and (5) of this section, the boards of trustees of all municipal separate school districts created under this chapter, either with or without added territory, shall consist of five (5) members, each to be chosen for a term of five (5) years, but so chosen that the term of office of one (1) member shall expire each year. In the event the added territory of a municipal separate school district furnishes fifteen percent (15%) or more of the pupils enrolled in the schools of such district, then at least one (1) member of the board of trustees of such school district shall be a resident of the added territory outside the corporate limits. In the event the added territory of a municipal separate school district furnishes thirty percent (30%) or more of the pupils enrolled in the schools of such district, then not more than two (2) members of the board of trustees of such school district shall be residents of the added territory outside the corporate limits. In the event the added territory of a municipal separate school district in a county in which Mississippi Highways 8 and 15 intersect furnishes thirty percent (30%) or more of the pupils enrolled in the schools of such district, then the five (5) members of the board of trustees of such school district shall be elected at large from such school district for a term of five (5) years each except that the two (2) elected trustees presently serving on such board shall continue to serve for their respective terms of office. The three (3) appointed trustees presently serving on such board shall continue to serve until their successors

are elected in March of 1975 in the manner provided for in Section 37-7-215. At such election, one (1) trustee shall be elected for a term of two (2) years, one (1) for a term of three (3) years and one (1) for a term of five (5) years. Subsequent terms for each successor trustee shall be for five (5) years. In the event one (1) of two (2) municipal separate school districts located in any county with two (2) judicial districts, District 1 being comprised of Supervisors Districts 1, 2, 4 and 5, and District 2 being comprised of Supervisors District 3, with added territory embraces three (3) full supervisors districts of a county, one (1) trustee shall be elected from each of the three (3) supervisors districts outside the corporate limits of the municipality. In the further event that the territory of a municipal separate school district located in any county with two (2) judicial districts, District 1 being comprised of Supervisors Districts 1, 2, 4 and 5, and District 2 being comprised of Supervisors District 3, with added territory embraces four (4) full supervisors districts in the county, and in any county in which a municipal separate school district embraces the entire county in which Highways 14 and 15 intersect, one (1) trustee shall be elected from each supervisors district.

Except as otherwise provided herein, the trustees of such a municipal separate school district shall be elected by a majority of the governing authorities of the municipality at the first meeting of the governing authorities held in the month of February of each year, and the term of office of the member so elected shall commence on the first Saturday of March following. In the case of a member of the board of trustees who is required to come from the added territory outside the corporate limits as is above provided, such member of the board of trustees shall be elected by the qualified electors of the school district residing in such added territory outside the corporate limits at the same time and in the same manner as is otherwise provided in this article for the election of trustees of school districts other than municipal separate school districts.

In the event that a portion of a county school district is reconstituted, in the manner provided by law, into a municipal separate school district with added territory and in the event that the trustees to be elected from the added territory are requested to be elected from separate election districts within the added territory, instead of elected at large, by the Attorney General of the United States as a result of and pursuant to preclearance under Section 5 of the Voting Rights Act of 1965, as amended and extended, and in the event the added territory of a municipal separate school district of a municipality furnishes thirty percent (30%) or more of the pupils enrolled in the schools of such district, then two (2) members of the board of trustees shall be residents of the added territory outside the corporate limits of such municipality and shall be elected from special trustee election districts by the qualified electors thereof as herein provided. The board of trustees of the school district shall apportion the added territory into two (2) special trustee election districts as nearly as possible according to population and other factors heretofore pronounced by the courts. The board of trustees of the school district shall thereafter publish the same in a newspaper of general circulation within that school district for at least two (2) consecutive weeks; and after having given notice of publication and recording the same upon the minutes of the board of trustees of the school district, the new district lines shall thereafter be effective. Any person elected from the new trustee election districts constituted herein shall be elected in the manner provided for in Section 37-7-215 for a term of five (5) years. Any vacancy in the office of a trustee elected from such trustee election district, whether occasioned by redistricting or by other cause, shall be filled by appointment of the governing authorities of the municipality, provided that the person so appointed shall serve only until the next general election following his appointment, at which time a person shall be elected for the remainder of the unexpired term in the manner provided in Section 37-7-215.

In any county organizing a countywide municipal separate school district after January 1, 1965, the trustees thereof to be elected from outside the municipality, such trustees shall be elected by the board of supervisors of such county, and the superintendent of such school district shall have authority to pay out and distribute the funds of the district. In the event a municipal separate school district should occupy territory in a county other than that in which the municipality is located and fifteen percent (15%) or more of the pupils enrolled in the schools of such district shall come from the territory of the district in the county other than that in which the municipality is located, the territory of such county in which the municipality is not located shall be

entitled to one (1) member on the board of trustees of such school district. The trustee shall be a resident of the territory of that part of the district lying in the county in which the municipality is not located and shall be elected by the qualified electors of the territory of such county at the same time and in the same manner as is provided for the election of trustees of school districts other than municipal separate school districts having territory in two (2) or more counties.

All vacancies shall be filled for the unexpired terms by appointment of the governing authorities of the municipality; except that in the case of the trustees coming from the added territory outside the corporate limits, the person so appointed shall serve only until the next general election following his appointment, at which time a person shall be elected for the remainder of the unexpired term in the manner otherwise provided herein.

No person who is a member of such governing body, or who is an employee of the municipality, or who is a member of the county board of education, or who is a trustee of any public, private or sectarian school or college located in the county, inclusive of the municipal separate school district, or who is a teacher in or a trustee of the school district, shall be eligible for appointment to the board of trustees.

(2) In counties of less than fifteen thousand (15,000) people having a municipal separate school district with added territory which embraces all the territory of a county, one or more trustees of the school district shall be nominated from each supervisors district upon petition of fifty (50) qualified electors of that supervisors district, or twenty percent (20%) of the qualified electors of such district, whichever number shall be smaller. One (1) trustee must be elected from each supervisors district of the county. In such counties embraced entirely by a municipal separate school district, there shall be no county board of education after the formation of such district, and the county superintendent of education shall act as superintendent of schools of the district and shall be appointed by the board of trustees of that district, and the provisions of subsection (1) of this section and the first paragraph of Section 37-7-211 shall not apply to such districts.

(3) In municipalities designated as having a mayor-council form of government under Chapter 8, Title 21, Mississippi Code of 1972, and having a population in excess of one hundred thousand (100,000) according to the 2000 federal decennial census, the boards of trustees of the municipal separate school district located in the municipality may, if authorized by ordinance of the municipal governing authority, consist of seven (7) members residing in each of the seven (7) wards in the municipality, to be appointed by the mayor and confirmed by the city council as follows: (a) each board member shall reside in the ward from which he is appointed; (b) members serving on March 31, 2010, shall continue to serve until a new term commences and new members shall be selected from wards not currently represented on the board; (c) one (1) of the two (2) additional appointments shall serve a term of five (5) years and one (1) for a term of four (4) years, with all subsequent appointments for a five-year term; and (d) each new appointment shall be made by the mayor and confirmed by the city council of the municipality at the first meeting of the governing authorities held in the month of June following March 31, 2010, and thereafter each year, and the term of office of each member so selected shall commence on the first Saturday of July following.

(4) (a) Beginning in 2017, in any municipal separate school district that is traversed by the Escatawpa River and in which Interstate Highway 10 and Mississippi Highway 63 intersect, the board of trustees of the municipal separate school district shall consist of five (5) members, each to be elected for a term of four (4) years in the manner provided in this subsection. Within forty-five (45) days after July 1, 2017, the municipal governing authority shall apportion the municipal separate school district, including any added territory outside the corporate limits, into five (5) special trustee election districts as nearly equal as possible according to population, incumbency and other factors pronounced by the courts before August 8, 2017. The municipal governing authority shall place upon its minutes the boundaries determined for the new five (5) trustee election districts and shall publish the same in a newspaper of general circulation within the school district for at least three (3) consecutive weeks. After having given

notice of publication and recording the same upon the minutes of the municipal governing authority, the new district lines shall be effective.

(b) On the first Tuesday after the first Monday in November 2017, and every four (4) years thereafter, an election shall be held in the municipal separate school district for local school board members from trustee election districts 1, 3 and 5 in the same manner and at the same time as the general municipal election is held and conducted, for the purpose of electing the board of trustees of the municipal separate school district. All members of the board of trustees elected pursuant to this paragraph (b) shall take office on the first Monday of January immediately following the date of their election. However, in order to provide for an orderly transition, the term of each member of the board of trustees serving on July 1, 2017, which otherwise would expire after the first Monday in July 2018, shall expire on the first Monday of January 2018. If no individual qualifies for the elective office of school district trustee, the trustee for that specific trustee district shall be filled by appointment of the municipal governing authority; however, the person so appointed to fill the vacancy may serve only until the first Monday in January 2019, at which time the trustee elected pursuant to this subsection shall take office for the remainder of the unexpired initial term.

From and after January 1, 2018, any vacancy on the board of trustees shall be filled by appointment by the remaining members of the board of trustees within sixty (60) days after the vacancy occurs. The appointee must be selected from the qualified electors of the trustee election district in which the vacancy occurs. The appointee shall serve until the first Monday of January succeeding the next general municipal election, at which election a member from that trustee election district shall be elected for a full term.

(c) On the first Tuesday after the first Monday in November 2018, and every four (4) years thereafter, an election shall be held in the municipal separate school district for local school board members from trustee election districts 2 and 4 in the same manner and at the same time as the Congressional mid-term election is held and conducted, for the purpose of electing the board of trustees of the municipal separate school district. All members of the board of trustees elected pursuant to this paragraph (c) shall take office on the first Monday of January immediately following the date of their election. However, in order to provide for an orderly transition, the term of each member of the board of trustees serving on July 1, 2018, which otherwise would expire after the first Monday in July 2018, shall expire on the first Monday of January 2019. If no individual qualifies for the elective office of school district trustee, the trustee for that specific trustee district shall be filled by appointment of the municipal governing authority; however, the person so appointed to fill the vacancy may serve only until the first Monday in January 2020, at which time the trustee elected pursuant to this subsection shall take office for the remainder of the unexpired initial term.

From and after July 1, 2020, any vacancy on the board of trustees shall be filled by appointment by the remaining members of the board of trustees within sixty (60) days after the vacancy occurs. The appointee must be selected from the qualified electors of the trustee election district in which the vacancy occurs. The appointee shall serve until the first Monday of July succeeding the next general municipal election, at which election a member from that trustee election district shall be elected for a full term.

(5) (a) Beginning in 2024, in any municipal separate school district in which Interstate Highway 20 and Mississippi Highway 15 intersect, the board of trustees of the municipal separate school district shall consist of five (5) members, each to be elected for a term of four (4) years in the manner provided in this subsection. Within forty-five (45) days after July 1, 2024, the municipal governing authority shall apportion the municipal separate school district, including any added territory outside the corporate limits, into five (5) special trustee election districts as nearly equal as possible according to population, incumbency and other factors pronounced by the courts before January 1, 2024. The municipal governing authority shall place upon its minutes the boundaries determined for the new five (5) trustee election districts and shall publish the same in a newspaper of general circulation within the school district for at least three (3) consecutive weeks. After having given notice of publication and recording the same upon the minutes of the municipal governing authority, the new district lines shall be

effective. Candidates for such positions shall file the intent to be a candidate not later than 5:00 p.m. on September 1, 2024, and shall qualify as otherwise provided by law.

(b) On the first Tuesday after the first Monday in November 2024, an election shall be held in the municipal separate school district for local school board members in the same manner and at the same time as the presidential election is held and conducted, for the purpose of electing the board of trustees of the municipal separate school district. All members of the board of trustees elected pursuant to this paragraph (b) shall take office on the first Monday of January immediately following the date of their election, and may serve until the first Monday in January 2028, at which time the trustee elected pursuant to paragraph (c) of this subsection shall take office. If no individual qualifies for the elective office of school district trustee, the trustee for that specific trustee district shall be filled by appointment of the municipal governing authority; however, the person so appointed to fill the vacancy may serve only until the first Monday in January 2028, at which time the trustee elected pursuant to paragraph (c) of this subsection shall take office.

From and after January 1, 2028, any vacancy on the board of trustees shall be filled by appointment by the remaining members of the board of trustees within sixty (60) days after the vacancy occurs. The appointee must be selected from the qualified electors of the trustee election district in which the vacancy occurs. The appointee shall serve until the first Monday of January succeeding the next general election, at which election a member from that trustee election district shall be elected for the remainder of the unexpired term.

(c) On the first Tuesday after the first Monday in November 2027, and every four (4) years thereafter, an election shall be held in the municipal separate school district for local school board members in the same manner and at the same time as the general elections are held and conducted in accordance with Section 23-15-193, for the purpose of electing the board of trustees of the municipal separate school district. All members of the board of trustees elected pursuant to this paragraph (c) shall take office on the first Monday of January immediately following the date of their election.

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

SECTION 3. Of the funds appropriated under the provisions of this act, the following positions are authorized:

AUTHORIZED HEADCOUNT:

Permanent: 155

Time-Limited: 10

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2026 do not exceed Fiscal Year 2025 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2025 budget by the Mississippi Legislature. The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2025 that may be utilized to fill vacant Fiscal Year 2024 headcount. It shall be the agency's responsibility to ensure that the funds provided for vacancies are used to increase headcount and not for promotions, title changes, in-range salary adjustments or any other mechanism for increasing salaries for current employees. Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2025 do not exceed the data provided by the Legislative Budget Office. If the agency's Fiscal Year 2025 projected cost exceeds the annualized costs, no salary actions shall be processed by the State Personnel Board except for new hires determined to be essential for the agency.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. It is the intention of the Legislature that the Department of Archives and History shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2024. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2026 shall be submitted to the Joint Legislative Budget Committee in a format and level of

detail comparable to the format and level of detail provided during the Fiscal Year 2025 budget request process.

SECTION 5. It is the intent of the Legislature that the Mississippi Department of Archives and History shall charge the maximum amount allowable for services rendered, consistent with the cost of providing such services. The funds derived from these charges shall be deposited into a special fund account in the State Treasury to the credit of the Mississippi Department of Archives and History.

SECTION 6. It is the intent of the Legislature that no part of the funds herein appropriated shall be required to be used for the payment of rent for the museum and public space in the State Historical Museum, Old Capitol Restoration.

The expenditure of funds available in this section shall be subject to prior approval by the Department of Archives and History.

SECTION 9. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 10. In addition to all other sums herein appropriated, the following sum, or so much thereof as may be necessary, is appropriated out of any money in the State General Fund not otherwise appropriated, to the Department of Archives and History for the purpose of supporting the Statewide Oral History Project for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 50,000.00.

SECTION 11. It is the intention of the Legislature that the funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

As a condition of expending these funds, the department shall enter into a memorandum of agreement or similar document with the U.S. Government National Park Services reflecting a plan for building an interpretive center and a lease agreement for lease space therein.

SECTION 14. Of the funds appropriated under the provisions of Section 2, One Million Dollars (\$1,000,000.00), or so much thereof, shall be derived out of any money in the State Treasury to the credit of the Capital Expense Fund, as created in Section 27-103-303, Mississippi Code of 1972, and allocated in a manner as determined by the Treasurer's Office. The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2025 that may be utilized to fill vacant Fiscal Year 2024 headcount. Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The following sum, or so much thereof as may be necessary, is appropriated out of any money in the State Treasury to the credit of the State Department of Agriculture and Commerce's special fund account to the State Department of Agriculture and Commerce for the purposes of defraying the costs of prizes, premiums, judges and other actual and necessary costs of putting on the Dixie National Livestock Show at the State Fairgrounds in Jackson, Mississippi, for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 1,200,000.00.

SECTION 2. The following sums, or so much thereof as may be necessary, are appropriated out of any money in the State General Fund, not otherwise appropriated, to the State Department of Agriculture and Commerce as follows:

(a) For the support of annual roundup shows for junior exhibitors of junior steers, junior breeding cattle, beef cattle, dairy cattle, hogs, sheep and goats, for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 64,890.00.

(b) To supplement the funds paid by the State Department of Agriculture and Commerce for livestock premiums at the State Fair, all livestock premiums to be paid on the American system of judging (1st, 2nd, 3rd, 4th, etc.) on all classes entered in the senior division for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 22,000.00.

(c) For the county livestock shows in offering and paying prizes or awards to competitors in the approved county livestock shows of Mississippi, for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 15,000.00.

Provided, however, that of the amount herein appropriated in paragraph (c) of this section, not more than One Thousand Dollars (\$1,000.00) shall be expended or used in any one (1) county of the state during each fiscal year. Provided, further, that none of the monies herein appropriated in paragraph (c) of this section shall be used in offering or paying prizes or awards for any livestock show that is not held where there are adequate barns, pens and other facilities available for such a show.

Provided, further, in paragraph (c) of this section that the management of such shows shall be in the hands of a county livestock association, and such association shall guarantee a minimum amount of Five Hundred Dollars (\$500.00) to be used in the paying of prizes, premiums or awards, and after said county show has been held and premiums paid, fifty percent (50%) of the amount, not exceeding One Thousand Dollars (\$1,000.00), shall be paid upon requisition to the State Department of Agriculture and Commerce.

Provided, further, in paragraph (c) of this section that in any county which has two (2) shows with proper facilities, and a contiguous county has no such fair and desires to participate in a fair to be held in an adjoining county, each of the two (2) fairs in one (1) county may receive an equal proportion of the funds hereby appropriated, provided, both shows shall not receive an aggregate sum of more than One Thousand Dollars (\$1,000.00).

(d) For the purpose of offering awards and prizes to competitors in the five (5) district livestock shows, for the fiscal year beginning July 1, 2024, and ending June 30, 2025

\$ 65,000.00.

(e) For the purpose of offering awards and prizes to competitors in the five (5) state dairy shows as provided in Section 69-5-101 et seq., Mississippi Code of 1972, for the fiscal year beginning July 1, 2024, and ending June 30, 2025

\$ 8,500.00.

Provided, further, that no part of the money herein appropriated under the provisions of paragraphs (d) and (e) of this section shall be used for any other purpose than to pay premium awards at said shows and state shows and expositions receiving legislative appropriation shall not conflict in dates in order that livestock exhibitors may make the circuit of shows. Provided, further, that none of the above-mentioned funds shall be paid to any district shows unless shows are held prior to roundup.

Not less than seventy-five percent (75%) of the funds herein appropriated under the provisions of paragraphs (d) and (e) of this section shall be used in awarding prizes or premiums to 4-H Club members and Smith-Hughes School members and other boys and girls having entries in said shows.

All funds herein appropriated under the provisions of paragraphs (d) and (e) of this section for the five (5) district livestock shows and the five (5) fall state dairy shows shall be distributed in such manner that the livestock exhibitors will each draw equal premium awards for comparable grades and placings at each of the said five (5) district spring shows and the five (5) fall state shows. The management of each district spring show and each state fall show shall submit to the State Department of Agriculture and Commerce, within fifteen (15) days after the close of each said show, a full report on the number of exhibitors at each said show, with the grades and placings of the different classes of livestock exhibited.

The State Commissioner of Agriculture and Commerce, together with a committee of three (3) to be named by the President of the Mississippi Livestock Council from that organization, shall summarize and prepare a unified list of awards for like classes in all spring district livestock shows and fall state dairy shows receiving state premium money, as authorized in paragraphs (d) and (e) of this section. The State Commissioner of Agriculture and Commerce shall approve and present a requisition to the State Fiscal Officer for the payment of the amount of funds in paragraphs (d) and (e) of this section due each show and said State Fiscal Officer shall issue his warrant thereon, and it shall be paid by the State Treasurer.

Provided, however, as a condition of expenditure of the funds appropriated in paragraphs (d) and (e) of this section, that the board of directors of any district livestock show may, in its discretion, choose to hold its show in the fall instead of the spring. If district shows are held in both spring and fall, then all funds herein appropriated for the five (5) district livestock shows shall be distributed in such a manner that the spring livestock exhibitors will each draw equal premium awards for comparable grades and placings at each district spring show, and the fall livestock exhibitors will each draw equal premium awards for comparable grades and placings at each district fall show.

2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. The following sum, or so much thereof as may be necessary, is hereby appropriated out of any money in the State General Fund not otherwise appropriated, for the purpose of defraying the expenses and paying salaries of the State Veterans Affairs Board for the fiscal year beginning July 1, 2024, and ending June 30, 2025

SECTION 2. The following sum, or so much thereof as may be necessary, is hereby appropriated out of any money in the special fund in the State Treasury to the credit of the State Veterans Affairs Board which is comprised of special source funds collected by or otherwise available to the board, for the support and maintenance of said board for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 5,688,035.00.

SECTION 3. Of the funds appropriated under the provisions of Section 1 of this act and authorized for expenditure under the provisions of Section 2 of this act, the following positions are authorized:

AUTHORIZED HEADCOUNT:

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2026 do not exceed Fiscal Year 2025 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2025 budget by the Mississippi Legislature. Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2025 do not exceed the data provided by the Legislative Budget Office. If the agency's Fiscal Year 2025 projected cost exceeds the annualized costs, no salary actions shall be processed by the State Personnel Board except for new hires determined to be essential for the agency.

The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 4. In addition to all other sums herein appropriated, the following sum, or so much thereof as may be necessary, is hereby appropriated out of any money in the State General Fund not otherwise appropriated, for the purpose of defraying the operating expenses and paying salaries of the Mississippi State Veterans Homes as established in Section 35-1-19 for the fiscal year beginning July 1, 2024, and ending June 30, 2025 \$ 6,357,359.00.

SECTION 5. In addition to all other sums herein appropriated, the following sum, or so much thereof as may be necessary, is hereby appropriated out of any money in the special fund in the State Treasury to the credit of the State Veterans Affairs Board, which is comprised of special source funds collected by or otherwise available to the board, for the purpose of defraying the expenses and paying salaries of the Mississippi State Veterans Homes as established in Section 35-1-19 for the fiscal year beginning July 1, 2024, and ending June 30, 2025

\$ 74,231,360.00.

SECTION 6. Of the funds appropriated under the provisions of Section 4 of this act and authorized for expenditure under the provision of Section 5 of this act, the following positions are authorized:

AUTHORIZED HEADCOUNT:

Permanent: 308

Time Limited: 389

Any transfers or escalations shall be made in accordance with the terms, conditions, and procedures established by law.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 7. It is the intention of the Legislature that the Executive Director of the State Veterans Affairs Board has the authority to transfer spending authority between and within the budgets of the State Veterans Affairs Board and the Mississippi State Veterans Homes, in an amount not to exceed twenty-five percent (25%) of the authorized budgets in the aggregate. The purpose of this authority is to use available cash reserves more efficiently. It is further the intention of the Legislature that the State Veterans Affairs Board shall submit written justification for the transfer to the Legislative Budget Office and the Department of Finance and Administration on or before the fifteenth of the month prior to the effective date of the transfer.

SECTION 8. Of the funds appropriated under the provisions of Sections 1 and 2 of this act, funds in the amount of Two Hundred Fifty Thousand Dollars (\$250,000.00) are provided to defray the cost of providing care to indigent/low-income Mississippi veterans and the nonveteran surviving spouses of Mississippi veterans if the surviving spouse was a resident of a state veterans home at the time of the veteran's death and who, subsequent to the veteran's death, meets the indigent/low-income criteria established by the State Veterans Affairs Board in the state veterans homes. It is the intention of the Legislature that the provision pertaining to use of indigent/low-income surviving spouses be retroactive for any such period, prior to the effective date of this act, that a current surviving spouse may have met the criteria. This section and its provisions shall be known and cited as the "Hilton R. 'Jack' Vance Act of 1997."

SECTION 9. The State Veterans Affairs Board shall have continued authority for all actions related to the planning, development, construction, and outfitting of the Mississippi Veterans Memorial Cemeteries, pursuant to Section 35-1-41.

SECTION 10. 2024. It is further the intention of the Legislature that the budget request for Fiscal Year 2026 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2025 budget request process.

SECTION 11. It is the intention of the Legislature that the State Veterans Affairs Board and the Mississippi State Veterans Homes are hereby authorized to escalate, budget and expend funds from fund number 3373200000, in an amount not to exceed Five Million Dollars (\$5,000,000.00), for the purpose of operating the state veterans homes as authorized by law, in accordance with rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

SECTION 12. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 13. The following sum, or so much thereof as may be necessary, is reappropriated out of any money in the Capital Expense Fund not otherwise appropriated for the Mississippi State Veterans Affairs Board for the purpose of reauthorizing the expenditure of Capital Expense Funds, as authorized in SB 3018, 2023 Regular Session, to defray operational expenses related to stand-up operating costs at the Tradition State Veterans Home for the fiscal year beginning July 1, 2024, and ending

June 30, 2025 \$ 3,200,000.00.

Notwithstanding the amount reappropriated under this section, the amount that may be expended under the authority of this section, shall not exceed the unexpended balance of the funds remaining as of June 30, 2024, from the amount authorized for the previous fiscal year. In addition, this reappropriation shall not change the purpose for which the funds were originally authorized.

SECTION 14. Of the funds appropriated under the provisions of Section 2, Two Million Five Hundred Thousand Dollars (\$2,500,000.00), or so much thereof, shall be derived out of any money in the State Treasury to the credit of the Capital Expense Fund, as created in Section 27-103-303, Mississippi Code of 1972, and allocated in a manner as determined by the Treasurer's Office.

It is the intention of the Legislature, with the funds appropriated in this section, to fund the construction of a new Veteran's Home in Rankin County to replace the Jackson Home and fund this move over three years.

The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers in the manner provided by law.

SECTION 16. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2026 do not exceed Fiscal Year 2025 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2025 budget by the Mississippi Legislature. The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2025 that may be utilized to fill vacant Fiscal Year 2024 headcount. It shall be the agency's responsibility to ensure that the funds provided for vacancies are used to increase headcount and not for promotions, title changes, in-range salary adjustments or any other mechanism for increasing salaries for current employees. It is the Legislature's intention that no employee salary falls below the minimum salary established by the Mississippi State Personnel Board.

Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2025 do not exceed the data provided by the Legislative Budget Office. If the agency's Fiscal Year 2025 projected cost exceeds the annualized costs, no salary actions shall be processed by the State Personnel Board except for new hires determined to be essential for the agency.

Any transfers or escalations shall be made in accordance with the terms, conditions, and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 3. It is the intention of the Legislature that the Board of Trustees of the Public Employees' Retirement System shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2024. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2026 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2025 budget request process.

SECTION 4. In accordance with the purposes of this article, there shall be established in the State Treasury the Public Employees' Retirement System Building Repair and Maintenance Fund, into which shall be deposited all funds collected as rental income from the building owned by the system located at 301 North President Street, Jackson, Mississippi. At the end of each fiscal year, any and all unexpended funds shall be transferred to the Administrative Budget Fund of the system.

SECTION 5. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 6. Of the funds appropriated in Section 1, no more than Three Million Five Hundred Thirty-eight Thousand Dollars (\$3,538,000.00) is provided for the purpose of defraying those expenses associated with maintaining, upgrading and operating the computer system.

SECTION 7. As a condition of expending the funds appropriated in Section 1 of this act, the Board of Trustees of the Public Employees' Retirement System shall:

a. Purchase equipment to live webcast board and committee meetings; and
b. Live webcast and record all board and committee meetings, excluding any executive sessions of the board under the provision of the Mississippi Open Meetings Act. Archived footage or a weblink to the archived footage shall be posted on the agency website within Forty-eight (48) hours of the date and time the meeting was held.
SECTION 8. The Public Employees' Retirement System is further authorized, in its discretion, to expend funds for the purchase of service pins for employees of the Public Employees' Retirement System.

SECTION 9. Of the funds appropriated in Section 1, no more than Three Hundred Thousand Dollars (\$300,000.00) is provided, only for the explicit purpose of building maintenance and repair.

SECTION 10. It is the intention of the Legislature that the funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

SECTION 11. The money herein appropriated shall be paid by the State Treasurer out of any money in the State Treasury to the credit of the proper fund or funds as set forth in this act, upon warrants issued by the State Fiscal Officer; and the State Fiscal Officer shall issue his warrants upon requisitions signed by the proper person, officer or officers, in the manner provided by law.

SECTION 12. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required for Personal Services for Fiscal Year 2026 do not exceed Fiscal Year 2025 funds appropriated for that purpose unless programs or positions are added to the agency's Fiscal Year 2025 budget by the Mississippi Legislature. The Legislature shall determine the agency's personal services appropriation, which the State Personnel Board shall publish. The agency's personal services appropriation may consist of restricted funds for approved vacancies for Fiscal Year 2025 that may be utilized to fill vacant Fiscal Year 2024 headcount. It shall be the agency's responsibility to ensure that the funds provided for vacancies are used to increase headcount and not for promotions, title changes, in-range salary adjustments or any other mechanism for increasing salaries for current employees. It is the

Legislature's intention that no employee salary falls below the minimum salary established by the Mississippi State Personnel Board.

Additionally, the State Personnel Board shall determine and publish the projected annualized payroll costs based on current employees. It shall be the responsibility of the agency head to ensure that actual personnel expenditures for Fiscal Year 2025 do not exceed the data provided by the Legislative Budget Office. If the agency's Fiscal Year 2025 projected cost exceeds the annualized costs, no salary actions shall be processed by the State Personnel Board except for new hires determined to be essential for the agency.

The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. None of the funds herein appropriated shall be used in violation of the Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 5. The funds herein appropriated shall be expended in compliance with Section 27-104-25, Mississippi Code of 1972, that no state agency shall incur obligations or indebtedness in excess of their appropriation and that the responsible officers, either personally or upon their official bonds, shall be held responsible for actions contrary to this provision.

SECTION 6. The Veterans' Home Purchase Board is hereby authorized to escalate, budget and expend funds from any source, not to exceed Ten Million Dollars (\$10,000,000.00), for the purpose of making new home loans as authorized by law, in accordance with rules and regulations of the Department of Finance and Administration in a manner consistent with the escalation of federal funds.

(5) If any person shall engage or continue in any business which is taxable under this section without having paid the tax as provided in this section, the person shall be liable for the full amount of the tax plus a penalty thereon equal to the amount thereof, and, in addition, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00), or by imprisonment in the county jail for a term of not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court.

The proceeds of the markup shall be collected by the division from each purchaser at the time of purchase.

(b) Until June 30, 1987, the revenue derived from this three percent (3%) markup shall be deposited by the division in the State Treasury to the credit of the "Alcoholism Treatment and Rehabilitation Fund," a special fund which is hereby created in the State Treasury, and shall be used by the Division of Alcohol and Drug Abuse of the State Department of Mental Health and public or private centers or organizations solely for funding of treatment and rehabilitation programs for alcoholics and alcohol abusers which are sponsored by the division or public or private centers or organizations in such amounts as the Legislature may appropriate to the division for use by the division or public or private centers or organizations for such programs. Any tax revenue in the fund which is not encumbered at the end of the fiscal year shall lapse to the General Fund. It is the intent of the Legislature that the State Department of Mental Health shall continue to seek funds from other sources and shall use the funds appropriated for the purposes of this section and Section 27-71-29 to match all federal funds which may be available for alcoholism treatment and rehabilitation.

From and after July 1, 1987, the revenue derived from this three percent (3%) markup shall be deposited by the division in the State Treasury to the credit of the "Mental Health Programs Fund," a special fund which is hereby created in the State Treasury and shall be used by the State Department of Mental Health for the service programs of the department. Any revenue in the "Alcoholism Treatment and Rehabilitation Fund" which is not encumbered at the end of Fiscal Year 1987 shall be deposited to the credit of the "Mental Health Programs Fund."

The holder of a direct shipper's permit shall file a monthly report with the department along with a copy of the invoice for each sale and shipment of wine and remit any taxes due; however, no report shall be required for months in which no sales or shipments were made into this state. The report, together with copies of the invoices and the payment of all taxes, shall be filed with the department not later than the twentieth day of the month following the month in which the shipment was made. Permittees who fail to timely file and pay taxes as required by this subsection shall pay a late fee in the amount of Five Hundred Dollars (\$500.00), and the department shall suspend the direct shipper's permit until all outstanding taxes are paid in full, for a first offense. Upon a second offense, the department shall revoke the direct shipper's permit.

Such seal shall remain unbroken until the vehicle shall reach the place of business operated by the permittee. The operator of any vehicle transporting alcoholic beverages shall have in his possession an invoice issued by the *** department at the time of the wholesale sale covering the merchandise transported by the vehicle. The *** department is authorized to issue regulations controlling the transportation of alcoholic beverages.

When the restrictions imposed by this section and by the regulation of the *** department have not been violated, the person transporting alcoholic beverages through a county wherein the sale of alcoholic beverages is prohibited shall not be guilty of unlawful possession and such merchandise shall be immune from seizure.

SECTION 17. Section 27-71-29, Mississippi Code of 1972, is amended as follows:

Any funds derived from the sale of alcoholic beverages in excess of inventory requirements shall be paid not less often than annually into the General Fund, except for a portion of the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11, as specified in subsection (2) of this section, and except for fees charged by the department for the defraying of costs associated with shipping alcoholic beverages. The revenue derived from these fees shall be deposited by the department into a special fund, hereby created in the State Treasury, which is designated the "ABC Shipping Fund." The monies in this special fund shall be earmarked for use by the department for any expenditure made to ship alcoholic beverages. Any net proceeds remaining in the special fund on August 1 of any fiscal year shall lapse into the General Fund. "Net proceeds" in this section means the total of all fees collected by the department to defray the costs of shipping less the actual costs of shipping.

(2) If the special bond sinking fund created in Section 7(3) of Chapter 483, Laws of 2022 has a balance below the minimum amount specified in the resolution providing for the issuance of the bonds, or below one and one-half (1-1/2) times the amount needed to pay the annual debt obligations related to the bonds issued under Section 7 of Chapter 483, Laws of 2022, whichever is the lesser amount, the Commissioner of Revenue shall transfer the deficit amount to the bond sinking fund from revenue derived from the twenty-seven and one-half percent (27-1/2%) markup provided for in Section 27-71-11.

(3) All taxes levied under Section 27-71-7(3) and received by the department under this article shall be paid into the General Fund, except for an amount equivalent to the three percent (3%) levied under Section 27-71-7(2), which shall be paid into the special fund in the State Treasury designated as the "Mental Health Programs Fund" as required by law.

SECTION 18. Section 67-1-41, Mississippi Code of 1972, is amended as follows:

67-1-41. (1) The department is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the right to import and sell alcoholic beverages at wholesale within the state, and no person who is granted the right to sell, distribute or receive alcoholic beverages at retail shall purchase any alcoholic beverages from any source other than the department, except as authorized in subsections (4), (9) and (12) of this section and Sections 1 through 12 of this act. The department may establish warehouses, and the department may purchase alcoholic beverages in such quantities and from such sources as it may deem desirable and sell the alcoholic beverages to authorized permittees within the state including, at the discretion of the department, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this article.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this article, or as otherwise provided by law for native wines or native spirits.

(3) No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this article, or as otherwise provided by law for native wines or native spirits.

(4) The department may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The department shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department.

(5) The department may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The department shall maintain all forms to be completed by applicants necessary for licensure by the department at all district offices of the department.

(7) The department may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's permits, on-premises retailer's permits, native wine or native spirit retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the department. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The department may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The department may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the department. The department shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the department within a period of time prescribed by the department. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

(10) The department may promulgate rules facilitating a retailer's on-site pickup of alcoholic beverages sold by the department or as authorized by the department, including, but not limited to, native wines and native spirits, so that those alcoholic beverages may be delivered to the retailer at the manufacturer's location instead of via shipment from the department's warehouse.

(11) [Through June 30, 2026] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit or a festival wine permit.

(11) [From and after July 1, 2026] This section shall not apply to alcoholic beverages authorized to be sold by the holder of a distillery retailer's permit.

No credit shall be provided to the permittee for any taxes paid to another state as a result of the transaction. Package retailers may charge a service fee for receiving and handling shipments from wineries on behalf of the purchasers. (c) Shipments of wine into this state under this section shall be made by a duly licensed carrier. It shall be the duty of every common or contract carrier, and of every firm or corporation that shall bring, carry or transport wine from outside the state for delivery inside the state to package retailer permittees on behalf of consumers, to prepare and file with the department, on a schedule as determined by the department, of known wine shipments containing the name of the common or contract carrier, firm or corporation making the report, the period of time covered by said report, the name and permit number of the winery, the name and permit number of the package retailer permittee receiving such wine, the weight of the package delivered to each package retailer permittee, a unique tracking number, and the date of delivery. Reports received by the department shall be made available by the department to the public via the Mississippi Public Records Act process in the same manner as other state alcohol filings.

Upon the department's request, any records supporting the report shall be made available to the department within a reasonable time after the department makes a written request for such records. Any records containing information relating to such reports shall be kept and preserved for a period of two (2) years, unless their destruction sooner is authorized, in writing, by the department, and shall be open and available to inspection by the department upon the department's written request. Reports shall also be made available to any law enforcement or regulatory body in the state in which the railroad company, express company, common or contract carrier making the report resides or does business.

Any common or contract carrier that willfully fails to make reports, as provided by this section or any of the rules and regulations of the department for the administration and enforcement of this section, is subject to a notification of violation. Except for managers employed by the holder of a direct shipper's permit, all managers must be approved by the department prior to completing any managerial tasks on behalf of the permittee and must possess all of the qualifications required of a permittee; however, a felony conviction, other than a crime of violence, does not automatically disqualify a person from being approved as a manager if the person was released from incarceration at least three (3) years prior to application for approval as a manager. A felony conviction, other than a crime of violence, may be considered by the department in determining whether all other qualifications are met.

(c) That the applicant for a package retailer's permit, if an individual, is a resident of the State of Mississippi. If the applicant is a partnership, each member of the partnership must be a resident of the state. If the applicant is a limited liability company, each member of the limited liability company must be a resident of the state. (g) That the applicant is not in the habit of using alcoholic beverages to excess and is not physically or mentally incapacitated, and that the applicant has the ability to read and write the English language.

(h) That the * * * department does not believe and has no reason to believe that the applicant will sell or knowingly permit any agent, servant or employee to unlawfully sell liquor in a dry area or in any other manner contrary to law.

(i) That the applicant is not residentially domiciled with any person whose permit or license has been cancelled for cause within the twelve (12) months next preceding the date of the present application for a permit.

(j) That the * * * department has not, in the exercise of its discretion which is reserved and preserved to it, refused to grant permits under the restrictions of this section, as well as under any other pertinent provision of this article.

(k) That there are not sufficient legal reasons to deny a permit on the ground that the premises for which the permit is sought has previously been operated, used or frequented for any purpose or in any manner that is lewd, immoral or offensive to public decency. In the granting or withholding of any permit to sell alcoholic beverages at retail, the * * * department in forming its conclusions may give consideration to any recommendations made in writing by the district or county attorney or county, circuit or chancery judge of the county, or the sheriff of the county, or the mayor or chief of police of an incorporated city or town wherein the applicant proposes to conduct his business and to any recommendations made by representatives of the * * * department.

(l) That the applicant and the applicant's key employees, as determined by the * * * department, do not have a disqualifying criminal record. In order

to obtain a criminal record history check, the applicant shall submit to the commission a set of fingerprints from any local law enforcement agency for each person for whom the records check is required. The * * * department shall forward the fingerprints to the Mississippi Department of Public Safety. If no disqualifying record is identified at the state level, the Department of Public Safety shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history record check. Costs for processing the set or sets of fingerprints shall be borne by the applicant. The department may waive the fingerprint requirement in the case of an applicant for a direct shipper's permit. The * * * department shall not deny employment to an employee of the applicant prior to the identification of a disqualifying record or other disqualifying information.

SECTION 24. Section 67-1-73, Mississippi Code of 1972, is amended as follows:

67-1-73. (1) Except as otherwise provided in subsection (3) of this section, every manufacturer, including native wine or native spirit producers, within or without the state, and every other shipper of alcoholic beverages who sells any alcoholic beverage, including native wine or native spirit, within the state, shall, at the time of making such sale, file with the department a copy of the invoice of such sale showing in detail the kind of alcoholic beverage sold, the quantities of each, the size of the container and the weight of the contents, the alcoholic content, and the name and address of the person to whom sold.

(2) Except as otherwise provided in subsection (3) of this section, every person transporting alcoholic beverages, including native wine or native spirit, within this state to a point within this state, whether such transportation originates within or without this state, shall, within five (5) days after delivery of such shipment, furnish the department a copy of the bill of lading or receipt, showing the name or consignor or consignee, date, place received, destination, and quantity of alcoholic beverages delivered. SECTION 26. Section 97-31-49, Mississippi Code of 1972, is amended as follows:

97-31-49. Except as otherwise provided in Sections 1 through 12 of this act, it shall be unlawful for any person, firm or corporation in this state, in person, by letter, circular, or other printed or written matter, or in any other manner, to solicit or take order in this state for any liquors, bitters or drinks prohibited by the laws of this state to be sold, bartered, or otherwise disposed of. The inhibition of this section shall apply to such liquors, bitters and drinks, whether the parties intend that the same shall be shipped into this state from outside of the state, or from one (1) point in this state to another point in this state. If such order be in writing, parol evidence thereof is admissible without producing or accounting for the absence of the original; and the taking or soliciting of such orders is within the inhibition of this section, although the orders are subject to approval by some other person, and no part of the price is paid, nor any part of the goods is delivered when the order is taken.

SECTION 27. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AUTHORIZE A PERSON WHO IS THE HOLDER OF A CLASS 2 MANUFACTURER'S PERMIT UNDER THE LOCAL OPTION ALCOHOLIC BEVERAGE CONTROL LAW, OR WHO IS LICENSED OR PERMITTED OUTSIDE OF THE STATE TO ENGAGE IN THE ACTIVITY OF MANUFACTURING WINE TO SELL AND SHIP WINE DIRECTLY TO RESIDENTS IN THIS STATE, IF THE PERSON OBTAINS A DIRECT SHIPPER'S PERMIT FROM THE DEPARTMENT OF REVENUE; TO PROVIDE FOR THE ISSUANCE OF DIRECT SHIPPER'S PERMITS AND THE ISSUANCE OF WINE FULFILLMENT PROVIDER PERMITS; TO REQUIRE THE HOLDER OF A DIRECT SHIPPER'S PERMIT TO KEEP CERTAIN RECORDS; TO REQUIRE THE HOLDER OF A WINE FULFILLMENT PROVIDER PERMIT TO KEEP CERTAIN RECORDS; TO PROHIBIT THE HOLDER OF A DIRECT SHIPPER'S PERMIT FROM SELLING OR SHIPPING LIGHT WINE, LIGHT SPIRIT PRODUCTS OR BEER OR ANY ALCOHOLIC BEVERAGE OTHER THAN WINE; TO LIMIT THE AMOUNT OF WINE THAT A HOLDER OF A DIRECT SHIPPER'S PERMIT MAY SELL OR SHIP TO AN INDIVIDUAL EACH YEAR; TO PROVIDE FOR THE ANNUAL RENEWAL OF DIRECT SHIPPER'S PERMITS; TO PROVIDE THAT PERSONS PURCHASING OR RECEIVING A DIRECT SHIPMENT OF WINE FROM A DIRECT SHIPPER MUST BE AT LEAST TWENTY-ONE YEARS OF AGE; TO PROVIDE THAT PERSONS RECEIVING A DIRECT SHIPMENT OF WINE FROM A DIRECT SHIPPER SHALL USE THE WINE FOR PERSONAL USE ONLY AND MAY NOT RESELL IT; TO IMPOSE CERTAIN REQUIREMENTS RELATING THE SHIPMENT OF WINE INTO THIS STATE; TO AUTHORIZE THE COMMISSIONER OF REVENUE TO ADOPT ANY RULES OR REGULATIONS AS NECESSARY TO CARRY OUT THIS ACT; TO PROVIDE PENALTIES FOR VIOLATIONS OF THIS ACT; TO AMEND SECTIONS 27-71-5, AS AMENDED BY SENATE BILL NO. 2567, 2024 REGULAR SESSION, 27-71-7, 27-71-15 AND 27-71-29, MISSISSIPPI CODE OF 1972, TO PROVIDE THE PRIVILEGE TAX REQUIRED FOR THE ISSUANCE OF A DIRECT SHIPPER'S PERMIT AND FOR THE PRIVILEGE TAX REQUIRED FOR THE ISSUANCE OF A WINE FULFILLMENT PROVIDER PERMIT; TO LEVY A TAX UPON THE SALES AND SHIPMENTS OF WINE MADE BY A DIRECT SHIPPER; TO REQUIRE A CERTAIN AMOUNT OF THE TAXES LEVIED TO BE DEPOSITED INTO THE MENTAL HEALTH PROGRAMS FUND; TO AMEND SECTIONS 67-1-41, 67-1-45, 67-1-51, AS AMENDED BY HOUSE BILL NO. 1525, 2024 REGULAR SESSION, AND SENATE BILL NO. 2567, 2024 REGULAR SESSION, 67-1-53, 67-1-55, 67-1-57, 67-1-73, 97-31-47 AND 97-31-49, MISSISSIPPI CODE OF 1972, IN CONFORMITY TO THE PROVISIONS OF THIS ACT; AND FOR RELATED PURPOSES.

(b) "Department" means the Mississippi Department of Public Safety unless otherwise specified.

(c) "Jurisdiction" means any court or locality including any state court, federal court, military court, Indian tribunal or foreign court, the fifty (50) states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Northern Marianna Islands or the United States Virgin Islands, and Indian tribes that elect to function as registration jurisdictions under Title 1, SORNA Section 127 of the Adam Walsh Child Safety Act.

(g) "Responsible agency" is defined as the person or government entity whose duty it is to obtain information from a criminal sex offender upon conviction and to transmit that information to the Mississippi Department of Public Safety.

(iii) The person established the subject residence before July 1, 2006.

(iv) The school or child care facility is established within three thousand (3,000) feet of the person's residence subsequent to the date the person established residency.

(v) The person established the subject residence between July 1, 2006, and January 1, 2014, in a location at least one thousand five hundred (1,500) feet from the school or child care facility.

(vi) The person is a minor or a ward under a guardianship.

(c) A person residing within three thousand (3,000) feet of the real property comprising a residential child-caring agency, a children's group care home or any playground, ballpark or other recreational facility utilized by persons under the age of eighteen (18) years does not commit a violation of this subsection if any of the following apply:

(i) The person established the subject residence before July 1, 2008.

(ii) The residential child-caring agency, children's group care home, playground, ballpark or other recreational facility utilized by persons under the age of eighteen (18) years is established within three thousand (3,000) feet of the person's residence subsequent to the date the person established residency.

(iii) The person established the subject residence between July 1, 2008, and January 1, 2014, in a location at least one thousand five hundred (1,500) feet from the residential child-caring agency, children's group care home, playground, ballpark or other recreational facility utilized by persons under the age of eighteen (18) years.

(iv) Any of the conditions described in subsection (4)(b)(i), (ii) or (vi) exist.

(5) The Department of Public Safety is required to obtain the text of the law defining the offense or offenses for which the registration is required.

SECTION 3. (1) As used in this section, the following words and phrases have the meanings ascribed in this subsection unless the context clearly requires otherwise:

(a) "Organ procurement organization PEER review committee," "PEER review committee" or "committee" means a committee of representatives of a not-for-profit organization responsible for recovering organs from donors for transplantation, which organization's federally designated donation service area includes all or a portion of the State of Mississippi. An "organ procurement organization PEER review committee" may be comprised solely of representatives of a state not-for-profit organization or any national not-for-profit entity with which the federal government contracts to serve as the nation's transplant system, or a combination of representatives from both the state organization and entity servicing as the nation's transplant system.

(b) "Proceedings" means all reviews, meetings, conversations and communications of an organ procurement organization PEER review committee.

(c) "Records" means all committee minutes, transcripts, applications, correspondence, incident reports and other documents created, received or reviewed by or for an organ procurement organization PEER review committee.

(2) A not-for-profit organization responsible for recovering organs from donors for transplantation in all or a portion of the state may establish an organ procurement organization PEER review committee. The functions of an organ procurement organization PEER review committee include, but are not limited to: evaluating and improving the quality of services rendered by the state organization; evaluating the competence or practice of employees and staff of the state organization; and determining if services rendered by the organization were professionally performed in compliance with the applicable standard of care.

(3) A person or institution furnishing information, data, reports or records to a PEER review committee may not be held liable for damages to another person by reason of furnishing the information. A member of a PEER review committee may not be held liable for damages to a person for an action taken or recommendation made within the scope of the functions of the committee if the committee or committee member acted without malice and in the reasonable belief that the action or recommendation was warranted by the facts known to the individual at the time of the action or recommendation.

(4) The identity of a person who is an organ donor or organ recipient is confidential and may not be revealed by a PEER review committee or member of the committee.

(5) Notwithstanding any conflicting statute, court rule or other law, in order to encourage PEER review activity, the proceedings and records of an organ procurement organization PEER review committee are confidential and not subject to discovery or introduction into evidence in a civil action arising out of the matters which are the subject of evaluation and review by the committee. A person who was in attendance at a meeting of the PEER review committee may not be permitted or required to testify in a civil action regarding evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions or other actions of the committee or its members. However, information, documents or records otherwise discoverable or admissible from original sources are not to be construed as immune from discovery or use in a civil action merely because they were presented during the proceedings of the committee. A person who testifies before the committee or who is a member of the committee may not be prevented from testifying as to other matters within the person's knowledge; however, a witness may not be questioned concerning the person's participation on or testimony before the committee or opinions formed by the witness as a result of the PEER review committee hearings or proceedings.

(6) The provisions of subsection (5) of this section which limit the discovery of PEER review committee records and proceedings do not apply in a legal action brought by a PEER review committee against an employee of the organization or other

person for alleged wrongdoing or in a legal action brought by an aggrieved employee of the organization or other person against the committee or a member of the committee for actions alleged to have been malicious.

SECTION 4. Section 47-7-47, Mississippi Code of 1972, is amended as follows:

(2) (a) Any circuit court or county court may, upon its own motion, acting upon the advice and consent of the commissioner not earlier than thirty (30) days nor later than *** three (3) years after the defendant has been delivered to the custody of the department, *** incarcerated by order of the court or otherwise sentenced, modify, alter or suspend the further execution of the sentence and place the defendant on earned probation, in an intensive supervision program or any intervention court authorized by law except when a death sentence or life imprisonment is the maximum penalty which may be imposed or if the defendant has been confined two (2) or more times for the conviction of a felony on a previous occasion in any court or courts of the United States and of any state or territories thereof or has been convicted of a felony involving the use of a deadly weapon.

(b) The authority granted in this subsection shall be exercised by the judge who imposed sentence on the defendant, or his successor.

(c) The time limit imposed by paragraph (a) of this subsection is not applicable to those defendants sentenced to the custody of the department prior to April 14, 1977. Persons who are convicted of crimes that carry mandatory sentences shall not be eligible for earned probation.

(3) When any circuit or county court places an offender on earned probation, the court shall give notice to the Mississippi Department of Corrections within fifteen (15) days of the court's decision to place the offender on earned probation. Notice shall be delivered to the central office of the Mississippi Department of Corrections and to the regional office of the department which will be providing supervision to the offender on earned probation.

(4) If the court places any person on probation or earned probation, the court may order the person, as a condition of probation, to a period of confinement and treatment at a private or public agency or institution, either within or without the state, which treats emotional, mental or drug-related problems. Any person who, as a condition of probation, is confined for treatment at an out-of-state facility shall be supervised pursuant to Section 47-7-71, and any person confined at a private agency shall not be confined at public expense. Time served in any such agency or institution may be counted as time required to meet the criteria of subsection (2)(a).

(5) If the court places any person on probation or earned probation, the court may order the person to make appropriate restitution to any victim of his crime or to society through the performance of reasonable work for the benefit of the community.

(6) If the court places any person on probation or earned probation, the court may order the person, as a condition of probation, to submit, as provided in Section 47-5-601, to any type of breath, saliva or urine chemical analysis test, the purpose of which is to detect the possible presence of alcohol or a substance prohibited or controlled by any law of the State of Mississippi or the United States.

SECTION 5. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

S. B. No. 2022: Juvenile offenders and district attorneys; revise provisions related to.

REPORT OF CONFERENCE COMMITTEE

MR. PRESIDENT AND MR. SPEAKER:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

S. B. No. 2022: Juvenile offenders; provide alternative sentencing and parole options.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 97-3-21, Mississippi Code of 1972, is amended as follows:

97-3-21. (1) Except as otherwise provided for a juvenile offender in subsection (2) of this section, every person who * * * is:

(a) Convicted of first-degree murder shall be sentenced by the court to imprisonment for life in the custody of the Department of Corrections.

(* * * b) * * * Convicted of second-degree murder shall be imprisoned for life in the custody of the Department of Corrections if the punishment is so fixed by the jury in its verdict after a separate sentencing proceeding. If the jury fails to agree on fixing the penalty at imprisonment for life, the court shall fix the penalty at not less than twenty (20) nor more than forty (40) years in the custody of the Department of Corrections.

(* * * c) * * * Convicted of capital murder shall be sentenced (* * * i) to death; (* * * ii) to imprisonment for life in the State Penitentiary without parole; or (* * * iii) to imprisonment for life in the State Penitentiary with eligibility for parole as provided in Section 47-7-3(1)(* * * c)(iii).

(2) (a) For the purposes of this section, "juvenile offender" means a person who had not reached the age of eighteen (18) years at the time of the commission of the offense.

(b) A juvenile offender who is convicted of first-degree murder after July 1, 2024, may be sentenced to life imprisonment in the custody of the Department of Corrections if the punishment is so fixed by the jury. If the jury fails to fix the penalty at life imprisonment, the court shall fix the penalty at not less than twenty (20) nor more than forty (40) years in the custody of the Department of Corrections.

(c) A juvenile offender who is convicted of capital murder after July 1, 2024, may be sentenced to life imprisonment in the custody of the Department of Corrections or life imprisonment without eligibility for parole in the custody of the Department of Corrections if the punishment is so fixed by the jury. If the jury fails to fix the penalty at life imprisonment or life imprisonment without parole, the court shall fix the penalty at not less than twenty-five (25) nor more than fifty (50) years in the custody of the Department of Corrections.

(d) For a juvenile offender who was convicted of first-degree murder or capital murder prior to July 1, 2024, and who is entitled to a hearing under this subsection, the judge who presided over the trial, or a judge appointed by the senior circuit judge, if the presiding judge is unavailable, shall fix the penalty.

SECTION 2. Section 99-19-101, Mississippi Code of 1972, is amended as follows:

99-19-101. (1) Upon conviction or adjudication of guilt of a defendant of capital murder or other capital offense, the court shall conduct a separate sentencing proceeding to determine whether the defendant should be sentenced to death, life imprisonment without eligibility for parole, or life imprisonment; however, a sentence of death cannot be imposed if the defendant was not at least eighteen (18) years of age at the time of the commission of the offense. The proceeding shall be conducted by the trial judge before the trial jury as soon as practicable. If, through impossibility or inability, the trial jury is unable to reconvene for a hearing on the issue of penalty, having determined the guilt of the accused, the trial judge may summon a jury to determine the issue of the imposition of the penalty. If the trial jury has been waived, or if the defendant pleaded guilty, the sentencing proceeding shall be conducted before a jury impaneled for that purpose or may be conducted before the trial judge sitting without a jury if both the State of Mississippi and the defendant agree thereto in writing. In the proceeding, evidence may be presented as to any matter that the court deems relevant to sentence, and shall include matters relating to any of the aggravating or mitigating circumstances. However, this subsection shall not be construed to authorize the introduction of any evidence secured in violation of the Constitution of the United States or of the State of Mississippi. The state and the defendant and the defendant's counsel shall be permitted to present arguments for or against the sentence of death.

(2) After hearing all the evidence, the jury shall deliberate on the following matters:

(a) Whether sufficient factors exist as enumerated in subsection (7) of this section;

(b) Whether sufficient aggravating circumstances exist as enumerated in subsection (5) of this section;

(c) Whether sufficient mitigating circumstances exist as enumerated in subsection (6) of this section, which outweigh the aggravating circumstances found to exist; and

(d) Based on these considerations, whether the defendant should be sentenced to life imprisonment, life imprisonment without eligibility for parole, or death.

(3) For the jury to impose a sentence of death, it must unanimously find in writing the following:

(a) That sufficient factors exist as enumerated in subsection (7) of this section;

(b) That sufficient aggravating circumstances exist as enumerated in subsection (5) of this section; * * *

(c) That there are insufficient mitigating circumstances, as enumerated in subsection (6), to outweigh the aggravating circumstances * * *; and

(d) That the defendant was eighteen (18) years of age or older at the time of the commission of the offense.

In each case in which the jury imposes the death sentence, the determination of the jury shall be supported by specific written findings of fact based upon the circumstances in subsections (5) and (6) of this section and upon the records of the trial and the sentencing proceedings. If, after the trial of the penalty phase, the jury does not make the findings requiring the death sentence or life imprisonment without eligibility for parole, or is unable to reach a decision, the court shall impose a sentence of life imprisonment.

(4) The judgment of conviction and sentence of death shall be subject to automatic review by the Supreme Court of Mississippi within sixty (60) days after certification by the sentencing court of the entire record, unless the time is extended for an additional period by the Supreme Court for good cause shown. The review by the Supreme Court shall have priority over all other cases and shall be heard in accordance with rules promulgated by the Supreme Court.

(5) Aggravating circumstances shall be limited to the following:

(a) The capital offense was committed by a person under sentence of imprisonment.

(b) The defendant was previously convicted of another capital offense or of a felony involving the use or threat of violence to the person.

(c) The defendant knowingly created a great risk of death to many persons.

(d) The capital offense was committed while the defendant was engaged, or was an accomplice, in the commission of, or an attempt to commit, or flight after committing or attempting to commit, any robbery, rape, arson, burglary, kidnapping, aircraft piracy, sexual battery, unnatural intercourse with any child under the age of twelve (12), or nonconsensual unnatural intercourse with mankind, or felonious abuse or battery of a child in violation of subsection (2) of Section 97-5-39, or the unlawful use or detonation of a bomb or explosive device.

(e) The capital offense was committed for the purpose of avoiding or preventing a lawful arrest or effecting an escape from custody.

(f) The capital offense was committed for pecuniary gain.

(g) The capital offense was committed to disrupt or hinder the lawful exercise of any governmental function or the enforcement of laws.

(h) The capital offense was committed to influence the policy of a governmental entity by intimidation or coercion, or to affect the conduct of a governmental entity by mass destruction or assassination.

(i) The capital offense was especially heinous, atrocious or cruel.

(j) The capital offense was committed to intimidate or coerce a civilian population.

(6) Mitigating circumstances shall be the following:

(a) The defendant has no significant history of prior criminal activity.

(b) The offense was committed while the defendant was under the influence of extreme mental or emotional disturbance.

(c) The victim was a participant in the defendant's conduct or consented to the act.

(d) The defendant was an accomplice in the capital offense committed by another person and his participation was relatively minor.

(e) The defendant acted under extreme duress or under the substantial domination of another person.

(f) The capacity of the defendant to appreciate the criminality of his conduct or to conform his conduct to the requirements of law was substantially impaired.

(g) The age of the defendant at the time of the crime.

(7) In order to return and impose a sentence of death the jury must make a written finding of one or more of the following:

(a) The defendant actually killed;

- (b) The defendant attempted to kill;
- (c) The defendant intended that a killing take place;
- (d) The defendant contemplated that lethal force would be

employed.

(8) For the purposes of this section, to "intimidate" or "coerce" do not include peaceful picketing, boycotts or other nonviolent action.

(9) This section shall not apply to a juvenile offender who was not at least eighteen (18) years of age at the time of the commission of the offense. A juvenile offender convicted of capital murder shall be sentenced pursuant to Section 97-3-21(2).

SECTION 3. The amendments made to Section 97-3-21 by this act shall operate prospectively from July 1, 2024.

SECTION 4. Section 25-31-21, Mississippi Code of 1972, is amended as follows:

25-31-21. (1) If, at the time of impaneling the grand jury in any circuit court, the district attorney be absent or unable to perform his duties or, if after impaneling of the grand jury, the district attorney be absent or unable to perform his duties or be disqualified, the court shall forthwith appoint some attorney at law to act for the state in the place of the district attorney during his absence or inability or disqualification, and the person appointed shall have the power to discharge all the duties of the office during the absence or inability or disqualification of the district attorney, and shall receive a reasonable compensation for his services, to be allowed by the court and certified to the auditor, who shall issue his warrant therefor. Such allowance shall be deducted from the salary of the district attorney, and shall not exceed the amount of the salary of the district attorney for the number of days allotted by law for the term of the court at which such appointees shall act.

(2) The provisions of this section shall not be construed to include and shall not be applicable if a district attorney recuses himself from a case or has a conflict of interest with a case, without regard to whether the case has been presented to the grand jury before such recusal or whether the case had not yet been presented to the grand jury.

(3) When the appointed attorney is required to travel beyond the limits of the judicial district in which he or she is normally employed, all reasonable expenses incurred in prosecuting the case shall be borne by the judicial district of the district attorney being assisted in the discharge of his or her duties, if not already compensated by the state.

SECTION 5. This act shall take effect and be in force from and after July 1, 2024.

Further, amend by striking the title in its entirety and inserting in lieu thereof the following:

AN ACT TO AMEND SECTIONS 97-3-21 AND 99-19-101, MISSISSIPPI CODE OF 1972, TO PROVIDE ALTERNATIVE SENTENCING OPTIONS FOR JUVENILE OFFENDERS IN COMPLIANCE WITH UNITED STATES SUPREME COURT HOLDINGS IN THE CASES OF *MILLER V. (b) There shall be a rebuttable presumption that the decedent did not consent to the use of the decedent's genetic material in the assisted reproductive technology if the decedent was divorced or legally separated at the time of the decedent's death from the person who wishes to use the decedent's genetic material in the assisted reproductive technology.

(5) An individual deemed to be living at the time of the decedent's death under subsection (3) of this section shall be entitled to a child's part of the decedent's personal property, or the equivalent value thereof. If no individual is deemed living at the time of the decedent's death under subsection (3) of this section, the court shall distribute the set aside portion of the decedent's personal estate as is otherwise provided according to the statutes of descent and distribution.

(7) It is the intent of the Legislature that an individual deemed to be living at the time of the decedent's death under subsection (3) of this section shall be eligible for federal benefits under subchapter II of Chapter 7 of Title 41 of the United States Code.

SECTION 2. Section 91-1-11, Mississippi Code of 1972, is amended as follows:

91-1-11. (1) Except as provided in subsection (2) of this section, when any person shall die possessed of goods and chattels or personal estate not bequeathed, the same shall descend to and be distributed among his or her heirs in the same manner that real estate not devised descends.

(2) When any person shall die possessed of goods and chattels or personal estate not bequeathed, the provisions of Section 1 of this act are applicable in determining whether a child of a decedent is living at the time of the decedent's death.

SECTION 3. Section 91-1-7, Mississippi Code of 1972, is amended as follows:

91-1-7. (1) If a husband dies intestate and * * * does not leave children or descendants of children, his widow shall be entitled to his entire estate, real and

If a married woman dies owning any real or personal estate not disposed of, it shall descend to her husband and her children or their descendants if she * * * has any surviving her, either by a former husband or by the surviving husband, in equal parts, according to the rules of descent. If she * * * has children and there also * * * are descendants of other children who have died before the mother, the descendants shall inherit the share to which the parent would have been entitled if living, as coheirs with the surviving children. If she * * * has no children or descendants of them, then the husband shall inherit all of her property.

(2) The provisions of Section 1 of this act are applicable in determining whether a child of a decedent is living at the time of the decedent's death.

SECTION 4. (1) Notwithstanding any other provision of law:

SECTION 7. (1) Individuals may enter into a gestational carrier agreement as specified in this section. A gestational carrier agreement shall include, at a minimum, the following terms:

(a) That the gestational carrier agrees to become pregnant by means of assisted reproductive technology, to bear a child or children, and to terminate any parental rights and responsibilities to the resulting child or children through a pre-birth legal proceeding determining parentage in the intended parent rather than the gestational carrier, pursuant to Section 9 of this act;

(b) That the gestational carrier agrees to submit to reasonable medical evaluation and treatment and to adhere to reasonable medical instructions about her prenatal health;

(4) Compensation paid to a person acting as the gestational carrier shall not exceed the duration of the pregnancy and recuperative period of up to eight (8) weeks after the birth of any resulting children or upon release of the gestational carrier from medical care by her treating physician, whichever is later.

(5) The provisions Sections 5 through 9 of this act shall not be construed to authorize any abortion procedure or allow or require access for any person to obtain an abortion.

SECTION 9. (1) Before the birth of a child conceived by assisted reproductive technology under a gestational carrier agreement, a party to the agreement may commence a proceeding in chancery court for an order or judgment:

(a) Declaring that each intended parent is a legal parent of the child and ordering that parental rights and duties vest immediately upon the birth of the child exclusively in each intended parent;

SECTION 11. Each CASA program shall forward annually to the association data collected pursuant to Sections 2 and 8 of this act.

SECTION 12. Section 43-21-121, Mississippi Code of 1972, is brought forward as follows:

43-21-121. (1) The youth court shall appoint a guardian ad litem for the child:

(a) When a child has no parent, guardian or custodian;

(b) When the youth court cannot acquire personal jurisdiction over a parent, a guardian or a custodian;

(c) When the parent is a minor or a person of unsound mind;

(d) When the parent is indifferent to the interest of the child or if the interests of the child and the parent, considered in the context of the cause, appear to conflict;

(e) In every case involving an abused or neglected child which results in a judicial proceeding; or

(f) In any other instance where the youth court finds appointment of a guardian ad litem to be in the best interest of the child.

(2) The guardian ad litem shall be appointed by the court when custody is ordered or at the first judicial hearing regarding the case, whichever occurs first.

(3) In addition to all other duties required by law, a guardian ad litem shall have the duty to protect the interest of a child for whom he has been appointed guardian ad litem. The guardian ad litem shall investigate, make recommendations to the court or enter reports as necessary to hold paramount the child's best interest. The guardian ad litem is not an adversary party and the court shall ensure that guardians ad litem perform their duties properly and in the best interest of their wards. The guardian ad litem shall be a competent person who has no adverse interest to the minor. The court shall ensure that the guardian ad litem is adequately instructed on the proper performance of his duties.

(4) The court, including a county court serving as a youth court, may appoint either a suitable attorney or a suitable layman as guardian ad litem. In cases where the court appoints a layman as guardian ad litem, the court shall also appoint an attorney to represent the child. From and after January 1, 1999, in order to be eligible for an

appointment as a guardian ad litem, such attorney or layperson must have received child protection and juvenile justice training provided by or approved by the Mississippi Judicial College within the year immediately preceding such appointment. The Mississippi Judicial College shall determine the amount of child protection and juvenile justice training which shall be satisfactory to fulfill the requirements of this section. The Administrative Office of Courts shall maintain a roll of all attorneys and laymen eligible to be appointed as a guardian ad litem under this section and shall enforce the provisions of this subsection.

(5) Upon appointment of a guardian ad litem, the youth court shall continue any pending proceedings for a reasonable time to allow the guardian ad litem to familiarize himself with the matter, consult with counsel and prepare his participation in the cause. The youth court shall issue an order of assignment that grants the guardian ad litem authority to review all relevant documents concerning the minor child and to interview all parties and witnesses involved in proceedings concerning the minor child for whom the guardian ad litem is appointed.

(6) Upon order of the youth court, the guardian ad litem shall be paid a reasonable fee as determined by the youth court judge or referee out of the county general fund as provided under Section 43-21-123. To be eligible for such fee, the guardian ad litem shall submit an accounting of the time spent in performance of his duties to the court.

(7) (a) The court, in its sound discretion, may appoint a volunteer trained layperson to assist children subject to the provisions of this section in addition to the appointment of a guardian ad litem. If the court utilizes his or her discretion as prescribed under this subsection, a volunteer Court-Appointed Special Advocate (CASA) shall be appointed from a program that supervises the volunteer and meets all state and national CASA standards to advocate for the best interests of children in abuse and neglect proceedings. To accomplish the assignment of a CASA volunteer, the court shall issue an order of assignment that shall grant the CASA volunteer the authority, equal to that of the guardian ad litem, to review all relevant documents and to interview all parties and witnesses involved in the proceeding in which he or she is appointed. Except as otherwise ordered by the court, the assignment of a CASA volunteer for a child shall include subsequent proceedings through permanent placement of the child.

(b) Before assigning a CASA volunteer as prescribed under this subsection, the youth court judge shall determine if the volunteer has sufficient qualifications, training and ability to serve as a CASA volunteer, including his or her ability to represent and advocate for the best interests of children assigned to him or her. No volunteer shall be assigned until a comprehensive criminal background check has been conducted.

All CASA volunteers shall:

- (i) Be sworn in by a judge of the court;
 - (ii) Swear or affirm to abide by all laws, regulations, and orders of the court;

(ii) Shall be notified by the Department of Child Protection Services of all administrative review hearings;

(iii) Shall be entitled to attend all court proceedings and hearings of any kind pertaining to the child;

(iv) May be called as a witness in the proceedings by any party or by the court and may request of the court the opportunity to appear as a witness; and

(v) Shall be given access to all portions of the court record relating to proceedings pertaining to the child and the child's family.

(d) Upon application to the court and notice to all parties, the court shall grant the CASA volunteer access to other information, including the department records as provided in Section 43-21-261, relating to the child and the child's family and to other matters involved in the proceeding in which he or she is appointed. All records and information requested or reviewed by the CASA volunteer in the course of his or her assignment shall be deemed confidential and shall not be disclosed by him except pursuant to court order. All records and information shall only be disclosed as directed by court order and shall be disclosed as directed by court order and shall be subject to whatever protective order the court deems appropriate.

The attorney for the parent, guardian or custodian of the child, upon request, shall be provided a copy of any record, report or investigation relevant to a matter to be heard by a youth court, but the identity of the reporter must be redacted and the name of any other person must also be redacted if the person or agency making the information available finds that disclosure of the information would be likely to endanger the life, safety or well-being of the person. A record provided to the attorney under this section must remain in the attorney's control and the attorney may not provide copies or access to another person or entity without prior consent of a court with appropriate jurisdiction.

(4) Upon request, the child who is the subject of a youth court cause shall have the right to have his counsel inspect and copy any record, report or investigation which is filed with the youth court or which is to be considered by the youth court at a hearing.

SECTION 2. Section 93-15-107, Mississippi Code of 1972, is amended as follows:

93-15-107. (1) (a) Involuntary termination of parental rights proceedings are commenced upon the filing of a petition under this chapter. The petition may be filed by any interested person, or any agency, institution or person holding custody of the child. The simultaneous filing of a petition for adoption is not a prerequisite for filing a petition under this chapter.

(b) The proceeding shall be triable, either in term time or vacation, thirty (30) days after personal service of process to any necessary party or, for a necessary party whose address is unknown after diligent search, thirty (30) days after the date of the first publication of service of process by publication that complies with the Mississippi Rules of Civil Procedure.

(c) Necessary parties to a termination of parental rights action shall include the mother of the child, the legal father of the child, the putative father of the child when known, and any agency, institution or person holding custody of the child. If the child is twelve (12) years or older at the time of the hearing, a summons must be issued and served upon the minor child, together with a copy of the petition, not less than seven (7) days before the hearing. The minor child shall be represented by counsel throughout the proceedings. The court shall appoint an attorney for any minor child who is unrepresented, so the court has the benefit of knowing the child's stated interest. If the child is fourteen (14) years or older at the time of the hearing, the child's preferences, if any, regarding the termination of parental rights shall be considered by the court. The absence of a necessary party who has been properly served does not preclude the court from conducting the hearing or rendering a final judgment.

(d) A guardian ad litem shall be appointed to protect the best interest of the child, except that the court, in its discretion, may waive this requirement

when a parent executes a written voluntary release to terminate parental rights. The guardian ad litem fees shall be determined and assessed in the discretion of the court.

(e) The style of the case shall not include the child's name when the child is not the party plaintiff or petitioner.

(2) Voluntary termination of parental rights by written voluntary release is governed by Section 93-15-111.

(3) In all cases involving termination of parental rights, a minor parent shall be served with process as an adult.

(4) The court may waive service of process if an adoptive child was born in a foreign country, put up for adoption in the birth country, and has been legally admitted into this country.

(5) The clerk shall docket cases seeking relief under this chapter as priority cases. The assigned judge shall be immediately notified when a case is filed in order to provide for expedited proceedings.

(6) (a) Once the petition for termination of parental rights is filed with the court of competent jurisdiction, the court shall hold a hearing on the petition within ninety (90) calendar days of the date the petition is filed absent extraordinary circumstances.

(b) For purposes of this subsection, the ninety-calendar-day time period will commence when perfected service is made on the parents.

(c) For purposes of this subsection, extraordinary circumstances include:

(i) The Mississippi Supreme Court orders the suspension of in-person court proceedings; or

(ii) One (1) of the following has occurred:

1. The President of the United States has declared a national emergency; or

2. The Governor has declared a state of emergency or a statewide public health emergency; or

(iii) If the best interest of the child is served and the chancellor makes specific findings of such.

SECTION 3. Section 93-15-111, Mississippi Code of 1972, is amended as follows:

93-15-111. (1) The court * * * shall accept the parent's written voluntary release if it meets the following minimum requirements:

(a) Is signed under oath and dated at least seventy-two (72) hours after the birth of the child;

(b) States the parent's full name, the relationship of the parent to the child, and the parent's address;

(c) States the child's full name, date of birth, time of birth if known, and place of birth as indicated on the birth certificate;

(d) Identifies the governmental agency or home to which the child has been surrendered, if any;

(e) States the parent's consent to adoption of the child and waiver of service of process for any future adoption proceedings;

(f) Acknowledges that the termination of the parent's parental rights and that the subsequent adoption of the child may significantly affect, or even eliminate, the parent's right to inherit from the child under the laws of Descent and Distribution (Chapter 1, Title 91, Mississippi Code of 1972);

(g) Acknowledges that all provisions of the written voluntary release were entered into knowingly, intelligently, and voluntarily; and

(h) Acknowledges that the parent is entitled to consult an attorney regarding the parent's parental rights.

(2) The court's order accepting the parent's written voluntary release terminates all of the parent's parental rights to the child, including, but not limited to, the parental right to control or withhold consent to an adoption. * * * The written voluntary release shall serve as a waiver of the parent's right to have a hearing on acceptance of the release.

SECTION 4. Section 43-21-201, Mississippi Code of 1972, is amended as follows:

43-21-201. (1) (a) Each party shall have the right to be represented by counsel at all stages of the proceedings including, but not limited to, detention, shelter, adjudicatory and disposition hearings and parole or probation revocation proceedings.

(b) In delinquency matters the court shall appoint legal defense counsel who is not also a guardian ad litem for the same child. If the party is a child, the child shall be represented by counsel at all critical stages: detention, adjudicatory and disposition hearings; parole or probation revocation proceedings; and post-disposition matters. If indigent, the child shall have the right to have counsel appointed for him by the youth court.

(c) A child who is alleged to have been abused or neglected shall be deemed to be a party to the proceedings under this chapter. The child shall be represented by an attorney at all stages of any proceedings held pursuant to this chapter. The court shall appoint an attorney to any child who is unrepresented.

The guardian ad litem may serve a dual role as long as no conflict of interest is present. If a conflict of interest arises, the guardian ad litem shall inform the youth court of the conflict, and the youth court shall retain the guardian ad litem to represent the best interest of the child and appoint an attorney to represent the child's preferences as required by Uniform Rule of Youth Court Practice 13(f).

(2) (a) When a party first appears before the youth court, the judge shall ascertain whether he is represented by counsel and, if not, inform him of his rights including his right to counsel. If the court determines that a custodial parent or guardian who is a party in an abuse, neglect or termination of parental rights proceeding is indigent, the youth court judge * * * shall appoint counsel to represent the indigent parent or guardian in the proceeding. The court may appoint counsel to represent a noncustodial parent if the court determines that the noncustodial parent is indigent and has demonstrated a significant custodial relationship with the child. All parents have the right to be appointed counsel in termination of parental rights hearings, and the court shall appoint counsel if the court makes a finding that the parent is indigent and counsel is requested by the parent. For purposes of this section, indigency shall be determined pursuant to Section 25-32-9 and Rule 7.3 of the Mississippi Rules of Criminal Procedure.

(b) (i) The court shall order a financially able parent or custodian to pay all or part of reasonable attorney's fees and expenses for court-appointed representation after review by the court of an affidavit of financial means completed and verified by a parent or custodian and a determination by the court of an ability to pay.

(ii) All monies collected by the clerk under this paragraph must be retained by the clerk and deposited into a special fund to be known as the "Juvenile Court Representation Fund."

(iii) The Administrative Office of Courts may direct that money from the fund be used in providing counsel for indigent parents or custodians at the trial level in dependency-neglect proceedings.

(iv) Upon a determination of indigency and a finding by the court that the fund does not have sufficient funds to pay reasonable attorney's fees and expenses incurred at the trial court level and that state funds have been exhausted, the court may order the county to pay the reasonable fees and expenses until the state provides funding for counsel.

(v) A special fund, to be designated as the "Juvenile Court Representation Fund," is created within the State Treasury. The fund shall be maintained by the State Treasurer as a separate and special fund, separate and apart from the General Fund of the state. Monies in the fund shall be disbursed by the Administrative Office of Courts as provided in this section. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into such fund.

(3) An attorney appointed to represent a child shall be required to complete annual juvenile justice training that is approved by the Mississippi Office of State Public Defender and the Mississippi Commission on Continuing Legal Education. An attorney appointed to represent a parent or guardian in an abuse, neglect or termination of parental rights proceeding shall be required to complete annual training that is approved

by the Office of State Public Defender and the Mississippi Commission on Continuing Legal Education. The Mississippi Office of State Public Defender and the Mississippi Commission on Continuing Legal Education shall determine the amount of juvenile justice training and continuing education required to fulfill the requirements of this subsection. The State Public Defender shall maintain a roll of attorneys who have complied with the training requirements and shall enforce the provisions of this subsection. Should an attorney fail to complete the annual training requirement or fail to attend the required training within six (6) months of being appointed to a youth court case, the attorney shall be disqualified to serve, and the youth court shall immediately terminate the representation and appoint another attorney. Attorneys appointed by a youth court to five (5) or fewer cases a year are exempt from the requirements of this subsection.

(4) Attorney's for all parties, including the child's attorney, shall owe the * * * duties of undivided loyalty, confidentiality and competent representation to the * * * party client pursuant to the Mississippi Rules of Professional Conduct.

(5) An attorney shall enter his appearance on behalf of a party in the proceeding by filing a written notice of appearance with the youth court, by filing a pleading, notice or motion signed by counsel or by appearing in open court and advising the youth court that he is representing a party. After counsel has entered his appearance, he shall be served with copies of all subsequent pleadings, motions and notices required to be served on the party he represents. An attorney who has entered his appearance shall not be permitted to withdraw from the case until a timely appeal, if any, has been decided, except by leave of the court then exercising jurisdiction of the cause after notice of his intended withdrawal is served by him on the party he represents.

(6) Each designee appointed by a youth court judge shall be subject to the Code of Judicial Conduct and shall govern himself or herself accordingly.

(7) The Department of Child Protection Services shall be a necessary party at all stages of the proceedings involving a child for whom the department has custody, including, but not limited to, detention, shelter, adjudicatory, disposition, permanency * * *, termination of parental rights and adoption hearings.

(8) The Department of Child Protection Services shall have the right to hire agency counsel to represent the department and be represented by counsel from the Attorney General's Office at all stages of the proceedings involving a child for whom the department has custody of or may be awarded custody of, including, but not limited to, detention shelter, adjudicatory disposition, permanency, termination of parental rights and adoption hearings.

SECTION 5. Section 43-21-105, Mississippi Code of 1972, is amended as follows:

43-21-105. The following words and phrases, for purposes of this chapter, shall have the meanings ascribed herein unless the context clearly otherwise requires:

(a) "Youth court" means the Youth Court Division.

(b) "Judge" means the judge of the Youth Court Division.

(c) "Designee" means any person that the judge appoints to perform a duty which this chapter requires to be done by the judge or his designee. The judge may not appoint a person who is involved in law enforcement or who is an employee of the Mississippi Department of Human Services or the Mississippi Department of Child Protection Services to be his designee.

(d) "Child" and "youth" are synonymous, and each means a person who has not reached his eighteenth birthday. A child who has not reached his eighteenth birthday and is on active duty for a branch of the armed services or is married is not considered a "child" or "youth" for the purposes of this chapter.

43-21-151. (1) The youth court shall have exclusive original jurisdiction in all proceedings concerning a delinquent child, a child in need of supervision, a neglected child, an abused child or a dependent child except in the following circumstances:

(a) Any act attempted or committed by a child, which if committed by an adult would be punishable under state or federal law by life imprisonment or death, will be in the original jurisdiction of the circuit court;

(b) Any act attempted or committed by a child with the use of a deadly weapon, the carrying of which concealed is prohibited by Section 97-37-1, or a shotgun or a rifle, which would be a felony if committed by an adult, will be in the original jurisdiction of the circuit court; and

(c) When a charge of abuse or neglect of a child first arises in the course of a custody action between the parents of the child already pending in the chancery court and no notice of such abuse was provided prior to such chancery proceedings, the chancery court may proceed with the investigation, hearing and determination of such abuse or neglect charge as a part of its hearing and determination of the custody issue as between the parents, notwithstanding the other provisions of the Youth Court Law. The proceedings in chancery court on the abuse or neglect charge shall be confidential in the same manner as provided in youth court proceedings.

When a child is expelled from the public schools, the youth court shall be notified of the act of expulsion and the act or acts constituting the basis for expulsion.

(2) Jurisdiction of the child in the cause shall attach at the time of the offense, or at the time of the allegation of abuse, neglect or exploitation, and shall continue thereafter for that offense or the allegations of abuse, neglect or exploitation until the child's twentieth birthday, unless sooner terminated by order of the youth court. The youth court shall not have jurisdiction over offenses committed by a child on or after his eighteenth birthday, nor have jurisdiction of abuse, neglect, or exploitation committed against a child after their eighteenth birthday.

(3) No child who has not reached his thirteenth birthday shall be held criminally responsible or criminally prosecuted for a misdemeanor or felony; however, the parent, guardian or custodian of such child may be civilly liable for any criminal acts of such child. No child under the jurisdiction of the youth court shall be held criminally responsible or criminally prosecuted by any court for any act designated as a delinquent act, unless jurisdiction is transferred to another court under Section 43-21-157.

(4) The youth court shall also have jurisdiction of offenses committed by a child which have been transferred to the youth court by an order of a circuit court of this state having original jurisdiction of the offense, as provided by Section 43-21-159.

(5) The youth court shall regulate and approve the use of teen court as provided in Section 43-21-753.

(6) Nothing in this section shall prevent the circuit court from assuming jurisdiction over a youth who has committed an act of delinquency upon a youth court's ruling that a transfer is appropriate pursuant to Section 43-21-157.

SECTION 7. The following shall be codified as a new section within Title 93, Chapter 15, Mississippi Code of 1972:

93-15-___. Compelling and extraordinary reasons why termination of parental rights would not be in the child's best interests may include, but are not limited to:

(a) When a child is being cared for by a relative and that relative, who is otherwise an appropriate, safe and loving placement for the child, is unwilling to participate in termination of parental rights proceedings;

(b) Guardianship is available;

(c) When the natural parent(s) are incarcerated but subject to be released within a reasonable time and could be given an opportunity to work a service plan toward possible reunification;

(d) When a natural parent is terminally ill and unable to care or provide for the child;

(e) The absence of the parent is due to the parent's admission or commitment to any institution or health facility or due to active service in State or Federal armed forces;

(f) A child twelve (12) years or older objects to the termination of parental rights;

(g) The child is placed in a residential treatment facility and adoption is unlikely or undesirable or the child is not in an adoptive placement or it is likely the child will age out of the Department of Child Protection Services' custody rather than be adopted;

(h) For compliance with the Indian Child Welfare Act;

(i) The Mississippi Department of Child Protection Services has not provided services within the timeframes indicated in the case plan and there is evidence that the family may achieve reunification within six (6) months or there is a finding that reasonable efforts were not made.

SECTION 8. Section 43-21-613, Mississippi Code of 1972, is amended as follows:

43-21-613. (1) If the youth court finds, after a hearing which complies with the sections governing adjudicatory hearings, that the terms of a delinquency or child in need of supervision disposition order, probation or parole have been violated, the youth court may, in its discretion, revoke the original disposition and make any disposition which it could have originally ordered. The hearing shall be initiated by the filing of a petition that complies with the sections governing petitions in this chapter and that includes a statement of the youth court's original disposition order, probation or parole, the alleged violation of that order, probation or parole, and the facts which show the violation of that order, probation or parole. Summons shall be served in the same manner as summons for an adjudicatory hearing.

(2) On motion of a child or a child's parent, guardian or custodian, the youth court may, in its discretion, conduct an informal hearing to review the disposition order. If the youth court finds a material change of circumstances relating to the disposition of the child, the youth court may modify the disposition order to any appropriate disposition of equal or greater precedence which the youth court could have originally ordered.

(3) (a) All disposition orders for supervision, probation or placement of a child with an individual or an agency shall be reviewed by the youth court judge or referee at least annually to determine if continued placement, probation or supervision is in the best interest of the child or the public. For children who have been adjudicated abused or neglected, except for those children for which a different timeframe is provided under Section 43-21-603(7), the youth court shall conduct a permanency

hearing within * * * one hundred twenty (120) days or every sixty (60) days for children under three (3) years of age after the earlier of:

(i) An adjudication that the child has been abused or neglected; or

(ii) The date of the child's removal from the allegedly abusive or neglectful custodian/parent. Notice of such hearing shall be given in accordance with the provisions of Section 43-21-505(5). In conducting the hearing, the judge or referee shall require a written report and may require information or statements from the child's youth court counselor, parent, guardian or custodian, which includes, but is not limited to, an evaluation of the child's progress and recommendations for further supervision or treatment. The judge or referee shall, at the permanency hearing determine the future status of the child, including, but not limited to, whether the child should be returned to the parent(s) or placed with suitable relatives, placed for adoption, placed for the purpose of establishing durable legal custody or should, because of the child's special needs or circumstances, be continued in foster care on a permanent or long-term basis. If the child is in an out-of-state placement, the hearing shall determine whether the out-of-state placement continues to be appropriate and in the best interest of the child. At the permanency hearing the judge or referee shall determine, and the youth court order shall recite that reasonable efforts were made by the Department of Child Protection Services to finalize the child's permanency plan that was in effect on the date of the permanency hearing. The judge or referee may find that reasonable efforts to maintain the child within his home shall not be required in accordance with Section 43-21-603(7)(c), and that the youth court shall continue to conduct permanency hearings for a child who has been adjudicated abused or neglected, at least annually thereafter, for as long as the child remains in the custody of the Mississippi Department of Child Protection Services.

(b) The court may find that the filing of a termination of parental rights petition is not in the child's best interest if:

(i) The child is being cared for by a relative; and/or

(ii) The Department of Child Protection Services has documented compelling and extraordinary reasons why termination of parental rights would not be in the best interests of the child.

(c) The provisions of this subsection shall also apply to review of cases involving a dependent child; however, such reviews shall take place not less frequently than once each one hundred eighty (180) days, or upon the request of the child's attorney, a parent's attorney, or a parent as deemed appropriate by the youth court in protecting the best interests of the child. A dependent child shall be ordered by the youth court judge or referee to be returned to the custody and home of the child's parent, guardian or custodian unless the judge or referee, upon such review, makes a written finding that the return of the child to the home would be contrary to the child's best interests.

(d) Reviews are not to be conducted unless explicitly ordered by the youth court concerning those cases in which the court has granted durable legal custody. In such cases, the Department of Child Protection Services shall be released from any oversight or monitoring responsibilities, and relieved of physical and legal custody and supervision of the child.

(4) The provisions of this section do not apply to proceedings concerning durable legal relative guardianship.

SECTION 9. Section 93-15-121, Mississippi Code of 1972, is amended as follows:

93-15-121. Any of the following, if established by clear and convincing evidence, may be grounds for termination of the parent's parental rights if reunification between the parent and child is not desirable toward obtaining a satisfactory permanency outcome:

(a) The parent has been medically diagnosed by a qualified mental health professional with a severe mental illness or deficiency that is unlikely to change in a reasonable period of time and which, based upon expert testimony or an established pattern of behavior, * * * prevents the parent, despite reasonable accommodations, from providing minimally acceptable care for the child;

(b) The parent has been medically diagnosed by a qualified health professional with an extreme physical incapacitation that is unlikely to change in a reasonable period of time and which, based upon expert testimony or an established pattern of behavior, prevents the parent, despite reasonable accommodations, from providing minimally acceptable care for the child;

(c) The parent is suffering from habitual alcoholism or other drug addiction and has failed to successfully complete alcohol or drug treatment;

(d) The parent is unwilling to provide reasonably necessary food, clothing, shelter, or medical care for the child; reasonably necessary medical care does not include recommended or optional vaccinations against childhood or any other disease;

(e) The parent has failed to exercise reasonable visitation or communication with the child;

(f) The parent's abusive or neglectful conduct has caused, at least in part, an extreme and deep-seated antipathy by the child toward the parent, or some other substantial erosion of the relationship between the parent and the child;

(g) The parent has committed an abusive act for which reasonable efforts to maintain the children in the home would not be required under Section 43-21-603, or a series of physically, mentally, or emotionally abusive incidents, against the child or another child, whether related by consanguinity or affinity or not, making future contacts between the parent and child undesirable; or

(h) (i) The parent has been convicted of any of the following offenses against any child:

1. Rape of a child under Section 97-3-65;
2. Sexual battery of a child under Section 97-3-95(c);
3. Touching a child for lustful purposes under Section 97-5-23;

6. Carnal knowledge of a step or adopted child or a child of a cohabitating partner under Section 97-5-41; or

1. Murder or voluntary manslaughter of another child of the parent;
2. Aiding, abetting, attempting, conspiring or soliciting to commit murder or voluntary manslaughter of the child or another child of the parent; or
3. A felony assault that results in the serious bodily injury to the child or another child of the parent.

(e) For the purposes of this subsection (2), "bodily harm" means any bodily injury to a child and includes, but is not limited to, bruising, bleeding, lacerations, soft tissue swelling, and external or internal swelling of any body organ.

(* * *i) Reasonable discipline and reasonable corporal punishment shall not be a defense to acts described in paragraphs (a) and (b) of this subsection or if a child suffers serious bodily harm as a result of any act prohibited under paragraph (c) of this subsection.

(3) Nothing contained in this section shall prevent proceedings against the parent, guardian or other person under any statute of this state or any municipal ordinance defining any act as a crime or misdemeanor. Nothing in the provisions of this section shall preclude any person from having a right to trial by jury when charged with having violated the provisions of this section.

(4) (a) A parent, legal guardian or caretaker who endangers a child's person or health by knowingly causing or permitting the child to be present where any person is selling, manufacturing or possessing immediate precursors or chemical substances with intent to manufacture, sell or possess a controlled substance as prohibited under Section 41-29-139 or 41-29-313, is guilty of child endangerment and may be sentenced to imprisonment for not more than ten (10) years or to payment of a fine of not more than Ten Thousand Dollars (\$10,000.00), or both.

(b) If the endangerment results in substantial harm to the child's physical, mental or emotional health, the person may be sentenced to imprisonment for not more than twenty (20) years or to payment of a fine of not more than Twenty Thousand Dollars (\$20,000.00), or both.

(5) Nothing contained in this section shall prevent proceedings against the parent, guardian or other person under any statute of this state or any municipal ordinance defining any act as a crime or misdemeanor. (6) After consultation with the Department of Child Protection Services, a regional mental health center or an appropriate professional person, a judge may suspend imposition or execution of a sentence provided in subsections (1) and (2) of this section and in lieu thereof require treatment over a specified period of time at any approved public or private treatment facility. A person may be eligible for treatment in lieu of criminal penalties no more than one (1) time.

(7) In any proceeding resulting from a report made pursuant to Section 43-21-353 of the Youth Court Law, the testimony of the physician making the report regarding the child's injuries or condition or cause thereof shall not be excluded on the ground that the physician's testimony violates the physician-patient privilege or similar privilege or rule against disclosure. The physician's report shall not be considered as evidence unless introduced as an exhibit to his testimony.

(8) Any criminal prosecution arising from a violation of this section shall be tried in the circuit, county, justice or municipal court having jurisdiction; provided, however, that nothing herein shall abridge or dilute the contempt powers of the youth court.

SECTION 11. Section 43-21-651, Mississippi Code of 1972, is amended as follows:

43-21-651. (1) (a) The court to which appeals may be taken from final orders or decrees of the youth court shall be the Supreme Court of Mississippi pursuant to the Rules of Appellate Procedure. Final Orders in youth court include orders that grant durable legal custody or durable legal relative guardianship, transfer jurisdiction over the minor child to another court, such as for an adoption, or otherwise terminate the jurisdiction of the youth court over the minor child. All factual findings, legal determinations, and adjudication of issues by the youth court prior to the time the final order is entered are preserved for appellate review and any common law to the contrary is expressly abrogated. Any matters adjudicated by the youth court through interim orders such as adjudication/disposition orders, or permanency review orders, may be only appealed through the interlocutory appeal process provided by the Rules of Appellate Procedure.

(b) The rule of construction that statutes in derogation of the common law are to be strictly construed shall have no application to this subsection.

(** *2) In any case wherein an appeal is desired, written notice of intention to appeal shall be filed with the youth court clerk within the time, and costs in the youth court and the filing fee in the Supreme Court shall be paid, as is otherwise required for appeals to the Supreme Court. If the appellant shall make affidavit that he is unable to pay such costs and filing fee, he shall have an appeal without prepayment of court costs and filing fee. Only the initials of the child shall appear on the record on appeal.

(** *3) The pendency of an appeal shall not suspend the order or decree of the youth court regarding a child, nor shall it discharge the child from the custody of that court or of the person, institution or agency to whose care such child shall have been committed, unless the youth court or Supreme Court shall so order. If appellant desires to appeal with supersedeas, the matter first shall be presented to the youth court. If refused, the youth court shall forthwith issue a written order stating the reasons for the denial, which order shall be subject to review by the Supreme Court. If the Supreme Court does not dismiss the proceedings and discharge the child, it shall affirm or modify or reverse the order of the youth court and remand the child to the jurisdiction of the youth court for placement and supervision in accordance with its order, and thereafter the child shall be and remain under the jurisdiction of the youth court in the same manner as if the youth court had made the order without an appeal having been taken.

(** *4) Appeals from the youth court shall be preference cases in the Supreme Court.

SECTION 12. Section 43-21-351, Mississippi Code of 1972, is amended as follows:

43-21-351. The report shall bear a permanent number that will be assigned by the court in accordance with the standards established by the Administrative Office of Courts pursuant to Section 9-21-9(d), and shall be preserved until destroyed on order of the court.

(2) There shall be in each youth court of the state an intake officer who shall be responsible for the accurate and timely entering of all intake and case information into the Mississippi Youth Court Information Delivery System (MYCIDS) for the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services. It shall be the responsibility of the youth court judge or referee of each county to ensure that the intake officer is carrying out the responsibility of this section.

(3) Each intake officer shall receive, at a minimum, six (6) hours of annual training on MYCIDS provided by the Mississippi Judicial College. The required training

under this subsection shall be in addition to technical training provided by the Mississippi Supreme Court MYCIDS Information Technology Department.

(4) The Mississippi Judicial College, in conjunction with the Administrative Office of Courts, shall develop training materials on MYCIDS:

(a) To ensure the accurate and timely entrance of all intake and case information throughout the state by intake officers;

(b) To ensure that youth court judges are equipped to oversee the functions of each intake officer.

SECTION 13. Section 43-21-801, Mississippi Code of 1972, is amended as follows:

43-21-801. (1) There is established the Youth Court Support Program. The purpose of the program shall be to ensure that all youth courts have sufficient support funds to carry on the business of the youth court. The Administrative Office of Courts shall establish a formula consistent with this section for providing state support payable from the Youth Court Support Fund for the support of the youth courts.

(a) (i) Each regular youth court referee is eligible for youth court support funds so long as the senior chancellor does not elect to employ a youth court administrator as set forth in paragraph (b); a municipal youth court judge is also eligible. The Administrative Office of Courts shall direct any funds to the appropriate county or municipality. The funds shall be utilized to compensate an intake officer who shall be responsible for ensuring that all intake and case information for the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services is entered into the Mississippi Youth Court Information Delivery System (MYCIDS) in an accurate and timely manner. If the court already has an intake officer responsible for entering all cases of the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services into MYCIDS, the regular youth court referee or municipal court judge may certify to the Administrative Office of Courts that such a person is already on staff. In such a case, each regular youth court referee or municipal youth court judge shall have the sole individual discretion to appropriate those funds as expense monies to assist in hiring secretarial staff and acquiring materials and equipment incidental to carrying on the business of the court within the private practice of law of the referee or judge, or may direct the use of those funds through the county or municipal budget for court support supplies or services. The regular youth court referee and municipal youth court judge shall be accountable for assuring through private, county or municipal employees the proper preparation and filing of all necessary tracking and other documentation attendant to the administration of the youth court.

(ii) Title to all tangible property, excepting stamps, stationery and minor expendable office supplies, procured with funds authorized by this section, shall be and forever remain in the county or municipality to be used by the judge or referee during the term of his office and thereafter by his successors.

(b) (i) When permitted by the Administrative Office of Courts and as funds are available, the senior chancellor for Chancery Districts One, Two, Three, Four, Six, Seven, Nine, Ten, Thirteen, Fourteen, Fifteen and Eighteen may appoint a youth court administrator for the district whose responsibility will be to perform all reporting, tracking and other duties of a court administrator for all youth courts in the district that are under the chancery court system. Any chancery district listed in this paragraph in which a chancellor appoints a referee or special master to hear any youth court matter is ineligible for funding under this paragraph (b). The Administrative Office of Courts may allocate to an eligible chancery district a sum not to exceed Thirty Thousand Dollars (\$30,000.00) per year for the salary, fringe benefits and equipment of the youth court administrator, and an additional sum not to exceed One Thousand Nine Hundred Dollars (\$1,900.00) for the administrator's travel expenses.

(ii) The appointment of a youth court administrator shall be evidenced by the entry of an order on the minutes of the court. The person appointed shall serve at the will and pleasure of the senior chancellor but shall be an employee of the Administrative Office of Courts.

(iii) The Administrative Office of Courts must approve the position, job description and salary before the position can be filled. The

Administrative Office of Courts shall not approve any plan that does not first require the expenditure of the funds from the Youth Court Support Fund before expenditure of county funds is authorized for that purpose.

(iv) Title to any tangible property procured with funds authorized under this paragraph shall be and forever remain in the State of Mississippi.

(c) (i) Each county court is eligible for youth court support funds. The funds shall be utilized to provide compensation to an intake officer who shall be responsible for ensuring that all intake and case information for the Department of Human Services - Division of Youth Services, truancy matters, and the Department of Child Protection Services is entered into the Mississippi Youth Court Information Delivery System (MYCIDS) in an accurate and timely manner. If the county court already has an intake officer or other staff person responsible for entering all cases of the Department of Human Services - Division of Youth Services, truancy matters and the Department of Child Protection Services into MYCIDS, the senior county court judge may certify that such a person is already on staff. In such a case, the senior county court judge shall have discretion to direct the expenditure of those funds in hiring other support staff to carry on the business of the court.

(ii) For the purposes of this paragraph, "support staff" means court administrators, law clerks, legal research assistants, secretaries, resource administrators or case managers appointed by a youth court judge, or any combination thereof, but shall not mean school attendance officers.

(iii) The appointment of support staff shall be evidenced by the entry of an order on the minutes of the court. The support staff so appointed shall serve at the will and pleasure of the senior county court judge but shall be an employee of the county.

(iv) The Administrative Office of Courts must approve the positions, job descriptions and salaries before the positions may be filled. The Administrative Office of Courts shall not approve any plan that does not first require the expenditure of funds from the Youth Court Support Fund before expenditure of county funds is authorized for that purpose.

(v) The Administrative Office of Courts may approve expenditure from the fund for additional equipment for support staff appointed pursuant to this paragraph if the additional expenditure falls within the formula. Title to any tangible property procured with funds authorized under this paragraph shall be and forever remain in the county to be used by the youth court and support staff.

(2) (a) (i) The formula developed by the Administrative Office of Courts for providing youth court support funds shall be devised so as to distribute appropriated funds proportional to caseload and other appropriate factors as set forth in regulations promulgated by the Administrative Office of Courts. The formula will determine a reasonable maximum amount per judge or referee per annum that will not be exceeded in allocating funds under this section.

(ii) The formula shall be reviewed by the Administrative Office of Courts every two (2) years to ensure that the youth court support funds provided herein are proportional to each youth court's caseload and other specified factors.

(iii) The Administrative Office of Courts shall have wide latitude in the first two-year cycle to implement a formula designed to maximize caseload data collection.

(b) Application to receive funds under this section shall be submitted in accordance with procedures established by the Administrative Office of Courts.

(c) Approval of the use of any of the youth court support funds distributed under this section shall be made by the Administrative Office of Courts in accordance with procedures established by the Administrative Office of Courts.

(3) (a) There is created in the State Treasury a special fund to be designated as the "Youth Court Support Fund," which shall consist of funds appropriated or otherwise made available by the Legislature in any manner and funds from any other source designated for deposit into such fund. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any

investment earnings or interest earned on amounts in the fund shall be deposited to the credit of the fund. Monies in the fund shall be distributed to the youth courts by the Administrative Office of Courts for the purposes described in this section.

(b) (i) During the regular legislative session held in calendar year 2007, the Legislature may appropriate an amount not to exceed Two Million Five Hundred Thousand Dollars (\$2,500,000.00) to the Youth Court Support Fund.

(ii) During each regular legislative session subsequent to the 2007 Regular Session, the Legislature shall appropriate Two Million Five Hundred Thousand Dollars (\$2,500,000.00) to the Youth Court Support Fund.

(c) No youth court judge or youth court referee shall be eligible to receive funding from the Youth Court Support Fund who has not received annual continuing education in the field of juvenile justice in an amount to conform with the requirements of the Rules and Regulations for Mandatory Continuing Judicial Education promulgated by the Supreme Court or received at least one (1) hour of annual continuing education concerning oversight of youth court intake officers and MYCIDS. The Administrative Office of Courts shall maintain records of all referees and youth court judges regarding such training and shall not disburse funds to any county or municipality for the budget of a youth court judge or referee who is not in compliance with the judicial training requirements.

(4) Any recipient of funds from the Youth Court Support Fund shall not be eligible for continuing disbursement of funds if the recipient is not in compliance with the terms, conditions and reporting requirements set forth in the procedures promulgated by the Administrative Office of Courts.

SECTION 14. Section 43-21-301, Mississippi Code of 1972, is amended as follows:

43-21-301. (1) No court other than the youth court shall issue an arrest warrant or custody order for a child in a matter in which the youth court has exclusive original jurisdiction but shall refer the matter to the youth court.

(2) Except as otherwise provided, no child in a matter in which the youth court has exclusive original jurisdiction shall be taken into custody by a law enforcement officer, the Department of Human Services, the Department of Child Protection Services, or any other person unless the judge or his designee has issued a custody order to take the child into custody.

(3) The judge or his designee may require a law enforcement officer, the Department of Human Services, the Department of Child Protection Services, or any suitable person to take a child into custody for a period not longer than forty-eight (48) hours, excluding Saturdays, Sundays, and statutory state holidays.

(a) Custody orders under this subsection may be issued if it appears that there is probable cause to believe that:

(i) The child is within the jurisdiction of the court;

(ii) Custody is necessary because of any of the following reasons: the child is in danger of a significant risk of harm, any person would be in danger of a significant risk of harm by the child, to ensure the child's attendance in court at such time as required, or a parent, guardian or custodian is not available to provide for the care and supervision of the child; and

(iii) There is no reasonable alternative to custody.

A finding of probable cause under this subsection (3)(a) shall not be based solely upon a positive drug test of a newborn or parent for marijuana or solely upon the status of a parent as a cardholder under the Mississippi Medical Cannabis Act; however, a finding of probable cause may be based upon an evidence-based finding of harm to the child or a parent's inability to provide for the care and supervision of the child due to the parent's use of marijuana. Probable cause for unlawful use of any controlled substance, except as otherwise provided in this subsection (3)(a) for marijuana, may be based: 1. upon a parent's positive drug test for unlawful use of a controlled substance only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody; and 2. upon a newborn's positive drug screen for a controlled substance that was used unlawfully only if the child is in danger of a

significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody.

A child shall not be considered "neglected" solely because the child's parent, guardian or custodian has failed to provide the child with food, clothing, or shelter necessary to sustain the life or health of the child when the failure is caused primarily by financial inability, unless relief services had been offered and refused and the child is in imminent risk of harm.

(b) Custody orders under this subsection shall be written. In emergency cases, a judge or his designee may issue an oral custody order, but the order shall be reduced to writing within forty-eight (48) hours of its issuance.

(c) Each youth court judge shall develop and make available to law enforcement a list of designees who are available after hours, on weekends and on holidays.

(4) The judge or his designee may order, orally or in writing, the immediate release of any child in the custody of any person or agency. Except as otherwise provided in subsection (3) of this section, custody orders as provided by this chapter and authorizations of temporary custody may be written or oral, but, if oral, reduced to writing within forty-eight (48) hours, excluding Saturdays, Sundays and statutory state holidays. The written order shall:

(a) Specify the name and address of the child, or, if unknown, designate him or her by any name or description by which he or she can be identified with reasonable certainty;

(b) Specify the age of the child, or, if unknown, that he or she is believed to be of an age subject to the jurisdiction of the youth court;

(c) Except in cases where the child is alleged to be a delinquent child or a child in need of supervision, state that the effect of the continuation of the child's residing within his or her own home would be contrary to the welfare of the child, that the placement of the child in foster care is in the best interests of the child, and unless the reasonable efforts requirement is bypassed under Section 43-21-603(7)(c), also state that (i) reasonable efforts have been made to maintain the child within his or her own home, but that the circumstances warrant his removal and there is no reasonable alternative to custody; or (ii) the circumstances are of such an emergency nature that no reasonable efforts have been made to maintain the child within his own home, and that there is no reasonable alternative to custody. If the court makes a finding in accordance with (ii) of this paragraph, the court shall order that reasonable efforts be made toward the reunification of the child with his or her family;

(d) State that the child shall be brought immediately before the youth court or be taken to a place designated by the order to be held pending review of the order;

(e) State the date issued and the youth court by which the order is issued; and

(f) Be signed by the judge or his designee with the title of his office.

(5) The taking of a child into custody shall not be considered an arrest except for evidentiary purposes.

(6) (a) No child who has been accused or adjudicated of any offense that would not be a crime if committed by an adult shall be placed in an adult jail or lockup. An accused status offender shall not be held in secure detention longer than twenty-four (24) hours prior to and twenty-four (24) hours after an initial court appearance, excluding Saturdays, Sundays and statutory state holidays, except under the following circumstances: a status offender may be held in secure detention for violating a valid court order pursuant to the criteria as established by the federal Juvenile Justice and Delinquency Prevention Act of 2002, and any subsequent amendments thereto, and out-of-state runaways may be detained pending return to their home state.

(b) No accused or adjudicated juvenile offender, except for an accused or adjudicated juvenile offender in cases where jurisdiction is waived to the adult criminal court, shall be detained or placed into custody of any adult jail or lockup for a period in excess of six (6) hours.

(c) If any county violates the provisions of paragraph (a) or (b) of this subsection, the state agency authorized to allocate federal funds received pursuant

to the Juvenile Justice and Delinquency Prevention Act of 1974, 88 Stat. 2750 (codified in scattered Sections of 5, 18, 42 USCS), shall withhold the county's share of such funds.

(d) Any county that does not have a facility in which to detain its juvenile offenders in compliance with the provisions of paragraphs (a) and (b) of this subsection may enter into a contractual agreement to detain or place into custody the juvenile offenders of that county with any county or municipality that does have such a facility, or with the State of Mississippi, or with any private entity that maintains a juvenile correctional facility.

(e) Notwithstanding the provisions of paragraphs (a), (b), (c) and (d) of this subsection, all counties shall be allowed a one-year grace period from March 27, 1993, to comply with the provisions of this subsection.

SECTION 15. Section 43-21-303, Mississippi Code of 1972, is amended as follows:

43-21-303. (1) No child in a matter in which the youth court has original exclusive jurisdiction shall be taken into custody by any person without a custody order except that:

(a) A law enforcement officer may take a child in custody if:

(i) Grounds exist for the arrest of an adult in identical circumstances; and

(ii) Such law enforcement officer has probable cause to believe that custody is necessary as defined in Section 43-21-301; and

(iii) Such law enforcement officer can find no reasonable alternative to custody; or

(b) A law enforcement officer or an agent of the Department of Child Protection Services or the Department of Human Services may take a child into immediate custody if:

(i) There is probable cause to believe that the child is in immediate danger of personal harm; however, probable cause shall not be based solely upon a positive drug test of a newborn or parent for marijuana or solely upon the status of a parent as a cardholder under the Mississippi Medical Cannabis Act, but a finding of probable cause may be based upon an evidence-based finding of harm to the child or a parent's inability to provide for the care and supervision of the child due to the parent's use of marijuana. Probable cause for unlawful use of any controlled substance, except as otherwise provided in this subparagraph (i) for marijuana, may be based: 1. upon a parent's positive drug test for unlawful use of a controlled substance only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody; and 2. upon a newborn's positive drug screen for a controlled substance that was used unlawfully only if the child is in danger of a significant risk of harm or the parent is unable to provide proper care or supervision of the child because of the unlawful use and there is no reasonable alternative to custody.

A child shall not be considered "neglected" solely because the child's parent, guardian or custodian has failed to provide the child with food, clothing, or shelter necessary to sustain the life or health of the child when the failure is caused primarily by financial inability, unless relief services had been offered and refused and the child is in imminent risk of harm; and

(ii) There is probable cause to believe that immediate custody is necessary as set forth in Section 43-21-301(3); and

(iii) There is no reasonable alternative to custody; and

(c) Any other person may take a child into custody if grounds exist for the arrest of an adult in identical circumstances. Such other person shall immediately surrender custody of the child to the proper law enforcement officer who shall thereupon continue custody only as provided in *** paragraph (a) of this subsection.

(2) When it is necessary to take a child into custody, the least restrictive custody should be selected.

(3) Unless the child is immediately released, the person taking the child into custody shall immediately notify the judge or his designee. A person taking a child into

custody shall also make continuing reasonable efforts to notify the child's parent, guardian or custodian and invite the parent, guardian or custodian to be present during any questioning.

(4) A child taken into custody shall not be held in custody for a period longer than reasonably necessary, but not to exceed twenty-four (24) hours, and shall be released to his parent, guardian or custodian unless the judge or his designee authorizes temporary custody.

SECTION 16. Section 93-17-3, Mississippi Code of 1972, is amended as follows:

93-17-3. (1) Except as otherwise provided in this section, a court of this state has jurisdiction over a proceeding for the adoption or readoption of a minor commenced under this chapter if:

(a) Immediately before commencement of the proceeding, the minor lived in this state with a parent, a guardian, a prospective adoptive parent or another person acting as parent, for at least six (6) consecutive months, excluding periods of temporary absence, or, in the case of a minor under six (6) months of age, lived in this state from soon after birth with any of those individuals and there is available in this state substantial evidence concerning the minor's present or future care;

(b) Immediately before commencement of the proceeding, the prospective adoptive parent lived in this state for at least six (6) consecutive months, excluding periods of temporary absence, and there is available in this state substantial evidence concerning the minor's present or future care;

(c) The agency that placed the minor for adoption is licensed in this state and it is in the best interest of the minor that a court of this state assume jurisdiction because:

(i) The minor and the minor's parents, or the minor and the prospective adoptive parent, have a significant connection with this state; and

(ii) There is available in this state substantial evidence concerning the minor's present or future care;

(d) The minor and the prospective adoptive parent or parents are physically present in this state and the minor has been abandoned or it is necessary in an emergency to protect the minor because the minor has been subjected to or threatened with mistreatment or abuse or is otherwise neglected, and the prospective adoptive parent or parents, if not residing in Mississippi, have completed and provided the court with a satisfactory Interstate Compact for Placement of Children (ICPC) home study and accompanying forms, unless the court determines that the home study is not necessary in the case of an adoption by a stepparent or a relative or in the case of an adoption in a foster-to-adopt placement;

(e) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a) through (d), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to hear a petition for adoption of the minor, and it is in the best interest of the minor that a court of this state assume jurisdiction; or

(f) The child has been adopted in a foreign country, the agency that placed the minor for adoption is licensed in this state, and it is in the best interest of the child to be readopted in a court of this state having jurisdiction.

(2) A court of this state may not exercise jurisdiction over a proceeding for adoption of a minor if, at the time the petition for adoption is filed, a proceeding concerning the custody or adoption of the minor is pending in a court of another state exercising jurisdiction substantially in conformity with the Uniform Child Custody Jurisdiction Act or this section unless the proceeding is stayed by the court of the other state.

(3) If a court of another state has issued a decree or order concerning the custody of a minor who may be the subject of a proceeding for adoption in this state, a court of this state may not exercise jurisdiction over a proceeding for adoption of the minor unless:

(a) The court of this state finds that the court of the state which issued the decree or order:

(i) Does not have continuing jurisdiction to modify the decree or order under jurisdictional prerequisites substantially in accordance with the Uniform Child Custody Jurisdiction Act or has declined to assume jurisdiction to modify the decree or order; or

(ii) Does not have jurisdiction over a proceeding for adoption substantially in conformity with subsection (1)(a) through (d) or has declined to assume jurisdiction over a proceeding for adoption; and

(b) The court of this state has jurisdiction over the proceeding.

(4) Any person may be adopted in accordance with the provisions of this chapter in term time or in vacation by an unmarried adult, by a married person whose spouse joins in the petition, by a married person whose spouse does not join in the petition because such spouse does not cohabit or reside with the petitioning spouse, and in any circumstances determined by the court that the adoption is in the best interest of the child. Only the consenting adult will be a legal parent of the child. The adoption shall be by sworn petition filed in the chancery court of the county in which the adopting petitioner or petitioners reside or in which the child to be adopted resides or was born, or was found when it was abandoned or deserted, or in which the home is located to which the child has been surrendered by a person authorized to so do. The petition shall be accompanied by a doctor's or nurse practitioner's certificate showing the physical and mental condition of the child to be adopted and a sworn statement of all property, if any, owned by the child. In addition, the petition shall be accompanied by affidavits of the petitioner or petitioners stating the amount of the service fees charged by any adoption agencies or adoption facilitators used by the petitioner or petitioners and any other expenses paid by the petitioner or petitioners in the adoption process as of the time of filing the petition. If the doctor's or nurse practitioner's certificate indicates any abnormal mental or physical condition or defect, the condition or defect shall not, in the discretion of the chancellor, bar the adoption of the child if the adopting parent or parents file an affidavit stating full and complete knowledge of the condition or defect and stating a desire to adopt the child, notwithstanding the condition or defect. The court shall have the power to change the name of the child as a part of the adoption proceedings. The word "child" in this section shall be construed to refer to the person to be adopted, though an adult.

(5) No person may be placed in the home of or adopted by the prospective adopting parties before a court-ordered or voluntary home study is satisfactorily completed by a licensed adoption agency, a licensed, experienced social worker approved by the chancery court, a court-appointed guardian ad litem that has knowledge or training in conducting home studies if so directed by the court, or by the Department of Child Protection Services on the prospective adoptive parties if required by Section 93-17-11.

(6) No person may be adopted by a person or persons who reside outside the State of Mississippi unless the provisions of the Interstate Compact for Placement of Children (Section 43-18-1 et seq.) have been complied with. In such cases Forms 100A, 100B (if applicable) and evidence of Interstate Compact for Placement of Children approval shall be added to the permanent adoption record file within one (1) month of the placement, and a minimum of two (2) post-placement reports conducted by a licensed child-placing agency shall be provided to the Mississippi Department of Child Protection Services Interstate Compact for Placement of Children office.

(7) No person may be adopted unless the provisions of the Indian Child Welfare Act (ICWA) have been complied with, if applicable. When applicable, proof of compliance shall be included in the court adoption file prior to finalization of the adoption. If not applicable, a written statement or paragraph in the petition for adoption shall be included in the adoption petition stating that the provisions of ICWA do not apply before finalization.

(8) The readoption of a child who has automatically acquired United States citizenship following an adoption in a foreign country and who possesses a Certificate of Citizenship in accordance with the Child Citizenship Act, CAA, Public Law 106-395, may be given full force and effect in a readoption proceeding conducted by a court of competent jurisdiction in this state by compliance with the Mississippi Registration of Foreign Adoptions Act, Article 9 of this chapter.

(9) For adult adoptees who consent to the adoption, a chancellor may waive any of the petition requirements and procedural requirements within subsections (4), (5), (6) and (7) of this section.

(10) The clerk shall docket cases seeking relief under this chapter as priority cases. The assigned judge shall be immediately notified when a case is filed in order to provide for expedited proceedings.

REPORT OF CONFERENCE COMMITTEE

MR. SPEAKER AND MR. PRESIDENT:

We, the undersigned conferees, have had under consideration the amendments to the following entitled BILL:

H. B. No. 1229: Equal Opportunity for Students with Special Needs Act; extend repealer on educational scholarship accounts (ESA).

We, therefore, respectfully submit the following report and recommendation:

1. That the Senate recede from its Amendment No. 1.
2. That the House and Senate adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 37-181-5, Mississippi Code of 1972, is amended as follows:

37-181-5. (1) An eligible student shall qualify to participate in the ESA program if the parent or guardian signs an agreement promising:

(a) To provide an organized, appropriate educational program with measurable annual goals to their participating student and to provide an education for the participating student in at least the subjects of reading, grammar, mathematics, social studies and science;

(b) To document their participating student's disability at intervals and in a manner required under subsection (8) of this section;

(c) Not to enroll their participating student in a public school and to acknowledge as part of the agreement that the eligible school has provided clear notice to the parent or guardian that the participating student has no individual entitlement to a free appropriate public education (FAPE) from their home school district, including special education and related services, for as long as the student is participating in the ESA program;

(d) Not to file for their participating student a certificate of enrollment indicating participation in a home instruction program under Section 37-13-91, Mississippi Code of 1972; and

(e) Not to participate in the Mississippi Dyslexia Therapy Scholarship for Students with Dyslexia Program or the Mississippi Speech-Language Therapy Scholarship for Students with Speech-Language Impairments Program while participating in the ESA program.

(2) Parents or guardians shall use the funds deposited in a participating student's ESA for any of the following qualifying expenses, which shall be incurred within the awarded ESA school year, to educate the student using any of the below methods or combination of methods that meet the requirement in subsection (1)(a) of this section:

(a) Tuition and/or academic fees at an eligible school;

(b) Textbooks related to academic coursework;

(c) Payment to a tutor, as defined in Section 37-181-3(h);

(d) Payment for purchase of curriculum, including any supplemental materials required by the curriculum;

(e) Fees for nationally standardized norm-referenced achievement tests, including alternate assessments; and fees for Advanced Placement examinations or similar courses and any examinations related to college or university admission;

(f) Educational services or therapies from a licensed or certified practitioner or provider, including licensed or certified paraprofessionals or educational aides;

(g) Tuition and fees related to dual enrollment at a postsecondary institution;

(h) Textbooks related to academic coursework at a postsecondary institution;

(i) Surety bond payments if required by the department;

(j) No more than Fifty Dollars (\$50.00) in annual consumable school supplies necessary for educational services and therapies, daily classroom activities, and tutoring;

(k) Computer hardware and software and other technological devices if an eligible school, licensed or certified tutor, licensed or certified educational service practitioner or provider, or licensed medical professional verifies in writing that these items are essential for the student to meet annual, measurable educational and academic goals or goals within the scope of the eligible student's IEP. Once a student is no longer participating in the ESA program, computer hardware and software and other technological devices purchased with ESA funds shall be donated to a public school or public library. Qualifying expenses for computer hardware and software include only those expenses incurred within the awarded ESA school year.

(3) To qualify to participate in the program, the parent or guardian of an eligible student shall also certify to the department that they have been accepted into an eligible school qualified to provide services for the participating student's disability or special education needs, or provide services addressing a participating student's IEP, as required under this act.

(**4) Neither a participating student, nor anyone on the student's behalf, may receive cash or cash-equivalent items, such as gift cards or store credit, from any refunds or rebates from any provider of services or products in the ESA program. Any refunds or rebates shall be credited directly to the participating student's ESA. The funds in an ESA may only be used for education-related purposes as defined in this chapter.

(**5) (a) Eligible schools, postsecondary institutions and educational service providers that serve participating students shall provide the parent or guardian who submitted the ESA program application with an original itemized receipt, including the service provider's name and address, for all qualifying expenses. The parent or guardian who submitted the ESA application shall provide the original itemized receipt to the department.

(b) In lieu of providing the parent or guardian who submitted the ESA program application with an original itemized receipt, the eligible schools, postsecondary institutions and educational service providers may provide to the department an original itemized receipt approved and signed off on by the parent or guardian who submitted the ESA application, including the service provider's name and address, for all qualifying expenses.

(**6) Payment for educational services through an ESA shall not preclude parents or guardians from paying for educational services using non-ESA funds.

(**7) For purposes of continuity of educational attainment, students who enroll in the ESA program shall remain eligible to receive quarterly ESA payments until the participating student returns to a public school, completes high school, completes the school year in which the student reaches the age of twenty-one (21), or does not have eligibility verified by a parent or guardian as required under subsection (8) of this section, whichever occurs first.

(**8) Any funds remaining in a student's Education Scholarship Account upon completion of high school shall be returned to the state's General Fund.

(**9) Every three (3) years after initial enrollment in the ESA program, a parent or guardian of a participating student, except a student diagnosed as being a person with a permanent disability, shall document that the student continues to be

identified by the school district, a federal or state government agency, or a licensed physician or psychometrist as a child with a disability, as defined by the federal Individuals with Disabilities Education Act (20 USCS Section 1401(3)).

(** *10) An eligible student shall be allowed to return to his home school district at any time after enrolling in the ESA program, in compliance with regulations adopted by the department providing for the least disruptive process for doing so. Upon the participating student's return to his or her home school district, the student's Education Scholarship Account shall be closed and any remaining funds shall be distributed to the student's home school district at the end of the awarded ESA school year.

SECTION 2. Section 37-181-7, Mississippi Code of 1972, as amended by House Bill No. 4130, 2024 Regular Session, is amended as follows:

37-181-7. (1) *** New enrollment in the ESA program created in this chapter shall be limited to five hundred (500) additional students each year ***. Subject to appropriation from the General Fund, each student's ESA shall be funded at Six Thousand Five Hundred Dollars (\$6,500.00) for school year 2015-2016. For each subsequent year, this amount shall increase or decrease by the same proportion as the *** student base amount under Section *** 37-151-203 is increased or decreased.

(2) Subject to appropriation, eligible students shall be approved for participation in the ESA program as follows:

(a) *** Students shall be approved on a first-come, first-served basis, with applications being reviewed on a rolling basis;

(b) After participation reaches fifty percent (50%) of the annual enrollment limits in subsection (1) of this section, the department shall set annual application deadlines for the remaining number of available ESAs and begin to maintain a waiting list of eligible students. The waitlist shall only include eligible students who have certified to the department that they have been accepted into an eligible school qualified to provide services for the participating student's disability or special education needs, or provide services addressing a participating student's IEP. The waitlist will be maintained in the chronological order in which applications are received. The department shall award ESA program applications in chronological order according to the waitlist; and

(c) Participating students who remain eligible for the ESA program are automatically approved for participation for the following year and are not subject to the random selection process.

(3) No funds for an ESA may be expended from the *** total funding formula funds provided in this act, nor shall any school district be required to provide funding for an ESA.

SECTION 3. Section 37-181-9, Mississippi Code of 1972, is amended as follows:

37-181-9. (1) The department shall create a standard form that parents or guardians of students submit to establish their student's eligibility for an Education Scholarship Account. The department shall ensure that the application is readily available to interested families through various sources, including the department's website and the copy of procedural safeguards annually given to parents or guardians. To be considered, an application must include certification that the student has been accepted into an eligible school qualified to provide services for the student's disability or special education needs, or provide services addressing a participating student's IEP.

(2) The department shall provide parents or guardians of participating students with a written explanation of the allowable uses of Education Scholarship Accounts, the responsibilities of parents and the duties of the department. This information shall also be made available on the department's website.

(3) The department shall annually notify all students with an IEP of the existence of the ESA program and shall ensure that lower-income families are made aware of their potential eligibility.

(4) The department may deduct an amount up to a limit of six percent (6%) from appropriations used to fund Education Scholarship Accounts to cover the costs of overseeing the funds and administering the ESA program.

(5) (a) The department shall make a determination of eligibility, and shall approve the application, within twenty-one (21) business days of receiving an application for participation in the ESA program, subject to the provisions of Section 37-181-3(b).

(b) The department shall provide for a procedure that children with a ruling of hearing impairment or children suspected of a hearing loss shall receive a comprehensive educational assessment which may include the areas of cognitive development, language/speech, audiological and academic achievement from the state-funded Mississippi Assistance Center for Hearing Loss. Children with a ruling of visual impairment or children suspected of a visual impairment shall receive a comprehensive low vision evaluation from the state-funded Low Vision Clinic.

(6) The home school district shall provide the parent or guardian of a participating student with a complete copy of the student's school records, while complying with the Family Educational Rights and Privacy Act of 1974 (20 USCS Section 1232(g)). The record shall be provided no later than thirty (30) days after a parent signs an agreement to participate in the ESA program.

SECTION 4. Section 37-181-13, Mississippi Code of 1972, is amended as follows:

37-181-13. (1) The Joint Legislative Committee on Performance Evaluation and Expenditure Review (PEER) shall prepare a biannual report, beginning in 2018 and every two (2) years thereafter, assessing efficacy of Education Scholarship Accounts, to include the sufficiency of funding, and recommending any suggested changes in state law or policy necessary to improve the ESA program.

(2) The report shall assess:

(b) The level of participating students' satisfaction with the ESA program;

(c) The level of parental or guardian satisfaction with the ESA program;

(d) Participating students' performance, both pre-assessment and post-assessment, on the eligible school's current assessment used to demonstrate academic progress, a nationally standardized norm-referenced achievement test, or a current state board-approved screener, as required in Section 37-181-15(f);

(e) Participating students' performance on Advanced Placement examinations or similar courses and any examinations related to college or university admission; provided that eligible schools must report participating students' performance on Advance Placement examinations and any examinations related to college or university admission;

(f) The four-year high school graduation rates and college acceptance rates of participating students; provided that eligible schools must report participating students' high school graduation rates and, if known, college acceptance rates;

(g) The percentage of funds used for each qualifying expense identified in Section 37-181-5(2); and

(h) The fiscal impact to the state and home school districts of the ESA program, which must consider both the impact on revenue and the impact on expenses. Furthermore, the fiscal savings associated with students departing public schools must be explicitly quantified, even if the public school losing the student(s) does not reduce its spending accordingly.

(3) The report shall:

(a) Apply appropriate analytical and behavioral science methodologies to ensure public confidence in the study; and

(b) Protect the identity of participating students and schools by, among other things, keeping anonymous all disaggregated data.

* * *

(* * *4) PEER shall provide the Legislature with a final copy of the report of the ESA program before December 31 each year the report is due. At the same time, the study shall also be placed in a prominent location on the PEER website.

(** *5) PEER must make its data and methodology available for public review while complying with the requirements of the Family Educational Rights and Privacy Act (20 USCS Section 1232(g)).

SECTION 5. Section 37-181-15, Mississippi Code of 1972, is amended as follows:

(d) Hold a valid occupancy permit if required by their municipality;

(e) Have no public record of fraud or malfeasance;

(f) Require participating students to take a pre-assessment at the beginning of the school year and a post-assessment at the end of the school year. The eligible school shall have the option to select their current assessment used to demonstrate academic progress, a nationally standardized norm-referenced achievement test, or a current state board-approved screener;

(g) Notify a parent or guardian applying for the ESA program that the parent or guardian waives the right of the participating student to an individual entitlement to a free and appropriate public education (FAPE) from their home school district, including special education and related services, for as long as the student is participating in the ESA program;

(h) Conduct criminal background checks on employees and:

(i) Exclude from employment any person not permitted by state law to work in a nonpublic school; and

(i) An eligible school shall certify to the department upon enrollment of a participating student that the eligible school shall provide services for the participating student's disability or special education needs, or shall provide services addressing a participating student's IEP. Such certification must be received by the department before the ESA is reimbursed to an eligible student.

(b) The creation of the Education Scholarship Account program does not expand the regulatory authority of the state, its officers, or any school district to impose any additional regulation of nonpublic schools, postsecondary institutions or educational service providers beyond those necessary to enforce the requirements of the ESA program; and

(c) Eligible schools, postsecondary institutions and educational service providers shall be given the maximum freedom to provide for the educational needs of their students without governmental control. No eligible school, postsecondary institution or educational service provider shall be required to alter its creed, practices, admission policies or curriculum in order to accept participating students.

(2) Eligible schools, or the parent or guardian who submitted the ESA application, must submit student performance data to the State Department of Education at the end of the school year, including the individual results of the pre-assessment and post-assessment required in Section 37-181-15(f). The department shall develop a uniformed reporting format for eligible schools to use when submitting assessment results.

(3) In any legal proceeding challenging the application of this chapter to an eligible school, postsecondary institution or educational service provider the state bears the burden of establishing that the law is necessary and does not impose any undue burden on the eligible school, postsecondary institution or educational service provider.

The member states hereby ratify the same intentions by subscribing hereto:

- A. Create a streamlined pathway to licensure mobility for teachers;
- B. Support the relocation of eligible military spouses;
- C. Facilitate and enhance the exchange of licensure information between the member states;
- D. Enhance the power of state and district-level education officials to hire qualified, competent teachers by removing barriers to the employment of out-of-state teachers;
- E. Support the retention of teachers in the profession by removing barriers to relicensure in a new state; and
- F. Maintain state sovereignty in the regulation of the teaching profession.

ARTICLE II

C. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

A. Oversight

1. The provisions of this compact shall have standing as statutory law, provided that as applied in the State of Mississippi, the compact shall only be binding if consistent with Mississippi law.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

3. All courts and all administrative agencies shall take judicial notice of the compact, the rules of the Commission, and any information provided to a member state pursuant thereto in any judicial or quasi-judicial proceeding in a member state pertaining to the subject matter of this compact, or which may affect the powers, responsibilities or actions of the Commission.

4. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this compact or promulgated rules.

B. Default, Technical Assistance and Termination

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the Commission shall:

- a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the Commission; and
- b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the Commissioners of the member states, and all rights, privileges and benefits conferred on that state by this compact may be terminated on the effective date of termination.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the Governor, the majority and minority leaders of the defaulting state's Legislature, the state licensing authority and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices.

C. Dispute Resolution

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The Commission shall promulgate a rule providing for nonbinding alternative dispute resolution for disputes as appropriate.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the Commission may initiate legal action in a court of competent jurisdiction to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include injunctive relief.

ARTICLE XI

EFFECTUATION, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state.

1. On or after the effective date of the compact, the Commission shall convene and review the enactment of each of the charter member states to determine if the statute enacted by each such charter member state is materially different from the model compact statute.

2. A charter member state whose enactment is found to be materially different from the model compact statute shall be entitled to the default process set forth in Article X.

3. Member states enacting the compact subsequent to the charter member states shall be subject to the process set forth in Article VII.C.20 to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.

B. If any member state is later found to be in default, or is terminated or withdraws from the compact, the Commission shall remain in existence and the compact shall remain in effect even if the number of member states should be less than ten (10).

C. Any state that joins the compact after the Commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the compact becomes law in that state, provided that as applied in the State of Mississippi, the compact shall only be binding if consistent with Mississippi law. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the compact becomes law in that state, provided that as applied in the State of Mississippi, the compact shall only be binding if

consistent with Mississippi law, as the rules and bylaws may be amended as provided in this compact.

D. Any member state may withdraw from this compact by enacting a statute repealing the same. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any other member state until it is enacted into the laws of all member states.

ARTICLE XII

CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any member state or a state seeking membership in the compact, contrary to Mississippi law, or of the United States or the applicability thereof to any other government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, or as applicable in the State of Mississippi, with Mississippi law, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

ARTICLE XIII

CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

A. Nothing herein shall prevent or inhibit the enforcement of Mississippi law that is not inconsistent with the compact.

B. Any laws, statutes, regulations or other legal requirements in a member state in conflict with the compact are superseded to the extent of the conflict, provided that as applied in the State of Mississippi, the compact shall only be binding if consistent with Mississippi law.

C. All permissible agreements between the Commission and the member states are binding in accordance with their terms, provided that as applied in the State of Mississippi, the agreements shall only be binding if consistent with Mississippi law.

SECTION 2. This act shall take effect and be in force from and after July 1, 2024.

We, therefore, respectfully submit the following report and recommendation:

1. That the House recede from its Amendment No. 1.
2. That the Senate and House adopt the following amendment:

Amend by striking all after the enacting clause and inserting in lieu thereof the following:

SECTION 1. Section 7-1-35, Mississippi Code of 1972, is amended as follows:

[Until January 1, 2028, this section shall read as follows:]

7-1-35. (1) The Governor shall fill by appointment, with the advice and consent of the Senate, all offices subject to such appointment when the term of the incumbent will expire within nine (9) months after the meeting of the Legislature, and also vacancies in such offices occurring from any cause during the session of the Senate or during the vacation of that body. All such appointments to offices made in vacation shall be reported to the Senate within ten (10) days after the commencement of the session of that body for its advice and consent to the appointment, and the vacancy shall not be filled if caused by the Senate's refusal to confirm any appointment or nomination, or if it * * * does not occur during the last five (5) days of the session, by the appointment of the Governor in the vacation of the Senate, without its concurrence. Any appointment in vacation to which the Senate shall refuse to consent shall be thereby annulled from that date, but the acts of the appointee prior thereto shall not be affected thereby.

(2) The Secretary of State shall be the records repository for all appointments to boards, commissions, executive directors and agency directors. Appointing authorities shall notify the Secretary of State prior to submitting the appointment to the Senate. The Secretary of State shall send a list of the required appointments to boards, commissions, executive directors and agency directors whose terms are expiring or have been vacated prior to the next legislative session to the appointing authorities by December 15 preceding the legislative session. The Secretary of State shall also compile and issue a report to the Governor, Lieutenant Governor and Speaker of the House annually, detailing the number of official meetings each board and commission has held in the previous years.

[From and after January 1, 2028, this section shall read as follows:]

7-1-35. (1) Unless otherwise provided by law, all appointments to agencies, boards, commissions, director or executive director positions whose term is expiring shall serve until his or her successor is appointed and qualified, but in no event shall he or she serve past the July 1 occurring after the end of his term, unless he shall be reappointed by the Governor or other appointing authority.

(2) The Secretary of State shall be the records repository for all appointments to boards, commissions, executive directors and agency directors. Appointing authorities shall notify the Secretary of State prior to submitting the appointment to the Senate. The Secretary of State shall send a list of the required appointments to boards, commissions, executive directors and agency directors whose terms are expiring or have been vacated prior to the next legislative session to the appointing authorities by December 15 preceding the legislative session. The Secretary of State shall also compile and issue a report to the Governor, Lieutenant Governor and Speaker of the House annually, detailing the number of official meetings each board and commission has held in the previous years.

(3) If, for any cause, a vacancy occurs in the office of an appointed agency, board, or commission member, executive director or director position, the appointing authority shall make an appointment to fill the vacancy for the unexpired term within one hundred eighty (180) days of the date the vacancy occurs.

(4) Interim appointments shall be allowed to serve for no more than nine (9) months. No interim appointee may serve consecutive interim terms. If an appointment occurs in vacation of the legislative session, it shall be considered an interim appointment until confirmed by the Senate.

(5) Unless otherwise provided by law, an appointed agency, board or commission member may be removed by the Governor or other appointing authority for chronic absenteeism, which shall consist of more than three (3) unexcused absences in any one (1) year, and such person shall not be reappointed until their original term has expired. This provision is not applicable to meetings where a designee has attended in place of the agency, board or commission member if the attendance by a designee is authorized by law.

(6) All appointments to an agency, board, commission or director position made in vacation of the legislative session shall be reported to the Senate within ten (10) days after the commencement of the next regular session of that body for its advice and consent to the appointment. Any vacancy to an agency, board, commission, executive director or director position shall not be filled if caused by the Senate's refusal to confirm or the Senate's inaction on the nomination, unless the vacancy occurs during the last five (5) days of the session. Any appointment in vacation of the Senate to which the Senate shall refuse to consent or takes no action shall be thereby annulled from the date of sine die adjournment, but the acts of the appointee prior thereto shall not be affected thereby.

(7) Unless otherwise provided by law, all appointment procedures, term of office provisions, vacancy provisions, interim appointment provisions and removal provisions specifically provided for in this Section 7-1-35 shall be fully applicable to the appointment of agency directors by the Governor or by the respective board or commission.

SECTION 2. Section 73-4-7, Mississippi Code of 1972, is amended as follows:

73-4-7. The board may provide for all or part of the costs of establishing and operating the holding centers in each district from such funds as may be appropriated to the board for such use, and may participate in any plan or agreement with any public or private entity under which the entity will provide all or part of the costs of establishing and operating a holding center in any district;

(7) With any funds appropriated to the department for the program after April 1, 2024, the department shall distribute the funds to projects from the second round of grant awards in the order in which the applications were ranked for grants as long as the department determines that the project can obligate the funds by October 1, 2024, and expend the funds by December 31, 2026. Where the department determines that a project cannot obligate or expend the funds by the required dates, the department shall not fund the project, and it shall continue from the second round of grant awards in the order in which the applications were ranked for grants.

We, therefore, respectfully submit the following report and recommendation:

Except as otherwise provided in this paragraph, no place shall qualify as a restaurant under this article unless twenty-five percent (25%) or more of the revenue derived from such place shall be from the preparation, cooking and serving of meals and not from the sale of beverages, or unless the value of food given to and consumed by customers is equal to twenty-five percent (25%) or more of total revenue; or
